The fire station will be equipped with a fire alarm system. It is anticipated that the building will feature a fire sprinkler system and will therefore not require smoke detectors throughout. The office area will be equipped with ceiling mounted notification strobes and horn strobes, as well as a smoke detector mounted above the fire alarm control panel, located in the IT/Communications room. The remote annunciator unit will be mounted near the public entrance to the office space. The egress exit doors in the office and apparatus bay will be equipped with pull stations. The apparatus bay will feature wall-mounted horn strobes, except for the decontamination rooms, which will have ceiling-mounted strobes. The fire riser will require flow and tamper switches.

It is anticipated that the fire alarm system will require two (2) dedicated POTS lines or two (2) cellular modules or some combination of the two for dial-out.

End of Fire Station Electrical Basis of Design Narrative

SECTION A - INTRODUCTION AND NEED FOR THE FACILITY

1.1. Introduction

The West Wendover Fire Station was constructed in the 1980's by Elko County when the community was a "Township" under the general jurisdiction of Elko County with a community population of approximately 1,500. In 1991, the City of West Wendover became incorporated and inherited the County's facilities. The City proceeded to grow in population surpassing 5,000 people with the fire station no longer able to meet the space and operational requirements and provide efficient and effective local government operations.

The City of West Wendover – Fire Station (Proposed Facility) is being funded through the United States Department of Agriculture – Rural Development – Community Facilities Direct Loan and Grant Program (USDA). The following preliminary architectural feasibility report (PAR or Report) has been completed per the guidance given in RD Instruction 1942-A provided by USDA.

1.2. Need for Facility

The new West Wendover Fire Station is an important long-term public safety facility for the City of West Wendover. Originally planned in 2007 to be part of the construction of the City Hall Government Complex, due to cost, the Fire Station portion of the project was delayed. The Fire Station was included in the City Hall Government Complex PAR referenced in Appendix A. Now more than a decade later, it is time to complete the construction of the new Fire Station. The need for an adequate sized facility is to provide:

- Suitable number of bays with vehicle and equipment storage and to maintain the West Wendover Fire Department fire apparatuses;
- suitable storage of hand equipment and supplies;
- adequately sized training room(s) for conducting initial and reoccurring training of fire fighter personnel;
- office space for the Department which is currently lacking; and
- capability to house 24-hour personnel with sleeping quarters, kitchen, and related accommodations.

SECTION B - EXISTING FACILITIES

2.1. Existing Facilities

Currently the West Wendover Fire Department is housed in a 4,400 square foot leased facility on approximately 1 acre of property at 975 Wendover Boulevard on the east side of the community. Due to the lack of indoor storage the Fire Department stores it's HazMat response and Mobile Command unit along with additional equipment items outdoors which shorten the life span of the equipment.

Though the 3 short-bay facility was adequate for the needs of the fire service in the early 1980's under Elko County when it was constructed, today the facility is too small, outdated and as noted, the City leases the property/facility from a private holding which limits the options for the City in the long-term.

SECTION C – PROPOSED FACILITY

3.1. Proposed Facility

3.1.1. Description

The proposed facility will be located immediately adjacent and west of the existing West Wendover City Hall as was the original plan in 2007. Refer to Figure 1, Project Location Map, Figure 2, Site Plan, for a visual depiction of the facility. The facility would be connected via a covered walkway. The Fire Station would contain the following:

- Five standard length truck bays with lengths of 70 feet;
- proper safety equipment associated with fire apparatus bays;
- training room(s);
- offices;
- equipment and supplies storage;
- housing quarters;
- associated utilities; and
- paved access (ingress/egress).

3.1.2. Service Area

The service area for the Fire Station facility will include the City of West Wendover proper (approximately 7 square miles). Additionally under Mutual Aid Agreements, the West Wendover Fire Department responds to needs of eastern Elko County, Nevada and western Utah which includes: City of Wendover, Utah; Wendover Airport; and western Tooele County.

3.1.3. Projected Growth and Economy

Though the population for the West Wendover area has remained generally stable over the last two decades with limited growth, it is expected with new commercial and industrial investment which began in 2016 that the City will experience an annual growth rate of 2 to 3% over the next decade.

West Wendover's economy is based on tourism/gaming and mining business activities. In this regard, taxes and charges for services have been increasing over the last several years and with new commercial developments complete over the past year which added

title: ARCHITECTURAL SITE PLAN

A0.1

Figure 2 Page 5

over 40,000 square feet of commercial retail space along with additional developments forthcoming, the anticipation and forecast is for positive revenue growth in the coming years.

This past year with the legalization of marijuana in Nevada and with the legalization of the related businesses activities within the City's jurisdiction, the related marijuana retail sales and cultivation/production facilities which are currently now underway with land purchases and plan approvals, will have a significant positive impact on revenue in the coming year. This is due to the associated local excise taxes (3%) and annual licensing fees attributed to these specific businesses.

The City is also expecting growth in the residential housing market in the near term as a new contractor and developer (Silver Zone Construction and Bomarc Ventures LLC) has acquired housing lots which were part of previously uncompleted housing subdivisions and additionally they have acquired at least 10 acres of undeveloped residentially zoned property near the Toana Vista Golf Course to undertake multiple housing projects.

Tying the residential developments with the recent completion of the new commercial retail square footage and with the positive economic impact of the Newmont Long Canyon gold mine which completed its first full year of operation in December of 2017; this has all had a very positive impact on the local economy. Now, with the Long Canyon mine proceeding with their Phase 2 expansion, the mine life for this particular mine will likely extend 40 plus years into the future if not longer. When you add Long Canyon's development with other existing local mining facilities (Graymont Pilot Peak Lime Plant and Intrepid Potash) this certainly cements mining as a long-term economic component alongside the tourism/gaming industry as our economy expands.

3.1.4. Similar Facilities In And Services In The Area

There are currently no similar type facilities in the service area for the City except for the existing fire station.

3.1.5. Community Support

There is community support for completing the West Wendover Fire Station Project. The project has been part of the City's annual Capital Improvement Plan since 2007 and was recently included in the City CIP and Debt Management Plan adopted in 2017.

3.1.6. Regulatory Agency Approval

Regulatory agency approval of the project consists of City approval and USDA-RD approval with regard to the funding program. The project will be constructed on land leased under a Recreation and Public Purposes Lease (R&PP) form the Bureau of Land Management (BLM).

3.1.7. City Staff

The City of West Wendover is a full-service City with approximately 70 employees. The management of the City is through a professional staff including City Manager and various Department Heads including in this instance (Fire Department) the Fire Chief. The City has a long and productive history with projects related to funding through USDA. In relation to this specific project, the City intends to pursue a Design Build or Construction Management (CMc) type arrangement.

SECTION D – BUILDING SITES

4.1. Amount of Land Required

The proposed facility is located on a 20-acre site that also includes the City administrative offices, courts and police station. The proposed facility occupies 1.5 acres of the site.

4.2. Location - Alternate Locations

The City reviewed numerous alternate locations for the fire station. The first location reviewed was the existing fire station location. As mentioned in Section 2.1, the existing facility is located on a private property that the City leases. This limits the expansion or construction of a new fire station.

The City also looked at constructing the fire station at the old Public Works building site located just west of the intersection of Mesa Street and Alpine Street on the south side of town. This site increased response time to the City commercial areas.

Ultimately, the optimal location was next to the City Hall Government Complex as it was adjacent to both commercial and residential areas with the capability to service the City via two major arterial streets, Wendover Boulevard and Pueblo Boulevard.

4.3. Site Plan

Figure 2 displays the current site plan for the proposed project. Any modifications will be incorporated and updated, as appropriate, into the final design by the architect.

4.4. Site Suitability

This particular location of the proposed facility is an element of the Downtown Commercial Core. This core is an area that is separated from the hospitality and entertainment districts in the community. Residents utilize this core area to purchase groceries, hardware, fuel and other daily living necessities. The core is located along Pueblo Boulevard provides direct access to 2/3's of the community's residential districts. The proposed facility will provide the serve the core along Pueblo and Wendover Boulevard. The site is also well suited for the proposed project as it will be adjacent to the rest of the City Hall Governmental Complex. Refer to Figure 2 for a conceptual site plan.

SECTION E – COST ESTIMATE

5.1. Development and Construction

The fire station development and construction cost estimate for the project is shown in Table 1.

Table 1: Fire Station Development and Construction Cost Estimate

Improvement	Estimation Basis	Quantity	Unit	Unit Price	Unit Totals	Total
Fire Station	Existing (SF) 3500	11000	SF	$ 441.36		$ 4,855,000.00
Garage (5 Bays) on Main Floor	Garage (Municipal)	3650	SF	$ 500.00	$ 1,825,000.00	
Living Space/Offices on Main Floor	Fire Station	2600	SF	$ 600.00	$ 1,560,000.00	
Living Space/Offices on 2nd Floor	Fire Station	1100	SF	$ 600.00	$ 660,000.00	
Basement	Storage (Unfinished)	2600	SF	$ 250.00	$ 650,000.00	
Enclosed Walkway	Connection to City Offices & Police	800	SF	$ 200.00	$ 160,000.00	
Site Work						$ 1,170,000.00
Earthwork	Common Excavation	22000	CY	$ 25.00	$ 550,000.00	
Drainage	Run-on and Run-off Management	1	LS	$ 150,000.00	$ 150,000.00	
Potable Water and Fire Suppression	8" PVC + Ancillary Lines & Equipment	500	LF	$ 100.00	$ 50,000.00	
Sanitary Sewer Lateral	6" PVC	200	LF	$ 50.00	$ 10,000.00	
Asphalt Paving (4" ACP on 12" UTB)	Parking & Access Road Surfacing	8000	SF	$ 20.00	$ 160,000.00	
Site Electrical and Lighting	Primary and Secondary	1	LS	$ 150,000.00	$ 150,000.00	
Landscaping	Trees, Grass, & Irrigation	1	LS	$ 100,000.00	$ 100,000.00	

Architectural and Engineering Design	$	421,750.00
Contingency	$	485,000.00
PROJECT TOTAL	**$**	**6,931,750.00**

5.2. Land and Rights

The City Hall Complex and the proposed Fire Station are located on land owned by BLM through a R&PP Lease. Under the R&PP Lease, the City has lease rights to the property for the public purposes proposed and will in the future be able to acquire the property under a patent from BLM. The lease amounts for properties under this program are minimal. This lease includes approximately 125 acres.

5.3. Legal

It is not anticipated that there will be any legal fees. However, if legal fees are incurred, except for those incurred with regards to bonding/ financial requirements, they will be provided by the City of West Wendover for as in-kind contributions.

5.4. Architect Fees

Proposed project costs as shown in Table 3, $421,750.00 is the estimate for architectural/engineering fees. This fee includes the direct architect fee as well as any engineering fees associated with the requirements of the architect in completing their design and management of the project.

5.5. Interest

Anticipated yearly interest payments are shown on page 3 of the Financial Analysis, City of West Wendover, Fire Station/Land Purchase Project included in Appendix B.

5.6. Equipment

The cost estimate reflects the equipment directly associated with the facility built in addition to that equipment required for the construction of the facility.

5.7. Contingencies

The City incorporated an eight percent contingency amount in the estimate (Table 1).

5.8. Refinancing

The City will take out the construction loan issued through a separate financial institution suitable to the parties involved for the proposed project. There would be no refinancing only long-term financing provided by USDA-RD.

5.9. Other

None

SECTION F – ANNUAL OPERATING BUDGET

6.1. Income

Not Applicable

6.2. Operation and Maintenance Costs

Operation and maintenance Costs are shown on page 1 of the Financial Analysis, City of West Wendover, Fire Station/Land Purchase Project included in Appendix B.

SECTION G – MAPS, DRAWINGS, SKETCHES, AND PHOTOGRAPHS

7.1. Maps

Appendix C contains the following maps:

- Project Location on Topographic Map
- Map of City Identifying Population, Residential Areas and Commercial Areas with relationship to the Proposed Facility, APX C-1
- Property Line Survey
    - Note: Fire Station is located on Parcel B.

7.2. Drawings and Sketches

The following drawings have been included in this report:

- Figure 1, City of West Wendover Fire Station Project Location Map
- Figure 2, City of West Wendover Fire Station Site Plan

7.3. Photographs

The following are photographs of the proposed fire station site:

Figure 3: Photo Looking West from Existing City Hall Complex at Proposed Site

Figure 4: Photo Looking Northwest from Existing City Hall Complex North Parking Area at Proposed Site

Figure 5: Photo Looking North from Gene L Jones Way at Proposed Site

Figure 6: Photo Looking East at Proposed Site

Figure 7: Photo Looking Southeast Towards Gene L Jones Way at Proposed Site

SECTION H – CONSTRUCTION PROBLEMS

8.1. Issues That May Affect Project Costs

The City Hall Complex Project addressed most of the existing underground utilities that are located adjacent to the site and in some cases provided the conduits or stubs necessary to tie into for the proposed facility. With construction of the City Hall Complex and surrounding improvements, the geotechnical characteristics of the site are understood. This knowledge has been utilized in estimating the costs for the proposed facility.

One item that could affect construction costs that was encountered during construction of the City Hall Complex Project is rock. This was factored into the earthwork costs. However, if a significant amount is encountered then it would affect the construction costs.

The construction market pricing is currently volatile and labor is tight. With market volatility there is no way of knowing what will occur prior to the bidding of the project. The imposing of tariffs on some imported construction materials costs have increased significantly. Tariffs or threats of tariffs are causing suppliers to increase their bids in anticipation of material cost increases. This also causes suppliers to not guarantee bids beyond 45 to 60 days which limits contractors who bid on projects. Recent projects have seen cost increases of anywhere from 25% to 50%. These cost increases are larger than a typical construction contingency. If the project comes in over budget during the bidding process the City would need to cut site improvement items such as landscaping, irrigation, etc. and build these site improvements at a later date. This would not be desirable but might be required to keep contingency numbers at a reasonable level.

To summarize, material and labor costs with the volatile market are construction costs that could increase with the volatile market. A balance is recommended between pairing down non-essential improvements and a reasonable contingency if project costs are significantly higher than anticipated.

SECTION I – CONCLUSIONS AND RECOMENDATIONS

9.1. Alternatives

9.1.1. No Action Alternative

The No Action Alternative consists of not constructing a new fire station. The City would continue to operate out of the existing fire station build in the 1980's for a population of 1,500. The No Action Alternative is not considered feasible as the existing fire station does not meet the demands of the City's current population.

9.1.2. Alternative 1 – Fire Station Adjacent to City Hall Complex

Alternative 1 consists of constructing the fire station adjacent to the City Hall Complex. As mentioned previously, there are existing utilities adjacent to the site and the proposed facility is suitable for the land. The City also has an R&PP Lease with BLM so property acquisition is not required.

9.1.3. Alternative 2 – Fire Station at Old Public Works Site

The City reviewed the construction of the Fire Station at the old Public Works site (Alternative 2). However, this location west of the intersection of Alpine Street and Mesa Street increased response times for the City's commercial areas along Pueblo Boulevard and Wendover Boulevard. Thus, this site was deemed unsuitable.

9.2. Preferred Alternative

The preferred alternative is Alternative 1. The City requires a fire station that will meet the City's current and future needs. The proposed facility location is also located centrally to the City's residential and commercial areas with access via Pueblo and Wendover Boulevard. With proximity to other City facilities locating the fire station next to the City Hall Complex is the preferred alternative.

9.3. Recommendation

The Fire Station Project is the final step to finish the City Hall Complex and bring the City's Fire Department into the twenty first century. The improvements have been planned for and even anticipated with the construction City Hall Complex by providing utility and conduit stubs.

This Preliminary Architectural Feasibility Report shows that the project has been planned for and carefully thought out over a long period of time ensuring that it is necessary, the site is suitable,

and the design fits the need. The City has the resources to repay the bonds and maintain the improvements for years to come and the project will benefit the community.

Due to the volatility driven by Federal actions and public discussion of tariffs on imported materials such as aluminum, steel, and other materials and the tight labor market, the City recognizes that construction costs will fluctuate. A contingency has been provided with the option to reduce non-essential items out of the project if bids exceed the budgeted amount.

Environmental considerations may be found under separate cover in a document titled City Hall Government Complex Environmental Review. Refer to Appendix A for the reference. The City has taken consideration potential environmental impacts for each phase of development from the inception of the City Center Master Plan. As construction on the Proposed Facility progresses any archeological or cultural artifacts that surface will be addressed per the requirements of NRS 383.121.

In closing, with proximity to other City facilities and commercial and residential areas it is recommended that the Fire Station be constructed adjacent to the City Hall Complex.

TAKE PRIDE IN AMERICA

June 23, 2008

In Reply Refer To:
2912 (AZ-910)

Mr. Chris Melville
City of West Wendover
801 Alpine Street,
P.O. Box 2825
West Wendover, Nevada 89883

Dear Mr. Melville:

The purpose of this letter is to provide confirmation that Mr. Joe Freeland was officially detailed into the Elko Field Office Manager position beginning on or about February 5, 2007 and extending through March 13, 2007. As such, Mr. Freeland had full delegated authority to act as the Field Manager during my absence. This included the review, approval and signing of all official government documents.

When Mr. Freeland signed the Recreation and Public Purpose Lease Rental Request and the Lease for the City of West Wendover on February 22, 2007, he had full authority to do so.

Please contact me if you have any further need for assistance. My phone number is 602-417-9500.

Sincerely,

Helen M. Hankins
Associate State Director

Chris Melville City of West Wendover 801 Alpine St. PO Box 2825 West Wendover, NV 89883	:	Recreation and Public Purpose Lease

LEASE WITH OPTION TO PURCHASE OFFERED
LEASE RENTAL REQUESTED

The application submitted by the City of West Wendover requested that the following described land be classified for sale or lease pursuant to the Recreation and Public Purposes Act:

Mount Diablo Meridian

T. 33 N., R. 70 E.,
Sec. 8, Lots 8 and 10, a portion of S1/2;
Sec.9, SW1/4SW1/4; a portion of N1/2SE1/4SW1/4;
Sec.16, NW1/4NW1/4

Containing approximately 124.67 acres, as shown on the map in Exhibit B of the lease.

The land has been classified. A five (5) year lease with an option to purchase is offered. The purchase option may be exercised at any time during the term of the lease when development of the land is in substantial compliance with the plan of development filed with this office on This lease may be renewed. A request for renewal should be filed at least 90 days prior to the expiration of the lease.

Under the Recreation and Public Purposes Act, governmental entities may lease lands under

special pricing for lands which will be government controlled, used for government purposes and serve the general public. The lease cost under this special pricing is $2.00 per acre, which is $249.34 per year, or a total of $1246.70 for the 5 year term of the lease.

If you concur, the enclosed lease forms are to be signed by an authorized City official and returned to this office, along with the rental amount of $1246.70 within 60 days from the receipt of this notice. A copy of the executed lease will be returned to you.

If you do not concur, please submit your comments or objections within the 60 days specified above.

If you have any questions, please contact Cathie Jensen at (775) 753-0230.

Joe Freeland

RECREATION OR PUBLIC PURPOSES LEASE

Act of June 14, 1926, as amended (43 U.S.C. 869 et. seq.)

This lease entered into on this **22nd** day of **February**, 2007, by the United States of America, the lessor, through the authorized officer of the Bureau of Land Management, and the

City of West Wendover
801 Alpine Street
PO Box 2825
West Wendover, NV 89883

, hereinafter called the lessee, pursuant and subject to the terms and provisions of the Recreation and Public Purposes Act and to all reasonable regulations of the Secretary of the Interior now or hereafter in force when not inconsistent with any express and specific provisions herein, which are made a part hereof,

WITNESSETH:

Sec. 1. The lessor, in consideration of the rents to be paid and the conditions to be observed as hereinafter set forth, does hereby grant and lease to the lessee the right and privilege of using for the purposes hereinafter set forth in the following-described lands:

Mount Diablo Meridian, Nevada

T.33 N., R. 70 E.,
Sec. 8, Lots 8 and 10, within S1/2;
Sec. 9, SW1/4SW1/4; within N1/2SE1/4SW1/4;
Sec. 16, NW1/4NW1/4,

Containing approximately 124.67 acres.

Containing **124.67 acres**, together with the right to construct and maintain thereon all buildings or other improvements necessary for such use for a period of **five years**, the rental to be **$249.34 per annum.** If, at the expiration date of the lease the authorized officer shall determine that the lease may be renewed, the lessee herein will be accorded the privilege of renewal upon such terms as may be fixed by the lessor. The lessee may use the premises for **a city center monument, city hall, civic plaza, hospital, library, amphitheater, city park, convention center, museum and performing arts center.**

Sec. 2. There are reserved to the United States all mineral deposits in said lands, together with the right to mine and remove the same under applicable laws and regulations to be established by the Secretary of the Interior.

Sec. 3. The lessor reserves the right of entry, or use, by

(a) any authorized person, upon the leased area and into the buildings constructed thereon for the purpose of inspection;

(b) Federal agents and game wardens upon the leased area on official business;

(c) the United States, its permittees and licensees, to mine and remove the mineral deposits referred to in Sec. 2, above.

Sec. 4. In consideration of the foregoing, the lessee hereby agrees:

(a) To improve and manage the leased area in accordance with the plan of development and management designated as **the West Wendover City Center** and approved by an authorized officer on **February 22**, 2007 or any modification thereof hereinafter approved by an authorized officer, and to maintain all improvements, during the term of this lease, in a reasonably good state of repair.

(b) To pay the lessor the annual rental above set forth in advance during the continuance of this lease.

(c) Not to allow the use of the lands for unlawful purposes or for any purpose not specified in this lease unless consented to under its terms; not to prohibit or restrict, directly or indirectly, or permit its agents, employees, contractors (including, without limitation,

(d) Not to assign this lease or to change the use of the land, without first receiving the consent of the authorized officer of the Bureau of Land Management.

(e) That this lease may be terminated after due notice to the lessee upon a finding by the authorized officer that the lessee had failed to comply with the terms of the lease; or has failed to use the leased lands for the purposes specified in this lease for a period of five consecutive years; or that all or part of the lands is being devoted to some other use not consented to by the authorized officer; or that the lessee has not complied with his development and management plans referred to in subsection 4(a).

(f) That upon the termination of this lease by expiration, surrender, or cancellation thereof, the lessee, shall surrender possession of the premises to the United States in good condition and shall comply with such provisions and conditions respecting the removal of the improvements of and equipment on the property as may be made by an authorized officer.

(g) To take such reasonable steps as may be needed to protect the surface of the leased area and the natural resources and improvements thereon.

(h) Not to cut timber on the leased area without prior permission of, or in violation of the provisions and conditions made by an authorized officer.

(i) That nothing contained in this lease shall restrict the acquisition, granting, or use of permits or rights-of-way under existing laws by an authorized Federal officer.

lessees, sublessees, and permittees), to prohibit or restrict the use of any part of the leased premises or any of the facilities thereon by any person because of such person's race, creed, color, sex, or national origin.

Sec. 5. *Equal Opportunity Clause*. Lessee will comply with all provisions of Executive Order No. 11246 of September 24, 1965, as amended, and the rules, regulations, and relevant orders of the Secretary of Labor. Neither lessee nor lessee's subcontractors shall maintain segregated facilities.

Sec. 6. *Equal Access Clause*. Lessee shall comply with all provisions of the American Disabilities Act of July 26, 1990, the Architectural Barriers Act of 1968, and Section 504 of the Rehabilitation Act of 1973, as amended. These Acts require that programs and public facilities constructed or renovated be accessible to and usable by persons with disabilities.

Sec. 7. The lessee may surrender this lease or any part thereof by filing a written relinquishment in the appropriate BLM office. The relinquishment shall be subject to the payment of all accrued rentals and to the continued obligation of the lessee to place the lands in condition for relinquishment in accordance with the applicable lease terms in subsections 4(f) and 4(g) and the appropriate regulations.

Sec. 8. The lessee further agrees to comply with and be bound by those additional terms and conditions identified as Appendices A and B and Addendum which are attached hereto and which are made a part hereof.

Sec. 9. No Member of, or Delegate to, the Congress, or Resident Commissioner, after his election or appointment, and either before or after he has qualified, and during his continuance in office, and no officer, agent, or employee of the Department of the Interior, except as otherwise provided in 43 CFR, Part 7, shall be admitted to any share or part of this lease, or derive any benefit that may arise therefrom, and the provisions of Title 18 U.S.C. Sections 431-433, relating to contracts, enter into and form a part of this lease, so far as the same may be applicable.

Appendix A

The lease of the herein described land is also subject to the following conditions and limitations:

(a) The lessee or its successor in interest shall comply with and shall not violate any of the terms or provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 241) and requirements of the regulations, as modified or amended, of the Secretary of the Interior issued pursuant thereto (43 CFR 17) for the period that the land leased herein is used for the purpose for which the lease was issued pursuant to the act cited or for another purpose involving the provision of similar services or benefits;

(b) If the lessee or its successor in interest does not comply with the terms or provisions of Title VI of the Civil Rights Act of 1964 and the requirements imposed by the Secretary of the Interior issued pursuant to that title during the period which the land described herein is used for the purpose involving the provision of similar services or benefits, said Secretary or his delegate may declare the terms of this lease terminated in whole or in part;

(c) The lessee, by acceptance of this lease, agrees for itself and its successors in interest that a declaration of termination in whole or in part of this lease shall, at the option of the Secretary of the Interior or his delegate, operate to revest in the United States full title to the land involved in the declaration;

(c) The United State shall have the right to seek judicial enforcement of the requirements of Title VI of the Civil Rights Act of 1964, and the terms and conditions of the regulations, as modified or amended, of the Secretary of the Interior issued pursuant to said Title VI, in the event of their violation by the lessee or its successor in interest;

(e) The lessee or its successor in interest will, upon request of the Secretary of the Interior or his delegate, post and maintain on the property conveyed by this document signs or posters bearing a legend concerning the applicability of Title VI of the Civil Rights Act of 1964 to the property conveyed:

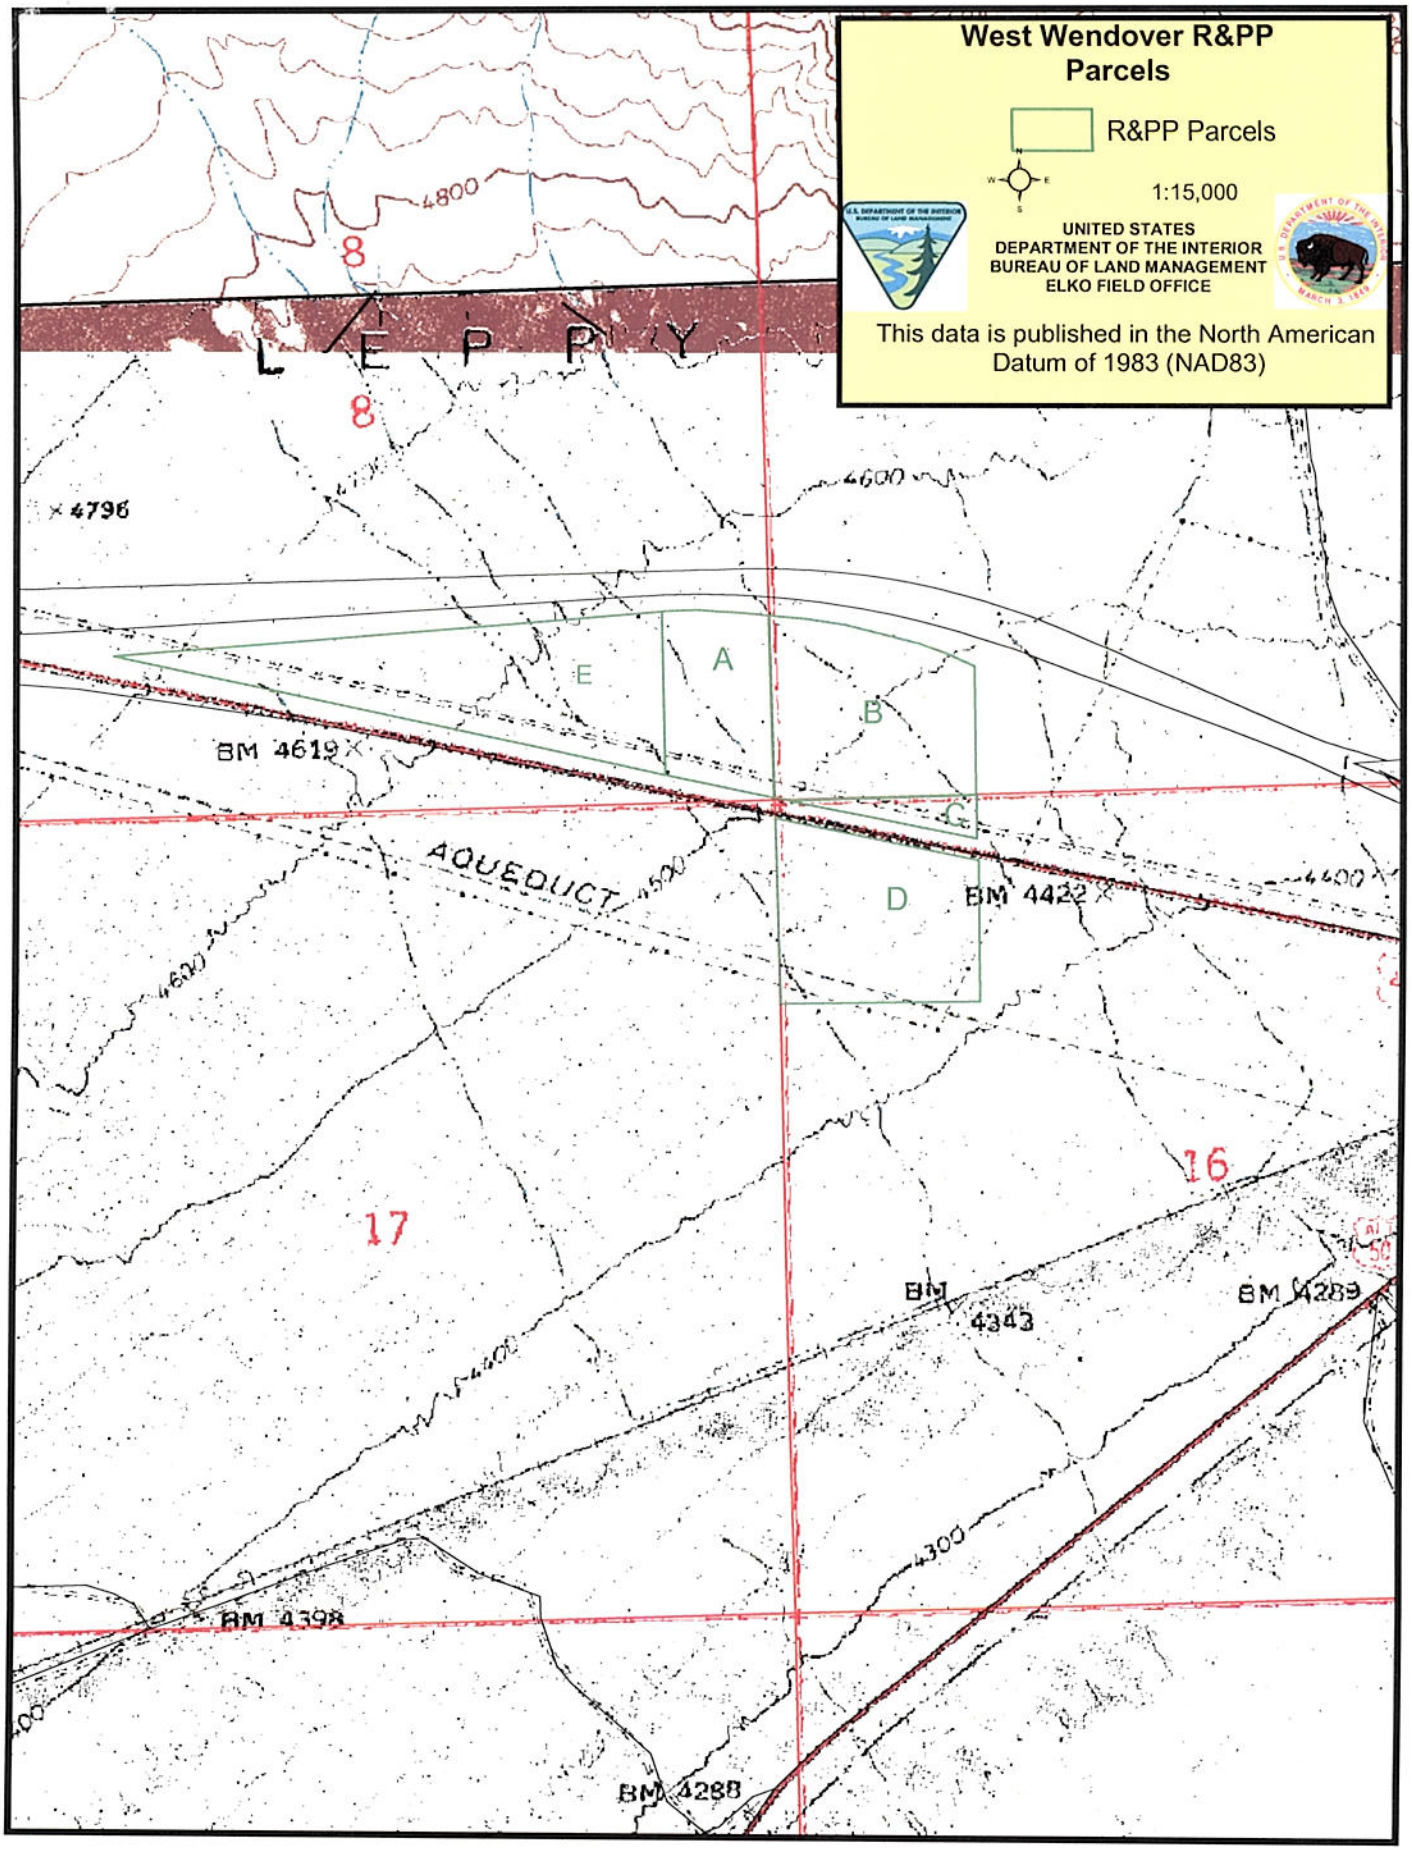
(f) The conditions and limitations contained in paragraphs (a) through (e) shall constitute a covenant running with the land, binding on the lessee and its successors in interest for the period for which the land leased herein is used for the purpose for which this lease was issued or for another purpose involving the provision of similar services or benefits.

Addendum to Recreation and Public Purpose Lease

1. If antiquities including, but not limited to, archaeological items, paleontological objects or other objects of historic or scientific interest are discovered on the leased area, the lessee shall leave the items or conditions intact and inform the Field Office Manager.

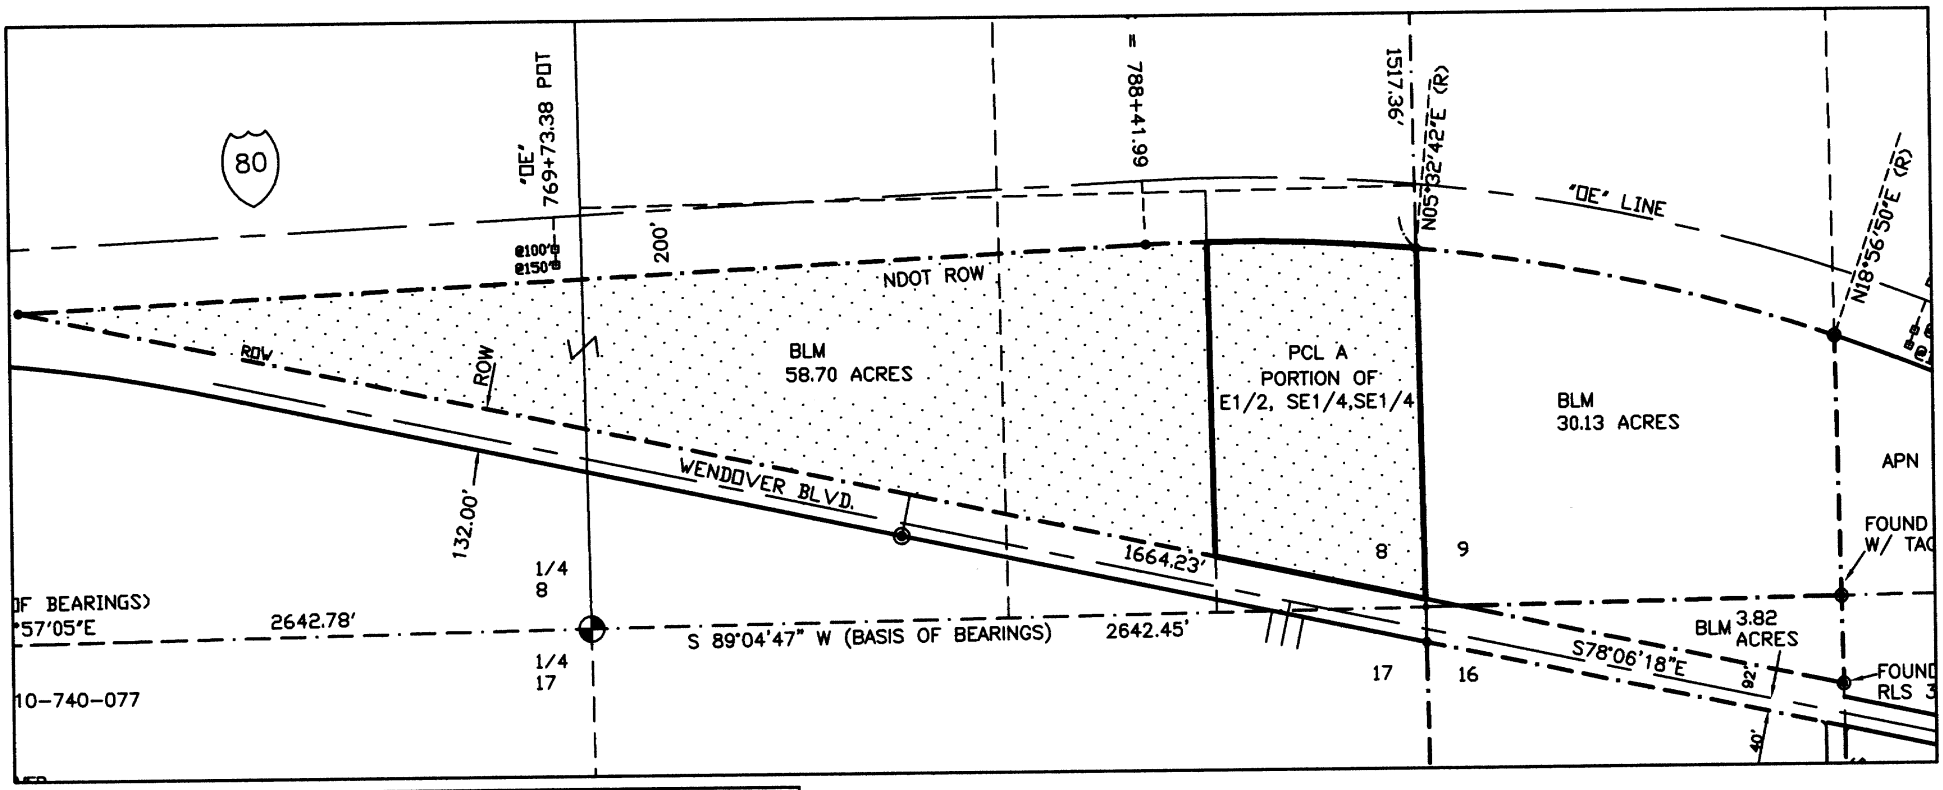
2. The holder agrees to be responsible for the release or threatened release of any hazardous substance or hazardous waste as defined by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980 or the Resource Conservation and Recovery Act (RCRA) of 1976 respectively, within the boundaries of the right-of-way. This agreement applies without regard to whether the release or threatened release is caused by the holder, its agent, or unrelated third parties.

3. The holder shall protect all survey monuments found within the right-of-way. survey monuments include, but are not limited to, General Land Office and BLM Cadastral Survey Corners, reference corners, witness points, U.S. Coastal and Geodetic benchmarks and triangulation stations, military control monuments, and recognizable civil (both public and private) survey monuments. In the event of obliteration or disturbance of any of the above, the holder shall immediately report the incident, in writing, to the authorized officer and the respective installing authority if known. Where General Land Office or BLM right-of-way monuments or references are obliterated during operations, the holder shall secure the services of a registered land surveyor or a Bureau cadastral surveyor to restore the disturbed monuments and references using surveying procedures found in the *Manual of Surveying Instructions for the Survey of the Public Lands in the United States*, latest edition. The holder shall record such survey in the appropriate county and send a copy to the authorized officer. If the Bureau cadastral surveyors or other Federal surveyors are used to restore the disturbed survey monument, the holder shall be responsible for the survey cost.

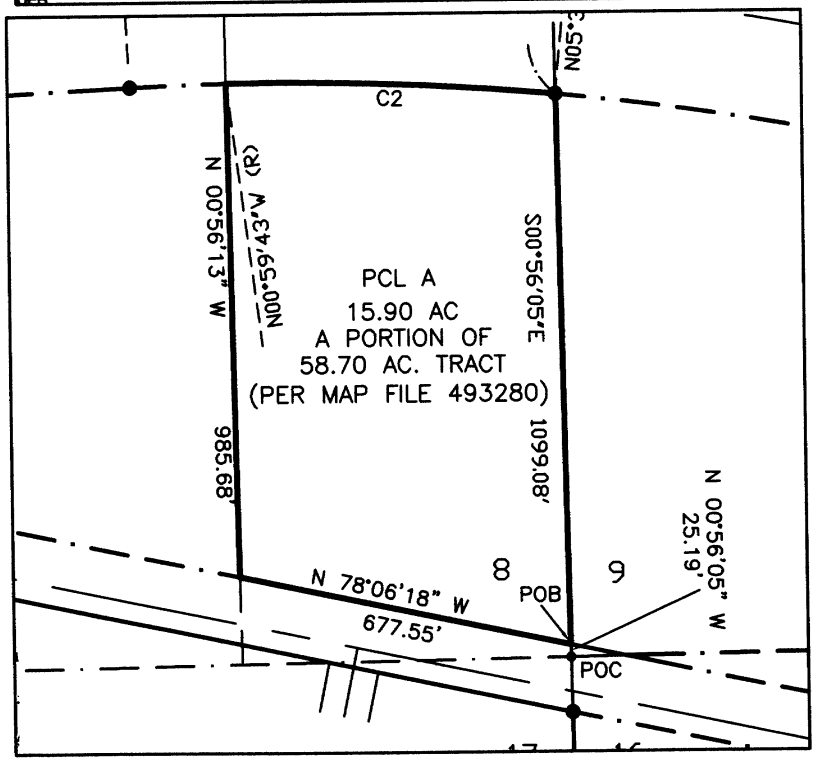


4. The historic Victory Highway/U.S. 40 roadway within the lease parcel shall be preserved in place except at locations where the roadbed must be cut to allow street access to the city complex. The existing asphalt shall be preserved to the extent possible. In locations where the asphalt has deteriorated or been removed such as at the western end of the lease parcel and the culvert removal locations, the roadbed shall be maintained as a hard packed gravel surface.

5. Utilities shall be located within road crossing corridors, or bored under the highway so as not to disturb thee pavement more than necessary.



6. At street crossings the Victory Highway shall be saw cut and removed only for the width of the road and sidewalk, plus at most a 10 foot transition on the outside of the sidewalk.



7. The historic roadbed will require some repair prior to incorporating it into a walking/biking trail and continued maintenance to control vegetation. Repair and maintenance activities shall be conducted in a manner that preserves the integrity of the historic property. Drainages will be assessed to determine the necessity of installing culverts. If culverts are needed they will be designed to be unobtrusive and not distract from the historic nature of the highway. Discarded facing stones from previously removed culverts can be used with any new culverts. Compacted fill is to be used to bring previous culvert locations up to grade or to plug holes in the asphalt as outlined on pages 34-35 of cultural resources inventory report BLM1-2516.

8. West Wendover shall install interpretive signs along or near the historic property. As proposed by the City, they will work with the BLM to develop a plan for preservation and phased interpretation of the highway and the features along it. The extant culverts, billboard remains and the nearby transcontinental telephone line will be among the interpreted features. Discarded culvert facing stones may be used for construction of some of the monuments.

"NO WARRANTY IS MADE BY THE BUREAU OF LAND MANAGEMENT AS TO THE ACCURACY, RELIABILITY, OR COMPLETENESS OF THESE DATA FOR INDIVIDUAL USE OR AGGREGATE USE WITH OTHER DATA."

WEST WENDOVER CITY COUNCIL, MINUTES OF THE REGULAR MEETING OF APRIL 04, 2023

1. CALL TO ORDER AND ROLL CALL

Attendee Name	Title	Status	Arrived
Nick Flores	Councilman	Absent	
Johnny Gorum	Councilman	Present	
John B. Hanson	Councilman	Present	
Gabi Soriano	Councilwoman	Present	
Robert Trujillo	Councilman	Present	
Jasie Holm	Mayor	Present	
Chris Melville	City Manager	Present	
Cal Kunz	Chief of Police	Present	
Alina Ceballos	Chief Financial Officer	Present	
Jeff Knudtson	Fire Chief	Present	
Raul Naranjo	Public Works Director	Present	
Anna Bartlome	City Clerk/Records Officer	Present	

Others Present: Paige Ward, Maisie Ward, Brooke Ward and Dennis Draves

Mayor Holm called the meeting to order at 7:00 p.m. in the West Wendover City Hall, Council Chambers #137. All those present and excused are noted above.

2. PLEDGE OF ALLEGIANCE

Mayor Holm led those present in the Pledge of Allegiance.

3. COMMENTS FROM THE GENERAL PUBLIC

Paige Ward thanked the Council for voting against Planned Parenthood.

4. APPROVAL OF THE MINUTES (For Possible Action)

a. City Council - Regular Meeting - Mar 21, 2023 7:00 PM

RESULT:	**ACCEPTED [UNANIMOUS]**
MOVER:	Robert Trujillo, Councilman
SECONDER:	John B. Hanson, Councilman
AYES:	Johnny Gorum, John B. Hanson, Gabi Soriano, Robert Trujillo
ABSENT:	Nick Flores

b. City Council - Special Meeting - Mar 28, 2023 6:00 PM

Council Member Trujillo made a motion to approve the minutes of the regular meeting of March 21, 2023 and the minutes of the special meeting of March 28, 2023. The motion was seconded by Council Member Hanson and passed unanimously.

RESULT:	**ACCEPTED [UNANIMOUS]**
MOVER:	Robert Trujillo, Councilman
SECONDER:	John B. Hanson, Councilman
AYES:	Johnny Gorum, John B. Hanson, Gabi Soriano, Robert Trujillo
ABSENT:	Nick Flores

5. CONSENT CALENDAR

a. Discussion and Decision to Adopt Resolution #2023-04; A Resolution Repealing Resolution #2005-01 Regarding Wendover Will Landmark Fund and Other Matters Appropriately Related Thereto (For Possible Action)

Report By Chief Financial Officer

Review/Comment/Action: City Council

Alina Ceballos explained that the Wendover Will Fund was established with the intent of being self-sustaining. Donations and special revenue sources have not been consistent or reliable and every year a transfer from the General Fund has been necessary to cover expenses. Alina further stated that the auditors (HintonBurdick) has recommended the fund be repealed and created as a department in the General Fund.

Council Member Trujillo made a motion to adopt Resolution #2023-04; a resolution repealing Resolution #2005-01 regarding Wendover Will Landmark Fund. The motion was seconded by Council Member Gorum and passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Robert Trujillo, Councilman
SECONDER:	Johnny Gorum, Councilman
AYES:	Johnny Gorum, John B. Hanson, Gabi Soriano, Robert Trujillo
ABSENT:	Nick Flores

b. Discussion and Decision to Adopt Resolution #2023-05; A Resolution Repealing Resolution #2022-02 and Establishing New Water and Sewer Service Charges, Fees and Deposits (For Possible Action)

Report By Chief Financial Officer

Review/Comment/Action: City Council

Alina Ceballos explained that the resolution is for water and sewer rates but the change will only be for the sewer rates as the water rate will keep its current increase. The Sewer Fund has two outstanding bonds requiring compliance issues. To meet those compliance issues, to help keep up with inflation, and to keep the sewer fund healthy we are proposing an additional 1% increase over the scheduled 3% increase in sewer rates over the next three years. The base rate is already scheduled to increase 3% on July 1, 2023, from $33.86 to $34.88. That is a $1.02 increase. An additional 1% will increase that by $0.34 cents for a total $1.36 increase. Residents will see the monthly rate increase from $33.86 to $35.22 for fiscal year 2024. The rate will increase 5% in fiscal year 2025 and 6% in fiscal year 2026. Residents will see the monthly rate increase from $35.22 to $36.99 for fiscal year 2025 and from $36.99 to $39.21 for fiscal year 2026. After fiscal year 2026 rate increases will resort back to 3% per year. The

excess usage rate will also increase 4% in fiscal year 2024 from $5.01 to $5.21 and increase 5%, from $5.21 to $5.47 in fiscal year 2025 and 6%, from $5.47 to $5.80 in fiscal year 2026. The rates will be effective beginning July 1, 2023.

Council Member Trujillo made a motion to adopt Resolution #2023-05; a resolution repealing Resolution #2022-02 and establishing new water and sewer service charges, fees and deposits. The motion was seconded by Council Member Hanson and passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Robert Trujillo, Councilman
SECONDER:	John B. Hanson, Councilman
AYES:	Johnny Gorum, John B. Hanson, Gabi Soriano, Robert Trujillo
ABSENT:	Nick Flores

c. Discussion and Decision to Adopt Resolution #2023-06; A Resolution Repealing Resolution #2021-14 and Establishing a New Right-of-Way Toll Amount to be Paid to the City of West Wendover by the West Wendover Municipal Sewer Utility (For Possible Action)

Report By Chief Financial Officer

Review/Comment/Action: City Council

Alina Ceballos explained that the sewer right-of-way toll was initially set at 12.5% in January 2015 and was reduced in fiscal year 2021 to 8.327%. Alina stated that we are asking to reduce the sewer right-of-way toll to 4% effective July 1, 2023.

Council Member Hanson made a motion to adopt Resolution #2023-06; a resolution repealing Resolution #2021-14 and establishing a new right-of-way toll amount to be paid to the City of West Wendover by the West Wendover Municipal Sewer Utility. The motion was seconded by Council Member Trujillo and passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	John B. Hanson, Councilman
SECONDER:	Robert Trujillo, Councilman
AYES:	Johnny Gorum, John B. Hanson, Gabi Soriano, Robert Trujillo
ABSENT:	Nick Flores

6. NEW BUSINESS

a. Discussion and Decision to Authorize the City Manager to Prepare and Submit a Gap Financing Application with the Nevada State Infrastructure Bank for Possible Financial Assistance for the Completion of the West Wendover Fire Station Emergency Operations Center and Other Matters Appropriately Related Thereto (For Possible Action)

Report By City Manager

Review/Comment/Action: City Council

Chris Melville explained that he is asking for authorization to file the grant application with the Nevada Infrastructure Bank for possible gap financing on the West Wendover Fire Station Emergency Operations Center. Chris stated that the financing would be for the contingencies for this project which should narrow down greatly as the project continues to move forward.

Council Member Trujillo made a motion to authorize the City Manager to prepare and submit a Gap Financing Application with the Nevada State Infrastructure Bank for possible financial assistance for the completion of the West Wendover Fire Station Emergency Operations Center. The motion was seconded by Council Member Soriano and passed unanimously.

RESULT:	**APPROVED [UNANIMOUS]**
MOVER:	Robert Trujillo, Councilman
SECONDER:	Gabi Soriano, Councilwoman
AYES:	Johnny Gorum, John B. Hanson, Gabi Soriano, Robert Trujillo
ABSENT:	Nick Flores

7. DEPARTMENT REPORTS

1. Police Chief

Cal Kunz had nothing to add to his report.

Council Member Soriano asked if the police have more stickers in stock. Cal stated that yes, they have received the stickers.

2. Fire Chief

Jeff Knudtson had nothing to add to his report.

Council Member Gorum asked about the last permit issued for Santiago was on the building permit list but he figured out it was for a new trailer in that mobile home park.

3. City Clerk/Records Officer

Anna Bartlome had nothing to add to her report.

4. Chief Financial Officer

Alina Ceballos had nothing to add to her report.

5. Public Works Director

Raul Naranjo had nothing to add to his report.

6. City Manager

Chris Melville stated that we are moving forward with new microphones in the council chambers.

8. COMMUNICATIONS

Reports by Elected Officials

Council Member Hanson thanked the City staff for the good job they do in keeping the City nice and working in adverse conditions.

Council Member Trujillo thanked the Department Heads for all they do.

AIA® Document A141™ – 2014

Standard Form of Agreement Between Owner and Design-Builder

AGREEMENT made as of the 1st day of April in the year 2022
(In words, indicate day, month and year.)

BETWEEN the Owner:
(Name, legal status, address and other information)

City of West Wendover
1111 N. Gene L. Jones Way
West Wendover, NV 89883
Phone: 775- 664-3081

and the Design-Builder:
(Name, legal status, address and other information)

CORE West, Inc. a Nevada corporation
7150 Cascade Valley Court
Las Vegas, NV 89128
Phone:702-794-0550

for the following Project:
(Name, location and detailed description)

West Wendover Fire Station
N. Gene L. Jones Way
West Wendover, NV 89883

The Owner and Design-Builder agree as follows.

ADDITIONS AND DELETIONS:
The author of this document has added information needed for its completion. The author may also have revised the text of the original AIA standard form. An *Additions and Deletions Report* that notes added information as well as revisions to the standard form text is available from the author and should be reviewed. A vertical line in the left margin of this document indicates where the author has added necessary information and where the author has added to or deleted from the original AIA text.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

Consultation with an attorney is also encouraged with respect to professional licensing requirements in the jurisdiction where the Project is located.

ARTICLE 1 GENERAL PROVISIONS

§ 1.1 Owner's Criteria

This Agreement is based on the Owner's Criteria and is concurred with by the Agency set forth in this Section 1.1.

§ 1.1.1 The Owner's program for the Project:
(Set forth the program in which the program will be developed.)

Design-Build Team will utilize phasing of Preliminary Design to develop design documents and preparing the construction deliverable.

AIA Document A141™ – 2014. Copyright © 2004 and 2014 by The American Institute of Architects. All rights reserved. To report copyright violations, e-mail copyright@aia.org.
User Notes: (913200243)

§ 1.1.2 The Owner's design requirements for the Project and related documentation:
(Identified below, as an attached Exhibit, the documentation that contains the Owner's design requirements.)

Exhibit D – Owners Design requirements dated March 21st 2022, 05 pages.

§ 1.1.3 The Project's physical characteristics:
(Paragraph deleted)
Fire Station facility will include but not be limited to standard length bays, safety equipment associated with fire apparatus bays, training room(s), offices, storage for equipment and supplies, housing quarters, associated utilities, custodial and uniform/turnout/equipment washing and decontamination areas, paved access and parking, landscaping.

§ 1.1.4 The Owner's anticipated Sustainable Objective for the Project, if any:
(Paragraph deleted)
LEED v4 Silver Equivalent for BD+C: New Construction:

Owner and Design-Builder shall maximize opportunities for integrated, cost-effective adoption of green design and construction strategies, emphasizing, Sustainable Sites, Water Efficiency, Energy and Atmosphere, Materials and Resources, Indoor Environmental Quality as a fundamental evaluative criterion for design, construction, and operational strategies.

(USGBC) US Green Building Council LEED registration and official project certification are not included in the Sustainability Objective of this Agreement as cost saving measures. Design-Builder shall not be held responsible for providing reporting, tracking or management of LEED documentation that would be required for certification.

§ 1.1.5 The Owner's budget for the Work to be provided by the Design-Builder is set forth below:

Six Million Five Hundred Thousand Dollars and No/100's ($6,500,000.00)

(Paragraphs deleted)
§ 1.1.7 The Owner's design and construction milestone dates:

.1 Design phase milestone dates:

Anticipated duration of Phase 1A Services shall be: One Hundred Sixty-Eight (168) Days

.2 Submission of Design-Builder Proposal:

Anticipated duration of Phase 1B Services shall be included in the Article A.2 of the Preliminary Design Amendment

.3 Phased completion dates:

Additional Phased services are not anticipated at this time but may be added by Modification of this Agreement by executed Amendment.

.4 Substantial Completion date:

Anticipated duration of Construction Services shall be included in the Article A.2 of the Design-Build Amendment

If the Work is not substantially complete on or before this date, or within this period of time, or extension thereof granted by the Owner, the Design-Builder shall pay to the Owner liquidated damages in the sum of $500.00 for each calendar day of delay. Any sums that may be due the Owner as liquidated damages may be deducted from any monies due or to become due the Design-Builder under the Contract or may be collected from the Design-Builder's surety.

§ 1.1.8 The Owner requires the Design-Builder to retain the following Architect, at the Design-Builder's cost:
(List name, legal status, address and other information.)

.1 Architect

TSK Architects
225 S Arlington Ave., Suite A
Reno, NV 89501
(Paragraphs deleted)
P: 775-857-2949

§ 1.1.9 Additional Owner's Criteria upon which the Agreement is based:

None.

§ 1.1.10 The Design-Builder shall confirm that the information included in the Owner's Criteria complies with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities.

§ 1.1.10.1 If the Owner's Criteria conflicts with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, the Design-Builder shall notify the Owner of the conflict.

§ 1.1.11 If there is a change in the Owner's Criteria, the Owner and the Design-Builder shall execute a Modification in accordance with Article 6.

§ 1.1.12 The Owner and Design-Builder intend to transmit Instruments of Service or any other information or documentation in digital form, they shall endeavor to establish necessary protocols governing such transmissions.

§ 1.2 Project Team

§ 1.2.1 The Owner identifies the following representative in accordance with Section 7.1.1:
(List name, address and other information.)

Chris Melville City Manager
City of West Wendover
1111 N. Gene L. Jones Way
West Wendover, NV 89883
Phone: 775- 664-3081

§ 1.2.2 The persons or entities, in addition to the Owner's representative, who are required to review the Design-Builder's Submittals are as follows:
(List name, address and other information.)

Darin Hawkes, P.E., City Engineer
Aqua Engineering, Inc.
533 W. 2600 S. Suite 275
Bountiful, UT 84010
Phone: 801-299-1327

§ 1.2.3 The Owner will retain the following consultants and separate contractors:

None.

§ 1.2.4 The Design-Builder identifies the following representative in accordance with Section 3.1.2:
(List name, address and other information.)

§ 1.3 Binding Dispute Resolution

For any Claim subject to, but not resolved by, mediation pursuant to Section 14.3, the method of binding dispute resolution shall be the following:
(Paragraph deleted)

[X] Arbitration pursuant to Section 14.4

(Paragraphs deleted)

§ 1.4 Definitions

§ 1.4.1 Design-Build Documents. The Design-Build Documents consist of this Agreement between Owner and Design-Builder and its attached Exhibits (hereinafter, the "Agreement"); other documents listed in this Agreement; and Modifications issued after execution of this Agreement. A Modification is (1) a written amendment to the Contract signed by both parties, including the Design-Build Amendment, (2) a Change Order, or (3) a Change Directive.

§ 1.4.1.1 Order of Precedence. In case of any inconsistency, conflict, or ambiguity among the Design-Build Documents, the documents shall govern in the following order: (a) Change Orders and written amendments to this Agreement; (b) the Agreement; (c) the drawings, specifications, and addenda issued prior to the execution of this Agreement; (d) information furnished by the Owner pursuant to Article 7 of the Agreement (e) other documents listed in this Agreement. Among all the Design-Build Documents, the term or provision that is most specific or includes the latest date shall control. If any provision of this Agreement conflicts with or is inconsistent with any other provision of other Design-Build Documents, the provision of this Agreement governs, unless the other provision specifically refers to the provision it supersedes and replaces in this Agreement.

§ 1.4.2 The Contract. The Design-Build Documents form the Contract. The Contract represents the entire and integrated agreement between the parties and supersedes prior negotiations, representations or agreements, either written or oral. The Contract may be amended or modified only by a Modification. The Design-Build Documents shall not be construed to create a contractual relationship of any kind between any persons or entities other than the Owner and the Design-Builder.

§ 1.4.3 The Work. The term "Work" means the design, construction and related services required to fulfill the Design-Builder's obligations under the Design-Build Documents, whether completed or partially completed, and includes all labor, materials, equipment and services provided or to be provided by the Design-Builder. The Work may constitute the whole or a part of the Project.

§ 1.4.4 The Project. The Project is the total design and construction of which the Work performed under the Design-Build Documents may be the whole or a part, and may include design and construction by the Owner and by separate contractors.

§ 1.4.5 Instruments of Service. Instruments of Service are representations, in any medium of expression now known or later developed, of the tangible and intangible creative work performed by the Design-Builder, Contractor(s), Architect, and Consultant(s) under their respective agreements. Instruments of Service may include, without limitation, studies, surveys, models, sketches, drawings, specifications, digital models and other similar materials.

§ 1.4.6 Submittal. A Submittal is any submission to the Owner for review and approval demonstrating how the Design-Builder proposes to conform to the Design-Build Documents for those portions of the Work for which the Design-Build Documents require Submittals. Submittals include, but are not limited to, shop drawings, product data, and samples. Submittals are not Design-Build Documents unless incorporated into a Modification.

§ 1.4.7 Owner. The Owner is the person or entity identified as such in the Agreement and is referred to throughout the Design-Build Documents as if singular in number. The term "Owner" means the Owner or the Owner's authorized representative.

AIA Document A141™ – 2014. Copyright © 2004 and 2014 by The American Institute of Architects. All rights reserved. To report copyright violations, e-mail copyright@aia.org.
User Notes: (913200243)

§ 1.4.8 Design-Builder. The Design-Builder is the person or entity identified as such in the Agreement and is referred to throughout the Design-Build Documents as if singular in number. The term "Design-Builder" means the Design-Builder or the Design-Builder's authorized representative.

§ 1.4.9 Consultant. A Consultant is a person or entity providing professional services for the Design-Builder for all or a portion of the Work, and is referred to throughout the Design-Build Documents as if singular in number. To the extent required by the relevant jurisdiction, the Consultant shall be lawfully licensed to provide the required professional services.

§ 1.4.10 Architect. The Architect is a person or entity providing design services for the Design-Builder for all or a portion of the Work, and is lawfully licensed to practice architecture in the applicable jurisdiction. The Architect is referred to throughout the Design-Build Documents as if singular in number.

§ 1.4.11 Subcontractor. A Subcontractor is a person or entity performing all or a portion of the construction, required in connection with the Work, for the Design-Builder. The Subcontractor shall be lawfully licensed, if required in the jurisdiction where the Project is located. The Subcontractor is referred to throughout the Design-Build Documents as if singular in number and means a Subcontractor or an authorized representative of the Subcontractor.

§ 1.4.12 Confidential Information. Confidential Information is information containing confidential or business proprietary information that is clearly marked as "confidential."

§ 1.4.13 Contract Time. Unless otherwise provided, Contract Time is the period of time, including authorized adjustments, as set forth in the Design-Build Amendment for Substantial Completion of the Work.

§ 1.4.14 Day. The term "day" as used in the Design-Build Documents shall mean calendar day unless otherwise specifically defined.

§ 1.4.15 Contract Sum. The Contract Sum is the amount to be paid to the Design-Builder for performance of the Work after execution of the Design-Build Amendment, as identified in Article A.1 of the Design-Build Amendment.

§ 1.4.16 Agency. The term "Agency", as used in this Attachment, shall mean the United States of America, acting through United States Department of Agriculture.

§ 1.4.17 Independent Inspector. The term "Independent Inspector," as used in this Attachment, shall mean the Inspector independent from the Design-Builder hired by the Owner to represent the Owner's interests. The Agency requires a construction inspector independent of the Design-Builder.

§ 1.4.17.1 The Independent Inspector shall be a representative of and shall advise and consult with the Owner during construction until final payment is due to the Design-Builder, and at the Owner's direction during the period of correction of the Work described in the design/build documents. The Independent Inspector shall furnish consultations necessary to identify construction defects and correct unforeseen conditions encountered during this period. The Independent Inspector shall assist the Owner in performing a review of the Project during the 11th month after the date of Substantial Completion.

§ 1.4.17.2 The Independent Inspector shall conduct an inspection prior to the issuance of the Acknowledgement of Substantial Completion and shall submit a written report to the Owner, Agency and the Design-Builder about Work to be completed prior to final acceptance. Such services shall be coordinated with the Agency. Prior to submitting the final Application for Payment, the Independent Inspector shall conduct an inspection, submit a Statement of Completion, and receive and forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract Documents and assembled by the Design-Builder.

§ 1.4.17.3 Visits to the site shall be documented in writing on standard inspection report forms with copies furnished to the Owner, Design-Builder and Agency. Visits to the site shall be in accordance with Agency requirements and procedures.

ARTICLE 2 COMPENSATION AND PROGRESS PAYMENTS

§ 2.1 Compensation for Work Performed Prior To Execution of Design-Build Amendment

§ 2.1.1 Unless otherwise agreed, payments for Work performed prior to Execution of the Design-Build Amendment shall be made monthly. For the Design-Builder's performance of Work prior to the execution of the Design-Build Amendment, the Owner shall compensate the Design-Builder as follows:

For completion of the Phase 1A Services to be performed prior to the execution of the Design Build Amendment, Owner shall pay Design-Builder a Stipulated Sum not to exceed Two Hundred Ninety-Two Thousand Five Hundred Dollars ($292,500.00) billed once monthly on the last day of the month, for the percent completed of Phase 1A.

§ 2.1.2 The hourly billing rates for services of the Design-Builder and the Design-Builder's Architect, Consultants, subconsultants , are set forth below.

Exhibit C Hourly Rates for Key Team Members
(Table deleted)

§ 2.1.3 Compensation for Reimbursable Expenses Prior To Execution of Design-Build Amendment

§ 2.1.3.1 Reimbursable Expenses are in addition to compensation set forth in Section 2.1.1 and 2.1.2 and include expenses, directly related to the Project, incurred by the Design-Builder and the Design-Builder's Architect, Consultants, and Subcontractors, as follows:

.1 Transportation and authorized out-of-town travel and subsistence;
.2 Dedicated data and communication services, teleconferences, Project web sites, and extranets;
.3 Fees paid for securing approval of authorities having jurisdiction over the Project;
.4 Printing, reproductions, plots, standard form documents;
.5 Postage, handling and delivery;
.6 Expense of overtime work requiring higher than regular rates, if authorized in advance by the Owner;
.7 Renderings, physical models, mock-ups, professional photography, and presentation materials requested by the Owner;
.8 All taxes levied on professional services and on reimbursable expenses; and
.9 Other Project-related expenditures, if authorized in advance by the Owner.

§ 2.1.3.2 For Reimbursable Expenses, the compensation shall be the expenses the Design-Builder and the Design-Builder's Architect, Consultants and Subcontractors incurred, plus an administrative fee of Four and One Half percent (4.5 %) of the expenses incurred.

§ 2.1.4 Payments to the Design-Builder Prior To Execution of Design-Build Amendment

§ 2.1.4.1 Payments are due and payable upon presentation of the Design-Builder's invoice. Amounts unpaid Sixty (60) days after the invoice date shall bear interest at the rate entered below, or in the absence thereof at the legal rate prevailing from time to time at the principal place of business of the Design-Builder.

One Percent (1%) per month or Twelve Percent (12%) per year

§ 2.1.4.2 Records of Reimbursable Expenses and services performed on the basis of hourly rates shall be available to the Owner at mutually convenient times for a period of two years following execution of the Design-Build Amendment or termination of this Agreement, whichever occurs first.

§ 2.2 Contract Sum and Payment for Work Performed After Execution of Design-Build Amendment

For the Design-Builder's performance of the Work after execution of the Design-Build Amendment, the Owner shall pay to the Design-Builder the Contract Sum in current funds as agreed in the Design-Build Amendment.

ARTICLE 3 GENERAL REQUIREMENTS OF THE WORK OF THE DESIGN-BUILD CONTRACT

§ 3.1 General

§ 3.1.1 The Design-Builder shall comply with any applicable licensing requirements in the jurisdiction where the Project is located.

§ 3.1.2 The Design-Builder shall designate in writing a representative who is authorized to act on the Design-Builder's behalf with respect to the Project.

AIA Document A141™ – 2014. Copyright © 2004 and 2014 by The American Institute of Architects. All rights reserved. To report copyright violations, e-mail copyright@aia.org.
User Notes: (913200243)

§ 3.1.3 The Design-Builder shall perform the Work in accordance with the Design-Build Documents. The Design-Builder shall not be relieved of the obligation to perform the Work in accordance with the Design-Build Documents by the activities, tests, inspections or approvals of the Owner.

§ 3.1.3.1 The Design-Builder shall perform the Work in compliance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities. If the Design-Builder knowingly performs Work contrary to applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities, the Design-Builder shall assume responsibility for such Work and shall bear the costs attributable to correction.

§ 3.1.3.2 Neither the Design-Builder nor any Subcontractor, Consultant, or Architect shall be obligated to perform any act which they believe will violate any applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities. If the Design-Builder determines that implementation of any instruction received from the Owner, including those in the Owner's Criteria, would cause a violation of any applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, the Design-Builder shall notify the Owner in writing. Upon verification by the Owner that a change to the Owner's Criteria is required to remedy the violation, the Owner and the Design-Builder shall execute a Modification in accordance with Article 6.

§ 3.1.3.3 The Design-Builder shall advise the Owner of required tests, inspections and reports, shall furnish coordination of such tests and inspections, and shall advise the Owner and Agency of the results of same. Copies of test results shall be furnished to the Owner, Owner's Independent Inspector and Agency, as appropriate.

§ 3.1.4 The Design-Builder shall be responsible to the Owner for acts and omissions of the Design-Builder's employees, Architect, Consultants, Subcontractors, and their agents and employees, and other persons or entities performing portions of the Work. Any extra cost that may result from any such acts and omissions will be the responsibility of the Design-Builder.

§ 3.1.5 General Consultation. The Design-Builder shall schedule and conduct periodic meetings with the Owner to review matters such as procedures, progress, coordination, and scheduling of the Work. The Design-Builder shall conduct a Preconstruction Conference prior to the beginning of construction to familiarize all parties involved with the necessary work. This meeting shall be held with the Design-Build representative, Owner, Owner's Independent Inspector, Agency representative(s) and other interested parties as appropriate. The Agency 'Record of Preconstruction Conference' may be used to document the meeting.

§ 3.1.6 When applicable law requires that services be performed by licensed professionals, the Design-Builder shall provide those services through qualified, licensed professionals. The Owner understands and agrees that the services of the Design-Builder's Architect and the Design-Builder's other Consultants are performed in the sole interest of, and for the exclusive benefit of, the Design-Builder.

§ 3.1.7 The Design-Builder, with the assistance of the Owner, shall prepare and file documents required to obtain necessary approvals of governmental authorities having jurisdiction over the Project.

§ 3.1.7.1 The Design-Builder shall consult with the Agency Architect or Engineer about the Agency's requirements and procedures.

§ 3.1.8 Progress Reports

§ 3.1.8.1 The Design-Builder shall keep the Owner informed of the progress and quality of the Work. On a monthly basis, or otherwise as agreed to by the Owner and Design-Builder, the Design-Builder shall submit written progress reports to the Owner, showing estimated percentages of completion and other information identified below:

.1 Work completed for the period;
.2 Project schedule status;
.3 Submittal schedule and status report, including a summary of outstanding Submittals;
.4 Responses to requests for information to be provided by the Owner;
.5 Approved Change Orders and Change Directives;
.6 Pending Change Order and Change Directive status reports;

AIA Document A141™ – 2014. Copyright © 2004 and 2014 by The American Institute of Architects. All rights reserved. User Notes: (913200243)

.7 Tests and inspection reports;
.8 Status report of Work rejected by the Owner;
.9 Status of Claims previously submitted in accordance with Article 14;
.10 Cumulative total of the Cost of the Work to date including the Design-Builder's compensation and Reimbursable Expenses, if any;
.11 Current Project cash-flow and forecast reports; and
.12 Additional information as agreed to by the Owner and Design-Builder.
.13 The Design-Builder shall conduct on-site pay/progress meetings no less than once a month during the periods of active construction. These meetings shall be held with the Design-Build representative, Owner, Owner's Independent Inspector, Agency representative(s) and other interested parties as appropriate, to review and discuss the application for payment, work progress schedule, construction problems or disputes and other appropriate matters.

§ 3.1.8.2 In addition, where the Contract Sum is the Cost of the Work with or without a Guaranteed Maximum Price, the Design-Builder shall include the following additional information in its progress reports:

.1 Design-Builder's work force report;
.2 Equipment utilization report; and
.3 Cost summary, comparing actual costs to updated cost estimates.

§ 3.1.9 Design-Builder's Schedules

§ 3.1.9.1 The Design-Builder, promptly after execution of this Agreement, shall prepare and submit for the Owner's information a schedule for the Work. The schedule, including the time required for design and construction, shall not exceed time limits current under the Design-Build Documents, shall be revised at appropriate intervals as required by the conditions of the Work and Project, shall be related to the entire Project to the extent required by the Design-Build Documents, shall provide for expeditious and practicable execution of the Work, and shall include allowances for periods of time required for the Owner's review and for approval of submissions by authorities having jurisdiction over the Project.

§ 3.1.9.2 The Design-Builder shall perform the Work in general accordance with the most recent schedules submitted to the Owner.

§ 3.1.10 Certifications. Upon the Owner's written request, the Design-Builder shall obtain from the Architect, Consultants, and Subcontractors, and furnish to the Owner, certifications with respect to the documents and services provided by the Architect, Consultants, and Subcontractors (a) that, to the best of their knowledge, information and belief, the documents or services to which the certifications relate (i) are consistent with the Design-Build Documents, except to the extent specifically identified in the certificate, and (ii) comply with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities governing the design of the Project; and (b) that the Owner and its consultants shall be entitled to rely upon the accuracy of the representations and statements contained in the certifications. The Design-Builder's Architect, Consultants, and Subcontractors shall not be required to execute certificates or consents that would require knowledge, services or responsibilities beyond the scope of their services.

§ 3.1.11 Design-Builder's Submittals

§ 3.1.11.1 Prior to submission of any Submittals, the Design-Builder shall prepare a Submittal schedule, and shall submit the schedule for the Owner's approval. The Owner's approval shall not unreasonably be delayed or withheld. The Submittal schedule shall (1) be coordinated with the Design-Builder's schedule provided in Section 3.1.9.1, (2) allow the Owner reasonable time to review Submittals, and (3) be periodically updated to reflect the progress of the Work. If the Design-Builder fails to submit a Submittal schedule, the Design-Builder shall not be entitled to any increase in Contract Sum or extension of Contract Time based on the time required for review of Submittals.

§ 3.1.11.2 By providing Submittals the Design-Builder represents to the Owner that it has (1) reviewed them, (2) determined and verified materials, field measurements and field construction criteria related thereto, or will do so and (3) checked and coordinated the information contained within such Submittals with the requirements of the Work and of the Design-Build Documents.

§ 3.1.11.3 The Design-Builder shall perform no portion of the Work for which the Design-Build Documents require Submittals until the Owner has reviewed the respective Submittal and written concurrence by the Agency has been issued. Two (2) sets of submittals for the Agency are required.

To report copyright violations, e-mail copyright@aia.org.
User Notes: (913200243)

§ 3.1.11.4 The Work shall be in accordance with reviewed Submittals except that the Design-Builder shall not be relieved of its responsibility to perform the Work consistent with the requirements of the Design-Build Documents. The Work may deviate from the Design-Build Documents only if the Design-Builder has notified the Owner in writing of a deviation from the Design-Build Documents at the time of the Submittal and a Modification is executed authorizing the identified deviation. The Design-Builder shall not be relieved of responsibility for errors or omissions in Submittals by the Owner's review of the Submittals.

§ 3.1.11.5 All professional design services or certifications to be provided by the Design-Builder, including all drawings, calculations, specifications, certifications, shop drawings and other Submittals, shall contain the signature and seal of the licensed design professional preparing them. Submittals related to the Work designed or certified by the licensed design professionals, if prepared by others, shall bear the licensed design professional's written approval. The Owner and its consultants shall be entitled to rely upon the adequacy, accuracy and completeness of the services, certifications or approvals performed by such design professionals.

§ 3.1.12 Warranty. The Design-Builder warrants to the Owner that materials and equipment furnished under the Contract will be of good quality and new unless the Design-Build Documents require or permit otherwise. The Design-Builder further warrants that the Work will conform to the requirements of the Design-Build Documents and will be free from defects, except for those inherent in the quality of the Work or otherwise expressly permitted by the Design-Build Documents. Work, materials, or equipment not conforming to these requirements may be considered defective. The Design-Builder's warranty excludes remedy for damage or defect caused by abuse, alterations to the Work not executed by the Design-Builder, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If required by the Owner, the Design-Builder shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

§ 3.1.13 Royalties, Patents and Copyrights

§ 3.1.13.1 The Design-Builder shall pay all royalties and license fees.

§ 3.1.13.2 The Design-Builder shall defend suits or claims for infringement of copyrights and patent rights and shall hold the Owner and its separate contractors and consultants harmless from loss on account thereof, but shall not be responsible for such defense or loss when a particular design, process or product of a particular manufacturer or manufacturers is required by the Owner, or where the copyright violations are required in the Owner's Criteria. However, if the Design-Builder has reason to believe that the design, process or product required in the Owner's Criteria is an infringement of a copyright or a patent, the Design-Builder shall be responsible for such loss unless such information is promptly furnished to the Owner. If the Owner receives notice from a patent or copyright owner of an alleged violation of a patent or copyright, attributable to the Design-Builder, the Owner shall give prompt written notice to the Design-Builder.

§ 3.1.14 Indemnification

§ 3.1.14.1 To the fullest extent permitted by law, the Design-Builder shall indemnify and hold harmless the Owner, including the Owner's agents and employees, from and against claims, damages, losses and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, but only to the extent caused by the negligent acts or omissions of the Design-Builder, Architect, a Consultant, a Subcontractor, or anyone directly or indirectly employed by them or anyone for whose acts they may be liable. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity that would otherwise exist as to a party or person described in this Section 3.1.14. Notwithstanding anything to the contrary in this Section, Design-Builder's obligations hereunder do not extend to any claims, damages, losses and expenses arising out of or resulting from the negligence of an Indemnitee.

§ 3.1.14.2 The indemnification obligation under this Section 3.1.14 shall not be limited by a limitation on amount or type of damages, compensation, or benefits payable by or for Design-Builder, Architect, a Consultant, a Subcontractor, or anyone directly or indirectly employed by them, under workers' compensation acts, disability benefit acts or other employee benefit acts.

§ 3.1.15 Contingent Assignment of Agreements

§ 3.1.15.1 Each agreement for a portion of the Work is assigned by the Design-Builder to the Owner, provided that

.1 assignment is effective only after termination of the Contract by the Owner for cause, pursuant to Sections 13.1.4 or 13.2.2, and only for those agreements that the Owner accepts by written notification to the Design-Builder and the Architect, Consultants, and Subcontractors whose agreements are accepted for assignment; and

.2 assignment is subject to the prior rights of the surety, if any, obligated under bond relating to the Contract.

User Notes: (913200243)

When the Owner accepts the assignment of an agreement, the Owner assumes the Design-Builder's rights and obligations under the agreement.

§ 3.1.15.2 Upon such assignment, if the Work has been suspended for more than 30 days, the compensation under the assigned agreement shall be equitably adjusted for increases in cost resulting from the suspension.

§ 3.1.15.3 Upon such assignment to the Owner under this Section 3.1.15, the Owner may further assign the agreement to a successor design-builder or other entity. If the Owner assigns the agreement to a successor design-builder or other entity, the Owner shall nevertheless remain legally responsible for all of the successor design-builder's or other entity's obligations under the agreement.

§ 3.1.16 Design-Builder's Insurance and Bonds. The Design-Builder shall purchase and maintain insurance and provide bonds as set forth in Exhibit B.

ARTICLE 4 WORK PRIOR TO EXECUTION OF THE DESIGN-BUILD AMENDMENT PHASE 1

§ 4.1 General

§ 4.1.1 Any information submitted by the Design-Builder, and any interim decisions made by the Owner, shall be for the purpose of facilitating the design process and shall not modify the Owner's Criteria unless the Owner and Design-Builder execute a Modification.

§ 4.1.2 The Design-Builder shall advise the Owner on proposed site use and improvements, selection of materials, and building systems and equipment. The Design-Builder shall also provide the Owner with recommendations, consistent with the Owner's Criteria, on constructability; availability of materials and labor; time requirements for procurement, installation and construction; and factors related to construction cost including, but not limited to, costs of alternative designs or materials, preliminary budgets, life-cycle data, and possible cost reductions.

§ 4.2 Evaluation of the Owner's Criteria

§ 4.2.1 The Design-Builder shall schedule and conduct meetings with the Owner and any other necessary individuals or entities to discuss and review the Owner's Criteria as set forth in Section 1.1.The Design-Builder shall thereafter again meet with the Owner to discuss a preliminary evaluation of the Owner's Criteria. The preliminary evaluation shall address possible alternative approaches to design and construction of the Project and include the Design-Builder's recommendations, if any, with regard to accelerated or fast-track scheduling, procurement, or phased construction. The preliminary evaluation shall consider cost information, constructability, and procurement and construction scheduling issues.

§ 4.2.2 After the Design-Builder meets with the Owner and presents the preliminary evaluation, the Design-Builder shall provide a written report to the Owner, summarizing the Design-Builder's evaluation of the Owner's Criteria. The report shall also include

- **.1** allocations of program functions, detailing each function and their square foot areas;
- **.2** a preliminary estimate of the Cost of the Work, and, if necessary, recommendations to adjust the Owner's Criteria to conform to the Owner's budget;
- **.3** a preliminary schedule, which shall include proposed design milestones; dates for receiving additional information from, or for work to be completed by, the Owner; anticipated date for the Design-Builder's Proposal; and dates of periodic design review sessions with the Owner; and

(Paragraphs deleted)

§ 4.2.3 The Owner shall review the Design-Builder's written report and, if acceptable, provide the Design-Builder with written consent to proceed to the development of the Phase 1A Preliminary Design as described in Section 4.3. The consent to proceed shall not be understood to modify the Owner's Criteria unless the Owner and Design-Builder execute a Modification.

§ 4.2.4 Date of Phase 1A Preliminary Design Commencement. Unless the parties mutually agree otherwise in writing, the Work shall Commence within one (1) business day of Design-Builder's receipt of the later of the following:

- .1 Fully executed Agreement.
- .2 Design-Builder's receipt of Owners notice to Proceed with the work.

User Notes: (913200243)

§ 4.3 Preliminary Design PHASE 1A

§ 4.3.1 Upon the Owner's issuance of a written consent to proceed under Section 4.2.3, the Design-Builder shall prepare and submit a Phase 1A Preliminary Design to the Owner. The Phase 1A Preliminary Design shall include a report identifying any deviations from the Owner's Criteria, and shall include the following:

.1 Confirmation of the allocations of program functions;
.2 Site plan;
.3 Building plans, sections and elevations;
.4 Structural system;
.5 Selections of major building systems, including but not limited to mechanical, electrical and plumbing systems; and
.6 Outline specifications or sufficient drawing notes describing construction materials.
.7 Proposal for Phase 1B services "Proposal"; Final Basis of Design Documents, the Guaranteed Maximum Price, and development of the Project Schedule.

The Phase 1A Preliminary Design may include some combination of physical study models, perspective sketches, or digital modeling.

§ 4.3.2 Upon completion of Phase 1A Owner and Design-Builder shall review the Proposal for Phase 1B Preliminary Design. If Owner has any comments regarding the Proposal, or finds any inconsistencies or inaccuracies in the information presented, it shall promptly give written notice to Design-Builder of such comments or findings. If appropriate, Design-Builder shall, upon receipt of Owner's notice, make appropriate adjustments to the Proposal.

§ 4.3.2.1 If Owner accepts the Proposal, as may be amended by Design-Builder, the Contract Price and its basis shall be set forth in a Modification to this Agreement, when mutually agreed between the parties. Once the parties have agreed upon the Contract Price and Owner has issued a Notice to Proceed with Phase 1B, Design-Builder shall perform the Phase 1B Services, all as further described in the Modification to this Agreement, as it may be revised.

§ 4.3.2.2 If Owner rejects the Proposal or fails to notify Design-Builder in writing on or before the date specified in the Proposal that it accepts the Proposal, the Proposal shall be deemed withdrawn and of no effect. In such event, Owner and Design-Builder shall meet and confer as to how the Project will proceed, with Owner having the following options:

i. Owner may suggest modifications to the Proposal, whereupon, if such modifications are accepted in writing by Design-Builder, the Proposal shall be deemed accepted and the parties shall proceed in accordance with Section 4.3.2.1 above;

ii. Owner may authorize Design-Builder to continue to proceed with the Work on the basis of reimbursement as provided in Section 2.1.2 hereof without a Contract Price, in which case all references in this Agreement to the Contract Price shall not be applicable; or

iii. Owner may terminate this Agreement for convenience in accordance with Article 9 hereof; provided, however, in this event, Design-Builder shall not be entitled to the payment provided for in Section 9.2 hereof.

If Owner fails to exercise any of the above options, Design-Builder shall have the right to (a) continue with the Work as if Owner had elected to proceed in accordance with Item 4.3.2.2 ii. above, and be paid by Owner accordingly, unless and until Owner notifies it in writing to stop the Work, (b) suspend performance of Work in accordance with Section 13.1.2 of this Agreement, or (c) may give written notice to Owner that it considers this Agreement completed. If Owner fails to exercise any of the options under Section 4.3.2.2 within ten (10) days of receipt of Design-Builder's notice, then this Agreement shall be deemed completed. If Owner terminates the relationship with Design-Builder under Section 4.3.2.2(iii), or if this Agreement is deemed completed under this paragraph, then Design-Builder shall have no further liability or obligations to Owner under this Agreement.

§ 4.4 Design-Builder's Proposal PHASE 1B

§ 4.4.1 Upon the Owner's issuance of a written consent to proceed under Section 4.3.2.1, the Design-Builder shall prepare and submit the Design-Builder's Proposal to the Owner. The Design-Builder's Proposal shall include the following:

.1 A list of the Preliminary Design documents and other information, including the Design-Builder's clarifications, assumptions and deviations from the Owner's Criteria, upon which the Design-Builder's Proposal is based;

.2 The proposed Contract Sum, including the compensation method.

.3 The proposed duration the Design-Builder shall need achieve anticipated Substantial Completion;

.4 An enumeration of any qualifications and exclusions, if applicable;

.5 A list of the Design-Builder's key personnel, Subcontractors and suppliers; and

.6 The date on which the Design-Builder's Proposal expires.

§ 4.4.2 Submission of the Design-Builder's Proposal shall constitute a representation by the Design-Builder that it has visited the site and become familiar with local conditions under which the Work is to be completed.

§ 4.4.3 If the Owner and Design-Builder agree on a proposal, the Owner and Design-Builder shall execute the Design-Build Amendment setting forth the terms of their agreement.

ARTICLE 5 WORK FOLLOWING EXECUTION OF THE DESIGN-BUILD AMENDMENT PHASE 2

§ 5.1 Construction Documents

§ 5.1.1 Upon the execution of the Design-Build Amendment, the Design-Builder shall prepare Construction Documents. The Construction Documents shall establish the quality levels of materials and systems required. The Construction Documents shall be consistent with the Design-Build Documents.

§ 5.1.2 The Design-Builder shall provide the Construction Documents to the Owner for the Owner's information. If the Owner discovers any deviations between the Construction Documents and the Design-Build Documents, the Owner shall promptly notify the Design-Builder of such deviations in writing. The Construction Documents shall not modify the Design-Build Documents unless the Owner and Design-Builder execute a Modification. The failure of the Owner to discover any such deviations shall not relieve the Design-Builder of the obligation to perform the Work in accordance with the Design-Build Documents.

§ 5.2 Construction

§ 5.2.1 Commencement. Except as permitted in Section 5.2.2, construction shall not commence prior to execution of the Design-Build Amendment.

§ 5.2.2 If the Owner and Design-Builder agree in writing, construction may proceed prior to the execution of the Design-Build Amendment. However, such authorization shall not waive the Owner's right to reject the Design-Builder's Proposal.

§ 5.2.3 The Design-Builder shall supervise and direct the Work, using the Design-Builder's best skill and attention. The Design-Builder shall be solely responsible for, and have control over, construction means, methods, techniques, sequences and procedures, and for coordinating all portions of the Work under the Contract, unless the Design-Build Documents give other specific instructions concerning these matters.

§ 5.2.4 The Design-Builder shall be responsible for inspection of portions of Work already performed to determine that such portions are in proper condition to receive subsequent Work.

§ 5.3 Labor and Materials

§ 5.3.1 Unless otherwise provided in the Design-Build Documents, the Design-Builder shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services, necessary for proper execution and completion of the Work, whether temporary or permanent, and whether or not incorporated or to be incorporated in the Work.

§ 5.3.2 When a material or system is specified in the Design-Build Documents, the Design-Builder may make substitutions only in accordance with Article 6.

AIA Document A141™ – 2014. Copyright © 2004 and 2014 by The American Institute of Architects. All rights reserved. To report copyright violations, e-mail copyright@aia.org.
User Notes: (913200243)

§ 5.3.3 The Design-Builder shall enforce strict discipline and good order among the Design-Builder's employees and other persons carrying out the Work. The Design-Builder shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them.

§ 5.3.4 The Design-Builder shall not contract with any person or entity declared ineligible under Federal laws or regulations from participating in federally assisted construction projects for to whom the Owner has made reasonable objection. The Design-Builder shall not be required to contract with anyone to whom the Design-Builder has reasonable objection.

§ 5.4 Taxes

The Design-Builder shall pay sales, consumer, use and similar taxes, for the Work provided by the Design-Builder, that are legally enacted when the Design-Build Amendment is executed, whether or not yet effective or merely scheduled to go into effect.

§ 5.5 Permits, Fees, Notices and Compliance with Laws

§ 5.5.1 Unless otherwise provided in the Design-Build Documents, the Design-Builder shall secure and pay for the building permit as well as any other permits, fees, licenses, and inspections by government agencies, necessary for proper execution of the Work and Substantial Completion of the Project.

§ 5.5.2 The Design-Builder shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities, applicable to performance of the Work.

§ 5.5.3 Concealed or Unknown Conditions. If the Design-Builder encounters conditions at the site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Design-Build Documents or (2) unknown physical conditions of an unusual nature that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Design-Build Documents, the Design-Builder shall promptly provide notice to the Owner before conditions are disturbed and in no event later than 21 days after first observance of the conditions. The Owner shall promptly investigate such conditions and, if the Owner determines that they differ materially and cause an increase or decrease in the Design-Builder's cost of, or time required for, performance of any part of the Work, shall recommend an equitable adjustment in the Contract Sum or Contract Time, or both. If the Owner determines that the conditions at the site are not materially different from those indicated in the Design-Build Documents and that no change in the terms of the Contract is justified, the Owner shall promptly notify the Design-Builder in writing, stating the reasons. If the Design-Builder disputes the Owner's determination or recommendation, the Design-Builder may proceed as provided in Article 14.

§ 5.5.4 If, in the course of the Work, the Design-Builder knowingly encounters human remains, or recognizes the existence of burial markers, archaeological sites, or wetlands, not indicated in the Design-Build Documents, the Design-Builder shall immediately suspend any operations that would affect them and shall notify the Owner. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Design-Builder shall continue to suspend such operations until otherwise instructed by the Owner but shall continue with all other operations that do not affect those remains or features. Requests for adjustments in the Contract Sum and Contract Time arising from the existence of such remains or features may be made as provided in Article 14.

§ 5.6 Allowances

§ 5.6.1 The Design-Builder shall include in the Contract Sum all allowances stated in the Design-Build Documents. Items covered by allowances shall be supplied for such amounts, and by such persons or entities as the Owner may direct, but the Design-Builder shall not be required to employ persons or entities to whom the Design-Builder has reasonable objection.

§ 5.6.2 Unless otherwise provided in the Design-Build Documents,

.1 allowances shall cover the cost to the Design-Builder of materials and equipment delivered at the site and all required taxes, less applicable trade discounts;

.2 the Design-Builder's costs for unloading and handling at the site, labor, installation costs, overhead, profit, and other expenses contemplated for stated allowance amounts, shall be included in the Contract Sum but not in the allowances; and

.3 whenever costs are more than or less than allowances, the Contract Sum shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect (1) the difference between actual costs and the allowances under Section 5.6.2.1 and (2) changes in Design-Builder's costs under Section 5.6.2.2.

AIA Document A141™ – 2014. Copyright © 2004 and 2014 by The American Institute of Architects. All rights reserved. To report copyright violations, e-mail copyright@aia.org.
User Notes: (913200243)

§ 5.6.3 The Owner shall make selections of materials and equipment with reasonable promptness for allowances requiring Owner selection.

§ 5.6.4 Escalation Allowance for potentially price-impacted material. The parties acknowledge certain markets providing essential materials to the Project are experiencing or are expected to experience significant, industry-wide economic fluctuation during the performance of this Agreement that may impact price increases due to escalation of materials, equipment, or products costs. The Design-Builder shall give the Owner written notice and documentation of the increased costs.

§ 5.7 Key Personnel, Subcontractors and Suppliers

§ 5.7.1 The Design-Builder shall not employ personnel, or contract with Subcontractors or suppliers to whom the Owner has made reasonable and timely objection. The Design-Builder shall not be required to contract with anyone to whom the Design-Builder has made reasonable and timely objection.

§ 5.7.2 If the Design-Builder changes any of the personnel, Subcontractors or suppliers identified in the Design-Build Amendment, the Design-Builder shall notify the Owner and provide the name and qualifications of the new personnel, Subcontractor or supplier. The Owner may reply within 14 days to the Design-Builder in writing, stating (1) whether the Owner has reasonable objection to the proposed personnel, Contractor or supplier or (2) that the Owner requires additional time to review. Failure of the Owner to reply within the 14-day period shall constitute notice of no reasonable objection.

§ 5.7.3 Except for those persons or entities already identified or required in the Design-Build Amendment, the Design-Builder, as soon as practicable after execution of the Design-Build Amendment, shall furnish in writing to the Owner the names of persons or entities (including those who are to furnish materials or equipment fabricated to a special design) proposed for each principal portion of the Work. The Owner may reply within 14 days to the Design-Builder in writing stating (1) whether the Owner has reasonable objection to any such proposed person or entity or (2) that the Owner requires additional time for review. Failure of the Owner to reply within the 14-day period shall constitute notice of no reasonable objection.

§ 5.7.3.1 If the Owner has reasonable objection to a person or entity proposed by the Design-Builder, the Design-Builder shall propose another to whom the Owner has no reasonable objection. If the rejected person or entity was reasonably capable of performing the Work, the Contract Sum and Contract Time shall be increased or decreased by the difference, if any, occasioned by such change, and an appropriate Change Order shall be issued before commencement of the substitute person or entity's Work. However, no increase in the Contract Sum or Contract Time shall be allowed for such change unless the Design-Builder has acted promptly and responsively in submitting names as required.

§ 5.8 Documents and Submittals at the Site

The Design-Builder shall maintain at the site for the Owner one copy of the Design-Build Documents and a current set of the Construction Documents, in good order and marked currently to indicate field changes and selections made during construction, and one copy of reviewed Submittals, these shall be in electronic form or paper copy. The Design-Builder shall deliver these items to the Owner in accordance with Section 9.10.2 as a record of the Work as constructed.

§ 5.9 Use of Site

The Design-Builder shall confine operations at the site to areas permitted by applicable laws, statutes, ordinances, codes, rules and regulations, lawful orders of public authorities, and the Design-Build Documents, and shall not unreasonably encumber the site with materials or equipment.

§ 5.10 Cutting and Patching

The Design-Builder shall not cut, patch or otherwise alter fully or partially completed construction by the Owner or a separate contractor except with written consent of the Owner and of such separate contractor; such consent shall not be unreasonably withheld. The Design-Builder shall not unreasonably withhold from the Owner or a separate contractor the Design-Builder's consent to cutting or otherwise altering the Work.

§ 5.11 Cleaning Up

§ 5.11.1 The Design-Builder shall keep the premises and surrounding area free from accumulation of waste materials or rubbish caused by operations under the Contract. At completion of the Work, the Design-Builder shall remove waste materials, rubbish, the Design-Builder's tools, construction equipment, machinery and surplus materials from and about the Project.

To report copyright violations, e-mail copyright@aia.org.
User Notes: (913200243)

§ 5.11.2 If the Design-Builder fails to clean up as provided in the Design-Build Documents, the Owner may do so and Owner shall be entitled to reimbursement from the Design-Builder.

§ 5.12 Access to Work

The Design-Builder shall provide the Owner and its separate contractors and consultants access to the Work in preparation and progress wherever located. The Design-Builder shall notify the Owner regarding Project safety criteria and programs, which the Owner, and its contractors and consultants, shall comply with while at the site. Design-Builder recognizes the importance of performing the Work in a safe manner so as to assist with preventing damage, injury or loss to, all individuals at the Site, whether working or visiting, shall report to the Design-Builder's field office and sign in before entering the Project Site.

§ 5.13 Construction by Owner or by Separate Contractors

§ 5.13.1 Owner's Right to Perform Construction and to Award Separate Contracts

§ 5.13.1.1 The Owner reserves the right to perform construction or operations related to the Project with the Owner's own forces; and to award separate contracts in connection with other portions of the Project, or other construction or operations on the site, under terms and conditions identical or substantially similar to this Contract, including those terms and conditions related to insurance and waiver of subrogation. The Owner shall notify the Design-Builder promptly after execution of any separate contract. If the Design-Builder claims that delay or additional cost is involved because of such action by the Owner, the Design-Builder shall make a Claim as provided in Article 14.

§ 5.13.1.2 When separate contracts are awarded for different portions of the Project or other construction or operations on the site, the term "Design-Builder" in the Design-Build Documents in each case shall mean the individual or entity that executes each separate agreement with the Owner.

§ 5.13.1.3 The Owner shall provide for coordination of the activities of the Owner's own forces, and of each separate contractor, with the Work of the Design-Builder, who shall cooperate with them. The Design-Builder shall participate with other separate contractors and the Owner in reviewing their construction schedules. The Design-Builder shall make any revisions to the construction schedule deemed necessary after a joint review and mutual agreement. The construction schedules shall then constitute the schedules to be used by the Design-Builder, separate contractors and the Owner until subsequently revised.

§ 5.13.1.4 Unless otherwise provided in the Design-Build Documents, when the Owner performs construction or operations related to the Project with the Owner's own forces or separate contractors, the Owner shall be deemed to be subject to the same obligations, and to have the same rights, that apply to the Design-Builder under the Contract.

§ 5.14 Mutual Responsibility

§ 5.14.1 The Design-Builder shall afford the Owner and separate contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Design-Builder's construction and operations with theirs as required by the Design-Build Documents.

§ 5.14.2 If part of the Design-Builder's Work depends upon construction or operations by the Owner or a separate contractor, the Design-Builder shall, prior to proceeding with that portion of the Work, prepare a written report to the Owner, identifying apparent discrepancies or defects in the construction or operations by the Owner or separate contractor that would render it unsuitable for proper execution and results of the Design-Builder's Work. Failure of the Design-Builder to report shall constitute an acknowledgment that the Owner's or separate contractor's completed or partially completed construction is fit and proper to receive the Design-Builder's Work, except as to defects not then reasonably discoverable.

§ 5.14.3 The Design-Builder shall reimburse the Owner for costs the Owner incurs that are payable to a separate contractor because of the Design-Builder's delays, improperly timed activities or defective construction. The Owner shall be responsible to the Design-Builder for costs the Design-Builder incurs because of a separate contractor's delays, improperly timed activities, damage to the Work or defective construction.

§ 5.14.4 The Design-Builder shall promptly remedy damage the Design-Builder wrongfully causes to completed or partially completed construction or to property of the Owner or separate contractors as provided in Section 10.2.5.

§ 5.14.5 The Owner and each separate contractor shall have the same responsibilities for cutting and patching the Work as the Design-Builder has with respect to the construction of the Owner or separate contractors in Section 5.10.

§ 5.15 Owner's Right to Clean Up

If a dispute arises among the Design-Builder, separate contractors and the Owner as to the responsibility under their respective contracts for maintaining the premises and surrounding area free from waste materials and rubbish, the Owner may, after reasonable notice, clean up and will allocate the cost among those responsible.

ARTICLE 6 CHANGES IN THE WORK

§ 6.1 General

§ 6.1.1 Changes in the Work may be accomplished after execution of the Contract, and without invalidating the Contract, by Change Order or Change Directive, subject to the limitations stated in this Article 6 and elsewhere in the Design-Build Documents.

§ 6.1.2 A Change Order shall be based upon agreement between the Owner and Design-Builder. The Owner may issue a Change Directive without agreement by the Design-Builder.

§ 6.1.3 Changes in the Work shall be performed under applicable provisions of the Design-Build Documents, and the Design-Builder shall proceed promptly, unless otherwise provided in the Change Order or Change Directive.

§ 6.2 Change Orders

A

(Paragraphs deleted)

change order is a written order to the Design-Builder utilizing Form RD 1924-7, "Contract Change Order," signed by the Owner, Independent Inspector, Design-Builder, and the Agency representative. It is issued after the execution of the Contract, authorizing a change in the Work or an adjustment in the Contract Sum or the Contract Time. The Contract Sum and the Contract Time may be changed only by Change Order. The Design-Builder's signing of the change order indicates complete agreement therein.

§ 6.3 Change Directives

§ 6.3.1 A Change Directive is a written order signed by the Owner directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or, if prior to execution of the Design-Build Amendment, the adjustment in the Design-Builder's compensation, or Contract Time. The Owner may by Change Directive, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions or other revisions, the Contract Sum or, if prior to execution of the Design-Build Amendment, the adjustment in the Design-Builder's compensation, and Contract Time being adjusted accordingly. A Construction Change Directive may be used only for a change in response to an emergency, as described in Paragraph 10.4.

§ 6.3.2 A Change Directive shall be used in the absence of total agreement on the terms of a Change Order.

§ 6.3.3

(Paragraphs deleted)

Intentionally Deleted.

§ 6.3.4 If unit prices are stated in the Design-Build Documents or subsequently agreed upon, and if quantities originally contemplated are materially changed in a proposed Change Order or Change Directive so that application of such unit prices to quantities of Work proposed will cause substantial inequity to the Owner or Design-Builder, the applicable unit prices shall be equitably adjusted.

§ 6.3.5 Intentionally Deleted.

§ 6.3.6 A Change Directive signed by the Design-Builder indicates the Design-Builder's agreement therewith, including adjustment in Contract Sum or, if prior to execution of the Design-Build Amendment, the adjustment in the Design-Builder's compensation, and Contract Time or the method for determining them. Such agreement shall be effective immediately and shall be recorded as a Change Order.

§ 6.3.7

(Paragraphs deleted)

Intentionally Deleted.

User Notes: (913200243)

§ 6.3.8 The amount of credit to be allowed by the Design-Builder to the Owner for a deletion or change that results in a net decrease in the Contract Sum or, if prior to execution of the Design-Build Amendment, in the Design-Builder's compensation, shall be actual net cost (excluding Design-Builder's overhead or Fee). When both additions and credits covering related Work or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change.

§ 6.3.9 Pending final determination of the total cost of a Change Directive to the Owner, the Design-Builder may request payment for Work completed under the Change Directive in Applications for Payment. The Owner will make an interim determination for purposes of certification for payment for those costs deemed to be reasonably justified. The Owner's interim determination of cost shall adjust the Contract Sum or, if prior to execution of the Design-Build Amendment, the Design-Builder's compensation, on the same basis as a Change Order, subject to the right of Design-Builder to disagree and assert a Claim in accordance with Article 14.

§ 6.3.10 When the Owner and Design-Builder agree with a determination concerning the adjustments in the Contract Sum or, if prior to execution of the Design-Build Amendment, the adjustment in the Design-Builder's compensation and Contract Time, or otherwise reach agreement upon the adjustments, such agreement shall be effective immediately and the Owner and Design-Builder shall execute a Change Order. Change Orders may be issued for all or any part of a Change Directive.

ARTICLE 7 OWNER'S RESPONSIBILITIES

§ 7.1 General

§ 7.1.1 The Owner shall designate in writing a representative who shall have express authority to bind the Owner with respect to all Project matters requiring the Owner's approval or authorization. The Owner shall provide the Design-Builder with Agency standard Contract Document Guides.

§ 7.1.2 The Owner shall render decisions in a timely manner and in accordance with the Design-Builder's schedule agreed to by the Owner. The Owner shall furnish to the Design-Builder, within 15 days after receipt of a written request, information necessary and relevant for the Design-Builder to evaluate, give notice of or enforce mechanic's lien rights. Such information shall include a correct statement of the record legal title to the property on which the Project is located, usually referred to as the site, and the Owner's interest therein.

§ 7.2 Information and Services Required of the Owner

§ 7.2.1 The Owner shall furnish information or services required of the Owner by the Design-Build Documents with reasonable promptness.

§ 7.2.2 The Owner shall provide, to the extent under the Owner's control and if not required by the Design-Build Documents to be provided by the Design-Builder, the results and reports of prior tests, inspections or investigations conducted for the Project involving structural or mechanical systems; chemical, air and water pollution; hazardous materials; or environmental and subsurface conditions and information regarding the presence of pollutants at the Project site. Upon receipt of a written request from the Design-Builder, the Owner shall also provide surveys describing physical characteristics, legal limitations and utility locations for the site of the Project, and a legal description of the site under the Owner's control.

§ 7.2.3 The Owner shall promptly obtain easements, zoning variances, and legal authorizations or entitlements regarding site utilization where essential to the execution of the Project.

§ 7.2.4 The Owner shall cooperate with the Design-Builder in securing building and other permits, licenses and inspections.

§ 7.2.5 The services, information, surveys and reports required to be provided by the Owner under this Agreement, shall be furnished at the Owner's expense, and except as otherwise specifically provided in this Agreement or elsewhere in the Design-Build Documents or to the extent the Owner advises the Design-Builder to the contrary in writing, the Design-Builder shall be entitled to rely upon the accuracy and completeness thereof. In no event shall the Design-Builder be relieved of its responsibility to exercise proper precautions relating to the safe performance of the Work.

§ 7.2.6 If the Owner observes or otherwise becomes aware of a fault or defect in the Work or non-conformity with the Design-Build Documents, the Owner shall give prompt written notice thereof to the Design-Builder.

AIA Document A141™ – 2014. Copyright © 2004 and 2014 by The American Institute of Architects. All rights reserved. To report copyright violations, e-mail copyright@aia.org.
User Notes: (913200243)

§ 7.2.7 Prior to the execution of the Design-Build Amendment, the Design-Builder may request in writing that the Owner provide reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Design-Build Documents and the Design-Builder's Proposal. Thereafter, the Design-Builder may only request such evidence if (1) the Owner fails to make payments to the Design-Builder as the Design-Build Documents require; (2) a change in the Work materially changes the Contract Sum; or (3) the Design-Builder identifies in writing a reasonable concern regarding the Owner's ability to make payment when due. The Owner shall furnish such evidence as a condition precedent to commencement or continuation of the Work or the portion of the Work affected by a material change. After the Owner furnishes the evidence, the Owner shall not materially vary such financial arrangements without prior notice to the Design-Builder.

§ 7.2.8 Except as otherwise provided in the Design-Build Documents or when direct communications have been specially authorized, the Owner shall communicate through the Design-Builder with persons or entities employed or retained by the Design-Builder.

§ 7.2.9 Unless required by the Design-Build Documents to be provided by the Design-Builder, the Owner shall, upon request from the Design-Builder, furnish the services of geotechnical engineers or other consultants for investigation of subsurface, air and water conditions when such services are reasonably necessary to properly carry out the design services furnished by the Design-Builder. In such event, the Design-Builder shall specify the services required. Such services may include, but are not limited to, test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, ground corrosion and resistivity tests, and necessary operations for anticipating subsoil conditions. The services of geotechnical engineer(s) or other consultants shall include preparation and submission of all appropriate reports and professional recommendations.

§ 7.2.10 The Owner shall purchase and maintain insurance as set forth in Exhibit B.

§ 7.3 Submittals

§ 7.3.1 The Owner shall review and approve or take other appropriate action on Submittals. Review of Submittals is not conducted for the purpose of determining the accuracy and completeness of other details, such as dimensions and quantities; or for substantiating instructions for installation or performance of equipment or systems; or for determining that the Submittals are in conformance with the Design-Build Documents, all of which remain the responsibility of the Design-Builder as required by the Design-Build Documents. The Owner's action will be taken in accordance with the submittal schedule approved by the Owner or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time in the Owner's judgment to permit adequate review. The Owner's review of Submittals shall not relieve the Design-Builder of the obligations under Sections 3.1.11, 3.1.12, and 5.2.3. The Owner's review shall not constitute approval of safety precautions or, unless otherwise specifically stated by the Owner, of any construction means, methods, techniques, sequences or procedures. The Owner's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 7.3.2 Upon review of the Submittals required by the Design-Build Documents, the Owner shall notify the Design-Builder of any non-conformance with the Design-Build Documents the Owner discovers.

§ 7.4 Visits to the site by the Owner shall not be construed to create an obligation on the part of the Owner to make on-site inspections to check the quality or quantity of the Work. The Owner shall neither have control over or charge of, nor be responsible for, the construction means, methods, techniques, sequences or procedures, or for the safety precautions and programs in connection with the Work, because these are solely the Design-Builder's rights and responsibilities under the Design-Build Documents.

§ 7.5 The Owner shall not be responsible for the Design-Builder's failure to perform the Work in accordance with the requirements of the Design-Build Documents. The Owner shall not have control over or charge of, and will not be responsible for acts or omissions of the Design-Builder, Architect, Consultants, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work for the Design-Builder.

§ 7.6 The Owner has the authority to reject Work that does not conform to the Design-Build Documents. The Owner shall have authority to require inspection or testing of the Work in accordance with Section 15.5.2, whether or not such Work is fabricated, installed or completed. However, neither this authority of the Owner nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Owner to the Design-Builder, the Architect, Consultants, Subcontractors, material and equipment suppliers, their agents or employees, or other persons or entities performing portions of the Work.

User Notes: (913200243)

§ 7.7 The Owner shall determine the date or dates of Substantial Completion in accordance with Section 9.8 and the date of final completion in accordance with Section 9.10.

§ 7.8 Owner's Right to Stop Work

If the Design-Builder fails to correct Work which is not in accordance with the requirements of the Design-Build Documents as required by Section 11.2 or persistently fails to carry out Work in accordance with the Design-Build Documents, the Owner may issue a written order to the Design-Builder to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of the Owner to stop the Work shall not give rise to a duty on the part of the Owner to exercise this right for the benefit of the Design-Builder or any other person or entity, except to the extent required by Section 5.13.1.3.

§ 7.9 Owner's Right to Carry Out the Work

If the Design-Builder defaults or neglects to carry out the Work in accordance with the Design-Build Documents and fails within a ten-day period after receipt of written notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to other remedies the Owner may have, correct such deficiencies. In such case, an appropriate Change Order shall be issued deducting from payments then or thereafter due the Design-Builder the reasonable cost of correcting such deficiencies. If payments then or thereafter due the Design-Builder are not sufficient to cover such amounts, the Design-Builder shall pay the difference to the Owner.

ARTICLE 8 TIME

§ 8.1 Progress and Completion

§ 8.1.1 Time limits stated in the Design-Build Documents are of the essence of the Contract. By executing the Design-Build Amendment the Design-Builder confirms that the Contract Time is a reasonable period for performing the Work.

§ 8.1.2 The Design-Builder shall not, except by agreement of the Owner in writing, commence the Work prior to the effective date of insurance, other than property insurance, required by this Contract. The Contract Time shall not be adjusted as a result of the Design-Builder's failure to obtain insurance required under this Contract.

§ 8.1.3 The Design-Builder shall proceed expeditiously with adequate forces and shall achieve Substantial Completion within the Contract Time.

§ 8.2 Delays and Extensions of Time

§ 8.2.1 The Contract Time shall be extended, and Design-Builder shall be entitled to an increase in the Contract Sum for its additional General Conditions and increased costs of labor and materials that are attributable to one or more of the following Impacts. If the Design-Builder is delayed at any time in the commencement or progress of the Work by an act or neglect of the Owner or of a consultant or separate contractor employed by the Owner; or by changes ordered in the Work by the Owner; or by labor disputes, fire, unusual delay in deliveries, unavoidable casualties or other causes beyond the Design-Builder's control; disruptions in labor or materials resulting from a health crisis regardless of whether epidemic, pandemic or isolated to areas from which such labor and materials are supplied; or by delay authorized by the Owner pending mediation and binding dispute resolution or by other causes that the Owner determines may justify delay, then the Contract Time shall be extended by Change Order for such reasonable time as the Owner may determine. Any time gained by the Design-Builder on the Project Schedule shall not be offset against any delays as described herein.

§ 8.2.2 Claims relating to time shall be made in accordance with applicable provisions of Article 14.

§ 8.2.3 This Section 8.2 does not preclude recovery of damages for delay by either party under other provisions of the Design-Build Documents.

ARTICLE 9 PAYMENT APPLICATIONS AND PROJECT COMPLETION

§ 9.1 Contract Sum

The Contract Sum is stated in the Design-Build Amendment.

§ 9.2 Schedule of Values

Where the Contract Sum is based on a stipulated sum or Guaranteed Maximum Price, the Design-Builder, prior to the first Application for Payment after execution of the Design-Build Amendment shall submit to the Owner a schedule of values allocating the entire Contract Sum to the various portions of the Work and prepared in such form and supported by such data to

AIA Document A141™ – 2014. Copyright © 2004 and 2014 by The American Institute of Architects. All rights reserved. User Notes: (913200243)

substantiate its accuracy as the Owner may require. This schedule, unless objected to by the Owner, shall be used as a basis for reviewing the Design-Builder's Applications for Payment.

§ 9.3 Applications for Payment

§ 9.3.1 At least ten days before the date established for each progress payment, the Design-Builder shall submit to the Owner an itemized Application for Payment using AIA Document G-702, 'Application and Certificate for Payment' or Form RD 1924-18, 'Partial Payment Estimate', for completed portions of the Work. The application shall be notarized, if required, and supported by data substantiating the Design-Builder's right to payment as the Owner may require, such as copies of requisitions from the Architect, Consultants, Subcontractors, and material suppliers, and shall reflect retainage if provided for in the Design-Build Documents.

§ 9.3.1.1 As provided in Section 6.3.9, Applications for Payment may include requests for payment on account of changes in the Work that have been properly authorized by Change Directives, or by interim determinations of the Owner, but not yet included in Change Orders.

§ 9.3.1.2 Applications for Payment shall not include requests for payment for portions of the Work for which the Design-Builder does not intend to pay the Architect, Consultant, Contractor, material supplier, or other persons or entities providing services or work for the Design-Builder, unless such Work has been performed by others whom the Design-Builder intends to pay.

§ 9.3.1.2 The Design-Builder shall obtain Agency concurrence on all Applications of Payment before payment is made.

§ 9.3.2 Unless otherwise provided in the Design-Build Documents, payments shall be made for services provided as well as materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work. If approved in advance by the Owner, payment may similarly be made for materials and equipment suitably stored off the site at a location agreed upon in writing. Payment for materials and equipment stored on or off the site shall be conditioned upon compliance by the Design-Builder with procedures satisfactory to the Owner to establish the Owner's title to such materials and equipment or otherwise protect the Owner's interest, and shall include the costs of applicable insurance, storage and transportation to the site for such materials and equipment stored off the site.

§ 9.3.3 The Design-Builder warrants that title to all Work, other than Instruments of Service, covered by an Application for Payment will pass to the Owner no later than the time of payment. The Design-Builder further warrants that, upon submittal of an Application for Payment, all Work for which Certificates for Payment have been previously issued and payments received from the Owner shall, to the best of the Design-Builder's knowledge, information and belief, be free and clear of liens, claims, security interests or encumbrances in favor of the Design-Builder, Architect, Consultants, Subcontractors, material suppliers, or other persons or entities entitled to make a claim by reason of having provided labor, materials and equipment relating to the Work.

§ 9.4 Certificates for Payment

The Owner shall, within seven days after receipt of the Design-Builder's Application for Payment, issue to the Design-Builder a Certificate for Payment indicating the amount the Owner determines is properly due, and notify the Design-Builder in writing of the Owner's reasons for withholding certification in whole or in part as provided in Section 9.5.1. Agency concurrence is required on all Certificates of Payment before payment is made.

§ 9.5 Decisions to Withhold Certification

§ 9.5.1 The Owner may withhold a Certificate for Payment in whole or in part to the extent reasonably necessary to protect the Owner due to the Owner's determination that the Work has not progressed to the point indicated in the Design-Builder's Application for Payment, or the quality of the Work is not in accordance with the Design-Build Documents. If the Owner is unable to certify payment in the amount of the Application, the Owner will notify the Design-Builder as provided in Section 9.4. If the Design-Builder and Owner cannot agree on a revised amount, the Owner will promptly issue a Certificate for Payment for the amount that the Owner deems to be due and owing. The Owner may also withhold a Certificate for Payment or, because of subsequently discovered evidence, may nullify the whole or a part of a Certificate for Payment previously issued to such extent as may be necessary to protect the Owner from loss for which the Design-Builder is responsible because of

.1 defective Work, including design and construction, not remedied;

.2 third party claims filed or reasonable evidence indicating probable filing of such claims unless security acceptable to the Owner is provided by the Design-Builder or covered by insurance or basis of Change Order;

AIA Document A141™ – 2014. Copyright © 2004 and 2014 by The American Institute of Architects. All rights reserved. User Notes: (913200243)

.3 failure of the Design-Builder to make payments properly to the Architect, Consultants, Subcontractors or others, for services, labor, materials or equipment;

.4 reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum;

.5 damage to the Owner or a separate contractor not covered by insurance;

.6 reasonable evidence that the Work will not be completed within the Contract Time, and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay; or

.7 repeated failure to carry out the Work in accordance with the Design-Build Documents.

§ 9.5.2 When the above reasons for withholding certification are removed, certification will be made for amounts previously withheld.

§ 9.5.3 If the Owner withholds certification for payment under Section 9.5.1.3, the Owner may, at its sole option, issue joint checks to the Design-Builder and to the Architect or any Consultants, Contractor, material or equipment suppliers, or other persons or entities providing services or work for the Design-Builder to whom the Design-Builder failed to make payment for Work properly performed or material or equipment suitably delivered.

§ 9.6 Progress Payments

§ 9.6.1 After the Owner has issued a Certificate for Payment, the Owner shall make payment in the manner and within the time provided in the Design-Build Documents.

§ 9.6.2 The Design-Builder shall pay each Architect, Consultant, Contractor, and other person or entity providing services or work for the Design-Builder no later than the time period required by applicable law, but in no event more than seven days after receipt of payment from the Owner the amount to which the Architect, Consultant, Contractor, and other person or entity providing services or work for the Design-Builder is entitled, reflecting percentages actually retained from payments to the Design-Builder on account of the portion of the Work performed by the Architect, Consultant, Contractor, or other person or entity. The Design-Builder shall, by appropriate agreement with each Architect, Consultant, Contractor, and other person or entity providing services or work for the Design-Builder, require each Architect, Consultant, Contractor, and other person or entity providing services or work for the Design-Builder to make payments to subconsultants and subcontractors in a similar manner.

§ 9.6.3 The Owner will, on request and if practicable, furnish to the Architect, a Consultant, Contractor, or other person or entity providing services or work for the Design-Builder, information regarding percentages of completion or amounts applied for by the Design-Builder and action taken thereon by the Owner on account of portions of the Work done by such Architect, Consultant, Contractor or other person or entity providing services or work for the Design-Builder.

§ 9.6.4 The Owner has the right to request written evidence from the Design-Builder that the Design-Builder has properly paid the Architect, Consultants, Subcontractors, or other person or entity providing services or work for the Design-Builder, amounts paid by the Owner to the Design-Builder for the Work. If the Design-Builder fails to furnish such evidence within seven days, the Owner shall have the right to contact the Architect, Consultants, and Subcontractors to ascertain whether they have been properly paid. The Owner shall have no obligation to pay or to see to the payment of money to a Consultant or Contractor, except as may otherwise be required by law.

§ 9.6.5 Design-Builder payments to material and equipment suppliers shall be treated in a manner similar to that provided in Sections 9.6.2, 9.6.3 and 9.6.4.

§ 9.6.6 A Certificate for Payment, a progress payment, or partial or entire use or occupancy of the Project by the Owner shall not constitute acceptance of Work not in accordance with the Design-Build Documents.

§ 9.6.7 Unless the Design-Builder provides the Owner with a payment bond in the full penal sum of the Contract Sum, payments received by the Design-Builder for Work properly performed by the Architect, Consultants, Subcontractors and other person or entity providing services or work for the Design-Builder, shall be held by the Design-Builder for the Architect and those Consultants, Subcontractors, or other person or entity providing services or work for the Design-Builder, for which payment was made by the Owner. Nothing contained herein shall require money to be placed in a separate account and not commingled with money of the Design-Builder, shall create any fiduciary liability or tort liability on the part of the Design-Builder for breach of trust or shall entitle any person or entity to an award of punitive damages against the Design-Builder for breach of the requirements of this provision.

User Notes: (913200243)

§ 9.6.8 No progress payments will be made that deplete the retainage, place in escrow any funds that are required for retainage, or invest the retainage for the benefit of the Design-Builder.

§ 9.7 Failure of Payment

If the Owner does not issue a Certificate for Payment, through no fault of the Design-Builder, within the time required by the Design-Build Documents, then the Design-Builder may, upon ten (10) additional days' written notice to the Owner, stop the Work until payment of the amount owing has been received. The Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Design-Builder's reasonable costs of shut-down, delay and start-up, plus interest as provided for in the Design-Build Documents.

§ 9.8 Substantial Completion

§ 9.8.1 Substantial Completion is the stage in the progress of the Work when the Work or designated portion thereof is sufficiently complete in accordance with the Design-Build Documents so that the Owner can occupy or utilize the Work for its intended use. The date of Substantial Completion is the date certified by the Owner in accordance with this Section 9.8.

§ 9.8.2 When the Design-Builder considers that the Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Design-Builder shall prepare and submit to the Owner a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of the Design-Builder to complete all Work in accordance with the Design-Build Documents.

§ 9.8.3 Upon receipt of the Design-Builder's list, the Owner shall make an inspection to determine whether the Work or designated portion thereof is substantially complete. If the Owner's inspection discloses any item, whether or not included on the Design-Builder's list, which is not sufficiently complete in accordance with the Design-Build Documents so that the Owner can occupy or utilize the Work or designated portion thereof for its intended use, the Design-Builder shall, before issuance of the Certificate of Substantial Completion, complete or correct such item upon notification by the Owner. In such case, the Design-Builder shall then submit a request for another inspection by the Owner to determine Substantial Completion.

§ 9.8.4 Prior to issuance of the Certificate of Substantial Completion under Section 9.8.5, the Owner and Design-Builder shall discuss and then determine the parties' obligations to obtain and maintain property insurance following issuance of the Certificate of Substantial Completion.

§ 9.8.5 When the Work or designated portion thereof is substantially complete, the Design-Builder will prepare, in collaboration with the Agency Architect or Engineer, for the Owner's signature a Certificate of Substantial Completion that shall, upon the Owner's signature, establish the date of Substantial Completion; establish responsibilities of the Owner and Design-Builder for security, maintenance, heat, utilities, damage to the Work and insurance; and fix the time within which the Design-Builder shall finish all items on the list accompanying the Certificate. Warranties required by the Design-Build Documents shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

§ 9.8.6 The certificate of substantial completion shall be submitted by the Design-Builder to the Owner and the Agency for written acceptance of responsibilities assigned to it in the certificate. When the Work has been substantially completed, except for the work which cannot be completed because of weather conditions, lack of materials or other reasons, which, in the judgment of the Owner, are valid reasons for non-completion, the Owner may make additional payments, retaining at all times an amount sufficient to cover the estimated cost of the work still to be completed.

§ 9.9 Partial Occupancy or Use

§ 9.9.1 The Design-Builder agrees to the use and occupancy of a portion or unit of the Project before formal acceptance by the Owner under the following conditions:

9.9.1.1 A Certificate of Substantial Completion shall be prepared and executed as provided in subparagraph 9.8.4, except that when, in the opinion of the Inspecting Architect, the Design-Builder is chargeable with unwarranted delay in completing the Work or the Contract requirements, the signature of the Design-Builder will not be required. The Certificate of Substantial Completion shall be accompanied by copies of Design-Builder's insurance policies, written endorsements of the Design-Builder's insurance carrier, and the surety permitting occupancy by the Owner during the remaining period of the

Project Work. Occupancy and use by the Owner shall not commence until authorized by public authorities having jurisdiction over the Work.

9.9.1.2 Occupancy by the Owner shall not be construed by the Design-Builder as being an acceptance of that part of the Project to be occupied.

9.9.1.3 The Design-Builder shall not be held responsible for any damage to the occupied part of the Project resulting from the Owner's occupancy.

9.9.1.4 Occupancy by the Owner shall not be deemed to constitute a waiver of existing claims in behalf of the Owner or Design-Builder against each other.

9.9.1.5 If the Project consists of more than one building, and one of the buildings is to be occupied, the Owner, prior to occupancy of that building, shall secure permanent property insurance on the building to be occupied and necessary permits which may be required for use and occupancy.

§ 9.9.2 With the exception of clause 9.9.1.5, use and occupancy by the Owner prior to Project acceptance does not relieve the Design-Builder of the responsibility to maintain all insurance and bonds required of the Design-Builder under the Contract Documents until the Project is completed and accepted by the Owner. Immediately prior to such partial occupancy or use, the Owner and Design-Builder shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work.

§ 9.9.3 Unless otherwise agreed upon, partial occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Design-Build Documents.

§ 9.10 Final Completion and Final Payment

§ 9.10.1 Upon receipt of written notice that the Work is ready for final inspection and acceptance and upon receipt of a final Application for Payment, the Owner, Owner's Independent Inspector and Agency representative shall promptly make such inspection and, and when the Owner finds the Work acceptable under the Design-Build documents and fully performed, the Owner with Agency concurrence shall, subject to Section A.9.10.2, promptly make final payment to the Design-Builder.

§ 9.10.2 Neither final payment nor any remaining retained percentage shall become due until the Design-Builder submits to the Owner (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Work, for which the Owner or the Owner's property might be responsible or encumbered, (less amounts withheld by Owner) have been paid or otherwise satisfied, (2) a certificate evidencing that insurance required by the Design-Build Documents to remain in force after final payment is currently in effect, (3) a written statement that the Design-Builder knows of no substantial reason that the insurance will not be renewable to cover the period required by the Design-Build Documents, (4) consent of surety, if any, to final payment, (5) as-constructed record copy of the Construction Documents marked to indicate field changes and selections made during construction, (6) manufacturer's warranties, product data, and maintenance and operations manuals, and (7) if required by the Owner, other data establishing payment or satisfaction of obligations, such as receipts, or releases and waivers of liens, claims, security interests, or encumbrances, arising out of the Contract, to the extent and in such form as may be designated by the Owner.

§ 9.10.3 If, after Substantial Completion of the Work, final completion thereof is materially delayed through no fault of the Design-Builder or by issuance of Change Orders affecting final completion, the Owner shall, upon application by the Design-Builder, and without terminating the Contract, make payment of the balance due for that portion of the Work fully completed and accepted. If the remaining balance for Work not fully completed or corrected is less than retainage stipulated in the Design-Build Documents, and if bonds have been furnished, the written consent of surety to payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by the Design-Builder to the Owner prior to issuance of payment. Such payment shall be made under terms and conditions governing final payment, except that it shall not constitute a waiver of claims.

§ 9.10.4 The making of final payment shall constitute a waiver of Claims by the Owner except those arising from

- .1 liens, Claims, security interests or encumbrances arising out of the Contract and unsettled;
- .2 failure of the Work to comply with the requirements of the Design-Build Documents; or
- .3 terms of special warranties required by the Design-Build Documents.

User Notes: (913200243)

§ 9.10.5 Acceptance of final payment by the Design-Builder shall constitute a waiver of claims by the Design-Builder except those previously made in writing and identified by the Design-Builder as unsettled at the time of final Application for Payment.

ARTICLE 10 PROTECTION OF PERSONS AND PROPERTY

§ 10.1 Safety Precautions and Programs

The Design-Builder shall be responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the performance of the Contract.

§ 10.2 Safety of Persons and Property

§ 10.2.1 The Design-Builder shall be responsible for precautions for the safety of, and reasonable protection to prevent damage, injury or loss to

.1 employees on the Work and other persons who may be affected thereby;

.2 the Work and materials and equipment to be incorporated therein, whether in storage on or off the site, under care, custody or control of the Design-Builder or the Architect, Consultants, or Subcontractors, or other person or entity providing services or work for the Design-Builder; and

.3 other property at the site or adjacent thereto, such as trees, shrubs, lawns, walks, pavements, roadways, or structures and utilities not designated for removal, relocation or replacement in the course of construction.

§ 10.2.2 The Design-Builder shall comply with, and give notices required by, applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities, bearing on safety of persons or property, or their protection from damage, injury or loss.

§ 10.2.3 The Design-Builder shall implement, erect, and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards, promulgating safety regulations, and notify owners and users of adjacent sites and utilities of the safeguards and protections.

§ 10.2.4 When use or storage of explosives or other hazardous materials or equipment, or unusual methods, are necessary for execution of the Work, the Design-Builder shall exercise utmost care, and carry on such activities under supervision of properly qualified personnel.

§ 10.2.5 The Design-Builder shall promptly remedy damage and loss (other than damage or loss insured under property insurance required by the Design-Build Documents) to property referred to in Sections 10.2.1.2 and 10.2.1.3, caused in whole or in part by the Design-Builder, the Architect, a Consultant, a Contractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Design-Builder is responsible under Sections 10.2.1.2 and 10.2.1.3; except damage or loss attributable to acts or omissions of the Owner, or anyone directly or indirectly employed by the Owner, or by anyone for whose acts the Owner may be liable, and not attributable to the fault or negligence of the Design-Builder. The foregoing obligations of the Design-Builder are in addition to the Design-Builder's obligations under Section 3.1.14.

§ 10.2.6 The Design-Builder shall designate a responsible member of the Design-Builder's organization, at the site, whose duty shall be the prevention of accidents. This person shall be the Design-Builder's superintendent unless otherwise designated by the Design-Builder in writing to the Owner.

§ 10.2.7 The Design-Builder shall not permit any part of the construction or site to be loaded so as to cause damage or create an unsafe condition.

§ 10.2.8 **Injury or Damage to Person or Property.** If the Owner or Design-Builder suffers injury or damage to person or property because of an act or omission of the other, or of others for whose acts such party is legally responsible, written notice of the injury or damage, whether or not insured, shall be given to the other party within a reasonable time not exceeding 21 days after discovery. The notice shall provide sufficient detail to enable the other party to investigate the matter.

§ 10.3 Hazardous Materials

§ 10.3.1 The Design-Builder is responsible for compliance with any requirements included in the Design-Build Documents regarding hazardous materials. If the Design-Builder encounters a hazardous material or substance not addressed in the Design-Build Documents and if reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to

User Notes: (913200243)

persons resulting from a material or substance, including but not limited to asbestos or polychlorinated biphenyl (PCB), encountered on the site by the Design-Builder, the Design-Builder shall, upon recognizing the condition, immediately stop Work in the affected area and report the condition to the Owner in writing.

§ 10.3.2 Upon receipt of the Design-Builder's written notice, the Owner shall obtain the services of a licensed laboratory to verify the presence or absence of the material or substance reported by the Design-Builder and, in the event such material or substance is found to be present, to cause it to be rendered harmless. Unless otherwise required by the Design-Build Documents, the Owner shall furnish in writing to the Design-Builder the names and qualifications of persons or entities who are to perform tests verifying the presence or absence of such material or substance or who are to perform the task of removal or safe containment of such material or substance. The Design-Builder will promptly reply to the Owner in writing stating whether or not the Design-Builder has reasonable objection to the persons or entities proposed by the Owner. If the Design-Builder has an objection to a person or entity proposed by the Owner, the Owner shall propose another to whom the Design-Builder has no reasonable objection. When the material or substance has been rendered harmless, Work in the affected area shall resume upon written agreement of the Owner and Design-Builder. By Change Order, the Contract Time shall be extended appropriately and the Contract Sum shall be increased in the amount of the Design-Builder's reasonable additional costs of shut-down, delay and start-up.

§ 10.3.3 To the fullest extent permitted by law, the Owner shall indemnify and hold harmless the Design-Builder, the Architect, Consultants, and Subcontractors, and employees of any of them, from and against claims, damages, losses and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work in the affected area, if in fact the material or substance presents the risk of bodily injury or death as described in Section 10.3.1 and has not been rendered harmless, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to, or destruction of, tangible property (other than the Work itself), except to the extent that such damage, loss or expense is due to the fault or negligence of the party seeking indemnity.

§ 10.3.4 The Owner shall not be responsible under this Section 10.3 for materials or substances the Design-Builder brings to the site unless such materials or substances are required by the Owner's Criteria. The Owner shall be responsible for materials or substances required by the Owner's Criteria, except to the extent of the Design-Builder's fault or negligence in the use and handling of such materials or substances.

§ 10.3.5 The Design-Builder shall indemnify the Owner for the cost and expense the Owner incurs (1) for remediation of a material or substance the Design-Builder brings to the site and negligently handles, or (2) where the Design-Builder fails to perform its obligations under Section 10.3.1, except to the extent that the cost and expense are due to the Owner's fault or negligence.

§ 10.3.6 If, without negligence on the part of the Design-Builder, the Design-Builder is held liable by a government agency for the cost of remediation of a hazardous material or substance solely by reason of performing Work as required by the Design-Build Documents, the Owner shall indemnify the Design-Builder for all cost and expense thereby incurred.

§ 10.4 Emergencies

In an emergency affecting safety of persons or property, the Design-Builder shall act, at the Design-Builder's discretion, to prevent threatened damage, injury or loss.

ARTICLE 11 UNCOVERING AND CORRECTION OF WORK

§ 11.1 Uncovering of Work

The Owner may request to examine a portion of the Work that the Design-Builder has covered to determine if the Work has been performed in accordance with the Design-Build Documents. If such Work is in accordance with the Design-Build Documents, the Owner and Design-Builder shall execute a Change Order to adjust the Contract Time and Contract Sum, as appropriate. If such Work is not in accordance with the Design-Build Documents, the costs of uncovering and correcting the Work shall be at the Design-Builder's expense and the Design-Builder shall not be entitled to a change in the Contract Time unless the condition was caused by the Owner or a separate contractor in which event the Owner shall be responsible for payment of such costs and the Contract Time will be adjusted as appropriate.

§ 11.2 Correction of Work

§ 11.2.1 Before or After Substantial Completion. The Design-Builder shall promptly correct Work rejected by the Owner or failing to conform to the requirements of the Design-Build Documents, whether discovered before or after Substantial

Completion and whether or not fabricated, installed or completed. Costs of correcting such rejected Work, including additional testing and inspections, the cost of uncovering and replacement, and compensation for any design consultant employed by the Owner whose expenses and compensation were made necessary thereby, shall be at the Design-Builder's expense.

§ 11.2.2 After Substantial Completion

§ 11.2.2.1 In addition to the Design-Builder's obligations under Section 3.1.12, if, within one year after the date of Substantial Completion of the Work or designated portion thereof or after the date for commencement of warranties established under Section 9.9.1, or by terms of an applicable special warranty required by the Design-Build Documents, any of the Work is found not to be in accordance with the requirements of the Design-Build Documents, the Design-Builder shall correct it promptly after receipt of written notice from the Owner to do so unless the Owner has previously given the Design-Builder a written acceptance of such condition. The Owner shall give such notice promptly after discovery of the condition. During the one-year period for correction of the Work, if the Owner fails to notify the Design-Builder and give the Design-Builder an opportunity to make the correction, the Owner waives the rights to require correction by the Design-Builder and to make a claim for breach of warranty. If the Design-Builder fails to correct nonconforming Work within a reasonable time during that period after receipt of notice from the Owner, the Owner may correct it in accordance with Section 7.9.

§ 11.2.2.2 The one-year period for correction of Work shall be extended with respect to portions of Work first performed after Substantial Completion by the period of time between Substantial Completion and the actual completion of that portion of the Work.

§ 11.2.2.3 The one-year period for correction of Work shall not be extended by corrective Work performed by the Design-Builder pursuant to this Section 11.2.

§ 11.2.3 The Design-Builder shall remove from the site portions of the Work that are not in accordance with the requirements of the Design-Build Documents and are neither corrected by the Design-Builder nor accepted by the Owner.

§ 11.2.4 The Design-Builder shall bear the cost of correcting destroyed or damaged construction of the Owner or separate contractors, whether completed or partially completed, caused by the Design-Builder's correction or removal of Work that is not in accordance with the requirements of the Design-Build Documents.

§ 11.2.5 Nothing contained in this Section 11.2 shall be construed to establish a period of limitation with respect to other obligations the Design-Builder has under the Design-Build Documents. Establishment of the one-year period for correction of Work as described in Section 11.2.2 relates only to the specific obligation of the Design-Builder to correct the Work, and has no relationship to the time within which the obligation to comply with the Design-Build Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Design-Builder's liability with respect to the Design-Builder's obligations other than specifically to correct the Work.

§ 11.3 Acceptance of Nonconforming Work

If the Owner prefers to accept Work that is not in accordance with the requirements of the Design-Build Documents, the Owner may do so instead of requiring its removal and correction, in which case the Contract Sum will be reduced as appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

ARTICLE 12 COPYRIGHTS AND LICENSES

§ 12.1 Drawings, specifications, and other documents furnished by the Design-Builder, including those in electronic form, are Instruments of Service. The Design-Builder, and the Architect, Consultants, Subcontractors, and any other person or entity providing services or work for any of them, shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements, or for similar purposes in connection with the Project, is not to be construed as publication in derogation of the reserved rights of the Design-Builder and the Architect, Consultants, and Subcontractors, and any other person or entity providing services or work for any of them.

§ 12.2 The Design-Builder and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project.

User Notes: (913200243)

§ 12.3 Upon execution of the Agreement, the Design-Builder grants to the Owner a limited, irrevocable and non-exclusive license to use the Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner substantially performs its obligations, including prompt payment of all sums when due, under the Design-Build Documents. The license granted under this section permits the Owner to authorize its consultants and separate contractors to reproduce applicable portions of the Instruments of Service solely and exclusively for use in performing services or construction for the Project. If the Design-Builder rightfully terminates this Agreement for cause as provided in Section 13.1.4 or 13.2.1 the license granted in this Section 12.3 shall terminate.

§ 12.3.1 The Design-Builder shall obtain non-exclusive licenses from the Architect, Consultants, and Subcontractors, that will allow the Design-Builder to satisfy its obligations to the Owner under this Article 12. The Design-Builder's licenses from the Architect and its Consultants and Subcontractors shall also allow the Owner, in the event this Agreement is terminated for any reason other than the default of the Owner or in the event the Design-Builder's Architect, Consultants, or Subcontractors terminate their agreements with the Design-Builder for cause, to obtain a limited, irrevocable and non-exclusive license solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner (1) agrees to pay to the Architect, Consultant or Contractor all amounts due, and (2) provide the Architect, Consultant or Contractor with the Owner's written agreement to indemnify and hold harmless the Architect, Consultant or Contractor from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's alteration or use of the Instruments of Service.

§ 12.3.2 In the event the Owner alters the Instruments of Service without the author's written authorization or uses the Instruments of Service without retaining the authors of the Instruments of Service, the Owner releases the Design-Builder, Architect, Consultants, Subcontractors and any other person or entity providing services or work for any of them, from all claims and causes of action arising from or related to such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Design-Builder, Architect, Consultants, Subcontractors and any other person or entity providing services or work for any of them, from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's alteration or use of the Instruments of Service under this Section 12.3.2. The terms of this Section 12.3.2 shall not apply if the Owner rightfully terminates this Agreement for cause under Sections 13.1.4 or 13.2.2.

ARTICLE 13 TERMINATION OR SUSPENSION

§ 13.1 Termination or Suspension Prior to Execution of the Design-Build Amendment

§ 13.1.1 If the Owner fails to make payments to the Design-Builder for Work prior to execution of the Design-Build Amendment in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Design-Builder's option, cause for suspension of performance of services under this Agreement. If the Design-Builder elects to suspend the Work, the Design-Builder shall give seven days' written notice to the Owner before suspending the Work. In the event of a suspension of the Work, the Design-Builder shall have no liability to the Owner for delay or damage caused by the suspension of the Work. Before resuming the Work, the Design-Builder shall be paid all sums due prior to suspension and any expenses incurred in the interruption and resumption of the Design-Builder's Work. The Design-Builder's compensation for, and time to complete, the remaining Work shall be equitably adjusted.

§ 13.1.2 If the Owner suspends the Project, the Design-Builder shall be compensated for the Work performed prior to notice of such suspension. When the Project is resumed, the Design-Builder shall be compensated for expenses incurred in the interruption and resumption of the Design-Builder's Work. The Design-Builder's compensation for, and time to complete, the remaining Work shall be equitably adjusted.

§ 13.1.3 If the Owner suspends the Project for more than 90 cumulative days for reasons other than the fault of the Design-Builder, the Design-Builder may terminate this Agreement by giving not less than seven days' written notice.

§ 13.1.4 Either party may terminate this Agreement upon not less than seven days' written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

§ 13.1.5 The Owner may terminate this Agreement upon not less than seven days' written notice to the Design-Builder for the Owner's convenience and without cause.

User Notes: (913200243)

§ 13.1.6 In the event of termination not the fault of the Design-Builder, the Design-Builder shall be compensated for Work performed prior to termination, together with Reimbursable Expenses then due and any other expenses directly attributable to termination for which the Design-Builder is not otherwise compensated. In no event shall the Design-Builder's compensation under this Section 13.1.6 be greater than the compensation set forth in Section 2.1.

§ 13.2 Termination or Suspension Following Execution of the Design-Build Amendment

§ 13.2.1 Termination by the Design-Builder

§ 13.2.1.1 The Design-Builder may terminate the Contract if the Work is stopped for a period of 30 consecutive days through no act or fault of the Design-Builder, the Architect, a Consultant, or a Contractor, or their agents or employees, or any other persons or entities performing portions of the Work under direct or indirect contract with the Design-Builder, for any of the following reasons:

.1 Issuance of an order of a court or other public authority having jurisdiction that requires all Work to be stopped;

.2 An act of government, such as a declaration of national emergency that requires all Work to be stopped;

.3 Because the Owner has not issued a Certificate for Payment and has not notified the Design-Builder of the reason for withholding certification as provided in Section 9.5.1, or because the Owner has not made payment on a Certificate for Payment within the time stated in the Design-Build Documents; or

.4 The Owner has failed to furnish to the Design-Builder promptly, upon the Design-Builder's request, reasonable evidence as required by Section 7.2.7.

§ 13.2.1.2 The Design-Builder may terminate the Contract if, through no act or fault of the Design-Builder, the Architect, a Consultant, a Contractor, or their agents or employees or any other persons or entities performing portions of the Work under direct or indirect contract with the Design-Builder, repeated suspensions, delays or interruptions of the entire Work by the Owner as described in Section 13.2.3 constitute in the aggregate more than 100 percent of the total number of days scheduled for completion, or 120 days in any 365-day period, whichever is less.

§ 13.2.1.3 If one of the reasons described in Section 13.2.1.1 or 13.2.1.2 exists, the Design-Builder may, upon seven days' written notice to the Owner, terminate the Contract and recover from the Owner payment for Work executed, including reasonable overhead and profit, costs incurred by reason of such termination, and damages.

§ 13.2.1.4 If the Work is stopped for a period of 60 consecutive days through no act or fault of the Design-Builder or any other persons or entities performing portions of the Work under contract with the Design-Builder because the Owner has repeatedly failed to fulfill the Owner's obligations under the Design-Build Documents with respect to matters important to the progress of the Work, the Design-Builder may, upon seven additional days' written notice to the Owner, terminate the Contract and recover from the Owner as provided in Section 13.2.1.3.

§ 13.2.2 Termination by the Owner For Cause

§ 13.2.2.1 The Owner may terminate the Contract if the Design-Builder

.1 fails to submit the Proposal by the date required by this Agreement, or if no date is indicated, within a reasonable time consistent with the date of Substantial Completion;

.2 repeatedly refuses or fails to supply an Architect, or enough properly skilled Consultants, Subcontractors, or workers or proper materials;

.3 fails to make payment to the Architect, Consultants, or Subcontractors for services, materials or labor in accordance with their respective agreements with the Design-Builder;

.4 repeatedly disregards applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of a public authority; or

.5 is otherwise guilty of substantial breach of a provision of the Design-Build Documents.

§ 13.2.2.2 When any of the above reasons exist, the Owner may without prejudice to any other rights or remedies of the Owner and after giving the Design-Builder and the Design-Builder's surety, if any, seven days' written notice, terminate employment of the Design-Builder and may, subject to any prior rights of the surety:

.1 Exclude the Design-Builder from the site and take possession of all materials, equipment, tools, and construction equipment and machinery thereon owned by the Design-Builder;

.2 Accept assignment of the Architect, Consultant and Contractor agreements pursuant to Section 3.1.15; and

.3 Finish the Work by whatever reasonable method the Owner may deem expedient. Upon written request of the Design-Builder, the Owner shall furnish to the Design-Builder a detailed accounting of the costs incurred by the Owner in finishing the Work.

§ 13.2.2.3 When the Owner terminates the Contract for one of the reasons stated in Section 13.2.2.1, the Design-Builder shall not be entitled to receive further payment until the Work is finished.

§ 13.2.2.4 If the unpaid balance of the Contract Sum exceeds costs of finishing the Work and other damages incurred by the Owner and not expressly waived, such excess shall be paid to the Design-Builder. If such costs and damages exceed the unpaid balance, the Design-Builder shall pay the difference to the Owner. The obligation for such payments shall survive termination of the Contract.

§ 13.2.3 Suspension by the Owner for Convenience

§ 13.2.3.1 The Owner may, without cause, order the Design-Builder in writing to suspend, delay or interrupt the Work in whole or in part for such period of time as the Owner may determine.

§ 13.2.3.2 The Contract Sum and Contract Time shall be adjusted for increases in the cost and time caused by suspension, delay or interruption as described in Section 13.2.3.1. Adjustment of the Contract Sum shall include profit. No adjustment shall be made to the extent

.1 that performance is, was or would have been so suspended, delayed or interrupted by another cause for which the Design-Builder is responsible; or

.2 that an equitable adjustment is made or denied under another provision of the Contract.

§ 13.2.4 Termination by the Owner for Convenience

§ 13.2.4.1 The Owner may, at any time, terminate the Contract for the Owner's convenience and without cause.

§ 13.2.4.2 Upon receipt of written notice from the Owner of such termination for the Owner's convenience, the Design-Builder shall

.1 cease operations as directed by the Owner in the notice;

.2 take actions necessary, or that the Owner may direct, for the protection and preservation of the Work; and,

.3 except for Work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing Project agreements, including agreements with the Architect, Consultants, Subcontractors, and purchase orders, and enter into no further Project agreements and purchase orders.

§ 13.2.4.3 In case of such termination for the Owner's convenience, the Design-Builder shall be entitled to receive payment for Work executed, and costs incurred by reason of such termination, along with reasonable overhead and profit on the Work not executed.

ARTICLE 14 CLAIMS AND DISPUTE RESOLUTION

§ 14.1 Claims

§ 14.1.1 Definition. A Claim is a demand or assertion by one of the parties seeking, as a matter of right, payment of money, or other relief with respect to the terms of the Contract. The term "Claim" also includes other disputes and matters in question between the Owner and Design-Builder arising out of or relating to the Contract. The responsibility to substantiate Claims shall rest with the party making the Claim.

§ 14.1.2 Time Limits on Claims. The Owner and Design-Builder shall commence all claims and causes of action, whether in contract, tort, breach of warranty or otherwise, against the other, arising out of or related to the Contract in accordance with the requirements of the binding dispute resolution method selected in Section 1.3, within the time period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. The Owner and Design-Builder waive all claims and causes of action not commenced in accordance with this Section 14.1.2.

§ 14.1.3 Notice of Claims

§ 14.1.3.1 Prior To Final Payment. Prior to Final Payment, Claims by either the Owner or Design-Builder must be initiated by written notice to the other party within 21 days after occurrence of the event giving rise to such Claim or within 21 days after the claimant first recognizes the condition giving rise to the Claim, whichever is later.

§ 14.1.3.2 Claims Arising After Final Payment. After Final Payment, Claims by either the Owner or Design-Builder that have not otherwise been waived pursuant to Sections 9.10.4 or 9.10.5, must be initiated by prompt written notice to the other party. The

User Notes: (913200243)

notice requirement in Section 14.1.3.1 and the Initial Decision requirement as a condition precedent to mediation in Section 14.2.1 shall not apply.

§ 14.1.4 Continuing Contract Performance. Pending final resolution of a Claim, except as otherwise agreed in writing or as provided in Section 9.7 and Article 13, the Design-Builder shall proceed diligently with performance of the Contract and the Owner shall continue to make payments in accordance with the Design-Build Documents.

§ 14.1.5 Claims for Additional Cost. If the Design-Builder intends to make a Claim for an increase in the Contract Sum, written notice as provided herein shall be given before proceeding to execute the portion of the Work that relates to the Claim. Prior notice is not required for Claims relating to an emergency endangering life or property arising under Section 10.4.

§ 14.1.6 Claims for Additional Time

§ 14.1.6.1 If the Design-Builder intends to make a Claim for an increase in the Contract Time, written notice as provided herein shall be given. The Design-Builder's Claim shall include an estimate of cost and of probable effect of delay on progress of the Work. In the case of a continuing delay, only one Claim is necessary.

§ 14.1.6.2 If adverse weather conditions are the basis for a Claim for additional time, such Claim shall be documented by data substantiating that weather conditions were abnormal for the period of time, could not have been reasonably anticipated, and had an adverse effect on the scheduled construction.

§ 14.1.7 Claims for Consequential Damages

The Design-Builder and Owner waive Claims against each other for consequential damages arising out of or relating to this Contract. This mutual waiver includes

.1 damages incurred by the Owner for rental expenses, for losses of use, income, profit, financing, business and reputation, and for loss of management or employee productivity or of the services of such persons; and

.2 damages incurred by the Design-Builder for principal office expenses including the compensation of personnel stationed there, for losses of financing, business and reputation, and for loss of profit except anticipated profit arising directly from the Work.

This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination in accordance with Article 13. Nothing contained in this Section 14.1.7 shall be deemed to preclude an award of liquidated damages, when applicable, in accordance with the requirements of the Design-Build Documents.

§ 14.2 Initial Decision

§ 14.2.1 An initial decision shall be required as a condition precedent to mediation of all Claims between the Owner and Design-Builder initiated prior to the date final payment is due, excluding those arising under Sections 10.3 and 10.4 of the Agreement and Sections B.3.2.9 and B.3.2.10 of Exhibit B to this Agreement, unless 30 days have passed after the Claim has been initiated with no decision having been rendered. Unless otherwise mutually agreed in writing, the Owner shall render the initial decision on Claims.

§ 14.2.2 Procedure

§ 14.2.2.1 Claims Initiated by the Owner. If the Owner initiates a Claim, the Design-Builder shall provide a written response to Owner within ten days after receipt of the notice required under Section 14.1.3.1. Thereafter, the Owner shall render an initial decision within ten days of receiving the Design-Builder's response: (1) withdrawing the Claim in whole or in part, (2) approving the Claim in whole or in part, or (3) suggesting a compromise.

§ 14.2.2.2 Claims Initiated by the Design-Builder. If the Design-Builder initiates a Claim, the Owner will take one or more of the following actions within ten days after receipt of the notice required under Section 14.1.3.1: (1) request additional supporting data, (2) render an initial decision rejecting the Claim in whole or in part, (3) render an initial decision approving the Claim, (4) suggest a compromise or (5) indicate that it is unable to render an initial decision because the Owner lacks sufficient information to evaluate the merits of the Claim.

§ 14.2.3 In evaluating Claims, the Owner may, but shall not be obligated to, consult with or seek information from persons with special knowledge or expertise who may assist the Owner in rendering a decision. The retention of such persons shall be at the Owner's expense.

User Notes: (913200243)

§ 14.2.4 If the Owner requests the Design-Builder to provide a response to a Claim or to furnish additional supporting data, the Design-Builder shall respond, within ten days after receipt of such request, and shall either (1) provide a response on the requested supporting data, (2) advise the Owner when the response or supporting data will be furnished or (3) advise the Owner that no supporting data will be furnished. Upon receipt of the response or supporting data, if any, the Owner will either reject or approve the Claim in whole or in part.

§ 14.2.5 The Owner's initial decision shall (1) be in writing; (2) state the reasons therefor; and (3) identify any change in the Contract Sum or Contract Time or both. The initial decision shall be final and binding on the parties but subject to mediation and, if the parties fail to resolve their dispute through mediation, to binding dispute resolution.

§ 14.2.6 Either party may file for mediation of an initial decision at any time, subject to the terms of Section 14.2.6.1.

§ 14.2.6.1 Either party may, within 30 days from the date of an initial decision, demand in writing that the other party file for mediation within 60 days of the initial decision. If such a demand is made and the party receiving the demand fails to file for mediation within the time required, then both parties waive their rights to mediate or pursue binding dispute resolution proceedings with respect to the initial decision.

§ 14.2.7 In the event of a Claim against the Design-Builder, the Owner may, but is not obligated to, notify the surety, if any, of the nature and amount of the Claim. If the Claim relates to a possibility of a Design-Builder's default, the Owner may, but is not obligated to, notify the surety and request the surety's assistance in resolving the controversy.

§ 14.2.8 If a Claim relates to or is the subject of a mechanic's lien, the party asserting such Claim may proceed in accordance with applicable law to comply with the lien notice or filing deadlines.

§ 14.3 Mediation

§ 14.3.1 Claims, disputes, or other matters in controversy arising out of or related to the Contract, except those waived as provided for in Sections 9.10.4, 9.10.5, and 14.1.7, shall be subject to mediation as a condition precedent to binding dispute resolution.

§ 14.3.2 The parties shall endeavor to resolve their Claims by mediation which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of the Agreement. A request for mediation shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of binding dispute resolution proceedings but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If an arbitration proceeding is stayed pursuant to this Section 14.3.2, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

§ 14.3.3 The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction.

§ 14.4 Arbitration

§ 14.4.1 If the parties have selected arbitration as the method for binding dispute resolution in Section 1.3, any Claim subject to, but not resolved by, mediation may be subject to arbitration which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of the Agreement. A demand for arbitration shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the arbitration. The party filing a notice of demand for arbitration must assert in the demand all Claims then known to that party on which arbitration is permitted to be demanded.

§ 14.4.1.1 The arbitration provisions in this subsection may be initiated by either party to this Contract by filing with the other party a written request for arbitration. The other party may accept or reject the request by filing a written answering statement with the requesting party within fourteen (14) calendar days of the receipt of such request. If the request is accepted the provisions of this section shall apply. If the request is rejected or an answering statement is not filed within the fourteen (14) day period, the provisions in this subsection will not apply.

§ 14.4.1.2 Within fourteen (14) calendar days or any mutually agreeable time period thereafter, each party to this Contract will appoint one arbitrator. Within fourteen (14) calendar days or any mutually agreeable time period thereafter, the two arbitrators will select a third arbitrator. Failure to appoint an arbitrator within the mutually agreeable time periods will terminate further actions under this subsection.

§ 14.4.1.3 The arbitrators will select a hearing location as close to the Owner's locale as possible.

§ 14.4.2 The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction.

§ 14.4.3 The foregoing agreement to arbitrate, and other agreements to arbitrate with an additional person or entity duly consented to by parties to the Agreement, shall be specifically enforceable under applicable law in any court having jurisdiction thereof.

§ 14.4.4 Consolidation or Joinder

§ 14.4.4.1 Either party, at its sole discretion, may consolidate an arbitration conducted under this Agreement with any other arbitration to which it is a party provided that (1) the arbitration agreement governing the other arbitration permits consolidation, (2) the arbitrations to be consolidated substantially involve common questions of law or fact, and (3) the arbitrations employ materially similar procedural rules and methods for selecting arbitrator(s).

§ 14.4.4.2 Either party, at its sole discretion, may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in arbitration, provided that the party sought to be joined consents in writing to such joinder. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of any claim, dispute or other matter in question not described in the written consent.

§ 14.4.4.3 The Owner and Design-Builder grant to any person or entity made a party to an arbitration conducted under this Section 14.4, whether by joinder or consolidation, the same rights of joinder and consolidation as the Owner and Design-Builder under this Agreement.

ARTICLE 15 MISCELLANEOUS PROVISIONS

§ 15.1 Governing Law

The Contract shall be governed by the law of the place where the Project is located except that, if the parties have selected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 14.4.

§ 15.2 Successors and Assigns

§ 15.2.1 The Owner and Design-Builder, respectively, bind themselves, their partners, successors, assigns and legal representatives to the covenants, agreements and obligations contained in the Design-Build Documents. Except as provided in Section 15.2.2, neither party to the Contract shall assign the Contract as a whole without written consent of the other. If either party attempts to make such an assignment without such consent, that party shall nevertheless remain legally responsible for all obligations under the Contract. This Agreement will not become effective until concurred with in writing by the Agency. Such concurrence shall be evidenced by the signature of a duly authorized representative of the Agency in the space provided at the end of this attachment to the Agreement. The concurrence so evidenced by the Agency shall in no way commit the Agency to render financial assistance to the Owner and is without liability to the Agency for payment hereunder.

But in the event such financial assistance is provided, the Agency concurrence shall signify the provisions of this Agreement are consistent with the requirements of the Agency.

§ 15.2.2 The Owner may, without consent of the Design-Builder, assign the Contract to a lender providing construction financing for the Project, if the lender assumes the Owner's rights and obligations under the Design-Build Documents. The Design-Builder shall execute all consents reasonably required to facilitate such assignment.

§ 15.2.3 If the Owner requests the Design-Builder, Architect, Consultants, or Subcontractors to execute certificates, other than those required by Section 3.1.10, the Owner shall submit the proposed language of such certificates for review at least 14 days prior to the requested dates of execution. If the Owner requests the Design-Builder, Architect, Consultants, or Subcontractors to execute consents reasonably required to facilitate assignment to a lender, the Design-Builder, Architect, Consultants, or

AIA Document A141™ – 2014. Copyright © 2004 and 2014 by The American Institute of Architects. All rights reserved. User Notes: (913200243)

Subcontractors shall execute all such consents that are consistent with this Agreement, provided the proposed consent is submitted to them for review at least 14 days prior to execution. The Design-Builder, Architect, Consultants, and Subcontractors shall not be required to execute certificates or consents that would require knowledge, services or responsibilities beyond the scope of their services.

§ 15.3 Written Notice

Written notice shall be deemed to have been duly served if delivered in person to the individual, to a member of the firm or entity, or to an officer of the corporation for which it was intended; or if delivered at, or sent by registered or certified mail or by courier service providing proof of delivery to, the last business address known to the party giving notice.

§ 15.4 Rights and Remedies

§ 15.4.1 Duties and obligations imposed by the Design-Build Documents, and rights and remedies available thereunder, shall be in addition to and not a limitation of duties, obligations, rights and remedies otherwise imposed or available by law.

§ 15.4.2 No action or failure to act by the Owner or Design-Builder shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed in writing.

§ 15.5 Tests and Inspections

§ 15.5.1 Tests, inspections and approvals of portions of the Work shall be made as required by the Design-Build Documents and by applicable laws, statutes, ordinances, codes, rules and regulations or lawful orders of public authorities. Unless otherwise provided, the Design-Builder shall make arrangements for such tests, inspections and approvals with an independent testing laboratory or entity acceptable to the Owner, or with the appropriate public authority, and shall bear all related costs of tests, inspections and approvals. The Design-Builder shall give the Owner timely notice of when and where tests and inspections are to be made so that the Owner may be present for such procedures. The Owner shall bear costs of (1) tests, inspections or approvals that do not become requirements until after bids are received or negotiations concluded, and (2) tests, inspections or approvals where building codes or applicable laws or regulations prohibit the Owner from delegating their cost to the Design-Builder.

§ 15.5.2 If the Owner determines that portions of the Work require additional testing, inspection or approval not included under Section 15.5.1, the Owner will instruct the Design-Builder to make arrangements for such additional testing, inspection or approval by an entity acceptable to the Owner, and the Design-Builder shall give timely notice to the Owner of when and where tests and inspections are to be made so that the Owner may be present for such procedures. Such costs, except as provided in Section 15.5.3, shall be at the Owner's expense.

§ 15.5.3 If such procedures for testing, inspection or approval under Sections 15.5.1 and 15.5.2 reveal failure of the portions of the Work to comply with requirements established by the Design-Build Documents, all costs made necessary by such failure shall be at the Design-Builder's expense.

§ 15.5.4 Required certificates of testing, inspection or approval shall, unless otherwise required by the Design-Build Documents, be secured by the Design-Builder and promptly delivered to the Owner.

§ 15.5.5 If the Owner is to observe tests, inspections or approvals required by the Design-Build Documents, the Owner will do so promptly and, where practicable, at the normal place of testing.

§ 15.5.6 Tests or inspections conducted pursuant to the Design-Build Documents shall be made promptly to avoid unreasonable delay in the Work. Wood-frame construction will have microbial growth present as milled wood is a natural, nutrient-rich product and it is not practical to eliminate naturally occurring microbial growth during construction. Contractor shall not be liable for natural microbial growth during the course of construction. If Owner decides to remediate naturally occurring microbial growth, Owner agrees to do so at Owner's own expense and any delay to Contractor as a result of same shall entitle Contractor to additional Contract Time and General Conditions.

§ 15.6 Confidential Information

If the Owner or Design-Builder transmits Confidential Information, the transmission of such Confidential Information constitutes a warranty to the party receiving such Confidential Information that the transmitting party is authorized to transmit

AIA Document A141™ – 2014. Copyright © 2004 and 2014 by The American Institute of Architects. All rights reserved. User Notes: (913200243)

the Confidential Information. If a party receives Confidential Information, the receiving party shall keep the Confidential Information strictly confidential and shall not disclose it to any other person or entity except as set forth in Section 15.6.1.

§ 15.6.1 A party receiving Confidential Information may disclose the Confidential Information as required by law or court order, including a subpoena or other form of compulsory legal process issued by a court or governmental entity. A party receiving Confidential Information may also disclose the Confidential Information to its employees, consultants or contractors in order to perform services or work solely and exclusively for the Project, provided those employees, consultants and contractors are subject to the restrictions on the disclosure and use of Confidential Information as set forth in this Contract.

§ 15.7 Capitalization

Terms capitalized in the Contract include those that are (1) specifically defined, (2) the titles of numbered articles or (3) the titles of other documents published by the American Institute of Architects.

§ 15.8 Interpretation

§ 15.8.1 In the interest of brevity the Design-Build Documents frequently omit modifying words such as "all" and "any" and articles such as "the" and "an," but the fact that a modifier or an article is absent from one statement and appears in another is not intended to affect the interpretation of either statement.

§ 15.8.2 Unless otherwise stated in the Design-Build Documents, words which have well-known technical or construction industry meanings are used in the Design-Build Documents in accordance with such recognized meanings.

§ 15.9 EQUAL OPPORTUNITY REQUIREMENTS – Non-discrimination in Employment by Federally Assisted Construction Contractors, by Executive Order 11246.

§ 15.9.1 This section summarized Executive Order 11246, as amended, which prohibits employment discrimination and requires employers holding non-exempt Federal contracts and subcontracts and federally-assisted construction contracts and subcontracts in excess of $10,000 to take affirmative action to ensure equal employment opportunity without regard to race, color, religion, sex, or national origin. The Executive Order requires, as a condition for the approval of any federally assisted construction contract, that the applicant incorporate nondiscrimination and affirmative action clauses into its non-exempt federally assisted construction contracts.

§ 15.9.2 Executive Order 11246, as amended, is administered and enforced by the Office of Federal Contract Compliance Programs (OFCCP), an agency in the U.S. Department of Labor's Employment Standards Administration. OFCCP has issued regulations at 41 CFR chapter 60 implementing the Executive Order. The regulations at 41 CFR part 60-4 establish the procedures which the Agency, as an administering agency, must follow when making grants, contracts, loans, insurance or guarantees involving federally assisted construction which is not exempt from the requirements of Executive Order 11246. The regulations which apply to Federal or federally assisted construction contractors also are published at 41 CFR part 60-4.

§ 15.9.3 OFCCP has established numerical goals for minority and female utilization in construction work. The goals are expressed in percentage terms for the contractor's aggregate workforce in each trade. OFCCP has set goals for minority utilization based on the percentage of minorities in the civilian labor force in the relevant area. There is a single nationwide goal of 6.9 percent for utilization for women. The goals to all construction work in the covered geographic area, whether or not it is federal, federally assisted or non-federal. A notice advises bidders of the applicable goals for the area where the project is to be located.

§ 15.9.4 Application. This section applies to all of a construction contractor's or subcontractor's employees who are engaged in on-site construction including those construction employees who work on a non-Federal or non-Federally assisted construction site.

§ 15.9.4.1 Agency officials will notify the appropriate Regional Director of OFCCP that an Agency financed construction contract has been awarded, and that the equal opportunity clauses are included in the contract documents.

§ 15.7.4.2 The Regional Director, OFCCP-DOL, will enforce the non-discrimination requirements of Executive Order 11246.

User Notes: (913200243)

§ 15.9.4.3 The prospective contractor or subcontractor must comply with the Immigration Reform and Control Act of 1986 by completing and retaining Form I-9, "Employment Eligibility Verification," for employees hired. This form is available from the Immigration and Naturalization Service, and Department of Justice.

§ 15.9.4.4 The prospective contractor or subcontractor must submit Form RD 400-6, "Compliance Statement," to the applicant and an Agency official as part of the bid package, prior to any contract bid negotiations and comply with the Executive Order 11246 as stated in the contract documents.

§ 15.10 STATUTES

§ 15.10.1 The Design-Builder and each subcontractor shall comply with the following statutes (and the regulations issued pursuant thereto, which are incorporated herein by reference):

§ 15.10.2 The Design-Builder agrees to abide by the requirements of 2 CFR part 417 and under Executive Order 12549, which pertains to the debarment or suspension of a person from participating in a Federal program or activity. If the total compensation exceeds $25,000, the Design-Builder shall complete the relevant certification form provided by the Owner.

§ 15.10.3 If applicable, the Design-Builder shall comply with Section 319 of Public Law 101-121, as supplemented by the Department of Agriculture regulations (2 CFR part 418and DR 2400-5). This Law pertains to restrictions on lobbying and applies to the recipients of Contracts and Subcontracts that exceed $100,000 at any tier under a Federal loan that exceeds $150,000 or a Federal grant that exceeds $100,000. If applicable, the Design-Builder must complete a certification form on lobbying activities related to a specific Federal loan or grant that is a funding for this Contract. The certification and disclosure forms shall be provided by the Owner.

§ 15.10.4 Copeland Anti-Kickback Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR part 3). This Act provides that each Contractor shall be prohibited from inducing, by any means, any person in connection with the construction to give up any part of the compensation to which the person is otherwise entitled.

§ 15.10.5 Clean Air Act (42 U.S.C. 7414), section 114, and the Water Pollution Control Act (33 U.S.C. 1813), section 308. Under Executive Order 11738 and Environmental Protection Agency (EPA) regulations 40 CFR part 15, all Contracts in excess of $100,000 are required to comply with these Acts. The Acts require the Contractor to:

§ 15.10.5.1 Notify the Owner of the receipt of any communication from EPA indicating that a facility to be utilized in the performance of the Contract is under consideration to be listed on the EPA list of Violating Facilities,

§ 15.10.5.2 Certify that any facility to be utilized in the work by any nonexempt contractor or subcontractor is not listed on the EPA list of Violating Facilities as of the date of the Contract Award.

§ 15.10.5.3 Include or cause to be included the above criteria and requirements of clauses A.13.3.5.1 and A.13.3.5.2 in every nonexempt Subcontract, and that the Contractor will take such actions as the Agency may direct as a means of enforcing such provisions.

§ 15.10.6 The Contractor shall be required to comply with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 333) entitle "Safety and Health Regulations for Construction" (29 CFR Part 1926) to the extent that any resulting Contract involves construction.

§ 15.11 ENVIRONMENTAL REQUIREMENTS

§ 15.11.1 Mitigation Measures – The Design-Builder shall comply with applicable mitigation measures established in the environmental assessment for the project. These may be obtained from the Agency representative.

§ 15.11.2 The Design-Builder, when constructing a Project involving trenching, excavating, or other earth moving activity, shall comply with the following environmental constraints:

§ 15.11.2.1 Endangered Species, Historic Preservation, Human Remains and Cultural Items, Hazardous Materials, and Paleontology – Any excavation or other earth moving activity by the Design-Builder that provides evidence of the presence of

endangered or threatened species or their critical habitat, uncovers a historical or archaeological artifact, human remains or cultural items, hazardous materials, a fossil or other paleontological materials will require the Design-Builder to:

.1 Temporarily stop work;
.2 Provide immediate notice to the Architect and the Agency, and in the case of potentially hazardous materials, provide immediate notice to local first responders and take such measures as necessary to protect the public and workers;
.3 Take reasonable measures as necessary to protect the discovered materials or protected resource;
.4 Abide by such direction as provided by the Agency, or Agencies responsible for resource protection or hazardous materials management; and
.5 Resume work only upon notice from the Architect and the Agency.

§ 15.12 Compliance with all Federal, State, and local requirements effective on the contract execution date will be the responsibility of the Design-Builder.

15.13 RECORDS

§ 15.13.1 If the Contract is based on a negotiated Bid, the Owner, the United States Department of Agriculture, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the Design-Builder which are directly pertinent to a specific Federal loan program for the purpose of making audit, examination, excerpts, and transcriptions. The Design-Builder shall maintain records for at least three years after the Owner makes final payment and all other pending matters are closed.

ARTICLE 16 SCOPE OF THE AGREEMENT

§ 16.1 This Agreement is comprised of the following documents listed below:

.1 AIA Document A141™–2014, Standard Form of Agreement Between Owner and Design-Builder
.2 AIA Document A141™–2014, Exhibit A.1, Preliminary Design Amendment Phase 1B, if executed
.3 AIA Document A141™–2014, Exhibit A, Design-Build Amendment, if executed
.4 AIA Document A141™–2014, Exhibit B, Insurance and Bonds
.5 , or the following:

Exhibit C, Design-Builder's Key Team Members Hourly Rates

.6 Other:

AIA Document A312™ – 2010, Performance Bond
AIA Document A312™ – 2010, Payment Bond
Compliance Statement (Form RD 400-6)
Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions (Form AD 1048)
Disclosure of Lobbying Activities (SF-LLL)
Certification for Contracts, Grants and Loans (RD Instruction 1940-Q, Exhibit A-1)

§ A.1.2.2 The Stipulated Sum is based upon the following Preliminary Design Services , which are described in the Design-Build Documents and are hereby accepted by the Owner:

« Continuation of Preliminary Design Services Phase 1B: “ “ »

§ A.1.5 Payments
§ A.1.5.1 Progress Payments
§ A.1.5.1.1 Based upon Applications for Payment submitted to the Owner by the Design-Builder, the Owner shall make progress payments on account of the Contract Sum to the Design-Builder as provided below and elsewhere in the Design-Build Documents.

§ A.1.5.1.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month, and as follows:

« For completion of the Phase 1B services to be performed prior to the execution of the Design Build Amendment, and as stipulated in Article 2 of the Agreement. »

ARTICLE A.2 CONTRACT TIME
§ A.2.1 Contract Time, as defined in the Agreement at Section 1.4.13, is the period of time, including authorized adjustments, for Substantial Completion of the Work.

§ A.2.2 The Design-Builder shall be allowed a duration as defined below for Phase 1B services.

«Phase 1B Services shall be completed “…” (##) days after Execution of this Amendment and Notice to Proceed by Owner. »

ARTICLE A.3 INFORMATION UPON WHICH AMENDMENT IS BASED
§ A.3.1 The Contract Sum and Contract Time set forth in this Amendment are based on the following:

«Phase 1B Proposal Attached as Exhibit A to this Amendment. »

This Amendment to the Agreement entered into as of the day and year first written above.

ARTICLE A.1 CONTRACT SUM

§ A.1.1 The Owner shall pay the Design-Builder the Contract Sum in current funds for the Design-Builder's performance of the Contract after the execution of this Amendment. The Contract Sum shall be one of the following and shall not include compensation the Owner paid the Design-Builder for Work performed prior to execution of this Amendment:

(Check the appropriate box.)

[«X »] Cost of the Work plus the Design-Builder's Fee with a Guaranteed Maximum Price, in accordance with Section A.1.4 below

§ A.1.2 Cost of the Work Plus Design-Builder's Fee With a Guaranteed Maximum Price

§ A.1.2.1 The Cost of the Work is as defined in Article A.5, Cost of the Work.

§ A.1.2.2 The Design-Builder's Fee:

(A percentage of the Cost of the Work with provision for determining the Design-Builder's Fee and the method for adjustment to the Fee for changes in the Work.)

«Shall be Four- and One-Half percent (4.5%) of the Cost of the Work, as adjusted in accordance below.

Design-Builder's Fee will be adjusted as follows for any changes in the Work:

For additive Change Orders, including additive Change Orders arising from both additive and deductive items, it is agreed that Design-Builder shall receive a Fee of Four- and One-Half percent (4.5%) of the additional Costs of the Work incurred for that Change Order,

For deductive Change Orders, including deductive Change Orders arising from both additive and deductive items, Design-Builder's Fee shall not be reduced »

§ A.1.2.3 Guaranteed Maximum Price

§ A.1.2.3.1 The sum of the Cost of the Work and the Design-Builder's Fee is guaranteed by the Design-Builder not to exceed « » ($ « »), subject to additions and deductions for changes in the Work as provided in the Design-Build Documents.

(Insert specific provisions if the Design-Builder is to participate in any savings.)

« If the sum of the actual Cost of the Work and Design-Builder's Fee (and, if applicable, any prices established under Section A.1.2.3.4 hereof) is less than the GMP, as such GMP may have been adjusted over the course of the Project, the difference ("Savings") shall be shared as follows:

TBD percent (**TBD**%) to Design-Builder and **TBD** percent (**TBD**%) to Owner.

Savings shall be calculated and paid as part of Final Payment under A.1.3.3 hereof, with the understanding that to the extent Design-Builder incurs costs after Final Completion which would have been payable to Design-Builder as a Cost of the Work, the parties shall recalculate the Savings in light of the costs so incurred, and Design-Builder shall be paid by Owner accordingly. »

§ A.1.2.3.2 Itemized Statement of the Guaranteed Maximum Price

Provided below is an itemized statement of the Guaranteed Maximum Price organized by trade categories, allowances, contingencies, alternates, the Design-Builder's Fee, and other items that comprise the Guaranteed Maximum Price. Notwithstanding itemization, there is one overall Guaranteed Maximum Price and the individual line items are not separate price maximums. The Design-Builder shall be permitted to reallocate the individual line items and to provide an updated Schedule of Values to the Owner that reflects any such reallocation at its sole discretion, provided that it does not exceed the Guaranteed Maximum Price. *(Provide an attachment.)*

«Exhibit A Guaranteed Maximum Price Statement »

User Notes: (1932224331)

§ A.1.2.3.3 The Guaranteed Maximum Price is based on the following alternates, if any, which are described in the Design-Build Documents and are hereby accepted by the Owner:

« Exhibit B Basis of Guaranteed Maximum Price »

§ A.1.2.3.4 Unit Prices, if any:
(Identify item, state the unit price, and state any applicable quantity limitations.)

Item	Units and Limitations	Price per Unit ($0.00)
TBD	TBD	TBD

§ A.1.2.3.5 Assumptions, if any, on which the Guaranteed Maximum Price is based:

« Exhibit B Basis of Guaranteed Maximum Price
Exhibit D Baseline Project Schedule »

§ A.1.3 Payments
§ A.1.3.1 Progress Payments
§ A.1.3.1.1 Based upon Applications for Payment submitted to the Owner by the Design-Builder, the Owner shall make progress payments on account of the Contract Sum to the Design-Builder as provided below and elsewhere in the Design-Build Documents.

§ A.1.3.1.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month.

«And as Section 2.1.4 of the Agreement. »

§ A.1.3.1.3 Provided that an Application for Payment is received not later than the «last» day of the month, the Owner shall make payment of the certified amount to the Design-Builder not later than the «last» day of the «following » month. If an Application for Payment is received by the Owner after the application date fixed above, payment shall be made by the Owner not later than «Sixty » («60») days after the Owner receives the Application for Payment.
(Federal, state or local laws may require payment within a certain period of time.)

§ A.1.3.1.4 With each Application for Payment where the Contract Sum is based upon the Cost of the Work, or the Cost of the Work with a Guaranteed Maximum Price, the Design-Builder shall submit payrolls, petty cash accounts, receipted invoices or invoices with check vouchers attached, and any other evidence required by the Owner to demonstrate that cash disbursements already made by the Design-Builder on account of the Cost of the Work equal or exceed (1) progress payments already received by the Design-Builder, less (2) that portion of those payments attributable to the Design-Builder's Fee; plus (3) payrolls for the period covered by the present Application for Payment.

§ A.1.3.1.5 With each Application for Payment where the Contract Sum is based upon a Stipulated Sum or Cost of the Work with a Guaranteed Maximum Price, the Design-Builder shall submit the most recent schedule of values in accordance with the Design-Build Documents. The schedule of values shall allocate the entire Contract Sum among the various portions of the Work. Compensation for design services, if any, shall be shown separately. Where the Contract Sum is based on the Cost of the Work with a Guaranteed Maximum Price, the Design-Builder's Fee shall be shown separately. The schedule of values shall be prepared in such form and supported by such data to substantiate its accuracy as the Owner may require. This schedule of values, unless objected to by the Owner, shall be used as a basis for reviewing the Design-Builder's Applications for Payment.

§ A.1.3.1.6 In taking action on the Design-Builder's Applications for Payment, the Owner shall be entitled to rely on the accuracy and completeness of the information furnished by the Design-Builder and shall not be deemed to have made a detailed examination, audit or arithmetic verification of the documentation submitted in accordance with Sections A.1.3.1.4 or A.1.3.1.5, or other supporting data; to have made exhaustive or continuous on-site inspections; or to have made examinations to ascertain how or for what purposes the Design-Builder has used amounts previously paid. Such examinations, audits and verifications, if required by the Owner, will be performed by the Owner's auditors acting in the sole interest of the Owner.

User Notes: (1932224331)

§ A.1.3.1.7 Except with the Owner's prior approval, the Design-Builder shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

§ A.1.3.2 Progress Payments—Cost of the Work Plus a Fee with a Guaranteed Maximum Price

§ A.1.3.2.1 Applications for Payment where the Contract Sum is based upon the Cost of the Work Plus a Fee with a Guaranteed Maximum Price shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment. The percentage of completion shall be the lesser of (1) the percentage of that portion of the Work which has actually been completed; or (2) the percentage obtained by dividing (a) the expense that has actually been incurred by the Design-Builder on account of that portion of the Work for which the Design-Builder has made or intends to make actual payment prior to the next Application for Payment by (b) the share of the Guaranteed Maximum Price allocated to that portion of the Work in the schedule of values.

§ A.1.3.2.2 Subject to other provisions of the Design-Build Documents, the amount of each progress payment shall be computed as follows:

.1 Take that portion of the Guaranteed Maximum Price properly allocable to completed Work as determined by multiplying the percentage of completion of each portion of the Work by the share of the Guaranteed Maximum Price allocated to that portion of the Work in the schedule of values. Pending final determination of cost to the Owner of changes in the Work, amounts not in dispute shall be included as provided in Section 6.3.9 of the Agreement.

.2 Add that portion of the Guaranteed Maximum Price properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work, or if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing;

.3 Add the Design-Builder's Fee, less retainage of «Five» percent (« 5 » %). The Design-Builder's Fee shall be computed upon the Cost of the Work at the rate stated in Section A.1.2.2 or, if the Design-Builder's Fee is stated as a fixed sum in that Section, shall be an amount that bears the same ratio to that fixed-sum fee as the Cost of the Work bears to a reasonable estimate of the probable Cost of the Work upon its completion;

.4 Subtract retainage of «Five » percent (« 5 » %) from that portion of the Work that the Design-Builder self-performs;

.5 Subtract the aggregate of previous payments made by the Owner;

.6 Subtract the shortfall, if any, indicated by the Design-Builder in the documentation required by Section A.1.3.1.4 to substantiate prior Applications for Payment, or resulting from errors subsequently discovered by the Owner's auditors in such documentation; and

.7 Subtract amounts, if any, for which the Owner has withheld or nullified a payment as provided in Section 9.5 of the Agreement.

§ A.1.3.2.3 The Owner and Design-Builder shall agree upon (1) a mutually acceptable procedure for review and approval of payments to the Architect, Consultants, and Contractors and (2) the percentage of retainage held on agreements with the Architect, Consultants, and Contractors; and the Design-Builder shall execute agreements in accordance with those terms.

§ A.1.3.3 Final Payment

§ A.1.3.3.1 Final payment, constituting the entire unpaid balance of the Contract Sum, shall be made by the Owner to the Design-Builder not later than 30 days after the Design-Builder has fully performed the Contract and the requirements of Section 9.10 of the Agreement have been satisfied, except for the Design-Builder's responsibility to correct non-conforming Work discovered after final payment or to satisfy other requirements, if any, which extend beyond final payment.

§ A.1.3.3.2 If the Contract Sum is based on the Cost of the Work, the Owner's auditors will review and report in writing on the Design-Builder's final accounting within 30 days after the Design-Builder delivers the final accounting to the Owner. Based upon the Cost of the Work the Owner's auditors report to be substantiated by the Design-Builder's final accounting, and provided the other conditions of Section 9.10 of the Agreement have been met, the Owner will, within seven days after receipt of the written report of the Owner's auditors, either issue a final Certificate for Payment, or notify the Design-Builder in writing of the reasons for withholding a certificate as provided in Section 9.5.1 of the Agreement.

ARTICLE A.2 CONTRACT TIME

§ A.2.1 Contract Time, as defined in the Agreement at Section 1.4.13, is the period of time, including authorized adjustments, for Substantial Completion of the Work.

§ A.2.2 The Design-Builder shall achieve Substantial Completion of the Work not later than « » (« ») days from the date of Commencement:
(Insert number of calendar days..)

«The Date of Commencement shall be ten (10) days after Design-Builder's receipt of the latter of the following:
a. Fully executed Design-Build Amendment.
b. Reasonable evidence of funding satisfactory to Design-Builder.
c. Issuance of Site Permit, Building Permit, and any other permits required to commence the Work and maintain unhindered progress.
d. Design-Builder's receipt of Owner's Notice to Proceed with the Construction Phase Services. »

, subject to adjustments of the Contract Time as provided in the Design-Build Documents.

«And as provided in Section 1.1.7.4 of the Agreement. »

ARTICLE A.3 INFORMATION UPON WHICH AMENDMENT IS BASED

§ A.3.1 The Contract Sum and Contract Time set forth in this Amendment are based on the following:

§ A.3.1.1 The Supplementary and other Conditions of the Contract:

Document	Title	Date	Pages

§ A.3.1.2 The Specifications:
(Exhibit attached to this Amendment.)

« Exhibit C Enumeration of Documents »

§ A.3.1.3 The Drawings:
(Exhibit attached to this Amendment.)

« Exhibit C Enumeration of Documents »

§ A.3.1.4 The Sustainability Plan, if any:
(If the Owner identified a Sustainable Objective in the Owner's Criteria, identify the Sustainability Plan. The Sustainability Plan identifies and describes the Sustainable Objective; the targeted Sustainable Measures; implementation strategies selected to achieve the Sustainable Measures; the Owner's and Design-Builder's roles and responsibilities associated with achieving the Sustainable Measures; the specific details about design reviews, testing or metrics to verify achievement of each Sustainable Measure; and the Sustainability Documentation required for the Project.)

« »

§ A.3.1.5 Allowances and Contingencies:
(Identify any agreed upon allowances and contingencies.)

.1 Allowances

« »

.2 Contingencies

ARTICLE A.4 DESIGN-BUILDER'S PERSONNEL AND CONSULTANT

§ A.4.1 The Design-Builder's key personnel are identified below:
(Identify name, title and contact information.)

.1 Superintendent

« »

.2 Project Manager

« »

§ A.4.2 The Design-Builder shall retain the following Consultants, identified within the Section 1.1.8 of the Agreement.

ARTICLE A.5 COST OF THE WORK

§ A.5.1 Cost To Be Reimbursed as Part of the Contract

§ A.5.1.1 Labor Costs

§ A.5.1.1.1 Wages of construction workers directly employed by the Design-Builder to perform the construction of the Work at the site or, at locations off-site.

§ A.5.1.1.2 Wages or salaries of the Design-Builder's supervisory and administrative personnel when stationed at the site or working off-Site to assist in the production or transportation of material and equipment necessary for the Work.

§ A.5.1.1.3 Wages and salaries of the Design-Builder's supervisory or administrative personnel engaged at factories, workshops or on the road, in expediting the production or transportation of materials or equipment required for the Work, but only for that portion of their time required for the Work.

§ A.5.1.1.4 Costs paid or incurred by the Design-Builder for taxes, insurance, contributions, assessments and benefits required by law or collective bargaining agreements and, for personnel not covered by such agreements, customary benefits such as sick leave, medical and health benefits, holidays, vacations and pensions, provided such costs are based on wages and salaries included in the Cost of the Work under Section A.5.1.1.

§ A.5.1.1.5 Bonuses, profit sharing, incentive compensation and any other discretionary payments paid to anyone hired by the Design-Builder or paid to the Architect or any Consultant, Contractor or supplier, with the Owner's prior approval.

§ A.5.1.2 Contract Costs. Payments made by the Design-Builder to the Architect, Consultants, Subcontractors and suppliers in accordance with the requirements of their subcontracts.

User Notes: (1932224331)

§ A.5.1.3 Costs of Materials and Equipment Incorporated in the Completed Construction

§ A.5.1.3.1 Costs, including transportation and storage, of materials and equipment incorporated or to be incorporated in the completed construction.

§ A.5.1.3.2 Costs of materials described in the preceding Section A.5.1.3.1 in excess of those actually installed to allow for reasonable waste and spoilage. Unused excess materials, if any, shall become the Owner's property at the completion of the Work or, at the Owner's option, shall be sold by the Design-Builder. Any amounts realized from such sales shall be credited to the Owner as a deduction from the Cost of the Work.

§ A.5.1.4 Costs of Other Materials and Equipment, Temporary Facilities and Related Items

§ A.5.1.4.1 Costs of transportation, storage, installation, maintenance, dismantling and removal of materials, supplies, temporary facilities, machinery, equipment and hand tools not customarily owned by construction workers that are provided by the Design-Builder at the site and fully consumed in the performance of the Work. Costs of materials, supplies, temporary facilities, machinery, equipment and tools that are not fully consumed shall be based on the cost or value of the item at the time it is first used on the Project site less the value of the item when it is no longer used at the Project site. Costs for items not fully consumed by the Design-Builder shall mean fair market value.

§ A.5.1.4.2 Rental charges for temporary facilities, machinery, equipment and hand tools not customarily owned by construction workers that are provided by the Design-Builder at the site and costs of transportation, installation, minor repairs, dismantling and removal. The total rental cost of any Design-Builder-owned item may not exceed the purchase price of any comparable item. Rates of Design-Builder-owned equipment and quantities of equipment shall be subject to the Owner's prior approval.

§ A.5.1.4.3 Costs of removal of debris from the site of the Work and its proper and legal disposal.

§ A.5.1.4.4 Costs of document reproductions, electronic communications, postage and parcel delivery charges, dedicated data and communications services, teleconferences, Project websites, extranets and reasonable petty cash expenses of the site office.

§ A.5.1.4.5 Costs of materials and equipment suitably stored off the site at a mutually acceptable location, with the Owner's prior approval.

§ A.5.1.5 Miscellaneous Costs

§ A.5.1.5.1 Premiums for that portion of insurance and bonds required by the Design-Build Documents that can be directly attributed to the Contract. With the Owner's prior approval self-insurance for either full or partial amounts of the coverages required by the Design-Build Documents.

§ A.5.1.5.2 Sales, use or similar taxes imposed by a governmental authority that are related to the Work and for which the Design-Builder is liable.

§ A.5.1.5.3 Fees and assessments for the building permit and for other permits, licenses and inspections for which the Design-Builder is required by the Design-Build Documents to pay.

§ A.5.1.5.4 Fees of laboratories for tests required by the Design-Build Documents, except those related to defective or nonconforming Work for which reimbursement is excluded by Section 15.5.3 of the Agreement or by other provisions of the Design-Build Documents, and which do not fall within the scope of Section A.5.1.6.3.

§ A.5.1.5.5 Royalties and license fees paid for the use of a particular design, process or product required by the Design-Build Documents; the cost of defending suits or claims for infringement of patent rights arising from such requirement of the Design-Build Documents; and payments made in accordance with legal judgments against the Design-Builder resulting from such suits or claims and payments of settlements made with the Owner's consent. However, such costs of legal defenses, judgments and settlements shall not be included in the calculation of the Design-Builder's Fee or subject to the Guaranteed Maximum Price. If such royalties, fees and costs are excluded by the second to last sentence of Section 3.1.13.2 of the Agreement or other provisions of the Design-Build Documents, then they shall not be included in the Cost of the Work.

§ A.5.1.5.6 With the Owner's prior approval, costs for electronic equipment and software directly related to the Work.

AIA Document A141™ – 2014 Exhibit A. Copyright © 2004 and 2014 by The American Institute of Architects. All rights reserved. User Notes: (1932224331)

§ A.5.1.5.7 Deposits lost for causes other than the Design-Builder's negligence or failure to fulfill a specific responsibility in the Design-Build Documents.

§ A.5.1.5.8 With the Owner's prior approval, which shall not be unreasonably withheld, legal, mediation and arbitration costs, including attorneys' fees, other than those arising from disputes between the Owner and Design-Builder, reasonably incurred by the Design-Builder after the execution of the Agreement and in the performance of the Work.

§ A.5.1.5.9 With the Owner's prior approval, expenses incurred in accordance with the Design-Builder's standard written personnel policy for relocation, and temporary living allowances of, the Design-Builder's personnel required for the Work.

§ A.5.1.5.10 That portion of the reasonable expenses of the Design-Builder's supervisory or administrative personnel incurred while traveling in discharge of duties connected with the Work.

§ A.5.1.6 Other Costs and Emergencies

§ A.5.1.6.1 Other costs incurred in the performance of the Work if, and to the extent, approved in advance in writing by the Owner.

§ A.5.1.6.2 Costs incurred in taking action to prevent threatened damage, injury or loss in case of an emergency affecting the safety of persons and property.

§ A.5.1.6.3 Costs of repairing or correcting damaged or nonconforming Work executed by the Design-Builder, Contractors or suppliers, provided that such damaged or nonconforming Work was not caused by negligence or failure to fulfill a specific responsibility of the Design-Builder and only to the extent that the cost of repair or correction is not recovered by the Design-Builder from insurance, sureties, Contractors, suppliers, or others.

§ A.5.1.7 Related Party Transactions

§ A.5.1.7.1 For purposes of Section A.5.1.7, the term "related party" shall mean a parent, subsidiary, affiliate or other entity having common ownership or management with the Design-Builder; any entity in which any stockholder in, or management employee of, the Design-Builder owns any interest in excess of ten percent in the aggregate; or any person or entity which has the right to control the business or affairs of the Design-Builder. The term "related party" includes any member of the immediate family of any person identified above.

§ A.5.1.7.2 If any of the costs to be reimbursed arise from a transaction between the Design-Builder and a related party, the Design-Builder shall notify the Owner of the specific nature of the contemplated transaction, including the identity of the related party and the anticipated cost to be incurred, before any such transaction is consummated or cost incurred. If the Owner, after such notification, authorizes the proposed transaction, then the cost incurred shall be included as a cost to be reimbursed, and the Design-Builder shall procure the Work, equipment, goods or service from the related party, as a Contractor, according to the terms of Section A.5.4. If the Owner fails to authorize the transaction, the Design-Builder shall procure the Work, equipment, goods or service from some person or entity other than a related party according to the terms of Section A.5.4.

§ A.5.2 Costs Not to Be Reimbursed as Part of this Contract

The Cost of the Work shall not include the items listed below:

.1 Salaries and other compensation of the Design-Builder's personnel stationed at the Design-Builder's principal office or offices other than the site office, except as specifically provided in Section A.5.1.1;

.2 Expenses of the Design-Builder's principal office and offices other than the site office;

.3 Overhead and general expenses, except as may be expressly included in Section A.5.1;

.4 The Design-Builder's capital expenses, including interest on the Design-Builder's capital employed for the Work;

.5 Except as provided in Section A.5.1.6.3 of this Agreement, costs due to the negligence or failure of the Design-Builder, Contractors and suppliers or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable to fulfill a specific responsibility of the Contract;

.6 Any cost not specifically and expressly described in Section A.5.1; and

User Notes: (1932224331)

.7 Costs, other than costs included in Change Orders approved by the Owner, that would cause the Guaranteed Maximum Price to be exceeded.

§ A.5.3 Discounts, Rebates, and Refunds

§ A.5.3.1 Cash discounts obtained on payments made by the Design-Builder shall accrue to the Owner if (1) before making the payment, the Design-Builder included them in an Application for Payment and received payment from the Owner, or (2) the Owner has deposited funds with the Design-Builder with which to make payments; otherwise, cash discounts shall accrue to the Design-Builder. Trade discounts, rebates, refunds and amounts received from sales of surplus materials and equipment shall accrue to the Owner, and the Design-Builder shall make provisions so that they can be obtained.

§ A.5.3.2 Amounts that accrue to the Owner in accordance with Section A.5.3.1 shall be credited to the Owner as a deduction from the Cost of the Work.

§ A.5.4 Other Agreements

§ A.5.4.1 When the Design-Builder has provided a Guaranteed Maximum Price, and a specific bidder (1) is recommended to the Owner by the Design-Builder; (2) is qualified to perform that portion of the Work; and (3) has submitted a bid that conforms to the requirements of the Design-Build Documents without reservations or exceptions, but the Owner requires that another bid be accepted, then the Design-Builder may require that a Change Order be issued to adjust the Guaranteed Maximum Price by the difference between the bid of the person or entity recommended to the Owner by the Design-Builder and the amount of the subcontract or other agreement actually signed with the person or entity designated by the Owner.

§ A.5.4.2 Agreements between the Design-Builder and Contractors shall conform to the applicable payment provisions of the Design-Build Documents, and shall not be awarded on the basis of cost plus a fee without the prior consent of the Owner. If an agreement between the Design Builder and a Contractor is awarded on a cost plus a fee basis, the Design-Builder shall provide in the agreement for the Owner to receive the same audit rights with regard to the Cost of the Work performed by the Contractor as the Owner receives with regard to the Design-Builder in Section A.5.5, below.

§ A.5.4.3 The agreements between the Design-Builder and Architect and other Consultants identified in the Agreement shall be in writing. These agreements shall be promptly provided to the Owner upon the Owner's written request.

§ A.5.5 Accounting Records

The Design-Builder shall keep full and detailed records and accounts related to the cost of the Work and exercise such controls as may be necessary for proper financial management under the Contract and to substantiate all costs incurred. The accounting and control systems shall be satisfactory to the Owner. The Owner and the Owner's auditors shall, during regular business hours and upon reasonable notice, be afforded access to, and shall be permitted to audit and copy, the Design-Builder's records and accounts, including complete documentation supporting accounting entries, books, correspondence, instructions, drawings, receipts, subcontracts, Contractor's proposals, purchase orders, vouchers, memoranda and other data relating to the Contract. The Design-Builder shall preserve these records for a period of three years after final payment, or for such longer period as may be required by law.

§ A.5.6 Relationship of the Parties

The Design-Builder accepts the relationship of trust and confidence established by this Agreement and covenants with the Owner to exercise the Design-Builder's skill and judgment in furthering the interests of the Owner; to furnish efficient construction administration, management services and supervision; to furnish at all times an adequate supply of workers and materials; and to perform the Work in an expeditious and economical manner consistent with the Owner's interests.

AIA® Document A141™ – 2014 Exhibit B

Insurance and Bonds

for the following PROJECT:
(Name and location or address)

City of West Wendover – Fire Station
Located immediately adjacent and west of the existing West Wendover City Hall that is located on: Gene L. Jones Way, West Wendover, NV 89883

THE OWNER:
(Name, legal status and address)

City of West Wendover
111 N. Gene L. Jones Way
West Wendover, NV 89883

THE DESIGN-BUILDER:
(Name, legal status and address)

CORE West, Inc. a Nevada corporation
7150 Cacade Valley Court
Las Vegas, NV 89128

THE AGREEMENT
This Insurance Exhibit is part of the accompanying agreement for the Project, between the Owner and the Design-Builder (hereinafter, the Agreement), dated the 1st day of April in the year 2022 .
(In words, indicate day, month and year.)

TABLE OF ARTICLES

B.1 GENERAL

B.2 DESIGN BUILDER'S INSURANCE AND BONDS

B.3 OWNER'S INSURANCE

B.4 SPECIAL TERMS AND CONDITIONS

ARTICLE B.1 GENERAL
The Owner and Design-Builder shall purchase and maintain insurance and provide bonds as set forth in this Exhibit B. Where a provision in this Exhibit conflicts with a provision in the Agreement into which this Exhibit is incorporated, the provision in this Exhibit will prevail.

ARTICLE B.2 DESIGN BUILDER'S INSURANCE AND BONDS
§ B.2.1 The Design-Builder shall purchase and maintain the following types and limits of insurance from a company or companies lawfully authorized to do business in the jurisdiction where the Project is located. The Design-Builder shall maintain the required insurance until the expiration of the period for correction of Work as set forth in Section 11.2.2.1 of the Agreement, unless a different duration is stated below:

ADDITIONS AND DELETIONS:
The author of this document has added information needed for its completion. The author may also have revised the text of the original AIA standard form. An *Additions and Deletions Report* that notes added information as well as revisions to the standard form text is available from the author and should be reviewed. A vertical line in the left margin of this document indicates where the author has added necessary information and where the author has added to or deleted from the original AIA text.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

(If the Design-Builder is required to maintain insurance for a duration other than the expiration of the period for correction of Work, state the duration.)

Professional Liability continuous coverage will be maintained for an extended reporting period of at least three (3) years beginning from the time that work under this agreement is complete.

§ B.2.1.1 Commercial General Liability with policy limits of not less than Two Million Dollars ($ 2,000,000.00) for each occurrence and Four Million Dollars ($ 4,000,000.00) in the aggregate providing coverage for claims including

.1 damages because of bodily injury, sickness or disease, including occupational sickness or disease, and death of any person;
.2 personal injury;
.3 damages because of injury to or destruction of tangible property;
.4 bodily injury or property damage arising out of completed operations; and
.5 contractual liability applicable to the Design-Builder's obligations under Section 3.1.14 of the Agreement.
.6 The Owner shall be named as an additional insured on the liability insurance.

§ B.2.1.2 Automobile Liability covering vehicles owned by the Design-Builder and non-owned vehicles used by the Design-Builder with combined single policy limits of not less than Two Million Dollars ($ 2,000,000.00) each accident for bodily injury, death of any person, and property damage arising out of the ownership, maintenance and use of those motor vehicles specified in this Section B.2.1.2, along with any other statutorily required automobile coverage.

§ B.2.1.3 The Design-Builder may achieve the required limits and coverage for Commercial General Liability and Automobile Liability through a combination of primary and excess liability insurance, provided such primary and excess insurance policies result in the same or greater coverage as those required under Sections B.2.1.1 and B.2.1.2.

§ B.2.1.4 Workers' Compensation at statutory limits.

§ B.2.1.5 Employers' Liability with policy limits as provided below:

$1,000,000 Ea. Accident,
$1,000,000 Disease
$1,000,000 Policy limit

§ B.2.1.6 Professional Liability covering negligent acts, errors and omissions in the performance of professional services, with policy limits of not less than Five Million Dollars ($ 5,000,000.00) per claim and Five Million Dollars ($ 5,000,000.00) in the aggregate.

§ B.2.1.7 Pollution Liability covering performance of the Work, with policy limits of not less than Two Million Dollars ($ 2,000,000.00) per claim and Two Million Dollars ($ 2,000,000.00) in the aggregate.

(Paragraph deleted)

§ B.2.1.8 The Design-Builder shall provide written notification to the Owner of the cancellation or expiration of any insurance required by this Article B.2. The Design-Builder shall provide such written notice within five (5) business days of the date the Design-Builder is first aware of the cancellation or expiration, or is first aware that the cancellation or expiration is threatened or otherwise may occur, whichever comes first.

§ B.2.1.9 Additional Insured Obligations. The Owner shall be additional insureds on the Design-Builder's primary and excess insurance policies for Commercial General Liability, Automobile Liability and Pollution Liability. The additional insured coverage shall be primary and non-contributory to any of the Owner's insurance policies. The additional insured coverage shall apply to both ongoing operations and completed operations. The policy limits applicable to the additional insureds shall be the same amount applicable to the named insured or, if the policy provides otherwise, policy limits not less than the amounts required under this Agreement.

§ B.2.1.10 Certificates of Insurance. The Design-Builder shall provide certificates of insurance acceptable to the Owner evidencing compliance with the requirements in this Article B.2: (1) prior to commencement of the Work;

User Notes: (929915445)

(2) upon renewal or replacement of each required policy of insurance; and (3) upon Owner's written request. An additional certificate evidencing continuation of liability coverage, including coverage for completed operations, shall be submitted with the final Application for Payment as required by Section 9.10.2 of the Agreement and thereafter upon renewal or replacement of such coverage until the expiration of the time required by Section B.2.1. The certificates will show the Owner as additional insureds on the Design-Builder's primary and excess insurance policies for Commercial General Liability, Automobile Liability, and Pollution Liability. Information concerning reduction of coverage on account of revised limits, claims paid under the General Aggregate or both, shall be furnished by the Design-Builder with reasonable promptness.

§ B.2.1.11 The insurance required in subparagraph B.2.1 shall be written for not less than the following limits, or greater if required by law:

.1 Workers' Compensation:

(a)	State:	Statutory
(b)	Applicable Federal (E.g. Longshoremen's)	Statutory
(c)	Employer's Liability	$1,000,000 per Accident $1,000,000 Disease, Policy Limit $1,000,000 Disease, Each Employee

.2 Comprehensive or Commercial General Liability (Including Premises-Operations; Independent Design-Builders' Protective; Products and Completed Operations; Broad Form Property Damage):

(a)	Bodily Injury	$1,000,000 Each Occurrence $2,000,000 Aggregate
(b)	Property Damage	$1,000,000 Each Occurrence $2,000,000 Aggregate
(c)	Products and Completed Operations to be maintained for three (3) years after final payment.	$2,000,000 Aggregate
(d)	Property Damaged Liability Insurance shall provide X, C and U coverage.	
(e)	Broad Form Property Damage Coverage shall include Completed Operations.	

.3 Contractual Liability:

(a)	Bodily Injury	$1,000,000 Each Occurrence $2,000,000 Aggregate
(b)	Property Damage	$1,000,000 Each Occurrence $2,000,000 Aggregate

.4 Personal Injury, with Employment Exclusion deleted:

$2,000,000 Aggregate

.5 Business Auto Liability (including owned, non-owned and hired vehicles):

(a)	Bodily Injury	$1,000,000 Each Person $1,000,000 Each Occurrence
(b)	Property Damage	$1,000,000 Each Occurrence

.6 If the General Liability Coverages are provided by a Commercial Liability policy, the:

(a) General Aggregate shall be not less than $ 4,000,000 and it shall apply, in total, to this Project only.

(b) Fire Damage Limit shall be not less than $ 2,000,000 on any one fire.

(c) Medical Expense Limit shall be not less than $10,000 on any one person.

.7 Umbrella Excess Liability:

$20,000,000 over primary insurance
$0 retention for self-insured hazards each occurrence.

.8 If an exposure exists, Aircraft Liability (owned and non-owned) and Watercraft Liability (owned and non-owned) with limits approved by the Owner shall be provided.

§ B.2.2 Performance Bond and Payment Bond

The Design-Builder shall provide surety bonds as follows:

(Paragraph deleted)

Type	Sum
Within ten (10) days upon the execution of the Design-Build Amendment, the Design-Builder shall provide: AIA Document A312™ – 2010 Payment Bond and Performance Bond	Each in the amount of 100 percent of the contract sum.

§ B.2.2.1 Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment of obligations arising under the Agreement, the Design-Builder shall promptly furnish a copy of the bonds or shall permit a copy to be made.

§ B.2.2.2 The Design-Builder shall furnish the Owner Bonds covering faithful performance of the Contract and payment of obligations arising thereunder with such bonds dated on or before the date of this agreement. The surety company executing the Bonds must hold a certificate of authority as an acceptable surety on Federal Bonds as listed in Treasury Circular 570, as amended, and be authorized to transact business in the State where the Project is located. The Bonds (using the latest AIA forms) shall each be equal to the amount of the Contract Sum. The cost of these Bonds shall be included in the Contract Sum.

§ B.2.2.3 The Design-Builder shall require the attorney-in-fact who executes the required Bonds on behalf of the surety to affix thereto a certified and current power of attorney.

§ B.2.2.4 If at any time a surety on any such Bond is declared bankrupt or loses its right to do business in the State in which the Work is to be performed or is removed from the list of surety companies accepted on Federal Bonds, the Design-Builder shall within ten (10) calendar days after notice from the Owner to do so, substitute an acceptable Bond in such form and sum and signed by such other surety or sureties as may be satisfactory to the Owner. The premiums of such Bond shall be paid by the Design-Builder. No further payment shall be deemed due nor shall be made until the new surety or sureties shall have furnished an acceptable Bond to the Owner.

§ B.2.3 Property Insurance

§ B.2.3.1 Unless otherwise provided, at the time of execution of the Design-Build Amendment, the Design-Builder shall purchase and maintain, in a company or companies lawfully authorized to do business in the jurisdiction where the Project is located, property insurance written on a builder's risk "all-risk" or equivalent policy form in the amount of the initial Contract Sum, plus the value of subsequent Modifications and cost of materials supplied or installed by others, comprising the total value for the entire Project at the site on a replacement cost basis without optional deductibles. If any construction that is part of the Work shall commence prior to execution of the Design-Build Amendment, the Design-Builder shall, prior to commencement of construction, purchase and maintain property insurance as described above in an amount sufficient to cover the total value of the Work at the site on a replacement cost basis without optional deductibles. The insurance required under this section shall include interests of the Owner, Design-Builder, Architect, Consultants, Contractors, and Subcontractors in the Project. The property insurance shall be maintained, unless otherwise provided in the Design-Build Documents or otherwise agreed in writing by all persons and entities who are beneficiaries of the insurance, until the Owner has issued a Certificate of Substantial Completion in accordance with Section 9.8 of the Agreement. Upon issuance of a Certificate of Substantial Completion, the Owner shall replace the insurance policy required under this Section B.2.3 with another property insurance policy written for the total value of the Project that shall remain in effect until expiration of the period for correction of the Work set forth in Section 11.2.2 of the Agreement.

§ B.2.3.1.1 The insurance required under Section B.2.3.1 shall include, without limitation, insurance against the perils of fire (with extended coverage) and physical loss or damage including, without duplication of coverage, theft, vandalism, malicious mischief, collapse, earthquake, flood, windstorm, falsework, testing and startup, temporary buildings and debris removal, including demolition occasioned by enforcement of any applicable legal requirements, and shall cover reasonable compensation for the Design-Builder's services and expenses required as a result of such insured loss.

User Notes: (929915445)

§ B.2.3.1.2 If the insurance required under Section B.2.3.1 requires deductibles, the Owner shall pay costs not covered because of such deductibles.

§ B.2.3.1.3 The insurance required under Section B.2.3.1 shall cover portions of the Work stored off the site, and also portions of the Work in transit.

§ B.2.3.1.4 Partial occupancy or use in accordance with Section 9.9 of the Agreement shall not commence until the insurance company or companies providing the insurance required under Section B.2.3.1 have consented to such partial occupancy or use by endorsement or otherwise. The Owner and the Design-Builder shall take reasonable steps to obtain consent of the insurance company or companies and shall, without mutual written consent, take no action with respect to partial occupancy or use that would cause cancellation, lapse or reduction of insurance.

ARTICLE B.3 OWNER'S INSURANCE

§ B.3.1 Owner's Liability Insurance

The Owner shall be responsible for purchasing and maintaining the Owner's usual liability insurance.

§ B.3.2 Property Insurance

§ B.3.2.1 This Paragraph Intentionally Deleted.

§ B.3.2.1.1 This Paragraph Intentionally Deleted.

§ B.3.2.1.2 This Paragraph Intentionally Deleted.

§ B.3.2.1.3 This Paragraph Intentionally Deleted.

§ B.3.2.1.4 This Paragraph Intentionally Deleted.

§ B.3.2.2 Boiler and Machinery Insurance. This Paragraph Intentionally Deleted.

§ B.3.2.3 This Paragraph Intentionally Deleted.

§ B.3.2.4 Loss of Use Insurance. At the Owner's option, the Owner may purchase and maintain insurance to insure the Owner against loss of use of the Owner's property due to fire or other hazards, however caused.

§ B.3.2.5 This Paragraph Intentionally Deleted.

§ B.3.2.6 Before an exposure to loss may occur, the Owner shall file with the Design-Builder a copy of each policy that includes insurance coverages required by this Section B.3.2. Each policy shall contain all generally applicable conditions, definitions, exclusions and endorsements related to this Project. The Owner shall provide written notification to the Design-Builder of the cancellation or expiration of any insurance required by this Article B.3. The Owner shall provide such written notice within five (5) business days of the date the Owner is first aware of the cancellation or expiration, or is first aware that the cancellation or expiration is threatened or otherwise may occur, whichever comes first.

§ B.3.2.7 Waivers of Subrogation. The Owner and Design-Builder waive all rights against (1) each other and any of their consultants, subconsultants, contractors and subcontractors, agents and employees, each of the other, and (2) any separate contractors described in Section 5.13 of the Agreement, if any, and any of their subcontractors, sub-subcontractors, agents and employees, for damages caused by fire or other causes of loss to the extent covered by property insurance obtained pursuant to Section B.3.2 or other property insurance applicable to the Work and completed construction, except such rights as they have to proceeds of such insurance held by the Owner as fiduciary. The Owner or Design-Builder, as appropriate, shall require of the separate contractors described in Section 5.13 of the Agreement, if any, and the subcontractors, sub-subcontractors, agents and employees of any of them, by appropriate agreements, written where legally required for validity, similar waivers each in favor of the other parties enumerated herein. The policies shall provide such waivers of subrogation by endorsement or otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged.

User Notes: (929915445)

§ B.3.2.8 A loss insured under the Owner's property insurance shall be adjusted by the Owner as fiduciary and made payable to the Owner as fiduciary for the insureds, as their interests may appear, subject to requirements of any applicable mortgagee clause and of Section B.3.2.10. The Design-Builder shall pay the Architect, Consultants and Contractors their just shares of insurance proceeds received by the Design-Builder, and by appropriate agreements, written where legally required for validity, the Design-Builder shall require the Architect, Consultants and Contractors to make payments to their consultants and subcontractors in similar manner.

§ B.3.2.9 If required in writing by a party in interest, the Owner as fiduciary shall, upon occurrence of an insured loss, give bond for proper performance of the Owner's duties. The cost of required bonds shall be charged against proceeds received as fiduciary. The Owner shall deposit in a separate account proceeds so received, which the Owner shall distribute in accordance with such agreement as the parties in interest may reach, or as determined in accordance with the method of binding dispute resolution selected in the Agreement between the Owner and Design-Builder. If after such loss no other special agreement is made and unless the Owner terminates the Contract for convenience, replacement of damaged property shall be performed by the Design-Builder after notification of a Change in the Work in accordance with Article 6 of the Agreement.

§ B.3.2.10 The Owner as fiduciary shall have power to adjust and settle a loss with insurers unless one of the parties in interest shall object in writing within five days after occurrence of a loss to the Owner's exercise of this power. If an objection is made, the dispute shall be resolved in the manner selected by the Owner and Design-Builder as the method of binding dispute resolution in the Agreement. If the Owner and Design-Builder have selected arbitration as the method of binding dispute resolution, the Owner as fiduciary shall make settlement with insurers or, in the case of a dispute over distribution of insurance proceeds, in accordance with the directions of the arbitrators.

ARTICLE B.4 SPECIAL TERMS AND CONDITIONS

Special terms and conditions that modify this Insurance and Bonds Exhibit, if any, are as follows:

None.

CORE CONSTRUCTION

EXHIBIT C
DESIGN-BUILDER'S KEY TEAM MEMBERS HOURLY RATES

The following agreed to hourly rates will be used to determine and define "Actual Costs". The Actual Costs for each of the agreed to rates includes all normal and customary payroll paid by the Contractor plus all fringe benefits, taxes and insurances.

Name / Firm	Position	Preconstruction Hourly Rate	Construction Hourly Rate
CORE West, Inc.			
Travis Coombs	Design-Build Lead	$120/Hr	
Michael Keller	Director of PreCon	$120/Hr	
Brandon Whipple	Project Manager	$115/Hr	
Ronnie Triglia	Superintendent	$115/Hr	
TSK Architects			
Pat Pusich	Design Principal In Charge	$225/Hr	
Kevin Kemner	Design Lead - Community Center	$175/Hr	
Chris Lujan	Design Lead - Fire Station	$175/Hr	
Michael Clay Corp.			
Mike Sheppard	Cost Control/Budgeting Lead	$120/Hr	
Summit Engineering			
Nitin Bhakta	VP of Engineering	$140/Hr	
Thomas Hannum	Geotechnical Engineer	$130/Hr	$100/Hr
Brian Houston	Survey Project Manager	$100/Hr	
Kimley-Horn			
Matt Myres	Mechanical Engineer	$230/Hr	
Juan Fuentes	Structural QA/QC	$230/Hr	
Christine Herrick	Structural Engineer	$188/Hr	
Jensen Engineering			
George Jensen	Electrical Engineer	$175/Hr	

EXHIBIT D OWNERS DESIGN REQUIRMENTS
City of West Wendover Fire Station

PHASE 1A and 1B SCOPE OF WORK

PHASE 1 PROGRAM SCOPE OF SERVICES

1.1 SUMMARY OF WORK

A. This Section sets forth the Scope of Work, the Deliverables, and the execution activities for Phase 1.

1.2 PHASE 1 SCOPE

A. Design Builder shall review, analyze, the Owner Provided Information, the Initial Basis of Design Documents, and the Project Schedule.

B. Design Builder shall conduct such site investigations, environmental assessments, review of regulatory and legal authority and restrictions, and all other actions and review and assess other information as reasonably necessary to verify the Owner Provided Information.

C. Design Builder shall review and analyze the concepts for the Project elements as shown in the Initial Basis of Design Documents. In addition, Design Builder shall work collaboratively with the Owner and the Stakeholders to examine whether new concepts will better maximize the Owner's Project Goals and achieve Design Excellence, and if approved by the Owner, further develop such new concepts and incorporate them into the Project.

D. Design-Builder will study the sustainability objectives as stated in the Initial Basis of Design Documents to advise the Owner on the requirements to achieve USGBC LEED Silver certification.

E. Design Builder shall engage and work collaboratively with the Owner and the Project Stakeholders to obtain input regarding the Project design and functionality, as well as other major Project elements and to develop the Final Basis of Design Documents.

F. Design Builder shall engage and work collaboratively with the Owner and the Project Stakeholders to progress the design to a sufficient state to develop the Final Basis of Design Documents, the Guaranteed Maximum Price, and the Project Schedule.

G. Design Builder shall provide the Deliverables during Phase 1 as set forth in Sections 2.01.A. and B. herein. Deliverables shall be provided in a format acceptable to the Owner. Design Builder must utilize the following programs, as applicable.

H. At the conclusion of Phase 1A the Design-Builder shall provide the deliverables set forth herein, including the Phase 1A Report.

I. At the conclusion of Phase 1B the Design Builder shall prepare a GMP Proposal that includes all Phase 2 Deliverables and is consistent with any modifications and/or clarifications to the Initial Basis of Design Documents.

1.3 PRELIMINARY DESIGN PHASE 1A SCHEMATIC DESIGN: .

A. Design Builder shall perform such assessments, reviews and investigations of the Owner Provided Information, as determined by Design Builder for the Project Requirements. Additional reviews, assessments and investigations of Owner Provided Information shall include, if reasonably necessary, the following:

1. Review of the As-Built drawings and other architectural and engineering drawings, plans and specifications,
2. Constructability, including proposed methods of construction, of the proposed structures in the Initial Basis of Design Documents,
3. Review of the architectural, engineering and other assumptions and calculations in any Owner Provided Information,
4. Review of actual site conditions as set forth below,
5. Review of any surveys,
6. Review and assessment of all applicable legal and regulatory rules and restrictions on the Project, including consultation with permit authorities regarding their requirements.
7. Review of assumptions regarding the establishment of the Commercial Terms, including but not limited to the GMP, the Project Schedule, and the Final Basis of Design Documents.

B. Design Builder shall perform site investigations as necessary for Design Builder of the Owner Provided Information the Commercial Terms and the Owner Project Requirements. Design Builder shall visit the Site and examine thoroughly the nature and extent of the Work, site, locality, actual conditions, as-built conditions, and all local conditions and federal, state, and local laws and regulations that in any manner may affect cost, time, progress, performance or furnishing of the Work or which relate to any aspect of the design and the means, methods, techniques, sequences or procedures of construction to be employed by Design Builder and safety precautions and programs incident thereto. Such additional investigations shall be conducted to sufficiently identify or characterize utility locations, site conditions, contaminated materials, and observable or concealed conditions in the existing facilities, including but not limited to the following:

1. Develop requirements for survey by the Owner and submit them to the Owner at least two (2) weeks prior to the need for the survey results.
2. Undertake surveys, investigations and analysis to provide necessary data and information for project design including sufficient information to evaluate design alternatives.
3. Perform soils sampling, testing, and analysis to provide necessary data and information for Project design and provide a final Geotechnical Report. Test for contamination during this process.
4. Subsurface investigation work, including the disturbance of existing vegetation, cannot proceed until all required permits have been obtained.

C. Design Builder will conduct or obtain and understand all such examinations, investigations, explorations, tests, reports and studies, in addition to or to supplement those referred to above, that pertain to the subsurface conditions, as-built conditions, underground facilities and all other physical conditions at or contiguous to the Site or otherwise that may affect the cost, time, progress, performance or furnishing of Work, as Design Builder considers necessary for the performance or furnishing of Work for the Commercial Terms and in accordance with the Owner Project Requirements as well as other terms and conditions of the Contract Documents; and no additional examinations, investigations, explorations, tests, reports, studies or similar information or data are or will be required from the Owner by Design Builder for such purposes.

D. All reports or analyses generated by Design Builder's testing, inspections, and investigations, including but not limited to geotechnical evaluations and hazardous materials studies, shall be provided to the Owner promptly, within seven (7) business days, after such reports are analyzed and generated

E. Design Builder shall be responsible for ensuring that its design documents and construction work accurately conforms to, and interfaces with, the existing conditions and shall not request a change or claim for unforeseen or concealed conditions except as provided under the provisions of the contract.

F. Phase 1A Report: At the conclusion of Phase 1A, the Design-Builder shall provide a report with the following Deliverables:

1. 30 percent design for Fire Station
    - including but not limited to the following elements:
    - 30 Percent Design Documents for Fire Station
    - 90 Percent Design /Permit Documents for any Temporary Facilities
    - Development Plan for the Basis of Design Documents submitted with the GMP Proposal, which includes the required deliverables for each facility.
    - The Owner and Design-Builder shall work collaboratively to develop the 30 Percent Design Documents shall include the elements set forth below.
2. A Target Budget for the Preliminary Design Phase 1B:

1.4 PHASE 1 B DEVELOPMENT OF FINAL BASIS OF DESIGN DOCUMENTS

A. Design Builder shall manage the design process in a collaborative, efficient, and coordinated manner and conduct design workshops as required by the Contract Documents. The Final Basis of Design Documents will establish the scope of the Work and provide the basis for the GMP. The Final Basis of Design Documents must be consistent with the Initial Basis of Design Documents, unless the Owner has consented to modify its requirements in writing through a Change Order, Field Directive, or other written means allowed by the Contract Documents.

B. Design Builder shall provide for an orderly and timely approval process by the Owner and third parties, document review comments from the Owner and third parties, and take appropriate action.

C. The Owner will review and comment on the Design Materials in a timely fashion. The Design-Builder will allow adequate time for the Owner to review the Design Materials, which shall not be less than 15 business days.

D. Design Builder shall submit a written response to the Owner's design review comments, describing the action taken for each comment. Design Builder shall, in a timely fashion, bring to the attention of the Owner areas where new technologies or Design-Build processes may require modifications to these requirements.

E. By submitting Design Materials, Design Builder represents to the Owner that the Design Materials may be designed and constructed for the then current Commercial Terms and in accordance with the Initial Basis of Design Documents. Notwithstanding the above, Design Builder may propose Designs, Plans or other Submissions that may alter a Commercial Term or the Initial Basis of Design Documents; however, with any such Design Materials, Design Builder must provide notice pursuant to Section 10 of the General Conditions.

1.5 DEVELOPMENT OF Guaranteed Maximum Price (GMP)

A. The forecasting and development of accurate project cost estimates throughout each phase of the Project is vital to the Owner's financial management strategy. The Owner relies on the Design Builder to provide and validate current and detailed cost estimates and forecasts that will be incorporated into the overall cost controls for the Owner.

B. Throughout the Project, Design Builder will update estimates and forecasts and provide data to the Owner to reflect real time information. Design Builder will provide all pricing, estimates and other data used to develop the Commercial Terms on an open and transparent basis. The project controls system used by the Design Builder shall be acceptable to the Owner and will be capable of being broken down and reported in a number of different work breakdown structures, including but not limited to organizing the financial data by cost element codes, subcontracts, vendors, Construction Document packages, etc.

C. The Design Builder will coordinate the development of the GMP with the development of the Final Basis of Design Documents as well as the Project Schedule so that the Owner may obtain an accurate GMP within the Project Budget.

1. Design Builder shall highlight any material differences between the Final Basis of Design Documents as they are being developed and the Initial Basis of Design Documents.

2. In the event that the Owner has any comments relative to the Design Materials or finds any inconsistencies from the Initial Basis of Design Documents or inaccuracies in the Design Materials, it shall give prompt written notice of such comments or findings to Design Builder, who shall make appropriate adjustments to the proposed Final Basis of Design Documents.

3. The parties will work collaboratively to make adjustments in the Design Materials and in the proposed Final Basis of Design Documents to fit within the Owner's Project Goals.

B. Final Basis of Design Documents. The Owner and Design Builder shall work collaboratively to develop the Final Basis of Design Documents provided as part of the GMP Proposal. The Final Basis of Design Documents submitted with the GMP Proposal shall be determined during Phase 1A and shall include at a minimum the following documents and set forth the assumptions and clarifications on which the GMP Proposal and Project Schedule are based.

END OF DOCUMENT

USDA
Form RD 400-6
(Rev.12-09)

Form Approved
OMB No. 0575-0018

COMPLIANCE STATEMENT

This statement relates to a proposed contract with _____

_____,
(Name of borrower or grantee)

who expects to finance the contract with assistance from either the Rural Housing Service (RHS), Rural Business-Cooperative Service (RBS), or the Rural Utilities Service (RUS) or their successor agencies, United States Department of Agriculture (whether by a loan, grant, loan insurance, guarantee, or other form of financial assistance). I am the undersigned bidder or prospective contractor, I represent that:

1. I ☐ have, ☐ have not, participated in a previous contract or subcontract subject to Executive Order 11246 (regarding equal employment opportunity) or a preceding similar Executive Order.

2. If I have participated in such a contract or subcontract, I ☐ have, ☐ have not, filed all compliance reports that have been required to file in connection with the contract or subcontract.

☐ If the proposed contract is for $50,000 or more: or ☐ If the proposed nonconstruction contract is for $50,000 or more and I have 50 or more employees, I also represent that:

3. I ☐ have, ☐ have not previously had contracts subject to the written affirmative action programs requirements of the Secretary of Labor.

4. If I have participated in such a contract or subcontract, ☐ I have, ☐ have not developed and placed on file at each establishment affirmative action programs as required by the rules and regulations of the Secretary of Labor.

I understand that if I have failed to file any compliance reports that have been required of me, I am not eligible and will not be eligible to have my bid considered or to enter into the proposed contract unless and until I make an arrangement regarding such reports that is satisfactory to either the RHS, RBS or RUS, or to the office where the reports are required to be filed.

I also certify that I do not maintain or provide for my employees any segregated facilities at any of my establishments, and that I do not permit my employees to perform their services at any location, under my control, where segregated facilities are maintained. I certify further that I will not maintain or provide for my employees any segregated facilities at any of my establishments, and that I will not permit my employees to perform their services at any location, under my control, where segregated facilities are maintained. I agree that a breach of this certification is a violation of the Equal Opportunity clause in my contract. As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, restrooms and wash rooms, restaurants and other eating areas time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, creed, color, or national origin, because of habit, local custom, or otherwise. I further agree that (except where I have obtained identical certifications for proposed subcontractors for specific time periods) I will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding $10,000 which are not exempt from the provisions of the Equal Opportunity clause; that I will retain such certifications in my files; and that I will forward the following notice to such proposed subcontractors (except where the proposed subcontractors have submitted identical certifications for specific time periods):

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays the valid OMB control number. The valid OMB control number for this information collection is 0575-0018. The time required to complete this information collection is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

NOTICE TO PROSPECTIVE SUBCONTRACTORS OF REQUIREMENTS FOR CERTIFICATIONS OF NON-SEGREGATED FACILITIES

A certification of Nonsegregated Facilities, as required by the May 9, 1967, order (32F.R. 7439, may 19, 1967) on Elimination of Segregated Facilities, by the Secretary of Labor, must be submitted prior to the award of a subcontract exceeding $ 10,000 which is not exempt from the provisions of the Equal Opportunity clause. The certification may be submitted either for each subcontract or for all subcontracts during a period (i.e., quarterly, semiannually, or annually).

NOTE: The penalty for making false statements in offers is prescribed in 18 U.S.C. 1001.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion Lower Tier Covered Transactions — AD-1048

The following statement is made in accordance with the Privacy Act of 1974 (5 U.S.C. § 552a, as amended). This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, and 2 C.F.R. §§ 180.300, 180.335, Participants' responsibilities. The regulations were amended and published on August 31, 2005, in 70 Fed. Reg. 51865-51880. Copies of the regulations may be obtained by contacting the Department of Agriculture agency offering the proposed covered transaction.

According to the Paperwork Reduction Act of 1995 an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0505-0027. The time required to complete this information collection is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The provisions of appropriate criminal, civil, fraud, privacy, and other statutes may be applicable to the information provided.

(Read instructions on page two before completing certification.)

A. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency;

B. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

ORGANIZATION NAME	PR/AWARD NUMBER OR PROJECT NAME

NAME(S) AND TITLE(S) OF AUTHORIZED REPRESENTATIVE(S)	
SIGNATURE(S)	DATE

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prio civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at How to File a Program Discrimination Complaint (https://www.ascr.usda.gov/filing-program-discrimination-complaint-usda-customer) and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442.

Instructions for Certification

(1) By signing and submitting this form, the prospective lower tier participant is providing the certification set out on page 1 in accordance with these instructions.

(2) The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.

(3) The prospective lower tier participant shall provide immediate written notice to the person(s) to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(4) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549, at 2 C.F.R. Parts 180 and 417. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

(5) The prospective lower tier participant agrees by submitting this form that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

(6) The prospective lower tier participant further agrees by submitting this form that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

(7) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the System for Award Management (SAM) database.

(8) Nothing contained in the foregoing shall be construed to require establishment of a system of records to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(9) Except for transactions authorized under paragraph (5) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Approved by OMB No. 0348-0046

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.

2. Identify the status of the covered Federal action.

3. Identify the appropriate classification of this report. If this a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred, Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.

4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be a prime or subaward receipt. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.

5. If the organization filing the report in item 4 checks :Subawardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.

6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.

7. Enter the Federal program name or description for the covered Federal action (Item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans and loan commitments.

8. Enter the most appropriate Federal identifying number available for the Federal action identified in Item 1 (e.g., Request for Proposal (RFP) number; Invitation for bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g. "RFP-DE-90-001."

9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in Item 4 or 5.

10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in Item 4 to influence the covered Federal action.

    (b) Enter the full names of the individual(s) performing services, and include full address if different from 10 (a). Enter Last Name, First Name and Middle Initial (MI).

11. Certifying official shall sign and date the form, print his/her name, title and telephone number.

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB Control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, DC 20503.

CERTIFICATION FOR CONTRACTS, GRANTS AND LOANS

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant or Federal loan, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant or loan.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant or loan, the undersigned shall complete and submit Standard Form - LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including contracts, subcontracts, and subgrants under grants and loans) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Certification Regarding
Debarment, Suspension, Ineligibility and Voluntary Exclusion
Lower Tier Covered Transactions

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 13 CFR Part 145. The regulations were published as Part VII of the May 26, 1988 *Federal Register* (pages 19160-19211). Copies of the regulations may be obtained by contacting the person to which this proposal is submitted.

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for disbarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Business Name _____

Date _____ By _____
Name and Title of Authorized Representative

Signature of Authorized Representative

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations (13CFR Part 145).

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not deas it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the ineligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Revisions made pursuant to this document have been notated as "USDA" Text will be in this shade of Blue

ATTACHMENT TO AIA DOCUMENT A141-2014, *Standard Form of Agreement Between Owner and Design-Builder*

The provisions of this Attachment shall delete, modify and supplement the provisions contained in the "*Standard Form of Agreement between Owner and Design-Builder*", AIA Document A141 – 2014 Edition. The provisions contained in this Attachment will supercede any conflicting provisions of the AIA Document. **The term "Agency", as used in this Attachment, shall mean the United States of America, acting through the United States Department of Agriculture.**

ARTICLE 1: General Provisions

Modify paragraph 1.1 by inserting the words "and is concurred with by the Agency" after "Owner's Criteria" in the first sentence.

Modify paragraph 1.1.7 by inserting the following sentences in subparagraph 1.1.7.4:

If the Work is not substantially complete on or before this date, or within this period of time, or extension thereof granted by the Owner, the Design-Builder shall pay to the Owner liquidated damages in the sum of $_____ for each calendar day of delay. Any sums that may be due the Owner as liquidated damages may be deducted from any monies due or to become due the Design-Builder under the Contract or may be collected from the Design-Builder's surety.

Modify paragraph 1.1.11 by inserting the words ", the Agency," after "Owner" in the second sentence.

Add the following subparagraphs and clauses to paragraph 1.4:

1.4.16 Agency
The term "Agency", as used in this Attachment, shall mean the United States of America, acting through United States Department of Agriculture.

1.4.17 Independent Inspector
The term "Independent Inspector," as used in this Attachment, shall mean the Inspector independent from the Design-Builder hired by the Owner to represent the Owner's interests. The Agency requires a construction inspector independent of the Design-Builder.

1.4.17.1 The Independent Inspector shall be a representative of and shall advise and consult with the Owner during construction until final payment is due to the Design-Builder, and at the Owner's direction during the period of correction of the Work described in the design/build documents. The Independent Inspector shall furnish consultations necessary to identify

construction defects and correct unforeseen conditions encountered during this period. The Independent Inspector shall assist the Owner in performing a review of the Project during the 11th month after the date of Substantial Completion.

1.4.17.2 The Independent Inspector shall conduct an inspection prior to the issuance of the Acknowledgement of Substantial Completion and shall submit a written report to the Owner, Agency and the Design-Builder about Work to be completed prior to final acceptance. Such services shall be coordinated with the Agency. Prior to submitting the final Application for Payment, the Independent Inspector shall conduct an inspection, submit a Statement of Completion, and receive and forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract Documents and assembled by the Design-Builder.

1.4.17.3 Visits to the site shall be documented in writing on standard inspection report forms with copies furnished to the Owner, Design-Builder and Agency. Visits to the site shall be in accordance with Agency requirements and procedures.

ARTICLE 2: Compensation and Progress Payments

Modify subparagraph 2.1.4.1 by inserting the following in the appropriate space:

Interest at 1% per month or 12% per year for pay estimates outstanding for 60 days will be paid to the Design-Builder.

ARTICLE 3: DESIGN/BUILDER

Add the following subparagraph to subparagraph 3.1.3:

3.1.3.3 The Design-Builder shall advise the Owner of required tests, inspections and reports, shall furnish coordination of such tests and inspections, and shall advise the Owner and Agency of the results of same. Copies of test results shall be furnished to the Owner, Owner's Independent Inspector and Agency, as appropriate.

Add the following sentence to subparagraph 3.1.4: "Any extra cost that may result from any such acts and omissions will be the responsibility of the Design-Builder."

Add the following sentence to paragraph 3.1.5: The Design-Builder shall conduct a Preconstruction Conference prior to the beginning of construction to familiarize all parties involved with the necessary work. This meeting shall be held with the Design-Build representative, Owner, Owner's Independent Inspector, Agency representative(s) and other interested parties as appropriate. The Agency 'Record of Preconstruction Conference' may be used to document the meeting.

Add the following subparagraph to subparagraph 3.1.7:

3.1.7.1 The Design-Builder shall consult with the Agency Architect or Engineer about the Agency's requirements and procedures.

Add the following clauses to subparagraph 3.1.8.1:

3.1.8.1.13 The Design-Builder shall conduct on-site pay/progress meetings no less than once a month during the periods of active construction. These meetings shall be held with the Design-Build representative, Owner, Owner's Independent Inspector, Agency representative(s) and other interested parties as appropriate, to review and discuss the application for payment, work progress schedule, construction problems or disputes and other appropriate matters.

In subparagraph 3.1.11.3, add the words "and written concurrence by the Agency has been issued" after "Owner has approved the respective Submittal" and add the following sentence after the first sentence: Two (2) sets of submittals for the Agency are required.

ARTICLE 4: Work Prior to Execution of the Design-Build Amendment

Modify paragraph 4.4.1.2 by deleting "and, if based upon the Cost of the Work plus a fee, a written statement of estimated cost organized by trade categories, allowances, contingencies, Design-Builder's Fee, and other items that comprise the Contract Sum;". Insert a period after method.

ARTICLE 5: Work Following Execution of the Design-Build Amendment

In subparagraph 5.3, add the following subparagraph:

5.3.4 The Design-Builder shall not contract with any person or entity declared ineligible under Federal laws or regulations from participating in federally assisted construction projects for to whom the Owner has made reasonable objection. The Design-Builder shall not be required to contract with anyone to whom the Design-Builder has reasonable objection.

ARTICLE 6: CHANGES IN THE WORK

Insert the word ", Agency" after the word "Owner" in its first occurrence in subparagraph 6.1.2.

Delete subparagraph 6.2 and substitute the following:

6.2 A change order is a written order to the Design-Builder utilizing Form RD 1924-7, "Contract Change Order," signed by the Owner, Independent Inspector, Design-Builder, and the Agency representative. It is issued after the execution of the Contract, authorizing a change in the Work or an adjustment in the Contract Sum or the Contract Time. The Contract Sum and the Contract Time may be changed only by Change Order. The Design-Builder's signing of the change order indicates complete agreement therein.

Add the following sentence to the end of subparagraph 6.3.1: "A Construction Change Directive may be used only for a change in response to an emergency, as described in Paragraph 10.4."

Delete subparagraph 6.3.3.

Delete subparagraph 6.3.5.

Delete subparagraph 6.3.7.

ARTICLE 7: OWNER

Add the following sentence to the end Paragraph 7.1.1:

The Owner shall provide the Design-Builder with Agency standard Contract Document Guides.

ARTICLE 9: PAYMENT APPLICATIONS AND PROJECT COMPLETION

Add the words, "using AIA Document G-702, 'Application and Certificate for Payment' or Form RD 1924-18, 'Partial Payment Estimate'," after "Application for Payment" in the first sentence of subparagraph 9.3.1.

Under subparagraph 9.3.1, add the following subparagraph:

9.3.1.3 The Design-Builder shall obtain Agency concurrence on all Applications of Payment before payment is made.

Add the following sentence to the end of paragraph 9.4: "Agency concurrence is required on all Certificates of Payment before payment is made."

Add the following subparagraph to paragraph 9.6:

9.6.8 No progress payments will be made that deplete the retainage, place in escrow any funds that are required for retainage, or invest the retainage for the benefit of the Design-Builder.

Replace the word "seven" with the word "ten (10)" in the first sentence of subparagraph 9.7.

Add the words ", in collaboration with the Agency Architect or Engineer," after "prepare" in the first sentence of subparagraph 9.8.5.

Delete subparagraph 9.8.6 and substitute the following:

9.8.6 **The certificate of substantial completion shall be submitted by the Design-Builder to the Owner and the Agency for written acceptance of responsibilities assigned to it in the certificate.** When the Work has been substantially completed, except for the work which cannot be completed because of weather conditions, lack of materials or other reasons, which, in the judgment of the Owner, are valid reasons for non-completion, the Owner may make additional payments, retaining at all times an amount sufficient to cover the estimated cost of the work still to be completed.

Delete subparagraph 9.9.1 and substitute the following subparagraphs:

9.9.1 The Design-Builder agrees to the use and occupancy of a portion or unit of the Project before formal acceptance by the Owner under the following conditions:

9.9.1.1 A Certificate of Substantial Completion shall be prepared and executed as provided in subparagraph 9.8.4, except that when, in the opinion of the Inspecting Architect, the Design-Builder is chargeable with unwarranted delay in completing the Work or the Contract requirements, the signature of the Design-Builder will not be required. The Certificate of Substantial Completion shall be accompanied by copies of Design-Builder's insurance policies, written endorsements of the Design-Builder's insurance carrier, and the surety permitting occupancy by the Owner during the remaining period of the Project Work. Occupancy and use by the Owner shall not commence until authorized by public authorities having jurisdiction over the Work.

9.9.1.2 Occupancy by the Owner shall not be construed by the Design-Builder as being an acceptance of that part of the Project to be occupied.

9.9.1.3 The Design-Builder shall not be held responsible for any damage to the occupied part of the Project resulting from the Owner's occupancy.

9.9.1.4 Occupancy by the Owner shall not be deemed to constitute a waiver of existing claims in behalf of the Owner or Design-Builder against each other.

9.9.1.5 If the Project consists of more than one building, and one of the buildings is to be occupied, the Owner, prior to occupancy of that building, shall secure permanent property insurance on the building to be occupied and necessary permits which may be required for use and occupancy.

Add the following subparagraph to the beginning of subparagraph 9.9.2:

With the exception of clause 9.9.1.5, use and occupancy by the Owner prior to Project acceptance does not relieve the Design-

Builder of the responsibility to maintain all insurance and bonds required of the Design-Builder under the Contract Documents until the Project is completed and accepted by the Owner.

Delete subparagraph 9.10.1 and substitute the following:

9.10.1 Upon receipt of written notice that the Work is ready for final inspection and acceptance and upon receipt of a final Application for Payment, the Owner, Owner's Independent Inspector and Agency representative shall promptly make such inspection and, and when the Owner finds the Work acceptable under the Design-Build documents and fully performed, the Owner with Agency concurrence shall, subject to Section A.9.10.2, promptly make final payment to the Design-Builder.

Delete the second and third sentences of subparagraph 9.10.2.

ARTICLE 14: CLAIMS AND DISPUTE RESOLUTION

In subparagraph 14.4.1, delete "shall" and replace with "may" in the first sentence.

Delete subparagraph 14.4.1.1 and substitute the following subparagraphs:

14.4.1.1 The arbitration provisions in this subsection may be initiated by either party to this Contract by filing with the other party a written request for arbitration. The other party may accept or reject the request by filing a written answering statement with the requesting party within fourteen (14) calendar days of the receipt of such request. If the request is accepted the provisions of this section shall apply. If the request is rejected or an answering statement is not filed within the fourteen (14) day period, the provisions in this subsection will not apply.

14.4.1.2 Within fourteen (14) calendar days or any mutually agreeable time period thereafter, each party to this Contract will appoint one arbitrator. Within fourteen (14) calendar days or any mutually agreeable time period thereafter, the two arbitrators will select a third arbitrator. Failure to appoint an arbitrator within the mutually agreeable time periods will terminate further actions under this subsection.

14.4.1.3 The arbitrators will select a hearing location as close to the Owner's locale as possible.

ARTICLE 15: MISCELLANEOUS PROVISIONS

Modify paragraph 15.2.1 by inserting the following at the end:

This Agreement will not become effective until concurred with in writing by the Agency. Such concurrence shall be evidenced by the signature of a duly authorized representative of the Agency in the space provided at the end of this attachment to the Agreement. The concurrence so evidenced by the Agency shall in no way commit the Agency to render financial assistance to the Owner and is without liability to the Agency for payment hereunder.

But in the event such financial assistance is provided, the Agency concurrence shall signify the provisions of this Agreement are consistent with the requirements of the Agency.

Add the following paragraphs 15.9 through 15.13.1 to Article 15.

15.9 EQUAL OPPORTUNITY REQUIREMENTS - Non-discrimination in Employment by Federally Assisted Construction Contractors, by Executive Order 11246.

15.9.1 This section summarized Executive Order 11246, as amended, which prohibits employment discrimination and requires employers holding non-exempt Federal contracts and subcontracts and federally-assisted construction contracts and subcontracts in excess of $10,000 to take affirmative action to ensure equal employment opportunity without regard to race, color, religion, sex, or national origin. The Executive Order requires, as a condition for the approval of any federally assisted construction contract, that the applicant incorporate nondiscrimination and affirmative action clauses into its non-exempt federally assisted construction contracts.

15.9.2 Executive Order 11246, as amended, is administered and enforced by the Office of Federal Contract Compliance Programs (OFCCP), an agency in the U.S. Department of Labor's Employment Standards Administration. OFCCP has issued regulations at 41 CFR chapter 60 implementing the Executive Order. The regulations at 41 CFR part 60-4 establish the procedures which the Agency, as an administering agency, must follow when making grants, contracts, loans, insurance or guarantees involving federally assisted construction which is not exempt from the requirements of Executive Order 11246. The regulations which apply to Federal or federally assisted construction contractors also are published at 41 CFR part 60-4.

15.9.3 OFCCP has established numerical goals for minority and female utilization in construction work. The goals are expressed in percentage terms for the contractor's aggregate workforce in each trade. OFCCP has set goals for minority utilization based on the percentage of minorities in the civilian labor force in the relevant area. There is a single nationwide goal of 6.9 percent for utilization for women. The goals to all construction work in the covered geographic area, whether or not it is federal, federally assisted or non-federal. A notice advises bidders of

the applicable goals for the area where the project is to be located.

15.9.4 Application. This section applies to all of a construction contractor's or subcontractor's employees who are engaged in on-site construction including those construction employees who work on a non-Federal or non-Federally assisted construction site.

15.9.4.1 Agency officials will notify the appropriate Regional Director of OFCCP that an Agency financed construction contract has been awarded, and that the equal opportunity clauses are included in the contract documents.

15.7.4.2 The Regional Director, OFCCP-DOL, will enforce the non-discrimination requirements of Executive Order 11246.

15.9.4.3 The prospective contractor or subcontractor must comply with the Immigration Reform and Control Act of 1986 by completing and retaining Form I-9, "Employment Eligibility Verification," for employees hired. This form is available from the Immigration and Naturalization Service, and Department of Justice.

15.9.4.4 The prospective contractor or subcontractor must submit Form RD 400-6, "Compliance Statement," to the applicant and an Agency official as part of the bid package, prior to any contract bid negotiations and comply with the Executive Order 11246 as stated in the contract documents.

15.10 STATUTES

15.10.1 The Design-Builder and each subcontractor shall comply with the following statutes (and the regulations issued pursuant thereto, which are incorporated herein by reference):

15.10.2 The Design-Builder agrees to abide by the requirements of 2 CFR part 417 and under Executive Order 12549, which pertains to the debarment or suspension of a person from participating in a Federal program or activity. If the total compensation exceeds $25,000, the Design-Builder shall complete the relevant certification form provided by the Owner.

15.10.3 If applicable, the Design-Builder shall comply with Section 319 of Public Law 101-121, as supplemented by the Department of Agriculture regulations (2 CFR part 418and DR 2400-5). This Law pertains to restrictions on lobbying and applies to the recipients of Contracts and Subcontracts that exceed $100,000 at any tier under a Federal loan that exceeds $150,000 or a Federal grant that exceeds $100,000. If applicable, the Design-Builder must complete a certification form on lobbying activities related to a specific Federal loan or grant that is a funding for this Contract. The certification and disclosure forms shall be provided by the Owner.

15.10.4 Copeland Anti-Kickback Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR part 3). This Act provides that each Contractor shall be prohibited from inducing, by any means, any person in connection with the construction to give up any part of the compensation to which the person is otherwise entitled.

15.10.5 Clean Air Act (42 U.S.C. 7414), section 114, and the Water Pollution Control Act (33 U.S.C. 1813), section 308. Under Executive Order 11738 and Environmental Protection Agency (EPA) regulations 40 CFR part 15, all Contracts in excess of $100,000 are required to comply with these Acts. The Acts require the Contractor to:

15.10.5.1 Notify the Owner of the receipt of any communication from EPA indicating that a facility to be utilized in the performance of the Contract is under consideration to be listed on the EPA list of Violating Facilities,

15.10.5.2 Certify that any facility to be utilized in the work by any nonexempt contractor or subcontractor is not listed on the EPA list of Violating Facilities as of the date of the Contract Award.

15.10.5.3 Include or cause to be included the above criteria and requirements of clauses A.13.3.5.1 and A.13.3.5.2 in every nonexempt Subcontract, and that the Contractor will take such actions as the Agency may direct as a means of enforcing such provisions.

15.10.6 The Contractor shall be required to comply with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 333) entitle "Safety and Health Regulations for Construction" (29 CFR Part 1926) to the extent that any resulting Contract involves construction.

15.11 ENVIRONMENTAL REQUIREMENTS

15.11.1 Mitigation Measures - The Design-Builder shall comply with applicable mitigation measures established in the environmental assessment for the project. These may be obtained from the Agency representative.

15.11.2 The Design-Builder, when constructing a Project involving trenching, excavating, or other earth moving activity, shall comply with the following environmental constraints:

15.11.2.1 Endangered Species, Historic Preservation, Human Remains and Cultural Items, Hazardous Materials, and Paleontology - Any excavation or other earth moving activity by the Design-Builder that provides evidence of the presence of endangered or threatened species or their critical habitat, uncovers a historical or archaeological artifact, human remains or cultural items, hazardous materials, a fossil or other paleontological materials will require the Design-Builder to:

.1 Temporarily stop work;

.2 Provide immediate notice to the Architect and the Agency, and in the case of potentially hazardous materials, provide immediate notice to local first responders and take such measures as necessary to protect the public and workers;

.3 Take reasonable measures as necessary to protect the discovered materials or protected resource;

.4 Abide by such direction as provided by the Agency, or Agencies responsible for resource protection or hazardous materials management; and

.5 Resume work only upon notice from the Architect and the Agency.

15.12 Compliance with all Federal, State, and local requirements effective on the contract execution date will be the responsibility of the Design-Builder.

15.13 RECORDS

15.13.1 If the Contract is based on a negotiated Bid, the Owner, the United States Department of Agriculture, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the Design-Builder which are directly pertinent to a specific Federal loan program for the purpose of making audit, examination, excerpts, and transcriptions. The Design-Builder shall maintain records for at least three years after the Owner makes final payment and all other pending matters are closed.

ARTICLE 16: Scope of the Agreement

Modify subparagraph 16.1.6 by inserting the following in the appropriate space:

Payment Bond
Performance Bond
Compliance Statement (Form RD 400-6)
Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions (Form AD 1048)
Disclosure of Lobbying Activities (SF-LLL)
Certification for Contracts, Grants and Loans (RD Instruction 1940-Q, Exhibit A-1)

Exhibit B: INSURANCE AND BONDS

B.2.1 Add subparagraph B.2.1.1.6:

B.2.1.1.6 The Owner shall be named as co-insured on the liability insurance.

Add the following clauses to B.2.1.

B.2.1.11 The insurance required in subparagraph B.2.1 shall be written for not less than the following limits, or greater if required by law:

.1 Workers' Compensation:

(a) State:	Statutory	
(b) Applicable Federal (E.g. Longshoremen's)	Statutory	
(c) Employer's Liability:	$ _____	per Accident
	$ _____	Disease, Policy Limit
	$ _____	Disease, Each Employee

.2 Comprehensive or Commercial General Liability (Including Premises-Operations; Independent Design-Builders' Protective; Products and Completed Operations; Broad Form Property Damage):

(a) Bodily Injury:	$_____	Each Occurrence
	$_____	Aggregate
(b) Property Damage	$_____	Each Occurrence
	$_____	Aggregate

(c) Products and Completed Operations to be maintained for ____ years after final payment:
$_____ Aggregate

(d) Property Damaged Liability Insurance shall provide X, C and U coverage.

(e) Broad Form Property Damage Coverage shall include Completed Operations.

.3 Contractual Liability:

(a) Bodily Injury	$_____	Each Occurrence
	$_____	Aggregate
(b) Property Damage	$_____	Each Occurrence
	$_____	Aggregate

.4 Personal Injury, with Employment Exclusion deleted:
$_____ Aggregate

.5 Business Auto Liability (including owned, non-owned and hired vehicles):

(a) Bodily Injury	$_____	Each Person

$_____ Each Occurrence
(b) Property Damage $_____ Each Occurrence

.6 If the General Liability Coverages are provided by a Commercial Liability policy, the:

(a) General Aggregate shall be not less than $_____ and it shall apply, in total, to this Project only.
(b) Fire Damage Limit shall be not less than $_____ on any one fire.
(c) Medical Expense Limit shall be not less than $_____ on any one person

.7 Umbrella Excess Liability:
$_____ over primary insurance
$_____ retention for self-insured hazards each occurrence.

.8 If an exposure exists, Aircraft Liability (owned and non-owned) and Watercraft Liability (owned and non-owned) with limits approved by the Owner shall be provided.

Add the following subparagraphs to subparagraph B.2.2:

B.2.2.2 The Design-Builder shall furnish the Owner Bonds covering faithful performance of the Contract and payment of obligations arising thereunder with such bonds dated on or before the date of this agreement. The surety company executing the Bonds must hold a certificate of authority as an acceptable surety on Federal Bonds as listed in Treasury Circular 570, as amended, and be authorized to transact business in the State where the Project is located. The Bonds (using the latest AIA forms) shall each be equal to the amount of the Contract Sum. The cost of these Bonds shall be included in the Contract Sum.

B.2.2.3 The Design-Builder shall require the attorney-in-fact who executes the required Bonds on behalf of the surety to affix thereto a certified and current power of attorney.

B.2.2.4 If at any time a surety on any such Bond is declared bankrupt or loses its right to do business in the State in which the Work is to be performed or is removed from the list of surety companies accepted on Federal Bonds, the Design-Builder shall within ten (10) calendar days after notice from the Owner to do so, substitute an acceptable Bond in such form and sum and signed by such other surety or sureties as may be satisfactory to the

Owner. The premiums of such Bond shall be paid by the Design-Builder. No further payment shall be deemed due nor shall be made until the new surety or sureties shall have furnished an acceptable Bond to the Owner.

Delete the last sentence in subparagraph B.3.2.4.

Delete subparagraph B.3.2.5.

SIGNATURE BLOCK:

Delete the signature block on page 34 of this Agreement and substitute the following signature block:

This Agreement is entered into as of the day and year first written above and is executed in at least three original copies, of which one is to be delivered to the Design-Builder, one to the Owner and one to the Agency. Concurrence in the Contract by the Agency is required before the contract is effective.

EXHIBIT 2B-01
2018 USDA Environmental
Finding of No Significant Impact

August 20, 2018

Ms. Rebecca L. Palmer
State Historic Preservation Officer
Nevada State Historic Preservation Office
901 s. Stewart St., Suite 5004
Carson City, NV 89701-5248

Attention: Jessica Axsom

RE: Finding of No Historic Properties Affected – West Wendover Fire Station Project
West Wendover Nevada

Dear Ms. Palmer:

Under the Community Facility Programs, 7 CFR Part 1942, Subpart A and 7 CFR Part 3570 Subpart A, the Rural Housing Service (RHS) is considering funding the application from the City of West Wendover for the following:

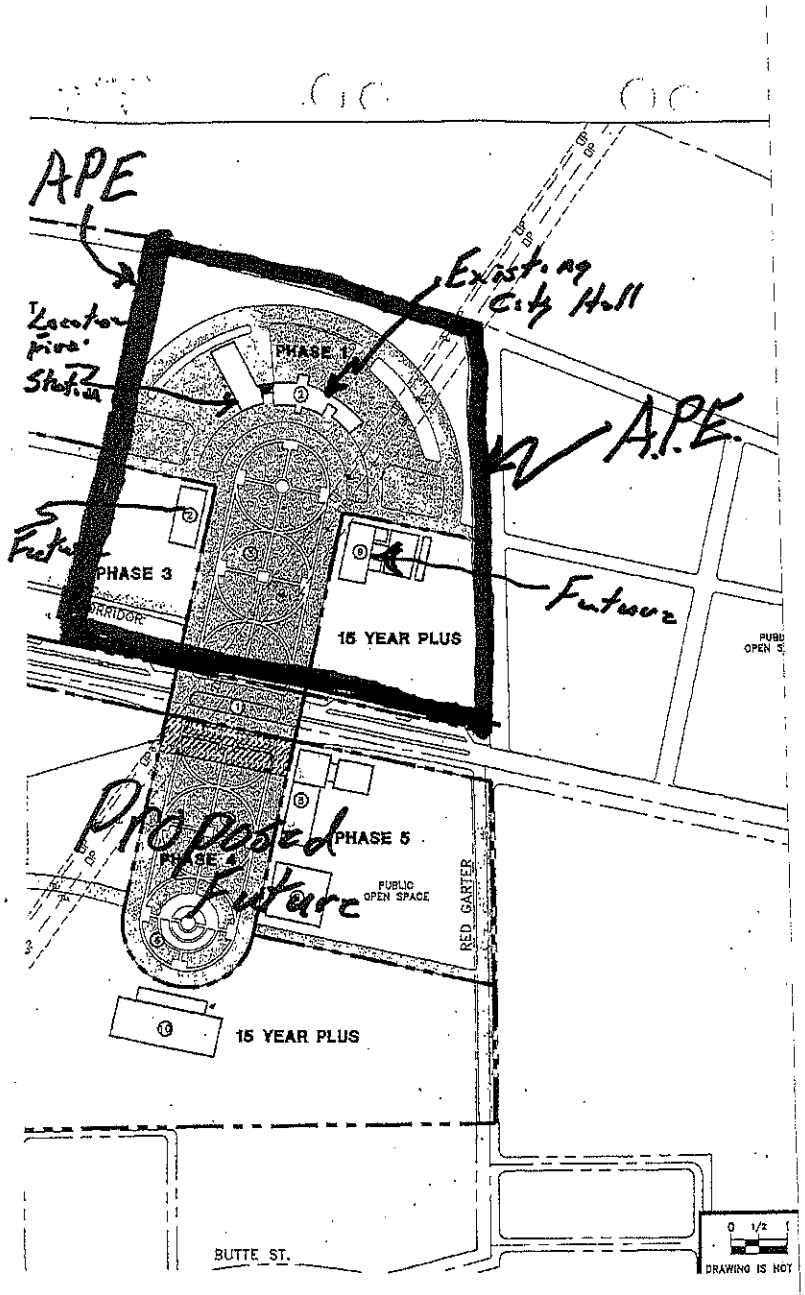
> Construct a New Fire Station on the same area as previously selected for the new City Hall and Justice Center that was previously reviewed and constructed in 2008 and 2009. Originally the fire station was proposed to be part of the City Hall Structure, however due to financial constraints the fire station was eliminated at that time. No other construction has occurred in the surrounding area since the 2006 evaluation and construction of the City Hall. Included in this project is funding for procuring the land next to the proposed fire station.

The project will be located west of the City Hall and within the area reviewed in 2006. (see attached map); the site lies North of the Victory Highway which will not be impacted by this project. Additional details were submitted in the original consultation back in 2006. We have included copies of the original SHPO consultation and response and BLM's MOA for the project. The project met all the requirements included in the BLM MOA which was finalized in 2008. Also copies of the correspondence to the tribes that were consulted for the original project are attached and these same tribes have been re-contacted.

RHS has determined that this project is an undertaking subject to review under section 106 of the National Historic Preservation Act, 54 U.S.C. § et seq., and its implementing regulations, 36 CFR Part 800 (Section 106 review).

Back in 2006 no quad map had been required, as such we have included a quad map with a designated area of potential effect (APE). No other structures are located within the APE. The Victory Highway is within the APE but will not be impacted by this project.

Based on review of the project documentation provided by previous review s in 2006 through 2008 and recent field inspections, RHS has determined that a finding of no historic properties affected is appropriate for this undertaking. This finding will conclude Section 106 review as it agrees with the determinations of previous environmental reviews. Please provide your concurrence or objection, electronically within thirty days of your receipt of this recommended finding. In accordance with 36 CFR § 800.3(c)(4), RUS will proceed to the next step in review if we do not receive a response from you within thirty days.



RHS will include an inadvertent discovery provision, developed in accordance with 36 CFR § 800.13 (b) and (c), as a condition of obligation to address any historic properties which might be inadvertently discovered or affected during project construction.

Should you have any questions, please contact me at (775) 887-1222 ext. 4759 or by e-mail at john.nelson4@nv.usda.gov.

Sincerely,

John Nelson, P.E., P.L.S.

MEMORANDUM OF AGREEMENT
AMONG
THE ELKO FIELD OFFICE OF THE BUREAU OF LAND MANAGEMENT,
THE NEVADA STATE HISTORIC PRESERVATION OFFICER,
AND THE CITY OF WEST WENDOVER, NEVADA,
REGARDING
RESOLUTION OF ADVERSE EFFECTS RESULTING FROM
LEASING OF 124.67 ACRES OF PUBLIC LAND

WHEREAS, the Elko Field Office of the Bureau of Land Management (BLM) pursuant to the Nevada Protocol and in consultation with the Nevada State Historic Preservation Office (NSHPO), has determined that a one mile segment of the Victory Highway/U.S. 40 in T. 33 N., R. 70 E. MDM, within Sections 8, 9 and 16 is eligible for inclusion in the National Register of Historic Places; and

WHEREAS the BLM has determined that leasing the parcel containing this highway segment to the City of West Wendover under the Recreation and Public Purposes Act, and subsequent alteration of the historic property and its setting during construction of the city's administrative center, would result in an adverse effect; and

WHEREAS, BLM has notified the Advisory Council on Historic Preservation (Council) of these adverse effects in accordance with 36 C.F.R. 800.6(a)(1), regulations implementing Section 106 of the National Historic Preservation Act (16 U.S.C.470f); and

WHEREAS, the proponent, West Wendover, Nevada, participated in the consultation and has been invited to concur in this memorandum of agreement, and will pay for and implement mitigation measures for the property as outlined below in this MOA:

NOW, THEREFORE, BLM and the NSHPO enter into this Memorandum of Agreement (MOA) which provides that the undertaking shall be implemented in accordance with the following treatment measures in order to mitigate the effect of the undertaking on this historic property.

I. PURPOSE:

Execution of this MOA by BLM and NSHPO and filing of the MOA with the Council pursuant to 36 C.F.R. 800.6(b)(1)(iv) prior to issuing the lease, and implementation of its terms evidence that BLM has taken into account the effects of this undertaking on historic properties and afforded the Council an opportunity to comment.

II. TREATMENT MEASURES:

The BLM shall ensure implementation of the following measures:

A. BLM will consult with the Pacific Great Basin System Support Office of the National Park Service (NPS) and prepare Draft Historical American Engineering Record (HAER) level documentation, as recommended by NPS for this segment of the Victory Highway/U.S. 40). Draft HAER documentation will be submitted to NPS

within six months following completion of field work to document the one mile segment of the Victory Highway. Final documentation will be submitted within two months after receipt of NPS comments on the draft.

B. Final copies of the photographs will be approved by NPS before the highway is altered. HAER narrative documentation does not need be approved by NPS prior to alteration of the highway, but draft and final copies will be submitted within the time periods specified above at II.A.

C. A copy of the final HAER documentation, as approved by NPS, will be sent to the NSHPO in Carson City, Nevada.

D. The following terms and conditions will be inserted into the R&PP lease agreement and carried through to the deed should the property be patented under this Act.

1. The historic Victory Highway/U.S. 40 roadway within the lease parcel shall be preserved in place except at locations where the roadbed must be cut to allow street access to the city complex. The existing asphalt shall be preserved to the extent possible. In locations where the asphalt has deteriorated or been removed such as at the western end of the lease parcel and the culvert removal locations, the roadbed shall be maintained as a hard packed gravel surface.
2. Utilities shall be located within road crossing corridors, or bored under the highway so as to not disturb the pavement more than necessary.
3. At street crossings the Victory Highway shall be saw cut and removed only for the width of the road and sidewalk, plus at most a 10 foot transition on the outside of the sidewalk.
4. The historic roadbed will require some repair prior to incorporating it into a walking/biking trail and continued maintenance to control vegetation. Repair and maintenance activities shall be conducted in a manner that preserves the integrity of the historic property. Drainages will be assessed to determine the necessity of installing culverts. If culverts are needed they will be designed to be unobtrusive and not distract from the historic nature of the highway. Discarded facing stones from previously removed culverts can be used with any new culverts. Compacted fill is to be used to bring previous culvert locations up to grade or plug holes in the asphalt. Vegetation removal from the paved surface shall be done in a manner that causes least impact to the asphalt as outlined on pages 34-35 of cultural resources inventory report BLM1-2516.
5. West Wendover shall install interpretive signs along or near the historic property. As proposed by the City, they will work with the BLM to develop a plan for preservation and phased interpretation of the highway and the features along it. The extant culverts, billboard remains and the nearby transcontinental telephone line will be among the interpreted features. Discarded culvert facing stones may be used for construction of some of the monuments.

III. Objections:

Should any party to this MOA object at any time to any actions proposed or the manner in which the terms of this MOA are implemented, BLM will consult with the objecting party to

resolve the objection. If BLM determines, within 30 days, that such objection(s) can not be resolved, BLM will:

A. Forward all documentation relevant to the dispute to the Council in accordance with 36 C.F.R. 800.2(b)(2). Upon receipt of adequate documentation, the Council will review and advise BLM on the resolution of the objection within 30 days. Any comment provided by the Council, and all comments from the parties to the MOA will be taken into account by BLM in reaching a final decision regarding the dispute.
B. If the Council does not provide comments regarding the dispute within 30 days after receipt of adequate documentation, BLM may render a decision regarding the dispute. In reaching its decision, BLM will take into account all comments regarding the dispute from the parties to the MOA.
C. BLM's responsibility to carry out all other actions subject to this MOA that are not the subject of the dispute remain unchanged. BLM will notify all parties of its decision in writing before implementing that portion of the undertaking subject to dispute under this stipulation. BLM's decision will be final.

IV. Termination:

If the MOA is not amended following the consultation set out in Stipulation II, it may be terminated by any signatory or invited signatory. Within 30 days following termination, BLM shall notify the signatories if it will initiate consultation to execute a MOA with the signatoried under 36 C.F.R. 800.6(c)(1) or request the comment of the Council under 36 C.F.R. 800.7(1) and proceed accordingly.

Execution of this Memorandum of Agreement and implementation of its terms evidence that the BLM has afforded the Nevada SHPO an opportunity to comment on the West Wendover Recreation and Public Purposes Lease and its effect on historic properties, and that the BLM has taken into account the effects of the undertaking on historic properties.

RE: West Wendover City Hall Funding, Salt Lake Desert, Elko County.

Dear Mr. Shedd:

The Nevada State Historic Preservation Office (SHPO) reviewed the subject undertaking. The area of potential effect for the subject undertaking has been previously inventoried for cultural resources by the Bureau of Land Management as the land proposed for the City Hall is leased from that federal agency. This undertaking identified the following historic property in the larger parcel for lease:

CrNV-01-8957 (segment of the Victory Highway).

The SHPO concurs with the USDA Rural Development's determination that the proposed undertaking will not pose an adverse effect to the above historic property.

If you have any questions concerning this correspondence, please contact me by phone at (775) 684-3443 or by E-mail at rlpalmer@clan.lib.nv.us.

Re: West Wendover City Hall

Dear Ms. Palmer:

Your previous correspondence to our agency concerning the referenced project indicated that we should consult with the Bureau of Land Management for compliance with Section 106 of the National Historic Preservation Act of 1966, as amended. We have reviewed the BLM's consultation with your office and understand that a previous discovered property (a segment of the Victory Highway) has been identified during their consultative process. The funding our agency will provide to the city for the construction of the new city hall will not have an adverse effect on that specific property. Additionally, we will defer to the BLM on their mitigation measures on the historic property.

We would appreciate your comments on what we propose to do and if you have any further questions on our undertaking, please do not hesitate contacting me at 775-887-1222 extension 19.

Sincerely,

Herb Shedd

Re: City of West Wendover – Construction of City Administration Building/Complex

Dear Mr. James:

Our Agency is planning to issue a loan to the City of West Wendover, Elko County, Nevada for the construction of a new city administration building. As the Elko Field Office of the Bureau of Land Management has been in consultation with your office regarding this project and USDA Rural Development intends no alterations to the scope of this project, USDA RD is incorporating/adopting the BLM's consultation process for our purposes.

Attached is the proposed Memorandum of Agreement among the Bureau of Land Management, the City of West Wendover and the Nevada SHPO that USDA Rural Development will use to assist in incorporating the treatment/mitigation measures required and agreed upon into our Letter of Conditions. Letter of Conditions contains all the conditions the City must meet or comply with in order to obtain USDA Rural Development funding.

This concludes our agency's consultation with the Nevada State Historic Preservation Office regarding this project. If you have any questions, please contact me at 775-738-8468, ext. 109 or by email at kelli.colyer@nv.usda.gov or contact Cheryl Couch, State Environmental Coordinator at 775-887-1222, ext. 22 or by email at cheryl.couch@nv.usda.gov.

Re: City of West Wendover, City Hall Government Complex

Dear Cultural Coordinator :

Our Agency is planning to make a loan to the City of West Wendover, Nevada for the construction of a City Hall Government Complex.

Enclosed is a map showing the project site and the area of potential effects (APE) we have established for this undertaking. A representative from our agency has visited the project site, and all information received by our office (and from our inspection of the property) has led to a determination that the project will have a potential adverse effect on the one mile segment of the Victory Highway/U.S 40. A Memorandum of Agreement has been prepared by the Elko Field Office of the Bureau of Land Management, the Nevada State Historic Preservation Officer, and the City of West Wendover, Nevada to address the resolution of adverse effects resulting in the construction of the project. We agree with and plan to adopt the mitigation measures proposed by these agencies.

In initiating review of this undertaking in accordance with Section 106 of the National Historic Preservation Act and its implementing regulations (36 CFR Part 800), we are assessing our need for information regarding historic properties that might be affected by the undertaking. We would appreciate your advice as to what actions we should take to identify cultural and historic properties that would have significance to the TE-Moak Tribe of Western Shoshone.

Our preliminary analyses suggest that we carry out the following identification activities:

1. Consult the National Register of Historic Places.
2. Consult official State site files and databases.

We would appreciate your comments on what we propose to do. If we do not hear from you within 30 days we will assume that you agree that the above activities will constitute

Re: City of West Wendover, City Hall Government Complex

Dear Cultural Coordinator:

Our Agency is planning to make a loan to the City of West Wendover, Nevada for the construction of a City Hall Government Complex.

Enclosed is a map showing the project site and the area of potential effects (APE) we have established for this undertaking. A representative from our agency has visited the project site, and all information received by our office (and from our inspection of the property) has led to a determination that the project will have a potential adverse effect on the one mile segment of the Victory Highway/U.S 40. A Memorandum of Agreement has been prepared by the Elko Field Office of the Bureau of Land Management, the Nevada State Historic Preservation Officer, and the City of West Wendover, Nevada to address the resolution of adverse effects resulting in the construction of the project. We agree with and plan to adopt the mitigation measures proposed by these agencies.

In initiating review of this undertaking in accordance with Section 106 of the National Historic Preservation Act and its implementing regulations (36 CFR Part 800), we are assessing our need for information regarding historic properties that might be affected by the undertaking. We would appreciate your advice as to what actions we should take to identify cultural and historic properties that would have significance to the Duck Valley Shoshone Paiute Tribes.

Our preliminary analyses suggest that we carry out the following identification activities:

1. Consult the National Register of Historic Places.
2. Consult official State site files and databases.

We would appreciate your comments on what we propose to do. If we do not hear from you within 30 days we will assume that you agree that the above activities will constitute

Project Location: A portion of the W 1/2 of the SW ¼ of the SW/14 of Section 9 T. 33 N. R. 70 E., M.D.B.&M. Please see project location map - Wendover Quadrangle, Wendover Nevada-Utah, 1972 – and Project Location Map Figure G-1 located in Attachment A.

Description of the Proposed Project [24 CFR 50.12 & 58.32; 40 CFR 1508.25]**:**

The proposed action includes construction of a fire station at the existing City Hall Government Complex. The project includes construction of the following improvements:

- Area of Disturbance (Fire station site, utility connections in North Gene L. Jones Way, construction of segment of new public street, relocation of stormwater channel and additional city hall parking.): 3.80 acres.
- Completed Fire Station Site Area: 55,100 square feet or 1.26 acres.
- Building Area: 11,383 square feet.
- Paved Area (fire station site): 0.37 acres or 28.97% of site.
- Building Includes: 5 apparatus bays.
- Building Includes: Offices and activity center including kitchen, dayroom, and equipment storage.
- Approximately 250-foot-long segment of new public street for access to fire station.
- Additional joint use parking at City Hall containing 7 stalls.

Please see Attachment A for drawings describing the proposed action including:

- Drawing Figure 1 City of West Wendover Fire Station #13 Project Location Map
- Project Description
- Concept Design Package (10 Pages) for City of West Wendover Fire Station #13 Project Provided by TSK Architects

Statement of Purpose and Need for the Proposal [40 CFR 1508.9(b)]:

The West Wendover Fire Station was constructed in the 1980's by Elko County when the community was a "Township" under the general jurisdiction of Elko County with a community population of approximately 1,500. In 1991, the City of West Wendover became incorporated and inherited the County's facilities. The city proceeded to grow in population surpassing 5,000 people. The fire station was no longer able to meet the space and operational requirements and provide efficient and effective local government operations.

The current 1980's fire station is a 4,400 square foot leased facility on approximately 1 acre of property at 975 Wendover Boulevard on the east side of the community. Due to the lack of indoor storage the Fire Department stores its HazMat response and Mobile Command unit along with additional equipment items outdoors which shortens the life span of the equipment.

Though the 3 short-bay facility was adequate for the needs of the fire service in the early 1980's under Elko County when it was constructed, today the facility is too small, outdated and as noted, the

City leases the property/facility from a private holding which limits the options for the city in the long-term.

The proposed West Wendover Fire Station is an important long-term public safety facility for the City of West Wendover. Originally planned in 2007 to be part of the construction of the City Hall Government Complex, due to cost, the Fire Station portion of the project was delayed. The proposed site is central to the community and allows the shared use of parking and utilities to minimize the necessary footprint and to provide operational efficiencies. The proposed action will provide a centralized location with a facility that is designed to serve the city well into the future.

Existing Conditions and Trends [24 CFR 58.40(a)]:

The existing Fire Station is currently located closer to the east end of town on Wendover Boulevard. It is on property that is leased form a private entity and is very limited in size and capacity. As the City has grown there has been a need to upgrade all of the original city facilities to retain the capability to provide adequate public services. In 2007 the City relocated the City Hall, Police, Courts and Emergency Dispatch on to a 125 acre parcel through an R&PP Lease with the BLM. This allowed these facilities to be centrally located in the community with access directly off of Wendover Boulevard and sized for necessary future capacity. The fire station was also meant to be part of this project but project costs did not allow for its construction at the time.

The community's growth has been tempered due to very limited land availability. In the past that has been due to the fact that a great deal of the land internally as well as surrounding the community has been under Federal ownership. Over the years both the City and private entities have worked to obtain significant portions of the Federal land inside of the community as well as surrounding the community. Since 2016 several opportunities have taken root and are beginning to come to fruition. The community is growing at a modest rate of 2% to 3%. Barring any national or regional economic upheavals this growth rate is projected to continue for the next decade. New growth has placed additional pressure on the existing fire station and the need to be able to increase capacity is acute. The relocation of the fire station will provide additional land area to construct a facility that is adequate for the current needs as well as future needs. At the proposed site it will be possible to expand the facility in the future as growth requires.

Funding Information

Grant Number	HUD Program	Funding Amount
	States and Small Cities Program	$500,000.00

Estimated Total HUD Funded Amount: $500,000.00

Estimated Total Project Cost (HUD and non-HUD funds) [24 CFR 58.32(d)]**:**

HUD (CDBG) Grant	$500,000.00
UDSA Loan	$8,906,800.00
USDA Grant	$200,000.00
City Cash	$2,325,268.00
Gap Funding	$1,642,623.00
Total	**$13,574,691.00**

Compliance with 24 CFR 50.4, 58.5, and 58.6 Laws and Authorities

Record below the compliance or conformance determinations for each statute, executive order, or regulation. Provide credible, traceable, and supportive source documentation for each authority. Where applicable, complete the necessary reviews or consultations and obtain or note applicable permits of approvals. Clearly note citations, dates/names/titles of contacts, and page references. Attach additional documentation as appropriate.

Compliance Factors: Statutes, Executive Orders, and Regulations listed at 24 CFR §58.5 and §58.6	Are formal compliance steps or mitigation required?	Compliance determinations
STATUTES, EXECUTIVE ORDERS, AND REGULATIONS LISTED AT 24 CFR 50.4 and 58.6		
Airport Hazards 24 CFR Part 51 Subpart D	Yes ☐ No ☒	**Consultant Comments:** Comments by Chris Melville, City Manager, City of West Wendover. "The project is not within an FAA designated civilian airport Runway Clear Zone (RCZ), or within a military Airfield Clear Zone (CZ) or APZ. (This finding is based on information from the airport or military airfield administrator which identifies the boundaries of such zones) Or the project only involves minor rehabilitation." **Preparer Comments:** The Wendover Airport is a civil airfield owned by Tooele County, Utah. It is the nearest airfield to the proposed action. The nearest point on the proposed action to the airport runway is 8,700 feet distance. The

		proposed action is not located in the path of the runway. Attachment A contains a drawing titled Project Location Map Figure 1 that shows the measurement between the airport runway clear zone and the proposed action. **Direct Impacts:** • The construction of the proposed action would not have direct impacts on the Wendover Airport as it is located outside of the Runway Clear Zone. **Indirect Impacts:** • The construction of the proposed action would not have indirect impacts on the Wendover Airport or surrounding zones and easements. **Compliance Steps and Mitigation:** No Formal Compliance Steps or Mitigation Required. **Documentation:** Please see response by Chris Melville, City Manager, City of West Wendover Dated: January 23, 2023 also located in Attachment B
Coastal Barrier Resources Coastal Barrier Resources Act, as amended by the Coastal Barrier Improvement Act of 1990 [16 USC 3501]	Yes ☐ No ☒	**Preparer Comments:** Nevada is not a costal state. **Direct Impacts:** • The construction of the proposed action would not have direct impacts on coastal resources as it is not located in a state including coastline. **Indirect Impacts:** • The construction of the proposed action would not have indirect impacts on coastal resources as it is not located in a state including coastline and the basin in which the proposed action is located is a

		terminal basin draining into the Great Salt Lake. **Compliance Steps and Mitigation:** No Formal Compliance Steps or Mitigation Required. **Documentation:** Please see FEMA Pacific Ocean Coastal Information Dated: June 1, 2018 located in Attachment C. Please not that this document is no longer posted on the FEMA Website.
Flood Insurance Flood Disaster Protection Act of 1973 and National Flood Insurance Reform Act of 1994 [42 USC 4001-4128 and 42 USC 5154a]	Yes ☐ No ☒	**Consultant Comments:** Comments by Chris Melville, City Manager, City of West Wendover. "The Project does not involve property acquisition, management, construction or improvement within a 100 year flood plain (Zones A or V) Identified by FEMA maps." Per the attached FEMA map "0.2% annual chance of flood; areas of 1% annual chance flood with average depths of less than 1 foot or within drainage areas less than 1 square mile. Zone X" **Compliance Steps and Mitigation:** No Formal Compliance Steps or Mitigation Required. **Documentation:** Please see response by Chris Melville, City Manager, City of West Wendover Dated: January 23, 2023 also located in Attachment D
STATUTES, EXECUTIVE ORDERS, AND REGULATIONS LISTED AT 24 CFR 50.4 & 58.5		
Clean Air Clean Air Act, as amended, particularly section 176(c) & (d); 40 CFR Parts 6, 51, 93	Yes ☒ No ☐	**Consultant Comments:** Comments by Andrew Tucker, Supervisor Planning and Data Management, Nevada Division of Environmental Protection. Formal Compliance Steps Required as follows:

		"It is our understanding that this project is to construct a new fire station that will also include shared parking and utilities in West Wendover, Nevada. Pursuant to NAC 445B.22037, if during the course of a project an area in excess of five (5) acres is disturbed, a surface area disturbance permit is required from the Bureau of Air Pollution Control (BAPC)." "Regardless of the size of the disturbed area, fugitive dust emitted from the project must be controlled at all times through the use of best practical methods. These methods can include, but are not limited to, paving, chemical stabilization, watering, phased construction, and revegetation. For assistance with controlling fugitive dust, please contact the BAPC Compliance Supervisor at (775) 687-9349." "The project conforms to the EPA-approved State Implementation Plan (SIP), per contract with the Sate Air Quality Management District or Board. "This project is not expected to disturb an area in excess of five (5) acres, therefore, a surface area disturbance permit is not required." "In the event a surface area disturbance is required, contact the BAPC Supervisor at (775) 687-9349." "In accordance with NAC 445B.22037, fugitive dust must be controlled at all times during the implementation of this project." **Direct Impacts:** • During construction fugitive dust is anticipated to be an issue in areas disturbed by construction activities. The contractor would be required to take preventative measures using standard best management practices such as watering down spoils piles and disturbed ground.

		Indirect Impacts: • During construction the steps taken to mitigate fugitive dust should minimize indirect impacts off site. • Once construction is completed, spoils piles have been removed and disturbed areas have been revegetated it is not anticipated that the proposed action would have any indirect impacts on air quality. **Compliance steps:** This is a standard requirement with all construction. The contractor will be required to utilize best management practices such as watering disturbed areas and piles and covering or enclosing stock piles to control fugitive dust. If it is found that the disturbed area extends beyond five (5) acres BACP will be contacted to acquire the appropriate permitting. If fugitive dust cannot be controlled by standard best management practices BACP will be contacted for consultation. **Mitigation:** If compliance steps are taken there will be no formal mitigation required. **Documentation:** Please see response by Andrew Tucker, Supervisor Planning and Data Management, Nevada Division of Environmental Protection. Dated: June January 23, 2023 located in Attachment E
Coastal Zone Management Coastal Zone Management Act, sections 307(c) & (d)	Yes ☐ No ☒	**Preparer Comments:** Nevada is not a costal state. **Direct Impacts:** • The construction of the proposed action would not have direct impacts on coastal zones as it is not located in a state including coastline.

		Indirect Impacts: • The construction of the proposed action would not have indirect impacts on coastal zones as it is not located in a state including coastline and the basin in which the proposed action is located is a terminal basin draining into the Great Salt Lake. **Compliance Steps and Mitigation:** No Formal Compliance Steps or Mitigation Required. **Documentation:** Please see FEMA Pacific Ocean Coastal Information Dated: June 1, 2018 located in Attachment C
Contamination and Toxic Substances 24 CFR Part 50.3(i) & 58.5(i)(2)	Yes ☐ No ☒	**Consultant Comments:** Comments by Jeff Knudtson, Fire Chief, City of West Wendover "The Project does not involve new development for habitation; Or the project involves new development for habitation but is not located within one mile of an NPL ("Superfund") site, within 2,000 feet of the CERCLIS site, nor is adjacent to any other known or suspected sites contaminated with toxic chemicals or radioactive materials, unless a federal, state or local authoritative source determines it does not pose a health hazard." **Direct Impacts:** • The construction of the proposed action would not have direct impacts on or be directly impacted by contamination and toxic substances as the site "is not located within one mile of an NPL ("Superfund") site, within 2,000 feet of the CERCLIS site, nor is adjacent to any other known or suspected sites contaminated with toxic chemicals or radioactive materials."

		Indirect Impacts: • The construction of the proposed action will not produce contamination or toxic substances that would indirectly impact the surrounding area. **Compliance Steps and Mitigation:** No Formal Compliance Steps or Mitigation Required. **Documentation:** Please see response by Jeff Knudtson, Fire Chief, City of West Wendover Dated: January 23, 2023 located in Attachment F
Endangered Species Endangered Species Act of 1973, particularly section 7; 50 CFR Part 402	Yes ☐ No ☒	**Consultant Comments:** Comments by Eric Miskow, Aquatic Biologist, Data Manager, Nevada Division of Natural Heritage: There are no at-risk taxa recorded within the given area. However, habitat may be available for, the silver-haired bat, *Lasionycteris noctivagans*, a Nevada Bureau of Land Management (BLM) Sensitive Species, and the Great Basin fishhook cactus, *Sclerocactus pubispinus*, a Nevada BLM Sensitive Species as well as a State Protected Cacti under NAC 503. The Nevada Department of Wildlife (NDOW) manages, protects, and restores Nevada's wildlife resources and associated habitat. Please contact Jinna Larkin, NDOW GIS Coordinator (775) 688-1580 to obtain further information regarding wildlife resources within and near your area of interest. Removal or destruction of state protected flora species (NAC 527.010) requires a special permit from Nevada Division of Forestry (NRS 527.270). **Preparer Comments:** As suggested by Mr. Miskow we have contacted Nevada Department of Wildlife requesting additional information. **Consultant Comments:**

		Comments by Jinna Larkin, GIS / Data Coordinator, Nevada Department of Wildlife Big Game – "Occupied pronghorn antelope distribution exists through entire project area and portions of the four-mile buffer area. Occupied bighorn sheep and elk distributions exist outside the project area within portions of the four-mile buffer area." **Preparer Comments:** Pronghorn antelope are seen in the area but generally stay out of town. **Consultant Comments Continued:** Greater Sage Grouse – "Greater sage – grouse habitat in the vicinity of the project area has primarily been classified as Other habitat by the Nevada Sagebrush Ecosystem Program (http;//sagebrusheco.nv.gov). Please refer to the attached maps for details regarding greater sage-grouse habitat relative to the proposed project area." **Preparer Comments:** The maps show the sage-grouse habitat outside of town. **Consultant Comments Continued:** Lahontan Cutthroat Trout – "are known to exist in the vicinity of the project area in the Willow Canyon Bettridge Creek watershed." **Preparer Comments:** The area mentioned is located several miles out of town and does not even connect with the local watershed. **Consultant Comments Continued:** Raptors -"Various species of raptors, which use diverse habitat types, may reside in the vicinity of the project area." "Raptor Species are protected by State and Federal laws." "There are 15 known raptor nest sites within ten miles of the project area." **Preparer Comments:**

		None of the sites on the raptors list are within the section that the project resides. General: If at any time before or during construction any of the endangered, threatened or candidate species are encountered on or near the project site, the City will consult with NDOW to determine what measures may need to be taken to protect the wildlife. **Direct Impacts:** • There are no known endangered species residing on the site of the proposed action and thus the construction and operation of the proposed action is not anticipated to have any direct impacts on endangered species. **Indirect Impacts:** • There are no known endangered species residing adjacent to the site of the proposed action and thus the construction and operation of the proposed action is not anticipated to have any indirect impacts on endangered species. **Compliance Steps and Mitigation:** No Formal Compliance Steps or Mitigation Required. **Documentation:** Please see response by Jinna Larkin, GIS / Data Coordinator, Nevada Department of Wildlife Dated: February 13, 2023 located in Attachment G **Preparer Comments:** Per the request of Jinna Larkin, Caleb McAdoo – Eastern Region Habitat Supervisor was contacted by phone. We were advised to contact his office if we find evidence of any endangered species on site before or during construction.

Explosive and Flammable Hazards 24 CFR Part 51 Subpart C	Yes ☐ No ☒	**Consultant Comments:** Comments by Jeff Knudtson, Fire Chief, City of West Wendover. "The Project is located at an Acceptable Separation Distance (ASD) from any above ground or flammable fuels or chemicals containers according to Siting of HUD-Assisted projects near Hazardous Facilities OR the project will expose neither people nor buildings to such hazards." **Direct Impacts:** • The construction of the proposed action would not have direct impacts on or be directly impacted by explosive and flammable hazards as the site is separated from above ground or flammable fuels or chemical containers. **Indirect Impacts:** • The construction of the proposed action is not anticipated to introduce or produce explosive and flammable hazards that would indirectly impact the surrounding area. **Compliance Steps and Mitigation:** No Formal Compliance Steps or Mitigation Required. **Documentation:** Please see response by Jeff Knudtson, Fire Chief, City of West Wendover Dated: January 23, 2023 located in Attachment H
Farmlands Protection Farmland Protection Policy Act of 1981, particularly sections 1504(b) and 1541; 7 CFR Part 658	Yes ☐ No ☒	**Consultant Comments:** Comments by Chris Melville, City Manager, City of West Wendover. "The project site does not include prime or unique farmland, OR other farmland of statewide or local importance as identified by the U.S. Department of Agriculture, Soil Conservation Service (SCS); OR project site

		includes prime farmland but is located in an area committed to urban uses." **Direct Impacts:** • The construction of the proposed action would not have direct impacts on farmlands as the project site does not include farmland. **Indirect Impacts:** • The construction of the proposed action will not indirectly impact farmland as no farmland is located the surrounding area. **Compliance Steps and Mitigation:** No Formal Compliance Steps or Mitigation Required. **Documentation:** Please see response by Chris Melville, City Manager, City of West Wendover Dated: January 23, 2023 located in Attachment I
Floodplain Management Executive Order 11988, particularly section 2(a); 24 CFR Part 55	Yes ☐ No ☒	**Consultant Comments:** Comments by Chris Melville, City Manager, City of West Wendover. "The Project does not involve property acquisition, management, construction or improvement within a 100 year flood plain (Zones A or V) Identified by FEMA maps." Per the attached FEMA map "0.2% annual chance of flood; areas of 1% annual chance flood with average depths of less than 1 foot or within drainage areas less than 1 square mile. Zone X" **Compliance Steps and Mitigation:** No Formal Compliance Steps or Mitigation Required. **Documentation:** Please see response by Chris Melville, City Manager, City of West Wendover Dated: January 23, 2023 also located in Attachment D

Historic Preservation National Historic Preservation Act of 1966, particularly sections 106 and 110; 36 CFR Part 800	Yes ☒ No ☐	**Preparer Comments:** The proposed action is taking place on a parcel that was previously under an R&PP Lease Agreement between the BLM and the City of West Wendover. The property is now owned by the City of West Wendover. The proposed action is just one of many actions that were covered in the lease agreement for the development of the City Center also called the City Complex in the Memorandum of Agreement. The existing City Hall / Government Complex was constructed under this agreement. **Documentation:** The Environmental Review Completed by BLM, The R&PP Lease Agreement area located in Attachment J. The Memorandum of Agreement between the BLM and Nevada State Office of Historic Preservation, and the 2006 Letter of Concurrence associated with the Memorandum of Agreement are located in Attachment J. **Preparer Comments:** The Nevada State Historic Preservation Office (SHPO) was sent a request for consultation that included a description of the project, the APE, identification of resources, public and tribal outreach and a determination of effect. SHPO has asked for additional information about the project, additional information about cultural resources that may be in the surrounding area, a more in depth discussion of APE attributes, consultation with the NVCRIS to check for potential resources that have been documented with in the APE. **Direct Impacts:** • The construction of the proposed action does not directly impact the Victory Highway or the transcontinental phone line. At the

		closest point, of the Area of Disturbance Boundary to the Victory Highway is 288 feet. **Indirect Impacts:** • The construction of the proposed action does not indirect impact other offsite historic resources. **Compliance Steps and Mitigation:** • The contractor for the project will be educated about the location of cultural resources within the APE and will be directed that they must be protected. • The contractor will be made aware of the potential disturbance boundary that they will be required to stay within to complete the work. • A protocol will be established with the contractor and resident inspector to stop work and notify appropriate people of if any cultural resources are encountered during the work. **Preparer Comments:** The original environmental review by BLM as well as the MOA and supporting documents are included as background information to provide context. **Documentation:** The following documents associated with the Section 106 compliance are located in Attachment J. 2006 Concurrence Letter from Ronald M. James, State Historic Preservation Officer, Dated August 9, 2006 Memorandum of Agreement – Among the Elko Field Office of the Bureau of Land Management and the Nevada State Historic Preservation Officer, and the City of West Wendover, Nevada – Regarding Resolution

		of Adverse Effects From Leasing 124.67 Acres of Public Land, Dated August 3, 2006 The following documents produced by the Bureau of Land Management are located in Attachment J. United States Department of Interior Bureau of Land Management - Phase 1 Environmental Site Assessment – Wendover Recreation & Public Purposes Lease – Elk County, Nevada – T. 33 N., R. 70 E., M.D.B.&M. Portion of: Section 8 E1/2 SE1/4 SE1/4; Portion of: Section 9 SW1/4 SW1/4; Portion of Section 16 NW1/4 NW1/4 - February 2006 Victory Highway (US40) - One-mile segment west of West Wendover and south of Interstate 80 – West Wendover Vicinity – Elko County, Nevada HAER NV-41 – Historic American Engineering Record – Pacific West Regional Office – National Park Service – U.S. Department of the Interior. See HAER (Historic American Engineering Record) http://www.loc.gov/pictures/collection/hh/item/nv0394/. For convenience a copy of the document is also located in Attachment J.
Noise Abatement and Control Noise Control Act of 1972, as amended by the Quiet Communities Act of 1978; 24 CFR Part 51 Subpart B	Yes ☐ No ☒	**Consultant Comments:** Comments by Raul Naranjo, City of West Wendover Public Works Director "The project does not involve development of noise sensitive uses, or the ambient noise level at the project site is 65LDN (or CNEL) or less." **Direct Impacts:** • Additional noise will be created during the construction of the proposed action but not at levels that

		will increase the overall ambient noise level to a dangerous or nuisance level. • Noise levels associated with the use of the constructed facility will be no louder than the noise found along the surrounding streets. **Indirect Impacts:** • Additional noise will be created during the construction of the proposed action, but surrounding areas are sparsely developed, and no residences are located adjacent to the proposed action. • Noise levels associated with the use of the constructed facility will be no different than the ambient noise found along the surrounding streets. **Compliance Steps and Mitigation:** No Formal Compliance Steps or Mitigation Required. **Documentation:** Please see response by Raul Naranjo, City of West Wendover Public Works Director Dated: January 23, 2023 located in Attachment K
Sole Source Aquifers Safe Drinking Water Act of 1974, as amended, particularly section 1424(e); 40 CFR Part 149	Yes ☐ No ☒	**Consultant Comments:** Comments by Brendon Grant, P.E. Engineering Branch Supervisor, Bureau of Safe Drinking Water Nevada Division of Environmental Protection Compliance steps may be required as explained below: "The project is not located within an area designated by EPA as being supported by a sole source aquifer," "The BDSW is unable to determine if a water project was submitted for approval and review prior to construction in 2007. The BDSW requests as-builts of the construction, a network hydraulic analysis that

		demonstrates fire flow and fire demand can be met at the fire hydrant, and a standard detail that shows the installation of a reduced pressure principle assembly on the water service, fire service and irrigation lines." **Preparer Comments:** The project will be designed so that mitigation is not required. **Direct Impacts:** • The proposed action is not located in an area designated as a soul source aquifer but will include connection to existing water facilities. **Indirect Impacts:** • Once the proposed action is constructed additional water will be required to serve the proposed action. The current system has the capacity and the water to safely serve the proposed action. **Compliance steps:** Provide the as-builds for the culinary water line serving the proposed action along with a hydraulic analysis to show that adequate fire flow can be provided to the fire hydrant serving the proposed action as well as a standard detail for a reduced pressure principle assembly on the water service, fire service and irrigation service. **Mitigation:** If compliance steps are taken there will be no formal mitigation required. **Documentation:** Please see response by Brendon Grant, P.E. Engineering Branch Supervisor, Bureau of Safe Drinking Water Nevada Division of Environmental Protection. Dated: March 20, 2023 located in Attachment L.
Wetlands Protection	Yes No	**Consultant Comments:**

Executive Order 11990, particularly sections 2 and 5	☒ ☐	Comments by Zack Carter, Environmental Scientist 3, Department of Conservation and Natural Resources Nevada Division of Environmental Protection "The project does not involve new construction within or adjacent to a wetland. The project does not affect a wetland identified by any pertinent planning document or by field observation. The Delineation of wetlands is based on consultation with U.S. Corps of Engineers, U.S. Fish & Game Service or State Fish and Game." "The proposed construction of the fire station in west Wendover, Nevada will avoid any impacts to wetlands identified in the National Wetlands Inventory. This review is based on a desktop analysis of the proposed project site and does not constitute a formal delineation of aquatic resources at this location. All federal, state and local permit conditions must be followed for construction. Best management practices to prevent erosion and control settlement should be implemented to prevent discharge into all identified drainages or waterbodies." **Direct Impacts:** • The site does not include any wetlands nor do any wetlands reside adjacent to or directly below the location of the proposed action and thus does not directly impact any wetlands. **Indirect Impacts:** • As stormwater that runs through the site or is generated by the site may eventually flow to wetlands erosion and sediment control measures will be required through construction to maintain the quality of stormwater flow and protect drainages from sedimentation due to construction. **Compliance steps:**

		Provide erosion and sediment control. **Mitigation:** If compliance steps are taken there will be no formal mitigation required. **Documentation:** Please see response by Zack Carter, Environmental Scientist 3, Department of Conservation and Natural Resources Nevada Division of Environmental Protection. Dated: February 13, 2023; located in Attachment M.
Wild and Scenic Rivers Wild and Scenic Rivers Act of 1968, particularly section 7(b) and (c)	Yes ☐ No ☒	**Preparer Comments:** Nevada does not have any Wild and Scenic Rivers. **Direct Impacts:** • As Nevada does not have any wild and scenic rivers the proposed action will not directly impact any wild and scenic rivers **Indirect Impacts:** • As Nevada does not have any wild and scenic rivers the proposed action will not indirectly impact any wild and scenic rivers **Compliance Steps and Mitigation:** No Formal Compliance Steps or Mitigation Required. **Documentation:** Please see the Query for Nevada from National Wild and Scenic Rivers Council Website: http://www.rivers.gov/nevada.php The National Wild and Scenic Rivers Council is supported in partnership between the United States Bureau of Land Management, National Park Service, U.S. Fish and Wildlife and U.S. Forest Service. The query is Dated: January 23, 2023 and is located in Attachment N
ENVIRONMENTAL JUSTICE		

Environmental Justice Executive Order 12898	Yes ☐ No ☒	**Consultant Comments:** The proposed action was found to have a positive impact on the following areas of Environmental Justice: Aesthetic Values, Community Cohesion, Community Growth, Local Property Values, Public Facilities, Public Services, Regional Growth, Employment and Labor Force, Business and Industrial Activity, and Disadvantaged Population. The proposed action was found to have a neutral impact on the following areas of Environmental Justice: Noise, Tax Revenues, Displacement of Farms, Manmade Resources, Natural Resources, Air Quality, Water Quality, and Displacement of People. The proposed action was found to have no negative impacts on the 18 areas of Environmental Justice taken into consideration. **Direct Impacts:** • The construction of the proposed action will provide increased employment opportunities to the community both during construction and as a result of the construction as the project will make available adequate public safety services for continued growth and to develop additional businesses in town. • Local business activity will increase. • Tax revenue will increase due to the increased employment and business activity. **Indirect Impacts:** • Residents will benefit as the centrally located fire station will provide the shortest emergency response times to the community. • **Compliance Steps and Mitigation:**

		No Formal Compliance Steps or Mitigation Required. **Documentation:** Please see response by Chris Melville, City Manager, City of West Wendover Dated: January 23, 2023 located in Attachment O

List of Permits Obtained:

The permits required for the proposed project all require engineered drawings for approval. The Engineered drawings will come once the project is completely funded. The permits that will be required include:

- Approval of the water system improvements by NDEP
- Storm water pollution prevention plan SWPPP
- Building and Construction permitting by the City

Public Outreach [24 CFR 50.23 & 58.43]**:**

Public Hearings were held August 02, 2022, September 06, 2022 and November 01, 2022, to allow the public to provide options for proposed projects and then comment on the proposed projects prior to selection of a project for funding. The notices, agendas, and minutes of each meeting can be found in Attachment Q.

Cumulative Impact Analysis [24 CFR 58.32]**:**

The mitigation for the Victory Highway is an example of aggregation that has occurred of which the proposed action has been apart. The City Center Master Plan was developed in the year 2000. When the BLM made the land available in 2006 the City recognized that the Victory Highway would be impacted by the fulfillment of the City Center Master Plan. Recognizing this the City took this into account and created the interpretative area to mitigate the impact with the first phase of development. The current proposed action is a beneficiary of previous aggregation. As each phase is designed the complete plan is considered and utilities are stubbed out and sized to address the needs of future phases. Because of this the utilities that would serve the proposed action were stubbed out with previous phases. The environmental considerations of the proposed action have taken into account the effects on the Complete City Center Master Plan.

Below is a summary table for the direct and indirect impacts considered with the proposed action. Please see the explanations found in the descriptions of the various factors for details describing the impacts.

Factor	Summary of Direct and Indirect Impacts	Impact
Airport Hazards	Direct Impacts: • No impact. Indirect Impacts: • No impact.	Neutral Neutral
Coastal Barrier Resources	Direct Impacts: • No impact. Indirect Impacts: • No impact.	Neutral Neutral
Flood Insurance	Direct Impacts: • Will not create new onsite flood risks that would affect flood insurance. Indirect Impacts: • Will not create new offsite flood risks that would affect flood insurance.	Neutral Neutral
Clean Air	Direct Impacts: • Construction activity may generate fugitive dust. Indirect Impacts: • Mitigation of fugitive dust should minimize indirect impacts off site. • No impact anticipated from completed action.	Minor Adverse Neutral Neutral
Coastal Zone Management	Direct Impacts: • No impact. Indirect Impacts: • No impact.	Neutral Neutral
Contamination and Toxic Substances	Direct Impacts: • No impact. Indirect Impacts: • No impact.	Neutral Neutral
Endangered Species	Direct Impacts: • No anticipated impact but will address if situation changes.	Neutral

	Indirect Impacts: • No anticipated impact but will address if situation changes.	Neutral
Explosive and Flammable Substances	Direct Impacts: • No impact. Indirect Impacts: • No impact.	Neutral Neutral
Farmlands Protection	Direct Impacts: • No impact. Indirect Impacts: • No impact.	Neutral Neutral
Floodplain Management	Direct Impacts: • Will not create new onsite flood risks. Indirect Impacts: • Will not create new offsite flood risks.	Neutral Neutral
Historic Preservation	Direct Impacts: • The proposed action does not affect the known historic resources. Indirect Impacts: • No offsite impacts.	Neutral Neutral
Noise Abatement and Control	Direct Impacts: • No impact during construction. • No impact with use of facilities. Indirect Impacts: • No impact during construction. • No impact with use of facilities.	Neutral Neutral Neutral Neutral
Sole Source Aquifer	Direct Impacts: • No impact due to no sole source aquifer. Indirect Impacts: • Additional water and capacity will be required to serve the Fire Station but this water and capacity is currently available as it was designed into the City Hall Government Complex in anticipation of this project.	Neutral Neutral

Wetlands Protection	Direct Impacts: • No impact. Indirect Impacts: • Erosion and sediment control measures will be required to minimize possible down gradient impact.	Neutral Neutral
Wild and Scenic Rivers	Direct Impacts: • No impact. Indirect Impacts: • No impact.	Neutral Neutral
Environmental Justice	Direct Impacts: • Provide increased employment opportunities expand opportunities for commercial development. • Local business activity will increase. • Tax revenue will increase. Indirect Impacts: • Development will spur additional commercial growth and activity within the City. • Provide additional employment opportunities and increase the local diversity of goods and services. • Additional tax revenue allows expansion and diversification of public services.	Beneficial Beneficial Beneficial Beneficial Beneficial Beneficial

Alternatives [24 CFR 58.40(e); 40 CFR 1508.9]

In 2001 the City of West Wendover adopted a City Center Master Plan that addresses the parcel upon which the Proposed Facility would be located. It's central location in the community placed it in a position where most residents pass through this area multiple times a day. To the east along Wendover Boulevard lies the hospitality and entertainment district which is essentially the employment and tourism core of the community. To the south beyond Wendover Boulevard lie the residential districts. Along Wendover Boulevard and Pueblo Boulevard lies the core of the commercial shopping district providing the daily necessities for the residents. The City recognized that the location of the proposed action was a central location in the City. Because of this the site was chosen for City Hall Government Complex.

In considering alternatives the fire station could be located on a different parcel if one were available but it would need to be centrally located. The only land that is centrally located along Wendover Boulevard is the City owned property that was initially leased and now has been purchased from BLM. The reason the fire station and other government complex occupants is located back from the boulevard and not directly on it is that a remnant of the historic Victory

Highway is located a couple of hundred feet off the Boulevard and the City desires to protect this cultural resource and utilize the ground around it as a public park and as an outdoor museum. Locating the facilities further back on the property has also had a benefit of requiring intersections for the access to the facility which has limited traffic directly in front of the facilities allowing on the road and up to speed quickly and then utilizing intersections to access Wendover Boulevard, puts the entry onto the Boulevard at an expected location to have traffic entering. This configuration has worked well for the police department which currently occupy the government complex and is anticipated to work well for fire and ambulance services.

Preferred Alternative

The proposed facility at the proposed location is the preferred alternative. Other locations on the City owned parcels are the only options that meet the need for a central location that directly accesses Wendover Boulevard. Constructing the fire station in its original proposed location within the City Hall Government Complex capitalizes on the efficiencies of the site utilizing shared utilities, access, parking, and backup power.

No Action Alternative [24 CFR 58.40(e)]:

The no action alternative is not a feasible alternative at this point nor has it been at any point since the City incorporated. The City's existing fire station is located on leased private property. The property is very small and does not allow for expansion. The City already stores some fire equipment outside because the building is too small to hold all of the necessary equipment. The city has grown out of this facility and needs a new location that is centrally located on Wendover Boulevard and allows for room to expand as growth requires.

Summary of Findings and Conclusions:

The following Compliance Factors require no additional compliance steps or mitigation: Airport Hazards, Coastal Barrier Resources, Flood Insurance, Coastal Zone Management, Contamination and Toxic Substances, Endangered Species, Explosive and Flammable Hazards, Farmland Protection, Floodplain Management, Noise Abatement and Control, Wild and Scenic Rivers, and Environmental Justice.

The following Compliance Factors may require additional compliance steps: Clean Air, Historic Preservation Sole Source Aquifers and Wetlands Protection. The compliance steps have been summarized in the following section titled Mitigation Measures and Conditions.

By taking the actions required with respect to Air Quality, Historic Preservation Sole Source Aquifers, and Wetlands Protection the proposed action any potential adverse impacts can either be avoided or mitigated to a point that it is reasonable to reach a determination of a Finding of No Significant Impact due to the construction and existence of the proposed action.

Mitigation Measures and Conditions [40 CFR 1505.2(c)]

Summarize below all mitigation measures adopted by the Responsible Entity to reduce, avoid, or eliminate adverse environmental impacts and to avoid non-compliance or non-conformance with the above-listed authorities and factors. These measures/conditions must be incorporated into project contracts, development agreements, and other relevant documents. The staff responsible for implementing and monitoring mitigation measures should be clearly identified in the mitigation plan.

Summary Table of Compliance Steps Mitigation Measures

Law, Authority, or Factor	Responsible Party	Compliance Steps & Mitigation Measures
Clean Air	Contractor Contractor	1.Control Fugitive Dust 2.Obtain surface disturbance permit with NDEP BACP if disturbance is greater than 5 acres.
Historic Preservation	City/Contractor City/Contractor City/Contractor	1. The contractor for the project will be educated about the location of cultural resources within the APE and will be directed that they must be protected. 2. The contractor will be made aware of the potential disturbance boundary that they will be required to stay within to complete the work. 3. A protocol will be established with the contractor and resident inspector to stop work and notify appropriate people of if any cultural resources are encountered during the work.
Sole Source Aquifer	Design Engineer	Provide the as-builds for the culinary water line serving the proposed action along with a hydraulic analysis to show that adequate fire flow can be provided to the fire hydrant serving the proposed action as well as a standard detail for a reduced pressure principle assembly on the water service, fire service and irrigation service.
Wetlands Protection	Contractor	Provide Erosion and Sediment Control

Determination:

☒ **Finding of No Significant Impact** [24 CFR 58.40(g)(1); 40 CFR 1508.27]
The project will not result in a significant impact on the quality of the human environment.

☐ **Finding of Significant Impact** [24 CFR 58.40(g)(2); 40 CFR 1508.27]
The project may significantly affect the quality of the human environment.

FIGURE G-1

West Wendover Fire Station #13

Project Description

Location: A portion of the W 1/2 of the SW ¼ of the SW/14 of Section 9 T. 33 N. R. 70 E., M.D.B.&M.

Need for Proposed Action:

The West Wendover Fire Station was constructed in the 1980's by Elko County when the community was a "Township" under the general jurisdiction of Elko County with a community population of approximately 1,500. In 1991, the City of West Wendover became incorporated and inherited the County's facilities. The city proceeded to grow in population surpassing 5,000 people. The fire station was no longer able to meet the space and operational requirements and provide efficient and effective local government operations.

The current 1980's fire station is a 4,400 square foot leased facility on approximately 1 acre of property at 975 Wendover Boulevard on the east side of the community. Due to the lack of indoor storage the Fire Department stores its HazMat response and Mobile Command unit along with additional equipment items outdoors which shortens the life span of the equipment.

Though the 3 short-bay facility was adequate for the needs of the fire service in the early 1980's under Elko County when it was constructed, today the facility is too small, outdated and as noted, the City leases the property/facility from a private holding which limits the options for the city in the long-term.

The proposed West Wendover Fire Station is an important long-term public safety facility for the City of West Wendover. Originally planned in 2007 to be part of the construction of the City Hall Government Complex, due to cost, the Fire Station portion of the project was delayed. The proposed site is central to the community and allows the shared use of parking and utilities to minimize the necessary footprint and to provide operational efficiencies. The proposed action will provide a centralized location with a facility that is designed to serve the city well into the future.

Description of Proposed Action:

The proposed action includes construction of a public street with turnaround approximately 780 feet in length to serve a future commercial district. The project includes construction of the following improvements:

- Area of Disturbance (Fire station site, utility connections in North Gene L. Jones Way, construction of segment of new public street, relocation of stormwater channel and additional city hall parking.): 3.80 acres.
- Completed Fire Station Site Area: 55,100 square feet or 1.26 acres.
- Building Area: 11,383 square feet.
- Paved Area (fire station site): 0.37 acres or 28.97% of site.
- Building Includes: 5 apparatus bays.
- Building Includes: Offices and activity center including kitchen, dayroom, and equipment storage.
- Approximately 250-foot-long segment of new public street for access to fire station.
- Additional joint use parking at City Hall containing 7 stalls.
- See attached conceptual drawings for location and proposed layout.

Community Development Director
P.O. Box 2825
West Wendover, Nevada 89883

Attention: Mr. Melville,

Re: Environmental Review – City of West Wendover – Fire Station #13: Airport Clear Zones and Accident Potential Zones

The City of West Wendover is applying for funds through the Nevada Community Development Block Grant Program (CDBG), and the United States Department of Agriculture – Rural Development, to undertake the following project: City of West Wendover – Fire Station #13. Enclosed is a description of the proposed action, project drawings and maps and a form for your review of the project.

Thank you for your assistance on this Environmental Review. Please do not hesitate to contact me if you need any information on the proposed action. My contact information is found at the bottom of the review form. Please feel free to e-mail your response to: shay.stark@aquaeng.com.

Sincerely,

Shay Stark
Project Manager

Environmental Review Form

ENVIRONMENTAL REVIEW: HUD STANDARDS FOR AIRPORT CLEAR ZONES AND ACCIDENT POTENTIAL ZONES

Grantee: City of West Wendover Project Name: Fire Station #13

Pursuant to Department of Housing and Urban Development requirements for CDBG projects, the grant recipient assumes the responsibility for environmental review, decision making and actions required by local, state and federal environmental laws or authorities. In order to complete the environmental review requirements, we are requesting your review of the project with respect to the threshold for the Airport Clear Zones and Accident Potential Zones. The pertinent HUD standards for these environmental considerations include the following criteria, standards, policies and/or regulations:

1. 24CFR Part 51, Subpart D, Siting of HUD Assisted Projects in Runway Clear Zones at Civil Airports and Clear Zones and Accident Potential Zones at Military Airfields. (49 FR 877, January 6, 1980.)

Please check either line A or B below and add any applicable comments in the space provided. Please feel free to attach any additional comments.

____ A. The project is not within an FAA designated civilian airport Runway Clear Zone (RCZ), or within a military Airfield Clear Zone (CZ) or APZ. (This finding is based on information from the airport or military airfield administrator which identifies the boundaries of such zones) OR the project involves only minor rehabilitation.

____ B. For the sale or purchase of existing property in a RCZ or CZ, notify buyer of this fact and obtain buyer's signature acknowledging receipt of this information. It is HUD policy not to provide any development assistance, subsidy or insurance in RCZs or CZs unless the project will not be frequently used or occupied by people and the airport operator provides written assurances that there are no plans to purchase the project site.

Pacific Ocean Coastal Information (/pacific-ocean-coastal-information)

Bordering five U.S. States (Alaska, California, Hawaii, Oregon, and Washington), the Pacific coast's tidal shoreline stretches for approximately 40,298 miles (https://shoreline.noaa.gov/_pdf/Coastline_of_the_US_1975.pdf) through various environments. For the past decade, FEMA has been updating Flood Insurance Studies and Flood Insurance Rate Maps (FIRM (/flood-insurance-rate-map-firm)s) (/national-flood-insurance-program-2/flood-insurance-rate-map-firm) for the entire populated coastline of the country to provide improved flood hazard information to coastal communities.

In accordance with FEMA's Guidelines and Standards for Coastal Flood Hazard Analysis and Mapping (/guidelines-and-standards-flood-risk-analysis-and-mapping), FEMA is performing detailed engineering analysis and mapping for coastal communities along the Pacific Ocean coast of the country. See the Coastal Flood Hazard Analysis and Mapping Guidance (/coastal-flood-hazard-analysis-and-mapping) page for information on coastal study guidance resources.

The coastal Risk Mapping, Assessment, and Planning (Risk MAP (/risk-mapping-assessment-and-planning-risk-map)) study aims to foster collaboration between FEMA, other Federal agencies, States, and Tribal and coastal communities while increasing the understanding of local flood hazards, encouraging mitigation efforts, and improving the communities' resilience to flood damage (life, property and business). Many communities along the Pacific seaboard have already received updated flood maps in the form of preliminary or effective FIRMs.

On the pacific coast, two FEMA Regions – Region IX and Region X – manage these projects and work with other Federal agencies, States, and Tribal and local community officials to prepare for, protect against, respond to and mitigate hazards.

ENVIRONMENTAL REVIEW: FLOODPLAIN MANAGEMENT

Grantee: City of West Wendover Project Name: Fire Station #13

Pursuant to Department of Housing and Urban Development requirements for CDBG projects, the grant recipient assumes the responsibility for environmental review, decision making and actions required by local, state and federal environmental laws or authorities. In order to complete the environmental review requirements, we are requesting your review of the project with respect to the threshold for Floodplain management. The pertinent HUD standards for Floodplain Management include the following criteria, standards, policies and/or regulations:

1. Executive Order 11988, Floodplain Management, May 24, 1977 (42 FR 26951 et seq.); particularly Section 2(a).

Please check the line below which applies and add any applicable comments in the space provided. Please feel free to attach any additional comments.

___ A. The project does not involve property acquisition, management, construction or improvement within a 100 year floodplain (Zones A or V) identified by FEMA maps, or

___ A.1 Does not involve a "critical action" (e.g., a fire station, emergency facility, facility for mobility impaired persons, elderly housing project, etc.) within a 500 year floodplain (Zone B). If these maps have not been published, the same finding is necessary and is to be based on data from the City/County engineer or State/ local Flood Control Agency;

___ B. The environmental threshold for the Floodplain Management Executive Order is exceeded. Grant recipient must initiate and complete the U.S. water Resources Council 8-step Decision making Process for Floodplain Management.

RE: Environmental Review: Fire Station #13 Project, West Wendover, Nevada

Dear Mr. Stark:

Enclosed you will find the signed environmental review form for the Fire Station #13 Project proposed by the City of West Wendover in Elko County, NV. The Nevada Division of Environmental Protection, Bureau of Air Quality Planning (BAQP) has reviewed this project for conformance with federal air quality standards, and it will conform to Nevada's Applicable State Implementation Plan. Please note the following requirements that must be complied with during the planning and implementation phases of this project:

1. It is our understanding that this project is to construct a new fire station that will also include shared parking and utilities in West Wendover, Nevada. Pursuant to NAC 445B.22037, if during the course of a project an area in excess of five (5) acres is disturbed, a surface area disturbance permit is required from the Bureau of Air Pollution Control (BAPC).

2. Regardless of the size of the disturbed area, fugitive dust emitted from the project must be controlled at all times through the use of best practical methods. These methods can include, but are not limited to, paving, chemical stabilization, watering, phased construction, and revegetation. For assistance with controlling fugitive dust, please contact the BAPC Compliance Supervisor, at (775) 687-9349.

If you have any questions on this review you may call me at (775) 687-9499, or e-mail at atucker@ndep.nv.gov.

Sincerely,

Andrew Tucker, Supervisor
Planning & Data Management Branch

ENVIRONMENTAL REVIEW: AIR QUALITY ACT

Grantee: City of West Wendover Project Name: Fire Station #13 Project

Pursuant to U.S Department of Housing and Urban Development, U.S. Department of Commerce, Economic Development Administration or other federal department or agency requirements, as applicable, the grant recipient assumes the responsibility for environmental review, decision making and actions required by local, state, and federal environmental laws or authorities. In order to complete the environmental review requirements, we are requesting the Nevada Division of Environmental Protection's (NDEP) review of the project with respect to the threshold for Air Quality. The pertinent standards for Air Quality include the following criteria, standards, policies and/or regulations:

1. The Clean Air Act (42 U.S.C. 7401 et seq.) as amended; particularly Section 176 (c) and (d) (42 U.S.C. 7506 (c) and (d)).

Please check either line A or B below and add any applicable comments in the space provided. Please feel free to attach any additional comments.

X A. The project conforms to the EPA-approved State Implementation Plan (SIP), per contract with the State Air Quality Management District or Board.

____ B. The environmental threshold for Air Quality is exceeded. The project is not in conformance with the Clean Air Act. Negotiate suitable mitigation measures with the Air Quality Management District or Board.

NDEP Comments:

This project is not expected to disturb an area in excess of five (5) acres at one time, therefore, a surface area disturbance permit is not required.

In the event a surface area disturbance permit is required, contact a BAPC Supervisor, at (775) 687-9349.

In accordance with NAC 445B.22037, fugitive dust must be controlled at all times during the implementation of this project.

ENVIRONMENTAL REVIEW: HUD STANDARDS FOR TOXIC CHEMICALS AND RADIOACTIVE MATERIALS

Grantee: City of West Wendover Project Name: Fire Station #13

Pursuant to Department of Housing and Urban Development requirements for CDBG projects, the grant recipient assumes the responsibility for environmental review, decision making and actions required by local, state and federal environmental laws or authorities. In order to complete the environmental review requirements, we are requesting your review of the project with respect to the threshold for Toxic Chemicals and Radioactive Materials. The pertinent HUD standards for these environmental considerations include the following criteria, standards, policies and/or regulations:

1. HUD notice 79-33, September 10, 1979, Policy Guidance to address problems posed by Toxic Chemicals and Radioactive Materials.

Please check either line A or B below and add any applicable comments in the space provided. Please feel free to attach any additional comments.

____ A. The project does not involve new development for habitation; OR the project involves new development for habitation, but is not located within one mile of an NPL ("Superfund") site, within 2,000 feet of a CERCLIS site, nor is adjacent to any other known or suspected sites contaminated with toxic chemicals or radioactive materials, unless a federal, state or local authoritative source determines it does not pose a health hazard.

____ B. The project exceeds the above standards in □A□. Grantees are advised not to use funds for activities supporting new development for habitation when a project site is affected by toxic chemicals or radioactive materials. Documentation includes contact with appropriate federal, state, or local oversight agencies. The grant recipient must establish Acceptable Separation Distance (ASD) or other mitigation measures.

RE: Data request received 07 February 2023

Dear Mr. Stark

We are pleased to provide the information you requested on endangered, threatened, candidate, and/or at-risk plant and animal taxa recorded on or near the City of West Wendover Fire Station # 13 project area in Elko County. We searched our database and maps around the shapefile provided including a two-kilometer radius around:

Township 33N Range 70E Section 09

There are no at-risk taxa recorded within the given area. However, habitat may be available for, the silver-haired bat, *Lasionycteris noctivagans*, a Nevada Bureau of Land Management (BLM) Sensitive Species, and the Great Basin fishhook cactus, *Sclerocactus pubispinus*, a Nevada BLM Sensitive Species as well as a State Protected Cacti under NAC 503. The Nevada Department of Wildlife (NDOW) manages, protects, and restores Nevada's wildlife resources and associated habitat. Please contact Jinna Larkin, NDOW GIS Coordinator (775) 688-1580 to obtain further information regarding wildlife resources within and near your area of interest. Removal or destruction of state protected flora species (NAC 527.010) requires a special permit from Nevada Division of Forestry (NRS 527.270).

Please note that our data are dependent on the research and observations of many individuals and organizations, and in most cases are not the result of comprehensive or site-specific field surveys. Natural Heritage reports should never be regarded as final statements on the taxa or areas being considered, nor should they be substituted for on-site surveys required for environmental assessments.

Thank you for checking with our program. Please contact us for additional information or further assistance.

Sincerely,

Eric S. Miskow
Aquatic Biologist/Data Manager

Attention: Ms. Larkin,

Re: Environmental Review – City of West Wendover – Fire Station #13: Endangered Species Act

The City of West Wendover is applying for funds through the Nevada Community Development Block Grant Program (CDBG), and the United States Department of Agriculture – Rural Development, to undertake the following project: City of West Wendover – Fire Station #13. Enclosed is a description of the proposed action, project drawings and maps, shape file of project location, data request form, and a form for your review of the project.

Thank you for your assistance on this Environmental Review. Please do not hesitate to contact me if you need any information on the proposed action. My contact information is found at the bottom of the review form. Please feel free to e-mail your response to: shay.stark@aquaeng.com.

Sincerely,

Shay Stark
Project Manager

Re: WestWendoverFireStation13

Dear Shay Stark:

I am responding to your request for information from the Nevada Department of Wildlife (NDOW) on the known or potential occurrence of wildlife resources in the vicinity of the WestWendoverFireStation13 located in Elko County, Nevada. In order to fulfill your request, a query was performed using the best available data from the NDOW's wildlife occurrences, raptor nest sites and ranges, greater sage-grouse leks and habitat, and big game distributions databases. No warranty is made by the NDOW as to the accuracy, reliability, or completeness of the data for individual use or aggregate use with other data. The absence of data does not imply the absence of species or associated habitat, and additional coordination may be necessary to adequately address species or habitat presence or limits to existing data. These data should be considered **sensitive** and may contain information regarding the location of sensitive wildlife species or resources. All appropriate measures should be taken to ensure that the use of this data is strictly limited to serve the needs of the project described on your GIS Data Request Form. Abuse of this information has the potential to adversely affect the existing ecological status of Nevada's wildlife resources and could be cause for the denial of future data requests.

To adequately provide wildlife resource information in the vicinity of the proposed project the NDOW delineated an area of interest that included a four-mile buffer around the project area provided by you on Friday, February 10, 2023. Wildlife resource data was queried from the NDOW databases based on this area of interest. The results of this analysis are summarized below.

Big Game - Occupied pronghorn antelope distribution exists throughout the entire project area and portions of the four-mile buffer area. Occupied bighorn sheep and elk distributions exist outside of the project area within portions of the four-mile buffer area. No known occupied mule deer distribution exists in the vicinity of the project area. Please refer to the attached maps for details regarding big game distributions relative to the proposed project area.

Greater Sage-Grouse - Greater sage-grouse habitat in the vicinity of the project area has primarily been classified as Other habitat by the Nevada Sagebrush Ecosystem Program (http://sagebrusheco.nv.gov). Please refer to the attached map for details regarding greater sage-grouse habitat relative to the proposed project area. Greater sage-grouse activity in the vicinity of the project area has been documented by two tracking locations generated by at least one radio-marked bird in the vicinity of the project area. There are no known greater sage-grouse lek sites in the vicinity of the project area.

Lahontan Cutthroat Trout - are known to exist in the vicinity of the project area in the Willow Canyon-Bettridge Creek watershed.

Raptors - Various species of raptors, which use diverse habitat types, may reside in the vicinity of the project area. American kestrel, bald eagle, barn owl, burrowing owl, Cooper's hawk, ferruginous hawk, flammulated owl, golden eagle, great horned owl, long-eared owl, merlin, northern goshawk, northern

harrier, northern saw-whet owl, osprey, peregrine falcon, red-tailed hawk, rough-legged hawk, sharp-shinned hawk, short-eared owl, Swainson's hawk, turkey vulture, and western screech owl have distribution ranges that include the project area and four-mile buffer area. Furthermore, prairie falcon and rough-legged hawk have been directly observed in the vicinity of the project area.

Raptor species are protected by State and Federal laws. In addition, bald eagle, burrowing owl, California spotted owl, ferruginous hawk, flammulated owl, golden eagle, northern goshawk, peregrine falcon, prairie falcon, and short-eared owl are NDOW species of special concern and are target species for conservation as outlined by the Nevada Wildlife Action Plan. Per the *Interim Golden Eagle Technical Guidance: Inventory and Monitoring Protocols; and Other Recommendations in Support of Golden Eagle Management and Permit Issuance* (United States Fish and Wildlife Service 2010) we have queried our raptor nest database to include raptor nest sites within ten miles of the proposed project area. There are 15 known or suspected raptor nest sites within ten miles of the project area:

Nest Type	Nest Substrate	Nest Size	Last Visit Date	Last Occupied Species	Last Occupied Date
stick nest			7/1/1979		
stick nest			10/23/1979		
stick nest			10/25/1979		
stick nest			6/10/1992		
stick nest			5/16/2012	red-tailed hawk	5/16/2012
stick nest			5/16/2012		
stick nest			5/16/2012		
stick nest			5/16/2012		
stick nest			5/16/2012		
stick nest			5/16/2012		
stick nest			5/16/2012		
stick nest			5/16/2012		
stick nest			5/16/2012		
stick nest			5/16/2012		
stick nest			5/16/2012		

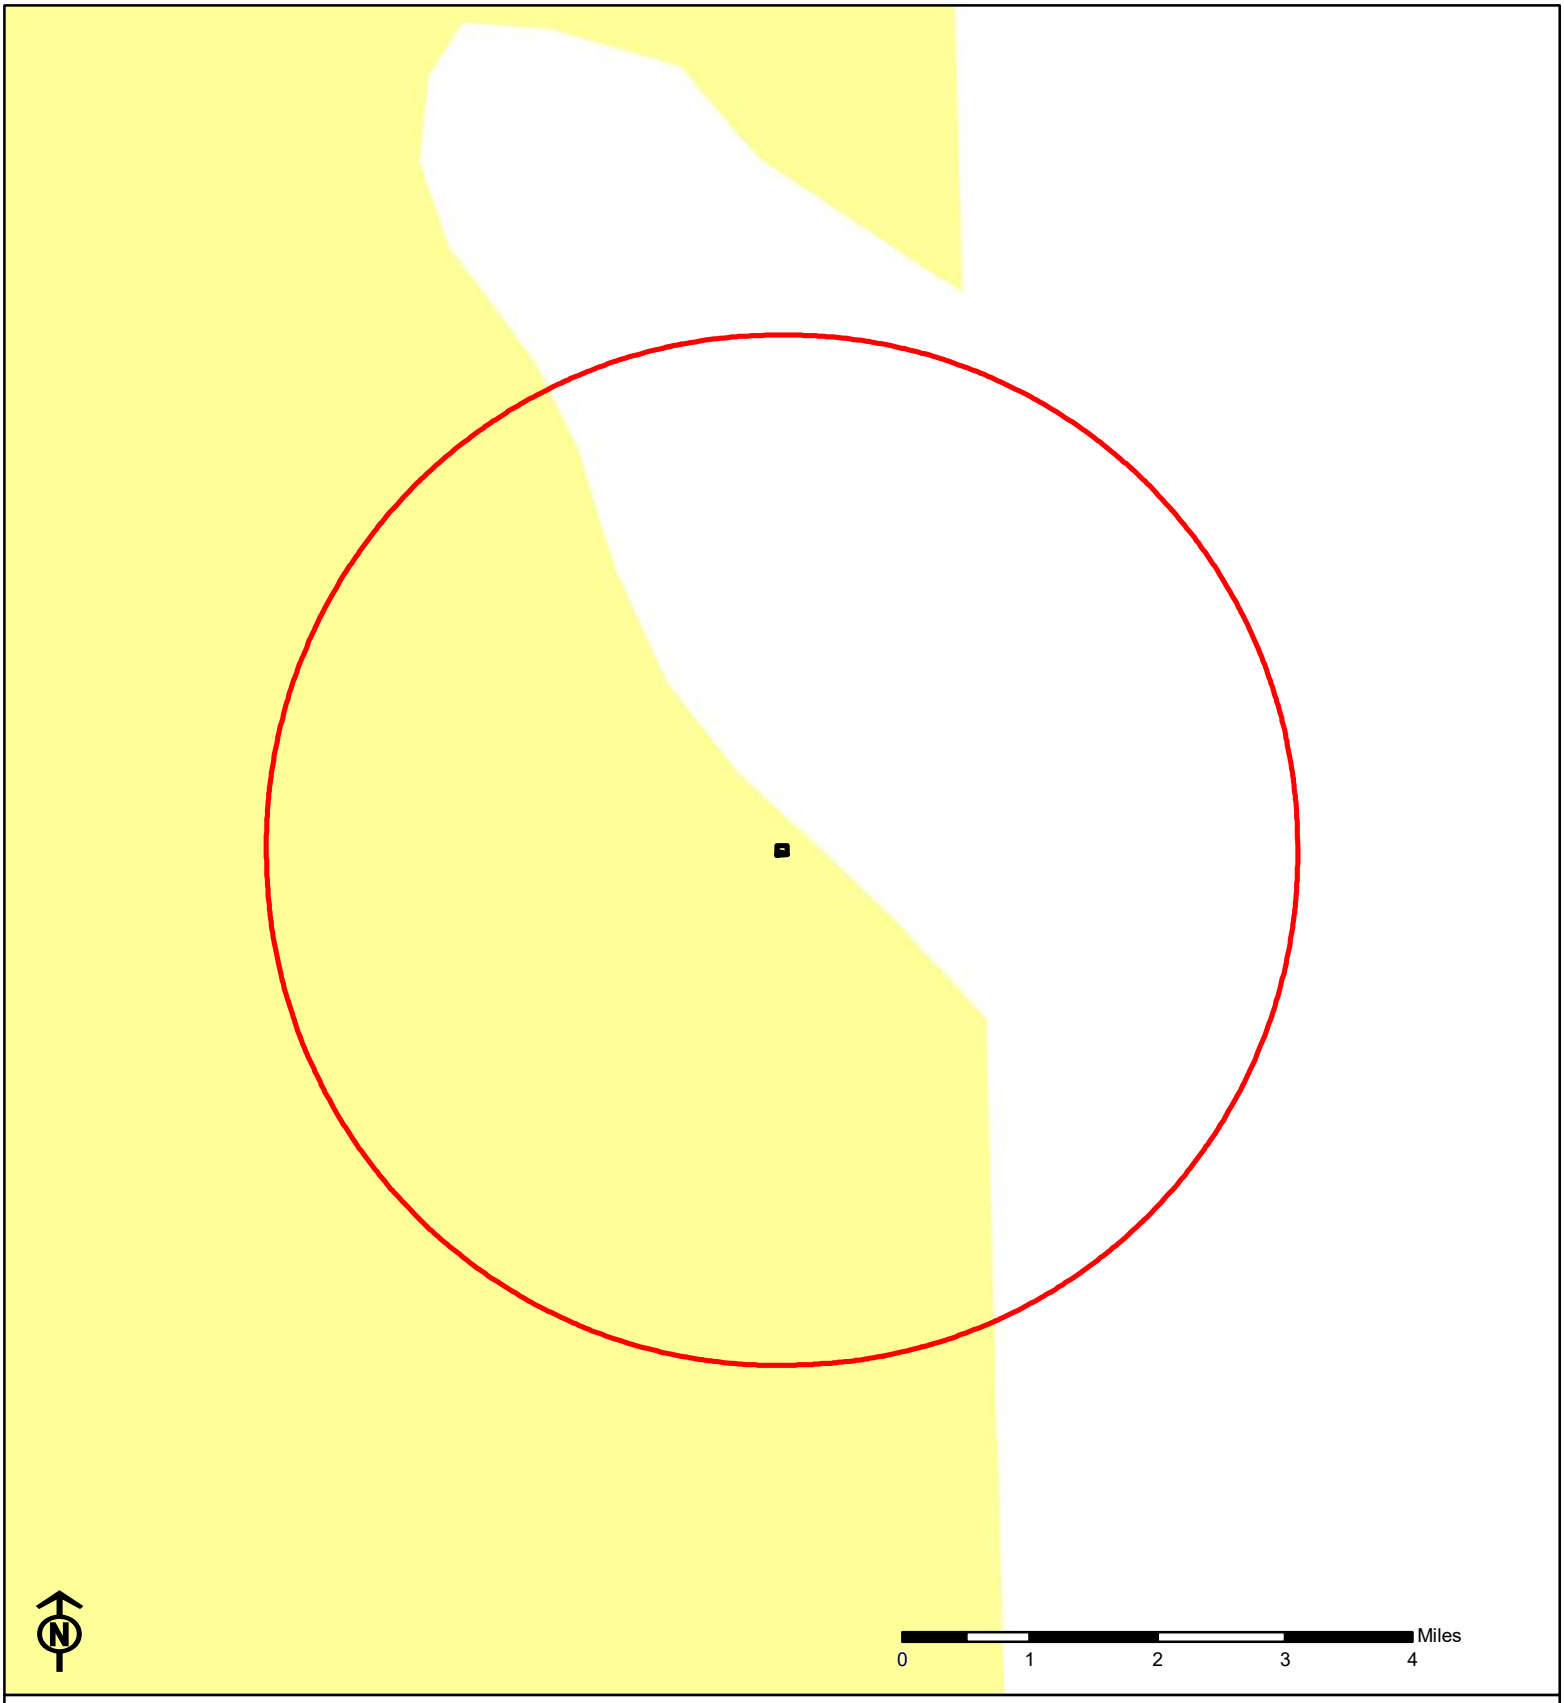
* Nest Size – If a stick nest, the general size of the nest. For example, ravens and sharp-shinned hawks often build "small" nests, "medium"-sized nests could be larger accipiters or most buteos, "large"-sized nests could be larger buteos (e.g., large ferruginous hawk nests) or most eagle nests, and "extra large" nests are most often very large eagle nests.

Other Wildlife Resources

There are no big game and four small game water developments in the vicinity of the project area. The following species have also been observed in the vicinity of the project area:

Common Name	ESA	State	SWAP SoCP
black-tailed jackrabbit		Unprotected	
common raven		Protected	
coyote		Unprotected	
Sierra Nevada red fox		Furbearer	

ESA: Endangered Species Act Status
State: State of Nevada Special Status
SWAP SoCP: Nevada State Wildlife Action Plan (2012) Species of Conservation Priority



The proposed project area may also be in the vicinity of abandoned mine workings, which often provide habitat for state and federally protected wildlife, especially bat species, many of which are protected under NAC 503.030. To request data regarding known abandoned mine workings in the vicinity of the project area please contact the Nevada Division of Minerals (http://minerals.state.nv.us/).

The above information is based on data stored at our Reno Headquarters Office and does not necessarily incorporate the most up to date wildlife resource information collected in the field. Please contact the Habitat Division Supervising Biologist at our to discuss the current environmental conditions for your project area and the interpretation of our analysis. Furthermore, it should be noted that the information detailed above is preliminary in nature and not necessarily an identification of every wildlife resource concern associated with the proposed project. Consultation with the Supervising Habitat biologist will facilitate the development of appropriate survey protocols and avoidance or mitigation measures that may be required to address potential impacts to wildlife resources.

Caleb McAdoo - Eastern Region Habitat Supervisor (775.777.2306)

Federally listed Threatened and Endangered species are also under the jurisdiction of the United States Fish and Wildlife Service. Please contact them for more information regarding these species.

If you have any question regarding the results or methodology of this analysis, please do not hesitate to contact Jinna Larkin at (755) 688-1580 or via email at jhlarkin@ndow.org.

ENVIRONMENTAL REVIEW: HUD STANDARDS FOR EXPLOSIVE OR FLAMMABLE OPERATIONS

Grantee: City of West Wendover Project Name: Fire Station #13

Pursuant to Department of Housing and Urban Development requirements for CDBG projects, the grant recipient assumes the responsibility for environmental review, decision making and actions required by local, state and federal environmental laws or authorities. In order to complete the environmental review requirements, we are requesting your review of the project with respect to the threshold for Explosive and Flammable. The pertinent HUD standards for Explosive or Flammable Operations environmental considerations include the following criteria, standards, policies and/or regulations:

1. 24CFR Part 51, Subpart C, Siting of HUD-Assisted Projects Near Hazardous Operations Handling Petroleum Products or Chemicals of an Explosive or Flammable Nature.

Please check either line A or B below and add any applicable comments in the space provided. Please feel free to attach any additional comments.

____ A. The project is located at an Acceptable Separation Distance (ASD) from any above-ground or flammable fuels or chemicals containers according to □Siting of HUD-Assisted projects near Hazardous Facilities OR the project will expose neither people nor buildings to such hazards.

____ B. The project exceeds the standards in □A□ above. The project requires mitigation of the hazard (per 24 CFR 51.205) with construction of a barrier of adequate size and strength to protect the project from the explosive or flammable hazard.

Attention: Ms. Palmer,

Re: Environmental Review – City of West Wendover – Fire Station #13: Historic Preservation

The City of West Wendover is applying for funds through the U.S. department of Housing and Urban Development (HUID) Community Development Block Grant Program (CDBG) and other HUD programs to undertake the following project: City of West Wendover - Fire Station #13. In an effort to comply with the requirements of the National Historic Preservation Act of 1966 Section 106, the City is reaching out to the Nevada State Historic Preservation Office and providing information supporting the City's determination that the proposed action does include a historic structure with in the Area of Potential Effect but the proposed action will not impact the historic structure. The City is requesting concurrence by the State Historic Preservation Office with this determination. An explanation of how this determination has been derived follows:

Location of Proposed Action: A portion of the W 1/2 of the SW ¼ of the SW/14 of Section 9 T. 33 N. R. 70 E., M.D.B.&M.

Description of Proposed Action:
The proposed action includes construction of a fire station with associated parking and street access improvements, pedestrian access improvements, storm drainage and utility improvements and landscaping at the site of the existing city of West Wendover City Hall Government Complex. The project includes construction of the following improvements:

- Area of Disturbance (Fire station site, utility connections in North Gene L. Jones Way, construction of segment of new public street, relocation of stormwater channel and additional city hall parking.): 3.80 acres.
- Completed Fire Station Site Area: 55,100 square feet or 1.26 acres.
- Building Area: 11,383 square feet.
- Paved Area (fire station site): 0.37 acres or 28.97% of site.
- Building Includes: 5 apparatus bays.
- Building Includes: Offices and activity center including kitchen, dayroom, and equipment storage.
- Approximately 250-foot-long segment of new public street for access to fire station.
- Additional joint use parking at City Hall containing 7 stalls.
- See attached conceptual drawings for location and proposed layout.

See attached conceptual drawings under cover titled "Attachment A" for location and proposed layout.

Need for Proposed Action:

The West Wendover Fire Station was constructed in the 1980's by Elko County when the community was a "Township" under the general jurisdiction of Elko County with a community population of approximately 1,500. In 1991, the City of West Wendover became incorporated and inherited the County's facilities. The City proceeded to grow in population surpassing 5,000 people. The fire station was no longer able to meet the space and operational requirements and provide efficient and effective local government operations.

The current 1980's fire station is a 4,400 square foot leased facility on approximately 1 acre of property located at 975 Wendover Boulevard on the east side of the community. Due to the lack of indoor storage the Fire Department stores its HazMat response and Mobile Command unit along with additional equipment items outdoors which shortens the life span of the equipment.
Though the 3 short-bay facility was adequate for the needs of the fire service in the early 1980's under Elko County when it was constructed, today the facility is too small, outdated and as noted, the City leases the property/facility from a private holding which limits the options for the city in the long-term.

The proposed West Wendover Fire Station is an important long-term public safety facility for the City of West Wendover. Originally planned in 2007 to be part of the construction of the City Hall Government Complex, due to cost, the Fire Station portion of the project was delayed. The proposed site is central to the community and allows the shared use of parking and utilities to minimize the necessary footprint and to provide operational efficiencies. The proposed action will provide a centralized location with a facility that is designed to serve the city well into the future.

Area of Potential Effect (APE):

In compliance with the 1966 National Historic Preservation Act Section 106, an area of Potential Effect (APE) has been determined for the areas surrounding the project. The Area of Potential Effect includes parcels and rights-of-way directly adjacent to the proposed action. Please see the attached maps under a cover titled "Attachment B" for a visual description of the APE. A written description of each of the properties located within the APE follows:

1. Subject parcel know as Parcel "B" on Map File # 493280 (as recorded in the Office of the Elko County Recorder) and described as Section 9 SW1/4 SW/14 T33N R70E MDB&M on the United States Patent in favor of the City of West Wendover Document File # 802696 (as recorded in the Office of the Elko County Recorder). The proposed action is located within an area of disturbance of approximately 3.85 acres of the total 30.13 acre parcel. The Fire Station is located in the northwest quadrant of Parcel "B" directly west of the existing City Hall building. City Hall, North Gene L. Joines Way and all the utility and surface improvements serving the site were constructed in 2009. The existing utilities and surface improvements were designed and constructed to accommodate the Fire Station.

   Parcel "B" also includes a small portion of the historic Victory Highway (constructed in 1925) which the City has preserved as a historical interpretive trail. At its closest point the Fire Station improvements that comprise of the proposed action will be located 288 feet from the Victory Highway trail. The proposed action will utilize existing utilities and surface improvements for its construction and operation. There will be no work on or near the Victory Highway. The City has determined that the proposed action will not negatively effect the historic remnant of the Victory Highway.

2. The property located adjacent to the south boundary of Parcel "B" is known as Parcel "C" on Map File # 493280 (as recorded in the Office of the Elko County Recorder) and is a portion of the property described as Section 16 Lot 17 MDB&M on the United States Patent in favor of the City of West Wendover Document File # 802696 (as recorded in the Office of the Elko County

Recorder). Parcel "C" is 3.82 acres and contains a portion of the historic Victory Highway trail fronting the proposed action. No work or additional improvements will be completed on this parcel as part of the proposed action. The City believes that the proposed action has no impact on the historic remnant of the Victory Highway located on this parcel.

3. The Wendover Boulevard Right-of-Way is located along the south boundary of Parcel "C". The Wendover Boulevard was constructed in the 1940's as a replacement for the Victory Highway. It was titled Highway 40 and served as a replacement to the Victory Highway until 1959 when the first segments of the Interstate 80 were constructed and the section of Highway 40 was downgraded to serve in the capacity as a local road. In the early 1990's ownership of Wendover Boulevard was handed over to the City. The segment fronting the proposed action is 132 feet wide and has been consistently maintained and upgraded to meet the needs of the community. No historic fabric remains along this section of Wendover Boulevard.

4. The property located adjacent to the west boundary of Parcel "B" is known as a portion of Parcel "A" on Map File # 493280 (as recorded in the Office of the Elko County Recorder) and is a portion of the property described as Section 8 Lot 10 MDB&M on the United States Patent in favor of the City of West Wendover Document File # 802696 (as recorded in the Office of the Elko County Recorder). Parcel "A" is 15.90 acres. A remnant of the Victory Highway runs through this parcel roughly parallel to Wendover Boulevard and is not affected by the proposed action. The closest improvement of the proposed action is located 314 feet from the east Parcel "A" boundary.

5. Interstate 80 is located along the north boundary of the Parcel "C" It was constructed in 1959 and has been in constant service ever since. Maintenance and upgrades occur on a regular basis and the original historic fabric has been lost in the upgrades. At this location I-80 varies in width but is roughly 600 plus feet wide.

6. The property located adjacent to the east Parcel "C" boundary is privately held and has been completely disturbed multiple times in various attempts to develop the property. There are no remnants of the Victory Highway remaining on this parcel. No historic structures exist on this property.

Identification of Resources:

The City is unaware of any cultural resources other than the parcel is crossed by a remnant of the Victory Highway. The Victory Highway was a transcontinental highway that was designated in 1921 as a tribute to those who had served their country in World War I. The segment of the highway located in West Wendover was constructed in 1925. This segment of highway was replaced in the 1940's with Highway 40 now know as Wendover Boulevard. At some time between the construction of Highway 40 and the construction of Interstate 80 the drainage culverts were removed to facilitate the flow of storm water through the natural drainages. The highway remnant was slowly whittled down as the City grew and land was placed in private hands. The remaining section is a little over 5,000 feet long.

Attached are photos of the site of the proposed action and photos of the surrounding area, as well as a map showing the location of the photos found in "Attachment C". Dates of construction for structures located adjacent to the proposed action are noted on the APE map found in "Attachment B".

Public and Tribal Outreach:

Public outreach has been a priority as part of the planning and environmental review processes for the proposed action. The public has been provided the opportunity to learn about and comment on the proposed action multiple times during the process of selecting this project for potential funding and additional public comments periods that will occur to inform the public of the environmental review findings.

Public outreach has also included a request for consultation with tribal entities that may have a historic interest associated with the site. The U.S. Department of Housing and Urban Development – Tribal Directory Assessment Tool (TDAT) was used to determine which tribes would be contacted. In many cases the contact information on the TDAT was obsolete and therefore required online research as well as contacting known tribal members to find out to whom the request for outreach should be sent. Tribal outreach for the proposed action included requests for comments from the following people:

- Robert Brunoe, THPO
  Confederated Tribes Warm Spring Reservation of Oregon

- Nick Knight Sr., Chairman
  Elko Band of the Te-Moak Tribe of Western Shoshone Indians of Nevada

- Brian Mason, Chairman,
  Shoshone – Paiute Tribes of the Duck Valley Reservation

- Nathan Small, Chairman, Fort Hall Business Council
  Shoshone - Bannock Tribes

- Rupert Steele, Chairman
  Confederated Tribes of the Goshute Reservation

- Elisha Mockerman, Chairman
  Yomba Shoshone Tribe of the Yomba Reservation

- Joshua Mann, THPO
  Shoshone Tribe of the Wind River Reservation

- Davis Gonzales, Chairman
  Te-Moak Tribe of Western Shoshone Indians of Nevada

- Alicia Agular, Administrator
  Wells Band of the Te-Moak Tribe of Western Shoshone Indians of Nevada

- Duane M. Garcia Sr., Chairman
  South Fork Band of the Te-Moak Tribe of Western Shoshone Indians of Nevada

The requests for consultation were sent to each of the tribes on February 7th and 8th, 2023. Only one response was received on March 17, 2023 from Mr. Garcia of the South Fork Band of the Te-Moak Tribe of Western Shoshone Indians of Nevada. Mr. Garcia's response: "It is the conclusion that this project has no determined impacts, as well as no environmental or health impacts to the South Fork Band Reservation or its community members."

Determination of Affect:

The City recognizes that a remnant of historic the Victory Highway is located on the site and on adjacent properties as detailed in the description of the Area of Potential Effect and the associated map. However, the City has determined that the proposed action will not impact the Victory Highway due to the distance between the proposed action and the historic highway (a minimum of 288'), and due to the fact that the access to the fire station and the utilities serving the fire station area are already in place and have capacity available to serve the fire station at full operational capacity. No disturbance of the City property is anticipated outside of the 3.85 acre area of disturbance. Nor will the proposed action affect surrounding parcels within or beyond the APE.

The City of West Wendover respectfully requests that SHPO concur with the City's findings.

Thank you for your assistance on this Environmental Review. Please do not hesitate to contact Chris Melville or myself if you need any additional information on the proposed action or have additional questions. I can be contacted by phone: 801-299-1327 ext. 3731 or by e-mail: shay.stark@aquaeng.com.

Please address your response to:

Hi Shay – I checked your project area and you're correct, the 2 resources you mention are within the APE and they are the only recorded resources in that area.

Hope this helps!

Best,
Karyn

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Karyn,

Attached is a shape file that is the proposed boundary of the Area of Potential Effect (APE) for the West Wendover Fire Station. I am aware that there is a remnant of the Victory Highway within this APE as well there is a study by BLM that noted a transcontinental telephone line that very likely passed through this area however, I am not aware of any remnants of that line in this location. The City relocated the Wendover Will Cowboy that sat on the state line to this location also but where that has been relocated I don't know if that counts as a resource. I am not sure if you are able to tell me about specific resources or if it is just a yes there are resources or no there are not. But if you do find a number of resources can you tell me if any of these resources I have noted as being present with in the boundary are on the list that is generated?

Thanks,

Hi Shay – Access to NVCRIS is limited to folks who meet the Secretary of Interior's Standards for Archaeology.

If you do not meet those standards, we provide a free presence/absence check of your project area. Just send shapefiles of your project area to me and I can let you know if there are any resources within that area.

Hope this helps!

Cheers,
Karyn

Subject: City of West Wendover Fire Station #13 - Environmental Review - Section 106 Review

WARNING - This email originated from outside the State of Nevada. Exercise caution when opening attachments or clicking links, especially from unknown senders.

I am a consultant conducting a Section 106 Review in conjunction with an Environmental Review for the City of West Wendover, Nevada. The proposed action being considered is the construction of a new fire station. As part of the Section 106 review I am trying to determine what cultural resources might be on file in the NVCRIS within and around the Area of Potential Effect for the proposed action. I am interested in obtaining the necessary application forms and subscription information to gain access to the database.

Thank you for your help with this.

Thanks Again,

RE: Wendover R&PP Lease, Salt Lake Desert, Elko County (Bureau of Land Management Report Number: 1-2516).

Dear Mr. Oke:

The Nevada State Historic Preservation Office (SHPO) reviewed the subject undertaking. The SHPO concurs with the Bureau of Land Management's determination that the segment of the following site does not contribute to the linear feature's National Register eligibility:

CrNV-01-9118 (transcontinental telephone line).

The SHPO concurs with the Bureau of Land Management's determination that the following historic property is eligible for the National Register under the Secretary's criteria a, c, and d:

CrNV-01-8957 (segment of the Victory Highway).

The SHPO concurs with the Bureau of Land Management's determination that the subject undertaking will pose an adverse effect to the above historic property.

I have reviewed the memorandum of agreement and agree that implementation of the stipulations will treat the adverse effects to CrNV-01-8957, a segment of the Victory Highway. In particular, the SHPO is pleased to note that the historic roadbed will be reused as a walking biking trail and will be interpreted. I have signed the agreement, retained a copy and am returning the original to you with this correspondence. Please file a copy with the Advisory Council on Historic Preservation.

Thank you for your cooperation in the negotiations. We look forward to working with you on future projects.

Sincerely,

Ronald M. James
State Historic Preservation Officer

MEMORANDUM OF AGREEMENT
AMONG
THE ELKO FIELD OFFICE OF THE BUREAU OF LAND MANAGEMENT,
THE NEVADA STATE HISTORIC PRESERVATION OFFICER,
AND THE CITY OF WEST WENDOVER, NEVADA,
REGARDING
RESOLUTION OF ADVERSE EFFECTS RESULTING FROM
LEASING OF 124.67 ACRES OF PUBLIC LAND

WHEREAS, the Elko Field Office of the Bureau of Land Management (BLM) pursuant to the Nevada Protocol and in consultation with the Nevada State Historic Preservation Office (NSHPO), has determined that a one mile segment of the Victory Highway/U.S. 40 in T. 33 N., R. 70 E. MDM, within Sections 8, 9 and 16 is eligible for inclusion in the National Register of Historic Places; and

WHEREAS the BLM has determined that leasing the parcel containing this highway segment to the City of West Wendover under the Recreation and Public Purposes Act, and subsequent alteration of the historic property and its setting during construction of the city's administrative center, would result in an adverse effect; and

WHEREAS, BLM has notified the Advisory Council on Historic Preservation (Council) of these adverse effects in accordance with 36 C.F.R. 800.6(a)(1), regulations implementing Section 106 of the National Historic Preservation Act (16 U.S.C.470f); and

WHEREAS, the proponent, West Wendover, Nevada, participated in the consultation and has been invited to concur in this memorandum of agreement, and will pay for and implement mitigation measures for the property as outlined below in this MOA:

NOW, THEREFORE, BLM and the NSHPO enter into this Memorandum of Agreement (MOA) which provides that the undertaking shall be implemented in accordance with the following treatment measures in order to mitigate the effect of the undertaking on this historic property.

I. PURPOSE:

Execution of this MOA by BLM and NSHPO and filing of the MOA with the Council pursuant to 36 C.F.R. 800.6(b)(1)(iv) prior to issuing the lease, and implementation of its terms evidence that BLM has taken into account the effects of this undertaking on historic properties and afforded the Council an opportunity to comment.

II. TREATMENT MEASURES:

The BLM shall ensure implementation of the following measures:

A. BLM will consult with the Pacific Great Basin System Support Office of the National Park Service (NPS) and prepare Draft Historical American Engineering Record (HAER) level documentation, as recommended by NPS for this segment of the Victory Highway/U.S. 40). Draft HAER documentation will be submitted to NPS

within six months following completion of field work to document the one mile segment of the Victory Highway. Final documentation will be submitted within two months after receipt of NPS comments on the draft.

B. Final copies of the photographs will be approved by NPS before the highway is altered. HAER narrative documentation does not need be approved by NPS prior to alteration of the highway, but draft and final copies will be submitted within the time periods specified above at II.A.

C. A copy of the final HAER documentation, as approved by NPS, will be sent to the NSHPO in Carson City, Nevada.

D. The following terms and conditions will be inserted into the R&PP lease agreement and carried through to the deed should the property be patented under this Act.

1. The historic Victory Highway/U.S. 40 roadway within the lease parcel shall be preserved in place except at locations where the roadbed must be cut to allow street access to the city complex. The existing asphalt shall be preserved to the extent possible. In locations where the asphalt has deteriorated or been removed such as at the western end of the lease parcel and the culvert removal locations, the roadbed shall be maintained as a hard packed gravel surface.
2. Utilities shall be located within road crossing corridors, or bored under the highway so as to not disturb the pavement more than necessary.
3. At street crossings the Victory Highway shall be saw cut and removed only for the width of the road and sidewalk, plus at most a 10 foot transition on the outside of the sidewalk.
4. The historic roadbed will require some repair prior to incorporating it into a walking/biking trail and continued maintenance to control vegetation. Repair and maintenance activities shall be conducted in a manner that preserves the integrity of the historic property. Drainages will be assessed to determine the necessity of installing culverts. If culverts are needed they will be designed to be unobtrusive and not distract from the historic nature of the highway. Discarded facing stones from previously removed culverts can be used with any new culverts. Compacted fill is to be used to bring previous culvert locations up to grade or plug holes in the asphalt. Vegetation removal from the paved surface shall be done in a manner that causes least impact to the asphalt as outlined on pages 34-35 of cultural resources inventory report BLM1-2516.
5. West Wendover shall install interpretive signs along or near the historic property. As proposed by the City, they will work with the BLM to develop a plan for preservation and phased interpretation of the highway and the features along it. The extant culverts, billboard remains and the nearby transcontinental telephone line will be among the interpreted features. Discarded culvert facing stones may be used for construction of some of the monuments.

III. Objections:

Should any party to this MOA object at any time to any actions proposed or the manner in which the terms of this MOA are implemented, BLM will consult with the objecting party to

resolve the objection. If BLM determines, within 30 days, that such objection(s) can not be resolved, BLM will:

A. Forward all documentation relevant to the dispute to the Council in accordance with 36 C.F.R. 800.2(b)(2). Upon receipt of adequate documentation, the Council will review and advise BLM on the resolution of the objection within 30 days. Any comment provided by the Council, and all comments from the parties to the MOA will be taken into account by BLM in reaching a final decision regarding the dispute.
B. If the Council does not provide comments regarding the dispute within 30 days after receipt of adequate documentation, BLM may render a decision regarding the dispute. In reaching its decision, BLM will take into account all comments regarding the dispute from the parties to the MOA.
C. BLM's responsibility to carry out all other actions subject to this MOA that are not the subject of the dispute remain unchanged. BLM will notify all parties of its decision in writing before implementing that portion of the undertaking subject to dispute under this stipulation. BLM's decision will be final.

IV. Termination:

If the MOA is not amended following the consultation set out in Stipulation II, it may be terminated by any signatory or invited signatory. Within 30 days following termination, BLM shall notify the signatories if it will initiate consultation to execute a MOA with the signatoried under 36 C.F.R. 800.6(c)(1) or request the comment of the Council under 36 C.F.R. 800.7(1) and proceed accordingly.

Execution of this Memorandum of Agreement and implementation of its terms evidence that the BLM has afforded the Nevada SHPO an opportunity to comment on the West Wendover Recreation and Public Purposes Lease and its effect on historic properties, and that the BLM has taken into account the effects of the undertaking on historic properties.

SUMMARY & CONCLUSIONS

The proposed Wendover Recreation and Public Purpose (R&PP) lease includes four parcels totaling approximately 81.88 acres (see appendix A, Legal Descriptions). The property lies on the north edge of the city of West Wendover, near the intersection of Wendover Blvd. and Wells Avenue, in portions of sections 8, 9, and 16, T. 33 N., R. 70 E. M.D.B.&M.

This Phase I Environmental Site Assessment was performed on the subject property in conformance with the scope and limitations of ASTM Standard E-1527. Based on (1) a review of the Bureau of Land Management files, (2) a review of applicable federal and state databases, and (3) a site inspection, this assessment revealed no evidence of recognized environmental conditions in connection with the property.

INTRODUCTION

The City of West Wendover applied for this Recreation and Public Purposes lease in July 2005. With this lease application, the City is requesting to lease 4 parcels. They plan five phases of building over a fifteen year period and have obtained some funding through a Community Block Grant. Phase 1 plans are to build a City Hall, phase 2 plans are for a medical center, phase 3 a library, phase 4 a city park and amphitheater, and phase 5 a convention center.

Parcels A, B, C, and D, as described in the legal descriptions in Appendix A, are the subject of this Environmental Site Assessment. A site inspection was conducted on February 7, 2006.

PURPOSE

The purpose of this environmental site assessment is to review existing information regarding the City of West Wendover R&PP lease and to assess the site for recognized environmental conditions including, hazardous substances and petroleum products having been spilled, released, or stored on the subject parcel. It should not be used for other purposes.

LANDS INVOLVED

The property lies on the north edge of the city of West Wendover, near the intersection of Wendover Blvd. and Wells Avenue, in portions of sections 8, 9, and 16, T. 33 N., R. 70 E. M.D.B.&M. The northern most parcels (A, B, C) lie between Wendover Blvd. and Interstate 80 and the southern most parcel (D) lies just south of Wendover Blvd. Lands to the east of parcels A, B, and C are private. Lands to the west and north of parcels A, B, and C are public. Parcel D has public lands only to the north.

LEGAL DESCRIPTION

The legal descriptions for the four parcels proposed for the R&PP lease to the City of West Wendover are provided in Appendix A. The 4 parcels contain 81.88 acres more or less.

PHYSICAL SETTING

PHYSIOGRAPHIC DATA

The subject parcel lies within the Basin and Range physiographic province, a region characterized by a series of generally north-trending mountain ranges separated by alluviated valleys. More specifically, the R&PP lies on the western edge of the Great Salt Lake desert at an elevation of 4500 feet.

GEOLOGY

The Basin and Range physiographic province is the result of Tertiary extensional tectonics where the valleys have been down dropped relative to the mountains. Generally the valleys are filled with thousands of feet of lacustrine and riverine sediments of Tertiary and Quaternary age and volcanic tuffs of Tertiary age. Surrounding mountains, Toano Range, 7 miles to the west, and Leppy Peak, 1 mile to the north, are composed of Paleozoic marine sedimentary rocks and Tertiary volcanics.

Quaternary lacustrine and alluviul deposits are present on the surface of the parcels. Surface units consist of unconsolidated, soft, white, calcareous clay; lacustrine silt; and sparse tongues of gravel forming thin veneers over older alluvium and pediment surfaces.

HYDROLOGY

Surface Water

Two small ephemeral drainages cross parcels A, B and C. These ephemeral drainages are incised into the sediments and carry water in response to heavy rain storms or snow melt. There was no water in the drainages on February 7, 2006.

Ground Water

Hill Air Force Base drilled monitor wells in the SE¼SE¼, section 16. Static water level in the wells ranged between 18.5 feet and 27 feet deep. Wendover Land Company owns two municipal wells in NW¼NW¼, section 17, T. 33 N., R. 70 E. The driller's logs show that the static water level was 460 feet in one well and 500 feet in the other. It is hard to read the copies of the driller's logs, but it appears that the main water table in both wells was reached at about 605 feet. The water table under the subject parcels is unknown. Since the subject parcels lie about half way in distance and in elevation between the two clusters of wells, the water level under the parcels is probably about half way between what is observed in Hill Air Force Base wells in section 16 and Wendover Land wells in section 17.

CLIMATE

The climate in the area is semiarid with annual precipitation averaging 4.8 inches of precipitation

per year. Daily temperatures exhibit a large diurnal range, averaging 26 degrees F in January and 43 degrees F in August. Temperatures can range from a low of -32 degrees F in winter to a high of 103 degrees F in summer.

RECORD REVIEW

RECORDS & AUTHORIZATIONS

The subject parcel is public land and has historically been public land. Parcels C & D in section 16 were part of oil and gas leases in 1975, 1976, and 1979. Portions of section 9 were leased for oil and gas in 1986. There have been numerous rights-of-ways across sections 8, 9, and 16. With the exception of the railroad and highway right-of-ways there is no evidence in historical records of past use which would suggest that hazardous materials could have been spilled on the subject parcels nor should they be suspected.

AERIAL PHOTO ANALYSIS

A black and white aerial photograph from October 2, 1968, at a scale of approximately 1:16,800, an orthophoto quadrangle map from 1972 at a scale of 1:24,000, and a color photo from August 1, 1995, at an approximate scale of 1:25,000 were reviewed. In the 1968 black and white photo and the 1972 orthophoto quadrangle, the parcel is undeveloped range land with Highway 40 and the Victory Highway cutting across parcels A, B, and C. A gravel pit is located adjacent to parcel D in the NE¼NW¼, section 16. In the 1995 photograph, Interstate 80 has been added, the entire City of West Wendover grew in what, in the earlier photos, was open range land, and Highway Alternate 93 has been slightly modified so that it intersects old Highway 40, (now Wendover Boulevard) at a right angle. The subject parcels are still open range. Parcel D is surrounded on the west, south, and east by the town. Several dirt tracks cross the parcel but mostly it is undisturbed. A power line crossed parcels B, C, and D. Although spills could have occurred along the highways there is no indication in the aerial photos to suggest that spills have occurred nor is there any disturbance evident in the aerial photographs suggesting that hazardous materials should be suspected.

ENVIRONMENTAL RECORDS

The following environmental records were searched:

Federal: Environmental Protection Agency

National Priority List (NPL): The NPL list is an EPA listing of uncontrolled or abandoned hazardous waste sites that have been targeted for possible long-term remedial action under the superfund Act.

Comprehensive Environmental Response Compensation and Liability Information System (CERCLIS): EPA has a list of suspected uncontrolled or abandoned hazardous waste sites that have been brought to their attention within its Superfund data base.

RCRA Generator and TSD (RCRIS): EPA maintains lists of hazardous waste generators, transporters, and disposal facilities.

RCRA Corrective Actions List (CORRACTS): EPA maintains a list of RCRA facilities which are undergoing corrective action.
Toxic Release Inventory (TRI): EPA maintains a list of facilities which have had a release of a reportable quantity of any extremely hazardous substance beyond the facility boundary.

Federal: National Response Center

Emergency Response Notification System (ERNS): National Response Center (U.S. Coast Guard) publishes a list of reported CERCLA hazardous substance releases or spills in quantities greater than the reportable quantity. Data back to 1990.

State: Nevada Division of Environmental Protection

Landfill Inventory (SWLF): NDEP maintains a list of sites permitted as solid waste landfills, incinerators, or transfer stations.
Hazardous Materials Incident Reports: Hazardous materials spills (formerly tracked by Office of Emergency Management). Data back to 1998.
Underground Storage Tanks (UST): NDEP maintains a list of registered underground storage tanks.
Listing of Sites with Releases (SCL): The Bureau of Corrective Actions maintains a list of sites with releases, including leaking underground storage tanks.

A review of the all available federal and state databases show that there is no evidence for releases of hazardous substances or petroleum products on the subject parcel. The Nevada Hazardous Materials Incident Reports show that there have been eight spills of hazardous materials within 1 mile of the subject parcel. 1) In 1989, a truck parked in a Wendover multi storage area had 350 pounds of dynamite and caps in the bed. 2) In 1990, a leaking truck pulled into the Nevada Crossing Hotel. Hydrochloric, nitric, sulfuric acid, and some heavy metals were spilled. 3) In 1993, a truck overturned at the 410 exit and spilled 20 to 40 gallons of diesel. 4) In 1997, 30 gallons of trichloroethane were spilled from a truck in the Peppermill Inn parking lot. A "clean up" company from Utah cleaned up the spill. 5) In 1998, at the intersection of Wendover Boulevard and State Route 459 a tanker truck rolled over and spilled 10,000 gallons of diesel. The diesel was directed into a storm drain that empties into a dry wash. The trucking company brought in a vacuum truck and four pallets of absorbent to clean up the spill. 6&7) In 2002, during digging for expansions at the casinos, hydrocarbon contaminated soils were found at the Peppermill and Stateline Hotel/Casino properties. 8) In 2003, a truck spilled 20 to 30 gallons of diesel at the 410 exit.

The National Response Center database shows one spill within one mile of the property. In 2005, a truck spilled 60 gallons of diesel at the Wendover Truck Stop.

INTERVIEWS
No interviews were conducted in 2006.

SITE RECONNAISSANCE

The site was visited on February 7, 2006. Parcels A, B, and C are crossed by the Victory Highway. During the site visit the Victory Highway was walked across the parcels and several north/south traverses were made perpendicular to the Victory Highway across the parcels. A small dump of scattered household trash was noticed on parcel D (see photograph in Appendix B). No hazardous materials were noted in the trash scatter. There was a little scattered and windblown trash on parcels A, B, and C which mostly consisted of rusted cans and wood. Some of the trash was historic beverage cans, old highway signs and other remains of the Victory Highway.

FINDINGS AND CONCLUSIONS

A Phase I Environmental Site Assessment has been performed in conformance with the scope and limitations of ASTM Standard E-1527 on the subject property. This assessment has revealed no evidence of recognized environmental conditions in connection with this property.

HISTORIC AMERICAN ENGINEERING RECORD

VICTORY HIGHWAY
(U.S. 40)

HAER No. NV-41

Location:	The highway commences at a point 0.75 mile west of the West Wendover, Nevada, exit for Interstate 80 and runs northwest for approximately 1.06 miles to the current right-of-way boundary for Interstate 80.
Quad:	Wendover, Nevada
UTMS:	11/747376/4514051 (east end) 11/745932/4514178 (west end)
Date of Construction:	1925
Present Owner:	Bureau of Land Management, Elko Field Office
Present Use:	Abandoned; partial demolition planned
Significance:	This segment of the Victory Highway is significant because it is an extant part of the first transcontinental highway to be completed across Nevada. It also is significant for its associations with the western interstate battles concerning highway routes during the early years of federal aid to states for road construction in the 1910s and 1920s.
Historian:	Steven F. Mehls, Ph.D., research assistants Mary Ringhoff and Robert Peterson, Western Cultural Resource Management, December 2006

I. HISTORY

The portion of the Victory Highway examined here represents only a small part of a longer coast-to-coast highway system. The project's backers announced the highway plan as the popularity of named highways peaked during the early twentieth century. Various organizations had designated over 250 named roads by 1920. The Victory Highway held that moniker only a few years before most of it became U.S. Highway 40. The history of this portion of the Victory Highway dates to the latter 1910s, as Utah politicians and residents selected a route west from Salt Lake City to be the one in their state to receive federal assistance under the new highway aid program. That decision led to a major interstate political drama that embroiled the Victory route during the early1920s.

During 1912, automotive industry leaders and others showed an interest in developing coast-to-coast highways. By the early 1910s, as more and more Americans bought cars, pioneering motorists had experienced a myriad of frustrations in their attempts to travel from the Atlantic to the Pacific. The innumerable problems the drivers encountered along the way included everything from a lack of directions and signs to impassable mud and dirt roads. Motorists and industry leaders recognized that such conditions needed correction. To accomplish that task they founded dozens of organizations that supported the construction and improvement of highways in the United States. These private organizations channeled public opinion to support highway improvements. Politicians, aware of public sentiment, added their voices in support of building new automobile highways and roads.

Some years earlier, Nevada's turn-of-the-century political leaders showed a keen interest in highway improvement programs. Nevada's governor, R.K. Colcord, urged the state legislature to enact a program of highway improvements in 1895, signaling the beginning of a long struggle to better the state's highway system. From 1895 until Governor Taskar Oddie took office, the plight of the highways fell on deaf ears. In 1910, Governor Oddie conducted his election campaign from a car, touring across Nevada and in the process emphasizing the automobile's expanding presence in the state.[1] Oddie's auto campaign proved successful; he won the election. The new governor used his inaugural address as a platform to berate Nevada's road system. He went on to suggest that the state was losing significant amounts of tourist income because of its poor highways. The Nevada legislature heard the message and responded to the governor's call, passing a law that authorized the use of convict labor to build roads and appropriating $20,000 to get the road-building program going. In Nevada, unlike other western states, the use of convict labor failed to meet the goals of the building program

and within a short time the state stopped the use of convicts for road building. Instead, the state hired regular workers for road projects.

Foreshadowing the future trend of roads crossing the entire state, in 1911, the legislature established a Nevada State Highway, to run from a point east of Ely on the Nevada-Utah state line west through Eureka, Austin, Fallon, and then into Reno and on to California. This route later became U.S. Highway 50. Similar to many of the early western highway projects, Nevada's legislators found it much easier to establish grand highways than to find the monies for construction. The Nevada State Highway proved to be one such case. When state monies could not be found, the legislature established a program that allowed the counties on the highway to sell bonds to pay for the construction and undertake the work themselves. The counties also lacked the necessary funds to carry out the program; as a result, the Nevada State Highway remained only a paper road in 1912 and 1913.[2]

As Governor Oddie and the Nevada legislature struggled with highway financing plans for the Silver State, the various highway associations spent time identifying routes and searching for private funding to build their projects. The highway associations understood that the endeavors they contemplated lay beyond the financial means and in some case the technical capabilities of the individual states, counties, or cities along the routes under consideration. Henry Joy and Carl Fisher, two automotive industry leaders of the period, promoted the founding of the Lincoln Highway Association and its proposed coast-to-coast highway, the Lincoln Highway.[3] This group is mentioned in this study of the Victory Highway because of their active promotion of an east-west highway across Nevada. Also, they would become one side of the late 1910s and early 1920s political struggle that embroiled the Victory Highway, the states of Nevada and Utah, and the U.S. Department of Agriculture. Moreover, Joy and Fisher serve as examples of the recruitment practices of the highway associations, who looked for members who could contribute monies of their own, or funds from their companies, or were well connected to other potential donors.

In 1913, Lincoln Highway supporters worked on perfecting the route and on the financial issues. That same year, a group of Indianapolis businessmen and motor enthusiasts, the Hoosier Motor Club, convinced Carl Fisher, then vice president of the Lincoln Highway Association, to sponsor their annual trip to the Pacific coast. Their proposed route crossed Nevada from Ely west to Reno before it went on to California. Ely businessman Gael S. Hoag, deeply involved in the Nevada good roads movement and a frequent adviser to the governor about highway matters, took it upon himself to escort

the group from western Utah into Ely.[4] They followed a route that became part of the Lincoln Highway. Hoag went on to become a field secretary for the Lincoln Highway Association and a prominent figure in the political battles that swirled around the Victory Highway during the 1920s. Governor Oddie, aware of the publicity of the trip and what it might mean for Nevada, accompanied the entourage across the state west from Ely. The governor and the general warm reception the group received in Nevada demonstrated the state's enthusiasm for a transcontinental highway.[5]

The Lincoln Highway Association presented their route to the National Conference of Governors during August 1913. The Utah portion went generally west and southwest from Salt Lake City. The proposed road crossed Tooele County and then to Ibapah, Utah, minimizing the mud flat crossings associated with the Great Salt Lake Desert. The Association's endorsed route entered Nevada northeast of Ely, proceeded through Ely, and then went west to Eureka, Austin, Fallon, and beyond. The route followed nearly all of the Nevada State Highway discussed previously.[6] Nevada, like many other states, had an official proclamation and dedication of the proposed highway following the association's 1913 announcement.[7] The state soon found it much easier to proclaim a highway than to build it. In the exuberance of the moment, the Nevada legislature allocated $25,000 for the highway. However, the state provided no additional funding in 1914.[8] The Lincoln Highway Association, as well as the other private highway organizations, recognized that many states would be hard pressed to fund such ambitious road projects. In Utah, the Lincoln Highway Association encountered other obstacles and began studying possible ways to improve the route, especially across the desert. The final Utah routing was not agreed to until 1918, and then it would prove not to be as final as its backers thought.[9]

During the five years that elapsed between the initial Lincoln Highway route announcement and the final agreements with the state of Utah, the American highway scene experienced a number of changes, including passage of the Federal Highway Act in 1916. This was the first law to provide federal matching funds to states to support road building. Participation hinged on the states establishing highway commissions and departments charge with directing and managing programs. The next year, Nevada's legislature established the Nevada Highway Department with an appointed a three-member highway commission to oversee it. Federal funding boosted Nevada's highway program, but the new commission highlighted the state's sectional problems regarding highways. The Lincoln Highway route announcement had sparked tensions that continued to grow as different parts of the Silver State demanded attention to their road needs. Nevada governor Emmet Boyle, elected in 1915, found himself besieged with

pleas from across the state. The pleas sought to influence Boyle's appointments to the new commission, and, in turn use the friendly appointments to influence highway expenditures. The governor's correspondence files for 1916 and especially 1917 are filled with letters of recommendation, letters of interest, letters of endorsement, and other statements supporting one candidate or another for the highway commission. The governor espoused a policy of no favoritism. Instead, Boyle sought candidates to represent the needs of the entire state rather than any single section or interest group.[10]

The 1910s witnessed the emergence of many private highway interest groups. The Overland Highway (Overland Trail Highway), the Pikes Peak Ocean to Ocean, and Midland Trail associations stand out as the more vocal and significant ones for the future of Nevada highways by the late 1910s (Figure 1). Founded in 1917 by Lovelock, Nevada businessmen, the Overland Highway Association, approached the leaders and merchants of towns along the Southern Pacific (old Central Pacific) Railroad across northern Nevada, including Elko, Wells, Winnemucca, and Reno. These communities recognized the value of the proposed highway and, in turn, joined and supported the northern Nevada highway proposal. The Overland group allied itself with the Pikes Peak Ocean to Ocean Highway Association and that group selected the Overland route as their western extension. The Overland group also hoped that the state, through the new Nevada Highway Commission, would select a northern route along the traditional Humboldt Corridor, as the primary recipient of federal aid in the Silver State. The Humboldt River and lands nearby had served as a travel corridor across northern Nevada for nearly a century by the time the highway planners of the early twentieth century began their efforts to attract a highway across the region. Mountain men, fur trappers, and traders, beginning with Peter Skene Ogden during 1828, traversed the corridor for less than twenty years when they found themselves being supplanted by settlers and gold rushers on the way to California John Bidwell led the Bidwell-Bartleson Party across what soon became the California Trail in 1841. Four years later Lansford W. Hastings and John C. Frémont guided hundreds of pioneers to California. The floodgates opened following the discovery of gold in California with estimates running as high as more than 70,000 emigrants following the California Trail in 1849 and 1850. The stream of wagons across the region continued until after gold and silver discoveries in Nevada led to travelers following the Humboldt River corridor heading for different destinations. After the Civil War the Central Pacific and later Western Pacific railroads followed a variation of the corridor across northern Nevada. This popularity, the line of cities and towns along the rail lines, and the general public knowledge of the route all helped add to the sense that the corridor constituted a natural route for a highway.[11]

The Tonopah-Goldfield-Rhyolite area, championing the Midland Trail route, argued why it was important for the governor to recognize the needs of their section in his commission appointment deliberations. The Midland Trail route went southwest from Ely to Tonopah, Goldfield, and then west into California before turning south to reach Los Angeles. The Lincoln Highway/central route supporters also hoped they could influence the governor's appointments to the new commission.[12] Clearly, Governor Boyle faced a very divisive and complicated situation in 1917 regarding the new highway commission.

The Nevada Highway Commission became a reality when the governor appointed three members in April 1917. James M. Leonard, George K. Elder, and W.B. Alexander served as the first highway commissioners and they immediately faced the issue of highway designations. The panel set about establishing the routes in Nevada to be designated state highways. Highways the commission established included the Overland Highway, the Lincoln Highway, and routes in southern Nevada, doing what they could to satisfy the various parts of the state.[13]

The political situation in Utah proved to be equally complicated. The impacts of route changes in Nevada's neighbor to the east spilled over into the Silver State and Nevadans could do nothing about that. Utah endorsed the Lincoln Highway route with minor modifications when it was first announced in 1913.[14] In 1918, as Utah prepared to build the proposed highway, Governor William Bamberger reaffirmed support for the Lincoln Highway route. Reflecting this attitude, Utah's highway commission negotiated a contract with the Lincoln Highway Association to build the road.[15] While the state government continued supporting the Lincoln route, opposition developed among Salt Lake City businessmen. They started a publicity campaign for a highway planned to run west from Salt Lake City to Wendover on the Nevada-Utah state line, approximately paralleling the Western Pacific Railroad. From the state line, the highway would and the Pikes Peak Ocean to Ocean Highway. By 1918 the winds of change were beginning to sweep across the western highway scene and continue west across northern Nevada along a route very similar to the one proposed by the Overland Trail Highway Association. To further confuse the situation, other Utahans began a campaign to build a route that went south from Salt Lake City through Utah before turning west and connecting to southern California. This route went under many names, including the Arrowhead Trail. Another who sought to weaken the Lincoln Highway's position was William Spry, Utah's former governor, who earlier had endorsed the road.[16]

Despite the rising tide of opposition to more construction on the Lincoln Highway in Utah, the state continued to honor its contract with the Lincoln Highway Association through 1918 and into 1919. However, by the end of the summer of 1919, Utah suspended work on the road. Governor Bamberger told the Lincoln Highway Association that the state was out of money for the project and that further work was impossible until the construction equipment underwent heavy repairs.[17] This marked the beginning of a protracted struggle between supporters of the other roads and the Lincoln Highway group over the route in Utah.

While Salt Lake City business and highway interests became more vocal in their support for the route west to Wendover, Ely merchants and businessmen, who supported the Lincoln route, responded by staging a boycott of all Salt Lake City businesses. Ely and its copper mines traditionally had close commercial connections to Salt Lake City. The boycott ended without a resolution to the Lincoln Highway question.[18] Other Silver State supporters of the Lincoln Highway bombarded the governor's office to pressure Utah to back to the highway construction project.[19] No resolution to the situation was in sight as the decade of the 1910s ended.

During 1920 and 1921, a new player emerged on the scene, the Victory Highway Association. This organization absorbed the Overland Trail Highway group and held its organizational meeting in Elko, Nevada, one of the communities most likely to benefit from the northern route across Nevada. Associated with the Pikes Peak Ocean to Ocean Highway, the Overland Trail, was part of the shortest route from the Atlantic to the Pacific, and by absorbing this route Victory Highway enjoyed the shortest route between the coasts. The Victory Highway Association supported construction of a route west from Salt Lake City to Wendover.[20] The proposed route roughly followed the Hastings Cutoff of the California Trail discussed above. Lansford Hastings pioneered the route by for emigrants in 1846. The cutoff fell into disuse after the 1840s Donner disaster in California. The route remained neglected until 1907, when the Western Pacific Railroad opened its line from California to Salt Lake City. The Victory Highway route followed the trans-Mississippi River practice of the proposed highways paralleling rail lines. The exception to this pattern near, but west of the current study area, was the short piece of the proposed highway route from Oasis to Wells, Nevada. In much of the rest of Elko County, roadway selected early on by the highway commission for State Route 1, and later the Victory Highway, was the abandoned railbed of the Southern Pacific Railroad.[21] Nevada State Route 1, like the Nevada State Highway, was a paper route waiting form funding and boosters to get it built.

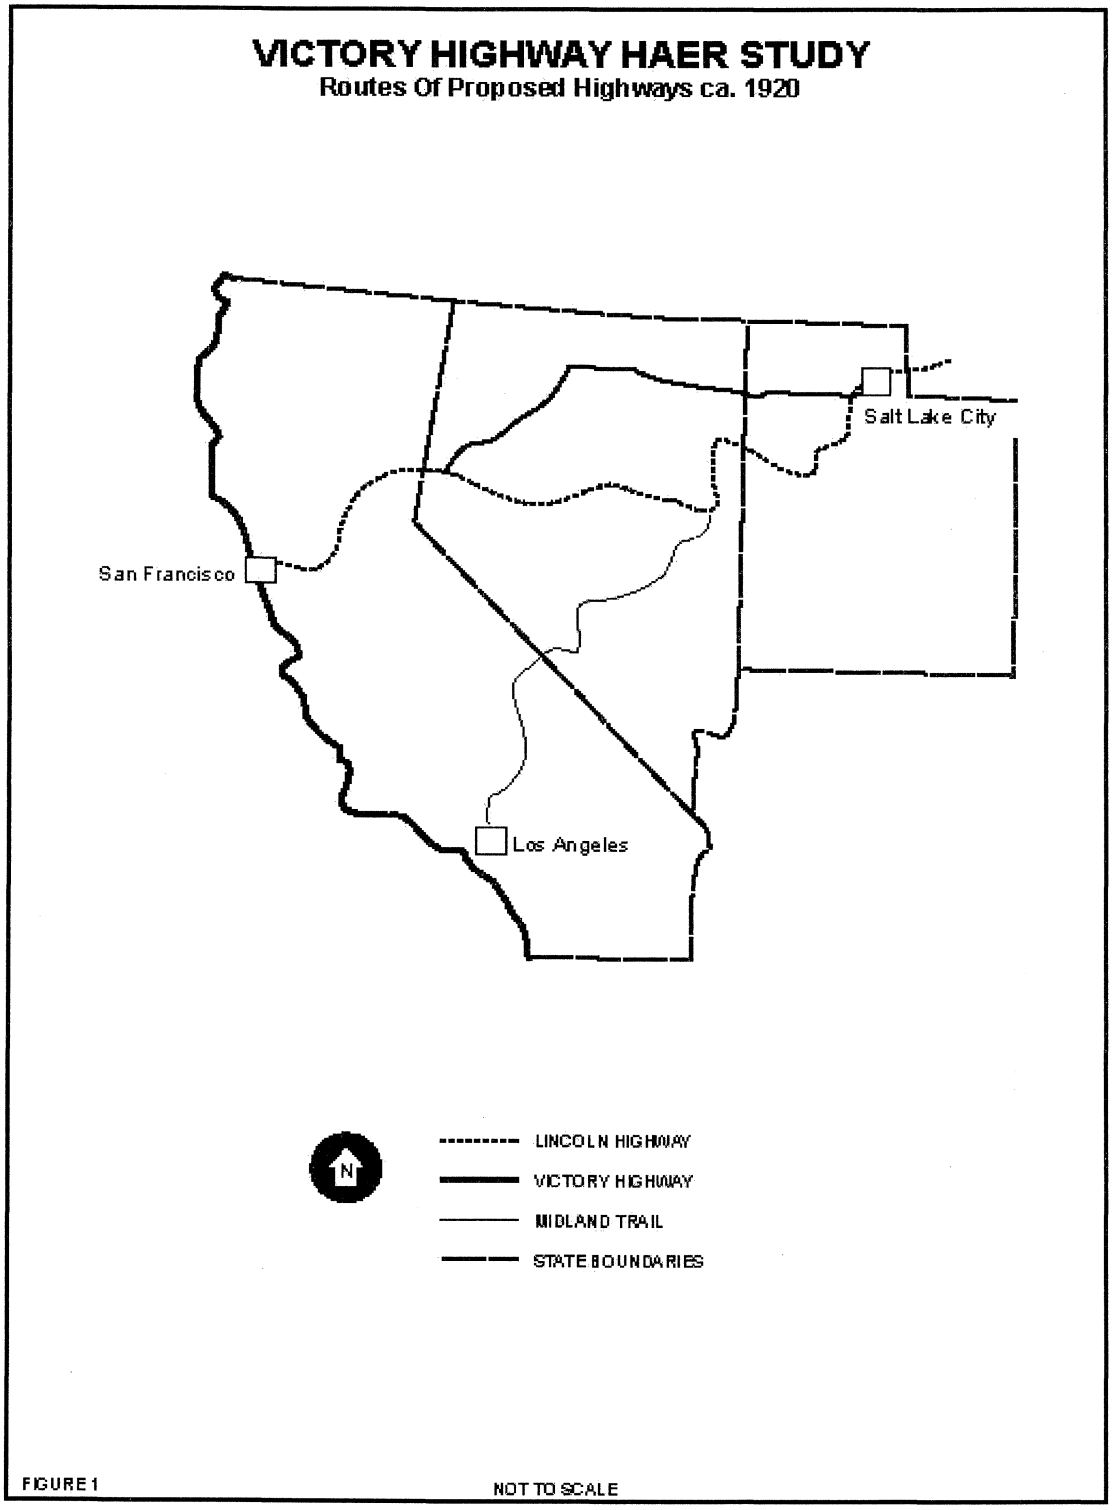
At the same time, Congress began debating amendments to the 1916 Federal Highway Act. One of the provisions included in the new bill would increase the level of federal funding for states that suffered from a small tax base due to federal ownership of lands; a provision that would benefit Nevada. The Silver State's senatorial delegation of former Governor Oddie and Key Pittman supported the bill because it provided the increased funding that would help Nevada and established a true federal highway system.[22] The bill passed, giving further impetus for Utah and Nevada to sort out the Victory - Lincoln Highway situation.

The debate as to which route would be designated the primary federal highway from Salt Lake City to California persisted into the early 1920s. Both sides continued to argue their case in the press and in front of governors, highway commissions, and state legislatures. The role played by the northern California communities eventually became obvious. They hoped for a route directly west from Salt Lake City, fearing that any other route would make it too easy for tourists and travelers to divert southwest toward southern California.[23] Nevadans continued to look at alternatives that would be in their best interest, both in the potential number of travelers and cost of construction. While the debate swirled, the Silver State continued to proclaim the Lincoln route to be its primary highway. Nevada's clearly stated position did not lead to resolution of the stalemate with Utah.

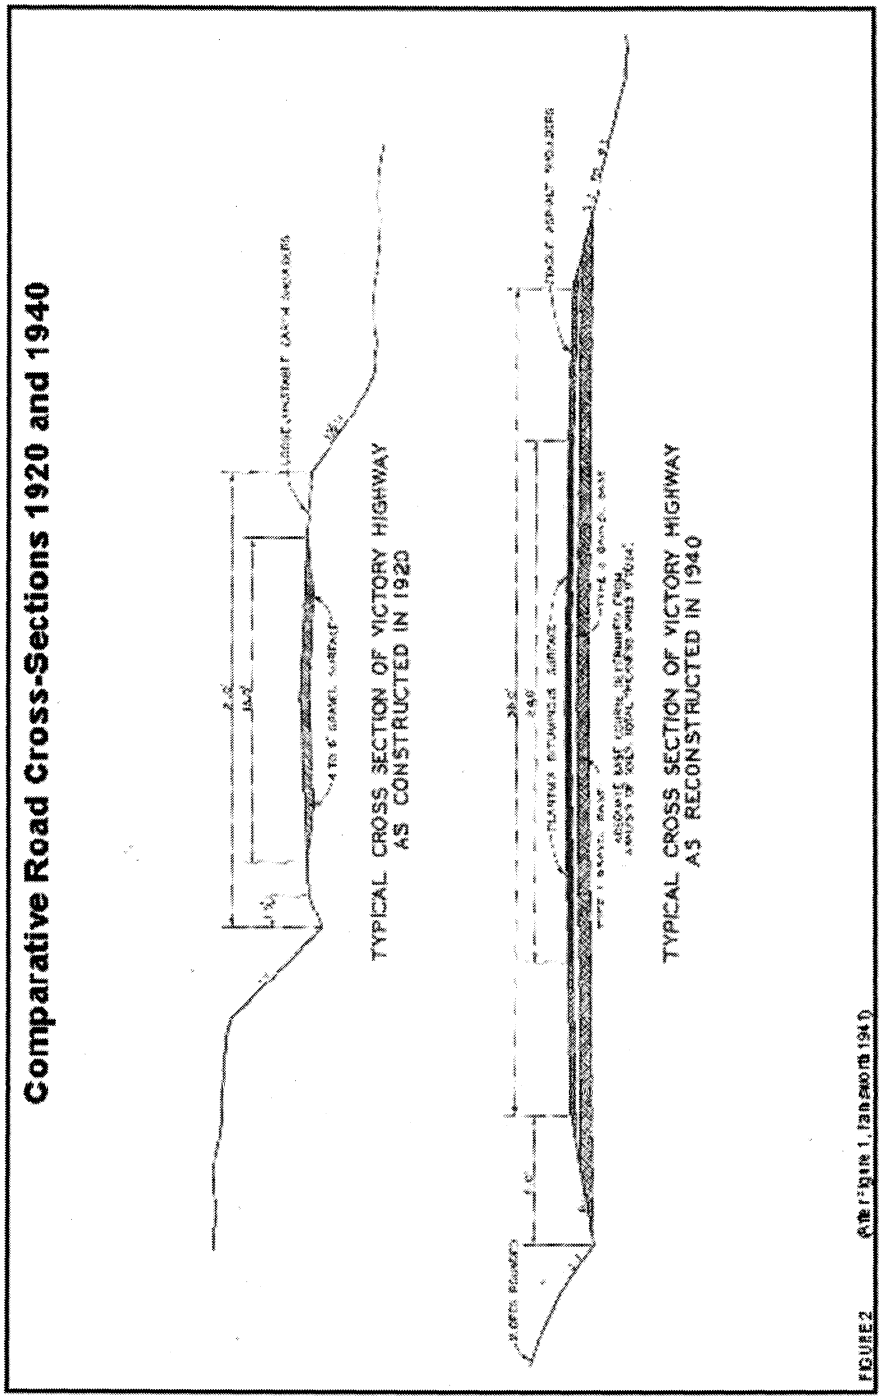
The common interests of Salt Lake City and San Francisco kept supporters of the Lincoln Highway at bay in Utah. Nevertheless, Lincoln Highway backers continued to bring pressure on the decision makers to try to force completion of the road across Utah. The efforts proved ineffectual because in 1921 Utah improved 40 miles of the Victory Highway west toward Wendover and at the same time neglected maintenance on the Lincoln road. Despite spring flooding that destroyed much of the newly built Victory Highway across the Salt Lake Desert, Utah selected the Victory Highway between Salt Lake City and Wendover as its official federal highway and recipient of government aid as required by the Federal Highway Act of 1921.[24] This move led to rejoicing in northern Nevada while it angered people in other parts of the state. Further, the Utah decision prompted the Lincoln Highway Association to take the issue to the United States Secretary of Agriculture, Henry C. Wallace. During the 1910s and 1920s, the Bureau of Public Roads was part of the Department of Agriculture and reported to the Secretary.

Preparing for the Secretarial hearings, set for May 14, 1923, supporters for both sides assembled extensive documentation, such as the book-length study, *A Brief for the Lincoln Highway in Utah and Nevada*, authored by the Lincoln Highway Association.

When the day of the hearing arrived, nearly 100 witnesses descended on the Department of Agriculture to present their case. Utah governor Charles Maybey, ex-Governor Spry, and employees of the Utah Highway Commission presented the Victory Highway case. Lincoln Highway officials, including Nevada's Gael Hoag, then the organization's field secretary, presented their case. The secretary listened intently throughout the day as the respective sides made their points. At the end of the day, Wallace deferred his decision. He informed everyone present that he would consider the matter and offer his opinion within a few weeks after he had the opportunity to pour over the written materials he had been given, including numerous letters that had bombarded his office in support of one highway or the other. Wallace endorsed the Wendover/Victory Highway on June 6, 1923. This move relegated the Lincoln Highway to a secondary position in Nevada and to abandonment in Utah.[25] Setting aside the politics of the highway situation, both routes had points in their favor as well as points that detracted from their desirability. For example, the mileage from Salt Lake City to Reno on the two routes differed by approximately 50 miles with the Victory Highway being shorter. The Victory Highway could take advantage of the abandoned Central Pacific rail grade for part of its route and had the advantage of towns along its route as well as rail connections to bring in construction supplies. The route also had fewer and easier mountain crossings that would be an advantage during construction and operation of the Victory Highway. On the other hand Ely and the large population supported by the copper mines in the area as well as towns like Eureka west of Ely offset some of that Victory Highway advantages. Secretary Wallace no doubted weighed all these factors in his decision making process.



The Secretary's decision cleared the way for construction of the Victory Highway west from Wendover across northern Nevada. Construction moved ahead in Utah on the Wendover Cutoff of the Victory Highway that opened during June 1925.[26]



The Nevada Highway News constitutes the best available source to track the Victory Highway's construction progress. According to that publication, the highway engineers completed plans for the 20.8 mile route from Wendover west to Silver Zone Summit in 1924.[27] The engineers determined that gravel would be sufficient to surface this section of the highway. The highway department opened construction bids for this segment on April 8, 1925.[28] Sumison and Clyde won the contract and commenced construction during the week of April 13.[29] The contract called for the builders to complete the road by June 1, 1925.[30] The highway department pushed the completion date back to November 1 and changed the contractor to C.A. Robinson.[31] The road appears to have been finished by this deadline because it disappeared from the table of ongoing projects after November 1, 1925. Construction of the highway continued for

another two years before the road opened across all of Elko County. Completion of the road across the rest of the state required two more years. The road included graveled, oiled, and paved sections. The section of the Victory Highway currently under study was initially graveled[32] and remained so until 1932, when the highway department authorized oiling of the road.[33]

Interestingly, as Nevada worked to complete the segment of the Victory Highway that is the focus of this study, new federal highway legislation included a plan to eliminate named highways, substituting a set of standardized numbers. During the summer and into the fall of 1925, highway commissions, highway engineers, and federal officials worked out plans for the numbering system. The Bureau of Public Roads approved the numbering scheme in November 1925. The Victory Highway in the study area became U.S. 40 during this numbering process. The plan also called for use of standardized signs across the nation. To help implement the plan, state highway departments removed all named highway markers to avoid confusion. By 1928, the standard federal shield highway markers had all but replaced the older Victory, Lincoln, Ocean to Ocean, and other highway signs.[34]

The Victory Highway opened in the area under study during late 1925 and across the rest of the Silver State by the end of 1927. A few years later, in 1932, the highway department oiled the graveled road in the study area. Later in the decade, the state planned for further improvements to the highway that led to the 1940 road widening from 15 to 24 feet and resurfacing with plant mix asphalt (Figure 2). The next year, the Nevada Highway Department began a program to reduce grades and lessen curves on U.S. Highway 40. World War II interrupted the program and the segment of the Victory Highway under study here was not replaced until 1948. In the present project area the 1948 realignment moved U.S. 40 slightly south from the original alignment to the current route of Wendover Boulevard. The new road eventually was ultimately superceded by Interstate 80.[35]

II. DESCRIPTION

A General Description

The site under discussion in this Historic American Engineering Record report is a short section of the Victory Highway/ U.S. Highway 40 located on the west side of West Wendover in Elko County, Nevada. The highway segment is 1.06 miles (5,597 feet) in length and the road surface is generally 18 feet wide. This is a deviation from the 1925 and 1940 design widths and likely is the result of erosion and partial demolition of the roadway when the culverts were removed. The resource includes the highway roadbed, road surface, nine culverts, seven sets of billboard or sign remains, one concrete (mile marker?) post, and a general artifact scatter. The features are described individually below.

The highway builders used simple construction methods in this section of the Victory Highway. The graded roadbed is made of native soils and rock that construction crews obtained from borrow ditches that parallel parts of the highway. Detailed construction specifications are not available for this section of the road. From field observation it appears that the builders formed the roadbed by scraping the native surface, moving the materials to build up the roadbed, and then spreading and compacting the borrowed materials to form the graded roadbed. The builders capped the roadbed with gravel and the asphalt placed on top of the gravel. The height of the roadbed generally varies from approximately 1.5 to more than 4 feet above the native ground surface. The higher roadbed occurs where builders filled ephemeral drainages and channeled water through culverts. Borrow ditches are irregular in width and depth. In places the ditches have almost disappeared due to nearly six decades of abandonment. The remaining paved surface is composed of bituminous asphalt with remnants of hot tar repairs. The asphalt layer varies from 2.5 to 4 inches thick, based on profile exposures where culverts have been removed. Recorders saw no evidence of the earlier gravel or oiled gravel road surfaces in the profiles. The asphalt is thinner at the edges of the highway than in the center. Currently, the road surface is cracked and in a state of general disrepair. Weeds are growing through the pavement in many places, as seen in the setting photographs completed as part of this study. In some places, the weeds grow only through the centerline of the roadway, indicating a gap of some sort between the two lanes, probably from the construction methods.

B. Feature Descriptions

The following descriptions and numbers were adapted from the 2006 site recording completed by Teresa L. Dixon, Danielle Storey, and Tim Murphy of the Bureau of Land Management, Elko Field Office and observations made at the time of this HAER recording. These numbers bear no relation to any historic designations that may have been given to the culverts or other features by the Nevada Highway Department. The feature numbers correspond to locations on Figure 3. Features 1 through 9 are the culverts, the other features are the remains of signs or markers that stood along the Victory Highway when it was in use.

Feature 1
Feature 1 is the remains of a washed-out culvert. The roadbed was more than 4 feet above the natural surface at this point and the washed-out area is approximately 3 feet wide. There are no extant structural remains of this culvert.

Feature 2
Feature 2 is the remains of a removed culvert. The roadbed was approximately 3 feet above the natural surface at this point. Smooth-faced coursed rubble stones that represent the remains of the culvert faces were observed on both the northern and southern sides of the roadway at Feature 2.

Feature 3
Feature 3 is the remains of a removed culvert. The roadbed was approximately 2.5 feet above the natural surface at this point. Smooth-faced coursed rubble stones that represent the remains of the culvert faces were observed on the southern side of the roadway at Feature 3. Cement fragments associated with the culvert were observed on the northern side of the roadway. This indicates that the culvert was constructed using stone with cement mortar.

Feature 4
Feature 4 is the remains of a removed culvert. The roadbed was approximately 2.5 feet above the natural surface at this point. Smooth-faced coursed rubble stones were observed on both the northern and southern sides of the roadway at Feature 4. The stones indicate that the culvert had smooth coursed rubble facings. Scattered stones remain on the southern side of the roadway, while only a single stone from the culvert is left on the northern side of the grade.

Feature 5
Feature 5 is the remains of a removed culvert. The roadbed was approximately 3.5 feet above the natural surface at this point. A coursed stone and other debris lie on the ground at the northern end of the culvert. The stone measures 29 x 15 x 6 inches. A scatter of stones and debris remains on the southern side of the roadway at Feature 5. Also present at the feature is a concrete and stone fragment that retains an impression of the piping used for the culvert.

Feature 6
Feature 6 is the remains of a culvert that was removed by ripping up the asphalt road surface. The roadbed was approximately 3.5 feet above the natural surface at this point. Smooth-faced coursed rubble stones remain at both the northern and southern ends of the culvert, indicating that the culvert had coursed rubble facings. The southern end of the culvert also has concrete debris, offering further evidence of the use of concrete in the construction of the culverts. The stone at the northern end of the culvert is partially buried and there is a considerable amount of what appears to be modern gravel on the southern side.

Feature 7
Feature 7 is the remains of a removed culvert. The roadbed was approximately 3 feet above the natural surface at this point. The feature includes concrete and stone debris that retain the impression of the corrugated pipe used for the internal portion of the culvert. The debris is found on both sides of the roadway and in the area once occupied by the culvert. The remaining facing stones appear to be imported materials and may have been used to ensure consistency or as an expedient solution because the stone was on hand and required no further quarrying.

Feature 8
Feature 8 is a paired culvert, made of two parallel corrugated metal pipes with common facings on both the northern and southern ends. The roadbed was approximately 4 feet above the natural surface at this point. The culvert facings are made of coursed rubble and concrete. The southern face is 108 inches long with two courses exposed. The northern face is 114 inches long with two courses exposed. The culvert pipes are estimated to have a diameter of 19 inches and the culvert has an approximate length of 50 feet. The southern face indicates that historically one or more courses were present above the two remaining courses

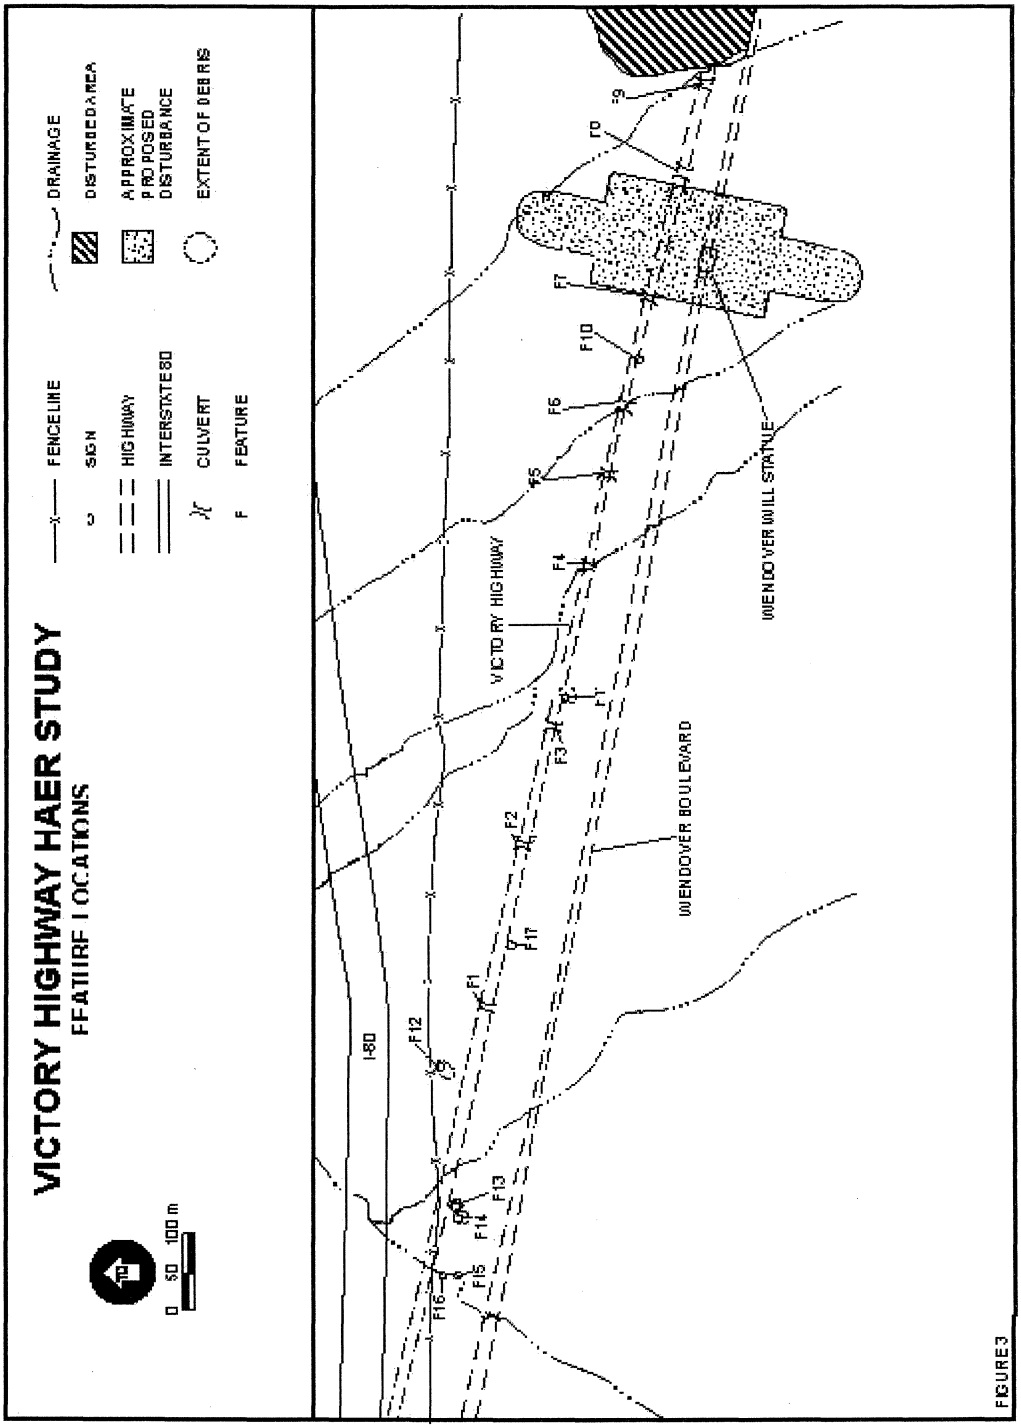
based on the presence of mortar on the top of the extant upper course. In comparison the Lincoln Highway south of Wendover has culvert facings of uncoursed stone or concrete. The stonework on the Lincoln Highway shows a lower level of craftsmanship than those of the Victory Highway recorded during this study.

Feature 9
Feature 9 is another stone-faced metal-pipe culvert. The roadbed was approximately 4 feet above the natural surface at this point. The northern and southern facings are made of smooth-faced coursed rubble and concrete and were at least two courses high when built. The southern face is approximately 55 inches long with one course exposed. The northern face is 54 inches long with two courses exposed. The pipe is 19 inches in diameter and the culvert is approximately 52 feet long. The feature shows extensive evidence of soil erosion.

Feature 10
Feature 10 is the ruin of a sign or billboard that once stood beside the highway. All that remains is a short wooden post that leans to the east. The post appears to have been cut off when the sign was removed.

Feature 11
Feature 11 is the remains of a billboard. It includes five short wooden posts that lean to the east, and scattered wood debris that may have been part of the sign face or superstructure. The posts appear to have been cut off when the sign was removed.

Feature 12
Feature 12 is the remains of a billboard made of wood and metal. No base for the sign was observed. The debris includes red-painted metal panels with the word "LODGE" in uppercase, white lettering edged with black, and more than 50 pieces of weathered lumber.



Feature 13
Feature 13 is the remains of a metal sign. The metal was painted, but the paint has faded. What could be made out was a smiling head wearing a yellow-tinted turban. The face had a thin black moustache. No posts or other debris are associated with this feature.

Feature 14
Feature 14 is collection of wooden debris on the ground that represents the remains of a sign.

Feature 15
Feature 15 is a small concrete post that has been painted white and may have been lettered at one time. It is approximately 4 x 4 inches square and 4 feet tall, with a rounded top. It is located some 100 feet south of the roadbed, near the edge of the highway right-of-way. It may have been milepost or a post to mark the edge of the right-of-way. As it would have been impossible to read from the road, given its location and narrow profile, it is unlikely that is served as a mile marker.

Feature 16
Feature 16 is the remains of a billboard. The feature includes two short wooden posts that lean to the east and a light scatter of wood debris. The posts appear to have been cut off when the sign was removed.

Feature 17
Feature 17 is the remains of a billboard denoted by two short wooden posts. The posts appear to have been cut off when the sign was removed. No debris related to the sign was observed.

Attention: Mr. Naranjo,

Re: Environmental Review – City of West Wendover – Fire Station #13: Noise Abatement and Control

The City of West Wendover is applying for funds through the Nevada Community Development Block Grant Program (CDBG), and the United States Department of Agriculture – Rural Development, to undertake the following project: City of West Wendover – Fire Station #13. Enclosed is a description of the proposed action, project drawings and maps and a form for your review of the project.

Thank you for your assistance on this Environmental Review. Please do not hesitate to contact me if you need any information on the proposed action. My contact information is found at the bottom of the review form. Please feel free to e-mail your response to: shay.stark@aquaeng.com.

Sincerely,

Shay Stark
Project Manager

ENVIRONMENTAL REVIEW: HUD STANDARDS FOR NOISE ABATEMENT AND CONTROL

Grantee: City of West Wendover Project Name: Fire Station #13

Pursuant to Department of Housing and Urban Development requirements for CDBG projects, the grant recipient assumes the responsibility for environmental review, decision making and actions required by local, state and federal environmental laws or authorities. In order to complete the environmental review requirements, we are requesting your review of the project with respect to the threshold for the Noise Abatement and Control Standards. The pertinent HUD standards for these environmental considerations include the following criteria, standards, policies and/or regulations:

1. 24CFR Part 51, Environmental Criteria and Standards, Subpart A, General Provision; and Subpart B, Noise Abatement and Control (44 FR 40860-40866, July 12, 1979).

Please check either line A or B below and add any applicable comments in the space provided. Please feel free to attach any additional comments.

____ A. The project does not involve development of noise sensitive uses, or the ambient noise level at the project site is 65LDN (or CNEL) or less. This finding may be based on calculations using the HUD Noise Assessment Guidelines (1980), or other acoustical data.

____ B. The project exceeds the thresholds stated in A above. Apply the noise standard to the project approval decision and consider the application of the noise attenuation measures (Noise Assessment Guidelines, Pages 39-40).

ENVIRONMENTAL REVIEW: SAFE DRINKING WATER ACT/
SOLE SOURCE AQUIFERS

Grantee: City of West Wendover Project Name: Fire Station #13

Pursuant to Department of Housing and Urban Development requirements for CDBG projects, the grant recipient assumes the responsibility for environmental review, decision making and actions required by local, state and federal environmental laws or authorities. In order to complete the environmental review requirements, we are requesting you review of the project with respect to the threshold for Sole Source Aquifers and Safe Drinking Water Standards. The pertinent HUD standards for Sole Source Aquifers and Safe Drinking Water include the following criteria, standards, policies and/or regulations:

1. The Safe Drinking Water Act of 1974 (P.L. 93-253) as amended by the safe Drinking Water Amendments of 1977 (P.L. 95-190, 42 U.S.C. 201, 300 f et seq., 7401 et seq.) and by further amendments in 1979 (P.L. 97-163) and further amendments in 1986 (P.L. 99-339 6/19/86).

2. Section 1424 of the Safe Drinking Water Act of 1974 (P.L. 93-253) as amended, which provides for the protection of aquifers which are a sole or principal source of drinking water, and which if contaminated would create a significant health hazard.

Please check the line below which applies and add any applicable comments in the space provided. Please feel free to attach any additional comments.

____ A. The project is not located within an area designated by EPA as being supported by a sole source aquifer, OR,

____ A.1 The project need not be referred to EPA for evaluation according to the HUD-EPA Region IX Sole Source Aquifer Memorandum of Understanding of 1990, or
EPA has determined that it is not contaminated and does have the potential of being contaminated and the applicable authority has determined that it meets the State drinking water standards.

____ B. The environmental threshold for the Sole Source Aquifer criteria is exceeded. Consult with the applicable authority for resolution assistance, or

____ B.1 The environmental threshold for the Safe Drinking Water Act is exceeded, the grant recipient must consult the applicable authority for resolution assistance.

SAFE DRINKING WATER ACT/SOLE SOURCE AQUIFERS

Please complete the following review by checking the appropriate line(s). Please feel free to attach any additional comments:

1. Will the proposed project be served by a public water system as defined in Nevada Administrative Code 445?
   ___ YES - If "yes", go on to question #2
   ___ NO - If "no", go on to question #3
   ___ NOT APPLICABLE - If "not applicable" go on to question #3

2. Is the public water system in violation of any section of Nevada Administrative Code (NAC) 445A.450 to 445A.6731?
   ___ YES - If "yes", explain and go on to question #3

   Explanation:

   ___ NO - If "no", go on to question #3

3. Could the proposed project contaminate an existing public water system?
   ___ YES - If "yes", go on to question #4
   ___ NO - If "no", go on to question #5
4. Contamination could be:
   ___ to sources (springs, wells, reservoirs, etc.)
   ___ by creating an excessive demand on the system
   ___ by causing a cross-connection
   ___ other, explain
5. Is the answer "yes" to question #2 or question #3?
   ___ NO - REVIEW COMPLETED
   ___ YES - consult the Nevada Division of Environmental Protection, Bureau of Safe Drinking Water for resolution assistance.

   - [X] YES - consult the Nevada Division of Environmental Protection, Bureau of Safe Drinking Water for resolution assistance.

Comments:

The BSDW is unable to determine if a water project was submitted for review and approval prior to construction in 2007. The BSDW requests as-builts of the construction, a network hydraulic analysis that demonstrates fire flow and fire demand can be met at the fire hydrant, and a standard detail that shows the installation of a reduced pressure principle assembly on the water service, fire service, and irrigation lines.

Attention: Mr. Carter,

Re: Environmental Review – City of West Wendover – Fire Station #13: Wetlands Protection

The City of West Wendover is applying for funds through the Nevada Community Development Block Grant Program (CDBG), and the United States Department of Agriculture – Rural Development, to undertake the following project: City of West Wendover – Fire Station #13. Enclosed is a description of the proposed action, project drawings and maps and a form for your review of the project.

Thank you for your assistance on this Environmental Review. Please do not hesitate to contact me if you need any information on the proposed action. My contact information is found at the bottom of the review form. Please feel free to e-mail your response to: shay.stark@aquaeng.com.

Sincerely,

Shay Stark
Project Manager

Enclosures: Project Description

Environmental Review Form

ENVIRONMENTAL REVIEW: WETLANDS PROTECTION

Grantee: City of West Wendover Project Name: Fire Station #13

Pursuant to Department of Housing and Urban Development requirements for CDBG projects, the grant recipient assumes the responsibility for environmental review, decision making and actions required by local, state and federal environmental laws or authorities. In order to complete the environmental review requirements, we are requesting your review of the project with respect to the threshold for Protection of Wetlands. The pertinent HUD standards for Wetlands Protection include the following criteria, standards, policies and/or regulations:

1. Executive Order 11988, Floodplain Management, May 24, 1977 (42 FR 26961 et seq.); particularly sections 2 and 5.

2. Executive Order 11990, Protection of Wetlands, May 24, 1977 (42-FR 26961 et seq.); particularly Sections 2 and 5.

Please check either line A or B below and add any applicable comments in the space provided. Please feel free to attach any additional comments.

____ A. The project does not involve new construction within or adjacent to a wetland. The project does not affect a wetland identified by any pertinent planning document or by field observation. The delineation of wetlands is based on consultation with U.S. Corps of Engineers, U.S. Fish & Game Service or State Fish & Game.

____ B. The environmental threshold for Wetlands Protection is exceeded. Grant recipient must initiate and complete the U.S. Water Resources Council's 8-step process for Floodplain Management. (Projects may be approved if there is no practicable alternative outside the wetland area; however, the activity must comply with permitting requirements under provision of the Clean Water Act).

(Projects may be approved if there is no practicable alternative outside the wetland area; however, the activity must comply with permitting requirements under provision of the Clean Water Act).

Comments:

The proposed construction of a fire station in West Wendover, Nevada will avoid impacts to any wetlands identified in the National Wetlands Inventory. This review is based on a desktop analysis of the proposed project site and does not constitute a formal delineation of the aquatic resources at this location. All federal, state, and local permit conditions must be followed for construction. Best management practices to prevent erosion and control sediment should be implemented to prevent discharge into all identified drainages or waterbodies.

In order to complete the environmental review requirements, we are requesting your review of the project with respect to environmental justice. Please complete the following table which lists 17 considerations the will help to determine the projects impacts on the human environment:

Please include a brief note explaining the determination of impact on each item.

Issue	Positive Impact	Neutral Impact	Negative Impact	Notes
Noise		X		Project location will provide no additional impact to the community related to noise.
Aesthetic Values	X			The project will provide additional aesthetic value in combination with the existing City Hall, per approved master plan
Community Cohesion	X			The proposed project will solidfy community cohesion with additional public safety resources
Community Growth	X			The proposed project and the services thereto related will sustain and contribute to community growth
Tax Revenues		X		As a public facility there are no additional tax implications
Local Property Values	X			The project will enchance adjacent property values in the area
Public Facilities	X			The project is an important public facility for the community
Public Services	X			The project improves public service availability and resources
Regional Growth	X			The project will improve regional growth capabilities via the services available in the community.
Employment and Labor Force	X			The facility will provide additional employment opportunities
Business and Industrial Activity	X			The project will improve business and industrial potential by providing enhanced services
Displacement of Farms		X		No farm areas within the community
Manmade Resources		X		Neutral impact to manmade resources
Natural Resources		X		Neutral impact to natural resources
Air Quality		X		Neutral impact to air quality
Water Quality		X		Neautral impact to water quality
Displacement of People		X		Project will not displace any persons
Disadvantaged Population	X			Project improves services to disadvantaged population

* Negative bond balance match amortization schedules provided by USDA Rural Development for the 1998 Solid Waste Water Bonds, 1998 Water Revenue Bonds and 2015 Potable Water Project Loan which have negative bond balances in final maturities (-6,577.39, -29,525.86 and -707.42, respectively). The USDA recently changed their system that calculates amortization schedules from a system that calculated on a 360 day basis, the new system calculates on a 365 basis. The negative balances are a result of the new calculation method and keeping the original payment amounts. Any overpayments will be refunded to the City.

CHIEF FINANCIAL OFFICER STATEMENT

As required by NRS 350.013 (1) (e), the name and address of the City's Chief Financial Officer is:

Michelle Giovo
Chief Financial Officer
P.O. Box 2825
West Wendover, Nevada 89883
(775) 664-3081

DEBT MANAGEMENT POLICY

As required by NRS 350.013 (1) (c) and NAC 350.0035), the following is the Debt Management Policy for the City of West Wendover, Nevada.

General Policy Statement:

The purpose of the City of West Wendover Debt Management Policy is to manage the issuance of the City's debt obligations and to maintain the City's ability to incur debt and other long-term obligations at favorable interest rates for capital improvements, facilities, and equipment beneficial to the City and also necessary for essential services.

Introduction and Purpose:

The City of West Wendover (the "City") has a Capital Improvement Plan ("CIP") which is a multi-year planning document that identifies and prioritizes the need for a variety of public improvements and coordinates their financing and construction time frames. More specifically, the CIP is a process that provides order and continuity to the repair, replacement, construction or expansion of the City's capital assets. With revenue limitations in mind, the City's CIP focuses primarily on the City's more immediate needs. The City's long term growth picture is positive, which includes gold mine operations within 30 miles of the city and further expansion of gaming properties based within the City; due to this expansion the need for infrastructure is increasing. This results in additional opportunities for Enterprise Fund activity that will generate revenues needed for future growth.

Legislation (described herein) requires local governments to prepare a debt management policy prior to authorizing additional general obligation debt. This document is not intended to review the City's total financial position. Analysis of the City's debt position is important because growth has resulted in an increased need for capital financing. Resources, as well as needs, drive

the City's debt issuance program. Decisions' regarding the use of debt is based on long-term needs of the City and the amount of equity (cash) dedicated in a given fiscal year to capital outlay.

As required by NRS 350.013 (1) (a) (b) and NAC 350.0035, the Indebtedness Report for the City of West Wendover, Nevada as of June 30, 2012 is included in this submission.

GENERAL OBLIGATION BONDS

1. General Obligation Bonds Supported by Ad Valorem Taxes:

The City of West Wendover has not issued general obligations bonds supported by ad valorem taxes. In addition, the City has no current plans for general obligation debt supported by ad valorem taxes.

2. General Obligation / Revenue Bonds:

The City has retired all General Obligation bonds; therefore we had no General Obligation bonds outstanding at June 30, 2016.

Statutory Debt Capacity:

State statutes limit the aggregate principal amount of general obligations debt to 30% of total assessed valuation (NRS 266.600). Based upon the assessed valuation for the fiscal year 2016-2017 of $131,466,292, the City's debt limit for general obligations is $39,439,888.

The following table illustrates the City's current general obligation debt in relation to the City's fiscal year 2016-2017 statutory debt limitation:

STATUTORY DEBT CAPACITY

Statutory Debt Limitation	$39,439,888
Outstanding General Obligation Indebtedness	$ -0-
Plus: Possible Future Ad Valorem Supported Bonds	$ -0-
Additional Statutory Debt Limitation	$39,439,888

General Obligation Debt per Capita (NRS 350.013):

The official West Wendover population is 4,478, as certified by the State of Nevada Department of Taxation in their published Final Population Worksheet that was prepared for use in 2016-2017 Revenue Projections. Because the City has no current general obligation debt, the per capita amount is zero.

General Obligation Debt as a percentage of Assessed Valuation (NRS 350.013):

The current general obligation debt is zero.

Policy regarding manner expected to sell new debt for FY2016-2017 (NRS 350.013):

The City of West Wendover does not anticipate the issuance of new debt during the 2016-2017 fiscal year.

Sources of money projected to be available to pay current and future general obligation debt (NRS 350.013):

West Wendover's general obligation debt is zero. But if debt were issued in the future, the revenue from property tax, licenses and permits, intergovernmental revenue, charges for services, fines and forfeitures, and miscellaneous revenue would be considered as the source for any repayment.

3. General Obligation Special Assessment Bonds:

The City of West Wendover has not issued any general obligation special assessment bonds. In addition, the City does not currently plan for issuance of general obligation special assessment bonds.

4. Revenue Bonds:

Sales Tax Revenue Bonds are payable from pledged revenue received from Consolidated Tax Revenue.

Other Revenue bonds' principal and interest are payable exclusively from earnings of enterprise funds. Enterprise funds are proprietary funds used to report activities for which a fee is charged to external users for goods or services. The City of West Wendover, Nevada operates the following enterprise funds: Water Enterprise Fund, Sewer Enterprise Fund, a combined Garbage Services / Compost Enterprise Fund and Johnson Springs Transmission Systems Fund.

Each of these enterprise funds has entered into revenue bond debt obligations which constitute a direct and general obligation of the City. The full faith and credit of the City is pledged for the payment of principal and interest due thereon.

These revenue bonds are secured by the revenue received by the City from customers for sewer, water, landfill and garbage service charges, sewer and water hook-up fees, after payment of reasonable and necessary costs for the operation and maintenance expenses of the City's Enterprise Funds (the "Net Pledged Revenues").

MEDIUM TERM OBLIGATIONS

Under NRS 350.085-.095: NAC 350.100-.160, the City may issue negotiable notes or medium-term negotiable bonds. Those issues, approved by the Director of the Department of Taxation, are payable from all legally available funds. The referenced statute does not authorize a special property tax override. The negotiable notes or bonds must meet the following requirements:

1. Must mature not later than ten (10) years after the date of issuance.

2. If the maximum term of the financing is more than five (5) years, the term may not exceed the estimated useful life of the asset to be purchased with the proceeds from the financing.

3. No medium-term financing resolution is effective until approved by the West Wendover City Council, with the Director of the Department of Taxation having the final approval authority.

5. Negotiable Notes / Bonds (including General Obligation bonds) and Capital Leases

Includes all medium-term indebtedness that has been incurred whether approved or not, pursuant to the provisions of NRS Chapter 350, Municipal Obligations.

OTHER DEBT

6. Other Lease Purchases

This category includes capital leases entered into prior to the law change requiring capital leases to be approved under the medium-term obligation requirements. Also included in this category are capital leases that are not counted against the debt limit under NRS 350.800 and is less than $50,000, the minimum amount for approval under the medium term financing requirement.

NRS 350.800 defines a lease transaction as a transaction whereby a municipality acquires real or personal property and another person acquires or retains security interest in that or other property and creates a general obligation of the municipality which must be counted against any limit upon its debt unless:

(a) The obligation by its terms is extinguished by failure of the governing body to appropriate money for the ensuing fiscal year for payment of the amounts then due; or

(b) The budget of the municipality for the fiscal year in which the transaction occurs includes a provision for the discharge of the obligation in full.

This category also includes Certificates of Participation, which are repaid through annual appropriations from general revenue similar to lease payments.

7. Mortgages

This category includes amounts of any USBRL, REA, or FHA mortgages.

The City of West Wendover has issued Nevada Sales Tax Revenue Bonds, Series 2009 in the amount of $5,225,000 from USDA Rural Development for the debt of the New Government Building (City Hall), which is secured with a mortgage on the building.

8. Warrants

The City of West Wendover has not entered into any warrant debt obligations. In addition, the City does not currently plan for issuance of warrant debt obligations during fiscal year 2016-2017.

9. Special Assessment Bonds

The City of West Wendover has not entered into any special assessment bond debt obligations. In addition, the City does not currently plan for issuance of any special assessment bond debt obligations during fiscal year 2016-2017.

10. Other Debt

The City does not currently plan for issuance of any other types of debt obligations during fiscal year 2016-2017.

FIVE YEAR CAPITAL IMPROVEMENT PROJECTS PLAN NARRATIVE

City of West Wendover

FY2016-2017 through FY2020-2021

CITY OF WEST WENDOVER
FIVE YEAR CAPITAL IMPROVEMENT PROJECTS PLAN
FISCAL 2016-2017 thru 2020-2021
By Priority

√ Denotes Project engineering design and/or construction underway.

2016-2017

1. **√ FLORENCE WAY UPGRADE AND RELOCATION (SOUTH FLORENCE WAY) PHASE 3 (MESA STREET TO LAGUNA DRIVE & LAGUNA DRIVE EXT.) – COST ($2,300,000).**
This project consists of relocating Florence Way to the boundary of the right-of-way of the Union Pacific Railroad (UPRR). This project would remedy several serious situations with regard to the current condition and placement of Florence Way as a major arterial street. The new Florence Way would be constructed in four phases. Full completion would include four travel lanes, two bike lanes, appropriate curb, gutter and sidewalk and a protective fence along recreational properties; currently non-existent. Initial width would be two travel lanes and turn lane with other facilities included. Phase 3 would include the reconstruction of Mesa Street intersection and continue west serving Elko County School District Properties including a New Elementary School Complex and making a connection to an extension of Laguna Drive. ROW for the project is now in place. The street full design (four travel lanes, turn lane and center islands) may be completed in a subsequent phase dependent on traffic volumes.

   Progress Report: Project construction underway by Elko County School District. Funding by Elko County School District. FY 2016-2017

2. **√ FLORENCE WAY UPGRADE AND RELOCATION (SOUTH FLORENCE WAY) PHASE 2 (CAMPER DRIVE TO MESA STREET) – COST ($2,500,602).**
This project consists of relocating Florence Way to the boundary of the right-of-way of the Union Pacific Railroad (UPRR). This project would remedy several serious situations with regard to the current condition and placement of Florence Way as a major arterial street. The new Florence Way would be constructed in four phases. Initial width includes two travel lanes, turn lane, two bike lanes, appropriate curb, gutter and sidewalk. Phase 2 includes improvements from Camper Drive intersection to Mesa Street intersection. The street full design (four travel lanes, turn lane and center islands) may be completed in a subsequent phase dependent on traffic volumes.

   Progress Report: Funding in place, design now underway. Construction start estimated spring 2016. Funded through NDOT Grant, CDBG Grant and City Medium Term Obligation using annual RTC Funds for repayment. FY 2016-2017

3. **√ WEST WENDOVER STREET REHAB PROJECTS 2015-2016 – COST ($300,000).**
The 2015-2106 Street Rehab Projects including the rehabilitation of several major street segments in the community which require additional investments outside of the normal maintenance cycle. The initial selected areas include Wendover Boulevard, Mesa Street and Other collector and arterial street segments within the city.

   Progress Report: Funding in place, assessment of street selection completed. Funded by City Medium Term Obligation using annual RTC Funds for repayment. FY2016-2017

4. **√ STORM DRAINAGE IMPROVEMENTS – COST ($250,000).**
During calendar 2014 and 2015 the City experienced some severe flooding events which will require additional storm drainage improvements, modifications and evaluation. Currently an evaluation of the impacts and solutions based on these events is being completed by the City Engineer. A report is expected by August 2015. This will give the city a workable plan for completing the work necessary. Additionally the city will undertake completion of a storm water master plan.

Progress Report: City Engineer completing evaluation and has provided recommendations. Review underway by Public Works Director for selection and proposed bidding . Project to funding through Street Funds associated with RTC Medium Term Obligation already completed by City and Sewer Fund. FY 2016-2017

2017-2018

5. **√ WEST WENDOVER MULTI MODAL ENCHANCEMENT PHASE 1 – RAIL PASSENGER STATION – AMTRAK – COST ($6,500,000).**
Phase 1 includes the construction of a passenger train station, related platform and ancillary facilities on Florence Way approximately ½ mile from the West Wendover Welcome Center. The facility would be constructed per design and service requirements of Amtrak and Union Pacific Railroad (the host railroad). The City and Amtrak executed a MOU on February 11, 2015 for the related facility design, construction and required service. The City has applied for USDOT grant funding for the project and has received support for the project Governor's Office as well as Amtrak and Union Pacific Railroad among many other agencies and businesses. The project has considerable components related to Economic Development/ Job Creation per the BCA completed for USDOT.

Progress Report: MOU executed with Amtrak, host railroad has provided initial approval, 10% design has been complete per UPRR requirements. City pursuing grant funding and other sources through the State to proceed with facility design and construction. Project funding through General Fund, USDOT Funding, CDBG funding and potential private funds. FY 2017-2018

6. **WATER LINE EXTENSION AND UPRR CROSSING, SECTION 16 & 17 – COST ($150,000).**
This project includes connecting to the a main water line connection that is currently being completed as part of Florence Way Phase 2 at the intersection of Mesa Street and new Florence Way. This 12" line would cross the UPRR main line following the north-south Section 16/17 line to the southeast via a 24" sleeve under the UPRR main line. This would then be used to eventually provide a looped main line connecting with the current main line crossing near U.S. 93A in the industrial park. This will provide redundancy in the system which feeds this area including the service line to Wendover, Utah, while providing the capability to provide redundancy to existing services and provide new capabilities to service future developments in this area.

Progress Report: Line interconnection underway as part of Florence Way Phase 2. Engineering design complete, permit with UPRR in process. Project funding through Water Fund. FY 2017-2018

<Rest of Page Intentionally Left Blank>

7. **WEST WENDOVER MULTI MODAL ENHANCEMENT PHASE 2 – WELCOME CENTER MULTI MODAL TRANSPORTATION HUB – COST ($1,400,000).**
Phase 2 includes the modification of the Nevada – West Wendover Welcome Center now owned by the City, located on at the intersection of Wendover Boulevard and Florence Way. The facility would be modified to include capabilities to function as a multi-modal transportation hub including bus, rail and related services in addition to continuing to serve a role as a tourism center.

Progress Report: Welcome Center facility acquisition complete. Conceptual design layout complete to include new bus terminal area and related parking. Project funding through RTC Funds, USDOT Funding, CDBG Funding and potential private funding. FY 2017-2018

8. **INTEROPERABILITY AND NETWORKING CITY GIS, POLICE, POLICE DISPATCH AND EMERGENCY SERVICES – COST ($475,000)**
The City of West Wendover continues its progress with regard to upgrades to the City's Community Development Department which includes GIS Mapping for the community along with upgrades to the Police Dispatch System for capability to integrate, use and transmit GIS, law enforcement and emergency services information from Dispatch to officers and personnel on the street via wireless networking and related equipment in vehicles. This upgrade also includes installation of additional antennae within the community and or relocation of existing transmitters for better coverage. The project is likely to be completed in phases.

Progress Report: City GIS base mapping complete and Police Dispatch System upgraded with basic capabilities for GIS and networking. Funding to be provided through General Fund and possible CDBG Grant and other Potential Public Safety Grants. FY 2017-2018

2018-2019

9. **INFRASTRUCTURE NORTH INTERSTATE 80 EXIT #410, PHASE 2, LEPPY HILLS BLVD & OTHER – COST ($3,700,000).**
The City of West Wendover is proceeding with planned development initiatives, which include infrastructure (arterial, collector street and utility services) on the north side of Exit #410 at Interstate 80. This area includes access to public federal lands including the Leppy Hills Trails complex in addition to commercial development areas and continued access to the NDOT maintenance facility. The project fulfills obligations of the City under the Memorandum of Understanding executed in 2009 between the City of West Wendover, Nevada Department of Transportation and the Federal Highway Administration for access at Interstate 80, Exit 410. The infrastructure would establish necessary public improvements for this area. The project including pedestrian accesses related to Exit 410 may be phased.

Progress Report: Funding sources would include General Fund, City RTC Funds as well as potential USDOT Grant Funds, and potential Private Resources. FY 2018-2019

10. **INSTALL NEW 10" RE-USE LINE FROM WASTE WATER FACILITY TO TOANA VISTA GOLF COURSE STORAGE FACILITY – COST ($1,600,000).**
Due to increased processing capacities associated with the Waste Water Phase 2 Upgrade, the City will have the ability to provide increased flows of Re-Use water to the Toana Vista Golf Course and other potential irrigation properties. In order to accommodate the increased flows, the City will need to construct a new 10" line which will in most cases parallel the existing Re-Use line. Additionally, given the age of the existing Re-Use line, the new line will also provide redundancy in the system.

Progress Report: Preliminary Engineering Report has been completed. Project has been submitted to NDEP for funding and is contained in NDEP's funding matrix for clean water projects. FY 2018-2019

11. **FIRE STATION FACILITY – COST ($3,500,000).**
The current Fire Station is located on private land, which the City leases on a yearly basis. The existing facility is limited in size and capability given its initial size and related construction. The community since the construction of this facility has more than quadrupled in size and thus the current and long-term needs of the facility are not being met. The City cannot improve the existing facility given its private ownership. The City has a site prepared next to the City Hall on N. Gene L. Jones Way to accommodate the fire station facility.

Progress Report: Study complete, ready for design. This project to be funded through a conventional medium term obligation, grant resources and potential private funds. FY 2018-2019

12. **ACQUIRE AERIAL PLATFORM CLASS 1 ENGINE 2000 GPM – COST ($925,000).**
At this time, with our existing equipment, it is difficult to reach 30 foot buildings or higher. Evacuation from such roofs of buildings may be necessary in the future and this equipment would facilitate such evacuations. An added benefit to this type of unit is a substantial decrease in insurance.

Progress Report: Study Complete. This project is to be funded through the General Fund, Grant Funds or potential Private Sources. FY 2018-2019

13. **SIDEWALK REHABILITATION PROJECT VARIOUS LOCATIONS – COST ($200,000).**
As infrastructure continues to age, there are areas of pedestrian sidewalk in which normal maintenance is no longer adequate. As such, several areas in the community will be identified where rehabilitation work will take place to properly address safety and access issues.

Progress Report: Identification of specified areas and related costs estimates are underway. This project to be funded through General Fund, RTC and possible CDBG Grant. FY 2018-2019

2019-2020

14. **CONSTRUCT NEW ANIMAL SHELTER – COST ($475,000).**
The current Dog Pound facility does not meet the long-term requirements for our growing community in relation to animal services including veterinarian, boarding, and other pet services. The project will include construction of a new facility on City property, which potentially could include additional public/private partnerships in relation to operation of the facility.

Progress Report: Study complete. Project funded through Ad Valorem Capital Projects Fund and General Fund and possible CDBG Grant in addition to Private Funding. FY 2019-2020

15. **PUBLIC PARK IMPROVEMENTS 3-ACRE TIBBETS BOULEVARD – COST ($500,000).**
The City has ownership of 3 acres of property on the west end of Tibbets Boulevard near several residential areas. The 4-acre parcel is intended for public park development. As of today the City has only one community park (Robert F. Scobie Park) which is located in the eastern portion of the community near U.S. Highway 93A along Wendover Boulevard. Scobie Park is located two miles from the densest area of residential development in the community and nearly three miles from the most western residential developments in the community that are located on the west end of Tibbets Boulevard. Thus the project improves park access.

Progress Report: The City has acquired the identified 3 acres for public park development as part of the City's planning efforts. This project to be funded through General Fund, possible CDBG Grant, participation by West Wendover Recreation District and Private Developers. FY 2019-2020

16. **WASTE WATER SOLAR ARRAY – COST ($400,000).**
The City's new Waste Water Facility was built and able to accommodate the introduction of supplemental electrical power provided via solar array. This would be a similar project to what has been accomplished at the West Wendover City Hall.

Progress Report: Waste Water Upgrade Phase 2 complete. Funding for the project through Department of Energy (DOE) Grant, Sewer Fund. FY 2019-2020

17. **SYCAMORE WATERLINE RELOCATION PROJECT – COST ($560,000).**
This project includes the relocation of approximately 3,100 lineal feet of 16" waterline and related appurtenances to be within the established Sycamore Way Right of Way connecting Pueblo Boulevard to Wendover Boulevard.

Progress Report: Estimates complete. This project is intended to be funded through the Water Enterprise Fund and NDEP. FY 2019-2020

18. **SYCAMORE WAY WATER CONNECTION PROJECT – COST ($45,000).**
This project includes the installation of 400 lineal feet of 8 inch main line to connect several land parcels through an access street to Sycamore.

Progress Report: Estimates complete. This project is intended to be funded through the Water Enterprise Fund and NDEP. FY 2019-2020

2020-2021

19. **WENDOVER REGIONAL MULTI MODAL ENHANCEMENT PROJECT PHASE 1 (N. GENE L. JONES WAY TO US93A) – COST ($4,800,000).**
As traffic frequency and load increase with the growth of the community, areas of Wendover Boulevard will require rehabilitation in order to be able to support vehicle traffic, incorporate safe streets programs and provide for multi-modal enhancements. Phase 1 includes street widening and center islands, bicycle lanes, increased pedestrian access, lighting, street signalization (N. Gene L. Jones Way and Exit 410)

Progress Report: Estimates complete, conceptual programming complete. This project is intended to be funded through General Fund and/or RTC Funds combined with, NDOT and USDOT Funding Programs in addition to Private Funding. FY 2020-2021

20. **WENDOVER REGIONAL MULTI MODAL ENHANCEMENT PROJECT PHASE 2 (AIRPORT TERMINAL IMPROVEMENTS) and REGIONAL AIR SERVICE DEVELOPMENT – COST ($2,250,000).**
With nearly 60,000 annual passenger enplanements, the current airport terminal is in need of intermodal improvements including vehicle parking, bus lanes, and main entrance improvements. Phase 2 will improve efficiency, increase access and provide intermodal capabilities.

Additionally this project contains associated funding with regard to efforts currently underway to establish regional air service (9 to 15 passengers) with a primary route being Wendover to Elko to Reno and return. Additional routes to Las Vegas area also being considered. The City is currently working with Elko Regional Airport, Reno/Tahoe International Airport as well as the Governor's Office on Economic Development (GOED) on assessing ways to institute and fund the air service component.

Progress Report: Estimates complete, conceptual programming complete, funding applications considered. This project is intended to be funded through Wendover Airport/Tooele County, Utah and USDOT Funding Programs in addition to State of Nevada GOED and Private Funding. FY 2020-2021

21. **WENDOVER REGIONAL MULTI MODAL ENHANCEMENT PROJECT PHASE 3 (NEVADA/UTAH STATE LINE) – COST ($1,125,000).**
Phase 3 improvements provide for pedestrian and multi modal enhancements to Wendover Boulevard at the historic boundary between Utah/Nevada located on Wendover Boulevard. Extensive pedestrian flow occurs in this area between to major commercial facilities. The improvements will increase safety by reducing pedestrian and vehicular conflicts in addition to providing multi modal transit options. The project includes street improvements, pedestrian safe-island and historical marker, bicycle lanes, lighting, and other multi-modal transit improvements.

Progress Report: Estimates complete, conceptual programming complete, funding applications in process. This project is intended to be funded through General Fund and/or RTC Funds, NDOT, USDOT, Wendover, Utah Funding Programs in addition to Private Funding. FY 2020-2021

22. **WENDOVER REGIONAL MULTI MODAL ENHANCEMENT PROJECT PHASE 4 (FIRST STREET, MORIAH AVENUE, SOUTH TO AIRPORT TERMINAL – WENDOVER, UTAH) – COST ($2,350,000).**
As traffic frequency and load increase with the growth of the community, streets which connect to Wendover Boulevard will require rehabilitation in order to be able to support vehicle traffic, incorporate safe streets programs and provide for multi-modal enhancements. Phase 4 includes street widening and center islands, bicycle lanes, increased pedestrian access, lighting, and other multi-modal transit improvements along First Street from Moriah Avenue south to the Wendover Airport Passenger Terminal in Wendover, Utah.

Progress Report: Estimates complete, conceptual programming complete, funding applications in process. This project is intended to be funded through USDOT, Wendover, Utah and Wendover Airport/Tooele County Funding Programs in addition to Private Funding. FY 2020-2021

23. **WENDOVER REGIONAL MULTI MODAL ENHANCEMENT PROJECT PHASE 5 (FIRST STREET, MORIAH AVENUE, NORTH TO WENDOVER BOUELVARD – WENDOVER, UTAH) – COST ($1,800,000).**
As traffic frequency and load increase with the growth of the community, streets which connect to Wendover Boulevard will require rehabilitation in order to be able to support vehicle traffic, incorporate safe streets programs and provide for multi-modal enhancements. Phase 5 includes street widening and center islands, bicycle lanes, increased pedestrian access, lighting, and other multi-modal transit improvements along First Street from Moriah Avenue north to Wendover Boulevard in Wendover, Utah.

Progress Report: Estimates complete, conceptual programming complete, funding applications in process. This project is intended to be funded through USDOT, Wendover, Utah and Wendover Airport/Tooele County Funding Programs in addition to Private Funding. FY 2020-2021

24. **WENDOVER REGIONAL MULTI MODAL ENHANCEMENT PROJ PHASE 6 (US93A EAST TO NEVADA/UTAH BORDER [Phase 3 project limits]) – COST ($4,200,000).**
As traffic frequency and load increase with the growth of the community, areas of Wendover Boulevard will require rehabilitation in order to be able to support vehicle traffic, incorporate safe streets programs and provide for multi-modal enhancements. Phase 6 includes street widening and center islands, bicycle lanes, increased pedestrian access, lighting, street intersection signalization (US93A/Wendover Blvd) and other multi-modal transit improvements connecting the Phase 1 and Phase 3 project limits.

Progress Report: Estimates complete, conceptual programming complete, funding applications in process. This project is intended to be funded through General Fund and/or RTC Funds, NDOT and USDOT Funding Programs in addition to Private Funding. FY 2020-2021

25. **ACQUISITION OF BLM LAND FOR CITY CENTER/DOWNTOWN DEVELOPMENT – COST ($3,000,000).**
The City's master plan calls for commercial uses to be introduced into the new City Center/Downtown Area for diversification of commercial/retail. This requires the City to purchase the City Center property currently held by a Recreation and Public Purposes Lease with the Bureau of Land Management (BLM). This acquisition would be based upon completion of appropriate BLM processes including fair market value purchase. With the land acquired, the City would be able to conduct long-term leases and/or property sales for commercial development of appropriate locations in the City Center area, thus continuing with the master plan for the area.

Progress Report: Planning Completed for Land Use. Coordination with BLM on project initiation underway. Funding by General Fund and/or Public –Private Partnerships. FY 2020-2021

26. **REHABILITATION OF WENDOVER BOULEVARD (PUEBLO BOULEVARD TO OLA GRADE INTERCHANGE PHASE 1) – COST ($700,000).**
As traffic frequency and load increase with the growth of the community, Wendover Boulevard will require rehabilitation in order to be able to support vehicle traffic without complete degradation of the street substructure. The project would consist of appropriate rehabilitation work including roto-milling, new pavement as well as appropriate striping along 3,600 lineal feet of Wendover Boulevard.

Progress Report: Preliminary estimation complete. This project to be funded through General Fund and RTC Funds. FY 2020-2021

27. **LEPPY HILLS TRAILS ADDITION (EXPANSION OF EXISTING TRAIL SYSTEM) – COST ($750,000).**
The City has completed the construction of the initial Leppy Hills Trail System containing three loops of hardpack trail for public non-motorized recreation use. These three loops contain approximately 8 miles of trail. Through the existing Recreation and Bicycle Plan expansion of the trail would be considered in the future. Current facility receives great use by the public lending to the potential of continuing with plan expansions including additional 5 mile of hardpack trail.

Progress Report: Initial Planning Complete, Grant Fund Submittal Pending. The project would be funded through the General Fund and a Grant from Nevada State Lands. FY 2020-2021

28. **CITY PUBLIC FACILITIES (MEDICAL, EDUCATIONAL, AMPHITHEATER, PARKS, ENTERTAINMENT, TOURISM AND COMMERCIAL RELATED (MULTI-PHASING) – TOTAL COST ($20,540,000).**
The City is proceeding with planned development initiatives, including infrastructure (collector, arterial streets and utility services) and facilities as part of the City's Downtown Plan, Tourism Development as well as Community Service Needs. This area would include additional public facilities and attractions meeting the needs of the growing community and business district. The property is part of the "City Center/Downtown Area" containing approximately 125 acres along Wendover Boulevard.

Progress Report: The City has completed studies for the provisions of future public infrastructure and facility projects that may be located in the City Center/Downtown Area. Construction of the new City Hall is complete along with the City Center Monument and the Victory Highway Historic Interpretive Walking Trail. A community needs survey and related planning and preliminary architectural work has been completed on a Community Center that would contain: Library, senior center, youth facilities and public meeting spaces. This work was funded through a private grant. Expansion of current medical facilities is being considered along with other public facilities, which may in part be funded through private sources in addition to several bonding sources and/or grant/loan funds such as USDA-RD. FY 2020-2021

29. **REHABILITATION OF WENDOVER BOULEVARD (PUEBLO BOULEVARD TO OLA GRADE INTERCHANGE PHASE 2) – COST ($850,000).**
As traffic frequency and load increase with the growth of the community, Wendover Boulevard will require rehabilitation in order to be able to support vehicle traffic without complete degradation of the street substructure. The project in Phase 2 would consist of appropriate rehabilitation work including roto-milling, new pavement as well as appropriate striping along 3,600 lineal feet of Wendover Boulevard.

Progress Report: Preliminary estimation complete. This project to be funded through General Fund and RTC Funds. FY 2020-2021

30. **REHABILITATION OF WENDOVER BOULEVARD (PUEBLO BOULEVARD TO OLA GRADE INTERCHANGE PHASE 3) – COST ($950,000).**
As traffic frequency and load increase with the growth of the community, Wendover Boulevard will require rehabilitation in order to be able to support vehicle traffic without complete degradation of the street substructure. The project, Phase 3, would consist of appropriate rehabilitation work including roto-milling, new pavement as well as appropriate striping along 3,600 lineal feet of Wendover Boulevard.

Progress Report: Preliminary estimation complete. This project to be funded through General Fund and RTC Funds. FY 2020-2021

31. **INFRASTRUCTURE NORTH INTERSTATE 80 EXIT #410, PHASE 3 – COST ($550,000).**
The City of West Wendover is proceeding with planned development initiatives, which include infrastructure (collector street and utility services) on the north side of Exit #410 of Interstate 80. This area includes retail development such as box retail stores, restaurants and gas service stations in addition to hotel/motel construction. The infrastructure would establish necessary public improvements for this area. In particular Phase 3 includes pedestrian enhancements for the Exit 410 area including to Wendover Boulevard.

Progress Report: Funding sources would include General Fund, City RTC Funds as well as NDOT Grant Funds and Private Resources. FY 2020-2021

32. **ACQUISITION OF AIR FORCE PROPERTY PHASE 1 (PORT OF WEST WENDOVER) INCLUDING ANNEXATION– COST ($6,100,000).**
The City of West Wendover has adopted the development plan for the first 3,000 of 15,000 acres of U.S.A.F. Property to be developed as the Port of West Wendover. This will be an economic diversification project for the City and will include: Manufacturing, aeronautical, warehousing, foreign trade zone, commercial and overlay zones. The City has adopted plans for the enlargement of its boundaries. The new boundaries will incorporate properties currently under acquisition as part of this project as well as other private property. The new City Limits would incorporate some 22,000 acres. This project also includes the necessary environmental work needed by the Air Force, for conveyance of the property.

Progress Report: U.S. Public Law 107-314 signed into law on December 2, 2002 authorizes the conveyance of approximately 15,000 acres of property to the City of West Wendover, Nevada and Tooele County, Utah. Phase 1 of the 15,000-acre conveyance is now nearing completion as the U.S. Air Force and has completed their clearances and has transferred the Phase 1 property to the Department of Interior (BLM) for conveyance to the City. BLM is in process of review for conveyance. Approximately 6,500 acres with be included in the Phase 1 conveyance. The remaining 8,500 acres will take an additional 8 to 10 years to complete with funding and use determinations by the Department of Defense. The City Council has adopted an annexation plan. Funding by the Federal Government and General Fund. FY 2020-2021

33. **INFRASTRUCTURE PUEBLO BOULEVARD/TIBBETS BOULEVARD EXTENSIONS – COST ($7,800,000).**
The City of West Wendover is proceeding with planned development initiatives, which include infrastructure (collector and arterial streets and utility services) for the extension of Tibbets Boulevard and Pueblo Boulevard. This area includes commercial development such as hotel/resorts, general retail and residential development in addition to ancillary commercial services. The infrastructure would establish necessary public improvements for this area including the linking of residential development in the southern portion of the city to those in the north.

Progress Report: The City has completed the studies necessary to identify the infrastructure required for future development in the western portions of the City Limits. Funding sources would include several bonding sources as well as private partnerships. FY 2020-2021

34. **PORT OF WEST WENDOVER, PHASE 1 INFRASTRUCTURE – COST ($14,000,000).**
The Port of West Wendover is currently being created through the acquisition of over 15,000 acres of property currently under control of the United States Air Force. Phase 1 of this conveyance is nearing completion. This project will include a first phase of infrastructure needed for development of the properties located within the port, which include: Commercial, Manufacturing, Foreign Trade Zone, Bonded Warehousing and others. The master plan for the port was completed in 2001.

Progress Report: Under Study for funding by City Bond, Developers, RTC, NDOT, FAA and others. FY 2020-2021

35. **FLORENCE WAY UPGRADE AND RELOCATION (SOUTH FLORENCE WAY) PHASE 4 (LAGUNA DRIVE WEST 3,000 FEET) – COST ($850,000).**
This project consists of constructing an additional segment to Florence Way Phase 3, paralleling the Union Pacific Railroad (UPRR). Completion would be four travel lanes, two bike lanes, appropriate curb, gutter and sidewalk and a protective fence along recreational properties; currently non-existent.

Progress Report: Under Study for City Bond, RTC Funding. FY 2020-2021

36. **ANNEXATION OF BLM PROPERTY – COST ($375,000)**
The City of West Wendover has adopted the plans for the enlargement of the City's boundaries. The new City boundaries will incorporate current federal lands into the City boundary. The new City Limits would incorporate some 96,000 acres of property.

Progress Report: City Council approved annexation plan 2000. Project funded through the General Fund. FY 2020-2021

ELKO DAILY FREE PRESS

3720 Idaho St. Elko, Nev. 89801 (775) 738-3118

Affidavit of Publication

I, Seana K. Chapman, Legal Clerk of the *Elko Daily Free Press*, published daily at Elko, Nevada, do solemnly swear that a copy of **NOTICE/STATE CDBG APPLICATION**, as per clipping attached, was published on **July 19, 2022,** in the regular and entire issue of the above said newspaper, with general circulation of Elko and Lander counties, and not in any supplement thereof, for **ONE (1)** week commencing with the issue dated **July 19, 2022**, and ending with the issue dated as **July 19, 2022,** with no subsequent publications being made.

NOTICE OF PUBLIC HEARING FOR DISCUSSION OF POSSIBLE STATE CDBG APPLICATION

NOTICE IS HEREBY GIVEN that the City of West Wendover will conduct a public hearing on **August 2, 2022 at 7:05 p.m. at the West Wendover City Hall, Council Chambers #137** in order to discuss possible applications for funding under the State Community Development Block Grant (CDBG) Program and to solicit citizen input on possible activities to be included in the application. All persons may attend and be heard. Prior to the hearing, written comments may be filed with the West Wendover City Clerk and will be considered at the meeting.

Eligible Priority Activities Under the Above Allocation Consist of: Public Facility and Public Improvements Projects, Planning Studies, Economic Development Business Assistance and Microenterprise Activities.

The Community Development Block Grant Program, (CDBG) is a Federally Funded Program that is administered by the State of Nevada. The national objectives of this program are:

1. To benefit the low and moderate-income persons.
2. To aid in the prevention of and elimination of slums or blight.
3. To meet the Community Developments needs of having a particular urgency when other sources of funding are not available.

In addition, it is the State's goal to give extra consideration to projects addressing documented public health or safety needs or needs identified through a Community Planning Process.

The purpose of this public hearing is to provide information about the CDBG program, past projects that have been funded in the City of West Wendover, how the application process, eligibility requirements, how and where funds can be used, and to give citizens an opportunity to make their comments known regarding what types of eligible activities the City of West Wendover should apply for under the State CDBG program. A second public hearing will be held to discuss proposed projects under consideration. A final hearing will be held to discuss, approve and rank applications prior to submittal to the State.

If you are unable to attend the public hearing, written comments may be directed to the City of West Wendover, P.O. Box 2825, West Wendover, Nevada 89883, or you may telephone Anna Bartlome at 775-664-3081. In addition, information is available for review at the City offices (1111 N. Gene L. Jones Way) and is available for public inspection during normal business hours, from August 2, 2022 to November 1, 2022.

The City of West Wendover promotes fair housing and makes all its programs available to low and moderate income families regardless of age, race, color, relation, sex, national origin, sexual preference, marital status or handicap. The City of West Wendover does not discriminate on the handicapped status in the admission of access to, treatment, employment or activities in it's federally assisted programs.

Persons with disabilities who require special accommodations or assistance at the meeting should notify the City Clerks Office at 775-664-3081 or at 1111 N. Gene L. Jones Way, West Wendover, Nevada, 89883.

None offered or received.

4. APPROVAL OF THE MINUTES (For Possible Action)

a. City Council - Regular Meeting - Jul 19, 2022 7:00 PM

Council Member Holm made a motion to approve the minutes of the regular meeting of July 19, 2022. The motion was seconded by Council Member Trujillo and passed unanimously.

Agenda taken out of order, New Business item a heard next, see below.

RESULT:	**ACCEPTED [UNANIMOUS]**
MOVER:	Jasie Holm, Councilwoman
SECONDER:	Robert Trujillo, Councilman
AYES:	Durham, Flores, Gutierrez, Holm, Trujillo

5. PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the City of West Wendover will conduct a public hearing on August 2, 2022 at 7:05 p.m. at the West Wendover City Hall, Council Chambers #137 in order to discuss possible applications for funding under the State Community Development Block Grant (CDBG) Program and to solicit citizen input on possible activities to be included in the application. All persons may attend and be heard. Prior to the hearing, written comments may be filed with the West Wendover City Clerk and will be considered at the meeting.

Eligible Priority Activities Under the Above Allocation Consist of: Public Facility and Public Improvements Projects, Planning Studies, Economic Development Business Assistance and Microenterprise Activities.

The Community Development Block Grant Program, (CDBG) is a Federally Funded Program that is administered by the State of Nevada. The national objectives of this program are:

1. To benefit the low and moderate-income persons.
2. To aid in the prevention of and elimination of slums or blight.
3. To meet the Community Developments needs of having a particular urgency when other sources of funding are not available.

In addition, it is the State's goal to give extra consideration to projects addressing documented public health or safety needs or needs identified through a Community Planning Process.

The purpose of this public hearing is to provide information about the CDBG program, past projects that have been funded in the City of West Wendover, how the application process, eligibility requirements, how and where funds can be used, and to give citizens an opportunity to make their comments known regarding what types of eligible activities the City of West Wendover should apply for under the State CDBG program. A second public hearing will be held to discuss proposed projects under consideration. A final hearing will be held to discuss, approve and rank applications prior to submittal to the State.

If you are unable to attend the public hearing, written comments may be directed to the City of West Wendover, P.O. Box 2825, West Wendover, Nevada 89883, or you may telephone Anna Bartlome at 775-664-3081. In addition, information is available for review at the City offices (1111 N. Gene L. Jones Way) and is available for public inspection during normal business hours, from August 2, 2022 to November 1, 2022.

The City of West Wendover promotes fair housing and makes all its programs available to low and moderate income families regardless of age, race, color, relation, sex, national origin, sexual preference, marital status or handicap. The City of West Wendover does not discriminate on the handicapped status in the admission of access to, treatment, employment or activities in it's federally assisted programs.

Persons with disabilities who require special accommodations or assistance at the meeting should notify the City Clerks Office at 775-664-3081 or at 1111 N. Gene L. Jones Way, West Wendover, Nevada, 89883.

Mayor Corona closed the regular portion of the meeting and opened the public hearing portion of the meeting.

Chris Melville went through his presentation regarding the CDBG Program, which is as follows:

- What is the CDBG Program?
    - The Community Development Block Grant (CDBG) program, administered by the Department of Housing & Urban Development (HUD), is a flexible program that provides communities with resources to address a wide range of unique community development needs. The program was initiated in 1982.
- How is the program funded?
    - HUD program funding is provided via the budgeting process of the federal government. The funds are provided to states to administer through their own developed program with HUD supervision or certain qualified cities directly (entitled communities) which report directly to HUD. In Nevada there are 6 entitlement communities. **The CDBG program has been eyed several times in recent federal budgets to be discontinued.*
- What is the amount of funds available to Nevada?
    - Under the Nevada state run program (also referred to as the rural program) generally in recent years, there has been approximately $3 to $3.5 million per year to fund projects and administer the program.
    - In the 2022 selection process there were 21 applications totaling nearly $5 million in requests. CDBG historically is able to fund only ½ of requests made.
- What activities are eligible for funding?
    - The program is meant to fund projects which benefit the low-moderate income persons (West Wendover has a 70% LMI). With 26 eligible entities in the state, we are 1 of 4 communities in the program which qualify "community-wide". Thus, we are not required to conduct income surveys for projects wot which we submit given the community-wide designation by HUD.
    - The program can aid in the prevention and elimination of slums or blight.
    - Fund projects which meet Community Development needs which have urgency with other sources not available. (i.e. a water storage tank failure as a result of a natural disaster, stopping potable water flow to a community).

- Finally GOED has provided extra consideration to projects which address public health/safety or have been identified through a community planning process. *why we do the planning work*

- Are any activities considered anti-displacement? 24 CFR 570.488
  - The answer is no. This concerns the responsibility as a recipient that we have taken reasonable steps with regard to any funded project to minimize the displacement of persons (families, individuals, businesses, nonprofit organizations, and farms).
- What is our history with the CDBG Program?
  - Summary of Past Performance - 1995 to Present
    - 23 project applications submitted, 16 projects funded (70%)
    - Total Investment in West Wendover: $13,199,837.00
    - Total Nevada CDBG Commitment: $2,330,000.00 (18%)
  - Project Types:
    - Infrastructure: Streets enhancements, safe routes to schools, pedestrian enhancements, lighting, beautification, medical building enhancements
    - Public Safety: Emergency well-field generators, police dispatch system, medical x-ray equipment
    - Planning: Community needs assessment, economic development strategy plan, water/sewer master plan
- Receiving input and ideas for eligible projects
  - Over the next month receive input:
    - Contact: Chris Melville, City Manager at 775-664-3081 or in person
  - **Some projects currently being reviewed*
- Schedule
  - September 6th City Council Meeting
    - Second public meeting, review project concepts, estimated costs, and beneficiaries
    - Any additional project ideas meeting eligibility
    - Submit eligibility projects to CDBG
  - November 1st City Council Meeting
    - Final public meeting, projects selection for application. Applications due February 17, 2023

Council Member Durham stated that the first time she attended the National League of Cities conference she was given the talking point of the importance of the CDBG program.

There being no public comment Mayor Corona closed the public hearing and opened the regular portion of the meeting.

Hearing to Receive Input with Regards to CDBG Program

6. NEW BUSINESS

a. Discussion and Decision to Approve the Conceptual/Preliminary Site Plan for Deep Roots Harvest, Inc. Facility Located at 1155 Industrial Way and Other Matters Appropriately Related Thereto (For Possible Action)

Report By City Manager

Review/Comment/Action: City Council

Chris Melville explained that this was the conceptual/preliminary site plan for the Deep Roots pilot project for the cultivation and production. Chris explained that included in the packet was his memo with the drawings which are well beyond a conceptual/preliminary approval point and closer to a final. Chris explained that at the next meeting there will be on the agenda a final site plan approval for the project. Chris stated that the project had been quite for a while but he believes it was because they were working on the modular part of the project. Chris stated that the plans have been submitted to WC3 for review.

Mayor Corona asked if there will still be enough time to get something started for their licensing deadline of February 2023. Chris stated he cannot say but he would think that they would have enough time to get something completed by that time.

Council Member Trujillo made a motion to approve the conceptual/preliminary site plan for Deep Roots Harvest, Inc., facility located at 1155 Industrial Way. The motion was seconded by Council Member Holm and passed unanimously.

Agenda taken back in order, Public Hearing heard next, see above.

RESULT:	**APPROVED [UNANIMOUS]**
MOVER:	Robert Trujillo, Councilman
SECONDER:	Jasie Holm, Councilwoman
AYES:	Durham, Flores, Gutierrez, Holm, Trujillo

b. Discussion and Decision for Approval or Denial of an Updated Liquor License for Lee's Discount Liquor / Nami Lee & Sun Lee and Other Matters Appropriately Related Thereto (For Possible Action)

Report By Police Chief

Review/Comment/Action: City Council

Cal Kunz explained that he is presenting the updated liquor license for Lee & Wendover dba Lee's Discount Liquor for Nami Lee and Sun Lee. Cal stated that there was nothing in the background that would exclude the applicants from consideration for a liquor license.

Council Member Gutierrez made a motion to approve the updated liquor license for Lee's Discount Liquor / Nami Lee and Sun Lee. The motion was seconded by Council Member Durham and passed unanimously.

RESULT:	**APPROVED [UNANIMOUS]**
MOVER:	Izzy Gutierrez, Councilman
SECONDER:	Kathy Durham, Councilwoman
AYES:	Durham, Flores, Gutierrez, Holm, Trujillo

7. DEPARTMENT REPORTS

1. Fire Chief

Jeff Knudtson had nothing to add to his memo.

2. Police Chief

Cal Kunz had nothing to add to his memo.

3. City Clerk/Records Officer

Anna Bartlome had nothing to add to her memo.

4. Chief Financial Officer

5. Public Works Director

Raul Naranjo had nothing to add to his memo.

6. City Manager

Chris Melville went through his memo which included an update on the Downtown Development Phase 1 Project. The contracts for the Downtown Development Project are currently in the hands of Great Basin Engineering and should have them back within the next week. Chris stated that there have been meetings with CORE/TSK regarding the Fire Station project and the team was provided a new outline based on costs that have been provided. The TA Travel Center should be on the next agenda for a final site plan approval and there were a few comments from NDOT that we are awaiting comments on. The items waiting for information from NDOT include the traffic study drainage report and the tie in of the existing frontage road. Chris explained that TA Travel Center is in talks with Wells Rural Electric about moving the powerline on the property. Chris explained that Vertical Horizon has hired a new management team and are working on completing the plans for their facilities. Chris stated that he has not heard anything from Wendovera since May. Chris stated that on the Congressional Direct Spending Grants it looks like the Public Safety Interoperability and Clinic Digital X-ray Upgrade look to be awarded sometime this month. Chris stated that the BLM EA on Phase 1 of the Air Force Property Conveyance will closed on August 14th and once BLM has comments they will proceed with a decision. Chris stated that the mineral reports on the Air Force Property are also being wrapped up. Chris stated that his memo included a brief on development long term and some of the issues the City has had to overcome to do things (water capacity, waste water capacity and land availability) and things that still need to be done (natural gas and power).

Chris Melville explained that there was a plaque for Mayor Corona on his years of service. The plaque reads as follows:

Presented to

Daniel J. Corona

Mayor

2016-2022

In Recognition of Your

Years of Dedicated Service

To the City of West Wendover

In Serving the Interests of the Public

&

In Exercising the Duties So Entrusted to You

Mayor Pro-tem Gutierrez and Council Members presented Mayor Corona with his plaque.

8. COMMUNICATIONS

Reports by Elected Officials

Council Member Holm thanked Chris Melville for all his presentation and all the work that goes into the projects as everything is constantly changing and evolving. Council Member Holm thanked the Department Heads for all they do. Council Member Holm stated that she thinks that Mayor Corona will do great in whatever you do.

Council Member Trujillo thanked the Department Heads for all they do and Chris Melville for his work on the presentation and keeping them up to date. Council Member Trujillo wished Mayor Corona good luck and stated that West Wendover has had some great Mayors and you are one of them.

Council Member Flores thanked the Department Heads for all their hard work. Council Member Flores stated that when Mayor Corona was elected in 2016 it was an uncertain thing for West Wendover and being on the Council at that time for two years he did not know what was going to happen. Council Member Flores stated that over the years there have been some disagreements but we are able to move forward and work great together. Council Member Flores stated that with your (Mayor Corona) tenacity and ambition cannot be overlooked as he and his family appreciates you. Council Member Flores thanked Mayor Corona from the bottom of his heart for being so dedicated to the city.

Council Member Gutierrez thanked the Department Heads and their staff for all they do. Council Member Gutierrez stated that Chris Melville's presentation shows how hard he works to keep the City going. Council Member Gutierrez stated that he is sorry to see the Mayor leave. Council Member Gutierrez stated that he has served a long time and since the Mayor has been elected it was kind of a relief as they are able to work together. Council Member Gutierrez stated that there have been a lot of great things done for the community. Council Member Gutierrez stated that when Mayor Corona goes for a State level position he would have his support. Council Member Gutierrez wished Mayor Corona the best of luck.

Council Member Durham thanked the Department Heads for all their work. Council Member Durham thanked Chris Melville for his presentation as she always learns something new from his memos or presentations. Council Member Durham stated that it is very hard for her to have the Mayor leave as he was her manager when he was in school as a student then he was her friend and mentor. Council Member Durham stated that Mayor Corona encouraged her to run for office. Council Member Durham stated that she did not know what kind of Mayor he would be and she is inspired and awed by his work ethic and how seriously he takes this job. Council Member Durham stated that one thing she learned when she became a City Council Member was you are as busy and work as hard as you want to. Council Member Durham stated that being Mayor does not pay a lot but Mayor Corona put in the hours. Council Member Durham stated that Mayor Corona put West Wendover on the map not only at a State level but at the national level. Council Member Durham stated that Mayor Corona did a lot for the community and he is a rising star. Council Member Durham stated that Mayor Corona is going back to the private sector but she knows that no matter what he does you will be a great success. Council Member Durham hopes that whoever is considering understands the shoes they have to fill and the shadow they will be walking in. Council Member Durham stated that Mayor Corona took us all along with him for where he wanted to take us. Council Member Durham stated that as a resident of the community she is thankful and wishes his the best. Council Member Durham stated that she will miss their time together and thank you for everything.

Mayor Corona read the following into the record:

"For the last several weeks I have struggled to put into words what I want to say as I leave office, this certainly wasn't the way I planned to leave office when I was elected and re-elected. But one of the many things that my time as mayor has taught me is that things don't always happen as we plan, instead major events often happen on their own timeline and we must be flexible to this. As I've been preparing to enter this new chapter, I have taken the time to reflect and I am leaving proud of the work that we have done which wasn't always easy.

During my time in office, a major focus of mine was ensuring that West Wendover always had a seat at tables of power. Often, this meant showing up with my own chair and forcing my way in. I am often reminded of the adage, "If you are not at the table, then you are likely on the menu", which fueled my persistence. When I ran for mayor one of the driving forces was that I was tired of our community being overlooked and forgotten and I didn't feel that those we elected, aside from a few exceptions, ever really tried to change it. It is my sincere hope that anyone who comes after me learns from my time in office and understands how critical it is to be as active a mayor as they can possibly be. If I wouldn't have showed up at those tables of power the relationships that the city has with Senator Cortez Masto, Senator Rosen, Congressman Amodei, Treasurer Conine, and their offices would not have been possible. It was these relationships that led to many of our greatest accomplishments. Senator Cortez Masto and Senator Rosen worked closely with Congressman Amodei to help us secure the downtown property. Congressman Amodei has been a tireless advocate for the federal government turning over the land that was promised

to us 25 years ago, land that is vital to West Wendover's economic future. Treasurer Conine and his team helped facilitate the initial meetings with the DMV that led to us securing the kiosk at city hall.

Another relationship that has been vital to our success is the relationship between the city and the Nevada League of Cities. As you all know I had the honor of serving as the League's Vice President and President during what was arguably the hardest two years of the League. It had become ineffective and increasingly difficult to show value to members, but myself and the executive board knew the extreme potential of the league and the importance of cities working together. At the beginning of my Presidency, we hired Wesley to lead the League and he has completely turned it around. Today the League is an organization that is respected and taken seriously by our state and federal elected officials, it is vital that the City of West Wendover stay involved in the league as there is extreme value and we need to ensure that get all we can out of our membership! It is the relationship with the League that led to securing changes in state statute that allowed us to make the decision on whether to allow a dispensary in our community, without needing permission from the county. It was my involvement in the Nevada League of Cities and National League of Cities that led to me representing West Wendover when I testified in front of Congress and visited the White House as invited guest of the President. It is the league that has convened a working group or representatives from the league, city, Governor's office of Economic Development, and Nevada Health Centers to renew conversations about improving healthcare services in the community. Council Members Holm and Flores are part of that group and I strongly encourage whoever the next mayor is to join it!

I was asked recently what my proudest accomplishment as mayor was and I said working with the council to ensure that 10% of all marijuana tax revenues was set aside for our schools and community programs. Many of the needs of West Wendover's schools have long been overlooked by Elko County School District and this program will help ensure some of those needs are met.

I am incredibly proud of my time in office, I am also incredibly grateful. Grateful to this incredible, resilient community for raising me. Grateful to those who put their faith in me and allowed me to serve, giving me experiences that I could've never even dreamed of. Grateful to those who served with me, for challenging me when we disagreed and for forcing me to consider multiple sides of complex issues. Grateful to folks like Reno Mayor Hillary Schieve, Clark County Commissioner Tick Segerbloom, Former Lieutenant Governor Kate Marshall, and former Carson City Mayor Bob Crowell, who all have been incredible friends and even better mentors. Grateful to city staff, particularly the department heads. Any city is only as strong as the staff that keeps it running and as I have said and will continue to say, West Wendover has some of the best department heads and employees of any city in the state.

I am especially grateful to Chris Melville who has been the best person I could've possibly hoped to have guide and mentor me through this journey. We are incredibly lucky to have Chris leading our city and I will forever be grateful for the time I have

gotten to work with and learn from him. He is a fountain of knowledge who is well respected throughout the State and when his day comes to retire, he is going to leave an incredibly large pair of shoes for his successor to fill. No person has had a more positive impact on our community than Chris.

I am grateful to my close friends and family who have been my rock throughout my time in office. No one can humble you like those you love and my loved ones have made sure that I never took myself too seriously. When a commenter on Facebook called me, "the Marijuana Mayor", it was my family that made sure I had a birthday cake with a pot leaf and "Happy Birthday Marijuana Mayor" at my next birthday. When a story about me testing positive for COVID featured a photo of me that looked like a mugshot it was my friends who cut it out and hung it up in their homes and jobs. And when a Facebook commenter called me a "Commie expletive" it was my niece Reagen, who decided that I would for now on be known as, "Uncle Commie". It was my friends and family that reminded me throughout this that I am still human and that those who would hurl insults or create asinine rumors often don't know me and that I should be proud of the work I was doing.

Lastly, I am grateful to my Grandpa Roland who passed away a little more than six months after I took office. It was him who told me to, "quit your bitching and do something about it" when I was expressing my frustrations about West Wendover being left behind. That same evening, he gave me the money for my filing fee; it was $50 in $1 bills that he had saved from his tips as a casino shuttle driver. Not only did my grandpa encourage me to run he was the one person who believed I could win, even when I didn't believe it myself. My grandpa taught me the value of hard work and that through hard work nothing is impossible. I hope that he would be proud of my time in office and that he knows that none of it would've happened without his encouragement.

Next council meeting you all will appoint my successor, and while I respect your role in this process, I want to leave you with one piece of advice. Do your due diligence in making this decision and ask yourself do you want to go back to the way things were or do you want to continue moving forward. If you want to continue moving forward, select the candidate who is committed to giving this job the time and attention it deserves. Whoever comes after me is going to have to work hard to build vital relationships, just as I had to and that is a full-time commitment especially with a legislative session just around the corner.

I leave office hopeful for the future of West Wendover and grateful for the role that I was able to play in shaping that future. Thank you."

9. APPROVAL OF THE CLAIMS

a. Claims for August 2, 2022 (For Possible Action)

Council Member Holm made a motion to approve the claims for August 2, 2022. The motion was seconded by Council Member Gutierrez and passed unanimously.

RESULT:	**APPROVED [UNANIMOUS]**
MOVER:	Jasie Holm, Councilwoman
SECONDER:	Izzy Gutierrez, Councilman
AYES:	Durham, Flores, Gutierrez, Holm, Trujillo

10. COMMENTS FROM THE GENERAL PUBLIC

Mike Katsonis thanked Mayor Corona for all he has done for the City. Mike stated that there were no hard feelings for how much Mayor Corona had beaten him in the election. Mike thanked the Council for approving the liquor license for Lee's Liquor as he always gets asked about the liquor store when he attends parades in other areas. Mike stated that he hopes there is something that can be done in Pacifica Wendover Mobile Home Park (formerly Clearview) as it is a very struggling area. Mike stated that he is looking at being the replacement Mayor and hopes to have the Councils support unless they already have someone picked out which he suspects that you do have.

11. NEXT MEETING DATE AND ADJOURNMENT

a. Motion to: **Adjournment (For Possible Action)**

The next meeting date is a regular meeting on August 16, 2022 at 7:00 p.m. in the West Wendover City Hall, Council Chambers #137. Council Member Gutierrez made a motion to adjourn at 7:59 p.m. The motion was seconded by Council Member Durham and passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Izzy Gutierrez, Councilman
SECONDER:	Kathy Durham, Councilwoman
AYES:	Durham, Flores, Gutierrez, Holm, Trujillo

   Requires a sign in sheet and request of the Council to speak, limitation of three minutes.

4. **APPOINTMENT TO FILL THE VACANCY OF CITY COUNCIL MEMBER**

   a. **Discussion and Decision Concerning the Filling of a Vacancy on the City Council per NRS 266.225, by Selection of a Person with the Requisite Qualifications by a Majority Vote of the City Council and Mayor, Who has the Same Voting Power Thereon as a Council Member. The Person so Selected Shall Hold the Office Until the Election and Qualification of His or Her Successor at the Next General City Election November 2022 (For Possible Action)**

5. **APPROVAL OF THE MINUTES (For Possible Action)**

a. **City Council - Regular Meeting - Aug 16, 2022 7:00 PM**

6. PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the City of West Wendover will conduct a public hearing on September 6, 2022 at 7:05 p.m. at the West Wendover City Hall, Council Chambers #137 in order to discuss possible applications for funding under the State Community Development Block Grant (CDBG) Program and to solicit citizen input on possible activities to be included in the application. All persons may attend and be heard. Prior to the hearing, written comments may be filed with the West Wendover City Clerk and will be considered at the meeting.

Eligible Priority Activities Under the Above Allocation Consist of: Public Facility and Public Improvements Projects, Planning Studies, Economic Development Business Assistance and Microenterprise Activities.

The Community Development Block Grant Program, (CDBG) is a Federally Funded Program that is administered by the State of Nevada. The national objectives of this program are:

1. To benefit the low and moderate-income persons.
2. To aid in the prevention of and elimination of slums or blight.
3. To meet the Community Developments needs of having a particular urgency when other sources of funding are not available.

In addition, it is the State's goal to give extra consideration to projects addressing documented public health or safety needs or needs identified through a Community Planning Process.

The purpose of this public hearing is to give citizens an opportunity to discuss proposed projects submitted to date and to suggest further ideas. Proposed projects are listed below. Only projects listed here and proposed at the meeting will be forwarded to the City Council for possible selection and approval for application.

Fire Station & EOC Facility

To construct and equip a new fire station facility.

A final hearing will be held to discuss, approve and rank applications prior to submittal to the State.

If you are unable to attend the public hearing, written comments may be directed to the City of West Wendover, P.O. Box 2825, West Wendover, Nevada 89883, or you may telephone Anna Bartlome at 775-664-3081. In addition, information is available for review at the City offices (1111 N. Gene L. Jones Way) and is available for public inspection during normal business hours, from August 2, 2022 to November 1, 2022.

The City of West Wendover promotes fair housing and makes all its programs available to low and moderate income families regardless of age, race, color, relation, sex, national origin, sexual preference, marital status or handicap. The City of West Wendover does not discriminate on the handicapped status in the admission of access to, treatment, employment or activities in it's federally assisted programs.

Persons with disabilities who require special accommodations or assistance at the meeting should notify the City Clerks Office at 775-664-3081 or at 1111 N. Gene L. Jones Way, West Wendover, Nevada, 89883.

Hearing to Receive Input with Regards to CDBG Program

WEST WENDOVER CITY COUNCIL, MINUTES OF THE REGULAR MEETING OF SEPTEMBER 06, 2022

1. CALL TO ORDER AND ROLL CALL

Attendee Name	Title	Status	Arrived
Kathy Durham	Councilwoman	Present	
Nick Flores	Councilman	Present	
Izzy Gutierrez	Councilman	Present	
John B. Hanson	Councilman	Present	
Robert Trujillo	Councilman	Present	
Jasie Holm	Mayor	Present	
Chris Melville	City Manager	Present	
Jeff Knudtson	Fire Chief	Present	
Debbie Sanchez	Chief Financial Officer	Present	
Cal Kunz	Chief of Police	Present	
Raul Naranjo	Public Works Director	Present	
Anna Bartlome	City Clerk/Records Officer	Absent	
Maria Hernandez	Accounting Technician	Present	

Others Present: Erica Gallegos and Dennis Braves

Mayor Holm called the meeting to order at 7:00 p.m. in the West Wendover City Hall, Council Chambers #137. All those present and excused are noted above.

2. PLEDGE OF ALLEGIANCE

Mayor Holm led those present in the Pledge of Allegiance.

3. COMMENTS FROM THE GENERAL PUBLIC

Jeff Durham, representative for District 6 of the Elko County School District, to remind everyone of the Community Input Master Facility Planning meeting on September 19, 2022 at 5:30 p.m. at the West Wendover Elementary School. The meeting is to receive input on the future of the schools and facilities in the district. Jeff stated personally he wanted to put in a good word for Carolyn Santillanez on the potential appointment of the vacant City Council seat.

4. APPOINTMENT TO FILL THE VACANCY OF CITY COUNCIL MEMBER

a. Discussion and Decision Concerning the Filling of a Vacancy on the City Council per NRS 266.225, by Selection of a Person with the Requisite Qualifications by a Majority Vote of the City Council and Mayor, Who has the Same Voting Power Thereon as a Council Member. The Person so Selected Shall Hold the Office Until the Election and Qualification of His or Her Successor at the Next General City Election November 2022 (For Possible Action)

Mayor Holm explained that three people have submitted their names for the vacant Council Member seat (John Hanson, Carolyn Santillanez and Gabriela Soriano). Mayor Holm stated that we will pull their names randomly and each can come up and speak as to why they should be selected.

Council Member Durham asked if they were just giving statements or can questions be asked. Chris Melville stated that each person will give their statements first and if the Mayor and Council Members have questions then they can ask them.

Council Member Gutierrez disclosed that he works with Gabriela Soriano at Nevada Health Centers and neither holds a management position over the other. Council Member Trujillo disclosed that he works with John Hanson at Peppermill Properties but this decision will not financially benefit him. Council Member Flores disclosed that he works with John Hanson at Peppermill Properties but neither holds a supervisory position over the other. Mayor Holm disclosed that she works with Carolyn Santillanez at the JAS Foundation/Senior Center and is currently the acting President of the JAS Foundation and will recuse herself from voting if Carolyn Santillanez is selected as the Council Member.

The first name selected was John Hanson.

John Hanson stated that he is a long term resident and has served on the Council previously. John stated that when he previously served he never missed a regularly scheduled meeting. John stated that he felt it was an honor to serve before and still feels that way.

Council Member Durham stated that she is so uncomfortable with the process of selecting a person to fill the vacancy of a Council Member. Council Member Durham stated that when voting at an election your vote is private but when selecting to fill a vacancy it is done in public. Council Member Durham stated that she likes everyone and does not want this vote to be taken personally. Council Member Durham asked what John's vision of the community is, where he stands with the Nevada League of Cities and what involvement he would be interested in committing to.

John stated that he has been a resident of the community before the City was incorporated and has been involved in many committees. John was one of the first residents to build a home in West Wendover and has invested in a small business. John stated that he has attended some of the Nevada League of Cities meetings. John stated that he does not know if we need to attend all of the league meetings but should attend the ones that will help benefit our community. John stated that now that we have land and room to grow he would welcome other businesses in the community.

Council Member Flores stated that all three of the people that put their name in to be

considered for this position shows that they are invested in the community and that you want to be a part of the change. Council Member Flores stated that it is very difficult to come up and speak but he really applauds all of them for doing this. Council Member Flores stated that it is uncomfortable and he wishes we could just pick names out of a hat. Council Member Flores stated that this decision is not personal but a decision has to be made.

John stated that when the Council votes to consider that he is active and solid in the community. John stated that he hopes you look at his qualifications and not where he works.

The second name selected was Gabriela "Gabi" Soriano.

Gabi Soriano stated that she works with Council Member Gutierrez and Council Member Durham had been her teacher. Gabi stated that she is running in the November election. Gabi stated that she had a small business in the community but recently had to close it down due to a change in the laws and regulations. Gabi stated that if she is elected she is looking forward to working with the Council to bring more family growth to the community as she would like to see more things for the kids to do. Gabi stated that she thinks that she gets along with pretty much everyone.

Council Member Durham had the same questions as before in what is Gabi's vision of the community and how committed is she to the Nevada League of Cities.

Gabi stated that she is not opposed to any businesses coming to the community as it would be a good opportunity. Gabi stated that she does not know anything about the Nevada League of Cities but is willing to work with them to bring growth to the community.

Mayor Holm asked what Gabi's business was. Gabi stated that her business was a body contouring business which recently became regulated under medical.

Council Member Trujillo thanked her again for putting her name in. Council Member Trujillo stated that after the election it would be an honor to work with any of the candidates. Mayor Holm stated that the election is in November and the current board is pretty easy to work with and she thinks whoever wins the election it will still be able to do great things. Council Member Gutierrez stated that whoever is selected tonight will only work with him a short time.

The third name selected was Carolyn Santillanez.

Carolyn Santillanez stated that she grew up in the community and moved away when she had gotten married but has been back in the community about fifteen years. Carolyn stated that all of her grandkids go to school here. Carolyn stated that she works at the JAS Foundation and has just recently taken over the Salvation Army. Carolyn stated that she and Mayor Holm are working on getting more entities for the seniors. Carolyn stated that she really wants to see the City grow and she is not opposed to any businesses coming in. Carolyn as the more businesses that come in it will help all the small businesses. Carolyn stated that she does know a little about the Nevada League of Cities from former Mayor Corona and she would be willing to do whatever is needed.

Council Member Durham thanked everyone who came tonight and the fact that you put your name in is greatly appreciated. Council Member Durham stated that serving on City Council has been the most humbling and honoring experiences. Council Member Durham stated that she thinks everyone should run and serve office at least once. Council Member Durham stated that whoever is selected tonight may not be who is elected in November. Council Member Durham stated that this is a hard decision as she knows each one of them.

Council Member Gutierrez made a motion to concerning the filling of the vacancy of the City Council Member per NRS 266.225, by selection of Gabriela Soriano, a person with the requisite qualifications to hold office until the election and qualification of her successor at the next general city election in November 2022. The motion was seconded by Mayor Holm; Council Members Durham, Flores and Trujillo voted nay. A roll call vote was done on this item.

Council Member Trujillo made a motion to concerning the filling of the vacancy of the City Council Member per NRS 266.225, by selection of John Hanson, a person with the requisite qualifications to hold office until the election and qualification of his successor at the next general city election in November 2022. The motion was seconded by Council Member Flores and passed; Council Member Gutierrez and Mayor Holm voted nay. A roll call vote was done on this item.

After the vote John Hanson was sworn in by Judge Leamon as City Council Member.

5. APPROVAL OF THE MINUTES (For Possible Action)

a. City Council - Regular Meeting - Aug 16, 2022 7:00 PM

Council Member Flores made a motion to approve the minutes of the regular meeting of August 16, 2022. The motion was seconded by Council Member Trujillo and passed unanimously.

RESULT:	**ACCEPTED [UNANIMOUS]**
MOVER:	Nick Flores, Councilman
SECONDER:	Robert Trujillo, Councilman
AYES:	Durham, Flores, Gutierrez, Hanson, Trujillo

6. PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the City of West Wendover will conduct a public hearing on September 6, 2022 at 7:05 p.m. at the West Wendover City Hall, Council Chambers #137 in order to discuss possible applications for funding under the State Community Development Block Grant (CDBG) Program and to solicit citizen input on possible activities to be included in the application. All persons may attend and be heard. Prior to the hearing, written comments may be filed with the West Wendover City Clerk and will be considered at the meeting.

Eligible Priority Activities Under the Above Allocation Consist of: Public Facility and Public Improvements Projects, Planning Studies, Economic Development Business Assistance and Microenterprise Activities.

The Community Development Block Grant Program, (CDBG) is a Federally Funded Program that is administered by the State of Nevada. The national objectives of this program are:

1. To benefit the low and moderate-income persons.
2. To aid in the prevention of and elimination of slums or blight.
3. To meet the Community Developments needs of having a particular urgency when other sources of funding are not available.

In addition, it is the State's goal to give extra consideration to projects addressing documented public health or safety needs or needs identified through a Community Planning Process.

The purpose of this public hearing is to give citizens an opportunity to discuss proposed projects submitted to date and to suggest further ideas. Proposed projects are listed below. Only projects listed here and proposed at the meeting will be forwarded to the City Council for possible selection and approval for application.

Fire Station & EOC Facility

To construct and equip a new fire station facility.

A final hearing will be held to discuss, approve and rank applications prior to submittal to the State.

If you are unable to attend the public hearing, written comments may be directed to the City of West Wendover, P.O. Box 2825, West Wendover, Nevada 89883, or you may telephone Anna Bartlome at 775-664-3081. In addition, information is available for review at the City offices (1111 N. Gene L. Jones Way) and is available for public inspection during normal business hours, from August 2, 2022 to November 1, 2022.

The City of West Wendover promotes fair housing and makes all its programs available to low and moderate income families regardless of age, race, color, relation, sex, national origin, sexual preference, marital status or handicap. The City of West Wendover does not discriminate on the handicapped status in the admission of access to, treatment, employment or activities in it's federally assisted programs.

Persons with disabilities who require special accommodations or assistance at the meeting should notify the City Clerks Office at 775-664-3081 or at 1111 N. Gene L. Jones Way, West Wendover, Nevada, 89883.

Mayor Holm closed the regular portion of the meeting and opened the public hearing portion

of the meeting.

Chris Melville explained that he has provided the current project through the planning process based on the first public hearing and this being the second public hearing. The current project is the Fire Station/EOC Project. This is the only project that has been brought forward in the process. Below is the review of the Project Layout, Project Cost and Funding Analysis.

Project Layout

The layout is not the fire station that had been planned for in 2018 but will still give the Fire Department a better facility with more capability. There will be the ability to have 5 full size bays that will meet one of the main objectives of the Department in providing space for existing and future equipment needs.

Here are the basics of the design:

- Equipment Bay (4). 85 square feet in length, 18 feet wide with 14 foot door openings. The bays have a 6 foot access lane which runs through the center of the building. Between bay 1 and 2 are (32) turn out racks for fire fighter turnouts and gear; split decontamination rooms (west side) which provide for initial wash-down of firefighter turnouts; and hand equipment before being brought into the station and finally an open storage area (east side).
- Storage Bay (1). 85 square feet in length. This storage bay will allow indoor storage and easy access of materials and stored equipment and supplies. In the future as needed an additional storage building could be constructed on site which would then allow this bay to be converted to a fully operational equipment bay.
- Office Area. Approximately 2,100 square feet. Within the office area you would find the following starting at the main public entrance on the east side and moving west:
    - Reception area. This reception area also doubles as a workspace for up to two firefighters
    - Public restrooms
    - (2) Captain's offices
    - IT and Comms room
    - Chief's office
    - Access vestibule to equipment bays
    - Storage room
    - Dayroom/training room
    - Kitchen and dining area

- Crew restroom and shower (access via bay side)
- Laundry and cleaning room (access via bay side)

As mentioned, the office area portion of the building would be designed wherein when able the City could expand on the north side by adding sleeping quarters, additional restrooms/showers, training rooms, offices and storage rooms.

Project Cost and Funding Analysis

The project cost and funding analysis for the current layout and design/build estimate is as follows:

Project Cost

Item	**Amount**	**Status**
Land Purchase	$840,000.00	Complete
Pre-Development Costs	$35,000.00	Complete
Architectural Fees (Phase 1A)	$292,500.00	In process
Bond Counsel and Fees	$75,000.00	In process
Interim Interest	$100,000.00	In process
Architectural & Construction	$9,206,283.00	TBD
Construction Management & General Conditions	$1,642,465.00	TBD
	$12,191,248.00	**Total**

Project Funding

Item	**Amount**	**Status**
USDA-RD Loan	$8,906,800.00	Complete
CDBG 2023 Grant	$950,000.00	TBD

USDA RD Grant $500,000.00	In Process
City Contribution (cash) $2,041,399.00*	TBD
$12,398,199.00	**Total**

*City's second tranche of ARP (SLFRF) Funding is $2,870,346.00. Of that amount the Council has currently committed $828,947.00 towards the Downtown Project. That leaves a balance of $2,041,399.00 as shown for this project. If both the CDBG grant and the USDA grant were both awarded and, in the amounts as shown, we would have the costs covered with just over $200,000.00 in buffer. However, that buffer will likely be reduced given some final tweaks that are being done to the design which have been provided to the Mayor and Council. Those tweaks will be complete in a few weeks and when the project is presented in November for approval the numbers will be more accurate.

Also, depending on the completed Downtown Project the amount which Council committed to the project may come in less thus providing a few hundred thousand which could be used towards the Fire Station project. We will not know what the final to the Downtown Project is until spring of 2023.

Chris stated that as a final note he has two other funding possibilities which could assist in covering costs of the current design or possibly allow the City to expand the current design if funding comes through. They are as follows:

- Application filed for FY23 Congressional Direct Funding Grant, Congressman Amodei - $2,672,040.00
- Application for Gap Financing/Other - Nevada Infrastructure Bank, Treasurer Conine - $TBD

There being no public comment Mayor Holm closed the public hearing and opened the regular portion of the meeting.

Hearing to Receive Input with Regards to CDBG Program

7. NEW BUSINESS

a. Discussion and Decision to Approve and Authorize the Mayor to Execute the Statement of Concern Letter to the State Engineer, Nevada Division of Water Resources Regarding Water Rights Applications 86278 through 86281, 90803 and 91551 (For Possible Action)

Report By City Manager

Review/Comment/Action: City Council

Chris Melville explained that the first letter goes back to Council action in April when previously approved and was then provided to the State Engineer. Chris stated that the

State Engineer had some caveats that they wanted covered which would make them comfortable in making a decision. Chris stated that the new letter has been drafted and reviewed by Nevada Gold Mines, City Engineers, Wendover Utah, himself and legal counsel. If the letter is approved it will be taken to Wendover Utah for their approval and signature.

Council Member Durham asked if the protest or concern by US Fish & Wildlife was due to their belief that the mining and how the water is used was a threat to the particular fish species. Chris stated that is correct that US Fish & Wildlife have never agreed with all the hydrology studies that have been done over the past ten years. General discussion was had regarding the water right application process, protest process and use of the water rights.

Council Member Trujillo made a motion to approve and authorize the Mayor to execute the Statement of Concern Letter to the State Engineer, Nevada Division of Water Resources regarding Water Rights Applications 86278 through 86281, 90803 and 91551. The motion was seconded by Council Member Gutierrez and passed unanimously.

RESULT:	**APPROVED [UNANIMOUS]**
MOVER:	Robert Trujillo, Councilman
SECONDER:	Izzy Gutierrez, Councilman
AYES:	Durham, Flores, Gutierrez, Hanson, Trujillo

8. DEPARTMENT REPORTS

1. Fire Chief

Jeff Knudtson had nothing to add to his report.

2. Police Chief

Cal Kunz had nothing to add to his report.

3. City Clerk/Records Officer

Maria Hernandez had nothing to add to the report.

4. Chief Financial Officer

Debbie Sanchez had nothing to add to her report.

5. Public Works Director

Raul Narnjo had nothing to add to his report.

6. City Manager

Chris Melville had nothing to add to his report.

9. COMMUNICATIONS

Reports by Elected Officials

Council Member Durham thanked everyone who came to the meeting tonight and submitted their names for the vacant Council seat. Council Member Durham stated that she was not comfortable with how the process is to appoint vacant Council Members and it is temporary

as there is an election coming up. Council Member Durham stated that people need to show up and vote on who they would like to be on the Council.

Council Member Gutierrez congratulated John Hanson on his selection to the Council as he has served with him before and feels they can continue to work together. Council Member Gutierrez thanked everyone who submitted their name to fill the vacant Council seat. Council Member Gutierrez thanked the Department Heads and their staff for all their work.

Council Member Flores thanked the Department Heads for all they do. Council Member Flores congratulated John Hanson for his selection to the Council. Council Member Flores thanked Carolyn Santillanez and Gabriela Soriano for submitting their names for the vacant Council seat. Council Member Flores stated that he does not like the process for how a vacant Council seat is filled but it is how the process works.

Council Member Trujillo thanked the Department Heads for all they do. Council Member Trujillo congratulated John Hanson for his selection to the Council. Council Member Trujillo stated that after the election whoever gets selected it will be an honor to work with them. Council Member Trujillo thanked all those who showed interest in the vacant Council seat.

Council Member Hanson stated that it is quite an honor to be selected to fill the vacant Council seat.

Mayor Holm stated that she respects the Councils vote and the community's vote. Mayor Holm stated that she is ready to continue moving forward and working together as a team. Mayor Holm thanked those who submitted their names for the vacant Council seat. Mayor Holm stated that she had been in a meeting earlier that discussed senior services which included free law services for seniors.

10. APPROVAL OF THE CLAIMS

a. Claims for September 6, 2022 (For Possible Action)

Council Member Flores made a motion to approve the claims for September 6, 2022. The motion was seconded by Council Member Gutierrez and passed unanimously.

RESULT:	**APPROVED [UNANIMOUS]**
MOVER:	Nick Flores, Councilman
SECONDER:	Izzy Gutierrez, Councilman
AYES:	Durham, Flores, Gutierrez, Hanson, Trujillo

11. COMMENTS FROM THE GENERAL PUBLIC

None offered or received.

12. NEXT MEETING DATE AND ADJOURNMENT

a. Motion to: **Adjournment (For Possible Action)**

The next meeting date is a regular meeting on September 20, 2022 at 7:00 p.m. in the West Wendover City Hall, Council Chambers #137. Council Member Gutierrez made a motion to adjourn at 7:54 p.m. The motion was seconded by Council Member Trujillo and passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Izzy Gutierrez, Councilman
SECONDER:	Robert Trujillo, Councilman
AYES:	Durham, Flores, Gutierrez, Hanson, Trujillo

NOTICE OF PUBLIC HEARING FOR DISCUSSION OF POSSIBLE STATE CDBG APPLICATION

NOTICE IS HEREBY GIVEN that the City of West Wendover will conduct a public hearing on **November 1, 2022 at 7:05 p.m. at the West Wendover City Hall, Council Chambers #137**. In order to discuss possible applications for funding under the next fiscal year's State Community Development Block Grant (CDBG) Program and to solicit citizen input on possible activities to be included in the application. All persons may attend and be heard. Prior to the hearing, written comments may be filed with the West Wendover City Clerk and will be considered at the meeting.

The purpose of this public hearing is to discuss comments received on potential applications, and approve and rank applications prior to submittal to the State.

If you are unable to attend the public hearing, written comments may be directed to the City of West Wendover, P.O. Box 2825, West Wendover, Nevada 89883, or you may telephone Anna Bartlome at 775-664-3081. In addition, information is available for review at the City offices (1111 N. Gene L. Jones Way) and is available for public inspection during normal business hours, from August 2, 2022 to November 1, 2022.

The City of West Wendover promotes fair housing and makes all its programs available to low and moderate income families regardless of age, race, color, relation, sex, national origin, sexual preference, marital status or handicap. The City of West Wendover does not discriminate on the handicapped status in the admission of access to, treatment, employment or activities in it's federally assisted programs.

Persons with disabilities who require special accommodations or assistance at the meeting should notify the City Clerks Office at 775-664-3081 or at 1111 N. Gene L. Jones Way, West Wendover, Nevada, 89883.

This notice is posted at the following locations:

NOTICE OF PUBLIC HEARING FOR DISCUSSION OF POSSIBLE STATE CDBG APPLICATION

NOTICE IS HEREBY GIVEN that the City of West Wendover will conduct a public hearing on **September 6, 2022 at 7:05 p.m. at the West Wendover City Hall, Council Chambers #137** in order to discuss possible applications for funding under the State Community Development Block Grant (CDBG) Program and to solicit citizen input on possible activities to be included in the application. All persons may attend and be heard. Prior to the hearing, written comments may be filed with the West Wendover City Clerk and will be considered at the meeting.

Eligible Priority Activities Under the Above Allocation Consist of: Public Facility and Public Improvements Projects, Planning Studies, Economic Development Business Assistance and Microenterprise Activities.

The Community Development Block Grant Program, (CDBG) is a Federally Funded Program that is administered by the State of Nevada. The national objectives of this program are:

1. To benefit the low and moderate-income persons.
2. To aid in the prevention of and elimination of slums or blight.
3. To meet the Community Developments needs of having a particular urgency when other sources of funding are not available.

In addition, it is the State's goal to give extra consideration to projects addressing documented public health or safety needs or needs identified through a Community Planning Process.

The purpose of this public hearing is to give citizens an opportunity to discuss proposed projects submitted to date and to suggest further ideas. Proposed projects are listed below. Only projects listed here and proposed at the meeting will be forwarded to the City Council for possible selection and approval for application.

Fire Station Facility

To construct and equip a new fire station facility.

A final hearing will be held to discuss, approve and rank applications prior to submittal to the State.

If you are unable to attend the public hearing, written comments may be directed to the City of West Wendover, P.O. Box 2825, West Wendover, Nevada 89883, or you may telephone Anna Bartlome at 775-664-3081. In addition, information is available for review at the City offices (1111 N. Gene L. Jones Way) and is available for public inspection during normal business hours, from August 2, 2022 to November 1, 2022.

The City of West Wendover promotes fair housing and makes all its programs available to low and moderate income families regardless of age, race, color, relation, sex, national origin, sexual preference, marital status or handicap. The City of West Wendover does not discriminate on the handicapped status in the admission of access to, treatment, employment or activities in it's federally assisted programs.

Persons with disabilities who require special accommodations or assistance at the meeting should notify the City Clerks Office at 775-664-3081 or at 1111 N. Gene L. Jones Way, West Wendover, Nevada, 89883.

This notice is posted at the following locations:

RESULT:	**ACCEPTED [UNANIMOUS]**
MOVER:	Izzy Gutierrez, Councilman
SECONDER:	Kathy Durham, Councilwoman
AYES:	Durham, Flores, Gutierrez, Hanson, Trujillo

5. PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the City of West Wendover will conduct a public hearing on November 1, 2022 at 7:05 p.m. at the West Wendover City Hall, Council Chambers #137 in order to discuss possible applications for funding under the next fiscal year's State Community Development Block Grant (CDBG) Program and to solicit citizen input on possible activities to be included in the application. All persons may attend and be heard. Prior to the hearing, written comments may be filed with the West Wendover City Clerk and will be considered at the meeting.

The purpose of this public hearing is to discuss comments received on potential applications, and approve and rank applications prior to submittal to the State.

If you are unable to attend the public hearing, written comments may be directed to the City of West Wendover, P.O. Box 2825, West Wendover, Nevada 89883, or you may telephone Anna Bartlome at 775-664-3081. In addition, information is available for review at the City offices (1111 N. Gene L. Jones Way) and is available for public inspection during normal business hours, from August 2, 2022 to November 1, 2022.

The City of West Wendover promotes fair housing and makes all its programs available to low and moderate income families regardless of age, race, color, relation, sex, national origin, sexual preference, marital status or handicap. The City of West Wendover does not discriminate on the handicapped status in the admission of access to, treatment, employment or activities in it's federally assisted programs.

Persons with disabilities who require special accommodations or assistance at the meeting should notify the City Clerks Office at 775-664-3081 or at 1111 N. Gene L. Jones Way, West Wendover, Nevada, 89883.

Mayor Holm closed the regular portion of the meeting and opened the public hearing portion of the meeting.

Chris Melville explained that this is the last public hearing for the CDBG process. The first public hearing reviews the CDBG program, the second hearing indicates potential projects that are being considered and to receive input on any additional projects, and the final hearing is to put forth any project(s) with a decision by Council on filing an application. Chris explained that during this process the City has had one project which is the Fire Station/EOC

Project. Chris explained that the Fire Station/EOC Project had been proposed to CDBG to see if it meet the initial eligibility and he was notified on October 31, 2022 that it had been approved for eligibility. Chris explained that the formal application is due to CDBG by February 17, 2023. Chris explained the project which included the location of the facility, size of facility, cost of project and funding sources.

Mayor Holm asked who is on the City's team not including the design/build team. Chris explained that the team included himself, Fire Chief Knudtson, Public Works Director Naranjo and our City Engineers. The design/build team includes an additional twelve to fourteen people.

Council Member Durham stated that she cannot believe how long the process is to build a facility. Chris stated that he had a question as to why the City had not built the Fire Station yet and he had explained that it is mainly funding but COVID and supply chain issues did not help the process.

There being no public comment Mayor Holm closed the public hearing and opened the regular portion of the meeting.

1. **Discussion and Decision for Selection and Approval of a Project for the Community Development Block Grant Program 2023, and Authorization for Staff to Prepare and Mayor to Execute Any Such Applications, Documents or Agreements as Necessary for the Selected Project and Other Matters Appropriately Related Thereto (For Possible Action)**

Council Member Durham made a motion to select and approve the Fire Station/EOC project for the Community Development Block Grant Program 2023, and authorize for staff to prepare and Mayor to execute any such applications, documents or agreements as necessary for the selected project. The motion was seconded by Council Member Hanson and passed unanimously.

RESULT:	**APPROVED [UNANIMOUS]**
MOVER:	Kathy Durham, Councilwoman
SECONDER:	John B. Hanson, Councilman
AYES:	Durham, Flores, Gutierrez, Hanson, Trujillo

6. PRESENTATION

a. **Presentation by Wendover Prevention Group/PACE Coalation Regarding a Proposal on the Use of the City's Annual Opioid Settlement Funds**

Chris Melville explained that Peter Clegg and Laura Osland would be giving a brief presentation on how the Wendover Prevention Group and the PACE Coalition will be using the settlement funds from the opioid lawsuit. Chris stated that with the funds from the opioid settlement except for the first year are around $4,000.00 per year. Chris stated that the Wendover Prevention Group and PACE Coalition was seen as one of the best ways that the City could commit the funds, meet the obligation of the settlement and use the funds to educate and assist the public with the opioid crisis.

Peter Clegg and Laura Osland explained that the proposal includes activities such as West Wendover Opioid Summit and Naloxone Training, implementing Botvin LifeSkills training,

training for coalition members to attend Community Anti-Drug Coalitions of America and community events. The PACE Coalition would be the fiscally responsible entity with the funding going through their agency. Peter stated that they could do oral or written reports to show how the funding is being used throughout the year.

Mayor Holm stated that she thinks the collaboration between the Wendover Prevention Group and the PACE Coalition is great and she could not think of a better place for the opioid settlement funding to go. Council Member Durham stated that when the meetings happened to discuss the lawsuit it seemed like there would be all this money that you could potentially get. Council Member Durham stated that after the settlement there was some money that had to be spent a specific way and having a group that can steward the money into programs that will help both communities is great.

Chris explained that the funding agreement and proposal would need to be brought back to a future agenda for adoption.

7. NEW BUSINESS

a. Discussion and Decision to Approve a Funding Agreement with the PACE Coalition Related to the City's Annual Opioid Settlement Funds for Use by the PACE Coalition in Cooperation with the Wendover Prevention Group/Tooele County Health Department in Meeting the Necessary Goals for the Opioid Settlement Funds and those of the Wendover Prevention Group and Other Matters Appropriately Related Thereto (For Possible Action)

Report By City Manager

Review/Comment/Action: City Council

Chris Melville explained

b. Presentation, Discussion and Decision Regarding the Community Support and Local School Grant Application for the West Wendover High School Football Team Equipment Project and Other Matters Appropriately Related Thereto (For Possible Action)

Report By Gregory Smith or WWMS Representative and City Clerk

Review/Comment/Action: City Council

Gregory Smith explained that the application would be for cameras and equipment for the West Wendover Middle School. The idea is to help keep an eye on the students as a preventative measure and to help keep everyone safe. Craig Kyllonen withdrew the Community Support and Local School Grant Application for consideration at this time.

General discussion was had regarding the application submitted by West Wendover Middle School for camera equipment, cost of project, if the project can move forward with partial funding, and if there is the potential of additional funding from other agencies.

Council Member Durham made a motion to contribute $20,000.00 regarding the Community Support and Local School Grant Application for the West Wendover Middle School Camera Equipment Project. The motion was seconded by Council Member Trujillo and passed. Council Member Gutierrez voted nay.

RESULT:	**APPROVED [4 TO 1]**
MOVER:	Nick Flores, Councilman
SECONDER:	Robert Trujillo, Councilman
AYES:	Kathy Durham, Nick Flores, John B. Hanson, Robert Trujillo
NAYS:	Izzy Gutierrez

c. **Presentation, Discussion and Decision Regarding the Community Support and Local School Grant Application for the West Wendover High School Football Team Equipment Project and Other Matters Appropriately Related Thereto (For Possible Action)**

Report By Craig Kyllonen or WWHS Representative and City Clerk

Review/Comment/Action: City Council

Craig Kyllonen withdrew the Community Support and Local School Grant Application for consideration.

d. **Discussion and Decision to Provide Conceptual Site Plan Approval for the LV Petroleum Black Bear Diner Project, Parcel APN # 101-740-111 and Generally Located at 1144 N. Florence Way and Other Matters Appropriately Related Thereto (For Possible Action)**

Report By City Manager

Review/Comment/Action: City Council

Chris Melville explained that he has provided the conceptual site plan for the LV Petroleum Black Bear Diner Project and the preliminary site plan will be on the November 15th agenda.

Council Member Durham made a motion to provide conceptual site plan approval for the LV Petroleum Black Bear Diner Project, Parcel APN #101-740-111 and generally located at 1144 N. Florence Way. The motion was seconded by Council Member Flores and passed unanimously.

RESULT:	**APPROVED [UNANIMOUS]**
MOVER:	Kathy Durham, Councilwoman
SECONDER:	Nick Flores, Councilman
AYES:	Durham, Flores, Gutierrez, Hanson, Trujillo

e. **Discussion and Decision to Provide Approval for the Proposed Parcel Map for Wendover Christian Fellowship APN #010-740-0BD, Located in Section 18, Township 33 N., Range 70 E., M.D.B.&M. and Generally Located at 2877 Tibbets Boulevard, West Wendover, Nevada 89883 (For Possible Action)**

Report By City Manager

Review/Comment/Action: City Council

Chris Melville explained that he has provided the final draft parcel map that would split the parcel into two pieces. Chris stated that Wendover Christian Fellowship Church had mentioned splitting the parcel years ago but are just now getting to that point. Chris asked that any motion be conditional upon the City Manager and City Engineer.

Chris Lund stated that by splitting the parcel the Wendover Christian Fellowship Church would be able to sell the one parcel for someone to build apartments on. Chris Lund stated that he hopes the church project will be complete soon and looking good.

Council Member Trujillo made a motion to approve the parcel map for Wendover Christian Fellowship APN #010-740-0BD, located in Section 18, Township 33 N., Range 70 E., M.D.B.&M. and generally located at 2877 Tibbets Boulevard, West Wendover, Nevada 89883 with final approval by the City Manager and City Engineer. The motion was seconded by Council Member Hanson and passed unanimously.

RESULT:	**APPROVED [UNANIMOUS]**
MOVER:	Robert Trujillo, Councilman
SECONDER:	John B. Hanson, Councilman
AYES:	Durham, Flores, Gutierrez, Hanson, Trujillo

f. Discussion and Decision to Approve the Nonexclusive Telecommunications Franchise Agreement Between Uprise LLC a Nevada Limited Liability Company / dba Uprise Fiber and the City of West Wendover Related to Services to be Provided in the City of West Wendover and Authorize the Execution of Such Agreement and/or Other Documents Related Thereto and Other Matters Appropriately Related Thereto (For Possible Action)

Report By City Manager

Review/Comment/Action: City Council

Chris Melville explained that Uprise Fiber is providing fiber service to the school facilities and would need to have a franchise agreement with the City. Chris stated that Uprise Fiber has executed the nonexclusive telecommunications franchise agreement and if approved will need to be signed by the Mayor. Chris stated that they would like to be underway before winter.

Council Member Durham disclosed that she works for Elko County School District but will not benefit by this item.

Council Member Durham made a motion to approve the Nonexclusive Telecommunications Franchise Agreement between Uprise LLC a Nevada Limited Liability Company / dba Uprise Fiber and the City of West Wendover related to services to be provided in the City of West Wendover and authorize the execution of such agreement and/or other documents related thereto. The motion was seconded by Council Member Flores and passed unanimously.

RESULT:	**APPROVED [UNANIMOUS]**
MOVER:	Kathy Durham, Councilwoman
SECONDER:	Nick Flores, Councilman
AYES:	Durham, Flores, Gutierrez, Hanson, Trujillo

8. CONSENT CALENDAR

a. Discussion and Decision to Adopt Resolution #2022-13; A Resolution Establishing a 'Sweep' Account for the West Wendover General Account Pursuant to N.R.S. 354.609 (For Possible Action)

Report By Chief Financial Officer

Review/Comment/Action: City Council

Debbie Sanchez explained that Nevada State Bank had contacted the City about opening a Sweep Account. The account would be attached to the City's direct deposit account and would operate in the background. The sweep account would take all the funds and earn interest 24/7. Debbie stated that at the time she wrote the memo interest was 2.99% but has now gone up. Debbie stated that the City has the potential to earn up to $30,000.00 a month in interest by opening the sweep account. Debbie explained that Nevada State Bank would charge a fee of $150.00 per month and earn .15 dividend. Debbie explained that the City can close the sweep account at any time.

Council Member Durham made a motion to adopt Resolution #2022-13; a resolution establishing a 'Sweep' Account for the West Wendover General Account pursuant to N.R.S. 354.609. The motion was seconded by Council Member Gutierrez and passed unanimously.

Agenda taken back in order, Public Hearing heard next, see above.

RESULT:	**ADOPTED [UNANIMOUS]**
MOVER:	Kathy Durham, Councilwoman
SECONDER:	Izzy Gutierrez, Councilman
AYES:	Durham, Flores, Gutierrez, Hanson, Trujillo

9. DEPARTMENT REPORTS

1. Fire Chief

Jeff Knudtson had nothing to add to his report.

2. Police Chief

Cal Kunz had nothing to add to his report.

Mayor Holm wished Cal a Happy Birthday.

3. City Clerk/Records Officer

Anna Bartlome had nothing to add to her memo.

4. Chief Financial Officer

Debbie Sanchez had nothing to add to her memo.

5. Public Works Director

Raul Naranjo had nothing to add to his memo.

6. City Manager

Chris Melville explained that the TA Truck Stop is still in process as they are currently working with NDOT for approval of the drainage study, traffic study and the tie-in of the old Frontage Road. The Vertical Horizon Project has completed their approval of the Conex facility and the green house plans are being submitted. Chris stated that Deep Roots has put their project on hold at this time. Chris stated that a pre-construction meeting for the Downtown Infrastructure Project has been held and a notice to proceed should be issued in

December.

10. COMMUNICATIONS

a. Reports by Elected Officials

Council Member Durham stated that the Elko County School Board meeting had been held in West Wendover on October 25, 2022. Council Member Durham stated that one of the academy classes met with the superintendent and had a very open dialog about how we feel in West Wendover so far removed from the district. Council Member Durham reminded everyone of the election on November 8th and hoped everyone would vote. Council Member Durham wished all the candidates well and hope they fulfill their obligations well. Council Member Durham stated that the poker tournament for Shop with Cop is Thursday (November 3rd).

Council Member Gutierrez thanked all the Department Heads and their staff for all they do. Council Member Gutierrez apologized to Mr. Smith as it was not his intention to make any one uncomfortable. Council Member Gutierrez stated that with the Community Support and Local School Grant process we may need to regroup and come up with a solution. Council Member Gutierrez wished the candidates good luck in the upcoming election.

Council Member Flores thanked all the Department Heads for all they do. Council Member Flores apologized to Mr. Smith for what he went through as it is not something he should have gone through. Council Member Flores thanked the PACE Coalition and the Wendover Prevention Group for their presentation.

Council Member Trujillo thanked the Department Heads for all they do. Council Member Trujillo apologized to Mr. Smith. Council Member Trujillo wished everyone running for election good luck.

Council Member Hanson thanked the Department Heads for all they do. Council Member Hanson apologized to Mr. Smith. Council Member Hanson stated that it is very uncomfortable on the Council when you have to turn down something that you know is needed. Council Member Hanson hoped everyone had a good evening and thanked the audience for being present.

Mayor Holm stated that she will be meeting with the Department of Health and Welfare Division on Friday (November 4th) to discuss them coming twice a month in which they would be able to approve food stamps or the snap card that same day. Mayor Holm thanked the Wendover Prevention Group and the PACE Coalition for their presentation as she is really happy that all the work that has happened up to this point will be of some benefit. Mayor Holm stated that they did not want to make anyone uncomfortable they are just trying to figure out how to move forward. Mayor Holm thanked the Department Heads for all they do.

11. APPROVAL OF THE CLAIMS

a. Claims for November 1, 2022 (For Possible Action)

Council Member Flores made a motion to approve the claims for November 1, 2022. The motion was seconded by Council Member Gutierrez and passed unanimously.

RESULT:	**APPROVED [UNANIMOUS]**
MOVER:	Nick Flores, Councilman
SECONDER:	Izzy Gutierrez, Councilman
AYES:	Durham, Flores, Gutierrez, Hanson, Trujillo

12. COMMENTS FROM THE GENERAL PUBLIC

None offered or received.

13. NEXT MEETING DATE AND ADJOURNMENT

a. Motion to: **Adjournment (For Possible Action)**

The next meeting date is a regular meeting on November 15, 2022 at 7:00 p.m. in the West Wendover City Hall, Council Chambers #137. Council Member Gutierrez made a motion to adjourn at 8:40 p.m. The motion was seconded by Council Member and passed unanimously.

RESULT:	**ADOPTED [UNANIMOUS]**

RE: Application for USDA Rural Development Funding – Fire Station Project

Dear Mr. Melville,

Enclosed for your records is a copy of the approved RD Form 1940-1 Request for Obligation of Funds for the loan amount of $8,906,800. As of October 1, 2018, funds have been obligated and are available for the project.

If you have any questions, please contact Cheryl Couch at 775-887-1222, ext. 4760 or by email at Cheryl.couch@usda.gov.

Sincerely,

Sharon Goodwin
Community Programs Technician

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0570-0062. The time required to complete this information collection is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

CERTIFICATION APPROVAL

For All Farmers Programs

EM, OL, FO, and SW Loans

This loan is approved subject to the availability of funds. If this loan does not close for any reason within 90 days from the date of approval on this document, the approval official will request updated eligibility information. The undersigned loan applicant agrees that the approval official will have 14 working days to review any updated information prior to submitting this document for obligation of funds. If there have been significant changes that may affect eligibility, a decision as to eligibility and feasibility will be made within 30 days from the time the applicant provides the necessary information.

If this is a loan approval for which a lien and/or title search is necessary, the undersigned applicant agrees that the 15-working-day loan closing requirement may be exceeded for the purposes of the applicant's legal representative completing title work and completing loan closing.

35. COMMENTS AND REQUIREMENTS OF CERTIFYING OFFICIAL

Subject to meeting the conditions of the letter of conditions dated 09/24/2018.

36. I HEREBY CERTIFY that I am unable to obtain sufficient credit elsewhere to finance my actual needs at reasonable rates and terms, taking into consideration prevailing private and cooperative rates and terms in or near my community for loans for similar purposes and periods of time. I agree to use the sum specified herein, subject to and in accordance with regulations applicable to the type of assistance indicated above, and request payment of such sum. I agree to report to USDA any material adverse changes, financial or otherwise, that occur prior to loan closing. I certify that no part of the sum specified herein has been received. I have reviewed the loan approval requirements and comments associated with this loan request and agree to comply with these provisions.

(For FP loans at eligible terms only) If this loan is approved, I elect the interest rate to be charged on my loan to be the lower of the interest rate in effect at the time of loan approval or loan closing. If I check "NO", the interest rate charged on my loan will be the rate specified in Item 28 of this form. X YES _____ NO

WARNING: **Whoever, in any matter within the jurisdiction of any department or agency of the United States knowingly and willfully falsifies, conceals or covers up by any trick, scheme, or device a material fact, or makes any false, fictitious or fraudulent statements or representations, or makes or uses any false writing or document knowing the same to contain any false, fictitious or fraudulent statement or entry, shall be fined under this title or imprisoned not more than five years, or both."**

Re: Amendment #1 to Letter of Conditions for a Community Facilities Program Loan/Grant to West Wendover Fire Station dated September 24, 2018

CFDA Number – 10.766 Community Facilities Loans and Grants
Loan : $8,906,800
Grant: $ 200,000

This is an Amendment #1 to the Letter of Conditions issued 09-24-2018. This amendment is to update the funding sources, project budget and additional conditions related directly to the grant. All text in italics indicates a change to the original Letter of Conditions.

This letter, with attachments, establishes conditions that must be understood and agreed to by the applicant before further consideration may be given to the application for Federal Assistance. The State and Area Office staff of USDA Rural Development (RD) will administer the loan and/or grant funds for this project on behalf of the Rural Housing Service. All parties may access information and regulations referenced in this letter at our website located at: https://www.rd.usda.gov/programs-services/community-facilities. Any changes in project cost, source of funds, scope of services, or any other significant change (this includes significant changes in the Borrower's financial condition, operation, organizational structure or executive leadership) in the project or applicant must be reported to and approved by USDA Rural Development by written amendment to this letter. **Any changes not approved by USDA Rural Development will be cause for discontinuing processing of the application**. If you do not meet the conditions of this letter, the Agency reserves the right to withdraw Agency funding.

This letter is not to be considered as grant approval or as representation to the availability of the additional funds. The application can be processed on the basis of a USDA Rural Development grant not to exceed $200,000. Funds for this project are provided by the Rural Housing Service (RHS).

The grant will be considered approved on the date Form RD 1940-1, "Request for Obligation of Funds," is returned by USDA Rural Development.

USDA is an equal opportunity provider, employer and lender.

Project Budget—*Based on Standard Form 424, "Application for Federal Assistance," the project cost and funding will be as follows:*

a.	Project Cost	Total	USDA Loan	USDA Grant	Other
	Land/Right-of-Ways	*$ 840,000*	*$ 840,000*		
	Preliminary Design	*$ 75,000*	*$ 75,000*		
	Design Architectural Fees	*$ 786,679*	*$ 786,679*		
	Construction	*$12,525,459*	*$6,952,854*	*$200,000*	*$5,372,605*
	Cost for Interim Loan	*$ 77,267*	*$ 77,267*		
	Bond Counsel	*$ 75,000*	*$ 75,000*		
	Interest	*$ 100,000*	*$ 100,000*		
	Contingencies	*$ 294,417*			*$ 294,417*
	TOTAL:	*$14,773,822*	*$ 8,906,800*	*$200,000*	*$5,667,022*

b.	Source of Funds	
	USDA Loan	*$ 8,906,800*
	USDA Grant	*$ 200,000*
	Applicant Contribution	*$ 2,325,268*
	NV State Infrastructure Bank Or CDBG	*$ 3,341,754*
	TOTAL:	*$ 14,773,822*

Any changes in funding sources following obligation of Agency funds must be reported to the processing official. Project feasibility and funding will be reassessed if there is a significant change in project costs after bids are received. If actual project costs exceed the project cost estimates, an additional contribution by the borrower may be necessary.

In addition to the conditions in the Letter of Conditions dated September 24, 2018, the applicant must fully comply with all requirements on Form RD 3570-3, Community Facilities Grant Agreement and the attached conditions. The Agency reserves the right to cancel funds if the applicant does not fully comply with all requirements as presented or subsequently modified, as needed. In the event the project has not advanced to the point of construction within one (1) year, USDA Rural Development reserves the right to discontinue the processing of the application.

If you have any questions, feel free to contact this office.

Sincerely,

GUSTIN WEGREN

ATTACHMENT TO LETTER OF CONDITIONS

SECTION I. CONDITIONS TO BE SATISFIED PRIOR TO LOAN/GRANT CLOSING OR BEFORE CONSTRUCTION BEGINS, WHICHEVER OCCURS FIRST

1. ***Suspension and Debarment Screening*** *– You will be asked to provide information on the principals of your organization. Agency staff must conduct screening for suspension and debarment of the entity, as well as its principals through the Do Not Pay Portal.*

    a. *Principal –*
        i. *An officer, director, owner, partner, principal investigator, or other person within a participant with management or supervisory responsibilities related to a covered transaction; or*
        ii. *A consultant or other person, whether or not employed by the participant or paid with federal funds, who –*
            1. *Is in a position to handle federal funds;*
            2. *Is in a position to influence or control the use of those funds; or,*
            3. *Occupies a technical or professional position capable of substantially influencing the development or outcome of an activity required to perform the covered transaction. (2 CFR §180.995)*

2. ***Disbursement of Funds***

    a. *The applicant will provide evidence that funds from other sources will be made available for the project cost in the amount of $3,341,754. This evidence should include a copy of the loan/grant award that addresses how funds will be disbursed.*

    b. *The applicant's contribution will be reassessed when guaranteed maximum price is established.*

    c. *Agency funds will not be used to pre-finance funds committed to the project from other sources.*

3. ***Security Requirements***

    a. *At loan closing the applicant will execute the attached Form RD 1942-47, "Loan Resolution (Public Bodies)". Please note the refinancing provision in paragraph 2. Also, on page 3 there is a certification to be executed at loan closing.*

    b. *The applicant will be required to execute and complete Form RD 3570-03, "Agreement for Administrative Requirements for Community Facilities Grants" and "Notice of Federal Interest" at the time of grant closing*

    Prior to any disbursement of funds, a Notice of Federal Interest must be recorded in the official real property records for the jurisdiction where the facility is or will be

located. The applicant must provide evidence of the recording. Federal interest cannot be defeated by a grantee's failure to file a Notice of Federal Interest.

c. *The Notice of Federal Interest will remain recorded on the secured property after the loan is paid in full.*

d. *The grantee understands that any property acquired or improved with Federal grant funds may have use and disposition conditions which apply to the property as provided by 2 CFR part 200 in effect at this time and as may be subsequently modified.*

e. *The grantee understands that any sale or transfer of property is subject to the interest of the United States Government in the market value in proportion to its participation in the project as provided by 2 CFR part 200 in effect at this time and as may be subsequently modified.*

f. *In accordance with 2 CFR 200.330, the grantee understands that it must submit regular reports on the status of real property in which the Federal Government retains an interest. Reports shall be submitted annually for the first three years of the award and every five years thereafter on SF-429 Real Property Status Report, or similar format.*

c. *At loan closing, the applicant will execute the attached Form RD 1942-9 "Loan Resolution (Security Agreement)". Please review the refinancing provision on page 4, section 7. Also note the certification on the bottom of page 4, which is to be executed at the time of loan closing.*

SECTION II. [LOAN/GRANT] CONDITIONS TO BE SATISFIED DURING CONSTRUCTION

1. ***Disbursement of Grant Funds****—USDA Rural Development funds will be advanced as they are needed in the amount(s) necessary to cover the Rural Development proportionate share of obligation due and payable to the Grantee. Interest earned on grant funds in excess of $250 for Nonprofits and $100 for Public Bodies per year will be submitted to Rural Development at least quarterly, as required in 2 CFR part 200 as applicable.*

USDA is an equal opportunity provider, employer and lender.

Office of the Governor

4/17/2023

The Honorable Jasie Holm
Mayor of the City of West Wendover
P.O. Box 2825
West Wendover, NV 89883

Dear Mayor Holm:

I am pleased to award $500,000 from the Nevada Community Development Block Grant (CDBG) Program to the City of West Wendover. Recently, rural communities submitted 13 eligible applications requesting $5,970,710.00 in funding from the CDBG program. The 2023 HUD allocation was $2,895,399.00. Therefore, not all projects were fully funded.

The funds awarded to the City of West Wendover are for the West Wendover Fire Station/EOC project $500,000.

Since 1982, CDBG funds have proven beneficial to communities throughout the state. Nevada's rural counties and small cities have been able to improve their quality of life by upgrading infrastructure, constructing facilities, and promoting economic development. Your project continues the worthwhile utilization of CDBG funds.

I wish you success with this project, which I know will benefit the residents of the City of West Wendover.

Sincere Regards,

JOE LOMBARDO
Governor

Nevada Governor's Office of
ECONOMIC DEVELOPMENT

April 20, 2023

The Honorable Jasie Holm
Mayor of the City of West Wendover
P.O. Box 2825
West Wendover, NV 89883

Re: Community Development Block Grant Award

Dear Mayor Holm:

We are pleased to award a $500,000 grant from the Nevada Community Development Block Grant (CDBG) Program to City of West Wendover to assist with the following project:

- Fire Station/EOC Project: $500,000; 23/PF/04

Enclosed please find: (1) the Grant Award agreement and (2) a sample Certification Letter. Please sign the original Grant Award agreement and a Certification Letter. The letter must be printed on City of West Wendover's stationery. Submit the originals to CDBG office and retain copies for your grant file.

Please ensure that your grant administrator is familiar with the contents of the grant agreement. This document provides important, but frequently overlooked, requirements of the grant.

The environmental review (ER) requirements need to be met for this 2023 project. All prescribed ER documentation is due September 30, 2023 and must be approved by CDBG staff prior to issuance of the Notice to Proceed and implementation of the project.

Further, please note the following grant conditions:

1) Grant funds cannot be spent or otherwise obligated by the grantee until the CDBG Program Administrator issues a Notice to Proceed.

2) Any expenses incurred prior to the issuance of the Notice to Proceed may be ineligible for payment from grant funds, unless approved in advance by the CDBG Program Administrator.

3) The first draw down of funds must be made within nine months from the date of the grant award (March 31st). Spending grant monies expeditiously is important to CDBG and HUD. Early start-up and timely completion of the project are important and relevant to future grant allocations. As a general rule, the funds are only available within the specified grant period unless an extension is requested and received. Approval of an extension depends on the nature of the project delays.

4) Please ensure the requirements for Non-Discrimination/Equal Opportunity are met.

5) The Minority Business Enterprise Report, the Grantee's Notification of Contracts and Subcontracts Awarded, the Project Benefits Report, Final Financial documents, and Job Creation information are critical components of HUD's reporting requirements and necessary for grant closure. Please ensure that these forms are completed, where appropriate, and submitted to CDBG within 30 days of the completion of the project.

We look forward to working closely with you towards the successful and timely completion of your project. The Rural Community & Economic Development staff members are available for assistance should any problems arise and may be contacted at (775) 687-9900.

Sincerely,

Shari Davis

Execution Date: 7/1/2023

ATTACHMENT A - GENERAL PROVISIONS

1. **AUTHORITY**: Provisions of this Agreement are pursuant to the authority set forth in the Nevada Revised Statutes chapters 231 and 332, and related statutes which permit the STATE to contract with service providers for certain specified services.

2. **CONTRACT JURISDICTION, CHOICE OF LAW AND VENUE**: The provisions of this agreement shall be governed by the laws of the State of Nevada. The parties shall submit to the jurisdiction of the courts of the State of Nevada for any dispute arising out of this Agreement or the breach thereof. Venue shall be in Carson City, in the First Judicial District Court.

3. **LAWS AND REGULATIONS**: The GRANTEE and any and all supplies, services, equipment, and construction proposed and furnished under this Agreement will comply fully with all applicable Federal and State laws and regulations.

4. **PROJECT DESIGN AND COMPLETION**: The GRANTEE will use the grant under this Agreement for the project as detailed in the Grant Application, including any written modifications resulting from the review of the Application by the STATE. The GRANTEE shall complete the project described in Attachment D - Scope of Work within the contract period shown on page 1 of this Agreement.

5. **RECORDS ADMINISTRATION**: The GRANTEE shall maintain, or supervise the maintenance of, all records necessary to properly account for the payments made to the GRANTEE pursuant to this Agreement. These records shall be retained by the GRANTEE for five years after the project has been monitored and closed. The GRANTEE agrees to allow State and Federal auditors, and State Agency Staff, access to all the records related to this Agreement, for audit and inspection, and monitoring of services. Such access will be during normal business hours, or by appointment.

6. **CONFLICT OF INTEREST**: GRANTEE represents that none of its officers or employees are officers or employees of the State of Nevada, unless disclosure has been made and approval received, in writing, from the STATE.

   GRANTEE confirms that no officer, employee or agent of the GRANTEE will participate in the selection or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when the officer, employee or agent, any member of his or her immediate family, his or her partner, or an organization that employs or is about to employ any of the above, has a financial or other interest in the firm selected to award. GRANTEE'S officers, employees or agents will neither solicit nor accept gratuities, favor or anything of monetary value from contractors, potential contractors, or parties to sub agreements during office tenure or for one year after the close out of the grant. This stipulation must be included in all other contracts and subcontracts to the grant.

   No portion of the grant funds under this Agreement will be used for any partisan political activity, to further the election or defeat of any candidate for public office, or influence the approval or defeat of any ballot issue.

7. **INDEPENDENT CONTRACTOR**: The GRANTEE shall be an independent contractor, and as such, shall have no authorization, express or implied, to bind the STATE to any agreements, settlements, liability, or understanding whatsoever, and agrees not to perform any acts as agent for the STATE, except as herein expressly set forth. Compensation stated herein shall be the total amount payable to the GRANTEE by the STATE. The GRANTEE shall be responsible for the payment of all taxes and social security amounts due as a result of payments received from the STATE for services under this Agreement. Persons employed by the STATE and acting under the direction of the STATE shall not be deemed to be employees or agents of the GRANTEE.

8. **INDEMNITY CLAUSE**: The GRANTEE agrees to indemnify, save harmless, and release the STATE of Nevada, and all its officers, agents, volunteers, and employees from and against any and all loss, damages, injury, liability, suits, and proceedings arising out of the performance of this Agreement which are caused in whole or in part by the negligence of the GRANTEE'S officers, agents, volunteers, or employees, but not for claims arising from the STATE's sole negligence.

9. **EQUAL OPPORTUNITY CLAUSE**: The GRANTEE agrees to abide by the provisions of Title VI and VII of the Civil Rights Act of 1984 (42USC 2000e) which prohibits discrimination against any employee or applicant for employment or any applicant or recipient of services, on the basis of race, religion, color, or national origin; and further agrees to abide by Executive Order No. 11246, as amended, which prohibits discrimination on the basis of sex; 45 CFR 90 which prohibits discrimination on the basis of age; and Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act of 1990 which prohibits discrimination on the basis of disabilities, or the Nevada Revised Statute (NRS) 613.330 Equal Employment Opportunity.

10. **SEVERABILITY CLAUSE**: A declaration by any court, or any other binding legal source, that any provision of this Agreement is illegal and void shall not affect the legality and enforceability of any other provision of this Agreement, unless the provisions are mutually dependent.

11. **DEBARMENT**: The GRANTEE certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (Agreement), by any governmental department or agency. If the GRANTEE cannot certify this statement, attach a written explanation for review by the STATE. The GRANTEE must notify the State Director of Rural Community and Economic Development within 30 days if debarred by any governmental entity during the Agreement period.

12. **TERMINATION**: This Agreement may be terminated, with cause by either party, in advance of the specified termination date, upon written notice being given by the other party. The party in violation will be given ten (10) working days after notification to correct and cease the violations, after which the Agreement may be terminated for cause. This Agreement may be terminated without cause, in advance of the specified expiration date, by either party, upon 90 days prior written notice being given the other party. On termination of this Agreement, all accounts and payments will be processed according to the financial arrangements set forth herein for approved services rendered to date of termination.

13. **NONAPPROPRIATION OF FUNDS**: The GRANTEE acknowledges that the STATE cannot contract for the payment of CDBG funds not provided by the federal government. If funding to the STATE is not provided as initially expected, the STATE may terminate this Agreement or proportionately reduce the services and the amount due from the STATE upon 30 days written notice. In the case that funds are not available or are reduced, the STATE will not be liable for any future commitments, penalties, or liquidated damages.

14. **WARRANTY**: The GRANTEE warrants that (a) all services shall be performed in conformity with the requirements of this Agreement by qualified personnel in accordance with generally recognized standards; and (b) all goods or products furnished pursuant to this Agreement shall be free from defects and shall conform to contract requirements. For any item that the STATE determines does not conform with the warranty, the STATE may arrange to have the services redone as needed, either by the GRANTEE or by a third party at the STATE'S option, at the GRANTEE'S expense.

15. **PAYMENT**: The GRANTEE must begin to draw funds within nine (9) months of the start of this Agreement. Extensions beyond the 9 month deadline will be made at the discretion of the STATE staff. The proportion of CDBG funds paid and applied to a specific activity will not exceed the proportion specified in the final budget as outlined in the approved Grant Application or Application modifications. The approved Application budget or modified budget is binding upon the GRANTEE. Should a budget revision be required after signing this Agreement, the request for revision must be submitted to the appropriate STATE staff for review and approval. Payments to the GRANTEE will normally be made within 30 days following the date completed Draw Requests and supporting documents are delivered to the STATE.

16. **PATENTS, COPYRIGHTS, ETC**: The GRANTEE will release, indemnify and hold the STATE, its officers, agents and employees harmless from liability of any kind or nature, including the GRANTEE'S use of any copyrighted or un-copyrighted composition, secret process, patented or un-patented invention, article or appliance furnished or used in the performance of this Agreement.

17. **ASSIGNMENT/SUBCONTRACT**: The GRANTEE will not assign, sell, transfer, subcontract or sublet rights, or delegate responsibilities under this Agreement, in whole or in part, without the prior written approval of the STATE.

18. **UNUSED FUNDS**: Any funds authorized by the STATE that are not used in the completion of Attachment D - Scope of Work must be de-obligated and returned to the STATE.

19. **INELIGIBLE EXPENSES**: GRANTEE expenditures under this Agreement determined by audit to be ineligible for reimbursement because they were not authorized by the terms and conditions of the Agreement or that are inadequately documented, and for which payment has been made to the GRANTEE will be immediately refunded to the STATE by the GRANTEE. The GRANTEE further agrees that the STATE shall have the right to withhold any or all subsequent payments under this Agreement to the GRANTEE until the recoupment of overpayments is made.

20. **PUBLIC INFORMATION**: Except as identified in writing and expressly approved by the STATE, GRANTEE agrees that this Agreement and related documents will be public documents, and may be available for distribution. GRANTEE gives the STATE express permission to make copies of the Agreement and related documents.

21. **PROCUREMENT STANDARDS AND ETHICS**: The GRANTEE will adopt procurement standards and code of conduct in keeping with the State of Nevada and Federal procurement standards and rules.

22. **DEFAULT AND REMEDIES**: Any of the following events will constitute cause for the STATE to declare GRANTEE in default of the Agreement: (1) Nonperformance of contractual requirements; or, (2) A material breach of any term or condition of this Agreement. The STATE will issue a written notice of default providing a ten (10) day period in which GRANTEE will have an opportunity to cure. Time allowed for cure will not diminish or eliminate GRANTEE'S liability for damages. If the default remains, after GRANTEE has been provided the opportunity to cure, the STATE may do one or more of the following: (1) Exercise any remedy provided by law; (2) Terminate this Agreement and any related contracts or portions thereof; (3) Impose liquidated damages, if liquidated damages are listed in the Agreement; (4) Suspend GRANTEE from applying for and receiving future grants.

23. **FORCE MAJEURE**: Neither party to this Agreement will be held responsible for delay or default caused by fire, riot, acts of God and/or war which is beyond that party's reasonable control. The STATE may terminate this Agreement after determining such delay or default will reasonably prevent successful performance of the Agreement.

24. **CONFLICT OF TERMS**: All Terms and Conditions that apply must be in writing and attached to the Agreement. No other Terms and Conditions will apply to this Agreement. In the event of any conflict in the Agreement Terms and Conditions, the order of precedence shall be: (1) Attachment A: General Provisions; (2) Agreement Signature Page(s); (3) Attachment B: Program Terms and Conditions; (4) Attachment E: Federal Assurances/Certifications.

25. **ENTIRE AGREEMENT**: This Agreement, including Attachments A through E, and documents incorporated hereunder, constitutes the entire agreement between the parties with respect to the subject matter, and supersedes any and all other prior and contemporaneous agreements and understandings between the parties, whether oral or written.

26. **AMENDMENT**: This Agreement may be altered, modified, or supplemented only by written amendment, executed by the parties hereto, and attached to the original signed copy of this Agreement. No claim for services furnished by the GRANTEE, not specifically authorized by this Agreement will be allowed by the STATE. ***Automatic renewals will not apply to this Agreement.***

27. **ACCOUNTING REPORTS**: The governing board of the GRANTEE is responsible to ensure that GRANTEE complies with all accounting reporting requirements in Federal Law and the Nevada Revised Statutes.

28. **PROHIBITION AGAINST PAYMENT OF BONUS OR COMMISSIONS**: The assistance provided under this Agreement will not be used for payment of any bonus or commission for the purpose of obtaining STATE approval of the Grant Application for such assistance, or STATE approval of applications for additional assistance. However, reasonable fees for consultant, managerial, or other services are eligible as project costs.

ATTACHMENT B - PROGRAM GENERAL CONDITIONS

1. **MONITORING**: The STATE will monitor GRANTEE'S performance in providing services and facilities in accordance with the purposes of this Agreement, and shall conduct at least one site visit during the contract period to inspect said performance. Criteria to be used in monitoring said performance includes compliance with the provisions of this Agreement and the degree to which GRANTEE meets the Federal and State objectives established for the Community Development Block Grant Program as specified in Title I of the Housing and Community Development Act of 1974 as amended from time to time, and as outlined in the CDBG Grant Administration Manual and other program training materials.

2. **CRITERIA DOCUMENTATION**: During the term of this Agreement, the GRANTEE agrees to supply any information to the STATE which the STATE may require. Specifically, the GRANTEE agrees to collect and analyze data pertaining to the manner in which work performed under this Agreement has (or will have) met one or more of the following criteria/HUD National Objectives:
    - benefit low and moderate income families;
    - aid in the prevention or elimination of slums or blight; and/or
    - meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and where other financial resources are not available to meet such needs.

    Failure by the GRANTEE to fulfill at least one of the HUD National Objectives may result in grant funds being returned to the STATE.

3. **ASSURANCES THAT OTHER SOURCES OF PROJECT FUNDS ARE SECURED**: The GRANTEE, prior to the commencement of expenditures authorized by this Agreement, agrees to provide to the STATE evidence that other sources of funds to be used for work described in the Scope of Work (if any) have been committed to the GRANTEE for the purpose of performing services and/or constructing facilities as described herein. The GRANTEE further agrees that all of the work described in Attachments C and D will be completed in a timely manner.

4. **COST PRINCIPLES AND ADMINISTRATIVE RULES**: The following state and federal requirements apply to the financial management function for local CDBG programs: 24 CFR Part 85 – Administrative Requirements for Grants & Cooperative Agreements to State, Local and Federally Recognized Indian Tribal Governments. This part establishes uniform administrative rules for Federal grants including guidance on financial administration, procedures for control and disposition of property, and retention of records.

5. **REQUIRED REPORTING OF FINANCIAL PERFORMANCE**: In accordance with OMB – Uniform Guidance, 2 CFR 200, *Audits of State, Local Governments and Non-Profit Organizations*, state and local governments or non-profit organizations that expend $750,000 or more in total federal financial assistance (from all sources) in the recipient's fiscal year shall have a Single Audit completed. Determining the amount of federal funds received shall be based on actual cash spent, not notice of an award or execution of this or any other agreements. Recipients that expend less than the federal assistance threshold are exempt from the Single Audit requirement. However, the recipient's financial records shall be available for review, monitoring or audit by appropriate officials of the federal granting agency, the Governor's Office of Economic Development, or other State of Nevada agency. Likewise, recipients may be asked to confirm in writing that their expenditure of federal funds did not exceed the designated threshold in the appropriate fiscal year. The audit shall be completed and submitted to the Governor's Office of Economic Development no later than nine (9) months after the end of the recipient's fiscal year.

6. **SERVICES AND PROJECT REPORTING REQUIREMENTS**: The GRANTEE agrees to perform those activities as specified in the Scope of Work and in compliance with all relevant Federal regulations pertaining to the Small Cities Community Development Block Grant Program. In performance of said services, GRANTEE further agrees to submit quarterly performance reports to the STATE, and other reports as specified by the STATE in formats designed by the STATE with all information compiled in compliance with paragraph 2 (above).

7. **IMPOSITION OF FEES, GENERATION AND DISPOSITION OF PROGRAM INCOME**: GRANTEE will not impose any fees for services rendered in connection with this Agreement.

    Program income generally means gross income received by the GRANTEE, or a sub-grantee of the GRANTEE, that is directly generated from the use of CDBG funds. Disposition of real or nonexpendable personal property acquired with CDBG funds must be handled in accordance with OMB Uniform Guidance. Notwithstanding any other provision of law, GRANTEE may at the STATE'S option retain any program income that is realized from the grant if (1) such income was realized after the initial disbursement of the funds received by GRANTEE, and (2) GRANTEE can satisfactorily demonstrate that the program income received will be applied to continue the activity from which income was derived, and (3) STATE gives explicit permission to retain such and authorizes it's distinct usage.

    Real property purchased with CDBG funds will be used to meet one of the HUD National Objectives for a minimum of five (5) years after grant close out. If the property is disposed of in less than 5 years, the STATE will be reimbursed in the amount of the current market value less any value of the property attributable to non-CDBG funds. If a change in use occurs within 5 years of close out, the STATE will need to review the change in use and determine appropriate measures to be taken.

8. **PAYMENT WITHHOLDING**: The GRANTEE agrees that the reporting and record keeping requirements specified in this Agreement are a material element of performance and that if, in the opinion of the STATE, GRANTEE'S record keeping practices and/or reporting to the STATE are not conducted in a timely and satisfactory manner, the STATE may withhold

part or all of the payments under this Agreement until such time as in the opinion of the STATE such deficiencies have been remedied. In the event of payment(s) being withheld, the STATE agrees to notify the GRANTEE in writing immediately upon denial of payment of the reasons for the denial and of the actions that the GRANTEE will need to take to bring about the release of withheld payments.

If any areas of non-compliance with CDBG regulations requiring correction on the part of the GRANTEE are noted, the STATE reserves the right to refuse the GRANTEE'S request for final fund draw-down until satisfactory evidence of compliance has been submitted.

9. **PROJECT DURATION**: GRANTEES should take note of the opening page of this Agreement which stipulates the duration of the Agreement. GRANTEES should make every effort possible to complete the project within the allotted time. If funds remain unspent at the end of the project period, but are needed to complete the project, GRANTEES should request an extension of the Agreement termination date in order to allow adequate time for completion of the project and submission of the final Draw Request and supporting information.

   The STATE will closely monitor each GRANTEE'S progress according to programmatic and jointly-established deadlines and expectations. If a GRANTEE fails to meet these deadlines and/or expectations, the STATE may declare the GRANTEE in default of this Agreement in accordance with the provisions of paragraph 22 of Attachment A.

10. **RENEWAL**: GRANTEE agrees that the STATE shall unilaterally have the right to determine the basis upon which this Agreement may be renewed and shall have the right to not renew this Agreement with or without cause.

11. **CHANGES IN PROJECT BUDGET AND DESIGN**: The GRANTEE agrees to notify the STATE and receive STATE'S written approval, as an Amendment to this Agreement, prior to implementing any change in program budget and design (as specified in Attachments C and D). Approval for such changes may be made directly by the STATE or involve action by the CDBG Advisory Committee.

    GRANTEE agrees to return (de-obligate) any funds that are unused by the project per Attachment D at the time of project completion.

12. **MULTI-YEAR FUNDING**: GRANTEE understands and agrees that the STATE will not be held liable for funding successive phases of a particular project and understands and agrees that CDBG funds are always given for one phase only at any given time.

13. **RELATED PARTIES**: The GRANTEE shall not make payments for goods, services, facilities, salary/wages, professional fees, leases, etc. to related parties for Agreement expenses without the prior written consent of STATE. Disbursements by the GRANTEE to related parties made without such prior approval may be disallowed and may result in an overpayment assessment.

14. **LABOR STANDARDS COMPLIANCE**: The GRANTEE agrees to abide by provisions of: (1) the Davis-Bacon Act and shall compile evidence certifying that all laborers and mechanics employed by the GRANTEE'S contractors on construction work assisted under this Agreement are paid wages at rates not less than those prevailing on similar construction in the locality as determined by the U.S. Department of Labor; (2) the Copeland "Anti-Kickback" Act requiring weekly payment of employees and weekly submission of payroll records by the GRANTEE'S contractors to the contracting agency; and (3) the Contract Work Hours and Safety Standard ACT (CSHSSA) requiring that workers receive "overtime" compensation at a rate of 1 ½ times their regular hourly wage after having worked more than 40 hours in one week, or overtime after more than 8 hours per day if mandated by the laws of the State of Nevada, and other Federal and State statutory provisions as enacted and codified, for the purpose of complying with labor standards compliance.

15. **SECTION 3 COMPLIANCE**: The GRANTEE agrees to abide by the provisions of Section 3 of the Housing and Urban Development Act of 1968, if the minimum threshold is met, to ensure that employment and other economic opportunities generated by the Community Development Block Grant program, to the greatest extent feasible, and consistent with existing Federal, State and local laws and regulations, be directed to low and very low income persons (24 CFR Part 75).

16. **ENVIRONMENTAL REVIEW COMPLIANCE**: The GRANTEE agrees to abide by provisions of the National Environmental Policy Act of 1969 (NEPA) and other provisions of law which further the purposes of such Act as required by Title 1 of the Housing and Community Development Act of 1974 as amended from time to time and in compliance with the Environmental Review Procedures of the Community Development Block Grant Program at 24 CFR Part 58 and any subsequent regulations issued by the U.S. Department of Housing and Urban Development implementing the Housing and Community Development Amendments of 1981.

17. **LEAD BASED PAINT**: The GRANTEE agrees to abide by provisions of 24 CFR Part 35 Lead Based Paint Poisoning Prevention in Certain Residential Structures, and the Residential Lead-Based Paint Hazard Reduction Act of 1992 as amended through 2005. GRANTEE also agrees to abide by the provisions of 40 CFR Part 745.65 – Lead-based Paint Hazards and EPA's Renovation Repair & Painting (RRP) Rule effective April 22, 2010.

18. **PAYMENTS UNDER THIS AGREEMENT** are conditioned upon the GRANTEE'S:

    a) Submission of an appropriate environmental review that demonstrates the required compliance with the National Environmental Policy Act (NEPA) prior to any obligation or commitment of funds (see CDBG Administration Manual);

b) Submission of acceptable documentation confirming procurement and labor compliance procedures have been followed;

c) Submission of Draw Requests that are complete and supported by appropriate invoices, payment information, etc.; and

d) Submission of all the necessary and prescribed project closing information.

19. **CONTINUING RESOLUTIONS**: In the event that funding for this program is provided through Federal Continuing Resolution, the STATE shall be responsible to expend only those funds actually provided to the STATE by Continuing Resolution and is under no further obligation to GRANTEE or any sub-contracted entity to fulfill the financial obligation until such time as additional funding is provided by a grant appropriation or continuing resolution. The STATE may determine the method for distributing and expending funds provided by Federal Continuing Resolution.

20. **SUBCONTRACTS**: Subcontract arrangements must be executed in writing and be approved in writing in advance by the STATE. The provisions of this Agreement will be made binding on a sub-grantee or contractor of the GRANTEE. The GRANTEE is responsible for managing the operations of any subcontracted activities. The GRANTEE must monitor subcontracted activities to ensure compliance with the provisions of the subcontract agreement and with this Agreement, as well as with applicable Federal and State requirements and performance objectives.

ATTACHMENT C – SCOPE OF WORK

Final Scope of Work/Project Description as agreed by the CDBG Advisory Committee. The Scope of Work should describe in quantifiable terms the proposed project, including established deadlines and expectations which will be used for the Environmental Review and for monitoring project progress.

The project is the construction of the new West Wendover Fire Station with the following elements:
Office Area and General Operations: 2,022 square feet
Apparatus Bays and Support Area: 9,361 square feet

Total Facility: 11,383 square feet

Additionally, the facility is designed to accommodate future expansion as needs develop including expansion to office areas, training rooms, storage and living quarter components. The city anticipates this new facility will eventually be staffed on a full-time 24-hour basis.

CDBG funds shall be used under the "construction" portion of the project. Design has already commenced as the project is funded under a USDA Rural Development long-term loan as well as direct cash contribution by the city. Additionally, the city is in process of submitting a gap financing application with the Nevada State Infrastructure Bank to ensure financial provisions are in place to account for instability and variations with regard to cost fluctuations which continue to persist in the materials and construction sectors of the economy since the Pandemic.

Milestones: Attached with this application is the Phase 1A deliverables (30% design) completed by the Design/Build Team (CORE/TSK). Phase 1A deliverables were accepted and approved by the city and USDA in January 2023. The Design/Build Team was selected under a USDA approved RFQ/RFP process in early 2022, that selection process is also attached.

The Phase 1A deliverables include the current schedule under Section 8. That schedule estimates onsite construction to begin the fall of 2023.

Subsequently the city with USDA concurrence has approved the Design/Build Team to proceed with Phase 1B which will result in the design reaching the Guaranteed Maximum Price (GMP) level (approximately 80%) under the design/build contract. Phase 1B is scheduled to be completed by June 2023. At that time, the city and USDA will review the Phase 1B deliverables and proceed with the final design segment followed by construction.

ATTACHMENT D – IMPLEMENTATION SCHEDULE

TASK	Est. Timeline July 1- June 30th or December 31st
PROJECT START UP:	
File Set Up	July 2023
Environmental Review	July 2023
Notice to Proceed	August 15, 2023
PROCUREMENT OF PROFESSIONAL ASSISTANCE (including professional engineers, architects, community development consultants, etc.)	
Construction Documents	July 30, 2023
Completion of Plan Check	September 15, 2023
Contractor NTP	September 15, 2023
PROJECT IMPLEMENTATION:	
Offsite Construction	October 1, 2023
Rough Site Construction	October 1, 2023
Building Construction	October 15, 2023
Structure Complete	March 15, 2024
Enclosure Complete	May 15, 2024
Interior Complete	November 15, 2024
Building System Complete	November 15, 2024
PROJECT CLOSEOUT:	
Close Out Documents to CDBG	June 2025

ATTACHMENT E – BUDGET

Final budget as agreed by the CDBG Advisory Committee in the format used in the CDBG Application Form.

Cost Category	CDBG	Local		State	Other Federal	Other	Totals
		Cash	In-Kind				
Land/Rights of Way					$ 840,000.00		$ 840,000.00
Preliminary Design					$ 75,000.00		$ 75,000.00
Design Architectural Fees					$ 786,679.00		$ 786,679.00
Construction	$ 500,000.00	$ 2,325,268.00			$ 7,152,854.00	$ 2,547,337.00	$ 12,525,459.00
Cost Interim Loan					$ 77,267.00		$ 77,267.00
Bond Counsel					$ 75,000.00		$ 75,000.00
Interest					$ 100,000.00		$ 100,000.00
Contingencies						$ 294,417.00	$ 294,417.00
							$ -
Total Costs	$ 500,000.00	$ 2,325,268.00	$ -	$ -	$ 9,106,800.00	$ 2,841,754.00	$ 14,773,822.00

ATTACHMENT F – FEDERAL ASSURANCES/CERTIFICATIONS

In order to meet the specific requirements of the Housing and Urban-Rural Recovery Act of 1983 which amends the Housing and Community Development Act of 1974, the following certifications must be completed by every Grantee.

1. ACQUISITION, RELOCATION AND ANTIDISPLACEMENT

I certify that all real property acquired and all displacements of persons resulting from the proposed CDBG project will be carried out under the provisions of the Uniform Relocation Assistance and Real Properties Acquisition Policies Act of 1970 as amended by the Uniform Relocation Act Amendments of 1987 Title IV of the Surface Transportation and Uniform Relocation Assistance Act of 1987. I further certify that all displacements of persons resulting from the proposed CDBG project will be carried out in accordance with Section 104(d) of the Housing and Community Development Act of 1974, as amended and in conformance with the Residential Anti-displacement and Relocation Assistance Plan and Certification.

2. CIVIL RIGHTS and FAIR HOUSING

I certify that the CDBG grant will be conducted and administered in accordance with Title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42USC 3601-3619), and implementing regulations and that the GRANTEE will affirmatively further fair housing choice.

3. ARCHITECTURAL BARRIERS

I certify that the CDBG program will be conducted in accordance with Architectural Barriers Act of 1968, as amended (42 USC 4151) and Section 504 of the Rehabilitation Act of 1973, as amended (28 USC 792), and the Americans with Disabilities Act of 1991.

4. CITIZEN PARTICIPATION

I certify that I will comply with the STATE Citizen Participation Plan as adopted by GOED: Rural Community and Development/CDBG Division. I certify that opportunities have been provided for citizen participation, hearings, and access to information comparable to the requirements of Title I HCD Act 104(a) (2). Specific information regarding the CDBG GRANTEE requirement (publications, notices) can be found in the GRANTEE'S application file.

5. PROGRAM COSTS RECOVERY

I certify that as a CDBG GRANTEE I will not attempt to recover the costs of any public improvements assisted in whole or in part with CDBG funds by assessing properties owned and occupied by low and moderate income persons unless: (1) CDBG funds are used to pay the proportion of such assessment that relates to non-CDBG funding, or (2) for the purposes of assessing properties owned and occupied by low and moderate income persons who are not very low income that the local government does not have sufficient CDBG funds to comply with the provision of (1) above.

6. EXCESSIVE FORCE CERTIFICATION

I certify that as a CDBG GRANTEE I will adopt and enforce a policy prohibiting the use of excessive force by law enforcement agencies within my jurisdiction against any individuals engaged in nonviolent civil rights demonstrations in accordance with the Armstrong/Walker "Excessive Force" Amendment Section 519 of the Department of Veteran Affairs Public Law 101-144 and Housing & Urban Development & Independent Agencies Appropriations Act of 1990. I will also adopt a policy enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within our jurisdiction.

7. PROHIBITION AGAINST LOBBYING CERTIFICATION

I certify that:

(1) No Federally appropriated funds will be paid, by or on behalf of the undersigned, to any person for the influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal Grant, the making of any Federal loan, extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federally appropriated funds are paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) I certify that I shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each failure.

8. SECTION 3

I certify that the jurisdiction will comply with Section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u), and implementing regulations at 24 CFR Part 75 if the minimum thresholds for Section 3 covered housing and community development assistance are met.

9. STATEMENT OF ASSURANCES

I certify that, in addition to laws, regulations, and Executive Orders noted in this document, the jurisdiction will comply with the following Federal and State regulations:

Federal:

1. Title I of the Housing & Community Development Act of 1974 as amended
2. Federal Fair Labor Standards Act
3. Title VI of the Civil Rights Act of 1964 - Nondiscrimination
4. Title VIII of the Civil Rights Act of 1968 - Nondiscrimination in Housing
5. Age Discrimination Act of 1975
6. Executive Order 12259 - Leadership & Coordination of Fair Housing
7. Section 109, Housing & Community Development Act of 1974 - Nondiscrimination
8. Section 504 of Rehabilitation Act of 1973, as amended
9. Executive Order 11063 - Equal Opportunity in Housing
10. Executive Order 11246 - Nondiscrimination
11. Hatch Act
12. Treasury Circular 1075 regarding drawdown of CDBG funds
13. Single Audit Act of 1984, which has legal precedence over the Uniform Guidance.
14. Section 109 of Public Law 100-202, which restricts awarding contracts for work on public buildings or public works to contractors or subcontractors from foreign countries that deny fair trade practices.

State:

1. NRS 338.010 - 338.130 - Public Works Projects.
2. NRS 613.330 - Equal Employment Opportunity.
3. NRS 118.100 - Equal Housing Opportunity.
4. NRS 332.005 - 332.225 - Local Government Purchasing Act.

10. CHANGE OF USE

I certify that the jurisdiction will comply with all requirements of 24 CFR Part 24. This includes sections 488 and 489 J requiring all assisted housing units maintain affordability standards until 5 years following the date of closeout of this contract by the STATE.

I certify that I have read, am aware of and will comply with all of the forgoing Certification requirements.

Subject:Support Letter City of West Wendover – West Wendover Fire Station/EOC Project

Dear Mr. Jimenez:

This letter is to document the City of West Wendover's general and financial support for the ***West Wendover Fire Station/EOC project***, which has been submitted under an application to the Nevada State Infrastructure Bank for gap financing.

The project entails the construction of the new West Wendover Fire Station Emergency Operations Center which will be located adjacent and west of the West Wendover City Hall on property under ownership of the City of West Wendover. The facility includes design and operational features for the incorporation of the city's emergency operation center functions.

This project has been a continuing priority for the city and is included in the most recent City of West Wendover Capital Improvement Plan (CIP) for 2022 as No. 2. Additionally, the project has been supported for many years as part of the City's Civic Center Downtown Area development under the original 2021 Master Plan which included the facility along with the West Wendover City Hall that was completed in 2009.

Lastly, this project is also supported by several State and Federal Agencies through provisions of funding and is supported by the Nevada Division of Emergency Management which has provided a separate general letter of support.

In addition to the general support and planning for the project, the city has committed a ***cash contribution of $2,325,268*** towards the project. This is documented under Exhibit 2A of the noted application.

If you have any questions, please do not hesitate to let me know.

Chris J. Melville, C.P.O.
City Manager

The Honorable Jacky Rosen
United States Senate
713 Hart Senate Office Building
Washington, D.C. 20510

Dear Senator Cortez Masto, Senator Rosen, and Congressman Amodei,

I am writing to support the City of West Wendover funding request build a new fire station which would double as the city's emergency operations center. This city is at the border of Utah and Nevada, along Interstate 80, and a major rail transportation corridor. Their nearest assistance is easily two-hours away.

West Wendover faces several natural hazards: earthquake, wildland fire, flood, and the pandemic. As we move forward into future threats of cyber-security, the importance of up-to-date technology is even more important.

Nevada is blessed to receive Emergency Management Program and Homeland Security Program grants funding streams. These grants maintain and occasionally start new programs for our local jurisdictions as well as state functions that benefit each of our local jurisdictions. The problem is these funds do not lend themselves to funding a single jurisdiction's emergency operation center without taking away from an existing essential program. It is for this reason I support their ask to you for financial assistance. This will enable us to continue to meet the needs of all jurisdictions and improve West Wendover's standing.

In 2011, Department of Homeland Security provided a competitive grant program for such requests. It was lightly funded at $14.1 million dollars. I say lightly funded as consideration of construction costs for a new building can easily limit this grant to servicing only one or two municipalities nationally. Since then, these funds have been rolled into the Emergency Management Performance Grant. Given the task of updating an emergency operations center while also providing the functions of emergency management and homeland security, it is easy

to see why West Wendover is asking for assistance. I reviewed the notice of funding opportunity for the 2011 EOC grant and find that West Wendover's ask meets the intent of that guidance.

Nevada has been on a resilience theme for a number of years: we desire to build a system that will enable us to reduce the impact of emergencies to our communities. West Wendover refreshing their emergency operations center will assist with improving our resilience. I would be remiss as Nevada's Emergency Manager and Homeland Security Chief to not take this time to also remind you and your staff to prepare for an emergency: at work and at home. Visit dem.nv.gov to ensure you are ready for what can occur in our Silver State.

I appreciate your consideration of West Wendover's request. Should you have any questions, please feel free to contact me at (775) 687-0300 or dfogerson@dem.nv.gov

Respectfully,

David Wm. Fogerson

The United States of A...

To all to whom these presents shall come, Greeting:

WHEREAS

CITY OF WEST WENDOVER

is entitled to a land patent pursuant to Section 203 of the Act of October 21, 1976 (43 U.S.C. 1713), as amended, for the following described land:

Mount Diablo Meridian, Nevada

T. 33 N., R. 70 E.,
sec. 8, lot 10;
sec. 9, SW1/4SW1/4;
sec. 16, lot 17.

The area described contains 84.06 acres.

NOW KNOW YE, that there is, therefore, granted by the UNITED STATES OF AMERICA, unto CITY OF WEST WENDOVER the land described above; TO HAVE AND TO HOLD the said land with all the rights, privileges, immunities, and appurtenances, of whatsoever nature, thereunto belonging, unto CITY OF WEST WENDOVER, its successors and assigns, forever.

EXCEPTING AND RESERVING TO THE UNITED STATES:

1. A right-of-way thereon for ditches and canals constructed by the authority of the United States, Act of August 30, 1890 (43 U.S.C. 945); and

2. All mineral deposits in the land so patented, and to it, or persons authorized by it, the right to prospect for, mine, and remove the minerals under applicable law and such regulations as the Secretary of the Interior may prescribe.

Patent Number 27-2022-0003

3. A right-of-way reservation Nev-65585 for road purposes, granted to the Nevada Department of Transportation, pursuant to the Act of August 27, 1959 (Federal Aid Highway) (72 Stat 2776; 43 U.S.C. 1761).

SUBJECT TO:

1. Valid existing rights;

2. Right-of-way NVE-001655 for buried telephone line purposes granted to Beehive Telephone Company, its successors or assigns, by right, pursuant to the Act of October 21, 1976 (43 U.S.C. 1761);

3. Right-of-way N-20138 for water line purposes granted to the City of West Wendover, its successors or assigns, by right, pursuant to the Act of October 21, 1976 (43 U.S.C. 1761);

4. Right-of-way N-36680 for water line purposes granted to the City of West Wendover, its successors or assigns, by right, pursuant to the Act of October 21, 1976 (43 U.S.C. 1761);

5. Right-of-way N-39088 for overhead transmission line purposes granted to Wells Rural Electric Co., its successors or assigns, by right, pursuant to the Act of October 21, 1976 (43 U.S.C. 1761);

6. Right-of-way N-41029 for access road purposes granted to the City of West Wendover, its successors or assigns, by right, pursuant to the Act of October 21, 1976 (43 U.S.C. 1761);

7. Right-of-way N-57738 for road purposes (Wendover Blvd) granted to the City of West Wendover, its successors or assigns, by right, pursuant to the Act of October 21, 1976 (43 U.S.C. 1761);

8. Right-of-way N-61476 for access road purposes granted to the City of West Wendover, its successors or assigns, by right, pursuant to the Act of October 21, 1976 (43 U.S.C. 1761); and

9. Right-of-way N-97726 for overhead power and distribution line purposes granted to Wells Rural Electric Co., its successors or assigns, by right, pursuant to the Act of October 21, 1976 (43 U.S.C. 1761).

By accepting this patent, the patentee agrees to indemnify, defend and hold the United States harmless from any costs, damages, claims, causes of action, penalties, fines, liabilities, and judgments of any kind or nature arising from the past, present, and future acts or omissions of the

Patent Number 27-2022-0003

patentee, its employees, agents, contractors, or lessees, or any third-party, arising out of, or in connection with, the patentee's use, occupancy, or operations on the patented real property. This indemnification and hold harmless agreement includes, but is not limited to, acts and omissions of the patentee, its employees, agents, contractors, or lessees, or third party arising out of or in connection with the uses and/or occupancy of the patented real property resulting in: (1) Violations of federal, state, and local laws and regulations applicable to the real property; (2) Judgments, claims or demands of any kind assessed against the United States; (3) Costs, expenses, damages of any kind incurred by the United States; (4) Other releases or threatened releases on, into or under land, property and other interests of the United States by solid or hazardous waste(s) and/or hazardous substances(s), as defined by federal or state environmental laws; (5) Other activities by which solid or hazardous substances or wastes, as defined by federal and state environmental laws were generated, released, stored, used or otherwise disposed of on the patented real property, and any cleanup response, remedial action, or other actions related in any manner to said solid or hazardous substances or wastes; (6) Or natural resource damages as defined by federal and state law. This covenant shall be construed as running with the patented real property, and may be enforced by the United States in a court of competent jurisdiction; and

PURSUANT to the requirements established by section 120(h) of the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. 9620(h), as amended by the Superfund Amendments and Reauthorization Act of 1988, (100 Stat. 1670), notice is hereby given that the above-described lands have been examined and no evidence was found to indicate that any hazardous substances have been stored for one year or more, nor had any hazardous substances been disposed of or released on the subject property.

[SEAL]

IN TESTIMONY WHEREOF, the undersigned authorized officer of the Bureau of Land Management, in accordance with the provisions of the Act of June 17, 1948 (62 Stat. 476), has, in the name of the United States, caused these letters to be made Patent, and the Seal of the Bureau to be hereunto affixed.

GIVEN under my hand, in RENO, NEVADA, the TWENTY-FOURTH day of FEBRUARY in the year of our Lord TWO THOUSAND and TWENTY-TWO and of the Independence of the United States the Two Hundred and Forty-Sixth.

2.
Basis of GMP

BASIS OF GMP

City of West Wendover New Fire Station No. 13

PWP #EL-2023-434 | August 7, 2023

The Basis of GMP is a written explanation clarifying the scope, assumptions and exclusions used in establishing the Guaranteed Maximum Price (GMP) for the City of West Wendover New Fire Station No. 13 Project in West Wendover Nevada dated August 7, 2023. The GMP is presented in a ten group, systems format best utilized for analyzing and comparing project costs during design and preconstruction. This GMP is based on CORE's incorporation of the scope shown on the West Wendover New FS #13 60% DD documents dated May 3, 2023, and the scope clarifications below.

Assumptions, Clarifications, & Exclusions

SCHEDULE

This GMP is based upon performance of the work per the enclosed Preliminary Construction Schedule, which is an integral part of this GMP Package. This project has been divided into multiple phases, which are identified within the preliminary construction schedule and account for the overall construction duration and timeframe anticipated.

Schedule Clarifications:

- Microsoft Project Professional for Office 365 will be used as the schedule management program.
- We anticipate normal working hours 6:00 AM to 4:00 PM, Monday through Thursday, with some Friday and/or Saturday work as required to meet the schedule. Daily start and finish times are subject to change with changing weather conditions and daily sunrise/sunset time.
- All concrete pours are assumed to be early morning pours. If the authorities having jurisdiction do not allow early morning pours, the concrete pour sequence would be extended which would affect the critical path of the schedule.
- Activities within the Overall project schedule and general sequence of construction will be re-evaluated later when the GMP is executed.
- If the GMP does not start as scheduled on October 16th, 2023, CORE reserves the right to adjust General Conditions costs.
- Permitting timelines are allowances based on average timeframes of similar projects. Any delay caused by the permitting process is cause for a re-evaluation of the schedule and General Conditions.

Weather:

The following table represents a mutual understanding of the number of reasonable days of adverse weather per month where no weather dependent construction activities may occur due to unworkable field conditions. CORE has assumed the risk to make up for lost days per month in accordance with this table.

CORE shall be granted an extension of time for delays resulting from additional lost working days per calendar month beyond what is illustrated in the table in the GMP Proposal. The lost days illustrated in this schedule are per calendar month and shall not accrue from month to month.

(Eastern Nevada – Elko County Region)

Month	Number of Reasonably Anticipated Days of Adverse Weather Per Month	Average Precipitation
January	1	0.25

February	0	0.17
March	1	0.33
April	1	0.36
May	1	0.58
June	0	0.28
July	0	0.22
August	0	0.16
September	1	0.50
October	0	0.34
November	0	0.22
December	0	0.19

CORE considers soil condition that are unsuitable for heavy equipment operation to be adverse weather days. Additionally, driving conditions deemed unsafe for travel shall be deemed adverse weather days. CORE reserves the right to work Fridays and/or Saturdays in order to meet schedule.

Cost Clarifications

This GMP is based on the higher between 2023 Elko County Prevailing Wage Rates and 2023 Davis Bacon Wage Rates and includes Nevada sales tax. The value provided in the GMP includes all direct and indirect construction costs and includes typical project "soft costs". Soft costs included in this GMP are all design fees, loose/miscellaneous fire station equipment, and utility connection fees.

MATERIALS ECONOMIC IMPACTS

The parties acknowledge that some of the materials and products to be used and installed in the construction of this project may become unavailable, delayed in shipment and/or subject to price increases due to circumstances beyond the control of the Contractor. If a specified product is unavailable or shipment is delayed, Contractor shall provide written notice and shall be afforded additional time and substitute products may be considered. If there is an increase in price of materials, equipment, or products between the date of this contract and the time when the job is ready for the installation of the affected material, the amount of this contract shall be increased to reflect the additional cost to obtain the materials, provided that the Contractor gives the Owner written notice and documentation of the increased costs.

CONTINGENCIES

- **Design-Builder Contingency –** A 2.5% Design-Builder Contingency is included in this proposal and is intended to be used at CORE's discretion to cover costs that have not been completely identified or designed as trade specific scope on the GMP setting documents may require further clarification or coordination. These costs include, but not limited to, scope gap, coordination issues between trades, and missed scope during the bidding process. The Design-Builder Contingency is not intended to account for additional scope requests by the design / owner during construction.
- **Owner Contingency –** A 2.5% Owner Contingency is included in this proposal and is intended to be used at the City of West Wendover's discretion to cover costs for unforeseen or excluded items that are to be included as an amendment to the original contract.

ALLOWANCES

We have included the Allowances listed below in this GMP. These Allowances are considered to be an allotted sum of money included for a particular system or scope of work for which sufficient detail is not available to determine a definitive cost. A reasonable estimate for an assumed scope and quality is included as a placeholder. The Owner receives the savings for any amount under the allocation and is at risk for any amount over the allocation.

- **Allowance #1 – Fiber Line Relocation** – This Allowance is intended to cover costs associated with relocating the existing fiber line as to not be impacted by other improvements. Included is trenching, conduit bedding, backfill, conduit, and utility fees and coordination.
- **Allowance #2 – Fire Station Alerting System** – This Allowance is intended to cover costs associated with horns, strobes, controllers, pathways, and miscellaneous accessories associated with the Fire Station Alerting System.

ALTERNATES

Alternates are scopes of work which are NOT INCLUDED as part of the base contract work. They are carried as bid alternates so that if there is money available at the time of the GMP, they can be added to the project at the discretion of the owner.

- **Alternate #1 – Cross Street Visitor Parking** – This Alternate includes earthwork, asphalt, signage, striping, and concrete included with the proposed ADA/visitor parking lot as shown in the design documents.

SOFT COSTS

Soft Costs are scopes of work that are indirectly related to construction but are a necessary part of a project. The following soft costs are accounted for and included in this GMP. This does not represent an all-inclusive listing of all soft costs that may be required, but rather is CORE's understanding of the Soft Costs required to be included in the GMP.

- **A/E Design & Preconstruction Fees** – This scope of work includes architectural, engineering, and preconstruction costs to produce a construction set of documents, as well as provide preconstruction support through the Design Phase of the project.
- **Permits and Fees** – This is intended to cover costs associated with building permit fees for the project, and utility connection, coordination, and design fees for City of West Wendover Water. City of West Wendover electrical, communications, and gas connections are not included in this allowance. Inspections and Certificate of Occupancy costs are not included in this allowance.
- **FF&E Allowance** – This allowance is intended to cover costs associated with furniture, fixtures, and equipment not included elsewhere. The value is based on a list of items required by the City of West Wendover and a 5% additional FF&E allowance. The list of items is as follows:
    - (1) Smart Board, 65" min.
    - (3) Office Desks
    - (4) Tables, 8' x 18", folding
    - (20) office chairs, rolling.
    - Kitchen/Conference Table with seating for (8) with chairs.
    - Dayroom Furniture allowance of $15,000.

HOURLY RATES

The following agreed to hourly rates will be used to determine and define "Wages paid for Labor" as defined in Exhibit C of the Owner-CMAR Construction Agreement. The Actual Costs for each of the agreed to rates includes all normal and customary payroll paid by the Contractor plus all fringe benefits, taxes and insurances.

	Standard Rate	Overtime Rate
Project Management:		
Director of Operations	190	-
Sr. Project Manager	165	-
Project Manager	125	-
MPE/BIM Manager	125	-
Contract Administrator	92	-
Construction Coordinator	92	-
Certified Payroll	92	-
Field Operations:		
General Superintendent	165	-
Superintendent	130	-

Assumptions & Exclusions

GENERAL ASSUMPTIONS

- This GMP is considered lump sum, not line itemed. Scope values are provided for transparency and as a contract schedule of values. Any line-item cost variances will be carried across the duration of the entire project and the net savings (if any) will be split with the Owner per the terms of the contract at final completion. Costs for any individual line items are not guaranteed within this GMP, but rather the bottom-line cost of the GMP. Any cost savings from any individual line items will be offset against possible overruns of any other line items throughout the duration of the project.
- Building permits are to be procured by the Owner and in hand prior to CORE Construction mobilizing on site and Contract Time commencing. CORE shall be granted an extension of time for delays resulting from not having an approved grading / building permit in place on the anticipated start date.
- CORE Construction assumes that the soils / geotechnical report prepared by Summit Engineering is reflective of the soils to be disturbed under this project. Any adverse soil conditions including but not limited to contaminated soils, different shrink/swell factors, etc. shall be cause for a time extension and adjustment of the GMP.
- CORE will coordinate the work with the Owner's contractors and agencies, for example Wells Rural Electric, Centracom, City of West Wendover Water, City of West Wendover Sewer, etc., with their respective scopes as it pertains to this project. The Owner will provide direction related to any conflict. The project schedule has been developed assuming these contractors/agencies will be able to meet all required scheduled installation and/or utility turn-on dates and these dates will be communicated through the Owner. Any costs due to changes made by the permitting agencies after submission of the estimate are subject to change.
- Normal shrinkage cracking of all cementitious material, such as slabs, concrete walls, CMU walls, etc. is expected and shall not be cause for removal or replacement of structurally sound slabs.

- Underground utilities shown on plans are assumed to depict accurate locations of utilities. Design has been based on As-Built documents provided by the city. Discrepancies arising due to inaccurate As-Builts are not included in this GMP proposal.

SPECIFIC EXCLUSIONS

- Land acquisition costs, legal fees, and costs associated with any owner's representatives.
- 3rd party inspections and special inspections.
- Testing and inspection services of special inspectors.
- Services of a commissioning agent.
- Salvaging and relocation of any existing equipment or furnishings, unless otherwise specified.
- Fire pump and domestic water booster pump – available pressure and flow assumed adequate.
- Hard digging / caliche.
- Removal / relocation of existing storage units, equipment stored onsite – assumed by Owner.
- BIM modeling.

Scope-Specific Clarifications

CORE Construction's GMP is based upon plans and specifications as itemized in attached Enumeration of Documents, with the following Scope-Specific Assumptions and Clarifications.

GENERAL REQUIREMENTS

GEN1 – GENERAL REQUIREMENTS

- Temporary fencing, construction-use locks, public safety and project signage, construction toilets & accessories, on-site secured storage, timelapse construction camera, and site security systems are included.

GEN2 – SCAFFOLDING & EQUIPMENT

- Forklift and/or boom lift including fuel and operator expenses are included.

GEN3 – WASTE MANAGEMENT AND CLEANING

- Progressive site cleanup during construction and dumpster rental and removal fees are included.

SITE WORK (ROUGH)

008 – EARTHWORK, UTILITIES, AND PAVING

- Earthwork activities are limited by the grading shown in design documents along with the proposed swale realignment. Grading outside of these boundaries is not included.
- Gas line excavation and backfill is included. Exterior gas piping is assumed to be by utility. Utility connections and fees are not included.
- Tough digging of native soils is not included. Blasting and/or caliche excavation is specifically excluded. Test bores analyzed in the geotechnical report has been assumed to be conducive of the entire site.

SITE WORK (FINISH)

016 – LANDSCAPE

- Landscaping includes the following:
    - 8 Austrian Pines

- 14 Cleveland Flowering Pears
- 8 Lacemore Elms
- 12 Boxwoods
- 12 Karl Foerester Tall Grasses
- 16 Perennials
- Decomposed granite or gravel
- Irrigation water system including meter.

021 – PRE-FABRICATED SITE STRUCTURE

- Pre-fabricated site structures are not included.

023 – FENCING & GATES

- Trash enclosure gate is included.

025 – MASONRY

- A standard grey, 6' high CMU wall with 2" high CMU caps are included at the trash enclosure.
- CMU around generator pad is not included.
- Brick veneer around the building is not included.

STRUCTURE

036 – ROUGH CARPENTRY, EIFS, DRYWALL, AND ACT

- EIFS includes integral and shall be selected based on manufacturer's standard color palette.
- Level 4 drywall finish with light orange peel texture is included for all visible drywall spaces. Non-visible areas are to be finished as required by code.
- FRP/FRL is included for rooms 106 and 112.
- Porch dormer shall be stick framed above truss system sheathing.

ENCLOSURE

054 – OVERHEAD DOORS

- Doors included open at 60 inches per second with a springless design.

052 – GLASS AND GLAZING

- All windows within the Pre-Engineered Metal Building and the office entry door are 1" glass with aluminum frames. All windows on the office side are vinyl framed windows.

FINISHES

056 – DOORS, FRAMES, & HARDWARE

- Vision lites are included for all doors in the Apparatus Bays.

059 – CASEWORK

- Plastic laminate cabinets with stainless steel or quartz countertops are included for all spaces to receive casework.

061 – PAINT

- Painting of Pre-Engineered Metal Building structure is included. Field painting of all insulated metal panels is not included.

066 – FLUID APPLIED FLOORING

- Hermetic flooring is included for rooms 106 and 112.

067 – CONCRETE FINISHING

- Sealed concrete is included for all spaces besides restroom spaces. Polishing of any concrete is not included.

SPECIALTIES

074 – SPECIALTIES

- Bathroom specialties, corner guards, a markerboard, broom/mop holders, fire extinguisher cabinets, and window blinds are included.
- One flagpole is included.

EQUIPMENT

083 – RESIDENTIAL EQUIPMENT AND APPLIANCES

- Kitchen equipment and appliances including dishwasher, oven/stove, refrigerator, ice machine, residential washer/dryer, coffee maker, and microwave with integral vent hood are included.

089 – FIRE STATION EQUIPMENT

- Turnout gear washer/extractors, drying racks, and storage lockers are included.

MP&E SYSTEMS

098 – PLUMBING SYSTEMS

- Two (2) 1-1/2" fire truck fills are included.
- Air system includes a 150psi air compressor, 6 hose reels, 4 air outlets with black steel piping and fittings.
- Sanitary Waste & Vent System: PVC-DWV Pipe and fittings below grade, Cast Iron pipe and fittings above grade.
- Gas piping is extended to (2) gas furnaces in office/kitchen areas.

100 – HVAC

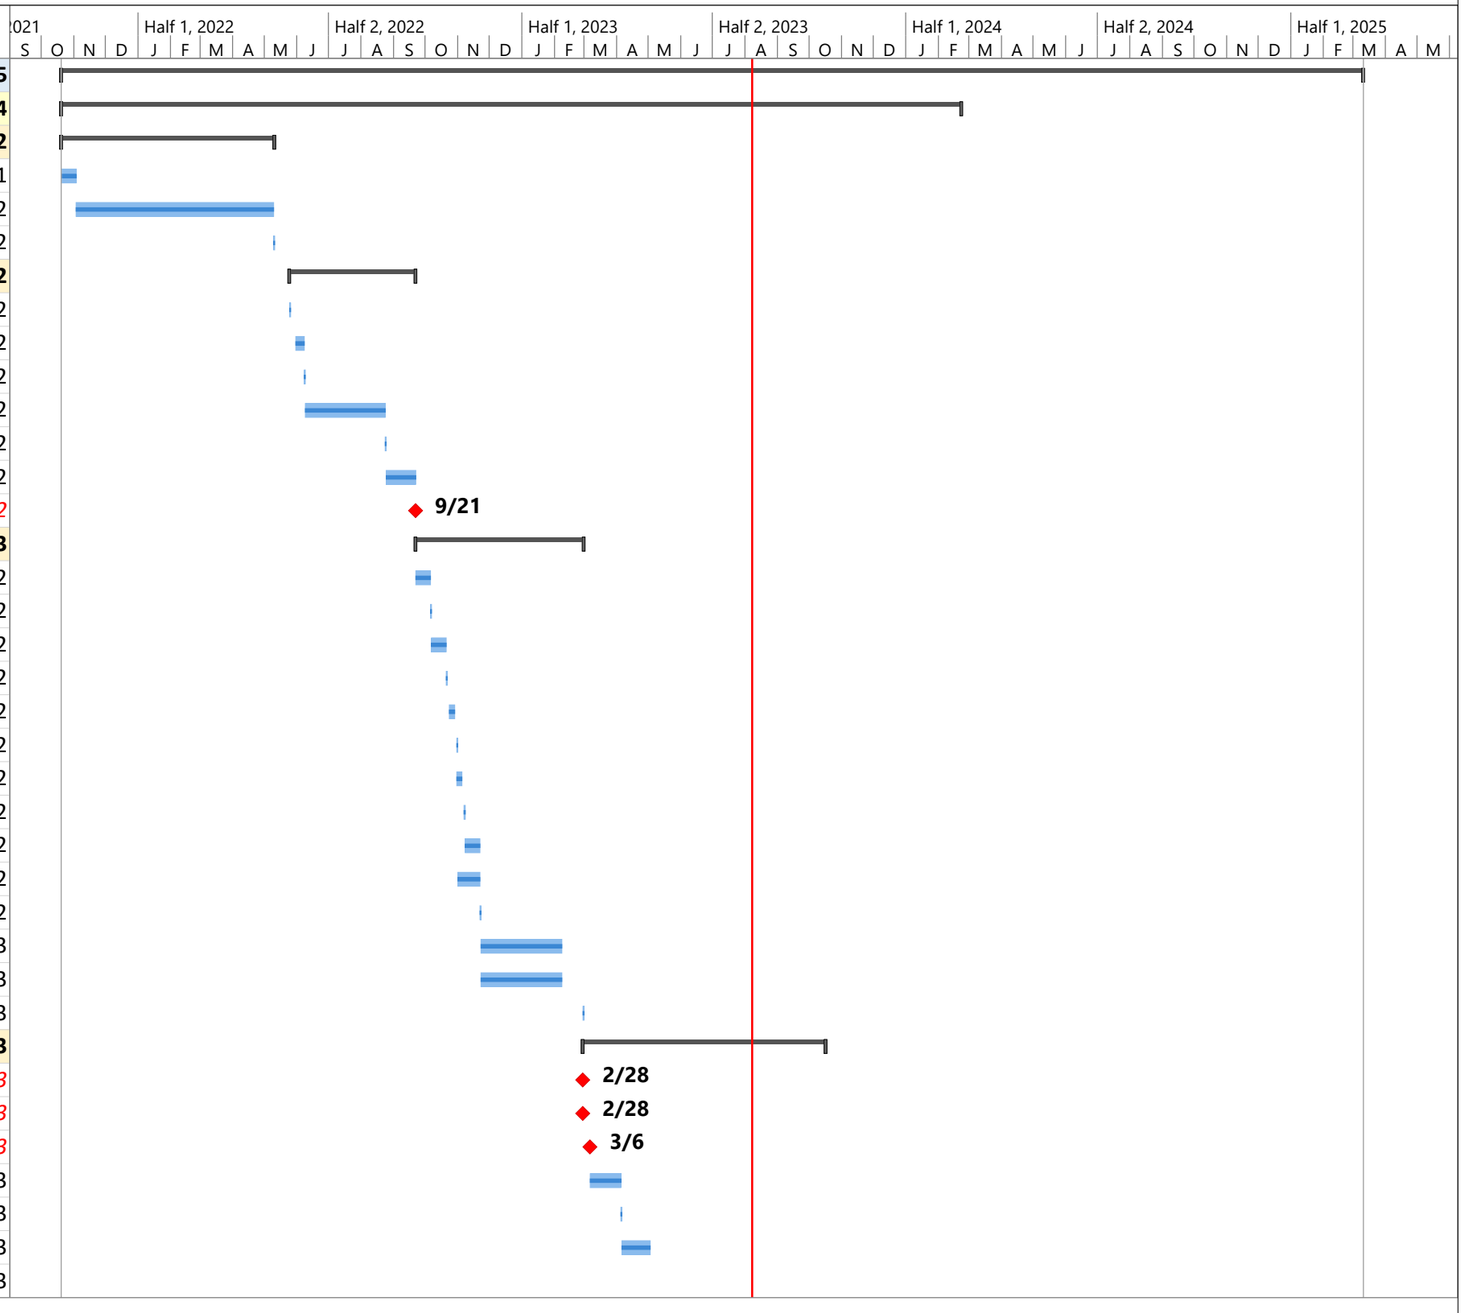
- Overhead vehicle exhaust system is not included.
- Gas furnaces are included in lieu of electric furnaces.

103 – ELECTRICAL

- Existing panels are assumed to have sufficient capacity and sufficient space for new breakers for the new service. Modifications to existing switch gear due to additional equipment not described above or within the design documents is not included.
- Average Daily Traffic (ADT) for N Gene L. Jones Way is assumed to be lower than the MUTCD signal warrant requirements. Accordingly, "Emergency Vehicle Approaching" flashers and signage, along with all associated work, is not included.
- All premiums for lighting are not included.

UNIQUE SCOPES OF WORK

109 – PRE-ENGINEERED METAL BUILDING



- Building interior shall have exposed framing, girts, and insulated metal panel backs. Insulated metal panels shall have the factory primer/paint on the interior and exterior.
- Colors for all metal panels shall be selected from a manufacturer standard color palette.

END OF BASIS OF GMP

CODE ANALYSIS

CITY OF WEST WENDOVER - ADOPTED BUILDING CODES

- 2018 Edition of the International Building Code (IBC), together with Appendix Chapters C, E, I, and J.
- 2018 Edition of the International Residential Code (IRC), together with Appendix Chapters A, B, C, G, H, J, K, and M.
- 2018 Edition of the International Fire Code (IFC), together with all appendices.
- 2018 Edition of the International Existing Building Code (IEBC).
- 2018 Edition of the International Energy Conservation Code (IECC), Commercial and Residential Provisions chapter 1 through 5.
- 2018 Edition of the Uniform Plumbing Code (UPC), together with Appendix Chapters A, B, C, D, E, G, I, J, K and L.
- 2018 Edition of the Uniform Mechanical Code (UMC), together with Appendix Chapters A, B and C *Only when IMC is silent.
- 2018 International Mechanical Code (IMC), together with Appendix Chapters A and B.
- 2018 International Fuel Gas Code (IFGC), together with Appendix Chapters A, B, C and D.
- 2018 Edition of the International Wildland-Urban Interface Code, chapter 5.
- 2017 Edition of the National Electrical Code (NEC).
- National Fire Protection Association standards, editions as adopted by the State of Nevada.
- Suggested 2018 Design Criteria:
  1. Roof Snow Load - See Table 1608.2.1 from 2018 Northern Nevada Code Amendments
  2. Wind Speed (mph) - Exposure "C"
     a. IRC: I 00 mph
     b. IBC Basic Design Wind Speed:
        Risk Category I: 95 mph — Risk Category III: 110 mph
        Risk Category II: 105 mph — Risk Category IV: 115 mph
  3. Seismic Design Category:
     a. IRC: 02 b. IBC: D
  4. Frost Depth: 24 inches minimum
  5. Winter Design Temperature: 10° F
  6. Ice Shield Underlayment Required: Yes > 5,300 ft elevation
  7. Flood Hazards: per current FEMA flood maps
  8. Air Freezing Index: 594
  9. Mean Annual Temperature: 49.4° F
  10. Subject to Damage From:
      a. Weathering: Severe — c. Decay: None/Slight
      b. Termite: Moderate/Heavy

APN: 010-740-900

ZONING
Land use: 400 / Land zoning: M

FEMA
Flood Zone: AO

Additional Applicable Codes:
- **ICC/ANSI** 117.1 - 2009
- **ADA** 2010
- **NORTHERN NEVADA AMENDMENTS 2018**
- **NAC** - 477

Occupancy Classifications:
- S-2 Occupancy (Section 311.3) - Main occupancy
- B Occupancy (Section 304.1) - Accessory to "S-2" Occupancy, per section 508.2
  No occupancy separation required, per section 508.2.4

Fire Sprinklers Provided: **Yes - Installed in accordance with Section 903.3.1.1**

- Construction Type: **Type V-B**
- Allowable Height: 3 Story (Table 504.4) / 60'(Table 504.3)
- Actual Height: **28'- 0" / 1 Story**
- Allowable Area factor: 54,000 (S-2 Occupancy) (Table 506.2)
- Frontage increase (If): 75% (Section 506)
- Allowable Area with Increase: Aa = At + (NS x If) --> [54,000+ [13,500 x 0.75]] = 64,125 sf
- Actual Area: 11,457 SF

Required separation of occupancies: **No Separation Required (Table 508.4)**

Fire Resistance Rating Requirements: **(Table 601)**

- Structural Frame: 0-hr
- Bearing Exterior Walls: 0-hr
- Bearing Interior Walls: 0-hr
- Non-Bearing Exterior Walls: 0-hr
- Non-Bearing Interior Walls: 0-hr
- Floor: 0-hr
- Roof: 0-hr

Maximun area of exterior wall openings: No Limit
(Table 705.8)

Means of Egress

- Spaces with One Exit: (Table 1006.2.1)
  Occupant count up to and including **29** allowed on 1 exit for "S" occupancy with maximun common path of egress **100 ft.**; and **49** allowed on 1 exit for "B" occupancy with maximun common patch of **100 ft.**
- Exit access travel distace: (Table 1017.2)
  S-2: 400 ft.
  B: 300 ft.
- Corridor fire-resistance rating (Table 1020.1)
  S: 0-hr
  B: 0-hr

Total occupant load: (Table 1004.5 and sheet AE1.01 with the Life Safety Plan)
S-2: 52 occupants
B: 29 occupants

IECC – 2018 (International Energy Conservation Code)
Nevada is Climate **Zone 5B** (Elko County)

Table C402.1.3 – Building Envelope Minimum Requirements (Opaque Assemblies)

Item:	Required:	Provided:
Roof (Continuous above Deck)	R-30ci	R-30
Mass Walls (Framed)	R-11.4ci	N/A
Wood Framed Walls	R-13 + R-3.8ci or R-20	R-20
Slab on Grade Floors	R-10 for 24" below	R-12
Opaque Doors (non-swinging)	R-4.75	R- 4.75

Table C402.4 – Building Envelope Requirements: Fenestration

Fixed Fenestration	U- 0.38
Operable Fenestration	U- 0.45
Entrance Doors	U- 0.77
Over Head Door	U- 0.77
SHGC	SEW: 0.38 N: 0.51

Section C402.5 – Air Leakage (Mandatory)
Continuous Air Barrier is required

Section: C402.5.1 – Air Barriers
A continuous air barrier is required and must comply with C402.5.1.2.1
Roof: Extruded polystyrene insulation board ½" thick min.
Foil-back polyisocyanurate insulation board having a thickness of not less than ½".
Fully adhered single-ply roof membrane.
Walls: Exterior or Interior gypsum board having a thickness of not less than ½".
Portland cement/sand parge, or gypsum plaster having a thickness of not less than 5/8".

Plumbing Fixtures Count

Section 2902 The number of fixtures shall be determined by this code,
(Based on Table 2902.1 requirements). see Calculations below.

Table 2902.1 Minimum Number of Required Plumbing Fixtures

	OCCUPANCY	WATER CLOSETS M	WATER CLOSETS F	LAVATORIES M	LAVATORIES F	BATHTUBS OR SHOWERS	DRINKING FOUNTAINS	SERVICE SINK
FIXTURE REQUIREMENTS	GROUP S-2	1 per 100		1 per 100		-	1 per 1000	
	52 OCCUPANTS	26	26	18	18	n/a	0.05	1
		0.26	0.26	0.26	0.26			
	GROUP B	Table 2902.1, Row No. 2		Table 2902.1, Row No. 3		-	1 per 100	
	29 OCCUPANTS	14.5	14.5	14.5	14.5	n/a	0.29	1
		0.58	0.58	0.36	0.36			
	REQUIRED:	2	2	2	2	0	1	2
	PROVIDED:	2	2	2	2	0	1	2

GENERAL NOTES

1. ALL CONSTRUCTION SHALL CONFORM TO THE AMERICANS WITH DISABILITIES ACT (ADA), LOCAL GOVERNING FIRE, SAFETY, AND BUILDING CODES, REQUIREMENTS AND REGULATIONS, 2018 IBC, ANSI A117.1 -2009.
2. ALL DIMENSIONS ARE TO THE FACE OF CONCRETE OR MASONRY, FACE OF STUD WALLS, OR CENTERLINE OF COLUMNS UNLESS NOTED OTHERWISE.
3. COORDINATE ALL DISCIPLINES AND ALL ASPECTS OF WORK. CONFLICTS AND DISCREPANCIES SHALL BE BROUGHT TO THE ATTENTION OF THE ARCHITECT IMMEDIATELY.
4. ALL FINISH ELEVATIONS ARE TO TOP OF WALKS, GRADE, PAVING, WALLS, ROOFS, AND SLABS ETC., UNLESS NOTED OTHERWISE
5. ALL SOIL BERMS SHALL BE CONSTRUCTED TO DRAIN AWAY FROM VERTICAL SURFACES
6. ALL GROUND PREPARATION SHALL BE IN CONFORMANCE WITH THE RECOMMENDATIONS OF THE GEOTECHNICAL REPORT. THE CONTRACTOR SHALL BE RESPONSIBLE TO OBTAIN A COPY OF THIS REPORT. ALL RECOMMENDATIONS AND REQUIREMENTS CONTAINED WITHIN THE SOILS REPORT ARE TO BE FOLLOWED UNLESS SPECIFICALLY NOTED OTHERWISE IN THE DRAWINGS OR TECHNICAL SPECIFICATIONS
7. ALL CONCRETE SURFACES WHICH RECEIVE A SPECIAL FINISH, FLOOR COVERING, COATINGS, HARDENERS, ETC. SHALL BE CONSTRUCTED IN ACCORDANCE WITH THE SPECIFIC FINISH MANUFACTURER'S SPECIFICATIONS AND INSTRUCTIONS. PRIOR TO APPLICATION OF A SPECIAL FINISH, A WRITTEN ACCEPTANCE OF THE SURFACE SHALL BE SUBMITTED TO THE ARCHITECT BY THE GENERAL CONTRACTOR
8. SLOPE ALL CONCRETE SURFACES ADJACENT TO THE BUILDING AWAY FROM THE BUILDING
9. ALL CONCRETE SURFACES UPON WHICH PEDESTRIANS CAN WALK SHALL BE FINISHED SUCH THAT THE MINIMUM STATIC COEFFICIENT OF SLIDING FRICTION BETWEEN THE SURFACE AND NORMAL HARD-SOLED SHOES = 0.60 AND 0.80 FOR RAMPS
10. ALL CONCRETE AND MASONRY CONNECTIONS AND JOINTS SHALL BE COMPLETELY SEALED AND WATERPROOFED WITH BACKER ROD AND SEALANT AS RECOMMENDED AND SPECIFIED BY EACH SPECIFIC APPLICATION
11. ALL EXPANSION JOINTS IN CONCRETE FLOORS SHALL BE COMPLETELY CAULKED AND SEALED
12. CONTRACTOR SHALL COORDINATE ALL CONCRETE SLABS TO SLOPE AWAY FROM BUILDING, TO SLOPE TOWARD DRAINS, ETC., IN ACCORDANCE WITH THE ARCHITECTURAL AND STRUCTURAL DRAWINGS
13. ALL CONCRETE BLOCK SURFACES ADJACENT TO SOIL BERMS AND PLANTERS SHALL BE PROVIDED WITH A MONOLITHIC WATERPROOF SYSTEM EXTENDING FROM TOP OF FOOTING TO 2" ABOVE SOIL
14. ALL PLANTER AND RETAINING WALLS SHALL BE CONSTRUCTED WITH 3/4" DIAMETER PVC WEEP HOLES AT 6'-0" O.C. MAXIMUM
15. ALL EXPOSED WELDS SHALL BE GROUND SMOOTH AND FINISHED WITH NO PITS FOR ARCHITECTURAL APPEARANCE
16. ALL EXPOSED METAL SURFACES THAT ARE NOT PREFINISHED ARE TO BE PAINTED
17. PROVIDE METAL STRAPPING AND ANCHORAGE FOR CEILING AND WALL MOUNTED EQUIPMENT
18. ALL SHEET METAL FLASHINGS ARE TO BE IN ACCORDANCE WITH ARCHITECTURAL SHEET METAL MANUAL AS PRODUCED BY SHEET METAL AND AIR CONDITIONING CONTRACTORS NATIONAL ASSOCIATION (SMACNA)
19. PROVIDE SEPARATION AND/OR APPROPRIATE COATING BETWEEN ALL DISSIMILAR METALS. ALL TRANSITIONS BETWEEN SIMILAR OR DISSIMILAR MATERIALS, EQUIPMENT, ACCESSORIES, ETC. SHALL BE CAULKED AND/OR SEALED AS REQUIRED
20. CONTRACTOR SHALL FIELD VERIFY DIMENSIONALLY ALL OPENINGS PRIOR TO MANUFACTURING WINDOW AND DOOR FRAMES
21. ALL DOOR AND FRAME ASSEMBLIES AND INSTALLATIONS SHALL BE IN STRICT ACCORDANCE WITH UNIFORM LIFE SAFETY CODES GOVERNING EDITION. ALL EXTERIOR DOORS SHALL BE COMPLETE WITH PROPER THRESHOLDS, ASTRAGALS, WEATHERSTRIPPING, HOLDS AND DOOR BOTTOMS
22. ALL FIRE EXTINGUISHER FINISH ELEVATIONS ARE TO TOP OF WALKS, GRADE, PAVING, WALLS, ROOFS, ETC., UNLESS NOTED OTHERWISE. LOCATIONS TO BE FINALIZED BY THE STATE FIRE MARSHAL. LOCATIONS SHOWN ON THE DRAWINGS ARE FOR REFERENCE ONLY
23. COATINGS MUST COMPLY WITH ALL LOCAL AND FEDERAL LAWS GOVERNING VOLATILE ORGANIC COMPOUNDS, AND ALL ENVIRONMENTAL PROTECTION AGENCY RECOMMENDATIONS
24. CONTRACTOR SHALL NOT SCALE ANY DRAWING IN THIS BID SET
25. THE AUTOMATIC FIRE SPRINKLER DRAWINGS, THE HYDRAULIC CALCULATIONS AND THE MATERIAL SPECIFICATIONS SHALL BE SUBMITTED TO THE STATE OF NEVADA, OFFICE OF THE STATE FIRE MARSHAL BY A LICENSED FIRE SPRINKLER CONTRACTOR FOR REVIEW PRIOR TO INSTALLATION
26. THE FIRE ALARM DRAWINGS AND MATERIAL SPECIFICATIONS SHALL BE SUBMITTED TO THE STATE OF NEVADA OFFICE OF THE STATE FIRE MARSHAL BY A LICENSED CONTRACTOR FOR REVIEW PRIOR TO INSTALLATION. "... THESE DEFERRED SUBMITTAL ITEMS SHALL BE SUBMITTED TO THE REGISTERED DESIGN PROFESSIONAL IN RESPONSIBLE CHARGE WHO SHALL REVIEW THEM AND FORWARD THEM TO THE BUILDING OFFICIAL WITH A NOTATION INDICATING THAT THE DEFERRED SUBMITTAL DOCUMENTS HAVE BEEN REVIEWED AND THAT THEY HAVE BEEN FOUND TO BE IN GENERAL CONFORMANCE WITH THE DESIGN OF THE BUILDING. THE DEFERRED SUBMITTAL ITEMS SHALL NOT BE INSTALLED UNTIL THEIR DESIGN AND SUBMITTAL DOCUMENTS HAVE BEEN APPROVED BY THE BUILDING OFFICIAL..." SEE MECHANICAL, ELECTRICAL, PLUMBING AND STRUCTURAL FOR ADDITIONAL DEFERRED SUBMITTAL REQUIREMENTS
27. CONTRACTOR IS RESPONSIBLE FOR COORDINATING THE LOCATION OF THE ACCESS DOORS FOR PLUMBING VALVES, CLEAN OUTS, WATER HAMMER ARRESTORS ETC. TO ENSURE SERVICEABILITY OF THE EQUIPMENT. ALL ACCESS DOORS LOCATED ON WALLS SHALL BE PAINTED TO MATCH WALL. ALL ACCESS PANELS LOCATED IN CEILINGS SHALL BE PAINTED TO MATCH CEILING. ALL ACCESS DOORS EASILY ACCESSIBLE TO THE PUBLIC SHALL BE LOCKABLE. PROVIDE A CYLINDER LOCK WITH LATCH AND TWO KEYS FOR EACH DOOR
28. ALL NOTES, DETAILS, SPECIFICATIONS, AND OTHER PROVISIONS INCLUDED IN THESE CONTRACT DOCUMENTS, WHETHER CROSS REFERENCE OR NOT, ARE PART OF THIS PROJECT. ALL WORK SHOWN HEREIN SHALL BE PERFORMED WITHOUT EXCEPTION

1 LIFE SAFETY PLAN
SCALE: 3/16" = 1'-0"

GENERAL NOTES

1. PER 2018 IBC SECTION 703.7: FIRE WALLS, FIRE BARRIERS, FIRE PARTITIONS, SMOKE BARRIERS, AND SMOKE PARTITIONS OR ANY OTHER WALL REQUIRED TO HAVE PROTECTED OPENINGS OR PENETRATIONS SHALL BE EFFECTIVELY AND PERMANENTLY IDENTIFIED WITH SIGNS OR STENCILING. SUCH IDENTIFICATION SHALL: (1) BE LOCATED IN ACCESSIBLE CONCEALED FLOOR, FLOOR-CEILING, OR ATTIC SPACES; (2) BE LOCATED WITHIN 15' OF THE END OF EACH WALL AND AT INTERVALS NOT EXCEEDING 30' MEASURED HORIZONTALLY ALONG THE WALL OR PARTITION; AND (3) INCLUDE LETTERING NOT LESS THAN 3" IN HEIGHT WITH A MINIMUM 3/8" STROKE IN A CONTRASTING COLOR INCORPORATING THE SUGGESTED WORDING: "FIRE AND/OR SMOKE BARRIER - PROTECT ALL OPENINGS" OR OTHER WORDING
2. FOR CLARITY PURPOSES; HALLWAYS, RESTROOMS, ACCESSORY SPACES, AND ALL OTHER SPACES WITH NO OCCUPANT LOAD ARE NOT LABELED.
3. ELECTRICAL ROOMS TO HAVE 1HR FIRE RATED WALLS, UNLESS NOTED OTHERWISE.
4. BUILDING IS FULLY SPRINKLERED, AND HAS AUDIBLE AND VISUAL FIRE ALARM SYSTEM THROUGHOUT.

ENGINEER'S STATEMENT

THESE PLANS (SHEETS C-1 OF 4 THROUGH C-4 OF 4 HAVE BEEN PREPARED IN ACCORDANCE WITH ACCEPTED ENGINEERING PROCEDURES AND GUIDELINES, AND ARE IN SUBSTANTIAL COMPLIANCE WITH APPLICABLE STATUTES, CITY ORDINANCES, AND CODES. IN THE EVENT OF CONFLICT BETWEEN ANY PORTION OF THESE PLANS AND CITY CODES, THE CITY CODES SHALL PREVAIL.

LEGEND

- SD 12" — PROPOSED STORM DRAIN / SANITARY SEWER W/SIZE & DIRECTION INDICATOR
- SD 12" — EXISTING STORM DRAIN/SANITARY SEWER W/SIZE & DIRECTION INDICATOR
- SEWER LATERAL
- AC PAVEMENT AREA
- CONCRETE AREA (4000 PSI)
- TYPE 2 BASE GRAVEL AREA (95% MDD)
- EXISTING AC PAVEMENT
- GRADE BREAK
- 53.96 FC — PROPOSED ELEV. @ FRONT FACE TOP OF CURB
- 52.45 GB — PROPOSED ELEV. @ GRADE BREAK
- 51.27 HP — PROPOSED ELEV. @ HIGH PT.
- 51.86 FL — PROPOSED ELEV. @ FLOW LINE
- 51.25 FG — PROPOSED ELEV. @ FINISHED GRADE
- 4900 — EXISTING CONTOUR LINE
- 4900 — PROPOSED CONTOUR LINE
- ACCESSIBLE RAMP
- DRAINAGE SWALE FLOW LINE
- CUT OR FILL SLOPE
- SD — EXISTING STORM DRAIN
- GAS — EXISTING GAS
- PROPOSED FENCE
- TELE — EXISTING TELEPHONE
- OE — EXISTING ELECTRIC OVERHEAD LINE
- W — EXISTING WATERLINE
- SS — EXISTING SANITARY SEWER
- BACKFLOW PREVENTOR
- CHECK VALVE
- CHECK VALVE–DOUBLE
- FLUSH VALVE
- METER–DUAL
- METER–SINGLE
- REDUCER
- SERVICE–DUAL
- SERVICE–SINGLE
- TEE
- VALVE
- E — EX ELECTRIC VAULT/BOX
- EXISTING TEELPHONE/FIBER LINE
- EXISTING LIGHT
- EXISTING SIGN
- PROPOSED SIGN
- PROPOSED SS CLEANOUT
- EXISTING FIRE HYDRANT
- CAP W/ THRUST BLOCK
- 11.25° ELBOW
- 22.5° ELBOW
- 45° ELBOW
- 90° ELBOW
- ELECTRIC PULL BOX
- PROPOSED FIRE HYDRANT
- PROPOSED WTR METER VAULT
- EXISTING STREET LIGHT
- TYPE 7 STREET LIGHT
- PROPOSED MONUMENT
- WV — WATER VALVE (HOLLOW IF EXISTING)
- EXISTING GAS VALVE/MAIN
- EXISTING METER PIT
- SS & SD MANHOLE (HOLLOW IF EXISTING)
- CATCH BASIN (HOLLOW IF EXISTING)
- FIRE SERVICE
- GUY WIRE
- RIPRAP EROSION CONTROL

GENERAL NOTES

1. THE CONTRACTOR SHALL VERIFY IN THE FIELD, ALL ELEVATIONS, DIMENSIONS, FLOW LINES, EXISTING CONDITIONS, AND POINTS OF CONNECTIONS WITH ADJOINING PROPERTY (PUBLIC OR PRIVATE), ANY DISCREPANCIES SHALL BE CALLED TO THE ATTENTION OF THE PROJECT ENGINEER BEFORE PROCEEDING WITH THE WORK.
2. THE CONTRACTOR SHALL KEEP A REDLINE SET OF AS–BUILTS PLANS ON–SITE AND WORK WITH THE PROJECT ENGINEER AT COMPLETION TO ENSURE ACCURATE AS–BUILT DRAWINGS CAN BE GENERATED AND SUBMITTED TO THE CITY OF WEST WENDOVER AND THE OWNER BY THE PROJECT ENGINEER.
3. THE CONTRACTOR SHALL NOTIFY THE PROJECT ENGINEER, THE SOILS ENGINEER, THE CITY OF WEST WENDOVER, AND ALL UTILITY COMPANIES 48 HOURS PRIOR TO COMMENCEMENT OF WORK.
4. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ANY AND ALL DAMAGE TO THE EXISTING UTILITIES ENCOUNTERED DURING CONSTRUCTION. IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO CONTACT THE UTILITY COMPANIES FOR LOCATIONS PRIOR TO CONSTRUCTION. HORIZONTAL AND VERTICAL LOCATIONS OF EXISTING UTILITIES ARE APPROXIMATE ONLY. THE CONTRACTOR SHALL CALL UNDERGROUND SERVICES ALERT AT 1.800.227.2600 AT LEAST 48 HOURS PRIOR TO EXCAVATION.
5. ALL UTILITY TRENCHES SHALL CONFORM TO SIERRA PACIFIC POWER, ZITO MEDIA, FRONTIER COMMUNICATIONS, AND SOUTHWEST GAS SPECIFICATIONS. CONTRACTOR TO COORDINATE INSTALLATION OF ALLUTILITY TRENCHES WITH LOCAL UTILITIES.
6. CONTRACTOR TO OBTAIN AND PAY FOR PERMITS FROM THE CITY OF WEST WENDOVER PRIOR TO EXCAVATING WITHIN THE CITY RIGHT–OF–WAY.
7. AT ALL POINTS WHERE SEWER (SANITARY OR STORM), WATER MAINS AND LATERALS CROSS, VERTICAL AND HORIZONTAL SEPARATION SHALL BE MAINTAINED PER NAC. ENGINEER AND CONTRACTOR TO REFERENCE SECTION 445A.6715 TO SECTION 445A.6718 OF THE NEVADA ADMINISTRATIVE CODE FOR UTILITY SEPARATION AND CLEARANCES.
8. ALL SANITARY SEWER MAINS SHALL BE A MIN. OF 8" SDR 35 PVC (GREEN) PIPE. ALL RESIDENTIAL SANITARY SEWER LATERALS SHALL BE A MIN. 4" SDR 35 PVC PIPE WITH A 2% SLOPE MINIMUM UNLESS OTHERWISE SHOWN.
9. ALL WATER MAINS SHALL BE MIN. OF 8" THICK CLASS 50 OR PRESSURE CLASS 350 DUCTILE IRON PIPE WITH POLYETHYLENE ENCASEMENT WRAPPED IN (8 MIL VISQUEEN) OR DR 18 C900 PIPE UNLESS OTHERWISE SHOWN. ALL 4"/6" FIRE SPRINKLER LINES SHALL BE DIP OR DR 18 C900 PIPE.
10. ALL CONSTRUCTION SHALL CONFORM TO AWWA C–600. MINIMUM COVER OVER THE WATER MAIN SHALL BE 42" WITH TRACE WIRE AND WARNING TAPE.
11. THE CITY OF WEST WENDOVER UTILITY DEPARTMENT SHALL BE CONTACTED TO PERFORM ALL TAPS ONTO CITY OF WEST WENDOVER UTILITIES.
12. THE CITY OF WEST WENDOVER UTILITY DEPARTMENT SHALL BE CONTACTED FOR AUTHORIZATION TO PLACE ANY NEW WATER SYSTEMS, EXTENSIONS, REPLACEMENTS IN EXISTING SYSTEMS AND VALVED SECTIONS INTO SERVICE FOR TESTING OR FINAL ACCEPTANCE.
13. ALL WATER SERVICE LINES SHALL BE 2" IRON PIPE SIZE (IPS) RATED 200 PSI POLYETHYLENE DR11 UNLESS SHOWN OTHERWISE.
14. BEFORE BEING CERTIFIED BY AN ENGINEER OR ACCEPTED BY THE CITY OF WEST WENDOVER, ANY NEW WATER SYSTEMS, EXTENSIONS, REPLACEMENTS IN EXISTING SYSTEMS AND VALVED SECTIONS SHALL BE DISINFECTED IN ACCORDANCE WITH AWWA C–651, "DISINFECTING WATER MAINS".
15. BEFORE BEING CERTIFIED BY AN ENGINEER OR ACCEPTED BY THE CITY OF WEST WENDOVER, ANY NEW WATER SYSTEMS, EXTENSIONS, REPLACEMENTS IN EXISTING SYSTEMS AND VALVED SECTIONS SHALL BE PRESSURE TESTED IN ACCORDANCE WITH NAC445A.67145.7 (a) AND (b) AND INSPECTED BY THE CITY OF WEST WENDOVER.
16. GRADING AROUND BUILDINGS TO BE DONE IN A MANNER AS TO PROVIDE POSITIVE DRAINAGE AWAY FROM BUILDING IN ACCORDANCE WITH CITY OF WEST WENDOVER REQUIREMENTS.
17. LAND GRADING SHALL BE DONE IN A METHOD TO PREVENT DUST FROM TRAVERSING THE PROPERTY LINE.
18. WATER METERS SHALL BE INSTALLED DURING ANY DEVELOPMENT AND PRIOR TO THE ISSUANCE OF CERTIFICATE OF OCCUPANCY FOR THE BUILDING SHOWN OR SUBSEQUENT DIVISION OF THE PARCELS SHOWN. WATER AND SEWER THROUGHOUT THE DEVELOPMENT WILL BE DEDICATED TO THE CITY OF WEST WENDOVER UP TO THE WATER METER LOCATIONS. A BLANKET UTILITY EASEMENT SHALL BE GRANTED THROUGHOUT THE PARKING CORRIDOR.
19. ALL EXISTING UTILITY ADJUSTMENTS SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR.
20. ALL EXISTING ASPHALT REMOVAL AND REPLACEMENT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR.
21. ADD 4000 FEET TO ALL SPOT ELEVATION.

EROSION CONTROL NOTES

1. ALL PUBLIC RIGHT OF WAYS LOCATED ADJACENT TO THE SITE (E.G. STREETS AND SIDEWALKS) MUST BE CLEANED DAILY OF ALL SEDIMENT OR WASTES THAT ORIGINATE FROM THE SITE.
2. BMPS IN ADDITION TO THOSE INDICATED IN THE STORM WATER POLLUTION PREVENTION PLAN (SWPPP) MAY BE REQUIRED IF THEY DO NOT MEET THE CITY OF WEST WENDOVER PERFORMANCE STANDARDS.
3. TEMPORARY OR PERMANENT STABILIZATION MUST BE APPLIED NO LATER THAN 14 DAYS TO ALL DISTURBED SOILS, INCLUDING STOCKPILES, WHERE CONSTRUCTION ACTIVITY HAS CEASED.
4. ALL BMPS MUST BE INSPECTED WEEKLY, PRIOR TO FORECASTED RAIN EVENTS, AND WITHIN 24 HOURS AFTER ANY EVENT THAT CREATES RUNOFF AT THE SITE.
5. ACCUMULATED SEDIMENT MUST BE REMOVED FROM BMP'S WHEN THE DESIGN CAPACITY HAS BEEN REDUCED BY 50 PERCENT OR MORE. SEDIMENT MUST ALSO BE REMOVED WITHIN SEVEN DAYS AFTER A RUNOFF EVENT OR PRIOR TO THE NEXT FORECASTED EVENT, WHICHEVER IS EARLIER.
6. ALL BEST MANAGEMENT PRACTICES (BMP'S) SHALL BE IN ACCORDANCE WITH THE "CITY OF WEST WENDOVER CONSTRUCTION SITE BEST MANAGEMENT PRACTICES HANDBOOK", DATED DECEMBER 2005, AND AVAILABLE THROUGH THE CITY OF WEST WENDOVER.
7. PRIOR TO THE START OF CONSTRUCTION, THE CONTRACTOR SHALL HAVE IN PLACE ALL NECESSARY BEST MANAGEMENT PRACTICES THAT SHALL BE USED TO MINIMIZE DUST, PREVENT EROSION, AND PREVENT POLLUTION LADEN RUNOFF FROM ENTERING THE ADJACENT STORM DRAIN FACILITIES. THE CONTRACTOR SHALL MAINTAIN, REPAIR, REPLACE, SUBSTITUTE, OR SUPPLEMENT BMP'S AT THE CONSTRUCTION SITE AS CONDITIONS WARRANT DURING CONSTRUCTION. BMP'S MAY INCLUDE, BUT NOT BE LIMITED TO, THE FOLLOWING BMP'S: (1) SILT FENCING OR STRAW WADDLES AT THE DOWNHILL LIMITS OF GRADING, (2) STABILIZED CONSTRUCTION SITE ENTRY/EXIT, (3) PERMANENT SLOPE RE–VEGETATION ON ALL DISTURBED AREAS, (4) INLET PROTECTION AT EXISTING CATCH BASINS, (5) STOCKPILE MANAGEMENT BMP'S, (6) DUST CONTROL BMP'S, (7) A CONCRETE WASHOUT AREA, AND (8) MEASURES TO PROTECT EXISTING NATIVE VEGETATION.

STORMWATER POLLUTION PREVENTION NOTES

1) THE CONTRACTOR AND/OR THEIR AUTHORIZED AGENTS SHALL EACH DAY REMOVE ALL SEDIMENT, MUD, CONSTRUCTION DEBRIS, OR OTHER POTENTIAL POLLUTANTS THAT MAY HAVE BEEN DISCHARGED TO, OR ACCUMULATE IN, THE PUBLIC RIGHTS OF WAYS OF THE CITY OF WEST WENDOVER AS A RESULT OF CONSTRUCTION ACTIVITIES ASSOCIATED WITH THIS SITE DEVELOPMENT OR CONSTRUCTION PROJECT. SUCH MATERIALS SHALL BE PREVENTED FROM ENTERING THE STORM WATER SYSTEM.

2) ADDITIONAL CONSTRUCTION SITE DISCHARGE BEST MANAGEMENT PRACTICES (BMP) MAY BE REQUIRED OF THE OWNER AND HIS OR HER AGENTS DUE TO UNFORESEEN EROSION PROBLEMS OR IF THE SUBMITTED PLAN DOES NOT MEET THE PERFORMANCE STANDARDS SPECIFIED IN THE CITY OF WEST WENDOVER CONSTRUCTION SITE BEST MANAGEMENT PRACTICES HANDBOOK.

3) TEMPORARY OR PERMANENT STABILIZATION PRACTICES WILL BE INSTALLED ON DISTURBED AREAS AS SOON AS PRACTICABLE AND NO LATER THAN 14 DAYS AFTER THE CONSTRUCTION ACTIVITY IN THAT PORTION OF THE SITE HAS TEMPORARILY OR PERMANENTLY CEASED. SOME EXCEPTIONS MAY APPLY; REFER TO STORM WATER GENERAL PERMIT NVS040000.

4) AT A MINIMUM, THE CONTRACTOR OR HIS AGENT SHALL INSPECT ALL DISTURBED AREAS, AREAS USED FOR STORAGE OF MATERIALS AND EQUIPMENT THAT ARE EXPOSED TO PRECIPITATION, VEHICLE ENTRANCE AND EXIT LOCATIONS AND ALL BMP's WEEKLY, PRIOR TO A FORECASTED RAIN EVENT AND WITHIN 24 HOURS AFTER ANY ACTUAL RAIN EVENT. THE CONTRACTOR OR HIS AGENT SHALL UPDATE OR MODIFY THE STORMWATER POLLUTION PLAN AS NECESSARY. SOME EXCEPTIONS TO WEEKLY INSPECTIONS MAY APPLY, SUCH AS FROZEN GROUND CONDITIONS OR SUSPENSION OF LAND DISTURBANCE ACTIVITIES. REFER TO STORMWATER GENERAL PERMIT SMALL MS4 NVS040000.

5) ACCUMULATED SEDIMENT IN BMP's SHALL BE REMOVED AT REGULAR INTERVALS, WITHIN SEVEN DAYS AFTER A STORMWATER RUNOFF EVENT, AND PRIOR TO THE NEXT ANTICIPATED STORM EVENT. SEDIMENT MUST BE REMOVED WHEN BMP DESIGN CAPACITY HAS BEEN REDUCED BY 50 PERCENT OR MORE.

6) REFER TO CITY OF WEST WENDOVER CONSTRUCTION SITE BEST MANAGEMENT PRACTICES HANDBOOK (PUBLISHED BY THE CITY OF WEST WENDOVER, DATED DEC. 2015) FOR DETAILS OF ALL BMP'S SHOWN ON THIS PLAN.

7) THE BMP'S SHOWN ON THIS PLAN ARE SCHEMATIC ONLY. FINAL BMP SELECTION AND LOCATION SHALL BE DETERMINED BY THE SITE OPERATOR OR THE OWNER'S REPRESENTATIVE.

8) THE CONTRACTOR SHALL SUBMIT TO THE NEVADA DEPARTMENT OF ENVIRONMENTAL PROTECTION (NDEP) FOR STORM WATER DISCHARGE PERMIT. THE CONTRACTOR SHALL SIGN THE NOTICE OF INTENT FOR THE PROPOSED PROJECT.

9) ALL EROSION CONTROL MEASURES SHALL CONFORM TO THE GUIDELINES OUTLINED IN THE CITY OF WEST WENDOVER CONSTRUCTION SITE BEST MANAGEMENT PRACTICE HANDBOOK 2005 EDITION. A COPY OF THIS MANUAL TO BE ON–SITE AT ALL TIMES.

10) ALL CONSTRUCTION SHALL CONFORM TO THE 2016 EDITION OF THE "STANDARD SPECIFICATION FOR PUBLIC WORKS CONSTRUCTION," CONTRACTOR TO KEEP A COPY OF THE SPECIFICATION ON THE JOB SITE AT ALL TIMES

SLOPE STABILIZATION

1) ALL DISTURBBED SLOPES STEEPER THAN 3:1 SHALL BE RIPRAPPED. RIPRAP SHALL BE RUN OF MINE OR UNSCREENED.

2) ALL SLOPES 3:1 OR LESS SHALL BE PLANTED AS FOLLOWS:

   a. HAND SPREAD ENTIRE SEEDED AREA.
   b. IRRIGATION IS TO MATCH THE AVAILABLE WATER HOLDING CAPACITY OF THE SOIL (AWC) FOR EACH SLOPE TAKING INTO ACCOUNT THE PLANT CONSUMPTIVE USE PLUS A FACTOR FOR IRRIGATION SYSTEM EFFICIENCY.
   c. PROVIDE TEMPORARY IRRIGATION UNTIL VEGETATION IS ESTABLISHED.

3) PROTECT EXISTING AND PROPOSED DRAINAGE INLETS DURING CONSTRUCTION IN ACCORDANCE WITH THE FOLLOWING DETAILS:

   a. STORMDRAIN INLET PROTECTION – (BMP DP–3)
   b. CATCH BASIN FILTERS (BMP– DP–4)

4) MAINTENANCE

   a. EXCLUDE FOOT TRAFFIC AS MUCH AS POSSIBLE DURING PLANT ESTABLISHMENT.
   b. AREAS THAT FAIL TO RESPOND OR BECOME DAMAGED SHOULD BE TREATED AGAIN USING SAME TREATMENT INITIALLY APPLIED

5) RECLAMATION SEED MIX (TOTAL 60 BULK POUNDS PER ACRE):

	SPECIES	BULK POUND PER ACRE
1.	BIG SAGEBRUSH	4.0
2.	RABBITBRUSH	4.0
3.	BITTERBRUSH	4.0
4.	INDIAN RICEGRASS	5.0
5.	GREAT BASIN WILDRYE	5.0
6.	COVER SHEEP FESCUE	10.0
7.	SODAR STREAMBANK WHEATGRASS	9.0
8.	ANNUAL RYEGRASS	15.0
9.	PURPLE SAGE (SALVIA DORII)	1.0
10.	FOUR WING SALTBRUSH	1.0

6) FERTILIZER
   16–16–8 — 400/ACRE

7) TOPSOIL AND VEGETATIVE STRIPPINGS SHALL BE STOCKPILED FOR REAPPLICATION TO ALL DISTURBED AREAS.

8) PLANTING MIX (A MIXTURE OF THE FOLLOWING COMPONENTS MEASURED BY VOLUME):

   a. 60% NATURAL SOIL
   b. 30% SOIL CONDITIONER / COMPOST
      10% AXIS SOIL CONDITIONER

SIGNAGE & STRIPING NOTES

1. ALL SIGNAGE AND PAVEMENT MARKINGS SHALL COMPLY WITH STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION, PROJECT SPECIFICATIONS, THESE PLANS, AND THE MOST CURRENT EDITION OF THE MANUAL FOR UNIFORM TRAFFIC CONTROL DEVICES (M.U.T.C.D.).
2. PARKING LOT STRIPING AND PAVEMENT MARKINGS SHALL BE INSTALLED AFTER APPLICATION AND CURING OF SLURRY SEAL. ASPHALT SURFACE SHALL BE CLEAN AND DRY PRIOR TO APPLICATION OF ANY PARKING LOT STRIPING, SYMBOLS, AND OTHER PAVEMENT MARKINGS.
3. CONTRACTOR SHALL VERIFY LOCATION OF EXISTING AND PROPOSED UTILITY LOCATIONS PRIOR TO INSTALLATION OF SIGNAGE.
4. SIGNAGE SHOWN ON THIS PLAN DOES NOT INCLUDE TRAFFIC CONTROL THAT MAY BE REQUIRED PRIOR TO AND DURING CONSTRUCTION. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ANY TRAFFIC CONTROL THAT MAY BE REQUIRED DURING CONSTRUCTION.
5. ANY ADDITIONAL SIGNAGE AND STRIPING NEEDED SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR

Avoid cutting underground utility lines. It's costly.
Call before you Dig
1–800–227–2600
UNDERGROUND SERVICE (USA)

CONSTRUCTION SPECIFICATIONS

1. **THE FIELD SURVEY, POWERLINE POLES, EASEMENTS AND EXISTING TOPOGRAPHY** SHOWN ON THESE IMPROVEMENT PLANS HAVE BEEN PROVIDED BY SUMMIT ENGINEERING (PHONE NO. 775-738-8058) OF WEST WENDOVER, NEVADA FOR THE OWNER, ARCHITECT, AND ENGINEER USE.
2. **PROJECT STANDARD SPECIFICATIONS.** ALL WORK RELATED TO THESE PROJECT IMPROVEMENTS SHALL BE EXECUTED AND COMPLETED IN ACCORDANCE WITH ALL STATE AND LOCAL STANDARDS REFERENCED ON THE PROJECT PLAN SHEETS AND THE PROJECT WRITTEN WORK SPECIFICATIONS. ALL SITE WORK CONSTRUCTION SHALL COMPLY WITH THE ***"STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION, LATEST EDITION"***, SPONSORED AND DISTRIBUTED BY THE REGIONAL TRANSPORTATION COMMISSION OF WASHOE COUNTY AND ADOPTED BY CITY OF WEST WENDOVER, FOR PUBLIC WORKS CONSTRUCTION. ALL CIVIL WORK SHALL COMPLY WITH THE APPLICABLE SECTIONS OF THESE SPECIFICATIONS UNLESS MODIFIED WITHIN THE WRITTEN CONTRACT WITH THE CONTRACTOR. THESE SPECIFICATIONS SHALL BE HEREAFTER REFERRED TO AS THE PROJECT ***"STANDARD SPECIFICATIONS"***. CONSTRUCTION DETAILS SHALL COMPLY WITH THE CONSTRUCTION DETAILS SHOWN IN THESE PLANS. CONSTRUCTION DETAILS NOT SHOWN SHALL BE IN ACCORDANCE WITH THE ***STANDARD DETAILS FOR PUBLIC WORKS CONSTRUCTION, LATEST EDITION***, AS ADOPTED AND DISTRIBUTED BY CITY OF WEST WENDOVER AND THE REGIONAL TRANSPORTATION COMMISSION OF WASHOE COUNTY, NEVADA.
3. **CLEARING & GRUBBING AND REMOVAL OF MATERIALS.** CLEARING & GRUBBING SHALL CONSIST OF REMOVING ALL BRUSH, GRASS, TOPSOIL MATERIALS AND OTHER NATURAL OR OBJECTIONABLE MATERIAL FROM THE CONSTRUCTION LIMITS PRIOR TO SUBGRADE PREPARATION. CLEARING & GRUBBING SHALL BE PERFORMED IN ACCORDANCE WITH **SECTION 300 CLEARING & GRUBBING** OF THE REFERENCED ***STANDARD SPECIFICATIONS.***
4. **STORMWATER AND EROSION CONTROL.** THE CONTRACTOR SHALL MAINTAIN AN EROSION CONTROL PROGRAM ON SITE AT ALL TIMES THAT MEETS, OR EXCEEDS, CITY OF WEST WENDOVER AND THE STATE OF NEVADA REQUIREMENTS. THIS SHALL INCLUDE THE PLACEMENT OF SILT FENCE AROUND THE PERIMETER OF THE JOBSITE AND THE PLACEMENT OF HAY BALES AND VEHICLE MUD TRACKOUT PREVENTION MEASURES AT INGRESS AND EGRESS LOCATIONS ON THE JOBSITE. THE CONTRACTOR SHALL DESIGNATE A LOCATION ON SITE TO CONSTRUCT A CONCRETE WASHOUT PIT FOR READY-MIX CONCRETE CLEANUP. AT THE COMPLETION OF WORK THE CONCRETE CLEANUP PIT SHALL BE REMOVED FROM THE SITE. A CLEAN JOBSITE SHALL BE MAINTAINED BY THE CONTRACTOR. A STORMWATER DISCHARGE PERMIT, FROM THE STATE OF NEVADA AND CITY OF WEST WENDOVER IS REQUIRED ON ALL CONSTRUCTION WORK SITES THAT EXCEED 1.0 ACRES IN SIZE. THE WORK SITE FOR THIS PROJECT IS APPROXIMATELY 5.38 ACRES±.
5. **DUST CONTROL PROGRAM.** THE CONTRACTOR SHALL BE RESPONSIBLE FOR MAINTAINING A DUST CONTROL PROGRAM ON SITE AT TIMES. THE CONTRACTOR SHALL TAKE ALL REASONABLE PRECAUTIONS TO ENSURE THAT AIRBORN DUST DOES NOT LEAVE THE JOBSITE.
6. **UNDERGROUND UTILITIES.** THE CONTRACTOR SHALL BE RESPONSIBLE FOR PROTECTING ALL UNDERGROUND UTILITIES AT ALL TIMES DURING CONSTRUCTION. THE LOCATIONS OF UNDERGROUND UTILITIES SHOWN ON THE PROJECT DRAWINGS ARE APPROXIMATE AND BASED ON EXISTING RECORDS AND FIELD SURVEYS. THE CONTRACTOR SHALL CALL **1-800-227-2600 "USA CALL BEFORE YOU DIG"** FOR UTILITY FIELD LOCATIONS PRIOR TO COMMENCING EXCAVATION ON SITE. THE CONTRACTOR SHALL COORDINATE ALL WORK WITH THE FOLLOWING UTILITY COMPANIES:

ELECTRIC POWER	NV ENERGY
NATURAL GAS	SOUTHWEST GAS CORPORATION,
TELEPHONE	FRONTIER TELEPHONE COMPANY
FIBER OPTIC COMMUNICATION LINES	ANTHEM, CC COMMUNICATION, FRONTIER TELEPHONE AND OTHER OPERATORS
CABLE TV	ZITO MEDIA
WATER & SEWER	CITY OF WEST WENDOVER

7. **SUBGRADE PREPARATION, EXCAVATION AND FILL.** SUBGRADE SOILS SHALL BE PROPERLY PROCESSED BY MOISTURIZING AND COMPACTING THE SUBGRADE SOIL TO A MINIMUM OF 90% MAXIMUM DRY DENSITY IN ACCORDANCE WITH TEST METHOD ASTM D 1557. FILL SOIL SHALL ALSO BE PROPERLY MOISTURIZED AND COMPACTED TO A MINIMUM OF 90% MAXIMUM DRY DENSITY IN ACCORDANCE WITH TEST METHOD ASTM D 1557. EARTHWORK SHALL COMPLY WITH **SECTION 302 SUBGRADE PREPARATION, SECTION 303 UNCLASSIFIED EXCAVATION, SECTION 304 UNCLASSIFIED FILL,** AND **SECTION 305 TRENCH EXCAVATION AND BACKFILL** OF THE PROJECT ***STANDARD SPECIFICATIONS.***
8. **WATER DISTRIBUTION PIPE, SANITARY SEWER PIPE, AND STORM DRAIN MATERIALS.** ALL WATER PIPE, SANITARY SEWER PIPE, AND STORM DRAIN MATERIALS INSTALLED SHALL BE IN ACCORDANCE WITH CITY OF WEST WENDOVER AND CITY OF WEST WENDOVER STANDARDS AND SHALL MEET THE REQUIREMENTS OF **SECTION 203.00 NON-PRESSURE AND PRESSURE PIPE** OF THE REFERENCED PROJECT ***STANDARD SPECIFICATIONS*** AS ADOPTED FOR PUBLIC WORKS CONSTRUCTION BY CITY OF WEST WENDOVER. WATER PIPE MATERIALS ARE SHOWN ON PLAN SHEET C-6. INSTALLATION OF BURIED WATER, SANITARY SEWER AND STORM DRAIN PIPE MATERIALS SHALL BE DONE AS SPECIFIED IN **SECTION 306 STORM DRAIN, CULVERTS, AND SANITARY SEWER CONSTRUCTION** AND **SECTION 307 DOMESTIC WATER AND IRRIGATION SYSTEMS** OF THE PROJECT ***STANDARD SPECIFICATIONS.*** UNDERGROUND WATER AND SEWER PIPING SHALL ALSO COMPLY WITH THE LATEST ADOPTED EDITION OF THE **UNIFORM PLUMBING CODE.** SANITARY SEWER PIPE SHALL BE SDR-35 GRAVITY SEWER PIPE AND SHALL BE INSTALLED AT THE LOCATIONS SHOWN ON THE PROJECT PLANS. ABS OR PVC PRESSURE PIPE SHALL BE USED WHERE PROPER SEPARATION BETWEEN POTABLE WATER LINES AND SANITARY SEWER LINES CANNOT BE MAINTAINED. WATER PIPE 4-INCHES IN DIAMETER TO 12-INCHES IN DIAMETER SHALL MEET THE MINIMUM REQUIREMENTS OF STANDARD **ANSI/AWWA C900 (DR 18).** ALL FITTINGS SHALL BE DUCTILE IRON. PVC WATER PIPE SHALL BE INSTALLED IN ACCORDANCE WITH STANDARD **ANSI/AWWA C605 - UNDERGROUND INSTALLATION OF PVC PRESSURE PIPE FOR WATER**. WATER SERVICE PIPE SHALL BE POLYETHYLENE WATER SERVICE PIPE , IRON PIPE SIZE (CTS), WITH A MINIMUM WORKING PRESSURE OF 200-PSI. CONSTRUCTION SHALL COMMENCE UPON APPROVAL OF THE CONSTRUCTION PLANS BY CITY OF WEST WENDOVER.
9. **AGGREGATE BASE MATERIAL.** AGGREGATE BASE MATERIAL SHALL BE OF THE CLASSIFICATION SHOWN ON THE PLANS AND SHALL BE PLACED TO THE COMPACTED THICKNESS SHOWN . AGGREGATE BASE SHALL BE MOISTURIZED, SPREAD, AND COMPACTED IN MAXIMUM LIFT THICKNESS OF 8-INCHES. MINIMUM COMPACTION REQUIREMENTS ARE 95% MAXIMUM DRY DENSITY IN ACCORDANCE WITH TEST METHOD ASTM D 1557. ALL AGGREGATE BASE MATERIAL, INCLUDING TYPE 2, CLASS B, AGGREGATE BASE, AND TYPE 1, CLASS A, AGGREGATE BASE SHALL MEET THE MATERIAL REQUIREMENTS SPECIFIED IN **SECTION 200 AGGREGATES FOR BASE COURSES** OF THE ***STANDARD SPECIFICATIONS.*** PLACEMENT OF AGGREGATE BASE MATERIAL SHALL BE AS SPECIFIED IN **SECTION 308 AGGREGATE BASE COURSES** OF THE PROJECT ***STANDARD SPECIFICATIONS.***
10. **CONCRETE CURB & GUTTERS, VALLEY GUTTERS, SIDEWALK AND APPROACH SLABS.** AGGREGATES FOR CONCRETE SHALL COMPLY WITH **SECTION 200 AGGREGATES** OF THE PROJECT ***STANDARD SPECIFICATIONS.*** CEMENT AND OTHER ADMIXTURES SHALL COMPLY WITH **SECTION 202 CEMENT AND RELATED MATERIALS.** ALL CONCRETE SHALL BE AIR ENTRAINED WITH A MINIMUM STRENGTH OF 4,000-PSI AT 28-DAYS. CONCRETE MIX DESIGNS SHALL BE PROVIDED TO THE ENGINEER, ARCHITECT AND OWNER AND SHALL BE CURRENT. MIX DESIGNS SHALL BE AS SPECIFIED IN THE PROJECT ***STANDARD SPECIFICATIONS*** FOR THE TYPE OF WORK. CONCRETE SHALL BE PLACED, FINISHED AND CURED IN ACCORDANCE WITH **SECTION 311 CONCRETE STRUCTURES AND MASONRY CONSTRUCTION** AND **SECTION 312 CONCRETE CURBS, GUTTERS, WALKS, DRIVEWAYS, AND ALLEY RETURNS** OF THE PROJECT ***STANDARD SPECIFICATIONS.***
11. **PLANTMIX BITUMINOUS PAVEMENT, PRIME COATS, SEAL COATS, AND ASPHALTIC MATERIALS.** AGGREGATES FOR BITUMINOUS PAVEMENT SHALL BE AS SPECIFIED IN **SECTION 200 AGGREGATES** OF THE PROJECT ***STANDARD SPECIFICATIONS.*** ASPHALT CEMENTS AND BITUMINOUS MATERIALS SHALL MEET THE REQUIREMENTS OF **SECTION 201 BITUMINOUS MATERIALS** OF THE PROJECT ***STANDARD SPECIFICATIONS.*** THE CONTRACTOR SHALL PROVIDE THE ENGINEER WITH A MIX DESIGN FOR APPROVAL PRIOR TO PLACEMENT OF BITUMINOUS PAVING MATERIALS. PLANTMIX BITUMINOUS PAVEMENT AGGREGATE SHALL BE TYPE 2 ON CITY ROADS AND TYPE 3 IN PARKING AREAS, UNLESS OTHERWISE SPECIFIED OR APPROVED. LIQUID ASPHALT AND EMULSIFIED ASPHALT PRIME COAT SHALL BE PLACED IN ACCORDANCE WITH **SECTION 315 PRIME COAT** OF THE ***STANDARD SPECIFICATIONS.*** TACK COAT AND SEAL COAT SHALL BE PLACED IN ACCORDANCE WITH **SECTION 316 TACK COAT** AND **SECTION 317 SEAL COAT.** PLANTMIX BITUMINOUS PAVEMENT SHALL BE DELIVERED, PLACED AND COMPACTED WITHIN SPECIFIED TOLERANCES IN ACCORDANCE WITH THE REQUIREMENTS SPECIFIED IN **SECTION 320 PLANTMIX BITUMINOUS PAVEMENT** OF THE PROJECT ***STANDARD SPECIFICATIONS.***
12. **ROCK RIPRAP, EROSION CONTROL ROCK, AND ROCK LANDSCAPING MATERIAL.** ROCK RIPRAP SHALL BE AS SHOWN ON THE PROJECT DRAWINGS. RIRAP MATERIAL SHALL BE AS SPECIFIED IN **SUBSECTION 200.07 RIPRAP** OF THE PROJECT ***STANDARD SPECIFICATIONS.*** RIPRAP AND LANDSCAPING ROCK FOR EROSION CONTROL SHALL MEET THE SIZE AND CONSISTENCY REQUIREMENTS SHOWN ON THE PLANS.
13. ALL ELEVATIONS SHOWN ON THE CONSTRUCTION PLANS ARE TO THE FINISH GRADE ELEVATION OF THE MATERIAL COURSES INDICATED ON THE PLAN DRAWINGS. BURIED UTILITY LINE ELEVATIONS SHALL BE NOTED AS EITHER TOP OF PIPE OR INVERT ELEVATION (PIPE FLOWLINE). THE CONTRACTOR SHALL VERIFY UTILITY LINE LOCATIONS AND PROTECT ALL EXISTING AND NEW UTILITY LINES.
14. THE CONTRACTOR SHALL BE RESPONSIBLE FOR MAINTAINING AN ADEQUATE SAFETY PROGRAM DURING ALL CONSTRUCTION WORK ON THE PROJECT SITE. MINIMUM SAFETY STANDARDS TO BE MET ON THE JOB SHALL EXCEED THOSE MINIMUM STANDARDS ESTABLISHED BY THE FEDERAL GOVERNMENT (OSHA), THE STATE OF NEVADA AND THE LOCAL GOVERNING AUTHORITY. THE CONTRACTOR SHALL BE AWARE THAT ALL CURRENT MSHA AND SITE SPECIFIC TRAINING AND SAFETY REQUIREMENTS SHALL BE ADHERED TO WHEN WORK IS CONDUCTED ON LOCAL MINING COMPANY PROPERTIES.
15. UPON COMPLETION OF WORK THE CONTRACTOR SHALL FINISH GRADE ALL DISTURBED AREAS AND CLEANUP ALL CONSTRUCTION DEBRIS. THE CONDITION OF THE WORK SITE SHALL BE LEFT IN A CLEAN CONDITION FREE OF ALL CONSTRUCTION DEBRIS. ALL DISTURBED AREAS SHALL BE REGRADED BY THE CONTRACTOR. UPON REGRADING AND CLEANUP ALL DISTURBED AREAS SHALL BE RESEEDED BY HARROWING AND BROADCAST SEEDING, OR BY HYDROSEEDING. THE SEED MIX TO BE APPLIED BY THE CONTRACTOR SHALL INCLUDE: CRESTED WHEAT - 5.0 LBS/ACRE, BIG BLUE GRASS - 0.5 LBS/ACRE, INDIAN RICEGRASS - 1.0 LBS/ACRE, AND BASIN WILDRYE - 4.5 LBS/ACRE FOR A TOTAL MIXED SEED MASS OF 11.0 LBS/ACRE.
16. CONTRACTOR AT ALL TIME SHALL M

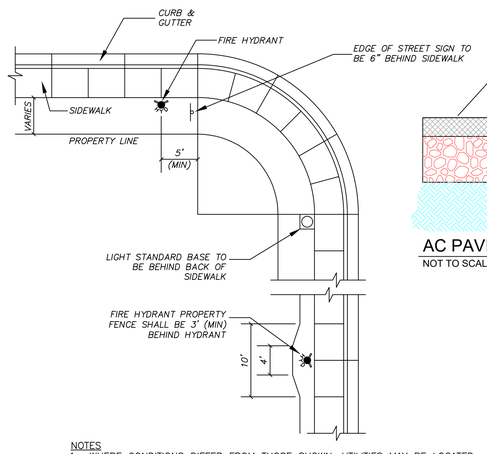
SECTION A–A

NOTES:

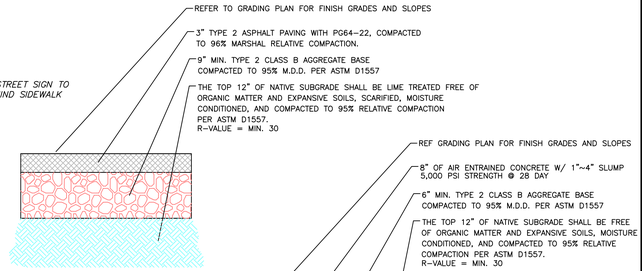
1. CONCRETE SHALL MEET THE REQUIREMENTS OF SECTION 337.10 OF THE LATEST EDITION OF THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION.
2. MANHOLE COVER & FRAME SHALL BE SET ¼" TO ½" BELOW FINISHED CONCRETE OR BITUMINOUS SURFACE. MANHOLE COLLARS IN ALL OTHER AREAS SHALL BE SET FLUSH WITH FINISHED GRADE, UNLESS OTHERWISE SPECIFIED.
3. CONCRETE COLLAR IS REQUIRED WHEN MANHOLE IS NOT LOCATED IN CONCRETE OR BITUMINOUS SURFACE.
4. REFER TO DETAIL SHEET (MANHOLE – GENERAL NOTES) FOR ADDITIONAL INFORMATION.



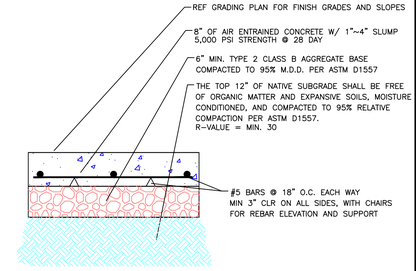
1 MANHOLE COLLAR DETAIL
NOT TO SCALE

TRANSITION LENGTHS FOR 8.33% SLOPE		
GRADE % (B TO A)	"A" MIN. (FT.)	"B" MIN. (FT.)
> –4.00	4.5	15.0
–4 TO –3.01	4.5	12.0
–3 TO –2.01	5.0	9.5
–2 TO –1.01	5.5	8.0
–1 TO 1	7.0	7.0
1.01 TO 2	8.0	5.5
2.01 TO 3	9.5	5.0
3.01 TO 4	12.0	4.5
> 4.00	15.0	4.5

NOTES
1. CONCRETE SHALL MEET THE REQUIREMENTS OF SECTION 337.10 OF THE LATEST EDITION OF THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION.
2. AGGREGATE BASE MATERIAL SHALL MEET THE REQUIREMENTS OF SECTION 302 & 308 OF THE LATEST EDITION OF THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION.
3. CURB RAMP WITHIN CURB RETURN SHALL BE LOCATED AT THE MIDPOINT OF CURB RETURN.
4. RAMPS SHALL BE CONSTRUCTED WITH A ROUGH BROOM FINISH TRANSVERSE TO THE SLOPE OF THE RAMP.
5. WHEN CONSTRUCTING A RAMP WHERE CURB & GUTTER EXIST, COMPLETELY REMOVE INTERFERING PORTIONS OF EXISTING CURB & GUTTER. LOCATION OF CURB RAMP SHALL BE APPROVED BY THE CITY OF WEST WENDOVER PRIOR TO INSTALLATION.
6. DETECTABLE WARNINGS SHALL BE YELLOW AND CONSIST OF RAISED TRUNCATED DOMES AND PLACED AT THE BOTTOM PORTION OF THE RAMP.
7. CROSS SLOPE OF SIDEWALK AND RAMP SURFACES SHALL NOT EXCEED 2%.
8. CURB RAMPS & DETECTABLE WARNINGS SHALL MEET THE REQUIREMENTS OF 28 CFR PART 36, ADA STANDARDS FOR ACCESSIBLE DESIGN.
9. PER THE PROWAG, SECTION 304.3.2, THE RUNNING SLOPE OF A CURB RAMP SHALL BE 8.33% MAXIMUM, BUT SHALL NOT REQUIRE THE RAMP LENGTH TO EXCEED 15.0 FEET. ON STEEP STREETS OR INTERSECTIONS THE TRANSITIION TO FULL HEIGHT CURB MAY HAPPEN IN THE FIRST 15' MINIMUM AND THE RESULTING SLOPE OF THE RAMP IS ALLOWED TO EXCEED 8.33%



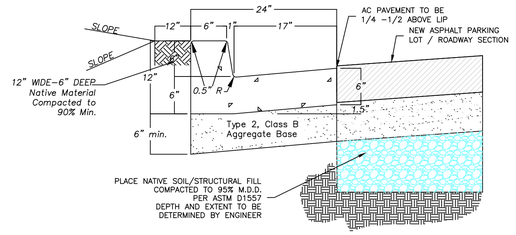
2 TYPE I CURB RAMP
NOT TO SCALE



NOTES
1. WHERE CONDITIONS DIFFER FROM THOSE SHOWN, UTILITIES MAY BE LOCATED WITHIN THE SIDEWALK SECTION WITH THE APPROVAL OF THE GOVERNING AGENCY.
2. WHEN FIRE HYDRANTS AND LIGHT STANDARDS ARE IN THE SAME VICINITY, THEY SHALL BE SEPARATED BY AT LEAST 5 FEET.
3. WHEN STOP SIGN IS LOCATED AT P.C., STREET SIGNS SHALL BE MOUNTED ON SAME POLE.
4. STREET SIGNS AT MID–RETURN SHALL BE LOCATED ADJACENT TO A PEDESTRIAN CURB RAMP, IF APPLICABLE.

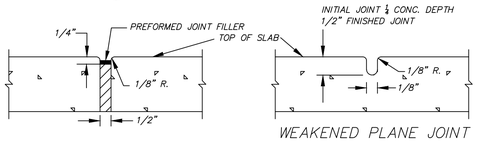
MAT
5. WHERE CURB AND GUTTER DO NOT EXIST, EDGE OF STOP SIGN SHALL BE PLACED AT THE BEGINNING OF THE CURVE, 6 FEET FROM THE EDGE OF PAVEMENT.

3 STREET LIGHT, HYDRANT, & SIGN LOCATION
NOT TO SCALE

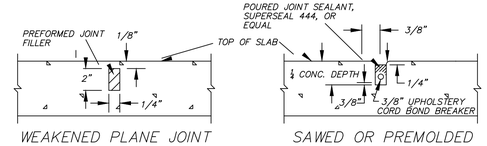


AC PAVING SECTION
NOT TO SCALE

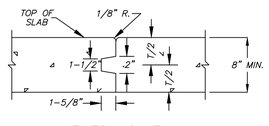
CONCRETE PAVING SECTION
NOT TO SCALE



NOTES
1. ASPHALT PAVING SHALL BE TYPE 3 (1/2 INCH SIZE), 50 BLOW, MARSHAL MIX DESIGN, WITH 3 TO 5% AIR VOIDS, AND SHALL BE COMPACTED TO 96% MARSHALL RELATIVE COMPACTION. THE CONTRACTOR SHALL SUBMIT THE PROPOSED ASPHALT MIX DESIGN TO THE GEOTECHNICAL ENGINEER FOR APPROVAL, A MINIMUM OF 1 WEEK PRIOR TO PAVING.
2. AGGREGATE BASE SHALL BE MOISTURE CONDITIONED TO WITHIN 2% OF OPTIMUM, PLACED IN ONE LIFT, AND COMPACTED TO 95% OF MAXIMUM DRY DENSITY PER ASTM D1557.
3. THE SLOPE OF THE FINISH SURFACE SHALL BE IN ACCORDANCE WITH THE ELEVATIONS AND SLOPES ON THE GRADING PLAN, BUT IN NO INSTANCE SHALL BE LESS THAN 1%.
4. NEW ASPHALT PAVING FINISH SURFACE SHALL BE FLUSH WITH EXISTING ASPHALT PAVING SURFACE, MATCHING GRADE AT LIMITS OF REMOVAL AND REPLACEMENT.

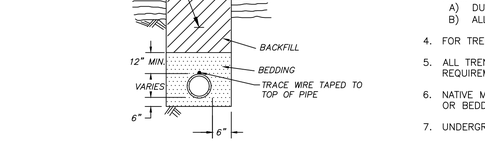


4 AC PAVING SECTION
NOT TO SCALE

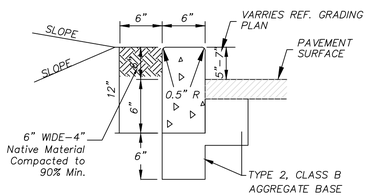


NOTES
1. CONCRETE SHALL MEET THE REQUIREMENTS OF SECTION 337.10 OF THE LATEST EDITION OF THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION.
2. AGGREGATE BASE MATERIAL SHALL MEET THE REQUIREMENTS OF SECTIONS 302 & 308 OF THE LATEST EDITION OF THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION.
3. ALL CONCRETE CURB AND GUTTER SHALL HAVE ½" EXPANSION JOINTS EVERY 90 FEET AND AT ALL CURB RETURNS. WEAKENED PLANE JOINTS SHALL BE EVERY 10 FEET.
4. PLANTMIX BITUMINOUS SURFACE SHALL BE ½" TO ½" ABOVE LIP OF GUTTER PAN.

5 CURB & GUTTER DETAIL
NOT TO SCALE



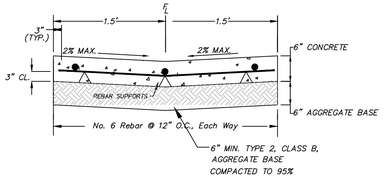
KEYED JOINT



9 P.C.C. JOINT DETAIL

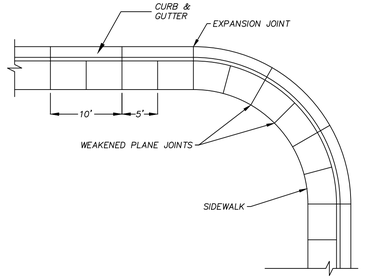
DUCTILE IRON PIPE, PVC, PE & HDPE PIPE

NOTES
1. WATER DENSIFIED BACKFILL AND TUNNELING SHALL NOT BE ALLOWED.
2. BACKFILL SHALL MEET THE REQUIREMENTS FOR CLASS "E" BACKFILL WITH NO ROCKS SIZED OVER 4", COMPACTED IN 6" (MAX.) LIFT TO 90% (MIN.) RELATIVE COMPACTION.
3. 3. BEDDING MATERIAL FOR THE FOLLOWING PIPE SHALL MEET THE REQUIREMENTS OF SECTION 200 & 305 OF THE LATEST EDITION OF THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION AND COMPACTED TO A MINIMUM 90% RELATIVE COMPACTION.
   A) DUCTILE IRON PIPE – CLASS "C"
   B) ALL OTHER PIPE – CLASS "A"
4. FOR TRENCHES & EXCAVATIONS LOCATED WITHIN ROADWAY SECTION, SEE PAVEMENT PATCH DETAIL.
5. ALL TRENCHES AND EXCAVATIONS SHALL CONFORM TO THE LATEST EDITION OF O.S.H.A. AND M.U.T.C.D. REQUIREMENTS.
6. NATIVE MATERIAL MUST BE APPROVED BY THE CITY OF WEST WENDOVER ENGINEER PRIOR TO USING AS BACKFILL OR BEDDING.
7. UNDERGROUND WARNING TAPE SHALL BE METALLIC AND APPROPRIATELY LABELED AND COLORED.



5 TRENCH DETAIL
NOT TO SCALE

PARKING LOT



NOTES
1. CONCRETE SHALL MEET THE REQUIREMENTS OF SECTION 337.10 OF THE LATEST EDITION OF THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION.
2. AGGREGATE BASE MATERIAL SHALL MEET THE REQUIREMENTS OF SECTIONS 302 & 308 OF THE LATEST EDITION OF THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION.
3. ALL CONCRETE CURB SHALL HAVE 1/2" EXPANSION JOINTS EVERY 90 FEET AND AT ALL CURB RETURNS. WEAKENED PLANE JOINTS SHALL BE EVERY 10 FEET. FOR BARRIER CURB ONLY, PLACE WEAKENED PLANE JOINTS EVERY 5 FEET.
4. GLUE DOWN THE TYPE 2 MEDIAN CURB TO THE PAVEMENT SURFACE USING EPOXY CEMENT.

6 PARKING LOT TYPE 1 POST CURB
NOT TO SCALE

NOTES
1. CONCRETE SHALL MEET THE REQUIREMENTS OF SECTION 337.10 OF THE LATEST EDITION OF THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION.
2. AGGREGATE BASE MATERIAL SHALL MEET THE REQUIREMENTS OF SECTIONS 302 & 308 OF THE LATEST EDITION OF THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION
3. REINFORCING STEEL SHALL MEET THE REQUIREMENTS OF SECTION 326 OF THE LATEST EDITION OF THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION.
4. PLANTMIX BITUMINOUS SURFACE SHALL BE ½" TO ½" ABOVE VALLEY GUTTER. ALL OTHER SURFACES TO BE FLUSH WITH VALLEY GUTTER.
5. IF 2% CROSS SLOPE CAN NOT BE ATTAINED ON THE VALLEY GUTTER, PROPOSED CROSS SLOPE SHALL BE APPROVED BY THE CITY OF WEST WENDOVER.
6. CURB RAMPS & DETECTABLE WARNINGS SHALL MEET THE REQUIREMENTS OF THE LATEST EDITION OF THE ADAAG.
7. DRIVEWAY GEOMETRICS SHALL GO TO THE P.C. AND THE P.T.
8. MAINTAIN POSITIVE DRAINAGE IN CROSSWALK AREAS AND PEDESTRIAN ROUTES TO PREVENT PONDING.
9. CROSS SLOPE OF SIDEWALK AND CURB RAMP SURFACES SHALL NOT EXCEED 2%.
10. WHEN CONSTRUCTING WHERE CURB & GUTTER ALREADY EXIST, COMPLETELY REMOVE INTERFERING PORTIONS OF EXISTING CURB & GUTTER. LOCATION OF CURB RAMP SHALL BE APPROVED BY THE CITY OF WEST WENDOVER PRIOR TO INSTALLATION.
11. DETECTABLE WARNINGS SHALL BE YELLOW AND CONSIST OF RAISED TRUNCATED DOMES AND PLACED AT THE BOTTOM PORTION OF THE RAMP.
12. CURB RAMPS SHALL BE CONSTRUCTED WITH A ROUGH BROOM FINISH TRANSVERSE TO THE SLOPE OF THE RAMP.
13. PLANTMIX BITUMINOUS SURFACE SHALL BE FLUSH WITH THE EDGE OF THE GUTTER PAN IN THE AREA OF THE CURB RAMP.

7 3' P.C.C VALLEY GUTTER DETAIL
NOT TO SCALE

NOTES
1. CONCRETE SHALL MEET THE REQUIREMENTS OF SECTION 337.10 OF THE LATEST EDITION OF THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION.
2. ALL CONCRETE SIDEWALK SHALL HAVE ½ " EXPANSION JOINTS EVERY 30 FEET AND AT ALL CURB RETURNS. WEAKENED PLANE JOINTS SHALL BE EVERY 5 FEET AND COINCIDE WITH THE ADJACENT CURB AND GUTTER WEAKENED PLANE JOINTS. THE WEAKENED PLANE JOINTS PLACED EVERY 5' IN THE SIDEWALK MAY BE SAWCUT WITH CITY OF WEST WENDOVER APPROVAL AND SHALL MEET THE REQUIREMENTS OF SECTION 314 OF THE LATEST EDITION OF THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION.
3. AGGREGATE BASE MATERIAL SHALL MEET THE REQUIREMENTS OF SECTION 302 & 308 OF THE LATEST EDITION OF THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION.
4. FORESLOPES & BACKSLOPES SHALL BE APPROVED BY THE CITY OF WEST WENDOVER PRIOR TO CONSTRUCTING.
5. CROSS SLOPE OF SIDEWALK SHALL NOT EXCEED 2%.

GENERAL NOTES

1. REFER TO ENLARGED PLANS AND FINISH SCHEDULE FOR CEILING TYPE AND FINISH.
2. REFER TO SHEET A3.11 FOR ALL CEILING DETAILS AND MATERIAL SCHEDULE.
3. SPRINKLER HEADS TO BE CENTERED IN ALL CORRIDORS AND IN CEILING TILES WHERE TILES OCCUR.
4. REFER TO ROOM FINISH SCHEDULE FOR CEILING HEIGHTS AND FINISHES NOT SHOWN ON PLAN.
5. MAINTAIN MINIMUM 3" CLEAR BETWEEN LIGHTS, DIFFUSERS, SPEAKERS, ETC.
6. REFER TO ROOM FINISH SCHEDULE FOR COLOR OF EXPOSED STRUCTURE TO BE PAINTED.
7. COORDINATE LOCATIONS OF CAMERAS TO ENSURE THAT CAMERA VIEWS ARE NOT OBSTRUCTED.
8. CEILING / SOFFIT ELEVATIONS ARE BASED FROM FINISH FLOOR ELEVATIONS. (NOTE: FINISH FLOOR MAY VARY THROUGHOUT THE BUILDING)
9. REFER TO SHEET A1.41FOR EQUIPMENT SCHEDULE.
10. PROVIDE SHADOW MOLD TRIM AS SHOWN ON DETAIL SHEET WHERE ADJACENT CEILING ALIGNS WITH SOFFIT.
11. CASTLE-CUT GYPSUM BOARD TO DECK AND SEAL AT AREAS WITHOUT CEILINGS, UNLESS NOTED OTHERWISE.
12. ALL EXPOSED FASTENERS ON THE UNDERSIDE OF DECK TO BE CUT TO THE SAME LENGTH AND PAINTED TO MATCH THE STRUCTURE.

KEYNOTES

Sheet Title
REFLECTED CEILING PLAN

Date: MAY 3, 2023
Sheet No:
A3.01

1 ROOF PLAN
SCALE: 3/16" = 1'-0"

NORTH 0' 3' 5' 11'

GENERAL NOTES

1. ALL TOP OF PARAPET (T.O.P.) AND BOTTOM OF DECK (B.O.D.) ELEVATIONS ARE FROM FINISH FLOOR ELEVATION. SEE EXTERIOR ELEVATIONS FOR TOP OF WALL HEIGHTS.
2. REFER TO MECHANICAL PLANS FOR ROOF TOP MECHANICAL EQUIPMENT.
3. ALL ROOF DRAINS SHALL BE A MINIMUM OF 2'-0" CLEAR FROM ALL PARAPETS OR WALL.
4. SLOPE ROOF AS SHOWN. DIRECTIONAL ARROWS ON ROOF PLAN INDICATES DIRECTION OF ROOF SLOPE TO ROOF DRAIN.
5. ALL MAIN ROOF DRAINS SHALL BE LOCATED AT THE LOWEST POSSIBLE ROOF ELEVATION. NOTIFY THE ARCHITECT OF ANY CONFLICTS PRIOR TO ROOF DRAIN AND PIPING INSTALLATION.
6. CRICKET ALL ROOF TOP MECHANICAL UNITS, SKYLIGHTS, HATCHES, ETC., SLOPE TO BE A MINIMUM OF 1/2" PER FOOT.
7. THERE ARE NO FLAT SPOTS ON THE ROOF, ALL AREAS SHALL BE SLOPED, TYPICAL.
8. PROVIDE 3'-0" X 3'-0" TRAFFIC PAD AT TOP AND BOTTOM OF ROOF LADDER.
9. ALL VALLEYS TO SLOPE A MINIMUM OF 1/2" PER FOOT TOWARDS DRAIN.
10. ALL EXPOSED FASTENERS TO BE CUT TO THE SAME LENGTH AND PAINTED TO MATCH THE STRUCTURE.
11. NO WORK, INCLUDING STAGING OR ACCESS TO OTHER PORTIONS OF THE FINISHED ROOF MEMBRANE, SHALL BE PERMITTED. IF STAGING, ACCESS, OR WORK IS REQUIRED ON THE FINISHED MEMBRANE, THE CONTRACTOR SHALL PROVIDE SURFACE PROTECTION. SEE SPECIFICATIONS.

2.00 DESIGN DATA

2.01 THE PROJECT IS NOT DESIGNED FOR FUTURE EXPANSION.

3.00 DIMENSIONS

3.01 BEFORE STARTING WORK, THE CONTRACTOR SHALL VERIFY ALL DIMENSIONS ON THE SITE, AND REPORT ANY DISCREPANCIES IMMEDIATELY TO THE ENGINEER.

3.02 THE CONTRACTOR, BEFORE STARTING ANY WORK, SHALL CHECK ALL DIMENSIONS GIVEN ON THE STRUCTURAL DRAWINGS, RELATING TO GRID LINES, COLUMN AND WALL LOCATIONS, STRUCTURAL AND FINISHED FLOOR ELEVATIONS, MEMBER SIZES, ETC., WITH THE ARCHITECTURAL, TRAFFIC, AND CIVIL DRAWINGS. IF ANY DISCREPANCY IS NOTICED, IT SHALL BE IMMEDIATELY BROUGHT TO THE ATTENTION OF THE ARCHITECT AND THE ENGINEER, AND WORK SHALL NOT COMMENCE UNTIL INSTRUCTIONS ARE RECEIVED FROM THE ENGINEER

3.03 THE CONTRACTOR SHALL REFER TO THE ENGINEER FOR INSTRUCTIONS FOR ANY DIMENSION NOT GIVEN ON OR OBTAINABLE FROM THE DRAWINGS. THE CONTRACTOR SHALL NOT USE SCALE TO OBTAIN OR VERIFY ANY DIMENSION SHOWN ON THESE DRAWINGS.

4.00 DOCUMENTS AND LIMITATIONS

4.01 THIS STRUCTURAL DOCUMENT, TOGETHER WITH THE CONCEPTS AND DESIGNS PRESENTED HEREIN, AS AN INSTRUCMENT OF SERVICE, ARE INTENDED ONLY FOR THE SPECIFIC PURPOSE AND CLIENT FOR WHICH IT WAS PREPARED. REUSE OF AND IMPROPER RELIANCE ON THIS DOCUMENT WITHOUT WRITTEN AUTHORIZATION AND ADAPTATION BY KIMLEY-HORN AND ASSOCIATES, INC. SHALL BE WITHOUT LIABILITY TO KIMLEY-HORN AND ASSOCIATES, INC.

4.02 IT IS UNDERSTOOD THAT THE STRUCTURAL ENGINEER OF RECORD MAKES NO WARRANTY, EITHER EXPRESSED OR IMPLIED, AS TO FINDINGS, DESIGNS, RECOMMENDATIONS, SPECIFICATIONS, OPINION, OR PROFESSIONAL ADVICE, EXCEPT THAT THESE INSTRUMENTS OF SERVICE HAVE BEEN PREPARED IN ACCORDANCE WITH THE CURRENT GENERALLY ACCEPTED PROFESSIONAL ENGINEERING PRACTICES.

4.03 ALL NON-STRUCTURAL ELEMENTS INDICATED ON THE STRUCTURAL DRAWINGS HAVE BEEN SHOWN IN GENERAL RELATIONSHIP TO THE STRUCTURAL ELEMENTS. ACCORDINGLY, THEY SHALL NOT BE ASSUMED TO BE ACCURATE AND REFERENCE MUST BE MADE TO THE APPROPRIATE CONSULTANT(S) PLANS AND SPECIFICATIONS.

4.04 EXISTING CONSTRUCTION AND GRIDLINES MAY BE SHOWN FOR REFERENCE. THIS INFORMATION WAS TAKEN FROM RECORD DOCUMENTS PROVIDED BY THE OWNER. IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO FIELD–VERIFY THE EXISTING MEMBER SIZES, ELEVATIONS AND DIMENSIONS PRIOR TO BEGINNING WORK IN A GIVEN AREA.

5.00 CONSTRUCTION SAFETY

5.01 IT IS UNDERSTOOD THAT THE CONTRACTOR IS SOLELY RESPONSIBLE FOR INITIATING, MAINTAINING, AND SUPERVISING ALL SAFETY PRECAUTIONS AND PROGRAMS IN CONNECTION WITH THE WORK ON THE PROJECT. THE CONTRACTOR SHALL TAKE ALL NECESSARY PRECAUTIONS FOR THE SAFETY OF THE PERSONS AND PROTECT THEM AGAINST INJURY. LIKEWISE, THE CONTRACTOR SHALL PROTECT ALL PROPERTY AGAINST DAMAGE AND LOSS.

5.02 THE CONTRACTOR SHALL COMPLY WITH ALL APPLICABLE LAWS, ORDINANCES, RULES, REGULATIONS, AND ORDERS OF ANY PUBLIC BODY HAVING JURISDICTION FOR THE SAFETY OF PERSONS AND PROPERTY.

5.03 THE CONTRACTOR'S DUTIES AND RESPONSIBILITIES FOR THE SAFETY AND PROTECTION OF THE WORK SHALL CONTINUE UNTIL SUCH TIME AS THE WORK IS SATISFACTORILY COMPLETED, AND THE ENGINEER HAS ISSUED A NOTICE TO THAT EFFECT TO THE OWNER AND THE CONTRACTOR.

5.04 ALL STRUCTURAL MEMBERS SHOWN HEREIN HAVE BEEN DESIGNED FOR THE FINAL DESIGN LOADS PROVIDED IN THIS DOCUMENT IN THE FINAL ERECTED CONDITION SHOWN HEREIN. THE CONTRACTOR IS RESPONSIBLE FOR CONDITIONS ENCOUNTERED DURING ERECTION AND HANDLING, AND NECESSARY TEMPORARY BRACING AND SHORING. SHORING AND BRACING SHALL BE DESIGNED TO PRECLUDE ANY STRUCTURAL ELEMENT FROM BEING OVERSTRESSED AT ANY POINT DURING CONSTRUCTION. SHORING SHALL BE DESIGNED BY A PROFESSIONAL ENGINEER LICENSED IN THE STATE OF THE PROJECT AND DRAWINGS SHALL BE SIGNED AND SEALED.

6.00 FORMWORK, SHORING, AND RE SHORING

6.01 THE CONTRACTOR SHALL EMPLOY, AT HIS EXPENSE, A FORMWORK/SHORING ENGINEER REGISTERED IN THE STATE OF THE PROJECT TO CONTROL ALL OPERATIONS RELATING TO DESIGN, INSTALLATION, AND REMOVAL OF ALL FORMWORK, SHORING, AND RESHORING.

6.02 CONTRACTOR SHALL SUBMIT SHOP DRAWINGS FOR FABRICATION, ERECTION, SUPPORT, AND BRACING OF FORMWORK, SHORING, AND RESHORING PROCEDURES FOR THE ENGINEER'S RECORDS.

6.03 PRIOR TO PLACEMENT OF CONCRETE, THE FORMWORK/SHORING ENGINEER SHALL INSPECT THE SHORING (AND AGAIN IF THERE ARE ANY CHANGES IN THE METHOD OF SHORING", TO VERIFY THAT THE SHORING INSTALLATION IS IN CONFORMANCE WITH THE SHORING DRAWINGS. A WRITTEN STATEMENT OF COMPLIANCE SIGNED BY THE SHORING ENGINEER SHALL BE SUBMITTED TO THE OWNER.

6.04 CONTINUOUS SHORING SHALL BE PROVIDED AT THE CENTER OF ALL SLAB SPANS AND BEAM SPANS FOR A MINIMUM OF 14 DAYS, WHERE NOT POST-TENSIONED OR OTHERWISE APPROVED BY THE ENGINEER.

7.00 SHOP DRAWINGS

7.01 REVIEW OF SHOP DRAWINGS BY THE ENGINEER IS LIMITED TO COMPLIANCE OF THE COMPLETED STRUCTURE WITH THE DESIGN CONCEPT AND INFORMATION GIVEN IN THE CONTRACT DOCUMENTS. THE CONTRACTOR IS SOLELY RESPONSIBLE FOR DIMENSIONS, QUANTITIES, PERFORMANCE, SAFETY, COORDINATION WITH OTHER WORK, AND ALL OTHER REQUIREMENTS OF THE CONTRACT DOCUMENTS. REVIEW DOES NOT AUTHORIZE CHANGES TO CONTRACT.

7.02 THE CONTRACTOR SHALL SUBMIT SHOP DRAWINGS TO THE ENGINEER FOR HIS REVIEW IN ACCORDANCE WITH A SCHEDULE OF SUBMITTALS ACCEPTABLE TO THE ENGINEER. THESE SHOP DRAWINGS SHALL HAVE BEEN CHECKED BY AND STAMPED WITH THE APPROVAL OF THE CONTRACTOR, AND IDENTIFIED AS THE ENGINEER MAY REQUIRE. THE DATA SHOWN ON THE SHOP DRAWINGS SHALL BE COMPLETE WITH RESPECT TO DIMENSIONS, DESIGN CRITERIA, AND DULY SIGNED AND SEALED BY A PROFESSIONAL ENGINEER REGISTERED IN THE STATE OF THE PROJECT.

8.00 DEFERRED SUBMITTALS

8.01 THE FOLLOWING SUBMITTALS ARE DEFERRED FOR THEIR DESIGN TO BE PROVIDED BY THE SUPPLIER:
A. PRE-ENGINEERED METAL BUILDING AND BASE PLATES
B. WOOD ROOF TRUSS
C. ATTACHMENT OF EXTERIOR WALL OR ROOF MOUNTED ASSEMBLIES INCLUDING, BUT NOT LIMITED TO ROOF HATCHES, LOUVERS, ETC
D. TEMPORARY EARTH RETENTION SYSTEMS AND UNDERPINNING.
E. TEMPORARY SHORING AND RESHORING SYSTEMS.

8.02 DOCUMENTS FOR THE DEFERRED SUBMITTAL ITEMS SHALL BE SUBMITTED A MINIMUM OF 30 DAYS BEFORE ITEMS ARE TO BE INSTALLED. THESE ITEMS ARE TO BE REVIEWED BY THE GENERAL CONTRACTOR AND THE ENGINEER OF RECORD FOR GENERAL CONFORMANCE WITH THE CONSTRUCTION DOCUMENTS. REFER TO THE PROJECT MANUAL FOR DEFERRED SUBMITTAL DESIGN QUALIFICATIONS AND ADDITIONAL DEFERRED SUBMITTAL REQUIREMENTS.

9.00 FIELD MODIFICATION

9.01 WRITTEN AUTHORIZATION FROM THE STRUCTURAL ENGINEER OF RECORD IS REQUIRED FOR ALL FIELD MODIFICATIONS TO THE STRUCTURAL SYSTEM INCLUDING, BUT NOT LIMITED TO, BEAM AND COLUMN CONNECTIONS, JOIST AND JOIST GIRDER CONNECTIONS, JOIST BRIDGING, CUTTING OR DRILLING THROUGH ANY STRUCTURAL ELEMENT, CUTTING OR THE RELOCATION OF PT. OR MILD STEEL REINFORCEMENT, EMBED PLATES AND BOLTS, TILT-UP AND PRECAST WALL CONNECTIONS, ETC.

10.00 SPECIAL INSPECTIONS

10.01 SPECIAL INSPECTIONS WILL BE PROVIDED IN COMPLIANCE WITH THE STATEMENT OF SPECIAL INSPECTIONS

10.02 OWNER WILL ENGAGE A SPECIAL INSPECTOR AND QUALIFIED TESTING AND INSPECTING AGENCY TO PERFORM FIELD TESTS AND INSPECTIONS, AND PREPARE TEST REPORTS.

10.03 THE GENERAL CONTRACTOR SHALL ASSIST AND COOPERATE WITH AN INDEPENDENT TESTING LABORATORY (TO BE RETAINED BY THE OWNER) WHICH SHALL CONDUCT ALL THE SPECIFIED TESTS REQUIRED FOR THE PROJECT AND REPORT THE RESULTS OF THESE TESTS DIRECTLY AND PROMPTLY TO THE ENGINEER FOR HIS REVIEW.

10.04 CONTRACTOR SHALL NOTIFY SPECIAL INSPECTOR AND TESTING AGENCY 48 HOURS IN ADVANCE OF ITEMS REQUIRED FOR SPECIAL INSPECTION.

10.05 ALL SPECIAL INSPECTION MONTHLY REPORTS SHALL BE SIGNED AND SEALED BY AN ENGINEER LICENSED IN THE STATE OF_____, WHO HAS RESPONSIBLE CHARGE OF THE SPECIAL INSPECTIONS PROGRAM.

10.06 A SPECIAL INSPECTIONS MEETING SHALL BE HELD ON SITE WITH ENGINEER OF RECORD, CONSTRUCTION COORDINATOR, INDEPENDENT TESTING AGENCY, AND SPECIAL INSPECTOR TO CLARIFY ALL SPECIAL INSPECTION REQUIREMENTS PRIOR TO BEGINNING WORK.

11.00 FOUNDATIONS

11.01 FOUNDATIONS, RETAINING & BASEMENT WALLS, FOUNDATION DRAINAGE, SLABS ON GRADE & OTHER ITEMS RELATED TO THE SOILS ARE DESIGNED & SHALL BE CONSTRUCTED IN ACCORDANCE WITH THE RECOMMENDATIONS OF SUMMIT ENGINEERING CORPORATION JOB NO. 3-82965 DATED NOVEMBER 25, 2022.

11.02 DESIGN NET SOIL BEARING CAPACITY IS AS FOLLOWS:

SPREAD FOOTINGS	2,500 PSF
STRIP FOOTINGS	2,500 PSF

11.03 ALLOWABLE ACTIVE PRESSURE 35 PSF/ FT

11.04 ALLOWABLE PASSIVE PRESSURE 407 PSF/FT

11.05 COEFFICIENT OF FRICTION 0.32

11.06 MINIMUM DEPTH FROM EXTERIOR GRADE TO BOTTOM OF BUILDING PERIMETER FOOTINGS SHALL BE 3'-0".

11.07 SLABS ON GRADE ARE DESIGNED USING A MODULUS OF SUBGRADE REACTION OF 200 PCI.

11.08 ALL UNDERPINNING OF EXISTING FOUNDATIONS THAT MAY BE REQUIRED FOR A TEMPORARY OR PERMANENT CONDITION, SHALL BE THE SOLE RESPONSIBILITY OF THE GENERAL CONTRACTOR. PRIOR TO THE WORK BEING PERFORMED, DRAWINGS AND CALCULATIONS FOR THE PROPOSED METHOD OF UNDERPINNING, SIGNED BY A PROFESSIONAL ENGINEER, SHALL BE PROVIDED TO THE ENGINEER OF RECORD FOR REVIEW.

12.00 CONCRETE MATERIAL PROPERTIES

12.01 CONCRETE STRENGTH: F'C PSI
A. FOOTINGS, 4500
B. FOUNDATION WALLS 4500
C. INTERIOR SLAB-ON-GRADE 4000

13.00 REINFORCING

13.01 MATERIAL PROPERTIES:

	FY, KSI	ASTM
A. ALL BARS UNLESS NOTED	60	A615
B. TIES & STIRRUP	60	A615
C WELDED WIRE FABRIC (SMOOTH)	65	A185
D. POST-TENSIONING STRAND	270 FPU	A416
E WELDABLE REBAR	60	A706

14.00 CAST-IN-PLACE

14.01 ALL CONCRETE SHALL BE DESIGNED AND CONSTRUCTED IN ACCORDANCE WITH IBC CHAPTER 19 & ACI-318, LATEST CODE ADOPTED EDITION.

14.02 ALL REINFORCING SHALL BE DETAILED, FABRICATED & PLACED IN ACCORDANCE WITH CRSI "MANUAL OF STANDARD PRACTICE", LATEST EDITION.

14.03 ALL CAST IN PLACE CONCRETE AND POST INSTALLED ANCHORS SHALL BE DESIGNED IN ACCORDANCE WITH APPENDIX D OF ACI 318 AS MODIFIED BY THE APPLICABLE BUILDING CODE.

14.04 SPACING OF CONSTRUCTION OR CONTROL JOINTS IN WALLS EXPOSED TO VIEW SHALL NOT EXCEED 40 FEET UNLESS SPECIFICALLY NOTED OTHERWISE ON THE DRAWINGS. CUT HALF OF THE HORIZONTAL REINFORCING AT CONTROL JOINTS.

14.05 SLEEVES EMBEDDED IN SLABS AND WALLS SHALL BE LOCATED CLEAR BETWEEN REINFORCING BARS AND SHALL MAINTAIN CLEAR SPACING EQUAL TO THE DIAMETER OF THE LARGEST SLEEVE IN ANY DIRECTION. SLEEVE GROUPS THAT DO NOT COMPLY WITH THE ABOVE REQUIREMENTS SHALL BE CONSIDERED AS AN OPENING AND REINFORCED PER NOTE BELOW.

14.06 UNLESS NOTED OTHERWISE ON THE DRAWINGS: PROVIDE EXTRA REINFORCING ON ALL SIDES OF ALL MISCELLANEOUS WALL AND SLAB OPENINGS EQUAL TO ONE HALF THE INTERRUPTED REINFORCING BARS EACH SIDE BUT NOT LESS THAN 2 - #5 FOR EACH LAYER OF REINFORCEMENT. EXTEND BARS CLASS 'B' LAP LENGTH BUT NOT LESS THAN 2 FEET BEYOND EDGE OF OPENINGS. PROVIDE 2 - #4X4'-0" DIAGONAL BARS AT EACH CORNER FOR EACH LAYER OF REINFORCEMENT.

14.07 IN CAST-IN-PLACE CONCRETE WORK, NO OPENINGS SHALL BE PERMITTED IN SLABS WITHIN A DISTANCE OF EIGHT INCHES FROM THE FACE OF A COLUMN OR EDGE OF SLAB. OPENINGS BETWEEN EIGHT TO TWENTY FOUR INCHES FROM THE FACE OF THE COLUMN OR EDGE OF SLAB SHALL NOT GENERALLY BE PERMITTED EXCEPT WITH THE SPECIFIC APPROVAL OF THE ENGINEER. OPENINGS LOCATED GREATER THAN TWO FEET FROM THE FACE OF THE COLUMN OR EDGE OF SLAB ARE GENERALLY PERMITTED, SUBJECT TO APPROVAL OF THE ENGINEER.

14.08 NO DRILLING THROUGH WALLS SHALL BE CARRIED OUT EXCEPT WITH THE SPECIFIC APPROVAL OF THE ENGINEER. SUCH APPROVAL, IF GRANTED, SHALL BE ON A CASE BY CASE BASIS. CONTRACTOR SHALL BE RESPONSIBLE FOR VERIFYING REINF LAYOUT USING NDT PRIOR TO DRILLING INTO CAST CONCRETE .

14.10 DETAILING OF REBAR SHALL BE IN ACCORDANCE WITH THE LATEST REVISION OF THE ACI DETAILING MANUAL, AND CONCRETE REINFORCING INSTITUTE'S LATEST EDITION OF "MANUAL OF STANDARD PRACTICE". ALL SHOP DRAWINGS PERTAINING TO REBAR DETAILS SHALL BE SUBMITTED TO THE ENGINEER FOR HIS REVIEW.CONCRETE MIX DESIGN FOR ALL CONCRETE WORK IS REQUIRED TO BE SUBMITTED TO THE ENGINEER FOR REVIEW.

14.11 CONCRETE SUPPLIER SHALL HAVE A QUALITY CONTROL PROCEDURE FOR THE PRODUCTION OF ALL CONCRETE, WHICH MUST BE ACCEPTABLE TO THE ENGINEER AND MEETS CURRENT ACI STANDARDS.

14.12 CONSTRUCTION JOINTS SHALL BE AS APPROVED BY THE STRUCTURAL ENGINEER AND THE ARCHITECT.

14.13 EMBEDDED ITEMS THAT WILL SUPPORT STRUCTURAL STEEL CONSTRUCTION SHALL BE PLACED WITHIN THE TOLERANCES PRESCRIBED IN THE LATEST EDITION OF THE AISC "CODE OF STANDARD PRACTICE". GENERAL CONTRACTOR SHALL FIELD VERIFY LOCATION OF EMBEDDED ITEMS PRIOR TO FABRICATION AND DELIVERY OF STRUCTURAL STEEL TO THE PROJECT SITE. SHOP DRAWINGS FOR CAST-IN-PLACE CONCRETE SHALL INCLUDE LOCATIONS AND COORDINATION OF ALL EMBEDS INCLUDING PRECAST SUPPORTS.

14.14 LAP SPLICES ARE ALL CLASS B TENSION LAP SPLICES, UNO.

14.15 PROVIDE A 3/4" CHAMFER ON ALL EXPOSED CORNERS OF CONCRETE.

14.16 PROVIDE ISOLATION JOINTS AROUND COLUMNS AT SLAB ON GRADE AREAS.

14.17 THE FOLLOWING MINIMUM CONCRETE COVER SHALL BE PROVIDED FOR REINFORCEMENT:

A. CONCRETE CAST AGAINST & PERMANENTLY EXPOSED TO EARTH	3"
B. CONCRETE EXPOSED TO EARTH OR WEATHER:	
#6 THRU # 18 BARS	2"
# 5 & SMALLER BARS	1 ½"
C. CONCRETE NOT EXPOSED TO WEATHER OR IN CONTACT WITH GROUND:	
SLABS & WALLS:	
#14 & #18 BARS	1 ½"
#11 & SMALLER BARS	¾"

15.00 STRUCTURAL STEEL

15.01 STRUCTURAL STEEL DESIGN & CONSTRUCTION SHALL CONFORM TO IBC CHAPTER 22, SECTION 2201, AISC "LOAD & RESISTANCE FACTOR DESIGN SPECIFICATION FOR STRUCTURAL STEEL BUILDINGS" & AISC "CODE OF STANDARD PRACTICE" LATEST CODE ADOPTED EDITION, UNO.

15.02 STRUCTURAL STEEL SUPPLIER SHALL SUBMIT SHOP DRAWINGS AND CALCULATIONS CERTIFIED BY A PROFESSIONAL ENGINEER REGISTERED IN THE STATE OF THE PROJECT FOR ALL CAP PLATES, BEARING PLATES, BASE PLATES, STIFFENERS, SPLICES & CONNECTIONS DESIGNED BY THE SUPPLIER.

15.03 STRUCTURAL STEEL SUPPLIER SHALL FURNISH BOLTS AT COLUMNS AND ELSEWHERE FOR OSHA CONNECTIONS. BOLT HOLES IN BEAM TOP FLANGE SHALL BE MAXIMUM 9/16" DIA. FOR "K" SERIES JOISTS AND 13/16" DIA. FOR "LH" SERIES JOISTS. STRUCTURAL STEEL AND JOIST SUPPLIERS SHALL COORDINATE OSHA CONNECTION LOCATIONS.

15.04 PROVIDE PROTECTIVE ASPHALTIC COATING OR EQUAL AROUND STRUCTURAL STEEL BELOW GRADE.

15.05 IN LIEU OF THE FABRICATION TOLERANCES SPECIFIED IN SECTION 6.4.4 OF AISC "CODE OF STANDARD PRACTICE FOR STEEL BUILDINGS AND BRIDGES" BEAMS WITH CAMBERS SHALL BE FABRICATED WITH A CAMBER TOLERANCE OF -0", + 1/2". MILL CAMBERED BEAMS SHALL BE MODIFIED AS NECESSARY IN THE FABRICATION SHOP TO MEET THE ABOVE CRITERIA. SINGLE POINT CAMBERING IS NOT ALLOWED.

15.06 BEAM CAMBERS SHALL BE VERIFIED IN THE FABRICATION SHOP BY AN INDEPENDENT TESTING AGENCY AND THE INSPECTION DOCUMENTATION SHALL BE PROVIDED TO THE STRUCTURAL ENGINEER OF RECORD FOR REVIEW.

15.07 THIS STRUCTURE IS A NON-SELF SUPPORTING STEEL FRAME REQUIRING INTERACTION WITH OTHER ELEMENTS TO PROVIDE THE REQUIRED STABILITY. THE STEEL ERECTOR SHALL PROVIDE TEMPORARY BRACING UNTIL FINAL STABILITY IS PROVIDED. AS A MINIMUM, TEMPORARY BRACING SHALL BE PROVIDED AT EACH GRID IN BOTH DIRECTIONS.

15.08 BOLTED CONNECTIONS SHALL BE 3/4" DIA., A325 BEARING-TYPE WITH THREADS INCLUDED IN THE SHEAR PLANE. UNO, INSTALL BOLTS IN PROPERLY ALIGNED HOLES AND TIGHTEN USING ONE OF THE FOLLOWING METHODS: SNUG-TIGHT CONDITION, TURN-OF-THE-NUT METHOD, A DIRECT TENSION INDICATOR, OR CALIBRATED WRENCH AS DEFINED BY THE LATEST EDITION OF AISC "SPECIFICATION FOR STRUCTURAL JOINTS USING ASTM A325 OR A490 BOLTS".

15.09 SHEAR CONNECTORS SHALL BE 3/4" DIAMETER BY THE TOTAL FLOOR THICKNESS MINUS 1" IN LENGTH, HEADED STUDS PER AISC SPECIFICATION, LATEST EDITION. THE SPECIFIED LENGTH IS THE NET STUD LENGTH AFTER INSTALLATION. STUDS SHALL BE FIELD WELDED TO THE TOP FLANGE OF THE BEAMS THROUGH THE STEEL DECK UNITS USING AUTOMATICALLY TIMED STUD ARC WELDING EQUIPMENT. OTHER WELDING PROCESSES MUST BE APPROVED BY THE STRUCTURAL ENGINEER OF RECORD PRIOR TO INSTALLATION.

15.10 COMPOSITE SLABS SHALL BE POURED TO A CONSISTENT THICKNESS.

15.11 ROOF BEAMS ARE DESIGNED IN ACCORDANCE WITH AISC LRFD SPECIFICATION, CONTINUOUS BEAM PLASTIC DESIGN, LATEST EDITION.

15.12 STRUCTURAL STEEL IN EXTERIOR LOCATIONS SHALL BE GALVANIZED, UNO. SEE ARCH FOR FINAL FINISH OR FIRE PROOFING AT INTERIOR LOCATIONS OR AS NOTED ON THE DRAWINGS.

16.00 STEEL DECK

16.13 ALL STEEL DECKS SHALL BE DESIGNED & CONSTRUCTED IN ACCORDANCE WITH IBC CHAPTER 22, SECTION 2210.1.1 – COLD-FORMED STEEL AND THE STEEL DECK INSTITUTE SPECIFICATIONS AND RECOMMENDATIONS, LATEST CODE ADOPTED EDITION UNO.

16.14 PRE-APPROVED DECK MANUFACTURERS ARE VULCRAFT, WHEELING, AND VERCO. OTHER METAL DECK MANUFACTURERS MAY BE APPROVED PROVIDING THAT THE DECK SPECIFICATIONS MEET OR EXCEED THE SPECIFICATIONS OF THE PRE-APPROVED MANUFACTURERS. METAL DECK SIZE, GAUGE AND TYPE ARE INDICATED ON THE DRAWINGS.

16.15 ROOF DECK SHALL BE PRIME PAINTED AND LAID OUT CONTINUOUS OVER THREE SPANS MINIMUM. YIELD STRESS SHALL BE 33,000 PSI MINIMUM. DECK SUPPLIER SHALL SUBMIT ICC REPORTS SHOWING ALLOWABLE DIAPHRAGM SHEAR VALUES. ERECT IN ACCORDANCE WITH THE REPORT TO MEET THE REQUIRED SHEAR SPECIFIED ON THE DRAWINGS. CONNECTION TO FRAMING MEMBERS SHALL NOT BE LESS THAN THAT SHOWN ON DRAWINGS.

16.16 MINIMUM REQUIREMENTS FOR ROOF DECK FASTENING SHALL BE 5/8" Ø PUDDLE WELDS USING THE WELD PATTERN SHOWN ON THE DRAWINGS AND #10 TEK SCREW SIDELAP FASTENERS PER FASTENING DETAILS SHOWN ON THE DRAWINGS OR PRE-APPROVED EQUAL.

16.17 STRUCTURAL SLAB FORM (METAL CENTERING) SHALL BE UNCOATED AT TOP, PRIME PAINTED AT BOTTOM, DESIGNED FOR THE SPANS AND SLAB DEAD LOADS AS SHOWN ON THE DRAWINGS & INSTALLED IN ACCORDANCE WITH SDI SPECIFICATIONS, LATEST EDITION AND MANUFACTURER'S REQUIREMENTS.

16.18 COMPOSITE METAL FLOOR DECK SHALL BE PHOSPHATIZED/PAINTED AT TOP, PRIME PAINTED AT BOTTOM AND LAID OUT FOR THREE SPANS WHERE POSSIBLE. THE COMPOSITE FLOOR SYSTEM SHALL BE CAPABLE OF SUPPORTING THE SUPERIMPOSED LOADS AS SHOWN ON THE DRAWINGS. THE STEEL DECK SHALL SUPPORT THE WEIGHT OF WET CONCRETE AND OTHER CONSTRUCTION LOADS AS AN UNSHORED FORM DECK. DECK FASTENING SHALL BE PER SDI & MANUFACTURER'S RECOMMENDATIONS BUT NOT LESS THAN THAT SHOWN ON THE DRAWINGS.

16.19 ALL METAL DECK TO BE SPRAY FIREPROOFED SHALL BE GALVANIZED, CLEANED & DEGREASED PRIOR TO SHIPPING. SEE ARCHITECTURAL DRAWINGS FOR EXTENT OF FIREPROOFING.

16.20 CONDUITS ARE NOT PERMITTED IN COMPOSITE SLABS WITHOUT AUTHORIZATION FROM THE STRUCTURAL ENGINEER.

17.00 STEEL

17.01 STEEL MATERIAL PROPERTIES

		FY, PSI	ASTM
A.	STRUCTURAL WIDE FLANGE SHAPES	50,000	A992
B.	OTHER STRUCT. SHAPES & PLATES	36,000	A36
C.	HIGH STRENGTH BOLTS, UNO	92,000 (1" AND SMALLER)	A325

17.02 STRUCTURAL STEEL DESIGN & CONSTRUCTION SHALL CONFORM TO IBC CHAPTER 22, SECTION 2201, AISC "LOAD & RESISTANCE FACTOR DESIGN SPECIFICATION FOR STRUCTURAL STEEL BUILDINGS" & AISC "CODE OF STANDARD PRACTICE" LATEST CODE ADOPTED EDITION, UNO.

17.03 STRUCTURAL STEEL SUPPLIER SHALL FURNISH BOLTS AT COLUMNS AND ELSEWHERE FOR OSHA CONNECTIONS. BOLT HOLES IN BEAM TOP FLANGE SHALL BE MAXIMUM 9/16" DIA. FOR "K" SERIES JOISTS AND 13/16" DIA. FOR "LH" SERIES JOISTS. STRUCTURAL STEEL AND JOIST SUPPLIERS SHALL COORDINATE OSHA CONNECTION LOCATIONS.

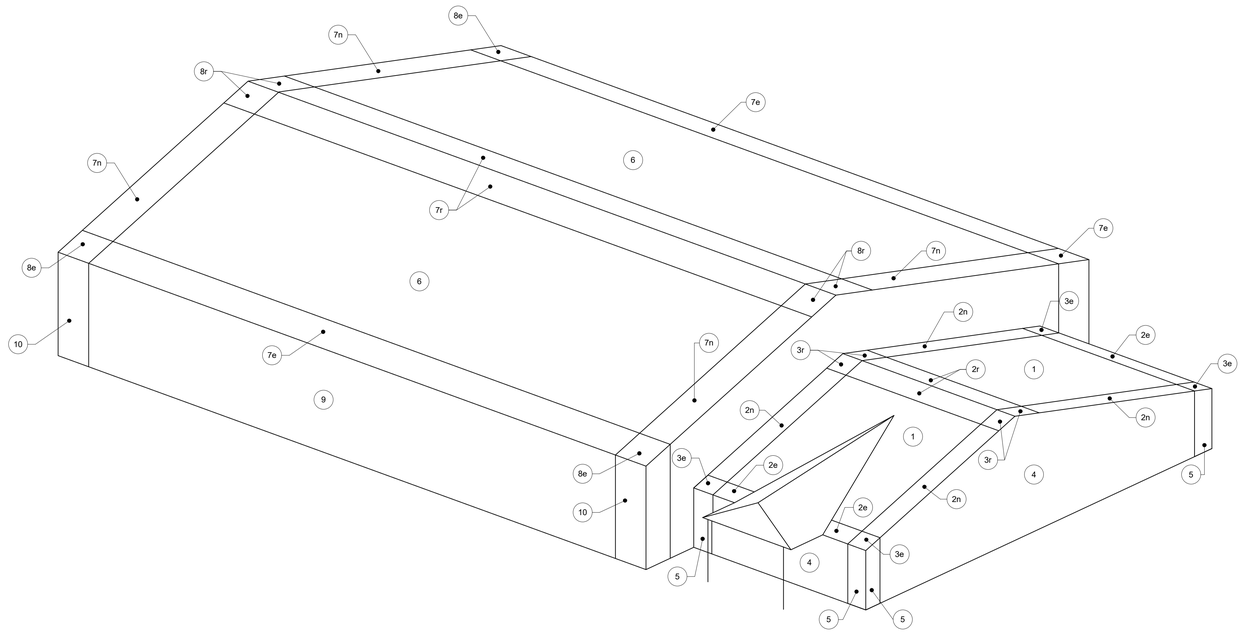
17.04 PROVIDE PROTECTIVE ASPHALTIC COATING OR EQUAL AROUND STRUCTURAL STEEL BELOW GRADE.

17.05 IN LIEU OF THE FABRICATION TOLERANCES SPECIFIED IN SECTION 6.4.4 OF AISC "CODE OF STANDARD PRACTICE FOR STEEL BUILDINGS AND BRIDGES" BEAMS WITH CAMBERS SHALL BE FABRICATED WITH A CAMBER TOLERANCE OF -0", + 1/2". MILL CAMBERED BEAMS SHALL BE MODIFIED AS NECESSARY IN THE FABRICATION SHOP TO MEET THE ABOVE CRITERIA. SINGLE POINT CAMBERING IS NOT ALLOWED.

17.06 BEAM CAMBERS SHALL BE VERIFIED IN THE FABRICATION SHOP BY AN INDEPENDENT TESTING AGENCY AND THE INSPECTION DOCUMENTATION SHALL BE PROVIDED TO THE STRUCTURAL ENGINEER OF RECORD FOR REVIEW.

17.07 BOLTED CONNECTIONS SHALL BE 3/4" DIA., A325 BEARING-TYPE WITH THREADS INCLUDED IN THE SHEAR PLANE. UNO, INSTALL BOLTS IN PROPERLY ALIGNED HOLES AND TIGHTEN USING ONE OF THE FOLLOWING METHODS: SNUG-TIGHT CONDITION, TURN-OF-THE-NUT METHOD, A DIRECT TENSION INDICATOR, OR CALIBRATED WRENCH AS DEFINED BY THE LATEST EDITION OF AISC "SPECIFICATION FOR STRUCTURAL JOINTS USING ASTM A325 OR A490 BOLTS".

17.08 SHEAR CONNECTORS SHALL BE 3/4" DIAMETER BY THE TOTAL FLOOR THICKNESS MINUS 1" IN LENGTH, HEADED STUDS PER AISC SPECIFICATION, LATEST EDITION. THE SPECIFIED LENGTH IS THE NET STUD LENGTH AFTER INSTALLATION. STUDS SHALL BE FIELD WELDED TO THE TOP FLANGE OF THE BEAMS THROUGH THE STEEL DECK UNITS USING AUTOMATICALLY TIMED STUD ARC WELDING EQUIPMENT. OTHER WELDING PROCESSES MUST BE APPROVED BY THE STRUCTURAL ENGINEER OF RECORD PRIOR TO INSTALLATION.



17.09 STRUCTURAL STEEL IN EXTERIOR LOCATIONS SHALL BE GALVANIZED, UNO. SEE ARCH FOR FINAL FINISH OR FIRE PROOFING AT INTERIOR LOCATIONS OR AS NOTED ON THE DRAWINGS.

18.00 POST-INSTALLED ANCHORS

18.01 UNLESS OTHERWISE INDICATED ON PLANS, POST-INSTALLED ANCHORS SHALL CONSIST OF THE FOLLOWING ANCHOR TYPES, OR ENGINEER'S APPROVED EQUAL:

SUBSTRATE	ADHESIVE ANCHOR	MECHANICAL ANCHOR
SOLID CONCRETE	HILTI RE 500 SD V3	HILTI KWIK BOLT TZ
	HILTI HY 200 SAFE SET SYSTEM	HILTI KH-EZ SCREW ANCHOR
	SIMPSON SET-XP	SIMPSON STRONG-BOLT

RT2	HIP TRUSS	2 POINT BEARING

NOTES:

1. TRUSS MANUFACTURER TO COORDINATE WITH MECHANICAL, PLUMBING AND ARCHITECTURAL DRAWINGS ABOVE GUESS ROOM AREAS FOR MECHANICAL DUCTS, PIPES, ETC., AND DESIGN TRUSS TO SUPPORT ADDITIONAL LOAD WHERE REQUIRED.
2. TRUSS MANUFACTURER TO REDUCE SPACING AS REQUIRED.
3. PROVIDE DOUBLE TRUSSES UNDER MECHANICAL ROOF ROP UNIT AS NEEDED.
4. ALL GIRDER TRUSSES TO BE DESIGNED FOR AN AXIAL WIND/SEISMIC FORCE OF 4000# MIN (ASD).
5. TRUSS MANUFACTURER TO COORDINATE WITH MECHANICAL AND ARCHITECTURAL DRAWINGS TO LOCATE AND PROVIDE REQUIRED OPENING BETWEEN CHORDS FOR DUCT WORKS THROUGH TRUSSES WHERE NEEDED..
6. TRUSS MANUFACTURER TO COORDINATE WITH ARCHITECTURAL DRAWINGS FOR EXACT DEPTH OF TRUSS.

HOLD-DOWN SCHEDULE

HOLDOWN NOTES:

A. HOLDOWN INSTALLATION PER TYPICAL DETAILS.
B. AT CONTRACTOR'S OPTION - SIMPSON ATS HOLDOWN SYSTEM MAY BE USED IN LIEU OF HOLDOWNS SHOWN PROVIDED ENGINEERED DRAWINGS AND CALCULATIONS ARE SUBMITTED AND APPROVED BY ENGINEER OF RECORD (EOR).

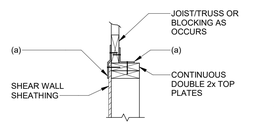
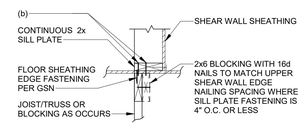
TYPICAL "L" SHAPED HEADER AT NON-BEARING WALLS

WOOD SHEAR WALL (SW) SCHEDULE



GENERAL (SW) NOTES:



A. SHEAR WALL CONFIGURATION AND CONSTRUCTION INFORMATION PER TYPICAL SHEAR WALL ELEVATIONS, AND
B. PROVIDE (2) STUDS MINIMUM AT EACH END OF SHEAR WALL U.N.O. END STUDS SHALL RECEIVE EDGE NAILING.
C. ALL BLOCKING IN WALLS SHALL MEET OR EXCEED STUD GRADE.
D. PANEL JOINTS SHALL OCCUR AT CENTERLINE OF STUDS OR BLOCKING.
E. VERIFY WITH ARCHITECT IF ADDITIONAL LAYERS OF GYP BOARD ARE REQUIRED FOR FINISHES.
F. CONTRACTOR'S OPTION - PROVIDE CLIPS AT TOP AND SILL PLATES BY ALTERNATE MANUFACTURER THAT MEET OR EXCEED CAPACITY OF CLIPS INDICATED IN SCHEDULE.
G. HOLDOWN INFORMATION PER HOLDOWN SCHEDULE.
H. PROVIDE NAILING AT CLIP ANGLES PER MANUFACTURER'S RECOMMENDATIONS.
I. TOP AND SILL PLATE NAILING SHALL BE STAGGERED WHERE NAILS ARE SPACED AT 2" OC.
J. FASTENER SPACING AT INTERIOR SUPPORTS SHALL BE 12" O.C. UNLESS NOTED OTHERWISE.
K. PROVIDE PLATE WASHERS AT SILL PLATE ANCHORS PER TYPICAL DETAIL
L. WOOD STUDS IN A SHEARWALL SHALL NOT BE SPACED MORE THAN 16" OC.

MARK	WALL PANEL CONSTRUCTION	WALL PANEL FASTENING			TOP AND SILL PLATE FASTENING			ALLOWABLE SHEAR (PLF)

NOTES:

1. FASTENER SPACING AT INTERMEDIATE SUPPORTS SHALL MATCH THE SCHEDULED EDGE SPACING.
2. ALL WALLBOARD NAILS INDICATED IN SCHEDULE SHALL BE 0.120"Ø AND HAVE A MINIMUM 3/8" HEAD.
3. STAPLES SHALL BE GALVANIZED, HAVE 7/16" MINIMUM CROWN WIDTH AND BE INSTALLED PARALLEL TO FRAMING MEMBERS.
4. 6d NAILS MAY BE SUBSTITUTED WITH DRYWALL SCREWS OR NO.6 - 1 1/4" TYPE S OR W SCREWS.
5. PROVIDE EXTERIOR GYP BOARD WHERE SHEAR WALL IS AN EXTERIOR WALL.
6. BLOCK ALL PANEL EDGES WITH WOOD BLOCKING TO MATCH THE STUD WALL SIZE.
7. BLOCK ALL PANEL EDGES WITH WOOD BLOCKING 2" NOMINAL OR WIDER.
8. BLOCK ALL PANEL EDGES WITH WOOD BLOCKING 3" NOMINAL OR WIDER, STAGGER NAILS.
9. PROVIDE 1 1/2" MINIMUM PENETRATION INTO STUD AT 10d NAIL AND 1 3/8" AT 8d NAIL.
10. AT CONTRACTOR'S OPTION, USE 5/8"Ø SIMPSON TITEN HD SCREW ANCHORS WITH MINIMUM 3" EMBEDMENT WITH SAME SPACING. DO NOT DAMAGE REINFORCING WHEN DRILLING.

FOUNDATION PLAN

Date: Issue Date

Sheet No:
S1.10

1 S1.11 SLAB-ON-GRADE PLAN
SCALE: 1/8" = 1'-0"

NOTES:

1. COMPLY WITH SPECIFICATIONS AND THE GENERAL NOTES ON SHEET S1.01 AND S1.02. UNLESS NOTED OTHERWISE, THE FOLLOWING NOTES RELATING TO THIS SHEET SHALL GOVERN.
2. ELEVATIONS NOTED THUS (XXX.XX') ARE TOP OF CONCRETE SLAB ON GRADE, TYPICAL. ELEVATIONS ARE INTENDED TO BE APPLIED AT FACE OF COLUMN OR WALL AT GRID LINES, UNLESS NOTED OTHERWISE, AND THE NOTED SLAB-ON-GRADE ELEVATION DOES NOT INCLUDE WASH OR CURB. USE LINEAR INTERPOLATION BETWEEN NOTED ELEVATIONS.
3. BOLLARDS NOT SHOWN ON STRUCTURAL PLANS. SEE ARCHITECTURAL AND STRIPING PLANS FOR BOLLARDS REQUIRED AROUND THE PERIMETER, NEAR THE ENTRY/EXIT LANES AND OTHER LOCATIONS WITHIN THE BUILDING. REFER TO SHEET S511 FOR BOLLARD ATTACHEMENT DETAILS.
4. CONSTRUCTION PROCEDURE FOR THE SLAB-ON-GRADE SHALL BE BASED ON LINE STRIP CONSTRUCTION METHOD. SLAB SHALL BE PLACED WITH CONSTRUCTION JOINTS AS SHOWN. ANY DEVIATIONS SHALL BE SUBJECT TO ENGINEERS APPROVAL. ALL CONTROL JOINTS SHALL BE SAWED IN ACCORDANCE WITH THE SPECIFIC LOCATIONS SHOWN.
5. CONCRETE CURBS AND RAISED ISLANDS ARE NOT SHOWN ON SLAB-ON-GRADE PLANS FOR CLARITY. REFER TO STRIPING AND SIGNING PLANS FOR LOCATIONS.
6. REFER TO PLUMBING PLANS FOR EXACT LOCATION OF FLOOR DRAINS.
7. CONTRACTOR SHALL NOTIFY ENGINEER IF DISCREPANCIES IN DRAINAGE INTENT ARE NOTICED.
8. REFER TO CIVIL, PLUMBING, MECHANICAL, FIRE PROTECTION, AND ELECTRICAL PLANS FOR LOCATIONS AND SIZES OF OPENINGS THROUGH CIP CONCRETE AND ALL NECESSARY EMBEDDED ITEMS AS REQUIRED.
9. REFER TO ARCH PLANS FOR FLOOR FLATNESS REQUIREMENTS IN CONDITIONED ROOMS.
10. 4" SLAB-ON-GRADE WITH 6x6 W2.9xW2.9 WWF OVER VAPOR BARRIER OVER STRUCTURAL FILL PER GEOTECHNICAL REPORT.
11. SEE SHEET S1.04 FOR ABBREVIATIONS AND SCHEDULES.

SHEARWALL NOTES:

1. ORIENTED STRAND BOARD (OSB) PANEL PER GSN MAY BE USED IN LIEU OF PLYWOOD. USE SAME THICKNESS AND NAILING AS NOTED FOR PLYWOOD PANELS. PANELS SHALL HAVE CURRENT I.C.C. APPROVAL.
2. SHEAR WALL OR SHEAR PANEL SHALL BE 2x AT 16" O.C. MAXIMUM.
3. DRAFTSTOPS OCCUR AT PARTY WALLS OF EVERY UNIT. MATERIAL SHALL BE 3/8" PLYWOOD OR DRYWALL AS PER SHEAR WALL SCHEDULE. FURR DOWNS SHALL BE DRAFTSTOPPED. ALL PENETRATIONS SHALL BE AS PER I.B.C.
4. SHEAR WALL SHEATHING SHALL BE CONTINUOUS TO BASE PLATE AT TUB LOCATIONS AND TO TOP PLATES AT FURRED DOWN CEILINGS.
5. PROVIDE DOUBLE BOTTOM PLATE, STAGGERED EDGE NAILING, AND SPLICE NAILING AT ALL TOP AND BOTTOM PLATES IN WALLS AND SHEAR PANELS WHERE 2- 2x BOTTOM PLATE IS REQUIRED.
6. SHEAR PANELS MAY BE SHEATHED ON THE EXTERIOR OR INTERIOR FACE OF EXTERIOR STUDS OR EITHER FACE OF INTERIOR STUDS AS REQUIRED FOR CONSTRUCTION EASE. COORDINATE WITH OTHER TRADES AS REQUIRED.
7. EDGE NAILING APPLIES TO ALL EDGES AND BOUNDARIES, FIELD NAILING APPLIES TO ALL INTERMEDIATE NAILING.
8. WHERE PANELS ARE APPLIED ON BOTH FACES OF A WALL AND NAIL SPACING IS LESS THAN 6 INCHES O.C. ON EITHER SIDE, PANEL JOINTS SHALL BE OFFSET TO FALL ON DIFFERENT FRAMING MEMBERS OR FRAMING SHALL BE 3 INCH NOMINAL OR THICKER AND NAILS ON EACH SIDE SHALL BE STAGGERED.
9. ANY SHEAR WALL MAY BE REPLACED WITH A SHEAR WALL HAVING A HIGHER ALLOWABLE SHEAR.
10. PROVIDE THE SAME THICKNESS PLYWOOD STRIPS FOR THE ENTIRE LENGTH OF WALL, ABOVE AND BELOW OPENINGS, FOR FLUSH FINISH.
11. PANEL SHEATHING SHALL NOT BE LESS THAN 4'x8', EXCEPT AT BOUNDARIES AND CHANGES IN FRAMING. ALL EDGES OF PANELS SHALL BE SUPPORTED BY AND FASTENED TO FRAMING MEMBERS OR BLOCKING. LOCATE NAILS A MINIMUM OF 3/8" FROM PANEL EDGES.
12. WHERE TIMBERSTRAND BLOCKING OCCURS, USE LSL 1 1/4" WIDE MEMBERS TYPICAL. WHERE BOTTOM PLATE CONNECTION SPACING IS 3" OR LESS, USE 1 3/4" WIDE MEMBERS MINIMUM.

LEGEND:

1. (XXX'-XX") DENOTES TOP OF SLAB ELEVATION (XXX'-XX"), SEE NOTE 1
2. CAST-IN-PLACE CONCRETE COLUMN
3. CAST-IN-PLACE CONCRETE WALL
4. FLOOR DRAIN, REFER TO MEP AND ARCH, REINF PER DETAIL 8/S5.12
5. DENOTES DRAINAGE SLOPE DIRECTIONS
6. BP1 DENOTES BASE PLATE, TYPE BP1. REFER TO DETAIL 1/S5.04
7. SW1 DENOTES SHEAR WALL, TYPE SW1.

S5.26

GENERAL NEW NOTES:

1. PRIOR TO SUBMITTING BID, VISIT THE JOB SITE AND BECOME FULLY ACQUAINTED WITH THE EXISTING CONDITIONS OF THE PROJECT. REVIEW THE GENERAL NOTES, SPECIFICATIONS AND OTHER DRAWINGS FOR ADDITIONAL REQUIREMENTS WHICH MAY NOT BE SPECIFICALLY CALLED OUT IN THIS PORTION OF THE CONSTRUCTION DOCUMENTS. NOTIFY ARCHITECT, ENGINEER AND/OR OWNER OF CONFLICTS OR DISCREPANCIES PRIOR TO SUBMISSION OF BID.
2. REFER TO ARCHITECTURAL DRAWINGS FOR RELATED CONSTRUCTION DETAILS AS APPLICABLE TO THE HVAC SYSTEM. VERIFY CHASES AND PENETRATIONS SHOWN ON ARCHITECTURAL DRAWINGS THAT ARE INTENDED FOR DUCTWORK AND PIPING MEET REQUIREMENTS.
3. ALL WORK SHALL CONFORM TO THE APPLICABLE LOCAL, STATE, AND FEDERAL CODES AND REGULATIONS, INCLUDING THE FOLLOWING:
   A. 2018 INTERNATIONAL BUILDING CODE
   B. 2018 INTERNATIONAL MECHANICAL CODE
   C. 2018 INTERNATIONAL PLUMBING CODE
   D. 2018 INTERNATIONAL ENERGY CONSERVATION CODE
   E. 2018 NATIONAL FIRE PROTECTION CODE
4. COORDINATE LOCATION OF ROOF PENETRATIONS WITH THE ARCHITECTURAL AND STRUCTURAL DRAWINGS.
5. PROVIDE SEISMIC RESTRAINTS AS NEEDED FOR THE MECHANICAL SYSTEMS IN THE PROJECT BASED ON THE SEISMIC ANALYSIS REQUIRED BY THE SPECIFICATIONS.
6. COORDINATE THE INSTALLATION OF THE MECHANICAL SYSTEMS WITH OTHER TRADES TO ENSURE A NEAT AND ORDERLY INSTALLATION. INSTALL DUCTWORK AND PIPING AS TIGHT TO STRUCTURE AS POSSIBLE. COORDINATE WITH OTHER TRADES TO AVOID CONFLICTS. COORDINATE INSTALLATION OF DUCTWORK AND PIPING TO AVOID CONFLICTS WITH ELECTRICAL PANELS, LIGHTING FIXTURES, ETC. ANY MODIFICATIONS REQUIRED DUE TO LACK OF COORDINATION WILL BE THE RESPONSIBILITY OF THE CONTRACTOR AT NO EXTRA COST TO THE OWNER.
7. ALL MECHANICAL EQUIPMENT SHOWN ON THE MECHANICAL PLANS SHALL BE PROVIDED BY DIVISION 23 UNLESS OTHERWISE NOTED.
8. NEW MECHANICAL EQUIPMENT, DUCTWORK AND PIPING ARE SHOWN AT APPROXIMATE LOCATIONS. FIELD MEASURE FINAL DUCTWORK AND PIPING LOCATIONS PRIOR TO FABRICATION AND MAKE ADJUSTMENTS AS REQUIRED TO FIT THE DUCTWORK AND PIPING WITHIN THE AVAILABLE SPACE. VERIFY THAT FINAL EQUIPMENT LOCATIONS MEET MANUFACTURER'S RECOMMENDATIONS REGARDING SERVICE CLEARANCE AND PROPER AIRFLOW CLEARANCE AROUND EQUIPMENT.
9. INDOOR AIR QUALITY MEASURES: PROTECT INSIDE OF (INSTALLED AND DELIVERED) DUCTWORK AND HVAC UNITS FROM EXPOSURE TO DUST, DIRT, PAINT AND MOISTURE. REPLACE INSULATION THAT HAS BECOME WET AT ANY TIME DURING CONSTRUCTION, DRYING THE INSULATION IS NOT ACCEPTABLE. SEAL ANY TEARS OR JOINTS OF INTERNAL FIBERGLASS INSULATION. REMOVE DEBRIS FROM CEILING/RETURN AIR PLENUM INCLUDING DUST. AN INDEPENDENT, PROFESSIONAL DUCT CLEANING COMPANY SHALL VACUUM CLEAN ANY DUCTWORK CONNECTED TO HVAC UNITS THAT WERE OPERATED DURING THE CONSTRUCTION PERIOD AFTER NEW FILTERS ARE INSTALLED AND PRIOR TO TURNING SYSTEM OVER TO THE OWNER. THE INTERNAL SURFACES AND ASSOCIATED COILS OF ANY HVAC UNITS THAT WERE OPERATED SHALL ALSO BE CLEANED.
10. INSTALL DUCTWORK AND PIPING PARALLEL TO BUILDING COLUMN LINES UNLESS OTHERWISE SHOWN OR NOTED.
11. OVERHEAD HANGERS AND SUPPORTS FOR EQUIPMENT, DUCTWORK AND PIPING SHALL BE FASTENED TO BUILDING JOISTS OR BEAMS. DO NOT ATTACH HANGERS AND SUPPORTS TO THE ABOVE FLOOR SLAB OR ROOF EXCEPT WHERE CONCRETE INSERTS IN CONCRETE SLABS ARE ALLOWED BY THE SPECIFICATIONS.
12. COORDINATE LOCATION OF EQUIPMENT SUPPORTS WITH LOCATION OF EQUIPMENT ACCESS PANELS/DOORS TO ENABLE SERVICE OF EQUIPMENT AND/OR FILTER REPLACEMENT.
13. SEAL PENETRATIONS THROUGH THE BUILDING COMPONENTS IN ACCORDANCE WITH THE CONTRACT SPECIFICATIONS. FIREPROOF PENETRATIONS THROUGH FIRE RATED COMPONENTS IN ACCORDANCE WITH U.L. REQUIREMENTS.
14. DRAIN, FLUSH, AND REFILL ALL PIPING SYSTEMS NECESSARY TO PERFORM THE WORK. REFERENCE SPECIFICATIONS FOR FLUSHING PERFORMANCE REQUIREMENTS AND SUBMIT FLUSHING PLAN TO ENGINEER FOR REVIEW. PROVIDE CHEMICAL TREATMENT FOR ALL PIPING SYSTEMS AFTER FLUSHING AND REFILLING THE SYSTEM.
15. COORDINATE THE EXACT MOUNTING SIZE AND FRAME TYPE OF DIFFUSERS, REGISTERS AND GRILLES WITH THE SUPPLIER TO MEET THE CEILING, WALL AND DUCT INSTALLATION REQUIREMENTS.
16. ADJUST LOCATION OF CEILING DIFFUSERS, REGISTERS AND GRILLES AS REQUIRED TO ACCOMMODATE FINAL CEILING GRID AND LIGHTING LOCATIONS.
17. PAINT PORTIONS OF DUCTWORK AND INSULATION THAT ARE EXPOSED TO VIEW BY THE INSTALLATION OF DIFFUSERS, REGISTERS, AND GRILLES IN CEILINGS OR WALLS FLAT BLACK. PORTIONS INCLUDE BOTH THE INTERIOR OF UNLINED DUCTWORK AND THE EXTERIOR OF DUCTWORK AND INSULATION.
18. DUCTWORK CROSSING FIRE RATED WALLS OR OTHER FIRE RATED ASSEMBLIES SHALL BE MINIMUM 26 GAUGE SHEET METAL.
19. PROVIDE FIRE OR FIRE/SMOKE DAMPERS, AS APPLICABLE, IN DUCTWORK AT CEILINGS AND WALLS AT LOCATIONS SHOWN ON THE PLANS. FIRE AND FIRE/SMOKE DAMPERS SHALL CONFORM TO NFPA AS APPLICABLE. COORDINATE SLEEVE LENGTH WITH REQUIREMENTS OF INSTALLED LOCATION.
20. PROVIDE WALL OR DUCT ACCESS PANELS OR DOORS FOR ACCESS TO FIRE AND FIRE/SMOKE DAMPERS. ACCESS PANEL OR DOOR SHALL BE MINIMUM SIZE OF 10" BY 10" AND SHALL BE INSTALLED WITHIN 12" OF DAMPER. PROVIDE A REMOVABLE DUCT SECTION WHERE DUCT SIZE IS TOO SMALL FOR A 10" BY 10" ACCESS DOOR.
21. LOCATE AND SET THERMOSTATS AND HUMIDISTATS AT LOCATIONS SHOWN ON PLANS. VERIFY EXACT LOCATIONS WITH ARCHITECT PRIOR TO INSTALLATION. INSTALL DEVICES WITH TOP OF DEVICE AT MAXIMUM 48" AFF TO MEET ADA REQUIREMENTS UNLESS NOTED OTHERWISE ON PLANS. PROVIDE INSULATED BACKING FOR THERMOSTATS MOUNTED ON EXTERIOR BUILDING WALLS. INSTALL WIRING IN CONDUIT PROVIDED BY ELECTRICAL CONTRACTOR. AT A MINIMUM, PROVIDE CONDUIT IN THE WALL FROM THE JUNCTION BOX TO 6" ABOVE THE CEILING.
22. COORDINATE THE LOCATION AND ELEVATION OF WALL-MOUNTED DEVICES WITH PRESENTATION BOARDS, DISPLAY CABINETS, SHELVES OR OTHER COMPONENTS SHOWN ON THE ARCHITECTURAL DRAWINGS THAT ARE TO BE INSTALLED UNDER OTHER DIVISIONS. CONTRACTOR WILL NOT BE REIMBURSED FOR RELOCATION OF WALL-MOUNTED DEVICES CAUSED BY A LACK OF COORDINATION.
23. PROVIDE A MANUAL BALANCING DAMPER IN EACH DUCT TAKEOFF FROM SUPPLY, RETURN, OUTDOOR AND EXHAUST AIR DUCTS.
24. PROVIDE A PREFABRICATED 45 DEGREE, HIGH EFFICIENCY, RECTANGULAR/ROUND BRANCH DUCT TAKEOFF FITTING FOR BRANCH DUCT CONNECTIONS AND TAKE-OFFS TO INDIVIDUAL DIFFUSERS, REGISTERS AND GRILLES. PROVIDE WITH INTEGRAL MANUAL BALANCING DAMPER AND LOCKING QUADRANT WHERE INDICATED ON PLANS.
25. BRANCH DUCTWORK TO AIR OUTLETS SHALL BE SAME SIZE AS OUTLET NECK SIZE UNLESS OTHERWISE NOTED.
26. REFER TO SPECIFICATIONS FOR DUCTWORK AND PIPING INSULATION REQUIREMENTS. DUCT SIZES ON MECHANICAL PLANS INDICATE CLEAR INSIDE AIRFLOW DIMENSIONS, INCREASE SHEET METAL SIZES ACCORDINGLY TO ACCOUNT FOR THICKNESS OF DUCT LINER.
27. FLEXIBLE DUCTWORK SHALL NOT EXCEED 5'-0" IN LENGTH AND SHALL BE INSTALLED AND SUPPORTED TO AVOID SHARP BENDS AND SAGGING. REFER TO SPECIFICATIONS FOR ADDITIONAL REQUIREMENTS.
28. RIGIDLY SUSPEND UNIT HEATER FROM STRUCTURE WITH SUPPORTING ANGLES AND ALL-THREAD HANGING RODS IN ACCORDANCE WITH MANUFACTURER'S RECOMMENDATIONS.
29. PROVIDE EQUIPMENT VENTS AND FLUES PER EQUIPMENT MANUFACTURERS RECOMMENDATIONS AND EQUIPMENT SPECIFICATIONS. KEEP PENETRATIONS THROUGH ROOF A MINIMUM OF 10'-0" FROM HVAC EQUIPMENT FRESH AIR INLETS AND 2'-0" FROM ROOF PARAPETS.
30. PROVIDE WALL MOUNTED LOUVERS AND DAMPERS WITH SUITABLE MOUNTING FRAME TO MATCH WALL CONSTRUCTION. COORDINATE WITH ARCHITECTURAL DRAWINGS.
31. PROVIDE A NEW SET OF AIR FILTERS IN UNITS PRIOR TO TESTING, ADJUSTING AND BALANCING AND BEFORE TURNING SYSTEM(S) OVER TO OWNER.

MECHANICAL SYMBOLS & LEGENDS

THIS IS A MASTER LEGEND, NOT ALL ABBREVIATIONS OR SYMBOLS ARE USED ON DRAWINGS.

HVAC SYMBOLS & LEGENDS

ALL DUCT DIMENSIONS SHOWN ON DRAWINGS ARE INSIDE CLEAR DIMENSIONS. REFER TO HVAC SPECIFICATIONS FOR DUCTWRAP AND LINER INFORMATION. FINAL DUCT DIMENSION SHALL ACCOUNT FOR TYPE & THICKNESS OF INSULATION (TYP).

SYMBOL	DESCRIPTION
	ROUND DIFFUSER/REGISTER ANNOTATION SD-1 (TYPE) 12"Ø / 500 (NECK SIZE) / (CFM)

OUTDOOR CONDENSING UNIT SCHEDULE

NOTES:
1. PROVIDE LOW AMBIENT CONTROL TO 0°F.
2. EQUIPMENT SIZED FOR SUMMER AMBIENT OF 105°F AND WINTER AMBIENT OF 7°F.
3. COORDINATE WITH THE MANUFACTURER THE HORIZONTAL AND VERTICAL REFRIGERANT PIPE ROUTING TO DETERMINE PIPE SIZES FOR THE REFRIGERANT PIPING. MANUFACTURER SHALL PROVIDE DETAILED REFRIGERANT PIPING DIAGRAMS INCLUDING DIMENSIONAL DATA FOR ALL REFRIGERANT PIPING DEVICES. THE MANUFACTURER SHALL SIZE AND LOCATETHE ASSOCIATED REFRIGERANT TRAPS BASED ON THE ACTUAL ROUTING AND PROVIDE OTHER APPURTENANCES TO PROVIDE A FULLY FUNCTIONAL AND OPERATIONAL SYSTEM. COORDINATE WITH THE MANUFACTURER LOCATIONS FOR ALL REFRIGERANT PIPING DEVICES TO MAINTAIN SERVICEABILITY AND ACCESSIBILITY.
4. PROVIDE LIQUID LINE FILTER DRYER AND SIGHT GLASS.
5. PROVIDE CONCRETE HOUSEKEEPING PAD, SEE STRUCTURAL DRAWINGS.
6. PROVIDE FACTORY MOUNTED DISCONNECT INSTALLED ON SERVICE SIDE OF UNIT.
7. PROVIDE CONDENSER COIL HAIL GUARDS.
8. SELECT EQUIPMENT FOR ELEVATION OF 4500 FEET ABOVE SEA LEVEL.

	COOLING		COOLING		ELECTRICAL

EXHAUST FAN SCHEDULE

NOTES:
1. PROVIDE WITH 6" TO 4" ROUND REDUCER.
2. PROVIDE WALL CAP WITH INTEGRAL BACKDRAFT DAMPER.
3. FAN TO OPERATE OFF ROOMS LIGHT SWITCH, SEE ELECTRICAL DRAWING.
4. FAN SHALL BE INTEGRATED TO GAS DETECTION SYSTEM TO ACTIVATE BASED ON CO AND NO2 DETECTION.
5. PROVIDE WITH BIRDSCREEN AND GRAVITY BACKDRAFT DAMPER.
6. FAN TO OPERATE CONTINUOUSLY, SEE ELECTRICAL FOR WALL SWITCH LOCATION.

LOUVER SCHEDULE

NOTES:
1. PROVIDE 3/4" MESH ALUMINUM BIRD SCREEN.
2. PROVIDE STANDARD MILL FINISH.
3. FRAME TYPE SHALL MATCH WALL CONSTRUCTION. COORDINDATE WITH ARCHITECT.
4. PROVIDE WITH MANUFACTURER'S BACKDRAFT DAMPER.
5. PROVIDE WITH OPTIONAL WELDED CONSTRUCTION PER THE LARGE MISSLE IMPACT TEST (ASTM E1996/TAS 201) AND THE CYCLIC WIND-LOADING TEST (TAS 203). QUALIFIED FOR WIND-LOADS UP TO 200 PSF.
6. PROVIDE WITH GREENHECK MODEL BR-42 BACKDRAFT DAMPER.

COOLING COIL UNIT

NOTES:
1. CONTRACTOR SHALL VERIFY WITH EQUIPMENT SUPPLIER EXACT ROUTING AND SIZE OF INSULATED REFRIGERANT PIPING. INSTALL PER MANUFACTURERS RECOMMENDATIONS.
2. SELECT EQUIPMENT FOR ELEVATION OF 4500 FEET ABOVE SEA LEVEL.
3. ELECTRICAL CONTRACTOR TO PROVIDE DISCONNECT SWITCH FOR EVAPORATOR SECTION AND CONDENSING SECTION.
4. PROVIDE WITH FACTORY CONDENSATE PUMP. SHIPPED LOOSE, FIELD INSTALLED BY PLUMBING CONTRACTOR.

		COOLING COIL

NOTES:

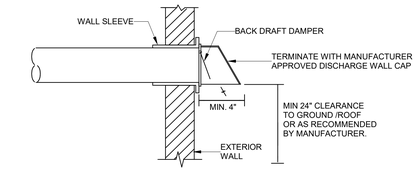
1. SEAL ALL JOINTS AND SEAMS OF PLENUM AND DUCT TO PROVIDE WATER TIGHT CONSTRUCTION. PROVIDE INSULATION FOR PLENUM AND DUCT PER SPECIFICATIONS.

1 LOUVER INSTALLATION DETAIL

N.T.S

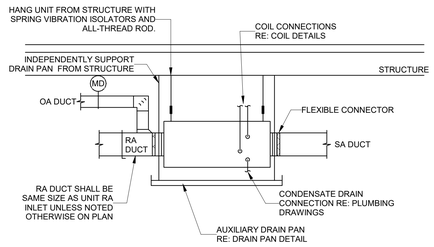


NOTES:

1. ARRANGEMENT SHOWN IS SCHEMATIC, ADJUST TO SUIT FIELD CONDITIONS AND MEET LOCAL CODE REQUIREMENTS.
2. FOR FANS 1 HP AND LESS, PROVIDE NEOPRENE RUBBER MOUNT HANGER. FOR FANS LARGER THAN 1 HP, PROVIDE SPRING VIBRATION ISOLATION HANGER.

2 CEILING MOUNTED FAN DETAIL

N.T.S

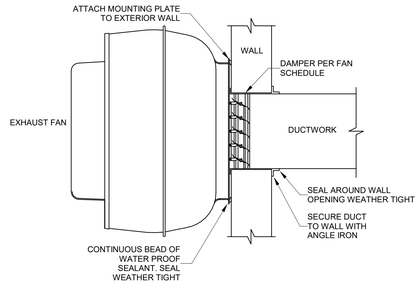


NOTES:

1. DRYER EXHAUST TERMINATIONS SHALL BE IN ACCORDANCE WITH THE APPLIANCE MANUFACTURER'S INSTALLATION INSTRUCTIONS.
2. DAMPERS OR ANY OTHER OBSTRUCTIONS ARE NOT PERMITTED IN DRYER VENT DUCT.
3. SCREENS SHALL NOT BE INSTALLED AT THE DUCT TERMINATION.
4. ALL DRYER EXHAUST DUCTWORK SHALL BE SMOOTH INSIDE WITH NO PROJECTIONS FROM SHEET METAL SCREWS OR OTHER OBSTRUCTIONS.

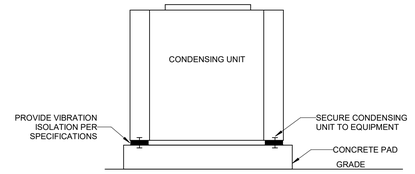
3 DRYER EXHAUST VENT DETAIL

N.T.S



NOTES:

1. ARRANGEMENT SHOWN IS SCHEMATIC, ADJUST TO SUIT FIELD CONDITIONS AND MEET LOCAL CODE REQUIREMENTS.



4 HORIZONTAL FCU DETAIL

N.T.S

5 SIDEWALL CENTRIFUGAL EXHAUST FAN

N.T.S

NOTES:

1. SUPPORT AND ANCHOR OUTDOOR UNITS IN COMPLIANCE WITH LOCAL SEISMIC AND WIND RESTRAINT REQUIREMENTS.
2. SEE MECHANICAL EQUIPMENT ANCHORS AND SUPPORT SPECIFICATIONS FOR ADDITIONAL REQUIREMENTS.

6 CONDENSING UNIT GROUND SUPPORT DETAIL

PLUMBING GENERAL NOTES:

1. DRAWINGS ARE DIAGRAMMATIC ONLY AND REPRESENT THE GENERAL SCOPE OF THE WORK. REVIEW THE GENERAL NOTES, SPECIFICATIONS AND PLANS FOR ADDITIONAL REQUIREMENTS THAT MAY NOT BE SPECIFICALLY CALLED OUT IN THIS PORTION OF THE CONSTRUCTION DOCUMENTS. NOTIFY THE ARCHITECT AND ENGINEER ON RECORD OF ANY CONFLICTS OR DISCREPANCIES PRIOR TO SUBMISSION OF BID.
2. ALL WORK SHALL BE IN ACCORDANCE WITH THE 2018 INTERNATIONAL PLUMBING CODE (IPC), 2018 INTERNATIONAL ENERGY CONSERVATION CODE (IECC), 2018 INTERNATIONAL BUILDING CODE (IBS), 2018 INTERNATIONAL MECHANICAL CODE (IMC), NATIONAL FIRE PROTECTION ASSOCIATION (NFPA) STANDARDS, AND ALL OTHER APPLICABLE CODES, RULES, AND CITY OF WENDOVER AMENDMENTS.
3. GUARANTEE MATERIAL, EQUIPMENT, AND INSTALLATION FOR ONE YEAR FROM SUBSTANTIAL COMPLETION DATE. ALL DEFECTS SHALL BE CONTRACTORS RESPONSIBILITY.
4. PROVIDE A CONSTRUCTION RECORD SET OF "AS-BUILT" DOCUMENTS TO THE ARCHITECT AND ENGINEER ON RECORD REFLECTING ANY VARIANCES OF INSTALLED PIPING LOCATIONS OR EQUIPMENT CONTRARY TO THE CONSTRUCTION DOCUMENTS, REFER TO SPECIFICATIONS.
5. PROVIDE TO THE ARCHITECT AND ENGINEER ON RECORD A COPY OF INSPECTION REPORTS AND APPROVAL CERTIFICATES FROM LOCAL AND STATE INSPECTIONS, REFER TO SPECIFICATIONS.
6. INSTALLATION SHALL COMPLY WITH LEGALLY CONSTITUTED CODES AND THE REQUIREMENTS OF AUTHORITIES HAVING JURISDICTION.
7. PLANS AND SPECIFICATIONS GOVERN WHERE THEY EXCEED CODE REQUIREMENTS.
8. REFER TO ARCHITECTURAL PLANS FOR EXACT LOCATION AND MOUNTING HEIGHTS OF PLUMBING FIXTURES.
9. DO NOT SCALE FLOOR PLANS FOR EXACT HORIZONTAL LOCATION OF PIPE ROUTING.
10. INSTALL CONCEALED PIPING TIGHT TO THE STRUCTURE AND AS HIGH AS POSSIBLE. INSTALL EXPOSED PIPING TIGHT TO THE STRUCTURE, WALL OR CEILING AND AS HIGH AS POSSIBLE. COORDINATE WITH OTHER TRADES TO AVOID CONFLICTS.
11. INSTALL VALVES AND APPURTENANCES A MAXIMUM OF 24" ABOVE CEILING IN ACCESSIBLE LOCATION WITHIN 24" OF ACCESS DOORS OR ACCESSIBLE CEILING TILES. PROVIDE PIPE AND FITTINGS TO INSTALL VALVES AND APPURTENANCES AT REQUIRED HEIGHT AND WITHIN 24" OF ACCESS DOORS OR ACCESSIBLE CEILING TILES.
12. VALVES SHALL BE LINE SIZE UNLESS OTHERWISE NOTED.
13. PIPING IN FINISHED AREAS SHALL BE ROUTED CONCEALED; EXPOSED PIPING, WHERE NECESSARY, SHALL BE ROUTED AS HIGH AS POSSIBLE AND TIGHT TO WALLS.
14. VERIFY LOCATION AND DEPTH OF UTILITIES AT POINTS OF CONNECTION BEFORE START OF PIPING INSTALLATION.
15. COORDINATE ALL WORK WITH OTHER TRADES AND CONTRACTORS.
16. COORDINATE PIPING INSTALLATION WITH STRUCTURAL GRADE BEAMS, FOOTINGS, COLUMN PIERS, ETC. SLEEVE PIPING THROUGH GRADE BEAMS, FOOTING, ETC. WHERE REQUIRED AND AS NOTED ON PLANS. COORDINATE SLEEVE INSTALLATIONS WITH THE ARCHITECT, STRUCTURAL ENGINEER, STRUCTURAL CONTRACTOR AND GENERAL CONTRACTOR BEFORE CONCRETE IS INSTALLED.
17. CLEAN FAUCET AERATORS AND PIPE STRAINERS PRIOR TO TURNING BUILDING OVER TO THE OWNER.
18. COORDINATE PIPE ROUTING AWAY FROM ELECTRICAL PANELS. DO NOT INSTALL PIPING OVER ELECTRICAL PANELS.
19. PAINT ALL EXPOSED GAS AND WATER PIPING USING RUST INHIBITOR PAINT. PAINT AND COLOR SHALL BE COORDINATED WITH THE ARCHITECT AND / OR OWNER.
20. COORDINATE ALL ROOF PENETRATIONS WITH OTHER TRADES. MAINTAIN 10' MINIMUM CLEARANCE FROM ALL AIR INTAKES. MAINTAIN 2' CLEARANCE FROM ALL OTHER EQUIPMENT.
21. INSULATE PIPING ROUTED IN EXTERIOR BUILDING WALLS WITH MINIMUM 2" BATT INSULATION TO PREVENT FREEZING.
22. PROVIDE "HEAVY-DUTY" NO-HUB COUPLINGS ON SANITARY PIPING 3" AND LARGER. SEE DIVISION 22 SPECIFICATION SECTION "SANITARY DRAINAGE AND VENT AND PIPING SPECIALTIES" FOR MORE INFORMATION.
23. PROVIDE "HEAVY-DUTY" NO-HUB COUPLINGS ON STORM PIPING, INCLUDING CONNECTIONS TO ROOF DRAINS. SEE DIVISION 22 SPECIFICATION SECTION "STORM DRAINAGE PIPING AND SPECIALTIES" FOR MORE INFORMATION.
24. PROVIDE TRANSITION ADAPTER COUPLINGS FOR CONNECTION OF PVC DWV TO CAST IRON SANITARY, WASTE AND VENT PIPE AT SLAB ON GRADE. SEE DIVISION 22 SPECIFICATION SECTION "SANITARY DRAINAGE AND VENT PIPING AND SPECIALTIES" FOR MORE INFORMATION.
25. PROVIDE TRANSITION ADAPTER COUPLINGS FOR CONNECTION OF PVC DWV TO CAST IRON STORM PIPE AT SLAB ON GRADE. SEE DIVISION 22 SPECIFICATION SECTION "STORM DRAINAGE PIPING AND SPECIALTIES" FOR MORE INFORMATION.
26. FLOW CONTROL VALVES SHALL BE SIZE 1/2" AND SET AT 0.5 GPM UNLESS NOTED OTHERWISE.
27. WATER HAMMER ARRESTORS SHALL BE SIZE "A" UNLESS NOTED OTHERWISE.
28. PROVIDE CHECK VALVES IN HOT AND COLD WATER SUPPLIES FOR MOP SINK FAUCETS DOWNSTREAM OF SHUTOFF VALVES.
29. PROVIDE STACK SLEEVES AT PIPING PENETATIONS OF ELEVATED WATERPROOF FLOOR SLABS, REFER TO SPECIFICATIONS.
30. PROVIDE WALL PIPES AT PIPING PENETRATIONS OF ELEVATED WATERPROOF FLOOR SLABS, REFER TO SPECIFICATIONS.
31. PROVIDE DIELECTRIC UNIONS ON ALL CONNECTION BETWEEN DISSIMILAR METALS.
32. FLUSH AND DISINFECT ALL POTABLE WATER SYSTEMS AFTER FINAL INSTALLTION AND PRIOR TO BUILDING OCCUPANCY PER PLUMBING CODE.
33. ALL PENETRATIONS THROUGH RATED WALLS AND FLOORS SHALL BE SEALED WITH A MATERIAL CAPABLE OF PREVENTING THE PASSAGE OF FLAMES AND HOT GASES. MATERIALS SHALL BE UL LISTED AND COMPLY WITH PLUMBING CODE.
34. CALL FOR INSPECTION AND TEST FROM AUTHORITY HAVING JURISDICTION OF ALL WASTE PIPE, WATER PIPE, AND NATURAL GAS PIPE PRIOR TO BACKFILL AND COVER PER PLUMBING CODE.
35. PROVIDE THIRD PARTY TESTING AND CERTIFICATION OF ALL NATURAL GAS PIPE AND FITTINGS PER FUEL GAS CODE.
36. PROVIDE SIZE AND LENGTH OF HOT WATER FIXTURE SUPPLY PIPE FROM CIRCULATED HOT WATER BRANCH OR MAIN TO TERMINATION OF HOT WATER FIXTURE SUPPLY PIPE AT EACH FIXTURE PER 2015 INTERNATIONAL ENERGY CONSERVATION CODE, TABLE C404.3.1. FOR ½" HOT WATER FIXTURE SUPPLY PIPE SIZE TO INDIVIDUAL LAVATORIES, PROVIDE MAXIMUM LENGTH OF TWO FEET. FOR ½" HOT WATER FIXTURE SUPPLY PIPE SIZE TO INDIVIDUAL SINKS, PROVIDE MAXIMUM LENGTH OF 43 FEET. FOR 3/4" HOT WATER FIXTURE SUPPLY PIPE SIZE TO INDIVIDUAL SINKS, PROVIDE MAXIMUM LENGTH OF 21 FEET.

PLUMBING SYMBOLS & LEGENDS

THIS IS A MASTER LEGEND, NOT ALL ABBREVIATIONS OR SYMBOLS ARE USED ON DRAWINGS.

STANDARD MOUNTING ELEVATIONS

INSTALL PLUMBING FIXTURES AT ELEVATIONS IN DRAWINGS OR SPECIFICATIONS. ELEVATIONS ARE DIMENSIONED FROM AFF OR AFG. INSTALL ALL DEVICES IN COMPLIANCE WITH CURRENT ADA AND LOCAL REQUIREMENTS.

REFER TO ARCHIECTURAL DRAWINGS FOR FINAL LOCATIONS AND MOUNTING ELEVATIONS.

PLUMBING FIXTURE SCHEDULE

MARK	FIXTURE TYPE	DESCRIPTION	MANUFACTURER	MODEL	ROUGH-IN SIZE			
					W	V	CW	HW
EE-1	EMERGENCY EYE WASH	COMBINATION EMERGENCY SHOWER AND EYEWASH. PROVIDE WITH 11" STAINLESS STEEL BOWL, INTEGRAL 20 GPM FLOW CONTROL, MODEL SP157A SCALD BLEED VALVE, MODEL 92011E THERMOSTATIC MIXING VALVE, AND STAINLESS STEEL DUST COVER.	HAWS	8300	0"	0"	1 1/4"	1 1/4"
EWC-1	ELECTRIC WATER COOLER	BI-LEVEL, BARRIER-FREE, WALL MOUNTED REFRIGERATED WATER COOLER WITH SELF-CLOSING EASY-TOUCH CONTROLS REQUIRING LESS THAN 3 POUNDS OF FORCE TO OPERATE. UNIT SHALL PROVIDE 8.0 GPH OF 50°F WATER WITH 80°F ENTERING WATER AND 90°F AMBIENT. PROVIDE AND INSTALL MANUFACTURERS CANE SKIRT. PROVIDE COMPLETE WITH MOUNTING PLATE, STOP, SUPPLY, TRAP, CANE SKIRT, AND BOTTLE FILLER (MODEL NO. LZWSR).	ELKAY	LZSTL8WSLP - LHHS	2"	1 1/2"	1/2"	0"
FCO-1	FLOOR CLEANOUT	FLOOR CLEANOUT, REFER TO PLANS FOR SIZE. LOCATE IN ACCESSIBLE AREA. TUF-TOP NON-ADJUSTABLE CLEANOUT WITH DURA-COATED CAST IRON BODY, WITH GAS AND WATERTIGHT ABS TAPERED THREAD PLUG, AND ROUND SCORIATED CAST IRON HEAVY-DUTY SECURED COVER AND FRAME.	WATTS	CO-202-RC	2"	0"	0"	0"
FD-1	4" FLOOR DRAIN	CAST IRON BODY FLOOR DRAIN.	ZURN	Z415	4"	2"	0"	0"
HB-1	HOSE BIBB	EXPOSED HOSE BIBB, MILD CLIMATE, ANTI-SIPHON, CHROME PLATED.	WOODFORD	79	0"	0"	3/4"	0"
HB-2	HOSE BIBB	UNDER COVER WALL HYDRANT, ANIT SIPHON, CHROME PLATED. PROVIDE WITH INTEGRAL DOUBLE CHECK BACKFLOW PREVENTER AND LOOSE TEE KEY AND DOOR LOCK.	WOODFORD	68	0"	0"	3/4"	0"
L-1	LAVATORY	21"X20 1/4" SELF DRAINING DECK 4" CENTERS WALL MOUNTED LAVATORY, PROVIDE WITH AMERICAN STANDARD FAUCET MODEL 6053.204. FACUET TO BE 0.35 GPM, BATTERY OPERATED SENSOR WITH ESTIMATED LIFE CYCLES OF 480,000 AND OPTIONAL THERMOSTATIC MIXING VALVE MODEL 605TXMV1070. ADA COMPLIENT WHEN INSTALLED PER MANUFACTURERS ADA REQUIREMENTS.	AMERICAN STANDARD	DECORUM 9134004EC	1 1/2"	1 1/2"	1/2"	1/2"
MS-1	MOP SINK	FLOOR MOUNTED 24"X24"X10" DEEP MOP SINK. ONE PIECE MOLDED STRUCTURAL FIBERGLASS CONSTRUCTION WITH MARBELIZED WHITE FINISH. PROVIDE WITH FAUCET (MODEL 63.600A), 31" HOSE AND HOSE HOLDER (MODEL 830AA), MOP HANGER (889CC), BUMPER GUARDS, AND WALL GUARDS. PROVIDE MOP SINK WITH 3" INTEGRAL DRAIN WITH REMOVEABLE STAINLESS STEEL STRAINER.	FIAT	MSB-2424	2"	2"	1/2"	1/2"
MS-2	MOP SINK	FLOOR MOUNTED 23"X21-1/2 SINGLE BOWL LAUNDRY TUB WITH WHITE BAKED ENAMEL STEEL LEGS, STRAINER, AND PLUG. PROVIDE WITH CHICAGO FAUCETS 895 SERIES DECK MOUNTED SINK FAUCET.	FIAT	FL1	2"	2"	1/2"	1/2"
SK-1	SINK - SINGLE BOWL	20 GAUGE 304 STAINLESS STEEL SINGLE BOWL DROPIN SINK, 21-1/4" X 15-3/4" X 8" DEEP. BARRIER FREE ADA COMPLIANT, 27" MINIMUM CABINET SIZE. PROVIDE WITH 3-HOLE PUNCH CONFIGURATION ON 4" CENTERS. PROVIDE 1.5 GPM FAUCET, BRASS SWIVEL SPOUT (MODEL NO. 7074000.075). PROVIDE ASSE 1070 COMPLIANT THERMOSTATIC MIXING VALVE, TRUEBRO LAVGUARDS, 1-1/2" CHROME PLATED P-TRAP, GRID STRAINER, LEAD FREE QUARTER TURN VALVES, AND FLEXIBLE SUPPLY LINES.	AMERICAN STANDARD	20SB.8252283S.075	2"	1 1/2"	1/2"	1/2"
SK-2	SINK - DOUBLE BOWL	120 GAUGE STAINSS STEEL DOUBLE BOWL DROP-IN SINK, 33" X 22" X 8" DEEP. BARRIER FREE ADA COMPLIANT, 36" MINIMUM CABINET SIZE. PROVIDE WITH 3-HOLE PUNCH CONFIGURATION ON 4" CENTERS. PROVIDE 1.5 GPM FAUCET WITH 8" FIXED CENTERS, BRASS SWIVEL SPOUT (MODEL NO. 707400.075). PROVIDE ASSE 1070 COMPLIANT THERMOSTATIC MIXING VALVE, TRUEBRO LAVGUARDS, 1-1/2" CHROME PLATED P-TRAP, GRID STRAINER, LEAD FREE QUARTER TURN VALVES, AND FLEXIBLE SUPPLY LINES.	AMERICAN STANDARD	22DB.6332283S.075	2"	1 1/2"	1/2"	1/2"
SOI-1	SAND/OIL INTERCEPTOR	SAND-OIL INTERCEPTOR, 320 GALLON, 2 COMPARTMENT CONCRETE STRUCTURE. PROVIDE WITH #4 H20 TRAFFIC RATED, 26" X 26" AIR TIGHT DIAMOND FLOOR PLATE COVER, FABRICATED STEEL FRAME, AND SURFACE INLET GRATE 26" X 26" WITH FABRICATED STEEL FRAME.	JENSEN	JP320EE-SO	4"	2"	0"	0"
TD-1	TRENCH DRAINS	6-3/4" WIDE REVEAL TRENCH DRAIN SYSTEM WITH HEAVY-DUTY FRAME ASSEMBLY. DUCTILE IRON CLASS C GRATE.	ZURN	Z886-HD	4"	0"	0"	0"
TP-1	TRAP PRIMER	115V POWERED ELECTRIC TRAP PRIMER.	PRECISION PLUMBING PRODUCTS	MP-500-115V	0"	0"	1/2"	0"
UB-1	UTILITY WATER BOX	LOW LEAD SQUARE 1/4 TURN COPPER UTIITY BOX WITH OPTIONAL WATER HAMMER	OATEY COMPANY	39156	0"	0"	1/2"	0"
WC-1	WATER CLOSET - FLUSH VALVE	WALL MOUNTED WATER CLOSET, HIGH EFFICIENCY 1.28 GPF, ELONGATED BOWL, VITREOUS CHINA, TOP SPUD. PROVIDE WITH AMERICAN STANDARD 1.28 GPF BATTERY-POWERED SENSOR-OPERATED SELECTRONIC FLUSHOMETER VALVE (MODEL NO. 6065.121.002) AND HEAY DUTY OPEN FRONT SEAT (MODEL NO. 5901.100). PROVIDE WITH J. R. SMITH FLOOR MOUNTED CARRIER.	AMERICAN STANDARD	AFWALL FLOWISE 2257.101	4"	2"	1 1/2"	0"
WCO-1	WALL CLEANOUT	WALL CLEANOUT, REFER TO PLANS FOR SIZE. LOCATE IN ACCESSIBLE AREA. DURA-COATED CAST IRON BODY, WITH GAS AND WATERTIGHT ABS TAPERED THREAD PLUG, AND ROUND SMOOTH STAINLESS STEEL ACCESS COVER WITH SECURING SCREW.	WATTS	CO44	0"	0"	0"	0"

ELECTRICAL SYMBOLS, ABBREVIATIONS, AND NOTES

E000

5/5/2023 10:31:57 AM BIM 360://092767002-Wendover Fire Station/Wendover FS MEP.rvt

GENERAL ELECTRICAL NOTES

1. PROVIDE ALL LABOR, MATERIALS, TOOLS, ACCESSORIES, ETC. REQUIRED FOR A COMPLETE WORKING ELECTRICAL SYSTEM.
2. ALL CONDUIT SHALL BE ROUTED UNDER FOOTINGS WHERE APPLICABLE. REFER TO STRUCTURAL DETAILS FOR MORE INFORMATION.
3. THE USE OF SERIES RATING OF UPSTREAM OR DOWNSTREAM CIRCUIT BREAKERS OR FUSES IS PROHIBITED. ONLY FULLY RATED SYSTEM COMPONENTS WILL BE ACCEPTED.
4. PULL ROPES: PROVIDE 300 POUND PULL WIRE OR NYLON EQUIVALENT IN ALL INTERIOR EMPTY CONDUIT RUNS. PROVIDE 1/4" DIA NYLON PULL ROPE IN EACH EMPTY EXTERIOR CONDUIT OR DUCT.
5. ALL MULTIPLE POLE CIRCUITS SHALL BE PROVIDED WITH HANDLE TIES AS REQUIRED BY NEC.
6. CONDUIT/CONDUCTOR RUNS SHOWN ARE DIAGRAMMATICAL ONLY. THE BEST FINAL CONDUIT ROUTING SHALL BE AS DETERMINED BY THE ELECTRICAL CONTRACTOR AT THE TIME OF CONSTRUCTION.
7. PRIOR TO PURCHASE OF ANY PANEL, PROTECTIVE DEVICES, SWITCH, STARTER, CONDUIT, WIRE, ETC., TO FEED ANY PIECE OF EQUIPMENT VERIFY THE VOLTAGE, PHASE, AND LOAD OF THAT ITEM IN THE FIELD AND/OR WITH THE PARTICULAR ENTITY INVOLVED IN THE FURNISHING THE ITEM SUCH THAT THE PROPER SIZE & RATING OF THE MATERIALS ARE PURCHASED. NO EXTRAS WILL BE ALLOWED FOR FAILURE TO COMPLY. THIS APPLIES TO ALL EQUIPMENT UNDER OTHER SECTIONS & BY THE OWNER.
8. PROVIDE ALL TRENCHING, EXCAVATION, BACK FILLING, SHORING, PUMPING, COMPACTION TEST ETC. THAT ARE REQUIRED FOR THE SCOPE OF ELECTRICAL WORK.
9. VERIFY THE EXACT LOCATION AND ELEVATION OF ALL ELECTRICAL EQUIPMENT PRIOR TO ROUGH-IN. FINAL CONNECTIONS OF EQUIPMENT SHALL BE PER MANUFACTURERS APPROVED WIRING DIAGRAMS, DETAILS AND INSTRUCTIONS. THE ELECTRICAL CONTRACTOR SHALL PROVIDE MATERIALS AND EQUIPMENT COMPATIBLE WITH EQUIPMENT ACTUALLY SUPPLIED.
10. ALL PANELBOARDS, SWITCHES, MOTOR STARTERS AND SWITCHBOARD CIRCUIT BREAKERS SHALL HAVE ENGRAVED MICARTA NAMEPLATES.
11. PROVIDE ALL PANELBOARDS WITH TYPED DIRECTORIES INSTALLED UNDER A CLEAR PLASTIC COVER. SUBMIT DIRECTORY INFORMATION TO THE OWNER FOR APPROVAL PRIOR TO FINALIZATION. PROVIDE NEW DIRECTORIES FOR ANY PANELBOARDS REQUIRING MODIFICATION.
12. COORDINATE ALL NEW OR PROPOSED WORK WITH EXISTING CONDITIONS. FIELD CONFLICTS AND/OR DISCREPANCIES IN THE DRAWINGS SHALL BE BROUGHT TO THE ATTENTION OF THE ENGINEER OF RECORD FOR RESOLUTION BEFORE PROCEEDING WITH THE WORK.
13. CONDUIT AND CONDUCTOR ROUTINGS WHERE SHOWN ON PLANS ARE DIAGRAMMATICAL. ALTERNATE ROUTES TO BE APPROVED BY CITY OF AURORA PROJECT MANAGER AND ENGINEER PRIOR TO INSTALLATION. CONTRACTOR TO FIELD COORDINATE CONDUCTOR ROUTING IN CONDUIT AND/OR IN CABLE TRAY IN THE FIELD WITH EXISTING CONDITIONS.
14. EXISTING CONDITIONS ARE INDICATED ON THE DRAWINGS WITH HALF-TONE LINE WORK AND/OR THE NOTATION "(E)". DEMOLTITION WORK IS INDICATED WITH FULL-TONE, DASHED LINE WORK, AND NEW OR PROPOSED WORK IS INDICATED WITH FULL-TONE, SOLID LINE WORK AND/OR THE NOTATION "(N)".

ELECTRICAL SPECIFICATIONS

PART ONE - GENERAL

1.1. THE WORK: ALL WORK SHALL BE NEW UNLESS OTHERWISE NOTED. THE CONTRACTOR SHALL PROVIDE THE WORK SHOWN ON THE DRAWINGS AND SPECIFIED FOR ITS INDIVIDUAL SECTIONS OF WORK. THE WORD "WORK" IS DEFINED AS ALL LABOR, TRANSPORTATION, MATERIAL, EQUIPMENT, TOOLS, INSTALLATION, SUPERVISION AND ANY OTHER INCIDENTAL ITEMS OR SERVICES NECESSARY FOR THE PROPER INSTALLATION AND OPERATION OF THE COMPLETE SYSTEMS, WHICH SHALL BE PROVIDED BY THIS CONTRACTOR WHETHER OR NOT SPECIFICALLY INDICATED OR NOTED.

1.2. RESPONSIBILITY: THIS CONTRACTOR IS SOLELY RESPONSIBLE FOR THE ACTIONS OF ITS PERSONNEL, SUPPLIERS, AND SUB-CONTRACTORS. THIS CONTRACTOR SHALL BE RESPONSIBLE FOR THE PERFORMANCE OF ALL WORK AS MAY BE REQUIRED TO ACCOMMODATE THE SUPPORT OF THE EQUIPMENT, INCLUDING ALL MECHANICAL, STRUCTURAL SUPPORTS, CUTTING AND PATCHING, EXCAVATION AND BACKFILL, CONCRETE PADS, ROOF JACKS, ETC. REQUIRING THIS CONTRACTOR'S ENGAGEMENT OF APPROPRIATE TRADES TO PERFORM SUCH WORK FOR THE PROPER INSTALLATION AND OPERATION OF COMPLETE ELECTRICAL SYSTEMS.

1.3. MINIMUM REQUIREMENTS: THESE SPECIFICATIONS ESTABLISH THE MINIMUM REQUIREMENTS FOR THE WORK AND MATERIALS, EQUIPMENT AND METHODS TO BE PROVIDED. THE DRAWINGS MAY INDICATE REQUIREMENTS WHICH EXCEED THESE MINIMUMS.

1.4. GENERAL CONDITIONS: ALL GENERAL CONDITIONS, SPECIAL REQUIREMENTS OR GENERAL REQUIREMENTS OF THE CONSTRUCTION SPECIFICATIONS ARE MADE PART OF THIS SPECIFICATION AND HAVE THE SAME FORCE AND EFFECT AS IF COMPLETELY REPRODUCED.

1.5. DEFINITIONS:
AHJ: AUTHORITY HAVING JURISDICTION.
ASSEMBLY: AN INSTALLATION OR SYSTEM OF MULTIPLE COMPONENTS REQUIRING MULTIPLE CONNECTIONS. (EXAMPLES: TRASH COMPACTOR, MOTORIZED DOOR, HVAC SPLIT SYSTEM, ETC.).
EQUAL: ACCEPTED BY THE ENGINEER AS EQUAL.
FF&E: FURNISHINGS, FIXTURES AND EQUIPMENT - PROVIDED BY OTHERS AT JOBSITE.
RECEIVE, PROTECT, STORE, ASSEMBLE, INSTALL AND CONNECT. PROVIDE MINIMUM 5X STRUCTURAL BACKING. (EXAMPLES: CHANDELIERS, PROJECTORS, ETC.).
PROVIDE: FURNISH, INSTALL, ACTIVATE, AND COMMISSION.

1.6. CODES: ALL WORK SHALL BE DONE IN ACCORDANCE WITH THE 2017 EDITION OF THE NATIONAL ELECTRICAL CODE (NEC), THE 2015 EDITION OF THE INTERNATIONAL ENERGY CONSERVATION CODE (IECC), AND ALL OTHER ADOPTED APPLICABLE FEDERAL, STATE, AND LOCAL REGULATIONS.

1.7. PERMITS: PAY ALL FEES AND OBTAIN ALL PERMITS AND INSPECTIONS REQUIRED FOR THE WORK.

1.8. DRAWINGS: DRAWINGS ARE DIAGRAMMATIC AND SCHEMATIC IN NATURE, AND INDICATE THE TYPE, SIZE, ARRANGEMENT AND LOCATIONS OF MATERIALS AND EQUIPMENT. WORK INCLUDES CERTAIN COMPONENTS, APPURTENANCES, AND RELATED SPECIALTIES THAT MAY NOT BE SHOWN. PROVIDE ALL NECESSARY ITEMS FOR COMPLETE WORK ACCORDING TO INDUSTRY STANDARDS. IT IS THE INTENT OF THE DRAWINGS AND SPECIFICATIONS TO REQUIRE FINISHED WORK, TESTED AND READY FOR OPERATION AS SHOWN ON THE DRAWINGS. ARRANGEMENT OF EQUIPMENT AND ROUTING OF PIPING AND BRANCH CIRCUITING SHALL BE PLUMB AND AT RIGHT ANGLES TO BUILDING CONSTRUCTION, AND MAY REQUIRE MODIFICATIONS TO UNFORESEEN FIELD CONDITIONS REQUIRING ONSITE REVISIONS DURING CONSTRUCTION. (SEE ALSO "BIDDING").

1.9. COORDINATION: THIS PROJECT REQUIRES A HIGH LEVEL OF COORDINATION AND COOPERATION BY OWNER, ARCHITECT, OTHER TRADE/EQUIPMENT VENDORS AND FACILITY CONTRACTORS. CAREFULLY EXAMINE ALL CONTRACT DOCUMENTS INCLUDING, BUT NOT LIMITED TO, SHOP DRAWINGS, ETC. FOR ALL GENERAL CONSTRUCTION, STRUCTURAL, MECHANICAL, PLUMBING, ELECTRICAL, AND SPECIALTY WORK. BECOME FAMILIAR WITH TO ROUGH-IN, COORDINATE THE WORK WITH ALL OTHER TRADES, TAKING RESPONSIBILITY FOR THE PROPER FITTING OF MATERIAL INTO THE BUILDING AS PLANNED WITHOUT INTERFERENCE WITH OTHERWORK. ESTABLISH AND VERIFY LOCATIONS, HEIGHTS, CONNECTIONS, CLEARANCES, ETC. WITH EQUIPMENT INSTALLER (AND OWNER, ARCHITECT, AND/OR INTERIOR DESIGNER FOR FF&E ITEMS), AND MAKE REASONABLE MODIFICATIONS IN THE LAYOUTS NEEDED TO PREVENT CONFLICTS WITH OTHER TRADES IN ORDER TO PROVIDE ACCESS FOR THE PROPER EXECUTION OF THE WORK.

1.10. IDENTICAL: ALL WORK REQUIRED FOR IDENTICAL ITEMS AND ASSEMBLIES OF THE PROJECT SHALL BE PROVIDED, ALTHOUGH EACH SPECIFIC IDENTICAL ITEM MAY NOT BE SHOWN IN DETAIL.

1.11. VERIFICATION: CHECK AND VERIFY ALL SIZES, DIMENSIONS, AND CONDITIONS BEFORE STARTING ANY WORK. ANY DEVIATION(S) OR PROBLEM(S) SHALL BE TRANSMITTED TO THE ENGINEER FOR REVIEW.

1.12. CONNECTIONS: CONNECT ALL EQUIPMENT, SYSTEMS, AND ASSEMBLIES PROVIDED BY OTHERS/OWNER. SAFETY DEVICES AND INTERLOCKS: EXCEPTION: DO NOT INTERCONNECT THE CONTROL SYSTEMS OF THOSE MECHANICAL AND PLUMBING SYSTEMS WHICH ARE SPECIFICALLY NOTED TO BE THE RESPONSIBILITY OF THOSE TRADES. PROVIDE FUSIBLE DISCONNECT SWITCHES AND MOTOR STARTERS FOR ALL EQUIPMENT EXCEPT THOSE ITEMS WHICH ARE SPECIFICALLY LISTED WITH INTEGRAL STARTERS/DISCONNECT SWITCHES. WHERE STARTERS AND/OR DISCONNECT SWITCHES ARE FURNISHED TOGETHER WITH EQUIPMENT, RECEIVE, INSTALL, AND CONNECT THOSE ITEMS.

1.13. SUBMITTAL: SUBMIT TO THE ENGINEER COMPLETE ELECTRONIC SETS OF SHOP DRAWINGS AND TECHNICAL DATA SHEETS FOR ALL EQUIPMENT AND MATERIALS SPECIFIED HEREIN. THE ENGINEER SHALL REVIEW SHOP DRAWINGS AND TECHNICAL DATA SHEETS FOR CONFORMANCE WITH THE CONTRACT DOCUMENTS AND ISSUE A WRITTEN ASSESSMENT TO THE OWNER PRIOR TO COMMENCEMENT OF WORK. THE ENGINEER'S FAILURE TO CORRECT ERRORS IN THE SUBMITTAL SHALL NOT RELIEVE THE CONTRACTOR OF THE OBLIGATION TO PERFORM THE WORK AS SHOWN AND/OR SPECIFIED. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ALL ENGINEERING FEES NECESSARY TO CHANGE PROJECT DOCUMENTS BASED ON ALTERNATE SUBMITTAL PACKAGES/EQUIPMENT SUBSTITUTIONS.

1.14. OR-EQUAL SUBSTITUTIONS: ALL PROPOSED "OR EQUAL" SUBSTITUTIONS SHALL BE SUBMITTED TO THE ENGINEER FOR CONSIDERATION PRIOR TO BIDDING AND AFTER ALL REQUIREMENTS ASSOCIATED WITH SUBSTITUTED EQUIPMENT AND/OR MATERIALS HAVE BEEN COORDINATED WITH OTHER BUILDING TRADES, INCLUDING ALL MECHANICAL, STRUCTURAL, AND/OR ARCHITECTURAL ELEMENTS. THE OWNER'S REPRESENTATIVE SHALL PRE-APPROVE ANY PROPOSED SUBSTITUTION IN WRITING. IDENTIFY AND ANNOTATE ALL REVISED REQUIREMENTS PER BUILDING TRADE ON THE SHOP DRAWINGS. ALSO IDENTIFY ALL COST DEBITS OR CREDITS IN WRITING FOR THE PROPOSED CHANGES PER BUILDING TRADE AND SUMMARIZE THESE AS A TOTAL NET-TO-OWNER CHARGE OR CREDIT FOR CONSIDERATION.

1.15. AS-BUILT: UPON COMPLETION OF CONSTRUCTION, SUPPLY THE ENGINEER WITH AS-BUILT DOCUMENTS ACCURATELY SHOWING THE MATERIALS AND EQUIPMENT AS INSTALLED. PROVIDE OPERATION AND MAINTENANCE MANUAL(S) CONTAINING APPROVED SHOP DRAWINGS, OPERATING AND MAINTENANCE INSTRUCTION FOR SWITCHGEAR, LIGHTING FIXTURES, CONTROLS, AND SPECIALTY EQUIPMENT.

1.16. GUARANTEE: ALL MATERIALS AND WORKMANSHIP SHALL BE GUARANTEED FOR A MINIMUM OF ONE (1) YEAR FROM DATE OF ACCEPTANCE BY OWNER (LONGER IF REQUIRED BY GENERAL AND/OR SPECIAL CONDITIONS). IN ADDITION, THE INSTALLATION SHALL BE GUARANTEED TO PERFORM AS SPECIFIED AND FULFILL EACH AND EVERY REQUIREMENT OF THE DRAWINGS AND SPECIFICATIONS WHEN OPERATED IN ACCORDANCE WITH THE CONTRACTOR'S INSTRUCTIONS. SHOULD THE INSTALLATION IN ANY WAY FAIL TO DO SO, THE CONTRACTOR WILL, WITHOUT DELAY AND WITHOUT COST TO THE OWNER, PROVIDE WHATEVER ADDITIONAL EQUIPMENT, MATERIAL, AND LABOR REQUIRED TO CORRECT THE DEFICIENCY AND COMPLY WITH THE REQUIREMENTS OF THE DRAWINGS AND SPECIFICATIONS. WHERE SPECIFIED EQUIPMENT HAS A LONGER GUARANTEE PERIOD, THE TERMS OF THAT GUARANTEE SHALL GOVERN (EXAMPLE: LED SYSTEM WITH 5 YEAR GUARANTEE). INCANDESCENT LAMPS ARE EXEMPT BUT SHALL BE NEW AND UNUSED AT THE TIME OF FINAL ACCEPTANCE.

1.17. IECC COMPLIANCE: COMPLY WITH ALL REQUIREMENTS SET FORTH IN THE IECC COMPLIANCE CERTIFICATE INCLUDED IN THESE DOCUMENTS. HIRE A COMMISSIONING AGENT TO COMPLY WITH AND PERFORM ALL ASPECTS OF SECTION C408 OF THE 2018 IECC.

BIDDING

1.18. SITE VISIT: CONTRACT DOCUMENTS INDICATE NEW WORK TO BE PERFORMED AND DO NOT PURPORT TO SHOW ALL EXISTING CONDITIONS. VISIT THE SITE PRIOR TO SUBMITTING A BID TO BECOME FAMILIAR WITH EXISTING CONDITIONS. COMPARE THE WORK SPECIFIED IN THE CONTRACT DOCUMENTS AGAINST EXISTING CONDITIONS, AND IDENTIFY AND ANNOTATE ALL WORK OR CONDITIONS THAT ARE DIFFERENT FROM THE CONTRACT DOCUMENTS OR THEIR INTENT. UPON DISCOVERY, IMMEDIATELY NOTIFY AND REPORT IN WRITING ANY DISCREPANCIES TO THE ENGINEER. NO EXTRAS OR CHANGE ORDERS WILL BE ALLOWED FOR FAILURE TO PERFORM THE PRE-BID SITE VISIT.

1.19. BASIS OF PROPOSAL: PROPOSAL SHALL BE BASED ON MANUFACTURERS AND MODELS AS LISTED UNLESS "OR EQUAL" IS INDICATED. PROVIDE SUBSTITUTION REQUESTS A MINIMUM OF FIVE (5) BUSINESS DAYS PRIOR TO BID DATE CLOSING TO ALLOW TIME FOR DUE CONSIDERATION OF PROPOSED ALTERNATE AND SUBSEQUENT NOTIFICATION TO ALL OTHER BIDDERS IN THE EVENT SUBSTITUTION IS DEEMED ACCEPTABLE. DETERMINATION OF SUBSTITUTION EQUALITY RESTS SOLELY WITH THE ENGINEER.

1.20. VALUE ENGINEERING (V.E.) INITIATIVES: IN ADDITION TO THE "AS SPECIFIED/OR EQUAL" BASE BID, A COST REDUCTION INITIATIVE(S) MAY BE PROPOSED BASED ON SUBSTITUTIONS OF EQUIPMENT, MATERIALS, AND/OR METHODS. EACH SUCH PROPOSAL SHALL INCLUDE A DATA SHEET(S) ON THE SPECIFIED ITEM(S), THE PROPOSED SUBSTITUTE(S), AND THE NET CREDIT TO THE OWNER, INCLUDING ALL CREDITS AND CHARGES FROM ALL MEMBERS OF THE CONSTRUCTION TEAM. THE ENGINEER WILL REVIEW AND RENDER AN OPINION TO THE OWNER. IF THE V.E. INITIATIVE IS DECLINED, PROVIDE THE SPECIFIED EQUIPMENT/MATERIAL/METHOD. IF THE V.E. INITIATIVE IS ACCEPTED, AND IF SUCH ACCEPTANCE RESULTS IN A REQUIREMENT TO REVISE ANY DESIGN DOCUMENTS, THE CHARGES FOR THESE REVISIONS SHALL BE BILLED TO THE CONTRACTOR AND THE INVOICING SHALL BE SETTLED BEFORE THE PROJECT IS SIGNED OFF FOR FINAL ACCEPTANCE.

1.21. BIDDING: THE CIVIL, ARCHITECTURAL, MECHANICAL, KITCHEN, AND/OR INTERIOR DRAWINGS CONTAIN DETAILED DESCRIPTIONS, CIRCUITING, AND CONNECTION REQUIREMENTS WHICH ARE PART OF THIS CONTRACTOR'S RESPONSIBILITIES. DO NOT SUBMIT BIDS ON THIS PROJECT PRIOR TO REVIEWING ALL PROJECT DRAWINGS, SPECIFICATIONS, AND ADDENDA.

1.22. SPECIFICATIONS BOOK: THE SPECIFICATIONS CONTAIN SIGNIFICANT INFORMATION, CONDITIONS, AND PROCEDURES WHICH MAY HAVE A SUBSTANTIAL IMPACT ON THIS CONTRACTOR'S COSTS. DO NOT SUBMIT A BID ON THIS PROJECT UNLESS THE SPECIFICATIONS HAVE BEEN THOROUGHLY REVIEWED. THE GENERAL NOTES CONTAINED HEREIN ARE COMPLIMENTARY TO THE SPECIFICATIONS BOOK, AND IN COMPARISON THE MORE STRINGENT REQUIREMENT(S) SHALL GOVERN.

PART TWO - PRODUCTS

2.1. EQUIPMENT STANDARDS: ALL MATERIALS AND EQUIPMENT SHALL BE NEW AND OF THE HIGHEST QUALITY AVAILABLE ("SPECIFICATION GRADE"). EQUIPMENT SHALL BE CONSTRUCTED TO NEMA STANDARDS AND SHALL BE LABELED FOR THEIR INTENDED PURPOSE BY A RECOGNIZED TESTING AGENCY ACCEPTABLE TO THE AHJ (I.E., CSA, ETL, ETC.).

2.2. ACCEPTABLE MANUFACTURERS AND SUPPLIERS: WHERE EQUIPMENT AND MATERIALS ARE NOT SPECIFIED BY NAME THEY ARE DEEMED TO GENERIC, SUBJECT TO THE REQUIREMENTS LISTED HEREIN. THESE MANUFACTURERS ARE CONSIDERED CAPABLE OF OFFERING EQUIVALENT PRODUCTS. MINIMUM STANDARD IN ALL INSTANCES IS COMMERCIAL GRADE.
SWITCHGEAR: EATON, GENERAL ELECTRIC, SIEMENS, SQUARE D
LIGHT FIXTURES: ACUITY, COOPER, HUBBELL, THOMAS
WIRING DEVICES: HUBBELL, LEVITON, LEGRAND, WIREMOLD

2.3. CIRCUITING: ALL WIRING SHALL BE IN CONDUIT. CONCEALED WHERE POSSIBLE EXCEPT WHERE NOTED. EMT WITH STEEL INSULATED THROAT SET SCREW FITTINGS MAY BE USED IN DRY, PROTECTED INTERIOR LOCATIONS. PVC SCHEDULE 40 SHALL BE USED BELOW GRADE AT MINIMUM -24". WRAPPED RIGID ELBOWS AND RISERS SHALL BE USED FOR ALL THROUGH-GRADE TRANSITIONS AND STUB-UPS. RGS OR IMC CONDUIT WITH THREADED FITTINGS SHALL BE USED IN ALL LOCATIONS WHERE EXPOSED TO THE ELEMENTS OR SUBJECT TO PHYSICAL DAMAGE. IMC OR RIGID CONDUIT BELOW GRADE SHALL BE HALF-LAP WRAPPED WITH 20 MIL PVC TAPE. TYPE ENT RACEWAY IS NOT ALLOWED. CONNECT RECESSED AND SUSPENDED LIGHTING FIXTURES, MOTORIZED DAMPERS AND/OR VIBRATING EQUIPMENT WITH STEEL FLEX OR SEALTITE CONDUIT. ALL CONDUIT SHALL HAVE PULL CORD IF OTHERWISE EMPTY.

2.4. MC CABLE: MC CABLE MAY BE USED ONLY WITH SPECIFIC PERMISSION FROM THE ENGINEER. MC CABLE USE SHALL BE LIMITED TO CIRCUITING SOLUTIONS IN TIGHT CONDITIONS WHERE CONDUIT AND WIRE CIRCUITING CANNOT FIT. HOMERUNS AND FEEDERS SHALL BE CONDUIT AND WIRE.

2.5. WIRING: ALL WIRE SHALL BE COPPER UNLESS OTHERWISE NOTED. ALL WIRE SHALL BE STRANDED IN SIZES #8 AWG AND LARGER. SINGLE PHASE BRANCH CIRCUITS SHALL INCLUDE A SEPARATE NEUTRAL WIRE WITH EACH PHASE WIRE. NEUTRAL SHALL BE WHITE WITH COLOR STRIPE MATCHING COLOR OF PHASE WIRE. HOMERUNS TO PANELBOARDS SHALL BE MINIMUM #12 AWG CU IN 3/4" CONDUIT UNLESS OTHERWISE NOTED.

2.6. FUSES AND CIRCUIT BREAKERS: FUSES AND CIRCUIT BREAKERS SHALL BE SIZED PER ACTUAL RESPECTIVE EQUIPMENT PROTECTION (I.e., MOTOR CIRCUIT PROTECTOR, GROUND FAULT CIRCUIT INTERRUPTER, ARC FAULT CIRCUIT INTERRUPTER, ETC.). FUSES SHALL BE DUAL ELEMENT, CURRENT-LIMITING, AND SHALL BE INTERCHANGEABLE BETWEEN FRAME SIZES WITH STANDARD CLIP ADAPTERS AND FUSE REDUCERS. PROVIDE LOCKABLE SPARE FUSE CABINET WITH (3) SPARE FUSES OF EACH SIZE USED.

2.7. DISTRIBUTION SWITCHGEAR: SWITCHGEAR SHALL HAVE COPPER BUS AND HEAVY GAUGE HOUSINGS. SWITCHGEAR IN LOCATIONS OTHER THAN LOCKED ELECTRIC ROOMS SHALL HAVE LOCKABLE COVERS. SWITCHGEAR SHALL HAVE NO LESS THAN 20% SPARE BUSSED AND USABLE SPACE, MEASURED AS A PERCENTAGE OF THE SPACE OCCUPIED BY SPECIFIED CIRCUIT BREAKERS, SWITCHES, ETC.

2.8. SERVICE SWITCHGEAR: IN ADDITION TO THE ABOVE, SERVICE SWITCHGEAR SHALL MEET THE REQUIREMENTS OF THE SERVING UTILITY.

2.9. PANELBOARDS: PANELS SHALL HAVE COPPER BUS AND HARDWARE, BOLT-ON CIRCUIT BREAKERS, FLUSH MONO-FLAT TRIM, PIANO HINGED DOORS AND COVER (DOOR-IN-DOOR) WITH LOCKABLE MASTER-KEYED FLUSH LATCHES. FLUSH-MOUNTED PANELS SHALL HAVE EMPTY CONDUITS STUBBED TO ACCESSIBLE ATTIC SPACE: (1) 3/4" CONDUIT FOR EACH THREE (3) SPARE/SPACE CIRCUITS.

2.10. SAFETY SWITCHES: SWITCHES SHALL BE GENERAL DUTY UP TO 250 VOLTS, HEAVY DUTY ABOVE 250 VOLTS. FUSIBLE SWITCHES SHALL BE FUSED PER THE NAMEPLATE RECOMMENDATIONS OF THE EQUIPMENT BEING CONNECTED.

2.11. MOTOR STARTERS: STARTERS SHALL BE MINIMUM NEMA SIZE 1 WITH INTEGRAL CONTROL TRANSFORMER, RED MUSHROOM "RUN" PILOT LIGHT AND "ON-OFF-AUTO" SELECTOR SWITCH ON COVER. OVERLOAD DEVICES SHALL BE SIZED PER THE NAMEPLATE AMPERAGE OF THE EQUIPMENT BEING CONTROLLED.

2.12. CONTACTORS: CONTACTORS SHALL BE ELECTRICALLY HELD WITH "ON-OFF-AUTO" SELECTOR SWITCH ON COVER.

2.13. RATINGS: ALL ELECTRICAL EQUIPMENT SHALL BE FULLY RATED FOR BRACING IN EXCESS OF THE MAXIMUM AVAILABLE FAULT CURRENT CALCULATED AND SHOWN AT THE EQUIPMENT CONNECTION POINT WITHIN THE DISTRIBUTION SYSTEM. MINIMUM RATING SHALL BE 10K AIC.

2.14. WIRING DEVICES: WIRING DEVICES (SWITCHES, RECEPTACLES, ETC.) SHALL BE SPECIFICATION GRADE "DECORA" STYLE, MINIMUM 20-AMP RATED. COVER PLATES SHALL BE NYLON. DEVICE AND PLATE COLOR(S) SHALL BE AS SPECIFIED BY ARCHITECT OR INTERIOR DESIGNER - VERIFY PRIOR TO COMMENCEMENT OF WORK. WIRING DEVICES EXPOSED TO THE ELEMENTS SHALL HAVE WEATHERPROOF-IN-USE LOCKABLE COVERS. RAISED STEEL BOX COVERS MAY BE USED IN UTILITY AREAS. REFER TO FOOD SERVICE NOTES (IF APPLICABLE TO THIS PROJECT) FOR ADDITIONAL REQUIREMENTS.

2.15. TRANSFORMERS: TRANSFORMERS SHALL BE TYPE TP-1 MINIMUM, WITH ALUMINUM WINDINGS, RATED FOR 150°C RISE (UNLESS OTHERWISE NOTED), MOUNTED ON RUBBER-IN-SHEAR VIBRATION ISOLATORS, CONNECTED WITH FLEXIBLE CONDUIT. PUBLISHED AND MEASURED NOISE RATING SHALL NOT EXCEED NEMA TP-20 MAXIMUM.

2.16. LIGHTING FIXTURES: LIGHT FIXTURES SHALL BE PROVIDED WITH ALL ASSOCIATED HARDWARE (HANGER BARS, PENDANTS, STEMS, RESTRAINTS, CHAINS, CORDS, LAMPS, ETC.). LENSES SHALL BE ACRYLIC, REFLECTORS SHALL BE ANODIZED. FLUORESCENT BALLASTS SHALL BE ELECTRONIC, PROGRAM RAPID START, THD LESS THAN 10%. FLUORESCENT LAMPS SHALL HAVE MINIMUM CRI OF 80%. INCANDESCENT LAMPS SHALL BE 130 VOLT, INSIDE FROST, MINIMUM 2000 HOUR LIFE. LOW VOLTAGE INCANDESCENT LAMPS SHALL BE HIR HALOGEN, MINIMUM 3000 HOUR LIFE. EXTERIOR LIGHTING FIXTURES SHALL BE INSTALLED TO PREVENT WATER, DUST AND INSECT INTRUSION, WITH GASKETING FOR DOOR/BACKPLATE AND SEALANT AT THE WIRING ENTRY POINT. REFER TO LIGHTING FIXTURE SCHEDULE WITHIN PLAN SET FOR ADDITIONAL REQUIREMENTS (LED CRITERIA, ETC.).

2.17. TAMPERPROOF: ALL EQUIPMENT AND CIRCUITING ACCESSIBLE BY THE PUBLIC SHALL BE DEMONSTRATED TO BE TAMPERPROOF AND VANDAL RESISTANT. OPENABLE DEVICES AND EQUIPMENT SHALL BE PAD LOCKABLE.

PART THREE - EXECUTION

3.1. GROUNDING: GROUND ALL EQUIPMENT AND SYSTEM NEUTRAL IN ACCORDANCE WITH THE REQUIREMENTS OF NEC ARTICLE 250. PROVIDE CODE-SIZED EQUIPMENT GROUNDING CONDUCTOR IN ALL FEEDERS AND BRANCH CIRCUIT RACEWAYS. WHERE ISOLATED GROUNDS ARE INDICATED, PROVIDE INSULATED CONDUCTOR (GREEN WITH YELLOW STRIPE).

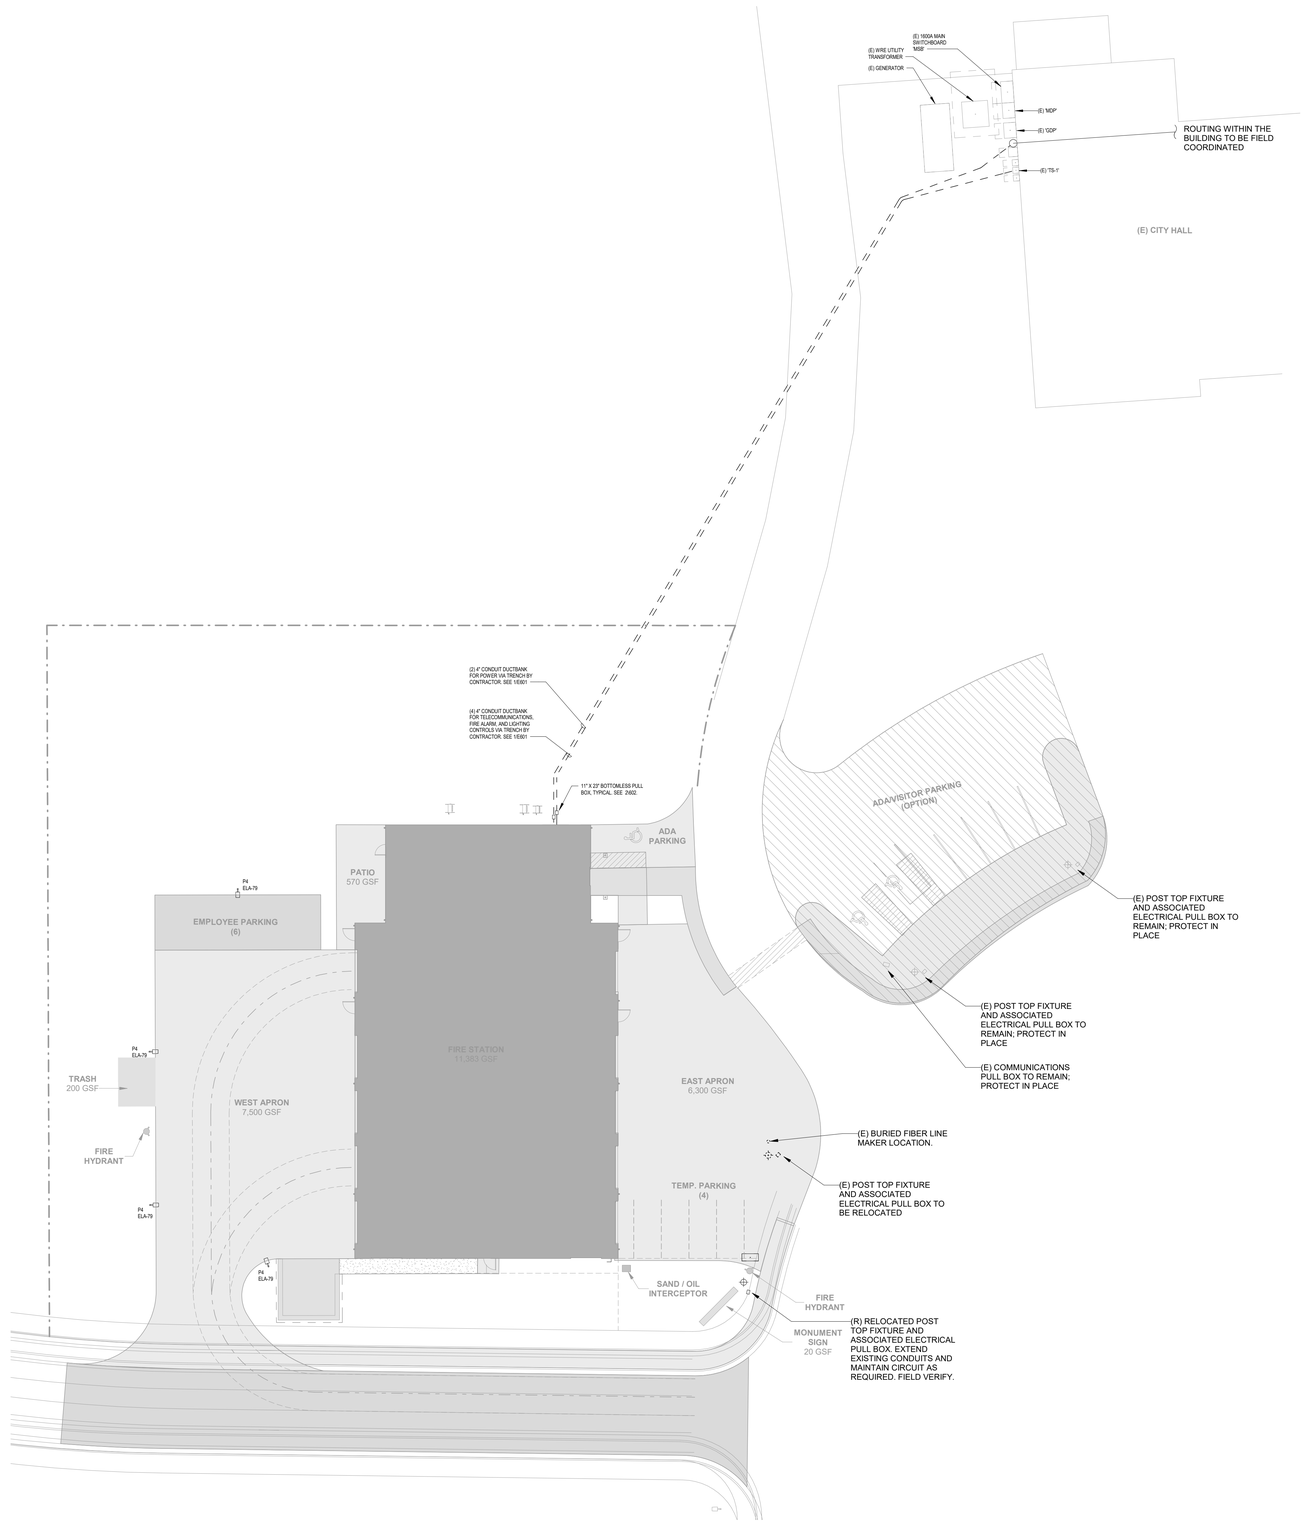
3.2. UTILITY SERVICES: PROVIDE POWER AND COMMUNICATIONS SYSTEM SERVICES IN ACCORDANCE WITH THE REQUIREMENTS OF THE SERVING UTILITIES. CONTRACTOR TO PROVIDE ARC FLASH STUDY AND LABELLING ON ALL NEW EQUIPMENT IN ACCORDANCE WITH NEC. PROVIDE EXCAVATION, RACEWAY, STRUCTURES, GROUNDING, ETC. AS DIRECTED. POWER SERVICES AND DISTRIBUTION SYSTEM AIC RATING SHALL EXCEED MAXIMUM AVAILABLE FAULT CURRENT THROUGH UTILITY SERVICE TRANSFORMER.

3.3. TEMPORARY CONSTRUCTION POWER: PROVIDE TEMPORARY ELECTRICAL POWER DISTRIBUTION AND LIGHTING AS REQUIRED FOR ALL TRADES THAT REQUIRE SERVICE DURING THE COURSE OF THIS PROJECT IN COMPLIANCE WITH ALL NEC AND OSHA REQUIREMENTS. OWNER SHALL NOT BE RESPONSIBLE FOR TEMPORARY POWER CHARGES.

3.4. LOCATIONS: INDICATED LOCATIONS OF ALL OUTLETS AND EQUIPMENT ARE SUBJECT TO CHANGE. SHIFT/RELOCATE/RECONFIGURE ANY OUTLET, EQUIPMENT OR CONNECTION POINT UP TO 10' AS DIRECTED BY ENGINEER AT NO ADDED COST.

3.5. WORKMANSHIP: THE WORK SHALL BE INSTALLED PARALLEL AND AT RIGHT ANGLES TO THE BUILDING LINES, LEVEL AND PLUMB. THE WORK SHALL BE WELL SUPPORTED AND SOLIDLY MOUNTED. DRESS AND TIE WIRING IN PANELBOARDS AND SWITCHGEAR. THE WORK SHALL BE LEFT CLEAN WITH NO DIRT, DENTS, ABRASIONS, PAINT SPLATTERS, OR OTHER IRREGULARITIES.

3.6. FIRE STOPPING: ALL PENETRATED FIRE RATED SURFACES SHALL BE FIRE SEALED WITH APPROVED U.L. LISTED SEALANTS AS LISTED WITHIN ARCHITECTURAL SPECIFICATIONS. DO NOT EXCEED MAXIMUM ALLOWABLE SURFACE PENETRATIONS DEPENDENT ON RATING OF SURFACES. REFER TO ARCHITECTURAL DRAWINGS FOR DETERMINATION OF PENETRATION LOCATIONS THROUGH FIRE RATED ASSEMBLIES.



3.7. SUPPORTS AND HANGERS: PROVIDE 3" HIGH HOUSEKEEPING CONCRETE PAD BENEATH FLOOR MOUNTED EQUIPMENT, EXTENDING 3" BEYOND EQUIPMENT FOOTPRINT. SUPPORT AND ALIGN ALL RACEWAYS, CABINETS, BOXES, BACK BOXES, FIXTURES, AND EQUIPMENT FROM STRUCTURE. SECURE ALL SUPPORTING METHODS BY MEANS OF TOGGLE BOLTS IN HOLLOW MASONRY, EXPANSION BOLTS IN SOLID MASONRY, CONCRETE PRESET INSERTS OR EXPANSION BOLTS IN CONCRETE, MACHINE SCREWS OR BOLTS IN METAL, AND WOOD SCREWS IN WOOD CONSTRUCTION. ALL SUPPORTING SYSTEMS AND COMPONENTS SHALL BE RATED FOR A MINIMUM OF FIVE (5) TIMES THE ACTUAL LOAD.

3.8. SLEEVES AND PENETRATIONS: PENETRATIONS OF ALL SURFACES SHALL BE PROVIDED WITH SLEEVES THAT SHALL BE SEALED WITH LIKE MATERIALS AND SHALL BE FINISHED WITH ESCUTCHEON PLATES. PENETRATIONS BELOW GRADE LEVEL SHALL BE WATERTIGHT. PENETRATIONS AT EXTERIOR WALLS SHALL BE WEATHERPROOF. ROOF PENETRATIONS SHALL BE FLASHED AND COUNTER FLASHED.

3.9. EXPANSION AND CONTRACTION: RACEWAYS PASSING THROUGH BUILDING EXPANSION JOINTS, ON ROOF, AND IN AREAS OF TEMPERATURE VARIATIONS GREATER THAN 30°F SHALL BE INSTALLED WITH EXPANSION FITTINGS.

3.10. IDENTIFICATION: IDENTIFY ALL EQUIPMENT, SWITCHBOARD CIRCUITS AND ELECTRICALLY-CONNECTED EQUIPMENT WITH ENGRAVED NAMEPLATES. BOXES SHALL BE MARKED WITH PANEL AND CIRCUIT NUMBERS (PERMANENT PEN ACCEPTABLE ABOVE CEILING). NAMEPLATES SHALL BE FASTENED WITH A MINIMUM OF TWO (2) SCREWS. PANEL DIRECTORIES SHALL BE TYPED. CONDUCTORS SHALL BE TAGGED WITH CIRCUIT NUMBERS AT SOURCE, JUNCTION BOXES, AND ALL OUTLET BOXES WITH PERMANENT ADHESIVE MARKER STRIP. PANEL DIRECTORIES SHALL BE TYPED. IDENTIFY WIRING DEVICES WITH SELF ADHESIVE CLEAR SATIN FINISH LABELS WITH SOURCE AND CIRCUIT NUMBER.

3.11. ELECTRIC ROOM CODE COMPLIANCE: DUE TO THE DIAGRAMMATIC NATURE OF THE DESIGN DOCUMENTS (ELECTRICAL, MECHANICAL, PLUMBING, FIRE SPRINKLER, ETC.), COORDINATE WITH ALL FIXTURES, EQUIPMENT AND SECTORS AT THE START OF THIS PROJECT TO INFORM AND VERIFY THAT NO FOREIGN SYSTEMS OR EQUIPMENT ARE MOUNTED ABOVE ELECTRICAL EQUIPMENT OR PASS THROUGH THE DESIGNATED ELECTRIC ROOMS, AND THAT A MINIMUM OF 7'-0" IS PROVIDED AS CLEAR HEADROOM ALONG ACCESS PATHS TO ELECTRIC ROOMS. ANY REROUTING OR RELOCATION OF SYSTEMS THAT A SUBCONTRACTOR

WIRE AND CONDUIT SCHEDULE NOTES:

1. GROUND "GND" CONDUCTOR MAY BE DELETED ON SERVICE ENTRANCE CONDUCTORS.
2. EQUIPMENT GROUNDING CONDUCTORS SHALL BE SIZED PER TABLE 250-122 (NEC 2017) WHEN CIRCUIT BREAKERS ARE SIZED GREATER THAN AMPERE RATING SHOWN IN TABLE.
3. INDICATES THE QUANTITY OF CURRENT CARRYING CONDUCTORS (GROUND CONDUCTORS NOT INCLUDED) TO BE PULLED IN EACH RACEWAY.
4. GROUNDING SUBSCRIPTS ARE AS FOLLOWS: NO SUBSCRIPT = PROVIDE GROUND WIRE SIZE PER "GND" COLUMN, R = PROVIDE RACEWAY ONLY, CONDUCTORS FURNISHED AND INSTALLED BY OTHERS, SE = PROVIDE GROUND WIRE SIZED PER "SE" COLUMN, IG = PROVIDE AN INSULATED GROUND CONDUCTOR PER "IG" COLUMN ALONG WITH THE GROUND OR EQUIPMENT GROUND CONDUCTOR, NG = DO NOT PROVIDE GROUNDING CONDUCTOR IN RACEWAY.
5. RACEWAY SUBSCRIPTS "Z" ARE AS FOLLOWS: P = PVC SCH-40, E = EMT, R = RIGID, AF = ALUMINUM FLEX, SF = STEELE FLEX, LT = LIQUID TIGHT FLEX, S = SEE SPECIFICATIONS FOR REQUIRED TYPE BASED ON USE AND LOCATION.
6. ALL COPPER CONDUCTORS SHOWN ARE THWN UNLESS OTHERWISE NOTED.

LIGHTING CONTROLS LEGEND

- - - - - - - -	LOW VOLTAGE CONTROLS CABLING (BY OTHERS)
————	LINE VOLTAGE CONDUIT AND CONDUCTORS
PP	ROOM/ZONE CONTROL PACK (LITHONIA PP20 OR APPROVE EQUAL)
S1	DIMMING SWITCH, 0-10V DIMMING, 4-BUTTON - ON/OFF/RAISE/LOWER (LITHONIA SPODM-D-SA-WH OR APPROVE EQUAL)
S2	DIMMING SWITCH W/ INTEGRAL OCCUPANCY SENSOR (LITHONIA WSX-PDT-D-SA-WH OR APPROVED EQUAL)
PC	PHOTOCELL SENSOR (LITHONIA CM ADC OR APPROVE EQUAL)
OS	OCCUPANCY SENSOR, 360 DEGREE (LITHONIA CM-PDT-9-ADC OR APPROVE EQUAL)

LIGHTING CONTROLS SEQUENCE OF OPERATIONS

1. GENERAL
   1. ALL LIGHTING SHALL BE HIGH EFFICIENCY LED WITH DIMMING CONTROLS. OWNER SHALL HAVE THE ABILITY TO REDUCE TOTAL LUMEN OUTPUT AS DESIRED.
   2. ALL EMERGENCY LIGHTING SHALL BE EMERGENCY BATTERY BACKUP EITHER REMOTELY MOUNTED OR INTEGRAL TO THE FIXTURE. FIXTURES WITH EMERGENCY BATTERY BACKUP ARE INDICATED ON THE PLANS. PROVIDE WITH INTEGRAL TEST SWITCH.
   3. INTERIOR LIGHTING CONTROLS SHALL BE LOW VOLTAGE, 0-10V DIMMING COMPATIBLE.
   4. DAYLIGHTING
      A. FIXTURES SPECIFIED WITH DAYLIGHTING CONTROLS SHALL BE INTEGRAL TO THE FIXTURE TO BE CONTROLLED BY AUTOMATIC PHOTOCELL DIMMING AS REQUIRED IN THE 2018 IECC.
   5. OCCUPANCY
      A. ALL LIGHTING SHALL BE CONTROLLED BY AUTOMATIC OFF/MANUAL ON OCCUPANCY SENSOR CONTROLS. EXPECT WHERE PERMITTED UNDER 2018 IECC. CONTRACTOR SHALL COORDINATE WITH END USER TO SET DELAY TIMES FOR OCCUPANCY SENSORS TO A MAXIMUM OF 30 MINUTES.
      B. THE LIGHTING IN THE HALLWAYS, LOBBIES, AND OTHER EGRESS AREAS SHALL BE HAVE NO OCCUPANCY SENSOR CONTROLS AS PERMITTED BY THE 2018 IECC.

NOTES:

1. CONTROLS CABLING AS REQUIRED. COORDINATE CONTROLS CABLING REQUIREMENTS WITH CONTROLS MANUFACTURER.

FIRE ALARM GENERAL NOTES

1. FIRE ALARM SYSTEM DESIGN: FIRE ALARM SYSTEM DESIGN AS SHOWN IS CONCEPTUAL. LOCATION AND QUANTITY OF LIFE SAFETY EQUIPMENT AND FIELD DEVICES DEPICTED ON DRAWINGS ARE RECOMMENDATIONS TO CONTRACTOR FOR BIDDING PURPOSES ONLY. FIRE ALARM CONTRACTOR IS RESPONSIBLE FOR PROVIDING THE FINAL DESIGN IN ACCORDANCE WITH APPLICABLE CODES AND LOCAL REQUIREMENTS. EXACT ROUTING OF CONDUIT TO SUIT CONDITIONS. ALL CHANGES SHALL BE CLEARLY INDICATED ON THE RECORD DRAWINGS. REFER TO THE PROJECT SPECIFICATIONS FOR ADDITIONAL REQUIREMENTS.
2. PERMIT: FIRE ALARM CONTRACTOR IS RESPONSIBLE FOR OBTAINING A SEPARATE FIRE ALARM PERMIT AND PROVIDING A DETAILED SET OF SHOP DRAWINGS FOR APPROVAL BY ENGINEER AND LOCAL FIRE MARSHAL PRIOR TO START OF SYSTEM INSTALLATION AS REQUIRED BY THE MUNICIPALITY. SHOP DRAWINGS FOR THE FIRE ALARM SYSTEM(S) SHALL INCLUDE NOT LESS THAN THE MINIMUM REQUIRED DOCUMENTATION PER LOCAL FIRE MARSHAL AND NFPA 72.
3. SUBMITTALS: PROVIDE THE FOLLOWING DOCUMENTS FOR REVIEW AND APPROVAL:
   A. FLOOR PLAN LAYOUT INDICATING FINAL DEVICE LOCATIONS, INCLUDING CANDELA RATINGS FOR ALARM NOTIFICATION APPLIANCES, AND USE OF ALL ROOMS.
   B. BATTERY CAPACITY CALCULATIONS INDICATING REQUIRED AND SPARE CAPACITY.
   C. NOTIFICATION APPLIANCE CIRCUIT CALCULATIONS AND VOLTAGE DROP CALCULATIONS (FOR THE SYSTEM TO BE INSTALLED).
   D. EQUIPMENT CUT SHEETS WITH CATALOG NUMBERS AND DESCRIPTIONS CLEARLY HIGHLIGHTED TO SPECIFICALLY INDICATE WHICH PRODUCTS ARE PROPOSED FOR USE.
   E. RISER DIAGRAM.
   F. WRITTEN NARRATIVE PROVIDING INTENT AND SYSTEM DESCRIPTION.
   G. SEQUENCE OF OPERATION IN EITHER AN INPUT/OUTPUT MATRIX OR NARRATIVE FORM.
4. COORDINATION: COORDINATE INSTALLATION W/ OTHER TRADES. REFER TO THE ARCHITECTURAL PLANS FOR DIMENSIONS, ROOM FINISHES, FIRE WALLS, DOOR HARDWARE SCHEDULES AND LIKE ITEMS. REFER TO THE STRUCTURAL DRAWINGS FOR STRUCTURAL MEMBERS. REFER TO OTHER TRADES PLANS TO UNDERSTAND THE EXTENT OF THEIR WORK AS REQUIRED. REPORT ANY DISCREPANCIES TO THE ENGINEER FOR CLARIFICATION.
5. REGULATIONS: FIRE ALARM SYSTEMS SHALL BE INSTALLED IN ACCORDANCE WITH LOCAL FIRE MARSHAL REQUIREMENTS, MANUFACTURER'S WRITTEN INSTRUCTIONS, RECOGNIZED INDUSTRY PRACTICES, AND THE LATEST ADOPTED OF ALL APPLICABLE CODES AND REGULATIONS SUCH AS NFPA 72, NFPA 70, NFPA 101, AND ADA. FURNISH AND INSTALL ALL FIRE ALARM EQUIPMENT, RACEWAY SYSTEM, CONDUCTORS, DEVICES, AND ALL OTHER ACCESSORIES AS REQUIRED TO PROVIDE A COMPLETE AND FULLY FUNCTIONAL FIRE ALARM SYSTEM. SYSTEMS AND COMPONENTS SHALL BE LISTED AND APPROVED FOR THE PURPOSE FOR WHICH THEY ARE INSTALLED. FOLLOW MANUFACTURER CUT SHEET AS APPROPRIATE.
6. AUDIBLE NOTIFICATIONS: AUDIBLE ALARM NOTIFICATION APPLIANCES SHALL BE OF SUCH CHARACTER AND SO LOCATED, AS TO BE CLEARLY HEARD THROUGHOUT AND ABOVE AMBIENT NOISE LEVELS.
7. NOTIFICATION APPLIANCES: NOTIFICATION APPLIANCES MAY BE OF CONVENTIONAL OR ADDRESSABLE TYPE. FOR ADDRESSABLE APPLIANCES, PROVIDE LABELS WITH ASSIGNED ADDRESS ON BOTH THE DETECTOR HOUSING AND THE BASE WITH A BLACK ON CLEAR TYPED LABEL. THE BASE ADDRESS SHALL BE LEGIBLE WITHOUT REMOVAL OF THE DETECTOR. THE DETECTOR ADDRESS SHALL BE CONCEALED WITH PLACED INTO THE BASE.
8. POWER SUPPLY: THE PRIMARY AND SECONDARY POWER SUPPLY FOR THE FIRE ALARM SYSTEM SHALL BE PROVIDED IN ACCORDANCE WITH NFPA 72.
9. SPARE: CIRCUITS SHALL CONTAIN AT LEAST 20 PERCENT SPARE CAPACITY FOR NOTIFICATION APPLIANCES ON THE NAC AND/OR AMPLIFIER CIRCUITS AND 20 PERCENT SPARE CAPACITY FOR INITIATING DEVICES ON THE SLC.
10. MANUALS: PROVIDE THE OWNER WITH A COMPLETE FIRE ALARM SYSTEM OPERATIONS AND INSTALLATION MANUAL COVERING ALL SYSTEM EQUIPMENT INSTALLED FOR THIS PROJECT. KEEP AT THE MAIN FIRE ALARM CONTROL PANEL.
11. TERMINATIONS: CONNECTIONS AND SPLICES SHALL BE MADE USING SCREW TERMINAL BLOCKS. THE USE OF WIRE NUT TYPE CONNECTORS IS PROHIBITED IN THE SYSTEM.
12. RACEWAY AND WIRING: PATHWAY SHALL BE INSTALLED IN EMT IN THE MANUFACTURING AREAS OF THE PLANT AND WITHIN WALLS AND WHERE INACCESSIBLE WITHIN THE OFFICES AREAS. CABLING SHALL BE PROTECT FROM DAMAGE AND SECURED IN OPEN PATHWAYS USING CABLE TRAY OR J-HOOKS. EXPOSED EMT CONDUIT SHALL BE PAINTED RED ENAMEL. CONTRACTOR SHALL COORDINATE ROUTINGS WITHIN THESE EXPOSED AREAS TO PRODUCE A SYMMETRIC AND AESTHETIC LAYOUT.
13. CERTIFICATION: CERTIFY INSTALLATION WITH THE SUCCESSFUL COMPLETION OF ALL ASSOCIATED NFPA 72 TESTS AND MEASURE SOUND PRESSURE LEVELS IN ALL ROOMS (IF APPLICABLE) WITHIN THE SCOPE OF THIS PROJECT.
14. TESTING: SYSTEMS SHALL BE TESTED IN ACCORDANCE WITH NFPA REQUIREMENT. THE OWNER'S REPRESENTATIVE AND AHJ SHALL BE PRESENT FOR THE TEST. THE CONTRACTOR SHALL CARRY ALL COSTS ASSOCIATED WITH FINAL CONNECTIONS, PROGRAMMING AND TESTING AS WELL AS DISABLING CONNECTIONS TO THE MUNICIPAL LOOP DURING FINAL CONNECTIONS AND TESTING. EQUIPMENT NOT OPERATING CORRECTLY SHALL BE FIELD CORRECTED OR REPLACED.
15. WARRANTY: CONTRACTOR SHALL WARRANTY ALL WORKMANSHIP AND MATERIALS FOR ONE YEAR FROM FINAL INSPECTION.
16. KNOX BOX: THE ACCESS BOX(ES) SHALL BE OF AN APPROVED TYPE LISTED IN ACCORDANCE WITH UL 1037.
17. ACCESS CONTROL: ACCESS CONTROL SYSTEMS ALONG WITH THE PATH OF EGRESS SHALL BE DESIGNED FOR FIRE-RATED APPLICATION.
18. ELECTRIC GATES: ELECTRIC GATES SHALL BE EQUIPPED WITH A MEANS OF OPENING THE GATE BY FIRE DEPARTMENT PERSONNEL FOR EMERGENCY ACCESS. EMERGENCY OPENING DEVICES SHALL BE APPROVED BY THE FIRE CODE OFFICIAL.
19. ACCESS-CONTROLLED EGRESS DOOR: ACTIVATION OF THE BUILDING FIRE ALARM SYSTEM SHALL AUTOMATICALLY UNLOCK THE DOOR LEAVES IN THE DIRECTION OF EGRESS, AND THE DOOR LEAVES SHALL REMAIN UNLOCKED UNTIL THE FIRE ALARM CONDITION IS MANUALLY RESET.
20. SUPERVISION AND ALARMS: ALL VALVES CONTROLLING THE WATER SUPPLY FOR AUTOMATIC SPRINKLER SYSTEMS, PUMPS, TANKS, WATER LEVELS AND TEMPERATURES, CRITICAL AIR PRESSURE, AND WATERFLOW SWITCHES ON ALL SPRINKLER SYSTEMS SHALL BE ELECTRICALLY SUPERVISED BY A LISTED FIRE ALARM CONTROL UNIT.
21. MONITORING: ACTUATION OF THE AUTOMATIC SPRINKLER SYSTEM SHALL ACTUATE THE BUILDING FIRE ALARM SYSTEM.
22. DUCT SMOKE DETECTORS: DUCT SMOKE DETECTORS ARE REQUIRED TO BE CONNECTED TO THE FIRE ALARM AND SIGNALING SYSTEM AND SHALL INITIATE A SUPERVISORY SIGNAL. SMOKE DETECTORS MOUNTED IN THE AIR DUCTS OF HVAC SYSTEMS IN A FIRE ALARM SYSTEM WITHOUT A CONSTANTLY ATTENDED LOCATION OR SUPERVISING STATION SHALL BE PERMITTED TO INITIATE AN ALARM SIGNAL.

APPROVAL ORDER

THESE DRAWINGS MUST BE RETURNED SIGNED BY YOU (ON NUCOR'S STAMP) WITH THE CORRECT STATUS OF THE DRAWINGS INDICATED. THE DRAWINGS SHOULD EITHER BE MARKED, "APPROVED WITHOUT EXCEPTION", "APPROVED AS NOTED", OR "NOT APPROVED – REVISE AND RESUBMIT". WHEN AN ARCHITECT IS INVOLVED AND HIS/HER STAMP IS REQUIRED TO SHOW THE STATUS OF THE DRAWINGS, **WE STILL REQUIRE YOUR SIGNATURE AND STATUS AS WELL.**

KEEP IN MIND THAT NBS WILL NOT PURCHASE ANY SPECIAL MATERIAL FOR THIS PROJECT UNTIL THE APPROVAL DRAWINGS ARE RETURNED AND APPROVED. ITEMS OF THIS NATURE INCLUDE (BUT ARE NOT LIMITED TO) CRANE STEEL, SPECIAL COLOR COILS, WALK DOORS, WINDOWS, CURBS, ETC. ONCE THE APPROVALS HAVE BEEN RETURNED A CHANGE ORDER WILL FOLLOW CONFIRMING ANY SCOPE CHANGES, COST CHANGES, AND A FINAL DELIVERY SCHEDULE.

THIS BOX NEEDS TO BE FILLED IN COMPLETELY BEFORE NUCOR CAN PROCEED.

THESE DRAWINGS ARE FOR APPROVAL USE ONLY. FINAL DETAILING AND FABRICATION HAVE NOT YET BEEN SCHEDULED. YOUR PRICE IS PROTECTED BASED ON THE MUST SHIP BY DATE LISTED ON THE ORDER CONTRACT. PLEASE RETURN THE APPROVED DRAWINGS NO LATER THAN **08/14/2023** SO WE CAN BEGIN FINAL DETAILING AND DETERMINE A DELIVERY SCHEDULE. FAILURE TO RETURN THE DRAWINGS BY THE DATE SHOWN ABOVE MAY VOID PRIOR SCHEDULE COMMITMENTS AND POSSIBLY RESULT IN AN INCREASE IN PRICE BASED ON THE MUST SHIP BY DATE.

- ☐ APPROVED WITHOUT EXCEPTION
- ☐ APPROVED AS NOTED
- ☐ NOT APPROVED, REVISE AND RESUBMIT

SHEET TITLE

This set of plans only to the materials described herein which Nucor Building Systems, a division of Nucor Corporation has prepared. The drawings and the information shown thereon are the product of Nucor Building Systems's engineering staff and those drawings is employed by Nucor Buildings Systems and does not serve as a certification of design of record and shall not be construed as such.

SHEET: DWGCOVER2

GENERAL NOTES:

1. MATERIALS

	ASTM DESCRIPTION
STRUCTURAL STEEL PLATE	A529 / A572 / A1011
HOT ROLLED MILL SHAPES	A36 / A529 / A500
HHS ROUND	A500
HHS RECTANGULAR	A500
COLD FORM SHAPES	A653 / A1011
ROOF AND WALL SHEETING	A653 / A792
BOLTS	A307 / A325 / A490
CABLE	A475
RODS	A529 / A572

2. STRUCTURAL PRIMER NOTE:

SHOP COAT PRIMER IS INTENDED TO PROTECT THE STEEL FRAMING FOR A SHORT PERIOD OF TIME. STORAGE IN EXTREME COLD TEMPERATURES OR WINTER SNOW CONDITIONS, INCLUDING TRANSPORTATION ON SALTED OR CHEMICALLY TREATED ROADS WILL ADVERSELY AFFECT THE DURABILITY AND LONGEVITY OF THE PRIMER. THE COAT OF SHOP PRIMER DOES NOT PROVIDE THE UNIFORMITY OF APPEARANCE, OR THE DURABILITY AND CORROSION RESISTANCE OF A FIELD APPLIED FINISH COAT OF PAINT OVER A SHOP PRIMER. MINOR ABRASIONS TO THE SHOP COAT PRIMER CAUSED BY HANDLING, LOADING, SHIPPING, UNLOADING AND ERECTION ARE UNAVOIDABLE AND ARE NOT THE RESPONSIBILITY OF THE METAL BUILDING MANUFACTURER. METAL BUILDING MANUFACTURER IS NOT RESPONSIBLE FOR THE DETERIORATION OF THE PRIMER OR CORROSION THAT MAY RESULT FROM ATMOSPHERIC AND ENVIRONMENTAL CONDITIONS NOR THE COMPATIBILITY OF THE PRIMER TO ANY FIELD APPLIED COATING.

3. BUILDING ERECTION NOTES:

THE GENERAL CONTRACTOR AND/OR ERECTOR IS RESPONSIBLE TO SAFELY AND PROPERLY ERECT THE METAL BUILDING SYSTEM IN CONFORMANCE WITH THESE DRAWINGS, OSHA REQUIREMENTS, AND EITHER MBMA OR CSA S16 STANDARDS PERTAINING TO PROPER ERECTION. TEMPORARY SUPPORTS SUCH AS GUYS, BRACES, FALSEWORK, CRIBBING OR OTHER ELEMENTS FOR ERECTION ARE TO BE DETERMINED, FURNISHED AND INSTALLED BY THE ERECTOR. THESE SUPPORTS MUST SECURE THE STEEL FRAMING, OR PARTLY ASSEMBLED STEEL FRAMING, AGAINST LOADS COMPARABLE IN INTENSITY TO THOSE FOR WHICH THE STRUCTURE WAS DESIGNED IN ADDITION TO LOADS RESULTING FROM THE ERECTION OPERATION. SECONDARY WALL AND ROOF FRAMING (PURLINS, GIRTS AND/OR JOIST) ARE NOT DESIGNED TO FUNCTION AS A WORKING PLATFORM OR TO PROVIDE AS AN ANCHORAGE POINT FOR A FALL ARREST /SAFETY TIE OFF.

4. SPECIAL INSPECTION:

SPECIAL INSPECTIONS AND TESTING THAT MAY BE REQUIRED BY GOVERNMENTAL OR OTHER AUTHORITY DURING CONSTRUCTION AND/OR STEEL FABRICATION (COLLECTIVELY, "INSPECTIONS") ARE NOT THE RESPONSIBILITY OF THE PEMB MANUFACTURER, AND TO THE EXTENT REQUIRED IT SHALL BE THE RESPONSIBILITY OF THE OWNER AND/OR THE OWNER'S REPRESENTITIVE. IN THE EVENT INSPECTIONS ARE REQUIRED, THE OWNER AND/OR THE OWNER'S REPRESENTITIVE SHALL EMPLOY A THIRD PARTY QUALITY ASSURANCE TESTING AGENCY APPROVED BY THE RELEVANT AUTHORITY. IF SUCH REQUIREMENTS ARE NOT SPECIFICALLY INCLUDED IN THE PEMB MANUFACTURER'S SALES DOCUMENTS, NO INSPECTIONS BY THE PEMB MANUFACTURER OR AT THE PEMB MANUFACTURER'S FACILITY SHALL BE MADE. THE PEMB MANUFACTURER'S FACILITIES ARE ACCREDITED BY IAS AC472.

5. A325 & A490 BOLT TIGHTENING REQUIREMENTS:

IT IS THE RESPONSIBILITY OF THE ERECTOR TO ENSURE PROPER BOLT TIGHTNESS IN ACCORDANCE WITH APPLICABLE REGULATIONS. FOR PROJECTS IN THE UNITED STATES, SEE THE RCSC SPECIFICATION FOR STRUCTURAL JOINTS USING A325 OR A490 BOLTS OR FOR PROJECTS IN CANADA, SEE THE CAN/CSA S16 LIMIT STATES DESIGN OF STEEL STRUCTURES FOR MORE INFORMATION.

THE FOLLOWING CRITERIA MAY BE USED TO DETERMINE THE BOLT TIGHTNESS (I.E., "SNUG-TIGHT" OR "FULLY-PRETENSIONED"), UNLESS REQUIRED OTHERWISE BY LOCAL JURISDICTION OR CONTRACT REQUIREMENTS:

A) ALL A490 BOLTS SHALL BE "FULLY-PRETENSIONED".
B) ALL A325 BOLTS IN PRIMARY FRAMING (RIGID FRAMES AND BRACING) MAY BE "SNUG-TIGHT", EXCEPT AS FOLLOWS: "FULLY-PRETENSION" A325 BOLTS IF:
   a) BUILDING SUPPORTS A CRANE SYSTEM WITH A CAPACITY GREATER THAN 5 TONS.
   b) BUILDING SUPPORTS MACHINERY THAT CREATES VIBRATION, IMPACT, OR STRESS-REVERSALS ON THE CONNECTIONS. THE ENGINEER-OF-RECORD FOR THE PROJECT SHOULD TEST TO EVALUATE FOR THIS CONDITION.
   c) THE PROJECT SITE IS LOCATED IN A HIGH SEISMIC AREA. FOR IBC-BASED CODES, "HIGH SEISMIC AREA" IS DEFINED AS "SEISMIC DESIGN CATEGORY" OF 'D', 'E', OR 'F'. SEE THE "BUILDING LOADS" SECTION ON THIS PAGE FOR THE DEFINED SEISMIC DESIGN CATEGORY FOR THIS PROJECT.
   d) ANY CONNECTION DESIGNATED IN THESE DRAWINGS AS "A325-SC". "SLIP-CRITICAL (SC)" CONNECTIONS MUST BE FREE OF PAINT, OIL, OR OTHER MATERIALS THAT REDUCE FRICTION AT CONTACT SURFACES. GALVANIZED OR LIGHTLY-RUSTED SURFACES ARE ACCEPTABLE.
C) IN CANADA, ALL A325 AND A490 BOLTS SHALL BE "FULLY-PRETENSIONED", EXCEPT FOR SECONDARY MEMBERS (PURLINS, GIRTS, OPENING FRAMING, ETC.) AND FLANGE BRACES.

SECONDARY MEMBERS (PURLINS, GIRTS, OPENING FRAMING, ETC.) AND FLANGE BRACE CONNECTIONS MAY ALWAYS BE "SNUG-TIGHT", UNLESS INDICATED OTHERWISE IN THESE DRAWINGS.

6. GENERAL DESIGN NOTES:

1) ALL STRUCTURAL STEEL SECTIONS AND WELDED PLATE MEMBERS ARE DESIGNED IN ACCORDANCE WITH ANSI/AISC 360 "SPECIFICATIONS FOR STRUCTURAL STEEL BUILDINGS" OR THE CAN/CSA S16 "LIMIT STATES DESIGN OF STEEL STRUCTURES", AS REQUIRED BY THE SPECIFIED BUILDING CODE.
2) ALL WELDING OF STRUCTURAL STEEL IS BASED ON EITHER AWS D1.1 "STRUCTURAL WELDING CODE - STEEL" OR CAN/CSA W59 "WELDED STEEL CONSTRUCTION (METAL ARC WELDING)", AS REQUIRED BY THE SPECIFIED BUILDING CODE.
3) ALL COLD FORMED MEMBERS ARE DESIGNED IN ACCORDANCE WITH ANSI/AISI S100 OR CAN/CSA S136 "SPECIFICATIONS FOR THE DESIGN OF COLD FORMED STEEL STRUCTURAL MEMBERS", AS REQUIRED BY THE SPECIFIED BUILDING CODE.
4) ALL WELDING OF COLD FORMED STEEL IS BASED ON AWS D1.3 "STRUCTURAL WELDING CODE - SHEET STEEL" OR CAN/CSA W59 "WELDED STEEL CONSTRUCTION (METAL ARC WELDING)", AS REQUIRED BY THE SPECIFIED BUILDING CODE.
5) ALL NUCOR BUILDING GROUP FACILITIES ARE IAS AC-472 ACCREDITED FOR DESIGN AND FABRICATION OF METAL BUILDING SYSTEMS. FOR PROJECTS IN CANADA, DESIGN AND FABRICATION ARE DONE ONLY IN FACILITIES THAT ARE ALSO CAN/CSA A660 AND W47.1 CERTIFIED.
6) IF JOISTS ARE INCLUDED WITH THIS PROJECT, THEY ARE SUPPLIED AS A PART OF THE SYSTEMS ENGINEERED METAL BUILDING AND ARE FABRICATED IN ACCORDANCE WITH THE REQUIREMENTS OF SECTION 1926.758 OF THE OSHA SAFETY STANDARDS FOR STEEL ERECTION, DATED JANUARY 18, 2001.
7) COLUMN BASE PLATES ARE DESIGNED NOT TO EXCEED THE ALLOWABLE BEARING STRESS OF CONCRETE THAT HAS A MINIMUM COMPRESSIVE STRENGTH OF 3000 P.S.I. AT 28 DAYS.

NOTES:
1) COLLATERAL DEAD LOADS, UNLESS OTHERWISE NOTED, ARE ASSUMED TO BE UNIFORMLY DISTRIBUTED. WHEN SUSPENDED SPRINKLER SYSTEMS, LIGHTING, HVAC EQUIPMENT, CEILINGS, ETC., ARE SUSPENDED FROM ROOF MEMBERS, CONSULT THE M.B.S. IF THESE CONCENTRATED LOADS EXCEED 500 POUNDS (USING THE WEB MOUNT DETAIL) OR 200 POUNDS (USING THE FLANGE MOUNT DETAIL), OR IF INDIVIDUAL MEMBERS ARE LOADED SIGNIFICANTLY MORE THAN OTHERS.

2) THE DESIGN OF STRUCTURAL MEMBERS SUPPORTING GRAVITY LOADS IS CONTROLLED BY THE MORE CRITICAL EFFECT OF ROOF LIVE LOAD OR ROOF SNOW LOAD, AS DETERMINED BY THE APPLICABLE CODE.

3) Pm IS BASED ON THE MINIMUM ROOF SNOW LOAD CALCULATED PER BUILDING CODE OR THE CONTRACT SPECIFIED SNOW LOAD, WHICHEVER IS GREATER. THIS VALUE, Pm, IS ONLY APPLIED IN COMBINATION WITH THE DEAD AND COLLATERAL LOADS. ROOF SNOW IN OTHER LOADING CONDITIONS IS DETERMINED PER THE SPECIFIED BUILDING CODE.

This set contains only the materials designed and furnished by Nucor Building Systems, a division of Nucor Corporation. The drawings and the information shown thereon are the property of Nucor Building Systems and are not to be used in any form or manner whatsoever except by Nucor Building Systems or its authorized agent. Nucor Building Systems has not prepared these drawings as engineering documents of record and shall not be construed as such.

SHEET
C1 of 2

THE BUILDING CODE REQUIRES CONSIDERATION OF SNOW SURCHARGES FOR ANY LOWER ROOF OF A STRUCTURE LOCATED WITHIN 20 ft. OF A HIGHER STRUCTURE. INFORMATION PROVIDED TO THE METAL BUILDING MANUFACTURER DOES NOT INDICATE THE PRESENCE OF A SHADOWING STRUCTURE WITHIN THIS 20 ft. ENVELOPE, THEREFORE SNOW SURCHARGES HAVE NOT BEEN CONSIDERED IN THE DESIGN.	BCL9
ACCESSORIES (DOORS, WINDOWS, ETC.) NOT PROVIDED BY THE METAL BUILDING MANUFACTURER MUST BE DESIGNED AS "COMPONENTS AND CLADDING" IN ACCORDANCE WITH THE SPECIFIC WIND PROVISIONS OF THE REFERENCED BUILDING CODE DISPLAYED ON THE COVER PAGE OF THIS DRAWING PACKET.	MO1
FRAMED OPENINGS HAVE BEEN DESIGNED TO SUPPORT WIND LOAD NORMAL TO THE WALL BASED ON THE STANDARD BUILDING CODE CRITERIA. FRAMED OPENINGS HAVE NOT BEEN DESIGNED FOR ANY ADDITIONAL MOMENT OR CATENARY FORCES FROM THE DOOR. ANY CHANGE TO THE INFORMATION SHOWN HERE WILL REQUIRE AN ENGINEERING INVESTIGATION AND POSSIBLE BUILDING REINFORCEMENT.	MO2

THE NEW BUILDING IS IN PROXIMITY TO, AND MAY CAUSE CHANGES TO THE CODE-PRESCRIBED SNOW LOADING CONDITIONS FOR THE EXISTING ADJACENT/ADJOINING BUILDING(S). IT IS THE RESPONSIBILITY OF OTHERS (NOT THE METAL BUILDING MANUFACTURER) TO INVESTIGATE ALL SNOW LOADING CONDITIONS FOR THE ADJACENT/ADJOINING BUILDING(S), AND PERFORM ANY REQUIRED ANALYSIS.	EB1
THE EXISTING BUILDING AND THE NEW BUILDING BY THE METAL BUILDING MANUFACTURER ARE STRUCTURALLY INDEPENDENT. THE SEISMIC STORY DRIFT OF THE NEW BUILDING CALCULATED IN ACCORDANCE WITH THE APPLICABLE BUILDING CODE IS 3.00 INCHES. THE METAL BUILDING MANUFACTURER CANNOT DETERMINE THE STORY DRIFT OF THE EXISTING BUILDING. THEREFORE, IT IS THE RESPONSIBILITY OF OTHERS (NOT THE METAL BUILDING MANUFACTURER) TO ENSURE THAT ADEQUATE SEPARATION EXISTS BETWEEN THE NEW AND EXISTING BUILDING.	EB6
THE SPECIFIED HVCF IN THE CONTRACT IS NOT TO EXCEED THE 300 LBS QUOTED AND DESIGNED FOR. IF IT DOES, A REVIEW AND POSSIBLE REDESIGN WILL BE NECESSARY.	SPECIAL NOTE–1

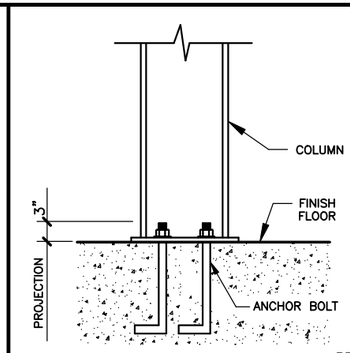
This set of plans only to the materials and methods described in Nucor Building Systems' drawings. The drawings and the information shown thereon are the product of Nucor Building Systems' regular professional services and are copyrighted. Neither these drawings is employed by Nucor Buildings Systems and does not serve as a representation of the engineer of record and shall not be construed as such.

SHEET

AB1 of 2



ANCHOR BOLT PLAN

GENERAL NOTES

1. THE SPECIFIED ANCHOR ROD DIAMETER ASSUMES F1554 GRADE 55 UNLESS NOTED OTHERWISE. ANCHOR ROD MATERIAL OF EQUAL DIAMETER MEETING OR EXCEEDING THE STRENGTH REQUIREMENTS SET FORTH ON THESE DRAWINGS MAY BE UTILIZED AT THE DISCRETION OF THE FOUNDATION DESIGN ENGINEER. ANCHOR ROD EMBEDMENT LENGTH SHALL BE DETERMINED BY THE FOUNDATION DESIGN ENGINEER.
2. THE METAL BUILDING MFR. IS NOT RESPONSIBLE FOR PROJECT FOUNDATION DESIGN. THE FOUNDATION DESIGN IS THE RESPONSIBILITY OF A REGISTERED PROFESSIONAL ENGINEER, FAMILIAR WITH LOCAL SITE CONDITIONS.
3. ALL ANCHOR RODS, FLAT WASHERS FOR ANCHOR RODS, EXPANSION BOLTS, AS WELL AS ALL CONCRETE/MASONRY EMBED PLATES ARE NOT BY THE METAL BUILDING MFR.
4. THIS DRAWING IS NOT TO SCALE.
5. FINISHED FLOOR ELEVATION = 100'-0" UNLESS NOTED OTHERWISE.
6. "SINGLE" CEE COLUMNS SHALL BE ORIENTED WITH THE "TOES" TOWARD THE LOW EAVE UNLESS NOTED OTHERWISE.
7. THE ANCHOR BOLT LOCATIONS PROVIDED BY THE METAL BUILDING MANUFACTURER SATISFY ANY PERTINENT REQUIREMENTS FOR THE DESIGN OF THE MATERIALS SUPPLIED BY THE METAL BUILDING MANUFACTURER. PLEASE NOTE THAT THESE REQUIREMENTS MAY NOT SATISFY ALL ANCHOR BOLT CONCRETE EDGE DISTANCE REQUIREMENTS DEPENDING ON THE DETAILS OF THE FOUNDATION DESIGN. BECAUSE FOUNDATION DESIGN IS NOT WITHIN THE SCOPE OF WORK OF THE METAL BUILDING MANUFACTURER, IT IS THE RESPONSIBILITY OF THE QUALIFIED PROFESSIONAL DESIGNING THE FOUNDATION TO VERIFY THAT SUFFICIENT CONCRETE EDGE DISTANCE IS PROVIDED FOR THE ANCHOR BOLTS IN THE DETAILS THEREOF.
8. THE ANCHOR BOLT SETTINGS SHOWN ON THESE DRAWINGS NOT ONLY INDICATE WHERE THE ANCHOR BOLTS ARE TO BE PLACED, BUT ALSO THE FOOTPRINT OF THE METAL BUILDING. IT IS ESSENTIAL THAT THESE BOLT PATTERNS BE FOLLOWED. IN THE EVENT THAT THESE SETTINGS DIFFER FROM THE ARCHITECTURAL FOUNDATION PLANS, THE METAL BUILDING MANUFACTURER MUST BE CONTACTED IMMEDIATELY, PREFERABLY BEFORE CONCRETE IS PLACED.

APPARATUS BAYS ENDWALL FRAMING: FRAME LINE 1

ALL GIRTS 08Z060 (U.N.O.)
ALL F.O. MATERIALS 08C060 (U.N.O.)

APPARATUS BAYS ENDWALL SHEETING & TRIM: FRAME LINE 1

PANELS: 24Ga. 2.5" Santa Fe – Desert Sand PVDF
[A] PANELS: 24Ga. 2.5" Santa Fe – Surrey Beige PVDF
6" TALL WALL BY OTHERS FROM F.F. WHOLE WALL

ENDWALL FRAMING PLAN

GENERAL NOTES

1. STD. ROD/CABLE SIZES PER PART PREFIX ARE:

ROD		CABLE	
RD05–	= 5/8" ROD	CA02–	= 1/4" CABLE
RD06–	= 3/4" ROD	CA03–	= 3/8" CABLE
RD07–	= 7/8" ROD	CA04–	= 1/2" CABLE
RD08–	= 1" ROD		
RD09–	= 1 1/8" ROD		
RD10–	= 1 1/4" ROD		

2. ROD/CABLE BRACING THAT OCCURS IN FLUSH OR INSET GIRT CONDITIONS WILL REQUIRE FIELD SLOTTING OF GIRT WEBS TO ALLOW FOR BRACING.
3. FRAMED OPENINGS WHICH ARE FIELD LOCATED WILL REQUIRE FIELD CUTTING OF GIRTS AND SHEETING.
4. THIS DRAWING IS NOT TO SCALE.

RUSSELL R. SKEEM — 07/31/2023 — Exp. Jun 30, 2024 — CIVIL/STRUCTURAL

This set of plans and/or specifications is the property of Nucor Building Systems, a division of Nucor Corporation. The drawings and the information contained therein are the property of Nucor Building Systems and may be used by a purchaser or owner of a Nucor Building Systems building for information regarding the erection of such building. Any other use or reproduction of these drawings is prohibited. No right is conveyed to any party to make any use of these drawings except as authorized by Nucor Building Systems and does not serve as a substitute for any engineered drawing required by law. These drawings are not to be used for construction purposes unless released for construction by Nucor Building Systems and shall not be construed as such.

SHEET: D2 of 20

TYPICAL FIELD WELD REQUIREMENTS ERECTOR NOTE:

(UNLESS NOTED OTHERWISE ON DRAWINGS)

ALL FIELD WELDING **MUST BE PERFORMED BY AWS/CWB CERTIFIED WELDERS WHO ARE QUALIFIED** FOR THE WELDING PROCESSES AND POSITIONS INDICATED.

ALL WORK MUST BE **COMPLETED AND INSPECTED IN ACCORDANCE WITH THE APPLICABLE AWS/CWB SPECIFICATIONS.**

WELD ELECTRODES USED FOR THE SMAW (OR STICK) WELD PROCESS **MUST BE 70 KSI/483 MPa MATERIAL AND LOW HYDROGEN CONTENT.**

GALVANIZED STEEL FIELD WELDING RECOMMENDATIONS

PREPARATION OF WELD AREA

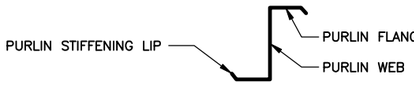
AWS D–19.0, WELDING ZINC COATED STEEL, CALLS FOR WELDS TO BE MADE ON STEEL THAT IS FREE OF ZINC IN THE AREA TO BE WELDED. FOR GALVANIZED STRUCTURAL COMPONENTS, THE ZINC COATING SHOULD BE REMOVED AT LEAST ONE TO FOUR INCHES (2.5–10 cm) FROM EITHER SIDE OF THE INTENDED WELD ZONE AND ON BOTH SIDES OF THE WORKPIECE. GRINDING BACK THE ZINC COATING IS THE PREFERRED AND MOST COMMON METHOD; BURNING THE ZINC AWAY OR PUSHING BACK THE MOLTEN ZINC FROM THE WELD AREA ARE ALSO EFFECTIVE.

TOUCH–UP OF WELD AREA

WELDING ON GALVANIZED SURFACES DESTROYS THE ZINC COATING ON AND AROUND THE WELD AREA. RESTORATION OF THE AREA WILL BE PERFORMED IN ACCORDANCE WITH ASTM A 780, STANDARD PRACTICE FOR REPAIR OF DAMAGED AND UNCOATED AREAS OF HOT–DIP GALVANIZED COATINGS, WHICH SPECIFIES THE USE OF PAINTS CONTAINING ZINC DUST, ZINC–BASED SOLDERS OR SPRAYED ZINC. ALL TOUCHUP AND REPAIR METHODS ARE CAPABLE OF BUILDING A PROTECTIVE LAYER TO THE THICKNESS REQUIRED BY ASTM A 780.

SAFETY & HEALTH

WHEN WELDING DIRECTLY ON GALVANIZED STEEL IS UNAVOIDABLE, OSHA PERMISSIBLE EXPOSURE LIMITS (PELS) MAY BE EXCEEDED AND EVERY PRECAUTION, INCLUDING HIGH–VELOCITY CIRCULATING FANS WITH FILTERS, AIR RESPIRATORS AND FUME–EXTRACTION SYSTEMS SUGGESTED BY AWS, SHOULD BE EMPLOYED. FUMES FROM WELDING GALVANIZED STEEL CAN CONTAIN ZINC, IRON, AND LEAD. FUME COMPOSITION TYPICALLY DEPENDS ON THE COMPOSITION OF THE MATERIALS USED, AS WELL AS THE HEAT APPLIED BY THE PARTICULAR WELDING PROCESS. IN ANY EVENT, GOOD VENTILATION MINIMIZES THE AMOUNT OF EXPOSURE TO FUMES.



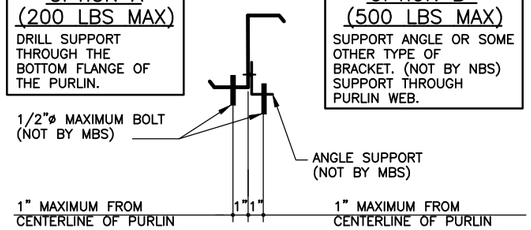
PRIOR TO WELDING ON ANY METAL, CONSULT ANSI/ASC Z–49.1, SAFETY IN WELDING, CUTTING AND ALLIED PROCESSES, WHICH CONTAINS INFORMATION ON THE PROTECTION OF PERSONNEL AND THE GENERAL AREA, VENTILATION AND FIRE PREVENTION.

INFORMATION COURTESY OF AMERICAN GALVANIZERS ASSOCIATION

TYPICAL FIELD WELD REQUIREMENTS

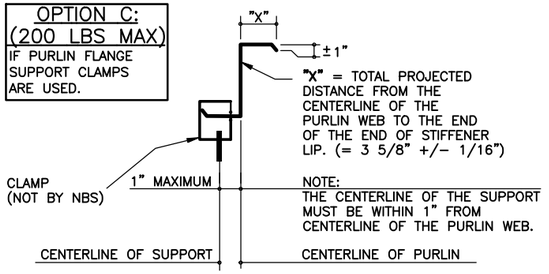
NAA0040

COLLATERAL DEAD LOADS, UNLESS OTHERWISE NOTED, ARE ASSUMED TO BE UNIFORMLY DISTRIBUTED. WHEN SUSPENDED SPRINKLER SYSTEMS, LIGHTING, HVAC EQUIPMENT, CEILINGS, ETC. ARE SUSPENDED FROM ROOF MEMBERS, CONSULT ENGINEER OF RECORD IF THESE CONCENTRATED LOADS EXCEED 500 POUNDS (USING THE WEB MOUNT DETAIL) OR 200 POUNDS (USING THE FLANGE MOUNT DETAIL), OR IF INDIVIDUAL MEMBERS ARE LOADED SIGNIFICANTLY MORE THAN OTHERS.



GENERAL RESTRICTION:

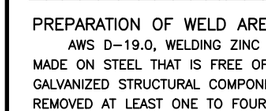
UNDER NO CIRCUMSTANCES CAN THE PURLIN STIFFENING LIP BE FIELD MODIFIED FROM THE FACTORY SUPPLIED CONDITION. ALSO DO NOT HANG ANYTHING FROM PURLIN STIFFENING LIP.



OPTIONS FOR SUPPORT ATTACHMENTS

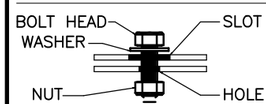
OPTION A (200 LBS MAX)
DRILL SUPPORT THROUGH THE BOTTOM FLANGE OF THE PURLIN.

OPTION B (500 LBS MAX)
SUPPORT ANGLE OR SOME OTHER TYPE OF BRACKET. (NOT BY NBS) SUPPORT THROUGH PURLIN WEB.



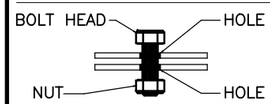
OPTION C: (200 LBS MAX)
IF PURLIN FLANGE SUPPORT CLAMPS ARE USED.

B00010



PURLIN SUPPORT METHODS

NBD0130



SLOT TO SLOT CONNECTIONS

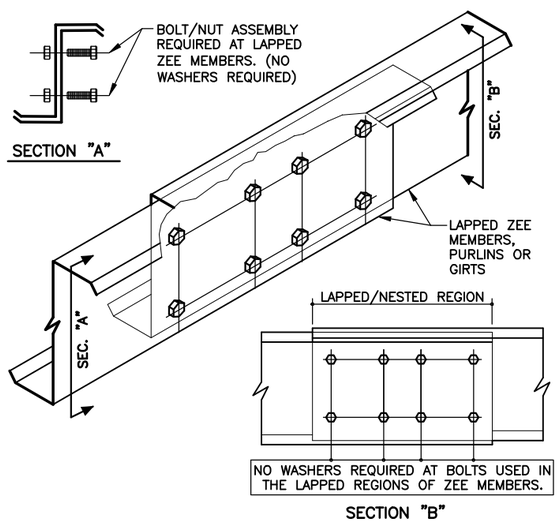
WASHERS ARE REQUIRED ON BOTH SIDES OF MATERIAL IF SLOTS ARE USED ON BOTH SIDES (NOTE LAPPED ZEE MEMBER EXCEPTION).

SLOT TO HOLE CONNECTIONS

ONE WASHER REQUIRED ON SLOTTED SIDE ONLY.

HOLE TO HOLE CONNECTIONS

NO WASHERS ARE REQUIRED WHEN SLOTS ARE NOT USED.



WASHER PART NUMBERS

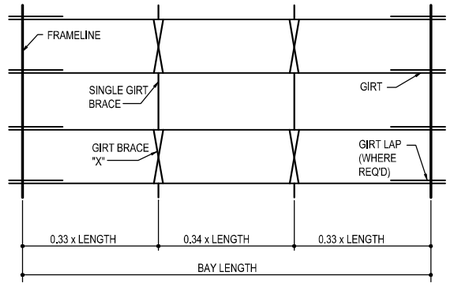
INSTALLATION INSTRUCTIONS

1) FOR SINGLE GIRT BRACE, INSERT ANGLE INTO THE FACTORY PUNCHED SLOTS. BEND TABS AS SHOWN AND FASTEN THROUGH TAB WITH (1) H1020 FASTENER PER END.

2) FOR GIRT BRACE "X", INSERT ANGLES "BACK-TO-BACK" INTO THE FACTORY PUNCHED SLOTS. BEND TABS AS SHOWN AND FASTEN THROUGH TAB WITH (1) H1020 FASTENER PER END.

3) CONNECT GIRT BRACE "X" AT THE ANGLE INTERSECTION WITH (1) H1020 FASTENER.

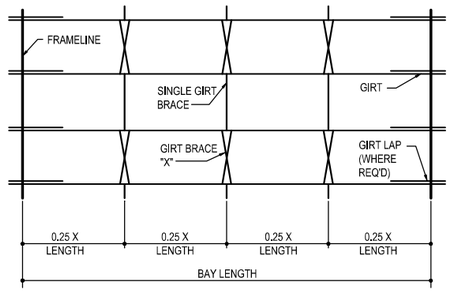


4) GIRT BRACING IS NOT TO DISTORT OR ALTER GIRTS FROM THIER INTENDED SHAPE AND LOCATION.

5) SEE DETAILS BELOW FOR ADDITIONAL INFORMATION WHEN ATTACHING TO ALTERNATE FRAMING MEMBERS.

PLAN VIEW OF (2) GIRT BRACING ROWS PER BAY

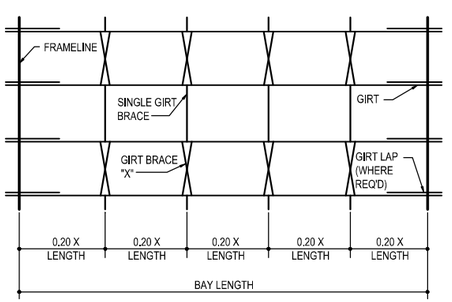
1) INSTALL (2) REQUIRED ROWS OF GIRT BRACING REGARDLESS OF THE BAY LENGTH. GIRT BRACING IS SPACED AS SHOWN IN THE DETAIL BELOW.



2) SEE WALL ELEVATION(S) FOR GIRT BRACING MARK NUMBERS, QUANTITIES AND LOCATIONS.

PLAN VIEW OF (3) GIRT BRACING ROWS PER BAY

1) INSTALL (3) REQUIRED ROWS OF GIRT BRACING REGARDLESS OF THE BAY LENGTH. GIRT BRACING IS SPACED AS SHOWN IN THE DETAIL BELOW.



2) SEE WALL ELEVATION(S) FOR GIRT BRACING MARK NUMBERS, QUANTITIES AND LOCATIONS.

PLAN VIEW OF (4) GIRT BRACING ROWS PER BAY

1) INSTALL (4) REQUIRED ROWS OF GIRT BRACING REGARDLESS OF THE BAY LENGTH. GIRT BRACING IS SPACED AS SHOWN IN THE DETAIL BELOW.

2) SEE WALL ELEVATION(S) FOR GIRT BRACING MARK NUMBERS, QUANTITIES AND LOCATIONS.

GIRT BRACING ATTACHMENT METHODS

ENGINEER STATE OF UTAH PROFESSIONAL
RUSSELL R. SKEEN
07/31/2023
Exp. Jun 30, 2024
CIVIL/STRUCTURAL
No. 016713

This set of plans and/or specifications is submitted only to the materials described herein by Nucor Building Systems, a division of Nucor Corporation. The drawings and the specifications are instruments of service and are the product of Nucor Building Systems. We register professional engineers who have prepared these drawings is employed by Nucor Buildings Systems and does not serve as the engineer of record of record and shall not be construed as such.

SHEET
D4 of 20

SUGGESTED INITIAL PROCEDURES FOR INSTALLER:

1) CHECK ALL APPLICABLE FEDERAL, STAE AND LOCAL CODES TO VERIFY COMPLIANCE WITH THE CODE.

2) BE CERTAIN THAT SITE CONDITIONS ARE SUCH THAT SAFE WORKING PRACTICES ARE STRICTLY OBSERVED.

3) REVIEW ALL INSTALLATION DRAWINGS AND ASSOCIATED PROJECT DOCUMENTS.

4) CONSULT WITH THE GENERAL CONTRACTOR, DESIGN ENGINEER, ARCHITECT AND/OR OWNER TO CONFIRM THOSE RECOMMENDED.

5) COMPLY WITH ALL SAFETY REGULATIONS.

IT IS THE RESPONSIBILITY OF THE DESIGNER / CONTRACTOR / INSTALLER TO ENSURE THAT THE DETAILS AND INSTALLATION PROCEDURES ARE ADAPTED TO MEET PARTICULAR BUILDING REQUIREMENTS. THE METAL BUILDING / PANEL SUPPLIER SHALL NOT BE HELD LIABLE FOR ANY AND ALL CLAIMS ARISING FROM LACK OF PROPER INSTALLATION. THE DESIGNER / INSTALLER MUST BE AWARE OF AND ALLOW FOR EXPANSION AND CONTRACTION OF WALL PANELS WHEN DESIGNING AND/OR INSTALLING WALL PANELS.

SOME FIELD CUTTING IS PART OF NORMAL ERECTION WORK. WORKMANSHIP SHALL CONFORM TO THE HIGHEST INDUSTRY STANDARDS. A CERTAIN AMOUNT OF WAVINESS CALLED "OIL CANNING" MAY EXIST IN THE PANEL. MINOR WAVINESS IS NOT SUFFICIENT CAUSE FOR REJECTION AND DOES NOT AFFECT THE STRUCTURAL INTEGRITY OF THE PANEL. MINIMIZING OR ELIMINATION THIS EFFECT CAN BE ACCOMPLISHED BY USING SIMPLE INDUSTRY STANDARD PROCEDURES DURING SURFACE PREPARATION.

NOTES FOR HANDLING PANELS AND COMPONENTS:

INSULATED PANELS ARE CAREFULLY INSPECTED AND BUNDLED PRIOR TO LOADING FOR SHIPMENT. IT IS THE RESPONSIBILITY OF THE TRANSPORTATION COMPANY TO DELIVER THESE COMPONENTS UNDAMAGED. IT IS THE CONSIGNEE'S RESPONSIBILITY TO INSPECT THE SHIPMENT FOR DAMAGE AND SHORTAGES WHEN IT IS RECEIVED.

WHEN A SHIPMENT IS RECEIVED, CHECK EACH ITEM AGAINST THE BILL OF LADING FOR QUANTITY, LENGTH, DAMAGE, ETC. IF A SHORTAGE OR DAMAGE IS FOUND, MAKE SURE A NOTATION OF IT IS MADE ON THE BILL OF LADING AND SIGNED BY THE DRIVER. THE MANUFACTURE CANNOT BE RESPONSIBLE FOR SHORTAGES OR DAMAGED MATERIALS UNLESS THEY ARE NOTED ON THE BILL OF LADING.

IN THE CASE OF PACKAGED COMPONENTS (SUCH AS CLIPS, FASTENERS, AND SEALANTS, ECT.), THE QUANTITIES ARE MARKED ON THEIR CONTAINER AND SHOULD BE CHECKED AGAINST THE BILL OF MATERIALS.

IT IS THE CUSTOMER'S RESPONSIBILITY TO MAKE ANY DAMAGE CLAIM. IMMEDIATELY NOTIFY THE DESIGNATED CUSTOMER SERVICE COORDINATOR OF ANY SHORTAGES OR DAMAGED MATERIALS. THIS WILL HELP TO MINIMIZE ANY ERECTION DELAYS THAT MAY RESULT FROM THE SHORTAGE OR DAMAGED MATERIALS.

UPON ARRIVAL OF PANELS, FORKLIFTS OR HOISTING EQUIPMENT WILL BE REQUIRED TO UNLOAD AND POSITION THE PANEL BUNDLES AND ACCESSORY CRATES FOR JOBSITE STORAGE AND INSTALLATION.

EXTREME CARE SHOULD BE TAKEN TO AVOID BUMPING THE PANELS WHILE LIFTING AND MANEUVERING. IN ALL CASES PANELS SHOULD NOT DEFLECT SIGNIFICANTLY IN THE LIFTING PROCESS.

IN HANDLING PANELS INDIVIDUALLY, ALL PERSONNEL MUST WEAR THE PROPER CLOTHING, PROTECTIVE EYE WEAR, AND GLOVES.

TO HELP PREVENT DAMAGES TO THE SURFACES AND EDGES:
- ALWAYS LIFT THE PANELS WHEN REMOVING THEM FROM BUNDLES, NEVER DRAG THEM.
- NEVER LIFT THE PANEL FROM THE FLAT POSITION FROM THE HOOK OF THE VERTICAL SEAM.
- DO NOT CARRY PANELS IN THE FLAT POSITION.

UNLOADING:

PANELS ARE SPIRAL WRAPPED WITH STRETCH-FILM AND SHIPPED FLAT. PANEL BUNDLES ARE REINFORCED AT SPECIFIED LIFTING POINTS TO PREVENT DAMAGE WHEN LIFTING. SEE FIGURE'S 1 AND 2 IN THIS SECTION TO DETERMINE WHERE THE LIFTING POINTS ARE FOR THE PANEL BUNDLES.

UNLOADERS MUST TAKE CARE THAT FORKLIFT FORKS ARE LOCATED AT THE PARTICLE BOARD ON THE PANEL BUNDLES BEFORE LIFTING.

EXTREME CARE SHOULD BE TAKEN TO AVOID BUMPING OR DROPPING THE PANELS WHEN LIFTING AND MANEUVERING.

WHEN UNLOADING BUNDLES OF 36'-0" OR LONGER IN LENGTH, TWO OR MORE LIFTING POINTS MAY BE REQUIRED. OVER ENGAGEMENT OF FORKS WILL CAUSE DAMAGE TO THE MATERIALS LOCATED ON THE OPPOSITE SIDE OF THE BUNDLE BEING LIFTED.

WHEN AN OVERHEAD CRANE IS USED, REINFORCED NYLON SLINGS OR STRAPS SHOULD BE USED (NO CHAINS OR CABLES SHOULD COME IN CONTACT WITH THE PANELS), ALONG WITH SUITABLE STIFF INSERTS LOCATED AT TOP AND BOTTOM OF THE BUNDLES AT THE SLING POSITIONS TO PROTECT THE PANELS FROM DAMAGE. ALSO, PLACE FOAM BLOCKS ON THE SIDES OF BUNDLES AT ALL SLING LOCATIONS.

NOTES:

REINFORCED LIFTING POINTS ARE CLEARLY MARKED ON THE PANEL BUNDLE (SEE FIGURES 1 & 2)

LONG LENGTH PANELS HAVE TWO OR MORE LIFTING POINTS (SEE FIGURE 2).

USE EXTREME CARE TO AVOID BUMPING OR DROPPING THE PANELS WHILE LIFTING AND MANEUVERING.

HOIST THE PANELS TO THE ROOF WITH THE AID OF NYLON SLINGS AND A SPREADER BAR TO PREVENT ANY CHANCE OF BENDING OR BUCKLING THE PANELS.

UNLOADING WITH A FORKLIFT:

- OVER ENGAGEMENT OF FORKS WILL CAUSE DAMAGE TO THE MATERIALS LOCATED ON THE OPPOSITE SIDE OF THE BUNDLE BEING LIFTED
- PANELS SHOULD NOT DEFLECT SIGNIFICANTLY IN THE LIFTING PROCESS.
- ENSURE THE FORKS STRADDLE THE DESIGNATED LIFT POINT.
- LIFT BUNDLES ONE AT A TIME WITH THE FORKLIFT

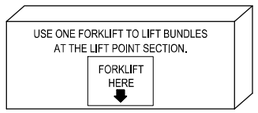

FIGURE 1
STANDARD LENGTH BUNDLES

- BE CAREFUL WHEN UNLOADING OR MOVING LONG LENGTH BUNDLES
- DO NOT POSITION YOUR LIFT AT THE CENTER OF THE BUNDLE, THIS MAY CAUSE PANEL DAMAGE.
- EACH FORKLIFT SHOULD STRADDLE ONE LIFT POINT.

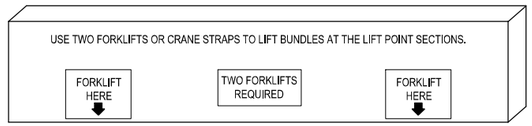

FIGURE 2
LONG LENGTH BUNDLES

UNLOADING WITH AN OVERHEAD CRANE:

- USE NYLON REINFORCED SLINGS OR STRAPS LOCATED AT A MINIMUM OF TWO POINTS ALONG THE LENGTH OF THE BUNDLE FOR CRANE LIFTING OF THE INDIVIDUAL BUNDLES.
- CHAINS OR CABLES SHOULD NOT COME IN CONTACT WITH THE PANELS.
- SUITABLY STIFF INSERTS SHOULD BE LOCATED AT TOP AND BOTTOM OF THE BUNDLES AT THE SLING POSITIONS TO PROTECT THE EDGES OF THE UPPER AND LOWER PANELS.
- PLACE FOAM BLOCKS ON THE SIDES OF BUNDLES AT ALL SLING LOCATIONS.
- WHEN BUNDLES ARE LONGER THAN 15'-0" IT IS SUGGESTED THAT A PROPERLY DESIGNED AND FABRICATED LIFTING BEAM IS USED.

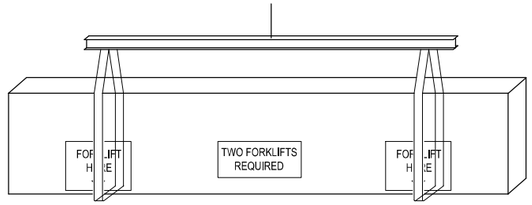

FIGURE 3
BUNDLES UNDER 4,000 LBS AND LESS THAN 44'-0"

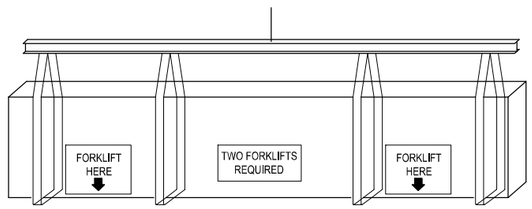

FIGURE 4
BUNDLES OVER 4,000 LBS AND LESS THAN 44'-0"

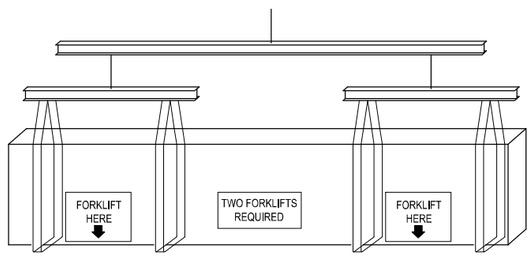

FIGURE 4
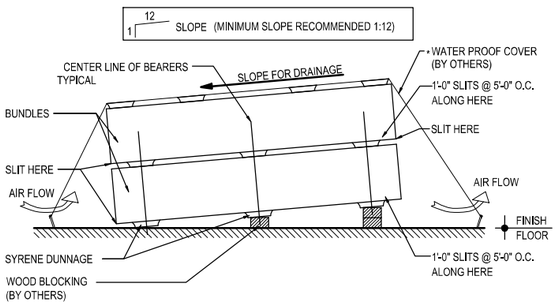
BUNDLES OVER 4,000 LBS AND MORE THAN 44'-0"

MANUALLY UNLOADING:
- ON SMALL PROJECTS UNLOADING OF THE PANELS MAY BE CARRIED OUT BY HAND.
- NOTE: SPECIAL CARE SHOULD BE TAKEN WHEN HANDLING. ALWAYS LIFT THE PANELS WHEN REMOVING FROM A BUNDLE, NEVER DRAG THEM.
- WARNING: TO PREVENT JOINT DAMAGE, NEVER LIFT THE PANEL FROM THE FLAT POSITION WITH THE HOOK OF THE VERTICAL SEAM. LIFT FROM THE BOTTOM SKIN.
- IT IS IMPORTANT THAT WHENEVER A PANEL IS HANDLED, PICKED-UP, MOVED OR CARRIED IT SHOULD BE TURNED ON EDGE FIRST. DO NOT CARRY PANEL WHILE FLAT.
- IMPORTANT NOTE: ALL PERSONNEL DOING THESE PROCEDURES MUST WEAR AT ALL TIMES THE PROPER CLOTHING, PROTECTIVE EYE WEAR AND GLOVES.



THE METAL BUILDING/PANEL SUPPLIER DOES NOT TAKE ANY RESPONSIBILITY FOR DAMAGE CAUSED FROM MISHANDLING OF PANELS. DAMAGED PANELS SHALL BE REPLACED OR CORRECTED TO APPROVAL OF THE ARCHITECT AND ANY COST INCURRED SHALL BE BORNE BY THE PARTIES RESPONSIBLE FOR THE DAMAGE.

JOBSITE STORAGE:

UPON ACCEPTANCE OF THE SHIPMENT, THE CUSTOMER IS RESPONSIBLE FOR PROPER HANDLING, STORAGE, AND SECURITY OF THE RECEIVED MATERIALS. THE MANUFACTURER IS NOT RESPONSIBLE FOR DAMAGE OR LOSS OF MATERIALS AT THE JOB SITE.

PANELS NOT REQUIRED FOR IMMEDIATE USE SHOULD BE:
- CAREFULLY UNLOAD AND PLACE DIRECTLY IN A PROTECTED STORAGE AREA ON A FIRM, LEVEL SURFACE CLEAR OF DEBRIS, PREFERABLY UNDER WATER PROOF COVER AND SLIT PLASTIC WRAP AT BASE TO ALLOW AIR FLOW, FOR NO LONGER THAN 30 DAYS.
- CUT / SLIT THE BOTTOM OF THE PLASTIC WRAP IN 1'-0" INCREMENTS AT 5'-0" O.C. ALONG THE LENGTH OF THE BUNDLES. A CONTINUOUS CUT / SLIT SHOULD BE MADE ALONG THE WIDTH OF THE BUNDLE.
- ELEVATE WITH WOOD BLOCKING, TO ALLOW AIR CIRCULATION UNDER THE BUNDLE, ON A FIRM, LEVEL SURFACE CLEAR OF DEBRIS, STANDING WATER, DIRECT SUN, AND DRIFTING SNOW.
- SEPARATE FLAT-LAID BUNDLES WITH THE STYRENE DUNNAGE PROVIDED WITH THE SHIPMENT.
- BUNDLES CAN BE STACKED, NO MORE THAN (2) BUNDLES HIGH.
- SLOPE AT A MINIMUM OF 1:12 FOR DRAINAGE OF MOISTURE FROM PANELS.
- INSPECTED DAILY FOR MOISTURE. INSURE NO SAGS ARE PRESENT. TRAPPED MOISTURE CAN DAMAGE THE PANEL FINISH AND VOID APPLICABLE FINISH WARRANTIES. IF PANEL BUNDLES CONTAIN MOISTURE OR SAGS, THE PANEL BUNDLE SHOULD BE DRIED AND RESTACKED. USE CARE IN RESTACKING TO AVOID DAMAGE TO PANELS.

PANELS FOR IMMEDIATE USE:
IF THE PANELS ARE TO BE USED IMMEDIATELY, THE BUNDLES SHOULD BE PLACED AT PRE-PLANNED STRATEGIC LOCATIONS AROUND THE PERIMETER OF THE BUILDING, AS CLOSE AS POSSIBLE TO THE PLANNED WORK AREAS, TO AVOID UNDUE SITE MANEUVERING.

WHEN MOVING PANEL BUNDLES, EXTREME CAUTION SHOULD BE TAKEN TO PREVENT DAMAGE TO THE PANEL SURFACES AND EDGES.

WHEN HANDLING PANELS INDIVIDUALLY, THEY SHOULD BE CARRIED IN A VERTICAL, NOT FLAT POSITION. NEVER DRAG PANELS WHEN REMOVING THEM FROM BUNDLES.

(SEE "HANDLING PANELS AND COMPONENTS)

INSTALLATION TOOLS:

"READ BEFORE YOU START"

- SLIDING PANELS TOGETHER WILL SCUFF, DISCOLOR OR DAMAGE THE FINISH.
- IT IS IMPORTANT TO NOTE THAT, DUE TO THE HIDDEN FASTENER SIDE LAP CONNECTIONS OF THESE PANELS, EXTRA CARE SHOULD BE TAKEN WHEN HANDLING THESE COMPONENTS.
- THE FOLLOWING IS A LIST OF COMMON TOOL REQUIREMENTS. REFER TO "FIELD CUTTING" FOR PANEL CUTTING GUIDELINES.
- WEARING CLEAN GLOVES, HANDLING THE PANELS BY EDGES AND TAKING A LITTLE EXTRA CARE WILL PAY OFF BY PRODUCING A GOOD CLEAN FINISHED ROOF.

COMMON TOOL REQUIREMENTS:

CIRCULAR SAW	POWER DRILL	CARPENTER'S SQUARE
RIVET GUN	LEVEL	CHALK LINE
TAPE MEASURE	CAULK GUN	SCREW GUN
POWER SHEARS	HAMMER DRILL	POWER NIBBLER

CAUTION: ANY METAL FILINGS OR BURRS SHOULD BE CLEANED OFF THE FACE OF THE PANELS AS SOON AS POSSIBLE TO PREVENT RUST FROM FORMING ON THE PAINT. (SEE "CLEANING PROCEDURES")

ALIGNMENT & SHIMMING
PRIOR TO INSTALLATION, ROOF SECONDARY MEMBERS SHOULD BE CHECKED FOR OVERALL DIMENSIONS AND EVENNESS OF PLANE. THE ROOF SECONDARY MEMBERS SHOULD ALSO BE CHECKED TO VERIFY THE ROOF SYSTEM CAN BE INSTALLED WITHOUT INTERFERENCE. PRIOR TO INSTALLATION OF INSULATED PANEL, INSPECT ROOF FOR COMPONENT ALIGNMENT AND PLANE FLATNESS.

MISALIGNED SECONDARY STEEL MAY REQUIRE THE ERECTOR TO SHIM THE INSULATED ROOF PANELS AT SOME LOCATIONS. SHIMS AND LABOR FOR INSTALLING SHIMS ARE BY OTHERS.

FASTENERS:

INSULATED PANEL FASTENERS VARY BASED ON LOCATION AND PANEL THICKNESS. THE FASTENERS LISTED BELOW ARE TYPICAL FASTENERS. ADDITIONAL FASTENERS, WHEN REQUIRED BY DESIGN, WILL BE INDICATED ELSE WHERE ON THE ERECTION DRAWING SET.

43L — SELF-DRILLING SCREW 1/4-14 x 1 1/4" TYPE 2

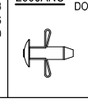
H1030 — SELF-DRILLING SCREW 1/4-14 x 1 1/4" TCP 3 W/ WASHER

H1050 — SELF-DRILLING SCREW 1/4-14 x 7/8" TCP 1 W/ WASHER

H1100 — 1/8" STAINLESS STEEL BLIND POP RIVET GRIP RANGE: 1/8" - 3/16"

17 — SELF-DRILLING SCREW 12-14 x 1" TCP 3 W/ WASHER

4 — SELF-DRILLING SCREW 1/4-14 x 7/8" TCP 1 W/ WASHER



14 — 1/8" STAINLESS STEEL BLIND POP RIVET GRIP RANGE: 1/8" - 3/16"

H1220 — SELF-DRILLING SCREW 12-14 x 1" TCP 3 SQUARE / PHILLIPS PANCAKE HEAD

2605ANC — LOCK RIVET, 9/32 BT DOME HEAD W/ WASHER

14A — 1/8" STAINLESS STEEL BLIND POP RIVET GRIP RANGE: 5/16" - 3/8"

4" / 5"	F3416
6"	F3417

ERECTOR NOTES:
- ADD ADDITIONAL GUTTER SUPPORTS AT MIDPOINT BETWEEN STANDING SEAMS (CFR-42 ONLY)
- PART MARKS MAY CONTAIN A "- NUMBER" INDICATING ROOF SLOPE

EAVE GUTTER DETAIL

INSULATED METAL PANEL ROOF WITH GUTTER

TRIM_6

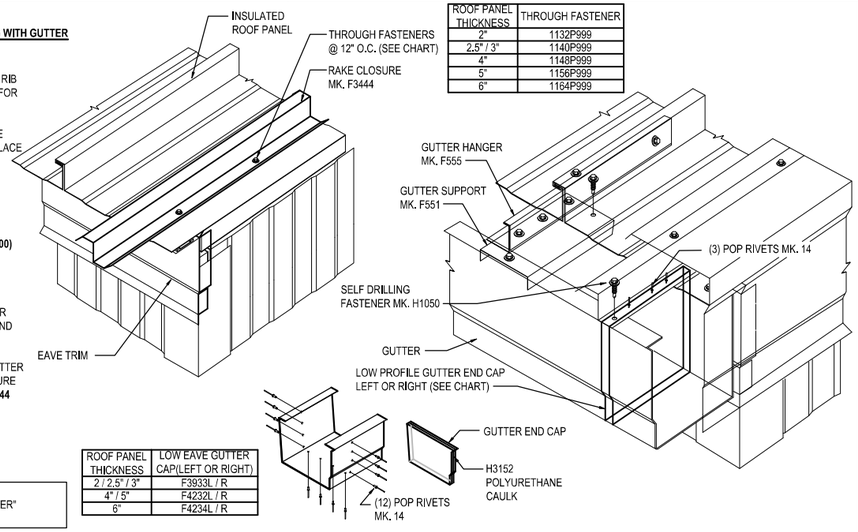
STEP 1

PREPARATION FOR RAKE TRIM INSTALLATION AT BUILDING WITH GUTTER

RAKE CLOSURE ATTACHMENT WITH GUTTER
ATTACH RAKE TRIM CLOSURE **F3444** AT A HIGH RIB OR LOW RIB FOR PROPER SEAL. EXTEND RAKE CLOSURE DOWNSLOPE FOR ATTACHMENT TO GUTTER.

WHEN BEGINNING GUTTER AND EAVE TRIM INSTALL LOCATE CORRECT POSITION OF **F341_** TRIM AND CLAMP / HOLD IN PLACE AND FASTEN TO WALL PANEL WITH FASTENER **MK. H1050.** DO NOT FASTEN TO ROOF PANEL AT THIS TIME.

FIELD COPE EAVE TRIM
EAVE TRIM **MK. F341_** HELD LEVEL TO FACE OF PANEL AND EXTENDED OUT PAST CORNER AND FIELD COPED AROUND CORNER ALLOWING FASTENING WITH **POP RIVETS MK. (H1100)** FIELD WORK REQURED FOR WEATHER TIGHTNESS.



GUTTER INSTALLATION WITH GUTTER CAP AND RAKE TRIM

MARK LOCATION OF RAKE CLOSURE **(F3444)** ON GUTTER FOR PLACEMENT OF GUTTER END CAP. THE GUTTER WILL EXTEND OUT TO BE FLUSH WITH WALL PANEL.

APPLY BEAD OF POLYURETHANE CAULK **(H3152)** TO THE GUTTER END CAP AND INSERT INTO THE END OF THE GUTTER. ENSURE THE GUTTER CAP IS IN-LINE WITH YOUR MARK FOR THE **F3444** RAKE CLOSURE AND FASTEN AS SHOWN.

FASTEN GUTTER ONTO LOW EAVE BY FOLLOW FASTENER QUANTITY AND LOCATION PER EAVE GUTTER DETAIL.

ERECTOR NOTE:
PART MARKS MAY CONTAIN A "- NUMBER" INDICATING ROOF SLOPE

ROOF PANEL THICKNESS	THROUGH FASTENER
2"	1132P999
2.5" / 3"	1140P999
4"	1148P999
5"	1156P999

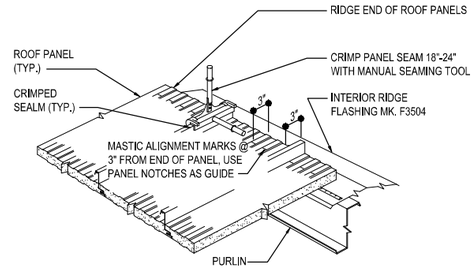
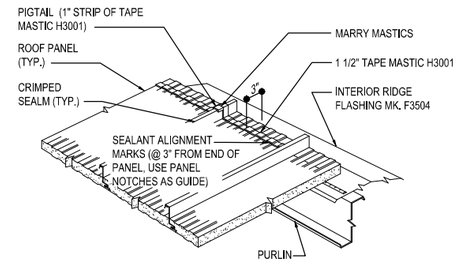
SHEET: D7 of 20

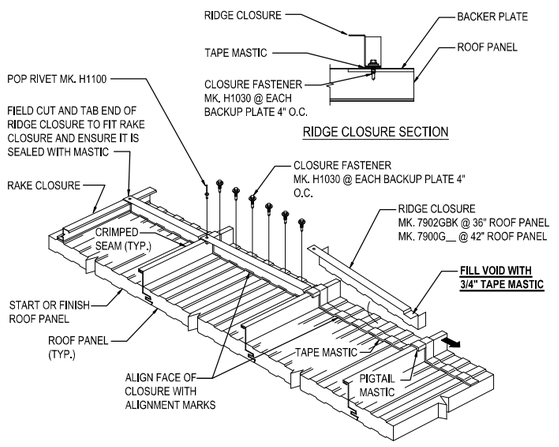
PRIOR TO INSTALLING THE INTERIOR RIDGE TRIM,
APPLY 3/8" BEAD OF BUTYL CAULK MK. H3151 ONTO RAKE ROOF ANGLE MK. MAR01



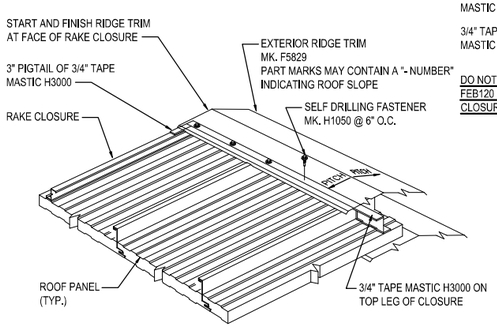
APPLY 3/8" CONTINUOUS BEAD OF BUTYL CAULK ALONG THE LENGTH OF THE INTERIOR RIDGE TRIM. MARRY TO THE BUTYL ALONG THE RAKE.



INSTALL INTERIOR RIDGE TRIM WITH POP RIVETS MK. 14 AS NEEDED INTO SECONDARY MEMBERS.

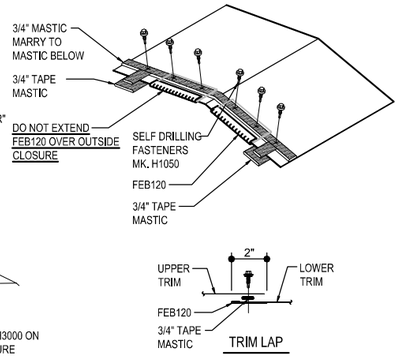


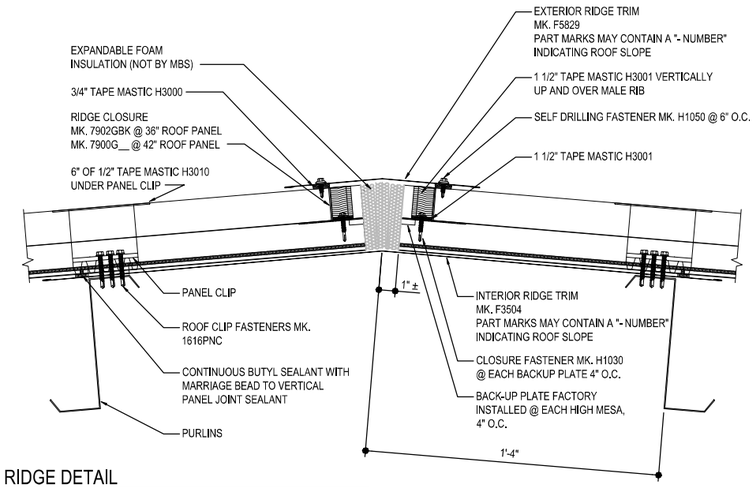
ONCE PANELS ARE INSTALLED, CRIMP PANEL SEAMS TO PREP FOR MASTIC AND RIDGE CLOSURE INSTALLATION.



INSTALL MASTICS
ENSURE 1 1/2" MASTIC H3001 ENCOMPASSES THE ENTIRE PROFILE OF EACH VERTICAL RIB

RIDGE CLOSURE INSTALLATION





EXTERIOR RIDGE FLASHING INSTALLATION
INSTALL 3/4" TAPE MASTIC H3000 ON TOP LEG OF CLOSURE PRIOR TO EXTERIOR RIDGE FLASHING BEING INSTALLED

RIDGE CAP LAP & FLASHING BACKER

SLIDE FIELD CUT SECTION FLASHING ENDLAP BACKER ONTO THE LOWER TRIM PIECE. PLACE TAPE MASTIC NEXT TO HEM OF THE BACKER (NOT ON TOP OF HEM). MARRY LAP MASTIC WITH MASTIC BETWEEN RIDGE CAP AND PANEL CLOSURE.

SHEET

D9 of 20

DESIGN AND PERFORMANCE CRITERIA

ROOF SYSTEM
THE ROOF SYSTEM CONSISTS OF 24 GAUGE PANELS WITH A NOMINAL COVERAGE OF 1'-4" AND A PANEL SEAM THAT IS 2 1/2" OR 3 1/2" HIGH DEPENDING ON CLIP TYPE USED. REFER TO THE DETAILS AND SECTIONS FOR SPECIFIC PANEL CLIP TYPE.

PANEL CLIP SPACING
THE ROOF SYSTEM USES A CLIP TO ATTACH THE PANELS TO THE ROOF SECONDARY MEMBERS. PANEL CLIP SPACING REQUIREMENTS AS A STANDARD ARE REQUIRED AT EVERY PURLIN AND/OR ROOF JOIST.

PANEL CLIP FASTENING REQUIREMENTS
STANDARD CLIP FASTENERS ARE DESIGNED TO FASTEN TO A STEEL STRUCTURAL MEMBER OF .060" MINIMUM THICKNESS (16 GA.). A MINIMUM OF TWO FASTENERS ARE REQUIRED TO ENGAGE THE STRUCTURAL MEMBER AT EVERY PANEL CLIP LOCATION. IN CERTAIN INSTANCES, THREE FASTENERS MAY BE REQUIRED PER CLIP REQUIRED. LOOK ON CHART AT RIGHT AND IN THE ERECTION DRAWINGS FOR YOUR SPECIFIC FASTENER REQUIREMENTS. FASTENER PULLOUT VALUES ARE DEPENDENT UPON PROJECT LOCATION, SIZE, BUILDING CODE AND LOADING.

ROOF TOP UNITS AND CURB SUPPORTS
THE ROOF SYSTEM IS ELEVATED ABOVE THE TOP OF THE ROOF SECONDARY STRUCTURAL MEMBERS. THE ROOF CURB SUB-FRAMING IS LEVEL WITH THE SECONDARY STRUCTURAL MEMBERS. REFER TO THE DETAILS FOR PROPER JAMB LOCATIONS AND DIMENSIONS.

THE ROOF SYSTEM IS DESIGNED AS A FLOATING SYSTEM. CURB FRAMING AND FLASHING MUST BE DESIGNED ACCORDINGLY TO ALLOW THE CURB SYSTEM TO FLOAT WITH THE ROOF DURING THERMAL EXPANSION AND CONTRACTION. ROOF CURBS SHALL NOT SPAN THE RIDGE OF A BUILDING.

INSULATION REQUIREMENTS
INSULATION IS RECOMMENDED TO BE USED IN ALL ROOF APPLICATIONS TO AVOID PROBLEMS WITH CONDENSATION FORMING ON THE UNDERSIDE OF THE SHEETING. THIS ALSO PROVIDES A BUFFER BETWEEN THE PURLINS AND THE ROOF TO ELIMINATE NOISE AND POSSIBLE DAMAGE DUE TO METAL-TO-METAL CONTACT. NOISE REDUCING FOAM TAPE CAN BE SUPPLIED FOR USE IN LIMITED APPLICATIONS (CANOPIES, ETC.) WHEN INCLUDED AS PART OF THE ROOF ORDER. REFER TO THE DETAILS FOR FOAM TAPE REQUIREMENTS.

PAINTED ROOF
PAINTED Loc Seam ROOF PANELS ARE OFTEN PROVIDED BY MBS. IN THIS CASE, GUTTER BRACKETS AND OUTSIDE CLOSURES WILL BE PAINTED TO MATCH THE ROOF COLOR AS A STANDARD.

MASTIC APPLICATION

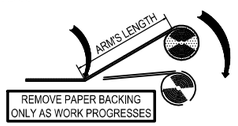
TEMPERATURE EXTREMES
TEMPERATURE EXTREMES MUST BE CONSIDERED DURING INSTALLATION OF THE ROOF DUE TO THE SENSITIVITY OF MASTICS. THE RECOMMENDED INSTALLATION TEMPERATURE RANGE IS 20-120 DEGREES FAHRENHEIT. AT COLDER TEMPERATURES, THE MASTIC STIFFENS RESULTING IN LOSS OF ADHESION AND COMPRESSIBILITY. AT HOTTER TEMPERATURES, THE MASTIC BECOMES TOO SOFT FOR PRACTICAL HANDLING. ON COLD BUT SUNNY DAYS, THE PANEL SURFACE MAY BECOME WARM ENOUGH TO ACCEPT THE APPLICATION OF HEATED MASTIC EVEN THOUGH THE AIR TEMPERATURE IS BELOW 20 DEGREES FAHRENHEIT.

WHEN OVERNIGHT TEMPERATURES FALL BELOW FREEZING, THE MASTIC SHOULD BE STORED IN A HEATED ROOM SO IT WILL BE WARM ENOUGH TO USE THE FOLLOWING DAY. ON HOT DAYS, THE MASTIC CARTONS SHOULD BE STORED OFF THE ROOF IN A COOL AND SHADED AREA. WHILE ON THE ROOF, MASTIC ROLLS SHOULD BE KEPT SHADED UNTIL ACTUAL USE.

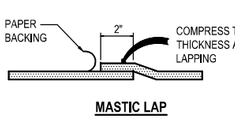
IN VERY COLD WEATHER, IT IS RECOMMENDED THAT THE FASTENERS BE TIGHTENED SLOWLY AND ONLY TIGHT ENOUGH THAT THE MASTIC IS IN FULL CONTACT WITH THE PANEL OR FLASHING. THEN ON THE NEXT SUNNY DAY, COMPLETE THE TIGHTENING PROCESS AFTER THE SUN WARMS THE PANEL AND FLASHING SURFACES.

CONTAMINATION
TO ASSURE PROPER ADHESION AND SEALING, THE MASTIC MUST HAVE COMPLETE CONTACT WITH ADJOINING SURFACES. CONTAMINANTS SUCH AS WATER OIL, DIRT AND DUST PREVENT SUCH CONTACT. THE PANEL AND FLASHING SURFACES MUST BE DRY AND THOROUGHLY CLEANED OF ALL CONTAMINANTS. BEFORE APPLYING TAPE MASTIC, THE MASTIC SHOULD BE CHECKED FOR CONTAMINANTS. IF THE MASTIC SURFACES ARE CONTAMINATED, IT MUST NOT BE USED.

DURING COOL WEATHER, CONDENSATION OR LIGHT MIST CAN ACCUMULATE ON THE PANEL AND FLASHING SURFACE AND NOT BE EASILY NOTICED. IT IS RECOMMENDED THAT THE MASTICS ALWAYS BE KEPT UNDER PROTECTIVE COVER AND THAT THE PANEL AND FLASHING SURFACES BE WIPED DRY IMMEDIATELY BEFORE INSTALLATION.



TAPE MASTIC IS PROVIDED WITH A PROTECTIVE PAPER TO REDUCE CONTAMINATION. INCOMPLETE REMOVAL OF THE PROTECTIVE PAPER WILL PREVENT THE MASTIC ADHESION TO THE PANEL OR FLASHING SURFACES. ALWAYS CHECK THAT THE PROTECTIVE PAPER IS COMPLETELY REMOVED. DO NOT REMOVE THE PROTECTIVE PAPER UNTIL IMMEDIATELY BEFORE THE PANEL OR FLASHING IS INSTALLED OVER THE MASTIC.



COMPRESSION
TO ASSURE PROPER COMPRESSION AND SEAL, THE TAPE MASTIC MUST BE COMPRESSED BETWEEN THE PANEL AND FLASHING SURFACES WITH FIRM AND UNIFORM PRESSURE. IN MOST CASES, THE REQUIRED PRESSURE IS APPLIED BY THE CLAMPING ACTION OF SCREWS PULLING THE ADJOINING SURFACES TOGETHER. HOWEVER, THE TAPE SEALANT'S RESISTANCE TO PRESSURE BECOMES GREATER IN COLD WEATHER.

DURING COLD WEATHER, THE FASTENERS MUST BE TIGHTENED SLOWLY TO ALLOW THE MASTIC TIME TO COMPRESS. IF THE FASTENERS ARE TIGHTENED TOO FAST, THE FASTENERS MAY STRIP OUT BEFORE THE MASTIC COMPRESSES ADEQUATELY, OR THE PANEL OR FLASHING MAY DEFORM IN THE IMMEDIATE AREA OF THE FASTENER, LEAVING THE REST OF THE MASTIC INSUFFICIENTLY COMPRESSED.

INSIDE CORNERS
AN INSIDE RADIUS, SUCH AS WHERE THE PANEL FLAT MEETS A RIB, IS USUALLY THE MOST CRITICAL AREA TO SEAL. A COMMON MISTAKE FOR THE INSTALLER IS TO BRIDGE THE MASTIC ACROSS THE INSIDE RADIUS.

WHEN THE LAPPING PANEL OR FLASHING IS PUSHED INTO PLACE, THE BRIDGED MASTIC IS STRETCHED AND THINNED. THE MASTIC MAY THEN BE TOO THIN TO ADEQUATELY SEAL THIS CRITICAL AREA. WHEN TAPE MASTIC IS APPLIED AT AN INSIDE RADIUS, IT IS RECOMMENDED THAT THE MASTIC BE FOLDED BACK, THEN PUSH THE MASTIC FOLD INTO THE RADIUS.

MASTIC LAP

ERECTORS RESPONSIBILITY

REGULATIONS
REGULATIONS SET FORTH BY THE OCCUPATIONAL SAFETY AND HEALTH ACT, LOCAL, STATE, AND/OR FEDERAL AGENCIES SHOULD BE ADHERED TO AT ALL TIMES. MBS IS NOT RESPONSIBLE FOR INJURY, DAMAGE, OR FAILURE, WHICH MAY BE THE RESULT FROM FAILING TO MEET ANY OF THESE REGULATIONS.

IN COMPLIANCE WITH THE HAZARD COMMUNICATION RULE 1910:1200, MATERIAL SAFETY DATA SHEETS (MSDS) HAVE BEEN PROVIDED FOR YOUR USE AND SAFETY. THESE DATA SHEETS SHOULD BE MADE AVAILABLE TO ALL PERSONNEL THAT COME IN CONTACT WITH THESE PRODUCTS. THESE DATA SHEETS WILL GIVE YOU THE NECESSARY INFORMATION TO PROPERLY HANDLE SUCH MATERIALS AND WHAT TO DO IN CASE OF AN EMERGENCY. (THE MSDS SHEETS ARE LOCATED ONLINE AND ARE AVAILABLE UPON REQUEST).

THE ERECTOR OF THE ROOF SYSTEM IS RESPONSIBLE FOR THE SAFE EXECUTION OF THIS DETAIL. THESE INSTRUCTIONS ARE INTENDED TO DESCRIBE THE SEQUENCE AND PROPER PLACEMENT OF PARTS. THEY ARE NOT INTENDED TO PRESCRIBE COMPREHENSIVE SAFETY PROCEDURES. THE PROCEDURES IN THIS DETAIL ARE BELIEVED TO BE RELIABLE. HOWEVER, MBS SHALL NOT BE RESPONSIBLE FOR INJURY, DAMAGE, OR FAILURE DUE TO THE MISAPPLICATION OF THESE PROCEDURES, IMPROPER ERECTION TECHNIQUES, OR NEGLIGENCE

WALKING AND WORKING ON ROOF PANELS
DO NOT PLACE BUNDLES OF PANELS ON THE ROOF STRUCTURE WITHOUT FIRST VERIFYING THE STRUCTURE WILL SAFELY SUPPORT THE CONCENTRATED WEIGHT OF THE PANELS AND THE WEIGHT OF THE INSTALLATION CREW. SOME ROOF STRUCTURES MAY NOT BE DESIGNED TO SUPPORT THE WEIGHT OF A FULL PANEL BUNDLE WITHOUT ADDITIONAL STRUCTURE SUPPORT.

DO NOT USE A ROOF PANEL AS A WORKING PLATFORM. AN UNSECURED PANEL COULD COLLAPSE UNDER THE WEIGHT OF A PERSON STANDING BETWEEN PURLINS OR AT THE PANEL END.

DO NOT WALK ON THE LAST INSTALLED PANEL RUN, AS THE UNSECURED EDGE COULD COLLAPSE UNDER A PERSON'S WEIGHT. WHEN INSTALLING CLIPS OR MAKING END LAP CONNECTIONS, ETC., STAND WHERE THE ROOF STRUCTURAL WILL SUPPORT YOUR WEIGHT.

AN APPROVED AND SAFE WALKING PLATFORM SHOULD BE USED IN HIGH TRAFFIC AREAS TO PREVENT THE ROOF PANEL FROM BEING DEFORMED, SCRATCHED, OR SCUFFED.

SAFETY EQUIPMENT
THE USE OF SAFETY EQUIPMENT FOR THE ROOF PANEL INSTALLATION IS RECOMMENDED AT ALL TIMES DURING THE INSTALLATION PROCESS. HOWEVER, WHEN USING LANYARDS, ENSURE THAT THE CLASP, BELT HOOKS AND WIRE CABLES ARE COVERED IN SUCH A MANNER THAT THEY WILL NOT SCRATCH THE PANEL SURFACE IF ACCIDENTALLY DRAGGED ALONG THE PANEL.

CREW SIZE
THE LENGTH OF THE INDIVIDUAL ROOF PANELS SHOULD BE CONSIDERED WHEN DETERMINING CREW SIZE. IT IS RECOMMENDED THAT UNDER NORMAL CONDITIONS, THERE BE ONE PERSON FOR EVERY TEN FEET OF PANEL LENGTH, PLUS ONE.

PANEL OVERHANG
DO NOT STAND ON THE END OF UNSUPPORTED (CANTILEVERED) PANELS AT THE EAVE OR RIDGE. STANDING ON THE CANTILEVER PORTION MAY RESULT IN PANEL COLLAPSE.

POINT LOADS
WHEN PROPERLY SUPPORTED BY THE STRUCTURAL STEEL, PANELS ARE DESIGNED TO SUPPORT UNIFORM LOADS, WHICH ARE EVENLY DISTRIBUTED OVER THE PANEL SURFACES. POINT LOADS THAT OCCUR IN SMALL OR CONCENTRATED AREAS, SUCH AS HEAVY EQUIPMENT, LADDER, OR PLATFORM FEET, ETC., MAY CAUSE PANEL DEFORMATION OR EVEN PANEL COLLAPSE.

SLICK SURFACES
PANEL SURFACES AND STRUCTURAL STEEL SURFACES ARE HARD, SMOOTH, AND NONABSORBENT, WHICH CAUSES THESE SURFACES TO BE VERY SLICK WHEN WET OR COVERED WITH SNOW OR ICE. EVEN BLOWING SAND OR HEAVY DUST CAN MAKE THESE SURFACES DIFFICULT TO WALK ON WITHOUT SLIPPING.

UNPAINTED PANEL SURFACES ARE OFTEN COATED WITH OIL TO ACCOMMODATE THE PANEL-FABRICATION PROCESS. ALTHOUGH DESIGNED TO WASH AWAY OR EVAPORATE DURING NORMAL WEATHER, THE OIL ON NEW PANELS CAN BE EXTREMELY SLICK, ESPECIALLY DURING PERIODS OF LIGHT RAIN AND DEW.
CAUTION MUST BE EXERCISED TO PREVENT SLIPPING AND FALLING ONTO THE ROOF SURFACE OR EVEN SLIDING OFF THE ROOF. NON-SLIP FOOTWEAR IS A NECESSITY AND NON-SLIP WORKING PLATFORMS ARE RECOMMENDED.

ELECTRICAL CONDUCTANCE
METAL PANELS ARE EXCELLENT ELECTRICAL CONDUCTORS. A COMMON CAUSE OF INJURY IS THE CONTACT OF METAL PANELS WITH POWER LINES DURING HANDLING AND INSTALLATION. THE LOCATION OF ALL POWER LINES MUST BE NOTED AND, IF POSSIBLE, FLAGGED. THE INSTALLATION PROCESS MUST BE ROUTED TO AVOID ACCIDENTAL CONTACT WITH ALL POWER LINES AND HIGH VOLTAGE SERVICES AND EQUIPMENT. ALL TOOLS AND POWER CORDS MUST BE PROPERLY INSULATED AND GROUNDED AND THE USE OF APPROVED GROUND FAULT CIRCUIT BREAKERS IS RECOMMENDED.

FALSE SECURITY OF INSULATION
BLANKET AND RIGID BOARD INSULATION BLOCK THE INSTALLER'S VIEW OF THE GROUND BELOW THE ROOF. SERIOUS INJURY CAN OCCUR WHEN THE INSTALLER GETS A FALSE SENSE OF SECURITY BECAUSE HE CANNOT SEE THE GROUND AND STEPS THROUGH THE INSULATION.

SHARP EDGES
SOME EDGES OR PANELS AND FLASHING ARE RAZOR SHARP AND CAN CAUSE SEVERE CUTS IF PROPER PROTECTIVE HAND GEAR IS NOT WORN. BE CAREFUL NOT TO INJURE OTHERS WHILE MOVING PANELS AND FLASHING.

COORDINATION WITH OTHER TRADES
SUPPORTS FOR THE ROOF SYSTEM SHALL BE PROVIDED AND ARE REQUIRED AS SHOWN IN THE SECTIONS AND AS NOTED IN THESE SPECIFICATIONS. ALL NECESSARY CLEARANCE DIMENSIONS FOR PROPER ELEVATIONS RELATIVE TO THE ROOF PANELS HAVE BEEN SHOWN. THE ERECTOR SHALL BE RESPONSIBLE FOR COORDINATING THESE DIMENSIONAL REQUIREMENTS WITH OTHER TRADES ASSOCIATED WITH THE BUILDING ROOF SYSTEM.

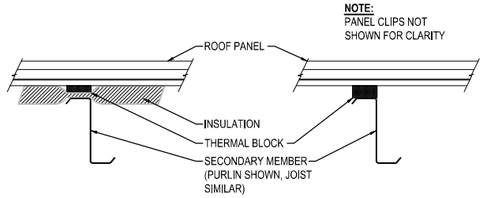
ERECTION CARE
THE ERECTOR MUST BE SKILLED IN THE ERECTION OF METAL BUILDING SYSTEMS AND IS RESPONSIBLE FOR COMPLYING WITH ALL APPLICABLE LOCAL, FEDERAL AND STATE CONSTRUCTION AND SAFETY REGULATIONS INCLUDING OSHA REGULATIONS AS WELL AS ANY APPLICABLE REQUIREMENTS OF LOCAL, NATIONAL OR INTERNATIONAL UNION RULES OR PRACTICES. THE ERECTOR REMAINS SOLELY RESPONSIBLE FOR THE SAFETY AND APPROPRIATENESS OF ALL TECHNIQUES AND METHODS UTILIZED BY ITS CREWS IN THE ERECTION OF THE METAL BUILDING SYSTEM AND/OR THE ROOF SYSTEM. THE ERECTOR IS ALSO RESPONSIBLE FOR SUPPLYING ANY SAFETY DEVICES SUCH AS SCAFFOLDS, RUNWAYS, NETS, ETC. WHICH MAY BE REQUIRED TO SAFELY ERECT THE METAL BUILDING SYSTEM AND/OR ROOF SYSTEM.

THE ERECTOR OF THE ROOF SYSTEM SHALL EXERCISE GREAT CARE AND ATTENTION TO THE DETAILS AS SHOWN ON THESE DRAWINGS TO INSURE A SECURE AND PROPER FIT OF ALL COMPONENTS. MBS SHALL NOT BE RESPONSIBLE FOR SUPERVISING AND/OR COORDINATING THE ERECTION OF THE ROOF SYSTEM WITH OTHER TRADES.

DUE CONSIDERATION MUST BE GIVEN BY THE ERECTOR TO THE EFFECTS OF THERMAL EXPANSION AND CONTRACTION WHEN ERECTING A ROOF TIE-IN TO AN EXISTING STRUCTURE TO INSURE A SAFE, SECURE, WEATHER TIGHT CONDITION. FLASHING FOR TIE-INS TO EXISTING BUILDINGS IS TYPICALLY NOT INCLUDED AS PART OF THE MATERIAL PROVIDED BY MBS. REFER TO THE SECTIONS/DETAILS FOR SPECIFIC MATERIALS PROVIDED BY MBS.

THERMAL BLOCKS

PURPOSE
THERMAL BLOCKS ARE USED IN BOTH INSULATED AND UN-INSULATED CONDITIONS. THEY PROVIDE IMPROVED THERMAL PERFORMANCE WERE INSULATION HAS BEEN COMPRESSED AT THE SECONDARY MEMBERS UNDER THE PANEL. THEY ALSO PROVIDE SUPPORT TO THE PANEL AND REDUCE PANEL FLUTTERING AND RUMBLE IN UN-INSULATED CONDITIONS. UN-INSULATED CONDITIONS UTILIZE THERMAL BLOCKS OR FOAM SPACERS THAT HAVE ADHESIVE TO ADHERE TO THE SECONDARY MEMBER TO PREVENT THEM FROM FALLING OUT OF PLACE.



LOCATIONS
THERMAL BLOCKS OR FOAM SPACERS ARE TO BE USED OVER ANY SECONDARY MEMBER WITH THE EXCEPTION OF THE EAVE MEMBER WHERE THE EAVE PLATE IS LOCATED.

INSULATED ROOF

INSULATION		BLOCK		
R_	THICK	MK #	THICK	CLIP
R7	2"	N/A	N/A	SHORT
R10	3 3/8"	N/A	N/A	SHORT
R11	3 3/4"	N/A	N/A	SHORT
R13	4 3/8"	N/A	N/A	SHORT
R13	4 3/8"	H4400	13/16"	TALL
R16	5 1/4"	H4400	13/16"	TALL
R19	6 3/8"	H4400	13/16"	TALL
R25	8"	H4400	13/16"	TALL

UN-INSULATED ROOF

BLOCK		
MK #	THICK	CLIP
H3310	1/2"	SHORT
H3305	1 1/2"	TALL
FIELD CUT H3305 TO LENGTH FOR PROPER FITTING BETWEEN PANEL CLIPS		

ROOF SYSTEM COMPONENT WITH DETAILING

DEFINITION
COMPONENTS WITH DETAILING DEFINITION IS A CASE WHERE MBS IS PROVIDING THE ROOF SYSTEM TO BE USED IN CONJUNCTION WITH ANOTHER STRUCTURE. MBS REFERS TO THAT AS A "COMPONENTS WITH DETAILING." THIS SIMPLY MEANS THAT MBS SHALL CALCULATE THE QUANTITIES AND LENGTHS FOR THE MATERIAL REQUIRED. MBS IS PERFORMING NO ENGINEERING STUDY OF THE EXISTING STRUCTURE. THE ENGINEER OF RECORD ON THE PROJECT SHALL BE RESPONSIBLE FOR COORDINATING THE ROOF SYSTEM WITH THE OTHER TRADES OF THE PROJECT TO INSURE A SAFE, QUALITY AND PROPER APPLICATION OF THE ROOF SYSTEM.

DIAPHRAGM
THE ROOF IS DESIGNED TO ACCOMMODATE THERMAL EXPANSION AND CONTRACTION AND WILL NOT ACT AS A DIAPHRAGM FOR RESISTING LATERAL LOAD FORCES OR PROVIDING LATERAL STABILITY TO THE ROOF STRUCTURAL MEMBERS. DUE CONSIDERATION FOR THIS MUST BE ADDRESSED BY THE PROJECT ENGINEER OF RECORD. IN ADDITION, THE ROOF SYSTEM, BECAUSE IT IS DESIGNED TO FLOAT, WILL NOT SUPPORT STRUCTURAL MEMBERS LATERALLY. WHEN REPLACING AN EXISTING SCREW DOWN ROOF, ADDITIONAL BRACING MAY BE REQUIRED TO LATERALLY SUPPORT THE MEMBERS. ENGINEERING AND MATERIAL FOR THESE USES SHALL NOT BE PROVIDED BY MBS.

BUILDING & PANEL PREPARATION

STEP 1: PLUMB AND SQUARE
THE FIRST STEP IN THE SUCCESSFUL INSTALLATION OF WALL PANELS IS TO HAVE THE PRIMARY FRAMING PLUMB AND SQUARE. FOR BEST RESULTS, IT IS RECOMMENDED THAT A TRANSIT BE USED WHEN ERECTING THE STRUCTURAL STEEL. MAKE SURE THAT THE FOUNDATION AND BUILDING STRUCTURE IS SQUARE, LEVEL, AND CORRECT TO THE OUT-TO-OUT STEEL LINE DIMENSIONS.
SEE FIGURE "A"

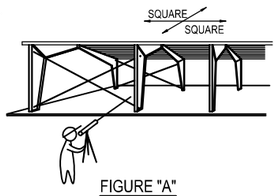


FIGURE "A"

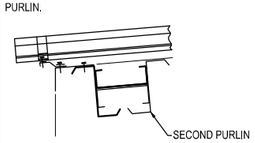
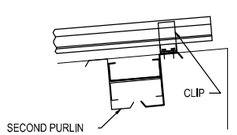


FIELD CUTTING PANELS

WHEN FIELD CUTTING OR MITERING WALL PANELS, NON-ABRASIVE CUTTING TOOLS SUCH AS NIBBLERS OR TIN-SNIPS SHALL BE USED. ABRASIVE CUTTING TOOLS SUCH AS MECHANICAL GRINDERS OR POWER SAWS CAN DAMAGE THE MATERIAL FINISH AND CREATE EXCESS METAL SHAVINGS THAT CAN CORRODE THE PANELS. THE USE OF NON-APPROVED CUTTING DEVICES MAY VOID THE FACTORY WARRANTY.



ANY METAL SHAVINGS THAT ARE CREATED NEED TO BE CLEANED FROM THE PANEL TO PREVENT SCRATCHING AND/OR CORROSION. THE MANUFACTURER WILL NOT ACCEPT CLAIMS FOR DAMAGE/DETERIORATION DUE TO USE OF UNAPPROVED TOOLS.

SPECIAL CONDITION AT A STRONG-BACK EAVE BEAM

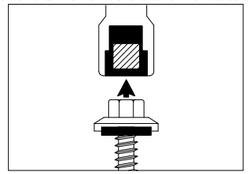
IF THIS PROJECT HAS AN EAVE BEAM WITH (2) PURLINS, AS SHOWN, DO NOT ATTACH ROOF CLIPS TO THE "SECOND" PURLIN.

EAVE BEAM AT LOW EAVE

EAVE BEAM AT HIGH EAVE

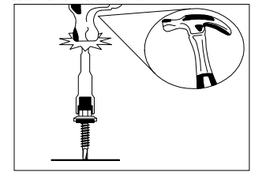
FASTENER INSTALLATION

RECOMMENDED TOOL TYPES: SEE ALSO FASTENER SCHEDULE
4 AMP OR HIGHER RATED TOOLS (DO NOT USE IMPACTING TOOLS)
2000 - 2500 RPM SCREW GUN WITH TORQUE ADJUSTABLE CLUTCH
MANUAL OR ELECTRIC RIVET TOOL



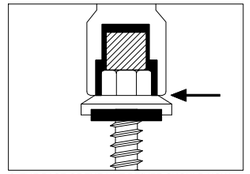
DO NOT USE IMPACTING TOOLS
TO ASSURE PROPER VOLTAGE TO THE TOOL, EXTENSION CORDS SHOULD BE CHECKED FOR PROPER WIRE SIZE/CHORD LENGTH.
16 GAGE WIRE, MAXIMUM CHORD LENGTH = 100'
14 GAGE WIRE, MAXIMUM CHORD LENGTH = 200'
12 GAGE WIRE, MAXIMUM CHORD LENGTH = 300'

DRIVING TIPS:
SET THE NUT DRIVER AS DESCRIBED BELOW PRIOR TO INSTALLING FASTENERS TO PREVENT FASTENER WOBBLE...

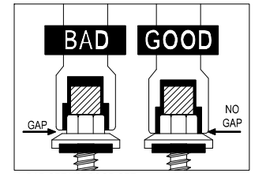


SOCKET EXTENSIONS (4" OR 6") ARE RECOMMENDED TO BE USED FOR INSTALLING PANEL CLIP FASTENERS TO MAINTAIN VERTICAL FASTENER INSTALLATION.

EXCESSIVE PRESSURE CAN CAUSE DRILL POINT FAILURE. LET THE FASTENER DO THE WORK.



DO NOT OVER TIGHTEN FASTENERS AS THIS WILL LEAD TO PANEL DIMPLING AND DISTORTION.



1. PUT THE TOP OF THE FASTENER INTO THE NUT DRIVER. NOTE: FOR PAINTED FASTENERS, PLACE A SINGLE OR DOUBLED LAYER OF PLASTIC BETWEEN THE FASTENER HEAD AND THE NUT DRIVER.

2. PLACE THE POINT OF THE FASTENER ONTO A HARD SURFACE AND FIRMLY HIT THE TOP OF THE NUT DRIVER 2-3 TIMES.

3. THE BASE OF THE NUT DRIVER SHOULD NOW BE CONTACTING THE TOP OF THE HEAD OF THE FASTENER WITH NO GAPS.

4. BAD SET VS. GOOD SET.

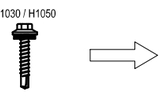
CORRECT

SEALING MATERIAL COMPRESSED UNDER CAP OF FASTENER.

TOO LOOSE

SEALING MATERIAL VISIBLE UNDER CAP OF FASTENER.

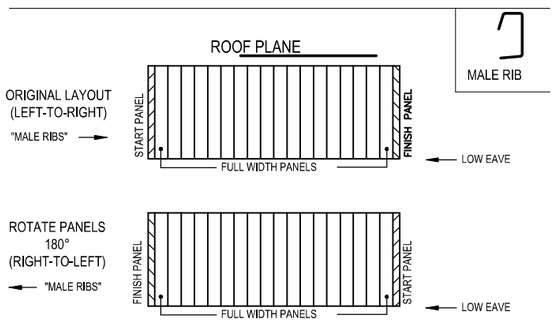
TOO TIGHT



SEALING MATERIAL COMPRESSED BUT DIMPLED THE PANEL / TRIM.

STRIP A FASTENER?

IF YOU STRIP H1030 OR H1050 REPLACE IT WITH H1000



IF YOU STRIP H1000 IN ENDLAP YOU MUST REBUILD THE ENDLAP

ROOF SHEETING DIRECTION

1.) THE ROOF SHEETING PLAN IS SHOWN WITH THE ROOF PANELS BEING ERECTED FROM "LEFT-TO-RIGHT". IF THE DESIRE IS TO ERECT THE ROOF PANELS FROM "LEFT-TO-RIGHT", FOLLOW THE ROOF SHEETING PLAN AS SHOWN. IF THE DESIRE IS TO ERECT THE ROOF PANELS FROM "RIGHT-TO-LEFT", FOLLOW THE INSTRUCTIONS SHOWN BELOW.

2.) WHEN SETTING BUNDLES OF PANELS ON THE ROOF, THE "MALE RIB" MUST ALWAYS BE AWAY FROM THE END OF THE BUILDING WHERE THE SHEETING WILL BEGIN.

Loc Seam NOTES
EAVE GUTTER DETAIL w/ WALL PANELS
SEE WALL SHEETING ERECTION NOTES FOR WALL PANEL FASTENER LOCATIONS

RUSSELL R. SKEEN — PROFESSIONAL ENGINEER — STATE OF UTAH — 07/31/2023 — Exp. Jun 30, 2024 — CIVIL/STRUCTURAL — 016713

This set contains only the materials designed, detailed, manufactured by Nucor Building Systems, a division of Nucor Corporation. The drawings and the information included herein are the product of Nucor Building Systems and are not to be used in any form on other projects without the express written consent of Nucor Building Systems. A registered professional engineer employed by Nucor Building Systems does not serve as and shall not be construed as such.

SHEET: D10 of 20

BASIC INSTALLATION SEQUENCE

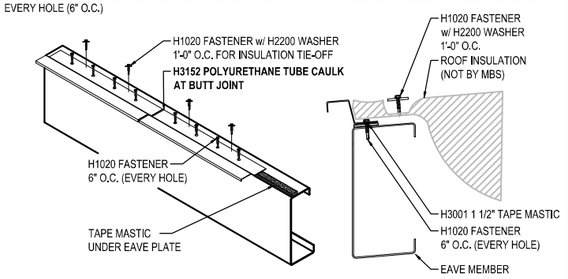
THE FOLLOWING STEPS OUTLINE THE BASIC INSTALLATION OF THE ROOF SYSTEM. REFERENCE THE SPECIFIC DETAILS WITHIN THIS ERECTION DRAWING SET FOR CONDITIONS SPECIFIC TO THIS PROJECT.

START PANEL PREPARATION
THE ROOF SYSTEM IS DESIGNED TO BE ELEVATED AND FLOAT ABOVE THE ROOF SUPPORT MEMBERS. BEGIN AT THE LOWER RAKE CORNER BY INSTALLING THE EAVE PLATE. (REFERENCE EAVE PLATE INSTALLATION BELOW)

AFTER EAVE PLATE HAS BEEN INSTALLED, STITCH THE FIRST ROLL OF ROOF INSULATION FROM RIDGE / HIGH EAVE TO LOW EAVE.

INSTALL THE RAKE CLIPS AND RAKE ANGLE TO SUPPORT / SECURE THE START PANEL. (REFERENCE RAKE ANGLE / RAKE CLIP PREPARATION TO THE RIGHT)

FIELD CUT AND INSTALL START PANEL
THE START PANEL IS SUPPLIED AS A FULL SHEET AND WILL NEED TO BE CUT. REFER TO THE ROOF SHEETING PLAN FOR START / FINISH DIMENSIONS AND RAKE DETAILS TO DETERMINE PROPER PANEL CUT. INSTALL THE START PANEL (LOW EAVE PANEL FIRST IF PANEL RUN IS LONG ENOUGH TO REQUIRE ENDLAPS) BY SECURING THE PANEL TO THE EAVE PLATE AND RAKE ANGLE. (REFERENCE LOW EAVE AND RAKE DETAILS). INSTALL PANEL CLIPS ON LEADING EDGE OF PANEL AS SHOWN IN THE PANEL CLIP DETAIL. CONTINUE TO INSTALL UPSLOPE START PANEL IF ENDLAPS ARE REQUIRED. REFERENCE THE BACKUP PLATE DETAIL AND ENDLAP DETAIL FOR ATTACHMENT OF START PANEL(S) AT RAKE ANGLE.



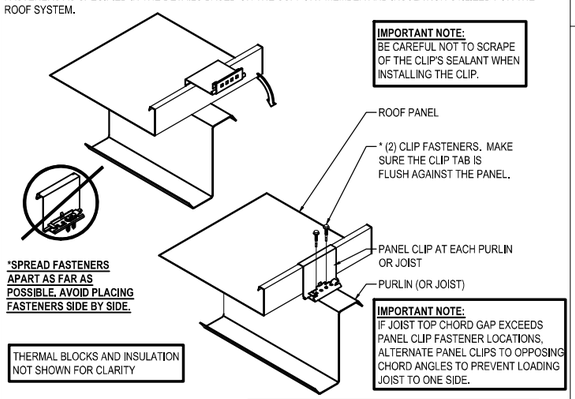
INTERMEDIATE PANEL & MODULARITY
THE INTERMEDIATE PANELS (FULL PANELS) SHOULD BE INSTALLED BY ROLLING THE PANEL INTO PLACE ENSURING THE SEAM IS FULLY ENGAGED. SECURE THE PANELS WITH PANEL CLIPS AND THE LOW EAVE ACROSS THE ROOF. IT IS RECOMMENDED TO INSTALL THE OUTSIDE CLOSURE AT THE HIGH EAVE / RIDGE AS THE ROOF PROGRESSES. THIS WILL HELP MAINTAIN MODULARITY. (REFERENCE HIGH EAVE / RIDGE DETAILS)

FINISH PANEL
THE FINISH PANEL IS SIMILAR TO THE START PANEL INSTALLATION. THE RAKE ANGLE CLIPS AND RAKE ANGLE NEEDS TO BE INSTALLED ON TOP OF THE INSULATION PRIOR TO INSTALLING THE FINISH PANEL. THE FINISH PANEL SHOULD BE FIELD CUT AND ROLLED INTO PLACE AND SECURED TO THE RAKE ANGLE SIMILAR TO THE START PANEL.

TRIM INSTALLATION
TRIM INSTALLATION CAN BE DONE AFTER THE ROOF PANELS ALL HAVE BEEN INSTALLED OR CAN BE INSTALLED AS ENOUGH PANELS HAVE BEEN INSTALLED FOR ATTACHMENT OF TRIMS. (REFERENCE TRIM DETAILS)

EAVE PLATE INSTALLATION

PLACE TAPE MASTIC ON TOP OF EAVE MEMBER PRIOR TO INSTALLING EAVE PLATE. INSTALL EAVE PLATE BY FASTENING EVERY HOLE TO EAVE MEMBER (6" O.C.) PRIOR TO INSULATION BEING INSTALLED. SECURE INSULATION WITH FASTENER & INSULATION RETAINER WASHER. NOTE: IF NO ROOF INSULATION IS USED SECURE EAVE PLATE IN EVERY HOLE (6" O.C.)



NOTE: H1020/H1070 (PURLIN/JOIST) FASTENER w/ H2200 WASHER
1'-0" O.C. FOR INSULATION TIE-OFF PROVIDED AT HIGH SIDE / RIDGE

SHORT EAVE PLATE		TALL EAVE PLATE	
EPS108	BASIC EAVE / GUTTER	EPT108	BASIC EAVE / GUTTER

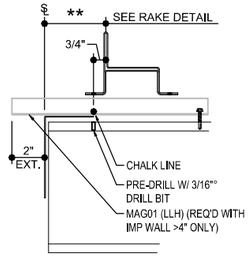
PANEL CLIP INSTALLATION

BEFORE INSTALLING THE PANEL CLIP, FEEL FOR THE SUPPORT MEMBER BELOW THE INSULATION. ALIGN CLIP CENTERED OVER THE SUPPORT MEMBER AND ROLL CLIP OVER THE MALE HOOK OF THE PANEL. FASTEN CLIP WITH FASTENERS AS SPECIFIED IN THE DETAILS BASED ON THE SUPPORT MEMBER AND INSULATION UTILIZED FOR THE ROOF SYSTEM.

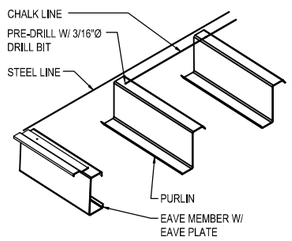
STANDARD CLIPS	
PART #	PART DESCRIPTION
H4550	UTILITY FIXED CLIP
LSBC-1	SHORT BEARING CLIP (USED WITH RIGID BOARD)
LSEC-1	SHORT SLIDING CLIP
LSEC-2T	TALL SLIDING CLIP

CLIP FASTENER SELECTION

PURLIN APPLICATION
H1020 FOR INSULATION ≤ R-19 (6 3/8")
H1025 FOR INSULATION = R-25 (8")
H1220 FOR UTILITY CLIP



JOIST APPLICATION
H1070 FOR INSULATION ≤ R-19 (6 3/8")
H1075 FOR INSULATION = R-25 (8")

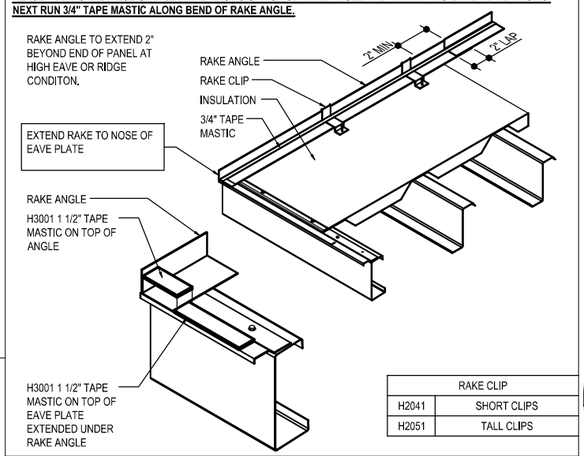


RAKE ANGLE / RAKE CLIP PREPARATION

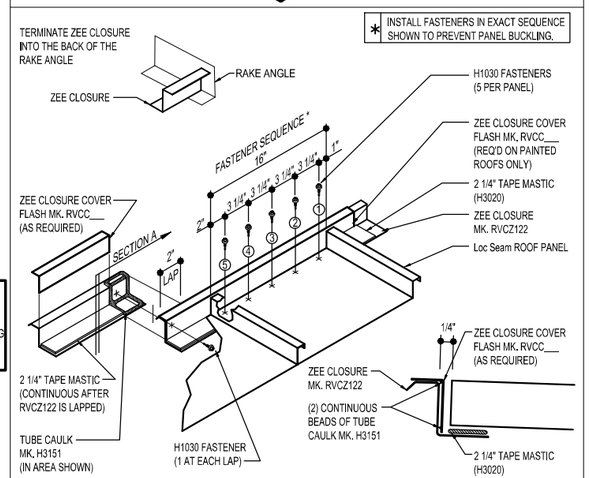
PRIOR TO INSTALLING THE ROOF INSULATION THE SECONDARY MEMBER WILL NEED TO BE PRE-DRILLED FOR THE RAKE CLIPS. PRE-DRILLING WILL MAKE INSTALLATION OF THE RAKE AND CLIPS MUCH EASIER AFTER INSULATION IS IN PLACE. DO NOT INSTALL RAKE CLIPS UNTIL INSULATION (IF REQUIRED) IS INSTALLED. **RAKE CLIP IS INSTALLED ON TOP OF THE INSULATION.**

SNAP A CHALK LINE AS SHOWN BELOW FROM HIGH EAVE / RIDGE TO LOW EAVE. DRILL 3/16" Ø HOLE CENTERED ON SECONDARY MEMBER. THIS IS HELPS TO ALIGN THE START PANEL.

NOTE: IMP WALL PANEL >4" THICK REQUIRE ANGLES ON TOP OF SECONDARY MEMBER EXTENDED BEYOND STEEL LINE TO ALLOW FOR RAKE CLIP ATTACHMENT. ATTACH WITH (1) H1020 / H1070 TO PURLIN / JOIST PRIOR TO RAKE CLIP INSTALLATION.



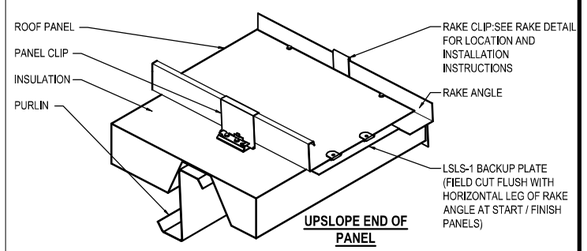
RAKE ANGLE / RAKE CLIP INSTALLATION



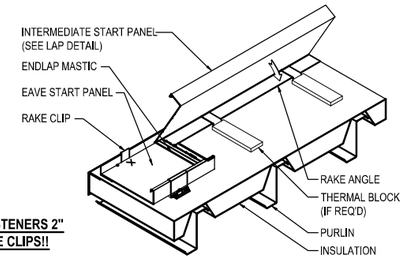
AFTER INSULATION IS IN PLACE AND PRIOR TO INSTALLING THE RAKE CLIPS AND RAKE ANGLE APPLY 1 1/2" TAPE MASTIC ON TOP OF THE EAVE PLATE BUT ONLY REMOVE PAPER BACKING WHERE THE RAKE ANGLE WILL REST. THIS WILL SEAL BETWEEN THE EAVE PLATE AND THE RAKE ANGLE.

SLIDE RAKE CLIPS ONTO RAKE ANGLE PRIOR TO SECURING THE RAKE CLIPS TO THE SECONDARY MEMBERS. PLACE THE RAKE CLIPS AND ANGLE OVER THE INSULATION USING A SMALL DRIFT PIN TO LOCATE THE PRE-DRILLED HOLE. INSTALL FASTENER THROUGH OPPOSITE CLIP HOLE INTO SECONDARY MEMBER. REMOVE DRIFT PIN AND INSTALL SECOND FASTENER TO SECURE CLIP. NOTE: (2) SCREWS ARE REQUIRED IN EVERY CLIP. DO NOT CUT INSULATION OUT FROM AROUND THE CLIP.

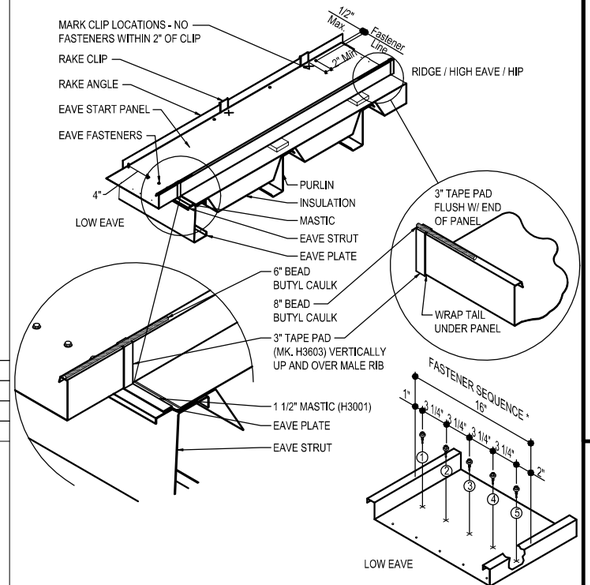
PLACE ADDITIONAL PIECE OF 1 1/2" TAPE MASTIC ON TOP OF RAKE ANGLE AND MARRY INTO EAVE PLATE MASTIC. NEXT RUN 3/4" TAPE MASTIC ALONG BEND OF RAKE ANGLE.



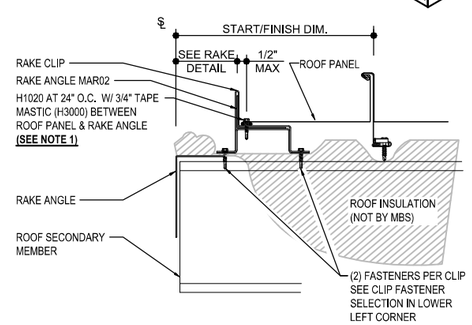
RAKE CLIP	
H2041	SHORT CLIPS
H2051	TALL CLIPS



RIDGE/HIGHSIDE ZEE CLOSURE DETAIL



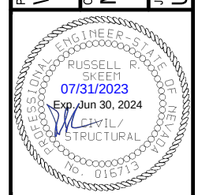
BACKUP PLATE INSTALLATION



THE BACKUP PLATE PROVIDES SUPPORT AT THE ENDLAP OF THE PANEL TO ALLOW FOR COMPRESSION OF SEALANTS. THE BACK UP PLATE HAS NOTCHES THAT SLIDE ONTO THE PANEL TO LOCATE AND HOLD THE BACKUP PLATE IN PLACE. AT THE RAKE CONDITION, THE BACKUP PLATE IS TO BE FIELD CUT FLUSH WITH THE HORIZONTAL LEG OF THE RAKE ANGLE. DO NOT EXTEND BACKUP PLATE ON TOP OF RAKE ANGLE.

NOTE 1: KEEP FASTENERS 2" AWAY FROM RAKE CLIPS!!

LOC SEAM BASIC INSTALLATION DETAIL



BASIC PANEL INSTALLATION INSTRUCTIONS
SEE ROOFLINE TRIM DETAILS FOR FURTHER INFORMATION

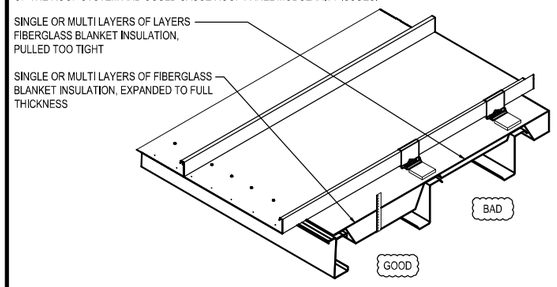
SHEET TITLE

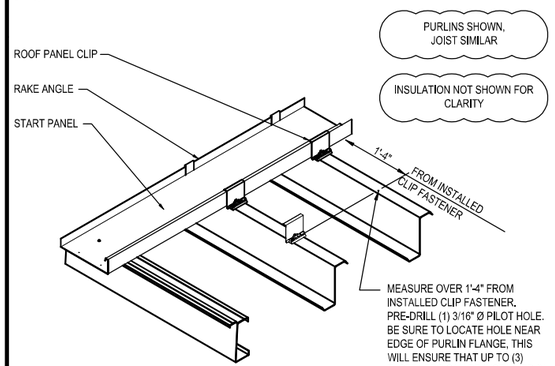
This set of plans and/or the materials described herein prepared by Nucor Building Systems, a division of Nucor Corporation, the drawings and the technical data contained therein are the product of Nucor Building Systems and cannot be reproduced or used in any way by anyone other than Nucor Building Systems who is employed by Nucor Building Systems and does not serve as the registered professional engineer of record and shall not be construed as such.

SHEET
D11 of 20



PANEL MODULARITY SEQUENCE

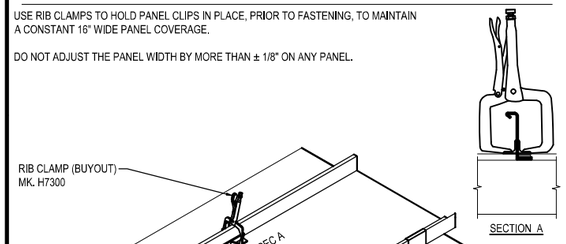
THE PROCEDURES AND SEQUENCE SHOWN ARE RECOMMENDED TO AID IN MAINTAINING PANEL MODULARITY.
THE TOOLS SHOWN ARE NOT REQUIRED BUT RECOMMENDED TO AID INSTALLATION.



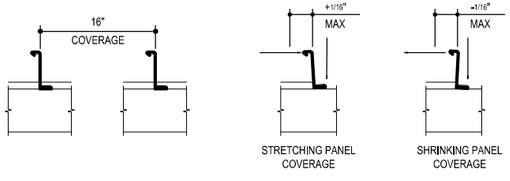
SPECIAL ATTENTION MUST BE GIVEN TO INSULATION SAG AND RECOMMEND PRE-DRILLING TO LOCATE CLIPS. MODULARITY TOOLS ARE AVAILABLE TO AID IN MODULARITY.

ENSURE THE INSULATION IS PERMITTED TO SAG AT MID-SPAN BETWEEN ROOF SECONDARY MEMBERS AND EXPANDED TO THE FULL THICKNESS WHILE STILL KEEPING CONTACT WITH BOTTOM OF PANEL.

DO NOT PULL THE INSULATION TAUT AS THIS WILL SIGNIFICANTLY REDUCE THE THERMAL PERFORMANCE OF THE ROOF SYSTEM AND COULD CAUSE ROOF PANEL MODULARITY ISSUES.



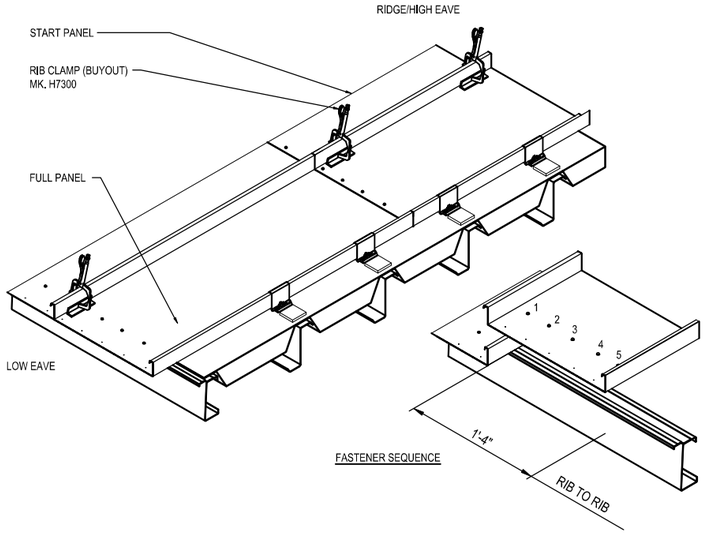
PRE-DRILL ONE PILOT HOLE FOR ROOF PANEL CLIPS AT MID-SPANS, HIGH SIDE OR RIDGE AND PANEL END LAPS, IF ANY.



MEASURE OVER 1'-4" FROM INSTALLED CLIP FASTENER. PRE-DRILL (1) 3/16" Ø PILOT HOLE. BE SURE TO LOCATE HOLE NEAR EDGE OF PURLIN FLANGE, THIS WILL ENSURE THAT UP TO (3) FASTENERS CAN BE INSTALLED IN CLIP BASE (IF REQ'D BY DESIGN. REF. ERECTION DRAWINGS FOR FASTENER REQUIREMENTS).

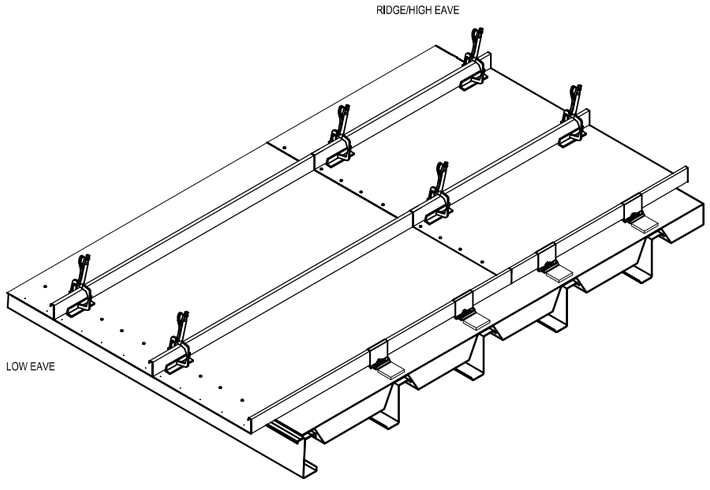
USE RIB CLAMPS TO HOLD PANEL CLIPS IN PLACE, PRIOR TO FASTENING, TO MAINTAIN A CONSTANT 16" WIDE PANEL COVERAGE.

DO NOT ADJUST THE PANEL WIDTH BY MORE THAN ± 1/8" ON ANY PANEL.



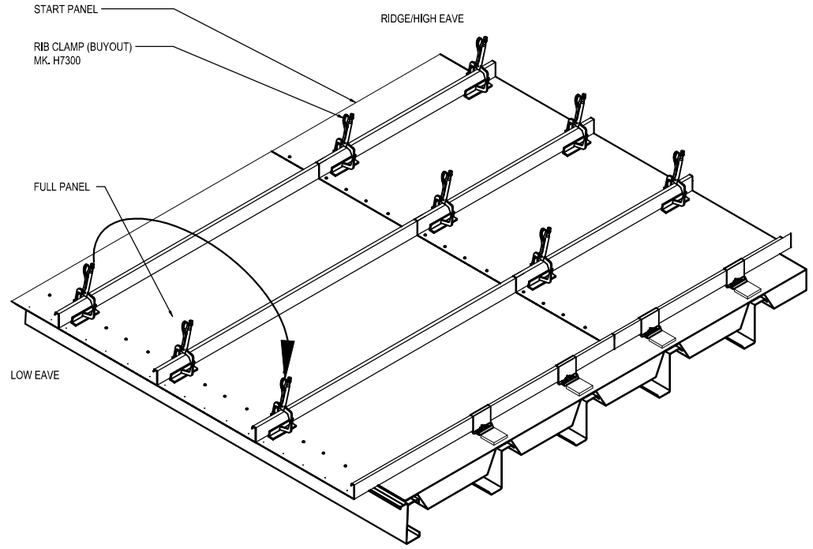
CORRECT PANEL MODULARITY

ADJUSTING PANEL MODULARITY



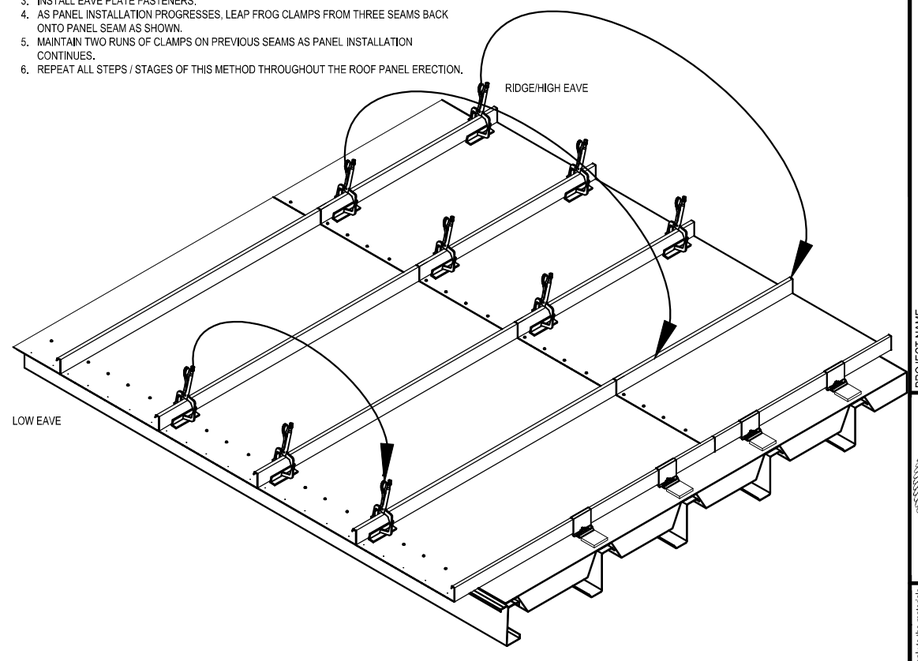
STAGE #1

1. ROLL FIRST FULL PANEL IN PLACE AND ALIGN CENTER OF PANEL FLAT TO SQUARE AS SHOWN BELOW.
2. APPLY THE LOW EAVE CLAMP AS SHOWN TO DRAW PANEL TIGHT TO CLOSURE.
3. INSTALL THE EAVE FASTENERS STARTING AT LEADING RIB.
4. AS PANEL INSTALLATION PROGRESSES, INSTALL MORE CLAMPS UPSLOPE AS SHOWN.
5. ADD, ADJUST OR LEAVE CLAMPS OFF TO MAINTAIN PANEL MODULARITY AS NECESSARY.
6. LEAVE CLAMPS ON FIRST FULL SEAM.



STAGE #2

1. INSTALL THE NEXT LOW EAVE PANEL AND ADD CLAMP.
2. REPEAT STEPS 2 THROUGH 6 FROM STAGE #1 NOTES.
3. LEAVE CLAMPS ON FIRST AND SECOND FULL SEAM.
4. INSTALL THE OUTSIDE CLOSURE IN THE FIRST FULL PANEL.



STAGE #3

1. KEEP CLAMPS IN PLACE ON THE FIRST TWO SEAMS WITH THE EXCEPTION OF THE LOW EAVE CLAMP.
2. INSTALL THE NEXT LOW EAVE PANEL AND LEAP FROG CLAMP AS SHOWN.
3. REPEAT STEPS 2 THROUGH 5 FROM STAGE #1 NOTES.

STAGE #4

1. KEEP CLAMPS IN PLACE ON THE FIRST TWO SEAMS WITH THE EXCEPTION OF THE LOW EAVE CLAMP.
2. INSTALL THE NEXT LOW EAVE PANEL AND LEAP FROG THE CLAMP AS SHOWN.
3. INSTALL EAVE PLATE FASTENERS.
4. AS PANEL INSTALLATION PROGRESSES, LEAP FROG CLAMPS FROM THREE SEAMS BACK ONTO PANEL SEAM AS SHOWN.
5. MAINTAIN TWO RUNS OF CLAMPS ON PREVIOUS SEAMS AS PANEL INSTALLATION CONTINUES.
6. REPEAT ALL STEPS / STAGES OF THIS METHOD THROUGHOUT THE ROOF PANEL ERECTION.

MODULARITY GUIDANCE

SPECIAL ATTENTION TO ABOVE STEPS TO MAINTAIN PROPER PANEL MODULARITY AND THERMAL PERFORMANCE IS CRITICAL. FAILURE TO DO SO WILL RESULT IN UNSIGHTLY PANEL APPEARANCE.

CIVIL/STRUCTURAL
No. 016713

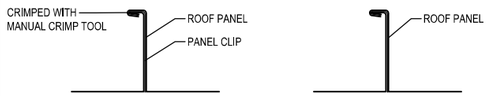
This set of plans and/or specifications, in the materials and/or electronic media furnished by Nucor Building Systems, a division of Nucor Corporation, is intended only for the project named herein. The drawings and the information they contain are the property of Nucor Building Systems and may not be used on other projects. Only a professional engineer employed by Nucor Building Systems is authorized to make changes to these drawings and only he/she may affix his/her seal to them. Any unauthorized use of these drawings is at the sole risk of the party using or relying on them. Nucor Building Systems and its employees accept no responsibility for damages, if any, suffered by any party as a result of such unauthorized use. Unauthorized use of these plans and specifications is expressly forbidden and shall not be construed as publication in derogation of Nucor Building Systems' common law copyright or other property rights.

SHEET: D12 of 20

IMPORTANT NOTE:

THE INSTRUCTIONS ON THIS PAGE ONLY ADDRESS THE USE OF THE HAND CRIMPING TOOLS. INSTRUCTIONS FOR MECHANICAL SEAMING, IF REQUIRED, ARE OUTLINED IN THE SEAMING MANUAL, WHICH IS INCLUDED WITH THE MECHANICAL SEAMER KIT PROVIDED BY THE SEAMER RENTAL COMPANY.

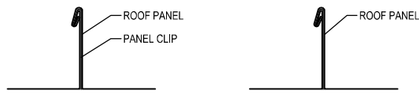
SPECIALIZED SEAMING AND HAND CRIMPING TOOLS
THE FINISHED SEAM OF THE ROOF PANELS REQUIRES SPECIAL SEAMING TOOLS THAT ARE AVAILABLE ONLY THROUGH THE MBS. CAUTION: THE USE OF OTHER SEAMING / CRIMPING EQUIPMENT WILL RESULT IN FAULTY AND / OR DAMAGED SEAMS AND SHALL INVALIDATE ANY OF THE ROOF SYSTEM'S MATERIAL AND WEATHER TIGHTNESS WARRANTIES.



SEAMING TOOL SOURCE
THE SEAMING TOOLS ARE PROVIDED BY MBS IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF THE ORDER DOCUMENTS. CONTACT YOUR SERVICE REPRESENTATIVE TO PURCHASE NECESSARY CRIMPING TOOLS. CONTACT THE SEAMER RENTAL COMPANY FOR RENTAL INFORMATION OF THE MECHANICAL SEAMER IF REQUIRED.

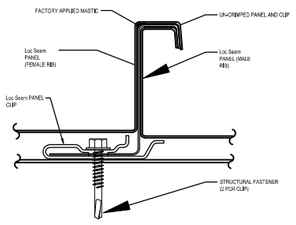
CRIMPING & SEAMING REQUIREMENTS

THE DESIGN OF THIS STRUCTURE REQUIRES SEAMING TO MEET DESIGN AND CODE REQUIREMENTS. SEE THE SEAMING PLAN FOR ROOF PLANE SPECIFIC SEAMING REQUIREMENTS.
THERE ARE THE TWO SEAM TYPES POSSIBLE WITH THE NBG Loc Seam AS NOTED BELOW. ALL OF THESE SEAM TYPES CAN BE ACHIEVED WITH THE AVAILABLE CRIMPERS. IT IS RECOMMENDED TO RENT A MECHANICAL SEAMER TO AID IN THE SEAMING PROCESS.



1. **NBG Loc Seam 90**
   THE Loc Seam 90 SEAM REQUIRES HAND CRIMPING THE ROOF PANEL WITH THE MANUAL SEAMING TOOL AT THE STARTING EAVE OR RIDGE END OF THE PANELS, AND AT THE END LAPS. ONCE THE HAND CRIMPING HAS BEEN COMPLETED, THEN SEAM THE FULL LENGTH OF THE ROOF PANELS WITH THE MOTORIZED SEAMING MACHINE.
2. **NBG Loc Seam 360**
   THE Loc Seam 360 SEAM IS ACHIEVED BY RUNNING THE SINGLE DIRECTIONAL SEAMER OVER THE ENTIRE ROOF. THE ERECTOR MUST FIRST HAND CRIMP ENTIRE ROOF PANEL IN THE Loc Seam 90 SEAM WITH THE MANUAL SEAMING TOOL. BEFORE THE SEAMER IS LOCKED ON, THE LOW END OF THE PANEL MUST BE HAND CRIMPED INTO A NBG Loc Seam 360 SEAM, UTILIZING THE HAND CRIMPER THAT IS SUPPLIED IN THE SEAMER KIT. THIS WILL ENABLE YOU TO LOCK THE SEAMER ONTO THE PANEL SEAM. THEN SEAM THE FULL LENGTH OF THE ROOF PANEL.

NBG Loc Seam 90 SEAM



AT PANEL CLIPS — BETWEEN CLIPS

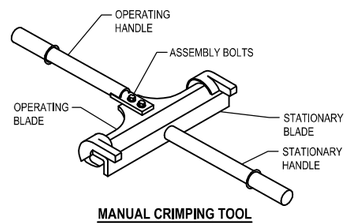
NBG Loc Seam 360 SEAM

AT PANEL CLIPS — BETWEEN CLIPS

CHECK PANEL ASSEMBLY

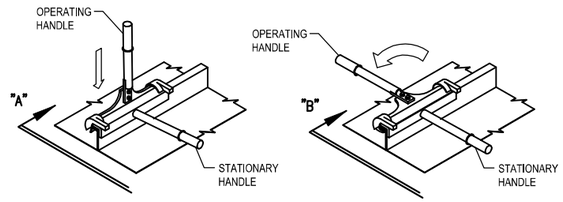
SIDE LAP FIT-UP
BEFORE SEAMING, INSPECT THE FULL LENGTH OF EACH ROOF PANEL SIDE LAP. CHECK THAT THE TWO PANELS ARE PROPERLY HAND CRIMPED AT ALL CLIP LOCATIONS, LOW EAVE, HIGH EAVE AND END LAPS. ANY CONDITIONS WHERE THE PANEL **IS NOT** CRIMPED PROPERLY **MUST** BE CORRECTED BEFORE ATTEMPTING TO SEAM THE ROOF PANELS. **UN-SEAMED ROOF PANELS CANNOT PROVIDE THEIR DESIGNED WIND LOAD AND WEATHER RESISTANCE.**

CLIP ALIGNMENT
BEFORE CRIMPING AND / OR SEAMING, INSPECT THAT EACH ROOF PANEL CLIP IS PROPERLY ENGAGED IN THE SIDE LAP ASSEMBLY. ANY DISPLACED CLIPS MUST BE CORRECTED BEFORE ATTEMPTING TO CRIMP / SEAM THE ROOF PANELS. PANEL CLIPS THAT ARE NOT PROPERLY ENGAGED AND ALIGNED CAN CAUSE FAULTY CRIMP / SEAM AND OBJECTIONABLE SEAM APPEARANCE. **THE MBS NOR THE SEAMER RENTAL COMPANY CAN BE HELD RESPONSIBLE FOR ANY CONCERNS RELATED TO IMPROPERLY ALIGNED CLIPS.**



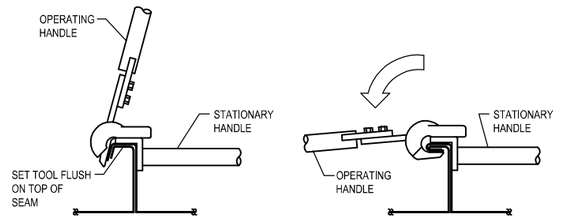
SEAM DAMAGE
BEFORE CRIMPING AND / OR SEAMING, INSPECT THAT EACH ROOF PANEL MALE AND FEMALE ARE FREE FROM DISTORTION AND KINKS WHICH CAN LEAD TO DIFFICULTY AND / OR DAMAGE TO THE PANEL WHILE ATTEMPTING TO CRIMP / SEAM THE PANEL. ANY DISTORTIONS / KINKS MUST BE CORRECTED BEFORE ATTEMPTING TO CRIMP / SEAM THE PANELS. **THE MBS NOR THE SEAMER RENTAL COMPANY CAN BE HELD RESPONSIBLE FOR ANY CONCERNS RELATED TO DAMAGE CAUSED IN THE FIELD.**

MANUAL CRIMPING TOOL OPERATION FOR Loc Seam 90 SEAM



ASSEMBLE THE SEAMING TOOL
WHEN RECEIVED, THE MANUAL CRIMPING TOOL MAY BE DISASSEMBLED. ASSEMBLE THE HANDLE TO THE TOOL BODY WITH THE PROVIDED BOLTS.

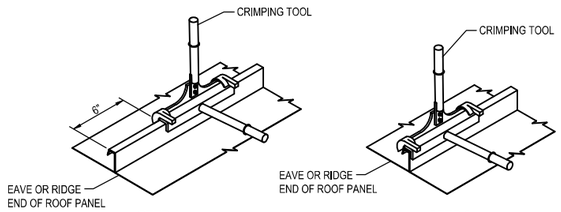
TOOL ORIENTATION TO SEAM
ORIENT THE TOOL TO FIT CORRECTLY ON THE ROOF PANEL SEAM (SEE SECTION A BELOW). THE STATIONARY HANDLE MUST BE IN THE HORIZONTAL POSITION AND THE OPERATING HANDLE MUST BE ROTATED UP TO THE OPEN OR VERTICAL POSITION



FORMING THE SEAM
WHEN THE TOOL IS CORRECTLY POSITIONED ON THE PANEL, PUSH THE STATIONARY BLADE SOLIDLY AGAINST THE TOP OF THE SEAM. WHILE HOLDING THE STATIONARY HANDLE IN THE HORIZONTAL POSITION, ROTATE THE OPERATING HANDLE DOWN TO THE HORIZONTAL POSITION. THIS WILL FORM THE SEAM (SEE SECTION B BELOW).

MANUAL CRIMPING TOOL

STEP 1 — STEP 2

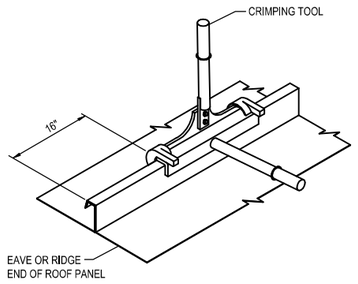


SECTION "A" — SECTION "B"

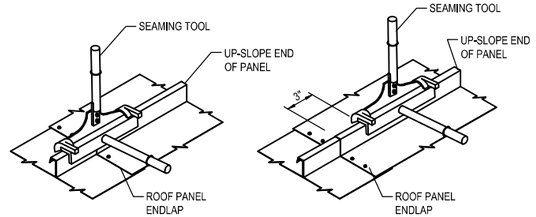
MANUAL CRIMPING TOOL OPERATION FOR Loc Seam 90 SEAM CONT.

TOOL POSITION ON THE ROOF
WHEN HAND SEAMING AT THE LOW EAVE, RIDGE END, END LAP AND **ALL** ROOF CLIP LOCATIONS. THE SEAMING MUST BE DONE IN TWO STEPS.
STEP 1: POSITION THE CRIMPING TOOL AS SHOWN BELOW IN THE VARIOUS AREAS OF THE ROOF. ROTATE THE MOVEABLE HANDLE DOWN TO FORM A Loc Seam 90 SEAM. RELEASE HANDLE.

STEP 2: RE-POSITION THE CRIMPING TOOL AS SHOWN BELOW AND REPEAT STEP 1.



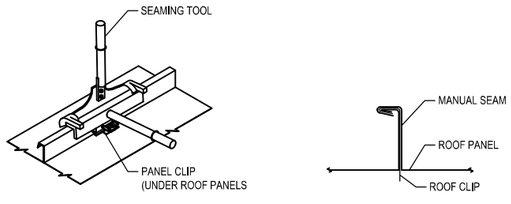
CHECKING THE FINISHED SEAM
ROTATE THE OPERATING HANDLE TO THE OPEN POSITION, REMOVE THE TOOL AND CHECK THAT THE SEAM IS CORRECTLY FORMED, AS SHOWN BELOW.



STEP 1 — STEP 2

MANUAL CRIMPING AT THE EAVE

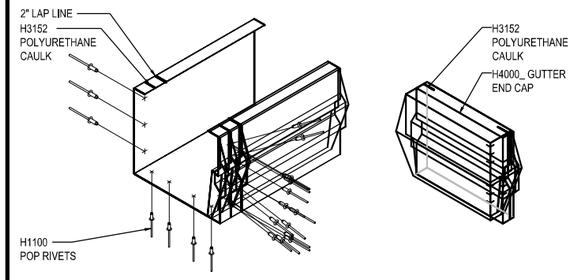
ERECTOR NOTES:
THE ROOF SEAM PROFILE IS COMPLETE ONLY AFTER THE ENTIRE ROOF HAS BEEN MECHANICALLY SEAMED. IF BUILDING HAS LOC SEAM 360 SEAM, DO NOT SEAM / CRIMP THE PANEL INTO A LOC SEAM 360 SEAM 16" UP FROM THE LOW EAVE, OTHERWISE THE GUTTER BRACKET WILL NOT FIT UP PROPERLY.



MANUAL CRIMPING AT THE EAVE

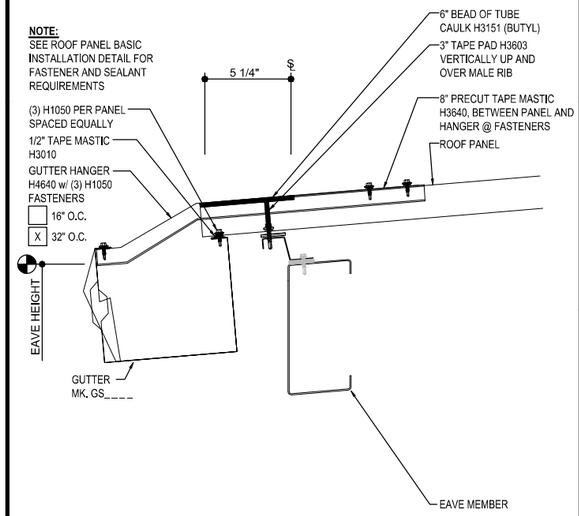
STEP 1 — STEP 2

MANUAL CRIMPING AT THE ENDLAP



MANUAL CRIMPING AT ALL CLIPS — **FINISHED MANUAL HAND CRIMP**

LOC SEAM HAND CRIMPING NOTES
HAND CRIMING TOOLS AND PROCEDURES



TRIM_16

GUTTER LAP & END CAP

APPLY BEAD OF POLYURETHANE CAULK 1" FROM END OF TRIM AND LAP SECTIONS 2" AND FASTEN AS SHOWN. TO TERMINATE THE GUTTER APPLY POLYURETHANE CAULK TO THREE SIDES OF END CAP AND TOP RETURN AREA AS SHOWN AND INSERT INTO THE GUTTER LEAVING 1/2" EXPOSED. ATTACH WITH RIVETS SAME AS END LAP.

NOTE 1: PANEL RIB MUST BE HAND CRIMPED 90° (NOT 360°) PRIOR TO INSTALLING GUTTER BRACKET!

ON-SLOPE GUTTER DETAIL
EAVE GUTTER DETAIL w/ NO WALL PANEL

This set of plans and/or specifications is the property of Nucor Building Systems, a division of Nucor Corporation. The drawings and the information shown thereon are the property of Nucor Building Systems is employed by Nucor Buildings Systems and does not serve as a representation that any such copy will be made of record and shall not be construed as such.

SHEET

D14 of 20

SUGGESTED INITIAL PROCEDURES FOR INSTALLER:

1) CHECK ALL APPLICABLE FEDERAL, STATE AND LOCAL CODES TO VERIFY COMPLIANCE WITH THE CODE.

2) BE CERTAIN THAT SITE CONDITIONS ARE SUCH THAT SAFE WORKING PRACTICES ARE STRICTLY OBSERVED.

3) REVIEW ALL INSTALLATION DRAWINGS AND ASSOCIATED PROJECT DOCUMENTS.

4) CONSULT WITH THE GENERAL CONTRACTOR, DESIGN ENGINEER, ARCHITECT AND/OR OWNER TO CONFIRM THOSE RECOMMENDED.

5) COMPLY WITH ALL SAFETY REGULATIONS.

IT IS THE RESPONSIBILITY OF THE DESIGNER / CONTRACTOR / INSTALLER TO ENSURE THAT THE DETAILS AND INSTALLATION PROCEDURES ARE ADAPTED TO MEET PARTICULAR BUILDING REQUIREMENTS. THE METAL BUILDING / PANEL SUPPLIER SHALL NOT BE HELD LIABLE FOR ANY AND ALL CLAIMS ARISING FROM LACK OF PROPER INSTALLATION. THE DESIGNER / INSTALLER MUST BE AWARE OF AND ALLOW FOR EXPANSION AND CONTRACTION OF WALL PANELS WHEN DESIGNING AND/OR INSTALLING WALL PANELS.

SOME FIELD CUTTING IS PART OF NORMAL ERECTION WORK. WORKMANSHIP SHALL CONFORM TO THE HIGHEST INDUSTRY STANDARDS. A CERTAIN AMOUNT OF WAVINESS CALLED "OIL CANNING" MAY EXIST IN THE PANEL. MINOR WAVINESS IS NOT SUFFICIENT CAUSE FOR REJECTION AND DOES NOT AFFECT THE STRUCTURAL INTEGRITY OF THE PANEL. MINIMIZING OR ELIMINATION THIS EFFECT CAN BE ACCOMPLISHED BY USING SIMPLE INDUSTRY STANDARD PROCEDURES DURING SURFACE PREPARATION.

NOTES FOR HANDLING PANELS AND COMPONENTS:

INSULATED PANELS ARE CAREFULLY INSPECTED AND BUNDLED PRIOR TO LOADING FOR SHIPMENT. IT IS THE RESPONSIBILITY OF THE TRANSPORTATION COMPANY TO DELIVER THESE COMPONENTS UNDAMAGED. IT IS THE CONSIGNEE'S RESPONSIBILITY TO INSPECT THE SHIPMENT FOR DAMAGE AND SHORTAGES WHEN IT IS RECEIVED.

WHEN A SHIPMENT IS RECEIVED, CHECK EACH ITEM AGAINST THE BILL OF LADING FOR QUANTITY, LENGTH, DAMAGE, ETC. IF A SHORTAGE OR DAMAGE IS FOUND, MAKE SURE A NOTATION OF IT IS MADE ON THE BILL OF LADING AND SIGNED BY THE DRIVER. THE MANUFACTURE CANNOT BE RESPONSIBLE FOR SHORTAGES OR DAMAGED MATERIALS UNLESS THEY ARE NOTED ON THE BILL OF LADING.

IN THE CASE OF PACKAGED COMPONENTS (SUCH AS CLIPS, FASTENERS, AND SEALANTS, ECT.), THE QUANTITIES ARE MARKED ON THEIR CONTAINER AND SHOULD BE CHECKED AGAINST THE BILL OF MATERIALS.

IT IS THE CUSTOMER'S RESPONSIBILITY TO MAKE ANY DAMAGE CLAIM. IMMEDIATELY NOTIFY THE DESIGNATED CUSTOMER SERVICE COORDINATOR OF ANY SHORTAGES OR DAMAGED MATERIALS. THIS WILL HELP TO MINIMIZE ANY ERECTION DELAYS THAT MAY RESULT FROM THE SHORTAGE OR DAMAGED MATERIALS.

UPON ARRIVAL OF PANELS, FORKLIFTS OR HOISTING EQUIPMENT WILL BE REQUIRED TO UNLOAD AND POSITION THE PANEL BUNDLES AND ACCESSORY CRATES FOR JOBSITE STORAGE AND INSTALLATION.

EXTREME CARE SHOULD BE TAKEN TO AVOID BUMPING THE PANELS WHILE LIFTING AND MANEUVERING. IN ALL CASES PANELS SHOULD NOT DEFLECT SIGNIFICANTLY IN THE LIFTING PROCESS.

IN HANDLING PANELS INDIVIDUALLY, ALL PERSONNEL MUST WEAR THE PROPER CLOTHING, PROTECTIVE EYE WEAR, AND GLOVES.

TO HELP PREVENT DAMAGES TO THE SURFACES AND EDGES:
- ALWAYS LIFT THE PANELS WHEN REMOVING THEM FROM BUNDLES, NEVER DRAG THEM.
- NEVER LIFT THE PANEL FROM THE FLAT POSITION BY THE OVERLAPPING RIB.
- DO NOT CARRY PANELS IN THE FLAT POSITION.

UNLOADING:

PANELS ARE SPIRAL WRAPPED WITH STRETCH-FILM AND SHIPPED FLAT. PANEL BUNDLES ARE REINFORCED AT SPECIFIED LIFTING POINTS TO PREVENT DAMAGE WHEN LIFTING. SEE FIGURE'S 1 AND 2 IN THIS SECTION TO DETERMINE WHERE THE LIFTING POINTS ARE FOR THE PANEL BUNDLES.

UNLOADERS MUST TAKE CARE THAT FORKLIFT FORKS ARE LOCATED AT THE PARTICLE BOARD ON THE PANEL BUNDLES BEFORE LIFTING.

EXTREME CARE SHOULD BE TAKEN TO AVOID BUMPING OR DROPPING THE PANELS WHEN LIFTING AND MANEUVERING.

WHEN UNLOADING BUNDLES OF 36'-0" OR LONGER IN LENGTH, TWO OR MORE LIFTING POINTS MAY BE REQUIRED. OVER ENGAGEMENT OF FORKS WILL CAUSE DAMAGE TO THE MATERIALS LOCATED ON THE OPPOSITE SIDE OF THE BUNDLE BEING LIFTED.

WHEN AN OVERHEAD CRANE IS USED, REINFORCED NYLON SLINGS OR STRAPS SHOULD BE USED (NO CHAINS OR CABLES SHOULD COME IN CONTACT WITH THE PANELS), ALONG WITH SUITABLE STIFF INSERTS LOCATED AT TOP AND BOTTOM OF THE BUNDLES AT THE SLING POSITIONS TO PROTECT THE PANELS FROM DAMAGE. ALSO, PLACE FOAM BLOCKS ON THE SIDES OF BUNDLES AT ALL SLING LOCATIONS.

NOTES:

REINFORCED LIFTING POINTS ARE CLEARLY MARKED ON THE PANEL BUNDLE (SEE FIGURES 1 & 2)

LONG LENGTH PANELS HAVE TWO OR MORE LIFTING POINTS (SEE FIGURE 2).

USE EXTREME CARE TO AVOID BUMPING OR DROPPING THE PANELS WHILE LIFTING AND MANEUVERING.

HOIST THE PANELS TO THE ROOF WITH THE AID OF NYLON SLINGS AND A SPREADER BAR TO PREVENT ANY CHANCE OF BENDING OR BUCKLING THE PANELS.

UNLOADING WITH A FORKLIFT:

- OVER ENGAGEMENT OF FORKS WILL CAUSE DAMAGE TO THE MATERIALS LOCATED ON THE OPPOSITE SIDE OF THE BUNDLE BEING LIFTED
- PANELS SHOULD NOT DEFLECT SIGNIFICANTLY IN THE LIFTING PROCESS.
- ENSURE THE FORKS STRADDLE THE DESIGNATED LIFT POINT.
- LIFT BUNDLES ONE AT A TIME WITH THE FORKLIFT

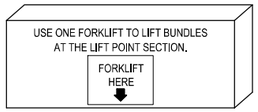

FIGURE 1
STANDARD LENGTH BUNDLES

- BE CAREFUL WHEN UNLOADING OR MOVING LONG LENGTH BUNDLES
- DO NOT POSITION YOUR LIFT AT THE CENTER OF THE BUNDLE, THIS MAY CAUSE PANEL DAMAGE.
- EACH FORKLIFT SHOULD STRADDLE ONE LIFT POINT.

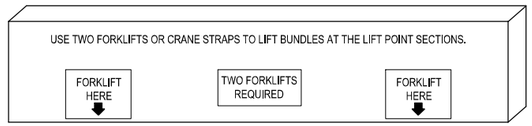

FIGURE 2
LONG LENGTH BUNDLES

UNLOADING WITH AN OVERHEAD CRANE:

- USE NYLON REINFORCED SLINGS OR STRAPS LOCATED AT A MINIMUM OF TWO POINTS ALONG THE LENGTH OF THE BUNDLE FOR CRANE LIFTING OF THE INDIVIDUAL BUNDLES.
- CHAINS OR CABLES SHOULD NOT COME IN CONTACT WITH THE PANELS.
- SUITABLY STIFF INSERTS SHOULD BE LOCATED AT TOP AND BOTTOM OF THE BUNDLES AT THE SLING POSITIONS TO PROTECT THE EDGES OF THE UPPER AND LOWER PANELS.
- PLACE FOAM BLOCKS ON THE SIDES OF BUNDLES AT ALL SLING LOCATIONS.
- WHEN BUNDLES ARE LONGER THAN 15'-0" IT IS SUGGESTED THAT A PROPERLY DESIGNED AND FABRICATED LIFTING BEAM IS USED.

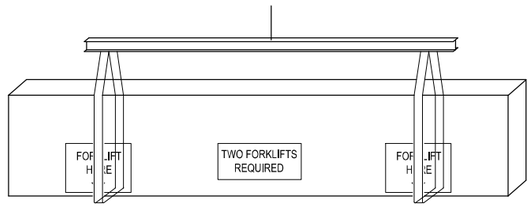

FIGURE 3
BUNDLES UNDER 4,000 LBS AND LESS THAN 44'-0"

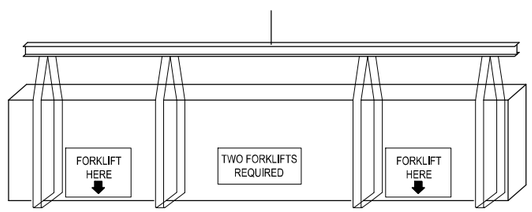

FIGURE 4
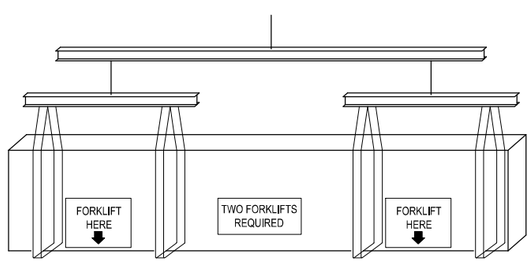
BUNDLES OVER 4,000 LBS AND LESS THAN 44'-0"



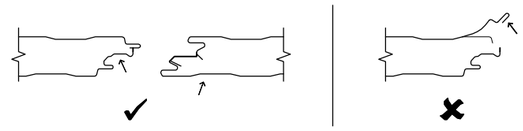


FIGURE 4
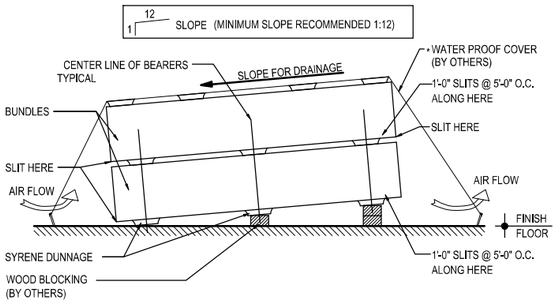
BUNDLES OVER 4,000 LBS AND MORE THAN 44'-0"

MANUALLY UNLOADING:
- ON SMALL PROJECTS UNLOADING OF THE PANELS MAY BE CARRIED OUT BY HAND.
- NOTE: SPECIAL CARE SHOULD BE TAKEN WHEN HANDLING. ALWAYS LIFT THE PANELS WHEN REMOVING FROM A BUNDLE, NEVER DRAG THEM.
- WARNING: TO PREVENT JOINT DAMAGE, NEVER LIFT THE PANEL FROM THE FLAT POSITION FROM THE OVERLAPPING RIB. LIFT PANELS FROM THE BOTTOM SKIN.
- IT IS IMPORTANT THAT WHENEVER A PANEL IS HANDLED, PICKED-UP, MOVED OR CARRIED IT SHOULD BE TURNED ON EDGE FIRST. DO NOT CARRY PANEL WHILE FLAT.
- IMPORTANT NOTE: ALL PERSONNEL DOING THESE PROCEDURES MUST WEAR AT ALL TIMES THE PROPER CLOTHING, PROTECTIVE EYE WEAR AND GLOVES.



THE METAL BUILDING/PANEL SUPPLIER DOES NOT TAKE ANY RESPONSIBILITY FOR DAMAGE CAUSED FROM MISHANDLING OF PANELS. DAMAGED PANELS SHALL BE REPLACED OR CORRECTED TO APPROVAL OF THE ARCHITECT AND ANY COST INCURRED SHALL BE BORNE BY THE PARTIES RESPONSIBLE FOR THE DAMAGE.

JOBSITE STORAGE:

UPON ACCEPTANCE OF THE SHIPMENT, THE CUSTOMER IS RESPONSIBLE FOR PROPER HANDLING, STORAGE, AND SECURITY OF THE RECEIVED MATERIALS. THE MANUFACTURER IS NOT RESPONSIBLE FOR DAMAGE OR LOSS OF MATERIALS AT THE JOB SITE.

PANELS NOT REQUIRED FOR IMMEDIATE USE SHOULD BE:
- CAREFULLY UNLOAD AND PLACE DIRECTLY IN A PROTECTED STORAGE AREA ON A FIRM, LEVEL SURFACE CLEAR OF DEBRIS, PREFERABLY UNDER WATER PROOF COVER AND SLIT PLASTIC WRAP AT BASE TO ALLOW AIR FLOW, FOR NO LONGER THAN 30 DAYS.
- CUT / SLIT THE BOTTOM OF THE PLASTIC WRAP IN 1'-0" INCREMENTS AT 5'-0" O.C. ALONG THE LENGTH OF THE BUNDLES. A CONTINUOUS CUT / SLIT SHOULD BE MADE ALONG THE WIDTH OF THE BUNDLE.
- ELEVATE WITH WOOD BLOCKING, TO ALLOW AIR CIRCULATION UNDER THE BUNDLE, ON A FIRM, LEVEL SURFACE CLEAR OF DEBRIS, STANDING WATER, DIRECT SUN, AND DRIFTING SNOW.
- SEPARATE FLAT-LAID BUNDLES WITH THE STYRENE DUNNAGE PROVIDED WITH THE SHIPMENT.
- BUNDLES CAN BE STACKED, NO MORE THAN (2) BUNDLES HIGH.
- SLOPE AT A MINIMUM OF 1:12 FOR DRAINAGE OF MOISTURE FROM PANELS.
- INSPECTED DAILY FOR MOISTURE. INSURE NO SAGS ARE PRESENT. TRAPPED MOISTURE CAN DAMAGE THE PANEL FINISH AND VOID APPLICABLE FINISH WARRANTIES. IF PANEL BUNDLES CONTAIN MOISTURE OR SAGS, THE PANEL BUNDLE SHOULD BE DRIED AND RESTACKED. USE CARE IN RESTACKING TO AVOID DAMAGE TO PANELS.

PANELS FOR IMMEDIATE USE:
IF THE PANELS ARE TO BE USED IMMEDIATELY, THE BUNDLES SHOULD BE PLACED AT PRE-PLANNED STRATEGIC LOCATIONS AROUND THE PERIMETER OF THE BUILDING, AS CLOSE AS POSSIBLE TO THE PLANNED WORK AREAS, TO AVOID UNDUE SITE MANEUVERING.

WHEN MOVING PANEL BUNDLES, EXTREME CAUTION SHOULD BE TAKEN TO PREVENT DAMAGE TO THE PANEL SURFACES AND EDGES.

WHEN HANDLING PANELS INDIVIDUALLY, THEY SHOULD BE CARRIED IN A VERTICAL, NOT FLAT POSITION. NEVER DRAG PANELS WHEN REMOVING THEM FROM BUNDLES.

(SEE "HANDLING PANELS AND COMPONENTS)

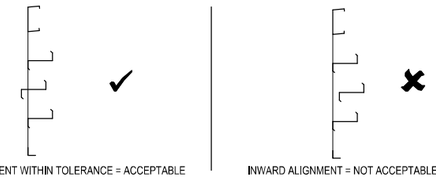
INSTALLATION TOOLS:

"READ BEFORE YOU START"

- SLIDING PANELS TOGETHER WILL SCUFF, DISCOLOR OR DAMAGE THE FINISH.
- IT IS IMPORTANT TO NOTE THAT, DUE TO THE HIDDEN FASTENER SIDE LAP CONNECTIONS OF THESE PANELS, EXTRA CARE SHOULD BE TAKEN WHEN HANDLING THESE COMPONENTS.
- THE FOLLOWING IS A LIST OF COMMON TOOL REQUIREMENTS. REFER TO "FIELD CUTTING" FOR PANEL CUTTING GUIDELINES.
- WEARING CLEAN GLOVES, HANDLING THE PANELS BY EDGES AND TAKING A LITTLE EXTRA CARE WILL PAY OFF BY PRODUCING A GOOD CLEAN FINISHED WALL.

COMMON TOOL REQUIREMENTS:

CIRCULAR SAW	POWER DRILL	CARPENTER'S SQUARE
RIVET GUN	LEVEL	CHALK LINE
TAPE MEASURE	CAULK GUN	SCREW GUN
POWER SHEARS	HAMMER DRILL	POWER NIBBLER



CAUTION: ANY METAL FILINGS OR BURRS SHOULD BE CLEANED OFF THE FACE OF THE PANELS AS SOON AS POSSIBLE TO PREVENT RUST FROM FORMING ON THE PAINT. (SEE "CLEANING PROCEDURES")

ALIGNMENT & SHIMMING
PRIOR TO INSTALLATION, WALL SECONDARY MEMBERS SHOULD BE CHECKED FOR OVERALL DIMENSIONS AND EVENNESS OF PLANE. THE WALL SECONDARY MEMBERS SHOULD ALSO BE CHECKED TO VERIFY THE WALL SYSTEM CAN BE INSTALLED WITHOUT INTERFERENCE. PRIOR TO INSTALLATION OF INSULATED PANEL, INSPECT EACH WALL FOR COMPONENT ALIGNMENT AND PLANE FLATNESS.

CHECK SUPPORT ALIGNMENT AGAINST THESE TOLERANCES:
< 8'-0" SPACING: +1/8", -0"
≥ 8'-0" SP[ACING: +1/4", -0"

(ARCHITECTURAL FLAT PANELS) < 4'-0" SPACING: +1/16", -0"

MISALIGNED SECONDARY STEEL MAY REQUIRE THE ERECTOR TO SHIM THE INSULATED WALL PANELS AT SOME LOCATIONS. SHIMS AND LABOR FOR INSTALLING SHIMS ARE BY OTHERS.

OUTWARD ALIGNMENT WITHIN TOLERANCE = ACCEPTABLE

INWARD ALIGNMENT = NOT ACCEPTABLE

FASTENERS:

INSULATED WALL PANEL FASTENERS VARY BASED ON LOCATION AND PANEL THICKNESS. THE FASTENERS LISTED BELOW ARE TYPICAL FASTENERS. ADDITIONAL FASTENERS, WHEN REQUIRED BY DESIGN, WILL BE INDICATED ELSE WHERE ON THE ERECTION DRAWING SET.

43L — SELF-DRILLING SCREW, 1/4-14 x 1 1/4" TYPE 2

H1030 — SELF-DRILLING SCREW, 1/4-14 x 1 1/4" TCP 3 W/ WASHER

H1050 — SELF-DRILLING SCREW, 1/4-14 x 7/8" TCP 1 W/ WASHER

H1100 — 1/8" STAINLESS STEEL BLIND POP RIVET, GRIP RANGE: 1/8" - 3/16"

17 — SELF-DRILLING SCREW, 12-14 x 1" TCP 3 W/ WASHER

4 — SELF-DRILLING SCREW, 1/4-14 x 7/8" TCP 1 W/ WASHER

14 — 1/8" STAINLESS STEEL BLIND POP RIVET, GRIP RANGE: 1/8" - 3/16"

H1220 — SELF-DRILLING SCREW, 12-14 x 1" TCP 3 SQUARE / PHILLIPS PANCAKE HEAD

2605ANC — LOCK RIVET, 9/32 BT DOME HEAD W/ WASHER

14A — 1/8" STAINLESS STEEL BLIND POP RIVET, GRIP RANGE: 5/16" - 3/8"

SHEET TITLE

This set of plans only by the materials described herein. Nucor Building Systems, a division of Nucor Corporation. The drawings and the information shown thereon are the product of Nucor Building Systems and are not to be used in any other way. Nucor Building Systems will not be responsible for any modifications made to these drawings by any person other than Nucor Building Systems and does not serve as authorization to any fabricator to use these drawings in the preparation of shop drawings unless such shop drawings are prepared by Nucor Building Systems or with its consent and shall not be construed as such.

SHEET: D15 of 20

INSTALLATION PROCEDURES:

NOTE: INSULATED PANELS, DUE TO THEIR JOINERY, DO NOT PROVIDE DIAPHRAGM STIFFNESS FOR THE BUILDING WALL TO RESIST LATERAL FORCES INCLUDING WIND. LATERAL BRACING IS TO BE PROVIDED BY CROSS BRACING SYSTEMS CONNECTED TO THE PRIMARY BUILDING FRAMING.

PRIOR TO PANEL INSTALLATION VERIFY:

BUILDING WALLS ARE PLUMB: INSURE BUILDING WALLS TO BE SHEETED ARE PLUMB AND THAT ANY CROSS-BRACING REQUIRED IS IN PLACE AND SNUG TO PREVENT WALL MOVEMENT DURING PANEL INSTALLATION. ALL SECONDARY MEMBERS ARE IN PLACE AND PLUMB.

SAG BRACING: IF SAG BRACING IS REQUIRED FOR YOUR JOB, THEN IT NEEDS TO BE INSTALLED PRIOR TO PANEL INSTALLATION. INSULATED PANELS ARE NOT DESIGNED TO CARRY THOSE LOADS.

WALL PLANE IS FREE OF OBSTRUCTIONS - SEE "INSTALLATION GUIDELINES"

PANEL LAYOUT - REVIEW CUT DIMENSIONS FOR INSULATED PANELS AT ERECTION DRAWING PANEL LAYOUTS AND BECOME FAMILIAR WITH STARTING AND ENDING PANEL REQUIREMENTS.

WALL OPENING LOCATIONS - LOCATIONS OF OPENINGS MAY NEED TO BE ADJUSTED SLIGHTLY (INCHES) DUE TO PANEL JOINERY. TYPICALLY, PANELS ABOVE AND BELOW OPENINGS ARE TO BE INSTALLED AS WORK PROGRESSES. IF POSSIBLE, KEEP SIDE PANEL JOINTS 6" AWAY FROM FRAMED OPENINGS AS A MINIMUM.

PERSONNEL WALK DOORS – INSTALL PRIOR TO PANEL INSTALLATION. NOTIFY YOUR CUSTOMER SERVICE COORDINATOR IF YOU FIND A POTENTIAL ERECTION PROBLEM.

ONCE ALL OF THE ABOVE ITEMS HAVE BEEN VERIFIED, BEGIN INSTALLATION PROCESS:

1. TO ENSURE A PROPER VAPOR BARRIER AND WATER TIGHTNESS, APPLY A 3/8" BEAD OF BUTYL TUBE CAULK (MK. H3151 TYP.) AT MALE EDGE OF THE PANEL IF CAULK IS NOT PRESENT. ALSO, APPLY A CONTINUOUS 3/8" BEAD OF BUTYL TUBE CAULK RUN AT ALL PERIMETER SUPPORT MEMBERS; BASE, EAVE, HEADER, SILL, AND HORIZONTAL TRANSITIONS. NOTE: THIS CAULK IS NOT REQUIRED AT MID-SPAN (INTERMEDIATE) MEMBERS.
2. OBTAIN FIRST PANEL, STARTING PANEL CUT DIMENSION WILL BE SUPPLIED ON ERECTION DRAWINGS. REFER TO "FIELD CUTTING".
3. PLACE THE FIRST PANEL IN THE LOCATION AS DETAILED ON THE SHEETING DRAWINGS WITH THE BASE OF THE FIRST PANEL IN THE PROPER POSITION, PLUMB THE PANEL AND SECURE IN PLACE.
4. PREPARE ADJACENT PANEL EDGE (VERIFY/ADD BUTYL CAULK, ETC.) PLACE INTO POSITION.
5. MAINTAIN AN EVEN AND UNIFORM GAP AT THE PANEL SIDE JOINT (0.125" MAX), THEN FASTEN PANEL INTO POSITION USING ALL REQUIRED SIDE JOINT FASTENERS. REFER TO "WALL OPENINGS" FOR SPECIFIC INFORMATION AT OPENINGS.
6. REPEAT THE INSTALLATION PROCESS OCCASIONALLY CHECKING FOR PLUMB. IF ANY MINOR 'OUT-OF-PLUMB' IS DETECTED, TAKE CORRECTIVE ACTION IN MINOR STEPS WITH SUBSEQUENT PANELS TO BRING THE SHEETING PROCESS BACK TO PLUMB.

INSTALLATION GUIDELINES:

INSULATED PANELS PROVIDE INSULATION PERFORMANCE SUPERIOR TO CONVENTIONAL METAL WALL PANELS WITH FIELD ASSEMBLED INSULATION SYSTEMS. THE FULL ENERGY SAVINGS POTENTIAL CAN ONLY BE REALIZED WHEN THE INSULATED PANELS ARE INSTALLED WITH CAREFUL ATTENTION TO THE DETAILS AFFECTING THE QUALITY OF AIR AND MOISTURE SEAL.

TO ENSURE A PROPER VAPOR BARRIER AND WATER TIGHTNESS 3/8" BEAD OF BUTYL CAULK IS REQUIRED AT LOCATIONS INDICATED ON THE ERECTION DRAWINGS, SIDELAP CAULK MAY BE FACTORY OR FIELD APPLIED. IT IS HOWEVER, THE INSTALLERS RESPONSIBILITY TO FIELD APPLY CONTINUOUS BUTYL CAULK AT AREAS WITH VOIDS OR MISSING CAULK. CONTINUITY, SIZE AND PROPER BEAD PLACEMENT ARE CRITICAL IN OBTAINING A SATISFACTORY SEAL AT EACH PANEL EDGE. DETAILS FOR PLACEMENT OF CAULK AT PANEL EDGES SHOULD BE REVIEWED IN ADVANCE. APPLICATION OF CAULK SHOULD BE CONTINUOUS.

SPECIAL CARE IN HANDLING IS REQUIRED TO PREVENT DAMAGE OR CONTAMINATION BY FIELD DEBRIS WITHIN THE PANEL SIDE JOINT. ALL SECONDARY SUPPORT STEEL SHOULD BE IN PLACE FOR CONTINUOUS ATTACHMENT OF PANELS ACROSS THE SURFACE OF PRIMARY FRAMING MEMBERS, INCLUDING OUTER EXTREMES OF CORNERS, OPENINGS, GABLES, ETC.

PANEL ENGAGEMENT AT SIDE JOINTS SHOULD BE AS INDICATED ON DETAILS.

PRIOR TO INSTALLATION OF INSULATED PANEL, INSPECT EACH WALL FOR COMPONENT ALIGNMENT AND PLANE FLATNESS. WALL COMPONENTS SHOULD NOT VARY MORE THAT 1/8" OVER THE ENTIRE WALL SURFACE, INCLUDING FASTENER HEADS AND OTHER OBSTRUCTIONS THAT WOULD INTERFERE WITH CONTINUOUS BEARING OF THE INSULATED PANEL LINER FACE.

ALIGNMENT AT TRANSITION AREAS, SUCH AS CORNERS AND EAVE, SHALL BE WITHIN 1/8" OF THE THEORETICAL PLANE TO ACCOMMODATE CORNER PANELS AND FORMED FLASHING.

MISALIGNED SECONDARY STEEL MAY REQUIRE THE ERECTOR TO SHIM THE INSULATED WALL PANELS AT SOME LOCATIONS. SHIMS AND LABOR FOR INSTALLING SHIMS ARE NOT BY NBG.

DO NOT OVERDRIVE FASTENERS: OVERDRIVING FASTENERS CAN CAUSE DAMAGE AND DISTORTION OF THE PANEL FACE.

DO NOT SKIP ATTACHMENTS AT SECONDARY SUPPORT MEMBERS: PANELS MUST BE ATTACHED AT EACH GIRT LINE IN PROGRESSION. SECURING PANELS AT TOP AND BOTTOM ONLY CAN CAUSE PANELS TO BOW AND IT MIGHT BE IMPOSSIBLE FOR THEM TO RETURN TO THEIR NORMAL POSITION.

WEATHER TIGHTNESS REQUIREMENTS

TO PREVENT CONDENSATION ISSUES CARE MUST BE TAKEN BY THE INSULATED PANEL INSTALLER TO ENSURE PROPER SEALING OF THE BUILDING.

NOTE THE FOLLOWING:

ALL MATERIALS MUST BE INSTALLED AS SHOWN ON THE PROVIDED ERECTION DETAILS.

ALL PERIMETER CAULKING AND BUTYL SEALANT APPLICATIONS MUST BE INSTALLED AS AS SHOWN ON THE ERECTION DETAILS.

- CONTINUOUS CAULK AND TAPE MASTIC APPLICATIONS (FACTORY OR FIELD) MUST BE CAREFULLY INSPECTED AND ANY VOIDS FOUND MUST BE FIELD APPLIED.
- GAPS, VOIDS OR AIR SPACE CREATED AT PANEL TO PANEL TRANSITIONS; AS AT RAKE, LOW EAVE, RIDGE, HIGH SIDE EAVE, ROOF TO WALL OR CORNERS MUST BE FIELD FILLED WITH FOAM SPRAY IN PLACE INSULATION (BY OTHERS).

NBG WILL NOT BE RESPONSIBLE FOR ANY CONDENSATION ISSUES THAT MAY OCCUR DUE TO IMPROPER INSTALLATION.

IF THE ERECTOR IS NOT EXPERIENCED WITH THE INSULATED PANELS SUPPLIED BY NBG, IT IS STRONGLY RECOMMENDED THAT A FIELD TECHNICIAN BE ON SITE BEFORE BEGINNING PANEL INSTALLATION. PANEL INSTALLATION. CONTACT YOUR PROJECT COORDINATOR TO REQUEST AND SCHEDULE A FIELD TECHNICIAN.

FIELD CUTTING:

SOME FIELD CUTTING OF PANELS AND FLASHING WILL BE REQUIRED. IT IS THE WORKERS RESPONSIBILITY TO MAKE SURE ALL SAFETY PRECAUTIONS ARE FOLLOWED. SOME SAFETY PRECAUTIONS INCLUDE, BUT ARE NOT LIMITED TO; EYE PROTECTION, ADEQUATE VENTILATION, NO SMOKING AND AVOID EXPOSING PANELS TO HIGH HEAT.

PANELS ARE TO BE CUT ONE METAL SIDE AT A TIME AND THE INSULATION CAN BE REMOVED WITH A SERRATED KNIFE. A CIRCULAR SAW WITH AN APPROPRIATE BLADE SET TO CUT THROUGH THE METAL SKIN ONLY CAN BE USED. CIRCULAR SAWS WITH ABRASIVE BLADES ARE NOT ACCEPTABLE. BE SURE TO CUT COMPLETELY THROUGH THE METAL SKIN AT THE PANEL SIDE JOINTS. A CIRCULAR SAW WITH A **PROPER CARBIDE BLADE** MAY BE USED. **CHECK THE SAW BLADE MANUFACTUER'S SPECIFICATIONS FOR PROPER APPLICATION.**

RECOMMENDED CUTTING TOOLS INCLUDE:

(1) CIRCULAR SAW
(2) PANEL NIBBLER
(3) PANEL SAW
(4) SERRATED KNIFE
(5) BLADE OF A CARPENTER'S HAND SAW

IMP CUTTING PROCEDURES:

- MEASURE THE AREA TO CUT & MARK A LINE ON PANEL SURFACE (DO NOT USE GRAPHITE TO MARK PANEL).
- USE ADHESIVE TAPE ON BOTH SIDES OF THE CUTTING LINE TO PROTECT PANEL SURFACE.
- CONFIRM MEASUREMENT, AND PROCEED WITH CUTTING OPERATION.
- ALWAYS PROMPTLY CLEAN PANEL SURFACES TO REMOVE ANY METAL DUST OR FILINGS FROM CUTTING OPERATIONS.
- IF NECESSARY TURN PANEL OVER AND REPEAT STEPS ABOVE ON OPPOSITE SIDE.
- FILE OR SAND OFF ANY BURRS ON THE CUT EDGE OF THE PANEL. THE PANEL WILL THEN BE READY FOR INSTALLMENT. THE INSTALLER MUST CONSIDER THE APPLICATION OF THE CONTINUOUS BEAD OF SEALANT, & IF NECESSARY, THE CUTTING OF THERMAL BREAKS PRIOR TO INSTALLATION; SUCH TASKS SHALL BE DONE ON THE GROUND.
- FIELD-CUT EDGES SHOULD ALWAYS BE COVERED WITH TRIMS.

THE PANEL/BLDG MANUFACTURER **WILL NOT** BE RESPONSIBLE FOR DAMAGE TO PANELS CAUSED BY IMPROPER CUTTING METHODS.

- **NEVER** USE A RECIPROCATING SAW TO CUT INSULATED PANELS. RECIPROCATING SAWS CAN CAUSE STRUCTURAL DAMAGE TO THE INSULATED PANELS BY DELAMINATING THE PANEL FACE METAL FROM THE FOAM CORE MATERIAL.
- **NEVER** USE ANY TYPE OF TORCH TO CUT INSULATED PANEL.
- **NEVER** SUBJECT AN INSULATED PANEL TO THE HEAT OF A TORCH EVEN WHEN CUTTING NEARBY STEEL. HIGH HEAT WILL DAMAGE THE PANEL FINISH AND CAN CAUSE THE FOAM CORE TO PRODUCE FUMES WHICH MAY BE IRRITATING TO SOME INDIVIDUALS.
- **NEVER** BURN REMNANTS, DISPOSE OF INSULATED PANEL REMNANTS BY DEPOSITING IN PROPER GARBAGE FACILITIES.

ACCESSORIES:

- TRIMS LENGTHS SUPPLIED WILL VARY AND MAY REQUIRE SOME FIELD CUTTING.
- TRIM COLOR AVAILABILITY MATCHES PANEL COLOR AVAILABILITY.

TRIM ATTACHMENT:

TRIMS ARE FASTENED WITH BLIND RIVETS OR STITCH SCREWS, PAINTED TO MATCH TRIM COLOR. REFER TO THE ERECTION DETAILS AND THE ERECTION DRAWINGS FOR LOCATIONS AND FASTENING SPACING.

THERMAL WINDOW:

DUE TO THE ISOLATIVE PROPERTIES AND CONNECTION REQUIREMENTS OF THE WALL SYSTEM, THERMAL BREAK WINDOWS ARE RECOMMENDED FOR USE WITH INSULATED WALL PANELS.

SURFACE CLEANING PROCEDURES:

GENERAL:

DIRT, OIL, GREASE, FINGERPRINTS OR ANY OTHER TYPE ON CONTAMINATE MUST BE COMPLETELY REMOVED WHEN INSTALLATION IS COMPLETE IN ORDER TO MAXIMIZE COATING PERFORMANCE.

STEEL FILINGS FROM ADJACENT WORK MAY BECOME EMBEDDED IN THE PAINT SURFACE. THESE FILINGS WILL RUST AND FORM UNSIGHTLY RED SPOTS ON THE PAINTED SURFACE THAT CAN BECOME LARGER THAN THE ORIGINAL FILING. WHEN USING SAWS, DRILLS OR CUTTING DISCS, PROTECT THE PAINTED SURFACED WITH A NON-FLAMMABLE COVER AND REMOVE OR COVER ADJACENT OR NEARBY PANELS IF POSSIBLE.

BRUSH ANY FILINGS OF STEEL OFF THE PAINTED SURFACE. EMBEDDED FILINGS SHOULD BE REMOVED MECHANICALLY. CARE SHOULD BE TAKEN BY WORKMEN TO AVOID STEPPING ON OR EXERTING PRESSURE AGAINST ANY STEEL FILINGS WHICH MAY BECOME EMBEDDED IN THE PAINTED SURFACE.

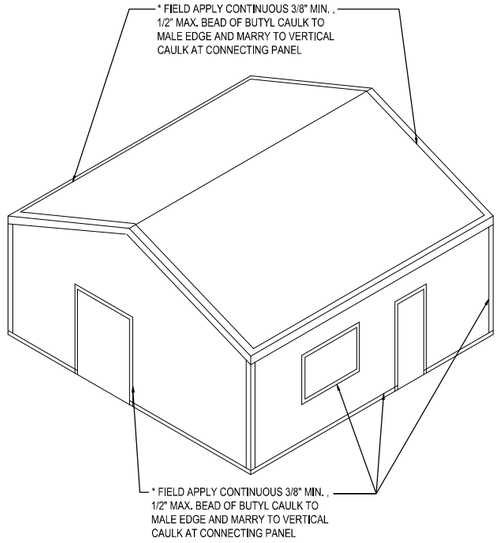
THINGS TO REMEMBER WHEN CLEANING:

USE ONLY MILD DETERGENTS	(NO LEMON, ALCOHOL OR AMMONIA INGREDIENTS)
USE ONLY SOFT BRISTLE BRUSHES	(NO SCRUB TYPE OR WIRE BRISTLES)
USE ONLY LUKEWARM WATER	(NO HOT WATER)

LIGHT OR PERIODIC CLEANING MAY BE ACCOMPLISHED ON A REGULAR BASIS BY WASHING WITH PLAIN WATER USING A STANDARD GARDEN HOSE OR LOW PRESSURE SPRAYER IS USUALLY SUFFICIENT TO REMOVE MOST CONTAMINATION.

CAULKING COMPOUNDS, OIL, GREASE, TARS, WAX AND SIMILAR SUBSTANCES CAN BE REMOVED BY WIPING WITH A CLOTH SOAKED IN MINERAL SPIRITS. WIPE ONLY CONTAMINATED AREAS AND FOLLOW WITH DETERGENT AND THOROUGHLY CLEAN WITH WATER.

SURFACE REPAIR PROCEDURES:



IF "TOUCH UP" PAINT IS REQUIRED CONTACT YOUR PROJECTS CUSTOMER SERVICE COORDINATOR.

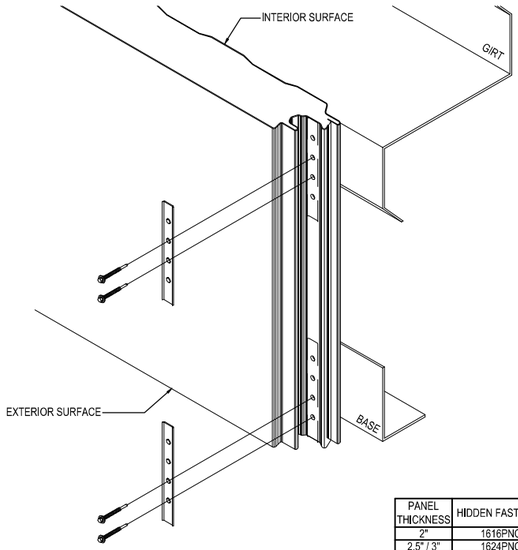
PRECAUTIONS:

PROTECT EYES, FACE, AND HANDS FROM DIRECT CONTACT WITH TOUCH-UP PAINT AND/OR SOLVENTS. PROVIDE GOOD VENTILATION IN WORK AREA. ENFORCE NO SMOKING. REMOVE ALL SOURCES OF IGNITION. THESE COATINGS AND SOLVENTS ARE FLAMMABLE.

1. LIGHTLY SAND OR FEATHER EDGES OF DEEP SCRATCHES USING #400 GRIT SAND PAPER
2. WIPE SCRATCHES AND ADJACENT AREAS USING A LINT FREE CLOTH DAMPENED IN MINERAL SPIRITS.
3. ALLOW AREA TO DRY THOROUGHLY BEFORE APPLYING TOUCH-UP PAINT.
4. SHAKE / STIR PAINT TO MIX THOROUGHLY BEFORE APPLYING.
5. CHECK TOUCH-UP PAINT FOR CORRECT MATCH BEFORE APPLYING.
6. APPLY THIN LAYER OF TOUCH-UP PAINT TO DAMAGED AREA. REPEAT LAYERS AS REQUIRED.

PERIMETER CAULKING:

PERIMETER CAULKING IS A CRITICAL PART OF THE PANEL INSTALLATION. NOT INSTALLING THE PERIMETER CAULKING WILL LEAD TO AIR LEAKS, WHICH WILL LEAD TO CONDENSATION AND / OR FROST. REFERENCE THE DETAILS AND THE ERECTION MANUAL FOR PROPER CAULKING PLACEMENT.



FIELD INSTALLED INSULATION NOTE

IT IS THE RESPONSIBILITY OF THE ERECTOR TO FIELD FILL ALL AIR VOIDS WITH INSULATION. UNINSULATED AREAS WILL CAUSE HOT AND COLD SPOTS THAT CAN CAUSE CONDENSATION AND/OR FROST. THESE VOIDS COMMONLY HAPPEN AROUND THE PERIMETER OF THE BUILDING. FAILURE TO DO SO WILL CAUSE FUTURE PROBLEMS.

EXHIBIT 7
WEST WENDOVER FIRE STATION/EOC
PROJECT USEFUL LIFE

As documented in various publications such as the March 1, 2018 Edition of *FIREHOUSE - Station Design Supplement: Planning Pitfalls* and the September 3, 2019 *NFPA Today – Just how old are U.S. fire stations? Pretty old;* publications attached hereto. Fire station facilities are generally considered to have at a minimum a 50-year useful life though often times fire station facilities serve well beyond such limitations extending 60 to 75 years and beyond. This is dependent upon on the type of original construction, the ability to incorporate modernization and/or remodel components and apparatus or future phases to a facility and finally being dependent upon the community in which the stations are located.

In the case of the new West Wendover Fire Station/EOC facility, the useful life considerations would as well be at least 50 years. The existing facility which was constructed under general temporary construction standards in 1983 is now 40 years old. With regard to the new Fire Station facility, USDA Rural Development placed a term on the financing for the facility at 38 years.

With regards to annual maintenance for the new Fire Station/EOC such costs will be covered under the existing Fire Department annual budget. Given the age of the current facility (c.1985) it is anticipated that though the new facility is much larger in size the maintenance costs will be similar or slightly higher, given the 2023 design standards including current NFPA which provides for a much more efficient building operations (i.e. utility costs).

Provided in ***Figure 1*** below is the current FY2024 operational budget of the West Wendover Fire Department for reference.

Independent Auditors' Report

The Honorable Mayor and Board
West Wendover, Nevada

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of West Wendover, Nevada (the City), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As discussed in Note 1 to the financial statements, in fiscal year 2022, the City implemented the provisions of GASB Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

The City's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

HintonBurdick.com 888-566-1277

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for one year after the date that the financial statements are issued or when applicable, one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and the pension and OPEB related schedules and notes, as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The major fund budgetary comparison schedules, combining and individual non-major fund budgetary schedules, and the component unit supplementary schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the major fund budgetary comparison schedules, the combining and individual non-major fund budgetary schedules, and the component unit supplementary schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2022 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF WEST WENDOVER, NEVADA
MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of West Wendover (City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2022. Please read it in conjunction with the accompanying basic financial statements.

FINANCIAL HIGHLIGHTS

- Total assets plus deferred outflows exceed total liabilities plus deferred inflows (net position) by $32.5 million at the close of the fiscal year.
- Total net position increased by $4.5 million from the prior year.
- Governmental activities net position increased by $2.6 million. Business-type net position increased by $1.9 million.
- Total revenues from all governmental sources were $12.07 million and the total cost of all City programs were $9.4 million.
- The General Fund revenues exceeded expenditures, excluding transfers, by $2.76 million.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was $4,442,811, or 70% of total General Fund expenditures, excluding transfers.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The three components of the financial statements are: (1) Government-wide financial statements which include the Statement of Net Position and the Statement of Activities. These statements provide information about the activities of the City as a whole. (2) Fund financial statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. (3) Notes to the financial statements.

Reporting the City as a Whole

The Statement of Net Position and the Statement of Activities (Government-wide)

A frequently asked question regarding the City's financial health is whether the year's activities contributed positively to the overall financial well-being. The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include *all* assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes in them. Net position, the difference between assets and liabilities, are one way to measure the City's financial health, or financial position. Over time, increases or decreases in net position are an indicator of whether the financial health is improving or deteriorating. However, it is important to consider other non-financial factors such as changes in the City's property tax base or condition of the City's roads to accurately assess the overall health of the City.

The Statement of Net Position and the Statement of Activities, present information about the following:

- Government activities – All of the City's basic services are considered to be governmental activities, including general government, judicial, public safety, community development, health and sanitation, culture and recreation, community support, and interest on long-term debt. Consolidated tax, room tax, ad valorem tax, county gaming tax, franchise tax, right of way tolls, motor vehicle tax, and unrestricted investment earnings finance these activities.

- Proprietary activities/Business type activities – The City charges a fee to customers to cover all or most of the cost of the services provided. The City's water, sewer, and garbage / compost systems are reported in this category.

Reporting the City's Most Significant Funds

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds—not the City as a whole. Some funds are required to be established by State law and others are established by City resolution or by bond covenants. However, management establishes many other funds which aid in the management of money for particular purposes or meet legal responsibilities associated with the usage of certain taxes, grants, and other money. The City's two kinds of funds, *governmental* and *proprietary*, use different accounting approaches as explained below.

- *Governmental funds* – Most of the City's basic services are reported in governmental funds. Governmental funds focus on how resources flow in and out with the balances remaining at year-end that are available for spending. These funds are reported using an accounting method called the *modified accrual* accounting method, which measures cash and all other *financial* assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the City's general government operations and the basic services it provides. Government fund information shows whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental *activities* (reported in the Statement of Net Position and the Statement of Activities) and governmental *funds* in a reconciliation included with the Basic Financial Statements.

- *Proprietary funds* – The City maintains enterprise and internal service funds under this category. Enterprise funds are used to account for functions presented in the business-type section of the government-wide financial statements. Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government.

Notes to the Financial Statements

Notes to the financial statements are included to provide information that is crucial to the full and complete understanding of the data provided in the financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the City's financial position. The City's combined assets exceed liabilities by $32.5 million as of June 30, 2022 as shown in the following condensed statement of net position. The City has chosen to account for its water, sewer, and garbage/compost operations in enterprise funds which are shown as Business Activities.

City of West Wendover, Nevada

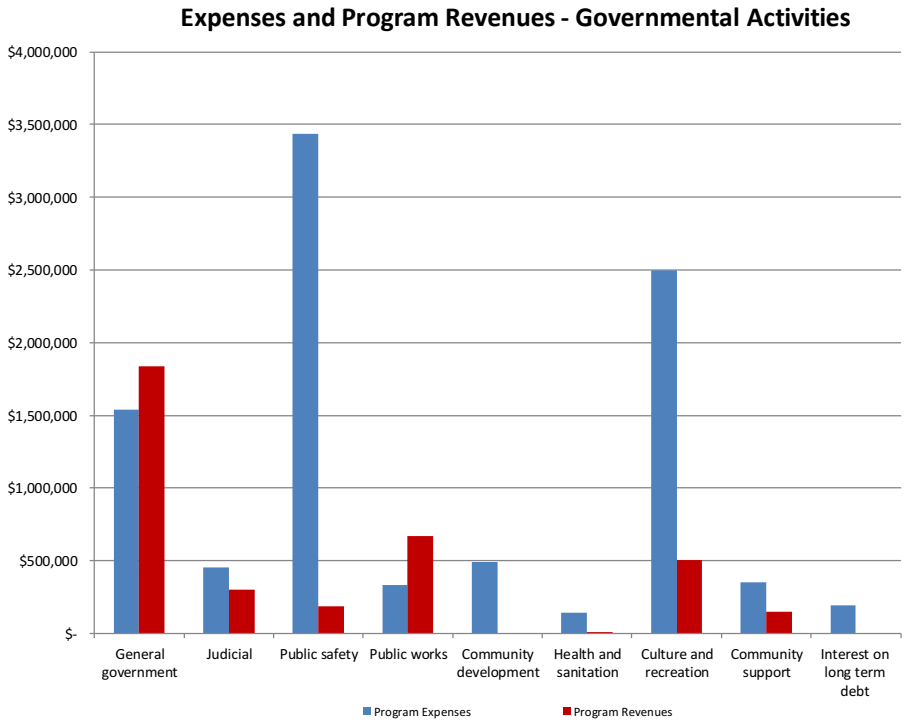
Governmental Activities

The cost of all Governmental activities this year was $9,438,727. As shown on the statement of Changes in Net Position on the following page, $1,597,973 of this cost was paid for by those who directly benefited from the programs; $2,048,931 was subsidized by grants received from other governmental organizations for both capital and operating activities. Overall governmental program revenues, including intergovernmental aid and fees for services were $3,646,940. General taxes, asset sales, and other general revenues totaled $8,425,429.



The City's programs include: general government, judicial, public safety, public works, community development, health and sanitation, culture and recreation, community support, and interest on long-term debt. Each programs' total cost is presented below.

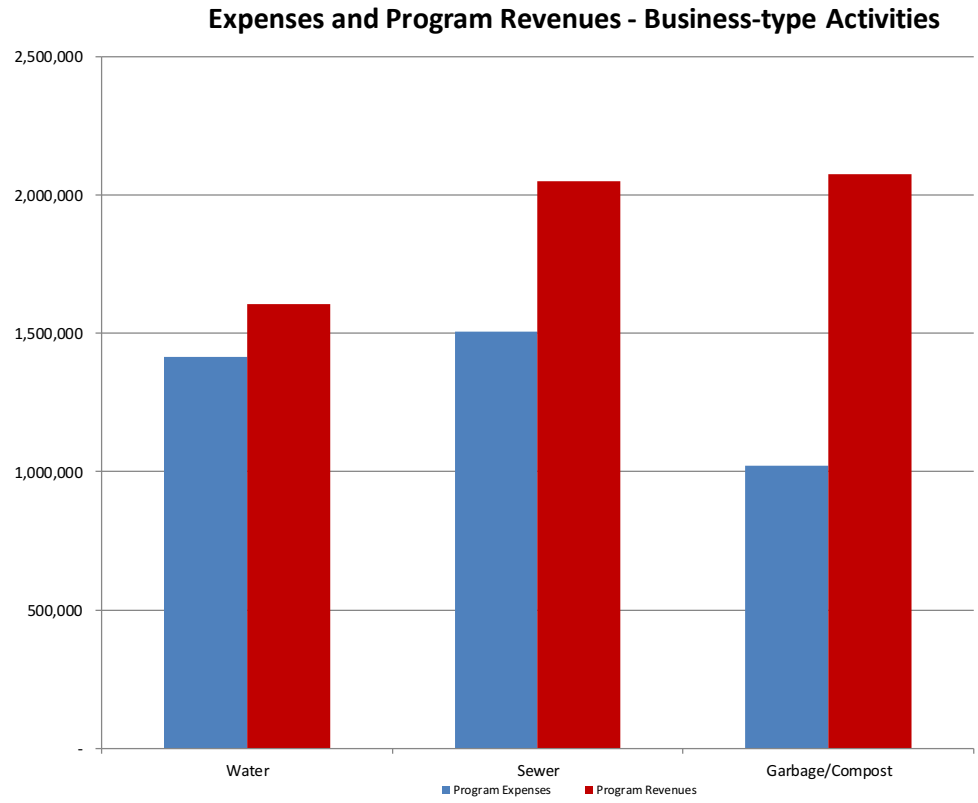
Total resources available during the year to finance governmental operations were $23,973,662 consisting of Net Position at July 1, 2021 of $11.9 million, program revenues of $3.6 million and General Revenue of $8.4 million. Total cost of Governmental Activities during the year were $9.4 million; thus, Governmental Net Position increased by $2,633,606 to $14.6 million.



The following graphs compare program expenses to program revenues and provide a breakdown of revenues by source for all government activities. The charts below are derived from the Statement of Activities on page 15.

Business Type Activities

Net position of the Business Type activities at June 30, 2022, as reflected in the Statement of Net Position was $17.9 million. The cost of providing all Proprietary (Business Type) activities this year was $3.9 million. As shown in the Statement of Activities, the amounts paid by users of the system were $4.3 million and $1,399,752 was subsidized by capital grants and contributions. Unrestricted investment earnings totaled $50,726; other revenue totaled $57,096, thus, net position increased by $1,892,972.

Financial Analysis of the Government's Funds

As noted earlier, the City of West Wendover uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds: The focus of the City of West Wendover's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of West Wendover's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of West Wendover's governmental funds reported combined ending fund balances of $6,032,212, an increase of $1,596,510 in comparison with the prior year. 88% of the total fund balance or $4,442,811 constitutes unassigned fund balance, which is available for new spending at the government's discretion.

The general fund is the chief operating fund of the City of West Wendover. At the end of the current fiscal year, unassigned fund balance in the general fund was $4,442,811, and total fund balance is $5,011,874. As a measure of liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Total unassigned fund balance represents 70% of total general fund expenditures. During the year, the City of West Wendover's general fund balance was budgeted to increase by $217,371. The total fund balance increased by $1,190,119 due primarily to increases in consolidated tax revenue and lower expenditures then budgeted.

The recreation fund has a fund balance of $260,624, all of which is restricted for culture and recreation appropriation. Change in fund balance for the year was $97,021.

Proprietary funds

The City of West Wendover's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

At June 30, 2022, unrestricted net position amounted to $1,080,614 for the water fund. The change in net position for fiscal year 2022 was $263,148 and the change in net position for fiscal year 2021 was ($58,263). The increase in the change in net position from the prior year was due to American Recue Plan Act grant revenues.

At June 30, 2022, unrestricted net position amounted to $745,705 for the sewer fund. The change in net position for fiscal year 2022 was $550,939 and the change in net position for fiscal year 2021 was ($363,681). The increase in the change in net position from the prior year was due to American Recue Plan Act grant revenues.

At June 30, 2022, unrestricted net position amounted to $2,891,207 for the garbage/compost fund. The change in net position for fiscal year 2022 was $1,078,885 and the change in net position for fiscal year 2021 was $357,816. The increase in the change in net position from the prior year was due to an increase in operating revenues and American Recue Plan Act grant revenues.

General Fund Budgetary Highlights

Actual expenditures for the General Fund at year-end were $727,941 less than the final budget. The favorable budget to actual variance in appropriations was principally due to overall savings in services and supplies for all departments. Actual revenues were more than the final budget by $254,038.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The capital assets of the City are those assets that are used in performance of City functions including infrastructure assets. Capital Assets include equipment, buildings, land, park facilities and roads. At the end of fiscal year 2022, net capital assets of the government activities totaled $19.9 million and the net capital assets of the business-type activities totaled $15.8 million. Depreciation on governmental-type capital assets is recognized in the Government-Wide financial statements. (See note 6 to the financial statements.)

Long Term Liabilities

At year-end, the City had $10.2 million in governmental type long term liabilities, and $6.6 million in proprietary long term liabilities. The liabilities amounts to $3,928 per capita (4,273 – 2019 population US Census Bureau Website 2019). The City's net decrease in total long term liabilities was $2,680,528. (See note 7 to the financial statements for detailed descriptions.)

NEXT YEAR'S BUDGET AND ECONOMIC FACTORS

In considering the City budget for fiscal year 2022-2023, the City Council and management continue to remain cautious as to the growth of revenues and expenditures as the City moves forward from the impact of COVID-19.

The City entered into a three year Collective Bargaining Agreement with the Police Officers Association, effective July 1, 2021 through June 30, 2024, which provides for a total six percent (6%) increase in wages over three (3) years. The City also entered into a three year labor agreement with Local 4041, effective July 1, 2021 through June 30, 2024, which also provides for a total six percent (6%) increase in wages over three (3) years for all classifications with the exception of dispatchers. Dispatcher and lead dispatcher classifications shall have a total nine percent (9%) increase in wages over the next three (3) fiscal years.

Projects that are reflected in the City Budget for the fiscal year 2022-2023 are as follows:

- The acquisition of the BLM land has been completed and the City may now proceed with the downtown development project. Phase I of the City downtown development is estimated to cost $8.072M. The fire station facility is estimated to cost $8.992M.
- The City will complete street rehabilitation on Wendover Blvd for $830K, and complete pedestrian enhancement at Exit-410 for $100K

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, please contact the City's Chief Financial Officer at the City of West Wendover, 1111 N. Gene L. Jones Way, West Wendover, Nevada 89883 or visit us online at http://www.westwendovercity.com

CITY OF WEST WENDOVER, NEVADA
Reconciliation of the Balance Sheets of Governmental Funds
To the Statement of Net Position
June 30, 2022

Total fund balances - governmental funds		$ 6,032,212
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		
Governmental capital assets	$ 32,378,479	
Accumulated depreciation	(12,514,414)	
		19,864,065
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.		
Net pension liabilities	$ (4,345,361)	
Bonds payable	(5,492,583)	
Compensated absences	(346,167)	
Interest payable	(22,427)	
		(10,206,538)
The internal service fund is used by management to charge the cost of insurance to individual funds. The assets and liabilities of the internal service funds are included in the governmental activities in the statement of net position.		148,443
Deferred outflows and inflows of resources related to pensions are applicable to future reporting periods and, therefore, are not reported in the funds.		
Deferred outflows	$ 2,701,647	
Deferred inflows	(3,927,012)	
		(1,225,365)
Total net position - governmental activities		$ 14,612,817

The accompanying notes are an integral part of the financial statements.

CITY OF WEST WENDOVER, NEVADA
Reconciliation of the Statement of Revenues,
Expenditures, and Changes in Fund Balances of Governmental Funds
To the Statement of Activities
For the Year Ended June 30, 2022

Amounts reported for governmental activities in the statement of activities are different because:		
Net change in fund balances - total governmental funds		$ 1,518,587
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the costs of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.		
Capital outlay	$ 1,868,889	
Depreciation expense	(918,470)	950,419
Payments on long term receivables recorded as revenue in the governmental funds are reported as a reduction of receivables in the statement of net position.		(199)
The issuance of long-term debt (e.g., bond, leases) provides current financial resources in the governmental funds but increases long-term liabilities in the statement of net position.		(855,253)
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.		386,119
Accrued interest for long-term debt is not reported as an expenditure for the current period while it is recorded in the statement of activities. The adjustment reflects the change in interest payable		(4,528)
Pension contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the net pension liability is measured a year before the City's report date. Pension expense, which is the change in the net pension liability adjusted for changes in deferred outflows and inflows of resources related to pension, is reported in the Statement of Activities.		
Pension contributions	$ 539,945	
Pension expense	161,745	701,690
Compensated absences expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds. This adjustment reflects the change in compensated absences payable.		(36,237)
The internal service fund is used by management to charge the cost of insurance to the various funds. The net revenue (loss) of the internal service fund is reported with governmental activities.		(26,992)
Change in net position of governmental activities		$ 2,633,606

The accompanying notes are an integral part of the financial statements.

NOTE 1. Summary of Significant Accounting Policies

Description of government-wide financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

Reporting Entity

The City of West Wendover (government) is a municipal corporation governed by an elected mayor and five-member governing council (council). The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

Discretely presented component units - The Johnson Springs Water System Enterprise Fund (Johnson Springs) was formed by a settlement agreement between the City of West Wendover, Nevada and the City of Wendover, Utah to replace Administrative Authority upon its dissolution (dissolved on December 31, 2008). Johnson Springs has no board. The net assets of the Administrative Authority were transferred to Johnson Springs on January 1, 2009, including the debt of the Administrative Authority that is in the name of the City. It is a separate enterprise fund and is considered a component unit due to the City's responsibility to perform all management, maintenance and accounting duties for the fund.

Basis of presentation – government-wide financial statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As discussed earlier, the city has one discretely presented component units, Johnson Springs, which is considered a major component unit and is shown in separate columns in the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

NOTE 1. Summary of Significant Accounting Policies, Continued

Basis of presentation – fund financial statements

The fund financial statements provide information about the government's funds, including its fiduciary funds and blended component units if any. Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The government reports the following major governmental funds:

The **General Fund** is the government's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The **Recreation Fund** is used to account for the City's share of room tax proceeds and the distribution of those funds to the recreation district.

The **Capital Projects Fund** is used to account for the acquisition or construction of capital facilities as outlined in Resolution 1997-14.

The government reports the following major enterprise funds:

The **Water Fund** accounts for the provision of water services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operation, maintenance, financing and related debt service and billing and collection.

The **Sewer Fund** accounts for the provision of sewer services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operation, maintenance, financing and related debt service and billing and collection.

The **Garbage/Compost Fund** is used to account for the provision of sanitation services to residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operation, maintenance, financing and related debt service and billing and collection.

Additionally, the City reports the following fund types:

Health Insurance Internal Service Fund – Internal Service Funds are used to account for the financing of goods and services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

NOTE 1. Summary of Significant Accounting Policies, Continued

During the course of operations the government has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Measurement focus and basis of accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such *as current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement* focus and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service principal and interest expenditures on general long-term debt, including lease liabilities as well as expenditures related to compensated absences, and claims and judgments, postemployment benefits and environmental obligations are recognized later based on specific accounting rules applicable to each, generally when payment is due. General capital asset acquisitions, including entering into contract giving the City the right to use leased assets, are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under leases are reported as other financing sources.

NOTE 1. Summary of Significant Accounting Policies, Continued

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of yearend). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of yearend). All other revenue items are considered to be measurable and available only when cash is received by the government.

The proprietary funds are reported using the *economic resources measurement* focus and the *accrual basis of accounting*.

Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance

Cash and cash equivalents

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

Investments for the government are reported at fair value (generally based on quoted market prices). The City of West Wendover invests in the State of Nevada Local Government Investment Pool, which has regulatory oversight from the Board of Finance for the State of Nevada.

State statues authorize the City to invest in obligations of the U.S. Treasury; certain farm loan bonds; certain securities issued by Nevada local governments and other state and local governments; certain repurchase agreements; certain bankers acceptances; certain commercial paper; and certain negotiable certificates of deposits and money market mutual funds, as well as the State of Nevada Local Government Investment Pool.

Inventories and prepaid items

Inventories for the general and proprietary funds are valued at cost using the first-in/first-out (FIFO) method and consist of expendable office supplies, pipe, fittings and miscellaneous automobile parts. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased.

For all other funds, the City of West Wendover charges consumable supplies against appropriations at the time of purchase. Any inventories of such supplies at June 30 are not material to the individual funds and are not recognized in the financial statements.

NOTE 1. Summary of Significant Accounting Policies, Continued

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased

Capital assets

Capital assets are tangible and intangible assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than $5,000 and an estimated useful life in excess of two years.

The City has elected not to record infrastructure assets prior to July 1, 2003 as allowed by Governmental Accounting Statement number 34 for phase 3 governments.

As the government constructs or acquires additional capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost (except for intangible right-to-use assets, the measurement of which is discussed in note 8). The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or increase its estimated useful life. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

Interest incurred during the construction phase of capital assets of enterprise funds is included as part of the capitalized value of the assets constructed. The amount of interest capitalized depends on the specific circumstances.

Land and construction in progress are not depreciated. The other property, plant, equipment, and infrastructure of the primary government are depreciated using the straight line method over the following estimated useful lives:

Building	35 to 50 years
Improvements other than buildings	20 to 30 years
Machinery, equipment, and vehicles	3 to 10 years
Utility systems	10 to 50 years

Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The City has one item that qualifies for reporting in this category which is pension related items reported on the government-wide financial statements. See footnote 17 for more information.

NOTE 1. Summary of Significant Accounting Policies, Continued

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has two types of items that qualify for reporting in this category which are pension and lease related items reported on the government-wide financial statements. See footnote 17 and 8 for more information, respectively. The governmental funds report unearned revenues from two sources: advance payments for business licenses and advance payments for gaming licenses. These amounts are deferred and recognized as an inflow of resources in the period that the amounts available. In the government-wide financial statements the City reports deferred amounts related to leases and deferred amounts related to pension and OPEB.

Net position flow assumption

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Fund balance flow assumptions

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund balance policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The government itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. The governing council is the highest level of decision-making authority for the government that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

NOTE 1. Summary of Significant Accounting Policies, Continued

Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as committed. The city council (council) has by resolution authorized the Mayor, City Manager, and Chief Financial Officer to assign fund balance. The council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Leases

The City is a lessor for a noncancellable lease of a building. The City recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements. At the commencement of a lease, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term.

Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date.

Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.
Key estimates and judgments include how the City determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The City monitors changes in circumstances that would require a remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

Revenues and Expenditures/Expenses

Program revenues

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

NOTE 1. Summary of Significant Accounting Policies, Continued

Property taxes

All real property within the City of West Wendover is assigned a parcel number by the Elko County Assessor in accordance with state law, with each parcel being subject to physical reappraisal every five years. A factoring system is used to adjust the appraised value during the years between physical appraisals. The property and its improvements are assessed at 35% of "taxable value" as defined by statute. The amount of tax levied is developed by multiplying the assessed value by the tax rate applicable to the area in which the property is located. The maximum tax rate was established in the State Constitution at $5 per $100 of assessed valuation; however, as a result of legislative action, the tax rate was further limited to $3.64 per $100 as assessed valuation, except in cases of severe financial emergency as defined by NRS 354.705. Taxes on real property are a lien on the property and attach on July 1 of the year for which the taxes are levied.

Taxes may be paid in four installments, the first installment is due on the third Monday of August and the remaining three installments are payable on the first Monday in October, January and March to the Treasurer of Elko County in which the City of West Wendover is located. Penalties are assessed if a taxpayer fails to pay an installment within ten days of the installment due date. After a two year waiting period, if the taxes remain unpaid, a tax deed is issued conveying the property to the County with a lien for back taxes and accumulated charges. Redemption may be made by the owner or such persons as described by statute by paying all back taxes and accumulated penalties, interest and costs before sale.

Taxes on personal property are collected currently. Personal property declarations are mailed out annually by the County and the tax is computed using percentages of taxable values established by the Department of Taxation and the tax rates described above.

Compensated absences

Vacation and Sick-leave

The city's policy permits employees to accumulate earned but unused vacation benefits, which are eligible for payment upon separation from government service. The liability for such leave is reported as incurred in the government-wide and proprietary fund financial statements. A liability for those amounts is recorded in the governmental funds only if the liability has matured as a result of employee resignations or retirements.

Per City Policy and Collective Bargaining Agreements, employees earn (accrue) sick leave benefits which they are eligible to receive upon separation of service at a determined percentage based upon total years of service and based upon the required notice of separation.

NOTE 1. Summary of Significant Accounting Policies, Continued

Proprietary funds operating and non-operating revenues and expenses

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water fund, sewer fund, and garbage/compost facility fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plan's fiduciary net position of the Public Employees' Retirement System of Nevada (PERS) and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Comparative Data

Comparative data shown for the prior year has been extracted from the 2020-2021 financial statements and reclassified where necessary. It has been provided to add comparability but is not considered full disclosure of transactions for 2020-2021. Such information can only be obtained by referring to the audited financial statements for that year.

New Pronouncements

For the year ended June 30, 2022, the City implemented the provisions of GASB Statement No. 87, Leases. GASB Statement No. 87 improves accounting and financial reporting for leases by governments. This Statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. The Statement also establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset.

NOTE 2. Reconciliation of Government-Wide and Fund Financial Statements

The governmental fund balance sheet includes reconciliation between total governmental fund balances and net position of governmental activities as reported in the government-wide statement of net position. This difference primarily results from the long-term economic focus of the statement of net position versus the current financial resources focus of the governmental fund balance sheets. The details of these differences are reported in the reconciliation on as listed in the table of contents.

The governmental fund statement of revenues, expenditures, and changes in fund balance includes a reconciliation between net changes in fund balances-total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. These differences are the result of converting from the current resources measurement focus and modified accrual basis for governmental fund statements to the economic resources measurement focus and full accrual basis used for government-wide statements. The details of these differences are reported in the reconciliation as listed in the table of contents.

NOTE 3. Stewardship, Compliance, and Accountability

Budgets and Budgetary Accounting

The City adheres to the Local Government Budget Act incorporated in Section 354 of the Nevada Revised Statutes. The provision of the Act included the following major procedures to establish the budgetary data which is reflected in these financial statements.

a. On or before April 15, the City Council files a tentative budget with the Nevada Department of Taxation for all funds.

b. Public budget hearings on the tentative budget are held on the third Tuesday of May.

c. On or before June 1, at a public hearing, the City Council indicates changes, if any, to be made to the tentative budget must then be forwarded to the Nevada Department of Taxation for the final review and approval.

d. Formal budgetary integration in the financial records of all funds is employed to enhance management control during the year.

e. Budgets for all funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). All appropriations lapse at year end.

f. Budget amounts within funds, and between funds, may be transferred if amounts do not exceed the original budget. Such transfers must be approved by the budget officer and/or City Council, depending on established criteria. Budget augmentations in excess of original budgetary amounts may only be made with prior approval of the City Council, following a scheduled and noticed public hearing for those funds which have ad valorem taxes allocated as a source of revenue. For all other funds, the City Council must approve the budget augmentation with a majority vote and adopt a resolution providing therefore.

g. The above dates may be adjusted as necessary during legislative years.

h. The budget amounts reflected in the financial statements have been amended from the original amounts in accordance with the approved procedures.

i. In accordance with state statute, actual expenditures may not exceed budgeted appropriations of the various governmental functions (excluding the debt services functions) in the General Fund and total expenditures in other governmental funds. Per NRS 354.626, expenditures over budgeted appropriations are allowed for bond repayments, medium term obligation repayments and long-term contracts expressly authorized by law.

NOTE 4. Cash and Investments

A reconciliation of cash deposits and investments to the government-wide statement of net position as follows:

	Primary Government	Component Unit
Deposits:		
Cash on hand	$ 1,575	$ -
Cash in bank	11,306,380	(836,451)
Investments:		
Nevada local government investment pool	1,520,947	1,396,053
Total deposits and investments	$ 12,828,903	$ 559,602
Cash and cash equivalents	$ 11,620,755	$ 559,602
Restricted cash	1,208,148	-
	$ 12,828,903	$ 559,602

Deposits

Custodial Credit Risk

For deposits this is the risk that in the event of a bank failure, the government's deposit may not be returned. The City does not have a formal policy for custodial credit risk. As of June 30, 2022, $0 of the primary government and component unit's combined bank balance of $10,655,181 was exposed to custodial credit risk because it was either fully insured by FDIC insurance or collateralized by a pledging financial institution.

Investments

The Nevada State Treasurer's Office operates the Local Government Investment Pool (LGIP). The LGIP is an external investment pool operated by the Nevada Public Treasurer.

The LGIP is not registered with the SEC as an investment company. Deposits in the LGIP are not insured or otherwise guaranteed by the State of Nevada, and participants share proportionally in any realized gain or losses on investments.

The provisions of State Law (NRS 355.170) govern the investment of public funds as noted in Footnote 1.

NOTE 4. Cash and Investments, Continued

As of June 30, 2022 the government had the following investments:

Investment Type	Primary Government Fair Value	Component Unit Fair Value	Rating (1)	Weighted Average Maturity (2)
Nevada Local Government Pooled Investment Fund	$ 1,520,947	$ 1,396,053	N/A	125
Total Fair Value	$ 1,520,947	$ 1,396,053		

(1) Ratings are provided where applicable to indicate associated Credit Risk. N/A indicates not applicable.

(2) Interest Rate Risk is estimated using the weighted average days to maturity.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of June 30, 2022:

- Nevada Local Government's Investment Pool (LGIP):

	Primary Government	Component Unit
Level 1 inputs	$ 449,592	$ 412,673
Level 2 inputs	1,071,355	983,380
Total LGIP investment	$ 1,520,947	$ 1,396,053

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City's policy for managing its exposure to fair value loss arising from increasing interest rates is to comply with the provisions of State law (NRS 355.170).

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The primary government and component unit's policy for reducing its exposure to credit risk is to limit its investments to the Nevada Local Government Investment Pool and to comply with State Law (NRS 355.170). The Nevada Local Government Investment Pool is unrated.

Concentration of Credit Risk

The Primary Government and the Component Unit place no limit on the amount the Primary Government or the Component Unit may invest in any one issue.

NOTE 4. Cash and Investments, Continued

Cash Restricted for Special Uses

The primary government and the component unit maintain restricted cash to comply with various legal and contractual requirements. Amounts restricted are as follows at June 30, 2022:

Restricted cash footnote

Medium Term Sales Tax Revenue Bond Reserves	$	313,500
Closure / post closure trust funds		145,000
Waste Water Treatment Plant Revenue Bond Reserves		120,784
Water Revenue Bonds, Series 2015 Bond Reserves		21,168
Water Rev Bonds Series 2015 - Asset Replacement		143,170
AB198 Capital Replacement Projects Fund		464,086
Unutilized Regional Transportation Commission Funds		440
Total restricted cash - primary government	$	1,208,148

NOTE 5. Receivables / Due from other Governments

Receivables in the governmental funds consist principally of room and franchise taxes due various businesses. Amounts due from other governments consist primarily of taxes due from the State of Nevada and grant revenues due from various granting agencies. All receivables and amounts due from other governments are considered by management to be fully collectible and therefore, no allowance for doubtful accounts is necessary.

Receivables in the proprietary funds represent service billings to customers and are shown net of an allowance for doubtful accounts. The allowance for doubtful accounts is estimated based on professional judgement and historical information. The allowances for doubtful accounts at June 30, 2022 were as follows:

Water Fund	$	-
Sewer Fund		-
Garbage/Compost Fund		-
Johnson Springs		-
	$	-

NOTE 6. Capital Assets

Governmental capital asset activity for the year ended June 30, 2022 was as follows:

Governmental Activities:	Balance 6/30/21	Additions	Deletions	Balance 6/30/22
Capital assets, not being depreciated:				
Land	$ 1,416,475	$ -	$ -	$ 1,416,475
Construction in progress	357,046	1,950,927	(320,155)	1,987,818
Total capital assets, not being depreciated	1,773,521	1,950,927	(320,155)	3,404,293
Capital assets, being depreciated:				
Buildings	11,215,109	-	-	11,215,109
Other improvements	14,315,356	-	-	14,315,356
Machinery and equipment	3,205,604	238,117	-	3,443,721
Total capital assets, being depreciated	28,736,069	238,117	-	28,974,186
Less accumulated depreciation for:				
Buildings	(3,798,936)	(278,673)	-	(4,077,609)
Other improvements	(4,939,866)	(512,289)	-	(5,452,155)
Machinery and equipment	(2,857,142)	(127,508)	-	(2,984,650)
Total accumulated depreciation	(11,595,944)	(918,470)	-	(12,514,414)
Total capital assets, being depreciated, net	17,140,125	(680,353)	-	16,459,772
Governmental activities capital assets, net	$ 18,913,646	$ 1,270,574	$ (320,155)	$ 19,864,065

Depreciation expense was charged to the functions/programs of the City as follows:

Governmental Activities:	
General government	$ 530,503
Judicial	9,861
Public safety	95,575
Public works	2,023
Health and sanitation	25,339
Culture and recreation	96,371
Community support	1,126
Streets and highways	157,672
Total depreciation expense - governmental activities	$ 918,470

NOTE 6. Capital Assets, Continued

Business-type capital asset activity for the year ended June 30, 2022 was as follows:

Business-Type Activities:	Balance 6/30/21	Additions	Deletions	Balance 6/30/22
Capital assets not being depreciated:				
Land	$ 111,000	$ -	$ -	$ 111,000
Total capital assets, not being depreciated	111,000	-	-	111,000
Capital assets being depreciated:				
Buildings	3,986,869	-	-	3,986,869

Johnson Springs component unit fund activities capital assets, net	$ 5,539,459	$ (382,978)	$ -	$ 5,156,481

NOTE 7. Long-Term Liabilities

The following is a summary of long-term liabilities for the year ended June 30, 2022:

Long-Term Debt	Date of Issue	Interest Rate	Orriginal Amount of Issue	June 30, 2021	Additions	Retirements	June 30, 2022	Current Portion
Governmental Activities								
Direct Placement Bonds Payable:								
Medium Term Sales Tax Revenue Bond, Series 2009 (City Hall)	8/18/2009	4.38%	5,225,000	$ 3,914,449	$ -	$ (145,119)	$ 3,769,330	$ 151,597
General Obligation Medium-Term Bonds, Series 2015	7/14/2015	2.26%	2,200,000	1,109,000	-	(241,000)	868,000	250,000
Consolidated Tax Revenue Interim Debenture Bond, Series 2022	3/30/2022	3.48%	8,906,800	-	855,253	-	855,253	-
Total direct placement bonds payable				5,023,449	855,253	(386,119)	5,492,583	401,597
Total Bonds Payable				5,023,449	855,253	(386,119)	5,492,583	401,597
Other Liabilities								
Compensated absences				309,930	279,340	(243,103)	346,167	244,000
Net pension liability				6,564,675	-	(2,219,044)	4,345,631	-
Total governmental long-term liabilities				$ 11,898,054	$ 1,134,593	$ (2,848,266)	$ 10,184,381	$ 645,597

For governmental activities, compensated absences and net position liabilities are generally liquidated through the General Fund.

NOTE 7. Long-Term Liabilities, continued

Long-Term Debt	Date of Issue	Interest Rate	Orriginal Amount of Issue	June 30, 2021	Additions	Retirements	June 30, 2022	Current Portion

NOTE 7. Long-Term Liabilities, Continued

Revenue Bonds

The City has pledged future net revenues from the City's Municipal Water System to repay $2,173,729 and $747,000 in water revenue bonds issued in November 1998 and 2019, respectively, with interest rates of 2.16% and 2.63%, respectively. Proceeds from the bonds provided financing to pay for the cost to acquire, improve, construct, equip, operate, and maintain a water project for the City. The bonds are payable solely from net revenues from the Municipal Water System and are payable through 2039 and 2056.

The City has pledged future net revenues from the City's Sewer Facility to repay $2,637,000 in sewer revenue bonds issued in June 2012 with an interest rate of 2.75%. Proceeds from the bonds provided financing for the construction of a new sewer facility. The bonds are payable solely from future net revenues from the Sewer Facility and are payable through 2052.

The following schedules reflect debt service requirements to maturity of the City's debt as of June 30, 2022:

Year Ending June 30,	Governmental Activities		Business-Type Activities					
	Direct Placement Bonds		Public Offering Bonds		Direct Placement Bonds		Direct Placement Notes	
	Principle	Interest	Principle	Interest	Principle	Interest	Principle	Interest
2023	$ 1,256,850	$ 178,695	$ 49,117	$ 59,847	354,277	70,742	194,791	8,192
2024	356,938	167,280	50,323	58,641	366,708	62,406	96,164	2,860
2025	371,414	155,228	51,880	57,084	116,287	53,680	21,935	577
2026	385,798	143,109	53,321	55,643	118,876	51,091	-	-
2027	180,511	132,989	54,803	54,161	121,524	48,443	-	-
2028-2032	1,030,120	537,289	297,437	247,384	649,367	200,467	-	-
2033-2037	1,261,150	280,225	341,293	203,527	725,072	124,762	-	-
2038-2042	649,802	30,539	391,438	153,382	304,420	56,370	-	-
2043-2047	-	-	448,950	97,093	113,159	38,041	-	-
2048-2052	-	-	455,673	30,151	128,974	22,226	-	-
2053-2057	-	-	-	-	100,021	4,958	-	-
Total Principal	$ 5,492,583	$ 1,625,354	$ 2,194,235	$ 1,016,913	$ 3,098,685	$ 733,186	$ 312,890	$ 11,629

The City's outstanding bonds from direct placements of $8,591,268 are secured with pledged revenues. The outstanding issues from direct placement contain provisions that in an event of default, the bonds become taxable and the interest rate on the bonds increases.

The City has no unused lines of credit at June 30, 2022.

NOTE 8. Leases

Lease Receivable

During the current fiscal year, the City began leasing industrial land to a third party. The lease is for three years and the City will receive monthly payments of $2,406. The City recognized $18,022 in lease revenue and $3,634 in interest revenue during the current fiscal year related to this lease. As of June 30, 2022, the City's receivable for lease payments was $59,276. Also, the City has a deferred inflow of resources associated with this lease that will be recognized as revenue over the lease term. As of June 30, 2022, the balance of the deferred inflow of resources was $59,276.

Page left intentionally blank

NOTE 9. Segment Information

In previous years, the component unit, Johnson Springs, issued separate revenue bonds to finance its operations. Segment information for Johnson Springs is disclosed below and also in the supplementary information. Segment information for the other proprietary funds is disclosed in the basic financial statements.

	06/30/22
Operating revenues	$ 716,382
Depreciation and amortization	(392,503)
Operating expenses	(444,631)
Nonoperating revenues and (expenses)	159,166
Beginning net position	3,678,640
Ending net position	3,717,054
Total assets	5,800,226
Total deferred outflows	45,602
Due to primary government	1,949,463
Bonds and other long term debt obligations	73,348
Total deferred inflows	66,286
Net Position	
Net investment in capital assets	3,207,018
Unrestricted	510,036
Total Net Position	$ 3,717,054
Condensed Statement of Cash Flows	
Net cash flows from:	
Operating activities	$ 227,629
Noncapital financing activities	103,580
Capital and related financing activities	(58,112)
Investing activities	4,022
Net Increase (decrease)	$ 277,119
Beginning cash and cash equivalents	282,483
Ending cash and cash equivalents	$ 559,602

NOTE 10. Interfund Receivables, Payables, and Transfers

As of June 30, 2022, interfund receivables and payables that resulted from transactions between the primary government and the component unit were as follows:

	Due from Component Unit	Due to Primary Government
Water Fund:		
Interest receivable	$ 22,418	$ -
Debt repayment receivable	1,927,045	-
Component Unit		
Interest payable	-	22,418
Debt repayment payable	-	1,927,045
Total	$ 1,949,463	$ 1,949,463

In 1998, the City of West Wendover issued long term debt obligations to complete a water project in behalf of its constituents. The component unit, which benefited from the project, is assisting with the repayment of the revenues bonds issued in the water fund. Hence, there is an interfund balance between the water fund and the component unit, Johnson Springs as shown above.

Interfund transfers for the fiscal year ended June 30, 2022 are as follows:

	Transfers out:		
Transfer in:	General	Non-major Ad Valorem Capital Projects	Total Transfers in
Nonmajor Governmental Funds			
Community Service & Local School Fund	$ 29,211	$ -	$ 29,211
Welcome Center Fund	154,000	-	154,000
Wendover Will Landmark Fund	18,100	-	18,100
Capital Projects Fund	1,370,692	61,308	1,432,000
Total transfers out	$ 1,572,003	$ 61,308	$ 1,633,311

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 11. Deferred Compensation Plan

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all full-time employees at their option, permits participants until termination, retirement, death, or unforeseeable emergency.

Plan assets are held and administered by The Hartford. The plan does not meet the definition of a fiduciary fund as defined in GASB 32 and GASB 97, and therefore, is not reported in this financial statement.

NOTE 12. Room Taxes

On October 16, 2001, Ordinance 01-20 was passed, increasing room taxes from 10% to 16%. Of this rate, 14% is allocated to the West Wendover Recreation District. Additionally, the Ordinance allows for 1% to be paid to a non-profit entity to promote tourism and recreation throughout the City of West Wendover. At June 30, 2022 this amount was held as restricted in the Recreation Fund.

NOTE 13. Commitments and Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

The City is party to legal proceedings which normally occur in governmental operations. City officials believe these legal proceedings are not likely to have a material adverse impact on the financial position of the City.

NOTE 14. Available Borrowing Capacity

The lawful general obligation debt limit for city governments is established by State statute not to exceed thirty percent of the total last assessed valuation of the taxable property of the City. At June 30, 2022, the general obligation debt limit and available borrowing capacity of the City of West Wendover was $43,080,520.

NOTE 15. Closure and Post-Closure Care Cost

State and Federal laws and regulations require that the City place a final cover on its landfill sites and perform certain maintenance and monitoring functions at the landfill sites for a minimum of thirty years after closure. In addition to operating expenses related to current activities of the landfill sites, an expense provision and related liability should be recognized based on the future closure and post-closure care costs that will be incurred near or after the date the landfills no longer accepts waste. GASB Statement 18 requires the recognition of these landfill closure and post-closure care costs based on the amount of the landfill used during the year. The City does not report a liability for the estimated closure and post-closure care costs because it has passed a resolution that authorizes participation in the landfill assurance program established through the Nevada Public Agency Insurance Pool as a mechanism to demonstrate financial responsibility for the closure and post-closure care costs. Because the City has, in effect, transferred its responsibility for closure and post-closure care costs to another entity through the purchase of the insurance policy, the liabilities are not reported on the City's financial statements as per GASB 18.

The estimated liability for landfill closure and post-closure care costs under GASB Statement 18 requirements is $673,439 as of June 30, 2022. The City had two cells in operation during fiscal year 2022. The Class I cell has used 100% of available capacity and a new Class I cell was constructed in fiscal year 2016 according to the 2014 Volumetric Survey. The City constructed new cells for operation since 2016, which includes Class III cell, Cell C, Cell B (once fully excavated), and Cell E to be sufficient for an additional 149 months of operation. The estimated closure and post-closure costs are based on the amount that would be paid if all equipment, facilities, and services required to close, monitor, and maintain landfill modules currently in use for all cells in operation during 2022. The City maintained an insurance policy with a face amount of $529,422 at June 30, 2022. Additional financial assurance for closure and post-closure costs is accomplished by the City restricting $145,000 in cash in the garbage and compost fund. See the statement of net position and restricted cash footnote.

NOTE 16. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years.

The City has chosen to establish a risk financing fund for risks associated with the employee's health insurance plan. The risk financing fund is accounted for as an internal service fund where assets are set aside for claim settlement. A premium is charged to each function which accounts for full-time employees.

Liabilities of funds are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. There were no liabilities that met these criteria at June 30, 2022. Liabilities include an amount for claims that have been incurred but not reported (IBNR). Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of pay-outs and other economic and social factors.

Changes in the balances of claims liabilities during the past three fiscal years are as follows:

Fiscal Year Ended June 30	Unpaid Claims Beginning of Fiscal Year	Incurred Claims	Claim Payments	Unpaid Claims End of Fiscal Year
2022	$ -	$ 840,018	$ 840,018	$ -
2021	$ -	$ 671,729	$ 671,729	$ -
2020	$ -	$ 418,723	$ 418,723	$ -

NOTE 17. Retirement and Pension Plans

Public Employees' Retirement System of Nevada (PERS)

Plan description

PERS administers a cost-sharing, multiple-employer, defined benefit public employees' retirement system which includes both Regular and Police/Fire members. The System was established by the Nevada Legislature in 1947, effective July 1, 1948. The System is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earnings capacities have been removed or substantially impaired by age or disability. The report is available on the website at https://www.nvpers.org/.

NOTE 17. Retirement and Pension Plans, Continued

Benefits provided

Benefits, as required by the Nevada Revised Statutes (NRS or statute), are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering the System on or after January 1, 2010. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this multiplier is 2.67% of average compensation. For members entering the System on or after January 1, 2010, there is a 2.5% service time factor and for regular members entering the System on or after July 1, 2015, there is a 2.25% factor. The System offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Post-retirement increases are provided by authority of NRS 286.575 - .579.

Vesting

Regular members entering the System prior to January 1, 2010, are eligible for retirement at age 65 with five years of service, at age 60 with 10 years of service, or at any age with thirty years of service. Regular members entering the System on or after January 1, 2010, are eligible for retirement at age 65 with five years of service, or age 62 with 10 years of service, or any age with thirty years of service. Regular members who entered the System on or after July 1, 2015, are eligible for retirement at age 65 with 5 years of service, or at age 62 with 10 years of service or at age 55 with 30 years of service or any age with 33 1/3 years of service.

Police/Fire members entering the System prior to January 1, 2010, are eligible for retirement at age 65 with five years of service, at age 55 with ten years of service, at age 50 with twenty years of service, or at any age with twenty-five years of service. Police/Fire members entering the System on or after January 1, 2010, are eligible for retirement at 65 with five years of service, or age 60 with ten years of service, or age 50 with twenty years of service, or at any age with thirty years of service. Only service performed in a position as a police officer or firefighter may be counted towards eligibility for retirement as Police/Fire accredited service.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Both Regular and Police/Fire members become fully vested as to benefits upon completion of five years of service.

NOTE 17. Retirement and Pension Plans, Continued

Contributions

The authority for establishing and amending the obligation to make contributions and member contribution rates is set by statute. New hires, in agencies which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983, have the option of selecting one of two contribution plans. In one plan, contributions are shared equally by employer and employee. In the other plan, employees can take a reduced salary and have contributions made by the employer (EPC).

The System's basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due.

The System receives an actuarial valuation on an annual basis indicating the contribution rates required to fund the System on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450.

The actuary funding method used is the Entry Age Normal Cost Method. It is intended to meet the funding objective and results in a relatively level long-term contributions requirement as a percentage of salary.

For fiscal years ended June 30, 2021, and 2022, the Statutory Employer/employee matching rate was 15.25% and 15.50% for Regular and 22.00% and 22.75% for Police/Fire.

For the fiscal year ended June 30, 2021, and 2022, the Employer-Pay Contribution (EPC) rate was 29.25% and 29.75% for Regular and 42.50% and 44.00% for Police/Fire.

The City's contributions for the current and two preceding fiscal years, all of which were equal to the required contributions, were as follows:

Year Ended June 30,	Regular Fund	Police/Fire Fund
2020	249,082	361,914
2021	252,184	366,421
2022	270,157	399,560

NOTE 17. Retirement and Pension Plans, Continued

Investment policy

The System's policies which determine the investment portfolio target asset allocation are established by the Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of the System. The following was the Board adopted policy target asset allocation as of June 30, 2021:

Asset Class	Target Allocation	Long-term Geometric Expected Real Rate of Return*
U.S. stocks	42%	5.50%
International stocks	18%	5.50%
U.S. bonds	28%	0.75%
Private markets	12%	6.65%

*As of June 30, 2021, PERS' long-term inflation assumption was 2.50%.

Pension liability

Net pension liability

At June 30, 2022, the City reported a liability of $5,389,734 for its proportionate share of the PERS' net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer allocation percentage of the net pension liability was based on the total contributions due on wages paid during the measurement period. Each employer's proportion of the net pension liability is based on their combined employer and member contributions relative to the total combined employer and member contributions for all employers for the period ended June 30, 2021. The City's proportion measured as of June 30, 2021, was 0.05910 percent, which was a increase of 0.00090 percent from its proportion measured as of June 30, 2020 .

Pension liability discount rate sensitivity

The following presents the net pension liability of the PERS as of June 30, 2022, calculated using the discount rate of 7.50%, as well as what the PERS net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1-percentage-point higher (8.50%) than the current discount rate:

	1% Decrease (6.25%)	Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of Net pension (asset) / liability	$ 10,730,788	$ 5,389,734	$ 983,802

NOTE 17. Retirement and Pension Plans, Continued

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the PERS Comprehensive Annual Financial Report, available on the PERS website www.nvpers.org.

Actuarial assumptions

The City's net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate	2.75%
Investment rate of return	7.50%
Productivity pay increase	0.50%
Projected salary increases	Regular: 4.25% to 9.15%, depending on service Police/Fire: 4.55% to 13.90%, depending on service Rates include inflation and productivity increases
Other assumptions	Same as those used in the June 30, 2019 funding actuarial valuation

Actuarial assumptions used in the June 30, 2021 valuation were based on the results of the experience study for the period July 1, 2016 through June 30, 2020.

The discount rate used to measure the total pension liability was 7.25% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed plan contributions will be made in amounts consistent with statutory provisions and recognizing the plan's current funding policy and cost-sharing mechanism between employers and members. For this purpose, all contributions that are intended to fund benefits for all plan members and their beneficiaries are included, except that projected contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2021.

Pension expense and deferred outflows/inflows of resources related to pensions

For the year ended June 30, 2022, the City recognized pension expense for PERS of $(165,809). At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

NOTE 17. Retirement and Pension Plans, Continued

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 597,019	$ 37,931
Changes in assumptions	1,789,484	-
Net difference between projected and actual earnings on pension plan investments	-	4,397,851
Subtotal	2,386,503	4,435,782
Changes in proportion and differences between contributions and proportional share of contributions	294,747	435,057
Contributions subsequent to the measurement date	669,716	-
Total	$ 3,350,966	$ 4,870,839
Governmental activities	$ 2,701,647	$ 3,927,012
Business-type activities	603,717	877,541
Component unit	45,602	66,286
	$ 3,350,966	$ 4,870,839

Average expected remaining service lives 6.14 years

The $669,716 reported as deferred outflows of resources related to PERS pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to PERS pensions, excluding the changes in proportion and differences between actual contributions and proportionate share of contributions will be recognized in pension expense as follows:

Year Ending June 30,	Deferred Outflows (Inflows) of Resources
2023	$ (612,173)
2024	(602,143)
2025	(624,608)
2026	(669,464)
2027	402,792
2028	56,317
Thereafter	-

NOTE 18. Prior Period Adjustment

A prior period adjustment was recorded in the General Fund for marijuana tax revenues receipted in 2022 which were actually 2021 revenues. Beginning fund balance in the General Fund was increased by $77,922.

REQUIRED SUPPLEMENTARY INFORMATION

BUDGETARY COMPARISON SCHEDULES FOR THE FOLLOWING MAJOR FUNDS:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except for those required to be accounted for in another fund.

The **Recreation Fund** is used to account for the City's share of room tax proceeds and the distribution of those funds to the recreation district.

SUPPLEMENTARY INFORMATION

MAJOR GOVERNMENTAL FUNDS

Capital project funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

The **Capital Projects Fund** is used to account for the acquisition or construction of capital facilities as outlined in Resolution 1997-14.

NONMAJOR GOVERNMENTAL FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

The **Seizure and Forfeiture Fund** is used to account for seizures and forfeitures received by the City under City Resolution 1992-09, as provided for in NRS 179.1187

The **Court Administrative Assessment Fund** is used to account for fees collected by the court as required by Nevada Revised Statues Section 176.059, which are used to improve the operations of the court.

The **Welcome Center Fund** is used to account for the merchandise sales and operations of the Welcome Center as established under City Resolution 2001-04.

The **Wendover Will Landmark Fund** is used to account for the construction, maintenance, and related revenues and expenditures associated with the Wendover Will Landmark as established by City Resolution 2005-01.

The **Grant Fund** is used to account for various grants receipts and expenditures as outlined in Resolution 1996-14.

The **Community Services & Local School Fund** is used to account for certain programs and activities related to the West Wendover Schools and further provide funds for other local programs as outlined in Resolution 2020-03.

Capital project funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

The **Ad Valorem Capital Projects Fund** is used to account for revenue received from a special ad valorem tax that must be recorded in a capital projects fund and dedicated to capital project needs within the City, as established under NRS 268.045.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Honorable Mayor and City Council
West Wendover, Nevada

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of West Wendover, Nevada, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise City of West Wendover, Nevada 's basic financial statements and have issued our report thereon dated October 27, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of West Wendover, Nevada's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of West Wendover, Nevada's internal control. Accordingly, we do not express an opinion on the effectiveness of City of West Wendover, Nevada's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

HintonBurdick.com 888-566-1277

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of West Wendover, Nevada's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements including on whether the funds established by the City, as listed in Nevada Revised Statutes (NRS) 354.624 (5)(a)(1 to 5), complied with the express purposes required by NRS 354.6241. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Honorable Mayor and
City Council
City of West Wendover, Nevada

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of West Wendover, Nevada, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City of West Wendover, Nevada's basic financial statements and have issued our report thereon dated October 28, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of West Wendover, Nevada's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of West Wendover, Nevada's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of West Wendover, Nevada's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of West Wendover, Nevada's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

HintonBurdick, PLLC
St. George, Utah
October 28, 2022

Independent Auditor's Report on
Compliance for Each Major Federal Program and
Report on Internal Control over Compliance
in Accordance with the Uniform Guidance

The Honorable Mayor and
City Council
City of West Wendover, Nevada

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the City of West Wendover, Nevada's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the City of West Wendover, Nevada's major federal programs for the year ended June 30, 2022. The City of West Wendover, Nevada's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City of West Wendover, Nevada complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City of West Wendover, Nevada and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City of West Wendover, Nevada's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City of West Wendover, Nevada's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City of West Wendover, Nevada's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City of West Wendover, Nevada's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City of West Wendover, Nevada's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City of West Wendover, Nevada's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City of West Wendover, Nevada's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type

of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the City of West Wendover, Nevada as of and for the year ended June 30, 2022, and have issued our report thereon dated October 28, 2022, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

Total expenditure of federal awards			$ -	$ 4,202,887

The accompanying notes are an integral part of this schedule.

Reporting Entity:

The accompanying schedule of expenditures of federal awards (schedule) presents all activity or expenditure or all federal award programs of the City of West Wendover, Nevada (City) for the year ended June 30, 2022. The City's reporting entity is defined in note 1 of the basic financial statements. All expenditure of federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included in the schedule.

Basis of Accounting:

This accompanying schedule has been prepared on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Relationship to the Basic Financial Statements:

Expenditures of federal awards have been reported in the following funds.

Governmental-Type Activities:		
Major Funds:		
General Fund	$	896,143
Recreation Fund		503,730
Capital Projects Fund		1,060,764
		2,460,637
Non-major funds:		
Court Admin		2,152
Welcom Center		48,012
Wendover Will		4,803
Ad Valorem		11,308
Johnson Springs		154,316
Health Fund		159,917
		380,508
Business-Type Activities:		
Major Funds:		
Water Fund		238,048
Sewer Fund		816,491
Compost Fund		307,203
		1,361,742
	$	4,202,887

Indirect Cost Rate:

The City did not elect to use the 10% de minimis indirect cost rate for fiscal year 2022.

Federal Loans and Loan Guarantee Programs Outstanding:

The City is planning to receive funding in a future fiscal year from the United States Department of Agriculture under CFDA #10.766 Community and Facilities Loans and Grants program. In fiscal year 2022, the City issued Consolidated Tax Revenue Interim Debenture Series 2022 to begin the federally funded project and received loan proceeds of $855,253 as shown on the schedule of federal awards. This interim debenture will be replaced with a USDA loan in the future.

Subrecipients:

The City did not have any subrecipents for the fiscal year 2022.

CPAs & ADVISORS

Independent Auditors' Report

The Honorable Mayor and City Council
West Wendover, Nevada

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of West Wendover, Nevada as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of West Wendover, Nevada, as of June 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, the schedule of proportionate share of the net pension liability and the schedule of contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of West Wendover, Nevada's basic financial statements. The major fund budgetary comparison schedules, the combining and individual non-major fund budgetary schedules and component unit supplementary schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The major fund budgetary comparison schedules, the combining and individual non-major fund budgetary schedules, and the component unit supplementary schedules as listed in the table of contents, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the major fund budgetary comparison schedules, the combining and individual non-major fund budgetary schedules, and the component unit supplementary schedules as listed in the table of contents, are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2021, on our consideration of the City of West Wendover, Nevada's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of West Wendover, Nevada's internal control over financial reporting and compliance.

CITY OF WEST WENDOVER, NEVADA
MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of West Wendover (City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2021. Please read it in conjunction with the accompanying basic financial statements.

FINANCIAL HIGHLIGHTS

- Total assets plus deferred outflows exceed total liabilities plus deferred inflows (net position) by $27.9 million at the close of the fiscal year.
- Total net position increased by $1.1 million from the prior year.
- Governmental activities net position increased by $1.2 million. Business-type net position decreased by $53 thousand.
- Total revenues from all governmental sources were $10.8 million and the total cost of all City programs were $9.6 million.
- The General Fund revenues exceeded expenditures, excluding transfers, by $1.7 million.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was $3,519,523, or 56% of total General Fund expenditures, excluding transfers.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The three components of the financial statements are: (1) Government-wide financial statements which include the Statement of Net Position and the Statement of Activities. These statements provide information about the activities of the City as a whole. (2) Fund financial statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. (3) Notes to the financial statements.

Reporting the City as a Whole

The Statement of Net Position and the Statement of Activities (Government-wide)

A frequently asked question regarding the City's financial health is whether the year's activities contributed positively to the overall financial well-being. The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include *all* assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes in them. Net position, the difference between assets and liabilities, are one way to measure the City's financial health, or financial position. Over time, increases or decreases in net position are an indicator of whether the financial health is improving or deteriorating. However, it is important to consider other non-financial factors such as changes in the City's property tax base or condition of the City's roads to accurately assess the overall health of the City.

The Statement of Net Position and the Statement of Activities, present information about the following:

- Government activities – All of the City's basic services are considered to be governmental activities, including general government, judicial, public safety, community development, health and sanitation, culture and recreation, community support, and interest on long-term debt. Consolidated tax, room tax, ad valorem tax, county gaming tax, franchise tax, right of way tolls, motor vehicle tax, and unrestricted investment earnings finance these activities.

- Proprietary activities/Business type activities – The City charges a fee to customers to cover all or most of the cost of the services provided. The City's water, sewer, and garbage / compost systems are reported in this category.

Reporting the City's Most Significant Funds

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds—not the City as a whole. Some funds are required to be established by State law and others are established by City resolution or by bond covenants. However, management establishes many other funds which aid in the management of money for particular purposes or meet legal responsibilities associated with the usage of certain taxes, grants, and other money. The City's two kinds of funds, *governmental* and *proprietary*, use different accounting approaches as explained below.

- *Governmental funds* – Most of the City's basic services are reported in governmental funds. Governmental funds focus on how resources flow in and out with the balances remaining at year-end that are available for spending. These funds are reported using an accounting method called the *modified accrual* accounting method, which measures cash and all other *financial* assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the City's general government operations and the basic services it provides. Government fund information shows whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental *activities* (reported in the Statement of Net Position and the Statement of Activities) and governmental *funds* in a reconciliation included with the Basic Financial Statements.

- *Proprietary funds* – The City maintains enterprise and internal service funds under this category. Enterprise funds are used to account for functions presented in the business-type section of the government-wide financial statements. Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government.

Notes to the Financial Statements

Notes to the financial statements are included to provide information that is crucial to the full and complete understanding of the data provided in the financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the City's financial position. The City's combined assets exceed liabilities by $27.9 million as of June 30, 2021 as shown in the following condensed statement of net position. The City has chosen to account for its water, sewer, and garbage/compost operations in enterprise funds which are shown as Business Activities.

City of West Wendover, Nevada

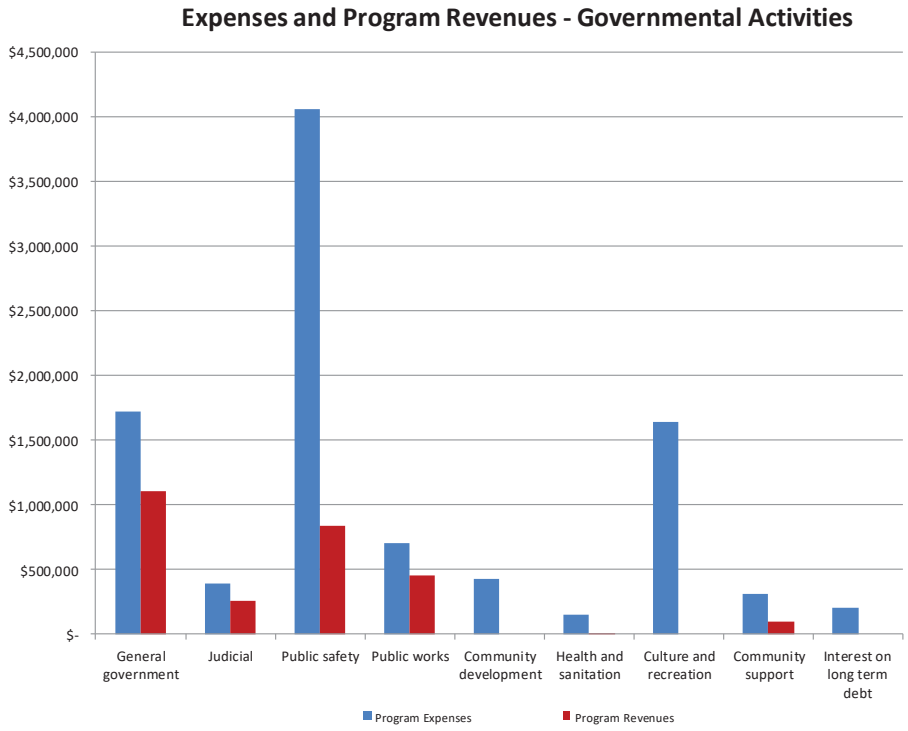
Governmental Activities

The cost of all Governmental activities this year was $9,608,743. As shown on the statement of Changes in Net Position on the following page, $1,500,773 of this cost was paid for by those who directly benefited from the programs; $1,267,333 was subsidized by grants received from other governmental organizations for both capital and operating activities. Overall governmental program revenues, including intergovernmental aid and fees for services were $2,768,106. General taxes, asset sales, and other general revenues totaled $7,991,505.



The City's programs include: general government, judicial, public safety, public works, community development, health and sanitation, culture and recreation, community support, and interest on long-term debt. Each programs' total cost is presented below.

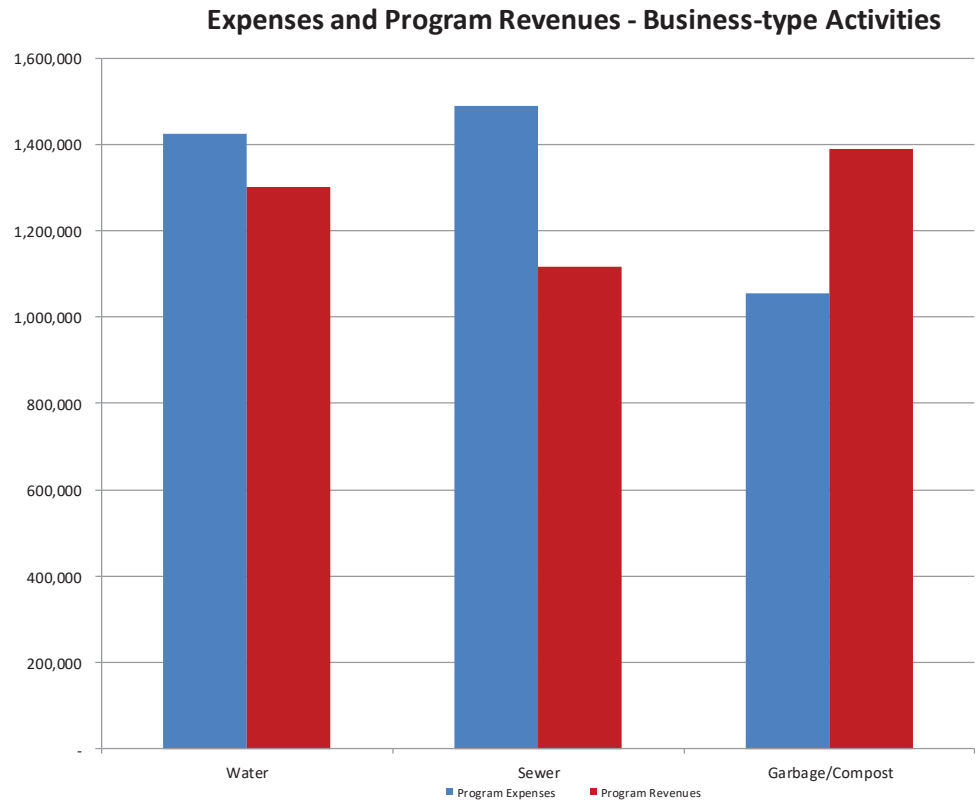
Net position, beginning	10,787,553	10,480,073	16,087,909	16,330,331	26,875,462	26,810,404
Net position, ending	$ 11,901,289	$ 10,787,553	$ 16,023,781	$ 16,087,909	$ 27,925,070	$ 26,875,462

Total resources available during the year to finance governmental operations were $21,510,033 consisting of Net Position at July 1, 2020 of $10.7 million, program revenues of $2.7 million and General Revenue of $8.0 million. Total cost of Governmental Activities during the year were $9.6 million; thus, Governmental Net Position increased by $1,113,736 to $11.9 million.



The following graphs compare program expenses to program revenues and provide a breakdown of revenues by source for all government activities. The charts below are derived from the Statement of Activities on page 15.

Business Type Activities

Net position of the Business Type activities at June 30, 2021, as reflected in the Statement of Net Position was $16 million. The cost of providing all Proprietary (Business Type) activities this year was $4.0 million. As shown in the Statement of Activities, the amounts paid by users of the system were $3.8 million and $1,496 was subsidized by capital grants and contributions. Unrestricted investment earnings totaled $40,083; other revenue totaled $55,705, thus, net position decreased by ($64,128).

Financial Analysis of the Government's Funds

As noted earlier, the City of West Wendover uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds: The focus of the City of West Wendover's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of West Wendover's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of West Wendover's governmental funds reported combined ending fund balances of $4,435,702, an increase of $1,155,234 in comparison with the prior year. 79% of the total fund balance or $3,399,557 constitutes unassigned fund balance, which is available for new spending at the government's discretion.

The general fund is the chief operating fund of the City of West Wendover. At the end of the current fiscal year, unassigned fund balance in the general fund was $3,399,557, and total fund balance is $3,743,833. As a measure of liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Total unassigned fund balance represents 56% of total general fund expenditures. During the year, the City of West Wendover's general fund balance was budgeted to decrease by $33,182. The total fund balance increased by $1,036,641 due primarily to increases in consolidated tax revenue and marijuana related revenues.

The recreation fund has a fund balance of $163,602, all of which is restricted for culture and recreation appropriation. Change in fund balance for the year was $45,488. Revenues were down in this fund due to the effect of the COVID 19 pandemic on room taxes.

Proprietary funds

The City of West Wendover's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

At June 30, 2021, unrestricted net position amounted to $921,706 for the water fund. The change in net position for fiscal year 2021 was ($58,263) and the change in net position for fiscal year 2020 was ($179,568). The increase in the change in net position was due to an increase in operating revenues and a decrease in operating expenses.

At June 30, 2021, unrestricted net position amounted to ($204,342) for the sewer fund. The change in net position for fiscal year 2021 was ($363,681) and the change in net position for fiscal year 2020 was ($426,630). The increase in the change in net position was due to a slight increase in operating revenues and a decrease operating expenses.

At June 30, 2021, unrestricted net position amounted to $1,720,120 for the garbage/compost fund. The change in net position for fiscal year 2021 was $357,816 and the change in net position for fiscal year 2020 was $363,776. Operating revenues and operating expenses had little change from the prior year.

General Fund Budgetary Highlights

Actual expenditures for the General Fund at year-end were $606,420 less than the final budget. The favorable budget to actual variance in appropriations was principally due to overall savings in services and supplies for all departments. Actual revenues were more than the final budget by $475,036.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The capital assets of the City are those assets that are used in performance of City functions including infrastructure assets. Capital Assets include equipment, buildings, land, park facilities and roads. At the end of fiscal year 2021, net capital assets of the government activities totaled $18.9 million and the net capital assets of the business-type activities totaled $16.7 million. Depreciation on governmental-type capital assets is recognized in the Government-Wide financial statements. (See note 6 to the financial statements.)

Long Term Liabilities

At year-end, the City had $12 million in governmental type long term liabilities, and $8 million in proprietary long term liabilities. The liabilities amounts to $4,555 per capita (4,273 – 2019 population US Census Bureau Website 2019). The City's net decrease in total long term liabilities was $496,280. (See note 7 to the financial statements for detailed descriptions.)

NEXT YEAR'S BUDGET AND ECONOMIC FACTORS

In considering the City budget for fiscal year 2021-2022, the City Council and management continue to remain cautious as to the growth of revenues and expenditures as the City moves forward from the impact of COVID-19.

The City entered into a three year Collective Bargaining Agreement with the Police Officers Association, effective July 1, 2021 through June 30, 2024, which provides for a total six percent (6%) increase in wages over three (3) years. The City also entered into a three year labor agreement with Local 4041, effective July 1, 2021 through June 30, 2024, which also provides for a total six percent (6%) increase in wages over three (3) years for all classifications with the exception of dispatchers. Dispatcher and lead dispatcher classifications shall have a total nine percent (9%) increase in wages over the next three (3) fiscal years.

Projects that are reflected in the City Budget for the fiscal year 2021-2022 are as follows:

- As a carry-over from last year, the City of West Wendover anticipates the issuance of new debt during the 2021-2022 fiscal year. The debt will be issued in the form of two interim construction loans, to start the downtown development project and to build a new Fire Station facility. When construction is complete, the construction loans will be retired with Rural Development loans from USDA which have been obligated by USDA-RD.
- The acquisition of the BLM land has been completed and the City may now proceed with the downtown development project. Phase I of the City downtown development is estimated to cost $8.072M. The fire station facility is estimated to cost $8.992M.
- The City will complete street rehabilitation on Wendover Blvd for $830K, and complete pedestrian enhancement at Exit-410 for $100K

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, please contact the City's Chief Financial Officer at the City of West Wendover, 1111 N. Gene L. Jones Way, West Wendover, Nevada 89883 or visit us online at http://www.westwendovercity.com

CITY OF WEST WENDOVER, NEVADA
Reconciliation of the Balance Sheets of Governmental Funds
To the Statement of Net Position
June 30, 2021

Total fund balances - governmental funds		$ 4,435,702
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		
Governmental capital assets	$ 30,509,590	
Accumulated depreciation	(11,595,944)	
		18,913,646
Long-term receivables in the governmental activities are not reported in the funds.		199
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.		
Net pension liabilities	$ (6,564,675)	
Bonds payable	(5,023,449)	
Compensated absences	(309,930)	
Interest payable	(17,899)	
		(11,915,953)
The internal service fund is used by management to charge the cost of insurance to individual funds. The assets and liabilities of the internal service funds are included in the governmental activities in the statement of net position.		175,436
Deferred outflows and inflows of resources related to pensions are applicable to future reporting periods and, therefore, are not reported in the funds.		
Deferred outflows	$ 1,136,058	
Deferred inflows	(843,799)	
		292,259
Total net position - governmental activities		$ 11,901,289

CITY OF WEST WENDOVER, NEVADA
Reconciliation of the Statement of Revenues,
Expenditures, and Changes in Fund Balances of Governmental Funds
To the Statement of Activities
For the Year Ended June 30, 2021

Amounts reported for governmental activities in the statement of activities are different because:		
Net change in fund balances - total governmental funds		$ 1,155,234
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the costs of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.		
Capital outlay	$ 444,036	
Depreciation expense	(903,118)	(459,082)
Governmental funds report the gross proceeds from the sale of capital assets as revenue. However, in the statement of activities, the gain/(loss) on the sale of capital assets is reported net of its net book value.		(50,956)
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.		370,095
Accrued interest for long-term debt is not reported as an expenditure for the current period while it is recorded in the statement of activities. The adjustment reflects the change in interest payable		2,846
Pension contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the net pension liability is measured a year before the City's report date. Pension expense, which is the change in the net pension liability adjusted for changes in deferred outflows and inflows of resources related to pension, is reported in the Statement of Activities.		
Pension contributions	$ 500,979	
Pension expense	(453,644)	47,335
Compensated absences expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds. This adjustment reflects the change in compensated absences payable.		6,550
The internal service fund is used by management to charge the cost of insurance to the various funds. The net revenue (loss) of the internal service fund is reported with governmental activities.		41,714
Change in net position of governmental activities		$ 1,113,736

The accompanying notes are an integral part of the financial statements.

NOTE 1. Summary of Significant Accounting Policies

Description of government-wide financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

Reporting Entity

The City of West Wendover (government) is a municipal corporation governed by an elected mayor and five-member governing council (council). The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

Discretely presented component units - The Johnson Springs Water System Enterprise Fund (Johnson Springs) was formed by a settlement agreement between the City of West Wendover, Nevada and the City of Wendover, Utah to replace Administrative Authority upon its dissolution (dissolved on December 31, 2008). Johnson Springs has no board. The net assets of the Administrative Authority were transferred to Johnson Springs on January 1, 2009, including the debt of the Administrative Authority that is in the name of the City. It is a separate enterprise fund and is considered a component unit due to the City's responsibility to perform all management, maintenance and accounting duties for the fund.

Basis of presentation – government-wide financial statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As discussed earlier, the city has one discretely presented component units, Johnson Springs, which is considered a major component unit and is shown in separate columns in the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

NOTE 1. Summary of Significant Accounting Policies, Continued

Basis of presentation – fund financial statements

The fund financial statements provide information about the government's funds, including its fiduciary funds and blended component units if any. Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The government reports the following major governmental funds:

The **General Fund** is the government's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The **Recreation Fund** is used to account for the City's share of room tax proceeds and the distribution of those funds to the recreation district.

The government reports the following major enterprise funds:

The **Water Fund** accounts for the provision of water services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operation, maintenance, financing and related debt service and billing and collection.

The **Sewer Fund** accounts for the provision of sewer services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operation, maintenance, financing and related debt service and billing and collection.

The **Garbage/Compost Fund** is used to account for the provision of sanitation services to residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operation, maintenance, financing and related debt service and billing and collection.

Additionally, the City reports the following fund types:

Health Insurance Internal Service Fund – Internal Service Funds are used to account for the financing of goods and services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

NOTE 1. Summary of Significant Accounting Policies, Continued

During the course of operations the government has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Measurement focus and basis of accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such *as current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement* focus and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

NOTE 1. Summary of Significant Accounting Policies, Continued

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of yearend). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of yearend). All other revenue items are considered to be measurable and available only when cash is received by the government.

The proprietary funds are reported using the *economic resources measurement* focus and the *accrual basis of accounting*.

Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance

Cash and cash equivalents

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

Investments for the government are reported at fair value (generally based on quoted market prices). The City of West Wendover invests in the State of Nevada Local Government Investment Pool, which has regulatory oversight from the Board of Finance for the State of Nevada.

State statues authorize the City to invest in obligations of the U.S. Treasury; certain farm loan bonds; certain securities issued by Nevada local governments and other state and local governments; certain repurchase agreements; certain bankers acceptances; certain commercial paper; and certain negotiable certificates of deposits and money market mutual funds, as well as the State of Nevada Local Government Investment Pool.

Inventories and prepaid items

Inventories for the general and proprietary funds are valued at cost using the first-in/first-out (FIFO) method and consist of expendable office supplies, pipe, fittings and miscellaneous automobile parts. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased.

For all other funds, the City of West Wendover charges consumable supplies against appropriations at the time of purchase. Any inventories of such supplies at June 30 are not material to the individual funds and are not recognized in the financial statements.

NOTE 1. Summary of Significant Accounting Policies, Continued

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased

Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than $5,000 and an estimated useful life in excess of two years.

The City has elected not to record infrastructure assets prior to July 1, 2003 as allowed by Governmental Accounting Statement number 34 for phase 3 governments.

As the government constructs or acquires additional capital assets each period, including infrastructure assets, they are capitalized and reported at historical cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or increase its estimated useful life. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

Interest incurred during the construction phase of capital assets of enterprise funds is included as part of the capitalized value of the assets constructed. The amount of interest capitalized depends on the specific circumstances.

Land and construction in progress are not depreciated. The other property, plant, equipment, and infrastructure of the primary government are depreciated using the straight line method over the following estimated useful lives:

Building	35 to 50 years
Improvements other than buildings	20 to 30 years
Machinery, equipment, and vehicles	3 to 10 years
Utility systems	10 to 50 years

Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The City has one type of item that qualifies for reporting for reporting in this category which is pension related items reported on the government-wide financial statements. See footnote 17 for more information.

NOTE 1. Summary of Significant Accounting Policies, Continued

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has one type of item that qualifies for reporting in this category which is pension related items reported on the government-wide financial statements. See footnote 17 for more information. The governmental funds report unearned revenues from two sources: advance payments for business licenses and advance payments for gaming licenses. These amounts are deferred and recognized as an inflow of resources in the period that the amounts are earned.

Net position flow assumption

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Fund balance flow assumptions

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund balance policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The government itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. The governing council is the highest level of decision-making authority for the government that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

NOTE 1. Summary of Significant Accounting Policies, Continued

Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as committed. The city council (council) has by resolution authorized the Mayor, City Manager, and Chief Financial Officer to assign fund balance. The council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Revenues and Expenditures/Expenses

Program revenues

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Property taxes

All real property within the City of West Wendover is assigned a parcel number by the Elko County Assessor in accordance with state law, with each parcel being subject to physical reappraisal every five years. A factoring system is used to adjust the appraised value during the years between physical appraisals. The property and its improvements are assessed at 35% of "taxable value" as defined by statute. The amount of tax levied is developed by multiplying the assessed value by the tax rate applicable to the area in which the property is located. The maximum tax rate was established in the State Constitution at $5 per $100 of assessed valuation; however, as a result of legislative action, the tax rate was further limited to $3.64 per $100 as assessed valuation, except in cases of severe financial emergency as defined by NRS 354.705. Taxes on real property are a lien on the property and attach on July 1 of the year for which the taxes are levied.

Taxes may be paid in four installments, the first installment is due on the third Monday of August and the remaining three installments are payable on the first Monday in October, January and March to the Treasurer of Elko County in which the City of West Wendover is located. Penalties are assessed if a taxpayer fails to pay an installment within ten days of the installment due date. After a two year waiting period, if the taxes remain unpaid, a tax deed is issued conveying the property to the County with a lien for back taxes and accumulated charges. Redemption may be made by the owner or such persons as described by statute by paying all back taxes and accumulated penalties, interest and costs before sale.

Taxes on personal property are collected currently. Personal property declarations are mailed out annually by the County and the tax is computed using percentages of taxable values established by the Department of Taxation and the tax rates described above.

NOTE 1. Summary of Significant Accounting Policies, Continued

Compensated absences

Vacation and Sick-leave

The city's policy permits employees to accumulate earned but unused vacation benefits, which are eligible for payment upon separation from government service. The liability for such leave is reported as incurred in the government-wide and proprietary fund financial statements. A liability for those amounts is recorded in the governmental funds only if the liability has matured as a result of employee resignations or retirements.

Per City Policy and Collective Bargaining Agreements, employees earn (accrue) sick leave benefits which they are eligible to receive upon separation of service at a determined percentage based upon total years of service and based upon the required notice of separation.

Proprietary funds operating and non-operating revenues and expenses

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water fund, sewer fund, and garbage/compost facility fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plan's fiduciary net position of the Public Employees' Retirement System of Nevada (PERS) and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTE 1. Summary of Significant Accounting Policies, Continued

Comparative Data

Comparative data shown for the prior year has been extracted from the 2019-2020 financial statements and reclassified where necessary. It has been provided to add comparability but is not considered full disclosure of transactions for 2019-2020. Such information can only be obtained by referring to the audited financial statements for that year.

NOTE 2. Reconciliation of Government-Wide and Fund Financial Statements

The governmental fund balance sheet includes reconciliation between total governmental fund balances and net position of governmental activities as reported in the government-wide statement of net position. This difference primarily results from the long-term economic focus of the statement of net position versus the current financial resources focus of the governmental fund balance sheets. The details of these differences are reported in the reconciliation on as listed in the table of contents.

The governmental fund statement of revenues, expenditures, and changes in fund balance includes a reconciliation between net changes in fund balances-total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. These differences are the result of converting from the current resources measurement focus and modified accrual basis for governmental fund statements to the economic resources measurement focus and full accrual basis used for government-wide statements. The details of these differences are reported in the reconciliation as listed in the table of contents.

NOTE 3. Stewardship, Compliance, and Accountability

Budgets and Budgetary Accounting

The City adheres to the Local Government Budget Act incorporated in Section 354 of the Nevada Revised Statutes. The provision of the Act included the following major procedures to establish the budgetary data which is reflected in these financial statements.

a. On or before April 15, the City Council files a tentative budget with the Nevada Department of Taxation for all funds.

b. Public budget hearings on the tentative budget are held on the third Tuesday of May.

c. On or before June 1, at a public hearing, the City Council indicates changes, if any, to be made to the tentative budget must then be forwarded to the Nevada Department of Taxation for the final review and approval.

d. Formal budgetary integration in the financial records of all funds is employed to enhance management control during the year.

e. Budgets for all funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). All appropriations lapse at year end.

f. Budget amounts within funds, and between funds, may be transferred if amounts do not exceed the original budget. Such transfers must be approved by the budget officer and/or City Council, depending on established criteria. Budget augmentations in excess of original budgetary amounts may only be made with prior approval of the City Council, following a scheduled and noticed public hearing for those funds which have ad valorem taxes allocated as a source of revenue. For all other funds, the City Council must approve the budget augmentation with a majority vote and adopt a resolution providing therefore.

g. The above dates may be adjusted as necessary during legislative years.

h. The budget amounts reflected in the financial statements have been amended from the original amounts in accordance with the approved procedures.

i. In accordance with state statute, actual expenditures may not exceed budgeted appropriations of the various governmental functions (excluding the debt services functions) in the General Fund and total expenditures in other governmental funds. Per NRS 354.626, expenditures over budgeted appropriations are allowed for bond repayments, medium term obligation repayments and long-term contracts expressly authorized by law.

NOTE 4. Cash and Investments

A reconciliation of cash deposits and investments to the government-wide statement of net position as follows:

	Primary Government	Component Unit
Deposits:		
Cash on hand	$ 1,575	$ -
Cash in bank	7,056,453	(1,109,548)
Investments:		
Nevada local government investment pool	1,516,565	1,392,031
Total deposits and investments	$ 8,574,593	$ 282,483
Cash and cash equivalents	$ 7,473,908	$ 282,483
Restricted cash	1,100,685	-
	$ 8,574,593	$ 282,483

Deposits

Custodial Credit Risk

For deposits this is the risk that in the event of a bank failure, the government's deposit may not be returned. The City does not have a formal policy for custodial credit risk. As of June 30, 2021, $0 of the primary government and component unit's combined bank balance of $6,021,139 was exposed to custodial credit risk because it was either fully insured by FDIC insurance or collateralized by a pledging financial institution.

Investments

The Nevada State Treasurer's Office operates the Local Government Investment Pool (LGIP). The LGIP is an external investment pool operated by the Nevada Public Treasurer.

The LGIP is not registered with the SEC as an investment company. Deposits in the LGIP are not insured or otherwise guaranteed by the State of Nevada, and participants share proportionally in any realized gain or losses on investments.

The provisions of State Law (NRS 355.170) govern the investment of public funds as noted in Footnote 1.

NOTE 4. Cash and Investments, Continued

As of June 30, 2021 the government had the following investments:

Investment Type	Primary Government Fair Value	Component Unit Fair Value	Rating (1)	Weighted Average Maturity (2)
Nevada Local Government Pooled Investment Fund	$ 1,516,565	$ 1,392,031	N/A	143
Total Fair Value	$ 1,516,565	$ 1,392,031		

(1) Ratings are provided where applicable to indicate associated Credit Risk. N/A indicates not applicable.

(2) Interest Rate Risk is estimated using the weighted average days to maturity.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of June 30, 2021:

- Nevada Local Government's Investment Pool (LGIP):

	Primary Government	Component Unit
Level 1 inputs	$ 495,613	$ 454,916
Level 2 inputs	1,020,952	937,115
Total LGIP investment	$ 1,516,565	$ 1,392,031

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City's policy for managing its exposure to fair value loss arising from increasing interest rates is to comply with the provisions of State law (NRS 355.170).

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The primary government and component unit's policy for reducing its exposure to credit risk is to limit its investments to the Nevada Local Government Investment Pool and to comply with State Law (NRS 355.170). The Nevada Local Government Investment Pool is unrated.

Concentration of Credit Risk

The Primary Government and the Component Unit place no limit on the amount the Primary Government or the Component Unit may invest in any one issue.

NOTE 4. Cash and Investments, Continued

Cash Restricted for Special Uses

The primary government and the component unit maintain restricted cash to comply with various legal and contractual requirements. Amounts restricted are as follows at June 30, 2021:

Restricted cash footnote

Medium Term Sales Tax Revenue Bond Reserves	$	313,500
Closure / post closure trust funds		95,000
Waste Water Treatment Plant Revenue Bond Reserves		109,888
Water Revenue Bonds, Series 2015 Bond Reserves		18,144
Water Rev Bonds Series 2015 - Asset Replacement		143,170
AB198 Capital Replacement Projects Fund		420,543
Unutilized Regional Transportation Commission Funds		440
Total restricted cash - primary government	$	1,100,685

NOTE 5. Receivables / Due from other Governments

Receivables in the governmental funds consist principally of room and franchise taxes due various businesses. Amounts due from other governments consist primarily of taxes due from the State of Nevada and grant revenues due from various granting agencies. All receivables and amounts due from other governments are considered by management to be fully collectible and therefore, no allowance for doubtful accounts is necessary.

Receivables in the proprietary funds represent service billings to customers and are shown net of an allowance for doubtful accounts. The allowance for doubtful accounts is estimated based on professional judgement and historical information. The allowances for doubtful accounts at June 30, 2021 were as follows:

Water Fund	$	-
Sewer Fund		-
Garbage/Compost Fund		-
Johnson Springs		-
	$	-

NOTE 6. Capital Assets

Governmental capital asset activity for the year ended June 30, 2021 was as follows:

Governmental Activities:	Balance 6/30/20	Additions	Deletions	Balance 6/30/21
Capital assets, not being depreciated:				
Land	$ 1,467,431	$ -	$ (50,956)	$ 1,416,475
Construction in progress	187,320	169,726	-	357,046
Total capital assets, not being depreciated	1,654,751	169,726	(50,956)	1,773,521
Capital assets, being depreciated:				
Buildings	11,159,570	55,539	-	11,215,109
Other improvements	14,315,356	-	-	14,315,356
Machinery and equipment	2,993,599	218,770	(6,765)	3,205,604
Total capital assets, being depreciated	28,468,525	274,309	(6,765)	28,736,069
Less accumulated depreciation for:				
Buildings	(3,523,134)	(275,802)	-	(3,798,936)
Other improvements	(4,412,951)	(526,915)	-	(4,939,866)
Machinery and equipment	(2,763,506)	(100,401)	6,765	(2,857,142)
Total accumulated depreciation	(10,699,591)	(903,118)	6,765	(11,595,944)
Total capital assets, being depreciated, net	17,768,934	(628,809)	-	17,140,125
Governmental activities capital assets, net	$ 19,423,685	$ (459,083)	$ (50,956)	$ 18,913,646

Depreciation expense was charged to the functions/programs of the City as follows:

Governmental Activities:	
General government	$ 557,286
Judicial	2,837
Public safety	63,446
Public works	2,023
Health and sanitation	23,053
Culture and recreation	95,606
Community support	1,194
Streets and highways	157,673
Total depreciation expense - governmental activities	$ 903,118

NOTE 6. Capital Assets, Continued

Business-type capital asset activity for the year ended June 30, 2021 was as follows:

Business-Type Activities:	Balance 6/30/20	Additions	Deletions	Balance 6/30/21
Capital assets not being depreciated:				
Land	$ 111,000	$ -	$ -	$ 111,000
Total capital assets, not being depreciated	111,000	-	-	111,000
Capital assets being depreciated:				
Buildings	3,979,994	6,875	-	3,986,869
Other improvements	6,215,836	-	-	6,215,836
Machinery and equipment	4,636,466	20,482	-	4,656,948
Utility systems	18,046,261	6,760	-	18,053,021
Total capital assets, being depreciated	32,878,557	34,117	-	32,912,674
Less accumulated depreciation for:				
Buildings	(639,145)	(99,515)	-	(738,660)
Other improvements	(3,856,563)	(221,741)	-	(4,078,304)
Machinery and equipment	(3,575,602)	(209,474)	-	(3,785,076)
Utility systems	(7,100,885)	(538,493)	-	(7,639,378)
Total accumulated depreciation	(15,172,195)	(1,069,223)	-	(16,241,418)
Total capital assets, being depreciated, net	17,706,362	(1,035,106)	-	16,671,256
Business-type activities capital asset, net	$ 17,817,362	$ (1,035,106)	$ -	$ 16,782,256

Depreciation expense was charged to the functions/programs of the City as follows:

Business-Type Activities:	
Water Fund	$ 140,220
Sewer Fund	546,725
Combined Garbage / Compost Facility Fund	382,278
Total depreciation expense - business-type activities	$ 1,069,223

NOTE 6. Capital Assets, Continued

Component unit capital asset activity for the year ended June 30, 2021 was as follows:

Component Unit - Johnson Springs	Balance 06/30/20	Additions	Deletions	Balance 06/30/21
Capital assets not being depreciated:				
Land	$ 18,000	$ -	$ -	$ 18,000
Total capital assets, not being depreciated	18,000	-	-	18,000
Capital assets being depreciated:

NOTE 7. Long-Term Liabilities

The following is a summary of long-term liabilities for the year ended June 30, 2021:

Long-Term Debt	Date of Issue	Interest Rate	Orriginal Amount of Issue	June 30, 2020	Additions	Retirements	June 30, 2021	Current Portion
Governmental Activities								
Direct Placement Bonds Payable:								
Medium Term Sales Tax Revenue Bond, Seriers 2009 (City Hall)	8/18/2009	4.38%	5,225,000	$ 4,051,544	$ -	$ (137,095)	$ 3,914,449	$ 145,119
General Obligation Medium-Term Bonds, Series 2015	7/14/2015	2.26%	2,200,000	1,342,000	-	(233,000)	1,109,000	241,000
Total direct placement bonds payable				5,393,544	-	(370,095)	5,023,449	386,119
Total Bonds Payable				5,393,544	-	(370,095)	5,023,449	386,119
Other Liabilities								
Compensated absences				316,480	200,132	(206,682)	309,930	155,000
Net pension liability				6,277,291	788,363	(500,979)	6,564,675	-
Total governmental long-term liabilities				$ 11,987,315	$ 988,495	$ (1,077,756)	$ 11,898,054	$ 541,119

For governmental activities, compensated absences and net position liabilities are generally liquidated through the General Fund.

NOTE 7. Long-Term Liabilities, continued

Long-Term Debt	Date of Issue	Interest Rate	Orriginal Amount of Issue	June 30, 2020	Additions	Retirements	June 30, 2021	Current Portion
Business-Type Activities								
Public Offerings Bonds:								
Waste Water Treatment Plant Revenue Bond	6/1/2012	2.75%	2,637,000	2,288,521	-	(46,497)	2,242,024	47,789

NOTE 7. Long-Term Liabilities, Continued

Revenue Bonds

The City has pledged future net revenues from the City's Municipal Water System to repay $2,173,729 and $747,000 in water revenue bonds issued in November 1998 and 2019, respectively, with interest rates of 2.16% and 2.63%, respectively. Proceeds from the bonds provided financing to pay for the cost to acquire, improve, construct, equip, operate, and maintain a water project for the City. The bonds are payable solely from net revenues from the Municipal Water System and are payable through 2039 and 2056.

The City has pledged future net revenues from the City's Sewer Facility to repay $2,637,000 in sewer revenue bonds issued in June 2012 with an interest rate of 2.75%. Proceeds from the bonds provided financing for the construction of a new sewer facility. The bonds are payable solely from future net revenues from the Sewer Facility and are payable through 2052.

The following schedules reflect debt service requirements to maturity of the City's debt as of June 30, 2021:

	Governmental Activities		Business-Type Activities			
Year Ending	Direct Placement Bonds		Public Offering Bonds		Direct Placement Bonds	
June 30,	Principle	Interest	Principle	Interest	Principle	Interest
2022	$ 386,119	$ 190,721	$ 47,789	$ 61,175	$ 340,854	$ 78,802
2023	401,597	178,695	49,117	59,847	354,277	70,742
2024	356,938	167,280	50,323	58,641	366,708	62,406
2025	371,414	155,228	51,880	57,084	116,287	53,680
2026	385,798	143,109	53,321	55,643	118,876	51,091
2027-2031	986,329	581,080	289,517	255,304	635,253	214,581
2032-2036	1,206,133	335,242	331,946	212,874	709,225	140,609
2037-2041	929,121	64,720	380,856	163,964	434,992	65,525
2042-2046	-	-	436,813	109,230	110,236	40,964
2047-2051	-	-	500,993	43,827	125,651	25,549
2052-2056	-	-	49,469	499	127,180	8,039
2057-2061	-	-	-	-	-	-
Total Principal	$ 5,023,449	$ 1,816,075	$ 2,242,024	$ 1,078,088	$ 3,439,539	$ 811,988

The City's outstanding bonds from direct placements of $8,462,988 are secured with pledged revenues. The outstanding issues from direct placement contain provisions that in an event of default, the bonds become taxable and the interest rate on the bonds increases.

The City has no unused lines of credit at June 30, 2021.

NOTE 8. Capital Leases Payable

The government has entered into two lease agreements, which are considered capital leases in accordance with Financial Accounting Standard Board ASC 840-30-25. The two leases are shown in the combined garbage/compost fund. The total amount of equipment capitalized under the leases is $696,378 for the business-type activities. Amortization on capital leases is included in depreciation expense.

The following is an annual schedule of future minimum lease payments with interest rates ranging from 2.36% to 4.2% under the capital leases, together with the present value of the net minimum lease payments:

Year Ending June 30	Business-type Activities
2022	$ 140,135
2023	198,550
2024	99,024
2025	22,512
2026	-
Total remaining minimum lease payments	460,221
Less amount representing interest	(23,352)
Present value of net remaining minimum lease payments	$ 436,869

NOTE 9. Segment Information

In previous years, the component unit, Johnson Springs, issued separate revenue bonds to finance its operations. Segment information for Johnson Springs is disclosed below and also in the supplementary information. Segment information for the other proprietary funds is disclosed in the basic financial statements.

	06/30/21
Operating revenues	$ 721,512
Depreciation and amortization	(392,004)
Operating expenses	(421,719)
Operating income/(loss)	(92,211)
Nonoperating revenues and (expenses)	(30,003)
Change in net position	(122,214)
Beginning net position	3,800,854
Ending net position	3,678,640
Net working capital	(1,744,910)
Total assets	5,913,950
Total deferred outflows	20,993
Current liabilities	69,787
Due to primary government	2,049,614
Bonds and other long term debt obligations	121,309
Total deferred inflows	15,593
Net Position	
Net investment in capital assets	3,489,845
Unrestricted	188,795
Total Net Position	$ 3,678,640
Condensed Statement of Cash Flows	
Net cash flows from:	
Operating activities	$ 311,806
Noncapital financing activities	(107,117)
Capital and related financing activities	(36,607)
Investing activities	5,188
Net Increase (decrease)	$ 173,270
Beginning cash and cash equivalents	109,213
Ending cash and cash equivalents	$ 282,483

NOTE 10. Interfund Receivables, Payables, and Transfers

As of June 30, 2021 interfund receivables and payables that resulted from various interfund transactions for the primary government were as follows:

	Due from Other Funds	Due to Other Funds
General Fund	$ 34,440	$ -
Nonmajor funds:		
Grant Fund	-	34,440
Total	$ 34,440	$ 34,440

As of June 30, 2021, interfund receivables and payables that resulted from transactions between the primary government and the component unit were as follows:

	Due from Component Unit	Due to Primary Government
Water Fund:		
Interest receivable	$ 22,418	$ -
Debt repayment receivable	2,027,196	-
Component Unit		
Interest payable	-	22,418
Debt repayment payable	-	2,027,196
Total	$ 2,049,614	$ 2,049,614

In 1998, the City of West Wendover issued long term debt obligations to complete a water project in behalf of its constituents. The component unit, which benefited from the project, is assisting with the repayment of the revenues bonds issued in the water fund. Hence, there is an interfund balance between the water fund and the component unit, Johnson Springs as shown above.

Interfund transfers for the fiscal year ended June 30, 2021 are as follows:

	Transfers out:		
Transfer in:	General	Non-major Ad Valorem Capital Projects	Total Transfers in
Nonmajor Governmental Funds			
Welcome Center Fund	$ 171,120	$ -	$ 171,120
Wendover Will Landmark Fund	22,100	-	22,100
Capital Projects Fund	502,720	40,585	543,305
Total transfers out	$ 695,940	$ 40,585	$ 736,525

NOTE 10. Interfund Receivables, Payables, and Transfers, Continued

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 11. Deferred Compensation Plan

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all full-time employees at their option, permits participants until termination, retirement, death, or unforeseeable emergency.

Plan assets are held and administered by The Hartford. The plan does not meet the definition of a fiduciary fund as defined in GASB 32, and therefore, is not reported in this financial statement.

NOTE 12. Room Taxes

On October 16, 2001, Ordinance 01-20 was passed, increasing room taxes from 10% to 16%. Of this rate, 14% is allocated to the West Wendover Recreation District. Additionally, the Ordinance allows for 1% to be paid to a non-profit entity to promote tourism and recreation throughout the City of West Wendover. At June 30, 2021 this amount was held as restricted in the Recreation Fund.

NOTE 13. Commitments and Contingent Liabilities

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

The City is party to legal proceedings which normally occur in governmental operations. City officials believe these legal proceedings are not likely to have a material adverse impact on the financial position of the City.

NOTE 14. Available Borrowing Capacity

The lawful general obligation debt limit for city governments is established by State statute not to exceed thirty percent of the total last assessed valuation of the taxable property of the City. At June 30, 2021, the general obligation debt limit and available borrowing capacity of the City of West Wendover was $44,197,808.

NOTE 15. Closure and Post-Closure Care Cost

State and Federal laws and regulations require that the City place a final cover on its landfill sites and perform certain maintenance and monitoring functions at the landfill sites for a minimum of thirty years after closure. In addition to operating expenses related to current activities of the landfill sites, an expense provision and related liability should be recognized based on the future closure and post-closure care costs that will be incurred near or after the date the landfills no longer accepts waste. GASB Statement 18 requires the recognition of these landfill closure and post-closure care costs based on the amount of the landfill used during the year. The City does not report a liability for the estimated closure and post-closure care costs because it has passed a resolution that authorizes participation in the landfill assurance program established through the Nevada Public Agency Insurance Pool as a mechanism to demonstrate financial responsibility for the closure and post-closure care costs. Because the City has, in effect, transferred its responsibility for closure and post-closure care costs to another entity through the purchase of the insurance policy, the liabilities are not reported on the City's financial statements as per GASB 18.

The estimated liability for landfill closure and post-closure care costs under GASB Statement 18 requirements is $623,255 as of June 30, 2021. The City had two cells in operation during fiscal year 2021. The Class I cell has used 100% of available capacity and a new Class I cell was constructed in fiscal year 2016 according to the 2014 Volumetric Survey. The City constructed new cells for operation since 2016, which includes Class III cell, Cell C, Cell B (once fully excavated), and Cell E to be sufficient for an additional 149 months of operation. The estimated closure and post-closure costs are based on the amount that would be paid if all equipment, facilities, and services required to close, monitor, and maintain landfill modules currently in use for all cells in operation during 2021. The City maintained an insurance policy with a face amount of $529,422 at June 30, 2021. Additional financial assurance for closure and post-closure costs is accomplished by the City restricting $95,000 in cash in the garbage and compost fund. See the statement of net position and restricted cash footnote.

NOTE 16. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years.

The City has chosen to establish a risk financing fund for risks associated with the employee's health insurance plan. The risk financing fund is accounted for as an internal service fund where assets are set aside for claim settlement. A premium is charged to each function which accounts for full-time employees.

Liabilities of funds are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. There were no liabilities that met these criteria at June 30, 2021. Liabilities include an amount for claims that have been incurred but not reported (IBNR). Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of pay-outs and other economic and social factors.

Changes in the balances of claims liabilities during the past three fiscal years are as follows:

Fiscal Year Ended June 30	Unpaid Claims Beginning of Fiscal Year	Incurred Claims	Claim Payments	Unpaid Claims End of Fiscal Year
2021	$ -	$ 671,729	$ 671,729	$ -
2020	$ -	$ 418,723	$ 418,723	$ -
2019	$ -	$ 626,197	$ 626,197	$ -

NOTE 17. Retirement and Pension Plans

Public Employees' Retirement System of Nevada (PERS)

Plan description

PERS administers a cost-sharing, multiple-employer, defined benefit public employees' retirement system which includes both Regular and Police/Fire members. The System was established by the Nevada Legislature in 1947, effective July 1, 1948. The System is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earnings capacities have been removed or substantially impaired by age or disability. The report is available on the website at https://www.nvpers.org/.

NOTE 17. Retirement and Pension Plans, Continued

Benefits provided

Benefits, as required by the Nevada Revised Statutes (NRS or statute), are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering the System on or after January 1, 2010. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this multiplier is 2.67% of average compensation. For members entering the System on or after January 1, 2010, there is a 2.5% service time factor and for regular members entering the System on or after July 1, 2015, there is a 2.25% factor. The System offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Post-retirement increases are provided by authority of NRS 286.575 - .579.

Vesting

Regular members entering the System prior to January 1, 2010, are eligible for retirement at age 65 with five years of service, at age 60 with 10 years of service, or at any age with thirty years of service. Regular members entering the System on or after January 1, 2010, are eligible for retirement at age 65 with five years of service, or age 62 with 10 years of service, or any age with thirty years of service. Regular members who entered the System on or after July 1, 2015, are eligible for retirement at age 65 with 5 years of service, or at age 62 with 10 years of service or at age 55 with 30 years of service or any age with 33 1/3 years of service.

Police/Fire members entering the System prior to January 1, 2010, are eligible for retirement at age 65 with five years of service, at age 55 with ten years of service, at age 50 with twenty years of service, or at any age with twenty-five years of service. Police/Fire members entering the System on or after January 1, 2010, are eligible for retirement at 65 with five years of service, or age 60 with ten years of service, or age 50 with twenty years of service, or at any age with thirty years of service. Only service performed in a position as a police officer or firefighter may be counted towards eligibility for retirement as Police/Fire accredited service.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Both Regular and Police/Fire members become fully vested as to benefits upon completion of five years of service.

NOTE 17. Retirement and Pension Plans, Continued

Contributions

The authority for establishing and amending the obligation to make contributions and member contribution rates is set by statute. New hires, in agencies which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983, have the option of selecting one of two contribution plans. In one plan, contributions are shared equally by employer and employee. In the other plan, employees can take a reduced salary and have contributions made by the employer (EPC).

The System's basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due.

The System receives an actuarial valuation on an annual basis indicating the contribution rates required to fund the System on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450.

The actuary funding method used is the Entry Age Normal Cost Method. It is intended to meet the funding objective and results in a relatively level long-term contributions requirement as a percentage of salary.

For fiscal years ended June 30, 2020, and 2021, the Statutory Employer/employee matching rate was 15.25% and 15.25% for Regular and 22.00% and 22.00% for Police/Fire.

For the fiscal year ended June 30, 2020, and 2021, the Employer-Pay Contribution (EPC) rate was 29.25% and 29.25% for Regular and 42.50% and 42.50% for Police/Fire.

The City's contributions for the current and two preceding fiscal years, all of which were equal to the required contributions, were as follows:

Year Ended June 30,	Regular Fund	Police/Fire Fund
2019	222,775	322,229
2020	247,247	359,249
2021	252,184	366,421

NOTE 17. Retirement and Pension Plans, Continued

Investment policy

The System's policies which determine the investment portfolio target asset allocation are established by the Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of the System. The following was the Board adopted policy target asset allocation as of June 30, 2020:

Asset Class	Target Allocation	Long-term Geometric Expected Real Rate of Return*
U.S. stocks	42%	5.50%
International stocks	18%	5.50%
U.S. bonds	28%	0.75%
Private markets	12%	6.65%

*As of June 30, 2020, PERS' long-term inflation assumption was 2.75%.

Pension liability

Net pension liability

At June 30, 2021, the City reported a liability of $8,106,010 for its proportionate share of the PERS' net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer allocation percentage of the net pension liability was based on the total contributions due on wages paid during the measurement period. Each employer's proportion of the net pension liability is based on their combined employer and member contributions relative to the total combined employer and member contributions for all employers for the period ended June 30, 2020. The City's proportion measured as of June 30, 2020, was 0.05820 percent, which was a increase of 0.00159 percent from its proportion measured as of June 30, 2019.

Pension liability discount rate sensitivity

The following presents the net pension liability of the PERS as of June 30, 2021, calculated using the discount rate of 7.50%, as well as what the PERS net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1-percentage-point higher (8.50%) than the current discount rate:

	1% Decrease (6.50%)	Discount Rate (7.50%)	1% Increase (8.50%)
Proportionate share of Net pension (asset) / liability	$ 12,642,244	$ 8,106,010	$ 4,334,469

NOTE 17. Retirement and Pension Plans, Continued

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the PERS Comprehensive Annual Financial Report, available on the PERS website www.nvpers.org.

Actuarial assumptions

The City's net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate	2.75%
Investment rate of return	7.50%
Productivity pay increase	0.50%
Projected salary increases	Regular: 4.25% to 9.15%, depending on service Police/Fire: 4.55% to 13.90%, depending on service Rates include inflation and productivity increases
Other assumptions	Same as those used in the June 30, 2019 funding actuarial valuation

Actuarial assumptions used in the June 30, 2020 valuation were based on the results of the experience study for the period July 1, 2012 through June 30, 2016.

The discount rate used to measure the total pension liability was 7.50% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed plan contributions will be made in amounts consistent with statutory provisions and recognizing the plan's current funding policy and cost-sharing mechanism between employers and members. For this purpose, all contributions that are intended to fund benefits for all plan members and their beneficiaries are included, except that projected contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2020.

Pension expense and deferred outflows/inflows of resources related to pensions

For the year ended June 30, 2021, the City recognized pension expense for PERS of $587,142. At June 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

NOTE 17. Retirement and Pension Plans, Continued

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 251,848	$ 104,668
Changes in assumptions	227,689	-
Net difference between projected and actual earnings on pension plan investments	-	306,211
Subtotal	479,537	410,879
Changes in proportion and differences between contributions and proportional share of contributions	304,654	631,039
Contributions subsequent to the measurement date	618,605	-
Total	$ 1,402,796	$ 1,041,918
Governmental activities	$ 1,136,058	$ 843,800
Business-type activities	245,744	182,525
Component unit	20,993	15,593
	$ 1,402,796	$ 1,041,918

Average expected remaining service lives 6.13 years

The $618,605 reported as deferred outflows of resources related to PERS pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to PERS pensions, excluding the changes in proportion and differences between actual contributions and proportionate share of contributions will be recognized in pension expense as follows:

Year Ending June 30,	Deferred Outflows (Inflows) of Resources
2022	$ (128,174)
2023	63,773
2024	73,650
2025	51,529
2026	7,360
2027	521
Thereafter	-

REQUIRED SUPPLEMENTARY INFORMATION

BUDGETARY COMPARISON SCHEDULES FOR THE FOLLOWING MAJOR FUNDS:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except for those required to be accounted for in another fund.

The **Recreation Fund** is used to account for the City's share of room tax proceeds and the distribution of those funds to the recreation district.

SUPPLEMENTARY INFORMATION

NONMAJOR GOVERNMENTAL FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

The **Seizure and Forfeiture Fund** is used to account for seizures and forfeitures received by the City under City Resolution 1992-09, as provided for in NRS 179.1187

The **Court Administrative Assessment Fund** is used to account for fees collected by the court as required by Nevada Revised Statues Section 176.059, which are used to improve the operations of the court.

The **Welcome Center Fund** is used to account for the merchandise sales and operations of the Welcome Center as established under City Resolution 2001-04.

The **Wendover Will Landmark Fund** is used to account for the construction, maintenance, and related revenues and expenditures associated with the Wendover Will Landmark as established by City Resolution 2005-01.

The **Grant Fund** is used to account for various grants receipts and expenditures as outlined in Resolution 1996-14.

Capital project funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

The **Capital Projects Fund** is used to account for the acquisition or construction of capital facilities as outlined in Resolution 1997-14.

The **Ad Valorem Capital Projects Fund** is used to account for revenue received from a special ad valorem tax that must be recorded in a capital projects fund and dedicated to capital project needs within the City, as established under NRS 268.045.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Honorable Mayor and City Council
West Wendover, Nevada

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of West Wendover, Nevada, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise City of West Wendover, Nevada 's basic financial statements and have issued our report thereon dated September 30, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of West Wendover, Nevada's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of West Wendover, Nevada's internal control. Accordingly, we do not express an opinion on the effectiveness of City of West Wendover, Nevada's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of West Wendover, Nevada's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance
With Statutes and Administrative Code in Accordance
With NRS 354.624(4) and 354.6241

The Honorable Mayor and City Council
West Wendover, NV

We have audited the basic financial statements of the City of West Wendover, Nevada for the year ended June 30, 2021, and have issued our report thereon dated September 30, 2021. Our audit also included test work on the City of West Wendover's compliance with selected requirements identified in the State of Nevada Revised Statutes (NRS) including, but not limited to, NRS section 354.624 and section 354.6241.

The management of the City of West Wendover is responsible for the City's compliance with all requirements identified above. Our responsibility is to express an opinion on compliance with those requirements based on our audit and make specific statements regarding funds established and the status of prior year findings and recommendations; accordingly, we make the following statements:

The City of West Wendover had one prior year compliance finding that was resolved during fiscal year 2021. We noted one new instance of noncompliance during fiscal year 2021. See the accompanying schedule of findings and recommendations.

The City of West Wendover has established several funds in accordance with NRS 354.624 as follows:

Enterprise Funds:
- Water Fund
- Sewer Fund
- Garbage / Compost Facility Fund

Funds whose balance is required to be used only for a specific purpose or carried forward to the succeeding fiscal year in any designated amount:

Special Revenue Funds:
- Seizure Forfeiture Fund
- Recreation Fund
- Court Administrative Assessment Fund
- Medical Clinic Facilities Fund (combined with the General Fund for reporting)
- Grants Fund
- Welcome Center Fund
- Wendover Will Landmark Fund

Capital Projects Funds:
- Capital Projects Fund
- Ad Valorem Capital Projects Fund

The City of West Wendover appears to be using the above listed funds expressly for the purposes for which they were created and in accordance with NRS 354.624. The funds are being administered in accordance with Generally Accepted Accounting Principles and the reserves, as applicable, appear reasonable and necessary to carry out the purposes of the funds. Sources of revenues available and fund balances and net position are reflected in the individual fund financial statements.

The statutory and regulatory requirements of the funds are as follows:

Water Fund:	NRS 354.517
Sewer Fund:	NRS 354.517
Garbage / Compost Facility Fund:	NRS 354.517
Seizure Forfeiture Fund:	Resolution 1992-09
Recreation Fund:	NRS 268.798
Court Administrative Assessment Fund:	NRS 176.059
Grant Fund:	Resolution 1996-14
Welcome Center Fund:	Resolution 2001-04
Wendover Will Landmark Fund	Resolution 2005-01
Capital Projects Fund	Resolution 1997-14
Ad Valorem Capital Projects Fund	NRS 268.045

NRS 354.624 requires that a schedule of all fees imposed by the City which were subject to the provisions of NRS 354.5989 be provided. The City has not increased any fees subject to the limitations provided by NRS 354.5989; however the schedule for these fees immediately follows this report.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether material noncompliance with the requirements referred to above occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, The City of West Wendover, Nevada complied, in all material respects, with the requirements identified above for the year ended June 30, 2021.

The purpose of this report is solely to describe the scope of our testing of the applicable compliance requirements identified in the Nevada Revised Statutes (NRS) and the results of that testing based on the state requirements. Accordingly, this report is not suitable for any other purpose.

Findings and Recommendations
For the Fiscal Year Ended June 30, 2021

The Honorable Mayor and
City Council
City of West Wendover, Nevada

Professional standards require that we communicate, in writing; deficiencies in internal control over financial reporting that are considered significant deficiencies or material weaknesses that are identified during the audit of the financial statements. Nevada Revised Statutes (NRS) require us to report instances of noncompliance with laws and regulations. During our audit of the City of West Wendover, Nevada for the fiscal year ended June 30, 2021, we noted several improvements in the City's accounting and budgeting system and we wish to commend the City for their achievements. We also observed a few areas needing corrective action in order for the City to be in compliance with laws and regulations as well as a few areas that, if improved, would strengthen the City's accounting system and control over its assets. These items are discussed below for your consideration.

INTERNAL CONTROL OVER FINANCIAL REPORTING:

Material Weakness:

No items noted

Significant Deficiencies:

No items noted

COMPLIANCE AND OTHER MATTERS:

Compliance:

2021-001 Budgetary Compliance

Criteria: NRS 354.626 states, "No governing body or member thereof, officer, office, department or agency may, during any fiscal year, expend or contract to expend any money or incur any liability, or enter into any contract which by its terms involves the expenditure of money, in excess of the amounts appropriated for that function,"

Condition: Expenditures in the Recreation Fund exceeded final budget appropriations by $53,552 for fiscal year 2021.

Cause: The City's budgetary controls did not prevent the City from over expending the approved budget in the recreation fund.

Effect: The Recreation Fund expenditures exceed the final approved budget for fiscal year 2021.

Recommendation: We recommend the City reevaluate the budgetary controls that are designed to ensure compliance with NRS 354.626 and make adjustments as needed.

Responses

Please respond to the above Findings and Recommendations in letter form.

This report is intended solely for the information and use of the City Council, management, and various federal and state agencies and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

It has been a pleasure to be of service to the City this past year. We would like to express special thanks to all those who assisted us so efficiently in this year's audit. We invite you to ask questions of us throughout the year as you feel necessary. We look forward to a continued professional relationship.

Sincerely,

HintonBurdick, PLLC

RE: Annual Audit Report – Fiscal Year 2021 - Corrective Action Plan

Dear Keri,

As requested by the State of Nevada - Department of Taxation, and in an effort to correct Compliance and Other Matters, per pages 89-90 of the City of West Wendover Financial Statements, the City submits the following:

On November 16, 2021, the audit firm of Hinton Burdick will present the annual audit for fiscal year 2021, and make the Council aware of one finding. As required, staff will present a corrective action plan for the finding to the Council for its approval at that same meeting. The finding and the plan of corrective action are outlined below.

Finding number 2021-001, addresses a compliance issue in violation of NRS 354.626 which states that, "No governing body or member thereof, officer, office, department or agency may, during any fiscal year, expend or contract to expend any money or incur any liability, or enter into any contract which by its terms involves the expenditure of money, in excess of the amounts appropriated for that function." Expenditures in the Recreation Fund exceeded final budget appropriations by $53,552 for fiscal year 2021. The report states that the City's budgetary controls did not prevent the City from over expending the approved budget in that fund.

The City recognizes that expenditures in the Recreation Fund exceeded final budget appropriations but does not agree that it was related to budgetary controls. The non-compliance occurred because the Recreation Fund's expenditures are based solely on the amount of room tax revenue it receives. That revenue is allocated to several different entities each month on a percentage basis. Due to the ongoing COVID pandemic, in preparing the augmented budget, it was anticipated that room tax revenues would come in significantly lower than originally budgeted and, accordingly, would also decrease the expenditure allocations associated with it. Therefore, both the revenue and the expenditures were reduced. Although the room tax revenue did come in approximately 14% lower than the original budget, it also came in 5% higher than anticipated in the augmented budget. As such the City had to pay the allocations based on a percentage of that revenue, resulting in the over expenditure.

Corrective Action Plan – Where expenditures are based on percentage of revenues the City will not reduce the budget and will augment if necessary.

Thank you,

Debbie Sanchez

Independent Auditors' Report

The Honorable Mayor and City Council
West Wendover, Nevada

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of West Wendover, Nevada as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of West Wendover, Nevada, as of June 30, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, the schedule of proportionate share of the net pension liability and the schedule of contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of West Wendover, Nevada's basic financial statements. The major fund budgetary comparison schedules, the combining and individual non-major fund budgetary schedules and component unit supplementary schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The major fund budgetary comparison schedules, the combining and individual non-major fund budgetary schedules, and the component unit supplementary schedules as listed in the table of contents, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the major fund budgetary comparison schedules, the combining and individual non-major fund budgetary schedules, and the component unit supplementary schedules as listed in the table of contents, are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 2, 2020, on our consideration of the City of West Wendover, Nevada's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of West Wendover, Nevada's internal control over financial reporting and compliance.

CITY OF WEST WENDOVER, NEVADA
MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of West Wendover (City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2020. Please read it in conjunction with the accompanying basic financial statements.

FINANCIAL HIGHLIGHTS

- Total assets plus deferred outflows exceed total liabilities plus deferred inflows (net position) by $26.9 million at the close of the fiscal year.
- Total net position increased by $65 thousand from the prior year.
- Governmental activities net position increased by $307 thousand. Business-type net position decreased by $242 thousand.
- Total revenues from all governmental sources were $9.1 million and the total cost of all City programs were $8.8 million.
- The General Fund revenues exceeded expenditures, excluding transfers, by $1.4 million.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was $2,479,837, or 42% of total General Fund expenditures, excluding transfers.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The three components of the financial statements are: (1) Government-wide financial statements which include the Statement of Net Position and the Statement of Activities. These statements provide information about the activities of the City as a whole. (2) Fund financial statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. (3) Notes to the financial statements.

Reporting the City as a Whole

The Statement of Net Position and the Statement of Activities (Government-wide)

A frequently asked question regarding the City's financial health is whether the year's activities contributed positively to the overall financial well-being. The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include *all* assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net position and changes in them. Net position, the difference between assets and liabilities, are one way to measure the City's financial health, or financial position. Over time, increases or decreases in net position are an indicator of whether the financial health is improving or deteriorating. However, it is important to consider other non-financial factors such as changes in the City's property tax base or condition of the City's roads to accurately assess the overall health of the City.

The Statement of Net Position and the Statement of Activities, present information about the following:

- Government activities – All of the City's basic services are considered to be governmental activities, including general government, judicial, public safety, community development, health and sanitation, culture and recreation, community support, and interest on long-term debt. Consolidated tax, room tax, ad valorem tax, county gaming tax, franchise tax, right of way tolls, motor vehicle tax, and unrestricted investment earnings finance these activities.

- Proprietary activities/Business type activities – The City charges a fee to customers to cover all or most of the cost of the services provided. The City's water, sewer, and garbage / compost systems are reported in this category.

Reporting the City's Most Significant Funds

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds—not the City as a whole. Some funds are required to be established by State law and others are established by City resolution or by bond covenants. However, management establishes many other funds which aid in the management of money for particular purposes or meet legal responsibilities associated with the usage of certain taxes, grants, and other money. The City's two kinds of funds, *governmental* and *proprietary*, use different accounting approaches as explained below.

- *Governmental funds* – Most of the City's basic services are reported in governmental funds. Governmental funds focus on how resources flow in and out with the balances remaining at year-end that are available for spending. These funds are reported using an accounting method called the *modified accrual* accounting method, which measures cash and all other *financial* assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term view* of the City's general government operations and the basic services it provides. Government fund information shows whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental *activities* (reported in the Statement of Net Position and the Statement of Activities) and governmental *funds* in a reconciliation included with the Basic Financial Statements.

- *Proprietary funds* – The City maintains enterprise and internal service funds under this category. Enterprise funds are used to account for functions presented in the business-type section of the government-wide financial statements. Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government.

Notes to the Financial Statements

Notes to the financial statements are included to provide information that is crucial to the full and complete understanding of the data provided in the financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the City's financial position. The City's combined assets exceed liabilities by $26.9 million as of June 30, 2020 as shown in the following condensed statement of net position. The City has chosen to account for its water, sewer, and garbage/compost operations in enterprise funds which are shown as Business Activities.

City of West Wendover, Nevada

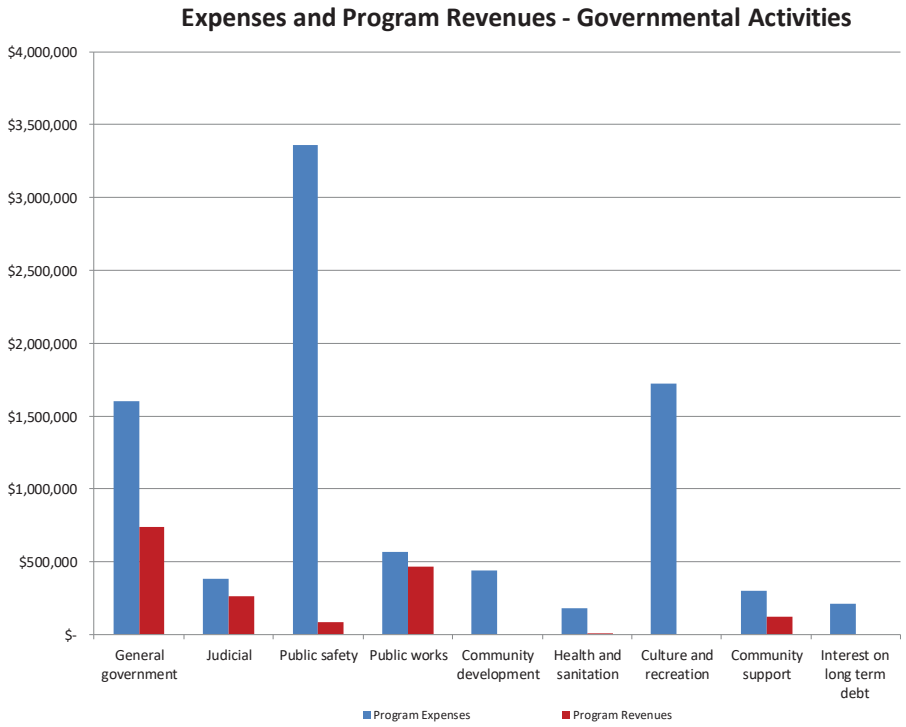
Governmental Activities

The cost of all Governmental activities this year was $8,766,124. As shown on the statement of Changes in Net Position on the following page, $1,163,954 of this cost was paid for by those who directly benefited from the programs; $513,732 was subsidized by grants received from other governmental organizations for both capital and operating activities. Overall governmental program revenues, including intergovernmental aid and fees for services were $1,677,686. General taxes, asset sales, and other general revenues totaled $7,395,918.



The City's programs include: general government, judicial, public safety, public works, community development, health and sanitation, culture and recreation, community support, and interest on long-term debt. Each programs' total cost is presented below.

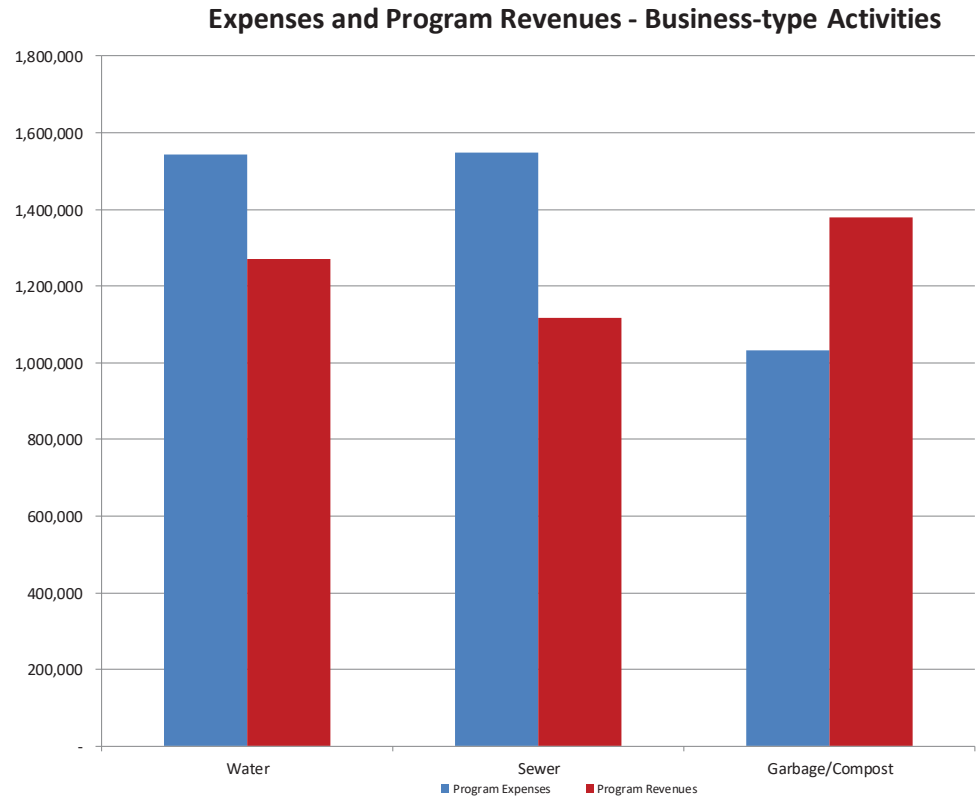
Total resources available during the year to finance governmental operations were $19,553,677 consisting of Net Position at July 1, 2019 of $10.5 million, program revenues of $1.7 million and General Revenue of $7.4 million. Total cost of Governmental Activities during the year were $8.8 million; thus, Governmental Net Position increased by $307,480 to $10.8 million.



The following graphs compare program expenses to program revenues and provide a breakdown of revenues by source for all government activities. The charts below are derived from the Statement of Activities on page 15.

Business Type Activities

Net position of the Business Type activities at June 30, 2020, as reflected in the Statement of Net Position was $16.1 million. The cost of providing all Proprietary (Business Type) activities this year was $4.1 million. As shown in the Statement of Activities, the amounts paid by users of the system were $3.8 million and $15,664 was subsidized by capital grants and contributions. Unrestricted investment earnings totaled $84,103; other revenue totaled $31,493, thus, net position decreased by $242,422.

Financial Analysis of the Government's Funds

As noted earlier, the City of West Wendover uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds: The focus of the City of West Wendover's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of West Wendover's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of West Wendover's governmental funds reported combined ending fund balances of $3,280,468, an increase of $649,118 in comparison with the prior year. 76% of the total fund balance or $2,479,837 constitutes unassigned fund balance, which is available for new spending at the government's discretion.

The general fund is the chief operating fund of the City of West Wendover. At the end of the current fiscal year, unassigned fund balance in the general fund was $2,479,837, and total fund balance is $2,707,192. As a measure of liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Total unassigned fund balance represents 42% of total general fund expenditures. During the year, the City of West Wendover's general fund balance was budgeted to increase by $451,090. The total fund balance increased by $805,931 due primarily to increases in consolidated tax revenue and marijuana related revenues.

The recreation fund has a fund balance of $118,114, all of which is restricted for culture and recreation appropriation. Change in fund balance for the year was ($16,449). Revenues were down in this fund due to the effect of the COVID 19 pandemic on room taxes.

Proprietary funds

The City of West Wendover's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

At June 30, 2020, unrestricted net position amounted to $1,118,900 for the water fund. The change in net position for fiscal year 2020 was ($179,568) and the change in net position for fiscal year 2019 was $107,184. The decrease in the change in net position was due to a slight decrease in operating revenues and an increase in operating expenses.

At June 30, 2020, unrestricted net position amounted to ($233,953) for the sewer fund. The change in net position for fiscal year 2020 was ($426,630) and the change in net position for fiscal year 2019 was ($345,895). The decrease in the change in net position was due to a slight decrease in operating revenues and a decrease in impact fee revenues as compared with the previous year.

At June 30, 2020, unrestricted net position amounted to $1,269,533 for the garbage/compost fund. The change in net position for fiscal year 2020 was $363,776 and the change in net position for fiscal year 2019 was $424,030. The decrease in the change in net position was due to a slight decrease in operating revenues and an increase in operating expenses.

General Fund Budgetary Highlights

Actual expenditures for the General Fund at year-end were $543,302 less than the final budget. The favorable budget to actual variance in appropriations was principally due to overall savings in services and supplies for all departments. Actual revenues were less than the final budget by $182,027.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The capital assets of the City are those assets that are used in performance of City functions including infrastructure assets. Capital Assets include equipment, buildings, land, park facilities and roads. At the end of fiscal year 2020, net capital assets of the government activities totaled $19.4 million and the net capital assets of the business-type activities totaled $17.8 million. Depreciation on governmental-type capital assets is recognized in the Government-Wide financial statements. (See note 6 to the financial statements.)

Long Term Liabilities

At year-end, the City had $12 million in governmental type long term liabilities, and $8 million in proprietary long term liabilities. The liabilities amounts to $4,438 per capita (4,498 – 2013 population US Census Bureau Website 2013). The City's net decrease in total long term liabilities was $1.2 million. (See note 7 and 18 to the financial statements for detailed descriptions.)

NEXT YEAR'S BUDGET AND ECONOMIC FACTORS

In considering the City Budget for fiscal year 2020-2021, the City Council and management continue to remain cautious as to the growth of revenues and expenditures especially room tax revenue which has been impacted the most by COVID-19.

The City is in the third year of its Collective Bargaining Agreement with the Police Officers Association, effective July 1, 2018 thru June 30, 2021, which provides for an annual, fiscal-year Merit Bonus of up to two percent (2%) in wages, based on performance evaluations. A two year labor agreement was negotiated with Local 4041, effective July 1, 2019 thru June 30, 2021. It provides for an annual, fiscal-year increase in wages of two percent (2%) for all classifications, with the exception of dispatchers and the lead dispatcher. Dispatcher and lead dispatcher classifications shall have an annual fiscal-year increase of four percent (4%). Renegotiations will begin in early 2021 for fiscal years beginning July 1, 2021.

Projects that are reflected in the City Budget for the fiscal year 2020-2021 are as follows:

- As a carry-over from last year, the City of West Wendover anticipates the issuance of new debt during the 2020-2021fiscal year. This new debt will be issued in the form of two interim construction loans, to start the downtown development and to build a new Fire Station facility. When construction is complete, the construction loans will be retired with Rural Development loans from USDA which have been obligated by USDA-RD.
- The acquisition of BLM land for the downtown development is estimated to cost $840K while Phase I of the City Downtown Development Area infrastructure is estimated to cost $3.415M. The fire station facility is estimated to cost $7.206M.
- The City is refurbishing a fire truck budgeted at $250K.
- The City will continue ongoing Street Rehabilitation and Storm Drainage Improvement Projects

Debt Service

- The City paid off a 1999, $1.5M, USDA Compost Revenue Bond in August, 2019
- The City paid off a 1999, $540K, USDA Compost Revenue Bond in August, 2019
- The City also refinanced the 1998, $3.058M, Water Revenue Bond. The refinance gave the City a net present value cash flow savings of $656,760.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information, please contact the City's Chief Financial Officer at the City of West Wendover, 1111 N. Gene L. Jones Way, West Wendover, Nevada 89883 or visit us online at http://www.westwendovercity.com

CITY OF WEST WENDOVER, NEVADA
Reconciliation of the Balance Sheets of Governmental Funds
To the Statement of Net Position
For the Year Ended June 30, 2020

Total fund balances - governmental funds		$ 3,280,468
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		
Governmental capital assets	$ 30,123,276	
Accumulated depreciation	(10,699,592)	
		19,423,684
Long-term receivables in the governmental activities are not reported in the funds.		199
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.		
Net pension liabilities	$ (6,277,291)	
Bonds payable	(5,393,544)	
Compensated absences	(316,480)	
Interest payable	(20,745)	
		(12,008,060)
The internal service fund is used by management to charge the cost of insurance to individual funds. The assets and liabilities of the internal service funds are included in the governmental activities in the statement of net position.		133,723
Deferred outflows and inflows of resources related to pensions are applicable to future reporting periods and, therefore, are not reported in the funds.		
Deferred outflows	$ 1,152,807	
Deferred inflows	(1,195,268)	
		(42,461)
Total net position - governmental activities		$ 10,787,553

The accompanying notes are an integral part of the financial statements.

CITY OF WEST WENDOVER, NEVADA
Reconciliation of the Statement of Revenues,
Expenditures, and Changes in Fund Balances of Governmental Funds
To the Statement of Activities
For the Year Ended June 30, 2020

Amounts reported for governmental activities in the statement of activities are different because:		
Net change in fund balances - total governmental funds		$ 649,118
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the costs of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.		
Capital outlay	$ 195,779	
Depreciation expense	(1,005,711)	(809,932)
Governmental funds report the gross proceeds from the sale of capital assets as revenue. However, in the statement of activities, the gain/(loss) on the sale of capital assets is reported net of its net book value.		(37,780)
Payments on long term receivables recorded as revenue in the governmental funds are reported as a reduction of receivables in the statement of net position.		(4,898)
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.		358,239
Accrued interest for long-term debt is not reported as an expenditure for the current period while it is recorded in the statement of activities. The adjustment reflects the change in interest payable		3,065
Pension contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the net pension liability is measured a year before the City's report date. Pension expense, which is the change in the net pension liability adjusted for changes in deferred outflows and inflows of resources related to pension, is reported in the Statement of Activities.		
Pension contributions	$ 496,825	
Pension expense	(516,322)	(19,497)
Compensated absences expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds. This adjustment reflects the change in compensated absences payable.		6,025
The internal service fund is used by management to charge the cost of insurance to the various funds. The net revenue (loss) of the internal service fund is reported with governmental activities.		163,140
Change in net position of governmental activities		$ 307,480

The accompanying notes are an integral part of the financial statements.

NOTE 1. Summary of Significant Accounting Policies

Description of government-wide financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

Reporting Entity

The City of West Wendover (government) is a municipal corporation governed by an elected mayor and five-member governing council (council). The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

Discretely presented component units - The Johnson Springs Water System Enterprise Fund (Johnson Springs) was formed by a settlement agreement between the City of West Wendover, Nevada and the City of Wendover, Utah to replace Administrative Authority upon its dissolution (dissolved on December 31, 2008). Johnson Springs has no board. The net assets of the Administrative Authority were transferred to Johnson Springs on January 1, 2009, including the debt of the Administrative Authority that is in the name of the City. It is a separate enterprise fund and is considered a component unit due to the City's responsibility to perform all management, maintenance and accounting duties for the fund.

Basis of presentation – government-wide financial statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As discussed earlier, the city has one discretely presented component units, Johnson Springs, which is considered a major component unit and is shown in separate columns in the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

NOTE 1. Summary of Significant Accounting Policies, Continued

Basis of presentation – fund financial statements

The fund financial statements provide information about the government's funds, including its fiduciary funds and blended component units if any. Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The government reports the following major governmental funds:

The **General Fund** is the government's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The **Recreation Fund** is used to account for the City's share of room tax proceeds and the distribution of those funds to the recreation district.

The government reports the following major enterprise funds:

The **Water Fund** accounts for the provision of water services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operation, maintenance, financing and related debt service and billing and collection.

The **Sewer Fund** accounts for the provision of sewer services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operation, maintenance, financing and related debt service and billing and collection.

The **Garbage/Compost Fund** is used to account for the provision of sanitation services to residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operation, maintenance, financing and related debt service and billing and collection.

Additionally, the City reports the following fund types:

Health Insurance Internal Service Fund – Internal Service Funds are used to account for the financing of goods and services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

NOTE 1. Summary of Significant Accounting Policies, Continued

During the course of operations the government has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Measurement focus and basis of accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such *as current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement* focus and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

NOTE 1. Summary of Significant Accounting Policies, Continued

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of yearend). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of yearend). All other revenue items are considered to be measurable and available only when cash is received by the government.

The proprietary funds are reported using the *economic resources measurement* focus and the *accrual basis of accounting*.

Assets, liabilities, deferred outflows/inflows of resources, and net position/fund balance

Cash and cash equivalents

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments

Investments for the government are reported at fair value (generally based on quoted market prices). The City of West Wendover invests in the State of Nevada Local Government Investment Pool, which has regulatory oversight from the Board of Finance for the State of Nevada.

State statues authorize the City to invest in obligations of the U.S. Treasury; certain farm loan bonds; certain securities issued by Nevada local governments and other state and local governments; certain repurchase agreements; certain bankers acceptances; certain commercial paper; and certain negotiable certificates of deposits and money market mutual funds, as well as the State of Nevada Local Government Investment Pool.

Inventories and prepaid items

Inventories for the general and proprietary funds are valued at cost using the first-in/first-out (FIFO) method and consist of expendable office supplies, pipe, fittings and miscellaneous automobile parts. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased.

For all other funds, the City of West Wendover charges consumable supplies against appropriations at the time of purchase. Any inventories of such supplies at June 30 are not material to the individual funds and are not recognized in the financial statements.
