FINANCIAL ASSURANCE 3: Financial Assurance Information Listing

Information for underground storage tanks. The certificate may be used to demonstrate financial responsibility in accordance with NAC 459.995. The Nevada Petroleum Fund is approved by the U.S. E.P.A. as a State Fund (40 CFR 280.101) program. The Fund is required to carry forward a minimum balance of $7,500,000 for each fiscal year, and assures up to $1,000,000 per tank system for clean up costs and $1,000,000 per tank system for damages to third parties due to an accidental release, less any applicable co-payment. Failure to meet Federal and State release reporting requirements may result in reduction or denial of Petroleum Fund coverage.

HMRI: Hazardous Materials Repository Information Data

Emergency Planning and Community Right-to-Know Act (EPCRA) required facilities which store or manufacture hazardous materials to prepare and submit a chemical inventory report by March 1st of each year to the State Emergency Response Commission (SERC), LEPC and the local fire department. The inventory form must include information on all hazardous chemicals present at the facility during the previous calendar year in amounts that meet or exceed thresholds.

EDR HIGH RISK HISTORICAL RECORDS

EDR Exclusive Records

EDR MGP: EDR Proprietary Manufactured Gas Plants

The EDR Proprietary Manufactured Gas Plant Database includes records of coal gas plants (manufactured gas plants) compiled by EDR's researchers. Manufactured gas sites were used in the United States from the 1800's to 1950's to produce a gas that could be distributed and used as fuel. These plants used whale oil, rosin, coal, or a mixture of coal, oil, and water that also produced a significant amount of waste. Many of the byproducts of the gas production, such as coal tar (oily waste containing volatile and non-volatile chemicals), sludges, oils and other compounds are potentially hazardous to human health and the environment. The byproduct from this process was frequently disposed of directly at the plant site and can remain or spread slowly, serving as a continuous source of soil and groundwater contamination.

EDR Hist Auto: EDR Exclusive Historical Auto Stations

EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

EDR’s GeoCheck Physical Setting Source Addendum is provided to assist the environmental professional in forming an opinion about the impact of potential contaminant migration.

Assessment of the impact of contaminant migration generally has two principle investigative components:

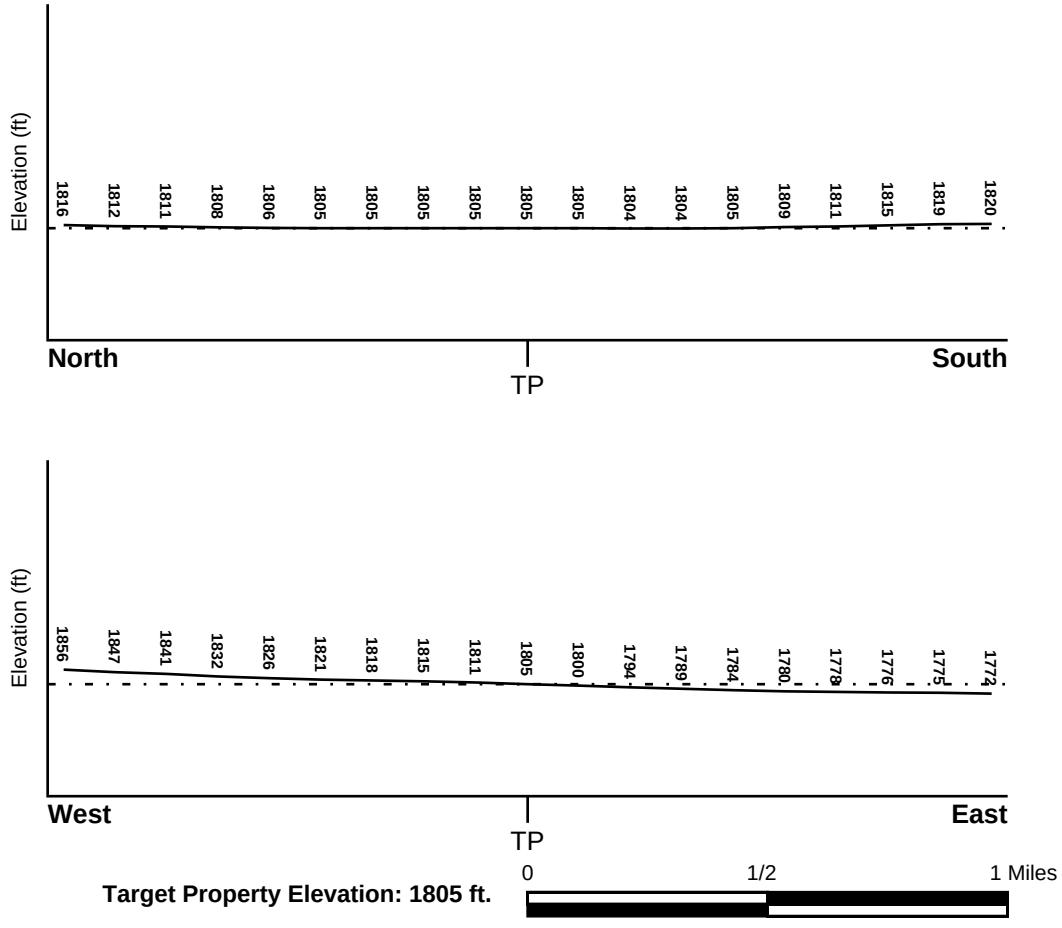
1. Groundwater flow direction, and
2. Groundwater flow velocity.

Groundwater flow direction may be impacted by surface topography, hydrology, hydrogeology, characteristics of the soil, and nearby wells. Groundwater flow velocity is generally impacted by the nature of the geologic strata.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW DIRECTION INFORMATION

Groundwater flow direction for a particular site is best determined by a qualified environmental professional using site-specific well data. If such data is not reasonably ascertainable, it may be necessary to rely on other sources of information, such as surface topographic information, hydrologic information, hydrogeologic data collected on nearby properties, and regional groundwater flow information (from deep aquifers).



TOPOGRAPHIC INFORMATION

Surface topography may be indicative of the direction of surficial groundwater flow. This information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

TARGET PROPERTY TOPOGRAPHY

General Topographic Gradient: General East

SURROUNDING TOPOGRAPHY: ELEVATION PROFILES

Source: Topography has been determined from the USGS 7.5' Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

HYDROLOGIC INFORMATION

Surface water can act as a hydrologic barrier to groundwater flow. Such hydrologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Refer to the Physical Setting Source Map following this summary for hydrologic information (major waterways and bodies of water).

HYDROGEOLOGIC INFORMATION

Hydrogeologic information obtained by installation of wells on a specific site can often be an indicator of groundwater flow direction in the immediate area. Such hydrogeologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

EDR has developed the AQUIFLOW Information System to provide data on the general direction of groundwater flow at specific points. GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW VELOCITY INFORMATION

Groundwater flow velocity information for a particular site is best determined by a qualified environmental professional using site specific geologic and soil strata data. If such data are not reasonably ascertainable, it may be necessary to rely on other sources of information, including geologic age identification, rock stratigraphic unit and soil characteristics data collected on nearby properties and regional soil information. In general, contaminant plumes move more quickly through sandy-gravelly types of soils than silty-clayey types of soils.

GEOLOGIC INFORMATION IN GENERAL AREA OF TARGET PROPERTY

Geologic information can be used by the environmental professional in forming an opinion about the relative speed at which contaminant migration may be occurring.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

DOMINANT SOIL COMPOSITION IN GENERAL AREA OF TARGET PROPERTY

The U.S. Department of Agriculture's (USDA) Soil Conservation Service (SCS) leads the National Cooperative Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. The following information is based on Soil Conservation Service SSURGO data.

Soil Map ID: 1

Soil Component Name: Land

Soil Surface Texture: silty clay loam

Hydrologic Group: Class C - Slow infiltration rates. Soils with layers impeding downward movement of water, or soils with moderately fine or fine textures.

Soil Drainage Class: Somewhat poorly drained

Hydric Status: Unknown

Corrosion Potential - Uncoated Steel: High

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 99 inches

Soil Layer Information							
	Boundary			Classification		Saturated hydraulic conductivity micro m/sec	Soil Reaction (pH)
Layer	Upper	Lower	Soil Texture Class	AASHTO Group	Unified Soil		
1	0 inches	1 inches	silty clay loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Clayey Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay	Max: 4 Min: 1	Max: 9 Min: 7.9
2	1 inches	64 inches	sr to silty clay to silt loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Clayey Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay	Max: 4 Min: 1	Max: 9 Min: 7.9

LOCAL / REGIONAL WATER AGENCY RECORDS

EDR Local/Regional Water Agency records provide water well information to assist the environmental professional in assessing sources that may impact ground water flow direction, and in forming an opinion about the impact of contaminant migration on nearby drinking water wells.

TOPOGRAPHIC INFORMATION

USGS 7.5' Digital Elevation Model (DEM)
Source: United States Geologic Survey
EDR acquired the USGS 7.5' Digital Elevation Model in 2002 and updated it in 2006. The 7.5 minute DEM corresponds to the USGS 1:24,000- and 1:25,000-scale topographic quadrangle maps. The DEM provides elevation data with consistent elevation units and projection.

HYDROLOGIC INFORMATION

Flood Zone Data: This data was obtained from the Federal Emergency Management Agency (FEMA). It depicts 100-year and 500-year flood zones as defined by FEMA. It includes the National Flood Hazard Layer (NFHL) which incorporates Flood Insurance Rate Map (FIRM) data and Q3 data from FEMA in areas not covered by NFHL.

HYDROGEOLOGIC INFORMATION

AQUIFLOW^{R} Information System
Source: EDR proprietary database of groundwater flow information
EDR has developed the AQUIFLOW Information System (AIS) to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted to regulatory authorities at select sites and has extracted the date of the report, hydrogeologically determined groundwater flow direction and depth to water table information.

STATSGO: State Soil Geographic Database
Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)
The U.S. Department of Agriculture's (USDA) Natural Resources Conservation Service (NRCS) leads the national Conservation Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps.

SSURGO: Soil Survey Geographic Database
Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)
Telephone: 800-672-5559
SSURGO is the most detailed level of mapping done by the Natural Resources Conservation Service, mapping scales generally range from 1:12,000 to 1:63,360. Field mapping methods using national standards are used to construct the soil maps in the Soil Survey Geographic (SSURGO) database. SSURGO digitizing duplicates the original soil survey maps. This level of mapping is designed for use by landowners, townships and county natural resource planning and management.

Assisted Ph.D. student research from the University of Reno Nevada in trapping two different subspecies of bushy tailed woodrats near Mt. Grant in Hawthorne, Nevada. Collected fecal samples and conducted vegetation surveys to determine niche partitioning of resources. Hazardous conditions involving rock climbing and 6-hour hikes at 70% slope.

Soil Contamination Research from Abandoned Mines (Nelson, Nevada) 2018-2019. The arid region of Nelson, Nevada was evaluated for trace metal contamination that originated in mine waste piles to determine concentration levels. Results show Ag, As, Ba, Cd, Cr, Se, and other trace metals are all present throughout the region as a result from mine trailing produced from historic abandoned mines. This information will prove useful in determining environmental impacts of mining in hyper-arid locations. Findings have been published.

RE: Desert Pines Redevelopment
Las Vegas, Nevada

Dear Mr. Falcon:

The American Federation of Labor and Congress of Industrial Organizations Housing Investment Trust (the "Trust") is pleased to have the opportunity to express its interest in providing construction and permanent debt financing of the Desert Pines redevelopment (the "Project") located in Las Vegas, Nevada. Consisting of 1300 units of rental housing and 159 for-sale homes for families, a 25,000 square foot training center, open space, and more than 200 units of senior housing to be built in several phases, the Project will cover approximately 100 acres.

With $6.6 billion in net assets as of March 31, 2024, the Trust provides capital for new construction, substantial rehabilitation and preservation of affordable and market-rate multifamily projects nationwide, using 100% union labor. The Trust focuses its investments on housing projects that provide competitive returns to our pension fund investors, create union construction jobs and help strengthen local communities.

Since our inception in 1984, the Trust has invested $10.7 billion dollars throughout the United States, to create and preserve over 127,000 units of housing, 67% of which are affordable. The Trust has the scale and the experience to help realize the Desert Pines plan. We are particularly proud that a portion of the Project's financing is proposed to come from the State Infrastructure Bank's Affordable Housing Revolving Fund.

Despite our interest in being involved, at this time this letter does not constitute a commitment from the Trust to provide financing for the Project. Any commitment must follow a deliberative process which would articulate the general terms and conditions upon which the Trust would consider providing financing. The actual terms and conditions of any commitment issued by the Trust would be dependent upon the results of the Trust's review and analysis of the underwriting and due diligence for a particular phase of the Project, as well as Trust Investment Committee approval. Any such commitment would be in writing and clearly identified as a commitment.

Thank you for your consideration of the Trust's capabilities as you move forward with this major endeavor. If you have any questions, please feel free to contact me at (626) 660-4155.

Best Regards,

Ted Chandler

Re: Desert Pines – Parcel 3
Financing Proposal Letter of Intent

Dear Mr. Falcon:

Merchants Bank of Indiana recognizes that Desert Pines – Parcel 3 is a Low-Income Housing Tax Credit development located in Las Vegas, NV. Merchants Bank of Indiana acknowledges that we have reviewed the application to be submitted by the Applicant to Clark County. The loan is intended to be participated with the AFL-CIO Housing Investment Trust and requires the project to be built with union labor as outlined in the Agreement Regarding Labor Unions that must be signed by the Borrower and general contractor.

Desert Pines – Parcel 3 consists of One Hundred and Thirty-Six (136) units, providing affordable rental housing to families, subject to various special use restrictions:

- Twenty-eight (28) units will be set aside for those earning at or below thirty percent (30%) of the Clark County area median income.
- One hundred and eight (108) units will be set aside for those earning at or below sixty percent (60%) of the Clark County area median income.

Merchants Bank of Indiana will provide construction financing for Desert Pines – Parcel 3 under the following terms and conditions:

BORROWER:	TBD
LOAN AMOUNT:	$30,221,000
INTEREST RATE:	8.12%*
TERM:	30 Months
AMORTIZATION:	Interest Only
FINANCING FEE:	0.75%
COLLATERAL:	1st REM + Assignment of LIHTC Equity Installments

**Estimate includes index + spread + cushion*

EQUAL HOUSING LENDER

Merchants Capital Corporation will provide permanent financing for Desert Pines – Parcel 3 under the following terms and conditions concurrent with the Freddie Mac or Fannie Mae programs:

BORROWER:	TBD
LOAN AMOUNT:	$5,988,000
INTEREST RATE:	6.75%*
TERM:	18 Years
AMORTIZATION:	40 Years
FINANCING FEE:	1.00%
COLLATERAL	1st REM

**Estimate includes index + spread + cushion*

This proposal is subject to the borrower's ability to obtain and syndicate IRS Section 42 Low-Income Housing Tax Credits for the development, in an amount and under terms satisfactory to Merchants Bank of Indiana and the following conditions:

1. Final review and approval of the financial forecasts;
2. Final review and approval of plans and specifications;
3. Review and approval of appraisal and environmental reports;
4. Completion of constructions and satisfactory inspection by an authorized architect as approved by Merchants Bank of Indiana;
5. Verification of funding of equity and any other funding sources;
6. Full due diligence and approval by Merchants Bank of Indiana.

Please understand this is a letter of intent to provide financing and is not a commitment. Thank you for the opportunity to participate in this development.

RE: Desert Pines Parcel 3 at 3415 E. Bonanza Rd.

We are writing to express support for the planned affordable housing development at Desert Pines and the requested investment from the Clark County Welcome Home Community Housing Fund program. The City of Las Vegas selected McCormack Baron Salazar (MBS) as developer for the Desert Pines Golf Course site and has entered into an Exclusive Negotiation Agreement (ENA) with MBS. We are currently negotiating a Disposition and Development Agreement (DDA) and anticipate a July 2024 Mayor and City Council action regarding the DDA.

The Desert Pines development will include for-sale housing, mixed-income multifamily affordable housing, commercial and mixed-use developments. The Parcel 3 site is proposed for a Universal Design mixed-use affordable housing phase of the master development. The development will provide 136 units of fully accessible affordable rental housing for 1-, 2- and 3-bedroom households.

We are in support of the development and encourage the requested funding of $8,000,000 be approved under the Clark County Community Housing Fund program. The developer is currently processing entitlement and related subdivision components for the project. Please note that final approval of the DDA and any City of Las Vegas participation is subject to Mayor and City Council approval, which is projected to be heard in July 2024.

Please feel free to contact Arcelia Barajas at abarajas@lasvegasnevada.gov or Tracy Reich treich@lasvegasnevada.gov if you have any questions.

Sincerely,

Ryan Smith
Director

EXCLUSIVE NEGOTIATION AGREEMENT

THIS EXCLUSIVE NEGOTIATION AGREEMENT (this "*Agreement*") is entered into as of the 17th day of August, 2022, by and between the City of Las Vegas, a Nevada municipal corporation ("*CLV*"), and McCormack Baron Salazar, Inc., a Missouri corporation ("*Developer*"). CLV and Developer may be referred to herein singularly as a "*party*" and collectively as the "*parties*".

WHEREAS:

A. WHEREAS, CLV and Developer have previously engaged in discussions regarding Developer's response to a request for proposals for a interest in developing a mixed-use, mixed-income community on the Site (as hereinafter defined), which is located in that certain development in downtown Las Vegas, Nevada commonly known as "Desert Pines Golf Course", which is depicted on Exhibit A attached hereto and hereby made a part of this Agreement (the "*Site*").

B. WHEREAS, CLV has commissioned the Desert Pines Vision Plan prepared by the Smith Group ("*DPVP*") as master plan for the development of Desert Pines Golf Course which has been delivered to and reviewed by Developer.

C. WHEREAS Developer and CLV have entered into this Agreement in order for CLV and Developer to enter into exclusive negotiations regarding due diligence investigations of the Site by Developer and the potential acquisition and development of the Site by Developer consistent with the DPVP, all on the terms and conditions set forth herein.

NOW, THEREFORE, for and in consideration of the mutual agreements, which are hereinafter contained, the parties do hereby agree as follows:

1. Term. The Effective Date of this Agreement will be the date of execution by CLV. The term of this Agreement shall commence on the Effective Date and automatically expire one hundred eighty (180) days after the Effective Date (the "Term"). The Term may be extended by Developer for two ninety (90) day periods subject to the mutual agreement of both parties; which approval shall not be unreasonably withheld. Developer shall provide written notice to CLV of its request to extend the Term no later than the expiration date of the initial Term; CLV shall approve or deny the Developer's extension request in writing with seven (7) business days of receiving the Developer's request. CLV agrees that during the Term they shall not negotiate, directly or indirectly, with any person or entity any matters regarding development, sale, lease or other disposition of the Site or any portion thereof. Such exclusivity shall apply to the Site only. CLV agrees that, until the expiration of the Term, CLV shall negotiate exclusively with Developer with respect to the Site and the Project.

2. Site. The Site consists of approximately 101 acres located at 3415 East Bonanza Road in East Las Vegas as depicted on Exhibit A. The development will be determined by the Desert Pines Vision Plan provided to the Developer by CLV. The parties agree and acknowledge that the Site and development may be reduced or modified in size depending on the site needs of the Project, and on the development density goals of CLV. The actual legal description of the Site will be finalized by a survey provided by Developer during the Term and approved by CLV, which approval shall not be unreasonably withheld, conditioned or delayed.

3. Project. Developer is currently planning the development of a mixed-use, mixed-income project (the "*Project*") as outlined in and consistent with the DPVP and as described on Exhibit B. The Project shall include:

(a) A site for a workforce training center.

(b) Infrastructure improvements including complete streets, street improvements along Bonanza Road and space to accommodate a proposed new interchange at Pecos Road and Interstate 515.

(c) Open Space and recreational facilities including a community open space or central park following the "Cedar Trail" alignment and a multigenerational community center.

(d) Commercial.

(e) Mixed used components.

(f) A minimum of 1500 residential units which may be comprised of a mix of single family, multifamily, mixed-use multifamily, affordable and/or market rate rentals, and/or age restricted (55+).

4. Feasibility Analysis.

(a) Developer agrees to conduct during the Term all activities required to determine the acceptability of the Site and the feasibility of the Project. Such due diligence activities shall include, but not be limited to, the completion at Developer's sole cost and expense the following which shall be submitted to CLV for its review and approval prior to the expiration of the Term:

(i) An overall program of development for the Site, including a site plan(s), conceptual renderings, and floor plans for the major project improvements.

(ii) An initial breakdown of the types of residential units to be developed.

(iii) A clear development timeline for the pre-development activity, including, without limitation, the entitlement of the Project, and construction of the various phases of the Project.

(iv) Infrastructure plan.

(v) Submission of a plan of financing for the development and operation of the various components of the Project, including all third party loans and sources of equity, a copy of which will be provided to CLV.

(vi) Identification of development partners for the various phases, if required.

(vii) Prior to the expiration of the Term, Developer shall deliver a completed geotechnical and environmental report for the Site, which will include a Site-specific risk assessment and estimated cost of remediation, for review by CLV. If the parties decide to enter into the DDA (as defined in Section 6(a) below), the remediation plan for the Site will be negotiated by CLV and Developer as part of the negotiation of the DDA.

(viii) Completion by Developer of Site Due Diligence Investigations (as defined in Section 5(a) below).

(ix) Preparation for CLV approval of a draft Employment Plan that will be included as part of the DDA.

In the event of the expiration or earlier termination of this Agreement and a DDA (as defined in Section 6(a) below) is not executed by the parties, CLV may retain copies of all non-proprietary reports and studies pertaining to the Site which have been provided to CLV by Developer or its agents pursuant to this Agreement, including surveys, geotechnical and environmental reports and studies; provided, however, all copies of reports, renderings, studies, and information relating to the development and market feasibility of any Project provided to CLV by Developer or its agents pursuant to this Agreement shall be returned to Developer within thirty (30) days after the expiration or earlier termination of this Agreement; provided however all such reports and studies shall be provided to CLV without any warranty or representation as to the accuracy or completeness of any kind and without recourse to Developer.

(b) CLV agrees that during the Term it shall not negotiate, directly or indirectly, with any person or entity any matters regarding development, sale, lease or other disposition of the Site or any portion thereof.

(c) CLV shall cooperate fully, but at no cost to CLV, in providing Developer with appropriate information and assistance to support Developer's implementation of the Project. In particular, CLV shall promptly provide Developer with copies of all reports, plans, drawings and other documents pertaining to the Site or as soon as they become available to CLV. CLV's designated representative for all matters under this Agreement is

the Director of the Office of Economic and Urban Development of the City of Las Vegas, Nevada, a political subdivision of the State of Nevada (the "*City*"). Developer and CLV agree to meet or participate in a conference call, no less than two (2) times a month in connection with the feasibility analysis of the Site and Project.

5. Developer Site Access.

(a) CLV authorizes Developer and its employees, agents, representatives, architects, engineers, consultants and contractors to access the Site to conduct surface and subsurface engineering, geotechnical and environmental investigations, studies and assessments and boundary and topographic surveys as Developer deems necessary ("*Due Diligence Investigations*") for the development of the Project. CLV and/or its authorized and designated agent(s) shall have the right to be present upon any entry of the Site by Developer. This authorization does not authorize Developer to access or otherwise use any property not included within the Site so long as Developer has reasonable access from a public right of way for ingress into and egress from the Site for purposes of completing the Due Diligence Investigations. Developer will have the right to enter upon and conduct Due Diligence Investigations at any time during the Term. Developer shall conduct Due Diligence Investigations in accordance with standards customarily employed in the industry and in compliance with all applicable governmental laws, rules, and regulations. If Developer undertakes any boring or other disturbance of the soils on the Site, CLV must be notified at least ten (10) business days prior to any boring or other disturbance of soils to allow CLV time to notify its environmental consultant and to direct its environmental consultant to be present during the process, if desired by CLV. Following Developer's Due Diligence Investigations on the Site, Developer promptly will restore the Site to substantially the same condition as existed as of the Effective Date, normal wear and tear and normal weather related conditions excepted. If Developer undertakes any boring or other disturbance of the soils on the Site, the soils so disturbed will be recompacted to substantially their original condition as of the date of such boring or other disturbance (the *"Restoration"*), and Developer will obtain at its own expense a certificate from a soils engineer certifying that the disturbed soils have been recompacted to substantially their original condition as of the date of the soil disturbance. This authorization shall extend to soil borings with drilling rigs and hand augers and groundwater sampling with bailers or comparable equipment, but shall not be construed to authorize Developer to install groundwater monitoring wells or excavate soils with earth moving equipment. To assist Developer in its environmental due diligence, CLV will provide Developer with a copy of documents in CLV's possession related to the environmental condition of the Site, if any. CLV makes no warranty regarding any statement or data contained in or referred to by such documents.

(b) If Developer should discover any hydrocarbon substances or any other hazardous substances, asbestos or asbestos-containing materials, waste or materials subject to legal requirements or corrective action under any applicable Environmental Laws ("Hazardous Materials") during the Term, Developer will promptly notify CLV in writing of such discovery. Developer shall not use disturbed contaminated soils for the

Restoration, and instead shall work with CLV to have stored or otherwise handle (through use of a properly licensed contractor), at CLV's sole cost and expense, any disturbed contaminated soils in compliance with all applicable governmental laws, rules, and regulations until such time as CLV takes possession of such materials. Developer shall not bear any responsibility or liability under this Agreement whatsoever for any discovery, investigation, risk assessment, removal, treatment, corrective action, remediation, cleanup or permitting relating to any such Hazardous Materials. For the purposes of this Agreement, the phrase "Hazardous Substances" shall include any product, byproduct, compound, substance, chemical, material or waste, including, without limitation, asbestos, solvents, degreasers, heavy metals, refrigerants, nitrates, urea formaldehyde, polychlorinated byphenyls, dioxins, petroleum and petroleum products and derivatives, fuel additives, and any other solid, liquid, gaseous or thermal irritant, chemical or waste material, whose presence, characteristics, nature, quantity, intensity, existence, use, manufacture, possession, handling, disposal, transportation, spill, release threatened release, treatment, storage, production, discharge, emission, remediation, cleanup, abatement, removal, migration, or effect, either by itself or in combination with other materials is or is allegedly: (a) injurious, dangerous, toxic, hazardous to human or animal health, aquatic or biota life, safety or welfare or any other portion of the environment; (b) regulated, defined, listed, prohibited, controlled, studied or monitored in any manner by any governmental authority or Environmental Laws; or (c) a basis for liability to any government entity or agency or third party under any regulatory, statutory or common law theory. For purposes of this Agreement, the phrase "Environmental Laws" means any past, present or future federal, state or local law, statute, rule, regulation, code, ordinance, order, decree, judgment, injunction, notice, policy, or binding agreement, and all amendments thereto, issued, promulgated, or entered into by any governmental authority, relating in any way to the environment, the preservation, degradation, loss, damage, restoration, replacement or reclamation of natural resources, waste management, health, industrial hygiene, safety, environmental conditions or hazardous substances.

(c) Developer shall promptly deliver to CLV without charge therefor, and without warranty of or recourse to Developer, any lab or field environmental data, environmental reports, environmental compilations, environmental correspondence, or other documents or information which is generated by or as a result of Due Diligence Investigations and which is reasonably related to the environmental condition of the Site; provided, however, that Developer need not disclose any communication, regardless of the nature of such communication, between Developer and its legal counsel or its legal counsel and Developer's consultant to the extent the same is reasonably deemed by Developer to be protected by attorney-client privilege. By delivering such reports and studies to CLV, Developer shall not be deemed to be making any representations with respect to the accuracy or completeness of the information contained in such reports or information.

(d) Developer covenants and agrees to (i) pay in full for all materials, if any, supplied, used, joined, or affixed to the Site by or for Developer in connection with the Due Diligence Investigations and (ii) to pay in full all persons who perform labor upon the Site in connection with Developer's Due Diligence Investigations, and (iii) not to permit or suffer any mechanic's or materialman's lien of any kind or nature to be enforced against

the Site relating to Developer's Due Diligence Investigations. Developer shall, at Developer's sole cost and expense, take any action necessary to promptly remove any lien filed against the Site for work performed or materials delivered to the Site in connection with the Due Diligence Investigations.

(e) Developer hereby agrees to indemnify and hold CLV, and their officers, employees and agents (collectively, the "Related Parties"), harmless from and against any and all claims, damages, losses, expenses, suits, actions, decrees, judgments, awards, reasonable attorneys' fees and court costs, which the Related Parties may suffer or which may be sought against or are recovered or obtainable from the Related Parties as a result of, or by reason of, or arising out of or in consequence of any act or omission, negligent or otherwise, in connection with the Due Diligence Investigations at the Site, of Developer or its officers employees, contractors, subcontractors, agents, volunteers or anyone who is directly or indirectly employed by, or is acting in concert with, Developer, its officers, its employees, contractors, subcontractors, volunteers or agents in connection with this Agreement. If Developer fails to do so, CLV shall have the right, but not the obligation, to defend the same and to obtain reimbursement from Developer of all the direct and incidental costs of such defense, including reasonable attorneys' fees and court costs. Notwithstanding anything to the contrary in this Agreement, this Section 5(e) shall not be construed to require Developer to indemnify or hold harmless the Related Parties from (a) any liabilities for pre-existing matters or conditions with respect to the premises merely discovered by Developer (e.g., latent environmental contamination, etc.) or (b) any such claims, damages, losses, expenses, suits, actions, decrees, judgments, awards, reasonable attorneys' fees and court costs to the extent caused by any act or omission on the part of the Related Parties.

(f) Developer agrees to obtain and to furnish to CLV prior to or concurrent with execution of this Agreement, a certificate showing that there is in effect a policy of a minimum of $2,000,000.00 combined single limit bodily injury and broad form property damage coverage, including broad form contractual liability. Such coverage shall be on an "occurrence" basis and not on a "claims made" basis. Required limits of coverage may be met utilizing a combination of primary and excess/umbrella policies written in "blanket" form. CLV shall be named as an additional insured party and such notation shall appear on the Certificate of Insurance furnished by the Developer's insurance company. The certificates for each insurance policy are to be signed by a person authorized by that insurance carrier. The insurance supplied by the Developer shall be from an insurance carrier that maintains a Best's Key rating of "A VII" or higher. The Certificate shall indicate that neither the insurance company nor Developer can cancel the insurance without at least 10 days prior written notice to CLV. Any exclusion to the effect that the insurance company or surety company will "endeavor to inform" must be stricken from the certificate of insurance. The parties agree that the specified coverage or limits of insurance in no way limit the liability of the Developer. Developer will not do or permit to be done anything in or upon any portion of the Site, or bring or keep anything thereon which will in any way conflict with the conditions of any insurance policy upon the Site. All deductibles and self-insurance retentions shall be fully disclosed in such certificates of insurance. No deductible or self-insured retention may exceed $100,000.00 without the prior written approval of

CLV.

(g) In connection with this Agreement, Developer expressly agrees, at its sole cost and expense, to defend the Related Parties in any suit or action that may be brought against it or them, or any of them by reason of any act or omission, negligent or otherwise, in connection with the Due Diligence Investigations at the Site, against which Developer has agreed to indemnify the Related Parties pursuant to Section 5(e). If Developer fails so to do, CLV shall have the right, but not the obligation, to defend the same and to obtain reimbursement from Developer all of the direct and incidental costs of such defense, including reasonable attorneys' fees and court costs.

The obligations and covenants of Developer under this Section 5 shall survive any expiration of the Term or other termination of the Agreement for a period of one (1) year following the date of such expiration or other termination.

6. Disposition and Development Agreement; Purchase Price; Effect of Agreement.

(a) Developer and CLV agree to negotiate in good faith during the Term a form of Development and Disposition or Ground Lease Agreement whereby CLV agrees to sell and Developer agrees to purchase the Site for the development of the Project (the "*DDA*" or "Lease").

(b) Developer and CLV shall negotiate terms for the DDA at least sixty days prior to the end of the ENA term, in which the following may or may not be included:

i. Land pricing.
ii. Infrastructure needs, plans, costs.
iii Development plan and timeline.
iv Financing.
v Open space plan.
vi Site plan changes.
vii. Any partnerships, including Chicanos por la Causa (CPLC), and their roles.
viii Community Outreach plan.
ix. A form of an agreed development agreement for the Project to be adopted pursuant to Nevada Revised Statutes NRS 278.0201.
x Employment Plan.
xi. Mapping and other entitlement requirements.

(c) The parties acknowledge that, in compliance with the provisions of Nevada Assembly Bill 312 ("*AB 312*"), CLV, at its cost, will obtain and rely upon an independent appraisal of the Site prepared within six (6) months of the date of the DDA and that the City Council of the City will address the adoption of a formal resolution finding that it is in the best interests of the public to sell the Site without offering such real property to the public and for the agreed purchase price. The adoption of such resolution will be at the discretion of the City Council. Notwithstanding the foregoing, the parties agree that any

such appraisal may be subject to public records laws or ordinances of the City, Nevada or the State of Nevada.

(d) Developer and CLV agree and acknowledge (i) that this Agreement creates no obligation on either party to enter into the DDA or any other agreement related to the Site, (ii) the decision to enter into a DDA will be at each party's respective sole and absolute discretion and (iii) the approval of the City Council will be a condition to CLV's obligation to enter into any DDA or other agreement (excluding this Agreement) relating to the Site. Developer agrees and acknowledges that, except as expressly provided for in this Agreement, this Agreement creates no rights, title or interest in Developer whatsoever, legal, equitable or otherwise, in the Site, including, without limitation, any rights to purchase, lease, option or otherwise. By its execution of this Agreement, CLV is not committing itself to or agreeing to undertake disposition of land to Developer or any other acts or activities requiring the subsequent independent exercise of discretion by CLV or any governmental authority with authority over the resulting development. This Agreement does not constitute an agreement for disposition of property or the exercise of control over property by Developer. Execution of this Agreement by CLV is merely an agreement to enter into a period of exclusive, good faith negotiations with Developer according to the terms hereof. In the event the parties do not enter into a DDA during the Term, this Agreement shall automatically expire and be of no further force and effect from and after the expiration of the Term.

7. Reserved.

9. Real Estate Commission. No party shall be liable to any other party for any real estate commission or brokerage fees that may arise as a result of or pursuant to this Agreement. Each party represents to the other party that it has not engaged any broker, agent or finder in connection with this Agreement, and agrees to hold the other party harmless from any claim by any broker or finder retained by such party. The provisions of this Section 9 shall survive any termination or expiration of this Agreement.

10. Conflict of Interest.

(a) An official of CLV, who is authorized in such capacity and on behalf of CLV to negotiate, make, accept or approve, or take part in negotiating, making, accepting, or approving this Agreement, payments under this Agreement, or work under this Agreement, shall not be directly or indirectly interested personally in this Agreement or in any part hereof. No officer, employee, architect, attorney, engineer or inspector of, or for CLV, who is authorized in such capacity and on behalf of CLV to exercise any legislative, executive, supervisory or other similar functions in connection with this Agreement, shall become directly or indirectly interested personally in this Agreement or in any part hereof, any material supply contract, subcontract, insurance contract, or any other contract pertaining to this Agreement.

(b) Each party represents that it is unaware of any financial or economic interest

of any public officer or employee of CLV relating to this Agreement. Notwithstanding any other provision of this Agreement, if such interest becomes known, CLV may immediately terminate this Agreement for default or convenience, based on the culpability of the parties.

(c) Developer represents and warrants that it has, in accordance with the current policy of CLV, disclosed the ownership and principals of Developer on Exhibit C attached hereto, "Certificate – Disclosure of Ownership/Principals", and that it has a continuing obligation to update this disclosure whenever there is a material change in the information.

11. Default.

(a) In the event Developer is in material default of its obligations under this Agreement, including any failure of Developer to proceed in good faith with the due diligence activities required in order to complete the feasibility analysis of the Project, and such default is not cured within fifteen (15) days after written notice delivered by CLV specifying the precise nature of the default, then CLV shall have the right to immediately terminate this Agreement upon written notice to Developer.

(b) In the event CLV or the City is in default of its obligations under this Agreement, Developer's sole and exclusive cumulative remedy will be to terminate this Agreement and CLV shall not be liable for any monetary or damages whatsoever, including any amounts expended by Developer in connection with the Project and/or expended pursuant to this Agreement.

12. Notices. All legal notices required pursuant to the terms and conditions of this Agreement shall be in writing, unless an emergency situation dictates otherwise. Any notice required to be given under the terms of this Agreement shall be deemed to have been given when (i) received by the party to whom it is directed by hand delivery or personal service, all fees pre-paid, (ii) transmitted by facsimile with confirmation of transmission (an original signed copy, via first-class U. S. Mail, shall follow facsimile transmissions), (iii) sent by U.S. mail via certified mail-return receipt requested, postal fees pre-paid or (iv) sent by email at the following addresses:

13. Publicity. The parties agree that neither party shall make any public announcement or any press release with respect to this Agreement or the Project without the consent of the other party which consent shall not be unreasonably withheld or delayed. Nothing in this Section 13 shall limit or prevent CLV from undertaking any actions required by Nevada's open meeting laws or causing or allowing the release of information or dissemination of documents as may be required or appropriate in connection with any administrative hearings or proceedings pertaining to the CLV's approval or implementation of this Agreement. Furthermore, Developer acknowledges that CLV is subject to the public records laws of the State of Nevada as set forth in Chapter 239 of the Nevada Revises Statues ("Public Records Act") and all information in physical or electronic form or other form provided by Developer to CLV will be subject to disclosure under the Public Records Act.

Notwithstanding the foregoing, Developer shall have the right to disclose any and all information to a governmental body or law enforcement agency which has been

properly designated to collect information from the Developer about its planned Project and to Developer's consultants, agents, advisors and potential lenders.

14. Assignment. Developer may not assign or transfer all or any part of its interest in this Agreement without first obtaining the written consent of CLV which consent may be granted or withheld at CLV's sole and unfettered discretion. Any transfer or assignment in violation of this Section 14 shall be null and void and constitute a default of this Agreement. Notwithstanding the foregoing, Developer shall have the right to assign its interest in this Agreement to an entity formed to develop the Project so long as the principals of Developer are the owners, directly or indirectly, of such entity and such entity assumes Developer's obligations under this Agreement. Any such assignment shall not relieve Developer of its obligations under this Agreement.

15. Time of the Essence. Time is of the essence in this Agreement and each and every term and provision hereof.

16. Interpretation; Governing Law. This Agreement shall be construed as if prepared by both parties. This Agreement shall be construed, interpreted and governed by the laws of the State of Nevada.

17. Entire Agreement; Amendments. This Agreement is intended by the parties to be the final expression of their agreement with respect to the subject matter hereof, and is intended as the complete and exclusive statement of the terms of the agreement between the parties. As such, this Agreement supersedes any and all prior understandings between the parties, whether oral or written. Any amendments to this Agreement shall be in writing and shall be signed by both parties hereto.

18. No Waiver. A waiver by either party hereto of a breach of any of the covenants or agreements hereof to be performed by the other party shall not be construed as a waiver of any succeeding breach of the same or other covenants, agreements, restrictions or conditions hereof.

19. Binding Effect. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, representatives, successors and permitted assigns.

20. Headings; Exhibits; Cross References. The headings and captions used in this Agreement are for convenience and ease of reference only and shall not be used to construe, interpret, expand or limit the terms of this Agreement. All Exhibits attached to this Agreement and the Recitals at the front of this Agreement are incorporated herein by the references thereto contained herein. All references in this Agreement to Articles, Sections and Exhibits shall be to Articles, Sections and Exhibits of or to this Agreement, unless otherwise specified.

21. Severability. In the event that any phrase, clause, sentence, paragraph, section, article or other portion of this Agreement shall become illegal, null or void, or against public policy for any reason, or shall be held by any court of competent jurisdiction to be illegal, null or void, or against public policy, the remaining portions of this Agreement shall not be affected thereby and shall remain in force and effect to the full extent permitted by law.

22. Performance of Acts on Business Days. Unless specifically stated to the contrary, all references to days herein shall be deemed to refer to calendar days. In the event that the final date for payment of any amount or performance of any act hereunder falls on a Saturday, Sunday or holiday, such payment may be made or act performed on the next succeeding business day.

23. No Third Party Beneficiaries. This Agreement is intended for the exclusive benefit of CLV and Developer and their respective permitted assigns and is not intended and shall not be construed as conferring any benefit on any third party or the general public.

24. Counterpart Signatures; Facsimile Transmission. This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, and all of such counterparts shall constitute one agreement. Delivery of this Agreement may be accomplished by facsimile transmission of this Agreement. In such event, the parties hereto shall promptly thereafter deliver to each other executed counterpart originals of this Agreement.

25. CLV Obligations Limited. No obligation assumed by or imposed upon CLV by this Agreement or remedy granted or otherwise arising in, under or pursuant to this Agreement against CLV shall require the payment of money by CLV, or the performance of any action by CLV, the performance of which requires money from CLV, except to the extent that funds are available for such payment or performance from CLV, appropriations therefor lawfully made by CLV. This Agreement shall not be construed as obligating the City Council of CLV to make future appropriations for the payment of monies or for the performance of any obligations of CLV under this Agreement.

26. Waiver. EACH PARTY HERETO ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE IT HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT AND ANY OF THE AGREEMENTS DELIVERED IN CONNECTION HEREWITH OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY. EACH PARTY HERETO CERTIFIES AND ACKNOWLEDGES THAT (A) NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTIES HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTIES WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE EITHER OF SUCH WAIVERS, (B) IT UNDERSTANDS AND HAS CONSIDERED

THE IMPLICATIONS OF SUCH WAIVERS, (C) IT MAKES SUCH WAIVERS VOLUNTARILY, AND (D) IT HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 26. THIS SECTION SHALL SURVIVE ANY TERMINATION OR EXPIRATION OF THIS AGREEMENT.

CERTIFICATE DISCLOSURE OF OWNERSHIP/PRINCIPALS

1. **Definitions**

"City" means the City of Las Vegas.

"City Council" means the governing body of the City of Las Vegas.

"Contracting Entity," means the individual, partnership, or corporation seeking to enter into a contract or agreement with the City of Las Vegas.

"Principal" means, for each type of business organization, the following: (a) sole proprietorship – the owner of the business; (b) corporation – the directors and officers of the corporation; but not any branch managers of offices which are a part of the corporation; (c) partnership – the general partner and limited partners; (d) limited liability company – the managing member as well as all the other members; (e) trust – the trustee and beneficiaries.

2. **Policy**

In accordance with Resolution 79-99 and 105-99 adopted by the City Council, Contracting Entities seeking to enter into certain contracts or agreements with the City of Las Vegas must disclose information regarding ownership interests and principals. Such disclosure generally is required in conjunction with a Request for Proposals (RFP). In other cases, such disclosure must be made prior to the execution of a contract or agreement.

3. **Instructions**

The disclosure required by the Resolutions referenced above shall be made through the completion and execution of this Certificate. The Contracting Entity shall complete Block 1, Block 2, and Block 3. The Contracting entity shall complete either Block 4 or its alternate in Block 5. Specific information, which must be provided, is highlighted. An Officer or other official authorized to contractually bind the Contracting Entity shall sign and date the Certificate, and such signing shall be notarized.

4. **Incorporation**

This Certificate shall be incorporated into the resulting contract or agreement, if any, between the City and the Contracting entity. Upon execution of such contract or agreement, the Contracting Entity is under a continuing obligation to notify the City in writing of any material changes to the information in this Certificate. This notification shall be made within fifteen (15) days of the change. Failure to notify the City of any material change may result, at the option of the City, in a default termination (in whole or in part) of the contract or agreement, and/or a withholding of payments due the Contracting Entity.

INDEPENDENT AUDITORS' REPORT

We have audited the accompanying financial statements of *Urban Strategies, Inc.* (a nonprofit organization), which comprise the statements of financial position as of December 31, 2018 and 2017, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as, evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of *Urban Strategies, Inc.* as of December 31, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Prior Period Adjustment

As discussed in Note 14 to the financial statements, a prior period adjustment was recorded for $100,000, which resulted in an increase in net assets, grants revenue, and grants receivable of $100,000 at December 31, 2017.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Urban Strategies, Inc. (the Organization) is organized as a not-for-profit organization, under Section 501(c)(3) of the Internal Revenue Code. The mission of the Organization is to build healthy, sustainable urban communities through comprehensive community and economic development. The Organization works with local residents to develop innovative community redevelopment plans; connect human and social service support to the physical redevelopment of the communities and match local, state, federal and private resources to those efforts.

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

Estimates and Assumptions

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenue and expenses. Actual results could differ from those estimates.

Concentrations of Credit Risk Arising from Cash Deposits in Excess of Insured Limits

The Organization maintains cash balances at more than one financial institution. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 per financial institution. At various times during the years ended December 31, 2018 and 2017, the Organization's total cash balances may have exceeded the FDIC's threshold. Management believes the Organization is not exposed to any significant credit risk related to those accounts.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year end. Based on management's assessment of the credit history with clients having outstanding balances and current relationships with them, no allowance has been established at December 31, 2018 and 2017, respectively.

Grants Receivable

Grants receivable, consisting of grants from federal and nonfederal government agencies, are recognized as revenue in the period the grants are earned.

Grants receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual balances. Those balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to the receivable. Management believes that no valuation allowances are necessary for grants receivable at December 31, 2018 and 2017.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Promises to Give

Unconditional promises to give are recognized as revenue in the period the promises are received. Conditional promises to give, which depend upon specified future and uncertain events, are recognized as revenue when the conditions upon which they depend are substantially met. Promises to give are reported at the amount management expects to collect on balances outstanding at year end. There were no promises to give recorded at December 31, 2018 and 2017.

Notes and Accrued Interest Receivables

Notes and interest receivables are stated at the amount management expects to collect from balances outstanding at year end. Management provides for an allowance based on its estimate of probable losses. Interest income is recognized when earned in accordance with the loan terms. The allowance for uncollectible amounts is increased by charges to income and decreased by charge-offs (net of recoveries). Management's periodic evaluation of the adequacy of the allowance is based on the performances of past loss experience, known and other risk inherent in the portfolio, specific impaired notes, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral and current economic conditions.

A note is considered impaired when, based on currently available information, it is probable that the Organization will not collect all of the principal and interest contractually required by the note agreement. All impaired notes are evaluated for an asset-specific allowance for uncollectible amounts. The Organization recognizes an allowance for uncollectible amounts on impaired notes when the recorded investment in the note exceeds estimates of the cash flows expected to be received from the borrower, discounted using the original effective interest rate of the note. An allowance for uncollectible amounts of $1,606,098 and $1,944,941 has been recognized at December 31, 2018 and 2017, respectively.

Management increased the allowance for notes receivable and accrued interest receivable by $156,632 and $93,533, respectively, during 2017 to reflect a more conservative approach regarding the ultimate collectability of the notes receivable and accrued interest receivable. There was no such increase in the allowance during 2018.

Property and Equipment

Property and equipment are carried at cost, if purchased, or fair value at date of gift, if donated, less accumulated depreciation and amortization computed using the straight-line method over seven years.

Deferred Revenue

Program revenue and payments under cost-reimbursable contracts received in advance are deferred to the applicable period in which the related services are performed, or expenditures are incurred, respectively. The Organization had deferred revenue of $198,422 at December 31, 2018. There was no deferred revenue as of December 31, 2017.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Assets

The Organization has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958, "Financial Statements of Not-for-Profit Entities."

Net assets, revenue, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets which are available for use in general operations and not subject to donor (or certain grantor) restrictions. The amounts designated are amounts of accrued interest and notes receivable balances. At December 31, 2018 and 2017, amounts designated are $6,638,311 and $5,533,013.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. The Organization reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends, or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. There were no perpetual restrictions noted at December 31, 2018 and 2017.

Donated Services and Material

Donated materials are recorded at fair value at the date of donation. Contributed services are recognized at fair value if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are performed by individuals possessing these skills, and would typically need to be purchased if not provided by donation. In-kind donations totaled $752,155 and $463,069 for the years ended December 31, 2018 and 2017, respectively, including donated services of $646,734 and $259,258 for the respective years then ending.

Revenue Recognition

Revenue is recognized when earned. Program revenue and payments under cost-reimbursable contracts received in advance are deferred to the applicable period in which the related services are performed, or expenditures are incurred, respectively. Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met.

Marketing and Advertising

The Organization follows the policy of charging the costs of marketing and advertising to expenses as costs are incurred. Advertising expense was $63,705 and $65,763 for the years ended December 31, 2018 and 2017, respectively.

Description of Program Services and Supporting Activities

The following program services and supporting activities are included in the accompanying financial statements:

Planning:

Community Planning and Human Capital Development – The Organization works with current and former residents, public housing authorities (PHA), city government officials, community organizations, foundations and other stakeholders to facilitate community engagement processes around neighborhood conditions and human service's needs. The process typically includes gathering data from existing sources, both formally and informally, surveying residents, assessing service and amenity needs, holding facility town hall meetings and facilitating focus groups with key stakeholders.

Through the community engagement process, stakeholders' priorities are identified, and the Organization develops a human capital plan that is integrated with the planned physical revitalization based on the community's vision. The Organization is mindful of the existing and authentic strengths of a community and its human capital plans focus on collaboration, building on community assets and strengthening capacity while avoiding duplication of services.

Early Project Development – The Organization is sometimes engaged by developers, municipalities and housing authorities to assist with early development of projects. This work includes traveling to potential project sites to assess the suitability of the community for a physical transformation revitalization, assess the human capital needs that must be addressed as part of that redevelopment, meet with local officials to engage in preliminary discussion about the type of scope of the potential redevelopment project and project costs and conduct early investigation of potential funding source.

Economic Development – Residents in revitalizing communities desire nearby neighborhood amenities, such as commercial, green, and communal spaces for convenience, necessity, and employment. These amenities also attract new residents. Communities engage the Organization to develop neighborhood-based economic development plans, including new commercial enterprises and enhancements to existing commercial and retail efforts. The Organization has the expertise to design business and implementation plans, capacity studies and funding/capital access plans to help communities build vibrant commercial corridors. The Organization also supports the design and implementation of social enterprises that empower residents economically by connecting them to business development opportunities.

Planning (Continued):

Enhanced Schools – The Organization believes that improving schools is central to every re-emerging community. For more than ten years, the Organization has worked in neighborhood elementary schools to establish and maintain mixed-income communities and support social, economic and racial integration. The Organization has worked in partnership with St. Louis, Memphis, Baltimore, San Francisco, Sacramento, San Antonio, Pittsburgh, Columbus, Miami, Louisville, Tulsa and Minneapolis to lead improvements in physical infrastructure, governance, curriculum, technology and community engagement in neighborhood schools and support academic achievement as a tool for ensuring positive economic mobility. The Organization also recognizes that setting or changing school policy is beyond its control, which is why it is critical that it not only support schools by working within the system, but also supporting the development or implementation of ancillary programming outside of school hours to support high academic achievement.

Supportive Housing – Certain populations require additional services or physical accommodations due to physical disability, developmental limitations or homelessness, and the Organization is committed to maximizing opportunities for all to live successfully and to achieve the greatest possible degree of self-sufficiency where they live.

The Organization works with organizations representing populations with special housing needs to design frameworks and financial structures that help residents live independently with both pride and appropriate support systems.

Integrated Service Delivery:

Healthy Living – Limited access to health insurance and treatment for physical and mental health issues, as well as, the lack of health education and prevention efforts, is a significant barrier for low-income families attempting to achieve self-sufficiency. The Organization designs community health initiatives that are directly linked to key physical and mental health indicators. Anecdotal and quantitative data on the impact of healthy living on community vitality is often a basis for raising new funds to support healthy living initiatives.

CHOICE Neighborhoods Initiative "People" Component - The U.S. Department of Housing and Urban Development's CHOICE Neighborhood Initiative requires that a plan and implementation strategy for Community and Supportive Services be put in place to help residents of redeveloping neighborhoods make progress toward self-reliance. The Organization works with PHAs and municipalities across the country to creatively design and implement services that address the specialized needs of individuals and families and link them to variety of relocation services. The Organization also designs comprehensive plans in collaboration with the community so that the plan reflects a community's values and vision for future strength.

Description of Program Services and Supporting Activities (Continued)

Integrated Service Delivery (Continued):

Senior Programming – Senior living facilities are only as successful as the programming and services put in place to support their residents, and the Organization is committed to continuously expanding its knowledge about aging, improving the design of senior facilities and making superior services available to the senior residents it serves. The Organization works with property management companies and PHAs across the country to assist in the physical design of senior housing facilities and the development of a network of programs that enhance and support the independent living of elderly residents. The Organization has conducted research into successful senior living and has considerable experience crafting and implementing policy affecting seniors.

Community Centers – At several mixed-income housing sites under development by property management companies, the Organization has been contracted to manage and/or coordinate programming in a community center building. The Organization supports programming out of these centers. The Organization recruits service partners to offer programming that meets the needs of residents and to manage those partnerships. The Organization also engages in outreach and marketing efforts to inform residents and the larger community of the opportunities available at the community center.

Policy Development:

The Policy Development program focuses on influencing local, state and federal policies on economic mobility, housing, education and health in service of our mission. The Organization influences policy through the development of written policy suggestions based on best practices that the Organization has developed, meeting with leaders in the field to share experience from other projects, and participating in coalitions with partner organizations seeking the same results.

Leadership Development and Sustainability:

Capacity Building – The Organization provides technical support and assistance to other organizations in the communities where it works. The goal of this assistance is to help build the capacity of those organizations to serve more residents and improve the quality of their programs, making the community more self-sustaining. Examples of such capacity-building projects include working with social services, including strategic planning, resource development and community engagement, and not-for-profit organizations to help them increase the quality of their programs and working with a business enterprise started by a group of residents to help them scale that business up.

Community Services Liaisons – Community Services Liaisons are the Organization's social service specialists who support residents and neighborhoods across the country. Liaisons work with residents to develop community awareness and participation in activities on the property and within the larger community. They also assist residents in self-improvement, self-sufficiency and community building. The Organization developed the Community Services Liaison position to support the success of residents in new mixed-income communities.

Leadership Development and Sustainability (Continued):

Fund Development – Funding is critical to the work of rebuilding communities. In conjunction with community planning efforts, the Organization develops strategies for building human capital and economic development plans.

The Organization also designs innovative funding strategies that combine public and private resources. By leveraging and reallocating existing resources, identifying key partnerships and locating new sources of funds, the Organization seeks to improve the access of children and adults to high-quality facilities and programs without placing major new burdens on cities that may be facing scarcities of resources.

Literacy Initiatives - Strong reading skills are vital to success in school and the workplace. The Organization has begun to develop and implement specialized programs for child and adult literacy that are integrated with other Community Support Services or Human Capital programming.

Resident Leadership – A sustainable community must have empowered residents who have the ability to assist in the planning and implementation process. The Organization works directly with residents representing past and emerging community leadership to ensure that the local voice is broad and deep. The Organization engages and cultivates prospective resident leaders to build their capacity to lead through targeted training programs, and it achieves its goals by building relationships with residents, earning trust and demonstrating excellence in its product.

Workforce Development – Residents of low-income communities often have multiple barriers to employment. The Organization works directly with residents seeking to re-enter the workforce, connecting them to appropriate job and entrepreneurial opportunities, supporting the development of good work habits and professional conduct and providing a set of supportive services to help them manage other areas of their lives that may impact their success at work.

General and Administrative:

Management and general expense include the functions necessary to maintain an equitable employment program, ensure an adequate working environment, provide coordination and articulation of the Organization's program mission, secure proper administrative functioning of the Board of Directors, and manage the financial and budgetary responsibilities of the Organization. It includes all activities not directly identifiable with one or more program or fundraising activities.

Fundraising:

Provides the structure necessary to encourage and secure financial support from organizations, foundations, corporations and government entities.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expense Allocation

The financial statements report certain natural categories of expenses that are attributed to more than one program or supporting service. Therefore, expenses require allocation on a reasonable basis that is consistently applied. Expenses are charged to program services and supporting activities on the basis of periodic time and expense studies. Each year, various projects occurring during the year cause expense allocations to change based on time and effort of employees, and these are analyzed by project, and summarized into percentages to allocate among all expenses. Audit expenses are applied specifically to management and general expenses, and the remaining professional fees are allocated using the common percentage. Employee time is analyzed for time spent on the different programs and supporting services and those percentages are applied to all other expenses. General and administrative expenses include any expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Organization.

Income Taxes

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and applicable state law. The returns of the Organization for 2018 (when filed), 2017, 2016, and 2015 are subject to examination by the respective taxing authorities generally for three years after they were filed.

The Organization follows "FASB ASC 740-10, Income Taxes – Overall". The Organization has assessed its federal and state tax positions and determined that it is subject to income tax on net income that is derived from business activities that are unrelated to its tax-exempt purposes. The Organization files an Exempt Organization Business Income Tax Return (Form 990-T) with the Internal Revenue Service (IRS) to report its unrelated business taxable income, when applicable. For the year ended December 31, 2018, unrelated business income totaled $3,633 relating to employee transportation benefit provided. There was no unrelated business income for the year ended December 31, 2017.

Management believes that the Organization has appropriate support for any tax positions taken affecting its annual filing requirements, and as such, does not have any uncertain tax positions that are material to the financial statements. The Organization would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

Adoption of Accounting Pronouncement

On August 18, 2016, FASB issued "Accounting Standards Update (ASU) 2016-14, Not-for-Profit Entities (Topic 958) – Presentation of Financial Statements of Not-for-Profit Entities." The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Organization has implemented ASU 2016-14 and has adjusted the presentation in these financial statements accordingly for the year ended December 31, 2018.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Future Accounting Pronouncements

In May 2014, the FASB issued "ASU No. 2014-09, Revenue from Contracts with Customers", which is effective for fiscal years beginning after December 15, 2018, for entities other than public business entities and outlines a single comprehensive model for entities to use in accounting for revenue arising from contracts and customers. ASU 2014-09 supersedes most current revenue recognition guidance, including industry-specific guidance, and outlines a five-step process for revenue recognition that focuses on transfer of control, as opposed to transfer of risk and reward. Major provisions include determining which goods and services are distinct and represent separate performance obligations, how variable consideration (which may include change orders and claims) is recognized, whether revenue should be recognized at a point in time or over time, and ensuring the time value of money is considered in the transaction price. ASU 2014-09 can be applied either retrospectively to each prior period presented or as a cumulative-effect adjustment as of the date of adoption. Management is currently evaluating the impact of adopting ASU 2014-09 on the Organization's financial statements and related disclosures.

On June 21, 2018, the FASB issued "ASU 2018-08, Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made". This standard is intended to address questions stemming from FASB "ASU No. 2014-09, Revenue from Contracts with Customers", regarding its implications on the grants and contracts of not-for-profit organizations. The Organization should apply the amendments in this ASU on contributions received to annual periods beginning after June 15, 2019, including interim periods within those annual periods. For nonreciprocal transactions (contributions), the next point to consider for both parties is whether conditions have been placed on the resources provided. The presence of conditions affects the timing of revenue and expense recognition by the resource recipient and resource provider, respectively. Management is currently evaluating the impact of adopting ASU 2018-08 on the Organization's financial statements and related disclosures.

In February 2016, the FASB issued "ASU 2016-02, Leases: Amendments" to the FASB ASC, which amends the existing guidance on accounting for leases, and is effective for fiscal years beginning after December 15, 2019, for entities other than public business entities. This ASU requires the recognition of lease assets and liabilities on the balance sheet and the disclosure of key information about leasing arrangements. Early adoption is permitted and modified retrospective application is required for leases that exist or are entered into after the beginning of the earliest comparative period in the financial statements. The Organization is currently evaluating the impact that this guidance will have on its financial statements.

In June 2016, the FASB issued "ASU 2016-13, Financial Instruments-Credit Losses". The standard requires a financial asset (including trade receivables) measured at amortized cost basis to be presented at the net amount expected to be collected. Thus, the statements of activities will reflect the measurement of credit losses for newly recognized financial assets as well as the expected increases or decreases of expected credit losses that have taken place during the period. This standard will be effective for the calendar year-ending December 31, 2021. Management is currently evaluating the impact of adopting ASU 2016-13 on the Organization's financial statements and related disclosure.

NOTE 2 LIQUIDITY AND AVAILABILITY

The following reflects the Organization's financial assets as of the statement of financial position date, reduced by amounts not available for general use because of donor-imposed restrictions within one year of the statement of financial position date.

Financial assets, at December 31, 2018:	
Cash	$ 1,388,783
Accounts receivable	1,083,857
Current portion of notes receivable	2,914,700
Total Financial Assets	5,387,340
Less those unavailable for general expenditures with one year, due to:	
Net assets with donor restrictions:	
Purpose restrictions	(3,838,409)
Financial assets available to meet cash needs for general expenditures within one year	**$ 1,548,931**

The Organization presents all grants pledged as net assets with donor restrictions upon receipt of the grant funds. For cost-reimbursable grants award, revenue is not recognized until a receivable is billed as the progress on the project is how fees are earned. The Organization is supported by restricted contributions. A donor's restrictions can require resources to be used in a particular manner or in a future period, therefore, some financial assets may not be available for general expenditure within one year.

NOTE 3 NOTES RECEIVABLE

The Organization has made interest and noninterest-bearing loans to certain partnerships. The Organization provides an allowance for potentially uncollectible loans if deemed necessary by management.

The Organization has loaned the proceeds of certain grant agreements to Laclede & Sarah Limited Partnership. One loan agreement provides for a loan of $1,496,750 under a fourth mortgage. The nonrecourse loan is secured by a subordinate deed of trust and security agreement. The loan matures October 23, 2045 and bears an interest rate of 5.23%. Payments of principal and interest are to be made only from Surplus Cash, as defined in the agreement. No principal or interest payments were received during 2018 and 2017. Gross accrued interest at December 31, 2018 and 2017, was $1,099,962 and $1,023,434, respectively.

In addition, during 2004, proceeds from two other grant agreements were also loaned to Laclede & Sarah Limited Partnership under a third mortgage loan agreement in the amount of $1,909,000. This nonrecourse loan is secured by a third priority deed of trust and security agreement. The loan matures on October 23, 2045 and bears no interest. During 2018 and 2017, principal payments of $1,753 and $5,866, respectively, were received. This mortgage note has been discounted to its present value using a 5.23% interest rate.

During 2005, the Organization has loaned the proceeds of a certain grant agreement to Allen Market Lane Properties, L.P. under a loan agreement in the amount of $721,000. This loan is unsecured and bears no interest. Principal is payable only from Surplus Cash, as defined in the agreement. The loan matures March 31, 2045. Principal payments of $18,025 were received in both 2018 and 2017. This mortgage note has been discounted to its present value using a 5.23% interest rate.

NOTE 3 NOTES RECEIVABLE (CONTINUED)

During 2006, the Organization loaned the proceeds of a certain grant agreement to St. Louis Brewery Apartments, L.P. under a loan agreement in the amount of $1,454,545. In addition, during 2006, the Organization loaned the proceeds of a certain grant agreement to Washington Apartments Properties, L.P. under a loan agreement in the amount of $1,000,000. This loan is secured by a subordinate mortgage lien and bears no interest. Principal is payable only from Net Available Cash Flow, and annual payments shall not be required in excess of $25,000, as stated and defined in the agreement. The loan matures December 31, 2048. During 2018 and 2017, principal payments of $12,136 and $13,425, respectively, were received. This mortgage note has been discounted to its present value using a 4.5% interest rate.

During 2008, the Organization loaned the proceeds of a certain grant agreement to Longfellow Phase I, L.P. (the Partnership) under a loan agreement in the amount of $1,600,000. This nonrecourse loan is secured by a subordinate mortgage lien and a deed of trust. The loan matures on December 31, 2048 and bears an interest rate of 1%. Payments of principal and interest totaling $3,000 are due annually from Net Available Cash Flow, in addition to a percentage of Net Available Cash Flow, as defined in the agreement with the Partnership. No principal or accrued interest payments were received during 2018 and 2017. Accrued interest as of December 31, 2018 and 2017, was $139,647 and $126,677, respectively. This mortgage note has been discounted to its present value using a 5% interest rate.

During 2008, West End Apartments Associates donated real property located in the City of St. Louis to the Organization, subject to the deeds of trust securing the mortgage payable and note payable. Concurrently, the Organization sold the project to Eichelberger Partners #19, LLC (Eichelberger 19) for approximately $3,550,000. Sale proceeds were used for the repayment of the mortgage note payable and other obligations of the project. After repayment of the mortgage note payable and other project obligations, the remaining sale proceeds were loaned to Eichelberger 19 under a promissory note in the amount of $2,040,699. The loan is unsecured, bears interest at an annual rate of 4.46% and matures June 27, 2038. Beginning in 2009 and throughout the 30-year term of the loan, principal and interest are both abated annually so long as the property is used in accordance with the terms of the note. During 2018 and 2017, the abatement of principal amounted to $68,023. Management has fully reserved the amount of this loan.

During 2008, the Organization loaned the proceeds of a certain grant agreement to Valentine Apartments, L.P. under a loan agreement in the amount of $1,818,182. This loan is unsecured and bears no interest. Principal is payable only from Surplus Cash, as defined in the agreement. The loan matures upon the earlier of December 31, 2050, or upon sale or transfer of Valentine Apartments, L.P. During 2018 and 2017, principal payments of $2,489 and $16,770, respectively, were received. This mortgage note has been discounted to its present value using a 4.5% interest rate.

NOTE 5 CONTINGENCIES

On June 28, 2010, the Organization made a grant to Eichelberger Partners #3, LLC (the Property Owner) in the amount of $900,000 using the proceeds of a donation received by the Organization. This grant to the Property Owner was made as a recoverable grant to be used for the rehabilitation of the property into affordable rental housing. The grant need not be repaid by the Property Owner to the Organization so long as the property is used and occupied for low-income affordable housing for a period of ten years through June 28, 2020 and remains in compliance with all of the terms and conditions set forth in the Land Use Restriction Agreement (LURA) executed by the Organization, the Property Owner and the Missouri Housing Development Commission. Should the property cease to be used and occupied for low-income affordable housing at any point prior to June 28, 2020, or should the Property Owner otherwise default on its obligations under the LURA, then the entire amount of the grant shall be repayable immediately by the Property Owner to the Organization with interest from June 28, 2010, at an annual rate of 4.45%. The grant was expensed when paid based on the expectation of the property owner's compliance and expected forgiveness of the grant.

The Organization entered into a loan agreement with Bank of America to act as a sponsor of an affordable housing program (AHP) subsidy in the principal amount of $580,100. The same day, the Organization made a corresponding loan with similar terms to UPSE also in the principal amount of $580,100 (Note 3). The loan payable from Bank of America need not be repaid by the Organization so long as the real property has been used and occupied for low-income affordable housing in accordance with the terms of the AHP agreement through June 1, 2021. Should the real property cease to be used and occupied for low-income affordable housing at any point prior to June 1, 2021, then the entire amount of the loan shall be payable to Bank of America on October 31, 2054, when the loan matures. The security agreement with UPSE on its note payable to the Organization has been assigned to Bank of America as collateral on the Organization's note payable. The loan bears no interest. The loan payable has not been recorded by the Organization due to management's assertion that there is a low risk of noncompliance.

The Organization is subject to various risks and uncertainties in the ordinary course of business. The Organization's management and legal counsel assess any contingent liabilities, and such assessment involves an exercise of judgment. Management is of the opinion that they have complied with all legal requirements to which they are subject, and there are no items that will have a material adverse effect on the financial statements.

NOTE 6 LINE-OF-CREDIT

The Organization entered into a revolving line-of-credit agreement with Enterprise Bank & Trust. The agreement allows for maximum borrowings of $520,000 and is secured by a Commercial Security Agreement covering all assets, bearing interest equal to 1% over the Enterprise Bank Prime Rate (5.50% and 4.50% at December 31, 2018 and 2017, respectively). The line-of-credit agreement expired May 9, 2019 and was subsequently extended to May 8, 2021. At December 31, 2018 and 2017, outstanding borrowings amounted to $207,564 and $301,379, respectively.

2020		34,853
Total	**$**	**154,577**

Rent expense for the years ended December 31, 2018 and 2017, totaled $140,585 and $130,121, respectively.

NOTE 9 RELATED PARTY TRANSACTIONS

At December 31, 2018 and 2017, unpaid advances due from Urban Strategies – Memphis, a company affiliated with the Organization through common management, amounted to $376,921 and $408,022, respectively. These amounts are included in operating advances to related parties on the statements of financial position.

At December 31, 2018 and 2017, unpaid advances due from COVAM Community Development Corporation (COVAM), a not-for-profit entity affiliated with the Organization through common management, amounted to $113,298 and $112,260, respectively. These amounts are included in operating advances to related parties on the statements of financial position.

The Organization contributes employee services to COVAM. The associated salaries, payroll taxes and benefits of $17,875 and $65,765 have been included in the contributions expense for the years ended December 31, 2018 and 2017, respectively.

At December 31, 2018 and 2017, unpaid advances due from Friends of Flance (Flance), a not-for-profit entity affiliated with the Organization through common management, amounted to $43,893 and $43,500, respectively. These amounts are included in operating advances to related parties on the statements of financial position.

As discussed in Note 3, the Organization has made loans to Laclede & Sarah Limited Partnership; Allen Market Lane Properties, L.P.; St. Louis Brewery Apartments, L.P.; the Partnership; Valentine Apartments, L.P.; Washington Apartment Properties, L.P.; UPSE; Blumeyer Associates, L.P.; Blumeyer Associates III, L.P.; Blumeyer Associates IV, L.P. and Westminster Place Phase IV, L.P., all entities affiliated with MBA Properties, Inc. (MBA). MBA is considered a related party through an economic concentration (see Note 10).

The Organization has an agreement with McCormack Baron Salazar (MBS), a related party through an economic concentration, to receive human resources and information technology support services on an as-needed basis. MBS is committed to making services available to the Organization to aid in its daily business operations in exchange for a monthly fee in the amount of $350. This agreement expired on August 1, 2019 and is now on a month-to-month basis.

NOTE 10 ECONOMIC CONCENTRATION

During 2018, the Organization received program revenue of $1,459,825 from MBS and $840,170 from McCormack Baron Management (MBM). Both companies are owned by MBA and together comprised 30% program revenue in 2018.

During 2017, the Organization received program revenue of $2,555,066 from MBS and $628,860 from MBM. Both companies are owned by MBA and together comprised 40% program revenue in 2017.

Future operations could be affected by changes in the economic condition of MBS, MBM or their parent company MBA.

NOTE 11 DEFFERED COMPENSATION PLAN

The Organization has a 401(k) savings plan (the Plan) covering eligible full-time employees. The 401(k) feature of the plan allows participants to defer a portion of eligible compensation on a tax-deferred basis. The Plan provides for a contribution of 3% of base salary to all eligible full-time employees. The contribution amounted to $22,843 and $27,281 in 2018 and 2017, respectively.

NOTE 12 COMMITMENTS

At December 31, 2017, the Organization was committed to pay a total of $141,334 to other organizations within ten days of receipt of a grant receivable. The grant receivable was collected during 2018 and the commitment was subsequently fulfilled. There were no commitments as of December 31, 2018.

NOTE 13 RECLASSIFICATIONS

Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation. Total assets, total liabilities, and changes in net assets were not affected by these reclassifications.

NOTE 14 PRIOR PERIOD ADJUSTMENT

At times, the Organization may receive notice that they have been awarded a grant. When the Organization receives such notification, a grant receivable should be recorded at that time. A $100,000 grant was awarded in 2017 and received in 2018 was not recorded as a grant receivable at December 31, 2017. A prior period adjustment was recorded for $100,000 which resulted in an increase in net assets and grants receivable of $100,000 at December 31, 2017.

NOTE 15 SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date of the independent auditors' report, the date the financial statements were available to be issued.

On February 20, 2019, the Organization entered into an agreement with Allen Market Lane Properties, L.P. to modify their promissory note (see Note 3). In exchange for a one-time payment of $147,000, the Organization shall discharge the promissory note in full. Payment was received on February 28, 2019. At December 31, 2018, the principal amount of the note was $588,919 and the related discount was $469,173. Upon the discharge of the promissory note, the Organization recognized a gain of $45,279.

INDEPENDENT AUDITORS' REPORT

We have audited the accompanying financial statements of *Urban Strategies, Inc.* (a nonprofit organization), which comprise the statements of financial position as of December 31, 2019 and 2018, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as, evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of *Urban Strategies, Inc.* as of December 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Prior Period Adjustment

As discussed in Note 12 to the financial statements, a prior period adjustment was recorded for $43,500, which resulted in a decrease in net assets and operating advances to related parties at December 31, 2018.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Urban Strategies, Inc. (the Organization) is organized as a not-for-profit organization, under Section 501(c)(3) of the Internal Revenue Code. The mission of the Organization is to build healthy, sustainable urban communities through comprehensive community and economic development. The Organization works with local residents to develop innovative community redevelopment plans; connect human and social service support to the physical redevelopment of the communities and match local, state, federal and private resources to those efforts.

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and accordingly reflect all significant receivables, payables and other liabilities.

Estimates and Assumptions

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenue and expenses. Actual results could differ from those estimates.

Concentrations of Credit Risk Arising from Cash Deposits in Excess of Insured Limits

The Organization maintains cash balances at more than one financial institution. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 per financial institution. At various times during the years ended December 31, 2019 and 2018, the Organization's total cash balances may have exceeded the FDIC's threshold. Management believes the Organization is not exposed to any significant credit risk related to those accounts.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year end. Based on management's assessment of the credit history with clients having outstanding balances and current relationships with them, no allowance has been established at December 31, 2019 and 2018, respectively.

Grants Receivable

Grants receivable, consisting of grants from federal and nonfederal government agencies, are recognized as revenue in the period the grants are earned or promised.

Grants receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual balances. Those balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to the receivable. Management believes that no valuation allowances are necessary for grants receivable at December 31, 2019 and 2018.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Promises to Give

Unconditional promises to give are recognized as revenue in the period the promises are received. Conditional promises to give, which depend upon specified future and uncertain events, are recognized as revenue when the conditions upon which they depend are substantially met. Promises to give are reported at the amount management expects to collect on balances outstanding at year end. There were no promises to give recorded at December 31, 2019 and 2018.

Notes and Accrued Interest Receivables

Notes and interest receivables are stated at the amount management expects to collect from balances outstanding at year end. Management provides for an allowance based on its estimate of probable losses. Interest income is recognized when earned in accordance with the loan terms. The allowance for uncollectible amounts is increased by charges to income and decreased by charge-offs (net of recoveries). Management's periodic evaluation of the adequacy of the allowance is based on the performances of past loss experience, known and other risk inherent in the portfolio, specific impaired notes, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral and current economic conditions.

A note is considered impaired when, based on currently available information, it is probable that the Organization will not collect all of the principal and interest contractually required by the note agreement. All impaired notes are evaluated for an asset-specific allowance for uncollectible amounts. The Organization recognizes an allowance for uncollectible amounts on impaired notes when the recorded investment in the note exceeds estimates of the cash flows expected to be received from the borrower, discounted using the original effective interest rate of the note. An allowance for uncollectible amounts of $1,449,074 and $1,606,098 has been recognized at December 31, 2019 and 2018, respectively.

Property and Equipment

Property and equipment are carried at cost, if purchased, or fair value at date of gift, if donated, less accumulated depreciation and amortization computed using the straight-line method over seven years.

Deferred Revenue

Program revenue and payments under cost-reimbursable contracts received in advance are deferred to the applicable period in which the related services are performed, or expenditures are incurred, respectively. The Organization is treated as a subcontractor for the majority of these contracts. The Organization had deferred revenue of $452,340 and $198,422 at December 31, 2019 and 2018, respectively.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Assets

The Organization has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958, *Financial Statements of Not-for-Profit Entities*.

Net assets, revenue, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets which are available for use in general operations and not subject to donor (or certain grantor) restrictions. The amounts designated by the board are amounts equal to the accrued interest and notes receivable balances less any donor restrictions on those funds, and therefore fluctuate with those respective balances. The board may change this designation with a vote of the board. At December 31, 2019 and 2018, amounts designated are $3,871,336 and $3,746,462.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. The Organization reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends, or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. There were no perpetual restrictions noted at December 31, 2019 and 2018.

Donated Services and Material

Donated materials are recorded at fair value at the date of donation. Contributed services are recognized at fair value if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are performed by individuals possessing these skills, and would typically need to be purchased if not provided by donation. In-kind donations totaled $763,828 and $752,155 for the years ended December 31, 2019 and 2018, respectively, including donated services of $634,069 and $646,734 for the respective years then ending.

Revenue Recognition

Revenue is recognized when earned. Program revenue and payments under cost-reimbursable contracts received in advance are deferred to the applicable period in which the related services are performed, or expenditures are incurred, respectively. Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Marketing and Advertising

The Organization follows the policy of charging the costs of marketing and advertising to expenses as costs are incurred. Advertising expense was $57,784 and $63,705 for the years ended December 31, 2019 and 2018, respectively.

Description of Program Services and Supporting Activities

The following program services and supporting activities are included in the accompanying financial statements:

Planning:

Community Planning and Human Capital Development – The Organization works with current and former residents, public housing authorities (PHA), city government officials, community organizations, foundations and other stakeholders to facilitate community engagement processes around neighborhood conditions and human service's needs. The process typically includes gathering data from existing sources, both formally and informally, surveying residents, assessing service and amenity needs, holding facility town hall meetings and facilitating focus groups with key stakeholders.

Through the community engagement process, stakeholders' priorities are identified, and the Organization develops a human capital plan that is integrated with the planned physical revitalization based on the community's vision. The Organization is mindful of the existing and authentic strengths of a community and its human capital plans focus on collaboration, building on community assets and strengthening capacity while avoiding duplication of services.

Early Project Development – The Organization is sometimes engaged by developers, municipalities and housing authorities to assist with early development of projects. This work includes traveling to potential project sites to assess the suitability of the community for a physical transformation revitalization, assess the human capital needs that must be addressed as part of that redevelopment, meet with local officials to engage in preliminary discussion about the type of scope of the potential redevelopment project and project costs and conduct early investigation of potential funding source.

Economic Development – Residents in revitalizing communities desire nearby neighborhood amenities, such as commercial, green, and communal spaces for convenience, necessity, and employment. These amenities also attract new residents. Communities engage the Organization to develop neighborhood-based economic development plans, including new commercial enterprises and enhancements to existing commercial and retail efforts. The Organization has the expertise to design business and implementation plans, capacity studies and funding/capital access plans to help communities build vibrant commercial corridors. The Organization also supports the design and implementation of social enterprises that empower residents economically by connecting them to business development opportunities.

Description of Program Services and Supporting Activities (Continued)

Planning (Continued):

Enhanced Schools – The Organization believes that improving schools is central to every re-emerging community. For more than ten years, the Organization has worked in neighborhood elementary schools to establish and maintain mixed-income communities and support social, economic and racial integration. The Organization has worked in partnership with St. Louis, Memphis, Baltimore, San Francisco, Sacramento, San Antonio, Pittsburgh, Columbus, Miami, Louisville, Tulsa and Minneapolis to lead improvements in physical infrastructure, governance, curriculum, technology and community engagement in neighborhood schools and support academic achievement as a tool for ensuring positive economic mobility. The Organization also recognizes that setting or changing school policy is beyond its control, which is why it is critical that it not only support schools by working within the system, but also supporting the development or implementation of ancillary programming outside of school hours to support high academic achievement.

Supportive Housing – Certain populations require additional services or physical accommodations due to physical disability, developmental limitations or homelessness, and the Organization is committed to maximizing opportunities for all to live successfully and to achieve the greatest possible degree of self-sufficiency where they live.

The Organization works with organizations representing populations with special housing needs to design frameworks and financial structures that help residents live independently with both pride and appropriate support systems.

Integrated Service Delivery:

Healthy Living – Limited access to health insurance and treatment for physical and mental health issues, as well as, the lack of health education and prevention efforts, is a significant barrier for low-income families attempting to achieve self-sufficiency. The Organization designs community health initiatives that are directly linked to key physical and mental health indicators. Anecdotal and quantitative data on the impact of healthy living on community vitality is often a basis for raising new funds to support healthy living initiatives.

CHOICE Neighborhoods Initiative "People" Component - The U.S. Department of Housing and Urban Development's CHOICE Neighborhood Initiative requires that a plan and implementation strategy for Community and Supportive Services be put in place to help residents of redeveloping neighborhoods make progress toward self-reliance. The Organization works with PHAs and municipalities across the country to creatively design and implement services that address the specialized needs of individuals and families and link them to variety of relocation services. The Organization also designs comprehensive plans in collaboration with the community so that the plan reflects a community's values and vision for future strength.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Description of Program Services and Supporting Activities (Continued)

Integrated Service Delivery (Continued):

Senior Programming – Senior living facilities are only as successful as the programming and services put in place to support their residents, and the Organization is committed to continuously expanding its knowledge about aging, improving the design of senior facilities and making superior services available to the senior residents it serves. The Organization works with property management companies and PHAs across the country to assist in the physical design of senior housing facilities and the development of a network of programs that enhance and support the independent living of elderly residents. The Organization has conducted research into successful senior living and has considerable experience crafting and implementing policy affecting seniors.

Community Centers – At several mixed-income housing sites under development by property management companies, the Organization has been contracted to manage and/or coordinate programming in a community center building. The Organization supports programming out of these centers. The Organization recruits service partners to offer programming that meets the needs of residents and to manage those partnerships. The Organization also engages in outreach and marketing efforts to inform residents and the larger community of the opportunities available at the community center.

Policy Development:

The Policy Development program focuses on influencing local, state and federal policies on economic mobility, housing, education and health in service of our mission. The Organization influences policy through the development of written policy suggestions based on best practices that the Organization has developed, meeting with leaders in the field to share experience from other projects and participating in coalitions with partner organizations seeking the same results.

Leadership Development and Sustainability:

Capacity Building – The Organization provides technical support and assistance to other organizations in the communities where it works. The goal of this assistance is to help build the capacity of those organizations to serve more residents and improve the quality of their programs, making the community more self-sustaining. Examples of such capacity-building projects include working with social services, including strategic planning, resource development and community engagement, and not-for-profit organizations to help them increase the quality of their programs and working with a business enterprise started by a group of residents to help them scale that business up.

Community Services Liaisons – Community Services Liaisons are the Organization's social service specialists who support residents and neighborhoods across the country. Liaisons work with residents to develop community awareness and participation in activities on the property and within the larger community. They also assist residents in self-improvement, self-sufficiency and community building. The Organization developed the Community Services Liaison position to support the success of residents in new mixed-income communities.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Description of Program Services and Supporting Activities (Continued)

Leadership Development and Sustainability (Continued):

Fund Development – Funding is critical to the work of rebuilding communities. In conjunction with community planning efforts, the Organization develops strategies for building human capital and economic development plans.

The Organization also designs innovative funding strategies that combine public and private resources. By leveraging and reallocating existing resources, identifying key partnerships and locating new sources of funds, the Organization seeks to improve the access of children and adults to high-quality facilities and programs without placing major new burdens on cities that may be facing scarcities of resources.

Literacy Initiatives - Strong reading skills are vital to success in school and the workplace. The Organization has begun to develop and implement specialized programs for child and adult literacy that are integrated with other Community Support Services or Human Capital programming.

Resident Leadership – A sustainable community must have empowered residents who have the ability to assist in the planning and implementation process. The Organization works directly with residents representing past and emerging community leadership to ensure that the local voice is broad and deep. The Organization engages and cultivates prospective resident leaders to build their capacity to lead through targeted training programs, and it achieves its goals by building relationships with residents, earning trust and demonstrating excellence in its product.

Workforce Development – Residents of low-income communities often have multiple barriers to employment. The Organization works directly with residents seeking to re-enter the workforce, connecting them to appropriate job and entrepreneurial opportunities, supporting the development of good work habits and professional conduct and providing a set of supportive services to help them manage other areas of their lives that may impact their success at work.

General and Administrative:

Management and general expense include the functions necessary to maintain an equitable employment program, ensure an adequate working environment, provide coordination and articulation of the Organization's program mission, secure proper administrative functioning of the Board of Directors, and manage the financial and budgetary responsibilities of the Organization. It includes all activities not directly identifiable with one or more program or fundraising activities.

Fundraising:

Provides the structure necessary to encourage and secure financial support from individuals, organizations, foundations, corporations and government entities.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Expense Allocation

The financial statements report certain natural categories of expenses that are attributed to more than one program or supporting service. Therefore, expenses require allocation on a reasonable basis that is consistently applied. Expenses are charged to program services and supporting activities on the basis of periodic time and expense studies. Each year, various projects occurring during the year cause expense allocations to change based on time and effort of employees, and these are analyzed by project, and summarized into percentages to allocate among all expenses. Audit expenses are applied specifically to management and general expenses, and the remaining professional fees are allocated using the common percentage. Employee time is analyzed for time spent on the different programs and supporting services and those percentages are applied to all other expenses that aren't specifically identified as program services or supporting services. General and administrative expenses include any expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Organization.

Income Taxes

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and applicable state law. The returns of the Organization for 2019 (when filed), 2018, 2017, and 2016 are subject to examination by the respective taxing authorities generally for three years after they were filed.

The Organization follows FASB ASC 740-10, *Income Taxes – Overall*. The Organization has assessed its federal and state tax positions and determined that it is subject to income tax on net income that is derived from business activities that are unrelated to its tax-exempt purposes. The Organization files an Exempt Organization Business Income Tax Return (Form 990-T) with the Internal Revenue Service (IRS) to report its unrelated business taxable income, when applicable. There was no unrelated business income for the year ended December 31, 2019. For the year ended December 31, 2018, unrelated business income totaled $3,633 relating to employee transportation benefit provided, which was refunded during 2019 due to a change in the applicable tax law.

Management believes that the Organization has appropriate support for any tax positions taken affecting its annual filing requirements, and as such, does not have any uncertain tax positions that are material to the financial statements. The Organization would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

Adoption of Accounting Pronouncements

Effective January 1, 2019, The Organization has adopted ASU No. 2018-08 *Not-for-Profit Entities: Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made*. This standard addressed question stemming from FASB ASU No. 2014-09 - *Revenue from Contracts with Customers*, regarding its implications on the grants and contracts of not-for-profit organizations. For nonreciprocal transactions (contributions), the next point to consider for both parties is whether conditions have been placed on the resources provided. The presence of conditions affects the timing of revenue and expense recognition by the resource recipient and resource provider, respectively.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Future Accounting Pronouncements

In May 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers* (Topic 606). Topic 606 outlines a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. Topic 606 supersedes most current revenue recognition guidance, including industry-specific guidance, and outlines a five-step process for revenue recognition that focuses on transfer of control, as opposed to transfer of risk and reward. Major provisions include determining which goods and services are distinct and represent separate performance obligations, how variable consideration (which may include change orders and claims) is recognized, whether revenue should be recognized at a point in time or over time, and ensuring the time value of money is considered in the transaction price. In June 2020, the FASB issued ASU No. 2020-05, *Revenue from Contracts with Customers* (Topic 606) *and Leases* (Topic 842*) Effective Dates for Certain Entities*. Prior to ASU No. 2020-05 Topic 606 was effective for fiscal years beginning after December 15, 2018, for entities other than public business entities. ASU No. 2020-05 defers the effective date of Topic 606 for entities that have not previously published financial statements to periods beginning after December 15, 2019. Management has adopted the provisions of ASU No. 2020-05 and will defer implementation of Topic 606. Management is currently evaluating the impact of adopting ASU 2014-09 on the Organization's financial statements and related disclosures.

In February 2016, the FASB issued ASU 2016-02*, Leases: Amendments to the FASB Accounting Standards Codification* (Topic 842), which amends the existing guidance on accounting for leases. This ASU requires the recognition of lease assets and liabilities on the statement of financial position and the disclosure of key information about leasing arrangements. Early adoption is permitted and modified retrospective application is required for leases that exist or are entered into after the beginning of the earliest comparative period in the financial statements. In June 2020, the FASB issued ASU No. 2020-05, Revenue from Contracts with Customers (Topic 606) and Leases (Topic 842) Effective Dates for Certain Entities. Prior to ASU No. 2020-05, the amendments to Topic 842 would be effective for periods beginning after December 15, 2020, for entities other than public business entities. ASU No. 2020-05 defers the effective date of the amendments to Topic 842 to periods beginning after December 15, 2021. Management has adopted the provisions of ASU No. 2020-05 and will defer implementation of the amendments to Topic 842. Management is currently evaluating the impact of adopting ASU 2016-02 on the Organization's financial statements and related disclosures.

In June 2016, the FASB issued ASU 2016-13, *Financial Instruments-Credit Losses*. The standard requires a financial asset (including trade receivables) measured at amortized cost basis to be presented at the net amount expected to be collected. Thus, the statements of activities will reflect the measurement of credit losses for newly recognized financial assets as well as the expected increases or decreases of expected credit losses that have taken place during the period. This standard will be effective for the calendar year-ending December 31, 2023. Management is currently evaluating the impact of adopting ASU 2016-13 on the Organization's financial statements and related disclosure.

NOTE 2 LIQUIDITY AND AVAILABILITY

The following reflects the Organization's financial assets as of the statement of financial position date, reduced by amounts not available for general use because of donor-imposed restrictions within one year of the statement of financial position date.

Financial assets, at December 31, 2019 and 2018:		
Cash	$ 4,097,002	1,388,783
Accounts receivable	2,025,023	1,083,857
Grants receivable	126,355	45,000
Current portion of notes receivable	11,745	2,914,700
Total Financial Assets	6,260,125	5,432,340
Less those unavailable for general expenditures with one year, due to:		
Net assets with donor restrictions:		
Purpose restrictions	(3,977,183)	(3,838,409)
Financial assets available to meet cash needs for general expenditures within one year	**$ 2,282,942**	**$ 1,593,931**

The Organization presents all grants pledged as net assets with donor restrictions upon promise of the grant funds. For program revenue, revenue is not recognized until a receivable is billed as the progress on the project is how fees are earned. Board designated restrictions are not presented as reductions to the liquidity above since the collection of payments on the notes receivable releases the board's designation and the payments received can be used for the general expenditures of the Organization unless restricted by a donor. The Organization is supported by restricted contributions. A donor's restrictions can require resources to be used in a particular manner or in a future period, therefore, some financial assets may not be available for general expenditure within one year.

NOTE 3 NOTES RECEIVABLE

The Organization has made interest and noninterest-bearing loans to certain partnerships. The Organization provides an allowance for potentially uncollectible loans if deemed necessary by management.

The Organization has loaned the proceeds of certain grant agreements to Laclede & Sarah Limited Partnership. One loan agreement provides for a loan of $1,496,750 under a fourth mortgage. The nonrecourse loan is secured by a subordinate deed of trust and security agreement. The loan matures October 23, 2045 and bears an interest rate of 5.23%. Payments of principal and interest are to be made only from Surplus Cash, as defined in the agreement. Interest payments of $3,758 and $1,752 were received during 2019 and 2018, respectively. Gross accrued interest at December 31, 2019 and 2018, was $1,174,484 and $1,099,962, respectively.

In addition, during 2004, proceeds from two other grant agreements were also loaned to Laclede & Sarah Limited Partnership under a third mortgage loan agreement in the amount of $1,909,000. This nonrecourse loan is secured by a third priority deed of trust and security agreement. The loan matures on October 23, 2045 and bears no interest. During 2019 and 2018, principal payments of $3,758 and $1,753, respectively, were received. This mortgage note has been discounted to its present value using a 5.23% interest rate.

NOTE 3 NOTES RECEIVABLE (CONTINUED)

During 2005, the Organization loaned the proceeds of a certain grant agreement to Allen Market Lane Properties, L.P. under a loan agreement in the amount of $721,000. This loan is unsecured and bears no interest. Principal is payable only from Surplus Cash, as defined in the agreement. The loan was originally set to mature on March 31, 2045. On February 20, 2019, the Organization entered into an agreement with Allen Market Lane Properties, L.P. to modify their promissory note. In exchange for a one-time payment of $147,000, the Organization discharged the promissory note in full. The note had been discounted to its present value using a 5.23% interest rate. When the note was discharged, the related discount was $469,173, and upon discharge of the note, the Organization recognized a gain of $45,279. Principal payments of $147,000 and $18,025 were received in 2019 and 2018, respectively.

During 2006, the Organization loaned the proceeds of a certain grant agreement to St. Louis Brewery Apartments, L.P. under a loan agreement in the amount of $1,454,545. This loan is unsecured and bears no interest. Principal is payable only from Surplus Cash, as defined in the agreement. The loan matures July 1, 2046. No principal payments were received during 2019 and 2018. This mortgage note has been discounted to its present value using a 5.5% interest rate.

In addition, during 2006, the Organization loaned the proceeds of a certain grant agreement to Washington Apartments Properties, L.P. under a loan agreement in the amount of $1,000,000. This loan is secured by a subordinate mortgage lien and bears no interest. Principal is payable only from Net Available Cash Flow, and annual payments shall not be required in excess of $25,000, as stated and defined in the agreement. The loan matures December 31, 2048. During 2019 and 2018, principal payments of $16,733 and $12,136, respectively, were received. This mortgage note has been discounted to its present value using a 4.5% interest rate.

During 2008, the Organization loaned the proceeds of a certain grant agreement to Longfellow Phase I, L.P. (the Partnership) under a loan agreement in the amount of $1,600,000. This nonrecourse loan is secured by a subordinate mortgage lien and a deed of trust. The loan matures on December 31, 2048 and bears an interest rate of 1%. Payments of principal and interest totaling $3,000 are due annually from Net Available Cash Flow, in addition to a percentage of Net Available Cash Flow, as defined in the agreement with the Partnership. Principal payments of $3,000 were received in 2019. No principal or accrued interest payments were received during 2018. Accrued interest as of December 31, 2019 and 2018, was $158,587 and $142,647, respectively. This mortgage note has been discounted to its present value using a 5% interest rate.

During 2008, West End Apartments Associates donated real property located in the City of St. Louis to the Organization, subject to the deeds of trust securing the mortgage payable and note payable. Concurrently, the Organization sold the project to Eichelberger Partners #19, LLC (Eichelberger 19) for approximately $3,550,000. Sale proceeds were used for the repayment of the mortgage note payable and other obligations of the project. After repayment of the mortgage note payable and other project obligations, the remaining sale proceeds were loaned to Eichelberger 19 under a promissory note in the amount of $2,040,699. The loan is unsecured, bears interest at an annual rate of 4.46% and matures June 27, 2038. Beginning in 2009 and throughout the 30-year term of the loan, principal and interest are both abated annually so long as the property is used in accordance with the terms of the note. During 2019 and 2018, the abatement of principal amounted to $68,023. Management has fully reserved the amount of this loan.

During 2008, the Organization loaned the proceeds of a certain grant agreement to Valentine Apartments, L.P. under a loan agreement in the amount of $1,818,182. This loan is unsecured and bears no interest. Principal is payable only from Surplus Cash, as defined in the agreement. The loan matures upon the earlier of December 31, 2050, or upon sale or transfer of Valentine Apartments, L.P. During 2019 and 2018, principal payments of $4,197 and $2,489, respectively, were received. This mortgage note has been discounted to its present value using a 4.5% interest rate.

NOTE 3 NOTES RECEIVABLE (CONTINUED)

During 2008, the Organization loaned the proceeds of a certain grant agreement to Eichelberger Partners #1, LLC under a loan agreement in the amount of $1,818,181. This loan is unsecured and bears interest at an annual rate of 4.45%. The loan matured December 31, 2018. Beginning in 2009 and throughout the 10-year term of the loan, principal and interest are both abated annually so long as the property is used in accordance with the terms of the note. During 2018, the abatement of principal amounted to $181,818. Management had fully reserved the amount of this loan. The full loan amount and reserve were removed upon maturity.

During 2009, the Organization loaned the proceeds of a certain donation agreement to Eichelberger Partners #2, LLC under a loan agreement in the amount of $890,000. This loan is unsecured and bears interest at an annual rate of 4.45%. The loan matured December 31, 2019. Beginning in 2010 and throughout the 10-year term of the loan, principal and interest will both be abated annually so long as the property is used in accordance with the terms of the note. During 2019 and 2018, the abatement of principal amounted to $89,000. Management had fully reserved the amount of this loan. The full loan amount and reserve were removed upon maturity.

During 2010, the Organization loaned the proceeds from the note payable to University Place Southeast, L.P. (UPSE) (Note 5) under a loan agreement in the amount of $580,100. This loan is secured by a subordinate mortgage lien and bears no interest. Principal is payable only from Surplus Cash, as defined in the agreement. In addition, repayment on this note shall not commence until the loans to UPSE from the first and second priority mortgages have been repaid in full. Additionally, in the event that the Organization becomes obligated to pay any amount advanced by Bank of America, including interest (Note 5), UPSE, at the option of the Organization, must either reimburse the Organization for all amounts obligated to Bank of America or pay such amounts directly to Bank of America. The loan matures October 31, 2054. No principal payments were received during 2019 and 2018. Management has fully reserved the amount of this loan.

On September 27, 2012, the Organization was assigned a loan agreement from Grand Rock Community Economic Development Corporation (Grand Rock). The agreement was initially between Grand Rock and Blumeyer Associates, L.P. in the principal amount of $2,091,398. This loan agreement was assigned to the Organization under the same terms on September 27, 2012. This nonrecourse loan is secured by a subordinate mortgage lien and a deed of trust. The loan bears no interest. Principal is payable only from Net Available Cash Flow, Net Proceeds or Condemnation Procedures, as defined in the agreement. The loan matures July 29, 2050. No principal payments were received during 2019 and 2018. Management has fully reserved the amount of this loan.

During 2012, the Organization was assigned a loan agreement from Grand Rock. The agreement was initially between Grand Rock and Blumeyer Associates III, L.P. in the principal amount of $1,805,665. This loan agreement was assigned to the Organization under the same terms on September 27, 2012. This nonrecourse loan is secured by a subordinate mortgage lien and a deed of trust. The loan bears no interest. Principal is payable only from Net Available Cash Flow, Net Proceeds or Condemnation Procedures, as defined in the agreement. The loan matures February 18, 2062. Principal payments of $6,440 and $4,850 were received during 2019 and 2018, respectively. Management has fully reserved the amount of this loan.

During 2012, the Organization was assigned a loan agreement from Grand Rock. The agreement was initially between Grand Rock and Blumeyer Associates IV. L.P. in the principal amount of $2,180,653. This loan agreement was assigned to the Organization under the same terms on September 27, 2012. This nonrecourse loan is secured by a subordinate mortgage lien and a deed of trust. The loan bears no interest. Principal is payable only from Net Available Cash Flow, Net Proceeds or Condemnation Procedures, as defined in the agreement. The loan matures September 5, 2063. Principal payments of and $4,826 and $3,173 were received during 2019 and 2018, respectively. Management has fully reserved the amount of this loan.

NOTE 3 NOTES RECEIVABLE (CONTINUED)

During 2017, the Organization loaned the proceeds of a certain donation agreement to McCormack Baron Salazar, Inc. (a related party, see Note 9), under the project name "Twin Rivers", through a series of sub-loans in the amount of $2,110,867, with a maximum total loan amount of $3,000,000. Each sub-loan is unsecured and bears interest at an annual rate of 4.25% over the 30-day LIBOR as reported in the "Money Rates" section of the Wall Street Journal Eastern Edition, with a ceiling of 8%. Interest payments shall be due and payable monthly, with the first payment due the first day of the second month following sub-loan closing, and each subsequent payment due the first day of each month thereafter, up to the sub-loan maturity date. The maximum term of each sub-loan shall be 24 months. The entire unpaid principal balance of the sub-loan, together with all accrued and unpaid interest, and all other fees, costs and charges, if any, shall be due and payable in full. Additional sub-loans in the amount of $334,399 and $780,982 were made during 2019 and 2018, respectively. Principal payments of $2,880,742 were made in 2019. No principal payments were received during 2018.

There was no depreciation expense for the year ended December 31, 2019. Depreciation charged against revenue amounted to $4,973 for the year ended December 31, 2018.

NOTE 5 CONTINGENCIES

On June 28, 2010, the Organization made a grant to Eichelberger Partners #3, LLC (the Property Owner) in the amount of $900,000 using the proceeds of a donation received by the Organization. This grant to the Property Owner was made as a recoverable grant to be used for the rehabilitation of the property into affordable rental housing. The grant need not be repaid by the Property Owner to the Organization so long as the property is used and occupied for low-income affordable housing for a period of ten years through June 28, 2020 and remains in compliance with all of the terms and conditions set forth in the Land Use Restriction Agreement (LURA) executed by the Organization, the Property Owner and the Missouri Housing Development Commission. Should the property cease to be used and occupied for low-income affordable housing at any point prior to June 28, 2020, or should the Property Owner otherwise default on its obligations under the LURA, then the entire amount of the grant shall be repayable immediately by the Property Owner to the Organization with interest from June 28, 2010, at an annual rate of 4.45%. The grant was expensed when paid based on the expectation of the property owner's compliance and expected forgiveness of the grant.

The Organization entered into a loan agreement with Bank of America to act as a sponsor of an affordable housing program (AHP) subsidy in the principal amount of $580,100. The same day, the Organization made a corresponding loan with similar terms to UPSE also in the principal amount of $580,100 (Note 3). The loan payable from Bank of America need not be repaid by the Organization so long as the real property has been used and occupied for low-income affordable housing in accordance with the terms of the AHP agreement through June 1, 2021. Should the real property cease to be used and occupied for low-income affordable housing at any point prior to June 1, 2021, then the entire amount of the loan shall be payable to Bank of America on October 31, 2054, when the loan matures. The security agreement with UPSE on its note payable to the Organization has been assigned to Bank of America as collateral on the Organization’s note payable. The loan bears no interest. The loan payable has not been recorded by the Organization due to management’s assertion that there is a low risk of noncompliance.

The Organization is subject to various risks and uncertainties in the ordinary course of business. The Organization’s management and legal counsel assess any contingent liabilities, and such assessment involves an exercise of judgment. Management is of the opinion that they have complied with all legal requirements to which they are subject, and there are no items that will have a material adverse effect on the financial statements.

NOTE 6 LINE-OF-CREDIT

The Organization entered into a revolving line-of-credit agreement with Enterprise Bank & Trust. The agreement allows for maximum borrowings of $520,000 and is secured by a Commercial Security Agreement covering all assets, bearing interest equal to 1% over the Enterprise Bank Prime Rate (4.75% and 5.50% at December 31, 2019 and 2018, respectively). The line-of-credit agreement expired May 9, 2019 and was extended to May 8, 2021. At December 31, 2019 and 2018, outstanding borrowings amounted to $87,564 and $207,564, respectively.

Total	**$**	**118,523**

Rent expense for the years ended December 31, 2019 and 2018, totaled $142,374 and $140,585, respectively.

NOTE 9 RELATED PARTY TRANSACTIONS

At December 31, 2019 and 2018, unpaid advances due from Urban Strategies – Memphis, a company affiliated with the Organization through common management, amounted to $247,293 and $376,921, respectively. These amounts are included in operating advances to related parties on the statements of financial position.

At December 31, 2019 and 2018, unpaid advances due from COVAM Community Development Corporation (COVAM), a not-for-profit entity affiliated with the Organization through common management, amounted to $111,483 and $113,298, respectively. These amounts are included in operating advances to related parties on the statements of financial position.

The Organization contributed employee services to COVAM. There were no contributions made during 2019. The associated salaries, payroll taxes and benefits of $17,875 was been included in the contributions expense for the year ended December 31, 2018.

At December 31, 2019 and 2018, unpaid advances due from Friends of Flance (Flance), a not-for-profit entity affiliated with the Organization through common management, amounted to $393 for both years. These amounts are included in operating advances to related parties on the statements of financial position.

As discussed in Note 3, the Organization has made loans to Laclede & Sarah Limited Partnership; Allen Market Lane Properties, L.P.; St. Louis Brewery Apartments, L.P.; the Partnership; Valentine Apartments, L.P.; Washington Apartment Properties, L.P.; UPSE; Blumeyer Associates, L.P.; Blumeyer Associates III, L.P.; Blumeyer Associates IV, L.P. and Westminster Place Phase IV, L.P., all entities affiliated with MBA Properties, Inc. (MBA). MBA is considered a related party through an economic concentration (see Note 10).

The Organization has an agreement with McCormack Baron Salazar (MBS), a related party through an economic concentration, to receive human resources and information technology support services on an as-needed basis. MBS is committed to making services available to the Organization to aid in its daily business operations in exchange for a monthly fee in the amount of $350. This agreement expired on August 1, 2019 and is now on a month-to-month basis.

NOTE 10 ECONOMIC CONCENTRATION

During 2019, the Organization received program revenue of $1,578,775 from MBS and $1,301,575 from McCormack Baron Management (MBM). Both companies are owned by MBA and together comprised 31% of program revenue in 2019.

During 2018, the Organization received program revenue of $1,459,825 from MBS and $840,170 from MBM. Both companies are owned by MBA and together comprised 30% of program revenue in 2018.

Future operations could be affected by changes in the economic condition of MBS, MBM or their parent company MBA.

NOTE 11 DEFFERED COMPENSATION PLAN

The Organization has a 401(k) savings plan (the Plan) covering eligible full-time employees. The 401(k) feature of the plan allows participants to defer a portion of eligible compensation on a tax-deferred basis. The Plan provides for a contribution of 3% of base salary to all eligible full-time employees. The contribution amounted to $20,603 and $22,843 in 2019 and 2018, respectively.

NOTE 12 PRIOR PERIOD ADJUSTMENT

A prior period adjustment was recorded to remove $43,500 of operating advances due from Flance, leaving only $393 outstanding as of At December 31, 2019 and 2018, as described in Note 9. This adjustment resulted in a decrease in net assets and operating advances receivable of $43,500 at December 31, 2018.

NOTE 13 SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date of the independent auditors' report, the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic. As a result of the COVID-19 outbreak, economic uncertainties have arisen. The COVID-19 outbreak in the United States has resulted in the temporary reduction of program operations where government mandated. The extent and impact of COVID-19 on the Organization's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on the Organization's donors and grantors, employees, and vendors, all of which are uncertain and cannot be predicted. At the current time, the potential effects of this pandemic on the Organization's financial statements remain unknown.

Associated with the coronavirus pandemic, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted to provide economic assistance to American businesses. Through the CARES Act, the Organization obtained $1,091,500 in debt financing from the Small Business Administration's Paycheck Protection Program with an annual interest rate of 1%. The loan is to be paid in monthly principle and interest installments beginning in November 2020 and maturing in April of 2022, unless otherwise forgiven. The Organization plans on applying for forgiveness of the funding.

On June 5, 2020, the Organization purchased the sole membership interest of an investment fund corporation for $1,000 that has a net equity value of $2,778,750.

INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying consolidated financial statements of *Urban Strategies, Inc. and Subsidiary* (the Organization) (a nonprofit organization), which comprise the consolidated statement of financial position as of December 31, 2020, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States and, for Urban Strategies, Inc., the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement. The financial statements of the subsidiary of Urban Strategies, Inc. was not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as, evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of *Urban Strategies, Inc. and Subsidiary* as of December 31, 2020, and the changes in their net assets and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, (Uniform Guidance) on Pages 25-26 and Uniform Guidance information on Pages 27-35, are presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other information

The corrective action plan has not been subjected to the auditing procedures applied in the audit of the consolidated financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 31, 2022, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Organization's internal control over financial reporting and compliance.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of certain significant accounting policies followed in the preparation of these consolidated financial statements.

Principles of Consolidation

The consolidated financial statements include the accounts of *Urban Strategies, Inc.* and its wholly owned subsidiary, *Flance NMTC Investment Fund, LLC* (collectively, the Organization). All significant intercompany transactions and balances have been eliminated in consolidation.

Nature of Operations

Urban Strategies, Inc. (USI) is organized as a not-for-profit organization, under Section 501(c)(3) of the Internal Revenue Code. The mission of the Organization is to build healthy, sustainable urban communities through comprehensive community and economic development. The Organization works with local residents to develop innovative community redevelopment plans; connect human and social service support to the physical redevelopment of the communities and match local, state, federal and private resources to those efforts.

On June 5, 2020, USI purchased the sole membership interest of *Flance NMTC Investment Fund, LLC* (Flance). Flance serves as an investment company for new markets tax credit projects.

Basis of Accounting

The consolidated financial statements of the Organization have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP) and accordingly reflect all significant receivables, payables and other liabilities.

Estimates and Assumptions

Management uses estimates and assumptions in preparing the consolidated financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenue and expenses. Actual results could differ from those estimates.

Concentrations of Credit Risk Arising from Cash Deposits in Excess of Insured Limits

The Organization maintains cash balances at more than one financial institution. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 per financial institution. At various times during the year ended December 31, 2020, the Organization's total cash balances may have exceeded the FDIC's threshold. Management believes the Organization is not exposed to any significant credit risk related to those accounts.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year end. Based on management's assessment of the credit history with clients having outstanding balances and current relationships with them, no allowance has been established at December 31, 2020. Accounts receivable related to contracts was $3,001,621 and $2,024,912 as of December 31, 2020 **and 2019**, respectively.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Grants Receivable

Grants receivable, consisting of grants from federal and nonfederal government agencies, are recognized as revenue in the period the grants are earned or promised.

Grants receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual balances. Those balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to the receivable. Management believes that no valuation allowances are necessary for grants receivable at December 31, 2020.

Promises to Give

Unconditional promises to give are recognized as revenue in the period the promises are received. Conditional promises to give, which depend upon specified future and uncertain events, are recognized as revenue when the conditions upon which they depend are substantially met. Promises to give are reported at the amount management expects to collect on balances outstanding at year end. There were no promises to give recorded at December 31, 2020.

Notes and Accrued Interest Receivables

Notes and interest receivables are stated at the amount management expects to collect from balances outstanding at year end. Management provides for an allowance based on its estimate of probable losses. Interest income is recognized when earned in accordance with the loan terms. The allowance for uncollectible amounts is increased by charges to income and decreased by charge-offs (net of recoveries). Management's periodic evaluation of the adequacy of the allowance is based on the performances of past loss experience, known and other risk inherent in the portfolio, specific impaired notes, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral and current economic conditions.

A note is considered impaired when, based on currently available information, it is probable that the Organization will not collect all of the principal and interest contractually required by the note agreement. All impaired notes are evaluated for an asset-specific allowance for uncollectible amounts. The Organization recognizes an allowance for uncollectible amounts on impaired notes when the recorded investment in the note exceeds estimates of the cash flows expected to be received from the borrower, discounted using the original effective interest rate of the note. An allowance for uncollectible amounts of $7,969,786 has been recognized at December 31, 2020.

Property and Equipment

Property and equipment are carried at cost, if purchased, or fair value at date of gift, if donated, less accumulated depreciation and amortization computed using the straight-line method over seven years.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Revenue

Program revenue and payments under cost-reimbursable contracts received in advance are deferred to the applicable period in which the related services are performed, or expenditures are incurred, respectively, satisfying the performance obligation. The Organization is treated as a subcontractor for the majority of these contracts. The Organization had deferred revenue of $1,254,615 and $452,340 at December 31, 2020 and 2019.

Net Assets

The Organization has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958, *Financial Statements of Not-for-Profit Entities*.

Net assets, revenue, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets which are available for use in general operations and not subject to donor (or certain grantor) restrictions. The amounts designated by the board are amounts equal to the accrued interest and notes receivable balances less any donor restrictions on those funds, and therefore fluctuate with those respective balances. The board may change this designation with a vote of the board. At December 31, 2020, amounts designated are $4,179,130.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. The Organization reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends, or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. There were no perpetual restrictions noted at December 31, 2020.

Donated Services and Material

Donated materials are recorded at fair value at the date of donation. Contributed services are recognized at fair value if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are performed by individuals possessing these skills, and would typically need to be purchased if not provided by donation. In-kind donations totaled $979,060 for the year ended December 31, 2020, including donated services of $571,020.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition

Revenue is recognized when earned. In accordance with ASC 606, Program revenue and payments under cost-reimbursable contracts received in advance are deferred to and recognized at the point-in-time in which the related services are performed, or expenditures are incurred, respectively, which satisfied the performance obligations.

Contributions are recognized when cash, securities or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met.

Marketing and Advertising

The Organization follows the policy of charging the costs of marketing and advertising to expenses as costs are incurred. Advertising expense was $85,841 for the year ended December 31, 2020.

Description of Program Services and Supporting Activities

The following program services and supporting activities are included in the accompanying consolidated financial statements:

Planning:

Community Planning and Human Capital Development – The Organization works with current and former residents, public housing authorities (PHA), city government officials, community organizations, foundations and other stakeholders to facilitate community engagement processes around neighborhood conditions and human service's needs. The process typically includes gathering data from existing sources, both formally and informally, surveying residents, assessing service and amenity needs, holding facility town hall meetings and facilitating focus groups with key stakeholders.

Through the community engagement process, stakeholders' priorities are identified, and the Organization develops a human capital plan that is integrated with the planned physical revitalization based on the community's vision. The Organization is mindful of the existing and authentic strengths of a community and its human capital plans focus on collaboration, building on community assets and strengthening capacity while avoiding duplication of services.

Early Project Development – The Organization is sometimes engaged by developers, municipalities and housing authorities to assist with early development of projects. This work includes traveling to potential project sites to assess the suitability of the community for a physical transformation revitalization, assess the human capital needs that must be addressed as part of that redevelopment, meet with local officials to engage in preliminary discussion about the type of scope of the potential redevelopment project and project costs and conduct early investigation of potential funding source.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Description of Program Services and Supporting Activities (Continued)

Planning (Continued):

Economic Development – Residents in revitalizing communities desire nearby neighborhood amenities, such as commercial, green, and communal spaces for convenience, necessity, and employment. These amenities also attract new residents. Communities engage the Organization to develop neighborhood-based economic development plans, including new commercial enterprises and enhancements to existing commercial and retail efforts. The Organization has the expertise to design business and implementation plans, capacity studies and funding/capital access plans to help communities build vibrant commercial corridors. The Organization also supports the design and implementation of social enterprises that empower residents economically by connecting them to business development opportunities.

Enhanced Schools – The Organization believes that improving schools is central to every re-emerging community. For more than ten years, the Organization has worked in neighborhood elementary schools to establish and maintain mixed-income communities and support social, economic and racial integration. The Organization has worked in partnership with St. Louis, Memphis, Baltimore, San Francisco, Sacramento, San Antonio, Pittsburgh, Columbus, Miami, Louisville, Tulsa and Minneapolis to lead improvements in physical infrastructure, governance, curriculum, technology and community engagement in neighborhood schools and support academic achievement as a tool for ensuring positive economic mobility. The Organization also recognizes that setting or changing school policy is beyond its control, which is why it is critical that it not only support schools by working within the system, but also supporting the development or implementation of ancillary programming outside of school hours to support high academic achievement.

Supportive Housing – Certain populations require additional services or physical accommodations due to physical disability, developmental limitations or homelessness, and the Organization is committed to maximizing opportunities for all to live successfully and to achieve the greatest possible degree of self-sufficiency where they live.

The Organization works with organizations representing populations with special housing needs to design frameworks and financial structures that help residents live independently with both pride and appropriate support systems.

Integrated Service Delivery:

Healthy Living – Limited access to health insurance and treatment for physical and mental health issues, as well as, the lack of health education and prevention efforts, is a significant barrier for low-income families attempting to achieve self-sufficiency. The Organization designs community health initiatives that are directly linked to key physical and mental health indicators. Anecdotal and quantitative data on the impact of healthy living on community vitality is often a basis for raising new funds to support healthy living initiatives.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Description of Program Services and Supporting Activities (Continued)

Integrated Service Delivery (Continued):

CHOICE Neighborhoods Initiative "People" Component - The U.S. Department of Housing and Urban Development's CHOICE Neighborhood Initiative requires that a plan and implementation strategy for Community and Supportive Services be put in place to help residents of redeveloping neighborhoods make progress toward self-reliance. The Organization works with PHAs and municipalities across the country to creatively design and implement services that address the specialized needs of individuals and families and link them to variety of relocation services. The Organization also designs comprehensive plans in collaboration with the community so that the plan reflects a community's values and vision for future strength.

Senior Programming – Senior living facilities are only as successful as the programming and services put in place to support their residents, and the Organization is committed to continuously expanding its knowledge about aging, improving the design of senior facilities and making superior services available to the senior residents it serves. The Organization works with property management companies and PHAs across the country to assist in the physical design of senior housing facilities and the development of a network of programs that enhance and support the independent living of elderly residents. The Organization has conducted research into successful senior living and has considerable experience crafting and implementing policy affecting seniors.

Community Centers – At several mixed-income housing sites under development by property management companies, the Organization has been contracted to manage and/or coordinate programming in a community center building. The Organization supports programming out of these centers. The Organization recruits service partners to offer programming that meets the needs of residents and to manage those partnerships. The Organization also engages in outreach and marketing efforts to inform residents and the larger community of the opportunities available at the community center.

Policy Development:

The Policy Development program focuses on influencing local, state and federal policies on economic mobility, housing, education and health in service of our mission. The Organization influences policy through the development of written policy suggestions based on best practices that the Organization has developed, meeting with leaders in the field to share experience from other projects and participating in coalitions with partner organizations seeking the same results.

Leadership Development and Sustainability:

Capacity Building – The Organization provides technical support and assistance to other organizations in the communities where it works. The goal of this assistance is to help build the capacity of those organizations to serve more residents and improve the quality of their programs, making the community more self-sustaining. Examples of such capacity-building projects include working with social services, including strategic planning, resource development and community engagement, and not-for-profit organizations to help them increase the quality of their programs and working with a business enterprise started by a group of residents to help them scale that business up.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Description of Program Services and Supporting Activities (Continued)

Leadership Development and Sustainability (Continued):

Community Services Liaisons – Community Services Liaisons are the Organization's social service specialists who support residents and neighborhoods across the country. Liaisons work with residents to develop community awareness and participation in activities on the property and within the larger community. They also assist residents in self-improvement, self-sufficiency and community building. The Organization developed the Community Services Liaison position to support the success of residents in new mixed-income communities.

Fund Development – Funding is critical to the work of rebuilding communities. In conjunction with community planning efforts, the Organization develops strategies for building human capital and economic development plans.

The Organization also designs innovative funding strategies that combine public and private resources. By leveraging and reallocating existing resources, identifying key partnerships and locating new sources of funds, the Organization seeks to improve the access of children and adults to high-quality facilities and programs without placing major new burdens on cities that may be facing scarcities of resources.

Literacy Initiatives - Strong reading skills are vital to success in school and the workplace. The Organization has begun to develop and implement specialized programs for child and adult literacy that are integrated with other Community Support Services or Human Capital programming.

Resident Leadership – A sustainable community must have empowered residents who have the ability to assist in the planning and implementation process. The Organization works directly with residents representing past and emerging community leadership to ensure that the local voice is broad and deep. The Organization engages and cultivates prospective resident leaders to build their capacity to lead through targeted training programs, and it achieves its goals by building relationships with residents, earning trust and demonstrating excellence in its product.

Workforce Development – Residents of low-income communities often have multiple barriers to employment. The Organization works directly with residents seeking to re-enter the workforce, connecting them to appropriate job and entrepreneurial opportunities, supporting the development of good work habits and professional conduct and providing a set of supportive services to help them manage other areas of their lives that may impact their success at work.

General and Administrative:

Management and general expense include the functions necessary to maintain an equitable employment program, ensure an adequate working environment, provide coordination and articulation of the Organization's program mission, secure proper administrative functioning of the Board of Directors, and manage the financial and budgetary responsibilities of the Organization. It includes all activities not directly identifiable with one or more program or fundraising activities.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Description of Program Services and Supporting Activities (Continued)

Fundraising:

Provides the structure necessary to encourage and secure financial support from individuals, organizations, foundations, corporations and government entities.

Expense Allocation

The consolidated financial statements report certain natural categories of expenses that are attributed to more than one program or supporting service. Therefore, expenses require allocation on a reasonable basis that is consistently applied. Expenses are charged to program services and supporting activities on the basis of periodic time and expense studies. Each year, various projects occurring during the year cause expense allocations to change based on time and effort of employees, and these are analyzed by project, and summarized into percentages to allocate among all expenses. Audit expenses are applied specifically to management and general expenses, and the remaining professional fees are allocated using the common percentage. Employee time is analyzed for time spent on the different programs and supporting services and those percentages are applied to all other expenses that aren't specifically identified as program services or supporting services. General and administrative expenses include any expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Organization.

Income Taxes

The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and applicable state law. The returns of the Organization for 2020, 2019, 2018, and 2017 are subject to examination by the respective taxing authorities generally for three years after they were filed.

The Organization follows FASB ASC 740-10, *Income Taxes – Overall*. The Organization has assessed its federal and state tax positions and determined that it is subject to income tax on net income that is derived from business activities that are unrelated to its tax-exempt purposes. The Organization files an Exempt Organization Business Income Tax Return (Form 990-T) with the Internal Revenue Service (IRS) to report its unrelated business taxable income, when applicable. There was no unrelated business income for the year ended December 31, 2020.

Management believes that the Organization has appropriate support for any tax positions taken affecting its annual filing requirements, and as such, does not have any uncertain tax positions that are material to the consolidated financial statements. The Organization would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Adoption of Accounting Pronouncements

In May 2014, the FASB issued Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers. ASU 2014-09 supersedes most current revenue recognition guidance, including industry-specific guidance, and outlines a five-step process for revenue recognition that focuses on transfer of control, as opposed to transfer of risk and reward. Major provisions include determining which goods and services are distinct and represent separate performance obligations, how variable consideration (which may include change orders and claims) is recognized, whether revenue should be recognized at a point in time or over time and ensuring the time value of money is considered in the transaction price. The Organization has applied ASU 2014-09 retrospectively for the year ended December 31, 2020. The adoption of this statement did affect the change in net assets for the year ended December 31, 2020.

Future Accounting Pronouncements

In February 2016, the FASB issued ASU 2016-02*, Leases: Amendments to the FASB Accounting Standards Codification* (Topic 842), which amends the existing guidance on accounting for leases. This ASU requires the recognition of lease assets and liabilities on the statement of financial position and the disclosure of key information about leasing arrangements. Early adoption is permitted and modified retrospective application is required for leases that exist or are entered into after the beginning of the earliest comparative period in the financial statements. In June 2020, the FASB issued ASU No. 2020-05, Revenue from Contracts with Customers (Topic 606) and Leases (Topic 842) Effective Dates for Certain Entities. Prior to ASU No. 2020-05, the amendments to Topic 842 would be effective for periods beginning after December 15, 2020, for entities other than public business entities. ASU No. 2020-05 defers the effective date of the amendments to Topic 842 to periods beginning after December 15, 2021. Management has adopted the provisions of ASU No. 2020-05 and will defer implementation of the amendments to Topic 842. Management is currently evaluating the impact of adopting ASU 2016-02 on the Organization’s consolidated financial statements and related disclosures.

In June 2016, the FASB issued ASU 2016-13, *Financial Instruments-Credit Losses*. The standard requires a financial asset (including trade receivables) measured at amortized cost basis to be presented at the net amount expected to be collected. Thus, the statements of activities will reflect the measurement of credit losses for newly recognized financial assets as well as the expected increases or decreases of expected credit losses that have taken place during the period. This standard will be effective for the calendar year-ending December 31, 2023. Management is currently evaluating the impact of adopting ASU 2016-13 on the Organization's consolidated financial statements and related disclosures.

In September 2020, the FASB issued ASU 2020-07, *Not-for-Profit Entities: Presentation and Disclosures by Not-for-Profit Entities for Contributed Services*. This ASU requires contributed nonfinancial assets to be presented on a separate line in the statements of activities, apart from contributions of cash and other financial assets. It also requires additional qualitative and quantitative disclosures about contributed nonfinancial assets. This standard will be effective for annual periods beginning after June 15, 2021. Management is currently evaluating the impact of adoption of this ASU on the consolidated financial statements and the related disclosures.

NOTE 2 LIQUIDITY AND AVAILABILITY

The following reflects the Organization's financial assets as of the consolidated statement of financial position date, reduced by amounts not available for general use because of donor-imposed restrictions within one year of the consolidated statement of financial position date.

Financial assets, at December 31, 2020:	
Cash	$ 4,199,221
Accounts receivable	3,001,621
Grants receivable	127,500
Current portion of notes receivable	281,521
Total Financial Assets	7,609,863

The Organization presents all grants pledged as net assets with donor restrictions upon promise of the grant funds. For program revenue, revenue is not recognized until a receivable is billed as the progress on the project is how fees are earned. Board designated restrictions are not presented as reductions to the liquidity above since the collection of payments on the notes receivable releases the board's designation and the payments received can be used for the general expenditures of the Organization unless restricted by a donor. The Organization is supported by restricted contributions. A donor's restrictions can require resources to be used in a particular manner or in a future period, therefore, some financial assets may not be available for general expenditure within one year.

NOTE 3 NOTES RECEIVABLE

The Organization has made interest and noninterest-bearing loans to certain partnerships. The Organization provides an allowance for potentially uncollectible loans if deemed necessary by management.

The Organization has loaned the proceeds of certain grant agreements to Laclede & Sarah Limited Partnership. One loan agreement provides for a loan of $1,496,750 under a fourth mortgage. The nonrecourse loan is secured by a subordinate deed of trust and security agreement. The loan matures October 23, 2045 and bears an interest rate of 5.23%. Payments of principal and interest are to be made only from Surplus Cash, as defined in the agreement. Interest payment of $3,758 was received during 2020. Gross accrued interest at December 31, 2020, was $1,249,005.

In addition, during 2004, proceeds from two other grant agreements were also loaned to Laclede & Sarah Limited Partnership under a third mortgage loan agreement in the amount of $1,909,000. This nonrecourse loan is secured by a third priority deed of trust and security agreement. The loan matures on October 23, 2045 and bears no interest. During 2020, principal payment of $3,620 was received. This mortgage note has been discounted to its present value using a 5.23% interest rate.

NOTE 3 NOTES RECEIVABLE (CONTINUED)

During 2006, the Organization loaned the proceeds of a certain grant agreement to St. Louis Brewery Apartments, L.P. under a loan agreement in the amount of $1,454,545. This loan is unsecured and bears no interest. Principal is payable only from Surplus Cash, as defined in the agreement. The loan matures July 1, 2046. No principal payments were received during 2020. This mortgage note has been discounted to its present value using a 5.5% interest rate.

In addition, during 2006, the Organization loaned the proceeds of a certain grant agreement to Washington Apartments Properties, L.P. under a loan agreement in the amount of $1,000,000. This loan is secured by a subordinate mortgage lien and bears no interest. Principal is payable only from Net Available Cash Flow, and annual payments shall not be required in excess of $25,000, as stated and defined in the agreement. The loan matures December 31, 2048. During 2020, no principal payment was received. This mortgage note has been discounted to its present value using a 4.5% interest rate.

During 2008, the Organization loaned the proceeds of a certain grant agreement to Longfellow Phase I, L.P. (the Partnership) under a loan agreement in the amount of $1,600,000. This nonrecourse loan is secured by a subordinate mortgage lien and a deed of trust. The loan matures on December 31, 2048 and bears an interest rate of 1%. Payments of principal and interest totaling $3,000 are due annually from Net Available Cash Flow, in addition to a percentage of Net Available Cash Flow, as defined in the agreement with the Partnership. No principal or accrued interest payments were received during 2020. Accrued interest as of December 31, 2020, was $174,527. This mortgage note has been discounted to its present value using a 5% interest rate.

During 2008, West End Apartments Associates donated real property located in the City of St. Louis to the Organization, subject to the deeds of trust securing the mortgage payable and note payable. Concurrently, the Organization sold the project to Eichelberger Partners #19, LLC (Eichelberger 19) for approximately $3,550,000. Sale proceeds were used for the repayment of the mortgage note payable and other obligations of the project. After repayment of the mortgage note payable and other project obligations, the remaining sale proceeds were loaned to Eichelberger 19 under a promissory note in the amount of $2,040,699. The loan is unsecured, bears interest at an annual rate of 4.46% and matures June 27, 2038. Beginning in 2009 and throughout the 30-year term of the loan, principal and interest are both abated annually so long as the property is used in accordance with the terms of the note. During 2020, the abatement of principal amounted to $68,023. Management has fully reserved the amount of this loan.

During 2008, the Organization loaned the proceeds of a certain grant agreement to Valentine Apartments, L.P. under a loan agreement in the amount of $1,818,182. This loan is unsecured and bears no interest. Principal is payable only from Surplus Cash, as defined in the agreement. The loan matures upon the earlier of December 31, 2050, or upon sale or transfer of Valentine Apartments, L.P. During 2020, no principal payment was received. This mortgage note has been discounted to its present value using a 4.5% interest rate.

During 2010, the Organization loaned the proceeds from the note payable to University Place Southeast, L.P. (UPSE) (Note 5) under a loan agreement in the amount of $580,100. This loan is secured by a subordinate mortgage lien and bears no interest. Principal is payable only from Surplus Cash, as defined in the agreement. In addition, repayment on this note shall not commence until the loans to UPSE from the first and second priority mortgages have been repaid in full. Additionally, in the event that the Organization becomes obligated to pay any amount advanced by Bank of America, including interest (Note 5), UPSE, at the option of the Organization, must either reimburse the Organization for all amounts obligated to Bank of America or pay such amounts directly to Bank of America. The loan matures October 31, 2054. No principal payment was received during 2020. Management has fully reserved the amount of this loan.

NOTE 3 NOTES RECEIVABLE (CONTINUED)

On September 27, 2012, the Organization was assigned a loan agreement from Grand Rock Community Economic Development Corporation (Grand Rock). The agreement was initially between Grand Rock and Blumeyer Associates, L.P. in the principal amount of $2,091,398. This loan agreement was assigned to the Organization under the same terms on September 27, 2012. This nonrecourse loan is secured by a subordinate mortgage lien and a deed of trust. The loan bears no interest. Principal is payable only from Net Available Cash Flow, Net Proceeds or Condemnation Procedures, as defined in the agreement. The loan matures July 29, 2050. No principal payment was received during 2020. Management has fully reserved the amount of this loan.

During 2012, the Organization was assigned a loan agreement from Grand Rock. The agreement was initially between Grand Rock and Blumeyer Associates III, L.P. in the principal amount of $1,805,665. This loan agreement was assigned to the Organization under the same terms on September 27, 2012. This nonrecourse loan is secured by a subordinate mortgage lien and a deed of trust. The loan bears no interest. Principal is payable only from Net Available Cash Flow, Net Proceeds or Condemnation Procedures, as defined in the agreement. The loan matures February 18, 2062. Principal payments totaling $5,594 were received during 2020. Management has fully reserved the amount of this loan.

During 2012, the Organization was assigned a loan agreement from Grand Rock. The agreement was initially between Grand Rock and Blumeyer Associates IV. L.P. in the principal amount of $2,180,653. This loan agreement was assigned to the Organization under the same terms on September 27, 2012. This nonrecourse loan is secured by a subordinate mortgage lien and a deed of trust. The loan bears no interest. Principal is payable only from Net Available Cash Flow, Net Proceeds or Condemnation Procedures, as defined in the agreement. The loan matures September 5, 2063. Principal payments totaling $2,531 were received during 2020. Management has fully reserved the amount of this loan.

During 2017, the Organization loaned the proceeds of a certain donation agreement to McCormack Baron Salazar, Inc. (a related party, see Note 9), under the project name “Twin Rivers”, through a series of sub-loans in the amount of $2,110,867, with a maximum total loan amount of $3,000,000. Additional sub-loans in the amounts of $334,399 and $780,982 were made in 2019 and 2018, respectively. Each sub-loan is unsecured and bears interest at an annual rate of 4.25% over the 30-day LIBOR as reported in the “Money Rates” section of the Wall Street Journal Eastern Edition, with a ceiling of 8%. Interest payments shall be due and payable monthly, with the first payment due the first day of the second month following sub-loan closing, and each subsequent payment due the first day of each month thereafter, up to the sub-loan maturity date. The maximum term of each sub-loan shall be 24 months. The entire unpaid principal balance of the sub-loan, together with all accrued and unpaid interest, and all other fees, costs and charges, if any, shall be due and payable in full. Principal payments of $99,520 were made in 2020.

During 2020, the Organization loaned funds repaid from the Line of Credit (Note 7) to Oakland and the World Enterprises in the principal amount of $150,000. The loan is unsecured, bears interest at an annual rate of 4.75% and matures on July 1, 2021. The note and all unpaid accrued interest, shall be payable at maturity, and is included in current portion of notes receivable on the consolidated statement of financial position.

During 2020, the Organization loaned funds repaid from the Line of Credit (Note 7) to Parade Park LP, in the principal amount of $150,000. However, it only withdrew $120,140. The loan is unsecured, bears interest at an annual rate of 4.75% and additional fee of 10% of the loan amount. It matures on August 03, 2021. The note and all unpaid accrued interest shall be payable at maturity, and is included in current portion of notes receivable on the consolidated statement of financial position.

NOTE 3 NOTES RECEIVABLE (CONTINUED)

On April 23, 2020, the Organization assumed a loan agreement in part of the purchase of Flance. The agreement was originally between L Jerome and Rosemary Flance Early Childhood Education Center at Murphy Park and GSNMF Sub-CDE 7. LLC, in the principal amount of $5,000,000. This loan agreement was assigned to Flance under the same terms on April 23, 2020. This nonrecourse loan is secured by a subordinate mortgage lien and a deed of trust. The loan bears interest at 1%, and is due in quarterly installments. Principal payments will be required starting March 1, 2024. The loan matures on March 14, 2048.

NOTE 5 CONTINGENCIES

Funding Contingencies

On June 28, 2010, the Organization made a grant to Eichelberger Partners #3, LLC (the Property Owner) in the amount of $900,000 using the proceeds of a donation received by the Organization. This grant to the Property Owner was made as a recoverable grant to be used for the rehabilitation of the property into affordable rental housing. The grant need not be repaid by the Property Owner to the Organization so long as the property is used and occupied for low-income affordable housing for a period of ten years through June 28, 2020 and remains in compliance with all of the terms and conditions set forth in the Land Use Restriction Agreement (LURA) executed by the Organization, the Property Owner and the Missouri Housing Development Commission. Should the property cease to be used and occupied for low-income affordable housing at any point prior to June 28, 2020, or should the Property Owner otherwise default on its obligations under the LURA, then the entire amount of the grant shall be repayable immediately by the Property Owner to the Organization with interest from June 28, 2010, at an annual rate of 4.45%. The grant was expensed when paid based on the expectation of the property owner's compliance and expected forgiveness of the grant. No default was noted during the ten-year period.

The Organization entered into a loan agreement with Bank of America to act as a sponsor of an affordable housing program (AHP) subsidy in the principal amount of $580,100. The same day, the Organization made a corresponding loan with similar terms to UPSE also in the principal amount of $580,100 (Note 3). The loan payable from Bank of America need not be repaid by the Organization so long as the real property has been used and occupied for low-income affordable housing in accordance with the terms of the AHP agreement through June 1, 2021. Should the real property cease to be used and occupied for low-income affordable housing at any point prior to June 1, 2021, then the entire amount of the loan shall be payable to Bank of America on October 31, 2054, when the loan matures. The security agreement with UPSE on its note payable to the Organization has been assigned to Bank of America as collateral on the Organization’s note payable. The loan bears no interest. The loan payable has not been recorded by the Organization due to management’s assertion that there is a low risk of noncompliance.

NOTE 5 CONTINGENCIES (CONTINUED)

Other Contingencies

The Organization is subject to various risks and uncertainties and litigation in the ordinary course of business. The Organization's management and legal counsel assess any contingent liabilities, and such assessment involves an exercise of judgment. Management is of the opinion that they have complied with all legal requirements to which they are subject, and there are no items that will have a material adverse effect on the consolidated financial statements.

Coronavirus

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic. As a result of the COVID-19 outbreak, economic uncertainties have arisen. The COVID-19 outbreak in the United States has resulted in the temporary reduction of program operations where government mandated. The extent and impact of COVID-19 on the Organization's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on the Organization's donors and grantors, employees, and vendors, all of which are uncertain and cannot be predicted. At the current time, the potential effects of this pandemic on the Organization's consolidated financial statements remain unknown.

NOTE 6 LINE-OF-CREDIT

The Organization entered into a revolving line-of-credit agreement with Enterprise Bank & Trust. The agreement allows for maximum borrowings of $520,000 and is secured by a Commercial Security Agreement covering all assets, bearing interest equal to 1% over the Enterprise Bank Prime Rate (3.25% at December 31, 2020). The line-of-credit agreement expired May 9, 2019 and was extended to May 8, 2021. The Organization did not have any credit borrowed as of December 31, 2020.

NOTE 7 NOTES PAYABLE

On April 23, 2020, the Organization assumed a loan agreement in part of the purchase of Flance, in the principal amount of $6,722,750. This loan agreement was assigned to Flance under the same terms on April 23, 2020. This nonrecourse loan is secured by a subordinate mortgage lien and a deed of trust. The loan bears interest at 1.3%, and is due in quarterly installments. Principal payments will be required starting March 1, 2024. The loan was set to mature on March 14, 2048. The loan was satisfied as part of the agreements signed June 2, 2021. Future maturities for the next five years were not disclosed since the notes payable were released prior to the planned start of principal payments.

Year	Amount
2021	$ 70,991
2022	14,538
Total	**$ 85,529**

Rent expense for the year ended December 31, 2020, totaled $160,518.

NOTE 10 RELATED PARTY TRANSACTIONS

At December 31, 2020, unpaid advances due from Urban Strategies – Memphis Hope, a company affiliated with the Organization through common management, amounted to $506,559. This amount is included in operating advances to related parties on the consolidated statement of financial position.

At December 31, 2020, unpaid advances due from COVAM Community Development Corporation (COVAM), a not-for-profit entity affiliated with the Organization through common management, amounted to $109,036. This amount is included in operating advances to related parties on the consolidated statement of financial position.

At December 31, 2020, unpaid advances due from Flance amounted to $1,393. This amount was eliminated in consolidation.

As discussed in Note 3, the Organization has made loans to Laclede & Sarah Limited Partnership; Allen Market Lane Properties, L.P.; St. Louis Brewery Apartments, L.P.; the Partnership; Valentine Apartments, L.P.; Washington Apartment Properties, L.P.; UPSE; Blumeyer Associates, L.P.; Blumeyer Associates III, L.P.; Blumeyer Associates IV, L.P. and Westminster Place Phase IV, L.P., all entities affiliated with MBA Properties, Inc. (MBA). MBA is considered a related party through an economic concentration (see Note 11).

The Organization has an agreement with McCormack Baron Salazar (MBS), a related party through an economic concentration, to receive human resources and information technology support services on an as-needed basis. MBS is committed to making services available to the Organization to aid in its daily business operations in exchange for a monthly fee in the amount of $350. This agreement expired on August 1, 2019 and is now on a month-to-month basis.

NOTE 11 ECONOMIC CONCENTRATIONS

During 2020, the Organization received program revenue of $812,712 from MBS and $957,951 from McCormack Baron Management (MBM). Both companies are owned by MBA and together comprised 13% of revenue in 2020.

Future operations could be affected by changes in the economic condition of MBS, MBM or their parent company MBA.

NOTE 12 DEFFERED COMPENSATION PLAN

The Organization has a 401(k) savings plan (the Plan) covering eligible full-time employees. The 401(k) feature of the plan allows participants to defer a portion of eligible compensation on a tax-deferred basis. The Plan provides for a contribution of 3% of base salary to all eligible full-time employees. The contribution amounted to $28,019 in 2020.

NOTE 13 ACQUISITION OF CONSOLIDATED SUBSIDARY

On June 5, 2020, Urban Strategies, Inc. purchased the sole membership interest in Flance NMTC Investment Fund LLC. Urban Strategies, Inc. recognized this transaction as an acquisition of a consolidated subsidiary. Bargain purchase income, included in other income, of $2,637,602 was recorded equaling the difference between the $1,000 purchase price and the retained earnings of Flance NMTC Investment Fund, LLC.

NOTE 14 ADDITIONAL FUNDING

Associated with the COVID-19 pandemic, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted to provide economic assistance to American businesses. Through the CARES Act, the Organization obtained $1,091,500 in debt financing from the Small Business Administration's Paycheck Protection Program (PPP) with an annual interest rate of 1% through Enterprise Bank and Trust. The PPP has provisions that allow for full or partial loan forgiveness if the loan proceeds are used on approved expenses in accordance with the PPP regulations and other regulations are followed. Per the note agreement, payments on any portion of the PPP loan not forgiven would be deferred for a 6-month period beginning with the date of the note and interest would accrue during the deferral period on the unforgiven portion. Per FASB ASC 605, the PPP funds were treated as conditional contributions because the organization expected the PPP loan to be forgiven. The Organization met the requirements for forgiveness and recorded the PPP funds as contributions without donor restrictions during the year ended December 31, 2020 and received forgiveness from the Small Business Administration on July 16, 2021.

NOTE 15 PRIOR PERIOD RECLASSIFICATION

The balance of a purpose-restricted net asset, NOLA US Bank Marrero Funds, was reclassified to include $113,418 of the restricted balance in net assets without donor restrictions as of December 31, 2019. Total net assets from 2019 did not change.

NOTE 16 SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date of the independent auditors' report, the date the consolidated financial statements were available to be issued.

On June 2, 2021, Urban signed an agreement to terminate loans and security instruments from Flance and parties involved. Flance's Certificate of Formation was cancelled with the Delaware Secretary of State as of April 29, 2021.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of *Urban Strategies, Inc.* (a non-profit organization) and Subsidiary, which comprise the consolidated statement of financial position as of December 31, 2020, and the related consolidated statements of activities, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated March 31, 2022. The financial statements of the subsidiary of Urban Strategies, Inc. was not audited in accordance with *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered *Urban Strategies, Inc.*'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of *Urban Strategies, Inc.*'s internal control. Accordingly, we do not express an opinion on the effectiveness of *Urban Strategies, Inc.*'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as items 2020-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether *Urban Strategies, Inc.*'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 2020-002, 2020-003, and 2020-004.

***Urban Strategies, Inc.'s* Response to Findings**

Urban Strategies, Inc.'s responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. *Urban Strategies, Inc.'s* responses were not subjected to the auditing procedures applied in the audit of the consolidated financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Urban Strategies, Inc.'s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Report on Compliance for Each Major Federal Program

We have audited *Urban Strategies, Inc.*'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have direct and material effect on *Urban Strategies, Inc.*'s major federal program for the year ended December 31, 2020. *Urban Strategies, Inc.'s* major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for *Urban Strategies, Inc.*'s major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about *Urban Strategies, Inc.*'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our qualified opinion on compliance for the major federal program. However, our audit does not provide a legal determination of *Urban Strategies, Inc.*'s compliance.

Basis for Qualified Opinion on CFDA 14.889 Choice Neighborhoods Implementation Grant

As described in the accompanying schedule of findings and questioned costs, *Urban Strategies, Inc.* did not comply with the requirements regarding CFDA 14.889 Choice Neighborhoods Implementation Grant as described in findings 2020-002 for other, 2020-003 for allowable costs, and 2020-004 for procurement and suspension of debarment. Compliance with such requirements is necessary, in our opinion, for *Urban Strategies, Inc.* to comply with the requirements applicable to that program.

Qualified Opinion on CFDA 14.889 Choice Neighborhoods Implementation Grant

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, *Urban Strategies, Inc.* complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on 14.889 Choice Neighborhoods Implementation Grant program for the year ended December 31, 2020.

Other Matters

Urban Strategies, Inc.'s response to the non-compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. *Urban Strategies, Inc.*'s responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

Report on Internal Control over Compliance

Management of *Urban Strategies, Inc.* is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered *Urban Strategies, Inc.*'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of *Urban Strategies, Inc.*'s internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identity certain deficiencies in internal control over compliance, described in the accompanying schedule of findings and questioned costs as items 2020-002, 2020-003, and 2020-004 that we consider to be significant deficiencies.

Urban Strategies, Inc.'s responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. *Urban Strategies, Inc.*'s responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

URBAN STRATEGIES, INC.
SUMMARY SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
FOR THE YEAR ENDED DECEMBER 31, 2020

SECTION II: FINANCIAL STATEMENT FINDINGS AND FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Finding 2020-001

Statement of Condition: Controls over performing journal entry reviews were in place, but controls over review of journal entry corrections were not present to avoid the correction not being made. The double posting of an expense allocation between nonfederal programs noted in the journal entry review procedures was not corrected as requested. Total expenses were not misstated as a result of this error as it was an allocation of expenses between two nonfederal programs.

Criteria: Adequate controls must be in place to assure that the financial statements are complete and accurate.

Effect or Possible Effect: Journal entries are being reviewed, but due to not verifying that requested journal entry corrections are made, the Organization could potentially over-state expenses allocated to individual programs and over-request amounts for reimbursement per the terms of this agreement. Over-requesting amounts for reimbursement was not noted with this issue.

Identification of a repeat finding*:* This is not a repeat finding from the immediate previous audit.

Cause*:* The expenses were double-counted on a non-federal program as a journal entry that was double-posted was requested to be reversed, but follow up controls were not in place to ensure this entry was properly reversed as requested.

Recommendation: Wipfli, LLP recommends that upon review of journal entries, any requested edits of entries should be reviewed to ensure all adjustments were properly recorded.

Reporting views of responsible officials: Management agrees with this finding. The error was corrected, and no over-reimbursement requests were noted. Additional controls have been instituted to avoid this oversight in the future.

Finding 2020-002

Population Size: 1
Items Tested: 1
Items Not in Compliance: 1
CFDA Title and number: Department of Housing and Urban Development CFDA No. 14.889 Choice Neighborhoods Grants Implementation Program

Questioned costs: $0

Information on universe and population size: Universe population size is not applicable to this finding.

Sample size information: Error was not discovered as a result of a sampling procedure.

Non-compliance information: Monitoring over the Organization's federal subrecipient grant agreements and preparation of the Schedule of Expenditures of Federal Awards (SEFA) resulted in one quantifiable instance of noncompliance.

Statement of Condition: Controls over monitoring of the Organization's subrecipient grant agreements and the preparation of the SEFA were not adequately designed and implemented during the year ended December 31, 2020. One $50,381 federally-sourced grant which listed the DUNS number of Urban Strategies, Inc. was initially recorded on a related entity based upon where the work was to be completed. This also resulted in the amount initially being excluded from the SEFA. This did not impact the performance of the conditions in the grant.

Criteria: 2 CFR 200.510 requires that the auditee prepare a SEFA for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with CFR 200.502.

Effect or Possible Effect: The Organization originally excluded a federally sourced grant from Urban Strategies, Inc.'s records and SEFA, which resulted in an inaccurate initial schedule of expenditures of federal awards. This did not impact the performance of the conditions in the grant.

Identification of a repeat finding*:* This is not a repeat finding from the immediate previous audit.

Cause*:* The federally sourced subrecipient grant was originally omitted and recorded to a related entity based upon where the work was to be performed.

Recommendation: Wipfli, LLP recommends that the Organization review all grant agreements for the grantee listed in the agreement as compared with entity EIN or DUNS numbers to ensure grants are recorded to the proper entity and then properly included or excluded from the SEFA.

Reporting views of responsible officials: Management agrees with this finding. The error was corrected and the SEFA was updated to reflect the additional federal expenditures.

Uniform guidance non-compliance code: P - Other

Finding 2020-003

Population Size: 1
Items Tested: 1
Items Not in Compliance: 1
CFDA Title and number: Department of Housing and Urban Development CFDA No. 14.889 Choice Neighborhoods Grants Implementation Program

Questioned costs: $0

Information on universe and population size: Universe population size is not applicable to this finding.

Sample size information: Error was not discovered as a result of a sampling procedure.

Non-compliance information: Lack of written procedures for the Choice Neighborhoods Grants Implementation Program about allowability of costs.

Statement of Condition: The organization does not have written procedures for determining the allowability of costs for the Choice Neighborhoods Grants Implementation Program in accordance with subpart E of the 2 CFR 200 and the terms and conditions of the Federal Award.

Criteria: 2 CFR 200 requires that there be written procedures for determining the allowability of costs in accordance with Subpart E of 2CFR 200 and the terms and conditions of the Federal award.

Effect or Possible Effect: Unallowable costs could be charged to the Choice Neighborhoods Grants Implementation Program federal award due to no written procedures to follow to determine allowability. No unallowable costs were noted during testing.

Identification of a repeat finding*:* This is not a repeat finding from the immediate previous audit.

Cause*:* The Organization has procedures in place regarding allowability of costs for federal awards, but those procedures for the Choice Neighborhoods Grants Implementation Program were not in writing.

Recommendation: Wipfli, LLP recommends that the Organization draft written procedures regarding determining allowability of costs charged to the Choice Neighborhoods Grants Implementation Program federal award to document the procedures in place.

Reporting views of responsible officials: Management agrees with this finding. Written procedures will be drafted for the Choice Neighborhoods Grants Implementation Program to document procedures in place.

Uniform guidance non-compliance code: B – Allowable costs

Finding 2020-004

Population Size: 1
Items Tested: 1
Items Not in Compliance: 1
CFDA Title and number: Department of Housing and Urban Development CFDA No. 14.889 Choice Neighborhoods Grants Implementation Program

Questioned costs: $0

Information on universe and population size: Universe population size is not applicable to this finding.

Sample size information: Error was not discovered as a result of a sampling procedure.

Non-compliance information: Lack of written procurement policy adopted by the Organization.

Statement of Condition: The Organization was following procurement guidelines provided by the Choice Neighborhoods Grants Implementation Program pass through entity, but the organization did not have its own written procurement policy in accordance with CFR 200.318-327.

Criteria: Under the Uniform Guidance, the Organization is required to implement certain written procurement policies that adhere to the minimum Federal requirements as outlined in 2 CFR 200.318-327.

Effect or Possible Effect: The Organization was not in compliance with 2 CFR 200.318-327 for having its own written procurement policy, but was following the procurement guidelines provided by the pass through entity.

Identification of a repeat finding*:* This is not a repeat finding from the immediate previous audit.

Cause*:* The Organization was following procurement guidelines provided by the Choice Neighborhoods Grants Implementation Program pass through entity, but the organization did not have its own written procurement policy that met the minimum federal requirements.

Recommendation: Wipfli, LLP recommends that the Organization draft and approve its own written policies for procurement that adhere to the minimum procurement requirements as outlined in 2 CFR 200.318-327.

Reporting views of responsible officials: Management agrees with this finding. The Organization was following procurement guidelines provided by the Choice Neighborhoods Grants Implementation Program pass through entity, but the organization did not have its own written procurement policy in accordance with CFR 200.318-327 and has subsequently adopted its own policy.

CERTIFIED PUBLIC ACCOUNTANTS & BUSINESS CONSULTANTS

Independent Auditors' Report

Board of Directors
Urban Strategies, Inc.
St. Louis, Missouri

Opinion

We have audited the financial statements of Urban Strategies, Inc., which comprise the statement of assets, liabilities and net assets on modified cash basis as of December 31, 2021, and the related statements of revenue and expenses, functional expenses, and cash flows, all presented on modified cash basis, for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Urban Strategies, Inc. as of December 31, 2021, and the results of its operations and its cash flows for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

Basis For Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of Urban Strategies, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis Of Matter - Basis Of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

RubinBrown LLP is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Urban Strategies, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities For The Audit Of The Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Urban Strategies, Inc.'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Urban Strategies, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Reporting Required By Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 28, 2023 on our consideration of Urban Strategies, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Urban Strategies, Inc.'s internal control over financial reporting and compliance.

1. Nature Of Operations And Summary Of Significant Accounting Policies

Nature Of Operations

Urban Strategies, Inc. (the Organization) is organized as a not-for-profit organization, under Section 501(c)(3) of the Internal Revenue Code. The mission of the Organization is to build healthy, sustainable urban communities through comprehensive community and economic development. The Organization works with local residents to develop innovative community redevelopment plans; connect human and social service support to the physical redevelopment of the communities and match local, state, federal and private resources to those efforts.

Basis Of Accounting

The financial statements are prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. These financial statements include only those transactions for which amounts have been collected or disbursed, except as discussed below.

Basis Of Presentation

Financial statements of not-for-profit organizations measure net assets and net asset activity based on the absence or existence of donor-imposed restrictions. Brief explanations of the net asset categories are presented below:

Net Assets Without Donor Restrictions - Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and the Board of Directors.

Net Assets With Donor Restrictions - Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. The Organization does not have net assets with perpetual donor restrictions as of December 31, 2021.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of revenue and expenses on modified cash basis.

Consolidation Principles

On June 5, 2020, the Organization purchased the sole membership interest of Flance NMTC Investment Fund, LLC (Flance). On April 29, 2021, Flance's certificate of formation was cancelled and the Organization no longer holds a membership interest as of December 31, 2021. The financial statements exclude the accounts of Flance under the modified cash basis of accounting.

Estimates And Assumptions

The Organization uses estimates and assumptions in preparing the financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates

Cash

The Organization invests its excess cash in financial institutions with strong credit ratings and has established guidelines relative to diversification and maturities that maintain safety and liquidity. At times, such amounts may be in excess of the Federal Deposit Insurance Corporation (FDIC) insurance amounts of up to $250,000 per financial institution.

Notes Receivable

The Organization provides predevelopment loans to real estate development projects. Notes receivable for which there is a cash outlay by the Organization are stated at the amount management expects to collect from balances outstanding at year end. Management provides for an allowance based on its estimate of probable losses. Management's periodic evaluation of the adequacy of the allowance is based on the performances of past loss experience, known and other risks inherent in the portfolio, specific impaired notes, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral and current economic conditions. Based on management's evaluation, no allowance was considered necessary at December 31, 2021.

Interest income is recognized when earned in accordance with the loan terms.

Notes receivable that are contributed to the Organization, and thus there was no cash outlay for the Organization, or notes receivable that are payable from surplus cash are not recorded by the Organization. Any subsequent cash receipts, either of principal or interest, are recognized only to the extent cash payment is received.

Contributions

The Organization reports gifts of cash and other assets as without donor restrictions or with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Donor-restricted support is reported as an increase in net assets with donor restrictions. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to without donor restrictions and reported in the statement of revenues and expenses on modified cash basis as net assets released from restrictions.

The Organization recognizes gifts of cash and other assets when cash or other assets are received.

Grant Revenue

The Organization receives grant and contract revenue from governmental and private sources. Grant revenue is recognized as cash is received.

Program Revenue

The Organization earns fees for services rendered for providing community development to Public Housing Authorities, city governments, institutions, foundations, developers, property managers, community members and other stakeholders. Program revenue is recognized as cash is received.

Description Of Program Services And Supporting Activities

The following program services and supporting activities are included in the accompanying financial statements:

Planning:

Community Planning And Human Capital Development - The Organization works with current and former residents, public housing authorities (PHA), city government officials, community organizations, foundations and other stakeholders to facilitate community engagement processes around neighborhood conditions and human services needs. The process typically includes gathering data from existing sources, both formally and informally, surveying residents, assessing service and amenity needs, holding facility town hall meetings and facilitating focus groups with key stakeholders.

Through the community engagement process, stakeholders' priorities are identified, and the Organization develops a human capital plan that is integrated with the planned physical revitalization based on the community's vision. Because the Organization is mindful of the existing and authentic strengths of a community, its human capital plans focus on collaboration, building on community assets and strengthening capacity while avoiding duplication of services.

Early Project Development - The Organization is sometimes engaged by one of the developers, municipalities and housing authorities to assist with early development of projects. This work includes traveling to potential project sites to assess the suitability of the community for a mixed-income redevelopment, assess the human capital needs that must be addressed as part of that redevelopment, meet with local officials to engage in preliminary discussion about the type of scope of the potential redevelopment project and project costs and conduct early investigation of potential funding sources.

Economic Development - Residents in revitalizing communities desire nearby neighborhood amenities such as commercial, green, and communal spaces for convenience. These amenities also attract new residents. Communities engage the Organization to develop neighborhood-based economic development plans, including new commercial enterprises and enhancements to existing commercial and retail efforts. The Organization has the expertise to design business and implementation plans, capacity studies and funding/capital access plans to help communities build vibrant commercial corridors. The Organization also supports the design and implementation of social enterprises that empower residents economically by connecting them to business development opportunities.

Enhanced Schools - The Organization believes that improving schools is central to every re-emerging community. For more than 10 years, the Organization has worked in neighborhood elementary schools to establish and maintain mixed-income communities and support social, economic and racial integration. The Organization has worked in partnership with St. Louis, Memphis, Baltimore, San Francisco, Sacramento, San Antonio, Pittsburgh, Columbus, Miami, Louisville, Tulsa, and Minneapolis to lead improvements in physical infrastructure, governance, curriculum, technology and community engagement in neighborhood schools and support academic achievement as a tool for ensuring positive economic mobility. The Organization also recognizes that setting or changing school policy is beyond its control, which is why it is critical that it not only support schools by working within the system, but also supporting the development or implementation of ancillary programming outside of school hours to support high academic achievement.

Supportive Housing - Certain populations require additional services or physical accommodations due to physical disability, developmental limitations or homelessness, and the Organization is committed to maximizing opportunities for all to live successfully and to achieve the greatest possible degree of self-sufficiency where they live.

The Organization works with organizations representing populations with special housing needs to design frameworks and financial structures that help residents to live independently with both pride and appropriate support systems.

Integrated Service Delivery:

Healthy Living - Limited access to health insurance and treatment for physical and mental health issues, as well as the lack of health education and prevention efforts, is a significant barrier for low-income families attempting to achieve self-sufficiency. The Organization designs community health initiatives that are directly linked to key physical and mental health indicators. Anecdotal and quantitative data on the impact of healthy living on community vitality is often a basis for raising new funds to support healthy living initiatives.

CHOICE Neighborhoods Initiative "People" Component - The U.S. Department of Housing and Urban Development's CHOICE Neighborhood Initiative requires that a plan and implementation strategy for Community and Supportive Services be put in place to help residents of redeveloping neighborhoods make progress toward self-reliance. The Organization works with PHAs across the country to creatively design and implement services that address the specialized needs of individuals and families and link them to a variety of relocation services. The Organization also designs comprehensive plans in collaboration with the community so that the plan reflects a community's values and vision for future strength.

Senior Programming - Senior living facilities are only as successful as the programming and services put in place to support their residents, and the Organization is committed to continuously expanding its knowledge about aging, improving the design of senior facilities and making superior services available to the senior residents it serves. The Organization works with property management companies and PHAs across the country to assist in the physical design of senior housing facilities and the development of a network of programs that enhance and support the independent living of elderly residents. The Organization has conducted research into successful senior living and has considerable experience crafting and implementing policy affecting seniors.

Community Centers - At several mixed-income housing sites under development by property management companies, the Organization has been contracted to manage and coordinate programming in a community center building. The Organization is responsible for staffing, operating and maintaining the facility. The Organization recruits service partners to offer programming that meets the needs of residents and to manage those partnerships. The Organization also engages in outreach and marketing efforts to inform residents and the larger community of the opportunities available at the community center.

Policy Development:

The Policy Development program focuses on influencing local, state and federal policies on economic mobility, housing, education and health in service of the Organization's mission. The Organization influences policy through the development of written policy suggestions based on best practices that the Organization has developed, meeting with leaders in the field to share experience from other projects and participating in coalitions with partner organizations seeking the same results.

Leadership Development And Sustainability:

Capacity Building - The Organization provides technical support and assistance to other organizations in the communities where it works. The goal of this assistance is to help build the capacity of those smaller organizations to serve more residents and improve the quality of their programs, making the community more self-sustaining. Examples of such capacity-building projects include working with small social service not-for-profit organizations to help them increase the quality of their programs and working with a business enterprise started by a group of residents to help them scale that business up.

Community Services Liaisons - Community Services Liaisons are the Organization's social service specialists who support residents and neighborhoods across the country. Liaisons work with residents to develop community awareness and participation in activities on the property and within the larger community. They also assist residents in self-improvement, self-sufficiency and community building. The Organization developed the Community Services Liaison position to support the success of residents in new mixed-income communities.

Fund Development - Funding is critical to the work of rebuilding communities. In conjunction with community planning efforts, the Organization develops strategies for building human capital and economic development plans.

The Organization also designs innovative funding strategies that combine public and private resources. By leveraging and reallocating existing resources, identifying key partnerships and locating new sources of funds, the Organization seeks to improve the access of children and adults to high-quality facilities and programs without placing major new burdens on cities that may be facing scarcities of resources.

Literacy Initiatives - Strong reading skills are vital to success in school and the workplace. The Organization has begun to develop and implement specialized programs for child and adult literacy that are integrated with other Community Support Services or Human Capital programming.

Resident Leadership - A sustainable community must have empowered residents who have the ability to assist in the planning and implementation process. The Organization works directly with residents representing past and emerging community leadership to ensure that the local voice is broad and deep. The Organization engages and cultivates prospective resident leaders to build their capacity to lead through targeted training programs, and it achieves its goals by building relationships with residents, earning trust and demonstrating excellence in its product.

Workforce Development - Residents of low-income communities often have multiple barriers to employment. The Organization works directly with residents seeking to re-enter the workforce, connecting them to appropriate job and entrepreneurial opportunities, supporting the development of good work habits and professional conduct and providing a set of supportive services to help them manage other areas of their lives that may impact their success at work.

General And Administrative

Includes the functions necessary to maintain an equitable employment program, ensure an adequate working environment, provide coordination and articulation of the Organization's program mission, secure proper administrative functioning of the Board of Directors and manage the financial and budgetary responsibilities of the Organization.

Fundraising

Provides the structure necessary to encourage and secure financial support from organizations, foundations, corporations and government entities.

Expenses

Expenses are recognized by the Organization on an accrual basis.

Functional Expense Allocation

The statement of functional expenses on modified cash basis presents expenses by function and natural classification. Expenses directly attributable to a specific functional area of the Organization are reported as specific to that functional area. Expenses that benefit multiple functional or program areas have been allocated across programs and other supporting services based on salary time studies.

Tax Status

The Organization is exempt from federal income taxes on its related, exempt activities under of Section 501(c)(3) of the Internal Revenue Code.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

2. Availability Of Financial Assets And Liquidity

At December 31, 2021, the Organization has the following liquid assets available for general expenditures in the next year:

Cash	$ 6,232,813
Notes receivable	1,872,527
Less: Amounts subject to donor restrictions	(463,502)
Financial assets available to meet cash needs for general expenditures within one year	$ 7,641,838

Board designated restrictions are not presented as reductions to the liquidity above since the collection of payments on the notes receivables release the board's designation and the payments received can be used for the general expenditures of the Organization unless restricted by a donor. The Organization is supported by grant revenue and contributions. A donor's restrictions can require resources to be used in a particular manner or in a future period, therefore, some financial assets may not be available for general expenditure within one year.

3. Notes Receivable

During 2017, the Organization entered into a line of credit agreement with McCormack Baron Salazar, Inc. (MBS), to provide a line of credit loan facility in the aggregate amount of $3,000,000 to be disbursed as sub-loans for predevelopment and site-related expenses necessary to advance an eligible housing development. Each sub-loan is unsecured and bears interest at an annual rate of 4.25% over the 30-day LIBOR as reported in the "Money Rates" section of the Wall Street Journal Eastern Edition, with a ceiling of 8%. Interest payments shall be due and payable monthly, with the first payment due the first day of the second month following sub-loan closing, and each subsequent payment is due the first day of each month thereafter, up to the sub-loan maturity date. The maximum term of each sub-loan shall be 24 months. The entire unpaid principal balance of the sub-loan, together with all accrued and unpaid interest, and all other fees, costs and charges, if any, shall be due and payable in full.

During 2019, the Organization entered into a sub-loan promissory note with Twin Rivers Phase 3, LP in the maximum principal amount of $500,000. The loan bore interest as stated above and had an original maturity date of October 25, 2021. During 2021, the maturity date was extended to October 25, 2022. During 2022, the loan was repaid in full.

During 2019, the Organization entered into a sub-loan promissory note with Twin Rivers Phase 4, LP in the principal amount of $500,000. The loan bears interest as stated above and had an original maturity date of October 25, 2021. During 2020, the maximum principal balance was reduced to $300,000. During 2021, the maturity date was extended to May 31, 2023.

During 2020, the Organization loaned funds to Oakland and The World Enterprises in the principal amount of $150,000. The loan was unsecured, bore interest at an annual rate of 4.75% and had an original maturity date of July 1, 2021. On July 1, 2021, the maturity date was extended to July 1, 2022, at which time the note and all unpaid accrued interest was due. During 2022, the loan was repaid in full.

During 2020, the Organization loaned funds to Parade Park LP in the principal amount of $150,000. However, only $120,140 was drawn. The loan was unsecured, bore interest at an annual rate of 4.75% and additional fee of 10% of the loan amount. The loan matured on August 3, 2021, at which time the note and all unpaid accrued interest was due. During 2021, the loan was repaid in full.

During 2021, the Organization loaned funds to 7th & Campbell, LP with a maximum principal amount of $1,600,000. The loan was unsecured, bore interest at an annual rate of 4.75% and matured on July 1, 2022. During 2022, the loan was repaid in full.

During 2021, the Organization loaned funds to Innovation Square Phase I, LLC in the principal amount of $300,000. The loan was unsecured, bore interest at an annual rate of 2.00% and matured on August 1, 2022. During 2022, the loan was repaid in full.

Notes receivable consists of the following as of December 31, 2021:

	Face Amount	Carrying Value
Twin Rivers Phase 3, LP	$ 500,000	$ 136,755
Twin Rivers Phase 4, LP	300,000	152,912
Oakland and The World Enterprises	150,000	150,000
7th & Campbell, LP	1,600,000	1,285,772
Innovation Square Phase I, LLC	300,000	300,000
Total		$ 2,025,439

4. Contingency

The Organization is subject to various risks and uncertainties in the ordinary course of business. The Organization's management and legal counsel assess any contingent liabilities, and such assessment involves an exercise of judgment. Management is of the opinion that they have complied with all legal requirements to which they are subject, and there are no items that will have a material adverse effect on the financial statements.

5. Line Of Credit

The Organization entered into a line-of-credit agreement with Enterprise Bank & Trust. The agreement allows for maximum borrowings of $520,000 and is secured by a Commercial Security Agreement covering all assets, bearing interest equal to 1% over the Enterprise Bank Prime Rate (4.75% at December 31, 2021). The line-of-credit agreement expired on May 8, 2022 and was extended to May 8, 2023. The Organization did not have any credit borrowings during 2021 and no amount remained payable as of December 31, 2021.

6. Net Assets

Net assets with donor restrictions are subject to the following donor-imposed purpose restrictions at December 31, 2021:

8. Related Party Transactions

At December 31, 2021, unpaid advances due to Urban Strategies Memphis Hope, Inc., a company affiliated with the Organization through common management, amounted to $254,790.

At December 31, 2021, unpaid advances due from COVAM Community Development Corporation, a not-for-profit entity affiliated with the Organization through common management, amounted to $111,537.

As discussed in Note 3, the Organization has made loans to various entities affiliated with MBS. MBS is considered a related party through an economic concentration (Note 9).

The Organization has an agreement with MBS to receive human resources and information technology support services on an as-needed basis. MBS is committed to making services available to the Organization to aid in its daily business operations in exchange for a monthly fee in the amount of $350. This agreement expired on August 1, 2019 and is now on a month-to-month basis.

9. Economic Concentration

During 2021, the Organization received program revenues of $1,053,578 from MBS. Additionally during 2021, the Organization received program revenues of $1,097,538 from McCormack Baron Management (MBM). Both companies are owned by MBA Properties, Inc. (MBA) and together comprised 15% of total revenues and support in 2021.

Future operations could be affected by changes in the economic condition of MBS, MBM or their parent company MBA.

10. Deferred Compensation Plan

The Organization has a 401(k) savings plan (the Plan) covering eligible full-time employees. The 401(k) feature of the plan allows participants to defer a portion of eligible compensation on a tax-deferred basis. The Plan provides for a contribution of 3% of base salary to all eligible full-time employees. The contribution amounted to $40,933 in 2021.

CERTIFIED PUBLIC ACCOUNTANTS & BUSINESS CONSULTANTS

Independent Auditors' Report

Board of Directors
Urban Strategies, Inc.
St. Louis, Missouri

Opinion

We have audited the financial statements of Urban Strategies, Inc., which comprise the statement of assets, liabilities and net assets on modified cash basis as of December 31, 2022 and 2021, and the related statements of revenue and expenses, functional expenses, and cash flows, all presented on modified cash basis, for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Urban Strategies, Inc. as of December 31, 2022 and 2021, and the results of its operations and its cash flows for the years then ended in accordance with the modified cash basis of accounting described in Note 1.

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of Urban Strategies, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis Of Matter - Basis Of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

RubinBrown LLP is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Urban Strategies, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities For The Audit Of The Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Urban Strategies, Inc.'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Urban Strategies, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Reporting Required By Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 14, 2024 on our consideration of Urban Strategies, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Urban Strategies, Inc.'s internal control over financial reporting and compliance.

1. Nature Of Operations And Summary Of Significant Accounting Policies

Nature Of Operations

Urban Strategies, Inc. (the Organization) is organized as a not-for-profit organization, under Section 501(c)(3) of the Internal Revenue Code. The mission of the Organization is to build healthy, sustainable urban communities through comprehensive community and economic development. The Organization works with local residents to develop innovative community redevelopment plans; connect human and social service support to the physical redevelopment of the communities and match local, state, federal and private resources to those efforts.

Basis Of Accounting

The financial statements are prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. These financial statements include only those transactions for which amounts have been collected or disbursed, except as discussed below.

Basis Of Presentation

Financial statements of not-for-profit organizations measure net assets and net asset activity based on the absence or existence of donor-imposed restrictions. Brief explanations of the net asset categories are presented below:

Net Assets Without Donor Restrictions - Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and the Board of Directors.

Net Assets With Donor Restrictions - Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. The Organization does not have net assets with perpetual donor restrictions as of December 31, 2022 or 2021.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of revenue and expenses on modified cash basis.

Consolidation Principles

On June 5, 2020, the Organization purchased the sole membership interest of Flance NMTC Investment Fund, LLC (Flance). On April 29, 2021, Flance's certificate of formation was cancelled and the Organization no longer holds a membership interest as of December 31, 2022 or 2021. The financial statements exclude the accounts of Flance under the modified cash basis of accounting.

Estimates And Assumptions

The Organization uses estimates and assumptions in preparing the financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates

Cash

The Organization invests its excess cash in financial institutions with strong credit ratings and has established guidelines relative to diversification and maturities that maintain safety and liquidity. At times, such amounts may be in excess of the Federal Deposit Insurance Corporation (FDIC) insurance amounts of up to $250,000 per financial institution.

Notes Receivable

The Organization provides predevelopment loans to real estate development projects. Notes receivable for which there is a cash outlay by the Organization are stated at the amount management expects to collect from balances outstanding at year end. Management provides for an allowance based on its estimate of probable losses. Management's periodic evaluation of the adequacy of the allowance is based on the performances of past loss experience, known and other risks inherent in the portfolio, specific impaired notes, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral and current economic conditions. Based on management's evaluation, no allowance was considered necessary at December 31, 2022 or 2021.

Interest income is recognized when earned in accordance with the loan terms.

Notes receivable that are contributed to the Organization, and thus there was no cash outlay for the Organization, or notes receivable that are payable from surplus cash are not recorded by the Organization. Any subsequent cash receipts, either of principal or interest, are recognized only to the extent cash payment is received.

Contributions

The Organization reports gifts of cash and other assets as without donor restrictions or with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Donor-restricted support is reported as an increase in net assets with donor restrictions. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to without donor restrictions and reported in the statement of revenues and expenses on modified cash basis as net assets released from restrictions.

The Organization recognizes gifts of cash and other assets when cash or other assets are received.

Grant Revenue

The Organization receives grant and contract revenue from governmental and private sources. Grant revenue is recognized as cash is received.

Program Revenue

The Organization earns fees for services rendered for providing community development to Public Housing Authorities, city governments, institutions, foundations, developers, property managers, community members and other stakeholders. Program revenue is recognized as cash is received.

Description Of Program Services And Supporting Activities

The following program services and supporting activities are included in the accompanying financial statements:

Planning

Community Planning And Human Capital Development - The Organization works with current and former residents, public housing authorities (PHA), city government officials, community organizations, foundations and other stakeholders to facilitate community engagement processes around neighborhood conditions and human services needs. The process typically includes gathering data from existing sources, both formally and informally, surveying residents, assessing service and amenity needs, holding facility town hall meetings and facilitating focus groups with key stakeholders.

Through the community engagement process, stakeholders' priorities are identified, and the Organization develops a human capital plan that is integrated with the planned physical revitalization based on the community's vision. Because the Organization is mindful of the existing and authentic strengths of a community, its human capital plans focus on collaboration, building on community assets and strengthening capacity while avoiding duplication of services.

Early Project Development - The Organization is sometimes engaged by one of the developers, municipalities and housing authorities to assist with early development of projects. This work includes traveling to potential project sites to assess the suitability of the community for a mixed-income redevelopment, assess the human capital needs that must be addressed as part of that redevelopment, meet with local officials to engage in preliminary discussion about the type of scope of the potential redevelopment project and project costs and conduct early investigation of potential funding sources.

Economic Development - Residents in revitalizing communities desire nearby neighborhood amenities such as commercial, green, and communal spaces for convenience. These amenities also attract new residents. Communities engage the Organization to develop neighborhood-based economic development plans, including new commercial enterprises and enhancements to existing commercial and retail efforts. The Organization has the expertise to design business and implementation plans, capacity studies and funding/capital access plans to help communities build vibrant commercial corridors. The Organization also supports the design and implementation of social enterprises that empower residents economically by connecting them to business development opportunities.

Enhanced Schools - The Organization believes that improving schools is central to every re-emerging community. For more than 10 years, the Organization has worked in neighborhood elementary schools to establish and maintain mixed-income communities and support social, economic and racial integration. The Organization has worked in partnership with St. Louis, Memphis, Baltimore, San Francisco, Sacramento, San Antonio, Pittsburgh, Columbus, Miami, Louisville, Tulsa, and Minneapolis to lead improvements in physical infrastructure, governance, curriculum, technology and community engagement in neighborhood schools and support academic achievement as a tool for ensuring positive economic mobility. The Organization also recognizes that setting or changing school policy is beyond its control, which is why it is critical that it not only support schools by working within the system, but also supporting the development or implementation of ancillary programming outside of school hours to support high academic achievement.

Supportive Housing - Certain populations require additional services or physical accommodations due to physical disability, developmental limitations or homelessness, and the Organization is committed to maximizing opportunities for all to live successfully and to achieve the greatest possible degree of self-sufficiency where they live.

The Organization works with organizations representing populations with special housing needs to design frameworks and financial structures that help residents to live independently with both pride and appropriate support systems.

Integrated Service Delivery

Healthy Living - Limited access to health insurance and treatment for physical and mental health issues, as well as the lack of health education and prevention efforts, is a significant barrier for low-income families attempting to achieve self-sufficiency. The Organization designs community health initiatives that are directly linked to key physical and mental health indicators. Anecdotal and quantitative data on the impact of healthy living on community vitality is often a basis for raising new funds to support healthy living initiatives.

CHOICE Neighborhoods Initiative "People" Component - The U.S. Department of Housing and Urban Development's CHOICE Neighborhood Initiative requires that a plan and implementation strategy for Community and Supportive Services be put in place to help residents of redeveloping neighborhoods make progress toward self-reliance. The Organization works with PHAs across the country to creatively design and implement services that address the specialized needs of individuals and families and link them to a variety of relocation services. The Organization also designs comprehensive plans in collaboration with the community so that the plan reflects a community's values and vision for future strength.

Senior Programming - Senior living facilities are only as successful as the programming and services put in place to support their residents, and the Organization is committed to continuously expanding its knowledge about aging, improving the design of senior facilities and making superior services available to the senior residents it serves. The Organization works with property management companies and PHAs across the country to assist in the physical design of senior housing facilities and the development of a network of programs that enhance and support the independent living of elderly residents. The Organization has conducted research into successful senior living and has considerable experience crafting and implementing policy affecting seniors.

Community Centers - At several mixed-income housing sites under development by property management companies, the Organization has been contracted to manage and coordinate programming in a community center building. The Organization is responsible for staffing, operating and maintaining the facility. The Organization recruits service partners to offer programming that meets the needs of residents and to manage those partnerships. The Organization also engages in outreach and marketing efforts to inform residents and the larger community of the opportunities available at the community center.

Policy Development:

The Policy Development program focuses on influencing local, state and federal policies on economic mobility, housing, education and health in service of the Organization's mission. The Organization influences policy through the development of written policy suggestions based on best practices that the Organization has developed, meeting with leaders in the field to share experience from other projects and participating in coalitions with partner organizations seeking the same results.

Leadership Development And Sustainability

Capacity Building - The Organization provides technical support and assistance to other organizations in the communities where it works. The goal of this assistance is to help build the capacity of those smaller organizations to serve more residents and improve the quality of their programs, making the community more self-sustaining. Examples of such capacity-building projects include working with small social service not-for-profit organizations to help them increase the quality of their programs and working with a business enterprise started by a group of residents to help them scale that business up.

Community Services Liaisons - Community Services Liaisons are the Organization's social service specialists who support residents and neighborhoods across the country. Liaisons work with residents to develop community awareness and participation in activities on the property and within the larger community. They also assist residents in self-improvement, self-sufficiency and community building. The Organization developed the Community Services Liaison position to support the success of residents in new mixed-income communities.

Fund Development - Funding is critical to the work of rebuilding communities. In conjunction with community planning efforts, the Organization develops strategies for building human capital and economic development plans.

The Organization also designs innovative funding strategies that combine public and private resources. By leveraging and reallocating existing resources, identifying key partnerships and locating new sources of funds, the Organization seeks to improve the access of children and adults to high-quality facilities and programs without placing major new burdens on cities that may be facing scarcities of resources.

Literacy Initiatives - Strong reading skills are vital to success in school and the workplace. The Organization has begun to develop and implement specialized programs for child and adult literacy that are integrated with other Community Support Services or Human Capital programming.

Resident Leadership - A sustainable community must have empowered residents who have the ability to assist in the planning and implementation process. The Organization works directly with residents representing past and emerging community leadership to ensure that the local voice is broad and deep. The Organization engages and cultivates prospective resident leaders to build their capacity to lead through targeted training programs, and it achieves its goals by building relationships with residents, earning trust and demonstrating excellence in its product.

Workforce Development - Residents of low-income communities often have multiple barriers to employment. The Organization works directly with residents seeking to re-enter the workforce, connecting them to appropriate job and entrepreneurial opportunities, supporting the development of good work habits and professional conduct and providing a set of supportive services to help them manage other areas of their lives that may impact their success at work.

General And Administrative

Includes the functions necessary to maintain an equitable employment program, ensure an adequate working environment, provide coordination and articulation of the Organization's program mission, secure proper administrative functioning of the Board of Directors and manage the financial and budgetary responsibilities of the Organization.

Fundraising

Provides the structure necessary to encourage and secure financial support from organizations, foundations, corporations and government entities.

Expenses

Expenses are recognized by the Organization on an accrual basis.

Functional Expense Allocation

The statement of functional expenses on modified cash basis presents expenses by function and natural classification. Expenses directly attributable to a specific functional area of the Organization are reported as specific to that functional area. Expenses that benefit multiple functional or program areas have been allocated across programs and other supporting services based on salary time studies.

Tax Status

The Organization is exempt from federal income taxes on its related, exempt activities under of Section 501(c)(3) of the Internal Revenue Code.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

2. Notes Receivable

During 2017, the Organization entered into a line of credit agreement with McCormack Baron Salazar, Inc. (MBS), to provide a line of credit loan facility in the aggregate amount of $3,000,000 to be disbursed as sub-loans for predevelopment and site-related expenses necessary to advance an eligible housing development. Each sub-loan is unsecured and bears interest at an annual rate of 4.25% over the 30-day LIBOR as reported in the "Money Rates" section of the Wall Street Journal Eastern Edition, with a ceiling of 8%. Interest payments shall be due and payable monthly, with the first payment due the first day of the second month following sub-loan closing, and each subsequent payment is due the first day of each month thereafter, up to the sub-loan maturity date. The maximum term of each sub-loan shall be 24 months. The entire unpaid principal balance of the sub-loan, together with all accrued and unpaid interest, and all other fees, costs and charges, if any, shall be due and payable in full.

During 2019, the Organization entered into a sub-loan promissory note with Twin Rivers Phase 3, LP in the maximum principal amount of $500,000. The loan bore interest as stated above and had an original maturity date of October 25, 2021. During 2021, the maturity date was extended to October 25, 2022. During 2022, the loan was repaid in full.

During 2019, the Organization entered into a sub-loan promissory note with Twin Rivers Phase 4, LP in the principal amount of $500,000. The loan bore interest as stated above and had an original maturity date of October 25, 2021. During 2020, the maximum principal balance was reduced to $300,000. During 2021, the maturity date was extended to May 31, 2023. During 2023, the loan was repaid in full.

During 2020, the Organization loaned funds to Oakland and The World Enterprises in the principal amount of $150,000. The loan was unsecured, bore interest at an annual rate of 4.75% and had an original maturity date of July 1, 2021. On July 1, 2021, the maturity date was extended to July 1, 2022, at which time the note and all unpaid accrued interest was due. During 2022, the loan was repaid in full.

During 2020, the Organization loaned funds to Parade Park, LP in the principal amount of $150,000. However, only $120,140 was drawn. The loan was unsecured, bore interest at an annual rate of 4.75% and additional fee of 10% of the loan amount. The loan matured on August 3, 2021, at which time the note and all unpaid accrued interest was due. During 2021, the loan was repaid in full.

During 2021, the Organization loaned funds to 7th & Campbell, LP with a maximum principal amount of $1,600,000. The loan was unsecured, bore interest at an annual rate of 4.75% and matured on July 1, 2022. During 2022, the loan was repaid in full.

During 2021, the Organization loaned funds to Innovation Square Phase I, LLC in the principal amount of $300,000. The loan was unsecured, bore interest at an annual rate of 2.00% and matured on August 1, 2022. During 2022, the loan was repaid in full.

During 2022, the Organization loaned funds to Plaza East Associates, LP in the principal amount of $50,000. The loan is unsecured, bears no interest, and had an original maturity date of December 31, 2022. During 2023, the maturity date was extended to December 31, 2024.

During 2022, the Organization loaned funds to 23 & Telegraph, LP with a maximum principal amount of $400,000. The loan is unsecured, bears interest at an annual rate of 3.50% and had an original maturity date of November 13, 2023. During 2023, the maturity date was extended to December 31, 2024.

Notes receivable consists of the following as of December 31, 2022:

	Maximum Principal Amount	2022	2021

Total		$ 640,542	$ 2,025,439

3. Line Of Credit

The Organization entered into a line-of-credit agreement with Enterprise Bank & Trust. The agreement allows for maximum borrowings of $520,000 and is secured by a Commercial Security Agreement covering all assets, bearing interest equal to 1% over the Enterprise Bank Prime Rate (9.5% at December 31, 2022). The line-of-credit agreement expired in May 2023 and was extended to May 2024. The Organization did not have any credit borrowings during 2022 or 2021, and no amount remained payable as of December 31, 2022 or 2021.

4. Net Assets

Net assets with donor restrictions are subject to the following donor-imposed purpose restrictions at December 31, 2022 and 2021:

	2022	2021
Community development funds	$ 745,269	$ —
Integrated service delivery	251,930	343,507
Leadership development and sustainability	313,454	114,050
Policy development	382	5,945
	$ 1,311,035	$ 463,502

Net assets were released from donor-imposed restrictions for the years ended December 31, 2022 and 2021 as follows:

	2022	2021
Community development funds	$ 54,731	$ —
Integrated service delivery	732,198	292,828
Leadership development and sustainability	50,596	50,000
Policy development	5,563	55
	$ 843,088	$ 342,883

5. Leases

The Organization leases certain portions of its equipment and its office facilities under operating lease arrangements. The future minimum lease payments under noncancellable operating leases at December 31, 2022 are as follows:

Year	Amount
2023	$ 82,837
2024	69,979
2025	55,734
2026	50,115
2027	51,057
Thereafter	357,353
	$ 667,075

6. Related Party Transactions

At December 31, 2022 and 2021, unpaid advances due to Urban Strategies Memphis Hope, Inc., a company affiliated with the Organization through common management, amounted to $168,732 and $254,790, respectively.

At December 31, 2022 and 2021, unpaid advances due from COVAM Community Development Corporation, a not-for-profit entity affiliated with the Organization through common management, amounted to $118,070 and $111,537, respectively.

7. Economic Concentration

During 2022 and 2021, the Organization received program revenues of $2,055,126 and $2,151,116, respectively, from MBS and McCormack Baron Management (MBM). Both companies are owned by MBA Properties, Inc. (MBA) and collectively comprised 12% and 15% of total revenues and support in 2022 and 2021, respectively.

Future operations could be affected by changes in the economic condition of MBS, MBM or their parent company MBA.

8. Deferred Compensation Plan

The Organization has a 401(k) savings plan (the Plan) covering eligible full-time employees. The Plan allows participants to defer a portion of eligible compensation on a tax-deferred basis and provides for a contribution of 3% of base salary to all eligible full-time employees. The contribution amounted to $36,012 and $40,933 in 2022 and 2021, respectively.

9. Availability Of Financial Assets And Liquidity

The Organization has the following liquid assets available for general expenditures in the next year:

	December 31, 2022	December 31, 2021
Cash	$ 8,393,378	$ 6,232,813
Notes receivable	235,609	1,872,527
Less: Amounts subject to donor restrictions	(1,311,035)	(463,502)
Financial assets available to meet cash needs for general expenditures within one year	$ 7,317,952	$ 7,641,838

Board designated restrictions are not presented as reductions to the liquidity above since the collection of payments on the notes receivables release the board's designation and the payments received can be used for the general expenditures of the Organization unless restricted by a donor. The Organization is supported by grant revenue and contributions. A donor's restrictions can require resources to be used in a particular manner or in a future period, therefore, some financial assets may not be available for general expenditure within one year.

10. Contingency

The Organization is subject to various risks and uncertainties in the ordinary course of business. The Organization's management and legal counsel assess any contingent liabilities, and such assessment involves an exercise of judgment. Management is of the opinion that they have complied with all legal requirements to which they are subject, and there are no items that will have a material adverse effect on the financial statements.

RE: Desert Pines
Nevada Climate Strategy & Greenhouse Gas Reduction

Dear Executive Director,

McCormack Baron Salazar, Inc. (MBS) is the real estate development partner with Urban Strategies, Inc. (USI) for the redevelopment of the Desert Pines Golf Course located in the City of Las Vegas, Nevada. In partnership with USI, we commit to building a sustainable development that is a model for resource conservation and energy efficiency.

As such, please accept this letter as our commitment to comply with the State of Nevada's Climate Strategy goals during the design and redevelopment of Desert Pines.

We also commit to working with our sustainability team and consultants to ensure that our proposed development incorporates all state requirements set forth in NRS 445B.380 and 704.7820, as applicable, as well as best practices recommended for the reduction of greenhouse gas emissions.

If you have any questions on the scope of work and/or any additional questions, please feel free to contact me directly at (213) 236-2676 or by email at antonio.bermudez@McCormackBaron.com.

Should you have any questions please feel free to contact me at (213) 236-2676.

Sincerely,

Antonio Bermúdez

Re: Letter of Intent for Desert Pines Golf Course Redevelopment Project

Dear Mr. Saavedra:

As you are aware, McCormack Baron Salazar has been pursuing plans for the redevelopment of the site within the City of Las Vegas, Nevada that is now the Desert Pines Golf Course ("Desert Pines Redevelopment Project"). It is anticipated that the redevelopment to take place shall include, but is not limited to, the demolition of existing structures and terrain, grading, paving and abatement of existing structures and improvements, construction of buildings and facilities to include, but not be limited to multi-family affordable housing, maintenance buildings, retail and commercial space ("Desert Pines Redevelopment Project Work").

We are writing to you in connection with our desire and commitment that Union labor be used for the construction of the Desert Pines Redevelopment Project. It is understood that the final plans for the Desert Pines Redevelopment Project may be subject to design changes and modifications or may be modified or revised as a result of the approval by those public agencies possessing lawful approval authority over the Desert Pines Redevelopment Project, and that our commitment, set forth in this letter, is that the PLA will apply to the Desert Pines Redevelopment Project, as finally approved by such entities and agencies.

Consistent with our proprietary interests in an efficient and harmonious workforce for the Desert Pines Redevelopment Project and in order to minimize the risk of jobsite friction that may arise at a common-situs jobsite, we have determined, in the exercise of our discretion and authority as owner and a purchaser of services to only engage a general contractor ("GC") and subcontractors for covered work that will enter into a Project Labor Agreement ("PLA") with the Southern Nevada Building Trade Unions ("Council") and your affiliated construction Unions. Upon selecting the GC for covered work, we will direct the GC to sign a PLA for all covered Desert Pines Redevelopment Project Work. Should we self-perform covered work or act as a general contractor on the Desert Pines Redevelopment Project, we commit to the terms of a PLA for this Project, to be negotiated consistent with the terms of this LOI.

We will require such general contractor to execute a PLA and require that each contractor and subcontractor performing covered Desert Pines Redevelopment Project Work covered by the PLA execute a Letter of Assent to the PLA, agreeing to be bound thereby.

As we have discussed, not all work on the Desert Pines Redevelopment Project will be covered by the PLA. For example, we anticipate that the commercial spaces will be leased to tenants, who may need contractors to perform tenant-improvements; such work will be outside the scope of the PLA. As another example, any work outside of construction will also not be covered by the PLA, such as property management and any work performed by tenants' businesses. In addition, construction work on residential for-sale products (e.g. single family homes, townhomes, etc.), that are four stories or lower will not be covered by the PLA, except that multifamily affordable housing (as defined by Nevada Revised Statutes (NRS) 278.0105) will be covered by the PLA. However, if McCormack Baron Salazar, the GC selected for the work, or their designee performs tenant improvements in a commercial space before the Certificate of Occupancy for that space has been issued, such work shall be covered by the PLA.

As we have also discussed, the PLA will provide for a competitive bidding process that ensures well qualified contractors perform work on the Project, so long as the competitive bidder agrees to be bound to the terms of the PLA.

We understand that it is the policy of the Council to support good and responsible construction that provides for Union wages, fringe benefits and working conditions. We assume that projects being constructed under the terms and conditions of a PLA negotiated with the Council meet the Council's standards with respect to responsible construction in the sense that this Project will provide good, safe and efficient jobs. Thus, we understand that the Council and its members will publicly support this Project, including before any legislative or regulatory bodies from which approval is sought or required for the Project.

Should we, or our general contractor, assign, transfer, or award all or any portion of the covered Desert Pines Redevelopment Project Work to another general contractor ("New General Contractor"), we or our general contractor will require the New General Contractor to sign the PLA prior to New General Contractor's commencement of any covered Desert Pines Redevelopment Project Work. For the avoidance of doubt, this requirement will not apply to work that is not covered by the PLA.

Should we assign, transfer, convey or sell all or any portion of the Desert Pines Redevelopment Project Work or our rights to develop the project to another owner, developer, general contractor or other entity ("Buyer") prior to the execution of the PLA by our general contractor, we will require the Buyer to assume all of our obligations hereunder, and such work shall only be assigned, transferred, conveyed or sold to a Buyer which agrees to have its general contractor sign the PLA prior to the commencement of any Desert Pines Redevelopment Project Work.

Should we assign, transfer, convey or sell all or any portion of the Desert Pines Redevelopment Project Work to another Buyer after the execution of the PLA by our general

contractor but prior to the receipt of a temporary certificate of occupancy on the portion of the Desert Pines Redevelopment Project being assigned, transferred, conveyed or sold, we will require the Buyer to assume all of our obligations hereunder, and such work shall only be assigned, transferred, conveyed or sold to a Buyer which agrees to have its general contractor sign the PLA prior to the commencement of any Desert Pines Redevelopment Project Work.

We shall give the Council reasonable written notice of any intended or actual assignment, transfer, conveyance or sale of all or any portion of the covered Desert Pines Redevelopment Project Work to such New General Contractor.

This letter shall be interpreted so that it be consistent with the law and the parties' mutual interests. Nothing in this letter shall be considered an agreement in violation of the parties' rights, obligations, or the law.

Should you have any questions, please do not hesitate to contact Daniel Falcon at (323) 401-4756 or by email at dfalcon@falcongroupeinc.com. If you do not have any questions, please sign in the space provided below indicating your acknowledgement and agreement as to the terms and conditions set forth above. Once signed, please return a "wet" signature to us for our files. As soon as we have received your signature, we will begin negotiating the terms of the PLA.

AMENDED AND RESTATED BYLAWS
OF
URBAN STRATEGIES, INC.
(A Missouri Nonprofit Corporation)

***

These AMENDED AND RESTATED BYLAWS ("Amended Bylaws") are executed and adopted as of April ___, 2024.

RECITALS:

A. URBAN STRATEGIES, INC., a Missouri nonprofit corporation ("the Corporation"), filed its articles of incorporation with the Missouri Secretary of State on June 12, 1978 (the "Articles").
B. On January 25, 1980, the Corporation filed Articles of Amendment to the Articles of Incorporation under the General Not for Profit Corporation Act with the Missouri Secretary of State, amending the Articles.
C. Pursuant to Article IV, Section 8 of the Bylaws of the Corporation, in effect since June 15, 1978, the Bylaws may be altered, amended, or repealed at any meeting of the Board of Directors duly called and convened by a favorable vote of a majority of the Directors authorized to vote.
D. The directors of the Corporation have caused the Bylaws of the corporation to be amended as hereinafter set forth.

NOW, THEREFORE, the Bylaws of the Corporation hereby are amended and restated as set forth herein, and the Secretary shall file these Amended Bylaws in the minute book of the Corporation:

ARTICLE 1
NAME

This corporation shall be known as **Urban Strategies, Inc.**

ARTICLE 2
NATURE AND PURPOSE

The Corporation shall be a nonprofit corporation and is not empowered to engage directly or indirectly in any activity, including the distribution of its assets upon dissolution, that would invalidate its status as an organization exempt from federal income taxation under section 501(a) of the Internal Revenue Code of 1954, as amended (hereinafter referred to as the "Code"), nor engage in any activity not permitted under Section 501(c)(3) of the Code.

The Corporation is organized to consult with and advise various groups, organizations, individuals, and governmental bodies concerning the development, management, design, and operation of housing of all types and related facilities for persons of low and moderate incomes; to plan, develop, supervise, manage, and operate housing of all types and related facilities for

persons of low and moderate incomes; to plan and carry out programs and projects furthering the welfare of persons of low and moderate income; and to participate in research, educational, and civic endeavors to promote the welfare of persons of low and moderate income.

In furtherance of its mission, the Corporation is also committed to engaging in community development work, which includes but is not limited to:

- Partnering with local organizations and governmental bodies to implement development projects aimed at social, economic, and environmental betterment including without limitation the development and operation of affordable housing developments.

- Organizing educational programs and workshops to enhance community skills and knowledge.

- Supporting initiatives that promote sustainability and environmental stewardship.

- Providing assistance and resources for the economic empowerment of underprivileged community members.

The Corporation shall actively involve its members, volunteers, and the community in these endeavors, ensuring transparency and accountability in its efforts through regular reporting and evaluation.

The Corporation is further organized for charitable, scientific, literary and educational purposes, including, for such purposes, the receiving of gifts and contributions and the making of distributions thereof for purposes and activities that qualify as exempt under section 501(c)(3) of the Code; to buy, sell, own, assign, lease, and mortgage any real and personal property, wherever located, and to construct, maintain, own and operate improvements thereon, necessary or incident to the accomplishment of the charitable purposes of the Corporation, as set forth herein.

Alone or in cooperation with other persons or organizations to do any and all lawful acts and things which may be necessary, useful, suitable, or proper for the furtherance, accomplishment, or attainment of any or all of the purposes or powers of the Corporation.

In general, to do any and all acts or things and to exercise any and all powers which may now or hereafter be lawful for the Corporation to do or to exercise under and pursuant to the Missouri Nonprofit Corporation Act, for the purpose of accomplishing any of the purposes of the corporation.

ARTICLE III
OFFICES

The principal office of the Corporation of the State of Missouri shall be located at 100 N. Broadway, Suite 1110, St. Louis, Missouri 63102.The Corporation may have such other offices, either within or without the State of Missouri, as the needs of the Corporation may require from time to time.

The registered office of the Corporation required by the Missouri Nonprofit Corporation Act to be maintained in the State of Missouri may be, but need not be, identical with the principal office in the State of Missouri, and the address of the registered office may be changed from time to time by the Board of Directors.

ARTICLE IV
BOARD OF DIRECTORS

Section 1. General Powers. The business and affairs of the Corporation shall be managed by the Corporation's Board of Directors. The Corporation's Board of Directors shall be self-perpetuating. The Corporation shall have no Members.

Section 2. Number of Directors & Vice President. The Board of Directors shall consist of at least three (3) persons. The current Board of Directors shall consist of five (5) persons. The number of Directors may be increased or decreased from time to time by amendment to the Bylaws; provided however, that such number may not be less than three (3).

Section 3. Election, Term of Office, Number of Terms. The Directors shall serve a one year term. At each Annual Meeting of the Directors of the Corporation, a Director shall be elected to replace the Director whose term of office then expires. The term of office of such Director shall commence on the day of his or her election and shall end on the day of the Annual Meeting of the Directors in the year in which such Director's respective term of office expires. Directors need not be residents of Missouri.

Section 4. Vacancy. In the event that a Director shall die, resign, be disqualified, be removed from office or shall otherwise fail to complete the term for which such Director shall have been elected, the remaining Directors shall elect a successor to such Director, who shall serve for the unexpired term of his predecessor in office and until his successor shall have been elected and qualified.

Section 5. Removal and Resignation. A Director may be removed by the vote of a majority of the other Directors then in office for any violation of the duties of such Director set out in these Bylaws or in the Articles of Incorporation of the Corporation or in the statutes of the State of Missouri. A Director shall only be removed at a Meeting held upon notice given in accordance with these Bylaws. Such notice shall specify that a resolution to remove such Director, identifying him or her by name, and be submitted to a vote of the Directors at such meeting. Any Director may resign at any time by giving written notice to the Board of Directors.

Section 6. Meetings of the Board of Directors.

A. Annual Meetings. The Annual Meeting of the Board of Directors shall be held on the first Thursday of June of each year, for the purpose of electing Officers and Directors and for the transaction of such other business as may come before the meeting.

B. Special Meetings. Special meetings of the Board of Directors may be called by with three (3) days' notice by or at the request of the President or any two Directors, and the call shall specify the time and place of such meeting.

C. Location of Meetings. All Meetings of the Board of Directors shall be held in the City or County of St. Louis, or at such other locations as may be determined by the Board of Directors.

D. Notice of Meetings. Notices of meetings of the Board of Directors shall be in writing, shall state the time, date and place of such Meeting. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the Board of Directors need be specified in the notice or waiver of notice of such meeting, except in the case of an amendment of the Articles of Incorporation or Bylaws or the removal of a Director, in which case the purpose of the meeting shall be stated and a copy of the proposed amendment provided with the notice of the meeting. Notices of Meetings shall be delivered to each Director by one of the following methods: by personal delivery, by commercial courier or delivery service regularly engaged in business in the Metropolitan St. Louis, Missouri area; by telecopier (fax) transmission, or other wire or wireless communication. All notices of meetings with the Directors shall be sent not less than (10) nor more than sixty (60) days prior to the date of such Meeting; provided, however, that notices of Special Meetings of the Directors may be held upon three (3) days notice, if notice of such meeting is sent by a commercial courier or delivery service or by telecopier (fax) transmission, or by other form of wire or wireless communication, meeting the criteria described in this sub-Section E.

E. Consent to Meeting; Waiver of Notice; All meetings at which all Directors are present and sign a written consent thereto, whether or not previous notice has been given, shall constitute a meeting of the Directors. Any Director may from time to time waive in writing any notice required to be given by law or by these Bylaws. The presence of any Director at a duly called meeting shall be deemed to be the attendance of such Director at said Meeting unless such Director appears and, prior to the transaction of any business at such meeting, specifically protests such Director's lack of proper notice.

F. Quorum. The presence a majority of the Directors then in office shall be necessary to constitute a quorum of Directors. In the absence of a quorum, any meeting may be adjourned, from time to time, by the Directors present at such meeting, but no other business may be transacted. The attendance of a Director in a meeting by conference telephone or by similar communications equipment, whereby all persons participating in such meeting can hear each other, shall constitute the attendance of such Director at such meeting.

G. Voting. At all Meetings of Directors, each Director present at such meeting shall be entitled to one (1) vote upon any proposition submitted to a vote of the Directors.

H. Absences. Three (3) successive unexcused absences of a Director from meetings of the Board of Directors may be treated by the Board as equivalent to the resignation of such Director from the Board of Directors.

I. Consents in Lieu of Meetings. Any action which is required to be or which may be taken at a meeting of the Directors, or of any committee of the Directors, may be taken without a meeting if consents in writing, setting forth the action so taken, are signed by all of the members of the Board or of the committee, as the case may be. Such consents shall have the same force and effect as a unanimous vote at a meeting duly held, and may be certified as such. The Secretary shall file the consents with the minutes of the meetings of the Board of Directors or of the committee, as the case may be. Any written signature required under this Section may be satisfied by facsimile signature, or other digital or electronic signature, that satisfies any federal or state requirement for same, whether relating to Section 355, R.S.Mo. or otherwise.

ARTICLE V
OFFICERS OF THE CORPORATION

Section 1. Designation and Election of Officers. At the Annual Meeting of the Board of Directors each year, the Directors shall elect a Chairman of the Board, President, one or more Vice Presidents, Secretary, and Treasurer. The Board may also appoint such other officers as the Directors determine to be necessary. A person may be elected to simultaneously serve in more than one office of the Corporation, except that the President may not also be the Secretary. In case any such office shall become vacant, such office may be filled by the Board of Directors at any time. Officers need not be Directors nor residents of the State of Missouri.

Section 2. Term of Office. Unless the Board of Directors approves unanimously, the officers shall hold office, at the pleasure of the Board of Directors, for a period of one (1) year commencing n the date of their election. A person elected to fill a vacancy among the officers of the Corporation shall serve for the remainder of the unexpired term of his predecessor in office.

Section 3. Duties of Officers of the Corporation.

A. Chairman of the Board. The Chairman of the Board shall preside at all meetings of the Board of Directors and organize the agenda for meetings of the Board of Directors. The Chairman of the Board shall perform such other duties as generally pertain to the office.

B. President. The President shall generally supervise all of the business and affairs of the Corporation. The President shall perform such duties as may be delegated to him or to her by the Board. The President shall have the power to create committees to conduct the affairs of the Corporation.

C. Vice President. The Vice President shall generally supervise all of the business and affairs of the Corporation. The Vice President shall perform such duties as may be delegated to him or to her by the President or the Board.

D. Secretary. The Secretary shall keep, or cause to be kept, a record of the proceedings at all meetings of the Board of Directors and shall issue notices of all meetings and shall

keep a roll of the attendance of the Directors at all meetings of the Board of Directors. The Secretary shall also attend to all official correspondence of the Corporation.

E. Treasurer. The Treasurer shall coordinate all financial affairs of the Corporation and shall safely keep, or cause to be kept, all monies of the Corporation. At each Annual Meeting of the Board of Directors, the Treasurer shall submit a comprehensive financial statement of the Corporation for the fiscal year last past. The Treasurer shall also report on the financial condition of the Corporation at each Regular Meeting of the Board, and when so directed by the President, the Treasurer shall make a similar report at any Special Meeting of the Board. Upon the expiration of his or her term of office, the Treasurer shall deliver all papers, books, monies, records, securities and other property of the Corporation in his possession to his or her successor or to such other person and the Borad of Directors as they may designate.

F. Assistant Secretaries and Assistant Treasurers. The Assistant Secretaries and Assistant Treasurers, if any, need not be members of the Board of Directors and shall have such duties as may be specified by the Board of Directors.

Section 4. Removal and Resignation. Any office may be removed with or without cause at any Regular Meeting of the Board of Directors or at any special meeting of the Board of Directors called by any two (2) Directors for such purpose by a vote of the majority of the Board of Directors; provided that each Director shall have been given written notice, in accordance with these Bylaws, in advance of any such meeting, that a resolution to remove such officer, identifying him or her by name and title, shall be submitted to the Directors at such meeting. Any officer may resign at any time by giving written notice to the Board of Directors, the Vice President of the Board or the Secretary. Any such resignation shall take effect at the time specified therein; and unless otherwise specified therein, the acceptance of a resignation shall not be necessary to make it effective.

ARTICLE VI
GENERAL PROVISION

Section 1. Contracts, etc., How Executed. Except as otherwise provided or restricted, the Board of Directors may authorize any officer or officers, agent or agents to enter into any contract or execute and deliver any instrument in the name of and on behalf of the Corporation, and such authority may be general or confined to specific instances; and, unless so authorized, no officer, agent or employee shall have any power or authority to bind the Corporation by any contract or engagement or to pledge its credit or to render it liable pecuniarily for any purpose or in any amount.

Section 2. Loans. No loans shall be contracted on behalf of the Corporation and no negotiable paper shall be issued in its name, unless and except as authorized by the Board of Directors in accordance with the provisions of these Bylaws and subsequent Resolutions. When so authorized by the Board of Directors, any officer or agent of the Corporation may effect loans and advances at any time for the Corporation from any bank, trust company, or other institution, or from any firm, corporation or individual, and for such loans and advances may make, execute and deliver promissory notes, bonds or other evidences of indebtedness of the Corporation, and when authorized as aforesaid, as security for the payment of any and all loans, advances,

indebtedness and liabilities of the Corporation, may pledge, hypothecate or transfer any and all stocks, securities, and other personal property at any time held by the Corporation, and to that end endorse, assign and deliver the same in accordance with the Consents and Resolutions of the Corporation.

Section 3. Deposits. All funds of the Corporation shall be deposited from time to time to the credit of the Corporation only with such banks, bankers, trust companies or other depositaries as the Board of Directors may select or as may be selected by any officer or officers, agent or agents of the Corporation.

Section 4. Checks, Drafts, etc. All checks, drafts or other orders for the payment of money, notes, acceptances or other evidences of indebtedness and endorsements for deposit to the credit of the Corporation in any of its duly authorized depositories may be made without countersignature, by the President, Vice President, Treasurer, or by any other officer or agent of the Corporation, to whom the Board of Directors, by resolution, shall have delegated such power, or by hand-stamped impression in the name of the Corporation.

Section 5. General and Special Bank Accounts. The Board of Directors from time to time may authorize the opening and keeping of general and special bank accounts with such banks, trust companies or other depositories as the Board of Directors may select and may make such rules and regulations with respect thereto, not inconsistent with the provisions of these Bylaws, as they may deem expedient.

ARTICLE VII
INDEMNIFICATION

Section 1. Mandatory Indemnification. The Corporation shall indemnify any Director who was wholly successful, on the merits or otherwise, in the defense of any proceeding to which the Director was a party because he or she is or was a Director of the Corporation against reasonable expenses actually incurred by the Director in connection with the proceeding.

Section 2. Permissive Indemnification.

A. The Corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit, or proceeding whether civil, criminal, administrative or investigative, other than an action by or in the right of the Corporation, by reason of the fact that he or she is or was a Director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation, or is or was serving at the request of the Corporation as a Director, officer, employee or agent of another Corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts pain in settlement actually and reasonably incurred by him or her in connection with such action, suit, or process if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. The termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon a plea

of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not at in good faith an din a manner which he or she reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his or her conduct was unlawful.

B. The Corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Corporation to procure a judgment in its favor by reason of the fact that he or she is or was a Director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a Director, officer, employee or agent of another Corporation, partnership, joint venture, trust or other enterprise against expenses, including attorneys' fees, and amounts paid in settlement actually and reasonably incurred by him or her in connection with the defense or settlement of the action or suit if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Corporation; except that no indemnification shall be made in respect of any claim,. Issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his or her duty to the Corporation unless and only to the extent that the court in which the action or suit was brought determines upon application that despite adjudication of liability and in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnification for such expenses which the court shall deem proper.

C. To the extent that a Director, officer, employee or agent of the Corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (A) and (B) of this section, or in defense of any claim, issue or matter therein, he or she shall be indemnified against expenses, including attorneys' fees, actually and reasonably incurred by him or her in connection with the action, suit or proceeding.

D. Any indemnification under subsections (A) and (B) of this section, unless ordered by a court, shall be made by the Corporation only as authorized in the specific case upon a determination that indemnification of the Director, officer, employee or agent is proper in the circumstances because he or she has met the applicable standard of conduct set forth in this section. The determination shall be made by the Board of Directors by a majority vote of the quorum consisting of Directors who were not parties to the action, suit or proceeding, or if such a quorum is not obtainable, or even if obtainable a quorum of disinterested Directors so directs, by independent legal counsel in a written opinion.

E. Expenses incurred in defending a civil or criminal action, suit or proceeding may be paid by the Corporation in advance of the final disposition of the action, suit or proceeding as authorized by the Boad of Directors in the specific case upon receipt of an undertaking by or on behalf of the Director, officer, employee or agent to repay such amount unless it shall ultimately be determined that he or she is entitled to be indemnified by the Corporation as authorized in this section.

F. The indemnification provided by this section shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under Section 537.117, Mo. Rev. Stat. 1986, any other provision of law, the Articles of

Incorporation of the Corporation or these Bylaws or any agreement, vote of disinterested Directors or otherwise, both as to action in his or her official capacity and as to action another capacity while holding such office, and shall continue as to a person who has ceased to be a Director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

G. The Corporation shall have the power to give any further indemnity, in addition to the indemnity authorized or contemplate under such subsections of this section, including subsection (F), to any person who is or was a Director, officer, employee or agent, or to any person who is or was serving at the request of the Corporation as a Director, officer, employee or agent of any other Corporation, partnership, joint venture, trust or other enterprise, provided such further indemnity is either (i) authorized, directed or provided for in the Articles of Incorporation of the Corporation or any duly adopted amendment thereof or (ii) is authorized, directed or provided for in these Bylaws or agreement of the Corporation which has been adopted by a vote of the Board of Directors of the Corporation, and provided further that no such indemnity shall indemnify any person from or on account of such person's conduct which was finally adjudged to have been knowingly fraudulent, deliberately dishonest or willful misconduct.

H. For the purpose of this section, references to "the Corporation" include all constituent corporations absorbed in a consolidation or merger as well as the resulting or surviving corporations so that any person who is or was a Director, officer, employee or agent of such a constituent corporation or is or was serving at the request of such constituent corporation as a Director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise shall stand in the same position under the provisions of this section with respect to the resulting or surviving corporation as he or she would if he or she had served the resulting or surviving corporation in the same capacity.

I. For purposes of this section, the term "other enterprise" shall include employee benefit plan; the term "fines" shall include any excise taxes assessed on a person with respect to an employee benefit plan; and the term "serving at the request of the Corporation" shall include any service as a Director, officer, employee or agent of the Corporation which imposes duties on, or involves services by, such Director, officer, employee or agent with respect to an employee benefit plan, its participants, or beneficiaries; and a person who acted in good faith and in a manner he or she reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner "not opposed to the best interests of the Corporation" as referred to in this section.

Section 3. Insurance. The Corporation may purchase and maintain insurance on behalf of an individual who is or was a Director, officer, employee, or agent of the Corporation, or who, while a Director, officer, employee or agent of the Corporation, is or was serving at the request of the Corporation as a Director, officer, employee or agent of another foreign or domestic business or nonprofit Corporation, partnership, joint venture, trust, employee benefit plan, or other enterprise, against liability asserted against o incurred by him or her in that capacity or arising from his or her status as a Director, officer, employee or agent, whether or not the Corporation

would have power to indemnify the person against the same liability under section (1) or (2) above.

ARTICLE VIII
CONFLICT OF INTEREST

No contract or transaction between the Corporation and one or more of its Directors or officers, or between the Corporation and any other corporation, partnerships, association, or organization in which one or more of its Directors or officers are directors or officers, or have a financial interest, shall be void or voidable solely for that reason, or solely because the Director or officer is present at or participates in the meeting of the Board of committee thereof which authorizes the contract or transaction, or solely because his or her or their votes are counted for such purposes, if the material facts as to his or her relationship or interest and as to the contract or transaction are disclosed or are known to the Board of Directors or the committee, and the Board or committee in good faith, taking into account the fairness of contract or transaction, authorizes the contract or transaction by the affirmative votes of a majority of the disinterested directors present.

ARTICLE IX
AMENDMENTS

Section 1. Method of Amendment. These Bylaws may be amended or may be repealed and new Bylaws adopted only upon the affirmative vote of the Directors then in office; notice of any meeting of the Directors at which any one or more amendments, deletions, additions or other changes to these Bylaws is to be proposed, together with a copy of each and every such proposed amendment, deletion, addition or other change, shall be sent to each Director not less than ten (10) days prior to the date of the meeting at which any and each such amendment, deletion, addition, or change proposed will be submitted to the Director for approval or rejection.

Section 2. Effective Date of Amendment. Amendments of the Bylaws shall become effective upon adoption or at such time as prescribed in the resolution adopting the Amendment.

Section 3. Inconsistency with Articles of Incorporation Prohibited. These Bylaws, or any amendments hereto, may not be inconsistent with the provisions of the Articles of Incorporation.

AMENDED AND RESTATED BYLAWS
OF
URBAN STRATEGIES, INC.
(A Missouri Nonprofit Corporation)

* * *

These AMENDED AND RESTATED BYLAWS ("Amended Bylaws") are executed and adopted as of March 18, 2009.

RECITALS:

A. URBAN STRATEGIES, INC., a Missouri nonprofit corporation ("the Corporation"), filed its articles of incorporation with the Missouri Secretary of State on June 12, 1978 (the "Articles").

B. On January 25, 1980, the Corporation filed Articles of Amendment to the Articles of Incorporation under the General Not For Profit Corporation Act with the Missouri Secretary of State, amending the Articles.

C. Pursuant to Article IV, Section 8 of the Bylaws of the Corporation, in effect since June 15, 1978, the Bylaws may be altered, amended, or repealed at any meeting of the Board of Directors duly called and convened by a favorable vote of a majority of the Directors authorized to vote.

D. The directors of the Corporation have caused the Bylaws of the corporation to be amended as hereinafter set forth.

NOW, THEREFORE, the Bylaws of the Corporation hereby are amended and restated as set forth herein, and the Secretary shall file these Amended Bylaws in the minute book of the Corporation:

ARTICLE I
NAME

This corporation shall be known as **Urban Strategies, Inc.**

ARTICLE II
NATURE AND PURPOSE

The Corporation shall be a nonprofit corporation and is not empowered to engage directly or indirectly in any activity, including distribution of its assets upon dissolution, that would invalidate its status as an organization exempt from federal income taxation under section 501(a) of the Internal Revenue Code of 1954, as amended (hereinafter referred to as the "Code"), nor engage in any activity not permitted under Section 501(c)(3) of the Code. All references to the Code contained herein are deemed to include corresponding provisions of any future United States Internal Revenue Law.

The Corporation is organized to consult with and advise various groups, organizations, individuals and governmental bodies concerning the development, management, design and operation of housing of all types and related facilities for persons of low and moderate incomes; to plan, develop, supervise, manage and operate housing of all types and related facilities for persons of low and moderate incomes; to plan and carry out programs and projects furthering the welfare of persons of low and

moderate income; and to participate in research, educational, and civic endeavors to promote the welfare of persons of low and moderate income.

The Corporation is further organized for charitable, scientific, literary and educational purposes, including, for such purposes, the receiving of gifts and contributions and the making of distributions thereof for purposes and activities that qualify as exempt under section 501(c)(3) of the Code; to buy, sell, own, assign, lease and mortgage any real and personal property, wherever located, and to construct, maintain, own and operate improvements thereon, necessary or incident to the accomplishment of the charitable purposes of the Corporation, as set forth herein.

Alone or in cooperation with other persons or organizations to do any and all lawful acts and things which may be necessary, useful, suitable, or proper for the furtherance, accomplishment, or attainment of any or all of the purposes or powers of the Corporation.

In general, to do any and all acts or things and to exercise any and all powers which may now or hereafter be lawful for the Corporation to do or to exercise under and pursuant to the Missouri Nonprofit Corporation Act, for the purpose of accomplishing any of the purposes of the corporation.

ARTICLE III
OFFICES

The principal office of the Corporation in the State of Missouri shall be located at 1415 Olive Street, Suite 209, St. Louis, Missouri 63103. The Corporation may have such other offices, either within or without the State of Missouri, as the needs of the Corporation may require from time to time.

The registered office of the Corporation required by the Missouri Nonprofit Corporation Act to be maintained in the State of Missouri may be, but need not be, identical with the principal office in the State of Missouri, and the address of the registered office may be changed from time to time by the Board of Directors.

ARTICLE IV
BOARD OF DIRECTORS

Section 1. General Powers. The business and affairs of the Corporation shall be managed by the Corporation's Board of Directors. The Corporation's Board of Directors shall be self-perpetuating. The Corporation shall have no Members.

Section 2. Number of Directors & Vice President. The Board of Directors shall consist of at least three (3) persons. The current Board of Directors shall consist of five (5) persons. The number of Directors may be increased or decreased from time to time by amendment to the Bylaws; provided however, that such number may not be less than three (3).

Section 3. Election, Term of Office, Number of Terms. The Directors shall serve a one year term. At each Annual Meeting of the Directors of the Corporation, a Director shall be elected to replace the Director whose term of office then expires. The term of office of such Director shall commence on the day of his or her election and shall end on the day of the Annual Meeting of the Directors in the year in which such Director's respective term of office expires. Directors need not be residents of Missouri.

Section 4. Vacancy. In the event that a Director shall die, resign, be disqualified, be removed from office or shall otherwise fail to complete the term for which such Director shall have been elected, the remaining Directors shall elect a successor to such Director, who shall serve for the unexpired term of his predecessor in office and until his successor shall have been elected and qualified.

Section 5. Removal and Resignation. A Director may be removed by the vote of a majority of the other Directors then in office for any violation of the duties of such Director set out in these Bylaws or in the Articles of Incorporation of the Corporation or in the statutes of the State of Missouri. A Director shall only be removed at a Meeting held upon notice given in accordance with these Bylaws. Such notice shall specify that a resolution to remove such Director, identifying him or her by name, and be submitted to a vote of the Directors at such Meeting. Any Director may resign at any time by giving written notice to the Board of Directors.

Section 6. Meetings of the Board of Directors.

A. Annual Meetings. The Annual Meeting of the Board of Directors shall be held on the first Thursday of June of each year, for the purpose of electing Officers and Directors and for the transaction of such other business as may come before the meeting.

B. Special Meetings. Special meetings of the Board of Directors may be called by with three (3) days' notice by or at the request of the President or any two Directors, and the call shall specify the time and place of such meeting.

C. Location of Meetings. All Meetings of the Board of Directors shall be held in the City or County of St. Louis, or at such other locations as may be determined by the Board of Directors.

D. Notice of Meetings. Notices of meetings of the Board of Directors shall be in writing, shall state the time, date and place of such Meeting. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the Board of Directors need be specified in the notice or waiver of notice of such meeting, except in the case of an amendment of the Articles of Incorporation or Bylaws or the removal of a Director, in which case the purpose of the meeting shall be stated and a copy of the proposed amendment provided with the notice of the meeting. Notices of Meetings shall be delivered to each Director by one of the following methods: by personal delivery; by commercial courier or delivery service regularly engaged in business in the Metropolitan St. Louis, Missouri area; by telecopier (fax) transmission, or other wire or wireless communication. All notices of meetings of the Directors shall be sent not less than (10) nor more than sixty (60) days prior to the date of such Meeting; provided, however, that notices of Special Meetings of the Directors may be held upon three (3) days notice, if notice of such Meeting is sent by a commercial courier or delivery service or by telecopier (fax) transmission, or by other form of wire or wireless communication, meeting the criteria described in this sub-Section E.

E. Consent to Meeting; Waiver of Notice; All meetings at which all Directors are present and sign a written consent thereto, whether or not previous notice has been given, shall constitute a meeting of the Directors. Any Director may from time to time waive in writing any notice required to be given by law or by these Bylaws. The presence of any Director at a duly called meeting shall be deemed to be the attendance of such Director at said Meeting unless such Director appears and, prior to the transaction of any business at such meeting, specifically protests such Director's lack of proper notice.

F. Quorum. The presence a majority of the Directors then in office shall be necessary to constitute a quorum of Directors. In the absence of a quorum, any meeting may be adjourned, from time to time, by the Directors present at such meeting, but no other business may be transacted. The attendance of a Director in a meeting by conference telephone or by similar communications equipment, whereby all persons participating in such meeting can hear each other, shall constitute the attendance of such Director at such meeting.

G. Voting. At all Meetings of Directors, each Director present at such meeting shall be entitled to one (1) vote upon any proposition submitted to a vote of the Directors.

H. Absences. Three (3) successive unexcused absences of a Director from meetings of the Board of Directors may be treated by the Board as equivalent to the resignation of such Director from the Board of Directors.

I. Consents in Lieu of Meetings. Any action which is required to be or which may be taken at a meeting of the Directors, or of any committee of the Directors, may be taken without a meeting if consents in writing, setting forth the action so taken, are signed by all of the members of the Board or of the committee, as the case may be. Such consents shall have the same force and effect as a unanimous vote at a meeting duly held, and may be certified as such. The Secretary shall file the consents with the minutes of the meetings of the Board of Directors or of the committee, as the case may be. Any written signature required under this Section may be satisfied by facsimile signature, or other digital or electronic signature, that satisfies any federal or state statutory requirement for same, whether relating to Section 355, R.S.Mo. or otherwise.

ARTICLE V
OFFICERS OF THE CORPORATION

Section 1. Designation and Election of Officers. At the Annual Meeting of the Board of Directors each year, the Directors shall elect a Chairman of the Board, President, one or more Vice Presidents, Secretary, and Treasurer. The Board may also appoint such other officers as the Directors determine to be necessary. A person may be elected to simultaneously serve in more than one office of the Corporation, except that the President may not also be the Secretary. In case any such office shall become vacant, such office may be filled by the Board of Directors at any time. Officers need not be Directors nor residents of the State of Missouri.

Section 2. Term of Office. Unless the Board of Directors approves unanimously, the officers shall hold office, at the pleasure of the Board of Directors, for a period of one (1) year commencing on the date of their election. A person elected to fill a vacancy among the officers of the Corporation shall serve for the remainder of the unexpired term of his predecessor in office.

Section 3. Duties of Officers of the Corporation.

A. Chairman of the Board. The Chairman of the Board shall preside at all meetings of the Board of Directors and organize the agenda for meetings of the Board of Directors. The Chairman of the Board shall perform such other duties as generally pertain to the office.

B. President. The President shall generally supervise all of the business and affairs of the Corporation. The President shall perform such duties as may be delegated to him or to her by the Board. The President shall have the power to create committees to conduct the affairs of the Corporation.

C. Vice President. The Vice President shall generally supervise all of the business and affairs of the Corporation. The Vice President shall perform such duties as may be delegated to him or to her by the President or the Board.

D. Secretary. The Secretary shall keep, or cause to be kept, a record of the proceedings at all meetings of the Board of Directors and shall issue notices of all meetings and shall keep a roll of the attendance of the Directors at all meetings of the Board of Directors. The Secretary shall also attend to all official correspondence of the Corporation.

E. Treasurer. The Treasurer shall coordinate all financial affairs of the Corporation and shall safely keep, or cause to be kept, all monies of the Corporation. At each Annual Meeting of the Board of Directors, the Treasurer shall submit a comprehensive financial statement of the Corporation for the fiscal year last past. The Treasurer shall also report on the financial condition of the Corporation at each Regular Meeting of the Board, and when so directed by the President, the Treasurer shall make a similar report at any Special Meeting of the Board. Upon the expiration of his or her term of office, the Treasurer shall deliver all papers, books, monies, records, securities and other property of the Corporation in his possession to his or her successor or to such other person and the Board of Directors may designate.

F. Assistant Secretaries and Assistant Treasurers. The Assistant Secretaries and Assistant Treasurers, if any, need not be members of the Board of Directors and shall have such duties as may be specified by the Board of Directors.

Section 4. Removal and Resignation. Any officer may be removed with or without cause at any Regular Meeting of the Board of Directors or at any special meeting of the Board of Directors called by any two (2) Directors for such purpose by a vote of the majority of the Board of Directors; provided that each Director shall have been given written notice, in accordance with these Bylaws, in advance of any such meeting, that a resolution to remove such officer, identifying him or her by name and title, shall be submitted to the Directors at such meeting. Any officer may resign at any time by giving written notice to the Board of Directors, the Vice President of the Board or the Secretary. Any such resignation shall take effect at the time specified therein; and, unless otherwise specified therein, the acceptance of a resignation shall not be necessary to make it effective.

ARTICLE VI
GENERAL PROVISION

Section 1. Contracts, etc., How Executed. Except as otherwise provided or restricted, the Board of Directors may authorize any officer or officers, agent or agents to enter into any contract or execute and deliver any instrument in the name of and on behalf of the Corporation, and such authority may be general or confined to specific instances; and, unless so authorized, no officer, agent or employee shall have any power or authority to bind the Corporation by any contract or engagement or to pledge its credit or to render it liable pecuniarily for any purpose or in any amount.

Section 2. Loans. No loans shall be contracted on behalf of the Corporation and no negotiable paper shall be issued in its name, unless and except as authorized by the Board of Directors in accordance with the provisions of these Bylaws and subsequent Resolutions. When so authorized by the Board of Directors, any officer or agent of the Corporation may effect loans and advances at any time for the Corporation from any bank, trust company, or other institution, or from any firm, corporation or individual, and for such loans and advances may make, execute and deliver promissory notes, bonds or other evidences of indebtedness of the Corporation, and when authorized as aforesaid, as security for the payment of any and all loans, advances, indebtedness and liabilities of the Corporation, may pledge,

hypothecate or transfer any and all stocks, securities and other personal property at any time held by the Corporation, and to that end endorse, assign and deliver the same in accordance with the Consents and Resolutions of the Corporation.

Section 3. Deposits. All funds of the Corporation shall be deposited from time to time to the credit of the Corporation only with such banks, bankers, trust companies or other depositaries as the Board of Directors may select or as may be selected by any officer or officers, agent or agents of the Corporation.

Section 4. Checks, Drafts, etc. All checks, drafts or other orders for the payment of money, notes, acceptances or other evidences of indebtedness and endorsements for deposit to the credit of the Corporation in any of its duly authorized depositories may be made without countersignature, by the President, Vice President, Treasurer, or by any other officer or agent of the Corporation, to whom the Board of Directors, by resolution, shall have delegated such power, or by hand-stamped impression in the name of the Corporation.

Section 5. General and Special Bank Accounts. The Board of Directors from time to time may authorize the opening and keeping of general and special bank accounts with such banks, trust companies or other depositories as the Board of Directors may select and may make such rules and regulations with respect thereto, not inconsistent with the provisions of these Bylaws, as they may deem expedient.

ARTICLE VII
INDEMNIFICATION

Section 1. Mandatory Indemnification. The Corporation shall indemnify any Director who was wholly successful, on the merits or otherwise, in the defense of any proceeding to which the Director was a party because he or she is or was a Director of the Corporation against reasonable expenses actually incurred by the Director in connection with the proceeding.

Section 2. Permissive Indemnification.

A. The Corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit, or proceeding, whether civil, criminal, administrative or investigative, other than an action by or in the right of the Corporation, by reason of the fact that he or she is or was a Director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation, or is or was serving at the request of the Corporation as a Director, officer, employee or agent of another Corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by him or her in connection with such action, suit, or process if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. The termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his or her conduct was unlawful.

B. The Corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Corporation to procure a judgment in its favor by reason of the fact that he or she is or was a Director, officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a Director, officer, employee or agent of another Corporation, partnership, joint venture, trust or other enterprise against expenses, including attorneys' fees, and amounts paid in settlement actually and reasonably incurred by him or her in connection with the defense or settlement of the action or suit if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Corporation; except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of his or her duty to the Corporation unless and only to the extent that the court in which the action or suit was brought determines upon application that, despite the adjudication of liability and in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnification for such expenses which the court shall deem proper.

C. To the extent that a Director, officer, employee or agent of the Corporation has been successful on the merits or otherwise in defense of any action, suit, or proceeding referred to in subsections (A) and (B) of this section, or in defense of any claim, issue or matter therein, he or she shall be indemnified against expenses, including attorneys' fees, actually and reasonably incurred by him or her in connection with the action, suit, or proceeding.

D. Any indemnification under subsections (A) and (B) of this section, unless ordered by a court, shall be made by the Corporation only as authorized in the specific case upon a determination that indemnification of the Director, officer, employee or agent is proper in the circumstances because he or she has met the applicable standard of conduct set forth in this section. The determination shall be made by the Board of Directors by a majority vote of a quorum consisting of Directors who were not parties to the action, suit, or proceeding, or if such a quorum is not obtainable, or even if obtainable a quorum of disinterested Directors so directs, by independent legal counsel in a written opinion.

E. Expenses incurred in defending a civil or criminal action, suit or proceeding may be paid by the Corporation in advance of the final disposition of the action, suit, or proceeding as authorized by the Board of Directors in the specific case upon receipt of an undertaking by or on behalf of the Director, officer, employee or agent to repay such amount unless it shall ultimately be determined that he or she is entitled to be indemnified by the Corporation as authorized in this section.

F. The indemnification provided by this section shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under Section 537.117, Mo. Rev. Stat. 1986, any other provision of law, the Articles of Incorporation of the Corporation or these Bylaws or any agreement, vote of disinterested Directors or otherwise, both as to action in his or her official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a Director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

G. The Corporation shall have the power to give any further indemnity, in addition to the indemnity authorized or contemplated under other subsections of this section, including subsection (F), to any person who is or was a Director, officer, employee or agent, or to any person who is or was serving at the request of the Corporation as a Director, officer, employee or agent of any other Corporation, partnership, joint venture, trust or other enterprise, provided such

further indemnity is either (i) authorized, directed, or provided for in the Articles of Incorporation of the Corporation or any duly adopted amendment thereof or (ii) is authorized, directed, or provided for in these Bylaw or agreement of the Corporation which has been adopted by a vote of the Board of Directors of the Corporation, and provided further that no such indemnity shall indemnify any person from or on account of such person's conduct which was finally adjudged to have been knowingly fraudulent, deliberately dishonest or willful misconduct.

H. For the purpose of this section, references to "the Corporation" include all constituent corporations absorbed in a consolidation or merger as well as the resulting or surviving corporation so that any person who is or was a Director, officer, employee or agent of such a constituent corporation or is or was serving at the request of such constituent corporation as a Director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise shall stand in the same position under the provisions of this section with respect to the resulting or surviving corporation as he or she would if he or she had served the resulting or surviving corporation in the same capacity.

I. For purposes of this section, the term "other enterprise" shall include employee benefit plans; the term "fines" shall include any excise taxes assessed on a person with respect to an employee benefit plan; and the term "serving at the request of the Corporation" shall include any service as a Director, officer, employee or agent of the Corporation which imposes duties on, or involves services by, such Director, officer, employee, or agent with respect to an employee benefit plan, its participants, or beneficiaries; and a person who acted in good faith and in a manner he or she reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit
plan shall be deemed to have acted in a manner "not opposed to the best interests of the Corporation" as referred to in this section.

Section 3. Insurance. The Corporation may purchase and maintain insurance on behalf of an individual who is or was a Director, officer, employee, or agent of the Corporation, or who, while a Director, officer, employee, or agent of the Corporation, is or was serving at the request of the Corporation as a Director, officer, partner, trustee, employee, or agent of another foreign or domestic business or nonprofit Corporation, partnership, joint venture, trust, employee benefit plan, or other enterprise, against liability asserted against or incurred by him or her in that capacity or arising from his or her status as a Director, officer, employee, or agent, whether or not the Corporation would have power to indemnify the person against the same liability under section (1) or (2) above.

ARTICLE VIII
CONFLICT OF INTEREST

No contract or transaction between the Corporation and one or more of its Directors or officers, or between the Corporation and any other corporation, partnerships, association, or organization in which one or more of its Directors or officers are directors or officers, or have a financial interest, shall be void or voidable solely for that reason, or solely because the Director or officer is present at or participates in the meeting of the Board or committee thereof which authorizes the contract or transaction, or solely because his or her or their votes are counted for such purposes, if the material facts as to his or her relationship or interest and as to the contract or transaction are disclosed or are known to the Board of Directors or the committee, and the Board or committee in good faith, taking into account the fairness of contract or transaction, authorizes the contract or transaction by the affirmative votes of a majority of the disinterested directors present.

ARTICLE IX
AMENDMENTS

Section 1. Method of Amendment. These Bylaws may be amended or may be repealed and new Bylaws adopted only upon the affirmative vote of the Directors then in office; notice of any meeting of the Directors at which any one or more amendments, deletions, additions or other changes to these Bylaws is to be proposed, together with a copy of each and every such proposed amendment, deletion, addition or other change, shall be sent to each Director not less than ten (10) days prior to the date of the meeting at which any and each such amendment, deletion, addition or change proposed will be submitted to the Director for approval or rejection.

Section 2. Effective Date of Amendment. Amendments of the Bylaws shall become effective upon adoption or at such time as prescribed in the resolution adopting the Amendment.

Section 3. Inconsistency with Articles of Incorporation Prohibited. These Bylaws, or any amendments hereto, may not be inconsistent with the provisions of Articles of Incorporation.

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Code because you are an organization of the type described in section 509(a)(2).

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(2) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(2) organization.

You are required to make your annual information return, Form 990 or Form 990-EZ, available for public inspection for three years after the later of the due date of the return or the date the return is filed. You are also required to make available for public inspection your exemption application, any supporting documents, and your exemption letter. Copies of these documents are also required to be provided to any individual upon written or in person request without charge other than reasonable fees for copying and postage. You may fulfill this requirement by placing these documents on the Internet. Penalties may be imposed for failure to comply with these requirements. Additional information is available in Publication 557, Tax-Exempt Status for Your Organization, or you may call our toll free number shown above.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Letter 1050 (DO/CG)

URBAN STRATEGIES INC

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

Steven T. Miller

PART X, LINE 2:

THE ORGANIZATION IS EXEMPT FROM FEDERAL INCOME TAXES UNDER SECTION 501(C)(3) OF THE INTERNAL REVENUE CODE AND APPLICABLE STATE LAW. THE RETURNS OF THE ORGANIZATION FOR 2020 (WHEN FILED), 2019, 2018, AND 2017 ARE SUBJECT TO EXAMINATION BY THE RESPECTIVE TAXING AUTHORITIES GENERALLY FOR THREE YEARS AFTER THEY WERE FILED.

THE ORGANIZATION FOLLOWS "FASB ASC 740-10, INCOME TAXES OVERALL". THE ORGANIZATION HAS ASSESSED ITS FEDERAL AND STATE TAX POSITIONS AND DETERMINED THAT IT IS SUBJECT TO INCOME TAX ON NET INCOME THAT IS DERIVED FROM BUSINESS ACTIVITIES THAT ARE UNRELATED TO ITS TAX-EXEMPT PURPOSES. THE ORGANIZATION FILES AN EXEMPT ORGANIZATION BUSINESS INCOME TAX RETURN

Part XIII Supplemental Information *(continued)*

(FORM 990-T) WITH THE INTERNAL REVENUE SERVICE (IRS) TO REPORT ITS UNRELATED BUSINESS TAXABLE INCOME, WHEN APPLICABLE. THERE WAS NO UNRELATED BUSINESS INCOME FOR THE YEAR ENDED DECEMBER 31, 2020.

MANAGEMENT BELIEVES THAT THE ORGANIZATION HAS APPROPRIATE SUPPORT FOR ANY TAX POSITIONS TAKEN AFFECTING ITS ANNUAL FILING REQUIREMENTS, AND AS SUCH, DOES NOT HAVE ANY UNCERTAIN TAX POSITIONS THAT ARE MATERIAL TO THE FINANCIAL STATEMENTS. THE ORGANIZATION WOULD RECOGNIZE FUTURE ACCRUED INTEREST AND PENALTIES RELATED TO UNRECOGNIZED TAX BENEFITS AND LIABILITIES IN INCOME TAX EXPENSE IF SUCH INTEREST AND PENALTIES ARE INCURRED.

Part V Declaration of Electronic Return Originator (ERO) and Paid Preparer.

I declare that I have reviewed the above exempt organization's return and that the entries on form FTB 8453-EO are complete and correct to the best of my knowledge. (If I am only an intermediate service provider, I understand that I am not responsible for reviewing the exempt organization's return. I declare, however, that form FTB 8453-EO accurately reflects the data on the return.) I have obtained the organization officer's signature on form FTB 8453-EO before transmitting this return to the FTB; I have provided the organization officer with a copy of all forms and information that I will file with the FTB, and I have followed all other requirements described in FTB Pub. 1345, 2021 Handbook for Authorized e-file Providers. I will keep form FTB 8453-EO on file for **four** years from the due date of the return or **four** years from the date the exempt organization return is filed, whichever is later, and I will make a copy available to the FTB upon request. If I am also the paid preparer, under penalties of perjury, I declare that I have examined the above exempt organization's return and accompanying schedules and statements, and to the best of my knowledge and belief, they are true, correct, and complete. I make this declaration based on all information of which I have knowledge.

USI | URBAN STRATEGIES, INC.
Families at the Center of Results

All children and families will be STABLE and THRIVING.

WHO WE ARE

USI is a national nonprofit with extensive experience in the design and implementation of place-based human capital development strategies in communities that are undergoing comprehensive physical revitalization. We work with Public Housing Authorities, city government officials, institutions, foundations, developers, property managers, community members and other stakeholders to build comprehensive plans around neighborhood conditions and human service needs.

Founded in 1978, USI is a leader in the field of community development, supporting more than 30,000 economically stressed families, approximately 100,000 individuals, in 53 communities in 28 major metropolitan areas. USI supports communities, develop economic opportunities, cradle-to-college/career success, access to high quality health services, and a range of comprehensives human service supports while concurrently working with developers to create new physical facilities and amenities that complement human service systems and improve the capacity of existing community systems.

Our work is most generally focused in distressed urban core residential communities that are undergoing, or slated to undergo, physical revitalization. We work thoughtfully with community services to develop a network of support. With over 40 years of experience, our major accomplishments include:

- Comprehensive Human Capital planning and implementation in 24 major cities (including two territories)
- Over $400 million in federal Choice Neighborhood Initiative funds
- Over $3 billion leveraged in public and private sources for innovative support service programs and initiatives
- Lead implementation partner for people support services in 19 Choice Neighborhoods Planning and coordination of Community
- Support Services in 12 HOPE VI communities
- Partnering with schools in 17 major cities supporting cradle to college/career pipelines
- Selected as an Annie E. Casey Results Count Hub, a Consumer Financial Protection Bureau "Your Money, Your Goals" cohort fellow, members of our Senior Leadership selected for the Center for Community Investment at the Lincoln Institute of Land Policy, The Bridges Collaborative by The Century Foundation, and ProInspire
- Approved as a Community Development Financial Institution (CDFI) in 2020
- Awarded a Promise Neighborhood grant to strengthen equitable education outcomes in St. Louis, MO.

WHAT WE DO

USI works within economically stressed urban neighborhoods that are slated for physical revitalization to plan for human capital development, socioeconomic development and building of social capital. We team our efforts to ensure that physical revitalization plans meet the vision and expectations of neighborhood residents and community stakeholders as identified during the community engagement and redevelopment planning processes.

USI connects families to a wide array of sustainable supports including financial education, counseling and coaching on financial topics such as debt reduction, correcting and managing credit scores, budgeting and accessing affordable credit products. Our being named a "Your Money, Your Goals" cohort fellow furthers our ability to support our families in discovering and reaching their financial literacy goals, and our designation as a CDFI will support our economic mobility strategies for liberation.

McCormack Baron Salazar

Statement of Qualifications

Specialized Experience

During the past 50 years, McCormack Baron Salazar has closed 239 projects with development costs in excess of $5.6 billion. We have developed more than 26,000 homes and 1.6 million square feet of retail and commercial space–all invested to transform places into communities that positively impact local residents and businesses.

As a nationally-acclaimed firm, with developments in 54 cities and 27 states and territories, we specialize in the revitalization of urban neighborhoods with multi-block, mixed-income projects that produce attractive, urban neighborhoods that evolve from extensive community planning exercises.

Our comprehensive approach has made us a pioneer in the U.S. Department of Housing and Urban Development's efforts to transform public housing sites and neighborhoods. We were instrumental in the earliest HOPE VI efforts, including the first pre-HOPE VI demonstration development, and are now a leader in the Choice Neighborhoods Initiative.

Under these programs (and others like it), McCormack Baron Salazar has closed 120 phases of public housing transformation in 47 communities involving over $3.6 billion in total redevelopment costs and resulting in 14,549 homes. We are the housing developer in 15 Choice Neighborhood Implementation efforts with Choice grants totaling more than $494 million.

The McCormack Baron Salazar Difference

We believe in going beyond brick and mortar to embrace the soul of the community. We believe in developing people along with place. We are committed to the future of urban America.

The hallmark of McCormack Baron Salazar developments is its holistic approach to development that includes thoughtful planning and design to address not only funding and physical structures, but important initiatives that work to re-knit the fabric of distressed urban districts.

Our development process centers on community engagement. Before one shovel is put into the ground, we have spent time listening and actively engaging with clients, cities, housing authorities, residents, and stakeholders – understanding their needs, discovering the neighborhood's strengths, learning about the historical and cultural significance of each place, and creating working partnerships with all stakeholders, founded on mutual trust and open communication.

We partner with non-profits and other community resources to strengthen neighborhood social structures, create connections to jobs and educational opportunities, and empower residents to lead healthy, prosperous lives in thriving, self-sustaining communities.

McCormack Baron Salazar believes in long-term engagement. We maintain our commitment to residents by managing our properties to the highest standards, reinvesting, and looking for additional opportunities to help residents thrive.

Since 1973, McCormack Baron Salazar has prioritized the well-being of residents as equally as the revitalization of urban-core communities through thoughtful development. We believe that the key to effective development is in the development of the relationship between residents, neighbors, local businesses, and government entities, alike. We strive for excellence–and we seek balance–from the ground up.

McCormack Baron Salazar

Statement of Qualifications *(continued)*

Unique Approach

Our thoughtful approach to development becomes a social and economic driver for the communities we serve. We believe this approach provides the financial, physical, and social resilience needed to ensure sustainable success.

Financial Resilience

McCormack Baron Salazar developments are characterized by a blend of financing sources: public, private, and philanthropic–using federal, state, and local programs, tax-credit equity, foundation and pension loans and grants, and conventional private debt and equity. Developments include market-rate units to allow for financial stability, while also providing low-income housing without concentrating poverty.

While low-income tax credits enable us to build the buildings, utilizing New Markets Tax Credits enables us to implement essential programs and initiatives that support the overall success of residents and the community. These include workforce development assistance, healthcare and wellness programs, and education initiatives. We work to improve neighborhood assets like schools, community retail and services, commercial office space, healthcare services, street and sidewalk improvements, recreational investments and open park space.

The McCormack Baron approach to diverse funding is an economically stable platform for housing, enabling us to better maneuver economic or public funding fluctuations and one that ultimately encourages further investments.

Physical Resilience

We design and construct to a market-rate standard using contextual architecture, modern amenities, and sustainable features to create developments that enhance the surrounding communities and catalyze future investments. Designs are informed by New Urbanist, Smart Growth, and healthy-living principals.

In the McCormack Baron Salazar portfolio, we are proud to have created 65 green-certified communities that feature solar hot water, solar energy use, and water reuse features. Our sustainable construction practices reduce utility costs, improve efficiencies, and improve the overall health of community.

Sustainability also extends to the physical resiliency of the structure itself. At McCormack Baron Salazar, we produce intentionally designed structures that are able to respond to extreme climate shifts and natural disasters, such as floods, hurricanes, and tornados.

Social Resilience

It is our belief that the collective strength of the community comes not from buildings alone, but from the potential of each individual living there. Providing opportunities and resources to support individuals in their own success encourages upward mobility and economic development, which ultimately ensures that the entire community thrives.

At McCormack Baron Salazar, we are proud to partner closely with nonprofits and other community organizations to enhance neighborhood social structures, create connections to jobs and educational opportunities, and empower residents to lead healthy, prosperous lives in thriving, self-sustaining communities.

The end result is a happy, safe, and thriving community, filled with individuals who take pride in their neighborhood.

That is the McCormack Baron Salazar difference.

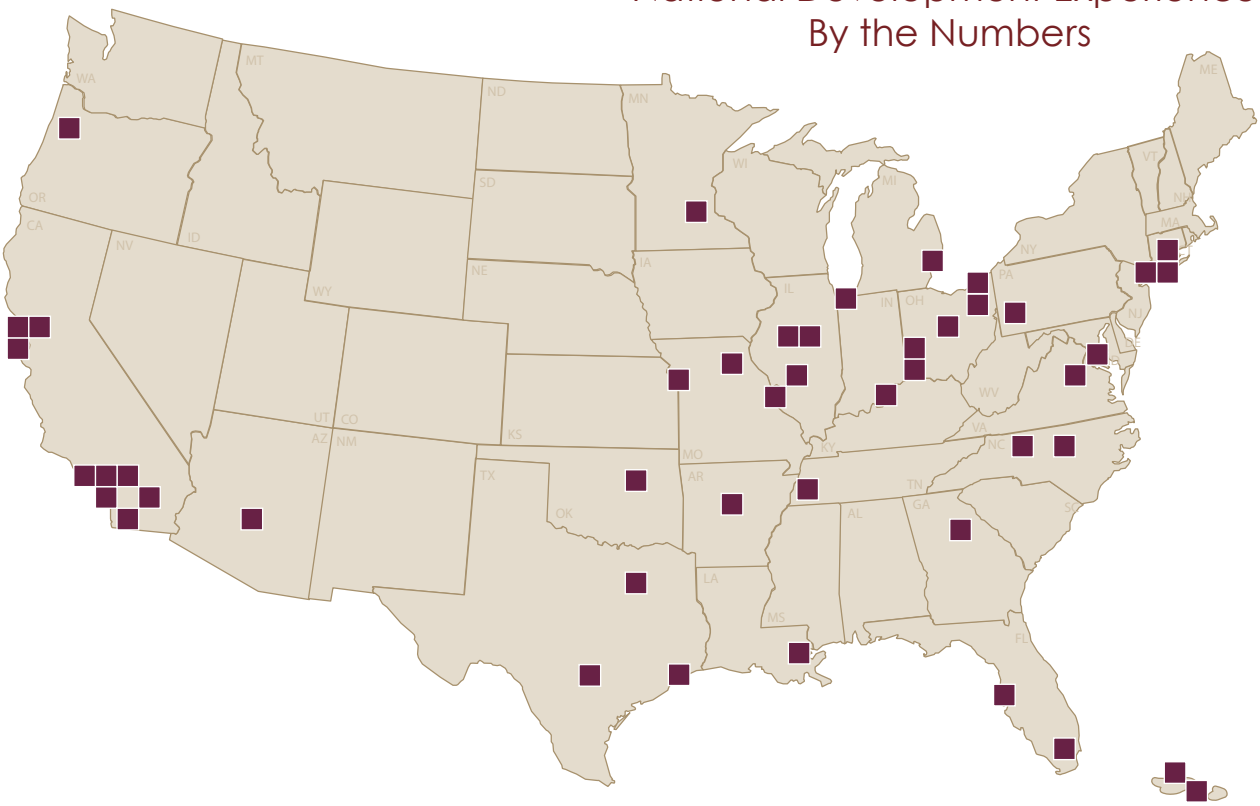
Inspired by Legacy

Since the beginning of his career, our founder, Richard Baron, was motivated to change the disparities in housing equality and opportunity available to impoverished families. As a lawyer and an activist, he advocated to create a more responsive public housing bureaucracy and persuaded agencies to empower to manage public housing developments. He and his associate, Terry McCormack, had a vision to build quality housing options in low-income communities that embraced these values. In 1973, they formed McCormack Baron (now McCormack Baron Salazar).



Their vision of creating thriving communities that contribute to local economies and empower residents is alive and well today.

Stewart Avenue Complete Streets Project

IMPROVING SAFETY, EQUITY, AND ACCESS FROM 6TH STREET TO NELLIS BOULEVARD

PROJECT BACKGROUND

The City of Las Vegas was awarded a $23.9 million federal grant to reconstruct Stewart Avenue and develop a more safe, comfortable, and attractive corridor for our community. Through the grant, we will deliver a corridor that provides wider sidewalks, a two-way bikeway separated from moving vehicles, lower speed limits, community banners and lighting, addition of landscaping and street trees, bus stop improvements, and intersection technology enhancements.

Because we are using federal funds, we must adhere to the National Environmental Policy Act (NEPA) that requires completing an environmental study to identify and evaluate potential social and environmental effects of a project. During this process, we will seek your input about how to best meet the needs of the community. Your participation is critical to designing and building a successful corridor.

This project will also include Clark County Regional Flood Control District storm drain facilities along Stewart Avenue from Eastern Avenue to the Las Vegas Wash.

Stewart Avenue Complete Streets illustration for the segment between Eastern Avenue and Nellis Boulevard presented in the grant; this concept may evolve through current study with community input.

PROJECT GOALS

- Improve safety for vulnerable roadway users
- Encourage walking, biking, and transit ridership
- Increase affordable and accessible transportation choices
- Provide shade to increase comfort for a more enjoyable pedestrian and bicycling experience
- Encourage corridor reinvestment and economic opportunities
- Improve corridor-wide drainage/ flood control improvements

PROJECT AREA

Proyecto de Mejoras Viales en Stewart Avenue

MEJORANDO LA SEGURIDAD, LA EQUIDAD Y EL ACCESO DESDE 6TH STREET HASTA NELLIS BOULEVARD

INFORMACIÓN DEL PROYECTO

La ciudad de Las Vegas recibió una subvención federal de $23.9 millones para reconstruir Stewart Avenue y desarrollar un corredor más seguro, cómodo y atractivo para nuestra comunidad. Usando la subvención, diseñaremos un corredor que proporcione aceras más amplias, un carril bidireccional para bicicletas separado de los vehículos en movimiento, límites de velocidad más bajos, pancartas comunitarias e iluminación, adición de jardines y árboles en áreas públicas, mejoras en las paradas de autobús y mejoras en la tecnología de intersección.

Debido a que estamos utilizando fondos federales, tenemos que adherirnos a la Ley Nacional de Política Ambiental (NEPA, por sus siglas en inglés) que requiere completar un estudio ambiental para identificar y evaluar los posibles efectos sociales y ambientales de un proyecto. Durante este proceso, buscaremos su opinión sobre cómo mejor satisfacer las necesidades de la comunidad. Su participación es fundamental para diseñar y construir un corredor exitoso.

Este proyecto también incluirá instalaciones de drenaje pluvial del Distrito de Control de Inundaciones Regional a lo largo de Stewart Avenue desde Eastern Avenue hasta Las Vegas Wash.

La ilustración de la Stewart Avenue como calle completa presentada en la subvención para la parte entre Eastern Avenue y Nellis Boulevard; este concepto podría evolucionar a través del estudio actual con la aportación de la comunidad.

OBJETIVOS DEL PROYECTO

- Mejorar la seguridad de los usuarios vulnerables de la carretera
- Fomentar la caminata, el ciclismo y el uso del transporte público
- Incrementar las opciones de transporte accesibles y asequibles
- Proporcionar sombra para aumentar la comodidad y disfrute de la experiencia peatonal y ciclista
- Promover la reinversión en el corredor y las oportunidades económicas
- Mejorar los sistemas de drenaje y control de inundaciones en todo el corredor

Relates to Agenda Item 11

To: Board of Directors of the Nevada State Infrastructure Bank
From: Erik Jimenez, Secretary to the Board of Directors
Date: November 14, 2024
Re: Agenda Item 11 - Staff Report

Pursuant to the Regulation LCB File No. R017-22, which governs the Nevada State Infrastructure Bank ("Bank"), staff has prepared the following report on Economic Development Authority of Western Nevada's ("Applicant") request for a loan from the Bank for assistance for the TRI-GID Processed Water Extension Project in Reno, NV, along with a recommendation for the Board of Directors' consideration.

- **Applicant:** Economic Development Authority of Western Nevada
- **Project:** TRI-GID Processed Water Extinction
- **Lender:** Nevada State Infrastructure Bank
- **Amount Requested:** $15,500,000.00 from the State Infrastructure General Account
- **Term:** 11 years
- **Interest rate:** 3.20 %
- **Expected interest generated for the Bank:** $4,871,336.83

Project Overview: This proposed loan will be used by the Applicant in partnership with Redwood Materials, Inc. ("Project Guarantor") to construct the TRI-GID Processed Water Extension Project.

This Project will expand the Tahoe Reno Industrial Center treated effluent distribution infrastructure to better serve Comstock Meadows area. The Project will consist of one 1,500 square foot pump station, a 1.2-million-gallon storage tank, and three miles of 24-inch diameter transmission main piping.

This project is being required to be constructed by the Project Guarantor by the TRI General Improvement District (TRI-GID) and will transfer to the ownership of the TRI-GID once the project and is corresponding financing has been completed.

Financing Application Background: On July 9th, 2024, the Applicant submitted a financing application to the Bank requesting $15,500,000.00 for the Project.

As part of the financing application submitted to the Bank, the Applicant also included a number of exhibits related to the Project. A copy of the financing application and corresponding exhibits can be found in Exhibit D of this report.

General Requirements: Pursuant to the Bank's regulation, LCB File No. R017-22, for each application for a loan or other financial assistance that is submitted to the Bank, staff is required to:

1) *Review the application for completeness, including, without limitation, any attachments, or s;*
2) *Confirm that the governing body of the applicant has approved the application; and*
3) *Confirm that the applicant is a qualified borrower, and the project is an eligible project;*

The financing application submitted by the Applicant, pursuant to NRS 226.790, along with all corresponding documents submitted to the Bank by the Applicant can be found in Exhibit D.

After reviewing the financing application submitted by the Applicant, Bank staff has determined that the application is complete, and that the Applicant's governing board has approved its application. Additionally, pursuant to NRS 226.748, a qualified borrower that is eligible to receive a loan or other financial assistance from the Bank is defined as "a governmental unit, an Indian reservation or Indian colony or a private nonprofit entity created for charitable or educational purposes."

Staff has determined through its analysis that the Applicant is a qualified borrower, and the Project is an eligible project since it meets the definition of "Water and wastewater infrastructure" set forth in NRS 226.775.

Repayment Structure, Financing and Credit Analysis: In addition to the above General Requirements set forth in LCB File No. R017-22, Bank staff also undergoes the following steps when reviewing financing applications:

1) *Confirm that the proposed source of repayment is appropriate for the loan or other financial assistance from the Bank and that the applicant has the ability to repay the loan or other financial assistance from the proposed source of repayment;*
2) *Determine the impact of the loan or other financial assistance on the finances and operations of the applicant;*
3) *Determine whether the applicant has unmet capital needs that could be detrimentally affected by the loan or other financial assistance or that could detrimentally affect the ability of the applicant to repay the loan or other financial assistance;*
4) *Review the audited financial statements of the applicant for the immediately preceding 5 years or, if the applicant is a new entity with less than 5 years of financial statements, review the existing audited financial statements and a feasibility study for the eligible project provided by the applicant;*
5) *Conduct a financial analysis of the applicant's general credit, including, without limitation:*
    a) *An analysis of the financial statements of the applicant using criteria appropriate for an analysis of municipal credits or private credits, as applicable;*
    b) *A review of any official statements or prospectus used by the applicant in conjunction with the issuance of bonds;*
    c) *Conducting discussions with the financial advisor and underwriter of the applicant to assist in evaluating the applicant's financial condition;*
    d) *A review of reports of bond rating agencies, where applicable;*

e) *For applicants who are governmental units, a review of existing property tax rates and general obligation bonding capacity; (Not applicable)*
f) *An analysis of the existing indebtedness of the applicant, both secured and unsecured; and*
g) *An analysis of cash flow projections;*

6) *Examine population trends;*
7) *Examine assessed value trends;*
8) *Evaluate the relevant legal authority applicable to the applicant, including, without limitation, state law, federal tax law and local ordinances and resolutions;*
9) *Evaluate the extent to which the management of the applicant understands the obligations, terms and conditions of the loans and other financial assistance provided by the Bank; and*
10) *Determine the readiness of the management of the applicant to assume responsibility for the timely repayment of the loan or other financial assistance.*

Each of these items is addressed below:

1. ***Confirm that the proposed source of repayment is appropriate for the loan or other financial assistance from the Bank and that the applicant has the ability to repay the loan or other financial assistance from the proposed source of repayment.***

The applicant is proposing that loan repayments will be made through the Project Guarantor, which will make loan repayments through available cash as well as "later-comer agreements" that generate revenue to support the Project.

It should be noted that since this Project will service a wide area of the TRI Industrial Park, a number of private companies as well as the TRI-GID would stand to benefit from the construction of the Project. As defined in the financing agreement (Exhibit C), a late-comer agreement is defined as any agreement between either Borrower/Applicant or Project Guarantor on one hand and a third party on the other hand pursuant to which such third party reimburses Borrower or Project Guarantor, as applicable, for any portion of the costs for the Project.

Staff would note that this proposed loan would be structured in two disbursements. The first disbursement of $7,750,00 would occur after successful loan closing. Meanwhile, the second disbursement of $7,750,000 would occur after the first 40% of construction deliverables is completed on this Project.

Based on the repayment expectations, staff expects that Bank will generate $4,871,336.83 in interest over the course of this loan. The estimated debt service/amortization schedule for this proposed loan can be found in Exhibit B.

Based on this analysis, Staff feels comfortable that the Applicant's proposed revenue source repayment is appropriate for this proposed loan from the Bank. Additionally, Staff feels

comfortable that the Applicant has the ability to repay the loan based on the review of the Project, anticipated late-comer agreements, and a review of both the Applicant's and Project Guarantor's financial positions as of November 14, 2024.

2. ***Determine the impact of the loan or other financial assistance on the finances and operations of the applicant.***

As was previously mentioned, and as is outlined in both Exhibit A and Exhibit B, the Applicant intends repay this loan through the Project Guarantor, which will make loan repayments through available cash as well as "later-comer agreements" that generate revenue to support the Project.

Therefore, this loan would have an impact on the Applicant's and the Project Guarantor's overall finances over the course of the term of the loan. Based on the estimated debt service/amortization schedule the Applicant can have repayment obligations beginning in December. The anticipated amount of annual loan repayments from 2025-2035 is expressed below:

Year	Amount of Repayment
2025	$407,894.74
2026	$815,789.48
2027	$815,789.48
2028	$815,789.48
2029	$815,789.48
2030	$815,789.48
2031	$815,789.48
2032	$815,789.48
2033	$815,789.48
2034	$815,789.48
2035	$12,621,336.71

To securitize the proposed loan, prior to loan closing, the Applicant and Project Guarantor will provide Lender with collateral in the form of a Letter of Credit, Surety Bond or Escrow Account in an amount equivalent to one year of debt service (interest and amortization). This must be in amount no less than $815,789.48.

Additionally, the Applicant and Project Guarantor are pledging late-comer agreement proceeds from users of the Project. All late-comer proceeds will be applied against the outstanding principal of the loan. Pay-down will be due 30 days after receipt of funds from late-comer by the Borrower.

Additionally, the Applicant and the Project Guarantor will be permitted to elect to pre-pay or accelerate scheduled loan payments on both principal and interest without penalty or premium, which may reduce the anticipated interest that will be accrued by the Applicant.

An estimated debt service/amortization schedule of this proposed loan can be found in Exhibit B of this report. Assuming the Applicant makes draws on the loan in line with the amortization schedule, the Bank could expect to receive $$4,871,336.83 in interest payments over the life of this proposed loan.

3. ***Determine whether the applicant has unmet capital needs that could be detrimentally affected by the loan or other financial assistance or that could detrimentally affect the ability of the applicant to repay the loan or other financial assistance.***

As part of the Applicant's financing application, an annual operating budget was provided as well as audited financial statements for Fiscal Years 2019, 2020, 2021, 2022, and 2023. All of these documents were reviewed by Bank staff to determine what existing obligations might be able to affect the Applicant's ability to repay a loan from the Bank. Staff has also verified similar financial documents for the Project Guarantor over the same period.

Based upon this lack of outstanding financial obligations, Bank staff does not feel that the Applicant has any unmet capital needs that could be detrimentally affected by the loan or other financial assistance, or that could detrimentally affect the ability of the applicant to repay the loan or other financial assistance from the Bank.

4. ***Review the audited financial statements of the applicant for the immediately preceding 5 years or, if the applicant is a new entity with less than 5 years of financial statements, review the existing audited financial statements and a feasibility study for the eligible project provided by the applicant.***

Bank staff has reviewed the last five years of the Applicant's audited financial statements, which cover Fiscal Years 2019, 2020, 2021, 2022, and 2023. Staff would note that the Applicant adheres to a fiscal year spanning from July 1st – June 30th /31st.

From 2019 until 2021 independent financial audits were conducted by Pfrommer & McCune Ltd., which is a certified public accounting firm based in Reno, NV. The fiscal years 2022 and 2023 independent financial audits were done by Rafferty Oetjen CPAs Inc. Which was previously Pfrommer & McCune Ltd. Bank staff has also confirmed the accuracy and validity of these audited financial statements provided by the Applicant for Fiscal Years 2019-2023.

Based on the review of these audited financial statements, the Applicant has demonstrated a positive net financial position in each fiscal year since 2019. In each audited financial statement reviewed by staff, the Applicant's total assets have exceeded liabilities for each fiscal year.

Based on these factors contained within the Applicant's audited financial statements for Fiscal Years 2019-2023, Bank staff feels comfortable that the Applicant is in a stable financial condition to repay this proposed loan from the Bank.

5. ***Conduct a financial analysis of the applicant's general credit, including, without limitation:***

a. ***An analysis of the financial statements of the applicant using criteria appropriate for an analysis of municipal credits or private credits, as applicable;***

Based on the analysis discussed in the previous section, Bank staff feels comfortable with the audited financial statements that were provided by Applicant covering Fiscal Years 2019-2023.

b. ***A review of any official statements or prospectus used by the applicant in conjunction with the issuance of bonds;***

Staff has determined that this section is not applicable to this particular Project and Applicant.

c. ***Conducting discussions with the financial advisor and underwriter of the applicant to assist in evaluating the applicant's financial condition;***

Since the Applicant submitted its financing application on May 13, 2024, Bank staff has conducted numerous discussions with the Applicant, the applicant's financial advisor, the Project Guarantor's fiscal officer, the Applicant's counsel, and the Project Guarantor's counsel to assist in evaluating the Applicant's financial condition to undertake this proposed loan.

d. ***A review of reports of bond rating agencies, where applicable;***

Staff has determined that this section is not applicable to this particular Project and Applicant.

e. ***For applicants who are governmental units, a review of existing property tax rates and general obligation bonding capacity.***

Staff has determined that this section is not applicable to this particular Project and Applicant.

f. ***An analysis of the existing indebtedness of the applicant, both secured and unsecured; and***

In its financing application that was submitted to the Bank, the Applicant provided its audited financial statements for Fiscal Years 2019 – 2023 and a copy of its operating budget. As of November 12th, 2024, the Applicant did not have any outstanding material financial obligations that were payable within a 90-day period.

g. ***An analysis of cash flow projections.***

An estimated debt service/amortization schedule for the proposed loan for this Project can be found in Exhibit B of this report.

6. ***Examine population trends.***

Staff has determined that this section is not applicable to this particular Project and Applicant.

7. ***Examine assessed value trends.***

Staff has determined that this section is not applicable to this particular Project and Applicant.

8. ***Evaluate the relevant legal authority applicable to the applicant, including, without limitation, state law, federal tax law and local ordinances and resolutions.***

Pursuant to NRS 226.748, a qualified borrower that is eligible to receive a loan or other financial assistance from the Bank is defined as "a governmental unit, an Indian reservation or Indian colony or a private nonprofit entity created for charitable or educational purposes."

As expressed in the financing application submitted to the Bank, the Applicant is considered a non-profit organization established in 1983, committed to adding quality jobs to the region by recruiting new companies, supporting the success of existing companies, and assisting newly forming companies, to diversify the economy and have a positive impact on the quality of life in Greater Reno-Sparks. purposes. Being that the Applicant is indeed a qualified non-profit organization within the State of Nevada, Staff has determined that the Applicant meets the standard for a qualified borrower under as defined under NRS 226.748.

9. ***Evaluate the extent to which the management of the applicant understands the obligations, terms and conditions of the loans and other financial assistance provided by the Bank.***

Based on the financing application that was submitted to the Bank, discussions that Bank staff had with the Applicant during the application review process, and through recent negotiations on the proposed loan agreement outlined in Exhibit C, Bank staff feels that the Applicant thoroughly understands the terms and conditions of the proposed loan for the Project, along with all reporting requirements that will be imposed by the Bank.

10. ***Determine the readiness of the management of the applicant to assume responsibility for the timely repayment of the loan or other financial assistance.***

Based on the various sources of funding that are being leveraged to support this Project, the Applicant is coming to the Bank for $15,500,000.00 in financing to complete the Project. Based on the Applicant's overall financial position coupled with the discussions that have been undertaken during this review process, Bank staff has determined that the management of the

Applicant is ready to assume responsibility for the timely repayment of the Bank's loan over the 11-year period.

State Infrastructure Bank General Account Requirements: Pursuant to LCB File No. R017-22, the Board of Directors is authorized to approve a loan or other financial assistance from the Bank's General Account if:

1. *The loan or other financial assistance will be used solely to finance all or part of the eligible costs of an eligible project;*

2. *The eligible project is not eligible to receive a loan or other financial assistance from the Bank's Affordable Housing Revolving Account, and the Charter School Capital Needs Revolving Account, Federal Infrastructure Matching Account; and*

3. *The developer selected for the eligible project demonstrates a long-term commitment to hiring local residents and using apprentices in apprenticeship programs registered with the State Apprenticeship Council.*

4. *Upon reviewing the financing application that was submitted to the Bank, staff has determined that the entire $15,500,000 proposed loan from the Bank will be used for the full construction of the building associated with this Project.*

Through the application review process, staff has determined that 100 percent of the proposed loan will be used to finance eligible construction costs for this Project.

Additionally, staff has determined that this project is not eligible to receive a loan or other financial assistance from the Bank's Affordable Housing Revolving Account, and the Charter School Capital Needs Revolving Account, or the Federal Infrastructure Matching Account; which means that it is only eligible to receive funding through the Bank's General Account.

Finally, through the applicant review process, the Applicant and the Project Guarantor have maintained their commitment that the developer selected for the project will demonstrate a long-term commitment to hiring local residents as well as using registered apprentices in the State of Nevada.

Based on this analysis, staff feels that this Project meets the requirements receiving a loan from the Bank's General Account.

Community Benefits and Job Creation: If the Board of Directors chooses to approve this application, the Applicant expects that there will be a number of community and economic benefits brought forth through development of the project.

Using the Economic Policy Institute's employment multipliers per $1 million of construction, staff estimates the following job metrics through this Project:

- 85 direct jobs;
- 169 indirect and induced jobs.

Additionally, as stated in the financing application, the Applicant and the Project Guarantor estimate that investments that will be made at the Redwood Campus at TRI will result in the creation of over 1,100 jobs with an average wage of $34 per hour.

Local Hiring, Apprenticeship Utilization, and Prevailing Wages: Qualified Borrowers who receive a loan or other financial assistance from the Bank are required pursuant to LCB File No. R017-22 to ensure that for each contractor and subcontractor who performs construction work on a qualified project:

- At least 50% of the total project work hours within each construction trade are performed by Nevada residents, with at least 15% of these work hours performed by disadvantaged workers; and
- At least 15% of the total project work hours within each construction trade must be performed by apprentices, with at least 5% of these work hours performed by first-year apprentices.

In the financing application submitted to the Bank, the Applicant and the Project Guarantor committed to adhering to the Bank's local hire and apprenticeship requirements for this Project. After the financing application was submitted, staff also reviewed publicly available data from the Governor's Office of Economic Development, related to the Project Guarantor's performance metrics as a part of receiving State economic development tax abatements.

In reviewing these documents, staff found that the Project Guarantor had hired 54% of its workforce who were Nevada residents. Additionally, the average wage of those employees was $54.08.

Additionally, pursuant to NRS 226.826, projects financed by the Bank are subject to the payment of State prevailing wages, along with other provisions set forth in NRS 338.013 - 338.090. In the financing applicant submitted to the Bank, the Applicant and the Project Guarantor stated that this Project will include the payment of prevailing wages and will be bid as a public works project.

If the Board of Directors to chooses to approve this application for a loan from the Bank, all construction work for this Project will be subject to these provisions, and Bank staff will work with the Applicant to provide the Board of Directors with regular reporting on compliance with these provisions.

Environmental Standards: All qualified projects that receive loans or other financial assistance from the Bank are required to align with the standards and goals set forth in Nevada's 2020 Climate Strategy as well as the State's goals from the reduction of greenhouse gas emissions set forth in NRS 445B.380 and NRS 704.7820.

After the initial presentation on this Project was made during the July 23, 2024, Board of Directors Meeting, staff initiated the tribal consultation process with the Pyramid Lake Paiute Tribe to evaluate any potential negative environmental impacts from this Project, as well as any negative impacts on Tribal water quality.

This tribal consultation August 8, 2024, and through this process staff has determined that this Project will not have any negative environmental consequences, and the Pyramid Lake Paiute Tribe has not indicated that this Project would negatively impact the Tribe.

Disadvantaged Community Goals: As set forth in Regulation LCB File No. R017-22, the Bank has an established goal of having at least 40 percent of the principal amount of its loans and other financial assistance going to support qualified projects that are located:

- In qualified census tracts as designated by the U.S. Secretary of Housing and Urban Development;
- In census tracts which have a high level of social vulnerability according to the Social Vulnerability Index developed by the Centers for Disease Control and Prevention;
- In communities which are determined by the Board of Directors to have a relatively large percentage of the population having limited English proficiency;
- On tribal lands or in communities where tribal members commonly reside; or
- In areas that have been subject to historical instances of redlining, segregation, or other discriminatory practices.

Bank staff has analyzed the location of this Project to understand whether or not it would meet the Bank's 40% goal of locating all projects in disadvantaged communities. In performing this analysis, staff has utilized data from the U.S. Department of Housing and Urban Development, the Centers for Disease Control and Prevention, the U.S. Census Bureau, and the U.S. Department of Agriculture.

Since the national average estimate for limited English proficiency has been determined by the U.S. Census Bureau to be 8.3 percent, Bank staff has determined that census tracts with over 20% of the population limited English proficiency would meet the Bank's standard for its disadvantaged community goal.

Due to the remote nature of this Project location, staff has been unable to verify whether or not this project is located in a community that would contribute to the Bank's 40% goal of locating projects in disadvantaged communities.

Financing Agreement: Bank staff has worked with the Applicant, the Nevada Attorney General's Office, and legal counsel retained by the Applicant to draft a financing agreement

between the Nevada State Infrastructure Bank and the Applicant for this project. This financing agreement is included in Exhibit C for consideration by the Board of Directors.

<u>Staff recommendation:</u> Based on the foregoing analysis, staff recommends that the Board of Directors approve a loan of $15,500,000.00 from the Bank's General Account to Economic Development Authority of Western Nevada in accordance with the proposed loan terms included in Exhibit A.

Financing Agreement for the TRI-GID Processed Water Extension Project

NEVADA STATE INFRASTRUCTURE BANK FINANCING AGREEMENT

THIS AGREEMENT is dated as of November 19, 2024, and is by and between the NEVADA STATE INFRASTRUCTURE BANK (the "Bank"), an instrumentality of the State of Nevada, and the Economic Development Authority of Western Nevada (the "Borrower"), existing as a private non-profit entity created for charitable or educational purposes under the laws of the State of Nevada.

WITNESSETH:

WHEREAS, pursuant to Chapter 226 of the Nevada Revised Statutes ("NRS") and the Nevada Administrative Code ("NAC"), the Bank is authorized to provide loans and other financial assistance to qualified borrowers to for the development, construction, repair, improvement, operation, maintenance, decommissioning and ownership of transportation facilities, utility infrastructure, water and wastewater infrastructure, renewable energy infrastructure, recycling and sustainability infrastructure, digital infrastructure, social infrastructure, and other infrastructure related to economic development as necessary for public purposes; and

WHEREAS, in accordance with the provisions NRS Chapter 226, the Bank has responsibility for the performance of various activities in connection with such loans; and

WHEREAS, the Borrower has made an application for the financing of the Project (as hereinafter defined), through a loan made under and pursuant to NRS Chapter 226, and the Bank has determined that the Project meets all requirements for a loan and has agreed to make a loan to the Borrower for the financing of the Project as set forth in this Agreement (the "Loan"); and

WHEREAS, security for the payment of principal, premium, if any, and interest, of the Loan will be in the forms of "Pledged Collateral" and "Pledged Revenues".

NOW, THEREFORE, in consideration of the Bank making the loan to the Borrower, in the principal amount and pursuant to the covenants hereinafter set forth, and intending to be legally bound by this Agreement, the Bank and the Borrower agree as follows:

ARTICLE I – DEFINITIONS

1.01. WORDS AND TERMS.

In addition to the words and terms elsewhere defined in this Agreement, the following words and terms shall have the meanings set forth below:

(1) "Agreement" or "Financing agreement" shall mean this financing agreement and all exhibits and schedules attached hereto.

(2) "Agreement Date" means the date first written above.

(3) "Authorized Representative" shall mean the official or officials of the Borrower authorized by ordinance or resolution to sign documents associated with the Loan.

(4) “Capitalized Interest” shall mean a finance charge that accrues on Loan proceeds from the time of disbursement. Capitalized Interest is financed as part of the Loan principal.

(5) “Code” shall mean the Internal Revenue Code of 1986, the Treasury Regulations (whether temporary or final) under that Code or the statutory predecessor of that Code, and any amendments of or successor provisions to, the foregoing and any official rulings, announcements, notices, procedures and judicial determinations regarding any of the foregoing, all as and to the extent applicable.

(6) "Defeasance Obligations" means, to the extent permitted by law, direct non-callable obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America, including obligations issued or held in book entry form on the books of the Bank of the Treasury of the United States and including advance refunded tax-exempt bonds fully secured by non-callable direct obligations of the United States of America, non-callable obligations guaranteed by the United States of America, or "stripped" interest payment obligations of debt obligations of the Resolution Funding Corporation.

(7) "Financing Rate" shall mean the charges, expressed as a percent per annum, imposed on the unpaid principal of the Loan as set forth herein.

(8) "Loan" shall mean the loan made to the Borrower pursuant to this Agreement and the State Act in the initial principal amount of up to $15,500,000.

(9) "Financing Application" shall mean the completed form which provides all information required to support obtaining the Loan.

(10) “Late-comer agreement” shall mean any agreement between either Borrower or Project Guarantor on one hand and a third party on the other hand pursuant to which such third party reimburses Borrower or Project Guarantor, as applicable, for any portion of the costs for the Project.

(11) "Loan Payment" shall mean the periodic loan payment due from the Borrower as set forth in the loan amortization schedule in Exhibit B.

(12) [Intentionally Omitted.]

(13) "Pledged Collateral" shall mean the collateral that the Borrower and the Project Guarantor will provide the Bank prior to loan closing, which will take the form of a Letter of Credit, Surety Bond or Escrow Account in an amount equivalent to one year of debt service, which is being pledged as collateral to securitize this loan in the event of the Borrower’s inability to repay the loan from the Bank. As set forth in Exhibit C, this must be in amount no less than $789,473.63. Additionally, this term shall also include any late-comer agreement proceeds from users of the Project. All late-comer proceeds will be applied against the outstanding principal of the loan. Pay-down will be due 30 days after receipt of funds from late-comer by the Borrower and Project

Guarantor.

(14) "Pledged Revenues" shall mean the revenues pledged for repayment of the Loan and shall be from those received from the Borrower through late-comer agreements relating to the Project, which will take the form of an Escrow Account or a Bank Account Pledge Agreement as described in Section 2.01(10) below.

(15) "Project" shall mean the state capital outlay project financed by this Loan, consisting of all labor, materials, and equipment designated to develop a TRI-GID Processed Water Extension Project in partnership with the Project Guarantor, which will consist of one 1,500 square foot pump station, a 1.2-million-gallon storage tank, and three miles of 24-inch diameter transmission main piping to expand the Tahoe Reno Industrial Center treated effluent distribution infrastructure to better serve Comstock Meadows area, as more fully described in the Financing Application, in accordance with applicable law and the summary specifications included in Exhibit C.

(16) "Project Guarantor" shall mean the entity Redwood Materials, Inc. which has executed an agreement with the Borrower as set forth in Exhibit D, providing that Redwood Materials, Inc. will be the responsible party for making all payments of principal and interest, on behalf of the Borrower to repay this Loan.

(17) "State" means the State of Nevada.

(18) "State Fiscal Year" shall mean the period commencing on July 1 of each year and ending on June 30 of the succeeding year.

(19) "State Infrastructure Bank" or "Bank" means the State-funded State Infrastructure Bank created pursuant to Chapter 226 of the Nevada Revised Statutes.

ARTICLE II - WARRANTIES, REPRESENTATIONS AND COVENANTS

2.01. GENERAL WARRANTIES, REPRESENTATIONS AND COVENANTS.

The Borrower warrants, represents and covenants that:

(1) The Borrower has full power and authority to enter into this Agreement and to comply with the provisions hereof and shall initiate and prosecute to completion all proceedings necessary to enable the Borrower to provide the necessary funds for repayment of the Loan.

(2) The Borrower currently is not the subject of bankruptcy, insolvency, or reorganization proceedings and is not in default of, or otherwise subject to, any agreement or any law, administrative regulation, judgment, decree, note, resolution, charter or ordinance which would currently restrain or enjoin it from entering into, or complying with, this Agreement.

(3) There is no material action, suit, proceeding, inquiry or investigation, at law or in equity, before any court or public body, pending or, to the best of the Borrower's knowledge, threatened, which seeks to restrain or enjoin the Borrower from entering into or complying with this Agreement or could render Borrower insolvent.

(4) All permits, authorizations, and approvals required as of the date of this Agreement have been obtained as of the implementation of the Project. The Borrower knows of no reason why any future required permits or approvals are not obtainable.

(5) The Borrower and the Project Guarantor shall undertake the Project on their own responsibility, to the extent permitted by law.

(6) To the extent permitted by law, the Borrower shall release and hold harmless the State, its agencies, the Bank, and each of their respective officers, members, and employees from any claim arising in connection with the Borrower's actions or omissions in the Borrower's planning, administration, and implementation of activities financed by the Loan or its operation of the Project.

(7) All Borrower representations to the Bank, pursuant to the Financing Application and this Agreement, were and are true and accurate as of the date the Financing Application and this Agreement were each executed by the Borrower. The financial information delivered by the Borrower to the Bank was current and correct as of its date in all material respects. Since the date such financial information was delivered, there has not been any material adverse change in the financial condition or revenues and expenditures of the Borrower, or in the collection of the Pledged Revenues. The Borrower shall comply with all applicable State and Federal laws, rules, and regulations. To the extent that any assurance, representation, or covenant requires a future action, the Borrower shall take such action as is necessary for compliance.

(8) The Borrower shall adhere to accepted governmental accounting principles established by the Governmental Accounting Standards Board. As part of its bookkeeping system, the Borrower shall keep accounts of the Project separate from all other accounts and it shall keep accurate records of all expenditures relating to the Project, the Pledged Revenues and Loan disbursement receipts.

(9) Until the Project has been completed, the Borrower shall maintain and produce, no later than July 1 of each fiscal year, to the Bank an annual budget solely with respect to the Project, consistent with generally accepted accounting principles. Any changes and/or adjustments made to the Borrower's annual budget must be submitted to the Bank within 30 days of the changes being made.

(10) For the Pledged Collateral, the Bank may require the Borrower and Project Guarantor to secure, establish, and/or execute a Letter of Credit, Surety Bond, or Escrow Account along with this Agreement. For the Pledged Revenues, the Bank may require the Borrower to: (i) designate a particular bank account where the Project Revenues are to be deposited, and (ii) execute a Bank Account Pledge Agreement that appoints the Bank as the Collateral Agent to the extent of funds needed to secure the loan repayment as set forth in Exhibit B.

(11) In the event the anticipated Pledged Revenues are shown by the Borrower's and/or Project Guarantor's annual budget to be insufficient to make the Loan Payments for such Fiscal Year when due, the Borrower and/or Project Guarantor shall include in such budget other legally available funds which shall be sufficient, together with the Pledged Revenues, to make the Loan

Payments. Such other legally available funds shall be budgeted in the Borrower's annual budget and designated for the purpose provided by this paragraph (11), and the Borrower shall collect such funds for application as provided herein. The Borrower shall notify the Bank immediately in writing of any such budgeting of other legally available funds. Nothing in this covenant shall be construed as creating a pledge, lien, or charge upon any such other legally available funds; requiring the Borrower to levy or appropriate ad valorem tax revenues; or preventing the Borrower from pledging to the payment of any bonds or other obligations all or any part of such other legally available funds. To address any Loan Payment insufficiencies, Bank may require the Borrower to execute a pledge addendum to include such other legally available funds into the Pledged Revenues.

(12) The Borrower covenants that this Agreement is entered into for the purpose of implementing, refunding, or refinancing the Project which will in all events serve a public purpose. The Borrower covenants that it will, under all conditions, complete and operate the Project to fulfill the public need described in its application for the financing of the Project.

(13) The Borrower shall, within 30 days of request, submit to the Bank such data, reports, records, contracts and other documents relating to the Project as the Bank may request in order to ascertain the performance by the Borrower of its obligations under this Agreement. The Bank shall have the right to conduct on-site monitoring visits and audits, and the Borrower shall, at Borrower's expense, cooperate and assist the Bank in the reasonable inspection and audit of books, records, accounts, data and other information related to the Project, and in copying and removing the same for such purposes at all reasonable times. The Borrower shall provide, without objection, any additional information as deemed appropriate by the Bank.

2.02 LEGAL AUTHORIZATION.

The Borrower represents and warrants that this Agreement has been duly authorized by the Borrower and shall constitute a valid and legal obligation of the Borrower enforceable in accordance with its terms upon execution by both parties.

2.03 AUDIT AND MONITORING REQUIREMENTS.

The administration of resources awarded by the Bank to the Borrower may be subject to audits and/or monitoring by the bank, at the sole and absolute discretion of the Bank.

(1) The Bank and its agents shall have the right, with or without prior written notice to Borrower to examine the records, books and other papers which reflect upon Borrower's financial condition or pertain to the income, expense, management, administration, and implementation of the Project and to make copies and abstracts from such materials. The Bank shall be permitted to make such examinations as often as The Bank may deem appropriate. The Bank also shall have the right, from time to time to conduct an audit or have an independent audit conducted of any of Borrower's financial information. At the conclusion of any audit conducted by or on behalf of the Bank, an audit report shall be prepared and delivered to the Borrower. Borrower shall pay on demand all costs incurred by Bank with respect to any such

audit. Any costs incurred by the Bank in relation to audit shall not require prior notice or approval from the Borrower." The Borrower shall pay on demand all costs incurred by the Bank with respect to any such audit. Upon Borrower's failure to pay such amounts, and in addition to Bank's remedies for Borrower's failure to perform, the unpaid amounts shall be added to principal, shall bear Capitalized Interest until paid in full.

(2) The Bank may, from time to time, issue to the Borrower such reports, audit findings, and memoranda as it deems appropriate to notify the Borrower of any error, deficiency, or unsatisfactory condition (an "Adverse Condition") the Bank may discover. Such notification may be delivered in writing by any reasonable means including without limitation by email or first-class mail. Upon the Borrower's receipt of such notification, the Borrower shall take any action necessary to correct, resolve, or remedy any Adverse Condition to the satisfaction of the Bank. Records related to any audits, Adverse Conditions, litigation, or corrective action shall be retained for a period of no less than 7 years following the resolution same.

(3) Nothing in this Section 2.03 shall be construed to limit the authority of the Bank to conduct or arrange for the conduct of additional audits, examinations, or evaluations of State financial assistance or limit the authority of any other State official. The provisions of this section 2.03 shall be construed to give the Bank and the State the broadest possible authority permitted by the laws of Nevada to inspect, examine, audit and evaluate the financial records and other affairs of the Borrower and the Project.

(4) Copies of financial reporting packages, reports, or management letters required by this agreement shall be submitted by or on behalf of the Borrower directly to the Bank.

2.04 PROGRESS REPORTS

Until the Project has been completed, no later than January 15th, April 15th, July 15th, October 15th of each calendar year, the Borrower shall create and deliver to the Bank quarterly progress reports (individually, a "Progress Report") describing all material events, developments, and conditions of the Project. Progress Reports shall be submitted electronically to the Bank by an individual authorized by the governing board of the Borrower. At minimum, each Progress Report shall describe:

(1) All financial activities, events, and transactions which have occurred in the preceding 12 months.

(2) An analysis of the financial condition of the Project

(3) Program accomplishments occurring in the prior 12 months, including:

a. Specific action taken to implement approved objectives and activities of the Project;

b. Progress made on each objective and activity of the Project in terms of percentage completed;

(4) Any delays in the implementation of the Project, Project objective, or Project activity and the reason for the delay. In the event of a delay, a proposed revised Project schedule

should be included if activities are not conforming to approved Project schedules as contained in the Financing Application.

(5) Progress toward the Project's performance goals aligned upon by the Borrower and Bank.

(6) Financial information of the Project, including but not limited to:

a. Beginning fund balance;

b. Dollar amount of all expenditures;

c. Ending fund balance;

d. Interest earned to date; and

e. The amount and percent of funds being contributed to the Project from other sources.

(7) Any other information which may be of interest or note to the Bank or the State regarding the status, financial condition, or progress of the Project.

Should the Bank require any additional information or analysis from the Borrower following the receipt of any Progress Report, it shall make a request in writing to the individual who transmitted the Progress Report to the Bank. Any request for additional information shall set the Borrower's response deadline, which shall be strictly enforced.

2.05 RECORDS RETENTION.

The Borrower shall retain all records related to the Project for a period of no less than seven (7) years. The Borrower shall retain sufficient records demonstrating its compliance with the terms of this Agreement for a period of at least seven (7) years from the date any audit report is issued, and shall allow the Bank, or its designee, access to such records upon request. The Bank or the State may extend the period during which any records must be retained upon written notice to the Borrower. Borrower's failure to retain any records described in this Section 2.05 for the period prescribed (or any extension thereof) shall constitute a material event of default.

All costs charged to the Project, including any approved services contributed by the Borrower or others, shall be supported by properly executed payrolls, time records, invoices, contracts, or vouchers evidencing in proper detail the nature and propriety of the charges.

Any check or order drawn by the Borrower with respect to any item which is or will be supported by the Loan must be supported with a properly signed voucher on file in the office of the Borrower stating in proper detail the purpose for which such check or order is drawn. All checks, payrolls, invoices, contracts, vouchers, orders, or other accounting documents pertaining in whole or in part to the Project shall be clearly identified, and readily accessible, and, to the extent feasible, kept separate and apart from all other such documents.

2.06 ACCESS TO PROJECT SITES.

The Borrower shall provide to the Bank and its representatives access to any location related to the use or proposed use of Loan funds and any administrative offices related thereto, including without limitation any manpower, materials, construction, operation or maintenance sites of the TRI-GID Processed Water Extension financed through the Project. The Borrower shall cause all of its employees, agents, representatives, and contractors to cooperate during any Project inspections, including making available copies of any documents and/or other materials.

ARTICLE III - LOAN REPAYMENT ACCOUNTS

3.01. LOAN REPAYMENT ACCOUNT.

The Borrower may be required by the Bank to establish a Loan Repayment Account for the purpose of matching Pledged Revenues to Loan Payments, which may be in the form of a Bank Account Pledge Agreement and/or an Escrow Account. If at any time the Borrower has advance notice that it will not be able to pay any Loan Payment when due, the Borrower shall immediately notify the Bank of such inability to make the required payment.

ARTICLE IV - THE PROJECT

4.01. PROJECT CHANGES.

The Borrower covenants and agrees that it will not change the scope of the Project or alter the nature of the Project in any material fashion, or substitute any other project for the Project, without the prior written approval of the Bank.

4.02. PROHIBITION AGAINST ENCUMBRANCES.

The Borrower is prohibited from selling, leasing, or disposing of any part of the Project which would materially adversely affect the ability of the Borrower to meet its obligations under this Agreement so long as this Agreement, including any amendment thereto, is in effect unless the written consent of the Bank is first secured. For the sake of clarity, transferring ownership of the Project to TRI-GID, following completion of the Project, shall not constitute a violation of this provision.

4.03. COMPLETION MONEYS.

In addition to the proceeds of this Loan, the Borrower covenants that it has obtained, or will obtain, sufficient moneys from other sources to complete the Project on, or prior to, the Project completion date set forth in the Financing Application or such other date as the Bank may approve in writing. Failure of the Bank to approve additional financing, where required, shall not constitute a waiver of the Borrower's covenants to complete and place the Project in operation.

4.04. PROJECT SCHEDULE AND INDEBTNESS.

The Borrower agrees:

(1) Initiation of Project is anticipated to take place on or about December 1, 2024.

(2) The Project is anticipated to be completed in late-2025.

(3) The Loan Payments shall be due at the times and in the amounts set forth on Exhibit B.

ARTICLE V – RATE COVENANTS AND COLLECTION OF PLEDGED REVENUES

5.01. RATE COVERAGE.

The Borrower shall ensure that Project Guarantor maintains revenues at a level, in each Fiscal Year, equal to or exceeding one and a half times the sum of the Loan Payments due in such Fiscal Year. In addition, the Borrower shall satisfy the coverage requirements of all senior and parity debt obligations, if any.

5.02. COLLECTION OF PLEDGED REVENUES.

The Borrower shall use its best efforts to collect all Pledged Revenues and other amounts due to it and shall take no action to impair the collection of the Pledged Revenues.

ARTICLE VI - DEFAULTS AND REMEDIES

6.01. EVENTS OF DEFAULT.

Each of the following events shall be deemed a material event of default:

(1) Failure to make any Loan Payment when it is due and such failure shall continue for a period of 5 days.

(2) Any warranty, representation, or other statement by, or on behalf of, the Borrower contained in this Agreement or in any document, certificate or information furnished in compliance with, or in reference to, this Agreement, is determined to be false or misleading.

(3) An order or decree is entered, with the acquiescence of the Borrower, appointing a receiver for any part of the Project or the Pledged Revenues; or if such order or decree, having been entered without the consent or acquiescence of the Borrower, shall not be vacated, or discharged or stayed on appeal within 60 days after the entry thereof.

(4) Any proceeding is instituted, with the acquiescence of the Borrower, for the purpose of effecting a composition between the Borrower and its creditors or for the purpose of adjusting the claims of such creditors, pursuant to any federal or state statute now or hereafter enacted, if the claims of such creditors are payable from Pledged Revenues.

(5) Any bankruptcy, insolvency or other similar proceeding is instituted by, or against,

the Borrower under federal or state bankruptcy or insolvency law now or hereafter in effect and, if instituted against the Borrower, is not dismissed within 60 days after filing.

(6)

Any failure to comply with the provisions of this Agreement or failure in the performance or observance of any of the covenants or actions required by this Agreement (a "General Non-compliance Default"), provided, however, that if the Borrower provides the Bank with written notice of a General Non-compliance Default within 30 days of the date of such General Non-compliance Default, and such default does not relate to the Borrower's obligations to make a Loan Payment, then the Borrower shall have 60 days from the date of such General Non- compliance Default to cure such General Non-compliance Default to the satisfaction of the Bank in the Bank's sole and absolute discretion. If the Borrower fails, within the time periods provided in the previous sentence, to (i) provide written notice of a General Non-compliance Default, or (ii) cure the General Non-compliance Default to the satisfaction of the Bank in the Bank's sole and absolute discretion, then the Borrower shall be deemed to be in default of this Agreement as of the date of the General Non-compliance Default.

6.02. REMEDIES.

Upon any event of default, the Bank may pursue any available remedy at law or in equity, including without limitation:

(1) By mandamus or other proceeding at law or in equity, cause the Borrower to remit to the Bank Pledged Revenues sufficient to enable the Borrower to satisfy its obligations under this Agreement.

(2) By action or suit in equity, require the Borrower to account for all moneys received pursuant to this Agreement and to account for the receipt, use, application, or disposition of the Pledged Revenues.

(3) By action or suit in equity, enjoin any acts which may be unlawful or in violation of the rights of the Bank.

(4) By applying to a court of competent jurisdiction, cause the appointment of a receiver to manage the Project, establish and collect fees and charges, and apply the revenues to the reduction of the obligations under this Agreement.

(5) By notifying financial market credit rating agencies and potential creditors of the event of default.

(6) By suing for payment of amounts due, or becoming due, with interest on overdue payments together with all costs of collection, including attorneys' fees.

(7) By accelerating the repayment schedule or increasing the Financing Rate on the unpaid principal of the Loan to as much as 1.667 times the Financing Rate for a default under

Subsection 6.01(1).

(8) The Bank shall have the right to foreclose, sell, or otherwise dispose of the Pledged Collateral and Pledged Revenues in accordance with the terms of this agreement and with the applicable law.

In addition to pursuing any other remedy available under this Agreement, upon an event of default, the Bank may, by providing 60 days advance written notice to the Borrower, elect to terminate this Agreement, and the Bank shall have no further obligation or commitment under this Agreement to the Borrower. Any partial Loan Payments by the Borrower shall be allocated first to interest and second to principal.

6.03. REMEDIES NOT EXCLUSIVE; DELAY AND WAIVER.

No remedy conferred upon or reserved to the Bank by this Article is exclusive and every such remedy shall be cumulative and shall be in addition to every other remedy. No delay or omission by the Bank to exercise any right or power accruing as a result of an event of default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein, and every such right and power may be exercised as often as may be deemed prudent by the Bank. No waiver of any default under this Agreement shall extend to or affect any subsequent event of default, whether of the same or different provision of this Agreement or shall impair consequent rights or remedies.

ARTICLE VII - GENERAL PROVISIONS

7.01 DISCHARGE OF OBLIGATIONS.

All payments required to be made under this Agreement shall be cumulative and any deficiencies in any Fiscal Year shall be added to the payments due in the succeeding Fiscal Year and all Fiscal Years thereafter until fully paid. Loan Payments shall continue to be secured by this Agreement until all of the payments required shall be fully paid to the Bank. If at any time the Borrower shall have paid all amounts due under this Agreement, or shall, in accordance with the provisions of this Section 7.01 have defeased the Loan, the pledge of, and lien on, the Pledged Revenues to the Bank shall be no longer in effect and, except as provided in Section 2.03 and 2.05, this Agreement shall be deemed fully performed. Deposit of sufficient cash or Defeasance Obligations may be made to effect defeasance of this Loan; provided that, the deposit shall be made in irrevocable trust with a banking institution or trust company for the sole benefit of the Bank or its assignees and the Bank has approved in writing such deposit. Notwithstanding any provision of this Agreement to the contrary, the Borrower may prepay this Loan only upon the express written consent of the Bank, which consent shall not be withheld if such prepayment, in the judgment of the Bank will not adversely impact the Bank's ability to comply with covenants relating to obligations secured by such Loan.

7.02 ASSIGNMENT OF RIGHTS UNDER AGREEMENT.

The Bank may pledge or assign all or any parts of this Agreement without the prior consent

of the Borrower after written notification to the Borrower. The Borrower shall not assign its rights and obligations under this Agreement without the prior written consent of the Bank.

7.03 AMENDMENT OF AGREEMENT.

This Agreement may only be amended in writing mutually executed by authorized representatives of the Bank and Borrower, and with the prior written consent of the Project Guarantor. The Project Guarantor is expressly intended to be a third-party beneficiary of the foregoing provision. However, no amendment shall be permitted which is inconsistent with any applicable State or Federal law. Any attempted amendment to this Agreement which is inconsistent with any State or Federal law shall be deemed void *ab initio.*

7.04 ANNULMENT OF AGREEMENT.

The Bank may unilaterally annul this Agreement if the Borrower has not drawn any of the Loan proceeds within six months of the first scheduled disbursement date referenced in Exhibit A. If the Bank unilaterally annuls this Agreement, the Bank will provide written notification to the Borrower.

7.05 SUSPENSION AND TERMINATION.

If the Borrower abandons or, before completion, discontinues the Project; or if the commencement, prosecution, or timely completion of the Project by the Borrower is rendered improbable, infeasible, impossible, or illegal, by written notice to the Borrower, the Bank may suspend any or all of its obligations under this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected, or at its option, the Bank may terminate any or all of its remaining obligations under this Agreement.

Upon receipt of any termination or suspension notice, the Borrower shall proceed promptly to carry out the actions required therein which may include, but not be limited to: (1) necessary action to terminate or suspend, as the case may be, the use of proceeds from the Loan in furtherance of Project activities and contracts and such other action as may be required or desirable to keep to the minimum the costs upon the Loan; (2) furnish a statement of the Project activities and contracts, and other undertakings the cost of which are otherwise includable as Project costs; and (3) repay the Bank according to the provisions of the Agreement, or as otherwise agreed upon, in writing, by the Bank and the Borrower. The termination or suspension shall be carried out in conformity with the latest schedule, plan, and budget as approved by the Bank or upon the basis of terms and conditions imposed by the Bank upon the failure of the Borrower to furnish the schedule, plan, and budget within a reasonable time.

The Bank reserves the right to unilaterally cancel this Agreement for refusal by the Borrower to allow public access to all documents, papers, letters, or other materials to the extent such public access is required under the applicable provisions of the Nevada Revised Statutes, and made or received in conjunction with this Agreement.

7.06 SEVERABILITY CLAUSE.

If any provision of this Agreement shall be held invalid or unenforceable, the remaining provisions shall be construed and enforced as if such invalid or unenforceable provision had not been contained herein.

ARTICLE XIII - DETAILS OF FINANCING

8.01 PRINCIPAL AMOUNT OF LOAN.

The Bank agrees to lend to the Borrower, and the Borrower agrees to repay the Bank the Loan at the times, in the amounts and in the manner set forth in this Agreement. The principal amount of the Loan as of any date shall consist of the aggregate Disbursements (as defined below), plus Capitalized Interest that has accrued and been added to the principal amount of the Loan, plus interest other than Capitalized Interest, if any, that has accrued and been added to the principal amount of the Loan, less the aggregate principal component of all Loan Payments made, all as of such date.

Capitalized Interest is not disbursed to the Borrower but is amortized via Loan Payments as if it were actually disbursed. Capitalized Interest shall be computed at the rate of 3.2% per annum and shall accrue on the principal amount of the Loan based on an actual-days- elapsed/360 day counting convention. Capitalized Interest accruing on the principal amount of the Loan from the first disbursement date shall be added to the principal amount of the Loan on the date the first Loan Payment is due, at which time no additional Capitalized Interest shall accrue.

The estimated principal amount of the Loan as of the date of the first Loan Payment is $15,500,000, which consists of the amounts scheduled to be disbursed to the Borrower in the amounts and at the times set forth in Disbursement Schedule attached hereto as Exhibit A.

8.02 LOAN ORIGINATION FEE.

Upon the closing of the loan, the Borrower is obligated to pay 1% of the total loan amount, equaling $155,000 as a loan origination fee to the Bank. This amount shall be due to the Bank within six months of the date of this agreement.

8.03 FINANCING RATE.

Interest shall accrue on the principal amount of the Loan at the Financing Rate. The Financing Rate is 3.20% per annum, compounded annually, using an actual-days- elapsed/360 day counting convention, as indicated by the schedule of Loan Disbursement/Repayments attached hereto as Exhibit B.

8.04 LOAN DISBURSEMENTS.

The Bank shall disburse the Loan to the Borrower in the amounts and at the times set forth in the Disbursement Schedule (Exhibit A) provided that prior to each Disbursement, the Bank receives a written request for such Disbursement which certifies that all prerequisites for such Disbursement have been satisfied and which request has been approved by the Project Guarantor

in writing. The Project Guarantor is expressly intended to be a third-party beneficiary of the foregoing provision. Any written request for a Disbursement shall be signed by the Borrower's Authorized Representative under penalty of perjury. The Bank may, prior to making any Disbursement, require Borrower to furnish it with any evidence the Bank may deem necessary to verify that Borrower has met the prerequisites for Disbursement. The Bank may elect, in its sole and absolute discretion, to withhold any Disbursement until it is satisfied that all prerequisites to Disbursement have been met.

Upon written request by the Borrower, the Bank may, in its sole and absolute discretion, amend the Disbursement Schedule to take into account unexpected events or reasonable adjustments to the financing of the Project. The Bank may, in its sole and absolute discretion, adjust the Loan Amortization Schedule attached hereto as Exhibit B.

Under no circumstances shall the sum of the Disbursements to the Borrower exceed $15,500,000 under this Agreement. Furthermore, the Bank's obligation to fund any Disbursement is subject to funds being made available by an appropriation made pursuant to Nevada law.

8.05 LOAN REPAYMENTS.

Loan Payments shall be made at the time and in the amounts set forth in the Loan Amortization Schedule attached hereto as Exhibit B. To the extent the actual principal amount of the Loan calculated as provided in Section 8.01 above is less than the estimated principal amount of the Loan as set forth in Section 8.01 hereof, the amount of the scheduled Loan Payment credited to principal shall increase and the Loan Payment Schedule shall be adjusted, so that the Loan is paid in full over a shorter amount of time. Notwithstanding the foregoing, however, if the actual principal amount of the Loan calculated as provided in Section 8.01 above is less than the estimated principal amount of the Loan as set forth in Section 8.01, the parties to this Agreement hereby agree to adjust the Loan Payment Schedule in such a way as to not adversely impact any obligations of the Bank secured by repayments under this Agreement.

Loan Payments shall be credited first to interest accruing on the principal amount of the Loan, if any, then to principal.

ARTICLE IX – MISCELLANEOUS

9.01 THIRD PARTY AGREEMENTS

Third Party Agreements: Except as otherwise authorized in writing by the Bank, the Borrower shall not execute any contract or obligate itself in any manner for the procurement of consultant services, construction or purchase of commodities contracts or amendments thereto, with any third party with respect to the Project, in any case that are inconsistent or conflict with the terms of this Agreement, without the prior written approval of the Bank. Failure to obtain such approval from the Bank shall be deemed a material breach of this Agreement, relieving the Bank of any obligation to make Disbursements under this Agreement. The Bank specifically reserves unto itself the right to review the qualifications of any consultant or contractor anticipated to be a party to any such contract and to approve or disapprove the employment of the same. Such decisions

shall be deemed final and binding on the Borrower.

9.02 EQUAL EMPLOYMENT OPPORTUNITY.

In connection with the carrying out of the Project, the Borrower shall not discriminate against any employee or applicant for employment because of race, age, creed, color, sex or national origin.

9.03 PROHIBITED INTERESTS.

The Borrower shall not, and shall use reasonable best efforts to ensure that none of its contractors, subcontractors, consultants, or subconsultants, enter into any contract with one another, or arrangement in connection with the Project or any property included or planned to be included in the Project, which violates any provision of the Nevada Revised Statutes, relating to conflicts of interest and prohibited transactions. The Borrower shall further diligently abide by all provisions of Nevada law regulating the Borrower with respect to procurement, contracting, and ethics.

9.04. ADHERENCE TO 2020 STATE CLIMATE STRATEGY.

Execution of this Agreement constitutes a certification by the Borrower that the Project will be carried out in conformance with all applicable regulations of the Bank, including ensuring that all construction done through the Project is consistent with the standards and goals set forth in Nevada's Climate Strategy for the year of 2020 and the goals for the reduction of greenhouse gas emissions set forth in NRS 445B.380 and 704.7820.

The Borrower will be solely responsible for any liability in the event of non-compliance with applicable regulations and will reimburse the Bank for any loss incurred in connection therewith.

9.05 PREVAILING WAGES.

Execution of this Agreement constitutes a certification by the Borrower that the Project will be carried out in conformance with all applicable provisions of NRS Chapter 408 including the payment of prevailing wages.

The provisions of NRS 338.013 to 338.090, inclusive, apply to any contract for construction work on the Project, if any. Any contractor who is awarded a contract or enters into an agreement to perform construction work related to the Project, and any subcontractor who performs any portion of any construction work on the Project shall comply with the provisions of NRS 338.013 to 338.090, inclusive, in the same manner as if a public body had undertaken the qualified project or had awarded the contract.

The Borrower shall be solely responsible for any liability in the event of non-compliance with this section and will reimburse the Bank for any loss incurred in connection therewith.

9.06 LOCAL HIRE AND APPRENTICESHIP UTILIZATION.

Execution of this Agreement constitutes a certification by the Borrower that the Project will be carried out in conformance with all applicable regulations of the Bank including the hiring of Nevada residents and the utilization of registered apprentices on any construction projects.

The Borrower will ensure that for the duration of the Project, not less than 50 percent of the total project work hours performed within each construction trade by employees of a contractor or subcontractor are performed by residents of Nevada, and will use reasonable best efforts to ensure that not less than 15 percent of those project work hours performed within each construction trade by employees of the contractor or subcontractor being performed by disadvantaged workers.

If the Borrower is unable to comply with the project work hour requirements set forth in this section, the Borrower may petition the Bank for an exemption from these requirements of this section. Upon receipt of such a petition, the Bank may exempt the Borrower from the requirements of this section if it is found that the inability of the Borrower to comply with the requirements of this section is due to circumstances beyond the control of the Borrower.

The Borrower will be solely responsible for any liability in the event of non-compliance with applicable regulations and will reimburse the Bank for any loss incurred in connection therewith.

9.07 NO OBLIGATION TO THIRD PARTIES.

Except to the extent set forth herein, neither the Bank nor the Borrower shall be obligated or liable hereunder to any person or entity not a party to this Agreement.

9.08 WHEN RIGHTS AND REMEDIES NOT WAIVED.

In no event shall the making by the Bank of any Disbursement to the Borrower constitute or be construed as a waiver by the Bank of any breach of covenant or any default which may then exist, on the part of the Borrower, and the making of such Disbursement by the Bank while any such breach or default shall exist shall in no way impair or prejudice any right or remedy available to the Bank with respect to such breach or default.

9.09 BONUS OR COMMISSION.

By execution of the Agreement the Borrower represents that it has not paid and, also, agrees not to pay, any bonus or commission for the purpose of obtaining an approval of its application for the Loan established hereunder.

9.10 INDEMNITY.

To the extent allowed by law, the Borrower shall indemnify, defend, and hold harmless the Bank and all of its officers, agents, and employees from any claim, loss, damages, cost, charge, or expense arising out of any act, error, omission, or negligent act by the Borrower, its agents, employees, contractors and/or subcontractors in the performance of the Agreement, except that neither the Borrower, its agents, employees, contractors and/or subcontractors will be liable under

this paragraph for any claim, loss, damages, cost, charge, or expense arising out of any act, error, omission, or negligent act by the Bank, or any of its officers, agents, or employees, in the performance of the Agreement.

If the Bank receives notice of claim for damages that may have been caused by the Borrower in the performance of services required under this Agreement, the Bank will immediately forward the claim to the Borrower. The Bank's failure to promptly notify the Borrower of a claim will not act as a waiver or any right herein.

9.11 PLANS AND SPECIFICATIONS.

In the event that this Agreement involves the purchasing of capital equipment or the constructing and equipping of a facility, the Borrower shall design and construct the equipment and/or facility in accordance with the standards applicable to the Borrower. Failure to follow the plans and specifications shall be sufficient cause for delays in the distribution of disbursements by the Bank.

9.12 PROJECT COMPLETION, BORROWER CERTIFICATION.

Upon completion of the Project, the Borrower will certify in writing that the Project (or expending of the Loan) was completed in accordance with applicable plans and specifications and that the Project is accepted by the Borrower as suitable for the intended purpose.

9.13 ENTIRE AGREEMENT.

The Financing application executed by the Borrower, all exhibits, attachments and schedules attached to the Financing Application, and this Agreement ("the Agreement Documents") sets forth the entire agreement between the parties and incorporate and supersede all prior negotiations, correspondence, conversations, agreements or understandings applicable to the matters contained herein and therein, and the parties hereto agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in the Agreement Documents. Accordingly, it is agreed that no deviation from the terms of the Agreement Documents shall be predicated upon any prior representation or agreements whether oral or written. It is further agreed that no modification, amendment or alteration in the terms and conditions contained in the Agreement Documents shall be effective unless contained in a written document executed by the parties hereto.

It is further agreed that the Bank will have no obligation to honor any request for disbursement made by the Borrower or otherwise make any disbursement under this agreement in the event that the Bank has notified the Borrower that an event of default has occurred under this or any other agreement between the Borrower and the Bank, or if the Bank, in its sole discretion, determines that events have occurred which substantially diminish the likelihood that the Borrower will timely and fully honor its obligations under this agreement or any other agreement between the Bank and the Borrower. Any waiver of this provision by disbursement following an event of default by the Borrower under the terms of this agreement, or any other agreement between the Borrower and the Bank, will not constitute a continuing waiver of this provision and the Bank may refuse to make further disbursements without any liability to the Borrower whatsoever.

In the event of conflict between the terms and conditions of the Agreement Documents: (i) the terms and conditions contained in the body of this Agreement prevail over conflicting terms and conditions contained in any exhibits, schedules and attachments attached to this Agreement; (ii) the terms and conditions contained in the body of the Financing Application prevail over any conflicting terms and conditions contained in any exhibits, schedules and attachments attached to the Financing Application; and (iii) the terms and conditions of the Agreement, including all exhibits, schedules and attachments hereto, prevail over conflicting terms and conditions contained in the Financing Application and any exhibits, schedules and attachments thereto.

9.14 NOTICES.

Summary Project Specifications

This loan will be used by the Borrower in partnership with Redwood Materials, Inc. ("Project Guarantor") to construct the TRI-GID Processed Water Extension Project.

This Project will expand the Tahoe Reno Industrial Center treated effluent distribution infrastructure to better serve Comstock Meadows area. The Project will consist of one 1,500 square foot pump station, a 1.2-million-gallon storage tank, and three miles of 24-inch diameter transmission main piping.

This project is being required to be constructed by the Project Guarantor by the TRI General Improvement District (TRI-GID) and will transfer to the ownership of the TRI-GID once the project and is corresponding financing has been completed.

State Infrastructure Bank / Economic Development Authority of Western Nevada
TRI-GID Processed Water Extension Project
Loan Terms

Lender	Nevada State Infrastructure Bank
Borrower	Economic Development Authority of Western Nevada
Loan Amount	Maximum of $15,500,000
Loan Purpose	Loan proceeds will be used by the Borrower to construct the TRI-GID Processed Water Extension Project in partnership with Redwood Materials, Inc. Redwood Materials, Inc. will serve as the guarantor for the Project. This Project will expand the Tahoe Reno Industrial Center treated effluent distribution infrastructure to better serve Comstock Meadows area. The Project will consist of one 1,500 square foot pump station, a 1.2-million-gallon storage tank, and three miles of 24-inch diameter transmission main piping.
Maturity	11 years
Security	Prior to loan closing, Borrower will provide Lender with collateral in the form of a Letter of Credit, Surety Bond or Escrow Account in an amount equivalent to one year of debt service (interest and amortization). This must be in amount no less than $815,789.48. Additionally, the Borrower is pledging late-comer agreement proceeds from users of the Project. All late-comer proceeds will be applied against the outstanding principal of the loan. Pay-down will be due 30 days after receipt of funds from late-comer by the Borrower.

Nevada State Infrastructure Bank

Financing Application

Nevada State Infrastructure Bank Overview:

The Nevada State Infrastructure Bank was established to provide low-cost financing to Nevada state agencies, local governments, Tribal governments, and non-profit organizations for priority infrastructure projects.

Pursuant to Chapter 408 of the Nevada Revised Statutes, the Bank may provide financing for a variety of infrastructure projects, including: transportation facilities, utility infrastructure, digital infrastructure, recycling and sustainability infrastructure, renewable energy infrastructure, social infrastructure, water and wastewater infrastructure, and other infrastructure related to economic development.

The Bank has been capitalized with an initial $75 million in State general obligation bonds that, are allocated to the following accounts within the Nevada State Infrastructure Bank:

- $40 million for projects for the Federal Infrastructure Matching Account;
- $20 million for projects for the Affordable Housing Revolving Account; and
- $15 million for projects for the Charter School Capital Needs Revolving Account.

In evaluating applications, the Bank will also seek to leverage outside capital and federal funding to help finance projects that improve quality of life, strengthen Nevada's climate resiliency, and help to promote a strong economy for communities across the State.

Application Instructions:

Please complete all sections of the application below and attach any required exhibits to request financing from the Nevada State Infrastructure Bank.

Prior to applying to the Bank for financing, please familiarize yourself with all the statutes and regulations governing the operation of the Bank.

The relevant statutory provisions can be found in Chapter 408 of the Nevada Revised Statutes (NRS 408.55048 – 408.55088).

Additionally, the regulations of the Bank provide the application requirements and describe the process for determining qualified projects and borrowers for applications to the Federal Infrastructure Matching Account, the Affordable Housing Revolving Account, and the Charter School Capital Needs Revolving Account.

Applications for financing will be reviewed by Bank staff and may be presented to the Board of Directors of the Nevada State Infrastructure Bank for consideration[1].

The benefits of extended reclaimed water infrastructure will directly impact current and future land owners in the Tahoe Reno Industrial Center by increasing the capacity and proximity to reclaimed water. Expanding this infrastructure may increase future park expansion of existing and new businesses. This will increase the number of jobs and have a positive economic impact on the region.

Will financing be used to finance more than 5 percent of any private activity costs?

☐ Yes

☐ No

If yes, please explain:

Business Relocation – Will the proposed Project require the relocation of a private sector business from one area of the State to another?

☐ Yes

■ No

If yes, please provide a justification to support the move:

Please describe any economic and/or community benefits that will result from the completion of this project. Please include the method, or calculation by which these results were identified:

The benefits of extended reclaimed water infrastructure will directly impact current and future land owners in TRI-GID by increasing the capacity and proximity to reclaimed water. Expanding this infrastructure may increase future park expansion, which would lead to benefits and revenue for the county and the state. It will also increase capacity at the Truckee Meadows Water Reclamation facility. This will improve a regional issue currently threatening to slow growth in the Truckee Meadows.

What are the total number of jobs that will be created and the average wage for the project? (Please include the method or calculation by which these results were identified)

Jobs affiliated with this specific project are for construction only and will be hired as subcontractors. At this time, the exact headcount is unknown. Indirectly, the infrastructure will support over 700 at Redwood and allow for additional jobs at other locations with the Tahoe Regional Industrial Center.

What are total number of jobs retained and the average wage? (Please include the method or calculation by which these results were identified)

Over the coming years at our Nevada Campus, Redwood will create 1,100 jobs that provide benefits and an average wage of $34/hr pulling heavily from local communities, including Disadvantaged Communities (as designated under the Justice40 characteristics and map). This hourly wage represents 30% more than the state average.

Describe the environmental impact that will result from this project? (Please include the method or calculation by which these results were identified)

This project will not result in significant environmental impacts once all construction is complete. None of the earth moved to accommodate the buried pipe will be removed from the premises, all construction will strictly comply with an approved SWPPP, and the foundations associated with pump house and charge tank will have minimal impact on the environment. Additionally, there will be a net positive impact from the processed water not being discharged into the Truckee River as well as improving operations at Truckee Meadows Water Reclamation Facility (TMWRF).

Does this project comply with the with the standards and goals set forth in the 2020 Nevada Climate Strategy and the goals for the reduction of greenhouse gas emissions set forth in NRS 445B.380 and 704.7820?

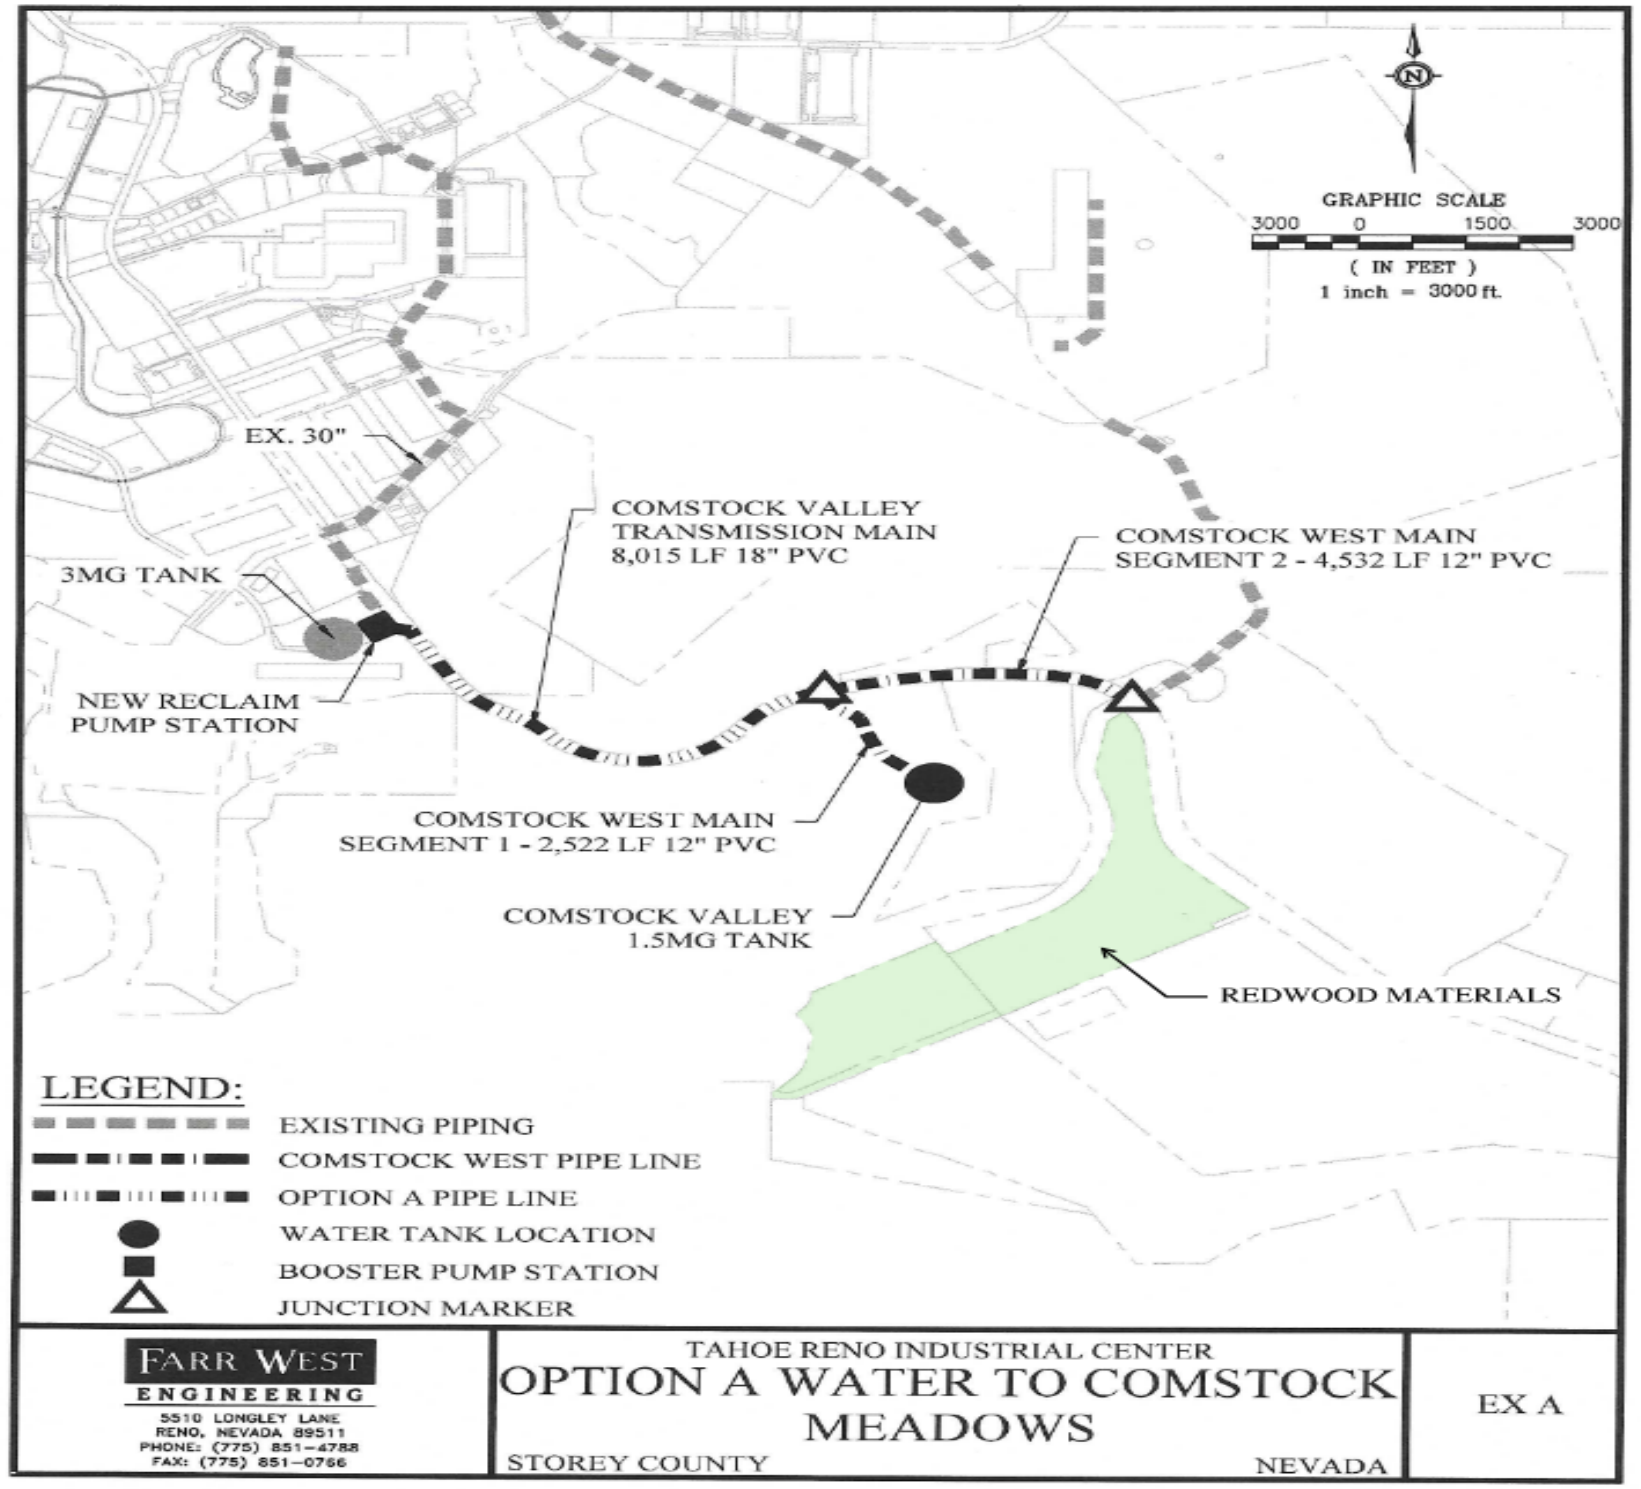
Project Highlights

- Project: Expand Tahoe Reno Industrial Center (TRI Center) treated effluent distribution infrastructure to serve Comstock Meadows.
- Purpose: Expand TRI Center industrial capacity by providing non-potable processing and cooling water, surpassing limitations of potable water sources allocated by the state of Nevada.
- Reclaimed water for industrial purposes is a sustainable initiative that:
  - limits the use of potable water.
  - increases economic development without depleting water in the region
  - doesn't burden existing infrastructure access
- Background:
  - TRI General Improvement District (TRI GID) is a political subdivision of the State of Nevada, designated to receive and distribute process water within the TRI Center.
  - TRI GID has allocated and sold 10,000 acre-ft/year of effluent water rights to TRI Center landowners for industrial uses.
  - TRI GID's effluent distribution infrastructure does not currently extend into the Comstock Meadows area of TRI Center, which compromises their ability to deliver allocated water.

Project History

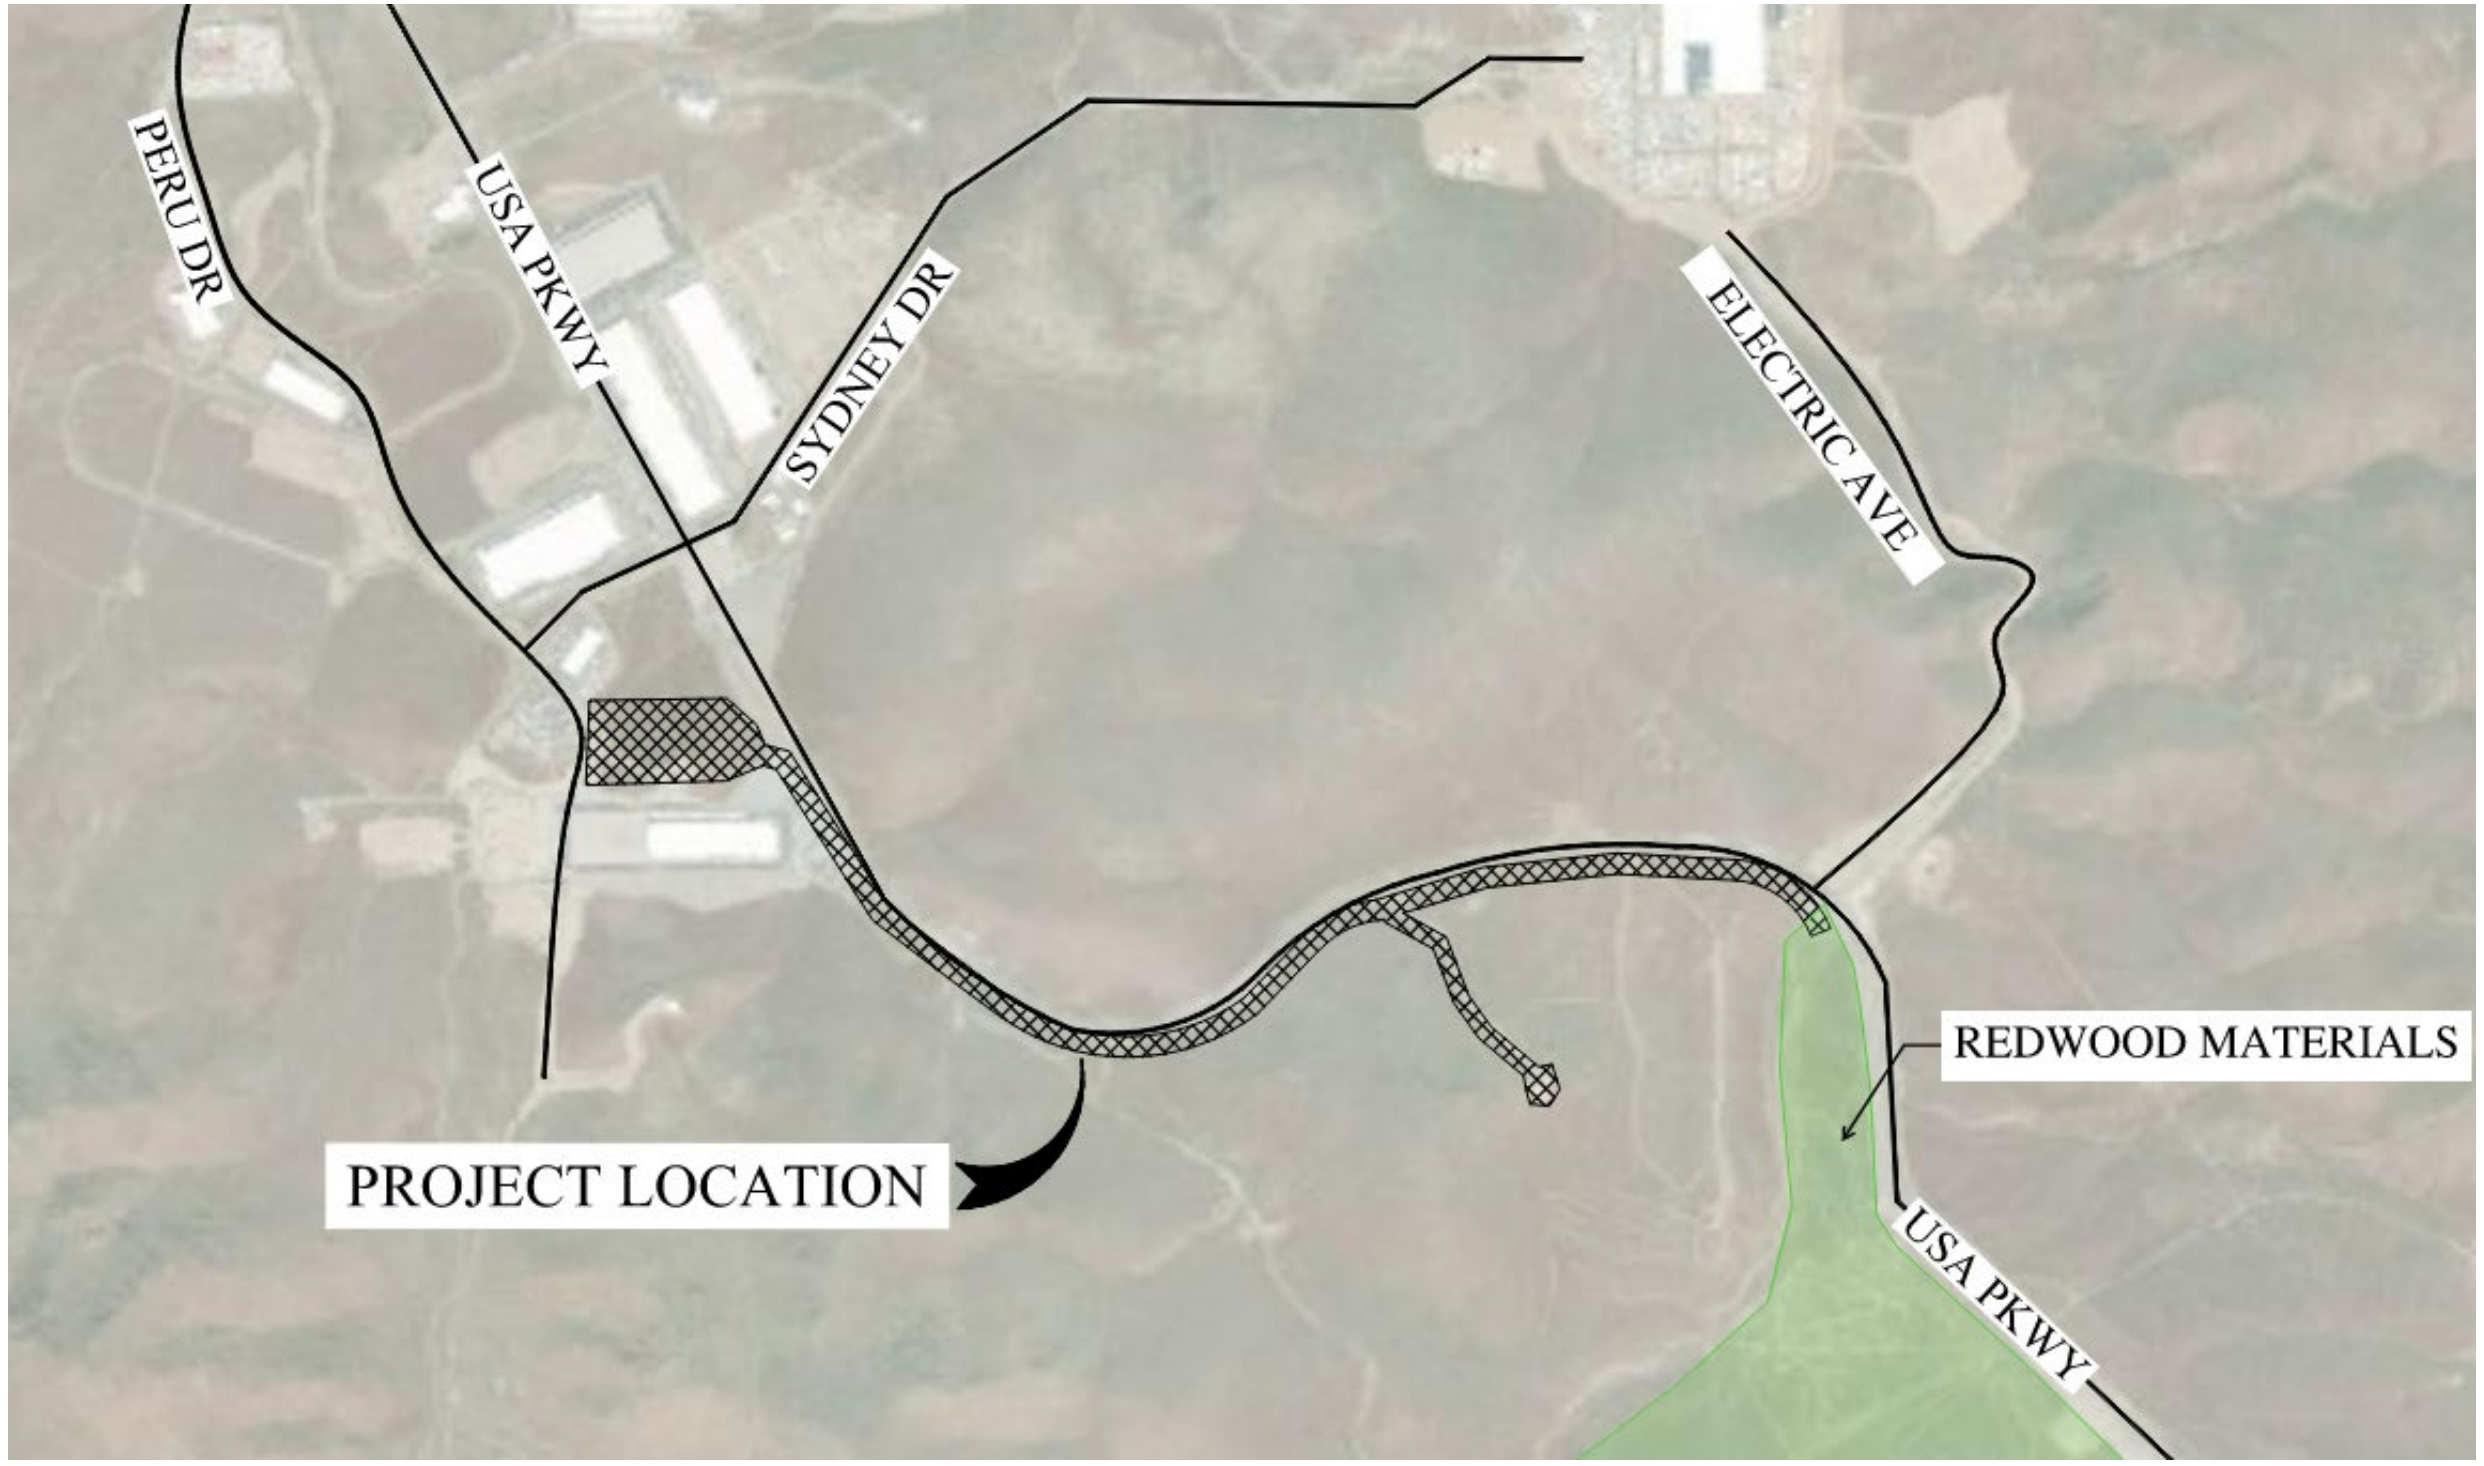
- TRI Center is home to 165 businesses.
- TMWRF (Truckee Meadows Water Reclamation Facility) extension was built to increase capacity at TMWRF and provide processed water to current and future TRI-GID companies.
- This extension saved the TMWRF (Washoe County) $150 million by diverting nitrate-rich water away from the Truckee River and toward companies. This was done in lieu of making sewer treatment plant upgrades.
- TRI-GID pond is reaching capacity and will be forced to remove processed water if increases in uses are not achieved. This may be a significant cost to TRI-GID and Storey County.

Project Details



Scope: New 1500 sf pump station, 1.2 million-gallon storage tank, and three miles of 24” diameter transmission main piping.

System Capacity: 2400 acre-ft/year (1500 gpm) initially, expandable to 4800 acre-ft/year (3000 gpm) with future pump installation.



Effluent Rights (cannot be delivered currently) and Utility Demands:

- Redwood Materials effluent water rights: 550 acre-ft/year (340 gpm)
- Effluent water rights owned by other Comstock Valley landowners: 2500 acre-ft/year.
- Project Cost (est): $15,000,000
- Project Timeline (est): October 2024 start, September 2025 completion
- At completion of project the line will be dedicated to TRI-GID for operation.

Independent Accountants' Review Report

To the Board of Trustees of the
Economic Development Authority of Western Nevada

We have reviewed the accompanying financial statements of the Economic Development Authority of Western Nevada (a nonprofit organization), which comprise the consolidated statement of assets, liabilities, and net assets – cash basis as of June 30, 2020, and the related consolidated statement of support and revenue, expenses, and change in net assets – cash basis for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

Accountants' Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with the cash basis of accounting. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountants' Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with the cash basis of accounting.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared in accordance with the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our conclusion is not modified with respect to this matter.

Supplementary Information

The supplementary information included in Schedules No. 1 and No. 2 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The supplementary information has been subjected to the review procedures applied in our review of the basic financial statements. We are not aware of any material modifications that should be made to the supplementary information. We have not audited the supplementary information and do not express an opinion on such information.

The accompanying annual budget included in Schedule No. 1 for the year ended June 30, 2020, has not been reviewed or audited by us and we do not express an opinion or any other form of assurance on it.

ECONOMIC DEVELOPMENT AUTHORITY OF WESTERN NEVADA
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2020
(See Independent Accountants' Review Report)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations:

The purpose of the Economic Development Authority of the Western Nevada ("EDAWN") is to promote, develop, implement, and manage all aspects of an economic diversification program to include business retention, the expansion of existing industry, the acquisitions of new industry, and to operate and maintain one or more federally approved foreign trade zones within the state of Nevada for the purpose of expanding international trade opportunities for the businesses of the citizens of the state of Nevada. Financing is provided primarily by membership dues from private enterprises and grants from state and local governmental entities. Annual grants are generally available for unrestricted use in the related year unless specifically restricted by the grantor.

Principles of Consolidation:

The consolidated financial statements include the accounts of EDAWN and the Economic Development Foundation of Greater Reno Tahoe ("the Foundation"). The Foundation is consolidated since EDAWN has both an economic interest in the Foundation and control of the Foundation through a majority voting interest in its governing board. All material inter-organization transactions and balances have been eliminated.

Basis of Accounting:

The financial statements have been prepared using the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Revenue and the related assets, therefore, are recognized when received rather than earned, and expenses are recognized when paid rather than when the obligations are incurred.

Basis of Presentation:

The financial statement presentation follows the recommendation of the Not-for-Profit Entities Presentation of Financial Statements topic of the Financial Accounting Standards Board Accounting Standards Codification (ASC). Under the Not-for-Profit Entities Presentation of Financial Statements topic of the Financial Accounting Standards Board Accounting Standards Codification, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: 1) unrestricted net assets, which represents the expendable resources that are available for operations at management's discretion; 2) temporarily restricted net assets, which represents resources restricted by donors as to purpose or by the passage of time, and 3) permanently restricted net assets, which represents resources whose use by the organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization. As of June 30, 2020, the Organization had $978,575 in unrestricted net assets, $20,255 in temporarily restricted net assets, and $0 in permanently restricted net assets.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents:

EDAWN's cash and cash equivalents are recorded at cost, which approximates fair value. The Organization considers highly liquid instruments purchased with maturity of three months or less to be cash equivalents.

Capital Expenditures:

Under the cash basis of accounting, all expenditures of a capital nature are recognized as current period costs.

Revenue Recognition:

Grants and dues are recognized as revenue when received. EDAWN enters several exchanges of nonmonetary assets of services with other unaffiliated entities. EDAWN records all nonmonetary amounts of services received at fair market value of the asset or service received at the time of the transaction.

Federal Income Taxes:

EDAWN is classified as a tax-exempt organization under the provisions of the Internal Revenue Code Section 501(c)(6). The Foundation is classified as a tax-exempt organization under the provisions of Internal Revenue Code Section 501(c)(3). Accordingly, the organization is subject to federal income taxes only on net unrelated business income. EDAWN did not have unrelated business income for the year ended June 30, 2020.

The provisions of the Income Tax topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) clarify the accounting for uncertainty in tax positions and prescribe guidance related to the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The tax benefit from an uncertain tax position is only recognized in financial statements if the tax position is more likely than not to be sustained upon examination, based on the technical merits of the position. Interest and penalties, if any, are included in expenses in the Statement of Activities. As of June 30, 2020, the Organization had no uncertain tax positions that qualify for recognition or disclosure in the financial statements.

The Organization files income tax returns in the U.S. federal jurisdiction. The Organization is no longer subject to U.S. federal income tax examinations by tax authorities for years before 2016.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Advertising Costs:

The Organization expenses advertising costs as they are incurred and paid. Total advertising costs for the year ended June 30, 2020 were $171,149.

Compensated Absences:

Employees of EDAWN are entitled to paid vacation, paid sick days, and personal days off, depending on job classification, length of service, and other factors. It is impractical to estimate the amount of compensation for future absences, and, accordingly, no liability has been recorded in the accompanying financial statements. EDAWN's policy is to recognize the costs of compensated absences when actually paid to employees.

NOTE 2 – LONG-TERM DEBT

On April 16, 2020, the organization was granted a loan from Plumas Bank in the aggregate amount of $341,595 pursuant to the Paycheck Protection Program (the "PPP") under Division A, Title I of the CARES Act, which was enacted March 27, 2020.

The loan matures on April 16, 2022 and bears interest at a rate of 1.00% per annum, payable monthly commencing on November 16, 2020. The Note may be prepaid at any time prior to maturity with no prepayment penalties. Funds from the loan may only be used for payroll costs, costs used to continue group health care benefits, mortgage payments, rent, utilities, and interest on other debt obligations incurred before February 15, 2020. The organization intends to use the entire loan amount for qualifying expenses. Under the terms of the PPP, certain amounts of the loan may be forgiven if they are used for qualifying expenses as described in the CARES Act. Although forgiveness is a possibility; it is not certain. Therefore, the Note is reported according to the terms of the loan agreement.

Future maturities of long-term debt are as follows as of June 30, 2020:

2021	$ 150,234
2022	191,361
2023	-
2024	-
2025 and thereafter	-
	$ 341,595

The total interest paid for the year ended June 30, 2020 was $0.

NOTE 3 – OPERATING LEASES

On December 1, 2018 EDAWN entered into a new lease agreement for office space located on Ryland Street. The lease term is 60 months and is scheduled to expire on November 30, 2023. The total rent expense paid under this lease was $68,442 for the year ended June 30, 2020.

NOTE 3 – OPERATING LEASES (Continued)

On March 1, 2016, EDAWN entered into a lease agreement for a copy machine. The lease term is 60 months and is scheduled to expire on March 1, 2021. The total lease expense paid under this lease was $6,885 for the year ended June 30, 2020.

The following schedule shows future minimum lease payments required for the operating leases that have non-cancelable lease terms more than one year as of June 30, 2020:

2021	$ 75,039
2022	72,458
2023	74,661
2024	31,516
2025 and after	-
Total minimum lease payments	$ 253,674

NOTE 4 – CAPITAL LEASE

On September 15, 2016, EDAWN entered into a lease agreement for telephone equipment. The lease term is 60 months and is scheduled to expire September 14, 2021. The total expense paid under this lease was $6,307 for the year ended June 30, 2020. Since the financial statements are presented on the cash basis of accounting, the telephone equipment is not listed as an asset on the Consolidated Statement of Assets, Liabilities, and Net Assets, but rather the payments are expensed when paid.

The following schedule shows future minimum lease payments required for the capital lease that has a non-cancelable lease term more than one year as of June 30, 2020:

2021	$ 6,307
2022	1,051
2023	-
2024	-
2026 and after	-
Total minimum lease payments	$ 7,358

NOTE 5 – EMPLOYEE BENEFIT PLANS

EDAWN contributes to a simplified employee pension (SEP) plan on behalf of its employees. All full-time employees who have been employed by EDAWN for an entire year and who have received at least $300 in compensation in a given plan year are eligible. EDAWN contributes up to 8% of their salaries. EDAWN's percentage may be adjusted periodically at management's discretion. The expenditures made by EDAWN under these arrangements for the year ended June 30, 2020 totaled $113,806.

NOTE 6 – RELATED PARTIES

EDAWN engages in various transactions with member agencies which represent arms-length transactions. For the year ended June 30, 2020 total trade for services from related parties amounts to $42,193. Expenses paid to these member agencies are included in various expense categories and totaled $75,852. There are no amounts due to these related parties at June 30, 2020.

NOTE 7 – CONCENTRATION OF RISK

Concentration of Credit Risk:

EDAWN maintains cash accounts in commercial banks located in Nevada. The Federal Deposit Insurance Corporation (FDIC) insures up to $250,000 per depositor per bank. As of June 30, 2020, deposits exceeded the FDIC limits by $499,822.

Concentration of Revenue:

The Organization receives a large percentage of its revenue from programs within the state of Nevada. For the year ended June 30, 2020, EDAWN received 22% of its total support and revenues from the State of Nevada.

Concentration of Geographical Area:

The Organization's programs are concentrated in Reno and Sparks, Nevada. Revenue volume for the Organization may be affected by changes in the economic or other conditions of the area.

NOTE 8 – TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets carry specific, donor-imposed restrictions on the expenditure or other use of the contributed funds. Temporary restrictions expire due to the passage of time or due to certain actions taken by the Organization. The Foundation maintains assets that are restricted by use to a specific purpose or program. Net assets released from restriction for a specific purpose or program totaled $15,240 for the year ended June 30, 2020.

NOTE 9 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 5th, 2020, the date the financial statements were available to be issued. After June 30, 2020, the organization was notified funding from the State of Nevada would be reduced by $140,000 or 23.33% in the upcoming fiscal year.

Independent Accountants' Review Report

To the Board of Trustees of the
Economic Development Authority of Western Nevada

We have reviewed the accompanying financial statements of the Economic Development Authority of Western Nevada (a nonprofit organization), which comprise the consolidated statement of assets, liabilities, and net assets – cash basis as of June 30, 2019, and the related consolidated statement of support and revenue, expenses, and change in net assets – cash basis for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

Accountants' Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with the cash basis of accounting. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountants' Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with the cash basis of accounting.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared in accordance with the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our conclusion is not modified with respect to this matter.

Supplementary Information

The supplementary information included in Schedules No. 1 and No. 2 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The supplementary information has been subjected to the review procedures applied in our review of the basic financial statements. We are not aware of any material modifications that should be made to the supplementary information. We have not audited the supplementary information and do not express an opinion on such information.

The accompanying annual budget included in Schedule No. 1 for the year ended June 30, 2019, has not been reviewed or audited by us and we do not express an opinion or any other form of assurance on it.

ECONOMIC DEVELOPMENT AUTHORITY OF WESTERN NEVADA
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2019
(See Independent Accountants' Review Report)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations:

The purpose of the Economic Development Authority of the Western Nevada ("EDAWN") is to promote, develop, implement, and manage all aspects of an economic diversification program to include business retention, the expansion of existing industry, the acquisitions of new industry, and to operate and maintain one or more federally approved foreign trade zones within the state of Nevada for the purpose of expanding international trade opportunities for the businesses of the citizens of the state of Nevada. Financing is provided primarily by membership dues from private enterprises and grants from state and local governmental entities. Annual grants are generally available for unrestricted use in the related year unless specifically restricted by the grantor.

Principles of Consolidation:

The consolidated financial statements include the accounts of EDAWN and the Economic Development Foundation of Greater Reno Tahoe ("the Foundation"). The Foundation is consolidated since EDAWN has both an economic interest in the Foundation and control of the Foundation through a majority voting interest in its governing board. All material inter-organization transactions and balances have been eliminated.

Basis of Accounting:

The financial statements have been prepared using the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Revenue and the related assets, therefore, are recognized when received rather than earned, and expenses are recognized when paid rather than when the obligations are incurred.

Basis of Presentation:

The financial statement presentation follows the recommendation of the Not-for-Profit Entities Presentation of Financial Statements topic of the Financial Accounting Standards Board Accounting Standards Codification (ASC). Under the Not-for-Profit Entities Presentation of Financial Statements topic of the Financial Accounting Standards Board Accounting Standards Codification, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: 1) unrestricted net assets, which represents the expendable resources that are available for operations at management's discretion; 2) temporarily restricted net assets, which represents resources restricted by donors as to purpose or by the passage of time, and 3) permanently restricted net assets, which represents resources whose use by the organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization. As of June 30, 2019, the Organization had $892,486 in unrestricted net assets, $30,795 in temporarily restricted net assets, and $0 in permanently restricted net assets.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents:

EDAWN's cash and cash equivalents are recorded at cost, which approximates fair value. The Organization considers highly liquid instruments purchased with maturity of three months or less to be cash equivalents.

Capital Expenditures:

Under the cash basis of accounting, all expenditures of a capital nature are recognized as current period costs.

Revenue Recognition:

Grants and dues are recognized as revenue when received. EDAWN enters into several exchanges of nonmonetary assets of services with other unaffiliated entities. EDAWN records all nonmonetary amounts of services received at fair market value of the asset or service received at the time of the transaction.

Federal Income Taxes:

EDAWN is classified as a tax-exempt organization under the provisions of the Internal Revenue Code Section 501(c)(6). The Foundation is classified as a tax-exempt organization under the provisions of Internal Revenue Code Section 501(c)(3). Accordingly, the organization is subject to federal income taxes only on net unrelated business income. EDAWN did not have unrelated business income for the year ended June 30, 2019.

The provisions of the Income Tax topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) clarify the accounting for uncertainty in tax positions and prescribe guidance related to the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The tax benefit from an uncertain tax position is only recognized in financial statements if the tax position is more likely than not to be sustained upon examination, based on the technical merits of the position. Interest and penalties, if any, are included in expenses in the Statement of Activities. As of June 30, 2019, the Organization had no uncertain tax positions that qualify for recognition or disclosure in the financial statements.

The Organization files income tax returns in the U.S. federal jurisdiction. The Organization is no longer subject to U.S. federal income tax examinations by tax authorities for years before 2015.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Advertising Costs:

The Organization expenses advertising costs as they are incurred and paid. Total advertising costs for the year ended June 30, 2019 were $231,549.

Compensated Absences:

Employees of EDAWN are entitled to paid vacation, paid sick days, and personal days off, depending on job classification, length of service, and other factors. It is impractical to estimate the amount of compensation for future absences, and, accordingly, no liability has been recorded in the accompanying financial statements. EDAWN's policy is to recognize the costs of compensated absences when actually paid to employees.

NOTE 2 – OPERATING LEASES

On November 1, 2010, EDAWN entered into a lease agreement for office space located on Neil Road. The lease term was 60 months and was scheduled to expire November 30, 2015. On August 18, 2015 EDAWN entered into an agreement extending the lease. The lease commenced on December 1, 2015 for a term of three years and ended on November 30, 2018. The total rent expense paid under this lease was $34,749 for the year ended June 30, 2019.

On December 1, 2018 EDAWN entered into a new lease agreement for office space located on Ryland Street. The lease term is 60 months and is scheduled to expire on November 30, 2023. The total rent expense paid under this lease was $39,074 for the year ended June 30, 2019.

On March 1, 2016, EDAWN entered into a lease agreement for a copy machine. The lease term is 60 months and is scheduled to expire on March 1, 2021. The total lease expense paid under this lease was $6,885 for the year ended June 30, 2019.

The following schedule shows future minimum lease payments required for the operating leases that have non-cancelable lease terms in excess of one year as of June 30, 2019:

2020	$ 75,327
2021	75,039

2023	74,661
2024	31,516
2025 and thereafter	-
Total minimum lease payments	$329,001

NOTE 3 – CAPITAL LEASE

On September 15, 2016, EDAWN entered into a lease agreement for telephone equipment. The lease term is 60 months and is scheduled to expire September 14, 2021. The total expense paid under this lease was $6,307 for the year ended June 30, 2019. Since the financial statements are presented on the cash basis of accounting, the telephone equipment is not listed as an asset on

the Consolidated Statement of Assets, Liabilities, and Net Assets, but rather the payments are expensed when paid.

The following schedule shows future minimum lease payments required for the capital lease that has a non-cancelable lease term in excess of one year as of June 30, 2019:

2020	$ 6,307
2021	6,307
2022	1,051
2023	-
2024	-
2025 and thereafter	-
Total minimum lease payments	$13,665

NOTE 4 – EMPLOYEE BENEFIT PLANS

EDAWN contributes to a simplified employee pension (SEP) plan on behalf of its employees. All full-time employees who have been employed by EDAWN for an entire year and who have received at least $300 in compensation in a given plan year are eligible. EDAWN contributes up to 8% of their salaries. EDAWN's percentage may be adjusted periodically at management's discretion. The expenditures made by EDAWN under these arrangements for the year ended June 30, 2019 totaled $107,456.

NOTE 5 – RELATED PARTIES

EDAWN engages in various transactions with member agencies which represent arms-length transactions. For the year ended June 30, 2019 total trade for services from related parties amounts to $55,750. Expenses paid to these member agencies are included in various expense categories and totaled $108,407. There are no amounts due to these related parties at June 30, 2019.

NOTE 6 – CONCENTRATION OF RISK

Concentration of Credit Risk:

EDAWN maintains cash accounts in commercial banks located in Nevada. The Federal Deposit Insurance Corporation (FDIC) insures up to $250,000 per depositor per bank. As of June 30, 2019, deposits exceeded the FDIC limits by $212,536.

The Organization receives a large percentage of its revenue from programs within the state of Nevada. For the year ended June 30, 2019, EDAWN received 22% of its total support and revenues from the State of Nevada.

NOTE 6 – CONCENTRATION OF RISK (CONTINUED)

Concentration of Geographical Area:

The Organization's programs are concentrated in Reno and Sparks, Nevada. Revenue volume for the Organization may be affected by changes in the economic or other conditions of the area.

NOTE 7 – TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets carry specific, donor-imposed restrictions on the expenditure or other use of the contributed funds. Temporary restrictions expire due to the passage of time or due to certain actions taken by the Organization. The Foundation maintains assets that are restricted by use to a specific purpose or program. Net assets released from restriction for a specific purpose or program totaled $17,611 for the year ended June 30, 2019.

NOTE 8 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 30, 2019, the date the financial statements were available to be issued.

Exhibit 3

In return for constructing the water system facilities, TRIGID agreed to reimburse Redwood as provided in Section 4.4 of the Water Rules, which provides in pertinent part:

To the extent that any of said water system facilities are oversized beyond the Customer's needs, TRIGID shall reimburse the Customer from connection charges collected from subsequent customers using said facilities or provide Customer a credit therefor from connection charges.

The above referenced language will require purchasers of the additional capacity to pay for the proportional infrastructure costs that will be directed to the principal loan amount, if approved and executed by the State Infrastructure Board.

Redwood's intended use of the project is less than 10% of the total capacity. The 90% available capacity may be utilized by other users at the completion of the project.

Total Loan Amount = $15.5 million
Redwood's Capacity = $1.5 million

While the amount and timing of reimbursement is not guaranteed, Section 4.4 does provide a mechanism to recoup costs. The potential purchase of additional capacity from subsequent customers could amount to $14.5 million in reimbursements of funds received for the proposed infrastructure being constructed through the State Infrastructure Bank loan.

Independent Accountants' Review Report

To the Board of Trustees of the
Economic Development Authority of Western Nevada

We have reviewed the accompanying consolidated financial statements of the Economic Development Authority of Western Nevada (a nonprofit organization), which comprise the consolidated statement of assets, liabilities, and net assets – cash basis as of June 30, 2021, and the related consolidated statement of support and revenue, expenses, and change in net assets – cash basis for the year then ended, and the related notes to the consolidated financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the cash basis of accounting; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the consolidated financial statements that are free from material misstatement whether due to fraud or error.

Accountants' Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the consolidated financial statements for them to be in accordance with the cash basis of accounting. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountants' Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying consolidated financial statements in order for them to be in accordance with the cash basis of accounting.

Basis of Accounting

We draw attention to Note 1 of the consolidated financial statements, which describes the basis of accounting. The consolidated financial statements are prepared in accordance with the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our conclusion is not modified with respect to this matter.

Supplementary Information

The supplementary information included in Schedules No. 1 and No. 2 is presented for purposes of additional analysis and is not a required part of the basic consolidated financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the consolidated financial statements. The supplementary information has been subjected to the review procedures applied in our review of the basic financial statements. We are not aware of any material modifications that should be made to the supplementary information. We have not audited the supplementary information and do not express an opinion on such information.

The accompanying annual budget included in Schedule No. 1 for the year ended June 30, 2021, has not been reviewed or audited by us and we do not express an opinion or any assurance on it.

ECONOMIC DEVELOPMENT AUTHORITY OF WESTERN NEVADA
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2021
(See Independent Accountants' Review Report)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations:

The purpose of the Economic Development Authority of the Western Nevada ("EDAWN") is to promote, develop, implement, and manage all aspects of an economic diversification program to include business retention, the expansion of existing industry, the acquisitions of new industry, and to operate and maintain one or more federally approved foreign trade zones within the state of Nevada for the purpose of expanding international trade opportunities for the businesses of the citizens of the state of Nevada. Financing is provided primarily by membership dues from private enterprises and grants from state and local governmental entities. Annual grants are generally available for unrestricted use in the related year unless specifically restricted by the grantor.

Principles of Consolidation:

The consolidated financial statements include the accounts of EDAWN and the Economic Development Foundation of Greater Reno Tahoe ("the Foundation"). The Foundation is consolidated since EDAWN has both an economic interest in the Foundation and control of the Foundation through a majority voting interest in its governing board. All material inter-organization transactions and balances have been eliminated.

Basis of Accounting:

The consolidated financial statements have been prepared using the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Revenue and the related assets, therefore, are recognized when received rather than earned, and expenses are recognized when paid rather than when the obligations are incurred.

Basis of Presentation:

The consolidated financial statement presentation follows the recommendation of the Not-for-Profit Entities Presentation of Financial Statements topic of the Financial Accounting Standards Board Accounting Standards Codification (ASC). Under the Not-for-Profit Entities Presentation of Financial Statements topic of the Financial Accounting Standards Board Accounting Standards Codification, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: 1) unrestricted net assets, which represents the expendable resources that are available for operations at management's discretion; 2) temporarily restricted net assets, which represents resources restricted by donors as to purpose or by the passage of time, and 3) permanently restricted net assets, which represents resources whose use by the organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization. As of June 30, 2021, the Organization had $1,249,217 in unrestricted net assets, $25,548 in temporarily restricted net assets, and $0 in permanently restricted net assets.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents:

EDAWN's cash and cash equivalents are recorded at cost, which approximates fair value. The Organization considers highly liquid instruments purchased with maturity of three months or less to be cash equivalents.

Capital Expenditures:

Under the cash basis of accounting, all expenditures of a capital nature are recognized as current period costs.

Revenue Recognition:

Grants and dues are recognized as revenue when received. EDAWN enters several exchanges of nonmonetary assets of services with other unaffiliated entities. EDAWN records all nonmonetary amounts of services received at fair market value of the asset or service received at the time of the transaction.

Federal Income Taxes:

EDAWN is classified as a tax-exempt organization under the provisions of the Internal Revenue Code Section 501(c)(6). The Foundation is classified as a tax-exempt organization under the provisions of Internal Revenue Code Section 501(c)(3). Accordingly, the organization is subject to federal income taxes only on net unrelated business income. EDAWN did not have unrelated business income for the year ended June 30, 2021.

The provisions of the Income Tax topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) clarify the accounting for uncertainty in tax positions and prescribe guidance related to the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The tax benefit from an uncertain tax position is only recognized in financial statements if the tax position is more likely than not to be sustained upon examination, based on the technical merits of the position. Interest and penalties, if any, are included in expenses in the Statement of Activities. As of June 30, 2021, the Organization had no uncertain tax positions that qualify for recognition or disclosure in the financial statements.

The Organization files income tax returns in the U.S. federal jurisdiction. The Organization is no longer subject to U.S. federal income tax examinations by tax authorities for years before 2017.

Advertising Costs:

The Organization expenses advertising costs as they are incurred and paid. Total advertising costs for the year ended June 30, 2021 were $191,811.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences:

Employees of EDAWN are entitled to paid vacation, paid sick days, and personal days off, depending on job classification, length of service, and other factors. It is impractical to estimate the amount of compensation for future absences, and, accordingly, no liability has been recorded in the accompanying financial statements. EDAWN's policy is to recognize the costs of compensated absences when actually paid to employees.

NOTE 2 – LONG-TERM DEBT

On April 16, 2020, the organization was granted a loan from Plumas Bank in the aggregate amount of $341,595 pursuant to the Paycheck Protection Program (the "PPP") under Division A, Title I of the CARES Act, which was enacted March 27, 2020.

The loan was forgiven in full in fiscal year 2021. Funds from the loan were used in accordance with rules to achieve forgiveness which included payroll costs, costs used to continue group health care benefits, rent, and utilities.

The organization has no long-term debt as of June 30, 2021.

The total interest paid for the year ended June 30, 2021 was $0.

NOTE 3 – OPERATING LEASES

On December 1, 2018, EDAWN entered into a new lease agreement for office space located on Ryland Street. The lease term is 60 months and is scheduled to expire on November 30, 2023. The total rent expense paid under this lease was $70,449 for the year ended June 30, 2021.

On March 1, 2016, EDAWN entered into a lease agreement for a copy machine. The lease term was 60 months and expired on February 28, 2021. The total expense paid under this lease was $4,590 for the year ended June 30, 2021.

On February 3, 2021, EDAWN entered into a lease agreement for a copy machine. The lease term is 48 months and expires on February 28, 2025. The total expense paid under this lease was $1,762 for the year ended June 30, 2021.

NOTE 3 – OPERATING LEASES (Continued)

The following schedule shows future minimum lease payments required for the operating leases that have non-cancelable lease terms more than one year as of June 30, 2021:

2022	$ 77,742
2023	79,945
2024	36,800
2025	3,523
2026 and after	-
Total minimum lease payments	$ 198,010

NOTE 4 – CAPITAL LEASE

On September 15, 2016, EDAWN entered into a lease agreement for telephone equipment. The lease term is 60 months and is scheduled to expire September 14, 2021. The total expense paid under this lease was $6,307 for the year ended June 30, 2021. Since the consolidated financial statements are presented on the cash basis of accounting, the telephone equipment is not listed as an asset on the Consolidated Statement of Assets, Liabilities, and Net Assets, but rather the payments are expensed when paid.

The following schedule shows future minimum lease payments required for the capital lease that has a non-cancelable lease term more than one year as of June 30, 2021:

2022	$ 1,051
2023	-
2024	-
2025	-
2026 and after	-
Total minimum lease payments	$ 1,051

NOTE 5 – EMPLOYEE BENEFIT PLANS

EDAWN contributes to a simplified employee pension (SEP) plan on behalf of its employees. All full-time employees who have been employed by EDAWN for an entire year and who have received at least $300 in compensation in a given plan year are eligible. EDAWN contributes up to 8% of their salaries. EDAWN's percentage may be adjusted periodically at management's discretion. The expenditures made by EDAWN under these arrangements for the year ended June 30, 2021 totaled $113,829.

NOTE 6 – RELATED PARTIES

EDAWN engages in various transactions with member agencies which represent arms-length transactions. For the year ended June 30, 2021, total trade for services from related parties amounts to $33,000. Expenses paid to these member agencies are included in various expense categories and totaled $294,710. There are no amounts due to these related parties on June 30, 2021.

NOTE 7 – CONCENTRATION OF RISK

Concentration of Credit Risk:

EDAWN maintains cash accounts in commercial banks located in Nevada. The Federal Deposit Insurance Corporation (FDIC) insures up to $250,000 per depositor per bank. As of June 30, 2021, deposits exceeded the FDIC limits by $308,572.

Concentration of Revenue:

The Organization receives a large percentage of its revenue from programs within the state of Nevada. For the year ended June 30, 2021, EDAWN received 16% of its total support and revenues from the State of Nevada.

Concentration of Geographical Area:

The Organization's programs are concentrated in Reno and Sparks, Nevada. Revenue volume for the Organization may be affected by changes in the economic or other conditions of the area.

NOTE 8 – TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets carry specific, donor-imposed restrictions on the expenditure or other use of the contributed funds. Temporary restrictions expire due to the passage of time or due to certain actions taken by the Organization. The Foundation maintains assets that are restricted by use to a specific purpose or program. Net assets released from restriction for a specific purpose or program totaled $7,457 for the year ended June 30, 2021.

NOTE 9 – PRIOR-PERIOD ADJUSTMENT

Net assets as of the beginning of the fiscal year have been adjusted to decrease the State of Nevada pass through liability for deposits that should have increased grant revenues in prior years. The correction has no effect on the results of the current year's activities, and the cumulative effect increased net assets by $71,400.

NOTE 10 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 6th, 2021, the date the financial statements were available to be issued. No events occurred which could materially affect the financial statements.

Independent Accountants' Review Report

To the Board of Trustees of the
Economic Development Authority of Western Nevada

We have reviewed the accompanying consolidated financial statements of the Economic Development Authority of Western Nevada (a nonprofit organization), which comprise the consolidated statement of assets, liabilities, and net assets – cash basis as of June 30, 2023, and the related consolidated statement of support and revenue, expenses, and change in net assets – cash basis for the year then ended, and the related notes to the consolidated financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the cash basis of accounting; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the consolidated financial statements that are free from material misstatement whether due to fraud or error.

Accountants' Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the consolidated financial statements for them to be in accordance with the cash basis of accounting. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of the Economic Development Authority of Western Nevada and to meet our ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Accountants' Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying consolidated financial statements in order for them to be in accordance with the cash basis of accounting.

Basis of Accounting

We draw attention to Note 1 of the consolidated financial statements, which describes the basis of accounting. The consolidated financial statements are prepared in accordance with the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our conclusion is not modified with respect to this matter.

Supplementary Information

The supplementary information included in Schedules No. 1 and No. 2 is presented for purposes of additional analysis and is not a required part of the basic consolidated financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the consolidated financial statements. The supplementary information has been subjected to the review procedures applied in our review of the basic financial statements. We are not aware of any material modifications that should be made to the supplementary information. We have not audited the supplementary information and do not express an opinion on such information.

The accompanying annual budget included in Schedule No. 1 for the year ended June 30, 2023, has not been reviewed or audited by us and we do not express an opinion or any assurance on it.

ECONOMIC DEVELOPMENT AUTHORITY OF WESTERN NEVADA
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2023
(See Independent Accountants' Review Report)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations:

The purpose of the Economic Development Authority of the Western Nevada ("EDAWN") is to promote, develop, implement, and manage all aspects of an economic diversification program to include business retention, the expansion of existing industry, the acquisitions of new industry, and to operate and maintain one or more federally approved foreign trade zones within the state of Nevada for the purpose of expanding international trade opportunities for the businesses of the citizens of the state of Nevada. Financing is provided primarily by membership dues from private enterprises and grants from state and local governmental entities. Annual grants are generally available for unrestricted use in the related year unless specifically restricted by the grantor.

Principles of Consolidation:

The consolidated financial statements include the accounts of EDAWN and the Economic Development Foundation of Greater Reno Tahoe ("the Foundation"). The Foundation is consolidated since EDAWN has both an economic interest in the Foundation and control of the Foundation through a majority voting interest in its governing board. All material inter-organization transactions and balances have been eliminated.

Basis of Accounting:

The consolidated financial statements have been prepared using the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Revenue and the related assets, therefore, are recognized when received rather than earned, and expenses are recognized when paid rather than when the obligations are incurred.

Basis of Presentation:

The consolidated financial statement presentation follows the recommendation of the Not-for-Profit Entities Presentation of Financial Statements topic of the Financial Accounting Standards Board Accounting Standards Codification (ASC). Under the Not-for-Profit Entities Presentation of Financial Statements topic of the Financial Accounting Standards Board Accounting Standards Codification, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: 1) unrestricted net assets, which represents the expendable resources that are available for operations at management's discretion; 2) temporarily restricted net assets, which represents resources restricted by donors as to purpose or by the passage of time, and 3) permanently restricted net assets, which represents resources whose use by the organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization. As of June 30, 2023, the Organization had $966,767 in unrestricted net assets, $13,922 in temporarily restricted net assets, and $0 in permanently restricted net assets.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents:

EDAWN's cash and cash equivalents are recorded at cost, which approximates fair value. The Organization considers highly liquid instruments purchased with maturity of three months or less to be cash equivalents.

Capital Expenditures:

Under the cash basis of accounting, all expenditures of a capital nature are recognized as current period costs.

Revenue Recognition:

Grants and dues are recognized as revenue when received. EDAWN enters into several exchanges of nonmonetary assets of services with other unaffiliated entities. EDAWN records all nonmonetary amounts of services received at fair market value of the asset or service received at the time of the transaction.

Federal Income Taxes:

EDAWN is classified as a tax-exempt organization under the provisions of the Internal Revenue Code Section 501(c)(6). The Foundation is classified as a tax-exempt organization under the provisions of Internal Revenue Code Section 501(c)(3). Accordingly, the organization is subject to federal income taxes only on net unrelated business income. EDAWN did not have unrelated business income for the year ended June 30, 2023.

The provisions of the Income Tax topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) clarify the accounting for uncertainty in tax positions and prescribe guidance related to the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The tax benefit from an uncertain tax position is only recognized in financial statements if the tax position is more likely than not to be sustained upon examination, based on the technical merits of the position. Interest and penalties, if any, are included in expenses in the Statement of Activities. As of June 30, 2023, the Organization had no uncertain tax positions that qualify for recognition or disclosure in the financial statements.

The Organization files income tax returns in the U.S. federal jurisdiction. The Organization is no longer subject to U.S. federal income tax examinations by tax authorities for years before 2019.

Advertising Costs:

The Organization expenses advertising costs as they are incurred and paid. Total advertising costs for the year ended June 30, 2023 were $112,628.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences:

Employees of EDAWN are entitled to paid vacation, paid sick days, and personal days off, depending on job classification, length of service, and other factors. It is impractical to estimate the amount of compensation for future absences, and, accordingly, no liability has been recorded in the accompanying financial statements. EDAWN's policy is to recognize the costs of compensated absences when actually paid to employees.

NOTE 2 – OPERATING LEASES

On December 1, 2018, EDAWN entered into a new lease agreement for office space located on Ryland Street. The lease term is 60 months and is scheduled to expire on November 30, 2023. The total rent expense paid under this lease was $77,711 for the year ended June 30, 2023.

On February 3, 2021, EDAWN entered into a lease agreement for a copy machine. The lease term is 48 months and expires on February 28, 2025. The total expense paid under this lease was $5,284 for the year ended June 30, 2023.

The following schedule shows future minimum lease payments required for the operating leases that have non-cancelable lease terms more than one year as of June 30, 2023:

2024	$ 36,800
2025	3,523
2026	-
2027	-
2028 and after	-
Total minimum lease payments	$ 40,323

NOTE 3 – EMPLOYEE BENEFIT PLANS

EDAWN contributes to a simplified employee pension (SEP) plan on behalf of its employees. All full-time employees who have been employed by EDAWN for an entire year and who have received at least $300 in compensation in a given plan year are eligible. EDAWN contributes up to 8% of their salaries. EDAWN's percentage may be adjusted periodically at management's discretion. The expenditures made by EDAWN under these arrangements for the year ended June 30, 2023 totaled $110,855.

NOTE 4 – RELATED PARTIES

EDAWN engages in various transactions with member agencies which represent arms-length transactions. For the year ended June 30, 2023, total trade for services from related parties amounts to $37,500. Expenses paid to these member agencies are included in various expense categories and totaled $223,822. There are no amounts due to these related parties on June 30, 2023.

NOTE 5 – CONCENTRATION OF RISK

Concentration of Credit Risk:

EDAWN maintains cash accounts in commercial banks located in Nevada. The Federal Deposit Insurance Corporation (FDIC) insures up to $250,000 per depositor per bank. As of June 30, 2023, deposits exceeded the FDIC limits by $72,506.

Concentration of Revenue:

The Organization receives a large percentage of its revenue from programs within the state of Nevada. For the year ended June 30, 2023, EDAWN received 17% of its total support and revenues from the State of Nevada.

Concentration of Geographical Area:

The Organization's programs are concentrated in Reno and Sparks, Nevada. Revenue volume for the Organization may be affected by changes in the economic or other conditions of the area.

NOTE 6 – TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets carry specific, donor-imposed restrictions on the expenditure or other use of the contributed funds. Temporary restrictions expire due to the passage of time or due to certain actions taken by the Organization. The Foundation maintains assets that are restricted by use to a specific purpose or program. Net assets released from restriction for a specific purpose or program totaled $16,221 for the year ended June 30, 2023.

NOTE 7 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through November 7, 2023, the date the financial statements were available to be issued. On October 20, 2023, the Organization entered into a new lease agreement for office space located at 50 West Liberty. The lease term is 63 months and is scheduled to expire on February 28, 2029.

The following schedule shows future minimum lease payments required for the operating leases that have non-cancelable lease terms more than one year as of June 30, 2023:

2024	$ 79,362
2025	77,763
2026	76,468
2027	78,762
2028 and after	136,488
Total minimum lease payments	$ 448,843

Independent Accountants' Review Report

To the Board of Trustees of the
Economic Development Authority of Western Nevada

We have reviewed the accompanying consolidated financial statements of the Economic Development Authority of Western Nevada (a nonprofit organization), which comprise the consolidated statement of assets, liabilities, and net assets – cash basis as of June 30, 2022, and the related consolidated statement of support and revenue, expenses, and change in net assets – cash basis for the year then ended, and the related notes to the consolidated financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the cash basis of accounting; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the consolidated financial statements that are free from material misstatement whether due to fraud or error.

Accountants' Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the consolidated financial statements for them to be in accordance with the cash basis of accounting. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of the Economic Development Authority of Western Nevada and to meet our ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Accountants' Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying consolidated financial statements in order for them to be in accordance with the cash basis of accounting.

Basis of Accounting

We draw attention to Note 1 of the consolidated financial statements, which describes the basis of accounting. The consolidated financial statements are prepared in accordance with the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our conclusion is not modified with respect to this matter.

Supplementary Information

The supplementary information included in Schedules No. 1 and No. 2 is presented for purposes of additional analysis and is not a required part of the basic consolidated financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the consolidated financial statements. The supplementary information has been subjected to the review procedures applied in our review of the basic financial statements. We are not aware of any material modifications that should be made to the supplementary information. We have not audited the supplementary information and do not express an opinion on such information.

The accompanying annual budget included in Schedule No. 1 for the year ended June 30, 2022, has not been reviewed or audited by us and we do not express an opinion or any assurance on it.

ECONOMIC DEVELOPMENT AUTHORITY OF WESTERN NEVADA
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2022
(See Independent Accountants' Review Report)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations:

The purpose of the Economic Development Authority of the Western Nevada ("EDAWN") is to promote, develop, implement, and manage all aspects of an economic diversification program to include business retention, the expansion of existing industry, the acquisitions of new industry, and to operate and maintain one or more federally approved foreign trade zones within the state of Nevada for the purpose of expanding international trade opportunities for the businesses of the citizens of the state of Nevada. Financing is provided primarily by membership dues from private enterprises and grants from state and local governmental entities. Annual grants are generally available for unrestricted use in the related year unless specifically restricted by the grantor.

Principles of Consolidation:

The consolidated financial statements include the accounts of EDAWN and the Economic Development Foundation of Greater Reno Tahoe ("the Foundation"). The Foundation is consolidated since EDAWN has both an economic interest in the Foundation and control of the Foundation through a majority voting interest in its governing board. All material inter-organization transactions and balances have been eliminated.

Basis of Accounting:

The consolidated financial statements have been prepared using the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Revenue and the related assets, therefore, are recognized when received rather than earned, and expenses are recognized when paid rather than when the obligations are incurred.

Basis of Presentation:

The consolidated financial statement presentation follows the recommendation of the Not-for-Profit Entities Presentation of Financial Statements topic of the Financial Accounting Standards Board Accounting Standards Codification (ASC). Under the Not-for-Profit Entities Presentation of Financial Statements topic of the Financial Accounting Standards Board Accounting Standards Codification, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: 1) unrestricted net assets, which represents the expendable resources that are available for operations at management's discretion; 2) temporarily restricted net assets, which represents resources restricted by donors as to purpose or by the passage of time, and 3) permanently restricted net assets, which represents resources whose use by the organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization. As of June 30, 2022, the Organization had $1,145,388 in unrestricted net assets, $16,143 in temporarily restricted net assets, and $0 in permanently restricted net assets.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents:

EDAWN's cash and cash equivalents are recorded at cost, which approximates fair value. The Organization considers highly liquid instruments purchased with maturity of three months or less to be cash equivalents.

Capital Expenditures:

Under the cash basis of accounting, all expenditures of a capital nature are recognized as current period costs.

Revenue Recognition:

Grants and dues are recognized as revenue when received. EDAWN enters into several exchanges of nonmonetary assets of services with other unaffiliated entities. EDAWN records all nonmonetary amounts of services received at fair market value of the asset or service received at the time of the transaction.

Federal Income Taxes:

EDAWN is classified as a tax-exempt organization under the provisions of the Internal Revenue Code Section 501(c)(6). The Foundation is classified as a tax-exempt organization under the provisions of Internal Revenue Code Section 501(c)(3). Accordingly, the organization is subject to federal income taxes only on net unrelated business income. EDAWN did not have unrelated business income for the year ended June 30, 2022.

The provisions of the Income Tax topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) clarify the accounting for uncertainty in tax positions and prescribe guidance related to the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The tax benefit from an uncertain tax position is only recognized in financial statements if the tax position is more likely than not to be sustained upon examination, based on the technical merits of the position. Interest and penalties, if any, are included in expenses in the Statement of Activities. As of June 30, 2022, the Organization had no uncertain tax positions that qualify for recognition or disclosure in the financial statements.

The Organization files income tax returns in the U.S. federal jurisdiction. The Organization is no longer subject to U.S. federal income tax examinations by tax authorities for years before 2018.

Advertising Costs:

The Organization expenses advertising costs as they are incurred and paid. Total advertising costs for the year ended June 30, 2022 were $152,382.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences:

Employees of EDAWN are entitled to paid vacation, paid sick days, and personal days off, depending on job classification, length of service, and other factors. It is impractical to estimate the amount of compensation for future absences, and, accordingly, no liability has been recorded in the accompanying financial statements. EDAWN's policy is to recognize the costs of compensated absences when actually paid to employees.

NOTE 2 – OPERATING LEASES

On December 1, 2018, EDAWN entered into a new lease agreement for office space located on Ryland Street. The lease term is 60 months and is scheduled to expire on November 30, 2023. The total rent expense paid under this lease was $75,962 for the year ended June 30, 2022.

On February 3, 2021, EDAWN entered into a lease agreement for a copy machine. The lease term is 48 months and expires on February 28, 2025. The total expense paid under this lease was $5,284 for the year ended June 30, 2022.

The following schedule shows future minimum lease payments required for the operating leases that have non-cancelable lease terms more than one year as of June 30, 2022:

2023	$ 79,945
2024	36,800
2025	3,523
2026	-
2027 and after	-
Total minimum lease payments	$ 120,268

NOTE 3 – CAPITAL LEASE

On September 15, 2016, EDAWN entered into a lease agreement for telephone equipment. The lease term is 60 months and expired September 14, 2021. The total expense paid under this lease was $1,051 for the year ended June 30, 2022. Since the consolidated financial statements are presented on the cash basis of accounting, the telephone equipment is not listed as an asset on the Consolidated Statement of Assets, Liabilities, and Net Assets, but rather the payments are expensed when paid.

NOTE 4 – EMPLOYEE BENEFIT PLANS

EDAWN contributes to a simplified employee pension (SEP) plan on behalf of its employees. All full-time employees who have been employed by EDAWN for an entire year and who have received at least $300 in compensation in a given plan year are eligible. EDAWN contributes up to 8% of their salaries. EDAWN's percentage may be adjusted periodically at management's discretion. The expenditures made by EDAWN under these arrangements for the year ended June 30, 2022 totaled $115,072.

NOTE 5 – RELATED PARTIES

EDAWN engages in various transactions with member agencies which represent arms-length transactions. For the year ended June 30, 2022, total trade for services from related parties amounts to $37,500. Expenses paid to these member agencies are included in various expense categories and totaled $257,104. There are no amounts due to these related parties on June 30, 2022.

NOTE 6 – CONCENTRATION OF RISK

Concentration of Credit Risk:

EDAWN maintains cash accounts in commercial banks located in Nevada. The Federal Deposit Insurance Corporation (FDIC) insures up to $250,000 per depositor per bank. As of June 30, 2022, deposits exceeded the FDIC limits by $235,177.

Concentration of Revenue:

The Organization receives a large percentage of its revenue from programs within the state of Nevada. For the year ended June 30, 2022, EDAWN received 18% of its total support and revenues from the State of Nevada.

Concentration of Geographical Area:

The Organization's programs are concentrated in Reno and Sparks, Nevada. Revenue volume for the Organization may be affected by changes in the economic or other conditions of the area.

NOTE 7 – TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets carry specific, donor-imposed restrictions on the expenditure or other use of the contributed funds. Temporary restrictions expire due to the passage of time or due to certain actions taken by the Organization. The Foundation maintains assets that are restricted by use to a specific purpose or program. Net assets released from restriction for a specific purpose or program totaled $11,552 for the year ended June 30, 2022.

NOTE 8 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through November 7, 2022, the date the financial statements were available to be issued. No events occurred which could materially affect the financial statements.

Re: Financing Repayment Support Letter for EDAWN's Financing Application with Nevada State Infrastructure Bank

Ladies and Gentlemen:

This letter is being provided in connection with Economic Development Authority of Western Nevada's application for a $15.5 million loan from the Nevada State Infrastructure Bank to fund the construction of certain water infrastructure in the Tahoe-Reno Industrial Center (the "**Loan**").

Pursuant to definitive agreements relating to the Loan to be negotiated and executed by the parties, Redwood Materials, Inc. will agree to be responsible for the payment in full of the principal amount of the Loan, and all accrued interest thereon, subject in all cases to the terms and conditions of such definitive agreements.

Sincerely,

REDWOOD MATERIALS, INC.

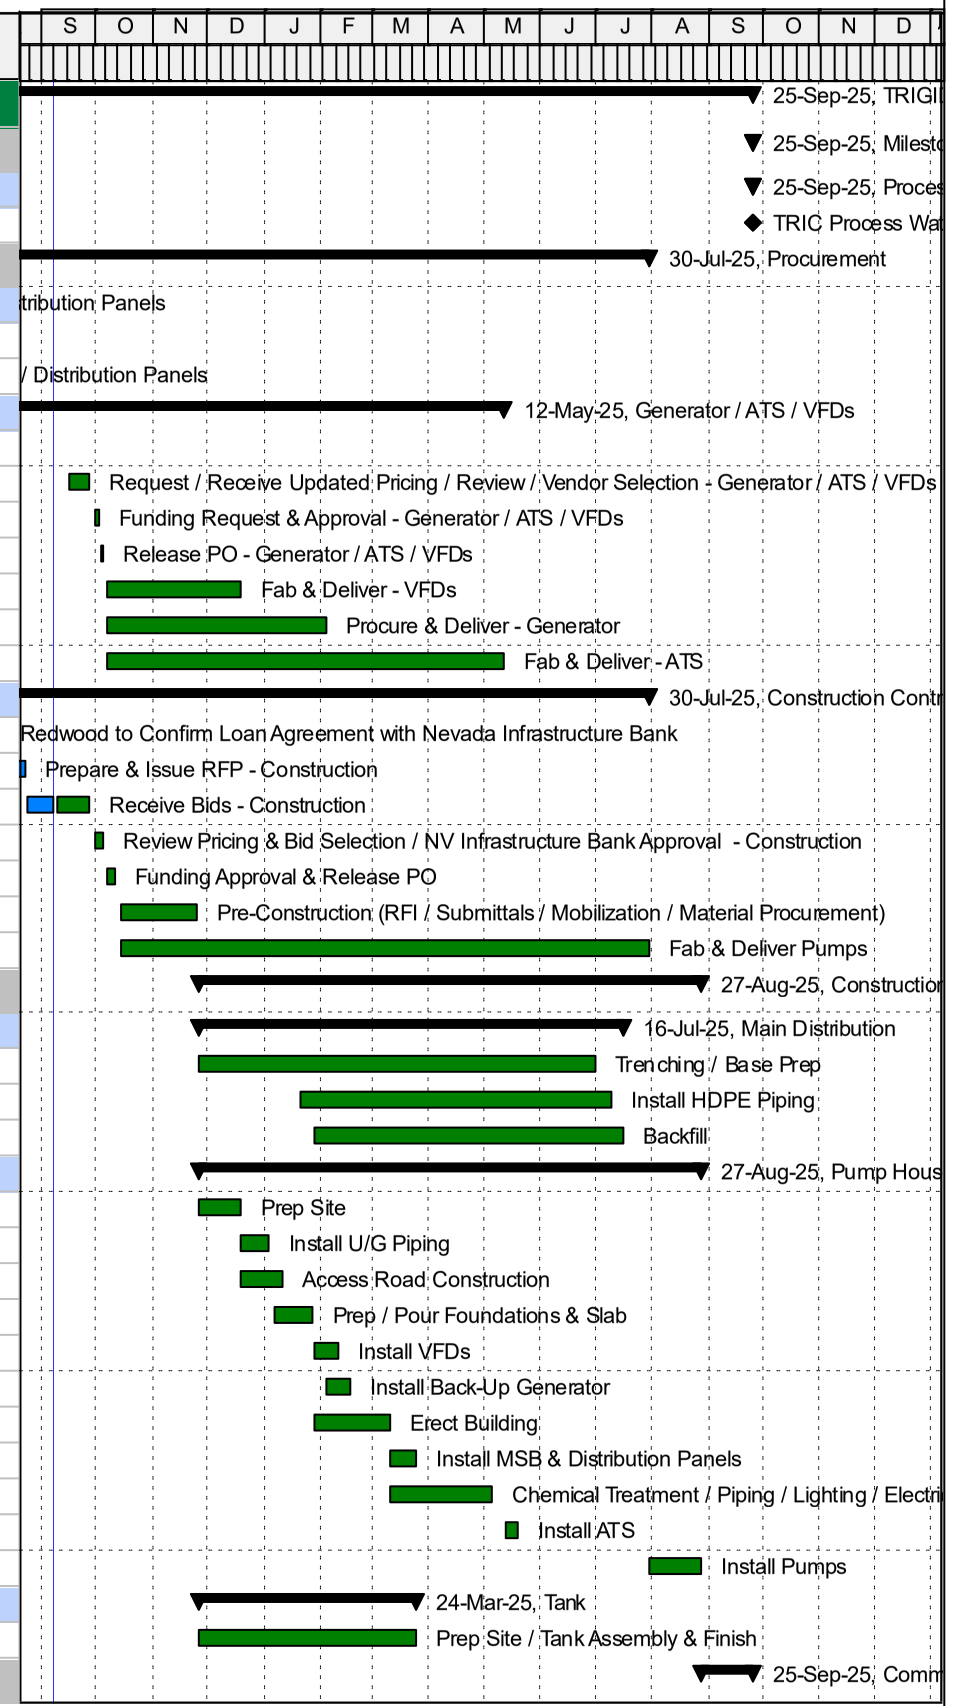
Redwood Process Exhibit 2B and Exhibit 12



At Redwood, we are building a circular supply chain for electric vehicles and clean energy products to make these technologies more sustainable while reducing the cost of batteries. Today, we receive over 20 GWh of lithium-ion batteries annually, equivalent to more than 250,000 cars or 40,000 metric tons of material. The vast majority of North America's recycled lithium-ion batteries come through our doors.
We are ramping up several recycling and refining processes we've developed in-house. Because of the wide range of feedstock we're receiving– everything from large packs from EVs and energy storage systems to small consumer electronics like wireless headphones and toothbrushes and even raw material– we don't believe in a one-size-fits-all approach. **We're focused on innovating across a variety of technologies that are sustainable, scalable, and economical.**

All of our material is processed in our hydrometallurgy process and some batteries begin the recycling process either in mechanical separation or in our calcination process, where our proprietary technology allows us to **make use of residual energy in the end-of-life battery to power the process without the use of any fossil fuels.**
In addition to the overall mission of Redwood and the products we're creating, our process uses **extremely energy efficient technology that sources only clean energy and has no waste streams or wastewater. Our processes are 100% electrically powered**, using only renewable energy and requiring no natural gas or other sources of fossil fuels**.** Our processes have **zero liquid discharge,** avoiding potential for contaminated process water exiting the site.

Because of our investments and the efficient design of our plants, **Redwood will reduce CO2 emissions by 83% annually** compared to the current Asia-based supply chain that we are dependent on for these crucial materials. Additional air pollutants typically associated with the high energy demands of an industrial facility will also be avoided due to these efficiency and renewable energy measures with the direct beneficiaries of this improved air quality.

To quantify our environmental impact, we invited a cross-discipline group of engineering professors and graduate students from **Stanford University**, who provided an objective lifecycle assessment (LCA) and compared our process to traditional mining methods. Their results showed when compared to traditional methods of processing mined ore into battery-grade materials, our process uses **80% less energy**, generates **70% less CO2 emissions**, and requires **80% less water.** Our process achieves at least **40% fewer emissions than other recyclers.**
In conventional mining cycles, extraction and transport typically account for over 30% of the environmental footprint of mined cathode materials. Our recycling process significantly reduces this impact to less than 5%, **demonstrating the efficiency of our circular supply chain.**

WATER GENERAL NOTES

1. THE CONTRACTOR SHALL INSTALL ALL UTILITIES WITHIN THE LIMITS OF CONSTRUCTION TO MEET THE SURFACE DESIGN ELEVATION. CONTRACTOR SHALL ADJUST AND/OR PROVIDE GRADE RINGS AND VALVE BOXES TO MEET THE DESIGN GRADES. UNDERGROUND UTILITIES SHOWN HEREIN ARE FOR REFERENCE ONLY. CONTRACTOR SHALL PROTECT ALL EXISTING UTILITIES FROM DAMAGE.

2. HORIZONTAL AND VERTICAL LOCATIONS OF EXISTING UTILITIES HAVE BEEN DRAWN FROM THE BEST AVAILABLE INFORMATION AND ARE APPROXIMATE ONLY. UTILITIES MAY EXIST THAT ARE NOT SHOWN ON THE PLANS. CONTRACTOR SHALL BE RESPONSIBLE FOR DETERMINING THE ACTUAL LOCATIONS OF THE EXISTING UTILITIES PRIOR TO CONSTRUCTION.

3. CARE SHALL BE TAKEN TO PREVENT DAMAGE TO EXISTING IMPROVEMENTS AND UTILITIES. ANY DAMAGED FACILITIES SHALL BE REMOVED AND REPLACED AT THE CONTRACTOR'S EXPENSE.

4. THE CONTRACTOR SHALL BE RESPONSIBLE FOR PRESERVING ALL EXISTING SURVEY MONUMENTS AND SHALL REPLACE ANY MONUMENTS OBLITERATED OR DAMAGED DURING CONSTRUCTION AT HIS OWN EXPENSE.

5. THE CONTRACTOR SHALL MAINTAIN ALL EXISTING DRAINAGE FACILITIES WITHIN THE CONSTRUCTION AREA.

6. CONTRACTOR SHALL NOT ALLOW COMPACTION AND OFF HIGHWAY EARTHWORK EQUIPMENT TO TRAVEL ON OR ACROSS EXISTING PAVEMENT AREAS EXCEPT AS ABSOLUTELY NECESSARY AND ONLY WITH VEHICLES HAVING RUBBER TIRES, AS APPROVED BY THE ENGINEER.

7. PROPERTY LINES ARE COMPILED FROM RECORD INFORMATION. A BOUNDARY SURVEY HAS NOT BEEN CONDUCTED.

8. THE INSPECTION AND TESTING OF SOILS SHALL BE IN ACCORDANCE WITH THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION (ORANGE BOOK). CONTRACTOR SHALL PROVIDE AND PAY FOR INSPECTION SERVICES. PROVIDED REPORTS TO THE OWNER AND ENGINEER.

9. THE CONTRACTOR SHALL PROVIDE EROSION CONTROL PER THE CURRENT TRUCKEE MEADOWS BMP HANDBOOK, AS REQUIRED DURING CONSTRUCTION.

10. THE CONTRACTOR SHALL BE RESPONSIBLE FOR DETERMINING THE EXACT LOCATION OF ALL EXISTING UTILITIES WITHIN THE LIMITS OF CONSTRUCTION, WHETHER OR NOT SAID UTILITIES ARE SHOWN ON THE PLANS. THIS RESPONSIBILITY INCLUDES CONTACTING UTILITY COMPANIES FOR LOCATIONS OR POTHOLING PRIOR TO CONSTRUCTION. ANY DAMAGE TO EXISTING UTILITIES DURING CONSTRUCTION IS THE RESPONSIBILITY OF THE CONTRACTOR AND SHALL BE REPAIRED BY THE PROPER UTILITY COMPANY, WHERE APPLICABLE, OR THE CONTRACTOR AT NO ADDITIONAL EXPENSE TO THE OWNER.

11. THE CONTRACTOR SHALL OBTAIN AND PAY FOR ALL NECESSARY PERMITS AND FEES REQUIRED FOR CONSTRUCTION.

12. THE CONTRACTOR SHALL NOTIFY ALL AFFECTED PUBLIC ENTITIES 48 HOURS PRIOR TO BEGINNING CONSTRUCTION.

13. THE CONTRACTOR SHALL VERIFY IN FIELD, ALL ELEVATIONS, DIMENSIONS, FLOW LINES, EXISTING CONDITIONS, AND POINTS OF CONNECTIONS WITH ADJOINING PROPERTY (PUBLIC OR PRIVATE), ANY DISCREPANCIES SHALL BE CALLED TO THE ATTENTION OF THE ENGINEER BEFORE PROCEEDING WITH THE WORK.

14. THE CONTRACTOR SHALL NOTIFY THE PROJECT ENGINEER, OWNER, TRI GID, NV ENERGY, NDOT, SWITCH FIBER, AT&T, AND ALL OTHER UTILITY INTEREST A MINIMUM OF 48 HOURS PRIOR TO COMMENCEMENT OF WORK.

15. CONSTRUCTION WATER IS AVAILABLE FROM TRI GID AT COST, AND WATER USAGE SHALL BE METERED.

16. IF REQUIRED, POTABLE WATER MAIN SHUTDOWNS/INTERRUPTION OF SERVICE ARE TO BE COORDINATED WITH TRI GID. APPROVAL IS REQUIRED 48 HOURS PRIOR TO NOTIFICATION OF CUSTOMERS. COMMERCIAL CUSTOMERS SHALL RECEIVE 48 HOURS WRITTEN NOTICE OF A SHUTDOWN AND SPECIAL ARRANGEMENTS MAY HAVE TO BE MADE TO ACCOMMODATE CUSTOMERS OPERATIONAL NEEDS. RESIDENTIAL CUSTOMERS SHALL RECEIVE 48 HOURS WRITTEN NOTICE. THE CONTRACTOR IS RESPONSIBLE FOR NOTIFICATION OF ALL CUSTOMERS TO BE AFFECTED. A LIST SHALL BE KEPT BY THE RESPONSIBLE PARTY LISTING THE DATE, TIME, AND ADDRESS OF ALL PERSONS NOTIFIED. THE PERSON NOTIFIED SHALL BE INCLUDED ON THE LIST FOR ALL COMMERCIAL CUSTOMERS. THE CONTRACTOR WILL BE SUBJECT TO DAMAGE CLAIMS SHOULD THEY FAIL TO NOTIFY CUSTOMERS OR MAINTAIN DOCUMENTATION OF NOTIFICATION OF CUSTOMERS. THE CONTRACTOR SHALL NOT OPERATE ANY EXISTING VALVES WITHOUT AUTHORIZATION OF THE WATER COMPANY. THE CONTRACTOR IS RESPONSIBLE FOR ISSUING BOIL WATER NOTICES AS REQUIRED BY NDEP.

17. THE OWNER SHALL PROVIDE ALL NECESSARY SURVEYING FOR THIS PROJECT. CONTRACTOR SHALL COORDINATE WITH FARR WEST FOR SURVEYING SERVICES. 1 SET OF STAKE SHALL BE PROVIDE (PIPE LINE ALIGNMENT OFFSET STAKES). ADDITIONAL STAKES, IF REQUESTED, SHALL BE PAID FOR BY THE CONTRACTOR AT THE CURRENT CREW RATE.

18. PRODUCTS INTENDED FOR CONTACT WITH POTABLE WATER SHALL BE CERTIFIED TO THE REQUIREMENTS OF NSF/ANSI 61 AND BE CERTIFIED LEAD-FREE PER NAC 445A.65825 WHEN APPLICABLE.

19. LINE SEPARATION MUST MEET THE PROVISIONS OF NAC 445A.6715 TO 445A.6718 AND BE APPROVED BY TRI GID.

20. ALL PIPE, FITTINGS AND VALVES OF A DISTRIBUTION SYSTEM CONNECTED TO A PUBLIC WATER SYSTEM MUST COMPLY WITH THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION, AND THE AWWA STANDARDS PER NAC 445A.67125(1)(A).

21. ALL WATER MAINS SHALL BE DISINFECTED PER AWWA C651.

22. ALL WATER MAINS SHALL BE TESTED FOR PRESSURE AND LEAKAGE PER AWWA C605 AND NAC 445A.67145 (7)(b).

23. TRI GID SHALL BE RESPONSIBLE FOR TAKING ALL WATER SAMPLES THAT REQUIRE TESTING. THE CONTRACTOR SHALL GIVE TRI GID A MINIMUM OF FORTY-EIGHT (48) HOURS NOTICE OF EACH NEEDED TEST.

24. VERIFICATION OF ALL LOCATOR WIRE AT GATE VALVES, AIR RELEASE VALVES, AND LOCATE STATIONS SHALL BE PERFORMED BY THE INSPECTOR PRIOR TO PROJECT COMPLETION.

25. CONTRACTOR SHALL SEAL ANY OPENINGS IN UNFINISHED PIPING OR APPURTENANCES AT THE END OF EACH WORKING DAY IN SUCH A MANNER AS TO PREVENT THE ENTRY OF BIRDS, OTHER ANIMALS, DIRT, TRENCH WATER, AND OTHER SOURCES OF POLLUTION OR CONTAMINATION (NAC445A.67145 (8)).

26. CONSTRUCTION OF A PUBLIC WATER SYSTEM MUST COMPLY WITH THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION, AND THE AMERICAN WATER WORKS ASSOCIATION STANDARDS PER NAC 445A.67145(1)(a).

27. ALL PIPE, FITTINGS AND VALVES OF A DISTRIBUTION SYSTEM CONNECTED TO A PUBLIC WATER SYSTEM MUST COMPLY WITH THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION, AND THE AMERICAN WATER WORKS ASSOCIATION STANDARDS PER NAC 445A.67125(1)(a).

28. DUCTILE IRON PIPELINES MUST BE PRESSURE TESTED ACCORDING TO AWWA STANDARD C600 AND PVC PIPELINES MUST BE PRESSURE TESTED ACCORDING TO AWWA STANDARD C605 PER NAC 445A.67145 (7). FOR OTHER MATERIALS, THE PIPELINES MUST BE PRESSURE TESTED IN ACCORDANCE WITH THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION PER NAC 445A.67145 (7)(c).

29. PER NAC 445A.67145(6), WATER MAIN MUST NOT BE PLACED INTO SERVICE AFTER ITS INITIAL CONSTRUCTION UNTIL:

29.1. THE WATER MAIN HAS BEEN DISINFECTED AND FLUSHED IN ACCORDANCE WITH AWWA STANDARD C651.

29.2. THE DISPOSAL OF ANY SPENT CHLORINE SOLUTIONS MUST BE COORDINATED WITH NDEP's BUREAU OF WATER POLLUTION CONTROL (BWPC).

29.3. ANALYSES OF THE WATER MAIN WHICH INDICATE THAT THE WATER MEETS PRIMARY DRINKING WATER STANDARDS FOR COLIFORM BACTERIA (ABSENT FOR COLIFORM BACTERIA) HAVE BEEN OBTAINED AND REPORTED TO THE BSDW, PER AWWA STANDARD C651, TWO SETS OF CONSECUTIVE SAMPLES MUST BE TAKEN AT LEAST 24 HOURS APART FROM EVERY 1200 FEET OF MAIN, AT THE END OF THE LINE, AND FROM EACH BRANCH.

GRADING & EARTHWORK NOTES

1. EARTHWORK QUANTITIES SHALL BE PREPARED BY THE CONTRACTOR. EARTHWORK QUANTITIES ARE PROVIDED FOR REFERENCE IN SCHEDULE A.

2. ALL EARTHWORK, CLEARING AND GRUBBING, SUBGRADE PREPARATION, ETC. SHALL CONFORM TO THE CURRENT EDITION OF THE STANDARD SPECIFICATIONS FOR PUBLIC WORKS CONSTRUCTION.

3. SOIL TYPES TO BE OMITTED FROM PROJECT INCLUDE:
   - ORGANIC MATERIAL (E.G. ORGANIC SILT, SOD, PEAT, MULCH, ETC.).

4. ELEVATION NOT SHOWN ON PLANS SHALL BE DETERMINED IN THE FIELD BY THE CONTRACTOR. OWNER SHALL APPROVE ALL ELEVATIONS.

5. THE CONTRACTOR SHALL GRADE ALL AREAS TO DRAIN AND SHALL BE RESPONSIBLE FOR ELIMINATING ALL LOW SPOTS OR PONDING AREAS.

6. NO FILL SHALL BE PLACED OR COMPACTED IN UNFAVORABLE WEATHER CONDITIONS. OVERLY WET, DRY OR FROZEN FILL SHALL NOT BE PLACED.

7. CONTRACTOR IS RESPONSIBLE FOR IMPORT AND STORAGE OF FILL MATERIAL AS REQUIRED IF NATIVE MATERIAL IS DETERMINED BY THE ENGINEER TO BE UNSUITABLE FOR APPLICATION IN THE PROJECT. CONTRACTOR IS ALSO RESPONSIBLE FOR EXPORT AND DISPOSAL OF EXCESS NATIVE MATERIAL NOT INCORPORATED INTO THE PROJECT.

ROCK EXCAVATION

1. THE CONTRACTOR IS RESPONSIBLE FOR FIELD VERIFYING AREAS OF NON-RIPPABLE ROCK. PRIOR TO CONSTRUCTION, THE CONTRACTOR SHALL POTHOLE AREAS OF CONCERN WHICH HAVE BEEN IDENTIFIED BASED ON CONTRACTOR'S OBSERVATION OF THE SITE AND THE RECOMMENDATIONS PROVIDED IN THE GEOTECHNICAL REPORTS INCLUDED IN THE CONTRACT DOCUMENTS.

   •• NO ADDITIONAL PAYMENT WILL BE PROVIDED FOR POTHOLING ACTIVITIES. ALL POTHOLING SHALL BE COMPLETED WHILE THE OWNER'S REPRESENTATIVE IS PRESENT.

   •• PIPE TRENCH ROCK REMOVAL: IN ACCORDANCE WITH THE CONTRACT DOCUMENTS, POTHOLING SHALL BE PERFORMED AT 100-FOOT INTERVALS ALONG THE ALIGNMENT WITHIN THE AREAS OF CONCERN.

   •• ADDITIONAL PAYMENT FOR ROCK EXCAVATION PER LINEAR FOOT OF PIPE WILL ONLY BE MADE FOR AREAS IN WHICH THE OWNER'S REPRESENTATIVE AGREES THAT THE ROCK IS NOT RIPPABLE.

2. METHODS FOR NON-RIPPABLE ROCK REMOVAL SHALL BE SELECTED AT THE CONTRACTOR'S DISCRETION. THESE METHODS MAY INCLUDE USE OF VERMEER-TYPE TRENCHERS, HYDRO-HAMMERS, NON-EXPLOSIVE CHEMICAL EXPANSION CRACKING, OR APPROVED EQUAL.

3. CONTROLLED BLASTING MAY BE PERMITTED ONLY UNDER THE CONDITION THAT A BLASTING PLAN IS PROVIDED TO THE ENGINEER FOR REVIEW AND APPROVAL PRIOR TO CONSTRUCTION.

   •• THE CONTRACTOR IS SOLELY RESPONSIBLE FOR SITE SAFETY AND PROTECTION OF ADJACENT INFRASTRUCTURE.

   ••• FLY ROCK SHALL BE CONTROLLED TO PREVENT INJURY AND DAMAGE TO PERSONS AND PROPERTY. THE CONTRACTOR IS RESPONSIBLE FOR ADDITIONAL MITIGATION METHODS, SUCH AS TRAFFIC CONTROL AND TEMPORARY BARRIERS, WHILE WORKING WITHIN AND ADJACENT TO NDOT RIGHT-OF-WAY.

   ••• CONTRACTOR IS RESPONSIBLE FOR POTHOLING ALL UNDERGROUND UTILITIES WITHIN TEN (10) FEET OF BLASTING ACTIVITIES. NO ADDITIONAL PAYMENT WILL BE PROVIDED FOR UTILITY POTHOLING ACTIVITIES.

EROSION CONTROL NOTES ~ BEST MANAGEMENT PRACTICES

1. THE CONTRACTOR SHALL INCORPORATE ADEQUATE DRAINAGE PROCEDURES DURING THE CONSTRUCTION PROCESS TO ELIMINATE EXCESSIVE EROSION OR PONDING AND TO PROTECT ADJACENT IMPROVEMENTS AND PROPERTIES FROM AN INFLUX OF RUNOFF OR SEDIMENT. SEDIMENTATION FENCING IS REQUIRED AT THE LIMITS OF GRADING.

2. THE CONTRACTOR SHALL OBTAIN AND COMPLY WITH ALL REQUIREMENTS OF SWPP PERMIT, SWPP PLAN AND OTHER STATE AND LOCAL CODES.

3. THE CONTRACTOR SHALL MAINTAIN A DUST CONTROL PROGRAM, INCLUDING WATERING OF OPEN AREAS, 7 DAYS A WEEK.

4. IF NECESSARY, CONTRACTOR SHALL ENHANCE EROSION CONTROL MEASURES IN THE FIELD.

5. IT IS THE CONTRACTOR'S RESPONSIBILITY TO OBTAIN AND COMPLY WITH A SWPPP FROM THE NEVADA DEPARTMENT OF ENVIRONMENTAL PROTECTION (NDEP). THE PERMIT AND PLAN SHALL BE KEPT ON SITE DURING CONSTRUCTION.

6. PRIOR TO CONSTRUCTION, CONTRACTOR SHALL:
   - STABILIZE ENTRANCES AND EQUIPMENT PARKING AREAS
   - INSTALL SILT CONTROL DEVICES
   - INSTALL CONCRETE WASH DOWN AREA

7. PRIOR TO GRADING, THE CONTRACTOR SHALL INSTALL SEDIMENT BARRIERS.

8. UPON COMPLETION OF THE PROJECT, WITHIN 15 DAYS OF COMPETITION OF ANY PHASE, THE CONTRACTOR SHALL:
   - REMOVE ALL GRADING AND CONSTRUCTION DEBRIS
   - REMOVE ALL TEMPORARY EROSION CONTROL MEASURES (AFTER PERMANENT MEASURES ARE ESTABLISHED)
   - REVEGETATE DISTURBED AREAS WITH NATIVE SEED

9. EQUIPMENT AND VEHICLES SHALL NOT TRAVEL BEYOND THE LIMITS OF CONSTRUCTION TO PREVENT DISRUPTION OF NATIVE VEGETATION. LIMITS SHALL BE CONSIDERED TO BE 10' ON EITHER SIDE OF PROPOSED PIPE ALIGNMENTS AND 10' WITHIN ALL PERMANENT INSTALLATIONS (IE FENCES, MARKERS, VAULTS, AND TANK).

10. STOCKPILED TOP SOILS AND VEGETATIVE STRIPPINGS ARE TO BE REAPPLIED TO ALL DISTURBED SLOPE AREAS WITH THE EXCEPTION OF ROCK CUT AREAS AS IDENTIFIED IN THE GEOTECHNICAL REPORT.

11. ALL AREAS DISTURBED AND LEFT UNDEVELOPED FOR A PERIOD OF MORE THAN 30 DAYS SHALL BE STABILIZED BY THE APPLICATION OF DUST PALLIATIVE. ALL AREAS LEFT UNDEVELOPED FOR MORE THAN 90 DAYS SHALL BE HYDRO-SEEDED WITH AN APPROVED SEED MIX AND TACKIFIER AND SHALL BE IRRIGATED UNTIL FIRMLY ESTABLISHED.

12. CONCENTRATED CONSTRUCTION FLOWS SHALL BE CHANNELIZED TO TEMPORARY OR PERMANENT SEDIMENT TREATMENT FACILITIES. SEDIMENT LADEN WATER SHALL NOT ENTER THE NATURAL DRAINAGE OR PUBLIC STORM DRAIN SYSTEM.

13. BEST MANAGEMENT PRACTICES (BMPs)

A. ALL CONSTRUCTION ACTIVITIES REQUIRE MINIMIZING THE TOTAL AMOUNT OF SOILS EXPOSED AT ANY GIVEN TIME. PRESERVE NATIVE VEGETATION AND GRADE ONLY IN AREAS NECESSARY FOR BUILDING ACTIVITIES.

B. CONTRACTOR TO CONSTRUCT ALL TEMPORARY AND PERMANENT FACILITIES THAT CONVEY WATER AROUND DISTURBED AREAS.

C. INSTALL PERIMETER SEDIMENT CONTROL TRAPS SUCH AS TEMPORARY DIKES AND SILT FENCES. FROM MAY TO OCTOBER, WATER SHALL NOT BE ALLOWED TO POND FOR MORE THAN SEVEN DAYS.

D. CONTROL CONSTRUCTION SITE ENTRANCES AND EXITS TO MINIMIZE SEDIMENT DEPOSITION ON ROADS.

E. EXISTING DRAINAGE PATTERN WILL NOT BE ALTERED.

F. DO NOT STORE SOILS, AGGREGATES, COMPOST, CONSTRUCTION MATERIALS, OR WASTES ON EXISTING PAVED AREAS.

G. TEMPORARY OR PERMANENT STABILIZATION MUST BE APPLIED NO LATER THAN 30 DAYS TO ALL DISTURBED SOILS INCLUDING STOCKPILES.

H. CONTRACTOR SHALL PROPERLY MANAGE VEHICLE AND EQUIPMENT FUELING, MAINTENANCE, STORAGE, AND PARKING AREAS TO PREVENT LEAKS AND SPILLS.

14. PERIODIC EVALUATIONS

A. THE CONTRACTOR SHALL MONITOR THE CONSTRUCTION PROGRESS ON A WEEKLY BASIS. PRE-STORM AND POST SELF INSPECTIONS ARE REQUIRED UNDER NDEP'S GENERAL PERMIT. ANY SITUATIONS WHICH HAVE THE POTENTIAL OF CREATING UNNECESSARY AMOUNTS OF STORM WATER POLLUTANT DISCHARGES SHALL BE CORRECTED IMMEDIATELY.

15. PERMANENT STORM WATER CONTROLS

A. ALL DISTURBED AREAS WILL BE PAVED OR REVEGETATED IN ACCORDANCE WITH THE IMPROVEMENT PLANS.

B. ALL SLOPES OF 3:1 AND FLATTER WILL BE REVEGETATED FOR EROSION CONTROL IN ACCORDANCE WITH THE IMPROVEMENT PLANS.

C. ALL SLOPES GREATER THAN 2:1 SHALL BE MECHANICALLY STABILIZED IN ACCORDANCE TO THE IMPROVEMENT PLANS AND THE GEOTECHNICAL REPORT.

16. NON-STORM WATER DISCHARGES

A. PIPELINE FLUSHING, FIRE HYDRANT FLUSHING, LANDSCAPE IRRIGATION RUNOFF, AND PAVEMENT WASH WATER SHALL BE ACCORDANCE WITH STATE OF NEVADA DISCHARGE REQUIREMENTS.

GENERAL CONSTRUCTION NOTES:

A. EXISTING UTILITIES SHOWN ARE APPROXIMATE. CONTRACTOR SHALL POTHOLE UTILITIES PRIOR TO CONSTRUCTION TO VERIFY LOCATION AND EXISTING CONDITIONS.

B. CONTRACTOR SHALL PROTECT PRIVATE AND PUBLIC UTILITIES FROM DAMAGE WHEN TRENCHING ACROSS OR ADJACENT TO EXISTING UTILITIES.

C. CONSTRUCTION SHALL MAINTAIN MINIMUM HORIZONTAL AND VERTICAL CLEARANCE FROM ACTIVE ADJACENT UTILITIES.

D. PIPE TRENCHING SHALL BE IN ACCORDANCE WITH DETAIL 1/D2.01 (UNLESS OTHERWISE NOTED).

E. ALL FEATURES ON PRIVATE PROPERTY AFFECTED BY CONSTRUCTION ACTIVITIES, INCLUDING SURFACES, FENCING, LANDSCAPING, ETC., SHALL BE RESTORED BY THE CONTRACTOR TO EXISTING CONDITION OR BETTER.

F. TEMPORARY AND PERMANENT ACCESS EASEMENTS SHALL BE RESTORED TO NATURAL CONDITIONS.

G. USE OF TEMPORARY CONSTRUCTION STAGING AREAS SHALL BE COORDINATED WITH ENGINEER AND TRI GID. STAGING IS NOT PERMITTED WITHIN NDOT RIGHT-OF-WAY.

H. EXISTING SURFACE CONTOUR INTERVALS ARE 2' (MINOR) AND 10' (MAJOR). PROPOSED SURFACE CONTOUR INTERVALS ARE 1' (MINOR) AND 5' (MAJOR).

I. WATER MAIN PIPE SHALL BE RESTRAINED AT ALL BENDS, TEES AND DEAD ENDS. RESTRAINED PIPE LENGTH SHALL BE DETERMINED BASED ON MFG RECOMMENDATIONS OR PER DETAIL 2/D2.01, WHICHEVER IS MORE CONSERVATIVE. THE CONTRACTOR MAY USE BELL RESTRAINTS OR INTERNAL LOCKING SYSTEMS SUCH AS DIAMOND LOC OR APPROVED EQUAL.

J. PIPELINE SHALL BE CONSTRUCTED PER PLAN TO PREVENT ADDITIONAL HIGH POINTS.

POTABLE WATER NOTES:

1. EXISTING UTILITY CROSSING. CONTRACTOR TO POTHOLE PRIOR TO CONSTRUCTION TO VERIFY ADEQUATE CLEARANCE. SEE DETAIL SHEET D2.05 FOR CLEARANCE REQUIREMENTS.
2. TRACER WIRE TEST STATION, SEE DETAIL 2/D2.03
3. 1" AIR RELEASE VALVE ASSEMBLY, SEE DETAIL 1/D2.04
4. 1-1/4" METER, SEE DETAIL 2/D2.02
5. 1-1/4" RPPA BACKFLOW ASSEMBLY, SEE DETAIL 4/D2.02
6. FIRE HYDRANT ASSEMBLY, SEE DETAIL 3/D2.04
7. HOT TAP EXISTING POTABLE WATER MAIN. THE CONTRACTOR SHALL COORDINATE WORK WITH TRI GID.
8. 8" GATE VALVE (MJ), SEE DETAIL 1/D2.03

GENERAL CONSTRUCTION NOTES:

A. EXISTING UTILITIES SHOWN ARE APPROXIMATE. CONTRACTOR SHALL POTHOLE UTILITIES PRIOR TO CONSTRUCTION TO VERIFY LOCATION AND EXISTING CONDITIONS.

B. CONTRACTOR SHALL PROTECT PRIVATE AND PUBLIC UTILITIES FROM DAMAGE WHEN TRENCHING ACROSS OR ADJACENT TO EXISTING UTILITIES.

C. CONSTRUCTION SHALL MAINTAIN MINIMUM HORIZONTAL AND VERTICAL CLEARANCE FROM ACTIVE ADJACENT UTILITIES.

D. PIPE TRENCHING SHALL BE IN ACCORDANCE WITH DETAIL 1/D2.01 (UNLESS OTHERWISE NOTED).

E. ALL FEATURES ON PRIVATE PROPERTY AFFECTED BY CONSTRUCTION ACTIVITIES, INCLUDING SURFACES, FENCING, LANDSCAPING, ETC., SHALL BE RESTORED BY THE CONTRACTOR TO EXISTING CONDITION OR BETTER.

F. TEMPORARY AND PERMANENT ACCESS EASEMENTS SHALL BE RESTORED TO NATURAL CONDITIONS.

G. USE OF TEMPORARY CONSTRUCTION STAGING AREAS SHALL BE COORDINATED WITH ENGINEER AND TRI GID. STAGING IS NOT PERMITTED WITHIN NDOT RIGHT-OF-WAY.

H. EXISTING SURFACE CONTOUR INTERVALS ARE 2' (MINOR) AND 10' (MAJOR). PROPOSED SURFACE CONTOUR INTERVALS ARE 1' (MINOR) AND 5' (MAJOR).

I. WATER MAIN PIPE SHALL BE RESTRAINED AT ALL BENDS, TEES AND DEAD ENDS. RESTRAINED PIPE LENGTH SHALL BE DETERMINED BASED ON MFG RECOMMENDATIONS OR PER DETAIL 2/D2.01, WHICHEVER IS MORE CONSERVATIVE. THE CONTRACTOR MAY USE BELL RESTRAINTS OR INTERNAL LOCKING SYSTEMS SUCH AS DIAMOND LOC OR APPROVED EQUAL.

J. PIPELINE SHALL BE CONSTRUCTED PER PLAN TO PREVENT ADDITIONAL HIGH POINTS.

POTABLE WATER NOTES:

1. EXISTING UTILITY CROSSING. CONTRACTOR TO POTHOLE PRIOR TO CONSTRUCTION TO VERIFY ADEQUATE CLEARANCE. SEE DETAIL SHEET D2.05 FOR CLEARANCE REQUIREMENTS.

2. THE AGGREGATE SHALL BE 2 IN. CRUSHED ROCK OR 1 TO 3 IN. DIAMETER WASHED WELL-GRADED GRAVEL.
3. THE ENTRANCE SHALL BE PROPERLY GRADED TO PREVENT RUNOFF FROM LEAVING THE CONSTRUCTION SITE.
4. THE ENTRANCE SHALL BE CONSTRUCTED ON LEVEL GROUND.
5. PERIODIC TOP DRESSING WITH ADDITIONAL AGGREGATE SHALL BE PROVIDED TO ENSURE THE INTEGRITY OF THE ENTRANCE DURING CONSTRUCTION.
6. THE ENTRANCE SHALL BE INSPECTED MONTHLY AND AFTER EACH RAINFALL.
7. CRUSHED ROCK MATERIAL SHALL BE ADDED WHEN SURFACE VOIDS ARE NOT VISIBLE.
8. ALL SEDIMENT DEPOSITS ON PAVED ROADWAYS SHALL BE REMOVED WITHIN 24 HOURS.
9. THE CRUSHED ROCK AND GEOTEXTILE FABRIC SHALL BE REMOVED AT COMPLETION OF CONSTRUCTION.

NOTES:
1. HYDRANT PAD FILL BANKS SHALL BE CONSTRUCTED TO THE REQUIREMENTS FOR ROADWAY EMBANKMENT & SLOPE COMPACTION 95% MIN, SEE SPECIFICATIONS.
2. FIRE HYDRANTS AND/OR BOLLARDS CANNOT BE INSTALLED IN ANY EXISTING ROADSIDE DITCHES.
3. CONCRETE SHALL CONFORM TO SECTION 3300 OF TECHNICAL SPECIFICATIONS.
4. ALL WELDS AND BENDS SHALL BE SMOOTH, EVEN AND PAINTED.
5. PAINT TO MATCH APPURTENANCE BOLLARD IS PROTECTING. COORDINATE WITH OWNER'S REPRESENTATIVE FOR APPROVAL.

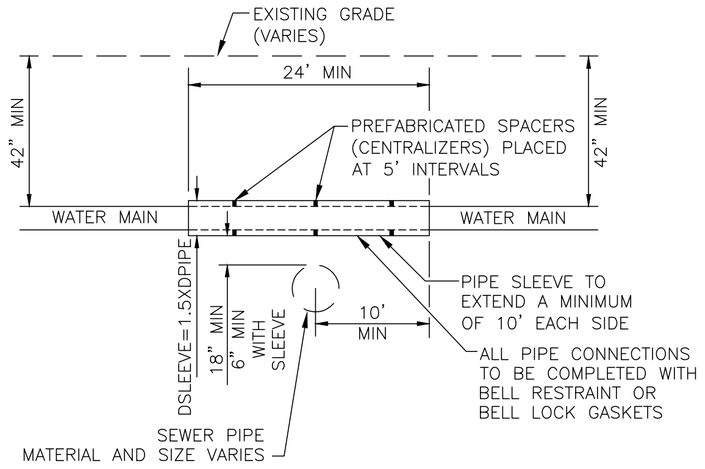
OPTION 1

(PREFERRED OPTION)

OPTION 2

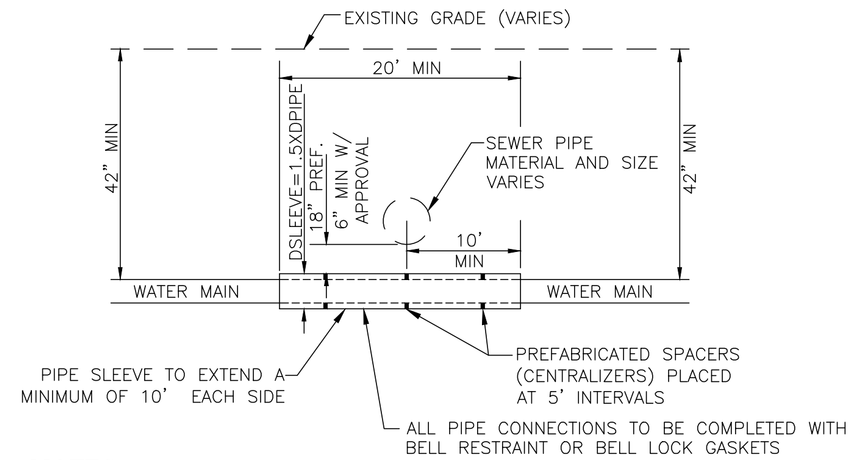
(ALTERNATE OPTION)



NOTES

1. SEWER MAIN IS DEFINED AS EITHER PROCESS WATER (RECLAIMED EFFLUENT), RAW WATER, SANITARY SEWER OR STORM DRAIN.
2. WATER MAIN IS DEFINED AS POTABLE WATER.
3. A MINIMUM HORIZONTAL SEPARATION OF 10 FEET, MEASURE FROM THE OUTSIDE OF THE PIPES, SHALL BE MAINTAINED BETWEEN ALL WATER AND SEWER MAINS RUNNING IN PARALLEL. IF THE SEWER MAIN IS AT LEAST 18" BELOW THE WATER MAIN, THE HORIZONTAL SEPARATION MAY BE REDUCED TO 5 FEET, BUT ONLY IF FIELD CONDITIONS PROHIBIT THE PREFERRED OPTION OF 10 FEET SEPARATION.
4. SPECIAL CONSTRUCTION SHALL OCCUR IF SEPARATION CANNOT BE MET. ALL JOINTS SHALL BE FULLY RESTRAINED WITHIN THE AREA OF INADEQUATE SEPARATION. REFER TO NDEP GUIDANCE FOR AREAS REQUIRING MITIGATION FOR WATER AND SEWER SEPARATION.

PARALLEL UTILITY SEPARATION DETAILS



SCALE: NONE

SPECIAL NOTE:

PIPE SLEEVE AND JOINT PLACEMENT ARE NOT NECESSARY IF 18" CLEARANCE IS MAINTAINED

NOTES

1. ALLOWABLE SLEEVE MATERIAL INCLUDES: 1/4" STEEL CASING, PVC C900 CLASS 150, OR APPROVED HDPE.
2. IF VERTICAL FITTINGS ARE USED TO ACHIEVE CROSSING, THEY ARE INCLUDED AS AN INCIDENTAL AND MUST BE FULLY RESTRAINED.
3. TRENCH PROTECTION IS INCIDENTAL.
4. ANY EXPOSED STORM DRAIN JOINTS AND SANITARY SEWER JOINTS SHALL BE WRAPPED IN POLYETHYLENE AND ENCASED IN CONCRETE.
5. INSTALL END SEALS AT ENDS OF CASING.
6. REFER TO DETAIL 3 (THIS SHEET) FOR NDEP GUIDANCE FOR AREAS REQUIRING MITIGATION FOR WATER AND SEWER SEPARATION.

DEFINITIONS

1. "WATER" INCLUDES POTABLE WATER MAINS AND SERVICES (PUBLIC & PRIVATE).
2. "SEWER" INCLUDES ANY AND ALL SANITARY SEWER, STORM DRAIN, AND PROCESS WATER (RECLAIMED EFFLUENT) MAINS AND LATERALS (PUBLIC & PRIVATE).
3. "SLEEVE" MEANS ENCASING THE WATER OR SEWER WITH A 20' LENGTH OF AWWA C900 CLASS 100 OR GREATER WATER QUALITY PIPE, CENTERED AT THE POINT OF WATER/SEWER CROSSING. TO AVOID BEING GROUTED IN PLACE, THE WATER MAIN INSIDE THE SLEEVE MUST HAVE A DIAMETER EQUAL TO OR GREATER THAN 2/3 THE DIAMETER OF THE SLEEVE. USE OF A "SLEEVE" IS AN ACCEPTABLE ALTERNATIVE TO CENTERING THE WATER AND SEWER AT THE POINT OF CROSSING.
4. "RESTRAINT" MEANS USING MECHANICAL COUPLINGS TO RESTRICT JOINT MOVEMENT OR SEPARATION OF PIPE JOINTS WITHIN 10' EACH SIDE OF THE POINT OF CROSSING AND/ OR THE USE OF THRUST BLOCKS AT ANGLE POINTS.
5. "SPECIAL CONSTRUCTION" IDENTIFIES ACCEPTABLE MITIGATION OR PROTECTION THAT ADDRESSES PHYSICALLY CONSTRAINED ENVIRONMENTS WHERE THE REQUIREMENTS OF NAC 445A.67175 INCLUSIVE CANNOT BE MET. AREAS OF "SPECIAL CONSTRUCTION" ARE TO BE IDENTIFIED ON THE PLANS IN PLAN VIEW USING CROSS-HATCHING AND IN PROFILE VIEW BY REFERENCING A STANDARD DETAIL. REFER TO NDEP GUIDANCE FOR AREAS REQUIRING MITIGATION FOR WATER AND SEWER SEPARATION.

CONFLICT RESOLUTION GUIDELINES

SEWER MAIN ABOVE WATER MAIN, OR BELOW LESS THAN 18":

1. SLEEVE OR CENTER SEWER MAIN AND SLEEVE WATER MAIN OR CENTER AND RESTRAIN WATER MAIN

EXISTING SEWER MAIN ABOVE WATER MAIN, OR BELOW LESS THAN 18":

1. POLYETHYLENE WRAP AND CONCRETE ENCASE SEWER MAIN JOINTS EXPOSED DURING TRENCH EXCAVATION AND SLEEVE WATER MAIN OR CENTER AND RESTRAIN WATER MAIN

EXISTING SEWER FORCE MAIN ABOVE WATER MAIN, OR BELOW LESS THAN 18":

1. POLYETHYLENE WRAP AND CONCRETE ENCASE SEWER FORCE MAIN JOINTS WITHIN 10' EACH SIDE OF THE POINT OF CROSSING (UNLESS WELDED HDPE THEN NOT NECESSARY) AND SLEEVE WATER MAIN OR CENTER AND RESTRAIN WATER MAIN

<24" RCP STORM DRAIN ABOVE WATER MAIN, OR BELOW LESS THAN 18":

1. POLYETHYLENE WRAP AND CONCRETE ENCASE RCP STORM DRAIN JOINTS WITHIN 10' EACH SIDE OF THE POINT OF CROSSING AND SLEEVE WATER MAIN OR CENTER AND RESTRAIN WATER MAIN
2. USE EXTERNAL JOINT SEALANTS FOR RCP STORM DRAIN DIAMETERS FROM 16"-21" AND SLEEVE WATER MAIN OR CENTER AND RESTRAIN WATER MAIN

>OR=24" RCP STORM DRAIN ABOVE WATER MAIN, OR BELOW LESS THAN 18":

1. POLYETHYLENE WRAP AND CONCRETE ENCASE RCP STORM DRAIN JOINTS WITHIN 10' EACH SIDE OF THE POINT OF CROSSING AND SLEEVE WATER MAIN OR CENTER AND RESTRAIN WATER MAIN
2. USE EXTERNAL JOINT SEALANTS ON RCP STORM DRAIN AND SLEEVE WATER MAIN OR CENTER AND RESTRAIN WATER MAIN
3. USE EXTERNAL JOINT SEALANTS FOR RCP STORM DRAIN DIAMETERS FROM 24"-168" AND SLEEVE WATER MAIN OR CENTER AND RESTRAIN WATER MAIN

PVC STORM DRAIN ABOVE WATER MAIN, OR BELOW LESS THAN 18":

1. SLEEVE OR CENTER PVC STORM DRAIN AND SLEEVE WATER MAIN OR CENTER AND RESTRAIN WATER MAIN

SEWER LATERAL ABOVE WATER MAIN, OR BELOW LESS THAN 12":

1. SLEEVE WATER MAIN OR CENTER AND RESTRAIN WATER MAIN AND SLEEVE SEWER LATERAL
2. SLEEVE WATER MAIN OR CENTER AND RESTRAIN WATER MAIN AND CENTER SEWER LATERAL

SEWER MAIN ABOVE WATER LATERAL, OR BELOW LESS THAN 18":

1. USE PE TUBING CONFORMING TO AWWA STANDARD C901-88 AND ASTM D2737 FOR WATER LATERAL AND SLEEVE OR CENTER SEWER MAIN

NOTES

1. EVERY EFFORT IS TO BE MADE TO KEEP WATER MAIN OR WATER SERVICE 18" ABOVE SEWER/ STORM MAIN CROSSINGS AND WATER MAIN 12" ABOVE SEWER LATERAL CROSSINGS. OTHERWISE, THE FOLLOWING SPECIAL CONSTRUCTION METHODS APPLY:
   - 1.1. EFFORT SHALL BE MADE TO KEEP PIPELINE JOINTS EQUAL DISTANCE FROM THE POINT OF CROSSING.
   - 1.2. PIPELINES MUST BE 6" APART. IF 6" IS NOT ATTAINABLE RELOCATE WATER MAIN PER PROJECT DETAILS.
   - 1.3. WATER LINE MUST BE INSPECTED TO ENSURE SUFFICIENT RESTRAINTS ARE IN PLACE.
   - 1.4. SEWER MUST HAVE A SLEEVE OR BE ENCASED IN 4" OF CONCRETE SLURRY FOR 20' CENTERED ON POINT OF CROSSING.
   - 1.5. WATER LATERALS MAY BE RELOCATED WHEN APPROVED.
   - 1.6. ALL WORK SHALL BE DONE ACCORDING TO THE NAC 445A.6715 THROUGH NAC 445A.6718 AND DETAILS 1 AND 2 (THIS SHEET).
2. CONCRETE ENCASEMENT OF THE WATER AS MITIGATION OR PROTECTION IS STRONGLY DISCOURAGED AND ONLY AS APPROVED BY THE ENGINEER.
3. ALL WATER MAIN AND WATER SERVICE INSTALLATIONS MUST BE PREFORMED IN THE PRESENCE OF THE PROJECT INSPECTOR AND APPROVED BY THE ENGINEER.
4. CONTRACTOR SHALL NOTIFY PAIUTE PIPELINE WHEN WORKING NEAR OR CROSSING HIGH PRESSURE GAS LINES.
5. WHEN A NEW WATER SERVICE IS INSTALLED TO REPLACE AN EXISTING WATER SERVICE, SEPARATION OF LINES, BOTH HORIZONTALLY AND VERTICALLY, MUST MEET NAC 445A.6715 THROUGH NAC 445A.6718, INCLUSIVE.
6. A NEW WATER SERVICE INSTALLED PARALLEL TO AN EXISTING SEWER LATERAL MUST BE LOCATED IN A SEPARATE TRENCH AND MUST BE A MINIMUM OF 4 FEET APART HORIZONTALLY AND 12" VERTICALLY ABOVE THE EXISTING SEWER LATERAL PER NAC 445A.6716.
7. A NEW WATER SERVICE INSTALLED PARALLEL TO AN EXISTING SEWER MAIN MUST MEET NAC 445A.67155. THE NEW WATER SERVICE MUST BE LOCATED A MINIMUM OF 5 FEET HORIZONTALLY FROM AN EXISTING SEWER MAIN AND 18" VERTICALLY ABOVE THE EXISTING SEWER MAIN.
8. IF A NEW WATER SERVICE CROSSES AN EXISTING SEWER MAIN, THE WATER SERVICE MUST CROSS 18" ABOVE THE EXISTING SEWER MAIN PER NAC 445A.6717. IF THIS IS NOT POSSIBLE, THEN THE WATER SERVICE MUST BE PE TUBING CONFORMING TO AWWA STANDARD C901 AND ASTM D2737 AND ANY EXPOSED EXISTING SEWER MAIN JOINTS MUST BE POLYETHYLENE WRAPPED AND CONCRETE ENCASED WITHIN 10 FEET EACH SIDE OF THE POINT OF CROSSING.
9. IF SEPARATION OF LINES CANNOT BE MET, THE ENGINEER SHALL DETERMINE THE SPECIAL CONSTRUCTION REQUIRED AT PARALLEL INSTALLATIONS OR CROSSINGS AS REQUIRED BY THE BUREAU OF SAFE DRINKING WATER AND NAC 445A.
10. REFER TO NDEP GUIDANCE FOR AREAS REQUIRING MITIGATION FOR WATER AND SEWER SEPARATION.

NOTES

1. MATERIAL USED FOR THRUST BLOCKING SHALL NOT PREVENT ACCESS TO THE BOLT ASSEMBLY.
2. MINIMUM DISTANCE BETWEEN TAPS, COLLARS, JOINTS, SERVICE TAPS, ETC, SHALL BE 3 x DIA OF PIPE SIZE MIN
3. SADDLE TO BE HYDROSTATICALLY TESTED PER MANUFACTURER'S RECOMMENDATIONS AND AWWA C223–02.
4. ANY HOT TAPS GREATER THAN 2–INCHES WILL BE BY AN APPROVED CONTRACTOR UNLESS WAIVED BY THE WATER UTILITY.
5. FOR FULL BODY TAPPING SLEEVES: MECHANICAL JOINT TAPPING SLEEVE SHALL BE DUCTILE IRON AND HAVE DI MECHANICAL JOINT END SEALS CONFORMING TO AWWA C111, WITH OUTLET FLANGE CONFORMING TO AWWA C207, CLASS D, WITH ANSI 150–LB DRILLING RECESSED FOR TAPPING SLEEVE. TAPPING SLEEVE SHALL FIT AWWA STANDARD 1908, CLASS AB–CD CAST IRON PIPE. MANUFACTURED BY CLOW, MUELLER, OR APPROVED EQUAL. ACCEPTABLE FOR CAST IRON AND C900 PVC PIPE.
