AGENDA

MEETING OF THE NEVADA STATE INFRASTRUCTURE BANK
November 18, 2024
11:30 A.M.

Locations:
Via videoconference at the following locations:

Nevada State Capitol
Old Assembly Chambers
101 North Carson Street
Carson City, NV 89701

Governor's Office Conference Room
1 Harrah's Court
Las Vegas, NV 89119

Members of the public may also participate in this meeting virtually through Microsoft Teams, accessible here:

Passcode: dxN43p

Dial in by phone
(775) 321-6111
Phone Conference ID: 512 941 655#

Agenda Items:

1. Roll Call

2. Public Comment
   Comments from the public are invited at this time. Pursuant to NRS 241.020(3)(d)(7), the Board intends to limit to 3 minutes the time for an individual to speak and reserves the right to impose other reasonable restrictions on place or manner for such comment. No restriction will be imposed based on viewpoint. Comment will only be received on matters relevant to the Board's jurisdiction. The Board is not permitted to deliberate or take action on any items raised during the public comment period until the matter itself has been specifically included on an agenda as an item upon which action may be taken by the Board.

Comments by the public may be emailed to v.kilgore@nevadatreasurer.gov by 9:00 p.m. the day before the scheduled meeting and include the commenter's full name. Content may be redacted due to inappropriate language. All written public comments shall, in their entirety, be included as part of the public record.

3. Approval of the minutes from the State Infrastructure Bank Board of Directors meeting from October 1, 2024. **(For discussion and possible action).**

4. Staff report on the operations and administration of the Nevada State Infrastructure Bank, including an update on financing applications received by the Nevada State Infrastructure Bank, and direction to staff as appropriate **(For discussion and possible action).**

   Presenter: Erik Jimenez, Secretary to the Board Directors

5. Presentation of the staff report required pursuant to Regulation LCB File No. R017-22 for the proposed Hidden Valley Firehouse Apparatus Bay Project which was previously submitted to the Nevada State Infrastructure Bank for consideration **(For discussion only).**

   Presenter: Erik Jimenez, Secretary to the Board of Directors

6. Approval of a transfer of $5,252,000.00 from the Nevada State Infrastructure Bank's Federal Infrastructure Matching Account to the Nevada State Infrastructure Bank's General Account **(For discussion and possible action).**

7. Consideration and possible approval of a loan of $5,252,000 from the Nevada State Infrastructure Bank's General Account to the Truckee Meadows Fire Protection District for the Hidden Valley Apparatus Bay Project, and direction to staff as appropriate **(For discussion and possible action).**

8. Presentation of the staff report required pursuant to Regulation LCB File No. R017-22 for the proposed Desert Pines Infrastructure Project which was previously submitted to the Nevada State Infrastructure Bank for consideration **(For discussion only).**

   Presenter: Erik Jimenez, Secretary to the Board of Directors

9. Approval of a transfer of $10,747,882.62 from the Nevada State Infrastructure Bank's Federal Infrastructure Matching Account to the Nevada State Infrastructure Bank's Affordable Housing Revolving Account **(For discussion and possible action).**

10. Consideration and possible approval of a loan of $25,000,000 from the Nevada State Infrastructure Bank's Affordable Housing Revolving Account to Urban Strategies LLC for the Desert Pines Infrastructure Project, and direction to staff as appropriate **(For discussion and possible action).**

11. Presentation of the staff report required pursuant to Regulation LCB File No. R017-22 for the proposed TRI-GID Processed Water Extension Project which was previously submitted to the Nevada State Infrastructure Bank for consideration **(For discussion only).**

    Presenter: Erik Jimenez, Secretary to the Board of Directors

12. Approval of a transfer of $15,500,000 from the Nevada State Infrastructure Bank's Federal Infrastructure Matching Account to the Nevada State Infrastructure Bank's General Account **(For discussion and possible action).**

13. Consideration and possible approval of a loan of $15,500,000 from the Nevada State Infrastructure Bank's General Account to the Economic Development Authority of Western Nevada for the TRI-GID Processed Water Extension Project, and direction to staff as appropriate **(For discussion and possible action).**

14. Public Comment.
Comments from the public are invited at this time. Pursuant to NRS 241.020(3)(d)(7), the Board intends to limit to 3 minutes the time for an individual to speak and reserves the right to impose other reasonable restrictions on place or manner for such comment. No restriction will be imposed based on viewpoint. Comment will only be received on matters relevant to the Board's jurisdiction. The Board is not permitted to deliberate or take action on any items raised during the public comment period until the matter itself has been specifically included on an agenda as an item upon which action may be taken by the Board.

Comments by the public may be emailed to v.kilgore@nevadatreasurer.gov by 9:00 p.m. the day before the scheduled meeting and include the commenter's full name. Content may be redacted due to inappropriate language. All written public comments shall, in their entirety, be included as part of the public record.

15. **ADJOURNMENT**

Notes:

STACKED AGENDA: Above is an agenda of all items scheduled to be considered. Unless otherwise stated, items may be taken out of the order presented on the agenda by the discretion of the Chair. Items may also be combined for consideration or pulled or removed from the agenda at any time. Persons who have business before the Commission are solely responsible to see that they are present when their business is conducted.

The Nevada State Infrastructure Bank is pleased to make reasonable accommodations for persons with physical disabilities. Please call (775) 684-7190 or email v.kilgore@nevadatreasurer.gov if assistance is required.

In the event there are supporting materials available for items on this agenda, such materials will be produced upon request pursuant to NRS 241.020(7) and (8) by submitting a request via email to ejimenez@nevadatreasurer.gov. Supporting materials may also be available at the Bank's website at https://sib.nv.gov?Board.

Erik Jimenez, Secretary to the Board of Directors may be contacted at (775) 684-5609 to obtain copies of supporting materials, which are available to the public at 101 North Carson Street, Suite 4, Carson City, NV 89701.

THIS AGENDA HAS BEEN POSTED IN THE FOLLOWING PUBLIC LOCATIONS:

- **State Capitol Building, 1st & 2nd Floors, 101 North Carson Street, Carson City, NV 89701**
- **Nevada Legislative Building, 401 South Carson Street, Carson City, NV 89701**
- **Nevada State Library, 100 Stewart Street, Carson City, NV 89701**
- **Blasdel Building, 209 East Musser Street, Carson City, NV 89701**
- **Southern Nevada State Office Building, 1 Harrah's Court, Las Vegas, NV 89119**
- **Also online at: https://sib.nv.gov and https://notice.nv.gov/.**

Relates to Agenda Item 3

STATE INFRASTRUCTURE BANK

October 1, 2024

Summery Minutes

Location:
Via videoconference at the following locations:

Old Assembly Chambers
Capitol Building, Second Floor
101 N. Carson Street
Carson City, NV 89701

Governor's Office Conference Room
1 Harrah's Court
Las Vegas, NV 89199

Board Directors & members present:
Treasurer Zach Conine – Las Vegas
Director Tom Burns – Governor's Office of Economic Development – Las Vegas
Director Kristopher Sanchez – Department of Business and Industry – Las Vegas
Member Ken Liu – Las Vegas
Member Tracy Holland – Carson City
Member Jesse Haw – Carson City
Member Matt Kershaw - Teams
Member Blayne Osborn – Carson City
Member Teresa Melendez – Carson City

Others present:

Erik Jimenez:	Treasurer's Office	Zoe Houghton:	Tom Clark Solutions
Veronica Kilgore:	Treasurer's Office	Kirsten Stasio:	NCEF
Emily Nagel:	Treasurer's Office	Greg Zegas:	NCEF
Mary M. Huck:	Deputy Attorney General	Jacob Brinkerhoff:	NCEF
Joanna N. Grigoriev:	Deputy Attorney General	Tiffany Voss:	RTCSN
Belz & Case Gov:	Belz & Case Gov. Affairs	Tomas Hammond:	Public
Sabrina Schnur:	Belz & Case Gov. Affairs	Alex Pike:	Public
Kathy Flanagan:	LVVWD	Luke:	Public

Agenda Item 2 - Public Comment: No public comment.

Agenda Item 3 – Land Acknowledgement:

Member Theresa Melendez: "Hello my name is Theresa Melendez. I am a citizen of Pokagon Band Potawatomi from Southwest Michigan, but have had the pleasure of calling Northern Nevada, home for the last 12 years. I just wanted to take a moment to recognize that today that we gather that we work and we live on the occupied traditional homelands of the Paiute

Shoshone and Washoe people, that's the Washu, Numu, Newe people, the original inhabitants of this land. People who are doctors and philosophers and astronomers and engineers. Who've always lived here, whose ancestors are in these waters and in the soil and in these mountains, who songs and ceremonies and medicines come from these mountains and valleys? Just want to take a moment to recognize that we all benefit from the history of occupation of their indigenous homelands and each one of us benefit from settler colonialism and know that there's more work to do to continue bringing equality and justice for the indigenous people of these lands here in Nevada, with that, thank you for the opportunity to say a few words"

Presenter: Member Teresa Melendez

Agenda Item 4 – For discussion and possible action: Approval of the minutes from the State Infrastructure Bank Board of Directors meeting from September 23, 2024.

Motion to approve the meeting minutes from Member Tracy Holland a second from Director Kirstopher Sanchez. Motion passed unanimously.

Agenda Item 5 – For discussion and possible action: Staff Report on the operations and administration of the Nevada State Infrastructure Bank, including an update on financing applications received by the Nevada State Infrastructure Bank, and direction to staff as appropriate.

As of September 25, 2024, the Bank has $64,843,369 in total resources spread out across the following budget accounts, Operating Account $48,858.93, Affordable Housing Revolving Account: $21,252,117.38, Charter School Capital Needs Revolving Account: $759,592.78, Federal Infrastructure Matching Account: $35,761,989.05, State Infrastructure Bank General Account: $1,715,810.61.

Of these balances, the Affordable Housing Revolving Account (Budget Account 4673) has an outstanding $7,000,000 obligation for the Carville Park Apartments Project. Similarly, the State Infrastructure Bank General Account (Budget Account 4676) has $1,695,000 in remaining its obligation for the West Wendover Fire Station/Emergency Operations Center Project.

After taking into account these existing obligations previously approved by the Board of Directors, the Bank currently has $50,794,510 in available funds to provide loans and other financial assistance to qualified borrowers in FY24/25.

Additionally, Bank staff is currently working to finalize negotiations on the following projects:

- Urban Strategies LLC – Desert Pines Infrastructure Project
  - $25,000,000 from the Bank's Affordable Housing Revolving Account

- Truckee Meadows Fire Protection District – Hidden Valley Fire Station Apparatus Bay Project
  - $5,252,000 from the Bank's General Account

- EDAWN/Redwood Materials – TRI-GID Processed Water Extension Project

- $15,500,000 from the Bank's General Account

Additionally, per the request of this board, we initiated the tribal consultation process as required under state law with the Pyramid Lake Paiute tribe on the proposed TRI-GID process water extension project that was submitted by EDAWN in partnership with Redwood Materials.

Treasurer Conine: "Any questions from members? We'll go to Carson City."

Member Theresa Melendez: "I don't have a question, but I just want to thank you Erik for following up with the Pyramid Paiute Tribe. I appreciate that."

Treasurer Conine: "And with that we will close Agenda Item 5 and open Agenda Item 6."

Presenter: Erik Jimenez, Secretary to the Board of Directors of the Nevada State Infrastructure Bank.

Agenda Item 6 For discussion and possible action: Approval of the annual report on the operations of the Nevada State Infrastructure Bank for Fiscal Year 2024, as required pursuant to NRS 226.826. The Board of Directors is required to send an annual report 90

Pursuant to NRS 226.829, the Board of Directors of the Nevada State Infrastructure Bank ("Bank") is required to submit a report on the operations of the Bank for each fiscal year. The report included below, includes the following items for the period covering July 1, 2023, through June 30, 2024.

An update on the Bank's staffing levels, an overview of all loans that have been issued by the Bank's various budget accounts, including revenues that have been received thus far and expected revenues for the remainder of the Fiscal Year 2024-2025 ("FY24/25") biennium, and an update on the projected timeline for the Bank to be financially self-sufficient.

As of June 30, 2024, the Board of Directors for the Bank has approved three loans totaling $23,750,000. $15,000,000 from the Charter School Capital Needs Revolving Account (Budget Account 4674) to Opportunity 180 to support the Nevada Facilities Fund Project. $1,750,000 from the State Infrastructure Bank General Account (Budget Account 4676) to the City of West Wendover to support the West Wendover Fire Station Emergency Operations Center Project; and $7,000,000 from the Affordable Housing Revolving Account (Budget Account 4673) to the Northern Nevada Building and Construction Trades Council Development Corporation to support the Carville Park Apartments Project.

Treasurer Conine: "Thank you, Mr. Jimenez. Any questions from board members? We'll start in Las Vegas. Seeing none, how about online? And in Carson City."

Member Jessie Haw: "Treasure Conine, this is Jesse Haw for the record. Just curious 'cause I don't know how this works but, is there a danger or do let me see how to phrase this. Can the state or the legislature sweep funds if we're not spending what we have in the budget, for example, on the executive director, if there's too much surplus, are we in danger of getting funds

swept? Thank you."

Erik Jimenez: "A great question, Eric. For the record, under current statute, I don't know the exact citation off the top of my head because they moved the chapters on us, but the state Infrastructure Bank fund is an enterprise fund that continues without reversion, so as it exists today. Those dollars could not be swept. I would say if there were some sort of statutory change, like who knows what could happen, but at least under current law, that could not happen."

Member Jessie Haw: "Thank you."

With no other questions or comments Treasurer Conine then asked for a motion to approve.

Motion made by Director Kristopher Sanchez and seconded by Member Ken Liu. Motion passed unanimously.

Treasurer Conine then closed Agenda Item 6 and opened Agenda Item 7.

Presenter: Erik Jimenez, Secretary to the Board of Directors of the Nevada State Infrastructure Bank.

Agenda Item 7 - For discussion only: Presentation by the Nevada Clean Energy Fund on the proposed Clean School Bus Program Project.

Kirsten Stasio is the CEO of the Nevada Clean Energy Fund and is joined by her colleague Greg Zegas, Managing Director of Investments. The Nevada Clean Energy Fund is a non-profit organization that was established by State Legislation in 2017 to accelerate financing for clean energy projects in a way that reduces energy costs for Nevadans, creates quality jobs, creates a healthier environment and climate and spurs economic growth. They work with a variety of different stakeholders to provide this clean energy financing and also technical assistance to a variety of different stakeholders. Affordable housing, schools, non-profits, local governments, residents, tribes, small businesses, and others.

A key role that they've been playing is securing federal funds from the unprecedented funding that's becoming available through the Inflation Reduction Act in the bipartisan Infrastructure Law for clean energy.

As of today they've secured nearly 170 million in federal funds to benefit Nevada's communities and this includes their 8 million clean School Bus award from the US Environmental Protection Agency which is what they come to present today.

Greg Zegas then took over and shared his screen for the presentation.

About a year ago actually, they submitted an application to the Environmental Protection Agency or EPA to their 2023 Clean school Bus grant program. They did this application on behalf of a number of school districts across the state, so that they didn't have to go through the cumbersome process of applying to EPA funds directly and then managing those funds should they have been awarded. They

were selected in January of 2024 for an initial $7.7 million grant from EPA, and that award was increased in the last month.

NV Energy is one of their partners, they are implementing a vehicle to grid trial program which provides incentives to the school districts for the cost of the battery on the Electric school bus. They also have the Nevada Division of Environmental Protection, which is allocated VW Settlement funds that are intended to support the implementation of 0 emission vehicles across the state. They also have an international nonprofit, the World Resources Institute with their Electric School Bus Initiative in the mix, providing technical assistance related to training and procurement of the electric school buses.

They submitted an application for $7.3 million with the intent to establish a revolving loan fund to support the school districts with bridge funding for their procurement of these school buses and the repayment for that would come from a number of incentives and tax credits that are available to the school districts that have a time delay associated with them. The Nevada Energy's vehicle through grid trial program utility incentive. The IRS section 45 W commercial vehicle tax credit. And the Volkswagen settlement funds from the Nevada Division of Environmental Protection.

In the last few weeks, they were able to get an increase in their grant award from EPA, an increase of $988,000 and that reduces the need somewhat for the bridge funding for the incentives because they can advance more of the funds to the EPA grant. NDEP has also confirmed that they are able to advance the VW settlement funds directly to the school district further reducing the need to bridge a portion of those funds. They learned that some of the schools do not need the bridge funds and can float the money for their busses. With those changes in mind, they were able to reduce the ask to the State Infrastructure Bank to about $4 million, as this sort of line of credit to cover the bridge financing needs.

They are doing this project because electric school buses can provide immense benefits to the communities where they are implemented. Which includes a huge reduction to maintenance costs, without the need buy fuel, they have a less complicated drivetrain, and lower maintenance expenses. Obviously, fuel cost savings associated with powering through electricity instead of gas can be a huge benefit to the school districts, but really the biggest benefit that they are providing for the districts through this program is that they are able to implement the school buses at no upfront cost to the schools because through all of their conversations with these mostly rural school districts, they found that if the schools have to have to pay upfront the money for these buses, then they will be locked out of the opportunity to implement the school buses and deliver those benefits to the kids who ride them. Right now 29 busses in 9 school districts that are anticipated to be delivered through the program. This ranges from some of the bigger districts like Washoe County School District to the smaller and rural school districts across the State like Lander County School District, Nye County School District out of Tonopah, and Pershing County School District.

The capital stack for the program for each school bus, and related infrastructure. Starting the bottom, is the EPA grant, which are being provided directly to the school districts. On top of that is the Volkswagen settlement funds. On top of that, is the 45 W tax credit, which will be paid directly to the school districts through the direct pay mechanism that the IRS implemented with the Inflation Reduction Act. This opens up tax credits to tax exempt entities like school districts. On top of that, is the NV Energy Vehicle Through Grid Trial Program Incentive. On top of the incentive program, NV energy is also building all of the charging infrastructure and any grid infrastructure upgrades that are necessary to handle the

chargers for the buses. That piece may seem to be a small part of the capital sack, but it can actually outweigh all the other stacks pieces of the stack combined.
The program kicked off in April of 2024, and they are nearly halfway through that first year of program implementation and they have been working with their partners to get their the program up and running to get the school districts in a position to start to procure the buses.

Treasurer Conine: "We have a question from a member. Member Sanchez?"

Member Sanchez: "Hey, Greg, just looking at the chart here, it says expected deadline for bus scrappage. I'm just curious. The life of this vehicle compared to combustion engine bus comparison."

Greg Zegas: "Sure. It's a great question. So obviously electric school buses are have not been implemented at scale across the entire country. So we don't have good data over multiple decades to be able to answer this question, but we expect and our partners expect that the electric school buses have a lifetime of about 16 years. Which lines up fairly well with some of the replacement cycles that some of the school districts already implement for their diesel school buses."

Member Sanchez: "So when it says bus scrappage, what's that refer to?"

Greg Zegas: "Right. So as a condition of receiving the EPA funds and also as a condition of receiving the VW settlement funds. The old school buses need to be scrapped so the buses that they're replacing, the diesel school buses that are more polluted, those have to be scrapped and so we want to give the districts as much time as possible before that scrappage has to happen, basically it has to happen by the deadline of our period of performance with the EPA program, which is in March 2027."

Member Sanchez: "That makes perfect sense. I was wondering why you would scrap perfectly good bus. It had, what, 13 years to go on its life cycle."

Greg Zegas: "Great question. Thank you. And yeah, anybody else feel free to hop in with questions. Appreciate you calling them out, Erik."

Member Haw: "If we're taking questions, Treasurer Conan, Jesse Haw of the record, Greg what does an E bus cost versus a regular bus? If you know, and has anybody looked at the weight of these buses versus traditional buses on segments of asphalt that aren't traditionally size for a heavy vehicle like that. I'm just wondering about the wear and tear on local roads and kind of the minor streets, maybe you guys, somebody's looked at that. Just curious. Thank you."

Greg Zegas: "Yeah, great question. I think this slide actually gets into the illustrative cost a little bit. So obviously these buses are a lot more expensive. We're looking at, you know, somewhere between 450 and $550,000 for each of these buses. Depending on how big the battery is, that's really the main driving factor and how much the bus cost when it comes to the weight of the buses. And I'll come back to this slide in a second. We haven't fielded in that exact question before. We could run it by our partners at WRI. When it comes to the impact on asphalt that that maybe hasn't been cleared for those heavier vehicles, but the buses are heavier and that does mean a couple things. One, it means

that when the bus, if in the unfortunate event that the bus has to be towed, you would have to have probably a, you know, a more complicated tow situation like a flatbed potentially and there could be a little bit more wear on the tires themselves as well, and so the tires could wear out a little bit more quickly, but that's a great question. And I apologize that I don't have a direct answer off the top of my head."

Member Haw: "Thank you. Love to hear back from you on that."

Member Melendez: "One more question, Treasure Conine. Theresa Melendez, for the record, just to piggyback off of that last question. So I'm also thinking about what the effect on tribal communities would be, considering our roads, we have a lot of issues with roads on tribal land. There's some of our biggest issues in the state and also how incredibly remote a lot of reservations are. I'm wondering if there have already been conversations. Whether or not this program would be appropriate for some of our rural tribal schools like. Owyhee combined School in Owyhee on the Duck Valley Reservation, or McDermott Combined School in McDermott, Nevada, by the Fort McDermott Shoshone tribe or the Duck Valley Community, Duck Valley, Shoshone tribe and Duck Valley, which bus their kids to Eureka. Thank you."

Greg Zegas: "Thank you for the question. Short answer is that we have not had direct conversations with those schools and those tribes on this program. It's certainly something that we're open to having that conversation, particularly because we could, you know, scrounge up other funds to be able to support school buses in those community communities. Tribes are a really big focus of the Nevada Clean Energy Fund. We're actually try about to hire a Tribal Clean Energy Program Manager, so, this is very important to us, absolutely. When it comes to serving those more rural communities. The most important consideration for us is how long are the bus routes. Are they short enough that you can do the complete route in a day and still come back to the depot and have at least like a 30% charge in the battery. And that's what Nevada energy has been doing in their analysis to determine, OK, which routes are most suited for electrification. They can also look at whether it's possible to do. Midday charging in the middle of the day after the AM route in order to increase the potential range of the buses if it is a slightly longer route. So we we've been leaning on them for that right now. We we do have potential to support two of the tribal communities through our program. So the Pyramid Lake Paiute tribe, we're looking at doing 1 bus for Pyramid Lake High School. We're actually about to head out there later this week to confirm their participation. Their main concern is sort of the servicing and the and the lack of in-house technicians to be able to serve that. But we've been talking with RTC Washoe, which may be able to provide that technician capacity on behalf of the tribe. The other cases, Mineral County School District with the Walker River Paiute tribe. I'll just scroll back up to this. This slide right here that talks about the districts that are participating. So you'll see #6 Mineral County School District. Initially, they were interested in two buses. One of those would serve Churrs and the Walker River Paiute tribe community. We're still working through whether that's going to be possible just because. Those buses tend to need to be available for trips on a sort of, you know, on a moment's notice. And so they may not be the best suited for electrification, but we are working with Chair Martinez at Walker, Paille Tribe to explore that further. And in the case of some of the communities that that you mentioned, we would love to have those conversations if folks are able to facilitate those conversations."

Member Melendez: “Anything I can do to help facilitate those conversations with those, I think additional tribes please reach out.”

Kristen Stasio: “Thank you so much. We'll follow up with you on that. Kirsten Stasio for the record, and actually we do have regular conversations with the Shoshone Paiute tribes of the of Duck Valley Indian Reservation. I believe they have two school buses as you reference that that travel really long distances and so aren't necessarily at this time, appropriate for electrification, but we're talking to them about solar for their new school.”

Treasurer Conine: “Thank you. And now I'll turn it over to Member Sanchez.”

Member Sanchez: “Just real quick, in the next presentation or the update that you provide, can you add on page 33 the current number of buses that each of the districts have?”

Greg Zegas: “Happy to thank you for the feedback.”

Treasurer Conine: “Thanks Greg. Any additional questions from members? All right. Thank you. Please proceed.”

Greg Zegas then went on to finish the presentation with the last slide. Stating that their project has to be finished by spring of 2027. That is the period of performance for the EPA grant. Saying that the school districts have a decent amount if time between now and then to procure the buses and implement them, and NV Energy have plenty of time to build the charging infrastructure and implement any upgraded that may be necessary to handle these DC fast chargers.

As far as the procurement timing, data shows that it takes a while. It takes a while for new diesel buses as well. Greg has been in contact with Mike Hush, the transportation director over at Nye County School District, and he has been saying that some of their diesel buses they've been waiting for almost two years for. Most of the OEMs that they have been talking to for the electric school buses seems like it's possible between, you know, somewhere between six months and a year or so. Obviously, those OEMs are ramping up their capacity to handle the increased demand associated with EPS programs, yet with still plenty of time to compensate. Saying that there's still plenty of time for the districts to do this.

Greg goes on to the end presentation with the last two slides. That most of the bridging need will start once the buses are delivered. Because when the bus is delivered, they have to make the payment to the OEM. A portion of that payment will come from the EPA funds. Then for the portions that would be covered by the 45 W tax credit or the Nevada Energy Incentive. Those are the portions that would have to be bridged again at the time of delivery and they expect most of those deliveries to happen around the end of 2025 or the first few months of 2026. That’s the point in the program, around year 2, is when they expect the need for the bridge funding to start.

Greg showed a slide on the cost of an individual bus, which may be different for each school district depending on their necessities. Saying that the cost is an estimate since the size or class of the bus and its battery may vary.

Talking about what that looks like for an individual districts. For example Lyon County School District, which is interested in doing six of these electric school buses. Once that delivery were to happen, they'd

have to be bridging that NV Energy Incentive for about one to two months. Saying that NV energy can act relatively quickly. NV Energy does expect that process to take about two months maximum. So that would be for an estimate of $800,000. The 45 W tax credit would take a lot longer to bridge because the school districts have to file and go through this new elective pay process in the year after the buses have been implemented. From there nobody really knows how quickly the IRS is going to provide that cash reimbursement through the elective payment process. It could be six months up to a year. They IRS don't make any promises in terms of how quickly they do it, so that would that would be about $250,000 in this case for Lyon County School District. Meaning the total amount that would be bridged in this example for Lyon County School District is about $1,000,000. And again, a big portion of that would be recycled fairly quickly and then the remainder would be recycled once the 45 W tax credit payment came back.

Treasurer Conine asked if any members had questions.

Member Osborn: Yeah. Chair Conine and Blaine Osborn for the record. Curious, question for Mr. Zegas. You're mentioning the 4 million bridge funding as a worst case scenario? Why is that ambiguous? Is that because of the way the stack works with the other grants that you're expecting? Are you expecting more money to come in?"

Greg Zegas: "Yeah. So, the primary reason is that it's sort of the timing of the school bus procurement. So, if all the school buses act at the same time and work with the same manufacturer and their delivery schedule is exactly the same, and then their payment schedule is exactly the same, then that sort of sum of all the school districts, all the bridging, that they would need hitting at the same time. That would be about $4 million. We also expect that you know, based on our conversations with some of the school districts that they may have the capacity to float some of those funds, for example, the short-term bridge for the NV Energy funds. In some cases, they said that it could be possible. It's too early to have, you know, real confirmation on whether that will be possible. So, there is a chance that in those cases where they can float the funds that they wouldn't need the bridge for that portion. For example, for that that short term float. So that's why there's still a little bit of ambiguity on what the final number will be."

Blayne Osborn: "OK, great. And that leads me to my second question on the school districts. Talk to me a little bit about the selection process. Why those districts? Did the districts apply? Why those districts did the districts? Is that the number of buses they're requesting? Because I know you talked a little bit about why. Maybe some of those are tentative. And conversations are still ongoing. So how did districts engage with you in this process?"

Greg Zegas: "Yeah. Happy to shed more light on that. So, we've actually been doing this engagement with school districts for over 2 years at this point. You know NCEF launched in in 2022 and since then we were doing a lot of technical assistance around that time, EPA launched its Clean School Bus rebate program. And so at that time, Kirsten was going around to many of the these school districts and others kind of doing education around the opportunity to get rebates from EPA for this program. And many of the school districts did apply. Some of them didn't actually get selected for those that that rebate lottery.

So when we had this opportunity last summer in 2023 to do this joint application on behalf of a number of school districts, we really you know went out to the districts and tried to see who was interested in participating. Initially we had five districts that were interested in participating and it

was a little bit of difficult timing because it was in the middle of summer. There's a lot of transition going on in the staffing of some of these transportation departments at the school districts. And so at that time that we submitted our application in August of 2023, we had five school districts participating. Once we got awarded in January, we had an opportunity to go back to many of the school districts and say, hey, this is real, this is really real now, we'd love for you to participate. We have more space for you to participate and after those conversations, we got up to 9 school districts and 29 buses potentially. So that was how that that preceded, but. I'll just reiterate that you know we're open to having these conversations with any school district at any time. Just because we may not have EPA funds to go beyond what I've presented to you today, we do certainly have line of sight to other potential funds to be able to help school districts do this work, whether they're in NV energy territories or not, whether they are rural ones or not, this is a big priority when it comes to our program focus area of fleet transformation."

Treasurer Conine: "Any additional questions from members?"

Member Haw: "Chair Conine. For the record, Jesse Haw, I'm not sure who on the applicant can answer this, but just from the bank's perspective, who what is the collateral or is there collateral or we have like a you know bill of sale or something on a on a bus. Or is it the school district? Or is it the Nevada Clean Energy Fund? Who would we be lending this to and what is the collateral? Thank you."

Greg Zegas: "Sure, I can take a shot at that and feel free to weigh in as well. Erik and Kirsten. But the way that that we've been thinking of structuring this bridge loan to the school districts for that, you know, incentive payment or tax credit payment is that we would take security in the form of you know the title on the bus and so we'd have that security."

Jesse Haw: "Thank you and follow up for the record, Jesse Haw. So the state, Nevada State Infrastructure Bank is making a loan to the Nevada Clean Energy Fund, who then has title on a bus or buses in the different school agencies. Does that sounds correct? So we would have some kind of security I guess over your security on the buses it sounds like. Thank you."

Greg Zegas: "Yes."

Member Kershaw: "Chair Conan. Thank you. I would just ask on the. The line and considering that a significant portion of the funds are needed only for one to two months. And it almost project that out. Is there an ability or could we create an ability to reduce the commitment after a certain point in time so that those funds could be used in in other ways for the Infrastructure Bank?"

Greg Zegas: "Yeah, I would defer to Mr. Jimenez in answering that question. I think that the conversation that that we've had as recently as a couple weeks ago is we've talked about the increase of funding that we got from EPA and sort of our reduced need. I think Erik has talked about it in terms of sort of a line. Of credit that we would be able to draw upon as we have that sort of line of sight to what the near-term need is for the bridging, but I'll defer to Erik on sort of whether. The data infrastructure banks commitment would potentially be reduced."

Erik Jimenez: "Erik Jimenez, for the record treasurer, Connie to Mr. Kershaw. Yeah. So we always wait to get into loan terms and contract negotiations until after this initial presentation for this exact reason. I think something I would be certainly open to is starting that conversation on what is the need? We've been thinking about this as a kind of like a line of credit. So they may not need to draw down, but I do resonate with your point. If after a certain period you know, we know that they're not going to hit that $4 million threshold, could that reduce? I think also just fundamentally for this type of project. We're trying to keep costs lower for rural school districts, so I think we would structure this potentially as a drawdown as well. So that not all the dollars would leave the bank until they were needed to leave the bank just from a kind of a security and risk mitigation perspective."

Member Kershaw: "Thank you."

Member Melendez: "Treasurer Conine, Theresa Melendez for the record, and I just had an additional thought. Kirsten and Greg I want to thank you for your work with Nevada Clean Energy Fund I know your work is really important and. I feel like in the state of Nevada as an indigenous organizer, folks who work in an Environmental Protection and environmental justice have been really great allies for the tribal communities here. Really thankful for your work. Appreciative for your work and for your foresight and including tribes in this conversation early. Just a couple of thoughts in that my background is in education and so I'm familiar with a lot of the challenges that tribal schools specifically face. And so in busing is one of those issues, busing. And that, you know, I'll hear from our students at schools like I, I have a contract with McDermott combined School. As a college and career coach and you know, I've heard really sad stories from our students where they say, you know, we'll go to Winnemucca or we'll go to ALCO. We go to all these other nice schools and we know that we're driving. Know we're riding in like the hand me down buses and we know that we receive the hand me down stalls and we see the hand me down lockers. And our kids see that type of racial equity. And so as I'm listening, the conversation, you know, because our tribes are so remote, this program might not be appropriate at this time because we have so many compounded issues in tribal communities where we don't have sometimes paved roads to the reservations, so roads are major issues. Or another issue right here is we don't have school bus drivers even though there's a need for additional buses we don't have the funding for school bus drivers. Other issues are that we have seen a history of neglect for our reservation based schools by our school districts where as organizers and advocates were going to the school district saying these are the issues we're seeing in our schools we need additional resources and those concerns seem to have been neglected historically. And then we have to come to the state legislature to enact legislation to sometimes force the hand to make sure that indigenous children in this state receive quality education. So and because of Nevada Clean Energy Fund is working on other projects with tribes. I just wanted to voice some of those other issues that may be in the future there are there'll be funding in projects that can support or address some of those issues and then maybe this program could be eligible for more tribal schools. And then just the other thing I just wanted to acknowledge is that indigenous communities in this space, in this state in particular are disenfranchised by extractive industries. I was just talking to my colleague about, you know, lithium extraction in this state and how we have cancer clusters in all of our tribal communities and most of our communities. Cannot drink the water. And like that was one of the issues with Owyhee Combined schools. Why we have received funding to be able to build a new school because of cancer cluster in the Community and the exposure they're adjacent to the school and the impact of the students. So knowing we're talking a project that I assume these buses probably use lithium batteries. In Fort McDermott, 20 miles from

the reservation, is the largest lithium deposit and you know the tribe is in several of the Paiute tribes are trying to protect their indigenous homelands and their ancestral lands from Lithium Mining. A Lithium project that's part of our Clean Energy Plan moving forward, but I just wanted to highlight that projects like this do particularly affect indigenous people here in the state. And then, but they're often not a benefit of the programs and resources. That are, you know, designed to help other communities in the state. So I just want to acknowledge that racial disparity that exists. It's a good project and I support the project, but hopefully it can help the people that it, you know, negatively impacts the most in the future. Thank you very much."

Treasurer Conine: "Thank you Member Melendez. Any other comments or questions from members? All right, hearing none. Greg. Kirsten, appreciate the work thus far.
Looking forward to seeing this when it comes back in front of the board. And with that we'll close agenda item number 7. Move on to agenda item number 8, our second period for public comment. Has any public comment arrived in Carson City? There's none. I was hoping the siren song of our progress would drive some folks, but maybe next time. Any public comment online?"

Presenters: Kirsten Stasio, CEO – Nevada Clean Energy Fund
Greg Zegas, Managing Director of Investments – Nevada Clean Energy Fund

Agenda Item 8 - Public Comment: No public comment.

Meeting Adjourned at 9:53 a.m.

Relates to Agenda Item 4

To: Board of Directors of the Nevada State Infrastructure Bank
From: Erik Jimenez, Secretary to the Board of Directors
Date: November 13, 2024
Re: State Infrastructure Bank – Agenda Item 4 – Staff Report

The following report has been prepared by Bank Staff to detail the administration and operations of the Nevada State Infrastructure Bank since the last meeting of the Board of Directors in July

Administration / Operations:
Since the last meeting of the Board of Directors, staff from the State Treasury has worked to ensure that the Bank's operations have continued seamlessly by working to service the Bank's public-facing website, serving as staff to the Board of Directors, evaluating financing applications that have been submitted by potential borrowers, and working to increase the awareness of the Bank to local governments, Tribal governments, and non-profit organizations.

Since the last Board meeting on October 1, 2024, staff has:

1) Successfully disbursed the $7,000,000 loan approved by the Board of Directors to the Building and Construction Trades of Northern Nevada Development Corporation for the Carville Park Apartments Project;

2) Worked to finalize negotiations with the following applicants to bring these proposed projects up for the Board's consideration at the November 18, 2024, meeting:
    - Urban Strategies LLC – Desert Pines Infrastructure Project
    - Truckee Meadows Fire Protection District – Hidden Valley Fire Station Apparatus Bay Project
    - Economic Development Authority of Western Nevada/Redwood Materials – TRI-GID Processed Water Extension Project

3) Continued to work on the review for potential financing from the Nevada Clean Energy Fund for its proposed Clean School Bus Program, which staff expects to bring to the Board of Directors at the January 7, 2025, meeting; and

4) Has continued to meet with prospective borrowers on projects that may be submitted to the Board of Directors for its consideration.

State Infrastructure Bank Financial Overview:
As of November 13, 2024, the Bank has $64,843,369 in total available resources spread out across the following budget accounts:

- Operating Account (Budget Account 4672): $66,401
- Affordable Housing Revolving Account (Budget Account 4673): $14,252,117.38
- Charter School Capital Needs Revolving Account (Budget Account 4674): $759,592.78
- Federal Infrastructure Matching Account (Budget Account 4675): $35,761,989.05
- State Infrastructure Bank General Account (Budget Account 4676): $1,715,810.61

- MLB Stadium Credit Enhancement (Budget Account 1106): $14,000,000.00

Of these balances, the State Infrastructure Bank General Account (Budget Account 4676) has $1,695,000 in remaining its obligation for the West Wendover Fire Station/Emergency Operations Center Project, which was previously approved by the Board of Directors.

After taking into account these existing obligations previously approved by the Board of Directors, the Bank currently has $52,518,316 in available funds to provide loans and other financial assistance to qualified borrowers in FY24/25.

A table outlining the various budget accounts, accrued interest, and allocated amounts can be found below:

Account	Balance as of 11/13/2024	Amount recently allocated, yet to be spent	Remaining Unobligated Amount
State Infrastructure Bank Operating Account (BA 4672)	66,401.25	28,805.94	37,595.31
Affordable Housing Revolving Account (BA 4673)	14,252,117.38	0.00	14,252,117.38
Charter School Capital Needs Revolving Account (BA 4674)	759,592.78	0.00	759,592.78
Federal Infrastructure Matching Account (BA 4675)	35,761,989.05	0.00	35,761,989.05
State Infrastructure Bank General Account (BA 4676)	1,715,810.61	1,695,000.00	20,810.61
MLB Stadium - Credit Enhancement (BA 1106)	14,000,000.00	0.00	14,000,000.00

Total Funds Available to the Bank	**$66,555,911**
Total Amount Available for Loans (as of 9/25/24)	**$52,518,316**
Proposed New Loans for the November 18, 2024 Meeting	**$45,752,000**
Expected Repayment Income/Fees on Loans in FY25	**$162,408**
Additional FY25 Repayment Income/Fees if loans approved on Nov. 18	**$611,281.17**
Total Funds Available for New Loans in FY25 (if all loans are approved on Nov. 18)	**$7,540,004**

Expected Loan Pipeline: Bank staff continues to work to identify a new pipeline of potential projects to utilize the Bank's remaining $52,518,316 in available loan funds. Since the last Board of Directors meeting on October 1, 2024, the Bank has not received any new applications for financing.

However, staff has worked to finalize negotiations on the following proposed loans, which will be brought forth the Board of Directors on November 18, 2024:

- Urban Strategies LLC – Desert Pines Infrastructure Project
    - $25,000,000 from the Bank's Affordable Housing Revolving Account
- Truckee Meadows Fire Protection District – Hidden Valley Fire Station Apparatus Bay Project
    - $5,252,000 from the Bank's General Account
- EDAWN/Redwood Materials – TRI-GID Processed Water Extension Project
    - $15,500,000 from the Bank's General Account

Additionally, staff is hopeful that the financing application from the Nevada Clean Energy Fund for its Clean School Bus Program will be able to come back at the upcoming January 7, 2025, meeting for consideration for financing from the Board of Directors.

Currently, the Bank has four completed financing applications amounting to $49,752,000 in its potential queue, of which, $45,752,000 in proposed loans will be considered at the November 18, 2024 meeting.

Finally, if the Bank were to process all of the applications that are expected in the next few months, all available funds could potentially be exhausted until sizable loan repayments are made over time. A brief overview the potential projects the Bank is currently expecting in its pipeline is included below:

State Infrastructure Bank Loan Pipeline

Project	Project Ask	Status	Location
Truckee Meadows Fire Protection District - Hidden Valley Fire Station Apparatus Bay Project	$5,252,000	Application has been received and vetted by Staff, will come for the Board's consideration at the November 18th, 2024 meeting	Washoe County
Urban Strategies LLC - Desert Pines Infrastructure Project	$25,000,000	Application has been received and vetted by Staff, will come for the Board's consideration at the November 18th, 2024 meeting	Clark County

EDAWN/Redwood Materials - TRI-GID Processed Water Extension Project	$15,500,000	Application has been received and being finalized between Staff and the Applicant. Staff hopes to bring this to the Board for consideration during the November 18th, 2024 meeting	Storey County
Nevada Clean Energy Fund - Clean School Bus Program	$4,000,000	Application has been received. Initial presentation to the Board during the October 1, 2024 meeting	Multiple Rural Counties
University of Nevada Reno - Student and Family Housing Project	$10,000,000	Application expected late-2024	Washoe County
Clear Acre Apartments	$4,000,000	Application expected late-2024	Washoe County
Truckee Meadows Community College - Aviation Building	$8,000,000	Application expected late-2024	Washoe County
Bristlecone Recovery Center - Medicaid Facility Expansion	$600,000	Application expected late-2024	Washoe County
Sun Valley Manufactured Housing Project	$5,000,000	Application expected late-2024	Washoe County
Clark County Water Reclamation District - Logandale Sewer Project	$7,000,000	Application expected late-2024	Clark County
Domestic Violence Resource Center - Northern Nevada Center Project	$3,000,000	Application expected late-2024	Washoe County

Amount Available for Loans/Financial Assistance	$52,518,316
Total Amount Requested (as of 5/15/24)	$49,752,000
Expected Amount Still to Be Requested	$37,600,000
Amount Remaining if all were to be approved	($34,833,684)

Relates to Agenda Item 5

To: Board of Directors of the Nevada State Infrastructure Bank
From: Erik Jimenez, Secretary to the Board of Directors
Date: November 13, 2024
Re: Agenda Item 5 - Staff Report

Pursuant to the Regulation LCB File No. R017-22, which governs the Nevada State Infrastructure Bank ("Bank"), staff has prepared the following report on Truckee Meadows Fire Protection District's request for a loan from the Bank for construction of the Hidden Valley Firehouse Apparatus Bay Project ("Project"), along with a recommendation for the Board of Directors' consideration.

- **Applicant:** Truckee Meadows Fire Protection District
- **Project:** Hidden Valley Firehouse Apparatus Bay
- **Lender:** Nevada State Infrastructure Bank
- **Amount Requested:** $5,252,000 from the State Infrastructure Bank's General Account
- **Term:** 25 years
- **Interest rate:** 3.11%
- **Expected interest generated for the Bank:** $2,289,825.27
- **Applicant's committed capital to support the Project:** $1,190,162

Project Overview: The Truckee Meadows Fire Protection District ("Applicant") is seeking a loan from the Bank to assist with the second phase of construction of a new firehouse apparatus bay for its Hidden Valley station in Washoe County.

The Applicant is a governmental unit operating in Washoe County and is governed by the Washoe Board of Fire Commissioners.

The proposed Project will replace the existing apparatus bay at the site with a larger bay that will accommodate modern fire engines. The existing apparatus bay was originally used by volunteer firefighter and is currently too small to accommodate existing the fire engines in the Applicant's fleet. This proposed Project will also add new offices, a public entry, and support spaces to store and repair ancillary firefighting equipment.

The first phase of construction for this Project, which consisted of crew quarters, was completed in 2022. The Applicant dedicated $1,190,162 to complete construction of this first phase of the Project.

Financing Application Background: On May 31, 2024, the Applicant submitted a financing application to the Bank requesting a loan of $5,252,000 to complete the second phase of construction for this Project.

As part of the financing application submitted to the Bank, the Applicant also included a number of exhibits related to the Project. A copy of the financing application and corresponding exhibits can be found in Exhibit E of this report.

General Requirements: Pursuant to the Bank's regulation, LCB File No. R017-22, for each application for a loan or other financial assistance that is submitted to the Bank, staff is required to:

1) *Review the application for completeness, including, without limitation, any attachments, or exhibits;*
2) *Confirm that the governing body of the applicant has approved the application; and*
3) *Confirm that the applicant is a qualified borrower, and the project is an eligible project;*

The financing application submitted by the Applicant, pursuant to NRS 226.790 and LCB File No. R017-22, along with all corresponding documents submitted to the Bank by the Applicant, can be found in Exhibit E. After reviewing the financing application submitted by the Applicant, Bank staff has determined that the application is complete, and that the Applicant's governing board has approved its application.

Additionally, pursuant to NRS 226.748, a qualified borrower that is eligible to receive a loan or other financial assistance from the Bank is defined as "a governmental unit, an Indian reservation or Indian colony or a private nonprofit entity created for charitable or educational purposes."

Staff has determined through its analysis that the Applicant is a qualified borrower, and the Project is an eligible project since it meets the definition of "other infrastructure related to economic development" set forth in NRS 226.742.

Repayment Structure, Financing and Credit Analysis: In addition to the above General Requirements set forth in LCB File No. R017-22, Bank staff also undergoes the following steps when reviewing financing applications:

1) *Confirm that the proposed source of repayment is appropriate for the loan or other financial assistance from the Bank and that the applicant has the ability to repay the loan or other financial assistance from the proposed source of repayment;*
2) *Determine the impact of the loan or other financial assistance on the finances and operations of the applicant;*
3) *Determine whether the applicant has unmet capital needs that could be detrimentally affected by the loan or other financial assistance or that could detrimentally affect the ability of the applicant to repay the loan or other financial assistance;*
4) *Review the audited financial statements of the applicant for the immediately preceding 5 years or, if the applicant is a new entity with less than 5 years of financial statements, review the existing audited financial statements and a feasibility study for the eligible project provided by the applicant;*
5) *Conduct a financial analysis of the applicant's general credit, including, without limitation:*
    a) *An analysis of the financial statements of the applicant using criteria appropriate for an analysis of municipal credits or private credits, as applicable;*
    b) *A review of any official statements or prospectus used by the applicant in conjunction with the issuance of bonds;*
    c) *Conducting discussions with the financial advisor and underwriter of the applicant to assist in evaluating the applicant's financial condition;*

d) *A review of reports of bond rating agencies, where applicable;*
e) *For applicants who are governmental units, a review of existing property tax rates and general obligation bonding capacity; (Not applicable)*
f) *An analysis of the existing indebtedness of the applicant, both secured and unsecured; and*
g) *An analysis of cash flow projections;*

6) *Examine population trends;*
7) *Examine assessed value trends;*
8) *Evaluate the relevant legal authority applicable to the applicant, including, without limitation, state law, federal tax law and local ordinances and resolutions;*
9) *Evaluate the extent to which the management of the applicant understands the obligations, terms and conditions of the loans and other financial assistance provided by the Bank; and*
10) *Determine the readiness of the management of the applicant to assume responsibility for the timely repayment of the loan or other financial assistance.*

Each of these items is addressed below:

1. ***Confirm that the proposed source of repayment is appropriate for the loan or other financial assistance from the Bank and that the applicant has the ability to repay the loan or other financial assistance from the proposed source of repayment.***

As is expressed in Exhibit C, the Applicant's Board approved a bond resolution on November 12, 2024, to allocate 15% of its annual revenues received from Consolidated Tax to repay this loan over the 25-year term.

According to the Nevada Department of Taxation, the Applicant receives a monthly distribution of consolidated tax of $982,304.86 for Fiscal Years 2024/2025. This would account for an annual distribution of $11,787,648 for Fiscal Years 2024/2025.

Through the bond resolution (Exhibit C) that has already been approved by the Applicant's Board, the Applicant is pledging that 15% of annual Consolidated Tax Revenues will be dedicated to repayment for this loan.

Using the Fiscal Year 2025 distribution amount, 15% of the Applicant's consolidated tax revenues would amount to $1,768,142.20.

A table of the expected Consolidated Tax Revenues that would be received by the Bank in the form of loan payments from the Applicant over the life of this proposed loan can be found in the next section.

Based on the repayment expectations, staff expects that Bank will generate $2,289,825.27 in interest over the course of this loan. The estimated debt service/amortization schedule for this proposed loan can be found in Exhibit B.

Based on this analysis, Staff feels comfortable that the Applicant's proposed revenue source repayment is appropriate for this proposed loan from the Bank. Additionally, Staff feels comfortable that the Applicant has the ability to repay the loan based on the Applicant's projections of Consolidated Tax revenues that would be pledged to repay this proposed loan.

2. ***Determine the impact of the loan or other financial assistance on the finances and operations of the applicant.***

As was previously mentioned, the Applicant intends repay this loan through 15% of revenues received from Consolidated Tax on annual basis. As set forth in the Term Sheet for this proposed loan in Exhibit A, if the Board of Directors chooses to approve this loan, the Applicant will make semi-annual payments consisting of principal and accrued interest not to exceed $309,000 each year. Payments will be due on June 1st and December 1st of each year, commencing June 1st, 2025, until the maturity of the loan on June 1st, 2049.

Therefore, this loan would have an impact on the Applicant's overall finances over the course of the term of the loan. Based on the estimated debt service/amortization schedule set forth in Exhibit B, the Applicant can have repayment obligations beginning in June 2025.

The anticipated amount of annual loan repayments from 2025-2049 is expressed below:

Year	Expected Amount of Annual Loan Repayment
2025	$153,761.17
2026	$307,931.75
2027	$308,282.30
2028	$307,492.90
2029	$308,563.55
2030	$307,463.15
2031	$308,222.80
2032	$307,811.40
2033	$308,228.95
2034	$307,459.90
2035	$307,535.35
2036	$307,424.20
2037	$308,126.45
2038	$307,611.00
2039	$307,893.40
2040	$307,973.65
2041	$$307,820.65
2042	$307,465.50
2043	$307,877.10
2044	$308,039.90
2045	$307,953.90
2046	$307,619.10
2047	$307,035.50
2048	$308,157.55
2049	$308,044.15
Total	**$7,541,825.27**

Additionally, the Applicant will be permitted to elect to pre-pay or accelerate scheduled loan payments on both principal and interest without penalty or premium, which may reduce the anticipated interest that will be accrued by the Applicant.

An estimated debt service/amortization schedule of this proposed loan can be found in Exhibit B of this report. Assuming the Applicant makes draws on the loan in line with the amortization schedule, the Bank could expect to receive $2,289,825.27 in interest payments over the life of this proposed loan.

3. ***Determine whether the applicant has unmet capital needs that could be detrimentally affected by the loan or other financial assistance or that could detrimentally affect the ability of the applicant to repay the loan or other financial assistance.***

As part of the Applicant's financing application, an annual operating budget was provided as well as audited financial statements for Fiscal Years 2019, 2020, 2021, 2022, and 2023. All of these documents were reviewed by Bank staff to determine what existing obligations might be able to affect the Applicant's ability to repay a loan from the Bank.

As it stands, the Applicant has outstanding debt service obligations of $10,460,987 from 2024 through 2046. Additionally, the Applicant intends to issue bond for an additional project in Washoe Valley, Nevada in the next year which would amount to an additional $17,738,114 in outstanding debt service obligations from 2026 through 2050.

In total the Applicant expects to have combined debt service obligations (inclusive of existing debt, this proposed Loan for the Hidden Valley Project, and the forthcoming Washoe Valley project) of $36,213,616 through 2050.

In working with the Applicant's Financial Advisor, Bank staff was able to able to ascertain the overall coverage ratio that the Applicant will have on all of these outstanding debt obligations through 2059 with regard to expected Consolidated Tax Revenues.

Over the proposed life of this loan, the Applicant would never dip below a 1.1x coverage ratio from now through 2049. A table outlining the Applicant's various debt service obligations and the corresponding coverage ratio from 2024 through 2059 can be found on the next page of this report.

Other than these planned capital projects, the Applicant does not have any additional outstanding financial obligations that could be detrimentally affected by the loan or other financial assistance, or that could detrimentally affect the ability of the applicant to repay the loan or other financial assistance from the Bank.

1/ For fiscal year 2024, based on 15% of unaudited fiscal year 2023-24 consolidated taxes.
2/ n/a.
3/ Interest rate estimated at 3.11%.
4/ Interest rate estimated at 5.00%.

4. ***Review the audited financial statements of the applicant for the immediately preceding 5 years or, if the applicant is a new entity with less than 5 years of financial statements, review the existing audited financial statements and a feasibility study for the eligible project provided by the applicant.***

Bank staff has reviewed the last five years of the Applicant's audited financial statements, which cover Fiscal Years 2019, 2020, 2021, 2022, and 2023. Staff would note that the Applicant adheres to a fiscal year spanning from July 1st – June 30th.

All of these independent financial audits were conducted by Eide Bailly LLP CPA and Business Advisers, which is a certified public accounting firm in Reno and Las Vegas. Bank staff has also confirmed the accuracy and validity of these audited financial statements provided by the Applicant for Fiscal Years 2019-2023.

Based on the review of these audited financial statements, the Applicant has demonstrated a positive net financial position in each fiscal year since 2019. In each audited financial statement reviewed by staff, the Applicant's total assets have exceeded liabilities for each fiscal year.

Based on these factors contained within the Applicant's audited financial statements for Fiscal Years 2019-2023, Bank staff feels comfortable that the Applicant is in a stable financial condition to repay this proposed loan from the Bank.

5. ***Conduct a financial analysis of the applicant's general credit, including, without limitation:***

a. ***An analysis of the financial statements of the applicant using criteria appropriate for an analysis of municipal credits or private credits, as applicable;***

Based on the analysis discussed in the previous section, Bank staff feels comfortable with the audited financial statements that were provided by Applicant covering Fiscal Years 2019-2023.

b. ***A review of any official statements or prospectus used by the applicant in conjunction with the issuance of bonds;***

Staff has conducted a review of the official statements published by the Applicant in conjunction with its existing bond issuances.

Additionally, staff has worked with the financial advisor of the Applicant and bond counsel retained by the Applicant and by the State Treasury to ensure the Applicant will have the ability to repay this proposed loan using 15% of its pledged consolidated tax revenues.

c. ***Conducting discussions with the financial advisor and underwriter of the applicant to assist in evaluating the applicant's financial condition;***

Since the Applicant submitted its financing application on May 31, 2024, Bank staff has conducted numerous discussions with the Applicant, the applicant's financial advisor, and the Applicant's counsel to assist in evaluating the Applicant's financial condition to undertake this proposed loan.

d. A review of reports of bond rating agencies, where applicable;

As part of the financial review for this proposed loan staff also looked at the most recent reports of bond rating agencies for the Applicant for its issuances. In 2021, S&P Global assigned the following ratings to the Applicant:

- Insurance Rating: S&P "AA"
- Underlying Rating: S&P: "AA-"

Staff utilized these ratings to assign a 3.11% subsidized interest rate on this proposed loan to the Applicant according to the Bank's established Interest Rate Setting Methodology.

e. For applicants who are governmental units, a review of existing property tax rates and general obligation bonding capacity.

The Applicant is limited by state law as to the amount of general obligation debt it can have outstanding. This limit is equal to 5 percent of the Applicant's total assessed valuation.

As of June 30, 2024, the Applicant had $7,976,000 of general obligation revenue supported debt and $2,737,000 of medium-term general obligation debt outstanding. Based on the fiscal year 2024 assessed value, the Applicant's available general obligation debt limit is approximately $314,780,553.

General Obligation Debt Limit
Based on Fiscal Year 2024 Assessed Value

Total Assessed Value	$6,509,871,064
General Obligation Debt Limit (5%)	$325,493,553
Outstanding General Obligation Debt	(10,713,000)
Available General Obligation Debt Limit	$314,780,553

SOURCE: The District; compiled by JNA Consulting Group

f. An analysis of the existing indebtedness of the applicant, both secured and unsecured; and

In its financing application that was submitted to the Bank, the Applicant provided its audited financial statements for Fiscal Years 2019 - 2023 and a copy of its operating budget.

As of November 13, 2024, the Applicant does not have any outstanding material financial obligations that Bank staff feels would negatively impact the Applicant's ability to undertake this loan.

District has $7,976,000 of general obligation revenue supported debt and $2,737,000 of medium-term general obligation debt outstanding.

g. An analysis of cash flow projections.

As was stated previously, the Applicant has pledged 15% of its annual consolidated tax revenues to support debt service on this proposed loan. An estimated debt service/amortization schedule for the proposed loan for this Project can be found in Exhibit B of this report.

Being that this Project is a public fire station there are no relevant cash flows into the Project outside of the consolidated taxes received by the Applicant which will be put towards loan payments.

6. Examine population trends.

Staff has determined that this section is not applicable to this particular Project and Applicant.

7. Examine assessed value trends.

Staff has determined that this section is not applicable to this particular Project and Applicant.

8. Evaluate the relevant legal authority applicable to the applicant, including, without limitation, state law, federal tax law and local ordinances and resolutions.

Pursuant to NRS 226.748, a qualified borrower that is eligible to receive a loan or other financial assistance from the Bank is defined as "a governmental unit, an Indian reservation or Indian colony or a private nonprofit entity created for charitable or educational purposes."

As expressed in the financing application submitted to the Bank, the Applicant is considered a governmental unit for protecting and serving community and district purposes. Being that the Applicant is indeed a governmental organization within the State of Nevada, Staff has determined that the Applicant meets the standard for a qualified borrower under as defined under NRS 226.748.

9. Evaluate the extent to which the management of the applicant understands the obligations, terms and conditions of the loans and other financial assistance provided by the Bank.

Based on the financing application that was submitted to the Bank, discussions that Bank staff had with the Applicant during the application review process, and through recent negotiations on the proposed loan agreement outlined in Exhibit D, Bank staff feels that the Applicant

thoroughly understands the terms and conditions of the proposed loan for the Project, along with all reporting requirements that will be imposed by the Bank.

10. Determine the readiness of the management of the applicant to assume responsibility for the timely repayment of the loan or other financial assistance.

Based on the various sources of funding that are being leveraged to support this Project, the Applicant is coming to the Bank for $5,252,000 in financing to complete the Project. Based on the Applicant's overall financial position, coupled with the discussions that have been undertaken during this review process, Staff has determined that the management of the Applicant is ready to assume responsibility for the timely repayment of the Bank's loan over the 25-year period.

State Infrastructure Bank General Account Requirements: Pursuant to LCB File No. R017-22, the Board of Directors is authorized to approve a loan or other financial assistance from the Bank's General Account if:

1. The loan or other financial assistance will be used solely to finance all or part of the eligible costs of an eligible project;

2. The eligible project is not eligible to receive a loan or other financial assistance from the Bank's Affordable Housing Revolving Account, and the Charter School Capital Needs Revolving Account, Federal Infrastructure Matching Account; and

3. The developer selected for the eligible project demonstrates a long-term commitment to hiring local residents and using apprentices in apprenticeship programs registered with the State Apprenticeship Council.

4. Upon reviewing the financing application that was submitted to the Bank, staff has determined that the entire $5,252,000 proposed loan from the Bank will be used for the full construction of the building associated with this Project.

For this proposed loan, the Applicant intends on using the entire $5,252,000 to finance the remaining construction costs for this Project. Therefore, staff is comfortable that all Bank funds will be used solely to finance eligible costs of the Project.

Additionally, since this Project is a fire station that can be classified as "other infrastructure related to economic development" pursuant to NRS 226.742, staff has determined that this Project is not eligible to receive a loan or other financial assistance from the Bank's Affordable Housing Revolving Account, and the Charter School Capital Needs Revolving Account, or the Federal Infrastructure Matching Account. Therefore, it is only eligible to receive funding through the Bank's General Account.

Finally, since this Project will be considered a Public Works Project, the Applicant has also committed to selecting a developer that demonstrates a long-term commitment to hiring local

residents and using apprentices in apprenticeship programs registered with the State Apprenticeship Council.

Based on this analysis, staff feels that this Project meets the requirements receiving a loan from the Bank's General Account.

Community Benefits and Job Creation: If the Board of Directors chooses to approve this application, the Applicant expects that there will be a number of community and economic benefits brought forth through development of the project.

As stated in the financing application, the Applicant estimates that there will be construction jobs created through this Project.

Using the Economic Policy Institute's employment multipliers per $1,000,000 of construction spend, staff estimates that this Project will result in the creation of the following jobs:

- 29 direct jobs
- 57 indirect and induced jobs
- 86 total jobs

Local Hiring, Apprenticeship Utilization, and Prevailing Wages: Qualified Borrowers who receive a loan or other financial assistance from the Bank are required pursuant to LCB File No. R017-22 to ensure that for each contractor and subcontractor who performs construction work on a qualified project:

- At least 50% of the total project work hours within each construction trade are performed by Nevada residents, with at least 15% of these work hours performed by disadvantaged workers; and
- At least 15% of the total project work hours within each construction trade must be performed by apprentices, with at least 5% of these work hours performed by first-year apprentices.

In the financing application submitted to the Bank, and through subsequent loan negotiations, the Applicant has committed to adhering to the Bank's local hire and apprenticeship requirements for this Project.

Additionally, pursuant to NRS 226.826, projects financed by the Bank are subject to the payment of State prevailing wages, along with other provisions set forth in NRS 338.013 - 338.090. In the financing applicant submitted to the Bank, the Applicant stated that this Project will include the payment of prevailing wages.

If the Board of Directors to chooses to approve this application for a loan from the Bank, all construction work for this Project will be subject to these provisions, and Bank staff will work with the Applicant to provide the Board of Directors with regular reporting on compliance with these provisions.

Environmental Standards: All qualified projects that receive loans or other financial assistance from the Bank are required to align with the standards and goals set forth in Nevada's 2020 Climate Strategy as well as the State's goals from the reduction of greenhouse gas emissions set forth in NRS 445B.380 and NRS 704.7820.

In the financing application submitted to the Bank, and through subsequent loan negotiations, the Applicant has committed to adhering to these environmental standards throughout the construction of this Project.

Disadvantaged Community Goals: As set forth in Regulation LCB File No. R017-22, the Bank has an established goal of having at least 40 percent of the principal amount of its loans and other financial assistance going to support qualified projects that are located:

- In qualified census tracts as designated by the U.S. Secretary of Housing and Urban Development;
- In census tracts which have a high level of social vulnerability according to the Social Vulnerability Index developed by the Centers for Disease Control and Prevention;
- In communities which are determined by the Board of Directors to have a relatively large percentage of the population having limited English proficiency;
- On tribal lands or in communities where tribal members commonly reside; or
- In areas that have been subject to historical instances of redlining, segregation, or other discriminatory practices.

Bank staff has analyzed the location of this Project to understand whether or not it would meet the Bank's 40% goal of locating all projects in disadvantaged communities. In performing this analysis, staff has utilized data from the U.S. Department of Housing and Urban Development, the Centers for Disease Control and Prevention, the U.S. Census Bureau, and the U.S. Department of Agriculture.

Since the national average estimate for limited English proficiency has been determined by the U.S. Census Bureau to be 8.3 percent, Bank staff has determined that census tracts with over 20% of the population limited English proficiency would meet the Bank's standard for its disadvantaged community goal.

How this Project compares to the Bank's metrics for locating projects in disadvantaged communities is expressed below:

- **Project Address:** 3255 West Hidden Valley Drive
- **County:** Washoe
- **Census Tract:** 32031002104
- **Qualified Census Tract:** No
- **Social Vulnerability Score:** 0.4345 (low to medium social vulnerability)
- **Limited English Proficiency (>20%):** No
- **Tribal Lands:** No

Since this Project is not located one of the qualifying geographic areas for a disadvantaged community, Bank staff has deemed that this Project would not contribute to the Bank's 40% goal

of locating projects in disadvantaged communities. However, all projects to date considered by the Board of Directors have been located within a disadvantaged community, and this Project would be the first project outside of a disadvantaged community.

Financing Agreement: Bank staff has worked with the Applicant, the Nevada Attorney General's Office, the financial advisor retained by the Applicant, and legal counsel retained by the Applicant to draft a financing agreement between the Nevada State Infrastructure Bank and the Applicant for this project. This financing agreement is included in Exhibit D for consideration by the Board of Directors.

Staff recommendation: Based on the foregoing analysis, staff recommends that the Board of Directors approve a loan of $5,252,000 from the Bank's General Account to the Truckee Meadows Fire District for the Hidden Valley Firehouse Apparatus Bay Project in accordance with the proposed loan terms included in Exhibit A.

Exhibit A
Truckee Meadows Fire Protection District's Hidden Valley Firehouse Project
Proposed Loan Terms:

Lender/ Bank:	Nevada State Infrastructure Bank
Borrower:	Truckee Meadows Fire Protection District
Loan Amount:	Maximum $5,252,000.00
Loan Purpose:	Replace the existing apparatus bay with a larger bay that will accommodate modern fire engines. The building will also add offices, a public entry, and support spaces to store and repair ancillary firefighting equipment.
Loan Closing	25 Years
Maturity Date:	2049
Security:	Borrower has approved a pledge from consolidated tax revenues over 25 years to securitize this loan.
Financing Rate:	Fixed rate of 3.11% per annum
Disbursement:	One $5,252,000.000 disbursement upon loan closing, subject to the Lender's receipt of the $52,520.00 loan origination fee.
Additional Sources of Funding:	Borrower has already provided $1,190,162 in capital to construct the first phase of this project.
Terms of Repayment:	Borrower shall make semi-annual payments consisting of principal and accrued interest not to exceed $309,000 each year. Payments will be due on June 1st and December 1st of each year, commencing June 1st, 2025, until the maturity of the loan on June 1st, 2049.
Bank Loan Origination Fee:	Borrower will pay 1% of the total loan amount, equaling $52,520 as a loan origination fee. This amount will be due within 60 days of loan closing.
Local Hire, Apprenticeship Standards, Prevailing Wage, and Project Labor Agreements	Borrower will adhere to the Lender's established policies of local hiring, apprenticeship utilization, and the payment of prevailing wages.
Reporting:	Borrower will submit quarterly reports to Lender. Reports will include construction updates and timelines, anticipated job and economic impacts, anticipated climate impacts, and other project goals agreed upon by the Borrower and Lender.

Exhibit C
Bond Resolution

Summary - a resolution authorizing the issuance of the District's Capital Improvement Revenue Bonds, Series 2024.

RESOLUTION NO. TM09-2024

A RESOLUTION AUTHORIZING THE ISSUANCE OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA, CAPITAL IMPROVEMENT REVENUE BONDS, SERIES 2024, FOR FIRE STATION AND ADMINISTRATION PROJECTS; AND PROVIDING THE FORM, TERMS AND CONDITIONS OF THE BOND AND OTHER DETAILS IN CONNECTION THEREWITH.

WHEREAS, the Truckee Meadows Fire Protection District, Nevada (the "District" and the "State," respectively) is a political subdivision of the State duly organized and operating as a fire district under the provisions of Nevada Revised Statutes ("NRS") 474.460 through 474.540 (the "Fire Protection Act" or the "Project Act"); and

WHEREAS, the Board of Fire Commissioners of the District (the "Board") has determined and does hereby declare pursuant to Nevada Revised Statutes ("NRS") 474.460 through 474.540, inclusive (the "Project Act"), and pursuant to chapter 350 of NRS and all laws amendatory thereof and NRS 360.600 to 360.740, inclusive (the "Consolidated Tax Act"), the District is authorized and empowered to use certain proceeds of taxes distributed to and imposed within the District pursuant to the Consolidated Tax Act (the "Consolidated Tax") to pledge to bonds in accordance with the provisions of NRS 350.500 through 350.720, inclusive, cited in NRS 350.500 thereof by the short title "Local Government Securities Law" (the "Bond Act") to finance the cost of acquiring properties for stations and administration authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor (the "Project") and to evidence such borrowing by the issuance of bonds in accordance with the provisions of the Bond Act; and

WHEREAS, the District has previously issued its:

a. Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged

Revenues), Series 2020 (the "2020 Bond"), which are secured in whole or in part by the revenues derived from 15% of the proceeds of the Consolidated Tax and distributed to the District (the "Pledged Revenues"); and

b. Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues), Series 2021 (the "2021 Bonds"); and

WHEREAS, other than the 2020 Bond and the 2021 Bonds, the District has never pledged nor in any way hypothecated the Pledged Revenues to the payment of any bonds or for any other purpose; and

WHEREAS, the District has determined and hereby determines that it is necessary and in the best interests of the District and its citizens that the Project be acquired, constructed and equipped; and

WHEREAS, the District hereby provides for the private sale of the Truckee Meadows Fire Protection District, Nevada, Capital Improvement Revenue Bonds, Series 2024 (the "Bonds", the "Bond" or the "Municipal Security") to be issued as a single bond in the maximum principal amount of $5,252,000 to finance the Project with a lien on the Pledged Revenues prior and superior to the lien thereon of the 2020 Bond and the 2021 Bonds and any additional subordinate securities; and

WHEREAS, the District requested the Nevada State Infrastructure Bank (the "Nevada State Infrastructure Bank") under NRS 445A.060 to 445A.160, inclusive (the "State Project Act"), to make loans to the District by purchasing the Municipal Security in the maximum principal amount of $5,252,000; and

WHEREAS, the District has made an application for the financing of the Project (the "Financing Application"), through a loan made under and pursuant to NRS Chapter 408, and the Nevada State Infrastructure Bank has determined that the Project meets all requirements for a loan and has agreed to make a loan (the "Loan") to the District for the financing of the Project as set forth in the Financing Agreement between the Nevada State Infrastructure Bank and the District (the "Financing Agreement"); and

WHEREAS, NRS 350.105 to 350.195, inclusive, and NRS Chapter 408 permit the Municipal Security to be sold at private sale to the Nevada State Infrastructure Bank; and

WHEREAS, after private negotiation pursuant to the Bond Act and NRS Chapter 408, the District's Chief Fiscal Officer, as the District's chief financial officer (the "Chief Fiscal Officer"), or in such officer's absence, the District's Fire Chief, as the District's chief administrative officer (the "Fire Chief"), is hereby authorized to receive bids and sell the Bond to the Nevada State Infrastructure Bank (the "Purchaser") and the Chief Fiscal Officer or the Fire Chief is hereby authorized to accept a binding bid for the Bonds, the Bonds to bear interest at the rate per annum provided in the Financing Agreement, such rate not to exceed 3 percent over the "Index of Revenue Bonds" most recently published in The Bond Buyer prior to the time a negotiated offer is accepted for the Bond, at a price equal to the principal amount thereof, all as specified by the Chief Fiscal Officer or the Fire Chief in the Financing Agreement; and

WHEREAS, the Board has found and determined and hereby declares:

A. This Resolution pertains to the sale, issuance, and payment of the Bonds.

B. Each of the limitations and other conditions to the issuance of the Bonds in the Project Act, the Bond Act and in any other relevant act of the State or the Federal Government, has been met; and pursuant to NRS 350.708, this determination of the Board that the limitations in the Bond Act have been met shall be conclusive in the absence of fraud or arbitrary or gross abuse of discretion.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF FIRE COMMISSIONERS OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA:

ARTICLE I.

SHORT TITLE, DEFINITIONS, INTERPRETATION,
RATIFICATION, TRANSMITTAL, AND EFFECTIVE DATE

Section 101 Short Title. This Resolution shall be known as and may be designated by the short title "2024 Bond Resolution" (this "Resolution").

Section 102 Meanings and Construction.

A. Definitions. The terms in this Section defined for all purposes of this Resolution and of any instrument amendatory hereof or supplemental hereto, and of any other instrument or any other document relating hereto, except where the context by clear implication otherwise requires, shall have the meanings herein specified:

"Acquisition Account" means the "Truckee Meadows Fire Protection District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Project Construction and Other Acquisition Account" created in Section 401 herein.

"annual principal and interest requirements" means the sum of the principal of and interest on the Outstanding Bonds and any other Outstanding designated securities payable from the Pledged Revenues having a lien thereon on a parity with the lien thereon of the Bonds, to be paid during any Bond Year, but excluding any reserve requirements to secure such payments unless otherwise expressly provided and excluding any amount payable from capitalized interest. In calculating this amount, the principal amount of bonds required to be redeemed prior to maturity pursuant to a mandatory redemption schedule contained in the Resolution or other instrument authorizing the issuance of such bonds (e.g., the schedule, if any, set forth in the Certificate of the District) shall be treated as maturing in the Bond Year in which such bonds are so required to be redeemed, rather than in the Bond Year in which the stated maturity of such bonds occurs.

"Board" means the Board of Fire Commissioners of the District, in the State of Nevada, including any successor of the District.

"Bond Act" means NRS 350.500 through 350.720, and all laws amendatory thereof, designated in NRS 350.500 as the Local Government Securities Law.

"Bond Fund" means the special accounts designated as the "Truckee Meadows Fire Protection District, Nevada, District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Principal Account," and "Truckee Meadows Fire Protection District, Nevada, District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Interest Account," created herein, and required to be accumulated and maintained in Section 504 hereof which shall be held separate and apart from the Income Fund.

"Bond Requirements" means the principal of, any prior redemption or prepayment premiums due in connection with, and the interest on the Bonds and the 2020 Bond and any additional bonds or other additional securities payable from the Pledged Revenues and hereafter issued, or such part of such securities or such other securities as may be designated, as such principal, premiums and interest become due at maturity or on a Redemption Date designated in a mandatory redemption schedule, in a notice of prior redemption, or otherwise.

"Bonds" means the securities issued hereunder and designated as the "Truckee Meadows Fire Protection District, Nevada, District, Nevada, Capital Improvement Revenue Bonds, Series 2024."

"Bond Year" means the 12 months commencing on July 1 of any calendar year and ending on June 30 of the next succeeding calendar year.

"Budget Act" means NRS 354.470 to 354.626, inclusive, and all laws amendatory thereof, designated in NRS 354.470 as the Local Government Budget and Finance Act.

"Chair" means the de jure or de facto Chair of the Board of the District and designated as such by the District, or successor in functions, if any.

"Chief Fiscal Officer" means the Chief Fiscal Officer of the District or any other officer designated by the District as the de jure or de facto chief financial officer of the District for purposes of NRS 350.165.

"District Clerk" means the de jure or de facto Clerk of the District and designated as such by the District, or successor in functions, if any.

"combined maximum annual principal and interest requirements" means the greatest of the annual principal and interest requirements to be paid during any Bond Year for the period beginning with the Bond Year in which such computation is made and ending with the Bond Year in which any bond last becomes due at maturity or on a Redemption Date on which any bond

thereafter maturing is called for prior redemption. If any outstanding bonds are subject to variable interest rates, for the purpose of such computation, such interest rates shall be determined by an Independent Accountant, an independent feasibility consultant or the Chief Fiscal Officer. Any such computation shall be adjusted as provided in Section 703C hereof, and shall be made by an Independent Accountant, an independent feasibility consultant or the Chief Fiscal Officer if expressly so required.

"Comparable Bond Year" means, in connection with any Fiscal Year, the Bond Year which ends in the Fiscal Year.

"Consolidated Tax Act" means, collectively, NRS 360.600 to 360.740, inclusive, as amended from time to time.

"Cost of the Project" means all or any part designated by the District of the cost of the Project, which cost, at the option of the District, except as limited by law, may include all or any part of the incidental costs relating to the Project, including, without limitation:

a. Preliminary expenses advanced by the District from funds available for use therefor or from any other source, or advanced with the approval of the District from funds available therefor or from any other source by the State, the Federal Government, or by any other Person with the approval of the District (or any combination thereof);

b. The costs in the making of surveys, audits, preliminary plans, other plans, specifications, estimates of costs, and other preliminaries;

c. The costs of premiums on builders' risk insurance and performance bonds, or a reasonably allocable share thereof;

d. The costs of appraising, printing, estimates, advice, services of engineers, architects, accountants, financial consultants, attorneys at law, clerical help, or other agents or employees;

e. The costs of making, publishing, posting, mailing and otherwise giving any notice in connection with the Project, the filing or recordation of instruments, the taking of options, the issuance of the Bonds and any other securities relating to the Project, and bank fees and expenses;

f. The costs of contingencies;

g. The costs of the capitalization with the proceeds of the Bonds of any interest on the bonds or other securities for any period not exceeding the period estimated by the District to effect the Project plus one year, of any discount on the bonds or other securities, and of any reserves for the payment of the principal of and interest on the Bonds or other securities, of any replacement expenses, and of any other cost of the issuance of the Bonds or other securities relating to the Project;

h. The costs of amending any Resolution, resolution or other instrument authorizing the issuance of or otherwise relating to the Outstanding Bonds or other securities relating to the Project;

i. The costs of funding any medium-term obligations, emergency loans, construction loans and other temporary loans not exceeding 10 years relating to the Project and of the incidental expenses incurred in connection with such loans;

j. The costs of any properties, rights, easements or other interests in properties, or any licenses, privileges, agreements and franchises;

k. The costs of demolishing, removing or relocating any buildings, structures or other facilities on land acquired for the Project, and of acquiring lands to which such buildings, structures or other facilities may be moved or relocated; and

l. All other expenses necessary or desirable and relating to the Project, as estimated or otherwise ascertained by the District. The Board hereby determines that the costs of issuance of the Bonds are necessary or desirable and related to the Project.

"District Treasurer" or "Treasurer" means the de jure or de facto District treasurer of the District and designated as such by the District.

"Events of Default" means the events stated in Section 1003 hereof.

"Federal Government" means the United States, or any agency, instrumentality or corporation thereof.

"Federal Securities" means bills, certificates of indebtedness, notes, bonds or similar securities which are direct obligations of, or the principal and interest of which securities are unconditionally guaranteed by, the United States.

"Fire Chief" means the Fire Chief of the District or any other officer designated by the District as the de jure or de facto chief administrative officer of the District for purposes of NRS 350.165.

"Fiscal Year" means the 12 months commencing on July 1 of any calendar year and ending on June 30 of the next succeeding calendar year; but if the Nevada legislature changes the statutory fiscal year relating to the District, the Fiscal Year shall conform to such modified statutory fiscal year from the time of each such modification, if any.

"hereby," "herein," "hereinabove," "hereinafter," "hereinbefore," "hereof," and any similar term refer to this Resolution and not solely to the particular portion thereof in which the word is used; "heretofore" means before the adoption of this Resolution; and "hereafter" means after the adoption of this Resolution.

"Income Fund" means the special account designated as the "Truckee Meadows Fire Protection District, Nevada, Consolidated Tax Pledged Revenues Income Fund" previously created and continued herein, which shall be held separate and apart from the Bond Fund.

"Independent Accountant" means any certified public accountant, or any firm of certified public accountants, duly licensed to practice and practicing as such under the laws of the State, as from time to time appointed and compensated by the District:

a. Who or which is, in fact, independent and not under the domination of the District;

b. Who or which does not have any substantial interest, direct or indirect, with the District, and

c. Who or which is not connected with the District as an officer or employee thereof, but who may be regularly retained to make annual or similar audits of any books or records of the District.

"Interest Account" means the "Truckee Meadows Fire Protection District, Nevada, District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Interest Account," created in Section 501 hereof.

"NRS" means Nevada Revised Statutes.

"newspaper" means a newspaper printed in the English language, published at least once each calendar week.

"Outstanding" when used with reference to the Bonds or any other designated securities and as of any particular date means all the Bonds or any such other securities payable from the Pledged Revenues, as the case may be, in any manner theretofore and thereupon being executed and delivered:

a. Except any Bond or other security canceled by the District, by the Paying Agent or otherwise on the District's behalf, at or before such date;

b. Except any Bond or other security the payment of which is then due or past due and moneys fully sufficient to pay the same are on deposit with the Paying Agent;

c. Except any Bond or other security for the payment or the redemption of which moneys at least equal to the District's Bond Requirements to the date of maturity or to any Redemption Date, shall have heretofore been deposited with a Trust Bank in escrow or in trust for that purpose, as provided in Section 901 hereof; and

d. Except any Bond or other security in lieu of or in substitution for which another bond or other security shall have been executed and delivered pursuant to Sections 306 or 1109 hereof.

"owner" or any similar term, when used in conjunction with any Bonds, or any other designated securities, means the registered owner of any Bonds or other security which is registrable for payment if it shall at the time be registered for payment otherwise than to bearer.

"Parity Securities" means bonds or securities hereafter issued which have a lien on the Pledged Revenues that is on a parity with the lien thereon of the Bonds herein authorized.

"Paying Agent" means the District's Chief Fiscal Officer or any successor which may be appointed from time to time as paying agent for the Bonds.

"Person" means a corporation, firm, other body corporate (including, without limitation, the Federal Government, the State, or any other body corporate and politic other than the District), partnership, association or individual, and also includes an executor, administrator, trustee, receiver or other representative appointed according to law.

"Pledged Revenues" means a 15% portion of all income and revenue derived by the District from the imposition and collection of the Consolidated Tax and distributed to the District and imposed pursuant to the Consolidated Tax Act. The Pledged Revenues means all or a portion of the Pledged Revenues. The designated term indicates sources of revenues and does not necessarily indicate all or any portion or other part of such revenues in the absence of further qualification. "Pledged Revenues" includes income derived from any supplemental Consolidated Tax imposed by the District if the Board is authorized to include and specifically elects to include the additional tax in "Pledged Revenues" for the remaining term of the Bonds.

"Principal Account" means the "Truckee Meadows Fire Protection District, Nevada, District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Principal Account," created in Section 501 hereof.

"Project" means the means the acquisition of properties for stations and administration authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor.

"Project Act" means NRS 474.460 through 474.540, inclusive, as amended from time to time.

"Rebate Account" means the "Truckee Meadows Fire Protection District, Nevada, District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Rebate Account" created in Section 507 hereof.

"Redemption Date" means a date fixed for the redemption prior to their respective maturities of any Bonds or other designated securities payable from any Pledged Revenues in any mandatory redemption schedules, or in any notice of prior redemption or otherwise fixed and designated by the District.

"Redemption Price" means, when used with respect to a Bond or other designated security payable from any Pledged Revenues, the principal amount thereof plus the applicable premium, if any, payable upon the redemption thereof prior to the stated maturity date of such Bond or other security on a Redemption Date in the manner contemplated in accordance with the security's terms.

"Registrar" means the District's Chief Fiscal Officer or any successor which may be appointed from time to time as registrar for the Bonds.

"Regular Record Date" means the 15th day of the calendar month next preceding each interest payment date.

"Special Record Date" means a special date fixed by the Paying Agent to determine the names and addresses of owners of the Bonds for the payment of any defaulted interest on any of the Bonds, as further provided in Section 302 hereof. At least 10 days' notice will be given by the Paying Agent electronically or otherwise to each owner of a Bond as stated on the Registrar's registration list at the close of business on a date fixed by the Paying Agent, stating the date of the Special Record Date and the due date fixed for the payment of such defaulted interest.

"State" means the State of Nevada.

"Subordinate Securities" means bonds or securities which have a lien on the Pledged Revenues that is subordinate and junior to the lien thereon of the Bonds herein authorized, including the 2020 Bond and the 2021 Bonds.

"Tax Code" means the Internal Revenue Code of 1986, as amended to the date of delivery of the Bonds.

"Trust Bank" means a state or national bank or trust company which is a member of the Federal Deposit Insurance Corporation and which is located within the United States, which bank is authorized to exercise and is exercising trust powers, and also means any branch of the Federal Reserve Bank.

B. Construction. This Resolution, except where the context by clear implication herein otherwise requires, shall be construed as follows:

(1) Words in the singular number include the plural, and words in the plural include the singular.

(2) Words in the masculine gender include the feminine and the neuter, and when the sense so indicates words of the neuter gender refer to any gender.

(3) The titles and leadlines applied to articles, sections, subsections and paragraphs of this Resolution are inserted only as a matter of convenience and ease in reference and in no way define, limit or describe the scope or intent of any provisions of this Resolution.

(4) Any securities payable from any Pledged Revenues and held by the District shall not be deemed to be Outstanding for the purpose of redemption nor Outstanding for the purpose of consents hereunder or for other purposes provided herein.

Section 103 Successors. Whenever herein the District is named or is referred to, such provision shall be deemed to include any successors of the District, respectively, whether so expressed or not. All of the covenants, stipulations, obligations and agreements by or on behalf of and other provisions for the benefit of the District contained herein shall bind and inure to the benefit of any officer, board, district, commission, authority, agent or instrumentality to whom or to which there shall be transferred by or in accordance with law any right, power or duty of the District or of their respective successors, if any, the possession of which is necessary or appropriate in order to comply with any such covenants, stipulations, obligations, agreements or other provisions hereof.

Section 104 Parties Interested Herein. Except as herein otherwise expressly provided, nothing herein expressed or implied confers upon or gives to any Person (other than the Paying Agent, the insurer of the Bonds, if any, the owners from time to time of the Bonds, and the owners of any other securities payable from Pledged Revenues when reference is expressly made thereto, as well as the District) any right, remedy or claim under or by reason hereof or any covenant, condition or stipulation hereof. All the covenants, stipulations, promises and agreements herein contained by and on behalf of the District shall be for the sole and exclusive benefit of the

District, the Paying Agent, the insurer of the Bonds, if any, any owner of any Bonds and any owner of any such other security in the event of such a reference.

Section 105 Ratification. All action heretofore taken (not inconsistent with the provisions of this Resolution) by the District, the officers of the District, and otherwise by the District directed toward the Project and toward the sale of the Bonds to the Purchaser for that purpose, hereby is ratified, approved and confirmed.

Section 106 Resolution Irrepealable. After any of the Bonds are issued, this Resolution shall constitute an irrevocable contract between the District and the owner or owners of the Bonds; and this Resolution (subject to the provisions of Section 901 and of Article XI hereof), if any Bonds are in fact issued, shall be and shall remain irrepealable until the Bonds, as to all Bond Requirements, shall be fully paid, canceled and discharged, except as herein otherwise expressly provided.

Section 107 Repealer. All bylaws, orders and other instruments, or parts thereof, inconsistent herewith are hereby repealed to the extent only of the inconsistency. This repealer shall not be construed to revive any bylaw, order or other instrument, or part thereof, heretofore repealed.

Section 108 Severability. If any section, subsection, paragraph, clause or other provision of this Resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, subsection, paragraph, clause or other provision shall not affect any of the remaining provisions of this Resolution.

Section 109 Effective Date. The Board hereby determines that this Resolution pertains to the sale, issuance and payment of the Bonds and may become effective immediately upon adoption.

ARTICLE II.

DISTRICT'S DETERMINATIONS, AUTHORITY FOR AND AUTHORIZATION OF PROJECT, NECESSITY OF PROJECT AND BONDS, PROJECT COST, AND OBLIGATION OF DISTRICT

Section 201 Authorization for this Resolution. This Resolution is adopted by virtue of the Project Act, Consolidated Tax Act and the Bond Act and pursuant to their provisions; and the District has ascertained and hereby determines that each and every matter and thing as to which provision is made herein is necessary in order to carry out and to effectuate the purposes of the District in accordance with the Project Act, the Consolidated Tax Act and the Bond Act, and as provided in NRS 350.708 all limitations in the Bond Act imposed upon the issuance of bonds or other securities thereunder have been met and the total cost, capacity, type, and plans and specifications of and for the construction, installation and other acquisition of the improvements with respect to the Project, to the extent heretofore prepared, have been and hereby are approved.

Section 202 Life of the Project. The District has determined and does hereby declare:

A. Estimated Life. The estimated life or estimated period of usefulness of the Project to be financed with the proceeds of the Bonds is not less than 20 years; and

B. Bond Term. The Bonds shall mature at times not exceeding such estimated life or estimated period of usefulness.

Section 203 Necessity of Project and Bonds. It is necessary and for the best interests of the District and the inhabitants thereof that the District effect the Project and defray the cost thereof by issuing the Bonds therefor; and it is hereby so determined and declared.

Section 204 Sale of Bond and Execution and Acceptance of Financing Agreement. The sale of the Bond to the Nevada State Infrastructure Bank on the terms provided herein and in accordance with the Financing Agreement, to be executed by the Fire Chief or the Chief Fiscal Officer on behalf of the District, is hereby approved and accepted in substantially the form as is now on file with the Chief Fiscal Officer, with such changes as are approved by the Fire

Chief or the Chief Fiscal Officer, whose execution thereof shall constitute conclusive evidence of the approval of such changes. In accordance with the Project Act, Chapter 350 of NRS and with this Resolution, the Fire Chief or the Chief Fiscal Officer is hereby authorized to execute the Financing Agreement relating to the Loan for the purchase of the Bond as set forth in the preambles hereof.

Section 205 Authorization of Project. The District does hereby determine to proceed with the Project as hereinabove delineated; and the Project is hereby so authorized.

Section 206 Bonds Equally Secured. The covenants and agreements herein set forth to be performed on behalf of the District shall be for the equal benefit, protection and security of the owners of any and all of the Outstanding Bonds, all of which, regardless of the time or times of their issue or maturity, shall be of equal rank without preference, priority or distinction of any of the Bonds over any other thereof, except as otherwise expressly provided in or pursuant to this Resolution.

Section 207 Not General Obligations. The Bonds shall not constitute general obligations of the District and shall be payable from Pledged Revenues or other moneys are available therefor.

Section 208 Security. The payment of the Bond Requirements of the Bonds is secured by an irrevocable pledge of and by a lien (but not necessarily an exclusive lien) on the Pledged Revenues on a parity with the lien upon such Pledged Revenues of any Parity Securities and prior and superior to the lien upon such Pledged Revenues of any Subordinate Securities.

Section 209 No Pledge of Property. The payment of the Bonds is not secured by an encumbrance, mortgage or other pledge of property of the District, except the proceeds of the Pledged Revenues, and any other moneys pledged for the payment of the Bonds. No property of the District, subject to such exceptions, shall be liable to be forfeited or taken in payment of the Bonds.

Section 210 No Recourse Against Officers and Agents. No recourse shall be had for the payment of the Bond Requirements of the Bonds or for any claim based thereon or otherwise upon this Resolution authorizing their issuance or any other instrument relating thereto, against any individual member of the District or any officer or other agent of the District, past,

present or future, either directly or indirectly through the District or otherwise, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any penalty or otherwise, all such liability, if any, being by the acceptance of the Bonds and as a part of the consideration of their issuance specially waived and released.

ARTICLE III.

AUTHORIZATION, TERMS, EXECUTION AND ISSUANCE OF BONDS

Section 301 Authorization of Bonds. The "Truckee Meadows Fire Protection District, Nevada, Capital Improvement Revenue Bonds, Series 2024," in the aggregate principal amount set forth in the Financing Agreement (not to exceed $5,252,000), are hereby authorized to be issued, pursuant to the Project Act, the Consolidated Tax Act and the Bond Act; and the District pledges irrevocably, but not necessarily exclusively, the Pledged Revenues to the payment of the Bond Requirements of the Bonds, the proceeds of the Bonds to be used solely to defray wholly or in part the cost of the Project.

Section 302 Bond Details. The Bonds shall be issued payable in fully registered form, i.e., registered as to both principal and interest and shall be dated as of the date of delivery of the Bonds. The Bonds shall be issued in any denomination. The Bonds may be issued as a single bond. The Bonds shall bear interest from their date until their maturity date at the rates set forth in the Financing Agreement, payable on June 1 and December 1 of each year commencing on the date set forth in the Financing Agreement; provided that those Bonds which are reissued upon transfer, exchange or other replacement shall bear interest at the rates set forth in the Financing Agreement from the most recent interest payment date to which interest has been paid or duly provided for, or if no interest has been paid, from the date of the Bonds. The Bonds shall mature on the designated dates and amounts of principal as designated in the Financing Agreement. The principal of any Bond shall be payable to the owner thereof as shown on the registration records kept by the registrar for the Bond designated in the Financing Agreement (the "Registrar"), upon maturity and upon presentation and surrender at the office of the Chief Fiscal Officer (the "Paying Agent"). If any Bonds shall not be paid upon such presentation and surrender at or after maturity, it shall draw interest at the interest rate specified in the Financing Agreement until the principal thereof is paid in full. Notwithstanding anything herein to the contrary, no presentation or surrender of the Bonds shall be required for any payments on the Bond prior to maturity or prior payment in full thereof.

The principal of and redemption premium, if any, on any Bond, shall be payable to the registered owner thereof as shown on the registration records kept by the Registrar, upon maturity or prior redemption thereof and upon presentation and surrender at the Paying Agent or at such other office as designated by the Paying Agent. If any Bond shall not be paid upon such presentation and surrender at or after maturity, it shall continue to draw interest at the interest rate borne by the Bond until the principal thereof is paid in full. Payment of interest on any Bond shall be made to the registered owner thereof electronically or by check or draft sent by the Paying Agent, on each interest payment date (or, if such interest payment date is not a business day, on the next succeeding business day), to the registered owner thereof at such owner's address as shown on the registration records kept by the Registrar at the close of business on the Regular Record Date for such interest payment date; but any such interest not so timely paid or duly provided for shall cease to be payable to the person who is the registered owner thereof at the close of business on the Regular Record Date and shall be payable to the person who is the registered owner thereof at the close of business on a Special Record Date for the payment of any such defaulted interest. Such Special Record Date shall be fixed by the Paying Agent whenever money becomes available for payment of the defaulted interest, and notice of the Special Record Date shall be given to the registered owners of the Bonds not less than 10 days prior thereto electronically or otherwise to each such registered owner as shown on the Registrar's registration records on a date selected by the Registrar, stating the date of the Special Record Date and the date fixed for the payment of such defaulted interest. The Paying Agent may make payments of interest on any Bond by such alternative means as may be mutually agreed upon between the owner of such Bond and the Paying Agent. All such payments shall be made in lawful money of the United States of America.

Section 303 Prior Redemption.

A. Optional Redemption. The Bond will be subject to redemption at the option of the District from any legally available funds on the dates and at the prices set forth in the Financing Agreement. If less than all of the Bond are permitted to be redeemed pursuant to the Financing Agreement, the Bonds or installments to be redeemed shall be selected by the Chief Fiscal Officer

proportionately from each outstanding maturity of the Bonds (including any installment).

Section 304 Redemption Notice. Unless waived by any registered owner of a Bond to be redeemed, notice of prior redemption shall be given by the Registrar electronically at least 20 days but not more than 60 days prior to the Redemption Date to the registered owner of any Bond all or a part of which is called for prior redemption at his or her address as it last appears on the registration records kept by the Registrar. The notice shall identify the Bonds and state that on such date the principal amount thereof, and premium, if any, thereon will become due and payable at the Paying Agent (accrued interest to the Redemption Date being payable electronically or as otherwise provided in this Resolution), and that after such Redemption Date interest will cease to accrue. After such notice and presentation of said Bonds, the Bonds called for redemption will be paid. Actual receipt of notice by any registered owner of Bonds shall not be a condition precedent to redemption of such Bonds. Failure to give such notice to the registered owner of any Bond designated for redemption, or any defect therein, shall not affect the validity of the proceedings for the redemption of any other Bond. A certificate by the Registrar that notice of call and redemption has been given as provided in this Section shall be conclusive as against all parties; and no owner whose Bond is called for redemption or any other owner of any Bond may object thereto or may object to the cessation of interest on the Redemption Date on the ground that he failed actually to receive such notice of redemption.

Notwithstanding the provisions of this section, any notice of redemption may contain a statement that the redemption is conditioned upon the receipt by the Paying Agent of funds on or before the date fixed for redemption sufficient to pay the redemption price of the Bonds so called for redemption, and that if such funds are not available, such redemption shall be canceled by written notice to the owners of the Bonds called for redemption in the same manner as the original redemption notice was mailed.

Section 305 Negotiability. Subject to Section 307 hereof and to the registration provisions herein provided, the Bonds shall be fully negotiable within the meaning of and for the purposes of the Uniform Commercial Code-Investment Securities, and each owner shall possess

all rights enjoyed by owners of negotiable instruments under the Uniform Commercial Code-Investment Securities.

Section 306 Registration, Transfer and Exchange of Bonds.

A. Registration and Transfer. Records for the registration and transfer of the Bonds shall be kept by the Registrar. Upon the surrender for transfer of any Bond at the Registrar, duly endorsed for transfer or accompanied by an assignment in form satisfactory to the Registrar duly executed by the registered owner or attorney duly authorized in writing, the Registrar shall authenticate and deliver in the name of the transferee or transferees a new Bond or Bonds of a like aggregate principal amount and of the same maturity bearing a number or numbers not previously assigned. Bonds may be exchanged at the Registrar for an equal aggregate principal amount of Bonds of the same maturity of other authorized denominations, as provided in Section 302 hereof. The Registrar shall authenticate and deliver a Bond or Bonds which the registered owner making the exchange is entitled to receive, bearing a number or numbers not previously assigned. For every exchange or transfer of Bonds requested by the owner thereof, the District or the Registrar may make a sufficient charge to reimburse it for any tax, fee, or other governmental charge required to be paid with respect to such exchange or transfer, and may charge a sum sufficient to pay the cost of preparing and authenticating each new Bond. No such charge shall be levied in the case of an exchange resulting from an optional or mandatory prior redemption of a Bond.

B. Limitations upon Registration. The Registrar shall not be required to transfer or exchange (i) any Bond subject to redemption during a period beginning at the opening of business 15 days before the day of transmitting electronically or otherwise by the Registrar of a notice of prior redemption of Bonds and ending at the close of business on the day of such transmission, or (ii) any Bond after the transmission of notice calling such Bond or any portion thereof for redemption as herein provided.

C. Effect of Registration. The person in whose name any Bond shall be registered, in the registration records kept by the Registrar, shall be deemed and regarded as the absolute owner thereof for the purpose of making payments thereof (except to the extent otherwise provided in Section 302 hereof with respect to interest payments) and for all other purposes; and payment of or on account of either principal or interest on any Bond shall be made only to or upon the written order of the registered owner thereof or his legal representative, but such registration may be changed upon transfer of such Bond in the manner and subject to the conditions and limitation provided herein. All such payments shall be valid and effectual to discharge the liability upon such Bond to the extent of the sum or sums so paid.

D. Replacement of Bond. If any Bond shall be lost, stolen, destroyed or mutilated, the Registrar shall, upon receipt of such evidence, information or indemnity relating thereto as it, the Registrar or the District, may reasonably require, and upon payment of all expenses in connection therewith, authenticate and deliver a replacement Bond or Bonds of a like aggregate principal amount and of the same maturity, bearing a number or numbers not previously assigned. If such lost, stolen, destroyed or mutilated Bond shall have matured or shall have been called for redemption, the Registrar may direct that such Bond be paid by the Paying Agent in lieu of replacement.

E. Cancellation of Bond upon Payment or Reissuance. Whenever any Bond shall be surrendered to the Paying Agent upon payment thereof, or to the Registrar for transfer, exchange or replacement as provided herein, such Bond shall be promptly canceled by the Paying Agent or Registrar, and counterparts of a certificate of such cancellation shall be furnished by the Paying Agent or Registrar to the Chief Fiscal Officer and the District, upon request.

Section 307 Execution of Bonds. The Bonds shall be executed as follows:

A. Filings with Secretary of State. Pursuant to the Bond Act, and to the act cited as the Uniform Facsimile Signatures of Public Officials Act, cited as

chapter 351 of NRS, and prior to the execution of any Bonds by facsimile signature, the Chair of the Board (the "Chair"), the District Clerk and the District Treasurer shall each file with the Secretary of State of the State of Nevada such officer's manual signature certified by such officer under oath.

B. Manner of Execution. Each Bond shall be approved, signed and executed in the name of and on behalf of the District with the manual, electronic or facsimile of the signature of the Chair of the Board shall be countersigned and executed with the manual, electronic or facsimile of the signatures of the District Treasurer and shall be authenticated with the manual or facsimile impression of the official seal of the District; and shall be signed, executed, and attested with such a manual or facsimile signature of the District Clerk.

C. Authentication. No Bond shall be valid or obligatory for any purpose unless the certificate of authentication thereon, substantially in the form hereinafter provided has been duly manually executed by the Registrar. The Registrar's certificate of authentication shall be deemed to have been duly executed by it if manually or electronically signed by an authorized officer or employee of the Registrar, but it shall not be necessary that the same officer or employee sign the certificate of authentication on all of the Bonds issued hereunder. By authenticating any of the Bonds delivered pursuant to the Resolution, the Registrar shall be deemed to have assented to all of the provisions of this Resolution.

Section 308 Use of Predecessor's Signature. The Bonds bearing the signatures of the officers in office at the time of the signing thereof shall be the valid and binding obligations of the District, notwithstanding that before the delivery thereof and the payment therefor any or all of the persons whose signatures appear thereon shall have ceased to fill their respective offices. Each the Chair of the Board, the District Treasurer and District Clerk, at the time of the execution of the Bonds and of a signature certificate pertaining thereto by the Chair of the Board, the District Treasurer and the District Clerk, respectively, may adopt as and for such officer's own facsimile signature the facsimile signature of such officer's predecessor in office if such facsimile signature appears upon any of the Bonds.

Section 309 Incontestable Recital in Bonds. Pursuant to NRS 350.628, each Bond shall recite that it is issued pursuant to the Project Act, to the Consolidated Tax Act and to the Bond Act, which recital shall be conclusive evidence of the validity of the Bonds and the regularity of their issuance.

Section 310 State Tax Exemption. Pursuant to NRS 350.710, the Bonds, their transfer, and the income therefrom shall forever be and remain free and exempt from taxation by the State or any subdivision thereof, except for the tax on estates imposed pursuant to chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to chapter 375B of NRS.

Section 311 Bond Execution. The Chair of the Board, the District Treasurer, and the District Clerk are hereby authorized and directed to prepare and to execute the Bonds as herein provided.

Section 312 Bond Delivery. After such registration of the Bonds by the Registrar pursuant to Section 306 and after their execution and authentication pursuant to Section 308 and other provisions herein supplemental thereto, the Treasurer shall cause the Bonds to be delivered to the Purchaser thereof, upon payment being made therefor on the terms of the sale of the Bonds.

Section 313 Bond Form. Subject to the provisions of this Resolution, the Bond shall be issued as a single bond in substantially the following form with such omissions, insertions, endorsements, and variations as to any recitals of fact or other provisions as may be required by the circumstances, be required or permitted by this Resolution, or be consistent with this Resolution and necessary or appropriate to conform to the rules and requirements of any governmental authority or any usage or requirement of law with respect thereto:

(Form of Bond)

TRANSFER OF THIS BOND OTHER THAN BY REGISTRATION IS NOT EFFECTIVE

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA
CAPITAL IMPROVEMENT REVENUE BOND
SERIES 2024

NO._____ $_____

Interest Rate	Maturity Date	Dated As Of
_____% per annum	_____ 1, ___	_____, 2024

REGISTERED OWNER:

PRINCIPAL AMOUNT: DOLLARS

The Truckee Meadows Fire Protection District, Nevada (the "District" and the "State", respectively), for value received hereby acknowledges itself to be indebted and promises to pay to the Registered Owner specified above the Principal Amount specified above, in installments of principal as set forth in Exhibit A hereto on June 1 and December 1 of each year commencing on _____, 2025 until the Maturity Date specified above (unless called for earlier redemption), and to pay interest thereon on June 1 and December 1 of each year commencing on June 1, 2025, at the Interest Rate per annum specified above, until the principal sum is paid or payment has been provided therefor. This Bond will bear interest from the most recent interest payment date to which interest has been paid or provided for, or, if no interest has been paid, from the date of this Bond. The principal of and redemption premium, if any, on this Bond are payable to the Registered Owner hereof upon presentation and surrender hereof at the office of the Chief Fiscal Officer of the District, as paying agent for the Bonds (the "Paying Agent"), which is also now acting as the District's registrar for the Bonds (the "Registrar") or at such other office as designated by the Paying Agent. Interest on this Bond will be paid on each interest payment date (or, if such interest payment date is not a business day, on the next succeeding business day), by check or draft mailed to the person in whose name this Bond is registered (the "Registered Owner") in the registration records of the District maintained by the Registrar and at the address appearing thereon at the close of business on the 15th day of the calendar month next preceding such interest payment date (the "Regular Record Date"). Any such interest not so timely paid or duly provided for shall cease to be payable to the person who is the registered owner hereof at the close of business on a Special Record Date for the payment of any defaulted interest. Such Special Record Date shall be fixed by the Paying Agent for the Bonds whenever moneys become available for payment of the defaulted interest, and notice of the Special Record Date shall be given to the Registered Owners of the Bonds of the series of which this is one (the "Bonds") not less than ten days prior thereto. All payments of the principal of, interest on and redemption premiums due in connection with this Bond (the "Bond Requirements") shall be made in lawful money of the United States of America without deduction for the services of the Paying Agent.

The Bonds are issuable solely as fully registered Bonds in denominations of $1,000 each or any integral multiple thereof. The Bonds are exchangeable for fully registered Bonds of the same maturity in equal aggregate principal amounts and in authorized denominations at the aforesaid office of the Paying Agent and Registrar but only in the manner, subject to the limitations, and on payment of the charges provided in the District's Resolution designated by the short title "2024 Bond Resolution," adopted and approved on November 12, 2024 authorizing the issuance of the Bonds (the "Resolution").

The Registrar will not be required to transfer or exchange (i) any Bond subject to redemption during a period beginning at the opening of business 15 days before the day of the mailing by the Registrar of a notice of prior redemption of Bonds and ending at the close of business on the day of such mailing, or (ii) any Bond after the mailing of notice calling such Bond or any portion thereof for prior redemption.

Bonds, or portions thereof, are subject to optional prior redemption as set forth in the Resolution and the Financing Agreement.

This Bond must be registered in the name of the Registered Owner as to both principal and interest on the registration records kept by the Registrar in conformity with the provisions stated herein and endorsed hereon and subject to the terms and conditions set forth in the Resolution. No transfer of this Bond shall be valid unless made on the registration records maintained at the principal office of the Registrar by the Registered Owner or his attorney duly authorized in writing.

The District and the Registrar and Paying Agent may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for the purpose of making payment (except to the extent otherwise provided hereinabove and in the Resolution with respect to Regular and Special Record Dates for the payment of interest) and for all other purposes and the District, and Paying Agent and Registrar shall be not affected by notice to the contrary.

The Bonds are issued by the District and upon the credit thereof, for the purpose of defraying wholly or in part the cost of acquiring properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, under the authority of and in full conformity with the Constitution and laws of the State and the District and pursuant to the Resolution.

The payment of the Bonds, as to all Bond Requirements, is secured by an irrevocable pledge of revenues derived by the District from the Pledged Revenues (as defined in the Resolution) on a parity with the lien thereon of any Parity Securities and superior to the lien on the Pledged Revenues of the Subordinate Securities.

Payment of the Bond Requirements due in connection with the Bonds may be made from and as security for such payment there is irrevocably and exclusively pledged, pursuant to the Resolution, special accounts thereby created and identified as the "Truckee Meadows Fire

Exhibit E

SEE FINANCING APPLICATION INCLUDED IN BOARD PACKET

Protection District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Principal Account," and "Truckee Meadows Fire Protection District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Interest Account," (collectively, the "Bond Fund") into which accounts the District covenants to pay from the revenues derived from the Pledged Revenues sums sufficient to pay when due the Bond Requirements of the Bonds, except to the extent other moneys are available therefor.

The Bonds are equitably and ratably secured by a lien on the Pledged Revenues, and the Bonds constitute an irrevocable lien (but not necessarily an exclusive lien) upon the Pledged Revenues on a parity with the lien of the Parity Securities (as defined in the Resolution), prior to and before any subordinate liens upon such Pledged Revenues of any Subordinate Securities. Bonds and other securities, in addition to the Bonds and the Parity Securities, subject to expressed conditions, may be issued and made payable from the Pledged Revenues having a lien thereon subordinate and junior to the lien or, subject to additional expressed conditions, having a lien thereon on a parity with the lien, of the Parity Securities and the Bonds, in accordance with the provisions of the Resolution.

The District covenants and agrees with the owner of this Bond and with each and every person who may become the owner hereof that it will keep and will perform all of the covenants of the Resolution.

Reference is made to the Resolution, NRS 474.460 through 474.540, inclusive (the "Project Act"); and NRS 360.600 to 360.740, inclusive, as amended from time to (the "Consolidated Tax Act"); an act cited as NRS 350.500 through 350.720, and all laws amendatory thereof, designated in NRS 350.500 as the Local Government Securities Law (the "Bond Act"); and to all laws supplemental thereto, for an additional description of the nature and extent of the security for the Bonds, accounts, funds and revenues pledged, the nature and extent and manner of enforcement of the pledge, the rights and remedies of the owners of the Bonds with respect thereto, the terms and conditions upon which the Bonds are issued, and a statement of rights and remedies of the owners of the Bonds.

The Bonds are issued pursuant to the Project Act, the Consolidated Tax Act and the Bond Act, and pursuant to NRS 350.628, this recital is conclusive evidence of the validity of the Bonds and the regularity of their issuance; and pursuant to NRS 350.710, the Bonds, their transfer, and the income therefrom shall forever be and remain free and exempt from taxation by the State or any subdivision thereof except for the tax on estates imposed pursuant to chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to chapter 375B of NRS.

To the extent and in the respects permitted by the Resolution, the provisions of the Resolution or any instrument amendatory thereof or supplemental thereto may be modified or amended by action of the District taken in the manner and subject to the conditions and exceptions prescribed in the Resolution. The pledge of revenues and other obligations of the District under the Resolution may be discharged at or prior to the respective maturities of the Bonds upon the making of provision for the payment thereof on the terms and conditions set forth in the Resolution.

It is further certified, recited and warranted that all the requirements of law have been fully complied with by the proper officers of the District in the issuance of this Bond; that it is issued pursuant to and in strict conformity with the Constitution and laws of the State, particularly under the terms and provisions of the Project Act, the Consolidated Tax Act, the Bond Act and all laws supplemental thereto, and with the Resolution; and that this Bond does not contravene any constitutional or statutory limitation.

No recourse shall be had for the payment of the Bond Requirements of this Bond or for any claim based thereon or otherwise upon the Resolution or other instrument relating thereto, against any individual member of the Board of Fire Commissioners of the District, any individual member of the District, or any officer or other agent of the District, past, present or future, either directly or indirectly through such board or the District, or otherwise, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any penalty or otherwise, all such liability, if any, being by the acceptance of this Bond and as a part of the consideration of its issuance specially waived and released.

This Bond shall not be valid or obligatory for any purpose until a manual signature of a duly authorized officer of the Registrar has been affixed on the certificate of authentication hereon.

IN WITNESS WHEREOF, the District has caused this Bond to be signed and executed in its name and upon its behalf with the electronic, manual or facsimile signature of the Chair of its Board of Fire Commissioners, to be countersigned and executed with the electronic, manual or facsimile signature of the District Treasurer and has caused an electronic, manual impression or a facsimile of the seal of the District to be affixed hereon; and has caused this Bond to be signed, executed and attested with the electronic, manual or facsimile signature of the District Clerk, all as of the dated date above.

ARTICLE IV.

USE OF BOND PROCEEDS AND RESERVE FUNDS

Section 401 Disposition of Bond Proceeds. The proceeds of the Bonds upon the receipt thereof at any time or from time to time shall be credited to a separate account hereby created and to be known as the "Truckee Meadows Fire Protection District, Nevada, Capital Improvement Bonds Series 2024, Project Construction and Other Acquisition Account" (the "Acquisition Account") to be held by the District and used to pay the Cost of the Project, including but not limited to, the costs of issuing the Bonds.

Section 402 Moneys for Project. All moneys received and held by the District for the Project from all sources, except for the Rebate Account; but, including, without limitation, the Bond proceeds deposited in the Acquisition Account and any revenues appropriated by the District for the Project shall be deposited in the Acquisition Account and except as herein otherwise expressly provided, shall be used and paid out solely for the purpose of defraying the Cost of the Project, including, without limitation, the costs of issuing the Bonds.

Section 403 Prevention of Bond Default. The Chief Fiscal Officer shall use any Bond proceeds credited to the Acquisition Account without further order or warrant, to pay the Bond Requirements of the Bonds as the same become due whenever and to the extent moneys in the Bond Fund or otherwise available therefor are insufficient for that purpose, unless the Bond proceeds shall be needed to defray obligations accrued and to accrue under any contracts then existing and relating to the Project. The Chief Fiscal Officer shall promptly notify the Chair of any such use. Any moneys so used shall be restored to the Acquisition Account, from the first Pledged Revenues thereafter received and not needed to meet the requirements provided in Sections 503 through 507 hereof.

Section 404 Completion of Project. When any amounts in the Acquisition Account are no longer needed to pay the Cost of the Project, the Chief Fiscal Officer shall cause to be transferred to the Bond Fund all surplus moneys remaining in the Acquisition Account, if any, except for any moneys designated by the Chief Fiscal Officer to be retained to pay any unpaid

accrued costs or contingent obligations and the sums so transferred shall be applied to the payment of the principal and interest due on the Bonds. Nothing herein:

A. Periodic Transfers. Prevents the Chief Fiscal Officer from causing to be transferred from the Acquisition Account to the Bond Fund any moneys which will not be necessary for the Project; nor

B. Limitations upon Transfers. Requires the transfer to the Bond Fund from the Acquisition Account of any moneys in the Acquisition Account derived from a source other than Bond proceeds.

Section 405 Purchaser Not Responsible. The validity of the Bonds shall not be dependent on nor be affected by the validity or regularity of any proceedings relating to the acquisition of the improvements, or any part thereof, or to the completion of the Project. The Purchaser of the Bonds, any associate thereof, and any subsequent owner of any Bonds shall in no manner be responsible for the application or disposal by the District or by any of its officers, agents and employees of the moneys derived from the sale of the Bonds or of any other moneys herein designated.

Section 406 Lien on Bond Proceeds. Until proceeds of the Bonds are applied as hereinabove provided the Bond proceeds shall be subject to a lien thereon and pledge thereof for the benefit of the owners of the Bonds from time to time as provided in Section 501 hereof.

ARTICLE V.

ADMINISTRATION OF AND ACCOUNTING FOR PLEDGED REVENUES

Section 501 Pledge Securing Bonds. Subject only to the right of the District to cause amounts to be withdrawn to pay the Cost of the Project as provided herein, the Pledged Revenues and all moneys and securities paid or to be paid to or held or to be held in any account under this article or under Section 401 hereof, excluding, however, all amounts held in the Rebate Account, are hereby pledged to secure the payment of the Bond Requirements of the Bonds; and this pledge shall be valid and binding from and after the date of the first delivery of any Bonds, and the moneys, as received by the District and hereby pledged, shall immediately be subject to the lien of this pledge without any physical delivery thereof, any filing, or further act, and the lien of this pledge and the obligation to perform the contractual provisions herein made shall have priority over any or all other obligations and liabilities of the District and, except for any additional Parity Securities and any Outstanding securities hereafter authorized the liens of which on the Pledged Revenues are on a parity with the lien thereon of the Bonds and prior to and superior to the lien on the Pledged Revenues of the Subordinate Securities; and the lien of this pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the District (except as herein otherwise provided) irrespective of whether such parties have notice thereof.

There is hereby created the "Truckee Meadows Fire Protection District, Nevada, District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Principal Account," and "Truckee Meadows Fire Protection District, Nevada, District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Interest Account," which are accounts within the Bond Fund and required to be accumulated and maintained in Section 504 hereof which Bond Fund shall be held separate and apart from the Income Fund

Section 502 Income Fund Deposits. So long as any of the Bonds shall be Outstanding, as to any Bond Requirements, the entire Pledged Revenues, upon their receipt from time to time by the District, shall be set aside and credited immediately to a special account continued in the Resolutions authorizing the issuance of the Parity Securities and hereby continued

and designated as the "Truckee Meadows Fire Protection District, Nevada, Consolidated Tax Pledged Revenues Income Fund" (the "Income Fund"). Such Income Fund shall be maintained by the Chief Fiscal Officer separate and apart from all other District funds, including the Bond Fund.

Section 503 Administration of Income Fund. So long as any of the Bonds hereby authorized shall be Outstanding, as to any Bond Requirements, each Fiscal Year the Income Fund shall be administered, and the moneys on deposit therein shall be applied in the following order of priority, all as provided in Sections 504 through 507 hereof.

Section 504 Bond Fund Payments.

A. First, from any moneys in the Income Fund, i.e., from the Pledged Revenues, there shall be credited to any bond fund created to pay the principal of, interest on and prior redemption premiums due on any Parity Securities, including any reserves therefor, issued in accordance with the provisions of this Resolution:

1. Monthly, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next maturing installment of interest on the Bonds and Parity Securities, and monthly thereafter, commencing on each interest payment date, one-sixth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source, to pay the next maturing installment of interest on the Bonds and Parity Securities then outstanding.

2. Monthly, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next installment of principal of the Parity Securities coming due at maturity, and monthly thereafter, commencing on each principal payment date, one-twelfth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source, to pay the next installment of principal of the Bonds and Parity Securities coming due at

maturity, or, if any, an amount sufficient to pay the principal of, interest on and any prior redemption premiums due on the outstanding Bonds and Parity Securities.

B. Second, and contemporaneously with the transfers required by the resolution authorizing the issuance of the 2020 Bond, the 2021 Bond and any bond resolutions authorizing the issuance of Subordinate Securities to be made to the bond funds of any Subordinate Securities hereafter issued, the following transfers shall be credited to the bond funds for such Subordinate Securities:

1. Monthly, commencing on the first of the month following the date of delivery of the Bonds, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next maturing installment of interest on the Subordinate Securities, and monthly thereafter, commencing on each interest payment date, one-sixth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source, to pay the next maturing installment of interest on the Subordinate Securities then Outstanding.

2. Monthly, commencing on the first of the month following the date of delivery of the Subordinate Securities, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next installment of principal of the Subordinate Securities coming due at maturity, and monthly thereafter, commencing on each principal payment date, one-twelfth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source, to pay the next installment of principal of the Subordinate Securities coming due at maturity, or pursuant to Section 303B hereof, if any.

The moneys credited to the Bond Fund shall be used to pay the Bond Requirements of the Bonds as the Bond Requirements become due, including any mandatory sinking fund payments pursuant to Section 303B hereof, if any.

Section 505 Termination of Deposits. No payment need be made into the Bond Fund, or if the amount in the Bond Fund totals a sum at least equal to the entire amount of the Outstanding Bonds as to all Bond Requirements, to their respective maturities, and both accrued and not accrued, in which case moneys in that account in an amount at least equal to such Bond Requirements shall be used solely to pay such Bond Requirements as the same become due; and any moneys in excess thereof in that account and any other moneys derived from the Pledged Revenues shall be applied as hereafter provided.

Section 506 Payment of Additional Securities. Third, and subject to the provisions hereinabove in this Article, but either concurrently with or subsequent to the payments required by Section 504 hereof, as provided in Article VII hereof, any moneys remaining in the Income Fund may be used by the District for the payment of Bond Requirements of additional bonds or other additional securities payable from the Pledged Revenues and hereafter authorized to be issued in accordance with Article VII and any other provisions herein supplemental thereto, including reasonable reserves for such securities, as the same accrue. The lien of such additional bonds or other additional securities on the Pledged Revenues and the pledge thereof for the payment of such additional securities shall be on a parity with or subordinate to the lien and pledge of the Bonds as herein provided. Payments for bond and reserve funds for any Subordinate Securities shall be made concurrently with the payments for Subordinate Securities required by Section 504 hereof. Payments for bond and reserve funds for additional Parity Securities shall be made concurrently with the payments for the Bonds required by Section 504 hereof, but payments for bond and reserve funds for additional Subordinate Securities shall be made after the payments required by Sections 504 and 507 hereof.

Section 507 Payment of Rebate. Fourth, and subject to the provisions hereinabove in this Article and concurrently with the deposits to any rebate accounts for the any Parity Securities required by any bond resolutions authorizing the issuance of such Parity Securities hereafter adopted, there shall be transferred into the "Truckee Meadows Fire Protection

District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2024 Rebate Account" hereby created, after making in full the monthly deposits required by Sections 504 and 506, but prior to the transfer of any Pledged Revenues to the payment of Subordinate Securities, such amounts as are required to be deposited therein to meet the District's obligations under the covenant contained in Section 817 hereof, in accordance with Section 148(f) of the Tax Code. Amounts in the Rebate Account shall be used for the purpose of making the payments to the United States required by such covenant and Section 148(f) of the Tax Code. Any amounts in the Rebate Account in excess of those required to be on deposit therein by Section 817 hereof and Section 148(f) of the Tax Code may be withdrawn therefrom and used for any lawful purpose.

Section 508 Use of Remaining Revenues. After the payments hereinabove required to be made in this Article V are made, any remaining Pledged Revenues in the Income Fund may be used at any time during any Fiscal Year whenever in the Fiscal Year there shall have been credited to the Bond Fund, to the Rebate Account, and to each other bond fund, rebate account and reserve fund, if any, for the payment of any other securities payable from the Pledged Revenues, all amounts required to be deposited in those special accounts for such portion of the Fiscal Year, as hereinabove provided in this Article, for any one or any combination of lawful purposes, or otherwise, as the District Chief Fiscal Officer may from time to time determine.

ARTICLE VI.

GENERAL ADMINISTRATION

Section 601 Administration of Accounts. The special accounts designated in Articles IV and V hereof be administered as provided in this Article.

Section 602 Places and Times of Deposits. Each of the special accounts hereinabove designated in Articles IV and V hereof shall be maintained as an account for accounting purposes and kept separate from all other accounts as a trust account solely for the purposes herein designated therefor, and the moneys accounted for in such special accounts shall be deposited in one bank account or more in a Trust Bank or Trust Banks as determined and designated by the District (except as otherwise expressly stated herein). Nothing herein prevents the commingling of moneys accounted for in any two or more book accounts relating to the Project or any other District accounts in any bank account or any investment in securities hereunder. Each bank account shall be continuously secured to the fullest extent required or permitted by the laws of the State for the securing of public funds and shall be irrevocable and not withdrawable by anyone for any purpose other than the respective designated purposes. Each periodic payment shall be credited to the proper book account not later than the date therefor herein designated, except that when any such date shall be a Saturday, a Sunday or a legal holiday, then the payment shall be made on or before the next preceding secular day. Notwithstanding any other provision herein to the contrary, moneys sufficient to pay the Bond Requirements then coming due on the Outstanding Bonds shall be deposited with the Paying Agent at least on the day of each interest payment date herein designated and, in any event, in sufficient time to make timely payment of such Bond Requirements.

Section 603 Investment of Moneys. Any moneys in any account designated in Articles IV and V hereof and not needed for immediate use, may be invested or reinvested by the Chief Fiscal Officer in any investments permitted under the laws of the State. For the purpose of any such investment or reinvestment, the securities shall be deemed to mature at the earliest date on which the obligor is, on demand, obligated to pay a fixed sum in discharge of the whole of such obligations.

Section 604 Permissive Investments. The Chief Fiscal Officer may invest or reinvest any moneys on hand at any time as provided in Section 603 hereof even though such officer is not obligated to do so.

Section 605 Accounting for Investments. The securities purchased as an investment or reinvestment of moneys in any such account shall be deemed at all times to be a part of the account and held in trust therefor. Except as herein otherwise provided, any interest or other gain in any account resulting from any such investments and reinvestments in securities and from any deposits of moneys in any Trust Bank pursuant to this Article shall be credited to that Fund, and any loss in any account resulting from any such investments and reinvestments in securities and from any such deposits in any Trust Bank shall be charged or debited to that Fund. No loss or profit in any account on any investments or reinvestments in securities or any certificates of deposit shall be deemed to take place as a result of fluctuations in the market quotations of the investments, reinvestments or certificates before the sale or maturity thereof. In the computation of the amount in any account for any purpose hereunder, except as herein otherwise expressly provided, securities and certificates of deposit shall be valued at the cost thereof (including any amount paid as accrued interest at the time of purchase of the obligation) and other bank deposits shall be valued at the amounts deposited, exclusive of any accrued interest or any other gain to the District until such gain is realized. The expenses of purchase, safekeeping, sale and all other expenses incident to any investment or reinvestment of moneys pursuant to this Article shall be accounted for as an expense of the Project and charged to the Acquisition Account.

Section 606 Redemption or Sale of Investment Securities. The Chief Fiscal Officer having jurisdiction over moneys designated herein shall present for redemption at maturity or sale on the prevailing market at the best price obtainable any securities and certificates of deposit so purchased as an investment or reinvestment of moneys in any account whenever it shall be necessary to do so in order to provide moneys to meet any withdrawal, payment or transfer from such account. The Chief Fiscal Officer and each other officer of the District shall not be liable or responsible for any loss resulting from any such investment or reinvestment made in accordance with this Resolution.

Section 607 Character of Funds. The moneys in any account herein authorized shall consist either of lawful money of the United States or permitted securities, or both. Moneys deposited in a demand or time deposit account in or evidenced by a certificate of deposit of any Trust Bank pursuant to Section 703 hereof, appropriately secured according to the laws of the State, shall be deemed lawful money of the United States.

Section 608 No Accelerated Payments. Nothing contained in Article V hereof prevents the accumulation in any account herein designated of any monetary requirements at a faster rate than the rate or minimum rate provided in Article V therefor, as the case may be; but no payment shall be so accelerated if such acceleration shall cause the District to default in the payment of any obligation of the District relating to the Pledged Revenues or the Project. Nothing contained herein, in connection with the Pledged Revenues received in any Fiscal Year, requires the accumulation in any account for the payment in the Comparable Bond Year of Bond Requirements due in connection with any series of bonds or other securities payable from the Pledged Revenues and heretofore, herein or hereafter authorized, in excess of the Bond Requirements due in the Comparable Bond Year, and of any reserves required to be accumulated and maintained therefor, and of any existing deficiencies, and payable from such account, as the case may be, except as may be otherwise provided in Section 604 or elsewhere herein.

Section 609 Payment of Securities Requirements. The moneys credited to any account designated in Article V hereof for the payment of the Bond Requirements due in connection with any series of bonds or other securities payable from the Pledged Revenues and heretofore, herein or hereafter authorized shall be used, without requisition, voucher, warrant or further order or authority (other than is contained herein), or any other preliminaries, to pay promptly the Bond Requirements payable from such account as such bonds or other securities become due, upon the respective interest payment dates and Redemption Dates, if any, on which the District is obligated to pay the bonds or other securities, or upon the respective interest payment and maturity dates of such bonds or other securities, as provided therefor herein or otherwise, except to the extent any other moneys are available therefor, including, without limitation, moneys accounted for in the Bond Fund.

Section 610 Payment of Redemption Premiums. Notwithstanding any other provision herein, this Resolution requires the accumulation in any account designated in Article VI hereof for the payment of any series of bonds or other securities payable from the Pledged Revenues of amounts sufficient to pay not only the principal thereof and interest thereon payable from such account but also the prior redemption premiums due in connection therewith, if any, as the same become due, whenever the District shall have exercised or shall have obligated itself to exercise a prior redemption option relating thereto, except to the extent provision is otherwise made therefor, if any prior redemption premium is due in connection therewith. In that event moneys shall be deposited into such account in due season for the payment of all such Bond Requirements without default as the same become due.

ARTICLE VII.

SECURITIES LIENS AND ADDITIONAL SECURITIES

Section 701 Lien of the Bonds on Pledged Revenues. The Bonds authorized herein constitute an irrevocable lien (but not necessarily an exclusive lien) upon the Pledged Revenues on a parity with the lien of the Parity Securities and prior to and before the liens upon such Pledged Revenues of any Subordinate Securities, including the 2020 Bond and the 2021 Bonds.

Section 702 Equality of Bonds. The Bonds and any Parity Securities hereafter authorized to be issued and from time to time Outstanding are equally and ratably secured by a lien on the Pledged Revenues and shall not be entitled to any priority one over the other in the application of the Pledged Revenues, regardless of the time or times of the issuance of the Bonds and the Parity Securities, it being the intention of the District that there shall be no priority among the Bonds and any such Parity Securities, regardless of the fact that they may be actually issued and delivered at different times.

Section 703 Issuance of Parity Securities. Nothing herein, subject to the limitations stated in Sections 711 and 712 hereof, prevents the issuance by the District of additional bonds or other additional securities payable from the Pledged Revenues and constituting a lien thereon on a parity with, the lien thereon of the Bonds, nor prevents the issuance of bonds or other securities refunding all or a part of the Bonds (or funding or refunding any other than Outstanding securities payable from Pledged Revenues), except as provided in Sections 707 through 712 hereof; but before any such additional Parity Securities are authorized or actually issued (excluding any parity refunding securities other than any securities refunding Subordinate Securities, as permitted in Section 710C hereof):

A. Absence of Default. At the time of the adoption of the supplemental instrument authorizing the issuance of the additional securities, the District shall not be in default in making any payments required by Sections 504, 506 or 507 hereof with respect to any Parity Securities.

B. Earnings Test. Except as hereinafter otherwise provided: (1) the Pledged Revenues derived in the Fiscal Year immediately preceding the date of the issuance of the additional Parity Securities shall have been at least sufficient to pay an amount equal to 150% of the combined maximum annual principal and interest requirements (to be paid during any one Bond Year, commencing with the Bond Year in which the additional Parity Securities are issued and ending on the last Bond Year in which any then Outstanding Bonds mature) of the Outstanding Bonds and any other Outstanding Parity Securities of the District and the bonds or other securities proposed to be issued (excluding the reserves therefor); or, (2) the Pledged Revenues estimated by the Chief Fiscal Officer, the District Fire Chief, independent feasibility consultant or an Independent Accountant to be derived in the first five Fiscal Years immediately succeeding the issuance of the other additional Parity Securities proposed to be issued, shall be at least equal to 150% of such combined maximum annual principal and interest requirements of the Bonds and any other Outstanding Parity Securities of the District and the bonds or other securities proposed to be issued (excluding the reserves therefor) to be paid during such Comparable Bond Year.

C. Adjustment of Pledged Revenues. In any computation of such earnings test as to whether or not additional Parity Securities may be issued as provided in subsection B of this Section, the amount of the Pledged Revenues for the next preceding Fiscal Year shall be decreased and may be increased by the amount of any loss or gain conservatively estimated by the Chief Fiscal Officer, the District Fire Chief, independent feasibility consultant or Independent Accountant making the computations under this Section, which loss or gain results from any change in the rate of the imposition of that part of the Consolidated Tax constituting a part of the Pledged Revenues which change took effect during the next preceding Fiscal Year or thereafter prior to the issuance of such Parity Securities, as if such modified rate shall have been in effect during the entire next preceding Fiscal Year, if such change shall have been made by the District before the computation of the

designated earnings test but made in the same Fiscal Year as the computation is made or in the next preceding Fiscal Year.

Section 704 Certification of Revenues. A written certification or written opinion by the Chief Fiscal Officer, the District Fire Chief, an independent feasibility consultant or an Independent Accountant, based upon estimates thereby as provided in Sections 703B and 703C hereof, that the annual revenues when adjusted as hereinabove provided in Section 703C hereof, are sufficient to pay such amounts as provided in Section 703B hereof, shall be conclusively presumed to be accurate in determining the right of the District to authorize, issue, sell and deliver additional Parity Securities with a lien on Pledged Revenues on a parity with the Bonds and any additional Parity Securities.

Section 705 Subordinate Securities Permitted. Subject to the limitations stated in Sections 711 and 712 hereof, the District may issue Subordinate Securities payable from the Pledged Revenues having a lien thereon subordinate, inferior and junior to the lien thereon of the Bonds and any additional Parity Securities.

Section 706 Superior Securities Not Permitted. District may not issue superior securities secured by and payable from the Pledged Revenues having a lien thereon prior and superior to the lien thereon of the Bonds and any additional Parity Securities.

Section 707 Issuance of Refunding Securities. At any time after the Bonds, or any part thereof, are issued and remain Outstanding, if the District shall find it desirable to refund any Outstanding Bonds or other Outstanding securities payable from and constituting a lien upon any Pledged Revenues, such Bonds or other securities, or any part thereof, may be refunded only if the Bonds or other securities at the time or times of their required surrender for payment shall then mature or shall be then callable for prior redemption for the purpose of refunding them at the District's option upon proper call, unless the owner or owners of all such Outstanding Bonds or other securities consent to such surrender and payment, regardless of whether the priority of the lien for the payment of the refunding securities on the Pledged Revenues is changed (except as provided in Sections 706 and 708 through 712 hereof).

Section 708 Partial Refundings. The refunding bonds or other refunding securities so issued, unless issued as Subordinate Securities, shall enjoy complete equality of lien with the portion of any securities of the same issue which is not refunded, if there is any; and the owner or owners of the refunding securities shall be subrogated to all of the rights and privileges enjoyed by the owner or owners of the unrefunded securities of the same issue partially refunded by the refunding securities.

Section 709 Limitations Upon Refundings. Any refunding bonds or other refunding securities payable from any Pledged Revenues shall be issued with such details as the District may by instrument provide, subject to the provisions of Sections 711 and 712 hereof, and subject to the inclusion of any such rights and privileges designated in Section 708 hereof, but without any impairment of any contractual obligation imposed upon the District by any proceedings authorizing the issuance of any unrefunded portion of the Outstanding securities of any one or more issues (including, without limitation, the Bonds).

Section 710 Protection of Securities Not Refunded. If only a part of the Outstanding Bonds and other Outstanding securities of any issue or issues payable from the Pledged Revenues is refunded, then such securities may not be refunded without the consent of the owner or owners of the unrefunded portion of such securities:

A. Requirements Not Increased. Unless the refunding securities do not increase for any Bond Year the annual principal and interest requirements evidenced by the refunding securities and by the Outstanding securities not refunded on and before the last maturity date or last Redemption Date, if any, whichever is later, if any, of the unrefunded securities, and unless the lien of any refunding bonds or other refunding securities on the Pledged Revenues is not raised to a higher priority than the lien thereon of the bonds or other securities thereby refunded; or

B. Subordinate Lien. Unless the lien on any Pledged Revenues for the payment of the refunding securities is subordinate to each such lien for the payment of any securities not refunded; or

C. Default and Earnings Test. Unless the refunding bonds or other refunding securities are issued in compliance with Section 703 hereof (including subsections A through C thereof) and Section 704 hereof.

Section 711 Payment Dates of Additional Securities. Any additional parity or subordinate bonds or other additional Parity or Subordinate Securities (including, without limitation, any funding or refunding securities) issued in compliance with the terms hereof shall bear interest payable at the times and shall mature on the dates designated by the District in the supplemental Resolution authorizing such securities as provided in Section 712 hereof.

Section 712 Supplemental Resolution. Additional bonds or other additional securities payable from the Pledged Revenues shall be issued only after authorization thereof by a supplemental instrument of the District stating the purpose or purposes of the issuance of the additional bonds or other additional securities, directing the application of the proceeds thereof to such purpose or purposes, directing the execution thereof, and fixing and determining the date, principal amount, maturity or maturities, designation and numbers thereof, the maximum rate or rates of interest to be borne thereby, any prior redemption privileges of the District with respect thereto and other provisions thereof not in conflict with this Resolution. All additional bonds or other additional securities shall bear such date, shall bear such numbers and series designation, letters or symbols prefixed to their numbers distinguishing them from each other security, shall be payable at such place or places at such times, may be subject to redemption prior to maturity on such terms and conditions, and shall bear interest at such rate or at such different and varying rates per annum, as may be fixed by instrument or other document of the District.

ARTICLE VIII.

MISCELLANEOUS PROTECTIVE COVENANTS

Section 801 General. The District hereby particularly covenants and agrees with the owners of the Bonds and makes provisions which shall be a part of its contract with such owners to the effect and with the purposes set forth in the following provisions and sections of this article.

Section 802 Performance of Duties. The District shall faithfully and punctually perform or cause to be performed all duties with respect to the Pledged Revenues and the Project required by the Constitution and laws of the State and the various resolutions, Resolutions and other instruments of the District, including, without limitation, the proper segregation of the proceeds of the Bonds and the Pledged Revenues and their application from time to time to the respective accounts provided therefor.

Section 803 Further Assurances. At any and all times the District, except when otherwise required by law, shall, so far as it may be authorized by law, pass, make, do, execute, acknowledge, deliver and file or record all and every such further instruments, acts, deeds, conveyances, assignments, transfers, other documents and assurances as may be necessary or desirable for the better assuring, conveying, granting, assigning and confirming all and singular the rights, the Pledged Revenues, and other moneys and accounts hereby pledged or assigned, or which the District may hereafter become bound to pledge or to assign, or as may be reasonable and required to carry out the purposes of this Resolution and to comply with the Project Act, the Bond Act and all laws supplemental thereto. The District shall at all times, to the extent permitted by law, defend, preserve and protect the pledge of the Pledged Revenues and other moneys and accounts pledged hereunder and all the rights of every owner of any Bonds against all claims and demands of all Persons whomsoever.

Section 804 Conditions Precedent. Upon the date of issuance of any Bonds, all conditions, acts and things required by the Constitution or statutes of the State, including without limitation, the Project Act, the Consolidated Tax Act and the Bond Act, or this Resolution, to exist, to have happened, and to have been performed precedent to or in the issuance of the Bonds shall

exist, have happened, and have been performed; and the Bonds, together with all other obligations of the District, shall not contravene any debt or other limitation prescribed by the State Constitution or statutes.

Section 805 Covenant to Perform. The District shall observe and perform all of the terms and conditions contained in this Resolution and the Project Act, the Bond Act and all laws supplemental thereto and shall comply with all valid acts, rules, regulations, orders and directives of any legislative, executive, administrative of judicial body applicable to the Project, to any such other facilities, or to the District.

Section 806 Protective Security. The District and the officers, agents and employees of the District shall not take any action in such manner or to such extent as might prejudice the security for the payment of the Bond Requirements of the Bonds and any other securities payable from the Pledged Revenues according to the terms thereof. No contract shall be entered into nor any other action taken by which the rights of any owner of any Bond or other security payable from the Pledged Revenues might be prejudicially and materially impaired or diminished.

Section 807 Accumulation of Interest Claims. In order to prevent any accumulation of coupons or claims for interest after maturity, the District shall not directly or indirectly extend or assent to the extension of the time for the payment of any coupon or claim for interest on any of the Bonds or any other securities payable from the Pledged Revenues; and the District shall not directly or indirectly be a party to or approve any arrangements for any such extension or for the purpose of keeping alive any of such coupons or other claims for interest. If the time for the payment of any such coupons or of any other such installment of interest shall be extended in contravention of the foregoing provisions, such coupon or installment or installments of interest after such extension or arrangement shall not be entitled in case of default hereunder to the benefit or the security of this Resolution, except upon the prior payment in full of the principal of all Bonds and any such other securities then Outstanding and of all matured interest on such securities the payment of which has not been extended.

Section 808 Prompt Payment of Bonds. The District shall promptly pay the Bond Requirements of every Bond issued hereunder and secured hereby at the places, on the dates,

and in the manner specified herein and in the Bonds according to the true intent and meaning hereof.

Section 809 Use of Bond Fund. The Bond Fund shall be used solely, and the moneys credited to such account are hereby pledged, for the purpose of paying the Bond Requirements of the Bonds, subject to the provisions concerning surplus moneys in Sections 505, 508 and 901 hereof.

Section 810 Additional Securities. Any other securities hereafter authorized to be issued and payable from the Pledged Revenues shall not hereafter be issued, unless the additional securities are also issued in conformance with the provisions of Articles V and VII hereof.

Section 811 Other Liens. Other than as provided herein, there are no liens or encumbrances of any nature whatsoever on or against the Project, or any part thereof, or on or against the Pledged Revenues derived or to be derived.

Section 812 Corporate Existence. The District shall maintain its corporate identity and existence so long as any of the Bonds remain Outstanding, unless another body corporate and politic by operation of law succeeds to the powers, privileges, rights, liabilities, disabilities, duties and immunities of the District and is obligated by law to fix and collect the Pledged Revenues as herein provided without adversely affecting to any substantial degree at any time the privileges and rights of any owner of any Outstanding Bond.

Section 813 Collection of Pledged Revenues. The Pledged Revenues distributed to the District shall be used for the payment of the Bond Requirements of all securities payable from the Pledged Revenues, including reasonable reserves therefor, as herein provided and the payment of expenses of the Project in each Fiscal Year and any amounts required to meet then existing deficiencies relating to any account relating to the Pledged Revenues or any securities payable therefrom.

Section 814 Records. So long as any of the Bonds and any other securities payable from the Pledged Revenues remain Outstanding, proper records shall be kept by the

District, separate and apart from all other records and accounts, showing complete and correct entries of all transactions relating to the Pledged Revenues.

Section 815 Rights Concerning Records of Pledged Revenues. Any owner of any of the Bonds or any other securities payable from the Pledged Revenues, or any duly authorized agent or agents of such owner, shall have the right at all reasonable times to inspect all records, accounts and data relating thereto, concerning the Pledged Revenues and to make copies of such records, accounts and data.

Section 816 Completion of Project. The District, with the proceeds derived from the sale of the Bonds and any other available moneys, shall proceed to cause the Project to be completed without delay to the best of the District's ability and with due diligence, as herein provided.

Section 817 Tax Covenant. If set forth in the Financing Agreement, the District covenants for the benefit of the Owners of the Bonds that it will not take any action or omit to take any action with respect to the Bonds, the proceeds thereof, any other funds of the District or any facilities financed with the proceeds of the Bonds if such action or omission (i) would cause the interest on the Bonds to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Tax Code, or (ii) would cause interest on the Bonds to lose its exclusion from alternative minimum taxable income as defined in Section 55(b) of the Tax Code except to the extent such interest is required to be included in the adjusted current earnings adjustment applicable to corporations under Section 56 of the Tax Code in calculating corporate alternative minimum taxable income. The foregoing covenant shall remain in full force and effect notwithstanding the payment in full or defeasance of the Bonds until the date on which all obligations of the Issuer in fulfilling the above covenant under the Tax Code have been met. The District makes no covenant with respect to taxation of interest on the Bonds as a result of the inclusion of that interest in the "adjusted financial statement income" of "applicable corporations" (as defined in Sections 56A and 59(k), respectively, of the Tax Code). The District hereby declares its intent to reimburse the costs of the Project out of the Bonds. This is a declaration of official intent under Section 1.150-2 of the Treasury Regulations promulgated under the Tax Code. The Board hereby determines and declares that: the District intends to incur expenditures with respect

to the Project prior to the issuance of the Bonds and to reimburse those expenditures from the issuance of the Bonds; and the payment of costs related to the Project and the reimbursement of such costs from the proceeds of the Bonds is consistent with the District's budgetary and financial circumstances as of the date of this Resolution. The District does not currently have moneys which are, nor does the District reasonably expect moneys to be, allocated on a long-term basis, reserved or otherwise available pursuant to the District's budget to pay the expenditures which the District intends to reimburse; and the maximum principal amount of the Bonds expected to be issued for the Project is $5,252,000.

ARTICLE IX.

MISCELLANEOUS

Section 901 Defeasance. When all Bond Requirements of any Bond have been duly paid, the pledge and lien and all obligations hereunder as to that Bond shall thereby be discharged and the Bonds shall no longer be deemed to be Outstanding within the meaning of this Resolution. There shall be deemed to be due payment of any Outstanding Bond or other security when the District has placed in escrow or in trust with a Trust Bank located within or without the State, an amount sufficient (including the known minimum yield available for such purpose from Federal Securities in which such amount wholly or in part may be initially invested) to meet all Bond Requirements of the Bond or other security, as the same become due to the final maturity of the Bond or other security, or upon any Redemption Date as of which the District shall have exercised or shall have obligated itself to exercise its prior redemption option by a call of the Bond or other security for payment then. The Federal Securities shall become due before the respective times on which the proceeds thereof shall be needed, in accordance with a schedule established and agreed upon between the District and the bank at the time of the creation of the escrow or trust, or the Federal Securities shall be subject to redemption at the option of the owners thereof to assure availability as so needed to meet the schedule. For the purpose of this section "Federal Securities" shall include only Federal Securities which are not callable for redemption prior to their maturities except at the option of the owner thereof.

Section 902 Delegated Powers. The Chair of the Board, the Clerk and Treasurer of the District, and other officers and agents of the District hereby are authorized and directed to take all action necessary or appropriate to effectuate the provisions of this Resolution, including, without limitation:

A. Printing Bonds. The printing of the Bonds, including, without limitation, the printing on each Bond, if requested by the Purchaser, a statement of insurance, if applicable, pertaining to the Bonds; and

B. Final Certificates. The execution of such certificates electronically or otherwise as may be reasonably required by the Purchaser, relating, inter alia, to:

(1) The tenure and identity of the officials of the District,

(2) The delivery of the Bonds and the receipt of the bond purchase price,

(3) The assessed valuation of the taxable property in and the indebtedness of the District,

(4) The exclusion of the interest on the Bonds from gross income for federal income tax purposes, if applicable, and

(5) If it is in accordance with fact, the absence of litigation, pending or threatened, affecting the validity therefor.

C. Financing Agreements. The execution by the District Chief Fiscal Officer, or in such officer's absence, the Fire Chief electronically or otherwise of the Financing Agreement.

Section 903 Statute of Limitations. No action or suit based upon the Bonds or other obligation of the District shall be commenced after it is barred by any statute of limitations relating thereto. Any trust or fiduciary relationship between the District and the owner of any Bonds or other obligee regarding any such other obligation shall be conclusively presumed to have been repudiated on the maturity date or other due date thereof unless the Bonds are presented for payment or demand for payment of any such other obligation is otherwise made before the expiration of the applicable limitation period. Any moneys from whatever source derived remaining in any account reserved, pledged or otherwise held for the payment of any such obligation, action or suit for the collection of which has been barred, shall revert to the Income Fund, unless the District shall otherwise provide by instrument of the District. Nothing herein prevents the payment of any such obligation after any action or suit for its collection has been barred if the District deems it in the best interests of the public to do so and orders such payment to be made.

Section 904 Evidence of Ownership. Any request, consent or other instrument which this Resolution may require or may permit to be signed and to be executed by the owner of any Bonds or other securities may be in one or more instruments of similar tenor and shall be signed or shall be executed by each such owner in person or by his or her attorney appointed in

writing. Proof of the execution of any such instrument or of an instrument appointing any such attorney, or the holding by any Person of the securities, shall be sufficient for any purpose of this Resolution (except as otherwise herein expressly provided) if made in the following manner, but the District may, nevertheless, in its discretion require further or other proof in cases when it deems the same desirable:

A. Proof of Execution. The fact and the date of the execution by any owner of any Bonds or other securities or his or her attorney of such instrument may be provided by the certificate, which need not be acknowledged or verified, of an officer of a bank or trust company satisfactory to the Paying Agent and Registrar or of and notary public or other officer authorized to take acknowledgments of deeds to be recorded in the state in which he purports to act, that the individual signing such request or other instrument acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before the notary public or other officer; the authority of the individual or individuals executing any such instrument on behalf of a corporate owner of any securities may be established without further proof if the instrument is signed by an individual purporting to be the Chair or a vice Chair of the corporation with a corporate seal affixed and attested by an individual purporting to be its Clerk or an assistant Clerk; and the authority of any Person or Persons executing any such instrument in any fiduciary or representative capacity may be established without further proof if the instrument is signed by a Person or Persons purporting to act in such fiduciary or representative capacity; and

B. Proof of Ownership. The ownership of any of the Bonds or other securities held by any Persons executing any instrument as a holder of securities, and the numbers, date and other identification thereof, together with the date of his or her holding the securities, shall be proved by the registration records at the District kept by the Registrar.

Section 905 Warranty upon Issuance of Bonds. Any Bonds authorized as herein provided, when duly executed and delivered for the purpose provided for in this Resolution shall

constitute a warranty by and on behalf of the District for the benefit of each and every future holder of any of the Bonds that the Bonds have been issued for a valuable consideration in full conformity with law.

Section 906 Immunities of Purchaser. The Purchaser and any associate thereof are under no obligation to any holder of the Bonds for any action that they may or may not take or in respect of anything that they may or may not do by reason of any information contained in any reports or other documents received by them under the provisions of this Resolution. The immunities and exemptions from liability of the Purchaser and any associate thereof hereunder extend to their partners, directors, successors, employees and agents.

Section 907 Police Power. Nothing herein prohibits or otherwise limits or inhibits the exercise by the Federal Government, the State, any agency thereof or any public body thereof, including, without limitation, the District, of the police power, i.e., essential governmental powers for the public welfare. The provisions hereof are subject to any proper exercise hereafter of the police power thereby. The District cannot contract away the police power thereof nor limit or inhibit by contract the proper exercise of the police power thereby, and this Resolution does not purport to do so.

Section 908 Replacement of Registrar or Paying Agent. If the Registrar or Paying Agent so appointed shall resign, or if the District shall determine to replace the Registrar or Paying Agent, the Chief Fiscal Officer may, upon notice sent to each owner of any Bond at such owner's address last shown on the registration records, appoint a successor Registrar or Paying Agent or both. Every such successor Registrar or Paying Agent shall be an officer or employee of the District or a Trust Bank. It shall not be required that the same institution serve as both Registrar and Paying Agent hereunder, but the District shall have the right to have the same institution serve as both Registrar and Paying Agent hereunder. No resignation or dismissal of the Registrar or the Paying Agent may take effect until a successor is appointed.

Any corporation or association into which the Registrar or Paying Agent may be converted or merged, or with which they may be consolidated, or to which they may sell or transfer their corporate trust business and assets as a whole or substantially as a whole, or any corporation or association resulting from any such conversion, sale, merger, consolidation or transfer, to which

they are a party, shall be and become the successor Registrar or Paying Agent under this Resolution, without the execution or filing of any instrument or any further act, deed, or conveyance on the part of any of the parties hereto, anything in this Resolution to the contrary notwithstanding.

ARTICLE X.

PRIVILEGES, RIGHTS AND REMEDIES

Section 1001 Bondowner's Remedies. Each owner of any Bond issued hereunder shall be entitled to all of the privileges, rights and remedies provided or permitted in the Project Act and the Bond Act, and as otherwise provided or permitted by law or in equity or by other statutes, except as provided in Sections 207 through 211 hereof, but subject to the provisions herein concerning the pledge of and the covenants and the other contractual provisions concerning the Pledged Revenues and the proceeds of the Bonds.

Section 1002 Right to Enforce Payment. Nothing in this article affects or impairs the right of any owner of any Bond to enforce the payment of the Bond Requirements due in connection with his Bond or the obligation of the District to pay the Bond Requirements of each Bond to the owner thereof at the time and the place expressed in the Bond.

Section 1003 Events of Default. Each of the following events is hereby declared an "event of default":

A. Nonpayment of Principal and Premium. Payment of the principal of any of the Bonds, or any prior redemption premium due in connection therewith, or both, is not made when the same becomes due and payable, at maturity, on the mandatory redemption dates specified in Section 303B hereof, or by proceedings for optional prior redemption, or otherwise;

B. Nonpayment of Interest. Payment of any installment of interest on the Bonds is not made when the same becomes due and payable;

C. Incapable to Perform. The District for any reason is rendered incapable of fulfilling its obligations hereunder;

D. Nonperformance of Duties. The District fails to carry out and to perform (or in good faith to begin the performance of) all acts and things lawfully required to be carried out or to be performed by it under any contract relating to the Pledged Revenues, or otherwise, including, without limitation, this Resolution, and

such failure continues for 60 days after receipt of notice from the owners of 10% in principal amount of the Bonds then Outstanding;

E. Appointment of Receiver. An order or decree is entered by a court of competent jurisdiction with the consent or acquiescence of the District appointing a receiver or receivers for the Pledged Revenues and any other moneys subject to the lien to secure the payment of the Bonds, or if an order or decree having been entered without the consent or acquiescence of the District is not vacated or discharged or stayed on appeal within 60 days after entry; and

F. Default of Any Provision. The District makes any default in the due and punctual performance of any other of the representations, covenants, conditions, agreements and other provisions contained in the Bonds or in this Resolution on its part to be performed, and if the default continues for 60 days after written notice specifying the default and requiring the same to be remedied is given to the District by the owners of 10% in principal amount of the Bonds then Outstanding.

Section 1004 Remedies for Default. Upon the happening and continuance of any of the events of default, as provided in Section 1003 hereof, then and in every case the owner or owners of not less than 10% in principal amount of the Bonds then Outstanding, including, without limitation, a trustee or trustees therefor, may proceed against the District and its agents, officers and employees to protect and to enforce the rights of any owner of Bonds under this Resolution by mandamus or by other suit, action or special proceedings in equity or at law, in any court of competent jurisdiction, either for the appointment of a receiver or for the specific performance of any covenant or agreement contained herein or in an award of execution of any power herein granted for the enforcement of any proper, legal or equitable remedy as the owner or owners may deem most effectual to protect and to enforce the rights aforesaid, or thereby to enjoin any act or thing which may be unlawful or in violation of any right of any owner of any Bond, or to require the District to act as it if were the trustee of an express trust, or any combination of such remedies. All proceedings at law or in equity shall be instituted, had and maintained for the equal benefit of all owners of the Bonds and any Parity Securities then Outstanding.

Section 1005 Receiver's Rights and Privileges. Any receiver appointed in any proceedings to protect the rights of owners hereunder, the consent to any such appointment being hereby expressly granted by the District, receive and apply all Pledged Revenues arising after the appointment of the receiver in the same manner as the District itself might do.

Section 1006 Rights and Privileges Cumulative. The failure of any owner of any Outstanding bond to proceed in any manner herein provided shall not relieve the District or any officers, agents or employees thereof of any liability for failure to perform or carry out any duty, obligation or other commitment. Each right or privilege of any owner (or trustee thereof) is in addition and is cumulative to any other right or privilege, and the exercise of any right or privilege by or on behalf of any owner shall not be deemed a waiver of any other right or privilege thereof.

Section 1007 Duties upon Defaults. Upon the happening of any of the events of default as provided in Section 1003 hereof, the District, in addition, shall do and perform all proper acts on behalf of and for the owners of the Bonds to protect and to preserve the security created for the payment of their Bonds and to insure the payment of the Bond Requirements promptly as the same become due. During any period of default, so long as any of the Bonds issued hereunder, as to any Bond Requirements, are Outstanding, except to the extent it may be unlawful to do so, all Pledged Revenues shall be paid into the Bond Fund, or, in the event of securities heretofore and hereafter issued and Outstanding during that period of time on a parity with the Bonds, shall be paid into the bond accounts for all Parity Securities on an equitable and prorated basis, and used for the purposes therein provided. If the District fails or refuses to proceed as in this Section provided, the owner or owners of not less than 10% in principal amount of the Bonds then Outstanding, after demand in writing, may proceed to protect and to enforce the rights of the owners of the Bonds as hereinabove provided; and to that end any such owners of Outstanding Bonds shall be subrogated to all rights of the District under any agreement, lease or other contract the Pledged Revenues entered into before the effective date of this Resolution or thereafter while any of the Bonds are Outstanding.

Section 1008 Prejudicial Action Unnecessary. Nothing in this article requires the District to proceed as provided therein if the District determines in good faith and without any gross abuse of its discretion that if the District so proceeds it is more likely than not to have an

adverse effect on the Outstanding Bonds, the owners thereof, the Pledged Revenues or any Outstanding Parity Securities, or the action is otherwise likely to affect materially and prejudicially the owners of the Outstanding Bonds and any Outstanding Parity Securities.

ARTICLE XI.

AMENDMENT OF RESOLUTION

Section 1101 Privilege of Amendments. This Resolution may be amended by the District in accordance with the laws of the State, without receipt by the District of any additional consideration, and without the consent of or notice to the holders of the Bonds, for the purpose of curing any ambiguity or formal defect or omission herein or for any reason which does not materially adversely affect the interests of the owners of the Bonds. This Resolution may be amended or supplemented by instruments adopted by the District in accordance with the laws of the State, without receipt by the District of any additional consideration, but with the written consent of the insurer of the Bonds, if any, or the owners of a majority in aggregate principal amount of the Bonds authorized by this Resolution and Outstanding at the time of the adoption of the amendatory or supplemental instrument, excluding, pursuant to paragraph (4) of Section 102B hereof, any Bonds which may then be held or owned for the account of the District, but including such refunding securities as may be issued for the purpose of refunding any of the Bonds if the refunding securities are not owned by the District.

Section 1102 Limitations upon Amendments. No such instrument shall permit without the written consent of the insurer of the Bonds, if any, and all owners of the Bonds adversely and materially affected thereby:

A. Changing Payment. A change in the maturity or in the terms of redemption of the principal of any Outstanding Bond or any installment of interest thereon; or

B. Reducing Return. A reduction in the principal amount of any Bond, the rate of interest thereon, or any prior redemption premium payable in connection therewith; or

C. Modifying any Bond. A reduction of the percentages or otherwise affecting the description of Bonds the consent of the owners of which is required for any modification or amendment; or

D. Priorities between Bonds. The establishment of priorities as between Bonds issued and Outstanding under the provisions of this Resolution; or

E. Partial Modification. The modifications of or otherwise materially and prejudicially affecting the rights or privileges of the owners of less than all of the Bonds then Outstanding.

Section 1103 Notice of Amendment. Whenever the District proposes to amend or modify this Resolution under the provisions of this Article, it shall cause notice of the proposed amendment to be given not later than 30 days prior to the date of the proposed enactment of the amendment by sending electronically or otherwise to each:

(1) The Paying Agent,

(2) The Registrar, and

(3) The owner of each of the Bonds Outstanding.

The notice shall briefly set forth the nature of the proposed amendment and shall state that a copy of the proposed amendatory instrument is on file in the office of the Clerk for public inspection.

Section 1104 Time for Amendment. Whenever at any time within one year from the date of such notice was sent, there shall be filed in the office of the Clerk an instrument or instruments executed by the insurer of the Bonds, if any, or the owners of at least a majority in aggregate principal amount of the Bonds then Outstanding, which instrument or instruments shall refer to the proposed amendatory instrument described in the notice and shall specifically consent to and approve the adoption of the instrument, thereupon, but not otherwise, the District may adopt the amendatory instrument and the instrument shall become effective.

Section 1105 Binding Consent to Amendment. If the insurer of the Bonds, if any, or the owners of at least a majority in aggregate principal amount of the Bonds Outstanding, at the time of the adoption of the amendatory instrument, or the predecessors in title of such owners shall have consented to and approved the adoption thereof as herein provided, no owner of any Bond, whether or not the owner shall have consented to or shall have revoked any consent as in this article provided, shall have any right or interest to object to the adoption of the amendatory instrument or to object to any of the terms or provisions therein contained or to the operation thereof or to enjoin the District from taking any action pursuant to the provisions thereof.

Section 1106 Time Consent Binding. Any consent given by the owner of a Bond pursuant to the provisions of this Article shall be irrevocable for a period of 6 months from the date of the publication of the notice above provided for in paragraph 2 of Section 1103 A hereof, and shall be conclusive and binding upon all future owners of the same Bond during that period. The consent may be revoked at any time after 6 months from the date of the mailing of the notice, by the owner who gave the consent or by a successor in title by filing notice of the revocation with the Clerk, but the revocation shall not be effective if the insurer of the Bonds, if any, or the owners of a majority in aggregate principal amount of the Bonds Outstanding, before the attempted revocation, consented to and approved the amendatory instrument referred to in the revocation.

Section 1107 Unanimous Consent. Notwithstanding anything contained in the foregoing provisions of this Article, the terms and the provisions of this Resolution or of any instrument amendatory hereof or supplemental hereto and the rights and the obligations of the District, the insurer of the Bonds, if any, and of the owners of the Bonds hereunder may be modified or amended in any respect upon the adoption by the District and upon the filing with the Clerk of an instrument to that effect and with the consent of the insurer of the Bonds, if any, or the owners of all the then Outstanding Bonds, the consent to be given as provided in Section 1004 hereof, and no notice to the insurer of the Bonds, if any, or the owners of Bonds, shall be required as provided in Section 1103 hereof, nor shall the time of consent be limited except as may be provided in the consent.

Section 1108 Exclusion of District's Bonds. At the time of any consent or of other action taken under this Article, the District shall furnish to the Clerk a certificate of the Chief Fiscal Officer, upon which the District may rely, describing all Bonds to be excluded, for the purpose of consent or of other action or of any calculation of Outstanding Bonds provided for in this Article, and the District shall not be entitled with respect to such Bonds to give any consent or to take any other action provided for in this Article, pursuant to paragraph (4) of Section 102B hereof

Section 1109 Notation on Bonds. Bonds authenticated and delivered after the effective date of any action taken as in this Article provided may bear a notation by endorsement or otherwise in form approved by the District as to the action; and if any Bond so authenticated and delivered shall bear such notation, then upon demand of the owner of any Bond Outstanding at such effective date and upon presentation of his or her Bond for the purpose at the principal

office of the Clerk, suitable notation shall be made on the Bond by the Clerk as to any such action. If the District so determines, new Bonds so modified as in the opinion of the District to conform to such action shall be prepared, authenticated and delivered; and upon demand of the owner of any Bond then Outstanding, shall be exchanged without cost to the owner for Bonds then Outstanding upon surrender of the Bonds.

Section 1110 Proof of Resolutions and Bonds. The fact and date of execution of any instrument under the provisions of this Article, the amount and number of the Bonds held by any Person executing the instrument, and the date of his holding the same may be proved as provided by Section 904 hereof.

PASSED AND ADOPTED BY THE BOARD OF FIRE COMMISSIONERS OF TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA, ON NOVEMBER 12, 2024.

Proposed on November 12, 2024.

Proposed by Commissioner Andriola.

Passed November 12, 2024.

Attest:

Clerk

Vice Chair of the Board

STATE OF NEVADA)
) **ss.**
TRUCKEE MEADOWS)
FIRE PROTECTION DISTRICT)

I am the duly chosen and qualified Clerk of the Truckee Meadows Fire Protection District (the "District"), Nevada, and in the performance of my duties as Clerk do hereby certify:

1. The foregoing pages constitute a true, correct and compared copy of a resolution adopted by the Board of Fire Commissioners of the District (the "Board") at a regular meeting of the Board held on November 12, 2024, and the original of such resolution has been approved and authenticated by the signature of the Chair and myself as Clerk, and has been recorded in the minute book of the Board kept for that purpose in my office, which record has been duly signed by such officers and properly sealed.

2. The members of the Board were present at such meeting and voted on the passage of such resolution as follows:

Those Voting Aye: Herman, Garcia, Andriola

Those Voting Nay: _____

_____

Those Absent: Hill, Clark

3. All members of the Board were given due and proper notice of such meeting.

4. Public notice of such meeting was given and such meeting was held and conducted in full compliance with the provisions of NRS 241.020. A copy of the notice of meeting and excerpt from the agenda for the meeting relating to the resolution is attached as Exhibit A.

5. No later than 9:00 a.m. at least 3 working days before such meeting, such notice was mailed to each member of the Board and to each person, if any, who has requested notice of meetings of the Board in accordance with the provisions of Chapter 241 of NRS.

IN WITNESS WHEREOF, I have hereunto set my hand on behalf of the District on November 12, 2024.

Clerk

Exhibit D
Financing Agreeement

Nevada State Infrastructure Bank

AND

Truckee Meadows Fire Protection District

Financing Agreement for the Hidden Valley Fire Station Apparatus Bay Project

NEVADA STATE INFRASTRUCTURE BANK FINANCING AGREEMENT

THIS AGREEMENT is dated as of [_____ __], 2024 and is by and between the NEVADA STATE INFRASTRUCTURE BANK (the "Bank"), an instrumentality of the State of Nevada, and the Truckee Meadows Fire Protection District (the "Borrower"), existing as a governmental unit under the laws of the State of Nevada.

WITNESSETH:

WHEREAS, pursuant to Chapter 226 of the Nevada Revised Statutes ("NRS") and the Nevada Administrative Code ("NAC"), the Bank is authorized to provide loans and other financial assistance to qualified borrowers to for the development, construction, repair, improvement, operation, maintenance, decommissioning and ownership of transportation facilities, utility infrastructure, water and wastewater infrastructure, renewable energy infrastructure, recycling and sustainability infrastructure, digital infrastructure, social infrastructure, and other infrastructure related to economic development as necessary for public purposes; and

WHEREAS, in accordance with the provisions NRS Chapter 226, the Bank has responsibility for the performance of various activities in connection with such loans; and

WHEREAS, the Borrower has made an application for the financing of the Project (as hereinafter defined), through a loan made under and pursuant to NRS Chapter 226, and the Bank has determined that the Project meets all requirements for a loan and has agreed to make a loan to the Borrower for the financing of the Project as set forth in this Agreement (the "Loan"); and

WHEREAS, the Loan and all payments of principal and interest thereon, including prepayments, and all proceeds thereof, have been or are intended to be pledged and assigned under the Resolution as security for the payment of principal, premium, if any, and interest, in the forms of "Pledged Collateral" and "Pledged Revenues";

NOW, THEREFORE, in consideration of the Bank making the loan to the Borrower, in the principal amount and pursuant to the covenants hereinafter set forth, and intending to be legally bound by this Agreement, the Bank and the Borrower agree as follows:

ARTICLE I – DEFINITIONS

1.01. WORDS AND TERMS.

In addition to the words and terms elsewhere defined in this Agreement, the following words and terms shall have the meanings set forth below:

(1) "Agreement" or "Financing agreement" shall mean this financing agreement and all exhibits and schedules attached hereto.

(2) "Agreement Date" means the date first written above.

(3) "Authorized Representative" shall mean the official or officials of the Borrower authorized by ordinance or resolution to sign documents associated with the Loan.

(4) “Capitalized Interest” shall mean a finance charge that accrues on Loan proceeds from the time of disbursement. Capitalized Interest is financed as part of the Loan principal.

(5) “Code” shall mean the Internal Revenue Code of 1986, the Treasury Regulations (whether temporary or final) under that Code or the statutory predecessor of that Code, and any amendments of or successor provisions to, the foregoing and any official rulings, announcements, notices, procedures and judicial determinations regarding any of the foregoing, all as and to the extent applicable.

(6) “Consolidated Tax” means taxes distributed to and imposed within the Borrower pursuant to the Consolidated Tax Act.

(7) “Consolidated Tax Act” means, collectively, NRS 360.600 to 360.740, inclusive, as amended from time to time.

(8) "Defeasance Obligations" means, to the extent permitted by law, direct non-callable obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America, including obligations issued or held in book entry form on the books of the Bank of the Treasury of the United States and including advance refunded tax-exempt bonds fully secured by non-callable direct obligations of the United States of America, non-callable obligations guaranteed by the United States of America, or "stripped" interest payment obligations of debt obligations of the Resolution Funding Corporation.

(9) "Financing Application" shall mean the completed form which provides all information required to support obtaining the Loan.

(10) "Financing Rate" shall mean the charges, expressed as a percent per annum, imposed on the unpaid principal of the Loan as set forth herein.

(11) "Loan" shall mean the loan made to the Borrower pursuant to this Agreement and the State Act in the initial principal amount of $5,252,000.

(12) "Loan Payment" shall mean the periodic loan payment due from the Borrower as set forth in Exhibit B of this agreement.

(13) “Operations and Maintenance Expense” shall mean the costs of operating and maintaining the Project determined pursuant to generally accepted accounting principles, exclusive of interest on any debt payable from Gross Revenues, depreciation, and any other items not requiring the expenditure of cash.

(14) "Pledged Revenues" means a 15% portion of all income and revenue derived by the Borrower from the imposition and collection of the Consolidated Tax and distributed to the Borrower pursuant to the Consolidated Tax Act.

(15) "Project" shall mean the state capital outlay project financed by this Loan, consisting of all labor, materials, and equipment designated to develop Hidden Valley Fire Station Project Apparatus Bay Project, which will provide fire protection and public safety services to residents in Washoe County, Nevada as more fully described in the Financing Application, in accordance with applicable law and the summary specifications included in Exhibit C.

(16) "State" means the State of Nevada.

(17) "State Fiscal Year" shall mean the period commencing on July 1 of each year and ending on June 30 of the succeeding year.

(18) "State Infrastructure Bank" or "Bank" means the State-funded State Infrastructure Bank created pursuant to Chapter 226 of the Nevada Revised Statutes.

ARTICLE II - WARRANTIES, REPRESENTATIONS AND COVENANTS

2.01. GENERAL WARRANTIES, REPRESENTATIONS AND COVENANTS.

The Borrower warrants, represents and covenants that:

(1) The Borrower has full power and authority to enter into this Agreement and to comply with the provisions hereof and shall initiate and prosecute to completion all proceedings necessary to enable the Borrower to provide the necessary funds for repayment of the Loan.

(2) The Borrower currently is not the subject of bankruptcy, insolvency, or reorganization proceedings and is not in default of, or otherwise subject to, any agreement or any law, administrative regulation, judgment, decree, note, resolution, charter or ordinance which would currently restrain or enjoin it from entering into, or complying with, this Agreement.

(3) There is no material action, suit, proceeding, inquiry or investigation, at law or in equity, before any court or public body, pending or, to the best of the Borrower's knowledge, threatened, which seeks to restrain or enjoin the Borrower from entering into or complying with this Agreement or could render Borrower insolvent.

(4) All permits, authorizations, and approvals required as of the date of this Agreement have been obtained as of the implementation of the Project. The Borrower knows of no reason why any future required permits or approvals are not obtainable.

(5) The Borrower shall undertake the Project on its own responsibility, to the extent permitted by law.

(6) To the extent permitted by law, the Borrower shall release and hold harmless the State, its agencies, the Bank, and each of their respective officers, members, and employees from any claim arising in connection with the Borrower's actions or omissions in the Borrower's planning, administration, and implementation of activities financed by the Loan or its operation of the Project.

(7) All Borrower representations to the Bank, pursuant to the Financing Application and this Agreement, were and are true and accurate as of the date the Financing Application and this Agreement were each executed by the Borrower. The financial information delivered by the Borrower to the Bank was current and correct as of its date. Since the date such financial information was delivered, there has not been any material adverse change in the financial condition or revenues and expenditures of the Borrower, or in the collection of the Pledged Revenues. The Borrower shall comply with all applicable State and Federal laws, rules, and regulations. To the extent that any assurance, representation, or covenant requires a future action, the Borrower shall take such action as is necessary for compliance.

(8) The Borrower shall adhere to accepted governmental accounting principles established by the Governmental Accounting Standards Board. As part of its bookkeeping system, the Borrower shall keep accounts of the Project separate from all other accounts and it shall keep accurate records of all expenditures relating to the Project, the Pledged Revenues and Loan disbursement receipts.

(9) The Borrower shall maintain and produce, no later than July 1 of each fiscal year, to the Bank an annual budget consistent with generally accepted accounting principles. Any changes and/or adjustments made to the Borrower's annual budget must be submitted to the Bank within 30 days of the changes being made.

(10) For any Pledged Collateral, the Bank may require the Borrower to execute a Deed of Trust along with this Agreement.

(11) In the event the anticipated Pledged Revenues are shown by the Borrower's annual budget to be insufficient to make the Loan Repayments for such Fiscal Year when due, the Borrower shall include in such budget other legally available funds which shall be sufficient, together with the Pledged Revenues, to make the Loan Repayments. Such other legally available funds shall be budgeted in the Borrower's annual budget and designated for the purpose provided by this paragraph (10), and the Borrower shall collect such funds for application as provided herein. The Borrower shall notify the Bank immediately in writing of any such budgeting of other legally available funds. Nothing in this covenant shall be construed as creating a pledge, lien, or charge upon any such other legally available funds; requiring the Borrower to levy or appropriate ad valorem tax revenues; or preventing the Borrower from pledging to the payment of any bonds or other obligations all or any part of such other legally available funds. To address any Loan Repayment insufficiencies, Bank may require the Borrower to execute a pledge addendum to include Borrower's other legally available funds into the Pledged Revenues.

(12) The Borrower covenants that this Agreement is entered into for the purpose of implementing, refunding, or refinancing the Project which will in all events serve a public purpose. The Borrower covenants that it will, under all conditions, complete and operate the Project to fulfill the public need described in its application for the financing of the Project.

(13) The Borrower shall, within 30 days of request, submit to the Bank such data, reports, records, contracts and other documents relating to the Project as the Bank may request in order to ascertain the performance by the Borrower of its obligations under this Agreement. The Bank shall have the right to conduct on-site monitoring visits and audits, and the Borrower shall, at Borrower's expense, cooperate and assist the Bank in the reasonable inspection and audit of books, records, accounts, data and other information related to the Project, and in copying and removing the same for such purposes at all reasonable times. The Borrower shall provide, without objection, any additional information as deemed appropriate by the Bank.

2.02 LEGAL AUTHORIZATION.

Upon signing this Agreement, the Borrower's legal counsel shall express the opinion, subject to laws affecting the rights of creditors generally, that:

(1) This Agreement has been duly authorized by the Borrower and shall constitute a valid and legal obligation of the Borrower enforceable in accordance with its terms upon execution by both parties; and

(2) This Agreement specifies the revenues pledged for repayment of the Loan, and the pledge is valid and enforceable.

2.03 AUDIT AND MONITORING REQUIREMENTS.

The administration of resources awarded by the Bank to the Borrower may be subject to audits and/or monitoring by the bank, at the sole and absolute discretion of the Bank.

(1) The Bank and its agents shall have the right, with or without prior written notice to Borrower to examine the records, books and other papers which reflect upon Borrower's financial condition or pertain to the income, expense, management, administration, and implementation of the Project and to make copies and abstracts from such materials. The Bank shall be permitted to make such examinations as often as The Bank may deem appropriate. The Bank also shall have the right, from time to time to conduct an audit or have an independent audit conducted of any of Borrower's financial information. At the conclusion of any audit conducted by or on behalf of the Bank, an audit report shall be prepared and delivered to the Borrower. Borrower shall pay on demand all costs incurred by Bank with respect to any such audit. Any costs incurred by the Bank in relation to audit shall not require prior notice or approval from the Borrower." The Borrower shall pay on demand all costs incurred by the Bank with respect to any such audit. Upon Borrower's failure to pay such amounts, and in addition to Bank's remedies for Borrower's failure to perform, the unpaid amounts shall be added to principal, shall bear Capitalized Interest until paid in full.

(2) The Bank may, from time to time, issue to the Borrower such reports, audit findings, and memoranda as it deems appropriate to notify the Borrower of any error, deficiency, or unsatisfactory condition (an "Adverse Condition") the Bank may discover. Such notification may be delivered in writing by any reasonable means including without limitation by email or first-class mail. Upon the Borrower's receipt of such notification, the Borrower shall take any action necessary to correct, resolve, or remedy any Adverse Condition to the satisfaction of the Bank. Records related to any audits, Adverse Conditions, litigation, or corrective action shall be retained for a period of no less than 7 years following the resolution same.

(3) Nothing in this Section 2.03 shall be construed to limit the authority of the Bank to conduct or arrange for the conduct of additional audits, examinations, or evaluations of State financial assistance or limit the authority of any other State official. The provisions of this section 2.03 shall be construed to give the Bank and the State the broadest possible authority permitted by the laws of Nevada to inspect, examine, audit and evaluate the financial records and other affairs of the Borrower and the Project.

(4) Copies of financial reporting packages, reports, or management letters required by this agreement shall be submitted by or on behalf of the Borrower directly to the Bank.

2.04 PROGRESS REPORTS

No later than January 15th, April 15th, July 15th, October 15th of each calendar year, the Borrower shall create and deliver to the Bank quarterly progress reports (individually, a "Progress Report") describing all material events, developments, and conditions of the Project. Progress Reports shall be submitted electronically to the Bank by an individual authorized by the governing board of the Borrower. At minimum, each Progress Report shall describe:

(1) All financial activities, events, and transactions which have occurred in the preceding 12 months.

(2) An analysis of the financial condition of the Project

(3) Program accomplishments occurring in the prior 12 months, including:

a. Specific action taken to implement approved objectives and activities of the Project;

b. Progress made on each objective and activity of the Project in terms of percentage completed;

(4) Any delays in the implementation of the Project, Project objective, or Project activity and the reason for the delay. In the event of a delay, a proposed revised Project schedule should be included if activities are not conforming to approved Project schedules as contained in the Financing Application.

(5) Progress toward projects performance goals aligned upon by the Borrower and Bank.

(6) Financial information of the project, including but not limited to:

a. Beginning fund balance;
b. Dollar amount of all expenditures;
c. Ending fund balance;
d. Interest earned to date; and
e. The amount and percent of funds being contributed to the Project from other sources.

(7) Any other information which may be of interest or note to the Bank or the State regarding the status, financial condition, or progress of the Project.

Should the Bank require any additional information or analysis from the Borrower following the receipt of any Progress Report, it shall make a request in writing to the individual who transmitted the Progress Report to the Bank. Any request for additional information shall set the Borrower's response deadline, which shall be strictly enforced.

2.05 RECORDS RETENTION.

The Borrower shall retain all records related to the Project for a period of no less than seven (7) years. The Borrower shall retain sufficient records demonstrating its compliance with the terms of this Agreement for a period of at least seven (7) years from the date any audit report is issued, and shall allow the Bank, or its designee, access to such records upon request. The Bank or the State may extend the period during which any records must be retained upon written notice to the Borrower. Borrower's failure to retain any records described in this Section 2.05 for the period prescribed (or any extension thereof) shall constitute a material event of default.

All costs charged to the Project, including any approved services contributed by the Borrower or others, shall be supported by properly executed payrolls, time records, invoices, contracts, or vouchers evidencing in proper detail the nature and propriety of the charges.

Any check or order drawn by the Borrower with respect to any item which is or will be supported by the Loan must be supported with a properly signed voucher on file in the office of the Borrower stating in proper detail the purpose for which such check or order is drawn. All checks, payrolls, invoices, contracts, vouchers, orders, or other accounting documents pertaining in whole or in part to the Project shall be clearly identified, and readily accessible, and, to the extent feasible, kept separate and apart from all other such documents.

2.06 ACCESS TO PROJECT SITES.

The Borrower shall provide to the Bank and its representatives access to any location related to the use or proposed use of Loan funds and any administrative offices related thereto, including without limitation any fire stations financed through the Project. The Borrower shall cause all of its employees, agents, representatives, and contractors to cooperate during any Project inspections, including making available copies of any documents and/or other materials.

ARTICLE III - LOAN REPAYMENT ACCOUNTS

3.01. RESERVED.

ARTICLE IV - THE PROJECT

4.01. PROJECT CHANGES.

The Borrower covenants and agrees that it will not change the scope of the Project or alter the nature of the Project in any material fashion, or substitute any other project for the Project, without the prior written approval of the Bank.

4.02. PROHIBITION AGAINST ENCUMBRANCES.

The Borrower is prohibited from selling, leasing, or disposing of any part of the Project which would materially adversely affect the ability of the Borrower to meet its obligations under this Agreement so long as this Agreement, including any amendment thereto, is in effect unless the written consent of the Bank is first secured.

4.03. COMPLETION MONEYS.

In addition to the proceeds of this Loan, the Borrower covenants that it has obtained, or will obtain, sufficient moneys from other sources to complete the Project on, or prior to, the Project completion date set forth in the Financing Application or such other date as the Bank may approve in writing. Failure of the Bank to approve additional financing, where required, shall not constitute a waiver of the Borrower's covenants to complete and place the Project in operation.

4.04. PROJECT SCHEDULE AND INDEBTNESS.

The Borrower agrees:

(1) Initiation of Project is anticipated to take place in November of 2024.

(2) The Project is anticipated to be completed in December of 2025. If the anticipated project completion date changes, the Borrower shall notify the Bank within 15 days.

(3) The Loan Repayments shall be due at the times and in the amounts set forth on Exhibit B.

ARTICLE V – RATE COVENANTS AND COLLECTION OF PLEDGED REVENUES

5.01. RATE COVERAGE.

To the extent that the Pledged Revenues are derived from revenues that may be adjusted by the Borrower, the Borrower shall maintain revenues at a level sufficient to provide, in each Fiscal Year, Pledged Revenues equal to or exceeding one and a half times the sum of the Loan Repayments due in such Fiscal Year. In addition, the Borrower shall satisfy the coverage requirements of all senior and parity debt obligations, if any.

5.02. COLLECTION OF PLEDGED REVENUES.

The Borrower shall use its best efforts to collect all Pledged Revenues and other amounts due to it and shall take no action to impair the collection of the Pledged Revenues.

ARTICLE VI - DEFAULTS AND REMEDIES

6.01. EVENTS OF DEFAULT.

Each of the following events shall be deemed a material event of default:

(1) Failure to make any Loan Payment when it is due and such failure shall continue for a period of 5 days.

(2) Any warranty, representation, or other statement by, or on behalf of, the Borrower contained in this Agreement or in any document, certificate or information furnished in compliance with, or in reference to, this Agreement (other than projections, estimates and other forward-looking information and general economic or industry information), is determined to be false or misleading in any material respect.

(3) An order or decree is entered, with the acquiescence of the Borrower, appointing a receiver for any part of the Project or the Pledged Revenues; or if such order or decree, having been entered without the consent or acquiescence of the Borrower, shall not be vacated, or discharged or stayed on appeal within 60 days after the entry thereof.

(4) Any proceeding is instituted, with the acquiescence of the Borrower, for the purpose of effecting a composition between the Borrower and its creditors or for the purpose of adjusting the claims of such creditors, pursuant to any federal or state statute now or hereafter enacted, if the claims of such creditors are payable from Pledged Revenues.

(5) Any bankruptcy, insolvency or other similar proceeding is instituted by, or against, the Borrower under federal or state bankruptcy or insolvency law now or hereafter in effect and, if instituted against the Borrower, is not dismissed within 60 days after filing.

(6) Any failure to comply with the provisions of this Agreement or failure in the performance or observance of any of the covenants or actions required by this Agreement (a "General Non-compliance Default"), provided, however, that if the Borrower provides the Bank with written notice of a General Non-compliance Default within 30 days of the date of such General Non-compliance Default, and such default does not relate to the Borrower’s obligations to make a Loan Payment, then the Borrower shall have 60 days from the date of such General Non-compliance Default to cure such General Non-compliance Default to the satisfaction of the Bank in the Bank's sole and absolute discretion. If the Borrower fails, within the time periods provided

in the previous sentence, to (i) provide written notice of a General Non-compliance Default, or (ii) cure the General Non-compliance Default to the satisfaction of the Bank in the Bank's sole and absolute discretion, then the Borrower shall be deemed to be in default of this Agreement as of the date of the General Non-compliance Default.

6.02. REMEDIES.

Upon any event of default, the Bank may pursue any available remedy at law or in equity, including without limitation:

(1) By mandamus or other proceeding at law or in equity, cause the Borrower to remit to the Bank Pledged Revenues sufficient to enable the Borrower to satisfy its obligations under this Agreement.

(2) By action or suit in equity, require the Borrower to account for all moneys received pursuant to this Agreement and to account for the receipt, use, application, or disposition of the Pledged Revenues.

(3) By action or suit in equity, enjoin any acts which may be unlawful or in violation of the rights of the Bank.

(4) By applying to a court of competent jurisdiction, cause the appointment of a receiver to manage the Project, establish and collect fees and charges, and apply the revenues to the reduction of the obligations under this Agreement.

(5) By notifying financial market credit rating agencies and potential creditors of the event of default.

(6) By suing for payment of amounts due, or becoming due, with interest on overdue payments together with all costs of collection, including attorneys' fees.

(7) By increasing the Financing Rate on the unpaid principal of the Loan to as much as 5.19% for a default under Subsection 6.01(1).

(8) The Bank shall have the right to foreclose, sell, or otherwise dispose of the pledged collateral in accordance with the terms of this agreement and with the applicable law.

In addition to pursuing any other remedy available under this Agreement, upon an event of default, the Bank may, by providing 60 days advance written notice to the Borrower, elect to terminate this Agreement, and the Bank shall have no further obligation or commitment under this Agreement to the Borrower. Any partial Loan Repayments by the Borrower shall be allocated first to interest and second to principal.

6.03. REMEDIES NOT EXCLUSIVE; DELAY AND WAIVER.

No remedy conferred upon or reserved to the Bank by this Article is exclusive and every such remedy shall be cumulative and shall be in addition to every other remedy. No delay or omission by the Bank to exercise any right or power accruing as a result of an event of default shall impair any such right or power or shall be construed to be a waiver of any such default or

acquiescence therein, and every such right and power may be exercised as often as may be deemed prudent by the Bank. No waiver of any default under this Agreement shall extend to or affect any subsequent event of default, whether of the same or different provision of this Agreement or shall impair consequent rights or remedies.

ARTICLE VII - GENERAL PROVISIONS

7.01 DISCHARGE OF OBLIGATIONS.

All payments required to be made under this Agreement shall be cumulative and any deficiencies in any Fiscal Year shall be added to the payments due in the succeeding Fiscal Year and all Fiscal Years thereafter until fully paid. Loan Repayments shall continue to be secured by this Agreement until all of the payments required shall be fully paid to the Bank. If at any time the Borrower shall have paid all amounts due under this Agreement, or shall, in accordance with the provisions of this Section 8.01 have defeased the Loan, the pledge of, and lien on, the Pledged Revenues to the Bank shall be no longer in effect and, except as provided in Section 2.03 and 2.05, this Agreement shall be deemed fully performed. Deposit of sufficient cash or Defeasance Obligations may be made to effect defeasance of this Loan; provided that, the deposit shall be made in irrevocable trust with a banking institution or trust company for the sole benefit of the Bank or its assignees and the Bank has approved in writing such deposit. Notwithstanding any provision of this Agreement to the contrary, the Borrower may prepay this Loan only upon the express written consent of the Bank, which consent shall not be withheld if such prepayment, in the judgment of the Bank will not adversely impact the Bank's ability to comply with covenants relating to obligations secured by such Loan.

7.02 ASSIGNMENT OF RIGHTS UNDERAGREEMENT.

The Borrower hereby expressly acknowledges that the Loan and all payments of principal and interest thereon, and all proceeds thereof, have been pledged and assigned under the Resolution as security for the payment of principal of, premium, if any, and interest on the Bonds and by the execution of this Agreement the Borrower in all respects consents to such pledge and assignment. The Bank may further pledge or assign all or any parts of this Agreement without the prior consent of the Borrower after written notification to the Borrower. The Borrower shall not assign its rights and obligations under this Agreement without the prior written consent of the Bank and receipt by the Bank of a Bond Counsel Opinion, obtained at the Borrower’s expense, that such assignment will not adversely impact the tax status of any Applicable Tax-Exempt Bonds.

7.03 AMENDMENT OF AGREEMENT.

This Agreement may only be amended in writing mutually executed by authorized representatives of the Bank and Borrower. However, no amendment shall be permitted which is inconsistent with any applicable State or Federal law. Any attempted amendment to this Agreement which is inconsistent with any State or Federal law shall be deemed void *ab initio.*

7.04 ANNULMENT OF AGREEMENT.

The Bank may unilaterally annul this Agreement if the Borrower has not drawn any of the Loan proceeds within six months of the first scheduled disbursement date referenced in Exhibit A. If the Bank unilaterally annuls this Agreement, the Bank will provide written notification to the Borrower.

7.05 SUSPENSION AND TERMINATION.

If the Borrower abandons or, before completion, discontinues the Project; or if the commencement, prosecution, or timely completion of the Project by the Borrower is rendered improbable, infeasible, impossible, or illegal, by written notice to the Borrower, the Bank may suspend any or all of its obligations under this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected, or at its option, the Bank may terminate any or all of its remaining obligations under this Agreement.

Upon receipt of any termination or suspension notice, the Borrower shall proceed promptly to carry out the actions required therein which may include, but not be limited to: (1) necessary action to terminate or suspend, as the case may be, Project activities and contracts and such other action as may be required or desirable to keep to the minimum the costs upon the Loan; (2) furnish a statement of the Project activities and contracts, and other undertakings the cost of which are otherwise includable as Project costs; and (3) repay the Bank according to the provisions of the Agreement, or as otherwise agreed upon, in writing, by the Bank and the Borrower. The termination or suspension shall be carried out in conformity with the latest schedule, plan, and budget as approved by the Bank or upon the basis of terms and conditions imposed by the Bank upon the failure of the Borrower to furnish the schedule, plan, and budget within a reasonable time.

The Bank reserves the right to unilaterally cancel this Agreement for refusal by the Borrower to allow public access to all documents, papers, letters, or other materials subject to the provisions of the Nevada Revised Statutes, and made or received in conjunction with this Agreement.

7.06 SEVERABILITY CLAUSE.

If any provision of this Agreement shall be held invalid or unenforceable, the remaining provisions shall be construed and enforced as if such invalid or unenforceable provision had not been contained herein.

ARTICLE XIII - DETAILS OF FINANCING

8.01 PRINCIPAL AMOUNT OF LOAN.

The Bank agrees to lend to the Borrower, and the Borrower agrees to repay the Bank the Loan at the times, in the amounts and in the manner set forth in this Agreement. The principal amount of the Loan as of any date shall consist of the aggregate Disbursements (as defined below), plus Capitalized Interest that has accrued and been added to the principal amount of the Loan, plus interest other than Capitalized Interest, if any, that has accrued and been added to the principal amount of the Loan, less the aggregate principal component of all Loan Repayments made, all as of such date.

The estimated principal amount of the Loan as of the date of the first Loan Payment is $5,252,000, which consists of the amounts scheduled to be disbursed to the Borrower in the amounts and at the times set forth in Disbursement Schedule attached hereto as Exhibit A.

8.02 LOAN ORIGINATION FEE.

Upon the closing of the loan, the Borrower is obligated to pay 1% of the total loan amount, equaling $52,520 as a loan origination fee to the Bank. This amount shall be due upon execution of this agreement.

8.03 FINANCING RATE.

Interest shall accrue on the principal amount of the Loan at the Financing Rate. The Financing Rate is 3.11% per annum, compounded annually, using a 360-day year consisting of twelve 30-day months counting convention, as indicated by the Loan Amortization Schedule attached hereto as Exhibit B.

8.04 LOAN DISBURSEMENTS.

The Bank shall disburse the Loan to the Borrower in the amounts and at the times set forth in the Disbursement Schedule (Exhibit A) provided that prior to each Disbursement, the Bank receives a written request for such Disbursement which certifies that all prerequisites for such Disbursement have been satisfied. Any written request for a Disbursement shall be signed by the Borrower's Authorized Representative under penalty of perjury. The Bank may, prior to making any Disbursement, require Borrower to furnish it with any evidence the Bank may deem necessary to verify that Borrower has met the prerequisites for Disbursement. The Bank may elect, in its sole and absolute discretion, to withhold any Disbursement until it is satisfied that all prerequisites to Disbursement have been met.

Upon written request by the Borrower, the Bank may, in its sole and absolute discretion, amend the Disbursement Schedule to take into account unexpected events or reasonable adjustments to the financing of the Project. The Bank may, in its sole and absolute discretion, adjust the Loan Amortization Schedule attached hereto as Exhibit B.

Under no circumstances shall the sum of the Disbursements to the Borrower exceed $5,252,000 under this Agreement. Furthermore, the Bank's obligation to fund any Disbursement is subject to funds being made available by an appropriation made pursuant to Nevada law.

8.05 LOAN REPAYMENTS.

Loan Repayments shall be made at the time and in the amounts set forth in the Loan Amortization Schedule attached hereto as Exhibit B. To the extent the actual principal amount of the Loan calculated as provided in Section 8.01 above is less than the estimated principal amount of the Loan as set forth in Section 8.01 hereof, the amount of the scheduled Loan Payment credited to principal shall increase and the Loan Payment Schedule shall be adjusted, so that the Loan is paid in full over a shorter amount of time. Notwithstanding the foregoing, however, if the actual principal amount of the Loan calculated as provided in Section 8.01 above is less than the estimated principal amount of the Loan as set forth in Section 8.01, the parties to this Agreement hereby agree to adjust the Loan Payment Schedule in such a way as to not adversely impact any obligations of the Bank secured by repayments under this Agreement.

Loan Repayments shall be credited first to interest accruing on the principal amount of the Loan, if any, then to principal.

ARTICLE IX – MISCELLANEOUS

9.01 THIRD PARTY AGREEMENTS

Third Party Agreements: Except as otherwise authorized in writing by the Bank, the Borrower shall not execute any contract or obligate itself in any manner for the procurement of consultant services, construction or purchase of commodities contracts or amendments thereto,

with any third party with respect to the Project without the prior written approval of the Bank. Failure to obtain such approval from the Bank shall be deemed a material breach of this Agreement, relieving the Bank of any obligation to make Disbursements under this Agreement. The Bank specifically reserves unto itself the right to review the qualifications of any consultant or contractor and to approve or disapprove the employment of the same. Such decisions shall be deemed final and binding on the Borrower.

9.02 EQUAL EMPLOYMENT OPPORTUNITY.

In connection with the carrying out of any project, the Borrower shall not discriminate against any employee or applicant for employment because of race, age, creed, color, sex or national origin.

9.03 PROHIBITED INTERESTS.

Neither the Borrower nor any of its contractors, subcontractors, consultants, or subconsultants shall enter into any contract with one another, or arrangement in connection with the Project or any property included or planned to be included in the Project, which violates any provision of the Nevada Revised Statutes, relating to conflicts of interest and prohibited transactions. The Borrower shall further diligently abide by all provisions of Nevada law regulating the Borrower with respect to procurement, contracting, and ethics.

9.04. ADHERENCE TO 2020 STATE CLIMATE STRATEGY.

Execution of this Agreement constitutes a certification by the Borrower that the Project will be carried out in conformance with all applicable regulations of the Bank, including ensuring that all construction done through the Project is consistent with the standards and goals set forth in Nevada's Climate Strategy for the year of 2020 and the goals for the reduction of greenhouse gas emissions set forth in NRS 445B.380 and 704.7820.

The Borrower will be solely responsible for any liability in the event of non-compliance with applicable regulations and will reimburse the Bank for any loss incurred in connection therewith.

9.05 PREVAILING WAGES.

Execution of this Agreement constitutes a certification by the Borrower that the Project will be carried out in conformance with all applicable provisions of NRS Chapter 226 including the payment of prevailing wages.

The provisions of NRS 338.013 to 338.090, inclusive, apply to any contract for construction work on the Project, if any. Any contractor who is awarded a contract or enters into an agreement to perform construction work related to the Project, and any subcontractor who performs any portion of any construction work on the Project shall comply with the provisions of NRS 338.013 to 338.090, inclusive, in the same manner as if a public body had undertaken the qualified project or had awarded the contract.

The Borrower shall be solely responsible for any liability in the event of non-compliance with this section and will reimburse the Bank for any loss incurred in connection therewith.

9.06 LOCAL HIRE AND APPRENTICESHIP UTILIZATION.

Execution of this Agreement constitutes a certification by the Borrower that the Project will be carried out in conformance with all applicable regulations of the Bank including the hiring of Nevada residents and the utilization of registered apprentices on any construction projects.

The Borrower will ensure that for the duration of the Project, not less than 50 percent of the total project work hours performed within each construction trade by employees of a contractor or subcontractor are performed by residents of Nevada, with not less than 15 percent of those project work hours performed within each construction trade by employees of the contractor or subcontractor being performed by disadvantaged workers.

If the Borrower is unable to comply with the project work hour requirements set forth in this section, the Borrower may petition the Bank for an exemption from these requirements of this section. Upon receipt of such a petition, the Bank may exempt the Borrower from the requirements of this section if it is found that the inability of the Borrower to comply with the requirements of this section is due to circumstances beyond the control of the Borrower.

The Borrower will be solely responsible for any liability in the event of non-compliance with applicable regulations and will reimburse the Bank for any loss incurred in connection therewith.

9.07 NO OBLIGATION TO THIRDPARTIES.

Except to the extent set forth herein, neither the Bank nor the Borrower shall be obligated or liable hereunder to any person or entity not a party to this Agreement.

9.08 WHEN RIGHTS AND REMEDIES NOT WAIVED.

In no event shall the making by the Bank of any Disbursement to the Borrower constitute or be construed as a waiver by the Bank of any breach of covenant or any default which may then exist, on the part of the Borrower, and the making of such Disbursement by the Bank while any such breach or default shall exist shall in no way impair or prejudice any right or remedy available to the Bank with respect to such breach or default.

9.09 BONUS OR COMMISSION.

By execution of the Agreement the Borrower represents that it has not paid and, also, agrees not to pay, any bonus or commission for the purpose of obtaining an approval of its application for the Loan established hereunder.

9.10 INDEMNITY.

To the extent allowed by law, the Borrower shall indemnify, defend, and hold harmless the Bank and all of its officers, agents, and employees from any claim, loss, damages, cost, charge, or expense arising out of any act, error, omission, or negligent act by the Borrower, its agents, employees, contractors and/or subcontractors during the performance of the Agreement, except that neither the Borrower, its agents, employees, contractors and/or subcontractors will be liable under this paragraph for any claim, loss, damages, cost, charge, or expense arising out of any act, error, omission, or negligent act by the Bank, or any of its officers, agents, or employees, during the performance of the Agreement.

If the Bank receives notice of claim for damages that may have been caused by the Borrower in the performance of services required under this Agreement, the Bank will immediately forward the claim to the Borrower. The Bank's failure to promptly notify the Borrower of a claim will not act as a waiver or any right herein.

9.11 PLANS AND SPECIFICATIONS.

In the event that this Agreement involves the purchasing of capital equipment or the constructing and equipping of a facility, the Borrower shall design and construct the equipment and/or facility in accordance with the standards applicable to the Borrower. Failure to follow the plans and specifications shall be sufficient cause for delays in the distribution of disbursements by the Bank.

9.12 PROJECT COMPLETION, BORROWER CERTIFICATION.

Upon completion of the Project, the Borrower will certify in writing that the Project (or expending of the Loan) was completed in accordance with applicable plans and specifications and that the Project is accepted by the Borrower as suitable for the intended purpose.

9.13 ENTIRE AGREEMENT.

The Financing application executed by the Borrower, all exhibits, attachments and schedules attached to the Financing Application, and this Agreement ("the Agreement Documents") sets forth the entire agreement between the parties and incorporate and supersede all prior negotiations, correspondence, conversations, agreements or understandings applicable to the matters contained herein and therein, and the parties hereto agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in the Agreement Documents. Accordingly, it is agreed that no deviation from the terms of the Agreement Documents shall be predicated upon any prior representation or agreements whether oral or written. It is further agreed that no modification, amendment or alteration in the terms and conditions contained in the Agreement Documents shall be effective unless contained in a written document executed by the parties hereto.

It is further agreed that the Bank will have no obligation to honor any request for disbursement made by the Borrower or otherwise make any disbursement under this agreement in the event that the Bank has notified the Borrower that an event of default has occurred under this or any other agreement between the Borrower and the Bank, or if the Bank, in its sole discretion, determines that events have occurred which substantially diminish the likelihood that the Borrower will timely and fully honor its obligations under this agreement or any other agreement between the Bank and the Borrower. Any waiver of this provision by disbursement following an event of default by the Borrower under the terms of this agreement, or any other agreement between the Borrower and the Bank, will not constitute a continuing waiver of this provision and the Bank may refuse to make further disbursements without any liability to the Borrower whatsoever.

In the event of conflict between the terms and conditions of the Agreement Documents: (i) the terms and conditions contained in the body of this Agreement prevail over conflicting terms and conditions contained in any exhibits, schedules and attachments attached to this Agreement; (ii) the terms and conditions contained in the body of the Financing Application prevail over any conflicting terms and conditions contained in any exhibits, schedules and attachments attached to the Financing Application; and (iii) the terms and conditions of the Agreement, including all exhibits, schedules and attachments hereto, prevail over conflicting terms and conditions contained in the Financing Application and any exhibits, schedules and attachments thereto.

9.14 NOTICES.

Any notice, demand, request or other instrument which is required to be given under this Agreement in writing shall be delivered to the following addresses and/or via email:

If to the Bank: Nevada State Infrastructure Bank
101 North Carson Street
Carson City, Nevada 89701
ejimenez@nevadatreasurer.gov

_____

If to Borrower: Truckee Meadows Fire Protection District
3663 Baron Way
Reno, NV 89511

ARTICLE X - EXECUTION OF AGREEMENT

This Agreement shall be executed in three or more counterparts, any of which shall be regarded as an original and all of which constitute but one and the same instrument.

IN WITNESS WHEREOF, the Bank has caused this Agreement to be executed on its behalf by its Secretary and the Borrower has caused this Agreement to be executed on its behalf by its Authorized Representative and by its affixed seal. The effective date of this Agreement shall be the Agreement Date.

EXHIBIT C

Summary Project Specifications

This loan from the Nevada State Infrastructure Bank ("Lender") to the Truckee Meadows Fire Protection District ("Borrower") is to support the construction of the Hidden Valley Fire Station Apparatus Bay. The Borrower will utilize financing from the Lender for improvements to the existing Hidden Valley Fire Station, including replacement apparatus bays, tool and equipment maintenance, equipment and gear storage, and office space at the Project site.

This Project will replace the existing apparatus bay with a larger bay that will accommodate modern fire engines. The existing apparatus bay, formerly used by a volunteer 501 (c)3, is too small to accommodate all the fire engines in the Borrower's fleet. The building constructed through this Project will also add offices, a public entry, and support spaces to store and repair ancillary firefighting equipment.

The total Project site is 4,235 square feet consisting of 2,548 square feet of apparatus bays and 1,687 square feet of offices, equipment maintenance, and storage facilities. The first phase of this Project was completed by the Borrower in 2022, which involved the construction of crew quarters at the Project site for $1,190,162.

A term sheet outlining the various elements of this loan, is included below:

State Infrastructure Bank / Hidden Valley Fire Station Apparatus Bay
Proposed Loan Terms

Lender	Nevada State Infrastructure Bank
Borrower	Truckee Meadows Fire Protection District
Loan Amount	Maximum of $5,252,000
Loan Purpose	Loan proceeds will be used by the Borrower to construct improvements to the Hidden Valley Fire Station Apparatus Bay.
Maturity	25 years
Security	Borrower has approved a pledge from consolidated tax revenues over 25 years to securitize this loan.
Interest Rate	Fixed rate of 3.11% per annum.
Disbursement	One $5,252,000 disbursement upon loan closing, subject to the Lender's receipt of the $52,520 loan origination fee.
Additional Sources of Funding	Borrower has already provided $1,190,162 in capital to construct the first phase of this project.
Terms of Repayment	Borrower shall make semi-annual payments consisting of principal and accrued interest not to exceed $309,000 each year. Payments will be due on June 1st and December 1st of each year, commencing June 1, 2025, until maturity of the loan on June 1, 2049.
SIB Loan Origination Fee	Borrower will pay 1% of the total loan amount, equaling $52,520 as a loan origination fee. This amount will be due within 30 days of loan closing.
Reporting	Borrower will submit quarterly reports to Lender. Reports will include construction updates and timelines, anticipated job and economic impacts, anticipated climate impacts, and other project goals agreed upon by the Borrower and Lender.
Prevailing Wage, Local Hire, and Apprenticeship Utilization	Borrower will adhere to the Lender's established policies of local hiring, apprenticeship utilization, and the payment of prevailing wages.

Exhibit D
Bond Resolution

Summary - a resolution authorizing the issuance of the District's Capital Improvement Revenue Bonds, Series 2024.

RESOLUTION NO. TM09-2024

A RESOLUTION AUTHORIZING THE ISSUANCE OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA, CAPITAL IMPROVEMENT REVENUE BONDS, SERIES 2024, FOR FIRE STATION AND ADMINISTRATION PROJECTS; AND PROVIDING THE FORM, TERMS AND CONDITIONS OF THE BOND AND OTHER DETAILS IN CONNECTION THEREWITH.

WHEREAS, the Truckee Meadows Fire Protection District, Nevada (the "District" and the "State," respectively) is a political subdivision of the State duly organized and operating as a fire district under the provisions of Nevada Revised Statutes ("NRS") 474.460 through 474.540 (the "Fire Protection Act" or the "Project Act"); and

WHEREAS, the Board of Fire Commissioners of the District (the "Board") has determined and does hereby declare pursuant to Nevada Revised Statutes ("NRS") 474.460 through 474.540, inclusive (the "Project Act"), and pursuant to chapter 350 of NRS and all laws amendatory thereof and NRS 360.600 to 360.740, inclusive (the "Consolidated Tax Act"), the District is authorized and empowered to use certain proceeds of taxes distributed to and imposed within the District pursuant to the Consolidated Tax Act (the "Consolidated Tax") to pledge to bonds in accordance with the provisions of NRS 350.500 through 350.720, inclusive, cited in NRS 350.500 thereof by the short title "Local Government Securities Law" (the "Bond Act") to finance the cost of acquiring properties for stations and administration authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor (the "Project") and to evidence such borrowing by the issuance of bonds in accordance with the provisions of the Bond Act; and

WHEREAS, the District has previously issued its:

a. Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged

Revenues), Series 2020 (the "2020 Bond"), which are secured in whole or in part by the revenues derived from 15% of the proceeds of the Consolidated Tax and distributed to the District (the "Pledged Revenues"); and

b. Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues), Series 2021 (the "2021 Bonds"); and

WHEREAS, other than the 2020 Bond and the 2021 Bonds, the District has never pledged nor in any way hypothecated the Pledged Revenues to the payment of any bonds or for any other purpose; and

WHEREAS, the District has determined and hereby determines that it is necessary and in the best interests of the District and its citizens that the Project be acquired, constructed and equipped; and

WHEREAS, the District hereby provides for the private sale of the Truckee Meadows Fire Protection District, Nevada, Capital Improvement Revenue Bonds, Series 2024 (the "Bonds", the "Bond" or the "Municipal Security") to be issued as a single bond in the maximum principal amount of $5,252,000 to finance the Project with a lien on the Pledged Revenues prior and superior to the lien thereon of the 2020 Bond and the 2021 Bonds and any additional subordinate securities; and

WHEREAS, the District requested the Nevada State Infrastructure Bank (the "Nevada State Infrastructure Bank") under NRS 445A.060 to 445A.160, inclusive (the "State Project Act"), to make loans to the District by purchasing the Municipal Security in the maximum principal amount of $5,252,000; and

WHEREAS, the District has made an application for the financing of the Project (the "Financing Application"), through a loan made under and pursuant to NRS Chapter 408, and the Nevada State Infrastructure Bank has determined that the Project meets all requirements for a loan and has agreed to make a loan (the "Loan") to the District for the financing of the Project as set forth in the Financing Agreement between the Nevada State Infrastructure Bank and the District (the "Financing Agreement"); and

WHEREAS, NRS 350.105 to 350.195, inclusive, and NRS Chapter 408 permit the Municipal Security to be sold at private sale to the Nevada State Infrastructure Bank; and

WHEREAS, after private negotiation pursuant to the Bond Act and NRS Chapter 408, the District's Chief Fiscal Officer, as the District's chief financial officer (the "Chief Fiscal Officer"), or in such officer's absence, the District's Fire Chief, as the District's chief administrative officer (the "Fire Chief"), is hereby authorized to receive bids and sell the Bond to the Nevada State Infrastructure Bank (the "Purchaser") and the Chief Fiscal Officer or the Fire Chief is hereby authorized to accept a binding bid for the Bonds, the Bonds to bear interest at the rate per annum provided in the Financing Agreement, such rate not to exceed 3 percent over the "Index of Revenue Bonds" most recently published in The Bond Buyer prior to the time a negotiated offer is accepted for the Bond, at a price equal to the principal amount thereof, all as specified by the Chief Fiscal Officer or the Fire Chief in the Financing Agreement; and

WHEREAS, the Board has found and determined and hereby declares:

A. This Resolution pertains to the sale, issuance, and payment of the Bonds.

B. Each of the limitations and other conditions to the issuance of the Bonds in the Project Act, the Bond Act and in any other relevant act of the State or the Federal Government, has been met; and pursuant to NRS 350.708, this determination of the Board that the limitations in the Bond Act have been met shall be conclusive in the absence of fraud or arbitrary or gross abuse of discretion.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF FIRE COMMISSIONERS OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA:

ARTICLE I.

SHORT TITLE, DEFINITIONS, INTERPRETATION,
RATIFICATION, TRANSMITTAL, AND EFFECTIVE DATE

Section 101 Short Title. This Resolution shall be known as and may be designated by the short title "2024 Bond Resolution" (this "Resolution").

Section 102 Meanings and Construction.

A. Definitions. The terms in this Section defined for all purposes of this Resolution and of any instrument amendatory hereof or supplemental hereto, and of any other instrument or any other document relating hereto, except where the context by clear implication otherwise requires, shall have the meanings herein specified:

"Acquisition Account" means the "Truckee Meadows Fire Protection District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Project Construction and Other Acquisition Account" created in Section 401 herein.

"annual principal and interest requirements" means the sum of the principal of and interest on the Outstanding Bonds and any other Outstanding designated securities payable from the Pledged Revenues having a lien thereon on a parity with the lien thereon of the Bonds, to be paid during any Bond Year, but excluding any reserve requirements to secure such payments unless otherwise expressly provided and excluding any amount payable from capitalized interest. In calculating this amount, the principal amount of bonds required to be redeemed prior to maturity pursuant to a mandatory redemption schedule contained in the Resolution or other instrument authorizing the issuance of such bonds (e.g., the schedule, if any, set forth in the Certificate of the District) shall be treated as maturing in the Bond Year in which such bonds are so required to be redeemed, rather than in the Bond Year in which the stated maturity of such bonds occurs.

"Board" means the Board of Fire Commissioners of the District, in the State of Nevada, including any successor of the District.

"Bond Act" means NRS 350.500 through 350.720, and all laws amendatory thereof, designated in NRS 350.500 as the Local Government Securities Law.

"Bond Fund" means the special accounts designated as the "Truckee Meadows Fire Protection District, Nevada, District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Principal Account," and "Truckee Meadows Fire Protection District, Nevada, District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Interest Account," created herein, and required to be accumulated and maintained in Section 504 hereof which shall be held separate and apart from the Income Fund.

"Bond Requirements" means the principal of, any prior redemption or prepayment premiums due in connection with, and the interest on the Bonds and the 2020 Bond and any additional bonds or other additional securities payable from the Pledged Revenues and hereafter issued, or such part of such securities or such other securities as may be designated, as such principal, premiums and interest become due at maturity or on a Redemption Date designated in a mandatory redemption schedule, in a notice of prior redemption, or otherwise.

"Bonds" means the securities issued hereunder and designated as the "Truckee Meadows Fire Protection District, Nevada, District, Nevada, Capital Improvement Revenue Bonds, Series 2024."

"Bond Year" means the 12 months commencing on July 1 of any calendar year and ending on June 30 of the next succeeding calendar year.

"Budget Act" means NRS 354.470 to 354.626, inclusive, and all laws amendatory thereof, designated in NRS 354.470 as the Local Government Budget and Finance Act.

"Chair" means the de jure or de facto Chair of the Board of the District and designated as such by the District, or successor in functions, if any.

"Chief Fiscal Officer" means the Chief Fiscal Officer of the District or any other officer designated by the District as the de jure or de facto chief financial officer of the District for purposes of NRS 350.165.

"District Clerk" means the de jure or de facto Clerk of the District and designated as such by the District, or successor in functions, if any.

"combined maximum annual principal and interest requirements" means the greatest of the annual principal and interest requirements to be paid during any Bond Year for the period beginning with the Bond Year in which such computation is made and ending with the Bond Year in which any bond last becomes due at maturity or on a Redemption Date on which any bond

thereafter maturing is called for prior redemption. If any outstanding bonds are subject to variable interest rates, for the purpose of such computation, such interest rates shall be determined by an Independent Accountant, an independent feasibility consultant or the Chief Fiscal Officer. Any such computation shall be adjusted as provided in Section 703C hereof, and shall be made by an Independent Accountant, an independent feasibility consultant or the Chief Fiscal Officer if expressly so required.

"Comparable Bond Year" means, in connection with any Fiscal Year, the Bond Year which ends in the Fiscal Year.

"Consolidated Tax Act" means, collectively, NRS 360.600 to 360.740, inclusive, as amended from time to time.

"Cost of the Project" means all or any part designated by the District of the cost of the Project, which cost, at the option of the District, except as limited by law, may include all or any part of the incidental costs relating to the Project, including, without limitation:

a. Preliminary expenses advanced by the District from funds available for use therefor or from any other source, or advanced with the approval of the District from funds available therefor or from any other source by the State, the Federal Government, or by any other Person with the approval of the District (or any combination thereof);

b. The costs in the making of surveys, audits, preliminary plans, other plans, specifications, estimates of costs, and other preliminaries;

c. The costs of premiums on builders' risk insurance and performance bonds, or a reasonably allocable share thereof;

d. The costs of appraising, printing, estimates, advice, services of engineers, architects, accountants, financial consultants, attorneys at law, clerical help, or other agents or employees;

e. The costs of making, publishing, posting, mailing and otherwise giving any notice in connection with the Project, the filing or recordation of instruments, the taking of options, the issuance of the Bonds and any other securities relating to the Project, and bank fees and expenses;

f. The costs of contingencies;

g. The costs of the capitalization with the proceeds of the Bonds of any interest on the bonds or other securities for any period not exceeding the period estimated by the District to effect the Project plus one year, of any discount on the bonds or other securities, and of any reserves for the payment of the principal of and interest on the Bonds or other securities, of any replacement expenses, and of any other cost of the issuance of the Bonds or other securities relating to the Project;

h. The costs of amending any Resolution, resolution or other instrument authorizing the issuance of or otherwise relating to the Outstanding Bonds or other securities relating to the Project;

i. The costs of funding any medium-term obligations, emergency loans, construction loans and other temporary loans not exceeding 10 years relating to the Project and of the incidental expenses incurred in connection with such loans;

j. The costs of any properties, rights, easements or other interests in properties, or any licenses, privileges, agreements and franchises;

k. The costs of demolishing, removing or relocating any buildings, structures or other facilities on land acquired for the Project, and of acquiring lands to which such buildings, structures or other facilities may be moved or relocated; and

l. All other expenses necessary or desirable and relating to the Project, as estimated or otherwise ascertained by the District. The Board hereby determines that the costs of issuance of the Bonds are necessary or desirable and related to the Project.

"District Treasurer" or "Treasurer" means the de jure or de facto District treasurer of the District and designated as such by the District.

"Events of Default" means the events stated in Section 1003 hereof.

"Federal Government" means the United States, or any agency, instrumentality or corporation thereof.

"Federal Securities" means bills, certificates of indebtedness, notes, bonds or similar securities which are direct obligations of, or the principal and interest of which securities are unconditionally guaranteed by, the United States.

"Fire Chief" means the Fire Chief of the District or any other officer designated by the District as the de jure or de facto chief administrative officer of the District for purposes of NRS 350.165.

"Fiscal Year" means the 12 months commencing on July 1 of any calendar year and ending on June 30 of the next succeeding calendar year; but if the Nevada legislature changes the statutory fiscal year relating to the District, the Fiscal Year shall conform to such modified statutory fiscal year from the time of each such modification, if any.

"hereby," "herein," "hereinabove," "hereinafter," "hereinbefore," "hereof," and any similar term refer to this Resolution and not solely to the particular portion thereof in which the word is used; "heretofore" means before the adoption of this Resolution; and "hereafter" means after the adoption of this Resolution.

"Income Fund" means the special account designated as the "Truckee Meadows Fire Protection District, Nevada, Consolidated Tax Pledged Revenues Income Fund" previously created and continued herein, which shall be held separate and apart from the Bond Fund.

"Independent Accountant" means any certified public accountant, or any firm of certified public accountants, duly licensed to practice and practicing as such under the laws of the State, as from time to time appointed and compensated by the District:

a. Who or which is, in fact, independent and not under the domination of the District;

b. Who or which does not have any substantial interest, direct or indirect, with the District, and

c. Who or which is not connected with the District as an officer or employee thereof, but who may be regularly retained to make annual or similar audits of any books or records of the District.

"Interest Account" means the "Truckee Meadows Fire Protection District, Nevada, District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Interest Account," created in Section 501 hereof.

"NRS" means Nevada Revised Statutes.

"newspaper" means a newspaper printed in the English language, published at least once each calendar week.

"Outstanding" when used with reference to the Bonds or any other designated securities and as of any particular date means all the Bonds or any such other securities payable from the Pledged Revenues, as the case may be, in any manner theretofore and thereupon being executed and delivered:

a. Except any Bond or other security canceled by the District, by the Paying Agent or otherwise on the District's behalf, at or before such date;

b. Except any Bond or other security the payment of which is then due or past due and moneys fully sufficient to pay the same are on deposit with the Paying Agent;

c. Except any Bond or other security for the payment or the redemption of which moneys at least equal to the District's Bond Requirements to the date of maturity or to any Redemption Date, shall have heretofore been deposited with a Trust Bank in escrow or in trust for that purpose, as provided in Section 901 hereof; and

d. Except any Bond or other security in lieu of or in substitution for which another bond or other security shall have been executed and delivered pursuant to Sections 306 or 1109 hereof.

"owner" or any similar term, when used in conjunction with any Bonds, or any other designated securities, means the registered owner of any Bonds or other security which is registrable for payment if it shall at the time be registered for payment otherwise than to bearer.

"Parity Securities" means bonds or securities hereafter issued which have a lien on the Pledged Revenues that is on a parity with the lien thereon of the Bonds herein authorized.

"Paying Agent" means the District's Chief Fiscal Officer or any successor which may be appointed from time to time as paying agent for the Bonds.

"Person" means a corporation, firm, other body corporate (including, without limitation, the Federal Government, the State, or any other body corporate and politic other than the District), partnership, association or individual, and also includes an executor, administrator, trustee, receiver or other representative appointed according to law.

"Pledged Revenues" means a 15% portion of all income and revenue derived by the District from the imposition and collection of the Consolidated Tax and distributed to the District and imposed pursuant to the Consolidated Tax Act. The Pledged Revenues means all or a portion of the Pledged Revenues. The designated term indicates sources of revenues and does not necessarily indicate all or any portion or other part of such revenues in the absence of further qualification. "Pledged Revenues" includes income derived from any supplemental Consolidated Tax imposed by the District if the Board is authorized to include and specifically elects to include the additional tax in "Pledged Revenues" for the remaining term of the Bonds.

"Principal Account" means the "Truckee Meadows Fire Protection District, Nevada, District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Principal Account," created in Section 501 hereof.

"Project" means the means the acquisition of properties for stations and administration authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor.

"Project Act" means NRS 474.460 through 474.540, inclusive, as amended from time to time.

"Rebate Account" means the "Truckee Meadows Fire Protection District, Nevada, District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Rebate Account" created in Section 507 hereof.

"Redemption Date" means a date fixed for the redemption prior to their respective maturities of any Bonds or other designated securities payable from any Pledged Revenues in any mandatory redemption schedules, or in any notice of prior redemption or otherwise fixed and designated by the District.

"Redemption Price" means, when used with respect to a Bond or other designated security payable from any Pledged Revenues, the principal amount thereof plus the applicable premium, if any, payable upon the redemption thereof prior to the stated maturity date of such Bond or other security on a Redemption Date in the manner contemplated in accordance with the security's terms.

"Registrar" means the District's Chief Fiscal Officer or any successor which may be appointed from time to time as registrar for the Bonds.

"Regular Record Date" means the 15th day of the calendar month next preceding each interest payment date.

"Special Record Date" means a special date fixed by the Paying Agent to determine the names and addresses of owners of the Bonds for the payment of any defaulted interest on any of the Bonds, as further provided in Section 302 hereof. At least 10 days' notice will be given by the Paying Agent electronically or otherwise to each owner of a Bond as stated on the Registrar's registration list at the close of business on a date fixed by the Paying Agent, stating the date of the Special Record Date and the due date fixed for the payment of such defaulted interest.

"State" means the State of Nevada.

"Subordinate Securities" means bonds or securities which have a lien on the Pledged Revenues that is subordinate and junior to the lien thereon of the Bonds herein authorized, including the 2020 Bond and the 2021 Bonds.

"Tax Code" means the Internal Revenue Code of 1986, as amended to the date of delivery of the Bonds.

"Trust Bank" means a state or national bank or trust company which is a member of the Federal Deposit Insurance Corporation and which is located within the United States, which bank is authorized to exercise and is exercising trust powers, and also means any branch of the Federal Reserve Bank.

B. Construction. This Resolution, except where the context by clear implication herein otherwise requires, shall be construed as follows:

(1) Words in the singular number include the plural, and words in the plural include the singular.

(2) Words in the masculine gender include the feminine and the neuter, and when the sense so indicates words of the neuter gender refer to any gender.

(3) The titles and leadlines applied to articles, sections, subsections and paragraphs of this Resolution are inserted only as a matter of convenience and ease in reference and in no way define, limit or describe the scope or intent of any provisions of this Resolution.

(4) Any securities payable from any Pledged Revenues and held by the District shall not be deemed to be Outstanding for the purpose of redemption nor Outstanding for the purpose of consents hereunder or for other purposes provided herein.

Section 103 Successors. Whenever herein the District is named or is referred to, such provision shall be deemed to include any successors of the District, respectively, whether so expressed or not. All of the covenants, stipulations, obligations and agreements by or on behalf of and other provisions for the benefit of the District contained herein shall bind and inure to the benefit of any officer, board, district, commission, authority, agent or instrumentality to whom or to which there shall be transferred by or in accordance with law any right, power or duty of the District or of their respective successors, if any, the possession of which is necessary or appropriate in order to comply with any such covenants, stipulations, obligations, agreements or other provisions hereof.

Section 104 Parties Interested Herein. Except as herein otherwise expressly provided, nothing herein expressed or implied confers upon or gives to any Person (other than the Paying Agent, the insurer of the Bonds, if any, the owners from time to time of the Bonds, and the owners of any other securities payable from Pledged Revenues when reference is expressly made thereto, as well as the District) any right, remedy or claim under or by reason hereof or any covenant, condition or stipulation hereof. All the covenants, stipulations, promises and agreements herein contained by and on behalf of the District shall be for the sole and exclusive benefit of the

District, the Paying Agent, the insurer of the Bonds, if any, any owner of any Bonds and any owner of any such other security in the event of such a reference.

Section 105 Ratification. All action heretofore taken (not inconsistent with the provisions of this Resolution) by the District, the officers of the District, and otherwise by the District directed toward the Project and toward the sale of the Bonds to the Purchaser for that purpose, hereby is ratified, approved and confirmed.

Section 106 Resolution Irrepealable. After any of the Bonds are issued, this Resolution shall constitute an irrevocable contract between the District and the owner or owners of the Bonds; and this Resolution (subject to the provisions of Section 901 and of Article XI hereof), if any Bonds are in fact issued, shall be and shall remain irrepealable until the Bonds, as to all Bond Requirements, shall be fully paid, canceled and discharged, except as herein otherwise expressly provided.

Section 107 Repealer. All bylaws, orders and other instruments, or parts thereof, inconsistent herewith are hereby repealed to the extent only of the inconsistency. This repealer shall not be construed to revive any bylaw, order or other instrument, or part thereof, heretofore repealed.

Section 108 Severability. If any section, subsection, paragraph, clause or other provision of this Resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, subsection, paragraph, clause or other provision shall not affect any of the remaining provisions of this Resolution.

Section 109 Effective Date. The Board hereby determines that this Resolution pertains to the sale, issuance and payment of the Bonds and may become effective immediately upon adoption.

ARTICLE II.

DISTRICT'S DETERMINATIONS, AUTHORITY FOR AND AUTHORIZATION OF PROJECT, NECESSITY OF PROJECT AND BONDS, PROJECT COST, AND OBLIGATION OF DISTRICT

Section 201 Authorization for this Resolution. This Resolution is adopted by virtue of the Project Act, Consolidated Tax Act and the Bond Act and pursuant to their provisions; and the District has ascertained and hereby determines that each and every matter and thing as to which provision is made herein is necessary in order to carry out and to effectuate the purposes of the District in accordance with the Project Act, the Consolidated Tax Act and the Bond Act, and as provided in NRS 350.708 all limitations in the Bond Act imposed upon the issuance of bonds or other securities thereunder have been met and the total cost, capacity, type, and plans and specifications of and for the construction, installation and other acquisition of the improvements with respect to the Project, to the extent heretofore prepared, have been and hereby are approved.

Section 202 Life of the Project. The District has determined and does hereby declare:

A. Estimated Life. The estimated life or estimated period of usefulness of the Project to be financed with the proceeds of the Bonds is not less than 20 years; and

B. Bond Term. The Bonds shall mature at times not exceeding such estimated life or estimated period of usefulness.

Section 203 Necessity of Project and Bonds. It is necessary and for the best interests of the District and the inhabitants thereof that the District effect the Project and defray the cost thereof by issuing the Bonds therefor; and it is hereby so determined and declared.

Section 204 Sale of Bond and Execution and Acceptance of Financing Agreement. The sale of the Bond to the Nevada State Infrastructure Bank on the terms provided herein and in accordance with the Financing Agreement, to be executed by the Fire Chief or the Chief Fiscal Officer on behalf of the District, is hereby approved and accepted in substantially the form as is now on file with the Chief Fiscal Officer, with such changes as are approved by the Fire

Chief or the Chief Fiscal Officer, whose execution thereof shall constitute conclusive evidence of the approval of such changes. In accordance with the Project Act, Chapter 350 of NRS and with this Resolution, the Fire Chief or the Chief Fiscal Officer is hereby authorized to execute the Financing Agreement relating to the Loan for the purchase of the Bond as set forth in the preambles hereof.

Section 205 Authorization of Project. The District does hereby determine to proceed with the Project as hereinabove delineated; and the Project is hereby so authorized.

Section 206 Bonds Equally Secured. The covenants and agreements herein set forth to be performed on behalf of the District shall be for the equal benefit, protection and security of the owners of any and all of the Outstanding Bonds, all of which, regardless of the time or times of their issue or maturity, shall be of equal rank without preference, priority or distinction of any of the Bonds over any other thereof, except as otherwise expressly provided in or pursuant to this Resolution.

Section 207 Not General Obligations. The Bonds shall not constitute general obligations of the District and shall be payable from Pledged Revenues or other moneys are available therefor.

Section 208 Security. The payment of the Bond Requirements of the Bonds is secured by an irrevocable pledge of and by a lien (but not necessarily an exclusive lien) on the Pledged Revenues on a parity with the lien upon such Pledged Revenues of any Parity Securities and prior and superior to the lien upon such Pledged Revenues of any Subordinate Securities.

Section 209 No Pledge of Property. The payment of the Bonds is not secured by an encumbrance, mortgage or other pledge of property of the District, except the proceeds of the Pledged Revenues, and any other moneys pledged for the payment of the Bonds. No property of the District, subject to such exceptions, shall be liable to be forfeited or taken in payment of the Bonds.

Section 210 No Recourse Against Officers and Agents. No recourse shall be had for the payment of the Bond Requirements of the Bonds or for any claim based thereon or otherwise upon this Resolution authorizing their issuance or any other instrument relating thereto, against any individual member of the District or any officer or other agent of the District, past,

present or future, either directly or indirectly through the District or otherwise, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any penalty or otherwise, all such liability, if any, being by the acceptance of the Bonds and as a part of the consideration of their issuance specially waived and released.

ARTICLE III.

AUTHORIZATION, TERMS, EXECUTION AND ISSUANCE OF BONDS

Section 301 Authorization of Bonds. The "Truckee Meadows Fire Protection District, Nevada, Capital Improvement Revenue Bonds, Series 2024," in the aggregate principal amount set forth in the Financing Agreement (not to exceed $5,252,000), are hereby authorized to be issued, pursuant to the Project Act, the Consolidated Tax Act and the Bond Act; and the District pledges irrevocably, but not necessarily exclusively, the Pledged Revenues to the payment of the Bond Requirements of the Bonds, the proceeds of the Bonds to be used solely to defray wholly or in part the cost of the Project.

Section 302 Bond Details. The Bonds shall be issued payable in fully registered form, i.e., registered as to both principal and interest and shall be dated as of the date of delivery of the Bonds. The Bonds shall be issued in any denomination. The Bonds may be issued as a single bond. The Bonds shall bear interest from their date until their maturity date at the rates set forth in the Financing Agreement, payable on June 1 and December 1 of each year commencing on the date set forth in the Financing Agreement; provided that those Bonds which are reissued upon transfer, exchange or other replacement shall bear interest at the rates set forth in the Financing Agreement from the most recent interest payment date to which interest has been paid or duly provided for, or if no interest has been paid, from the date of the Bonds. The Bonds shall mature on the designated dates and amounts of principal as designated in the Financing Agreement. The principal of any Bond shall be payable to the owner thereof as shown on the registration records kept by the registrar for the Bond designated in the Financing Agreement (the "Registrar"), upon maturity and upon presentation and surrender at the office of the Chief Fiscal Officer (the "Paying Agent"). If any Bonds shall not be paid upon such presentation and surrender at or after maturity, it shall draw interest at the interest rate specified in the Financing Agreement until the principal thereof is paid in full. Notwithstanding anything herein to the contrary, no presentation or surrender of the Bonds shall be required for any payments on the Bond prior to maturity or prior payment in full thereof.

The principal of and redemption premium, if any, on any Bond, shall be payable to the registered owner thereof as shown on the registration records kept by the Registrar, upon maturity or prior redemption thereof and upon presentation and surrender at the Paying Agent or at such other office as designated by the Paying Agent. If any Bond shall not be paid upon such presentation and surrender at or after maturity, it shall continue to draw interest at the interest rate borne by the Bond until the principal thereof is paid in full. Payment of interest on any Bond shall be made to the registered owner thereof electronically or by check or draft sent by the Paying Agent, on each interest payment date (or, if such interest payment date is not a business day, on the next succeeding business day), to the registered owner thereof at such owner's address as shown on the registration records kept by the Registrar at the close of business on the Regular Record Date for such interest payment date; but any such interest not so timely paid or duly provided for shall cease to be payable to the person who is the registered owner thereof at the close of business on the Regular Record Date and shall be payable to the person who is the registered owner thereof at the close of business on a Special Record Date for the payment of any such defaulted interest. Such Special Record Date shall be fixed by the Paying Agent whenever money becomes available for payment of the defaulted interest, and notice of the Special Record Date shall be given to the registered owners of the Bonds not less than 10 days prior thereto electronically or otherwise to each such registered owner as shown on the Registrar's registration records on a date selected by the Registrar, stating the date of the Special Record Date and the date fixed for the payment of such defaulted interest. The Paying Agent may make payments of interest on any Bond by such alternative means as may be mutually agreed upon between the owner of such Bond and the Paying Agent. All such payments shall be made in lawful money of the United States of America.

Section 303 Prior Redemption.

A. Optional Redemption. The Bond will be subject to redemption at the option of the District from any legally available funds on the dates and at the prices set forth in the Financing Agreement. If less than all of the Bond are permitted to be redeemed pursuant to the Financing Agreement, the Bonds or installments to be redeemed shall be selected by the Chief Fiscal Officer

proportionately from each outstanding maturity of the Bonds (including any installment).

Section 304 Redemption Notice. Unless waived by any registered owner of a Bond to be redeemed, notice of prior redemption shall be given by the Registrar electronically at least 20 days but not more than 60 days prior to the Redemption Date to the registered owner of any Bond all or a part of which is called for prior redemption at his or her address as it last appears on the registration records kept by the Registrar. The notice shall identify the Bonds and state that on such date the principal amount thereof, and premium, if any, thereon will become due and payable at the Paying Agent (accrued interest to the Redemption Date being payable electronically or as otherwise provided in this Resolution), and that after such Redemption Date interest will cease to accrue. After such notice and presentation of said Bonds, the Bonds called for redemption will be paid. Actual receipt of notice by any registered owner of Bonds shall not be a condition precedent to redemption of such Bonds. Failure to give such notice to the registered owner of any Bond designated for redemption, or any defect therein, shall not affect the validity of the proceedings for the redemption of any other Bond. A certificate by the Registrar that notice of call and redemption has been given as provided in this Section shall be conclusive as against all parties; and no owner whose Bond is called for redemption or any other owner of any Bond may object thereto or may object to the cessation of interest on the Redemption Date on the ground that he failed actually to receive such notice of redemption.

Notwithstanding the provisions of this section, any notice of redemption may contain a statement that the redemption is conditioned upon the receipt by the Paying Agent of funds on or before the date fixed for redemption sufficient to pay the redemption price of the Bonds so called for redemption, and that if such funds are not available, such redemption shall be canceled by written notice to the owners of the Bonds called for redemption in the same manner as the original redemption notice was mailed.

Section 305 Negotiability. Subject to Section 307 hereof and to the registration provisions herein provided, the Bonds shall be fully negotiable within the meaning of and for the purposes of the Uniform Commercial Code-Investment Securities, and each owner shall possess

all rights enjoyed by owners of negotiable instruments under the Uniform Commercial Code-Investment Securities.

Section 306 Registration, Transfer and Exchange of Bonds.

A. Registration and Transfer. Records for the registration and transfer of the Bonds shall be kept by the Registrar. Upon the surrender for transfer of any Bond at the Registrar, duly endorsed for transfer or accompanied by an assignment in form satisfactory to the Registrar duly executed by the registered owner or attorney duly authorized in writing, the Registrar shall authenticate and deliver in the name of the transferee or transferees a new Bond or Bonds of a like aggregate principal amount and of the same maturity bearing a number or numbers not previously assigned. Bonds may be exchanged at the Registrar for an equal aggregate principal amount of Bonds of the same maturity of other authorized denominations, as provided in Section 302 hereof. The Registrar shall authenticate and deliver a Bond or Bonds which the registered owner making the exchange is entitled to receive, bearing a number or numbers not previously assigned. For every exchange or transfer of Bonds requested by the owner thereof, the District or the Registrar may make a sufficient charge to reimburse it for any tax, fee, or other governmental charge required to be paid with respect to such exchange or transfer, and may charge a sum sufficient to pay the cost of preparing and authenticating each new Bond. No such charge shall be levied in the case of an exchange resulting from an optional or mandatory prior redemption of a Bond.

B. Limitations upon Registration. The Registrar shall not be required to transfer or exchange (i) any Bond subject to redemption during a period beginning at the opening of business 15 days before the day of transmitting electronically or otherwise by the Registrar of a notice of prior redemption of Bonds and ending at the close of business on the day of such transmission, or (ii) any Bond after the transmission of notice calling such Bond or any portion thereof for redemption as herein provided.

C. Effect of Registration. The person in whose name any Bond shall be registered, in the registration records kept by the Registrar, shall be deemed and regarded as the absolute owner thereof for the purpose of making payments thereof (except to the extent otherwise provided in Section 302 hereof with respect to interest payments) and for all other purposes; and payment of or on account of either principal or interest on any Bond shall be made only to or upon the written order of the registered owner thereof or his legal representative, but such registration may be changed upon transfer of such Bond in the manner and subject to the conditions and limitation provided herein. All such payments shall be valid and effectual to discharge the liability upon such Bond to the extent of the sum or sums so paid.

D. Replacement of Bond. If any Bond shall be lost, stolen, destroyed or mutilated, the Registrar shall, upon receipt of such evidence, information or indemnity relating thereto as it, the Registrar or the District, may reasonably require, and upon payment of all expenses in connection therewith, authenticate and deliver a replacement Bond or Bonds of a like aggregate principal amount and of the same maturity, bearing a number or numbers not previously assigned. If such lost, stolen, destroyed or mutilated Bond shall have matured or shall have been called for redemption, the Registrar may direct that such Bond be paid by the Paying Agent in lieu of replacement.

E. Cancellation of Bond upon Payment or Reissuance. Whenever any Bond shall be surrendered to the Paying Agent upon payment thereof, or to the Registrar for transfer, exchange or replacement as provided herein, such Bond shall be promptly canceled by the Paying Agent or Registrar, and counterparts of a certificate of such cancellation shall be furnished by the Paying Agent or Registrar to the Chief Fiscal Officer and the District, upon request.

Section 307 Execution of Bonds. The Bonds shall be executed as follows:

A. Filings with Secretary of State. Pursuant to the Bond Act, and to the act cited as the Uniform Facsimile Signatures of Public Officials Act, cited as

chapter 351 of NRS, and prior to the execution of any Bonds by facsimile signature, the Chair of the Board (the "Chair"), the District Clerk and the District Treasurer shall each file with the Secretary of State of the State of Nevada such officer's manual signature certified by such officer under oath.

B. Manner of Execution. Each Bond shall be approved, signed and executed in the name of and on behalf of the District with the manual, electronic or facsimile of the signature of the Chair of the Board shall be countersigned and executed with the manual, electronic or facsimile of the signatures of the District Treasurer and shall be authenticated with the manual or facsimile impression of the official seal of the District; and shall be signed, executed, and attested with such a manual or facsimile signature of the District Clerk.

C. Authentication. No Bond shall be valid or obligatory for any purpose unless the certificate of authentication thereon, substantially in the form hereinafter provided has been duly manually executed by the Registrar. The Registrar's certificate of authentication shall be deemed to have been duly executed by it if manually or electronically signed by an authorized officer or employee of the Registrar, but it shall not be necessary that the same officer or employee sign the certificate of authentication on all of the Bonds issued hereunder. By authenticating any of the Bonds delivered pursuant to the Resolution, the Registrar shall be deemed to have assented to all of the provisions of this Resolution.

Section 308 Use of Predecessor's Signature. The Bonds bearing the signatures of the officers in office at the time of the signing thereof shall be the valid and binding obligations of the District, notwithstanding that before the delivery thereof and the payment therefor any or all of the persons whose signatures appear thereon shall have ceased to fill their respective offices. Each the Chair of the Board, the District Treasurer and District Clerk, at the time of the execution of the Bonds and of a signature certificate pertaining thereto by the Chair of the Board, the District Treasurer and the District Clerk, respectively, may adopt as and for such officer's own facsimile signature the facsimile signature of such officer's predecessor in office if such facsimile signature appears upon any of the Bonds.

Section 309 Incontestable Recital in Bonds. Pursuant to NRS 350.628, each Bond shall recite that it is issued pursuant to the Project Act, to the Consolidated Tax Act and to the Bond Act, which recital shall be conclusive evidence of the validity of the Bonds and the regularity of their issuance.

Section 310 State Tax Exemption. Pursuant to NRS 350.710, the Bonds, their transfer, and the income therefrom shall forever be and remain free and exempt from taxation by the State or any subdivision thereof, except for the tax on estates imposed pursuant to chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to chapter 375B of NRS.

Section 311 Bond Execution. The Chair of the Board, the District Treasurer, and the District Clerk are hereby authorized and directed to prepare and to execute the Bonds as herein provided.

Section 312 Bond Delivery. After such registration of the Bonds by the Registrar pursuant to Section 306 and after their execution and authentication pursuant to Section 308 and other provisions herein supplemental thereto, the Treasurer shall cause the Bonds to be delivered to the Purchaser thereof, upon payment being made therefor on the terms of the sale of the Bonds.

Section 313 Bond Form. Subject to the provisions of this Resolution, the Bond shall be issued as a single bond in substantially the following form with such omissions, insertions, endorsements, and variations as to any recitals of fact or other provisions as may be required by the circumstances, be required or permitted by this Resolution, or be consistent with this Resolution and necessary or appropriate to conform to the rules and requirements of any governmental authority or any usage or requirement of law with respect thereto:

(Form of Bond)

TRANSFER OF THIS BOND OTHER THAN BY REGISTRATION IS NOT EFFECTIVE

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA
CAPITAL IMPROVEMENT REVENUE BOND
SERIES 2024

NO._____ $_____

Interest Rate	Maturity Date	Dated As Of
_____% per annum	_____ 1, ___	_____, 2024

REGISTERED OWNER:

PRINCIPAL AMOUNT: DOLLARS

The Truckee Meadows Fire Protection District, Nevada (the "District" and the "State", respectively), for value received hereby acknowledges itself to be indebted and promises to pay to the Registered Owner specified above the Principal Amount specified above, in installments of principal as set forth in Exhibit A hereto on June 1 and December 1 of each year commencing on _____, 2025 until the Maturity Date specified above (unless called for earlier redemption), and to pay interest thereon on June 1 and December 1 of each year commencing on June 1, 2025, at the Interest Rate per annum specified above, until the principal sum is paid or payment has been provided therefor. This Bond will bear interest from the most recent interest payment date to which interest has been paid or provided for, or, if no interest has been paid, from the date of this Bond. The principal of and redemption premium, if any, on this Bond are payable to the Registered Owner hereof upon presentation and surrender hereof at the office of the Chief Fiscal Officer of the District, as paying agent for the Bonds (the "Paying Agent"), which is also now acting as the District's registrar for the Bonds (the "Registrar") or at such other office as designated by the Paying Agent. Interest on this Bond will be paid on each interest payment date (or, if such interest payment date is not a business day, on the next succeeding business day), by check or draft mailed to the person in whose name this Bond is registered (the "Registered Owner") in the registration records of the District maintained by the Registrar and at the address appearing thereon at the close of business on the 15th day of the calendar month next preceding such interest payment date (the "Regular Record Date"). Any such interest not so timely paid or duly provided for shall cease to be payable to the person who is the registered owner hereof at the close of business on a Special Record Date for the payment of any defaulted interest. Such Special Record Date shall be fixed by the Paying Agent for the Bonds whenever moneys become available for payment of the defaulted interest, and notice of the Special Record Date shall be given to the Registered Owners of the Bonds of the series of which this is one (the "Bonds") not less than ten days prior thereto. All payments of the principal of, interest on and redemption premiums due in connection with this Bond (the "Bond Requirements") shall be made in lawful money of the United States of America without deduction for the services of the Paying Agent.

The Bonds are issuable solely as fully registered Bonds in denominations of $1,000 each or any integral multiple thereof. The Bonds are exchangeable for fully registered Bonds of the same maturity in equal aggregate principal amounts and in authorized denominations at the aforesaid office of the Paying Agent and Registrar but only in the manner, subject to the limitations, and on payment of the charges provided in the District's Resolution designated by the short title "2024 Bond Resolution," adopted and approved on November 12, 2024 authorizing the issuance of the Bonds (the "Resolution").

The Registrar will not be required to transfer or exchange (i) any Bond subject to redemption during a period beginning at the opening of business 15 days before the day of the mailing by the Registrar of a notice of prior redemption of Bonds and ending at the close of business on the day of such mailing, or (ii) any Bond after the mailing of notice calling such Bond or any portion thereof for prior redemption.

Bonds, or portions thereof, are subject to optional prior redemption as set forth in the Resolution and the Financing Agreement.

This Bond must be registered in the name of the Registered Owner as to both principal and interest on the registration records kept by the Registrar in conformity with the provisions stated herein and endorsed hereon and subject to the terms and conditions set forth in the Resolution. No transfer of this Bond shall be valid unless made on the registration records maintained at the principal office of the Registrar by the Registered Owner or his attorney duly authorized in writing.

The District and the Registrar and Paying Agent may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for the purpose of making payment (except to the extent otherwise provided hereinabove and in the Resolution with respect to Regular and Special Record Dates for the payment of interest) and for all other purposes and the District, and Paying Agent and Registrar shall be not affected by notice to the contrary.

The Bonds are issued by the District and upon the credit thereof, for the purpose of defraying wholly or in part the cost of acquiring properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, under the authority of and in full conformity with the Constitution and laws of the State and the District and pursuant to the Resolution.

The payment of the Bonds, as to all Bond Requirements, is secured by an irrevocable pledge of revenues derived by the District from the Pledged Revenues (as defined in the Resolution) on a parity with the lien thereon of any Parity Securities and superior to the lien on the Pledged Revenues of the Subordinate Securities.

Payment of the Bond Requirements due in connection with the Bonds may be made from and as security for such payment there is irrevocably and exclusively pledged, pursuant to the Resolution, special accounts thereby created and identified as the "Truckee Meadows Fire

Protection District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Principal Account," and "Truckee Meadows Fire Protection District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Interest Account," (collectively, the "Bond Fund") into which accounts the District covenants to pay from the revenues derived from the Pledged Revenues sums sufficient to pay when due the Bond Requirements of the Bonds, except to the extent other moneys are available therefor.

The Bonds are equitably and ratably secured by a lien on the Pledged Revenues, and the Bonds constitute an irrevocable lien (but not necessarily an exclusive lien) upon the Pledged Revenues on a parity with the lien of the Parity Securities (as defined in the Resolution), prior to and before any subordinate liens upon such Pledged Revenues of any Subordinate Securities. Bonds and other securities, in addition to the Bonds and the Parity Securities, subject to expressed conditions, may be issued and made payable from the Pledged Revenues having a lien thereon subordinate and junior to the lien or, subject to additional expressed conditions, having a lien thereon on a parity with the lien, of the Parity Securities and the Bonds, in accordance with the provisions of the Resolution.

The District covenants and agrees with the owner of this Bond and with each and every person who may become the owner hereof that it will keep and will perform all of the covenants of the Resolution.

Reference is made to the Resolution, NRS 474.460 through 474.540, inclusive (the "Project Act"); and NRS 360.600 to 360.740, inclusive, as amended from time to (the "Consolidated Tax Act"); an act cited as NRS 350.500 through 350.720, and all laws amendatory thereof, designated in NRS 350.500 as the Local Government Securities Law (the "Bond Act"); and to all laws supplemental thereto, for an additional description of the nature and extent of the security for the Bonds, accounts, funds and revenues pledged, the nature and extent and manner of enforcement of the pledge, the rights and remedies of the owners of the Bonds with respect thereto, the terms and conditions upon which the Bonds are issued, and a statement of rights and remedies of the owners of the Bonds.

The Bonds are issued pursuant to the Project Act, the Consolidated Tax Act and the Bond Act, and pursuant to NRS 350.628, this recital is conclusive evidence of the validity of the Bonds and the regularity of their issuance; and pursuant to NRS 350.710, the Bonds, their transfer, and the income therefrom shall forever be and remain free and exempt from taxation by the State or any subdivision thereof except for the tax on estates imposed pursuant to chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to chapter 375B of NRS.

To the extent and in the respects permitted by the Resolution, the provisions of the Resolution or any instrument amendatory thereof or supplemental thereto may be modified or amended by action of the District taken in the manner and subject to the conditions and exceptions prescribed in the Resolution. The pledge of revenues and other obligations of the District under the Resolution may be discharged at or prior to the respective maturities of the Bonds upon the making of provision for the payment thereof on the terms and conditions set forth in the Resolution.

It is further certified, recited and warranted that all the requirements of law have been fully complied with by the proper officers of the District in the issuance of this Bond; that it is issued pursuant to and in strict conformity with the Constitution and laws of the State, particularly under the terms and provisions of the Project Act, the Consolidated Tax Act, the Bond Act and all laws supplemental thereto, and with the Resolution; and that this Bond does not contravene any constitutional or statutory limitation.

No recourse shall be had for the payment of the Bond Requirements of this Bond or for any claim based thereon or otherwise upon the Resolution or other instrument relating thereto, against any individual member of the Board of Fire Commissioners of the District, any individual member of the District, or any officer or other agent of the District, past, present or future, either directly or indirectly through such board or the District, or otherwise, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any penalty or otherwise, all such liability, if any, being by the acceptance of this Bond and as a part of the consideration of its issuance specially waived and released.

This Bond shall not be valid or obligatory for any purpose until a manual signature of a duly authorized officer of the Registrar has been affixed on the certificate of authentication hereon.

IN WITNESS WHEREOF, the District has caused this Bond to be signed and executed in its name and upon its behalf with the electronic, manual or facsimile signature of the Chair of its Board of Fire Commissioners, to be countersigned and executed with the electronic, manual or facsimile signature of the District Treasurer and has caused an electronic, manual impression or a facsimile of the seal of the District to be affixed hereon; and has caused this Bond to be signed, executed and attested with the electronic, manual or facsimile signature of the District Clerk, all as of the dated date above.

ARTICLE IV.

USE OF BOND PROCEEDS AND RESERVE FUNDS

Section 401 Disposition of Bond Proceeds. The proceeds of the Bonds upon the receipt thereof at any time or from time to time shall be credited to a separate account hereby created and to be known as the "Truckee Meadows Fire Protection District, Nevada, Capital Improvement Bonds Series 2024, Project Construction and Other Acquisition Account" (the "Acquisition Account") to be held by the District and used to pay the Cost of the Project, including but not limited to, the costs of issuing the Bonds.

Section 402 Moneys for Project. All moneys received and held by the District for the Project from all sources, except for the Rebate Account; but, including, without limitation, the Bond proceeds deposited in the Acquisition Account and any revenues appropriated by the District for the Project shall be deposited in the Acquisition Account and except as herein otherwise expressly provided, shall be used and paid out solely for the purpose of defraying the Cost of the Project, including, without limitation, the costs of issuing the Bonds.

Section 403 Prevention of Bond Default. The Chief Fiscal Officer shall use any Bond proceeds credited to the Acquisition Account without further order or warrant, to pay the Bond Requirements of the Bonds as the same become due whenever and to the extent moneys in the Bond Fund or otherwise available therefor are insufficient for that purpose, unless the Bond proceeds shall be needed to defray obligations accrued and to accrue under any contracts then existing and relating to the Project. The Chief Fiscal Officer shall promptly notify the Chair of any such use. Any moneys so used shall be restored to the Acquisition Account, from the first Pledged Revenues thereafter received and not needed to meet the requirements provided in Sections 503 through 507 hereof.

Section 404 Completion of Project. When any amounts in the Acquisition Account are no longer needed to pay the Cost of the Project, the Chief Fiscal Officer shall cause to be transferred to the Bond Fund all surplus moneys remaining in the Acquisition Account, if any, except for any moneys designated by the Chief Fiscal Officer to be retained to pay any unpaid

accrued costs or contingent obligations and the sums so transferred shall be applied to the payment of the principal and interest due on the Bonds. Nothing herein:

A. Periodic Transfers. Prevents the Chief Fiscal Officer from causing to be transferred from the Acquisition Account to the Bond Fund any moneys which will not be necessary for the Project; nor

B. Limitations upon Transfers. Requires the transfer to the Bond Fund from the Acquisition Account of any moneys in the Acquisition Account derived from a source other than Bond proceeds.

Section 405 Purchaser Not Responsible. The validity of the Bonds shall not be dependent on nor be affected by the validity or regularity of any proceedings relating to the acquisition of the improvements, or any part thereof, or to the completion of the Project. The Purchaser of the Bonds, any associate thereof, and any subsequent owner of any Bonds shall in no manner be responsible for the application or disposal by the District or by any of its officers, agents and employees of the moneys derived from the sale of the Bonds or of any other moneys herein designated.

Section 406 Lien on Bond Proceeds. Until proceeds of the Bonds are applied as hereinabove provided the Bond proceeds shall be subject to a lien thereon and pledge thereof for the benefit of the owners of the Bonds from time to time as provided in Section 501 hereof.

ARTICLE V.

ADMINISTRATION OF AND ACCOUNTING FOR PLEDGED REVENUES

Section 501 Pledge Securing Bonds. Subject only to the right of the District to cause amounts to be withdrawn to pay the Cost of the Project as provided herein, the Pledged Revenues and all moneys and securities paid or to be paid to or held or to be held in any account under this article or under Section 401 hereof, excluding, however, all amounts held in the Rebate Account, are hereby pledged to secure the payment of the Bond Requirements of the Bonds; and this pledge shall be valid and binding from and after the date of the first delivery of any Bonds, and the moneys, as received by the District and hereby pledged, shall immediately be subject to the lien of this pledge without any physical delivery thereof, any filing, or further act, and the lien of this pledge and the obligation to perform the contractual provisions herein made shall have priority over any or all other obligations and liabilities of the District and, except for any additional Parity Securities and any Outstanding securities hereafter authorized the liens of which on the Pledged Revenues are on a parity with the lien thereon of the Bonds and prior to and superior to the lien on the Pledged Revenues of the Subordinate Securities; and the lien of this pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the District (except as herein otherwise provided) irrespective of whether such parties have notice thereof.

There is hereby created the "Truckee Meadows Fire Protection District, Nevada, District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Principal Account," and "Truckee Meadows Fire Protection District, Nevada, District, Nevada, Capital Improvement Revenue Bonds, Series 2024, Interest Account," which are accounts within the Bond Fund and required to be accumulated and maintained in Section 504 hereof which Bond Fund shall be held separate and apart from the Income Fund

Section 502 Income Fund Deposits. So long as any of the Bonds shall be Outstanding, as to any Bond Requirements, the entire Pledged Revenues, upon their receipt from time to time by the District, shall be set aside and credited immediately to a special account continued in the Resolutions authorizing the issuance of the Parity Securities and hereby continued

and designated as the "Truckee Meadows Fire Protection District, Nevada, Consolidated Tax Pledged Revenues Income Fund" (the "Income Fund"). Such Income Fund shall be maintained by the Chief Fiscal Officer separate and apart from all other District funds, including the Bond Fund.

Section 503 Administration of Income Fund. So long as any of the Bonds hereby authorized shall be Outstanding, as to any Bond Requirements, each Fiscal Year the Income Fund shall be administered, and the moneys on deposit therein shall be applied in the following order of priority, all as provided in Sections 504 through 507 hereof.

Section 504 Bond Fund Payments.

A. First, from any moneys in the Income Fund, i.e., from the Pledged Revenues, there shall be credited to any bond fund created to pay the principal of, interest on and prior redemption premiums due on any Parity Securities, including any reserves therefor, issued in accordance with the provisions of this Resolution:

1. Monthly, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next maturing installment of interest on the Bonds and Parity Securities, and monthly thereafter, commencing on each interest payment date, one-sixth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source, to pay the next maturing installment of interest on the Bonds and Parity Securities then outstanding.

2. Monthly, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next installment of principal of the Parity Securities coming due at maturity, and monthly thereafter, commencing on each principal payment date, one-twelfth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source, to pay the next installment of principal of the Bonds and Parity Securities coming due at

maturity, or, if any, an amount sufficient to pay the principal of, interest on and any prior redemption premiums due on the outstanding Bonds and Parity Securities.

B. Second, and contemporaneously with the transfers required by the resolution authorizing the issuance of the 2020 Bond, the 2021 Bond and any bond resolutions authorizing the issuance of Subordinate Securities to be made to the bond funds of any Subordinate Securities hereafter issued, the following transfers shall be credited to the bond funds for such Subordinate Securities:

1. Monthly, commencing on the first of the month following the date of delivery of the Bonds, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next maturing installment of interest on the Subordinate Securities, and monthly thereafter, commencing on each interest payment date, one-sixth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source, to pay the next maturing installment of interest on the Subordinate Securities then Outstanding.

2. Monthly, commencing on the first of the month following the date of delivery of the Subordinate Securities, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next installment of principal of the Subordinate Securities coming due at maturity, and monthly thereafter, commencing on each principal payment date, one-twelfth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source, to pay the next installment of principal of the Subordinate Securities coming due at maturity, or pursuant to Section 303B hereof, if any.

The moneys credited to the Bond Fund shall be used to pay the Bond Requirements of the Bonds as the Bond Requirements become due, including any mandatory sinking fund payments pursuant to Section 303B hereof, if any.

Section 505 Termination of Deposits. No payment need be made into the Bond Fund, or if the amount in the Bond Fund totals a sum at least equal to the entire amount of the Outstanding Bonds as to all Bond Requirements, to their respective maturities, and both accrued and not accrued, in which case moneys in that account in an amount at least equal to such Bond Requirements shall be used solely to pay such Bond Requirements as the same become due; and any moneys in excess thereof in that account and any other moneys derived from the Pledged Revenues shall be applied as hereafter provided.

Section 506 Payment of Additional Securities. Third, and subject to the provisions hereinabove in this Article, but either concurrently with or subsequent to the payments required by Section 504 hereof, as provided in Article VII hereof, any moneys remaining in the Income Fund may be used by the District for the payment of Bond Requirements of additional bonds or other additional securities payable from the Pledged Revenues and hereafter authorized to be issued in accordance with Article VII and any other provisions herein supplemental thereto, including reasonable reserves for such securities, as the same accrue. The lien of such additional bonds or other additional securities on the Pledged Revenues and the pledge thereof for the payment of such additional securities shall be on a parity with or subordinate to the lien and pledge of the Bonds as herein provided. Payments for bond and reserve funds for any Subordinate Securities shall be made concurrently with the payments for Subordinate Securities required by Section 504 hereof. Payments for bond and reserve funds for additional Parity Securities shall be made concurrently with the payments for the Bonds required by Section 504 hereof, but payments for bond and reserve funds for additional Subordinate Securities shall be made after the payments required by Sections 504 and 507 hereof.

Section 507 Payment of Rebate. Fourth, and subject to the provisions hereinabove in this Article and concurrently with the deposits to any rebate accounts for the any Parity Securities required by any bond resolutions authorizing the issuance of such Parity Securities hereafter adopted, there shall be transferred into the "Truckee Meadows Fire Protection

District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2024 Rebate Account" hereby created, after making in full the monthly deposits required by Sections 504 and 506, but prior to the transfer of any Pledged Revenues to the payment of Subordinate Securities, such amounts as are required to be deposited therein to meet the District's obligations under the covenant contained in Section 817 hereof, in accordance with Section 148(f) of the Tax Code. Amounts in the Rebate Account shall be used for the purpose of making the payments to the United States required by such covenant and Section 148(f) of the Tax Code. Any amounts in the Rebate Account in excess of those required to be on deposit therein by Section 817 hereof and Section 148(f) of the Tax Code may be withdrawn therefrom and used for any lawful purpose.

Section 508 Use of Remaining Revenues. After the payments hereinabove required to be made in this Article V are made, any remaining Pledged Revenues in the Income Fund may be used at any time during any Fiscal Year whenever in the Fiscal Year there shall have been credited to the Bond Fund, to the Rebate Account, and to each other bond fund, rebate account and reserve fund, if any, for the payment of any other securities payable from the Pledged Revenues, all amounts required to be deposited in those special accounts for such portion of the Fiscal Year, as hereinabove provided in this Article, for any one or any combination of lawful purposes, or otherwise, as the District Chief Fiscal Officer may from time to time determine.

ARTICLE VI.

GENERAL ADMINISTRATION

Section 601 Administration of Accounts. The special accounts designated in Articles IV and V hereof be administered as provided in this Article.

Section 602 Places and Times of Deposits. Each of the special accounts hereinabove designated in Articles IV and V hereof shall be maintained as an account for accounting purposes and kept separate from all other accounts as a trust account solely for the purposes herein designated therefor, and the moneys accounted for in such special accounts shall be deposited in one bank account or more in a Trust Bank or Trust Banks as determined and designated by the District (except as otherwise expressly stated herein). Nothing herein prevents the commingling of moneys accounted for in any two or more book accounts relating to the Project or any other District accounts in any bank account or any investment in securities hereunder. Each bank account shall be continuously secured to the fullest extent required or permitted by the laws of the State for the securing of public funds and shall be irrevocable and not withdrawable by anyone for any purpose other than the respective designated purposes. Each periodic payment shall be credited to the proper book account not later than the date therefor herein designated, except that when any such date shall be a Saturday, a Sunday or a legal holiday, then the payment shall be made on or before the next preceding secular day. Notwithstanding any other provision herein to the contrary, moneys sufficient to pay the Bond Requirements then coming due on the Outstanding Bonds shall be deposited with the Paying Agent at least on the day of each interest payment date herein designated and, in any event, in sufficient time to make timely payment of such Bond Requirements.

Section 603 Investment of Moneys. Any moneys in any account designated in Articles IV and V hereof and not needed for immediate use, may be invested or reinvested by the Chief Fiscal Officer in any investments permitted under the laws of the State. For the purpose of any such investment or reinvestment, the securities shall be deemed to mature at the earliest date on which the obligor is, on demand, obligated to pay a fixed sum in discharge of the whole of such obligations.

Section 604 Permissive Investments. The Chief Fiscal Officer may invest or reinvest any moneys on hand at any time as provided in Section 603 hereof even though such officer is not obligated to do so.

Section 605 Accounting for Investments. The securities purchased as an investment or reinvestment of moneys in any such account shall be deemed at all times to be a part of the account and held in trust therefor. Except as herein otherwise provided, any interest or other gain in any account resulting from any such investments and reinvestments in securities and from any deposits of moneys in any Trust Bank pursuant to this Article shall be credited to that Fund, and any loss in any account resulting from any such investments and reinvestments in securities and from any such deposits in any Trust Bank shall be charged or debited to that Fund. No loss or profit in any account on any investments or reinvestments in securities or any certificates of deposit shall be deemed to take place as a result of fluctuations in the market quotations of the investments, reinvestments or certificates before the sale or maturity thereof. In the computation of the amount in any account for any purpose hereunder, except as herein otherwise expressly provided, securities and certificates of deposit shall be valued at the cost thereof (including any amount paid as accrued interest at the time of purchase of the obligation) and other bank deposits shall be valued at the amounts deposited, exclusive of any accrued interest or any other gain to the District until such gain is realized. The expenses of purchase, safekeeping, sale and all other expenses incident to any investment or reinvestment of moneys pursuant to this Article shall be accounted for as an expense of the Project and charged to the Acquisition Account.

Section 606 Redemption or Sale of Investment Securities. The Chief Fiscal Officer having jurisdiction over moneys designated herein shall present for redemption at maturity or sale on the prevailing market at the best price obtainable any securities and certificates of deposit so purchased as an investment or reinvestment of moneys in any account whenever it shall be necessary to do so in order to provide moneys to meet any withdrawal, payment or transfer from such account. The Chief Fiscal Officer and each other officer of the District shall not be liable or responsible for any loss resulting from any such investment or reinvestment made in accordance with this Resolution.

Section 607 Character of Funds. The moneys in any account herein authorized shall consist either of lawful money of the United States or permitted securities, or both. Moneys deposited in a demand or time deposit account in or evidenced by a certificate of deposit of any Trust Bank pursuant to Section 703 hereof, appropriately secured according to the laws of the State, shall be deemed lawful money of the United States.

Section 608 No Accelerated Payments. Nothing contained in Article V hereof prevents the accumulation in any account herein designated of any monetary requirements at a faster rate than the rate or minimum rate provided in Article V therefor, as the case may be; but no payment shall be so accelerated if such acceleration shall cause the District to default in the payment of any obligation of the District relating to the Pledged Revenues or the Project. Nothing contained herein, in connection with the Pledged Revenues received in any Fiscal Year, requires the accumulation in any account for the payment in the Comparable Bond Year of Bond Requirements due in connection with any series of bonds or other securities payable from the Pledged Revenues and heretofore, herein or hereafter authorized, in excess of the Bond Requirements due in the Comparable Bond Year, and of any reserves required to be accumulated and maintained therefor, and of any existing deficiencies, and payable from such account, as the case may be, except as may be otherwise provided in Section 604 or elsewhere herein.

Section 609 Payment of Securities Requirements. The moneys credited to any account designated in Article V hereof for the payment of the Bond Requirements due in connection with any series of bonds or other securities payable from the Pledged Revenues and heretofore, herein or hereafter authorized shall be used, without requisition, voucher, warrant or further order or authority (other than is contained herein), or any other preliminaries, to pay promptly the Bond Requirements payable from such account as such bonds or other securities become due, upon the respective interest payment dates and Redemption Dates, if any, on which the District is obligated to pay the bonds or other securities, or upon the respective interest payment and maturity dates of such bonds or other securities, as provided therefor herein or otherwise, except to the extent any other moneys are available therefor, including, without limitation, moneys accounted for in the Bond Fund.

Section 610 Payment of Redemption Premiums. Notwithstanding any other provision herein, this Resolution requires the accumulation in any account designated in Article VI hereof for the payment of any series of bonds or other securities payable from the Pledged Revenues of amounts sufficient to pay not only the principal thereof and interest thereon payable from such account but also the prior redemption premiums due in connection therewith, if any, as the same become due, whenever the District shall have exercised or shall have obligated itself to exercise a prior redemption option relating thereto, except to the extent provision is otherwise made therefor, if any prior redemption premium is due in connection therewith. In that event moneys shall be deposited into such account in due season for the payment of all such Bond Requirements without default as the same become due.

ARTICLE VII.

SECURITIES LIENS AND ADDITIONAL SECURITIES

Section 701 Lien of the Bonds on Pledged Revenues. The Bonds authorized herein constitute an irrevocable lien (but not necessarily an exclusive lien) upon the Pledged Revenues on a parity with the lien of the Parity Securities and prior to and before the liens upon such Pledged Revenues of any Subordinate Securities, including the 2020 Bond and the 2021 Bonds.

Section 702 Equality of Bonds. The Bonds and any Parity Securities hereafter authorized to be issued and from time to time Outstanding are equally and ratably secured by a lien on the Pledged Revenues and shall not be entitled to any priority one over the other in the application of the Pledged Revenues, regardless of the time or times of the issuance of the Bonds and the Parity Securities, it being the intention of the District that there shall be no priority among the Bonds and any such Parity Securities, regardless of the fact that they may be actually issued and delivered at different times.

Section 703 Issuance of Parity Securities. Nothing herein, subject to the limitations stated in Sections 711 and 712 hereof, prevents the issuance by the District of additional bonds or other additional securities payable from the Pledged Revenues and constituting a lien thereon on a parity with, the lien thereon of the Bonds, nor prevents the issuance of bonds or other securities refunding all or a part of the Bonds (or funding or refunding any other than Outstanding securities payable from Pledged Revenues), except as provided in Sections 707 through 712 hereof; but before any such additional Parity Securities are authorized or actually issued (excluding any parity refunding securities other than any securities refunding Subordinate Securities, as permitted in Section 710C hereof):

A. Absence of Default. At the time of the adoption of the supplemental instrument authorizing the issuance of the additional securities, the District shall not be in default in making any payments required by Sections 504, 506 or 507 hereof with respect to any Parity Securities.

B. Earnings Test. Except as hereinafter otherwise provided: (1) the Pledged Revenues derived in the Fiscal Year immediately preceding the date of the issuance of the additional Parity Securities shall have been at least sufficient to pay an amount equal to 150% of the combined maximum annual principal and interest requirements (to be paid during any one Bond Year, commencing with the Bond Year in which the additional Parity Securities are issued and ending on the last Bond Year in which any then Outstanding Bonds mature) of the Outstanding Bonds and any other Outstanding Parity Securities of the District and the bonds or other securities proposed to be issued (excluding the reserves therefor); or, (2) the Pledged Revenues estimated by the Chief Fiscal Officer, the District Fire Chief, independent feasibility consultant or an Independent Accountant to be derived in the first five Fiscal Years immediately succeeding the issuance of the other additional Parity Securities proposed to be issued, shall be at least equal to 150% of such combined maximum annual principal and interest requirements of the Bonds and any other Outstanding Parity Securities of the District and the bonds or other securities proposed to be issued (excluding the reserves therefor) to be paid during such Comparable Bond Year.

C. Adjustment of Pledged Revenues. In any computation of such earnings test as to whether or not additional Parity Securities may be issued as provided in subsection B of this Section, the amount of the Pledged Revenues for the next preceding Fiscal Year shall be decreased and may be increased by the amount of any loss or gain conservatively estimated by the Chief Fiscal Officer, the District Fire Chief, independent feasibility consultant or Independent Accountant making the computations under this Section, which loss or gain results from any change in the rate of the imposition of that part of the Consolidated Tax constituting a part of the Pledged Revenues which change took effect during the next preceding Fiscal Year or thereafter prior to the issuance of such Parity Securities, as if such modified rate shall have been in effect during the entire next preceding Fiscal Year, if such change shall have been made by the District before the computation of the

designated earnings test but made in the same Fiscal Year as the computation is made or in the next preceding Fiscal Year.

Section 704 Certification of Revenues. A written certification or written opinion by the Chief Fiscal Officer, the District Fire Chief, an independent feasibility consultant or an Independent Accountant, based upon estimates thereby as provided in Sections 703B and 703C hereof, that the annual revenues when adjusted as hereinabove provided in Section 703C hereof, are sufficient to pay such amounts as provided in Section 703B hereof, shall be conclusively presumed to be accurate in determining the right of the District to authorize, issue, sell and deliver additional Parity Securities with a lien on Pledged Revenues on a parity with the Bonds and any additional Parity Securities.

Section 705 Subordinate Securities Permitted. Subject to the limitations stated in Sections 711 and 712 hereof, the District may issue Subordinate Securities payable from the Pledged Revenues having a lien thereon subordinate, inferior and junior to the lien thereon of the Bonds and any additional Parity Securities.

Section 706 Superior Securities Not Permitted. District may not issue superior securities secured by and payable from the Pledged Revenues having a lien thereon prior and superior to the lien thereon of the Bonds and any additional Parity Securities.

Section 707 Issuance of Refunding Securities. At any time after the Bonds, or any part thereof, are issued and remain Outstanding, if the District shall find it desirable to refund any Outstanding Bonds or other Outstanding securities payable from and constituting a lien upon any Pledged Revenues, such Bonds or other securities, or any part thereof, may be refunded only if the Bonds or other securities at the time or times of their required surrender for payment shall then mature or shall be then callable for prior redemption for the purpose of refunding them at the District's option upon proper call, unless the owner or owners of all such Outstanding Bonds or other securities consent to such surrender and payment, regardless of whether the priority of the lien for the payment of the refunding securities on the Pledged Revenues is changed (except as provided in Sections 706 and 708 through 712 hereof).

Section 708 Partial Refundings. The refunding bonds or other refunding securities so issued, unless issued as Subordinate Securities, shall enjoy complete equality of lien with the portion of any securities of the same issue which is not refunded, if there is any; and the owner or owners of the refunding securities shall be subrogated to all of the rights and privileges enjoyed by the owner or owners of the unrefunded securities of the same issue partially refunded by the refunding securities.

Section 709 Limitations Upon Refundings. Any refunding bonds or other refunding securities payable from any Pledged Revenues shall be issued with such details as the District may by instrument provide, subject to the provisions of Sections 711 and 712 hereof, and subject to the inclusion of any such rights and privileges designated in Section 708 hereof, but without any impairment of any contractual obligation imposed upon the District by any proceedings authorizing the issuance of any unrefunded portion of the Outstanding securities of any one or more issues (including, without limitation, the Bonds).

Section 710 Protection of Securities Not Refunded. If only a part of the Outstanding Bonds and other Outstanding securities of any issue or issues payable from the Pledged Revenues is refunded, then such securities may not be refunded without the consent of the owner or owners of the unrefunded portion of such securities:

A. Requirements Not Increased. Unless the refunding securities do not increase for any Bond Year the annual principal and interest requirements evidenced by the refunding securities and by the Outstanding securities not refunded on and before the last maturity date or last Redemption Date, if any, whichever is later, if any, of the unrefunded securities, and unless the lien of any refunding bonds or other refunding securities on the Pledged Revenues is not raised to a higher priority than the lien thereon of the bonds or other securities thereby refunded; or

B. Subordinate Lien. Unless the lien on any Pledged Revenues for the payment of the refunding securities is subordinate to each such lien for the payment of any securities not refunded; or

C. Default and Earnings Test. Unless the refunding bonds or other refunding securities are issued in compliance with Section 703 hereof (including subsections A through C thereof) and Section 704 hereof.

Section 711 Payment Dates of Additional Securities. Any additional parity or subordinate bonds or other additional Parity or Subordinate Securities (including, without limitation, any funding or refunding securities) issued in compliance with the terms hereof shall bear interest payable at the times and shall mature on the dates designated by the District in the supplemental Resolution authorizing such securities as provided in Section 712 hereof.

Section 712 Supplemental Resolution. Additional bonds or other additional securities payable from the Pledged Revenues shall be issued only after authorization thereof by a supplemental instrument of the District stating the purpose or purposes of the issuance of the additional bonds or other additional securities, directing the application of the proceeds thereof to such purpose or purposes, directing the execution thereof, and fixing and determining the date, principal amount, maturity or maturities, designation and numbers thereof, the maximum rate or rates of interest to be borne thereby, any prior redemption privileges of the District with respect thereto and other provisions thereof not in conflict with this Resolution. All additional bonds or other additional securities shall bear such date, shall bear such numbers and series designation, letters or symbols prefixed to their numbers distinguishing them from each other security, shall be payable at such place or places at such times, may be subject to redemption prior to maturity on such terms and conditions, and shall bear interest at such rate or at such different and varying rates per annum, as may be fixed by instrument or other document of the District.

ARTICLE VIII.

MISCELLANEOUS PROTECTIVE COVENANTS

Section 801 General. The District hereby particularly covenants and agrees with the owners of the Bonds and makes provisions which shall be a part of its contract with such owners to the effect and with the purposes set forth in the following provisions and sections of this article.

Section 802 Performance of Duties. The District shall faithfully and punctually perform or cause to be performed all duties with respect to the Pledged Revenues and the Project required by the Constitution and laws of the State and the various resolutions, Resolutions and other instruments of the District, including, without limitation, the proper segregation of the proceeds of the Bonds and the Pledged Revenues and their application from time to time to the respective accounts provided therefor.

Section 803 Further Assurances. At any and all times the District, except when otherwise required by law, shall, so far as it may be authorized by law, pass, make, do, execute, acknowledge, deliver and file or record all and every such further instruments, acts, deeds, conveyances, assignments, transfers, other documents and assurances as may be necessary or desirable for the better assuring, conveying, granting, assigning and confirming all and singular the rights, the Pledged Revenues, and other moneys and accounts hereby pledged or assigned, or which the District may hereafter become bound to pledge or to assign, or as may be reasonable and required to carry out the purposes of this Resolution and to comply with the Project Act, the Bond Act and all laws supplemental thereto. The District shall at all times, to the extent permitted by law, defend, preserve and protect the pledge of the Pledged Revenues and other moneys and accounts pledged hereunder and all the rights of every owner of any Bonds against all claims and demands of all Persons whomsoever.

Section 804 Conditions Precedent. Upon the date of issuance of any Bonds, all conditions, acts and things required by the Constitution or statutes of the State, including without limitation, the Project Act, the Consolidated Tax Act and the Bond Act, or this Resolution, to exist, to have happened, and to have been performed precedent to or in the issuance of the Bonds shall

exist, have happened, and have been performed; and the Bonds, together with all other obligations of the District, shall not contravene any debt or other limitation prescribed by the State Constitution or statutes.

Section 805 Covenant to Perform. The District shall observe and perform all of the terms and conditions contained in this Resolution and the Project Act, the Bond Act and all laws supplemental thereto and shall comply with all valid acts, rules, regulations, orders and directives of any legislative, executive, administrative of judicial body applicable to the Project, to any such other facilities, or to the District.

Section 806 Protective Security. The District and the officers, agents and employees of the District shall not take any action in such manner or to such extent as might prejudice the security for the payment of the Bond Requirements of the Bonds and any other securities payable from the Pledged Revenues according to the terms thereof. No contract shall be entered into nor any other action taken by which the rights of any owner of any Bond or other security payable from the Pledged Revenues might be prejudicially and materially impaired or diminished.

Section 807 Accumulation of Interest Claims. In order to prevent any accumulation of coupons or claims for interest after maturity, the District shall not directly or indirectly extend or assent to the extension of the time for the payment of any coupon or claim for interest on any of the Bonds or any other securities payable from the Pledged Revenues; and the District shall not directly or indirectly be a party to or approve any arrangements for any such extension or for the purpose of keeping alive any of such coupons or other claims for interest. If the time for the payment of any such coupons or of any other such installment of interest shall be extended in contravention of the foregoing provisions, such coupon or installment or installments of interest after such extension or arrangement shall not be entitled in case of default hereunder to the benefit or the security of this Resolution, except upon the prior payment in full of the principal of all Bonds and any such other securities then Outstanding and of all matured interest on such securities the payment of which has not been extended.

Section 808 Prompt Payment of Bonds. The District shall promptly pay the Bond Requirements of every Bond issued hereunder and secured hereby at the places, on the dates,

and in the manner specified herein and in the Bonds according to the true intent and meaning hereof.

Section 809 Use of Bond Fund. The Bond Fund shall be used solely, and the moneys credited to such account are hereby pledged, for the purpose of paying the Bond Requirements of the Bonds, subject to the provisions concerning surplus moneys in Sections 505, 508 and 901 hereof.

Section 810 Additional Securities. Any other securities hereafter authorized to be issued and payable from the Pledged Revenues shall not hereafter be issued, unless the additional securities are also issued in conformance with the provisions of Articles V and VII hereof.

Section 811 Other Liens. Other than as provided herein, there are no liens or encumbrances of any nature whatsoever on or against the Project, or any part thereof, or on or against the Pledged Revenues derived or to be derived.

Section 812 Corporate Existence. The District shall maintain its corporate identity and existence so long as any of the Bonds remain Outstanding, unless another body corporate and politic by operation of law succeeds to the powers, privileges, rights, liabilities, disabilities, duties and immunities of the District and is obligated by law to fix and collect the Pledged Revenues as herein provided without adversely affecting to any substantial degree at any time the privileges and rights of any owner of any Outstanding Bond.

Section 813 Collection of Pledged Revenues. The Pledged Revenues distributed to the District shall be used for the payment of the Bond Requirements of all securities payable from the Pledged Revenues, including reasonable reserves therefor, as herein provided and the payment of expenses of the Project in each Fiscal Year and any amounts required to meet then existing deficiencies relating to any account relating to the Pledged Revenues or any securities payable therefrom.

Section 814 Records. So long as any of the Bonds and any other securities payable from the Pledged Revenues remain Outstanding, proper records shall be kept by the

District, separate and apart from all other records and accounts, showing complete and correct entries of all transactions relating to the Pledged Revenues.

Section 815 Rights Concerning Records of Pledged Revenues. Any owner of any of the Bonds or any other securities payable from the Pledged Revenues, or any duly authorized agent or agents of such owner, shall have the right at all reasonable times to inspect all records, accounts and data relating thereto, concerning the Pledged Revenues and to make copies of such records, accounts and data.

Section 816 Completion of Project. The District, with the proceeds derived from the sale of the Bonds and any other available moneys, shall proceed to cause the Project to be completed without delay to the best of the District's ability and with due diligence, as herein provided.

Section 817 Tax Covenant. If set forth in the Financing Agreement, the District covenants for the benefit of the Owners of the Bonds that it will not take any action or omit to take any action with respect to the Bonds, the proceeds thereof, any other funds of the District or any facilities financed with the proceeds of the Bonds if such action or omission (i) would cause the interest on the Bonds to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Tax Code, or (ii) would cause interest on the Bonds to lose its exclusion from alternative minimum taxable income as defined in Section 55(b) of the Tax Code except to the extent such interest is required to be included in the adjusted current earnings adjustment applicable to corporations under Section 56 of the Tax Code in calculating corporate alternative minimum taxable income. The foregoing covenant shall remain in full force and effect notwithstanding the payment in full or defeasance of the Bonds until the date on which all obligations of the Issuer in fulfilling the above covenant under the Tax Code have been met. The District makes no covenant with respect to taxation of interest on the Bonds as a result of the inclusion of that interest in the "adjusted financial statement income" of "applicable corporations" (as defined in Sections 56A and 59(k), respectively, of the Tax Code). The District hereby declares its intent to reimburse the costs of the Project out of the Bonds. This is a declaration of official intent under Section 1.150-2 of the Treasury Regulations promulgated under the Tax Code. The Board hereby determines and declares that: the District intends to incur expenditures with respect

to the Project prior to the issuance of the Bonds and to reimburse those expenditures from the issuance of the Bonds; and the payment of costs related to the Project and the reimbursement of such costs from the proceeds of the Bonds is consistent with the District's budgetary and financial circumstances as of the date of this Resolution. The District does not currently have moneys which are, nor does the District reasonably expect moneys to be, allocated on a long-term basis, reserved or otherwise available pursuant to the District's budget to pay the expenditures which the District intends to reimburse; and the maximum principal amount of the Bonds expected to be issued for the Project is $5,252,000.

ARTICLE IX.

MISCELLANEOUS

Section 901 Defeasance. When all Bond Requirements of any Bond have been duly paid, the pledge and lien and all obligations hereunder as to that Bond shall thereby be discharged and the Bonds shall no longer be deemed to be Outstanding within the meaning of this Resolution. There shall be deemed to be due payment of any Outstanding Bond or other security when the District has placed in escrow or in trust with a Trust Bank located within or without the State, an amount sufficient (including the known minimum yield available for such purpose from Federal Securities in which such amount wholly or in part may be initially invested) to meet all Bond Requirements of the Bond or other security, as the same become due to the final maturity of the Bond or other security, or upon any Redemption Date as of which the District shall have exercised or shall have obligated itself to exercise its prior redemption option by a call of the Bond or other security for payment then. The Federal Securities shall become due before the respective times on which the proceeds thereof shall be needed, in accordance with a schedule established and agreed upon between the District and the bank at the time of the creation of the escrow or trust, or the Federal Securities shall be subject to redemption at the option of the owners thereof to assure availability as so needed to meet the schedule. For the purpose of this section "Federal Securities" shall include only Federal Securities which are not callable for redemption prior to their maturities except at the option of the owner thereof.

Section 902 Delegated Powers. The Chair of the Board, the Clerk and Treasurer of the District, and other officers and agents of the District hereby are authorized and directed to take all action necessary or appropriate to effectuate the provisions of this Resolution, including, without limitation:

A. Printing Bonds. The printing of the Bonds, including, without limitation, the printing on each Bond, if requested by the Purchaser, a statement of insurance, if applicable, pertaining to the Bonds; and

B. Final Certificates. The execution of such certificates electronically or otherwise as may be reasonably required by the Purchaser, relating, inter alia, to:

(1) The tenure and identity of the officials of the District,

(2) The delivery of the Bonds and the receipt of the bond purchase price,

(3) The assessed valuation of the taxable property in and the indebtedness of the District,

(4) The exclusion of the interest on the Bonds from gross income for federal income tax purposes, if applicable, and

(5) If it is in accordance with fact, the absence of litigation, pending or threatened, affecting the validity therefor.

C. Financing Agreements. The execution by the District Chief Fiscal Officer, or in such officer's absence, the Fire Chief electronically or otherwise of the Financing Agreement.

Section 903 Statute of Limitations. No action or suit based upon the Bonds or other obligation of the District shall be commenced after it is barred by any statute of limitations relating thereto. Any trust or fiduciary relationship between the District and the owner of any Bonds or other obligee regarding any such other obligation shall be conclusively presumed to have been repudiated on the maturity date or other due date thereof unless the Bonds are presented for payment or demand for payment of any such other obligation is otherwise made before the expiration of the applicable limitation period. Any moneys from whatever source derived remaining in any account reserved, pledged or otherwise held for the payment of any such obligation, action or suit for the collection of which has been barred, shall revert to the Income Fund, unless the District shall otherwise provide by instrument of the District. Nothing herein prevents the payment of any such obligation after any action or suit for its collection has been barred if the District deems it in the best interests of the public to do so and orders such payment to be made.

Section 904 Evidence of Ownership. Any request, consent or other instrument which this Resolution may require or may permit to be signed and to be executed by the owner of any Bonds or other securities may be in one or more instruments of similar tenor and shall be signed or shall be executed by each such owner in person or by his or her attorney appointed in

writing. Proof of the execution of any such instrument or of an instrument appointing any such attorney, or the holding by any Person of the securities, shall be sufficient for any purpose of this Resolution (except as otherwise herein expressly provided) if made in the following manner, but the District may, nevertheless, in its discretion require further or other proof in cases when it deems the same desirable:

A. Proof of Execution. The fact and the date of the execution by any owner of any Bonds or other securities or his or her attorney of such instrument may be provided by the certificate, which need not be acknowledged or verified, of an officer of a bank or trust company satisfactory to the Paying Agent and Registrar or of and notary public or other officer authorized to take acknowledgments of deeds to be recorded in the state in which he purports to act, that the individual signing such request or other instrument acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before the notary public or other officer; the authority of the individual or individuals executing any such instrument on behalf of a corporate owner of any securities may be established without further proof if the instrument is signed by an individual purporting to be the Chair or a vice Chair of the corporation with a corporate seal affixed and attested by an individual purporting to be its Clerk or an assistant Clerk; and the authority of any Person or Persons executing any such instrument in any fiduciary or representative capacity may be established without further proof if the instrument is signed by a Person or Persons purporting to act in such fiduciary or representative capacity; and

B. Proof of Ownership. The ownership of any of the Bonds or other securities held by any Persons executing any instrument as a holder of securities, and the numbers, date and other identification thereof, together with the date of his or her holding the securities, shall be proved by the registration records at the District kept by the Registrar.

Section 905 Warranty upon Issuance of Bonds. Any Bonds authorized as herein provided, when duly executed and delivered for the purpose provided for in this Resolution shall

constitute a warranty by and on behalf of the District for the benefit of each and every future holder of any of the Bonds that the Bonds have been issued for a valuable consideration in full conformity with law.

Section 906 Immunities of Purchaser. The Purchaser and any associate thereof are under no obligation to any holder of the Bonds for any action that they may or may not take or in respect of anything that they may or may not do by reason of any information contained in any reports or other documents received by them under the provisions of this Resolution. The immunities and exemptions from liability of the Purchaser and any associate thereof hereunder extend to their partners, directors, successors, employees and agents.

Section 907 Police Power. Nothing herein prohibits or otherwise limits or inhibits the exercise by the Federal Government, the State, any agency thereof or any public body thereof, including, without limitation, the District, of the police power, i.e., essential governmental powers for the public welfare. The provisions hereof are subject to any proper exercise hereafter of the police power thereby. The District cannot contract away the police power thereof nor limit or inhibit by contract the proper exercise of the police power thereby, and this Resolution does not purport to do so.

Section 908 Replacement of Registrar or Paying Agent. If the Registrar or Paying Agent so appointed shall resign, or if the District shall determine to replace the Registrar or Paying Agent, the Chief Fiscal Officer may, upon notice sent to each owner of any Bond at such owner's address last shown on the registration records, appoint a successor Registrar or Paying Agent or both. Every such successor Registrar or Paying Agent shall be an officer or employee of the District or a Trust Bank. It shall not be required that the same institution serve as both Registrar and Paying Agent hereunder, but the District shall have the right to have the same institution serve as both Registrar and Paying Agent hereunder. No resignation or dismissal of the Registrar or the Paying Agent may take effect until a successor is appointed.

Any corporation or association into which the Registrar or Paying Agent may be converted or merged, or with which they may be consolidated, or to which they may sell or transfer their corporate trust business and assets as a whole or substantially as a whole, or any corporation or association resulting from any such conversion, sale, merger, consolidation or transfer, to which

they are a party, shall be and become the successor Registrar or Paying Agent under this Resolution, without the execution or filing of any instrument or any further act, deed, or conveyance on the part of any of the parties hereto, anything in this Resolution to the contrary notwithstanding.

ARTICLE X.

PRIVILEGES, RIGHTS AND REMEDIES

Section 1001 Bondowner's Remedies. Each owner of any Bond issued hereunder shall be entitled to all of the privileges, rights and remedies provided or permitted in the Project Act and the Bond Act, and as otherwise provided or permitted by law or in equity or by other statutes, except as provided in Sections 207 through 211 hereof, but subject to the provisions herein concerning the pledge of and the covenants and the other contractual provisions concerning the Pledged Revenues and the proceeds of the Bonds.

Section 1002 Right to Enforce Payment. Nothing in this article affects or impairs the right of any owner of any Bond to enforce the payment of the Bond Requirements due in connection with his Bond or the obligation of the District to pay the Bond Requirements of each Bond to the owner thereof at the time and the place expressed in the Bond.

Section 1003 Events of Default. Each of the following events is hereby declared an "event of default":

A. Nonpayment of Principal and Premium. Payment of the principal of any of the Bonds, or any prior redemption premium due in connection therewith, or both, is not made when the same becomes due and payable, at maturity, on the mandatory redemption dates specified in Section 303B hereof, or by proceedings for optional prior redemption, or otherwise;

B. Nonpayment of Interest. Payment of any installment of interest on the Bonds is not made when the same becomes due and payable;

C. Incapable to Perform. The District for any reason is rendered incapable of fulfilling its obligations hereunder;

D. Nonperformance of Duties. The District fails to carry out and to perform (or in good faith to begin the performance of) all acts and things lawfully required to be carried out or to be performed by it under any contract relating to the Pledged Revenues, or otherwise, including, without limitation, this Resolution, and

such failure continues for 60 days after receipt of notice from the owners of 10% in principal amount of the Bonds then Outstanding;

E. Appointment of Receiver. An order or decree is entered by a court of competent jurisdiction with the consent or acquiescence of the District appointing a receiver or receivers for the Pledged Revenues and any other moneys subject to the lien to secure the payment of the Bonds, or if an order or decree having been entered without the consent or acquiescence of the District is not vacated or discharged or stayed on appeal within 60 days after entry; and

F. Default of Any Provision. The District makes any default in the due and punctual performance of any other of the representations, covenants, conditions, agreements and other provisions contained in the Bonds or in this Resolution on its part to be performed, and if the default continues for 60 days after written notice specifying the default and requiring the same to be remedied is given to the District by the owners of 10% in principal amount of the Bonds then Outstanding.

Section 1004 Remedies for Default. Upon the happening and continuance of any of the events of default, as provided in Section 1003 hereof, then and in every case the owner or owners of not less than 10% in principal amount of the Bonds then Outstanding, including, without limitation, a trustee or trustees therefor, may proceed against the District and its agents, officers and employees to protect and to enforce the rights of any owner of Bonds under this Resolution by mandamus or by other suit, action or special proceedings in equity or at law, in any court of competent jurisdiction, either for the appointment of a receiver or for the specific performance of any covenant or agreement contained herein or in an award of execution of any power herein granted for the enforcement of any proper, legal or equitable remedy as the owner or owners may deem most effectual to protect and to enforce the rights aforesaid, or thereby to enjoin any act or thing which may be unlawful or in violation of any right of any owner of any Bond, or to require the District to act as it if were the trustee of an express trust, or any combination of such remedies. All proceedings at law or in equity shall be instituted, had and maintained for the equal benefit of all owners of the Bonds and any Parity Securities then Outstanding.

Section 1005 Receiver's Rights and Privileges. Any receiver appointed in any proceedings to protect the rights of owners hereunder, the consent to any such appointment being hereby expressly granted by the District, receive and apply all Pledged Revenues arising after the appointment of the receiver in the same manner as the District itself might do.

Section 1006 Rights and Privileges Cumulative. The failure of any owner of any Outstanding bond to proceed in any manner herein provided shall not relieve the District or any officers, agents or employees thereof of any liability for failure to perform or carry out any duty, obligation or other commitment. Each right or privilege of any owner (or trustee thereof) is in addition and is cumulative to any other right or privilege, and the exercise of any right or privilege by or on behalf of any owner shall not be deemed a waiver of any other right or privilege thereof.

Section 1007 Duties upon Defaults. Upon the happening of any of the events of default as provided in Section 1003 hereof, the District, in addition, shall do and perform all proper acts on behalf of and for the owners of the Bonds to protect and to preserve the security created for the payment of their Bonds and to insure the payment of the Bond Requirements promptly as the same become due. During any period of default, so long as any of the Bonds issued hereunder, as to any Bond Requirements, are Outstanding, except to the extent it may be unlawful to do so, all Pledged Revenues shall be paid into the Bond Fund, or, in the event of securities heretofore and hereafter issued and Outstanding during that period of time on a parity with the Bonds, shall be paid into the bond accounts for all Parity Securities on an equitable and prorated basis, and used for the purposes therein provided. If the District fails or refuses to proceed as in this Section provided, the owner or owners of not less than 10% in principal amount of the Bonds then Outstanding, after demand in writing, may proceed to protect and to enforce the rights of the owners of the Bonds as hereinabove provided; and to that end any such owners of Outstanding Bonds shall be subrogated to all rights of the District under any agreement, lease or other contract the Pledged Revenues entered into before the effective date of this Resolution or thereafter while any of the Bonds are Outstanding.

Section 1008 Prejudicial Action Unnecessary. Nothing in this article requires the District to proceed as provided therein if the District determines in good faith and without any gross abuse of its discretion that if the District so proceeds it is more likely than not to have an

adverse effect on the Outstanding Bonds, the owners thereof, the Pledged Revenues or any Outstanding Parity Securities, or the action is otherwise likely to affect materially and prejudicially the owners of the Outstanding Bonds and any Outstanding Parity Securities.

ARTICLE XI.

AMENDMENT OF RESOLUTION

Section 1101 Privilege of Amendments. This Resolution may be amended by the District in accordance with the laws of the State, without receipt by the District of any additional consideration, and without the consent of or notice to the holders of the Bonds, for the purpose of curing any ambiguity or formal defect or omission herein or for any reason which does not materially adversely affect the interests of the owners of the Bonds. This Resolution may be amended or supplemented by instruments adopted by the District in accordance with the laws of the State, without receipt by the District of any additional consideration, but with the written consent of the insurer of the Bonds, if any, or the owners of a majority in aggregate principal amount of the Bonds authorized by this Resolution and Outstanding at the time of the adoption of the amendatory or supplemental instrument, excluding, pursuant to paragraph (4) of Section 102B hereof, any Bonds which may then be held or owned for the account of the District, but including such refunding securities as may be issued for the purpose of refunding any of the Bonds if the refunding securities are not owned by the District.

Section 1102 Limitations upon Amendments. No such instrument shall permit without the written consent of the insurer of the Bonds, if any, and all owners of the Bonds adversely and materially affected thereby:

A. Changing Payment. A change in the maturity or in the terms of redemption of the principal of any Outstanding Bond or any installment of interest thereon; or

B. Reducing Return. A reduction in the principal amount of any Bond, the rate of interest thereon, or any prior redemption premium payable in connection therewith; or

C. Modifying any Bond. A reduction of the percentages or otherwise affecting the description of Bonds the consent of the owners of which is required for any modification or amendment; or

D. Priorities between Bonds. The establishment of priorities as between Bonds issued and Outstanding under the provisions of this Resolution; or

E. Partial Modification. The modifications of or otherwise materially and prejudicially affecting the rights or privileges of the owners of less than all of the Bonds then Outstanding.

Section 1103 Notice of Amendment. Whenever the District proposes to amend or modify this Resolution under the provisions of this Article, it shall cause notice of the proposed amendment to be given not later than 30 days prior to the date of the proposed enactment of the amendment by sending electronically or otherwise to each:

(1) The Paying Agent,

(2) The Registrar, and

(3) The owner of each of the Bonds Outstanding.

The notice shall briefly set forth the nature of the proposed amendment and shall state that a copy of the proposed amendatory instrument is on file in the office of the Clerk for public inspection.

Section 1104 Time for Amendment. Whenever at any time within one year from the date of such notice was sent, there shall be filed in the office of the Clerk an instrument or instruments executed by the insurer of the Bonds, if any, or the owners of at least a majority in aggregate principal amount of the Bonds then Outstanding, which instrument or instruments shall refer to the proposed amendatory instrument described in the notice and shall specifically consent to and approve the adoption of the instrument, thereupon, but not otherwise, the District may adopt the amendatory instrument and the instrument shall become effective.

Section 1105 Binding Consent to Amendment. If the insurer of the Bonds, if any, or the owners of at least a majority in aggregate principal amount of the Bonds Outstanding, at the time of the adoption of the amendatory instrument, or the predecessors in title of such owners shall have consented to and approved the adoption thereof as herein provided, no owner of any Bond, whether or not the owner shall have consented to or shall have revoked any consent as in this article provided, shall have any right or interest to object to the adoption of the amendatory instrument or to object to any of the terms or provisions therein contained or to the operation thereof or to enjoin the District from taking any action pursuant to the provisions thereof.

Section 1106 Time Consent Binding. Any consent given by the owner of a Bond pursuant to the provisions of this Article shall be irrevocable for a period of 6 months from the date of the publication of the notice above provided for in paragraph 2 of Section 1103 A hereof, and shall be conclusive and binding upon all future owners of the same Bond during that period. The consent may be revoked at any time after 6 months from the date of the mailing of the notice, by the owner who gave the consent or by a successor in title by filing notice of the revocation with the Clerk, but the revocation shall not be effective if the insurer of the Bonds, if any, or the owners of a majority in aggregate principal amount of the Bonds Outstanding, before the attempted revocation, consented to and approved the amendatory instrument referred to in the revocation.

Section 1107 Unanimous Consent. Notwithstanding anything contained in the foregoing provisions of this Article, the terms and the provisions of this Resolution or of any instrument amendatory hereof or supplemental hereto and the rights and the obligations of the District, the insurer of the Bonds, if any, and of the owners of the Bonds hereunder may be modified or amended in any respect upon the adoption by the District and upon the filing with the Clerk of an instrument to that effect and with the consent of the insurer of the Bonds, if any, or the owners of all the then Outstanding Bonds, the consent to be given as provided in Section 1004 hereof, and no notice to the insurer of the Bonds, if any, or the owners of Bonds, shall be required as provided in Section 1103 hereof, nor shall the time of consent be limited except as may be provided in the consent.

Section 1108 Exclusion of District's Bonds. At the time of any consent or of other action taken under this Article, the District shall furnish to the Clerk a certificate of the Chief Fiscal Officer, upon which the District may rely, describing all Bonds to be excluded, for the purpose of consent or of other action or of any calculation of Outstanding Bonds provided for in this Article, and the District shall not be entitled with respect to such Bonds to give any consent or to take any other action provided for in this Article, pursuant to paragraph (4) of Section 102B hereof

Section 1109 Notation on Bonds. Bonds authenticated and delivered after the effective date of any action taken as in this Article provided may bear a notation by endorsement or otherwise in form approved by the District as to the action; and if any Bond so authenticated and delivered shall bear such notation, then upon demand of the owner of any Bond Outstanding at such effective date and upon presentation of his or her Bond for the purpose at the principal

office of the Clerk, suitable notation shall be made on the Bond by the Clerk as to any such action. If the District so determines, new Bonds so modified as in the opinion of the District to conform to such action shall be prepared, authenticated and delivered; and upon demand of the owner of any Bond then Outstanding, shall be exchanged without cost to the owner for Bonds then Outstanding upon surrender of the Bonds.

Section 1110 Proof of Resolutions and Bonds. The fact and date of execution of any instrument under the provisions of this Article, the amount and number of the Bonds held by any Person executing the instrument, and the date of his holding the same may be proved as provided by Section 904 hereof.

PASSED AND ADOPTED BY THE BOARD OF FIRE COMMISSIONERS OF TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA, ON NOVEMBER 12, 2024.

Proposed on November 12, 2024.

Proposed by Commissioner Andriola.

Passed November 12, 2024.

Vote:

Ayes: Jeanne Herman, Mariluz Garcia, Clara Andriola

Nays: _____

_____

Absent: Alexis Hill
Michael Clark

Attest:

Clerk

Vice Chair of the Board

STATE OF NEVADA)
) **ss.**
TRUCKEE MEADOWS)
FIRE PROTECTION DISTRICT)

I am the duly chosen and qualified Clerk of the Truckee Meadows Fire Protection District (the "District"), Nevada, and in the performance of my duties as Clerk do hereby certify:

1. The foregoing pages constitute a true, correct and compared copy of a resolution adopted by the Board of Fire Commissioners of the District (the "Board") at a regular meeting of the Board held on November 12, 2024, and the original of such resolution has been approved and authenticated by the signature of the Chair and myself as Clerk, and has been recorded in the minute book of the Board kept for that purpose in my office, which record has been duly signed by such officers and properly sealed.

2. The members of the Board were present at such meeting and voted on the passage of such resolution as follows:

Those Voting Aye: Herman, Garcia, Andriola

Those Voting Nay: _____

_____

Those Absent: Hill, Clark

3. All members of the Board were given due and proper notice of such meeting.

4. Public notice of such meeting was given and such meeting was held and conducted in full compliance with the provisions of NRS 241.020. A copy of the notice of meeting and excerpt from the agenda for the meeting relating to the resolution is attached as Exhibit A.

5. No later than 9:00 a.m. at least 3 working days before such meeting, such notice was mailed to each member of the Board and to each person, if any, who has requested notice of meetings of the Board in accordance with the provisions of Chapter 241 of NRS.

IN WITNESS WHEREOF, I have hereunto set my hand on behalf of the District on November 12, 2024.

Clerk

Nevada State Infrastructure Bank

Financing Application

Nevada State Infrastructure Bank Overview:

The Nevada State Infrastructure Bank was established to provide low-cost financing to Nevada state agencies, local governments, Tribal governments, and non-profit organizations for priority infrastructure projects.

Pursuant to Chapter 408 of the Nevada Revised Statutes, the Bank may provide financing for a variety of infrastructure projects, including: transportation facilities, utility infrastructure, digital infrastructure, recycling and sustainability infrastructure, renewable energy infrastructure, social infrastructure, water and wastewater infrastructure, and other infrastructure related to economic development.

The Bank has been capitalized with an initial $75 million in State general obligation bonds that, are allocated to the following accounts within the Nevada State Infrastructure Bank:

- $40 million for projects for the Federal Infrastructure Matching Account;
- $20 million for projects for the Affordable Housing Revolving Account; and
- $15 million for projects for the Charter School Capital Needs Revolving Account.

In evaluating applications, the Bank will also seek to leverage outside capital and federal funding to help finance projects that improve quality of life, strengthen Nevada's climate resiliency, and help to promote a strong economy for communities across the State.

Application Instructions:

Please complete all sections of the application below and attach any required exhibits to request financing from the Nevada State Infrastructure Bank.

Prior to applying to the Bank for financing, please familiarize yourself with all the statutes and regulations governing the operation of the Bank.

The relevant statutory provisions can be found in Chapter 408 of the Nevada Revised Statutes (NRS 408.55048 – 408.55088).

Additionally, the regulations of the Bank provide the application requirements and describe the process for determining qualified projects and borrowers for applications to the Federal Infrastructure Matching Account, the Affordable Housing Revolving Account, and the Charter School Capital Needs Revolving Account.

Applications for financing will be reviewed by Bank staff and may be presented to the Board of Directors of the Nevada State Infrastructure Bank for consideration[1].

Completed, applications may be submitted as follows:

Via electronic mail:

Nevada State Infrastructure Bank

Email: *Financing.application@sib.nv.gov*

Via regular mail:

Nevada State Infrastructure Bank
c/o Executive Director
555 East Washington Avenue, Suite 5200
Las Vegas, Nevada 89101

[1] *Note: submission of an application does not guarantee Board consideration or project funding.*

Part 1: Applicant Information

Legal Name of the Applicant: Truckee Meadows Fire Protection District

Type of Applicant:

☒ Governmental Unit

☐ Indian Reservation or Colony

☐ Private Non-Profit Organization created for charitable or educational purposes

If applicant is a governmental unit or non-profit organization, please describe:

Truckee Meadows Fire Protection District (District) is a municipality of the State of Nevada located in Washoe County, Nevada. The District is governed by the Board of Fire Commissioners. The Washoe County Board of County Commissioners functions as the Board of Fire Commissioners of the District. The County has no financial benefit or burden relationship with the District and the District is a legally separate organization from the County.

Mailing Address of the Applicant:

Street Address: 3663 Barron Way

City, State, Zip Code: Reno, Nevada, 89511

Name of the Individual Submitting this Application:

Cindy Vance

Role/Title of the individual submitting the application:

Chief Fiscal Officer

Address for the individual submitting the application:

Street Address: 3663 Barron Way

City, State, Zip Code: Reno, Nevada, 89511

Email for Individual submitting the application:

cvance@tmfpd.us

Phone number of individual submitting this application:

775-326-6070

Please list the contact information (Name, Address, Phone, Email) for other authorized individuals associated with the project (i.e., consultants, advisors, engineers, attorneys, etc.)

Name: Charles A. Moore	Title: Fire Chief
Organization: Truckee Meadows Fire Protection District	Phone: 775-328-6123
Street Address: 3663 Barron Way	Fax: 775-326-6003
City, State, Zip: Reno, Nevada, 89511	E-mail:
Name: Michael W. Large	Title: Deputy District Attorney
Organization: Washoe County	Phone: 775-337-5712
Street Address: 1 S. Sierra Street	Fax:
City, State, Zip: Reno, Nevada, 89501	E-mail: mlarge@da.washoecounty.gov

Part 2: Financing Requested

What type of financial assistance is the Applicant seeking? (Please select all that apply)

- [x] Loan
- [x] Grant
- [ ] Other Financial Assistance

Financing Amount Requested:

4,500,000

Is the State Infrastructure Bank origination fee included in financing? (Please reference the regulations governing the Nevada State Infrastructure Bank)

- [ ] Yes
- [x] No

Financing term requested (Number of years): 25 Years

Source of financing repayment:

- [ ] Enterprise Fund
- [ ] Special Fund
- [ ] General Fund Lease
- [ ] Assessment District
- [ ] Special Taxes/Property Related Assessments
- [ ] Voter approved general obligation debt
- [x] Other

Please explain the source(s) of financing repayment:

If Truckee Meadows Fire Protection District is approved for a Loan, the District will use general fund revenue sources including property taxes and consolidated taxes for loan repayment.

Part 3: Project Information

Project Name: Hidden Valley Fire Station #37 - Addition (Apparatus Bay, Office and Support Spaces)

Project Address:

Street Address: 3255 W. Hidden Valley Drive

City, State, Zip Code: Reno, Nevada, 89502

Project Category (Please reference Chapter 408 of the Nevada Revised Statutes):

☐ Transportation Facility

☐ Utility Infrastructure

☐ Water and Wastewater Infrastructure

☐ Renewable Energy Infrastructure

☐ Digital Infrastructure

☐ Recycling and Sustainability Infrastructure

☒ Social Infrastructure

☐ Other Infrastructure related to Economic Development

If the project category selected was "Other Infrastructure related to Economic Development" please explain the project:

N/A

Is the project located in any of the following? (Please select all that apply)

☐ In a qualified census tract as designated by the United States Secretary of Housing and Urban Development pursuant to 26 U.S.C. § 42(d)(5)(B)(ii)

☐ In a census tract which has a high level of social vulnerability as determined according to the Social Vulnerability Index developed by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services

☐ In a community which has a large percentage of the population having limited English proficiency

☐ In a community that has been subject to historical instances of redlining, segregation or other discriminatory practices

Is any part of the proposed project located on Tribal land?

☐ Yes

■ No

Please attach a detailed description of the project. If the funding request is limited to a portion of the project, please identify as appropriate. If you have a feasibility study, a capital improvement plan, environmental study, or other such reports containing a detailed description of the project, please include as appropriate.

Attach all necessary documents as Exhibit 1. [Please label and attach items as Exhibits 1a, 1b, 1c, etc.]

Exhibit 1a - Detailed description of the project. Exhibit 1b - Architectural Rendering
Exhibit 1c - Architectural construction documents limited to site plan, floor plans and elevations.

If funding for the project is approved by the Nevada State Infrastructure Bank Board of Directors, how long will it take for this project to be completed?

The crew quarters portion of the fire station is complete. The Apparatus Bay is "shovel ready". It is estimated to take approximately 14 months to complete once funding is secured.

Please list applicable permits for the project:

Type of Permit (Please include permit number)	Granting Authority	Date Submitted	Date Received	Expiration Date
WSUP23-0018	Washoe County	09/04/2023		

Please complete the attached Project Sources and Uses of Proceeds Table (located on page 22 of this document) as Exhibit 2. Attach any and all cost estimates, bids, project labor agreements, and construction contracts, if available. [Please label and attach them as Exhibits 2a, 2b, 2c, etc.]

Please provide for any and all documentation commitment(s) for project funding sources other than financing from the State Infrastructure Bank. This could include resolutions, grant agreements, loan agreements, contracts, etc. [Please label and them as Exhibit 3]

The living quarters portion of the station was completed with remaining proceeds from the District's $2,000,000 and $7,000,000 debt issuances, attached as required as exhibits 10a, 10b, and 10c and District's general revenues, the District Budget is attached as required as exhibit 9.

Is land acquisition a component of the project?

The Project is being built upon land the District has owned for many years (Purchased originally in 1976), and consolidated with a parcel purchased in 2020 paid for with District funds.

☐ Yes

■ No

If yes, please provide a copy of the purchase agreement as Exhibit 4. Include a description of the land that has been or will be acquired (current owner, address, assessor's parcel number, purchase date or expected purchase date, cost or estimated cost), and identify the funding source(s) for the land below:

Does the applicant already own the land needed for the project?

☒ Yes

☐ No

Please provide a comprehensive project timeline as Exhibit 5. Include specific project milestones such a preliminary engineering report, all required permits, design, engineering, land/right-of-way acquisition, preparation of bid documents, awarding of construction contract, construction start date, construction completion date, and the date that the project will become operational.

Private Activity - Will any entity, including a governmental entity other than the Applicant, use or directly benefit from any portion of the Project other than as a member of the general public? (For example, will a private entity or a federal agency operate, or lease space in the proposed project?)

☐ Yes

☒ No

If yes, please describe the entity that will use or otherwise benefit from the Project. Provide a copy of the agreement(s) with such private entity, or federal agency. [Please label and attach as Exhibit 6.]

N/A

Will financing be used to finance more than 5 percent of any private activity costs?

☐ Yes

☒ No

If yes, please explain:

Business Relocation – Will the proposed Project require the relocation of a private sector business from one area of the State to another?

☐ Yes

☒ No

If yes, please provide a justification to support the move:

Please describe any economic and/or community benefits that will result from the completion of this project. Please include the method, or calculation by which these results were identified:

The proposal replaces the existing apparatus bay with a larger bay that will accommodate modern fire engines. The existing apparatus bay, formerly used by a volunteer 501 (c)3, is too small to accommodate all the fire engines in the fleet, save one. The building will also add offices, a public entry, and support spaces to store and repair ancillary firefighting equipment.

What are the total number of jobs that will be created and the average wage for the project? (Please include the method or calculation by which these results were identified)

Construction jobs only. Wages will be in accordance with Government guidelines and prevailing wage.

What are total number of jobs retained and the average wage? (Please include the method or calculation by which these results were identified)

Construction jobs only. Wages will be in accordance with Government guidelines and prevailing wage.

Describe the environmental impact that will result from this project? (Please include the method or calculation by which these results were identified)

Unknown

Does this project comply with the with the standards and goals set forth in the 2020 Nevada Climate Strategy and the goals for the reduction of greenhouse gas emissions set forth in NRS 445B.380 and 704.7820?

☐ Yes

☐ No

☒ Unsure

Useful Life - Please provide evidence detailing the useful life of the Project. Useful life is defined as the estimated number of years the project is anticipated to remain in service. Please include estimated useful life projections with and without any anticipated maintenance costs. [Label and attach as Exhibit 7]

Is this project eligible to apply for funding from the Affordable Housing Revolving Account within the Nevada State Infrastructure Bank Fund? (Please reference the Nevada State Infrastructure Bank regulations for the guidelines and policies for the Affordable Housing Revolving Account.)

☐ Yes

☒ No

☐ Unsure

Is this project eligible to apply for funding from the Charter School Capital Needs Revolving Account within the Nevada State Infrastructure Bank Fund? (Please reference the Nevada State Infrastructure Bank regulations for the guidelines and policies for the Charter School Capital Needs Revolving Account.)

☐ Yes

☒ No

☐ Unsure

Is this project eligible to apply for funding from the Federal Infrastructure Matching Account within the Nevada State Infrastructure Bank Fund? (Please reference the Nevada State Infrastructure Bank regulations for the guidelines and policies for the Federal Infrastructure Matching Account.)

☐ Yes

☐ No

☒ Unsure

Is this project eligible to apply for funding from the State Infrastructure Bank General Account within the Nevada State Infrastructure Bank Fund? (Please reference the Nevada State Infrastructure Bank regulations for the guidelines and policies for the State Infrastructure Bank General Account.)

☒ Yes

☐ No

☐ Unsure

Part 4: Financial Information

Please provide copies of the five most recent fiscal year-end audited financial statements for the applicant and related parties to the project, if not already provided, as well as applicable revenue projections and cash flows. [Label and attach as Exhibits 8a, 8b, 8c, etc.]

Please provide the current year's adopted budget as Exhibit 9.

Are there any events or circumstances that have occurred since the date of the last financial statement could materially affect the overall financial condition of the Applicant?

☐ Yes

☒ No

If yes, please explain:

N/A

In the table below, please list all outstanding financing obligations (debts, notes, capital leases, etc.) secured by the source of repayment for the requested financing. Attach as Exhibit 10, and include a copy of all financing documents (e.g., the official statement along with any underlying loan agreements, lease agreements, or indentures, etc.) [Label and attach as Exhibits 10a, 10b, 10c, etc.]

Name of Lender	Date of Debt	Outstanding Balance (as of 06/30/2023)	Maximum Annual Debt Service/Lease Payment
Chase Bank	03/10/2020	$3,167,000	$483,140
Zions Bank	10/21/2020	$1,707,000	$157,117
Zions Bank	07/28/2021	$6,600,000	$375,019
		$	$

Please provide a description of any off-balance-sheet debt obligations, including capital leases and other contractual obligations:

There are no other debt obligations. Other District long-term liabilities include compensated absences, pension liabilities, and other post-employment benefit liabilities. Those are included in the government-wide financial statements on page 12 of the audited financial statements for the year ended June 30, 2022.

Has the Applicant defaulted on any debt or other obligation including, but not limited to, bonds, leases, or loans within the last ten years?

☐ Yes

☒ No

If yes, please specify the date(s) and circumstances:

Please attach as Exhibit 11 the current Capital Improvement Plan. Explain below any expected plan for future debt issuance:

The District has the need for facilities and apparatus. The District is considering all funding sources for these facilities and apparatus, however there are no immediate plans for debt issuance.

Does the Applicant have an Inter-fund Transfer Policy?

☐ Yes although it is not in policy, all Inter fund transfers are approved by the Board of Fire Commissioners as either part of the annual approved budget or as a resolution after the adoption of the final budget. The District does not have a written policy.

☒ No

If yes, please attach a copy of the policy as Exhibit 15.

Is the Applicant planning on utilizing any collateral in order to receive a loan or other financial assistance?

☐ Yes

☒ No

If yes, please explain:

Part 5: Loan Proceeds

Will the loan proceeds pay for any general administration or overhead costs?

☐ Yes

☒ No

Have any general administration or overhead costs already been incurred?

☒ Yes

☐ No

If yes, please explain:

The District has paid for project consulting and architectural fees, including staff time, from its current available funds.

Will the Project include the payment of prevailing wages as set forth in NRS Chapter 408?

☒ Yes

☐ No

Will loan proceeds finance preliminary costs for the Project?

☐ Yes

☒ No

Have any preliminary costs already occurred?

☒ Yes

☐ No

If yes, please explain:

The project is Shovel Ready, preliminary costs have already been incurred and paid

Part 6: Legal Information

Please describe the composition of the Applicant's governing body, including the number of positions, term, and the selection/appointment process. Additionally, please provide a current list of individuals in these positions:

The Board of County Commissioners serves as the Board of Fire Commissioners for the Truckee Meadows Fire Protection District. It is a five-member Board elected by constituents within their districts for a four-year term. As of June 2023, the Board of Fire Commissioners are Alexis Hill, Chair; Jeanne Herman, Vice Chair; Michael Clark, Commissioner; Mariluz Garcia, Commissioner; and Clara Andriola, Commissioner.

Has the governing body approved the application? (Please provide written documentation confirming approval): Yes, approved by the Board of Fire Commissioners on September 12, 2023. The resolution and letter of support are attached.

Please describe any pending or anticipated litigation and/or contractual disputes that the Applicant is a party to:

None

Please describe any past, present, or potential issues or controversies that may impact the Project:

None

For any applicant that is a Charter City, please attach as Exhibit 16 a copy of the City's Charter including all addendums and supplements thereto.

N/A

For any applicant that is a School District, Special District, or Joint Powers Authority (JPA), please provide the statutory citation of formation authority or attach a copy of all formation documents and amendments as Exhibit 17.

Formed by Ordinace and approval of the Board of County Commissioner under NRS 474 County Fire Protection District

For any applicant that is a non-profit organization, please provide as Exhibit 18, a copy of the following: N/A

a. Articles of Incorporation, together with all amendments.

b. Certificate of Status/Good Standing in the State of Nevada.

c. Bylaws, together with all amendments.

d. 501 (c)(3) Determination Letter(s) from the IRS, and any related documents and correspondence with/from the IRS.

e. All Form 990s for the last three years

f. All Form 990-Ts for the last three years.

g. Capital Campaign brochures, forms, pledge cards, and related materials, if any.

Applicant acknowledges the following

All information submitted to the Nevada State Infrastructure Bank is true and correct at the time of submission, and such information does not contain any untrue or misleading statement of a material fact or omits to state any material fact necessary to make the statements contained herein not misleading. Further, applicants affirm, understand, and accept the obligations, terms, and conditions of loans and other financial assistance offered by the Bank.

By signing below, I acknowledge that I understand that it is unlawful to knowingly make a false claim, a false statement, use a false of fictitious name, or obtain money or benefit under false pretenses. I understand these acts are a violation of the laws of the State of Nevada punishable by civil penalties, including repayment, and/or criminal penalties including up to a category D felony and six years in state prison.

Carson City, Nevada 89701

Application for financing - Hidden Valley Fire Station Apparatus Bay

Dear Director Bhalla and Members of the Board,

Thank you for considering this application for our agency's replacement of a fire station apparatus bay. The amount requested in this application (for phase 2) of the project is $5.252 million, including the structure and site work. Truckee Meadows Fire District constructed new crew quarters in 2022 for $1,190,162. There is no debt on the land or phase 1 construction.

The Hidden Valley Fire Station in Washoe County was initially constructed in 1972 for a volunteer operation, and its size is inadequate to house a modern fire engine. Our fleet has only one fire truck that will fit inside the current structure. It also lacks the ancillary spaces needed to maintain tools and equipment – and is detached from the crew quarters. A detached apparatus bay is not optimal nor safe because of the potential for freezing or adverse weather.

Truckee Meadows Fire Protection District (the District) serves unincorporated Washoe County, and our district has experienced significant population growth and emergency service demands. This project will modernize this station, increase safety for our staff, and decrease response times. The application documentation includes estimates, timelines, architectural drawings, and requested financial information.

Phase 2 (new apparatus bays) will complete this project, and the construction cost is estimated at $5.2 million.

The project is shovel-ready and can commence in September 2024. The first steps are to relocate utilities and demolish the old structure, followed by full-on construction.

The project has received all entitlements and approval from the Fire Commissioner. The fire station enjoys broad support from the community.

The District will request certification from the contractor that they can conform to the requirements of Section 17 of the Approved regulations of the Board of Directors of the Nevada State Infrastructure Bank.

I look forward to your consideration and approval of this application.

Best Regards,

Charles A. Moore, Fire Chief

RE: Hidden Valley Fire Station
Truckee Meadows Fire Protection District

Dear Mr. Bhalla and the Board of Directors,

Thank you for your consideration of this application for a grant and financing for the construction of a replacement fire station for the Hidden Valley Community in Reno, Nevada. I am writing on behalf of the Truckee Meadows Board of Fire Commissioners to request funding from the Nevada State Investment to construct a portion of the new fire station, which includes an apparatus bay and other support spaces.

The Truckee Meadows Fire Protection District has served portions of unincorporated Washoe County since 1974. During this time, our District has experienced significant growth in population and demands for emergency services. Prior to 2012, Hidden Valley was served by volunteers and then by career staff beginning in 2012. The apparatus bay and other spaces in the current fire station are now insufficient in both space and technology to meet the growing needs of our community.

Specifically, the apparatus bay is too small to house modern fire engines, and in fact, only one fire engine in our fleet will fit into the current building.

The need for a new fire station is critical for several reasons:

1. **Improved Equipment and Technology:** Our existing fire station apparatus bay is not equipped to handle the latest firefighting technology and equipment, which are essential for the safety of our firefighters and efficiency.

2. **Community Safety:** A modern fire station will enable us to respond to emergencies more effectively, reducing property damage and saving lives in our community.
3. **Continuity of Operations:** This fire station is aged. A modern station will allow the continuity for one public school, a residential community, and an active portion of I-80 that runs east of Reno to the Washoe County boundary in Wadsworth.

We have already conducted extensive work for the new fire station, including completion of construction documents and completion of the crew quarters, which will be attached to the proposed apparatus bay. The project is now shovel-ready.

The total project cost is estimated to be $4.5 million, including construction of the building, site work, backup power generation, and technology upgrades.

We are requesting consideration of a grant and financing to help make this project a reality. We believe this investment is essential for the safety and well-being of our community and aligns with the Nevada State Investment Bank's mission to support critical infrastructure development.

This application contains the supporting documentation, project budget breakdown, and expected timeline. We would be grateful for the opportunity to discuss this proposal further.

Thank you again for your consideration of our application. We are available to answer questions or present this project in more detail.

Sincerely,

Charles A. Moore, Fire Chief

Alexis Hill, Chair
Board of Fire Commissioners

RESOLUTION NO. TM17 – 2023

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT
A RESOLUTION APPROVING AN APPLICATION TO THE NEVADA STATE INVESTMENT BANK FOR A GRANT OR LOAN OR COMBINATION THEREOF FOR THE CONSTRUCTION COST OF THE APPARATUS BAY AT TRUCKEE MEADOWS FIRE PROTECTION DISTRICT HIDDEN VALLEY COMMUNITY FIRE STATION #37.

WHEREAS, the Board of Fire Commissioners supports the development of a new fire station for the Hidden Valley community; and,

WHEREAS, on June 2, 2020, the Board of Fire Commissioners approved the purchase of the residence adjacent to the existing fire station for the purpose of creating new crew quarters; and,

WHEREAS, on June 7, 2022, the Board of Fire Commissioners awarded a bid and approved an Agreement with Houston Smith Construction, Inc. for the Hidden Valley Station #37 Remodel/Addition Project to remodel the residence location at 5355 Pelham Drive for a crew-quarters in the amount of $493,000; and,

WHEREAS, the Board of Fire Commissioners desires to seek funding alternatives for the completion of the apparatus bay, which is dilapidated and insufficiently sized to accommodate most modern fire engines; and,

WHEREAS, the Board of Fire Commissioners approves and supports the application to the State Infrastructure Bank for $4,500,000 to complete the community fire station.

NOW, THEREFORE, IT IS HEREBY RESOLVED, by the Truckee Meadows Fire Protection District Board of Fire Commissioners, approval of an application to Nevada State Investment Bank for a grant or long-term loan for the construction of the Apparatus Bay at Hidden Valley Station 37.

Upon motion by Fire Board Commissioner, Andriola **, seconded by Commissioner** Herman **, the foregoing Resolution was passed and adopted this 12th day of September 2023 by the following vote:**

AYES: Hill, Herman, Garcia, Clark, Andriola **NAYS:** None

ABSENT: None **ABSTAIN:** None

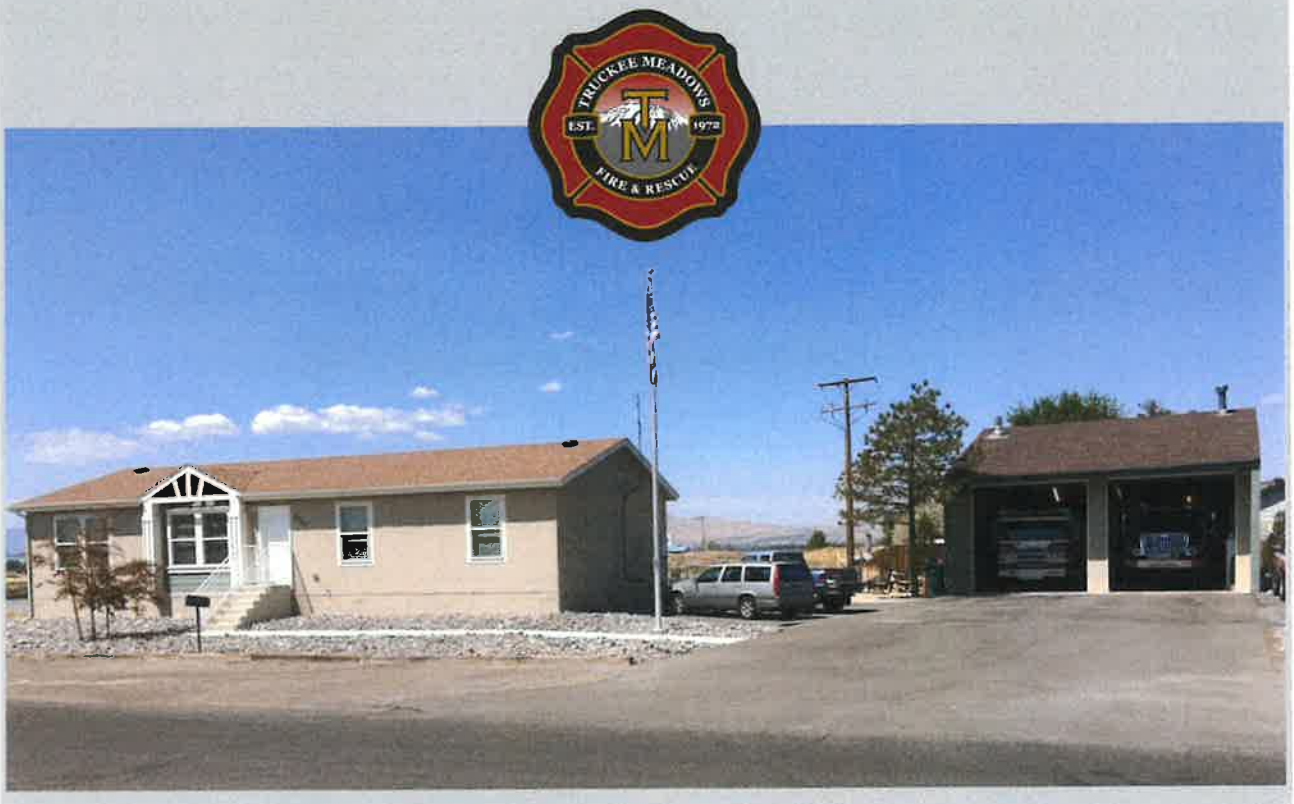
Project Description - Phase 2 Hidden Valley Fire Station
Apparatus Bay and Support Spaces
Truckee Meadows Fire Protection District

Address: 3255 West Hidden Valley Drive
Reno, NV 89502

This project involves a new fire apparatus bay, support space, and offices. This financing request is limited to the construction of Phase 2 of the project, which is new fire engine apparatus bays, support space and office. The new structure will attach to the existing crew quarters, which were constructed in 2022. The new apparatus bay will replace a building constructed in 1972, first used as a volunteer fire station.



Truckee Meadows Fire Protection District owns the land, and the project is shovel-ready. Construction documents are complete and ready for a building permit application. The District used a Construction Manager at Risk (CMAR) process for the design and construction. A guaranteed maximum price will be negotiated and presented to the Board of Fire Commissioners for consideration in September.

The existing apparatus bay does not meet the District's needs for size and safety. Only one structural fire engine in the District's fleet fits inside the existing building.

Upon completion, one Type 1 structural and a Type 3 brush engine will be housed here, along with an all-terrain vehicle for backcountry rescue and remote wildland firefighting.

The following page shows a photograph of the station in 2013. The modular crew quarters building (to the left) has been repurposed. The apparatus bay (to be reconstructed) is shown to the right. A rendering of the project, when completed, is shown below.

This fire station protects the great Hidden Valley community and responds east on Interstate 80

GENERAL NOTES

1. THESE DRAWINGS (ALL DISCIPLINES) ARE A COHESIVE SET OF DRAWINGS EACH TRADE SHALL REVIEW ALL ARCHITECTURAL AND ENGINEERED DRAWINGS FOR INFORMATION THAT CROSSES OVER VARIOUS TRADES
2. CONTRACTOR TO NOTIFY ARCHITECT OF ANY DISCREPENCIES WITH CONTRACT DOCUMENTS AS SOON AS POSSIBLE
3. CONTRACTOR TO FIELD VERIFY ALL DIMENSIONS AND CONFIRM EXISTING CONDITIONS PRIOR TO COMMENCING WORK.

KEYNOTES

1. EXISTING STONE VENEER
2. EXISTING HORIZONTAL LAP SIDING
3. EXISTING FENCING TO REMAIN. PROTECT IN PLACE
4. ALUMINUM FRAMED WINDOWS - DARK BRONZE
5. VERTICAL METAL FLASH PANEL - SEE FINISH SCHEDULE
6. SPLIT FACE CMU WALL/PLASTER SEE FINISH SCHEDULE
7. FIBER CEMENT HORIZONTAL LAP SIDING - SEE FINISH SCHEDULE
8. 16' TALL EXTERIOR BUILDING NUMBERS PER SPECIFICATIONS SEE SHEET A2.55
9. METAL COPING - SEE FINISH SCHEDULE
10. METAL FASCIA TO MATCH EXISTING - SEE FINISH SCHEDULE
11. ASPHALT SHINGLE ROOF TO MATCH EXISTING - SEE FINISH SCHEDULE
12. ENTRY ROOF OVERHANG SEE ROOF PLANS SEE STRUCTURAL FOR FRAMING
13. 8" STEEL BOLLARDS (5-0" HEIGHT) CONCRETE FILLED - PAINTED PER FINISH SCHEDULE SEE DETAIL SHEET A5.02
14. EXISTING PERGOLA STRUCTURE
15. RAINWATER LEADER PAINT TO MATCH ADJACENT FINISHES SEE ROOF PLAN
16. 6" BEVELED GUTTER PAINT TO MATCH EXISTING GUTTER
17. MECHANICAL LOUVER SEE MECHANICAL DRAWINGS FOR MORE INFORMATION
18. EXTERIOR LIGHTING SEE ELECTRICAL DRAWINGS

Form 4410LGF

INDEBTEDNESS REPORT
As of June 30, 2023
Postmark Deadline 8/1/2023

Entity: Truckee Meadows Fire Protection District Date: 7/20/2023

DEBT MANAGEMENT COMMISSION ACT (NRS 350.013)

1. Has your local government issued any new General Obligation Bond issues since **July 1, 2022**? **Yes** ☐ **No** ☑

   If so, amount: _____ Date: _____

2. Has your local government approved any new Medium-Term Obligation issues since **July 1, 2022**? **Yes** ☐ **No** ☑

   If so, amount: _____ Date: _____

3. Has your local government updated its debt management policy? (Per NRS 350.013) **If Yes, submit updated policy with Indebtedness Report or prepare a statement discussing the following areas:** **Yes** ☑ **No** ☐

   A. Discuss the ability of your entity to afford existing and future general obligation debt.

   B. Discuss your entity's capacity to incur future general obligation debt without exceeding the applicable debt limit.

   C. Discuss the general obligation debt per capita of your entity as compared with the average for such debt of local governments in Nevada.

   D. Discuss general obligation debt of your entity as a percentage of **assessed valuation** of all taxable property within the boundaries of your entity. (**REDBOOK FY 2022-2023**)

   E. Present a policy statement regarding the manner in which your entity expects to sell its debt.

   F. Discuss the sources of money projected to be available to pay existing and future general obligation debt.

   G. Discuss the operating costs and revenue sources with each project.

   If No, please provide a brief explanation.

4. Has your local government updated its five-year capital improvement plan? **(Required pursuant to NRS 350.013, 354.5945 & 354.5947)** **Yes** ☑ **No** ☐

Timeline For Hidden Valley Fire Station
Phase 2 Development

May 26, 2024

- Final Design completed: June 7, 2024
- Permit Submittal: June 10, 2024
- Permit review/issuance: June 10 – July 26, 2024
- GMP Process: July 1 – August 30, 2024
- TMFR GMP award report date submittal: August 23, 2024
- Approval of GMP proposal by Board of Fire Commissioners: September 3, 2024
- Construction start: September 23, 2024

The construction duration is 10 months, and if the project starts as described above, it will be completed and become operational by **July 31, 2025**

Rod-

It is our opinion that the building lifecycles for both Sta. 30 and 37 are 75 years when considering the structural steel, concrete masonry unit, and exterior finish systems.

CPAs & BUSINESS ADVISORS

Independent Auditor's Report

To the Honorable Board of Fire Commissioners
Truckee Meadows Fire Protection District
Reno, Nevada

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Truckee Meadows Fire Protection District (the District) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Adoption of New Accounting Standards

As discussed in Note 1 to the financial statements, the District has adopted the provisions of Government Accounting Standards Board (GASB) Statement No. 100, *Accounting Changes and Error Corrections*, for the year ended June 30, 2023. Accordingly, the presentation and disclosure of the restatement in the financial statements conform to the requirements of the new standard for the year ended June 30, 2023, to restate beginning net position. Our opinions are not modified with respect to this matter.

As discussed in Notes 1 and 12 to the financial statements, the District has adopted the provisions of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, which has resulted in a restatement of the net position as of July 1, 2022. In addition, the District had a change in financial reporting entity during the year ended June 30, 2023. In accordance with GASB Statement No. 100, the effects of the change in financial reporting entity resulted in a restatement of net position as of July 1, 2022. Our opinions are not modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5-11, budgetary comparison information and reconciliation on pages 47-50, schedule of changes in net other postemployment benefit liability and related ratios on pages 51-52, schedule of District's contributions – other postemployment benefits on page 53, schedule of District's share of net pension liability – PERS on page 54, schedule of District's contributions – PERS on page 55, and the notes to the required supplementary information on pages 56-58 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the management's discussion and analysis, schedule of changes in net other postemployment benefit liability and related ratios, schedule of District's contributions – other postemployment benefits, schedule of District's share of net pension liability – PERS, schedule of District's contributions – PERS, and the notes to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The budgetary comparison information and reconciliation is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The budgetary comparison information and reconciliation has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the budgetary comparison information and reconciliation is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund statements and schedules, including budgetary comparisons and reconciliations are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such

information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund statements and schedules, including budgetary comparisons and reconciliations are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Reno, Nevada
November 17, 2023

As management of the Truckee Meadows Fire Protection District's (the District) finances, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2023.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the District's governmental activities exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $3,916,919 which includes $26,760,592 net investment in capital assets, $1,511,943 restricted for wildland fire emergencies, $1,563,288 restricted for claims, $600,000 restricted for debt payments and ($26,518,904) which is the unrestricted net position. Governmental activities include all funds of the District.

- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of $16,189,474 a decrease of $809,061 or 4.76% in comparison with the prior year. This decrease was primarily caused by planned one-time capital expenditures. The expenditures are included in the governmental funds however, the related capital assets are not current economic resources therefore the value of the asset is not included in the governmental funds. Approximately 56.3% of the combined ending fund balance is available for spending at the government's discretion (unassigned fund balance).

- Ad Valorem taxes, the primary revenue of the District, increased $1,527,863 or 6.7% over prior year and was $601,846 over the current year budget. This is a result of growth within the District.

- Consolidated taxes, the second primary revenue of the District decreased by $142,318 or 1.3% of prior year and was $1,007,624 under the current year budget. This is a result of the slowing economy as it relates to inflation.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Increases or decreases in net position over time may serve as a useful indicator of whether the District's financial position is improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the current fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenditures are reported for some items that will not result in cash flows until future fiscal periods, such as uncollected taxes and earned but unused vacation leave.

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental

activities of the District all relate to public safety. The business-type activity of the District is Emergency Medical Services and includes ambulance transfers.

The government-wide financial statements can be found in the basic financial statements section of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Each of the District's funds can be classified as either governmental, proprietary, or fiduciary.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains four individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Emergency Fund and Capital Projects Fund, all of which are considered to be major funds. The Debt Service Fund is the District's only non-major governmental fund. The District adopts an annual appropriated budget for each of its funds. A budgetary comparison statement or schedule has been provided for each fund to demonstrate compliance with the budget. The governmental fund financial statements and the reconciliations to the government-wide financial statements can be found as part of the Fund Financial Statements of this report.

Proprietary funds. The District maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The District has one enterprise fund, the Emergency Medical Services Enterprise Fund, a major fund, to account for emergency medical services activities. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's functions. The District's internal service fund is used to account for its workers' compensation liability. Because these services benefit governmental rather than business-type functions, it has been included within governmental activities in the government-wide financial statements. The internal service fund is reported in the proprietary fund financial statements and can be found as part of the Fund Financial Statements of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found in this report following the basic financial statements.

Other information. The District maintains a stabilization fund and a sick annual comp benefits fund for internal purposes. These funds do not meet the definition of special revenue funds under Governmental Accounting Standards Board (GASB) Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions,* which

was implemented in 2011 by the District. The activity for these funds is included in the General Fund in the basic financial statements; however, since the District prepares a budget for these funds, a reconciliation of budgetary basis financial statements to GAAP basis financial statements is presented immediately following the notes to the financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

- The District's assets and deferred outflows of resources exceeded liabilities and deferred inflows by $5,426,573 at June 30, 2023, a decrease of 37.4% from the prior year (as restated). This resulted primarily from the increases in net pension, other post-employment benefits (OPEB) and compensated absences. These items are discussed in more detail in the notes to the financial statements.

Truckee Meadows Fire Protection District's Net Position

	Governmental Activities		Business-type Activities	Total	
	2023	2022	2023	2023	2022
Current and other assets	$ 22,556,709	$ 25,173,812	$ 1,477,266	$ 24,033,975	$ 25,173,812
Capital assets	38,655,526	38,604,688	1,055,581	39,711,107	38,604,688
Total assets	61,212,235	63,778,500	2,532,847	63,745,082	63,778,500
Deferred outflows of resources	28,560,425	23,895,414	1,626,685	30,187,110	23,895,414
Other liabilities	3,010,276	4,140,426	323,362	3,333,638	4,140,426
Noncurrent liabilities	81,564,901	51,312,626	2,311,064	83,875,965	51,312,626
Total liabilities	84,575,177	55,453,052	2,634,426	87,209,603	55,453,052
Deferred inflows of resources	1,280,564	23,555,749	15,452	1,296,016	23,555,749
Net position:					
Net investment in capital assets	26,760,592	27,156,726	1,055,581	27,816,173	27,156,726
Restricted	3,675,231	4,321,142	-	3,675,231	4,321,142
Unrestricted	(26,518,904)	(22,812,755)	454,073	(26,064,831)	(22,812,755)
Total net position	$ 3,916,919	$ 8,665,113	$ 1,509,654	$ 5,426,573	$ 8,665,113

The largest portion of the District's net position remains its investment in capital assets (e.g., land, buildings, equipment, and construction in progress), less any outstanding debt used to acquire them. Capital assets are used to provide services to citizens and therefore are not regarded as being available to fund future spending. Similarly, though they are reported net of related debt, the capital assets themselves will not be used to liquidate these obligations.

An additional portion of the District's net position $3,675,231 represents resources that are subject to external restrictions on how they may be used, such as the workers' compensation claims and emergencies. The remaining balance of unrestricted net position was ($26,064,831).

At the end of the current fiscal year, the District is able to report positive balances in two of the three categories of net position. It is not uncommon for governments to report negative unrestricted net position, particularly in the

governmental activities column. Unrestricted net position deficits commonly arise because governments have long-term liabilities that they fund on a pay-as-you-go basis, appropriating resources annually as payments come due rather than accumulating assets in advance. The District's deficit in unrestricted net position for governmental activities is ($26,518,904) in the current year as a result of the continuing impact of Governmental Accounting Standards Statement (GASB) 68 and GASB 75. The unrestricted net position of the District's business-type activities of $454,073 may not be used to fund governmental activities.

Truckee Meadows Fire Protection District's Changes in Net Position

	Governmental Activities		Business-type Activities	Total

Prior period adjustment	644,759	-	(631,822)	12,937	-
Net position, June 30	$ 3,916,919	$ 8,665,113	$ 1,509,654	$ 5,426,573	$ 8,665,113

Governmental Activities. Governmental activities decreased the District's net position at June 30, 2023 by $5,392,953. This decrease was largely driven due to the increase in the pension and OPEB liability for fiscal year 2023.

Revenues. The District's governmental activities revenues increased by $1,953,117, or 4.5%. The increases were primarily related to property taxes of $1,549,840 mostly due to construction growth within the District. Other increases include an increase in investment earnings in the amount of $905,640 primarily related to timing of the valuation of investments. These increases were offset by a decrease in reimbursements in the amount of $362,505 primarily related to reimbursements for wildland fire assistance to other local governments due to a less active fire season during fiscal year 2023 compared to 2022.

Expenses. The District's governmental activities expenses increased by $5,309,589 or by 12.3% which was primarily due to salary and benefit increases, including additional costs related to pension and OPEB, and increases in the number of employees due to the growth of the District.

Net Position. The District's governmental activities net position decreased by $5,392,953 during the fiscal year ended June 30, 2023 due to activities of the District offset by a prior period adjustment of $644,759. The District's total net position increased by $461,098 during the fiscal year ended June 30, 2022. The current year's decrease was primarily caused by net increases in other postemployment benefits and pension costs which are based on actuarial assumptions and a transfer of cash and capital assets to the Emergency Medical Services Enterprise Fund formed as of July 1, 2022. The prior period adjustment of $644,759 is mostly due to the transfer of liabilities to the newly formed enterprise fund. More information on the change in financial reporting entity can be found in Note 12 to the financial statements.

Business-type Activities. Net position for the year ended June 30, 2023 for the District's Business-type activities is $1,509,654. Fiscal Year 2023 is the first year of activity for the District's singular enterprise fund, the Emergency Medical Services Enterprise (EMS) Fund. The EMS Fund accounts for activities related mostly to ambulance services.

Total revenues for the business-type activities are $3,001,606. The majority of these revenues are charges for services of $2,941,810, or 98.0% of total revenues, are a result of patient and insurance payments of $1,221,708 and $1,720,102 from the Ground Emergency Medical Transportation Program which offers reimbursement from Medicaid to public agencies.

Total expenses for the business-type activities are $3,357,709. The majority of these expenses are employee related for salaries and benefits of $2,712,378 or 81.1% of total operating expenses. The EMS fund has three permanent employees and also records employee expenses related to any paramedic assigned daily to ambulances. Other expenses include services and supplies, including medical supplies of $540,598 and $89,604 of depreciation for ambulances and equipment used by the EMS Fund.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of $16,189,474 a decrease of $809,061 or 4.8% in comparison with the prior year. This decrease was primarily caused by planned one-time capital expenditures. The purchases are included in the governmental funds however, the related capital assets are not current economic resources therefore the value of the asset is not included in the governmental funds. Approximately 56.3% of the combined ending fund balance is available for spending at the government's discretion (unassigned fund balance).

The General Fund is the primary operating fund of the District. For the fiscal year ended June 30, 2023, the total fund balance for the General Fund was $13,190,280. The total fund balance includes an assigned fund balance of $4,067,184 which consists of $310,286 assigned for encumbrances, $3,492,074 appropriated to the fiscal year 23/24

budget and $264,824 assigned to pay out accrued sick and annual compensation balances. The remaining fund balance consists of $4,730 in nonspendable fund balance, and $9,118,366 unassigned.

The total fund balance for the General Fund in the amount of $13,190,280 is an increase of $1,224,510 from the prior year. This increase is primarily caused by transfers from the emergency fund for deposits over the legal limit in the emergency fund.

As a measure of the General Fund's liquidity, it may be useful to compare the June 30, 2023 total fund balance not attributable to the Stabilization Fund or the Sick Annual Comp Benefits Fund of $12,292,019 to fund expenditures. The fund balance represents 32.3% of total General Fund expenditures. This represents approximately 3.9 months' worth of expenditures. The fund balance will give the District's General Fund sufficient cash flow to meet its operational obligations.

The District's Emergency Fund was established according to NRS 474 for the funding for unforeseen emergencies, primarily large wildland fires and other natural disasters. In fiscal year 2023, the District experienced a decline in large wildland fire activities. Total expenditures were $2,212,861, a decrease of $444,442 from the prior year. The Emergency Fund's revenue for fiscal year 2023 was $2,350,827, a decrease of $983,024 over the prior year. This decrease is primarily related to the decrease in wildland fire activities during the fiscal year.

The Capital Projects Fund activity in fiscal year 2023 included reimbursements of $913,522 from the 911 Emergency Response Advisory Committee for costs associated with a fire station alerting system. Purchases from the Fund, included among other things, the remodel of two current fire stations, development of a new fire station alerting system, and two new ambulances.

The Debt Service Fund was established in fiscal year 2022, expenditures from the Fund, included principal and interest payments on the three outstanding general obligation bonds.

Proprietary funds. Proprietary fund statements provide the same type of information found in the government-wide financial statements, but in greater detail and at the individual fund level. They are accounted for using the full accrual basis of accounting; therefore, no reconciliation is required to the government-wide statements.

The EMS Fund, a major fund, was established as of July 1, 2023 to account for emergency medical services provided by the District, mostly in the form of ambulance transfers. The change in net position of the fund was $2,141,476 for the first year of activities. Revenues resulted in charges for service of $2,941,810 for patient and insurance billings and GEMT reimbursements. Total operating expenses were $3,342,580 mostly related to employee costs to provide these services.

The District's Workers Compensation Internal Service fund provides information on the workers' compensation program of the District. The net position of the Workers' Compensation Internal Service Fund as of June 30, 2023, was $1,563,288, an increase of $259,797 from the prior year. The primary reason for the increase is a change in the estimated liability related to claims and judgements that more accurately represent the liabilities of the District.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. The District's capital assets as of June 30, 2023, amount to $39,711,107 (net of accumulated depreciation and amortization). This net investment in capital assets includes land, construction in progress, buildings and building improvements, leased buildings, vehicles, software, equipment, right-to-use leased assets, and subscription assets. Refer to Note 4 for further detail.

Long-term debt. The District's long-term bonded debt consists of $7,000,000 issued during fiscal year 2022 for the acquisition and construction of major capital facilities, $2,100,000, issued during fiscal year 2021 for the acquisition and construction of major capital facilities and equipment and $4,415,000 issued during fiscal year 2020, for the purchase and buildup of vehicles and apparatus. Scheduled principal payments of $742,000 were made during the year. Other long-term obligations of the District included leases payable, compensated absences, such as accrued vacation and sick leave, and estimated workers compensation' claims. Refer to the notes to the financial statements for further detail.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The District relies primarily on two types of tax revenues. The first of these is ad valorem or property taxes and is directly affected by the assessed property tax values in Washoe County, Nevada. Property tax revenues are projected to increase for 2023-2024. Assessed values increased by 26.55% for the coming fiscal year.

- The second significant tax revenue for the District, the consolidated tax, consists primarily of sales taxes. For the year ended June 30, 2023, taxable sales in Washoe County increased by .9% over the previous fiscal year. For the fiscal year ending June 30, 2024, the District budgeted sales tax revenue consistent with projections obtained from the State of Nevada Department of Taxation.

These factors were considered in preparing the District's budget for the 2024 fiscal year.

REQUESTS FOR INFORMATION

The financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Truckee Meadows Fire Protection District, 3663 Barron Way, Reno, Nevada 89511.

Truckee Meadows Fire Protection District

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Year Ended June 30, 2023

Amounts reported for governmental activities in the statement of activities are different because:		
Net change in fund balances - total governmental funds		$ (809,061)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are allocated over the estimated useful lives and reported as depreciation expense.		
Expenditures for capital assets	$3,281,934	
Less current year depreciation/amortization	(2,043,494)	
		1,238,440
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in governmental funds.		
Change in unavailable revenue		(699,881)
Bond and other debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities and/or deferred outflows of resources in the Statement of Net Position. Repayment of bond and other debt principal is an expenditure in governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This is the amount by which bonds issued exceeded repayments:		
Principal paid on bonds	742,000	
Principal paid on leases	985	
Principal paid on IT subscriptions	34,971	
		777,956
Some expenses reported in the statement of activities do not require the use of current financial resources, and, therefore, are not reported as expenditures in governmental funds:		
Change in compensated absences	(888,202)	
Change in accrued interest	20,796	
		(867,406)
In the statement of activities, the gain or loss on the disposal of capital assets is reported. In the governmental funds, the gain or loss is not reported. Thus, the change in net position differs from the change in fund balances by the cost of the assets sold less the balance in accumulated depreciation.		(67,656)
In the statement of activities, the transfer of capital assets to business-type funds are reported as transfers out. Capital assets, used in governmental activities are not financial resources, and, therefore are not reported in the funds		(664,579)
Governmental funds report pension and other postemployment benefits (OPEB) contributions as expenditures. However, in the Statement of Activities, the cost of pension and OPEB benefits earned is reported as pension expense.		
OPEB contributions	1,300,000	
OPEB expense	(2,018,430)	
Pension contributions	3,196,344	
Pension expense	(7,038,477)	
		(4,560,563)
The internal service funds are used by management to account for the costs of retiree health medical expenses and workers' compensation. The net revenue of the internal service funds is reported with governmental activities.		259,797

Note 1 - Summary of Significant Accounting Policies

Reporting Entity

Truckee Meadows Fire Protection District (District) is a municipality of the State of Nevada located in Washoe County, Nevada. The District is governed by the Board of Fire Commissioners. The Washoe County Board of County Commissioners functions as the Board of Fire Commissioners of the District.

The County has no financial benefit or burden relationship with the District and the District is a legally separate organization from the County. However, the Board of County Commissioners acts as the Board of Fire Commissioners of the District and as such, as defined in governmental accounting standards generally accepted in the United States of America, the District has been classified as a discretely presented component unit of the County.

Government-Wide and Fund Financial Statements

The government-wide financial statements (Statement of Net Position and the Statement of Activities) report information about the activities of the District. The effect of interfund activity has been removed from these statements.

The Statement of Activities demonstrates the degree to which the direct expenses of the public safety function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The fund financial statements provide information about the funds of the District. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements and the proprietary funds' financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds report liabilities in connection with resources that have been received, but not yet earned. Expenditures generally are recorded when the related liabilities are incurred, as under accrual accounting. However, debt service expenditures, including lease and IT subscription liabilities, as well as expenditures related to compensated absences, postemployment benefits, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions, including entering into agreements giving the District the right to use leased assets and IT subscriptions, are reported as expenditures in governmental funds. Issuance of long-term debt and financing through leases and IT subscriptions are reported as other financing sources.

Property taxes, licenses and permits, intergovernmental revenues, and interest earnings associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Other revenue items are considered to be measurable and available only when cash is received by the District.

The focus of proprietary fund measurement is upon determination of operating income or loss, changes in net position, financial position, and cash flows. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. Operating expenses for internal service funds include the cost of services (employee benefits). All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The generally accepted accounting principles applicable are those similar to businesses in the private sector.

The District's Workers' Compensation Internal Service Fund is the only internal service fund. The financial statements of the Workers' Compensation Internal Service Fund are consolidated into the governmental activities column when presented in the government-wide financial statements. The costs of these services are reported in the public safety function. The effect of interfund activity has been removed from the government-wide financial statements.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the District, except those accounted for in another fund.

The Wildland Fire Emergency Reserve Fund (the Emergency Fund), a special revenue fund under Nevada Revised Statutes (NRS), was created to account for the cost of unforeseen large wildland fire emergencies pursuant to NRS 474.510.

The Capital Projects Fund, a capital projects fund, accounts for the financial resources to be used for the acquisition and construction of major capital assets.

The government reports the following major proprietary fund:

The Emergency Medical Services Enterprise Fund, created as of July 1, 2022, accounts for the activities of the ambulance and other emergency medical services provided within the District.

Additionally, the District reports the following fund types:

The Debt Service Fund is used to account for the accumulation of resources that are restricted, committed, or assigned for the payment of principal and interest on long-term obligations of governmental funds.

The Workers' Compensation Fund Internal Service Fund accounts for the workers' compensation activity.

Cash Deposited and Invested with Washoe County Treasurer

A majority of all cash transactions of the District are handled by the Washoe County Treasurer's office. Cash balances are pooled and, to the extent practicable, invested as permitted by law in combination with Washoe County funds.

For purposes of the Statement of Cash Flows, cash equivalents are defined as short-term, highly liquid investments, generally with original maturities of three months or less. The District's cash and investments pooled with Washoe County funds and the District's payroll cash account are available upon demand, therefore all cash and investments of the District are considered to be cash equivalents.

Taxes Receivable

Real and personal property taxes receivable reflect only those taxes receivable from the delinquent roll years. No provision for uncollectible accounts has been established since management does not anticipate any material collection loss in respect to the remaining balances.

Personal property taxes receivable reflect only those taxes management believes to be collectible.

Amounts not collected within 60 days after year-end have been recorded as deferred inflows of resources at the governmental fund level.

Receivables

The allowance method is used to provide for estimated uncollectible amounts. At June 30, 2023, the allowance for uncollectible accounts receivable was $1,345,977 in the Emergency Medical Services Enterprise Fund.

Deposits and prepaid items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as deposits and prepaid items in both the government-wide and fund financial statements. The amounts of deposits and prepaid items are recorded as expenditures/expenses when consumed rather than when purchased.

Capital Assets

Capital assets, which include land, buildings and improvements, and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than $10,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost (except for intangible right-to-use leased assets, the measurement of which is discussed in more detail below). Donated capital assets are recorded at estimated fair market value at the date of donation.

Right-to-use leased assets are recognized at the lease commencement date and represent the District's right to use an underlying asset for the lease term. Right-to-use leased assets are measured at the initial value of the lease liability plus any payments made to the lessor before commencement of the leased term, less any lease incentives received from the lessor at or before the commencement of the lease term, plus any initial direct costs necessary to place the lease asset into service. Right-to-use leased assets are amortized over the shorter of the lease term or useful life of the underlying asset using the straight-line method.

IT subscription assets are recognized at the subscription commencement date and represent the District's right to use the underlying IT asset for the subscription term. IT subscription assets are measured at the initial value of the subscription liability plus any payments made to the vendor at the commencement of the subscription term, less any subscription incentives received from the vendor at or before the commencement of the subscription term, plus any capitalizable initial implementation costs necessary to place the subscription asset into service. IT subscription assets are amortized over the shorter of the subscription term or useful life of the underlying asset using the straight-line method.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Land and construction in progress are not depreciated. The other tangible and intangible property, plant, equipment, and the right to use leased buildings and equipment are depreciated/amortized using the straight-line method over the following estimated useful lives, or lease term, whichever is shorter:

Land improvements	20 -40 years
Buildings	40 years
Right-to-use buildings	15 years
Building improvements	10 - 20 years
Vehicles and equipment	5-20 years
Intangibles	3-10 years
IT Subscriptions	3-4 years

Pension

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employees' Retirement System of the State of Nevada (PERS) Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Postemployment Benefits

The District provides other postemployment benefits (OPEB) for eligible employees through a single-employer defined benefit OPEB plan. The plan is administered through the Washoe County, Nevada OPEB Trust (Trust), an irrevocable trust established on May 11, 2010 by the Board of County Commissioners. The Trust is a multiple employer trust and was created to fund and account for the participating employers' costs of retiree healthcare benefits pursuant to NRS 287.017. The District's net OPEB liability is measured as of June 30, 2022, and the total OPEB liabilities used to calculate the net OPEB liability are determined by actuarial valuations as of July 1, 2022.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position and Governmental Funds Balance Sheet may report a separate section for deferred outflows of resources. The separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District recognizes deferred outflow of resources as it related to the net pension liability and other postemployment benefits.

In addition to liabilities, the Statement of Net Position and Governmental Funds Balance Sheet may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District recognizes deferred inflow of resources as it relates to the net pension liability and net other postemployment liability on the Statement of Net Position. In addition, the District recognizes deferred inflows of resources as they relate to property taxes, intergovernmental, charges for services, and reimbursements in the governmental fund financial statements.

Long-Term Liabilities

In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts and any prepaid bond insurance, if applicable, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Prepaid bond insurance costs are reported as deferred charges and amortized over the term of the related debt. Debt issuance costs are expensed during the current period.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance cost, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Leases

At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made.

Key estimates and judgments related to leases include how the District determines the discount rate it uses to discount the expected lease payments to present value, the lease term, and the lease payments are:

The District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for leases.

The lease term includes the noncancellable period of the lease plus any renewals expected to be exercised. Lease payments included in the measurement of the lease liability are composed of fixed payments.

The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

IT Subscription Liabilities

At the commencement of an IT subscription, the District initially measures the IT subscription liability at the present value of payments expected to be made during the subscription term. Subsequently, the IT subscription liability is reduced by the principal portion of IT subscription payments made.

Key estimates and judgments related to IT subscription include how the District determines the discount rate it uses to discount the expected IT subscription payments to present value, the IT subscription term, and the IT subscription payments are:

The District uses the interest rate charged by the IT subscription provider as the discount rate. When the interest rate charged by the IT subscription provider is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for IT subscription.

The IT subscription term includes the noncancellable period of the IT subscription plus any renewals expected to be exercised. IT subscription payments included in the measurement of the IT subscription liability are composed of fixed payments.

The District monitors changes in circumstances that would require a remeasurement of its IT subscription and will remeasure the IT subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the IT subscription liability.

IT subscription assets are reported with other capital assets and IT subscription liabilities are reported with long-term debt on the statement of net position.

Compensated Absences

The costs involved in vacation time and sick leave benefits are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured as a result of employee resignations and retirements; costs are recorded as payroll costs only when the accumulated benefits are paid or accrued as a result of a termination of service.

The District provides for payment of accrued vacation and accrued comp time upon death, retirement, termination or permanent disability. Employees who are members of the International Association of Fire Fighters (IAFF) Local 2487 upon death, retirement or permanent disability after twenty years of enrollment with the Public Employees' Retirement System of the State of Nevada (PERS) shall be compensated for total accrued sick leave at the rate of 75% for every hour earned increasing by 5% per year up to a maximum of 100% at 25 years of PERS enrollment. For employees who are not members of IAFF Local 2487, upon death, retirement, permanent disability, or termination of an employee after ten years of full-time employment or its equivalent if the employee has not served as a full-time employee for reasons other than discharge for just cause, shall be compensated for total accrued sick leave at the rate of one hour for every three hours earned up to a maximum hour limitation.

Fund Equity

In the government-wide and proprietary fund financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, including leased assets, net of accumulated depreciation/amortization and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets, if applicable.

Restricted Net Position – Consists of net position with constraints placed on its use either by (1) external groups such as creditors, contributors, or laws or regulations; (2) law through constitutional provisions or enabling legislation.

Unrestricted Net Position – All other net position that does not meet the definition of restricted or net investment in capital assets.

When an expenditure is incurred for purposes for which both restricted and unrestricted amounts are available, the District considers restricted funds to have been spent first.

In the governmental fund financial statements, fund balances are classified based primarily on the extent to which the District is bound to observe constraints imposed on the use of the resources in the fund:

Nonspendable Fund Balance - Includes amounts that cannot be spent because they are not in spendable form. For the District this includes deposits and prepaids.

Restricted Fund Balance - Occurs when constraints are placed on the use of resources externally (such as through debt covenants or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation). For the District, the restricted fund balance consists of restricted assets for debt service, emergency resources, and workers' compensation claims.

Committed Fund Balance - Represents amounts that can be used only for the specific purposes determined by of the adoption of an ordinance committing fund balance for a specified purpose by the District's Board of Fire Commissioners prior to the end of the fiscal year. Once adopted, the limitation imposed by the Board of Fire Commissioners remains in place until the resources have been spent for the specified purpose or the Board of Fire Commissioners removes or revises the limitation. For the District, the committed fund balance consists of committed assets for capital projects.

Assigned Fund Balance - Represents amounts that are constrained by the District's intent to be used for specific purposes and consists of the District's encumbrances as approved by the Board of Fire Commissioners and the amount of fund balance to be expended in the ensuing fiscal year as approved by the Board of Fire Commissioners and amounts internally reported for sick and annual compensation benefits.

Unassigned Fund Balance - Represents the residual amount for the general fund that is not contained in the other classifications. The general fund is the only fund that reports a positive unassigned fund balance.

When expenditures are incurred for purposes for which amounts in any unrestricted fund balance classifications could be used, committed funds, if any, are to be spent first, assigned funds second, and unassigned funds last.

Use of Estimates

The preparation of these financial statements includes estimates and assumptions made by management that affect the reported amounts. Actual results could differ from those estimates. Significant estimates include the valuation of the net pension liability, OPEB liability, valuation of compensated absences, valuation of workers' compensation claims liabilities, estimated useful lives of depreciable capital assets and the allowance for uncollectible accounts.

Property Taxes

All real property in the District is assigned a parcel number in accordance with state law, with each parcel being subject to physical reappraisal every five years. A factoring system is used to adjust the appraised value during the years between physical appraisals. The valuation of the property and its improvements is being assessed at 35 percent of "taxable value" as defined by statute. The amount of tax levied is determined by multiplying the assessed value by the tax rate applicable to the area in which the property is located.

Taxes on real property are a lien on the property and attach on July 1 of the year for which the taxes are levied.

Taxes may be paid in four installments payable on the third Monday in August, and the first Mondays in October, January, and March, to the Treasurer of Washoe County. Penalties are assessed if a taxpayer fails to pay an installment within ten days of the installment due date. After a two-year waiting period, if taxes remain unpaid, a tax deed is issued conveying the property to the County with a lien for back taxes and accumulated charges. Redemption may be made by the owner and such persons as described by statute by paying all back taxes and accumulated penalties, interest, and costs before sale.

Taxes on personal property are collected currently. Personal property declarations are mailed out annually and the tax is computed using percentages of taxable values established by the Department of Taxation and tax rates described above.

The major classifications of personal property are commercial and mobile homes. In Washoe County, taxes on motor vehicles are collected by a State agency and remitted to the local governments in the County as part of the Consolidated Tax distribution.

Charges for Services

The District presents charges for service net of discounts and write-offs. The total amount of discounts and write-offs included in the Emergency Medical Services Enterprise Fund were $3,364,820 as of June 30, 2023.

Implementation of GASB Statement No. 96

As of July 1, 2022, the Truckee Meadows Fire Protection District implemented GASB Statement No. 96, *Subscription-Based Information Technology Arrangements (SBITA)*. The implementation of this standard establishes that a SBITA results in a right to use IT subscription asset - an intangible asset - and a corresponding liability. The standard provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA. The effect of implementation of this standard on beginning net position is disclosed in note 12 and the additional disclosures required by this standard are included in Notes 4, 5 and 7.

Implementation of GASB Statement No. 100

As of July 1, 2022, the Truckee Meadows Fire Protection District implemented GASB Statement No. 100, *Accounting Changes and Error Corrections*. The implementation of this standard requires that the aggregate amount of adjustments to and restatements of beginning net position, fund balance, or fund net position, as applicable, be displayed by reporting unit in the financial statements for certain changes to the reporting entity. The additional disclosures required by this standard are included in Note 12.

Note 2 - Compliance with Nevada Revised Statutes and the Nevada Administrative Code

Actual expenditures of the District's Emergency Fund exceeded the statutory limit by $38,159. The District provides fire support to other local governments during the fiscal year ending June 30, 2023. These support services are reimbursable under agreements with other fire agencies. The District augmented its budget for anticipated expenditures and revenues for these services, however the District underestimated the expenditures and revenues by $38,519.

The District conformed to all other significant statutory and administrative code constraints on its financial administration during the year.

Note 3 - Cash and Investments

The District is a voluntary participant in the Washoe County Investment Pool (WCIP). The Washoe County Board of County Commissioners administers and is responsible for the WCIP in accordance with NRS 355.175. The investment pool is not registered with the SEC as an investment company. Public Financial Management, LLC determines the fair value of the investment pool monthly. Washoe County has not provided or obtained any legally binding guarantees during the audit period to support these values. Each participant's share is equal to their investment plus or minus their pro-rata portion of monthly interest income and realized and unrealized gains/losses. The related fair value is $18,530,520 as of June 30, 2023. The District's total cash and investments is as follows at June 30, 2023:

Cash	$ 201,217
WCIP	18,530,520
Total cash and investments	$ 18,731,737

Restricted cash and investments of $600,000 in the debt service fund is restricted for the payment of principal and interest on bond issuances.

Credit Risk

Fixed income securities are subject to credit risk. Credit risk refers to the risk that a borrower will default on debt by failing to make required payments. The District does not hold any such investments directly, but participates in the WCIP. The WCIP is unrated by recognized statistical rating agencies.

Custodial Credit Risk

Custodial credit risk is the risk that an entity's deposits, which are in the possession of an outside party, will not be returned to the entity if the counterparty fails. Balances in the WCIP and the District's Payroll account are covered by one or more of the following: Federal depository insurance, the Securities Investor Protection Corporation, collateral held by the District's agent in the District's name, or by collateral held by depositories in the name of the Nevada Collateral Pool, and the balances are not exposed to custodial credit risk.

Note 4 - Capital Assets

During the year ending June 30, 2023, the District implemented GASB Statement 96, *Subscription-Based Information Technology Arrangements* and GASB Statement 100, *Accounting Changes and Error Corrections.* Beginning capital assets balances as of July 1, 2022, have been restated to recognize the beginning values of IT subscription assets and to recognize adjusted beginning balances for a change to the financial reporting entity.

Capital asset activity for the year ended June 30, 2023 was as follows:

Government Activities:

Capital Assets - Governmental Activites	Balance July 1, 2022 As Restated	Increases	Decreases	Balance June 30, 2023
Capital assets, not being depreciated				
Land	$ 5,526,257	$ -	$ -	$ 5,526,257

Note 5 - Long-Term Liabilities

General obligation bonds

The Capital Improvement Bonds Series 2020 and the Capital Improvement Bonds Series 2021 for the acquisition and construction of major capital facilities and equipment are direct obligations and pledge the full faith and credit of the District. These bonds are additionally secured by a pledge of 15% of certain proceeds of liquor taxes, tobacco taxes, real property transfer taxes, basic governmental services tax and basic and supplemental sales taxes. During the fiscal year 2023, principal and interest paid on these bonds totaled $527,210 and pledged revenues totaled $1,666,477.

General obligation bonds outstanding at June 30, 2023, are as follows:

	Issue Date	Final Payment Date	Interest Rate	Original Amount	Principal Outstanding
Direct Placement: General Obligations:					
Medium-term Equipment Bonds Series 2020	3/10/2020	3/1/2030	1.50%	$ 4,415,000	$ 3,167,000
Capital Improvement Bonds Series 2020	10/21/2020	6/1/2035	1.53%	2,100,000	1,707,000
Publically Offered: General Obligations:					
Capital Improvement Bonds Series 2021	7/28/2021	6/1/2046	2.0% - 4.0%	7,000,000	6,600,000
				$13,515,000	$11,474,000

The District's outstanding medium-term equipment bonds related to governmental activities of $3,167,000 contain a provision that in an event of default, the bond owner may institute legal proceedings against the District and the interest rate may be increased to 1.92% annually.

Interest expense of $241,421 for the year was recorded by the District.

Long-term activity

During the year ending June 30, 2023, the District implemented GASB Statement 96, *Subscription-Based Information Technology Arrangements* and GASB Statement 100, *Accounting Changes and Error Corrections.*

Long-term liability activity as of July 1, 2023, have been restated to recognize the beginning values of subscription liabilities and to recognize adjusted beginning balances for a change to the financial reporting entity.

Long-term liability activity for the year ended June 30, 2023 was as follows:

Governmental Activities:	Amount Outstanding July 1, 2022 As restated	Additions	Reductions	Amount Outstanding June 30, 2023	Due Within One Year
Bonds payable					
General Obligation Bonds	$ 12,216,000	$ -	$ 742,000	$ 11,474,000	$ 761,000
Premium	425,667		17,798	407,869	-
Total Bonds Payable	$ 12,641,667	$ -	$ 759,798	$ 11,881,869	$ 761,000
Leases	14,050	-	985	13,065	1,000
IT Subscription Liabilities	34,971	-	34,971	-	-
Compensated absences	7,522,397	3,713,496	2,825,294	8,410,599	3,194,759
Claims and judgments	994,615	-	240,649	753,966	68,081
	$ 21,207,700	$ 3,713,496	$ 3,861,697	$ 21,059,499	$ 4,024,840

Compensated absences are generally liquidated from the General Fund, leases and subscription liabilities will be liquidated through the General Fund, and claims and judgments are liquidated from the Workers' Compensation Internal Service Fund. General Obligation Bonds will be liquidated through transfers to the Debt Service fund from the General fund.

Business-type Activities:	Amount Outstanding July 1, 2022 As restated	Additions	Reductions	Amount Outstanding June 30, 2023	Due Within One Year
Compensated absences	$ 132,931	$ 80,813	$ 29,478	$ 184,266	$ 34,396

Compensated absences are generally liquidated from the Emergency Medical Services Enterprise Fund.

The debt service requirements for the District's bonds are as follows:

Year Ended June 30,	Principal	Interest
2024	$ 761,000	$ 246,141
2025	780,000	229,687
2026	794,000	212,697
2027	814,000	195,371
2028	834,000	177,495
2029-2033	2,990,000	627,463
2034-2038	1,791,000	386,032
2039-2043	1,640,000	223,875
2044-2046	1,070,000	48,487
	$ 11,474,000	$ 2,347,248

Note 6 - Leases

As of June 30, 2023, the District has an agreement to lease a fire station and has recognized an initial right to use asset of $15,020 and a lease liability of $15,020 related to this agreement at commencement. The District is required to make annual principal and interest payments of $1,200. During the fiscal year, the District recorded $1,073 in amortization expense and $215 in interest expense for the right to use fire station. The District used a discount rate of 1.53%, based on the District's construction borrowing rate at lease agreement date. The lease agreement commenced of January 21, 2020, for a term of five years. The lessee has the right, at their option, to extend the term for two consecutive periods of five years each.

The remaining obligations associated with these leases are as follows:

Year Ending June 30,	Principal Payments	Interest Payments
2024	$ 1,000	$ 200
2025	1,015	185
2026	1,031	169
2027	1,047	153
2028	1,063	137
2029-2033	5,563	437
2034-2035	2,346	54
Totals	$ 13,065	$ 1,335

Note 7 – IT Subscriptions

As of June 30, 2023, the District has two subscription-based information technology arrangements as follows.

The District has an agreement for human resources software with an initial IT subscription asset of $59,945 and an initial IT subscription liability of $51,945 at commencement. The District was required to make principal and interest payments of $27,158 for the year ended June 30, 2023. The District used a discount rate of 1.53%, based on the District's borrowing rate at IT subscription agreement date. The IT subscription agreement commenced on February 28, 2021, for a term of three years.

The District has an agreement for payroll analysis software has an initial IT subscription asset of $37,565 and an initial IT subscription liability of $30,565. The District makes principal and interest payments of $7,500 increased annually by 3%. The District used a discount rate of 3%, as stated in the IT subscription agreement date. The IT subscription agreement commenced on February 20, 2020, for a term of one year. The District has the right, at their option, to extend the term for three consecutive periods of one year each.

Note 8 - Interfund Activity

Interfund transfers for the year ended June 30, 2023, consisted of the following:

	Transfers in				
	General Fund	Capital Projects Fund	Emergency Medical Service Fund	Debt Service Fund	Total Transfers out
Transfers out:					
General Fund	$ -	$ 2,250,000	$ 1,833,000	$ 370,119	$ 4,453,119
Capital Projects Fund	-	-	-	1,233,941	1,233,941
Emergency Fund	1,263,000	-	-	-	1,263,000
Total transfers in	$ 1,263,000	$ 2,250,000	$ 1,833,000	$ 1,604,060	$ 6,950,060

The transfer from the General Fund to the Capital Projects Fund was used to move unrestricted, one-time savings to fund one-time capital outlay expenditures. The transfer from the Emergency Fund to the General Fund was for the total cash balance over amounts allowed by statute at year end. The transfers from the Capital Projects Fund and the General Fund to the Debt Service Fund were to make scheduled debt payments. The transfer to the Emergency Medical Service Fund was used for start up costs and overhead costs for the newly created fund. The transfer of $664,579 from governmental activities to business-type activities were capital assets used in governmental activities transferred to the business-type activities during the year.

Note 9- Postemployment Benefits Other than Pensions (OPEB)

Defined Benefit Plan

Plan Description and Eligibility

Prior to July 1, 2000, the District provided health insurance benefits to retired employees through a single-employer defined benefit plan. At June 30, 2000, ten retirees were participating in the District's health benefits program. On July 1, 2000, pursuant to an Interlocal Agreement for Fire Services and Consolidation, District fire operations were transferred to the City of Reno and the City accepted liability for the ten retirees under this plan. In accordance with the Interlocal Agreement, the District pays a proportionate share of employees' retiree health benefit costs based on service earned prior to July 1, 2000, for those employees who transferred employment to the City of Reno and retired prior to June 30, 2012 or during the term of the Interlocal Agreement. Health benefits under the City's plan included medical, prescription, vision, dental and life insurance.

The Interlocal Agreement was terminated on June 30, 2012, and the District assumed responsibility for its own fire district operations as of July 1, 2012. As of June 30, 2012, in preparation of standing up the new fire operations, 11 former Reno firefighters transferred to the District with the provision the District would provide retiree health benefits for those 11 employees. Any former District employees remaining employed by the City of Reno as of July 1, 2012 retained retiree health benefits with the City and the City retained the liability for those employees. Benefits under the new District plan, a single-employer defined benefit plan, include health, dental, vision and prescription coverage. Eligible retirees who retire from the District will be required to pay for 50% of the retirees' health insurance premium and 100% of the cost of coverage for their families. Eligibility requirements, benefit levels, employee contributions and employer contributions may be amended by the mutual agreement of the Truckee Meadows Fire Protection District and the District's Fire Firefighters' Association.

As of July 1, 2010, the Plan is administered through an irrevocable trust, Washoe County, Nevada OPEB Trust (Trust), established on May 11, 2010, by the Board of Washoe County Commissioners. The Trust, a multiple-

employer trust, was created to fund and account for the participating employers' costs of retiree healthcare benefits pursuant to Nevada Revised Statutes 287.017. The District is a participating employer in the Trust. Complete financial statements of the Trust may be obtained by writing to: OPEB Trust, c/o Washoe County Comptroller's Office, 1001 E. 9th Street Ste D200, Reno, Nevada, 89512.

Employees covered by benefit terms. As of the measurement date of June 30, 2022, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments:	59
Active employees:	192

Actuarial assumptions and other inputs

The District's total OPEB liability of $15,845,799 was measured as of June 30, 2022 was based on the valuation date of July 1, 2022. Projections of the sharing of benefit-related costs are based on established pattern of practice. Actuary valuations include projections of the sharing of benefit-related costs that are based on an established pattern of practice. The total OPEB liability in the actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial funding method	Entry Age Normal Level Percent of Pay Cost Method
Amortization method	Level dollar amount over 20 years on a closed basis from June 30, 2011
Inflation	2.35%
Salary increases	
0-4 years of service	12% for two years, 9.30% after two years
5 + years of service	4.5% for two years, 2.35% after two years
Discount rate	5.75%
Long Term Expected Rate of Return	5.75%
Healthcare cost trend rates	
Retirees	Range between 3.7% to 6.5% annually
Retirees' share of benefit-related costs	
Retirees before June 30, 2012 under City of Reno Plan	
(Pre-65)	40% retiree and dependent
(Post-65)	50% retiree and 100% dependent
TMFPD Retirees	50% retiree and 100% dependent

Changes of assumptions and other inputs reflect a change in the long-term inflation assumption from 2.5 percent as of the measurement date of June 30, 2020 to 2.35 percent as of the measurement date of June 30, 2022. Other changes include a change in assumption in salary increases from 8.00 for two years declining to 7.5 percent for the remaining years percent for 0-4 years of service as of the measurement date of June 30, 2020 to 12.0 percent for two years declining to 9.3 percent for the remaining years and from 3.0 percent for two years declining to 2.5 percent for the remaining years for 5 plus years of service to 4.0 percent for two years declining to 2.35 percent for the remaining years. The investment rate of return of 5.75%, net of investment expenses, was selected by the District. This is based on the investment policy of State of Nevada's Retiree Benefit Investment Fund (RBIF) where the District invests its assets to fund its OPEB liabilities. This rate is derived based on the RBIF's investment policy (shown in the following table) and includes a 2.4% long-term inflation assumption.

Asset Class	Asset allocation
Foreign Developed Equity	21.50%
U.S. Fixed Income	28.00%
U.S. Large Cap Equity	50.50%

The discount rate was based on the long term rate of return on OPEB plan investments that are expected to be used to finance the payment of benefits to the extent that plan assets are projected to cover benefit payments and administrative expenses. To the extent that OPEB plan assets are insufficient to finance all OPEB benefits, the discount rate should be based on 20-year tax-exempt AA or higher Municipal Bonds as of the Measurement Date. Based on the District's current funding policy of funding the Trust annually to maintain a funded percentage of at least 80%, the Fiduciary Net Position and future expected contributions and earnings are projected to be sufficient such that the Trust remains solvent. Therefore, a discount rate of 5.75% is used in calculating the total OPEB liability.

Nevada Public Employees Retirement System (PERS) completed an experience study for employees and retirees in 2019. Based on the results of this study, Nevada PERS developed new assumed rates of retirement, withdrawal and disability. This experience study was used to update assumptions for retirement, withdrawal, mortality and disability. Mortality rates are based on the Pub-2010 mortality tables published by the Society of Actuaries adjusted to match Nevada PERS experience.

Changes in the OPEB Liability

	Total OPEB Liability	Increase/ (Decrease) in Plan Fiduciary Net Position	Net OPEB Liability
Balance at June 30, 2022 *(Measurement Date June 30, 2021)*	$ 13,758,538	$ 9,552,591	$ 4,205,947
Charges for the year:			
Service Cost	619,298	-	619,298
Interest on the total OPEB liability	822,087	-	822,087
Changes of benefit terms	756,058	-	756,058
Differences between actual and expected experience with regard to economic or demographic factors	600,538	-	600,538
Changes of assumptions	(547,072)	-	(547,072)
Benefit payments	(163,648)	(163,648)	-
Contributions from employer	-	850,000	(850,000)
Net investment income	-	(965,903)	965,903
Administrative expense	-	(22,396)	22,396
Total Changes	2,087,261	(301,947)	2,389,208
Balance at June 30, 2023 *(Measurement Date June 30, 2022)*	$ 15,845,799	$ 9,250,644	$ 6,595,155

Sensitivity of the total OPEB liability to changes in the discount rate

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4.75 percent) or 1-percentage-point higher (6.75 percent) than the current discount rate:

	1% Decrease in Discount Rate (4.75%)	Discount Rate (5.75%)	1% Increase in Discount Rate (6.75%)
Net OPEB liability	$ 8,618,230	$ 6,595,155	$ 4,887,530

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease in Healthcare Cost Trend	Healthcare Cost Trend	1% Increase in Healthcare Cost Trend
Net OPEB liability	$ 4,653,007	$ 6,595,155	$ 8,964,293

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2023, the District recognized OPEB expense of $2,039,676. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Inflows of Resources	Deferred Outflows of Resources
Differences between expected and actual experience	$ 726,033	$ 1,101,248
Changes in assumptions or other inputs	495,800	1,105,912
Net difference between projected and actual earnings	-	252,817
District contributions subsequent to the measurement date	N/A	1,300,000
Total	$ 1,221,833	$ 3,759,977

Deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date in the amount of $1,300,000 will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2024.

Other estimated amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows**:**

Year ended June 30,	Recognized Deferred (Inflows)/Outflows of Resources
2024	$ 402,105
2025	235,165
2026	80,446
2027	393,143
2028	86,344
Thereafter	40,941
Total	$ 1,238,144

Note 10 - Defined Benefit Pension Plan

Plan Description

The District contributes to the Public Employees' Retirement System of the State of Nevada (PERS). PERS administers a cost-sharing, multiple-employer, defined benefit public employees' retirement system which includes both Regular and Police/Fire members. PERS was established by the Nevada Legislature in 1947, effective July 1, 1948. PERS is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earnings capacities have been removed or substantially impaired by age or disability.

Benefits Provided

Benefits, as required by the Nevada Revised Statutes (NRS or statute), are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering PERS on or after January 1, 2010 and July 1, 2015. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this factor is 2.67% of average compensation. For members entering PERS on or after January 1, 2010, there is a 2.5% service time factor and for regular members entering PERS on or after July 1, 2015, there is a 2.25% factor. PERS offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Post-retirement increases are provided by authority of NRS 286.575 - .579.

Vesting

Regular members entering PERS prior to January 1, 2010, are eligible for retirement at age 65 with 5 years of service, at age 60 with 10 years of service, or at any age with 30 years of service. Regular members entering PERS on or after January 1, 2010, are eligible for retirement at age 65 with 5 years of service, or age 62 with 10 years of

service, or any age with 30 years of service. Regular members who entered PERS on or after July 1, 2015, are eligible for retirement at age 65 with 5 years of service, or at age 62 with 10 years of service or at age 55 with 30 years of service or any age with 33 1/3 years of service.

Police/Fire members entering PERS prior to January 1, 2010, are eligible for retirement at age 65 with 5 years of service, at age 55 with 10 years of service, at age 50 with 20 years of service, or at any age with 25 years of service. Police/Fire members entering PERS on or after January 1, 2010, are eligible for retirement at 65 with 5 years of service, or age 60 with 10 years of service, or age 50 with 20 years of service, or at any age with 30 years of service. Only service performed in a position as a police officer or firefighter may be counted towards eligibility for retirement as Police/Fire accredited service.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Both Regular and Police/Fire members become fully vested as to benefits upon completion of five years of service.

Contributions

The authority for establishing and amending the obligation to make contributions and member contribution rates, is set by statute. New hires, in agencies which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983, have the option of selecting one of two contribution plans. One plan, provides for matching employee and employer contributions, while the other plan provides for employer-pay contributions only. Under the matching Employee/Employer Contribution plan, a member may, upon termination of service for which contribution is required, withdraw employee contributions which have been credited to their account. All membership rights and active service credit in the System are canceled upon withdrawal of contributions from the member's account. If EPC was elected, the member cannot convert to the Employee/Employer Contribution plan and cannot withdraw these contributions.

PERS' basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due.

PERS receives an actuarial valuation on an annual basis indicating the contribution rates required to fund PERS on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450.

The actuary funding method used is the Entry Age Actuarial Cost Method. It is intended to meet the funding objective and result in a relatively level long-term contributions requirement as a percentage of salary

For the fiscal years ended June 30, 2023 and June 30, 2022, the Statutory Employer/employee matching rates were 15.50% for Regular and 22.75% for Police/Fire. The Employer-pay contribution (EPC) rate, for fiscal years ending June 30, 2023 and June 30, 2022 was 29.75% for Regular and 44.00% for Police/Fire.

The District's contributions were $3,972,705 for the year ended June 30, 2023.

PERS Investment Policy

PERS' policies which determine the investment portfolio target asset allocation are established by the PERS Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of PERS.

The following was the PERS Board adopted policy target asset allocation as of June 30, 2022:

Asset Class	Target Allocation	Long-term Geometric Expected Real Rate of Return
Domestic Stocks	42%	5.50%
International Stocks	18%	5.50%
U.S. Bonds	28%	0.75%
Private Markets	12%	6.65%

As of June 30, 2022, PERS' long-term inflation assumption was 2.50%.

Net Pension Liability

At June 30, 2023, the District reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's allocation percentage of the net pension liability was based on the District's total contributions due on wages paid during the measurement period. The District's proportion of the net pension liability is based on its employer contributions relative to the total employer contributions for all employers for the period ended June 30, 2022. At June 30, 2022, the District's proportion was .3104%, which is an increase of .02744% from the proportion measured as of June 30, 2021.

Pension Liability Discount Rate Sensitivity

The following presents the net pension liability of the District as of June 30, 2023, calculated using the discount rate of 7.25%, as well as what the District's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current discount rate:

	1% Decrease in Discount Rate (6.25%)	Discount Rate (7.25%)	1% Increase in Discount Rate (8.25%)
Net Pension Liability	$ 86,035,195	$ 56,037,045	$ 31,284,070

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the PERS Annual Comprehensive Financial Report, available on the PERS website.

Actuarial Assumptions

The District's net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation Rate	2.50%
Productivity Pay Increase	0.50%
Projected Salary Increases	Regular: 4.20% to 9.10%, depending on service Police/Fire: 4.60% to 14.5%, depending on service Rates include inflation and productivity increases
Investment Rate of Return/Discount Rate	7.25%
Consumer Price Index	2.50%
Payroll Growth	3.50%
Other Assumptions	Same as those used in the June 30, 2022 funding actuarial valuation

Mortality rates for regular and police/fire members are based on the following table:

Healthy:

Regular Members:
Pub-2010 General Healthy Retiree Amount-Weighted Above- Median Mortality Table (separate tables for males and females) with rates increased by 30% for males and 15% for females, projected generationally with the two-dimensional monthly improvement scale MP-2020.

The above listed mortality tables only provide rates for ages 50 and older. To develop mortality rates for ages 40 through 50, we have smoothed the difference between the rates at age 40 from the Pub- 2010 General Employee Amount-Weighted Above-Median Mortality Tables and the rates at age 50 from the Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Tables. To develop the mortality rates before age 40, we have used the Pub-2010 General Employee Amount-Weighted Above-Median Mortality Tables rates. This methodology for developing an extended annuitant mortality table is similar to the method used by the IRS to develop the base mortality table for determining minimum funding standards for single-employer defined benefit pension plans under Internal Revenue Code Section 430. While Section 430 is not applicable to the System, we believe this is a reasonable method for developing annuitant

Police/Fire Members:
Pub-2010 Safety Healthy Retiree Amount-Weighted Above-Median Mortality Table (separate tables for males and females) with rates increased by 30% for males and 5% for females, projected generationally with the two-dimensional mortality improvement scale MP-2020.

The above listed mortality tables only provide rates for ages 45 and older. To develop mortality rates for ages 35 through 45, we have smoothed the difference between the rates at age 35 from the Pub-2010 Safety Employee Amount-Weighted Above-Median Mowe have used the Pub-2010 we have used the Pub-2010 Safety Employee Amount-Weighted Above-Median Mortality Tables rates. This methodology for developing an extended annuitant mortality table is similar to the method used by the IRS to develop the base mortality table for determining minimum funding standards for single employer defined benefit pension plans under Internal Revenue Code Section 430. While Section 430 is not applicable to the System, we believe this is a reasonable method for developing annuitant mortality rates at earlier ages.

Disabled:

Regular Members:

Pub-2010 Non-Safety Disabled Retiree Amount-Weighted Mortality Table (separate tables for males and females) with rates increased by 20% for males and 15% for females, projected generationally with the two-dimensional mortality improvement scale MP-2020.

Police/Fire Members:

Pub-2010 Safety Disabled Retiree Amount-Weighted Mortality Table (separate tables for males and females) with rates increased by 30% for males and 10% for females, projected generationally with the two-dimensional mortality improvement scale MP-2020.

Pre-Retirement:

Pub-2010 General Employee Amount-Weighted Above-Median Mortality Table (separate tables for males and females), projected generationally with the two-dimensional mortality improvement scale MP-2020.

Actuarial assumptions used in the June 30, 2022 valuation were based on the results of the experience study for the period July 1, 2016 through June 30, 2020.

The discount rate used to measure the total pension liability was 7.25% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed plan contributions will be made in amounts consistent with statutory provisions and recognizing the plan's current funding policy and cost-sharing mechanism between employers and members. For this purpose, all contributions that are intended to fund benefits for all plan members and their beneficiaries are included, except that projected contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2022.

Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2023, the District recognized pension expense of $7,306,704. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 7,255,872	$ 40,031
Changes in assumptions or other inputs	7,198,349	
Net difference between projected and actual earnings on pension plan investments	683,687	-
Changes in the employer's proportion and differences between the employer's contributions and the employer's proportionate contributions	7,316,520	34,152
District contributions subsequent to the measurement date	3,972,705	-
Total	$ 26,427,133	$ 74,183

Deferred outflows of resources related to pensions resulting from Employer contributions subsequent to the measurement date in the amount of $3,972,705 will be recognized as a reduction of the net pension liability in the year ending June 30, 2024.

The average of the expected remaining service lives of all employees that are provided with pensions through PERS (active and inactive employees) determined at July 1, 2021 (the beginning of the measurement period ended June 30, 2022) is 5.7 years.

Other estimated amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	
2024	$ 4,429,551
2025	3,971,277
2026	3,532,416
2027	8,901,463
2028	1,545,538
Total	$ 22,380,245

Additional Information

The PERS Annual Comprehensive Financial Report (ACFR) is available on the PERS website at www.nvpers.org under Quick Links – Publications.

Note 11 - Risk Management

The District is exposed, as are all entities, to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District is fully insured for property and auto loss and liability with a $1,000 to $2,500 deductible. The District is covered up to a policy limit per occurrence of $10,000,000 and $20,000,000 annual aggregate in excess liability coverage. The District's policy contains various sub-limits established for earthquake, flood, equipment breakdown, errors and omissions and other items.

During the term of the Reno/Truckee Meadows Fire Protection District Interlocal Agreement, workers' compensation was fully insured with the City of Reno's self-funded workers' compensation plan. Due to the termination of the Agreement, as of July 1, 2012, the District is no longer self-funded with the City of Reno but has purchased a guaranteed workers compensation insurance plan. However, the District is still required to pay workers' compensation claims costs to the City of Reno for those years the District was self-funded through the City of Reno's workers' compensation plan.

During the fiscal year ended June 30, 2004, the District and the City of Reno instituted a "pay as you go" system for workers' compensation claims. The District shared the combined losses with the Reno Fire Department (RFD). The District established the Workers' Compensation Fund to account for this program. The District bought out all workers' compensation liability for all claims incurred prior to July 1, 2012. Claims incurred prior to fiscal year 2012 remain the liability of the City of Reno under the buyout agreement. TMFPD will remain responsible for future Heart and Lung related workers' compensation claims on a "pay as you go" system.

Claims' liability and activity for the past two years were as follows:

Claims liability, July 1, 2021	$ 1,920,089
Claims and changes in estimates	(821,155)
Claims paid	(104,319)
Claims liability, June 30, 2022	994,615
Claims and changes in estimates	(214,424)
Claims paid	(26,225)
Claims liability, June 30, 2023	$ 753,966

Note 12 – Restatement

As of July 1, 2022 the District created a new business-type fund, the Emergency Medical Services (EMS) Enterprise Fund. This new fund was created to accurately report revenue associated with ambulance transfers and other associated emergency medical services and the related costs to provide these services. With the creation of this fund certain operations related to EMS were moved from the General Fund into the new EMS Enterprise Fund. The balances transferred as of July 1, 2022 comprised the following:

Capital Assets, net of accumulated depreciation	$ 503,431
Deferred outflows of Resources, pension related amounts	765,718
Deferred outflows of Resources, OPEB related amounts	31,737
Compensated Absences	(132,931)
Net OPEB liability	(43,812)
Net pension liability	(947,606)
Deferred Inflows of Resources, OPEB related amounts	(22,480)
Deferred Inflows of Resources, pension related amounts	(785,879)
	$ (631,822)

In addition, the District implemented GASB Statement 96, *Subscription-Based Information Technology Arrangements* which required the restatement of beginning net position related to IT subscription assets and IT subscription liabilities.

The impact to beginning net position for the year ended June 30, 2023 was as follows:

	Net Postion, Beginning of Year, as originally reported	Change to the Financial Reporting Entity	Implementation of New Standard	Net Postion, Beginning of Year, as restated
Government-Wide				
Governmental Activities	$ 8,665,113	$ 631,822	$ 12,937	$ 9,309,872
Business-Type Activities	-	(631,822)	-	(631,822)
Total Primary Government	$ 8,665,113	$ -	$ 12,937	$ 8,678,050
Proprietary Funds				
Major Fund: EMS Enterprise Fund	$ -	$ (631,822)	$ -	$ (631,822)

Note 13- Tax Abatement

The District's tax revenues were reduced by $767,121 under agreements entered into by the State Nevada. The state agreements include a partial abatement of one or more of personal property and local sales and use taxes imposed on aircraft, components of aircraft and other personal property used for certain purposes related to aircraft, a partial abatement of one or more of property and local sales and use taxes imposed on a new or expanded data center and on renewable energy facilities, and use taxes imposed on eligible machinery or equipment used by certain new or expanded businesses.

Note 14 – Commitments

On June 23, 2020, the District entered into an Interlocal Agreement to provide for financing, development, operation, and management of the Washoe County Regional Communications P25 System. Under the terms of the agreement, the District has committed to paying for an allocated portion of Washoe County's debt obligation to upgrade the existing radio communication system to address new technology requirement and aging/availability issues, radio coverage, and mutual aid interconnection. The District paid Washoe County $69,127 during the fiscal year ending June 30, 2023. The District's remaining payments to Washoe County for their portion of the debt is $623,530 in principal, $128,263 in interest and $44,046 in reserve with average annual payments of $66,320 over the remaining term of 12 years.

On May 22, 2023, the District entered into a Memorandum of Understanding (MOU) with Apple Inc for the design and pre-construction of a fire station. Under the terms of the MOU, the District is required to build a new fire station. The District and Apple Inc will mutually agree upon design professionals and associated costs. Apple Inc will provide reimbursement to the District for costs to design and build the fire station except for the portion related to an expanded scope to include three additional bedrooms and one additional apparatus bay. The MOU provides for a limit of $192,000 for project design and pre-construction and $20,000 for other fees for reimbursement. Amounts in excess of these costs will not be reimbursed.

Note 1 - Budgets and Budgetary Accounting

Truckee Meadows Fire Protection District adheres to the Local Government Budget and Finance Act incorporated within the statutes of the State of Nevada, which include the following major procedures to establish the budgetary data, which is reflected in these financial statements:

1. On or before April 15, the Board of Fire Commissioners files a tentative budget with the Nevada Department of Taxation for all funds.
2. Public hearings on the tentative budget are held on the third Monday in May in conjunction with Washoe County's budget hearing.
3. Prior to June 1, at a public hearing, the Board indicates changes, if any, to be made to the tentative budget and adopts a final budget by the favorable vote of a majority of the members of the Board. The final budget must then be forwarded to the Department of Taxation for compliance with State laws and regulations. In any year in which legislative action, which was not anticipated, affects the local government's final budget, the Board may file an amended final budget within 30 days of adjournment of the legislative session.
4. Formal budgetary integration in the financial records of all funds is employed to enhance management control during the year. Unencumbered appropriations lapse at the end of the year.
5. Budgets for all externally reported funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America. In addition, budgets are required for the internally reported special revenue fund.

Pursuant to Nevada Revised Statute 354.598005 the person designated to administer the budget may transfer appropriations within any function. Budget amounts may be transferred between functions within a fund if the governing body is advised of the action at the next regular meeting and the action is recorded in the official minutes of the meeting. Transfer of appropriations between funds or from the contingency account or budget augmentations in excess of original budgetary amounts may not be made without prior approval of the Board of Fire Commissioners, following a scheduled and noticed public hearing, as necessary. The budget was augmented as set forth above during the year. In accordance with state statute, actual expenditures generally may not exceed budgetary appropriations of the public safety function of the General Fund, Special Revenue Funds, and Capital Projects Fund. Also, actual operating and non-operating expenses of the Internal Service Fund generally may not exceed budgeted amounts.

Note 2 - Internally Reported (Budgetary Basis) Funds

The accompanying Reconciliation of the General Fund (Budgetary Basis) to the General Fund (GAAP Basis) presents balances combined for external reporting purposes.

Budget to actual comparisons are presented for all funds of the District, as required by Nevada Revised Statutes. Such budget comparisons are required to be presented using the budget as adopted and approved by the State of Nevada Department of Taxation. However, guidance provided by Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, specifies that two of these internally reported funds of the District do not meet the definition of special revenue funds and do not qualify to be separately presented for external reporting purposes.

These internally reported special revenue funds of the District (Sick Annual Comp Benefits Fund and Stabilization Fund) are combined with the General Fund for external reporting purposes.

Note 3 - Schedule of District's Contributions, OPEB

Actuarially determined contributions rates were calculated with an actuarial valuation date of July 1, 2022, projected forward to a measurement date of June 30, 2022.

Methods and assumptions used to determine contribution rates:

Actuarial funding method	Entry Age Normal Level Percent of Pay Cost Method
Amortization method	Level dollar amount over 20 years on a closed basis from June 30, 2011
Inflation	2.35%
Salary increases	
0-4 years of service	12% for two years, 9.30% after two years
5 + years of service	4.5% for two years, 2.35% after two years
Discount rate	5.75%
Long Term Expected Rate of Return	5.75%
Healthcare cost trend rates	
Retirees	Range between 3.7% to 6.5% annually
Retirees' share of benefit-related costs	
Retirees before June 30, 2012 under City of Reno Plan	
(Pre-65)	40% retiree and dependent
(Post-65)	50% retiree and 100% dependent
TMFPD Retirees	50% retiree and 100% dependent

Changes of assumptions and other inputs reflect a change in the discount rate from 6.0 percent as of the measurement date of June 30, 2018 to 5.75 percent as of the measurement date of June 30, 2020 and a change in the long-term inflation assumption from 2.5 percent as of the measurement date of June 30, 2020 to 2.35 percent as of the measurement date of June 30, 2022. Other changes include a change in assumption in salary increases from 8.00 for two years declining to 7.5 percent for the remaining years percent for 0-4 years of service as of the measurement date of June 30, 2020 to 12.0 percent for two years declining to 9.3 percent for the remaining years and from 3.0 percent for two years declining to 2.5 percent for the remaining years for 5 plus years of service to 4.0 percent for two years declining to 2.35 percent for the remaining years.— The investment rate of return of 5.75%, net of investment expenses, was selected by the District. This is based on the investment policy of State of Nevada's

Retiree Benefit Investment Fund (RBIF) where the District invests its assets to fund its OPEB liabilities. This rate is derived based on the RBIF's investment policy (shown in the following table) and includes a 2.4% long-term inflation assumption.

Note 4 - Schedule of District's Share of Net Pension Liability

The following table presents significant changes in assumptions:

	2021 - 2022	2017 - 2020	2014 - 2016

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Honorable Board of Fire Commissioners
Truckee Meadows Fire Protection District
Reno, Nevada

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Truckee Meadows Fire Protection District (the District), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated November 17, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified a certain deficiency in internal control, described in the accompanying Schedule of Findings and Responses as item 2023-001 that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

The District's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the findings identified in our audit and described in the accompanying Schedule of Findings and Responses. The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Auditor's Comments

To the Honorable Board of Fire Commissioners
Truckee Meadows Fire Protection District
Reno, Nevada

In connection with our audit of the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Truckee Meadows Fire Protection District (the District) as of and for the year ended June 30, 2023, and the related notes to the financial statements, nothing came to our attention that caused us to believe that the District failed to comply with the specific requirements of Nevada Revised Statues cited below other than the violation reported in Note 2 to the financial statements. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the requirements of Nevada Revised Statutes, insofar as they related to accounting matters.

Current Year Statute Compliance

The required disclosure on compliance with Nevada Revised Statutes and the Nevada Administrative Code is contained in Note 2 of the financial statements.

Progress on Prior Year Statute Compliance

There were no violations disclosed for the year ended June 30, 2022.

Prior Year Recommendations

Finding 2022-001 reported for the year ended June 30, 2022 was resolved during the year ended June 30, 2023.

Current Year Recommendations
The current year recommendations are reported in the Schedule of Findings and Responses.

Eide Bailly LLP

Reno, Nevada
November 17, 2023

2023-001: Accrued Liabilities
Material Weakness

Criteria: Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. Appropriate review and reconciliation of year-end adjustments for accrued liabilities is a key component of an effective system of internal control over financial reporting.

Condition: The amounts reported for accrued salaries were not adjusted to reconciled amounts. In addition, the other-postemployment benefit (OPEB) liability related amounts were allocated between the Governmental Activities and Business-Type Activities based on the number of employees in each opinion unit. Amounts were allocated to the Business-Type Activities based on two employees, rather than three.

Cause: The District did not have adequate internal controls to ensure accrued salaries and OPEB related amounts were accurately reported.

Effect: Prior to the adjustment, accrued salaries and expenses were understated by $54,296 in the Emergency Fund. In addition, the accrued salaries and expenses were overstated by $17,055 for the Emergency Medical Services Fund (Business-Type Activities). The net effect of the OPEB allocation was an overstatement of $27,901 in ending net position for the Emergency Medical Services Fund (Business-Type Activities).

Recommendation: We recommend the District enhance internal controls to ensure accrued salaries and OPEB related amounts are accurately reported.

Views of Responsible Officials: The District identified the above differences during the year end closing process. However, the District believed the items noted to be de minimis to the District's financial statements and did not initially make any adjustments. The amounts are estimates and the District believes the estimated amounts of year-end accruals for salaries and benefits were reasonable before any adjustments. The District made the adjustment requested by our auditors to the Emergency Fund. Although the amounts are deemed material by our auditors, the District believes that they are de minimis and are not significant enough to impact the decisions of those relying on the financial statements, such as creditors or regulators. The District will consider a lower threshold in the future for identified differences to comply with the auditors' lower threshold.

Independent Auditor's Report

To the Honorable Board of Fire Commissioners
Truckee Meadows Fire Protection District
Reno, Nevada

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Truckee Meadows Fire Protection District (the District) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States *(Government Auditing Standards)*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5-11, budgetary comparison information and reconciliation on pages 45-48, schedule of changes in net other postemployment benefit liability and related ratios on pages 49-50, schedule of District's contributions – other postemployment benefits on page 51, schedule of District's share of net pension liability - PERS on page 52, schedule of District's contributions – PERS on page 53, and the notes to the required supplementary information on pages 54-55 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting

Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis, schedule of changes in net other postemployment benefit liability and related ratios, schedule of District's contributions – other postemployment benefits, schedule of District's share of net pension liability - PERS, schedule of District's contributions – PERS, and the notes to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The budgetary comparison information and reconciliation is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison information and reconciliation is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund statements and schedules, including budgetary comparisons and reconciliations are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules, including budgetary comparisons and reconciliations are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 23, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is

an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Eide Bailly LLP

Reno, Nevada
November 23, 2022

As management of the Truckee Meadows Fire Protection District's (the District) finances, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2022.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the District's governmental activities exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $8,665,113 which includes $27,156,726 net investment in capital assets, $3,017,651 restricted for wildland fire emergencies, $1,303,491 restricted for claims, and ($22,812,755) which is the unrestricted net position. Governmental activities include all funds of the District.

- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of $16,998,535 a decrease of $359,564 or 2.1% in comparison with the prior year. This decrease was primarily caused by planned one-time capital expenditures. The expenditures are included in the governmental funds however, the related capital assets are not current economic resources therefore the value of the asset is not included in the governmental funds. Approximately 47,7% of the combined ending fund balance is available for spending at the government's discretion (unassigned fund balance).

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Total assets of the District at June 30, 2022 were $63,778,500 with capital assets, including right-to-use leased assets, net of accumulated depreciation and amortization, accounting for $38,604,688 of that total. Total deferred outflows of resources of the District at June 30, 2022 were $23,895,414 all of which is related to post employment costs including health benefits and pension. Of the total liabilities of $55,453,052, approximately 92.5% or $51,312,626 represent liabilities related to noncurrent liabilities of the District. This is a decrease of $4,401,429 in total liabilities in comparison with the prior year and was primarily caused by the decrease in net pension liability of $9,480,325, net other postemployment benefits liability of $2,205,177, net claims and judgements liability of $925,474 offset by increases in bonds payable of $6,672,667 and compensated absences of $1,362,170. The decreases in net pension liability and net other postemployment benefits liability are due to changes in actuary assumptions and valuations, the decrease in claims and judgements liability is due to changes in estimates, the increase in bonds payable is due to additional debt issuances during the year, and the increase in compensated absences is due to increase in total staff and changes in sick time payouts upon retirement. The District grew from 164 employees as of June 30, 2021 to 192 employees as of June 30, 2022, a 17.1% increase. Total deferred inflows of resources of the District at June 30, 2022 were $23,555,749 all of which is related to post employment costs including health benefits and pension. This is an increase of $21,241,462 when compared to prior year. This increase in net pension liability and net other postemployment benefits liability are due to changes in actuary assumptions and valuations.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned and unused vacation leave). Total revenues for the year ended June 30, 2022 were $43,506,820 consisting primarily of taxes and intergovernmental revenues, while total expenses were $43,045,722. This resulted in an increase in net position of $461,098 or 5.6% from prior year. The increase was primarily caused by the change in estimates for claims and judgements offset by net increases in other postemployment benefits and pension costs which are based on actuarial assumptions. The District's net position remains strong.

Both of the government-wide financial statements show the public safety function of the District, which is principally supported by taxes and intergovernmental revenues (governmental activities). All governmental activities of the District are included in the public safety function since the District is a single-purpose entity.

The government-wide financial statements can be found on pages 12 and 13 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District fall into the governmental funds category, except for the proprietary fund.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains four individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Emergency Fund and Capital Projects Fund, all of which are considered to be major funds. The Debt Service Fund is the District's only non-major governmental fund. The District adopts an annual appropriated budget for each of its funds. A budgetary comparison statement or schedule has been provided for each fund to demonstrate compliance with the budget. The governmental fund financial statements and the reconciliations to the government-wide financial statements can be found on pages 14 through 17 of this report.

Proprietary funds. The District maintains one type of proprietary fund, which is an internal service fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's functions. The District's internal service fund is used to account for its workers' compensation liability. Because these services benefit governmental rather than business-type functions, it has been included within governmental activities in the government-wide financial statements. The internal service fund is reported in the proprietary fund financial statements and can be found on pages 18 through 20 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 21 through 44 of this report.

Other information. The District maintains a stabilization fund and a sick annual comp benefits fund for internal purposes. These funds do not meet the definition of special revenue funds under Governmental Accounting Standards Board (GASB) Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions,* which was implemented in 2011 by the District. The activity for these funds is included in the General Fund in the basic financial statements; however, since the District prepares a budget for these funds, a reconciliation of budgetary basis financial statements to GAAP basis financial statements is presented immediately following the notes to the financial statements. These reconciliations can be found on pages 48 and 56 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

- As noted earlier, net position may serve over time as a useful indicator of a government's financial position. As of June 30, 2022, the District's total net position was $8,665,113, which is a $461,098 increase from the prior year. The primary reasons for the increase are a decrease in claims and judgement liabilities offset by net increases in other postemployment benefits and pension costs which are based on actuarial assumptions.

Truckee Meadows Fire Protection District's Net Position

	Governmental Activities	
	2022	2021
Current and other assets	$ 25,173,812	$ 25,763,908
Capital assets	38,604,688	32,448,492
Total assets	63,778,500	58,212,400
Deferred outflows of resources	23,895,414	12,160,383
Other liabilities	4,140,426	3,979,766
Long-term liabilities	51,312,626	55,874,715
Total liabilities	55,453,052	59,854,481
Deferred inflows of resources	23,555,749	2,314,287
Net position:		
Net investment in capital assets	27,156,726	27,386,298
Restricted	4,321,142	2,343,164
Unrestricted	(22,812,755)	(21,525,447)
Total net position	$ 8,665,113	$ 8,204,015

The assets and deferred outflows of resources of the District's governmental activities exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $8,665,113. Net position includes the District's net investment in capital assets (e.g., land, buildings, machinery, and equipment). The net investment in

capital assets as of June 30, 2022 was $27,156,726. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion of the District's net position $4,321,142 represents resources that are subject to external restrictions on how they may be used, such as the workers' compensation claims and emergencies. The remaining balance of unrestricted net position was ($22,812,755).

At the end of the current fiscal year, the District is able to report positive balances in two of the three categories of net position. The negative unrestricted net position was caused by the accounting standard requiring the reporting of the Net Pension Liability on the balance sheet.

Truckee Meadows Fire Protection District's Changes in Net Position

	Governmental Activities	
	2022	2021
Revenues:		
Program revenues:		
Charges for services	$ 2,987,212	$ 1,487,666
Capital grants and contributions	504,064	530,990
Operating grants and contributions	1,108,080	868,825
General revenues:		
Property taxes	22,958,408	21,142,353
Consolidated taxes	11,252,162	10,396,577
Other taxes	1,979,773	1,628,553
Unrestricted investment earnings (losses)	(540,232)	66,724
Reimbursements	2,887,514	3,151,900
Other	369,839	414,381
Total revenues	43,506,820	39,687,969
Expenses:		
Public safety	42,641,799	42,662,073
Debt service	403,923	290,777
Total expenses	43,045,722	42,952,850
Increase (Decrease) in net position	461,098	(3,264,881)
Net position, July 1	8,204,015	11,468,896
Net position, June 30	$ 8,665,113	$ 8,204,015

Total Revenues. The District's total revenues increased by $3,818,851, or 9.6%. The increases were primarily related to charges for services, property taxes, and consolidated taxes. The District has agreements with outside agencies to perform fuels management services within the District to mitigate wildland fire fuels, this program has significantly grown during the fiscal year. In addition, the District increased ambulance service within their boundaries. These two programs resulted in an increase of charges for service of $1,499,546 over the prior year. Other increases include an increase in property tax revenues of $1,816,055, mostly due to construction growth within the district, and an increase in consolidated tax revenue of $855,585 mostly due to increased spending on

consumer goods during the year. These increases were offset by a decrease in investment earnings in the amount of $606,956 primarily related to timing of the valuation of investments.

Total Expenses. The District's total expenses increased by $92,872 or by 0.2% which was primarily due to salary and benefit increases, including additional costs related to pension and post-employment benefits, and increases in the number of employees due to the growth of the District.

Net Position. The District's total net position increased by $461,098 during the fiscal year ended June 30, 2022. The District's total net position decreased by $3,264,881 during the fiscal year ended June 30, 2021. The increase was primarily caused by the change in estimates for claims and judgements offset by net increases in other postemployment benefits and pension costs which are based on actuarial assumptions.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of $16,998,535 a decrease of $359,594 or 2.1% in comparison with the prior year. This decrease was primarily caused by planned one-time capital expenditures. The purchases are included in the governmental funds however, the related capital assets are not current economic resources therefore the value of the asset is not included in the governmental funds. Approximately 47.7% of the combined ending fund balance is available for spending at the government's discretion (unassigned fund balance).

The General Fund is the primary operating fund of the District. For the fiscal year ended June 30, 2022, the total fund balance for the General Fund was $11,965,770. The total fund balance includes an assigned fund balance of $3,822,684 which consists of $424,184 assigned for encumbrances, $3,094,674 appropriated to the fiscal year 22/23 budget and $303,826 assigned to pay out accrued sick and annual compensation balances. The remaining fund balance consists of, $27,154 in nonspendable fund balance, and $8,115,932 unassigned.

The total fund balance for the General Fund in the amount of $11,965,770 is a decrease of $1,765,724 from the prior year. This decrease is primarily caused by transfers to the capital projects fund and emergency fund for one-time capital purchase and to cover cash needs in the emergency fund.

As a measure of the General Fund's liquidity, it may be useful to compare the June 30, 2022 total fund balance not attributable to the Stabilization Fund or the Sick Annual Comp Benefits Fund of $11,040,797 to fund expenditures. The fund balance represents 27.7% of total General Fund expenditures. This represents approximately 3.3 months' worth of expenditures. The fund balance will give the District's General Fund sufficient cash flow to meet its operational obligations.

The District's Emergency Fund was established according to NRS 474 for the funding for unforeseen emergencies, primarily large wildland fires and other natural disasters. In fiscal year 2022, the District experienced a decline in large wildland fire activities. Total expenditures were $1,768,419, a decrease of $304,901 from the prior year. The Emergency Fund's revenue for fiscal year 2022 was $3,333,851, an increase of $2,602,266 over the prior year. This

increase is primarily related to outstanding receivables as of June 30, 2021 not collected within 60 days and therefore not considered current economic resources and deferred in the prior year. The eventual collection of these outstanding receivables was recorded as fiscal year 2022 revenues.

The Capital Projects Fund activity in fiscal year 2022 included the issuance of bonds in the amount of $7,000,000. Purchases from the Fund, included among other things, the purchase of commercial property for administration, warehousing, and fleet services.

The Debt Service Fund was established in fiscal year 2022, expenditures from the Fund, included principal and interest payments on the three outstanding general obligation bonds.

Proprietary funds. The District's proprietary fund provides information on the workers' compensation program of the District. The net position of the Workers' Compensation Internal Service Fund as of June 30, 2022, was $1,303,491, an increase of $560,165 from prior year. The primary reason for the increase is a change in the estimated liability related to claims and judgements that more accurately represent the liabilities of the District.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. The District's capital assets as of June 30, 2022, amount to $38,604,688 (net of accumulated depreciation and amortization). This net investment in capital assets includes land, construction in progress, buildings and building improvements, leased buildings, and vehicles and equipment. Refer to Note 4 for further detail.

Long-term debt. During the fiscal year, the District issued long-term bonded debt in the amount of $7,000,000 to be used for the acquisition and construction of buildings including commercial property for the District headquarters. This is the third issuance of debt by the District. The District's other long-term bonded debt consists of $2,100,000, issued during fiscal year 2021 for the acquisition and construction of major capital facilities and equipment and $4,415,000 issued during fiscal year 2020, for the purchase and buildup of vehicles and apparatus. Scheduled principal payments of $753,000 were made during the year. Other long-term obligations of the District included leases payable, compensated absences, such as accrued vacation and sick leave, and estimated workers compensation' claims. Refer to Note 5 and Note 6 for further detail.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The District relies primarily on two types of tax revenues. The first of these is ad valorem or property taxes and is directly affected by the assessed property tax values in Washoe County, Nevada. Property tax revenues are projected to increase for 2022-2023. Assessed values increased by 5.74% for the coming fiscal year.

- The second significant tax revenue for the District, the consolidated tax, consists primarily of sales taxes. For the year ended June 30, 2022, taxable sales in Washoe County increased by 11.0% over the previous fiscal year. For the fiscal year ending June 30, 2023, the District budgeted sales tax revenue consistent with projections obtained from the State of Nevada Department of Taxation.

These factors were considered in preparing the District's budget for the 2023 fiscal year.

REQUESTS FOR INFORMATION

The financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Truckee Meadows, 3663 Barron Way, Reno, Nevada 89511.

See Notes to Financial Statements

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities
Year Ended June 30, 2022

Amounts reported for governmental activities in the statement of activities are different because:		
Net change in fund balances - total governmental funds		$ (359,594)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are allocated over the estimated useful lives and reported as depreciation expense.		
Expenditures for capital assets	8,749,725	
Less current year depreciation/amortization	(2,088,000)	
		6,661,725
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in governmental funds.		
Donated capital assets		20,000
Change in unavailable revenue		(198,208)
Bond and other debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities and/or deferred outflows of resources in the Statement of Net Position. Repayment of bond and other debt principal is an expenditure in governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This is the amount by which bonds issued exceeded repayments:		
Bonds issued	(7,000,000)	
Premium	(441,982)	
Principal paid on bonds	753,000	
Principal paid on leases	970	
		(6,688,012)
Some expenses reported in the statement of activities do not require the use of current financial resources, and, therefore, are not reported as expenditures in governmental funds:		
Change in compensated absences	(1,362,170)	
Change in accrued interest	5,509	
		(1,356,661)
In the statement of activities, the gain or loss on the disposal of capital assets is reported. In the governmental funds, the gain or loss is not reported. Thus, the change in net position differs from the change in fund balances by the cost of the assets sold less the balance in accumulated depreciation.		(540,549)
Governmental funds report pension and other postemployment benefits (OPEB) contributions as expenditures. However, in the Statement of Activities, the cost of pension and OPEB benefits earned is reported as pension expense.		
OPEB contributions	850,000	
OPEB expense	(1,048,103)	
Pension contributions	3,414,171	
Pension expense	(1,036,997)	
		2,179,071
The internal service funds are used by management to account for the costs of retiree health medical expenses and workers' compensation. The net revenue of the internal service funds is reported with governmental activities.		743,326
Change in net position of governmental activities		$ 461,098

Note 1 - Summary of Significant Accounting Policies

Reporting Entity

Truckee Meadows Fire Protection District (District) is a municipality of the State of Nevada located in Washoe County, Nevada. The District is governed by the Board of Fire Commissioners. The Washoe County Board of County Commissioners functions as the Board of Fire Commissioners of the District.

The County has no financial benefit or burden relationship with the District and the District is a legally separate organization from the County. However, the Board of County Commissioners acts as the Board of Fire Commissioners of the District and as such, as defined in governmental accounting standards generally accepted in the United States of America, the District has been classified as a discretely presented component unit of the County.

Government-Wide and Fund Financial Statements

The government-wide financial statements (Statement of Net Position and the Statement of Activities) report information about the activities of the District. The effect of interfund activity has been removed from these statements.

The Statement of Activities demonstrates the degree to which the direct expenses of the public safety function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The fund financial statements provide information about the funds of the District. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements and the proprietary fund's financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds report liabilities in connection with resources that have been received, but not yet earned. Expenditures generally are recorded when the related liabilities are incurred, as under accrual accounting. However, debt service expenditures, including lease liabilities, as well as expenditures related to compensated absences, postemployment benefits, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions, including entering into agreements giving the District the right to use leased assets, are reported as expenditures in governmental funds. Issuance of long-term debt and financing through leases are reported as other financing sources.

Property taxes, licenses and permits, intergovernmental revenues, and interest earnings associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Other revenue items are considered to be measurable and available only when cash is received by the District.

The focus of proprietary fund measurement is upon determination of operating income or loss, changes in net position, financial position, and cash flows. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. Operating expenses for internal service funds include the cost of services (employee benefits). All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The generally accepted accounting principles applicable are those similar to businesses in the private sector.

The District's Workers' Compensation Internal Service Fund is the only proprietary fund. The financial statements of the Workers' Compensation Internal Service Fund are consolidated into the governmental column when presented in the government-wide financial statements. The costs of these services are reported in the public safety function. The effect of interfund activity has been removed from the government-wide financial statements.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the District, except those accounted for in another fund.

The Wildland Fire Emergency Reserve Fund (the Emergency Fund), a special revenue fund under Nevada Revised Statutes (NRS), was created to account for the cost of unforeseen large wildland fire emergencies pursuant to NRS 474.510.

The Capital Projects Fund, a capital projects fund, accounts for the financial resources to be used for the acquisition and construction of major capital assets.

Additionally, the District reports the following fund types:

The Debt Service Fund is used to account for the accumulation of resources that are restricted, committed, or assigned for the payment of principal and interest on long-term obligations of governmental funds.

The Workers' Compensation Fund Internal Service Fund accounts for the workers' compensation activity.

Budgets and Budgetary Accounting

Truckee Meadows Fire Protection District adheres to the Local Government Budget and Finance Act incorporated within the statutes of the State of Nevada, which include the following major procedures to establish the budgetary data, which is reflected in these financial statements:

1. On or before April 15, the Board of Fire Commissioners files a tentative budget with the Nevada Department of Taxation for all funds.
2. Public hearings on the tentative budget are held on the third Monday in May in conjunction with Washoe County's budget hearing.
3. Prior to June 1, at a public hearing, the Board indicates changes, if any, to be made to the tentative budget and adopts a final budget by the favorable vote of a majority of the members of the Board. The final budget must then be forwarded to the Department of Taxation for

compliance with State laws and regulations. In any year in which legislative action, which was not anticipated, affects the local government's final budget, the Board may file an amended final budget within 30 days of adjournment of the legislative session.

4. Formal budgetary integration in the financial records of all funds is employed to enhance management control during the year. Unencumbered appropriations lapse at the end of the year.
5. Budgets for all externally reported funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America. In addition, budgets are required for the internally reported special revenue fund.

Pursuant to Nevada Revised Statute 354.598005 the person designated to administer the budget may transfer appropriations within any function. Budget amounts may be transferred between functions within a fund if the governing body is advised of the action at the next regular meeting and the action is recorded in the official minutes of the meeting. Transfer of appropriations between funds or from the contingency account or budget augmentations in excess of original budgetary amounts may not be made without prior approval of the Board of Fire Commissioners, following a scheduled and noticed public hearing, as necessary. The budget was augmented as set forth above during the year. In accordance with state statute, actual expenditures generally may not exceed budgetary appropriations of the public safety function of the General Fund, Special Revenue Funds, and Capital Projects Fund. Also, actual operating and non-operating expenses of the Internal Service Fund generally may not exceed budgeted amounts.

Cash Deposited and Invested with Washoe County Treasurer

A majority of all cash transactions of the District are handled by the Washoe County Treasurer's office. Cash balances are pooled and, to the extent practicable, invested as permitted by law in combination with Washoe County funds.

For purposes of the Statement of Cash Flows, cash equivalents are defined as short-term, highly liquid investments, generally with original maturities of three months or less. The District’s cash and investments pooled with Washoe County funds and the District’s payroll cash account are available upon demand, therefore all cash and investments of the District are considered to be cash equivalents.

Taxes Receivable

Real and personal property taxes receivable reflect only those taxes receivable from the delinquent roll years. No provision for uncollectible accounts has been established since management does not anticipate any material collection loss in respect to the remaining balances.

Personal property taxes receivable reflect only those taxes management believes to be collectible.

Amounts not collected within 60 days after year-end have been recorded as deferred inflows of resources at the governmental fund level.

Receivables

The allowance method is used to provide for estimated uncollectible amounts. At June 30, 2022, the allowance for uncollectible accounts receivable was $1,379,380 in the General Fund and the allowance for uncollectible due from other governments was $13,694 in the Emergency Fund.

Deposits and prepaid items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as deposits and prepaid items in both the government-wide and fund financial statements. The amounts of deposits and prepaid items are recorded as expenditures/expenses when consumed rather than when purchased.

Capital Assets

Capital assets, which include land, buildings and improvements, and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than $10,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost (except for intangible right-to-use lease assets, the measurement of which is discussed in more detail below). Donated capital assets are recorded at estimated fair market value at the date of donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Land and construction in progress are not depreciated. The other tangible and intangible property, plant, equipment, and the right to use leased buildings and equipment are depreciated/amortized using the straight-line method over the following estimated useful lives, or lease term, whichever is shorter:

Land improvements	40 years
Buildings	40 years
Right-to-use buildings	15 years
Building improvements	20 years
Vehicles and equipment	5 - 20 years

Pension

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employees' Retirement System of the State of Nevada (PERS) Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Postemployment Benefits

The District provides other postemployment benefits (OPEB) for eligible employees through a single-employer defined benefit OPEB plan. The plan is administered through the Washoe County, Nevada OPEB Trust (Trust), an irrevocable trust established on May 11, 2010 by the Board of County Commissioners. The Trust is a multiple employer trust and was created to fund and account for the participating employers' costs of retiree healthcare benefits pursuant to NRS 287.017. The District's net OPEB liability is measured as of June 30, 2021, and the total OPEB liabilities used to calculate the net OPEB liability are determined by actuarial valuations as of July 1, 2020.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position and Governmental Funds Balance Sheet may report a separate section for deferred outflows of resources. The separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow

of resources (expense/expenditure) until then. The District recognizes deferred outflow of resources as it related to the net pension liability and other postemployment benefits.

In addition to liabilities, the Statement of Net Position and Governmental Funds Balance Sheet may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents and acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District recognizes deferred inflow of resources as it relates to the net pension liability and net other postemployment liability on the Statement of Net Position. In addition, the District recognizes deferred inflows of resources as they relate to property taxes, intergovernmental, charges for services, and reimbursements in the governmental fund financial statements.

Long-Term Liabilities

In the government-wide financial statements and the proprietary fund, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts and any prepaid bond insurance, if applicable, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Prepaid bond insurance costs are reported as deferred charges and amortized over the term of the related debt. Debt issuance costs are expensed during the current period.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance cost, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Leases

Lessee

At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life, or lease term, whichever is shorter.

Key estimates and judgments related to leases include how the District determines the discount rate it uses to discount the expected lease payments to present value, the lease term, and the lease payments are:

The District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for leases.

The lease term includes the noncancellable period of the lease plus any renewals expected to be exercised. Lease payments included in the measurement of the lease liability are composed of fixed payments.

The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Compensated Absences

The costs involved in vacation time and sick leave benefits are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured as a result of employee resignations and retirements; costs are recorded as payroll costs only when the accumulated benefits are paid or accrued as a result of a termination of service.

The District provides for payment of accrued vacation and accrued comp time upon death, retirement, termination or permanent disability. Employees who are members of the International Association of Fire Fighters (IAFF) Local 2487 upon death, retirement or permanent disability after twenty years of enrollment with the Public Employees' Retirement System of the State of Nevada (PERS) shall be compensated for total accrued sick leave at the rate of 75% for every hour earned increasing by 5% per year up to a maximum of 100% at 25 years of PERS enrollment. For employees who are not members of IAFF Local 2487, upon death, retirement, permanent disability, or termination of an employee after ten years of full-time employment or its equivalent if the employee has not served as a full-time employee for reasons other than discharge for just cause, shall be compensated for total accrued sick leave at the rate of one hour for every three hours earned up to a maximum hour limitation.

Fund Equity

In the government-wide and proprietary fund financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, including leased assets, net of accumulated depreciation/amortization and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets, if applicable.

Restricted Net Position – Consists of net position with constraints placed on its use either by (1) external groups such as creditors, contributors, or laws or regulations; (2) law through constitutional provisions or enabling legislation.

Unrestricted Net Position – All other net position that does not meet the definition of restricted or net investment in capital assets.

When an expenditure is incurred for purposes for which both restricted and unrestricted amounts are available, the District considers restricted funds to have been spent first.

In the governmental fund financial statements, fund balances are classified based primarily on the extent to which the District is bound to observe constraints imposed on the use of the resources in the fund:

Nonspendable Fund Balance - Includes amounts that cannot be spent because they are not in spendable form. For the District this includes deposits and prepaids.

Restricted Fund Balance - Occurs when constraints are placed on the use of resources externally (such as through debt covenants or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation). For the District, the restricted fund balance consists of restricted assets for capital projects financed with debt, emergency resources, and workers' compensation claims.

Committed Fund Balance - Represents amounts that can be used only for the specific purposes determined by of the adoption of an ordinance committing fund balance for a specified purpose by the District's Board of Fire Commissioners prior to the end of the fiscal year. Once adopted, the limitation imposed by the Board of Fire Commissioners remains in place until the resources have been spent for the specified purpose or the Board of Fire Commissioners removes or revises the limitation. For the District, the committed fund balance consists of committed assets for capital projects.

Assigned Fund Balance - Represents amounts that are constrained by the District's intent to be used for specific purposes and consists of the District's encumbrances as approved by the Board of Fire Commissioners and the amount of fund balance to be expended in the ensuing fiscal year as approved by the Board of Fire Commissioners and amounts internally reported for sick and annual compensation benefits.

Unassigned Fund Balance - Represents the residual amount for the general fund that is not contained in the other classifications. The general fund is the only fund that reports a positive unassigned fund balance.

When expenditures are incurred for purposes for which amounts in any unrestricted fund balance classifications could be used, committed funds, if any, are to be spent first, assigned funds second, and unassigned funds last.

Use of Estimates

The preparation of these financial statements includes estimates and assumptions made by management that affect the reported amounts. Actual results could differ from those estimates. Significant estimates include the valuation of the net pension liability, OPEB liability, valuation of workers' compensation claims liabilities, estimated useful lives of depreciable capital assets and the allowance for uncollectible accounts.

Property Taxes

All real property in the District is assigned a parcel number in accordance with state law, with each parcel being subject to physical reappraisal every five years. A factoring system is used to adjust the appraised value during the years between physical appraisals. The valuation of the property and its improvements is being assessed at 35 percent of "taxable value" as defined by statute. The amount of tax levied is determined by multiplying the assessed value by the tax rate applicable to the area in which the property is located.

Taxes on real property are a lien on the property and attach on July 1 of the year for which the taxes are levied.

Taxes may be paid in four installments payable on the third Monday in August, and the first Mondays in October, January, and March, to the Treasurer of Washoe County. Penalties are assessed if a taxpayer fails to pay an installment within ten days of the installment due date. After a two-year waiting period, if taxes remain unpaid, a tax deed is issued conveying the property to the County with a lien for back taxes and accumulated charges. Redemption may be made by the owner and such persons as described by statute by paying all back taxes and accumulated penalties, interest, and costs before sale.

Taxes on personal property are collected currently. Personal property declarations are mailed out annually and the tax is computed using percentages of taxable values established by the Department of Taxation and tax rates described above.

The major classifications of personal property are commercial and mobile homes. In Washoe County, taxes on motor vehicles are collected by a State agency and remitted to the local governments in the County as part of the Consolidated Tax distribution.

Implementation of GASB Statement No. 87

As of July 1, 2021, the Truckee Meadows Fire Protection District implemented GASB Statement No. 87, *Leases*. The implementation of this standard requires governments calculate and report the assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with operating leases in their financial statements, including additional note disclosures. The additional disclosures required by this standard are included in Notes 4, 5 and 6.

Note 2 - Compliance with Nevada Revised Statutes and the Nevada Administrative Code

The District conformed to all significant statutory and administrative code constraints on its financial administration during the year.

Note 3 - Cash and Investments

The District is a voluntary participant in the Washoe County Investment Pool (WCIP). The Washoe County Board of County Commissioners administers and is responsible for the WCIP in accordance with NRS 355.175. The investment pool is not registered with the SEC as an investment company. Public Financial Management, LLC determines the fair value of the investment pool monthly. Washoe County has not provided or obtained any legally binding guarantees during the audit period to support these values. Each participant's share is equal to their investment plus or minus their pro-rata portion of monthly interest income and realized and unrealized gains/losses. The related fair value is $17,688,776 as of June 30, 2022. The District's total cash and investments is as follows at June 30, 2022:

Cash	$ 1,197,765
WCIP	17,688,776
Total cash and investments	$ 18,886,541

Restricted cash and investments of $1,237,192 are proceeds from debt issuance restricted for the acquisition of properties for fire stations, including fixtures, structures, stations, other buildings, and sites.

Credit Risk

Fixed income securities are subject to credit risk. Credit risk refers to the risk that a borrower will default on debt by failing to make required payments. The District does not hold any such investments directly, but participates in the WCIP. The WCIP is unrated by recognized statistical rating agencies.

Custodial Credit Risk

Custodial credit risk is the risk that an entity's deposits, which are in the possession of an outside party, will not be returned to the entity if the counterparty fails. Balances in the WCIP and the District's Payroll account are covered by one or more of the following: Federal depository insurance, the Securities Investor Protection Corporation, collateral held by the District's agent in the District's name, or by collateral held by depositories in the name of the Nevada Collateral Pool, and the balances are not exposed to custodial credit risk.

Note 4 - Capital Assets

During the year ending June 30, 2022, the District implemented under GASB Statement 87, *Leases.* Beginning capital assets balances as of July 1, 2021 have been restated to recognize the beginning values of right-to-use assets.

Capital asset activity for the year ended June 30, 2022 was as follows:

Government Activities:

	Balance July 1, 2021 As Restated	Increases	Decreases	Balance June 30, 2022
Capital assets, not being depreciated				
Land	$ 2,787,759	$ 2,738,498	$ -	$ 5,526,257
Construction in progress	4,361,254	7,831,337	(10,972,386)	1,220,205
Total capital assets, not being depreciated	7,149,013	10,569,835	(10,972,386)	6,746,462
Capital assets, being depreciated				
Land improvements	381,376	-	-	381,376
Buildings and building improvements	21,711,556	4,032,124	-	25,743,680
Vehicles and equipment	22,369,743	5,140,152	(2,397,965)	25,111,930
Total capital assets, being depreciated	44,462,675	9,172,276	(2,397,965)	51,236,986
Less accumulated depreciation for				
Land improvements	(278,293)	(9,150)	-	(287,443)
Buildings and building improvements	(7,211,362)	(663,614)	-	(7,874,976)
Vehicles and equipment	(11,673,541)	(1,414,163)	1,857,416	(11,230,288)
Total accumulated depreciation	(19,163,196)	(2,086,927)	1,857,416	(19,392,707)
Total capital assets, being depreciated, net	25,299,479	7,085,349	(540,549)	31,844,279
Net depreciable capital assets	32,448,492	17,655,184	(11,512,935)	38,590,741
Right-to-use leased assets being amortized				
Buildings and building improvements	15,020	-	-	15,020
Right-to-use accumulated amortization				
Buildings and building improvements	-	(1,073)	-	(1,073)
Net right-to-use leased assets	15,020	(1,073)	-	13,947
Governmental activities capital assets and right-to-use assets,net	$ 32,463,512	$ 17,654,111	$ (11,512,935)	$ 38,604,688

Depreciation/amortization expense of $2,088,000 was charged to the public safety function of the governmental activities.

Note 5 - Long-Term Liabilities

General obligation bonds

The District issued $7,000,0000 of general obligation capital improvement bonds in the year ended June 30, 2022. The net proceeds of $7,323,588 (including a $441,982 premium and after payment of $118,394 in underwriting fees and other issuance costs) were deposited in the capital projects fund to provide funds for the purchase of an administrative building and fire station projects. These bonds will be repaid from all legally available funds of the District, including its capital projects fund and its general fund. The bonds have an interest of 2.0% TO 4.0% and are payable over the next 25 years.

The Capital Improvement Bonds Series 2020 and the Capital Improvement Bonds Series 2021 for the acquisition and construction of major capital facilities and equipment are direct obligations and pledge the full faith and credit of the District. These bonds are additionally secured by a pledge of 15% of certain proceeds of liquor taxes, tobacco taxes, real property transfer taxes, basic governmental services tax and basic and supplemental sales taxes. During the fiscal year 2022, principal and interest paid on these bonds totaled $525,704 and pledged revenues totaled $1,687,824.

General obligation bonds outstanding at June 30, 2022, are as follows:

	Issue Date	Final Payment Date	Interest Rate	Original Amount	Principal Outstanding
Direct Placement: General Obligations:					
Medium-term Equipment Bonds Series 2020	3/10/2020	3/1/2030	1.50%	$ 4,415,000	$ 3,590,000
Capital Improvement Bonds Series 2020	10/21/2020	6/1/2035	1.53%	2,100,000	1,836,000
Publically Offered: General Obligations:					
Capital Improvement Bonds Series 2021	7/28/2021	6/1/2046	2.0% - 4.0%	7,000,000	6,790,000
				$13,515,000	$12,216,000

The District's outstanding medium-term equipment bonds related to governmental activities of $3,590,000 contain a provision that in an event of default, the bond owner may institute legal proceedings against the District and the interest rate may be increased to 1.92% annually.

Interest expense of $243,285 for the year was recorded by the District.

During the year ending June 30, 2022, the District implemented under GASB Statement 87, *Leases.* Beginning Long-term liability activity as of July 1, 2021 have been restated to recognize the beginning values of lease liabilities.

Long-term liability activity for the year ended June 30, 2022 was as follows:

	Amount Outstanding July 1, 2021 As Restated	Additions	Reductions	Amount Outstanding June 30, 2022	Due Within One Year
Bonds payable					
General Obligation Bonds	$ 5,969,000	$ 7,000,000	$ 753,000	$ 12,216,000	$ 742,000
Premium	-	441,982	16,315	425,667	-
Total Bonds Payable	$ 5,969,000	$ 7,441,982	$ 769,315	$ 12,641,667	$ 742,000
Leases	15,020	-	970	14,050	985
Compensated absences	6,293,158	3,438,584	2,076,414	7,655,328	2,502,882
Claims and judgments	1,920,089	-	925,474	994,615	75,056
	$ 14,197,267	$ 10,880,566	$ 3,772,173	$ 21,305,660	$ 3,320,923

Compensated absences are generally liquidated from the General Fund, leases will be liquidated through the General Fund, and claims and judgments are liquidated from the Workers' Compensation Internal Service Fund. General Obligation Bonds will be liquidated through transfers to the Debt Service fund from the Capital projects fund.

The debt service requirements for the District's bonds are as follows:

Year Ended June 30,	Principal	Interest
2023	$ 742,000	$ 262,060
2024	761,000	246,141
2025	780,000	229,686
2026	794,000	212,697
2027	814,000	195,371
2028-2032	3,394,000	704,962
2033-2037	1,911,000	422,109
2038-2042	1,610,000	256,494
2043-2046	1,410,000	79,787
	$ 12,216,000	$ 2,609,307

Note 6 - Leases

Leases Payable

As of June 30, 2022, the District has an agreement to lease a fire station and has recognized an initial right to use asset of $15,020 and a lease liability of $15,020 related to this agreement. The District is required to make annual principal and interest payments of $1,200. During the fiscal year, the District recorded $1,073 in amortization expense and $230 in interest expense for the right to use fire station. The District used a discount rate of 1.53%, based on the District's construction borrowing rate at lease agreement date. The lease agreement commenced of

January 21, 2020, for a term of five years. The lessee has the right, at their option, to extend the term for two consecutive periods of five years each.

The remaining obligations associated with these leases are as follows:

Year Ending June 30,	Principal Payments	Interest Payments
2023	$ 985	$ 215
2024	1,000	200
2025	1,015	185
2026	1,031	169
2027	1,047	153
2028-2032	5,479	521
2033-2035	3,493	107
Totals	$ 14,050	$ 1,550

Note 7 - Interfund Activity

Interfund transfers for the year ended June 30, 2022, consisted of the following:

	Transfers in				
	General Fund	Capital Projects Fund	Emergency Fund	Debt Service Fund	Total Transfers out
Transfers out:					
General Fund	$ -	$ 1,150,000	$ 950,000	$ 368,670	$ 2,468,670
Capital Projects Fund	-	-	-	633,124	633,124
Emergency Fund	170,060	-	-	-	170,060
Total transfers in	$ 170,060	$ 1,150,000	$ 950,000	$ 1,001,794	$ 3,271,854

The transfer from the General Fund to the Capital Projects Fund was used to move unrestricted, one-time savings to fund one-time capital outlay expenditures. The transfer from the General Fund to the Emergency Fund was to cover current expenditures due to multiple emergency responses prior to receiving reimbursements. The transfer from the Emergency Fund to the General Fund was for the total cash balance over $1,500,000 allowed by statute at year end. The transfers from the Capital Projects Fund and the General Fund to the Debt Service Fund were to make scheduled debt payments.

Note 8- Postemployment Benefits Other than Pensions (OPEB)

Defined Benefit Plan

Plan Description and Eligibility

Prior to July 1, 2000, the District provided health insurance benefits to retired employees through a single-employer defined benefit plan. At June 30, 2000, ten retirees were participating in the District's health benefits program. On July 1, 2000, pursuant to an Interlocal Agreement for Fire Services and Consolidation, District fire operations were transferred to the City of Reno and the City accepted liability for the ten retirees under this plan. In accordance with the Interlocal Agreement, the District pays a proportionate share of employees' retiree health benefit costs based on service earned prior to July 1, 2000, for those employees who transferred employment to the City of Reno and retired prior to June 30, 2012 or during the term of the Interlocal Agreement. Health benefits under the City's plan included medical, prescription, vision, dental and life insurance.

The Interlocal Agreement was terminated on June 30, 2012, and the District assumed responsibility for its own fire district operations as of July 1, 2012. As of June 30, 2012, in preparation of standing up the new fire operations, 11 former Reno firefighters transferred to the District with the provision the District would provide retiree health benefits for those 11 employees. Any former District employees remaining employed by the City of Reno as of July 1, 2012 retained retiree health benefits with the City and the City retained the liability for those employees. Benefits under the new District plan, a single-employer defined benefit plan, include health, dental, vision and prescription coverage. Eligible retirees who retire from the District will be required to pay for 50% of the retirees' health insurance premium and 100% of the cost of coverage for their families. Eligibility requirements, benefit levels, employee contributions and employer contributions may be amended by the mutual agreement of the Truckee Meadows Fire Protection District and the District's Fire Firefighters' Association.

As of July 1, 2010, the Plan is administered through an irrevocable trust, Washoe County, Nevada OPEB Trust (Trust), established on May 11, 2010, by the Board of Washoe County Commissioners. The Trust, a multiple-employer trust, was created to fund and account for the participating employers' costs of retiree healthcare benefits pursuant to Nevada Revised Statutes 287.017. The District is a participating employer in the Trust. Complete financial statements of the Trust may be obtained by writing to: OPEB Trust, c/o Washoe County Comptroller's Office, 1001 E. 9th Street Ste D200, Reno, Nevada, 89512.

Employees covered by benefit terms. As of the measurement date of June 30, 2021, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments:	55
Active employees:	144

Actuarial assumptions and other inputs

The District's total OPEB liability of $13,758,538 was measured as of June 30, 2021 was based on the valuation date of July 1, 2020. Projections of the sharing of benefit-related costs are based on established pattern of practice. Actuary valuations include projections of the sharing of benefit-related costs that are based on an established pattern of practice. The total OPEB liability in the actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial funding method	Entry Age Normal Level Percent of Pay Cost Method
Amortization method	Level dollar amount over 20 years on a closed basis from June 30, 2011
Inflation	2.5%
Salary increases	
0-4 years of service	8% for two years, 7.50% after two years
5 + years of service	3% for two years, 2.50% after two years
Discount rate	5.75%
Long Term Expected Rate of Return	5.75%
Healthcare cost trend rates	
Retirees	Range between 4.0% to 8.2% annually
Retirees under the City of Reno Plan	Range between 2.6% to 5.3% annually
Retirees' share of benefit-related costs	
Retirees before June 30, 2012 under City of Reno Plan	
(Pre-65)	40% retiree and dependent
(Post-65)	50% retiree and 100% dependent
Retirees hired on or before July 1, 2014	50% retiree and 100% dependent
Retirees hired after July 1, 2014	100% retiree and dependent

The investment rate of return of 5.75%, net of investment expenses, was selected by the District. This is based on the investment policy of State of Nevada's Retiree Benefit Investment Fund (RBIF) where the District invests its assets to fund its OPEB liabilities. This rate is derived based on the RBIF's investment policy (shown in the following table) and includes a 2.75% long-term inflation assumption

Asset Class	Asset allocation
Foreign Developed Equity	21.50%
U.S. Fixed Income	28.00%
U.S. Large Cap Equity	50.50%

The discount rate was based on the long term rate of return on OPEB plan investments that are expected to be used to finance the payment of benefits to the extent that plan assets are projected to cover benefit payments and administrative expenses. To the extent that OPEB plan assets are insufficient to finance all OPEB benefits, the discount rate should be based on 20-year tax-exempt AA or higher Municipal Bonds as of the Measurement Date. Based on the District's current funding policy of funding the Trust annually to maintain a funded percentage of at least 80%, the Fiduciary Net Position and future expected contributions and earnings are projected to be sufficient such that the Trust remains solvent. Therefore, a discount rate of 5.75% is used in calculating the total OPEB liability.

Mortality rates for healthy life were based on the RP-2014 Male and Female Healthy Annuitant mortality tables adjusted to reflect Mortality Improvement Scale MP-2019 from the 2006 base year and projected forward using projection scale MP-2019 on a generational basis.

Nevada Public Employees Retirement System (PERS) completed an experience study for employees and retirees in 2019. Based on the results of this study, Nevada PERS developed new assumed rates of retirement, withdrawal and disability. This experience study was used to update assumptions for retirement, withdrawal, and disability.

Changes in the OPEB Liability

	Total OPEB Liability	Increase/ (Decrease) in Plan Fiduciary Net Position	Net OPEB Liability
Balance at June 30, 2021 *(Measurement Date June 30, 2020)*	$ 13,450,181	$ 7,039,057	$ 6,411,124
Charges for the year:			
Service Cost	604,193	-	604,193
Interest on the total OPEB liability	802,893	-	802,893
Changes of benefit terms	-	-	-
Differences between actual and expected experience with regard to economic or demographic factors	(914,105)	-	(914,105)
Changes of assumptions	-	-	-
Benefit payments	(184,624)	(184,624)	-
Contributions from employer	-	750,000	(750,000)
Net investment income	-	1,983,264	(1,983,264)
Administrative expense	-	(35,106)	35,106
Total Changes	308,357	2,513,534	(2,205,177)
Balance at June 30, 2022 *(Measurement Date June 30, 2021)*	$ 13,758,538	$ 9,552,591	$ 4,205,947

Sensitivity of the total OPEB liability to changes in the discount rate

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4.75 percent) or 1-percentage-point higher (6.75 percent) than the current discount rate:

	1% Decrease in Discount Rate (4.75%)	Discount Rate (5.75%)	1% Increase in Discount Rate (6.75%)
Net OPEB liability	$ 5,769,439	$ 4,205,947	$ 2,846,410

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease in Healthcare Cost Trend	Healthcare Cost Trend	1% Increase in Healthcare Cost Trend
Net OPEB liability	$ 2,611,125	$ 4,205,947	$ 6,093,356

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2022, the District recognized OPEB expense of $1,048,103. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Inflows of Resources	Deferred Outflows of Resources
Differences between expected and actual experience	$ 827,430	$ 643,887
Changes in assumptions or other inputs	-	1,552,888
Net difference between projected and actual earnings	1,330,733	-
District contributions subsequent to the measurement date	N/A	850,000
Total	$ 2,158,163	$ 3,046,775

Deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date in the amount of $850,000 will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2023.

Other estimated amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows**:**

Year ended June 30,	Recognized Deferred (Inflows)/Outflows of Resources
2023	$ 76,122
2024	90,294
2025	(76,646)
2026	(231,365)
2027	81,333
Thereafter	98,874
Total	$ 38,612

Defined Contribution Plan:

Plan Description and Eligibility

During the year ended June 30, 2019, the District agreed to participate in a Post-Employment Health Plan (PEHP) a defined contribution plan for collectively bargained public employees. Under the agreement with International Association of Fire Fighters Local 2487 (Local 2487), Local 2487 determines the plan administrator for the PEHP and the District agrees to contribute to the PEHP on behalf of the employees. The plan administrator for the PEHP is Nationwide Insurance Company (the Administrator).

Employees who are members of Local 2487 hired with the District on or before July 1 2014, will have a one-time contribution of $1,000 made by the District to the employee's PEHP account for the fiscal year ending June 30, 2019 for the non-supervisory group and for the fiscal year ending June 30, 2020 for the supervisory group; thereafter an annual contribution of $120 will be made by the District to the employee's PEHP account. Employees who are members of Local 2487 group hired with the District after July 1, 2014 will have an annual contribution of $2,880 made by the District to the employee's PEHP account. The employee will pay all associated account administrative fees for the PEHP to keep the account in good standing. Contribution rates are established within the CBA and may be amended with by mutual agreement of the District and Local 2487.

Vesting and Forfeitures

The plan does not have a vesting period. Each employee shall become an eligible employee as determined by the collective bargaining agreement (CBA) and shall be entitled to receive a contribution to the PEHP as set forth in the participation agreement and CBA on the entry date coincident with or next following the later of the date on which the participant becomes an eligible employee, or the effective date of the PEHP.

If an eligible employee or participant has no dependents on the date notice of death is provided to the Administrator and no dependent is identified and no request to pay qualifying medical care expenses directly to a service provider, on behalf of a deceased eligible employee or participant, is received within 180 days of the date on which the Administrator was notified of an eligible employee or participant’s death, the balance in the participant’s account will be forfeited.

Any amount forfeited shall be allocated as soon as administratively practicable following, the date on which the Administrator determines that a forfeiture has occurred to the accounts of all other eligible employees and participants who are (or were) employed by the District and have an account balance on the valuation date. Forfeitures shall be allocated among the eligible employee and participants in accordance with procedures established by the Administrator.

The District recognized an OPEB expense related to the defined contribution plan in the amount of $234,037 as of June 30, 2022.

Termination of Contributions

By mutual agreement of TMFPD and Local 2487, TMFPD’s contributions to the PEHP terminated as of July 1, 2022. The existing balances in individual participant accounts will remain under the control of the participants and the Administrator.

Note 9 - Defined Benefit Pension Plan

Plan Description

The District contributes to the Public Employees' Retirement System of the State of Nevada (PERS). PERS administers a cost-sharing, multiple-employer, defined benefit public employees' retirement system which includes both Regular and Police/Fire members. PERS was established by the Nevada Legislature in 1947, effective July 1, 1948. PERS is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earnings capacities have been removed or substantially impaired by age or disability.

Benefits Provided

Benefits, as required by the Nevada Revised Statutes (NRS or statute), are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering PERS on or after January 1, 2010 and July 1, 2015. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this factor is 2.67% of average compensation. For members entering PERS on or after January 1, 2010, there is a 2.5% service time factor and for regular members entering PERS on or after July 1, 2015, there is a 2.25% factor. PERS offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Post-retirement increases are provided by authority of NRS 286.575 - .579.

Vesting

Regular members entering PERS prior to January 1, 2010, are eligible for retirement at age 65 with 5 years of service, at age 60 with 10 years of service, or at any age with 30 years of service. Regular members entering PERS on or after January 1, 2010, are eligible for retirement at age 65 with 5 years of service, or age 62 with 10 years of service, or any age with 30 years of service. Regular members who entered PERS on or after July 1, 2015, are eligible for retirement at age 65 with 5 years of service, or at age 62 with 10 years of service or at age 55 with 30 years of service or any age with 33 1/3 years of service.

Police/Fire members entering PERS prior to January 1, 2010, are eligible for retirement at age 65 with 5 years of service, at age 55 with 10 years of service, at age 50 with 20 years of service, or at any age with 25 years of service. Police/Fire members entering PERS on or after January 1, 2010, are eligible for retirement at 65 with 5 years of service, or age 60 with 10 years of service, or age 50 with 20 years of service, or at any age with 30 years of service. Only service performed in a position as a police officer or firefighter may be counted towards eligibility for retirement as Police/Fire accredited service.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Both Regular and Police/Fire members become fully vested as to benefits upon completion of five years of service.

Contributions

The authority for establishing and amending the obligation to make contributions and member contribution rates, is set by statute. New hires, in agencies which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983, have the option of selecting one of two contribution plans. In one plan, contributions are shared equally by employer and employee. In the other plan, employees can take a reduced salary and have contributions made by the employer (EPC).

PERS' basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due.

PERS receives an actuarial valuation on an annual basis indicating the contribution rates required to fund PERS on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450.

The actuary funding method used is the Entry Age Actuarial Cost Method. It is intended to meet the funding objective and result in a relatively level long-term contributions requirement as a percentage of salary

For the fiscal years ended June 30, 2022, the Statutory Employer/employee matching rates were 15.50% for Regular and 22.75% for Police/Fire. The Employer-pay contribution (EPC) rate, for fiscal years ending June 30, 2022 was 29.75% for Regular and 44.00% for Police/Fire. For the fiscal years ended June 30, 2021, the Statutory Employer/employee matching rates were 15.25% for Regular and 22.00% for Police/Fire. The Employer-pay contribution (EPC) rate, for fiscal years ending June 30, 2021 was 29.25% for Regular and 42.50% for Police/Fire.

The District's contributions were $3,414,171 for the year ended June 30, 2022.

PERS Investment Policy

PERS' policies which determine the investment portfolio target asset allocation are established by the PERS Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of PERS.

The following was the PERS Board adopted policy target asset allocation as of June 30, 2021:

Asset Class	Target Allocation	Long-term Geometric Expected Real Rate of Return
Domestic Stocks	42%	5.50%
International Stocks	18%	5.50%
U.S. Bonds	28%	0.75%
Private Markets	12%	6.65%

As of June 30, 2021, PERS' long-term inflation assumption was 2.50%.

Net Pension Liability

At June 30, 2022, the District reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's allocation percentage of the net pension liability was based on the District's total contributions due on wages paid during the measurement period.

The District's proportion of the net pension liability is based on its employer contributions relative to the total employer contributions for all employers for the period ended June 30, 2021. At June 30, 2021, the District's proportion was .28293%, which is an increase of .02962% from the proportion measured as of June 30, 2020.

Pension Liability Discount Rate Sensitivity

The following presents the net pension liability of the District as of June 30, 2022, calculated using the discount rate of 7.25%, as well as what the District's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current discount rate:

	1% Decrease in Discount Rate (6.25%)	Discount Rate (7.25%)	1% Increase in Discount Rate (8.25%)
Net Pension Liability	$ 51,369,002	$ 25,801,019	$ 4,709,525

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the PERS Annual Comprehensive Financial Report, available on the PERS website.

Actuarial Assumptions

The District's net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation Rate	2.50%
Productivity Pay Increase	0.50%
Projected Salary Increases	Regular: 4.20% to 9.10%, depending on service Police/Fire: 4.60% to 14.5%, depending on service Rates include inflation and productivity increases
Investment Rate of Return	7.25%
Other Assumptions	Same as those used in the June 30, 2021 funding actuarial valuation

Mortality rates for regular and police/fire members are based on the following table:

Healthy:	Headcount–Weighted RP-2014 Healthy Annuitant Table projected to 2020 with Scale MP-2016, set forward one year for spouses and beneficiaries. For ages less than 50[1], mortality rates are based on the Headcount–Weighted RP-2014 Employee Mortality Tables. Those mortality rates are adjusted by the ratio of the mortality rate for healthy annuitants at age 50 to the mortality rate for employees at age 50. The mortality rates are then projected to 2020 with Scale MP-2016. [1] The RP-2014 Healthy Anuitant Mortality Tables have rates only for ages 50 and later.
Disabled:	Headcount–Weighted RP-2014 Disabled Retiree Table, set forward four years.
Pre-Retirement:	Headcount–Weighted RP-2014 Employee Table, projected to 2020 with Scale MP-2016.

Actuarial assumptions used in the June 30, 2021 valuation were based on the results of the experience study for the period July 1, 2016 through June 30, 2020.

The discount rate used to measure the total pension liability was 7.25% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed plan contributions will be made in amounts consistent with statutory provisions and recognizing the plan's current funding policy and cost-sharing mechanism between employers and members. For this purpose, all contributions that are intended to fund benefits for all plan members and their beneficiaries are included, except that projected contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2021.

Changes in assumptions from June 30, 2020 to June 30, 2021 included the following:

- Inflation rate decreased from 2.75% to 2.50%
- Payroll growth decreased from 5.00 % to 3.50%
- Investment rate of return and discount rate decreased from 7.50% to 7.25%
- Projected salary increases declined from 4.25% to 9.15% to 4.20% to 9.10% for Regular members and increased from 4.55% to 13.90% to 4.60% to 14.50 for Police/Fire members
- The consumer price index decreased from 2.75% to 2.50%
- Mortality rates were changed from Headcount-Weighted RP-2014 Tables to Pub-2010 Mortality Tables.
- Future mortality improvement was changed from 6 years to the Generational Projection Scale MP-2020.

Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2022, the District recognized pension expense of $1,036,997. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 2,857,969	$ 181,578
Changes in assumptions or other inputs	8,566,383	
Net difference between projected and actual earnings on pension plan investments	-	21,052,810
Changes in the employer's proportion and differences between the employer's contributions and the employer's proportionate contributions	6,010,116	163,198
District contributions subsequent to the measurement date	3,414,171	-
Total	$ 20,848,639	$ 21,397,586

Deferred outflows of resources related to pensions resulting from Employer contributions subsequent to the measurement date in the amount of $3,414,171 will be recognized as a reduction of the net pension liability in the year ending June 30, 2023.

The average of the expected remaining service lives of all employees that are provided with pensions through PERS (active and inactive employees) determined at July 1, 2020 (the beginning of the measurement period ended June 30, 2021) is 6.14 years.

Other estimated amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	
2023	$ (1,517,842)
2024	(1,374,931)
2025	(1,822,773)
2026	(2,240,807)
2027	2,630,367
Thereafter	362,868
Total	$ (3,963,118)

Additional Information

The PERS Annual Comprehensive Financial Report (ACFR) is available on the PERS website at www.nvpers.org under Quick Links – Publications.

Note 10 - Risk Management

The District is exposed, as are all entities, to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District is fully insured for property and auto loss and liability with a $1,000 to $2,500 deductible. The District is covered up to a policy limit per occurrence of $10,000,000 and $20,000,000 annual aggregate in excess liability coverage. The District's policy contains various sub-limits established for earthquake, flood, equipment breakdown, errors and omissions and other items.

During the term of the Reno/Truckee Meadows Fire Protection District Interlocal Agreement, workers' compensation was fully insured with the City of Reno's self-funded workers' compensation plan. Due to the termination of the Agreement, as of July 1, 2012, the District is no longer self-funded with the City of Reno but has purchased a guaranteed workers compensation insurance plan. However, the District is still required to pay workers' compensation claims costs to the City of Reno for those years the District was self-funded through the City of Reno's workers' compensation plan.

During the fiscal year ended June 30, 2004, the District and the City of Reno instituted a "pay as you go" system for workers' compensation claims. The District shared the combined losses with the Reno Fire Department (RFD). The District established the Workers' Compensation Fund to account for this program. The District bought out all workers' compensation liability for all claims incurred prior to July 1, 2012. Claims incurred prior to fiscal year 2012 remain the liability of the City of Reno under the buyout agreement. TMFPD will remain responsible for future Heart and Lung related workers' compensation claims on a "pay as you go" system.

Claims' liability and activity for the past two years were as follows:

Claims liability, July 1, 2020	$ 1,411,418
Claims and changes in estimates	652,110
Claims paid	(143,439)
Claims liability, June 30, 2021	1,920,089
Claims and changes in estimates	(821,155)
Claims paid	(104,319)
Claims liability, June 30, 2022	$ 994,615

Note 11- Tax Abatement

The District's tax revenues were reduced by $155,267 under agreements entered into by the State Nevada. The state agreements include a partial abatement of one or more of personal property and local sales and use taxes imposed on aircraft, components of aircraft and other personal property used for certain purposes related to aircraft, a partial abatement of one or more of property and local sales and use taxes imposed on a new or expanded data center and on renewable energy facilities, and use taxes imposed on eligible machinery or equipment used by certain new or expanded businesses.

Note 12 – Commitments

On June 23, 2020, the District entered into an Interlocal Agreement to provide for financing, development, operation, and management of the Washoe County Regional Communications P25 System. Under the terms of the agreement, the District has committed to paying for an allocated portion of Washoe County's debt obligation to upgrade the existing radio communication system to address new technology requirement and aging/availability issues, radio coverage, and mutual aid interconnection. The District paid Washoe County $68,928 during the fiscal year ending June 30, 2022. The District's remaining payments to Washoe County for their portion of the debt is $662,074 in principal, $152,562 in interest and $50,330 in reserve with average annual payments of $66,536 over the remaining term of 13 years.

The District has active construction projects as of June 30, 2022. The projects are for the remodel of two fire stations. As of June 30, 2022, the District spent $8,750 and has a remaining commitment of $869,916 related to these projects. The encumbrances and related appropriation technically lapse at the end of the year, but are reappropriated and become part of the subsequent year's budget because performance under the executory contract is expected in the next year.

Note 13- Subsequent Events

By mutual agreement of TMFPD and Local 2487, TMFPD's contributions to the PEHP terminated as of July 1, 2022 in exchange for increased retiree health benefits. The existing balances in individual participant accounts will remain under the control of the participants and the Administrator, see Note 8, for additional information. As of July 1, 2022, any employee who retires under PERS with a minimum of ten years' service with the District, the District will pay 50% of the premium for employee only health insurance.

As of July 1, 2022, the District created the new Emergency Medical Services Enterprise Fund. The primary purpose of the Fund will be to account for the revenues and expenses related to providing emergency medical services, including but not limited to ambulance services to the District and surrounding areas.

* GASB Statement No. 68 requires ten years of information to be presented in this table. However, until a full 10-year trend is compiled, the District will present information for those years for which information is available.

Note 1 - Internally Reported (Budgetary Basis) Funds

The accompanying Reconciliation of the General Fund (Budgetary Basis) to the General Fund (GAAP Basis) presents balances combined for external reporting purposes.

Budget to actual comparisons are presented for all funds of the District, as required by Nevada Revised Statutes. Such budget comparisons are required to be presented using the budget as adopted and approved by the State of Nevada Department of Taxation. However, guidance provided by Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, specifies that two of these internally reported funds of the District do not meet the definition of special revenue funds and do not qualify to be separately presented for external reporting purposes.

These internally reported special revenue funds of the District (Sick Annual Comp Benefits Fund and Stabilization Fund) are combined with the General Fund for external reporting purposes.

Note 2 - Schedule of District's Contributions, OPEB

Actuarially determined contribution rates are calculated as of July 1, 2020, two years prior to the end of the fiscal year in which contributions are reported and projected forward to June 30, 2022.

Methods and assumptions used to determine contribution rates:

Actuarial funding method	Entry Age Normal Level Percent of Pay Cost Method
Amortization method	Level dollar amount over 20 years on a closed basis from June 30, 2011
Inflation	2.5%
Salary increases	
0-4 years of service	8% for two years, 7.50% after two years
5 + years of service	3% for two years, 2.50% after two years
Discount rate	5.75%
Long Term Expected Rate of Return	5.75%
Healthcare cost trend rates	
Retirees	Range between 4.0% to 8.2% annually
Retirees under the City of Reno Plan	Range between 2.6% to 5.3% annually
Retirees' share of benefit-related costs	
Retirees before June 30, 2012 under City of Reno Plan	
(Pre-65)	40% retiree and dependent
(Post-65)	50% retiree and 100% dependent
Retirees hired on or before July 1, 2014	50% retiree and 100% dependent
Retirees hired after July 1, 2014	100% retiree and dependent

Changes of assumptions and other inputs reflect a change in the discount rate from 6.0 percent as of the measurement date of June 30, 2018 to 5.75 percent as of the measurement date of June 30, 2020 and a change in the long-term inflation assumption from 3.00 percent as of the measurement date of June 30, 2018 to 2.5 percent as of the measurement date of June 30, 2020. Other changes include a change in assumption in salary increases from 8.00 percent for 0-4 years of service as of the measurement date of June 30, 2018 to 8.0 percent for two years declining to 7.5 percent for the remaining years and from 3.0 percent for 5 plus years of service to 3.0 percent for two years declining to 2.5 percent for the remaining years.

Note 3 - Schedule of District's Share of Net Pension Liability

The following table presents significant changes in assumptions:

	2021	2017 - 2020	2014 - 2016
Inflation rate	2.50%	2.75%	3.50%

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Honorable Board of Fire Commissioners
Truckee Meadows Fire Protection District
Reno, Nevada

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Truckee Meadows Fire Protection District (the District), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated November 23, 2022.

Report on Internal Control over Financial Reporting
In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and responses as finding 2022-001 that we consider to be a material weakness.

Report on Compliance and Other Matters
As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

The District's Response to Findings
Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the findings identified in our audit and described in the accompanying schedule of findings and responses. The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report
The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Auditor's Comments

To the Honorable Board of Fire Commissioners
Truckee Meadows Fire Protection District
Reno, Nevada

In connection with our audit of the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Truckee Meadows Fire Protection District (the District) as of and for the year ended June 30, 2022, and the related notes to the financial statements, nothing came to our attention that caused us to believe that the District failed to comply with the specific requirements of Nevada Revised Statues. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the requirements of Nevada Revised Statutes, insofar as they related to accounting matters.

Current Year Statute Compliance
The required disclosure on compliance with Nevada Revised Statutes and the Nevada Administrative Code is contained in Note 2 of the financial statements.

Progress on Prior Year Statute Compliance
The District reported instances of noncompliance with significant constraints on its financial administration during the year ended June 30, 2021. These instances of noncompliance were resolved during the year ended June 30, 2022.

Prior Year Recommendations
There was finding 2021-001 reported for the year ended June 30, 2021. This matter was resolved during the year ended June 30, 2022.

Current Year Recommendations
The current year recommendations are reported in the Schedule of Findings and Responses.

Eide Bailly LLP

Reno, Nevada
November 23, 2022

2022-001: Accounts Payable and Property, Plant, and Equipment
Material Weakness

Criteria: Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. Appropriate reconciliation of accounts payable and property, plant, and equipment is a key component of an effective system of internal control over financial reporting.

Condition: During our testing over accounts payable and property, plant, and equipment, we noted that vehicles were recognized as of June 30, 2022 and a liability was recognized when the vehicles were not received until after year-end. Therefore, the vehicles and related liability should not have been recognized until received.

Cause: The District did not have adequate internal controls to ensure appropriate recognition and cutoff for vehicles received after year-end.

Effect: Prior to adjustment, $220,746 in capital related expenditures were recognized during the year-ended June 30, 2022 rather than June 30, 2023 in the Capital Projects Fund.

Recommendation: We recommend the District enhance internal controls to ensure appropriate recognition and cutoff for vehicles received after year-end.

Views of Responsible Officials: The District received several fleet vehicles during June 2022 and July 2022. The first vehicle in an order of six vehicles was received in June of 2022, however the remaining five vehicles were received within the first two weeks of July 2022. The District, in error, recorded all vehicles as received by June 30, 2022 which resulted in the overstatement of liabilities, expenditures and capital assets. The District's year-end procedures were focused on risk of understatement of liabilities and did not detect the overstatement of liabilities. The District has implemented additional procedures including requiting the date of receipt for each item on an invoice that has been approved for payment. The District will also add year-end procedures to review year end accruals to verify all items were received by year end.

CPAs & BUSINESS ADVISORS

Independent Auditor's Report

To the Honorable Board of Fire Commissioners
Truckee Meadows Fire Protection District
Reno, Nevada

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Truckee Meadows Fire Protection District (the District) (a component unit of Washoe County, Nevada) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4-10, budgetary comparison information and reconciliation on pages 43-46, schedule of changes in net other postemployment benefit liability and related ratios on page 47, schedule of District's contributions – other postemployment benefits on page 48, schedule of District's share of net pension liability on page 49, and schedule of District's contributions – PERS on page 50, and the notes to the required supplementary information on page 51 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund statements and schedules, including budgetary comparisons and reconciliations, are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund financial statements and schedules, including budgetary comparisons and reconciliations are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules, including budgetary comparisons and reconciliations are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report November 22, 2021, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Eide Bailly LLP

Reno, Nevada
November 22, 2021

As management of the Truckee Meadows Fire Protection District's (the District) finances, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2021.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the District's governmental activities exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $8,204,015 which includes $27,386,298 net investment in capital assets, $1,782,999 restricted for wildland fire emergencies, $560,165 restricted for claims, and ($21,525,447) which is the unrestricted net position. Governmental activities include all funds of the District.

- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of $17,358,129 a decrease of $4,099,207 or 19.1% in comparison with the prior year. This decrease was primarily caused by capital expenditures from debt issued during the prior fiscal year ending June 30, 2020. The expenditures are included in the governmental funds however, the related capital assets are not current economic resources therefore the value of the asset is not included in the governmental funds. Approximately 53.91% of the combined ending fund balance is available for spending at the government's discretion (unassigned fund balance).

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Total assets of the District at June 30, 2021 were $58,212,400 with capital assets, net of accumulated depreciation, accounting for $32,448,492 of that total. Total deferred outflows of resources of the District at June 30, 2021 were $12,160,383 all of which is related to post employment costs including health benefits and pension. Of the total liabilities of $59,854,481, approximately 93.35% or $55,874,715 represent liabilities related to long-term liabilities of the District. This is an increase of $8,006,938 in liabilities in comparison with the prior year and was primarily caused by the increase in net pension liability of $2,433,370 and increase in net other postemployment benefits liability of $1,859,475 due to changes in actuary assumptions and valuations, and the increase in bonds payable of $1,554,000 due to additional debt issuances during the year. Total deferred inflows of resources of the District at June 30, 2021 were $2,314,287 all of which is related to post employment costs including health benefits and pension.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned and unused vacation leave). Total revenues for the year ended June 30, 2021 were $39,687,969 consisting primarily of

taxes and intergovernmental revenues, while total expenses were $42,952,850. This resulted in a decrease in net position of $3,264,881 or 28.47% from prior year. The decrease was primarily caused by non-cash related expenses, including, increases in other postemployment benefit liability, pension liability, compensated absences liability, and the change in workers' compensation claims estimates. The District's net position remains strong.

Both of the government-wide financial statements show the public safety function of the District, which is principally supported by taxes and intergovernmental revenues (governmental activities). All governmental activities of the District are included in the public safety function since the District is a single-purpose entity.

The government-wide financial statements can be found on pages 11 and 12 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District fall into the governmental funds category, except for the proprietary fund.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains four individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Emergency Fund and Capital Projects Fund, all of which are considered to be major funds. The District established the Debt Service Fund during the fiscal year ending June 30, 2021. The Debt Service Fund is the District's only non-major governmental fund. The District adopts an annual appropriated budget for each of its funds. A budgetary comparison statement or schedule has been provided for each fund to demonstrate compliance with the budget. The governmental fund financial statements and the reconciliations to the government-wide financial statements can be found on pages 13 through 16 of this report.

Proprietary funds. The District maintains one type of proprietary fund, which is an internal service fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's functions. The District's internal service fund is used to account for its workers' compensation liability. Because these services benefit governmental rather than business-type functions, it has been included within governmental activities in the government-wide financial statements. The internal service fund is reported in the proprietary fund financial statements and can be found on pages 17 through 19 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 20 through 42 of this report.

Other information. The District maintains a stabilization fund and a sick annual comp benefits fund for internal purposes. These funds do not meet the definition of special revenue funds under Governmental Accounting Standards Board (GASB) Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, which was implemented in 2011 by the District. The activity for these funds is included in the General Fund in the basic financial statements; however, since the District prepares a budget for these funds, a reconciliation of budgetary basis financial statements to GAAP basis financial statements is presented immediately following the notes to the financial statements. These reconciliations can be found on pages 46 and 52 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

- As noted earlier, net position may serve over time as a useful indicator of a government's financial position. As of June 30, 2021, the District's total net position was $8,204,015, which is a $3,264,881 decrease from the prior year. The primary reason for the decrease was the increase in other postemployment benefit liability, pension liability, compensate absences liability, and changes in workers' compensation claims estimates.

Truckee Meadows Fire Protection District's Net Position

	Governmental Activities	
	2021	2020
Current and other assets	$ 25,763,908	$ 27,471,422
Capital assets	32,448,492	28,839,998
Total assets	58,212,400	56,311,420
Deferred outflows of resources	12,160,383	10,350,772
Other liabilities	3,979,766	3,021,524
Long-term liabilities	55,874,715	48,826,019
Total liabilities	59,854,481	51,847,543
Deferred inflows of resources	2,314,287	3,345,753
Net position:		
Investment in capital assets	27,386,298	28,469,092
Restricted	2,343,164	2,648,387
Unrestricted	(21,525,447)	(19,648,583)
Total net position	$ 8,204,015	$ 11,468,896

The assets and deferred outflows of resources of the District's governmental activities exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $8,204,015. Net position includes the District's net investment in capital assets (e.g., land, buildings, machinery, and equipment). The net investment in capital assets as of June 30, 2021 was $27,386,298. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion of the District's net position $2,343,164 represents resources that are subject to external restrictions on how they may be used, such as the workers' compensation claims and emergencies. The remaining balance of unrestricted net position was ($21,525,447).

At the end of the current fiscal year, the District is able to report positive balances in two of the three categories of net position. The negative unrestricted net position was caused by the accounting standard requiring the reporting of the Net Pension Liability on the balance sheet.

Truckee Meadows Fire Protection District's Changes in Net Position

	Governmental Activities	
	2021	2020
Revenues:		
Program revenues:		
Charges for services	$ 1,487,666	$ 665,975
Capital grants and contributions	530,990	-
Operating grants and contributions	868,825	16,109
General revenues:		
Property taxes	21,142,353	19,937,912
Consolidated taxes	10,396,577	9,021,756
Other taxes	1,628,553	1,557,133
Unrestricted investment earnings	66,724	918,533
Reimbursements	3,151,900	1,114,528
Other	414,381	93,904
Total revenues	39,687,969	33,325,850
Expenses:		
Public safety	42,662,073	36,116,362
Debt service	290,777	94,865
Total expenses	42,952,850	36,211,227
Increase (Decrease) in net position	(3,264,881)	(2,885,377)
Net position, July 1	11,468,896	14,354,273
Net position, June 30	$ 8,204,015	$ 11,468,896

Total Revenues. The District's total revenues increased by $6,362,119, or 19.09%. The primary increases were an increase of $2,037,372 in reimbursements caused by new fuels management agreements with outside agencies that reimbursed the District for purchases of assets and supplies, an increase in Consolidated taxes of $1,374,821 mostly due to increased spending on consumer goods during the year, and an increase of $1,204,441 in ad valorem taxes. Also included in the increase is a $1,383,706 increase in grants and contributions caused mainly by new fuels management agreements and acceptance of a federal grant for the staffing of three fire fighter positions. These increases were offset by a decrease in investment earnings in the amount of $851,809 primarily related to timing of the valuation of investments.

Total Expenses. The District's total expenses increased by $6,741,623 or by 18.62% which was primarily due to salary and benefit increases, including additional costs related to pension and post-employment benefits, and increases in the number of employees due to the growth of the District.

Net Position. The District's total net position decreased by $3,264,881 during the fiscal year ended June 30, 2021. The District's total net position decreased by $2,885,377 during the fiscal year ended June 30, 2020. The decrease in total net position in the fiscal year ended June 30, 2021 was primarily caused by non-cash related expenses, including, increases in other postemployment benefit liability, pension liability, compensated absences liability, and the change workers' compensation claims estimates. The decrease in total net position in the fiscal year ended June 30, 2020 was also primarily caused by non-cash related expenses, including, increases in other postemployment benefit liability, pension liability, and compensated absences liability.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of $17,358,129 a decrease of $4,099,207 or 19.1% in comparison with the prior year. This decrease was primarily caused by capital purchases from debt issued during the prior fiscal year ending June 30, 2020. The purchases are included in the governmental funds however, the related capital assets are not current economic resources therefore the value of the asset is not included in the governmental funds. Approximately 53.91% of the combined ending fund balance is available for spending at the government's discretion (unassigned fund balance).

The General Fund is the primary operating fund of the District. For the fiscal year ended June 30, 2021, the total fund balance for the General Fund was $13,731,494. The total fund balance includes an assigned fund balance of $4,324,585 which consists of $450,884 assigned for encumbrances, $3,634,349 appropriated to the fiscal year 21/22 budget and $239,352 assigned to pay out accrued sick and annual compensation balances. The remaining fund balance consists of, $6,432 in nonspendable fund balance, and $9,400,477 unassigned.

The total fund balance for the General Fund in the amount of $13,731,494 is an increase of $1,082,484 from the prior year. This increase is primarily caused by increases in ad valorem taxes and intergovernmental revenues associated with local sales taxes.

As a measure of the General Fund's liquidity, it may be useful to compare the June 30, 2021 total fund balance not attributable to the Stabilization Fund or the Sick Annual Comp Benefits Fund of $12,850,075 to fund expenditures. The fund balance represents 36.49% of total General Fund expenditures. This represents approximately 4.4 months' worth of expenditures. The fund balance will give the District's General Fund sufficient cash flow to meet its operational obligations.

The District's Emergency Fund was established according to NRS 474 for the funding for unforeseen emergencies, primarily large wildland fires and other natural disasters. In fiscal year 2021, the District incurred large wildland fires within its jurisdiction; and it provided fire suppression services to other entities for a fee and paid for the State

wildland fire insurance program and other expenditures which totaled $2,073,320, an increase of $1,464,311 from the prior year. This increase is primarily caused by a significant increase in large wildland fires and services provided to the community in relation to the COVID-19 pandemic. The Emergency Fund balance as of June 30, 2021 was a deficit balance of $42,675. The deficit balance is primarily caused by the timing of reimbursements from other agencies for assistance with wildland fire suppression or other emergency responses. These reimbursements were not received within 60 days of June 30, 2021 and therefore are not considered current economic resources and are deferred in the governmental funds.

The Capital Projects Fund activity in fiscal year 2021 included the issuance of bonds in the amount of $2,100,000. Purchases from the Fund, included among other things, the purchase of property for a future replacement fire station, and five new Type I fire engines.

The Debt Service Fund was established in fiscal year 2021, expenditures from the Fund, included principal and interest payments on the two outstanding general obligation bonds.

Proprietary funds. The District's proprietary fund provides information on the workers' compensation program of the District. The net position of the Workers' Compensation Internal Service Fund as of June 30, 2021, was $560,165, a decrease of $646,144 from prior year. The primary reason for the decrease was an increase in expense of $595,594 related to estimated future claims liabilities.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. The District's capital assets as of June 30, 2021, amount to $32,448,492 (net of accumulated depreciation). This net investment in capital assets includes land, construction in progress, buildings and building improvements, and vehicles and equipment. Refer to Note 4 for further detail.

Long-term debt. During the fiscal year, the District issued long-term bonded debt in the amount of $2,100,000 to be used for the acquisition and construction of major capital facilities and equipment. This is the second issuance of debt by the District. The District's other long-term bonded debt of $4,415,000 was issued during the prior fiscal year for the purchase and build up of vehicles and apparatus. Scheduled principal payments of $546,000 were made during the year. Other long-term obligations of the District included compensated absences, such as accrued vacation and sick leave, and estimated workers compensation' claims. Refer to Note 5 for further detail.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The District relies primarily on two types of tax revenues. The first of these is ad valorem or property taxes and is directly affected by the assessed property tax values in Washoe County, Nevada. Property tax revenues are projected to increase for 2021-2022. Assessed values increased by 4.98% for the coming fiscal year.

- The second significant tax revenue for the District, the consolidated tax, consists primarily of sales taxes. For the fiscal year ending June 30, 2022, the District budgeted for a decrease in sales tax revenue of 13.5% in reaction to the current COVID-19 pandemic and the expected impact to sales revenues. However, for the year ended June 30, 2021, taxable sales in Washoe County increased by 19.4% over the previous fiscal year. For the fiscal year ending June 30, 2022, the District budgeted sales tax revenue consistent with projections obtained from the State of Nevada Department of Taxation.

These factors were considered in preparing the District's budget for the 2022 fiscal year.

REQUESTS FOR INFORMATION

The financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Truckee Meadows, 3663 Barron Way, Reno, Nevada 89511.

Truckee Meadows Fire Protection District

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Year Ended June 30, 2021

Amounts reported for governmental activities in the statement of activities are different because:		
Net change in fund balances - total governmental funds		$ (4,099,207)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are allocated over the estimated useful lives and reported as depreciation expense.		
Expenditures for capital assets	6,245,846	
Less current year depreciation/amortization	(1,830,930)	
		4,414,916
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds. Thus, the change in net position differs from the change in fund balances by the change in unavailable revenue.		1,572,776
Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities and/or deferred outflows of resources in the Statement of Net Position. Repayment of bond principal is an expenditure in governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. This is the amount by which bonds issued exceeded repayments:		
Bonds issued	(2,100,000)	
Principal paid on bonds	546,000	
		(1,554,000)
Some expenses reported in the statement of activities do not require the use of current financial resources, and, therefore, are not reported as expenditures in governmental funds:		
Change in compensated absences	(693,180)	
Change in accrued interest	(1,852)	
		(695,032)
In the statement of activities, the gain or loss on the disposal of capital assets is reported. In the governmental funds, the gain or loss is not reported. Thus, the change in net position differs from the change in fund balances by the cost of the assets sold less the balance in accumulated depreciation.		(806,422)
Governmental funds report pension and other postemployment benefits (OPEB) contributions as expenditures. However, in the Statement of Activities, the cost of pension and OPEB benefits earned is reported as pension expense.		
OPEB contributions	750,000	
OPEB expense	(1,300,594)	
Pension contributions	2,961,304	
Pension expense	(3,862,478)	
		(1,451,768)
The internal service funds are used by management to account for the costs of retiree health medical expenses and workers' compensation. The net revenue of the internal service funds is reported with governmental activities.		(646,144)
Change in net position of governmental activities		$ (3,264,881)

Note 1 - Summary of Significant Accounting Policies

Reporting Entity

Truckee Meadows Fire Protection District (District) is a municipality of the State of Nevada located in Washoe County, Nevada. The District is governed by the Board of Fire Commissioners. The Washoe County Board of County Commissioners functions as the Board of Fire Commissioners of the District.

The County has no financial benefit or burden relationship with the District and the District is a legally separate organization from the County. However, the Board of County Commissioners acts as the Board of Fire Commissioners of the District and as such, as defined in governmental accounting standards generally accepted in the United States of America, the District has been classified as a discretely presented component unit of the County.

Government-Wide and Fund Financial Statements

The government-wide financial statements (Statement of Net Position and the Statement of Activities) report information about the activities of the District. The effect of interfund activity has been removed from these statements.

The Statement of Activities demonstrates the degree to which the direct expenses of the public safety function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The fund financial statements provide information about the funds of the District. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements and the proprietary fund’s financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds report liabilities in connection with resources that have been received, but not yet earned. Expenditures generally are recorded when the related liabilities are incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, postemployment benefits, and claims and judgments, are recorded only when payment is due.

The District initially utilizes restricted resources to finance qualifying activities prior to unrestricted resources, which are utilized as they are needed.

Property taxes, licenses and permits, intergovernmental revenues, and interest earnings associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Other revenue items are considered to be measurable and available only when cash is received by the District.

The focus of proprietary fund measurement is upon determination of operating income or loss, changes in net position, financial position, and cash flows. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. Operating expenses for internal service funds include the cost of services (employee benefits). All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The generally accepted accounting principles applicable are those similar to businesses in the private sector.

The District's Workers' Compensation Internal Service Fund is the only proprietary fund. The financial statements of the Workers' Compensation Internal Service Fund are consolidated into the governmental column when presented in the government-wide financial statements. The costs of these services are reported in the public safety function. The effect of interfund activity has been removed from the government-wide financial statements.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the District, except those accounted for in another fund.

The Wildland Fire Emergency Reserve Fund (The Emergency Fund), a special revenue fund under Nevada Revised Statutes (NRS), was created to account for the cost of unforeseen large wildland fire emergencies pursuant to NRS 474.510.

The Capital Projects Fund, a capital projects fund, accounts for the financial resources to be used for the acquisition and construction of major capital assets.

Additionally, the District reports the following fund types:

The Debt Service Fund is used to account for the accumulation of resources that are restricted, committed, or assigned for the payment of principal and interest on long-term obligations of governmental funds.

The Workers' Compensation Fund Internal Service Fund accounts for the workers' compensation activity.

Budgets and Budgetary Accounting

Truckee Meadows Fire Protection District adheres to the Local Government Budget and Finance Act incorporated within the statutes of the State of Nevada, which include the following major procedures to establish the budgetary data, which is reflected in these financial statements:

1. On or before April 15, the Board of Fire Commissioners files a tentative budget with the Nevada Department of Taxation for all funds.
2. Public hearings on the tentative budget are held on the third Monday in May in conjunction with Washoe County's budget hearing.

3. Prior to June 1, at a public hearing, the Board indicates changes, if any, to be made to the tentative budget and adopts a final budget by the favorable vote of a majority of the members of the Board. The final budget must then be forwarded to the Department of Taxation for compliance with State laws and regulations. In any year in which legislative action, which was not anticipated, affects the local government's final budget, the Board may file an amended final budget within 30 days of adjournment of the legislative session.
4. Formal budgetary integration in the financial records of all funds is employed to enhance management control during the year. Unencumbered appropriations lapse at the end of the year.
5. Budgets for all externally reported funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America. In addition, budgets are required for the internally reported special revenue fund.

   Pursuant to Nevada Revised Statute 354.598005 the person designated to administer the budget may transfer appropriations within any function. Budget amounts may be transferred between functions within a fund if the governing body is advised of the action at the next regular meeting and the action is recorded in the official minutes of the meeting. Transfer of appropriations between funds or from the contingency account or budget augmentations in excess of original budgetary amounts may not be made without prior approval of the Board of Fire Commissioners, following a scheduled and noticed public hearing, as necessary. The budget was augmented as set forth above during the year. In accordance with state statute, actual expenditures generally may not exceed budgetary appropriations of the public safety function of the General Fund, Special Revenue Funds, and Capital Projects Fund. Also, actual operating and non-operating expenses of the Internal Service Fund generally may not exceed budgeted amounts.

Cash Deposited and Invested with Washoe County Treasurer

A majority of all cash transactions of the District are handled by the Washoe County Treasurer's office. Cash balances are pooled and, to the extent practicable, invested as permitted by law in combination with Washoe County funds.

For purposes of the Statement of Cash Flows, cash equivalents are defined as short-term, highly liquid investments, generally with original maturities of three months or less. The District’s cash and investments pooled with Washoe County funds and the District’s payroll cash account are available upon demand, therefore all cash and investments of the District are considered to be cash equivalents.

Taxes Receivable

Real and personal property taxes receivable reflect only those taxes receivable from the delinquent roll years. No provision for uncollectible accounts has been established since management does not anticipate any material collection loss in respect to the remaining balances.

Personal property taxes receivable reflect only those taxes management believes to be collectible.

Amounts not collected within 60 days after year-end have been recorded as deferred inflows of resources at the governmental fund level.

Receivables

The allowance method is used to provide for estimated uncollectible amounts. At June 30, 2021, the allowance for uncollectible accounts receivable was $290,667 in the General Fund and the allowance for uncollectible due from other governments was $11,017 in the Emergency Fund.

Deposits and prepaid items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as deposits and prepaid items in both the government-wide and fund financial statements. The amounts of deposits and prepaid items are recorded as expenditures/expenses when consumed rather than when purchased.

Capital Assets

Capital assets, which include land, buildings and improvements, and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than $10,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Property, plant, and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

Land improvements	40 years
Buildings	40 years
Building improvements	20 years
Vehicles and equipment	5 - 20 years

Pension

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employees' Retirement System of the State of Nevada (PERS) Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Postemployment Benefits

The District provides other postemployment benefits (OPEB) for eligible employees through a single-employer defined benefit OPEB plan. The plan is administered through the Washoe County, Nevada OPEB Trust (Trust), an irrevocable trust established on May 11,2010 by the Board of County Commissioners. The Trust is a multiple employer trust and was created to fund and account for the participating employers' costs of retiree healthcare benefits pursuant to NRS 287.017. The District's net OPEB liability is measured as of June 30, 2020, and the total OPEB liabilities used to calculate the net OPEB liability are determined by actuarial valuations as of July 1, 2020.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position and Governmental Funds Balance Sheet may report a separate section for deferred outflows of resources. The separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District recognizes deferred outflow of resources as it related to the net pension liability and other postemployment benefits.

In addition to liabilities, the Statement of Net Position and Governmental Funds Balance Sheet may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents and acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District recognizes deferred inflow of resources as it relates to the net pension liability and the net other postemployment liability on the Statement of Net Position. In addition, the District recognizes deferred inflows of resources as they relate to property taxes, consolidated taxes and wildland fire reimbursements in the governmental fund financial statements.

Long-Term Liabilities

In the government-wide financial statements and the proprietary fund, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance cost, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Compensated Absences

The costs involved in vacation time and sick leave benefits are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured as a result of employee resignations and retirements; costs are recorded as payroll costs only when the accumulated benefits are paid or accrued as a result of a termination of service.

The District provides for payment of accrued vacation and accrued comp time upon death, retirement, termination or permanent disability. Employees who are members of the International Association of Fire Fighters (IAFF) Local 2487 upon death, retirement or permanent disability after twenty years of enrollment with the Public Employees' Retirement System of the State of Nevada (PERS) shall be compensated for total accrued sick leave at the rate of 75% for every hour earned increasing by 5% per year up to a maximum of 100% at 25 years of PERS enrollment. For employees who are not members of IAFF Local 2487, upon death, retirement, permanent disability, or termination of an employee after ten years of full-time employment or its equivalent if the employee has not served as a full-time employee for reasons other than discharge for just cause, shall be compensated for total accrued sick leave at the rate of one hour for every three hours earned up to a maximum hour limitation.

Fund Equity

In the government-wide and proprietary fund financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets, if applicable.

Restricted Net Position – Consists of net position with constraints placed on its use either by (1) external groups such as creditors, contributors, or laws or regulations; (2) law through constitutional provisions or enabling legislation.
Unrestricted Net Position – All other net position that does not meet the definition of restricted or net investment in capital assets.

When an expenditure is incurred for purposes for which both restricted and unrestricted amounts are available, the District considers restricted funds to have been spent first.

In the governmental fund financial statements, fund balances are classified based primarily on the extent to which the District is bound to observe constraints imposed on the use of the resources in the fund:

Nonspendable Fund Balance - Includes amounts that cannot be spent because they are not in spendable form. For the District this includes deposits.

Restricted Fund Balance - Occurs when constraints are placed on the use of resources externally (such as through debt covenants or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation). For the District, the restricted fund balance consists of restricted assets for capital projects financed with debt.

Committed Fund Balance - Represents amounts that can be used only for the specific purposes determined by of the adoption of an ordinance committing fund balance for a specified purpose by the District's Board of Fire Commissioners prior to the end of the fiscal year. Once adopted, the limitation imposed by the Board of Fire Commissioners remains in place until the resources have been spent for the specified purpose or the Board of Fire Commissioners removes or revises the limitation. For the District, the committed fund balance consists of committed assets for capital projects.

Assigned Fund Balance - Represents amounts that are constrained by the District's intent to be used for specific purposes and consists of the District's encumbrances as approved by the Board of Fire Commissioners and the amount of fund balance to be expended in the ensuing fiscal year as approved by the Board of Fire Commissioners and amounts internally reported for sick and annual compensation benefits.

Unassigned Fund Balance - Represents the residual amount for the general fund that is not contained in the other classifications. The general fund is the only fund that reports a positive unassigned fund balance.

When expenditures are incurred for purposes for which amounts in any unrestricted fund balance classifications could be used, committed funds, if any, are to be spent first, assigned funds second, and unassigned funds last.

Property Taxes

All real property in the District is assigned a parcel number in accordance with state law, with each parcel being subject to physical reappraisal every five years. A factoring system is used to adjust the appraised value during the years between physical appraisals. The valuation of the property and its improvements is being assessed at 35 percent of "taxable value" as defined by statute. The amount of tax levied is determined by multiplying the assessed value by the tax rate applicable to the area in which the property is located.

Taxes on real property are a lien on the property and attach on July 1 of the year for which the taxes are levied.

Taxes may be paid in four installments payable on the third Monday in August, and the first Mondays in October, January, and March, to the Treasurer of Washoe County. Penalties are assessed if a taxpayer fails to pay an installment within ten days of the installment due date. After a two-year waiting period, if taxes remain unpaid, a tax deed is issued conveying the property to the County with a lien for back taxes and accumulated charges. Redemption may be made by the owner and such persons as described by statute by paying all back taxes and accumulated penalties, interest, and costs before sale.

Taxes on personal property are collected currently. Personal property declarations are mailed out annually and the tax is computed using percentages of taxable values established by the Department of Taxation and tax rates described above.

The major classifications of personal property are commercial and mobile homes. In Washoe County, taxes on motor vehicles are collected by a State agency and remitted to the local governments in the County as part of the Consolidated Tax distribution.

Implementation of GASB Statement No. 89

As of July 1, 2020, the Truckee Meadows Fire Protection District early implemented GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. The implementation of this standard requires interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles in financial statements prepared using the current financial resources measurement focus and recognized as an expense in financial statements prepared using the economic resources measurement focus . In accordance with this standard, the District has recorded all interest as an expenditure in the debt service fund and as an expense in the Statement of Net Position.

Note 2 - Compliance with Nevada Revised Statutes and the Nevada Administrative Code

The District's Emergency Fund had a deficit fund balance of $42,675. The District provided fire support to other local governments during the fiscal year ending June 30, 2021. These support services are reimbursable under agreements with other fire agencies. The District augmented its budget for anticipated revenues to be collected from these other agencies. The deficit balance and over-appropriation occurred due to the timing of reimbursements. The District was unable to collect a significant portion of reimbursement receivables within the revenue recognition period of 60 days after year end and therefore $1,825,674 were recognized as unavailable revenue. Therefore, this is an apparent violation of Nevada Revised Statutes (NRS) 354.626.

While it appears that the actual expenditures of the Debt Service Fund are over the statutory limit by $5,604, and the actual expenses, of the Workers' Compensation Internal Service Fund are over the statutory limit by $396,146, NRS provides exceptions. Per NRS 354.626 subsection 1, bond repayment are exempt and NRS 354.626 subsection 2 provides an exception directly related to a program of insurance.

Note 3 - Cash and Investments

The District is a voluntary participant in the Washoe County Investment Pool (WCIP). The Washoe County Board of County Commissioners administers and is responsible for the WCIP in accordance with NRS 355.175. The investment pool is not registered with the SEC as an investment company. Public Financial Management, LLC determines the fair value of the investment pool monthly. Washoe County has not provided or obtained any legally binding guarantees during the audit period to support these values. Each participant's share is equal to their investment plus or minus their pro-rata portion of monthly interest income and realized and unrealized gains/losses. The related fair value is $19,706,738 as of June 30, 2021. The District's total cash and investments is as follows at June 30, 2021:

Cash	$ 8,008
WCIP	19,706,738
Total cash and investments	$ 19,714,746

Restricted cash and investments of $906,806 are proceeds from debt issuance restricted for the acquisition of properties for fire stations, including fixtures, structures, stations, other buildings, and sites.

Credit Risk

Fixed income securities are subject to credit risk. Credit risk refers to the risk that a borrower will default on debt by failing to make required payments. The District does not hold any such investments directly, but participates in the WCIP. The WCIP is unrated by recognized statistical rating agencies.

Custodial Credit Risk

Custodial credit risk is the risk that an entity's deposits, which are in the possession of an outside party, will not be returned to the entity if the counterparty fails. Balances in the WCIP and the District's Payroll account are covered by one or more of the following: Federal depository insurance, the Securities Investor Protection Corporation, collateral held by the District's agent in the District's name, or by collateral held by depositories in the name of the Nevada Collateral Pool, and the balances are not exposed to custodial credit risk.

Note 4 - Capital Assets

Capital asset activity for the year ended June 30, 2021 was as follows:

Government Activities:

	Balance July 1, 2020	Increases	Decreases	Balance June 30, 2021
Capital assets, not being depreciated				
Land	$ 2,836,790	$ 116,104	$ (165,135)	$ 2,787,759
Construction in progress	935,765	5,455,824	(2,030,335)	4,361,254
Total capital assets, not being depreciated	3,772,555	5,571,928	(2,195,470)	7,149,013
Capital assets, being depreciated				
Land improvements	381,376	-	-	381,376
Buildings and building improvements	21,645,755	65,801	-	21,711,556
Vehicles and equipment	21,281,908	2,051,261	(963,426)	22,369,743
Total capital assets, being depreciated	43,309,039	2,117,062	(963,426)	44,462,675
Less accumulated depreciation for				
Land improvements	(263,419)	(14,874)	-	(278,293)
Buildings and building improvements	(6,632,588)	(578,774)	-	(7,211,362)
Vehicles and equipment	(11,345,589)	(1,237,282)	909,330	(11,673,541)
Total accumulated depreciation	(18,241,596)	(1,830,930)	909,330	(19,163,196)
Total capital assets, being depreciated, net	25,067,443	286,132	(54,096)	25,299,479
Governmental activities capital assets, net	$28,839,998	$ 5,858,060	$(2,249,566)	$32,448,492

The increase in accumulated depreciation includes depreciation expense of $1,830,930 charged to the public safety function.

Note 5 - Long-Term Liabilities

General obligation bonds

The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities and equipment. General obligation bonds are direct obligations and pledge the full faith and credit of the District and are additional secured by a pledge of 15% of certain proceeds of liquor taxes, tobacco taxes, real property transfer taxes, basic governmental services tax and basic and supplemental sales taxes. During the fiscal year 2021, principal and interest paid on the bonds totaled $156,635 and pledged revenues totaled $1,559,487.

The District issued general obligation capital improvement bonds in the year ended June 30, 2021 to provide funds for fire station projects. These bonds will be repaid from all legally available funds of the District, including its capital projects fund and its general fund. The bonds have a stated rate of interest of 1.53% and are payable in equal installments over the next 15 years.

General obligation bonds outstanding at June 30, 2021, are as follows:

	Issue Date	Final Payment Date	Interest Rate	Original Amount	Principal Outstanding
Direct Placement: General Obligations:					
Medium-term Equipment Bonds Series 2020	3/10/2020	3/1/2030	1.50%	$4,415,000	$4,006,000
Capital Improvement Bonds Series 2020	10/21/2020	6/1/1935	1.53%	2,100,000	1,963,000
				$6,515,000	$5,969,000

The District's outstanding medium-term equipment bonds bonds related to governmental activities of $4,006,000 contain a provision that in an event of default, the bond owner may institute legal proceedings against the District and the interest rate may be increased to 1.92% annually.

Interest expense of $86,056 for the year was recorded by the District.

Long-term liability activity for the year ended June 30, 2021 was as follows:

	Amount Outstanding July 1, 2020	Additions	Reductions	Amount Outstanding June 30, 2021	Due Within One Year
General Obligation Bonds	$ 4,415,000	$2,100,000	$ 546,000	$ 5,969,000	$ 543,000
Compensated absences	5,599,978	2,845,599	2,152,419	6,293,158	2,502,882
Claims and judgments	1,411,418	652,110	143,439	1,920,089	69,204
	$11,426,396	$5,597,709	$2,841,858	$14,182,247	$3,115,086

Compensated absences are generally liquidated from the General Fund and claims and judgments are liquidated from the Workers' Compensation Internal Service Fund. General Obligation Bonds will be liquidated through transfers to the Debt Service fund from the Capital projects fund.

The debt service requirements for the District's bonds are as follows:

Year Ended June 30,	Principal	Interest
2022	$ 543,000	$ 90,124
2023	552,000	81,941
2024	561,000	73,622
2025	570,000	65,168
2026	579,000	56,578
2027-2031	2,561,000	148,995
2032-2035	603,000	23,241
	$5,969,000	$ 539,669

Note 6 – Operating Leases

The District leases warehouse space under an operating lease agreement. The agreement expires on December 31, 2021. The terms of the agreement require monthly rent payments, increasing annually plus operating expenses.

The District began a long-term lease on February 1, 2020 for office and warehouse space which expires in fiscal year 2025. The agreement expires on January 31, 2025. The terms of the agreement require monthly rent payments, increasing annually plus operating expenses. The lease contains the option of two five year renewal periods at then prevailing fair market rental rate. The District has the right to purchase the building at $185 per square foot, plus fees, any time prior to the 36th month of the lease. The District has executed the right to purchase as of September 13, 2021, see Subsequent Events note for further details.

Total lease payments in fiscal year 2021 were $213,036. As of June 30, 2021, future minimum payments for these leases are:

Year Ended June 30,	Minimum Lease Payments
2022	$ 374,040
2023	346,224
2024	356,610
2025	211,618
	$ 1,288,492

Lessor:

The District subleases warehouse space under a sublease agreement. The sublease agreement expires on December 31, 2021. The terms of the agreement require monthly rent payments, increasing annually plus operating expenses.

Total lease payments in fiscal year 2021 were $74,707. As of June 30, 2021, future minimum payments for these leases are:

Year Ended June	Minimum Lease
2022	$ 37,901

Note 7 - Interfund Activity

Interfund transfers for the year ended June 30, 2021 consisted of the following:

	Transfers in		
	Capital Projects Fund	Debt Service Fund	Total Transfers in
Transfers out:			
General Fund	$ 500,000	$ -	$ 500,000
Capital Projects Fund	-	630,204	630,204
Total transfers out	$ 500,000	$ 630,204	$ 1,130,204

The transfer from the General Fund to the Capital Projects Fund was used to move unrestricted, one-time savings to fund one-time capital outlay expenditures. The transfer from the Capital Projects Fund to the Debt Service Fund were to make scheduled debt payments.

Note 8- Postemployment Benefits Other than Pensions (OPEB)

Defined Benefit Plan

Plan Description and Eligibility

Prior to July 1, 2000, the District provided health insurance benefits to retired employees through a single-employer defined benefit plan. At June 30, 2000, ten retirees were participating in the District's health benefits program. On July 1, 2000, pursuant to an Interlocal Agreement for Fire Services and Consolidation, District fire operations were transferred to the City of Reno and the City accepted liability for the ten retirees under this plan. In accordance with the Interlocal Agreement, the District pays a proportionate share of employees' retiree health benefit costs based on service earned prior to July 1, 2000, for those employees who transferred employment to the City of Reno and retired prior to June 30, 2012 or during the term of the Interlocal Agreement. Health benefits under the City's plan included medical, prescription, vision, dental and life insurance.

The Interlocal Agreement was terminated on June 30, 2012, and the District assumed responsibility for its own fire district operations as of July 1, 2012. As of June 30, 2012, in preparation of standing up the new fire operations, 11 former Reno firefighters transferred to the District with the provision the District would provide retiree health benefits for those 11 employees. Any former District employees remaining employed by the City of Reno as of July 1, 2012 retained retiree health benefits with the City and the City retained the liability for those employees. Benefits under the new District plan, a single-employer defined benefit plan, include health, dental, vision and prescription coverage. Eligible retirees who retire from the District will be required to pay for 50% of the retirees' health insurance premium and 100% of the cost of coverage for their families. Eligibility requirements, benefit levels, employee contributions and employer contributions may be amended by the mutual agreement of the Truckee Meadows Fire Protection District and the District's Fire Firefighters' Association.

As of July 1, 2010, the Plan is administered through an irrevocable trust, Washoe County, Nevada OPEB Trust (Trust), established on May 11, 2010, by the Board of Washoe County Commissioners. The Trust, a multiple-employer trust, was created to fund and account for the participating employers' costs of retiree healthcare benefits pursuant to Nevada Revised Statutes 287.017. The District is a participating employer in the Trust. Complete financial statements of the Trust may be obtained by writing to: OPEB Trust, c/o Washoe County Comptroller's Office, 1001 E. 9th Street Ste D200, Reno, Nevada, 89512.

Employees covered by benefit terms. As of the measurement date of June 30, 2020, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments:	55
Active employees:	144

Actuarial assumptions and other inputs

The District's total OPEB liability of $13,450,181 was measured as of June 30, 2020 was based on the valuation date of July 1, 2020. Projections of the sharing of benefit-related costs are based on established pattern of practice. Actuary valuations include projections of the sharing of benefit-related costs that are based on an established pattern of practice. The total OPEB liability in the actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial funding method	Entry Age Normal Level Percent of Pay Cost Method
Amortization method	Level dollar amount over 20 years on a closed basis from June 30, 2011
Inflation	2.5%
Salary increases	
0-4 years of service	8% for two years, 7.50% after two years
5 + years of service	3% for two years, 2.50% after two years
Discount rate	5.75%
Long Term Expected Rate of Return	5.75%
Healthcare cost trend rates	
Retirees	Range between 4.0% to 8.2% annually
Retirees under the City of Reno Plan	Range between 2.6% to 5.3% annually
Retirees' share of benefit-related costs	
Retirees before June 30, 2012 under City of Reno Plan	
(Pre-65)	40% retiree and dependent
(Post-65)	50% retiree and 100% dependent
Retirees hired on or before July 1, 2014	50% retiree and 100% dependent
Retirees hired after July 1, 2014	100% retiree and dependent

Changes of assumptions and other inputs reflect a change in the discount rate from 6.0 percent as of the measurement date of June 30, 2018 to 5.75 percent as of the measurement date of June 30, 2020 and a change in the long-term inflation assumption from 3.00 percent as of the measurement date of June 30, 2018 to 2.5 percent as of the measurement date of June 30, 2020. Other changes include a change in assumption in salary increases from 8.00 percent for 0-4 years of service as of the measurement date of June 30, 2018 to 8.0 percent for two years declining to 7.5 percent for the remaining years and from 3.0 percent for 5 plus years of service to 3.0 percent for two years declining to 2.5 percent for the remaining years.

The investment rate of return of 5.75%, net of investment expenses, was selected by the District. This is based on the investment policy of State of Nevada's Retiree Benefit Investment Fund (RBIF) where the District invests its assets to fund its OPEB liabilities. This rate is derived based on the RBIF's investment policy (shown in the following table) and includes a 2.75% long-term inflation assumption.

Asset Class	Asset allocation
Foreign Developed Equity	21.50%
U.S. Fixed Income	28.00%
U.S. Large Cap Equity	50.50%

The discount rate was based on the long term rate of return on OPEB plan investments that are expected to be used to finance the payment of benefits to the extent that plan assets are projected to cover benefit payments and administrative expenses. To the extent that OPEB plan assets are insufficient to finance all OPEB benefits, the discount rate should be based on 20-year tax-exempt AA or higher Municipal Bonds as of the Measurement Date. Based on the District's current funding policy of funding the Trust annually to maintain a funded percentage of at least 80%, the Fiduciary Net Position and future expected contributions and earnings are projected to be sufficient such that the Trust remains solvent. Therefore, a discount rate of 5.75% is used in calculating the total OPEB liability.

Mortality rates for healthy life were based on the RP-2014 Male and Female Healthy Annuitant mortality tables adjusted to reflect Mortality Improvement Scale MP-2019 from the 2006 base year, and projected forward using projection scale MP-2019 on a generational basis.

Nevada Public Employees Retirement System (PERS) completed an experience study for employees and retirees in 2019. Based on the results of this study, Nevada PERS developed new assumed rates of retirement, withdrawal and disability. This experience study was used to updated assumptions for retirement, withdrawal, and disability.

Changes in the OPEB Liability

	Total OPEB Liability	Increase/ (Decrease) in Plan Fiduciary Net Position	Net OPEB Liability
Balance at June 30, 2020 *(Measurement Date June 30, 2019)*	$ 10,737,148	$ 6,185,499	$ 4,551,649
Charges for the year:			
Service Cost	538,625	-	538,625
Interest on the total OPEB liability	671,333	-	671,333
Changes of benefit terms	-	-	-
Differences between actual and expected experience with regard to economic or demographic factors	817,675	-	817,675
Changes of assumptions	861,777	-	861,777
Benefit payments	(176,377)	(176,377)	-
Contributions from employer	-	651,000	(651,000)
Net investment income	-	418,050	(418,050)
Administrative expense	-	(39,115)	39,115
Total Changes	2,713,033	853,558	1,859,475
Balance at June 30, 2021 *(Measurement Date June 30, 2020)*	$ 13,450,181	$ 7,039,057	$ 6,411,124

Sensitivity of the total OPEB liability to changes in the discount rate

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4.75 percent) or 1-percentage-point higher (6.75 percent) than the current discount rate:

	1% Decrease in Discount Rate (4.75%)	Discount Rate (5.75%)	1% Increase in Discount Rate (6.75%)
Net OPEB liability	$ 7,939,575	$ 6,411,124	$ 5,082,057

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease in Healthcare Cost Trend	Healthcare Cost Trend	1% Increase in Healthcare Cost Trend
Net OPEB liability	$ 4,852,045	$ 6,411,124	$ 8,256,232

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2021, the District recognized OPEB expense of $1,300,594. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Inflows of Resources	Deferred Outflows of Resources
Differences between expected and actual experience	$ 14,722	$ 730,781
Changes in assumptions or other inputs	-	1,999,864
Net difference between projected and actual earnings	174,031	-
District contributions subsequent to the measurement date	N/A	750,000
Total	$ 188,753	$ 3,480,645

Deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date in the amount of $750,000 will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2022.

Other estimated amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows**:**

Year ended June 30,	Recognized Deferred (Inflows)/Outflows of Resources
2022	$ 435,528
2023	485,961
2024	500,133
2025	333,193
2026	178,475
Thereafter	608,602
Total	$ 2,541,892

Defined Contribution Plan:

Plan Description and Eligibility

During the year ended June 30, 2019, the District agreed to participate in a Post-Employment Health Plan (PEHP) a defined contribution plan for collectively bargained public employees. Under the agreement with International Association of Fire Fighters Local 2487 (Local 2487), Local 2487 determines the plan administrator for the PEHP and the District agrees to contribute to the PEHP on behalf of the employees. The plan administrator for the PEHP is Nationwide Insurance Company (the Administrator). No Changes

Employees who are members of Local 2487 hired with the District on or before July 1 2014, will have a one-time contribution of $1,000 made by the District to the employee's PEHP account for the fiscal year ending June 30, 2019 for the non-supervisory group and for the fiscal year ending June 30, 2020 for the supervisory group; thereafter an annual contribution of $120 will be made by the District to the employee's PEHP account. Employees who are members of Local 2487 group hired with the District after July 1, 2014 will have an annual contribution of $2,880 made by the District to the employee's PEHP account. The employee will pay all associated account administrative fees for the PEHP to keep the account in good standing. Contribution rates are established within the CBA and may be amended with by mutual agreement of the District and Local 2487.

Vesting and Forfeitures

The plan does not have a vesting period. Each employee shall become an eligible employee as determined by the collective bargaining agreement (CBA) and shall be entitled to receive a contribution to the PEHP as set forth in the participation agreement and CBA on the entry date coincident with or next following the later of the date on which the participant becomes an eligible employee, or the effective date of the PEHP.

If an eligible employee or participant has no dependents on the date notice of death is provided to the Administrator and no dependent is identified and no request to pay qualifying medical care expenses directly to a service provider, on behalf of a deceased eligible employee or participant, is received within 180 days of the date on which the Administrator was notified of an eligible employee or participant’s death, the balance in the participant’s account will be forfeited.

Any amount forfeited shall be allocated as soon as administratively practicable following, the date on which the Administrator determines that a forfeiture has occurred to the accounts of all other eligible employees and participants who are (or were) employed by the District and have an account balance on the valuation date. Forfeitures shall be allocated among the eligible employee and participants in accordance with procedures established by the Administrator.

The District recognized an OPEB expense related to the defined contribution plan in the amount of $173,582 as of June 30, 2021.

Note 9 - Defined Benefit Pension Plan

Plan Description

The District contributes to the Public Employees' Retirement System of the State of Nevada (PERS). PERS administers a cost-sharing, multiple-employer, defined benefit public employees' retirement system which includes both Regular and Police/Fire members. PERS was established by the Nevada Legislature in 1947, effective July 1, 1948. PERS is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earnings capacities have been removed or substantially impaired by age or disability.

Benefits Provided

Benefits, as required by the Nevada Revised Statutes (NRS or statute), are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering PERS on or after January 1, 2010 and July 1, 2015. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this factor is 2.67% of average compensation. For members entering PERS on or after January 1, 2010, there is a 2.5% service time factor and for regular members entering PERS on or after July 1, 2015, there is a 2.25% factor. PERS offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Post-retirement increases are provided by authority of NRS 286.575 - .579.

Vesting

Regular members entering PERS prior to January 1, 2010, are eligible for retirement at age 65 with 5 years of service, at age 60 with 10 years of service, or at any age with 30 years of service. Regular members entering PERS on or after January 1, 2010, are eligible for retirement at age 65 with 5 years of service, or age 62 with 10 years of service, or any age with 30 years of service. Regular members who entered PERS on or after July 1, 2015, are eligible for retirement at age 65 with 5 years of service, or at age 62 with 10 years of service or at age 55 with 30 years of service or any age with 33 1/3 years of service.

Police/Fire members entering PERS prior to January 1, 2010, are eligible for retirement at age 65 with 5 years of service, at age 55 with 10 years of service, at age 50 with 20 years of service, or at any age with 25 years of service. Police/Fire members entering PERS on or after January 1, 2010, are eligible for retirement at 65 with 5

years of service, or age 60 with 10 years of service, or age 50 with 20 years of service, or at any age with 30 years of service. Only service performed in a position as a police officer or firefighter may be counted towards eligibility for retirement as Police/Fire accredited service.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Both Regular and Police/Fire members become fully vested as to benefits upon completion of five years of service.

Contributions

The authority for establishing and amending the obligation to make contributions and member contribution rates, is set by statute. New hires, in agencies which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983, have the option of selecting one of two contribution plans. In one plan, contributions are shared equally by employer and employee. In the other plan, employees can take a reduced salary and have contributions made by the employer (EPC).

PERS' basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due.

PERS receives an actuarial valuation on an annual basis indicating the contribution rates required to fund PERS on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450.

The actuary funding method used is the Entry Age Actuarial Cost Method. It is intended to meet the funding objective and result in a relatively level long-term contributions requirement as a percentage of salary.

For the fiscal years ended June 30, 2021 and June 30, 2020, the Statutory Employer/employee matching rates were 15.25% for Regular and 22.00% for Police/Fire. The Employer-pay contribution (EPC) rate, for fiscal years ending June 30, 2021 and June 30, 2020, was 29.25% for Regular and 42.50% for Police/Fire.

The District's contributions were $2,961,304 for the year ended June 30, 2021.

PERS Investment Policy

PERS' policies which determine the investment portfolio target asset allocation are established by the PERS Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of PERS.

The following was the PERS Board adopted policy target asset allocation as of June 30, 2020:

Asset Class	Target Allocation	Long-term Geometric Expected Real Rate of Return
Domestic Stocks	42%	5.50%
International Stocks	18%	5.50%
U.S. Bonds	28%	0.75%
Private Markets	12%	6.65%

As of June 30, 2020, PERS' long-term inflation assumption was 2.75%.

Net Pension Liability

At June 30, 2021, the District reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's allocation percentage of the net pension liability was based on the District's total contributions due on wages paid during the measurement period. The District's proportion of the net pension liability is based on its employer contributions relative to the total employer contributions for all employers for the period ended June 30, 2020. At June 30, 2020, the District's proportion was .25331%, which is an increase of .01242% from the proportion measured as of June 30, 2019.

Pension Liability Discount Rate Sensitivity

The following presents the net pension liability of the District as of June 30, 2021, calculated using the discount rate of 7.50%, as well as what the District's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1-percentage-point higher (8.50%) than the current discount rate:

	1% Decrease in Discount Rate (6.50%)	Discount Rate (7.50%)	1% Increase in Discount Rate (8.50%)
Net Pension Liability	$ 55,025,266	$ 35,281,344	$ 18,865,741

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the PERS Comprehensive Annual Financial Report, available on the PERS website.

Actuarial Assumptions

The District's net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation Rate	2.75%
Productivity Pay Increase	0.50%
Projected Salary Increases	Regular: 4.25% to 9.15%, depending on service Police/Fire: 4.55% to 13.9%, depending on service Rates include inflation and productivity increases
Investment Rate of Return	7.50%
Other Assumptions	Same as those used in the June 30, 2020 funding actuarial valuation

Mortality rates for regular and police/fire members are based on the following table:

Healthy:	Headcount–Weighted RP-2014 Healthy Annuitant Table projected to 2020 with Scale MP-2016, set forward one year for spouses and beneficiaries. For ages less than 50[1], mortality rates are based on the Headcount–Weighted RP-2014 Employee Mortality Tables. Those mortality rates are adjusted by the ratio of the mortality rate for healthy annuitants at age 50 to the mortality rate for employees at age 50. The mortality rates are then projected to 2020 with Scale MP-2016. [1] The RP-2014 Healthy Anuitant Mortality Tables have rates only for ages 50 and later.
Disabled:	Headcount–Weighted RP-2014 Disabled Retiree Table, set forward four years.
Pre-Retirement:	Headcount–Weighted RP-2014 Employee Table, projected to 2020 with Scale MP-2016.

Actuarial assumptions used in the June 30, 2020 valuation were based on the results of the experience study for the period July 1, 2012 through June 30, 2016.

The discount rate used to measure the total pension liability was 7.50% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed plan contributions will be made in amounts consistent with statutory provisions and recognizing the plan's current funding policy and cost-sharing mechanism between employers and members. For this purpose, all contributions that are intended to fund benefits for all plan members and their beneficiaries are included, except that projected contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2020.

Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2021, the District recognized pension expense of $3,862,478. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 1,096,167	$ 455,568
Changes in assumptions or other inputs	991,015	
Net difference between projected and actual earnings on pension plan investments	-	1,332,780
Changes in the employer's proportion and differences between the employer's contributions and the employer's proportionate contributions	3,631,252	337,186
District contributions subsequent to the measurement date	2,961,304	-
Total	$ 8,679,738	$ 2,125,534

Deferred outflows of resources related to pensions resulting from Employer contributions subsequent to the measurement date in the amount of $2,961,304 will be recognized as a reduction of the net pension liability in the year ending June 30, 2022.

The average of the expected remaining service lives of all employees that are provided with pensions through PERS (active and inactive employees) determined at July 1, 2019 (the beginning of the measurement period ended June 30, 2020) is 6.13 years.

Other estimated amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	
2022	$ 313,845
2023	1,023,985
2024	1,161,869
2025	725,286
2026	329,734
Thereafter	38,181
Total	$ 3,592,900

Additional Information

The PERS Comprehensive Annual Financial Report (CAFR) is available on the PERS website at www.nvpers.org under Quick Links – Publications.

Note 10 - Risk Management

The District is exposed, as are all entities, to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District is fully insured for property and auto loss and liability with a $1,000 to $2,500 deductible. The District is covered up to a policy limit per occurrence of $10,000,000 and $20,000,000 annual aggregate in excess liability coverage. The District's policy contains various sub-limits established for earthquake, flood, equipment breakdown, errors and omissions and other items.

During the term of the Reno/Truckee Meadows Fire Protection District Interlocal Agreement, workers' compensation was fully insured with the City of Reno's self-funded workers' compensation plan. Due to the termination of the Agreement, as of July 1, 2012, the District is no longer self-funded with the City of Reno but has purchased a guaranteed workers compensation insurance plan. However, the District is still required to pay workers' compensation claims costs to the City of Reno for those years the District was self-funded through the City of Reno's workers' compensation plan.

During the fiscal year ended June 30, 2004, the District and the City of Reno instituted a "pay as you go" system for workers' compensation claims. The District shared the combined losses with the Reno Fire Department (RFD). The District established the Workers' Compensation Fund to account for this program. The District bought out all workers' compensation liability for all claims incurred prior to July 1, 2012. Claims incurred prior to fiscal year 2012 remain the liability of the City of Reno under the buyout agreement. TMFPD will remain responsible for future Heart and Lung related workers' compensation claims on a "pay as you go" system.

Claims' liability and activity for the past two years were as follows:

Claims liability, July 1, 2019	$ 1,390,969
Claims and changes in estimates	40,657
Claims paid	(20,208)
Claims liability, June 30, 2020	1,411,418
Claims and changes in estimates	652,110
Claims paid	(143,439)
Claims liability, June 30, 2021	$ 1,920,089

Note 11- Tax Abatement

The District's tax revenues were reduced by $361,065 under agreements entered into by the State Nevada. The state agreements include a partial abatement of one or more of personal property and local sales and use taxes imposed on aircraft, components of aircraft and other personal property used for certain purposes related to aircraft, a partial abatement of one or more of property and local sales and use taxes imposed on a new or expanded data center and on renewable energy facilities, and use taxes imposed on eligible machinery or equipment used by certain new or expanded businesses.

Note 12 – Commitments

On June 23, 2020, the District entered into an Interlocal Agreement to provide for financing, development, operation, and management of the Washoe County Regional Communications P25 System. Under the terms of the agreement, the District has committed to paying for an allocated portion of Washoe County's debt obligation to upgrade the existing radio communication system to address new technology requirement and aging/availability issues, radio coverage, and mutual aid interconnection. The District paid Washoe County $65,250 during the fiscal year ending June 30, 2021. The District's remaining payments to Washoe County for their portion of the debt is $692,678 in principal and $178,688 in interest with average annual payments of $62,664 over the remaining term of 14 years.

Note 13- Subsequent Events

On July 28, 2021, the District issued $7,000,000 of general obligation capital improvement bonds to finance the acquisition of properties for stations and administration with the expectation of executing the right of purchase of the Administration Building located at 3663 Barron way. On September 14, 2021, The District closed escrow on the purchase of the property for the price of $6,290,0000.

Note 1 - Internally Reported (Budgetary Basis) Funds

The accompanying Reconciliation of the General Fund (Budgetary Basis) to the General Fund (GAAP Basis) presents balances combined for external reporting purposes.

Budget to actual comparisons are presented for all funds of the District, as required by Nevada Revised Statutes. Such budget comparisons are required to be presented using the budget as adopted and approved by the State of Nevada Department of Taxation. However, guidance provided by Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, specifies that two of these internally reported funds of the District do not meet the definition of special revenue funds and do not qualify to be separately presented for external reporting purposes.

These internally reported special revenue funds of the District (Sick Annual Comp Benefits Fund and Stabilization Fund) are combined with the General Fund for external reporting purposes.

Note 2 - Schedule of District's Contributions, OPEB

Actuarially determined contribution rates are calculated as of July 1, 2020, two years prior to the end of the fiscal year in which contributions are reported and projected forward to June 30, 2021.

Methods and assumptions used to determine contribution rates:

Actuarial funding method	Entry Age Normal Level Percent of Pay Cost Method
Amortization method	Level dollar amount over 20 years on a closed basis from June 30, 2011
Inflation	2.5%
Salary increases	
0-4 years of service	8% for two years, 7.50% after two years
5 + years of service	3% for two years, 2.50% after two years
Discount rate	5.75%
Long Term Expected Rate of Return	5.75%
Healthcare cost trend rates	
Retirees	Range between 4.0% to 8.2% annually
Retirees under the City of Reno Plan	Range between 2.6% to 5.3% annually
Retirees' share of benefit-related costs	
Retirees before June 30, 2012 under City of Reno Plan	
(Pre-65)	40% retiree and dependent
(Post-65)	50% retiree and 100% dependent
Retirees hired on or before July 1, 2014	50% retiree and 100% dependent
Retirees hired after July 1, 2014	100% retiree and dependent

Changes of assumptions and other inputs reflect a change in the discount rate from 6.0 percent as of the measurement date of June 30, 2018 to 5.75 percent as of the measurement date of June 30, 2020 and a change in the long-term inflation assumption from 3.00 percent as of the measurement date of June 30, 2018 to 2.5 percent as of the measurement date of June 30, 2020. Other changes include a change in assumption in salary increases from 8.00 percent for 0-4 years of service as of the measurement date of June 30, 2018 to 8.0 percent for two years declining to 7.5 percent for the remaining years and from 3.0 percent for 5 plus years of service to 3.0 percent for two years declining to 2.5 percent for the remaining years.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Honorable Board of Fire Commissioners
Truckee Meadows Fire Protection District
Reno, Nevada

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Truckee Meadows Fire Protection District (the District) (a component unit of Washoe County, Nevada) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 22, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and responses as Finding 2021-001 that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Truckee Meadows Fire Protection District's Response to Finding

The District's response to the finding identified in our audit is described in the schedule of findings and responses. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Auditor's Comments

To the Honorable Board of Fire Commissioners
Truckee Meadows Fire Protection District
Reno, Nevada

In connection with our audit of the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Truckee Meadows Fire Protection District (the District) as of and for the year ended June 30, 2021, and the related notes to the financial statements, nothing came to our attention that caused us to believe that the District failed to comply with the specific requirements of Nevada Revised Statues cited below other than the violations reported in Note 2 to the financial statements. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the requirements of Nevada Revised Statutes cited below, insofar as they related to accounting matters.

Current Year Statute Compliance
The required disclosure on compliance with Nevada Revised Statutes and the Nevada Administrative Code is contained in Note 2 of the financial statements.

Progress on Prior Year Statute Compliance
The District reported no instances of noncompliance with significant constraints on its financial administration during the year ended June 30, 2020.

Prior Year Recommendations
There were no findings for the year ended June 30, 2020.

Current Year Recommendations
The current year recommendations are reported in the Schedule of Findings and Responses.

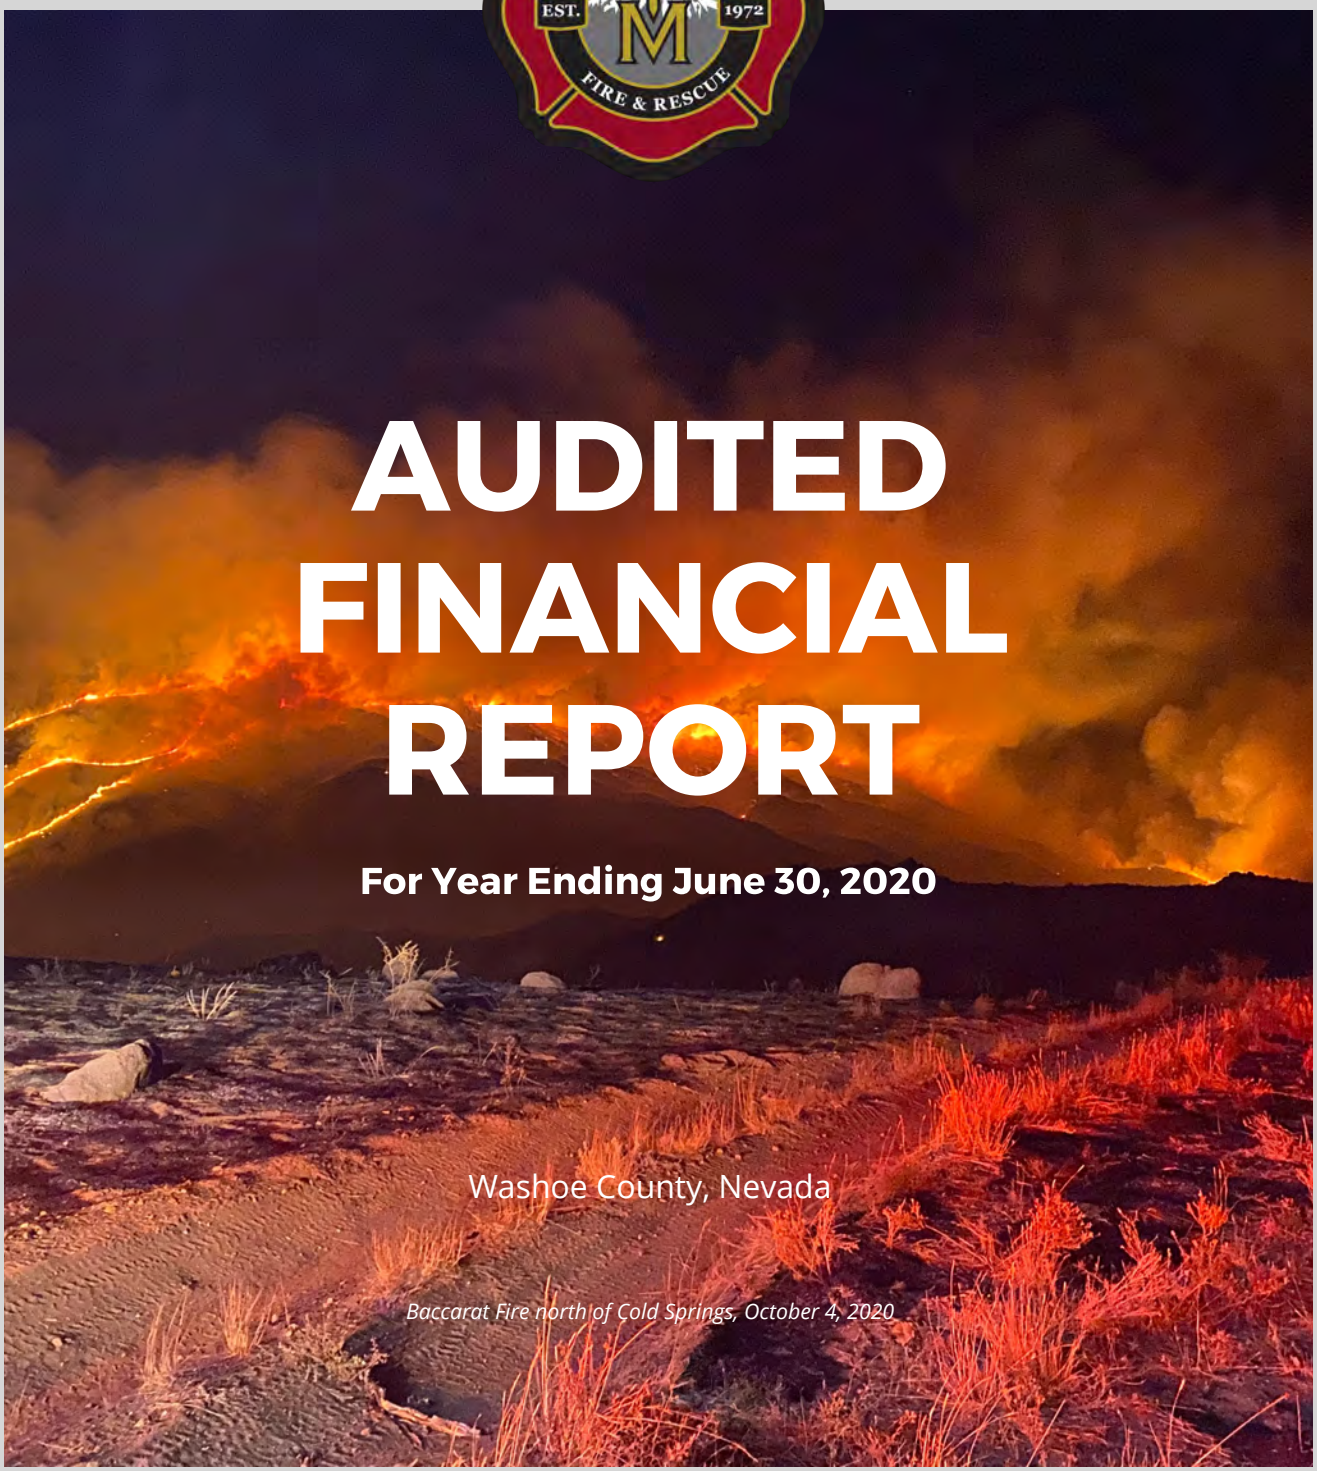
2021-001: Accrued Liabilities
Material Weakness

Criteria: Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. Appropriate reconciliation of accrued liabilities is a key component of an effective system of internal control over financial reporting.

Condition: During our testing over accrued liabilities, we noted that the June 2021 PERS (pension) payable was not recorded.

Cause: The District did not have adequate internal controls to ensure the PERS payable was appropriately recorded and accrued to fiscal year 2021.



Effect: Prior to adjustment, accrued liabilities and expenses were understated by $544,878 in the General Fund.

Recommendation: We recommend the District enhance internal controls to ensure the PERS payable is appropriately recorded and accrued.

Views of Responsible Officials: The District changed payroll systems during the fiscal year ended June 30, 2021. New procedures and reviews were developed for the new payroll system to determine that final year end accruals were recorded and payroll and payroll benefit related expenses were accurate. The new procedures did not consider that pension related expenses are paid later than other payroll and payroll benefit expenses. This resulted in an understatement of the District's pension expense. The District has modified procedures, including adding additional steps to the year-end calculation template, detailed comparison to prior year for unusual differences and additional level of reviews, to make sure that all payroll and payroll benefit expenses are accurately recorded in the future.

Independent Auditor's Report

To the Honorable Board of Fire Commissioners
Truckee Meadows Fire Protection District
Reno, Nevada

Report on the Financial Statements
We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Truckee Meadows Fire Protection District (the District) (a component unit of Washoe County, Nevada) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

5441 Kietzke Ln., Ste. 150 | Reno, NV 89511-2094 | T 775.689.9100 | F 775.689.9299 | EOE

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4-9, budgetary comparison information and reconciliation on pages 40-43, schedule of changes in net other postemployment benefit liability and related ratios on page 44, schedule of District's contributions – other postemployment benefits on page 45, schedule of District's share of net pension liability on page 46, and schedule of District's contributions – PERS on page 47, and the notes to the required supplementary information on page 48 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund statements and schedules, including budgetary comparisons and reconciliations, are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund financial statements and schedules, including budgetary comparisons and reconciliations are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report November 25, 2020, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Eide Bailly LLP

Reno, Nevada
November 25, 2020

As management of the Truckee Meadows Fire Protection District's (the District) finances, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2020.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the District's governmental activities exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $11,468,896 which includes $28,469,092 net investment in capital assets, $1,442,078 restricted for wildland fire emergencies, $1,206,309 restricted for claims, and ($19,648,583) which is the unrestricted net position. Governmental activities include all funds of the District.

- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of $21,457,336 an increase of $4,897,137 or 29.57% in comparison with the prior year. This increase was primarily caused by the issuance of $4,415,000 in long-term debt. The proceeds are included in the governmental funds however, the liability will not be paid with current economic resources therefore the liabilities is not included in the governmental funds. Approximately 41.33% of the combined ending fund balance is available for spending at the government's discretion (unassigned fund balance).

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Total assets of the District at June 30, 2020 were $56,311,420 with capital assets, net of accumulated depreciation, accounting for $28,839,998 of that total. Total deferred outflows of resources of the District at June 30, 2020 were $10,350,772 all of which is related to post employment costs including health benefits and pension. Of the total liabilities of $51,847,543, approximately 94.17% or $48,826,019 represent liabilities related to long-term liabilities of the District. This is an increase of $6,296,260 in liabilities in comparison with the prior year and was primarily caused by the increase in bonds payable of $4,415,000 issued during the year, compensated absences of $702,902 due to salary increases and growth of the District, and increase in net pension liability of $756,986 due to changes in actuary assumptions and valuations. Total deferred inflows of resources of the District at June 30, 2020 were $3,345,753 all of which is related to post employment costs including health benefits and pension.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned and unused vacation leave). Total revenues for the year ended June 30, 2020 were $33,325,850 consisting primarily of taxes and intergovernmental revenues, while total expenses were $36,211,227. This resulted in a decrease in net

position of $2,885,377 or 20.10% from prior year. The decrease was primarily caused by non-cash related expenses, including, increases in other postemployment benefit liability, pension liability and compensated absences liability. The District's net position remains strong.

Both of the government-wide financial statements show the public safety function of the District, which is principally supported by taxes and intergovernmental revenues (governmental activities). All governmental activities of the District are included in the public safety function since the District is a single-purpose entity.

The government-wide financial statements can be found on pages 10 and 11 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District fall into the governmental funds category, except for the proprietary fund.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains three individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Emergency Fund and Capital Projects Fund, all of which are considered to be major funds. The District adopts an annual appropriated budget for each of its funds. A budgetary comparison statement or schedule has been provided for each fund to demonstrate compliance with the budget. The governmental fund financial statements and the reconciliations to the government-wide financial statements can be found on pages 12 through 15 of this report.

Proprietary funds. The District maintains one type of proprietary fund, which is an internal service fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's functions. The District's internal service fund is used to account for its workers' compensation liability. Because these services benefit governmental rather than business-type functions, it has been included within governmental activities in the government-wide financial statements. The internal service fund is reported in the proprietary fund financial statements and can be found on pages 16 through 18 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 19 through 39 of this report.

Other information. The District maintains a stabilization fund and a sick annual comp benefits fund for internal purposes. These funds do not meet the definition of special revenue funds under Governmental Accounting

Standards Board (GASB) Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions,* which was implemented in 2011 by the District. The activity for these funds is included in the General Fund in the basic financial statements; however, since the District prepares a budget for these funds, a reconciliation of budgetary basis financial statements to GAAP basis financial statements is presented immediately following the notes to the financial statements. These reconciliations can be found on pages 43 and 49 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

- As noted earlier, net position may serve over time as a useful indicator of a government's financial position. As of June 30, 2020, the District's total net position was $11,468,896, which is a $2,885,377 decrease from the prior year. The primary reason for the decrease was the increase in other postemployment benefit liability, pension liability and compensate absences liability.

Truckee Meadows Fire Protection District's Net Position

	Governmental Activities	
	2020	2019
Current and other assets	$ 27,471,422	$ 23,188,368
Capital assets	28,839,998	28,587,268
Total assets	56,311,420	51,775,636
Deferred outflows of resources	10,350,772	10,688,660
Other liabilities	3,021,524	2,882,644
Long-term liabilities	48,826,019	42,668,639
Total liabilities	51,847,543	45,551,283
Deferred inflows of resources	3,345,753	2,558,740
Net position:		
Investment in capital assets	28,469,092	28,587,268
Restricted	2,648,387	7,285,394
Unrestricted	(19,648,583)	(21,518,389)
Total net position	$ 11,468,896	$ 14,354,273

The assets and deferred outflows of resources of the District's governmental activities exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $11,468,896. Net position includes the District's net investment in capital assets (e.g., land, buildings, machinery, and equipment). The net investment in capital assets as of June 30, 2020 was $28,469,092. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion of the District's net position $2,648,387 represents resources that are subject to external restrictions on how they may be used, such as the workers' compensation claims and emergencies. The remaining balance of unrestricted net position was ($19,648,583).

At the end of the current fiscal year, the District is able to report positive balances in two of the three categories of net position. The negative unrestricted net position was caused by the accounting standard requiring the reporting of the Net Pension Liability on the balance sheet.

Truckee Meadows Fire Protection District's Changes in Net Position

	Governmental Activities	
	2020	2019
Revenues:		
Program revenues:		
Charges for services	$ 665,975	$ 525,145
Operating grants and contributions	16,109	100
General revenues:		
Property taxes	19,937,912	18,494,193
Consolidated taxes	9,021,756	8,725,419
Other taxes	1,557,133	1,699,759
Unrestricted investment earnings	918,533	733,940
Reimbursements	1,114,528	1,828,454
Other	93,904	900,189
Total revenues	33,325,850	32,907,199
Expenses:		
Public safety	36,116,362	34,083,907
Debt service	94,865	-
Total expenses	36,211,227	34,083,907
Increase (Decrease) in net position	(2,885,377)	(1,176,708)
Net position, July 1	14,354,273	15,530,981
Net position, June 30	$ 11,468,896	$ 14,354,273

Total Revenues. The District's total revenues increased by $418,651, or 1.27%. The primary increase was caused by an increase of $1,443,719 in property tax. Also included in the increase is a $296,337 increase in consolidated taxes. These increases were offset by decreases in reimbursements in the amount of $713,926 primarily related to fire reimbursements in the Emergency Fund and a decrease of other revenues related to a one time gain on sale of property that occurred in the prior fiscal year.

Total Expenses. The District's total expenses increased by $2,127,320 or by 6.24% which was primarily due to salary and benefit increases, including additional costs related to pension and post-employment benefits, and increases in the number of employees due to the growth of the District.

Net Position. The District's total net position decreased by $2,885,377 during the fiscal year ended June 30, 2020. The District's total net position decreased by $1,176,708 during the fiscal year ended June 30, 2019, including a prior period adjustment of $275,736. The decrease in total net position in the fiscal year ended June 30, 2020 was primarily caused by non-cash expenses, including change in other post-employment benefit and pension related liabilities and an increase in compensate absences liability.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of $21,457,336, an increase of $4,897,137 or 29.57% in comparison with the prior year. This increase was primarily caused by the increases is intergovernmental revenues associated with local sales taxes and proceeds from the issuance of bonds. Approximately 41.33% of the combined ending fund balance is available for spending at the government's discretion (unassigned fund balance).

The General Fund is the primary operating fund of the District. For the fiscal year ended June 30, 2020, the total fund balance for the General Fund was $12,649,010. The total fund balance includes an assigned fund balance of $3,744,290 which consists of $133,941 assigned for encumbrances, $3,077,279 appropriated to the fiscal year 20/21 budget and $533,070 assigned to pay out accrued sick and annual compensation balances. The remaining fund balance consists of, $36,034 in nonspendable fund balance, and $8,868,686 unassigned.

The total fund balance for the General Fund in the amount of $12,649,010 is an increase of $2,217,975 from the prior year. This increase is primarily caused by increases in intergovernmental revenues associated with local sales taxes.

As a measure of the General Fund's liquidity, it may be useful to compare the June 30, 2020 total fund balance not attributable to the Stabilization Fund or the Sick Annual Comp Benefits Fund of $11,475,006 to fund expenditures. The fund balance represents 38.15% of total General Fund expenditures. This represents approximately 4.6 months' worth of expenditures. The fund balance will give the District's General Fund sufficient cash flow to meet its operational obligations.

The District's Emergency Fund was established according to NRS 474 for the funding for unforeseen emergencies, primarily large wildland fires and other natural disasters. In fiscal year 2020, the District incurred large wildland fires within its jurisdiction; and it provided fire suppression services to other entities for a fee and paid for the State wildland fire insurance program and other expenditures which totaled $609,009. The Emergency Fund balance as of June 30, 2020 was $1,299,060.

The Capital Projects Fund activity in fiscal year 2020 included, most notably, the issuance of bonds in the amount of $4,415,000. Purchases from the Fund, included among other things, the purchase of land for a future consolidated fire station, a ladder truck, and three brush trucks. In addition, the District refurbished five water tenders and replaced computers in all the District's apparatus.

Proprietary funds. The District's proprietary fund provides information on the workers' compensation program of the District. The net position of the Workers' Compensation Internal Service Fund as of June 30, 2020, was $1,206,309. In fiscal year 2020, the District fully funded its workers' compensation liabilities. In fiscal year 2020, the District budgeted to continue to fully fund the District's workers' compensation liabilities.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. The District's net investment in capital assets as of June 30, 2020, amounts to $28,839,998 (net of accumulated depreciation). This net investment in capital assets includes land, construction in progress, buildings and building improvements, and vehicles and equipment. Refer to Note 4 for further detail.

Long-term debt. During the fiscal year, the District issued long-term bonded debt in the amount of $4,415,000 to be used to fund the purchase and buildup of vehicles and apparatus, including fire engines and water tenders. This is the first issuance of debt by the District. This debt is backed by the full faith and credit of the District. Scheduled principal and interest payments will commence in fiscal year ending June 30, 2021. Other long-term obligations of the District included compensated absences, such as accrued vacation and sick leave, and estimated workers compensation' claims. Refer to Note 5 for further detail.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The District relies primarily on two types of tax revenues. The first of these is ad valorem or property taxes and is directly affected by the assessed property tax values in Washoe County, Nevada. Property tax revenues are projected to increase for 2020-2021. Assessed values increased by 7.18% for the coming fiscal year.

- The second significant tax revenue for the District, the consolidated tax, consists primarily of sales taxes. For the year ended June 30, 2020, taxable sales in Washoe County increased by 4.8% over the previous fiscal year. For the fiscal year ending June 30, 2021, the District budgeted for a decrease in sales tax revenue of 13.5% in reaction to the current COVID-19 pandemic and the expected impact to sales revenues.

These factors were considered in preparing the District's budget for the 2021 fiscal year.

REQUESTS FOR INFORMATION

The financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Truckee Meadows, 3663 Barron Way, Reno, Nevada 89511.

Truckee Meadows Fire Protection District

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Year Ended June 30, 2020

Amounts reported for governmental activities in the statement of activities are different because:		
Net change in fund balances - total governmental funds		$ 4,897,137
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are allocated over the estimated useful lives and reported as depreciation expense.		
Expenditures for capital assets	1,856,074	
Less current year depreciation/amortization	(1,592,395)	
		263,679
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds. Thus, the change in net position differs from the change in fund balances by the change in unavailable revenue.		(806,585)
Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities and/or deferred outflows of resources in the Statement of Net Position.		
Bonds issued		(4,415,000)
Some expenses reported in the statement of activities do not require the use of current financial resources, and, therefore, are not reported as expenditures in governmental funds:		
Change in compensated absences	(875,972)	
Change in tax refund	165,885	
Change in accrued interest	(20,132)	
		(730,219)
In the statement of activities, the gain or loss on the disposal of capital assets is reported. In the governmental funds, the gain or loss is not reported. Thus, the change in net position differs from the change in fund balances by the cost of the assets sold less the balance in accumulated depreciation.		(10,949)
Governmental funds report pension and other postemployment benefits (OPEB) contributions as expenditures. However, in the Statement of Activities, the cost of pension and OPEB benefits earned is reported as pension expense.		
OPEB contributions	651,000	
OPEB expense	(1,095,084)	
Pension contributions	2,423,345	
Pension expense	(4,116,006)	
		(2,136,745)
The internal service funds are used by management to account for the costs of retiree health medical expenses and workers' compensation. The net revenue of the internal service funds is reported with governmental activities.		53,305
Change in net position of governmental activities		$ (2,885,377)

Note 1 - Summary of Significant Accounting Policies

Reporting Entity

Truckee Meadows Fire Protection District (District) is a municipality of the State of Nevada located in Washoe County, Nevada. The District is governed by the Board of Fire Commissioners. The Washoe County Board of County Commissioners functions as the Board of Fire Commissioners of the District.

The County has no financial benefit or burden relationship with the District and the District is a legally separate organization from the County. However, the Board of County Commissioners acts as the Board of Fire Commissioners of the District and as such, as defined in governmental accounting standards generally accepted in the United States of America, the District has been classified as a discretely presented component unit of the County.

Government-Wide and Fund Financial Statements

The government-wide financial statements (Statement of Net Position and the Statement of Activities) report information about the activities of the District. The effect of interfund activity has been removed from these statements.

The Statement of Activities demonstrates the degree to which the direct expenses of the public safety function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The fund financial statements provide information about the funds of the District. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements and the proprietary fund's financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also report deferred inflows of resources in connection with resources that have been received, but not yet earned. Expenditures generally are recorded when the related liabilities are incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, postemployment benefits, and claims and judgments, are recorded only when payment is due.

The District initially utilizes restricted resources to finance qualifying activities prior to unrestricted resources, which are utilized as they are needed.

Property taxes, licenses and permits, intergovernmental revenues, and interest earnings associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Other revenue items are considered to be measurable and available only when cash is received by the District.

The focus of proprietary fund measurement is upon determination of operating income or loss, changes in net position, financial position, and cash flows. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. Operating expenses for internal service funds include the cost of services (employee benefits). All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The generally accepted accounting principles applicable are those similar to businesses in the private sector.

The District's Workers' Compensation Internal Service Fund is the only proprietary fund. The financial statements of the Workers' Compensation Internal Service Fund is consolidated into the governmental column when presented in the government-wide financial statements. The costs of these services are reported in the public safety function. The effect of interfund activity has been removed from the government-wide financial statements.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the District, except those accounted for in another fund.

The Wildland Fire Emergency Reserve Fund (The Emergency Fund), a special revenue fund under Nevada Revised Statutes (NRS), was created to account for the cost of unforeseen large wildland fire emergencies pursuant to NRS 474.510.

The Capital Projects Fund, a capital projects fund, accounts for the financial resources to be used for the acquisition and construction of major capital assets.

Additionally, the District reports the following fund type:

The Workers' Compensation Fund Internal Service Fund accounts for the workers' compensation activity.

Budgets and Budgetary Accounting

Truckee Meadows Fire Protection District adheres to the Local Government Budget and Finance Act incorporated within the statutes of the State of Nevada, which include the following major procedures to establish the budgetary data, which is reflected in these financial statements:

1. On or before April 15, the Board of Fire Commissioners files a tentative budget with the Nevada Department of Taxation for all funds.
2. Public hearings on the tentative budget are held on the third Monday in May in conjunction with Washoe County's budget hearing.
3. Prior to June 1, at a public hearing, the Board indicates changes, if any, to be made to the tentative budget and adopts a final budget by the favorable vote of a majority of the members of the Board. The final budget must then be forwarded to the Department of Taxation for compliance with State laws and

regulations. In any year in which legislative action, which was not anticipated, affects the local government's final budget, the Board may file an amended final budget within 30 days of adjournment of the legislative session.

4. Formal budgetary integration in the financial records of all funds is employed to enhance management control during the year. Unencumbered appropriations lapse at the end of the year.
5. Budgets for all externally reported funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America. In addition, budgets are required for the internally reported special revenue fund.

   Pursuant to Nevada Revised Statute 354.598005 the person designated to administer the budget may transfer appropriations within any function. Budget amounts may be transferred between functions within a fund if the governing body is advised of the action at the next regular meeting and the action is recorded in the official minutes of the meeting. Transfer of appropriations between funds or from the contingency account or budget augmentations in excess of original budgetary amounts may not be made without prior approval of the Board of Fire Commissioners, following a scheduled and noticed public hearing, as necessary. The budget was augmented as set forth above during the year. In accordance with state statute, actual expenditures generally may not exceed budgetary appropriations of the public safety function of the General Fund, Special Revenue Funds, and Capital Projects Fund. Also, actual operating and non-operating expenses of the Internal Service Fund generally may not exceed budgeted amounts.

Cash Deposited and Invested with Washoe County Treasurer

A majority of all cash transactions of the District are handled by the Washoe County Treasurer's office. Cash balances are pooled and, to the extent practicable, invested as permitted by law in combination with Washoe County funds.

For purposes of the Statement of Cash Flows, cash equivalents are defined as short-term, highly liquid investments, generally with original maturities of three months or less. The District’s cash and investments pooled with Washoe County funds and the District’s payroll cash account are available upon demand, therefore all cash and investments of the District are considered to be cash equivalents.

Taxes Receivable

Real and personal property taxes receivable reflect only those taxes receivable from the delinquent roll years. No provision for uncollectible accounts has been established since management does not anticipate any material collection loss in respect to the remaining balances.

Personal property taxes receivable reflect only those taxes management believes to be collectible.

Amounts not collected within 60 days after year-end have been recorded as deferred inflows of resources at the governmental fund level.

Receivables

The allowance method is used to provide for estimated uncollectible amounts. At June 30, 2020, the allowance for uncollectible accounts was $11,017 in the Emergency Fund.

Deposits and prepaid items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as deposits and prepaid items in both the government-wide and fund financial statements. The amounts of deposits and prepaid items are recorded as expenditures/expenses when consumed rather than when purchased.

Capital Assets

Capital assets, which include land, buildings and improvements, and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than $10,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Property, plant, and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

Land improvements	40 years
Buildings	40 years
Building improvements	20 years
Vehicles and equipment	5 - 20 years

Pension

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employees' Retirement System of the State of Nevada (PERS) Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Postemployment Benefits

The District provides other postemployment benefits (OPEB) for eligible employees through a single-employer defined benefit OPEB plan. The plan is administered through the Washoe County, Nevada OPEB Trust (Trust), an irrevocable trust established on May 11,2010 by the Board of County Commissioners. The Trust is a multiple employer trust and was created to fund and account for the participating employers' costs of retiree healthcare benefits pursuant to NRS 287.017. The District's net OPEB liability is measured as of June 30, 2019, and the total OPEB liabilities used to calculate the net OPEB liability are determined by actuarial valuations as of July 1, 2018, with the amounts rolled forward to June 30, 2019.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position and Governmental Funds Balance Sheet may report a separate section for deferred outflows of resources. The separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow

of resources (expense/expenditure) until then. The District recognizes deferred outflow of resources as it related to the net pension liability and other postemployment benefits.

In addition to liabilities, the Statement of Net Position and Governmental Funds Balance Sheet may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents and acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District recognizes deferred inflow of resources as it relates to the net pension liability and the net other postemployment liability on the Statement of Net Position. In addition, the District recognizes deferred inflows of resources as they relate to property taxes, consolidated taxes and wildland fire reimbursements in the governmental fund financial statements.

Long-Term Liabilities

In the government-wide financial statements and the proprietary fund, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance cost, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Compensated Absences

The costs involved in vacation time and sick leave benefits are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured as a result of employee resignations and retirements; costs are recorded as payroll costs only when the accumulated benefits are paid or accrued as a result of a termination of service.

The District provides for payment of accrued vacation and accrued comp time upon death, retirement, termination or permanent disability. Employees who are members of the International Association of Fire Fighters (IAFF) Local 2487 upon death, retirement or permanent disability after twenty years of enrollment with the Public Employees' Retirement System of the State of Nevada (PERS) shall be compensated for total accrued sick leave at the rate of 75% for every hour earned increasing by 5% per year up to a maximum of 100% at 25 years of PERS enrollment. For employees who are not members of IAFF Local 2487, upon death, retirement, permanent disability, or termination of an employee after ten years of full-time employment or its equivalent if the employee has not served as a full-time employee for reasons other than discharge for just cause, shall be compensated for total accrued sick leave at the rate of one hour for every three hours earned up to a maximum hour limitation.

Fund Equity

In the government-wide and proprietary fund financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets, if applicable.

Restricted Net Position – Consists of net position with constraints placed on its use either by (1) external groups such as creditors, contributors, or laws or regulations; (2) law through constitutional provisions or enabling legislation.

Unrestricted Net Position – All other net position that does not meet the definition of restricted or net investment in capital assets.

When an expenditure is incurred for purposes for which both restricted and unrestricted amounts are available, the District considers restricted funds to have been spent first.

In the governmental fund financial statements, fund balances are classified based primarily on the extent to which the District is bound to observe constraints imposed on the use of the resources in the fund:

Nonspendable Fund Balance - Includes amounts that cannot be spent because they are not in spendable form. For the District this includes deposits and prepaid items.

Restricted Fund Balance - Occurs when constraints are placed on the use of resources externally (such as through debt covenants or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation). For the District, the restricted fund balance consists of restricted assets for capital projects financed with debt and emergency resources.

Committed Fund Balance - Represents amounts that can be used only for the specific purposes determined by of the adoption of an ordinance committing fund balance for a specified purpose by the District's Board of Fire Commissioners prior to the end of the fiscal year. Once adopted, the limitation imposed by the Board of Fire Commissioners remains in place until the resources have been spent for the specified purpose or the Board of Fire Commissioners removes or revises the limitation. For the District, the committed fund balance consists of committed assets for capital projects.

Assigned Fund Balance - Represents amounts that are constrained by the District's intent to be used for specific purposes and consists of the District's encumbrances as approved by the Board of Fire Commissioners and the amount of fund balance to be expended in the ensuing fiscal year as approved by the Board of Fire Commissioners and amounts internally reported for sick and annual compensation benefits.

Unassigned Fund Balance - Represents the residual amount for the general fund that is not contained in the other classifications. The general fund is the only fund that reports a positive unassigned fund balance.

When expenditures are incurred for purposes for which amounts in any unrestricted fund balance classifications could be used, committed funds, if any, are to be spent first, assigned funds second, and unassigned funds last.

Property Taxes

All real property in the District is assigned a parcel number in accordance with state law, with each parcel being subject to physical reappraisal every five years. A factoring system is used to adjust the appraised value during the years between physical appraisals. The valuation of the property and its improvements is being assessed at 35 percent of "taxable value" as defined by statute. The amount of tax levied is determined by multiplying the assessed value by the tax rate applicable to the area in which the property is located.

Taxes on real property are a lien on the property and attach on July 1 of the year for which the taxes are levied.

Taxes may be paid in four installments payable on the third Monday in August, and the first Mondays in October, January, and March, to the Treasurer of Washoe County. Penalties are assessed if a taxpayer fails to pay an installment within ten days of the installment due date. After a two-year waiting period, if taxes remain unpaid, a tax deed is issued conveying the property to the County with a lien for back taxes and accumulated charges.

Redemption may be made by the owner and such persons as described by statute by paying all back taxes and accumulated penalties, interest, and costs before sale.

Taxes on personal property are collected currently. Personal property declarations are mailed out annually and the tax is computed using percentages of taxable values established by the Department of Taxation and tax rates described above.

The major classifications of personal property are commercial and mobile homes. In Washoe County, taxes on motor vehicles are collected by a State agency and remitted to the local governments in the County as part of the Consolidated Tax distribution.

Note 2 - Compliance with Nevada Revised Statutes and the Nevada Administrative Code

The District conformed to all significant statutory and administrative code constraints on its financial administration during the year.

Note 3 - Cash and Investments

The District is a voluntary participant in the Washoe County Investment Pool (WCIP). The Washoe County Board of County Commissioners administers and is responsible for the WCIP in accordance with NRS 355.175. The investment pool is not registered with the SEC as an investment company. Public Financial Management, LLC determines the fair value of the investment pool monthly. Washoe County has not provided or obtained any legally binding guarantees during the audit period to support these values. Each participant's share is equal to their investment plus or minus their pro-rata portion of monthly interest income and realized and unrealized gains/losses. The related fair value is $19,805,432 as of June 30, 2020. The District's total cash and investments is as follows at June 30, 2020:

Cash	$ 741,718
WCIP	19,805,432
Total cash and investments	$ 20,547,150

Credit Risk

Fixed income securities are subject to credit risk. Credit risk refers to the risk that a borrower will default on debt by failing to make required payments. The District does not hold any such investments directly, but participates in the WCIP. The WCIP is unrated by recognized statistical rating agencies.

Custodial Credit Risk

Custodial credit risk is the risk that an entity's deposits, which are in the possession of an outside party, will not be returned to the entity if the counterparty fails. Balances in the WCIP and the District's Payroll account are covered by one or more of the following: Federal depository insurance, the Securities Investor Protection Corporation, collateral held by the District's agent in the District's name, or by collateral held by depositories in the name of the Nevada Collateral Pool, and the balances are not exposed to custodial credit risk.

Note 4 - Capital Assets

Capital asset activity for the year ended June 30, 2020 was as follows:

Government Activities:

	Balance July 1, 2019	Increases	Decreases	Balance June 30, 2020
Capital assets, not being depreciated				
Land	$ 2,359,309	$ 477,481	$ -	$ 2,836,790
Construction in progress	2,013,294	1,206,248	(2,283,777)	935,765
Total capital assets, not being depreciated	4,372,603	1,683,729	(2,283,777)	3,772,555
Capital assets, being depreciated				
Land improvements	381,376	-	-	381,376
Buildings and building improvements	21,468,930	176,825	-	21,645,755
Vehicles and equipment	19,016,123	2,277,175	(11,390)	21,281,908
Total capital assets, being depreciated	40,866,429	2,454,000	(11,390)	43,309,039
Less accumulated depreciation for				
Land improvements	(248,545)	(14,874)	-	(263,419)
Buildings and building improvements	(6,067,513)	(565,075)	-	(6,632,588)
Vehicles and equipment	(10,335,706)	(1,012,446)	2,563	(11,345,589)
Total accumulated depreciation	(16,651,764)	(1,592,395)	2,563	(18,241,596)
Total capital assets, being depreciated, net	24,214,665	861,605	(8,827)	25,067,443
Governmental activities capital assets, net	$ 28,587,268	$ 2,545,334	$ (2,292,604)	$ 28,839,998

The increase in accumulated depreciation includes depreciation expense of $1,592,395 charged to the public safety function.

Note 5 - Long-Term Liabilities

General obligation bonds

The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities and equipment. General obligation bonds are direct obligations and pledge the full faith and credit of the District.

The District issued general obligation medium-term equipment bonds in the year ended June 30, 2020 to provide funds for purchase of fire engines and equipment. These bonds will be repaid from all legally available funds of the District, including its capital projects fund and its general fund. The bonds have a stated rate of interest of 1.5% and are payable in equal installments over the next 10 years.

The District's outstanding bonds related to governmental activities of $4,415,000 contain a provision that in an event of default, the bond owner may institute legal proceedings against the District and the interest rate may be increased to 1.92% annually.

General obligation bonds outstanding at June 30, 2020, are as follows:

	Issue Date	Final Payment Date	Interest Rate	Original Amount
Direct Placement: General Obligations:				
Medium-term Equipment Bonds Series 2020	3/10/2020	3/1/2030	1.50%	$4,415,000

Interest expense of $20,132 for the year was recorded by the District.

Long-term liability activity for the year ended June 30, 2020 was as follows:

	Amount Outstanding July 1, 2019	Additions	Reductions	Amount Outstanding June 30, 2020	Due Within One Year
General Obligation Bonds	$ -	$4,415,000	$ -	$ 4,415,000	$ 409,000
Compensated absences	4,724,006	2,580,685	1,704,713	5,599,978	1,986,388
Claims and judgments	1,390,969	40,657	20,208	1,411,418	50,645
Tax refund	165,885	-	165,885	-	-
	$6,280,860	$7,036,342	$1,890,806	$ 11,426,396	$2,446,033

Compensated absences are generally liquidated from the General Fund and claims and judgments are liquidated from the Workers' Compensation Internal Service Fund. General Obligation Bonds will be liquidated through transfers to the Debt Service fund, once created in Fiscal year 2021, from the Capital projects fund.

The debt service requirements for the District's bonds are as follows:

Year Ended June 30,	Principal	Interest
2021	$ 409,000	$ 64,569
2022	416,000	60,090
2023	423,000	53,850
2024	430,000	47,505
2025	437,000	41,055
2026-2030	2,300,000	104,700
	$4,415,000	$ 371,769

Note 6 – Operating Leases

The District leases warehouse space under an operating lease agreement. The agreement expires on December 31, 2021. The terms of the agreement require monthly rent payments, increasing annually plus operating expenses.

The District began a long-term lease on February 1, 2020 for office and warehouse space which expires in fiscal year 2025. The agreement expires on January 31, 2025. The terms of the agreement require monthly rent payments, increasing annually plus operating expenses. The lease contains the option of two five year renewal periods at then prevailing fair market rental rate. The District has the right to purchase the building at $185 per square foot, plus fees, any time prior to the 36th month of the lease.

Total lease payments in fiscal year 2020 were $206,818. Future minimum payments for these leases are:

Year Ended June 30,	Minimum Lease Payments
2021	$ 401,056
2022	374,040
2023	346,224
2024	356,610
2025	211,618
	$ 1,689,549

Note 7 - Interfund Activity

Interfund transfers for the year ended June 30, 2020 consisted of the following:

	Transfer in Capital Projects Fund
Transfers out:	
General Fund	$ 800,000

The transfer from the General Fund to the Capital Projects Fund was used to move unrestricted, one-time savings to fund one-time capital outlay expenditures.

Note 8- Postemployment Benefits Other than Pensions (OPEB)

Defined Benefit Plan

Plan Description and Eligibility

Prior to July 1, 2000, the District provided health insurance benefits to retired employees through a single-employer defined benefit plan. At June 30, 2000, ten retirees were participating in the District's health benefits program. On July 1, 2000, pursuant to an Interlocal Agreement for Fire Services and Consolidation, District fire operations were transferred to the City of Reno and the City accepted liability for the ten retirees under this plan. In accordance with the Interlocal Agreement, the District pays a proportionate share of employees' retiree health benefit costs based on

service earned prior to July 1, 2000, for those employees who transferred employment to the City of Reno and retired prior to June 30, 2012 or during the term of the Interlocal Agreement. Health benefits under the City's plan included medical, prescription, vision, dental and life insurance.

The Interlocal Agreement was terminated on June 30, 2012, and the District assumed responsibility for its own fire district operations as of July 1, 2012. As of June 30, 2012, in preparation of standing up the new fire operations, 11 former Reno firefighters transferred to the District with the provision the District would provide retiree health benefits for those 11 employees. Any former District employees remaining employed by the City of Reno as of July 1, 2012 retained retiree health benefits with the City and the City retained the liability for those employees. Benefits under the new District plan, a single-employer defined benefit plan, include health, dental, vision and prescription coverage. Eligible retirees who retire from the District will be required to pay for 50% of the retirees' health insurance premium and 100% of the cost of coverage for their families. Eligibility requirements, benefit levels, employee contributions and employer contributions may be amended by the mutual agreement of the Truckee Meadows Fire Protection District and the District's Fire Firefighters' Association.

As of July 1, 2010, the Plan is administered through an irrevocable trust, Washoe County, Nevada OPEB Trust (Trust), established on May 11, 2010, by the Board of Washoe County Commissioners. The Trust, a multiple-employer trust, was created to fund and account for the participating employers' costs of retiree healthcare benefits pursuant to Nevada Revised Statutes 287.017. The District is a participating employer in the Trust. Complete financial statements of the Trust may be obtained by writing to: OPEB Trust, c/o Washoe County Comptroller's Office, 1001 E. 9th Street Ste D200, Reno, Nevada, 89512.

Employees covered by benefit terms. As of the measurement date of June 30, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments:	50
Active employees:	130

Actuarial assumptions and other inputs

The District’s total OPEB liability of $10,737,148 was measured as of June 30, 2019 was based on the valuation date of July 1, 2018. Projections of the sharing of benefit-related costs are based on established pattern of practice. Actuary valuations include projections of the sharing of benefit-related costs that are based on an established pattern of practice. The total OPEB liability in the actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial funding method	Entry Age Normal
Amortization method	Level Percent of Pay
Inflation	3%
Salary increases	
0-4 years of service	8.00%
5 + years of service	3.00%
Discount rate	6.00%
Healthcare cost trend rates	
Pre-Medicare	Range between 4.6% to 7.0% annually
Medicare	Range between 4.6% to 6.7% annually
Retirees' share of benefit-related costs	
Retirees before June 30, 2012 under City of Reno Plan	
(Pre-65)	40% retiree and dependent
(Post-65)	50% retiree and 100% dependent
Retirees hired on or before July 1, 2014	50% retiree and 100% dependent
Retirees hired after July 1, 2014	100% retiree and dependent

The investment rate of return of 6.00%, net of investment expenses, was selected by the District. This is based on the investment policy of State of Nevada's Retiree Benefit Investment Fund (RBIF) where the District invests its assets to fund its OPEB liabilities. This rate is derived based on the RBIF's investment policy (shown in the table below), and includes a 3.00% long-term inflation assumption.

Asset Class	Asset allocation
Foreign Developed Equity	21.00%
U.S. Fixed Income	30.00%
U.S. Large Cap Equity	49.00%

The discount rate was based on the long term rate of return on OPEB plan investments that are expected to be used to finance the payment of benefits to the extent that plan assets are projected to cover benefit payments and administrative expenses. To the extent that OPEB plan assets are insufficient to finance all OPEB benefits, the discount rate should be based on 20-year tax-exempt AA or higher Municipal Bonds as of the Measurement Date. Based on the District's current funding policy of funding the Trust annually to maintain a funded percentage of at least 80%, the Fiduciary Net Position and future expected contributions and earnings are projected to be sufficient such that the Trust remains solvent. Therefore, a discount rate of 6.00% is used in calculating the total OPEB liability.

Mortality rates for healthy life were based on the RP-2014 Male and Female Healthy Annuitant mortality tables adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year, and projected forward using projection scale MP-2018 on a generational basis.

The number of participants in the plan is not large enough to provide credible data to perform an experience study to establish demographic assumptions for termination, retirement, and mortality. The demographic assumptions used in the June 30, 2018 valuation of OPEB liabilities were developed based Nevada Public Employees Retirement System demographic assumptions.

Changes in the OPEB Liability

	Total OPEB Liability	Increase/ (Decrease) in Plan Fiduciary Net Position	Net OPEB Liability
Balance at June 30, 2019 *(Measurement Date June 30, 2018)*	$ 9,817,792	$ 5,521,001	$ 4,296,791
Charges for the year:			
Service Cost	520,411	-	520,411
Interest on the total OPEB liability	613,936	-	613,936
Changes of benefit terms	-	-	-
Differences between actual and expected experience with regard to economic or demographic factors	-	-	-
Changes of assumptions	-	-	-
Benefit payments	(214,991)	(214,991)	-
Contributions from employer	-	463,000	(463,000)
Net investment income	-	450,939	(450,939)
Administrative expense	-	(34,450)	34,450
Total Changes	919,356	664,498	254,858
Balance at June 30, 2020 *(Measurement Date June 30, 2019)*	$ 10,737,148	$ 6,185,499	$ 4,551,649

Sensitivity of the total OPEB liability to changes in the discount rate

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.0 percent) or 1-percentage-point higher (7.0 percent) than the current discount rate:

	1% Decrease in Discount Rate (5.00%)	Discount Rate (6.00%)	1% Increase in Discount Rate (7.00%)
Net OPEB liability	$ 5,731,117	$ 4,551,649	$ 3,515,564

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease in Healthcare Cost Trend	Healthcare Cost Trend	1% Increase in Healthcare Cost Trend
Net OPEB liability	$ 3,271,138	$ 4,551,649	$ 6,069,867

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the District recognized OPEB expense of $1,095,084. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Inflows of Resources	Deferred Outflow of Resources
Differences between expected and actual experience	$ 18,977	$ -
Changes in assumptions or other inputs	-	1,585,063
Net difference between projected and actual earnings	234,075	-
District contributions subsequent to the measurement date	N/A	651,000
Total	$ 253,052	$ 2,236,063

Deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date in the amount of $651,000 will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2021.

Other estimated amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows**:**

Year ended June 30,	Recognized Deferred (Inflows)/Outflows of Resources
2021	$ 263,861
2022	263,862
2023	314,295
2024	328,467
2025	161,526
Total	$ 1,332,011

Defined Contribution Plan:

Plan Description and Eligibility

During the year ended June 30, 2019, the District agreed to participate in a Post-Employment Health Plan (PEHP) a defined contribution plan for collectively bargained public employees. Under the agreement with International Association of Fire Fighters Local 2487 (Local 2487), Local 2487 determines the plan administrator for the PEHP and the District agrees to contribute to the PEHP on behalf of the employees. The plan administrator for the PEHP is Nationwide Insurance Company (the Administrator).

Employees who are members of Local 2487 hired with the District on or before July 1 2014, will have a one-time contribution of $1,000 made by the District to the employee's PEHP account for the fiscal year ending June 30, 2019 for the non-supervisory group and for the fiscal year ending June 30, 2020 for the supervisory group; thereafter an annual contribution of $120 will be made by the District to the employee's PEHP account. Employees who are members of Local 2487 group hired with the District after July 1, 2014 will have an annual contribution of $2,880 made by the District to the employee's PEHP account. The employee will pay all associated account administrative

fees for the PEHP to keep the account in good standing. Contribution rates are established within the CBA and may be amended with by mutual agreement of the District and Local 2487.

Vesting and Forfeitures

The plan does not have a vesting period. Each employee shall become an eligible employee as determined by the collective bargaining agreement (CBA) and shall be entitled to receive a contribution to the PEHP as set forth in the participation agreement and CBA on the entry date coincident with or next following the later of the date on which the participant becomes an eligible employee, or the effective date of the PEHP.

If an eligible employee or participant has no dependents on the date notice of death is provided to the Administrator and no dependent is identified and no request to pay qualifying medical care expenses directly to a service provider, on behalf of a deceased eligible employee or participant, is received within 180 days of the date on which the Administrator was notified of an eligible employee or participant's death, the balance in the participant's account will be forfeited.

Any amount forfeited shall be allocated as soon as administratively practicable following, the date on which the Administrator determines that a forfeiture has occurred to the accounts of all other eligible employees and participants who are (or were) employed by the District and have an account balance on the valuation date. Forfeitures shall be allocated among the eligible employee and participants in accordance with procedures established by the Administrator.

The District recognized an OPEB expense related to the defined contribution plan in the amount of $121,480 as of June 30, 2020.

Note 9 - Defined Benefit Pension Plan

Plan Description

The District contributes to the Public Employees' Retirement System of the State of Nevada (PERS). PERS administers a cost-sharing, multiple-employer, defined benefit public employees' retirement system which includes both Regular and Police/Fire members. PERS was established by the Nevada Legislature in 1947, effective July 1, 1948. PERS is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earnings capacities have been removed or substantially impaired by age or disability.

Benefits Provided

Benefits, as required by the Nevada Revised Statutes (NRS or statute), are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering PERS on or after January 1, 2010 and July 1, 2015. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this factor is 2.67% of average compensation. For members entering PERS on or after January 1, 2010, there is a 2.5% service time factor and for regular members entering PERS on or after July 1, 2015, there is a 2.25% factor. PERS offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced

service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Post-retirement increases are provided by authority of NRS 286.575 - .579.

Vesting

Regular members entering PERS prior to January 1, 2010, are eligible for retirement at age 65 with 5 years of service, at age 60 with 10 years of service, or at any age with 30 years of service. Regular members entering PERS on or after January 1, 2010, are eligible for retirement at age 65 with 5 years of service, or age 62 with 10 years of service, or any age with 30 years of service. Regular members who entered PERS on or after July 1, 2015, are eligible for retirement at age 65 with 5 years of service, or at age 62 with 10 years of service or at age 55 with 30 years of service or any age with 33 1/3 years of service.

Police/Fire members entering PERS prior to January 1, 2010, are eligible for retirement at age 65 with 5 years of service, at age 55 with 10 years of service, at age 50 with 20 years of service, or at any age with 25 years of service. Police/Fire members entering PERS on or after January 1, 2010, are eligible for retirement at 65 with 5 years of service, or age 60 with 10 years of service, or age 50 with 20 years of service, or at any age with 30 years of service. Only service performed in a position as a police officer or firefighter may be counted towards eligibility for retirement as Police/Fire accredited service.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Both Regular and Police/Fire members become fully vested as to benefits upon completion of five years of service.

Contributions

The authority for establishing and amending the obligation to make contributions and member contribution rates, is set by statute. New hires, in agencies which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983, have the option of selecting one of two contribution plans. In one plan, contributions are shared equally by employer and employee. In the other plan, employees can take a reduced salary and have contributions made by the employer (EPC).

PERS' basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due.

PERS receives an actuarial valuation on an annual basis indicating the contribution rates required to fund PERS on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450.

The actuary funding method used is the Entry Age Actuarial Cost Method. It is intended to meet the funding objective and result in a relatively level long-term contributions requirement as a percentage of salary.

For the fiscal years ended June 30, 2020 the Statutory Employer/employee matching rates were 15.25% for Regular and 22.00% for Police/Fire. The Employer-pay contribution (EPC) rate for fiscal years ending June 30, 2020 was 29.25% for Regular and 42.50% for Police/Fire. For the fiscal years ended June 30, 2019 the Statutory Employer/employee matching rates were 14.50% for Regular and 20.75% for Police/Fire. The Employer-pay contribution (EPC) rate for fiscal years ending June 30, 2019 was 28.00% for Regular and 40.50% for Police/Fire.

The District's contributions were $2,423,345 for the year ended June 30, 2020.

PERS Investment Policy

PERS' policies which determine the investment portfolio target asset allocation are established by the PERS Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of PERS.

The following was the PERS Board adopted policy target asset allocation as of June 30, 2019:

Asset Class	Target Allocation	Long-term Geometric Expected Real Rate of Return
Domestic Stocks	42%	5.50%
International Stocks	18%	5.50%
U.S. Bonds	28%	0.75%
Private Markets	12%	6.65%

As of June 30, 2019, PERS' long-term inflation assumption was 2.75%.

Net Pension Liability

At June 30, 2020, the District reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's allocation percentage of the net pension liability was based on the District's total contributions due on wages paid during the measurement period. The District's proportion of the net pension liability is based on its employer contributions relative to the total employer contributions for all employers for the period ended June 30, 2019. At June 30, 2019, the District's proportion was .24089%, which is an increase of .00558% from the proportion measured as of June 30, 2018.

Pension Liability Discount Rate Sensitivity

The following presents the net pension liability of the District as of June 30, 2020, calculated using the discount rate of 7.50%, as well as what the District's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1-percentage-point higher (8.50%) than the current discount rate:

	1% Decrease in Discount Rate (6.50%)	Discount Rate (7.50%)	1% Increase in Discount Rate (8.50%)
Net Pension Liability	$ 50,861,112	$ 32,847,974	$ 17,874,485

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the PERS Comprehensive Annual Financial Report, available on the PERS website.

Actuarial Assumptions

The District's net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation Rate	2.75%
Productivity Pay Increase	0.50%
Projected Salary Increases	Regular: 4.25% to 9.15%, depending on service Police/Fire: 4.55% to 13.9%, depending on service Rates include inflation and productivity increases
Investment Rate of Return	7.50%
Other Assumptions	Same as those used in the June 30, 2019 funding actuarial valuation

Mortality rates for regular and police/fire members are based on the following table:

Healthy:	Headcount–Weighted RP-2014 Healthy Annuitant Table projected to 2020 with Scale MP-2016, set forward one year for spouses and beneficiaries. For ages less than 50[1], mortality rates are based on the Headcount–Weighted RP-2014 Employee Mortality Tables. Those mortality rates are adjusted by the ratio of the mortality rate for healthy annuitants at age 50 to the mortality rate for employees at age 50. The mortality rates are then projected to 2020 with Scale MP-2016. [1] The RP-2014 Healthy Anuitant Mortality Tables have rates only for ages 50 and later.
Disabled:	Headcount–Weighted RP-2014 Disabled Retiree Table, set forward four years.
Pre-Retirement:	Headcount–Weighted RP-2014 Employee Table, projected to 2020 with Scale MP-2016.

Actuarial assumptions used in the June 30, 2019 valuation were based on the results of the experience study for the period July 1, 2012 through June 30, 2016.

The discount rate used to measure the total pension liability was 7.50% as of June 30, 2019. The projection of cash flows used to determine the discount rate assumed plan contributions will be made in amounts consistent with statutory provisions and recognizing the plan's current funding policy and cost-sharing mechanism between employers and members. For this purpose, all contributions that are intended to fund benefits for all plan members and their beneficiaries are included, except that projected contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2019.

Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2020, the District recognized pension expense of $4,116,006. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 1,231,761	$ 947,458
Changes in assumptions or other inputs	1,336,777	
Net difference between projected and actual earnings on pension plan investments	-	1,634,069
Changes in the employer's proportion and differences between the employer's contributions and the employer's proportionate contributions	3,122,826	511,174
District contributions subsequent to the measurement date	2,423,345	-
Total	$ 8,114,709	$ 3,092,701

Deferred outflows of resources related to pensions resulting from Employer contributions subsequent to the measurement date in the amount of $2,423,345 will be recognized as a reduction of the net pension liability in the year ending June 30, 2021.

The average of the expected remaining service lives of all employees that are provided with pensions through PERS (active and inactive employees) determined at July 1, 2018 (the beginning of the measurement period ended June 30, 2019) is 6.18 years.

Other estimated amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	
2021	$ 819,184
2022	26,271
2023	618,309
2024	744,057
2025	353,904
Thereafter	36,938
Total	$ 2,598,663

Additional Information

The PERS Comprehensive Annual Financial Report (CAFR) is available on the PERS website at www.nvpers.org under Quick Links – Publications.

Note 10 - Risk Management

The District is exposed, as are all entities, to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District is fully insured for property and auto loss and liability with a $1,000 to $2,500 deductible. The District is covered up to a policy limit per occurrence of $10,000,000 and $20,000,000 annual aggregate in excess liability coverage. The District's policy contains various sub-limits established for earthquake, flood, equipment breakdown, errors and omissions and other items.

During the term of the Reno/Truckee Meadows Fire Protection District Interlocal Agreement, workers' compensation was fully insured with the City of Reno's self-funded workers' compensation plan. Due to the termination of the Agreement, as of July 1, 2012, the District is no longer self-funded with the City of Reno but has purchased a guaranteed workers compensation insurance plan. However, the District is still required to pay workers' compensation claims costs to the City of Reno for those years the District was self-funded through the City of Reno's workers' compensation plan.

During the fiscal year ended June 30, 2004, the District and the City of Reno instituted a "pay as you go" system for workers' compensation claims. The District shared the combined losses with the Reno Fire Department (RFD). The District established the Workers' Compensation Fund to account for this program. The District bought out all workers' compensation liability for all claims incurred prior to July 1, 2012. Claims incurred prior to fiscal year 2012 remain the liability of the City of Reno under the buyout agreement. TMFPD will remain responsible for future Heart and Lung related workers' compensation claims on a "pay as you go" system.

Claims' liability and activity for the past two years were as follows:

Claims liability, July 1, 2018	$ 1,361,316
Claims and changes in estimates	54,608
Claims paid	(24,955)
Claims liability, June 30, 2019	1,390,969
Claims and changes in estimates	40,657
Claims paid	(20,208)
Claims liability, June 30, 2020	$ 1,411,418

Note 11- Tax Abatement

The District's tax revenues were reduced by $170,207 under agreements entered into by the State Nevada. The state agreements include a partial abatement of one or more of personal property and local sales and use taxes imposed on aircraft, components of aircraft and other personal property used for certain purposes related to aircraft, a partial abatement of one or more of property and local sales and use taxes imposed on a new or expanded data center and on renewable energy facilities, and use taxes imposed on eligible machinery or equipment used by certain new or expanded businesses.

Note 12 – Commitments

On June 23, 2020, the District entered into an Interlocal Agreement to provide for financing, development, operation, and management of the Washoe County Regional Communications P25 System. Under the terms of the agreement, the District has committed to paying for an allocated portion of Washoe County's future debt obligation to upgrade the existing radio communication system to address new technology requirement sand aging/availability issues, radio coverage, and mutual aid interconnection. Once Washoe County issues the debt, the District will begin making annual payments to Washoe County. The District's portion of the debt is estimated at $822,115 with estimated annual payments are $70,430 over a term of 15 years.

Note 13- Subsequent Events

On July 1, 2020, the District established the Truckee Meadows Debt Service Fund. The primary purpose of the fund will be to account for the funds necessary to pay the interest and principal on any long-term debt and hold any funds that may be necessary to fund any reserve requirements. The source of revenues to be deposited in the fund will be transfers from the Truckee Meadows Fire Protection General Fund or Capital Projects Fund. The short-term and long-term plan for the expenditures from the fund will be for the debt service requirement and paying reasonable and customary agent and investment and any continuing disclosure fees for the debt, if any.

On July 22, 2020, the District entered into a sublease agreement as the lessor with The Turf Depot Nevada, Inc for the District's leased warehouse space. The term of the agreement expires on December 31, 2021 and includes monthly rental payments of $6,134 for the first five months of the agreement and $6,317 for the final twelve months.

On October 6, 2020, the District approved the issuance of $2,100,000 of general obligation capital improvement bonds to defray wholly or in part the cost of acquisition of properties for stations including fixtures, structures, stations, other buildings and sites.

2016	1,835,776	1,835,776	-	9,271,513	19.80%
2015	1,707,868	1,707,868	-	8,435,593	20.25%

* GASB Statement No. 68 requires ten years of information to be presented in this table. However, until a full 10-year trend is compiled, the District will present information for those years for which information is available.

Note 1 - Internally Reported (Budgetary Basis) Funds

The accompanying Reconciliation of the General Fund (Budgetary Basis) to the General Fund (GAAP Basis) presents balances combined for external reporting purposes.

Budget to actual comparisons are presented for all funds of the District, as required by Nevada Revised Statutes. Such budget comparisons are required to be presented using the budget as adopted and approved by the State of Nevada Department of Taxation. However, guidance provided by Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, specifies that two of these internally reported funds of the District do not meet the definition of special revenue funds and do not qualify to be separately presented for external reporting purposes.

These internally reported special revenue funds of the District (Sick Annual Comp Benefits Fund and Stabilization Fund) are combined with the General Fund for external reporting purposes.

Note 2 - Schedule of District's Contributions, OPEB

Actuarially determined contribution rates are calculated as of July 1, 2018, two years prior to the end of the fiscal year in which contributions are reported and projected forward to June 30, 2020.

Methods and assumptions used to determine contribution rates:

Actuarial funding method	Entry Age Normal
Amortization method	Level Percent of Pay
Inflation	3%
Salary increases	
0-4 years of service	8.00%
5 + years of service	3.00%
Discount rate	6.00%
Healthcare cost trend rates	
Pre-Medicare	Range between 4.6% to 7.0% annually
Medicare	Range between 4.6% to 6.7% annually
Retirees' share of benefit-related costs	
Retirees before June 30, 2012 under City of Reno Plan	
(Pre-65)	40% retiree and dependent
(Post-65)	50% retiree and 100% dependent
Retirees hired on or before July 1, 2014	50% retiree and 100% dependent
Retirees hired after July 1, 2014	100% retiree and dependent

Changes of assumptions and other inputs reflect a change in the discount rate from 7.00 percent as of the measurement date of June 30, 2017 to 6.00 percent as of the measurement date of June 30, 2018 and a change in the long-term inflation assumption from 2.50 percent as of the measurement date of June 30, 2017 to 3.00 percent as of the measurement date of June 30, 2018.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Honorable Board of Fire Commissioners
Truckee Meadows Fire Protection District
Reno, Nevada

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Truckee Meadows Fire Protection District (the District) (a component unit of Washoe County, Nevada) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 25, 2020.

Internal Control over Financial Reporting
In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Auditor's Comments

To the Honorable Board of Fire Commissioners
Truckee Meadows Fire Protection District
Reno, Nevada

In connection with our audit of the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Truckee Meadows Fire Protection District (the District) as of and for the year ended June 30, 2020, and the related notes to the financial statements, nothing came to our attention that caused us to believe that the District failed to comply with the specific requirements of Nevada Revised Statues cited below. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the requirements of Nevada Revised Statutes cited below, insofar as they related to accounting matters.

Current Year Statute Compliance
The required disclosure on compliance with Nevada Revised Statutes and the Nevada Administrative Code is contained in Note 2 of the financial statements.

Progress on Prior Year Statute Compliance
The District reported no instances of noncompliance with significant constraints on its financial administration during the year ended June 30, 2019.

Prior Year Recommendations
There were no findings for the year ended June 30, 2019.

Current Year Recommendations
We noted no material weaknesses and reported no significant deficiencies in internal control for the current year.

CPAs & BUSINESS ADVISORS

Independent Auditor's Report

To the Honorable Board of Fire Commissioners
Truckee Meadows Fire Protection District
Reno, Nevada

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Truckee Meadows Fire Protection District (the District) (a component unit of Washoe County, Nevada) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Correction of an Error

As discussed in Note 10 to the financial statements, a certain error occurred in the recognition of amounts due for workers' compensation claims, resulting in the overstatement of amounts previously reported for due to other governments for the year ended June 30, 2018, and were discovered by management during the current year. Accordingly, amounts for due to other governments, have resulted in a restatement of net position as of July 1, 2018. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4-9, budgetary comparison information and reconciliation on pages 38-40, schedule of changes in net other postemployment benefit liability and related ratios on page 41, schedule of District's contributions – other postemployment benefits on page 42, schedule of District's share of net pension liability on page 43, and schedule of District's contributions – PERS on page 44, and the notes to the required supplementary information on page 45 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund statements and schedules, including budgetary comparisons and reconciliations, are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund financial statements and schedules, including budgetary comparisons and reconciliations are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such

information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report November 27, 2019, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Eide Bailly LLP

Reno, Nevada
November 27, 2019

As management of the Truckee Meadows Fire Protection District's (the District) finances, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2019.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the District's governmental activities exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $14,354,273 which includes $28,587,268 net investment in capital assets, $1,627,417 restricted for wildland fire emergencies, $4,504,973 restricted for capital projects, $1,153,004 restricted for claims, and ($21,518,389) which is the unrestricted net position. Governmental activities include all funds of the District.

- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of $16,560,199 a decrease of $557,799 or 3.26% in comparison with the prior year. This decrease was primarily caused by general increases in costs including increases to salaries through a new negotiated agreement and increases in health care costs, exceeding the increases in revenues. Approximately 57.09% of the combined ending fund balance is available for spending at the government's discretion (unassigned fund balance).

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Total assets of the District at June 30, 2019, were $51,775,636 with capital assets, net of accumulated depreciation, accounting for $28,587,268 of that total. Total deferred outflows of resources of the District at June 30, 2019 were $10,688,660 all of which is related to post employment costs including health benefits and pension. Of the total liabilities of $45,551,283, approximately 93.7% or $42,668,639 represent liabilities related to long-term liabilities of the District. This is an increase of $8,365,711 in liabilities in comparison with the prior year which was primarily caused by the increase in compensated absences of $1,943,412 due to changes to the sick accrual payouts in the collective bargaining agreements and increases in other postemployment benefit liability and net pension liability of $2,767,223 and $3,802,822, respectively, due to changes in actuary assumptions and valuations. These increases were offset by the decrease in due to other governments related to timing of year end payments and the correction of an error and the tax refund liability due to the repayment plan. Total deferred inflows of resources of the District at June 30, 2019 were $2,558,740 all of which is related to post employment costs including health benefits and pension.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but

unused vacation leave). Total revenues for the year ended June 30, 2019 were $32,907,199 consisting primarily of taxes and intergovernmental revenues, while total expenses were $34,083,907. This resulted in a decrease in net position of $1,176,708 or 7.6% from prior year as restated. The decrease was primarily caused by non-cash related expenses, including, increases in other postemployment benefit liability, pension liability and compensate absences liability. The District's net position still remains strong.

Both of the government-wide financial statements show the public safety function of the District, which is principally supported by taxes and intergovernmental revenues (governmental activities). All governmental activities of the District are included in the public safety function since the District is a single-purpose entity.

The government-wide financial statements can be found on pages 10 and 11 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District fall into the governmental funds category, except for the proprietary fund.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains three individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Emergency Fund and Capital Projects Fund, all of which are considered to be major funds. The District adopts an annual appropriated budget for each of its funds. A budgetary comparison statement or schedule has been provided for each fund to demonstrate compliance with the budget. The governmental fund financial statements and the reconciliations to the government-wide financial statements can be found on pages 12 through 15 of this report.

Proprietary funds. The District maintains one type of proprietary fund, which is an internal service fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's functions. The District's internal service fund is used to account for its workers' compensation liability. Because these services benefit governmental rather than business-type functions, it has been included within governmental activities in the government-wide financial statements. The internal service fund is reported in the proprietary fund financial statements and can be found on pages 16 through 18 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 19 through 37 of this report.

Other information. The District maintains a stabilization fund and a sick annual comp benefits fund for internal purposes. These funds do not meet the definition of special revenue funds under Governmental Accounting Standards Board (GASB) Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, which was implemented in 2011 by the District. The activity for these funds is included in the General Fund in the basic financial statements; however, since the District prepares a budget for these funds, a reconciliation of budgetary basis financial statements to GAAP basis financial statements is presented immediately following the notes to the financial statements. These reconciliations can be found on pages 40 and 46 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

- As noted earlier, net position may serve over time as a useful indicator of a government's financial position. As of June 30, 2019, the District's total net position was $14,354,273, which is a $1,176,708 decrease from the prior year, as restated. The primary reason for the decrease was the increase in other postemployment benefit liability, pension liability and compensate absences liability.

Truckee Meadows Fire Protection District's Net Position

	Governmental Activities	
	2019	2018
Current and other assets	$ 23,188,368	$ 22,534,763
Capital assets	28,587,268	27,518,018
Total assets	51,775,636	50,052,781
Deferred outflows of resources	10,688,660	5,315,274
Other liabilities	2,882,644	2,852,656
Long-term liabilities	42,668,639	34,332,916
Total liabilities	45,551,283	37,185,572
Deferred inflows of resources	2,558,740	2,927,238
Net position:		
Investment in capital assets	28,587,268	27,518,018
Restricted	7,285,394	7,409,004
Unrestricted	(21,518,389)	(19,671,777)
Total net position	$ 14,354,273	$ 15,255,245

The assets and deferred outflows of resources of the District's governmental activities exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $14,354,273. Net position includes the District's net investment in capital assets (e.g., land, buildings, machinery, and equipment). The net investment in capital assets as of June 30, 2019 was $28,587,268. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion of the District's net position $7,285,394 represents resources that are subject to external restrictions on how they may be used, such as the workers' compensation claims, capital projects and emergencies. The remaining balance of unrestricted net position was ($21,518,389).

At the end of the current fiscal year, the District is able to report positive balances in two of the three categories of net position. The negative unrestricted net position was caused by the accounting standard requiring the reporting of the Net Pension Liability on the balance sheet.

Truckee Meadows Fire Protection District's Changes in Net Position

	Governmental Activities	
	2019	**2018**
Revenues:		
Program revenues:		
Charges for services	$ 525,145	$ 558,158
Capital grants and contributions	-	4,900
Operating grants and contributions	100	1,350
General revenues:		
Property taxes	18,494,193	17,635,993
Consolidated taxes	8,725,419	8,346,596
Other taxes	1,699,759	1,404,966
Unrestricted investment earnings	733,940	104,431
Reimbursements	1,828,454	1,460,477
Other	900,189	100,713
Total revenues	32,907,199	29,617,584
Expenses:		
Public safety	34,083,907	31,855,973
Increase (Decrease) in net position	(1,176,708)	(2,238,389)
Net position, July 1	15,255,245	18,355,713
Prior period adjustment	275,736	(862,079)
Net position, June 30	$ 14,354,273	$ 15,255,245

Total Revenues. The District's total revenues increased by $3,289,615, or 11.11%. The primary increase was caused by an increase of property tax, consolidated tax revenue and one-time revenues resulting from the sale of land owned by the District. Also included in the increase is a $352,824 increase in unrealized gains which may not be realized if the market experiences declines compared to a reported unrealized loss of $288,937 in fiscal year 2018.

Total Expenses. The District's total expenses increased by $2,227,934 or by 6.99% which was primarily due to the adoption of a new collective bargaining agreement which increased substantially the amount of accrued sick leave that is paid out at retirement and increases in employee benefits related to retirement including the costs of required contributions to PERS and contributions to the other post-employment benefits plan trust.

Net Position. The District's total net position decreased by $1,176,708 during the fiscal year ended June 30, 2019, and was partially offset by a prior period adjustment due to the correction of an error of $275,736, The District's total net position decreased by $3,100,468 during the fiscal year ended June 30, 2018, including a prior period adjustment of $862,079. The decrease in total net position in the fiscal year ended June 30, 2019 was primarily caused by increased contributions to the other postemployment benefit plan trust, and non-cash expenses, including change in pension related liabilities and an increase in compensate absences liability. The correction of an error relates to over billed amounts for workers' compensation costs. See Note 10 on page 37 for more information.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of $16,560,199, a decrease of $557,799 or 3.26% in comparison with the prior year. This decrease was primarily caused by the increases in employee related costs of salaries and benefits. Approximately 57.09% of the combined ending fund balance is available for spending at the government's discretion (unassigned fund balance).

The General Fund is the primary operating fund of the District. For the fiscal year ended June 30, 2019, the total fund balance for the General Fund was $10,431,035. The total fund balance includes an assigned fund balance of $970,710 which consists of $149,221 assigned for encumbrances and appropriated fund balance and $821,489 assigned to pay out accrued sick and annual compensation balances. The remaining fund balance consists of, $6,432 in nonspendable fund balance, and $9,453,893 unassigned.

The total fund balance for the General Fund in the amount of $10,431,035 is an increase of $1,161,912 from the prior year. This increase is primarily caused by not making any transfers to fund capital projects.

As a measure of the General Fund's liquidity, it may be useful to compare the June 30, 2019, total fund balance not attributable to the Stabilization Fund or the Sick Annual Comp Benefits Fund of $8,995,640 to fund expenditures. The fund balance represents 31.94% of total General Fund expenditures. This represents approximately 3.8 months' worth of expenditures. The fund balance will give the District's General Fund sufficient cash flow to meet its operational obligations.

The District's Emergency Fund was established according to NRS 474 for the funding for unforeseen emergencies, primarily large wildland fires and other natural disasters. In fiscal year 2019, the District incurred large wildland fires within its jurisdiction; and it provided fire suppression services to other entities for a fee and paid for the State wildland fire insurance program and other expenditures which totaled $1,120,505. The Emergency Fund balance as of June 30, 2019 was $1,587,416.

The Capital Projects Fund activity in fiscal year 2019 included, among other things, the purchase of two new fire engines, completion of two water tenders and command vehicles.

Proprietary funds. The District's proprietary fund provides information on the workers' compensation program of the District. The net position of the Workers' Compensation Internal Service Fund as of June 30, 2019, was $1,153,004. In fiscal year 2019, the District fully funded its workers' compensation liabilities. In fiscal year 2020, the District budgeted to continue to fully fund the District's workers' compensation liabilities.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. The District's net investment in capital assets as of June 30, 2019, amounts to $28,587,268 (net of accumulated depreciation). This net investment in capital assets includes land, construction in progress, buildings and building improvements, and vehicles and equipment. Refer to Note 4 for further detail.

Long-term debt. At the end of the fiscal year, the District had no bonded debt outstanding. Refer to Note 5 for further detail.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The District relies primarily on two types of tax revenues. The first of these is ad valorem or property taxes and is directly affected by the assessed property tax values in Washoe County, Nevada. Property tax revenues are projected to increase for 2019-2020. Assessed values increased by 7.12% for the coming fiscal year.

- The second significant tax revenue for the District, the consolidated tax, consists primarily of sales taxes. For the year ended June 30, 2019, taxable sales in Washoe County increased by 3.5% over the previous fiscal year. The District budgeted sales tax revenue consistent with projections obtained from the State of Nevada Department of Taxation.

These factors were considered in preparing the District's budget for the 2020 fiscal year.

REQUESTS FOR INFORMATION

The financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Truckee Meadows, 1001 East Ninth Street, Reno, Nevada 89512.

Total expenditures	28,224,427	1,120,505	3,335,263	32,680,195
Excess (Deficiency) of Revenues over Expenditures	1,161,912	402,453	(3,130,853)	(1,566,488)
Other Financing Sources (Uses)				
Sale of capital assets	-	-	1,008,689	1,008,689
Net Change in Fund Balances	1,161,912	402,453	(2,122,164)	(557,799)
Fund Balances, Beginning of Year	9,269,123	1,184,963	6,663,912	17,117,998
Fund Balances, End of Year	$ 10,431,035	$ 1,587,416	$ 4,541,748	$ 16,560,199

Amounts reported for governmental activities in the statement of activities are different because:		
Net change in fund balances - total governmental funds		$ (557,799)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over the estimated useful lives and reported as depreciation expense.		
Expenditures for capital assets	2,766,790	
Less current year depreciation/amortization	(1,539,791)	
		1,226,999
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds. Thus, the change in net position differs from the change in fund balances by the change in unavailable revenue.		847,573
Some expenses reported in the statement of activities do not require the use of current financial resources, and, therefore, are not reported as expenditures in governmental funds:		
Change in compensated absences	(1,943,412)	
Change in tax refund	207,387	
		(1,736,025)
In the statement of activities, the gain or loss on the disposal of capital assets is reported. In the governmental funds, the gain or loss is not reported. Thus, the change in net position differs from the change in fund balances by the cost of the assets sold less the balance in accumulated depreciation.		(157,749)
Governmental funds report pension and other postemployment benefits (OPEB) contributions as expenditures. However, in the Statement of Activities, the cost of pension and OPEB benefits earned is reported as pension expense.		
OPEB contributions	463,000	
OPEB expense	(856,255)	
Pension contributions	2,293,573	
Pension expense	(2,738,560)	
		(838,242)
The internal service funds are used by management to account for the costs of retiree health medical expenses and workers' compensation. The net revenue of the internal service funds is reported with governmental activities.		38,535
Change in net position of governmental activities		$ (1,176,708)

Note 1 - Summary of Significant Accounting Policies

Reporting Entity

Truckee Meadows Fire Protection District (District) is a municipality of the State of Nevada located in Washoe County, Nevada. The District is governed by the Board of Fire Commissioners. The Washoe County Board of County Commissioners functions as the Board of Fire Commissioners of the District.

The County has no financial benefit or burden relationship with the District and the District is a legally separate organization from the County. However, the Board of County Commissioners acts as the Board of Fire Commissioners of the District and as such, as defined in governmental accounting standards generally accepted in the United States of America, the District has been classified as a discretely presented component unit of the County.

Government-Wide and Fund Financial Statements

The government-wide financial statements (Statement of Net Position and the Statement of Activities) report information about the activities of the District. The effect of interfund activity has been removed from these statements.

The Statement of Activities demonstrates the degree to which the direct expenses of the public safety function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The fund financial statements provide information about the funds of the District. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements and the proprietary fund's financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also report deferred inflows of resources in connection with resources that have been received, but not yet earned. Expenditures generally are recorded when the related liabilities are incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, postemployment benefits, and claims and judgments, are recorded only when payment is due.

The District initially utilizes restricted resources to finance qualifying activities prior to unrestricted resources, which are utilized as they are needed.

Property taxes, licenses and permits, intergovernmental revenues, and interest earnings associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Other revenue items are considered to be measurable and available only when cash is received by the District.

The focus of proprietary fund measurement is upon determination of operating income or loss, changes in net position, financial position, and cash flows. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. Operating expenses for internal service funds include the cost of services (employee benefits). All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The generally accepted accounting principles applicable are those similar to businesses in the private sector.

The District's Internal Service Fund is the only proprietary fund. The financial statements of the Internal Service Fund is consolidated into the governmental column when presented in the government-wide financial statements. The costs of these services are reported in the public safety function. The effect of interfund activity has been removed from the government-wide financial statements.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the District, except those accounted for in another fund.

The Wildland Fire Emergency Reserve Fund (The Emergency Fund), a special revenue fund under Nevada Revised Statutes (NRS), was created to account for the cost of unforeseen large wildland fire emergencies pursuant to NRS 474.510.

The Capital Projects Fund, a capital projects fund, accounts for the financial resources to be used for the acquisition and construction of major capital assets.

Additionally, the District reports the following fund type:

The Internal Service Fund, proprietary fund, accounts for the workers' compensation activity.

Budgets and Budgetary Accounting

Truckee Meadows Fire Protection District adheres to the Local Government Budget and Finance Act incorporated within the statutes of the State of Nevada, which include the following major procedures to establish the budgetary data, which is reflected in these financial statements:

1. On or before April 15, the Board of Fire Commissioners files a tentative budget with the Nevada Department of Taxation for all funds.
2. Public hearings on the tentative budget are held on the third Monday in May in conjunction with Washoe County's budget hearing.
3. Prior to June 1, at a public hearing, the Board indicates changes, if any, to be made to the tentative budget and adopts a final budget by the favorable vote of a majority of the members of the Board. The final budget must then be forwarded to the Department of Taxation for compliance with State laws and

regulations. In any year in which legislative action, which was not anticipated, affects the local government's final budget, the Board may file an amended final budget within 30 days of adjournment of the legislative session.

4. Formal budgetary integration in the financial records of all funds is employed to enhance management control during the year. Unencumbered appropriations lapse at the end of the year.
5. Budgets for all externally reported funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America. In addition, budgets are required for the internally reported special revenue fund.

Pursuant to Nevada Revised Statute 354.598005 the person designated to administer the budget may transfer appropriations within any function. Budget amounts may be transferred between functions within a fund if the governing body is advised of the action at the next regular meeting and the action is recorded in the official minutes of the meeting. Transfer of appropriations between funds or from the contingency account or budget augmentations in excess of original budgetary amounts may not be made without prior approval of the Board of Fire Commissioners, following a scheduled and noticed public hearing, as necessary. The budget was augmented as set forth above during the year. In accordance with state statute, actual expenditures generally may not exceed budgetary appropriations of the public safety function of the General Fund, Special Revenue Funds, and Capital Projects Fund. Also, actual operating and non-operating expenses of the Internal Service Fund generally may not exceed budgeted amounts.

Cash Deposited and Invested with Washoe County Treasurer

A majority of all cash transactions of the District are handled by the Washoe County Treasurer's office. Cash balances are pooled and, to the extent practicable, invested as permitted by law in combination with Washoe County funds.

For purposes of the Statement of Cash Flows, cash equivalents are defined as short-term, highly liquid investments, generally with original maturities of three months or less. The District’s cash and investments pooled with Washoe County funds and the District’s payroll cash account are available upon demand, therefore all cash and investments of the District are considered to be cash equivalents.

Taxes Receivable

Real and personal property taxes receivable reflect only those taxes receivable from the delinquent roll years. No provision for uncollectible accounts has been established since management does not anticipate any material collection loss in respect to the remaining balances.

Personal property taxes receivable reflect only those taxes management believes to be collectible.

Amounts not collected within 60 days after year-end have been recorded as deferred inflows of resources at the governmental fund level.

Receivables

The allowance method is used to provide for estimated uncollectible amounts. At June 30, 2019, the allowance for uncollectible accounts was $10,017 in the Emergency Fund.

Capital Assets

Capital assets, which include land, buildings and improvements, and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than $10,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Property, plant, and equipment of the District are depreciated using the straight line method over the following estimated useful lives:

Land improvements	40 years
Buildings	40 years
Building improvements	20 years
Vehicles and equipment	5 - 20 years

Pension

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employees' Retirement System of the State of Nevada (PERS) Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position and Governmental Funds Balance Sheet may report a separate section for deferred outflows of resources. The separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District recognizes deferred outflow of resources as it related to the net pension liability and other postemployment benefits.

In addition to liabilities, the Statement of Net Position and Governmental Funds Balance Sheet may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents and acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District recognizes deferred inflow of resources as it relates to the net pension liability and the net other postemployment liability on the Statement of Net Position. In addition, the District recognizes deferred inflows of resources as they relate to property taxes, consolidated taxes and wildland fire reimbursements in the governmental fund financial statements.

Long-Term Liabilities

In the government-wide financial statements and the proprietary fund, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position.

Compensated Absences

The costs involved in vacation time and sick leave benefits are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured as a result of employee resignations and retirements; costs are recorded as payroll costs only when the accumulated benefits are paid or accrued as a result of a termination of service.

The District provides for payment of accrued vacation and accrued comp time upon death, retirement, termination or permanent disability. Employees who are members of the International Association of Fire Fighters (IAFF) Local 2487 upon death, retirement or permanent disability after twenty years of enrollment with the Public Employees' Retirement System of the State of Nevada (PERS) shall be compensated for total accrued sick leave at the rate of 75% for every hour earned increasing by 5% per year up to a maximum of 100% at 25 years of PERS enrollment. For employees who are not members of IAFF Local 2487, upon death, retirement, permanent disability, or termination of an employee after ten years of full-time employment or its equivalent if the employee has not served as a full-time employee for reasons other than discharge for just cause, shall be compensated for total accrued sick leave at the rate of one hour for every three hours earned up to a maximum hour limitation.

Fund Equity

In the government-wide and proprietary fund financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets, if applicable.

Restricted Net Position – Consists of net position with constraints placed on its use either by (1) external groups such as creditors, contributors, or laws or regulations; (2) law through constitutional provisions or enabling legislation.

Unrestricted Net Position – All other net position that does not meet the definition of restricted or net investment in capital assets.

When an expenditure is incurred for purposes for which both restricted and unrestricted amounts are available, the District considers restricted funds to have been spent first.

In the governmental fund financial statements, fund balances are classified based primarily on the extent to which the District is bound to observe constraints imposed on the use of the resources in the fund. The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form. The restricted fund balance occurs when constraints are places on the use of resources externally (such as through debt covenants or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation). For the District, the restricted fund balance consists of restricted assets for capital projects and emergency resources. The assigned fund balance includes amounts that are constrained by the District's intent to be used for specific purposes and consists of the District's encumbrances as approved by the Board of Fire Commissioners and the amount of fund balance to be expended in the ensuing fiscal year as approved by the Board of Fire Commissioners and amounts internally reported for sick and annual compensation benefits. The remaining fund balance is shown as unassigned. When expenditures are incurred for purposes for which amounts in any unrestricted fund balance classifications could be used, committed funds, if any, are to be spent first, assigned funds second, and unassigned funds last.

Property Taxes

All real property in the District is assigned a parcel number in accordance with state law, with each parcel being subject to physical reappraisal every five years. A factoring system is used to adjust the appraised value during the years between physical appraisals. The valuation of the property and its improvements is being assessed at 35 percent of "taxable value" as defined by statute. The amount of tax levied is determined by multiplying the assessed value by the tax rate applicable to the area in which the property is located.

Taxes on real property are a lien on the property and attach on July 1 of the year for which the taxes are levied.

Taxes may be paid in four installments payable on the third Monday in August, and the first Mondays in October, January, and March, to the Treasurer of Washoe County. Penalties are assessed if a taxpayer fails to pay an installment within ten days of the installment due date. After a two-year waiting period, if taxes remain unpaid, a tax deed is issued conveying the property to the County with a lien for back taxes and accumulated charges. Redemption may be made by the owner and such persons as described by statute by paying all back taxes and accumulated penalties, interest, and costs before sale.

Taxes on personal property are collected currently. Personal property declarations are mailed out annually and the tax is computed using percentages of taxable values established by the Department of Taxation and tax rates described above.

The major classifications of personal property are commercial and mobile homes. In Washoe County, taxes on motor vehicles are collected by a State agency and remitted to the local governments in the County as part of the Consolidated Tax distribution.

Note 2 - Compliance with Nevada Revised Statutes and the Nevada Administrative Code

The District conformed to all significant statutory and administrative code constraints on its financial administration during the year.

Note 3 - Cash and Investments

The District is a voluntary participant in the Washoe County Investment Pool (WCIP). The Washoe County Board of County Commissioners administers and is responsible for the WCIP in accordance with NRS 355.175. The investment pool is not registered with the SEC as an investment company. Public Financial Management, LLC determines the fair value of the investment pool monthly. Washoe County has not provided or obtained any legally binding guarantees during the audit period to support these values. Each participant's share is equal to their investment plus or minus their pro-rata portion of monthly interest income and realized and unrealized gains/losses. The related fair value is $ 19,625,547 as of June 30, 2019. The District's total cash and investments is as follows at June 30, 2019:

Cash	$ 65,277
WCIP	19,625,547
Total cash and investments	$ 19,690,824

Credit Risk

Fixed income securities are subject to credit risk. Credit risk refers to the risk that a borrower will default on debt by failing to make required payments. The District does not hold any such investments directly, but participates in the WCIP. The WCIP is unrated by recognized statistical rating agencies.

Custodial Credit Risk

Custodial credit risk is the risk that an entity's deposits, which are in the possession of an outside party, will not be returned to the entity if the counterparty fails. Balances in the WCIP and the District's Payroll account are covered by one or more of the following: Federal depository insurance, the Securities Investor Protection Corporation, collateral held by the District's agent in the District's name, or by collateral held by depositories in the name of the Nevada Collateral Pool, and the balances are not exposed to custodial credit risk.

Note 4 - Capital Assets

Capital asset activity for the year ended June 30, 2019 was as follows:

Government Activities:

	Balance July 01, 2018	Increases	Decreases	Balance June 30, 2019
Capital assets, not being depreciated				
Land	$ 2,194,174	$ 165,135	$ -	$ 2,359,309
Construction in progress	350,162	2,432,955	(769,823)	2,013,294
Total capital assets, not being depreciated	2,544,336	2,598,090	(769,823)	4,372,603
Capital assets, being depreciated				
Land improvements	406,687	-	(25,311)	381,376
Buildings and building improvements	21,505,858	-	(36,928)	21,468,930
Vehicles and equipment	18,435,339	938,523	(357,739)	19,016,123
Total capital assets, being depreciated	40,347,884	938,523	(419,978)	40,866,429
Less accumulated depreciation for				
Land improvements	(243,690)	(14,874)	10,019	(248,545)
Buildings and building improvements	(5,532,351)	(561,855)	26,693	(6,067,513)
Vehicles and equipment	(9,598,161)	(963,062)	225,517	(10,335,706)
Total accumulated depreciation	(15,374,202)	(1,539,791)	262,229	(16,651,764)
Total capital assets, being depreciated, net	24,973,682	(601,268)	(157,749)	24,214,665
Governmental activities capital assets, net	$27,518,018	$ 1,996,822	$ (927,572)	$28,587,268

The increase in accumulated depreciation includes depreciation expense of $1,539,791 charged to the public safety function.

Note 5 - Long-Term Liabilities

The District does not have any general obligation bonds outstanding as of June 30, 2019. Long-term liability activity for the year ended June 30, 2019, was as follows:

	Amount Outstanding July 1, 2018	Additions	Reductions	Amount Outstanding June 30, 2019	Due Within One Year
Compensated absences	$2,780,594	$3,463,825	$1,520,413	$ 4,724,006	$1,813,318
Claims and judgments	1,361,316	54,608	24,955	1,390,969	55,506
Tax refund	373,272	-	207,387	165,885	165,885
	$4,515,182	$3,518,433	$1,752,755	$ 6,280,860	$2,034,709

The tax refund liability of $165,885 consists of a pending refund due to the State of Nevada-Department of Taxation for overpaid Nevada State Use taxes. Compensated absences are generally liquidated from the General Fund and claims and judgments are liquidated from the Workers' Compensation Internal Service Fund. The tax refund will be liquidated from the General Fund.

Note 6 - Postemployment Benefits Other than Pensions (OPEB)

Defined Benefit Plan

Plan Description and Eligibility

Prior to July 1, 2000, the District provided health insurance benefits to retired employees through a single-employer defined benefit plan. At June 30, 2000, ten retirees were participating in the District's health benefits program. On July 1, 2000, pursuant to an Interlocal Agreement for Fire Services and Consolidation, District fire operations were transferred to the City of Reno and the City accepted liability for the ten retirees under this plan. In accordance with the Interlocal Agreement, the District pays a proportionate share of employees' retiree health benefit costs based on service earned prior to July 1, 2000, for those employees who transferred employment to the City of Reno and retired prior to June 30, 2012 or during the term of the Interlocal Agreement. Health benefits under the City's plan included medical, prescription, vision, dental and life insurance.

The Interlocal Agreement was terminated on June 30, 2012, and the District assumed responsibility for its own fire district operations as of July 1, 2012. As of June 30, 2012, in preparation of standing up the new fire operations, 11 former Reno firefighters transferred to the District with the provision the District would provide retiree health benefits for those 11 employees. Any former District employees remaining employed by the City of Reno as of July 1, 2012 retained retiree health benefits with the City and the City retained the liability for those employees. Benefits under the new District plan, a single-employer defined benefit plan, include health, dental, vision and prescription coverage. Eligible retirees who retire from the District will be required to pay for 50% of the retirees' health insurance premium and 100% of the cost of coverage for their families. Eligibility requirements, benefit levels, employee contributions and employer contributions may be amended by the mutual agreement of the Truckee Meadows Fire Protection District and the District's Fire Firefighters' Association.

As of July 1, 2010, the Plan is administered through an irrevocable trust, Washoe County, Nevada OPEB Trust (Trust), established on May 11, 2010, by the Board of Washoe County Commissioners. The Trust, a multiple-employer trust, was created to fund and account for the participating employers' costs of retiree healthcare benefits pursuant to Nevada Revised Statutes 287.017. The District is a participating employer in the Trust. Complete financial statements of the Trust may be obtained by writing to: OPEB Trust, c/o Washoe County Comptroller's Office, 1001 E. 9th Street Ste D200, Reno, Nevada, 89512.

Employees covered by benefit terms. As of the measurement date of June 30, 2018, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments:	56
Active employees:	133

Actuarial assumptions and other inputs

The District's total OPEB liability of $9,817,792 was measured as of June 30, 2018 was based on the valuation date of July 1, 2018. Projections of the sharing of benefit-related costs are based on established pattern of practice. Actuary valuations include projections of the sharing of benefit-related costs that are based on an established pattern of practice. The total OPEB liability in the actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial funding method	Entry Age Normal
Amortization method	Level Percent of Pay
Inflation	3%
Salary increases	
0-4 years of service	8.00%
5 + years of service	3.00%
Discount rate	6.00%
Healthcare cost trend rates	
Pre-Medicare	Range between 4.6% to 7.0% annually
Medicare	Range between 4.6% to 6.7% annually
Retirees' share of benefit-related costs	
Retirees before June 30, 2012 under City of Reno Plan	
(Pre-65)	40% retiree and dependent
(Post-65)	50% retiree and 100% dependent
Retirees hired on or before July 1, 2014	50% retiree and 100% dependent
Retirees hired after July 1, 2014	100% retiree and dependent

The investment rate of return of 6.00%, net of investment expenses, was selected by the District. This is based on the investment policy of State of Nevada's Retiree Benefit Investment Fund (RBIF) where the District invests its assets to fund its OPEB liabilities. This rate is derived based on the RBIF's investment policy (shown in the table below), and includes a 3.00% long-term inflation assumption.

Asset Class	Asset allocation
Foreign Developed Equity	21.00%
U.S. Fixed Income	30.00%
U.S. Large Cap Equity	49.00%

The discount rate was based on the long term rate of return on OPEB plan investments that are expected to be used to finance the payment of benefits to the extent that plan assets are projected to cover benefit payments and administrative expenses. To the extent that OPEB plan assets are insufficient to finance all OPEB benefits, the discount rate should be based on 20-year tax-exempt AA or higher Municipal Bonds as of the Measurement Date. Based on the District's current funding policy of funding the Trust annually to maintain a funded percentage of at least 80%, the Fiduciary Net Position and future expected contributions and earnings are projected to be sufficient such that the Trust remains solvent. Therefore, a discount rate of 6.00% is used in calculating the total OPEB liability.

Mortality rates for healthy life were based on the RP-2014 Male and Female Healthy Annuitant mortality tables adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year, and projected forward using projection scale MP-2018 on a generational basis.

The number of participants in the plan is not large enough to provide credible data to perform an experience study to establish demographic assumptions for termination, retirement, and mortality. The demographic assumptions used in the June 30, 2018 valuation of OPEB liabilities were developed based Nevada Public Employees Retirement System demographic assumptions.

Changes in the OPEB Liability

	Total OPEB Liability	Increase/ (Decrease) in Plan Fiduciary Net Position	Net OPEB Liability
Balance at June 30, 2018 *(Measurement Date June 30, 2017)*	$ 6,846,342	$ 5,316,774	$ 1,529,568
Charges for the year:			
Service Cost	417,213	-	417,213
Interest on the total OPEB liability	501,045	-	501,045
Changes of benefit terms	-	-	-
Differences between actual and expected experience with regard to economic or demographic factors	(27,487)	-	(27,487)
Changes of assumptions	2,295,853	-	2,295,853
Benefit payments	(215,174)	(215,174)	-
Net investment income	-	435,094	(435,094)
Administrative expense	-	(15,693)	15,693
Total Changes	2,971,450	204,227	2,767,223
Balance at June 30, 2019 *(Measurement Date June 30, 2018)*	$ 9,817,792	$ 5,521,001	$ 4,296,791

Changes of assumptions and other inputs reflect a change in the discount rate from 7.00 percent as of the measurement date of June 30, 2017 to 6.00 percent as of the measurement date of June 30, 2018 and a change in the long-term inflation assumption from 2.50 percent as of the measurement date of June 30, 2017 to 3.00 percent as of the measurement date of June 30, 2018.

Sensitivity of the total OPEB liability to changes in the discount rate.

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.0 percent) or 1-percentage-point higher (7.0 percent) than the current discount rate:

	1% Decrease in Discount Rate (5.00%)	Discount Rate (6.00%)	1% Increase in Discount Rate (7.00%)
Net OPEB liability	$ 5,375,268	$ 4,296,791	$ 3,349,420

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates.

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease in Healthcare Cost Trend	Healthcare Cost Trend	1% Increase in Healthcare Cost Trend
Net OPEB liability	$ 3,125,922	$ 4,296,791	$ 5,685,013

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2019, the District recognized OPEB expense of $856,255. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Inflows of Resources	Deferred Outflows of Resources
Differences between expected and actual experience	$ 23,232	$ -
Changes in assumptions or other inputs	-	1,940,458
Net difference between projected and actual earnings	207,989	-
District contributions subsequent to the measurement date	N/A	463,000
Total	$ 231,221	$ 2,403,458

Deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date in the amount of $463,000 will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2020.

Other estimated amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows**:**

Year ended June 30,	Recognized Deferred (Inflows)/Outflows of Resources
2020	$ 286,534
2021	286,534
2022	286,535
2023	336,968
2024	351,140
Thereafter	161,526
Total	$ 1,709,237

Defined Contribution Plan:

Plan Description and Eligibility

During the year ended June 30, 2019, the District agreed to participate in a Post-Employment Health Plan (PEHP) a defined contribution plan for collectively bargained public employees. International Association of Fire Fighters Local 2487 (Local 2487) will determine the plan administrator for the PEHP and the District agreed to contribute to the PEHP on behalf of the employees. As of June 30, 2019, the plan administrator has not yet been determined.

Employees who are members of Local 2487 non-supervisory group hired with the District on or before July 1 2014, will have a one-time contribution of $1,000 made by the District to the employee's PEHP account for the fiscal year ending June 30, 2019; thereafter an annual contribution of $120 will be made by the District to the employee's PEHP account. Employees who are members of Local 2487 non-supervisory group hired with the District after July 1, 2014 will have an annual contribution of $2,500 made by the District to the employee's PEHP account. The employee will pay all associated account administrative fees for the PEHP to keep the account in good standing. The vesting period, if any, and uses of forfeitures will be determined in the plan document once the plan administrator is determined and the plan document is adopted by the District and Local 2487.

There are no assets accumulated in a trust as of June 30, 2019. Contribution rates are established within the collective bargaining unit agreement and may be amended with by mutual agreement of the District and Local 2487.

The District recognized an OPEB expense related to the defined contribution plan in the amount of $167,000 and an outstanding liability of $167,000 as of June 30, 2019.

Note 7 - Defined Benefit Pension Plan

Plan Description

The District contributes to the Public Employees' Retirement System of the State of Nevada (PERS). PERS administers a cost-sharing, multiple-employer, defined benefit public employees' retirement system which includes both Regular and Police/Fire members. PERS was established by the Nevada Legislature in 1947, effective July 1, 1948. PERS is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earnings capacities have been removed or substantially impaired by age or disability.

Benefits Provided

Benefits, as required by the Nevada Revised Statutes (NRS or statute), are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering PERS on or after January 1, 2010 and July 1, 2015. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this factor is 2.67% of average compensation. For members entering PERS on or after January 1, 2010, there is a 2.5% service time factor and for regular members entering PERS on or after July 1, 2015, there is a 2.25% factor. PERS offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Post-retirement increases are provided by authority of NRS 286.575 - .579.

Vesting

Regular members entering PERS prior to January 1, 2010, are eligible for retirement at age 65 with 5 years of service, at age 60 with 10 years of service, or at any age with 30 years of service. Regular members entering PERS on or after January 1, 2010, are eligible for retirement at age 65 with 5 years of service, or age 62 with 10 years of service, or any age with 30 years of service. Regular members who entered PERS on or after July 1, 2015, are eligible for retirement at age 65 with 5 years of service, or at age 62 with 10 years of service or at age 55 with 30 years of service or any age with 33 1/3 years of service.

Police/Fire members entering PERS prior to January 1, 2010, are eligible for retirement at age 65 with 5 years of service, at age 55 with 10 years of service, at age 50 with 20 years of service, or at any age with 25 years of service. Police/Fire members entering PERS on or after January 1, 2010, are eligible for retirement at 65 with 5 years of service, or age 60 with 10 years of service, or age 50 with 20 years of service, or at any age with 30 years of service. Only service performed in a position as a police officer or firefighter may be counted towards eligibility for retirement as Police/Fire accredited service.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Both Regular and Police/Fire members become fully vested as to benefits upon completion of five years of service.

Contributions

The authority for establishing and amending the obligation to make contributions and member contribution rates, is set by statute. New hires, in agencies which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983, have the option of selecting one of two contribution plans. Contributions are shared equally by employer and employee. Employees can take a reduced salary and have contributions made by the employer (EPC) or can make contributions by a payroll deduction matched by the employer.

PERS' basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due.

PERS receives an actuarial valuation on an annual basis indicating the contribution rates required to fund PERS on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450.

The actuary funding method used is the Entry Age Actuarial Cost Method. It is intended to meet the funding objective and result in a relatively level long-term contributions requirement as a percentage of salary.

For the fiscal years ended June 30, 2018 and 2019 the Statutory Employer/employee matching rates were 14.50% for Regular and 20.75% for Police/Fire. The Employer-pay contribution (EPC) rate for fiscal years ending June 30, 2018 and 2019 was 28.00% for Regular and 40.50% for Police/Fire.

The District's contributions were $2,293,573 for the year ended June 30, 2019.

PERS Investment Policy

PERS' policies which determine the investment portfolio target asset allocation are established by the PERS Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of PERS.

The following was the PERS Board adopted policy target asset allocation as of June 30, 2018:

Asset Class	Target Allocation	Long-term Geometric Expected Real Rate of Return
Domestic Stocks	42%	5.50%
International Stocks	18%	5.75%
U.S. Bonds	30%	0.25%
Private Markets	10%	6.80%

As of June 30, 2018, PERS' long-term inflation assumption was 2.75%.

Net Pension Liability

At June 30, 2019, the District reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's allocation percentage of the net pension liability was based on the District's total contributions due on wages paid during the measurement period. The District's proportion of the net pension liability is based on its employer contributions relative to the total employer contributions for all employers for the period ended June 30, 2018. At June 30, 2018, the District's proportion was .23531%, which is an increase of .02261 from the proportion measured as of June 30, 2017.

Pension Liability Discount Rate Sensitivity

The following presents the net pension liability of the District as of June 30, 2019, calculated using the discount rate of 7.50%, as well as what the District's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1-percentage-point higher (8.50%) than the current discount rate:

	1% Decrease in Discount Rate (6.50%)	Discount Rate (7.50%)	1% Increase in Discount Rate (8.50%)
Net Pension Liability	$ 48,937,458	$ 32,090,988	$ 18,092,553

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the PERS Comprehensive Annual Financial Report, available on the PERS website.

Actuarial Assumptions

The District's net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation Rate	2.75%
Payroll Growth	5.00% including inflation
Investment Rate of Return	7.50%
Productivity Pay Increase	0.50%
Projected Salary Increases	Regular: 4.25% to 9.15%, depending on service Police/Fire: 4.55% to 13.9%, depending on service Rates include inflation and productivity increases
Consumer Price Index	2.75%
Other Assumptions	Same as those used in the June 30, 2018 funding actuarial valuation

Mortality rates for regular and police/fire members are based on the following table:

Healthy:	Headcount–Weighted RP-2014 Healthy Annuitant Table projected to 2020 with Scale MP-2016, set forward one year for spouses and beneficiaries. For ages less than 50[1], mortality rates are based on the Headcount–Weighted RP-2014 Employee Mortality Tables. Those mortality rates are adjusted by the ratio of the mortality rate for healthy annuitants at age 50 to the mortality rate for employees at age 50. The mortality rates are then projected to 2020 with Scale MP-2016. [1] The RP-2014 Healthy Anuitant Mortality Tables have rates only for ages 50 and later.
Disabled:	Headcount–Weighted RP-2014 Disabled Retiree Table, set forward four years.
Pre-Retirement:	Headcount–Weighted RP-2014 Employee Table, projected to 2020 with Scale MP-2016.

Actuarial assumptions used in the June 30, 2018 valuation were based on the results of the experience review completed in 2017.

The discount rate used to measure the total pension liability was 7.50% as of June 30, 2018. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, the pension plan's fiduciary net position at June 30, 2018, was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2018.

Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2019, the District recognized pension expense of $2,738,560. At June 30, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 1,005,321	$ 1,489,573
Changes in assumptions or other inputs	1,690,992	
Net difference between projected and actual earnings on pension plan investments	-	152,784
Changes in the employer's proportion and differences between the employer's contributions and the employer's proportionate contributions	3,295,316	685,162
District contributions subsequent to the measurement date	2,293,573	-
Total	$ 8,285,202	$ 2,327,519

Deferred outflows of resources related to pensions resulting from Employer contributions subsequent to the measurement date in the amount of $2,293,573 will be recognized as a reduction of the net pension liability in the year ending June 30, 2020.

The average of the expected remaining service lives of all employees that are provided with pensions through PERS (active and inactive employees) determined at July 1, 2017 (the beginning of the measurement period ended June 30, 2018) is 6.22 years.

Other estimated amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	
2020	$ 1,274,763
2021	827,393
2022	34,476
2023	626,520
2024	752,264
Thereafter	148,694
Total	$ 3,664,110

Additional Information

The PERS Comprehensive Annual Financial Report (CAFR) is available on the PERS website at www.nvpers.org under Quick Links – Publications.

Note 8 - Risk Management

The District is exposed, as are all entities, to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District is fully insured for property and auto loss and liability with a $2,500 to $5,000 deductible. This District is covered up to a policy limit per occurrence of $22,879,807 and $11,000,000 per occurrence in general liability. The District's policy contains various sub-limits established for earthquake, flood, equipment breakdown, errors and omissions and other items.

During the term of the Reno/Truckee Meadows Fire Protection District Interlocal Agreement, workers' compensation was fully insured with the City of Reno's self-funded workers' compensation plan. Due to the termination of the Agreement, as of July 1, 2012, the District is no longer self-funded with the City of Reno but has purchased a guaranteed workers compensation insurance plan. However, the District is still required to pay workers' compensation claims costs to the City of Reno for those years the District was self-funded through the City of Reno's workers' compensation plan.

During the fiscal year ended June 30, 2004, the District and the City of Reno instituted a "pay as you go" system for workers' compensation claims. The District shared the combined losses with the Reno Fire Department (RFD). The District established the Workers' Compensation Fund to account for this program. The District bought out all workers' compensation liability for all claims incurred prior to July 1, 2012. Claims incurred prior to fiscal year 2012 remain the liability of the City of Reno under the buyout agreement. TMFPD will remain responsible for future Heart and Lung related workers' compensation claims on a "pay as you go" system.

Claims' liability and activity for the past two years were as follows:

Claims liability, July 1, 2017	$ 1,329,129
Claims and changes in estimates	67,236
Claims paid	(35,049)
Claims liability, June 30, 2018	1,361,316
Claims and changes in estimates	54,608
Claims paid	(24,955)
Claims liability, June 30, 2019	$ 1,390,969

Note 9 - Tax Abatement

The District's tax revenues were reduced by $207,410 under agreements entered into by the State Nevada. The state agreements include a partial abatement of one or more of personal property and local sales and use taxes imposed on aircraft, components of aircraft and other personal property used for certain purposes related to aircraft, a partial abatement of one or more of property and local sales and use taxes imposed on a new or expanded data center and on renewable energy facilities, and use taxes imposed on eligible machinery or equipment used by certain new or expanded businesses.

Note 10 – Correction of an Error

During 2019, the District identified misstatements in the June 30, 2018 financial statements related to the accrual of amounts owed for workers' compensation claims to another local government. It was determined that invoices accrued included, in error claims, that the District is not obligated to pay. Beginning net position was restated to remove amounts accrued in error. The correction is as follows.

	Governmental Activities	Internal Service Fund
Net position at June 30, 2018, as previously reported	$ 15,255,245	$ 838,733
Prior period adjustment		
Restatement of due to other governments	275,736	275,736
Net position at June 30, 2018, as restated	$ 15,530,981	$ 1,114,469

Note 1 - Internally Reported (Budgetary Basis) Funds

The accompanying Reconciliation of the General Fund (Budgetary Basis) to the General Fund (GAAP Basis) presents balances combined for external reporting purposes.

Budget to actual comparisons are presented for all funds of the District, as required by Nevada Revised Statutes. Such budget comparisons are required to be presented using the budget as adopted and approved by the State of Nevada Department of Taxation. However, guidance provided by Governmental Accounting Standards Board Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, specifies that two of these internally reported funds of the District do not meet the definition of special revenue funds and do not qualify to be separately presented for external reporting purposes.

These internally reported special revenue funds of the District (Sick Annual Comp Benefits Fund and Stabilization Fund) are combined with the General Fund for external reporting purposes.

Note 2 - Schedule of District's Contributions, OPEB

Actuarially determined contribution rates are calculated as of July 1, 2018, two years prior to the end of the fiscal year in which contributions are reported and projected forward to June 30, 2019.

Methods and assumptions used to determine contribution rates:

Actuarial funding method	Entry Age Normal
Amortization method	Level Percent of Pay
Inflation	3%
Salary increases	
0-4 years of service	8.00%
5 + years of service	3.00%
Discount rate	6.00%
Healthcare cost trend rates	
Pre-Medicare	Range between 4.6% to 7.0% annually
Medicare	Range between 4.6% to 6.7% annually
Retirees' share of benefit-related costs	
Retirees before June 30, 2012 under City of Reno Plan	
(Pre-65)	40% retiree and dependent
(Post-65)	50% retiree and 100% dependent
Retirees hired on or before July 1, 2014	50% retiree and 100% dependent
Retirees hired after July 1, 2014	100% retiree and dependent

Changes of assumptions and other inputs reflect a change in the discount rate from 7.00 percent as of the measurement date of June 30, 2017 to 6.00 percent as of the measurement date of June 30, 2018 and a change in the long-term inflation assumption from 2.50 percent as of the measurement date of June 30, 2017 to 3.00 percent as of the measurement date of June 30, 2018.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Honorable Board of Fire Commissioners
Truckee Meadows Fire Protection District
Reno, Nevada

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Truckee Meadows Fire Protection District (the District) (a component unit of Washoe County, Nevada) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 27, 2019.

Internal Control over Financial Reporting
In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Auditor's Comments

To the Honorable Board of Fire Commissioners
Truckee Meadows Fire Protection District
Reno, Nevada

In connection with our audit of the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Truckee Meadows Fire Protection District (the District) as of and for the year ended June 30, 2019, and the related notes to the financial statements, nothing came to our attention that caused us to believe that the District failed to comply with the specific requirements of Nevada Revised Statues cited below. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the requirements of Nevada Revised Statutes cited below, insofar as they related to accounting matters.

Current Year Statute Compliance
The required disclosure on compliance with Nevada Revised Statutes and the Nevada Administrative Code is contained in Note 2 of the financial statements.

Progress on Prior Year Statute Compliance
The District reported no instances of noncompliance with significant constraints on its financial administration during the year ended June 30, 2018.

Prior Year Recommendations
There were no findings for the year ended June 30, 2018.

Current Year Recommendations
We noted no material weaknesses and reported no significant deficiencies in internal control for the current year.

Summary - a resolution authorizing medium-term obligations, the forwarding of materials to the State Department of Taxation, the sale of such medium-term obligations and other related matters.

RESOLUTION NO. _____

A RESOLUTION AUTHORIZING THE ISSUANCE OF MEDIUM-TERM OBLIGATIONS FOR THE PURPOSE OF FINANCING THE COST OF PURCHASING FIRE-FIGHTING EQUIPMENT, INCLUDING FIRE ENGINES AND OTHER VEHICLES; DIRECTING THE DISTRICT'S FIRE CHIEF TO FORWARD MATERIALS TO THE DEPARTMENT OF TAXATION OF THE STATE OF NEVADA; AUTHORIZING THE DISTRICT'S FIRE CHIEF AND OFFICERS OF THE DISTRICT TO ARRANGE FOR THE SALE OF MEDIUM-TERM OBLIGATIONS; PROVIDING CERTAIN DETAILS IN CONNECTION THEREWITH; AND PROVIDING THE EFFECTIVE DATE HEREOF.

WHEREAS, the Board of Fire Commissioners of the Truckee Meadows Fire Protection District, Nevada (the "Board," "District," and "State," respectively) proposes to incur up to $4,415,000 in medium-term obligations of the District under Nevada Revised Statutes ("NRS") 350.087 to 350.095, inclusive (the "Project Act"), and NRS 350.500 to 350.720, inclusive (the "Bond Act"), in order to finance all or a portion of the cost of purchasing fire-fighting equipment, including fire engines and other vehicles (the "Project"), bearing interest at a rate or rates which do not exceed by more than 3% the "Index of Twenty Bonds" most recently published in The Bond Buyer before bids are received for such medium-term obligations or a negotiated offer is accepted, and maturing within 10 years of the date of issuance thereof, in order to pay the costs of the Project; and

WHEREAS, the Board has determined that legally available funds of the District will at least equal the amount required in each year for the payment of principal and interest on such medium-term obligations; and

WHEREAS, NRS 350.087 requires that a notice of intention to authorize medium-term obligations be published not less than 10 days prior to the consideration of a resolution authorizing medium-term obligations; and

WHEREAS, a notice of intention to act upon the resolution authorizing such medium-term obligations has been duly published in a newspaper of general circulation in the District not less than 10 days prior to the date hereof and evidence of such publication is attached as Exhibit B to this resolution; and

WHEREAS, all comments made at the public hearing held on this date on the adoption of this resolution have been duly considered by the Board and the minutes of such public hearing are attached as Exhibit C to this resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD FIRE COMMISSIONERS OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA:

Section 1. This resolution is hereby designated by the short title the "2019 Medium-Term Authorization and Sale Resolution" (the "Resolution").

Section 2. The Board hereby finds and determines that the public interest requires the issuance of medium-term obligations for the Project in an aggregate principal amount not exceeding $4,415,000.

Section 3. The facts upon which the finding stated in Section 2 above is based are:

(a) There is a need for fire-fighting equipment, including fire engines and other vehicles, and the Project will benefit the health, safety and welfare of the District and its inhabitants;

(b) It is in the best interests of the District and its inhabitants and would best serve the public interest thereof, if the Project is now accomplished, thereby assisting in alleviating the need mentioned in (a) above; and

(c) It is not feasible to finance the Project from other funds of the District, among other reasons because of restraints on the District's budget for the current fiscal year and other demands on and needs for existing funds of the District.

Section 4. The District proposes to borrow a sum not to exceed $4,415,000 at an annual interest rate estimated to be 2.750% to be repaid over a period of not more than 10 years. Such medium-term obligations shall be evidenced by the District's issuance of medium-term negotiable notes or bonds in one series or more (the "Bonds"), and the Bonds shall mature not later than 10 years after the date of issuance, the weighted average term of the Bonds shall be less than the estimated weighted average useful life of the assets to be purchased with the proceeds of the Bonds, and the interest rates on the Bonds shall in no event exceed by more than 3% the "Index of Twenty Bonds" which is most recently published in The Bond Buyer before bids are received or a negotiated

offer is accepted for the Bonds. Such Bonds shall be issued on such other terms and conditions as the Board determines, all as provided in the Project Act, and as specified by one or more resolutions to be hereafter adopted by the Board at the time of sale of the Bonds (the "Bond Resolutions").

Section 5. The Bonds shall not be paid in whole or in part from a levy of a special tax which is exempt from the limitations on the levy of ad valorem taxes, but shall be paid from other legally available funds of the District, including, but not limited to, monies anticipated to be available in the District's General Fund. It is anticipated that an estimated range from approximately $510,667 per year to $702,188 per year for a period not to exceed 10 years will be available from the District's General Fund, which amount is anticipated to be sufficient for that purpose.

Section 6. The District's Fire Chief, as the District's chief administrative officer (the "Fire Chief") or the District's chief financial officer, or designee is hereby authorized to arrange for the issuance and sale of the Bonds in an aggregate principal amount not to exceed $4,415,000 to finance the cost of the Project, in accordance with the Project Act and the Bond Act.

Section 7. The Fire Chief is authorized to specify the terms of the Bonds, the number of series of the Bonds, the methods of their sale, the final principal amount of the Bonds (in an aggregate principal amount not to exceed $4,415,000), the terms of their repayment and security therefor, and other details of the Bonds, including, without limitation, the maturity date or dates, the interest rate or rates, the redemption features, if any, and the terms and conditions thereof, and if deemed appropriate by the Fire Chief or designee, to advertise the Bonds for sale, all subject to the Project Act, the Bond Act, approval of this financing by the Executive Director of the Department of Taxation of the State of Nevada, and ratification by the Board by adoption of the Bond Resolutions.

Section 8. The officers of the District are hereby authorized and directed to take all action necessary to effectuate the provisions of this Resolution, including, without limitation, (a) forwarding all necessary documents to the Executive Director, Nevada Department of Taxation, (b) assembling of financial and other information concerning the District, the Project and the Bonds, (c) providing financial information regarding the District to banks and other sophisticated investors, (d) preparing and circulating a request for proposals for each series of the Bonds, in the form specified by the Fire Chief, and (e) executing any agreements for professional services concerning the Bonds with the District's bond counsel, municipal advisor, and, if appropriate, the purchasers of the Bonds. The Fire Chief is authorized to amend the District's plan for capital improvement, the debt

management policy and the statements of current and contemplated debt consistent with the provisions of this Resolution.

Section 9. The Board hereby determines and declares that:

(a) The District intends to incur expenditures with respect to the Project prior to the issuance of the Bonds and to reimburse those expenditures from the issuance of the Bonds; and

(b) The Board hereby declares its intent to reimburse the costs of the District for the Project out of the proceeds of the Bonds. This is a declaration of official intent under Section 1.150-2 of the Treasury Regulations promulgated under the Internal Revenue Code of 1986, as amended; and

(c) The payment of costs related to the Project and the reimbursement of such costs from the proceeds of the Bonds is consistent with the District's budgetary and financial circumstances as of the date of this Resolution. The District does not currently have moneys which are, nor does the District reasonably expect moneys to be, allocated on a long-term basis, reserved or otherwise available pursuant to the District's budget to pay the expenditures which the District intends to reimburse; and

(d) The maximum principal amount of the Bonds expected to be issued for the Project is $4,415,000.

Section 10. The Fire Chief shall, after arranging for the sale of the Bonds and after approval of the Bonds by the Executive Director of the Department of Taxation of the State of Nevada, present the proposed final terms of the Bonds to the Board for its approval by adoption of the Bond Resolutions.

Section 11. All resolutions, or parts thereof, in conflict with the provisions of this Resolution, are hereby repealed to the extent only of such inconsistency. This repealer shall not be constructed to revive any resolution, or part thereof, heretofore repealed.

Section 12. If any section, paragraph, clause or other provision of this Resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause or other provision shall not affect any of the remaining provisions of this Resolution.

Section 13. The District represents that it is in compliance with the applicable provisions of law, including, without limitation, the provisions of NRS Chapter 354.

Section 14. Section 10 of this Resolution shall become effective upon the approval hereof by the Executive Director of the Department of Taxation of the State of Nevada as provided in NRS 350.089, and the remainder of this Resolution is effective upon passage and adoption.

PASSED AND ADOPTED BY AN AFFIRMATIVE VOTE OF AT LEAST TWO-THIRDS OF THE MEMBERS OF THE BOARD OF FIRE COMMISSIONERS OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA, ON DECEMBER 17, 2019.

Vaughn Hartung, Chair

Attest:

Jan Galassini, Chief Deputy

Clerk

STATE OF NEVADA)
) **ss.**
TRUCKEE MEADOWS)
FIRE PROTECTION DISTRICT)

I am the duly chosen and qualified Administrative Assistant of the Truckee Meadows Fire Protection District (the "District"), Nevada, and in the performance of my duties as Administrative Assistant do hereby certify:

1. The foregoing pages constitute a true, correct, complete, and compared copy of the resolution designated in Section 1 thereof by the short title "2019 Medium-Term Authorization and Sale Resolution," adopted at a meeting of the Board of Fire Commissioners of the District (the "Board") held on December 17, 2019.

2. All members of the Board were given due and proper notice of the meeting.

3. The meeting was held and conducted in full compliance with the provisions of NRS Chapter 241, the members of the Board were present at the meeting and voted on the passage of the resolution, as follows:

Those Voting Aye: Bob Lucey, Kitty Jung, Marsha Berkbigler, Jeanne Herman

Those Voting Nay: /

Those Absent: Vaughn Hartung

4. Pursuant to NRS 241.020, written notice of the meeting was given by 9:00 a.m. at least 3 working days before the meeting, including in the notice the time, place, location, and agenda of the meeting:

(a) By mailing a copy of the notice to each member of the Board,

(b) By posting a copy of the notice at the principal office of the Board, or if there is no principal office, at the building in which the meeting is to be held, on the District's website, if any, on the State of Nevada's official website and at least three (3) other separate, prominent places within the jurisdiction of the Board, to wit:

(i) Washoe County Administration Building
Reno, Nevada

(ii) Washoe County Courthouse
District Court Administrator/Clerk of Court
Reno, Nevada

(iii) Washoe County Downtown Library
Reno, Nevada

(iv) Reno City Clerk's Office
Reno, Nevada

(v) Sparks Justice Court
Sparks, Nevada

(c) By mailing a copy of the notice to each person, if any, who has requested notice of the meetings of the Board in the same manner in which notice is required to be mailed to a member of the Board.

5. A copy of the notice so given of the meeting of the Board held on December 17, 2019, is attached to this certificate as Exhibit A.

IN WITNESS WHEREOF, I have hereunto set my hand on December 17, 2019.

Notice of Meeting and Agenda

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT

9:00 a.m.
Tuesday, December 17, 2019
Washoe County Administrative Complex, Commission Chambers
1001 E. Ninth Street, Reno, Nevada

NOTE: Items on the agenda may be taken out of order; combined with other items; removed from the agenda; moved to the agenda of another meeting; moved to or from the Consent section; or may be voted on in a block. Items with a specific time designation will not be heard prior to the stated time, but may be heard later.

The Washoe County Commission Chambers is accessible to the disabled. If you require special arrangements for the meeting, call the Truckee Meadows Fire Protection District Office, 326-6000, 24-hours prior to the meeting.

Time Limits. Public comments are welcomed during the Public Comment periods for all matters, whether listed on the agenda or not, and are limited to three minutes per person. Additionally, public comment of three minutes per person will be heard during individual action items on the agenda. Persons are invited to submit comments in writing on the agenda items and/or attend and make comment on that item at the Board meeting. Persons may not allocate unused time to other speakers.

Forum Restrictions and Orderly Conduct of Business. The Board conducts the business of the District and its citizens during its meetings. The presiding officer may order the removal of any person whose statement or other conduct disrupts the orderly, efficient or safe conduct of the meeting. Warnings against disruptive comments or behavior may or may not be given prior to removal. The viewpoint of a speaker will not be restricted, but reasonable restrictions may be imposed upon the time, place and manner of speech. Irrelevant and unduly repetitious statements and personal attacks which antagonize or incite others are examples of speech that may be reasonably limited.

Responses to Public Comments. The Board can deliberate or take action only if a matter has been listed on an agenda properly posted prior to the meeting. During the public comment period, speakers may address matters listed or not listed on the published agenda. The Open Meeting Law does not expressly prohibit responses to public comments by the Board. However, responses from Board members to unlisted public comment topics could become deliberation on a matter without notice to the public. On the advice of legal counsel and to ensure the public has notice of all matters the Board will consider, the Board members may choose not to respond to public comments, except to correct factual inaccuracies, ask for staff action or to ask that a matter be listed on a future agenda. The Board may do this either during the public comment item or during the following item: "*Commissioners'/Chief s Announcements, Requests for Information, Topics for Future Agendas and Statements Relating to Items Not on the Agenda".

Pursuant to NRS 241.020, the Agenda for the Board of Fire Commissioners has been posted at the following locations: Washoe County Administration Building (1001 E. 9th Street, Bldg. A), Washoe County Courthouse-District Court Administrator/Clerk of Court (75 Court Street), Washoe County Downtown Library (301 South Center Street), Reno City Clerk's Office (1 E. 1st Street), Sparks Justice Court (1675 East Prater Way) and Truckee Meadows Fire Protection District's website at www.washoecounty.us/tmfpd.

Support documentation for the items on the agenda, provided to the Board of Fire Commissioners is available to members of the public at the District's Admin Office (1001 E. 9th Street, Bldg. D, 2nd Floor, Reno, Nevada) Sandy Francis, Administrative Assistant I, phone (775) 328-6124 and on the Truckee Meadows Fire Protection District's website at www.washoecounty.us/tmfpd; and https://notice.nv.gov

1. Salute to the Flag
2. Call to order/roll call
3. Public Comment - Comment heard under this item will be limited to three minutes per person and may pertain to matters both on and off the Board of Fire Commissioners agenda. The District will also hear public comment during individual action items, with comment limited to three minutes per person. Comments are to be made to the Board of Fire Commissioners as a whole.
4. Commissioners'/Fire Chief's announcements, requests for information, topics for future agendas, and statements relating to items not on the Agenda. (No discussion among Commissioners will take place on this item).
5. Consent Items:

   A. Recommendation to approve the meeting minutes from the November 17, 2019 Board of Fire Commissioners Meeting. (All Commission Districts) FOR POSSIBLE ACTION.

   Attachments: Item #5A 2019-11-17-Draft Meeting Minutes

   B. Recommendation to approve an Ambulance Transport Rate schedule for Truckee Meadows Fire Protection District when transporting patients on Emergency Medical Services type calls. (All Commission Districts) FOR POSSIBLE ACTION

   Attachments: Item #5B Ambulance Billing Rates Staff Report
   Item #5B Ambulance Billing Rate Sheet

C. Recommendation to approve a Technical Amendment and Correction to the collective bargaining agreement between the Truckee Meadows Fire Protection District and the Truckee Meadows Fire Protection District Firefighters Association, International Association of Fire Fighters (IAFF) Local 2487 Supervisory Unit including but not limited to a typographical error found on Appendix A - Salary Schedule which incorrectly indicates the Position of Division Chief is assigned a 2912-hour annual schedule. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #5C L2487 Supervisory CBA Technical Amendment Staff Report
Item #5C L2487 Supervisory CBA 2019-2022 Revised - Redline
Item #5C L2487 Supervisory CBA 2019-2022 Revised Final

6. Recommendation to accept a monetary donation in the amount of $5,000.00 from ADT Security Systems in operational support to Truckee Meadows Fire Protection District Fire Volunteer Program and to express appreciation for the thoughtful contribution and direct Finance Department to make appropriate budget adjustments. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #6 ADT $5000 Donation Staff Report

7. International Association of Firefighters, Local 2487 Report. FOR DISCUSSION ONLY
A. Announcement of new President, Josh Kutz

8. Fire Chief Report: FOR POSSIBLE ACTION

A. Informational briefing on operational matters and activities for the month of November and December 2019 to include the following items:

1. Target shooting update on discussions with our regional partners regarding fire safety.
2. Open burning update concerning private property pile burning.
3. Upcoming capital purchases to include station and apparatus additions.
4. Future fuels projects and wildfire planning and the development of a fuels management crew to include grant and funding resources.

B. Commissioner DashBoard: Status update on ongoing Commissioner request of the Fire Chief

C. Review of Response Statistics for September 2019 to include Mutual and Auto Aid between our regional partners.

Attachments: Item #8A Chiefs Monthly Report for December 2019
Item #8A.3 Capital Projects Summary

End of Fire Chief Report

9. Recommendation to approve and create a position, provisional job classification and salary range of 118,393.60 - $135,054.40 with police/fire Nevada Public Employees' Retirement System (NV PERS) and $125,424.00 - $143,083.20 with regular PERS. for a Division Chief of Fuels Management & Wildfire and authorize staff to submit to NV PERS for evaluation. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #9 Division Chief Fuels and Wildland Management Staff Report
Item #9 Division Chief Fuels and Wildland Management Provisional Job Specification

10. Recommendation to accept Truckee Meadows Fire Protection District's Audited Financial Statements for the Fiscal Year ended June 30, 2019 as presented; approve the re-appropriation of $300,509.22 for the fiscal year 2020 budget, consisting of $33,700 in the General Fund and $266,809.22 in the Capital Projects Fund for purchase order encumbrances committed in fiscal year 2019 and authorize the District to proceed with distribution of the Financial Statements for public record, as required by law. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #10 Audited Financial Statements Staff Report
Item #10 Audited Financial Statements
Item #10 Audit of Financial Statements - Encumbrance Roll
Item #10 Audited Financial Statements - Required Auditor Communications

11. Recommendation to approve a Single Tenant Lease Agreement between Truckee Meadows Fire Protection District and CKMR2, LP and Ricky W. and Debra L. Massie, Trustees of The Massie Family Trust for 34,000 square feet of office and warehouse facility located at 3663 Barron Way, Reno, NV 89511 for a term of sixty (60) months and a base rent of $26,860.00 per month plus $3,964.40 in Common Area Maintenance (CAM) per month commencing on March 1, 2020 for the purpose of establishing new Administration Offices, Logistics and Fleet Maintenance offices and operations, and if approved, authorize Staff to negotiate a termination or sublease of an existing lease at 1315 Greg Street, Suite 105, Sparks NV approved by the Board of Fire Commissioners on November 17, 2015. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #11 Barron Way Building Lease Staff Report
Item #11 Barron Way Building Information

12. Recommendation to authorize the Fire Chief, or his designee to contract with a vendor for the purpose of refurbishing three Type III fire engines in an amount not to exceed $600,000, through adopted purchasing provisions. Upon identification of an acceptable vendor and sales price, authorize the Fire Chief to execute a service agreement on behalf of the District for the refurbishment of the apparatus. If approved, authorize the chair to execute a resolution augmenting the Truckee Meadows Fire Protection District Capital Fund Capital Outlay Account from the Truckee Meadows Fire Protection District Capital Fund Beginning Fund Balance in the amount not to exceed $600,000. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #12 Type III Engine Refurbishment Staff Report
Item #12 Type III Engine Refurbishment Budget augmentation resolution

Public Hearing (Note: Due to public testimony and discussion, time expended on this item can vary)

13A. Public hearing on the intention of Truckee Meadows Fire Protection District to act upon a resolution authorizing the issuance of medium-term obligations in one series or more, in the aggregate principal amount not to exceed $4,415,000 for the purpose of financing the cost of purchasing fire-fighting equipment, including fire engines and other vehicles. (All Commission Districts) PUBLIC HEARING and POSSIBLE ACTION

Attachments: Item #13A Medium Term-Debt staff Report - PUBLIC HEARING

End of Public Hearing

13B. Recommendation to adopt a Resolution authorizing the issuance of Medium-term Obligations in the maximum principal amount of $4,415,000 under Nevada Revised Statutes ("NRS") 350.087 to 350.095, inclusive (the "Project Act"), and NRS 350.500 to 350.720, inclusive (the "Bond Act"), in order to finance all or a portion of the cost of purchasing fire-fighting equipment, including fire engines and other vehicles (the "Project"), bearing interest at a rate or rates which do not exceed by more than 3% the "Index of Twenty Bonds" most recently published in The Bond Buyer before bids are received for such medium-term obligations or a negotiated offer is accepted, and maturing within 10 years of the date of issuance thereof, in order to pay the costs of the Project. (All Commission Districts) FOR POSSIBLE ACTION

PROOF OF PUBLICATION

STATE OF WISCONSIN SS.
COUNTY OF BROWN

TRUCKEE MEADOWS FIRE PROTECT
PO BOX 11130

RENO NV 89520

Being first duly sworn, deposes and says: That as the legal clerk of the Reno Gazette-Journal, a daily newspaper of general circulation published in Reno, Washoe County, State of Nevada, that the notice referenced below has published in each regular and entire issue of said newspaper between the date: 12/07/2019 - 12/07/2019, for exact publication dates please see last line of Proof of Publication below.

NOTICE OF HEARING AND OF INTENTION TO AUTHORIZE MEDIUM-TERM OBLIGATIONS BY THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA

NOTICE is hereby given that the Board of Fire Commissioners of the Truckee Meadows Fire Protection District, Nevada (the "Board" and "District", respectively) will hold a public hearing at a meeting to be held on Tuesday, December 17, 2019 at 9:00 a.m. in the Washoe County Commission Chambers, Washoe County Administration Complex, Building A, 1001 East Ninth Street, Reno, Nevada, to act upon a resolution authorizing medium-term obligations of the District, to be issued in one series or more, in the maximum aggregate principal amount of $4,415,000 to enable the Board to finance the cost of purchasing fire-fighting equipment, including fire engines and other vehicles.

The medium-term obligations are not proposed to be repaid in whole or in part by the levy of a tax which is exempt from the limitations on taxes ad valorem, but are to be repaid from legally available funds of the District, including, without limitation, monies in the District's General Fund estimated to range from approximately $510,667 per year to $702,188 per year for a period not to exceed 10 years.

The form of the resolution authorizing such medium-term obligations, to be considered by the Board after such hearing and other information concerning such medium-term obligations and the purpose for which it is proposed to be used, may be examined in the office of the District's Chief Fiscal Officer, 1001 E. 9th Street, Building D, Reno, Nevada 89512. All persons are invited to attend and to be heard regarding the proposed action. Prior to the hearing, written comments may be filed with the District's Chief Fiscal Officer at the aforementioned address.

Publication Date: December 7, 2019.

[Attach Minutes of Public Hearing held on December 17, 2019]

BOARD OF FIRE COMMISSIONERS
TRUCKEE MEADOWS FIRE PROTECTION DISTRICT

TUESDAY 9:00 a.m. DECEMBER 17, 2019

PRESENT:

Bob Lucey, Vice Chair
Marsha Berkbigler, Commissioner
Kitty Jung, Commissioner
Jeanne Herman, Commissioner

Jan Galassini, Chief Deputy County Clerk
Charles Moore, Fire Chief
Nathan Edwards, Deputy District Attorney

ABSENT:

Vaughn Hartung, Chair

Pending Board Approval

The Board convened at 9:01 a.m. in regular session in the Commission Chambers of the Washoe County Administration Complex, 1001 East Ninth Street, Reno, Nevada. Following the Pledge of Allegiance to the flag of our Country, the Clerk called the roll and the Board conducted the following business:

19-179F **AGENDA ITEM 3** Public Comment.

There was no response to the call for public comment.

19-180F **AGENDA ITEM 4** Announcements/Reports.

Truckee Meadows Fire Protection District Chief Charles Moore reported the Gerlach Fire Department had an Insurance Services Office review and received an improved rating. He planned to examine the report, quantify the impact of the new rating on insurance rates, and distribute the results to the Board.

CONSENT ITEMS – 5A through 5C

19-181F **5A** Recommendation to approve the meeting minutes from the November 17, 2019 Board of Fire Commissioners Meeting. (All Commission Districts)

19-182F **5B** Recommendation to approve an Ambulance Transport Rate schedule for Truckee Meadows Fire Protection District when transporting patients on Emergency Medical Services type calls. (All Commission Districts)

19-183F **5C** Recommendation to approve a Technical Amendment and Correction to the collective bargaining agreement between the Truckee Meadows Fire Protection District and the Truckee Meadows Fire Protection District Firefighters Association, International Association of Fire Fighters (IAFF) Local 2487 Supervisory Unit including but not limited to a typographical error found on Appendix A - Salary Schedule which incorrectly indicates the Position of Division Chief is assigned a 2912-hour annual schedule. (All Commission Districts)

Truckee Meadows Fire Protection District Chief Charles Moore noted Consent Agenda Item 5A had the incorrect date for the previous meeting's minutes. The meeting minutes were for November 19, but the agenda listed November 17 as the date. Deputy District Attorney Nathan Edwards said the item needed to be pulled from the agenda. Vice Chair Lucey said the item would be pulled from the Consent Agenda.

There was no public comment on the Consent Agenda items listed above.

On motion by Vice Chair Lucey, seconded by Commissioner Jung, which motion duly carried on a 4-0 vote with Chair Hartung absent, it was ordered that Consent Agenda Items 5B and 5C be approved.

Chief Deputy County Clerk Jan Galassini noted there was one public commenter signed up to speak on Consent Agenda Item 5A. Commissioner Berkbigler stated the motion reflected that Item 5A was pulled from the Agenda. Vice Chair Lucey indicated the commenter would have the opportunity to speak during general public comment.

19-184F **AGENDA ITEM 6** Recommendation to accept a monetary donation in the amount of $5,000.00 from ADT Security Systems in operational support to Truckee Meadows Fire Protection District Fire Volunteer Program and to express appreciation for the thoughtful contribution and direct Finance Department to make appropriate budget adjustments. (All Commission Districts)

There was no public comment on this item.

On motion by Commissioner Berkbigler, seconded by Commissioner Herman, which motion duly carried on a 4-0 vote with Chair Hartung absent, it was ordered that Agenda Item 6 be accepted, expressed, and directed.

Pending Board Approval

19-185F **AGENDA ITEM 7** International Association of Firefighters, Local 2487 Report.
A. Announcement of new President, Josh Kutz

International Association of Fire Fighters (IAFF) Local 2487 President Ian Satterfield introduced Josh Kutz, who would become IAFF President on January 1, 2020. He thanked the Board for their work and collaboration during the previous four years when he was the IAFF President. He believed good things were accomplished during his term and he expressed appreciation for the Commissioners' time and effort.

IAFF President Elect Josh Kutz stated he looked forward to working with the Board to continue to make the Truckee Meadows Fire Protection District one of the best agencies in the state.

Vice Chair Lucey welcomed Mr. Kutz.

Commissioner Jung thanked Mr. Satterfield for his work on and off the clock. She expressed appreciation for the information he and IAFF trustee Jon Sieben provided which allowed her to become more knowledgeable about fire services. She welcomed Mr. Kutz to the position of IAFF President.

There was no public comment or action taken on this item.

19-186F **AGENDA ITEM 8** Fire Chief Report:
A. Informational briefing on operational matters and activities for the month of November and December 2019 to include the following items:

1. Target shooting update on discussions with our regional partners regarding fire safety.
2. Open burning update concerning private property pile burning.
3. Upcoming capital purchases to include station and apparatus additions.
4. Future fuels projects and wildfire planning and the development of a fuels management crew to include grant and funding resources.

B. Commissioner DashBoard: Status update on ongoing Commissioner request of the Fire Chief

C. Review of Response Statistics for September 2019 to include Mutual and Auto Aid between our regional partners.

Truckee Meadows Fire Protection District (TMFPD) Chief Charles Moore asked Fire Prevention Specialist Don Coon to provide an update on target shooting mitigation. Mr. Coon reported the first meeting with stakeholders happened in November and a meeting with shooting sports stakeholders was scheduled for early January 2020. He displayed a map, a copy of which was placed on file, identifying the locations of fires started by target shooters on public lands. He noted many fires where close to town while

Pending Board Approval

some were on the outskirts. He mentioned the goal was to develop unmanaged micro-range facilities in areas where shooting already took place. He stated the Bureau of Land Management (BLM) offered use of their land for facilities where people could practice target shooting. The facilities would be safe and fire resistant because the TMFPD would cut fire lines around them for public use. He noted the range in the northern part of the County was often full during the summer months so people tended to go out into public lands to shoot. He displayed a map of areas identified for development. He stated there were many fires in the Red Rock Winnemucca Road area. He said there was good ground in that area to develop micro-ranges far enough from residential areas so noise would not be an issue. He reiterated the process was in the early development phase.

Commissioner Jung expressed approval for the idea of developing micro-ranges because there was limited availability for residents at the existing range and because shooters would patrol themselves. She asked staff to research a method for declaring countywide no-shooting days when fire danger was high. She was aware of the multijurisdictional nature of the request but she believed the other government entities would want to minimize the incidence of fires. She thought having the ability to declare no-shooting days provided another level of protection. She said the County would then be able to make an example of anyone who went shooting on a high fire danger day. She asked Mr. Coon to speak to Consultant Mike Brown of R&R Partners to find out how other jurisdictions prevented shooting on high fire danger days. She noted construction companies needed to be told to suspend operations on those days as well. She said fires in frontier range areas put firefighters, homes, and lives in danger. She mentioned the air quality was also affected by fires in the region. She wanted to discuss options for preventing fires before summer arrived. She asked Mr. Coon to provide alternative options to the Board if he did not agree with the idea of declaring no-shooting days.

Mr. Coon noted the BLM had regulations based on fire protection red-flag warning days but he was not aware of whether or how the regulations were enforced. He said the Wildland Urban Interface Code included language which might be considered for enforcement because it addressed barring activity.

Commissioner Herman thanked Mr. Coon for the report and for starting the project promptly. She approved of the plan for maintaining the micro-ranges through the use of firebreaks. She offered her assistance on the project.

Vice Chair Lucey requested a meeting with Chief Moore, Mr. Coon, and the new County Manager to discuss the issue. He wanted to see how the County might potentially take part in building micro-ranges in conjunction with the TMFPD to be monitored ranges that would be open to the public. The micro-ranges would not necessarily be managed by a range master but the land would be available to shooters. He noted there was plenty of County land and thought there might be land use opportunities through the federal government.

Chief Moore reported that the TMFPD developed an application to allow the public to apply online for a burn permit, which would help streamline the process. He

Pending Board Approval

noted many people took advantage of the green waste program but it was impractical for many citizens to transport green waste; the TMFPD would issue permits for individual on-site burning beginning January 1, 2020. He said the burning would be limited to seven days which would allow the TMFPD to manage the smoke. Burning would also be limited to a green burn code day and acceptable weather. He commended staff who developed the application.

Washoe County Senior Business Systems Analyst Jay Johnson stated the online form would look similar to the application used by the TMFPD in prior years. He displayed the website with the online form. He said the public completed the form without verification in prior years. The new application form checked the geographic information system when an address was entered and would only accept legitimate addresses. The form automatically filled in the parcel number associated with the address. The person submitting the form would be required to read and agree to the conditions listed on the application prior to signing it electronically. He explained the submission would go through a series of checks including whether the property was located in the TMFPD or in hydro basin 87 which had special conditions; the application also checked for the parcel acreage. If all conditions were met, the permit would be approved and the applicant could print the permit. An application which was not approved would display a message with the reasons for denial. He noted the previous online form sent an email to TMFPD staff who needed to process the application manually. The new form automatically wrote the data from the form into a database whether the application was approved or not. He displayed a website available to TMFPD staff which was a map showing every burn permit application in the County with one icon for approved applications and another for denied applications.

Commissioner Jung expressed enthusiasm for the new application. She approved of the interface which provided immediate results, built-in accountability, and access to permit application data. She thought the application was an excellent tool for fire management. She said compliance would increase as the process became more user-friendly. She thanked staff for developing the application.

Vice Chair Lucey thought the application would increase the ease of access in completing the permit process. He asked whether the application was tested to ensure the permit would be accessible on mobile devices as easily as on a computer. Mr. Johnson said yes.

Chief Moore said the TMFPD was considering debt financing for many capital purchases. The capital projects spreadsheet provided to the Board was a reflection of what staff was considering. He mentioned the City of Reno had approved the boundary line adjustments for Station 37. He reviewed the capital projects schedule spreadsheet.

Commissioner Jung asked whether Chief Moore could put a fiscal note on items approved by the Board, including projects and changes in direction. She thought it would help provide clearer reporting. She knew the TMFPD was not cash rich so she wanted to know the costs and personnel impacts of decisions made by the Board. She thought decisions made by the Board often took precedence over the long-term strategy.

Pending Board Approval

She wanted to solidify the fact that the TMFPD could stand alone even in light of annexation and the loss of resources.

Chief Moore said the strategic plan which was in development would be helpful to the Board. He wanted to give the Board a view of what the TMFPD would resemble in the following five years. Staff was considering station locations, fuels, and the use of volunteers, among other concerns. He expected to have the plan completed in January or February. He requested the Board spend a couple of meetings reviewing the strategic plan once it was complete to verify some of the issues mentioned by Commissioner Jung.

Vice Chair Lucey asked whether Apple Inc. would contribute the I-80 corridor station. Chief Moore said it would. Vice Chair Lucey asked whether the station would be constructed in 2023. Chief Moore replied the station would be constructed when the money was available. He mentioned a local economist was hired to conduct a revenue study with the help of the University of Nevada, Reno. The study would equate the expected growth during the next five years to dollars. It would be part of the strategic plan to show the available funds for the improvements the Board wanted to make. TMFPD staff would then ask the Board to prioritize projects based on the available funds. He was not sure when the TMFPD would have the capacity to fund the Apple station.

Chief Moore mentioned the Board would consider a new Division Chief of Fuels Management & Wildfire position in Agenda Item 9. He said staff was seeking grant money from NV Energy, fire management assistance grants (FMAGs), and the Southern Nevada Public Lands Management Act (SNPLMA) to help develop fuels projects within County parks and public lands. He believed the TMFPD would qualify for a significant amount of funds for fuels projects and it would be part of the new Division Chief's job to pursue those funds. Regarding FMAG funds, he noted priority was given to areas that had qualifying fires and the TMFPD had two the previous season. He understood there were approximately $1.8 million in funds which would be disbursed over the following three years, allowing the TMFPD to undertake fuels projects. He expected to develop two fuels crews for the following season, one in the north and one in the south. He displayed the map of the Jasper Fire and explained that the fire threatened Spanish Springs and many structures in Sun Valley. He noted FMAG money could be used to strengthen fire lines. Over time the fuels crews would continue to make the fuels management program more robust. He expected the fuels division to be a significant initiative for the following year's budget.

Commissioner Berkbigler pointed out the TMFPD had received a significant amount of money for public land protection in northern Nevada from SNPLMA. She hoped the TMFPD would continue to receive funds when the Truckee Meadows Public Lands Management Act (TMPLMA) was established in approximately five years.

Vice Chair Lucey said one of the intended goals of TMPLMA was to set aside money for conservation, including fuels management projects, throughout the region.

Pending Board Approval

Commissioner Berkbigler mentioned 85 percent of the proceeds of public land sales went to a fund managed at the federal level for environmental protection issues in Nevada. She noted some of those funds were used to protect Lake Tahoe from fires and environmental encroachment. She thought those types of projects were important and she expressed gratitude for the earmarked funds.

Vice Chair Lucey pointed out that 70 percent of the call volume for October was managed by the northern battalion, which was comprised of five stations, while the southern battalion had six stations and received only 30 percent of the call volume. He emphasized there was a considerable disparity every month in the call volumes of the two battalions. He noted the southern battalion stations were in his district and he wanted to protect citizens in his district, but the disproportion of calls was clear. He stated the other districts in the north needed attention.

Commissioner Jung mentioned the citizens of the southern battalion had successfully prevented growth in their area, which meant they could not receive all of the resources. She stated services needed to be prioritized to serve areas with a dense population. She asserted that Sun Valley residents needed TMFPD services. She said she would work with Mr. Low to explain the issue and make things equitable. She stated the Commissioners were aware of the disparity and she emphasized prioritization of resources was a consequence of density.

There was no public comment or action taken on this item.

19-187F **AGENDA ITEM 9** Recommendation to approve and create a position, provisional job classification and salary range of 118,393.60 - $135,054.40 with police/fire Nevada Public Employees' Retirement System (NV PERS) and $125,424.00 - $143,083.20 with regular PERS. for a Division Chief of Fuels Management & Wildfire and authorize staff to submit to NV PERS for evaluation. (All Commission Districts)

There was no response to the call for public comment.

On motion by Commissioner Jung, seconded by Commissioner Berkbigler, which motion duly carried on a 4-0 vote with Chair Hartung absent, it was ordered that Agenda Item 9 be approved, created, and authorized.

Pending Board Approval

19-188F **AGENDA ITEM 10** Recommendation to accept Truckee Meadows Fire Protection District's Audited Financial Statements for the Fiscal Year ended June 30, 2019 as presented; approve the re-appropriation of $300,509.22 for the fiscal year 2020 budget, consisting of $33,700 in the General Fund and $266,809.22 in the Capital Projects Fund for purchase order encumbrances committed in fiscal year 2019 and authorize the District to proceed with distribution of the Financial Statements for public record, as required by law. (All Commission Districts)

Chief Deputy County Clerk Jan Galassini noted she received an updated staff report for the Board, a copy of which was placed on the record.

Chief Fiscal Officer Cindy Vance reported the audit was clean. The Truckee Meadows Fire Protection District was fiscally conservative during negotiations and the general fund ended the year with revenues higher than expenditures. She said funds were not transferred into the capital improvements fund or the general fund. She stated staff provided an updated report because several sentences were inadvertently deleted from the original staff report.

There was no response to the call for public comment.

On motion by Commissioner Berkbigler, seconded by Commissioner Jung, which motion duly carried on a 4-0 vote with Chair Hartung absent, it was ordered that Agenda Item 10 be accepted, approved, and authorized.

19-189F **AGENDA ITEM 11** Recommendation to approve a Single Tenant Lease Agreement between Truckee Meadows Fire Protection District and CKMR2, LP and Ricky W. and Debra L. Massie, Trustees of The Massie Family Trust for 34,000 square feet of office and warehouse facility located at 3663 Barron Way, Reno, NV 89511 for a term of sixty (60) months and a base rent of $26,860.00 per month plus $3,964.40 in Common Area Maintenance (CAM) per month commencing on March 1, 2020 for the purpose of establishing new Administration Offices, Logistics and Fleet Maintenance offices and operations, and if approved, authorize Staff to negotiate a termination or sublease of an existing lease at 1315 Greg Street, Suite 105, Sparks NV approved by the Board of Fire Commissioners on November 17, 2015. (All Commission Districts)

Truckee Meadows Fire Protection District (TMFPD) Chief Charles Moore said the amount spent on administration in the Washoe County Administrative Complex (WCAC), the Greg Street lease, and the Regional Public Safety Center were only approximately $47,000 different than what would be spent for the building on Barron Way. The new building would provide four times the amount of space. He mentioned the TMFPD was out of space at the WCAC which made it difficult to conduct business. He noted the lease was negotiated down to 79 cents per square foot blended with the option to purchase the building within the first three years for $185 per square foot. He said

Pending Board Approval

purchasing the building would only cost approximately $100,000 more than what would be spent on rent. He suggested the TMFPD rent the building for a couple of years and then consider purchasing the building. He stated the building offered many opportunities including a possible emergency operations center. He asked Chief Deputy County Clerk Jan Galassini to distribute the lease to the Board.

Vice Chair Lucey congratulated Chief Moore, Deputy Chief Alex Kukulus, and staff for their work on the lease. He thought consolidating TMFPD operations for the cost savings and cohesiveness of the District made sense. He pointed out negotiating a purchase price of $185 per square foot was remarkable considering the cost of replacing a building of that nature. He thought the lease was a credit to Chief Moore's fiscal savviness.

Commissioner Berkbigler asked whether the move would result in a need for new administrative or management staff. Chief Moore replied it would not.

Commissioner Jung asked when the move would take place. Chief Moore said the move would take approximately two months because phones and technology needed to be installed. He thought operations would begin in February 2020. Commissioner Jung stated she was supportive of the move. She noted the TMFPD needed its own campus, particularly because they were providing critical care services after mental health incidents. She believed the TMFPD needed to purchase the building while the terms were favorable. She thought Chief Moore needed to consider establishing a secondary regional operations center as a precaution for large-scale critical incidents. Duplication and redundancy were necessary because of the reliance on technology. She suggested the region might eventually pay into the secondary operations center.

Vice Chair Lucey noted the lease stated it was honored before March 1, 2020. Chief Moore confirmed that was correct. Vice Chair Lucey asked whether the TMFPD could take possession of the building prior to January 1. Chief Moore said yes, the rent would commence when the TMFPD took possession of the building. He said the TMFPD could move in after the landlord completed some tenant improvements, which were expected to take two weeks.

Vice Chair Lucey asked whether there would be any costs for the tenant improvements to the building. Chief Moore said the necessary improvements were negotiated into the contract so additional costs were not expected.

Vice Chair Lucey noted the new regional headquarters for the TMFPD was another station which would be located in the southern part of the County. The station would have the ability to respond to calls because it would have equipment and staff. He thought it was another reason to consider moving some resources to the north where they were needed.

Deputy District Attorney Nathan Edwards mentioned the lease agreement was available at the back of the room for the public to review.

Pending Board Approval

There was no response to the call for public comment.

On motion by Commissioner Jung, seconded by Commissioner Berkbigler, which motion duly carried on a 4-0 vote with Chair Hartung absent, it was ordered that Agenda Item 11 be approved and authorized.

19-190F **AGENDA ITEM 12** Recommendation to authorize the Fire Chief, or his designee to contract with a vendor for the purpose of refurbishing three Type III fire engines in an amount not to exceed $600,000, through adopted purchasing provisions. Upon identification of an acceptable vendor and sales price, authorize the Fire Chief to execute a service agreement on behalf of the District for the refurbishment of the apparatus. If approved, authorize the chair to execute a resolution augmenting the Truckee Meadows Fire Protection District Capital Fund Capital Outlay Account from the Truckee Meadows Fire Protection District Capital Fund Beginning Fund Balance in the amount not to exceed $600,000. (All Commission Districts).

Commissioner Berkbigler opined Agenda Item 12 was a good idea. She noted governments often purchased equipment but did not refurbish or maintain it. She commended Truckee Meadows Fire Protection District Chief Charles Moore for his focus on maintaining equipment to benefit residents and protect firefighters.

On motion by Commissioner Berkbigler, seconded by Commissioner Herman, which motion duly carried on a 4-0 vote with Chair Hartung absent, it was ordered that Agenda Item 12 be authorized.

19-191F **AGENDA ITEM 13A** Public hearing on the intention of Truckee Meadows Fire Protection District to act upon a resolution authorizing the issuance of medium-term obligations in one series or more, in the aggregate principal amount not to exceed $4,415,000 for the purpose of financing the cost of purchasing fire-fighting equipment, including fire engines and other vehicles. (All Commission Districts)

Deputy District Attorney Nathan Edwards stated Agenda Items 13A and 13B were related and both provided information on one item. Agenda Item 13A was the public hearing portion of the item.

Vice Chair Lucey opened the public hearing by calling on anyone wishing to speak. There being no response, the hearing was closed.

Pending Board Approval

19-192F **AGENDA ITEM 13B** Recommendation to adopt a Resolution authorizing the issuance of Medium-term Obligations in the maximum principal amount of $4,415,000 under Nevada Revised Statutes ("NRS") 350.087 to 350.095, inclusive (the "Project Act"), and NRS 350.500 to 350.720, inclusive (the "Bond Act"), in order to finance all or a portion of the cost of purchasing fire-fighting equipment, including fire engines and other vehicles (the "Project"), bearing interest at a rate or rates which do not exceed by more than 3% the "Index of Twenty Bonds" most recently published in The Bond Buyer before bids are received for such medium-term obligations or a negotiated offer is accepted, and maturing within 10 years of the date of issuance thereof, in order to pay the costs of the Project. (All Commission Districts)

Truckee Meadows Fire Protection District Chief Charles Moore mentioned the Board needed a super majority approval vote to pass the Resolution.

John Peterson, Vice President of JNA Consulting Group LLC, said the Resolution was the first step in the process for issuing a medium-term bond for the purchase of firefighting equipment. Approval from the Department of Taxation (DOT) would be sought if the Board approved the Resolution as required by Nevada Revised Statutes (NRS). After DOT approval was obtained, the item would then be presented to the Board for final bond Resolution approval. A request for financing proposals would be sent out so interest rates and actual debt service costs could be available and presented to the Board during the February meeting. He noted the debt service payment term would be evaluated to determine whether a 7-year or 10-year payment schedule was most appropriate for the equipment being purchased. The equipment had a useful life of approximately 15 years and the repayment schedule would be between $510,000 and $700,000 per year. The maximum repayment schedule allowed was 10 years because of the type of debt being issued.

Vice Chair Lucey summarized the Resolution was the first step for issuing the bond and a that the final Resolution would be presented to the Board during a future meeting. He thanked Mr. Peterson for the presentation and said the Board looked forward to a future presentation of the final Resolution, which would clarify and complete the process.

Sherman & Howard L.L.C. Attorney Ryan Henry reiterated NRS 350.087 required a two thirds vote of the entire Board to move forward with the Resolution.

On motion by Commissioner Berkbigler, seconded by Commissioner Herman, which motion duly carried on a 4-0 vote with Chair Hartung absent, it was ordered that the Resolution be adopted for the issuance of medium-term obligations in the maximum principal amount of $4,415,000.

Pending Board Approval

19-193F **AGENDA ITEM 14** Announcements/Reports.

Truckee Meadows Fire Protection District Chief Charles Moore mentioned the consolidation of Stations 30 and 32 would be brought before the Board during the January meeting. He said staff would present the additional information requested by Commissioners, further analysis, and a final recommendation on the issue. He suggested the Board consider starting the meeting 30 minutes earlier in anticipation of significant public comment on the issue.

19-194F **AGENDA ITEM 15** Public Comment.

Mr. Cliff Low stated the minutes from the previous meeting had not captured his comments accurately. He hoped a correction would be made to them before they were brought back to the Board for approval. He indicated he would work with the County Clerk on the correction. He opined the new administrative location for the Truckee Meadows Fire Protection District should be located in the North Valleys because it would provide an additional presence where it was needed. He wondered whether the Board should have directed Truckee Meadows Fire Protection District Chief Charles Moore to focus the search for a location in the North Valleys. He noted a commitment was made that REMSA would put an ambulance at the new consolidated station. He suggested the ambulance might be placed in the North Valleys, which would allow Washoe Valley to keep the two existing stations.

Ms. Tammy Holt-Still agreed with many of Mr. Low's comments. She spoke about homeless individuals who were squatting on Peavine Mountain without sanitation facilities. She expressed concern about the added contamination to Swan Lake caused by runoff from Peavine. She believed public safety would be hindered by the additional development in the North Valleys. She said Swan Lake needed to be fixed and better services were necessary for the North Valleys. She thought staff and the Board should have said no to new development.

Truckee Meadows Fire
Protection District

ATTEST:

NANCY PARENT, Washoe County Clerk
and Ex-Officio Clerk, Truckee Meadows
Fire Protection District

Minutes Prepared By:
Carolina Stickley, Deputy County Clerk

Pending Board Approval

2

Summary - A resolution authorizing the issuance by the Truckee Meadows Fire Protection District, Nevada, of its General Obligation (Limited Tax) Medium-Term Bond, Series 2020 in the principal amount not to exceed $4,415,000 and providing other matters relating thereto.

RESOLUTION NO. TM04-2020

A RESOLUTION DESIGNATED BY THE SHORT TITLE "2020 MEDIUM-TERM BOND RESOLUTION"; PROVIDING FOR THE ISSUANCE BY TRUCKEE MEADOWS FIRE PROTECTION DISTRICT OF ITS GENERAL OBLIGATION (LIMITED TAX) MEDIUM-TERM BOND, SERIES 2020, IN THE MAXIMUM PRINCIPAL AMOUNT OF $4,415,000, FOR THE PURPOSE OF FINANCING THE COST OF PURCHASING FIRE-FIGHTING EQUIPMENT, INCLUDING FIRE ENGINES AND OTHER VEHICLES; PROVIDING COVENANTS, AGREEMENTS AND OTHER DETAILS CONCERNING THE BOND, THE PROJECT AND GENERAL TAX PROCEEDS; RATIFYING ACTION PREVIOUSLY TAKEN AND PERTAINING TO THE FOREGOING BY THE DISTRICT AND ITS OFFICERS AND EMPLOYEES; AND PROVIDING OTHER MATTERS RELATING THERETO.

WHEREAS, the Truckee Meadows Fire Protection District, Nevada (the "District" and the "State," respectively) is a political subdivision of the State duly organized and operating as a fire district under the provisions of Nevada Revised Statutes ("NRS") 474.460 through 474.540 (the "Fire Protection Act" or the "Project Act"); and

WHEREAS, pursuant to the Project Act, the District is authorized to issue bonds to finance all or a portion of the cost of purchasing fire-fighting equipment, including fire engines and other vehicles, and improving District-owned property (the "Project"); and

WHEREAS, pursuant to Nevada Revised Statutes ("NRS") 350.087 through 350.095, inclusive (the "Act"), the District is authorized to issue medium-term obligations to finance the Project and to issue, as evidence thereof, a negotiable medium-term bond which shall not be paid in whole or in part from a levy of a special tax exempt from the limitations on the levy of ad valorem tax, but which shall be paid from other legally available funds of the District (subject to certain Constitutional and statutory tax limitations), which must mature not later than 10 years after the date of issuance and must bear interest at a rate or rates which do not exceed by

more than 3 percent the "Index of Twenty Bonds" which was most recently published before bids for their purchase are received; and

WHEREAS, pursuant to NRS 350.087, the Board determined to publish a notice (the "Notice") of its intention to authorize and to issue medium-term obligations, in one or more series, in an aggregate principal amount not to exceed $4,415,000 in a newspaper of general circulation in the District and proof of such publication is on file in the office of the District's Secretary (the "District Secretary"); and

WHEREAS, the Board adopted by at least a two-thirds majority a resolution authorizing medium-term obligations in one series or more and in the maximum aggregate principal amount of $4,415,000 to finance the Project (the "Authorizing Resolution") which contained a finding by the Board that the public interest requires medium-term obligations and a statement of the facts upon which the finding was based, which vote was taken at least 10 days after the publication of the Notice; and

WHEREAS, pursuant to NRS 350.089 and relevant provisions of the Nevada Administrative Code, the Board caused a certified copy of the Authorizing Resolution and supporting documents to be submitted to the Executive Director of the Department of Taxation of the State of Nevada (the "Department of Taxation") for his approval; and

WHEREAS, the District received the approval of the Executive Director of the Department of Taxation for such medium-term obligations, a copy of such approval being attached to the following page is set forth below:

Re: Medium-Term General Obligation Bond

Dear Mr. Peterson:

The Department of Taxation has received the request from Truckee Meadows Fire Protection District for medium-term General Obligation Bond in the amount not to exceed $4,415,000. Proceeds from the bonds will be used to finance fire-fighting equipment, including fire engines and other vehicles, and improving District owned property. The interest rate will be approximately 2.75 %, not to exceed by more than 3% the "Index of Twenty Bonds" most recently published in The Bond Buyer before bids are received for such medium-term obligations or a negotiated offer is accepted, and not to exceed ten (10) years.

The request has been reviewed as required by NRS 350.089 and is approved.

Pursuant to NRS 350.089, the approval must be recorded in the minutes of the governing body, and the financing must be secured within eighteen months of the receipt of this approval.

If you have any questions regarding this matter, please do not hesitate to call Kellie Grahmann in the Local Government Finance Division at 775-684-2065.

Sincerely,

Melanie Young
Executive Director, Department of Taxation

cc: Cindy Vance

WHEREAS, the approval of the Department of Taxation as set forth in the preambles hereof is hereby recorded in the minutes of the Board as required by NRS 350.089; and

WHEREAS, the District has not previously utilized any of the authority so approved by the Department of Taxation; and

WHEREAS, the Board hereby determines that the Bond herein authorized to be issued shall be designated the "Truckee Meadows Fire Protection District, General Obligation (Limited Tax) Medium-Term Bond, Series 2020" in the maximum principal amount of $4,415,000 (the "Bond"); and

WHEREAS, the Board has determined and hereby declares and determines that legally available funds of the District will at least equal the amount required in each year for the payment of interest on and the principal of the Bond; and

WHEREAS, pursuant to NRS 350.091, the Board has determined and hereby determines that the maximum term of the Bond does not exceed the estimated useful life of the Project financed with the proceeds of the Bond; and

WHEREAS, the Board elects to and hereby determines to issue the Bond in accordance with the provisions of NRS 350.500 through 350.720, and all laws amendatory thereof, designated in NRS 350.500 thereof by the short title "Local Government Securities Law" (the "Bond Act"); and

WHEREAS, the Board is <u>not</u> authorized to levy general ad valorem taxes (the "General Taxes") to pay the principal of or interest on the Bond exempt from the limitations of any statutes of the State; any General Taxes levied for the purpose of paying principal or interest on the Bond will be subject to the limitations contained in the Constitution and the statutes of the State, including, without limitation, the limitations on ad valorem taxes contained in NRS Sections 354.59811, 354.59813, 354.59815, 354.5982 and 361.453; and

WHEREAS, the Board is therefore authorized and empowered by the Project Act, the Act, the approval of the Executive Director of the Department of Taxation, and the Bond Act, without any further preliminaries:

A. To issue and sell the Bond; and

B. To exercise the incidental powers provided in the Bond Act in connection with the powers authorized therein or as otherwise expressly provided therein; and

WHEREAS, the Board in the Authorizing Resolution authorized the District's Fire Chief, as the District's chief financial officer (the "Fire Chief"), or designee to arrange for the issuance and sale of the Bond, subject to, among other conditions, adoption by the Board of this Resolution specifying the Bond terms and details and approving their sale; and

WHEREAS, after a request for proposals for purchase, the Fire Chief is hereby authorized to receive bids and sell the Bond to the best bidder therefor (the "Purchaser") and the Fire Chief is hereby authorized to accept a binding bid for the Bond, the Bond to bear interest at the rate or rates per annum provided in the bond purchase proposal submitted by the Purchaser (the "Bond Purchase Proposal"), such rate or rates not to exceed 3 percent over the Index of Twenty Bonds most recently published in The Bond Buyer prior to the time bids were received for the Bond, at a price equal to the principal amount thereof plus accrued interest to the date of delivery of the Bond, if any, plus a premium or less a discount not to exceed 9 percent of the principal amount of the Bond, all as specified by the Fire Chief in a certificate dated on or before the date of delivery of the Bond (the "Certificate of the Fire Chief"); and

WHEREAS, the Board hereby elects to have the provisions of Chapter 348 of NRS (the "Supplemental Bond Act") apply to the Bond; and

WHEREAS, the Board has determined and hereby declares that each of the limitations and other conditions to the issuance of the Bond in the Project Act, the Bond Act, the Supplemental Bond Act, and in any other relevant act of the State or the Federal Government, has been met; and pursuant to NRS 350.708, this determination of the Board that the limitations in the Bond Act have been met shall be conclusive in the absence of fraud or arbitrary or gross abuse of discretion.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF FIRE COMMISSIONERS OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA:

SECTION 1. Short Title. This Resolution shall be known and may be cited as the "2020 Medium-Term Bond Resolution" (this "Resolution").

SECTION 2. Acceptance of Purchase Proposal. The Fire Chief is hereby authorized to accept the Purchase Proposal submitted by the Purchaser for the purchase of the Bond as set forth in the preambles hereof.

SECTION 3. Ratification. All action heretofore taken by the Board and the officers and employees of the District directed toward the Project and toward the issuance, sale and delivery of the Bond is ratified, approved and confirmed.

SECTION 4. Necessity of Project and Bond. It is necessary and in the best interests of the Board, its officers, and the inhabitants of the District, that the District effect the Project and defray wholly or in part the cost thereof by the issuance of the Bond therefor; and it is hereby so determined and declared.

SECTION 5. Authorization of Project. The Board hereby authorizes the Project.

SECTION 6. Authorization of Bond. For the purpose of providing funds to pay all or a portion of the cost of the Project, the District shall issue the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Medium-Term Bond, Series 2020" in the principal amount set forth in the Certificate of the Fire Chief (not to exceed $4,415,000). The Bond shall be in the form substantially as set forth in Section 22 of this Resolution.

SECTION 7. Resolution to Constitute Contract. In consideration of the purchase and the acceptance of the Bond by those who shall own the same from time to time, the provisions hereof shall be deemed to be and shall constitute a contract between the District and the registered owners from time to time of the Bond.

SECTION 8. Bond Equally Secured. The covenants and agreements herein set forth to be performed shall be for the equal benefit, protection and security of the owners of any and all of the outstanding Bond, all of which, regardless of the time or times of its maturity, shall be of equal rank without preference, priority or distinction except as otherwise expressly provided in or pursuant to this Resolution.

SECTION 9. General Obligation. All of the Bond, as to the principal thereof and the interest thereon (the "Bond Requirements"), shall constitute general obligations of the District, which hereby pledges its full faith and credit for their payment.

SECTION 10. Payment of the Bond. The Bond Requirements shall be payable from any monies legally available therefor, and provision for the payment of the Bond Requirements of the Bond shall be made as provided in the Act, provided, however, that ad valorem taxes levied for the purpose of paying the principal of or interest on the Bond shall be subject to the limitations contained in the Constitution and statutes of the State, including, without limitation, the limitations on the levy of ad valorem taxes imposed by NRS 354.59811, 354.59813, 354.59815, 354.5982 and 361.453. The District is not authorized to levy ad valorem taxes exempt from the limitations of any of said statutes to pay the Bond Requirements of the Bond. The District hereby irrevocably covenants with the registered owners of the Bond from time to time that it will make sufficient provisions annually in its budget to pay the Bond Requirements of the Bond, when due.

SECTION 11. Limitations upon Security. The payment of the Bond is not secured by an encumbrance, mortgage or other pledge of property of the District, except for the proceeds of General Taxes and any other moneys pledged for the payment of the Bond. No property of the District, subject to such exception, shall be liable to be forfeited or taken in payment of the Bond.

SECTION 12. No Recourse Against Officers and Agents. No recourse shall be had for the payment of the Bond Requirements or for any claim based thereon or otherwise upon this Resolution authorizing their issuance or any other instrument relating thereto, against any individual member of the Board or any officer or other agent of the Board or District, past, present or future, either directly or indirectly through the Board or the District, or otherwise, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any penalty or otherwise, all such liability, if any, being by the acceptance of the Bond and as a part of the consideration of its issuance specially waived and released.

SECTION 13. Bond Details. The Bond shall be issued in fully registered form as a single Bond and shall be dated as of the date of its delivery. The principal of the Bond shall be payable in installments on the dates and in the amounts as set forth in the Certificate of the Fire Chief. Except as otherwise provided herein, each principal installment shall bear interest, calculated on the basis of a 360-day year consisting of twelve 30-day months, from the date of the Bond at the rate(s) per annum set forth in the Certificate of the Fire Chief, payable

semiannually on March 1 and September 1 of each year, commencing on September 1, 2020. Installments of principal and interest prior to the final payment shall be made by check mailed or electronic transfer by the Treasurer of the District (the "District Treasurer"), as paying agent for the Bond (the "Paying Agent") on each payment date (or, if such payment date is not a business day, on the next succeeding business day) to the owner thereof, at such owner's address as shown on the registration records kept by the District Treasurer, as registrar for the Bond (the "Registrar") as of the close of business on the day next preceding each payment date. The final payment on the Bond upon final maturity or prepayment in whole shall be made only upon presentation and surrender of the Bond at the office of the Paying Agent or such other office as designated by the Paying Agent. Presentation and surrender of the Bond is not required for payment of installments of principal other than upon final payment upon final maturity or prepayment in whole. If any installment of principal of the Bond shall not be paid when due, such installment shall continue to draw interest at the interest rate set forth in the Certificate of the Fire Chief until such installment of principal is paid in full. The Paying Agent may make payment on any installment of principal and interest of the Bond by such alternative means as may be mutually agreed to between the owner of the Bond and the Paying Agent. All such payments shall be made in lawful money of the United States of America without deduction for any service charges of the Paying Agent or Registrar.

SECTION 14. Prepayment. The installments of principal of the Bond, or portions thereof, shall be subject to prepayment, if any, as directed by the Fire Chief in the manner and on the dates as set forth in the Certificate of the Fire Chief, and at a price equal to the principal amount so prepaid, interest accrued thereon to such prepayment date, and a premium, if any, as set forth in the Certificate of the Fire Chief.

SECTION 15. Notice of Prepayment. Notice of prepayment, unless waived by the registered owner, shall be given to the registered owner of the Bond, electronically or otherwise, at least 10 days in advance of the prepayment date designating the maturity date of the installment(s) of principal to be prepaid, the amount of principal to be prepaid, the prepayment date, and stating that the principal to be prepaid shall be paid to the registered owner thereof as shown on the registration records kept by the Registrar on presentation of the Bond at the office

of the Paying Agent (or any successor registrar or paying agent appointed), and that after such prepayment date, interest on the amount so prepaid shall cease to accrue.

SECTION 16. Registration, Transfer and Exchange of Bond. The Bond shall be fully registered as to the payment of principal and interest. The Registrar and Paying Agent shall maintain records for that purpose at its principal corporate trust office. Such records shall show the name and address of the registered owner of the Bond, the principal amount thereof, and the interest rate and the payment date for interest on the Bond, and the due dates of the principal of the Bond. Transfer of the Bond may be made on the registration records maintained by the Registrar and similarly noted on the registration panel of the Bond. The Registrar shall so transfer the Bond on presentation of the Bond at its principal corporate office together with evidence of transfer satisfactory to the Registrar and subject to such reasonable regulations as the Registrar may prescribe. The Registrar shall not be required to transfer the Bond within ten (10) days of any date on which all or any portion of the principal of the Bond is being prepaid. In case of prepayment of the principal of the Bond, notation of such prepayment shall be made on the Bond in the prepayment panel provided thereon, signed by the Registrar.

SECTION 17. Execution and Authentication. If necessary, the President of the Board (the "President"), the District Treasurer and the District Secretary shall file their manual signatures with the Secretary of State, pursuant to the Uniform Facsimile Signatures of Public Officials Act, cited as Chapter 351, NRS. The Bond shall be signed and executed in the corporate name of the District with the manual or facsimile signature of the President, countersigned with the manual or facsimile signature of the District Treasurer, shall be attested with a manual or facsimile signature of the District Secretary, shall be authenticated by the manual signature of an authorized officer of the Registrar, and a manual or facsimile of the seal of the District shall be affixed thereto. The Bond bearing the signatures of the officers in office at the time of the signing thereof, shall be the valid and binding obligation of the District, notwithstanding that before the delivery thereof and payment therefor, any or all of the persons whose signatures appear thereon shall have ceased to fill their respective offices. Any officer herein authorized or permitted to sign the Bond at the time of its execution and of the execution of a signature certificate, may adopt as and for his or her own facsimile signature, the facsimile

signature of such officer's predecessor in office in the event that such facsimile signature appears upon the Bond.

SECTION 18. Incontestable Recital. Pursuant to NRS 350.628, the Bond shall contain a recital that it is issued pursuant to the Bond Act, which recital shall be conclusive evidence of the validity of the Bond and the regularity of its issuance.

SECTION 19. State Tax Exemption. Pursuant to NRS 350.710, the Bond, its transfer and the income therefrom shall forever be and remain free and exempt from taxation by the State or any subdivision thereof, except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to Chapter 375B of NRS.

SECTION 20. Initial Registration. Before the Bond is delivered, it shall be registered by the Registrar in the records kept by the Registrar for that purpose. The register shall show the principal amount of the Bond, the time of payment on the Bond, and the rate of interest the Bond bears.

SECTION 21. Bond Delivery. After such registration by the Registrar and after its execution and authentication as provided herein, the District Treasurer shall cause the Bond to be delivered to the Purchaser, upon payment being made in accordance with the terms of its sale.

SECTION 22. Bond Form. Subject to the provisions of this Resolution, the Bond shall be in substantially the following form, with such omissions, insertions, endorsements, and variations as may be required by the circumstances, be required or permitted by this Resolution, or be consistent with this Resolution and necessary or appropriate to conform to the rules and requirements of any governmental authority or any usage or requirement of law with respect thereto:

TRANSFER OF THIS BOND OTHER THAN BY REGISTRATION IS NOT EFFECTIVE

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA
GENERAL OBLIGATION (LIMITED TAX)
MEDIUM-TERM BOND
SERIES 2020

No. R-1

Interest Rate	Maturity Date	Dated as of	Principal Amount
_____%	_____, _____	_____, 2020	$_____

PRINCIPAL AMOUNT: DOLLARS

The Truckee Meadows Fire Protection District, Nevada (the "District" and the "State," respectively), for value received, hereby acknowledges itself to be indebted and promises to pay to the registered owner specified on the registration panel appended hereto, or registered assigns, the principal amount specified above, in installments of principal in the amounts and on the dates as provided in the resolution authorizing the issuance of this Bond adopted by the Board of Trustees of the District on February 25, 2020 (the "Resolution"). Each principal installment shall bear interest from the dated date stated above until payment of such installment of principal shall have been discharged as provided in the Resolution, at the interest rate stated above, being payable semiannually on March 1 and September 1 of each year, commencing on September 1, 2020. Interest on the Bond shall be calculated on the basis of a 360-day year consisting of twelve 30-day months.

The final payment of principal of and interest on this Bond is payable upon presentation and surrender hereof at the office of the District's paying agent for the Bond (the "Paying Agent"), presently the District's Fire Chief, who is also now acting as the District's Registrar for the Bond (the "Registrar") or such other office as designated by the Paying Agent. Installments of principal and interest on this Bond prior to the final payment will be made by check mailed by the Paying Agent on each payment date (or, if such date is not a business day, on the next succeeding business day) to the person in whose name this Bond is registered (the "registered owner") in the registration records of the District maintained by the Registrar, at the address appearing thereon as of the close of business on the day next preceding such payment date. Alternative means of payment of interest may be used if mutually agreed to by the registered owner and the Paying Agent, as provided in the Resolution. All such payments shall be made in lawful money of the United States of America without deduction for any service charges of the Paying Agent or the Registrar.

This Bond is subject to prepayment in the manner and on the dates as set forth in the Certificate of the Fire Chief (as defined in the Resolution) as directed by the Fire Chief at a price equal to the principal amount prepaid, plus accrued interest to the redemption date, in whole or in part as determined by the District from any legally available moneys, upon at least 10 days' notice to the registered owner of the Bond.

This Bond must be registered in the name of the owner as to both principal and interest on the registration records kept by the Registrar in conformity with the provisions stated herein and endorsed hereon and subject to the terms and conditions set forth in the Resolution. No transfer of this Bond shall be valid unless made on the registration records maintained at the principal office of the Registrar by the registered owner or his or her attorney duly authorized in writing.

The District and the Registrar and Paying Agent may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for the purpose of payment and for all other purposes, except to the extent otherwise provided hereinabove and in the Resolution with respect to Regular and Special Record Dates for the payment of interest.

This Bond is issued by the District upon its behalf and upon the credit thereof, for the purpose of financing a portion of the cost of purchasing fire-fighting equipment, including fire engines and other vehicles, under the authority of and in full compliance with the Constitution and laws of the State, and pursuant to the Resolution.

This Bond is issued pursuant to Nevada Revised Statutes ("NRS") 350.087 to 350.095, inclusive (the "Act"), pursuant to NRS 350.500 through 350.720, and all laws amendatory thereof, designated in NRS 350.500 thereof as the "Local Government Securities Law" (the "Bond Act"), pursuant to NRS 474.460 through 474.540 (the "Project Act"), pursuant to NRS Chapter 348, and pursuant to the Resolution; pursuant to NRS 350.628, this recital is conclusive evidence of the validity of the Bond and the regularity of its issuance; and pursuant to NRS 350.710 of the Bond Act, the Bond, its transfer, and the income therefrom shall forever be and remain free and exempt from taxation by the State or any subdivision thereof, except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to Chapter 375B of NRS.

The District has designated the Bond as a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3)(B) of the Internal Revenue Code of 1986, as amended.

The Bond, as to all Bond Requirements, shall be payable from any moneys of the District legally available for the purpose of making such payment and the full faith and credit of the District are hereby irrevocably pledged for making such payment. Provision for the payment of the Bond shall be made as provided in NRS 350.093 and 350.095, provided, however, that ad valorem taxes levied for the purpose of paying the principal of and interest on the Bond is subject to the limitations contained in the Constitution and the statutes of the State, including, without limitation, the limitations on ad valorem taxes contained in NRS 354.59811, 354.5913, 354.59815, 354.5982 and 361.453. The District is not authorized to levy ad valorem taxes to pay the principal of or interest on the Bond exempt from the limitations of any such statutes, but the District has covenanted in the Resolution to make sufficient provision annually in its budget to pay the Bond Requirements of the Bond, when due.

The District covenants and agrees with the owner of this Bond and with each and every person who may become the owner hereof that it will keep and will perform all of the covenants of the Resolution.

No recourse shall be had for the payment of the Bond Requirements of this Bond or for any claim based thereon or otherwise in respect to the Resolution or other instrument pertaining thereto against any individual member of the Board, or any officer or other agent of the District, past, present, or future, either directly or indirectly through the Board or otherwise, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any penalty or otherwise, all such liability, if any, being by the acceptance of this Bond and as a part of the consideration of its issuance specially waived and released.

It is hereby certified, recited, declared and warranted that all actions required to be taken prior to the issuance hereof have been had and taken by the District; that the issuance of the Bond has been approved by the Executive Director of the Department of Taxation of the State of Nevada as required by the Act, and that the principal of the Bond, when added to other District indebtedness, does not exceed the limits on indebtedness of the District provided in the Constitution and statutes of the State.

This Bond shall not be valid or obligatory for any purpose until the Registrar shall have manually signed the registration panel attached hereto.

IN WITNESS WHEREOF, the Board of Fire Commissioners of the Truckee Meadows Fire Protection District, Nevada, has caused this Bond to be signed and executed in its name and on its behalf with the manual or facsimile signature of the President, countersigned by the manual or facsimile signature of the District Treasurer, attested by the manual or facsimile signature of the District Secretary with the manual or facsimile seal of the District affixed hereto, all as of the date of the delivery hereof.

FORM OF PROVISION FOR REGISTRATION AS TO PRINCIPAL AND INTEREST

This Bond must be registered as to both principal and interest on the registration records of the District, kept by the District's Fire Chief, as Registrar. After registration as to principal and interest, the Registrar shall note such registration on such registration records and in the registration blank below, and the principal and interest on this Bond shall be paid to such registered owner. This Bond may be transferred by the registered owner or such owner's legal representative only upon a duly executed assignment in form satisfactory to the Registrar, such transfer to be made on said registration records and endorsed hereon.

Every privilege, registration and transfer shall be exercised only in accordance with the resolution authorizing the Bond and such reasonable rules and regulations as the Registrar may prescribe.

(End form of Assignment)

SECTION 23. Use of Bond Proceeds. Upon the issuance of the Bond, the District Treasurer shall cause the proceeds of the Bond to be deposited into a special account hereby created and designated as the "Truckee Meadows Fire Protection District, General Obligation (Limited Tax) Medium-Term Bond, Series 2020, Acquisition Account" (the "Acquisition Account") to be held by the District. Moneys in the Acquisition Account shall be used solely to defray wholly or in part the cost of the Project including, without limitation, as provided in NRS 350.516, all costs of issuing the Bond, and the costs of rebates to the United States under Section 148 of the Internal Revenue Code of 1986, as amended (the "Tax Code"), which the Board hereby determines are necessary and desirable and pertain to the Project. After the Project is complete and after all expenses have been paid or adequate provision therefor is made, pursuant to NRS 350.650, any unexpended balance of Bond proceeds (or, unless otherwise required by law, any other moneys) remaining in the Acquisition Account shall be deposited into the Medium-Term Debt Service Fund hereinafter created to be used to pay the principal of and interest on the Bond.

SECTION 24. Use of Investment Gain. Pursuant to NRS 350.658, any gain from any investment and any reinvestment of any proceeds of the Bond, if needed to defray the cost of the Project, shall be deposited promptly upon the receipt of such gain at any time or from time to time into the Acquisition Account, and if not needed to defray the cost of the Project, shall be deposited promptly into the Medium-Term Debt Service Fund hereinafter created, for the respective payment of the principal of or interest on the Bond, or any combination thereof. As provided in Section 33 hereof, any annual General Taxes for the payment of the principal of or interest on the Bond levied after such deposits of any such investment or reinvestment gain, may be diminished to the extent of the availability of such deposit for the payment of such principal or interest.

SECTION 25. Completion of Project. The District, with the proceeds derived from the sale of the Bond, shall proceed to complete the Project without delay and with due diligence to the best of the District's ability, as hereinabove provided.

SECTION 26. Prevention of Bond Default. Subject to the provisions of Sections 29 and 33 hereof, the District Treasurer shall use any Bond proceeds credited to the Acquisition Account, without further order or warrant, to pay the Bond Requirements of the

Bond as the same become due whenever and to the extent moneys otherwise available therefor are insufficient for that purpose, unless such Bond proceeds shall be needed to defray obligations accrued and to accrue under any contracts then existing and relating to the Project. The District Treasurer shall promptly notify the Board of any such use.

SECTION 27. Purchaser Not Responsible. The validity of the Bond shall not be dependent on nor be affected by the validity or regularity of any proceedings relating to the Project, or any part thereof, or to the completion of the Project. The Purchaser, any associate thereof, and any subsequent owner of any Bond shall in no manner be responsible for the application or disposal by the District or by any of its officers, agents and employees of the moneys derived from the sale of the Bond or of any other moneys herein designated.

SECTION 28. General Tax Levies. Pursuant to NRS 350.596, any sums coming due on the Bond at any time when there are not on hand in the Medium-Term Debt Service Fund (as defined below) sufficient funds to pay same shall be promptly paid when due out of the Acquisition Account or out of a general fund of the District or out of any other funds that may be available for such purpose, including, without limitation, any proceeds of General Taxes legally available therefor. For the purpose of repaying any moneys so paid from any such fund or funds (other than any moneys available without replacement for the payment of such Bond Requirements on other than a temporary basis), and for the purpose of creating funds for the payment of the Bond Requirements, there is hereby created a separate account designated as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Medium-Term Bond, Series 2020, Medium-Term Debt Service Fund" (the "Medium-Term Debt Service Fund"). Pursuant to NRS 350.592 and 350.594 and NRS 350.093 and 350.095, except to the extent other funds are legally available therefor, there shall be duly levied immediately after the issuance of the Bond and annually thereafter, until all of the Bond Requirements shall have been fully paid, satisfied and discharged, a General Tax on all property, both real and personal, subject to taxation within the boundaries of the District, including the net proceeds of mines, fully sufficient to reimburse such fund or funds for any such amounts temporarily advanced to pay such initial installment of interest, and to pay the interest on the Bond becoming due after such initial installment, and to pay and retire the Bond as they thereafter become due at maturity as herein provided, after there are made due allowances for probable delinquencies. The proceeds

of such annual levies shall be duly credited to the Medium-Term Debt Service Fund for the payment of such Bond Requirements. In the preparation of the annual budget or appropriation resolution for the District, the Board shall first make proper provisions through the levy of sufficient General Taxes for the payment of the interest on and the retirement of the principal of the bonded indebtedness of the District, including, without limitation, the Bond, subject to the limitation imposed by NRS 354.59811, 354.59813, 354.59815, 354.5982 and 361.453, and Section 2, art. 10, State Constitution, and the amount of money necessary for this purpose shall be a first charge against all such revenues received by the District.

SECTION 29. Priorities for Bond. In any year in which the total General Taxes levied against the property in the District by all overlapping units within the boundaries of the District exceeds the limitation imposed by NRS 361.453, or a lesser or greater amount fixed by the State Board of Examiners in any fiscal year, and it becomes necessary by reason thereof to reduce the levies made by any and all such units, the reductions so made shall be in General Taxes levied by such unit or units (including, without limitation, the District and the State) for purposes other than the payment of their bonded indebtedness, including interest thereon. The General Taxes levied for the payment of such bonded indebtedness and the interest thereon shall always enjoy a priority over General Taxes levied by each such unit (including, without limitation, the District and the State) for all other purposes where reduction is necessary in order to comply with the limitations of NRS 361.453, 354.59811, 354.59813 and 354.5982.

SECTION 30. Correlation of Levies. Such General Taxes shall be levied and collected in the same manner and at the same time as other taxes are levied and collected, and the proceeds thereof for the Bond herein authorized shall be kept in the Medium-Term Debt Service Fund, which accounts shall be used for no other purpose than the payment of principal and interest, respectively, as the same fall due.

SECTION 31. Use of General Fund. Any sums becoming due on the Bond at any time when there are on hand from such General Taxes (and any other legally available moneys) insufficient funds to pay the same shall be promptly paid when due from general funds on hand belonging to the District, reimbursement to be made for such general funds in the amounts so advanced when the General Taxes herein provided for have been collected, pursuant to NRS 350.596.

SECTION 32. Use of Other Funds. Nothing in this Resolution prevents the District from applying any funds (other than General Taxes) that may be available for that purpose to the payment of the Bond Requirements as the same, respectively, mature, and upon such payments, the levy or levies herein provided may thereupon to that extent be diminished, pursuant to NRS 350.598.

SECTION 33. Legislative Duties. In accordance with NRS 350.592, it shall be the duty of the Board annually, at the time and in the manner provided by law for levying other General Taxes of the District, if such action shall be necessary to effectuate the provisions of this Resolution, to ratify and carry out the provisions hereof with reference to the levy and collection of General Taxes; and the Board shall require the officers of the District to levy, extend and collect such General Taxes in the manner provided by law for the purpose of creating funds for the payment of the principal of the Bond and the interest thereon. Such General Taxes, when collected, shall be kept for and applied only to the payment of the principal of and the interest on the Bond as hereinbefore specified.

SECTION 34. Appropriation of General Taxes. In accordance with NRS 350.602, there are hereby specially appropriated the proceeds of such General Taxes to the payment of such principal of and interest on the Bond; and such appropriations will not be repealed nor the General Taxes postponed or diminished (except as herein otherwise expressly provided) until the Bond Requirements the Bond have been wholly paid or provided for.

SECTION 35. Protective Covenants. The District covenants and agrees with each and every owner from time to time of the Bond, that:

A. The Project shall be completed without delay; and

B. The District will make the principal and interest payments on the Bond at the place, on the date, and in the manner specified according to the true intent and meaning hereof.

SECTION 36. Tax Covenant; Bank Qualification. The District covenants for the benefit of the owners of the Bond that it will not take any action or omit to take any action with respect to the Bond, the proceeds thereof, any other funds of the District or any facilities financed or refinanced with the proceeds of the Bond if such action or omission (i) would cause the interest on the Bond to lose its exclusion from gross income for federal income tax purposes

under Section 103 of the Tax Code or (ii) would cause interest on the Bond to lose its exclusion from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. The foregoing covenant shall remain in full force and effect notwithstanding the payment in full or defeasance of the Bond until the date on which all obligations of the District in fulfilling the above covenant under the Tax Code have been meet.

The District hereby designates the Bond as a "qualified tax-exempt obligation" for purposes of 265(b)(3)(B) of the Tax Code. The District does not expect to issue more than $10,000,000 of tax-exempt obligations during calendar year 2020.

SECTION 37. Defeasance. When all Bond Requirements of any portion of the Bond have been duly paid, the pledge, the lien, and all obligations hereunder shall thereby be discharged as to that portion of the Bond shall no longer be deemed to be outstanding within the meaning of this Resolution. There shall be deemed to be such due payment when the District has placed in escrow or in trust with a trust bank located within or without the State, an amount sufficient (including the known minimum yield available for such purpose from bills, certificates of indebtedness, notes, bonds or similar securities which are direct obligations of, or the principal of and interest on which are unconditionally guaranteed by, the United States ("Federal Securities") in which such amount may be initially invested wholly or in part) to meet all Bond Requirements of the Bond, as the same become due. The Federal Securities shall become due before the respective times on which the proceeds thereof shall be needed, in accordance with a schedule established and agreed upon between the District and the bank at the time of the creation of the escrow or trust, or the Federal Securities shall be subject to redemption at the option of the holders thereof to assure availability as needed to meet the schedule. For the purpose of this section "Federal Securities" shall include only Federal Securities which are not callable for redemption prior to their maturities except at the option of the owner thereof.

SECTION 38. Replacement of Registrar or Paying Agent. If the Registrar or Paying Agent initially appointed hereunder shall resign, or if the Fire Chief shall determine that it is in the best interests of the District to replace said Registrar or Paying Agent, the Fire Chief may, upon notice mailed electronically or otherwise to each owner of any Bond at such owner's address last shown on the registration records, appoint a successor Registrar or Paying Agent, or both. No resignation or dismissal of the Registrar or Paying Agent may take effect until a

successor is appointed. It shall not be required that the same institution serve as both Registrar and Paying Agent hereunder, but the District shall have the right to have the same institution serve as both Registrar and Paying Agent.

SECTION 39. Events of Default. Each of the following events is hereby declared an "Event of Default" under this Resolution:

A. Nonpayment of Principal. Payment of the principal of the Bonds, shall not be made when the same shall become due and payable, either at maturity or otherwise;

B. Nonpayment of Interest. Payment of any installment of interest shall not be made when the same becomes due and payable;

C. Appointment of Receiver. An order or decree shall be entered by a court of competent jurisdiction with the consent or acquiescence of the District appointing a receiver or receivers for the District and its finances, or if an order or decree having been entered without the consent or acquiescence of the District, shall not be vacated or discharged or stayed on appeal within sixty (60) days after entry; and

D. Default of Any Provision. The District shall have made or shall default in the due and punctual performance of any of the representations, covenants, conditions, agreements and other provisions contained in the Bonds or in the Resolution on its part to be performed, and if such default shall continue for sixty (60) days after written notice specifying such default and requiring the same to be remedied shall have been given to the District by the registered owner of the Bonds.

SECTION 40. Remedies for Default. Upon the happening and continuance of any of the Event of Default, as provided in Section 39 hereof, then and in every case the registered owner of the Bond, including, without limitation, a trustee or trustees therefore: may proceed against the District and its agents, officers and employees to protect and to enforce the rights of the registered owner of Bond under the Resolution by mandamus or by other suit, action or special proceedings in equity or at law, in any court of competent jurisdiction, either for the appointment of a receiver or for the specific performance of any covenant or agreement contained herein or in an award of execution of any power herein granted for the enforcement of any proper, legal or equitable remedy as such registered owner may deem most effectual to protect and to enforce the rights aforesaid, or thereby to enjoin any act or thing which may be

unlawful or in violation of any right of the owner of the Bond, or to require the District to act as if it were the trustee of an expressed trust, or any combination of such remedies. All such proceedings at law or in equity shall be instituted, had and maintained for the equal benefit of the registered owner of the Bond. During an Event of Default the interest rate on the Bond shall bear interest at the interest rate for the Bond set forth in the Certificate of the Fire Chief for the event of a nonpayment of principal or interest.

SECTION 41. Bondowner's Remedies. A. The registered owner of the Bond shall be entitled to all of the privileges, rights and remedies provided herein, in the Project Act, the Bond Act, the Supplemental Bond Act and the Resolution, and as otherwise provided or permitted at law or in equity or by other statute.

B. Nothing in this section affects or impairs the right of the owner of the Bond issued hereunder to enforce the payment of the Bond Requirements of the Bond or the obligation of the District to pay the Bond Requirements of the Bond to the owner thereof at the time and the place expressed in the Bond.

C. The failure of the registered owner of the Bond to proceed in any manner herein provided shall not relieve the District, the Board, or any of its officers, agents or employees of any liability for failure to perform or carry out any duty, obligation or other commitment. Each right or privilege of any such owner is in addition and is cumulative to any other right or privilege, and the exercise of any right or privilege by or on behalf of any of them shall not be deemed a waiver of any other right or privilege thereof.

E. The District shall also be responsible for the reasonable fees and costs, including reasonable attorney's fees, of the registered owner of the Bond including, without limitation, a trustee or trustees therefore, and any receiver incurred in the enforcement of the remedies in the Event of Default by the District.

SECTION 42. Delegated Powers. The officers and employees of the District are hereby authorized and directed to take all action necessary or appropriate to effectuate the provisions of this Resolution, including, without limitation:

A. The printing of the Bond, including, without limitation, and if appropriate, a statement of insurance, if any;

B. The execution of such certificates as may be reasonably required by the Purchaser, relating, inter alia,

(1) the signing of the Bond,

(2) the tenure and identity of the officials of the District,

(3) the assessed valuation of the taxable property in, and the indebtedness of the District,

(4) the rate of General Taxes levied against taxable property in the District,

(5) the exclusion from gross income for federal income tax purposes of interest on the Bond,

(6) the delivery of the Bond and the receipt of the Bond purchase price,

(7) the accuracy and completeness of any information provided in connection with the Bond,

(8) if it is in accordance with the fact, the absence of litigation, pending or threatened, affecting the validity of the Bond; and

C. The assembly and dissemination of financial and other information concerning the District and the Bond.

SECTION 43. Resolution Irrepealable. After the Bond is issued, this Resolution shall constitute an irrevocable contract between the District and the owner or owners of the Bond; and this Resolution, if any Bond is in fact issued, shall be and shall remain irrepealable until the Bond, as to all Bond Requirements, shall be fully paid, canceled and discharged, as herein provided.

SECTION 44. Implied Repealer. All resolution bylaws and orders, or parts thereof, inconsistent herewith are hereby repealed to the extent only of such inconsistency. This repealer shall not be construed to revive any resolutions, bylaw or order, or part hereof, heretofore repealed.

PASSED AND ADOPTED BY THE BOARD OF FIRE COMMISSIONERS OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA, ON FEBRUARY 25, 2020.

BY: _____
Chair, Truckee Meadows Fire Protection District Board of Fire Commissioners

Attest:

_____ Chief Deputy
Clerk

50960488

3

CERTIFICATE OF THE FIRE CHIEF

The undersigned is the duly appointed District Fire Chief of the Truckee Meadows Fire Protection District, Nevada (the "District") and does hereby certify the following:

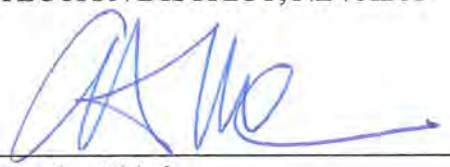
1. On February 25, 2020, the Board of Fire Commissioners of the District (the "Board") adopted a resolution, designated as the "2020 Medium-Term Bond Resolution" (the "Bond Resolution"), authorizing the issuance of the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Medium-Term Bond, Series 2020" issued as a single bond (the "Bond").

2. On February 5, 2020, after a request for proposals was distributed, a copy of which is attached hereto as Exhibit C, bids for the Bond were received and the best bid was submitted by JPMorgan Chase Bank, NA (the "Bond Purchaser"). A copy of the Bond Purchaser's bid is attached hereto as Exhibit B.

3. On February 25, 2020, I accepted the bid of the Bond Purchaser, being the best bidder for the Bond, by executing this certificate in accordance with the provisions of the Bond Resolution.

4. The Bond will be sold to the Bond Purchaser at a price equal to the principal amount of $4,415,000. The Bond shall be payable on the dates and in the amounts as set forth in Exhibit A. The Bond shall bear interest at the rate of 1.50% per annum. The Bond shall be otherwise issued on such terms and conditions as provided in the Bond Resolution and this Certificate.

5. The installments of principal on the Bond are not subject to prepayment prior to their respective payment dates.



6. The District has designated the Bond as a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3)(B) of the Internal Revenue Code of 1986, as amended.

7. From and after the date on which the interest on the Bond is first includable in gross income of the registered owner thereof (the "Taxable Date"), under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date of delivery of the Bond (the "Tax Code"), as a result of any action or omission of any action by the District or any misrepresentation or inaccuracy in any of the representations, warranties or covenants of the District

in connection with the issuance or sale of the Bond, which has the effect of causing interest paid or payable on the Bond to become includable, in whole or in part, in the gross income of the registered owner thereof under the Tax Code, as determined by a Determination of Taxability, the Bond shall bear interest at the rate of 1.92% per annum ("Taxable Rate"). For the purposes of this paragraph, "Determination of Taxability" means and shall be deemed to have occurred on the first to occur of the following: (a) the receipt by the District or a registered owner of the Bond of an Internal Revenue Service Technical Advice Memorandum or Statutory Notice of Deficiency or other written correspondence which legally holds that interest on the Bond is includable in the gross income of the registered owner thereof under the Tax Code; (b) the issuance of any public or private ruling of the Internal Revenue Service to the District that interest on the Bond is includable in the gross income of the registered owner thereof under the Tax Code; or (c) receipt by the District or registered owner of the Bond of a written opinion of Bond Counsel to the District that the interest on the Bond is or has become includable in the gross income of the registered owner thereof under the Tax Code. Upon a Determination of Taxability, the District will pay the registered owner of the Bond (including any former registered owner) on demand of such registered owner (a) an amount equal to the difference between the interest on the Bond that would have been paid to such registered owner during the period for which the interest on the Bond is determined to be includable in the gross income of such registered owner (the "Taxable Period") if the Bond had borne interest at the Taxable Rate, and the amount of interest actually paid to the registered owner during such Taxable Period, and (b) an amount equal to any interest, penalties or charges owed by such registered owner as a result of interest on the Bond becoming includable in the gross income of such registered owner under the Tax Code.

DATED this February 25, 2020.

RE: Private Placement not to exceed $4,415,000 Truckee Meadows Fire Protection District, Nevada, Medium-Term General Obligation (Limited Tax) Bond, Series 2020A (the "Bond")

JPMorgan Chase Bank, NA (the "Bank") is pleased to submit this proposal for tax-exempt financing to Truckee Meadows Fire Protection District, Nevada (the "District"). This proposal is presented in the form of a non-binding "Term Sheet", subject to final credit approval, negotiation and acceptance of all terms, conditions and documentation for the transaction. The letter signifies a commitment by the Bank to extend credit or purchase the Bond.

TYPE OF FINANCING:	The Bond will be issued by the District and privately placed with the Bank pursuant to the provisions of federal, state and local statutes and will be designated as "bank qualified" and tax-exempt. The Bank presently intends to hold the bond to final maturity. The Bank will not require either a rating for the bond or the purchase of bond insurance for repayment.
FORM OF BOND:	The Bank will require a single maturity bond with principal payments equivalent to the stated amortization schedule in Exhibit A to the District's Request For Financing, and without DTC book-entry immobilization.
PAYING AGENT/REGISTRAR:	The Bank will not serve as Paying Agent or Registrar. The Bank will invoice for payment on the 15th business day in the month preceding the payment due date.
LEGAL OPINION:	Purchase of the Bond will be subject to the opinion of District's bond counsel, who will deliver a legal opinion as to (i) validity and enforceability of the Bond under state law, and (ii) exemption of interest on the Bond from Federal income tax. Bond counsel approving opinion must be addressed to the Bank or permit reliance by the Bank.
USE OF PROCEEDS:	The proceeds of the Bond will be used by the District for the purpose of: (i) defraying, wholly, or in part, the cost of purchasing fire-fighting equipment, including fire engines and other vehicles, and improving District-owned property and (ii) paying costs of issuing the Bond (together, the "Project").
PRINCIPAL AMOUNT:	Not to exceed $4,415,000.

FINANCING TERM:	Approximately 10 years with final maturity not later than March 1, 2030.
INTEREST RATE:	The interest rate will be fixed; however, prior to acceptance; the interest rate may increase if the Bank's cost of funds increases. Bank's cost of funds may increase due to a number of factors including, but not limited to, changes in market conditions. Interest will be calculated on a 30/360 basis. OPTION A: 1.50% fixed, bank qualified fixed rate, with no optional redemption. OPTION B: 1.70% fixed, bank qualified fixed rate, with optional redemption at par in whole but not in part, on or after March 1, 2023.
DETERMINATION OF TAXABILITY:	If the interest payable on the Bond becomes taxable due to any act or omission of the Issuer, the interest rate payable on the Bond will increase retroactively from the date on which interest on the Bond is first includable in gross income of the owner thereof (which may be as early as the issuance date) to a taxable equivalent rate, and pay the Bank penalties on overdue interest and additions to tax, if any.
REPAYMENT TERMS:	Repayment will be structured as represented in the Request For Financing, Exhibit A Sample Amortization Schedule, with 10 annual principal payments on each March 1, commencing March 1, 2021 with a final maturity of March 1, 2030; and semi-annual payments of accrued interest on each March 1 and September 1, commencing September 1, 2020.
SECURITY:	The Bond will constitute a direct and general obligation of the District, and the full faith and credit of the District is pledged for the payment of principal and interest, subject to Nevada constitutional and statutory limitations regarding the District's operating property levy and any legally available tax overrides. The property tax levy available to pay the Bond is limited to the District's maximum operating levy and legally available tax overrides. The District's operating levy is set each year as part of the budgeting process and is subject to approval by the Department of Taxation. It is the District's intent to pay debt service on the Bond from resources within its General Fund. The District will be required to pay any shortfall from any legally available fund, including the District's General Fund. The Bond will be a debt of the District and the District shall repay the Bond from all legally available funds of the District. The District will covenant in the Resolution, to be adopted on February 18,

2020, that it will make sufficient provisions annually in its budget to pay principal of and interest on the Bond when due.

Nevada statutes provide that no act concerning the Bond or its security may be repealed, amended, or modified in such a manner as to impair adversely the Bond or its security until the Bond has been discharged in full or provision for its payment and redemption has been fully made. The Bond is not secured by a lien on revenues or any asset. The Bond is not subject to annual appropriation.

DOCUMENTATION:

Documentation shall be prepared by District's bond counsel, Sherman & Howard L.L.C. at the District's expense. This Proposal is subject to approval of the documentation by the Bank and its independent counsel in the Bank's sole discretion, including but not limited to, the form of Bond Resolution and form of Bond.

BANK COUNSEL:

Independent Bank counsel fees and costs not to exceed $10,000 will be paid by the District at closing. The Bank will engage the firm of Kutak Rock LLP, Mr. Tim Nash.

MISCELLANEOUS:

The documents shall provide that Purchaser shall be entitled to a writ of mandamus issued by a court of competent jurisdiction compelling and requiring the District and the officials thereof to observe and perform the contracts, covenants, obligations or conditions of the District.

MUNICIPAL DISCLOSURE:

The District acknowledges and agrees that (i) the transaction contemplated herein is an arm's length commercial transaction between the District and the Bank and its affiliates, (ii) in connection with such transaction, the Bank and its affiliates are acting solely as a principal and not as an advisor including, without limitation, a "Municipal Advisor" as such term is defined in Section 15B of the Securities and Exchange Act of 1934, as amended, and the related final rules (the "Municipal Advisor Rules"), agent or a fiduciary of the District, (iii) the Bank and its affiliates are relying on the Bank exemption and the "request for proposals" exemptions in the Municipal Advisor Rules, (iv) the Bank and its affiliates have not provided any advice or assumed any advisory or fiduciary responsibility in favor of the District with respect to the transaction contemplated hereby and the discussions, undertakings and procedures leading thereto (whether or not the Bank, or any affiliate of the Bank, has provided other services or advised, or is currently providing other services or advising the District on other matters), (v) the Bank and its affiliates have financial and other interests that differ from

	those of the District, and (vi) the District has consulted with its own financial, legal, accounting, tax and other advisors, as applicable, to the extent it deemed appropriate. The Bank and its affiliates acknowledge the engagement by the District of JNA Consulting Group, LLC as independent registered municipal advisor.
WEBSITE DISCLOSURE:	As a best practice to maintain transparency, final Bond documentation may be posted by the District on a national public bond market repository provided that certain information be redacted by the District as directed by the Bank. Items that should be redacted include signatures/names, account numbers, wire transfer and payment instructions and any other data that could be construed as sensitive information.
FINANCIAL REPORTING:	Unless otherwise available electronically on a public website, the District will be required to provide Bank with audited annual financial statements, prepared by an independent Certified Public Accountant, within 270 days of the close of its fiscal year.
EXPIRATION:	This Term Sheet must be accepted on or before the close of business February 25, 2020, and funded on or before March 10, 2020. If acceptance or funding has not occurred by the respective dates, the Bank may, at its option and in its sole discretion, terminate the Term Sheet and/or the Interest Rate may be adjusted.
MATERIAL CHANGE:	Any change (whether material or not) in the amount to be financed or a material change in the financial condition or prospects of the District may constitute a re-pricing event and Bank may, at its option and in its sole discretion, terminate this Term Sheet and/or the Interest Rate may be adjusted.

EXHIBIT C

(ATTACH REQUEST FOR PROPOSALS FOR BOND)

REQUEST FOR FINANCING

$4,415,000*
Truckee Meadows Fire Protection District, Nevada
Medium-Term General Obligation (Limited Tax)
Bond, Series 2020A

January 22, 2020

The Truckee Meadows Fire Protection District, Nevada (the "District") is seeking to obtain a bank commitment to purchase the above-captioned bond to be evidenced by a single bond of the District (the "Loan") for the purpose of financing the Project (defined below). The following information has been compiled to assist you in evaluating the Loan. The Bond Resolution authorizing the issuance of the Loan (the "Resolution"), which will be adopted by the Board of Fire Commissioners (the "Board") on February 18, 2020, is attached hereto as Exhibit B. No offering document will be prepared for the Loan and there will be no rating.

Responses to this Request for Financing ("RFF") are due on Wednesday, February 5, 2020, at 4:00 p.m., local time. Please see Section 1.E. of this RFF for a description of delivery methods acceptable to the District.

Purchase as a Security: Any bidder who intends to treat the purchase of the Loan as a security must submit their bid through a broker-dealer ("Placement Agent"). Any fees charged by the Placement Agent will be paid by the bidder and must be stated in the proposal. After bids are received, communication regarding the bid and any further comments or requested changes will go through the Placement Agent.

The District will consider any and all proposals; however, evaluations of such proposals will be based upon completeness of information provided, conformity to specified terms, and proposed financial terms and conditions. The District reserves the right to select a winning bidder on factors other than lowest interest cost.

* Maximum, not to exceed

EXHIBIT A - SAMPLE AMORTIZATION SCHEDULE

EXHIBIT B - FORM OF BOND RESOLUTION

EXHIBIT C - FORM OF APPROVING OPINION OF BOND COUNSEL

1. Bid Requirements & Instructions

Your bid should include information relating to the following details:

A. Interest Rate

The interest rate bid should include a non-adjustable fixed rate per annum based on a 30/360-day year. The final maturity of the Loan is March 1, 2030, unless redeemed earlier. The interest rate may not exceed by more than 3% the Index of Twenty Bonds most recently published in the Bond Buyer at the time the offer for the Loan is accepted.

B. Prepayment Options

Outstanding installments of principal will be prepayable without penalty, in whole or in part, in any order of maturity, and at any time on ten (10) days written notice, plus accrued interest to the date of redemption.

C. Costs

Please identify any legal fees, origination fees, or other costs associated with your proposal.

D. Documentation/Other

Any other requirements must be included in writing as part of your bid. The attached Exhibits outline the terms under which the District proposes to execute and deliver the Loan. Material changes to these documents must be included in writing. If desired, the District will provide editable versions of the Exhibits to better facilitate significant changes. Please contact the District's municipal advisor listed in Section 13 to receive editable copies.

E. Bid Delivery

Proposals must be submitted using one of the methods below:

- via e-mail (**preferred**) to:
  - cvance@tmfpd.us
  - cmoore@tmfpd.us
  - john@jnaconsultinggroup.com
  - kfollett@shermanhoward.com

Proposals must be marked "Truckee Meadows Fire Protection District, NV 2020 Bond" c/o Cindy Vance, Chief Fiscal Officer. Proposals must be received no later than 4:00 p.m. Pacific Time on February 5, 2020 and will be opened at 4:00 p.m. Pacific Time on February 5, 2020, at 1001 E Ninth Street, Building D-231, Reno, NV 89512.

Proposals submitted after the time and date stated above may not be considered. The District reserves the privilege of waiving any irregularity or informality in any proposal and/or rejecting any and all proposals. If your firm cannot meet the requested specifications, please propose alternatives. All proposals will be considered.

2. Use of Loan Proceeds

The proceeds of the Loan will be used by the District for the purpose of: (i) defraying wholly, or in part, the cost of purchasing fire-fighting equipment, including fire engines and other vehicles, and improving District-owned property and (ii) paying costs of issuing the Loan (together, the "Project").

3. Security for the Loan

The Loan will constitute a direct and general obligation of the District, and the full faith and credit of the District is pledged for the payment of principal and interest, subject to Nevada constitutional and statutory limitations regarding the District's operating property levy and any legally available tax overrides. The property tax levy available to pay the Loan is limited to the District's maximum operating levy and legally available tax overrides. For fiscal year 2019-20, the total combined tax rate levied by the District is $0.5400. The property tax rate available to pay the Loan is further limited by statute to a combined overlapping tax rate of $3.6400 per $100 of assessed valuation. For fiscal year 2019-20, the highest overlapping tax rate in the District is $3.6600 per $100 (including a levy of $0.0200 per $100 by the State which is exempt from the statutory limit). The District's operating levy is set each year as part of the budgeting process and is subject to approval by the Department of Taxation.

It is the District's intent to pay debt service on the Loan from resources within its General Fund.

The District will be required to pay any shortfall from any legally available fund, including the District's General Fund. As of June 30, 2019, the ending fund balance (budgetary basis) of the General Fund was $8,995,640. The ending fund balance for June 30, 2020 is budgeted to be $5,889,694. The budgeted fiscal year 2020 ending fund balance does not reflect the audited fiscal year 2019 results. The audited ending fund balance in fiscal year 2019 of $8,995,640 exceeds the estimated fiscal year 2019 ending fund balance of $7,205,215. Additionally, approximately $34,000 of encumbered expenses in fiscal year 2019 were not paid and were therefore rolled forward as approved expenditures for fiscal year 2020.

In additional to the District's General Fund, the District's Capital Projects Fund is legally available to repay the Loan. As of June 30, 2019, the audited ending fund balance in the Capital Projects Fund was $4,541,748.

The Loan will be a debt of the District and the District shall repay the Loan from all legally available funds of the District. The District will covenant in the Resolution, to be adopted on February 18, 2020, that it will make sufficient provisions annually in its budget to pay principal of and interest on the Loan when due.

Nevada statutes provide that no act concerning the Loan or its security may be repealed, amended, or modified in such a manner as to impair adversely the Loan or its security until the Loan has been discharged in full or provision for its payment and redemption has been fully made. The Loan is not secured by a lien on revenues or any asset. The Loan is not subject to annual appropriation.

4. Term of Loan/Amortization

The Loan will mature on March 1, 2030, unless redeemed earlier. Interest will begin accruing as of the closing date, which is currently expected to be March 3, 2020. Principal will be paid annually on March 1. Interest will be paid semi-annually on March 1 and September 1, beginning September 1, 2020. The Loan will be evidenced by a single bond and no CUSIP number will be assigned.

The District reserves the right to adjust the principal amortization after responses to this Request for Financing are received. See the sample amortization schedule attached as Exhibit A.

5. Tax Exempt/Bank Qualified

The Loan will be a tax-exempt obligation. At the option of the winning bidder, the Loan may be designated as a "Qualified Tax-Exempt Obligation" for a financial institution under Section 265 of the Internal Revenue Code.

6. Authorization for the Loan

The Loan will be authorized pursuant to the Resolution to be adopted on February 18, 2020 by the Commission.

7. Closing

It is anticipated that closing will occur on or about March 3, 2020. The Loan will be fully funded at closing.

8. Paying Agent

The District's Fire Chief will act as registrar and paying agent for the Loan. If this is unacceptable, please advise the District in your response to this Request for Financing Proposals, and the District may consider contracting with a bank or trust company for paying agent services.

9. Opinion of Bond Counsel

At closing, an opinion of Sherman & Howard L.L.C., Bond Counsel, will be provided, in the form attached hereto as Exhibit C. No other opinions will be provided by Bond Counsel at closing.

10. Certificate of Closing/Assignment

In accordance with NRS 350.155(2)(g)(4), the purchaser of the Loan must certify at closing that the Loan is being purchased by not more than ten investors, that each have a net worth of $500,000 or more and are purchasing the Loan for investment, not for resale. The District has not prepared an official statement or other offering materials in connection with this Request for Financing nor has it agreed to provide continuing disclosure. The Loan will not be rated. The Loan may be assigned to a commercial bank without consent of the District and may be assigned to a sophisticated investor who meets the criteria provided in this section with the prior written consent of the District. The District must be notified of any assignment within 10 business days.

11. Independent Registered Municipal Advisor Exemption

SEC MUNICIPAL ADVISOR MATTERS:

Responders and persons considering responding to this Request for Financing ("RFF"), and other market participants (collectively, "RFF Participants") may be able to use one or more of the following exemptions in SEC Rule 15Ba1-1(d)(3) (the "Rule") from the definition of "Municipal Advisor" in connection with communications concerning this RFF, the Loan and the financing that is the subject of this RFF.

Response to Request For Proposals Exemption: This RFF is being conducted by the District and is intended to meet the requirements for the Rule's "request for proposals" exemption.

Represented by and Independent Registered Municipal Advisor Exemption: The District has engaged, is represented by and will rely on the advice of JNA Consulting Group, LLC, an independent registered municipal advisor, to advise it on the execution and delivery of the Loan and this RFF. The District intends that (i) this statement constitutes the "required advisor" exemption set forth in the Rules and (ii) persons responding or considering responding to this RFF and all other market participants may rely on this written statement and receive and use it for purposes of that exemption.

Bank Exemption: An RFF Participant which is a bank as defined in Section 3(a)(6) of the Securities Exchange Act of 1934, as amended, which will be making a direct loan evidenced by the single bond or purchasing the Loan for its own account may be covered by the Rule's "bank" exemption.

Each RFF Participant should consult with its own advisors in determining (i) whether one or more of the above exemptions are available to that RFF Participant and (ii) other requirements for the applicable exemption(s) to be available to that RFF Participant.

12. Miscellaneous

The District desires to enter into an agreement containing the conditions stated in this Request for Financing. Any additional provisions or amendments to the terms and conditions of the Loan and the Resolution must be stated in writing as part of your response to this Request for Financing. The District may reject any proposal that does not conform to this Request for Financing.

If your financial institution cannot meet these requested conditions, please provide alternatives. All responses will be considered.

13. Additional Information

Additional information regarding the District, this Request for Financing, or the legality of the Loan may be addressed to:

GENERAL AND NO-LITIGATION CERTIFICATE AND RECEIPT

IT IS HEREBY CERTIFIED by the undersigned, the chosen and qualified Chair of the Board of Fire Commissioners (the "Chair") and ex officio Chair of the Board of County Commissioners of Washoe County, District Fire Chief (the "Fire Chief"), the District Treasurer, ex officio Treasurer of Washoe County (the "Treasurer"), the District Secretary, ex officio Clerk of Washoe County (the "Secretary") and, with respect to paragraphs 10 and 11 only, the Legal Counsel to the Truckee Meadows Fire Protection District (the "District"), in the State of Nevada (the "State"):

1. The District was duly incorporated, reorganized and is operating as a fire protection district, a body corporate and politic and a political subdivision of the State under the provisions of Nevada Revised Statutes ("NRS") 474.460 to 474.540, inclusive (the "Act").

2. The official name of said District is the "Truckee Meadows Fire Protection District."

3. During the course of the proceedings for the issuance of the Bond (as defined below), up to and including the date of this certificate, the following have been or now are the duly chosen, qualified and acting de jure or de facto officers and members of the Board of Fire Commissioners of the District (the "Board") and other officers of the District:

Chair, ex officio Chair of the Board of County Commissioners of Washoe County:	Bob Lucey
Vice Chair:	Marsha Berkbigler
Commissioners:	Kitty Jung
	Vaughn Hartung
	Jeanne Herman
Fire Chief:	Charles A. Moore
Treasurer, ex officio Treasurer Of Washoe County:	Tammi Davis
Secretary, ex officio Clerk of Washoe County:	Nancy Parent
Legal Counsel to the District:	Nathan J. Edwards

and each of the foregoing officers, if legally required, has duly filed his or her oath of office; and each of them legally required to give bond or undertaking has given or filed such bond or undertaking in form and amount as required by law, and has otherwise duly qualified.

4. The last (final) assessed valuation of the taxable property in the District for the year 2019-2020, as shown by the last preceding tax list or assessment roll, i.e., the total assessed valuation of the taxable property of the District, was and is the sum of $4,410,674,441.

5. The total indebtedness of the District, excluding obligations payable solely from unexhausted and unencumbered appropriations in the budget for the current fiscal year, except for encumbrances thereon to secure the payment of such obligations, but including its Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Medium-Term Bond, Series 2020, issued as a single bond in the principal amount of $4,415,000 (the "Bond"), and including any general obligations becoming due under any leases, installment purchase contracts, and other agreements terminating after the current fiscal year, does not exceed the amount listed as general obligation indebtedness attached hereto as Exhibit A.

6. The District has outstanding no other obligations that might be held to constitute an "indebtedness" or a "debt," general obligations or special obligations of the District, except for obligations (general or special) payable in the current fiscal year out of moneys budgeted and appropriated therefor.

7. The total levy for all public purposes, including levies for Bond, within the State or any subdivision thereof, for all the area within the District does not now exceed, and has not exceeded, $.05 on $1.00 of the assessed valuation, and does not now exceed $3.66 on each $100.00 of assessed valuation.

8. The proceeds of the Bond will be used for the purpose of financing all or a portion of the cost of purchasing fire-fighting equipment, including fire engines and other vehicles, and improving District-owned property (the "Project").

9. The Bond is authorized to be issued pursuant to a resolution which was duly adopted by the Board on February 25, 2020, cited in Section 1 thereof by the short title "2020 Medium-Term Bond Resolution" (the "Bond Resolution"); the Act; NRS 350.087 through 350.095;

and NRS 350.500 through 350.720, and all laws amendatory thereof, cited in NRS 350.500 thereof as the Local Government Securities Law (the "Bond Act"); and by NRS Chapter 348.

10. No litigation of any nature is now pending or threatened insofar as is known to the undersigned (either in State or Federal courts):

(a) Affecting the corporate existence of the District or the titles of its members or officers to their respective offices;

(b) Seeking to restrain or enjoin the issuance, sale, execution or delivery of the Bond, or any portion thereof, or the levying and collection of general (ad valorem) taxes ("General Taxes") to pay the principal of and the interest on the Bond (such principal and interest on the Bond being herein the "Bond Requirements"), or the use of the proceeds of the Bond for the Project as authorized by the Bond Resolution, or affecting in any way the right or authority of the District to pay the Bond Requirements of the Bond, or otherwise to carry out the terms and provisions of the Bond Resolution or otherwise concerning the Bond; or

(c) In any manner questioning, contesting or otherwise affecting the authority or proceedings for the issuance, sale, execution or delivery of the Bond, or questioning, contesting or otherwise affecting, directly or indirectly, the validity thereof, or the sale of the Bond to JPMorgan Chase Bank, NA, as purchaser of the Bond (the "Purchaser"), or of any provisions made or authorized for the payment of the Bond, including, without limitation, their delivery as provided in the Bond Resolution and the acceptance by the District of the Purchaser's proposal to buy the Bond; or

(d) In any manner questioning, contesting or otherwise affecting the power of the District acting by and through the Board, or otherwise, to effect the Project, as provided in the Bond Resolution, or otherwise.

11. None of the corporate existence, the boundaries of the District, or the title of its present officers or any of them to their respective offices is being contested, including, without limitation, the members and officers of the Board, and no proceedings or authority for the issuance,

sale, execution or delivery of the Bond has been repealed, rescinded, revoked, modified, changed or altered in any manner.

12. All meetings of the Board pertaining to the Bond, the Project, and the General Taxes have been open to the public at all times.

13. Subsequent to the authorization to issue the Bond by the Bond Resolution, the District, acting by or through the Board, or otherwise, has not repealed, amended or otherwise modified the provisions of the Bond Resolution.

14. To the best of our knowledge none of the Chair, any other member of the Board, or any other officer, employee or agent of the Board or the District, is interested (except in the performance of his or her official rights, privileges, powers and duties) directly or indirectly in the profits of any contract, job for work or services to be performed and pertaining to the issuance of the Bond or to the Project.

15. The Reno Gazette Journal is a qualified newspaper under the provisions of NRS 238.020 and 238.030, printed and published, and of general circulation in the District.

16. No referendum petition concerning any of the resolutions or other proceedings concerning the Bond, the General Taxes, or the Project has been filed; and to the best of our knowledge, none is being circulated or planned for circulation.

17. On the date hereof, the District received from the Purchaser the purchase price of $4,415,000.

18. There is no reason within our knowledge why the District may not deliver the Bond in the principal amount of $4,415,000.

19. The effective interest rate on the Bond does not exceed by more than 3% the "Index of Twenty Bonds," which was most recently published in The Bond Buyer before a negotiated offer was accepted for the Bond and is attached hereto as Exhibit B.

20. On or before the date hereof, the undersigned Chair, Treasurer, and Secretary officially manually signed the Bond on behalf of the District and the undersigned Secretary affixed the seal of the District thereon. The seal of the District which has been impressed on the Bond is a true, perfect and complete impression of the legally adopted, proper and only official corporate seal of the District.

21. The District shall furnish the Purchaser with the District's annual audited financial statements prepared by an independent certified public accountant within 270 days from the close of the District's fiscal year, until such time as the Bond is paid in full.

22. The Fire Chief has full authority to act as Registrar and Paying Agent for the Bond, and does hereby ratify and confirm acceptance of all the duties and responsibilities of Registrar and Paying Agent under the Bond.

23. On the date hereof, the undersigned Fire Chief caused the Bond to be delivered to the Purchaser, such Bond being in all respects as authorized by the proceedings pertaining to the Bond.

24. This Certificate is for the benefit of the registered owners from time to time of the Bond.

The 30-day visible supply is compiled daily from The Bond Buyer's Competitive and Negotiated Bond and Note Offerings calendars. It reflects the dollar volume of bonds expected to reach the market in the next 30 days. Issues maturing in 13 months or more are included. The 30-day visible supply of competitive bonds has been reported since 1927, while the negotiated supply has been reported since 1971.

$4,415,000
Truckee Meadows Fire Protection District, Nevada
General Obligation (Limited Tax)
Medium-Term Bond
Series 2020

FEDERAL TAX EXEMPTION CERTIFICATE

The undersigned hereby certifies for and on behalf of Truckee Meadows Fire Protection District, Nevada (the "District") as to the following facts, estimates and circumstances:

1. In General.

1.1. The District is issuing and delivering, simultaneously with the delivery of this Tax Certificate, its General Obligation (Limited Tax) Medium-Term Bond, Series 2020 issued as a single bond in the principal amount of $4,415,000 (the "Bonds").

1.2. The undersigned Fire Chief of the District is one of the officers of the District delegated the responsibility for issuing the Bonds.

1.3. I am familiar with the proceedings of the Board of Commissioners of the Truckee Meadows Fire Protection District (the "Board") taken preliminary to and in issuance of the Bonds, including the resolution adopted by the Board on February 25, 2020, authorizing the issuance of the Bonds (the "Resolution").

1.4. This Tax Certificate is for the purpose of establishing the reasonable expectations of the District as to future events relating to the Bonds pursuant to the Internal Revenue Code of 1986, as amended to the date hereof, and to the Regulations promulgated thereunder as specifically required by Regulation Section 1.148-2(b) and for the purpose of evidencing compliance with and setting forth procedures which are designed to comply with certain provisions of the Code and the Regulations.

1.5. To the best of my knowledge, information and belief, the expectations contained in this Tax Certificate are reasonable.

1.6. Capitalized terms used herein and in the Exhibits hereto shall have the meanings ascribed to such terms in the Resolution or as set forth in Exhibit A hereto. The District has determined to calculate the "Issue Price" of the Bonds as the price paid by JPMorgan Chase Bank, NA (the "Purchaser") in accordance with Section 1.148-1(f)(2)(i) of the Regulations. As so calculated, the Issue Price of the Bonds is $4,415,000 as certified in the Purchaser's Certificate and Receipt, executed by the Purchaser and dated as of the date hereof.

2. Purpose of the Bonds. The Bonds are being issued for the purpose of providing moneys which will be sufficient to finance in whole or in part the cost of purchasing fire-fighting equipment, including fire engines and other vehicles, and improving District-owned property (the "Project").

3. Cost of Project; No Overissuance.

3.1. The estimated total cost of the Project including the costs and expenses listed in Subsection 4.2 hereof is not less than $4,415,000, plus the investment income expected to be earned thereon.

3.2. The estimated total cost of the Project set forth in Section 3.1 of this Tax Certificate will be not less than the amount received from the sale of the Bonds set forth in Subsection 4.1 of this Tax Certificate, plus the investment income earned thereon.

4. Application of Sale Proceeds.

4.1. The net amount received by the District from the sale of the Bonds (the "Sale Proceeds") will be $4,415,000, which amount consists of the aggregate principal amount of the Bonds

4.2. The Sale Proceeds ($4,415,000) and all investment income earned thereon is expected to be needed and fully expended as follows:

(i) An amount of the Sale Proceeds equal to $4,415,000 will be deposited into the Acquisition Account and used, together with the investment income thereon, for the payment of costs of the Project, including payment of expenses incurred in connection with the issuance of the Bonds (estimated to be $76,000.00).

5. Expenditure, Time, and Due Diligence Tests. The District reasonably expects that at least eighty-five percent of the Net Sale Proceeds of the Bonds allocable to the Project will be allocated to expenditures for the Project within three years of the date hereof. The District will incur within six months of the date hereof a substantial binding obligation (i.e., not subject to contingencies within the control of the District or a related party) to a third-party to expend at least five percent of the Net Sale Proceeds of the Bonds allocable to the Project on the costs of the Project. The completion of acquisition, construction, equipment and improvement of the Project and the allocation of Net Sale Proceeds of the Bonds allocable to the Project to expenditures for the Project will proceed with due diligence. Any expectations as to changes in

interest rates or the provisions of Title 26 of the United States Code (or in the regulations and rulings thereunder) were not taken into account in making the expectations described in this Certificate.

6. No Replacement. No portion of the amounts received from the sale of the Bonds will be used as a substitute for other funds which were otherwise to be used as a source of financing for any of the purposes specified in Section 2 hereof and which have been or will be used to acquire, directly or indirectly, Investment Property producing a Yield in excess of the Yield of the Bonds. The weighted average reasonably expected economic life of the facilities financed by the Bonds, determined as of the issue date, is at least 7 years. JNA Consulting Group, LLC (the "Municipal Advisor") has certified that the average maturity of the Bonds is not greater than 5.614 years. The average maturity of the Bonds therefore does not exceed 120% of the average reasonably expected economic life of the facilities financed with the Bonds.

7. Debt Service Fund. The expected source of payment of principal of, and interest on, the Bonds will be all legally available funds of the District and if such amounts are insufficient, General Taxes on all property, both real and personal, subject to taxation within the boundaries of the District and other moneys deposited from time to time, to pay principal of, and interest on, the Bonds as it becomes due as provided in the Resolution. Such amounts are deposited into the Medium-Term Debt Service Account, as defined in the Resolution (the "Bond Fund") to be used to pay principal of, and interest on, the Bonds. Amounts deposited in the Bond Fund will be depleted at least annually, except for a reasonable carryover amount, if any, not to exceed the greater of (i) the earnings on the funds for the immediately preceding Bond Year, or (ii) one-twelfth (1/12) of the principal and interest payments on the Bonds for the immediately preceding Bond Year.

8. Rebate Fund. All amounts to be deposited into the Rebate Fund and all amounts on deposit therein shall be paid to the Department of Treasury at the times and in the amounts required by this Tax Certificate.

9. Application of Investment Earnings. Net investment earnings on amounts in any fund or account will be retained therein and used for the purposes thereof.

10. No Other Funds. Other than the funds described herein, no fund or account of any such fund which secures or otherwise relates to the Bonds has been established, nor are any funds or accounts expected to be established, pursuant to any instrument.

11. Single Issue. The District does not expect to issue other obligations which will be: (a) sold at substantially the same time as the Bonds (i.e., less than 15 days apart); (b) sold pursuant to the same plan of financing with the Bonds; and (c) reasonably expected to be paid for from substantially the same source of funds as will be used to pay the Bonds.

12. Temporary Periods and Yield Limitations.

12.1. All amounts allocable to the costs of issuing the Bonds and all investment income thereon will be used for the payment of costs of issuance on or before three years from the date hereof. Such amounts may be invested without regard to Yield restriction. Investment earnings on such amounts that are retained therein may be invested without regard to Yield restriction for a period not to exceed one year from the date of receipt of the amount earned. Such amounts are, however, subject to the Rebate Requirement set forth in Exhibit B hereto.

12.2. Proceeds derived from the sale of the Bonds deposited into the Acquisition Account to finance the cost of the Project may be invested without regard to Yield restriction (subject to the Rebate Requirement) for a period not to exceed three years from the date hereof and, thereafter, shall be invested at a Yield not in excess of the Yield of the Bonds. Investment earnings on obligations acquired with such proceeds may be invested without regard to Yield restriction (subject to the Rebate Requirement) for a period not exceeding three years from the date hereof or one year from receipt thereof, whichever is longer and, thereafter shall be invested at a Yield not in excess of the Yield of the Bonds.

12.3. Amounts deposited in the Bond Fund may be invested without regard to Yield restrictions for a period not to exceed thirteen months from the date of deposit of such amounts to such fund.

12.4. Investment earnings on amounts deposited into the Bond Fund may be invested without regard to Yield restriction for a period ending 13 months from the date of initial receipt and thereafter at a Yield not in excess of the Yield on the Bonds.

13. Bond Yield. The Yield of the Bonds, as calculated by the Municipal Advisor, is 1.5000%.

14. No Reimbursement of Prior Expenditures. No portion of the proceeds of the Bonds to be applied to the cost of the Project will be used to reimburse the District for expenditures incurred thereby with respect to the Project in anticipation of the issuance of the Bonds.

15. Rebate and Accounting. The District will comply with Exhibit B - Rebate and Exhibit C - Allocation and Accounting Rules throughout the term of the Bonds. There are several elections which must be made as of the date of issuance with respect to the Rebate Requirement.

(i) With respect to any reasonably required reserve fund, an election can be made not to include the earnings thereon in Available Construction Proceeds for purposes of calculating the two-year expenditure requirement. If this election is made, the earnings on the reserve fund are subject to the Rebate Requirement from the date of issuance. The District hereby does not make this election.

(ii) For purposes of demonstrating that the Bonds constitute a construction issue within the meaning of Section 148(f)(4)(C)(iv) of the Code, an election can be made, with respect to the provisions that are based on the District's reasonable expectations, to apply all of those provisions based on actual facts. The District hereby does make this election.

(iii) Where less than 75% of the Available Construction Proceeds of an issue are to be used for construction expenditures, such as where an issue is part construction and part non-construction, an election may be made to treat each portion as a separate issue. If this election is made, only one "issue" (the construction part) can qualify for the two-year rule. The District hereby does not make this election.

(iv) Where the expenditure requirements are not met, the District may elect to be subject to a penalty in lieu of being subject to the rebate rules. The penalty is the product of 1.5% and under-expended proceeds as of the end of the spending period. For each spending period, under-expended proceeds is the difference between the Available Construction Proceeds spent and the Available Construction Proceeds required to be spent according to the expenditure schedule. The penalty is to be recalculated and paid for each spending period until the Bonds and any bonds issued to refund the Bonds are repaid. The penalty must be remitted within 90 days of the end of the spending period to which it relates. The District hereby does not make this election.

16. Prohibited Uses of Proceeds; Federal Guarantees; Miscellaneous.

16.1. None of the proceeds of the Bonds will be used (directly or indirectly) to acquire any Nongovernmental Output Property or to make or finance loans to persons other than Governmental Units, other than (i) loans which enable the borrower to finance any governmental tax or assessment of general application for specific essential governmental functions or (ii) loans which consist of investments in Nonpurpose Investments.

16.2. Not more than an amount which is less than 5% of the proceeds of the Bonds will be used to finance Output Facilities other than facilities for furnishing water, any portion of the output of which is dedicated to or otherwise made available for use by persons other than Governmental Units on a basis other than that provided to the general public.

16.3. Not more than 10% of the proceeds of the Bonds will be used (directly or indirectly) in a trade or business (or to finance facilities which are used in a trade or business) carried on by any person other than a Governmental Unit. Not more than 5% of the proceeds of the Bonds will be used (directly or indirectly) in a trade or business (or to finance facilities which are used in a trade or business) carried on by any person other than a Governmental Unit which private business use is not related to any governmental use or is disproportionate to governmental use, all as described in Section 141(b)(3) of the Code ("Unrelated or Disproportional Use"). For the purpose of this Section, use as a member of the general public shall not be taken into account.

16.4. The immediately preceding subsection shall apply only if the payment of 10% or more (5% or more in the case of Unrelated or Disproportional Use) of the principal of or interest on the Bonds is (under the terms of the Bonds or any underlying arrangement) directly or indirectly secured by any interest in property used or to be used for a private business use or in payments in respect of such property or derived from payments whether or not to the District in respect of property or borrowed money used or to be used for a private business use.

16.5. The payment of the principal of and interest on the Bonds is not and will not be guaranteed directly or indirectly by the federal government within the meaning of Section 149(b) of the Code.

16.6. Not more than 50% of the proceeds of the Bonds will be invested in Nonpurpose Investments having a substantially guaranteed Yield for 4 or more years.

16.7. The District reasonably expects that at least 85% of the spendable proceeds of the Bonds will be used to carry out the governmental purposes of such issue within the 3-year period beginning on the date hereof; and not more than 50% of the proceeds of the Bonds will be invested in Nonpurpose Investments having a substantially guaranteed Yield for 4 or more years.

16.8. None of the amount received from the sale of the Bonds will be used to refund or refinance any Tax-Exempt Obligations including, for the purposes of this paragraph only, Tax-Exempt Obligations which are specified private activity bonds as defined in Section 57(a)(5)(C) of the Code.

16.9. The District does not expect to sell or otherwise dispose of the projects financed by the Bonds before final retirement of the Bonds.

16.10. In the Resolution, the District designated the Bonds as qualified tax-exempt obligations for purposes of 265(b)(3)(B) of the Code. The District does not expect to issue more than $10,000,000 of tax-exempt obligations during calendar year 2020.

16.11. This Tax Certificate is, in part, to serve as a guideline in implementing the requirements of Sections 141 to 150 of the Code. If regulations, rulings, announcements and notices validly promulgated under the Code contain requirements which differ from those outlined here which must be satisfied for the Bonds to be Tax-Exempt Obligations or in order to avoid the imposition of penalties under Section 148 of the Code, pursuant to the covenants contained in the Resolution, the District is obligated to take such steps as are necessary to comply with such requirements. If under those pronouncements, compliance with any of the requirements of this Tax Certificate is not necessary to maintain the exclusion of interest on the Bonds from gross income and alternative minimum taxable income (except to the extent of certain adjustments applicable to corporations) or to avoid the imposition of penalties on the District under Section 148 of the Code, the District shall not be obligated to comply with that requirement. The District has been advised to seek the advice of competent counsel with a nationally recognized expertise in matters affecting exclusion of interest on municipal bonds from gross income for federal income tax purposes in fulfilling its obligations under the Code to take all steps as are necessary to maintain the status of the Bonds as Tax-Exempt Obligations.

Dated March 10, 2020

EXHIBIT A

DEFINITIONS

A.1. "Available Construction Proceeds" means, with respect to the Bonds, the amount equal to the sum of the issue price of the Bonds, earnings on such issue price, earnings on any amounts in a reasonably required reserve or replacement fund not funded by the Bonds and earnings on all of the foregoing earnings, less the amount of such issue price deposited in a reasonably required reserve or replacement fund and less the issuance costs financed by the Bonds. For purposes of this definition, earnings include earnings on any tax-exempt bond. Earnings on any reasonably required reserve or replacement fund are Available Construction Proceeds only to the extent that those earnings accrue before the earlier of (i) the date construction is substantially completed or (ii) the date that is two years after the issue date. For this purpose, the date construction is substantially completed is either the date that the construction financed with the proceeds of the Bonds is substantially complete or the date on which construction is abandoned. In no event, however, will construction be considered substantially completed earlier than the date that the District has spent Available Construction Proceeds on the construction in an amount equal to at least 90% of the total cost of construction that the District reasonably expects as of such date will be financed with proceeds of the Bonds. If only a portion of the construction is abandoned, the date of substantial completion is the date that the non-abandonment portion of the construction is substantially completed.

A.2. "Bond Year" means the one-year period (or, in the case of the first Bond Year, the shorter period from the date of issue of the Bonds) ending on the day in the calendar year that is selected by the District. If no day is selected by the District before the earlier of the final maturity of the Bonds or the date that is five years after the date of issue, each Bond Year ends at the close of business on the day preceding the anniversary date of the issue date and on the final maturity date.

A.3. "Code" means the Internal Revenue Code of 1986, as amended to the date of the Tax Certificate to which this exhibit is attached.

A.4. "Commingled Fund" means any fund or account containing both Gross Proceeds of an issue and amounts in excess of $25,000 that are not Gross Proceeds of that issue if the amounts in the fund or account are invested and accounted for collectively, without regard to the source of funds deposited in the fund or account.

A.5. "Computation Date" means each date on which the Rebate Amount for an issue is computed.

A.6. "Computation Date Credit" means with respect to an issue a credit of $1,760 (as may be adjusted from time to time by the Treasury Department) against the rebatable arbitrage on (i) the last day of each Bond Year during which there are amounts allocated to Gross Proceeds of an issue subject to the Rebate Requirement; and (ii) the final maturity date for an issue.

A.7. "Computation Date Period" means the period between Computation Dates. The first Computation Period begins on the date hereof and ends on the first Computation Date. Each succeeding Computation Period begins on the date immediately following the Computation Date and ends on the next Computation Date.

A.8. "Construction Expenditures" means capital expenditures (i.e., costs of a type that are properly chargeable to a capital account, or that would be so chargeable with a proper election under general federal income tax principles or with the application of the definition of Placed in Service) that, on or before the date the property financed by the expenditures is placed in service, are allocable to the cost of (i) Constructed Personal Property or (ii) Real Property (other than expenditures for the acquisition of any interest in land and the acquisition of any interest in existing Real Property other than land, except that expenditures are not for the acquisition of an interest in existing Real Property other than land if the purchase contract requires the seller to build or install the property (such as under a "turnkey contract") and the property has not been built or installed at the time the parties enter into the contract, provided that, if the property has been partially built or installed at the time the parties enter into the contract, expenditures that are allocable to the portion of the property built or installed before that time are expenditures for the acquisition of existing Real Property).

A.9. "Constructed Personal Property" means Tangible Personal Property (or, if acquired pursuant to a single acquisition contract, properties) or Specially Developed Computer Software if a substantial portion of the property or properties is completed more than 6 months after the earlier of the date construction or rehabilitation commenced and the date the District entered into an acquisition contract; based on the reasonable expectations of the District, if any, or representations of the person constructing the property, with the exercise of due diligence, completion of construction or rehabilitation (and delivery to the District) could not have occurred within that 6-month period; and if the District itself builds or rehabilitates the property, not more than 75% of the capitalizable cost if attributable to property acquired by the District (such as components, raw materials, and other supplies).

A.10. "Governmental Unit" means a state or political subdivision thereof. Such term does not include the United States or any agency or instrumentality thereof.

A.11. "Gross Proceeds" means the Proceeds of the Bonds and any Replacement Proceeds for the Bonds.

A.12. "Investment Proceeds" means any amounts actually or constructively received from investing Proceeds of the Bonds.

A.13. "Investment Property" means any security or obligation within the meaning of Section 148(b)(2) of the Code, any annuity contract, any interest in any residential rental property for family units which is not located within the jurisdiction of the District, any "specified private activity bond" within the meaning of Section 57(a)(5)(c) of the Code, and any other "Investment-Type Property."

A.14. "Investment-Type Property" means any property that is held principally as a passive vehicle for the production of income. A prepayment for property or services is Investment-Type Property if a principal purpose for prepaying is to receive an investment return from the time the prepayment is made until the time payment would otherwise be made. A prepayment is not Investment-Type Property if prepayments on substantially the same terms are made by a substantial percentage of persons who are similarly situated to the District but who are not beneficiaries of tax-exempt financing.

A.15. "Multipurpose Issue" means an issue that is used for two or more separate governmental purposes.

A.16. "Net Sale Proceeds" means Sale Proceeds, less the portion of those Sale Proceeds invested in a reasonably required reserve or replacement fund.

A.17. "Nongovernmental Output Property" means any property (or interest therein) which prior to the date such property was acquired by the District was used (or held for use) by a person other than a governmental unit, in connection with an Output Facility (other than a facility for the furnishing of water), as provided in Section 141(d) of the Code.

A.18. "Nonpurpose Investment" means any Investment Property that is not a Purpose Investment.

A.19. "Output Facility" means electric and gas generation, transmission, distribution, and related facilities, and water collection, storage and distribution facilities according to Section 141(b)(4) of the Code.

A.20. "Payment" means amounts actually or constructively paid to acquire a Nonpurpose Investment (or treated as paid to a Commingled Fund):

a. in the case of a Nonpurpose Investment that is first allocated to an issue on a date after it is actually acquired (e.g., an investment that becomes allocable to Transferred Proceeds or to Replacement Proceeds) or that becomes subject to the Rebate Requirement on a date after it is actually acquired (e.g., an investment allocated to a reasonably required reserve or replacement fund for a construction issue at the end of the two-year spending period), the Value of that investment on that date;

b. in the case of a Nonpurpose Investment that was allocated to an issue at the end of the preceding Computation Period, the Value of that Nonpurpose Investment at the beginning of the Computation Period; and

c. the Computation Date Credit.

A.21. "Pre-issuance Accrued Interest" means amounts representing interest that has accrued on an obligation for a period of not greater than one year before its issue date but only if those amounts are paid within one year after the date hereof.

A.22. "Present Value" in general means with respect to an investment on any date an amount equal to the present value of all unconditionally payable Receipts to be received from and Payments to be paid for the investment after that date, using the Yield on the investment as the discount rate. Present value of an investment is computed under the economic accrual method, using the same compounding interval and financial conventions used to compute the Yield of the Bonds.

A.23. "Proceeds" of the Bonds means any Sale Proceeds, Investment Proceeds and Transferred Proceeds of an issue.

A.24. "Purpose Investment" means an investment that is acquired to carry out the governmental purpose of an issue.

A.25. "Qualified Administrative Costs" means reasonable, direct administrative costs, other than carrying costs, such as separately stated brokerage and selling commissions that are comparable to those charged nongovernmental entities in transactions not involving tax-exempt bond proceeds, but not legal and accounting fees, recordkeeping, custody or similar costs. For a guaranteed investment contract, a broker's commission paid on behalf of either a District or the provider is not a Qualified Administrative Cost to the extent that the commission exceeds the lesser of (i) $41,000 (as may be adjusted from time to time by the Treasury Department) and (ii) 0.2% of the amount of Gross Proceeds the District reasonably expects, as of the date the contract is acquired, to be deposited in the guaranteed investment contract over the term of the contract, or if more $4,000.

A.26. "Real Property" means land and improvements thereto, such as buildings or other inherently permanent structures, including interests in real property. For example, Real Property includes wiring in a building, plumbing systems, central heating or air-conditioning systems, pipes or ducts, elevators, escalators installed in a building, paved parking areas, roads, wharves and docks, bridges, and sewage lines.

A.27. "Reasonable Retainage" means an amount, not to exceed 5% of Available Construction Proceeds as of the end of the fourth spending period that is retained for reasonable business purposes relating to the property financed with the proceeds of the Bonds, such as to ensure or promote compliance with the terms of a construction contract. Retainage is reasonable if the retained amount is not yet payable, or, at the end of the 2-year period following the issue date, the District determines that an actual dispute exists regarding either completion of construction or payment.

A.28. "Rebate Amount" means with respect to the Bonds, the amount computed as described in Exhibit B to the Tax Certificate.

A.29. "Rebate Fund" means the separate fund established by the District as described in Section 8 of the Tax Certificate.

A.30. "Rebate Requirement" shall have the meaning ascribed thereto in Exhibit B to the Tax Certificate.

A.31. "Receipt" means:

a. amounts actually or constructively received from a Nonpurpose Investment (including amounts treated as received from a Commingled Fund);

b. in the case of a Nonpurpose Investment that ceases to be allocated to an issue before its disposition or redemption date (e.g., an investment that becomes allocable to Transferred Proceeds of another issue or that ceases to be allocable to the issue pursuant to the Universal Cap) or that ceases to be subject to the Rebate Requirement on a date earlier than its disposition or redemption date (e.g., an investment allocated to a fund initially subject to the Rebate Requirement but that subsequently qualifies as a bona fide debt service fund), the Value of that Nonpurpose Investment on that date; and

c. in the case of a Nonpurpose Investment that is held at the end of a Computation Period, the Value of that Nonpurpose Investment at the end of that Computation Period.

A.32. "Regulations" means the Treasury Regulations promulgated under Sections 103 and 141 through 150 of the Code, and to the extent applicable, any subsequent amendments to such regulations or any successor regulations.

A.33. "Replacement Proceeds" means amounts that have a sufficiently direct nexus to an issue to conclude that the amounts would have been used for that governmental purpose if the Proceeds of the issue were not used or to be used for that governmental purpose. For this purpose, "governmental purposes" include the expected use of amounts for the payment of debt service on a particular date. The mere availability or preliminary earmarking of amounts for a governmental purpose, however, does not in itself establish a sufficient nexus to cause those amounts to be Replacement Proceeds. Replacement Proceeds include, but are not limited to, amounts held in a sinking fund or a pledged fund. For these purposes, an amount is pledged to pay principal of or interest on an issue if there is reasonable assurance that the amount will be available for such purposes in the event that the District encounters financial difficulties.

A.34. "Reserve or Replacement Fund" includes any reasonably required reserve or replacement fund (as described in Section 148(d) of the Code), any fund reasonably expected to be used to pay the principal of or interest on the Bonds (including any sinking fund (as defined in Regulation Section 1.148-1(c)(2)) for the Bonds and any bona fide debt service fund (as defined in Regulation Section 1.148-1(b)), any fund pledged directly or indirectly to the payment of the Bonds in such a manner that the owners of the Bonds have a reasonable assurance that the fund will be available to directly or indirectly pay debt service on the Bonds if the District encounters financial difficulties, and any other amounts treated as being in a reserve or replacement fund by the Regulations.

A.35. "Sale Proceeds" means any amounts actually or constructively received by the District from the sale of the Bonds, including amounts used to pay underwriter's discount or compensation and interest other than Pre-issuance Accrued Interest.

A.36. "Specially Developed Computer Software" means any program or routine used to cause a computer to perform a desired task or set of tasks, together with the documentation required to describe and maintain such program, provided that the software is specially developed and is functionally related and subordinate to Real Property or other Constructed Personal Property.

A.37. "Tangible Personal Property" means any tangible property except Real Property and includes interests in tangible personal property (e.g., machinery that is not a structural component of a building and furnishings).

A.38. "Tax Certificate" means the Federal Tax Exemption Certificate to which this Exhibit is attached delivered by the District in connection with the issuance of the Bonds.

A.39. "Tax-Exempt Obligation" means any obligation the interest on which is excluded from gross income under Section 103(a) of the Code and which is not a specified private activity bond as defined in Section 57(a)(5)(C) of the Code. Such term includes an interest in a regulated investment company to the extent that at least 95 percent of the income to the holder of the interest is interest that is excludable from gross income under Section 103(a) of the Code.

A.40. "Transferred Proceeds" has the meaning assigned to such term in Regulation Section 1.148-1(b).

A.41. "Universal Cap" means the Value of all then outstanding bonds of the issue.

A.42. "Value (of a Bond)" means with respect to a bond issued with not more than two percent original issue discount or original issue premium, the outstanding principal amount, plus accrued unpaid interest; for any other bond, its Present Value.

A.43. "Value (of an Investment)" means any of the following:

a. with respect to an investment with not more than two percent original issue discount or original issue premium, the outstanding stated principal amount, plus accrued unpaid interest;

b. with respect to a fixed rate investment, its Present Value;

c. except as provided in (d), with respect to any investment, its fair market value; or

d. with respect to any yield-restricted investment, its Present Value.

A.44. "Yield of the Bonds" means the discount rate that, when used in computing the Present Value as of the issue date of the Bonds of all unconditionally payable

payments of principal, interest, and fees for qualified guarantees reasonably expected to be paid on the issue produces an amount equal to the Present Value, using the same discount rate, of the aggregate issue price on the Bonds of the issue as of the issue date. Mandatory and expected contingent redemptions are taken into account, based on reasonable expectations as of the issue date. If Bonds subject to mandatory redemption have a stated redemption price at maturity in excess of one-fourth of one percent multiplied by the product of the stated redemption price at maturity and the number of years to their weighted average maturity date (determined by taking into account the mandatory redemption schedule), then, in computing Yield of the Bonds, such bonds are treated as redeemed at their Present Value; otherwise such bonds are treated as redeemed at their outstanding stated principal amount plus accrued unpaid interest. Optional redemptions are not taken into account in determining the Yield of the Bonds unless they satisfy one of the three following conditions:

a. The Bonds are subject to optional redemption within 5 years of the issue date and the Yield on the issue computed by assuming all Bonds so subject to redemption are redeemed at maturity is more than one-eighth of one percent higher than the Yield on that issue computed by assuming all such Bonds are redeemed at the earliest date for their redemption;

b. The Bonds are issued at an issue price that exceeds the stated redemption price at maturity by more than one-fourth of one percent multiplied by the product of the stated redemption price at maturity and the number of complete years to the first optional redemption date (e.g., an original issue premium in excess of 2.5% in the case of a 10-year no call bond); o

c. The Bond subject to optional redemption bears interest at increasing interest rates (i.e., a stepped coupon bond).

A.45. "Yield of an Investment" means the discount rate that, when used in computing the Present Value of all unconditionally payable Receipts from the investment, produces an amount equal to the Present Value of all unconditionally payable Payments for the investment. Unless otherwise decided by the District, the Yield on any investments and the Yield of the Bonds shall be calculated using a 360-day year and a semi-annual compounding interval.

EXHIBIT B

REBATE

B.1. Generally. In order to implement the provisions of Section 148(f) of the Code, the District will establish a separate fund called the Rebate Fund into which will be deposited any amount required to be rebated to the federal government pursuant to Section 148(f) of the Code. Section 148(f) of the Code requires that certain earnings on Nonpurpose Investments allocable to the Gross Proceeds of the Bonds be paid to the federal government to prevent the Bonds from being arbitrage bonds. The arbitrage that must be rebated is based on the difference between the amount actually earned on Nonpurpose Investments and the amount that would have been earned if those investments had a Yield equal to the Yield of the Bonds. As of any date, the Rebate Amount for the Bonds is the excess of the future value, as of that date, of all Receipts on Nonpurpose Investments over the future value, as of that date, of all Payments on Nonpurpose Investments (taking into account that the Computation Date Credit is a Payment on Nonpurpose Investments). The future value of a Payment or Receipt at the end of any period is determined using the economic accrual method and equals the value of that Nonpurpose Payment or Receipt when it is paid or received (or treated as paid or received), plus interest assumed to be earned and compounded over the period at a rate equal to the Yield of the Bonds, using the same compounding interval and financial conventions used to compute the Yield of the Bonds. In order to meet the Rebate Requirements of the Code, unless Subsection B.10, B.11, or B.12 applies or unless during each Bond Year all Gross Proceeds are invested at a Yield that is less than the Yield of the Bonds or are invested in Tax-Exempt Obligations, the District will comply with and take the action required by this Exhibit B.

B.2. Computation Dates. The District may treat any date as a Computation Date. After the first required rebate payment is made, the District must consistently treat either the end of each Bond Year or the end of each fifth Bond Year as Computation Dates and may not change these Computation Dates after the first rebate payment is made.

B.3. Final Computation Date. The date that the Bonds are discharged is the Final Computation Date. For an issue retired within three years of the issue date, however, the Final Computation Date need not occur before the end of 8 months after the issue date or during the period in which the District reasonably expects that any of the spending exceptions to the Rebate Requirement will apply to the issue.

B.4. Amount of Required Rebate Installment Payments. For Computation Dates other than the Final Computation Date, the District must rebate an amount that when added to the future value, as of that Computation Date, of previous rebate payments made for the Bonds, equals at least 90% of the rebate amount as of that date. In all events, the first rebate payment must be made for a Computation Date that is not later than five years after the issue date and subsequent payments must be made for a Computation Date that is not later than five years after the previous Computation Date for which a payment was made. For the Final Computation Date, a final rebate payment must be paid in an amount that, when added to the future value of previous rebate payments made for the Bonds, equals 100% of the rebate amount as of that date.

B.5. Bona Fide Debt Service Fund Exception. As the Bonds are not private activity bonds and have an average maturity of greater than five years and a fixed rate of interest, amounts earned on moneys in the Medium-Term Debt Service Fund shall not be taken into account for purposes of complying with the Rebate Requirement.

B.6. Time and Manner of Rebate Payment. Each rebate payment must be paid no later than 60 days after the Computation Date to which the payment relates. Any rebate payment paid within this 60-day period may be treated as paid on the Computation Date to which it relates. Each payment made pursuant to the requirements of this Exhibit shall be filed with the Internal Revenue Service Center, Ogden, Utah 84201, and shall be accompanied by Form 8038-T.

B.7. Penalty in Lieu of Loss of Tax Exemption. The failure to pay the correct Rebate Amount when required will cause the Bonds to be arbitrage bonds, unless the Commissioner determines that the failure was not caused by willful neglect and the District promptly pays a penalty to the United States. If no Bond of the issue is a private activity bond (other than a qualified 501(c)(3) bond), the penalty equals 50% of the Rebate Amount not paid when required to be paid, plus interest on that amount. Otherwise, the penalty equals 100% of the Rebate Amount not paid when required to be paid, plus interest on that amount. Interest accrues at the underpayment rate under Section 6621 of the Code, beginning on the date the correct Rebate Amount is due and ending on the date 10 days before it is paid. The penalty is automatically waived if the Rebate Amount that the District failed to pay plus interest is paid within 180 days after discovery of the failure, unless, the Commissioner determines that the failure was due to willful neglect, or the issue is under examination by the Commissioner at any time during the period beginning on the date the failure first occurred and ending on the date 90 days after the receipt of the Rebate Amount. Generally, extensions of this 180-day period and waivers of the penalty in other cases will be granted by the Commissioner only in unusual circumstances.

B.8. Recovery of Overpayment of Rebate. The District may recover an overpayment for an issue of Tax-Exempt Obligations by establishing to the satisfaction of the Commissioner that the overpayment occurred. An overpayment is the excess of the amount paid to the United States for an issue under Section 148 of the Code over the sum of the Rebate Amount for the issue as of the most recent Computation Date and all amounts that are otherwise required to be paid under Section 148 of the Code as of the date the recovery is requested. Notwithstanding the preceding sentence, an overpayment may be recovered only to the extent that a recovery on the date that it is first requested would not result in an additional Rebate Amount if that date were treated as a Computation Date. Furthermore, except for overpayments in certain limited circumstances, an overpayment of less than $5,000 may not be recovered before the Final Computation Date.

B.9. Recordkeeping Requirement. The District must retain records of the determination of its Rebate Requirement until six years after the retirement of the last obligation of the issue.

B.10. Six Month Exception to Rebate. Notwithstanding anything in this Exhibit B to the contrary, if all of the Gross Proceeds of the Bonds (other than amounts on deposit in a bona fide debt service fund) have been expended for the purpose of the issue by no later than the day which is six months after the date of issue of the Bonds, then the Rebate Amount shall be zero until such time as amounts are received, which amounts are held in a sinking fund or any other fund pledged to or expected to be used to pay debt service or such time as any other amounts are pledged as security for the Bonds, and not expended on the payment of principal or interest on the Bonds within 13 months of the date of their receipt. The six-month exception provided by the previous sentence shall apply in the event that Gross Proceeds of the Bonds (other than amounts on deposit in a bona fide debt service fund) in an amount equal to the lesser of 5% of the proceeds of the Bonds or $100,000 have not been expended by the date which is six months after the date the Bonds are issued if all of such Gross Proceeds are expended within one year of the date the Bonds are issued. The six-month exception provided by this paragraph is inapplicable if any reserve fund, sinking fund or pledged fund other than a debt service fund is maintained for the Bonds, whether or not funded from proceeds of the Bonds, except that if a reasonably required reserve or replacement fund (as described in Section 148(d) of the Code) has been established for the Bonds and all of the Gross Proceeds of the Bonds other than amounts in that reasonably required reserve and replacement fund and amounts deposited in a bona fide debt service fund for the Bonds qualify for the six-month exception described in this Section B.10, then the Rebate Amount need only be calculated with respect to all amounts not required to be spent within six months, after such six-month period.

B.11. Two-Year Construction Exception. Notwithstanding anything in this Exhibit B to the contrary, if 75% of the Available Construction Proceeds of an issue of governmental bonds, 501(c)(3) bonds or private activity bonds used to finance property to be owned by a governmental unit or a 501(c)(3) organization are to be used for Construction Expenditures, and all of the Available Construction Proceeds of such issue are reasonably expected, as of the issue date, to be spent (or, at the election of the District on or before the issue date, are actually spent) for the governmental purposes of the Bonds within 24 months from the date hereof according to the schedule set forth below, then the Available Construction Proceeds and the Gross Proceeds of the Bonds used to pay costs of issuance of the Bonds will not be subject to the Rebate Requirement. The applicable schedule of expenditures is as follows:

(i) 10% within 6 months of the date hereof (the "first spending period"),

(ii) 45% within 1 year of the date hereof (the "second spending period"),

(iii) 75% within 18 months of the date hereof (the "third spending period"), and

(iv) 100% within 2 years of the date hereof (the "fourth spending period").

If 95% of the Available Construction Proceeds are spent within 24 months and the extra 5% is needed as a Reasonable Retainage and such amount is spent within three years of the date hereof, the above schedule will be treated as met. For the first three spending periods described above, Available Construction Proceeds include the amount of future earnings that the District reasonably expected as of the issue date. For the fourth spending period described above, Available Construction Proceeds include the actual earnings received. Earnings that

accrue after the end of the 2-year spending period are not part of the Available Construction Proceeds for purposes of this 5% limitation, but are part of Available Construction Proceeds for all other purposes of this subsection. The governmental purposes of the Bonds include payments of interest on but not payments of principal of the Bonds and payments of principal of and interest on other obligations of the District, which interest either (i) accrues on such other obligations during a one-year period including the issue date, (ii) is a capital expenditure as defined in Regulation 1.150-1(b), or (iii) is a working capital expenditure as defined in Regulation Section 1.150-1(b).

If the requirements of this two-year exception are not met, the Rebate Requirement is to be calculated as otherwise described in this Exhibit B as of the date of issuance. In the event the Bonds satisfy all requirements necessary to qualify for the exemption from the Rebate Requirement described in this subsection, the District may nevertheless subsequently elect to disregard the available exemption from the Rebate Requirement with respect to the Bonds.

There are several elections which may be made as of the date of issuance with respect to these rules. Such elections are set forth in Section 16 of the Tax Certificate.

B.12. 18-Month Rebate Exception. Notwithstanding anything in this Exhibit B to the contrary, if (i) the Gross Proceeds of the Bonds are allocated to expenditures for a governmental purpose of the Bonds within 18 months of the date hereof in accordance with the schedule set forth below, (ii) the Rebate Requirement is met for all amounts not required to be spent in accordance with the 18-month expenditure schedule (as set forth in Regulation Section 1.148-7(c)(3)) (other than earnings on a bona fide debt service fund) and (iii) all of the Gross Proceeds of the Bonds (as defined in Regulation Section 1.148-7(d)(3)(i)) qualify for the initial temporary period under Regulation 1.148-2(e)(2), then the Gross Proceeds of the Bonds will not be subject to the Rebate Requirement. The applicable schedule of expenditures is as follows:

(i) 15% within 6 months of the date hereof (the "first spending period"),

(ii) 60% within 12 months of the date hereof (the "second spending period"), and

(iii) 100% within 18 months of the date hereof (the "third spending period").

The Bonds will not fail to satisfy the spending requirement for the third spending period as a result of a Reasonable Retainage if the Reasonable Retainage is allocated to expenditures within 30 months of the date hereof. For purposes of this rebate exception, Reasonable Retainage refers to the end of the 18-month period, rather than the 24-month period. For purposes of determining compliance with the first two spending periods set forth above, the amount of investment proceeds included in Gross Proceeds of the Bonds is determined based on the District's reasonable expectations on the date hereof.

The 18-month rebate exception may not be available for any portion of the Bonds that is treated as meeting the 2-year construction rebate exception described in subsection B.11 above.

EXHIBIT C

ALLOCATION AND ACCOUNTING RULES

C.1. General Rule. The District may use any reasonable, consistently applied accounting method to account for Gross Proceeds, investments and expenditures of the issue. An accounting method is "consistently applied" if it is applied uniformly within a Fiscal Period (as defined below) and between Fiscal Periods to account for Gross Proceeds of an issue and any amounts that are in a Commingled Fund.

C.2. Allocations of Gross Proceeds to an Issue. Amounts are allocable to only one issue at a time as Gross Proceeds. Amounts cease to be allocated to the issue as Proceeds only when those amounts (i) are allocated to an expenditure for a governmental purpose; (ii) are allocated to Transferred Proceeds of another issue of obligations; or (iii) cease to be allocated to that issue at retirement of the issue or under the Universal Cap.

C.3. Allocation of Gross Proceeds to Investments. Upon the purchase or sale of a Nonpurpose Investment, Gross Proceeds of the issue are not allocated to a payment for that Nonpurpose Investment in an amount greater than, or to a receipt from that Nonpurpose Investment in an amount less than, the fair market value of the Nonpurpose Investment as of the purchase or sale date. The fair market value of a Nonpurpose Investment is adjusted to take into account Qualified Administrative Costs allocable to the investment. Thus, Qualified Administrative Costs increase the payments for, or decrease the receipts from, a Nonpurpose Investment.

C.4. Allocation of Gross Proceeds to Expenditures. Reasonable accounting methods for allocating funds from different sources to expenditures for the same governmental purpose include a "specific tracing" method, a "gross-proceeds-spent-first" method, a "first-in-first-out" method or a ratable allocation method, so long as the method used is consistently applied. An allocation of Gross Proceeds of an issue to an expenditure must involve a current outlay of cash for a governmental purpose of the issue. A current outlay of cash means an outlay reasonably expected to occur not later than five banking days after the date as of which the allocation of Gross Proceeds to the expenditure is made.

C.5. Commingled Funds. All Payments and Receipts (including deemed Payments and Receipts) on investments held by a Commingled Fund must be allocated (but not necessarily distributed) among each different source of funds invested in the Commingled Fund in accordance with a consistently applied, reasonable ratable allocation method. Reasonable ratable allocation methods include, without limitation, methods that allocate Payments and Receipts in proportion to either (i) the average daily balances of the amounts in the Commingled Fund from each different source of funds during any consistent time period within its fiscal year, but at least quarterly (the "Fiscal Period"); or (ii) the average of the beginning and ending balances of the amounts in the Commingled Fund from each different source of funds for a Fiscal Period that does not exceed one month.

Funds invested in the Commingled Fund may be allocated directly to expenditures for governmental purposes pursuant to a reasonable consistently applied accounting method. If a ratable allocation method is used to allocate expenditures from the Commingled Fund, the same ratable allocation method must be used to allocate Payments and Receipts on investments in the Commingled Fund.

Generally a Commingled Fund must treat all its investments as if sold at fair market value either on the last day of the fiscal year or on the last day of each Fiscal Period. The net gains or losses from these deemed sales of investments must be allocated to each different source of funds invested in the Commingled Fund during the period since the last allocation. This mark-to-market requirement does not apply if (i) the remaining weighted average maturity of all investments held by a Commingled Fund during a particular fiscal year does not exceed 18 months, and the investments held by the Commingled Fund during that fiscal year consist exclusively of obligations; or (ii) the Commingled Fund operated exclusively as a reserve fund, sinking fund or replacement fund for two or more issues of the same District. Subject to the Universal Cap limitation, and the principle that amounts are allocable to only one issue at a time as Gross Proceeds, investments held by a Commingled Fund that serves as a common reserve fund, replacement fund or sinking fund must be allocated ratably among the issues served by the Commingled Fund in proportion to either (i) the relative values of the bonds of those issues; (ii) the relative amounts of the remaining maximum annual debt service requirements on the outstanding principal amounts of those issues; or (iii) the relative original stated principal amounts of the outstanding issues.

C.6. Universal Cap. Amounts that would otherwise be Gross Proceeds allocable to an issue are allocated (and remain allocated) to the issue only to the extent that the Value of the Nonpurpose Investments allocable to those Gross Proceeds does not exceed the Value of all outstanding bonds of the issue. Nonpurpose Investments allocated to Gross Proceeds in a bona fide debt service fund for an issue are not taken into account in determining the Value of the Nonpurpose Investments, and those Nonpurpose Investments remain allocated to the issue. To the extent that the Value of the Nonpurpose Investments allocable to the Gross Proceeds of the issue exceed the value of all outstanding bonds of that issue, a District should seek the advice of counsel experienced in the field of municipal bonds for the procedures necessary to comply with the Universal Cap.

C.7. Expenditure for Working Capital Purposes. Subject to certain exceptions, the Proceeds of an issue may only be allocated to "working capital expenditures" as of any date to the extent that those expenditures exceed "available amounts" as of that date (i.e., "proceeds-spent-last").

For purposes of this Section, "working capital expenditures" include all expenditures other than "capital expenditures." "Capital expenditures" are costs of a type properly chargeable (or chargeable upon proper election) to a capital account under general federal income tax principles. Such costs include, for example, costs incurred to acquire, construct, or improve land, buildings and equipment having a reasonably expected useful life in excess of one year. Thus, working capital expenditures include, among other things, expenditures for current operating expenses and debt service.

For purposes of this Exhibit B, "available amount" means any amount that is available to a District for working capital expenditure purposes of the type financed by the issue. Available amount excludes Proceeds of the issuance but includes cash, investments and other amounts held in accounts or otherwise by a District for working capital expenditures of the type being financed by the issue without legislative or judicial action and without a legislative, judicial, or contractual requirement that those amounts be reimbursed. Notwithstanding the preceding sentence, a "reasonable working capital reserve" is treated as unavailable. A working capital reserve is reasonable if it does not exceed five percent of the actual working capital expenditures of a District in the fiscal year before the year in which the determination of available amounts is made. For purposes of the preceding sentence only, in determining the working capital expenditures of a District for a prior fiscal year, any expenditures (whether capital or working capital expenditures) that are paid out of current revenues may be treated as working capital expenditures.

The proceeds-spent-last requirement does not apply to expenditures to pay (i) any Qualified Administrative Costs; (ii) fees for qualified guarantees of the issue or payments for a qualified hedge for the issue; (iii) interest on the issue for a period commencing on the issue date and ending on the date that is the later of three years from the issue date or one year after the date on which the financed project is placed in service; (iv) to the United States for Yield reduction payments (including rebate payments) or penalties for the failure to meet the spend down requirements associated with certain spending exceptions to the Rebate Requirement; (v) costs, other than those described in (i) through (iv) above, that do not exceed five percent of the Sale Proceeds of an issue and that are directly related to capital expenditures financed by the issue (e.g., initial operating expenses for a new capital project); (vi) principal or interest on an issue paid from unexpected excess sale or investment proceeds; (vii) principal or interest on an issue paid from investment earnings on a Reserve or Replacement Fund that are deposited in a bona fide debt service fund; and (viii) principal, interest, or redemption premium on a prior issue and, for a crossover refunding issue, interest on that issue. Notwithstanding the preceding paragraph, the exceptions described above do not apply if the allocation merely substitutes Gross Proceeds for other amounts that would have been used to make those expenditures in a manner that gives rise to Replacement Proceeds.

C.8. Prohibited Investments and Dispositions. Upon the purchase or sale of a Nonpurpose Investment, Gross Proceeds of an issue are not allocated to a Payment for that Nonpurpose Investment in an amount greater than, or to a Receipt from that Nonpurpose Investment in an amount less than, the fair market value of the Nonpurpose Investment as of the purchase or sale date. The fair market value of a Nonpurpose Investment is adjusted to take into account Qualified Administrative Costs allocable to the investment. Thus, Qualified Administrative Costs increase the Payments for, or decrease the Receipt from, a Nonpurpose Investment.

C.9. Valuation of Investments – Fair Market Value. The fair market value of an investment is the price at which a willing buyer would purchase the investment from a willing seller in a bona fide arm's-length transaction. Fair market value generally is determined on the date on which a contract to purchase or sell the Nonpurpose Investment becomes binding (i.e.,

the trade date rather than the settlement date). An investment that is not of a type traded on an established securities market, within the meaning of Section 1273 of the Code, is rebuttably presumed to be acquired or disposed of for a price that is not equal to its fair market value. The fair market value of a United States Treasury obligation that is purchased directly from the United States Treasury is its purchase price.

C.10. Certificates of Deposit. A certificate of deposit that has a fixed interest rate, a fixed payment schedule, and a substantial penalty for early withdrawal shall be treated as purchased at its fair market value if the Yield on the certificate of deposit is not less than (i) the Yield on reasonably comparable direct obligations of the United States; and (ii) the highest Yield that is published or posted by the provider to be currently available from the provider on reasonably comparable certificates of deposit offered to the public.

C.11. Guaranteed Investment Contracts. The purchase price of a guaranteed investment contract is treated as its fair market value on the purchase date if (i) the District makes a bona fide solicitation for a specified guaranteed investment contract and receives at least three bona fide bids from providers that have no material financial interest in the issue (e.g., underwriters or brokers); (ii) the District purchases the highest-yielding guaranteed investment contract for which a qualifying bid is made (determined net of broker's fees); (iii) the Yield on the guaranteed investment contract (determined net of broker's fees) is not less than the Yield then available from the provider on reasonably comparable guaranteed investment contracts, if any, offered to other persons from a source of funds other than Gross Proceeds of Tax-Exempt Obligations; (iv) the determination of the terms of the guaranteed investment contract takes into account as a significant factor the District's reasonably expected drawdown schedule for the amounts to be invested, exclusive of amounts deposited in debt service funds and reasonably Required Reserve or Replacement Funds; (v) the terms of the guaranteed investment contract, including collateral security requirements, are reasonable; and (vi) the obligor on the guaranteed investment contract certifies the administrative costs that it is paying (or expects to pay) to third parties in connection with the guaranteed investment contract.

C.12. Recordkeeping Requirement. To evidence the fair market value of a guaranteed investment contract, the District must retain the following records with the bond documents until three years after the last outstanding Bond is redeemed:

(i) a copy of the investment contract;

(ii) the receipt or other record of the amount actually paid by the District for the guaranteed investment contract, including a record of any administrative costs paid by the District;

(iii) for each bid that is submitted, the name of the person and entity submitting the bid, the time and date of the bid, and the bid results; and

(iv) the bid solicitation form and, if the terms of the purchase agreement or guaranteed investment contract deviated from the bid solicitation form or a submitted bid is modified, a brief statement explaining the deviation and stating the purpose for the deviation.

EXHIBIT D

(ATTACH PROCEDURES FOR ONGOING COMPLIANCE WITH SECTIONS 141 AND 148 OF THE INTERNAL REVENUE CODE)

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA

Procedures for ongoing compliance with Sections 141 and 148 of the Internal Revenue Code

These procedures and the tax certificate and Form 8038-G filed for each issue of tax-exempt bonds will be reviewed by the District Fire Chief or another officer or employee of the Truckee Meadows Fire Protection District, Nevada (the "Issuer"), designated by the Authority Controller in writing (the "Compliance Officer") (i) on or prior to each five-year anniversary date of the issue date of the bonds; (ii) on or within 30 days of the date the bonds are retired, defeased or refunded; (iii) on or prior to the date of any rebate payment made if that date is not within 60 days of one of the dates mentioned in (i) or the date the bonds are retired, defeased or refunded; (iv) at the time of any change in use of any asset that was funded with a material amount of bond proceeds; and (v) at the time of the occurrence or non-occurrence of any other event that could affect the tax status of the bonds, notes or debentures as indicated in the tax certificate (e.g., the occurrence of an event which the tax certificate represents will not occur or is not expected to occur, or the non-occurrence of an event the tax certificate represents will or is expected to occur). In addition, the Compliance Officer will conduct annual compliance checks of the current status of the proceeds of each issue of tax-exempt bonds and the current use of the facilities financed by tax-exempt bonds, notes or debentures. These reviews will be made for the purposes of identifying any possible violation of federal tax requirements and to ensure the timely correction of those violations with remedial action described in the regulations of the United States Department of the Treasury or through the Tax-Exempt Bonds Voluntary Closing Agreement Program. If a possible violation is identified, the Compliance Officer will consult with bond counsel as to the appropriate steps to take.

In addition, to the extent the Issuer has any outstanding bonds, notes or debentures that are not rebate exempt, it is the Issuer's policy to retain rebate consultants to assist in monitoring the compliance of its bond issues with the rebate and yield restriction requirements of Section 148 of the Internal Revenue Code in appropriate circumstances (e.g., where investments are made during a temporary period at a yield in excess of the bond yield, and if any the investments above the bond yield extend beyond the temporary period). If any event of non-compliance is discovered by the Compliance Officer, by the rebate consultants, or otherwise, the Compliance Officer will consult with bond counsel as to the appropriate action to take to remedy the non-compliance, including payment of late payment interest and penalties on rebate and yield reduction payments and through use of the Tax-Exempt Bond Voluntary Closing Agreement Program.

As part of the training of any successor, the District Fire Chief and Compliance Officer will review the requirements of these procedures, the tax certificate and Form 8038-G for each issue of tax-exempt bonds with the successor as part of the successor's transition into office. Any successor District Fire Chief will be encouraged to adopt these procedures as such officer's own.

The Issuer will retain all records relating to tax-exempt bonds and compliance with the requirements of the Internal Revenue Code until at least three years after the last bond of an issue (or any later issue that refinances the issue) is paid and discharged.

PURCHASER'S CERTIFICATE AND RECEIPT

IT IS HEREBY CERTIFIED by the undersigned on behalf of JPMorgan Chase Bank, NA, as the purchaser (the "Purchaser") of the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Medium-Term Bond, Series 2020" (the "Bond") issued as a single bond in the principal amount of $4,415,000:

1. We acknowledge receipt of the Bond in the principal amount of $4,415,000, bearing interest and maturing as provided in resolution adopted and approved by the Board of Directors of the Truckee Meadows Fire Protection District, Nevada, on February 25, 2020 and the Certificate of the Fire Chief dated February 25, 2020, such Bond being registered in the name of the Purchaser.

2. On the date of this Certificate, the Purchaser is purchasing the Bond for the amount of $4,415,000. The Purchaser is purchasing the Bond for itself not for the purpose of offering the Bond for sale to the public. The Purchaser has no present intention to sell, reoffer, or otherwise dispose of the Bond (or any portion of the Bond or any interest in the Bond). The Purchaser has not contracted with any person pursuant to a written agreement to have such person participate in any sale of the Bond and the Purchaser has not agreed with the District pursuant to a written agreement to sell the Bond to persons other than the Purchaser or a related party to the Purchaser.

3. The District and its counsel may rely on these certifications in paragraph 2 in concluding that the Bond meets certain requirements of the Internal Revenue Code of 1986 as amended (the "Code"), relating to tax-exempt bonds; however, nothing herein represents our interpretation of any law and we are not providing any interpretations of law or regulations in executing and delivering this Certificate.

4. The Purchaser represents that (i) it is a sophisticated investor with extensive experience in purchasing and evaluating obligations similar to the Bond, (ii) it is purchasing the Bond for its own account with the present intent of holding it for investment and not with a present view toward resale or other distribution of the Bond or any part thereof, and (iii) it has a net worth of at least $500,000 or more.

DATED as of March 10, 2020.

TRANSFER OF THIS BOND OTHER THAN BY REGISTRATION IS NOT EFFECTIVE

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA
GENERAL OBLIGATION (LIMITED TAX)
MEDIUM-TERM BOND
SERIES 2020

No. R-1

Interest Rate	Maturity Date	Dated as of	Principal Amount
1.500%	March 1, 2030	March 10, 2020	$4,415,000

PRINCIPAL AMOUNT: FOUR MILLION FOUR HUNDRED FIFTEEN THOUSAND DOLLARS

The Truckee Meadows Fire Protection District, Nevada (the "District" and the "State," respectively), for value received, hereby acknowledges itself to be indebted and promises to pay to the registered owner specified on the registration panel appended hereto, or registered assigns, the principal amount specified above, in installments of principal in the amounts and on the dates as provided in the resolution authorizing the issuance of this Bond adopted by the Board of Trustees of the District on February 25, 2020 (the "Resolution"). Each principal installment shall bear interest from the dated date stated above until payment of such installment of principal shall have been discharged as provided in the Resolution, at the interest rate stated above, being payable semiannually on March 1 and September 1 of each year, commencing on September 1, 2020. Interest on this Bond shall be calculated on the basis of a 360-day year consisting of twelve 30-day months.

The final payment of principal of and interest on this Bond is payable upon presentation and surrender hereof at the office of the District's paying agent for this Bond (the "Paying Agent"), presently the District's Fire Chief, who is also now acting as the District's Registrar for this Bond (the "Registrar") or such other office as designated by the Paying Agent. Installments of principal and interest on this Bond prior to the final payment will be made by check mailed by the Paying Agent on each payment date (or, if such date is not a business day, on the next succeeding business day) to the person in whose name this Bond is registered (the "registered owner") in the registration records of the District maintained by the Registrar, at the address appearing thereon as of the close of business on the day next preceding such payment date. Alternative means of payment of interest may be used if mutually agreed to by the registered owner and the Paying Agent, as provided in the Resolution. All such payments shall be made in lawful money of the United States of America without deduction for any service charges of the Paying Agent or the Registrar.

From and after the date on which the interest on this Bond is first includable in gross income of the registered owner thereof (the "Taxable Date"), under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date of delivery of this Bond (the "Tax Code"), as a result of any action or omission of any action by the District or any misrepresentation or inaccuracy in any of the representations, warranties or covenants of

SPECIMEN

the District in connection with the issuance or sale of this Bond, which has the effect of causing interest paid or payable on this Bond to become includable, in whole or in part, in the gross income of the registered owner thereof under the Tax Code, as determined by a Determination of Taxability, this Bond shall bear interest at the rate of 1.92% per annum ("Taxable Rate"). For the purposes of this paragraph, "Determination of Taxability" means and shall be deemed to have occurred on the first to occur of the following: (a) the receipt by the District or a registered owner of this Bond of an Internal Revenue Service Technical Advice Memorandum or Statutory Notice of Deficiency or other written correspondence which legally holds that interest on this Bond is includable in the gross income of the registered owner thereof under the Tax Code; (b) the issuance of any public or private ruling of the Internal Revenue Service to the District that interest on this Bond is includable in the gross income of the registered owner thereof under the Tax Code; or (c) receipt by the District or registered owner of this Bond of a written opinion of Bond Counsel to the District that the interest on this Bond is or has become includable in the gross income of the registered owner thereof under the Tax Code. Upon a Determination of Taxability, the District will pay the registered owner of this Bond (including any former registered owner) on demand of such registered owner (a) an amount equal to the difference between the interest on this Bond that would have been paid to such registered owner during the period for which the interest on this Bond is determined to be includable in the gross income of such registered owner (the "Taxable Period") if this Bond had borne interest at the Taxable Rate, and the amount of interest actually paid to the registered owner during such Taxable Period, and (b) an amount equal to any interest, penalties or charges owed by such registered owner as a result of interest on this Bond becoming includable in the gross income of such registered owner under the Tax Code.

The installments of principal on this Bond are not subject to prepayment prior to their respective payment dates.

This Bond must be registered in the name of the owner as to both principal and interest on the registration records kept by the Registrar in conformity with the provisions stated herein and endorsed hereon and subject to the terms and conditions set forth in the Resolution. No transfer of this Bond shall be valid unless made on the registration records maintained at the principal office of the Registrar by the registered owner or his or her attorney duly authorized in writing.

The District and the Registrar and Paying Agent may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for the purpose of payment and for all other purposes, except to the extent otherwise provided hereinabove and in the Resolution with respect to Regular and Special Record Dates (as such terms are defined in the Resolution) for the payment of interest.

This Bond is issued by the District upon its behalf and upon the credit thereof, for the purpose of financing a portion of the cost of purchasing fire-fighting equipment, including fire engines and other vehicles, under the authority of and in full compliance with the Constitution and laws of the State, and pursuant to the Resolution.

This Bond is issued pursuant to Nevada Revised Statutes ("NRS") 350.087 to 350.095, inclusive (the "Act"), pursuant to NRS 350.500 through 350.720, and all laws amendatory thereof, designated in NRS 350.500 thereof as the "Local Government Securities

SPECIMEN

Law" (the "Bond Act"), pursuant to NRS 474.460 through 474.540 (the "Project Act"), pursuant to NRS Chapter 348, and pursuant to the Resolution; pursuant to NRS 350.628, this recital is conclusive evidence of the validity of this Bond and the regularity of its issuance; and pursuant to NRS 350.710 of the Bond Act, this Bond, its transfer, and the income therefrom shall forever be and remain free and exempt from taxation by the State or any subdivision thereof, except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to Chapter 375B of NRS.

The District has designated this Bond as a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3)(B) of the Internal Revenue Code of 1986, as amended.

This Bond, as to all Bond Requirements, shall be payable from any moneys of the District legally available for the purpose of making such payment and the full faith and credit of the District are hereby irrevocably pledged for making such payment. Provision for the payment of this Bond shall be made as provided in NRS 350.093 and 350.095, provided, however, that ad valorem taxes levied for the purpose of paying the principal of and interest on this Bond is subject to the limitations contained in the Constitution and the statutes of the State, including, without limitation, the limitations on ad valorem taxes contained in NRS 354.59811, 354.5913, 354.59815, 354.5982 and 361.453. The District is not authorized to levy ad valorem taxes to pay the principal of or interest on this Bond exempt from the limitations of any such statutes, but the District has covenanted in the Resolution to make sufficient provision annually in its budget to pay the Bond Requirements of this Bond, when due.

The District covenants and agrees with the owner of this Bond and with each and every person who may become the owner hereof that it will keep and will perform all of the covenants of the Resolution.

No recourse shall be had for the payment of the Bond Requirements of this Bond or for any claim based thereon or otherwise in respect to the Resolution or other instrument pertaining thereto against any individual member of the Board, or any officer or other agent of the District, past, present, or future, either directly or indirectly through the Board or otherwise, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any penalty or otherwise, all such liability, if any, being by the acceptance of this Bond and as a part of the consideration of its issuance specially waived and released.

It is hereby certified, recited, declared and warranted that all actions required to be taken prior to the issuance hereof have been had and taken by the District; that the issuance of this Bond has been approved by the Executive Director of the Department of Taxation of the State of Nevada as required by the Act, and that the principal of this Bond, when added to other District indebtedness, does not exceed the limits on indebtedness of the District provided in the Constitution and statutes of the State.

This Bond shall not be valid or obligatory for any purpose until the Registrar shall have manually signed the registration panel attached hereto.

SPECIMEN

IN WITNESS WHEREOF, the Board of Fire Commissioners of the Truckee Meadows Fire Protection District, Nevada, has caused this Bond to be signed and executed in its name and on its behalf with the manual signature of the Chair, countersigned by the manual signature of the District Treasurer, attested by the manual signature of the District Secretary with the seal of the District affixed hereto, all as of the date of the delivery hereof.

FORM OF PROVISION FOR REGISTRATION AS TO PRINCIPAL AND INTEREST

This Bond must be registered as to both principal and interest on the registration records of the District, kept by the District's Fire Chief, as Registrar. After registration as to principal and interest, the Registrar shall note such registration on such registration records and in the registration blank below, and the principal and interest on this Bond shall be paid to such registered owner. This Bond may be transferred by the registered owner or such owner's legal representative only upon a duly executed assignment in form satisfactory to the Registrar, such transfer to be made on said registration records and endorsed hereon.

Every privilege, registration and transfer shall be exercised only in accordance with the resolution authorizing this Bond and such reasonable rules and regulations as the Registrar may prescribe.

Truckee Meadows Fire Protection District
3663 Barron Way
Reno, NV 89511

$4,415,000
Truckee Meadows Fire Protection District, Nevada
General Obligation (Limited Tax)
Medium-Term Bond
Series 2020

Ladies and Gentlemen:

We have acted as bond counsel to the Truckee Meadows Fire Protection District, Nevada (the "District" and the "State," respectively), in connection with its issuance of the above-captioned bond (the "Bond") issued as a single bond pursuant to an authorizing resolution adopted and approved by the Board of Fire Commissioners of the District on February 25, 2020 (the "Bond Resolution"). In such capacity, we have examined the District's certified proceedings and such other documents and such law of the State and of the United States of America as we have deemed necessary to render this opinion letter. Capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the Bond Resolution.

Regarding questions of fact material to our opinions, we have relied upon the District's certified proceedings and other representations and certifications of public officials and others furnished to us without undertaking to verify the same by independent investigation.

Based upon such examination, it is our opinion as bond counsel that:

1. The Bond constitutes a valid and binding limited tax general obligation of the District.

2. The principal of and interest on the Bond are payable from any moneys of the District legally available for the purpose of making such payment and the District has irrevocably pledged its full faith and credit for the purpose of making such payment on the Bond.

3. Any ad valorem taxes which are levied for the purpose of paying the principal of and interest on the Bond are subject to the limitations contained in the Constitution and laws of the State.

4. Interest on the Bond is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date hereof (the "Tax Code"), and interest on the Bond is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. The opinions expressed in this paragraph assume continuous compliance with the covenants and the continued accuracy of the representations contained in the District's certified proceedings and in certain other documents and certain other certifications furnished to us.

5. Under laws of the State in effect on the date hereof, the Bond, its transfer, and the income therefrom are free and exempt from taxation by the State or any subdivision thereof, except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to Chapter 375B of NRS.

The opinions expressed in this opinion letter are subject to the following:

The obligations of the District incurred pursuant to the Bond and the Bond Resolution may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

The Bond has been designated by the District as a "qualified tax-exempt obligation" for purposes of Section 265(b)(3) of the Tax Code.

In this opinion letter rendered in our capacity as bond counsel, we are opining only upon those matters set forth herein, and we are not passing upon the adequacy, accuracy or completeness of any statements made in connection with any offer or sale of the Bond or upon any federal or state tax consequences arising from the receipt or accrual of interest on or the ownership or disposition of the Bond, except those specifically addressed herein.

This opinion letter is rendered as of the date hereof and we assume no obligation to revise or supplement this opinion letter to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Respectfully submitted,

Sherman & Howard

Truckee Meadows Fire Protection District, Nevada
General Obligation (Limited Tax) Medium-Term Bond
Series 2020

Ladies and Gentlemen:

We have acted as bond counsel to the Truckee Meadows Fire Protection District, Nevada (the "District") in connection with its issuance of the above-captioned bond (the "Bond") and have today delivered to you a copy of our executed approving opinion dated the date hereof relating to the Bond. You are hereby authorized to rely on the legal conclusions expressed in the approving opinion in your capacity as purchaser of the Bond.

We assume no obligation to advise you of any changes in the above described approving opinion subsequent to the delivery hereof. This letter is furnished to you pursuant to your conditions for purchasing the Bond, is solely for your information and benefit in connection with the District's initial offer and sale of the Bond and may not be relied upon by you for any other purpose or relied upon by any other party without the prior written consent of this firm.

In connection with the issuance of the Bond, we have represented the District, which is our sole client in this transaction. Delivery of this letter to you does not establish an attorney-client relationship between you and this firm. In connection with the Bond, you have been represented by Kutak Rock LLP.

Very truly yours,

Sherman & Howard LLC

CLOSING MEMO

March 5, 2020

Cindy Vance
Chief Fiscal Officer
Truckee Meadows Fire Protection District
1001 E 9th Street
Building D-231
Reno, NV 89512

Re: $4,415,000 Truckee Meadows Fire Protection District, Nevada General Obligation (Limited Tax) Medium-Term Bond, Series 2020

Cindy:

The closing for the above-captioned Bond will be on Tuesday March 10, 2020 via e-mail after confirmation of receipt of closing wire has been made. No closing conference call will be held in connection with the Bond.

Prior to closing, the Bond will be registered in the name of JPMorgan Chase Bank, NA (the "Purchaser"). At or prior to the closing, representatives of the Purchaser will be required to sign the Purchaser's Receipt. This receipt will be included with the other closing certificates and the unqualified opinion of Sherman & Howard L.L.C. in the transcript documenting the transaction.

The following outlines the sources and uses of funds by the District.

SOURCES OF FUNDS

$4,415,000.00	Par Amount
$4,415,000.00	Total

USES OF FUNDS:

$4,339,000.00	Project Account
10,000.00	Lender's Counsel
66,000.00	Issuance Costs
$4,415,000.00	Total

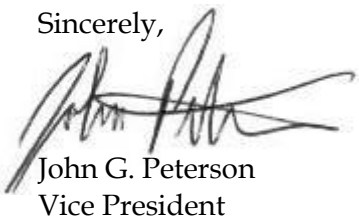
Settlement is to be made by wire transfer. The amount of the closing wire is calculated as follows:

Par Amount of Bond	$4,415,000.00
Less: Lender's Counsel Fee	(10,000.00)
Net Proceeds to the District	$4,405,000.00

The Purchaser will wire $4,405,000.00 to the District as follows:

$4,405,000.00
Wells Fargo Bank, N.A.
MAC S4786-024
6325 South Rainbow Boulevard, Suite 210
Las Vegas, NV 89118
ABA #: 121-000-248
Bank Wire Account #: 4504180225
Reference: Truckee Meadows FPD Medium Term Bond
Bank Contact: Patrick Foley, patrick.foley@wellsfargo.com, 702-247-5613

Upon verification of receipt of the funds, bond counsel will release the Bond to the Purchaser.



A debt service schedule for the Bond is attached.

Summary - a resolution directing notice to the Washoe County Debt Management Commission and requesting consideration of the proposal of Truckee Meadows Fire Protection District to issue general obligation (limited tax) capital improvement bonds additionally secured by pledged revenues.

RESOLUTION NO. TM01-2020

A RESOLUTION DIRECTING THE CLERK TO NOTIFY THE WASHOE COUNTY DEBT MANAGEMENT COMMISSION OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT'S PROPOSAL TO ISSUE ITS GENERAL OBLIGATION (LIMITED TAX) CAPITAL IMPROVEMENT BONDS (ADDITIONALLY SECURED BY PLEDGED REVENUES) IN THE MAXIMUM PRINCIPAL AMOUNT OF $2,100,000 FOR FIRE STATION PROJECTS; PROVIDING CERTAIN DETAILS IN CONNECTION THEREWITH; AND PROVIDING THE EFFECTIVE DATE HEREOF.

WHEREAS, the Truckee Meadows Fire Protection District (the "District"), is a municipal corporation duly organized, created and existing under laws of the State of Nevada; and

WHEREAS, the members of the Board of Fire Commissioners of the District (the "Board") have been duly elected and qualified; and

WHEREAS, the District intends and proposes to issue general obligation capital improvement bonds additionally secured by pledged revenues (the "Bonds") to finance the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor (the "Project"); and

WHEREAS, pursuant to NRS 350.020(3) (subject to the approval of the proposal to issue general obligations by the Washoe County Debt Management Commission), proposes to adopt and publish notices of public hearing and adoption of a resolution of intent to issue the Bonds additionally secured by a pledge of 15% of certain proceeds of liquor taxes, tobacco taxes, real property transfer taxes, basic governmental services tax and basic and supplemental sales taxes (collectively, the "Consolidated Taxes") distributed to the District (the "Pledged Revenues"); and

WHEREAS, based on a revenue study presented to the Board, the Board hereby makes a finding that the Pledged Revenues will at least equal the amount required in each year for the payment, when due, of interest on and principal of the Bonds; and

WHEREAS, the Board proposes (subject to the approval of the proposal to issue general obligations by the Washoe County Debt Management Commission) to issue the Bonds without an election unless a petition signed by the requisite number of registered voters of the District representing the requisite assessed value of the taxable property of the District is presented to the Board requiring the Board to submit to the qualified electors of the District for their approval or disapproval the following proposal:

GENERAL OBLIGATION CAPITAL IMPROVEMENT BONDS ADDITIONALLY SECURED BY PLEDGED REVENUES PROPOSAL:

Shall the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "District") in the State of Nevada, be authorized to incur a general obligation indebtedness on behalf of the District by the issuance at one time, or from time to time, of the District's general obligation (limited tax) capital improvement bonds, in one series or more, in the aggregate principal amount of not exceeding $2,100,000 for the purpose of financing, wholly or in part, the finance the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, the bonds to mature commencing not later than five (5) years from the date or respective dates of the bonds and ending not later than thirty (30) years therefrom, to bear interest at a rate or rates not in excess of the statutory maximum rate in effect at the time bonds are sold, to be payable from general (ad valorem) taxes (except to the extent pledged revenues and other moneys are available therefor), and to be issued and sold at par, or below or above par, and otherwise in such manner, upon such terms and conditions, and with such other detail as the Board may determine, including at its option but not necessarily limited to provisions for the redemption of bonds prior to maturity without or with the payment of a premium?

(the "Bond Proposal"); and

WHEREAS, subsection 1 of NRS 350.014 provides, in relevant part, as follows:

"1. Before any proposal to issue general obligation debt . . . may be submitted to the electors of a municipality, ...before any other formal action may be taken

preliminary to the issuance of any general obligation debt, the proposed incurrence . . . must receive the favorable vote of two-thirds of the members of the [debt management] commission of each county in which the municipality is situated. . . ."; and

WHEREAS, subsection 1 of NRS 350.0145 provides, in relevant part, as follows:

"1. The governing body of the municipality proposing to incur general obligation debt. . . shall notify the Clerk of each appropriate commission and shall submit a statement of its proposal in sufficient number of copies for each member of the commission...."

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF FIRE COMMISSIONERS OF THE DISTRICT:

Section 1. Based on the revenue study presented to the Board, the Board hereby finds that no increase in the rate of an ad valorem tax is anticipated to be necessary for the payment of the Bonds described in the Proposal for the term thereof (the "Finding"), and requests the Washoe County Debt Management Commission (the "Commission") to approve the Proposal and the Finding.

Section 2. All action, proceedings, matters and things heretofore taken, had and done by the Board, and the officers thereof (not inconsistent with the provisions of this resolution) directed toward the Project and the financing thereof be, and the same hereby is, ratified, approved and confirmed.

Section 3. The District Administrative Assistant shall be, and hereby is, authorized and directed to notify immediately the Clerk of the Commission of the District's Proposal, and to submit to the Clerk a statement of the Proposal in sufficient number of copies for each member of the Commission. The Chief Fiscal Officer of the District or the Fire Chief is authorized to update or amend the District's plan for capital improvements if necessary, to reflect the Project and the Bonds and the Project to be financed thereby and to file the information as required by NRS 350.013 to the extent required to comply with NRS 350.013.

Section 4. In order to permit the District to reimburse itself for prior expenditures relating to the Project with the proceeds of Bonds in one or more series, the Board hereby determines and declares as follows:

a. The District reasonably expects to incur expenditures with respect to the financing of the Project prior to the issuance of Bonds in one or more series and to reimburse those expenditures from the issuance of Bonds in one or more series; and

b. The maximum aggregate principal amount of all series of Bonds expected to be used to reimburse such expenditures is $2,100,000.

This resolution is intended to be a declaration of "official intent" to reimburse expenditures within the meaning of Treasury Regulation Section 1.150-2.

Section 5. All resolutions, or parts thereof, in conflict with the provisions of this resolution, are hereby repealed to the extent only of such inconsistency. This repealer shall not be constructed to revive any resolution, or part thereof, heretofore repealed.

Section 6. If any section, paragraph, clause or other provision of this resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause or other provision shall not affect any of the remaining provisions of this resolution.

Section 7. This resolution shall become effective and be in force immediately upon its adoption.

Passed and adopted this January 21, 2020.

(SEAL)

President

Attest:

Clerk

COUNTY OF WASHOE)

I am the duly chosen, qualified and administrative Assistant of the Truckee Meadows Fire Protection District (the "District"), Nevada, do hereby certify:

1. The foregoing pages constitute a true, correct and compared copy of a resolution of the Board of Fire Commissioners (the "Board") adopted at a regular meeting of the Board held on January 21, 2020, and the original of such resolution has been approved and authenticated by the signature of the President of the Board and the clerk, and has been recorded in the minutes of the Board kept for that purpose in the clerk's office, which record has been duly signed by such officers and properly sealed.

2. The members of the Board voted on the resolution as follows:

Those Voting Aye: Bob Lucey, Marsha Berkbigler, Kitty Jung, Vaughn Hartung, Jeanne Herman

Those Voting Nay: Ø

Those Absent: Ø

3. All members of the Board were given due and proper notice of such meeting.

4. Public notice of such meeting attached as Exhibit A was given and such meeting was held and conducted in full compliance with the provisions of NRS 241.020. A copy of the notice of meeting and excepts from the agenda for the meeting relating to the Resolution, as posted no later than 9:00 a.m. on the third working day prior to the meeting, on the District's website, on the official website of the State of Nevada pursuant to NRS 232.2175, and at the following locations:

(i) Washoe County Administration Complex
1001 East Ninth Street, Building A
Reno, Nevada

ii) Washoe County Courthouse
Second Judicial District Court
75 Court Street
Reno, Nevada

(iii) Washoe County Central Library
301 South Center Street
Reno, Nevada

(iv) Sparks Justice Court
1675 East Prater Way
Sparks, Nevada

5. Prior to 9:00 a.m. at least 3 working days before such meeting, such notice was mailed to each person, if any, who has requested notices of meetings of the Board in compliance with NRS 241.020(3)(b) by United States Mail, or if feasible and agreed to by the requestor, by electronic mail.

6. The revenue study attached as Exhibit B was presented to the Board together with a copy of the resolution.

IN WITNESS WHEREOF, I have hereunto set my hand on January 21, 2020.

Notice of Meeting and Agenda

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT

8:30 a.m.
Tuesday, January 21, 2020
Washoe County Administrative Complex, Commission Chambers
1001 E. Ninth Street, Reno, Nevada

NOTE: Items on the agenda may be taken out of order; combined with other items; removed from the agenda; moved to the agenda of another meeting; moved to or from the Consent section; or may be voted on in a block. Items with a specific time designation will not be heard prior to the stated time, but may be heard later.

The Washoe County Commission Chambers is accessible to the disabled. If you require special arrangements for the meeting, call the Truckee Meadows Fire Protection District Office, 326-6000, 24-hours prior to the meeting.

Time Limits. Public comments are welcomed during the Public Comment periods for all matters, whether listed on the agenda or not, and are limited to three minutes per person. Additionally, public comment of three minutes per person will be heard during individual action items on the agenda. Persons are invited to submit comments in writing on the agenda items and/or attend and make comment on that item at the Board meeting. Persons may not allocate unused time to other speakers.

Forum Restrictions and Orderly Conduct of Business. The Board conducts the business of the District and its citizens during its meetings. The presiding officer may order the removal of any person whose statement or other conduct disrupts the orderly, efficient or safe conduct of the meeting. Warnings against disruptive comments or behavior may or may not be given prior to removal. The viewpoint of a speaker will not be restricted, but reasonable restrictions may be imposed upon the time, place and manner of speech. Irrelevant and unduly repetitious statements and personal attacks which antagonize or incite others are examples of speech that may be reasonably limited.

Responses to Public Comments. The Board can deliberate or take action only if a matter has been listed on an agenda properly posted prior to the meeting. During the public comment period, speakers may address matters listed or not listed on the published agenda. The Open Meeting Law does not expressly prohibit responses to public comments by the Board. However, responses from Board members to unlisted public comment topics could become deliberation on a matter without notice to the public. On the advice of legal counsel and to ensure the public has notice of all matters the Board will consider, the Board members may choose not to respond to public comments, except to correct factual inaccuracies, ask for staff action or to ask that a matter be listed on a future agenda. The Board may do this either during the public comment item or during the following item: "*Commissioners'/Chief s Announcements, Requests for Information, Topics for Future Agendas and Statements Relating to Items Not on the Agenda".

Pursuant to NRS 241.020, the Agenda for the Board of Fire Commissioners has been posted at the following locations: Washoe County Administration Building (1001 E. 9th Street, Bldg. A), Washoe County Courthouse-District Court Administrator/Clerk of Court (75 Court Street), Washoe County Downtown Library (301 South Center Street), Reno City Clerk's Office (1 E. 1st Street), Sparks Justice Court (1675 East Prater Way) and Truckee Meadows Fire Protection District's website at www.washoecounty.us/tmfpd.

Support documentation for the items on the agenda, provided to the Board of Fire Commissioners is available to members of the public at the District's Admin Office (1001 E. 9th Street, Bldg. D, 2nd Floor, Reno, Nevada) Sandy Francis, Administrative Assistant I, phone (775) 328-6124 and on the Truckee Meadows Fire Protection District's website at www.washoecounty.us/tmfpd; and https://notice.nv.gov

1. Salute to the Flag
2. Call to order/roll call
3. Public Comment - Comment heard under this item will be limited to three minutes per person and may pertain to matters both on and off the Board of Fire Commissioners agenda. The District will also hear public comment during individual action items, with comment limited to three minutes per person. Comments are to be made to the Board of Fire Commissioners as a whole.
4. Commissioners'/Fire Chief's announcements, requests for information, topics for future agendas, and statements relating to items not on the Agenda. (No discussion among Commissioners will take place on this item).
5. Consent Items:

   A. Recommendation to acknowledge and approve the re-drafted minutes for the regular meeting of November 19, 2019. (All Commission Districts) FOR POSSIBLE ACTION

   Attachments: Item #5A 2019-11-19-Draft Meeting Minutes Staff Report
   Item #5A 2019-11-19-Draft Meeting Minutes

   B. Recommendation to approve the meeting minutes from the December 17, 2019 Board of Fire Commissioners Meeting. (All Commission Districts) FOR POSSIBLE ACTION

   Attachments: Item #5B 2019-12-17-Draft Meeting Minutes

   C. Recommendation to approve an equipment lease agreement for one Type I Structural fire engine from Truckee Meadows Fire Protection District to the City of Reno Fire Department, to assist in augmenting their current fleet for a base amount of $3,000 a month. (All Commission Districts) FOR POSSIBLE ACTION

   Attachments: Item #5C RFD Engine Lease Staff Report
   Item #5C RFD Engine Lease Agreement -Type I Engine

D. Recommendation to approve a lease agreement between Truckee Meadows Fire Protection District and the Verdi History Preservation Society, Inc., a Nevada non-profit corporation for the Districts continued use of the Verdi Fire Station Apparatus Facility, located at 165 Bridge Street for a term of sixty (60) months and a rent of $100 per month beginning in Fiscal Year 2021 plus applicable utility use commencing January 21, 2020; and if approved, authorize the Chairman to execute the lease agreement. (Commission Districts 5) FOR POSSIBLE ACTION

Attachments: Item #5D Verdi Historic Society Lease Staff Report

E. Recommendation to approve an Employment Agreement between Truckee Meadows Fire Protection District and Loren D. Way including, but not limited to salary ($170,1185.60) and benefits for the position of Fire Deputy Chief of Fire Prevention effective February 3, 2020 terminating on December 31, 2023. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #5E Deputy Chief Employment Agreement - Loren D. Way Staff Report
Item #5E Deputy Chief Employment Agreement - Loren D. Way-Final
Item #5E Deputy Chief of Fire Prevention Class Spec

F. Recommendation to approve and create two separate grant funded positions, provisional job classifications and salary ranges for a Squad Boss at $52,603.20 - $67,974.40 with Regular Nevada Public Employees' Retirement System (NV PERS) categorization and for a Crew Member with a range of $40,768.00 - $52,915.20 with Regular NV PERS categorization, and to authorize staff to submit to NV PERS for evaluation for possible approval of Police Fire NV PERS categorization, which would result in these employees accumulating retirement credit at a faster rate than under the Regular NV PERS category. A Squad Boss is the supervisor of a squad (a small crew of 3-5 members)], and a Crew Member is an entry level person assigned to a crew that conducts the bulk of the work assigned to the crew and works underneath the squad boss, and if approved, hiring is contingent upon securing grant funding. (All Commission Districts) FOR POSSIBLE ACTION

RESOLUTION

A RESOLUTION CONCERNING THE SUBMISSION TO THE WASHOE COUNTY DEBT MANAGEMENT COMMISSION OF A PROPOSAL TO BY TRUCKEE MEADOWS FIRE PROTECTION DISTRICT TO ISSUE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT GENERAL OBLIGATION (LIMITED TAX) CAPITAL IMPROVEMENT BONDS (ADDITIONALLY SECURED BY PLEDGED REVENUES) IN THE MAXIMUM PRINCIPAL AMOUNT OF $2,100,000; AND APPROVING CERTAIN DETAILS IN CONNECTION THEREWITH.

WHEREAS, pursuant to Nevada Revised Statutes ("NRS") 350.011 through 350.0165, the Board of Fire Commissioners (the "Board") of the Truckee Meadows Fire Protection District (the "District"), in Washoe County, Nevada (the "County"), notified the secretary of the Debt Management Commission of the County (the "Secretary" and the "Commission," respectively) of the District's proposal to issue general obligation (limited tax) capital improvement bonds additionally secured by pledged revenues (the "Bonds") to be issued in one or more series to finance the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, and submitted a statement of the District's proposal in sufficient number of copies for each member of the Commission; and

WHEREAS, the Board proposes to incur the Bonds without an election unless a petition, signed by the requisite number of registered voters of the District is presented to the Board requiring the Board, prior to incurring such general obligations, to submit to the qualified electors of the District for their approval or disapproval, the following proposal (the "Proposal") to incur such general obligations additionally secured by pledged revenues consisting of revenues to be received by the District from 15% of all income and revenue distributed to the District pursuant to NRS 360.680, 360.690 and 360.700 and pledged to secure the payment of the Bonds pursuant to NRS 360.698:

GENERAL OBLIGATION CAPITAL IMPROVEMENT BONDS ADDITIONALLY SECURED BY PLEDGED REVENUES PROPOSAL:

Shall the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "District") in the State of Nevada, be authorized to incur a general obligation indebtedness on behalf of the District by the issuance at one time, or from time to time, of the District's general obligation (limited tax) capital improvement bonds (additionally secured by pledged revenues), in one series or more, in the aggregate principal amount of not exceeding $2,100,000 for the purpose of financing, wholly or in part, the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, the bonds to mature commencing not later than five (5) years from the date or respective dates of the bonds and ending not later than thirty (30) years therefrom, to bear interest at a rate or rates not in excess of the statutory maximum rate in effect at the time bonds are sold, to be payable from general (ad valorem) taxes (except to the extent pledged revenues and other moneys are available therefor), and to be issued and sold at par, or below or above par, and otherwise in such manner, upon such terms and conditions, and with such other detail as the Board may determine, including at its option but not necessarily limited to provisions for the redemption of bonds prior to maturity without or with the payment of a premium?

WHEREAS, pursuant to NRS 350.0145, the Secretary, with the approval the Chair of the Commission, thereupon, within ten days from the receipt of the Proposal, gave notice of a meeting to be held not more than twenty days thereafter, and provided a copy of the Proposal to each member of the Commission with the notice of the meeting; and

WHEREAS, the Board has determined and found that no increase in the rate of an ad valorem tax is anticipated to be necessary for the payment of the Bonds described in the Proposal for the term thereof (the "Finding"); and

WHEREAS, the Commission has heard anyone desiring to be heard and has taken other evidence relevant to the approval or disapproval of the Proposal and the Finding; and

WHEREAS, the Commission has received from the District complete statements of current and contemplated general obligation debt, a debt management policy, a capital improvements plan (which includes the capital improvements proposed to be financed as provided in the Proposal) and a statement of the chief financial officer, in full compliance with NRS 350.013; and

WHEREAS, the Commission has considered all matters in the premises.

NOW, THEREFORE, BE IT RESOLVED BY THE DEBT MANAGEMENT COMMISSION OF WASHOE COUNTY, NEVADA:

Section 1. This resolution shall be known as the "2020 Truckee Meadows Fire Protection District Capital Improvement Bond DMC Resolution."

Section 2. The provisions of NRS 350.013 to 350.015, inclusive, have been met, and the Proposal for the issuance of the Bonds to be issued in one or more series in the combined maximum principal amount set forth in the Proposal and the Finding related thereto are approved.

Section 3. The Commission and the officers thereof hereby are authorized and directed to take all action necessary or appropriate to effectuate the provisions of this resolution.

Section 4. All bylaws, orders, resolutions or parts thereof in conflict with this resolution are hereby repealed. This repealer shall not be construed to revive any bylaw, order, resolution or part thereof heretofore repealed.

Section 5. If any section, paragraph, clause or provision of this resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of the section, paragraph, clause or provision shall not affect any of the remaining provisions of this resolution.

Section 6. This resolution shall become effective and be in force immediately upon its adoption.

ADOPTED on February 28, 2020.

COUNTY OF WASHOE)

I am the Washoe County Clerk and ex officio Secretary of the Debt Management Commission of Washoe County, Nevada, do hereby certify:

1. The foregoing pages constitute a true, correct, complete and compared copy of the resolution adopted by the Debt Management Commission of Washoe County, State of Nevada, at a meeting held on February 28, 2020, insofar as the same refer to the capital improvement project and the financing thereof, as provided in the general obligation bond proposal submitted to the Commission by Truckee Meadows Fire Protection District, Nevada.

2. All members of the Board were given due and proper notice of such meeting and voted on such resolution as follows:

Those Voting Aye: NAOMI DUERR
JOHN SHERMAN
PAUL ANDERSON
ANDREW CAUDILL
PETER MORRIS
MICHELLE SALAZAR

Those Voting Nay: _____

_____

Those Absent: JEANNE HERMAN

3. Pursuant to and in full compliance with NRS 241.020 and NRS 350.0145, written notice of the meeting, attached hereto as Exhibit A, was given at least 3 working days before the meeting, including in the notice the time, place, location and agenda of the meeting:

(a) By mailing a copy of the notice to each member of the Commission,

(b) By posting a copy of the notice at the Commission's website, if any, on the official website of the State of Nevada pursuant to NRS 232.2175, the principal office of the Commission, or if there is no principal office, at the location in which the meeting is

to be held, and at least 3 other separate, prominent places within the jurisdiction of the Commission, to wit:

i. Washoe County Administration Complex
1001 East 9th Street
Reno, Nevada

ii. Washoe County Courthouse
75 Court Street
Reno, Nevada

iii. Reno City Hall
450 Sinclair Street
Reno, Nevada

iv. Sparks City Hall
431 Prater Way
Sparks, Nevada

(c) Prior to 9:00 a.m. at least 3 working days before such meeting, such notice was mailed to each person, if any, who has requested notice of meetings of the Commission in compliance with NRS 241.020(4)(c) by United States Mail, or if feasible and agreed to by the requestor, by electronic mail.

(d) By mailing a copy of the notice to the chief financial officer of each municipality in Washoe County which has complied with NRS 350.013(1) within the past year, in the same manner in which notice is required to be mailed to a member of the Commission.

IN WITNESS WHEREOF, I have hereunto set my hand on February 28, 2020.

Jan Galassini, Chief Deputy
County Clerk, ex officio Secretary
Debt Management Commission

NOTICE OF MEETING AND AGENDA
WASHOE COUNTY DEBT MANAGEMENT COMMISSION

WASHOE COUNTY ADMINISTRATION COMPLEX
CAUCUS ROOM, 1001 E. 9TH STREET
RENO, NEVADA

FRIDAY, FEBRUARY 28, 2020
1:00 P.M.

NOTE: Items on the agenda may be taken out of order; combined with other items; removed from the agenda; or moved to the agenda of another later meeting. Items with a specific time designation will not be heard prior to the stated time, but may be heard later. The Board may take short breaks approximately every 90 minutes.

Accessibility: The Washoe County Complex is accessible to the disabled. If you require special arrangements for the meeting, call the County Clerk's Office, 784-7279, 24 hours prior to the meeting.

Public Transportation: Public transportation is available to this meeting site: RTC Routes 2, 2S, 5 and 15 serve this location. For eligible RTC ACCESS reservations, call (775) 348-5438.

Time Limits: Public comments are welcomed during the Public Comment periods for all matters, whether listed on the agenda or not, and are limited to three minutes per person. Persons are invited to submit comments in writing on the agenda items and/or attend and make comment at the Board meeting. Persons may not allocate unused time to other speakers.

Forum Restrictions and Orderly Conduct of Business: The Debt Management Commission conducts the business of Washoe County and its citizens during its meetings. The presiding officer may order the removal of any person whose statement or other conduct disrupts the orderly, efficient, or safe conduct of the meeting. Warnings against disruptive comments or behavior may or may not be given prior to removal. The viewpoint of a speaker will not be restricted, but reasonable restrictions may be imposed upon the time, place, and manner of speech. Irrelevant and unduly repetitious statements and personal attacks which antagonize or incite others are examples of speech that may be reasonably limited.

Responses to Public Comments: The Debt Management Commission can deliberate or take action only if a matter has been listed on an agenda properly posted prior to the meeting. During the public comment period, speakers may address matters listed or not listed on the published agenda. The Open Meeting Law does not expressly prohibit responses to public comments by the Board. However, responses from Board to unlisted public comment topics could become deliberation on a matter without notice to the public. On the advice of legal counsel and to ensure the public has notice of all matters the Board will consider, members may choose not to respond to public comments, except to correct factual inaccuracies, ask for County staff action, or to ask that a matter be listed on a future agenda. The Board may do this either during the public comment item or during the following item: "Board Member Comments: This item is limited to announcements or topics/issues proposed for future agendas."

Support documentation for the items on the agenda provided to the Debt Management Commission is available to members of the public at the County Clerk's Office (1001 E. 9th Street, Building A, Reno, Nevada), by contacting Derek Sonderfan at 775-784-7279, and on the County's website at www.washoecounty.us/clerks.

1. Call to Order.

2. Salute to the Flag.

3. Roll Call.

4. Public Comment. Comment heard under this item will be limited to three minutes per person and may pertain to matters both on and off the Commission agenda. The Commission will also hear public comment during individual action items, with comment limited to three minutes per person. Comments are to be made to the Commission as a whole.

5. Election of Chair and Vice Chair. [FOR POSSIBLE ACTION]

6. Approval of the minutes for the DMC meeting of November 15, 2019. [FOR POSSIBLE ACTION]

7. Appearance by the Truckee Meadows Fire Protection District and presentation of its debt position. [FOR POSSIBLE ACTION]

8. Discussion and possible action on a resolution concerning the submission to the Washoe County Debt Management Commission of a proposal of the Truckee Meadows Fire Protection District to issue Truckee Meadows Fire Protection District general obligation (limited tax) capital improvement bonds (additionally secured by pledged revenues) in the maximum principal amount of $2,100,000. [FOR POSSIBLE ACTION]

9. Appearance by Washoe County and presentation of its debt position. [FOR POSSIBLE ACTION]

10. Discussion and possible action on a resolution concerning the submission to the Washoe County Debt Management Commission of a proposal of Washoe County to issue Washoe County general obligation (limited tax) Nevada shared radio system bonds (additionally secured by pledged revenues) in the maximum principal amount of $15,000,000. [FOR POSSIBLE ACTION]

11. Update of Debt Management Commission By-laws, Rules, Policies and Procedures [FOR POSSIBLE ACTION] — A review, discussion and possible action to update the 97-11DMC Debt Management Commission By-laws, Rules, Policies and Procedures to reflect current Commission policies and standard practices.

12. Board Member Comments. This item is limited to announcements or topics/issues proposed for future agendas.

13. Public Comment. Comment heard under this item will be limited to three minutes per person and may pertain to matters both on and off the Commission agenda. The Commission will also hear public comment during individual action items, with comment limited to three minutes per person. Comments are to be made to the Commission as a whole.

14. Adjournment

In accordance with NRS, this agenda for February 28, 2020, has been posted at the following places:
Washoe County Courthouse, 75 Court Street, Reno, Nevada
Washoe County Complex Building A, 1001 East 9th Street, Reno, Nevada

RESOLUTION NO. TM06-2020

A RESOLUTION OF INTENT, PROPOSING THE ISSUANCE OF, AND AUTHORIZING THE PUBLICATION OF NOTICES RELATING TO GENERAL OBLIGATION (LIMITED TAX) CAPITAL IMPROVEMENT BONDS (ADDITIONALLY SECURED BY PLEDGED REVENUES) IN THE MAXIMUM PRINCIPAL AMOUNT OF $2,100,000 FOR FIRE STATION PROJECTS; PROVIDING THE MANNER, FORM AND CONTENTS OF THE NOTICES THEREOF; PROVIDING OTHER MATTERS PROPERLY RELATED THERETO; AND PROVIDING THE EFFECTIVE DATE HEREOF.

WHEREAS, the Truckee Meadows Fire Protection District (the "District"), is a political subdivision of the State of Nevada duly organized, created and existing under laws of the State of Nevada; and

WHEREAS, the members of the Board of Fire Commissioners of the District (the "Board") have been duly elected and qualified; and

WHEREAS, pursuant to NRS 474.460 through 474.540, inclusive, and pursuant to chapter 350 of NRS and all laws amendatory thereof (the "Project Act") which includes the Local Government Securities Laws, being NRS 350.500 through 350.720, and all laws amendatory thereof (the "Bond Act"), the District is authorized to borrow money and to issue general obligation bonds of the District for the purpose of defraying wholly or in part the cost of the Project; and

WHEREAS, the Board proposes to issue up to $2,100,000 of general obligation (limited tax) capital improvement bonds additionally secured by pledged revenues (the "Bonds") to be issued in one or more series for the Project; and

WHEREAS, such Bonds will be additionally secured by a pledge 15% of certain proceeds of liquor taxes, tobacco taxes, real property transfer taxes, basic governmental services tax and basic and supplemental sales taxes distributed to the District (the "Pledged Revenues"); and

WHEREAS, based on a revenue study previously presented to the Board, the Board made a finding (the "Finding") that the Pledged Revenues will at least equal the amount required in each year for the payment of interest and principal on the Bonds; and

WHEREAS, the Board proposes to incur this general obligation without an election unless a petition signed by the requisite number of registered voters of the District is presented to the

Board requiring the Board to submit to the qualified electors of the District for their approval or disapproval the following proposal (the "Proposal"):

GENERAL OBLIGATION CAPITAL IMPROVEMENT BONDS ADDITIONALLY SECURED BY PLEDGED REVENUES PROPOSAL:

Shall the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "District") in the State of Nevada, be authorized to incur a general obligation indebtedness on behalf of the District by the issuance at one time, or from time to time, of the District's general obligation (limited tax) capital improvement bonds, in one series or more, in the aggregate principal amount of not exceeding $2,100,000 for the purpose of financing, wholly or in part, the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, the bonds to mature commencing not later than five (5) years from the date or respective dates of the bonds and ending not later than thirty (30) years therefrom, to bear interest at a rate or rates not in excess of the statutory maximum rate in effect at the time bonds are sold, to be payable from general (ad valorem) taxes (except to the extent pledged revenues and other moneys are available therefor), and to be issued and sold at par, or below or above par, and otherwise in such manner, upon such terms and conditions, and with such other detail as the Board may determine, including at its option but not necessarily limited to provisions for the redemption of bonds prior to maturity without or with the payment of a premium?

WHEREAS, pursuant to NRS 350.011 to 350.0165, inclusive, the Board has submitted the Proposal to the Debt Management Commission of Washoe County (the "Commission"); and

WHEREAS, the Commission has heretofore approved the Proposal and the Finding; and

WHEREAS, NRS 350.020(3) in effect provides that if the payment of a general obligation of the District is additionally secured by pledged revenues, and the governing body (i.e., the Board) determines that the pledged revenues will at least equal the amount required in each year for the payment of interest and principal, the District may incur the general obligation without an election, unless a petition requesting an election signed by 5% of the registered voters in the District is presented to the Board within 90 days after the publication of a notice of the adoption of this resolution of intent; and

WHEREAS, NRS 350.020(3) also requires that a public hearing be held before the Bonds are issued.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF FIRE COMMISSIONERS OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT:

Section 1. This resolution shall be known as and may be cited by the short title "2020 Resolution of Intent to Issue Fire Protection Bonds" (this "Resolution").

Section 2. All action heretofore taken (not inconsistent with the provisions of this Resolution) by the Board and the officers of the Board directed:

(a) Toward the Project to be financed by the Bonds; and

(b) Toward the issuance of the Bonds to defray, in part,

the cost thereof,

be, and the same hereby is, ratified, approved and confirmed.

Section 3. The District and the officers of the District be, and they hereby are, authorized and directed to publish a notice of the adoption of the resolution of intent relating to the Board's proposal to issue the Bonds in a newspaper of general circulation in the District, at least once, such notice to be published in substantially the following form:

(Form of Notice of Resolution of Intent)

NOTICE OF THE INTENT OF THE BOARD OF FIRE COMMISSIONERS OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, TO ISSUE GENERAL OBLIGATION (LIMITED TAX) CAPITAL IMPROVEMENT BONDS OF THE DISTRICT ADDITIONALLY SECURED BY PLEDGED REVENUES.

NOTICE IS HEREBY GIVEN that the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "Board" and the "District"), by a resolution, passed, adopted and approved on March 31, 2020, has made the following proposal (the "Proposal") for the issuance of the District's General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) (the "Bonds") designated below, as follows:

GENERAL OBLIGATION CAPITAL IMPROVEMENT BONDS ADDITIONALLY SECURED BY PLEDGED REVENUES PROPOSAL:

Shall the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "District") in the State of Nevada, be authorized to incur a general obligation indebtedness on behalf of the District by the issuance at one time, or from time to time, of the District's general obligation (limited tax) capital improvement bonds, in one series or more, in the aggregate principal amount of not exceeding $2,100,000 for the purpose of financing, wholly or in part, the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, the bonds to mature commencing not later than five (5) years from the date or respective dates of the bonds and ending not later than thirty (30) years therefrom, to bear interest at a rate or rates not in excess of the statutory maximum rate in effect at the time bonds are sold, to be payable from general (ad valorem) taxes (except to the extent pledged revenues and other moneys are available therefor), and to be issued and sold at par, or below or above par, and otherwise in such manner, upon such terms and conditions, and with such other detail as the Board may determine, including at its option but not necessarily limited to provisions for the redemption of bonds prior to maturity without or with the payment of a premium?

The Proposal was approved by the Debt Management Commission of Washoe County, Nevada.

The Board has determined that the Bonds to be issued for the purpose of financing the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor (as further described in the above Proposal) will be additionally secured by a pledge of 15% of certain proceeds of liquor taxes, tobacco taxes, real property transfer taxes, basic governmental services tax and basic and supplemental sales taxes distributed to the District (the "Pledged Revenues"). The Board has, in addition, determined, based upon a revenue study, that the Pledged Revenues will at least equal the amount required in each year for the payment of the interest on and the principal of the Bonds.

Based upon this determination, the Board intends to incur this general obligation as set forth above without an election as provided in NRS 350.020(3), unless within ninety (90) days after the publication of this notice a petition requesting an election is presented to the Board signed by not fewer than five percent (5%) of the registered voters of the District. The number of registered voters is to be determined as of the close of registration for the last preceding general election.

At a meeting or meetings of the Board, the Board shall proceed to adopt an ordinance or ordinances authorizing the issuance of the Bonds which shall be effective not earlier than ninety (90) days after the publication of this notice. Such ordinance or ordinances authorizing the issuance of the Bonds will be effective unless prior to 5:00 p.m. on July 6, 2020, a petition is presented to the Board asking for an election upon the question of whether or not the proposed general obligations shall be incurred. The petition for an election herein referred to may be filed with the Board no later than 5:00 p.m. on July 6, 2020 at the office of the Secretary of the District, ex officio Washoe County Clerk (the "Secretary"), 1001 East Ninth Street, Building A, Reno, Nevada, during regular office hours of the Secretary. In the event such petition is presented, no such ordinance or ordinances shall be effective except pursuant to an election called and held for such purpose and carried by a majority of the votes cast. In the event no such petition is presented, the Bonds will be authorized as described above. The ordinance or ordinances authorizing the Bonds will, in addition, contain provisions for additionally securing the payment of the general obligations by pledging the Pledged Revenues designated above and in the Proposal to the payment of the Bonds.

The authority to issue the Bonds if conferred at an election or if conferred by the fact no petition is presented to the Board requesting such an election within ninety (90) days of the date of publication hereof shall be deemed to be a continuing authority and the Board shall be authorized to sell the Bonds at such time or times and upon such terms and conditions as it deems proper in accordance with the provisions of the Proposal and the laws of the State of Nevada.

All persons interested are hereby advised that further information regarding the project to be financed by the Bonds, the Bonds and the Pledged Revenues, and all proceedings in the premises, are on file in the office of the Secretary, 1001 East Ninth Street, Building A, Reno, Nevada, and can be seen and examined by the interested persons during the regular office hours of the Secretary or to receive information electronically by making a request to the Administrative Assistant of the District at 775-328-6124. All persons interested may also obtain additional information regarding the contents of and filing requirements for the petition referred to herein at the office of the Secretary, 1001 East Ninth Street, Building A, Reno, Nevada, and can be seen and examined by the interested persons during the regular office hours of the Secretary.

The determination by the Board that the Pledged Revenues will at least equal the amount required in each year for the payment of interest and principal on the Bonds becomes conclusive on the last day for filing the petition, i.e., on July 6, 2020 at 5:00 p.m.

BY ORDER of the Board of Fire Commissioners of Truckee Meadows Fire Protection District.

DATED this March 31, 2020.

PUBLICATION DATE: April 4, 2020.

/s/ Nancy Parent
Secretary
Truckee Meadows
Fire Protection District
and Ex-Officio County Clerk,
Washoe County, Nevada

(End of Form of Notice of Resolution of Intent)

Section 4 The secretary of the Truckee Meadows Fire Protection District and ex officio Washoe County Clerk, is authorized and directed to publish three times, once each week for three consecutive weeks, the third publication to be made at least 10 days before the date of the public hearing described in the following notice, in a newspaper of general circulation in the District a notice of public hearing, at least as large as 5 inches high by 4 inches wide, in substantially the following form:

(Form of Notice of Public Hearing)

NOTICE OF PUBLIC HEARING ON THE INTENT OF THE BOARD OF TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, TO ISSUE GENERAL OBLIGATION (LIMITED TAX) CAPITAL IMPROVEMENT BONDS OF THE DISTRICT ADDITIONALLY SECURED BY PLEDGED REVENUES.

NOTICE IS HEREBY GIVEN that the Board of Fire Commissioners (the "Board") of the Truckee Meadows Fire Protection District (the "District"), by a resolution, passed, adopted, signed and approved on March 31, 2020, has made the following proposal (the "Proposal") for the issuance of the District's General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) (the "Bonds") designated below, as follows:

GENERAL OBLIGATION CAPITAL IMPROVEMENT BONDS ADDITIONALLY SECURED BY PLEDGED REVENUES PROPOSAL:

Shall the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "District") in the State of Nevada, be authorized to incur a general obligation indebtedness on behalf of the District by the issuance at one time, or from time to time, of the District's general obligation (limited tax) capital improvement bonds, in one series or more, in the aggregate principal amount of not exceeding $2,100,000 for the purpose of financing, wholly or in part, the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, the bonds to mature commencing not later than five (5) years from the date or respective dates of the bonds and ending not later than thirty (30) years therefrom, to bear interest at a rate or rates not in excess of the statutory maximum rate in effect at the time bonds are sold, to be payable from general (ad valorem) taxes (except to the extent pledged revenues and other moneys are available therefor), and to be issued and sold at par, or below or above par, and otherwise in such manner, upon such terms and conditions, and with such other detail as the Board may determine, including at its option but not necessarily limited to provisions for the redemption of bonds prior to maturity without or with the payment of a premium?

The Proposal was approved by the Debt Management Commission of Washoe County, Nevada.

The Board has determined that the Bonds to be issued for the purpose of financing the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor (as further described in the above Proposal) will be additionally secured by a pledge of 15% of certain proceeds of liquor taxes, tobacco taxes, real property transfer taxes, basic governmental services tax and basic and supplemental sales taxes distributed to the District (the "Pledged Revenues"). The Board has, in addition, determined, based upon a revenue study, that the Pledged Revenues will at least equal the amount required in each year for the payment of the interest on and the principal of the Bonds.

All persons interested are hereby advised that the Board will hold a public hearing on the Proposal on May 19, 2020, at 9:00 a.m., at the Washoe County Administration Complex, 1001 East Ninth Street, Reno, Nevada or if no physical location where members of the public can attend is provided, the means for the public to provide public comment will be on the public notice agenda posted on the District's website at https://www.washoecounty.us/tmfpd/fire_commissioners/index.php and on the State of Nevada's website at https://notice.nv.gov/ . All persons are invited to attend and to be heard regarding the Proposal. Further information regarding the Proposal, the Project to be financed by the Bonds, the Bonds and the Pledged Revenues to be pledged to the Bonds, and all proceedings, are on file in the Office of the Secretary of the District, ex officio County Clerk (the "Secretary"), 1001 East Ninth Street, Building A, Reno, Nevada, and may be seen and examined by the interested persons during the regular office hours of the Secretary or to receive information electronically by making a request to the Administrative Assistant of the District at 775-328-6124.

BY ORDER of the Board of Fire Commissioners of Truckee Meadows Fire Protection District.

DATED this March 31, 2020.

PUBLICATION DATES: April 17, 2020, April 24, 2020 and May 1, 2020.

/s/ Nancy Parent
Secretary
Truckee Meadows
Fire Protection District
and Ex-Officio County Clerk,
Washoe County, Nevada

(End of Form of Notice of Public Hearing)

Section 5. A public hearing on the Bonds is hereby ordered to be held before the Board at the time, date and place specified in the notice set forth in Section 4 hereof, or as otherwise specified by the Fire Chief of the District, as the District's chief administrative officer (the "Fire Chief").

Section 6. The Bonds, in the event no petition is filed during the period allowed by NRS 350.020(3), shall be authorized by an ordinance or ordinances to be effective after the expiration of the above specified period of publication.

Section 7. The authority to issue the Bonds designated in the Proposal set forth in the notice shall be deemed and considered a continuing authority to issue and deliver the Bonds designated in such Proposal at one time or from time to time, in one series or in more than one series, all as ordered by the Board. Neither the partial exercise of the authority so conferred nor the lapse of time shall be considered as exhausting or limiting the full authority so conferred.

Section 8. The officers of the Board be, and they hereby are, authorized and directed to take all action necessary or appropriate to effectuate the provisions of this resolution, including without limitation, if necessary, assembling of financial and other information concerning the District, the Project and the Bonds, in the forms specified by the Fire Chief or designee. The Fire Chief or designee is hereby authorized to arrange for the issuance and sale of the Bonds, in one or more series, in a total principal amount of not more than $2,100,000 at such time or times as determined by the Fire Chief, in accordance with the Project Act and the Bond Act. The Fire Chief or designee is authorized to specify the terms of the Bonds, the method(s) of their sale, the series of the Bonds, the final principal amounts of the Bonds, the terms of their repayment and security therefor, and other details of the Bonds, and to advertise the Bonds for public sale, or negotiate the terms of the Bonds, subject to the Project Act and the Bond Act and subject to ratification by the Board by the adoption of one or more bond ordinances specifying the bond terms and details and approving their sale (the "Bond Ordinance"). The Fire Chief or designee shall present the proposed terms of the sales to the Board for its approval by adoption of the Bond Ordinance.

Section 9. All resolutions, or parts thereof, in conflict with the provisions of this resolution, are hereby repealed to the extent only of such inconsistency. This repealer shall not be constructed to revive any resolution, or part thereof, heretofore repealed.

Section 10. If any section, paragraph, clause or other provision of this resolution

shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause or other provision shall not affect any of the remaining provisions of this resolution.

Section 11. This resolution shall become effective and be in force immediately upon its adoption.

PASSED AND APPROVED this March 31, 2020.

(SEAL)

Attest:

Chair, ex officio Chair of the Board of
County Commissioners of Washoe County

Secretary, ex officio Clerk of Washoe County

STATE OF NEVADA)

Notice of Special Meeting and Agenda

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT

9:00 a.m.
Tuesday, March 31, 2020

No members of the public will be allowed in the BCC Chambers due to concerns for public safety resulting from the COVID-19 emergency and pursuant to the Governor of Nevada's Declaration of Emergency Directive 006 Section 1 which suspends the requirement in NRS 241.023(1)(b) that there be a physical location designated for meetings of public bodies where members of the public are permitted to attend and participate. This meeting will be held by teleconference only.

The meeting will be televised live and replayed on Washoe Channel. https://www.washoecounty.us/mgrsoff/Communications/wctv-live.php and also on Youtube at: https://www.youtube.com/user/WashoeCountyTV.

NOTE: Items on the agenda may be taken out of order; combined with other items; removed from the agenda; moved to the agenda of another meeting; moved to or from the Consent section; or may be voted on in a block. Items with a specific time designation will not be heard prior to the stated time, but may be heard later.

The Washoe County Commission Chambers is accessible to the disabled. If you require special arrangements for the meeting, call the Truckee Meadows Fire Protection District Office, 326-6000, 24-hours prior to the meeting.

Time Limits. Public comments are welcomed during the Public Comment periods for all matters, whether listed on the agenda or not, and are limited to three minutes per person. Additionally, public comment of three minutes per person will be heard during individual action items on the agenda. Persons are invited to submit comments in writing on the agenda items and/or attend and make comment on that item at the Board meeting. Persons may not allocate unused time to other speakers.

Forum Restrictions and Orderly Conduct of Business. The Board conducts the business of the District and its citizens during its meetings. The presiding officer may order the removal of any person whose statement or other conduct disrupts the orderly, efficient or safe conduct of the meeting. Warnings against disruptive comments or behavior may or may not be given prior to removal. The viewpoint of a speaker will not be restricted, but reasonable restrictions may be imposed upon the time, place and manner of speech. Irrelevant and unduly repetitious statements and personal attacks which antagonize or incite others are examples of speech that may be reasonably limited.

Public Comment. Public comment, whether on action items or general public comment, is limited to three (3) minutes per person. No action may be taken on a matter raised under general public comment until the matter is included on an agenda as an item on which action may be taken. As required by the Governor's Declaration of Emergency Directive 006 Section 2, members of the public may submit public comment by logging into the ZOOM webinar by accessing the following link: https://zoom.us/j/786705894. NOTE: This option will require a computer with audio and video capabilities. Additionally, public comment can be submitted via email to washoe311@washoecounty.us. The District will make reasonable efforts to include all comments received for public comment by email in the record. Please try to provide comments by 4:00 p.m. on March 30, 2020.

Pursuant to NRS 241.020, the Agenda for the Board of Fire Commissioners has been electronically posted at www.washoecounty.us/tmfpd/fire_commissioners/ and https://notice.nv.gov. Pursuant to Section 3 of the Declaration of Emergency Directive 006 ("Directive 006"), the requirement contained in NRS 241.023(1)(b) that there be a physical location designated for meetings of public bodies where members of the public are permitted to attend and further, the requirement that notice agendas be physically posted within the State of Nevada has been suspended.

Support documentation for the items on the agenda, provided to the Board of Fire Commissioners is available to members of the public at the District's Admin Office (3663 Barron Way, Reno, Nevada) Sandy Francis, Administrative Assistant I, phone (775) 328-6124 and on the Truckee Meadows Fire Protection District's website at www.washoecounty.us/tmfpd/fire_commissioners/; and https://notice.nv.gov

1. Salute to the Flag
2. Call to order/roll call
3. Public Comment - Comment heard under this item will be limited to three minutes per person and may pertain to matters both on and off the Board of Fire Commissioners agenda. The District will also hear public comment during individual action items, with comment limited to three minutes per person. Comments are to be made to the Board of Fire Commissioners as a whole.
4. Consent Items:

   A. Recommendation to approve the meeting minutes from the February 25, 2020 Board of Fire Commissioners Meeting. (All Commission Districts) FOR POSSIBLE ACTION.

   Attachments: Item #4A 2020-02-25 Draft Meeting Minutes

   B. Recommendation to approve an agreement to retain Eide Bailly LLP to perform independent audit services for Truckee Meadows Fire Protection District for the Fiscal Year 19/20 in an amount not to exceed $35,000. Audit Services are professional in nature and therefore exempt from competitive bidding requirements pursuant to NRS 332.115. This audit is being done to satisfy NRS 354.624, which requires each local government to provide for an annual audit of financial statements by a certified public accountant registered in the State of Nevada and to notify the state of this engagement by March 31st of each fiscal year. (All Commission Districts) FOR POSSIBLE ACTION

   Attachments: Item #4B Eide Bailly Independent Audit Services Staff Report
   Item #4B Eide Bailly Independent Engagement Letter

End of Consent

5. Recommendation to approve a Settlement Agreement between Truckee Meadows Fire Protection District and IAFF Local 2487 to pay an amount not to exceed $450,000 which represents a flat percentage of earnings due and which continue to accrue in accordance with the Collectively Bargain Agreements (CBA) for the Non-supervisory group dated 2018-2019 and 2019-2022 and the Supervisory group dated 2019 - 2022. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #5 COLA Settlement Staff Report
Item #5 COLA Side Letter Settlement

6. Recommendation to approve an Interlocal Agreement between Truckee Meadows Fire Protection District and Washoe County to provides for possible financing, development, operation and management of a new Regional Communications P25 Public Safety Radio System at an estimated cost of $75,743 for Fiscal Year 20/21 operations plus either a lump sum cost of $822,155 or an estimated level annual payment of $70,430 for twenty years which equals to a total amount of $1,056,449 for infrastructure construction of the system. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #6 P25 Interlocal Agreement Staff Report
Item #6 P25 Radio System financing Details
Item #6 P25 Radio System Interlocal Agreement

7. Recommendation to approve and create three additional grant funded Fuels Crew Member positions, with a salary range of $40,768.00 - $52,915.20 with Regular NV PERS (NV PERS), pending NV PERS review for possible Police/Fire PERS. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #7 Fuels Crew Member Additions Staff Report

8. Recommend authorizing the Chief of the Truckee Meadows Fire Protection District (TMFPD) to execute a contract for the purchase of three Type V fire engines in a total combined amount not to exceed $750,000 for use by TMFPD in connection with its fire protection district duties. The contract was put out to bid by the Washoe County Purchasing Department in February 2020, with bids reviewed on March 17, 2020. Authorization to the Chief to execute the contract would include ratification of the bidding process that was undertaken and would furthermore authorize the Chief to select the lowest responsive-responsible bidder from among those who have submitted bids for the sale. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #8 Type 5 Brush Engine Bid Award Authorization Staff Report

9. Recommendation to adopt a Resolution of Intent, proposing the issuance of, and authorizing the publication of notices relating to General obligation (limited tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) in the maximum principal amount of $2,100,000 to defray wholly or in part the cost of acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor; providing the manner, form and contents of the notices thereof; providing other matters properly related thereto; and providing the effective date hereof. The proposal to issue these bonds was approved by the Washoe County Debt Management Commission per NRS 350.014 et. seq. on February 28, 2020. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #9 Resolution of Intent Staff Report
Item #9 DMC Packet TMFPD 2020B C-Tax Bonds vFINAL
Item #9 Intent Resolution TM06-2020

10. Recommendation to approve a Purchase and Sale agreement for the acquisition by the district of a 6 acre parcel located at 0 White Pelican (APN 050-220-61) for the purpose of constructing a new fire station, which is planned for additional buildings that would include a fixed based ambulance building, a helipad, and a Washoe County Sheriff's substation, to serve the Washoe Valley area in an amount not to exceed $475,000 plus closing costs, less $5,000 in an earnest money deposit and authorize the Chair to execute all checks, warrants, deeds, and instruments as needed to effect this purchase and close escrow as authorized by NRS 474.470. If approved, approve and execute a resolution augmenting the Truckee Meadows Fire Protection District Capital Fund Capital Outlay Account from the Truckee Meadows Fire Protection District Capital Fund Beginning Fund Balance in the amount of $475,000. (Commission District 2) FOR POSSIBLE ACTION

Attachments: Item #10 0 Pelican Purchase Staff Report
Item #10 0 Pelican Purchase Budget Aug Reso TM07-2020
Item #10 0 Pelican Purchase and Sale Agreement
Item #10 0 Pelican DRAFT Preliminary Geo Memorandum
Item #10 Site Layouts

11. Commissioners'/Fire Chief's announcements, requests for information, topics for future agendas, and statements relating to items not on the Agenda. (No discussion among Commissioners will take place on this item).

12. Public Comment. Comment heard under this item will be limited to three minutes per person and may pertain to matters both on and off the Board of Fire Commissioners agenda. The District will also hear public comment during individual action items, with comment limited to three minutes per person. Comments are to be made to the Board of Fire Commissioners as a whole.

NOTICE OF THE INTENT OF THE BOARD OF FIRE COMMISSIONERS OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, TO ISSUE GENERAL OBLIGATION (LIMITED TAX) CAPITAL IMPROVEMENT BONDS OF THE DISTRICT ADDITIONALLY SECURED BY PLEDGED REVENUES.

NOTICE IS HEREBY GIVEN that the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "Board" and the "District"), by a resolution, passed, adopted and approved on March 31, 2020, has made the following proposal (the "Proposal") for the issuance of the District's General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) (the "Bonds") designated below, as follows:

GENERAL OBLIGATION CAPITAL IMPROVEMENT BONDS ADDITIONALLY SECURED BY PLEDGED REVENUES PROPOSAL:

Shall the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "District") in the State of Nevada, be authorized to incur a general obligation indebtedness on behalf of the District by the issuance at one time, or from time to time, of the District's general obligation (limited tax) capital improvement bonds, in one series or more, in the aggregate principal amount of not exceeding $2,100,000 for the purpose of financing, wholly or in part, the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, the bonds to mature commencing not later than five (5) years from the date or respective dates of the bonds and ending not later than thirty (30) years therefrom, to bear interest at a rate or rates not in excess of the statutory maximum rate in effect at the time bonds are sold, to be payable from general (ad valorem) taxes (except to the extent pledged revenues and other moneys are available therefor), and to be issued and sold at par, or below or above par, and otherwise in such manner, upon such terms and conditions, and with such other detail as the Board may determine, including at its option but not necessarily limited to provisions for the redemption of bonds prior to maturity without or with the payment of a premium?

The Proposal was approved by the Debt Management Commission of Washoe County, Nevada.

The Board has determined that the Bonds to be issued for the purpose of financing the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor (as further described in the above Proposal) will be additionally secured by a pledge of 15% of certain proceeds of liquor taxes, tobacco taxes, real property transfer taxes, basic governmental services tax and basic and supplemental sales taxes distributed to the District (the "Pledged Revenues"). The Board has, in addition, determined, based upon a revenue study, that the Pledged Revenues will at least equal the amount required in each year for the payment of the interest on and the principal of the Bonds.

Based upon this determination, the Board intends to incur this general obligation as set forth above without an election as provided in NRS 350.020(3), unless within ninety (90) days after the publication of this notice a petition requesting an election is presented to the Board signed by not fewer than five percent (5%) of the registered voters of the District. The number of registered voters is to be determined as of the close of registration for the last preceding general election.

At a meeting or meetings of the Board, the Board shall proceed to adopt an ordinance or ordinances authorizing the issuance of the Bonds which shall be effective not earlier than ninety (90) days after the publication of this notice. Such ordinance or ordinances authorizing the issuance of the Bonds will be effective unless prior to 5:00 p.m. on July 6, 2020, a petition is presented to the Board asking for an election upon the question of whether or not the proposed general obligations shall be incurred. The petition for an election herein referred to may be filed with the Board no later than 5:00 p.m. on July 6, 2020 at the office of the Secretary of the District, ex officio Washoe County Clerk (the "Secretary"), 1001 East Ninth Street, Building A, Reno, Nevada, during regular office hours of the Secretary. In the event such petition is presented, no such ordinance or ordinances shall be effective except pursuant to an election called and held for such purpose and carried by a majority of the votes cast. In the event no such petition is presented, the Bonds will be authorized as described above. The ordinance or ordinances authorizing the Bonds will, in addition, contain provisions for additionally securing the payment of the general obligations by pledging the Pledged Revenues designated above and in the Proposal to the payment of the Bonds.

The authority to issue the Bonds if conferred at an election or if conferred by the fact no petition is presented to the Board requesting such an election within ninety (90) days of the date of publication hereof shall be deemed to be a continuing authority and the Board shall be authorized to sell the Bonds at such time or times and upon such terms and conditions as it deems proper in accordance with the provisions of the Proposal and the laws of the State of Nevada.

All persons interested are hereby advised that further information regarding the project to be financed by the Bonds, the Bonds and the Pledged Revenues, and all proceedings in the premises, are on file in the office of the Secretary, 1001 East Ninth Street, Building A, Reno, Nevada, and can be seen and examined by the interested persons during the regular office hours of the Secretary or to receive information electronically by making a request to the Administrative Assistant of the District at 775-328-6124. All persons interested may also obtain additional information regarding the contents of and filing requirements for the petition referred to herein at the office of the Secretary, 1001 East Ninth Street, Building A, Reno, Nevada, and can be seen and examined by the interested persons during the regular office hours of the Secretary.

The determination by the Board that the Pledged Revenues will at least equal the amount required in each year for the payment of interest and principal on the Bonds becomes conclusive on the last day for filing the petition, i.e., on July 6, 2020 at 5:00 p.m.

BY ORDER of the Board of Fire Commissioners of Truckee Meadows Fire Protection District.

NOTICE OF PUBLIC HEARING ON THE INTENT OF THE BOARD OF TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, TO ISSUE GENERAL OBLIGATION (LIMITED TAX) CAPITAL IMPROVEMENT BONDS OF THE DISTRICT ADDITIONALLY SECURED BY PLEDGED REVENUES.

NOTICE IS HEREBY GIVEN that the Board of Fire Commissioners (the "Board") of the Truckee Meadows Fire Protection District (the "District"), by a resolution, passed, adopted, signed and approved on March 31, 2020, has made the following proposal (the "Proposal") for the issuance of the District's General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) (the "Bonds") designated below, as follows:

GENERAL OBLIGATION CAPITAL IMPROVEMENT BONDS ADDITIONALLY SECURED BY PLEDGED REVENUES PROPOSAL:

Shall the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "District") in the State of Nevada, be authorized to incur a general obligation indebtedness on behalf of the District by the issuance at one time, or from time to time, of the District's general obligation (limited tax) capital improvement bonds, in one series or more, in the aggregate principal amount of not exceeding $2,100,000 for the purpose of financing, wholly or in part, the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, the bonds to mature commencing not later than five (5) years from the date or respective dates of the bonds and ending not later than thirty (30) years therefrom, to bear interest at a rate or rates not in excess of the statutory maximum rate in effect at the time bonds are sold, to be payable from general (ad valorem) taxes (except to the extent pledged revenues and other moneys are available therefor), and to be issued and sold at par, or below or above par, and otherwise in such manner, upon such terms and conditions, and with such other detail as the Board may determine, including at its option but not necessarily limited to provisions for the redemption of bonds prior to maturity without or with the payment of a premium?

The Proposal was approved by the Debt Management Commission of Washoe County, Nevada.

The Board has determined that the Bonds to be issued for the purpose of financing the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor (as further described in the above Proposal) will be additionally secured by a pledge of 15% of certain proceeds of liquor taxes, tobacco taxes, real property transfer taxes, basic governmental services tax and basic and supplemental sales taxes distributed to the District (the "Pledged Revenues"). The Board has, in addition, determined, based upon a revenue study, that the Pledged Revenues will at least equal the amount required in each year for the payment of the interest on and the principal of the Bonds.

All persons interested are hereby advised that the Board will hold a public hearing on the Proposal on May 19, 2020, at 9:00 a.m., at the Washoe County Administration Complex, 1001 East Ninth Street, Reno, Nevada or if no physical location where members of the public can attend is provided, the means for the public to provide public comment will be on the public notice agenda posted on the District's website at https://www.washoecounty.us/tmfpd/fire_commissioners/index.php and on the State of Nevada's website at https://notice.nv.gov/. All persons are invited to attend and to be heard regarding the Proposal. Further information regarding the Proposal, the Project to be financed by the Bonds, the Bonds and the Pledged Revenues to be pledged to the Bonds, and all proceedings, are on file in the Office of the Secretary of the District, ex officio County Clerk (the "Secretary"), 1001 East Ninth Street, Building A, Reno, Nevada, and may be seen and examined by the interested persons during the regular office hours of the Secretary or to receive information electronically by making a request to the Administrative Assistant of the District at 775-328-6124.

BY ORDER of the Board of Fire Commissioners of Truckee Meadows Fire Protection District.

Summary - a resolution authorizing the issuance of the District's General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues), Series 2020.

RESOLUTION NO. TM16-2020

A RESOLUTION AUTHORIZING THE ISSUANCE OF THE "TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA, GENERAL OBLIGATION (LIMITED TAX) CAPITAL IMPROVEMENT BOND (ADDITIONALLY SECURED BY PLEDGED REVENUES), SERIES 2020," FOR FIRE STATION PROJECTS; AND PROVIDING THE FORM, TERMS AND CONDITIONS OF THE BOND AND OTHER DETAILS IN CONNECTION THEREWITH.

WHEREAS, the Truckee Meadows Fire Protection District, Nevada (the "District" and the "State," respectively) is a political subdivision of the State duly organized and operating as a fire district under the provisions of Nevada Revised Statutes ("NRS") 474.460 through 474.540 (the "Fire Protection Act" or the "Project Act"); and

WHEREAS, the Board of Fire Commissioners of the District (the "Board") has determined and does hereby declare pursuant to Nevada Revised Statutes ("NRS") 474.460 through 474.540, inclusive, and pursuant to chapter 350 of NRS and all laws amendatory thereof (the "Project Act") and NRS Sections Chapter 360.600 to 360.740, inclusive (the "Consolidated Tax Act") the District is authorized and empowered to use certain proceeds of taxes distributed to and imposed within the District pursuant to the Consolidated Tax Act (the "Consolidated Tax") to pledge to bonds in accordance with the provisions of NRS 350.500 through 350.720, inclusive, cited in NRS 350.500 thereof by the short title "Local Government Securities Law" (the "Bond Act") to finance the cost of acquiring properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor (the "Project") and to evidence such borrowing by the issuance of bonds in accordance with the provisions of the Bond Act; and

WHEREAS, other than as set forth herein, the District has never pledged nor in any way hypothecated the revenues derived from 15% of the proceeds of the Consolidated Tax (the "Pledged Revenues") to the payment of any bonds or for any other purpose; and

WHEREAS, the District has determined and hereby determines that it is necessary and in the best interests of the District and its citizens that the Project be acquired, constructed and equipped; and

WHEREAS, the District has submitted to the Debt Management Commission of Washoe County (the "Commission") the District's proposal to issue its general obligation bonds additionally secured by pledged revenues in the maximum principal amount of $2,100,000 (the "Proposal"); and

WHEREAS, the District has determined that, based upon studies and reports pertaining thereto, the Pledged Revenues will at least equal the amount required in each year for the payment of the interest on and principal of the Outstanding securities payable therefrom and the Bond proposed to be issued pursuant to the Proposal, without regard to any option reserved by the District for early redemption (the "Finding"); and

WHEREAS, the Commission has heretofore approved the Proposal and the Finding; and

WHEREAS, pursuant to a resolution passed and adopted by the Board, a notice of adoption of the resolution of intent to issue the bonds and a notice of public hearing were published in a newspaper of general circulation in the District; and

WHEREAS, no other bonds have been issued from the authority set forth in the Proposal; therefore, the District hereby provides for the public sale of the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues), Series 2020 (the "Bond") in the maximum principal amount of $2,100,000 to finance the Project; and

WHEREAS, after notice inviting bids for their purchase, the District's Chief Fiscal Officer, as the District's chief financial officer (the "Chief Fiscal Officer"), or in such officer's absence, the District's Fire Chief, as the District's chief administrative officer (the "Fire Chief") is hereby authorized to receive bids and sell the Bond to the best bidder therefor (the "Purchaser") and such officer is hereby authorized to accept a binding bid for the Bond, the Bond

to bear interest at the rate or rates per annum provided in the bond purchase proposal submitted by the Purchaser (the "Purchase Proposal"), such rate or rates not to exceed 3 percent over the Index of Twenty Bonds most recently published in The Bond Buyer prior to the time bids were received for the Bond, at a price equal to the principal amount thereof plus accrued interest to the date of delivery of the Bond, if any, less a discount not to exceed 9 percent of the principal amount of the Bond or plus a premium, all as specified by the Fire Chief or the Chief Fiscal Officer in a certificate dated on or before the date of delivery of the Bond (the "Certificate of the District"); and

WHEREAS, the Board has determined and does hereby declare that each of the limitations and other conditions to the issuance of the Bond in the Project Act, the Consolidated Tax Act and the Bond Act and in any other relevant act of the State or the Federal government has been met; and pursuant to NRS 350.708, this determination of the Board that the limitations in the Bond Act have been met shall be conclusive in the absence of fraud or arbitrary or gross abuse of discretion.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF FIRE COMMISSIONERS OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA:

ARTICLE I.

SHORT TITLE, DEFINITIONS, INTERPRETATION,
RATIFICATION, TRANSMITTAL, AND EFFECTIVE DATE

Section 101 Short Title. This resolution shall be known as and may be designated by the short title "2020 Capital Improvement Bond Resolution" (this "Resolution").

Section 102 Meanings and Construction.

A. Definitions. The terms in this section defined for all purposes of this Resolution and of any instrument amendatory hereof or supplemental hereto, and of any other instrument or any other document relating hereto, except where the context by clear implication otherwise requires, shall have the meanings herein specified:

"Acquisition Account" means the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues) Series 2020, Project Construction and Other Acquisition Account" created in Section 401 herein.

"annual principal and interest requirements" means the sum of the principal of and interest on the Outstanding Bond and any other Outstanding designated securities payable from the Pledged Revenues having a lien thereon superior to or on a parity with the lien thereon of the Bond, to be paid during any Bond Year, but excluding any reserve requirements to secure such payments unless otherwise expressly provided and excluding any amount payable from capitalized interest.

"Board" means the Board of Fire Commissioners of the District, in the State of Nevada, including any successor of the District.

"Bond Act" means NRS 350.500 through 350.720, and all laws amendatory thereof, designated in NRS 350.500 as the Local Government Securities Law.

"Bond Fund" means the special accounts designated as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues) Series 2020, Principal Account," and "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues) Series 2020, Interest Account,"

created herein, and required to be accumulated and maintained in Section 604 hereof which shall be held separate and apart from the Income Account.

"Bond Requirements" means the principal of, any prior prepayment premiums due in connection with, and the interest on the Bond and, if the context requires, any additional bonds or other additional securities payable from the Pledged Revenues and hereafter issued, or such part of such securities or such other securities as may be designated, as such principal, premiums and interest become due at maturity or on a Prepayment Date designated in a notice of prior prepayment, or otherwise.

"Bond" means the securities issued hereunder and designated as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues), Series 2020."

"Bond Year" means the 12 months commencing on July 1 of any calendar year and ending on June 30 of the next succeeding calendar year.

"Chair" means the de jure or de facto chair of the Board of the District and designated as such by the District, or successor in functions, if any.

"Chief Fiscal Officer" means the Chief Fiscal Officer of the District or any other officer designated by the District as the de jure or de facto chief financial officer of the District for purposes of NRS 350.165.

"Clerk" or "District Clerk" means the de jure or de facto clerk of the District and designated as such by the District, or successor in functions, if any.

"combined maximum annual principal and interest requirements" means the greatest of the annual principal and interest requirements to be paid during any Bond Year for the period beginning with the Bond Year in which such computation is made and ending with the Bond Year in which any bond last becomes due at maturity or on a Prepayment Date on which any bond thereafter maturing is called for prior prepayment. If any outstanding bonds are subject to variable interest rates, for the purpose of such computation, such interest rates shall be determined by an Independent Accountant, an independent feasibility consultant or the Fire Chief. Any such computation shall be adjusted as provided in Section 803C hereof, and shall be made by an Independent Accountant, an independent feasibility consultant or the Fire Chief if expressly so required.

"commercial bank" means a state or national bank or trust company which is a member of the Federal Deposit Insurance Corporation and which is located within the United States; and such term includes, without limitation, any "trust bank" as herein defined.

"Comparable Bond Year" means, in connection with any Fiscal Year, the Bond Year which ends in the Fiscal Year.

"Consolidated Tax Act" means, collectively, NRS 360.600 to 360.740, inclusive, as amended from time to time.

"Cost of the Project" means all or any part designated by the District of the cost of the Project, which cost, at the option of the District, except as limited by law, may include all or any part of the incidental costs relating to the Project, including, without limitation:

a. Preliminary expenses advanced by the District from funds available for use therefor or from any other source, or advanced with the approval of the District from funds available therefor or from any other source by the State, the Federal Government, or by any other Person with the approval of the District (or any combination thereof);

b. The costs in the making of surveys, audits, preliminary plans, other plans, specifications, estimates of costs, and other preliminaries;

c. The costs of premiums on builders' risk insurance and performance bonds, or a reasonably allocable share thereof;

d. The costs of appraising, printing, estimates, advice, services of engineers, architects, accountants, financial consultants, attorneys at law, clerical help, or other agents or employees;

e. The costs of making, publishing, posting, mailing and otherwise giving any notice in connection with the Project, the filing or recordation of instruments, the taking of options, the issuance of the Bond and any other securities relating to the Project, and bank fees and expenses;

f. The costs of contingencies;

g. The costs of the capitalization with the proceeds of the Bond of any interest on the bonds or other securities for any period not exceeding the period estimated by the District to effect the Project plus one year, of any discount on the bonds or other securities, and of any reserves for the payment of the principal of and interest on the Bond or other securities, of any replacement expenses, and of any other cost of the issuance of the Bond or other securities relating to the Project;

h. The costs of amending any ordinance, resolution or other instrument authorizing the issuance of or otherwise relating to the Outstanding Bond or other securities relating to the Project;

i. The costs of funding any medium-term obligations, emergency loans, construction loans and other temporary loans not exceeding 10 years relating to the Project and of the incidental expenses incurred in connection with such loans;

j. The costs of any properties, rights, easements or other interests in properties, or any licenses, privileges, agreements and franchises;

k. The costs of demolishing, removing or relocating any buildings, structures or other facilities on land acquired for the Project, and of acquiring lands to which such buildings, structures or other facilities may be moved or relocated; and

l. All other expenses necessary or desirable and relating to the Project, as estimated or otherwise ascertained by the District. The Board hereby determines that the costs of issuance of the Bond are necessary or desirable and related to the Project.

"District Treasurer" or "Treasurer" means the de jure or de facto District treasurer and designated as such by the District.

"Events of Default" means the events stated in Section 1103 hereof.

"Federal Government" means the United States, or any agency, instrumentality or corporation thereof.

"Federal Securities" means bills, certificates of indebtedness, notes, bonds or similar securities which are direct obligations of, or the principal and interest of which securities are unconditionally guaranteed by, the United States.

"Fire Chief" means the Fire Chief of the District or any other officer designated by the District as the de jure or de facto chief administrative officer of the District for purposes of NRS 350.165.

"Fiscal Year" means the 12 months commencing on July 1 of any calendar year and ending on June 30 of the next succeeding calendar year; but if the Nevada legislature changes the statutory fiscal year relating to the District, the Fiscal Year shall conform to such modified statutory fiscal year from the time of each such modification, if any.

"General Taxes" or "Taxes" means general (ad valorem) taxes levied by the District against all taxable property within the boundaries of the District (unless otherwise qualified).

"hereby," "herein," "hereinabove," "hereinafter," "hereinbefore," "hereof," and any similar term refer to this Resolution and not solely to the particular portion thereof in which the word is used; "heretofore" means before the adoption of this Resolution; and "hereafter" means after the adoption of this Resolution.

"Income Account" means the special account designated as the "Truckee Meadows Fire Protection District, Nevada, Consolidated Tax Pledged Revenues Income Fund" created in Section 602 of this Resolution, which shall be held separate and apart from the Bond Fund.

"Independent Accountant" means any certified public accountant, or any firm of certified public accountants, duly licensed to practice and practicing as such under the laws of the State, as from time to time appointed and compensated by the District:

a. Who or which is, in fact, independent and not under the domination of the District;

b. Who or which does not have any substantial interest, direct or indirect, with the District, and

c. Who or which is not connected with the District as an officer or employee thereof, but who may be regularly retained to make annual or similar audits of any books or records of the District.

"Interest Account" means the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues) Series 2020, Interest Account," created in Section 501 hereof.

"NRS" means Nevada Revised Statutes.

"newspaper" means a newspaper printed in the English language, published at least once each calendar week.

"Outstanding" when used with reference to the Bond or any other designated securities and as of any particular date means the Bond or any such other securities payable from the Pledged Revenues, as the case may be, in any manner theretofore and thereupon being executed and delivered:

a. Except any Bond or other security canceled by the District, by the Paying Agent or otherwise on the District's behalf, at or before such date;

b. Except any Bond or other security the payment of which is then due or past due and moneys fully sufficient to pay the same are on deposit with the Paying Agent;

c. Except any Bond or other security for the payment or the prepayment of which moneys at least equal to the District's Bond Requirements to the date of maturity or to any Prepayment Date, shall have heretofore been deposited with a trust bank in escrow or in trust for that purpose, as provided in Section 1001 hereof; and

d. Except any Bond or other security in lieu of or in substitution for which another bond or other security shall have been executed and delivered pursuant to Sections 306 or 1209 hereof.

"owner" or any similar term, when used in conjunction with the Bond, or any other designated securities, means the registered owner of any Bond or other security which is registrable for payment if it shall at the time be registered for payment otherwise than to bearer.

"Parity Securities" means bonds or securities hereafter issued which have a lien on the Pledged Revenues that is on a parity with the lien thereon of the Bond herein authorized.

"Paying Agent" means the Chief Fiscal Officer or any successor which may be appointed from time to time as paying agent for the Bond.

"Person" means a corporation, firm, other body corporate (including, without limitation, the Federal Government, the State, or any other body corporate and politic other than the District), partnership, association or individual, and also includes an executor, administrator, trustee, receiver or other representative appointed according to law.

"Pledged Revenues" means a 15% portion of all income and revenue derived by the District from the imposition and collection of the Consolidated Tax and distributed to the District

pursuant to the Consolidated Tax Act. The Pledged Revenues means all or a portion of the Pledged Revenues. The designated term indicates sources of revenues and does not necessarily indicate all or any portion or other part of such revenues in the absence of further qualification. "Pledged Revenues" includes income derived from any additional Consolidated Tax imposed by the District if the Board is authorized to include and specifically elects to include the additional tax in "Pledged Revenues" for the remaining term of the Bond.

"Prepayment Date" means a date fixed for the prepayment prior to their respective maturities of any Bond or other designated securities payable from any Pledged Revenues in any notice of prior prepayment or otherwise fixed and designated by the District.

"Prepayment Price" means, when used with respect to a Bond or other designated security payable from any Pledged Revenues, the principal amount thereof plus accrued interest to the date of prepayment, payable upon the prepayment thereof prior to the stated maturity date of the Bond or other security on a Prepayment Date in the manner contemplated in accordance with the security's terms.

"Principal Account" means the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues) Series 2020, Principal Account," created in Section 501 hereof.

"Project" means the means the acquisition, construction, improvement and equipping of building projects as provided in NRS 244A.019, including, but not limited to, structures, fixtures, furniture and equipment therefore, and all appurtenances and incidentals necessary, useful or desirable for any such facilities.

"Project Act" means NRS 244A.011 through 244.065, as amended from time to time.

"Rebate Account" means the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues) Series 2020, Rebate Account" created in Section 607 hereof.

"Registrar" means the Chief Fiscal Officer, or any successor which may be appointed from time to time as registrar for the Bond.

"Clerk" means the de jure or de facto Clerk of the District and designated as such by the District, or successor in functions, if any.

"State" means the State of Nevada, in the United States.

"Subordinate Securities" means bonds or securities which have a lien on the Pledged Revenues that is subordinate and junior to the lien thereon of the Bond herein authorized.

"Superior Securities" means bonds or securities which have a lien on the Pledged Revenues that is superior to the lien thereon of the Bond herein authorized.

"Tax Code" means the Internal Revenue Code of 1986, as amended, to the date of delivery of the Bond.

"Taxes" means General Taxes.

"trust bank" means a "commercial bank," as defined herein, which bank is authorized to exercise and is exercising trust powers, and also means any branch of the Federal Reserve Bank.

B. Construction. This Resolution, except where the context by clear implication herein otherwise requires, shall be construed as follows:

(1) Words in the singular number include the plural, and words in the plural include the singular.

(2) Words in the masculine gender include the feminine and the neuter, and when the sense so indicates words of the neuter gender refer to any gender.

(3) The titles and leadlines applied to articles, sections, subsections and paragraphs of this Resolution are inserted only as a matter of convenience and ease in reference and in no way define, limit or describe the scope or intent of any provisions of this Resolution.

(4) Any securities payable from any Pledged Revenues and held by the District shall not be deemed to be Outstanding for the purpose of prepayment nor Outstanding for the purpose of consents hereunder or for other purposes provided herein.

Section 103 Successors. Whenever herein the District is named or is referred to, such provision shall be deemed to include any successors of the District, respectively, whether so expressed or not. All of the covenants, stipulations, obligations and agreements by or on behalf of and other provisions for the benefit of the District contained herein shall bind and inure to the benefit of any officer, board, district, commission, authority, agent or instrumentality

to whom or to which there shall be transferred by or in accordance with law any right, power or duty of the District or of their respective successors, if any, the possession of which is necessary or appropriate in order to comply with any such covenants, stipulations, obligations, agreements or other provisions hereof.

Section 104 Parties Interested Herein. Except as herein otherwise expressly provided, nothing herein expressed or implied confers upon or gives to any Person (other than the Paying Agent, the insurer of the Bond, if any, the owners from time to time of the Bond, and the owners of any other securities payable from Pledged Revenues when reference is expressly made thereto, as well as the District) any right, remedy or claim under or by reason hereof or any covenant, condition or stipulation hereof. All the covenants, stipulations, promises and agreements herein contained by and on behalf of the District shall be for the sole and exclusive benefit of the District, the Paying Agent, the insurer of the Bond, if any, any owner of any Bond and any owner of any such other security in the event of such a reference.

Section 105 Ratification. All action heretofore taken (not inconsistent with the provisions of this Resolution) by the District, the officers of the District, and otherwise by the District directed toward the Project and toward the sale of the Bond to the Purchaser for that purpose, hereby is ratified, approved and confirmed.

Section 106 Resolution Irrepealable. After the Bond is issued, this Resolution shall constitute an irrevocable contract between the District and the owner or owners of the Bond; and this Resolution (subject to the provisions of Section 1001 and of Article XII hereof), if any Bond are in fact issued, shall be and shall remain irrepealable until the Bond, as to all Bond Requirements, shall be fully paid, canceled and discharged, except as herein otherwise expressly provided.

Section 107 Repealer. All bylaws, orders and other instruments, or parts thereof, inconsistent herewith are hereby repealed to the extent only of the inconsistency. This repealer shall not be construed to revive any bylaw, order or other instrument, or part thereof, heretofore repealed.

Section 108 Severability. If any section, subsection, paragraph, clause or other provision of this Resolution shall for any reason be held to be invalid or unenforceable, the

invalidity or unenforceability of such section, subsection, paragraph, clause or other provision shall not affect any of the remaining provisions of this Resolution.

ARTICLE II.

DISTRICT'S DETERMINATIONS, AUTHORITY FOR AND AUTHORIZATION OF PROJECT, NECESSITY OF PROJECT AND BOND, PROJECT COST, AND OBLIGATION OF DISTRICT

Section 201 Authorization for this Resolution. This Resolution is adopted by virtue of the Project Act, Consolidated Tax Act and the Bond Act and pursuant to their provisions; and the District has ascertained and hereby determines that each and every matter and thing as to which provision is made herein is necessary in order to carry out and to effectuate the purposes of the District in accordance with the Project Act, the Consolidated Tax Act and the Bond Act, and as provided in NRS 350.708 all limitations in the Bond Act imposed upon the issuance of bonds or other securities thereunder have been met and the total cost, capacity, type, and plans and specifications of and for the construction, installation and other acquisition of the improvements with respect to the Project, to the extent heretofore prepared, have been and hereby are approved.

Section 202 Life of the Project. The District has determined and does hereby declare:

A. Estimated Life. The estimated life or estimated period of usefulness of the Project to be financed with the proceeds of the Bond is not less than 20 years; and

B. Bond Term. The Bond shall mature at times not exceeding such estimated life or estimated period of usefulness.

Section 203 Necessity of Project and Bond. It is necessary and for the best interests of the District and the inhabitants thereof that the District effect the Project and defray the cost thereof by issuing the Bond therefor; and it is hereby so determined and declared.

Section 204 Acceptance of Purchase Proposal. In accordance with the Project Act, Chapter 350 of NRS and with this Resolution, the District Fire Chief is authorized to accept the Purchase Proposal submitted by the Purchaser.

Section 205 Authorization of Project. The District does hereby determine to proceed with the Project as hereinabove delineated; and the Project is hereby so authorized.

Section 206 Bond Equally Secured. The covenants and agreements herein set forth to be performed on behalf of the District shall be for the equal benefit, protection and security of the owners of the Outstanding Bond.

Section 207 General Obligations. The full faith and credit of the District are hereby pledged to the payment of the Bond Requirements of the Bond; they shall constitute general obligations of the District and shall be payable from General Taxes on all taxable property within the District (except to the extent any Pledged Revenues or other moneys are available therefor), subject to the limitations imposed by the Constitution and statutes of the State.

Section 208 Additional Security. The payment of the Bond Requirements of the Bond is additionally secured by an irrevocable pledge of and by a lien (but not necessarily an exclusive lien) on the Pledged Revenues, subject to and after any superior liens upon such Pledged Revenues of any Superior Securities.

Section 209 No Pledge of Property. The payment of the Bond is not secured by an encumbrance, mortgage or other pledge of property of the District, except the proceeds of General Taxes, the Pledged Revenues, and any other moneys pledged for the payment of the Bond. No property of the District, subject to such exceptions, shall be liable to be forfeited or taken in payment of the Bond.

Section 210 No Recourse Against Officers and Agents. No recourse shall be had for the payment of the Bond Requirements of the Bond or for any claim based thereon or otherwise upon this Resolution authorizing their issuance or any other instrument relating thereto, against any individual member of the District or any officer or other agent of the District, past, present or future, either directly or indirectly through the District or otherwise, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any penalty or otherwise, all such liability, if any, being by the acceptance of the Bond and as a part of the consideration of their issuance specially waived and released.

ARTICLE III.

AUTHORIZATION, TERMS, EXECUTION AND ISSUANCE OF BOND

Section 301 Authorization of Bond. The "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues), Series 2020," in the original aggregate principal amount set forth in the Certificate of the District (not to exceed $2,100,000), are hereby authorized to be issued, pursuant to the Project Act, the Consolidated Tax Act and the Bond Act; and the District pledges irrevocably, but not necessarily exclusively, the Pledged Revenues to the payment of the Bond Requirements of the Bond, the proceeds of the Bond to be used solely to defray wholly or in part the cost of the Project.

Section 302 Bond Details. The Bond shall be issued in fully registered form as a single Bond and shall be dated as of the date of its delivery. The principal of the Bond shall be payable in installments on the dates and in the amounts as set forth in the Certificate of the District. Except as otherwise provided herein, each principal installment shall bear interest, calculated on the basis of a 360-day year consisting of twelve 30-day months, from the date of the Bond at the rate(s) per annum set forth in the Certificate of the District, payable semiannually on June 1 and December 1 of each year, commencing on June 1, 2021. Installments of principal and interest prior to the final payment shall be made by check mailed or electronic transfer by the District Fire Chief, as paying agent for the Bond (the "Paying Agent") on each payment date (or, if such payment date is not a business day, on the next succeeding business day) to the owner thereof, at such owner's address as shown on the registration records kept by the District Fire Chief, as registrar for the Bond (the "Registrar") as of the close of business on the day next preceding each payment date. The final payment on the Bond upon final maturity or prepayment in whole shall be made only upon presentation and surrender of the Bond at the office of the Paying Agent or such other office as designated by the Paying Agent. Presentation and surrender of the Bond is not required for payment of installments of principal other than upon final payment upon final maturity or prepayment in whole. If any installment of principal of the Bond shall not be paid when due, such installment shall continue to draw interest at the interest rate set forth in the Certificate of the District until such installment of principal is paid in full. The

Paying Agent may make payment on any installment of principal and interest of the Bond by such alternative means as may be mutually agreed to between the owner of the Bond and the Paying Agent. All such payments shall be made in lawful money of the United States of America without deduction for any service charges of the Paying Agent or Registrar.

Section 303 Prepayment. The installments of principal of the Bond, or portions thereof, shall be subject to prepayment, if any, as directed by the Fire Chief in the manner and on the dates as set forth in the Certificate of the District, and at a price equal to the principal amount so prepaid, interest accrued thereon to such prepayment date, and a premium, if any, as set forth in the Certificate of the District.

Section 304 Notice of Prepayment. Notice of prepayment, unless waived by the registered owner, shall be given to the registered owner of the Bond, electronically or otherwise, at least 10 days in advance of the prepayment date designating the maturity date of the installment(s) of principal to be prepaid, the amount of principal to be prepaid, the prepayment date, and stating that the principal to be prepaid shall be paid to the registered owner thereof as shown on the registration records kept by the Registrar on presentation of the Bond at the office of the Paying Agent (or any successor registrar or paying agent appointed), and that after such prepayment date, interest on the amount so prepaid shall cease to accrue.

Notwithstanding the provisions of this section, any notice of prepayment may contain a statement that the prepayment is conditioned upon the receipt by the Paying Agent of funds on or before the date fixed for prepayment sufficient to pay the principal amount prepaid and the accrued interest thereon to the date of prepayment, and that if such funds are not available, such prepayment shall be canceled by written notice to the owner of the Bond called for prepayment in the same manner as the original prepayment notice was provided.

Section 305 Registration, Transfer and Exchange of Bond. The Bond shall be fully registered as to the payment of principal and interest. The Registrar and Paying Agent shall maintain records for that purpose at its principal corporate trust office. Such records shall show the name and address of the registered owner of the Bond, the principal amount thereof, and the interest rate and the payment date for interest on the Bond, and the due dates of the principal of the Bond. Transfer of the Bond may be made on the registration records maintained by the Registrar and similarly noted on the registration panel of the Bond. The Registrar shall so

transfer the Bond on presentation of the Bond at its principal corporate office together with evidence of transfer satisfactory to the Registrar and subject to such reasonable regulations as the Registrar may prescribe. The Registrar shall not be required to transfer the Bond within ten (10) days of any date on which all or any portion of the principal of the Bond is being prepaid. In case of prepayment of the principal of the Bond, notation of such prepayment shall be made on the Bond in the prepayment panel provided thereon, signed by the Registrar.

Section 306 Execution and Authentication. If necessary, the President of the Board (the "President"), the District Treasurer and the District Clerk shall file their manual signatures with the Secretary of State, pursuant to the Uniform Facsimile Signatures of Public Officials Act, cited as Chapter 351, NRS. The Bond shall be signed and executed in the corporate name of the District with the manual, electronic or facsimile signature of the President, countersigned with the manual, electronic or facsimile signature of the District Treasurer, shall be attested with a manual, electronic or facsimile signature of the District Clerk, shall be authenticated by the manual, electronic signature of an authorized officer of the Registrar, and a manual, electronic or facsimile of the seal of the District shall be affixed thereto. The Bond bearing the signatures of the officers in office at the time of the signing thereof, shall be the valid and binding obligation of the District, notwithstanding that before the delivery thereof and payment therefor, any or all of the persons whose signatures appear thereon shall have ceased to fill their respective offices. Any officer herein authorized or permitted to sign the Bond at the time of its execution and of the execution of a signature certificate, may adopt as and for his or her own facsimile signature, the facsimile signature of such officer's predecessor in office in the event that such facsimile signature appears upon the Bond.

Section 307 Use of Predecessor's Signature. The Bond bearing the signatures of the officers in office at the time of the signing thereof shall be the valid and binding obligations of the District, notwithstanding that before the delivery thereof and the payment therefor any or all of the persons whose signatures appear thereon shall have ceased to fill their respective offices. Each the Chair of the Board, the District Treasurer and District Clerk, at the time of the execution of the Bond and of a signature certificate pertaining thereto by the Chair of the Board, the District Treasurer and the District Clerk, respectively, may adopt as and for his or

her own facsimile signature the facsimile signature of his or her predecessor in office if such facsimile signature appears upon the Bond.

Section 308 Incontestable Recital in Bond. Pursuant to NRS 350.628, each Bond shall recite that it is issued pursuant to the Project Act, to the Consolidated Tax Act, and to the Bond Act, which recital shall be conclusive evidence of the validity of the Bond and the regularity of their issuance.

Section 309 State Tax Exemption. Pursuant to NRS 350.710, the Bond, its transfer, and the income therefrom shall forever be and remain free and exempt from taxation by the State or any subdivision thereof, except for the tax on estates imposed pursuant to chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to chapter 375B of NRS.

Section 310 Bond Execution. The Chair of the Board of Fire Commissioners, the District Treasurer, and the District Clerk are hereby authorized and directed to prepare and to execute the Bond as herein provided.

Section 311 Initial Registration. Before the Bond is delivered, it shall be registered by the Registrar in the records kept by the Registrar for that purpose. The register shall show the principal amount of the Bond, the time of payment on the Bond, and the rate of interest the Bond bears.

Section 312 Bond Delivery. After such registration by the Registrar and after its execution and authentication as provided herein, the District Treasurer shall cause the Bond to be delivered to the Purchaser, upon payment being made in accordance with the terms of its sale.

Section 313 Bond Form. Subject to the provisions of this Resolution, each Bond shall be in substantially the following form with such omissions, insertions, endorsements, and variations as to any recitals of fact or other provisions as may be required by the circumstances, be required or permitted by this Resolution, or be consistent with this Resolution and necessary or appropriate to conform to the rules and requirements of any governmental authority or any usage or requirement of law with respect thereto:

(Form of Bond)

TRANSFER OF THIS BOND OTHER THAN BY REGISTRATION IS NOT EFFECTIVE

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA
GENERAL OBLIGATION (LIMITED TAX)
CAPITAL IMPROVEMENT BOND
(ADDITIONALLY SECURED BY PLEDGED REVENUES)
SERIES 2020

No. R-1

Interest Rate	Final Maturity Date	Dated as of	Principal Amount
_____% per annum	_____, _____	_____, 2020	$_____

PRINCIPAL AMOUNT: DOLLARS

The Truckee Meadows Fire Protection District, Nevada (the "District" and the "State," respectively), for value received, hereby acknowledges itself to be indebted and promises to pay to the registered owner specified on the registration panel appended hereto, or registered assigns, the principal amount specified above, in installments of principal in the amounts and on the dates as provided in the resolution authorizing the issuance of this Bond adopted by the Board of Fire Commissioners of the District on October 6, 2020 (the "Resolution") and set forth in Exhibit A attached hereto. Each principal installment shall bear interest from the dated date stated above until payment of such installment of principal shall have been discharged as provided in the Resolution, at the interest rate stated above, being payable semiannually on June 1 and December 1 of each year, commencing on June 1, 2021 in the amounts and on the dates set forth in Exhibit A attached hereto. Interest on the Bond shall be calculated on the basis of a 360-day year consisting of twelve 30-day months.

The final payment of principal of and interest on this Bond is payable upon presentation and surrender hereof at the office of the District's paying agent for the Bond (the "Paying Agent"), presently the District's Chief Fiscal Officer, who is also now acting as the District's Registrar for the Bond (the "Registrar") or such other office as designated by the Paying Agent. Installments of principal and interest on this Bond prior to the final payment will be made by check mailed by the Paying Agent on each payment date (or, if such date is not a business day, on the next succeeding business day) to the person in whose name this Bond is registered (the "registered owner") in the registration records of the District maintained by the Registrar, at the address appearing thereon as of the close of business on the day next preceding such payment date. Alternative means of payment of interest may be used if mutually agreed to by the registered owner and the Paying Agent, as provided in the Resolution. All such payments shall be made in lawful money of the United States of America without deduction for any service charges of the Paying Agent or the Registrar.

The installments of principal of this Bond, or portions thereof are subject to prepayment prior to maturity, at the option of the District as set forth in the Resolution and the Certificate of the District.

This Bond must be registered in the name of the owner as to both principal and interest on the registration records kept by the Registrar in conformity with the provisions stated herein and endorsed hereon and subject to the terms and conditions set forth in the Resolution. No transfer of this Bond shall be valid unless made on the registration records maintained at the principal office of the Registrar by the registered owner or his or her attorney duly authorized in writing, but only in the manner, subject to the limitations and conditions provided in the Resolution and subject to the delivery to the District of a purchaser letter in the form attached as Exhibit B to this Bond executed by a duly authorized officer of such transferee; provided that each such transferee shall constitute (1) a "qualified institutional buyer" as defined in Rule 144A promulgated under the Securities Act of 1933, as amended, and (2) a commercial bank organized under the laws of the United States, or any state thereof, or any other country which is a member of the Organization for Economic Cooperation and Development or a political subdivision of any such country, and, in any such case, having a combined capital and surplus of not less than $1,000,000,000 as of the date hereof. Notwithstanding the foregoing, this Bond may be transferred without limitation to an affiliate of the registered owner, each of the beneficial owners of which are "qualified institutional buyers" as defined in Rule 144A promulgated under the Securities Act of 1933, as amended. Upon such transfer a new fully registered Bond of the same maturity for the same principal amount will be issued to the transferee in exchange therefor.

The District and the Registrar and Paying Agent may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for the purpose of payment and for all other purposes, except to the extent otherwise provided hereinabove and in the Resolution.

This Bond is issued by the District upon the credit thereof for the purpose of defraying wholly or in part the cost to finance the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor as set forth in the Resolution, under the authority of and in full conformity with the Constitution and laws of the State and pursuant to the Resolution.

Reference is made to the Resolution, NRS 474.460 through 474.540, inclusive, and pursuant to chapter 350 of NRS and all laws amendatory thereof (the "Project Act"), NRS 360.600 to 360.740, inclusive, as amended from time to time as implemented by the District (the "Consolidated Tax Act"); an act cited as NRS 350.500 through 350.720, and all laws amendatory there, designated in NRS 350.500 as the Local Government Securities Law (the "Bond Act"); and to all laws supplemental thereto, for an additional description of the nature and extent of the security for the Bond, the General Taxes, accounts, funds and revenues pledged, the nature and extent and manner of enforcement of the pledge, the rights and remedies of the owners of the Bond with respect thereto, the terms and conditions upon which the Bond is issued, and a statement of rights and remedies of owners of the Bond.

This Bond is issued pursuant to the Project Act, the Consolidated Tax Act, and the Bond Act, and pursuant to NRS 350.628, this recital is conclusive evidence of the validity of the Bond and the regularity of its issuance; and pursuant to NRS 350.710, the Bond, its transfer, and the income therefrom shall forever be and remain free and exempt from taxation by the State or any subdivision thereof except for the tax on estates imposed pursuant to chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to chapter 375B of NRS.

The District has designated the Bond as a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3)(B) of the Internal Revenue Code of 1986, as amended.

It is hereby certified, recited and warranted that the total indebtedness of the District, including that of this Bond, does not exceed any limit of indebtedness prescribed by the Constitution or laws of the State; that provision has been made for the levy and collection of annual general (ad valorem) taxes ("General Taxes") sufficient to pay the Bond Requirements of this Bond when the same becomes due (except to the extent other moneys are available therefor), subject to the limitations imposed by the Constitution and statutes of the State; and that the full faith and credit of the District are hereby irrevocably pledged to the punctual payment of the Bond Requirements according to the terms of this Bond.

The payment of the Bond, as to all Bond Requirements, is additionally secured by an irrevocable pledge of revenues derived by the District from the Pledged Revenues (as defined in the Resolution).

Payment of the Bond Requirements due in connection with the Bond may be made from and as security for such payment there is irrevocably and exclusively pledged, pursuant to the Resolution, special accounts thereby created and identified as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond, Series 2020, Principal Account," and "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond, Series 2020, Interest Account," (collectively, the "Bond Fund") into which accounts the District covenants to pay from the revenues derived from the Pledged Revenues sums sufficient to pay when due the Bond Requirements of the Bond, except to the extent other moneys are available therefor.

The Bond is equitably and ratably secured by a lien on the Pledged Revenues, and the Bond constitutes an irrevocable lien (but not necessarily an exclusive lien) upon the Pledged Revenues on a parity with the lien of any outstanding parity bonds hereafter issued, subject to and after any superior liens upon such Pledged Revenues of any Superior Securities. Bonds and other securities, in addition to the Bond, subject to expressed conditions, may be issued and made payable from the Pledged Revenues having a lien thereon subordinate and junior to the lien or, subject to additional expressed conditions, having a lien thereon superior to or on a parity with the lien of the Bond, in accordance with the provisions of the Resolution.

The District covenants and agrees with the owner of this Bond and with each and every person who may become the owner hereof that it will keep and will perform all of the covenants of the Resolution.

It is further certified, recited and warranted that all the requirements of law have been fully complied with by the proper officers of the District in the issuance of this Bond; that it is issued pursuant to and in strict conformity with the Constitution and laws of the State, particularly under the terms and provisions of the Project Act, the Consolidated Tax Act, the Bond Act, and all laws supplemental thereto, and with the Resolution, and that this Bond does not contravene any constitutional or statutory limitation.

No recourse shall be had for the payment of the Bond Requirements of this Bond or for any claim based thereon or otherwise in respect to the Resolution or other instrument pertaining thereto against any individual member of the Board, or any officer or other agent of the District, past, present, or future, either directly or indirectly through the Board or otherwise, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any penalty or otherwise, all such liability, if any, being by the acceptance of this Bond and as a part of the consideration of its issuance specially waived and released.

This Bond shall not be valid or obligatory for any purpose until the Registrar shall have manually signed the registration panel attached hereto.

IN WITNESS WHEREOF, the Board of Fire Commissioners of the Truckee Meadows Fire Protection District, Nevada, has caused this Bond to be executed in its name and on its behalf with the manual, electronic or facsimile signature of the Chair of the Board, countersigned by the manual, electronic or facsimile signature of the District Treasurer, attested by the manual, electronic or facsimile signature of the District Clerk with the manual, electronic or facsimile seal of the District affixed hereto, all as of the date of the delivery hereof.

FORM OF PROVISION FOR REGISTRATION AS TO PRINCIPAL AND INTEREST

This Bond must be registered as to both principal and interest on the registration records of the District, kept by the District's Chief Fiscal Officer, as Registrar. After registration as to principal and interest, the Registrar shall note such registration on such registration records and in the registration blank below, and the principal and interest on this Bond shall be paid to such registered owner. This Bond may be transferred by the registered owner or such owner's legal representative only upon a duly executed assignment in form satisfactory to the Registrar, such transfer to be made on said registration records and endorsed hereon.

Every privilege, registration and transfer shall be exercised only in accordance with the resolution authorizing the Bond and such reasonable rules and regulations as the Registrar may prescribe.

FORM OF PURCHASER LETTER

Truckee Meadows Fire Protection District, Nevada
3663 Barron Way
Reno, NV 89511

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA
GENERAL OBLIGATION (LIMITED TAX)
CAPITAL IMPROVEMENT BOND
(ADDITIONALLY SECURED BY PLEDGED REVENUES)
SERIES 2020

Ladies and Gentlemen:

This letter is to provide you with certain representations and agreements with respect to our purchase of all of the above-captioned bond issued as a single bond (the *"Bond"*), dated _____, 2020. _____ (the *"Purchaser,"* the *"undersigned," "us"* or *"we,"* as applicable) is purchasing the Bond issued by Truckee Meadows Fire Protection District, Nevada (the *"Issuer"*). We hereby represent and warrant to you and agree with you as follows:

1. We understand that the Bond has not been registered pursuant to the Securities Act of 1933, as amended (the *"1933 Act"*) or the securities laws of any state. We acknowledge that the Bond (i) is not being registered or otherwise qualified for sale under the "blue sky" laws and regulations of any state, (ii) will not be listed on any securities exchange, and (iii) will not carry a rating from any rating service.

2. We have not offered, offered to sell, offered for sale or sold any of the Bond by means of any form of general solicitation or general advertising, and we are not an underwriter of the Bond within the meaning of Section 2(11) of the 1933 Act.

3. We have sufficient knowledge and experience in financial and business matters, including purchase and ownership of municipal and other tax-exempt obligations, to be able to evaluate the risks and merits of the purchase of the Bond.

4. We have authority to purchase the Bond and to execute this letter and any other instruments and documents required to be executed by the purchaser in connection with the purchase of the Bond.

5. The undersigned is a duly appointed, qualified and acting representative of the Purchaser and is authorized to cause the Purchaser to make the certifications, representations and warranties contained herein by execution of this letter on behalf of the Purchaser.

6. The Purchaser is (a) a "qualified institutional buyer" as defined in Rule 144A promulgated under the 1933 Act or (b) is a commercial bank organized under the laws of the United States, or any state thereof, or any other country which is a member of the Organization for Economic Cooperation and Development, or a political subdivision of any such country, and, in any such case, having a combined capital and surplus of not less than $1,000,000,000 as of the date hereof, and is able to bear the economic risks of the purchase of the Bond.

7. The undersigned understands that no official statement, prospectus, offering circular, or other comprehensive offering statement is being provided with respect to the Bonds. The undersigned has made its own inquiry and analysis with respect to the Issuer, the Bond and the security therefor, and other material factors affecting the security for and payment of the Bond.

8. The undersigned acknowledges that it has either been supplied with or been given access to information, including financial statements and other financial information, regarding the Issuer as it has requested to which a reasonable purchaser would attach significance in making a decision to purchase the Bond and has had the opportunity to ask questions and receive answers from knowledgeable individuals concerning the Issuer, the Bond and the security therefor, so that as a reasonable purchaser, it has been able to make its decision to purchase the Bond.

9. The Bond is being acquired by the Purchaser for its own account and not with a present view toward resale or distribution; *provided, however*, that the Purchaser reserves the right to sell, transfer or redistribute the Bond, but agrees that any such sale, transfer or distribution by the Purchaser shall be to a Person:

(a) that is an affiliate of the Purchaser; and

(b) that the Purchaser reasonably believes to be a qualified institutional buyer or a commercial bank organized under the laws of the United States, or any state thereof, or any other country which is a member of the Organization for Economic Cooperation and Development, or a political subdivision of any such country, and, in any case, having a combined capital and surplus of not less than $1,000,000,000 as of the date of such sale, transfer or distribution who executes a purchaser letter substantially in the form of this letter.

Very truly yours,

_____, AS PURCHASER

ARTICLE IV.

USE OF BOND PROCEEDS AND RESERVE FUNDS

Section 401 Disposition of Bond Proceeds. The proceeds of the Bond upon the receipt thereof at any time or from time to time shall be credited to a separate account hereby created and to be known as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues) Series 2020, Project Construction and Other Acquisition Account" (the "Acquisition Account") to be held by the District and used to pay the Cost of the Project, including but not limited to, the costs of issuing the Bond to be held by the Chief Fiscal Officer.

Section 402 Moneys for Project. All moneys received and held by the District for the Project from all sources, except for the Rebate Account; but, including, without limitation, the Bond proceeds deposited in the Acquisition Account and any revenues appropriated by the District for the Project shall be deposited in the Acquisition Account and except as herein otherwise expressly provided, shall be used and paid out solely for the purpose of defraying the Cost of the Project, including, without limitation, the costs of issuing the Bond.

Section 403 Prevention of Bond Default. The Chief Fiscal Officer shall use any Bond proceeds credited to the Acquisition Account without further order or warrant, to pay the Bond Requirements of the Bond as the same become due whenever and to the extent moneys in the Bond Fund or otherwise available therefor are insufficient for that purpose, unless the Bond proceeds shall be needed to defray obligations accrued and to accrue under any contracts then existing and relating to the Project. The Chief Fiscal Officer shall promptly notify the Chair of any such use. Any moneys so used shall be restored to the Acquisition Account, from the first Pledged Revenues thereafter received and not needed to meet the requirements provided in Sections 603 through 607 hereof.

Section 404 Completion of Project. When any amounts in the Acquisition Account are no longer needed to pay the Cost of the Project, the Chief Fiscal Officer shall cause to be transferred to the Bond Fund all surplus moneys remaining in the Acquisition Account, if any, except for any moneys designated by the Chief Fiscal Officer to be retained to pay any

unpaid accrued costs or contingent obligations and the sums so transferred shall be applied to the payment of the principal and interest due on the Bond. Nothing herein:

A. Periodic Transfers. Prevents the Chief Fiscal Officer from causing to be transferred from the Acquisition Account to the Bond Fund any moneys which will not be necessary for the Project; nor

B. Limitations upon Transfers. Requires the transfer to the Bond Fund from the Acquisition Account of any moneys in the Acquisition Account derived from a source other than Bond proceeds.

Section 405 Purchaser Not Responsible. The validity of the Bond shall not be dependent on nor be affected by the validity or regularity of any proceedings relating to the acquisition of the improvements, or any part thereof, or to the completion of the Project. The Purchaser of the Bond, any associate thereof, and any subsequent owner of the Bond shall in no manner be responsible for the application or disposal by the District or by any of its officers, agents and employees of the moneys derived from the sale of the Bond or of any other moneys herein designated.

Section 406 Lien on Bond Proceeds. Until proceeds of the Bond are applied as hereinabove provided the Bond proceeds shall be subject to a lien thereon and pledge thereof for the benefit of the owners of the Bond from time to time as provided in Section 601 hereof.

ARTICLE V.

GENERAL TAXES

Section 501 General Tax Levies. Pursuant to NRS 350.596, the Bond Requirements of the Bond falling due at any time when there are not on hand from General Tax levies sufficient funds to pay the same, shall be paid out of the general fund of the District or out of any other funds that may be available for such purpose. For the purpose of repaying any moneys so paid from any such fund or funds (other than any moneys available for the payment of such Bond Requirements on other than a temporary basis) and for the purpose of the payment thereafter of the Bond and the interest thereon, there are hereby created the separate and special accounts known respectively as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues) Series 2020, Principal Account" (the "Principal Account") and as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues) Series 2020, Interest Account" (the "Interest Account"; collectively the "Bond Fund"). Pursuant to NRS 350.592 and 350.594, there shall be levied annually in each calendar year commencing in the calendar year of this Resolution, until all of the Bond Requirements shall have been fully paid, satisfied and discharged, a General Tax on all property, both real and personal, subject to taxation within the boundaries of the District fully sufficient to reimburse such funds for such installments of Bond Requirements, together with the revenue which will result from application of the rate to the net proceeds of minerals, to pay the interest on the Bond, and to pay and retire the same as hereinabove provided, and after there are made due allowances for probable delinquencies. The proceeds of the annual levies shall be duly credited to such separate accounts for the payment of the Bond Requirements. In the preparation of the annual budget or appropriation resolution or ordinance for the District, the District shall first make proper provisions through the levy of sufficient General Taxes for the payment of the interest on and the retirement of the principal of the bonded indebtedness of the District, including, without limitation, the Bond, subject to the limitations imposed by NRS 354.59811, 354.59813, 354.59815, 354.5982 and 361.453, and Section 2, art. 10, State Constitution, and the amount of money necessary for this purpose shall be a first charge against all the revenues received by the District.

Section 502 Priorities for Bond. As provided in NRS 361.463 in any year in which the total General Taxes levied against the property in the District by all overlapping units within the boundaries of the District may exceed the limitation of $3.64 on each $100 of assessed valuation, or a lesser or greater amount fixed by the State board of examiners if the State board of examiners is directed by law to fix a lesser or greater amount for that Fiscal Year as provided in NRS 361.453, and it shall become necessary by reason thereof to reduce the levies made by any and all such units, the reductions so made shall be in General Taxes levied by such unit or units (including, without limitation, the District and the State) for purposes other than the payment of their bonded indebtedness, including interest thereon. The General Taxes levied for the payment of such bonded indebtedness and the interest thereon shall always enjoy a priority over General Taxes levied by each such unit (including, without limitation, the District and the State) for all other purposes where reduction is necessary in order to comply with the limitation of NRS 361.453.

Section 503 Correlation of Levies. Such General Taxes shall be levied and collected in the same manner and at the same time as other General Taxes are levied and collected, and the proceeds thereof for the Bond shall be kept by the District Treasurer in the Principal Account and in the Interest Account, which shall be used for no other purpose than the payment of principal of and interest on the Bond and any other Parity Securities hereinafter issued in accordance with Section 910 hereof, respectively, as the same fall due.

Section 504 Use of General Fund. Any sums becoming due on the Bond at any time when there are on hand from such tax levy or levies (and any other available moneys) insufficient funds to pay the same shall be promptly paid when due from general funds on hand belonging to the District, reimbursement to be made for such general funds in the amounts so advanced when the Taxes herein provided for have been collected, pursuant to NRS 350.596.

Section 505 Use of Other Funds. Nothing herein prevents the District from applying any funds (other than General Taxes) that may be available for that purpose to the payment of such interest or principal, as the same, respectively, mature, including, without limitation, the payment of the Bond as provided in Section 604 hereof and elsewhere herein, and upon such payments, the levy or levies herein provided may thereupon to that extent be diminished, pursuant to NRS 350.598.

Section 506 Legislative Duties. In accordance with NRS 350.592 and NRS 361.463, it shall be the duty of the District annually, at the time and in the manner provided by law for levying other General Taxes of the District, if such action shall be necessary to effectuate the provisions of this Resolution, to ratify and carry out the provisions hereof with reference to the levy and collection of General Taxes; and the District shall require the officers of the District to levy, extend and collect such General Taxes in the manner provided by law for the purpose of creating funds for the payment of the principal of the Bond and interest thereon. Such General Taxes when collected shall be kept for and applied only to the payment of the principal of and the interest on the Bond as hereinbefore provided.

Section 507 Appropriation of General Taxes. In accordance with NRS 350.602, there is hereby specially appropriated the proceeds of the General Taxes to the payment of such principal and interest; and such appropriations shall not be repealed nor the General Taxes postponed or diminished (except as herein otherwise expressly provided) until the principal of and interest on the Bond have been wholly paid.

ARTICLE VI.

ADMINISTRATION OF AND ACCOUNTING FOR PLEDGED REVENUES

Section 601 Pledge Securing Bond. Subject only to the right of the District to cause amounts to be withdrawn to pay the Cost of the Project as provided herein, the Pledged Revenues and all moneys and securities paid or to be paid to or held or to be held in any account under this article or under Section 401 hereof, excluding, however, all amounts held in the Rebate Account, are hereby pledged to secure the payment of the Bond Requirements of the Bond; and this pledge shall be valid and binding from and after the date of the first delivery of the Bond, and the moneys, as received by the District and hereby pledged, shall immediately be subject to the lien of this pledge without any physical delivery thereof, any filing, or further act, and the lien of this pledge and the obligation to perform the contractual provisions herein made shall have priority over any or all other obligations and liabilities of the District and, except for any Outstanding securities hereafter authorized the liens of which on the Pledged Revenues are superior to or on a parity with the lien thereon of the Bond; and the lien of this pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the District (except as herein otherwise provided) irrespective of whether such parties have notice thereof.

Section 602 Income Account Deposits. So long as any of the Bond shall be Outstanding, as to any Bond Requirements, the entire Pledged Revenues, upon their receipt from time to time by the District, shall be set aside and credited immediately to a special account hereby created and designated as the "Truckee Meadows Fire Protection District, Nevada, Consolidated Tax Pledged Revenues Income Fund" (the "Income Account"). Such Income Account shall be maintained by the Fire Chief separate and apart from all other District funds, including the Bond Fund.

Section 603 Administration of Income Account. So long as the Bond hereby authorized shall be Outstanding, as to any Bond Requirements, each Fiscal Year the Income Account shall be administered, and the moneys on deposit therein shall be applied in the following order of priority, all as provided in Sections 604 through 607 hereof.

Section 604 Superior Bond Fund and Parity Bond Fund Payments.

A. First, from any moneys in the Income Account, i.e., from the Pledged Revenues, there shall be credited to any bond fund created to pay the principal of, interest on and prior prepayment premiums due on any Superior Securities, including any reserves therefor, issued in accordance with the provisions of this Resolution:

1. Monthly, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next maturing installment of interest on the Superior Securities, and monthly thereafter, commencing on each interest payment date, one-sixth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source, to pay the next maturing installment of interest on the Superior Securities then outstanding.

2. Monthly, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next installment of principal of the Superior Securities coming due at maturity, and monthly thereafter, commencing on each principal payment date, one-twelfth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source, to pay the next installment of principal of the Superior Securities coming due at maturity, or, if any, an amount sufficient to pay the principal of, interest on and any prior prepayment premiums due on the outstanding Superior Securities.

B. Second, and contemporaneously with the transfers required by any bond resolutions authorizing the issuance of Parity Securities to be made to the bond funds of any Parity Securities hereafter issued, the following transfers shall be credited to the Bond Fund:

1. Monthly, commencing on the first of the month following the date of delivery of the Bond, an amount in equal monthly installments

necessary, together with any other moneys from time to time available therefor from whatever source, including the Capitalized Interest Account, to pay the next maturing installment of interest on the Bond, and monthly thereafter, commencing on each interest payment date, one-sixth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source, to pay the next maturing installment of interest on the Bond then Outstanding.

2. Monthly, commencing on the first of the month following the date of delivery of the Bond, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next installment of principal of the Bond coming due at maturity, and monthly thereafter, commencing on each principal payment date, one-twelfth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source, to pay the next installment of principal of the Bond coming due at maturity.

The moneys credited to the Bond Fund shall be used to pay the Bond Requirements of the Bond as the Bond Requirements become due, including any mandatory sinking fund payments pursuant to Section 303B hereof, if any.

Section 605 Termination of Deposits. No payment need be made into the Bond Fund, or if the amount in the Bond Fund totals a sum at least equal to the entire amount of the Outstanding Bond as to all Bond Requirements, to their respective maturities, and both accrued and not accrued, in which case moneys in that account in an amount at least equal to such Bond Requirements shall be used solely to pay such Bond Requirements as the same become due; and any moneys in excess thereof in that account and any other moneys derived from the Pledged Revenues shall be applied as hereafter provided.

Section 606 Payment of Additional Securities. Third, and subject to the provisions hereinabove in this Article, but either concurrently with or subsequent to the payments required by Section 604 hereof, as provided in Article VIII hereof, any moneys remaining in the Income Account may be used by the District for the payment of Bond

Requirements of additional bonds or other additional securities payable from the Pledged Revenues and hereafter authorized to be issued in accordance with Article VIII and any other provisions herein supplemental thereto, including reasonable reserves for such securities, as the same accrue. The lien of such additional bonds or other additional securities on the Pledged Revenues and the pledge thereof for the payment of such additional securities shall be superior to, on a parity with or subordinate to the lien and pledge of the Bond as herein provided. Payments for bond, rebate and reserve funds for any Superior Securities shall be made concurrently with the payments for Superior Securities required by Section 604 hereof. Payments for bond, rebate and reserve funds for additional Parity Securities shall be made concurrently with the payments for the Bond required by Section 604 hereof, but payments for bond, rebate and reserve funds for additional Subordinate Securities shall be made after the payments required by Sections 604 and 607 hereof.

Section 607 Payment of Rebate. Fourth, and subject to the provisions hereinabove in this Article and concurrently with the deposits to any rebate accounts for any additional Parity Securities required by any bond resolutions authorizing the issuance of such Parity Securities hereafter adopted, there shall be transferred into the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues) Series 2020 Rebate Account" hereby created, after making in full the monthly deposits required by Sections 604 and 606, but prior to the transfer of any Pledged Revenues to the payment of Subordinate Securities, such amounts as are required to be deposited therein to meet the District's obligations under the covenant contained in Section 922 hereof, in accordance with Section 148(f) of the Tax Code. Amounts in the Rebate Account shall be used for the purpose of making the payments to the United States required by such covenant and Section 148(f) of the Tax Code. Any amounts in the Rebate Account in excess of those required to be on deposit therein by Section 922 hereof and Section 148(f) of the Tax Code may be withdrawn therefrom and used for any lawful purpose.

Section 608 Use of Remaining Revenues. After the payments hereinabove required to be made in this Article VI are made, any remaining Pledged Revenues in the Income Account may be used at any time during any Fiscal Year whenever in the Fiscal Year there shall have been credited to the Bond Fund, to the Rebate Account, and to each other bond fund, rebate

account and reserve fund, if any, for the payment of any other securities payable from the Pledged Revenues, all amounts required to be deposited in those special accounts for such portion of the Fiscal Year, as hereinabove provided in this Article, for any one or any combination of lawful purposes, or otherwise, as the District Fire Chief may from time to time determine.

ARTICLE VII.

GENERAL ADMINISTRATION

Section 701 Administration of Accounts. The special accounts designated in Articles IV and VI hereof be administered as provided in this Article.

Section 702 Places and Times of Deposits. Each of the special accounts hereinabove designated in Articles IV and VI hereof shall be maintained as a book account and kept separate from all other accounts as a trust account solely for the purposes herein designated therefor, and the moneys accounted for in such special book accounts shall be deposited in one bank account or more in a commercial bank or commercial banks as determined and designated by the District (except as otherwise expressly stated herein). Nothing herein prevents the commingling of moneys accounted for in any two or more book accounts relating to the Project or any other District accounts in any bank account or any investment in securities hereunder. Each bank account shall be continuously secured to the fullest extent required or permitted by the laws of the State for the securing of public funds and shall be irrevocable and not withdrawable by anyone for any purpose other than the respective designated purposes. Each periodic payment shall be credited to the proper book account not later than the date therefor herein designated, except that when any such date shall be a Saturday, a Sunday or a legal holiday, then the payment shall be made on or before the next preceding secular day. Notwithstanding any other provision herein to the contrary, moneys sufficient to pay the Bond Requirements then coming due on the Outstanding Bond shall be deposited with the Paying Agent at least on the day of each interest payment date herein designated and, in any event, in sufficient time to make timely payment of such Bond Requirements.

Section 703 Investment of Moneys. Any moneys in any account designated in Articles IV and VI hereof and not needed for immediate use, may be invested or reinvested by the District Treasurer in any investments permitted under the laws of the State. For the purpose of any such investment or reinvestment, the securities shall be deemed to mature at the earliest date on which the obligor is, on demand, obligated to pay a fixed sum in discharge of the whole of such obligations.

Section 704 Required and Permissive Investments. The District Treasurer shall not have any obligation to make any investment or reinvestment hereunder, unless any moneys on hand and accounted for in any one account exceeds $5,000 and at least $5,000 therein will not be needed for a period of not less than 60 days. In that event the District Treasurer shall invest or reinvest in securities to the extent practicable not less than substantially all the amount which will not be needed during such 60-day period, except for any moneys on deposit in an interest-bearing account in any commercial bank, regardless of whether such moneys are evidenced by a certificate of deposit or otherwise, pursuant to Section 707 hereof. The District Treasurer may invest or reinvest any moneys on hand at any time as provided in Section 703 hereof even though he is not obligated to do so.

Section 705 Accounting for Investments. The securities purchased as an investment or reinvestment of moneys in any such account shall be deemed at all times to be a part of the account and held in trust therefor. Except as herein otherwise provided, any interest or other gain in any account resulting from any such investments and reinvestments in securities and from any deposits of moneys in any commercial bank pursuant to this Article shall be credited to that Fund, and any loss in any account resulting from any such investments and reinvestments in securities and from any such deposits in any commercial bank shall be charged or debited to that Fund. No loss or profit in any account on any investments or reinvestments in securities or any certificates of deposit shall be deemed to take place as a result of fluctuations in the market quotations of the investments, reinvestments or certificates before the sale or maturity thereof. In the computation of the amount in any account for any purpose hereunder, except as herein otherwise expressly provided, securities and certificates of deposit shall be valued at the cost thereof (including any amount paid as accrued interest at the time of purchase of the obligation) and other bank deposits shall be valued at the amounts deposited, exclusive of any accrued interest or any other gain to the District until such gain is realized. The expenses of purchase, safekeeping, sale and all other expenses incident to any investment or reinvestment of moneys pursuant to this Article shall be accounted for as an expense of the Project and charged to the Acquisition Account.

Section 706 Prepayment or Sale of Investment Securities. The District Treasurer having jurisdiction over moneys designated herein shall present for prepayment at

maturity or sale on the prevailing market at the best price obtainable any securities and certificates of deposit so purchased as an investment or reinvestment of moneys in any account whenever it shall be necessary to do so in order to provide moneys to meet any withdrawal, payment or transfer from such account. The District Treasurer and each other officer of the District shall not be liable or responsible for any loss resulting from any such investment or reinvestment made in accordance with this Resolution.

Section 707 Character of Funds. The moneys in any account herein authorized shall consist either of lawful money of the United States or permitted securities, or both. Moneys deposited in a demand or time deposit account in or evidenced by a certificate of deposit of any commercial bank pursuant to Section 703 hereof, appropriately secured according to the laws of the State, shall be deemed lawful money of the United States.

Section 708 Accelerated Payments. Nothing contained in Article VI hereof prevents the accumulation in any account herein designated of any monetary requirements at a faster rate than the rate or minimum rate provided in Article VI therefor, as the case may be; but no payment shall be so accelerated if such acceleration shall cause the District to default in the payment of any obligation of the District relating to the Pledged Revenues or the Project. Nothing contained herein, in connection with the Pledged Revenues received in any Fiscal Year, requires the accumulation in any account for the payment in the Comparable Bond Year of Bond Requirements due in connection with any series of bonds or other securities payable from the Pledged Revenues and heretofore, herein or hereafter authorized, in excess of the Bond Requirements due in the Comparable Bond Year, and of any reserves required to be accumulated and maintained therefor, and of any existing deficiencies, and payable from such account, as the case may be, except as may be otherwise provided in Section 604 or elsewhere herein.

Section 709 Payment of Securities Requirements. The moneys credited to any account designated in Article VI hereof for the payment of the Bond Requirements due in connection with any series of bonds or other securities payable from the Pledged Revenues and heretofore, herein or hereafter authorized shall be used, without requisition, voucher, warrant or further order or authority (other than is contained herein), or any other preliminaries, to pay promptly the Bond Requirements payable from such account as such bonds or other securities become due, upon the respective interest payment dates and Prepayment Dates, if any, on which

the District is obligated to pay the bonds or other securities, or upon the respective interest payment and maturity dates of such bonds or other securities, as provided therefor herein or otherwise, except to the extent any other moneys are available therefor, including, without limitation, moneys accounted for in the Bond Fund.

Section 710 Payment of Prepayment Premiums. Notwithstanding any other provision herein, this Resolution requires the accumulation in any account designated in Article VI hereof for the payment of any series of bonds or other securities payable from the Pledged Revenues of amounts sufficient to pay not only the principal thereof and interest thereon payable from such account but also the prior prepayment premiums due in connection therewith, if any, as the same become due, whenever the District shall have exercised or shall have obligated itself to exercise a prior prepayment option relating thereto, except to the extent provision is otherwise made therefor, if any prior prepayment premium is due in connection therewith. In that event moneys shall be deposited into such account in due season for the payment of all such Bond Requirements without default as the same become due.

ARTICLE VIII.

SECURITIES LIENS AND ADDITIONAL SECURITIES

Section 801 Lien of the Bond. The Bond authorized herein constitute an irrevocable lien (but not necessarily an exclusive lien) upon the Pledged Revenues on a parity with the lien of any Parity Securities hereafter authorized to be issued, subject to and after any superior liens upon such Pledged Revenues of any Superior Securities.

Section 802 Equality of Bond. The Bond and any Parity Securities hereafter authorized to be issued and from time to time Outstanding are equally and ratably secured by a lien on the Pledged Revenues and shall not be entitled to any priority one over the other in the application of the Pledged Revenues, regardless of the time or times of the issuance of the Bond and any other such Parity Securities, it being the intention of the District that there shall be no priority among the Bond and any such Parity Securities, regardless of the fact that they may be actually issued and delivered at different times.

Section 803 Issuance of Superior or Parity Securities. Nothing herein, subject to the limitations stated in Sections 811 and 812 hereof, prevents the issuance by the District of additional bonds or other additional securities payable from the Pledged Revenues and constituting a lien thereon superior to or on a parity with, the lien thereon of the Bond, nor prevents the issuance of bonds or other securities refunding all or a part of the Bond (or funding or refunding any other than Outstanding securities payable from Pledged Revenues), except as provided in Sections 807 through 812 hereof; but before any such additional Superior or Parity Securities are authorized or actually issued (excluding any superior or parity refunding securities other than any securities refunding Subordinate Securities, as permitted in Section 810C hereof):

A. Absence of Default. At the time of the adoption of the supplemental instrument authorizing the issuance of the additional securities, the District shall not be in default in making any payments required by Sections 604, 606 or 607 hereof with respect to any Superior or Parity Securities.

B. Earnings Test. Except as hereinafter otherwise provided: (1) the Pledged Revenues derived in the Fiscal Year immediately preceding the date of the issuance of the additional Superior or Parity Securities shall have been at least

sufficient to pay an amount equal to the combined maximum annual principal and interest requirements (to be paid during any one Bond Year, commencing with the Bond Year in which the additional Superior or Parity Securities are issued and ending on the last Bond Year in which the Outstanding Bond mature) of the Outstanding Bond and any other Outstanding Superior or Parity Securities of the District and the bonds or other securities proposed to be issued (excluding the reserves therefor); or, (2) the Pledged Revenues estimated by the District Fire Chief, independent feasibility consultant or an Independent Accountant to be derived in the first five Fiscal Years immediately succeeding the issuance of the other additional Superior or Parity Securities proposed to be issued, shall be at least equal to such combined maximum annual principal and interest requirements to be paid during such Comparable Bond Year.

C. Adjustment of Pledged Revenues. In any computation of such earnings test as to whether or not additional Superior or Parity Securities may be issued as provided in subsection B of this Section, the amount of the Pledged Revenues for the next preceding Fiscal Year shall be decreased and may be increased by the amount of any loss or gain conservatively estimated by the District Fire Chief, independent feasibility consultant or Independent Accountant making the computations under this Section, which loss or gain results from any change in the rate of the imposition of that part of the Consolidated Tax constituting a part of the Pledged Revenues which change took effect during the next preceding Fiscal Year or thereafter prior to the issuance of such Superior or Parity Securities, as if such modified rate shall have been in effect during the entire next preceding Fiscal Year, if such change shall have been made by the District before the computation of the designated earnings test but made in the same Fiscal Year as the computation is made or in the next preceding Fiscal Year.

Section 804 Certification of Revenues. A written certification or written opinion by the District Fire Chief, an independent feasibility consultant or an Independent Accountant, based upon estimates thereby as provided in Sections 803B and 803C hereof, that the annual revenues when adjusted as hereinabove provided in Section 803C hereof, are

sufficient to pay such amounts as provided in Section 803B hereof, shall be conclusively presumed to be accurate in determining the right of the District to authorize, issue, sell and deliver additional Superior or Parity Securities with a lien on Pledged Revenues superior to or on a parity with the Bond.

Section 805 Subordinate Securities Permitted. Subject to the limitations stated in Sections 811 and 812 hereof, the District may issue Subordinate Securities payable from the Pledged Revenues having a lien thereon subordinate, inferior and junior to the lien thereon of the Bond.

Section 806 Superior Securities Permitted. Subject to the requirements stated in Article VIII hereof, the District may issue Superior Securities secured by and payable from the Pledged Revenues having a lien thereon prior and superior to the lien thereon of the Bond; however, such Superior Securities shall not be issued as general obligations of the District.

Section 807 Issuance of Refunding Securities. At any time after the Bond, or any part thereof, are issued and remain Outstanding, if the District shall find it desirable to refund the Outstanding Bond or other Outstanding securities payable from and constituting a lien upon any Pledged Revenues, such Bond or other securities, or any part thereof, may be refunded only if the Bond or other securities at the time or times of their required surrender for payment shall then mature or shall be then callable for prior prepayment for the purpose of refunding them at the District's option upon proper call, unless the owner or owners of all such Outstanding Bond or other securities consent to such surrender and payment, regardless of whether the priority of the lien for the payment of the refunding securities on the Pledged Revenues is changed (except as provided in Sections 806 and 808 through 812 hereof).

Section 808 Partial Refundings. The refunding bonds or other refunding securities so issued, unless issued as Subordinate Securities, shall enjoy complete equality of lien with the portion of any securities of the same issue which is not refunded, if there is any; and the owner or owners of the refunding securities shall be subrogated to all of the rights and privileges enjoyed by the owner or owners of the unrefunded securities of the same issue partially refunded by the refunding securities.

Section 809 Limitations Upon Refundings. Any refunding bonds or other refunding securities payable from any Pledged Revenues shall be issued with such details as the

District may by instrument provide, subject to the provisions of Sections 811 and 812 hereof, and subject to the inclusion of any such rights and privileges designated in Section 808 hereof, but without any impairment of any contractual obligation imposed upon the District by any proceedings authorizing the issuance of any unrefunded portion of the Outstanding securities of any one or more issues (including, without limitation, the Bond).

Section 810 Protection of Securities Not Refunded. If only a part of the Outstanding Bond and other Outstanding securities of any issue or issues payable from the Pledged Revenues is refunded, then such securities may not be refunded without the consent of the owner or owners of the unrefunded portion of such securities:

A. Requirements Not Increased. Unless the refunding securities do not increase for any Bond Year the annual principal and interest requirements evidenced by the refunding securities and by the Outstanding securities not refunded on and before the last maturity date or last Prepayment Date, if any, whichever is later, if any, of the unrefunded securities, and unless the lien of any refunding bonds or other refunding securities on the Pledged Revenues is not raised to a higher priority than the lien thereon of the bonds or other securities thereby refunded; or

B. Subordinate Lien. Unless the lien on any Pledged Revenues for the payment of the refunding securities is subordinate to each such lien for the payment of any securities not refunded; or

C. Default and Earnings Test. Unless the refunding bonds or other refunding securities are issued in compliance with Section 803 hereof (including subsections A through C thereof) and Section 804 hereof.

Section 811 Payment Dates of Additional Securities. Any additional superior, parity or subordinate bonds or other additional Superior, Parity or Subordinate Securities (including, without limitation, any funding or refunding securities) issued in compliance with the terms hereof shall bear interest payable at the times and shall mature on the dates designated by the District in the Supplemental Resolution authorizing such securities as provided in Section 812 hereof.

Section 812 Supplemental Resolution. Additional bonds or other additional securities payable from the Pledged Revenues shall be issued only after authorization thereof by a supplemental instrument of the District stating the purpose or purposes of the issuance of the additional bonds or other additional securities, directing the application of the proceeds thereof to such purpose or purposes, directing the execution thereof, and fixing and determining the date, principal amount, maturity or maturities, designation and numbers thereof, the maximum rate or rates of interest to be borne thereby, any prior prepayment privileges of the District with respect thereto and other provisions thereof not in conflict with this Resolution. All additional bonds or other additional securities shall bear such date, shall bear such numbers and series designation, letters or symbols prefixed to their numbers distinguishing them from each other security, shall be payable at such place or places at such times, may be subject to prepayment prior to maturity on such terms and conditions, and shall bear interest at such rate or at such different and varying rates per annum, as may be fixed by instrument or other document of the District.

ARTICLE IX.

MISCELLANEOUS PROTECTIVE COVENANTS

Section 901 General. The District hereby particularly covenants and agrees with the owners of the Bond and makes provisions which shall be a part of its contract with such owners to the effect and with the purposes set forth in the following provisions and sections of this article.

Section 902 Performance of Duties. The District shall faithfully and punctually perform or cause to be performed all duties with respect to the Pledged Revenues and the Project required by the Constitution and laws of the State and the various resolutions, ordinances and other instruments of the District, including, without limitation, the proper segregation of the proceeds of the Bond and the Pledged Revenues and their application from time to time to the respective accounts provided therefor.

Section 903 Further Assurances. At any and all times the District, except when otherwise required by law, shall, so far as it may be authorized by law, pass, make, do, execute, acknowledge, deliver and file or record all and every such further instruments, acts, deeds, conveyances, assignments, transfers, other documents and assurances as may be necessary or desirable for the better assuring, conveying, granting, assigning and confirming all and singular the rights, the Pledged Revenues, and other moneys and accounts hereby pledged or assigned, or which the District may hereafter become bound to pledge or to assign, or as may be reasonable and required to carry out the purposes of this Resolution and to comply with the Project Act, the Bond Act and all laws supplemental thereto. The District shall at all times, to the extent permitted by law, defend, preserve and protect the pledge of the Pledged Revenues and other moneys and accounts pledged hereunder and all the rights of every owner of the Bond against all claims and demands of all Persons whomsoever.

Section 904 Conditions Precedent. Upon the date of issuance of any Bond, all conditions, acts and things required by the Constitution or statutes of the State, including without limitation, the Project Act, the Consolidated Tax Act and the Bond Act, or this Resolution, to exist, to have happened, and to have been performed precedent to or in the issuance of the Bond shall exist, have happened, and have been performed; and the Bond, together with all other

obligations of the District, shall not contravene any debt or other limitation prescribed by the State Constitution or statutes.

Section 905 Covenant to Perform. The District shall observe and perform all of the terms and conditions contained in this Resolution and the Project Act, the Bond Act and all laws supplemental thereto and shall comply with all valid acts, rules, regulations, orders and directives of any legislative, executive, administrative of judicial body applicable to the Project, to any such other facilities, or to the District.

Section 906 Protective Security. The District and the officers, agents and employees of the District shall not take any action in such manner or to such extent as might prejudice the security for the payment of the Bond Requirements of the Bond and any other securities payable from the Pledged Revenues according to the terms thereof. No contract shall be entered into nor any other action taken by which the rights of any owner of any Bond or other security payable from the Pledged Revenues might be prejudicially and materially impaired or diminished.

Section 907 Accumulation of Interest Claims. In order to prevent any accumulation of coupons or claims for interest after maturity, the District shall not directly or indirectly extend or assent to the extension of the time for the payment of any coupon or claim for interest on any of the Bond or any other securities payable from the Pledged Revenues; and the District shall not directly or indirectly be a party to or approve any arrangements for any such extension or for the purpose of keeping alive any of such coupons or other claims for interest. If the time for the payment of any such coupons or of any other such installment of interest shall be extended in contravention of the foregoing provisions, such coupon or installment or installments of interest after such extension or arrangement shall not be entitled in case of default hereunder to the benefit or the security of this Resolution, except upon the prior payment in full of the principal of the Bond and any such other securities then Outstanding and of all matured interest on such securities the payment of which has not been extended.

Section 908 Prompt Payment of Bond. The District shall promptly pay the Bond Requirements of every Bond issued hereunder and secured hereby at the places, on the dates, and in the manner specified herein and in the Bond according to the true intent and meaning hereof.

Section 909 Use of Bond Fund. The Bond Fund shall be used solely, and the moneys credited to such account are hereby pledged, for the purpose of paying the Bond Requirements of the Bond, subject to the provisions concerning surplus moneys in Sections 605, 608 and 1001 hereof.

Section 910 Additional Securities. Any other securities hereafter authorized to be issued and payable from the Pledged Revenues shall not hereafter be issued, unless the additional securities are also issued in conformance with the provisions of Articles VI and VIII hereof.

Section 911 Other Liens. Other than as provided herein, there are no liens or encumbrances of any nature whatsoever on or against the Project, or any part thereof, or on or against the Pledged Revenues derived or to be derived.

Section 912 Corporate Existence. The District shall maintain its corporate identity and existence so long the Bond remains Outstanding, unless another body corporate and politic by operation of law succeeds to the powers, privileges, rights, liabilities, disabilities, duties and immunities of the District and is obligated by law to fix and collect the Pledged Revenues as herein provided without adversely affecting to any substantial degree at any time the privileges and rights of any owner of any Outstanding Bond.

Section 913 Distribution of Pledged Revenues. The Pledged Revenues distributed to the District shall be used for the payment of the Bond Requirements of all securities payable from the Pledged Revenues, including reasonable reserves therefor, as herein provided and the payment of expenses of the Project in each Fiscal Year and any amounts required to meet then existing deficiencies relating to any account relating to the Pledged Revenues or any securities payable therefrom.

Section 914 Records. So long as any of the Bond and any other securities payable from the Pledged Revenues remain Outstanding, proper books of record and account shall be kept by the District, separate and apart from all other records and accounts, showing complete and correct entries of all transactions relating to the Pledged Revenues.

Section 915 Rights Concerning Records of Pledged Revenues. Any owner of the Bond or any other securities payable from the Pledged Revenues, or any duly authorized agent or agents of such owner, shall have the right at all reasonable times to inspect all records,

accounts and data relating thereto, concerning the Pledged Revenues and to make copies of such records, accounts and data.

Section 916 Tax Levies. The District annually shall levy, or cause to be levied, General Taxes on all taxable property in the District fully sufficient to pay the Bond Requirements of the Outstanding Bond (and any other indebtedness or other obligations of the District), except to the extent other revenues are available therefor, including, without limitation, the Pledged Revenues pledged for the payment of the Bond, as the Bond Requirements accrue, reasonable allowance being made for delinquent tax collections anticipated at the time of each levy, at the time and in the manner provided by law for levying other Taxes; and the District and the Board shall require the officers of the District to levy, extend, and collect General Taxes in the manner provided by law for the purpose of creating funds for the payment of the Bond Requirements of the Bond, other indebtedness, or general obligations. General Taxes for the Bond, when collected, shall be kept for and applied only to the payment of the Bond Requirements of the Bond, as herein provided.

Section 917 Tax Covenant; Bank Qualification. The District covenants for the benefit of the owners of the Bond that it will not take any action or omit to take any action with respect to the Bond, the proceeds thereof, any other funds of the District if such action or omission (i) would cause the interest on the Bond to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Tax Code, or (ii) would cause interest on the Bond to lose its exclusion from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. The foregoing covenant shall remain in full force and effect notwithstanding the payment in full or defeasance of the Bond until the date on which all obligations of the District in fulfilling the above covenant under the Tax Code have been met.

The District hereby designates the Bond as "qualified tax-exempt obligations" for purposes of 265(b)(3)(B) of the Tax Code. The District does not expect to issue more than $10,000,000 of tax-exempt obligations during calendar year 2020.

ARTICLE X.

MISCELLANEOUS

Section 1001 Defeasance. When all Bond Requirements of any Bond have been duly paid, the pledge and lien and all obligations hereunder as to that Bond shall thereby be discharged and the Bond shall no longer be deemed to be Outstanding within the meaning of this Resolution. There shall be deemed to be due payment of any Outstanding Bond or other security when the District has placed in escrow or in trust with a trust bank located within or without the State, an amount sufficient (including the known minimum yield available for such purpose from Federal Securities in which such amount wholly or in part may be initially invested) to meet all Bond Requirements of the Bond or other security, as the same become due to the final maturity of the Bond or other security, or upon any Prepayment Date as of which the District shall have exercised or shall have obligated itself to exercise its prior prepayment option by a call of the Bond or other security for payment then. The Federal Securities shall become due before the respective times on which the proceeds thereof shall be needed, in accordance with a schedule established and agreed upon between the District and the bank at the time of the creation of the escrow or trust, or the Federal Securities shall be subject to prepayment at the option of the owners thereof to assure availability as so needed to meet the schedule. For the purpose of this section "Federal Securities" shall include only Federal Securities which are not callable for prepayment prior to their maturities except at the option of the owner thereof.

Section 1002 Delegated Powers. The Chair of the Board, the Clerk and Treasurer of the District, and other officers and agents of the District hereby are authorized and directed to take all action necessary or appropriate to effectuate the provisions of this Resolution, including, without limitation:

A. Printing Bond. The printing of the Bond, including, without limitation, the printing on each Bond, if requested by the Purchaser, a statement of insurance, if applicable, pertaining to the Bond; and

B. Final Certificates. The execution of such certificates as may be reasonably required by the Purchaser, relating, inter alia, to

(1) The tenure and identity of the officials of the District,

(2) The delivery of the Bond and the receipt of the bond purchase price,

(3) The exclusion of the interest on the Bond from gross income for federal income tax purposes, and

(4) If it is in accordance with fact, the absence of litigation, pending or threatened, affecting the validity therefor.

C. Purchase Proposal. The execution by the District Fire Chief of the Purchase Proposal between the Purchaser and the District.

D. Certificates. The completion and execution by the District Fire Chief of the Certificate of the District in accordance with the provisions of this Resolution.

Section 1003 Statute of Limitations. No action or suit based upon the Bond or other obligation of the District shall be commenced after it is barred by any statute of limitations relating thereto. Any trust or fiduciary relationship between the District and the owner of the Bond or other obligee regarding any such other obligation shall be conclusively presumed to have been repudiated on the maturity date or other due date thereof unless the Bond is presented for payment or demand for payment of any such other obligation is otherwise made before the expiration of the applicable limitation period. Any moneys from whatever source derived remaining in any account reserved, pledged or otherwise held for the payment of any such obligation, action or suit for the collection of which has been barred, shall revert to the Income Account, unless the District shall otherwise provide by instrument of the District. Nothing herein prevents the payment of any such obligation after any action or suit for its collection has been barred if the District deems it in the best interests of the public to do so and orders such payment to be made.

Section 1004 Evidence of Ownership. Any request, consent or other instrument which this Resolution may require or may permit to be signed and to be executed by the owner of the Bond or other securities may be in one or more instruments of similar tenor and shall be signed or shall be executed by each such owner in person or by his or her attorney appointed in writing. Proof of the execution of any such instrument or of an instrument appointing any such attorney, or the holding by any Person of the securities, shall be sufficient for any purpose of this

Resolution (except as otherwise herein expressly provided) if made in the following manner, but the District may, nevertheless, in its discretion require further or other proof in cases when it deems the same desirable:

A. Proof of Execution. The fact and the date of the execution by any owner of the Bond or other securities or his or her attorney of such instrument may be provided by the certificate, which need not be acknowledged or verified, of an officer of a bank or trust company satisfactory to the Paying Agent and Registrar or of and notary public or other officer authorized to take acknowledgments of deeds to be recorded in the state in which he purports to act, that the individual signing such request or other instrument acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before the notary public or other officer; the authority of the individual or individuals executing any such instrument on behalf of a corporate owner of any securities may be established without further proof if the instrument is signed by an individual purporting to be the president or a vice president of the corporation with a corporate seal affixed and attested by an individual purporting to be its Clerk or an assistant Clerk; and the authority of any Person or Persons executing any such instrument in any fiduciary or representative capacity may be established without further proof if the instrument is signed by a Person or Persons purporting to act in such fiduciary or representative capacity; and

B. Proof of Ownership. The ownership of any of the Bond or other securities held by any Persons executing any instrument as a holder of securities, and the numbers, date and other identification thereof, together with the date of his or her holding the securities, shall be proved by the registration records at the District kept by the Registrar.

Section 1005 Warranty upon Issuance of the Bond. The Bond, authorized as herein provided, when duly executed and delivered for the purpose provided for in this Resolution shall constitute a warranty by and on behalf of the District for the benefit of each and every future holder of the Bond that the Bond has been issued for a valuable consideration in full conformity with law.

Section 1006 Immunities of Purchaser. The Purchaser and any associate thereof are under no obligation to any holder of the Bond for any action that they may or may not take or in respect of anything that they may or may not do by reason of any information contained in any reports or other documents received by them under the provisions of this Resolution. The immunities and exemptions from liability of the Purchaser and any associate thereof hereunder extend to their partners, directors, successors, employees and agents.

Section 1007 Police Power. Nothing herein prohibits or otherwise limits or inhibits the exercise by the Federal Government, the State, any agency thereof or any public body thereof, including, without limitation, the District, of the police power, i.e., essential governmental powers for the public welfare. The provisions hereof are subject to any proper exercise hereafter of the police power thereby. The District cannot contract away the police power thereof nor limit or inhibit by contract the proper exercise of the police power thereby, and this Resolution does not purport to do so.

Section 1008 Replacement of Registrar or Paying Agent. If the Registrar or Paying Agent so appointed shall resign, or if the District shall reasonably determine that the Registrar or Paying Agent has become incapable of performing its duties hereunder, the District may, upon notice mailed to each owner of any Bond at his or her address last shown on the registration records, appoint a successor Registrar or Paying Agent or both. Every such successor Registrar or Paying Agent shall be an officer or employee of the District or a trust bank. It shall not be required that the same institution serve as both Registrar and Paying Agent hereunder, but the District shall have the right to have the same institution serve as both Registrar and Paying Agent hereunder. No resignation or dismissal of the Registrar or the Paying Agent may take effect until a successor is appointed.

Any corporation or association into which the Registrar or Paying Agent may be converted or merged, or with which they may be consolidated, or to which they may sell or transfer their corporate trust business and assets as a whole or substantially as a whole, or any corporation or association resulting from any such conversion, sale, merger, consolidation or transfer, to which they are a party, shall be and become the successor Registrar or Paying Agent under this Resolution, without the execution or filing of any instrument or any further act, deed,

or conveyance on the part of any of the parties hereto, anything in this Resolution to the contrary notwithstanding.

ARTICLE XI.

PRIVILEGES, RIGHTS AND REMEDIES

Section 1101 Bondowner's Remedies. Each owner of any Bond issued hereunder shall be entitled to all of the privileges, rights and remedies provided or permitted in the Project Act and the Bond Act, and as otherwise provided or permitted by law or in equity or by other statutes, except as provided in Sections 207 through 210 hereof, but subject to the provisions herein concerning the pledge of and the covenants and the other contractual provisions concerning the Pledged Revenues and the proceeds of the Bond.

Section 1102 Right to Enforce Payment. Nothing in this article affects or impairs the right of any owner of any Bond to enforce the payment of the Bond Requirements due in connection with his Bond or the obligation of the District to pay the Bond Requirements of each Bond to the owner thereof at the time and the place expressed in the Bond.

Section 1103 Events of Default. Each of the following events is hereby declared an "event of default":

A. Nonpayment of Principal and Premium. Payment of the principal of the Bond, or any prior prepayment premium due in connection therewith, or both, is not made when the same becomes due and payable at maturity, or by proceedings for optional prior prepayment, or otherwise;

B. Nonpayment of Interest. Payment of any installment of interest on the Bond is not made when the same becomes due and payable;

C. Incapable to Perform. The District for any reason is rendered incapable of fulfilling its obligations hereunder;

D. Nonperformance of Duties. The District fails to carry out and to perform (or in good faith to begin the performance of) all acts and things lawfully required to be carried out or to be performed by it under any contract relating to the Pledged Revenues, or otherwise, including, without limitation, this Resolution, and such failure continues for 60 days after receipt of notice from the owners of 10% in principal amount of the Bond then Outstanding;

E. Appointment of Receiver. An order or decree is entered by a court of competent jurisdiction with the consent or acquiescence of the District appointing a receiver or receivers for the Pledged Revenues and any other moneys subject to the lien to secure the payment of the Bond, or if an order or decree having been entered without the consent or acquiescence of the District is not vacated or discharged or stayed on appeal within 60 days after entry; and

F. Default of Any Provision. The District makes any default in the due and punctual performance of any other of the representations, covenants, conditions, agreements and other provisions contained in the Bond or in this Resolution on its part to be performed, and if the default continues for 60 days after written notice specifying the default and requiring the same to be remedied is given to the District by the owners of 10% in principal amount of the Bond then Outstanding.

Section 1104 Remedies for Default. Upon the happening and continuance of any of the events of default, as provided in Section 1103 hereof, then and in every case the owner or owners or not less than 10% in principal amount of the Bond then Outstanding, including, without limitation, a trustee or trustees therefor, may proceed against the District and its agents, officers and employees to protect and to enforce the rights of any owner of the Bond under this Resolution by mandamus or by other suit, action or special proceedings in equity or at law, in any court of competent jurisdiction, either for the appointment of a receiver or for the specific performance of any covenant or agreement contained herein or in an award of execution of any power herein granted for the enforcement of any proper, legal or equitable remedy as the owner or owners may deem most effectual to protect and to enforce the rights aforesaid, or thereby to enjoin any act or thing which may be unlawful or in violation of any right of any owner of any Bond, or to require the District to act as it if were the trustee of an express trust, or any combination of such remedies. All proceedings at law or in equity shall be instituted, had and maintained for the equal benefit of all owners of the Bond and any Parity Securities then Outstanding.

Section 1105 Receiver's Rights and Privileges. Any receiver appointed in any proceedings to protect the rights of owners hereunder, the consent to any such appointment being

hereby expressly granted by the District, receive and apply all Pledged Revenues arising after the appointment of the receiver in the same manner as the District itself might do.

Section 1106 Rights and Privileges Cumulative. The failure of any owner of any Outstanding Bond to proceed in any manner herein provided shall not relieve the District or any officers, agents or employees thereof of any liability for failure to perform or carry out any duty, obligation or other commitment. Each right or privilege of any owner (or trustee thereof) is in addition and is cumulative to any other right or privilege, and the exercise of any right or privilege by or on behalf of any owner shall not be deemed a waiver of any other right or privilege thereof.

Section 1107 Duties upon Defaults. Upon the happening of any of the events of default as provided in Section 1103 hereof, the District, in addition, shall do and perform all proper acts on behalf of and for the owners of the Bond to protect and to preserve the security created for the payment of their Bond and to insure the payment of the Bond Requirements promptly as the same become due. During any period of default, so long as the Bond issued hereunder, as to any Bond Requirements, is Outstanding, except to the extent it may be unlawful to do so, all Pledged Revenues shall be paid into the Bond Fund, or, in the event of securities heretofore and hereafter issued and Outstanding during that period of time on a parity with the Bond, shall be paid into the bond accounts for all Parity Securities on an equitable and prorated basis, and used for the purposes therein provided. If the District fails or refuses to proceed as in this Section provided, the owner or owners of not less than 10% in principal amount of the Bond then Outstanding, after demand in writing, may proceed to protect and to enforce the rights of the owners of the Bond as hereinabove provided; and to that end any such owners of Outstanding Bond shall be subrogated to all rights of the District under any agreement, lease or other contract the Pledged Revenues entered into before the effective date of this Resolution or thereafter while the Bond is Outstanding.

Section 1108 Prejudicial Action Unnecessary. Nothing in this article requires the District to proceed as provided therein if the District determines in good faith and without any gross abuse of its discretion that if the District so proceeds it is more likely than not to have an adverse effect on the Outstanding Bond, the owners thereof, the Pledged Revenues or any

Outstanding Parity Securities, or the action is otherwise likely to affect materially and prejudicially the owners of the Outstanding Bond and any Outstanding Parity Securities.

ARTICLE XII.

AMENDMENT OF RESOLUTION

Section 1201 Privilege of Amendments. This ordinance may be amended by the District in accordance with the laws of the State, without receipt by the District of any additional consideration, and without the consent of or notice to the holders of the Bonds, for the purpose of curing any ambiguity or formal defect or omission herein or for any reason which does not materially adversely affect the interests of the owners of the Bond. This Resolution may be amended or supplemented by instruments adopted by the District in accordance with the laws of the State, without receipt by the District of any additional consideration, but with the written consent of the insurer of the Bond, if any, or the owners of a majority in aggregate principal amount of the Bond authorized by this Resolution and Outstanding at the time of the adoption of the amendatory or supplemental instrument, excluding, pursuant to paragraph (4) of Section 102B hereof, the Bond which may then be held or owned for the account of the District, but including such refunding securities as may be issued for the purpose of refunding the Bond if the refunding securities are not owned by the District.

Section 1202 Limitations upon Amendments. No such instrument shall permit without the written consent of the insurer of the Bond, if any, and all owners of the Bond adversely and materially affected thereby:

A. Changing Payment. A change in the maturity or in the terms of prepayment of the principal of any Outstanding Bond or any installment of interest thereon; or

B. Reducing Return. A reduction in the principal amount of any Bond, the rate of interest thereon, or any prior prepayment premium payable in connection therewith; or

C. Modifying any Bond. A reduction of the percentages or otherwise affecting the description of the Bond the consent of the owners of which is required for any modification or amendment; or

D. Priorities between Bond. The establishment of priorities as between the Bond issued and Outstanding under the provisions of this Resolution; or

E. Partial Modification. The modifications of or otherwise materially and prejudicially affecting the rights or privileges of the owners of less than all of the Bond then Outstanding.

Section 1203 Notice of Amendment. Whenever the District proposes to amend or modify this Resolution under the provisions of this Article, it shall cause notice of the proposed amendment to be given not later than 30 days prior to the date of the proposed enactment of the amendment by mailing electronically or otherwise to each:

(1) The insurer of the Bond, if any,

(2) The Paying Agent,

(3) The Registrar, and

(4) The owner of the Bond Outstanding.

The notice shall briefly set forth the nature of the proposed amendment and shall state that a copy of the proposed amendatory instrument is on file in the office of the Clerk for public inspection.

Section 1204 Time for Amendment. Whenever at any time within one year from the date of the mailing of such notice, there shall be filed in the office of the Clerk an instrument or instruments executed by the insurer of the Bond, if any, or the owners of at least a majority in aggregate principal amount of the Bond then Outstanding, which instrument or instruments shall refer to the proposed amendatory instrument described in the notice and shall specifically consent to and approve the adoption of the instrument, thereupon, but not otherwise, the District may adopt the amendatory instrument and the instrument shall become effective.

Section 1205 Binding Consent to Amendment. If the insurer of the Bond, if any, or the owners of at least a majority in aggregate principal amount of the Bond Outstanding, at the time of the adoption of the amendatory instrument, or the predecessors in title of such owners shall have consented to and approved the adoption thereof as herein provided, no owner of any Bond, whether or not the owner shall have consented to or shall have revoked any consent as in this article provided, shall have any right or interest to object to the adoption of the amendatory

instrument or to object to any of the terms or provisions therein contained or to the operation thereof or to enjoin the District from taking any action pursuant to the provisions thereof.

Section 1206 Time Consent Binding. Any consent given by the owner of a Bond pursuant to the provisions of this Article shall be irrevocable for a period of 6 months from the date of the publication of the notice above provided for in paragraph 2 of Section 1203 A hereof, and shall be conclusive and binding upon all future owners of the same Bond during that period. The consent may be revoked at any time after 6 months from the date of the mailing of the notice, by the owner who gave the consent or by a successor in title by filing notice of the revocation with the Clerk, but the revocation shall not be effective if the insurer of the Bond, if any, or the owners of a majority in aggregate principal amount of the Bond Outstanding, before the attempted revocation, consented to and approved the amendatory instrument referred to in the revocation.

Section 1207 Unanimous Consent. Notwithstanding anything contained in the foregoing provisions of this Article, the terms and the provisions of this Resolution or of any instrument amendatory hereof or supplemental hereto and the rights and the obligations of the District, the insurer of the Bond, if any, and of the owners of the Bond hereunder may be modified or amended in any respect upon the adoption by the District and upon the filing with the Clerk of an instrument to that effect and with the consent of the insurer of the Bond, if any, or the owners of the then Outstanding Bond, the consent to be given as provided in Section 1004 hereof, and no notice to the insurer of the Bond, if any, or the owners of Bond, shall be required as provided in Section 1203 hereof, nor shall the time of consent be limited except as may be provided in the consent.

Section 1208 Exclusion of District's Bond. At the time of any consent or of other action taken under this Article, the District shall furnish to the Clerk a certificate of the District Treasurer, upon which the District may rely, describing the Bond to be excluded, for the purpose of consent or of other action or of any calculation of the Outstanding Bond provided for in this Article, and the District shall not be entitled with respect to the Bond to give any consent or to take any other action provided for in this Article, pursuant to paragraph (4) of Section 102B hereof.

Section 1209 Notation on Bond. The Bond, authenticated and delivered after the effective date of any action taken as in this Article provided may bear a notation by endorsement or otherwise in form approved by the District as to the action; and if any Bond so authenticated and delivered shall bear such notation, then upon demand of the owner of any Bond Outstanding at such effective date and upon presentation of his or her Bond for the purpose at the principal office of the Clerk, suitable notation shall be made on the Bond by the Clerk as to any such action. If the District so determines, a new Bond so modified as in the opinion of the District to conform to such action shall be prepared, authenticated and delivered; and upon demand of the owner of any Bond then Outstanding, shall be exchanged without cost to the owner for the Bond then Outstanding upon surrender of the Bond.

Section 1210 Proof of Resolutions and Bond. The fact and date of execution of any instrument under the provisions of this Article, the amount and number of the Bond held by any Person executing the instrument, and the date of his holding the same may be proved as provided by Section 1004 hereof.

PASSED AND ADOPTED BY THE BOARD OF FIRE COMMISSIONERS OF TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA, ON OCTOBER 6, 2020.

Proposed on October 6, 2020.

Proposed by Commissioner HARTUNG.

Passed October 6, 2020.

Vote:

Ayes: MARSHA BERKBIGLER

TRUCKEE MEADOWS)
FIRE PROTECTION DISTRICT)

I am the duly chosen and qualified Clerk of the Truckee Meadows Fire Protection District (the "District"), Nevada, and in the performance of my duties as Clerk do hereby certify:

1. The foregoing pages constitute a true, correct and compared copy of a resolution adopted by the Board of Fire Commissioners of the District (the "Board") at a regular meeting of the Board held on October 6, 2020, and the original of such resolution has been approved and authenticated by the signature of the Chair and myself as Clerk, and has been recorded in the minute book of the Board kept for that purpose in my office, which record has been duly signed by such officers and properly sealed.

2. The members of the Board were present at such meeting and voted on the passage of such resolution as follows:

Those Voting Aye:	Vaughn Hartung, Chair ~~Bob Lucey, Vice Chair~~ Marsha Berkbigler Kitty Jung Jeanne Herman
Those Voting Nay:	_____
Those Absent:	BOB LUCEY

3. All members of the Board were given due and proper notice of such meeting.

4. Public notice of such meeting was given and such meeting was held and conducted in full compliance with the provisions of NRS 241.020 and, if applicable, the Nevada Governor's Directive 006, as amended. A copy of the notice of meeting and excerpt from the agenda for the meeting relating to the resolution is attached as Exhibit A, as posted no later than 9:00 a.m. at least 3 working days in advance of the meeting on the District's website, if any, on the State of Nevada's official website and if required by the NRS 241.020 and the Nevada Governor's Directive 006, as amended, at the Board's office and three other locations.

5. No later than 9:00 a.m. at least 3 working days before such meeting, such notice was mailed to each member of the Board and to each person, if any, who has requested notice of meetings of the Board in accordance with the provisions of Chapter 241 of NRS.

IN WITNESS WHEREOF, I have hereunto set my hand on behalf of the District on October 6, 2020.

Jan Galassini, Chief Deputy
County Clerk

Notice of Meeting and Agenda

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT

10:00 a.m.

Tuesday, October 6, 2020

Washoe County Administrative Complex, Commission Chambers

1001 E. Ninth Street, Reno, Nevada

In Person and Online Viewing. Effective September 8, 2020, the public will be allowed in the Commission Chambers, not to exceed a total number of 25 persons within the Chambers at any given time. Due to evolving concerns for public safety resulting from the COVID-19 emergency and pursuant to the Governor of Nevada's Declaration of Emergency Directive 006 Section 1 (extended by later Directives the most recent of which is Directive 029), which suspends the requirement in NRS 241.023(1)(b) that there be a physical location designated for meetings of public bodies where members of the public are permitted to attend and participate, future meetings may be held by teleconference only. Any member of the public wanting to attend, participate or provide public comment in-person at meetings should review the Board's agenda posted online at https://tmfpd.us/agendas-minutes/ to determine whether in-person attendance has been suspended by the Governor or Board.

This meeting will be held with limited in person attendance and via Zoom teleconference at: https://us02web.zoom.us/j/81636178980.

NOTE: This option will require a computer with audio and video capabilities and downloading the ZOOM application. This meeting will also be televised live and replayed on Washoe Channel at: https://www.washoecounty.us/mgrsoff/Communications/wctv-live.php and on Youtube at: https://www.youtube.com/user/WashoeCountyTV.

NOTE: Items on the agenda may be taken out of order; combined with other items; removed from the agenda; moved to the agenda of another meeting; moved to or from the Consent section; or may be voted on in a block. Items with a specific time designation will not be heard prior to the stated time but may be heard later.

The Washoe County Commission Chambers is accessible to the disabled. If you require special arrangements for the meeting, call the Truckee Meadows Fire Protection District Office, 775-326-6000, 24-hours prior to the meeting.

Time Limits. Public comments are welcomed during the Public Comment periods for all matters, whether listed on the agenda or not, and are limited to three minutes per person. Additionally, public comment of three minutes per person will be heard during individual action items on the agenda. Persons are invited to submit comments in writing on the agenda items and/or attend and make comment on that item at the Board meeting. Persons may not allocate unused time to other speakers.

Forum Restrictions and Orderly Conduct of Business. The Board conducts the business of the District and its citizens during its meetings. The presiding officer may order the removal of any person whose statement or other conduct disrupts the orderly, efficient or safe conduct of the meeting. Warnings against disruptive comments or behavior may or may not be given prior to removal. The viewpoint of a speaker will not be restricted, but reasonable restrictions may be imposed upon the time, place and manner of speech. Irrelevant and unduly repetitious statements and personal attacks which antagonize or incite others are examples of speech that may be reasonably limited.

Public Comment. Public comment, whether on action items or general public comment, is limited to three (3) minutes per person. No action may be taken on a matter raised under general public comment until the matter is included on an agenda as an item on which action may be taken. Anyone wishing to provide live public comment may do so in-person, subject to the 25-person limitation described above, or by teleconference during the hearing by logging into the ZOOM webinar by accessing the following link: https://us02web.zoom.us/j/81636178980.

NOTE: This option will require a computer with audio and video capabilities and downloading the ZOOM application.

Members of the public may also submit comments by mail or email to Washoe311@washoecounty.us. The District will make reasonable efforts to include all comments received by email and voicemail into the record. Please try to provide email comments by 4:00 p.m. the day prior to the meeting. Comments are limited to 3 minutes per person.

Pursuant to NRS 241.020, the Agenda for the Board of Fire Commissioners has been electronically posted at: https://tmfpd.us/agendas-minutes/. Pursuant to Section 3 of the Declaration of Emergency Directive 006 ("Directive 006"), the requirement contained in NRS 241.023(1)(b) that there be a physical location designated for meetings of public bodies where members of the public are permitted to attend and further, the requirement that notice agendas be physically posted within the State of Nevada has been suspended.

Support documentation for the items on the agenda, provided to the Board of Fire Commissioners is available to members of the public at the District's Admin Office (3663 Barron Way, Reno, Nevada) Sandy Francis, Administrative Assistant I, phone (775) 328-6124 and on the Truckee Meadows Fire Protection District's website at https://tmfpd.us/agendas-minutes/ and https://notice.nv.gov

1. Salute to the Flag
2. Call to order/roll call
3. Public Comment - Comment heard under this item will be limited to three minutes per person and may pertain to matters both on and off the Board of Fire Commissioners agenda. The District will also hear public comment during individual action items, with comment limited to three minutes per person. Comments are to be made to the Board of Fire Commissioners as a whole.
4. Commissioners'/Fire Chief's announcements, requests for information, topics for future agendas, and statements relating to items not on the Agenda. (No discussion among Commissioners will take place on this item).
5. Consent Items: FOR POSSIBLE ACTION

   A. Recommendation to approve the meeting minutes from the September 1, 2020 Board of Fire Commissioners Meeting. (All Commission Districts) FOR POSSIBLE ACTION.

   Attachments: Item #5A 2020-09-01 Draft Meeting Minutes

   B. Recommendation to amend the Employment Agreement between Truckee Meadows Fire Protection District and Alex Kukulus, Deputy Chief, to provide "Call Back-Pay" or "Compensatory Time" when Deputy Chief Kukulus is required to respond to emergency situations outside of his 40-hour workweek. Any "Compensatory Time" or "Call-Back Pay" must be authorized by the Fire Chief. This Amendment shall be effective retroactively to July 1, 2020. (All Commission Districts) FOR POSSIBLE ACTION

   Attachments: Item #5B Amendment NO 1 to DC Kukulus Employment Agreement Staff Report
   Item #5B Amendment NO 1 to DC Kukulus Employment Agreement

C. Recommendation to amend the Employment Agreement between Truckee Meadows Fire Protection District and Dale Way, Deputy Chief, to provide "Call Back-Pay" or "Compensatory Time" when Deputy Chief Way is required to respond to emergency situations outside of his 40-hour workweek. Any "Compensatory Time" or "Call-Back Pay" must be authorized by the Fire Chief. This Amendment shall be effective retroactively to July 1, 2020. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #5C Amendment NO 1 to DC Way Employment Agreement
Staff Report
Item #5C Amendment NO 1 to DC Way Employment Agreement

D. Recommendation to approve an increase in the salary range for the Chief Fiscal Officer (CFO) job classification from $85,800-$111,508 to $102,960 - $133,810 and authorize a 10% salary adjustment from $111,508 to $122,659 for the current CFO retroactively to July 1, 2020 based on the recommendations of the Korn Ferry/Hay Group, which was engaged to perform an analysis of the scope of the CFO's current job duties and pay data to ensure the recommended range is fair when compared to similar positions. (All Commission Districts.) FOR POSSIBLE ACTION

Attachments: Item #5D CFO Salary Range Amendment Staff Report

E. Recommendation to acknowledge the communications and reports received by the Washoe County Clerk on behalf of the Truckee Meadows Fire Protection District's Board of Fire Commissioners, included in the category "Additional Documents". (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #5E C&R Aknowledge Staff Report
Item #5E C&Rs 2020-10-06

End of Consent

6. Awards and recognition of Truckee Meadow Fire Protection District Personnel. FOR DISCUSSION ONLY

15. Commissioners'/Fire Chief's announcements, requests for information, topics for future agendas, and statements relating to items not on the Agenda. (No discussion among Commissioners will take place on this item).

16. Public Comment. Comment heard under this item will be limited to three minutes per person and may pertain to matters both on and off the Board of Fire Commissioners agenda. The District will also hear public comment during individual action items, with comment limited to three minutes per person. Comments are to be made to the Board of Fire Commissioners as a whole.

Adjournment

5

CERTIFICATE OF THE DISTRICT

The undersigned is the duly appointed District Fire Chief of the Truckee Meadows Fire Protection District, Nevada (the "District") and does hereby certify the following:

1. On October 6, 2020, the Board of Fire Commissioners of the District (the "Board") adopted an resolution, designated as the "2020 Bond Resolution" (the "Bond Resolution"), authorizing the issuance of the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues), Series 2020" issued as a single bond (the "Bond").

2. On September 23, 2020, after a request for proposals was distributed, a copy of which is attached hereto as Exhibit C, bids for the Bond were received and the best bid was submitted by Zions Bancorporation, N.A. (the "Bond Purchaser"). A copy of the Bond Purchaser's bid is attached hereto as Exhibit B.

3. On October 6, 2020, I accepted the bid of the Bond Purchaser, being the best bidder for the Bond, by executing this certificate in accordance with the provisions of the Bond Resolution.

4. The Bond will be sold to the Bond Purchaser at a price equal to the principal amount of $2,100,000. The Bond shall be payable on the dates and in the amounts as set forth in Exhibit A. The Bond shall bear interest at the rate of 1.53% per annum. The Bond shall be otherwise issued on such terms and conditions as provided in the Bond Resolution and this Certificate.

5. The installments of principal on the Bond are prepayable without penalty, in whole or in part, in any order of maturity, on or after June 1, 2025 on ten days' written notice, at a price equal to the principal amount so prepaid and interest accrued thereon to such prepayment date.

6. The District has designated the Bonds as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3)(B) of the Internal Revenue Code of 1986, as amended.

DATED October 6, 2020.

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA

Charles A. Moore

District Fire Chief

(ATTACH PURCHASE PROPOSAL FOR BOND)

NEVADA STATE BANK
THE DOOR TO YOUR FUTURE

P.O. BOX 990 Las Vegas, NV 89125-0990

Truckee Meadows Fire Protection District, Nevada
General Obligation (Limited Tax)
Capital Improvement Bond, Series 2020A

Summary of Proposed Terms

Issuer:	Truckee Meadows Fire Protection District
Purchaser:	Zions Bancorporation, N.A.
Amount:	$2,100,000
Purpose:	The proceeds of the Loan will be used by the District for the purpose of: (i) defraying wholly, or in part, the cost of acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor and (ii) paying costs of issuing the Loan (together, the "Project").
Security:	The Loan constitutes a direct and general obligation of the District, and the full faith and credit of the District is pledged to the payment of principal and interest due thereon, subject to Nevada constitutional and statutory limitations on the aggregate amount of ad valorem taxes. The Loan is additionally secured by a lien (but not necessarily an exclusive lien) on the Pledged Revenues (as defined in the Ordinance). The Pledged Revenues are comprised of a 15% portion of all income and revenue derived by and distributed to the District from the Consolidated Tax and imposed pursuant to State law. The Consolidated Tax is collected by the State and distributed monthly to the District.
CUSIP:	CUSIP numbers will not be required.

NEVADA STATE BANK
THE DOOR TO YOUR FUTURE

P.O. BOX 990 Las Vegas, NV 89125-0990

Maturity Date:	Option 1: 06/01/2035 Option 2: 06/01/2040
Interest Payments:	Semi-annually on June 1 and December 1
Principal Payments:	Annually on June 1
Interest Rate(s):	Option 1: 15 Year Fixed 1.53% Option 2: 20 Year (includes variable portion) 1.25% initially. Rates for years 16-20 will reset every five years from the dated date to the 5-year FHLB advance rate.
Tax Status:	Tax Exempt
Bank Qualified:	Yes
Optional Redemption:	Outstanding installments of principal will be prepayable without penalty, in whole or in part, in any order of maturity, on or after June 1, 2025 on ten (10) days' written notice, plus accrued interest to the date of redemption.
Closing Date:	October 21, 2020
Reporting Requirement:	Audited financials to be provided within 270 days of fiscal year end.
Rate Lock:	Quoted rate is fixed for 60 days from the bid date. If closing does not occur within 60 days from the bid date, rates would reset to the prevailing market rate.
Bank Closing Costs:	$0
Annual/Ongoing Cost:	$0
Credit Approval:	This proposal has been credit reviewed, but is subject to final credit approval

P.O. BOX 990 Las Vegas, NV 89125-0990

Other terms/conditions:

Bond Counsel will provide at closing, satisfactory Zions Bancorporation, N.A. (The Purchaser) the following:

- Bond Opinion- addressed to Zions Bancorporation, N.A., satisfactory to the Purchaser dated the date of closing relating to the legality and validity of the note and the excludability of interest on the note from gross income of the holders thereof for federal tax purposes
- Resolution of Governing Body
- Certificate from authorized officers of the Issuer, in form and substance acceptable to the Purchaser, to the effect that the representations and information of the Issuer contained in this Purchase agreement delivered to us with respect to the Issuer are true and correct when made and as of the closing
- Acknowledgment of the costs of issuance budget with respect to the issuance of the bonds.
- IRS Form 8038-G
- Tax Certificate
- Purchaser presently intends to hold the Issue until maturity and does not intend to resell.
- To facilitate closing, Zions Bancorporation, N.A. requests a scan of all signed documents be delivered to by 12:00 PM the day before closing.

Role of Bank as Purchaser: Purchaser is acting solely as Purchaser for its own account and not as a fiduciary for Issuer or in the capacity of broker, dealer, municipal securities underwriter or municipal advisor. Purchaser has not provided, and will not provide, financial, legal, tax, accounting or other advice to or on behalf of Issuer with respect to the proposed Bond. Issuer shall represent in the Bond documentation that Issuer has sought and obtained financial, legal, tax, accounting

and other advice (including as it relates to structure, timing, terms and similar matters) with respect to the proposed Bond from its financial, legal and other advisors (and not Purchaser) to the extent that Issuer desired to obtain such advice.

Purchaser Restrictions: The Purchaser has such knowledge and experience in financial and business matters that it is capable of evaluating the merits and risks of the Bonds. The Purchaser will be expected to sign an Investor Letter acknowledging the same.

EXHIBIT C

(ATTACH REQUEST FOR PROPOSALS FOR BOND)

REQUEST FOR FINANCING

$2,100,000*
Truckee Meadows Fire Protection District, Nevada
General Obligation (Limited Tax)
Capital Improvement Bond, Series 2020A
(Additionally Secured by Pledged Revenues)

September 2, 2020

The Truckee Meadows Fire Protection District, Nevada (the "District") is seeking to obtain a bank commitment to purchase the above-captioned bond to be evidenced by a single bond of the District (the "Loan") for the purpose of financing the Project (defined below). The following information has been compiled to assist you in evaluating the Loan. The Bond Resolution authorizing the issuance of the Loan (the "Resolution"), which will be adopted by the Board of Fire Commissioners (the "Board") on October 6, 2020, is attached hereto as Exhibit B. No offering document will be prepared for the Loan and there will be no rating.

Responses to this Request for Financing ("RFF") are due on Wednesday, September 23, 2020, at 10:00 a.m., local time. Please see Section 1.E. of this RFF for a description of delivery methods acceptable to the District.

The District anticipates closing the Loan on October 21, 2020.

Purchase as a Security: Any bidder who intends to treat the purchase of the Loan as a security must submit their bid through a broker-dealer ("Placement Agent"). Any fees charged by the Placement Agent will be paid by the bidder and must be stated in the proposal. After bids are received, communication regarding the bid and any further comments or requested changes will go through the Placement Agent.

The District will consider any and all proposals; however, evaluations of such proposals will be based upon completeness of information provided, conformity to specified terms, and proposed financial terms and conditions. The District reserves the right to select a winning bidder on factors other than lowest interest cost.

* Maximum, not to exceed

EXHIBIT A – SAMPLE AMORTIZATION SCHEDULE

EXHIBIT B – FORM OF BOND RESOLUTION

EXHIBIT C – FORM OF APPROVING OPINION OF BOND COUNSEL

1. Bid Requirements & Instructions

Your bid should include information relating to the following details:

A. Interest Rate

The interest rate bid should include a non-adjustable fixed rate per annum based on a 30/360-day year. The final maturity of the Loan will be June 1, 2035 or June 1, 2040, unless redeemed earlier. The interest rate may not exceed by more than 3% the Index of Twenty Bonds most recently published in The Bond Buyer at the time the offer for the Loan is accepted.

The District prefers that the Loan amortize over a 20-year period. However, the District will also consider an amortization period of 15 years. Please indicate in your proposal an interest rate for the 15-year amortization and an interest rate for the 20-year amortization. Please see Exhibit A for sample amortizations of the Loan assuming 15- or 20-year repayment. If only one interest rate is provided, please indicate the amortization(s) for which the rate applies.

B. Prepayment Options

Outstanding installments of principal will be prepayable without penalty, in whole or in part, in any order of maturity, on or after June 1, 2025 on ten (10) days' written notice, plus accrued interest to the date of redemption.

C. Costs

Please identify any legal fees, origination fees, or other costs associated with your proposal.

D. Documentation/Other

Any other requirements must be included in writing as part of your bid. The attached Exhibits outline the terms under which the District proposes to execute and deliver the Loan. Material changes to these documents must be included in writing. If desired, the District will provide editable versions of the Exhibits to better facilitate significant changes. Please contact the District's municipal advisor listed in Section 14 to receive editable copies.

E. Bid Delivery

Proposals must be submitted using one of the methods below:

- via e-mail (**preferred**) to:
  - cvance@tmfpd.us
  - cmoore@tmfpd.us
  - kfollett@shermanhoward.com
  - john@jnaconsultinggroup.com

Proposals must be marked "Truckee Meadows Fire Protection District, NV 2020 Bond" c/o Cindy Vance, Chief Fiscal Officer. Proposals must be received no later than 10:00 a.m. Pacific Time on September 23, 2020 and will be opened at 10:00 a.m. Pacific Time on September 23, 2020, at 3663 Barron Way, Reno, NV 89512.

Proposals submitted after the time and date stated above may not be considered. The District reserves the privilege of waiving any irregularity or informality in any proposal and/or rejecting any and all proposals. If your firm cannot meet the requested specifications, please propose alternatives. All proposals will be considered.

2. Use of Loan Proceeds

The proceeds of the Loan will be used by the District for the purpose of: (i) defraying wholly, or in part, the cost of acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor and (ii) paying costs of issuing the Loan (together, the "Project").

3. Security for the Loan – General Obligation

The Loan constitutes a direct and general obligation of the District, and the full faith and credit of the District is pledged to the payment of principal and interest due thereon, subject to Nevada constitutional and statutory limitations on the aggregate amount of ad valorem taxes. The Loan is payable by the District from any source legally available therefor at the time such payments are due, including the General Fund of the District. The District does not expect to levy ad valorem taxes to pay the Loan. In the event, however, that legally available sources of funds (including pledged revenues described below) are insufficient therefor, the District is obligated to levy a general (ad valorem) tax on all taxable property within the District , subject to the limitations provided in the Constitution and statutes of the State.

In any year in which the total property taxes levied within the District by all applicable taxing units (e.g. the State, the County, the District, the Washoe County School District, and/or any special district) exceed such property tax limitations, the reduction to be made by those units must be in taxes levied for purposes other than the payment of their bonded indebtedness, including interest on such indebtedness.

4. Additional Security for the Loan

The Loan is additionally secured by a lien (but not necessarily an exclusive lien) on the Pledged Revenues (as defined in the Ordinance) on a parity with the lien of any Parity Securities (as defined in the Ordinance) and any Parity Securities issued in the future. Additional securities having a lien on the Pledged Revenues that is superior to the lien of the Loan may be issued under certain circumstances; however, any superior securities may not be issued as general obligation bonds.

The Pledged Revenues are comprised of a 15% portion of all income and revenue derived by and distributed to the District from the Consolidated Tax and imposed pursuant to State law. The Consolidated Tax is collected by the State and distributed monthly to the District. The Consolidated Tax consists of revenues from the following sources: certain sales taxes (the "Basic City/County Relief Tax" and the "Supplemental City/County Relief Tax"); excise taxes on cigarettes and liquor (the "Cigarette Tax" and the "Liquor Tax", respectively); a tax on the licensing of motor vehicles (the "Governmental Services Tax"); and real property transfer taxes (the "Real Property Transfer Tax").

A. Pledged Revenue & Coverage History

The table below illustrates the historical and budgeted receipt by the District of Consolidated Tax, the Pledged Revenues, and coverage of maximum annual debt service on the Loan.

	2017 (audited)	2018 (audited)	2019 (audited)	2020 (unaudited)	2021 (budgeted)
Consolidated Tax	$7,713,537	$8,346,596	$8,725,419	$9,021,756	$7,806,607
Pledged Revenues*	$1,157,031	$1,251,989	$1,308,813	$1,353,263	$1,170,991

* Consists of 15% of the Consolidated Tax revenue received by the District.

5. Term of Loan/Amortization

The Loan will mature on June 1, 2035 or June 1, 2040, unless redeemed earlier. Please see Exhibit A for sample principal amortization schedules. Interest will begin accruing as of the closing date, which is currently expected to be October 21, 2020. Principal will be paid annually on June 1. Interest will be paid semi-annually on June 1 and December 1, beginning June 1, 2021. The Loan will be evidenced by a single bond and no CUSIP number will be assigned.

The District reserves the right to adjust the principal amortization after responses to this Request for Financing are received. See the sample amortization schedules attached as Exhibit A.

6. Tax Exempt/Bank Qualified

The Loan will be a tax-exempt obligation. At the option of the winning bidder, the Loan may be designated as a "Qualified Tax-Exempt Obligation" for a financial institution under Section 265 of the Internal Revenue Code.

7. Authorization for the Loan

The Loan will be authorized pursuant to the Resolution to be adopted on October 6, 2020 by the Board.

8. Closing

It is anticipated that closing will occur on or about October 21, 2020. The Loan will be fully funded at closing.

9. Paying Agent

The District's Fire Chief will act as registrar and paying agent for the Loan. If this is unacceptable, please advise the District in your response to this Request for Financing Proposals, and the District may consider contracting with a bank or trust company for paying agent services.

10. Opinion of Bond Counsel

At closing, an opinion of Sherman & Howard L.L.C., Bond Counsel, will be provided, in the form attached hereto as Exhibit C. No other opinions will be provided by Bond Counsel at closing.

11. Certificate of Closing/Assignment

In accordance with NRS 350.155(2)(g)(4), the purchaser of the Loan must certify at closing that the Loan is being purchased by not more than ten investors, that each have a net worth of $500,000 or more and are purchasing the Loan for investment, not for resale. The District has not prepared an official statement or other offering materials in connection with this Request for Financing nor has it agreed to provide continuing disclosure. The Loan will not be rated. The Loan may be assigned to a commercial bank without consent of the District and may be assigned to a sophisticated investor who meets the criteria provided in this section with the prior written consent of the District. The District must be notified of any assignment within 10 business days.

12. Independent Registered Municipal Advisor Exemption

SEC MUNICIPAL ADVISOR MATTERS:

Responders and persons considering responding to this Request for Financing ("RFF"), and other market participants (collectively, "RFF Participants") may be able to use one or more of the following exemptions in SEC Rule 15Ba1-1(d)(3) (the "Rule") from the definition of "Municipal Advisor" in connection with communications concerning this RFF, the Loan and the financing that is the subject of this RFF.

Response to Request For Proposals Exemption: This RFF is being conducted by the District and is intended to meet the requirements for the Rule's "request for proposals" exemption.

Represented by and Independent Registered Municipal Advisor Exemption: The District has engaged, is represented by and will rely on the advice of JNA Consulting Group, LLC, an independent registered municipal advisor, to advise it on the execution and delivery of the Loan and this RFF. The District intends that (i) this statement constitutes the "required advisor" exemption set forth in the Rules and (ii) persons responding or considering responding to this RFF and all other market participants may rely on this written statement and receive and use it for purposes of that exemption.

Bank Exemption: An RFF Participant which is a bank as defined in Section 3(a)(6) of the Securities Exchange Act of 1934, as amended, which will be making a direct loan evidenced by the single bond or purchasing the Loan for its own account may be covered by the Rule's "bank" exemption.

Each RFF Participant should consult with its own advisors in determining (i) whether one or more of the above exemptions are available to that RFF Participant and (ii) other requirements for the applicable exemption(s) to be available to that RFF Participant.

13. Miscellaneous

The District desires to enter into an agreement containing the conditions stated in this Request for Financing. Any additional provisions or amendments to the terms and conditions of the Loan and the Resolution must be stated in writing as part of your response to this Request for Financing. The District may reject any proposal that does not conform to this Request for Financing.

If your financial institution cannot meet these requested conditions, please provide alternatives. All responses will be considered.

GENERAL AND NO-LITIGATION CERTIFICATE AND RECEIPT

IT IS HEREBY CERTIFIED by the undersigned, the chosen and qualified Chair of the Board of Fire Commissioners (the "Chair") and ex officio Chair of the Board of County Commissioners of Washoe County, District Fire Chief (the "Fire Chief"), District Chief Fiscal Officer (the "Chief Fiscal Officer") the District Treasurer, ex officio Treasurer of Washoe County (the "Treasurer"), the District Secretary, ex officio Clerk of Washoe County (the "Secretary") and, with respect to paragraphs 11 and 12 only, the Legal Counsel to the Truckee Meadows Fire Protection District (the "District"), in the State of Nevada (the "State"):

1. The District was duly incorporated, reorganized and is operating as a fire protection district, a body corporate and politic and a political subdivision of the State under the provisions of Nevada Revised Statutes ("NRS") 474.460 to 474.540, inclusive (the "Act").

2. The official name of the District is the "Truckee Meadows Fire Protection District."

3. During the course of the proceedings for the issuance of the Bond (as defined below), up to and including the date of this certificate, the following have been or now are the duly chosen, qualified and acting de jure or de facto officers and members of the Board of Fire Commissioners of the District (the "Board") and other officers of the District:

Chair, ex officio Chair of the Board of County Commissioners of Washoe County:	Bob Lucey
Vice Chair:	Marsha Berkbigler
Commissioners:	Kitty Jung
	Vaughn Hartung
	Jeanne Herman
Fire Chief:	Charles A. Moore
Chief Fiscal Officer	Cynthia Vance
Treasurer, ex officio Treasurer Of Washoe County:	Tammi Davis
Secretary, ex officio Clerk of Washoe County:	Nancy Parent
Legal Counsel to the District:	Mary Kandaras

and each of the foregoing officers, if legally required, has duly filed his or her oath of office; and each of them legally required to give bond or undertaking has given or filed such bond or undertaking in form and amount as required by law, and has otherwise duly qualified.

4. The last (final) assessed valuation of the taxable property in the District for the year 2020-2021, as shown by the last preceding tax list or assessment roll, i.e., the total assessed valuation of the taxable property of the District, was and is the sum of $4,634,463,753.

5. The total indebtedness of the District, excluding obligations payable solely from unexhausted and unencumbered appropriations in the budget for the current fiscal year, except for encumbrances thereon to secure the payment of such obligations, but including its Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues), Series 2020, issued as a single bond in the principal amount of $2,100,000 (the "Bond"), and including any general obligations becoming due under any leases, installment purchase contracts, and other agreements terminating after the current fiscal year, does not exceed the amount listed as general obligation indebtedness attached hereto as Exhibit A.

6. The District has outstanding no other obligations that might be held to constitute an "indebtedness" or a "debt," general obligations or special obligations of the District, except for obligations (general or special) payable in the current fiscal year out of moneys budgeted and appropriated therefor.

7. The total levy for all public purposes, including levies for Bond, within the State or any subdivision thereof, for all the area within the District does not now exceed, and has not exceeded, $.05 on $1.00 of the assessed valuation, and does not now exceed $3.64 on each $100.00 of assessed valuation (excluding $0.02 on each $100.00 of assessed valuation which is excluded for purposes of calculating the $3.64 limitation on each $100.00 of assessed valuation).

8. The proceeds of the Bond will be used for the purpose of financing the cost of acquiring properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor (the "Project").

9. The Bond is authorized to be issued pursuant to a resolution which was duly adopted by the Board on October 6, 2020, cited in Section 101 thereof by the short title "2020 Capital Improvement Bond Resolution" (the "Bond Resolution"); the Act; NRS 350.020; NRS 350.500 through 350.720, and all laws amendatory thereof, cited in NRS 350.500 thereof as the Local Government Securities Law (the "Bond Act"), and NRS Sections 360.600 to 360.740, inclusive (the "Consolidated Tax Act").

10. The Bond is payable, in whole or in part, from or secured, in whole or in part, by the proceeds of any of the Pledged Revenues (as such term is defined in the Bond Resolution).

11. No litigation of any nature is now pending or threatened insofar as is known to the undersigned (either in State or Federal courts):

(a) Affecting the corporate existence of the District or the titles of its members or officers to their respective offices;

(b) Seeking to restrain or enjoin the issuance, sale, execution or delivery of the Bond, or any portion thereof, or the levying and collection of general (ad valorem) taxes ("General Taxes") to pay the principal of and the interest on the Bond, if necessary, or the application of any revenues or funds of the District, including the Pledged Revenues (as defined in the Bond Ordinance), to the payment of principal of or interest on the Bond (such principal and interest on the Bond being herein the "Bond Requirements"), or the use of the proceeds of the Bond for the Project as authorized by the Bond Resolution, or affecting in any way the right or authority of the District to pay the Bond Requirements of the Bond, or otherwise to carry out the terms and provisions of the Bond Resolution or otherwise concerning the Bond; or

(c) In any manner questioning, contesting or otherwise affecting the authority or proceedings for the issuance, sale, execution or delivery of the Bond, or questioning, contesting or otherwise affecting, directly or indirectly, the validity thereof, or the sale of the Bond to Zions Bancorporation, N.A., as purchaser of the Bond (the "Purchaser"), or of any provisions made or authorized for the payment of

the Bond, including, without limitation, their delivery as provided in the Bond Resolution and the acceptance by the District of the Purchaser's proposal to buy the Bond; or

(d) In any manner questioning, contesting or otherwise affecting the power of the District acting by and through the Board, or otherwise, to effect the Project, as provided in the Bond Resolution, or otherwise.

12. None of the corporate existence, the boundaries of the District, or the title of its present officers or any of them to their respective offices is being contested, including, without limitation, the members and officers of the Board, and no proceedings or authority for the issuance, sale, execution or delivery of the Bond has been repealed, rescinded, revoked, modified, changed or altered in any manner.

13. All meetings of the Board pertaining to the Bond, the Project, the General Taxes, and the Pledged Revenues have been open to the public at all times.

14. Subsequent to the authorization to issue the Bond by the Bond Resolution, the District, acting by or through the Board, or otherwise, has not repealed, amended or otherwise modified the provisions of the Bond Resolution.

15. To the best of our knowledge none of the Chair, any other member of the Board, or any other officer, employee or agent of the Board or the District, is interested (except in the performance of his or her official rights, privileges, powers and duties) directly or indirectly in the profits of any contract, job for work or services to be performed and pertaining to the issuance of the Bond or to the Project.

16. The Reno Gazette Journal is a qualified newspaper under the provisions of NRS 238.020 and 238.030, printed and published, and of general circulation in the District.

17. No referendum petition concerning any of the resolutions or other proceedings concerning the Bond, the General Taxes, the Pledged Revenues or the Project has been filed; and to the best of our knowledge, none is being circulated or planned for circulation.

18. On the date hereof, the District received from the Purchaser the purchase price of $2,100,000.

19. There is no reason within our knowledge why the District may not deliver the Bond in the principal amount of $2,100,000.

20. The effective interest rate on the Bond does not exceed by more than 3% the "Index of Twenty Bonds," which was most recently published in The Bond Buyer before a negotiated offer was accepted for the Bond and is attached hereto as Exhibit B.

21. On or before the date hereof, the undersigned Chair, Treasurer, and Secretary officially manually or electronically signed the Bond on behalf of the District. The electronic or manual seal of the District which has been impressed on the Bond is a true, perfect and complete impression of the legally adopted, proper and only official corporate seal of the District.

22. The District shall furnish the Purchaser with the District's annual audited financial statements prepared by an independent certified public accountant within 270 days from the close of the District's fiscal year, until such time as the Bond is paid in full.

23. The Chief Fiscal Officer has full authority to act as Registrar and Paying Agent for the Bond, and does hereby ratify and confirm acceptance of all the duties and responsibilities of Registrar and Paying Agent under the Bond.

24. On the date hereof, the undersigned Chief Fiscal Officer caused the Bond to be delivered to the Purchaser, such Bond being in all respects as authorized by the proceedings pertaining to the Bond.

25. This Certificate is for the benefit of the registered owners from time to time of the Bond.

[Remainder of page intentionally left blank.]

WITNESS our hands on behalf of the Truckee Meadows Fire Protection District on October 21, 2020.

The 30-day visible supply is compiled daily from The Bond Buyer's Competitive and Negotiated Bond and Note Offerings calendars. It reflects the dollar volume of bonds expected to reach the market in the next 30 days. Issues maturing in 13 months or more are included. The 30-day visible supply of competitive bonds has been reported since 1927, while the negotiated supply has been reported since 1971.

$2,100,000
Truckee Meadows Fire Protection District, Nevada
General Obligation (Limited Tax)
Capital Improvement Bond
(Additionally Secured by Pledged Revenues)
Series 2020

FEDERAL TAX EXEMPTION CERTIFICATE

The undersigned hereby certifies for and on behalf of Truckee Meadows Fire Protection District, Nevada (the "District") as to the following facts, estimates and circumstances:

1. In General.

1.1. The District is issuing and delivering, simultaneously with the delivery of this Tax Certificate, its General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues) Series 2020 issued as a single bond in the principal amount of $2,100,000 (the "Bond").

1.2. The undersigned Fire Chief of the District is one of the officers of the District delegated the responsibility for issuing the Bond.

1.3. I am familiar with the proceedings of the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "Board") taken preliminary to and in issuance of the Bond, including the resolution adopted by the Board on October 6, 2020, authorizing the issuance of the Bond (the "Resolution").

1.4. This Tax Certificate is for the purpose of establishing the reasonable expectations of the District as to future events relating to the Bond pursuant to the Internal Revenue Code of 1986, as amended to the date hereof, and to the Regulations promulgated thereunder as specifically required by Regulation Section 1.148-2(b) and for the purpose of evidencing compliance with and setting forth procedures which are designed to comply with certain provisions of the Code and the Regulations.

1.5. To the best of my knowledge, information and belief, the expectations contained in this Tax Certificate are reasonable.

1.6. Capitalized terms used herein and in the Exhibits hereto shall have the meanings ascribed to such terms in the Resolution or as set forth in Exhibit A hereto. The District has determined to calculate the "Issue Price" of the Bond as the price paid by Zions Bancorporation, N.A. (the "Purchaser") in accordance with Section 1.148-1(f)(2)(i) of the

Regulations. As so calculated, the Issue Price of the Bond is $2,100,000 as certified in the Purchaser's Certificate and Receipt, executed by the Purchaser and dated as of the date hereof.

2. Purpose of the Bond. The Bond is being issued for the purpose of providing moneys which will be sufficient to finance to finance the cost of acquiring properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor (the "Project").

3. Cost of Project; No Overissuance.

3.1. The estimated total cost of the Project including the costs and expenses listed in Subsection 4.2 hereof is not less than $2,100,000, plus the investment income expected to be earned thereon.

3.2. The estimated total cost of the Project set forth in Section 3.1 of this Tax Certificate will be not less than the amount received from the sale of the Bond set forth in Subsection 4.1 of this Tax Certificate, plus the investment income earned thereon.

4. Application of Sale Proceeds.

4.1. The net amount received by the District from the sale of the Bond (the "Sale Proceeds") will be $2,100,000, which amount consists of the aggregate principal amount of the Bond.

4.2. The Sale Proceeds ($2,100,000) and all investment income earned thereon is expected to be needed and fully expended as follows:

(i) An amount of the Sale Proceeds equal to $2,100,000 will be deposited into the Acquisition Account and used, together with the investment income thereon, for the payment of costs of the Project, including payment of expenses incurred in connection with the issuance of the Bond (estimated to be $84,000).

5. Expenditure, Time, and Due Diligence Tests. The District reasonably expects that at least eighty-five percent of the Net Sale Proceeds of the Bond allocable to the Project will be allocated to expenditures for the Project within three years of the date hereof. The District will incur within six months of the date hereof a substantial binding obligation (i.e., not subject to contingencies within the control of the District or a related party) to a third-party to expend at least five percent of the Net Sale Proceeds of the Bond allocable to the Project on the costs of the

Project. The completion of acquisition, construction, equipment and improvement of the Project and the allocation of Net Sale Proceeds of the Bond allocable to the Project to expenditures for the Project will proceed with due diligence. Any expectations as to changes in interest rates or the provisions of Title 26 of the United States Code (or in the regulations and rulings thereunder) were not taken into account in making the expectations described in this Certificate.

6. No Replacement. No portion of the amounts received from the sale of the Bond will be used as a substitute for other funds which were otherwise to be used as a source of financing for any of the purposes specified in Section 2 hereof and which have been or will be used to acquire, directly or indirectly, Investment Property producing a Yield in excess of the Yield of the Bond. The weighted average reasonably expected economic life of the facilities financed by the Bond, determined as of the issue date, is at least 20 years. JNA Consulting Group, LLC (the "Municipal Advisor") has certified that the average maturity of the Bond is not greater than 7.846 years. The average maturity of the Bond therefore does not exceed 120% of the average reasonably expected economic life of the facilities financed with the Bond.

7. Debt Service Fund. The expected source of payment of principal of, and interest on, the Bond will be Pledged Revenues (as defined in the Resolution) and, if and to the extent necessary, General Taxes on all property, both real and personal, subject to taxation within the boundaries of the District and other moneys deposited from time to time, to pay principal of, and interest on, the Bond as it becomes due as provided in the Resolution. Such amounts are deposited into the Bond Fund, as defined in the Resolution (the "Bond Fund") to be used to pay principal of, and interest on, the Bond. Amounts deposited in the Bond Fund will be depleted at least annually, except for a reasonable carryover amount, if any, not to exceed the greater of (i) the earnings on the funds for the immediately preceding Bond Year, or (ii) one-twelfth (1/12) of the principal and interest payments on the Bond for the immediately preceding Bond Year.

8. Rebate Fund. All amounts to be deposited into the Rebate Fund and all amounts on deposit therein shall be paid to the Department of Treasury at the times and in the amounts required by this Tax Certificate.

9. Application of Investment Earnings. Net investment earnings on amounts in any fund or account will be retained therein and used for the purposes thereof.

10. No Other Funds. Other than the funds described herein, no fund or account of any such fund which secures or otherwise relates to the Bond has been established, nor are any funds or accounts expected to be established, pursuant to any instrument.

11. Single Issue. The District does not expect to issue other obligations which will be: (a) sold at substantially the same time as the Bond (i.e., less than 15 days apart); (b) sold pursuant to the same plan of financing with the Bond; and (c) reasonably expected to be paid for from substantially the same source of funds as will be used to pay the Bond.

12. Temporary Periods and Yield Limitations.

12.1. All amounts allocable to the costs of issuing the Bond and all investment income thereon will be used for the payment of costs of issuance on or before three years from the date hereof. Such amounts may be invested without regard to Yield restriction. Investment earnings on such amounts that are retained therein may be invested without regard to Yield restriction for a period not to exceed one year from the date of receipt of the amount earned. Such amounts are, however, subject to the Rebate Requirement set forth in Exhibit B hereto.

12.2. Proceeds derived from the sale of the Bond deposited into the Acquisition Account to finance the cost of the Project may be invested without regard to Yield restriction (subject to the Rebate Requirement) for a period not to exceed three years from the date hereof and, thereafter, shall be invested at a Yield not in excess of the Yield of the Bond. Investment earnings on obligations acquired with such proceeds may be invested without regard to Yield restriction (subject to the Rebate Requirement) for a period not exceeding three years from the date hereof or one year from receipt thereof, whichever is longer and, thereafter shall be invested at a Yield not in excess of the Yield of the Bond.

12.3. Amounts deposited in the Bond Fund may be invested without regard to Yield restrictions for a period not to exceed thirteen months from the date of deposit of such amounts to such fund.

12.4. Investment earnings on amounts deposited into the Bond Fund may be invested without regard to Yield restriction for a period ending 13 months from the date of initial receipt and thereafter at a Yield not in excess of the Yield on the Bond.

13. Bond Yield. The Yield of the Bond, as calculated by the Municipal Advisor, is 1.5298%.

14. Allocation of Proceeds to Projects; Reimbursements. A portion of the proceeds of the Bond will be used to reimburse the District for expenses paid prior to the date hereof on the Project. All of such expenses were paid on or after November 22, 2019, which is within sixty (60) days of January 21, 2020, the date the District through the Board adopted the reimbursement intent resolution with respect to the Project and the Bond, and is within 3 years of the date hereof. A list of the projects to which Bond Proceeds are being allocated is on file with the District and are attached hereto as Exhibit E, of which $1,048,289.60 are capital expenditures. This allocation is being made not later than eighteen (18) months after the later of the date the original expenditure was paid or the date the project was placed in service, and in any event, not more than three (3) years after the date the original expenditure was paid. All of the expenditures being reimbursed are either (i) capital expenditures (within the meaning of Regulation Section 1.150-1(b)), (ii) costs of issuance, (iii) certain working capital expenditures for extraordinary, nonrecurring items that are not customarily payable from current revenues (within the meaning of Regulation Section 1.148-6(d)(3)(ii)(B)), (iv) grants (within the meaning of Regulation Section 1.148-6(d)(4)), or (v) qualified student loans, qualified mortgage loans or qualified Veterans' mortgage loans (within the meaning of Regulation Section 1.150-1(b)). None of the expenditures to be reimbursed were incurred for day-to-day operating costs or similar working capital items.

15. Rebate and Accounting. The District will comply with Exhibit B – Rebate and Exhibit C – Allocation and Accounting Rules throughout the term of the Bond. There are several elections which must be made as of the date of issuance with respect to the Rebate Requirement.

(i) With respect to any reasonably required reserve fund, an election can be made not to include the earnings thereon in Available Construction Proceeds for purposes of calculating the two-year expenditure requirement. If this election is made, the earnings on the reserve fund are subject to the Rebate Requirement from the date of issuance. The District hereby does not make this election.

(ii) For purposes of demonstrating that the Bond constitutes a construction issue within the meaning of Section 148(f)(4)I(iv) of the Code, an election can be made, with respect to the provisions that are based on the District's

reasonable expectations, to apply all of those provisions based on actual facts. The District hereby does make this election.

(iii) Where less than 75% of the Available Construction Proceeds of an issue are to be used for construction expenditures, such as where an issue is part construction and part non-construction, an election may be made to treat each portion as a separate issue. If this election is made, only one "issue" (the construction part) can qualify for the two-year rule. The District hereby does not make this election.

16. Where the expenditure requirements are not met, the District may elect to be subject to a penalty in lieu of being subject to the rebate rules. The penalty is the product of 1.5% and under-expended proceeds as of the end of the spending period. For each spending period, under-expended proceeds is the difference between the Available Construction Proceeds spent and the Available Construction Proceeds required to be spent according to the expenditure schedule. The penalty is to be recalculated and paid for each spending period until the Bond and any bonds issued to refund the Bond are repaid. The penalty must be remitted within 90 days of the end of the spending period to which it relates. The District hereby does not make this election.

17. Prohibited Uses of Proceeds; Federal Guarantees; Miscellaneous.

17.1. None of the proceeds of the Bond will be used (directly or indirectly) to acquire any Nongovernmental Output Property or to make or finance loans to persons other than Governmental Units, other than (i) loans which enable the borrower to finance any governmental tax or assessment of general application for specific essential governmental functions or (ii) loans which consist of investments in Nonpurpose Investments.

17.2. Not more than an amount which is less than 5% of the proceeds of the Bond will be used to finance Output Facilities other than facilities for furnishing water, any portion of the output of which is dedicated to or otherwise made available for use by persons other than Governmental Units on a basis other than that provided to the general public.

17.3. Not more than 10% of the proceeds of the Bond will be used (directly or indirectly) in a trade or business (or to finance facilities which are used in a trade or business) carried on by any person other than a Governmental Unit. Not more than 5% of the proceeds of the Bond will be used (directly or indirectly) in a trade or business (or to finance facilities which

are used in a trade or business) carried on by any person other than a Governmental Unit which private business use is not related to any governmental use or is disproportionate to governmental use, all as described in Section 141(b)(3) of the Code ("Unrelated or Disproportional Use"). For the purpose of this Section, use as a member of the general public shall not be taken into account.

17.4. The immediately preceding subsection shall apply only if the payment of 10% or more (5% or more in the case of Unrelated or Disproportional Use) of the principal of or interest on the Bond is (under the terms of the Bond or any underlying arrangement) directly or indirectly secured by any interest in property used or to be used for a private business use or in payments in respect of such property or derived from payments whether or not to the District in respect of property or borrowed money used or to be used for a private business use.

17.5. The payment of the principal of and interest on the Bond is not and will not be guaranteed directly or indirectly by the federal government within the meaning of Section 149(b) of the Code.

17.6. Not more than 50% of the proceeds of the Bond will be invested in Nonpurpose Investments having a substantially guaranteed Yield for 4 or more years.

17.7. The District reasonably expects that at least 85% of the spendable proceeds of the Bond will be used to carry out the governmental purposes of such issue within the 3-year period beginning on the date hereof; and not more than 50% of the proceeds of the Bond will be invested in Nonpurpose Investments having a substantially guaranteed Yield for 4 or more years.

17.8. None of the amount received from the sale of the Bond will be used to refund or refinance any Tax-Exempt Obligations including, for the purposes of this paragraph only, Tax-Exempt Obligations which are specified private activity bonds as defined in Section 57(a)(5)(C) of the Code.

17.9. The District does not expect to sell or otherwise dispose of the projects financed by the Bond before final retirement of the Bond.

17.10. In the Resolution, the District designated the Bond as a qualified tax-exempt obligation for purposes of 265(b)(3)(B) of the Code. The District does not expect to issue more than $10,000,000 of tax-exempt obligations during calendar year 2020.

17.11. This Tax Certificate is, in part, to serve as a guideline in implementing the requirements of Sections 141 to 150 of the Code. If regulations, rulings, announcements and

notices validly promulgated under the Code contain requirements which differ from those outlined here which must be satisfied for the Bond to be Tax-Exempt Obligations or in order to avoid the imposition of penalties under Section 148 of the Code, pursuant to the covenants contained in the Resolution, the District is obligated to take such steps as are necessary to comply with such requirements. If under those pronouncements, compliance with any of the requirements of this Tax Certificate is not necessary to maintain the exclusion of interest on the Bond from gross income and alternative minimum taxable income (except to the extent of certain adjustments applicable to corporations) or to avoid the imposition of penalties on the District under Section 148 of the Code, the District shall not be obligated to comply with that requirement. The District has been advised to seek the advice of competent counsel with a nationally recognized expertise in matters affecting exclusion of interest on municipal bonds from gross income for federal income tax purposes in fulfilling its obligations under the Code to take all steps as are necessary to maintain the status of the Bond as a Tax-Exempt Obligation.

Dated October 21, 2020

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA

By: Charles A. Moore
District Fire Chief

[Signature page to Federal Tax Exemption Certificate]

EXHIBIT A

DEFINITIONS

A.1. "Available Construction Proceeds" means, with respect to the Bond, the amount equal to the sum of the issue price of the Bond, earnings on such issue price, earnings on any amounts in a reasonably required reserve or replacement fund not funded by the Bond and earnings on all of the foregoing earnings, less the amount of such issue price deposited in a reasonably required reserve or replacement fund and less the issuance costs financed by the Bond. For purposes of this definition, earnings include earnings on any tax-exempt bond. Earnings on any reasonably required reserve or replacement fund are Available Construction Proceeds only to the extent that those earnings accrue before the earlier of (i) the date construction is substantially completed or (ii) the date that is two years after the issue date. For this purpose, the date construction is substantially completed is either the date that the construction financed with the proceeds of the Bond is substantially complete or the date on which construction is abandoned. In no event, however, will construction be considered substantially completed earlier than the date that the District has spent Available Construction Proceeds on the construction in an amount equal to at least 90% of the total cost of construction that the District reasonably expects as of such date will be financed with proceeds of the Bond. If only a portion of the construction is abandoned, the date of substantial completion is the date that the non-abandonment portion of the construction is substantially completed.

A.2. "Bond Year" means the one-year period (or, in the case of the first Bond Year, the shorter period from the date of issue of the Bond) ending on the day in the calendar year that is selected by the District. If no day is selected by the District before the earlier of the final maturity of the Bond or the date that is five years after the date of issue, each Bond Year ends at the close of business on the day preceding the anniversary date of the issue date and on the final maturity date.

A.3. "Code" means the Internal Revenue Code of 1986, as amended to the date of the Tax Certificate to which this exhibit is attached.

A.4. "Commingled Fund" means any fund or account containing both Gross Proceeds of an issue and amounts in excess of $25,000 that are not Gross Proceeds of that issue if the amounts in the fund or account are invested and accounted for collectively, without regard to the source of funds deposited in the fund or account.

A.5. "Computation Date" means each date on which the Rebate Amount for an issue is computed.

A.6. "Computation Date Credit" means with respect to an issue a credit of $1,760 (as may be adjusted from time to time by the Treasury Department) against the rebatable arbitrage on (i) the last day of each Bond Year during which there are amounts allocated to Gross Proceeds of an issue subject to the Rebate Requirement; and (ii) the final maturity date for an issue.

A.7. "Computation Date Period" means the period between Computation Dates. The first Computation Period begins on the date hereof and ends on the first Computation Date. Each succeeding Computation Period begins on the date immediately following the Computation Date and ends on the next Computation Date.

A.8. "Construction Expenditures" means capital expenditures (i.e., costs of a type that are properly chargeable to a capital account, or that would be so chargeable with a proper election under general federal income tax principles or with the application of the definition of Placed in Service) that, on or before the date the property financed by the expenditures is placed in service, are allocable to the cost of (i) Constructed Personal Property or (ii) Real Property (other than expenditures for the acquisition of any interest in land and the acquisition of any interest in existing Real Property other than land, except that expenditures are not for the acquisition of an interest in existing Real Property other than land if the purchase contract requires the seller to build or install the property (such as under a "turnkey contract") and the property has not been built or installed at the time the parties enter into the contract, provided that, if the property has been partially built or installed at the time the parties enter into the contract, expenditures that are allocable to the portion of the property built or installed before that time are expenditures for the acquisition of existing Real Property).

A.9. "Constructed Personal Property" means Tangible Personal Property (or, if acquired pursuant to a single acquisition contract, properties) or Specially Developed Computer Software if a substantial portion of the property or properties is completed more than 6 months after the earlier of the date construction or rehabilitation commenced and the date the District entered into an acquisition contract; based on the reasonable expectations of the District, if any, or representations of the person constructing the property, with the exercise of due diligence, completion of construction or rehabilitation (and delivery to the District) could not have occurred within that 6-month period; and if the District itself builds or rehabilitates the property, not more than 75% of the capitalizable cost if attributable to property acquired by the District (such as components, raw materials, and other supplies).

A.10. "Governmental Unit" means a state or political subdivision thereof. Such term does not include the United States or any agency or instrumentality thereof.

A.11. "Gross Proceeds" means the Proceeds of the Bond and any Replacement Proceeds for the Bond.

A.12. "Investment Proceeds" means any amounts actually or constructively received from investing Proceeds of the Bond.

A.13. "Investment Property" means any security or obligation within the meaning of Section 148(b)(2) of the Code, any annuity contract, any interest in any residential rental property for family units which is not located within the jurisdiction of the District, any "specified private activity bond" within the meaning of Section 57(a)(5)(c) of the Code, and any other "Investment-Type Property."

A.14. "Investment-Type Property" means any property that is held principally as a passive vehicle for the production of income. A prepayment for property or services is Investment-Type Property if a principal purpose for prepaying is to receive an investment return from the time the prepayment is made until the time payment would otherwise be made. A prepayment is not Investment-Type Property if prepayments on substantially the same terms are made by a substantial percentage of persons who are similarly situated to the District but who are not beneficiaries of tax-exempt financing.

A.15. "Multipurpose Issue" means an issue that is used for two or more separate governmental purposes.

A.16. "Net Sale Proceeds" means Sale Proceeds, less the portion of those Sale Proceeds invested in a reasonably required reserve or replacement fund.

A.17. "Nongovernmental Output Property" means any property (or interest therein) which prior to the date such property was acquired by the District was used (or held for use) by a person other than a governmental unit, in connection with an Output Facility (other than a facility for the furnishing of water), as provided in Section 141(d) of the Code.

A.18. "Nonpurpose Investment" means any Investment Property that is not a Purpose Investment.

A.19. "Output Facility" means electric and gas generation, transmission, distribution, and related facilities, and water collection, storage and distribution facilities according to Section 141(b)(4) of the Code.

A.20. "Payment" means amounts actually or constructively paid to acquire a Nonpurpose Investment (or treated as paid to a Commingled Fund):

a. in the case of a Nonpurpose Investment that is first allocated to an issue on a date after it is actually acquired (e.g., an investment that becomes allocable to Transferred Proceeds or to Replacement Proceeds) or that becomes subject to the Rebate Requirement on a date after it is actually acquired (e.g., an investment allocated to a reasonably required reserve or replacement fund for a construction issue at the end of the two-year spending period), the Value of that investment on that date;

b. in the case of a Nonpurpose Investment that was allocated to an issue at the end of the preceding Computation Period, the Value of that Nonpurpose Investment at the beginning of the Computation Period; and

c. the Computation Date Credit.

A.21. "Pre-issuance Accrued Interest" means amounts representing interest that has accrued on an obligation for a period of not greater than one year before its issue date but only if those amounts are paid within one year after the date hereof.

A.22. "Present Value" in general means with respect to an investment on any date an amount equal to the present value of all unconditionally payable Receipts to be received from and Payments to be paid for the investment after that date, using the Yield on the investment as the discount rate. Present value of an investment is computed under the economic accrual method, using the same compounding interval and financial conventions used to compute the Yield of the Bond.

A.23. "Proceeds" of the Bond means any Sale Proceeds, Investment Proceeds and Transferred Proceeds of an issue.

A.24. "Purpose Investment" means an investment that is acquired to carry out the governmental purpose of an issue.

A.25. "Qualified Administrative Costs" means reasonable, direct administrative costs, other than carrying costs, such as separately stated brokerage and selling commissions that are comparable to those charged nongovernmental entities in transactions not involving tax-exempt bond proceeds, but not legal and accounting fees, recordkeeping, custody or similar costs. For a guaranteed investment contract, a broker's commission paid on behalf of either a District or the provider is not a Qualified Administrative Cost to the extent that the commission exceeds the lesser of (i) $41,000 (as may be adjusted from time to time by the Treasury Department) and (ii) 0.2% of the amount of Gross Proceeds the District reasonably expects, as of the date the contract is acquired, to be deposited in the guaranteed investment contract over the term of the contract, or if more $4,000.

A.26. "Real Property" means land and improvements thereto, such as buildings or other inherently permanent structures, including interests in real property. For example, Real Property includes wiring in a building, plumbing systems, central heating or air-conditioning systems, pipes or ducts, elevators, escalators installed in a building, paved parking areas, roads, wharves and docks, bridges, and sewage lines.

A.27. "Reasonable Retainage" means an amount, not to exceed 5% of Available Construction Proceeds as of the end of the fourth spending period that is retained for reasonable business purposes relating to the property financed with the proceeds of the Bond, such as to ensure or promote compliance with the terms of a construction contract. Retainage is reasonable if the retained amount is not yet payable, or, at the end of the 2-year period following the issue date, the District determines that an actual dispute exists regarding either completion of construction or payment.

A.28. "Rebate Amount" means with respect to the Bond, the amount computed as described in Exhibit B to the Tax Certificate.

A.29. "Rebate Fund" means the separate fund established by the District as described in Section 8 of the Tax Certificate.

A.30. "Rebate Requirement" shall have the meaning ascribed thereto in Exhibit B to the Tax Certificate.

A.31. "Receipt" means:

a. amounts actually or constructively received from a Nonpurpose Investment (including amounts treated as received from a Commingled Fund);

b. in the case of a Nonpurpose Investment that ceases to be allocated to an issue before its disposition or redemption date (e.g., an investment that becomes allocable to Transferred Proceeds of another issue or that ceases to be allocable to the issue pursuant to the Universal Cap) or that ceases to be subject to the Rebate Requirement on a date earlier than its disposition or redemption date (e.g., an investment allocated to a fund initially subject to the Rebate Requirement but that subsequently qualifies as a bona fide debt service fund), the Value of that Nonpurpose Investment on that date; and

c. in the case of a Nonpurpose Investment that is held at the end of a Computation Period, the Value of that Nonpurpose Investment at the end of that Computation Period.

A.32. "Regulations" means the Treasury Regulations promulgated under Sections 103 and 141 through 150 of the Code, and to the extent applicable, any subsequent amendments to such regulations or any successor regulations.

A.33. "Replacement Proceeds" means amounts that have a sufficiently direct nexus to an issue to conclude that the amounts would have been used for that governmental purpose if the Proceeds of the issue were not used or to be used for that governmental purpose. For this purpose, "governmental purposes" include the expected use of amounts for the payment of debt service on a particular date. The mere availability or preliminary earmarking of amounts for a governmental purpose, however, does not in itself establish a sufficient nexus to cause those amounts to be Replacement Proceeds. Replacement Proceeds include, but are not limited to, amounts held in a sinking fund or a pledged fund. For these purposes, an amount is pledged to pay principal of or interest on an issue if there is reasonable assurance that the amount will be available for such purposes in the event that the District encounters financial difficulties.

A.34. "Reserve or Replacement Fund" includes any reasonably required reserve or replacement fund (as described in Section 148(d) of the Code), any fund reasonably expected to be used to pay the principal of or interest on the Bond (including any sinking fund (as defined in Regulation Section 1.148-1I(2)) for the Bond and any bona fide debt service fund (as defined in Regulation Section 1.148-1(b)), any fund pledged directly or indirectly to the payment of the Bond in such a manner that the owners of the Bond have a reasonable assurance that the fund will be available to directly or indirectly pay debt service on the Bond if the District encounters financial difficulties, and any other amounts treated as being in a reserve or replacement fund by the Regulations.

A.35. "Sale Proceeds" means any amounts actually or constructively received by the District from the sale of the Bond, including amounts used to pay underwriter's discount or compensation and interest other than Pre-issuance Accrued Interest.

A.36. "Specially Developed Computer Software" means any program or routine used to cause a computer to perform a desired task or set of tasks, together with the documentation required to describe and maintain such program, provided that the software is specially developed and is functionally related and subordinate to Real Property or other Constructed Personal Property.

A.37. "Tangible Personal Property" means any tangible property except Real Property and includes interests in tangible personal property (e.g., machinery that is not a structural component of a building and furnishings).

A.38. "Tax Certificate" means the Federal Tax Exemption Certificate to which this Exhibit is attached delivered by the District in connection with the issuance of the Bond.

A.39. "Tax-Exempt Obligation" means any obligation the interest on which is excluded from gross income under Section 103(a) of the Code and which is not a specified private activity bond as defined in Section 57(a)(5)(C) of the Code. Such term includes an interest in a regulated investment company to the extent that at least 95 percent of the income to the holder of the interest is interest that is excludable from gross income under Section 103(a) of the Code.

A.40. "Transferred Proceeds" has the meaning assigned to such term in Regulation Section 1.148-1(b).

A.41. "Universal Cap" means the Value of all then outstanding bonds of the issue.

A.42. "Value (of a Bond)" means with respect to a bond issued with not more than two percent original issue discount or original issue premium, the outstanding principal amount, plus accrued unpaid interest; for any other bond, its Present Value.

A.43. "Value (of an Investment)" means any of the following:

a. with respect to an investment with not more than two percent original issue discount or original issue premium, the outstanding stated principal amount, plus accrued unpaid interest;

b. with respect to a fixed rate investment, its Present Value;

c. except as provided in (d), with respect to any investment, its fair market value; or

d. with respect to any yield-restricted investment, its Present Value.

A.44. "Yield of the Bond" means the discount rate that, when used in computing the Present Value as of the issue date of the Bond of all unconditionally payable

payments of principal, interest, and fees for qualified guarantees reasonably expected to be paid on the issue produces an amount equal to the Present Value, using the same discount rate, of the aggregate issue price on the Bond of the issue as of the issue date. Mandatory and expected contingent redemptions are taken into account, based on reasonable expectations as of the issue date. If bonds subject to mandatory redemption have a stated redemption price at maturity in excess of one-fourth of one percent multiplied by the product of the stated redemption price at maturity and the number of years to their weighted average maturity date (determined by taking into account the mandatory redemption schedule), then, in computing Yield of the Bond, such bonds are treated as redeemed at their Present Value; otherwise such bonds are treated as redeemed at their outstanding stated principal amount plus accrued unpaid interest. Optional redemptions are not taken into account in determining the Yield of the Bond unless they satisfy one of the three following conditions:

a. The Bond is subject to optional redemption within 5 years of the issue date and the Yield on the issue computed by assuming the Bond so subject to redemption is redeemed at maturity is more than one-eighth of one percent higher than the Yield on that issue computed by assuming such Bond is redeemed at the earliest date for their redemption;

b. The Bond is issued at an issue price that exceeds the stated redemption price at maturity by more than one-fourth of one percent multiplied by the product of the stated redemption price at maturity and the number of complete years to the first optional redemption date (e.g., an original issue premium in excess of 2.5% in the case of a 10-year no call bond); o

c. The Bond subject to optional redemption bears interest at increasing interest rates (i.e., a stepped coupon bond).

A.45. "Yield of an Investment" means the discount rate that, when used in computing the Present Value of all unconditionally payable Receipts from the investment, produces an amount equal to the Present Value of all unconditionally payable Payments for the investment. Unless otherwise decided by the District, the Yield on any investments and the Yield of the Bond shall be calculated using a 360-day year and a semi-annual compounding interval.

EXHIBIT B

REBATE

B.1. Generally. In order to implement the provisions of Section 148(f) of the Code, the District will establish a separate fund called the Rebate Fund into which will be deposited any amount required to be rebated to the federal government pursuant to Section 148(f) of the Code. Section 148(f) of the Code requires that certain earnings on Nonpurpose Investments allocable to the Gross Proceeds of the Bond be paid to the federal government to prevent the Bond from being an arbitrage bond. The arbitrage that must be rebated is based on the difference between the amount actually earned on Nonpurpose Investments and the amount that would have been earned if those investments had a Yield equal to the Yield of the Bond. As of any date, the Rebate Amount for the Bond is the excess of the future value, as of that date, of all Receipts on Nonpurpose Investments over the future value, as of that date, of all Payments on Nonpurpose Investments (taking into account that the Computation Date Credit is a Payment on Nonpurpose Investments). The future value of a Payment or Receipt at the end of any period is determined using the economic accrual method and equals the value of that Nonpurpose Payment or Receipt when it is paid or received (or treated as paid or received), plus interest assumed to be earned and compounded over the period at a rate equal to the Yield of the Bond, using the same compounding interval and financial conventions used to compute the Yield of the Bond. In order to meet the Rebate Requirements of the Code, unless Subsection B.10, B.11 or B.12 applies or unless during each Bond Year all Gross Proceeds are invested at a Yield that is less than the Yield of the Bond or are invested in Tax-Exempt Obligations, the District will comply with and take the action required by this Exhibit B.

B.2. Computation Dates. The District may treat any date as a Computation Date. After the first required rebate payment is made, the District must consistently treat either the end of each Bond Year or the end of each fifth Bond Year as Computation Dates and may not change these Computation Dates after the first rebate payment is made.

B.3. Final Computation Date. The date that the Bond is discharged is the Final Computation Date. For an issue retired within three years of the issue date, however, the Final Computation Date need not occur before the end of 8 months after the issue date or during the period in which the District reasonably expects that any of the spending exceptions to the Rebate Requirement will apply to the issue.

B.4. Amount of Required Rebate Installment Payments. For Computation Dates other than the Final Computation Date, the District must rebate an amount that when added to the future value, as of that Computation Date, of previous rebate payments made for the Bond, equals at least 90% of the rebate amount as of that date. In all events, the first rebate payment must be made for a Computation Date that is not later than five years after the issue date and subsequent payments must be made for a Computation Date that is not later than five years after the previous Computation Date for which a payment was made. For the Final Computation Date, a final rebate payment must be paid in an amount that, when added to the future value of previous rebate payments made for the Bond, equals 100% of the rebate amount as of that date.

B.5. Bona Fide Debt Service Fund Exception. As the Bond is not a private activity bond and has an average maturity of greater than five years and a fixed rate of interest, amounts earned on moneys in the Bond Fund shall not be taken into account for purposes of complying with the Rebate Requirement.

B.6. Time and Manner of Rebate Payment. Each rebate payment must be paid no later than 60 days after the Computation Date to which the payment relates. Any rebate payment paid within this 60-day period may be treated as paid on the Computation Date to which it relates. Each payment made pursuant to the requirements of this Exhibit shall be filed with the Internal Revenue Service Center, Ogden, Utah 84201, and shall be accompanied by Form 8038-T.

B.7. Penalty in Lieu of Loss of Tax Exemption. The failure to pay the correct Rebate Amount when required will cause the Bond to be an arbitrage bond, unless the Commissioner determines that the failure was not caused by willful neglect and the District promptly pays a penalty to the United States. If no Bond of the issue is a private activity bond (other than a qualified 501I(3) bond), the penalty equals 50% of the Rebate Amount not paid when required to be paid, plus interest on that amount. Otherwise, the penalty equals 100% of the Rebate Amount not paid when required to be paid, plus interest on that amount. Interest accrues at the underpayment rate under Section 6621 of the Code, beginning on the date the correct Rebate Amount is due and ending on the date 10 days before it is paid. The penalty is automatically waived if the Rebate Amount that the District failed to pay plus interest is paid within 180 days after discovery of the failure, unless, the Commissioner determines that the failure was due to willful neglect, or the issue is under examination by the Commissioner at any time during the period beginning on the date the failure first occurred and ending on the date 90 days after the receipt of the Rebate Amount. Generally, extensions of this 180-day period and waivers of the penalty in other cases will be granted by the Commissioner only in unusual circumstances.

B.8. Recovery of Overpayment of Rebate. The District may recover an overpayment for an issue of Tax-Exempt Obligations by establishing to the satisfaction of the Commissioner that the overpayment occurred. An overpayment is the excess of the amount paid to the United States for an issue under Section 148 of the Code over the sum of the Rebate Amount for the issue as of the most recent Computation Date and all amounts that are otherwise required to be paid under Section 148 of the Code as of the date the recovery is requested. Notwithstanding the preceding sentence, an overpayment may be recovered only to the extent that a recovery on the date that it is first requested would not result in an additional Rebate Amount if that date were treated as a Computation Date. Furthermore, except for overpayments in certain limited circumstances, an overpayment of less than $5,000 may not be recovered before the Final Computation Date.

B.9. Recordkeeping Requirement. The District must retain records of the determination of its Rebate Requirement until six years after the retirement of the last obligation of the issue.

B.10. Six Month Exception to Rebate. Notwithstanding anything in this Exhibit B to the contrary, if all of the Gross Proceeds of the Bond (other than amounts on deposit in a bona fide debt service fund) have been expended for the purpose of the issue by no later than the day which is six months after the date of issue of the Bond, then the Rebate Amount shall be zero until such time as amounts are received, which amounts are held in a sinking fund or any other fund pledged to or expected to be used to pay debt service or such time as any other amounts are pledged as security for the Bond, and not expended on the payment of principal or interest on the Bond within 13 months of the date of their receipt. The six-month exception provided by the previous sentence shall apply in the event that Gross Proceeds of the Bond (other than amounts on deposit in a bona fide debt service fund) in an amount equal to the lesser of 5% of the proceeds of the Bond or $100,000 have not been expended by the date which is six months after the date the Bond is issued if all of such Gross Proceeds are expended within one year of the date the Bond is issued. The six-month exception provided by this paragraph is inapplicable if any reserve fund, sinking fund or pledged fund other than a debt service fund is maintained for the Bond, whether or not funded from proceeds of the Bond, except that if a reasonably required reserve or replacement fund (as described in Section 148(d) of the Code) has been established for the Bond and all of the Gross Proceeds of the Bond other than amounts in that reasonably required reserve and replacement fund and amounts deposited in a bona fide debt service fund for the Bond qualify for the six-month exception described in this Section B.10, then the Rebate Amount need only be calculated with respect to all amounts not required to be spent within six months, after such six-month period.

B.11. Two-Year Construction Exception. Notwithstanding anything in this Exhibit B to the contrary, if 75% of the Available Construction Proceeds of an issue of governmental bonds, 501I(3) bonds or private activity bonds used to finance property to be owned by a governmental unit or a 501I(3) organization are to be used for Construction Expenditures, and all of the Available Construction Proceeds of such issue are reasonably expected, as of the issue date, to be spent (or, at the election of the District on or before the issue date, are actually spent) for the governmental purposes of the Bond within 24 months from the date hereof according to the schedule set forth below, then the Available Construction Proceeds and the Gross Proceeds of the Bond used to pay costs of issuance of the Bond will not be subject to the Rebate Requirement. The applicable schedule of expenditures is as follows:

(i) 10% within 6 months of the date hereof (the "first spending period"),

(ii) 45% within 1 year of the date hereof (the "second spending period"),

(iii) 75% within 18 months of the date hereof (the "third spending period"), and

(iv) 100% within 2 years of the date hereof (the "fourth spending period").

If 95% of the Available Construction Proceeds are spent within 24 months and the extra 5% is needed as a Reasonable Retainage and such amount is spent within three years of the date hereof, the above schedule will be treated as met. For the first three spending periods described above, Available Construction Proceeds include the amount of future earnings that the District reasonably expected as of the issue date. For the fourth spending period described above, Available Construction Proceeds include the actual earnings received. Earnings that

accrue after the end of the 2-year spending period are not part of the Available Construction Proceeds for purposes of this 5% limitation, but are part of Available Construction Proceeds for all other purposes of this subsection. The governmental purposes of the Bond include payments of interest on but not payments of principal of the Bond and payments of principal of and interest on other obligations of the District, which interest either (i) accrues on such other obligations during a one-year period including the issue date, (ii) is a capital expenditure as defined in Regulation 1.150-1(b), or (iii) is a working capital expenditure as defined in Regulation Section 1.150-1(b).

If the requirements of this two-year exception are not met, the Rebate Requirement is to be calculated as otherwise described in this Exhibit B as of the date of issuance. In the event the Bond satisfy all requirements necessary to qualify for the exemption from the Rebate Requirement described in this subsection, the District may nevertheless subsequently elect to disregard the available exemption from the Rebate Requirement with respect to the Bond.

There are several elections which may be made as of the date of issuance with respect to these rules. Such elections are set forth in Section 16 of the Tax Certificate.

B.12. 18-Month Rebate Exception. Notwithstanding anything in this Exhibit B to the contrary, if (i) the Gross Proceeds of the Bond are allocated to expenditures for a governmental purpose of the Bond within 18 months of the date hereof in accordance with the schedule set forth below, (ii) the Rebate Requirement is met for all amounts not required to be spent in accordance with the 18-month expenditure schedule (as set forth in Regulation Section 1.148-7I(3)) (other than earnings on a bona fide debt service fund) and (iii) all of the Gross Proceeds of the Bond (as defined in Regulation Section 1.148-7(d)(3)(i)) qualify for the initial temporary period under Regulation 1.148-2I(2), then the Gross Proceeds of the Bond will not be subject to the Rebate Requirement. The applicable schedule of expenditures is as follows:

(i) 15% within 6 months of the date hereof (the "first spending period"),

(ii) 60% within 12 months of the date hereof (the "second spending period"), and

(iii) 100% within 18 months of the date hereof (the "third spending period").

The Bond will not fail to satisfy the spending requirement for the third spending period as a result of a Reasonable Retainage if the Reasonable Retainage is allocated to expenditures within 30 months of the date hereof. For purposes of this rebate exception, Reasonable Retainage refers to the end of the 18-month period, rather than the 24-month period. For purposes of determining compliance with the first two spending periods set forth above, the amount of investment proceeds included in Gross Proceeds of the Bond is determined based on the District's reasonable expectations on the date hereof.

The 18-month rebate exception may not be available for any portion of the Bond that is treated as meeting the 2-year construction rebate exception described in subsection B.11 above.

EXHIBIT C

ALLOCATION AND ACCOUNTING RULES

C.1. General Rule. The District may use any reasonable, consistently applied accounting method to account for Gross Proceeds, investments and expenditures of the issue. An accounting method is "consistently applied" if it is applied uniformly within a Fiscal Period (as defined below) and between Fiscal Periods to account for Gross Proceeds of an issue and any amounts that are in a Commingled Fund.

C.2. Allocations of Gross Proceeds to an Issue. Amounts are allocable to only one issue at a time as Gross Proceeds. Amounts cease to be allocated to the issue as Proceeds only when those amounts (i) are allocated to an expenditure for a governmental purpose; (ii) are allocated to Transferred Proceeds of another issue of obligations; or (iii) cease to be allocated to that issue at retirement of the issue or under the Universal Cap.

C.3. Allocation of Gross Proceeds to Investments. Upon the purchase or sale of a Nonpurpose Investment, Gross Proceeds of the issue are not allocated to a payment for that Nonpurpose Investment in an amount greater than, or to a receipt from that Nonpurpose Investment in an amount less than, the fair market value of the Nonpurpose Investment as of the purchase or sale date. The fair market value of a Nonpurpose Investment is adjusted to take into account Qualified Administrative Costs allocable to the investment. Thus, Qualified Administrative Costs increase the payments for, or decrease the receipts from, a Nonpurpose Investment.

C.4. Allocation of Gross Proceeds to Expenditures. Reasonable accounting methods for allocating funds from different sources to expenditures for the same governmental purpose include a "specific tracing" method, a "gross-proceeds-spent-first" method, a "first-in-first-out" method or a ratable allocation method, so long as the method used is consistently applied. An allocation of Gross Proceeds of an issue to an expenditure must involve a current outlay of cash for a governmental purpose of the issue. A current outlay of cash means an outlay reasonably expected to occur not later than five banking days after the date as of which the allocation of Gross Proceeds to the expenditure is made.

C.5. Commingled Funds. All Payments and Receipts (including deemed Payments and Receipts) on investments held by a Commingled Fund must be allocated (but not necessarily distributed) among each different source of funds invested in the Commingled Fund in accordance with a consistently applied, reasonable ratable allocation method. Reasonable ratable allocation methods include, without limitation, methods that allocate Payments and Receipts in proportion to either (i) the average daily balances of the amounts in the Commingled Fund from each different source of funds during any consistent time period within its fiscal year, but at least quarterly (the "Fiscal Period"); or (ii) the average of the beginning and ending balances of the amounts in the Commingled Fund from each different source of funds for a Fiscal Period that does not exceed one month.

Funds invested in the Commingled Fund may be allocated directly to expenditures for governmental purposes pursuant to a reasonable consistently applied accounting method. If a ratable allocation method is used to allocate expenditures from the Commingled Fund, the same ratable allocation method must be used to allocate Payments and Receipts on investments in the Commingled Fund.

Generally a Commingled Fund must treat all its investments as if sold at fair market value either on the last day of the fiscal year or on the last day of each Fiscal Period. The net gains or losses from these deemed sales of investments must be allocated to each different source of funds invested in the Commingled Fund during the period since the last allocation. This mark-to-market requirement does not apply if (i) the remaining weighted average maturity of all investments held by a Commingled Fund during a particular fiscal year does not exceed 18 months, and the investments held by the Commingled Fund during that fiscal year consist exclusively of obligations; or (ii) the Commingled Fund operated exclusively as a reserve fund, sinking fund or replacement fund for two or more issues of the same District. Subject to the Universal Cap limitation, and the principle that amounts are allocable to only one issue at a time as Gross Proceeds, investments held by a Commingled Fund that serves as a common reserve fund, replacement fund or sinking fund must be allocated ratably among the issues served by the Commingled Fund in proportion to either (i) the relative values of the bonds of those issues; (ii) the relative amounts of the remaining maximum annual debt service requirements on the outstanding principal amounts of those issues; or (iii) the relative original stated principal amounts of the outstanding issues.

C.6. Universal Cap. Amounts that would otherwise be Gross Proceeds allocable to an issue are allocated (and remain allocated) to the issue only to the extent that the Value of the Nonpurpose Investments allocable to those Gross Proceeds does not exceed the Value of all outstanding bonds of the issue. Nonpurpose Investments allocated to Gross Proceeds in a bona fide debt service fund for an issue are not taken into account in determining the Value of the Nonpurpose Investments, and those Nonpurpose Investments remain allocated to the issue. To the extent that the Value of the Nonpurpose Investments allocable to the Gross Proceeds of the issue exceed the value of all outstanding bonds of that issue, a District should seek the advice of counsel experienced in the field of municipal bonds for the procedures necessary to comply with the Universal Cap.

C.7. Expenditure for Working Capital Purposes. Subject to certain exceptions, the Proceeds of an issue may only be allocated to "working capital expenditures" as of any date to the extent that those expenditures exceed "available amounts" as of that date (i.e., "proceeds-spent-last").

For purposes of this Section, "working capital expenditures" include all expenditures other than "capital expenditures." "Capital expenditures" are costs of a type properly chargeable (or chargeable upon proper election) to a capital account under general federal income tax principles. Such costs include, for example, costs incurred to acquire, construct, or improve land, buildings and equipment having a reasonably expected useful life in excess of one year. Thus, working capital expenditures include, among other things, expenditures for current operating expenses and debt service.

For purposes of this Exhibit B, "available amount" means any amount that is available to a District for working capital expenditure purposes of the type financed by the issue. Available amount excludes Proceeds of the issuance but includes cash, investments and other amounts held in accounts or otherwise by a District for working capital expenditures of the type being financed by the issue without legislative or judicial action and without a legislative, judicial, or contractual requirement that those amounts be reimbursed. Notwithstanding the preceding sentence, a "reasonable working capital reserve" is treated as unavailable. A working capital reserve is reasonable if it does not exceed five percent of the actual working capital expenditures of a District in the fiscal year before the year in which the determination of available amounts is made. For purposes of the preceding sentence only, in determining the working capital expenditures of a District for a prior fiscal year, any expenditures (whether capital or working capital expenditures) that are paid out of current revenues may be treated as working capital expenditures.

The proceeds-spent-last requirement does not apply to expenditures to pay (i) any Qualified Administrative Costs; (ii) fees for qualified guarantees of the issue or payments for a qualified hedge for the issue; (iii) interest on the issue for a period commencing on the issue date and ending on the date that is the later of three years from the issue date or one year after the date on which the financed project is placed in service; (iv) to the United States for Yield reduction payments (including rebate payments) or penalties for the failure to meet the spend down requirements associated with certain spending exceptions to the Rebate Requirement; (v) costs, other than those described in (i) through (iv) above, that do not exceed five percent of the Sale Proceeds of an issue and that are directly related to capital expenditures financed by the issue (e.g., initial operating expenses for a new capital project); (vi) principal or interest on an issue paid from unexpected excess sale or investment proceeds; (vii) principal or interest on an issue paid from investment earnings on a Reserve or Replacement Fund that are deposited in a bona fide debt service fund; and (viii) principal, interest, or redemption premium on a prior issue and, for a crossover refunding issue, interest on that issue. Notwithstanding the preceding paragraph, the exceptions described above do not apply if the allocation merely substitutes Gross Proceeds for other amounts that would have been used to make those expenditures in a manner that gives rise to Replacement Proceeds.

C.8. Prohibited Investments and Dispositions. Upon the purchase or sale of a Nonpurpose Investment, Gross Proceeds of an issue are not allocated to a Payment for that Nonpurpose Investment in an amount greater than, or to a Receipt from that Nonpurpose Investment in an amount less than, the fair market value of the Nonpurpose Investment as of the purchase or sale date. The fair market value of a Nonpurpose Investment is adjusted to take into account Qualified Administrative Costs allocable to the investment. Thus, Qualified Administrative Costs increase the Payments for, or decrease the Receipt from, a Nonpurpose Investment.

C.9. Valuation of Investments – Fair Market Value. The fair market value of an investment is the price at which a willing buyer would purchase the investment from a willing seller in a bona fide arm's-length transaction. Fair market value generally is determined on the date on which a contract to purchase or sell the Nonpurpose Investment becomes binding (i.e.,

the trade date rather than the settlement date). An investment that is not of a type traded on an established securities market, within the meaning of Section 1273 of the Code, is rebuttably presumed to be acquired or disposed of for a price that is not equal to its fair market value. The fair market value of a United States Treasury obligation that is purchased directly from the United States Treasury is its purchase price.

C.10. Certificates of Deposit. A certificate of deposit that has a fixed interest rate, a fixed payment schedule, and a substantial penalty for early withdrawal shall be treated as purchased at its fair market value if the Yield on the certificate of deposit is not less than (i) the Yield on reasonably comparable direct obligations of the United States; and (ii) the highest Yield that is published or posted by the provider to be currently available from the provider on reasonably comparable certificates of deposit offered to the public.

C.11. Guaranteed Investment Contracts. The purchase price of a guaranteed investment contract is treated as its fair market value on the purchase date if (i) the District makes a bona fide solicitation for a specified guaranteed investment contract and receives at least three bona fide bids from providers that have no material financial interest in the issue (e.g., underwriters or brokers); (ii) the District purchases the highest-yielding guaranteed investment contract for which a qualifying bid is made (determined net of broker's fees); (iii) the Yield on the guaranteed investment contract (determined net of broker's fees) is not less than the Yield then available from the provider on reasonably comparable guaranteed investment contracts, if any, offered to other persons from a source of funds other than Gross Proceeds of Tax-Exempt Obligations; (iv) the determination of the terms of the guaranteed investment contract takes into account as a significant factor the District's reasonably expected drawdown schedule for the amounts to be invested, exclusive of amounts deposited in debt service funds and reasonably Required Reserve or Replacement Funds; (v) the terms of the guaranteed investment contract, including collateral security requirements, are reasonable; and (vi) the obligor on the guaranteed investment contract certifies the administrative costs that it is paying (or expects to pay) to third parties in connection with the guaranteed investment contract.

C.12. Recordkeeping Requirement. To evidence the fair market value of a guaranteed investment contract, the District must retain the following records with the bond documents until three years after the last outstanding Bond is redeemed:

(i) a copy of the investment contract;

(ii) the receipt or other record of the amount actually paid by the District for the guaranteed investment contract, including a record of any administrative costs paid by the District;

(iii) for each bid that is submitted, the name of the person and entity submitting the bid, the time and date of the bid, and the bid results; and

(iv) the bid solicitation form and, if the terms of the purchase agreement or guaranteed investment contract deviated from the bid solicitation form or a submitted bid is modified, a brief statement explaining the deviation and stating the purpose for the deviation.

EXHIBIT D

(ATTACH PROCEDURES FOR ONGOING COMPLIANCE WITH SECTIONS 141 AND 148 OF THE INTERNAL REVENUE CODE)

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA

Procedures for ongoing compliance with Sections 141 and 148 of the Internal Revenue Code

These procedures and the tax certificate and Form 8038-G filed for each issue of tax-exempt bonds will be reviewed by the District Fire Chief or another officer or employee of the Truckee Meadows Fire Protection District, Nevada (the "Issuer"), designated by the Authority Controller in writing (the "Compliance Officer") (i) on or prior to each five-year anniversary date of the issue date of the bonds; (ii) on or within 30 days of the date the bonds are retired, defeased or refunded; (iii) on or prior to the date of any rebate payment made if that date is not within 60 days of one of the dates mentioned in (i) or the date the bonds are retired, defeased or refunded; (iv) at the time of any change in use of any asset that was funded with a material amount of bond proceeds; and (v) at the time of the occurrence or non-occurrence of any other event that could affect the tax status of the bonds, notes or debentures as indicated in the tax certificate (e.g., the occurrence of an event which the tax certificate represents will not occur or is not expected to occur, or the non-occurrence of an event the tax certificate represents will or is expected to occur). In addition, the Compliance Officer will conduct annual compliance checks of the current status of the proceeds of each issue of tax-exempt bonds and the current use of the facilities financed by tax-exempt bonds, notes or debentures. These reviews will be made for the purposes of identifying any possible violation of federal tax requirements and to ensure the timely correction of those violations with remedial action described in the regulations of the United States Department of the Treasury or through the Tax-Exempt Bonds Voluntary Closing Agreement Program. If a possible violation is identified, the Compliance Officer will consult with bond counsel as to the appropriate steps to take.

In addition, to the extent the Issuer has any outstanding bonds, notes or debentures that are not rebate exempt, it is the Issuer's policy to retain rebate consultants to assist in monitoring the compliance of its bond issues with the rebate and yield restriction requirements of Section 148 of the Internal Revenue Code in appropriate circumstances (e.g., where investments are made during a temporary period at a yield in excess of the bond yield, and if any the investments above the bond yield extend beyond the temporary period). If any event of non-compliance is discovered by the Compliance Officer, by the rebate consultants, or otherwise, the Compliance Officer will consult with bond counsel as to the appropriate action to take to remedy the non-compliance, including payment of late payment interest and penalties on rebate and yield reduction payments and through use of the Tax-Exempt Bond Voluntary Closing Agreement Program.

As part of the training of any successor, the District Fire Chief and Compliance Officer will review the requirements of these procedures, the tax certificate and Form 8038-G for each issue of tax-exempt bonds with the successor as part of the successor's transition into office. Any successor District Fire Chief will be encouraged to adopt these procedures as such officer's own.

The Issuer will retain all records relating to tax-exempt bonds and compliance with the requirements of the Internal Revenue Code until at least three years after the last bond of an issue (or any later issue that refinances the issue) is paid and discharged.

PURCHASER'S CERTIFICATE AND RECEIPT

IT IS HEREBY CERTIFIED by the undersigned on behalf of Zions Bancorporation, N.A., as the purchaser (the "Purchaser") of the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues), Series 2020" (the "Bond") issued as a single bond in the principal amount of $2,100,000:

1. We acknowledge receipt of the Bond in the principal amount of $2,100,000, bearing interest and maturing as provided in resolution adopted and approved by the Board of Fire Commissioners of the Truckee Meadows Fire Protection District, Nevada (the "District"), on October 6, 2020 and the Certificate of the District dated October 6, 2020, such Bond being registered in the name of the Purchaser.

2. On the date of this Certificate, the Purchaser is purchasing the Bond for the amount of $2,100,000. The Purchaser is purchasing the Bond for itself not for the purpose of offering the Bond for sale to the public. The Purchaser has no present intention to sell, reoffer, or otherwise dispose of the Bond (or any portion of the Bond or any interest in the Bond). The Purchaser has not contracted with any person pursuant to a written agreement to have such person participate in any sale of the Bond and the Purchaser has not agreed with the District pursuant to a written agreement to sell the Bond to persons other than the Purchaser or a related party to the Purchaser.

3. The District and its counsel may rely on these certifications in paragraph 2 in concluding that the Bond meets certain requirements of the Internal Revenue Code of 1986 as amended, relating to tax-exempt bonds; however, nothing herein represents our interpretation of any law and we are not providing any interpretations of law or regulations in executing and delivering this Certificate.

4. The Purchaser represents that (i) it has a net worth of at least $500,000 or more, and (ii) it is purchasing the Bond for investment and not for resale.

DATED as of October 21, 2020.

PURCHASER'S LETTER

October 21, 2020

Truckee Meadows Fire Protection District, Nevada
3663 Barron Way
Reno, NV 89511

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA
GENERAL OBLIGATION (LIMITED TAX)
CAPITAL IMPROVEMENT BOND
(ADDITIONALLY SECURED BY PLEDGED REVENUES)
SERIES 2020

Ladies and Gentlemen:

This letter is to provide you with certain representations and agreements with respect to our purchase of all of the above-captioned bond issued as a single bond (the *"Bond"*), dated October 21, 2020. Zions Bancorporation, N.A. (the *"Purchaser,"* the *"undersigned," "us"* or *"we,"* as applicable) is purchasing the Bond issued by Truckee Meadows Fire Protection District, Nevada (the *"Issuer"*). We hereby represent and warrant to you and agree with you as follows:

1. We understand that the Bond has not been registered pursuant to the Securities Act of 1933, as amended (the *"1933 Act"*) or the securities laws of any state. We acknowledge that the Bond (i) is not being registered or otherwise qualified for sale under the "blue sky" laws and regulations of any state, (ii) will not be listed on any securities exchange, and (iii) will not carry a rating from any rating service.

2. We have not offered, offered to sell, offered for sale or sold any of the Bond by means of any form of general solicitation or general advertising, and we are not an underwriter of the Bond within the meaning of Section 2(11) of the 1933 Act.

3. We have sufficient knowledge and experience in financial and business matters, including purchase and ownership of municipal and other tax-exempt obligations, to be able to evaluate the risks and merits of the purchase of the Bond.

4. We have authority to purchase the Bond and to execute this letter and any other instruments and documents required to be executed by the purchaser in connection with the purchase of the Bond.

5. The undersigned is a duly appointed, qualified and acting representative of the Purchaser and is authorized to cause the Purchaser to make the certifications, representations and warranties contained herein by execution of this letter on behalf of the Purchaser.

6. The Purchaser is (a) a "qualified institutional buyer" as defined in Rule 144A promulgated under the 1933 Act or (b) is a commercial bank organized under the laws of the United States, or any state thereof, or any other country which is a member of the Organization for Economic Cooperation and Development, or a political subdivision of any such country, and, in any such case, having a combined capital and surplus of not less than $1,000,000,000 as of the date hereof, and is able to bear the economic risks of the purchase of the Bond.

7. The undersigned understands that no official statement, prospectus, offering circular, or other comprehensive offering statement is being provided with respect to the Bonds. The undersigned has made its own inquiry and analysis with respect to the Issuer, the Bond and the security therefor, and other material factors affecting the security for and payment of the Bond.

8. The undersigned acknowledges that it has either been supplied with or been given access to information, including financial statements and other financial information, regarding the Issuer as it has requested to which the Purchaser as a reasonable purchaser has attached significance in making a decision to purchase the Bond and has had the opportunity to ask questions and receive answers from knowledgeable individuals concerning the Issuer, the Bond and the security therefor, so that as a reasonable purchaser, it has been able to make its decision to purchase the Bond.

9. The Bond is being acquired by the Purchaser for its own account and not with a present view toward resale or distribution; *provided, however*, that the Purchaser reserves the right to sell, transfer or redistribute the Bond, but agrees that any such sale, transfer or distribution by the Purchaser shall be to a Person:

(a) that is an affiliate of the Purchaser; and

(b) that the Purchaser reasonably believes to be a qualified institutional buyer or a commercial bank organized under the laws of the United States, or any state thereof, or any other country which is a member of the Organization for Economic Cooperation and Development, or a political subdivision of any such country, and, in any case, having a combined capital and surplus of not less than $1,000,000,000 as of the date of such sale, transfer or distribution who executes a purchaser letter substantially in the form of this letter.

Very truly yours,

ZIONS BANCORPORATION, N.A.

TRANSFER OF THIS BOND OTHER THAN BY REGISTRATION IS NOT EFFECTIVE

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA
GENERAL OBLIGATION (LIMITED TAX)
CAPITAL IMPROVEMENT BOND
(ADDITIONALLY SECURED BY PLEDGED REVENUES)
SERIES 2020

No. R-1

Interest Rate	Final Maturity Date	Dated as of	Principal Amount
1.530% per annum	June 1, 2035	October 21, 2020	$2,100,000

PRINCIPAL AMOUNT: TWO MILLION ONE HUNDRED THOUSAND DOLLARS

The Truckee Meadows Fire Protection District, Nevada (the "District" and the "State," respectively), for value received, hereby acknowledges itself to be indebted and promises to pay to the registered owner specified on the registration panel appended hereto, or registered assigns, the principal amount specified above, in installments of principal in the amounts and on the dates as provided in the resolution authorizing the issuance of this Bond adopted by the Board of Fire Commissioners of the District on October 6, 2020 (the "Resolution") and set forth in Exhibit A attached hereto. Each principal installment shall bear interest from the dated date stated above until payment of such installment of principal shall have been discharged as provided in the Resolution, at the interest rate stated above, being payable semiannually on June 1 and December 1 of each year, commencing on June 1, 2021 in the amounts and on the dates set forth in Exhibit A attached hereto. Interest on the Bond shall be calculated on the basis of a 360-day year consisting of twelve 30-day months.

The final payment of principal of and interest on this Bond is payable upon presentation and surrender hereof at the office of the District's paying agent for the Bond (the "Paying Agent"), presently the District's Chief Fiscal Officer, who is also now acting as the District's Registrar for the Bond (the "Registrar") or such other office as designated by the Paying Agent. Installments of principal and interest on this Bond prior to the final payment will be made by check mailed by the Paying Agent on each payment date (or, if such date is not a business day, on the next succeeding business day) to the person in whose name this Bond is registered (the "registered owner") in the registration records of the District maintained by the Registrar, at the address appearing thereon as of the close of business on the day next preceding such payment date. Alternative means of payment of interest may be used if mutually agreed to by the registered owner and the Paying Agent, as provided in the Resolution. All such payments shall be made in lawful money of the United States of America without deduction for any service charges of the Paying Agent or the Registrar.

The installments of principal of this Bond, or portions thereof are subject to prepayment prior to maturity, at the option of the District as set forth in the Resolution and the Certificate of the District.

SPECIMEN

This Bond must be registered in the name of the owner as to both principal and interest on the registration records kept by the Registrar in conformity with the provisions stated herein and endorsed hereon and subject to the terms and conditions set forth in the Resolution. No transfer of this Bond shall be valid unless made on the registration records maintained at the principal office of the Registrar by the registered owner or his or her attorney duly authorized in writing, but only in the manner, subject to the limitations and conditions provided in the Resolution and subject to the delivery to the District of a purchaser letter in the form attached as Exhibit B to this Bond executed by a duly authorized officer of such transferee; provided that each such transferee shall constitute (1) a "qualified institutional buyer" as defined in Rule 144A promulgated under the Securities Act of 1933, as amended, and (2) a commercial bank organized under the laws of the United States, or any state thereof, or any other country which is a member of the Organization for Economic Cooperation and Development or a political subdivision of any such country, and, in any such case, having a combined capital and surplus of not less than $1,000,000,000 as of the date hereof. Notwithstanding the foregoing, this Bond may be transferred without limitation to an affiliate of the registered owner, each of the beneficial owners of which are "qualified institutional buyers" as defined in Rule 144A promulgated under the Securities Act of 1933, as amended. Upon such transfer a new fully registered Bond of the same maturity for the same principal amount will be issued to the transferee in exchange therefor.

The District and the Registrar and Paying Agent may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for the purpose of payment and for all other purposes, except to the extent otherwise provided hereinabove and in the Resolution.

This Bond is issued by the District upon the credit thereof for the purpose of defraying wholly or in part the cost to finance the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor as set forth in the Resolution, under the authority of and in full conformity with the Constitution and laws of the State and pursuant to the Resolution.

Reference is made to the Resolution, NRS 474.460 through 474.540, inclusive, and pursuant to chapter 350 of NRS and all laws amendatory thereof (the "Project Act"), NRS 360.600 to 360.740, inclusive, as amended from time to time as implemented by the District (the "Consolidated Tax Act"); an act cited as NRS 350.500 through 350.720, and all laws amendatory there, designated in NRS 350.500 as the Local Government Securities Law (the "Bond Act"); and to all laws supplemental thereto, for an additional description of the nature and extent of the security for the Bond, the General Taxes, accounts, funds and revenues pledged, the nature and extent and manner of enforcement of the pledge, the rights and remedies of the owners of the Bond with respect thereto, the terms and conditions upon which the Bond is issued, and a statement of rights and remedies of owners of the Bond.

This Bond is issued pursuant to the Project Act, the Consolidated Tax Act, and the Bond Act, and pursuant to NRS 350.628, this recital is conclusive evidence of the validity of the Bond and the regularity of its issuance; and pursuant to NRS 350.710, the Bond, its transfer, and the income therefrom shall forever be and remain free and exempt from taxation by the State or any subdivision thereof except for the tax on estates imposed pursuant to chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to chapter 375B of NRS.

SPECIMEN

The District has designated the Bond as a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3)(B) of the Internal Revenue Code of 1986, as amended.

It is hereby certified, recited and warranted that the total indebtedness of the District, including that of this Bond, does not exceed any limit of indebtedness prescribed by the Constitution or laws of the State; that provision has been made for the levy and collection of annual general (ad valorem) taxes ("General Taxes") sufficient to pay the Bond Requirements of this Bond when the same becomes due (except to the extent other moneys are available therefor), subject to the limitations imposed by the Constitution and statutes of the State; and that the full faith and credit of the District are hereby irrevocably pledged to the punctual payment of the Bond Requirements according to the terms of this Bond.

The payment of the Bond, as to all Bond Requirements, is additionally secured by an irrevocable pledge of revenues derived by the District from the Pledged Revenues (as defined in the Resolution).

Payment of the Bond Requirements due in connection with the Bond may be made from and as security for such payment there is irrevocably and exclusively pledged, pursuant to the Resolution, special accounts thereby created and identified as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond, Series 2020, Principal Account," and "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond, Series 2020, Interest Account," (collectively, the "Bond Fund") into which accounts the District covenants to pay from the revenues derived from the Pledged Revenues sums sufficient to pay when due the Bond Requirements of the Bond, except to the extent other moneys are available therefor.

The Bond is equitably and ratably secured by a lien on the Pledged Revenues, and the Bond constitutes an irrevocable lien (but not necessarily an exclusive lien) upon the Pledged Revenues on a parity with the lien of any outstanding parity bonds hereafter issued, subject to and after any superior liens upon such Pledged Revenues of any Superior Securities. Bonds and other securities, in addition to the Bond, subject to expressed conditions, may be issued and made payable from the Pledged Revenues having a lien thereon subordinate and junior to the lien or, subject to additional expressed conditions, having a lien thereon superior to or on a parity with the lien of the Bond, in accordance with the provisions of the Resolution.

The District covenants and agrees with the owner of this Bond and with each and every person who may become the owner hereof that it will keep and will perform all of the covenants of the Resolution.

It is further certified, recited and warranted that all the requirements of law have been fully complied with by the proper officers of the District in the issuance of this Bond; that it is issued pursuant to and in strict conformity with the Constitution and laws of the State, particularly under the terms and provisions of the Project Act, the Consolidated Tax Act, the Bond Act, and all laws supplemental thereto, and with the Resolution, and that this Bond does not contravene any constitutional or statutory limitation.

SPECIMEN

No recourse shall be had for the payment of the Bond Requirements of this Bond or for any claim based thereon or otherwise in respect to the Resolution or other instrument pertaining thereto against any individual member of the Board, or any officer or other agent of the District, past, present, or future, either directly or indirectly through the Board or otherwise, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any penalty or otherwise, all such liability, if any, being by the acceptance of this Bond and as a part of the consideration of its issuance specially waived and released.

This Bond shall not be valid or obligatory for any purpose until the Registrar shall have manually signed the registration panel attached hereto.

IN WITNESS WHEREOF, the Board of Fire Commissioners of the Truckee Meadows Fire Protection District, Nevada, has caused this Bond to be executed in its name and on its behalf with the manual, electronic or facsimile signature of the Chair of the Board, countersigned by the manual, electronic or facsimile signature of the District Treasurer, attested by the manual, electronic or facsimile signature of the District Secretary with the manual, electronic or facsimile seal of the District affixed hereto, all as of the date of the delivery hereof.

FORM OF PROVISION FOR REGISTRATION AS TO PRINCIPAL AND INTEREST

This Bond must be registered as to both principal and interest on the registration records of the District, kept by the District's Chief Fiscal Officer, as Registrar. After registration as to principal and interest, the Registrar shall note such registration on such registration records and in the registration blank below, and the principal and interest on this Bond shall be paid to such registered owner. This Bond may be transferred by the registered owner or such owner's legal representative only upon a duly executed assignment in form satisfactory to the Registrar, such transfer to be made on said registration records and endorsed hereon.

Every privilege, registration and transfer shall be exercised only in accordance with the resolution authorizing the Bond and such reasonable rules and regulations as the Registrar may prescribe.

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA
GENERAL OBLIGATION (LIMITED TAX)
CAPITAL IMPROVEMENT BOND
(ADDITIONALLY SECURED BY PLEDGED REVENUES)
SERIES 2020

Ladies and Gentlemen:

This letter is to provide you with certain representations and agreements with respect to our purchase of all of the above-captioned bond issued as a single bond (the *"Bond"*), dated October 21, 2020. _____ (the *"Purchaser,"* the *"undersigned," "us"* or *"we,"* as applicable) is purchasing the Bond issued by Truckee Meadows Fire Protection District, Nevada (the *"Issuer"*). We hereby represent and warrant to you and agree with you as follows:

1. We understand that the Bond has not been registered pursuant to the Securities Act of 1933, as amended (the *"1933 Act"*) or the securities laws of any state. We acknowledge that the Bond (i) is not being registered or otherwise qualified for sale under the "blue sky" laws and regulations of any state, (ii) will not be listed on any securities exchange, and (iii) will not carry a rating from any rating service.

2. We have not offered, offered to sell, offered for sale or sold any of the Bond by means of any form of general solicitation or general advertising, and we are not an underwriter of the Bond within the meaning of Section 2(11) of the 1933 Act.

3. We have sufficient knowledge and experience in financial and business matters, including purchase and ownership of municipal and other tax-exempt obligations, to be able to evaluate the risks and merits of the purchase of the Bond.

4. We have authority to purchase the Bond and to execute this letter and any other instruments and documents required to be executed by the purchaser in connection with the purchase of the Bond.

SPECIMEN

5. The undersigned is a duly appointed, qualified and acting representative of the Purchaser and is authorized to cause the Purchaser to make the certifications, representations and warranties contained herein by execution of this letter on behalf of the Purchaser.

6. The Purchaser is (a) a "qualified institutional buyer" as defined in Rule 144A promulgated under the 1933 Act or (b) is a commercial bank organized under the laws of the United States, or any state thereof, or any other country which is a member of the Organization for Economic Cooperation and Development, or a political subdivision of any such country, and, in any such case, having a combined capital and surplus of not less than $1,000,000,000 as of the date hereof, and is able to bear the economic risks of the purchase of the Bond.

7. The undersigned understands that no official statement, prospectus, offering circular, or other comprehensive offering statement is being provided with respect to the Bonds. The undersigned has made its own inquiry and analysis with respect to the Issuer, the Bond and the security therefor, and other material factors affecting the security for and payment of the Bond.

8. The undersigned acknowledges that it has either been supplied with or been given access to information, including financial statements and other financial information, regarding the Issuer as it has requested to which a reasonable purchaser would attach significance in making a decision to purchase the Bond and has had the opportunity to ask questions and receive answers from knowledgeable individuals concerning the Issuer, the Bond and the security therefor, so that as a reasonable purchaser, it has been able to make its decision to purchase the Bond.

9. The Bond is being acquired by the Purchaser for its own account and not with a present view toward resale or distribution; *provided, however*, that the Purchaser reserves the right to sell, transfer or redistribute the Bond, but agrees that any such sale, transfer or distribution by the Purchaser shall be to a Person:

(a) that is an affiliate of the Purchaser; and

SPECIMEN

(b) that the Purchaser reasonably believes to be a qualified institutional buyer or a commercial bank organized under the laws of the United States, or any state thereof, or any other country which is a member of the Organization for Economic Cooperation and Development, or a political subdivision of any such country, and, in any case, having a combined capital and surplus of not less than $1,000,000,000 as of the date of such sale, transfer or distribution who executes a purchaser letter substantially in the form of this letter.

Very truly yours,

October 21, 2020

Truckee Meadows Fire Protection District
3663 Barron Way
Reno, NV 89511

$2,100,000
Truckee Meadows Fire Protection District, Nevada
General Obligation (Limited Tax) Capital Improvement Bond
(Additionally Secured by Pledged Revenues)
Series 2020

Ladies and Gentlemen:

We have acted as bond counsel to Truckee Meadows Fire Protection District, Nevada (the "District" and the "State," respectively), in connection with the issuance of its Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues), Series 2020 in the principal amount of $2,100,000 as a single bond (the "Bond"), pursuant to an authorizing resolution adopted and approved by the Board of Fire Commissioners on October 6, 2020 (the "Bond Resolution"). In such capacity, we have examined the District's certified proceedings and such other documents and such law of the State and of the United States of America as we have deemed necessary to render this opinion letter. Capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the Bond Resolution.

Regarding questions of fact material to our opinions, we have relied upon the District's certified proceedings and other representations and certifications of public officials and others furnished to us without undertaking to verify the same by independent investigation.

Based upon such examination, it is our opinion as bond counsel that:

1. The Bond constitutes a valid and binding limited tax general obligation of the District.

2. All of the taxable property in the District is subject to the levy of annual general (ad valorem) taxes to pay the Bond, subject to the limitations imposed by the Constitution and laws of the State.

3. As provided in the Bond Resolution and in accordance with the provisions of NRS 361.463, taxes levied for the payment of the bonded indebtedness (including the Bond) of all overlapping units within the boundaries of the District (i.e., the State, the District, and any other political subdivision therein) and for the payment of interest on such indebtedness enjoy a priority over taxes levied by each such unit (including, without limitation, the State and the District) for all other purposes (subject to any exception implied by law for the exercise of the police power) where reduction is necessary in order to comply with NRS 361.453.

4. The Bond is additionally secured by and payable from the Pledged Revenues. The Bond Resolution creates a valid lien on the Pledged Revenues and the Bond Fund pledged therein for the security of the Bond on a parity with the lien thereon of the Outstanding Parity Securities hereafter issued, superior and prior to the lien thereon of any Outstanding Subordinate Securities hereafter issued and subordinate to the lien thereon of any Outstanding Superior Securities hereafter issued. Except as described in this paragraph, we express no opinion regarding the priority of the lien on the Pledged Revenues or on the Bond Fund created by the Bond Resolution.

5. Interest on the Bond is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date hereof (the "Tax Code"), and interest on the Bond is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. The opinions expressed in this paragraph assume continuous compliance with the covenants and continued accuracy of the representations contained in the District's certified proceedings and in certain other documents and certain other certifications furnished to us.

6. Under the laws of the State in effect as of the date hereof, the Bond, its transfer, and the income therefrom are free and exempt from taxation by the State or any subdivision thereof, except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to Chapter 375B of NRS.

The opinions expressed in this opinion letter are subject to the following:

The obligations of the District incurred pursuant to the Bond and the Bond Resolution may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

The Bond has been designated by the District as a "qualified tax-exempt obligation" for purposes of Section 265(b)(3) of the Tax Code.

In this opinion letter rendered in our capacity as bond counsel, we are opining only upon those matters set forth herein, and we are not passing upon the accuracy, adequacy or completeness any statements made in connection with any offer or sale of the Bond or upon any state or federal tax consequences arising from the receipt or accrual of interest on or ownership or disposition of the Bond, except those specifically addressed herein.

This opinion letter is rendered as of the date hereof and we assume no obligation to revise or supplement this opinion letter to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Respectfully submitted,

Sherman & Howard LLC

$2,100,000
Truckee Meadows Fire Protection District, Nevada
General Obligation (Limited Tax) Capital Improvement Bond
(Additionally Secured by Pledged Revenues)
Series 2020

Ladies and Gentlemen:

We have acted as bond counsel to the Truckee Meadows Fire Protection District, Nevada (the "District") in connection with its issuance of the above-captioned bond (the "Bond") and have today delivered to you a copy of our executed approving opinion dated the date hereof relating to the Bond. You are hereby authorized to rely on the legal conclusions expressed in the approving opinion in your capacity as purchaser of the Bond.

We assume no obligation to advise you of any changes in the above described approving opinion subsequent to the delivery hereof. This letter is furnished to you pursuant to your conditions for purchasing the Bond, is solely for your information and benefit in connection with the District's initial offer and sale of the Bond and may not be relied upon by you for any other purpose or relied upon by any other party without the prior written consent of this firm.

In connection with the issuance of the Bond, we have represented the District, which is our sole client in this transaction. Delivery of this letter to you does not establish an attorney-client relationship between you and this firm. In connection with the Bond, you have been represented by your own counsel.

Very truly yours,

Sherman & Howard LLC

CLOSING MEMO

October 14, 2020

Cindy Vance
Chief Fiscal Officer
Truckee Meadows Fire Protection District
3663 Barron Way
Reno, NV 89511

Re: $2,100,000 Truckee Meadows Fire Protection District, Nevada General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues), Series 2020

Cindy:

The closing for the above-captioned Bond will be on Wednesday, October 21, 2020, via e-mail after confirmation of receipt of closing wire has been made. No closing conference call will be held in connection with the Bond.

Prior to closing, the Bond will be registered in the name of Zions Bancorporation, N.A. (the "Purchaser"). At or prior to the closing, representatives of the Purchaser will be required to sign the Purchaser's Receipt. This receipt will be included with the other closing certificates and the unqualified opinion of Sherman & Howard L.L.C. in the transcript documenting the transaction.

The following outlines the sources and uses of funds by the District.

SOURCES OF FUNDS

$2,100,000.00	Par Amount
$2,100,000.00	Total

USES OF FUNDS:

$2,016,000.00	Project Account
84,000.00	Issuance Costs
$2,100,000.00	Total

Settlement is to be made by wire transfer. The Purchaser will wire $2,100,000.00, representing the par amount of the Bond, to the District as follows:

$2,100,000.00
Wells Fargo Bank, N.A.
MAC S4786-024
6325 South Rainbow Boulevard, Suite 210
Las Vegas, NV 89118
ABA #: 121-000-248
Bank Wire Account #: 4504180225
Reference: Truckee Meadows FPD Capital Improvement Bond
Bank Contact: Patrick Foley, patrick.foley@wellsfargo.com, 702-247-5613

Upon verification of receipt of the funds, bond counsel will release the Bond to the Purchaser.

A debt service schedule for the Bond is attached.

Summary - a resolution directing notice to the Washoe County Debt Management Commission and requesting consideration of the proposal of Truckee Meadows Fire Protection District to issue general obligation (limited tax) capital improvement bonds additionally secured by pledged revenues.

RESOLUTION NO. TM02-2021

A RESOLUTION DIRECTING THE CLERK TO NOTIFY THE WASHOE COUNTY DEBT MANAGEMENT COMMISSION OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT'S PROPOSAL TO ISSUE ITS GENERAL OBLIGATION (LIMITED TAX) CAPITAL IMPROVEMENT BONDS (ADDITIONALLY SECURED BY PLEDGED REVENUES) IN THE MAXIMUM PRINCIPAL AMOUNT OF $7,000,000 FOR FIRE STATION PROJECTS; PROVIDING CERTAIN DETAILS IN CONNECTION THEREWITH; AND PROVIDING THE EFFECTIVE DATE HEREOF.

WHEREAS, the Truckee Meadows Fire Protection District (the "District"), is a municipal corporation duly organized, created and existing under laws of the State of Nevada; and

WHEREAS, the members of the Board of Fire Commissioners of the District (the "Board") have been duly elected and qualified; and

WHEREAS, the District intends and proposes to issue general obligation capital improvement bonds additionally secured by pledged revenues (the "Bonds") to finance the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor (the "Project"); and

WHEREAS, pursuant to NRS 350.020(3) (subject to the approval of the proposal to issue general obligations by the Washoe County Debt Management Commission), proposes to adopt and publish notices of public hearing and adoption of a resolution of intent to issue the Bonds additionally secured by a pledge of 15% of certain proceeds of liquor taxes, tobacco taxes, real property transfer taxes, basic governmental services tax and basic and supplemental sales taxes (collectively, the "Consolidated Taxes") distributed to the District (the "Pledged Revenues"); and

WHEREAS, based on a revenue study presented to the Board, the Board hereby makes a finding that the Pledged Revenues will at least equal the amount required in each year for the payment, when due, of interest on and principal of the Bonds; and

WHEREAS, the Board proposes (subject to the approval of the proposal to issue general obligations by the Washoe County Debt Management Commission) to issue the Bonds without an election unless a petition signed by the requisite number of registered voters of the District representing the requisite assessed value of the taxable property of the District is presented to the Board requiring the Board to submit to the qualified electors of the District for their approval or disapproval the following proposal (the "Proposal"):

GENERAL OBLIGATION CAPITAL IMPROVEMENT BONDS ADDITIONALLY SECURED BY PLEDGED REVENUES PROPOSAL:

Shall the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "District") in the State of Nevada, be authorized to incur a general obligation indebtedness on behalf of the District by the issuance at one time, or from time to time, of the District's general obligation (limited tax) capital improvement bonds (additionally secured by pledged revenues), in one series or more, in the aggregate principal amount of not exceeding $7,000,000 for the purpose of financing, wholly or in part, the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, the bonds to mature commencing not later than five (5) years from the date or respective dates of the bonds and ending not later than thirty (30) years therefrom, to bear interest at a rate or rates not in excess of the statutory maximum rate in effect at the time bonds are sold, to be payable from general (ad valorem) taxes (except to the extent pledged revenues and other moneys are available therefor), and to be issued and sold at par, or below or above par, and otherwise in such manner, upon such terms and conditions, and with such other detail as the Board may determine, including at its option but not necessarily limited to provisions for the redemption of bonds prior to maturity without or with the payment of a premium?

WHEREAS, subsection 1 of NRS 350.014 provides, in relevant part, as follows:

"1. Before any proposal to issue general obligation debt . . . may be submitted to the electors of a municipality, ...before any other formal action may be taken preliminary to the issuance of any general obligation debt, the proposed incurrence . . . must receive the favorable vote of two-thirds of the members of the [debt

management] commission of each county in which the municipality is situated. . . .";
and

WHEREAS, subsection 1 of NRS 350.0145 provides, in relevant part, as follows:

"1. The governing body of the municipality proposing to incur general obligation debt. . . shall notify the secretary of each appropriate commission, and shall submit a statement of its proposal in sufficient number of copies for each member of the commission...."

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF FIRE COMMISSIONERS OF THE DISTRICT:

Section 1. Based on the revenue study presented to the Board, the Board hereby finds that no increase in the rate of an ad valorem tax is anticipated to be necessary for the payment of the Bonds described in the Proposal for the term thereof (the "Finding"), and requests the Washoe County Debt Management Commission (the "Commission") to approve the Proposal and the Finding.

Section 2. All action, proceedings, matters and things heretofore taken, had and done by the Board, and the officers thereof (not inconsistent with the provisions of this resolution) directed toward the Project and the financing thereof be, and the same hereby is, ratified, approved and confirmed.

Section 3. The District Secretary shall be, and hereby is, authorized and directed to notify immediately the Secretary of the Commission of the District's Proposal, and to submit to the Secretary a statement of the Proposal in sufficient number of copies for each member of the Commission. The Chief Fiscal Officer of the District or the Fire Chief is authorized to update or amend the District's plan for capital improvements if necessary to reflect the Project and the Bonds and the Project to be financed thereby and to file the information as required by NRS 350.013 to the extent required to comply with NRS 350.013.

Section 4. In order to permit the District to reimburse itself for prior expenditures relating to the Project with the proceeds of Bonds in one or more series, the Board hereby determines and declares as follows:

a. The District reasonably expects to incur expenditures with respect to the financing of the Project prior to the issuance of Bonds in one or more series and to reimburse those expenditures from the issuance of Bonds in one or more series; and

b. The maximum aggregate principal amount of all series of Bonds expected to be used to reimburse such expenditures is $7,000,000.

This resolution is intended to be a declaration of "official intent" to reimburse expenditures within the meaning of Treasury Regulation Section 1.150-2.

Section 5. All resolutions, or parts thereof, in conflict with the provisions of this resolution, are hereby repealed to the extent only of such inconsistency. This repealer shall not be constructed to revive any resolution, or part thereof, heretofore repealed.

Section 6. If any section, paragraph, clause or other provision of this resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause or other provision shall not affect any of the remaining provisions of this resolution.

Section 7. This resolution shall become effective and be in force immediately upon its adoption.

Passed and adopted on February 2, 2021.

Attest:

Clerk/Secretary

STATE OF NEVADA)
) **ss.**
TRUCKEE MEADOWS)
FIRE PROTECTION DISTRICT)

I am the duly chosen and qualified Secretary of the Truckee Meadows Fire Protection District (the "District"), Nevada, and in the performance of my duties as Secretary do hereby certify:

1. The foregoing pages constitute a true, correct and compared copy of a resolution adopted by the Board of Fire Commissioners of the District (the "Board") at a regular meeting of the Board held on February 2, 2021, and the original of such resolution has been approved and authenticated by the signature of the Chair and myself as Secretary, and has been recorded in the minutes of the Board kept for that purpose in my office, which record has been duly signed by such officers and properly sealed.

2. The members of the Board were present at such meeting and voted on the passage of such resolution as follows:

Those Voting Aye: LUCEY, HARTUNG, HILL JUNG, HERMAN

Those Voting Nay: _____

_____

Those Absent: _____

3. All members of the Board were given due and proper notice of such meeting.

4. Public notice of such meeting was given and such meeting was held and conducted in full compliance with the provisions of NRS 241.020 and, if applicable, the Nevada Governor's Directive 006, as extended. A copy of the notice of meeting and excerpt from the agenda for the meeting relating to the resolution is attached as Exhibit A, as posted no later than 9:00 a.m. at least 3 working days in advance of the meeting on the District's website, if any, on the State of Nevada's official website and if required by the NRS 241.020 and the Nevada Governor's Directive 006, as extended, at the Board's office and three other locations.

5. Prior to 9:00 a.m. at least 3 working days before such meeting, such notice was mailed to each person, if any, who has requested notice of meetings of the Commission in compliance with NRS 241.020(4)(c) by United States Mail, or if feasible and agreed to by the requestor, by electronic mail.

IN WITNESS WHEREOF, I have hereunto set my hand on behalf of the District on February 2, 2021.

Notice of Meeting and Agenda

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT

10:00 a.m.

Tuesday, February 2, 2021

In Person and Online Viewing. Effective September 8, 2020, the public will be allowed in the Commission Chambers, not to exceed a total number of 25 persons within the Chambers at any given time. Due to evolving concerns for public safety resulting from the COVID-19 emergency and pursuant to the Governor of Nevada's Declaration of Emergency Directive 006 Section 1 (extended by later Directives the most recent of which is Directive 029), which suspends the requirement in NRS 241.023(1)(b) that there be a physical location designated for meetings of public bodies where members of the public are permitted to attend and participate, future meetings may be held by teleconference only. Any member of the public wanting to attend, participate or provide public comment in-person at meetings should review the Board's agenda posted online at https://tmfpd.us/agendas-minutes/ to determine whether in-person attendance has been suspended by the Governor or Board.

This meeting will be held with limited in person attendance and via Zoom teleconference at https://us02web.zoom.us/j/83557329970.

NOTE: This option will require a computer with audio and video capabilities and downloading the ZOOM application. This meeting will also be televised live and replayed on Washoe Channel at: https://www.washoecounty.us/mgrsoff/Communications/wctv-live.php and on Youtube at: https://www.youtube.com/user/WashoeCountyTV.

NOTE: Items on the agenda may be taken out of order; combined with other items; removed from the agenda; moved to the agenda of another meeting; moved to or from the Consent section; or may be voted on in a block. Items with a specific time designation will not be heard prior to the stated time but may be heard later.

The Washoe County Commission Chambers is accessible to the disabled. If you require special arrangements for the meeting, call the Truckee Meadows Fire Protection District Office, 775-326-6000, 24-hours prior to the meeting.

Time Limits. Public comments are welcomed during the Public Comment periods for all matters, whether listed on the agenda or not, and are limited to three minutes per person. Additionally, public comment of three minutes per person will be heard during individual action items on the agenda. Persons are invited to submit comments in writing on the agenda items and/or attend and make comment on that item at the Board meeting. Persons may not allocate unused time to other speakers.

Forum Restrictions and Orderly Conduct of Business. The Board conducts the business of the District and its citizens during its meetings. The presiding officer may order the removal of any person whose statement or other conduct disrupts the orderly, efficient or safe conduct of the meeting. Warnings against disruptive comments or behavior may or may not be given prior to removal. The viewpoint of a speaker will not be restricted, but reasonable restrictions may be imposed upon the time, place and manner of speech. Irrelevant and unduly repetitious statements and personal attacks which antagonize or incite others are examples of speech that may be reasonably limited.

Public Comment. Public comment, whether on action items or general public comment, is limited to three (3) minutes per person. No action may be taken on a matter raised under general public comment until the matter is included on an agenda as an item on which action may be taken. Anyone wishing to provide live public comment may do so in-person, subject to the 25-person limitation described above, or by teleconference during the hearing by logging into the ZOOM webinar by accessing the following link: https://us02web.zoom.us/j/83557329970.

NOTE: This option will require a computer with audio and video capabilities and downloading the ZOOM application.
Members of the public may also submit comments by mail, email to Washoe311@washoecounty.us. The District will make reasonable efforts to include all comments received by email and voicemail into the record. Please try to provide email comments by 4:00 p.m. the day prior to the meeting. Comments are limited to 3 minutes per person.

9. Fire Chief Report: FOR DISCUSSION ONLY

A. Informational briefing on operational matters and activities for the month of January and February 2021 to include the following items:

1. Report on Burn Permit Process
2. Update and Timeline on Fire Station Development and the sale of 5445 Pelham
3. Update on Black Springs Fire Station Conversion to a Museum
4. Update on the next strategic plan period 2021-2024 Cycle
5. Quarterly Budget Update

B. Commissioner Dashboard: Status update on ongoing Commissioner requests of the Fire Chief

C. Review of recent critical calls response statistics for December 2020 to include Mutual and Auto Aid for our regional partners.

Attachments: Item #9 Chiefs Monthly Report for February 2021
Item #9A.5 General Fund Fiscal 2021 Update 2nd quarter Feb 2021
Item #9B Commissioner Request DashBoard
Item #9C December 2020 - Response Report

End of Fire Chief Report

10. Recommendation to adopt a Resolution directing the Clerk to notify the Washoe County Debt Management Commission of the District's proposal to issue its Truckee Meadows Fire Protection District's General Obligation (Limited Tax) Capital Improvement Bonds (additionally secured by pledged revenues) in the maximum principal amount of $7,000,000 to finance the acquisition of properties for stations and administration authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor; and providing the effective date hereof. RESOLUTION

A RESOLUTION CONCERNING THE SUBMISSION TO THE WASHOE COUNTY DEBT MANAGEMENT COMMISSION OF A PROPOSAL TO BY TRUCKEE MEADOWS FIRE PROTECTION DISTRICT TO ISSUE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT GENERAL OBLIGATION (LIMITED TAX) CAPITAL IMPROVEMENT BONDS (ADDITIONALLY SECURED BY PLEDGED REVENUES) IN THE MAXIMUM PRINCIPAL AMOUNT OF $7,000,000; AND APPROVING CERTAIN DETAILS IN CONNECTION THEREWITH.

WHEREAS, pursuant to Nevada Revised Statutes ("NRS") 350.011 through 350.0165, the Board of Fire Commissioners (the "Board") of the Truckee Meadows Fire Protection District (the "District"), in Washoe County, Nevada (the "County"), notified the secretary of the Debt Management Commission of the County (the "Secretary" and the "Commission," respectively) of the District's proposal to issue general obligation (limited tax) capital improvement bonds additionally secured by pledged revenues (the "Bonds") to be issued in one or more series to finance the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, and submitted a statement of the District's proposal in sufficient number of copies for each member of the Commission; and

WHEREAS, the Board proposes to incur the Bonds without an election unless a petition, signed by the requisite number of registered voters of the District is presented to the Board requiring the Board, prior to incurring such general obligations, to submit to the qualified electors of the District for their approval or disapproval, the following proposal (the "Proposal") to incur such general obligations additionally secured by pledged revenues consisting of revenues to be received by the District from 15% of all income and revenue distributed to the District pursuant to NRS 360.680, 360.690 and 360.700 and pledged to secure the payment of the Bonds pursuant to NRS 360.698:

GENERAL OBLIGATION CAPITAL IMPROVEMENT BONDS ADDITIONALLY SECURED BY PLEDGED REVENUES PROPOSAL:

Shall the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "District") in the State of Nevada, be authorized to incur a general obligation indebtedness on behalf of the District by the issuance at one time, or from time to time, of the District's general obligation (limited tax) capital improvement bonds (additionally secured by pledged revenues), in one series or more, in the aggregate principal amount of not exceeding $7,000,000 for the purpose of financing, wholly or in part, the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, the bonds to mature commencing not later than five (5) years from the date or respective dates of the bonds and ending not later than thirty (30) years therefrom, to bear interest at a rate or rates not in excess of the statutory maximum rate in effect at the time bonds are sold, to be payable from general (ad valorem) taxes (except to the extent pledged revenues and other moneys are available therefor), and to be issued and sold at par, or below or above par, and otherwise in such manner, upon such terms and conditions, and with such other detail as the Board may determine, including at its option but not necessarily limited to provisions for the redemption of bonds prior to maturity without or with the payment of a premium?

WHEREAS, pursuant to NRS 350.0145, the Secretary, with the approval the Chair of the Commission, thereupon, within ten days from the receipt of the Proposal, gave notice of a meeting to be held not more than twenty days thereafter, and provided a copy of the Proposal to each member of the Commission with the notice of the meeting; and

WHEREAS, the Board has determined and found that no increase in the rate of an ad valorem tax is anticipated to be necessary for the payment of the Bonds described in the Proposal for the term thereof (the "Finding"); and

WHEREAS, the Commission has heard anyone desiring to be heard and has taken other evidence relevant to the approval or disapproval of the Proposal and the Finding; and

WHEREAS, the Commission has received from the District complete statements of current and contemplated general obligation debt, a debt management policy, a capital improvements

plan (which includes the capital improvements proposed to be financed as provided in the Proposal) and a statement of the chief financial officer, in full compliance with NRS 350.013; and

WHEREAS, the Commission has considered all matters in the premises.

NOW, THEREFORE, BE IT RESOLVED BY THE DEBT MANAGEMENT COMMISSION OF WASHOE COUNTY, NEVADA:

Section 1. This resolution shall be known as the "2021 Truckee Meadows Fire Protection District Capital Improvement Bond DMC Resolution."

Section 2. The provisions of NRS 350.013 to 350.015, inclusive, have been met, and the Finding and the Proposal for the issuance of the Bonds to be issued in one or more series in the combined maximum principal amount set forth in the Proposal are approved.

Section 3. The Commission and the officers thereof hereby are authorized and directed to take all action necessary or appropriate to effectuate the provisions of this resolution.

Section 4. All bylaws, orders, resolutions or parts thereof in conflict with this resolution are hereby repealed. This repealer shall not be construed to revive any bylaw, order, resolution or part thereof heretofore repealed.

Section 5. If any section, paragraph, clause or provision of this resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of the section, paragraph, clause or provision shall not affect any of the remaining provisions of this resolution.

Section 6. This resolution shall become effective and be in force immediately upon its adoption.

ADOPTED on February 19, 2021.

Chair
Debt Management Commission

Attest:

County Clerk
ex officio Secretary
Debt Management Commission

STATE OF NEVADA)
) **ss.**
COUNTY OF WASHOE)

I am the Washoe County Clerk and ex officio Secretary of the Debt Management Commission of Washoe County, Nevada, do hereby certify:

1. The foregoing pages constitute a true, correct, complete and compared copy of the resolution adopted by the Debt Management Commission of Washoe County, State of Nevada, at a meeting held on February 19, 2021, insofar as the same refer to the capital improvement project and the financing thereof, as provided in the general obligation bond proposal submitted to the Commission by Truckee Meadows Fire Protection District, Nevada.

2. All members of the Board were given due and proper notice of such meeting and voted on such resolution as follows:

Those Voting Aye: DUERR, AINSWORTH, HERMAN NICOLET, SALAZAR SHERMAN, VANDERWELL

Those Voting Nay: _____

Those Absent: _____

3. Public notice of such meeting was given and such meeting was held and conducted in full compliance with the provisions of NRS 241.020 and, if applicable, the Nevada Governor's Directive 006, as extended. A copy of the notice of meeting and excerpt from the agenda for the meeting relating to the resolution is attached as Exhibit A, as posted no later than 9:00 a.m. at least 3 working days in advance of the meeting on the District's website, if any, on the State of Nevada's official website and if required by the NRS 241.020 and the Nevada Governor's Directive 006, as extended, at the Board's office and three other locations and by mailing a copy of the notice to the chief financial officer of each municipality in Washoe County which has complied with NRS 350.013(1) within the past year, in the same manner in which notice is required to be mailed to a member of the Commission.

4. Prior to 9:00 a.m. at least 3 working days before such meeting, such notice was mailed to each person, if any, who has requested notice of meetings of the Commission in compliance with NRS 241.020(4)(c) by United States Mail, or if feasible and agreed to by the requestor, by electronic mail.

IN WITNESS WHEREOF, I have hereunto set my hand on February 19, 2021.

NOTICE OF MEETING AND AGENDA

FRIDAY, FEBRUARY 19, 2021
11:00 A.M.

WASHOE COUNTY ADMINISTRATIVE COMPLEX
CAUCUS ROOM
1001 E. 9TH STREET, BUILDING A
RENO, NEVADA

Online Viewing: No members of the public will be allowed in the Caucus Room due to concerns for public safety resulting from the COVID-19 emergency and pursuant to the Governor of Nevada's Declaration of Emergency Directive 006 Section 1 (extended by later directives), which suspends the requirement in NRS 241.023(1)(b) that there be a physical location designated for meetings of public bodies where members of the public are permitted to attend and participate. This meeting will be held by Zoom teleconference only at the following link: https://us02web.zoom.us/j/86586745656. NOTE: This option will require a computer with audio and video capabilities.

NOTE: Items on the agenda may be taken out of order, combined with other items, removed from the agenda, or moved to the agenda of another meeting. Items with a specific time designation will not be heard prior to the stated time but may be heard later. The Board may take short breaks approximately every 90 minutes.

Technical Difficulties: If the Debt Management Commission experiences technical difficulties with the Zoom platform at any time during the meeting, the meeting will be placed into recess and restarted when the technical issues have been resolved.

Public Comment: Public comments are welcomed during the public comment periods at the beginning and end of the meeting for all matters, whether listed on the agenda or not, and are limited to three (3) minutes per person. Additionally, public comment of three minutes per person will be heard during individually numbered items designated as "for possible action" on the agenda. Public comment during individual action items must be relevant to the particular item being considered. Anyone wishing to provide live public comment may do so by logging into the Zoom webinar at https://us02web.zoom.us/j/86586745656 and utilizing the "Raise Hand" feature during any public comment period. Persons may not allocate unused time to other speakers.

Members of the public may also submit comments by mail, email to clerkboard@washoecounty.us, or voice message at: (775) 784-7279. The Commission will make reasonable efforts to include all comments received by 4:00pm on February 18, 2021 by email and voicemail into the record.

Responses to Public Comments: The Debt Management Commission can deliberate or take action only if a matter has been listed on an agenda properly posted prior to the meeting. The Open Meeting Law does not expressly prohibit responses to public comments by the Board. However, responses from Board members to unlisted public comment topics could become deliberation on a matter without notice to the public. To avoid this situation and to ensure the public has notice of all matters the Board will consider, members may choose not to respond to public comments except to correct factual inaccuracies, ask for County staff action, or to ask that a matter be listed on a future agenda. The Board may do this either during the public comment item or during the following item: "Board Member Comments: This item is limited to announcements or topics/issues proposed for future agendas."

Forum Restrictions and Orderly Conduct of Business: The Debt Management Commission conducts the business of Washoe County and its citizens during its meetings. The presiding officer may order the removal of any person whose statement or other conduct disrupts the orderly, efficient, or safe conduct of the meeting. Warnings against disruptive comments or behavior may or may not be given prior to removal. The viewpoint of a speaker will not be restricted, but reasonable restrictions may be imposed upon the time, place, and manner of speech. Irrelevant and unduly repetitious statements and personal attacks which antagonize or incite others are examples of speech that may be reasonably limited.

Posting of Agenda: Pursuant to NRS 241.020(4)(b), the Agenda for the Debt Management Commission has been electronically posted at: https://www.washoecounty.us/clerks/brm/board_committees/dmc/index.php and https://notice.nv.gov. Pursuant to the Governor of Nevada's Declaration of Emergency Directive 006 Section 3, the requirement that public notice agendas be posted at physical locations within the State of Nevada has been suspended.

How to Get Copies of Agenda and Supporting Materials: Copies of this agenda and supporting materials for the items on the agenda may be obtained on the Debt Management Commission's website at https://www.washoecounty.us/clerks/brm/board_committees/dmc/index.php and is available to members of the public at the County Clerk's Office (1001 E. 9th Street, Bldg. A, Reno, Nevada) or by contacting Derek Sonderfan at 775-784-7279.

1. Call to Order and Roll Call [Non-action item].

2. Salute to the Flag [Non-action item].

3. Public Comment [Non-action item]. Comment heard under this item will be limited to three minutes per person and may pertain to matters both on and off the Commission agenda. The Commission will also hear public comment during individual action items, with comment limited to three minutes per person. Comments are to be made to the Commission as a whole.

4. Oaths of Office, as necessary, for any new Commission members appointed by the Washoe County Commission, Reno City Council, Sparks City Council, or the Washoe County School District Board of Trustees [Non-action item].

5. Appearance by the Truckee Meadows Fire Protection District and presentation of its debt position. [FOR POSSIBLE ACTION]

6. Discussion and possible action on a resolution concerning the submission to the Washoe County Debt Management Commission of a proposal of the Truckee Meadows Fire Protection District to issue Truckee Meadows Fire Protection District general obligation (limited tax) capital improvement bonds (additionally secured by pledged revenues) in the maximum principal amount of $7,000,000. [FOR POSSIBLE ACTION]

7. Approval of the minutes for the DMC meeting of January 22, 2021. [FOR POSSIBLE ACTION]

8. Election of Chair and Vice Chair. [FOR POSSIBLE ACTION]

9. Board Member Comments [Non-action item]. This item is limited to announcements or topics/issues proposed for future agendas.

10. Public Comment [Non-action item]. Comment heard under this item will be limited to three minutes per person and may pertain to matters both on and off the Commission agenda. The Commission will also hear public comment during individual action items, with comment limited to three minutes per person. Comments are to be made to the Commission as a whole.

11. Adjournment

In accordance with NRS, this agenda for February 19, 2021, has been posted at the following places:
Washoe County Courthouse, 75 Court Street, Reno, Nevada
Washoe County Complex Building A, 1001 East 9th Street, Reno, Nevada
City Hall, City of Sparks, 431 Prater Way, Sparks, Nevada

RESOLUTION NO. TM06-2021

A RESOLUTION OF INTENT, PROPOSING THE ISSUANCE OF, AND AUTHORIZING THE PUBLICATION OF NOTICES RELATING TO GENERAL OBLIGATION (LIMITED TAX) CAPITAL IMPROVEMENT BONDS (ADDITIONALLY SECURED BY PLEDGED REVENUES) IN THE MAXIMUM PRINCIPAL AMOUNT OF $7,000,000 FOR FIRE STATION PROJECTS; PROVIDING THE MANNER, FORM AND CONTENTS OF THE NOTICES THEREOF; PROVIDING OTHER MATTERS PROPERLY RELATED THERETO; AND PROVIDING THE EFFECTIVE DATE HEREOF.

WHEREAS, the Truckee Meadows Fire Protection District (the "District"), is a political subdivision of the State of Nevada duly organized, created and existing under laws of the State of Nevada; and

WHEREAS, the members of the Board of Fire Commissioners of the District (the "Board") have been duly elected and qualified; and

WHEREAS, pursuant to NRS 474.460 through 474.540, inclusive, and pursuant to chapter 350 of NRS and all laws amendatory thereof (the "Project Act") which includes the Local Government Securities Laws, being NRS 350.500 through 350.720, and all laws amendatory thereof (the "Bond Act"), the District is authorized to borrow money and to issue general obligation bonds of the District for the purpose of defraying wholly or in part the cost of the Project; and

WHEREAS, the Board proposes to issue up to $7,000,000 of general obligation (limited tax) capital improvement bonds additionally secured by pledged revenues (the "Bonds") to be issued in one or more series for the Project; and

WHEREAS, such Bonds will be additionally secured by a pledge 15% of certain proceeds of liquor taxes, tobacco taxes, real property transfer taxes, basic governmental services tax and basic and supplemental sales taxes distributed to the District (the "Pledged Revenues"); and

WHEREAS, based on a revenue study previously presented to the Board, the Board made a finding (the "Finding") that the Pledged Revenues will at least equal the amount required in each year for the payment of interest and principal on the Bonds; and

WHEREAS, the Board proposes to incur this general obligation without an election unless a petition signed by the requisite number of registered voters of the District is presented to the Board requiring the Board to submit to the qualified electors of the District for their approval or

disapproval the following proposal (the "Proposal"):

GENERAL OBLIGATION CAPITAL IMPROVEMENT BONDS ADDITIONALLY SECURED BY PLEDGED REVENUES PROPOSAL:

Shall the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "District") in the State of Nevada, be authorized to incur a general obligation indebtedness on behalf of the District by the issuance at one time, or from time to time, of the District's general obligation (limited tax) capital improvement bonds (additionally secured by pledged revenues), in one series or more, in the aggregate principal amount of not exceeding $7,000,000 for the purpose of financing, wholly or in part, the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, the bonds to mature commencing not later than five (5) years from the date or respective dates of the bonds and ending not later than thirty (30) years therefrom, to bear interest at a rate or rates not in excess of the statutory maximum rate in effect at the time bonds are sold, to be payable from general (ad valorem) taxes (except to the extent pledged revenues and other moneys are available therefor), and to be issued and sold at par, or below or above par, and otherwise in such manner, upon such terms and conditions, and with such other detail as the Board may determine, including at its option but not necessarily limited to provisions for the redemption of bonds prior to maturity without or with the payment of a premium?

WHEREAS, pursuant to NRS 350.011 to 350.0165, inclusive, the Board has submitted the Proposal to the Debt Management Commission of Washoe County (the "Commission"); and

WHEREAS, the Commission has heretofore approved the Proposal and the Finding; and

WHEREAS, NRS 350.020(3) in effect provides that if the payment of a general obligation of the District is additionally secured by pledged revenues, and the governing body (i.e., the Board) determines that the pledged revenues will at least equal the amount required in each year for the payment of interest and principal, the District may incur the general obligation without an election, unless a petition requesting an election signed by 5% of the registered voters in the District is presented to the Board within 90 days after the publication of a notice of the adoption of this resolution of intent; and

WHEREAS, NRS 350.020(3) also requires that a public hearing be held before the Bonds are issued.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF FIRE COMMISSIONERS OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT:

Section 1. This resolution shall be known as and may be cited by the short title "2021 Resolution of Intent to Issue Fire Protection Bonds" (this "Resolution").

Section 2. All action heretofore taken (not inconsistent with the provisions of this Resolution) by the Board and the officers of the Board directed:

(a) Toward the Project to be financed by the Bonds; and

(b) Toward the issuance of the Bonds to defray, in part,

the cost thereof,

be, and the same hereby is, ratified, approved and confirmed.

Section 3. The District and the officers of the District be, and they hereby are, authorized and directed to publish a notice of the adoption of the resolution of intent relating to the Board's proposal to issue the Bonds in a newspaper of general circulation in the District, at least once, such notice to be published in substantially the following form:

(Form of Notice of Resolution of Intent)

NOTICE OF THE INTENT OF THE BOARD OF FIRE COMMISSIONERS OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, TO ISSUE GENERAL OBLIGATION (LIMITED TAX) CAPITAL IMPROVEMENT BONDS OF THE DISTRICT ADDITIONALLY SECURED BY PLEDGED REVENUES.

NOTICE IS HEREBY GIVEN that the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "Board" and the "District"), by a resolution, passed, adopted and approved on March 2, 2021, has made the following proposal (the "Proposal") for the issuance of the District's General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) (the "Bonds") designated below, as follows:

GENERAL OBLIGATION CAPITAL IMPROVEMENT BONDS ADDITIONALLY SECURED BY PLEDGED REVENUES PROPOSAL:

Shall the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "District") in the State of Nevada, be authorized to incur a general obligation indebtedness on behalf of the District by the issuance at one time, or from time to time, of the District's general obligation (limited tax) capital improvement bonds (additionally secured by pledged revenues), in one series or more, in the aggregate principal amount of not exceeding $7,000,000 for the purpose of financing, wholly or in part, the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, the bonds to mature commencing not later than five (5) years from the date or respective dates of the bonds and ending not later than thirty (30) years therefrom, to bear interest at a rate or rates not in excess of the statutory maximum rate in effect at the time bonds are sold, to be payable from general (ad valorem) taxes (except to the extent pledged revenues and other moneys are available therefor), and to be issued and sold at par, or below or above par, and otherwise in such manner, upon such terms and conditions, and with such other detail as the Board may determine, including at its option but not necessarily limited to provisions for the redemption of bonds prior to maturity without or with the payment of a premium?

The Proposal was approved by the Debt Management Commission of Washoe County, Nevada.

The Board has determined that the Bonds to be issued for the purpose of financing the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor (as further described in the above Proposal) will be additionally secured by a pledge of 15% of certain proceeds of liquor taxes, tobacco taxes, real property transfer taxes, basic governmental services tax and basic and supplemental sales taxes distributed to the District (the "Pledged Revenues"). The Board has, in addition, determined, based upon a revenue study, that the Pledged Revenues will at least equal the amount required in each year for the payment of the interest on and the principal of the Bonds.

Based upon this determination, the Board intends to incur this general obligation as set forth above without an election as provided in NRS 350.020(3), unless within ninety (90) days after the publication of this notice a petition requesting an election is presented to the Board signed by not fewer than five percent (5%) of the registered voters of the District. The number of registered voters is to be determined as of the close of registration for the last preceding general election.

At a meeting or meetings of the Board, the Board shall proceed to adopt an ordinance or ordinances authorizing the issuance of the Bonds which shall be effective not earlier than ninety (90) days after the publication of this notice. Such ordinance or ordinances authorizing the issuance of the Bonds will be effective unless prior to 5:00 p.m. on June 4, 2021, a petition is presented to the Board asking for an election upon the question of whether or not the proposed general obligations shall be incurred. The petition for an election herein referred to may be filed with the Board no later than 5:00 p.m. on June 4, 2021 at the office of the Secretary of the District, ex officio Washoe County Clerk (the "Secretary"), 1001 East Ninth Street, Building A, Reno, Nevada, during regular office hours of the Secretary. In the event such petition is presented, no such ordinance or ordinances shall be effective except pursuant to an election called and held for such purpose and carried by a majority of the votes cast. In the event no such petition is presented, the Bonds will be authorized as described above. The ordinance or ordinances authorizing the Bonds will, in addition, contain provisions for additionally securing the payment of the general obligations by pledging the Pledged Revenues designated above and in the Proposal to the payment of the Bonds.

The authority to issue the Bonds if conferred at an election or if conferred by the fact no petition is presented to the Board requesting such an election within ninety (90) days of the date of publication hereof shall be deemed to be a continuing authority and the Board shall be authorized to sell the Bonds at such time or times and upon such terms and conditions as it deems proper in accordance with the provisions of the Proposal and the laws of the State of Nevada.

All persons interested are hereby advised that further information regarding the project to be financed by the Bonds, the Bonds and the Pledged Revenues, and all proceedings in the premises, are on file in the office of the Secretary, 1001 East Ninth Street, Building A, Reno, Nevada, and can be seen and examined by the interested persons during the regular office hours of the Secretary or to receive information electronically by making a request to the Administrative Assistant of the District at 775-328-6124. All persons interested may also obtain additional information regarding the contents of and filing requirements for the petition referred to herein at the office of the Secretary, 1001 East Ninth Street, Building A, Reno, Nevada, and can be seen and examined by the interested persons during the regular office hours of the Secretary.

The determination by the Board that the Pledged Revenues will at least equal the amount required in each year for the payment of interest and principal on the Bonds becomes conclusive on the last day for filing the petition, i.e., on June 4, 2021 at 5:00 p.m.

BY ORDER of the Board of Fire Commissioners of Truckee Meadows Fire Protection District.

DATED this March 2, 2021.

PUBLICATION DATE: March 6, 2021.

/s/ Janis Galassini
Secretary
Truckee Meadows
Fire Protection District
and Ex-Officio County Clerk,
Washoe County, Nevada

(End of Form of Notice of Resolution of Intent)

Section 4 The secretary of the Truckee Meadows Fire Protection District and ex officio Washoe County Clerk, is authorized and directed to publish three times, once each week for three consecutive weeks, the third publication to be made at least 10 days before the date of the public hearing described in the following notice, in a newspaper of general circulation in the District a notice of public hearing, at least as large as 5 inches high by 4 inches wide, in substantially the following form:

(Form of Notice of Public Hearing)

NOTICE OF PUBLIC HEARING ON THE INTENT OF THE BOARD OF TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, TO ISSUE GENERAL OBLIGATION (LIMITED TAX) CAPITAL IMPROVEMENT BONDS OF THE DISTRICT ADDITIONALLY SECURED BY PLEDGED REVENUES.

NOTICE IS HEREBY GIVEN that the Board of Fire Commissioners (the "Board") of the Truckee Meadows Fire Protection District (the "District"), by a resolution, passed, adopted, signed and approved on March 2, 2021, has made the following proposal (the "Proposal") for the issuance of the District's General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) (the "Bonds") designated below, as follows:

GENERAL OBLIGATION CAPITAL IMPROVEMENT BONDS ADDITIONALLY SECURED BY PLEDGED REVENUES PROPOSAL:

Shall the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "District") in the State of Nevada, be authorized to incur a general obligation indebtedness on behalf of the District by the issuance at one time, or from time to time, of the District's general obligation (limited tax) capital improvement bonds (additionally secured by pledged revenues), in one series or more, in the aggregate principal amount of not exceeding $7,000,000 for the purpose of financing, wholly or in part, the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, the bonds to mature commencing not later than five (5) years from the date or respective dates of the bonds and ending not later than thirty (30) years therefrom, to bear interest at a rate or rates not in excess of the statutory maximum rate in effect at the time bonds are sold, to be payable from general (ad valorem) taxes (except to the extent pledged revenues and other moneys are available therefor), and to be issued and sold at par, or below or above par, and otherwise in such manner, upon such terms and conditions, and with such other detail as the Board may determine, including at its option but not necessarily limited to provisions for the redemption of bonds prior to maturity without or with the payment of a premium?

The Proposal was approved by the Debt Management Commission of Washoe County, Nevada.

The Board has determined that the Bonds to be issued for the purpose of financing the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor (as further described in the above Proposal) will be additionally secured by a pledge of 15% of certain proceeds of liquor taxes, tobacco taxes, real property transfer taxes, basic governmental services tax and basic and supplemental sales taxes distributed to the District (the "Pledged Revenues"). The Board has, in addition, determined, based upon a revenue study, that the Pledged Revenues will at least equal the amount required in each year for the payment of the interest on and the principal of the Bonds.

All persons interested are hereby advised that the Board will hold a public hearing on the Proposal on May 4, 2021, at 10:00 a.m., at the Washoe County Administration Complex, 1001 East Ninth Street, Reno, Nevada or if no physical location where members of the public can attend is provided, the means for the public to provide public comment will be on the public notice agenda posted on the District's website at https://www.washoecounty.us/tmfpd/fire_commissioners/index.php and on the State of Nevada's website at https://notice.nv.gov/ . All persons are invited to attend and to be heard regarding the Proposal. Further information regarding the Proposal, the Project to be financed by the Bonds, the Bonds and the Pledged Revenues to be pledged to the Bonds, and all proceedings, are on file in the Office of the Secretary of the District, ex officio County Clerk (the "Secretary"), 1001 East Ninth Street, Building A, Reno, Nevada, and may be seen and examined by the interested persons during the regular office hours of the Secretary or to receive information electronically by making a request to the Administrative Assistant of the District at 775-328-6124.

BY ORDER of the Board of Fire Commissioners of Truckee Meadows Fire Protection District.

DATED March 2, 2021.

PUBLICATION DATES: April 9, 2021, April 16, 2021 and April 23, 2021.

/s/ Janis Galassini
Secretary
Truckee Meadows
Fire Protection District
and Ex-Officio County Clerk,
Washoe County, Nevada

(End of Form of Notice of Public Hearing)

Section 5. A public hearing on the Bonds is hereby ordered to be held before the Board at the time, date and place specified in the notice set forth in Section 4 hereof, or as otherwise specified by the Fire Chief of the District, as the District's chief administrative officer (the "Fire Chief").

Section 6. The Bonds, in the event no petition is filed during the period allowed by NRS 350.020(3), shall be authorized by an ordinance or ordinances to be effective after the expiration of the above specified period of publication.

Section 7. The authority to issue the Bonds designated in the Proposal set forth in the notice shall be deemed and considered a continuing authority to issue and deliver the Bonds designated in such Proposal at one time or from time to time, in one series or in more than one series, all as ordered by the Board. Neither the partial exercise of the authority so conferred nor the lapse of time shall be considered as exhausting or limiting the full authority so conferred.

Section 8. The officers of the Board be, and they hereby are, authorized and directed to take all action necessary or appropriate to effectuate the provisions of this resolution, including without limitation, if necessary, assembling of financial and other information concerning the District, the Project and the Bonds, in the forms specified by the Fire Chief or designee. The Fire Chief or designee is hereby authorized to arrange for the issuance and sale of the Bonds, in one or more series, in a total principal amount of not more than $7,000,000 at such time or times as determined by the Fire Chief, in accordance with the Project Act and the Bond Act. The Fire Chief or designee is authorized to specify the terms of the Bonds, the method(s) of their sale, the series of the Bonds, the final principal amounts of the Bonds, the terms of their repayment and security therefor, and other details of the Bonds, and to advertise the Bonds for public sale, or negotiate the terms of the Bonds, subject to the Project Act and the Bond Act and subject to ratification by the Board by the adoption of one or more bond ordinances specifying the bond terms and details and approving their sale (the "Bond Ordinance"). The Fire Chief or designee shall present the proposed terms of the sales to the Board for its approval by adoption of the Bond Ordinance.

Section 9. All resolutions, or parts thereof, in conflict with the provisions of this resolution, are hereby repealed to the extent only of such inconsistency. This repealer shall not be constructed to revive any resolution, or part thereof, heretofore repealed.

Section 10. If any section, paragraph, clause or other provision of this resolution

shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause or other provision shall not affect any of the remaining provisions of this resolution.

Section 11. This resolution shall become effective and be in force immediately upon its adoption.

PASSED AND APPROVED on March 2, 2021.

SEAL OF WASHOE COUNTY, STATE OF NEVADA
SEAL
Attest:

Chair, ex officio Chair of the Board of
County Commissioners of Washoe County

Catherine Smith, Chief Deputy
Secretary, ex officio Clerk of Washoe County

STATE OF NEVADA)
) ss.
COUNTY OF WASHOE)

I am the duly chosen, qualified and acting Secretary of the Truckee Meadows Fire Protection District (the "District"), Nevada, do hereby certify:

1. The foregoing pages constitute a true, correct and compared copy of a resolution of the Board of Fire Commissioners (the "Board") adopted at a regular meeting of the Board held on March 2, 2021, and the original of such resolution has been approved and authenticated by the signature of the Chair of the Board and myself as Secretary, and has been recorded in the minutes of the Board kept for that purpose in my office, which record has been duly signed by such officers and properly sealed.

2. The members of the Board voted on the resolution as follows:

Those Voting Aye:	Kitty Jung Bob Lucey Vaughn Hartung Jeanne Herman Alexis Hill
Those Voting Nay:	_____
Those Absent:	_____

3. All members of the Board were given due and proper notice of such meeting.

4. Public notice of such meeting attached as Exhibit A was given and such meeting was held and conducted in full compliance with the provisions of NRS 241.020 and the Declaration of Emergency Directive 006 of the Nevada Governor dated March 22, 2020, as extended ("Directive 006"). A copy of the notice of meeting and excepts from the agenda for the meeting relating to the Resolution, as posted no later than 9:00 a.m. on the third working day prior to the meeting, were posted on the District's website and on the official website of the State of Nevada pursuant to NRS 232.2175.

5. Prior to 9:00 a.m. at least 3 working days before such meeting, such notice was mailed to each person, if any, who has requested notices of meetings of the Board in compliance with NRS 241.020(3)(b) by United States Mail, or if feasible and agreed to by the requestor, by electronic mail.

6. A copy of the Affidavit of Publication of the Notice of Intent is attached as Exhibit B. A copy of the Affidavit of Publication of the Notice of Public Hearing is attached as Exhibit C.

IN WITNESS WHEREOF, I have hereunto set my hand on March 2, 2021.

Notice of Meeting and Agenda

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT

10:00 a.m.

Tuesday, March 2, 2021

In Person and Online Viewing. Effective September 8, 2020, the public will be allowed in the Commission Chambers, not to exceed a total number of 25 persons within the Chambers at any given time. Due to evolving concerns for public safety resulting from the COVID-19 emergency and pursuant to the Governor of Nevada's Declaration of Emergency Directive 006 Section 1 (extended by later Directives the most recent of which is Directive 029), which suspends the requirement in NRS 241.023(1)(b) that there be a physical location designated for meetings of public bodies where members of the public are permitted to attend and participate, future meetings may be held by teleconference only. Any member of the public wanting to attend, participate or provide public comment in-person at meetings should review the Board's agenda posted online at https://tmfpd.us/agendas-minutes/ to determine whether in-person attendance has been suspended by the Governor or Board.

This meeting will be held with limited in person attendance and via Zoom teleconference at https://us02web.zoom.us/j/86575753071.

NOTE: This option will require a computer with audio and video capabilities and downloading the ZOOM application. This meeting will also be televised live and replayed on Washoe Channel at: https://www.washoecounty.us/mgrsoff/Communications/wctv-live.php and on Youtube at: https://www.youtube.com/user/WashoeCountyTV.

NOTE: Items on the agenda may be taken out of order; combined with other items; removed from the agenda; moved to the agenda of another meeting; moved to or from the Consent section; or may be voted on in a block. Items with a specific time designation will not be heard prior to the stated time but may be heard later.

The Washoe County Commission Chambers is accessible to the disabled. If you require special arrangements for the meeting, call the Truckee Meadows Fire Protection District Office, 775-326-6000, 24-hours prior to the meeting.

Time Limits. Public comments are welcomed during the Public Comment periods for all matters, whether listed on the agenda or not, and are limited to three minutes per person. Additionally, public comment of three minutes per person will be heard during individual action items on the agenda. Persons are invited to submit comments in writing on the agenda items and/or attend and make comment on that item at the Board meeting. Persons may not allocate unused time to other speakers.

Forum Restrictions and Orderly Conduct of Business. The Board conducts the business of the District and its citizens during its meetings. The presiding officer may order the removal of any person whose statement or other conduct disrupts the orderly, efficient or safe conduct of the meeting. Warnings against disruptive comments or behavior may or may not be given prior to removal. The viewpoint of a speaker will not be restricted, but reasonable restrictions may be imposed upon the time, place and manner of speech. Irrelevant and unduly repetitious statements and personal attacks which antagonize or incite others are examples of speech that may be reasonably limited.

Public Comment. Public comment, whether on action items or general public comment, is limited to three (3) minutes per person. No action may be taken on a matter raised under general public comment until the matter is included on an agenda as an item on which action may be taken. Anyone wishing to provide live public comment may do so in-person, subject to the 25-person limitation described above, or by teleconference during the hearing by logging into the ZOOM webinar by accessing the following link: https://us02web.zoom.us/j/86575753071.

NOTE: This option will require a computer with audio and video capabilities and downloading the ZOOM application.
Members of the public may also submit comments by mail, email to Washoe311@washoecounty.us. The District will make reasonable efforts to include all comments received by email and voicemail into the record. Please try to provide email comments by 4:00 p.m. the day prior to the meeting. Comments are limited to 3 minutes per person.

Pursuant to NRS 241.020, the Agenda for the Board of Fire Commissioners has been electronically posted at https://tmfpd.us/agendas-minutes/ and https://notice.nv.gov. Pursuant to Section 3 of the Declaration of Emergency Directive 006 ("Directive 006"), the requirement contained in NRS 241.023(1)(b) that there be a physical location designated for meetings of public bodies where members of the public are permitted to attend and further, the requirement that notice agendas be physically posted within the State of Nevada has been suspended.

Support documentation for the items on the agenda, provided to the Board of Fire Commissioners is available to members of the public at the District's Admin. Office (3663 Barron Way, Reno, Nevada) Sandy Francis, Administrative Assistant I, phone (775) 328-6124 and on the Truckee Meadows Fire Protection District's website at https://tmfpd.us/agendas-minutes/ and https://notice.nv.gov

1. Salute to the Flag
2. Call to order/roll call
3. Public Comment - Comment heard under this item will be limited to three minutes per person and may pertain to matters both on and off the Board of Fire Commissioners agenda. The District will also hear public comment during individual action items, with comment limited to three minutes per person. Comments are to be made to the Board of Fire Commissioners as a whole.
4. Commissioners'/Fire Chief's announcements, requests for information, topics for future agendas, and statements relating to items not on the Agenda. (No discussion among Commissioners will take place on this item).
5. Consent Items:

   A. Recommendation to approve the meeting minutes from the February 2, 2021 Board of Fire Commissioners Meeting. FOR POSSIBLE ACTION

   Attachments: Item #5A 2021-02-02 Draft Meeting Minutes

   B. Recommendation to approve an agreement to retain Eide Bailly LLP to perform independent audit services for Truckee Meadows Fire Protection District for the Fiscal Year 20/21 in an amount not to exceed $36,000. Audit Services are professional in nature and therefore exempt from competitive bidding requirements pursuant to NRS 332.115. This audit is being done to satisfy NRS 354.624, which requires each local government to provide for an annual audit of financial statements by a certified public accountant registered in the State of Nevada and to notify the state of this engagement by March 31st of each fiscal year. (All Commission Districts) FOR POSSIBLE ACTION

NOTICE OF THE INTENT OF THE BOARD OF FIRE COMMISSIONERS OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT TO ISSUE GENERAL OBLIGATION (LIMITED TAX) CAPITAL IMPROVEMENT BONDS OF THE DISTRICT ADDITIONALLY SECURED BY PLEDGED REVENUES.

NOTICE IS HEREBY GIVEN that the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "Board" and the "District"), by a resolution, passed, adopted and approved on March 2, 2021, has made the following proposal (the "Proposal") for the issuance of the District's General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) (the "Bonds") designated below, as follows:

GENERAL OBLIGATION CAPITAL IMPROVEMENT BONDS ADDITIONALLY SECURED BY PLEDGED REVENUES PROPOSAL:

Shall the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "District") in the State of Nevada, be authorized to incur a general obligation indebtedness on behalf of the District by the issuance at one time, or from time to time, of the District's general obligation (limited tax) capital improvement bonds (additionally secured by pledged revenues), in one series or more, in the aggregate principal amount of not exceeding $7,000,000 for the purpose of financing, wholly or in part, the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, the bonds to mature commencing not later than five (5) years from the date or respective dates of the bonds and ending not later than thirty (30) years therefrom, to bear interest at a rate or rates not in excess of the statutory maximum rate in effect at the time bonds are sold, to be payable from general (ad valorem) taxes (except to the extent pledged revenues and other moneys are available therefor), and to be issued and sold at par, or below or above par, and otherwise in such manner, upon such terms and conditions, and with such other detail as the Board may determine, including at its option but not necessarily limited to provisions for the redemption of bonds prior to maturity without or with the payment of a premium?

The Proposal was approved by the Debt Management Commission of Washoe County, Nevada.

The Board has determined that the Bonds to be issued for the purpose of financing the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor (as further described in the above Proposal) will be additionally secured by a pledge of 15% of certain proceeds of liquor taxes, tobacco taxes, real property transfer taxes, basic governmental services tax and basic and supplemental sales taxes distributed to the District (the "Pledged Revenues"). The Board has, in addition, determined, based upon a revenue study, that the Pledged Revenues will at least equal the amount required in each year for the payment of the interest on and the principal of the Bonds.

Based upon this determination, the Board intends to incur this general obligation as set forth above without an election as provided in NRS 350.020(3), unless within ninety (90) days after the publication of this notice a petition requesting an election is presented to the Board signed by not fewer than five percent (5%) of the registered voters of the District. The number of registered voters is to be determined as of the close of registration for the last preceding general election.

At a meeting or meetings of the Board, the Board shall proceed to adopt an ordinance or ordinances authorizing the issuance of the Bonds which shall be effective not earlier than ninety (90) days after the publication of this notice. Such ordinance or ordinances authorizing the issuance of the Bonds will be effective unless prior to 5:00 p.m. on June 4, 2021, a petition is presented to the Board asking for an election upon the question of whether or not the proposed general obligations shall be incurred. The petition for an election herein referred to may be filed with the Board no later than 5:00 p.m. on June 4, 2021 at the office of the Secretary of the District, ex officio Washoe County Clerk (the "Secretary"), 1001 East Ninth Street, Building A, Reno, Nevada, during regular office hours of the Secretary. In the event such petition is presented, no such ordinance or ordinances shall be effective except pursuant to an election called and held for such purpose and carried by a majority of the votes cast. In the event no such petition is presented, the Bonds will be authorized as described above. The ordinance or ordinances authorizing the Bonds will, in addition, contain provisions for additionally securing the payment of the general obligations by pledging the Pledged Revenues designated above and in the Proposal to the payment of the Bonds.

The authority to issue the Bonds if conferred at an election or if conferred by the fact no petition is presented to the Board requesting such an election within ninety (90) days of the date of publication hereof shall be deemed to be a continuing authority and the Board shall be authorized to sell the Bonds at such time or times and upon such terms and conditions as it deems proper in accordance with the provisions of the Proposal and the laws of the State of Nevada.

All persons interested are hereby advised that further information regarding the project to be financed by the Bonds, the Bonds and the Pledged Revenues, and all proceedings in the premises, are on file in the office of the Secretary, 1001 East Ninth Street, Building A, Reno, Nevada, and can be seen and examined by the interested persons during the regular office hours of the Secretary or to receive information electronically by making a request to the Administrative Assistant of the District at 775-328-6124. All persons interested may also obtain additional information regarding the contents of and filing requirements for the petition referred to herein at the office of the Secretary, 1001 East Ninth Street, Building A, Reno, Nevada, and can be seen and examined by the interested persons during the regular office hours of the Secretary.

The determination by the Board that the Pledged Revenues will at least equal the amount required in each year for the payment of interest and principal on the Bonds becomes conclusive on the last day for filing the petition, i.e., on June 4, 2021 at 5:00 p.m.

NOTICE OF PUBLIC HEARING ON THE INTENT OF THE BOARD OF TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, TO ISSUE GENERAL OBLIGATION (LIMITED TAX) CAPITAL IMPROVEMENT BONDS OF THE DISTRICT ADDITIONALLY SECURED BY PLEDGED REVENUES.

NOTICE IS HEREBY GIVEN that the Board of Fire Commissioners (the "Board") of the Truckee Meadows Fire Protection District (the "District"), by a resolution, passed, adopted, signed and approved on March 2, 2021, has made the following proposal (the "Proposal") for the issuance of the District's General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) (the "Bonds") designated below, as follows:

GENERAL OBLIGATION CAPITAL IMPROVEMENT BONDS ADDITIONALLY SECURED BY PLEDGED REVENUES PROPOSAL:

Shall the Board of Fire Commissioners of the Truckee Meadows Fire Protection District (the "District") in the State of Nevada, be authorized to incur a general obligation indebtedness on behalf of the District by the issuance at one time, or from time to time, of the District's general obligation (limited tax) capital improvement bonds (additionally secured by pledged revenues), in one series or more, in the aggregate principal amount of not exceeding $7,000,000 for the purpose of financing, wholly or in part, the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, the bonds to mature commencing not later than five (5) years from the date or respective dates of the bonds and ending not later than thirty (30) years therefrom, to bear interest at a rate or rates not in excess of the statutory maximum rate in effect at the time bonds are sold, to be payable from general (ad valorem) taxes (except to the extent pledged revenues and other moneys are available therefor), and to be issued and sold at par, or below or above par, and otherwise in such manner, upon such terms and conditions, and with such other detail as the Board may determine, including at its option but not necessarily limited to provisions for the redemption of bonds prior to maturity without or with the payment of a premium?

The Proposal was approved by the Debt Management Commission of Washoe County, Nevada.

The Board has determined that the Bonds to be issued for the purpose of financing the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor (as further described in the above Proposal) will be additionally secured by a pledge of 15% of certain proceeds of liquor taxes, tobacco taxes, real property transfer taxes, basic governmental services tax and basic and supplemental sales taxes distributed to the District (the "Pledged Revenues"). The Board has, in addition, determined, based upon a revenue study, that the Pledged Revenues will at least equal the amount required in each year for the payment of the interest on and the principal of the Bonds.

All persons interested are hereby advised that the Board will hold a public hearing on the Proposal on May 4, 2021, at 10:00 a.m., at the Washoe County Administration Complex, 1001 East Ninth Street, Reno, Nevada or if no physical location where members of the public can attend is provided, the means for the public to provide public comment will be on the public notice agenda posted on the District's website at https://www.washoecounty.us/tmfpd/fire_commissioners/index.php and on the State of Nevada's website at https://notice.nv.gov/. All persons are invited to attend and to be heard regarding the Proposal. Further information regarding the Proposal, the Project to be financed by the Bonds, the Bonds and the Pledged Revenues to be pledged to the Bonds, and all proceedings, are on file in the Office of the Secretary of the District, ex officio County Clerk (the "Secretary"), 1001 East Ninth Street, Building A, Reno, Nevada, and may be seen and examined by the interested persons during the regular office hours of the Secretary or to receive information electronically by making a request to the Administrative Assistant of the District at 775-328-6124.

BY ORDER of the Board of Fire Commissioners of Truckee Meadows Fire Protection District.

Summary - a resolution authorizing the issuance of the District's General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021.

RESOLUTION NO. TM11-2021

A RESOLUTION AUTHORIZING THE ISSUANCE OF THE "TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA, GENERAL OBLIGATION (LIMITED TAX) CAPITAL IMPROVEMENT BONDS (ADDITIONALLY SECURED BY PLEDGED REVENUES), SERIES 2021," FOR FIRE STATION PROJECTS; AND PROVIDING THE FORM, TERMS AND CONDITIONS OF THE BOND AND OTHER DETAILS IN CONNECTION THEREWITH.

WHEREAS, the Truckee Meadows Fire Protection District, Nevada (the "District" and the "State," respectively) is a political subdivision of the State duly organized and operating as a fire district under the provisions of Nevada Revised Statutes ("NRS") 474.460 through 474.540 (the "Fire Protection Act" or the "Project Act"); and

WHEREAS, the Board of Fire Commissioners of the District (the "Board") has determined and does hereby declare pursuant to Nevada Revised Statutes ("NRS") 474.460 through 474.540, inclusive (the "Project Act"), and pursuant to chapter 350 of NRS and all laws amendatory thereof and NRS Sections Chapter 360.600 to 360.740, inclusive (the "Consolidated Tax Act"), the District is authorized and empowered to use certain proceeds of taxes distributed to and imposed within the District pursuant to the Consolidated Tax Act (the "Consolidated Tax") to pledge to bonds in accordance with the provisions of NRS 350.500 through 350.720, inclusive, cited in NRS 350.500 thereof by the short title "Local Government Securities Law" (the "Bond Act") to finance the cost of acquiring properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor (the "Project") and to evidence such borrowing by the issuance of bonds in accordance with the provisions of the Bond Act; and

WHEREAS, the District has previously issued its:

a. General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2020 (the "2020 Bond"), which are

secured in whole or in part by the revenues derived from 15% of the proceeds of the Consolidated Tax and distributed to the District (the "Pledged Revenues"); and

WHEREAS, other than the 2020 Bond, the District has never pledged nor in any way hypothecated the Pledged Revenues to the payment of any bonds or for any other purpose; and

WHEREAS, the District has determined and hereby determines that it is necessary and in the best interests of the District and its citizens that the Project be acquired, constructed and equipped; and

WHEREAS, the District has submitted to the Debt Management Commission of Washoe County (the "Commission") the District's proposal to issue its general obligation bonds additionally secured by pledged revenues in the maximum principal amount of $7,000,000 (the "Proposal"); and

WHEREAS, the District has determined that, based upon studies and reports pertaining thereto, the Pledged Revenues will at least equal the amount required in each year for the payment of the interest on and principal of the Outstanding securities payable therefrom and the Bonds proposed to be issued pursuant to the Proposal, without regard to any option reserved by the District for early redemption (the "Finding"); and

WHEREAS, the Commission has heretofore approved the Proposal and the Finding; and

WHEREAS, pursuant to a resolution passed and adopted by the Board, a notice of adoption of the resolution of intent to issue the bonds and a notice of public hearing were published in a newspaper of general circulation in the District; and

WHEREAS, no other bonds have been issued from the authority set forth in the Proposal and therefore, the District hereby provides for the public sale of the Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bond (Additionally Secured by Pledged Revenues), Series 2021 (the "Bonds") in the maximum principal amount of $7,000,000 to finance the Project; and

WHEREAS, after notice inviting bids for their purchase, the District's Chief Fiscal Officer, as the District's chief financial officer (the "Chief Fiscal Officer"), or in such officer's absence, the District's Fire Chief, as the District's chief administrative officer (the "Fire Chief"), is authorized to sell the Bonds to the best bidder therefor (the "Purchaser") and to accept the bond purchase proposal submitted by the Purchaser (the "Purchase Proposal") for the purchase of the Bonds at a price equal to the principal amount of the Bonds, plus accrued interest on the Bonds, if any, from their date to the date of their delivery, less a discount not exceeding 9% of the principal amount thereof or plus a premium, all as specified by the Chief Fiscal Officer or the Fire Chief in a certificate dated on or before the date of delivery of the Bonds (the "Certificate of the District"), and otherwise upon the terms and conditions provided in this Resolution; and

WHEREAS, the Board has found and determined and hereby declares:

A. This Resolution pertains to the sale, issuance, and payment of the Bonds.

B. Each of the limitations and other conditions to the issuance of the Bonds in the Project Act, the Bond Act and in any other relevant act of the State or the Federal Government, has been met; and pursuant to NRS 350.708, this determination of the Board that the limitations in the Bond Act have been met shall be conclusive in the absence of fraud or arbitrary or gross abuse of discretion.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF FIRE COMMISSIONERS OF THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA:

ARTICLE I.

SHORT TITLE, DEFINITIONS, INTERPRETATION,
RATIFICATION, TRANSMITTAL, AND EFFECTIVE DATE

Section 101 Short Title. This Resolution shall be known as and may be designated by the short title "2021 Bond Resolution" (this "Resolution").

Section 102 Meanings and Construction.

A. Definitions. The terms in this Section defined for all purposes of this Resolution and of any instrument amendatory hereof or supplemental hereto, and of any other instrument or any other document relating hereto, except where the context by clear implication otherwise requires, shall have the meanings herein specified:

"Acquisition Account" means the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Project Construction and Other Acquisition Account" created in Section 401 herein.

"annual principal and interest requirements" means the sum of the principal of and interest on the Outstanding Bonds and any other Outstanding designated securities payable from the Pledged Revenues having a lien thereon superior to or on a parity with the lien thereon of the Bonds, to be paid during any Bond Year, but excluding any reserve requirements to secure such payments unless otherwise expressly provided and excluding any amount payable from capitalized interest. In calculating this amount, the principal amount of bonds required to be redeemed prior to maturity pursuant to a mandatory redemption schedule contained in the Resolution or other instrument authorizing the issuance of such bonds (e.g., the schedule, if any, set forth in the Certificate of the District) shall be treated as maturing in the Bond Year in which such bonds are so required to be redeemed, rather than in the Bond Year in which the stated maturity of such bonds occurs.

"Board" " means the Board of Fire Commissioners of the District, in the State of Nevada, including any successor of the District.

"Bond Act" means NRS 350.500 through 350.720, and all laws amendatory thereof, designated in NRS 350.500 as the Local Government Securities Law.

"Bond Fund" means the special accounts designated as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Principal Account," and "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Interest Account," created herein, and required to be accumulated and maintained in Section 604 hereof which shall be held separate and apart from the Income Fund.

"Bond Requirements" means the principal of, any prior redemption or prepayment premiums due in connection with, and the interest on the Bonds and the 2020 Bond and any additional bonds or other additional securities payable from the Pledged Revenues and hereafter issued, or such part of such securities or such other securities as may be designated, as such principal, premiums and interest become due at maturity or on a Redemption Date designated in a mandatory redemption schedule, in a notice of prior redemption, or otherwise.

"Bonds" means the securities issued hereunder and designated as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021."

"Bond Year" means the 12 months commencing on July 1 of any calendar year and ending on June 30 of the next succeeding calendar year.

"Budget Act" means NRS 354.470 to 354.626, inclusive, and all laws amendatory thereof, designated in NRS 354.470 as the Local Government Budget and Finance Act.

"Chair" means the de jure or de facto Chair of the Board of the District and designated as such by the District, or successor in functions, if any.

"Chief Fiscal Officer" means the Chief Fiscal Officer of the District or any other officer designated by the District as the de jure or de facto chief financial officer of the District for purposes of NRS 350.165.

"Clerk" or "District Secretary" means the de jure or de facto clerk of the District and designated as such by the District, or successor in functions, if any.

"combined maximum annual principal and interest requirements" means the greatest of the annual principal and interest requirements to be paid during any Bond Year for the period beginning with the Bond Year in which such computation is made and ending with the Bond

Year in which any bond last becomes due at maturity or on a Redemption Date on which any bond thereafter maturing is called for prior redemption. If any outstanding bonds are subject to variable interest rates, for the purpose of such computation, such interest rates shall be determined by an Independent Accountant, an independent feasibility consultant or the Chief Fiscal Officer. Any such computation shall be adjusted as provided in Section 803C hereof, and shall be made by an Independent Accountant, an independent feasibility consultant or the Chief Fiscal Officer if expressly so required.

"Comparable Bond Year" means, in connection with any Fiscal Year, the Bond Year which ends in the Fiscal Year.

"Consolidated Tax Act" means, collectively, NRS 360.600 to 360.740, inclusive, as amended from time to time.

"Cost of the Project" means all or any part designated by the District of the cost of the Project, which cost, at the option of the District, except as limited by law, may include all or any part of the incidental costs relating to the Project, including, without limitation:

a. Preliminary expenses advanced by the District from funds available for use therefor or from any other source, or advanced with the approval of the District from funds available therefor or from any other source by the State, the Federal Government, or by any other Person with the approval of the District (or any combination thereof);

b. The costs in the making of surveys, audits, preliminary plans, other plans, specifications, estimates of costs, and other preliminaries;

c. The costs of premiums on builders' risk insurance and performance bonds, or a reasonably allocable share thereof;

d. The costs of appraising, printing, estimates, advice, services of engineers, architects, accountants, financial consultants, attorneys at law, clerical help, or other agents or employees;

e. The costs of making, publishing, posting, mailing and otherwise giving any notice in connection with the Project, the filing or recordation of instruments, the taking

of options, the issuance of the Bonds and any other securities relating to the Project, and bank fees and expenses;

f. The costs of contingencies;

g. The costs of the capitalization with the proceeds of the Bonds of any interest on the bonds or other securities for any period not exceeding the period estimated by the District to effect the Project plus one year, of any discount on the bonds or other securities, and of any reserves for the payment of the principal of and interest on the Bonds or other securities, of any replacement expenses, and of any other cost of the issuance of the Bonds or other securities relating to the Project;

h. The costs of amending any Resolution, resolution or other instrument authorizing the issuance of or otherwise relating to the Outstanding Bonds or other securities relating to the Project;

i. The costs of funding any medium-term obligations, emergency loans, construction loans and other temporary loans not exceeding 10 years relating to the Project and of the incidental expenses incurred in connection with such loans;

j. The costs of any properties, rights, easements or other interests in properties, or any licenses, privileges, agreements and franchises;

k. The costs of demolishing, removing or relocating any buildings, structures or other facilities on land acquired for the Project, and of acquiring lands to which such buildings, structures or other facilities may be moved or relocated; and

l. All other expenses necessary or desirable and relating to the Project, as estimated or otherwise ascertained by the District. The Board hereby determines that the costs of issuance of the Bonds are necessary or desirable and related to the Project.

"District Treasurer" or "Treasurer" means the de jure or de facto District treasurer of the District and designated as such by the District.

"Events of Default" means the events stated in Section 1103 hereof.

"Federal Government" means the United States, or any agency, instrumentality or corporation thereof.

"Federal Securities" means bills, certificates of indebtedness, notes, bonds or similar securities which are direct obligations of, or the principal and interest of which securities are unconditionally guaranteed by, the United States.

"Fire Chief" means the Fire Chief of the District or any other officer designated by the District as the de jure or de facto chief administrative officer of the District for purposes of NRS 350.165.

"Fiscal Year" means the 12 months commencing on July 1 of any calendar year and ending on June 30 of the next succeeding calendar year; but if the Nevada legislature changes the statutory fiscal year relating to the District, the Fiscal Year shall conform to such modified statutory fiscal year from the time of each such modification, if any.

"General Taxes" or "Taxes" means general (ad valorem) taxes levied by the District against all taxable property within the boundaries of the District (unless otherwise qualified).

"hereby," "herein," "hereinabove," "hereinafter," "hereinbefore," "hereof," and any similar term refer to this Resolution and not solely to the particular portion thereof in which the word is used; "heretofore" means before the adoption of this Resolution; and "hereafter" means after the adoption of this Resolution.

"Income Fund" means the special account designated as the "Truckee Meadows Fire Protection District, Nevada, Consolidated Tax Pledged Revenues Income Fund" previously created and continued herein, which shall be held separate and apart from the Bond Fund.

"Independent Accountant" means any certified public accountant, or any firm of certified public accountants, duly licensed to practice and practicing as such under the laws of the State, as from time to time appointed and compensated by the District:

a. Who or which is, in fact, independent and not under the domination of the District;

b. Who or which does not have any substantial interest, direct or indirect, with the District, and

c. Who or which is not connected with the District as an officer or employee thereof, but who may be regularly retained to make annual or similar audits of any books or records of the District.

"Interest Account" means the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Interest Account," created in Section 501 hereof.

"NRS" means Nevada Revised Statutes.

"newspaper" means a newspaper printed in the English language, published at least once each calendar week.

"Outstanding" when used with reference to the Bonds or any other designated securities and as of any particular date means all the Bonds or any such other securities payable from the Pledged Revenues, as the case may be, in any manner theretofore and thereupon being executed and delivered:

a. Except any Bond or other security canceled by the District, by the Paying Agent or otherwise on the District's behalf, at or before such date;

b. Except any Bond or other security the payment of which is then due or past due and moneys fully sufficient to pay the same are on deposit with the Paying Agent;

c. Except any Bond or other security for the payment or the redemption of which moneys at least equal to the District's Bond Requirements to the date of maturity or to any Redemption Date, shall have heretofore been deposited with a Trust Bank in escrow or in trust for that purpose, as provided in Section 1001 hereof; and

d. Except any Bond or other security in lieu of or in substitution for which another bond or other security shall have been executed and delivered pursuant to Sections 306 or 1209 hereof.

"owner" or any similar term, when used in conjunction with any Bonds, or any other designated securities, means the registered owner of any Bonds or other security which is registrable for payment if it shall at the time be registered for payment otherwise than to bearer.

"Parity Securities" means the 2020 Bond and bonds or securities hereafter issued which have a lien on the Pledged Revenues that is on a parity with the lien thereon of the Bonds herein authorized.

"Paying Agent" means Zions Bancorporation, National Association or any successor which may be appointed from time to time as paying agent for the Bonds.

"Person" means a corporation, firm, other body corporate (including, without limitation, the Federal Government, the State, or any other body corporate and politic other than the District), partnership, association or individual, and also includes an executor, administrator, trustee, receiver or other representative appointed according to law.

"Pledged Revenues" means a 15% portion of all income and revenue derived by the District from the imposition and collection of the Consolidated Tax and distributed to the District and imposed pursuant to the Consolidated Tax Act. The Pledged Revenues means all or a portion of the Pledged Revenues. The designated term indicates sources of revenues and does not necessarily indicate all or any portion or other part of such revenues in the absence of further qualification. "Pledged Revenues" includes income derived from any supplemental Consolidated Tax imposed by the District if the Board is authorized to include and specifically elects to include the additional tax in "Pledged Revenues" for the remaining term of the Bonds.

"Principal Account" means the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Principal Account," created in Section 501 hereof.

"Project" means the means the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor.

"Project Act" means NRS 474.460 through 474.540, inclusive, as amended from time to time.

"Rebate Account" means the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Rebate Account" created in Section 607 hereof.

"Redemption Date" means a date fixed for the redemption prior to their respective maturities of any Bonds or other designated securities payable from any Pledged Revenues in any mandatory redemption schedules, or in any notice of prior redemption or otherwise fixed and designated by the District.

"Redemption Price" means, when used with respect to a Bond or other designated security payable from any Pledged Revenues, the principal amount thereof plus the applicable premium, if any, payable upon the redemption thereof prior to the stated maturity date of such Bond or other security on a Redemption Date in the manner contemplated in accordance with the security's terms.

"Registrar" means Zions Bancorporation, National Association or any successor which may be appointed from time to time as registrar for the Bonds.

"Regular Record Date" means the 15th day of the calendar month next preceding each interest payment date.

"Special Record Date" means a special date fixed by the Paying Agent to determine the names and addresses of owners of the Bonds for the payment of any defaulted interest on any of the Bonds, as further provided in Section 302 hereof. At least 10 days' notice will be given by the Paying Agent electronically or otherwise to each owner of a Bond as stated on the Registrar's registration list at the close of business on a date fixed by the Paying Agent, stating the date of the Special Record Date and the due date fixed for the payment of such defaulted interest.

"State" means the State of Nevada.

"Subordinate Securities" means bonds or securities which have a lien on the Pledged Revenues that is subordinate and junior to the lien thereon of the Bonds herein authorized.

"Superior Securities" means bonds or securities which have a lien on the Pledged Revenues that is superior to the lien thereon of the 2020 Bond and the Bonds herein authorized.

"Tax Code" means the Internal Revenue Code of 1986, as amended to the date of delivery of the Bonds.

"Taxes" means General Taxes.

"Trust Bank" means a state or national bank or trust company which is a member of the Federal Deposit Insurance Corporation and which is located within the United States, which

bank is authorized to exercise and is exercising trust powers, and also means any branch of the Federal Reserve Bank.

B. Construction. This Resolution, except where the context by clear implication herein otherwise requires, shall be construed as follows:

(1) Words in the singular number include the plural, and words in the plural include the singular.

(2) Words in the masculine gender include the feminine and the neuter, and when the sense so indicates words of the neuter gender refer to any gender.

(3) The titles and leadlines applied to articles, sections, subsections and paragraphs of this Resolution are inserted only as a matter of convenience and ease in reference and in no way define, limit or describe the scope or intent of any provisions of this Resolution.

(4) Any securities payable from any Pledged Revenues and held by the District shall not be deemed to be Outstanding for the purpose of redemption nor Outstanding for the purpose of consents hereunder or for other purposes provided herein.

Section 103 Successors. Whenever herein the District is named or is referred to, such provision shall be deemed to include any successors of the District, respectively, whether so expressed or not. All of the covenants, stipulations, obligations and agreements by or on behalf of and other provisions for the benefit of the District contained herein shall bind and inure to the benefit of any officer, board, district, commission, authority, agent or instrumentality to whom or to which there shall be transferred by or in accordance with law any right, power or duty of the District or of their respective successors, if any, the possession of which is necessary or appropriate in order to comply with any such covenants, stipulations, obligations, agreements or other provisions hereof.

Section 104 Parties Interested Herein. Except as herein otherwise expressly provided, nothing herein expressed or implied confers upon or gives to any Person (other than the Paying Agent, the insurer of the Bonds, if any, the owners from time to time of the Bonds,

and the owners of any other securities payable from Pledged Revenues when reference is expressly made thereto, as well as the District) any right, remedy or claim under or by reason hereof or any covenant, condition or stipulation hereof. All the covenants, stipulations, promises and agreements herein contained by and on behalf of the District shall be for the sole and exclusive benefit of the District, the Paying Agent, the insurer of the Bonds, if any, any owner of any Bonds and any owner of any such other security in the event of such a reference.

Section 105 Ratification. All action heretofore taken (not inconsistent with the provisions of this Resolution) by the District, the officers of the District, and otherwise by the District directed toward the Project and toward the sale of the Bonds to the Purchaser for that purpose, hereby is ratified, approved and confirmed.

Section 106 Resolution Irrepealable. After any of the Bonds are issued, this Resolution shall constitute an irrevocable contract between the District and the owner or owners of the Bonds; and this Resolution (subject to the provisions of Section 1001 and of Article XII hereof), if any Bonds are in fact issued, shall be and shall remain irrepealable until the Bonds, as to all Bond Requirements, shall be fully paid, canceled and discharged, except as herein otherwise expressly provided.

Section 107 Repealer. All bylaws, orders and other instruments, or parts thereof, inconsistent herewith are hereby repealed to the extent only of the inconsistency. This repealer shall not be construed to revive any bylaw, order or other instrument, or part thereof, heretofore repealed.

Section 108 Severability. If any section, subsection, paragraph, clause or other provision of this Resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, subsection, paragraph, clause or other provision shall not affect any of the remaining provisions of this Resolution.

Section 109 Effective Date. The Board hereby determines that this Resolution pertains to the sale, issuance and payment of the Bonds and may become effective immediately upon adoption.

ARTICLE II.

DISTRICT'S DETERMINATIONS, AUTHORITY FOR AND AUTHORIZATION OF PROJECT, NECESSITY OF PROJECT AND BONDS, PROJECT COST, AND OBLIGATION OF DISTRICT

Section 201 Authorization for this Resolution. This Resolution is adopted by virtue of the Project Act, Consolidated Tax Act and the Bond Act and pursuant to their provisions; and the District has ascertained and hereby determines that each and every matter and thing as to which provision is made herein is necessary in order to carry out and to effectuate the purposes of the District in accordance with the Project Act, the Consolidated Tax Act and the Bond Act, and as provided in NRS 350.708 all limitations in the Bond Act imposed upon the issuance of bonds or other securities thereunder have been met and the total cost, capacity, type, and plans and specifications of and for the construction, installation and other acquisition of the improvements with respect to the Project, to the extent heretofore prepared, have been and hereby are approved.

Section 202 Life of the Project. The District has determined and does hereby declare:

A. Estimated Life. The estimated life or estimated period of usefulness of the Project to be financed with the proceeds of the Bonds is not less than 20 years; and

B. Bond Term. The Bonds shall mature at times not exceeding such estimated life or estimated period of usefulness.

Section 203 Necessity of Project and Bonds. It is necessary and for the best interests of the District and the inhabitants thereof that the District effect the Project and defray the cost thereof by issuing the Bonds therefor; and it is hereby so determined and declared.

Section 204 Acceptance of Purchase Proposal; Authorization of Use of Preliminary and Final Official Statements. In accordance with the Project Act, Chapter 350 of NRS and with this Resolution, the Chief Fiscal Officer, or in such officer's absence the Fire Chief, is authorized to accept the Purchase Proposal submitted by the Purchaser, subject to the terms and conditions specified herein. The preliminary official statement concerning the Bonds

(the "Preliminary Official Statement") is hereby authorized and the Chief Fiscal Officer, or in such officer's absence the Fire Chief, is hereby authorized to deem the Preliminary Official Statement "final" for purposes of Rule 15c2-12 of the Securities and Exchange Commission. The distribution, use of and execution of the Preliminary Official Statement is hereby approved, authorized, ratified and confirmed. The preparation of a final official statement in substantially the form of the Preliminary Official Statement with such amendments, additions and deletions as are consistent with the facts and not inconsistent herewith as may be approved by the Chief Fiscal Officer (the "Final Official Statement") and the distribution of the Final Official Statement are hereby authorized, directed and approved. The Chief Fiscal Officer is hereby authorized and directed to affix such officer's signature to the Final Official Statement for and on behalf of the Board. The Chief Fiscal Officer, or in such officer's absence the Fire Chief, is authorized to accept the Bond Purchase Proposal submitted by the Purchaser by executing the Certificate of the District, subject to the terms and conditions specified herein.

Section 205 Authorization of Project. The District does hereby determine to proceed with the Project as hereinabove delineated; and the Project is hereby so authorized.

Section 206 Bonds Equally Secured. The covenants and agreements herein set forth to be performed on behalf of the District shall be for the equal benefit, protection and security of the owners of any and all of the Outstanding Bonds, all of which, regardless of the time or times of their issue or maturity, shall be of equal rank without preference, priority or distinction of any of the Bonds over any other thereof, except as otherwise expressly provided in or pursuant to this Resolution.
