Section 207 General Obligations. The full faith and credit of the District are hereby pledged to the payment of the Bond Requirements of the Bonds; they shall constitute general obligations of the District and shall be payable from General Taxes on all taxable property within the District (except to the extent any Pledged Revenues or other moneys are available therefor), subject to the limitations imposed by the Constitution and statutes of the State.

Section 208 Additional Security. The payment of the Bond Requirements of the Bonds is additionally secured by an irrevocable pledge of and by a lien (but not necessarily

an exclusive lien) on the Pledged Revenues, subject to and after any superior liens upon such Pledged Revenues of any Superior Securities.

Section 209 No Pledge of Property. The payment of the Bonds is not secured by an encumbrance, mortgage or other pledge of property of the District, except the proceeds of General Taxes, the Pledged Revenues, and any other moneys pledged for the payment of the Bonds. No property of the District, subject to such exceptions, shall be liable to be forfeited or taken in payment of the Bonds.

Section 210 No Recourse Against Officers and Agents. No recourse shall be had for the payment of the Bond Requirements of the Bonds or for any claim based thereon or otherwise upon this Resolution authorizing their issuance or any other instrument relating thereto, against any individual member of the District or any officer or other agent of the District, past, present or future, either directly or indirectly through the District or otherwise, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any penalty or otherwise, all such liability, if any, being by the acceptance of the Bonds and as a part of the consideration of their issuance specially waived and released.

ARTICLE III.

AUTHORIZATION, TERMS, EXECUTION AND ISSUANCE OF BONDS

Section 301 Authorization of Bonds. The "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021," in the aggregate principal amount set forth in the Certificate of the District (not to exceed $7,000,000), are hereby authorized to be issued, pursuant to the Project Act, the Consolidated Tax Act and the Bond Act; and the District pledges irrevocably, but not necessarily exclusively, the Pledged Revenues to the payment of the Bond Requirements of the Bonds, the proceeds of the Bonds to be used solely to defray wholly or in part the cost of the Project.

Section 302 Bond Details. The Bonds shall be issued payable in fully registered form, i.e., registered as to both principal and interest and shall be dated as of the date of delivery of the Bonds. Except as provided in Section 307 hereof, the Bonds shall be issued in the denominations of $5,000 and any integral multiples thereof. The Bonds shall bear interest (calculated on the basis of a 360 day year of twelve 30-day months) at the rates shown in the Certificate of the District from their date until their respective fixed maturity dates, payable on June 1 and December 1 of each year, commencing on December 1, 2021, except that Bonds which are reissued upon transfer, exchange or other replacement shall bear interest at the rates shown in the Certificate of the District from the most recent interest payment date to which interest has been paid or provided for, or, if no interest has been paid, from the date of the Bonds. The Bonds shall mature in the designated amounts and years as set forth in the Certificate of the District.

The principal of and redemption premium, if any, on any Bond, shall be payable to the registered owner thereof as shown on the registration records kept by the Registrar, upon maturity or prior redemption thereof and upon presentation and surrender at the Paying Agent or at such other office as designated by the Paying Agent. If any Bond shall not be paid upon such presentation and surrender at or after maturity, it shall continue to draw interest at the interest rate borne by the Bond until the principal thereof is paid in full. Except as provided in Section 307 hereof, payment of interest on any Bond shall be made to the registered owner thereof by

check or draft mailed by the Paying Agent, on each interest payment date (or, if such interest payment date is not a business day, on the next succeeding business day), to the registered owner thereof at his or her address as shown on the registration records kept by the Registrar at the close of business on the Regular Record Date for such interest payment date; but any such interest not so timely paid or duly provided for shall cease to be payable to the person who is the registered owner thereof at the close of business on the Regular Record Date and shall be payable to the person who is the registered owner thereof at the close of business on a Special Record Date for the payment of any such defaulted interest. Such Special Record Date shall be fixed by the Paying Agent whenever money becomes available for payment of the defaulted interest, and notice of the Special Record Date shall be given to the registered owners of the Bonds not less than 10 days prior thereto electronically or otherwise to each such registered owner as shown on the Registrar's registration records on a date selected by the Registrar, stating the date of the Special Record Date and the date fixed for the payment of such defaulted interest. The Paying Agent may make payments of interest on any Bond by such alternative means as may be mutually agreed upon between the owner of such Bond and the Paying Agent. All such payments shall be made in lawful money of the United States of America.

Section 303 Prior Redemption.

A. Optional Redemption. Bonds, or portions thereof, maturing on and after the date set forth in the Certificate of the District shall be subject to redemption prior to their respective maturities, at the option of the District, as directed by the Chief Fiscal Officer, or in such officer's absence the Fire Chief, on and after the date set forth in the Certificate of the District, in whole at any time or in part at any time, from such maturities as are selected by the Chief Fiscal Officer, or in such officer's absence the Fire Chief, and if less than all of the Bonds of a maturity are to be redeemed, the Bonds of such maturity are to be redeemed by lot within a maturity (giving proportionate weight to Bonds in denominations larger than $5,000), in such manner as the Paying Agent may determine, for the principal amount of each Bond or portion thereof so redeemed and accrued interest thereon to the redemption date, and a premium, if any,

computed in accordance with the schedule set forth in the Certificate of the District.

B. Mandatory Redemption. The Bonds maturing on the dates, if any, set forth in the Certificate of the District (collectively, the "Term Bonds") are subject to mandatory sinking fund redemption at a redemption price equal to 100% of the principal amount thereof and accrued interest to the redemption date. As and for a sinking fund for the redemption of the Term Bonds, there shall be deposited into the Bond Fund on or before the dates set forth in the Certificate of the District, a sum which, together with other moneys available in the Bond Fund, is sufficient to redeem (after credit is provided below) on the dates and the principal amounts of the Term Bonds as set forth in the Certificate of the District, plus accrued interest to the redemption date.

Not more than sixty days nor less than twenty days prior to the sinking fund payment dates for the Term Bonds, the Registrar shall proceed to select for redemption (by lot in such manner as the Registrar may determine) from all Outstanding Term Bonds, a principal amount of the Term Bonds equal to the aggregate principal amount of the Term Bonds redeemable with the required sinking fund payments, and shall call such Term Bonds or portions thereof for redemption from the sinking fund on the next principal payment date, and give notice of such call as provided in Section 304 of this Resolution.

At the option of the District to be exercised by delivery of a written certificate to the Registrar not less than sixty days next preceding any sinking fund redemption date, it may (i) deliver to the Registrar for cancellation Term Bonds, or portions thereof ($5,000 or any integral multiple thereof) in an aggregate principal amount desired by the District or, (ii) specify a principal amount of Term Bonds, or portion thereof ($5,000 or any integral multiple thereof) which prior to said date have been redeemed (otherwise than through the operation of the sinking fund) and canceled by the Registrar and not theretofore applied as a credit against any sinking fund redemption obligation. Each Term Bond or portions thereof so delivered or previously redeemed shall be credited by

the Registrar at 100% of the principal amount thereof against the obligation of the District on the sinking fund redemption dates and any excess shall be so credited against future sinking fund redemption obligations in such manner as the District determines. In the event the District shall avail itself of the provisions of clause (i) of the first sentence of this paragraph, the certificate required by the first sentence of this paragraph shall be accompanied by the respective Term Bonds or portions thereof to be canceled of in the event the Bonds are registered in the name of Cede & Co. as provided in Section 307 of this Resolution, the certificate required by the first sentence of this paragraph shall be accompanied by such direction and evidence of ownership as is satisfactory to The Depository Trust Company.

C. Partial Redemption. If any Bond is in a denomination larger than $5,000, a portion of such Bond ($5,000 of principal amount thereof, or any integral thereof) may be redeemed pursuant to subsection A or B hereof, as appropriate, in which case the Registrar, except as provided in Section 307 hereof, shall, without charge to the owner of such Bond, authenticate and issue a replacement Bond or Bonds for the unredeemed portion thereof. In the case of a partial redemption of Bonds of a single maturity pursuant to subsection A or B hereof, the Paying Agent shall select the Bonds to be redeemed by lot at such time as directed by the District (but at least 30 days prior to the redemption date), and if such selection is more than 60 days before a redemption date, shall direct the Registrar to appropriately identify the Bonds so called for redemption by stamping them at the time any Bond so selected for redemption is presented to the Registrar for stamping or for transfer or exchange, or by such other method of identification as is deemed adequate by the Registrar and any Bond or Bonds issued in exchange for, or to replace, any Bond so called for prior redemption shall likewise be stamped or otherwise identified.

Section 304 Redemption Notice. Unless waived by any registered owner of a Bond to be redeemed, notice of prior redemption shall be given by the Registrar electronically, as long as Cede & Co. or a nominee or a successor depository is the registered owner of the

Bonds, and otherwise by first class, postage prepaid mail, at least 20 days but not more than 60 days prior to the Redemption Date to the registered owner of any Bond (initially Cede & Co.) all or a part of which is called for prior redemption at his or her address as it last appears on the registration records kept by the Registrar. The notice shall identify the Bonds and state that on such date the principal amount thereof, and premium, if any, thereon will become due and payable at the Paying Agent (accrued interest to the Redemption Date being payable electronically or as otherwise provided in this Resolution), and that after such Redemption Date interest will cease to accrue. After such notice and presentation of said Bonds, the Bonds called for redemption will be paid. Actual receipt of notice by any registered owner of Bonds shall not be a condition precedent to redemption of such Bonds. Failure to give such notice to the registered owner of any Bond designated for redemption, or any defect therein, shall not affect the validity of the proceedings for the redemption of any other Bond. A certificate by the Registrar that notice of call and redemption has been given as provided in this Section shall be conclusive as against all parties; and no owner whose Bond is called for redemption or any other owner of any Bond may object thereto or may object to the cessation of interest on the Redemption Date on the ground that he failed actually to receive such notice of redemption.

Notwithstanding the provisions of this section, any notice of redemption may contain a statement that the redemption is conditioned upon the receipt by the Paying Agent of funds on or before the date fixed for redemption sufficient to pay the redemption price of the Bonds so called for redemption, and that if such funds are not available, such redemption shall be canceled by written notice to the owners of the Bonds called for redemption in the same manner as the original redemption notice was mailed.

Section 305 Negotiability. Subject to Section 307 hereof and to the registration provisions herein provided, the Bonds shall be fully negotiable within the meaning of and for the purposes of the Uniform Commercial Code-Investment Securities, and each owner shall possess all rights enjoyed by owners of negotiable instruments under the Uniform Commercial Code-Investment Securities.

Section 306 Registration, Transfer and Exchange of Bonds. Except as otherwise provided in Section 307 hereof:

A. Registration and Transfer. Records for the registration and transfer of the Bonds shall be kept by the Registrar. Upon the surrender for transfer of any Bond at the Registrar, duly endorsed for transfer or accompanied by an assignment in form satisfactory to the Registrar duly executed by the registered owner or attorney duly authorized in writing, the Registrar shall authenticate and deliver in the name of the transferee or transferees a new Bond or Bonds of a like aggregate principal amount and of the same maturity bearing a number or numbers not previously assigned. Bonds may be exchanged at the Registrar for an equal aggregate principal amount of Bonds of the same maturity of other authorized denominations, as provided in Section 302 hereof. The Registrar shall authenticate and deliver a Bond or Bonds which the registered owner making the exchange is entitled to receive, bearing a number or numbers not previously assigned. For every exchange or transfer of Bonds requested by the owner thereof, the District or the Registrar may make a sufficient charge to reimburse it for any tax, fee, or other governmental charge required to be paid with respect to such exchange or transfer, and may charge a sum sufficient to pay the cost of preparing and authenticating each new Bond. No such charge shall be levied in the case of an exchange resulting from an optional or mandatory prior redemption of a Bond.

B. Limitations upon Registration. The Registrar shall not be required to transfer or exchange (i) any Bond subject to redemption during a period beginning at the opening of business 15 days before the day of transmitting electronically or otherwise by the Registrar of a notice of prior redemption of Bonds and ending at the close of business on the day of such transmission, or (ii) any Bond after the transmission of notice calling such Bond or any portion thereof for redemption as herein provided.

C. Effect of Registration. The person in whose name any Bond shall be registered, in the registration records kept by the Registrar, shall be deemed and regarded as the absolute owner thereof for the purpose of making payments thereof (except to the extent otherwise provided in Section 302 hereof with

respect to interest payments) and for all other purposes; and payment of or on account of either principal or interest on any Bond shall be made only to or upon the written order of the registered owner thereof or his legal representative, but such registration may be changed upon transfer of such Bond in the manner and subject to the conditions and limitation provided herein. All such payments shall be valid and effectual to discharge the liability upon such Bond to the extent of the sum or sums so paid.

D. Replacement of Bond. If any Bond shall be lost, stolen, destroyed or mutilated, the Registrar shall, upon receipt of such evidence, information or indemnity relating thereto as it, the Registrar or the District, may reasonably require, and upon payment of all expenses in connection therewith, authenticate and deliver a replacement Bond or Bonds of a like aggregate principal amount and of the same maturity, bearing a number or numbers not previously assigned. If such lost, stolen, destroyed or mutilated Bond shall have matured or shall have been called for redemption, the Registrar may direct that such Bond be paid by the Paying Agent in lieu of replacement.

E. Cancellation of Bond upon Payment or Reissuance. Whenever any Bond shall be surrendered to the Paying Agent upon payment thereof, or to the Registrar for transfer, exchange or replacement as provided herein, such Bond shall be promptly canceled by the Paying Agent or Registrar, and counterparts of a certificate of such cancellation shall be furnished by the Paying Agent or Registrar to the Chief Fiscal Officer and the District, upon request.

Section 307 Custodial Deposit.

A. Notwithstanding the foregoing provisions of Sections 302 to 306 hereof, the Bonds shall initially be evidenced by one or more Bonds for each year in which the Bonds mature in denominations equal to the aggregate principal amount of the Bonds maturing in that year. Such initially delivered Bonds shall be registered in the name of "Cede & Co." as nominee for The Depository Trust Company, the securities depository for the Bonds. The Bonds may not thereafter be transferred or exchanged except:

(1) to any successor of The Depository Trust Company or its nominee, which successor must be both a "clearing corporation" as defined in NRS chapter 104, and a qualified and registered "clearing agency" under Section 17A of the Securities Exchange Act of 1934, as amended; or

(2) upon the resignation of The Depository Trust Company or a successor or new depository under clause (1) or this clause (2) of this subsection A, or a determination by the District that The Depository Trust Company or such successor or new depository is no longer able to carry out its functions, and the designation by the District of another depository institution acceptable to the District and to the depository then holding the Bonds, which new depository institution must be both a "clearing corporation" as defined in NRS 104.8102 and a qualified and registered "clearing agency" under Section 17A of the Securities Exchange Act of 1934, as amended, to carry out the functions of The Depository Trust Company or such successor or new depository; or

(3) upon the resignation of The Depository Trust Company or a successor or new depository under clause (1) or clause (2) of this subsection A, or a determination of the District that The Depository Trust Company or such successor or new

depository is no longer able to carry out its functions, and the failure by the District, after reasonable investigation, to locate another qualified depository institution under clause (2) to carry out such depository functions.

B. In the case of a transfer to a successor of The Depository Trust Company or its nominee as referred to in clause (1) of subsection A hereof or designation of a new depository pursuant to clause (2) of subsection A hereof, upon receipt of the Outstanding Bonds by the Registrar, together with written instructions for transfer satisfactory to the Registrar, a new Bond for each maturity of the Bonds then Outstanding shall be issued to such successor or new depository, as the case may be, or its nominee, as is specified in such written transfer instructions. In the case of a resignation or determination under clause (3) of subsection A hereof and the failure after reasonable investigation to locate another qualified depository institution for the Bonds as provided in clause (3) of subsection A hereof, and upon receipt of the Outstanding Bonds by the Registrar, together with written instructions for transfer satisfactory to the Registrar, new Bonds shall be issued in the denominations of $5,000 or any integral multiple thereof, as provided in and subject to the limitations of Section 302 hereof, registered in the names of such Persons, and in such denominations as are requested in such written transfer instructions: however, the Registrar shall not be required to deliver such new Bonds within a period of less than 60 days from the date of receipt of such written transfer instructions.

C. The District, the Registrar and the Paying Agent shall be entitled to treat the registered owner of any Bond as the absolute owner thereof for all purposes hereof and any applicable laws, notwithstanding any notice to the contrary received by any or all of them and the District, the Registrar and the Paying Agent shall have no responsibility for transmitting payments to the beneficial owners of the Bonds held by The Depository Trust Company or any successor or new depository named pursuant to subsection A hereof.

D. The District, the Registrar and the Paying Agent shall endeavor to cooperate with The Depository Trust Company or any successor or new depository named pursuant to clause (1) or (2) of subsection A hereof in effectuating payment of the Bond Requirements of the Bonds by arranging for payment in such a manner that funds representing such payments are available to the depository on the date they are due.

E. Upon any partial redemption of any maturity of the Bonds, Cede & Co. (or its successor), in its discretion may request the District to issue and authenticate a new Bond or shall make an appropriate notation on the Bond indicating the date and amount of prepayment, except in the case of final maturity, in which case the Bond must be presented to the Paying Agent prior to payment.

Section 308 Execution of Bonds. The Bonds shall be executed as follows:

A. Filings with Secretary of State. Pursuant to the Bond Act, and to the act cited as the Uniform Facsimile Signatures of Public Officials Act, cited as chapter 351 of NRS, and prior to the execution of any Bonds by facsimile signature, the Chair of the Board (the "Chair"), the District Secretary and the District Treasurer shall each file with the Secretary of State of the State of Nevada such officer's manual signature certified by such officer under oath.

B. Manner of Execution. Each Bond shall be approved, signed and executed in the name of and on behalf of the District with the manual, electronic or facsimile of the signature of the Chair of the Board shall be countersigned and executed with the manual, electronic or facsimile of the signatures of the District Treasurer and shall be authenticated with the manual or facsimile impression of the official seal of the District; and shall be signed, executed, and attested with such a manual or facsimile signature of the District Secretary.

C. Authentication. No Bond shall be valid or obligatory for any purpose unless the certificate of authentication thereon, substantially in the form hereinafter provided has been duly manually executed by the Registrar. The Registrar's certificate of authentication shall be deemed to have been duly

executed by it if manually or electronically signed by an authorized officer or employee of the Registrar, but it shall not be necessary that the same officer or employee sign the certificate of authentication on all of the Bonds issued hereunder. By authenticating any of the Bonds delivered pursuant to the Resolution, the Registrar shall be deemed to have assented to all of the provisions of this Resolution.

Section 309 Use of Predecessor's Signature. The Bonds bearing the signatures of the officers in office at the time of the signing thereof shall be the valid and binding obligations of the District, notwithstanding that before the delivery thereof and the payment therefor any or all of the persons whose signatures appear thereon shall have ceased to fill their respective offices. Each the Chair of the Board, the District Treasurer and District Secretary, at the time of the execution of the Bonds and of a signature certificate pertaining thereto by the Chair of the Board, the District Treasurer and the District Secretary, respectively, may adopt as and for such officer's own facsimile signature the facsimile signature of such officer's predecessor in office if such facsimile signature appears upon any of the Bonds.

Section 310 Incontestable Recital in Bonds. Pursuant to NRS 350.628, each Bond shall recite that it is issued pursuant to the Project Act, to the Consolidated Tax Act and to the Bond Act, which recital shall be conclusive evidence of the validity of the Bonds and the regularity of their issuance.

Section 311 State Tax Exemption. Pursuant to NRS 350.710, the Bonds, their transfer, and the income therefrom shall forever be and remain free and exempt from taxation by the State or any subdivision thereof, except for the tax on estates imposed pursuant to chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to chapter 375B of NRS.

Section 312 Bond Execution. The Chair of the Board, the District Treasurer, and the District Secretary are hereby authorized and directed to prepare and to execute the Bonds as herein provided.

Section 313 Bond Delivery. After such registration of the Bonds by the Registrar pursuant to Section 306 and after their execution and authentication pursuant to Section 308 and other provisions herein supplemental thereto, the Treasurer shall cause the Bonds to be

delivered to the Purchaser thereof, upon payment being made therefor on the terms of the sale of the Bonds.

Section 314 Bond Form. Subject to the provisions of this Resolution, each Bond shall be in substantially the following form with such omissions, insertions, endorsements, and variations as to any recitals of fact or other provisions as may be required by the circumstances, be required or permitted by this Resolution, or be consistent with this Resolution and necessary or appropriate to conform to the rules and requirements of any governmental authority or any usage or requirement of law with respect thereto:

(Form of Bond)

TRANSFER OF THIS BOND OTHER THAN BY REGISTRATION IS NOT EFFECTIVE

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA
GENERAL OBLIGATION (LIMITED TAX)
CAPITAL IMPROVEMENT BOND
(ADDITIONALLY SECURED BY PLEDGED REVENUES)
SERIES 2021

NO._____ $_____

Interest Rate	Maturity Date	Dated As Of	CUSIP
_____% per annum	June 1, ___	_____, 2021	

REGISTERED OWNER: **CEDE & CO.**

PRINCIPAL AMOUNT: DOLLARS

The Truckee Meadows Fire Protection District, Nevada (the "District" and the "State", respectively), for value received hereby acknowledges itself to be indebted and promises to pay to the Registered Owner specified above the Principal Amount specified above, on the Maturity Date specified above (unless called for earlier redemption), and to pay interest thereon on June 1 and December 1 of each year commencing on December 1, 2021, at the Interest Rate per annum specified above, until the principal sum is paid or payment has been provided therefor. This Bond will bear interest from the most recent interest payment date to which interest has been paid or provided for, or, if no interest has been paid, from the date of this Bond. The principal of and redemption premium, if any, on this Bond are payable to the Registered Owner hereof upon presentation and surrender hereof at the office of Zions Bancorporation, National Association, as paying agent for the Bonds (the "Paying Agent"), which is also now acting as the District's registrar for the Bonds (the "Registrar") or at such other office as designated by the Paying Agent. Interest on this Bond will be paid on each interest payment date (or, if such interest payment date is not a business day, on the next succeeding business day), by check or draft mailed to the person in whose name this Bond is registered (the "Registered Owner") in the registration records of the District maintained by the Registrar and at the address appearing thereon at the close of business on the 15th day of the calendar month next preceding such interest payment date (the "Regular Record Date"). Any such interest not so timely paid or duly provided for shall cease to be payable to the person who is the registered owner hereof at the close of business on a Special Record Date for the payment of any defaulted interest. Such Special Record Date shall be fixed by the Paying Agent for the Bonds whenever moneys become available for payment of the defaulted interest, and notice of the Special Record Date shall be given to the Registered Owners of the Bonds of the series of which this is one (the "Bonds") not less than ten days prior thereto. All payments of the principal of, interest on and redemption premiums due in connection with this Bond (the "Bond Requirements") shall be made in lawful money of the United States of America without deduction for the services of the Paying Agent.

The Bonds are issuable solely as fully registered Bonds in denominations of $5,000 each or any integral multiple thereof. The Bonds are exchangeable for fully registered Bonds of the same maturity in equal aggregate principal amounts and in authorized denominations at the aforesaid office of the Paying Agent and Registrar but only in the manner, subject to the limitations, and on payment of the charges provided in the District's Resolution designated by the short title "2021 Bond Resolution," adopted and approved on June 1, 2021 authorizing the issuance of the Bonds (the "Resolution").

The Registrar will not be required to transfer or exchange (i) any Bond subject to redemption during a period beginning at the opening of business 15 days before the day of the mailing by the Registrar of a notice of prior redemption of Bonds and ending at the close of business on the day of such mailing, or (ii) any Bond after the mailing of notice calling such Bond or any portion thereof for prior redemption.

The Bonds shall not be transferable or exchangeable, except as set forth in the District's Resolution adopted and approved on June 1, 2021 authorizing the issuance of the Bonds (the "Resolution").

Bonds, or portions thereof, are subject to optional prior redemption as set forth in the Resolution and the Certificate of the District.

Certain of the Bonds shall be subject to mandatory sinking fund redemption as provided in the Resolution and in the Certificate of the District.

In the case of Bonds of a denomination larger than $5,000, a portion of such Bond ($5,000 of the principal amount thereof, or any integral multiple thereof) may be redeemed, in which case the Registrar shall, without charge to the owner of such Bond, authenticate and issue a replacement Bond or Bonds for the unredeemed portion thereof. Redemption shall be made upon not less than thirty (30) days' prior notice as provided in the Resolution.

Upon any partial prior redemption of this Bond, Cede & Co., in its discretion, may request the Registrar to authenticate a new Bond or shall make an appropriate notation on this Bond indicating the date and amount of prepayment, except in the case of final maturity, in which case this Bond must be presented to the Paying Agent prior to payment.

UNLESS THIS CERTIFICATE IS PRESENTED BY AN AUTHORIZED REPRESENTATIVE OF THE DEPOSITORY TRUST COMPANY, A NEW YORK CORPORATION ("DTC"), TO THE DISTRICT OR ITS AGENT FOR REGISTRATION OF TRANSFER, EXCHANGE, OR PAYMENT, AND ANY CERTIFICATE ISSUED IS REGISTERED IN THE NAME OF CEDE & CO., OR IN SUCH OTHER NAME AS IS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF DTC (AND ANY PAYMENT IS MADE TO CEDE & CO. OR TO SUCH OTHER ENTITY AS IS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF DTC), ANY TRANSFER, PLEDGE, OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL

INASMUCH AS THE REGISTERED OWNER HEREOF, CEDE & CO., HAS AN INTEREST HEREIN.

This Bond must be registered in the name of the Registered Owner as to both principal and interest on the registration records kept by the Registrar in conformity with the provisions stated herein and endorsed hereon and subject to the terms and conditions set forth in the Resolution. No transfer of this Bond shall be valid unless made on the registration records maintained at the principal office of the Registrar by the Registered Owner or his attorney duly authorized in writing.

The District and the Registrar and Paying Agent may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for the purpose of making payment (except to the extent otherwise provided hereinabove and in the Resolution with respect to Regular and Special Record Dates for the payment of interest) and for all other purposes and the District, and Paying Agent and Registrar shall be not affected by notice to the contrary.

The Bonds are issued by the District and upon the credit thereof, for the purpose of defraying wholly or in part the cost of acquiring properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor, under the authority of and in full conformity with the Constitution and laws of the State and the District and pursuant to the Resolution.

It is hereby certified, recited and warranted that the total indebtedness of the District, including that of this Bond, does not exceed any limit of indebtedness prescribed by the Constitution or laws of the State; that provision has been made for the levy and collection of annual general (ad valorem) taxes ("General Taxes") sufficient to pay the Bond Requirements of this Bond when the same become due (except to the extent other moneys are available therefor), subject to the limitations imposed by the Constitution and statutes of the State; and that the full faith and credit of the District are hereby irrevocably pledged to the punctual payment of the Bond Requirements according to the terms of this Bond.

The payment of the Bonds, as to all Bond Requirements, is additionally secured by an irrevocable pledge of revenues derived by the District from the Pledged Revenues (as defined in the Resolution).

Payment of the Bond Requirements due in connection with the Bonds may be made from and as security for such payment there is irrevocably and exclusively pledged, pursuant to the Resolution, special accounts thereby created and identified as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds, Series 2021, Principal Account," and "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds, Series 2021, Interest Account," (collectively, the "Bond Fund") into which accounts the District covenants to pay from the revenues derived from the Pledged Revenues sums sufficient to pay when due the Bond Requirements of the Bonds, except to the extent other moneys are available therefor.

The Bonds are equitably and ratably secured by a lien on the Pledged Revenues, and the Bonds constitute an irrevocable lien (but not necessarily an exclusive lien) upon the Pledged Revenues on a parity with the lien of the Parity Securities (as defined in the Resolution) and any outstanding parity bonds hereafter issued, subject to and after any superior liens upon such Pledged Revenues of any Superior Securities. Bonds and other securities, in addition to the Bonds and the Parity Securities, subject to expressed conditions, may be issued and made payable from the Pledged Revenues having a lien thereon subordinate and junior to the lien or, subject to additional expressed conditions, having a lien thereon superior to or on a parity with the lien, of the Parity Securities and the Bonds, in accordance with the provisions of the Resolution.

The District covenants and agrees with the owner of this Bond and with each and every person who may become the owner hereof that it will keep and will perform all of the covenants of the Resolution.

Reference is made to the Resolution, NRS 474.460 through 474.540, inclusive (the "Project Act"); and NRS 360.600 to 360.740, inclusive, as amended from time to (the "Consolidated Tax Act"); an act cited as NRS 350.500 through 350.720, and all laws amendatory thereof, designated in NRS 350.500 as the Local Government Securities Law (the "Bond Act"); and to all laws supplemental thereto, for an additional description of the nature and extent of the security for the Bonds, the General Taxes, accounts, funds and revenues pledged, the nature and extent and manner of enforcement of the pledge, the rights and remedies of the owners of the Bonds with respect thereto, the terms and conditions upon which the Bonds are issued, and a statement of rights and remedies of the owners of the Bonds.

[The District has designated the Bond as a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3)(B) of the Internal Revenue Code of 1986, as amended.]

The Bonds are issued pursuant to the Project Act, the Consolidated Tax Act and the Bond Act, and pursuant to NRS 350.628, this recital is conclusive evidence of the validity of the Bonds and the regularity of their issuance; and pursuant to NRS 350.710, the Bonds, their transfer, and the income therefrom shall forever be and remain free and exempt from taxation by the State or any subdivision thereof except for the tax on estates imposed pursuant to chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to chapter 375B of NRS.

To the extent and in the respects permitted by the Resolution, the provisions of the Resolution or any instrument amendatory thereof or supplemental thereto may be modified or amended by action of the District taken in the manner and subject to the conditions and exceptions prescribed in the Resolution. The pledge of revenues and other obligations of the District under the Resolution may be discharged at or prior to the respective maturities of the Bonds upon the making of provision for the payment thereof on the terms and conditions set forth in the Resolution.

It is further certified, recited and warranted that all the requirements of law have been fully complied with by the proper officers of the District in the issuance of this Bond; that it

is issued pursuant to and in strict conformity with the Constitution and laws of the State, particularly under the terms and provisions of the Project Act, the Consolidated Tax Act, the Bond Act and all laws supplemental thereto, and with the Resolution; and that this Bond does not contravene any constitutional or statutory limitation.

No recourse shall be had for the payment of the Bond Requirements of this Bond or for any claim based thereon or otherwise upon the Resolution or other instrument relating thereto, against any individual member of the Board of Fire Commissioners of the District, any individual member of the District, or any officer or other agent of the District, past, present or future, either directly or indirectly through such board or the District, or otherwise, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any penalty or otherwise, all such liability, if any, being by the acceptance of this Bond and as a part of the consideration of its issuance specially waived and released.

This Bond shall not be valid or obligatory for any purpose until a manual signature of a duly authorized officer of the Registrar has been affixed on the certificate of authentication hereon.

IN WITNESS WHEREOF, the District has caused this Bond to be signed and executed in its name and upon its behalf with the electronic, manual or facsimile signature of the Chair of its Board of Fire Commissioners, to be countersigned and executed with the electronic, manual or facsimile signature of the District Treasurer and has caused an electronic, manual impression or a facsimile of the seal of the District to be affixed hereon; and has caused this Bond to be signed, executed and attested with the electronic, manual or facsimile signature of the District Secretary, all as of the dated date above.

ARTICLE IV.

USE OF BOND PROCEEDS AND RESERVE FUNDS

Section 401 Disposition of Bond Proceeds. The proceeds of the Bonds upon the receipt thereof at any time or from time to time shall be credited to a separate account hereby created and to be known as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Project Construction and Other Acquisition Account" (the "Acquisition Account") to be held by the District and used to pay the Cost of the Project, including but not limited to, the costs of issuing the Bonds.

Section 402 Moneys for Project. All moneys received and held by the District for the Project from all sources, except for the Rebate Account; but, including, without limitation, the Bond proceeds deposited in the Acquisition Account and any revenues appropriated by the District for the Project shall be deposited in the Acquisition Account and except as herein otherwise expressly provided, shall be used and paid out solely for the purpose of defraying the Cost of the Project, including, without limitation, the costs of issuing the Bonds.

Section 403 Prevention of Bond Default. The Chief Fiscal Officer shall use any Bond proceeds credited to the Acquisition Account without further order or warrant, to pay the Bond Requirements of the Bonds as the same become due whenever and to the extent moneys in the Bond Fund or otherwise available therefor are insufficient for that purpose, unless the Bond proceeds shall be needed to defray obligations accrued and to accrue under any contracts then existing and relating to the Project. The Chief Fiscal Officer shall promptly notify the Chair of any such use. Any moneys so used shall be restored to the Acquisition Account, from the first Pledged Revenues thereafter received and not needed to meet the requirements provided in Sections 603 through 607 hereof.

Section 404 Completion of Project. When any amounts in the Acquisition Account are no longer needed to pay the Cost of the Project, the Chief Fiscal Officer shall cause to be transferred to the Bond Fund all surplus moneys remaining in the Acquisition Account, if any, except for any moneys designated by the Chief Fiscal Officer to be retained to pay any

unpaid accrued costs or contingent obligations and the sums so transferred shall be applied to the payment of the principal and interest due on the Bonds. Nothing herein:

A. Periodic Transfers. Prevents the Chief Fiscal Officer from causing to be transferred from the Acquisition Account to the Bond Fund any moneys which will not be necessary for the Project; nor

B. Limitations upon Transfers. Requires the transfer to the Bond Fund from the Acquisition Account of any moneys in the Acquisition Account derived from a source other than Bond proceeds.

Section 405 Purchaser Not Responsible. The validity of the Bonds shall not be dependent on nor be affected by the validity or regularity of any proceedings relating to the acquisition of the improvements, or any part thereof, or to the completion of the Project. The Purchaser of the Bonds, any associate thereof, and any subsequent owner of any Bonds shall in no manner be responsible for the application or disposal by the District or by any of its officers, agents and employees of the moneys derived from the sale of the Bonds or of any other moneys herein designated.

Section 406 Lien on Bond Proceeds. Until proceeds of the Bonds are applied as hereinabove provided the Bond proceeds shall be subject to a lien thereon and pledge thereof for the benefit of the owners of the Bonds from time to time as provided in Section 601 hereof.

ARTICLE V.

GENERAL TAXES

Section 501 General Tax Levies. Pursuant to NRS 350.596, the Bond Requirements of the Bonds falling due at any time when there are not on hand from General Tax levies sufficient funds to pay the same, shall be paid out of the general fund of the District or out of any other funds that may be available for such purpose. For the purpose of repaying any moneys so paid from any such fund or funds (other than any moneys available for the payment of such Bond Requirements on other than a temporary basis) and for the purpose of the payment thereafter of the Bonds and the interest thereon, there are hereby created the separate and special accounts known respectively as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Principal Account" (the "Principal Account") and as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Interest Account" (the "Interest Account"; collectively the "Bond Fund"). Pursuant to NRS 350.592 and 350.594, there shall be levied annually in each calendar year commencing in the calendar year of this Resolution, until all of the Bond Requirements shall have been fully paid, satisfied and discharged, a General Tax on all property, both real and personal, subject to taxation within the boundaries of the District fully sufficient to reimburse such funds for such installments of Bond Requirements, together with the revenue which will result from application of the rate to the net proceeds of minerals, to pay the interest on the Bonds, and to pay and retire the same as hereinabove provided, and after there are made due allowances for probable delinquencies. The proceeds of the annual levies shall be duly credited to such separate accounts for the payment of the Bond Requirements, including any mandatory sinking fund payments pursuant to Section 303B hereof, if any. In the preparation of the annual budget or appropriation resolution or Resolution for the District, the District shall first make proper provisions through the levy of sufficient General Taxes for the payment of the interest on and the retirement of the principal of the bonded indebtedness of the District, including, without limitation, the Bonds, subject to the limitations imposed by NRS 361.453 and Section 2, Article 10, Nevada Constitution, and the

amount of money necessary for this purpose shall be a first charge against all the revenues received by the District.

Section 502 Priorities for Bonds. As provided in NRS 361.463 in any year in which the total General Taxes levied against the property in the District by all overlapping units within the boundaries of the District may exceed the limitation of $3.64 on each $100 of assessed valuation, or a lesser or greater amount fixed by the State board of examiners if the State board of examiners is directed by law to fix a lesser or greater amount for that Fiscal Year as provided in NRS 361.453, and it shall become necessary by reason thereof to reduce the levies made by any and all such units, the reductions so made shall be in General Taxes levied by such unit or units (including, without limitation, the District and the State) for purposes other than the payment of their bonded indebtedness, including interest thereon. The General Taxes levied for the payment of such bonded indebtedness and the interest thereon shall always enjoy a priority over General Taxes levied by each such unit (including, without limitation, the District and the State) for all other purposes where reduction is necessary in order to comply with the limitation of NRS 361.453.

Section 503 Correlation of Levies. Such General Taxes shall be levied and collected in the same manner and at the same time as other General Taxes are levied and collected, and the proceeds thereof for the Bonds shall be kept by the Chief Fiscal Officer in the Principal Account and in the Interest Account, which shall be used for no other purpose than the payment of principal of and interest on the Bonds, and any other Parity Securities hereinafter issued in accordance with Section 910 hereof, respectively, as the same fall due.

Section 504 Use of General Fund. Any sums becoming due on the Bonds at any time when there are on hand from such tax levy or levies (and any other available moneys) insufficient funds to pay the same shall be promptly paid when due from general funds on hand belonging to the District, reimbursement to be made for such general funds in the amounts so advanced when the Taxes herein provided for have been collected, pursuant to NRS 350.596.

Section 505 Use of Other Funds. Nothing herein prevents the District from applying any funds (other than General Taxes) that may be available for that purpose to the payment of such interest or principal, as the same, respectively, mature, including, without limitation, the payment of the Bonds as provided in Section 604 hereof and elsewhere herein,

and upon such payments, the levy or levies herein provided may thereupon to that extent be diminished, pursuant to NRS 350.598.

Section 506 Legislative Duties. In accordance with NRS 350.592 and NRS 361.463, it shall be the duty of the District annually, at the time and in the manner provided by law for levying other General Taxes of the District, if such action shall be necessary to effectuate the provisions of this Resolution, to ratify and carry out the provisions hereof with reference to the levy and collection of General Taxes; and the District shall require the officers of the District to levy, extend and collect such General Taxes in the manner provided by law for the purpose of creating funds for the payment of the principal of the Bonds and interest thereon. Such General Taxes when collected shall be kept for and applied only to the payment of the principal of and the interest on the Bonds as hereinbefore provided.

Section 507 Appropriation of General Taxes. In accordance with NRS 350.602, there is hereby specially appropriated the proceeds of the General Taxes to the payment of such principal and interest; and such appropriations shall not be repealed nor the General Taxes postponed or diminished (except as herein otherwise expressly provided) until the principal of and interest on the Bonds have been wholly paid.

ARTICLE VI.

ADMINISTRATION OF AND ACCOUNTING FOR PLEDGED REVENUES

Section 601 Pledge Securing Bonds. Subject only to the right of the District to cause amounts to be withdrawn to pay the Cost of the Project as provided herein, the Pledged Revenues and all moneys and securities paid or to be paid to or held or to be held in any account under this article or under Section 401 hereof, excluding, however, all amounts held in the Rebate Account, are hereby pledged to secure the payment of the Bond Requirements of the Bonds; and this pledge shall be valid and binding from and after the date of the first delivery of any Bonds, and the moneys, as received by the District and hereby pledged, shall immediately be subject to the lien of this pledge without any physical delivery thereof, any filing, or further act, and the lien of this pledge and the obligation to perform the contractual provisions herein made shall have priority over any or all other obligations and liabilities of the District and, except for the 2020 Bond and any additional Parity Securities and any Outstanding securities hereafter authorized the liens of which on the Pledged Revenues are superior to or on a parity with the lien thereon of the Bonds; and the lien of this pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the District (except as herein otherwise provided) irrespective of whether such parties have notice thereof.

Section 602 Income Fund Deposits. So long as any of the Bonds shall be Outstanding, as to any Bond Requirements, the entire Pledged Revenues, upon their receipt from time to time by the District, shall be set aside and credited immediately to a special account continued in the Resolutions authorizing the issuance of the Parity Securities and hereby continued and designated as the "Truckee Meadows Fire Protection District, Nevada, Consolidated Tax Pledged Revenues Income Fund" (the "Income Fund"). Such Income Fund shall be maintained by the Chief Fiscal Officer separate and apart from all other District funds, including the Bond Fund.

Section 603 Administration of Income Fund. So long as any of the Bonds hereby authorized shall be Outstanding, as to any Bond Requirements, each Fiscal Year the Income Fund shall be administered, and the moneys on deposit therein shall be applied in the following order of priority, all as provided in Sections 604 through 607 hereof.

Section 604 Superior Bond Fund and Parity Bond Fund Payments.

A. First, from any moneys in the Income Fund, i.e., from the Pledged Revenues, there shall be credited to any bond fund created to pay the principal of, interest on and prior redemption premiums due on any Superior Securities, including any reserves therefor, issued in accordance with the provisions of this Resolution:

1. Monthly, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next maturing installment of interest on the Superior Securities, and monthly thereafter, commencing on each interest payment date, one-sixth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source, to pay the next maturing installment of interest on the Superior Securities then outstanding.

2. Monthly, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next installment of principal of the Superior Securities coming due at maturity, and monthly thereafter, commencing on each principal payment date, one-twelfth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source, to pay the next installment of principal of the Superior Securities coming due at maturity, or, if any, an amount sufficient to pay the principal of, interest on and any prior redemption premiums due on the outstanding Superior Securities.

B. Second, and contemporaneously with the transfers required by the resolution authorizing the issuance of the 2020 Bond and any bond resolutions authorizing the issuance of Parity Securities to be made to the bond funds of any Parity Securities hereafter issued, the following transfers shall be credited to the Bond Fund:

1. Monthly, commencing on the first of the month following the date of delivery of the Bonds, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next maturing installment of interest on the Bonds, and monthly thereafter, commencing on each interest payment date, one-sixth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source, to pay the next maturing installment of interest on the Bonds then Outstanding.

2. Monthly, commencing on the first of the month following the date of delivery of the Bonds, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next installment of principal of the Bonds coming due at maturity, and monthly thereafter, commencing on each principal payment date, one-twelfth of the amount necessary, together with any other moneys from time to time available therefor and on deposit therein from whatever source, to pay the next installment of principal of the Bonds coming due at maturity, or pursuant to Section 303B hereof, if any.

The moneys credited to the Bond Fund shall be used to pay the Bond Requirements of the Bonds as the Bond Requirements become due, including any mandatory sinking fund payments pursuant to Section 303B hereof, if any.

Section 605 Termination of Deposits. No payment need be made into the Bond Fund, or if the amount in the Bond Fund totals a sum at least equal to the entire amount of the Outstanding Bonds as to all Bond Requirements, to their respective maturities, and both accrued and not accrued, in which case moneys in that account in an amount at least equal to such Bond Requirements shall be used solely to pay such Bond Requirements as the same become due; and any moneys in excess thereof in that account and any other moneys derived from the Pledged Revenues shall be applied as hereafter provided.

Section 606 Payment of Additional Securities. Third, and subject to the provisions hereinabove in this Article, but either concurrently with or subsequent to the payments required by Section 604 hereof, as provided in Article VIII hereof, any moneys remaining in the Income Fund may be used by the District for the payment of Bond Requirements of additional bonds or other additional securities payable from the Pledged Revenues and hereafter authorized to be issued in accordance with Article VIII and any other provisions herein supplemental thereto, including reasonable reserves for such securities, as the same accrue. The lien of such additional bonds or other additional securities on the Pledged Revenues and the pledge thereof for the payment of such additional securities shall be superior to, on a parity with or subordinate to the lien and pledge of the Bonds as herein provided. Payments for bond and reserve funds for any Superior Securities shall be made concurrently with the payments for Superior Securities required by Section 604 hereof. Payments for bond and reserve funds for additional Parity Securities shall be made concurrently with the payments for the Bonds required by Section 604 hereof, but payments for bond and reserve funds for additional Subordinate Securities shall be made after the payments required by Sections 604 and 607 hereof.

Section 607 Payment of Rebate. Fourth, and subject to the provisions hereinabove in this Article and concurrently with the deposits to any rebate accounts for the 2020 Bond and any additional Parity Securities required by any bond resolutions authorizing the issuance of such Parity Securities hereafter adopted, there shall be transferred into the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021 Rebate Account" hereby created, after making in full the monthly deposits required by Sections 604 and 606, but prior to the transfer of any Pledged Revenues to the payment of Subordinate Securities, such amounts as are required to be deposited therein to meet the District's obligations under the covenant contained in Section 922 hereof, in accordance with Section 148(f) of the Tax Code. Amounts in the Rebate Account shall be used for the purpose of making the payments to the United States required by such covenant and Section 148(f) of the Tax Code. Any amounts in the Rebate Account in excess of those required to be on deposit therein by Section 922 hereof

and Section 148(f) of the Tax Code may be withdrawn therefrom and used for any lawful purpose.

Section 608 Use of Remaining Revenues. After the payments hereinabove required to be made in this Article VI are made, any remaining Pledged Revenues in the Income Fund may be used at any time during any Fiscal Year whenever in the Fiscal Year there shall have been credited to the Bond Fund, to the Rebate Account, and to each other bond fund, rebate account and reserve fund, if any, for the payment of any other securities payable from the Pledged Revenues, all amounts required to be deposited in those special accounts for such portion of the Fiscal Year, as hereinabove provided in this Article, for any one or any combination of lawful purposes, or otherwise, as the District Chief Financial Officer may from time to time determine.

ARTICLE VII.

GENERAL ADMINISTRATION

Section 701 Administration of Accounts. The special accounts designated in Articles IV and VI hereof be administered as provided in this Article.

Section 702 Places and Times of Deposits. Each of the special accounts hereinabove designated in Articles IV and VI hereof shall be maintained as an account for accounting purposes and kept separate from all other accounts as a trust account solely for the purposes herein designated therefor, and the moneys accounted for in such special accounts shall be deposited in one bank account or more in a Trust Bank or Trust Banks as determined and designated by the District (except as otherwise expressly stated herein). Nothing herein prevents the commingling of moneys accounted for in any two or more book accounts relating to the Project or any other District accounts in any bank account or any investment in securities hereunder. Each bank account shall be continuously secured to the fullest extent required or permitted by the laws of the State for the securing of public funds and shall be irrevocable and not withdrawable by anyone for any purpose other than the respective designated purposes. Each periodic payment shall be credited to the proper book account not later than the date therefor herein designated, except that when any such date shall be a Saturday, a Sunday or a legal holiday, then the payment shall be made on or before the next preceding secular day. Notwithstanding any other provision herein to the contrary, moneys sufficient to pay the Bond Requirements then coming due on the Outstanding Bonds shall be deposited with the Paying Agent at least on the day of each interest payment date herein designated and, in any event, in sufficient time to make timely payment of such Bond Requirements.

Section 703 Investment of Moneys. Any moneys in any account designated in Articles IV and VI hereof and not needed for immediate use, may be invested or reinvested by the Chief Fiscal Officer in any investments permitted under the laws of the State. For the purpose of any such investment or reinvestment, the securities shall be deemed to mature at the earliest date on which the obligor is, on demand, obligated to pay a fixed sum in discharge of the whole of such obligations.

Section 704 Required and Permissive Investments. The Chief Fiscal Officer shall not have any obligation to make any investment or reinvestment hereunder, unless any moneys on hand and accounted for in any one account exceeds $5,000 and at least $5,000 therein will not be needed for a period of not less than 60 days. In that event the Chief Fiscal Officer shall invest or reinvest in securities to the extent practicable not less than substantially all the amount which will not be needed during such 60-day period, except for any moneys on deposit in an interest-bearing account in any Trust Bank, regardless of whether such moneys are evidenced by a certificate of deposit or otherwise, pursuant to Section 707 hereof. The Chief Fiscal Officer may invest or reinvest any moneys on hand at any time as provided in Section 703 hereof even though he is not obligated to do so.

Section 705 Accounting for Investments. The securities purchased as an investment or reinvestment of moneys in any such account shall be deemed at all times to be a part of the account and held in trust therefor. Except as herein otherwise provided, any interest or other gain in any account resulting from any such investments and reinvestments in securities and from any deposits of moneys in any Trust Bank pursuant to this Article shall be credited to that Fund, and any loss in any account resulting from any such investments and reinvestments in securities and from any such deposits in any Trust Bank shall be charged or debited to that Fund. No loss or profit in any account on any investments or reinvestments in securities or any certificates of deposit shall be deemed to take place as a result of fluctuations in the market quotations of the investments, reinvestments or certificates before the sale or maturity thereof. In the computation of the amount in any account for any purpose hereunder, except as herein otherwise expressly provided, securities and certificates of deposit shall be valued at the cost thereof (including any amount paid as accrued interest at the time of purchase of the obligation) and other bank deposits shall be valued at the amounts deposited, exclusive of any accrued interest or any other gain to the District until such gain is realized. The expenses of purchase, safekeeping, sale and all other expenses incident to any investment or reinvestment of moneys pursuant to this Article shall be accounted for as an expense of the Project and charged to the Acquisition Account.

Section 706 Redemption or Sale of Investment Securities. The Chief Fiscal Officer having jurisdiction over moneys designated herein shall present for redemption at

maturity or sale on the prevailing market at the best price obtainable any securities and certificates of deposit so purchased as an investment or reinvestment of moneys in any account whenever it shall be necessary to do so in order to provide moneys to meet any withdrawal, payment or transfer from such account. The Chief Fiscal Officer and each other officer of the District shall not be liable or responsible for any loss resulting from any such investment or reinvestment made in accordance with this Resolution.

Section 707 Character of Funds. The moneys in any account herein authorized shall consist either of lawful money of the United States or permitted securities, or both. Moneys deposited in a demand or time deposit account in or evidenced by a certificate of deposit of any Trust Bank pursuant to Section 703 hereof, appropriately secured according to the laws of the State, shall be deemed lawful money of the United States.

Section 708 Accelerated Payments. Nothing contained in Article VI hereof prevents the accumulation in any account herein designated of any monetary requirements at a faster rate than the rate or minimum rate provided in Article VI therefor, as the case may be; but no payment shall be so accelerated if such acceleration shall cause the District to default in the payment of any obligation of the District relating to the Pledged Revenues or the Project. Nothing contained herein, in connection with the Pledged Revenues received in any Fiscal Year, requires the accumulation in any account for the payment in the Comparable Bond Year of Bond Requirements due in connection with any series of bonds or other securities payable from the Pledged Revenues and heretofore, herein or hereafter authorized, in excess of the Bond Requirements due in the Comparable Bond Year, and of any reserves required to be accumulated and maintained therefor, and of any existing deficiencies, and payable from such account, as the case may be, except as may be otherwise provided in Section 604 or elsewhere herein.

Section 709 Payment of Securities Requirements. The moneys credited to any account designated in Article VI hereof for the payment of the Bond Requirements due in connection with any series of bonds or other securities payable from the Pledged Revenues and heretofore, herein or hereafter authorized shall be used, without requisition, voucher, warrant or further order or authority (other than is contained herein), or any other preliminaries, to pay promptly the Bond Requirements payable from such account as such bonds or other securities become due, upon the respective interest payment dates and Redemption Dates, if any, on which

the District is obligated to pay the bonds or other securities, or upon the respective interest payment and maturity dates of such bonds or other securities, as provided therefor herein or otherwise, except to the extent any other moneys are available therefor, including, without limitation, moneys accounted for in the Bond Fund.

Section 710 Payment of Redemption Premiums. Notwithstanding any other provision herein, this Resolution requires the accumulation in any account designated in Article VI hereof for the payment of any series of bonds or other securities payable from the Pledged Revenues of amounts sufficient to pay not only the principal thereof and interest thereon payable from such account but also the prior redemption premiums due in connection therewith, if any, as the same become due, whenever the District shall have exercised or shall have obligated itself to exercise a prior redemption option relating thereto, except to the extent provision is otherwise made therefor, if any prior redemption premium is due in connection therewith. In that event moneys shall be deposited into such account in due season for the payment of all such Bond Requirements without default as the same become due.

ARTICLE VIII.

SECURITIES LIENS AND ADDITIONAL SECURITIES

Section 801 Lien of the Bonds on Pledged Revenues. The Bonds authorized herein constitute an irrevocable lien (but not necessarily an exclusive lien) upon the Pledged Revenues on a parity with the lien of the Parity Securities, subject to and after any superior liens upon such Pledged Revenues of any Superior Securities.

Section 802 Equality of Bonds. The Bonds, the 2020 Bond and any Parity Securities hereafter authorized to be issued and from time to time Outstanding are equally and ratably secured by a lien on the Pledged Revenues and shall not be entitled to any priority one over the other in the application of the Pledged Revenues, regardless of the time or times of the issuance of the Bonds and the Parity Securities, it being the intention of the District that there shall be no priority among the Bonds, the 2020 Bond, and any such Parity Securities, regardless of the fact that they may be actually issued and delivered at different times.

Section 803 Issuance of Superior or Parity Securities. Nothing herein, subject to the limitations stated in Sections 811 and 812 hereof, prevents the issuance by the District of additional bonds or other additional securities payable from the Pledged Revenues and constituting a lien thereon superior to or on a parity with, the lien thereon of the Bonds, nor prevents the issuance of bonds or other securities refunding all or a part of the Bonds (or funding or refunding any other than Outstanding securities payable from Pledged Revenues), except as provided in Sections 807 through 812 hereof; but before any such additional Superior or Parity Securities are authorized or actually issued (excluding any superior or parity refunding securities other than any securities refunding Subordinate Securities, as permitted in Section 810C hereof):

A. Absence of Default. At the time of the adoption of the supplemental instrument authorizing the issuance of the additional securities, the District shall not be in default in making any payments required by Sections 604, 606 or 607 hereof with respect to any Superior or Parity Securities.

B. Earnings Test. Except as hereinafter otherwise provided: (1) the Pledged Revenues derived in the Fiscal Year immediately preceding the date of the issuance of the additional Superior or Parity Securities shall have been at least

sufficient to pay an amount equal to the combined maximum annual principal and interest requirements (to be paid during any one Bond Year, commencing with the Bond Year in which the additional Superior or Parity Securities are issued and ending on the last Bond Year in which any then Outstanding Bonds mature) of the Outstanding Bonds and any other Outstanding Superior or Parity Securities of the District and the bonds or other securities proposed to be issued (excluding the reserves therefor); or, (2) the Pledged Revenues estimated by the Chief Fiscal Officer, the District Fire Chief, independent feasibility consultant or an Independent Accountant to be derived in the first five Fiscal Years immediately succeeding the issuance of the other additional Superior or Parity Securities proposed to be issued, shall be at least equal to such combined maximum annual principal and interest requirements to be paid during such Comparable Bond Year.

C. Adjustment of Pledged Revenues. In any computation of such earnings test as to whether or not additional Superior or Parity Securities may be issued as provided in subsection B of this Section, the amount of the Pledged Revenues for the next preceding Fiscal Year shall be decreased and may be increased by the amount of any loss or gain conservatively estimated by the Chief Fiscal Officer, the District Fire Chief, independent feasibility consultant or Independent Accountant making the computations under this Section, which loss or gain results from any change in the rate of the imposition of that part of the Consolidated Tax constituting a part of the Pledged Revenues which change took effect during the next preceding Fiscal Year or thereafter prior to the issuance of such Superior or Parity Securities, as if such modified rate shall have been in effect during the entire next preceding Fiscal Year, if such change shall have been made by the District before the computation of the designated earnings test but made in the same Fiscal Year as the computation is made or in the next preceding Fiscal Year.

Section 804 Certification of Revenues. A written certification or written opinion by the Chief Fiscal Officer, the District Fire Chief, an independent feasibility consultant

or an Independent Accountant, based upon estimates thereby as provided in Sections 803B and 803C hereof, that the annual revenues when adjusted as hereinabove provided in Section 803C hereof, are sufficient to pay such amounts as provided in Section 803B hereof, shall be conclusively presumed to be accurate in determining the right of the District to authorize, issue, sell and deliver additional Superior or Parity Securities with a lien on Pledged Revenues superior to or on a parity with the Bonds, the 2020 Bond and any additional Parity Securities.

Section 805 Subordinate Securities Permitted. Subject to the limitations stated in Sections 811 and 812 hereof, the District may issue Subordinate Securities payable from the Pledged Revenues having a lien thereon subordinate, inferior and junior to the lien thereon of the Bonds, the 2020 Bond and any additional Parity Securities.

Section 806 Superior Securities Permitted. Subject to the requirements stated in Article VIII hereof, the District may issue Superior Securities secured by and payable from the Pledged Revenues having a lien thereon prior and superior to the lien thereon of the Bonds, the 2020 Bond and any additional Parity Securities; however, such Superior Securities shall not be issued as general obligations of the District.

Section 807 Issuance of Refunding Securities. At any time after the Bonds, or any part thereof, are issued and remain Outstanding, if the District shall find it desirable to refund any Outstanding Bonds or other Outstanding securities payable from and constituting a lien upon any Pledged Revenues, such Bonds or other securities, or any part thereof, may be refunded only if the Bonds or other securities at the time or times of their required surrender for payment shall then mature or shall be then callable for prior redemption for the purpose of refunding them at the District's option upon proper call, unless the owner or owners of all such Outstanding Bonds or other securities consent to such surrender and payment, regardless of whether the priority of the lien for the payment of the refunding securities on the Pledged Revenues is changed (except as provided in Sections 806 and 808 through 812 hereof).

Section 808 Partial Refundings. The refunding bonds or other refunding securities so issued, unless issued as Subordinate Securities, shall enjoy complete equality of lien with the portion of any securities of the same issue which is not refunded, if there is any; and the owner or owners of the refunding securities shall be subrogated to all of the rights and privileges

enjoyed by the owner or owners of the unrefunded securities of the same issue partially refunded by the refunding securities.

Section 809 Limitations Upon Refundings. Any refunding bonds or other refunding securities payable from any Pledged Revenues shall be issued with such details as the District may by instrument provide, subject to the provisions of Sections 811 and 812 hereof, and subject to the inclusion of any such rights and privileges designated in Section 808 hereof, but without any impairment of any contractual obligation imposed upon the District by any proceedings authorizing the issuance of any unrefunded portion of the Outstanding securities of any one or more issues (including, without limitation, the Bonds).

Section 810 Protection of Securities Not Refunded. If only a part of the Outstanding Bonds and other Outstanding securities of any issue or issues payable from the Pledged Revenues is refunded, then such securities may not be refunded without the consent of the owner or owners of the unrefunded portion of such securities:

A. Requirements Not Increased. Unless the refunding securities do not increase for any Bond Year the annual principal and interest requirements evidenced by the refunding securities and by the Outstanding securities not refunded on and before the last maturity date or last Redemption Date, if any, whichever is later, if any, of the unrefunded securities, and unless the lien of any refunding bonds or other refunding securities on the Pledged Revenues is not raised to a higher priority than the lien thereon of the bonds or other securities thereby refunded; or

B. Subordinate Lien. Unless the lien on any Pledged Revenues for the payment of the refunding securities is subordinate to each such lien for the payment of any securities not refunded; or

C. Default and Earnings Test. Unless the refunding bonds or other refunding securities are issued in compliance with Section 803 hereof (including subsections A through C thereof) and Section 804 hereof.

Section 811 Payment Dates of Additional Securities. Any additional superior, parity or subordinate bonds or other additional Superior, Parity or Subordinate Securities (including, without limitation, any funding or refunding securities) issued in compliance with the

terms hereof shall bear interest payable at the times and shall mature on the dates designated by the District in the supplemental Resolution authorizing such securities as provided in Section 812 hereof.

Section 812 Supplemental Resolution. Additional bonds or other additional securities payable from the Pledged Revenues shall be issued only after authorization thereof by a supplemental instrument of the District stating the purpose or purposes of the issuance of the additional bonds or other additional securities, directing the application of the proceeds thereof to such purpose or purposes, directing the execution thereof, and fixing and determining the date, principal amount, maturity or maturities, designation and numbers thereof, the maximum rate or rates of interest to be borne thereby, any prior redemption privileges of the District with respect thereto and other provisions thereof not in conflict with this Resolution. All additional bonds or other additional securities shall bear such date, shall bear such numbers and series designation, letters or symbols prefixed to their numbers distinguishing them from each other security, shall be payable at such place or places at such times, may be subject to redemption prior to maturity on such terms and conditions, and shall bear interest at such rate or at such different and varying rates per annum, as may be fixed by instrument or other document of the District.

ARTICLE IX.

MISCELLANEOUS PROTECTIVE COVENANTS

Section 901 General. The District hereby particularly covenants and agrees with the owners of the Bonds and makes provisions which shall be a part of its contract with such owners to the effect and with the purposes set forth in the following provisions and sections of this article.

Section 902 Performance of Duties. The District shall faithfully and punctually perform or cause to be performed all duties with respect to the Pledged Revenues and the Project required by the Constitution and laws of the State and the various resolutions, Resolutions and other instruments of the District, including, without limitation, the proper segregation of the proceeds of the Bonds and the Pledged Revenues and their application from time to time to the respective accounts provided therefor.

Section 903 Further Assurances. At any and all times the District, except when otherwise required by law, shall, so far as it may be authorized by law, pass, make, do, execute, acknowledge, deliver and file or record all and every such further instruments, acts, deeds, conveyances, assignments, transfers, other documents and assurances as may be necessary or desirable for the better assuring, conveying, granting, assigning and confirming all and singular the rights, the Pledged Revenues, and other moneys and accounts hereby pledged or assigned, or which the District may hereafter become bound to pledge or to assign, or as may be reasonable and required to carry out the purposes of this Resolution and to comply with the Project Act, the Bond Act and all laws supplemental thereto. The District shall at all times, to the extent permitted by law, defend, preserve and protect the pledge of the Pledged Revenues and other moneys and accounts pledged hereunder and all the rights of every owner of any Bonds against all claims and demands of all Persons whomsoever.

Section 904 Conditions Precedent. Upon the date of issuance of any Bonds, all conditions, acts and things required by the Constitution or statutes of the State, including without limitation, the Project Act, the Consolidated Tax Act and the Bond Act, or this Resolution, to exist, to have happened, and to have been performed precedent to or in the issuance of the Bonds shall exist, have happened, and have been performed; and the Bonds, together with all other

obligations of the District, shall not contravene any debt or other limitation prescribed by the State Constitution or statutes.

Section 905 Covenant to Perform. The District shall observe and perform all of the terms and conditions contained in this Resolution and the Project Act, the Bond Act and all laws supplemental thereto and shall comply with all valid acts, rules, regulations, orders and directives of any legislative, executive, administrative of judicial body applicable to the Project, to any such other facilities, or to the District.

Section 906 Protective Security. The District and the officers, agents and employees of the District shall not take any action in such manner or to such extent as might prejudice the security for the payment of the Bond Requirements of the Bonds and any other securities payable from the Pledged Revenues according to the terms thereof. No contract shall be entered into nor any other action taken by which the rights of any owner of any Bond or other security payable from the Pledged Revenues might be prejudicially and materially impaired or diminished.

Section 907 Accumulation of Interest Claims. In order to prevent any accumulation of coupons or claims for interest after maturity, the District shall not directly or indirectly extend or assent to the extension of the time for the payment of any coupon or claim for interest on any of the Bonds or any other securities payable from the Pledged Revenues; and the District shall not directly or indirectly be a party to or approve any arrangements for any such extension or for the purpose of keeping alive any of such coupons or other claims for interest. If the time for the payment of any such coupons or of any other such installment of interest shall be extended in contravention of the foregoing provisions, such coupon or installment or installments of interest after such extension or arrangement shall not be entitled in case of default hereunder to the benefit or the security of this Resolution, except upon the prior payment in full of the principal of all Bonds and any such other securities then Outstanding and of all matured interest on such securities the payment of which has not been extended.

Section 908 Prompt Payment of Bonds. The District shall promptly pay the Bond Requirements of every Bond issued hereunder and secured hereby at the places, on the dates, and in the manner specified herein and in the Bonds according to the true intent and meaning hereof.

Section 909 Use of Bond Fund. The Bond Fund shall be used solely, and the moneys credited to such account are hereby pledged, for the purpose of paying the Bond Requirements of the Bonds, subject to the provisions concerning surplus moneys in Sections 605, 608 and 1001 hereof.

Section 910 Additional Securities. Any other securities hereafter authorized to be issued and payable from the Pledged Revenues shall not hereafter be issued, unless the additional securities are also issued in conformance with the provisions of Articles VI and VIII hereof.

Section 911 Other Liens. Other than as provided herein, there are no liens or encumbrances of any nature whatsoever on or against the Project, or any part thereof, or on or against the Pledged Revenues derived or to be derived.

Section 912 Corporate Existence. The District shall maintain its corporate identity and existence so long as any of the Bonds remain Outstanding, unless another body corporate and politic by operation of law succeeds to the powers, privileges, rights, liabilities, disabilities, duties and immunities of the District and is obligated by law to fix and collect the Pledged Revenues as herein provided without adversely affecting to any substantial degree at any time the privileges and rights of any owner of any Outstanding Bond.

Section 913 Collection of Pledged Revenues. The Pledged Revenues distributed to the District shall be used for the payment of the Bond Requirements of all securities payable from the Pledged Revenues, including reasonable reserves therefor, as herein provided and the payment of expenses of the Project in each Fiscal Year and any amounts required to meet then existing deficiencies relating to any account relating to the Pledged Revenues or any securities payable therefrom.

Section 914 Records. So long as any of the Bonds and any other securities payable from the Pledged Revenues remain Outstanding, proper records shall be kept by the District, separate and apart from all other records and accounts, showing complete and correct entries of all transactions relating to the Pledged Revenues.

Section 915 Rights Concerning Records of Pledged Revenues. Any owner of any of the Bonds or any other securities payable from the Pledged Revenues, or any duly authorized agent or agents of such owner, shall have the right at all reasonable times to inspect

all records, accounts and data relating thereto, concerning the Pledged Revenues and to make copies of such records, accounts and data.

Section 916 Tax Levies. The District annually shall levy, or cause to be levied, General Taxes on all taxable property in the District fully sufficient to pay the Bond Requirements of Outstanding Bonds (and any other indebtedness or other obligations of the District), except to the extent other revenues are available therefor, including, without limitation, the Pledged Revenues pledged for the payment of the Bonds, as the Bond Requirements accrue, reasonable allowance being made for delinquent tax collections anticipated at the time of each levy, at the time and in the manner provided by law for levying other Taxes; and the District and the Board shall require the officers of the District to levy, extend, and collect General Taxes in the manner provided by law for the purpose of creating funds for the payment of the Bond Requirements of the Bonds, other indebtedness, or general obligations. General Taxes for the Bonds, when collected, shall be kept for and applied only to the payment of the Bond Requirements of the Bonds, as herein provided.

Section 917 Completion of Project. The District, with the proceeds derived from the sale of the Bonds and any other available moneys, shall proceed to cause the Project to be completed without delay to the best of the District's ability and with due diligence, as herein provided.

Section 918 Tax Covenant. The District covenants for the benefit of the owners of the Bonds that it will not take any action or omit to take any action with respect to the Bonds, the proceeds thereof, any other funds of the District or any project refinanced with the proceeds of the Bonds if such action or omission (i) would cause the interest on the Bonds to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Tax Code, or (ii) would cause interest on the Bonds to lose its exclusion from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. The foregoing covenant shall remain in full force and effect notwithstanding the payment in full or defeasance of the Bonds until the date on which all obligations of the District in fulfilling the above covenant under the Tax Code have been met.

The Board hereby delegates to the Chief Fiscal Officer, or in such officer's absence, the Fire Chief, to designate the Bonds as a "qualified tax-exempt obligations" for

purposes of 265(b)(3)(B) of the Tax Code. If so designated, the District does not expect to issue more than $10,000,000 of tax-exempt obligations during calendar year 2021.

Section 919 Continuing Disclosure Undertaking. The District covenants for the benefit of the holders and beneficial owners of the Bonds to comply with the provisions of the final Continuing Disclosure Certificate in substantially the form now on file with the District Secretary, to be executed by the District Chief Fiscal Officer, Fire Chief or designee and delivered in connection with the delivery of the Bonds. Failure to comply with the Continuing Disclosure Certificate shall not constitute a default under the Bonds.

ARTICLE X.

MISCELLANEOUS

Section 1001 Defeasance. When all Bond Requirements of any Bond have been duly paid, the pledge and lien and all obligations hereunder as to that Bond shall thereby be discharged and the Bonds shall no longer be deemed to be Outstanding within the meaning of this Resolution. There shall be deemed to be due payment of any Outstanding Bond or other security when the District has placed in escrow or in trust with a Trust Bank located within or without the State, an amount sufficient (including the known minimum yield available for such purpose from Federal Securities in which such amount wholly or in part may be initially invested) to meet all Bond Requirements of the Bond or other security, as the same become due to the final maturity of the Bond or other security, or upon any Redemption Date as of which the District shall have exercised or shall have obligated itself to exercise its prior redemption option by a call of the Bond or other security for payment then. The Federal Securities shall become due before the respective times on which the proceeds thereof shall be needed, in accordance with a schedule established and agreed upon between the District and the bank at the time of the creation of the escrow or trust, or the Federal Securities shall be subject to redemption at the option of the owners thereof to assure availability as so needed to meet the schedule. For the purpose of this section "Federal Securities" shall include only Federal Securities which are not callable for redemption prior to their maturities except at the option of the owner thereof.

Section 1002 Delegated Powers. The Chair of the Board, the Clerk and Treasurer of the District, and other officers and agents of the District hereby are authorized and directed to take all action necessary or appropriate to effectuate the provisions of this Resolution, including, without limitation:

A. Printing Bonds. The printing of the Bonds, including, without limitation, the printing on each Bond, if requested by the Purchaser, a statement of insurance, if applicable, pertaining to the Bonds; and

B. Final Certificates. The execution of such certificates electronically or otherwise as may be reasonably required by the Purchaser, relating, inter alia, to:

(1) The signing of the Bonds and, if applicable, the Letter of Representations with The Depository Trust Company,

(2) The tenure and identity of the officials of the District,

(3) The delivery of the Bonds and the receipt of the bond purchase price,

(4) The assessed valuation of the taxable property in and the indebtedness of the District,

(5) The exclusion of the interest on the Bonds from gross income for federal income tax purposes,

(6) If it is in accordance with fact, the absence of litigation, pending or threatened, affecting the validity therefor, and

(7) The accuracy and completeness of the statements made in the Final Official Statement as of the date of the delivery of the Bonds.

C. Purchase Proposal and Agreements. The execution by the District Chief Fiscal Officer, or in such officer's absence, the Fire Chief electronically or otherwise of the Purchase Proposal between the Purchaser and the District and an agreement, if any, between the District and the Paying Agent regarding the responsibilities of the Paying Agent.

D. Certificates. The completion and execution by the Chief Fiscal Officer, or in such officer's absence, electronically or otherwise the Fire Chief of the Certificate of the District in accordance with the provisions of this Resolution and the execution of the Continuing Disclosure Certificate by the Chief Fiscal Officer, or in such officer's absence, the Fire Chief.

Section 1003 Statute of Limitations. No action or suit based upon the Bonds or other obligation of the District shall be commenced after it is barred by any statute of limitations relating thereto. Any trust or fiduciary relationship between the District and the owner of any Bonds or other obligee regarding any such other obligation shall be conclusively presumed to have been repudiated on the maturity date or other due date thereof unless the Bonds are presented for payment or demand for payment of any such other obligation is otherwise made

before the expiration of the applicable limitation period. Any moneys from whatever source derived remaining in any account reserved, pledged or otherwise held for the payment of any such obligation, action or suit for the collection of which has been barred, shall revert to the Income Fund, unless the District shall otherwise provide by instrument of the District. Nothing herein prevents the payment of any such obligation after any action or suit for its collection has been barred if the District deems it in the best interests of the public to do so and orders such payment to be made.

Section 1004 Evidence of Ownership. Any request, consent or other instrument which this Resolution may require or may permit to be signed and to be executed by the owner of any Bonds or other securities may be in one or more instruments of similar tenor and shall be signed or shall be executed by each such owner in person or by his or her attorney appointed in writing. Proof of the execution of any such instrument or of an instrument appointing any such attorney, or the holding by any Person of the securities, shall be sufficient for any purpose of this Resolution (except as otherwise herein expressly provided) if made in the following manner, but the District may, nevertheless, in its discretion require further or other proof in cases when it deems the same desirable:

A. Proof of Execution. The fact and the date of the execution by any owner of any Bonds or other securities or his or her attorney of such instrument may be provided by the certificate, which need not be acknowledged or verified, of an officer of a bank or trust company satisfactory to the Paying Agent and Registrar or of and notary public or other officer authorized to take acknowledgments of deeds to be recorded in the state in which he purports to act, that the individual signing such request or other instrument acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before the notary public or other officer; the authority of the individual or individuals executing any such instrument on behalf of a corporate owner of any securities may be established without further proof if the instrument is signed by an individual purporting to be the Chair or a vice Chair of the corporation with a corporate seal affixed and attested by an individual purporting to be its secretary or an assistant secretary; and the authority of any Person or Persons executing any

such instrument in any fiduciary or representative capacity may be established without further proof if the instrument is signed by a Person or Persons purporting to act in such fiduciary or representative capacity; and

B. Proof of Ownership. The ownership of any of the Bonds or other securities held by any Persons executing any instrument as a holder of securities, and the numbers, date and other identification thereof, together with the date of his or her holding the securities, shall be proved by the registration records at the District kept by the Registrar.

Section 1005 Warranty upon Issuance of Bonds. Any Bonds authorized as herein provided, when duly executed and delivered for the purpose provided for in this Resolution shall constitute a warranty by and on behalf of the District for the benefit of each and every future holder of any of the Bonds that the Bonds have been issued for a valuable consideration in full conformity with law.

Section 1006 Immunities of Purchaser. The Purchaser and any associate thereof are under no obligation to any holder of the Bonds for any action that they may or may not take or in respect of anything that they may or may not do by reason of any information contained in any reports or other documents received by them under the provisions of this Resolution. The immunities and exemptions from liability of the Purchaser and any associate thereof hereunder extend to their partners, directors, successors, employees and agents.

Section 1007 Police Power. Nothing herein prohibits or otherwise limits or inhibits the exercise by the Federal Government, the State, any agency thereof or any public body thereof, including, without limitation, the District, of the police power, i.e., essential governmental powers for the public welfare. The provisions hereof are subject to any proper exercise hereafter of the police power thereby. The District cannot contract away the police power thereof nor limit or inhibit by contract the proper exercise of the police power thereby, and this Resolution does not purport to do so.

Section 1008 Replacement of Registrar or Paying Agent. If the Registrar or Paying Agent so appointed shall resign, or if the District shall reasonably determine that the Registrar or Paying Agent has become incapable of performing its duties hereunder, the District may, upon notice mailed to each owner of any Bond at his or her address last shown on the

registration records, appoint a successor Registrar or Paying Agent or both. Every such successor Registrar or Paying Agent shall be an officer or employee of the District or a Trust Bank. It shall not be required that the same institution serve as both Registrar and Paying Agent hereunder, but the District shall have the right to have the same institution serve as both Registrar and Paying Agent hereunder. No resignation or dismissal of the Registrar or the Paying Agent may take effect until a successor is appointed.

Any corporation or association into which the Registrar or Paying Agent may be converted or merged, or with which they may be consolidated, or to which they may sell or transfer their corporate trust business and assets as a whole or substantially as a whole, or any corporation or association resulting from any such conversion, sale, merger, consolidation or transfer, to which they are a party, shall be and become the successor Registrar or Paying Agent under this Resolution, without the execution or filing of any instrument or any further act, deed, or conveyance on the part of any of the parties hereto, anything in this Resolution to the contrary notwithstanding.

ARTICLE XI.

PRIVILEGES, RIGHTS AND REMEDIES

Section 1101 Bondowner's Remedies. Each owner of any Bond issued hereunder shall be entitled to all of the privileges, rights and remedies provided or permitted in the Project Act and the Bond Act, and as otherwise provided or permitted by law or in equity or by other statutes, except as provided in Sections 207 through 211 hereof, but subject to the provisions herein concerning the pledge of and the covenants and the other contractual provisions concerning the Pledged Revenues and the proceeds of the Bonds.

Section 1102 Right to Enforce Payment. Nothing in this article affects or impairs the right of any owner of any Bond to enforce the payment of the Bond Requirements due in connection with his Bond or the obligation of the District to pay the Bond Requirements of each Bond to the owner thereof at the time and the place expressed in the Bond.

Section 1103 Events of Default. Each of the following events is hereby declared an "event of default":

A. Nonpayment of Principal and Premium. Payment of the principal of any of the Bonds, or any prior redemption premium due in connection therewith, or both, is not made when the same becomes due and payable, at maturity, on the mandatory redemption dates specified in Section 303B hereof, or by proceedings for optional prior redemption, or otherwise;

B. Nonpayment of Interest. Payment of any installment of interest on the Bonds is not made when the same becomes due and payable;

C. Incapable to Perform. The District for any reason is rendered incapable of fulfilling its obligations hereunder;

D. Nonperformance of Duties. The District fails to carry out and to perform (or in good faith to begin the performance of) all acts and things lawfully required to be carried out or to be performed by it under any contract relating to the Pledged Revenues, or otherwise, including, without limitation, this Resolution, and such failure continues for 60 days after receipt of notice from the owners of 10% in principal amount of the Bonds then Outstanding;

E. Appointment of Receiver. An order or decree is entered by a court of competent jurisdiction with the consent or acquiescence of the District appointing a receiver or receivers for the Pledged Revenues and any other moneys subject to the lien to secure the payment of the Bonds, or if an order or decree having been entered without the consent or acquiescence of the District is not vacated or discharged or stayed on appeal within 60 days after entry; and

F. Default of Any Provision. The District makes any default in the due and punctual performance of any other of the representations, covenants, conditions, agreements and other provisions contained in the Bonds or in this Resolution on its part to be performed, and if the default continues for 60 days after written notice specifying the default and requiring the same to be remedied is given to the District by the owners of 10% in principal amount of the Bonds then Outstanding.

Section 1104 Remedies for Default. Upon the happening and continuance of any of the events of default, as provided in Section 1103 hereof, then and in every case the owner or owners of not less than 10% in principal amount of the Bonds then Outstanding, including, without limitation, a trustee or trustees therefor, may proceed against the District and its agents, officers and employees to protect and to enforce the rights of any owner of Bonds under this Resolution by mandamus or by other suit, action or special proceedings in equity or at law, in any court of competent jurisdiction, either for the appointment of a receiver or for the specific performance of any covenant or agreement contained herein or in an award of execution of any power herein granted for the enforcement of any proper, legal or equitable remedy as the owner or owners may deem most effectual to protect and to enforce the rights aforesaid, or thereby to enjoin any act or thing which may be unlawful or in violation of any right of any owner of any Bond, or to require the District to act as it if were the trustee of an express trust, or any combination of such remedies. All proceedings at law or in equity shall be instituted, had and maintained for the equal benefit of all owners of the Bonds and any Parity Securities then Outstanding.

Section 1105 Receiver's Rights and Privileges. Any receiver appointed in any proceedings to protect the rights of owners hereunder, the consent to any such appointment being

hereby expressly granted by the District, receive and apply all Pledged Revenues arising after the appointment of the receiver in the same manner as the District itself might do.

Section 1106 Rights and Privileges Cumulative. The failure of any owner of any Outstanding bond to proceed in any manner herein provided shall not relieve the District or any officers, agents or employees thereof of any liability for failure to perform or carry out any duty, obligation or other commitment. Each right or privilege of any owner (or trustee thereof) is in addition and is cumulative to any other right or privilege, and the exercise of any right or privilege by or on behalf of any owner shall not be deemed a waiver of any other right or privilege thereof.

Section 1107 Duties upon Defaults. Upon the happening of any of the events of default as provided in Section 1103 hereof, the District, in addition, shall do and perform all proper acts on behalf of and for the owners of the Bonds to protect and to preserve the security created for the payment of their Bonds and to insure the payment of the Bond Requirements promptly as the same become due. During any period of default, so long as any of the Bonds issued hereunder, as to any Bond Requirements, are Outstanding, except to the extent it may be unlawful to do so, all Pledged Revenues shall be paid into the Bond Fund, or, in the event of securities heretofore and hereafter issued and Outstanding during that period of time on a parity with the Bonds, shall be paid into the bond accounts for all Parity Securities on an equitable and prorated basis, and used for the purposes therein provided. If the District fails or refuses to proceed as in this Section provided, the owner or owners of not less than 10% in principal amount of the Bonds then Outstanding, after demand in writing, may proceed to protect and to enforce the rights of the owners of the Bonds as hereinabove provided; and to that end any such owners of Outstanding Bonds shall be subrogated to all rights of the District under any agreement, lease or other contract the Pledged Revenues entered into before the effective date of this Resolution or thereafter while any of the Bonds are Outstanding.

Section 1108 Prejudicial Action Unnecessary. Nothing in this article requires the District to proceed as provided therein if the District determines in good faith and without any gross abuse of its discretion that if the District so proceeds it is more likely than not to have an adverse effect on the Outstanding Bonds, the owners thereof, the Pledged Revenues or any

Outstanding Parity Securities, or the action is otherwise likely to affect materially and prejudicially the owners of the Outstanding Bonds and any Outstanding Parity Securities.

ARTICLE XII.

AMENDMENT OF RESOLUTION

Section 1201 Privilege of Amendments. This Resolution may be amended by the District in accordance with the laws of the State, without receipt by the District of any additional consideration, and without the consent of or notice to the holders of the Bonds, for the purpose of curing any ambiguity or formal defect or omission herein or for any reason which does not materially adversely affect the interests of the owners of the Bonds. This Resolution may be amended or supplemented by instruments adopted by the District in accordance with the laws of the State, without receipt by the District of any additional consideration, but with the written consent of the insurer of the Bonds, if any, or the owners of a majority in aggregate principal amount of the Bonds authorized by this Resolution and Outstanding at the time of the adoption of the amendatory or supplemental instrument, excluding, pursuant to paragraph (4) of Section 102B hereof, any Bonds which may then be held or owned for the account of the District, but including such refunding securities as may be issued for the purpose of refunding any of the Bonds if the refunding securities are not owned by the District.

Section 1202 Limitations upon Amendments. No such instrument shall permit without the written consent of the insurer of the Bonds, if any, and all owners of the Bonds adversely and materially affected thereby:

A. Changing Payment. A change in the maturity or in the terms of redemption of the principal of any Outstanding Bond or any installment of interest thereon; or

B. Reducing Return. A reduction in the principal amount of any Bond, the rate of interest thereon, or any prior redemption premium payable in connection therewith; or

C. Modifying any Bond. A reduction of the percentages or otherwise affecting the description of Bonds the consent of the owners of which is required for any modification or amendment; or

D. Priorities between Bonds. The establishment of priorities as between Bonds issued and Outstanding under the provisions of this Resolution; or

E. Partial Modification. The modifications of or otherwise materially and prejudicially affecting the rights or privileges of the owners of less than all of the Bonds then Outstanding.

Section 1203 Notice of Amendment. Whenever the District proposes to amend or modify this Resolution under the provisions of this Article, it shall cause notice of the proposed amendment to be given not later than 30 days prior to the date of the proposed enactment of the amendment by sending electronically or otherwise to each:

(1) The insurer of the Bonds, if any,

(2) The Paying Agent,

(3) The Registrar, and

(4) The owner of each of the Bonds Outstanding.

The notice shall briefly set forth the nature of the proposed amendment and shall state that a copy of the proposed amendatory instrument is on file in the office of the Clerk for public inspection.

Section 1204 Time for Amendment. Whenever at any time within one year from the date of the mailing of such notice, there shall be filed in the office of the Clerk an instrument or instruments executed by the insurer of the Bonds, if any, or the owners of at least a majority in aggregate principal amount of the Bonds then Outstanding, which instrument or instruments shall refer to the proposed amendatory instrument described in the notice and shall specifically consent to and approve the adoption of the instrument, thereupon, but not otherwise, the District may adopt the amendatory instrument and the instrument shall become effective.

Section 1205 Binding Consent to Amendment. If the insurer of the Bonds, if any, or the owners of at least a majority in aggregate principal amount of the Bonds Outstanding, at the time of the adoption of the amendatory instrument, or the predecessors in title of such owners shall have consented to and approved the adoption thereof as herein provided, no owner of any Bond, whether or not the owner shall have consented to or shall have revoked any consent as in this article provided, shall have any right or interest to object to the adoption of the amendatory instrument or to object to any of the terms or provisions therein contained or to the operation thereof or to enjoin the District from taking any action pursuant to the provisions thereof.

Section 1206 Time Consent Binding. Any consent given by the owner of a Bond pursuant to the provisions of this Article shall be irrevocable for a period of 6 months from the date of the publication of the notice above provided for in paragraph 2 of Section 1203 A hereof, and shall be conclusive and binding upon all future owners of the same Bond during that period. The consent may be revoked at any time after 6 months from the date of the mailing of the notice, by the owner who gave the consent or by a successor in title by filing notice of the revocation with the Clerk, but the revocation shall not be effective if the insurer of the Bonds, if any, or the owners of a majority in aggregate principal amount of the Bonds Outstanding, before the attempted revocation, consented to and approved the amendatory instrument referred to in the revocation.

Section 1207 Unanimous Consent. Notwithstanding anything contained in the foregoing provisions of this Article, the terms and the provisions of this Resolution or of any instrument amendatory hereof or supplemental hereto and the rights and the obligations of the District, the insurer of the Bonds, if any, and of the owners of the Bonds hereunder may be modified or amended in any respect upon the adoption by the District and upon the filing with the Clerk of an instrument to that effect and with the consent of the insurer of the Bonds, if any, or the owners of all the then Outstanding Bonds, the consent to be given as provided in Section 1004 hereof, and no notice to the insurer of the Bonds, if any, or the owners of Bonds, shall be required as provided in Section 1203 hereof, nor shall the time of consent be limited except as may be provided in the consent.

Section 1208 Exclusion of District's Bonds. At the time of any consent or of other action taken under this Article, the District shall furnish to the Clerk a certificate of the Chief Fiscal Officer, upon which the District may rely, describing all Bonds to be excluded, for the purpose of consent or of other action or of any calculation of Outstanding Bonds provided for in this Article, and the District shall not be entitled with respect to such Bonds to give any consent or to take any other action provided for in this Article, pursuant to paragraph (4) of Section 102B hereof

Section 1209 Notation on Bonds. Bonds authenticated and delivered after the effective date of any action taken as in this Article provided may bear a notation by endorsement or otherwise in form approved by the District as to the action; and if any Bond so authenticated

and delivered shall bear such notation, then upon demand of the owner of any Bond Outstanding at such effective date and upon presentation of his or her Bond for the purpose at the principal office of the Secretary, suitable notation shall be made on the Bond by the Secretary as to any such action. If the District so determines, new Bonds so modified as in the opinion of the District to conform to such action shall be prepared, authenticated and delivered; and upon demand of the owner of any Bond then Outstanding, shall be exchanged without cost to the owner for Bonds then Outstanding upon surrender of the Bonds.

Section 1210 Proof of Resolutions and Bonds. The fact and date of execution of any instrument under the provisions of this Article, the amount and number of the Bonds held by any Person executing the instrument, and the date of his holding the same may be proved as provided by Section 1004 hereof.

PASSED AND ADOPTED BY THE BOARD OF FIRE COMMISSIONERS OF TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA, ON JUNE 1, 2021.

Proposed on June 1, 2021.

Proposed by Commissioner JUNG.

Passed June 1, 2021.

Vote:

Ayes: LUCEY, HARTUNG, HILL, JUNG, HERMAN

Nays: _____

Absent: _____

_____

Attest: Catherine Smith

District Secretary
Chief Deputy Clerk

Chair of the Board

STATE OF NEVADA)
) **ss.**
TRUCKEE MEADOWS)
FIRE PROTECTION DISTRICT)

I am the duly chosen and qualified Secretary of the Truckee Meadows Fire Protection District (the "District"), Nevada, and in the performance of my duties as Secretary do hereby certify:

1. The foregoing pages constitute a true, correct and compared copy of a resolution adopted by the Board of Fire Commissioners of the District (the "Board") at a regular meeting of the Board held on June 1, 2021, and the original of such resolution has been approved and authenticated by the signature of the Chair and myself as Secretary, and has been recorded in the minute book of the Board kept for that purpose in my office, which record has been duly signed by such officers and properly sealed.

2. The members of the Board were present at such meeting and voted on the passage of such resolution as follows:

Those Voting Aye: Bob Lucey, Chair
Vaughn Hartung, Vice Chair
Alexis Hill
Kitty Jung
Jeanne Herman

Those Voting Nay: _____
_____

Those Absent: _____

3. All members of the Board were given due and proper notice of such meeting.

4. Public notice of such meeting was given and such meeting was held and conducted in full compliance with the provisions of NRS 241.020 and, if applicable, the Nevada Governor's Directive 006, as amended. A copy of the notice of meeting and excerpt from the agenda for the meeting relating to the resolution is attached as Exhibit A, as posted no later than 9:00 a.m. at least 3 working days in advance of the meeting on the District's website, if any, on the State of Nevada's official website and if required by the NRS 241.020 and, if applicable, the Nevada Governor's Directive 006, as amended, at the Board's office and three other locations.

5. No later than 9:00 a.m. at least 3 working days before such meeting, such notice was mailed to each member of the Board and to each person, if any, who has requested notice of meetings of the Board in accordance with the provisions of Chapter 241 of NRS.

IN WITNESS WHEREOF, I have hereunto set my hand on behalf of the District on June 1, 2021.

Catherine Smith
~~District Secretary~~
Chief Deputy Clerk

Notice of Meeting and Agenda

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT

10:00 a.m.

Tuesday, June 1, 2021

In Person and Online Viewing. Effective March 15, 2021, the public will be allowed in the Commission Chambers, not to exceed a maximum of 50% of fire code capacity or 100 persons, whichever is less, at any given time and subject to the Governor's current directive as it relates to the mask mandate and social distancing. Under this direction, the capacity in Chambers is being limited to a maximum of 42 persons. Due to evolving concerns for public safety resulting from the COVID-19 emergency and pursuant to the Governor of Nevada's Declaration of Emergency Directive 006 Section 1 (extended by later Directives the most recent of which is Directive 038), which suspends the requirement in NRS 241.023(1)(b) that there be a physical location designated for meetings of public bodies where members of the public are permitted to attend and participate, future meetings may be held by teleconference only. Any member of the public wanting to attend, participate or provide public comment in-person at meetings should review the Board's agenda posted online at https://tmfpd.us/agendas-minutes/ to determine whether in-person attendance has been suspended by the Governor or Board.

This meeting will be held with limited in person attendance and via Zoom teleconference at https://us02web.zoom.us/j/88206329401.

NOTE: This option will require a computer with audio and video capabilities and downloading the ZOOM application. This meeting will also be televised live and replayed on Washoe Channel at: https://www.washoecounty.us/mgrsoff/Communications/wctv-live.php and on Youtube at: https://www.youtube.com/user/WashoeCountyTV.

NOTE: Items on the agenda may be taken out of order; combined with other items; removed from the agenda; moved to the agenda of another meeting; moved to or from the Consent section; or may be voted on in a block. Items with a specific time designation will not be heard prior to the stated time but may be heard later.

The Washoe County Commission Chambers is accessible to the disabled. If you require special arrangements for the meeting, call the Truckee Meadows Fire Protection District Office, 775-326-6000, 24-hours prior to the meeting.

Time Limits. Public comments are welcomed during the Public Comment periods for all matters, whether listed on the agenda or not, and are limited to three minutes per person. Additionally, public comment of three minutes per person will be heard during individual action items on the agenda. Persons are invited to submit comments in writing on the agenda items and/or attend and make comment on that item at the Board meeting. Persons may not allocate unused time to other speakers.

Forum Restrictions and Orderly Conduct of Business. The Board conducts the business of the District and its citizens during its meetings. The presiding officer may order the removal of any person whose statement or other conduct disrupts the orderly, efficient or safe conduct of the meeting. Warnings against disruptive comments or behavior may or may not be given prior to removal. The viewpoint of a speaker will not be restricted, but reasonable restrictions may be imposed upon the time, place and manner of speech. Irrelevant and unduly repetitious statements and personal attacks which antagonize or incite others are examples of speech that may be reasonably limited.

Public Comment. Public comment, whether on action items or general public comment, is limited to three (3) minutes per person. No action may be taken on a matter raised under general public comment until the matter is included on an agenda as an item on which action may be taken. Anyone wishing to provide live public comment may do so in-person, subject to the 42-person limitation described above, or by teleconference during the hearing by logging into the ZOOM webinar by accessing the following link: https://us02web.zoom.us/j/88206329401.

NOTE: This option will require a computer with audio and video capabilities and downloading the ZOOM application.
Members of the public may also submit comments by mail, email to Washoe311@washoecounty.us. The District will make reasonable efforts to include all comments received by email and voicemail into the record. Please try to provide email comments by 4:00 p.m. the day prior to the meeting. Comments are limited to 3 minutes per person.

D. Recommendation to approve retroactive and continued purchases for needed supplies, materials, equipment and contractual services from various suppliers that have or will exceed in the aggregate $100,000 during this fiscal year but will remain within available adopted budget funding. All such purchases will continue to be subject to and in accordance with the provisions of the Local Government Purchasing Act. Vendors receiving these additional funds include the following: ARC Health & Wellness, LLC, Allstar Fire Equipment, and Harris Corporation. Amounts to be paid to each of these vendors, respectively, shall not exceed $150,000. The supplies, fuel, materials, equipment and contractual services to be provided by each include but are not limited to equipment repairs, equipment supplies, tires and installation. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #5D Vendors in Excess of $100K Staff Report

E. Recommendation to approve a 5-year cooperative agreement between Truckee Meadows Fire Protection District and City of Sparks Fire Department for automatic, enhanced and mutual aid on occasions when each agency experiences fires or other emergencies of such a magnitude that assistance of other fire response organizations would be beneficial in addressing the emergencies. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #5E SFD Cooperative Agreement Staff Report
Item #5E SFD - TMFPD Cooperative Agreement

End of Consent

6. National Weather Service "2021 Spring and Summer Fire Season Outlook", presented by Chris Smallcomb. FOR DISCUSSION ONLY

Attachments: Item #6 NWS Reno Summer Outlook 2021

7. Recommendation to accept a Commission District 5 Special Fund Donation sponsored by Washoe County Commissioner Jeanne Herman in support of Truckee Meadows Fire Protection District's Palomino Valley Volunteer Department for $2,000 and to Silver Lake Volunteer Department in the amount of $2,000 for a combined total of $4,000 to be spent on Volunteer Operations and if approved, approve a resolution amending the Truckee Meadows Fire Protection District General Fund Budget. (Commission District 5) FOR POSSIBLE ACTION

Attachments: Item #7 $4000 Commissioner Herman Special Fund Donation Staff Report
Item #7 $4000 Commissioner Herman Special Fund Donation Resolution - TM10-2021

13. Recommendation to authorize staff to contact Apple Inc. regarding development of a fire station pursuant to an ordinance and development agreement as stated in Ordinance Number 1476 dated October 25, 2011 and subsequently amended and restated on November 28, 2017, and authorize staff to consider timetables, conceptual plans and a schedule for occupancy. (Commission District 4) FOR POSSIBLE ACTION

Attachments: Item #13 Apple Fire Station Staff Report
Item #13 Development Agreement 12-13-2011
Item #13 1st Amendment to Dev Agreement 07-30-2012
Item #13 Amended and Restated Development Agreement 11-28-17
Item #13 Development Agreement Apple 12-29-17

14. Recommendation to approve a month-to-month Interlocal Agreement between Washoe County on behalf of the Washoe County Sheriff's Office and the Truckee Meadows Fire Protection District for dispatch services in an amount not to exceed $109,374.41 per month, starting August 1, 2021 through June 30, 2022. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #14 WCSO Dispatch 21-22 Monthly Contract Staff Report
Item #14 WC-TMFPD Agreement for Dispatch Services

15. Recommendation to accept a proposal from REMSA to provide dispatching services to Truckee Meadows Fire Protection District, in an annual amount, excluding initial up-front costs for software licensing and equipment, of approximately $690,530, with annual increases of less than 2% that could rise to a total cost of $710,473 per year if extended through a 5-year contract and direction to staff to negotiate an agreement for services that will commence no later than January 1, 2022. The agreement will be presented to Board for approval at a later date. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #15 REMSA Dispatch Proposal Staff Report
Item #15 REMSA-TMFR Dispatch Services Proposal
Item #15 Dispatch Radio Cost Estimates

16. Recommendation to authorize the Fire Chief, or his designee, to identify and purchase necessary equipment, software, and associated costs for new radio systems in an amount not to exceed $300,000, through adopted purchasing provisions. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #16 Dispatch Equipment Staff Report
Item #16 Symphony Dispatch Console Proposal - Harris
Item #16 Dispatch Radio Cost Estimates

Public Hearing. (Due to public testimony and discussion, time expended on the following item can vary)

21. Recommendation to approve Truckee Meadows Fire Protection District Resolution TM12-2021 to augment the district's Fiscal Year 2020-21 General Fund in the amount of $3,000,000 and Truckee Meadows Fire Protection District Resolution TM13-2021 to augment the district's Fiscal Year 2020-21 Emergency Fund in the amount of $700,000 and direct the District to make the appropriate budget adjustments. (All Commission Districts) FOR POSSIBLE ACTION

Attachments: Item #21 Budget Augmentation Staff Report
Item #21 Budget Augmentation General Fund Resolution - TM12-2021
Item #21 Budget Augmentation Emergency Fund Resolution - TM13-2021

End of Public Hearing

22. Commissioners'/Fire Chief's announcements, requests for information, topics for future agendas, and statements relating to items not on the Agenda. (No discussion among Commissioners will take place on this item).

23. Public Comment. Comment heard under this item will be limited to three minutes per person and may pertain to matters both on and off the Board of Fire Commissioners agenda. The District will also hear public comment during individual action items, with comment limited to three minutes per person. Comments are to be made to the Board of Fire Commissioners as a whole.

Adjournment

NEW ISSUE
BOOK-ENTRY ONLY
BANK QUALIFIED

RATINGS: S&P: "AA-"
See "RATINGS"

In the opinion of Sherman & Howard L.L.C., Bond Counsel, assuming continuous compliance with certain covenants described herein, interest on the 2021 Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date of delivery of the 2021 Bonds (the "Tax Code"), and interest on the 2021 Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. See "TAX MATTERS." The District has designated the Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Tax Code. See "FINANCIAL INSTITUTION INTEREST DEDUCTION."

$7,000,000*
TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA
GENERAL OBLIGATION (LIMITED TAX)
CAPITAL IMPROVEMENT BONDS
(ADDITIONALLY SECURED BY PLEDGED REVENUES)
SERIES 2021

Dated: Date of Delivery **Due: June 1, as shown herein**

The 2021 Bonds (defined herein) are issued as fully registered bonds, in denominations of $5,000 or any integral multiple thereof and initially will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), the securities depository for the 2021 Bonds. Purchases of the 2021 Bonds are to be made in book entry form only. Purchasers will not receive certificates representing their beneficial ownership interest in the 2021 Bonds. See "THE 2021 BONDS – Book-Entry Only System." The 2021 Bonds bear interest at the rates set forth herein, payable semi-annually on June 1 and December 1 of each year, commencing December 1, 2021, to and including the maturity dates shown herein (unless the 2021 Bonds are redeemed earlier), to the registered owners of the 2021 Bonds (initially Cede & Co.). The principal of the 2021 Bonds will be payable upon presentation and surrender at the principal operations office of Zions Bancorporation, National Association, or its successor as the paying agent for the 2021 Bonds. See "THE 2021 BONDS."

The maturity schedule for the 2021 Bonds appears on the inside cover page of this Official Statement.

The 2021 Bonds are subject to redemption prior to maturity at the option of the District as described in "THE 2021 BONDS – Redemption Provisions." At the option of the winning bidder, the 2021 Bonds may also be subject to mandatory sinking fund redemption.

Proceeds of the 2021 Bonds will be used to (i) finance the costs of acquiring properties for fire stations in the District, including fixtures, structures, stations, other buildings and sites and (ii) pay the costs of issuing the 2021 Bonds. See "SOURCES AND USES OF FUNDS."

The 2021 Bonds constitute direct and general obligations of Truckee Meadows Fire Protection District (the "District"), Nevada, and the full faith and credit of the District is pledged for the payment of the principal and interest thereon, subject to the limitations imposed by the Constitution and statutes of the State of Nevada. See "SECURITY FOR THE 2021 BONDS – General Obligations." The 2021 Bonds are additionally secured by a lien on the Pledged Revenues (defined herein), which are comprised primarily of certain consolidated tax receipts, as more particularly described herein. The District may issue additional bonds with a lien on the Pledged Revenues that is on a parity with or superior to the lien of the 2021 Bonds. See "SECURITY FOR THE 2021 BONDS – Consolidated Tax Revenue Data."

This cover page contains certain information for quick reference only. It is *not* a summary of the issue. Investors must read the entire Official Statement to obtain information essential to making an informed investment decision.

The 2021 Bonds are offered when, as, and if issued by the District, subject to the approval of legality of the 2021 Bonds by Sherman & Howard L.L.C., Reno, Nevada, and the satisfaction of certain other conditions. Sherman & Howard L.L.C. also has acted as special counsel to the District in connection with the Official Statement. JNA Consulting Group, LLC, Boulder City, Nevada has acted as Municipal Advisor to the District. Certain legal matters will be passed upon for the District by the District Attorney. It is expected that the 2021 Bonds will be available for delivery through the facilities of DTC, on or about July 28, 2021.*

Official Statement dated July __, 2021

USE OF INFORMATION IN THIS OFFICIAL STATEMENT

This Official Statement, which includes the cover, the inside cover page and the appendices, does not constitute an offer to sell or the solicitation of an offer to buy any of the 2021 Bonds in any jurisdiction in which it is unlawful to make such offer, solicitation, or sale. No dealer, salesperson, or other person has been authorized to give any information or to make any representations other than those contained in this Official Statement in connection with the offering of the 2021 Bonds, and if given or made, such information or representations must not be relied upon as having been authorized by the District. The District provides certain information to the public on the internet; however, the information presented there is not a part of this Official Statement and should not be relied upon in making an investment decision with respect to the 2021 Bonds.

The information set forth in this Official Statement has been obtained from the District and from the other sources referenced throughout this Official Statement, which the District believes to be reliable. No guarantee is made by the District, however, as to the accuracy or completeness of information provided from sources other than the District. This Official Statement contains, in part, estimates and matters of opinion that are not intended as statements of fact, and no representation or warranty is made as to the correctness of such estimates and opinions, or that they will be realized.

The information, estimates, and expressions of opinion contained in this Official Statement are subject to change without notice, and neither the delivery of this Official Statement nor any sale of the 2021 Bonds shall, under any circumstances, create any implication that there has been no change in the affairs of the District, or in the information, estimates, or opinions set forth herein, since the date of this Official Statement.

This Official Statement has been prepared only in connection with the original offering of the 2021 Bonds and may not be reproduced or used in whole or in part for any other purpose.

The 2021 Bonds have not been registered with the Securities and Exchange Commission due to certain exemptions contained in the Securities Act of 1933, as amended. The 2021 Bonds have not been recommended by any federal or state securities commission or regulatory authority, and the foregoing authorities have neither reviewed nor confirmed the accuracy of this document.

THE PRICES AT WHICH THE 2021 BONDS ARE OFFERED TO THE PUBLIC BY THE INITIAL PURCHASER (AND THE YIELDS RESULTING THEREFROM) MAY VARY FROM THE INITIAL PUBLIC OFFERING PRICES OR YIELDS APPEARING ON THE INSIDE COVER PAGE HEREOF. IN ADDITION, THE INITIAL PURCHASER MAY ALLOW CONCESSIONS OR DISCOUNTS FROM SUCH INITIAL PUBLIC OFFERING PRICES TO DEALERS AND OTHERS. IN ORDER TO FACILITATE DISTRIBUTION OF THE 2021 BONDS, THE INITIAL PURCHASER MAY ENGAGE IN TRANSACTIONS INTENDED TO STABILIZE THE PRICE OF THE 2021 BONDS AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

INTRODUCTION

General

This Official Statement, including the cover page, the inside cover page and the appendices, is furnished by Truckee Meadows Fire Protection District, Nevada (the "District" and the "State," respectively), to provide information about the District and its $7,000,000* General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021 (the "2021 Bonds"). The 2021 Bonds will be issued pursuant to a resolution (the "Bond Resolution") adopted by the Board of Fire Commissioners of the District (the "Board") on June 1, 2021. Capitalized terms used herein that are otherwise not defined have the meanings ascribed to them in the Bond Resolution. See Appendix B – Summary of Certain Provisions of the Bond Resolution.

The offering of the 2021 Bonds is made only by way of this Official Statement, which supersedes any other information or materials used in connection with the offer or sale of the 2021 Bonds. The following introductory material is only a brief description of and is qualified by the more complete information contained throughout this Official Statement. A full review should be made of the entire Official Statement and the documents summarized or described herein. Detachment or other use of this "INTRODUCTION" without the entire Official Statement, including the cover page, the inside cover page and the appendices, is unauthorized.

The District

The District was established in 1972 and includes approximately 1,000 square miles across Northern Nevada. The District also serves the unincorporated areas of Washoe County (the "County") which includes 5,000 square miles of the areas not governed by the County's local municipal corporations but excludes the unincorporated communities of Incline Village and Crystal Bay. A map showing the current boundaries of the District is provided on page (v) of this Official Statement. Such boundaries are subject to change in the future as a result of possible annexations. See "INTRODUCTION – Certain Bondholders Risks – Risks Related to Future Annexations."

Purpose

Proceeds of the 2021 Bonds will be used to (i) finance the costs of acquiring properties for fire stations in the District, including fixtures, structures, stations, other buildings

* Preliminary, subject to change.

and sites (the "Project") and (ii) pay the costs of issuing the 2021 Bonds. See "SOURCES AND USES OF FUNDS."

Authority for Issuance

The 2021 Bonds are being issued pursuant to the constitution and laws of the State, including NRS 474.460 through 474.540 (the "Project Act"), NRS 360.600 to 360.740, inclusive (the "Consolidated Tax Act"), NRS 350.500 through 350.720, inclusive (the "Bond Act"), Chapter 348 of NRS (the "Supplemental Bond Act") and the Bond Resolution.

The 2021 Bonds; Prior Redemption

The 2021 Bonds will be issued as fully registered bonds in the denomination of $5,000, or any integral multiple thereof. The 2021 Bonds initially will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), the securities depository for the 2021 Bonds. Purchases of the 2021 Bonds are to be made in book-entry form only. Purchasers will not receive certificates representing their beneficial ownership interest in the 2021 Bonds. See "THE 2021 BONDS – Book-Entry Only System." The 2021 Bonds mature and bear interest (calculated based on a 360-day year consisting of twelve 30-day months) as set forth on the inside cover page of this Official Statement. The payment of principal of and interest on each series of the 2021 Bonds is described in "THE 2021 BONDS – Payment Provisions."

The 2021 Bonds are subject to redemption prior to maturity at the option of the District as described in "THE 2021 BONDS – Redemption Provisions." At the option of the winning bidder, the 2021 Bonds may also be subject to mandatory sinking fund redemption.

Security

General Obligations. The 2021 Bonds are direct and general obligations of the District, payable as to principal and interest from annual general (ad valorem) taxes levied against all taxable property within the District (the "General Taxes") (except to the extent any other monies are made available therefor), subject to the State constitutional and statutory limitations on the aggregate amount of ad valorem taxes. Generally, the combined overlapping tax rate is limited by statute to $3.64 per $100 of assessed valuation. See "SECURITY FOR THE 2021 BONDS – General Obligations" and "PROPERTY TAX INFORMATION – Property Tax Limitations."

Additional Security for 2021 Bonds - Pledged Revenues. The 2021 Bonds are additionally secured by an irrevocable pledge of and lien (but not necessarily an exclusive lien) on the Pledged Revenues. See "Lien Priority" and "Additional Bonds" below.

Pledged Revenues Generally. "Pledged Revenues" means a 15% portion of all income and revenue derived by the District and allowed to be pledged pursuant to the Consolidated Tax Act (the "Consolidated Tax," described below).

The Consolidated Tax consists of revenues from the following sources: certain sales taxes (the "Basic City/County Relief Tax" and the "Supplemental City/County Relief Tax"); excise taxes on cigarettes and liquor (the "Cigarette Tax" and the "Liquor Tax," respectively); a

tax on the licensing of motor vehicles (the "Basic Governmental Services Tax"); and real property transfer taxes (the "Real Property Transfer Tax"). Pursuant to the State law, the Consolidated Tax generally is collected by the State and then remitted monthly to the District. For a further definition of the Pledged Revenues, see "SECURITY FOR THE 2021 Bonds" and Appendix B – Summary of Certain Provisions of the Bond Resolution – Certain Definitions.

Lien Priority. As of June 1, 2021, the 2021 Bonds have a lien (but not necessarily an exclusive lien) on the Pledged Revenues on a parity with the lien thereon of $1,963,000 aggregate principal amount of outstanding bonds (the "Parity Lien Bonds"):

Outstanding Parity Lien Bonds

Bond Series	Final Payment	Original Amount	Amount Outstanding
Capital Improvement Bonds, Series 2020	06/01/35	$2,100,000	$1,963,000
Total			$1,963,000

Source: The District.

Additional Bonds. Upon the satisfaction of certain conditions set forth in the Bond Resolution, the District may issue additional bonds with a lien on the Pledged Revenues that is on a parity with the lien thereon of the 2021 Bonds (together with the Parity Lien Bonds, the "Parity Securities"). In addition, the District may issue additional bonds with a lien on all or a portion of the Pledged Revenues that is superior to the lien thereon of the 2021 Bonds ("Superior Securities"). See "SECURITY FOR THE 2021 BONDS – Additional Bonds." Any Superior Securities will be revenue bonds that do not carry the District's general obligation pledge.

The District currently anticipates issuing additional Parity Securities within the next two years to construct another station. The District has no current plans to issue Superior Securities but reserves the right to do so whenever legal requirements are satisfied. See "SECURITIES FOR THE 2021 BONDS – Additional Bonds."

Tax Matters

In the opinion of Sherman & Howard L.L.C., Bond Counsel, assuming continuous compliance with certain covenants described herein, interest on the 2021 Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date of delivery of the 2021 Bonds (the "Tax Code"), and interest on the 2021 Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. See "TAX MATTERS – Federal Tax Matters."

The District will designate the Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Tax Code. See "FINANCIAL INSTITUTION INTEREST DEDUCTION."

In the opinion of Bond Counsel, under the laws of the State in effect as of the date of delivery of the 2021 Bonds, the 2021 Bonds, their transfer, and the income therefrom are free and exempt from taxation by the State or any subdivision thereof except for the tax on estates

imposed pursuant to Chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to Chapter 375B of NRS. See "TAX MATTERS – State Tax Exemption."

Professionals

Sherman & Howard L.L.C., Reno, Nevada, has acted as Bond Counsel to the District and also has acted as Special Counsel to the District in connection with this Official Statement. The Municipal Advisor to the District in connection with the issuance of the 2021 Bonds is JNA Consulting Group, LLC, Boulder City, Nevada (the "Municipal Advisor"). See "MUNICIPAL ADVISOR." The fees of Bond Counsel, Special Counsel and the Municipal Advisor will be paid only from 2021 Bond proceeds at closing. The District's audited basic financial statements, included in Appendix A of this Official Statement, include the report of Eide Bailly LLP, certified public accountants, Reno, Nevada. See "INDEPENDENT AUDITORS." Zions Bancorporation, National Association, will act as the registrar and paying agent for the 2021 Bonds (the "Registrar" and "Paying Agent").

Continuing Disclosure Undertaking

The District will execute a continuing disclosure certificate (the "Disclosure Certificate") at the time of the closing for the 2021 Bonds. The Disclosure Certificate will be executed for the benefit of the beneficial owners of the 2021 Bonds and the District will covenant in the Bond Resolution to comply with its terms. The Disclosure Certificate will provide that so long as the 2021 Bonds remain outstanding, the District will provide the following information to the Municipal Securities Rulemaking Board, through the Electronic Municipal Market Access system ("EMMA"): (i) annually, certain financial information and operating data; and (ii) notice of the occurrence of certain events; each as specified in the Disclosure Certificate. The form of the Disclosure Certificate is attached hereto as Appendix D. In the last five years, the District has not failed to materially comply with any continuing disclosure undertakings entered into pursuant to Rule 15c2-12 promulgated under the Securities Exchange Act of 1934.

Certain Bondholder Risks

General. The purchase of the 2021 Bonds involves certain investment risks that are discussed throughout this Official Statement. Accordingly, each prospective purchaser of the 2021 Bonds should make an independent evaluation of all of the information presented in this Official Statement in order to make an informed investment decision.

Risks Related to Property Taxes. Numerous factors over which the District has no control may impact the timely receipt of ad valorem property tax revenues in the future. These include the valuation of property within the District, the number of homes which are in foreclosure, bankruptcy proceedings of property taxpayers or their lenders, and the ability or willingness of property owners to pay taxes in a timely manner.

The amount of ad valorem property taxes collected will be dependent upon the assessed valuation of property within the District and in part on the abatement caps calculated pursuant to NRS 361.4722. It is not possible to predict future property values, the impact of foreclosures or delinquencies on property tax payments or the impact of the annual abatement cap. Specifically, it is not possible to predict whether property values in the District will decline in the

future, whether foreclosure rates will rise or whether any increase in foreclosures will cause significant delinquencies in property tax payments and the realization of property tax revenues by the District.

Certain Risks Associated with Pledged Revenues. The Consolidated Tax is collected by the State and then remitted directly to the District pursuant to various statutory provisions. The District has no statutory authority to collect the Consolidated Tax itself and also has no control over the collection processes in place at the State. Receipt of the Pledged Revenues is dependent upon the ability and willingness of the State to collect the Consolidated Tax and forward the revenues to the District. If the State fails to perform its collection duties in a timely fashion, the District may not receive Pledged Revenues in time to meet scheduled debt service payments. If the State fails to collect, remit or transfer the Consolidated Tax revenues, the District's only remedy is to file suit against the nonperforming party, including an action in mandamus to compel performance. Further, the District has no control over the auditing procedures in place at the State. The District must depend upon the State to ensure that retailers are collecting and remitting the required Pledged Revenues. If the State fails to do so, the District may not receive all of the moneys to which it is entitled.

The Consolidated Tax collections are subject to fluctuations in spending which is affected by, among other things, general economic cycles. The Consolidated Tax revenues may increase along with the increasing prices brought about by inflation, but collections also are vulnerable to adverse economic conditions and reduced spending and may decrease as a result. Consequently, the rate of Consolidated Tax collections may be expected to correspond generally to economic cycles. The District has no control over general economic cycles and is unable to predict what economic factors or cycles will occur while the 2021 Bonds remain outstanding.

Certain Risks Associated with COVID-19. The spread of the novel strain of coronavirus and the disease it causes (now commonly known as "COVID-19") are having impacts throughout the world, including within the State and the District. The World Health Organization has declared the COVID-19 outbreak to be a pandemic, and states of emergency were declared by the State and the United States. The purpose behind these declarations was to coordinate and formalize emergency actions across federal, state and local governmental agencies, and to proactively prepare for a wider spread of the virus.

The outbreak resulted in the imposition of restrictions on mass gatherings and widespread temporary closings of businesses, universities and schools. The United States is restricting certain non-United States citizens and permanent residents from entering the country. In addition, financial markets in the United States and globally have been volatile as a result of COVID-19 concerns.

The District has taken, and is taking, several steps to protect the health of its employees, maintain continuity of its critical and essential business functions and avoid widespread impacts to its workforce from the COVID-19 outbreak

A portion the County's economy is dependent on tourism and the foregoing impacts of the spread of COVID-19 and its continued adverse effect on the level of tourism activity and commercial activity within the County could impact the District's financial operations in the

future, but the monthly revenues of the District derived from Consolidated Taxes in the fiscal year ended June 30, 2021 have thus far exceeded the revenues of the District from Consolidated Taxes in each of the corresponding months in the fiscal year ended June 30, 2020. See "SECURITY FOR THE 2021 BONDS – Consolidated Tax Revenue Data" and "DISTRICT FINANCIAL INFORMATION – Management's Comments Regarding Material Trends."

The degree of impact from COVID-19 to the District's financial operations is difficult to predict due to the evolving nature of the COVID-19 transmission, including uncertainties relating to (i) the duration of the outbreak, (ii) the severity of the outbreak, and (iii) the ultimate geographic spread of the outbreak, as well as with regard to what additional actions may be taken by governmental authorities to contain or mitigate its impact. Notwithstanding the foregoing, given the pledge of both the full faith and credit of the District and the Pledged Revenues, the District does not believe that the impacts of the spread of COVID-19 will have a material adverse effect on its ability to pay debt service on the 2021 Bonds.

Additional information with respect to events surrounding the outbreak of COVlD-19 and responses from State and local agencies can be found on the following website established by the State's Department of Public Health and Human Services ("DPHHS") and the Governor's office at: https://nvhealthresponse.nv.gov and on the DPHHS Division of Public and Behavioral Health's website at: http://dpbh.nv.gov/coronavirus. Information relating to the County's COVID-19 response can be found at: https://covid19washoe.com/. The District has not incorporated by reference the information on such websites and the District does not assume any responsibility for the accuracy of the information on the County or State websites.

Risks Related to Future Annexations. The District's boundaries have been revised and decreased in the past as a result primarily of bordering municipalities annexing unincorporated property into their respective borders. Typically, such annexations have occurred in connection with the annexation of unimproved land for potential future developments. Loss of property within the District's boundaries may both decrease and limit the opportunity for growth in property taxes and sales taxes that serve as security for the 2021 Bonds.

No Pledge of Property. The payment of the 2021 Bonds is not secured by an encumbrance, mortgage or other pledge of property of the District, except the proceeds of General Taxes, the Pledged Revenues, and any other moneys pledged for the payment of the 2021 Bonds. No property of the District, subject to such exceptions, shall be liable to be forfeited or taken in payment of the 2021 Bonds.

Limitation of Remedies. Upon the occurrence of an Event of Default under the Bond Resolution, each owner of the 2021 Bonds is entitled to enforce the covenants and agreements of the District by mandamus, suit or other proceeding at law or in equity. Any judgment will, however, only be enforceable against the Pledged Revenues and other moneys held under the Bond Resolution (including General Taxes, if any) and not against any other fund or properties of the District.

The enforceability of the Bond Resolution is also subject to equitable principles affecting the enforcement of creditors' rights generally and liens securing such rights, the police powers of the State and the exercise of judicial authority by State or federal courts.

Due to the delays in obtaining judicial remedies, it should not be assumed that these remedies could be accomplished rapidly. Any delays in obtaining judicial remedies to enforce the covenants and agreements of the District under the Bond Resolution, to the extent enforceable, could result in delays in any payment of principal of and interest on the 2021 Bonds.

Bankruptcy, Federal Lien Power and Police Power. The enforceability of the rights and remedies of the owners of the 2021 Bonds and the obligations incurred by the District in issuing the 2021 Bonds are subject to the federal bankruptcy code and applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws relating to or affecting the enforcement of creditors' rights generally, now or hereafter in effect; usual equity principles which may limit the specific enforcement under State law of certain remedies; the exercise by the United States of America of the powers delegated to it by the federal Constitution; the power of the federal government to impose liens in certain situations; and the reasonable and necessary exercise, in certain exceptional situations, of the police power inherent in the sovereignty of the State and its governmental bodies in the interest of serving a significant and legitimate public purpose. Bankruptcy proceedings or the exercise of powers by the federal or State government, if initiated, could subject the owners of the 2021 Bonds to judicial discretion and interpretation of their rights in bankruptcy or otherwise, and consequently may entail risks of delay, limitation or modification of their rights.

No Acceleration. There is no provision for acceleration of maturity of the principal of the 2021 Bonds in the event of a default in the payment of principal of or interest on the 2021 Bonds. Consequently, remedies available to the owners of the 2021 Bonds may have to be enforced from year to year.

Future Changes in Law. Various State laws apply to the imposition, collection, and expenditure of General Taxes and the Consolidated Tax, as well as to the operation and finances of the District. In addition, from time to time, proposals are made (or adopted) by the Legislature to add or remove certain types of transactions from the Consolidated Tax. The Legislature may also increase the administrative fee retained by the State for collecting the various components of the Consolidated Tax from time to time; that increase results in a decrease in Pledged Revenues.

There is no assurance that there will not be any change in, interpretation of, or addition to the applicable laws, provisions, and regulations which would have a material effect, directly or indirectly, on the affairs of the District and the imposition, collection, and expenditure of revenues, including General Taxes and the Consolidated Tax.

Forward-Looking Statements

This Official Statement, particularly (but not limited to) the sections entitled "INTRODUCTION – Certain Bondholder Risks – Certain Risks Associated with COVID-19," "SECURITY FOR THE 2021 BONDS – Consolidated Tax Revenue Data," "DISTRICT FINANCIAL INFORMATION – History of District General Fund Revenues, Expenditures and Changes in Fund Balance" and any statements throughout this Official Statement referring to budgeted, interim or unaudited information for fiscal year 2021 or future years, contains statements relating to future results that are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. When used in this Official Statement, the words "estimate,"

"forecast," "intend," "expect" and similar expressions identify forward-looking statements. Any forward-looking statement is subject to uncertainty. Accordingly, such statements are subject to risks that could cause actual results to differ, possibly materially, from those contemplated in such forward-looking statements. Inevitably, some assumptions used to develop forward-looking statements will not be realized or unanticipated events and circumstances may occur. Therefore, investors should be aware that there are likely to be differences between forward-looking statements and actual results. Those differences could be material and could impact the availability of funds to pay debt service on the 2021 Bonds.

Secondary Market

No guarantee can be made that a secondary market for the 2021 Bonds will develop or be maintained by the initial purchaser of the 2021 Bonds (the "Initial Purchaser") or others. Thus, prospective investors should be prepared to hold their 2021 Bonds to maturity.

Additional Information

This introduction is only a brief summary of the provisions of the 2021 Bonds, the Bond Resolution and the Project; a full review of the entire Official Statement should be made by potential investors. Brief descriptions of the District, the 2021 Bonds, the Bond Resolution and other documents are included in this Official Statement. All references herein to the 2021 Bonds, the Bond Resolution and other documents are qualified in their entirety by reference to such documents. *This Official Statement speaks only as of its date and the information contained herein is subject to change.*

THE 2021 BONDS

General

The 2021 Bonds will be issued as fully registered bonds in denominations of $5,000 or integral multiples thereof and initially will be registered in the name of "Cede & Co.," as nominee of DTC, pursuant to DTC's book-entry only system. The 2021 Bonds will be dated as of the date of delivery and will bear interest and mature at the rates and on the dates set forth on the inside cover page of this Official Statement.

Payment Provisions

Payment of interest on any 2021 Bond shall be made to the registered owner thereof by check or draft mailed by the Paying Agent on each interest payment date (or, if such interest payment date is not a business day, on the next succeeding business day), to the registered owner thereof at his address as shown on the registration records kept by the Registrar at the close of business on the 15th day of the calendar month next preceding such interest payment date (the "Regular Record Date"); but any such interest not so timely paid or duly provided for shall cease to be payable to the person who is the registered owner thereof at the close of business on the Regular Record Date and shall be payable to the person who is the registered owner thereof at the close of business on a special record date for the payment of any such defaulted interest (a "Special Record Date"). Such Special Record Date shall be fixed by the Registrar whenever moneys become available for payment of the defaulted interest, and notice of the Special Record Date shall be given to the registered owners of the 2021 Bonds not less than ten days prior thereto by first-class mail to each such registered owner as shown on the Registrar's registration records on a date selected by the Registrar, stating the date of the Special Record Date and the date fixed for the payment of such defaulted interest. The Paying Agent may make payments of interest on any 2021 Bond by such alternative means as may be mutually agreed to between the owner of such 2021 Bond and the Paying Agent. The principal of any 2021 Bond shall be payable to the registered owner thereof as shown on the registration records kept by the Registrar upon maturity thereof and upon presentation and surrender at the office of the Paying Agent or at such other office as designated by the Paying Agent. If any 2021 Bond shall not be paid upon presentation and surrender at or after maturity, it shall continue to draw interest at the interest rate borne by said 2021 Bond until the principal thereof is paid in full. All such payments shall be made in lawful money of the United States of America.

Notwithstanding the foregoing, payments of the principal and interest on the 2021 Bonds will be made by the Registrar and Paying Agent directly to DTC or its nominee, Cede & Co., so long as DTC or Cede & Co. is the sole registered owner of the 2021 Bonds. Disbursement of such payments to DTC's Participants is the responsibility of DTC, and disbursements of such payments to the Beneficial Owners is the responsibility of DTC's Participants and the Indirect Participants, as more fully described herein. See "--Book-Entry Only System" below.

Redemption Provisions

Optional Redemption.* The 2021 Bonds, or portions thereof ($5,000 or any integral multiple), maturing on and after June 1, 2032 will be subject to redemption prior to their respective maturities at the option of the District on and after June 1, 2031, in whole or in part at any time, from such maturities as are selected by the District and, if less than all the 2021 Bonds of a maturity are to be redeemed, the 2021 Bonds of such maturity are to be selected by lot (giving proportionate weight to 2021 Bonds in denominations larger than $5,000), at a price equal to the principal amount of each 2021 Bond or portion thereof so redeemed, plus accrued interest thereon to the redemption date.

Mandatory Sinking Fund Redemption.* The 2021 Bonds maturing on June 1, 20__ (the "Term Bonds"), are subject to mandatory sinking fund redemption at a redemption price equal to 100% of the principal amount thereof and accrued interest to the redemption date. Term Bonds will be selected by lot in such manner as the Registrar may determine.

As and for a sinking fund for the redemption of those Term Bonds maturing on June 1, 20__, there shall be deposited into the Bond Account on or before August 1 of the years shown below, a sum which, together with other moneys available therein is sufficient to redeem the Term Bonds maturing on June 1, 20__, on the dates and in the principal amounts shown below:

Redemption Date (June 1)	Principal Amount

Not more than 60 days nor less than 30 days prior to the sinking fund payment dates for the Term Bonds, the Registrar shall proceed to select for redemption (by lot in such manner as the Registrar may determine) from all outstanding Term Bonds, a principal amount of the Term Bonds equal to the aggregate principal amount of the Term Bonds redeemable with the required sinking fund payments.

At its option, the District may (i) deliver to the Registrar for cancellation Term Bonds or portions thereof ($5,000 or any integral multiple thereof) in an aggregate principal amount desired by the District or, (ii) specify a principal amount of Term Bonds or portions thereof ($5,000 or any integral multiple thereof) which prior to said date have been redeemed (otherwise than through the operation of the sinking fund) and canceled by the Registrar and not theretofore applied as a credit against any sinking fund redemption obligation with respect to such Term Bond. Each Term Bond or portion thereof so delivered or previously redeemed shall be credited by the Registrar at 100% of the principal amount thereof against the obligation of the District on the sinking fund redemption date and any excess shall be so credited against future sinking fund redemption obligations in such manner as the District determines.

Notice of Redemption. Notice of prior redemption shall be given by the Registrar in the name and on behalf of the District by registered or certified mail as long as Cede & Co., or

* Preliminary, subject to change.

a nominee of a successor depository, is the registered owner of the 2021 Bonds and otherwise by first class, postage prepaid mail, at least 30 days but not more than 60 days prior to the Redemption Date, to the Municipal Securities Rulemaking Board ("MSRB") and the registered owner of any 2021 Bond all or a part of which is called for prior redemption at his address as it last appears on the registration records kept by the Registrar. The notice shall identify the 2021 Bonds or portions thereof to be redeemed, specify the Redemption Date, and state that on such date the principal amount thereof will become due and payable at the Paying Agent (accrued interest to the Redemption Date being payable by mail or as otherwise provided in the Bond Resolution), and that after such Redemption Date interest will cease to accrue. The notice of prior redemption shall further state that on such date there will become and will be due and payable upon each 2021 Bond so to be redeemed at the office of the Paying Agent (designated by name) or at such other office as is designated by the Paying Agent, the principal amount thereof, accrued interest thereon to the Redemption Date, and that from and after such date interest will cease to accrue. Notice having been given in the manner described above, the 2021 Bond or 2021 Bonds so called for redemption shall become due and payable on the redemption date so designated; and upon presentation thereof at the Paying Agent or at such other office as is designated by the Paying Agent, the District will pay the 2021 Bond or 2021 Bonds so called for redemption.

Notwithstanding the foregoing, any notice of redemption may contain a statement that the redemption is conditional upon the receipt by the Paying Agent of funds on or before the date fixed for redemption sufficient to pay the redemption price of the 2021 Bonds so called for redemption, and that if such funds are not available, such redemption shall be canceled by written notice to the owners of the 2021 Bonds called for redemption in the same manner as the original redemption notice was mailed.

Tax Covenant

In the Bond Resolution, the District covenants for the benefit of the owners of the 2021 Bonds that it will not take any action or omit to take any action with respect to the 2021 Bonds, the proceeds thereof, any other funds of the District or any facilities financed or refinanced with the proceeds of the 2021 Bonds if such action or omission (i) would cause the interest on the 2021 Bonds to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Tax Code or (ii) would cause interest on the 2021 Bonds to lose its exclusion from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. The covenant described above shall remain in full force and effect notwithstanding the payment in full or defeasance of the 2021 Bonds until the date on which all obligations of the District in fulfilling the covenant under the Tax Code have been met.

Defeasance

When all Bond Requirements of any 2021 Bond have been duly paid, the pledge and lien and all obligations under the Bond Resolution as to that 2021 Bond shall thereby be discharged and the 2021 Bond shall no longer be deemed to be Outstanding within the meaning of the Bond Resolution; provided, however, that if the principal of or interest on the 2021 Bond shall be paid by any Insurer of the 2021 Bond, the pledge of the Pledged Revenues and all covenants, agreements, and other obligations of the District to the owners hereunder shall continue to exist and such Insurer shall be subrogated to the rights of the owners. There shall be deemed to be such

due payment when the District has placed in escrow or in trust with a trust bank located within or without the State, an amount sufficient (including the known minimum yield available for such purpose from Federal Securities (defined below) in which such amount wholly or in part may be initially invested) to meet all Bond Requirements of the 2021 Bond, as the same become due to the final maturity of the 2021 Bond or upon any prior redemption date as of which the District shall have exercised or shall have obligated itself to exercise its prior redemption option. The Federal Securities shall become due prior to the respective times on which the proceeds thereof shall be needed, in accordance with a schedule established and agreed upon between the District and such bank at the time of the creation of the escrow or trust, or the Federal Securities shall be subject to redemption at the option of the holders thereof to assure such availability as so needed to meet such schedule.

The Bond Resolution defines "Federal Securities" to mean bills, certificates of indebtedness, notes, bonds or similar securities which are direct obligations of or the principal and interest of which securities are unconditionally guaranteed by, the United States of America.

Book-Entry Only System

The 2021 Bonds will be available in book-entry form only. DTC will act as the initial securities depository for the 2021 Bonds. The ownership of one fully registered 2021 Bond for each maturity as set forth on the inside cover page of this Official Statement, each in the aggregate principal amount of such maturity, will be registered in the name of Cede & Co., as nominee of DTC. See Appendix C – Book-Entry Only System.

SO LONG AS CEDE & CO., AS NOMINEE OF DTC, IS THE REGISTERED OWNER OF THE 2021 BONDS REFERENCES IN THIS OFFICIAL STATEMENT TO THE REGISTERED OWNERS OF THE 2021 BONDS WILL MEAN CEDE & CO. AND WILL NOT MEAN THE BENEFICIAL OWNERS.

None of the District, the Registrar or the Paying Agent will have any responsibility or obligation to DTC's Participants or Indirect Participants (defined in Appendix C), or the persons for whom they act as nominees, with respect to the payments to or the providing of notice for the DTC Participants, the Indirect Participants or the beneficial owners of the 2021 Bonds as further described in Appendix C to this Official Statement.

Debt Service Requirements

The following table sets forth the debt service requirements for the 2021 Bonds in each fiscal year, the total debt service requirements on the Parity Lien Bonds in each fiscal year, and the combined debt service payable on the 2021 Bonds and the Parity Lien Bonds in each fiscal year.

Debt Service Requirements[(1)]

Fiscal Year Ending June 30,	2021 Bonds			Total Debt Service on Parity Lien Bonds	Total Combined Debt Service*
	Principal*	Interest*	Total*		
2022	$210,000	$182,137	$392,137	$157,034	$549,171
2023	185,000	208,000	393,000	157,091	550,091
2024	190,000	200,600	390,600	157,117	547,717
2025	200,000	193,000	393,000	157,113	550,113
2026	210,000	185,000	395,000	157,078	552,078
2027	215,000	176,600	391,600	157,012	548,612
2028	225,000	168,000	393,000	156,916	549,916
2029	235,000	159,000	394,000	156,790	550,790
2030	245,000	149,600	394,600	156,632	551,232
2031	255,000	139,800	394,800	156,444	551,244
2032	265,000	129,600	394,600	156,226	550,826
2033	270,000	121,650	391,650	156,977	548,627

SOURCES AND USES OF FUNDS

Sources and Uses of Funds

The proceeds from the sale of the 2021 Bonds are expected to be applied in the following manner:

Sources and Uses of Funds

	Amount
SOURCE:	
Principal amount	$7,000,000*
Plus: original issue premium	
Total	
USES:	
Project Fund	
Costs of issuance (including underwriting discount)	
Total	

The Project

Together with other District funds, the Project will consist of acquiring properties for fire stations in the District, including fixtures, structures, stations, other buildings and sites, including primarily purchasing the office and warehouse space that the District has been leasing since February 1, 2020.

SECURITY FOR THE 2021 BONDS

General Obligations

General. The 2021 Bonds are direct and general obligations of the District, and the full faith and credit of the District is pledged for the payment of principal and interest due thereon, subject to State constitutional and statutory limitations on the aggregate amount of ad valorem taxes. See "PROPERTY TAX INFORMATION – Property Tax Limitations." The 2021 Bonds are payable by the District from any source legally available at the times such payments are due, including the District's General Fund. In the event, however, that such legally available sources of funds are insufficient, the District is obligated to levy a general (ad valorem) tax on all taxable property within the District for payment of the 2021 Bonds, subject to the limitations provided in the constitution and statutes of the State. Due to the statutory process required for the levy of taxes, in any year in which the District is required to levy property taxes, there may be a delay in the availability of revenues to pay debt service on the 2021 Bonds. See "PROPERTY TAX INFORMATION – Property Tax Collections."

Property Tax Limitations. The constitution and laws of the State limit the total ad valorem property taxes that may be levied by all overlapping taxing units within each county (including the State, the District, the Washoe County School District (the "School District") or any

* Preliminary, subject to change.

special district) in each year. Generally, the combined overlapping tax rate is limited by statute to $3.64 per $100 of assessed valuation. Those limitations are described in "PROPERTY TAX INFORMATION – Property Tax Limitations." In any year in which the total property taxes levied within the District by all applicable taxing units exceed such property tax limitations, the reduction to be made by those units must be in taxes levied for purposes other than the payment of their bonded indebtedness, including interest on such indebtedness. See "PROPERTY TAX INFORMATION – Property Tax Limitations."

Additional Security for the 2021 Bonds

Pledged Revenues. The 2021 Bonds are additionally secured by a lien (but not necessarily an exclusive lien) on the Pledged Revenues. The lien of the 2021 Bonds on the Pledged Revenues will be on a parity with the lien of the Parity Lien Bonds and any additional Parity Securities and subordinate to the lien of any Superior Securities issued in the future. The Pledged Revenues are comprised of a 15% portion of all income and revenue derived by the District from the Consolidated Tax distributed and imposed pursuant to State law.

General Description of Consolidated Tax. The taxes comprising the Consolidated Tax are discussed generally below. The revenues generated by the Consolidated Tax are deposited into the State's Local Government Tax Distribution Account and then allocated among local governments as described below.

Sales Taxes. The Supplemental City/County Relief Tax ("SCCRT") and Basic City/County Relief Tax ("BCCRT") are each a component of the combined sales and use tax levied by the State (the tax levied on retail sales and the storage, use or other consumption of tangible property). The SCCRT is levied at a rate of 1.75% and the BCCRT is levied at a rate of 0.50%. The revenues from each of these sources are collected monthly by the State Department of Taxation ("Taxation") and, following adjustments for certain rural counties and costs of collections, are remitted to the County of origin, then divided among the local governments within each county according to a formula. In fiscal year 2020, the SCCRT and BCCRT accounted for a combined 82.2% (18.3% and 63.9%, respectively) of the Consolidated Tax distributed within the County.

Sales taxes (including the SCCRT and BCCRT) are imposed on the gross receipts of any retailer from the sale of all tangible personal property sold at retail in the County and also upon the storage, use or other consumption in the County of tangible personal property. State law exempts taxes on the gross receipts from the sale, storage or use of property that it is prohibited from taxing under the constitution or laws of the State. Included in this category are (this list is not intended to be exhaustive): personal property sold to the United States, the State or any political subdivision; personal property sold by or to religious, charitable or educational nonprofit corporations; sales to common carriers; the proceeds of mines; motor vehicle fuel; food; certain feeds and fertilizers; prosthetic devices and other medical appliances; medicines, gas, electricity and water; newspapers, manufactured homes and mobile homes; and aircraft, aircraft engines and component parts.

The total sales and use tax rate applicable within the County is currently 8.265%. Such amount of total sales and use taxes are allocated as illustrated in the following table (of which

only the BCCRT and the SCCRT consolidated taxes are included in the Consolidated Tax from which the Pledged Revenues are derived):

Sales and Use Tax Allocation

Use	Effective Sales and Use Tax Rate
State General Fund	2.000%
Local School Support Tax	2.600
Basic City/County Relief Tax[(1)]	0.500
Supplemental City/County Relief Tax[(1)]	1.750
Washoe County Regional Transportation	0.375
Washoe County Local Government Tax Act	0.250
Washoe County Flood/Public Safety	0.125
Washoe County Railroad Grade Project	0.125
Washoe County School Capital	0.540
Total	8.265%

(1) Components of the Pledged Revenues.

Source: Components of Sales and Use Tax Rates – State of Nevada Department of Taxation

Basic Governmental Services Tax. The Basic Governmental Services Tax ("GST") is levied at a rate of 4 cents per dollar of valuation of motor vehicles and is assessed at the time of annual registration. The initial valuation of the vehicle is determined at 35% of the manufacturer's suggested retail price. Vehicle value is depreciated to 95% after the first year and graduated down to 15% after 9 years. Ninety-four percent of the proceeds of the GST is distributed to local governments in the County of origin. In fiscal year 2020, the GST accounted for 13.9% of the Consolidated Tax distributed within the County.

Real Property Transfer Tax. The Real Property Transfer Tax ("RPTT") is paid by the buyer in a conveyance of real property. The rate of taxation on transfers of real property in the County is $0.65 per $500 of value of the interest in property conveyed, exclusive of any lien or encumbrance upon the property. Of the $0.65 per $500 of value, a portion (55 cents) is deposited in the Local Government Tax Distribution Account for distribution to local governments in the County of origin and the rest is retained by the State for various purposes. In fiscal year 2020, the RPTT accounted for 3.1% of the Consolidated Tax distributed within the County.

Cigarette and Liquor Tax. The Cigarette Tax and Liquor Tax are excise taxes levied upon the sale of cigarettes (and other tobacco products) and liquor, respectively. Portions of the proceeds of the Cigarette Tax and Liquor Tax are distributed to local governments, with the remainder deposited to the State general fund. The Cigarette Tax is levied at a rate of 9 cents per cigarette, which equates to $1.80 per pack. Of that amount, 10 cents per pack is deposited in the Local Government Tax Distribution Account and distributed to local governments. The Liquor Tax is levied on a per gallon basis and is in addition to the applicable sales tax. Of the $3.60 per gallon tax levied on liquor with an alcohol content in excess of 22%, 50 cents is deposited in the Local Government Tax Distribution Account and distributed to local governments. Taxes levied upon tobacco products other than cigarettes and upon liquor products with less than 22% alcohol content are retained by the State general fund. In fiscal year 2020, the Cigarette Tax and the Liquor

Tax accounted for 0.6% and 0.2%, respectively, of the Consolidated Tax distributed within the County.

Collection and Enforcement of Consolidated Tax Revenues

Taxation administers the collection and enforcement of the Consolidated Taxes pursuant to State law. The taxes comprising the Consolidated Tax are collected as described below and distributions are made monthly.

Taxation collects the BCCRT, SCCRT, Cigarette and Liquor Taxes directly and deposits the revenues to the Local Government Tax Distribution Account monthly for distribution to the District. The County Treasurer collects RPTT revenues and deposits them with the State, at least quarterly, for inclusion in the Local Government Tax Distribution Account and subsequent monthly distribution to the District. The Department of Motor Vehicles collects the GST and deposits it monthly with the State for deposit in the Local Government Tax Distribution Account and subsequent monthly distribution to the District.

Because the BCCRT and the SCCRT constitute the majority of the Consolidated Tax Revenues, the State's sales tax collection and enforcement procedures are discussed briefly below. In addition to the sales tax enforcement procedure, the State may impose delinquent interest and penalties on late payments of the other taxes collected and also may seek judgments in State court for satisfaction of amounts owed.

Taxation administers all sales taxes within the State, including the BCCRT and the SCCRT. Each licensed retailer is required to remit all sales tax directly to Taxation. Pursuant to State statute, Taxation currently retains a collection fee of 1.75% (that amount is subject to change by the Legislature) of all amounts remitted by retailers. (Notwithstanding the foregoing, the increased fee cannot be applied so as to modify, directly or indirectly, any taxes levied or revenues pledged in such a manner as to impair adversely any outstanding obligations of any political subdivision of this State or other public entity). Every person desiring to conduct business as a retailer within the County must obtain a permit from Taxation. Any retailer that fails to comply with State statutes may have its license revoked by Taxation after a hearing held upon 10 days' written notice.

Sales taxes are due and payable to Taxation monthly on or before the last day of the month next succeeding the month in which such taxes are collected (*i.e.*, sales taxes collected by retailers in April 2021 were due to Taxation no later than May 31, 2021). Retailers are allowed to deduct 0.25% of the amount due to reimburse themselves for the cost of collecting the tax. Sales tax remittances to Taxation must be accompanied by a return form prescribed by Taxation. Taxation may require returns and payments for periods other than calendar months. Interest on deficient sales tax payments, exclusive of penalties, accrues at rates established by State law. A penalty of 10% of the amount of the deficiency also may be added.

Deficiency notices must be delivered to taxpayers within three years of any deficiency. Failure to pay sales taxes as required results in a lien against the property of the retailer failing to pay. The lien is enforced by Taxation's filing of a certificate and request for judgment with the County Clerk. Immediately upon filing of the certificate, the County Clerk is required to

enter a judgment in the amount owed, including penalties and interest. The lien may be enforced through a warrant executed by the County sheriff. In addition, Taxation may seize and sell property of the delinquent payor as provided by law.

Distribution of Consolidated Tax Collections. Consolidated Taxes are distributed to local governments in accordance with a formula established by State law. State law established a "base year" during the 1997 Legislative session. After that year, each local government receives an annual percentage increase in its base amount according to increases in the prior year's Consumer Price Index. For cities and counties, additional revenues over the base allocations are determined according to a statutory formula that takes into account each local government's relative growth in population and assessed valuation in the prior year. Taxation may determine to reallocate taxes if the assessed value and population of an entity declines over three consecutive years. Over the last five years, the District has received between 3.8% and 3.9% of the Consolidated Tax collections distributed within the County, excluding revenues separately distributed to the Washoe County School District.

Consolidated Tax Revenue Data

Historical Consolidated Tax Revenues and Pro-Forma Debt Service Coverage. The following table sets forth: (i) a history of the District's Consolidated Tax receipts and the resulting Pledged Revenues (ii) the debt service paid on the Parity Securities; and (iii) the associated debt service coverage, calculated by dividing the Pledged Revenues in each year by the annual debt service.

The table includes historical Consolidated Tax collection information for fiscal years 2016 through 2020 and estimated Consolidated Tax collection information for fiscal year 2021. There is no assurance that the Pledged Revenues will continue to be realized in the amounts illustrated below. See "INTRODUCTION – Certain Bondholder Rules – Certain Risk Associated with COVID-19" and other factors described throughout this Official Statement.

Upon issuance of the 2021 Bonds, the estimated maximum annual principal and interest requirements on the 2021 Bonds and the Parity Lien Bonds is $522,078* in fiscal year 2026. See "THE 2021 BONDS – Debt Service Requirements.

Historical Pledged Revenues and Pro Forma Debt Service Coverage

	2016 Actual(2)	2017 Actual	2018 Actual	2019 Actual	2020 Actual	2021 Estimate
Consolidated Tax Receipts(1)	$7,314,241	$7,713,537	$8,346,596	$8,725,419	$9,021,756	$9,331,699
% Change	5.5%	5.5%	8.2%	4.5%	3.4%	3.4%
Pledged Revenues (15% of Consolidated Tax Receipts)	$1,097,136	$1,157,031	$1,251,989	$1,308,813	$1,353,263	$1,399,755
Parity Securities Debt Service(3)*	$552,078	$552,078	$552,078	$552,078	$552,078	$552,078
Coverage*	2.0x	2.1x	2.3x	2.4x	2.5x	2.5x

(1) Excludes amounts refunded to a taxpayer in fiscal years 2019 and 2020, which result in reported and estimated consolidated tax of $207,387 and $101,014, respectively.
(2) Includes amounts distributed to the Sierra Fire Protection District, which merged with the District in fiscal year 2017.
(3) Represents estimated combined maximum annual debt service on the 2021 Bonds and the Parity Lien Bonds occurring in fiscal year 2026.

Source: The District; the District's Comprehensive Annual Financial Reports for fiscal years 2016-2020 and the District's 2022 Final Budget; compiled by the Municipal Advisor.

For fiscal year 2022, the District budgeted to receive Consolidated Tax revenues of $10,283,112, which would result in Pledged Revenues of $1,542,467. That budgeted figure results in estimated maximum annual principal and interest requirements coverage of 2.8x,* calculated using the estimated debt service payable on the 2021 Bonds and the Parity Lien Bonds in fiscal year 2026* ($522,078*). If the Pledged Revenues are insufficient to pay the debt service on the 2021 Bonds and any Parity Lien Bonds, the District must use other available resources to do so.

Monthly Comparison of Consolidated Tax Collections. The following table presents a comparison of monthly revenues received by the District pursuant to the Consolidated Tax Act for the twelve-month period ending June 30, 2020 and nine-month period ending March 31, 2021 (unaudited). *The data in the following table reflects collection of the full amount received pursuant to the Consolidated Tax Act; however, the Pledged Revenues are comprised of only 15% of that total amount. The information below is intended to illustrate collection trends only; it is not a representation of amounts available to pay the 2021 Bonds.* This table is presented on an accrual basis; accordingly, revenues are accounted for in the month of the original sales rather than the month of actual collection by the District. For example, revenues recorded for "April 2021" in the following table represent sales made by retailers in April 2021 and are recorded in that month even though retailers remitted those revenues to the State in May 2021 and the moneys were received by the District in June 2021. As of March 31, 2021, the District had experienced an increase of approximately 10.2% in Consolidated Tax collections as compared to the same 9-month period for the previous year.

* Preliminary, subject to change.

Comparison of Monthly Consolidated Tax Collections[(1)(2)]

	Twelve-Month Period Ending June 30, 2020		8-Month Period Ending March 31, 2021		Percent Change	
	Current Month	Cumulative	Current Month	Cumulative	Current Month	Cumulative
July	$769,158.09	$769,158.09	$801,054.94	$801,054.94	4.1%	4.1%
August	802,800.43	1,571,958.52	805,887.06	1,606,942.00	0.4	2.2
September	801,055.20	2,373,013.72	862,519.99	2,469,461.99	7.7	4.1
October	784,820.72	3,157,834.44	831,788.44	3,301,250.43	6.0	4.5
November	745,678.27	3,903,512.71	814,173.64	4,115,424.07	9.2	5.4
December	910,603.98	4,814,116.69	970,879.69	5,086,303.76	6.6	5.7
January	727,490.59	5,541,607.28	771,877.02	5,858,180.78	6.1	5.7
February	664,867.51	6,206,474.79	759,000.08	6,617,180.86	14.2	6.6
March	666,378.96	6,872,853.75	955,279.35	7,572,460.21	43.4	10.2
April	542,602.47	7,415,456.22				
May	708,328.76	8,123,784.98				
June	897,970.69	9,021,755.67				
Total	$9,021,755.67		$7,572,460.21			

(1) Reflects collection of the full amount received pursuant to the Consolidated Tax Act; however, the Pledged Revenues pledged to payment of the 2021 Bonds are comprised of only 15% of that total amount.

(2) Does not include amounts refunded to a taxpayer in fiscal years 2019 and 2020, respectively. The average monthly reductions attributable to such refunds in fiscal years 2019 and 2020 are $17,282 and $16,836, respectively.

Additional Bonds

Additional Parity Securities and Superior Securities. The Bond Resolution authorizes the District to issue additional Parity Securities and also authorizes the District to issue Superior Securities. Superior Securities shall not be issued as general obligations of the District.

The following requirements must be met prior to the issuance of additional Parity Securities (except refunding bonds, which have different requirements) or Superior Securities.

A. Absence of Default. At the time of the adoption of the supplemental instrument authorizing the issuance of the additional securities, the District must not be in default in making any debt service or rebate payments required by the Bond Resolution with respect to any superior or parity securities. See Appendix B – Summary of Certain Provisions of the Bond Resolution – Flow of Funds.

B. Earnings Test. Except as otherwise described in the Bond Resolution: (1) the Pledged Revenues derived in the Fiscal Year immediately preceding the date of the issuance of the additional superior or parity securities shall have been at least sufficient to pay an amount equal to the combined maximum annual principal and interest requirements (to be paid during any one Bond Year, commencing with the Bond Year in which the additional superior or parity securities are issued and ending on the last Bond Year in which any then Outstanding Bonds mature) of the Outstanding Bonds and any other Outstanding superior or parity securities of the District and the bonds or other securities proposed to be issued (excluding the reserves therefor);

or (2) the Pledged Revenues estimated by the Finance, independent feasibility consultant or an Independent Accountant to be derived in the first five Fiscal Years immediately succeeding the issuance of the other additional superior or parity securities proposed to be issued, shall be at least equal to such combined maximum annual principal and interest requirements to be paid during such Comparable Bond Year.

C. Adjustment of Pledged Revenues. In any computation of such earnings test as to whether or not additional superior or parity securities may be issued as described in paragraph B above, the amount of the Pledged Revenues for the next preceding Fiscal Year shall be decreased and may be increased by the amount of any loss or gain conservatively estimated by the Chief Fiscal Officer, the District Fire Chief, independent feasibility consultant or Independent Accountant making the computations described above, which loss or gain results from any change in the rate of the imposition of that part of the Consolidated Tax constituting a part of the Pledged Revenues which change took effect during the next preceding Fiscal Year or thereafter prior to the issuance of such superior or parity securities, as if such modified rate shall have been in effect during the entire next preceding Fiscal Year, if such change shall have been made by the District before the computation of the designated earnings test but made in the same Fiscal Year as the computation is made or in the next preceding Fiscal Year.

Certification of Revenues. A written certification or written opinion by the Chief Fiscal Officer, the District Fire Chief, an independent feasibility consultant or an Independent Accountant, based upon estimates as described in paragraphs B and C above, that the annual revenues when adjusted as described in paragraph C above, are sufficient to pay such amounts as described in paragraph B above, shall be conclusively presumed to be accurate in determining the right of the District to authorize, issue, sell and deliver additional bonds or additional securities superior to or on a parity with the 2021 Bonds.

Subordinate Securities Permitted. Nothing in the Bond Resolution prevents the District from issuing additional bonds or other additional securities payable from the Pledged Revenues having a lien thereon subordinate, inferior and junior to the lien thereon of the 2021 Bonds.

Superior Securities Permitted. The District may issue Superior Securities secured by and payable from the Pledged Revenues having a lien thereon prior and superior to the lien thereon of the 2021 Bonds and the Parity Lien Bonds; however, such Superior Securities shall not be issued as general obligations of the District.

Refunding Securities. The Bond Resolution authorizes the District to issue refunding securities upon satisfaction of the terms described in Appendix B – Summary of Certain Provisions of the Bond Resolution – Refunding Securities.

Bond Resolution Irrepealable

After any of the 2021 Bonds are issued, the Bond Resolution shall constitute an irrevocable contract between the District and the registered owner or owners of the 2021 Bonds; and the Bond Resolution, if any 2021 Bonds are in fact issued, shall be and shall remain

irrepealable until the 2021 Bonds, as to all Bond Requirements, shall be fully paid, canceled and discharged, as provided in the Bond Resolution.

PROPERTY TAX INFORMATION

Property Tax Base and Tax Roll

Taxation reports that the assessed valuation of property within the District for the fiscal year ending June 30, 2021, is $4,634,463,753. That assessed valuation represents an increase of 5.07% from the assessed valuation for fiscal year 2020.

State law requires that county assessors reappraise at least once every five years all real and secured personal property (other than certain utility owned property which is centrally appraised and assessed by the Nevada Tax Commission). While the law provides that in years in which the property is not reappraised, the County assessor is to apply a factor representing typical changes in value in the area since the preceding year, it is the policy of the Washoe County Assessor to reappraise all real and secured personal property in the District each year. State law currently requires that property be assessed at 35% of taxable value; that percentage may be adjusted upward or downward by the Legislature. Based upon the assessed valuation for fiscal year 2021 the taxable value of all taxable property within the District is $13,241,325,009.

Taxation has released preliminary assessed valuation information for the fiscal year ending June 30, 2022. The District's preliminary assessed valuation for fiscal year 2022, which remains subject to change until mid-July 2021, is $4,863,673,998, which would represent a 5.0% increase from the assessed valuation from fiscal year 2021. Based upon the preliminary assessed valuation, the preliminary taxable value of all property within the District for fiscal year 2022 is $13,896,211,423.

"Taxable value" is defined in the statutes as the full cash value in the case of land and as the replacement cost less straight-line depreciation in the case of improvements to land and in the case of taxable personal property, less depreciation in accordance with the regulations of the Nevada Tax Commission but in no case an amount in excess of the full cash value. Depreciation of improvements to real property must be calculated at 1.5% of the cost of replacement for each year of adjusted actual age up to a maximum of 50 years. Adjusted actual age is actual age adjusted for any addition or replacement made which is valued at 10% or more of the replacement cost after the addition or replacement. The maximum depreciation allowed is 75% of the cost of replacement. When a substantial addition or replacement is made to depreciable property, its "actual age" is adjusted, *i.e.*, reduced to reflect the increased useful term of the structure. The adjusted actual age has been used on appraisals for taxes since 1986-87.

In Nevada, county assessors are responsible for assessments in the counties except for certain properties centrally assessed by the State, which include railroads, airlines, and utility companies.

History of Assessed Value

The following table provides a history of the assessed valuation in the District. Due to property tax abatement laws enacted in 2005 (described in "Required Property Tax Abatements"

below), the taxes collected by taxing entities within the District are capped and there is no longer a direct correlation between changes in assessed value and property tax revenue.

History of Assessed Value

Fiscal Year Ending June 30	Assessed Value of the District[1]	Percent Change
2016	$3,367,922,176	11.1%
2017	3,648,048,808	8.3
2018	3,764,008,621	3.2
2019	4,036,892,458	7.2
2020	4,410,674,441	9.3
2021	4,634,463,753	5.1

(1) Includes the assessed valuation attributable to Net Proceeds of Minerals.

Source: Property Tax Rates for Nevada Local Governments - State of Nevada Department of Taxation for each year shown.

Property Tax Collections

In Nevada, county treasurers are responsible for the collection of property taxes and forwarding the allocable portions thereof to the overlapping taxing units within the counties.

A history of the County's tax roll collection record appears in the following table. *This table reflects all amounts collected by the County, including amounts levied by the County, the School District, the cities within the County, the District and certain special taxing districts. The figures in the following table include property taxes that are not available to pay debt service on the 2021 Bonds.* The table below provides information with respect to the historic collection rates for the County but may not be relied upon to depict the amounts of ad valorem property taxes available to the District in each year. There is no assurance that collection rates will be similar to the historic collection rates depicted below.

Property Tax Levies, Collections and Delinquencies – Washoe County[1]

Fiscal Year Ending June 30	Net Secured Roll Tax Levy[1]	Current Tax Collections	% of Levy (Current) Collected	Delinquent Tax Collections	Total Tax Collections	Total Tax Collections as % of Current Levy[2]
2016	$440,248,128	$438,074,171	99.51%	$3,260,957	$441,335,128	100.25%
2017	451,010,874	449,929,921	99.76	3,012,814	452,942,735	100.43
2018	472,929,524	471,229,251	99.64	3,299,153	474,528,404	100.34
2019	533,683,366	530,712,691	99.45	2,725,411	533,448,103	99.96
2020	535,122,536	532,811,164	99.57	2,646,350	535,455,514	100.06
2021[3]	558,635,702	556,668,456	99.65	1,967,245	558,635,701	100.00

(1) Represents the real property tax roll levies for ad valorem taxes only. Does not include centrally assessed data as of May 31, 2021. Includes Supplemental Real Estate billed as of May 31, 2021. Includes adjustments to levy.
(2) Based on collections to net levy (actual levy less stricken taxes).

Source: Washoe County Comprehensive Annual Financial Report for fiscal year 2020 - Statistical Section, Washoe County Treasurer for preliminary fiscal year 2021 data.

Taxes on real property are due on the third Monday in August unless the taxpayer elects to pay in installments on or before the third Monday in August and the first Mondays in October, January, and March of each fiscal year. Penalties are assessed if any taxes are not paid within 10 days of the due date as follows: 4% of the delinquent amount if one installment is delinquent, 5% of the delinquent amount plus accumulated penalties if two installments are delinquent, 6% of the delinquent amount plus accumulated penalties if three installments are delinquent and 7% of the delinquent amount plus accumulated penalties if four installments are delinquent. In the event of nonpayment, the County treasurer is authorized to hold the property for two years, subject to redemption upon payment of taxes, penalties and costs, together with interest at the rate of 10% per year from the date the taxes were due until paid. If delinquent taxes are not paid within the two-year redemption period, the County treasurer obtains a deed to the property free of all encumbrances. Upon receipt of a deed, the County treasurer may sell the property to satisfy the tax lien and assessments by local governments for improvements to the property. State law provides alternative remedies for the collection of taxes in certain instances, including judicial foreclosure (which may take place before the expiration of the two-year redemption period) and the issuance of a tax lien by the County Treasurer which may be sold before the expiration of the two-year redemption period (but remains subject to redemption).

All property that is not defined or taxed as "real estate" or "real property" is considered to be "personal property". Taxable personal property includes all property used in conjunction with a business, manufactured homes, aircraft, aircraft hangars, and billboards. Business personal property is reported annually and must include all personal property used in the business on July 1st of the current fiscal year. The County Treasurer issues annual personal property tax bills monthly between August and May; payments are due 30 days after issue.

Largest Taxpayers in the District

The following table represents the ten largest property-owning taxpayers in the District based on fiscal year 2020-21 assessed valuations. The assessed valuations in this table represent both the secured tax roll (real property) and the unsecured tax roll (generally personal property). No independent investigation has been made of, and consequently there can be no representation as to, the financial conditions of the taxpayers listed, or that any such taxpayer will continue to maintain its status as a major taxpayer based on the assessed valuation of its property in the District. It is possible that one or more of the major taxpayers in the District may be experiencing varying degrees of financial difficulty; those or other entities may encounter future difficulties that could negatively impact the timely payment of property taxes.

Ten Largest Taxpayers in the District
Fiscal Year 2020-21

Taxpayer	Type of Business	Assessed Value	% of Total Assessed Value[(1)]
Apple, Inc	Technology	$121,491,274	2.62%
J&J Spanish Springs LLC	Real Estate	11,960,986	0.26
KRE Tiger Cascades-Sierra LLC	Senior Apartments	11,054,233	0.24
Scannell Properties #257 LLC	Real Estate	9,736,644	0.21
Clasen Quality Chocolate Inc	Chocolatier	9,040,054	0.20
Scannel Properties #254 LLC	Real Estate	7,349,280	0.16
Spanish Springs II LLC	Real Estate	6,508,132	0.14
Fox Realty LLC	Real Estate	6,019,372	0.13
DR Horton Inc	Real Estate	5,966,018	0.13
Tarragon-Spanish Springs I LLC	Real Estate	5,495,124	0.12
TOTAL		$194,549,117	4.20%

(1) Based on the District's fiscal year 2021 total assessed valuation of $4,634,463,753.

Property Tax Limitations

Overlapping Property Tax Caps. Article X, Section 2, of the State constitution limits the total ad valorem property taxes levied by all overlapping governmental units within the boundaries of any county (*i.e.*, the State, and any county, city, town, school district or special district) to an amount not to exceed five cents per dollar of assessed valuation ($5 per $100 of assessed valuation) of the property being taxed. Further, the combined overlapping tax rate is limited by statute to $3.64 per $100 of assessed valuation in all counties of the State with certain exceptions that (a) permit a combined overlapping tax rate of up to $4.50 per $100 of assessed valuation in the case of certain entities that are in financial difficulties (or require a combined overlapping tax rate of $5.00 per $100 of assessed valuation in certain circumstances of severe financial emergency); and (b) require that $0.02 of the statewide property tax rate of $0.17 per $100 of assessed valuation is not included in computing compliance with this $3.64 cap. (This $0.02 is, however, counted against the $5.00 cap.) State statutes provide a priority for taxes levied for the payment of general obligation bonded indebtedness in any year in which the proposed tax rate to be levied by overlapping units within a county exceeds any rate limitation, a reduction must

be made by those units for purposes other than the payment of general obligation bonded indebtedness, including interest thereon.

Local Government Property Tax Revenue Limitation. State statutes limit the revenues produced by property tax rates of local governments for purposes other than paying certain general obligation indebtedness. The overall property tax rate is generally limited as follows. The assessed value of property is first differentiated between that for property existing on the assessment rolls in the prior year (old property) and new property. Second, the property tax revenue derived in the prior year is increased by no more than 6% and the tax rate to generate the increase is determined against the current assessed value of the old property. Finally, this tax rate is applied against all taxable property to produce the allowable property tax revenues. This cap operates to limit property tax revenue dependent upon changes in the value of old property and the growth and value of new property.

A local government, other than a school district, may exceed the property tax revenue limitation if the proposal is approved by its electorate at a general or special election. In addition, the Executive Director of the Department of Taxation will add to the allowed revenue from ad valorem taxes, the amount approved by the legislature for the costs to a local government of any substantial programs or expenses required by legislative enactment. Nevada local governments receiving certain sales tax revenues also may levy a property tax to make up any shortfalls between sales tax revenues estimated by the Nevada Department of Taxation and actual sales tax revenues available to local governments.

The Nevada Tax Commission monitors the impact of tax legislation on local government services.

Constitutional Amendment – Abatement of Taxes for Severe Economic Hardship. At the November 5, 2002 election, the State's voters approved an amendment to the State constitution authorizing the Legislature to enact a law providing for an abatement of the tax upon or an exemption of part of the assessed value of an owner-occupied single-family residence to the extent necessary to avoid severe economic hardship to the owner of that residence.

The legislation implementing that amendment provides that the owner of a single-family residence may file a claim with the District treasurer to postpone the payment of all or part of the property tax due against the residence if (among other requirements): the residence has an assessed value of not more than $175,000; the property owner does not own any other real property in the State with an assessed value of more than $30,000; the residence has been occupied by the owner for at least 6 months; the owner is not in bankruptcy; the owner owes no delinquent property taxes on the residence; the owner has suffered severe economic hardship caused by circumstances beyond his control (such as illness or disability expected to last for at least 12 continuous months); and the total annual income of the owner's household is at or below the federally designated poverty level. The amount of tax that may be postponed may not exceed the amount of property tax that will accrue against the residence in the succeeding three fiscal years. Any postponed property tax (and any penalties and the interest that accrue as provided in the statue) constitutes a perpetual lien against the residence until paid. The postponed tax becomes due and payable if: the residence ceases to be occupied by the claimant or is sold; any non-postponed property tax

becomes delinquent; if the claimant dies; or on the date upon which the postponement expires, as determined by the county treasurer.

Required Property Tax Abatements

General. In 2005, the Legislature approved the NRS 361.471 to 361.4735 (the "Abatement Act"), which established formulas to determine whether tax abatements are required for property owners in each year. The general impact of the Abatement Act is to limit increases in ad valorem property tax revenues owed by taxpayers to a maximum of 3% per year for primary owner-occupied residential properties (and low-income housing properties) and, for all other properties, an annual percentage equal to the lesser of (a) 8% or (b) the greater of the average annual change in taxable values over the last ten years, as determined by a formula or twice the percentage of increase in the consumer price index for the immediately preceding calendar year. In accordance with such calculations, the increase in ad valorem property tax revenues owed by taxpayers for other properties in fiscal year 2021 is limited to 5.0%. The Abatement Act limits do not apply to new construction. The Abatement Act formulas are applied on a parcel-by-parcel basis each year.

Generally, reductions in the amount of ad valorem property tax revenues levied in the District are required to be allocated among all of the taxing entities in the District in the same proportion as the rate of ad valorem taxes levied for that taxing entity bears to the total combined rate of all ad valorem taxes levied for that fiscal year. However, abatements caused by tax rate increases are to be allocated against the entity that would benefit from the tax increase rather than among all entities uniformly. Revenues realized from new or increased ad valorem taxes that are required by any legislative act that was effective after April 6, 2005, generally are exempt from the abatement formulas. The Abatement Act provides for the recapture of previously abated property tax revenues in certain limited situations.

Levies for Debt Service. Revenues resulting from increases in the rate of ad valorem taxes for the payment of tax-secured obligations are exempt from the Abatement Act formulas if increased rates are necessary to pay debt service on the related obligation in any fiscal year if (1) the tax-secured obligations were issued before July 1, 2005; or (2) the governing body of the taxing entity and the District Debt Management Commission make findings that no increase in the rate of an ad valorem tax is anticipated to be necessary for payment of the obligations during their term.

General Effects of Abatement. Limitations on property tax revenues could negatively impact the finances and operations of the taxing entities in the State, including the District, to an extent that cannot be determined at this time. Cumulative ad valorem property tax abatement for the District for Fiscal Years 2017 through 2021 is estimated to equal $16.7 million. The estimated impact of ad valorem property tax abatement for the District in Fiscal Year 2022 is $4.1 million.

Overlapping Tax Rates and General Obligation Indebtedness

Overlapping Tax Rates. The following table sets forth a history of statewide average tax rates and the overlapping tax rate in the District.

History of Statewide Average and Sample Overlapping Property Tax Rates[1]

Fiscal Year Ended June 30	2017	2018	2019	2020	2021
Average Statewide rate	$3.1500	$3.1615	$3.1572	$3.2218	$3.1878
Washoe County	1.3917	1.3917	1.3917	1.3917	1.3917
Washoe County School District	1.1385	1.1385	1.1385	1.1385	1.1385
Truckee Meadows Fire Protection District	0.5400	0.5400	0.5400	0.5400	0.5400
Palomino Valley GID	0.4198	0.4198	0.4198	0.4198	0.4198
State of Nevada[2]	0.1700	0.1700	0.1700	0.1700	0.1700
Total	$3.6600	$3.6600	$3.6600	$3.6600	$3.6600

(1) Per $100 of assessed valuation.
(2) $0.0200 of the State rate is exempt from the $3.64 cap. See "Property Tax Limitation" above.

Source: Property Tax Rates for Nevada Local Governments - State of Nevada, Department of Taxation, 2016-17 through 2020-21.

Estimated Overlapping General Obligation Indebtedness. In addition to the general obligation indebtedness of the District, other taxing entities are authorized to incur general obligation debt within boundaries that overlap or partially overlap the boundaries of the District. In addition to the entities listed below, other governmental entities may overlap the District but have no general obligation debt outstanding. The following chart sets forth the estimated overlapping general obligation debt (including general obligation medium-term bonds) chargeable to property owners within the District as of June 1, 2021.

Estimated Overlapping Net General Obligation Indebtedness

Entity[1]	Total General Obligation Indebtedness[2]	Presently Self-Supporting General Obligation Indebtedness	Net Direct General Obligation Indebtedness	Percent Applicable[3]	Overlapping Net General Obligation Indebtedness[4]
Washoe County	$182,557,753	$163,800,753	$18,757,000	23.96%	$4,493,280
Washoe County School District	1,128,974,428	547,085,000	581,889,428	23.96	139,392,866
Sun Valley GID	4,471,981	4,471,981	0	100.00	0
State of Nevada	1,210,570,000	323,512,000	887,058,000	3.32	29,415,722
Total	$2,566,822,062	$1,038,869,734	$1,487,704,428		$173,301,868

(1) Other taxing entities overlap the District and may issue general obligation debt in the future.
(2) Includes medium-term bonds and other obligations.
(3) Based on fiscal year 2021 assessed valuation in the receptive jurisdiction. The percent applicable is derived by dividing the assessed valuation of the governmental entity into the assessed valuation of the District or State.
(4) Overlapping Net General Obligation Indebtedness equals total existing general obligation indebtedness less presently self-supporting general obligation indebtedness times the percent applicable.

Source: Debt information compiled by the Municipal Advisor; percentages calculated using information from Property Tax Rates for Nevada Local Governments - State of Nevada - Department of Taxation, 2020-21 and the State Treasurer's office.

The following table sets forth the total net direct and overlapping general obligation indebtedness attributable to the District as of June 1, 2021 (after taking the issuance of the 2021 Bonds into account).

Net Direct & Overlapping General Obligation Indebtedness

Total General Obligation Indebtedness[1]	$12,969,000*
Less: Self-supporting General Obligation Indebtedness[1]	(8,963,000)*
Net Direct General Obligation Indebtedness	4,006,000
Plus: Overlapping Net General Obligation Indebtedness	173,301,868
Net Direct & Overlapping Net General Obligation Indebtedness	$177,307,868

(1) Assumes the issuance of the 2021 Bonds. See "DISTRICT DEBT STRUCTURE – Outstanding Indebtedness and Other Obligations."

* Preliminary, subject to change.

THE DISTRICT

General

The District is empowered through its enabling legislation to make and enforce rules and regulations necessary for the administration and government of the District and for the furnishing of fire protection. Certain powers delegated to the District through its authorizing legislation include the power to levy property taxes, to issue general obligation bonds, to assess property for the costs of certain improvements and the power of eminent domain.

Board of Fire Commissioners

The Board of County Commissioners of the County serves as the ex-officio Board of Fire Commissioners for the District. The current members of the Board, their years of service and their terms of office are as follows:

Commissioner	Year Took Office	Expiration of Term
Bob Lucey, Chair	2015	2023
Vaughn Hartung, Vice Chair	2013	2025
Alexis Hill	2021	2025
Jeanne Herman	2015	2023
Kitty Jung	2007	2023

Administration

Fire Chief. Charles A. Moore has been Fire Chief for the District since 2012. As of 2021, Chief Moore has been a Fire Chief for 30 years. Chief Moore began his career as a volunteer firefighter and started his professional career in 1981. He has held many positions in the fire service - from firefighter, driver/operator, lieutenant, captain, and fire marshal. He graduated from the University of Colorado at Boulder with a degree in Environmental Design. He spent ten years working in the architectural profession concurrently with his career in the fire service. In 2012, the Board of County Commissioners hired Chief Moore to return to the District as a standalone fire agency when Commissioners negated the contract for service between the County and the City of Reno.

Deputy Chief of Operations. Alex Kukulus began his career in the fire service in 1997 in Central California. He became a paramedic before becoming a firefighter with the Sparks Fire Department and the Carson City Fire Department. In 2003, Chief Kukulus began working for the Nevada Division of Forestry as a firefighter/paramedic, which eventually became Sierra Fire, and later the District in 2012. He has held nearly every rank in the fire service during his tenure and has been the Deputy Fire Chief since July of 2019.

Deputy Chief of Fire Protection. Dale Way has been serving the District for the past year and a half. Prior to working for the District, Chief Way served as the Deputy Fire Marshal for the City of North Las Vegas, the third largest and most industrialized municipality in the State, for almost 20 years. He has more than 25 years' experience in the Fire Service and more than 15 years of Fire Management experience. Chief Way has a BA in Business Administration, two Associates degrees related to Fire Science and numerous nationally recognized professional

certifications as well as credentialing as a Fire Marshal from the Center for Public Safety Excellence.

Chief Fiscal Officer. Cynthia Vance, CPA has been the Chief Fiscal Officer for the District since 2017. She has over 16 years of government accounting experience. Ms. Vance graduated from the University of Reno with a bachelor's degree in Accounting in 2004. She worked for a public accounting firm specializing in audits of governments for nine years starting in 2005 and obtained her Certified Public Accounting License in 2007. Ms. Vance worked for the local school district before joining the District.

Employee Relations, Benefits and Pension Matters

General. The District has approximately 170 full-time equivalent employees.

Benefits. The District provides deferred compensation plans to its employees, as well as life insurance, health insurance, paid vacation, sick leave and holidays, and reimbursement for certain educational expenses.

Pension Benefits. The State of Nevada Public Employees' Retirement System ("PERS") covers substantially all public employees of the State, its agencies and its political subdivisions, including the District. PERS, established by the Legislature effective July 1, 1948, is governed by the Public Employees' Retirement Board whose seven members are appointed by the Governor for four-year terms. **Except for certain District-specific information set forth below, the information in this section has been obtained from publicly available documents provided by PERS. The District has not independently verified the information obtained from the publicly available documents provided by PERS and is not responsible for its accuracy.**

All public employees who meet certain eligibility requirements participate in PERS, which is a cost sharing multiple-employer defined benefit plan. Benefits, as established by statute, are determined by the number of years of accredited service at the time of retirement and the member's highest average compensation in any 36 consecutive months. Benefit payments to which participants may be entitled under PERS include pension benefits, disability benefits and death benefits. The following table illustrates the PERS service credit multiplier which reflects the benefit allowances for members as computed as certain percentages of average compensation for each accredited year of service depending upon when membership commenced (Membership Date) and during which period services were earned (Service Credit Multiplier). For the purpose of illustration, a public employee whose Membership Date occurred prior to July 1, 2001 would receive the Service Credit Multiplier of 2.50% for employment prior to July 1, 2001 and a Service Credit Multiplier of 2.67% for employment thereafter.

PERS Benefit Multiplier

	Service Credit Multiplier				
Membership Date	Before 07/01/01	After 07/01/01	After 01/01/10	After 07/01/15	Highest Contiguous Average Over
Before July 1, 2001	2.50%	2.67%	2.67%	2.67%	36 months
After July 1, 2001, before January 1, 2010	--	2.67%	2.67%	2.67%	36 months
After January 1, 2010, before July 1, 2015	--	--	2.50%	2.50%	36 months
After July 1, 2015	--	--	--	2.25%	36 months

Similarly, legislative changes have created several tiers of retirement eligibility thresholds. The following table illustrates the PERS retirement eligibility thresholds for regular members.

Nevada PERS Retirement Eligibility

Membership Date	Regular	
	Age	Years of Service
Before January 1, 2010	65	5
	60[1]	10
	Any	30[2]
After January 1, 2010, before July 1, 2015	65	5
	62	10
	Any	30
After July 1, 2015	65	5
	62	10
	55	30
	Any	33 1/3

(1) Age 55 for police or firefighters.
(2) 25 years for police or firefighters.

State law requires PERS to conduct a biennial actuarial valuation showing unfunded actuarial accrued liability ("UAAL") and the contribution rates required to fund PERS on an actuarial reserve basis. The actual employer and employee contribution rates are established in cycle with the State's biennium budget on the first full pay period of the even numbered fiscal years. By PERS policy, the system performs an annual actuary study. The most recent independent actuarial valuation report of PERS was completed as of June 30, 2020. The following table reflects some of the key valuation results from the last three PERS' actuary studies:

PERS Actuarial Report

Key Valuation Results	June 30, 2020	June 30, 2019	June 30, 2018
UAAL	$14.49 billion	$14.31 billion	$13.73 billion
Market Value Funding Ratio	77.0%	76.5%	75.2%
Actuarial Value Funding Ratio	76.1%	75.3%	75.1%
Assets Market Value	$46.74 billion	$44.28 billion	$41.42 billion
Assets Actuarial Value	$46.17 billion	$43.61 billion	$41.34 billion

For the purpose of calculating the actuarially determined contribution rate, the UAAL is amortized as a level percent of payroll over a year-by-year closed amortization period where each amortization period is set at 20 years. The amortization period prior to fiscal year 2012 was 30 years. Effective starting fiscal year 2012, the PERS Board adopted a shorter amortization period to be used to amortize new UAAL resulting from actuarial gains or losses and changes in actuarial assumptions. Any new UAAL is amortized over a period equal to the truncated average remaining amortization period of all prior UAAL layers, until the average remaining amortization period is less than 20 years; after that time, 20-year amortization periods will be used. The PERS Board also adopted a five-year asset smoothing policy for net deferred gains/losses.

Effective with fiscal year 2018, the District was required to apply the GASB Statement No. 82, Pension Issues – An Amendment of GASB Statements No. 67, No. 68 and No. 73 to its audited financial statements. This statement clarifies that payments made by an employer to satisfy contribution requirements should be classified as plan member contributions for Statement 67 and as employee contributions for Statement 68. As a result, the District was required to recognize a prior period adjustment to its Net Position as of July 1, 2017 in the government-wide financial statement and proprietary fund statements.

The following presents the net pension liability of PERS as of June 30, 2019, and the District's proportionate share of the net pension liability of PERS as of June 30, 2020, calculated using the discount rate of 7.50%, as well as what the PERS net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (6.50%) or one percentage point higher (8.50%) than the current discount rate:

Net Pension Liability

	1% Decrease in Discount Rate (6.50%)	Discount Rate (7.50%)	1% Increase in Discount Rate (8.50%)
PERS Net Pension Liability	$21,113,639,011	$13,635,963,390	$7,420,117,489
District Share of PERS Net Pension Liability	$50,861,112	$32,847,974	$17,874,485

Contribution rates to PERS are established in accordance with State statute. The statute allows for biennial increases or decreases of the actuarially determined rate. The Legislature can increase the contribution rate for members by any amount it determines necessary. Pursuant to statute, there is no obligation on the part of the employers to pay for their proportionate share of the unfunded liability. The District is obligated to contribute all amounts due under PERS; however, in accordance with State law, non-police/fire employees share the annual increases equally with the employer (unless otherwise prohibited by contract). A history of contribution rates is shown below.

	Fiscal Years 2012 and 2013	Fiscal Years 2014 and 2015	Fiscal Years 2016 and 2017	Fiscal Years 2018 and 2019	Fiscal Years 2020 and 2021
Regular members	23.75%	25.75%	28.00%	28.00%	29.25%
Police/fire members	39.75%	40.50%	40.50%	40.50%	42.50%

GASB 82 changed the way that retirement contributions are calculated. The District employs two different contribution plans for PERS: the employer-paid plan where the District contributes the full contribution required on behalf of the employee, and the employer/employee paid plan where the employee and the District contribute equal amounts towards the required contribution. GASB 82 changed the classification of the contributions made by the employer-paid plan.

PERS Contributions

	Fiscal Year 2016	Fiscal Year 2017	Fiscal Year 2018	Fiscal Year 2019	Fiscal Year 2020
Contribution	$1,835,776	$1,896,920	$2,156,034	$2,293,573	$2,423,345

See Note 9 in the audited financial statements attached hereto as Appendix A for a summary description of PERS. In addition, copies of the most recent audited financial statements for PERS are available from the Public Employees Retirement System of the State of Nevada, 693 West Nye Lane, Carson City, Nevada 89703-1599, 775-687-4200.

Other Post-Employment Benefits.

Prior to July 1, 2000, the District provided health insurance benefits to retired employees through a single-employer defined benefit plan. As of July 1, 2000, the District entered into an Interlocal Agreement with the City of Reno to provide for consolidation of services and personnel and the District's fire operations were transferred to the City of Reno and the City accepted liability for retirees under this plan. In accordance with the Interlocal Agreement, the District pays a proportionate share of retiree health benefit costs including medical, prescription, vision, dental and life insurance based on service earned prior to July 1, 2000.

The Interlocal Agreement was terminated on June 30, 2012 and the District assumed responsibility for its own fire district operations as of July 1, 2012. Any former District employees who retired before July 1, 2012 would maintain retiree health benefits through the City of Reno and the District would continue to pay a proportionate share of retiree health benefit costs. As of June 30, 2012, in preparation of standing up the new fire operations, 11 former Reno firefighters transferred to the District with the provision the District would provide retiree health benefits for those 11 employees. Any employees remaining employed by the City of Reno as of July 1, 2012 retained retiree health benefits with the City and the City retained the full liability for those employees.

Benefits under the new District plan, a single-employer defined benefit plan, include health, dental, vision and prescription coverage. Eligible retirees hired prior to July 1, 2014 who retire from the District will be required to pay for 50% of the retirees' health insurance premium and 100% of the cost of coverage for their families. Eligible retirees hired after July 1, 2014 who retire from the District will be required to pay for 100% of the retirees' and families health insurance premiums. Eligibility requirements, benefit levels, employee contributions and employer contributions may be amended by the mutual agreement of the District and the District's Fire Firefighters' Association.

As of July 1, 2010, the Plan is administered through an irrevocable trust, Washoe County, Nevada OPEB Trust (Trust), established on May 11, 2010, by the Board of Washoe County Commissioners. The Trust, a multiple-employer trust, was created to fund and account for the participating employers' costs of retiree healthcare benefits pursuant to Nevada Revised Statutes 287.017.

The District receives an actuarial valuation bi-annually. As illustrated in the Required Supplementary Information, the District's net OPEB liability was $4,551,649 as of June 30, 2020 with a measurement date of June 30, 2019, $4,296,791 as of June 30, 2019 with a measurement date of June 30, 2018, and $1,529,568 with a measurement date of June 30, 2017. Changes of assumptions and other inputs reflect a change in the discount rate from 7.00 percent as of the measurement date of June 30, 2017 to 6.00 percent as of the measurement date of June 30, 2018 and a change in the long-term inflation assumption from 2.50 percent as of the measurement date of June 30, 2017 to 3.00 percent as of the measurement date of June 30, 2018. These changes in assumptions and other inputs resulted in a significant increase in the actuarially determined net OPEB liability between fiscal year 2018 and 2019. Additional information on the District's OPEB plan are included in Note 8 and required Supplementary Information in Appendix A.

Risk Management

The District is exposed, as are all entities, to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District is fully insured for property and auto loss and liability with a $1,000 to $2,500 deductible. The District is covered up to a policy limit per occurrence of $10,000,000 and $20,000,000 annual aggregate in excess liability coverage. The District's policy contains various sub-limits established for earthquake, flood, equipment breakdown, errors and omissions and other items.

During the term of the Reno/Truckee Meadows Fire Protection District Interlocal Agreement, workers' compensation was fully insured with the City of Reno's self-funded workers' compensation plan. Due to the termination of the Agreement, as of July 1, 2012, the District is no longer self-funded with the City of Reno but has purchased a guaranteed workers compensation insurance plan. However, the District is still required to pay workers' compensation claims costs to the City of Reno for those years the District was self-funded through the City of Reno's workers' compensation plan. During the fiscal year ended June 30, 2004, the District and the City of Reno instituted a "pay as you go" system for workers' compensation claims. The District shared the combined losses with the Reno Fire Department (RFD). The District established the Workers' Compensation Fund to account for this program. The District bought out all workers' compensation liability for all claims incurred prior to July 1, 2012. Claims incurred prior to fiscal year 2012 remain the liability of the City of Reno under the buyout agreement. The District will remain responsible for future Heart and Lung related workers' compensation claims on a "pay as you go" system.

Cybersecurity

The District, as a component unit of the County, contracts with the County for all information technology systems, including cybersecurity. The County, like other large public and private entities, relies on a large and complex technology infrastructure to conduct its operations. As a recipient and provider of personal, private or sensitive information, the County is a potential target for a variety of cyber threats, including, but not limited to, ransomware, hacking, viruses, malware and other attacks on computer, electronic equipment and other connected devices with access to sensitive digital assets and data. Entities or individuals may attempt to gain unauthorized access to the County's systems for the purposes of misappropriating assets or information or causing operational disruption and damage.

Cybersecurity is one of the County's top priorities and recognizing the potential damage that could be caused by any such attacks, the County has taken several steps in implementing control measures and developing a multi-layer and in-depth- defense security model to restrict access to the County's digital assets. Here are some of the steps the County has taken to restrict access to County technology infrastructure and systems: (1) dedicated cybersecurity specialists under the Technology Services Department that is the single source for the County's cybersecurity and awareness; (2) cybersecurity insurance; (3) redundant on-site and off-site backups of almost all County data (4) a disaster recovery site; (5) educational email campaigns to address spear phishing emails and administrative intrusion; (6) CIS cybersecurity framework that defines parameters and best practices; (7) professional outsourced 24/7 active monitoring of network activities; (8) partnership with other agencies in the region to identify cybersecurity

challenges and opportunities; (9) partnership with Cybersecurity and Infrastructure Security Agency (CISA) to perform recurring exercises and audit controls.

In addition, the County utilizes a Defensive Depth model also known as Multi-Layer Security with numerous components (layers) to shield and protect the County's systems including:

- Client (desktop/laptop) security layer software including comprehensive virus and thread detection software and operating system firewall.
- Parameter network firewall layer to protect networks and computing infrastructure
- Datacenter and server scanning and monitoring software
- Network segmentations
- Multi-factor authentication (under implementation – scheduled to go live on July 15, 2021)
- Virtual Private Network for remote users
- Email scanning and threat management

Nevertheless, no assurance can be given that the County's efforts to manage cyber threats and attacks will be successful or that any such attack will not materially impact the operations or finances of the District.

DISTRICT FINANCIAL INFORMATION

Annual Reports

The District Chief Fiscal Officer prepares an annual financial report ("AFR") setting forth the financial condition of the District as of June 30 of each fiscal year. The latest audited report is for the year Ended June 30, 2020. The basic financial statements and related notes come from the AFR which is the official financial report of the District. The basic financial statements were prepared following generally accepted accounting principles. See Note 1 in the audited basic financial statements attached hereto as Appendix A for a summary of the District's significant accounting policies. The District's AFR for the year Ended June 30, 2020, can currently be found at the following address on the internet: www.tmfpd.us, on the Resources page.

Budgeting

Prior to April 15 of each year, the District is required to submit to the State Department of Taxation the tentative budget for the next fiscal year which commences on July 1. The tentative budget contains the proposed expenditures and means of financing them. After reviewing the tentative budget, Taxation is required to notify the District upon its acceptance of the budget.

Following acceptance of the proposed budget by Taxation, the Board is required to conduct a public hearing no earlier than the third Monday in May in conjunction with the District's budget hearing. The Board is required to adopt the final budget on or before June 1. The Board

adopted the Fiscal Year 2022 District Budget on May 18, 2021 and submitted it to the State prior to June 1, 2021.

The District Finance Office is authorized to transfer budgeted amounts within functions or funds, but any other transfers must be approved by the Board. Increases to a fund's budget other than by transfers are accomplished through formal action of the Board. With exception of monies appropriated for specific capital projects for Federal and State grant expenditures (if any), all unencumbered appropriations lapse at the end of the fiscal year.

Accounting

The basic financial statements include both government-wide and fund financial statements. The reporting focus is on either the District as a whole or major individual funds and nonmajor funds in the aggregate.

The government-wide and the proprietary fund's financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue when eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. When revenues are due but will not be collected within 60 days after year-end, the receivable is recorded and an offsetting deferred revenue account is established. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, post-employment benefits and claims and judgments, are recorded only when payment is due.

General Fund Information

General. The purpose of the General Fund is to finance the ordinary operations of the District (including debt service to the extent that the ad valorem tax levy is not sufficient to service outstanding general obligation debt) and to finance those operations not provided for in other funds. Included are transactions related to the approved current operating budget, its accompanying revenue, expenditures and encumbrances, and its related asset, liability, and fund balances. The General Fund budget for fiscal year 2022 includes $38,054,524 of revenue.

History of District General Fund Revenues, Expenditures and Changes in Fund Balances

General. The following table presents a history of the General Fund revenues, expenditures and changes in fund balance for the fiscal years ended June 30, 2016 through 2020. The table also presents estimated information for the fiscal year ended June 30, 2021 and the

District's final budget for the fiscal year ended June 30, 2022. The information for fiscal years 2016 through 2020 was derived from the District's audited financial reports for each of those years. The information for fiscal years 2021 and 2022 was derived from the District's 2021-22 final budget. The revenue and expenditure categories included in the table reflect those currently required for budgetary and financial reporting purposes by Taxation and as a result, the figures in each category may not be directly comparable to those reported in the AFR for each year.

The information in this table should be read together with the District's audited financial statements for the year Ended June 30, 2020, and the accompanying notes, which are included as Appendix A hereto. Financial statements for prior years can be obtained from the sources listed in "INTRODUCTION – Additional Information."

District General Fund Summary of Revenues, Expenditures and Changes in Fund Balance[(1)]

Fiscal Year Ended June 30,	2016	2017	2018	2019	2020	2021	2022
Revenues	(Actual)	(Actual)	(Actual)	(Actual)	(Actual)	(Estimate)	(Budget)

(1) The Revenues and Expenditures categories included in this table reflect those currently required for budgetary and financial reporting purposes by the Nevada State Department of Taxation.

Source: Derived from the District's AFRs for fiscal years 2016 through 2020, and the District's 2021-22 Final Budget (for estimated fiscal year 2021 results and fiscal year 2022 budgeted amounts).

Management's Comments Regarding Material Trends

An overview of the financial activity and overall financial condition of the District is presented in the District's Management's Discussion and Analysis included within the AFR for the fiscal year ended June 30, 2020, attached hereto as Appendix A.

The District's final budget was adopted by Board of Fire Commissioners on May 19, 2020 for fiscal year 2021 and for fiscal year 2022 on May 18, 2021. The fiscal year 2021 General Fund budget forecasted revenues at $31,340,644, a 6.3% decline from fiscal year 2020 actual revenues in reaction to the COVID-19 pandemic. This budget included a decrease of over $2 million in consolidated tax revenues which consists primarily of sales taxes, from prior year budget. These declines have not occurred and the consolidated tax revenues has increased every month compared to the same month one year prior. In addition, the District implemented new programs including medical response insurance reimbursements, building plan inspection fees, building permit fees, and fuels reduction cost reimbursement programs. The District is expecting actual fiscal year 2021 general fund revenues to be $36,015,627 a 14.9% increase over budget and a 7.6% increase over fiscal year 2020 general fund revenues. The District expects current year trends and programs to continue and has budgeted fiscal year 2022 general fund revenues at $38,054,524, a 5.7% increase over the fiscal year 2021 current estimate.

The District has budgeted deficit spending for fiscal year 2022 because (a) the District proactively reacted to the COVID-19 pandemic in March of 2020 by reducing expenditures significantly to preserve fund balance in case of significant revenue reductions because of state-wide business shutdowns and (b) the District prepared the budget for fiscal year 2021 with the expectation of declines in revenues and the use of fund balance to maintain service levels. However, as discussed above, the revenues of the District did not decline as expected and continued to grow over the past two fiscal years. The audited ending fund balance for the General Fund was $11,475,006 for fiscal year 2020, which is 38% of expenditures. Accordingly, the District plans to use a portion of this higher than anticipated fund balance for capital expenditures, transfers to fund future liabilities, and to provide enhanced staff training programs. As a general practice, the District prepares a conservative budget that maintains a budgeted fund balance ranging between 15% and 20%.

DISTRICT DEBT STRUCTURE

Debt Limitation

State statutes limit the aggregate principal amount of the District's general obligation debt to five percent (5%) of the District's total reported assessed valuation. The following table presents a record of the District's outstanding general obligation indebtedness with respect to its statutory debt limitation.

Statutory Debt Limitation

Fiscal Year Ended June 30	Assessed Valuation	Debt Limit	Outstanding General Obligation Debt[(1)(2)]	Additional Statutory Debt Capacity
2017	$3,648,048,808	$182,402,440	--	$182,402,440
2018	3,764,008,621	188,200,431	--	188,200,431
2019	4,036,892,458	201,844,623	--	201,844,623
2020	4,410,674,441	220,533,722	$4,415,000	216,118,722
2021	4,634,463,753	231,723,188	12,969,000	218,754,188

(1) Includes the general obligation bonds, general obligation bonds additionally secured by pledged revenues and general obligation medium-term obligations.
(2) For Fiscal year 2021, includes the anticipated issuance of the 2021 Bonds.

Sources: District and State of Nevada, Department of Taxation.

Outstanding Indebtedness and Other Obligations

Outstanding Indebtedness. On March 19, 2020, the District issued general obligation medium-term bonds in the aggregate principal amount of $4,415,000 (the "2020 Medium-Term Bonds") to provide funds for purchase of fire engines and equipment. The 2020 Medium-Term Bonds have a stated rate of interest of 1.5% and are payable in equal installments over the next ten years. The 2020 Medium-Term Bonds are secured by the full faith and credit of the District but are not secured by the Pledged Revenues. The 2020 Medium-Term Bonds was the District's first issuance of debt.

On October 14, 2020, the District issued general obligation revenue bonds in the aggregate principal amount of $2,100,000 (the "2020 Parity Bonds") to provide funds for the acquisition and improvement of fire stations. The 2020 Parity Bonds have a stated rate of interest of 1.53% and are payable through June 2035. The 2020 Parity Bonds are Parity Lien Bonds. The following table outlines the District's outstanding bonds as of June 1, 2021 after taking the issuance of the 2021 Bonds into account.

Outstanding General Obligation Indebtedness

	Date Issued	Maturity Date	Original Amount	Amount Outstanding
General Obligation Revenue Debt				
Capital Improvement Bond, Series 2020	10/21/20	06/01/35	$2,100,000	$1,963,000
Capital Improvement Bond, Series 2021	07/28/21	06/01/46	7,000,000*	7,000,000*
Total GO-Rev Debt				$8,963,000
Medium-Term General Obligation Debt				
Medium-Term Bond, Series 2020	03/10/20	03/01/30	$4,415,000	$4,006,000
Total Medium-Term GO Debt				$4,006,000
Total Outstanding GO Bonded Debt				$12,969,000

2045	--	--	375,000	19,950	394,950
2046	--	--	385,000	10,106	395,106
Total	$4,006,000	$307,200	$8,963,000	$3,066,142	$16,342,342

(1) As of June 1, 2021.

(2) General obligation bonds secured by the full faith, credit and payable from all legally available funds of the District. The ad valorem tax available to pay these bonds is limited to the statutory and constitutional limit described in note (3) below as well as the statutory limitation on the District's maximum operating levy tax rate. See "PROPERTY TAX INFORMATION – Property Tax Limitations."

(3) General obligation bonds secured by the full faith, credit and taxing power of the District. The ad valorem tax available to pay these bonds is limited to the $3.64 statutory and the $5.00 constitutional limit. See "PROPERTY TAX INFORMATION – Property Tax Limitations." These bonds are additionally secured by pledged revenues; if revenues are not sufficient, the District is obligated to pay the difference between such revenues and debt service requirements of the respective bonds. Takes the issuance of the 2021 Bonds into account. See "PROPERTY TAX INFORMATION – Property Tax Limitations."

[*] Preliminary, subject to change.

Other Obligations. The District also had $5,599,978 ($1,986,388 current and $3,613,590 long term) in liability associated with compensated absences as of June 30, 2020. The District also has a long-term liability for a claims and judgments liability associated with pending claims for property and liability, worker's compensation and unprocessed health benefit claims totaling $1,411,418. The District leases office and warehouse space under an operating lease which expires on December 31, 2020 and began a long-term lease on February 1, 2020 for office and warehouse space which expires in fiscal year 2025. Total lease payments in fiscal year 2020 were $206,818. Future minimum payments for these leases are $1,689,549. As discussed under "SOURCES AND USES OF FUNDS – The Project," the District plans to use proceeds of the 2021 Bonds to purchase such leased office and warehouse space and extinguish the underlying lease.

Additional Contemplated Indebtedness

The District may issue general obligation bonds by means of authority granted to it by its electorate or the State Legislature or, under certain circumstances, without an election as provided in existing statutes. The District is currently evaluating the issuance of additional debt to fund construction of fire stations within the next two years

ECONOMIC AND DEMOGRAPHIC INFORMATION

This portion of the Official Statement contains general information concerning historic economic and demographic conditions in and surrounding the District. It is intended only to provide prospective investors with general information regarding the District's community. Most of the economic and demographic information is provided only on a County-wide basis, so such data may vary from circumstances in the District. The information was obtained from the sources indicated and is limited to the time periods indicated. The information is historic in nature; it is not possible to predict whether the trends shown will continue in the future. The District makes no representation as to the accuracy or completeness of data obtained from parties other than the District. The information is historic in nature; it is not possible to predict whether the trends shown will continue in the future.

Population. The table below shows the population growth of Washoe County and the State since 1970. Between 2011 and 2020, Washoe County's population increased 12.3% and the State increased 15.6% over the same time period.

Population

Year	Washoe County	Percent Change	State of Nevada	Percent Change
1970	121,068	--	488,738	--
1980	193,623	59.9%	800,493	63.8%
1990	254,667	31.5	1,201,833	50.1
2000	339,486	33.3	1,998,257	66.3
2010	421,407	24.1	2,700,551	35.1
2011	421,593	--	2,721,794	--
2012	427,704	1.4%	2,750,217	1.0%
2013	432,324	1.1	2,800,967	1.8
2014	436,797	1.0	2,843,301	1.5
2015	441,946	1.2	2,897,584	1.9
2016	448,316	1.4	2,953,375	1.9
2017	451,923	0.8	2,986,656	1.1
2018	460,237	1.8	3,057,582	2.4
2019	469,801	2.1	3,112,937	1.8
2020	473,606	0.8	3,145,184	1.0

Income

The following two tables reflect the Median Household Effective Buying Income ("EBI"), and also the percentage of households by EBI groups. EBI is defined as "money income" (defined below) less personal tax and nontax payments. "Money income" is defined as the aggregate of wages and salaries, net farm and nonfarm self-employment income, interest, dividends, net rental and royalty income, Social Security and railroad retirement income, other retirement and disability income, public assistance income, unemployment compensation, Veterans Administration payments, alimony and child support, military family allotments, net winnings from gambling, and other periodic income. Deductions are made for personal income taxes (federal, state and local), personal contributions to social insurance (Social Security and federal retirement payroll deductions), and taxes on owner-occupied nonbusiness real estate. The resulting figure is known as "disposable" or "after-tax" income.

Median Household Effective Buying Income Estimates[1]

Year	Washoe County	State of Nevada	United States
2017	$48,320	$47,914	$48,043
2018	54,436	50,009	50,620
2019	55,290	51,985	52,468
2020	60,839	55,709	54,686
2021	61,903	56,292	56,093

(1) The difference between consecutive years is not an estimate of change from one year to the next; combinations of data are used each year to identify the estimated mean of income from which the median is computed.

The County's gross taxable 2020 gaming revenue represents 7.6% of the State's total 2020 gaming revenue. The following table sets forth a five-year history of gross taxable gaming revenues and total gaming taxes collected on a State-wide basis and in the County.

Gross Taxable Gaming Revenue and Total Gaming Taxes[1]
Washoe County, Nevada

Fiscal Year Ended	Gross Taxable Gaming Revenue[2]		Percent Change	Gaming Collection[3]		Percent Change
June 30	State Total	County Total	County	State Total	County Total	County
2016	$10,612,521,986	$787,285,353	--	$876,040,147	$63,546,194	--
2017	10,964,590,630	805,553,225	2.32%	874,777,727	64,328,725	1.23%
2018	11,330,597,948	855,589,519	6.21	866,305,681	66,767,048	3.79
2019	11,358,691,489	854,505,254	-0.13	919,517,387	67,352,122	0.88
2020	9,149,847,090	698,381,190	-18.27	617,451,077	44,552,244	-33.85
Jul 19 – Apr 20	$8,573,610,260	$634,147,875	--	$700,683,541[4]	$48,474,460[5]	--
Jul 20 – Apr 21	8,042,259,137	742,289,239	17.05%	658,023,795	63,426,305	30.84%

(1) The figures shown are subject to adjustments due to amended tax filings, fines and penalties.
(2) The total of all sums received as winnings less only the total of all sums paid out as losses (before operating expenses).
(3) Cash receipts of the State from all sources relating to gaming (General Fund and other revenues) including percentage license fees, quarterly flat license fees, annual license fees, casino entertainment taxes, annual slot machine taxes, penalties, advance fees, and miscellaneous collections. A portion of collections is deposited to the State funds other than the State's General Fund.
(4) Due to the suspension of gaming operations earlier in calendar year 2020, this amount includes $125,817,215 in unused tax credits pursuant to NRS 463.370(12) that were collected in fiscal year 2020 and transferred at fiscal year-end.
(5) This amount includes unused tax credits pursuant to NRS 463.370(12) that were collected in fiscal year 2020 and transferred at fiscal year-end to Counties based on the location of the gaming licensees.

Source: State of Nevada, Gaming Control Board.

Transportation

The Reno/Sparks area is located at a transportation crossroads. Interstate 80, which runs east-west, and U.S. 395, running north-south, provide adequate routes for trucking and personal transportation. The Union Pacific Railroad operates major rail lines through the County and offers connections to other major rail networks, providing both freight and Amtrak passenger service. Intermodal yards and container freight facilities are located in Sparks. Over 65 motor freight companies serve the Reno/Sparks market and approximately 25 licensed common carriers with terminals are in the Reno/Sparks area.

The Reno-Tahoe International Airport (the "Airport") is a medium hub airport owned and operated by the Reno-Tahoe Airport Authority (the "Airport Authority"). The geographical area served by the Airport primarily encompasses the seven Nevada counties of Churchill, Douglas, Humboldt, Lyon, Pershing, Storey, and Washoe and the major cities of Reno, Sparks, and Carson City. The total air trade area for the Airport also includes the Lake Tahoe area and several communities in northeastern California. The Airport generates $3.1 billion per year for the region based on a study conducted by the University of Nevada and EKAY Economic

Consultants released in July 2018. In addition to the revenue, the study sets forth that the Airport and the Reno-Stead Airport, a general aviation facility, supported 24,700 jobs in 2017, making the airports a major economic driver for the region.

In calendar year 2019, the Airport served a total of 4,450,673 passengers, an increase of 5.7% over 2018, and the fifth consecutive increase in year-over-year passenger growth. Much of the yearly growth was a result of larger aircraft on west coast routes and added frequencies to existing markets. In 2020, the Airport served 2,006,420 passengers, a decrease of 54.9% (due to COVID-19 restrictions) compared to the same period in 2019; and handled 147.9 million pounds of air cargo, an increase of 0.7%. In April 2021, the Airport served 247,220 passengers, an increase of 1332% over April 2020, and a decrease of 26.7% versus April 2019.

Distribution and Manufacturing

The County (Reno/Sparks) is a principal manufacturing and distribution center for the Western United States. The State's Freeport Law provides tax-free warehousing of goods while in transit through the State. Coupled with the lack of taxes common in many states, such as franchise, inventory, corporate and personal income, along with geographic location have encouraged new companies to locate in the Reno/Sparks area providing continued growth to the State's and County's industrial base. The area also has a large established Foreign Trade Zone (FTZ 126).

Economic Development

The mission of the Economic Development Authority of Western Nevada is to recruit and expand quality companies that have a positive economic impact on the quality of life in the Reno/Sparks/Lake Tahoe region.

Complementing the area's emphasis on economic diversification are the numerous business incentives unique to the State of Nevada. Competitive wage rates, an expanding labor force, low cost and readily available electrical power, low out-bound freight transportation costs as compared to other prominent Western United States markets, a deferral and/or abatement of sales and use tax on new capital equipment, personal property tax abatement, grant monies for job training, and business license tax abatement programs for qualified companies combine to give business and industry an attractive advantage.

Utilities and Other Resources

Regional Resource Management. The Truckee Meadows Regional Plan was adopted by the Legislature in June 1991 and includes several major policy initiatives for the region relating to water management. Reno, Sparks and the County are currently working together to resolve the issues involved in this area, as well as to adopt a mutually acceptable annexation plan.

Regional Water Planning. In 1995 the Legislature set up a Regional Water Planning Commission for South Washoe County (excluding Lake Tahoe). The commission developed a Regional Water Management Plan that was approved by Reno, Sparks and the County and accepted by the Legislature. Any facility of "regional significance" associated with water supply, wastewater treatment and stormwater drainage must be recognized in the Regional Water

Management Plan or presented for amendment to the Plan. The County Board, serving as the Regional Water Board, eventually approve all amendments.

Water. The primary source of water for residents and businesses of Reno and Sparks, and some areas of the County is the Truckee River, which flows from Lake Tahoe to Pyramid Lake (approximately 120 miles). Underground water and individual private wells augment the river water supply, particularly in the unincorporated areas of the County.

The Truckee Meadows Water Authority ("TMWA") purchased the water division of Sierra Power Resources ("Sierra Resources," formed in 1999 from a merger of Sierra and Nevada Power Company) in mid-2001. TMWA was formed and operates pursuant to a cooperative agreement among Reno, Sparks and the County. TMWA now provides water service to the majority of County residents, including the cities of Reno and Sparks, the major population centers in the County. The remaining areas of the County are served either by special districts, the County Department of Water Resources, private companies and/or private wells.

Wastewater Treatment and Water Reclamation. Sewage treatment within the Truckee Meadows region of the County is provided by five wastewater facilities. All the facilities are owned and operated separately or jointly by Reno, Sparks, and the County. The local governments have several comprehensive programs to improve water quality throughout the Truckee Meadows region. Effluent reuse, stormwater management, water quality monitoring and modeling, and Truckee River restoration represent efforts undertaken to insure that as the Truckee Meadows region continues to grow, water quality is protected.

TAX MATTERS

Federal Tax Matters

In the opinion of Bond Counsel, assuming continuous compliance with certain covenants described below, interest on the 2021 Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Tax Code, and interest on the 2021 Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. For purposes of this paragraph and the succeeding discussion, "interest" includes the original issue discount on certain of the 2021 Bonds only to the extent such original issue discount is accrued as described herein.

The Tax Code imposes several requirements which must be met with respect to the 2021 Bonds in order for the interest thereon to be excluded from gross income and alternative minimum taxable income. Certain of these requirements must be met on a continuous basis throughout the term of the 2021 Bonds. These requirements include: (a) limitations as to the use of proceeds of the 2021 Bonds; (b) limitations on the extent to which proceeds of the 2021 Bonds may be invested in higher yielding investments; and (c) a provision, subject to certain limited exceptions, that requires all investment earnings on the proceeds of the 2021 Bonds above the yield on the 2021 Bonds to be paid to the United States Treasury. The District has covenanted and represented in the Bond Resolution that it will take all steps to comply with the requirements of the Tax Code to the extent necessary to maintain the exclusion of interest on the 2021 Bonds from gross income and alternative minimum taxable income under such federal income tax laws in effect

when the 2021 Bonds are delivered. Bond Counsel's opinion as to the exclusion of interest on the 2021 Bonds from gross income and alternative minimum taxable income is rendered in reliance on these covenants and assumes continuous compliance therewith. The failure or inability of the District to comply with these requirements could cause the interest on the 2021 Bonds to be included in gross income, alternative minimum taxable income or both from the date of issuance. Bond Counsel's opinion also is rendered in reliance upon certifications of the District and other certifications furnished to Bond Counsel. Bond Counsel has not undertaken to verify such certifications by independent investigation.

With respect to Bonds that are sold in the initial offering at a discount (the "Discount Bonds"), the difference between the stated redemption price of the Discount Bonds at maturity and the initial offering price of those bonds to the public (as defined in Section 1273 of the Tax Code) will be treated as "original issue discount" for federal income tax purposes and will, to the extent accrued as described below, constitute interest which is excluded from gross income or alternative minimum taxable income under the conditions and subject to the exceptions described in the preceding paragraphs. The original issue discount on the Discount Bonds is treated as accruing over the respective terms of such Discount Bonds on the basis of a constant interest rate compounded at the end of each six-month period (or shorter period from the date of original issue) ending on June 1 and December 1 with straight line interpolation between compounding dates. The amount of original issue discount accruing each period (calculated as described in the preceding sentence) constitutes interest which is excluded from gross income or alternative minimum taxable income under the conditions and subject to the exceptions described in the preceding paragraphs and will be added to the owner's basis in the Discount Bonds. Such adjusted basis will be used to determine taxable gain or loss upon disposition of the Discount Bonds (including sale or payment at maturity). Owners should consult their own tax advisors with respect to the tax consequences of the ownership of the Discount Bonds.

Owners who purchase Discount Bonds after the initial offering or who purchase Discount Bonds in the initial offering at a price other than the initial offering price (as defined in Section 1273 of the Tax Code) should consult their own tax advisors with respect to the federal tax consequences of the ownership of the Discount Bonds. Owners who are subject to state or local income taxation should consult their tax advisor with respect to the state and local income tax consequences of ownership of the Discount Bonds. It is possible that, under the provisions governing determination of state and local taxes, accrued original issue discount the Discount Bonds may be deemed to be received in the year of accrual even though there not be a corresponding cash payment.

The Tax Code contains numerous provisions which may affect an investor's decision to purchase the 2021 Bonds. Owners of the 2021 Bonds should be aware that the ownership of tax-exempt obligations by particular persons and entities, including, without limitation, financial institutions, insurance companies, recipients of Social Security or Railroad Retirement benefits, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, foreign corporations doing business in the United States and certain "subchapter S" corporations may result in adverse federal and state tax consequences. Under Section 3406 of the Tax Code, backup withholding may be imposed on payments on the 2021 Bonds made to any owner who fails to provide certain required information, including an accurate taxpayer identification number, to certain persons required to collect such information

pursuant to the Tax Code. Backup withholding may also be applied if the owner underreports "reportable payments" (including interest and dividends) as defined in Section 3406, or fails to provide a certificate that the owner is not subject to backup withholding in circumstances where such a certificate is required by the Tax Code. Certain of the 2021 Bonds may be sold at a premium, representing a difference between the original offering price of those 2021 Bonds and the principal amount thereof payable at maturity. Under certain circumstances, an initial owner of such bonds (if any) may realize a taxable gain upon their disposition, even though such bonds are sold or redeemed for an amount equal to the owner's acquisition cost. Bond Counsel's opinion relates only to the exclusion of interest (and, to the extent described above for the Discount Bonds, original issue discount) on the 2021 Bonds from gross income and alternative minimum taxable income as described above and will state that no opinion is expressed regarding other federal tax consequences arising from the receipt or accrual of interest on or ownership of the 2021 Bonds. Owners of the 2021 Bonds should consult their own tax advisors as to the applicability of these consequences.

The opinions expressed by Bond Counsel are based on existing law as of the delivery date of the 2021 Bonds. No opinion is expressed as of any subsequent date nor is any opinion expressed with respect to pending or proposed legislation. Amendments to the federal or state tax laws may be pending now or could be proposed in the future that, if enacted into law, could adversely affect the value of the 2021 Bonds, the exclusion of interest (and, to the extent described above for the Discount Bonds, original issue discount) on the 2021 Bonds from gross income or alternative minimum taxable income or both from the date of issuance of the 2021 Bonds or any other date, the tax value of that exclusion for different classes of taxpayers from time to time, or that could result in other adverse tax consequences. In addition, future court actions or regulatory decisions could affect the tax treatment or market value of the 2021 Bonds. Owners of the 2021 Bonds are advised to consult with their own tax advisors with respect to such matters.

The Internal Revenue Service (the "Service") has an ongoing program of auditing tax-exempt obligations to determine whether, in the view of the Service, interest on such tax-exempt obligations is includable in the gross income of the owners thereof for federal income tax purposes. No assurances can be given as to whether or not the Service will commence an audit of the 2021 Bonds. If an audit is commenced, the market value of the 2021 Bonds may be adversely affected. Under current audit procedures the Service will treat the District as the taxpayer and the 2021 Bond owners may have no right to participate in such procedures. The District has covenanted in the Bond Resolution not to take any action that would cause the interest on the 2021 Bonds to lose its exclusion from gross income for federal income tax purposes or lose its exclusion from alternative minimum taxable income except to the extent described above for the owners thereof for federal income tax purposes. None of the District, the Municipal Advisor, Bond Counsel or Special Counsel is responsible for paying or reimbursing any Bond holder with respect to any audit or litigation costs relating to the 2021 Bonds.

State Tax Exemption

In the opinion of Bond Counsel, the 2021 Bonds, their transfer, and the income therefrom are free and exempt from taxation by the State or any subdivision thereof except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to Chapter 375B of NRS.

FINANCIAL INSTITUTION INTEREST DEDUCTION

The Tax Code generally provides that a financial institution may not deduct that portion of its interest expense which is allocable to tax-exempt interest. The interest expense which is allocable to tax-exempt interest is an amount which bears the same ratio to the institution's interest expense as the institution's average adjusted basis of tax-exempt obligations acquired after August 7, 1986 bears to the average adjusted basis of all assets of the institution. Tax-exempt obligations may be treated as if issued prior to August 7, 1986 (and therefore are not subject to this rule), if they are "qualified tax-exempt obligations" as defined in the Tax Code and are designated for this purpose by the District.

The District has designated the Bonds for this purpose; however, under provisions of the Tax Code dealing with financial institution preference items, certain financial institutions, including banks, are denied 20% of their otherwise allowable deduction for interest expense with respect to obligations incurred or continued to purchase or carry the Bonds. In general, interest expense with respect to obligations incurred or continued to purchase or carry the Bonds will be in an amount which bears the same ratio as the institution's average adjusted basis in the Bonds bears to the average adjusted basis of all assets of the institution.

Amendments to the Tax Code could be enacted in the future and there is no assurance that any such future amendments which may be made to the Tax Code will not adversely affect the ability of banks or other financial institutions to deduct any portion of its interest expense allocable to tax-exempt interest.

LEGAL MATTERS

Litigation

In the opinion of the District's legal counsel, there is no litigation or controversy of any nature now pending, or to the knowledge of the District's legal counsel, threatened, (i) restraining or enjoining the issuance, sale, execution or delivery of the 2021 Bonds or (ii) in any way contesting or affecting the validity of the 2021 Bonds or any proceedings of the District taken with respect to the issuance or sale thereof, the pledge, collection or application of any moneys or securities provided for the payment of the 2021 Bonds (including the Pledged Revenues), or the corporate existence or the powers of the District.

The District is subject to certain pending and threatened litigation regarding various matters arising in the ordinary course of the District's operations. However, it is the opinion of the District's legal counsel that the pending or threatened litigation will not result in final judgments against the District which would, individually or in the aggregate, adversely affect the District's ability to satisfy the District's obligations for the 2021 Bonds.

Sovereign Immunity

Pursuant to State statute (NRS 41.035), an award for damages in an action sounding in tort against the District may not include any amount as exemplary or punitive damages and is limited to (a) $100,000 per cause of action prior to July 1, 2020, (b) $150,000 per cause of action on or after July 1, 2020, but before July 1, 2022, and (c) $200,000 per cause of action on or after

July 1, 2020. The limitation does not apply to federal actions brought under federal law such as civil rights actions under 42 U.S.C. Section 1983 and actions under The Americans with Disabilities Act of 1990 (P.L. 101-336), or to actions in other states.

Approval of Certain Legal Proceedings

The approving opinion of Sherman & Howard L.L.C., as Bond Counsel, will be delivered with the 2021 Bonds. A form of the bond counsel opinion is attached to this Official Statement as Appendix E. The opinion will include a statement that the obligations of the District are subject to the reasonable exercise in the future by the State and its governmental bodies of the police power inherent in the sovereignty of the State and to the exercise by the United States of the powers delegated to it by the federal constitution, including bankruptcy. Sherman & Howard L.L.C. has also acted as Special Counsel to the District in connection with this Official Statement. Certain matters will be passed upon for the District by the District Attorney.

Police Power

The obligations of the District are subject to the reasonable exercise in the future by the State and its governmental bodies of the police power and powers of taxation inherent in the sovereignty of the State, and to the exercise by the United States of the powers delegated to it by the Federal Constitution.

MUNICIPAL ADVISOR

JNA Consulting Group, LLC is serving as Municipal Advisor to the District in connection with the 2021 Bonds. See "INTRODUCTION – Additional Information" for contact information for the Municipal Advisor. The Municipal Advisor has not audited, authenticated or otherwise verified the information set forth in the Official Statement, or any other related information available to the District, with respect to the accuracy and completeness of disclosure of such information, and no guaranty, warranty or other representation is made by the Municipal Advisor respecting accuracy and completeness of the Official Statement or any other matter related to the Official Statement.

INDEPENDENT AUDITORS

The audited basic financial statements of the District as of and for the year Ended June 30, 2020, included hereto as Appendix A, have been audited by Eide Bailly, certified public accountants, Reno, Nevada, to the extent and for the period stated in their report appearing herein.

Pursuant to State law, the audited financial statements of the District are public documents and no consent from the auditors is required to be obtained prior to inclusion of the audited financial statements in this Official Statement. Accordingly, the District has not requested consent. Eide Bailly has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. Eide Bailly also has not performed any procedures relating to this Official Statement.

RATING

Standard & Poor's Ratings Services ("S&P") has assigned the 2021 Bonds the rating shown on the cover page of this Official Statement. An explanation of the significance of any rating given by S&P may be obtained from S&P at 55 Water Street, New York, New York 10041.

There is no assurance that such rating will continue for any given period of time after it is received or that they will not be lowered or withdrawn entirely if, in the judgment of the rating agencies, circumstances so warrant. Other than the District's obligations under the Disclosure Certificate, neither the District nor the Municipal Advisor has undertaken any responsibility either to bring to the attention of the owners of the 2021 Bonds any proposed change in or withdrawal of such ratings or to oppose any such proposed revision. Any such change in or withdrawal of the ratings could have an adverse effect on the market price of the 2021 Bonds.

PUBLIC SALE

The District expects to offer the 2021 Bonds at public sale on July 7, 2021. See Appendix F – Official Notice of Bond Sale.

OFFICIAL STATEMENT CERTIFICATION

The undersigned official hereby confirms and certifies that the execution and delivery of this Official Statement and its use in connection with the offering and sale of the 2021 Bonds has been duly authorized by the Board.

APPENDIX A

AUDITED BASIC FINANCIAL STATEMENTS OF TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE: The audited basic financial statements included in this Appendix A have been excerpted from the District's Annual Financial Report ("AFR") for the fiscal year Ended June 30, 2020. Other information contained in the AFR, including individual fund schedules has been excluded from this Appendix A.

EideBailly

CPAs & BUSINESS ADVISORS

Independent Auditor's Report

To the Honorable Board of Fire Commissioners
Truckee Meadows Fire Protection District
Reno, Nevada

Report on the Financial Statements
We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Truckee Meadows Fire Protection District (the District) (a component unit of Washoe County, Nevada) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4-9, budgetary comparison information and reconciliation on pages 40-43, schedule of changes in net other postemployment benefit liability and related ratios on page 44, schedule of District's contributions – other postemployment benefits on page 45, schedule of District's share of net pension liability on page 46, and schedule of District's contributions – PERS on page 47, and the notes to the required supplementary information on page 48 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund statements and schedules, including budgetary comparisons and reconciliations, are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund financial statements and schedules, including budgetary comparisons and reconciliations are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report November 25, 2020, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Eide Bailly LLP

Reno, Nevada
November 25, 2020

As management of the Truckee Meadows Fire Protection District's (the District) finances, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2020.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the District's governmental activities exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $11,468,896 which includes $28,469,092 net investment in capital assets, $1,442,078 restricted for wildland fire emergencies, $1,206,309 restricted for claims, and ($19,648,583) which is the unrestricted net position. Governmental activities include all funds of the District.

- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of $21,457,336 an increase of $4,897,137 or 29.57% in comparison with the prior year. This increase was primarily caused by the issuance of $4,415,000 in long-term debt. The proceeds are included in the governmental funds however, the liability will not be paid with current economic resources therefore the liabilities is not included in the governmental funds. Approximately 41.33% of the combined ending fund balance is available for spending at the government's discretion (unassigned fund balance).

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Total assets of the District at June 30, 2020 were $56,311,420 with capital assets, net of accumulated depreciation, accounting for $28,839,998 of that total. Total deferred outflows of resources of the District at June 30, 2020 were $10,350,772 all of which is related to post employment costs including health benefits and pension. Of the total liabilities of $51,847,543, approximately 94.17% or $48,826,019 represent liabilities related to long-term liabilities of the District. This is an increase of $6,296,260 in liabilities in comparison with the prior year and was primarily caused by the increase in bonds payable of $4,415,000 issued during the year, compensated absences of $702,902 due to salary increases and growth of the District, and increase in net pension liability of $756,986 due to changes in actuary assumptions and valuations. Total deferred inflows of resources of the District at June 30, 2020 were $3,345,753 all of which is related to post employment costs including health benefits and pension.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned and unused vacation leave). Total revenues for the year ended June 30, 2020 were $33,325,850 consisting primarily of taxes and intergovernmental revenues, while total expenses were $36,211,227. This resulted in a decrease in net

position of $2,885,377 or 20.10% from prior year. The decrease was primarily caused by non-cash related expenses, including, increases in other postemployment benefit liability, pension liability and compensated absences liability. The District's net position remains strong.

Both of the government-wide financial statements show the public safety function of the District, which is principally supported by taxes and intergovernmental revenues (governmental activities). All governmental activities of the District are included in the public safety function since the District is a single-purpose entity.

The government-wide financial statements can be found on pages 10 and 11 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District fall into the governmental funds category, except for the proprietary fund.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains three individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Emergency Fund and Capital Projects Fund, all of which are considered to be major funds. The District adopts an annual appropriated budget for each of its funds. A budgetary comparison statement or schedule has been provided for each fund to demonstrate compliance with the budget. The governmental fund financial statements and the reconciliations to the government-wide financial statements can be found on pages 12 through 15 of this report.

Proprietary funds. The District maintains one type of proprietary fund, which is an internal service fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's functions. The District's internal service fund is used to account for its workers' compensation liability. Because these services benefit governmental rather than business-type functions, it has been included within governmental activities in the government-wide financial statements. The internal service fund is reported in the proprietary fund financial statements and can be found on pages 16 through 18 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 19 through 39 of this report.

Other information. The District maintains a stabilization fund and a sick annual comp benefits fund for internal purposes. These funds do not meet the definition of special revenue funds under Governmental Accounting

Standards Board (GASB) Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions,* which was implemented in 2011 by the District. The activity for these funds is included in the General Fund in the basic financial statements; however, since the District prepares a budget for these funds, a reconciliation of budgetary basis financial statements to GAAP basis financial statements is presented immediately following the notes to the financial statements. These reconciliations can be found on pages 43 and 49 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

- As noted earlier, net position may serve over time as a useful indicator of a government's financial position. As of June 30, 2020, the District's total net position was $11,468,896, which is a $2,885,377 decrease from the prior year. The primary reason for the decrease was the increase in other postemployment benefit liability, pension liability and compensate absences liability.

Truckee Meadows Fire Protection District's Net Position

	Governmental Activities	
	2020	2019
Current and other assets	$ 27,471,422	$ 23,188,368
Capital assets	28,839,998	28,587,268
Total assets	56,311,420	51,775,636
Deferred outflows of resources	10,350,772	10,688,660
Other liabilities	3,021,524	2,882,644
Long-term liabilities	48,826,019	42,668,639
Total liabilities	51,847,543	45,551,283
Deferred inflows of resources	3,345,753	2,558,740
Net position:		
Investment in capital assets	28,469,092	28,587,268
Restricted	2,648,387	7,285,394
Unrestricted	(19,648,583)	(21,518,389)
Total net position	$ 11,468,896	$ 14,354,273

The assets and deferred outflows of resources of the District's governmental activities exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $11,468,896. Net position includes the District's net investment in capital assets (e.g., land, buildings, machinery, and equipment). The net investment in capital assets as of June 30, 2020 was $28,469,092. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion of the District's net position $2,648,387 represents resources that are subject to external restrictions on how they may be used, such as the workers' compensation claims and emergencies. The remaining balance of unrestricted net position was ($19,648,583).

At the end of the current fiscal year, the District is able to report positive balances in two of the three categories of net position. The negative unrestricted net position was caused by the accounting standard requiring the reporting of the Net Pension Liability on the balance sheet.

Truckee Meadows Fire Protection District's Changes in Net Position

	Governmental Activities	
	2020	2019
Revenues:		
Program revenues:		
Charges for services	$ 665,975	$ 525,145
Operating grants and contributions	16,109	100
General revenues:		
Property taxes	19,937,912	18,494,193
Consolidated taxes	9,021,756	8,725,419
Other taxes	1,557,133	1,699,759
Unrestricted investment earnings	918,533	733,940
Reimbursements	1,114,528	1,828,454
Other	93,904	900,189
Total revenues	33,325,850	32,907,199
Expenses:		
Public safety	36,116,362	34,083,907
Debt service	94,865	-
Total expenses	36,211,227	34,083,907
Increase (Decrease) in net position	(2,885,377)	(1,176,708)
Net position, July 1	14,354,273	15,530,981
Net position, June 30	$ 11,468,896	$ 14,354,273

Total Revenues. The District's total revenues increased by $418,651, or 1.27%. The primary increase was caused by an increase of $1,443,719 in property tax. Also included in the increase is a $296,337 increase in consolidated taxes. These increases were offset by decreases in reimbursements in the amount of $713,926 primarily related to fire reimbursements in the Emergency Fund and a decrease of other revenues related to a one time gain on sale of property that occurred in the prior fiscal year.

Total Expenses. The District's total expenses increased by $2,127,320 or by 6.24% which was primarily due to salary and benefit increases, including additional costs related to pension and post-employment benefits, and increases in the number of employees due to the growth of the District.

Net Position. The District's total net position decreased by $2,885,377 during the fiscal year ended June 30, 2020. The District's total net position decreased by $1,176,708 during the fiscal year ended June 30, 2019, including a prior period adjustment of $275,736. The decrease in total net position in the fiscal year ended June 30, 2020 was primarily caused by non-cash expenses, including change in other post-employment benefit and pension related liabilities and an increase in compensate absences liability.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of $21,457,336, an increase of $4,897,137 or 29.57% in comparison with the prior year. This increase was primarily caused by the increases is intergovernmental revenues associated with local sales taxes and proceeds from the issuance of bonds. Approximately 41.33% of the combined ending fund balance is available for spending at the government's discretion (unassigned fund balance).

The General Fund is the primary operating fund of the District. For the fiscal year ended June 30, 2020, the total fund balance for the General Fund was $12,649,010. The total fund balance includes an assigned fund balance of $3,744,290 which consists of $133,941 assigned for encumbrances, $3,077,279 appropriated to the fiscal year 20/21 budget and $533,070 assigned to pay out accrued sick and annual compensation balances. The remaining fund balance consists of, $36,034 in nonspendable fund balance, and $8,868,686 unassigned.

The total fund balance for the General Fund in the amount of $12,649,010 is an increase of $2,217,975 from the prior year. This increase is primarily caused by increases in intergovernmental revenues associated with local sales taxes.

As a measure of the General Fund's liquidity, it may be useful to compare the June 30, 2020 total fund balance not attributable to the Stabilization Fund or the Sick Annual Comp Benefits Fund of $11,475,006 to fund expenditures. The fund balance represents 38.15% of total General Fund expenditures. This represents approximately 4.6 months' worth of expenditures. The fund balance will give the District's General Fund sufficient cash flow to meet its operational obligations.

The District's Emergency Fund was established according to NRS 474 for the funding for unforeseen emergencies, primarily large wildland fires and other natural disasters. In fiscal year 2020, the District incurred large wildland fires within its jurisdiction; and it provided fire suppression services to other entities for a fee and paid for the State wildland fire insurance program and other expenditures which totaled $609,009. The Emergency Fund balance as of June 30, 2020 was $1,299,060.

The Capital Projects Fund activity in fiscal year 2020 included, most notably, the issuance of bonds in the amount of $4,415,000. Purchases from the Fund, included among other things, the purchase of land for a future consolidated fire station, a ladder truck, and three brush trucks. In addition, the District refurbished five water tenders and replaced computers in all the District's apparatus.

Proprietary funds. The District's proprietary fund provides information on the workers' compensation program of the District. The net position of the Workers' Compensation Internal Service Fund as of June 30, 2020, was $1,206,309. In fiscal year 2020, the District fully funded its workers' compensation liabilities. In fiscal year 2020, the District budgeted to continue to fully fund the District's workers' compensation liabilities.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. The District's net investment in capital assets as of June 30, 2020, amounts to $28,839,998 (net of accumulated depreciation). This net investment in capital assets includes land, construction in progress, buildings and building improvements, and vehicles and equipment. Refer to Note 4 for further detail.

Long-term debt. During the fiscal year, the District issued long-term bonded debt in the amount of $4,415,000 to be used to fund the purchase and buildup of vehicles and apparatus, including fire engines and water tenders. This is the first issuance of debt by the District. This debt is backed by the full faith and credit of the District. Scheduled principal and interest payments will commence in fiscal year ending June 30, 2021. Other long-term obligations of the District included compensated absences, such as accrued vacation and sick leave, and estimated workers compensation' claims. Refer to Note 5 for further detail.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The District relies primarily on two types of tax revenues. The first of these is ad valorem or property taxes and is directly affected by the assessed property tax values in Washoe County, Nevada. Property tax revenues are projected to increase for 2020-2021. Assessed values increased by 7.18% for the coming fiscal year.

- The second significant tax revenue for the District, the consolidated tax, consists primarily of sales taxes. For the year ended June 30, 2020, taxable sales in Washoe County increased by 4.8% over the previous fiscal year. For the fiscal year ending June 30, 2021, the District budgeted for a decrease in sales tax revenue of 13.5% in reaction to the current COVID-19 pandemic and the expected impact to sales revenues.

These factors were considered in preparing the District's budget for the 2021 fiscal year.

REQUESTS FOR INFORMATION

The financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Truckee Meadows, 3663 Barron Way, Reno, Nevada 89511.

Truckee Meadows Fire Protection District

Statement of Net Position

June 30, 2020

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Year Ended June 30, 2020

Amounts reported for governmental activities in the statement of activities are different because:		
Net change in fund balances - total governmental funds		$ 4,897,137
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are allocated over the estimated useful lives and reported as depreciation expense.		
Expenditures for capital assets	1,856,074	
Less current year depreciation/amortization	(1,592,395)	
		263,679
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds. Thus, the change in net position differs from the change in fund balances by the change in unavailable revenue.		(806,585)
Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities and/or deferred outflows of resources in the Statement of Net Position.		
Bonds issued		(4,415,000)
Some expenses reported in the statement of activities do not require the use of current financial resources, and, therefore, are not reported as expenditures in governmental funds:		
Change in compensated absences	(875,972)	
Change in tax refund	165,885	
Change in accrued interest	(20,132)	
		(730,219)
In the statement of activities, the gain or loss on the disposal of capital assets is reported. In the governmental funds, the gain or loss is not reported. Thus, the change in net position differs from the change in fund balances by the cost of the assets sold less the balance in accumulated depreciation.		(10,949)
Governmental funds report pension and other postemployment benefits (OPEB) contributions as expenditures. However, in the Statement of Activities, the cost of pension and OPEB benefits earned is reported as pension expense.		
OPEB contributions	651,000	
OPEB expense	(1,095,084)	
Pension contributions	2,423,345	
Pension expense	(4,116,006)	
		(2,136,745)
The internal service funds are used by management to account for the costs of retiree health medical expenses and workers' compensation. The net revenue of the internal service funds is reported with governmental activities.		53,305
Change in net position of governmental activities		$ (2,885,377)

Note 1 - Summary of Significant Accounting Policies

Reporting Entity

Truckee Meadows Fire Protection District (District) is a municipality of the State of Nevada located in Washoe County, Nevada. The District is governed by the Board of Fire Commissioners. The Washoe County Board of County Commissioners functions as the Board of Fire Commissioners of the District.

The County has no financial benefit or burden relationship with the District and the District is a legally separate organization from the County. However, the Board of County Commissioners acts as the Board of Fire Commissioners of the District and as such, as defined in governmental accounting standards generally accepted in the United States of America, the District has been classified as a discretely presented component unit of the County.

Government-Wide and Fund Financial Statements

The government-wide financial statements (Statement of Net Position and the Statement of Activities) report information about the activities of the District. The effect of interfund activity has been removed from these statements.

The Statement of Activities demonstrates the degree to which the direct expenses of the public safety function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The fund financial statements provide information about the funds of the District. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements and the proprietary fund's financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also report deferred inflows of resources in connection with resources that have been received, but not yet earned. Expenditures generally are recorded when the related liabilities are incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, postemployment benefits, and claims and judgments, are recorded only when payment is due.

The District initially utilizes restricted resources to finance qualifying activities prior to unrestricted resources, which are utilized as they are needed.

Property taxes, licenses and permits, intergovernmental revenues, and interest earnings associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Other revenue items are considered to be measurable and available only when cash is received by the District.

The focus of proprietary fund measurement is upon determination of operating income or loss, changes in net position, financial position, and cash flows. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. Operating expenses for internal service funds include the cost of services (employee benefits). All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The generally accepted accounting principles applicable are those similar to businesses in the private sector.

The District's Workers' Compensation Internal Service Fund is the only proprietary fund. The financial statements of the Workers' Compensation Internal Service Fund is consolidated into the governmental column when presented in the government-wide financial statements. The costs of these services are reported in the public safety function. The effect of interfund activity has been removed from the government-wide financial statements.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the District, except those accounted for in another fund.

The Wildland Fire Emergency Reserve Fund (The Emergency Fund), a special revenue fund under Nevada Revised Statutes (NRS), was created to account for the cost of unforeseen large wildland fire emergencies pursuant to NRS 474.510.

The Capital Projects Fund, a capital projects fund, accounts for the financial resources to be used for the acquisition and construction of major capital assets.

Additionally, the District reports the following fund type:

The Workers' Compensation Fund Internal Service Fund accounts for the workers' compensation activity.

Budgets and Budgetary Accounting

Truckee Meadows Fire Protection District adheres to the Local Government Budget and Finance Act incorporated within the statutes of the State of Nevada, which include the following major procedures to establish the budgetary data, which is reflected in these financial statements:

1. On or before April 15, the Board of Fire Commissioners files a tentative budget with the Nevada Department of Taxation for all funds.
2. Public hearings on the tentative budget are held on the third Monday in May in conjunction with Washoe County's budget hearing.
3. Prior to June 1, at a public hearing, the Board indicates changes, if any, to be made to the tentative budget and adopts a final budget by the favorable vote of a majority of the members of the Board. The final budget must then be forwarded to the Department of Taxation for compliance with State laws and

regulations. In any year in which legislative action, which was not anticipated, affects the local government's final budget, the Board may file an amended final budget within 30 days of adjournment of the legislative session.

4. Formal budgetary integration in the financial records of all funds is employed to enhance management control during the year. Unencumbered appropriations lapse at the end of the year.
5. Budgets for all externally reported funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America. In addition, budgets are required for the internally reported special revenue fund.

   Pursuant to Nevada Revised Statute 354.598005 the person designated to administer the budget may transfer appropriations within any function. Budget amounts may be transferred between functions within a fund if the governing body is advised of the action at the next regular meeting and the action is recorded in the official minutes of the meeting. Transfer of appropriations between funds or from the contingency account or budget augmentations in excess of original budgetary amounts may not be made without prior approval of the Board of Fire Commissioners, following a scheduled and noticed public hearing, as necessary. The budget was augmented as set forth above during the year. In accordance with state statute, actual expenditures generally may not exceed budgetary appropriations of the public safety function of the General Fund, Special Revenue Funds, and Capital Projects Fund. Also, actual operating and non-operating expenses of the Internal Service Fund generally may not exceed budgeted amounts.

Cash Deposited and Invested with Washoe County Treasurer

A majority of all cash transactions of the District are handled by the Washoe County Treasurer's office. Cash balances are pooled and, to the extent practicable, invested as permitted by law in combination with Washoe County funds.

For purposes of the Statement of Cash Flows, cash equivalents are defined as short-term, highly liquid investments, generally with original maturities of three months or less. The District’s cash and investments pooled with Washoe County funds and the District’s payroll cash account are available upon demand, therefore all cash and investments of the District are considered to be cash equivalents.

Taxes Receivable

Real and personal property taxes receivable reflect only those taxes receivable from the delinquent roll years. No provision for uncollectible accounts has been established since management does not anticipate any material collection loss in respect to the remaining balances.

Personal property taxes receivable reflect only those taxes management believes to be collectible.

Amounts not collected within 60 days after year-end have been recorded as deferred inflows of resources at the governmental fund level.

Receivables

The allowance method is used to provide for estimated uncollectible amounts. At June 30, 2020, the allowance for uncollectible accounts was $11,017 in the Emergency Fund.

Deposits and prepaid items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as deposits and prepaid items in both the government-wide and fund financial statements. The amounts of deposits and prepaid items are recorded as expenditures/expenses when consumed rather than when purchased.

Capital Assets

Capital assets, which include land, buildings and improvements, and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than $10,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Property, plant, and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

Land improvements	40 years
Buildings	40 years
Building improvements	20 years
Vehicles and equipment	5 - 20 years

Pension

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employees' Retirement System of the State of Nevada (PERS) Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Postemployment Benefits

The District provides other postemployment benefits (OPEB) for eligible employees through a single-employer defined benefit OPEB plan. The plan is administered through the Washoe County, Nevada OPEB Trust (Trust), an irrevocable trust established on May 11,2010 by the Board of County Commissioners. The Trust is a multiple employer trust and was created to fund and account for the participating employers' costs of retiree healthcare benefits pursuant to NRS 287.017. The District's net OPEB liability is measured as of June 30, 2019, and the total OPEB liabilities used to calculate the net OPEB liability are determined by actuarial valuations as of July 1, 2018, with the amounts rolled forward to June 30, 2019.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position and Governmental Funds Balance Sheet may report a separate section for deferred outflows of resources. The separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow

of resources (expense/expenditure) until then. The District recognizes deferred outflow of resources as it related to the net pension liability and other postemployment benefits.

In addition to liabilities, the Statement of Net Position and Governmental Funds Balance Sheet may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents and acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District recognizes deferred inflow of resources as it relates to the net pension liability and the net other postemployment liability on the Statement of Net Position. In addition, the District recognizes deferred inflows of resources as they relate to property taxes, consolidated taxes and wildland fire reimbursements in the governmental fund financial statements.

Long-Term Liabilities

In the government-wide financial statements and the proprietary fund, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance cost, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Compensated Absences

The costs involved in vacation time and sick leave benefits are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured as a result of employee resignations and retirements; costs are recorded as payroll costs only when the accumulated benefits are paid or accrued as a result of a termination of service.

The District provides for payment of accrued vacation and accrued comp time upon death, retirement, termination or permanent disability. Employees who are members of the International Association of Fire Fighters (IAFF) Local 2487 upon death, retirement or permanent disability after twenty years of enrollment with the Public Employees' Retirement System of the State of Nevada (PERS) shall be compensated for total accrued sick leave at the rate of 75% for every hour earned increasing by 5% per year up to a maximum of 100% at 25 years of PERS enrollment. For employees who are not members of IAFF Local 2487, upon death, retirement, permanent disability, or termination of an employee after ten years of full-time employment or its equivalent if the employee has not served as a full-time employee for reasons other than discharge for just cause, shall be compensated for total accrued sick leave at the rate of one hour for every three hours earned up to a maximum hour limitation.

Fund Equity

In the government-wide and proprietary fund financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets, if applicable.

Restricted Net Position – Consists of net position with constraints placed on its use either by (1) external groups such as creditors, contributors, or laws or regulations; (2) law through constitutional provisions or enabling legislation.

Unrestricted Net Position – All other net position that does not meet the definition of restricted or net investment in capital assets.

When an expenditure is incurred for purposes for which both restricted and unrestricted amounts are available, the District considers restricted funds to have been spent first.

In the governmental fund financial statements, fund balances are classified based primarily on the extent to which the District is bound to observe constraints imposed on the use of the resources in the fund:

Nonspendable Fund Balance - Includes amounts that cannot be spent because they are not in spendable form. For the District this includes deposits and prepaid items.

Restricted Fund Balance - Occurs when constraints are placed on the use of resources externally (such as through debt covenants or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation). For the District, the restricted fund balance consists of restricted assets for capital projects financed with debt and emergency resources.

Committed Fund Balance - Represents amounts that can be used only for the specific purposes determined by of the adoption of an ordinance committing fund balance for a specified purpose by the District's Board of Fire Commissioners prior to the end of the fiscal year. Once adopted, the limitation imposed by the Board of Fire Commissioners remains in place until the resources have been spent for the specified purpose or the Board of Fire Commissioners removes or revises the limitation. For the District, the committed fund balance consists of committed assets for capital projects.

Assigned Fund Balance - Represents amounts that are constrained by the District's intent to be used for specific purposes and consists of the District's encumbrances as approved by the Board of Fire Commissioners and the amount of fund balance to be expended in the ensuing fiscal year as approved by the Board of Fire Commissioners and amounts internally reported for sick and annual compensation benefits.

Unassigned Fund Balance - Represents the residual amount for the general fund that is not contained in the other classifications. The general fund is the only fund that reports a positive unassigned fund balance.

When expenditures are incurred for purposes for which amounts in any unrestricted fund balance classifications could be used, committed funds, if any, are to be spent first, assigned funds second, and unassigned funds last.

Property Taxes

All real property in the District is assigned a parcel number in accordance with state law, with each parcel being subject to physical reappraisal every five years. A factoring system is used to adjust the appraised value during the years between physical appraisals. The valuation of the property and its improvements is being assessed at 35 percent of "taxable value" as defined by statute. The amount of tax levied is determined by multiplying the assessed value by the tax rate applicable to the area in which the property is located.

Taxes on real property are a lien on the property and attach on July 1 of the year for which the taxes are levied.

Taxes may be paid in four installments payable on the third Monday in August, and the first Mondays in October, January, and March, to the Treasurer of Washoe County. Penalties are assessed if a taxpayer fails to pay an installment within ten days of the installment due date. After a two-year waiting period, if taxes remain unpaid, a tax deed is issued conveying the property to the County with a lien for back taxes and accumulated charges.

Redemption may be made by the owner and such persons as described by statute by paying all back taxes and accumulated penalties, interest, and costs before sale.

Taxes on personal property are collected currently. Personal property declarations are mailed out annually and the tax is computed using percentages of taxable values established by the Department of Taxation and tax rates described above.

The major classifications of personal property are commercial and mobile homes. In Washoe County, taxes on motor vehicles are collected by a State agency and remitted to the local governments in the County as part of the Consolidated Tax distribution.

Note 2 - Compliance with Nevada Revised Statutes and the Nevada Administrative Code

The District conformed to all significant statutory and administrative code constraints on its financial administration during the year.

Note 3 - Cash and Investments

The District is a voluntary participant in the Washoe County Investment Pool (WCIP). The Washoe County Board of County Commissioners administers and is responsible for the WCIP in accordance with NRS 355.175. The investment pool is not registered with the SEC as an investment company. Public Financial Management, LLC determines the fair value of the investment pool monthly. Washoe County has not provided or obtained any legally binding guarantees during the audit period to support these values. Each participant's share is equal to their investment plus or minus their pro-rata portion of monthly interest income and realized and unrealized gains/losses. The related fair value is $19,805,432 as of June 30, 2020. The District's total cash and investments is as follows at June 30, 2020:

Cash	$ 741,718
WCIP	19,805,432
Total cash and investments	$ 20,547,150

Credit Risk

Fixed income securities are subject to credit risk. Credit risk refers to the risk that a borrower will default on debt by failing to make required payments. The District does not hold any such investments directly, but participates in the WCIP. The WCIP is unrated by recognized statistical rating agencies.

Custodial Credit Risk

Custodial credit risk is the risk that an entity's deposits, which are in the possession of an outside party, will not be returned to the entity if the counterparty fails. Balances in the WCIP and the District's Payroll account are covered by one or more of the following: Federal depository insurance, the Securities Investor Protection Corporation, collateral held by the District's agent in the District's name, or by collateral held by depositories in the name of the Nevada Collateral Pool, and the balances are not exposed to custodial credit risk.

Note 4 - Capital Assets

Capital asset activity for the year ended June 30, 2020 was as follows:

Government Activities:

	Balance July 1, 2019	Increases	Decreases	Balance June 30, 2020
Capital assets, not being depreciated				
Land	$ 2,359,309	$ 477,481	$ -	$ 2,836,790
Construction in progress	2,013,294	1,206,248	(2,283,777)	935,765
Total capital assets, not being depreciated	4,372,603	1,683,729	(2,283,777)	3,772,555
Capital assets, being depreciated				
Land improvements	381,376	-	-	381,376
Buildings and building improvements	21,468,930	176,825	-	21,645,755
Vehicles and equipment	19,016,123	2,277,175	(11,390)	21,281,908
Total capital assets, being depreciated	40,866,429	2,454,000	(11,390)	43,309,039
Less accumulated depreciation for				
Land improvements	(248,545)	(14,874)	-	(263,419)
Buildings and building improvements	(6,067,513)	(565,075)	-	(6,632,588)
Vehicles and equipment	(10,335,706)	(1,012,446)	2,563	(11,345,589)
Total accumulated depreciation	(16,651,764)	(1,592,395)	2,563	(18,241,596)
Total capital assets, being depreciated, net	24,214,665	861,605	(8,827)	25,067,443
Governmental activities capital assets, net	$ 28,587,268	$ 2,545,334	$ (2,292,604)	$ 28,839,998

The increase in accumulated depreciation includes depreciation expense of $1,592,395 charged to the public safety function.

Note 5 - Long-Term Liabilities

General obligation bonds

The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities and equipment. General obligation bonds are direct obligations and pledge the full faith and credit of the District.

The District issued general obligation medium-term equipment bonds in the year ended June 30, 2020 to provide funds for purchase of fire engines and equipment. These bonds will be repaid from all legally available funds of the District, including its capital projects fund and its general fund. The bonds have a stated rate of interest of 1.5% and are payable in equal installments over the next 10 years.

The District's outstanding bonds related to governmental activities of $4,415,000 contain a provision that in an event of default, the bond owner may institute legal proceedings against the District and the interest rate may be increased to 1.92% annually.

General obligation bonds outstanding at June 30, 2020, are as follows:

	Issue Date	Final Payment Date	Interest Rate	Original Amount
Direct Placement: General Obligations:				
Medium-term Equipment Bonds Series 2020	3/10/2020	3/1/2030	1.50%	$4,415,000

Interest expense of $20,132 for the year was recorded by the District.

Long-term liability activity for the year ended June 30, 2020 was as follows:

	Amount Outstanding July 1, 2019	Additions	Reductions	Amount Outstanding June 30, 2020	Due Within One Year
General Obligation Bonds	$ -	$4,415,000	$ -	$ 4,415,000	$ 409,000
Compensated absences	4,724,006	2,580,685	1,704,713	5,599,978	1,986,388
Claims and judgments	1,390,969	40,657	20,208	1,411,418	50,645
Tax refund	165,885	-	165,885	-	-
	$6,280,860	$7,036,342	$1,890,806	$ 11,426,396	$2,446,033

Compensated absences are generally liquidated from the General Fund and claims and judgments are liquidated from the Workers' Compensation Internal Service Fund. General Obligation Bonds will be liquidated through transfers to the Debt Service fund, once created in Fiscal year 2021, from the Capital projects fund.

The debt service requirements for the District's bonds are as follows:

Year Ended June 30,	Principal	Interest
2021	$ 409,000	$ 64,569
2022	416,000	60,090
2023	423,000	53,850
2024	430,000	47,505
2025	437,000	41,055
2026-2030	2,300,000	104,700
	$4,415,000	$ 371,769

Note 6 – Operating Leases

The District leases warehouse space under an operating lease agreement. The agreement expires on December 31, 2021. The terms of the agreement require monthly rent payments, increasing annually plus operating expenses.

The District began a long-term lease on February 1, 2020 for office and warehouse space which expires in fiscal year 2025. The agreement expires on January 31, 2025. The terms of the agreement require monthly rent payments, increasing annually plus operating expenses. The lease contains the option of two five year renewal periods at then prevailing fair market rental rate. The District has the right to purchase the building at $185 per square foot, plus fees, any time prior to the 36th month of the lease.

Total lease payments in fiscal year 2020 were $206,818. Future minimum payments for these leases are:

Year Ended June 30,	Minimum Lease Payments
2021	$ 401,056
2022	374,040
2023	346,224
2024	356,610
2025	211,618
	$ 1,689,549

Note 7 - Interfund Activity

Interfund transfers for the year ended June 30, 2020 consisted of the following:

	Transfer in Capital Projects Fund
Transfers out:	
General Fund	$ 800,000

The transfer from the General Fund to the Capital Projects Fund was used to move unrestricted, one-time savings to fund one-time capital outlay expenditures.

Note 8- Postemployment Benefits Other than Pensions (OPEB)

Defined Benefit Plan

Plan Description and Eligibility

Prior to July 1, 2000, the District provided health insurance benefits to retired employees through a single-employer defined benefit plan. At June 30, 2000, ten retirees were participating in the District's health benefits program. On July 1, 2000, pursuant to an Interlocal Agreement for Fire Services and Consolidation, District fire operations were transferred to the City of Reno and the City accepted liability for the ten retirees under this plan. In accordance with the Interlocal Agreement, the District pays a proportionate share of employees' retiree health benefit costs based on

service earned prior to July 1, 2000, for those employees who transferred employment to the City of Reno and retired prior to June 30, 2012 or during the term of the Interlocal Agreement. Health benefits under the City's plan included medical, prescription, vision, dental and life insurance.

The Interlocal Agreement was terminated on June 30, 2012, and the District assumed responsibility for its own fire district operations as of July 1, 2012. As of June 30, 2012, in preparation of standing up the new fire operations, 11 former Reno firefighters transferred to the District with the provision the District would provide retiree health benefits for those 11 employees. Any former District employees remaining employed by the City of Reno as of July 1, 2012 retained retiree health benefits with the City and the City retained the liability for those employees. Benefits under the new District plan, a single-employer defined benefit plan, include health, dental, vision and prescription coverage. Eligible retirees who retire from the District will be required to pay for 50% of the retirees' health insurance premium and 100% of the cost of coverage for their families. Eligibility requirements, benefit levels, employee contributions and employer contributions may be amended by the mutual agreement of the Truckee Meadows Fire Protection District and the District's Fire Firefighters' Association.

As of July 1, 2010, the Plan is administered through an irrevocable trust, Washoe County, Nevada OPEB Trust (Trust), established on May 11, 2010, by the Board of Washoe County Commissioners. The Trust, a multiple-employer trust, was created to fund and account for the participating employers' costs of retiree healthcare benefits pursuant to Nevada Revised Statutes 287.017. The District is a participating employer in the Trust. Complete financial statements of the Trust may be obtained by writing to: OPEB Trust, c/o Washoe County Comptroller's Office, 1001 E. 9th Street Ste D200, Reno, Nevada, 89512.

Employees covered by benefit terms. As of the measurement date of June 30, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments:	50
Active employees:	130

Actuarial assumptions and other inputs

The District’s total OPEB liability of $10,737,148 was measured as of June 30, 2019 was based on the valuation date of July 1, 2018. Projections of the sharing of benefit-related costs are based on established pattern of practice. Actuary valuations include projections of the sharing of benefit-related costs that are based on an established pattern of practice. The total OPEB liability in the actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial funding method	Entry Age Normal
Amortization method	Level Percent of Pay
Inflation	3%
Salary increases	
0-4 years of service	8.00%
5 + years of service	3.00%
Discount rate	6.00%
Healthcare cost trend rates	
Pre-Medicare	Range between 4.6% to 7.0% annually
Medicare	Range between 4.6% to 6.7% annually
Retirees' share of benefit-related costs	
Retirees before June 30, 2012 under City of Reno Plan	
(Pre-65)	40% retiree and dependent
(Post-65)	50% retiree and 100% dependent
Retirees hired on or before July 1, 2014	50% retiree and 100% dependent
Retirees hired after July 1, 2014	100% retiree and dependent

The investment rate of return of 6.00%, net of investment expenses, was selected by the District. This is based on the investment policy of State of Nevada's Retiree Benefit Investment Fund (RBIF) where the District invests its assets to fund its OPEB liabilities. This rate is derived based on the RBIF's investment policy (shown in the table below), and includes a 3.00% long-term inflation assumption.

Asset Class	Asset allocation
Foreign Developed Equity	21.00%
U.S. Fixed Income	30.00%
U.S. Large Cap Equity	49.00%

The discount rate was based on the long term rate of return on OPEB plan investments that are expected to be used to finance the payment of benefits to the extent that plan assets are projected to cover benefit payments and administrative expenses. To the extent that OPEB plan assets are insufficient to finance all OPEB benefits, the discount rate should be based on 20-year tax-exempt AA or higher Municipal Bonds as of the Measurement Date. Based on the District's current funding policy of funding the Trust annually to maintain a funded percentage of at least 80%, the Fiduciary Net Position and future expected contributions and earnings are projected to be sufficient such that the Trust remains solvent. Therefore, a discount rate of 6.00% is used in calculating the total OPEB liability.

Mortality rates for healthy life were based on the RP-2014 Male and Female Healthy Annuitant mortality tables adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year, and projected forward using projection scale MP-2018 on a generational basis.

The number of participants in the plan is not large enough to provide credible data to perform an experience study to establish demographic assumptions for termination, retirement, and mortality. The demographic assumptions used in the June 30, 2018 valuation of OPEB liabilities were developed based Nevada Public Employees Retirement System demographic assumptions.

Changes in the OPEB Liability

	Total OPEB Liability	Increase/ (Decrease) in Plan Fiduciary Net Position	Net OPEB Liability
Balance at June 30, 2019 *(Measurement Date June 30, 2018)*	$ 9,817,792	$ 5,521,001	$ 4,296,791
Charges for the year:			
Service Cost	520,411	-	520,411
Interest on the total OPEB liability	613,936	-	613,936
Changes of benefit terms	-	-	-
Differences between actual and expected experience with regard to economic or demographic factors	-	-	-
Changes of assumptions	-	-	-
Benefit payments	(214,991)	(214,991)	-
Contributions from employer	-	463,000	(463,000)
Net investment income	-	450,939	(450,939)
Administrative expense	-	(34,450)	34,450
Total Changes	919,356	664,498	254,858
Balance at June 30, 2020 *(Measurement Date June 30, 2019)*	$ 10,737,148	$ 6,185,499	$ 4,551,649

Sensitivity of the total OPEB liability to changes in the discount rate

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.0 percent) or 1-percentage-point higher (7.0 percent) than the current discount rate:

	1% Decrease in Discount Rate (5.00%)	Discount Rate (6.00%)	1% Increase in Discount Rate (7.00%)
Net OPEB liability	$ 5,731,117	$ 4,551,649	$ 3,515,564

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease in Healthcare Cost Trend	Healthcare Cost Trend	1% Increase in Healthcare Cost Trend
Net OPEB liability	$ 3,271,138	$ 4,551,649	$ 6,069,867

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the District recognized OPEB expense of $1,095,084. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Inflows of Resources	Deferred Outflow of Resources
Differences between expected and actual experience	$ 18,977	$ -
Changes in assumptions or other inputs	-	1,585,063
Net difference between projected and actual earnings	234,075	-
District contributions subsequent to the measurement date	N/A	651,000
Total	$ 253,052	$ 2,236,063

Deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date in the amount of $651,000 will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2021.

Other estimated amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows**:**

Year ended June 30,	Recognized Deferred (Inflows)/Outflows of Resources
2021	$ 263,861
2022	263,862
2023	314,295
2024	328,467
2025	161,526
Total	$ 1,332,011

Defined Contribution Plan:

Plan Description and Eligibility

During the year ended June 30, 2019, the District agreed to participate in a Post-Employment Health Plan (PEHP) a defined contribution plan for collectively bargained public employees. Under the agreement with International Association of Fire Fighters Local 2487 (Local 2487), Local 2487 determines the plan administrator for the PEHP and the District agrees to contribute to the PEHP on behalf of the employees. The plan administrator for the PEHP is Nationwide Insurance Company (the Administrator).

Employees who are members of Local 2487 hired with the District on or before July 1 2014, will have a one-time contribution of $1,000 made by the District to the employee's PEHP account for the fiscal year ending June 30, 2019 for the non-supervisory group and for the fiscal year ending June 30, 2020 for the supervisory group; thereafter an annual contribution of $120 will be made by the District to the employee's PEHP account. Employees who are members of Local 2487 group hired with the District after July 1, 2014 will have an annual contribution of $2,880 made by the District to the employee's PEHP account. The employee will pay all associated account administrative

fees for the PEHP to keep the account in good standing. Contribution rates are established within the CBA and may be amended with by mutual agreement of the District and Local 2487.

Vesting and Forfeitures

The plan does not have a vesting period. Each employee shall become an eligible employee as determined by the collective bargaining agreement (CBA) and shall be entitled to receive a contribution to the PEHP as set forth in the participation agreement and CBA on the entry date coincident with or next following the later of the date on which the participant becomes an eligible employee, or the effective date of the PEHP.

If an eligible employee or participant has no dependents on the date notice of death is provided to the Administrator and no dependent is identified and no request to pay qualifying medical care expenses directly to a service provider, on behalf of a deceased eligible employee or participant, is received within 180 days of the date on which the Administrator was notified of an eligible employee or participant's death, the balance in the participant's account will be forfeited.

Any amount forfeited shall be allocated as soon as administratively practicable following, the date on which the Administrator determines that a forfeiture has occurred to the accounts of all other eligible employees and participants who are (or were) employed by the District and have an account balance on the valuation date. Forfeitures shall be allocated among the eligible employee and participants in accordance with procedures established by the Administrator.

The District recognized an OPEB expense related to the defined contribution plan in the amount of $121,480 as of June 30, 2020.

Note 9 - Defined Benefit Pension Plan

Plan Description

The District contributes to the Public Employees' Retirement System of the State of Nevada (PERS). PERS administers a cost-sharing, multiple-employer, defined benefit public employees' retirement system which includes both Regular and Police/Fire members. PERS was established by the Nevada Legislature in 1947, effective July 1, 1948. PERS is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earnings capacities have been removed or substantially impaired by age or disability.

Benefits Provided

Benefits, as required by the Nevada Revised Statutes (NRS or statute), are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering PERS on or after January 1, 2010 and July 1, 2015. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this factor is 2.67% of average compensation. For members entering PERS on or after January 1, 2010, there is a 2.5% service time factor and for regular members entering PERS on or after July 1, 2015, there is a 2.25% factor. PERS offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced

service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Post-retirement increases are provided by authority of NRS 286.575 - .579.

Vesting

Regular members entering PERS prior to January 1, 2010, are eligible for retirement at age 65 with 5 years of service, at age 60 with 10 years of service, or at any age with 30 years of service. Regular members entering PERS on or after January 1, 2010, are eligible for retirement at age 65 with 5 years of service, or age 62 with 10 years of service, or any age with 30 years of service. Regular members who entered PERS on or after July 1, 2015, are eligible for retirement at age 65 with 5 years of service, or at age 62 with 10 years of service or at age 55 with 30 years of service or any age with 33 1/3 years of service.

Police/Fire members entering PERS prior to January 1, 2010, are eligible for retirement at age 65 with 5 years of service, at age 55 with 10 years of service, at age 50 with 20 years of service, or at any age with 25 years of service. Police/Fire members entering PERS on or after January 1, 2010, are eligible for retirement at 65 with 5 years of service, or age 60 with 10 years of service, or age 50 with 20 years of service, or at any age with 30 years of service. Only service performed in a position as a police officer or firefighter may be counted towards eligibility for retirement as Police/Fire accredited service.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Both Regular and Police/Fire members become fully vested as to benefits upon completion of five years of service.

Contributions

The authority for establishing and amending the obligation to make contributions and member contribution rates, is set by statute. New hires, in agencies which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983, have the option of selecting one of two contribution plans. In one plan, contributions are shared equally by employer and employee. In the other plan, employees can take a reduced salary and have contributions made by the employer (EPC).

PERS' basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due.

PERS receives an actuarial valuation on an annual basis indicating the contribution rates required to fund PERS on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450.

The actuary funding method used is the Entry Age Actuarial Cost Method. It is intended to meet the funding objective and result in a relatively level long-term contributions requirement as a percentage of salary.

For the fiscal years ended June 30, 2020 the Statutory Employer/employee matching rates were 15.25% for Regular and 22.00% for Police/Fire. The Employer-pay contribution (EPC) rate for fiscal years ending June 30, 2020 was 29.25% for Regular and 42.50% for Police/Fire. For the fiscal years ended June 30, 2019 the Statutory Employer/employee matching rates were 14.50% for Regular and 20.75% for Police/Fire. The Employer-pay contribution (EPC) rate for fiscal years ending June 30, 2019 was 28.00% for Regular and 40.50% for Police/Fire.

The District's contributions were $2,423,345 for the year ended June 30, 2020.

PERS Investment Policy

PERS' policies which determine the investment portfolio target asset allocation are established by the PERS Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of PERS.

The following was the PERS Board adopted policy target asset allocation as of June 30, 2019:

Asset Class	Target Allocation	Long-term Geometric Expected Real Rate of Return
Domestic Stocks	42%	5.50%
International Stocks	18%	5.50%
U.S. Bonds	28%	0.75%
Private Markets	12%	6.65%

As of June 30, 2019, PERS' long-term inflation assumption was 2.75%.

Net Pension Liability

At June 30, 2020, the District reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's allocation percentage of the net pension liability was based on the District's total contributions due on wages paid during the measurement period. The District's proportion of the net pension liability is based on its employer contributions relative to the total employer contributions for all employers for the period ended June 30, 2019. At June 30, 2019, the District's proportion was .24089%, which is an increase of .00558% from the proportion measured as of June 30, 2018.

Pension Liability Discount Rate Sensitivity

The following presents the net pension liability of the District as of June 30, 2020, calculated using the discount rate of 7.50%, as well as what the District's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1-percentage-point higher (8.50%) than the current discount rate:

	1% Decrease in Discount Rate (6.50%)	Discount Rate (7.50%)	1% Increase in Discount Rate (8.50%)
Net Pension Liability	$ 50,861,112	$ 32,847,974	$ 17,874,485

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the PERS Comprehensive Annual Financial Report, available on the PERS website.

Actuarial Assumptions

The District's net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation Rate	2.75%
Productivity Pay Increase	0.50%
Projected Salary Increases	Regular: 4.25% to 9.15%, depending on service Police/Fire: 4.55% to 13.9%, depending on service Rates include inflation and productivity increases
Investment Rate of Return	7.50%
Other Assumptions	Same as those used in the June 30, 2019 funding actuarial valuation

Mortality rates for regular and police/fire members are based on the following table:

Healthy:	Headcount–Weighted RP-2014 Healthy Annuitant Table projected to 2020 with Scale MP-2016, set forward one year for spouses and beneficiaries. For ages less than 50[1], mortality rates are based on the Headcount–Weighted RP-2014 Employee Mortality Tables. Those mortality rates are adjusted by the ratio of the mortality rate for healthy annuitants at age 50 to the mortality rate for employees at age 50. The mortality rates are then projected to 2020 with Scale MP-2016. [1] The RP-2014 Healthy Anuitant Mortality Tables have rates only for ages 50 and later.
Disabled:	Headcount–Weighted RP-2014 Disabled Retiree Table, set forward four years.
Pre-Retirement:	Headcount–Weighted RP-2014 Employee Table, projected to 2020 with Scale MP-2016.

Actuarial assumptions used in the June 30, 2019 valuation were based on the results of the experience study for the period July 1, 2012 through June 30, 2016.

The discount rate used to measure the total pension liability was 7.50% as of June 30, 2019. The projection of cash flows used to determine the discount rate assumed plan contributions will be made in amounts consistent with statutory provisions and recognizing the plan's current funding policy and cost-sharing mechanism between employers and members. For this purpose, all contributions that are intended to fund benefits for all plan members and their beneficiaries are included, except that projected contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2019.

Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2020, the District recognized pension expense of $4,116,006. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 1,231,761	$ 947,458
Changes in assumptions or other inputs	1,336,777	
Net difference between projected and actual earnings on pension plan investments	-	1,634,069
Changes in the employer's proportion and differences between the employer's contributions and the employer's proportionate contributions	3,122,826	511,174
District contributions subsequent to the measurement date	2,423,345	-
Total	$ 8,114,709	$ 3,092,701

Deferred outflows of resources related to pensions resulting from Employer contributions subsequent to the measurement date in the amount of $2,423,345 will be recognized as a reduction of the net pension liability in the year ending June 30, 2021.

The average of the expected remaining service lives of all employees that are provided with pensions through PERS (active and inactive employees) determined at July 1, 2018 (the beginning of the measurement period ended June 30, 2019) is 6.18 years.

Other estimated amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	
2021	$ 819,184
2022	26,271
2023	618,309
2024	744,057
2025	353,904
Thereafter	36,938
Total	$ 2,598,663

Additional Information

The PERS Comprehensive Annual Financial Report (CAFR) is available on the PERS website at www.nvpers.org under Quick Links – Publications.

Note 10 - Risk Management

The District is exposed, as are all entities, to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District is fully insured for property and auto loss and liability with a $1,000 to $2,500 deductible. The District is covered up to a policy limit per occurrence of $10,000,000 and $20,000,000 annual aggregate in excess liability coverage. The District's policy contains various sub-limits established for earthquake, flood, equipment breakdown, errors and omissions and other items.

During the term of the Reno/Truckee Meadows Fire Protection District Interlocal Agreement, workers' compensation was fully insured with the City of Reno's self-funded workers' compensation plan. Due to the termination of the Agreement, as of July 1, 2012, the District is no longer self-funded with the City of Reno but has purchased a guaranteed workers compensation insurance plan. However, the District is still required to pay workers' compensation claims costs to the City of Reno for those years the District was self-funded through the City of Reno's workers' compensation plan.

During the fiscal year ended June 30, 2004, the District and the City of Reno instituted a "pay as you go" system for workers' compensation claims. The District shared the combined losses with the Reno Fire Department (RFD). The District established the Workers' Compensation Fund to account for this program. The District bought out all workers' compensation liability for all claims incurred prior to July 1, 2012. Claims incurred prior to fiscal year 2012 remain the liability of the City of Reno under the buyout agreement. TMFPD will remain responsible for future Heart and Lung related workers' compensation claims on a "pay as you go" system.

Claims' liability and activity for the past two years were as follows:

Claims liability, July 1, 2018	$ 1,361,316
Claims and changes in estimates	54,608
Claims paid	(24,955)
Claims liability, June 30, 2019	1,390,969
Claims and changes in estimates	40,657
Claims paid	(20,208)
Claims liability, June 30, 2020	$ 1,411,418

Note 11- Tax Abatement

The District's tax revenues were reduced by $170,207 under agreements entered into by the State Nevada. The state agreements include a partial abatement of one or more of personal property and local sales and use taxes imposed on aircraft, components of aircraft and other personal property used for certain purposes related to aircraft, a partial abatement of one or more of property and local sales and use taxes imposed on a new or expanded data center and on renewable energy facilities, and use taxes imposed on eligible machinery or equipment used by certain new or expanded businesses.

Note 12 – Commitments

On June 23, 2020, the District entered into an Interlocal Agreement to provide for financing, development, operation, and management of the Washoe County Regional Communications P25 System. Under the terms of the agreement, the District has committed to paying for an allocated portion of Washoe County's future debt obligation to upgrade the existing radio communication system to address new technology requirement sand aging/availability issues, radio coverage, and mutual aid interconnection. Once Washoe County issues the debt, the District will begin making annual payments to Washoe County. The District's portion of the debt is estimated at $822,115 with estimated annual payments are $70,430 over a term of 15 years.

Note 13- Subsequent Events

On July 1, 2020, the District established the Truckee Meadows Debt Service Fund. The primary purpose of the fund will be to account for the funds necessary to pay the interest and principal on any long-term debt and hold any funds that may be necessary to fund any reserve requirements. The source of revenues to be deposited in the fund will be transfers from the Truckee Meadows Fire Protection General Fund or Capital Projects Fund. The short-term and long-term plan for the expenditures from the fund will be for the debt service requirement and paying reasonable and customary agent and investment and any continuing disclosure fees for the debt, if any.

On July 22, 2020, the District entered into a sublease agreement as the lessor with The Turf Depot Nevada, Inc for the District's leased warehouse space. The term of the agreement expires on December 31, 2021 and includes monthly rental payments of $6,134 for the first five months of the agreement and $6,317 for the final twelve months.

On October 6, 2020, the District approved the issuance of $2,100,000 of general obligation capital improvement bonds to defray wholly or in part the cost of acquisition of properties for stations including fixtures, structures, stations, other buildings and sites.

Note 1 - Internally Reported (Budgetary Basis) Funds

The accompanying Reconciliation of the General Fund (Budgetary Basis) to the General Fund (GAAP Basis) presents balances combined for external reporting purposes.

Budget to actual comparisons are presented for all funds of the District, as required by Nevada Revised Statutes. Such budget comparisons are required to be presented using the budget as adopted and approved by the State of Nevada Department of Taxation. However, guidance provided by Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, specifies that two of these internally reported funds of the District do not meet the definition of special revenue funds and do not qualify to be separately presented for external reporting purposes.

These internally reported special revenue funds of the District (Sick Annual Comp Benefits Fund and Stabilization Fund) are combined with the General Fund for external reporting purposes.

Note 2 - Schedule of District's Contributions, OPEB

Actuarially determined contribution rates are calculated as of July 1, 2018, two years prior to the end of the fiscal year in which contributions are reported and projected forward to June 30, 2020.

Methods and assumptions used to determine contribution rates:

Actuarial funding method	Entry Age Normal
Amortization method	Level Percent of Pay
Inflation	3%
Salary increases	
0-4 years of service	8.00%
5 + years of service	3.00%
Discount rate	6.00%
Healthcare cost trend rates	
Pre-Medicare	Range between 4.6% to 7.0% annually
Medicare	Range between 4.6% to 6.7% annually
Retirees' share of benefit-related costs	
Retirees before June 30, 2012 under City of Reno Plan	
(Pre-65)	40% retiree and dependent
(Post-65)	50% retiree and 100% dependent
Retirees hired on or before July 1, 2014	50% retiree and 100% dependent
Retirees hired after July 1, 2014	100% retiree and dependent

Changes of assumptions and other inputs reflect a change in the discount rate from 7.00 percent as of the measurement date of June 30, 2017 to 6.00 percent as of the measurement date of June 30, 2018 and a change in the long-term inflation assumption from 2.50 percent as of the measurement date of June 30, 2017 to 3.00 percent as of the measurement date of June 30, 2018.

APPENDIX B

SUMMARY OF CERTAIN PROVISIONS OF THE BOND RESOLUTION

The following is a brief summary of certain provisions of the Bond Resolution and is qualified in its entirety by the provisions of the Bond Resolution itself.

Definitions

As used in the Bond Resolution, the following terms shall, for all purposes, have the following meanings unless the context clearly requires otherwise.

"Acquisition Account" means the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Project Construction and Other Acquisition Account" created in the Bond Resolution.

"annual principal and interest requirements" means the sum of the principal of and interest on the Outstanding Bonds and any other Outstanding designated securities payable from the Pledged Revenues having a lien thereon superior to or on a parity with the lien thereon of the Bonds, to be paid during any Bond Year, but excluding any reserve requirements to secure such payments unless otherwise expressly provided and excluding any amount payable from capitalized interest. In calculating this amount, the principal amount of bonds required to be redeemed prior to maturity pursuant to a mandatory redemption schedule contained in the resolution or other instrument authorizing the issuance of such bonds (e.g., the schedule, if any, set forth in the Certificate of the District) shall be treated as maturing in the Bond Year in which such bonds are so required to be redeemed, rather than in the Bond Year in which the stated maturity of such bonds occurs.

"Chief Fiscal Officer" means the de jure or de facto Chief Fiscal Officer of the District and designated as such by the District, as the chief financial officer of the District for purposes of NRS 350.165.

"Board" means the Board of Fire Commissioners of the District, in the State of Nevada, including any successor of the District.

"Bond Act" means NRS 350.500 through 350.720, and all laws amendatory thereof, designated in NRS 350.500 as the Local Government Securities Law.

"Bond Fund" means the special accounts designated as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Principal Account," and "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Interest Account," created in the Bond Resolution, and required to be accumulated and maintained in the Bond Resolution which shall be held separate and apart from the Income Fund.

"Bond Requirements" means the principal of, any prior redemption or prepayment premiums due in connection with, and the interest on the Bond and the 2020 Bond and any additional bonds or other additional securities payable from the Pledged Revenues and hereafter issued, or such part of such securities or such other securities as may be designated, as such principal, premiums and interest become due at maturity or on a Redemption Date designated in a mandatory redemption schedule, in a notice of prior redemption, or otherwise.

"Bonds" means the securities issued pursuant to the Bond Resolution and designated as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021."

"2020 Bond" means the securities issued and designated as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2020."

"Bond Year" means the 12 months commencing on July 1 of any calendar year and ending on June 30 of the next succeeding calendar year.

"combined maximum annual principal and interest requirements" means the greatest of the annual principal and interest requirements to be paid during any Bond Year for the period beginning with the Bond Year in which such computation is made and ending with the Bond Year in which any bond last becomes due at maturity or on a Redemption Date on which any bond thereafter maturing is called for prior redemption. If any outstanding bonds are subject to variable interest rates, for the purpose of such computation, such interest rates shall be determined by an Independent Accountant, an independent feasibility consultant or the Chief Fiscal Officer. Any such computation shall be adjusted as provided in the Bond Resolution, and shall be made by an Independent Accountant, an independent feasibility consultant or the Chief Fiscal Officer if expressly so required.

"Comparable Bond Year" means, in connection with any Fiscal Year, the Bond Year which ends in the Fiscal Year.

"Consolidated Tax Act" means, collectively, NRS 360.600 to 360.740, inclusive, as amended from time to time.

"Cost of the Project" means all or any part designated by the District of the cost of the Project, which cost, at the option of the District, except as limited by law, may include all or any part of the incidental costs relating to the Project, including, without limitation:

a. Preliminary expenses advanced by the District from funds available for use therefor or from any other source, or advanced with the approval of the District from funds available therefor or from any other source by the State, the Federal Government, or by any other Person with the approval of the District (or any combination thereof);

b. The costs in the making of surveys, audits, preliminary plans, other plans, specifications, estimates of costs, and other preliminaries;

c. The costs of premiums on builders' risk insurance and performance bonds, or a reasonably allocable share thereof;

d. The costs of appraising, printing, estimates, advice, services of engineers, architects, accountants, financial consultants, attorneys at law, clerical help, or other agents or employees;

e. The costs of making, publishing, posting, mailing and otherwise giving any notice in connection with the Project, the filing or recordation of instruments, the taking of options, the issuance of the Bonds and any other securities relating to the Project, and bank fees and expenses;

f. The costs of contingencies;

g. The costs of the capitalization with the proceeds of the Bonds of any interest on the bonds or other securities for any period not exceeding the period estimated by the District to effect the Project plus one year, of any discount on the bonds or other securities, and of any reserves for the payment of the principal of and interest on the Bonds or other securities, of any replacement expenses, and of any other cost of the issuance of the Bonds or other securities relating to the Project;

h. The costs of amending any ordinance, resolution or other instrument authorizing the issuance of or otherwise relating to the Outstanding Bonds or other securities relating to the Project;

i. The costs of funding any medium-term obligations, emergency loans, construction loans and other temporary loans not exceeding 10 years relating to the Project and of the incidental expenses incurred in connection with such loans;

j. The costs of any properties, rights, easements or other interests in properties, or any licenses, privileges, agreements and franchises;

k. The costs of demolishing, removing or relocating any buildings, structures or other facilities on land acquired for the Project, and of acquiring lands to which such buildings, structures or other facilities may be moved or relocated; and

l. All other expenses necessary or desirable and relating to the Project, as estimated or otherwise ascertained by the District. The Board hereby determines that the costs of issuance of the Bonds are necessary or desirable and related to the Project.

"Events of Default" means the events stated in the Bond Resolution.

"Federal Securities" means bills, certificates of indebtedness, notes, bonds or similar securities which are direct obligations of, or the principal and interest of which securities are unconditionally guaranteed by, the United States.

"Fiscal Year" means the 12 months commencing on July 1 of any calendar year and ending on June 30 of the next succeeding calendar year; but if the Nevada legislature changes

the statutory fiscal year relating to the District, the Fiscal Year shall conform to such modified statutory fiscal year from the time of each such modification, if any.

"General Taxes" or "Taxes" means general (ad valorem) taxes levied by the District against all taxable property within the boundaries of the District (unless otherwise qualified).

"Income Fund" means the special account designated as the "Truckee Meadows Fire Protection District, Nevada, Consolidated Tax Pledged Revenues Income Fund" previously created and continued in the Bond Resolution, which shall be held separate and apart from the Bond Fund.

"Independent Accountant" means any certified public accountant, or any firm of certified public accountants, duly licensed to practice and practicing as such under the laws of the State, as from time to time appointed and compensated by the District:

a. Who or which is, in fact, independent and not under the domination of the District;

b. Who or which does not have any substantial interest, direct or indirect, with the District, and

c. Who or which is not connected with the District as an officer or employee thereof, but who may be regularly retained to make annual or similar audits of any books or records of the District.

"Interest Account" means the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Interest Account," created in the Bond Resolution.

"Outstanding" when used with reference to the Bonds or any other designated securities and as of any particular date means all the Bonds or any such other securities payable from the Pledged Revenues, as the case may be, in any manner theretofore and thereupon being executed and delivered:

a. Except any Bond or other security canceled by the District, by the Paying Agent or otherwise on the District's behalf, at or before such date;

b. Except any Bond or other security the payment of which is then due or past due and moneys fully sufficient to pay the same are on deposit with the Paying Agent;

c. Except any Bond or other security for the payment or the redemption of which moneys at least equal to the District's Bond Requirements to the date of maturity or to any Redemption Date, shall have heretofore been deposited with a Trust Bank in escrow or in trust for that purpose, as provided in the Bond Resolution; and

d. Except any Bond or other security in lieu of or in substitution for which another bond or other security shall have been executed and delivered pursuant to the Bond Resolution.

"owner" or any similar term, when used in conjunction with any Bonds, or any other designated securities, means the registered owner of any Bonds or other security which is registrable for payment if it shall at the time be registered for payment otherwise than to bearer.

"Parity Securities" means the 2020 Bond and bonds or securities hereafter issued which have a lien on the Pledged Revenues that is on a parity with the lien thereon of the Bonds.

"Paying Agent" means Zions Bancorporation, National Association, or any successor which may be appointed from time to time as paying agent for the Bonds.

"Pledged Revenues" means a 15% portion of all income and revenue derived by the District from the imposition and collection of the Consolidated Tax and distributed to the District and imposed pursuant to the Consolidated Tax Act and the District. The Pledged Revenues means all or a portion of the Pledged Revenues. The designated term indicates sources of revenues and does not necessarily indicate all or any portion or other part of such revenues in the absence of further qualification. "Pledged Revenues" includes income derived from any supplemental Consolidated Tax imposed by the District if the Board is authorized to include and specifically elects to include the additional tax in "Pledged Revenues" for the remaining term of the Bonds.

"Principal Account" means the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Principal Account," created in the Bond Resolution.

"Project" means the means the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor.

"Project Act" means NRS 474.460 through 474.540, inclusive, as amended from time to time.

"Rebate Account" means the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Rebate Account" created in the Bond Resolution.

"Redemption Date" means a date fixed for the redemption prior to their respective maturities of any Bonds or other designated securities payable from any Pledged Revenues in any mandatory redemption schedules, or in any notice of prior redemption or otherwise fixed and designated by the District.

"Redemption Price" means, when used with respect to a Bond or other designated security payable from any Pledged Revenues, the principal amount thereof plus the applicable premium, if any, payable upon the redemption thereof prior to the stated maturity date of such Bond or other security on a Redemption Date in the manner contemplated in accordance with the security's terms.

"Registrar" means Zions Bancorporation, National Association, or any successor which may be appointed from time to time as registrar for the Bonds.

"Regular Record Date" means the 15th day of the calendar month next preceding each interest payment date.

"Special Record Date" means a special date fixed by the Paying Agent to determine the names and addresses of owners of the Bonds for the payment of any defaulted interest on any of the Bonds, as further provided in the Bond Resolution. At least 10 days' notice will be given by the Paying Agent electronically or otherwise to each owner of a Bond as stated on the Registrar's registration list at the close of business on a date fixed by the Paying Agent, stating the date of the Special Record Date and the due date fixed for the payment of such defaulted interest

"State" means the State of Nevada.

"Subordinate Securities" means bonds or securities which have a lien on the Pledged Revenues that is subordinate and junior to the lien thereon of the Bonds authorized in the Bond Resolution.

"Superior Securities" means bonds or securities which have a lien on the Pledged Revenues that is superior to the lien thereon of the 2020 Bond and the Bonds authorized in the Bond Resolution.

"Tax Code" means the Internal Revenue Code of 1986, as amended to the date of delivery of the Bonds.

"Taxes" means General Taxes.

"Trust Bank" means a state or national bank or trust company which is a member of the Federal Deposit Insurance Corporation and which is located within the United States, which bank is authorized to exercise and is exercising trust powers, and also means any branch of the Federal Reserve Bank.

Disposition of Bond Proceeds

The proceeds of the Bonds upon the receipt thereof at any time or from time to time, shall be credited to the Acquisition Account to be held by the District and used to pay the Cost of the Project, including but not limited to, the costs of issuing the Bonds.

Flow of Funds

So long as any of the Bonds shall be Outstanding, as to any Bond Requirements, the entire Pledged Revenues shall be set aside and credited immediately to the Income Fund.

So long as any of the Bonds shall be Outstanding, as to any Bond Requirements, the Income Fund shall be administered, and the moneys on deposit therein shall be applied in the following order of priority:

(a) First, from the Pledged Revenues, there will be credited to any bond fund created to pay the principal of, interest on and prior redemption premiums due on any Superior

Securities, including any rebate and reasonable reserve requirements therefor, issued in accordance with the provisions of the Bond Resolution:

(i) Monthly, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next maturing installment of interest on the Superior Securities then outstanding.

(ii) Monthly, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next installment of principal of the Superior Securities coming due at maturity, and an amount sufficient to pay the principal of, interest on and any prior redemption premiums due on the outstanding Superior Securities.

(b) Second, the following transfers will be concurrently credited to the Bond Fund with the transfers to the bond funds for the Parity Securities and any bond funds for Parity Securities hereafter issued, the following transfers shall be credited to the Bond Fund:

(i) Monthly, commencing on the first of the month following the date of delivery of the Bonds, an amount in equal monthly installments necessary, together with any other moneys available therefor, to pay the next maturing installment of interest on the Bonds, then Outstanding.

(ii) Monthly, commencing on the first of the month following the date of delivery of the Bonds, an amount in equal monthly installments necessary, together with any other moneys available therefor, to pay the next installment of principal of the Bonds coming due at maturity, and monthly thereafter, commencing on each principal payment date, one-twelfth of the amount necessary, together with any other moneys from time to time available therefore and on deposit therein, to pay the next installment of mandatory sinking fund requirements, if any.

No payment need be made into the Bond Fund, if the amounts in the Bond Fund total a sum at least equal to the entire amount of the Outstanding Bonds, as to all Bond Requirements, both accrued and not accrued, to their respective maturities, in which case moneys in that account in an amount at least equal to such Bond Requirements will be used solely to pay such Bond Requirements as the same become due; and any moneys in excess thereof in the Bond Fund, and any other moneys derived from the Pledged Revenues will be applied as provided in the Bond Resolution.

(c) Third, either concurrently with or subsequent to the payments required above, any moneys remaining in the Income Fund may be used by the District for the payment of Bond Requirements of additional bonds or other additional securities payable from the Pledged Revenues and hereafter authorized to be issued. The lien of such additional bonds or other additional securities on the Pledged Revenues and the pledge thereof for the payment of such additional securities will be superior to, on a parity with or subordinate to the lien and pledge of the Bonds. Payments for bond and reserve funds for any Superior Securities will be made concurrently with the payments for Superior Securities required above. Payments for bond and reserve funds for additional Parity Securities will be made concurrently with the payments for the

Bonds required above, but payments for bond and reserve funds for additional Subordinate Securities will be made after the payments required above for Superior or Parity Securities.

(d) Fourth, and subject to the above provisions but prior to the transfer of any Pledged Revenues to the payment of Subordinate Securities, there will be transferred into the Rebate Account such amounts as are required to be deposited therein to meet the District's obligations under "Tax Covenant" below with respect to the Bonds and any Parity Securities issued in accordance with the provisions of the Bond Resolution and in accordance with Section 148(f) of the Tax Code. Amounts in the Rebate Account will be used for the purpose of making the payments to the United States required by such covenant and Section 148(f) of the Tax Code. Any amounts in the Rebate Account in excess of those required to be on deposit therein by such covenant and Section 148(f) of the Tax Code may be withdrawn therefrom and used for any lawful purpose.

(e) Fifth, any Pledged Revenues thereafter remaining in the Income Fund may be used at any time during any Fiscal Year whenever in the Fiscal Year there shall have been credited to Bond Fund, to the Rebate Account and to each other bond fund, rebate account and reserve fund, if any, for the payment of any other securities payable from the Pledged Revenues, all amounts required to be deposited in those special accounts for such portion of the Fiscal Year, for any one or any combination of lawful purposes, or otherwise, as the District may from time to time determine.

Lien on the Bonds

The Bonds constitute an irrevocable lien (but not necessarily an exclusive lien) upon the Pledged Revenues on a parity with the 2020 Bond and any Parity Securities hereafter issued, subject to and after any superior liens upon such Pledged Revenues of any Superior Securities hereafter issued.

The Bonds, the 2020 Bond and any Parity Securities hereafter authorized to be issued and from time to time Outstanding are equally and ratably secured by a lien on the Pledged Revenues and shall not be entitled to any priority one over the other in the application of the Pledged Revenues, regardless of the time or times of the issuance of the Bonds and any other such securities, it being the intention of the District that there shall be no priority among the Bonds and any such Parity Securities, regardless of the fact that they may be actually issued and delivered at different times.

Superior or Parity Securities

The District may issue additional securities payable from the Pledged Revenues and constituting a lien thereon superior to or on a parity with, the lien thereon of the Bonds. The District may issue securities refunding all or a part of the Bonds (or funding or refunding any other then Outstanding securities payable from Pledged Revenues), as provided in "Refunding Securities" below; but before any such additional Superior or Parity Securities are authorized or actually issued (excluding any Superior or Parity refunding Securities other than any securities refunding Subordinate Securities):

(a) At the time of the adoption of the supplemental instrument authorizing the issuance of the additional securities, the District shall not be in default in making any required payments described at subsections (a), (b), (c), or (d) of the section entitled "Flow of Funds" above, with respect to any Superior or Parity Securities.

(b) Except as hereinafter otherwise provided: (1) the Pledged Revenues derived in the Fiscal Year immediately preceding the date of the issuance of the additional Superior or Parity Securities shall have been at least sufficient to pay an amount equal to the combined maximum annual principal and interest requirements (to be paid during any one Bond Year, commencing with the Bond Year in which the additional Superior or Parity Securities are issued and ending on the last Bond Year in which any then Outstanding Bonds last mature) of the Outstanding Bonds and any other Outstanding Superior or Parity Securities of the District and the bonds or other securities proposed to be issued (excluding the reserves therefor); or, (2) the Pledged Revenues estimated by the District Chief Fiscal Officer, an independent feasibility consultant or an Independent Accountant to be derived in the first five Fiscal Years immediately succeeding the issuance of the other additional Superior or Parity Securities proposed to be issued, shall be at least equal to maximum annual principal and interest requirements to be paid during such Comparable Bond Year (the "Earnings Test").

(c) In the computation of the Earnings Test, the amount of the Pledged Revenues for the next preceding Fiscal Year must be decreased and may be increased by the amount of any loss or gain conservatively estimated by the District Chief Fiscal Officer, independent feasibility consultant or Independent Accountant making the computation, which loss or gain results from any change in the rate of the levy of that part of the Consolidated Tax constituting a part of the Pledged Revenues which change took effect during the next preceding Fiscal Year or thereafter prior to the issuance of such Superior or Parity Securities, as if such modified rate shall have been in effect during the entire next preceding Fiscal Year, if such change shall have been made by the District before the computation of the designated Earnings Test but made in the same Fiscal Year as the computation is made or in the next preceding Fiscal Year.

Subordinate Securities

Subject to the requirements in the Bond Resolution, the District may issue Superior Securities secured by and payable from the Pledged Revenues having a lien thereon prior and superior to the lien thereon of the Bonds, the 2020 Bond and the Parity Securities; however such Superior Securities shall not be issued as general obligations of the District.

Refunding Securities

Refunding bonds or other refunding securities issued, unless issued as Subordinate Securities, will enjoy complete equality of lien with the portion of any securities of the same issue which is not refunded, if there is any; and the owner or owners of the refunding securities will be subrogated to all of the rights and privileges enjoyed by the owner or owners of the unrefunded securities of the same issue partially refunded by the refunding securities.

If only a part of the Outstanding Bonds and other Outstanding securities of any issue or issues payable from the Pledged Revenues is refunded, then such securities may not be refunded without the consent of the owner or owners of the unrefunded portion of such securities:

(a) Unless the refunding securities do not increase for any Bond Year the annual principal and interest requirements evidenced by the refunding securities and by the Outstanding securities not refunded on and before the last maturity date or last Redemption Date, if any, whichever is later, of the unrefunded securities, and unless the lien of any refunding bonds or other refunding securities on the Pledged Revenues is not raised to a higher priority than the lien thereon of the bonds or other securities thereby refunded; or

(b) Unless the lien on any Pledged Revenues for the payment of the refunding securities is subordinate to each such lien for the payment of any securities not refunded; or

(c) Unless the refunding bonds or other refunding securities are issued in compliance with the requirements listed above under "Superior or Parity Securities".

Bondowner's Remedies

Each owner of any Bond shall be entitled to all of the privileges, rights and remedies provided or permitted in the Project Act and the Bond Act, and as otherwise provided or permitted by law or in equity or by other statutes, except as provided in the Bond Resolution, through but subject to the provisions in the Bond Resolution concerning the pledge of and the covenants and the other contractual provisions concerning the Pledged Revenues and the proceeds of the Bonds.

Events of Default

Each of the following events is an "event of default" under the Bond Resolution:

(a) Payment of the principal of any of the Bonds, or any prior redemption premium due in connection therewith, or both, is not made when the same becomes due and payable, at maturity, on the mandatory redemption dates specified in the Bond Resolution, or by proceedings for optional prior redemption, or otherwise;

(b) Payment of any installment of interest on the Bonds is not made when the same becomes due and payable;

(c) The District for any reason is rendered incapable of fulfilling its obligations hereunder;

(d) The District fails to carry out and to perform (or in good faith to begin the performance of) all acts and things lawfully required to be carried out or to be performed by it under any contract relating to the Pledged Revenues, or otherwise, including, without limitation, the Bond Resolution, and such failure continues for 60 days after receipt of notice from the owners of 10% in principal amount of the Bonds then Outstanding;

(e) An order or decree is entered by a court of competent jurisdiction with the consent or acquiescence of the District appointing a receiver or receivers for the Pledged Revenues

and any other moneys subject to the lien to secure the payment of the Bonds, or if an order or decree having been entered without the consent or acquiescence of the District is not vacated or discharged or stayed on appeal within 60 days after entry; and

(f) The District makes any default in the due and punctual performance of any other of the representations, covenants, conditions, agreements and other provisions contained in the Bonds or in the Bond Resolution on its part to be performed, and if the default continues for 60 days after written notice specifying the default and requiring the same to be remedied is given to the District by the owners of 10% in principal amount of the Bonds then Outstanding.

Remedies for Default

Upon the happening and continuance of any of the events of default described in (a) through (f) above, then and in every case the owner or owners or not less than 10% in principal amount of the Bonds then Outstanding, including, without limitation, a trustee or trustees therefor, may proceed against the District and its agents, officers and employees to protect and to enforce the rights of any owner of Bonds under the Bond Resolution by mandamus or by other suit, action or special proceedings in equity or at law, in any court of competent jurisdiction, either for the appointment of a receiver or for the specific performance of any covenant or agreement contained in the Bond Resolution or in an award of execution of any power granted in the Bond Resolution for the enforcement of any proper, legal or equitable remedy as the owner or owners may deem most effectual to protect and to enforce the rights, or thereby to enjoin any act or thing which may be unlawful or in violation of any right of any owner of any Bond, or to require the District to act as it if were the trustee of an express trust, or any combination of such remedies. All proceedings at law or in equity shall be instituted, had and maintained for the equal benefit of all owners of the Bonds and any Parity Securities then Outstanding.

Amendment of the Bond Resolution

The Bond Resolution may be amended by the District in accordance with the laws of the State, without receipt by the District of any additional consideration, and without the consent of or notice to the holders of the Bonds, for the purpose of curing any ambiguity or formal defect or omission herein or for any reason which does not materially adversely affect the interests of the owners of the Bonds. The Bond Resolution may be amended or supplemented by instruments adopted by the District in accordance with the laws of the State, without receipt by the District of any additional consideration, but with the written consent of the insurer of the Bonds, if any, or the owners of a majority in aggregate principal amount of the Bonds authorized by the Bond Resolution and Outstanding at the time of the adoption of the amendatory or supplemental instrument, excluding any Bonds which may then be held or owned for the account of the District, but including such refunding securities as may be issued for the purpose of refunding any of the Bonds if the refunding securities are not owned by the District. No such instrument shall permit without the written consent of the insurer of the Bonds, if any, and all owners of the Bonds adversely and materially affected thereby:

(a) A change in the maturity or in the terms of redemption of the principal of any Outstanding Bond or any installment of interest thereon; or

(b) A reduction in the principal amount of any Bond, the rate of interest thereon, or any prior redemption premium payable in connection therewith; or

(c) A reduction of the percentages or otherwise affecting the description of Bonds the consent of the owners of which is required for any modification or amendment; or

(d) The establishment of priorities as between Bonds issued and Outstanding under the provisions of the Bond Resolution; or

(e) The modifications of or otherwise materially and prejudicially affecting the rights or privileges of the owners of less than all of the Bonds then Outstanding.

Whenever the District proposes to amend or modify the Bond Resolution, it will cause notice of the proposed amendment to be given not later than 30 days prior to the date of the proposed enactment of the amendment by sending electronically or otherwise to the insurer of the Bonds, if any, the Paying Agent, the Registrar, and the owner of each of the Bonds Outstanding. The notice will briefly set forth the nature of the proposed amendment and will state that a copy of the proposed amendatory instrument is on file in the office of the Secretary for public inspection.

Whenever at any time within one year from the date of such notice, there shall be filed in the office of the Secretary an instrument or instruments executed by the insurer of the Bonds, if any, or the owners of at least a majority in aggregate principal amount of the Bonds then Outstanding, which instrument or instruments shall refer to the proposed amendatory instrument described in the notice and shall specifically consent to and approve the adoption of the instrument; thereupon, but not otherwise, the District may adopt the amendatory instrument and the instrument shall become effective.

If the insurer of the Bonds, if any, or the owners of at least a majority in aggregate principal amount of the Bonds Outstanding, at the time of the adoption of the amendatory instrument, or the predecessors in title of such owners shall have consented to and approved the adoption thereof as herein provided, no owner of any Bond, whether or not the owner shall have consented to or shall have revoked any consent as provided in the Bond Resolution, shall have any right or interest to object to the adoption of the amendatory instrument or to object to any of the terms or provisions therein contained or to the operation thereof or to enjoin the District from taking any action pursuant to the provisions thereof.

Any consent to an amendment to the Bond Resolution given by the owner of a Bond shall be irrevocable for a period of 6 months from the date of the notice as described above, and shall be conclusive and binding upon all future owners of the same Bond during that period. The consent may be revoked at any time after 6 months from the date of the above-described notice ¬by the owner who gave the consent or by a successor in title by filing notice of the revocation with the Secretary, but the revocation shall not be effective if the owners of a majority in aggregate principal amount of the Bonds Outstanding, before the attempted revocation, consented to and approved the amendatory instrument referred to in the revocation.

If the insurer of the Bonds, if any, or the owners of all the then Outstanding Bonds consent, the terms and the provisions of the Bond Resolution or of any instrument amendatory thereof or supplemental thereto and the rights and the obligations of the District and of the owners

of the Bonds thereunder may be modified or amended in any respect upon the adoption by the District and upon the filing with the Secretary of an instrument to that effect, and no notice to the insurer of the Bonds, if any, or the owners of Bonds shall be required, nor shall the time of consent be limited except as may be provided in the consent.

Performance of Duties Covenant

The District shall faithfully and punctually perform or cause to be performed all duties with respect to the Pledged Revenues and the Project required by the Constitution and laws of the State and the various resolutions, ordinances and other instruments of the District, including, without limitation, the proper segregation of the proceeds of the Bonds and the Pledged Revenues and their application from time to time to the respective accounts provided therefor.

Further Assurances Covenant

At any and all times the District, except when otherwise required by law, shall, so far as it may be authorized by law, pass, make, do, execute, acknowledge, deliver and file or record all and every such further instruments, acts, deeds, conveyances, assignments, transfers, other documents and assurances as may be necessary or desirable for the better assuring, conveying, granting, assigning and confirming all and singular the rights, the Pledged Revenues, and other moneys and accounts hereby pledged or assigned, or which the District may hereafter become bound to pledge or to assign, or as may be reasonable and required to carry out the purposes of the Resolution and to comply with the Project Act, the Bond Act and all laws supplemental thereto. The District shall at all times, to the extent permitted by law, defend, preserve and protect the pledge of the Pledged Revenues and other moneys and accounts pledged hereunder and all the rights of every owner of any Bonds against all claims and demands of all Persons whomsoever.

Conditions Precedent Covenant

Upon the date of issuance of any Bonds, all conditions, acts and things required by the Constitution or statutes of the State, including without limitation, the Project Act, the Consolidated Tax Act and the Bond Act, or the Resolution, to exist, to have happened, and to have been performed precedent to or in the issuance of the Bonds shall exist, have happened, and have been performed; and the Bonds, together with all other obligations of the District, shall not contravene any debt or other limitation prescribed by the State Constitution or statutes.

Covenant to Perform

The District shall observe and perform all of the terms and conditions contained in the Resolution and the Project Act, the Bond Act and all laws supplemental thereto and shall comply with all valid acts, rules, regulations, orders and directives of any legislative, executive, administrative of judicial body applicable to the Project, to any such other facilities, or to the District.

Protective Security Covenant

The District and the officers, agents and employees of the District shall not take any action in such manner or to such extent as might prejudice the security for the payment of the Bond Requirements of the Bonds and any other securities payable from the Pledged Revenues according to the terms thereof. No contract shall be entered into nor any other action taken by which the rights of any owner of any Bond or other security payable from the Pledged Revenues might be prejudicially and materially impaired or diminished.

Accumulation of Interest Claims Covenant

In order to prevent any accumulation of coupons or claims for interest after maturity, the District shall not directly or indirectly extend or assent to the extension of the time for the payment of any coupon or claim for interest on any of the Bonds or any other securities payable from the Pledged Revenues; and the District shall not directly or indirectly be a party to or approve any arrangements for any such extension or for the purpose of keeping alive any of such coupons or other claims for interest. If the time for the payment of any such coupons or of any other such installment of interest shall be extended in contravention of the foregoing provisions, such coupon or installment or installments of interest after such extension or arrangement shall not be entitled in case of default hereunder to the benefit or the security of the Resolution, except upon the prior payment in full of the principal of all Bonds and any such other securities then Outstanding and of all matured interest on such securities the payment of which has not been extended.

Use of Bond Fund Covenant

The Bond Fund shall be used solely, and the moneys credited to such account are hereby pledged, for the purpose of paying the Bond Requirements of the Bonds, subject to the provisions concerning surplus moneys in the Bond Resolution.

Additional Securities Covenant

Any other securities hereafter authorized to be issued and payable from the Pledged Revenues shall not hereafter be issued, unless the additional securities are also issued in conformance with the provisions of the Bond Resolution.

Other Liens Covenant

Other than as provided herein, there are no liens or encumbrances of any nature whatsoever on or against the Project, or any part thereof, or on or against the Pledged Revenues derived or to be derived.

Corporate Existence Covenant

The District shall maintain its corporate identity and existence so long as any of the Bonds remain Outstanding, unless another body corporate and politic by operation of law succeeds to the powers, privileges, rights, liabilities, disabilities, duties and immunities of the District and

is obligated by law to fix and collect the Pledged Revenues as herein provided without adversely affecting to any substantial degree at any time the privileges and rights of any owner of any Outstanding Bond.

Collection of Pledged Revenues Covenant

The Pledged Revenues distributed to the District shall be used for the payment of the Bond Requirements of all securities payable from the Pledged Revenues, including reasonable reserves therefor, as herein provided and the payment of expenses of the Project in each Fiscal Year and any amounts required to meet then existing deficiencies relating to any account relating to the Pledged Revenues or any securities payable therefrom.

Records Covenant

So long as any of the Bonds and any other securities payable from the Pledged Revenues remain Outstanding, proper records shall be kept by the District, separate and apart from all other records and accounts, showing complete and correct entries of all transactions relating to the Pledged Revenues.

Rights Concerning Records of Pledged Revenues Covenant

Any owner of any of the Bonds or any other securities payable from the Pledged Revenues, or any duly authorized agent or agents of such owner, shall have the right at all reasonable times to inspect all records, accounts and data relating thereto, concerning the Pledged Revenues and to make copies of such records, accounts and data.

Tax Levies Covenant

The District annually shall levy, or cause to be levied, General Taxes on all taxable property in the District fully sufficient to pay the Bond Requirements of Outstanding Bonds (and any other indebtedness or other obligations of the District), except to the extent other revenues are available therefor, including, without limitation, the Pledged Revenues pledged for the payment of the Bonds, as the Bond Requirements accrue, reasonable allowance being made for delinquent tax collections anticipated at the time of each levy, at the time and in the manner provided by law for levying other Taxes; and the District and the Board shall require the officers of the District to levy, extend, and collect General Taxes in the manner provided by law for the purpose of creating funds for the payment of the Bond Requirements of the Bonds, other indebtedness, or general obligations. General Taxes for the Bonds, when collected, shall be kept for and applied only to the payment of the Bond Requirements of the Bonds, as provided in the Bond Resolution.

Completion of the Project Covenant

The District, with the proceeds derived from the sale of the Bonds and any other available moneys, shall proceed to cause the Project to be completed without delay to the best of the District's ability and with due diligence, as herein provided.

Continuing Disclosure Undertaking Covenant

The District covenants for the benefit of the holders and beneficial owners of the Bonds to comply with the provisions of the final Continuing Disclosure, to be executed by the District Chief Fiscal Officer, Fire Chief or designee and delivered in connection with the delivery of the Bonds. Failure to comply with the Continuing Disclosure Certificate shall not constitute a default under the Bonds.

Tax Covenant

The District covenants in the Bond Resolution for the benefit of the owners of the Bonds that it will not take any action or omit to take any action with respect to the Bonds, the proceeds thereof, any other funds of the District or any project refinanced with the proceeds of the Bonds if such action or omission (i) would cause the interest on the Bonds to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Tax Code, or (ii) would cause interest on the Bonds to lose its exclusion from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. The foregoing covenant will remain in full force and effect notwithstanding the payment in full or defeasance of the Bonds until the date on which all obligations of the District in fulfilling the above covenant under the Tax Code have been met.

APPENDIX C

BOOK-ENTRY ONLY SYSTEM

DTC will act as securities depository for the 2021 Bonds. The 2021 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered 2021 Bond certificate will be issued for each maturity of the 2021 Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of 2021 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2021 Bonds on DTC's records. The ownership interest of each actual purchaser of each 2021 Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2021 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in 2021 Bonds, except in the event that use of the book-entry system for the 2021 Bonds is discontinued.

To facilitate subsequent transfers, all 2021 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of 2021 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2021 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2021 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of 2021 Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the 2021 Bonds, such as redemptions, tenders, defaults, and proposed amendments to the 2021 Bond documents. For example, Beneficial Owners of 2021 Bonds may wish to ascertain that the nominee holding the 2021 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the 2021 Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the 2021 Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts 2021 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, interest and redemption proceeds on the 2021 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, interest or redemption proceeds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the 2021 Bonds at any time by giving reasonable notice to the District or the Registrar and Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, 2021 Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, 2021 Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

APPENDIX D

FORM OF CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (the "Disclosure Certificate") is executed and delivered by Truckee Meadows Fire Protection District, Nevada (the "Issuer") in connection with the issuance of the Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021 in the aggregate principal amount of $7,000,000 (the "Bonds"). The Bonds are being issued pursuant to the resolution adopted by the Board of Fire Commissioners of the Issuer on June 1, 2021 (the "Resolution"). The Issuer covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the Issuer for the benefit of the holders and beneficial owners of the Bonds and in order to assist the Participating Underwriter in complying with Rule 15c2-12(b)(5) of the Securities and Exchange Commission (the "SEC").

SECTION 2. Definitions. In addition to the definitions set forth in the Ordinance or parenthetically defined herein, which apply to any capitalized terms used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"Annual Report" shall mean any Annual Report provided by the Issuer pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

"Dissemination Agent" shall mean, initially, the Issuer, or any successor Dissemination Agent designated in writing by the Issuer and which has filed with the Issuer a written acceptance of such designation.

"Financial Obligation" shall mean a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation, or (iii) guarantee of (i) or (ii). The term Financial Obligation shall not include municipal securities as to which a final official statement has been provided to the Municipal Securities Rulemaking Board in compliance with the Rule.

"Material Events" shall mean any of the events listed in Section 5 of this Disclosure Certificate.

"MSRB" shall mean the Municipal Securities Rulemaking Board. The MSRB's required method of filing is electronically via its Electronic Municipal Market Access (EMMA) system available on the Internet at http://emma.msrb.org.

"Participating Underwriter" shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with an offering of the Bonds.

"Rule" shall mean Rule 15c2-12(b)(5) adopted by the SEC under the Securities Exchange Act of 1934, as the same may be amended from time to time.

SECTION 3. Provision of Annual Reports.

(a) The Issuer shall, or shall cause the Dissemination Agent to, not later than nine (9) months following the end of the Issuer's fiscal year of each year, commencing nine (9) months following the end of the Issuer's fiscal year ending June 30, 2021, provide to the MSRB in an electronic format as prescribed by the MSRB, an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. Not later than five (5) business days prior to said date, the Issuer shall provide the Annual Report to the Dissemination Agent (if other than the Issuer). The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate; provided that the audited financial statements of the Issuer may be submitted separately from the balance of the Annual Report.

(b) If the Issuer is unable to provide to the MSRB an Annual Report by the date required in subsection (a), the Issuer shall send or cause to be sent a notice in substantially the form attached as Exhibit A to the MSRB.

(c) The Dissemination Agent shall:

(i) determine each year prior to the date for providing the Annual Report the appropriate electronic format prescribed by the MSRB;

(ii) if the Dissemination Agent is other than the Issuer, send written notice to the Issuer at least 45 days prior to the date the Annual Report is due stating that the Annual Report is due as provided in Section 3(a) hereof; and

(iii) if the Dissemination Agent is other than the Issuer, file a report with the Issuer certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, stating the date it was provided and listing all the entities to which it was provided.

SECTION 4. Content of Annual Reports. The Issuer's Annual Report shall contain or incorporate by reference the following:

(a) A copy of its annual financial statements prepared in accordance with generally accepted accounting principles audited by a firm of certified public accountants. If audited annual financial statements are not available by the time specified in Section 3(a) above, unaudited financial statements will be provided as part of the Annual Report and audited financial statements will be provided when and if available.

(b) An update of the type of information identified in Exhibit B hereto, which is contained in the tables in the Official Statement with respect to the Bonds(excluding projections, forecasts and budgeted information which are not required to be updated).

Any or all of the items listed above may be incorporated by reference from other documents, including official statements of debt issues of the Issuer or related public entities, which are available to the public on the MSRB's Internet Web Site or filed with the SEC. The Issuer shall clearly identify each such document incorporated by reference.

SECTION 5. Reporting of Material Events. The Issuer shall provide or cause to be provided, in a timely manner not in excess of 10 business days after the occurrence of the event, notice of any of the following events with respect to the Bonds:

(a) Principal and interest payment delinquencies;

(b) Non-payment related defaults, if material;

(c) Unscheduled draws on debt service reserves reflecting financial difficulties;

(d) Unscheduled draws on credit enhancements reflecting financial difficulties;

(e) Substitution of credit or liquidity providers, or their failure to perform;

(f) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other events affecting the tax status of the Bonds;

(g) Modifications to rights of bondholders, if material;

(h) Bond calls, if material, and tender offers;

(i) Defeasances;

(j) Release, substitution or sale of property securing repayment of the Bonds, if material;

(k) Rating changes;

(l) Bankruptcy, insolvency, receivership or similar event of the obligated person[1];

(m) The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms if material;

[1] For the purposes of the event identified in subparagraph (b)(5)(i)(C)(12), the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governing body and official or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

(n) Appointment of a successor or additional trustee or the change of name of a trustee, if material;

(o) Incurrence of a Financial Obligation of the obligated person, if material, or an agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the obligated person, any of which affect security holders, if material; and

(p) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of an obligated person, any of which reflect financial difficulties.

SECTION 6. Format; Identifying Information. All documents provided to the MSRB pursuant to this Disclosure Certificate shall be in the format prescribed by the MSRB and accompanied by identifying information as prescribed by the MSRB.

As of the date of this Disclosure Certificate, all documents submitted to the MSRB must be in portable document format (PDF) files configured to permit documents to be saved, viewed, printed and retransmitted by electronic means. In addition, such PDF files must be word-searchable, provided that diagrams, images and other non-textual elements are not required to be word-searchable.

SECTION 7. Termination of Reporting Obligation. The Issuer's obligations under this Disclosure Certificate shall terminate upon the earliest of: (i) the date of legal defeasance, prior redemption or payment in full of all of the Bonds; (ii) the date that the Issuer shall no longer constitute an "obligated person" within the meaning of the Rule; or (iii) the date on which those portions of the Rule which require this written undertaking are held to be invalid by a court of competent jurisdiction in a non-appealable action, have been repealed retroactively or otherwise do not apply to the Bonds.

SECTION 8. Dissemination Agent. The Issuer may, from time to time, appoint or engage a Dissemination Agent to assist the Issuer in carrying out its obligations under this Disclosure Certificate, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent.

SECTION 9. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the Issuer may amend this Disclosure Certificate, and may waive any provision of this Disclosure Certificate, without the consent of the holders and beneficial owners of the Bonds, if such amendment or waiver does not, in and of itself, cause the undertakings herein (or action of any Participating Underwriter in reliance on the undertakings herein) to violate the Rule, but taking into account any subsequent change in or official interpretation of the Rule. The Issuer will provide notice of such amendment or waiver to the MSRB.

SECTION 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Material Event, in addition to that which is required by this Disclosure Certificate. If the Issuer chooses to include

any information in any Annual Report or notice of occurrence of a Material Event in addition to that which is specifically required by this Disclosure Certificate, the Issuer shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Material Event.

SECTION 11. Default. In the event of a failure of the Issuer to comply with any provision of this Disclosure Certificate, any holder or beneficial owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Issuer to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an event of default under the Ordinance, and the sole remedy under this Disclosure Certificate in the event of any failure of the Issuer to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 12. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the Issuer, the Dissemination Agent, the Participating Underwriter, and the holders and beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity.

APPENDIX E

FORM OF APPROVING OPINION OF BOND COUNSEL

[closing date]

Truckee Meadows Fire Protection District, Nevada
3663 Barron Way
Reno, NV 89511

$_____
Truckee Meadows Fire Protection District, Nevada
General Obligation (Limited Tax) Capital Improvement Bonds
(Additionally Secured by Pledged Revenues)
Series 2021

Ladies and Gentlemen:

We have acted as bond counsel to Truckee Meadows Fire Protection District, Nevada (the "District" and the "State," respectively), in connection with the issuance of its Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021 in the aggregate principal amount of $_____ (the "Bonds"), pursuant to an authorizing ordinance adopted and approved by the Board of Fire Commissioners on June 1, 2021 (the "Bond Resolution"). In such capacity, we have examined the District's certified proceedings and such other documents and such law of the State and of the United States of America as we have deemed necessary to render this opinion letter. Capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the Bond Resolution.

Regarding questions of fact material to our opinions, we have relied upon the District's certified proceedings and other representations and certifications of public officials and others furnished to us without undertaking to verify the same by independent investigation.

Based upon such examination, it is our opinion as bond counsel that:

1. The Bonds constitute the valid and binding limited tax general obligations of the District.

2. All of the taxable property in the District is subject to the levy of annual general (ad valorem) taxes to pay the Bonds, subject to the limitations imposed by the Constitution and laws of the State.

3. As provided in the Bond Resolution and in accordance with the provisions of NRS 361.463, taxes levied for the payment of the bonded indebtedness (including the Bonds) of all overlapping units within the boundaries of the District (i.e., the State, the District, and any other political subdivision therein) and for the payment of interest on such indebtedness enjoy a priority over taxes levied by each such unit (including, without limitation, the State and the

District) for all other purposes (subject to any exception implied by law for the exercise of the police power) where reduction is necessary in order to comply with NRS 361.453.

4. The Bonds are additionally secured by and payable from the Pledged Revenues. The Bond Resolution creates a valid lien on the Pledged Revenues and the Bond Fund pledged therein for the security of the Bonds on a parity with the lien thereon of the Outstanding Parity Securities, superior and prior to the lien thereon of any Outstanding Subordinate Securities hereafter issued and subordinate to the lien thereon of any Outstanding Superior Securities hereafter issued. Except as described in this paragraph, we express no opinion regarding the priority of the lien on the Pledged Revenues or on the Bond Fund created by the Bond Resolution.

5. Interest on the Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date hereof (the "Tax Code"), and interest on the Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. The opinions expressed in this paragraph assume continuous compliance with the covenants and continued accuracy of the representations contained in the District's certified proceedings and in certain other documents and certain other certifications furnished to us.

6. Under the laws of the State in effect as of the date hereof, the Bonds, their transfer, and the income therefrom are free and exempt from taxation by the State or any subdivision thereof, except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to Chapter 375B of NRS.

The opinions expressed in this opinion letter are subject to the following:

The obligations of the District incurred pursuant to the Bonds and the Bond Resolution may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

The Bond has been designated by the District as a "qualified tax-exempt obligation" for purposes of Section 265(b)(3) of the Tax Code.

In this opinion letter issued in our capacity as bond counsel, we are opining only upon those matters set forth herein, and we are not passing upon the accuracy, adequacy or completeness of the Official Statement relating to the Bonds or any other statements made in connection with any offer or sale of the Bonds or upon any state or federal or state tax consequences arising from the receipt or accrual of interest on or the ownership or disposition of the Bonds, except those specifically addressed herein.

This opinion letter is issued as of the date hereof and we assume no obligation to revise or supplement this opinion letter to reflect any facts or circumstances that may hereafter come to our attention or any changes in laws that may hereafter occur.

Respectfully submitted,

APPENDIX F

OFFICIAL NOTICE OF BOND SALE

**$7,000,000*
TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA
GENERAL OBLIGATION (LIMITED TAX)
CAPITAL IMPROVEMENT BONDS
(ADDITIONALLY SECURED BY PLEDGED REVENUES)
SERIES 2021**

PUBLIC NOTICE IS HEREBY GIVEN that the Board of Fire Commissioners of Truckee Meadows Fire Protection District, Nevada (the "Board," the "District," and the "State," respectively), on:

July 7, 2021

at the hour of

8:30 a.m.

local time, the District will receive and cause to be publicly opened sealed bids for the purchase of the bonds of the District particularly described below (collectively, the "Bonds") electronically via PARITY, a Division of Thomson Financial Municipals Group, Inc. ("PARITY"), as described under "BID PROPOSALS" below. Bids delivered via PARITY must be received by the time listed above or at such other date and time as is announced by the District via PARITY prior to the bid opening. No bids will be received by mail.

BOND PROVISIONS

THE BONDS: Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021, in the aggregate principal amount of $7,000,000* (the "Bonds") will be dated as of the date of delivery, and will be issued in fully registered, book entry form in denominations of $5,000 or any integral multiple thereof. The Bonds will be issued by means of a book entry system with no physical distribution of bonds to the public. See "BOOK ENTRY/TRANSFER AND EXCHANGE" below.

MATURITY SCHEDULE: The Bonds are expected to mature on the dates (subject to adjustment as described below) as set forth below in the preliminary official statement dated June 18, 2021 (the "Preliminary Official Statement") or as otherwise set forth on PARITY (the "2021 Maturity Schedule").

* Preliminary, subject to change.

BIDDERS ARE ADVISED THAT A REVISED MATURITY SCHEDULE MAY BE RELEASED VIA THOMSON MUNICIPAL NEWS OR BLOOMBERG PRIOR TO THE BID OPENING.

NO DISCOUNT OR PAR BIDS PERMITTED; PREMIUM REQUIRED: Any bidder is required to offer to purchase the Bonds at a net premium bid of no less than 102.3% ($7,161,000.00). The premium bid is subject to adjustment as provided under "ADJUSTMENT OF MATURITIES" below. A discount may not be bid and a par bid may not be bid.

ADJUSTMENTS OF MATURITIES AFTER DETERMINATION OF BEST BID: The aggregate principal amount and the principal amount of each maturity of the Bonds (before inclusion into a term Bond, if any) are subject to adjustment by the District, after the determination of the best bid. Changes to be made will be communicated to the successful bidder at the time of award of the Bonds to the successful bidder. Such changes will not reduce or increase the aggregate principal amount of the Bonds (or each maturity) by more than $100,000 or ten percent (10%), whichever is greater. The price bid (i.e., par plus the premium bid) by a successful bidder may be changed as described below, but the interest rates specified by the successful bidder for all maturities will not change. A successful bidder for may not withdraw its bid as a result of any changes made within these limits. The price bid will be changed so that the percentage net compensation to the successful bidder (i.e., the percentage resulting from dividing (i) the aggregate difference between the offering price of the Bonds to the public and the price to be paid to the District (excluding any bond insurance premium), by (ii) the principal amount of the Bonds) does not increase or decrease from what it would have been if no adjustment was made to the principal amounts submitted by the bidder electronically via PARITY (see "TERMS OF SALE" below).

To facilitate any adjustment in the principal amounts and price bid, the successful bidder is required to indicate by electronic transmission to Cindy Vance, the Chief Fiscal Officer at cvance@tmfpd.us and John Peterson at john@jnaconsultinggroup.com no later than one-half hour after the bid opening, the amount of any original issue premium on each maturity of the Bonds for which a bid was submitted by the bidder, the amount received from the sale of the Bonds for which a bid was submitted by the bidder to the public that will be retained by such successful bidder as its compensation, and in the case of a bid submitted with bond insurance, the cost of the insurance premium.

OPTIONAL PRIOR REDEMPTION: The Bonds, or portions thereof ($5,000 or any integral multiple), maturing on and after June 1, 2032, will be subject to redemption prior to their respective maturities at the option of the District as directed by the Chief Fiscal Officer on and after June 1, 2031, in whole or in part at any time, from such maturities as are selected by the District as directed by the Chief Fiscal Officer and if less than all the Bonds of a maturity are to be redeemed, the Bonds of such maturity are to be selected by lot (giving proportionate weight to Bonds in denominations larger than $5,000), at a price equal to the principal amount of each Bond or portion thereof so redeemed plus accrued interest thereon to the redemption date.

Redemption will be made in the manner and upon the conditions to be provided in the Bond Resolution.

MANDATORY SINKING FUND REDEMPTION: A bidder may request that the Bonds maturing on or after June 1, 2032, be included in a term bond or term bonds (the "Term Bonds"). Amounts included as a Term Bond must consist of consecutive maturities of the Bonds, must bear the same rate of interest and must include the entire principal amount for any maturity included in the Term Bond (i.e., the principal amount maturing in any year may not be divided between a serial maturity and a mandatory sinking fund redemption). After the bidder has created Term Bond(s), no more serial Bonds may be structured. Any such Term Bond will be subject to mandatory sinking fund redemption in installments in the same amounts and on the same dates as the Bonds would have matured if they were not included in a Term Bond or Term Bonds. Bonds redeemed pursuant to the mandatory sinking fund redemption provisions will be redeemed at a redemption price equal to the principal amount of the Bonds to be redeemed plus accrued interest to the redemption date in the manner and as otherwise provided in the Bond Resolution. Any election to designate the Bonds as being included in a Term Bond must be made at the time of submitting a bid (see "TERMS OF SALE-BID PROPOSALS" below).

INTEREST RATES AND LIMITATIONS: The following interest limitations are applicable to the Bonds:

(a) Interest on the Bonds will be payable on June 1 and December 1 of each year commencing on December 1, 2021.

(b) The interest rate specified for any maturity of the Bonds and the True Interest Cost (see "Basis of Award" below) of the Bonds may not exceed by more than 3% the "Index of Twenty Bonds" which is most recently published in The Bond Buyer before the bids are received.

(c) Only one interest rate can be stated for any maturity of the Bonds, i.e., all Bonds with the same maturity date must bear the same rate of interest.

(d) Each interest rate specified for the Bonds must be stated in a multiple of 1/8th or 1/20th of 1% per annum.

(e) Each Bond as initially issued will bear interest from its date to its stated maturity date at the interest rate stated in the bid. A zero rate of interest may not be named.

It is permissible to bid different interest rates for the Bonds, but only as stated in the bid and subject to the above limitations. If any Bond is not paid upon presentation at maturity, it will draw interest at the same rate until principal is paid in full.

BOOK ENTRY/TRANSFER AND EXCHANGE: The Bonds will be issued as fully registered book entry bonds in the denomination of $5,000 or any integral multiple thereof. The Bonds will be issued in registered form and one bond certificate for each maturity of the Bonds will be issued to The Depository Trust Company, New York, New York ("DTC"), registered in the name of its nominee, Cede & Co., and immobilized in their custody. A book entry system will be employed, evidencing ownership of the Bonds in principal amounts of $5,000 or any integral

multiple thereof, with transfers of ownership effected on the records of DTC and its participants pursuant to rules and procedures adopted by DTC and its participants. The successful bidders, as a condition to delivery of the Bonds, will be required to deposit the Bond certificates with DTC, registered in the name of Cede & Co. Principal of and interest on the Bonds will be payable by the Paying Agent by wire transfer or in clearing house funds to DTC or its nominee as registered owner of the Bonds. Transfer of principal and interest payments to participants of DTC will be the responsibility of DTC. Transfer of principal and interest payments to the beneficial owners by participants of DTC will be the responsibility of such participants and other nominees of beneficial owners. Neither the District nor the Paying Agent will be responsible or liable for payments by DTC to its participants or by DTC participants to beneficial owners or for maintaining, supervising or reviewing the records maintained by DTC, its participants or persons acting through such participants.

It is permissible to bid different interest rates for the Bonds, but only as stated in the bid and subject to the above limitations.

PAYMENT: The principal of the Bonds shall be payable at the office of Zions Bancorporation, National Association, as Paying Agent, to the registered owner thereof (i.e. Cede & Co.) as shown on the registration records of Zions Bancorporation, National Association, as Registrar, upon maturity thereof, upon presentation and surrender of such Bond at such Paying Agent, or any other office as designated by the Paying Agent. Payment of interest on any Bond shall be made to the registered owner thereof (i.e. Cede & Co.) by check or draft mailed by the Paying Agent, on or before each interest payment date (or if such date is not a business day, on or before the next succeeding business date), to the registered owner thereof at the address as it appears on the registration records of the Registrar as of the close of business on the fifteenth day of the calendar month next preceding each interest payment date (other than a special interest payment date hereafter fixed for payment of defaulted interest) (the "Regular Record Date"). If any Bond is not paid upon presentation at maturity, it will draw interest at the same rate until the principal is paid in full. Alternative arrangements for the payment of interest may be made upon agreement between the Paying Agent and any registered owner. All such payments shall be made in lawful money of the United States of America without deduction for any service charges of the Paying Agent or Registrar.

BOND INSURANCE, RATING LETTERS: The Bonds may be insured at the bidder's option and expense. Regardless of whether any of the Bonds are insured, the District will pay the rating fees for S&P Global Ratings.

ENABLING ACTS: The District is operating as a District pursuant to NRS 474.460 through 474.540, inclusive (the "Project Act"). The Bonds are authorized to be issued pursuant to NRS Chapter 350, including the provisions of NRS 350.500 through 350.720, inclusive (the "Bond Act") and NRS Chapter 360.

SECURITY AND PAYMENT: The Bonds will, in the opinion of Sherman & Howard L.L.C., the District's bond counsel (the "Bond Counsel"), be direct general obligations of the District, payable as to principal, interest and any redemption premiums (the "Bond Requirements") from annual general (ad valorem) taxes (herein "General Taxes") levied against all taxable property within the District (except to the extent certain pledged revenues and other

moneys are available therefor) subject to the limitations imposed by the statutes and the Constitution of the State (see "CONSTITUTIONAL TAX LIMITATION," "STATUTORY TAX LIMITATION" and "LEGAL OPINION, BONDS AND TRANSCRIPTS" below). The Bonds will be a debt of the District, and the Board shall pledge the full faith and credit of the District for their payment.

ADDITIONAL SECURITY FOR THE BONDS: The Bond Requirements of the Bonds will be additionally secured with revenues derived from a 15 percent portion of the proceeds of certain liquor taxes, tobacco taxes, real property transfer taxes, governmental services taxes and basic and supplemental sales taxes distributed to and imposed within the District (the "Consolidated Tax Pledged Revenues").

SPECIAL ACCOUNT FOR THE BONDS: As security for the payment of the Bond Requirements of the Bonds there will be irrevocably pledged, pursuant to the Bond Resolution, special accounts, identified as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021, Principal Account" and "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021, Interest Account" (collectively, the "Bond Fund") into which account the District covenants to pay from the Consolidated Tax Pledged Revenues sums sufficient to pay when due the Bond Requirements of the Bonds, except to the extent other monies are available therefor.

BOND LIENS ON CONSOLIDATED TAX PLEDGED REVENUES: The Bonds will be equitably and ratably secured by a lien on the Consolidated Tax Pledged Revenues, and the Bonds will constitute an irrevocable lien (but not necessarily an exclusive lien) upon the Consolidated Tax Pledged Revenues, on a parity with the liens of the Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2020 (the "2020 Bonds"), and other than the 2020 Bonds and any parity bonds or parity securities hereafter issued, subject to and after any superior liens upon such Consolidated Tax Pledged Revenues of any future superior securities (see Appendix B, "Summary of Certain Provisions of the Bond Resolution"). The District has issued no superior securities which are now outstanding and to which any Consolidated Tax Pledged Revenues are pledged.

ADDITIONAL SECURITIES PAYABLE OR SECURED BY CONSOLIDATED TAX PLEDGED REVENUES: Bonds and other securities, in addition to the Bonds may be issued and made payable from the Consolidated Tax Pledged Revenues having a lien thereon subordinate and junior to the lien or, subject to additional expressed conditions, having a lien thereon superior to or on a parity with the lien of the Bonds.

BOND RESOLUTION: The Resolution authorizing the issuance of the Bonds (the "Bond Resolution" adopted June 1, 2021 set forth, among other matters, the form, terms and conditions of the Bonds, the manner and terms of their issuance, the manner of their execution, the method of their payment, the security therefor, and other details concerning the Bonds and the District, including, without limitation, covenants and agreements in connection therewith. A copy of the Bond Resolution is on file with the District Secretary and will be available for public

inspection at her office at the 3663 Barron Way, Reno, NV 89511 or electronically by contacting the District Secretary's office.

ISSUANCE OF ADDITIONAL SECURITIES: The Board reserves the privilege of issuing additional general obligation bonds at any time and from time to time for any lawful purpose.

FEDERAL TAX EXEMPTION: In the opinion of Bond Counsel, assuming continuous compliance with certain covenants described in the Preliminary Official Statement for the Bonds (the "Preliminary Official Statement"), interest on the Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date of delivery of the Bonds (the "Tax Code"), and interest on the Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code as described in the Official Statement. See "TAX MATTERS" in the Official Statement. The District has designated the Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Tax Code. See "FINANCIAL INSTITUTION INTEREST DEDUCTION" in the Official Statement.

STATE TAX EXEMPTION: In the opinion of Bond Counsel, under present laws of the State, the Bonds, their transfer, and the income therefrom are free and exempt from taxation by the State or any subdivision thereof, except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation - skipping transfers imposed pursuant to Chapter 375B of NRS.

CONSTITUTIONAL TAX LIMITATION: Section 2, article 10, State Constitution, provides:

> The total tax levy for all public purposes including levies for bonds, within the state, or any subdivision thereof, shall not exceed five cents on one dollar of assessed valuation.

STATUTORY TAX LIMITATION: NRS 361.453 provides:

> Except as otherwise provided in NRS 354.705, the total ad valorem tax levy for all public purposes must not exceed $3.64 on each $100 of assessed valuation, or a lesser or greater amount fixed by the state board of examiners if the state board of examiners is directed by law to fix a lesser or greater amount for that fiscal year.

STATUTORY PRIORITY FOR BONDS: NRS 361.463:

> 1. In any year in which the total taxes levied by all overlapping units within the boundaries of the state exceed the limitation imposed by NRS 361.453, and it becomes necessary for that reason to reduce the levies made by any of those units, the reduction so made must be in taxes levied by those units (including

the state) for purposes other than the payment of bonded indebtedness, including interest thereon.

2. The taxes levied for the payment of bonded indebtedness and the interest thereon enjoy a priority over taxes levied by each such unit (including the state) for all other purposes where reduction is necessary to comply with the limitation imposed by NRS 361.453.

STATUTORY PROVISION FOR TAX LEVIES: NRS 350.592 provides in relevant part:

1. There must be levied annually in due season a special tax on all property, both real and personal, subject to taxation within the boundaries of the municipality, fully sufficient together with the revenue which will result from application of the rate to the net proceeds of minerals, without regard to any statutory or charter tax limitations other than the limitation set forth in NRS 361.453, to pay the interest on the general obligation municipal securities and to pay and retire the securities as provided in the Local Government Securities Law and in any act supplemental hereto. The amount of money to be raised by the tax must be included in the annual estimate or budget for each county within the state for each year for which the tax is hereby required to be levied. The tax must be levied and collected in the same manner and at the same time as other taxes are levied and collected.

2. The proceeds thereof levied to pay interest on the securities must be kept by the treasurer in a special fund, separate and apart from all other funds, and the proceeds of the tax levied to pay the principal of the securities must be kept by the treasurer in a special fund, separate and apart from all other funds. The two special funds must be used for no other purpose than the payment of the interest on the securities and the principal thereof, respectively, when due; . . . .

TIMES OF LEVIES: NRS 350.594 provides:

Such tax shall be levied immediately after the issuance of any general obligation securities issued in accordance with the provisions of the Local Government Securities Law, and annually thereafter, at the times and in the manner provided by law, until all of the securities, and the interest thereon, have been fully discharged. Such tax may be first levied after the municipality has contracted to sell any securities but before their issuance.

USE OF GENERAL FUND: NRS 350.596 provides:

> Any sums coming due on any general obligation municipal securities at any time when there are not on hand from such tax levy or levies sufficient funds to pay the same shall be promptly paid when due from the general fund of the municipality, reimbursement to be made to such general fund in the sums thus advanced when the taxes herein provided for have been collected.

USE OF OTHER FUNDS: NRS 350.598 provides:

> Nothing contained in the Local Government Securities Law shall be so construed as to prevent the municipality from applying any funds (other than taxes) that may be available for that purpose to the payment of the interest on or the principal of any general obligation municipal securities as the same respectively mature, and regardless of whether the payment of the general obligation municipal securities is additionally secured by a pledge of revenues, and upon such payments, the levy or levies of taxes provided in the Local Government Securities Law may thereupon to that extent be diminished.

STATUTORY APPROPRIATIONS: NRS 350.602 provides:

> There is by the Local Government Securities Law, and there shall be by ordinance authorizing the issuance of any indebtedness contracted in accordance with the provisions of the Local Government Securities Law, specially appropriated the proceeds of such taxes to the payment of such principal and interest; and such appropriations shall not be repealed nor the taxes postponed or diminished (except as herein otherwise expressly provided) until the principal of and interest on the municipal securities evidencing such debt have been wholly paid.

NO PLEDGE OF PROPERTY: The payment of the Bonds will not be secured by an encumbrance, mortgage or other pledge of property of the District, and no District property (other than the Consolidated Tax Pledged Revenues) is liable to be forfeited or taken in payment of the Bonds.

IMMUNITY OF INDIVIDUALS: NRS 350.606 provides:

> No recourse shall be had for the payment of the principal of, any interest on, and any prior redemption premiums due in connection with any bonds or other municipal securities or for any claim based thereon or otherwise upon the ordinance authorizing their issuance or other instrument appertaining thereto, against any individual member of the governing body or any officer or other

agent of the municipality, past, present or future, either directly or indirectly through the governing body or the municipality, or otherwise, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any penalty or otherwise, all such liability, if any, being by the acceptance of the securities and as a part of the consideration of their issuance specially waived and released.

ACTS IRREPEALABLE: NRS 350.610 provides:

> The faith of the state is hereby pledged that the Local Government Securities Law, any law supplemental or otherwise appertaining thereto, and any other act concerning the bonds or other municipal securities, taxes or the pledged revenues or any combination of such securities, such taxes and such revenues shall not be repealed nor amended or otherwise directly or indirectly modified in such a manner as to impair adversely any outstanding municipal securities, until all such securities have been discharged in full or provision for their payment and redemption has been fully made, including without limitation the known minimum yield from the investment or reinvestment of moneys pledged therefor in federal securities.

TERMS OF SALE

BID PROPOSALS: Except as otherwise provided below, each bidder must use SYSTEM. Any bid in any other form may be disregarded. A bidder is required to submit an unconditional bid for the Bonds specifying:

(1) The lowest rate or rates of interest and the premium at which the bidder will purchase the Bonds (which must not be less than the amount set forth herein under the caption "NO DISCOUNT OR PAR BIDS PERMITTED; PREMIUM REQUIRED").

It is also requested for informational purposes only, but is not required, that each bid disclose:

(2) The True Interest Cost (i.e., actuarial yield) on the Bonds expressed as a nominal annual percentage rate. (See "BASIS OF AWARD", below); and

(3) The municipal bond insurer, if any; the premium to be paid by the bidder for insuring the Bonds; and which maturities of the Bonds, if any, are being insured.

By utilizing PARITY, a prospective electronic bidder represents and warrants to the District that such bidder's bid for the purchase the Bonds is submitted for and on behalf of such

prospective bidder by an officer or agent who is duly authorized to bind the prospective bidder to a legal, valid and enforceable contract for the purchase the Bonds. Once the bids are communicated electronically via PARITY, each bid will constitute an irrevocable offer to purchase the Bonds on the terms therein provided.

Each prospective electronic bidder shall be solely responsible to register to bid via PARITY as described above. Each qualified prospective electronic bidder shall be solely responsible to make necessary arrangements to access PARITY for purposes of submitting its bid in a timely manner and in compliance with the requirements of this Official Notice of Bond Sale. Neither the District nor the Municipal Advisor shall have any duty or be obligated to provide or assure such access to any qualified prospective bidder, and neither the District nor the Municipal Advisor shall be responsible for proper operation of, or have any liability for any delays or interruptions of, or any damages caused by PARITY. The District is allowing bidders to use PARITY as a communication mechanism to transmit electronic bids for the Bonds. PARITY is not the District's agent.

Each bidder is required to submit an unconditional bid transmit electronically via PARITY specifying the lowest rate or rates of interest and the premium at which the bidder will purchase the Bonds. Each bid must be for all of the Bonds herein offered for sale. If any provision in this Official Notice of Bond Sale conflicts with information or terms provided or represented by PARITY, the Official Notice of Bond Sale, including any amendments issued by public wire shall control. No bid will be received after the time for receiving such bids specified above.

For informational purposes only, the electronic bid will show the effective interest rate for the Bonds represented on a True Interest Cost basis, as described under "BASIS OF AWARD" below, represented by the rate or rates of interest and the bid price specified in the bid. No bid will be received after the time for receiving such bids specified above.

GOOD FAITH DEPOSIT: Except as otherwise provided below, a good faith deposit ("Deposit") in the form of a certified, treasurer's or cashier's check drawn on a solvent commercial bank or trust company in the United States of America, or a wire transfer, made payable to:

Truckee Meadows Fire Protection District, Nevada

in an amount equal to:

$70,000

is required before a written award for the Bonds may be made but is not required to be submitted prior to submitting an electronic bid.

Bidders submitting a Deposit by check or wire transfer may, **but are not required to**, submit a check or wire transfer prior to the bid opening or submitting an electronic bid. If a check is used, it must be delivered to the District within 90 minutes of notification to the bidder of the bid award for the Bonds. If a wire transfer is used by any bidder for the Bonds, then such bidder using a wire transfer is required to submit its Deposit to the District in the form of a wire

transfer in the above amount for the Bonds as instructed by the District or its Municipal Advisor not later than 90 minutes from such notification of the bid award. If the apparent winning bidder on the Bonds is determined to be a bidder who has not submitted a Deposit in the form of a check, as provided above, the Municipal Advisor will request the apparent winning bidder to immediately wire the Deposit to the District and provide the Federal wire reference number of such Deposit to the Municipal Advisor within 90 minutes of such request by the Municipal Advisor. The Bonds will not be officially awarded to a bidder who has not submitted a Deposit in the form of a check, as provided above, until such time as the bidder has provided a Federal wire reference number for the Deposit to the Municipal Advisor.

No interest on the Deposit will accrue to any bidder. The District will deposit the Deposit of the winning bidder of the Bonds. The Deposit (without accruing interest) of the winning bidder for the Bonds will be applied to the purchase price of the Bonds. In the event the winning bidder of the Bonds fails to honor its accepted bid, the Deposit for the Bonds plus any interest accrued on the Deposit will be retained by the District. Any investment income earned on the good faith deposit for the Bonds will be paid to the successful bidder in the event the District is unable to deliver any series of Bonds, as provided under "MANNER AND TIME OF DELIVERY", below. Deposits accompanying bids other than the bid which is accepted will be returned promptly upon the determination of the best bidder for the Bonds.

CUSIP NUMBERS: It is anticipated that CUSIP identification numbers will be printed on the Bonds, but neither the failure to print such number on any Bond nor any error with respect thereto shall constitute cause for a failure or refusal by the purchaser to accept delivery of any payment for the Bonds in accordance with the terms of the purchase contract. All expenses relating to printing the CUSIP numbers on the Bonds will be paid by the District; but the CUSIP Service Bureau charge for the assignment of the numbers will be the responsibility of and must be paid by the purchaser.

SALE RESERVATIONS: The District, in connection with the Bonds designated for sale in this Official Notice of Sale, reserves the privilege:

a) Of waiving any irregularity or informality in any bid;

b) Of rejecting any and all bids; and

c) Of reoffering any of the Bonds for sale, as provided by law.

In addition, the District reserves the privilege of changing the sale date and/or time of any of the Bonds. Any change in the sale date and/or time for any of the Bonds will be communicated via PARITY before the time of sale. If the District changes the sale date and/or time, this Official Notice of Bond Sale shall remain effective, except as amended by such PARITY communication or other amendment communicated to potential bidders. If bids are not taken on the Bonds or if all bids are rejected on any of the Bonds on July 7, 2021, the District may reoffer such Bonds for sale at any time thereafter. The time and date of any subsequent sale of the Bonds will be announced via PARITY before the time of the sale.

BASIS OF AWARD: The Bonds, subject to such sale reservations, will be sold by the District to the responsible bidder making the best bid for the Bonds based upon the 2021 Maturity Schedule.

The best bid will be determined by computing the actuarial yield on the Bonds (i.e., using an actuarial or true interest cost method) for each bid received. An award on the Bonds will be made (if any is made) to the responsible bidder submitting the bid which results in the lowest true interest cost on the Bonds. "True interest cost" on the Bonds, as used herein, means that yield which if used to compute the present worth as of the date of the Bonds of all payments of principal and interest to be made on the Bonds from their date to their respective maturity dates (or any mandatory sinking fund redemption dates) using the interest rates specified in the bid and the principal amounts maturing as shown in the 2021 Maturity Schedule stated herein, produces an amount equal to the principal amount of the Bonds, plus premium. No adjustment shall be made in such calculation for accrued interest on the Bonds from their date to the date of delivery thereof. Such calculation shall be based on a 360-day year and a semiannual compounding interval. If there are two or more equal bids and such equal bids are the best bids received, the Chief Fiscal Officer, or in such officer's absence the Fire Chief, will determine which bid will be accepted.

SUCCESSFUL BIDDER'S REOFFERING PRICES: Within one-half hour of the designated time of the sale of the Bonds, the successful bidder for the Bonds (or manager of the successful purchasing account or accounts) shall notify the Chief Fiscal Officer and the District's Municipal Advisor by electronic transmission to john@jnaconsultingroup.com of the initial offering prices of the Bonds to the public. The notification must be confirmed in writing in form and substance satisfactory to Bond Counsel prior to the delivery of the Bonds. The confirmation will be part of the "Purchaser's Certificate" which will be in substantially the same form as Exhibit A attached hereto in the event the District receives 3 or more bids for the Bonds that conform to the requirements of this Official Notice of Sale; or in substantially the same form as Exhibit B attached hereto in the event the District does not receive 3 or more such bids for the Bonds. **By submitting a bid for the Bonds, each bidder certifies it has an established industry reputation for underwriting new issuances of municipal bonds unless specifically noted in the bid.**

PLACE AND TIME OF AWARD: Bids will be opened on behalf of the District at the time and place stated herein. The Chief Fiscal Officer, or in such officer's absence the Fire Chief, intends to take action, upon the determination of the best bid, awarding the Bonds or rejecting all bids for the Bonds. In any event, the District will take such action not later than 36 hours after the time stated for opening bids. An award may be made after the 36-hour period herein designated if the bidder shall not have given to the Chief Fiscal Officer (see "INFORMATION" below) notice in writing of the withdrawal of its bid. Notice of withdrawal of a bid may not be given during the 36-hour period following the bid opening.

MANNER AND TIME OF DELIVERY: The Deposit will be credited to the purchaser at the time of delivery of the Bonds (without accruing interest). If the successful bidder for the Bonds fails, neglects, or refuses to complete the purchase of the Bonds on the date on which the Bonds are made ready and are tendered by the District for delivery, the amount of its Deposit will be forfeited (as liquidated damages for noncompliance with the bid) to the District. In that event, the District may reoffer the Bonds for sale, as provided by law. The Bonds (registered in

the name of Cede & Co.) will be made available for delivery by the District to the purchaser as soon as reasonably possible after the date of the sale, and the Board contemplates delivering them on or about July 28, 2021. The purchaser of the Bonds will be given 72 hours' notice of the time fixed by the Board for tendering the Bonds for delivery.

PAYMENT AT AND PLACE OF DELIVERY: The successful bidder will be required to accept delivery of the Bonds at the Paying Agent to be held on behalf of DTC in New York, New York, pursuant to the FAST System. Payment of the balance of the purchase price due for the Bonds at the time of their delivery must be made in Federal Reserve Bank funds or other funds acceptable to the Board for immediate and unconditional credit to the account of the District, as directed by the Board, at a bank designated by the Chief Fiscal Officer, so that such bond proceeds may be deposited or invested, as the Chief Fiscal Officer may determine, simultaneously with the delivery of the Bonds. The balance of the purchase price must be paid in such funds and not by any waiver of interest, and not by any other concession as a substitution for such funds.

INFORMATION: This Official Notice of Bond Sale, the Preliminary Official Statement, the Bond Resolution and financial and other information concerning the District and the Bonds may be obtained prior to the sale from:

The District's Municipal Advisor:

JOHN PETERSON
JNA CONSULTING GROUP, LLC
410 NEVADA WAY, SUITE 200
BOULDER CITY, NEVADA 89005
(702) 294-5100

DISTRICT REPRESENTED BY INDEPENDENT REGISTERED MUNICIPAL ADVISOR: The District has engaged, is represented by and will rely on the advice of the District's Municipal Advisor, independent registered Municipal Advisor, to advise it on the issuance of the Bonds and other aspects of the financing for which the Bonds are being issued. The District intends that this statement constitutes the "required representation" for purposes of the independent registered municipal advisor exemption set forth in SEC Rule 15Ba1-1(d)(3) and prospective bidders and other market participants may rely on this written statement and receive and use it for purposes of that exemption. Each bidder should consult with its own advisors in determining whether the exemption is available to that bidder and other requirements applicable for the exemption to be available to that bidder.

LEGAL OPINIONS, BONDS AND TRANSCRIPT: The validity and enforceability of the Bonds will be approved by:

Sherman & Howard L.L.C.
50 West Liberty Street, Suite 1000
Reno, Nevada 89501
(775) 323-1980

whose unqualified, final, approving opinion, together with the printed Bonds, a certified transcript of the legal proceedings, including a certificate stating that there is no litigation pending affecting the validity of the Bonds as of the date of their delivery (the "Closing Date"), and other closing documents, will be furnished to the purchasers of the Bonds without charge by the District. The form of the approving opinion will be substantially in the form set forth in Appendix E to the Preliminary Official Statement.

OFFICIAL STATEMENT: The District has prepared a preliminary official statement (the "Preliminary Official Statement") relating to the Bonds which is deemed by the District to be final as of its date for purposes of allowing bidders to comply with Rule 15c2-12(b) of the Securities Exchange Commission (the "Rule"), except for the omission of certain information as permitted by the Rule. The Preliminary Official Statement is subject to revision, amendment and completion in a "Final Official Statement."

The District will prepare a final official statement (the "Final Official Statement"), dated as of the date of its delivery to the winning bidder as soon as practicable after the date of the award to the winning bidder. The District will provide the winning bidder with a copy of the Final Official Statement in an electronic format on or before seven business days following the date of the award to each winning bidder.

The District authorizes the winning bidder to distribute the Final Official Statement in connection with the offering of the Bonds.

For a period beginning on the date of the Final Official Statement and ending twenty five days following the date the winning bidder shall no longer hold for sale any of the Bonds (such date shall be the Closing Date unless the winning bidder advises the District in writing of another date), if any event concerning the affairs, properties or financial condition of the District shall occur as a result of which it is necessary to supplement the Official Statement in order to make the statements therein, in light of the circumstances existing at such time, not misleading, at the request of the winning bidder, the District shall forthwith notify the winning bidder of any such event of which it has knowledge and shall cooperate fully in the preparation and furnishing of any supplement to the Official Statement necessary, in the reasonable opinion of the District and the winning bidder, so that the statements therein as so supplemented will not be misleading in the light of the circumstances existing at such time. The District will presume that the "end of the underwriting period" will occur on the Closing Date and all of the Bonds have been sold by the winning bidder as of the Closing Date unless notified in writing otherwise by a winning bidder on or prior to the Closing Date.

CONTINUING DISCLOSURE UNDERTAKING: Pursuant to the Rule, the District will undertake in a continuing disclosure certificate which is authorized in each Bond Resolution to provide certain ongoing disclosure, including annual operating data and financial information, audited financial statements and notices of the occurrences of certain material events. A copy of the continuing disclosure certificate is included as Appendix D to the Preliminary Official Statement.

DISCLOSURE CERTIFICATES: The final certificates included in the transcript of legal proceedings will include:

1. A certificate, dated as of the Closing Date, and signed by the Chair of the Board, ex officio Chair of the Board of County Commissioners of Washoe County, Nevada, the Fire Chief, the Chief Fiscal Officer and Legal Counsel to the District, in which each of them states, after reasonable investigation, that to the best of his or her knowledge (a) no action, suit, proceeding, inquiry, or investigation, at law or in equity, before or by any court, public board, or body, is pending, or, to the best of the knowledge of each of them, threatened, in any way contesting the completeness or accuracy of the Final Official Statement, (b) the Final Official Statement as it pertains to the District and the Bonds does not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements made therein, in the light of the circumstances under which they were made, not misleading; and (c) no event affecting the District has occurred since the date of the Final Official Statement which should be disclosed therein for the purpose for which it is to be used or which it is necessary to disclose therein in order to make the statements and information therein not misleading in any respect; provided, however, that the District does not make any representations concerning pricing information contained in the Final Official Statement; and

2. A certificate, dated as of the Closing Date, and signed by the Chief Fiscal Officer, stating after reasonable investigation, that, to the best of such officer's knowledge, as of the date of the official statement and on the date of such certificate, the information contained in the Final Official Statement relating to revenues and expenditures of the District is true and correct and does not contain any untrue statement of a material fact or omit any information necessary to be included therein in order that the Final Official Statement be not misleading for the purpose for which it is to be used.

CONSENT TO JURISDICTION: A bid submitted by electronic bidding, if accepted by the Chief Fiscal Officer or the Fire Chief on behalf of the District, forms a contract between the winning bidder and the District subject to the terms of this Official Notice of Bond Sale. By submitting a bid, the bidder consents to the exclusive jurisdiction of any court of the State of Nevada located in Washoe County or the United States District Court for the State of Nevada for the purpose of any suit, action or other proceeding arising as a result of the submittal of the bid, and the bidder irrevocably agrees that all claims in respect to any such suit, action or proceeding may be heard and determined by such court. The bidder further agrees that service of process in any such action commenced in such State or Federal court shall be effective on such bidder by deposit of the same as registered mail addressed to the bidder at the address set forth in the bid.

By order of the Board of Fire Commissioners of Truckee Meadows Fire Protection District, Nevada, on June 18, 2021.

/s/ Cindy Vance
Chief Fiscal Officer

Exhibit A

Purchaser's Certificate

IT IS HEREBY CERTIFIED by the undersigned on behalf of _____ (the "Purchaser"), as representative of the underwriters for the Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021 (the "Bonds"):

1. We acknowledge receipt of the Bonds in the aggregate principal amount of $_____, bearing interest and maturing as provided in the Bond Resolution of the Board of Fire Commissioners of Truckee Meadows Fire Protection District, Nevada (the "Issuer") on June 1, 2021, and the instruments described therein, and such Bonds being in the denominations and registered in the name of Cede & Co., as nominee of The Depository Trust Company, as requested by us.

2. A bona fide public offering was made for all of the Bonds on the Sale Date at the Prices shown on the inside cover page of the Official Statement for the Bonds. Those Prices are the reasonably expected initial offering Prices of each maturity of the Bonds to the Public which were used by the Purchaser in formulating its bid to purchase the Bonds. For purposes of Paragraphs 2, 3 and 4, the following defined terms shall have the meanings assigned thereto as set forth below.

"Public" means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a Related Party. The term "Related Party" for purposes of this certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

"Sale Date" means the date the Purchaser's bid for the Bonds was accepted on behalf of the Issuer.

"Underwriter" means (i) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

If a yield is shown on the inside cover page of the Official Statement for any maturity, "Price" herein means the dollar price that produces that yield.

3. The Purchaser was not given the opportunity to review other bids prior to submitting its bid.

4. The bid submitted by the Purchaser constituted a firm bid to purchase the Bonds.

5. The Purchaser has an established industry reputation for underwriting new issuance of municipal bonds.

6. The Issuer and its counsel may rely on these certifications in concluding that the Bonds meet certain requirements of the Internal Revenue Code of 1986 as amended (the "Code"), relating to tax-exempt bonds; however, nothing herein represents our interpretation of any law and we are not providing any interpretations of law or regulations in executing and delivering this certificate.

DATED as of _____, 2021.

Title: _____

Exhibit B

Purchaser's Certificate

IT IS HEREBY CERTIFIED by the undersigned on behalf of _____ (the "Purchaser"), as representative of the underwriters for the Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021 (the "Bonds"):

1. We acknowledge receipt of the Bonds in the aggregate principal amount of $_____, bearing interest and maturing as provided in the Bond Resolution of the Board of Fire Commissioners of Truckee Meadows Fire Protection District, Nevada (the "Issuer") on June 1, 2021, and the instruments described therein, and such Bonds being in the denominations and registered in the name of Cede & Co., as nominee of The Depository Trust Company, as requested by us.

2. A bona fide public offering was made for all of the Bonds on the Sale Date at the Prices shown [on the inside cover page of the Official Statement for the Bonds][in Exhibit 1]. The first Price at which a Substantial Amount of each maturity of the Bonds was sold to the Public is the Price shown [on the inside cover page of the Official Statement][in Exhibit 1] for that maturity of the Bonds. For purposes of this Paragraph 2, the following defined terms shall have the meanings assigned thereto as set forth below:

"Public" means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a Related Party. The term "Related Party" for purposes of this certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

"Underwriter" means (i) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

"Sale Date" means the date the Purchaser's bid for the Bonds was accepted on behalf of the Issuer.

"Substantial Amount" is 10% or more of each maturity.

If a yield is shown on the inside cover page of the Official Statement for any maturity, "Price" herein means the dollar price that produces that yield.

3. The Purchaser has an established industry reputation for underwriting new issuance of municipal bonds.

4. The Issuer and its counsel may rely on these certifications in concluding that the Bonds meet certain requirements of the Internal Revenue Code of 1986 as amended (the "Code"), relating to tax-exempt bonds; however, nothing herein represents our interpretation of

any law and we are not providing any interpretations of law or regulations in executing and delivering this certificate.

In the opinion of Sherman & Howard L.L.C., Bond Counsel, assuming continuous compliance with certain covenants described herein, interest on the 2021 Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date of delivery of the 2021 Bonds (the "Tax Code"), and interest on the 2021 Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. See "TAX MATTERS." The District has designated the Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Tax Code. See "FINANCIAL INSTITUTION INTEREST DEDUCTION."

$7,000,000
TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA
GENERAL OBLIGATION (LIMITED TAX)
CAPITAL IMPROVEMENT BONDS
(ADDITIONALLY SECURED BY PLEDGED REVENUES)
SERIES 2021

Dated: Date of Delivery **Due: June 1, as shown herein**

The 2021 Bonds (defined herein) are issued as fully registered bonds, in denominations of $5,000 or any integral multiple thereof and initially will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), the securities depository for the 2021 Bonds. Purchases of the 2021 Bonds are to be made in book entry form only. Purchasers will not receive certificates representing their beneficial ownership interest in the 2021 Bonds. See "THE 2021 BONDS – Book-Entry Only System." The 2021 Bonds bear interest at the rates set forth herein, payable semi-annually on June 1 and December 1 of each year, commencing December 1, 2021, to and including the maturity dates shown herein (unless the 2021 Bonds are redeemed earlier), to the registered owners of the 2021 Bonds (initially Cede & Co.). The principal of the 2021 Bonds will be payable upon presentation and surrender at the principal operations office of Zions Bancorporation, National Association, or its successor as the paying agent for the 2021 Bonds. See "THE 2021 BONDS."

The scheduled payment of principal of and interest on the 2021 Bonds when due will be guaranteed under a municipal bond insurance policy to be issued concurrently with the delivery of the 2021 Bonds by **BUILD AMERICA MUTUAL ASSURANCE COMPANY**.

The maturity schedule for the 2021 Bonds appears on the inside cover page of this Official Statement.

The 2021 Bonds are subject to redemption prior to maturity at the option of the District as described in "THE 2021 BONDS – Redemption Provisions." Certain of the 2021 Bonds are subject to mandatory sinking fund redemption.

Proceeds of the 2021 Bonds will be used to (i) finance the costs of acquiring properties for fire stations in the District, including fixtures, structures, stations, other buildings and sites and (ii) pay the costs of issuing the 2021 Bonds. See "SOURCES AND USES OF FUNDS."

The 2021 Bonds constitute direct and general obligations of Truckee Meadows Fire Protection District (the "District"), Nevada, and the full faith and credit of the District is pledged for the payment of the principal and interest thereon, subject to the limitations imposed by the Constitution and statutes of the State of Nevada. See "SECURITY FOR THE 2021 BONDS – General Obligations." The 2021 Bonds are additionally secured by a lien on the Pledged Revenues (defined herein), which are comprised primarily of certain consolidated tax receipts, as more particularly described herein. The District may issue additional bonds with a lien on the Pledged Revenues that is on a parity with or superior to the lien of the 2021 Bonds. See "SECURITY FOR THE 2021 BONDS – Consolidated Tax Revenue Data."

This cover page contains certain information for quick reference only. It is *not* a summary of the issue. Investors must read the entire Official Statement to obtain information essential to making an informed investment decision.

The 2021 Bonds are offered when, as, and if issued by the District, subject to the approval of legality of the 2021 Bonds by Sherman & Howard L.L.C., Reno, Nevada, and the satisfaction of certain other conditions. Sherman & Howard L.L.C. also has acted as special counsel to the District in connection with the Official Statement. JNA Consulting Group, LLC, Boulder City, Nevada has acted as Municipal Advisor to the District. Certain legal matters will be passed upon for the District by the District Attorney. It is expected that the 2021 Bonds will be available for delivery through the facilities of DTC, on or about July 28, 2021.

USE OF INFORMATION IN THIS OFFICIAL STATEMENT

This Official Statement, which includes the cover, the inside cover page and the appendices, does not constitute an offer to sell or the solicitation of an offer to buy any of the 2021 Bonds in any jurisdiction in which it is unlawful to make such offer, solicitation, or sale. No dealer, salesperson, or other person has been authorized to give any information or to make any representations other than those contained in this Official Statement in connection with the offering of the 2021 Bonds, and if given or made, such information or representations must not be relied upon as having been authorized by the District. The District provides certain information to the public on the internet; however, the information presented there is not a part of this Official Statement and should not be relied upon in making an investment decision with respect to the 2021 Bonds.

The information set forth in this Official Statement has been obtained from the District and from the other sources referenced throughout this Official Statement, which the District believes to be reliable. No guarantee is made by the District, however, as to the accuracy or completeness of information provided from sources other than the District. This Official Statement contains, in part, estimates and matters of opinion that are not intended as statements of fact, and no representation or warranty is made as to the correctness of such estimates and opinions, or that they will be realized.

The information, estimates, and expressions of opinion contained in this Official Statement are subject to change without notice, and neither the delivery of this Official Statement nor any sale of the 2021 Bonds shall, under any circumstances, create any implication that there has been no change in the affairs of the District, or in the information, estimates, or opinions set forth herein, since the date of this Official Statement.

This Official Statement has been prepared only in connection with the original offering of the 2021 Bonds and may not be reproduced or used in whole or in part for any other purpose.

The 2021 Bonds have not been registered with the Securities and Exchange Commission due to certain exemptions contained in the Securities Act of 1933, as amended. The 2021 Bonds have not been recommended by any federal or state securities commission or regulatory authority, and the foregoing authorities have neither reviewed nor confirmed the accuracy of this document.

Build America Mutual Assurance Company ("BAM") makes no representation regarding the 2021 Bonds or the advisability of investing in the 2021 Bonds. In addition, BAM has not independently verified, makes no representation regarding, and does not accept any responsibility of the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding BAM, supplied by BAM and presented under the heading "BOND INSURANCE" and Appendix F – SPECIMEN MUNICIPAL BOND INSURANCE POLICY.

THE PRICES AT WHICH THE 2021 BONDS ARE OFFERED TO THE PUBLIC BY THE INITIAL PURCHASER (AND THE YIELDS RESULTING THEREFROM) MAY

VARY FROM THE INITIAL PUBLIC OFFERING PRICES OR YIELDS APPEARING ON THE INSIDE COVER PAGE HEREOF. IN ADDITION, THE INITIAL PURCHASER MAY ALLOW CONCESSIONS OR DISCOUNTS FROM SUCH INITIAL PUBLIC OFFERING PRICES TO DEALERS AND OTHERS. IN ORDER TO FACILITATE DISTRIBUTION OF THE 2021 BONDS, THE INITIAL PURCHASER MAY ENGAGE IN TRANSACTIONS INTENDED TO STABILIZE THE PRICE OF THE 2021 BONDS AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA
GENERAL OBLIGATION (LIMITED TAX)
CAPITAL IMPROVEMENT BONDS
(ADDITIONALLY SECURED BY PLEDGED REVENUES)
SERIES 2021

INTRODUCTION

General

This Official Statement, including the cover page, the inside cover page and the appendices, is furnished by Truckee Meadows Fire Protection District, Nevada (the "District" and the "State," respectively), to provide information about the District and its $7,000,000 General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021 (the "2021 Bonds"). The 2021 Bonds will be issued pursuant to a resolution (the "Bond Resolution") adopted by the Board of Fire Commissioners of the District (the "Board") on June 1, 2021. Capitalized terms used herein that are otherwise not defined have the meanings ascribed to them in the Bond Resolution. See Appendix B – Summary of Certain Provisions of the Bond Resolution.

The offering of the 2021 Bonds is made only by way of this Official Statement, which supersedes any other information or materials used in connection with the offer or sale of the 2021 Bonds. The following introductory material is only a brief description of and is qualified by the more complete information contained throughout this Official Statement. A full review should be made of the entire Official Statement and the documents summarized or described herein. Detachment or other use of this "INTRODUCTION" without the entire Official Statement, including the cover page, the inside cover page and the appendices, is unauthorized.

The District

The District was established in 1972 and includes approximately 1,000 square miles across Northern Nevada. The District also serves the unincorporated areas of Washoe County (the "County") which includes 5,000 square miles of the areas not governed by the County's local municipal corporations but excludes the unincorporated communities of Incline Village and Crystal Bay. A map showing the current boundaries of the District is provided on page (v) of this Official Statement. Such boundaries are subject to change in the future as a result of possible annexations. See "INTRODUCTION – Certain Bondholders Risks – Risks Related to Future Annexations."

Purpose

Proceeds of the 2021 Bonds will be used to (i) finance the costs of acquiring properties for fire stations in the District, including fixtures, structures, stations, other buildings and sites (the "Project") and (ii) pay the costs of issuing the 2021 Bonds. See "SOURCES AND USES OF FUNDS."

Authority for Issuance

The 2021 Bonds are being issued pursuant to the constitution and laws of the State, including NRS 474.460 through 474.540 (the "Project Act"), NRS 360.600 to 360.740, inclusive (the "Consolidated Tax Act"), NRS 350.500 through 350.720, inclusive (the "Bond Act"), Chapter 348 of NRS (the "Supplemental Bond Act") and the Bond Resolution.

The 2021 Bonds; Prior Redemption

The 2021 Bonds will be issued as fully registered bonds in the denomination of $5,000, or any integral multiple thereof. The 2021 Bonds initially will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), the securities depository for the 2021 Bonds. Purchases of the 2021 Bonds are to be made in book-entry form only. Purchasers will not receive certificates representing their beneficial ownership interest in the 2021 Bonds. See "THE 2021 BONDS – Book-Entry Only System." The 2021 Bonds mature and bear interest (calculated based on a 360-day year consisting of twelve 30-day months) as set forth on the inside cover page of this Official Statement. The payment of principal of and interest on each series of the 2021 Bonds is described in "THE 2021 BONDS – Payment Provisions."

The 2021 Bonds are subject to redemption prior to maturity at the option of the District as described in "THE 2021 BONDS – Redemption Provisions." Certain of the 2021 Bonds are subject to mandatory sinking fund redemption.

Security

General Obligations. The 2021 Bonds are direct and general obligations of the District, payable as to principal and interest from annual general (ad valorem) taxes levied against all taxable property within the District (the "General Taxes") (except to the extent any other monies are made available therefor), subject to the State constitutional and statutory limitations on the aggregate amount of ad valorem taxes. Generally, the combined overlapping tax rate is limited by statute to $3.64 per $100 of assessed valuation. See "SECURITY FOR THE 2021 BONDS – General Obligations" and "PROPERTY TAX INFORMATION – Property Tax Limitations."

Additional Security for 2021 Bonds - Pledged Revenues. The 2021 Bonds are additionally secured by an irrevocable pledge of and lien (but not necessarily an exclusive lien) on the Pledged Revenues. See "Lien Priority" and "Additional Bonds" below.

Pledged Revenues Generally. "Pledged Revenues" means a 15% portion of all income and revenue derived by the District and allowed to be pledged pursuant to the Consolidated Tax Act (the "Consolidated Tax," described below).

The Consolidated Tax consists of revenues from the following sources: certain sales taxes (the "Basic City/County Relief Tax" and the "Supplemental City/County Relief Tax"); excise taxes on cigarettes and liquor (the "Cigarette Tax" and the "Liquor Tax," respectively); a tax on the licensing of motor vehicles (the "Basic Governmental Services Tax"); and real property transfer taxes (the "Real Property Transfer Tax"). Pursuant to the State law, the Consolidated Tax generally is collected by the State and then remitted monthly to the District. For a further definition

of the Pledged Revenues, see "SECURITY FOR THE 2021 Bonds" and Appendix B – Summary of Certain Provisions of the Bond Resolution – Certain Definitions.

Lien Priority. As of June 1, 2021, the 2021 Bonds have a lien (but not necessarily an exclusive lien) on the Pledged Revenues on a parity with the lien thereon of $1,963,000 aggregate principal amount of outstanding bonds (the "Parity Lien Bonds"):

Outstanding Parity Lien Bonds

Bond Series	Final Payment	Original Amount	Amount Outstanding
Capital Improvement Bonds, Series 2020	06/01/35	$2,100,000	$1,963,000
Total			$1,963,000

Source: The District.

Additional Bonds. Upon the satisfaction of certain conditions set forth in the Bond Resolution, the District may issue additional bonds with a lien on the Pledged Revenues that is on a parity with the lien thereon of the 2021 Bonds (together with the Parity Lien Bonds, the "Parity Securities"). In addition, the District may issue additional bonds with a lien on all or a portion of the Pledged Revenues that is superior to the lien thereon of the 2021 Bonds ("Superior Securities"). See "SECURITY FOR THE 2021 BONDS – Additional Bonds." Any Superior Securities will be revenue bonds that do not carry the District's general obligation pledge.

The District currently anticipates issuing additional Parity Securities within the next two years to construct another station. The District has no current plans to issue Superior Securities but reserves the right to do so whenever legal requirements are satisfied. See "SECURITIES FOR THE 2021 BONDS – Additional Bonds."

Tax Matters

In the opinion of Sherman & Howard L.L.C., Bond Counsel, assuming continuous compliance with certain covenants described herein, interest on the 2021 Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date of delivery of the 2021 Bonds (the "Tax Code"), and interest on the 2021 Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. See "TAX MATTERS – Federal Tax Matters."

The District will designate the Bonds as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Tax Code. See "FINANCIAL INSTITUTION INTEREST DEDUCTION."

In the opinion of Bond Counsel, under the laws of the State in effect as of the date of delivery of the 2021 Bonds, the 2021 Bonds, their transfer, and the income therefrom are free and exempt from taxation by the State or any subdivision thereof except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to Chapter 375B of NRS. See "TAX MATTERS – State Tax Exemption."

Professionals

Sherman & Howard L.L.C., Reno, Nevada, has acted as Bond Counsel to the District and also has acted as Special Counsel to the District in connection with this Official Statement. The Municipal Advisor to the District in connection with the issuance of the 2021 Bonds is JNA Consulting Group, LLC, Boulder City, Nevada (the "Municipal Advisor"). See "MUNICIPAL ADVISOR." The fees of Bond Counsel, Special Counsel and the Municipal Advisor will be paid only from 2021 Bond proceeds at closing. The District's audited basic financial statements, included in Appendix A of this Official Statement, include the report of Eide Bailly LLP, certified public accountants, Reno, Nevada. See "INDEPENDENT AUDITORS." Zions Bancorporation, National Association, will act as the registrar and paying agent for the 2021 Bonds (the "Registrar" and "Paying Agent").

Continuing Disclosure Undertaking

The District will execute a continuing disclosure certificate (the "Disclosure Certificate") at the time of the closing for the 2021 Bonds. The Disclosure Certificate will be executed for the benefit of the beneficial owners of the 2021 Bonds and the District will covenant in the Bond Resolution to comply with its terms. The Disclosure Certificate will provide that so long as the 2021 Bonds remain outstanding, the District will provide the following information to the Municipal Securities Rulemaking Board, through the Electronic Municipal Market Access system ("EMMA"): (i) annually, certain financial information and operating data; and (ii) notice of the occurrence of certain events; each as specified in the Disclosure Certificate. The form of the Disclosure Certificate is attached hereto as Appendix D. In the last five years, the District has not failed to materially comply with any continuing disclosure undertakings entered into pursuant to Rule 15c2-12 promulgated under the Securities Exchange Act of 1934.

Certain Bondholder Risks

General. The purchase of the 2021 Bonds involves certain investment risks that are discussed throughout this Official Statement. Accordingly, each prospective purchaser of the 2021 Bonds should make an independent evaluation of all of the information presented in this Official Statement in order to make an informed investment decision.

Risks Related to Property Taxes. Numerous factors over which the District has no control may impact the timely receipt of ad valorem property tax revenues in the future. These include the valuation of property within the District, the number of homes which are in foreclosure, bankruptcy proceedings of property taxpayers or their lenders, and the ability or willingness of property owners to pay taxes in a timely manner.

The amount of ad valorem property taxes collected will be dependent upon the assessed valuation of property within the District and in part on the abatement caps calculated pursuant to NRS 361.4722. It is not possible to predict future property values, the impact of foreclosures or delinquencies on property tax payments or the impact of the annual abatement cap. Specifically, it is not possible to predict whether property values in the District will decline in the future, whether foreclosure rates will rise or whether any increase in foreclosures will cause

significant delinquencies in property tax payments and the realization of property tax revenues by the District.

Certain Risks Associated with Pledged Revenues. The Consolidated Tax is collected by the State and then remitted directly to the District pursuant to various statutory provisions. The District has no statutory authority to collect the Consolidated Tax itself and also has no control over the collection processes in place at the State. Receipt of the Pledged Revenues is dependent upon the ability and willingness of the State to collect the Consolidated Tax and forward the revenues to the District. If the State fails to perform its collection duties in a timely fashion, the District may not receive Pledged Revenues in time to meet scheduled debt service payments. If the State fails to collect, remit or transfer the Consolidated Tax revenues, the District's only remedy is to file suit against the nonperforming party, including an action in mandamus to compel performance. Further, the District has no control over the auditing procedures in place at the State. The District must depend upon the State to ensure that retailers are collecting and remitting the required Pledged Revenues. If the State fails to do so, the District may not receive all of the moneys to which it is entitled.

The Consolidated Tax collections are subject to fluctuations in spending which is affected by, among other things, general economic cycles. The Consolidated Tax revenues may increase along with the increasing prices brought about by inflation, but collections also are vulnerable to adverse economic conditions and reduced spending and may decrease as a result. Consequently, the rate of Consolidated Tax collections may be expected to correspond generally to economic cycles. The District has no control over general economic cycles and is unable to predict what economic factors or cycles will occur while the 2021 Bonds remain outstanding.

Certain Risks Associated with COVID-19. The spread of the novel strain of coronavirus and the disease it causes (now commonly known as "COVID-19") are having impacts throughout the world, including within the State and the District. The World Health Organization has declared the COVID-19 outbreak to be a pandemic, and states of emergency were declared by the State and the United States. The purpose behind these declarations was to coordinate and formalize emergency actions across federal, state and local governmental agencies, and to proactively prepare for a wider spread of the virus.

The outbreak resulted in the imposition of restrictions on mass gatherings and widespread temporary closings of businesses, universities and schools. The United States is restricting certain non-United States citizens and permanent residents from entering the country. In addition, financial markets in the United States and globally have been volatile as a result of COVID-19 concerns.

The District has taken, and is taking, several steps to protect the health of its employees, maintain continuity of its critical and essential business functions and avoid widespread impacts to its workforce from the COVID-19 outbreak

A portion the County's economy is dependent on tourism and the foregoing impacts of the spread of COVID-19 and its continued adverse effect on the level of tourism activity and commercial activity within the County could impact the District's financial operations in the future, but the monthly revenues of the District derived from Consolidated Taxes in the fiscal year

ended June 30, 2021 have thus far exceeded the revenues of the District from Consolidated Taxes in each of the corresponding months in the fiscal year ended June 30, 2020. See "SECURITY FOR THE 2021 BONDS – Consolidated Tax Revenue Data" and "DISTRICT FINANCIAL INFORMATION – Management's Comments Regarding Material Trends."

The degree of impact from COVID-19 to the District's financial operations is difficult to predict due to the evolving nature of the COVID-19 transmission, including uncertainties relating to (i) the duration of the outbreak, (ii) the severity of the outbreak, and (iii) the ultimate geographic spread of the outbreak, as well as with regard to what additional actions may be taken by governmental authorities to contain or mitigate its impact. Notwithstanding the foregoing, given the pledge of both the full faith and credit of the District and the Pledged Revenues, the District does not believe that the impacts of the spread of COVID-19 will have a material adverse effect on its ability to pay debt service on the 2021 Bonds.

Additional information with respect to events surrounding the outbreak of COVlD-19 and responses from State and local agencies can be found on the following website established by the State's Department of Public Health and Human Services ("DPHHS") and the Governor's office at: https://nvhealthresponse.nv.gov and on the DPHHS Division of Public and Behavioral Health's website at: http://dpbh.nv.gov/coronavirus. Information relating to the County's COVID-19 response can be found at: https://covid19washoe.com/. The District has not incorporated by reference the information on such websites and the District does not assume any responsibility for the accuracy of the information on the County or State websites.

Risks Related to Future Annexations. The District's boundaries have been revised and decreased in the past as a result primarily of bordering municipalities annexing unincorporated property into their respective borders. Typically, such annexations have occurred in connection with the annexation of unimproved land for potential future developments. Loss of property within the District's boundaries may both decrease and limit the opportunity for growth in property taxes and sales taxes that serve as security for the 2021 Bonds.

No Pledge of Property. The payment of the 2021 Bonds is not secured by an encumbrance, mortgage or other pledge of property of the District, except the proceeds of General Taxes, the Pledged Revenues, and any other moneys pledged for the payment of the 2021 Bonds. No property of the District, subject to such exceptions, shall be liable to be forfeited or taken in payment of the 2021 Bonds.

Limitation of Remedies. Upon the occurrence of an Event of Default under the Bond Resolution, each owner of the 2021 Bonds is entitled to enforce the covenants and agreements of the District by mandamus, suit or other proceeding at law or in equity. Any judgment will, however, only be enforceable against the Pledged Revenues and other moneys held under the Bond Resolution (including General Taxes, if any) and not against any other fund or properties of the District.

The enforceability of the Bond Resolution is also subject to equitable principles affecting the enforcement of creditors' rights generally and liens securing such rights, the police powers of the State and the exercise of judicial authority by State or federal courts.

Due to the delays in obtaining judicial remedies, it should not be assumed that these remedies could be accomplished rapidly. Any delays in obtaining judicial remedies to enforce the covenants and agreements of the District under the Bond Resolution, to the extent enforceable, could result in delays in any payment of principal of and interest on the 2021 Bonds.

Bankruptcy, Federal Lien Power and Police Power. The enforceability of the rights and remedies of the owners of the 2021 Bonds and the obligations incurred by the District in issuing the 2021 Bonds are subject to the federal bankruptcy code and applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws relating to or affecting the enforcement of creditors' rights generally, now or hereafter in effect; usual equity principles which may limit the specific enforcement under State law of certain remedies; the exercise by the United States of America of the powers delegated to it by the federal Constitution; the power of the federal government to impose liens in certain situations; and the reasonable and necessary exercise, in certain exceptional situations, of the police power inherent in the sovereignty of the State and its governmental bodies in the interest of serving a significant and legitimate public purpose. Bankruptcy proceedings or the exercise of powers by the federal or State government, if initiated, could subject the owners of the 2021 Bonds to judicial discretion and interpretation of their rights in bankruptcy or otherwise, and consequently may entail risks of delay, limitation or modification of their rights.

No Acceleration. There is no provision for acceleration of maturity of the principal of the 2021 Bonds in the event of a default in the payment of principal of or interest on the 2021 Bonds. Consequently, remedies available to the owners of the 2021 Bonds may have to be enforced from year to year.

Future Changes in Law. Various State laws apply to the imposition, collection, and expenditure of General Taxes and the Consolidated Tax, as well as to the operation and finances of the District. In addition, from time to time, proposals are made (or adopted) by the Legislature to add or remove certain types of transactions from the Consolidated Tax. The Legislature may also increase the administrative fee retained by the State for collecting the various components of the Consolidated Tax from time to time; that increase results in a decrease in Pledged Revenues.

There is no assurance that there will not be any change in, interpretation of, or addition to the applicable laws, provisions, and regulations which would have a material effect, directly or indirectly, on the affairs of the District and the imposition, collection, and expenditure of revenues, including General Taxes and the Consolidated Tax.

Forward-Looking Statements

This Official Statement, particularly (but not limited to) the sections entitled "INTRODUCTION – Certain Bondholder Risks – Certain Risks Associated with COVID-19," "SECURITY FOR THE 2021 BONDS – Consolidated Tax Revenue Data," "DISTRICT FINANCIAL INFORMATION – History of District General Fund Revenues, Expenditures and Changes in Fund Balance" and any statements throughout this Official Statement referring to budgeted, interim or unaudited information for fiscal year 2021 or future years, contains statements relating to future results that are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. When used in this Official Statement, the words "estimate,"

"forecast," "intend," "expect" and similar expressions identify forward-looking statements. Any forward-looking statement is subject to uncertainty. Accordingly, such statements are subject to risks that could cause actual results to differ, possibly materially, from those contemplated in such forward-looking statements. Inevitably, some assumptions used to develop forward-looking statements will not be realized or unanticipated events and circumstances may occur. Therefore, investors should be aware that there are likely to be differences between forward-looking statements and actual results. Those differences could be material and could impact the availability of funds to pay debt service on the 2021 Bonds.

Secondary Market

No guarantee can be made that a secondary market for the 2021 Bonds will develop or be maintained by the initial purchaser of the 2021 Bonds (the "Initial Purchaser") or others. Thus, prospective investors should be prepared to hold their 2021 Bonds to maturity.

Additional Information

This introduction is only a brief summary of the provisions of the 2021 Bonds, the Bond Resolution and the Project; a full review of the entire Official Statement should be made by potential investors. Brief descriptions of the District, the 2021 Bonds, the Bond Resolution and other documents are included in this Official Statement. All references herein to the 2021 Bonds, the Bond Resolution and other documents are qualified in their entirety by reference to such documents. *This Official Statement speaks only as of its date and the information contained herein is subject to change.*

THE 2021 BONDS

General

The 2021 Bonds will be issued as fully registered bonds in denominations of $5,000 or integral multiples thereof and initially will be registered in the name of "Cede & Co.," as nominee of DTC, pursuant to DTC's book-entry only system. The 2021 Bonds will be dated as of the date of delivery and will bear interest and mature at the rates and on the dates set forth on the inside cover page of this Official Statement.

Payment Provisions

Payment of interest on any 2021 Bond shall be made to the registered owner thereof by check or draft mailed by the Paying Agent on each interest payment date (or, if such interest payment date is not a business day, on the next succeeding business day), to the registered owner thereof at his address as shown on the registration records kept by the Registrar at the close of business on the 15th day of the calendar month next preceding such interest payment date (the "Regular Record Date"); but any such interest not so timely paid or duly provided for shall cease to be payable to the person who is the registered owner thereof at the close of business on the Regular Record Date and shall be payable to the person who is the registered owner thereof at the close of business on a special record date for the payment of any such defaulted interest (a "Special Record Date"). Such Special Record Date shall be fixed by the Registrar whenever moneys become available for payment of the defaulted interest, and notice of the Special Record Date shall be given to the registered owners of the 2021 Bonds not less than ten days prior thereto by first-class mail to each such registered owner as shown on the Registrar's registration records on a date selected by the Registrar, stating the date of the Special Record Date and the date fixed for the payment of such defaulted interest. The Paying Agent may make payments of interest on any 2021 Bond by such alternative means as may be mutually agreed to between the owner of such 2021 Bond and the Paying Agent. The principal of any 2021 Bond shall be payable to the registered owner thereof as shown on the registration records kept by the Registrar upon maturity thereof and upon presentation and surrender at the office of the Paying Agent or at such other office as designated by the Paying Agent. If any 2021 Bond shall not be paid upon presentation and surrender at or after maturity, it shall continue to draw interest at the interest rate borne by said 2021 Bond until the principal thereof is paid in full. All such payments shall be made in lawful money of the United States of America.

Notwithstanding the foregoing, payments of the principal and interest on the 2021 Bonds will be made by the Registrar and Paying Agent directly to DTC or its nominee, Cede & Co., so long as DTC or Cede & Co. is the sole registered owner of the 2021 Bonds. Disbursement of such payments to DTC's Participants is the responsibility of DTC, and disbursements of such payments to the Beneficial Owners is the responsibility of DTC's Participants and the Indirect Participants, as more fully described herein. See "--Book-Entry Only System" below.

Redemption Provisions

Optional Redemption. The 2021 Bonds, or portions thereof ($5,000 or any integral multiple), maturing on and after June 1, 2032 will be subject to redemption prior to their respective

maturities at the option of the District on and after June 1, 2031, in whole or in part at any time, from such maturities as are selected by the District and, if less than all the 2021 Bonds of a maturity are to be redeemed, the 2021 Bonds of such maturity are to be selected by lot (giving proportionate weight to 2021 Bonds in denominations larger than $5,000), at a price equal to the principal amount of each 2021 Bond or portion thereof so redeemed, plus accrued interest thereon to the redemption date.

Mandatory Sinking Fund Redemption. The 2021 Bonds maturing on June 1, 2041, June 1, 2043 and June 1, 2046 (the "Term Bonds"), are subject to mandatory sinking fund redemption at a redemption price equal to 100% of the principal amount thereof and accrued interest to the redemption date. Term Bonds will be selected by lot in such manner as the Registrar may determine.

As and for a sinking fund for the redemption of those Term Bonds maturing on June 1, 2041, there shall be deposited into the Bond Account on or before June 1 of the years shown below, a sum which, together with other moneys available therein is sufficient to redeem the Term Bonds maturing on June 1, 2041, on the dates and in the principal amounts shown below:

Redemption Date (June 1)	Principal Amount
2040	$320,000
2041	330,000 (stated maturity)

As and for a sinking fund for the redemption of those Term Bonds maturing on June 1, 2043, there shall be deposited into the Bond Account on or before June 1 of the years shown below, a sum which, together with other moneys available therein is sufficient to redeem the Term Bonds maturing on June 1, 2043, on the dates and in the principal amounts shown below:

Redemption Date (June 1)	Principal Amount
2042	$335,000
2043	340,000 (stated maturity)

As and for a sinking fund for the redemption of those Term Bonds maturing on June 1, 2046, there shall be deposited into the Bond Account on or before June 1 of the years shown below, a sum which, together with other moneys available therein is sufficient to redeem the Term Bonds maturing on June 1, 2046, on the dates and in the principal amounts shown below:

Redemption Date (June 1)	Principal Amount
2044	$350,000
2045	355,000
2046	365,000 (stated maturity)

Not more than 60 days nor less than 30 days prior to the sinking fund payment dates for the Term Bonds, the Registrar shall proceed to select for redemption (by lot in such manner as the Registrar may determine) from all outstanding Term Bonds, a principal amount of the Term Bonds equal to the aggregate principal amount of the Term Bonds redeemable with the required sinking fund payments.

At its option, the District may (i) deliver to the Registrar for cancellation Term Bonds or portions thereof ($5,000 or any integral multiple thereof) in an aggregate principal amount desired by the District or, (ii) specify a principal amount of Term Bonds or portions thereof ($5,000 or any integral multiple thereof) which prior to said date have been redeemed (otherwise than through the operation of the sinking fund) and canceled by the Registrar and not theretofore applied as a credit against any sinking fund redemption obligation with respect to such Term Bond. Each Term Bond or portion thereof so delivered or previously redeemed shall be credited by the Registrar at 100% of the principal amount thereof against the obligation of the District on the sinking fund redemption date and any excess shall be so credited against future sinking fund redemption obligations in such manner as the District determines.

Notice of Redemption. Notice of prior redemption shall be given by the Registrar in the name and on behalf of the District by registered or certified mail as long as Cede & Co., or a nominee of a successor depository, is the registered owner of the 2021 Bonds and otherwise by first class, postage prepaid mail, at least 30 days but not more than 60 days prior to the Redemption Date, to the Municipal Securities Rulemaking Board ("MSRB") and the registered owner of any 2021 Bond all or a part of which is called for prior redemption at his address as it last appears on the registration records kept by the Registrar. The notice shall identify the 2021 Bonds or portions thereof to be redeemed, specify the Redemption Date, and state that on such date the principal amount thereof will become due and payable at the Paying Agent (accrued interest to the Redemption Date being payable by mail or as otherwise provided in the Bond Resolution), and that after such Redemption Date interest will cease to accrue. The notice of prior redemption shall further state that on such date there will become and will be due and payable upon each 2021 Bond so to be redeemed at the office of the Paying Agent (designated by name) or at such other office as is designated by the Paying Agent, the principal amount thereof, accrued interest thereon to the Redemption Date, and that from and after such date interest will cease to accrue. Notice having been given in the manner described above, the 2021 Bond or 2021 Bonds so called for redemption shall become due and payable on the redemption date so designated; and upon presentation thereof at the Paying Agent or at such other office as is designated by the Paying Agent, the District will pay the 2021 Bond or 2021 Bonds so called for redemption.

Notwithstanding the foregoing, any notice of redemption may contain a statement that the redemption is conditional upon the receipt by the Paying Agent of funds on or before the date fixed for redemption sufficient to pay the redemption price of the 2021 Bonds so called for redemption, and that if such funds are not available, such redemption shall be canceled by written notice to the owners of the 2021 Bonds called for redemption in the same manner as the original redemption notice was mailed.

Tax Covenant

In the Bond Resolution, the District covenants for the benefit of the owners of the 2021 Bonds that it will not take any action or omit to take any action with respect to the 2021 Bonds, the proceeds thereof, any other funds of the District or any facilities financed or refinanced with the proceeds of the 2021 Bonds if such action or omission (i) would cause the interest on the 2021 Bonds to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Tax Code or (ii) would cause interest on the 2021 Bonds to lose its exclusion from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. The covenant described above shall remain in full force and effect notwithstanding the payment in full or defeasance of the 2021 Bonds until the date on which all obligations of the District in fulfilling the covenant under the Tax Code have been met.

Defeasance

When all Bond Requirements of any 2021 Bond have been duly paid, the pledge and lien and all obligations under the Bond Resolution as to that 2021 Bond shall thereby be discharged and the 2021 Bond shall no longer be deemed to be Outstanding within the meaning of the Bond Resolution; provided, however, that if the principal of or interest on the 2021 Bond shall be paid by any Insurer of the 2021 Bond, the pledge of the Pledged Revenues and all covenants, agreements, and other obligations of the District to the owners hereunder shall continue to exist and such Insurer shall be subrogated to the rights of the owners. There shall be deemed to be such due payment when the District has placed in escrow or in trust with a trust bank located within or without the State, an amount sufficient (including the known minimum yield available for such purpose from Federal Securities (defined below) in which such amount wholly or in part may be initially invested) to meet all Bond Requirements of the 2021 Bond, as the same become due to the final maturity of the 2021 Bond or upon any prior redemption date as of which the District shall have exercised or shall have obligated itself to exercise its prior redemption option. The Federal Securities shall become due prior to the respective times on which the proceeds thereof shall be needed, in accordance with a schedule established and agreed upon between the District and such bank at the time of the creation of the escrow or trust, or the Federal Securities shall be subject to redemption at the option of the holders thereof to assure such availability as so needed to meet such schedule.

The Bond Resolution defines "Federal Securities" to mean bills, certificates of indebtedness, notes, bonds or similar securities which are direct obligations of or the principal and interest of which securities are unconditionally guaranteed by, the United States of America.

Book-Entry Only System

The 2021 Bonds will be available in book-entry form only. DTC will act as the initial securities depository for the 2021 Bonds. The ownership of one fully registered 2021 Bond for each maturity as set forth on the inside cover page of this Official Statement, each in the aggregate principal amount of such maturity, will be registered in the name of Cede & Co., as nominee of DTC. See Appendix C – Book-Entry Only System.

SO LONG AS CEDE & CO., AS NOMINEE OF DTC, IS THE REGISTERED OWNER OF THE 2021 BONDS REFERENCES IN THIS OFFICIAL STATEMENT TO THE REGISTERED OWNERS OF THE 2021 BONDS WILL MEAN CEDE & CO. AND WILL NOT MEAN THE BENEFICIAL OWNERS.

None of the District, the Registrar or the Paying Agent will have any responsibility or obligation to DTC's Participants or Indirect Participants (defined in Appendix C), or the persons for whom they act as nominees, with respect to the payments to or the providing of notice for the DTC Participants, the Indirect Participants or the beneficial owners of the 2021 Bonds as further described in Appendix C to this Official Statement.

Debt Service Requirements

The following table sets forth the debt service requirements for the 2021 Bonds in each fiscal year, the total debt service requirements on the Parity Lien Bonds in each fiscal year, and the combined debt service payable on the 2021 Bonds and the Parity Lien Bonds in each fiscal year.

Debt Service Requirements[(1)]

Fiscal Year Ending June 30,	2021 Bonds			Total Debt Service on Parity Lien Bonds	Total Combined Debt Service
	Principal	Interest	Total		
2022	$210,000	$158,670	$368,670	$157,034	$525,704
2023	190,000	180,119	370,119	157,091	527,210
2024	200,000	172,519	372,519	157,117	529,636
2025	210,000	164,519	374,519	157,113	531,632
2026	215,000	156,119	371,119	157,078	528,197
2027	225,000	147,519	372,519	157,012	529,531
2028	235,000	138,519	373,519	156,916	530,435
2029	245,000	129,119	374,119	156,790	530,908
2030	255,000	119,319	374,319	156,632	530,951
2031	265,000	109,119	374,119	156,444	530,563
2032	275,000	98,519	373,519	156,226	529,745
2033	280,000	93,019	373,019	156,977	529,996
2034	285,000	87,419	372,419	156,682	529,101
2035	290,000	81,719	371,719	156,356	528,075
2036	295,000	75,919	370,919	--	370,919
2037	305,000	70,019	375,019	--	375,019
2038	310,000	63,919	373,919	--	373,919
2039	315,000	57,719	372,719	--	372,719
2040	320,000	51,419	371,419	--	371,419
2041	330,000	45,019	375,019	--	375,019
2042	335,000	38,419	373,419	--	373,419
2043	340,000	31,300	371,300	--	371,300
2044	350,000	24,075	374,075	--	374,075
2045	355,000	16,200	371,200	--	371,200
2046	365,000	8,213	373,213	--	373,213
Total	$7,000,000	$2,318,433	$9,318,433	$2,195,468	$11,513,901

(1) Totals may not add due to rounding.

SOURCES AND USES OF FUNDS

Sources and Uses of Funds

The proceeds from the sale of the 2021 Bonds are expected to be applied in the following manner:

Sources and Uses of Funds

	Amount
SOURCE:	
Principal amount	$7,000,000
Plus: net original issue premium	441,982
Total	$7,441,982
USES:	
Project Fund	$7,159,638
Costs of issuance (including underwriting discount and insurance premium)	282,344
Total	$7,441,982

The Project

Together with other District funds, the Project will consist of acquiring properties for fire stations in the District, including fixtures, structures, stations, other buildings and sites, including primarily purchasing the office and warehouse space that the District has been leasing since February 1, 2020.

SECURITY FOR THE 2021 BONDS

General Obligations

General. The 2021 Bonds are direct and general obligations of the District, and the full faith and credit of the District is pledged for the payment of principal and interest due thereon, subject to State constitutional and statutory limitations on the aggregate amount of ad valorem taxes. See "PROPERTY TAX INFORMATION – Property Tax Limitations." The 2021 Bonds are payable by the District from any source legally available at the times such payments are due, including the District's General Fund. In the event, however, that such legally available sources of funds are insufficient, the District is obligated to levy a general (ad valorem) tax on all taxable property within the District for payment of the 2021 Bonds, subject to the limitations provided in the constitution and statutes of the State. Due to the statutory process required for the levy of taxes, in any year in which the District is required to levy property taxes, there may be a delay in the availability of revenues to pay debt service on the 2021 Bonds. See "PROPERTY TAX INFORMATION – Property Tax Collections."

Property Tax Limitations. The constitution and laws of the State limit the total ad valorem property taxes that may be levied by all overlapping taxing units within each county (including the State, the District, the Washoe County School District (the "School District") or any special district) in each year. Generally, the combined overlapping tax rate is limited by statute to

$3.64 per $100 of assessed valuation. Those limitations are described in "PROPERTY TAX INFORMATION – Property Tax Limitations." In any year in which the total property taxes levied within the District by all applicable taxing units exceed such property tax limitations, the reduction to be made by those units must be in taxes levied for purposes other than the payment of their bonded indebtedness, including interest on such indebtedness. See "PROPERTY TAX INFORMATION – Property Tax Limitations."

Additional Security for the 2021 Bonds

Pledged Revenues. The 2021 Bonds are additionally secured by a lien (but not necessarily an exclusive lien) on the Pledged Revenues. The lien of the 2021 Bonds on the Pledged Revenues will be on a parity with the lien of the Parity Lien Bonds and any additional Parity Securities and subordinate to the lien of any Superior Securities issued in the future. The Pledged Revenues are comprised of a 15% portion of all income and revenue derived by the District from the Consolidated Tax distributed and imposed pursuant to State law.

General Description of Consolidated Tax. The taxes comprising the Consolidated Tax are discussed generally below. The revenues generated by the Consolidated Tax are deposited into the State's Local Government Tax Distribution Account and then allocated among local governments as described below.

Sales Taxes. The Supplemental City/County Relief Tax ("SCCRT") and Basic City/County Relief Tax ("BCCRT") are each a component of the combined sales and use tax levied by the State (the tax levied on retail sales and the storage, use or other consumption of tangible property). The SCCRT is levied at a rate of 1.75% and the BCCRT is levied at a rate of 0.50%. The revenues from each of these sources are collected monthly by the State Department of Taxation ("Taxation") and, following adjustments for certain rural counties and costs of collections, are remitted to the County of origin, then divided among the local governments within each county according to a formula. In fiscal year 2020, the SCCRT and BCCRT accounted for a combined 82.2% (18.3% and 63.9%, respectively) of the Consolidated Tax distributed within the County.

Sales taxes (including the SCCRT and BCCRT) are imposed on the gross receipts of any retailer from the sale of all tangible personal property sold at retail in the County and also upon the storage, use or other consumption in the County of tangible personal property. State law exempts taxes on the gross receipts from the sale, storage or use of property that it is prohibited from taxing under the constitution or laws of the State. Included in this category are (this list is not intended to be exhaustive): personal property sold to the United States, the State or any political subdivision; personal property sold by or to religious, charitable or educational nonprofit corporations; sales to common carriers; the proceeds of mines; motor vehicle fuel; food; certain feeds and fertilizers; prosthetic devices and other medical appliances; medicines, gas, electricity and water; newspapers, manufactured homes and mobile homes; and aircraft, aircraft engines and component parts.

The total sales and use tax rate applicable within the County is currently 8.265%. Such amount of total sales and use taxes are allocated as illustrated in the following table (of which

only the BCCRT and the SCCRT consolidated taxes are included in the Consolidated Tax from which the Pledged Revenues are derived):

Sales and Use Tax Allocation

Use	Effective Sales and Use Tax Rate
State General Fund	2.000%
Local School Support Tax	2.600
Basic City/County Relief Tax[(1)]	0.500
Supplemental City/County Relief Tax[(1)]	1.750
Washoe County Regional Transportation	0.375
Washoe County Local Government Tax Act	0.250
Washoe County Flood/Public Safety	0.125
Washoe County Railroad Grade Project	0.125
Washoe County School Capital	0.540
Total	8.265%

(1) Components of the Pledged Revenues.

Source: Components of Sales and Use Tax Rates – State of Nevada Department of Taxation

Basic Governmental Services Tax. The Basic Governmental Services Tax ("GST") is levied at a rate of 4 cents per dollar of valuation of motor vehicles and is assessed at the time of annual registration. The initial valuation of the vehicle is determined at 35% of the manufacturer's suggested retail price. Vehicle value is depreciated to 95% after the first year and graduated down to 15% after 9 years. Ninety-four percent of the proceeds of the GST is distributed to local governments in the County of origin. In fiscal year 2020, the GST accounted for 13.9% of the Consolidated Tax distributed within the County.

Real Property Transfer Tax. The Real Property Transfer Tax ("RPTT") is paid by the buyer in a conveyance of real property. The rate of taxation on transfers of real property in the County is $0.65 per $500 of value of the interest in property conveyed, exclusive of any lien or encumbrance upon the property. Of the $0.65 per $500 of value, a portion (55 cents) is deposited in the Local Government Tax Distribution Account for distribution to local governments in the County of origin and the rest is retained by the State for various purposes. In fiscal year 2020, the RPTT accounted for 3.1% of the Consolidated Tax distributed within the County.

Cigarette and Liquor Tax. The Cigarette Tax and Liquor Tax are excise taxes levied upon the sale of cigarettes (and other tobacco products) and liquor, respectively. Portions of the proceeds of the Cigarette Tax and Liquor Tax are distributed to local governments, with the remainder deposited to the State general fund. The Cigarette Tax is levied at a rate of 9 cents per cigarette, which equates to $1.80 per pack. Of that amount, 10 cents per pack is deposited in the Local Government Tax Distribution Account and distributed to local governments. The Liquor Tax is levied on a per gallon basis and is in addition to the applicable sales tax. Of the $3.60 per gallon tax levied on liquor with an alcohol content in excess of 22%, 50 cents is deposited in the Local Government Tax Distribution Account and distributed to local governments. Taxes levied upon tobacco products other than cigarettes and upon liquor products with less than 22% alcohol content are retained by the State general fund. In fiscal year 2020, the Cigarette Tax and the Liquor

Tax accounted for 0.6% and 0.2%, respectively, of the Consolidated Tax distributed within the County.

Collection and Enforcement of Consolidated Tax Revenues

Taxation administers the collection and enforcement of the Consolidated Taxes pursuant to State law. The taxes comprising the Consolidated Tax are collected as described below and distributions are made monthly.

Taxation collects the BCCRT, SCCRT, Cigarette and Liquor Taxes directly and deposits the revenues to the Local Government Tax Distribution Account monthly for distribution to the District. The County Treasurer collects RPTT revenues and deposits them with the State, at least quarterly, for inclusion in the Local Government Tax Distribution Account and subsequent monthly distribution to the District. The Department of Motor Vehicles collects the GST and deposits it monthly with the State for deposit in the Local Government Tax Distribution Account and subsequent monthly distribution to the District.

Because the BCCRT and the SCCRT constitute the majority of the Consolidated Tax Revenues, the State's sales tax collection and enforcement procedures are discussed briefly below. In addition to the sales tax enforcement procedure, the State may impose delinquent interest and penalties on late payments of the other taxes collected and also may seek judgments in State court for satisfaction of amounts owed.

Taxation administers all sales taxes within the State, including the BCCRT and the SCCRT. Each licensed retailer is required to remit all sales tax directly to Taxation. Pursuant to State statute, Taxation currently retains a collection fee of 1.75% (that amount is subject to change by the Legislature) of all amounts remitted by retailers. (Notwithstanding the foregoing, the increased fee cannot be applied so as to modify, directly or indirectly, any taxes levied or revenues pledged in such a manner as to impair adversely any outstanding obligations of any political subdivision of this State or other public entity). Every person desiring to conduct business as a retailer within the County must obtain a permit from Taxation. Any retailer that fails to comply with State statutes may have its license revoked by Taxation after a hearing held upon 10 days' written notice.

Sales taxes are due and payable to Taxation monthly on or before the last day of the month next succeeding the month in which such taxes are collected (*i.e.*, sales taxes collected by retailers in April 2021 were due to Taxation no later than May 31, 2021). Retailers are allowed to deduct 0.25% of the amount due to reimburse themselves for the cost of collecting the tax. Sales tax remittances to Taxation must be accompanied by a return form prescribed by Taxation. Taxation may require returns and payments for periods other than calendar months. Interest on deficient sales tax payments, exclusive of penalties, accrues at rates established by State law. A penalty of 10% of the amount of the deficiency also may be added.

Deficiency notices must be delivered to taxpayers within three years of any deficiency. Failure to pay sales taxes as required results in a lien against the property of the retailer failing to pay. The lien is enforced by Taxation's filing of a certificate and request for judgment with the County Clerk. Immediately upon filing of the certificate, the County Clerk is required to

enter a judgment in the amount owed, including penalties and interest. The lien may be enforced through a warrant executed by the County sheriff. In addition, Taxation may seize and sell property of the delinquent payor as provided by law.

Distribution of Consolidated Tax Collections. Consolidated Taxes are distributed to local governments in accordance with a formula established by State law. State law established a "base year" during the 1997 Legislative session. After that year, each local government receives an annual percentage increase in its base amount according to increases in the prior year's Consumer Price Index. For cities and counties, additional revenues over the base allocations are determined according to a statutory formula that takes into account each local government's relative growth in population and assessed valuation in the prior year. Taxation may determine to reallocate taxes if the assessed value and population of an entity declines over three consecutive years. Over the last five years, the District has received between 3.8% and 3.9% of the Consolidated Tax collections distributed within the County, excluding revenues separately distributed to the Washoe County School District.

Consolidated Tax Revenue Data

Historical Consolidated Tax Revenues and Pro-Forma Debt Service Coverage. The following table sets forth: (i) a history of the District's Consolidated Tax receipts and the resulting Pledged Revenues (ii) the debt service paid on the Parity Securities; and (iii) the associated debt service coverage, calculated by dividing the Pledged Revenues in each year by the annual debt service.

The table includes historical Consolidated Tax collection information for fiscal years 2016 through 2020 and estimated Consolidated Tax collection information for fiscal year 2021. There is no assurance that the Pledged Revenues will continue to be realized in the amounts illustrated below. See "INTRODUCTION – Certain Bondholder Rules – Certain Risk Associated with COVID-19" and other factors described throughout this Official Statement.

Upon issuance of the 2021 Bonds, the estimated maximum annual principal and interest requirements on the 2021 Bonds and the Parity Lien Bonds is $531,632 in fiscal year 2025. See "THE 2021 BONDS – Debt Service Requirements.

Historical Pledged Revenues and Pro Forma Debt Service Coverage

	2016 Actual[2]	2017 Actual	2018 Actual	2019 Actual	2020 Actual	2021 Estimate
Consolidated Tax Receipts[1]	$7,314,241	$7,713,537	$8,346,596	$8,725,419	$9,021,756	$9,331,699
% Change	5.5%	5.5%	8.2%	4.5%	3.4%	3.4%
Pledged Revenues (15% of Consolidated Tax Receipts)	$1,097,136	$1,157,031	$1,251,989	$1,308,813	$1,353,263	$1,399,755
Parity Securities Debt Service[3]	$531,632	$531,632	$531,632	$531,632	$531,632	$531,632
Coverage	2.1x	2.2x	2.4x	2.5x	2.6x	2.6x

(1) Excludes amounts refunded to a taxpayer in fiscal years 2019 and 2020, which result in reported and estimated consolidated tax of $207,387 and $101,014, respectively.

(2) Includes amounts distributed to the Sierra Fire Protection District, which merged with the District in fiscal year 2017.

(3) Represents estimated combined maximum annual debt service on the 2021 Bonds and the Parity Lien Bonds occurring in fiscal year 2025.

Source: The District; the District's Comprehensive Annual Financial Reports for fiscal years 2016-2020 and the District's 2022 Final Budget; compiled by the Municipal Advisor.

For fiscal year 2022, the District budgeted to receive Consolidated Tax revenues of $10,283,112, which would result in Pledged Revenues of $1,542,467. That budgeted figure results in estimated maximum annual principal and interest requirements coverage of 2.9x, calculated using the estimated debt service payable on the 2021 Bonds and the Parity Lien Bonds in fiscal year 2025 ($531,632). If the Pledged Revenues are insufficient to pay the debt service on the 2021 Bonds and any Parity Lien Bonds, the District must use other available resources to do so.

Monthly Comparison of Consolidated Tax Collections. The following table presents a comparison of monthly revenues received by the District pursuant to the Consolidated Tax Act for the twelve-month period ending June 30, 2020 and nine-month period ending March 31, 2021 (unaudited). *The data in the following table reflects collection of the full amount received pursuant to the Consolidated Tax Act; however, the Pledged Revenues are comprised of only 15% of that total amount. The information below is intended to illustrate collection trends only; it is not a representation of amounts available to pay the 2021 Bonds.* This table is presented on an accrual basis; accordingly, revenues are accounted for in the month of the original sales rather than the month of actual collection by the District. For example, revenues recorded for "April 2021" in the following table represent sales made by retailers in April 2021 and are recorded in that month even though retailers remitted those revenues to the State in May 2021 and the moneys were received by the District in June 2021. As of March 31, 2021, the District had experienced an increase of approximately 10.2% in Consolidated Tax collections as compared to the same 9-month period for the previous year.

Comparison of Monthly Consolidated Tax Collections[(1)(2)]

	Twelve-Month Period Ending June 30, 2020		8-Month Period Ending March 31, 2021		Percent Change	
	Current Month	Cumulative	Current Month	Cumulative	Current Month	Cumulative
July	$769,158.09	$769,158.09	$801,054.94	$801,054.94	4.1%	4.1%
August	802,800.43	1,571,958.52	805,887.06	1,606,942.00	0.4	2.2
September	801,055.20	2,373,013.72	862,519.99	2,469,461.99	7.7	4.1
October	784,820.72	3,157,834.44	831,788.44	3,301,250.43	6.0	4.5
November	745,678.27	3,903,512.71	814,173.64	4,115,424.07	9.2	5.4
December	910,603.98	4,814,116.69	970,879.69	5,086,303.76	6.6	5.7
January	727,490.59	5,541,607.28	771,877.02	5,858,180.78	6.1	5.7
February	664,867.51	6,206,474.79	759,000.08	6,617,180.86	14.2	6.6
March	666,378.96	6,872,853.75	955,279.35	7,572,460.21	43.4	10.2
April	542,602.47	7,415,456.22				
May	708,328.76	8,123,784.98				
June	897,970.69	9,021,755.67				
Total	$9,021,755.67		$7,572,460.21			

(1) Reflects collection of the full amount received pursuant to the Consolidated Tax Act; however, the Pledged Revenues pledged to payment of the 2021 Bonds are comprised of only 15% of that total amount.

(2) Does not include amounts refunded to a taxpayer in fiscal years 2019 and 2020, respectively. The average monthly reductions attributable to such refunds in fiscal years 2019 and 2020 are $17,282 and $16,836, respectively.

Additional Bonds

Additional Parity Securities and Superior Securities. The Bond Resolution authorizes the District to issue additional Parity Securities and also authorizes the District to issue Superior Securities. Superior Securities shall not be issued as general obligations of the District.

The following requirements must be met prior to the issuance of additional Parity Securities (except refunding bonds, which have different requirements) or Superior Securities.

A. Absence of Default. At the time of the adoption of the supplemental instrument authorizing the issuance of the additional securities, the District must not be in default in making any debt service or rebate payments required by the Bond Resolution with respect to any superior or parity securities. See Appendix B – Summary of Certain Provisions of the Bond Resolution – Flow of Funds.

B. Earnings Test. Except as otherwise described in the Bond Resolution: (1) the Pledged Revenues derived in the Fiscal Year immediately preceding the date of the issuance of the additional superior or parity securities shall have been at least sufficient to pay an amount equal to the combined maximum annual principal and interest requirements (to be paid during any one Bond Year, commencing with the Bond Year in which the additional superior or parity securities are issued and ending on the last Bond Year in which any then Outstanding Bonds mature) of the Outstanding Bonds and any other Outstanding superior or parity securities of the District and the bonds or other securities proposed to be issued (excluding the reserves therefor); or (2) the Pledged Revenues estimated by the Finance, independent feasibility consultant or an Independent Accountant to be derived in the first five Fiscal Years immediately succeeding the issuance of the other additional superior or parity securities proposed to be issued, shall be at least equal to such combined maximum annual principal and interest requirements to be paid during such Comparable Bond Year.

C. Adjustment of Pledged Revenues. In any computation of such earnings test as to whether or not additional superior or parity securities may be issued as described in paragraph B above, the amount of the Pledged Revenues for the next preceding Fiscal Year shall be decreased and may be increased by the amount of any loss or gain conservatively estimated by the Chief Fiscal Officer, the District Fire Chief, independent feasibility consultant or Independent Accountant making the computations described above, which loss or gain results from any change in the rate of the imposition of that part of the Consolidated Tax constituting a part of the Pledged Revenues which change took effect during the next preceding Fiscal Year or thereafter prior to the issuance of such superior or parity securities, as if such modified rate shall have been in effect during the entire next preceding Fiscal Year, if such change shall have been made by the District before the computation of the designated earnings test but made in the same Fiscal Year as the computation is made or in the next preceding Fiscal Year.

Certification of Revenues. A written certification or written opinion by the Chief Fiscal Officer, the District Fire Chief, an independent feasibility consultant or an Independent Accountant, based upon estimates as described in paragraphs B and C above, that the annual revenues when adjusted as described in paragraph C above, are sufficient to pay such amounts as described in paragraph B above, shall be conclusively presumed to be accurate in determining the right of the District to authorize, issue, sell and deliver additional bonds or additional securities superior to or on a parity with the 2021 Bonds.

Subordinate Securities Permitted. Nothing in the Bond Resolution prevents the District from issuing additional bonds or other additional securities payable from the Pledged Revenues having a lien thereon subordinate, inferior and junior to the lien thereon of the 2021 Bonds.

Superior Securities Permitted. The District may issue Superior Securities secured by and payable from the Pledged Revenues having a lien thereon prior and superior to the lien thereon of the 2021 Bonds and the Parity Lien Bonds; however, such Superior Securities shall not be issued as general obligations of the District.

Refunding Securities. The Bond Resolution authorizes the District to issue refunding securities upon satisfaction of the terms described in Appendix B – Summary of Certain Provisions of the Bond Resolution – Refunding Securities.

Bond Resolution Irrepealable

After any of the 2021 Bonds are issued, the Bond Resolution shall constitute an irrevocable contract between the District and the registered owner or owners of the 2021 Bonds; and the Bond Resolution, if any 2021 Bonds are in fact issued, shall be and shall remain irrepealable until the 2021 Bonds, as to all Bond Requirements, shall be fully paid, canceled and discharged, as provided in the Bond Resolution.

BOND INSURANCE

Bond Insurance Policy

Concurrently with the issuance of the 2021 Bonds, Build America Mutual Assurance Company (‘‘BAM”) will issue its Municipal Bond Insurance Policy for the Bonds (the ‘‘Policy”). The Policy guarantees the scheduled payment of principal of and interest on the Bonds when due as set forth in the form of the Policy included as an exhibit to this Official Statement.

The Policy is not covered by any insurance security or guaranty fund established under New York, California, Connecticut or Florida insurance law.

Build America Mutual Assurance Company

BAM is a New York domiciled mutual insurance corporation and is licensed to conduct financial guaranty insurance business in all fifty states of the United States and the District of Columbia. BAM provides credit enhancement products solely to issuers in the U.S. public finance markets. BAM will only insure obligations of states, political subdivisions, integral parts of states or political subdivisions or entities otherwise eligible for the exclusion of income under section 115 of the U.S. Internal Revenue Code of 1986, as amended. No member of BAM is liable for the obligations of BAM.

The address of the principal executive offices of BAM is: 200 Liberty Street, 27th Floor, New York, New York 10281, its telephone number is: 212-235-2500, and its website is located at: www.buildamerica.com.

BAM is licensed and subject to regulation as a financial guaranty insurance corporation under the laws of the State of New York and in particular Articles 41 and 69 of the New York Insurance Law.

BAM's financial strength is rated "AA/Stable" by S&P Global Ratings, a business unit of Standard & Poor's Financial Services LLC ("S&P"). An explanation of the significance of the rating and current reports may be obtained from S&P at www.standardandpoors.com. The rating of BAM should be evaluated independently. The rating reflects the S&P's current assessment of the creditworthiness of BAM and its ability to pay claims on its policies of insurance. The above rating is not a recommendation to buy, sell or hold the Bonds, and such rating is subject to revision or withdrawal at any time by S&P, including withdrawal initiated at the request of BAM in its sole discretion. Any downward revision or withdrawal of the above rating may have an adverse effect on the market price of the Bonds. BAM only guarantees scheduled principal and scheduled interest payments payable by the issuer of the 2021 Bonds on the date(s) when such amounts were initially scheduled to become due and payable (subject to and in accordance with the terms of the Policy), and BAM does not guarantee the market price or liquidity of the 2021 Bonds, nor does it guarantee that the rating on the 2021 Bonds will not be revised or withdrawn.

Capitalization of' BAM. BAM's admitted assets, total liabilities, and total capital and surplus, as of March 31, 2021 and·as prepared in accordance with statutory accounting practices prescribed or permitted by the New York State Department of Financial Services were $477.7 million, $156.4 million and $321.3 million, respectively.

BAM is party to a first loss reinsurance treaty that provides first loss protection up to a maximum of 15% of the par amount outstanding for each policy issued by BAM, subject to certain limitations and restrictions.

BAM's most recent Statutory Annual Statement, which has been filed with the New York State Insurance Department and posted on BAM's website at www.buildamerica.com, is incorporated herein by reference and may be obtained , without charge, upon request to BAM at its address provided above (Attention: Finance Department). Future financial statements will similarly be made available when published.

BAM makes no representation regarding the 2021 Bonds or the advisability of investing in the 2021 Bonds. In addition, BAM has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding BAM, supplied by BAM and presented under the heading "SECURITY FOR TH E BONDS – Bond Insurance."

Additional Information from BAM

Credit Insights Videos. For certain BAM-insured issues, BAM produces and posts a brief Credit Insights video that provides a discussion of the obligor and some of the key factors BAM's analysts and credit committee considered when approving the credit for insurance. The Credit Insights videos are easily accessible on BAM's website at buildamerica.com/creditinsights/. (The preceding website address is provided for convenience of reference only. Information available at such address is not incorporated herein by reference.)

Credit Profiles. Prior to the pricing of bonds that BAM has been selected to insure, BAM may prepare a pre-sale Credit Profile for those bonds. These pre-sale Credit Profiles provide

information about the sector designation (e.g., general obligation, sales tax); a preliminary summary of financial information and key ratios; and demographic and economic data relevant to the obligor, if available. Subsequent to closing, for any offering that include bonds insured by BAM, any pre-sale Credit Profile will be updated and superseded by a final Credit Profile to include information about the gross par insured by CUSIP, maturity and coupon. BAM pre-sale and final Credit Profiles are easily accessible on BAM's website at buildamerica.com/credit-profiles. BAM will produce a Credit Profile for all bonds insured by BAM, whether or not a pre-sale Credit Profile has been prepared for such bonds. (The preceding website address is provided for convenience of reference only. Information available at such address is not incorporated herein by reference.)

Disclaimers

The Credit Profiles and the Credit Insights videos and the information contained therein are not recommendations to purchase, hold or sell securities or to make any investment decisions. Credit-related and other analyses and statements in the Credit Profiles and the Credit Insights videos are statements of opinion as of the date expressed, and BAM assumes no responsibility to update the content of such material. The Credit Profiles and Credit Insight videos are prepared by BAM; they have not been reviewed or approved by the issuer of or the underwriter for the Bonds, and the issuer and underwriter assume no responsibility for their content.

BAM receives compensation (an insurance premium) for the insurance that providing with respect to the Bonds. Neither BAM nor any affiliate of BAM has committed to purchase, any of the Bonds, whether at the initial offering or otherwise.

PROPERTY TAX INFORMATION

Property Tax Base and Tax Roll

Taxation reports that the assessed valuation of property within the District for the fiscal year ending June 30, 2021, is $4,634,463,753. That assessed valuation represents an increase of 5.07% from the assessed valuation for fiscal year 2020.

State law requires that county assessors reappraise at least once every five years all real and secured personal property (other than certain utility owned property which is centrally appraised and assessed by the Nevada Tax Commission). While the law provides that in years in which the property is not reappraised, the County assessor is to apply a factor representing typical changes in value in the area since the preceding year, it is the policy of the Washoe County Assessor to reappraise all real and secured personal property in the District each year. State law currently requires that property be assessed at 35% of taxable value; that percentage may be adjusted upward or downward by the Legislature. Based upon the assessed valuation for fiscal year 2021 the taxable value of all taxable property within the District is $13,241,325,009.

Taxation has released preliminary assessed valuation information for the fiscal year ending June 30, 2022. The District's preliminary assessed valuation for fiscal year 2022, which remains subject to change until mid-July 2021, is $4,863,673,998, which would represent a 5.0% increase from the assessed valuation from fiscal year 2021. Based upon the preliminary assessed

valuation, the preliminary taxable value of all property within the District for fiscal year 2022 is $13,896,211,423.

"Taxable value" is defined in the statutes as the full cash value in the case of land and as the replacement cost less straight-line depreciation in the case of improvements to land and in the case of taxable personal property, less depreciation in accordance with the regulations of the Nevada Tax Commission but in no case an amount in excess of the full cash value. Depreciation of improvements to real property must be calculated at 1.5% of the cost of replacement for each year of adjusted actual age up to a maximum of 50 years. Adjusted actual age is actual age adjusted for any addition or replacement made which is valued at 10% or more of the replacement cost after the addition or replacement. The maximum depreciation allowed is 75% of the cost of replacement. When a substantial addition or replacement is made to depreciable property, its "actual age" is adjusted, *i.e.*, reduced to reflect the increased useful term of the structure. The adjusted actual age has been used on appraisals for taxes since 1986-87.

In Nevada, county assessors are responsible for assessments in the counties except for certain properties centrally assessed by the State, which include railroads, airlines, and utility companies.

History of Assessed Value

The following table provides a history of the assessed valuation in the District. Due to property tax abatement laws enacted in 2005 (described in "Required Property Tax Abatements" below), the taxes collected by taxing entities within the District are capped and there is no longer a direct correlation between changes in assessed value and property tax revenue.

History of Assessed Value

Fiscal Year Ending June 30	Assessed Value of the District[(1)]	Percent Change
2016	$3,367,922,176	11.1%
2017	3,648,048,808	8.3
2018	3,764,008,621	3.2
2019	4,036,892,458	7.2
2020	4,410,674,441	9.3
2021	4,634,463,753	5.1

(1) Includes the assessed valuation attributable to Net Proceeds of Minerals.

Source: Property Tax Rates for Nevada Local Governments - State of Nevada Department of Taxation for each year shown.

Property Tax Collections

In Nevada, county treasurers are responsible for the collection of property taxes and forwarding the allocable portions thereof to the overlapping taxing units within the counties.

A history of the County's tax roll collection record appears in the following table. *This table reflects all amounts collected by the County, including amounts levied by the County, the School District, the cities within the County, the District and certain special taxing districts.*

The figures in the following table include property taxes that are not available to pay debt service on the 2021 Bonds. The table below provides information with respect to the historic collection rates for the County but may not be relied upon to depict the amounts of ad valorem property taxes available to the District in each year. There is no assurance that collection rates will be similar to the historic collection rates depicted below.

Property Tax Levies, Collections and Delinquencies – Washoe County[1]

Fiscal Year Ending June 30	Net Secured Roll Tax Levy[1]	Current Tax Collections	% of Levy (Current) Collected	Delinquent Tax Collections	Total Tax Collections	Total Tax Collections as % of Current Levy[2]
2016	$440,248,128	$438,074,171	99.51%	$3,260,957	$441,335,128	100.25%
2017	451,010,874	449,929,921	99.76	3,012,814	452,942,735	100.43
2018	472,929,524	471,229,251	99.64	3,299,153	474,528,404	100.34
2019	533,683,366	530,712,691	99.45	2,725,411	533,448,103	99.96
2020	535,122,536	532,811,164	99.57	2,646,350	535,455,514	100.06
2021[3]	558,635,702	556,668,456	99.65	1,967,245	558,635,701	100.00

(1) Represents the real property tax roll levies for ad valorem taxes only. Does not include centrally assessed data as of May 31, 2021. Includes Supplemental Real Estate billed as of May 31, 2021. Includes adjustments to levy.
(2) Based on collections to net levy (actual levy less stricken taxes).

Source: Washoe County Comprehensive Annual Financial Report for fiscal year 2020 - Statistical Section, Washoe County Treasurer for preliminary fiscal year 2021 data.

Taxes on real property are due on the third Monday in August unless the taxpayer elects to pay in installments on or before the third Monday in August and the first Mondays in October, January, and March of each fiscal year. Penalties are assessed if any taxes are not paid within 10 days of the due date as follows: 4% of the delinquent amount if one installment is delinquent, 5% of the delinquent amount plus accumulated penalties if two installments are delinquent, 6% of the delinquent amount plus accumulated penalties if three installments are delinquent and 7% of the delinquent amount plus accumulated penalties if four installments are delinquent. In the event of nonpayment, the County treasurer is authorized to hold the property for two years, subject to redemption upon payment of taxes, penalties and costs, together with interest at the rate of 10% per year from the date the taxes were due until paid. If delinquent taxes are not paid within the two-year redemption period, the County treasurer obtains a deed to the property free of all encumbrances. Upon receipt of a deed, the County treasurer may sell the property to satisfy the tax lien and assessments by local governments for improvements to the property. State law provides alternative remedies for the collection of taxes in certain instances, including judicial foreclosure (which may take place before the expiration of the two-year redemption period) and the issuance of a tax lien by the County Treasurer which may be sold before the expiration of the two-year redemption period (but remains subject to redemption).

All property that is not defined or taxed as "real estate" or "real property" is considered to be "personal property". Taxable personal property includes all property used in conjunction with a business, manufactured homes, aircraft, aircraft hangars, and billboards. Business personal property is reported annually and must include all personal property used in the business on July 1st of the current fiscal year. The County Treasurer issues annual personal property tax bills monthly between August and May; payments are due 30 days after issue.

Largest Taxpayers in the District

The following table represents the ten largest property-owning taxpayers in the District based on fiscal year 2020-21 assessed valuations. The assessed valuations in this table represent both the secured tax roll (real property) and the unsecured tax roll (generally personal property). No independent investigation has been made of, and consequently there can be no representation as to, the financial conditions of the taxpayers listed, or that any such taxpayer will continue to maintain its status as a major taxpayer based on the assessed valuation of its property in the District. It is possible that one or more of the major taxpayers in the District may be experiencing varying degrees of financial difficulty; those or other entities may encounter future difficulties that could negatively impact the timely payment of property taxes.

Ten Largest Taxpayers in the District
Fiscal Year 2020-21

Taxpayer	Type of Business	Assessed Value	% of Total Assessed Value[(1)]
Apple, Inc	Technology	$121,491,274	2.62%
J&J Spanish Springs LLC	Real Estate	11,960,986	0.26
KRE Tiger Cascades-Sierra LLC	Senior Apartments	11,054,233	0.24
Scannell Properties #257 LLC	Real Estate	9,736,644	0.21
Clasen Quality Chocolate Inc	Chocolatier	9,040,054	0.20
Scannel Properties #254 LLC	Real Estate	7,349,280	0.16
Spanish Springs II LLC	Real Estate	6,508,132	0.14
Fox Realty LLC	Real Estate	6,019,372	0.13
DR Horton Inc	Real Estate	5,966,018	0.13
Tarragon-Spanish Springs I LLC	Real Estate	5,495,124	0.12
TOTAL		$194,549,117	4.20%

(1) Based on the District's fiscal year 2021 total assessed valuation of $4,634,463,753.

Property Tax Limitations

Overlapping Property Tax Caps. Article X, Section 2, of the State constitution limits the total ad valorem property taxes levied by all overlapping governmental units within the boundaries of any county (*i.e.*, the State, and any county, city, town, school district or special district) to an amount not to exceed five cents per dollar of assessed valuation ($5 per $100 of assessed valuation) of the property being taxed. Further, the combined overlapping tax rate is limited by statute to $3.64 per $100 of assessed valuation in all counties of the State with certain exceptions that (a) permit a combined overlapping tax rate of up to $4.50 per $100 of assessed valuation in the case of certain entities that are in financial difficulties (or require a combined overlapping tax rate of $5.00 per $100 of assessed valuation in certain circumstances of severe financial emergency); and (b) require that $0.02 of the statewide property tax rate of $0.17 per $100 of assessed valuation is not included in computing compliance with this $3.64 cap. (This $0.02 is, however, counted against the $5.00 cap.) State statutes provide a priority for taxes levied for the payment of general obligation bonded indebtedness in any year in which the proposed tax rate to be levied by overlapping units within a county exceeds any rate limitation, a reduction must

be made by those units for purposes other than the payment of general obligation bonded indebtedness, including interest thereon.

Local Government Property Tax Revenue Limitation. State statutes limit the revenues produced by property tax rates of local governments for purposes other than paying certain general obligation indebtedness. The overall property tax rate is generally limited as follows. The assessed value of property is first differentiated between that for property existing on the assessment rolls in the prior year (old property) and new property. Second, the property tax revenue derived in the prior year is increased by no more than 6% and the tax rate to generate the increase is determined against the current assessed value of the old property. Finally, this tax rate is applied against all taxable property to produce the allowable property tax revenues. This cap operates to limit property tax revenue dependent upon changes in the value of old property and the growth and value of new property.

A local government, other than a school district, may exceed the property tax revenue limitation if the proposal is approved by its electorate at a general or special election. In addition, the Executive Director of the Department of Taxation will add to the allowed revenue from ad valorem taxes, the amount approved by the legislature for the costs to a local government of any substantial programs or expenses required by legislative enactment. Nevada local governments receiving certain sales tax revenues also may levy a property tax to make up any shortfalls between sales tax revenues estimated by the Nevada Department of Taxation and actual sales tax revenues available to local governments.

The Nevada Tax Commission monitors the impact of tax legislation on local government services.

Constitutional Amendment – Abatement of Taxes for Severe Economic Hardship. At the November 5, 2002 election, the State's voters approved an amendment to the State constitution authorizing the Legislature to enact a law providing for an abatement of the tax upon or an exemption of part of the assessed value of an owner-occupied single-family residence to the extent necessary to avoid severe economic hardship to the owner of that residence.

The legislation implementing that amendment provides that the owner of a single-family residence may file a claim with the District treasurer to postpone the payment of all or part of the property tax due against the residence if (among other requirements): the residence has an assessed value of not more than $175,000; the property owner does not own any other real property in the State with an assessed value of more than $30,000; the residence has been occupied by the owner for at least 6 months; the owner is not in bankruptcy; the owner owes no delinquent property taxes on the residence; the owner has suffered severe economic hardship caused by circumstances beyond his control (such as illness or disability expected to last for at least 12 continuous months); and the total annual income of the owner's household is at or below the federally designated poverty level. The amount of tax that may be postponed may not exceed the amount of property tax that will accrue against the residence in the succeeding three fiscal years. Any postponed property tax (and any penalties and the interest that accrue as provided in the statue) constitutes a perpetual lien against the residence until paid. The postponed tax becomes due and payable if: the residence ceases to be occupied by the claimant or is sold; any non-postponed property tax

becomes delinquent; if the claimant dies; or on the date upon which the postponement expires, as determined by the county treasurer.

Required Property Tax Abatements

General. In 2005, the Legislature approved the NRS 361.471 to 361.4735 (the "Abatement Act"), which established formulas to determine whether tax abatements are required for property owners in each year. The general impact of the Abatement Act is to limit increases in ad valorem property tax revenues owed by taxpayers to a maximum of 3% per year for primary owner-occupied residential properties (and low-income housing properties) and, for all other properties, an annual percentage equal to the lesser of (a) 8% or (b) the greater of the average annual change in taxable values over the last ten years, as determined by a formula or twice the percentage of increase in the consumer price index for the immediately preceding calendar year. In accordance with such calculations, the increase in ad valorem property tax revenues owed by taxpayers for other properties in fiscal year 2021 is limited to 5.0%. The Abatement Act limits do not apply to new construction. The Abatement Act formulas are applied on a parcel-by-parcel basis each year.

Generally, reductions in the amount of ad valorem property tax revenues levied in the District are required to be allocated among all of the taxing entities in the District in the same proportion as the rate of ad valorem taxes levied for that taxing entity bears to the total combined rate of all ad valorem taxes levied for that fiscal year. However, abatements caused by tax rate increases are to be allocated against the entity that would benefit from the tax increase rather than among all entities uniformly. Revenues realized from new or increased ad valorem taxes that are required by any legislative act that was effective after April 6, 2005, generally are exempt from the abatement formulas. The Abatement Act provides for the recapture of previously abated property tax revenues in certain limited situations.

Levies for Debt Service. Revenues resulting from increases in the rate of ad valorem taxes for the payment of tax-secured obligations are exempt from the Abatement Act formulas if increased rates are necessary to pay debt service on the related obligation in any fiscal year if (1) the tax-secured obligations were issued before July 1, 2005; or (2) the governing body of the taxing entity and the District Debt Management Commission make findings that no increase in the rate of an ad valorem tax is anticipated to be necessary for payment of the obligations during their term.

General Effects of Abatement. Limitations on property tax revenues could negatively impact the finances and operations of the taxing entities in the State, including the District, to an extent that cannot be determined at this time. Cumulative ad valorem property tax abatement for the District for Fiscal Years 2017 through 2021 is estimated to equal $16.7 million. The estimated impact of ad valorem property tax abatement for the District in Fiscal Year 2022 is $4.1 million.

Overlapping Tax Rates and General Obligation Indebtedness

Overlapping Tax Rates. The following table sets forth a history of statewide average tax rates and the overlapping tax rate in the District.

History of Statewide Average and Sample Overlapping Property Tax Rates[1]

Fiscal Year Ended June 30	2017	2018	2019	2020	2021
Average Statewide rate	$3.1500	$3.1615	$3.1572	$3.2218	$3.1878
Washoe County	1.3917	1.3917	1.3917	1.3917	1.3917
Washoe County School District	1.1385	1.1385	1.1385	1.1385	1.1385
Truckee Meadows Fire Protection District	0.5400	0.5400	0.5400	0.5400	0.5400
Palomino Valley GID	0.4198	0.4198	0.4198	0.4198	0.4198
State of Nevada[2]	0.1700	0.1700	0.1700	0.1700	0.1700
Total	$3.6600	$3.6600	$3.6600	$3.6600	$3.6600

(1) Per $100 of assessed valuation.
(2) $0.0200 of the State rate is exempt from the $3.64 cap. See "Property Tax Limitation" above.

Source: Property Tax Rates for Nevada Local Governments - State of Nevada, Department of Taxation, 2016-17 through 2020-21.

Estimated Overlapping General Obligation Indebtedness. In addition to the general obligation indebtedness of the District, other taxing entities are authorized to incur general obligation debt within boundaries that overlap or partially overlap the boundaries of the District. In addition to the entities listed below, other governmental entities may overlap the District but have no general obligation debt outstanding. The following chart sets forth the estimated overlapping general obligation debt (including general obligation medium-term bonds) chargeable to property owners within the District as of June 1, 2021.

Estimated Overlapping Net General Obligation Indebtedness

Entity[1]	Total General Obligation Indebtedness[2]	Presently Self-Supporting General Obligation Indebtedness	Net Direct General Obligation Indebtedness	Percent Applicable[3]	Overlapping Net General Obligation Indebtedness[4]
Washoe County	$182,557,753	$163,800,753	$18,757,000	23.96%	$4,493,280
Washoe County School District	1,128,974,428	547,085,000	581,889,428	23.96	139,392,866
Sun Valley GID	4,471,981	4,471,981	0	100.00	0
State of Nevada	1,210,570,000	323,512,000	887,058,000	3.32	29,415,722
Total	$2,566,822,062	$1,038,869,734	$1,487,704,428		$173,301,868

(1) Other taxing entities overlap the District and may issue general obligation debt in the future.
(2) Includes medium-term bonds and other obligations.
(3) Based on fiscal year 2021 assessed valuation in the receptive jurisdiction. The percent applicable is derived by dividing the assessed valuation of the governmental entity into the assessed valuation of the District or State.
(4) Overlapping Net General Obligation Indebtedness equals total existing general obligation indebtedness less presently self-supporting general obligation indebtedness times the percent applicable.

Source: Debt information compiled by the Municipal Advisor; percentages calculated using information from Property Tax Rates for Nevada Local Governments - State of Nevada - Department of Taxation, 2020-21 and the State Treasurer's office.

The following table sets forth the total net direct and overlapping general obligation indebtedness attributable to the District as of June 1, 2021 (after taking the issuance of the 2021 Bonds into account).

Net Direct & Overlapping General Obligation Indebtedness

Total General Obligation Indebtedness[1]	$12,969,000
Less: Self-supporting General Obligation Indebtedness[1]	(8,963,000)
Net Direct General Obligation Indebtedness	4,006,000
Plus: Overlapping Net General Obligation Indebtedness	173,301,868
Net Direct & Overlapping Net General Obligation Indebtedness	$177,307,868

(1) Assumes the issuance of the 2021 Bonds. See "DISTRICT DEBT STRUCTURE – Outstanding Indebtedness and Other Obligations."

THE DISTRICT

General

The District is empowered through its enabling legislation to make and enforce rules and regulations necessary for the administration and government of the District and for the furnishing of fire protection. Certain powers delegated to the District through its authorizing legislation include the power to levy property taxes, to issue general obligation bonds, to assess property for the costs of certain improvements and the power of eminent domain.

Board of Fire Commissioners

The Board of County Commissioners of the County serves as the ex-officio Board of Fire Commissioners for the District. The current members of the Board, their years of service and their terms of office are as follows:

Commissioner	Year Took Office	Expiration of Term
Bob Lucey, Chair	2015	2023
Vaughn Hartung, Vice Chair	2013	2025
Alexis Hill	2021	2025
Jeanne Herman	2015	2023
Kitty Jung	2007	2023

Administration

Fire Chief. Charles A. Moore has been Fire Chief for the District since 2012. As of 2021, Chief Moore has been a Fire Chief for 30 years. Chief Moore began his career as a volunteer firefighter and started his professional career in 1981. He has held many positions in the fire service - from firefighter, driver/operator, lieutenant, captain, and fire marshal. He graduated from the University of Colorado at Boulder with a degree in Environmental Design. He spent ten years working in the architectural profession concurrently with his career in the fire service. In 2012, the Board of County Commissioners hired Chief Moore to return to the District as a standalone fire agency when Commissioners negated the contract for service between the County and the City of Reno.

Deputy Chief of Operations. Alex Kukulus began his career in the fire service in 1997 in Central California. He became a paramedic before becoming a firefighter with the Sparks Fire Department and the Carson City Fire Department. In 2003, Chief Kukulus began working for the Nevada Division of Forestry as a firefighter/paramedic, which eventually became Sierra Fire, and later the District in 2012. He has held nearly every rank in the fire service during his tenure and has been the Deputy Fire Chief since July of 2019.

Deputy Chief of Fire Protection. Dale Way has been serving the District for the past year and a half. Prior to working for the District, Chief Way served as the Deputy Fire Marshal for the City of North Las Vegas, the third largest and most industrialized municipality in the State, for almost 20 years. He has more than 25 years' experience in the Fire Service and more than 15 years of Fire Management experience. Chief Way has a BA in Business Administration, two Associates degrees related to Fire Science and numerous nationally recognized professional

certifications as well as credentialing as a Fire Marshal from the Center for Public Safety Excellence.

Chief Fiscal Officer. Cynthia Vance, CPA has been the Chief Fiscal Officer for the District since 2017. She has over 16 years of government accounting experience. Ms. Vance graduated from the University of Reno with a bachelor's degree in Accounting in 2004. She worked for a public accounting firm specializing in audits of governments for nine years starting in 2005 and obtained her Certified Public Accounting License in 2007. Ms. Vance worked for the local school district before joining the District.

Employee Relations, Benefits and Pension Matters

General. The District has approximately 170 full-time equivalent employees.

Benefits. The District provides deferred compensation plans to its employees, as well as life insurance, health insurance, paid vacation, sick leave and holidays, and reimbursement for certain educational expenses.

Pension Benefits. The State of Nevada Public Employees' Retirement System ("PERS") covers substantially all public employees of the State, its agencies and its political subdivisions, including the District. PERS, established by the Legislature effective July 1, 1948, is governed by the Public Employees' Retirement Board whose seven members are appointed by the Governor for four-year terms. **Except for certain District-specific information set forth below, the information in this section has been obtained from publicly available documents provided by PERS. The District has not independently verified the information obtained from the publicly available documents provided by PERS and is not responsible for its accuracy.**

All public employees who meet certain eligibility requirements participate in PERS, which is a cost sharing multiple-employer defined benefit plan. Benefits, as established by statute, are determined by the number of years of accredited service at the time of retirement and the member's highest average compensation in any 36 consecutive months. Benefit payments to which participants may be entitled under PERS include pension benefits, disability benefits and death benefits. The following table illustrates the PERS service credit multiplier which reflects the benefit allowances for members as computed as certain percentages of average compensation for each accredited year of service depending upon when membership commenced (Membership Date) and during which period services were earned (Service Credit Multiplier). For the purpose of illustration, a public employee whose Membership Date occurred prior to July 1, 2001 would receive the Service Credit Multiplier of 2.50% for employment prior to July 1, 2001 and a Service Credit Multiplier of 2.67% for employment thereafter.

PERS Benefit Multiplier

	Service Credit Multiplier				
Membership Date	Before 07/01/01	After 07/01/01	After 01/01/10	After 07/01/15	Highest Contiguous Average Over
Before July 1, 2001	2.50%	2.67%	2.67%	2.67%	36 months
After July 1, 2001, before January 1, 2010	--	2.67%	2.67%	2.67%	36 months
After January 1, 2010, before July 1, 2015	--	--	2.50%	2.50%	36 months
After July 1, 2015	--	--	--	2.25%	36 months

Similarly, legislative changes have created several tiers of retirement eligibility thresholds. The following table illustrates the PERS retirement eligibility thresholds for regular members.

Nevada PERS Retirement Eligibility

Membership Date	Regular	
	Age	Years of Service
Before January 1, 2010	65	5
	60[1]	10
	Any	30[2]
After January 1, 2010, before July 1, 2015	65	5
	62	10
	Any	30
After July 1, 2015	65	5
	62	10
	55	30
	Any	33 1/3

(1) Age 55 for police or firefighters.
(2) 25 years for police or firefighters.

State law requires PERS to conduct a biennial actuarial valuation showing unfunded actuarial accrued liability ("UAAL") and the contribution rates required to fund PERS on an actuarial reserve basis. The actual employer and employee contribution rates are established in cycle with the State's biennium budget on the first full pay period of the even numbered fiscal years. By PERS policy, the system performs an annual actuary study. The most recent independent actuarial valuation report of PERS was completed as of June 30, 2020. The following table reflects some of the key valuation results from the last three PERS' actuary studies:

PERS Actuarial Report

Key Valuation Results	June 30, 2020	June 30, 2019	June 30, 2018
UAAL	$14.49 billion	$14.31 billion	$13.73 billion
Market Value Funding Ratio	77.0%	76.5%	75.2%
Actuarial Value Funding Ratio	76.1%	75.3%	75.1%
Assets Market Value	$46.74 billion	$44.28 billion	$41.42 billion
Assets Actuarial Value	$46.17 billion	$43.61 billion	$41.34 billion

For the purpose of calculating the actuarially determined contribution rate, the UAAL is amortized as a level percent of payroll over a year-by-year closed amortization period where each amortization period is set at 20 years. The amortization period prior to fiscal year 2012 was 30 years. Effective starting fiscal year 2012, the PERS Board adopted a shorter amortization period to be used to amortize new UAAL resulting from actuarial gains or losses and changes in actuarial assumptions. Any new UAAL is amortized over a period equal to the truncated average remaining amortization period of all prior UAAL layers, until the average remaining amortization period is less than 20 years; after that time, 20-year amortization periods will be used. The PERS Board also adopted a five-year asset smoothing policy for net deferred gains/losses.

Effective with fiscal year 2018, the District was required to apply the GASB Statement No. 82, Pension Issues – An Amendment of GASB Statements No. 67, No. 68 and No. 73 to its audited financial statements. This statement clarifies that payments made by an employer to satisfy contribution requirements should be classified as plan member contributions for Statement 67 and as employee contributions for Statement 68. As a result, the District was required to recognize a prior period adjustment to its Net Position as of July 1, 2017 in the government-wide financial statement and proprietary fund statements.

The following presents the net pension liability of PERS as of June 30, 2019, and the District's proportionate share of the net pension liability of PERS as of June 30, 2020, calculated using the discount rate of 7.50%, as well as what the PERS net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (6.50%) or one percentage point higher (8.50%) than the current discount rate:

Net Pension Liability

	1% Decrease in Discount Rate (6.50%)	Discount Rate (7.50%)	1% Increase in Discount Rate (8.50%)
PERS Net Pension Liability	$21,113,639,011	$13,635,963,390	$7,420,117,489
District Share of PERS Net Pension Liability	$50,861,112	$32,847,974	$17,874,485

Contribution rates to PERS are established in accordance with State statute. The statute allows for biennial increases or decreases of the actuarially determined rate. The Legislature can increase the contribution rate for members by any amount it determines necessary. Pursuant to statute, there is no obligation on the part of the employers to pay for their proportionate share of the unfunded liability. The District is obligated to contribute all amounts due under PERS; however, in accordance with State law, non-police/fire employees share the annual increases equally with the employer (unless otherwise prohibited by contract). A history of contribution rates is shown below.

	Fiscal Years 2012 and 2013	Fiscal Years 2014 and 2015	Fiscal Years 2016 and 2017	Fiscal Years 2018 and 2019	Fiscal Years 2020 and 2021
Regular members	23.75%	25.75%	28.00%	28.00%	29.25%
Police/fire members	39.75%	40.50%	40.50%	40.50%	42.50%

GASB 82 changed the way that retirement contributions are calculated. The District employs two different contribution plans for PERS: the employer-paid plan where the District contributes the full contribution required on behalf of the employee, and the employer/employee paid plan where the employee and the District contribute equal amounts towards the required contribution. GASB 82 changed the classification of the contributions made by the employer-paid plan.

PERS Contributions

	Fiscal Year 2016	Fiscal Year 2017	Fiscal Year 2018	Fiscal Year 2019	Fiscal Year 2020
Contribution	$1,835,776	$1,896,920	$2,156,034	$2,293,573	$2,423,345

See Note 9 in the audited financial statements attached hereto as Appendix A for a summary description of PERS. In addition, copies of the most recent audited financial statements for PERS are available from the Public Employees Retirement System of the State of Nevada, 693 West Nye Lane, Carson City, Nevada 89703-1599, 775-687-4200.

Other Post-Employment Benefits.

Prior to July 1, 2000, the District provided health insurance benefits to retired employees through a single-employer defined benefit plan. As of July 1, 2000, the District entered into an Interlocal Agreement with the City of Reno to provide for consolidation of services and personnel and the District's fire operations were transferred to the City of Reno and the City accepted liability for retirees under this plan. In accordance with the Interlocal Agreement, the District pays a proportionate share of retiree health benefit costs including medical, prescription, vision, dental and life insurance based on service earned prior to July 1, 2000.

The Interlocal Agreement was terminated on June 30, 2012 and the District assumed responsibility for its own fire district operations as of July 1, 2012. Any former District employees who retired before July 1, 2012 would maintain retiree health benefits through the City of Reno and the District would continue to pay a proportionate share of retiree health benefit costs. As of June 30, 2012, in preparation of standing up the new fire operations, 11 former Reno firefighters transferred to the District with the provision the District would provide retiree health benefits for those 11 employees. Any employees remaining employed by the City of Reno as of July 1, 2012 retained retiree health benefits with the City and the City retained the full liability for those employees.

Benefits under the new District plan, a single-employer defined benefit plan, include health, dental, vision and prescription coverage. Eligible retirees hired prior to July 1, 2014 who retire from the District will be required to pay for 50% of the retirees' health insurance premium and 100% of the cost of coverage for their families. Eligible retirees hired after July 1, 2014 who retire from the District will be required to pay for 100% of the retirees' and families health insurance premiums. Eligibility requirements, benefit levels, employee contributions and employer contributions may be amended by the mutual agreement of the District and the District's Fire Firefighters' Association.

As of July 1, 2010, the Plan is administered through an irrevocable trust, Washoe County, Nevada OPEB Trust (Trust), established on May 11, 2010, by the Board of Washoe County Commissioners. The Trust, a multiple-employer trust, was created to fund and account for the participating employers' costs of retiree healthcare benefits pursuant to Nevada Revised Statutes 287.017.

The District receives an actuarial valuation bi-annually. As illustrated in the Required Supplementary Information, the District's net OPEB liability was $4,551,649 as of June 30, 2020 with a measurement date of June 30, 2019, $4,296,791 as of June 30, 2019 with a measurement date of June 30, 2018, and $1,529,568 with a measurement date of June 30, 2017. Changes of assumptions and other inputs reflect a change in the discount rate from 7.00 percent as of the measurement date of June 30, 2017 to 6.00 percent as of the measurement date of June 30, 2018 and a change in the long-term inflation assumption from 2.50 percent as of the measurement date of June 30, 2017 to 3.00 percent as of the measurement date of June 30, 2018. These changes in assumptions and other inputs resulted in a significant increase in the actuarially determined net OPEB liability between fiscal year 2018 and 2019. Additional information on the District's OPEB plan are included in Note 8 and required Supplementary Information in Appendix A.

Risk Management

The District is exposed, as are all entities, to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District is fully insured for property and auto loss and liability with a $1,000 to $2,500 deductible. The District is covered up to a policy limit per occurrence of $10,000,000 and $20,000,000 annual aggregate in excess liability coverage. The District's policy contains various sub-limits established for earthquake, flood, equipment breakdown, errors and omissions and other items.

During the term of the Reno/Truckee Meadows Fire Protection District Interlocal Agreement, workers' compensation was fully insured with the City of Reno's self-funded workers' compensation plan. Due to the termination of the Agreement, as of July 1, 2012, the District is no longer self-funded with the City of Reno but has purchased a guaranteed workers compensation insurance plan. However, the District is still required to pay workers' compensation claims costs to the City of Reno for those years the District was self-funded through the City of Reno's workers' compensation plan. During the fiscal year ended June 30, 2004, the District and the City of Reno instituted a "pay as you go" system for workers' compensation claims. The District shared the combined losses with the Reno Fire Department (RFD). The District established the Workers' Compensation Fund to account for this program. The District bought out all workers' compensation liability for all claims incurred prior to July 1, 2012. Claims incurred prior to fiscal year 2012 remain the liability of the City of Reno under the buyout agreement. The District will remain responsible for future Heart and Lung related workers' compensation claims on a "pay as you go" system.

Cybersecurity

The District, as a component unit of the County, contracts with the County for all information technology systems, including cybersecurity. The County, like other large public and private entities, relies on a large and complex technology infrastructure to conduct its operations. As a recipient and provider of personal, private or sensitive information, the County is a potential target for a variety of cyber threats, including, but not limited to, ransomware, hacking, viruses, malware and other attacks on computer, electronic equipment and other connected devices with access to sensitive digital assets and data. Entities or individuals may attempt to gain unauthorized access to the County's systems for the purposes of misappropriating assets or information or causing operational disruption and damage.

Cybersecurity is one of the County's top priorities and recognizing the potential damage that could be caused by any such attacks, the County has taken several steps in implementing control measures and developing a multi-layer and in-depth- defense security model to restrict access to the County's digital assets. Here are some of the steps the County has taken to restrict access to County technology infrastructure and systems: (1) dedicated cybersecurity specialists under the Technology Services Department that is the single source for the County's cybersecurity and awareness; (2) cybersecurity insurance; (3) redundant on-site and off-site backups of almost all County data (4) a disaster recovery site; (5) educational email campaigns to address spear phishing emails and administrative intrusion; (6) CIS cybersecurity framework that defines parameters and best practices; (7) professional outsourced 24/7 active monitoring of network activities; (8) partnership with other agencies in the region to identify cybersecurity

challenges and opportunities; (9) partnership with Cybersecurity and Infrastructure Security Agency (CISA) to perform recurring exercises and audit controls.

In addition, the County utilizes a Defensive Depth model also known as Multi-Layer Security with numerous components (layers) to shield and protect the County's systems including:

- Client (desktop/laptop) security layer software including comprehensive virus and thread detection software and operating system firewall.
- Parameter network firewall layer to protect networks and computing infrastructure
- Datacenter and server scanning and monitoring software
- Network segmentations
- Multi-factor authentication (under implementation – scheduled to go live on July 15, 2021)
- Virtual Private Network for remote users
- Email scanning and threat management

Nevertheless, no assurance can be given that the County's efforts to manage cyber threats and attacks will be successful or that any such attack will not materially impact the operations or finances of the District.

DISTRICT FINANCIAL INFORMATION

Annual Reports

The District Chief Fiscal Officer prepares an annual financial report ("AFR") setting forth the financial condition of the District as of June 30 of each fiscal year. The latest audited report is for the year Ended June 30, 2020. The basic financial statements and related notes come from the AFR which is the official financial report of the District. The basic financial statements were prepared following generally accepted accounting principles. See Note 1 in the audited basic financial statements attached hereto as Appendix A for a summary of the District's significant accounting policies. The District's AFR for the year Ended June 30, 2020, can currently be found at the following address on the internet: www.tmfpd.us, on the Resources page.

Budgeting

Prior to April 15 of each year, the District is required to submit to the State Department of Taxation the tentative budget for the next fiscal year which commences on July 1. The tentative budget contains the proposed expenditures and means of financing them. After reviewing the tentative budget, Taxation is required to notify the District upon its acceptance of the budget.

Following acceptance of the proposed budget by Taxation, the Board is required to conduct a public hearing no earlier than the third Monday in May in conjunction with the District's budget hearing. The Board is required to adopt the final budget on or before June 1. The Board

adopted the Fiscal Year 2022 District Budget on May 18, 2021 and submitted it to the State prior to June 1, 2021.

The District Finance Office is authorized to transfer budgeted amounts within functions or funds, but any other transfers must be approved by the Board. Increases to a fund's budget other than by transfers are accomplished through formal action of the Board. With exception of monies appropriated for specific capital projects for Federal and State grant expenditures (if any), all unencumbered appropriations lapse at the end of the fiscal year.

Accounting

The basic financial statements include both government-wide and fund financial statements. The reporting focus is on either the District as a whole or major individual funds and nonmajor funds in the aggregate.

The government-wide and the proprietary fund's financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue when eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. When revenues are due but will not be collected within 60 days after year-end, the receivable is recorded and an offsetting deferred revenue account is established. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, post-employment benefits and claims and judgments, are recorded only when payment is due.

General Fund Information

General. The purpose of the General Fund is to finance the ordinary operations of the District (including debt service to the extent that the ad valorem tax levy is not sufficient to service outstanding general obligation debt) and to finance those operations not provided for in other funds. Included are transactions related to the approved current operating budget, its accompanying revenue, expenditures and encumbrances, and its related asset, liability, and fund balances. The General Fund budget for fiscal year 2022 includes $38,054,524 of revenue.

History of District General Fund Revenues, Expenditures and Changes in Fund Balances

General. The following table presents a history of the General Fund revenues, expenditures and changes in fund balance for the fiscal years ended June 30, 2016 through 2020. The table also presents estimated information for the fiscal year ended June 30, 2021 and the

District's final budget for the fiscal year ended June 30, 2022. The information for fiscal years 2016 through 2020 was derived from the District's audited financial reports for each of those years. The information for fiscal years 2021 and 2022 was derived from the District's 2021-22 final budget. The revenue and expenditure categories included in the table reflect those currently required for budgetary and financial reporting purposes by Taxation and as a result, the figures in each category may not be directly comparable to those reported in the AFR for each year.

The information in this table should be read together with the District's audited financial statements for the year Ended June 30, 2020, and the accompanying notes, which are included as Appendix A hereto. Financial statements for prior years can be obtained from the sources listed in "INTRODUCTION – Additional Information."

District General Fund Summary of Revenues, Expenditures and Changes in Fund Balance[(1)]

Fiscal Year Ended June 30,	2016	2017	2018	2019	2020	2021	2022
Revenues	(Actual)	(Actual)	(Actual)	(Actual)	(Actual)	(Estimate)	(Budget)

(1) The Revenues and Expenditures categories included in this table reflect those currently required for budgetary and financial reporting purposes by the Nevada State Department of Taxation.

Source: Derived from the District's AFRs for fiscal years 2016 through 2020, and the District's 2021-22 Final Budget (for estimated fiscal year 2021 results and fiscal year 2022 budgeted amounts).

Management's Comments Regarding Material Trends

An overview of the financial activity and overall financial condition of the District is presented in the District's Management's Discussion and Analysis included within the AFR for the fiscal year ended June 30, 2020, attached hereto as Appendix A.

The District's final budget was adopted by Board of Fire Commissioners on May 19, 2020 for fiscal year 2021 and for fiscal year 2022 on May 18, 2021. The fiscal year 2021 General Fund budget forecasted revenues at $31,340,644, a 6.3% decline from fiscal year 2020 actual revenues in reaction to the COVID-19 pandemic. This budget included a decrease of over $2 million in consolidated tax revenues which consists primarily of sales taxes, from prior year budget. These declines have not occurred and the consolidated tax revenues has increased every month compared to the same month one year prior. In addition, the District implemented new programs including medical response insurance reimbursements, building plan inspection fees, building permit fees, and fuels reduction cost reimbursement programs. The District is expecting actual fiscal year 2021 general fund revenues to be $36,015,627 a 14.9% increase over budget and a 7.6% increase over fiscal year 2020 general fund revenues. The District expects current year trends and programs to continue and has budgeted fiscal year 2022 general fund revenues at $38,054,524, a 5.7% increase over the fiscal year 2021 current estimate.

The District has budgeted deficit spending for fiscal year 2022 because (a) the District proactively reacted to the COVID-19 pandemic in March of 2020 by reducing expenditures significantly to preserve fund balance in case of significant revenue reductions because of state-wide business shutdowns and (b) the District prepared the budget for fiscal year 2021 with the expectation of declines in revenues and the use of fund balance to maintain service levels. However, as discussed above, the revenues of the District did not decline as expected and continued to grow over the past two fiscal years. The audited ending fund balance for the General Fund was $11,475,006 for fiscal year 2020, which is 38% of expenditures. Accordingly, the District plans to use a portion of this higher than anticipated fund balance for capital expenditures, transfers to fund future liabilities, and to provide enhanced staff training programs. As a general practice, the District prepares a conservative budget that maintains a budgeted fund balance ranging between 15% and 20%.

DISTRICT DEBT STRUCTURE

Debt Limitation

State statutes limit the aggregate principal amount of the District's general obligation debt to five percent (5%) of the District's total reported assessed valuation. The following table presents a record of the District's outstanding general obligation indebtedness with respect to its statutory debt limitation.

Statutory Debt Limitation

Fiscal Year Ended June 30	Assessed Valuation	Debt Limit	Outstanding General Obligation Debt[(1)(2)]	Additional Statutory Debt Capacity
2017	$3,648,048,808	$182,402,440	--	$182,402,440
2018	3,764,008,621	188,200,431	--	188,200,431
2019	4,036,892,458	201,844,623	--	201,844,623
2020	4,410,674,441	220,533,722	$4,415,000	216,118,722
2021	4,634,463,753	231,723,188	12,969,000	218,754,188

(1) Includes the general obligation bonds, general obligation bonds additionally secured by pledged revenues and general obligation medium-term obligations.
(2) For Fiscal year 2021, includes the anticipated issuance of the 2021 Bonds.

Sources: District and State of Nevada, Department of Taxation.

Outstanding Indebtedness and Other Obligations

Outstanding Indebtedness. On March 19, 2020, the District issued general obligation medium-term bonds in the aggregate principal amount of $4,415,000 (the "2020 Medium-Term Bonds") to provide funds for purchase of fire engines and equipment. The 2020 Medium-Term Bonds have a stated rate of interest of 1.5% and are payable in equal installments over the next ten years. The 2020 Medium-Term Bonds are secured by the full faith and credit of the District but are not secured by the Pledged Revenues. The 2020 Medium-Term Bonds was the District's first issuance of debt.

On October 14, 2020, the District issued general obligation revenue bonds in the aggregate principal amount of $2,100,000 (the "2020 Parity Bonds") to provide funds for the acquisition and improvement of fire stations. The 2020 Parity Bonds have a stated rate of interest of 1.53% and are payable through June 2035. The 2020 Parity Bonds are Parity Lien Bonds. The following table outlines the District's outstanding bonds as of June 1, 2021 after taking the issuance of the 2021 Bonds into account.

Outstanding General Obligation Indebtedness

	Date Issued	Maturity Date	Original Amount	Amount Outstanding
General Obligation Revenue Debt				
Capital Improvement Bond, Series 2020	10/21/20	06/01/35	$2,100,000	$1,963,000
Capital Improvement Bond, Series 2021	07/28/21	06/01/46	7,000,000	7,000,000
Total GO-Rev Debt				$8,963,000
Medium-Term General Obligation Debt				
Medium-Term Bond, Series 2020	03/10/20	03/01/30	$4,415,000	$4,006,000
Total Medium-Term GO Debt				$4,006,000
Total Outstanding GO Bonded Debt				$12,969,000

Source: The District.

District Annual Debt Service Requirements

The following table illustrates the debt service requirements for the District's outstanding general obligation bonds as of June 1, 2021 after taking the issuance of the 2021 Bonds into account.

District Annual Debt Service Requirements[1]

Fiscal Year Ending June 30	General Obligation Medium-Term Bonds[2]		General Obligation Revenue Bonds[3]		
	Principal	Interest	Principal	Interest	Total
2022	$416,000	$60,090	$337,000	$188,704	$1,001,794
2023	423,000	53,850	319,000	208,210	1,004,060
2024	430,000	47,505	331,000	198,636	1,007,141
2025	437,000	41,055	343,000	188,632	1,009,687
2026	444,000	34,500	350,000	178,197	1,006,697
2027	452,000	27,840	362,000	167,531	1,009,371
2028	460,000	21,060	374,000	156,435	1,011,495
2029	468,000	14,160	386,000	144,908	1,013,068
2030	476,000	7,140	398,000	132,951	1,014,091
2031	--	--	410,000	120,563	530,563
2032	--	--	422,000	107,745	529,745
2033	--	--	430,000	99,996	529,996
2034	--	--	437,000	92,101	529,101
2035	--	--	444,000	84,075	528,075
2036	--	--	295,000	75,919	370,919
2037	--	--	305,000	70,019	375,019
2038	--	--	310,000	63,919	373,919
2039	--	--	315,000	57,719	372,719
2040	--	--	320,000	51,419	371,419
2041	--	--	330,000	45,019	375,019
2042	--	--	335,000	38,419	373,419
2043	--	--	340,000	31,300	371,300
2044	--	--	350,000	24,075	374,075
2045	--	--	355,000	16,200	371,200
2046	--	--	365,000	8,213	373,213
Total	$4,006,000	$307,200	$8,963,000	$2,550,901	$15,827,101

(1) As of June 1, 2021.

(2) General obligation bonds secured by the full faith, credit and payable from all legally available funds of the District. The ad valorem tax available to pay these bonds is limited to the statutory and constitutional limit described in note (3) below as well as the statutory limitation on the District's maximum operating levy tax rate. See "PROPERTY TAX INFORMATION – Property Tax Limitations."

(3) General obligation bonds secured by the full faith, credit and taxing power of the District. The ad valorem tax available to pay these bonds is limited to the $3.64 statutory and the $5.00 constitutional limit. See "PROPERTY TAX INFORMATION – Property Tax Limitations." These bonds are additionally secured by pledged revenues; if revenues are not sufficient, the District is obligated to pay the difference between such revenues and debt service requirements of the respective bonds. Takes the issuance of the 2021 Bonds into account. See "PROPERTY TAX INFORMATION – Property Tax Limitations."

Other Obligations. The District also had $5,599,978 ($1,986,388 current and $3,613,590 long term) in liability associated with compensated absences as of June 30, 2020. The District also has a long-term liability for a claims and judgments liability associated with pending claims for property and liability, worker's compensation and unprocessed health benefit claims totaling $1,411,418. The District leases office and warehouse space under an operating lease which expires on December 31, 2020 and began a long-term lease on February 1, 2020 for office and warehouse space which expires in fiscal year 2025. Total lease payments in fiscal year 2020 were $206,818. Future minimum payments for these leases are $1,689,549. As discussed under "SOURCES AND USES OF FUNDS – The Project," the District plans to use proceeds of the 2021 Bonds to purchase such leased office and warehouse space and extinguish the underlying lease.

Additional Contemplated Indebtedness

The District may issue general obligation bonds by means of authority granted to it by its electorate or the State Legislature or, under certain circumstances, without an election as provided in existing statutes. The District is currently evaluating the issuance of additional debt to fund construction of fire stations within the next two years

ECONOMIC AND DEMOGRAPHIC INFORMATION

This portion of the Official Statement contains general information concerning historic economic and demographic conditions in and surrounding the District. It is intended only to provide prospective investors with general information regarding the District's community. Most of the economic and demographic information is provided only on a County-wide basis, so such data may vary from circumstances in the District. The information was obtained from the sources indicated and is limited to the time periods indicated. The information is historic in nature; it is not possible to predict whether the trends shown will continue in the future. The District makes no representation as to the accuracy or completeness of data obtained from parties other than the District. The information is historic in nature; it is not possible to predict whether the trends shown will continue in the future.

Population. The table below shows the population growth of Washoe County and the State since 1970. Between 2011 and 2020, Washoe County's population increased 12.3% and the State increased 15.6% over the same time period.

Population

Year	Washoe County	Percent Change	State of Nevada	Percent Change
1970	121,068	--	488,738	--
1980	193,623	59.9%	800,493	63.8%
1990	254,667	31.5	1,201,833	50.1
2000	339,486	33.3	1,998,257	66.3
2010	421,407	24.1	2,700,551	35.1
2011	421,593	--	2,721,794	--
2012	427,704	1.4%	2,750,217	1.0%
2013	432,324	1.1	2,800,967	1.8
2014	436,797	1.0	2,843,301	1.5
2015	441,946	1.2	2,897,584	1.9
2016	448,316	1.4	2,953,375	1.9
2017	451,923	0.8	2,986,656	1.1
2018	460,237	1.8	3,057,582	2.4
2019	469,801	2.1	3,112,937	1.8
2020	473,606	0.8	3,145,184	1.0

Income

The following two tables reflect the Median Household Effective Buying Income ("EBI"), and also the percentage of households by EBI groups. EBI is defined as "money income" (defined below) less personal tax and nontax payments. "Money income" is defined as the aggregate of wages and salaries, net farm and nonfarm self-employment income, interest, dividends, net rental and royalty income, Social Security and railroad retirement income, other retirement and disability income, public assistance income, unemployment compensation, Veterans Administration payments, alimony and child support, military family allotments, net winnings from gambling, and other periodic income. Deductions are made for personal income taxes (federal, state and local), personal contributions to social insurance (Social Security and federal retirement payroll deductions), and taxes on owner-occupied nonbusiness real estate. The resulting figure is known as "disposable" or "after-tax" income.

Median Household Effective Buying Income Estimates[1]

Year	Washoe County	State of Nevada	United States
2017	$48,320	$47,914	$48,043
2018	54,436	50,009	50,620
2019	55,290	51,985	52,468
2020	60,839	55,709	54,686
2021	61,903	56,292	56,093

(1) The difference between consecutive years is not an estimate of change from one year to the next; combinations of data are used each year to identify the estimated mean of income from which the median is computed.

The County's gross taxable 2020 gaming revenue represents 7.6% of the State's total 2020 gaming revenue. The following table sets forth a five-year history of gross taxable gaming revenues and total gaming taxes collected on a State-wide basis and in the County.

Gross Taxable Gaming Revenue and Total Gaming Taxes[1]
Washoe County, Nevada

Fiscal Year Ended	Gross Taxable Gaming Revenue[2]		Percent Change	Gaming Collection[3]		Percent Change
June 30	State Total	County Total	County	State Total	County Total	County
2016	$10,612,521,986	$787,285,353	--	$876,040,147	$63,546,194	--
2017	10,964,590,630	805,553,225	2.32%	874,777,727	64,328,725	1.23%
2018	11,330,597,948	855,589,519	6.21	866,305,681	66,767,048	3.79
2019	11,358,691,489	854,505,254	-0.13	919,517,387	67,352,122	0.88
2020	9,149,847,090	698,381,190	-18.27	617,451,077	44,552,244	-33.85
Jul 19 – Apr 20	$8,573,610,260	$634,147,875	--	$700,683,541[4]	$48,474,460[5]	--
Jul 20 – Apr 21	8,042,259,137	742,289,239	17.05%	658,023,795	63,426,305	30.84%

(1) The figures shown are subject to adjustments due to amended tax filings, fines and penalties.
(2) The total of all sums received as winnings less only the total of all sums paid out as losses (before operating expenses).
(3) Cash receipts of the State from all sources relating to gaming (General Fund and other revenues) including percentage license fees, quarterly flat license fees, annual license fees, casino entertainment taxes, annual slot machine taxes, penalties, advance fees, and miscellaneous collections. A portion of collections is deposited to the State funds other than the State's General Fund.
(4) Due to the suspension of gaming operations earlier in calendar year 2020, this amount includes $125,817,215 in unused tax credits pursuant to NRS 463.370(12) that were collected in fiscal year 2020 and transferred at fiscal year-end.
(5) This amount includes unused tax credits pursuant to NRS 463.370(12) that were collected in fiscal year 2020 and transferred at fiscal year-end to Counties based on the location of the gaming licensees.

Source: State of Nevada, Gaming Control Board.

Transportation

The Reno/Sparks area is located at a transportation crossroads. Interstate 80, which runs east-west, and U.S. 395, running north-south, provide adequate routes for trucking and personal transportation. The Union Pacific Railroad operates major rail lines through the County and offers connections to other major rail networks, providing both freight and Amtrak passenger service. Intermodal yards and container freight facilities are located in Sparks. Over 65 motor freight companies serve the Reno/Sparks market and approximately 25 licensed common carriers with terminals are in the Reno/Sparks area.

The Reno-Tahoe International Airport (the "Airport") is a medium hub airport owned and operated by the Reno-Tahoe Airport Authority (the "Airport Authority"). The geographical area served by the Airport primarily encompasses the seven Nevada counties of Churchill, Douglas, Humboldt, Lyon, Pershing, Storey, and Washoe and the major cities of Reno, Sparks, and Carson City. The total air trade area for the Airport also includes the Lake Tahoe area and several communities in northeastern California. The Airport generates $3.1 billion per year for the region based on a study conducted by the University of Nevada and EKAY Economic

Consultants released in July 2018. In addition to the revenue, the study sets forth that the Airport and the Reno-Stead Airport, a general aviation facility, supported 24,700 jobs in 2017, making the airports a major economic driver for the region.

In calendar year 2019, the Airport served a total of 4,450,673 passengers, an increase of 5.7% over 2018, and the fifth consecutive increase in year-over-year passenger growth. Much of the yearly growth was a result of larger aircraft on west coast routes and added frequencies to existing markets. In 2020, the Airport served 2,006,420 passengers, a decrease of 54.9% (due to COVID-19 restrictions) compared to the same period in 2019; and handled 147.9 million pounds of air cargo, an increase of 0.7%. In April 2021, the Airport served 247,220 passengers, an increase of 1332% over April 2020, and a decrease of 26.7% versus April 2019.

Distribution and Manufacturing

The County (Reno/Sparks) is a principal manufacturing and distribution center for the Western United States. The State's Freeport Law provides tax-free warehousing of goods while in transit through the State. Coupled with the lack of taxes common in many states, such as franchise, inventory, corporate and personal income, along with geographic location have encouraged new companies to locate in the Reno/Sparks area providing continued growth to the State's and County's industrial base. The area also has a large established Foreign Trade Zone (FTZ 126).

Economic Development

The mission of the Economic Development Authority of Western Nevada is to recruit and expand quality companies that have a positive economic impact on the quality of life in the Reno/Sparks/Lake Tahoe region.

Complementing the area's emphasis on economic diversification are the numerous business incentives unique to the State of Nevada. Competitive wage rates, an expanding labor force, low cost and readily available electrical power, low out-bound freight transportation costs as compared to other prominent Western United States markets, a deferral and/or abatement of sales and use tax on new capital equipment, personal property tax abatement, grant monies for job training, and business license tax abatement programs for qualified companies combine to give business and industry an attractive advantage.

Utilities and Other Resources

Regional Resource Management. The Truckee Meadows Regional Plan was adopted by the Legislature in June 1991 and includes several major policy initiatives for the region relating to water management. Reno, Sparks and the County are currently working together to resolve the issues involved in this area, as well as to adopt a mutually acceptable annexation plan.

Regional Water Planning. In 1995 the Legislature set up a Regional Water Planning Commission for South Washoe County (excluding Lake Tahoe). The commission developed a Regional Water Management Plan that was approved by Reno, Sparks and the County and accepted by the Legislature. Any facility of "regional significance" associated with water supply, wastewater treatment and stormwater drainage must be recognized in the Regional Water

Management Plan or presented for amendment to the Plan. The County Board, serving as the Regional Water Board, eventually approve all amendments.

Water. The primary source of water for residents and businesses of Reno and Sparks, and some areas of the County is the Truckee River, which flows from Lake Tahoe to Pyramid Lake (approximately 120 miles). Underground water and individual private wells augment the river water supply, particularly in the unincorporated areas of the County.

The Truckee Meadows Water Authority ("TMWA") purchased the water division of Sierra Power Resources ("Sierra Resources," formed in 1999 from a merger of Sierra and Nevada Power Company) in mid-2001. TMWA was formed and operates pursuant to a cooperative agreement among Reno, Sparks and the County. TMWA now provides water service to the majority of County residents, including the cities of Reno and Sparks, the major population centers in the County. The remaining areas of the County are served either by special districts, the County Department of Water Resources, private companies and/or private wells.

Wastewater Treatment and Water Reclamation. Sewage treatment within the Truckee Meadows region of the County is provided by five wastewater facilities. All the facilities are owned and operated separately or jointly by Reno, Sparks, and the County. The local governments have several comprehensive programs to improve water quality throughout the Truckee Meadows region. Effluent reuse, stormwater management, water quality monitoring and modeling, and Truckee River restoration represent efforts undertaken to insure that as the Truckee Meadows region continues to grow, water quality is protected.

TAX MATTERS

Federal Tax Matters

In the opinion of Bond Counsel, assuming continuous compliance with certain covenants described below, interest on the 2021 Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Tax Code, and interest on the 2021 Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. For purposes of this paragraph and the succeeding discussion, "interest" includes the original issue discount on certain of the 2021 Bonds only to the extent such original issue discount is accrued as described herein.

The Tax Code imposes several requirements which must be met with respect to the 2021 Bonds in order for the interest thereon to be excluded from gross income and alternative minimum taxable income. Certain of these requirements must be met on a continuous basis throughout the term of the 2021 Bonds. These requirements include: (a) limitations as to the use of proceeds of the 2021 Bonds; (b) limitations on the extent to which proceeds of the 2021 Bonds may be invested in higher yielding investments; and (c) a provision, subject to certain limited exceptions, that requires all investment earnings on the proceeds of the 2021 Bonds above the yield on the 2021 Bonds to be paid to the United States Treasury. The District has covenanted and represented in the Bond Resolution that it will take all steps to comply with the requirements of the Tax Code to the extent necessary to maintain the exclusion of interest on the 2021 Bonds from gross income and alternative minimum taxable income under such federal income tax laws in effect

when the 2021 Bonds are delivered. Bond Counsel's opinion as to the exclusion of interest on the 2021 Bonds from gross income and alternative minimum taxable income is rendered in reliance on these covenants and assumes continuous compliance therewith. The failure or inability of the District to comply with these requirements could cause the interest on the 2021 Bonds to be included in gross income, alternative minimum taxable income or both from the date of issuance. Bond Counsel's opinion also is rendered in reliance upon certifications of the District and other certifications furnished to Bond Counsel. Bond Counsel has not undertaken to verify such certifications by independent investigation.

With respect to Bonds that are sold in the initial offering at a discount (the "Discount Bonds"), the difference between the stated redemption price of the Discount Bonds at maturity and the initial offering price of those bonds to the public (as defined in Section 1273 of the Tax Code) will be treated as "original issue discount" for federal income tax purposes and will, to the extent accrued as described below, constitute interest which is excluded from gross income or alternative minimum taxable income under the conditions and subject to the exceptions described in the preceding paragraphs. The original issue discount on the Discount Bonds is treated as accruing over the respective terms of such Discount Bonds on the basis of a constant interest rate compounded at the end of each six-month period (or shorter period from the date of original issue) ending on June 1 and December 1 with straight line interpolation between compounding dates. The amount of original issue discount accruing each period (calculated as described in the preceding sentence) constitutes interest which is excluded from gross income or alternative minimum taxable income under the conditions and subject to the exceptions described in the preceding paragraphs and will be added to the owner's basis in the Discount Bonds. Such adjusted basis will be used to determine taxable gain or loss upon disposition of the Discount Bonds (including sale or payment at maturity). Owners should consult their own tax advisors with respect to the tax consequences of the ownership of the Discount Bonds.

Owners who purchase Discount Bonds after the initial offering or who purchase Discount Bonds in the initial offering at a price other than the initial offering price (as defined in Section 1273 of the Tax Code) should consult their own tax advisors with respect to the federal tax consequences of the ownership of the Discount Bonds. Owners who are subject to state or local income taxation should consult their tax advisor with respect to the state and local income tax consequences of ownership of the Discount Bonds. It is possible that, under the provisions governing determination of state and local taxes, accrued original issue discount the Discount Bonds may be deemed to be received in the year of accrual even though there not be a corresponding cash payment.

The Tax Code contains numerous provisions which may affect an investor's decision to purchase the 2021 Bonds. Owners of the 2021 Bonds should be aware that the ownership of tax-exempt obligations by particular persons and entities, including, without limitation, financial institutions, insurance companies, recipients of Social Security or Railroad Retirement benefits, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, foreign corporations doing business in the United States and certain "subchapter S" corporations may result in adverse federal and state tax consequences. Under Section 3406 of the Tax Code, backup withholding may be imposed on payments on the 2021 Bonds made to any owner who fails to provide certain required information, including an accurate taxpayer identification number, to certain persons required to collect such information

pursuant to the Tax Code. Backup withholding may also be applied if the owner underreports "reportable payments" (including interest and dividends) as defined in Section 3406, or fails to provide a certificate that the owner is not subject to backup withholding in circumstances where such a certificate is required by the Tax Code. Certain of the 2021 Bonds may be sold at a premium, representing a difference between the original offering price of those 2021 Bonds and the principal amount thereof payable at maturity. Under certain circumstances, an initial owner of such bonds (if any) may realize a taxable gain upon their disposition, even though such bonds are sold or redeemed for an amount equal to the owner's acquisition cost. Bond Counsel's opinion relates only to the exclusion of interest (and, to the extent described above for the Discount Bonds, original issue discount) on the 2021 Bonds from gross income and alternative minimum taxable income as described above and will state that no opinion is expressed regarding other federal tax consequences arising from the receipt or accrual of interest on or ownership of the 2021 Bonds. Owners of the 2021 Bonds should consult their own tax advisors as to the applicability of these consequences.

The opinions expressed by Bond Counsel are based on existing law as of the delivery date of the 2021 Bonds. No opinion is expressed as of any subsequent date nor is any opinion expressed with respect to pending or proposed legislation. Amendments to the federal or state tax laws may be pending now or could be proposed in the future that, if enacted into law, could adversely affect the value of the 2021 Bonds, the exclusion of interest (and, to the extent described above for the Discount Bonds, original issue discount) on the 2021 Bonds from gross income or alternative minimum taxable income or both from the date of issuance of the 2021 Bonds or any other date, the tax value of that exclusion for different classes of taxpayers from time to time, or that could result in other adverse tax consequences. In addition, future court actions or regulatory decisions could affect the tax treatment or market value of the 2021 Bonds. Owners of the 2021 Bonds are advised to consult with their own tax advisors with respect to such matters.

The Internal Revenue Service (the "Service") has an ongoing program of auditing tax-exempt obligations to determine whether, in the view of the Service, interest on such tax-exempt obligations is includable in the gross income of the owners thereof for federal income tax purposes. No assurances can be given as to whether or not the Service will commence an audit of the 2021 Bonds. If an audit is commenced, the market value of the 2021 Bonds may be adversely affected. Under current audit procedures the Service will treat the District as the taxpayer and the 2021 Bond owners may have no right to participate in such procedures. The District has covenanted in the Bond Resolution not to take any action that would cause the interest on the 2021 Bonds to lose its exclusion from gross income for federal income tax purposes or lose its exclusion from alternative minimum taxable income except to the extent described above for the owners thereof for federal income tax purposes. None of the District, the Municipal Advisor, Bond Counsel or Special Counsel is responsible for paying or reimbursing any Bond holder with respect to any audit or litigation costs relating to the 2021 Bonds.

State Tax Exemption

In the opinion of Bond Counsel, the 2021 Bonds, their transfer, and the income therefrom are free and exempt from taxation by the State or any subdivision thereof except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to Chapter 375B of NRS.

FINANCIAL INSTITUTION INTEREST DEDUCTION

The Tax Code generally provides that a financial institution may not deduct that portion of its interest expense which is allocable to tax-exempt interest. The interest expense which is allocable to tax-exempt interest is an amount which bears the same ratio to the institution's interest expense as the institution's average adjusted basis of tax-exempt obligations acquired after August 7, 1986 bears to the average adjusted basis of all assets of the institution. Tax-exempt obligations may be treated as if issued prior to August 7, 1986 (and therefore are not subject to this rule), if they are "qualified tax-exempt obligations" as defined in the Tax Code and are designated for this purpose by the District.

The District has designated the 2021 Bonds for this purpose; however, under provisions of the Tax Code dealing with financial institution preference items, certain financial institutions, including banks, are denied 20% of their otherwise allowable deduction for interest expense with respect to obligations incurred or continued to purchase or carry the 2021 Bonds. In general, interest expense with respect to obligations incurred or continued to purchase or carry the 2021 Bonds will be in an amount which bears the same ratio as the institution's average adjusted basis in the 2021 Bonds bears to the average adjusted basis of all assets of the institution.

Amendments to the Tax Code could be enacted in the future and there is no assurance that any such future amendments which may be made to the Tax Code will not adversely affect the ability of banks or other financial institutions to deduct any portion of its interest expense allocable to tax-exempt interest.

LEGAL MATTERS

Litigation

In the opinion of the District's legal counsel, there is no litigation or controversy of any nature now pending, or to the knowledge of the District's legal counsel, threatened, (i) restraining or enjoining the issuance, sale, execution or delivery of the 2021 Bonds or (ii) in any way contesting or affecting the validity of the 2021 Bonds or any proceedings of the District taken with respect to the issuance or sale thereof, the pledge, collection or application of any moneys or securities provided for the payment of the 2021 Bonds (including the Pledged Revenues), or the corporate existence or the powers of the District.

The District is subject to certain pending and threatened litigation regarding various matters arising in the ordinary course of the District's operations. However, it is the opinion of the District's legal counsel that the pending or threatened litigation will not result in final judgments against the District which would, individually or in the aggregate, adversely affect the District's ability to satisfy the District's obligations for the 2021 Bonds.

Sovereign Immunity

Pursuant to State statute (NRS 41.035), an award for damages in an action sounding in tort against the District may not include any amount as exemplary or punitive damages and is limited to (a) $100,000 per cause of action prior to July 1, 2020, (b) $150,000 per cause of action on or after July 1, 2020, but before July 1, 2022, and (c) $200,000 per cause of action on or after

July 1, 2020. The limitation does not apply to federal actions brought under federal law such as civil rights actions under 42 U.S.C. Section 1983 and actions under The Americans with Disabilities Act of 1990 (P.L. 101-336), or to actions in other states.

Approval of Certain Legal Proceedings

The approving opinion of Sherman & Howard L.L.C., as Bond Counsel, will be delivered with the 2021 Bonds. A form of the bond counsel opinion is attached to this Official Statement as Appendix E. The opinion will include a statement that the obligations of the District are subject to the reasonable exercise in the future by the State and its governmental bodies of the police power inherent in the sovereignty of the State and to the exercise by the United States of the powers delegated to it by the federal constitution, including bankruptcy. Sherman & Howard L.L.C. has also acted as Special Counsel to the District in connection with this Official Statement. Certain matters will be passed upon for the District by the District Attorney.

Police Power

The obligations of the District are subject to the reasonable exercise in the future by the State and its governmental bodies of the police power and powers of taxation inherent in the sovereignty of the State, and to the exercise by the United States of the powers delegated to it by the Federal Constitution.

MUNICIPAL ADVISOR

JNA Consulting Group, LLC is serving as Municipal Advisor to the District in connection with the 2021 Bonds. See "INTRODUCTION – Additional Information" for contact information for the Municipal Advisor. The Municipal Advisor has not audited, authenticated or otherwise verified the information set forth in the Official Statement, or any other related information available to the District, with respect to the accuracy and completeness of disclosure of such information, and no guaranty, warranty or other representation is made by the Municipal Advisor respecting accuracy and completeness of the Official Statement or any other matter related to the Official Statement.

INDEPENDENT AUDITORS

The audited basic financial statements of the District as of and for the year Ended June 30, 2020, included hereto as Appendix A, have been audited by Eide Bailly, certified public accountants, Reno, Nevada, to the extent and for the period stated in their report appearing herein.

Pursuant to State law, the audited financial statements of the District are public documents and no consent from the auditors is required to be obtained prior to inclusion of the audited financial statements in this Official Statement. Accordingly, the District has not requested consent. Eide Bailly has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. Eide Bailly also has not performed any procedures relating to this Official Statement.

RATING

Standard & Poor's Ratings Services ("S&P") has assigned the 2021 Bonds the rating shown on the cover page of this Official Statement. An explanation of the significance of any rating given by S&P may be obtained from S&P at 55 Water Street, New York, New York 10041.

There is no assurance that such rating will continue for any given period of time after it is received or that they will not be lowered or withdrawn entirely if, in the judgment of the rating agencies, circumstances so warrant. Other than the District's obligations under the Disclosure Certificate, neither the District nor the Municipal Advisor has undertaken any responsibility either to bring to the attention of the owners of the 2021 Bonds any proposed change in or withdrawal of such ratings or to oppose any such proposed revision. Any such change in or withdrawal of the ratings could have an adverse effect on the market price of the 2021 Bonds.

UNDERWRITING

The 2021 Bonds are to be purchased by Robert W. Baird & Co., Inc. (the "Underwriter") at a price equal to $7,323,587.85 (representing the aggregate principal amount of the Bonds of $7,000,000.00 plus net original issue premium of $441,981.60 less an aggregate underwriting discount and bond insurance premium of $118,393.75

OFFICIAL STATEMENT CERTIFICATION

The undersigned official hereby confirms and certifies that the execution and delivery of this Official Statement and its use in connection with the offering and sale of the 2021 Bonds has been duly authorized by the Board.

CPAs & BUSINESS ADVISORS

Independent Auditor's Report

To the Honorable Board of Fire Commissioners
Truckee Meadows Fire Protection District
Reno, Nevada

Report on the Financial Statements
We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Truckee Meadows Fire Protection District (the District) (a component unit of Washoe County, Nevada) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4-9, budgetary comparison information and reconciliation on pages 40-43, schedule of changes in net other postemployment benefit liability and related ratios on page 44, schedule of District's contributions – other postemployment benefits on page 45, schedule of District's share of net pension liability on page 46, and schedule of District's contributions – PERS on page 47, and the notes to the required supplementary information on page 48 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund statements and schedules, including budgetary comparisons and reconciliations, are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual fund financial statements and schedules, including budgetary comparisons and reconciliations are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report November 25, 2020, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Eide Bailly LLP

Reno, Nevada
November 25, 2020

As management of the Truckee Meadows Fire Protection District's (the District) finances, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2020.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the District's governmental activities exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $11,468,896 which includes $28,469,092 net investment in capital assets, $1,442,078 restricted for wildland fire emergencies, $1,206,309 restricted for claims, and ($19,648,583) which is the unrestricted net position. Governmental activities include all funds of the District.

- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of $21,457,336 an increase of $4,897,137 or 29.57% in comparison with the prior year. This increase was primarily caused by the issuance of $4,415,000 in long-term debt. The proceeds are included in the governmental funds however, the liability will not be paid with current economic resources therefore the liabilities is not included in the governmental funds. Approximately 41.33% of the combined ending fund balance is available for spending at the government's discretion (unassigned fund balance).

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Total assets of the District at June 30, 2020 were $56,311,420 with capital assets, net of accumulated depreciation, accounting for $28,839,998 of that total. Total deferred outflows of resources of the District at June 30, 2020 were $10,350,772 all of which is related to post employment costs including health benefits and pension. Of the total liabilities of $51,847,543, approximately 94.17% or $48,826,019 represent liabilities related to long-term liabilities of the District. This is an increase of $6,296,260 in liabilities in comparison with the prior year and was primarily caused by the increase in bonds payable of $4,415,000 issued during the year, compensated absences of $702,902 due to salary increases and growth of the District, and increase in net pension liability of $756,986 due to changes in actuary assumptions and valuations. Total deferred inflows of resources of the District at June 30, 2020 were $3,345,753 all of which is related to post employment costs including health benefits and pension.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned and unused vacation leave). Total revenues for the year ended June 30, 2020 were $33,325,850 consisting primarily of taxes and intergovernmental revenues, while total expenses were $36,211,227. This resulted in a decrease in net

position of $2,885,377 or 20.10% from prior year. The decrease was primarily caused by non-cash related expenses, including, increases in other postemployment benefit liability, pension liability and compensated absences liability. The District's net position remains strong.

Both of the government-wide financial statements show the public safety function of the District, which is principally supported by taxes and intergovernmental revenues (governmental activities). All governmental activities of the District are included in the public safety function since the District is a single-purpose entity.

The government-wide financial statements can be found on pages 10 and 11 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District fall into the governmental funds category, except for the proprietary fund.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains three individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Emergency Fund and Capital Projects Fund, all of which are considered to be major funds. The District adopts an annual appropriated budget for each of its funds. A budgetary comparison statement or schedule has been provided for each fund to demonstrate compliance with the budget. The governmental fund financial statements and the reconciliations to the government-wide financial statements can be found on pages 12 through 15 of this report.

Proprietary funds. The District maintains one type of proprietary fund, which is an internal service fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's functions. The District's internal service fund is used to account for its workers' compensation liability. Because these services benefit governmental rather than business-type functions, it has been included within governmental activities in the government-wide financial statements. The internal service fund is reported in the proprietary fund financial statements and can be found on pages 16 through 18 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 19 through 39 of this report.

Other information. The District maintains a stabilization fund and a sick annual comp benefits fund for internal purposes. These funds do not meet the definition of special revenue funds under Governmental Accounting

Standards Board (GASB) Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions,* which was implemented in 2011 by the District. The activity for these funds is included in the General Fund in the basic financial statements; however, since the District prepares a budget for these funds, a reconciliation of budgetary basis financial statements to GAAP basis financial statements is presented immediately following the notes to the financial statements. These reconciliations can be found on pages 43 and 49 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

- As noted earlier, net position may serve over time as a useful indicator of a government's financial position. As of June 30, 2020, the District's total net position was $11,468,896, which is a $2,885,377 decrease from the prior year. The primary reason for the decrease was the increase in other postemployment benefit liability, pension liability and compensate absences liability.

Truckee Meadows Fire Protection District's Net Position

	Governmental Activities	
	2020	2019
Current and other assets	$ 27,471,422	$ 23,188,368
Capital assets	28,839,998	28,587,268
Total assets	56,311,420	51,775,636
Deferred outflows of resources	10,350,772	10,688,660
Other liabilities	3,021,524	2,882,644
Long-term liabilities	48,826,019	42,668,639
Total liabilities	51,847,543	45,551,283
Deferred inflows of resources	3,345,753	2,558,740
Net position:		
Investment in capital assets	28,469,092	28,587,268
Restricted	2,648,387	7,285,394
Unrestricted	(19,648,583)	(21,518,389)
Total net position	$ 11,468,896	$ 14,354,273

The assets and deferred outflows of resources of the District's governmental activities exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $11,468,896. Net position includes the District's net investment in capital assets (e.g., land, buildings, machinery, and equipment). The net investment in capital assets as of June 30, 2020 was $28,469,092. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion of the District's net position $2,648,387 represents resources that are subject to external restrictions on how they may be used, such as the workers' compensation claims and emergencies. The remaining balance of unrestricted net position was ($19,648,583).

At the end of the current fiscal year, the District is able to report positive balances in two of the three categories of net position. The negative unrestricted net position was caused by the accounting standard requiring the reporting of the Net Pension Liability on the balance sheet.

Truckee Meadows Fire Protection District's Changes in Net Position

	Governmental Activities	
	2020	2019
Revenues:		
Program revenues:		
Charges for services	$ 665,975	$ 525,145
Operating grants and contributions	16,109	100
General revenues:		
Property taxes	19,937,912	18,494,193
Consolidated taxes	9,021,756	8,725,419
Other taxes	1,557,133	1,699,759
Unrestricted investment earnings	918,533	733,940
Reimbursements	1,114,528	1,828,454
Other	93,904	900,189
Total revenues	33,325,850	32,907,199
Expenses:		
Public safety	36,116,362	34,083,907
Debt service	94,865	-
Total expenses	36,211,227	34,083,907
Increase (Decrease) in net position	(2,885,377)	(1,176,708)
Net position, July 1	14,354,273	15,530,981
Net position, June 30	$ 11,468,896	$ 14,354,273

Total Revenues. The District's total revenues increased by $418,651, or 1.27%. The primary increase was caused by an increase of $1,443,719 in property tax. Also included in the increase is a $296,337 increase in consolidated taxes. These increases were offset by decreases in reimbursements in the amount of $713,926 primarily related to fire reimbursements in the Emergency Fund and a decrease of other revenues related to a one time gain on sale of property that occurred in the prior fiscal year.

Total Expenses. The District's total expenses increased by $2,127,320 or by 6.24% which was primarily due to salary and benefit increases, including additional costs related to pension and post-employment benefits, and increases in the number of employees due to the growth of the District.

Net Position. The District's total net position decreased by $2,885,377 during the fiscal year ended June 30, 2020. The District's total net position decreased by $1,176,708 during the fiscal year ended June 30, 2019, including a prior period adjustment of $275,736. The decrease in total net position in the fiscal year ended June 30, 2020 was primarily caused by non-cash expenses, including change in other post-employment benefit and pension related liabilities and an increase in compensate absences liability.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of $21,457,336, an increase of $4,897,137 or 29.57% in comparison with the prior year. This increase was primarily caused by the increases is intergovernmental revenues associated with local sales taxes and proceeds from the issuance of bonds. Approximately 41.33% of the combined ending fund balance is available for spending at the government's discretion (unassigned fund balance).

The General Fund is the primary operating fund of the District. For the fiscal year ended June 30, 2020, the total fund balance for the General Fund was $12,649,010. The total fund balance includes an assigned fund balance of $3,744,290 which consists of $133,941 assigned for encumbrances, $3,077,279 appropriated to the fiscal year 20/21 budget and $533,070 assigned to pay out accrued sick and annual compensation balances. The remaining fund balance consists of, $36,034 in nonspendable fund balance, and $8,868,686 unassigned.

The total fund balance for the General Fund in the amount of $12,649,010 is an increase of $2,217,975 from the prior year. This increase is primarily caused by increases in intergovernmental revenues associated with local sales taxes.

As a measure of the General Fund's liquidity, it may be useful to compare the June 30, 2020 total fund balance not attributable to the Stabilization Fund or the Sick Annual Comp Benefits Fund of $11,475,006 to fund expenditures. The fund balance represents 38.15% of total General Fund expenditures. This represents approximately 4.6 months' worth of expenditures. The fund balance will give the District's General Fund sufficient cash flow to meet its operational obligations.

The District's Emergency Fund was established according to NRS 474 for the funding for unforeseen emergencies, primarily large wildland fires and other natural disasters. In fiscal year 2020, the District incurred large wildland fires within its jurisdiction; and it provided fire suppression services to other entities for a fee and paid for the State wildland fire insurance program and other expenditures which totaled $609,009. The Emergency Fund balance as of June 30, 2020 was $1,299,060.

The Capital Projects Fund activity in fiscal year 2020 included, most notably, the issuance of bonds in the amount of $4,415,000. Purchases from the Fund, included among other things, the purchase of land for a future consolidated fire station, a ladder truck, and three brush trucks. In addition, the District refurbished five water tenders and replaced computers in all the District's apparatus.

Proprietary funds. The District's proprietary fund provides information on the workers' compensation program of the District. The net position of the Workers' Compensation Internal Service Fund as of June 30, 2020, was $1,206,309. In fiscal year 2020, the District fully funded its workers' compensation liabilities. In fiscal year 2020, the District budgeted to continue to fully fund the District's workers' compensation liabilities.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. The District's net investment in capital assets as of June 30, 2020, amounts to $28,839,998 (net of accumulated depreciation). This net investment in capital assets includes land, construction in progress, buildings and building improvements, and vehicles and equipment. Refer to Note 4 for further detail.

Long-term debt. During the fiscal year, the District issued long-term bonded debt in the amount of $4,415,000 to be used to fund the purchase and buildup of vehicles and apparatus, including fire engines and water tenders. This is the first issuance of debt by the District. This debt is backed by the full faith and credit of the District. Scheduled principal and interest payments will commence in fiscal year ending June 30, 2021. Other long-term obligations of the District included compensated absences, such as accrued vacation and sick leave, and estimated workers compensation' claims. Refer to Note 5 for further detail.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The District relies primarily on two types of tax revenues. The first of these is ad valorem or property taxes and is directly affected by the assessed property tax values in Washoe County, Nevada. Property tax revenues are projected to increase for 2020-2021. Assessed values increased by 7.18% for the coming fiscal year.

- The second significant tax revenue for the District, the consolidated tax, consists primarily of sales taxes. For the year ended June 30, 2020, taxable sales in Washoe County increased by 4.8% over the previous fiscal year. For the fiscal year ending June 30, 2021, the District budgeted for a decrease in sales tax revenue of 13.5% in reaction to the current COVID-19 pandemic and the expected impact to sales revenues.

These factors were considered in preparing the District's budget for the 2021 fiscal year.

REQUESTS FOR INFORMATION

The financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Truckee Meadows, 3663 Barron Way, Reno, Nevada 89511.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Year Ended June 30, 2020

Amounts reported for governmental activities in the statement of activities are different because:		
Net change in fund balances - total governmental funds		$ 4,897,137
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are allocated over the estimated useful lives and reported as depreciation expense.		
Expenditures for capital assets	1,856,074	
Less current year depreciation/amortization	(1,592,395)	
		263,679
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds. Thus, the change in net position differs from the change in fund balances by the change in unavailable revenue.		(806,585)
Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities and/or deferred outflows of resources in the Statement of Net Position.		
Bonds issued		(4,415,000)
Some expenses reported in the statement of activities do not require the use of current financial resources, and, therefore, are not reported as expenditures in governmental funds:		
Change in compensated absences	(875,972)	
Change in tax refund	165,885	
Change in accrued interest	(20,132)	
		(730,219)
In the statement of activities, the gain or loss on the disposal of capital assets is reported. In the governmental funds, the gain or loss is not reported. Thus, the change in net position differs from the change in fund balances by the cost of the assets sold less the balance in accumulated depreciation.		(10,949)
Governmental funds report pension and other postemployment benefits (OPEB) contributions as expenditures. However, in the Statement of Activities, the cost of pension and OPEB benefits earned is reported as pension expense.		
OPEB contributions	651,000	
OPEB expense	(1,095,084)	
Pension contributions	2,423,345	
Pension expense	(4,116,006)	
		(2,136,745)
The internal service funds are used by management to account for the costs of retiree health medical expenses and workers' compensation. The net revenue of the internal service funds is reported with governmental activities.		53,305
Change in net position of governmental activities		$ (2,885,377)

Note 1 - Summary of Significant Accounting Policies

Reporting Entity

Truckee Meadows Fire Protection District (District) is a municipality of the State of Nevada located in Washoe County, Nevada. The District is governed by the Board of Fire Commissioners. The Washoe County Board of County Commissioners functions as the Board of Fire Commissioners of the District.

The County has no financial benefit or burden relationship with the District and the District is a legally separate organization from the County. However, the Board of County Commissioners acts as the Board of Fire Commissioners of the District and as such, as defined in governmental accounting standards generally accepted in the United States of America, the District has been classified as a discretely presented component unit of the County.

Government-Wide and Fund Financial Statements

The government-wide financial statements (Statement of Net Position and the Statement of Activities) report information about the activities of the District. The effect of interfund activity has been removed from these statements.

The Statement of Activities demonstrates the degree to which the direct expenses of the public safety function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The fund financial statements provide information about the funds of the District. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements and the proprietary fund's financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also report deferred inflows of resources in connection with resources that have been received, but not yet earned. Expenditures generally are recorded when the related liabilities are incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, postemployment benefits, and claims and judgments, are recorded only when payment is due.

The District initially utilizes restricted resources to finance qualifying activities prior to unrestricted resources, which are utilized as they are needed.

Property taxes, licenses and permits, intergovernmental revenues, and interest earnings associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Other revenue items are considered to be measurable and available only when cash is received by the District.

The focus of proprietary fund measurement is upon determination of operating income or loss, changes in net position, financial position, and cash flows. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. Operating expenses for internal service funds include the cost of services (employee benefits). All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The generally accepted accounting principles applicable are those similar to businesses in the private sector.

The District's Workers' Compensation Internal Service Fund is the only proprietary fund. The financial statements of the Workers' Compensation Internal Service Fund is consolidated into the governmental column when presented in the government-wide financial statements. The costs of these services are reported in the public safety function. The effect of interfund activity has been removed from the government-wide financial statements.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the District, except those accounted for in another fund.

The Wildland Fire Emergency Reserve Fund (The Emergency Fund), a special revenue fund under Nevada Revised Statutes (NRS), was created to account for the cost of unforeseen large wildland fire emergencies pursuant to NRS 474.510.

The Capital Projects Fund, a capital projects fund, accounts for the financial resources to be used for the acquisition and construction of major capital assets.

Additionally, the District reports the following fund type:

The Workers' Compensation Fund Internal Service Fund accounts for the workers' compensation activity.

Budgets and Budgetary Accounting

Truckee Meadows Fire Protection District adheres to the Local Government Budget and Finance Act incorporated within the statutes of the State of Nevada, which include the following major procedures to establish the budgetary data, which is reflected in these financial statements:

1. On or before April 15, the Board of Fire Commissioners files a tentative budget with the Nevada Department of Taxation for all funds.
2. Public hearings on the tentative budget are held on the third Monday in May in conjunction with Washoe County's budget hearing.
3. Prior to June 1, at a public hearing, the Board indicates changes, if any, to be made to the tentative budget and adopts a final budget by the favorable vote of a majority of the members of the Board. The final budget must then be forwarded to the Department of Taxation for compliance with State laws and

regulations. In any year in which legislative action, which was not anticipated, affects the local government's final budget, the Board may file an amended final budget within 30 days of adjournment of the legislative session.

4. Formal budgetary integration in the financial records of all funds is employed to enhance management control during the year. Unencumbered appropriations lapse at the end of the year.
5. Budgets for all externally reported funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America. In addition, budgets are required for the internally reported special revenue fund.

   Pursuant to Nevada Revised Statute 354.598005 the person designated to administer the budget may transfer appropriations within any function. Budget amounts may be transferred between functions within a fund if the governing body is advised of the action at the next regular meeting and the action is recorded in the official minutes of the meeting. Transfer of appropriations between funds or from the contingency account or budget augmentations in excess of original budgetary amounts may not be made without prior approval of the Board of Fire Commissioners, following a scheduled and noticed public hearing, as necessary. The budget was augmented as set forth above during the year. In accordance with state statute, actual expenditures generally may not exceed budgetary appropriations of the public safety function of the General Fund, Special Revenue Funds, and Capital Projects Fund. Also, actual operating and non-operating expenses of the Internal Service Fund generally may not exceed budgeted amounts.

Cash Deposited and Invested with Washoe County Treasurer

A majority of all cash transactions of the District are handled by the Washoe County Treasurer's office. Cash balances are pooled and, to the extent practicable, invested as permitted by law in combination with Washoe County funds.

For purposes of the Statement of Cash Flows, cash equivalents are defined as short-term, highly liquid investments, generally with original maturities of three months or less. The District’s cash and investments pooled with Washoe County funds and the District’s payroll cash account are available upon demand, therefore all cash and investments of the District are considered to be cash equivalents.

Taxes Receivable

Real and personal property taxes receivable reflect only those taxes receivable from the delinquent roll years. No provision for uncollectible accounts has been established since management does not anticipate any material collection loss in respect to the remaining balances.

Personal property taxes receivable reflect only those taxes management believes to be collectible.

Amounts not collected within 60 days after year-end have been recorded as deferred inflows of resources at the governmental fund level.

Receivables

The allowance method is used to provide for estimated uncollectible amounts. At June 30, 2020, the allowance for uncollectible accounts was $11,017 in the Emergency Fund.

Deposits and prepaid items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as deposits and prepaid items in both the government-wide and fund financial statements. The amounts of deposits and prepaid items are recorded as expenditures/expenses when consumed rather than when purchased.

Capital Assets

Capital assets, which include land, buildings and improvements, and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than $10,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Property, plant, and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

Land improvements	40 years
Buildings	40 years
Building improvements	20 years
Vehicles and equipment	5 - 20 years

Pension

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employees' Retirement System of the State of Nevada (PERS) Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Postemployment Benefits

The District provides other postemployment benefits (OPEB) for eligible employees through a single-employer defined benefit OPEB plan. The plan is administered through the Washoe County, Nevada OPEB Trust (Trust), an irrevocable trust established on May 11,2010 by the Board of County Commissioners. The Trust is a multiple employer trust and was created to fund and account for the participating employers' costs of retiree healthcare benefits pursuant to NRS 287.017. The District's net OPEB liability is measured as of June 30, 2019, and the total OPEB liabilities used to calculate the net OPEB liability are determined by actuarial valuations as of July 1, 2018, with the amounts rolled forward to June 30, 2019.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position and Governmental Funds Balance Sheet may report a separate section for deferred outflows of resources. The separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow

of resources (expense/expenditure) until then. The District recognizes deferred outflow of resources as it related to the net pension liability and other postemployment benefits.

In addition to liabilities, the Statement of Net Position and Governmental Funds Balance Sheet may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents and acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District recognizes deferred inflow of resources as it relates to the net pension liability and the net other postemployment liability on the Statement of Net Position. In addition, the District recognizes deferred inflows of resources as they relate to property taxes, consolidated taxes and wildland fire reimbursements in the governmental fund financial statements.

Long-Term Liabilities

In the government-wide financial statements and the proprietary fund, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance cost, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Compensated Absences

The costs involved in vacation time and sick leave benefits are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured as a result of employee resignations and retirements; costs are recorded as payroll costs only when the accumulated benefits are paid or accrued as a result of a termination of service.

The District provides for payment of accrued vacation and accrued comp time upon death, retirement, termination or permanent disability. Employees who are members of the International Association of Fire Fighters (IAFF) Local 2487 upon death, retirement or permanent disability after twenty years of enrollment with the Public Employees' Retirement System of the State of Nevada (PERS) shall be compensated for total accrued sick leave at the rate of 75% for every hour earned increasing by 5% per year up to a maximum of 100% at 25 years of PERS enrollment. For employees who are not members of IAFF Local 2487, upon death, retirement, permanent disability, or termination of an employee after ten years of full-time employment or its equivalent if the employee has not served as a full-time employee for reasons other than discharge for just cause, shall be compensated for total accrued sick leave at the rate of one hour for every three hours earned up to a maximum hour limitation.

Fund Equity

In the government-wide and proprietary fund financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets, if applicable.

Restricted Net Position – Consists of net position with constraints placed on its use either by (1) external groups such as creditors, contributors, or laws or regulations; (2) law through constitutional provisions or enabling legislation.

Unrestricted Net Position – All other net position that does not meet the definition of restricted or net investment in capital assets.

When an expenditure is incurred for purposes for which both restricted and unrestricted amounts are available, the District considers restricted funds to have been spent first.

In the governmental fund financial statements, fund balances are classified based primarily on the extent to which the District is bound to observe constraints imposed on the use of the resources in the fund:

Nonspendable Fund Balance - Includes amounts that cannot be spent because they are not in spendable form. For the District this includes deposits and prepaid items.

Restricted Fund Balance - Occurs when constraints are placed on the use of resources externally (such as through debt covenants or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation). For the District, the restricted fund balance consists of restricted assets for capital projects financed with debt and emergency resources.

Committed Fund Balance - Represents amounts that can be used only for the specific purposes determined by of the adoption of an ordinance committing fund balance for a specified purpose by the District's Board of Fire Commissioners prior to the end of the fiscal year. Once adopted, the limitation imposed by the Board of Fire Commissioners remains in place until the resources have been spent for the specified purpose or the Board of Fire Commissioners removes or revises the limitation. For the District, the committed fund balance consists of committed assets for capital projects.

Assigned Fund Balance - Represents amounts that are constrained by the District's intent to be used for specific purposes and consists of the District's encumbrances as approved by the Board of Fire Commissioners and the amount of fund balance to be expended in the ensuing fiscal year as approved by the Board of Fire Commissioners and amounts internally reported for sick and annual compensation benefits.

Unassigned Fund Balance - Represents the residual amount for the general fund that is not contained in the other classifications. The general fund is the only fund that reports a positive unassigned fund balance.

When expenditures are incurred for purposes for which amounts in any unrestricted fund balance classifications could be used, committed funds, if any, are to be spent first, assigned funds second, and unassigned funds last.

Property Taxes

All real property in the District is assigned a parcel number in accordance with state law, with each parcel being subject to physical reappraisal every five years. A factoring system is used to adjust the appraised value during the years between physical appraisals. The valuation of the property and its improvements is being assessed at 35 percent of "taxable value" as defined by statute. The amount of tax levied is determined by multiplying the assessed value by the tax rate applicable to the area in which the property is located.

Taxes on real property are a lien on the property and attach on July 1 of the year for which the taxes are levied.

Taxes may be paid in four installments payable on the third Monday in August, and the first Mondays in October, January, and March, to the Treasurer of Washoe County. Penalties are assessed if a taxpayer fails to pay an installment within ten days of the installment due date. After a two-year waiting period, if taxes remain unpaid, a tax deed is issued conveying the property to the County with a lien for back taxes and accumulated charges.

Redemption may be made by the owner and such persons as described by statute by paying all back taxes and accumulated penalties, interest, and costs before sale.

Taxes on personal property are collected currently. Personal property declarations are mailed out annually and the tax is computed using percentages of taxable values established by the Department of Taxation and tax rates described above.

The major classifications of personal property are commercial and mobile homes. In Washoe County, taxes on motor vehicles are collected by a State agency and remitted to the local governments in the County as part of the Consolidated Tax distribution.

Note 2 - Compliance with Nevada Revised Statutes and the Nevada Administrative Code

The District conformed to all significant statutory and administrative code constraints on its financial administration during the year.

Note 3 - Cash and Investments

The District is a voluntary participant in the Washoe County Investment Pool (WCIP). The Washoe County Board of County Commissioners administers and is responsible for the WCIP in accordance with NRS 355.175. The investment pool is not registered with the SEC as an investment company. Public Financial Management, LLC determines the fair value of the investment pool monthly. Washoe County has not provided or obtained any legally binding guarantees during the audit period to support these values. Each participant's share is equal to their investment plus or minus their pro-rata portion of monthly interest income and realized and unrealized gains/losses. The related fair value is $19,805,432 as of June 30, 2020. The District's total cash and investments is as follows at June 30, 2020:

Cash	$ 741,718
WCIP	19,805,432
Total cash and investments	$ 20,547,150

Credit Risk

Fixed income securities are subject to credit risk. Credit risk refers to the risk that a borrower will default on debt by failing to make required payments. The District does not hold any such investments directly, but participates in the WCIP. The WCIP is unrated by recognized statistical rating agencies.

Custodial Credit Risk

Custodial credit risk is the risk that an entity's deposits, which are in the possession of an outside party, will not be returned to the entity if the counterparty fails. Balances in the WCIP and the District's Payroll account are covered by one or more of the following: Federal depository insurance, the Securities Investor Protection Corporation, collateral held by the District's agent in the District's name, or by collateral held by depositories in the name of the Nevada Collateral Pool, and the balances are not exposed to custodial credit risk.

Note 4 - Capital Assets

Capital asset activity for the year ended June 30, 2020 was as follows:

Government Activities:

	Balance July 1, 2019	Increases	Decreases	Balance June 30, 2020
Capital assets, not being depreciated				
Land	$ 2,359,309	$ 477,481	$ -	$ 2,836,790
Construction in progress	2,013,294	1,206,248	(2,283,777)	935,765
Total capital assets, not being depreciated	4,372,603	1,683,729	(2,283,777)	3,772,555
Capital assets, being depreciated				
Land improvements	381,376	-	-	381,376
Buildings and building improvements	21,468,930	176,825	-	21,645,755
Vehicles and equipment	19,016,123	2,277,175	(11,390)	21,281,908
Total capital assets, being depreciated	40,866,429	2,454,000	(11,390)	43,309,039
Less accumulated depreciation for				
Land improvements	(248,545)	(14,874)	-	(263,419)
Buildings and building improvements	(6,067,513)	(565,075)	-	(6,632,588)
Vehicles and equipment	(10,335,706)	(1,012,446)	2,563	(11,345,589)
Total accumulated depreciation	(16,651,764)	(1,592,395)	2,563	(18,241,596)
Total capital assets, being depreciated, net	24,214,665	861,605	(8,827)	25,067,443
Governmental activities capital assets, net	$ 28,587,268	$ 2,545,334	$ (2,292,604)	$ 28,839,998

The increase in accumulated depreciation includes depreciation expense of $1,592,395 charged to the public safety function.

Note 5 - Long-Term Liabilities

General obligation bonds

The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities and equipment. General obligation bonds are direct obligations and pledge the full faith and credit of the District.

The District issued general obligation medium-term equipment bonds in the year ended June 30, 2020 to provide funds for purchase of fire engines and equipment. These bonds will be repaid from all legally available funds of the District, including its capital projects fund and its general fund. The bonds have a stated rate of interest of 1.5% and are payable in equal installments over the next 10 years.

The District's outstanding bonds related to governmental activities of $4,415,000 contain a provision that in an event of default, the bond owner may institute legal proceedings against the District and the interest rate may be increased to 1.92% annually.

General obligation bonds outstanding at June 30, 2020, are as follows:

	Issue Date	Final Payment Date	Interest Rate	Original Amount
Direct Placement: General Obligations:				
Medium-term Equipment Bonds Series 2020	3/10/2020	3/1/2030	1.50%	$4,415,000

Interest expense of $20,132 for the year was recorded by the District.

Long-term liability activity for the year ended June 30, 2020 was as follows:

	Amount Outstanding July 1, 2019	Additions	Reductions	Amount Outstanding June 30, 2020	Due Within One Year
General Obligation Bonds	$ -	$4,415,000	$ -	$ 4,415,000	$ 409,000
Compensated absences	4,724,006	2,580,685	1,704,713	5,599,978	1,986,388
Claims and judgments	1,390,969	40,657	20,208	1,411,418	50,645
Tax refund	165,885	-	165,885	-	-
	$6,280,860	$7,036,342	$1,890,806	$ 11,426,396	$2,446,033

Compensated absences are generally liquidated from the General Fund and claims and judgments are liquidated from the Workers' Compensation Internal Service Fund. General Obligation Bonds will be liquidated through transfers to the Debt Service fund, once created in Fiscal year 2021, from the Capital projects fund.

The debt service requirements for the District's bonds are as follows:

Year Ended June 30,	Principal	Interest
2021	$ 409,000	$ 64,569
2022	416,000	60,090
2023	423,000	53,850
2024	430,000	47,505
2025	437,000	41,055
2026-2030	2,300,000	104,700
	$4,415,000	$ 371,769

Note 6 – Operating Leases

The District leases warehouse space under an operating lease agreement. The agreement expires on December 31, 2021. The terms of the agreement require monthly rent payments, increasing annually plus operating expenses.

The District began a long-term lease on February 1, 2020 for office and warehouse space which expires in fiscal year 2025. The agreement expires on January 31, 2025. The terms of the agreement require monthly rent payments, increasing annually plus operating expenses. The lease contains the option of two five year renewal periods at then prevailing fair market rental rate. The District has the right to purchase the building at $185 per square foot, plus fees, any time prior to the 36th month of the lease.

Total lease payments in fiscal year 2020 were $206,818. Future minimum payments for these leases are:

Year Ended June 30,	Minimum Lease Payments
2021	$ 401,056
2022	374,040
2023	346,224
2024	356,610
2025	211,618
	$ 1,689,549

Note 7 - Interfund Activity

Interfund transfers for the year ended June 30, 2020 consisted of the following:

	Transfer in Capital Projects Fund
Transfers out:	
General Fund	$ 800,000

The transfer from the General Fund to the Capital Projects Fund was used to move unrestricted, one-time savings to fund one-time capital outlay expenditures.

Note 8- Postemployment Benefits Other than Pensions (OPEB)

Defined Benefit Plan

Plan Description and Eligibility

Prior to July 1, 2000, the District provided health insurance benefits to retired employees through a single-employer defined benefit plan. At June 30, 2000, ten retirees were participating in the District's health benefits program. On July 1, 2000, pursuant to an Interlocal Agreement for Fire Services and Consolidation, District fire operations were transferred to the City of Reno and the City accepted liability for the ten retirees under this plan. In accordance with the Interlocal Agreement, the District pays a proportionate share of employees' retiree health benefit costs based on

service earned prior to July 1, 2000, for those employees who transferred employment to the City of Reno and retired prior to June 30, 2012 or during the term of the Interlocal Agreement. Health benefits under the City's plan included medical, prescription, vision, dental and life insurance.

The Interlocal Agreement was terminated on June 30, 2012, and the District assumed responsibility for its own fire district operations as of July 1, 2012. As of June 30, 2012, in preparation of standing up the new fire operations, 11 former Reno firefighters transferred to the District with the provision the District would provide retiree health benefits for those 11 employees. Any former District employees remaining employed by the City of Reno as of July 1, 2012 retained retiree health benefits with the City and the City retained the liability for those employees. Benefits under the new District plan, a single-employer defined benefit plan, include health, dental, vision and prescription coverage. Eligible retirees who retire from the District will be required to pay for 50% of the retirees' health insurance premium and 100% of the cost of coverage for their families. Eligibility requirements, benefit levels, employee contributions and employer contributions may be amended by the mutual agreement of the Truckee Meadows Fire Protection District and the District's Fire Firefighters' Association.

As of July 1, 2010, the Plan is administered through an irrevocable trust, Washoe County, Nevada OPEB Trust (Trust), established on May 11, 2010, by the Board of Washoe County Commissioners. The Trust, a multiple-employer trust, was created to fund and account for the participating employers' costs of retiree healthcare benefits pursuant to Nevada Revised Statutes 287.017. The District is a participating employer in the Trust. Complete financial statements of the Trust may be obtained by writing to: OPEB Trust, c/o Washoe County Comptroller's Office, 1001 E. 9th Street Ste D200, Reno, Nevada, 89512.

Employees covered by benefit terms. As of the measurement date of June 30, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments:	50
Active employees:	130

Actuarial assumptions and other inputs

The District’s total OPEB liability of $10,737,148 was measured as of June 30, 2019 was based on the valuation date of July 1, 2018. Projections of the sharing of benefit-related costs are based on established pattern of practice. Actuary valuations include projections of the sharing of benefit-related costs that are based on an established pattern of practice. The total OPEB liability in the actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial funding method	Entry Age Normal
Amortization method	Level Percent of Pay
Inflation	3%
Salary increases	
0-4 years of service	8.00%
5 + years of service	3.00%
Discount rate	6.00%
Healthcare cost trend rates	
Pre-Medicare	Range between 4.6% to 7.0% annually
Medicare	Range between 4.6% to 6.7% annually
Retirees' share of benefit-related costs	
Retirees before June 30, 2012 under City of Reno Plan	
(Pre-65)	40% retiree and dependent
(Post-65)	50% retiree and 100% dependent
Retirees hired on or before July 1, 2014	50% retiree and 100% dependent
Retirees hired after July 1, 2014	100% retiree and dependent

The investment rate of return of 6.00%, net of investment expenses, was selected by the District. This is based on the investment policy of State of Nevada's Retiree Benefit Investment Fund (RBIF) where the District invests its assets to fund its OPEB liabilities. This rate is derived based on the RBIF's investment policy (shown in the table below), and includes a 3.00% long-term inflation assumption.

Asset Class	Asset allocation
Foreign Developed Equity	21.00%
U.S. Fixed Income	30.00%
U.S. Large Cap Equity	49.00%

The discount rate was based on the long term rate of return on OPEB plan investments that are expected to be used to finance the payment of benefits to the extent that plan assets are projected to cover benefit payments and administrative expenses. To the extent that OPEB plan assets are insufficient to finance all OPEB benefits, the discount rate should be based on 20-year tax-exempt AA or higher Municipal Bonds as of the Measurement Date. Based on the District's current funding policy of funding the Trust annually to maintain a funded percentage of at least 80%, the Fiduciary Net Position and future expected contributions and earnings are projected to be sufficient such that the Trust remains solvent. Therefore, a discount rate of 6.00% is used in calculating the total OPEB liability.

Mortality rates for healthy life were based on the RP-2014 Male and Female Healthy Annuitant mortality tables adjusted to reflect Mortality Improvement Scale MP-2018 from the 2006 base year, and projected forward using projection scale MP-2018 on a generational basis.

The number of participants in the plan is not large enough to provide credible data to perform an experience study to establish demographic assumptions for termination, retirement, and mortality. The demographic assumptions used in the June 30, 2018 valuation of OPEB liabilities were developed based Nevada Public Employees Retirement System demographic assumptions.

Changes in the OPEB Liability

	Total OPEB Liability	Increase/ (Decrease) in Plan Fiduciary Net Position	Net OPEB Liability
Balance at June 30, 2019 *(Measurement Date June 30, 2018)*	$ 9,817,792	$ 5,521,001	$ 4,296,791
Charges for the year:			
Service Cost	520,411	-	520,411
Interest on the total OPEB liability	613,936	-	613,936
Changes of benefit terms	-	-	-
Differences between actual and expected experience with regard to economic or demographic factors	-	-	-
Changes of assumptions	-	-	-
Benefit payments	(214,991)	(214,991)	-
Contributions from employer	-	463,000	(463,000)
Net investment income	-	450,939	(450,939)
Administrative expense	-	(34,450)	34,450
Total Changes	919,356	664,498	254,858
Balance at June 30, 2020 *(Measurement Date June 30, 2019)*	$ 10,737,148	$ 6,185,499	$ 4,551,649

Sensitivity of the total OPEB liability to changes in the discount rate

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.0 percent) or 1-percentage-point higher (7.0 percent) than the current discount rate:

	1% Decrease in Discount Rate (5.00%)	Discount Rate (6.00%)	1% Increase in Discount Rate (7.00%)
Net OPEB liability	$ 5,731,117	$ 4,551,649	$ 3,515,564

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease in Healthcare Cost Trend	Healthcare Cost Trend	1% Increase in Healthcare Cost Trend
Net OPEB liability	$ 3,271,138	$ 4,551,649	$ 6,069,867

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the District recognized OPEB expense of $1,095,084. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Inflows of Resources	Deferred Outflow of Resources
Differences between expected and actual experience	$ 18,977	$ -
Changes in assumptions or other inputs	-	1,585,063
Net difference between projected and actual earnings	234,075	-
District contributions subsequent to the measurement date	N/A	651,000
Total	$ 253,052	$ 2,236,063

Deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date in the amount of $651,000 will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2021.

Other estimated amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows**:**

Year ended June 30,	Recognized Deferred (Inflows)/Outflows of Resources
2021	$ 263,861
2022	263,862
2023	314,295
2024	328,467
2025	161,526
Total	$ 1,332,011

Defined Contribution Plan:

Plan Description and Eligibility

During the year ended June 30, 2019, the District agreed to participate in a Post-Employment Health Plan (PEHP) a defined contribution plan for collectively bargained public employees. Under the agreement with International Association of Fire Fighters Local 2487 (Local 2487), Local 2487 determines the plan administrator for the PEHP and the District agrees to contribute to the PEHP on behalf of the employees. The plan administrator for the PEHP is Nationwide Insurance Company (the Administrator).

Employees who are members of Local 2487 hired with the District on or before July 1 2014, will have a one-time contribution of $1,000 made by the District to the employee's PEHP account for the fiscal year ending June 30, 2019 for the non-supervisory group and for the fiscal year ending June 30, 2020 for the supervisory group; thereafter an annual contribution of $120 will be made by the District to the employee's PEHP account. Employees who are members of Local 2487 group hired with the District after July 1, 2014 will have an annual contribution of $2,880 made by the District to the employee's PEHP account. The employee will pay all associated account administrative

fees for the PEHP to keep the account in good standing. Contribution rates are established within the CBA and may be amended with by mutual agreement of the District and Local 2487.

Vesting and Forfeitures

The plan does not have a vesting period. Each employee shall become an eligible employee as determined by the collective bargaining agreement (CBA) and shall be entitled to receive a contribution to the PEHP as set forth in the participation agreement and CBA on the entry date coincident with or next following the later of the date on which the participant becomes an eligible employee, or the effective date of the PEHP.

If an eligible employee or participant has no dependents on the date notice of death is provided to the Administrator and no dependent is identified and no request to pay qualifying medical care expenses directly to a service provider, on behalf of a deceased eligible employee or participant, is received within 180 days of the date on which the Administrator was notified of an eligible employee or participant's death, the balance in the participant's account will be forfeited.

Any amount forfeited shall be allocated as soon as administratively practicable following, the date on which the Administrator determines that a forfeiture has occurred to the accounts of all other eligible employees and participants who are (or were) employed by the District and have an account balance on the valuation date. Forfeitures shall be allocated among the eligible employee and participants in accordance with procedures established by the Administrator.

The District recognized an OPEB expense related to the defined contribution plan in the amount of $121,480 as of June 30, 2020.

Note 9 - Defined Benefit Pension Plan

Plan Description

The District contributes to the Public Employees' Retirement System of the State of Nevada (PERS). PERS administers a cost-sharing, multiple-employer, defined benefit public employees' retirement system which includes both Regular and Police/Fire members. PERS was established by the Nevada Legislature in 1947, effective July 1, 1948. PERS is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earnings capacities have been removed or substantially impaired by age or disability.

Benefits Provided

Benefits, as required by the Nevada Revised Statutes (NRS or statute), are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering PERS on or after January 1, 2010 and July 1, 2015. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this factor is 2.67% of average compensation. For members entering PERS on or after January 1, 2010, there is a 2.5% service time factor and for regular members entering PERS on or after July 1, 2015, there is a 2.25% factor. PERS offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced

service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Post-retirement increases are provided by authority of NRS 286.575 - .579.

Vesting

Regular members entering PERS prior to January 1, 2010, are eligible for retirement at age 65 with 5 years of service, at age 60 with 10 years of service, or at any age with 30 years of service. Regular members entering PERS on or after January 1, 2010, are eligible for retirement at age 65 with 5 years of service, or age 62 with 10 years of service, or any age with 30 years of service. Regular members who entered PERS on or after July 1, 2015, are eligible for retirement at age 65 with 5 years of service, or at age 62 with 10 years of service or at age 55 with 30 years of service or any age with 33 1/3 years of service.

Police/Fire members entering PERS prior to January 1, 2010, are eligible for retirement at age 65 with 5 years of service, at age 55 with 10 years of service, at age 50 with 20 years of service, or at any age with 25 years of service. Police/Fire members entering PERS on or after January 1, 2010, are eligible for retirement at 65 with 5 years of service, or age 60 with 10 years of service, or age 50 with 20 years of service, or at any age with 30 years of service. Only service performed in a position as a police officer or firefighter may be counted towards eligibility for retirement as Police/Fire accredited service.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Both Regular and Police/Fire members become fully vested as to benefits upon completion of five years of service.

Contributions

The authority for establishing and amending the obligation to make contributions and member contribution rates, is set by statute. New hires, in agencies which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983, have the option of selecting one of two contribution plans. In one plan, contributions are shared equally by employer and employee. In the other plan, employees can take a reduced salary and have contributions made by the employer (EPC).

PERS' basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due.

PERS receives an actuarial valuation on an annual basis indicating the contribution rates required to fund PERS on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450.

The actuary funding method used is the Entry Age Actuarial Cost Method. It is intended to meet the funding objective and result in a relatively level long-term contributions requirement as a percentage of salary.

For the fiscal years ended June 30, 2020 the Statutory Employer/employee matching rates were 15.25% for Regular and 22.00% for Police/Fire. The Employer-pay contribution (EPC) rate for fiscal years ending June 30, 2020 was 29.25% for Regular and 42.50% for Police/Fire. For the fiscal years ended June 30, 2019 the Statutory Employer/employee matching rates were 14.50% for Regular and 20.75% for Police/Fire. The Employer-pay contribution (EPC) rate for fiscal years ending June 30, 2019 was 28.00% for Regular and 40.50% for Police/Fire.

The District's contributions were $2,423,345 for the year ended June 30, 2020.

PERS Investment Policy

PERS' policies which determine the investment portfolio target asset allocation are established by the PERS Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of PERS.

The following was the PERS Board adopted policy target asset allocation as of June 30, 2019:

Asset Class	Target Allocation	Long-term Geometric Expected Real Rate of Return
Domestic Stocks	42%	5.50%
International Stocks	18%	5.50%
U.S. Bonds	28%	0.75%
Private Markets	12%	6.65%

As of June 30, 2019, PERS' long-term inflation assumption was 2.75%.

Net Pension Liability

At June 30, 2020, the District reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's allocation percentage of the net pension liability was based on the District's total contributions due on wages paid during the measurement period. The District's proportion of the net pension liability is based on its employer contributions relative to the total employer contributions for all employers for the period ended June 30, 2019. At June 30, 2019, the District's proportion was .24089%, which is an increase of .00558% from the proportion measured as of June 30, 2018.

Pension Liability Discount Rate Sensitivity

The following presents the net pension liability of the District as of June 30, 2020, calculated using the discount rate of 7.50%, as well as what the District's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1-percentage-point higher (8.50%) than the current discount rate:

	1% Decrease in Discount Rate (6.50%)	Discount Rate (7.50%)	1% Increase in Discount Rate (8.50%)
Net Pension Liability	$ 50,861,112	$ 32,847,974	$ 17,874,485

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the PERS Comprehensive Annual Financial Report, available on the PERS website.

Actuarial Assumptions

The District's net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation Rate	2.75%
Productivity Pay Increase	0.50%
Projected Salary Increases	Regular: 4.25% to 9.15%, depending on service Police/Fire: 4.55% to 13.9%, depending on service Rates include inflation and productivity increases
Investment Rate of Return	7.50%
Other Assumptions	Same as those used in the June 30, 2019 funding actuarial valuation

Mortality rates for regular and police/fire members are based on the following table:

Healthy:	Headcount–Weighted RP-2014 Healthy Annuitant Table projected to 2020 with Scale MP-2016, set forward one year for spouses and beneficiaries. For ages less than 50[1], mortality rates are based on the Headcount–Weighted RP-2014 Employee Mortality Tables. Those mortality rates are adjusted by the ratio of the mortality rate for healthy annuitants at age 50 to the mortality rate for employees at age 50. The mortality rates are then projected to 2020 with Scale MP-2016. [1] The RP-2014 Healthy Anuitant Mortality Tables have rates only for ages 50 and later.
Disabled:	Headcount–Weighted RP-2014 Disabled Retiree Table, set forward four years.
Pre-Retirement:	Headcount–Weighted RP-2014 Employee Table, projected to 2020 with Scale MP-2016.

Actuarial assumptions used in the June 30, 2019 valuation were based on the results of the experience study for the period July 1, 2012 through June 30, 2016.

The discount rate used to measure the total pension liability was 7.50% as of June 30, 2019. The projection of cash flows used to determine the discount rate assumed plan contributions will be made in amounts consistent with statutory provisions and recognizing the plan's current funding policy and cost-sharing mechanism between employers and members. For this purpose, all contributions that are intended to fund benefits for all plan members and their beneficiaries are included, except that projected contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2019.

Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2020, the District recognized pension expense of $4,116,006. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 1,231,761	$ 947,458
Changes in assumptions or other inputs	1,336,777	
Net difference between projected and actual earnings on pension plan investments	-	1,634,069
Changes in the employer's proportion and differences between the employer's contributions and the employer's proportionate contributions	3,122,826	511,174
District contributions subsequent to the measurement date	2,423,345	-
Total	$ 8,114,709	$ 3,092,701

Deferred outflows of resources related to pensions resulting from Employer contributions subsequent to the measurement date in the amount of $2,423,345 will be recognized as a reduction of the net pension liability in the year ending June 30, 2021.

The average of the expected remaining service lives of all employees that are provided with pensions through PERS (active and inactive employees) determined at July 1, 2018 (the beginning of the measurement period ended June 30, 2019) is 6.18 years.

Other estimated amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	
2021	$ 819,184
2022	26,271
2023	618,309
2024	744,057
2025	353,904
Thereafter	36,938
Total	$ 2,598,663

Additional Information

The PERS Comprehensive Annual Financial Report (CAFR) is available on the PERS website at www.nvpers.org under Quick Links – Publications.

Note 10 - Risk Management

The District is exposed, as are all entities, to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District is fully insured for property and auto loss and liability with a $1,000 to $2,500 deductible. The District is covered up to a policy limit per occurrence of $10,000,000 and $20,000,000 annual aggregate in excess liability coverage. The District's policy contains various sub-limits established for earthquake, flood, equipment breakdown, errors and omissions and other items.

During the term of the Reno/Truckee Meadows Fire Protection District Interlocal Agreement, workers' compensation was fully insured with the City of Reno's self-funded workers' compensation plan. Due to the termination of the Agreement, as of July 1, 2012, the District is no longer self-funded with the City of Reno but has purchased a guaranteed workers compensation insurance plan. However, the District is still required to pay workers' compensation claims costs to the City of Reno for those years the District was self-funded through the City of Reno's workers' compensation plan.

During the fiscal year ended June 30, 2004, the District and the City of Reno instituted a "pay as you go" system for workers' compensation claims. The District shared the combined losses with the Reno Fire Department (RFD). The District established the Workers' Compensation Fund to account for this program. The District bought out all workers' compensation liability for all claims incurred prior to July 1, 2012. Claims incurred prior to fiscal year 2012 remain the liability of the City of Reno under the buyout agreement. TMFPD will remain responsible for future Heart and Lung related workers' compensation claims on a "pay as you go" system.

Claims' liability and activity for the past two years were as follows:

Claims liability, July 1, 2018	$ 1,361,316
Claims and changes in estimates	54,608
Claims paid	(24,955)
Claims liability, June 30, 2019	1,390,969
Claims and changes in estimates	40,657
Claims paid	(20,208)
Claims liability, June 30, 2020	$ 1,411,418

Note 11- Tax Abatement

The District's tax revenues were reduced by $170,207 under agreements entered into by the State Nevada. The state agreements include a partial abatement of one or more of personal property and local sales and use taxes imposed on aircraft, components of aircraft and other personal property used for certain purposes related to aircraft, a partial abatement of one or more of property and local sales and use taxes imposed on a new or expanded data center and on renewable energy facilities, and use taxes imposed on eligible machinery or equipment used by certain new or expanded businesses.

Note 12 – Commitments

On June 23, 2020, the District entered into an Interlocal Agreement to provide for financing, development, operation, and management of the Washoe County Regional Communications P25 System. Under the terms of the agreement, the District has committed to paying for an allocated portion of Washoe County's future debt obligation to upgrade the existing radio communication system to address new technology requirement sand aging/availability issues, radio coverage, and mutual aid interconnection. Once Washoe County issues the debt, the District will begin making annual payments to Washoe County. The District's portion of the debt is estimated at $822,115 with estimated annual payments are $70,430 over a term of 15 years.

Note 13- Subsequent Events

On July 1, 2020, the District established the Truckee Meadows Debt Service Fund. The primary purpose of the fund will be to account for the funds necessary to pay the interest and principal on any long-term debt and hold any funds that may be necessary to fund any reserve requirements. The source of revenues to be deposited in the fund will be transfers from the Truckee Meadows Fire Protection General Fund or Capital Projects Fund. The short-term and long-term plan for the expenditures from the fund will be for the debt service requirement and paying reasonable and customary agent and investment and any continuing disclosure fees for the debt, if any.

On July 22, 2020, the District entered into a sublease agreement as the lessor with The Turf Depot Nevada, Inc for the District's leased warehouse space. The term of the agreement expires on December 31, 2021 and includes monthly rental payments of $6,134 for the first five months of the agreement and $6,317 for the final twelve months.

On October 6, 2020, the District approved the issuance of $2,100,000 of general obligation capital improvement bonds to defray wholly or in part the cost of acquisition of properties for stations including fixtures, structures, stations, other buildings and sites.

Note 1 - Internally Reported (Budgetary Basis) Funds

The accompanying Reconciliation of the General Fund (Budgetary Basis) to the General Fund (GAAP Basis) presents balances combined for external reporting purposes.

Budget to actual comparisons are presented for all funds of the District, as required by Nevada Revised Statutes. Such budget comparisons are required to be presented using the budget as adopted and approved by the State of Nevada Department of Taxation. However, guidance provided by Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, specifies that two of these internally reported funds of the District do not meet the definition of special revenue funds and do not qualify to be separately presented for external reporting purposes.

These internally reported special revenue funds of the District (Sick Annual Comp Benefits Fund and Stabilization Fund) are combined with the General Fund for external reporting purposes.

Note 2 - Schedule of District's Contributions, OPEB

Actuarially determined contribution rates are calculated as of July 1, 2018, two years prior to the end of the fiscal year in which contributions are reported and projected forward to June 30, 2020.

Methods and assumptions used to determine contribution rates:

Actuarial funding method	Entry Age Normal
Amortization method	Level Percent of Pay
Inflation	3%
Salary increases	
0-4 years of service	8.00%
5 + years of service	3.00%
Discount rate	6.00%
Healthcare cost trend rates	
Pre-Medicare	Range between 4.6% to 7.0% annually
Medicare	Range between 4.6% to 6.7% annually
Retirees' share of benefit-related costs	
Retirees before June 30, 2012 under City of Reno Plan	
(Pre-65)	40% retiree and dependent
(Post-65)	50% retiree and 100% dependent
Retirees hired on or before July 1, 2014	50% retiree and 100% dependent
Retirees hired after July 1, 2014	100% retiree and dependent

Changes of assumptions and other inputs reflect a change in the discount rate from 7.00 percent as of the measurement date of June 30, 2017 to 6.00 percent as of the measurement date of June 30, 2018 and a change in the long-term inflation assumption from 2.50 percent as of the measurement date of June 30, 2017 to 3.00 percent as of the measurement date of June 30, 2018.

APPENDIX B

SUMMARY OF CERTAIN PROVISIONS OF THE BOND RESOLUTION

The following is a brief summary of certain provisions of the Bond Resolution and is qualified in its entirety by the provisions of the Bond Resolution itself.

Definitions

As used in the Bond Resolution, the following terms shall, for all purposes, have the following meanings unless the context clearly requires otherwise.

"Acquisition Account" means the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Project Construction and Other Acquisition Account" created in the Bond Resolution.

"annual principal and interest requirements" means the sum of the principal of and interest on the Outstanding Bonds and any other Outstanding designated securities payable from the Pledged Revenues having a lien thereon superior to or on a parity with the lien thereon of the Bonds, to be paid during any Bond Year, but excluding any reserve requirements to secure such payments unless otherwise expressly provided and excluding any amount payable from capitalized interest. In calculating this amount, the principal amount of bonds required to be redeemed prior to maturity pursuant to a mandatory redemption schedule contained in the resolution or other instrument authorizing the issuance of such bonds (e.g., the schedule, if any, set forth in the Certificate of the District) shall be treated as maturing in the Bond Year in which such bonds are so required to be redeemed, rather than in the Bond Year in which the stated maturity of such bonds occurs.

"Chief Fiscal Officer" means the de jure or de facto Chief Fiscal Officer of the District and designated as such by the District, as the chief financial officer of the District for purposes of NRS 350.165.

"Board" means the Board of Fire Commissioners of the District, in the State of Nevada, including any successor of the District.

"Bond Act" means NRS 350.500 through 350.720, and all laws amendatory thereof, designated in NRS 350.500 as the Local Government Securities Law.

"Bond Fund" means the special accounts designated as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Principal Account," and "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Interest Account," created in the Bond Resolution, and required to be accumulated and maintained in the Bond Resolution which shall be held separate and apart from the Income Fund.

"Bond Requirements" means the principal of, any prior redemption or prepayment premiums due in connection with, and the interest on the Bond and the 2020 Bond and any additional bonds or other additional securities payable from the Pledged Revenues and hereafter issued, or such part of such securities or such other securities as may be designated, as such principal, premiums and interest become due at maturity or on a Redemption Date designated in a mandatory redemption schedule, in a notice of prior redemption, or otherwise.

"Bonds" means the securities issued pursuant to the Bond Resolution and designated as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021."

"2020 Bond" means the securities issued and designated as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2020."

"Bond Year" means the 12 months commencing on July 1 of any calendar year and ending on June 30 of the next succeeding calendar year.

"combined maximum annual principal and interest requirements" means the greatest of the annual principal and interest requirements to be paid during any Bond Year for the period beginning with the Bond Year in which such computation is made and ending with the Bond Year in which any bond last becomes due at maturity or on a Redemption Date on which any bond thereafter maturing is called for prior redemption. If any outstanding bonds are subject to variable interest rates, for the purpose of such computation, such interest rates shall be determined by an Independent Accountant, an independent feasibility consultant or the Chief Fiscal Officer. Any such computation shall be adjusted as provided in the Bond Resolution, and shall be made by an Independent Accountant, an independent feasibility consultant or the Chief Fiscal Officer if expressly so required.

"Comparable Bond Year" means, in connection with any Fiscal Year, the Bond Year which ends in the Fiscal Year.

"Consolidated Tax Act" means, collectively, NRS 360.600 to 360.740, inclusive, as amended from time to time.

"Cost of the Project" means all or any part designated by the District of the cost of the Project, which cost, at the option of the District, except as limited by law, may include all or any part of the incidental costs relating to the Project, including, without limitation:

a. Preliminary expenses advanced by the District from funds available for use therefor or from any other source, or advanced with the approval of the District from funds available therefor or from any other source by the State, the Federal Government, or by any other Person with the approval of the District (or any combination thereof);

b. The costs in the making of surveys, audits, preliminary plans, other plans, specifications, estimates of costs, and other preliminaries;

c. The costs of premiums on builders' risk insurance and performance bonds, or a reasonably allocable share thereof;

d. The costs of appraising, printing, estimates, advice, services of engineers, architects, accountants, financial consultants, attorneys at law, clerical help, or other agents or employees;

e. The costs of making, publishing, posting, mailing and otherwise giving any notice in connection with the Project, the filing or recordation of instruments, the taking of options, the issuance of the Bonds and any other securities relating to the Project, and bank fees and expenses;

f. The costs of contingencies;

g. The costs of the capitalization with the proceeds of the Bonds of any interest on the bonds or other securities for any period not exceeding the period estimated by the District to effect the Project plus one year, of any discount on the bonds or other securities, and of any reserves for the payment of the principal of and interest on the Bonds or other securities, of any replacement expenses, and of any other cost of the issuance of the Bonds or other securities relating to the Project;

h. The costs of amending any ordinance, resolution or other instrument authorizing the issuance of or otherwise relating to the Outstanding Bonds or other securities relating to the Project;

i. The costs of funding any medium-term obligations, emergency loans, construction loans and other temporary loans not exceeding 10 years relating to the Project and of the incidental expenses incurred in connection with such loans;

j. The costs of any properties, rights, easements or other interests in properties, or any licenses, privileges, agreements and franchises;

k. The costs of demolishing, removing or relocating any buildings, structures or other facilities on land acquired for the Project, and of acquiring lands to which such buildings, structures or other facilities may be moved or relocated; and

l. All other expenses necessary or desirable and relating to the Project, as estimated or otherwise ascertained by the District. The Board hereby determines that the costs of issuance of the Bonds are necessary or desirable and related to the Project.

"Events of Default" means the events stated in the Bond Resolution.

"Federal Securities" means bills, certificates of indebtedness, notes, bonds or similar securities which are direct obligations of, or the principal and interest of which securities are unconditionally guaranteed by, the United States.

"Fiscal Year" means the 12 months commencing on July 1 of any calendar year and ending on June 30 of the next succeeding calendar year; but if the Nevada legislature changes

the statutory fiscal year relating to the District, the Fiscal Year shall conform to such modified statutory fiscal year from the time of each such modification, if any.

"General Taxes" or "Taxes" means general (ad valorem) taxes levied by the District against all taxable property within the boundaries of the District (unless otherwise qualified).

"Income Fund" means the special account designated as the "Truckee Meadows Fire Protection District, Nevada, Consolidated Tax Pledged Revenues Income Fund" previously created and continued in the Bond Resolution, which shall be held separate and apart from the Bond Fund.

"Independent Accountant" means any certified public accountant, or any firm of certified public accountants, duly licensed to practice and practicing as such under the laws of the State, as from time to time appointed and compensated by the District:

a. Who or which is, in fact, independent and not under the domination of the District;

b. Who or which does not have any substantial interest, direct or indirect, with the District, and

c. Who or which is not connected with the District as an officer or employee thereof, but who may be regularly retained to make annual or similar audits of any books or records of the District.

"Interest Account" means the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Interest Account," created in the Bond Resolution.

"Outstanding" when used with reference to the Bonds or any other designated securities and as of any particular date means all the Bonds or any such other securities payable from the Pledged Revenues, as the case may be, in any manner theretofore and thereupon being executed and delivered:

a. Except any Bond or other security canceled by the District, by the Paying Agent or otherwise on the District's behalf, at or before such date;

b. Except any Bond or other security the payment of which is then due or past due and moneys fully sufficient to pay the same are on deposit with the Paying Agent;

c. Except any Bond or other security for the payment or the redemption of which moneys at least equal to the District's Bond Requirements to the date of maturity or to any Redemption Date, shall have heretofore been deposited with a Trust Bank in escrow or in trust for that purpose, as provided in the Bond Resolution; and

d. Except any Bond or other security in lieu of or in substitution for which another bond or other security shall have been executed and delivered pursuant to the Bond Resolution.

"owner" or any similar term, when used in conjunction with any Bonds, or any other designated securities, means the registered owner of any Bonds or other security which is registrable for payment if it shall at the time be registered for payment otherwise than to bearer.

"Parity Securities" means the 2020 Bond and bonds or securities hereafter issued which have a lien on the Pledged Revenues that is on a parity with the lien thereon of the Bonds.

"Paying Agent" means Zions Bancorporation, National Association, or any successor which may be appointed from time to time as paying agent for the Bonds.

"Pledged Revenues" means a 15% portion of all income and revenue derived by the District from the imposition and collection of the Consolidated Tax and distributed to the District and imposed pursuant to the Consolidated Tax Act and the District. The Pledged Revenues means all or a portion of the Pledged Revenues. The designated term indicates sources of revenues and does not necessarily indicate all or any portion or other part of such revenues in the absence of further qualification. "Pledged Revenues" includes income derived from any supplemental Consolidated Tax imposed by the District if the Board is authorized to include and specifically elects to include the additional tax in "Pledged Revenues" for the remaining term of the Bonds.

"Principal Account" means the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Principal Account," created in the Bond Resolution.

"Project" means the means the acquisition of properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor.

"Project Act" means NRS 474.460 through 474.540, inclusive, as amended from time to time.

"Rebate Account" means the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Rebate Account" created in the Bond Resolution.

"Redemption Date" means a date fixed for the redemption prior to their respective maturities of any Bonds or other designated securities payable from any Pledged Revenues in any mandatory redemption schedules, or in any notice of prior redemption or otherwise fixed and designated by the District.

"Redemption Price" means, when used with respect to a Bond or other designated security payable from any Pledged Revenues, the principal amount thereof plus the applicable premium, if any, payable upon the redemption thereof prior to the stated maturity date of such Bond or other security on a Redemption Date in the manner contemplated in accordance with the security's terms.

"Registrar" means Zions Bancorporation, National Association, or any successor which may be appointed from time to time as registrar for the Bonds.

"Regular Record Date" means the 15th day of the calendar month next preceding each interest payment date.

"Special Record Date" means a special date fixed by the Paying Agent to determine the names and addresses of owners of the Bonds for the payment of any defaulted interest on any of the Bonds, as further provided in the Bond Resolution. At least 10 days' notice will be given by the Paying Agent electronically or otherwise to each owner of a Bond as stated on the Registrar's registration list at the close of business on a date fixed by the Paying Agent, stating the date of the Special Record Date and the due date fixed for the payment of such defaulted interest

"State" means the State of Nevada.

"Subordinate Securities" means bonds or securities which have a lien on the Pledged Revenues that is subordinate and junior to the lien thereon of the Bonds authorized in the Bond Resolution.

"Superior Securities" means bonds or securities which have a lien on the Pledged Revenues that is superior to the lien thereon of the 2020 Bond and the Bonds authorized in the Bond Resolution.

"Tax Code" means the Internal Revenue Code of 1986, as amended to the date of delivery of the Bonds.

"Taxes" means General Taxes.

"Trust Bank" means a state or national bank or trust company which is a member of the Federal Deposit Insurance Corporation and which is located within the United States, which bank is authorized to exercise and is exercising trust powers, and also means any branch of the Federal Reserve Bank.

Disposition of Bond Proceeds

The proceeds of the Bonds upon the receipt thereof at any time or from time to time, shall be credited to the Acquisition Account to be held by the District and used to pay the Cost of the Project, including but not limited to, the costs of issuing the Bonds.

Flow of Funds

So long as any of the Bonds shall be Outstanding, as to any Bond Requirements, the entire Pledged Revenues shall be set aside and credited immediately to the Income Fund.

So long as any of the Bonds shall be Outstanding, as to any Bond Requirements, the Income Fund shall be administered, and the moneys on deposit therein shall be applied in the following order of priority:

(a) First, from the Pledged Revenues, there will be credited to any bond fund created to pay the principal of, interest on and prior redemption premiums due on any Superior

Securities, including any rebate and reasonable reserve requirements therefor, issued in accordance with the provisions of the Bond Resolution:

(i) Monthly, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next maturing installment of interest on the Superior Securities then outstanding.

(ii) Monthly, an amount in equal monthly installments necessary, together with any other moneys from time to time available therefor from whatever source, to pay the next installment of principal of the Superior Securities coming due at maturity, and an amount sufficient to pay the principal of, interest on and any prior redemption premiums due on the outstanding Superior Securities.

(b) Second, the following transfers will be concurrently credited to the Bond Fund with the transfers to the bond funds for the Parity Securities and any bond funds for Parity Securities hereafter issued, the following transfers shall be credited to the Bond Fund:

(i) Monthly, commencing on the first of the month following the date of delivery of the Bonds, an amount in equal monthly installments necessary, together with any other moneys available therefor, to pay the next maturing installment of interest on the Bonds, then Outstanding.

(ii) Monthly, commencing on the first of the month following the date of delivery of the Bonds, an amount in equal monthly installments necessary, together with any other moneys available therefor, to pay the next installment of principal of the Bonds coming due at maturity, and monthly thereafter, commencing on each principal payment date, one-twelfth of the amount necessary, together with any other moneys from time to time available therefore and on deposit therein, to pay the next installment of mandatory sinking fund requirements, if any.

No payment need be made into the Bond Fund, if the amounts in the Bond Fund total a sum at least equal to the entire amount of the Outstanding Bonds, as to all Bond Requirements, both accrued and not accrued, to their respective maturities, in which case moneys in that account in an amount at least equal to such Bond Requirements will be used solely to pay such Bond Requirements as the same become due; and any moneys in excess thereof in the Bond Fund, and any other moneys derived from the Pledged Revenues will be applied as provided in the Bond Resolution.

(c) Third, either concurrently with or subsequent to the payments required above, any moneys remaining in the Income Fund may be used by the District for the payment of Bond Requirements of additional bonds or other additional securities payable from the Pledged Revenues and hereafter authorized to be issued. The lien of such additional bonds or other additional securities on the Pledged Revenues and the pledge thereof for the payment of such additional securities will be superior to, on a parity with or subordinate to the lien and pledge of the Bonds. Payments for bond and reserve funds for any Superior Securities will be made concurrently with the payments for Superior Securities required above. Payments for bond and reserve funds for additional Parity Securities will be made concurrently with the payments for the

Bonds required above, but payments for bond and reserve funds for additional Subordinate Securities will be made after the payments required above for Superior or Parity Securities.

(d) Fourth, and subject to the above provisions but prior to the transfer of any Pledged Revenues to the payment of Subordinate Securities, there will be transferred into the Rebate Account such amounts as are required to be deposited therein to meet the District's obligations under "Tax Covenant" below with respect to the Bonds and any Parity Securities issued in accordance with the provisions of the Bond Resolution and in accordance with Section 148(f) of the Tax Code. Amounts in the Rebate Account will be used for the purpose of making the payments to the United States required by such covenant and Section 148(f) of the Tax Code. Any amounts in the Rebate Account in excess of those required to be on deposit therein by such covenant and Section 148(f) of the Tax Code may be withdrawn therefrom and used for any lawful purpose.

(e) Fifth, any Pledged Revenues thereafter remaining in the Income Fund may be used at any time during any Fiscal Year whenever in the Fiscal Year there shall have been credited to Bond Fund, to the Rebate Account and to each other bond fund, rebate account and reserve fund, if any, for the payment of any other securities payable from the Pledged Revenues, all amounts required to be deposited in those special accounts for such portion of the Fiscal Year, for any one or any combination of lawful purposes, or otherwise, as the District may from time to time determine.

Lien on the Bonds

The Bonds constitute an irrevocable lien (but not necessarily an exclusive lien) upon the Pledged Revenues on a parity with the 2020 Bond and any Parity Securities hereafter issued, subject to and after any superior liens upon such Pledged Revenues of any Superior Securities hereafter issued.

The Bonds, the 2020 Bond and any Parity Securities hereafter authorized to be issued and from time to time Outstanding are equally and ratably secured by a lien on the Pledged Revenues and shall not be entitled to any priority one over the other in the application of the Pledged Revenues, regardless of the time or times of the issuance of the Bonds and any other such securities, it being the intention of the District that there shall be no priority among the Bonds and any such Parity Securities, regardless of the fact that they may be actually issued and delivered at different times.

Superior or Parity Securities

The District may issue additional securities payable from the Pledged Revenues and constituting a lien thereon superior to or on a parity with, the lien thereon of the Bonds. The District may issue securities refunding all or a part of the Bonds (or funding or refunding any other then Outstanding securities payable from Pledged Revenues), as provided in "Refunding Securities" below; but before any such additional Superior or Parity Securities are authorized or actually issued (excluding any Superior or Parity refunding Securities other than any securities refunding Subordinate Securities):

(a) At the time of the adoption of the supplemental instrument authorizing the issuance of the additional securities, the District shall not be in default in making any required payments described at subsections (a), (b), (c), or (d) of the section entitled "Flow of Funds" above, with respect to any Superior or Parity Securities.

(b) Except as hereinafter otherwise provided: (1) the Pledged Revenues derived in the Fiscal Year immediately preceding the date of the issuance of the additional Superior or Parity Securities shall have been at least sufficient to pay an amount equal to the combined maximum annual principal and interest requirements (to be paid during any one Bond Year, commencing with the Bond Year in which the additional Superior or Parity Securities are issued and ending on the last Bond Year in which any then Outstanding Bonds last mature) of the Outstanding Bonds and any other Outstanding Superior or Parity Securities of the District and the bonds or other securities proposed to be issued (excluding the reserves therefor); or, (2) the Pledged Revenues estimated by the District Chief Fiscal Officer, an independent feasibility consultant or an Independent Accountant to be derived in the first five Fiscal Years immediately succeeding the issuance of the other additional Superior or Parity Securities proposed to be issued, shall be at least equal to maximum annual principal and interest requirements to be paid during such Comparable Bond Year (the "Earnings Test").

(c) In the computation of the Earnings Test, the amount of the Pledged Revenues for the next preceding Fiscal Year must be decreased and may be increased by the amount of any loss or gain conservatively estimated by the District Chief Fiscal Officer, independent feasibility consultant or Independent Accountant making the computation, which loss or gain results from any change in the rate of the levy of that part of the Consolidated Tax constituting a part of the Pledged Revenues which change took effect during the next preceding Fiscal Year or thereafter prior to the issuance of such Superior or Parity Securities, as if such modified rate shall have been in effect during the entire next preceding Fiscal Year, if such change shall have been made by the District before the computation of the designated Earnings Test but made in the same Fiscal Year as the computation is made or in the next preceding Fiscal Year.

Subordinate Securities

Subject to the requirements in the Bond Resolution, the District may issue Superior Securities secured by and payable from the Pledged Revenues having a lien thereon prior and superior to the lien thereon of the Bonds, the 2020 Bond and the Parity Securities; however such Superior Securities shall not be issued as general obligations of the District.

Refunding Securities

Refunding bonds or other refunding securities issued, unless issued as Subordinate Securities, will enjoy complete equality of lien with the portion of any securities of the same issue which is not refunded, if there is any; and the owner or owners of the refunding securities will be subrogated to all of the rights and privileges enjoyed by the owner or owners of the unrefunded securities of the same issue partially refunded by the refunding securities.

If only a part of the Outstanding Bonds and other Outstanding securities of any issue or issues payable from the Pledged Revenues is refunded, then such securities may not be refunded without the consent of the owner or owners of the unrefunded portion of such securities:

(a) Unless the refunding securities do not increase for any Bond Year the annual principal and interest requirements evidenced by the refunding securities and by the Outstanding securities not refunded on and before the last maturity date or last Redemption Date, if any, whichever is later, of the unrefunded securities, and unless the lien of any refunding bonds or other refunding securities on the Pledged Revenues is not raised to a higher priority than the lien thereon of the bonds or other securities thereby refunded; or

(b) Unless the lien on any Pledged Revenues for the payment of the refunding securities is subordinate to each such lien for the payment of any securities not refunded; or

(c) Unless the refunding bonds or other refunding securities are issued in compliance with the requirements listed above under "Superior or Parity Securities".

Bondowner's Remedies

Each owner of any Bond shall be entitled to all of the privileges, rights and remedies provided or permitted in the Project Act and the Bond Act, and as otherwise provided or permitted by law or in equity or by other statutes, except as provided in the Bond Resolution, through but subject to the provisions in the Bond Resolution concerning the pledge of and the covenants and the other contractual provisions concerning the Pledged Revenues and the proceeds of the Bonds.

Events of Default

Each of the following events is an "event of default" under the Bond Resolution:

(a) Payment of the principal of any of the Bonds, or any prior redemption premium due in connection therewith, or both, is not made when the same becomes due and payable, at maturity, on the mandatory redemption dates specified in the Bond Resolution, or by proceedings for optional prior redemption, or otherwise;

(b) Payment of any installment of interest on the Bonds is not made when the same becomes due and payable;

(c) The District for any reason is rendered incapable of fulfilling its obligations hereunder;

(d) The District fails to carry out and to perform (or in good faith to begin the performance of) all acts and things lawfully required to be carried out or to be performed by it under any contract relating to the Pledged Revenues, or otherwise, including, without limitation, the Bond Resolution, and such failure continues for 60 days after receipt of notice from the owners of 10% in principal amount of the Bonds then Outstanding;

(e) An order or decree is entered by a court of competent jurisdiction with the consent or acquiescence of the District appointing a receiver or receivers for the Pledged Revenues

and any other moneys subject to the lien to secure the payment of the Bonds, or if an order or decree having been entered without the consent or acquiescence of the District is not vacated or discharged or stayed on appeal within 60 days after entry; and

(f) The District makes any default in the due and punctual performance of any other of the representations, covenants, conditions, agreements and other provisions contained in the Bonds or in the Bond Resolution on its part to be performed, and if the default continues for 60 days after written notice specifying the default and requiring the same to be remedied is given to the District by the owners of 10% in principal amount of the Bonds then Outstanding.

Remedies for Default

Upon the happening and continuance of any of the events of default described in (a) through (f) above, then and in every case the owner or owners or not less than 10% in principal amount of the Bonds then Outstanding, including, without limitation, a trustee or trustees therefor, may proceed against the District and its agents, officers and employees to protect and to enforce the rights of any owner of Bonds under the Bond Resolution by mandamus or by other suit, action or special proceedings in equity or at law, in any court of competent jurisdiction, either for the appointment of a receiver or for the specific performance of any covenant or agreement contained in the Bond Resolution or in an award of execution of any power granted in the Bond Resolution for the enforcement of any proper, legal or equitable remedy as the owner or owners may deem most effectual to protect and to enforce the rights, or thereby to enjoin any act or thing which may be unlawful or in violation of any right of any owner of any Bond, or to require the District to act as it if were the trustee of an express trust, or any combination of such remedies. All proceedings at law or in equity shall be instituted, had and maintained for the equal benefit of all owners of the Bonds and any Parity Securities then Outstanding.

Amendment of the Bond Resolution

The Bond Resolution may be amended by the District in accordance with the laws of the State, without receipt by the District of any additional consideration, and without the consent of or notice to the holders of the Bonds, for the purpose of curing any ambiguity or formal defect or omission herein or for any reason which does not materially adversely affect the interests of the owners of the Bonds. The Bond Resolution may be amended or supplemented by instruments adopted by the District in accordance with the laws of the State, without receipt by the District of any additional consideration, but with the written consent of the insurer of the Bonds, if any, or the owners of a majority in aggregate principal amount of the Bonds authorized by the Bond Resolution and Outstanding at the time of the adoption of the amendatory or supplemental instrument, excluding any Bonds which may then be held or owned for the account of the District, but including such refunding securities as may be issued for the purpose of refunding any of the Bonds if the refunding securities are not owned by the District. No such instrument shall permit without the written consent of the insurer of the Bonds, if any, and all owners of the Bonds adversely and materially affected thereby:

(a) A change in the maturity or in the terms of redemption of the principal of any Outstanding Bond or any installment of interest thereon; or

(b) A reduction in the principal amount of any Bond, the rate of interest thereon, or any prior redemption premium payable in connection therewith; or

(c) A reduction of the percentages or otherwise affecting the description of Bonds the consent of the owners of which is required for any modification or amendment; or

(d) The establishment of priorities as between Bonds issued and Outstanding under the provisions of the Bond Resolution; or

(e) The modifications of or otherwise materially and prejudicially affecting the rights or privileges of the owners of less than all of the Bonds then Outstanding.

Whenever the District proposes to amend or modify the Bond Resolution, it will cause notice of the proposed amendment to be given not later than 30 days prior to the date of the proposed enactment of the amendment by sending electronically or otherwise to the insurer of the Bonds, if any, the Paying Agent, the Registrar, and the owner of each of the Bonds Outstanding. The notice will briefly set forth the nature of the proposed amendment and will state that a copy of the proposed amendatory instrument is on file in the office of the Secretary for public inspection.

Whenever at any time within one year from the date of such notice, there shall be filed in the office of the Secretary an instrument or instruments executed by the insurer of the Bonds, if any, or the owners of at least a majority in aggregate principal amount of the Bonds then Outstanding, which instrument or instruments shall refer to the proposed amendatory instrument described in the notice and shall specifically consent to and approve the adoption of the instrument; thereupon, but not otherwise, the District may adopt the amendatory instrument and the instrument shall become effective.

If the insurer of the Bonds, if any, or the owners of at least a majority in aggregate principal amount of the Bonds Outstanding, at the time of the adoption of the amendatory instrument, or the predecessors in title of such owners shall have consented to and approved the adoption thereof as herein provided, no owner of any Bond, whether or not the owner shall have consented to or shall have revoked any consent as provided in the Bond Resolution, shall have any right or interest to object to the adoption of the amendatory instrument or to object to any of the terms or provisions therein contained or to the operation thereof or to enjoin the District from taking any action pursuant to the provisions thereof.

Any consent to an amendment to the Bond Resolution given by the owner of a Bond shall be irrevocable for a period of 6 months from the date of the notice as described above, and shall be conclusive and binding upon all future owners of the same Bond during that period. The consent may be revoked at any time after 6 months from the date of the above-described notice ¬by the owner who gave the consent or by a successor in title by filing notice of the revocation with the Secretary, but the revocation shall not be effective if the owners of a majority in aggregate principal amount of the Bonds Outstanding, before the attempted revocation, consented to and approved the amendatory instrument referred to in the revocation.

If the insurer of the Bonds, if any, or the owners of all the then Outstanding Bonds consent, the terms and the provisions of the Bond Resolution or of any instrument amendatory thereof or supplemental thereto and the rights and the obligations of the District and of the owners

of the Bonds thereunder may be modified or amended in any respect upon the adoption by the District and upon the filing with the Secretary of an instrument to that effect, and no notice to the insurer of the Bonds, if any, or the owners of Bonds shall be required, nor shall the time of consent be limited except as may be provided in the consent.

Performance of Duties Covenant

The District shall faithfully and punctually perform or cause to be performed all duties with respect to the Pledged Revenues and the Project required by the Constitution and laws of the State and the various resolutions, ordinances and other instruments of the District, including, without limitation, the proper segregation of the proceeds of the Bonds and the Pledged Revenues and their application from time to time to the respective accounts provided therefor.

Further Assurances Covenant

At any and all times the District, except when otherwise required by law, shall, so far as it may be authorized by law, pass, make, do, execute, acknowledge, deliver and file or record all and every such further instruments, acts, deeds, conveyances, assignments, transfers, other documents and assurances as may be necessary or desirable for the better assuring, conveying, granting, assigning and confirming all and singular the rights, the Pledged Revenues, and other moneys and accounts hereby pledged or assigned, or which the District may hereafter become bound to pledge or to assign, or as may be reasonable and required to carry out the purposes of the Resolution and to comply with the Project Act, the Bond Act and all laws supplemental thereto. The District shall at all times, to the extent permitted by law, defend, preserve and protect the pledge of the Pledged Revenues and other moneys and accounts pledged hereunder and all the rights of every owner of any Bonds against all claims and demands of all Persons whomsoever.

Conditions Precedent Covenant

Upon the date of issuance of any Bonds, all conditions, acts and things required by the Constitution or statutes of the State, including without limitation, the Project Act, the Consolidated Tax Act and the Bond Act, or the Resolution, to exist, to have happened, and to have been performed precedent to or in the issuance of the Bonds shall exist, have happened, and have been performed; and the Bonds, together with all other obligations of the District, shall not contravene any debt or other limitation prescribed by the State Constitution or statutes.

Covenant to Perform

The District shall observe and perform all of the terms and conditions contained in the Resolution and the Project Act, the Bond Act and all laws supplemental thereto and shall comply with all valid acts, rules, regulations, orders and directives of any legislative, executive, administrative of judicial body applicable to the Project, to any such other facilities, or to the District.

Protective Security Covenant

The District and the officers, agents and employees of the District shall not take any action in such manner or to such extent as might prejudice the security for the payment of the Bond Requirements of the Bonds and any other securities payable from the Pledged Revenues according to the terms thereof. No contract shall be entered into nor any other action taken by which the rights of any owner of any Bond or other security payable from the Pledged Revenues might be prejudicially and materially impaired or diminished.

Accumulation of Interest Claims Covenant

In order to prevent any accumulation of coupons or claims for interest after maturity, the District shall not directly or indirectly extend or assent to the extension of the time for the payment of any coupon or claim for interest on any of the Bonds or any other securities payable from the Pledged Revenues; and the District shall not directly or indirectly be a party to or approve any arrangements for any such extension or for the purpose of keeping alive any of such coupons or other claims for interest. If the time for the payment of any such coupons or of any other such installment of interest shall be extended in contravention of the foregoing provisions, such coupon or installment or installments of interest after such extension or arrangement shall not be entitled in case of default hereunder to the benefit or the security of the Resolution, except upon the prior payment in full of the principal of all Bonds and any such other securities then Outstanding and of all matured interest on such securities the payment of which has not been extended.

Use of Bond Fund Covenant

The Bond Fund shall be used solely, and the moneys credited to such account are hereby pledged, for the purpose of paying the Bond Requirements of the Bonds, subject to the provisions concerning surplus moneys in the Bond Resolution.

Additional Securities Covenant

Any other securities hereafter authorized to be issued and payable from the Pledged Revenues shall not hereafter be issued, unless the additional securities are also issued in conformance with the provisions of the Bond Resolution.

Other Liens Covenant

Other than as provided herein, there are no liens or encumbrances of any nature whatsoever on or against the Project, or any part thereof, or on or against the Pledged Revenues derived or to be derived.

Corporate Existence Covenant

The District shall maintain its corporate identity and existence so long as any of the Bonds remain Outstanding, unless another body corporate and politic by operation of law succeeds to the powers, privileges, rights, liabilities, disabilities, duties and immunities of the District and

is obligated by law to fix and collect the Pledged Revenues as herein provided without adversely affecting to any substantial degree at any time the privileges and rights of any owner of any Outstanding Bond.

Collection of Pledged Revenues Covenant

The Pledged Revenues distributed to the District shall be used for the payment of the Bond Requirements of all securities payable from the Pledged Revenues, including reasonable reserves therefor, as herein provided and the payment of expenses of the Project in each Fiscal Year and any amounts required to meet then existing deficiencies relating to any account relating to the Pledged Revenues or any securities payable therefrom.

Records Covenant

So long as any of the Bonds and any other securities payable from the Pledged Revenues remain Outstanding, proper records shall be kept by the District, separate and apart from all other records and accounts, showing complete and correct entries of all transactions relating to the Pledged Revenues.

Rights Concerning Records of Pledged Revenues Covenant

Any owner of any of the Bonds or any other securities payable from the Pledged Revenues, or any duly authorized agent or agents of such owner, shall have the right at all reasonable times to inspect all records, accounts and data relating thereto, concerning the Pledged Revenues and to make copies of such records, accounts and data.

Tax Levies Covenant

The District annually shall levy, or cause to be levied, General Taxes on all taxable property in the District fully sufficient to pay the Bond Requirements of Outstanding Bonds (and any other indebtedness or other obligations of the District), except to the extent other revenues are available therefor, including, without limitation, the Pledged Revenues pledged for the payment of the Bonds, as the Bond Requirements accrue, reasonable allowance being made for delinquent tax collections anticipated at the time of each levy, at the time and in the manner provided by law for levying other Taxes; and the District and the Board shall require the officers of the District to levy, extend, and collect General Taxes in the manner provided by law for the purpose of creating funds for the payment of the Bond Requirements of the Bonds, other indebtedness, or general obligations. General Taxes for the Bonds, when collected, shall be kept for and applied only to the payment of the Bond Requirements of the Bonds, as provided in the Bond Resolution.

Completion of the Project Covenant

The District, with the proceeds derived from the sale of the Bonds and any other available moneys, shall proceed to cause the Project to be completed without delay to the best of the District's ability and with due diligence, as herein provided.

Continuing Disclosure Undertaking Covenant

The District covenants for the benefit of the holders and beneficial owners of the Bonds to comply with the provisions of the final Continuing Disclosure, to be executed by the District Chief Fiscal Officer, Fire Chief or designee and delivered in connection with the delivery of the Bonds. Failure to comply with the Continuing Disclosure Certificate shall not constitute a default under the Bonds.

Tax Covenant

The District covenants in the Bond Resolution for the benefit of the owners of the Bonds that it will not take any action or omit to take any action with respect to the Bonds, the proceeds thereof, any other funds of the District or any project refinanced with the proceeds of the Bonds if such action or omission (i) would cause the interest on the Bonds to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Tax Code, or (ii) would cause interest on the Bonds to lose its exclusion from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. The foregoing covenant will remain in full force and effect notwithstanding the payment in full or defeasance of the Bonds until the date on which all obligations of the District in fulfilling the above covenant under the Tax Code have been met.

APPENDIX C

BOOK-ENTRY ONLY SYSTEM

DTC will act as securities depository for the 2021 Bonds. The 2021 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered 2021 Bond certificate will be issued for each maturity of the 2021 Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of 2021 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2021 Bonds on DTC's records. The ownership interest of each actual purchaser of each 2021 Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2021 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in 2021 Bonds, except in the event that use of the book-entry system for the 2021 Bonds is discontinued.

To facilitate subsequent transfers, all 2021 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of 2021 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2021 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2021 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of 2021 Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the 2021 Bonds, such as redemptions, tenders, defaults, and proposed amendments to the 2021 Bond documents. For example, Beneficial Owners of 2021 Bonds may wish to ascertain that the nominee holding the 2021 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the 2021 Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the 2021 Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts 2021 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, interest and redemption proceeds on the 2021 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District or the Paying Agent on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, interest or redemption proceeds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the 2021 Bonds at any time by giving reasonable notice to the District or the Registrar and Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, 2021 Bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, 2021 Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

APPENDIX D

FORM OF CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (the "Disclosure Certificate") is executed and delivered by Truckee Meadows Fire Protection District, Nevada (the "Issuer") in connection with the issuance of the Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021 in the aggregate principal amount of $7,000,000 (the "Bonds"). The Bonds are being issued pursuant to the resolution adopted by the Board of Fire Commissioners of the Issuer on June 1, 2021 (the "Resolution"). The Issuer covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the Issuer for the benefit of the holders and beneficial owners of the Bonds and in order to assist the Participating Underwriter in complying with Rule 15c2-12(b)(5) of the Securities and Exchange Commission (the "SEC").

SECTION 2. Definitions. In addition to the definitions set forth in the Resolution or parenthetically defined herein, which apply to any capitalized terms used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"Annual Report" shall mean any Annual Report provided by the Issuer pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

"Dissemination Agent" shall mean, initially, the Issuer, or any successor Dissemination Agent designated in writing by the Issuer and which has filed with the Issuer a written acceptance of such designation.

"Financial Obligation" shall mean a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation, or (iii) guarantee of (i) or (ii). The term Financial Obligation shall not include municipal securities as to which a final official statement has been provided to the Municipal Securities Rulemaking Board in compliance with the Rule.

"Material Events" shall mean any of the events listed in Section 5 of this Disclosure Certificate.

"MSRB" shall mean the Municipal Securities Rulemaking Board. The MSRB's required method of filing is electronically via its Electronic Municipal Market Access (EMMA) system available on the Internet at http://emma.msrb.org.

"Participating Underwriter" shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with an offering of the Bonds.

"Rule" shall mean Rule 15c2-12(b)(5) adopted by the SEC under the Securities Exchange Act of 1934, as the same may be amended from time to time.

SECTION 3. Provision of Annual Reports.

(a) The Issuer shall, or shall cause the Dissemination Agent to, not later than nine (9) months following the end of the Issuer's fiscal year of each year, commencing nine (9) months following the end of the Issuer's fiscal year ending June 30, 2021, provide to the MSRB in an electronic format as prescribed by the MSRB, an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. Not later than five (5) business days prior to said date, the Issuer shall provide the Annual Report to the Dissemination Agent (if other than the Issuer). The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate; provided that the audited financial statements of the Issuer may be submitted separately from the balance of the Annual Report.

(b) If the Issuer is unable to provide to the MSRB an Annual Report by the date required in subsection (a), the Issuer shall send or cause to be sent a notice in substantially the form attached as Exhibit A to the MSRB.

(c) The Dissemination Agent shall:

(i) determine each year prior to the date for providing the Annual Report the appropriate electronic format prescribed by the MSRB;

(ii) if the Dissemination Agent is other than the Issuer, send written notice to the Issuer at least 45 days prior to the date the Annual Report is due stating that the Annual Report is due as provided in Section 3(a) hereof; and

(iii) if the Dissemination Agent is other than the Issuer, file a report with the Issuer certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, stating the date it was provided and listing all the entities to which it was provided.

SECTION 4. Content of Annual Reports. The Issuer's Annual Report shall contain or incorporate by reference the following:

(a) A copy of its annual financial statements prepared in accordance with generally accepted accounting principles audited by a firm of certified public accountants. If audited annual financial statements are not available by the time specified in Section 3(a) above, unaudited financial statements will be provided as part of the Annual Report and audited financial statements will be provided when and if available.

(b) An update of the type of information identified in Exhibit B hereto, which is contained in the tables in the Official Statement with respect to the Bonds(excluding projections, forecasts and budgeted information which are not required to be updated).

Any or all of the items listed above may be incorporated by reference from other documents, including official statements of debt issues of the Issuer or related public entities, which are available to the public on the MSRB's Internet Web Site or filed with the SEC. The Issuer shall clearly identify each such document incorporated by reference.

SECTION 5. Reporting of Material Events. The Issuer shall provide or cause to be provided, in a timely manner not in excess of 10 business days after the occurrence of the event, notice of any of the following events with respect to the Bonds:

(a) Principal and interest payment delinquencies;

(b) Non-payment related defaults, if material;

(c) Unscheduled draws on debt service reserves reflecting financial difficulties;

(d) Unscheduled draws on credit enhancements reflecting financial difficulties;

(e) Substitution of credit or liquidity providers, or their failure to perform;

(f) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other events affecting the tax status of the Bonds;

(g) Modifications to rights of bondholders, if material;

(h) Bond calls, if material, and tender offers;

(i) Defeasances;

(j) Release, substitution or sale of property securing repayment of the Bonds, if material;

(k) Rating changes;

(l) Bankruptcy, insolvency, receivership or similar event of the obligated person[1];

(m) The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms if material;

[1] For the purposes of the event identified in subparagraph (b)(5)(i)(C)(12), the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governing body and official or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

(n) Appointment of a successor or additional trustee or the change of name of a trustee, if material;

(o) Incurrence of a Financial Obligation of the obligated person, if material, or an agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the obligated person, any of which affect security holders, if material; and

(p) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of an obligated person, any of which reflect financial difficulties.

SECTION 6. Format; Identifying Information. All documents provided to the MSRB pursuant to this Disclosure Certificate shall be in the format prescribed by the MSRB and accompanied by identifying information as prescribed by the MSRB.

As of the date of this Disclosure Certificate, all documents submitted to the MSRB must be in portable document format (PDF) files configured to permit documents to be saved, viewed, printed and retransmitted by electronic means. In addition, such PDF files must be word-searchable, provided that diagrams, images and other non-textual elements are not required to be word-searchable.

SECTION 7. Termination of Reporting Obligation. The Issuer's obligations under this Disclosure Certificate shall terminate upon the earliest of: (i) the date of legal defeasance, prior redemption or payment in full of all of the Bonds; (ii) the date that the Issuer shall no longer constitute an "obligated person" within the meaning of the Rule; or (iii) the date on which those portions of the Rule which require this written undertaking are held to be invalid by a court of competent jurisdiction in a non-appealable action, have been repealed retroactively or otherwise do not apply to the Bonds.

SECTION 8. Dissemination Agent. The Issuer may, from time to time, appoint or engage a Dissemination Agent to assist the Issuer in carrying out its obligations under this Disclosure Certificate, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent.

SECTION 9. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the Issuer may amend this Disclosure Certificate, and may waive any provision of this Disclosure Certificate, without the consent of the holders and beneficial owners of the Bonds, if such amendment or waiver does not, in and of itself, cause the undertakings herein (or action of any Participating Underwriter in reliance on the undertakings herein) to violate the Rule, but taking into account any subsequent change in or official interpretation of the Rule. The Issuer will provide notice of such amendment or waiver to the MSRB.

SECTION 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Material Event, in addition to that which is required by this Disclosure Certificate. If the Issuer chooses to include

any information in any Annual Report or notice of occurrence of a Material Event in addition to that which is specifically required by this Disclosure Certificate, the Issuer shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Material Event.

SECTION 11. Default. In the event of a failure of the Issuer to comply with any provision of this Disclosure Certificate, any holder or beneficial owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Issuer to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an event of default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the Issuer to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 12. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the Issuer, the Dissemination Agent, the Participating Underwriter, and the holders and beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity.

APPENDIX E

FORM OF OPINION OF BOND COUNSEL

[closing date]

Truckee Meadows Fire Protection District, Nevada
3663 Barron Way
Reno, NV 89511

$7,000,000
Truckee Meadows Fire Protection District, Nevada
General Obligation (Limited Tax) Capital Improvement Bonds
(Additionally Secured by Pledged Revenues)
Series 2021

Ladies and Gentlemen:

We have acted as bond counsel to Truckee Meadows Fire Protection District, Nevada (the "District" and the "State," respectively), in connection with the issuance of its Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021 in the aggregate principal amount of $7,000,000 (the "Bonds"), pursuant to an authorizing ordinance adopted and approved by the Board of Fire Commissioners on June 1, 2021 (the "Bond Resolution"). In such capacity, we have examined the District's certified proceedings and such other documents and such law of the State and of the United States of America as we have deemed necessary to render this opinion letter. Capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the Bond Resolution.

Regarding questions of fact material to our opinions, we have relied upon the District's certified proceedings and other representations and certifications of public officials and others furnished to us without undertaking to verify the same by independent investigation.

Based upon such examination, it is our opinion as bond counsel that:

1. The Bonds constitute the valid and binding limited tax general obligations of the District.

2. All of the taxable property in the District is subject to the levy of annual general (ad valorem) taxes to pay the Bonds, subject to the limitations imposed by the Constitution and laws of the State.

3. As provided in the Bond Resolution and in accordance with the provisions of NRS 361.463, taxes levied for the payment of the bonded indebtedness (including the Bonds) of all overlapping units within the boundaries of the District (i.e., the State, the District, and any other political subdivision therein) and for the payment of interest on such indebtedness enjoy a priority over taxes levied by each such unit (including, without limitation, the State and the

District) for all other purposes (subject to any exception implied by law for the exercise of the police power) where reduction is necessary in order to comply with NRS 361.453.

4. The Bonds are additionally secured by and payable from the Pledged Revenues. The Bond Resolution creates a valid lien on the Pledged Revenues and the Bond Fund pledged therein for the security of the Bonds on a parity with the lien thereon of the Outstanding Parity Securities, superior and prior to the lien thereon of any Outstanding Subordinate Securities hereafter issued and subordinate to the lien thereon of any Outstanding Superior Securities hereafter issued. Except as described in this paragraph, we express no opinion regarding the priority of the lien on the Pledged Revenues or on the Bond Fund created by the Bond Resolution.

5. Interest on the Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date hereof (the "Tax Code"), and interest on the Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. The opinions expressed in this paragraph assume continuous compliance with the covenants and continued accuracy of the representations contained in the District's certified proceedings and in certain other documents and certain other certifications furnished to us.

6. Under the laws of the State in effect as of the date hereof, the Bonds, their transfer, and the income therefrom are free and exempt from taxation by the State or any subdivision thereof, except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to Chapter 375B of NRS.

The opinions expressed in this opinion letter are subject to the following:

The obligations of the District incurred pursuant to the Bonds and the Bond Resolution may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

The Bond has been designated by the District as a "qualified tax-exempt obligation" for purposes of Section 265(b)(3) of the Tax Code.

We understand that Build America Mutual Assurance Company has issued a municipal bond insurance policy relating to the Bonds. We express no opinion as to the validity or enforceability of such policy or the security afforded thereby.

In this opinion letter issued in our capacity as bond counsel, we are opining only upon those matters set forth herein, and we are not passing upon the accuracy, adequacy or completeness of the Official Statement relating to the Bonds or any other statements made in connection with any offer or sale of the Bonds or upon any state or federal or state tax consequences arising from the receipt or accrual of interest on or the ownership or disposition of the Bonds, except those specifically addressed herein.

This opinion letter is issued as of the date hereof and we assume no obligation to revise or supplement this opinion letter to reflect any facts or circumstances that may hereafter come to our attention or any changes in laws that may hereafter occur.

Respectfully submitted,

BUILD AMERICA MUTUAL ASSURANCE COMPANY ("BAM"), for consideration received, hereby UNCONDITIONALLY AND IRREVOCABLY agrees to pay to the trustee (the "Trustee") or paying agent (the "Paying Agent") for the Bonds named above (as set forth in the documentation providing for the issuance and securing of the Bonds), for the benefit of the Owners or, at the election of BAM, directly to each Owner, subject only to the terms of this Policy (which includes each endorsement hereto), that portion of the principal of and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer.

On the later of the day on which such principal and interest becomes Due for Payment or the first Business Day following the Business Day on which BAM shall have received Notice of Nonpayment, BAM will disburse (but without duplication in the case of duplicate claims for the same Nonpayment) to or for the benefit of each Owner of the Bonds, the face amount of principal of and interest on the Bonds that is then Due for Payment but is then unpaid by reason of Nonpayment by the Issuer, but only upon receipt by BAM, in a form reasonably satisfactory to it, of (a) evidence of the Owner's right to receive payment of such principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner's rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in BAM. A Notice of Nonpayment will be deemed received on a given Business Day if it is received prior to 1:00 p.m. (New York time) on such Business Day; otherwise, it will be deemed received on the next Business Day. If any Notice of Nonpayment received by BAM is incomplete, it shall be deemed not to have been received by BAM for purposes of the preceding sentence, and BAM shall promptly so advise the Trustee, Paying Agent or Owner, as appropriate, any of whom may submit an amended Notice of Nonpayment. Upon disbursement under this Policy in respect of a Bond and to the extent of such payment, BAM shall become the owner of such Bond, any appurtenant coupon to such Bond and right to receipt of payment of principal of or interest on such Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under such Bond. Payment by BAM either to the Trustee or Paying Agent for the benefit of the Owners, or directly to the Owners, on account of any Nonpayment shall discharge the obligation of BAM under this Policy with respect to said Nonpayment.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent (as defined herein) are authorized or required by law or executive order to remain closed. "Due for Payment" means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity (unless BAM shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration) and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. "Nonpayment" means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. "Nonpayment" shall also include, in respect of a Bond, any payment made to an Owner by or on behalf of the Issuer of principal or interest that is Due for Payment, which payment has been recovered from such Owner pursuant to the United States Bankruptcy Code in accordance with a final, nonappealable order of a court having competent jurisdiction. "Notice" means delivery to BAM of a notice of claim and certificate, by certified mail, email or telecopy as set forth on the attached Schedule or other acceptable electronic delivery, in a form satisfactory to BAM, from and signed by an Owner, the Trustee or the Paying Agent, which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount, (d) payment instructions and (e) the date such claimed amount becomes or became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer, the Member or any other person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

SPECIMEN

BAM may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee, the Paying Agent, the Member and the Issuer specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee, the Paying Agent, the Member or the Issuer (a) copies of all notices required to be delivered to BAM pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to BAM and shall not be deemed received until received by both and (b) all payments required to be made by BAM under this Policy may be made directly by BAM or by the Insurer's Fiscal Agent on behalf of BAM. The Insurer's Fiscal Agent is the agent of BAM only, and the Insurer's Fiscal Agent shall in no event be liable to the Trustee, Paying Agent or any Owner for any act of the Insurer's Fiscal Agent or any failure of BAM to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, BAM agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to BAM to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy. This Policy may not be canceled or revoked.

This Policy sets forth in full the undertaking of BAM and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity. THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW. THIS POLICY IS ISSUED WITHOUT CONTINGENT MUTUAL LIABILITY FOR ASSESSMENT.

In witness whereof, BUILD AMERICA MUTUAL ASSURANCE COMPANY has caused this Policy to be executed on its behalf by its Authorized Officer.

CERTIFICATE OF THE CHIEF FISCAL OFFICER

The undersigned is the duly appointed Chief Fiscal Officer of Truckee Meadows Fire Protection District, Nevada (the "District") and does hereby certify the following:

1. On June 1, 2021, the Board of Fire Commissioners of the District (the "Board") adopted a resolution (the "Bond Resolution") authorizing the issuance of the Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021 (the "Bonds").

2. On July 7, 2021, after public advertisement therefor, as set forth in Exhibit C, bids for the Bonds were received and publicly opened and copies of the best bid is attached hereto as Exhibit B, and the best bid for the Bonds was submitted by Robert W. Baird & Co., Inc. and its associates, if any (the "Purchaser"), which bid offered to purchase the Bonds in the aggregate principal amount of $7,000,000.00 plus original issue premium of $441,981.60, less an underwriter's discount of $95,593.75 and less bond insurance premium of $22,800.00, bearing interest as provided in the bond purchase proposal submitted by the Purchaser (the "Proposal") and as set forth in Exhibit A attached hereto, maturing on the dates and in the designated amounts as set forth in Exhibit A attached hereto, and upon such other terms provided in the Bond Resolution and this certificate.

3. The Bonds, or portions thereof ($5,000 or any integral multiple), maturing on and after June 1, 2032, will be subject to redemption prior to their respective maturities at the option of the District as directed by the Chief Fiscal Officer on and after June 1, 2031, in whole or in part at any time, from such maturities as are selected by the District as directed by the Chief Fiscal Officer and if less than all the Bonds of a maturity are to be redeemed, the Bonds of such maturity are to be selected by lot (giving proportionate weight to Bonds in denominations larger than $5,000), at a price equal to the principal amount of each Bond or portion thereof so redeemed plus accrued interest thereon to the redemption date.

4. The Bonds are subject to mandatory sinking fund redemption as set forth in Exhibit D attached hereto.

5. On July 7, 2021, I accepted the Proposal of the Purchaser, being the best bidder for the Bonds, by executing this certificate in accordance with the provisions of the Bond Resolution.

DATED July 7, 2021.

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA

CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (the "Disclosure Certificate") is executed and delivered by Truckee Meadows Fire Protection District, Nevada (the "Issuer") in connection with the issuance of the Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021 in the aggregate principal amount of $7,000,000 (the "Bonds"). The Bonds are being issued pursuant to the resolution adopted by the Board of Fire Commissioners of the Issuer on June 1, 2021 (the "Resolution"). The Issuer covenants and agrees as follows:

SECTION 1. Purpose of the Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the Issuer for the benefit of the holders and beneficial owners of the Bonds and in order to assist the Participating Underwriter in complying with Rule 15c2-12(b)(5) of the Securities and Exchange Commission (the "SEC").

SECTION 2. Definitions. In addition to the definitions set forth in the Resolution or parenthetically defined herein, which apply to any capitalized terms used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"Annual Report" shall mean any Annual Report provided by the Issuer pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

"Dissemination Agent" shall mean, initially, the Issuer, or any successor Dissemination Agent designated in writing by the Issuer and which has filed with the Issuer a written acceptance of such designation.

"Financial Obligation" shall mean a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation, or (iii) guarantee of (i) or (ii). The term Financial Obligation shall not include municipal securities as to which a final official statement has been provided to the Municipal Securities Rulemaking Board in compliance with the Rule.

"Material Events" shall mean any of the events listed in Section 5 of this Disclosure Certificate.

"MSRB" shall mean the Municipal Securities Rulemaking Board. The MSRB's required method of filing is electronically via its Electronic Municipal Market Access (EMMA) system available on the Internet at http://emma.msrb.org.

"Participating Underwriter" shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with an offering of the Bonds.

"Rule" shall mean Rule 15c2-12(b)(5) adopted by the SEC under the Securities Exchange Act of 1934, as the same may be amended from time to time.

SECTION 3. Provision of Annual Reports.

(a) The Issuer shall, or shall cause the Dissemination Agent to, not later than nine (9) months following the end of the Issuer's fiscal year of each year, commencing nine (9) months following the end of the Issuer's fiscal year ending June 30, 2021, provide to the MSRB in an electronic format as prescribed by the MSRB, an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. Not later than five (5) business days prior to said date, the Issuer shall provide the Annual Report to the Dissemination Agent (if other than the Issuer). The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate; provided that the audited financial statements of the Issuer may be submitted separately from the balance of the Annual Report.

(b) If the Issuer is unable to provide to the MSRB an Annual Report by the date required in subsection (a), the Issuer shall send or cause to be sent a notice in substantially the form attached as Exhibit A to the MSRB.

(c) The Dissemination Agent shall:

(i) determine each year prior to the date for providing the Annual Report the appropriate electronic format prescribed by the MSRB;

(ii) if the Dissemination Agent is other than the Issuer, send written notice to the Issuer at least 45 days prior to the date the Annual Report is due stating that the Annual Report is due as provided in Section 3(a) hereof; and

(iii) if the Dissemination Agent is other than the Issuer, file a report with the Issuer certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, stating the date it was provided and listing all the entities to which it was provided.

SECTION 4. Content of Annual Reports. The Issuer's Annual Report shall contain or incorporate by reference the following:

(a) A copy of its annual financial statements prepared in accordance with generally accepted accounting principles audited by a firm of certified public accountants. If audited annual financial statements are not available by the time specified in Section 3(a) above, unaudited financial statements will be provided as part of the Annual Report and audited financial statements will be provided when and if available.

(b) An update of the type of information identified in Exhibit B hereto, which is contained in the tables in the Official Statement with respect to the Bonds(excluding projections, forecasts and budgeted information which are not required to be updated).

Any or all of the items listed above may be incorporated by reference from other documents, including official statements of debt issues of the Issuer or related public entities, which are available to the public on the MSRB's Internet Web Site or filed with the SEC. The Issuer shall clearly identify each such document incorporated by reference.

SECTION 5. Reporting of Material Events. The Issuer shall provide or cause to be provided, in a timely manner not in excess of 10 business days after the occurrence of the event, notice of any of the following events with respect to the Bonds:

(a) Principal and interest payment delinquencies;

(b) Non-payment related defaults, if material;

(c) Unscheduled draws on debt service reserves reflecting financial difficulties;

(d) Unscheduled draws on credit enhancements reflecting financial difficulties;

(e) Substitution of credit or liquidity providers, or their failure to perform;

(f) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other events affecting the tax status of the Bonds;

(g) Modifications to rights of bondholders, if material;

(h) Bond calls, if material, and tender offers;

(i) Defeasances;

(j) Release, substitution or sale of property securing repayment of the Bonds, if material;

(k) Rating changes;

(l) Bankruptcy, insolvency, receivership or similar event of the obligated person[1];

(m) The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms if material;

(n) Appointment of a successor or additional trustee or the change of name of a trustee, if material;

(o) Incurrence of a Financial Obligation of the obligated person, if material, or an agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the obligated person, any of which affect security holders, if material; and

(p) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of an obligated person, any of which reflect financial difficulties.

SECTION 6. Format; Identifying Information. All documents provided to the MSRB pursuant to this Disclosure Certificate shall be in the format prescribed by the MSRB and accompanied by identifying information as prescribed by the MSRB.

As of the date of this Disclosure Certificate, all documents submitted to the MSRB must be in portable document format (PDF) files configured to permit documents to be saved, viewed, printed and retransmitted by electronic means. In addition, such PDF files must be word-searchable,

[1] [1] For the purposes of the event identified in subparagraph (b)(5)(i)(C)(12), the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governing body and official or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

provided that diagrams, images and other non-textual elements are not required to be word-searchable.

SECTION 7. Termination of Reporting Obligation. The Issuer's obligations under this Disclosure Certificate shall terminate upon the earliest of: (i) the date of legal defeasance, prior redemption or payment in full of all of the Bonds; (ii) the date that the Issuer shall no longer constitute an "obligated person" within the meaning of the Rule; or (iii) the date on which those portions of the Rule which require this written undertaking are held to be invalid by a court of competent jurisdiction in a non-appealable action, have been repealed retroactively or otherwise do not apply to the Bonds.

SECTION 8. Dissemination Agent. The Issuer may, from time to time, appoint or engage a Dissemination Agent to assist the Issuer in carrying out its obligations under this Disclosure Certificate, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent.

SECTION 9. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the Issuer may amend this Disclosure Certificate, and may waive any provision of this Disclosure Certificate, without the consent of the holders and beneficial owners of the Bonds, if such amendment or waiver does not, in and of itself, cause the undertakings herein (or action of any Participating Underwriter in reliance on the undertakings herein) to violate the Rule, but taking into account any subsequent change in or official interpretation of the Rule. The Issuer will provide notice of such amendment or waiver to the MSRB.

SECTION 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Material Event, in addition to that which is required by this Disclosure Certificate. If the Issuer chooses to include any information in any Annual Report or notice of occurrence of a Material Event in addition to that which is specifically required by this Disclosure Certificate, the Issuer shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Material Event.

SECTION 11. Default. In the event of a failure of the Issuer to comply with any provision of this Disclosure Certificate, any holder or beneficial owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Issuer to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an event of default under the Resolution, and the sole remedy under this Disclosure Certificate in the event of any failure of the Issuer to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 12. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the Issuer, the Dissemination Agent, the Participating Underwriter, and the holders and beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity.

GENERAL AND NO-LITIGATION CERTIFICATE AND RECEIPT

IT IS HEREBY CERTIFIED by the undersigned, the chosen and qualified Chair of the Board of Fire Commissioners (the "Chair") and ex officio Chair of the Board of County Commissioners of Washoe County, District Fire Chief (the "Fire Chief"), District Chief Fiscal Officer (the "Chief Fiscal Officer") the District Treasurer, ex officio Treasurer of Washoe County (the "Treasurer"), the District Secretary, ex officio Clerk of Washoe County (the "Secretary") and, with respect to paragraphs 11 and 12 only, the Legal Counsel to the Truckee Meadows Fire Protection District (the "District"), in the State of Nevada (the "State"):

1. The District was duly incorporated, reorganized and is operating as a fire protection district, a body corporate and politic and a political subdivision of the State under the provisions of Nevada Revised Statutes ("NRS") 474.460 to 474.540, inclusive (the "Act").

2. The official name of the District is the "Truckee Meadows Fire Protection District."

3. During the course of the proceedings for the issuance of the Bonds (as defined below), up to and including the date of this certificate, the following have been or now are the duly chosen, qualified and acting de jure or de facto officers and members of the Board of Fire Commissioners of the District (the "Board") and other officers of the District:

Chair, ex officio Chair of the Board of County Commissioners of Washoe County:	Bob Lucey
Vice Chair:	Vaughn Hartung
Commissioners:	Kitty Jung
	Alexis Hill
	Jeanne Herman
Fire Chief:	Charles A. Moore
Chief Fiscal Officer	Cynthia Vance
Treasurer, ex officio Treasurer Of Washoe County:	Tammi Davis
Secretary, ex officio Clerk of Washoe County:	Jan Galassini
Legal Counsel to the District:	Mary Kandaras

and each of the foregoing officers, if legally required, has duly filed his or her oath of office; and each of them legally required to give Bonds or undertaking has given or filed such Bonds or undertaking in form and amount as required by law, and has otherwise duly qualified.

4. The last (final) assessed valuation of the taxable property in the District for the year 2021-2022, as shown by the last preceding tax list or assessment roll, i.e., the total assessed valuation of the taxable property of the District, was and is the sum of $4,869,111,888.

5. The total indebtedness of the District, excluding obligations payable solely from unexhausted and unencumbered appropriations in the budget for the current fiscal year, except for encumbrances thereon to secure the payment of such obligations, but including its Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021, issued in the aggregate principal amount of $7,000,000 (the "Bond"), and including any general obligations becoming due under any leases, installment purchase contracts, and other agreements terminating after the current fiscal year, does not exceed the amount listed as general obligation indebtedness attached hereto as Exhibit A.

6. The District has outstanding no other obligations that might be held to constitute an "indebtedness" or a "debt," general obligations or special obligations of the District, except for obligations (general or special) payable in the current fiscal year out of moneys budgeted and appropriated therefor.

7. The total levy for all public purposes, including levies for Bonds, within the State or any subdivision thereof, for all the area within the District does not now exceed, and has not exceeded, $.05 on $1.00 of the assessed valuation, and does not now exceed $3.64 on each $100.00 of assessed valuation (excluding $0.02 on each $100.00 of assessed valuation which is excluded for purposes of calculating the $3.64 limitation on each $100.00 of assessed valuation).

8. The proceeds of the Bonds will be used for the purpose of financing the cost of acquiring properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property therefor (the "Project").

9. The Bonds are authorized to be issued pursuant to a resolution which was duly adopted by the Board on June 1, 2021 (the "Bond Resolution"); the Act; NRS 350.020; NRS 350.500

through 350.720, and all laws amendatory thereof, cited in NRS 350.500 thereof as the Local Government Securities Law (the "Bonds Act"), and NRS Sections 360.600 to 360.740, inclusive (the "Consolidated Tax Act").

10. The Bonds are payable, in whole or in part, from or secured, in whole or in part, by the proceeds of any of the Pledged Revenues (as such term is defined in the Bond Resolution).

11. No litigation of any nature is now pending or threatened insofar as is known to the undersigned (either in State or Federal courts):

(a) Affecting the corporate existence of the District or the titles of its members or officers to their respective offices;

(b) Seeking to restrain or enjoin the issuance, sale, execution or delivery of the Bonds, or any portion thereof, or the levying and collection of general (ad valorem) taxes ("General Taxes") to pay the principal of and the interest on the Bonds, if necessary, or the application of any revenues or funds of the District, including the Pledged Revenues (as defined in the Bonds Resolution), to the payment of principal of or interest on the Bonds (such principal and interest on the Bonds being herein the "Bonds Requirements"), or the use of the proceeds of the Bonds for the Project as authorized by the Bond Resolution, or affecting in any way the right or authority of the District to pay the Bonds Requirements of the Bonds, or otherwise to carry out the terms and provisions of the Bond Resolution or otherwise concerning the Bonds; or

(c) In any manner questioning, contesting or otherwise affecting the authority or proceedings for the issuance, sale, execution or delivery of the Bonds, or questioning, contesting or otherwise affecting, directly or indirectly, the validity thereof, or the sale of the Bonds to Robert W. Baird & Co., Inc., as the initial purchaser of the Bonds (the "Purchaser"), or of any provisions made or authorized for the payment of the Bonds; or

(d) In any manner questioning, contesting or otherwise affecting the power of the District acting by and through the Board, or otherwise, to effect the Project, as provided in the Bond Resolution, or otherwise.

12. None of the corporate existence, the boundaries of the District, or the title of its present officers or any of them to their respective offices is being contested, including, without limitation, the members and officers of the Board, and no proceedings or authority for the issuance, sale, execution or delivery of the Bonds has been repealed, rescinded, revoked, modified, changed or altered in any manner.

13. All meetings of the Board pertaining to the Bonds, the Project, the General Taxes, and the Pledged Revenues have been open to the public at all times and otherwise conducted in accordance with Nevada's open meeting law, NRS Chapter 241 and the Declaration of Emergency Directive 006 of the Nevada Governor dated March 22, 2020, as extended ("Directive 006").

14. Subsequent to the authorization to issue the Bonds by the Bond Resolution, the District, acting by or through the Board, or otherwise, has not repealed, amended or otherwise modified the provisions of the Bond Resolution.

15. To the best of our knowledge none of the Chair, any other member of the Board, or any other officer, employee or agent of the Board or the District, is interested (except in the performance of such officer's official rights, privileges, powers and duties) directly or indirectly in the profits of any contract, job for work or services to be performed and pertaining to the issuance of the Bonds or to the Project.

16. The Reno Gazette Journal is a qualified newspaper under the provisions of NRS 238.020 and 238.030, printed and published, and of general circulation in the District.

17. No referendum petition concerning any of the resolutions or other proceedings concerning the Bonds, the General Taxes, the Pledged Revenues or the Project has been filed; and to the best of our knowledge, none is being circulated or planned for circulation.

18. There is no reason within our knowledge why the District may not deliver the Bonds in the aggregate principal amount of $7,000,000.

19. The effective interest rate on the Bonds does not exceed by more than 3% the "Index of Twenty Bonds," which was most recently published in The Bond Buyer before a negotiated offer was accepted for the Bonds and is attached hereto as Exhibit B.

20. On or before July 28, 2021, the Chair, the Treasurer and the Secretary filed their facsimile signatures with the Secretary of State of the State of Nevada, and herein authorize the use of their facsimile signatures on the Bonds as if they had manually signed the Bonds on behalf of the District. A copy of the Affidavits of Filing of Certified Signatures with the Secretary of State are attached hereto as Exhibit C. The undersigned Secretary hereby authorizes the use of the facsimile seal of the District on the Bonds as if the Secretary had manually affixed the seal of the District thereon.

21. On July 28, 2021, the undersigned Treasurer caused the Bonds to be delivered to the Purchaser, being in all respects as authorized by the proceedings pertaining to the Bonds, including the Bond Resolution authorizing their issuance.

22. On July 28, 2021, the District received from the Purchaser, in full payment for the Bonds in accordance with the Bond Resolution, the full purchase price, computed as follows:

Principal:	$7,000,000.00
Plus Original Issue Premium:	441,981.60
Less Underwriter's Discount:	(95,593.75)
Less Bond Insurance Premium:	(22,800.00)
Less Good Faith Deposit:	(70,000.00)
Net Paid on Delivery:	$7,253,587.85

23. It is hereby certified by the undersigned, the Chair, the Fire Chief, the Chief Fiscal Officer and Legal Counsel for the District, after reasonable investigation to the best of their knowledge:

a. no action, suit, proceedings, inquiry, or investigation, at law or in equity, before or by any court, public board, or body, is pending, or, to the best of the knowledge of each of them, threatened, in any way contesting the completeness or accuracy of the Final Official Statement (i.e., the preliminary official statement dated June 18, 2021 and by the final official statement dated July 7, 2021);

b. the Final Official Statement as it pertains to the District and the Bonds does not contain any untrue statement of a material fact or omit to state any material fact necessary

to make the statements made therein, in the light of the circumstances under which they were made, not misleading; and

c. no event affecting the District has occurred since the date of the Final Official Statement which should be disclosed therein for the purpose for which it is to be used or which it is necessary to disclose therein in order to make the statements and information therein not misleading in any respect; provided, however, that the District does not make any representations concerning pricing information contained in the Final Official Statement.

24. The undersigned Chief Fiscal Officer hereby certifies that after reasonable investigation, to the best of such officer's knowledge, as of the date of the Final Official Statement and on the date hereof, the information contained in the Final Official Statement relating to revenues and expenditures of the District is true and correct and does not contain any untrue statement of a material fact or omit any information necessary to be included therein in order that the Final Official Statement be not misleading for the purpose for which it is to be used.

25. This Certificate is for the benefit of the registered owners from time to time of the Bonds.

The 30-day visible supply is compiled daily from The Bond Buyer's Competitive and Negotiated Bond and Note Offerings calendars. It reflects the dollar volume of bonds expected to reach the market in the next 30 days. Issues maturing in 13 months or more are included. The 30-day visible supply of competitive bonds has been reported since 1927, while the negotiated supply has been reported since 1971.

CERTIFICATE OF REGISTRAR AND PAYING AGENT

The undersigned officer of Zions Bancorporation, National Association (the "Bank") certifies that I am an officer of the Bank and am authorized to act on behalf of the Bank as herein recited and:

1. The Bank has full authority under the laws of the State of Nevada to act as Registrar and Paying Agent for the Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021 in the aggregate principal amount of $7,000,000 (the "Bonds") pursuant to a Resolution adopted by the Board of Fire Commissioners of Truckee Meadows Fire Protection District, Nevada (the "District") on June 1, 2021 (the "Resolution"); and the Bank has accepted and does hereby accept all the duties and responsibilities of Registrar and Paying Agent under the Resolution.

2. The Bonds in the aggregate principal amount of $7,000,000, registered in the name of Cede & Co., and being in the denominations and maturing and bearing interest as provided in the Resolution, have been duly completed in all respects and have been duly and manually authenticated by an authorized officer or employee of the Bank. After such authentication the Bonds were held in our custody pursuant to The Depository Trust Company's FAST procedures and on the direction of the District, the issuer of the Bonds.

DATED July 28, 2021.

PAYING AGENT AND REGISTRAR AGREEMENT

THIS PAYING AGENT AND REGISTRAR AGREEMENT dated as of July 28, 2021 (the "Agreement") is by and between Truckee Meadows Fire Protection District, Nevada (the "Issuer"), and Zions Bancorporation, National Association (the "Bank").

RECITALS OF THE ISSUER

The governing body of the Issuer adopted a resolution on June 1, 2021 (the "Resolution") authorizing and providing for the issuance of its Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021 in the aggregate principal amount of $7,000,000 (the "Bonds"), such Bonds to be issued in fully registered form, without coupons.

The Issuer has delivered a true and correct copy of the Resolution to the Bank;

The Bonds are scheduled to be delivered to the initial purchaser of the Bonds on or about July 28, 2021;

All things necessary to make the Bonds the valid obligations of the Issuer, in accordance with their terms, will be taken upon the issuance and delivery thereof;

The Issuer has requested that the Bank serve as Paying Agent of the Issuer in paying the principal, premium (if any) and interest on the Bonds in accordance with the terms thereof and that the Bank act as Registrar for the Bonds; and

The Issuer has duly authorized the execution and delivery of this Agreement; and all things necessary to make this Agreement the valid and binding agreement of the Issuer, in accordance with its terms, have been done.

NOW, THEREFORE, it is mutually agreed as follows:

ARTICLE ONE

APPOINTMENT OF BANK AS PAYING AGENT AND REGISTRAR

Section 1.01. Appointment.

The Issuer hereby appoints the Bank to serve as Paying Agent with respect to the Bonds. As Paying Agent for the Bonds, the Bank shall be responsible for paying on behalf of the Issuer the principal, premium (if any), and interest on the Bonds as the same become due and payable to the registered owners thereof, pursuant to the terms of this Agreement and the Resolution.

The Issuer hereby appoints the Bank as Registrar with respect to the Bonds. As Registrar, the Bank shall keep and maintain for and on behalf of the Issuer books and records

as to the ownership of the Bonds and the transfer and exchange thereof pursuant to the terms of this Agreement and the Resolution.

The Bank hereby accepts such appointments and agrees to serve as the Paying Agent and Registrar for the Bonds.

Section 1.02. Compensation.

As compensation for the Bank's services as Paying Agent/Registrar, the Issuer agrees to pay the Bank the fees and amounts set forth in Schedule A attached hereto for the first year of this Agreement and, thereafter, in accordance with the Bank's fee schedule in effect when such services are performed. In addition, the Issuer agrees to reimburse the Bank for all reasonable expenses, disbursements and advances incurred or made by the Bank in connection with this Agreement (including the reasonable compensation and the expenses and disbursements of its agents and counsel).

ARTICLE TWO

DEFINITIONS

Section 2.01. Definitions.

For all purposes of this Agreement, except as otherwise expressly provided or unless the context otherwise requires:

"Acceleration Date" on any Bond means the date on and after which the principal or any or all installments of interest, or both, are due and payable on any Bond which has become accelerated pursuant to the terms of the Bond.

"Bank Office" means the corporate trust office of the Bank as indicated on the signature page hereof. The Bank will notify the Issuer in writing of any change in location of the Bank Office.

"Bond Register" means a register maintained by the Bank on behalf of the Issuer providing for the registration and transfer of the Bonds.

"Holder" and Bondholder" each means the Person in whose name a Bond is registered in the Bond Register.

"Interest Payment Date" means each June 1, and December 1 commencing December 1, 2021.

"Person" means any individual, corporation, partnership, joint venture, association, joint stock company, trust, unincorporated organization or government or any agency or political subdivision of a government.

"Predecessor Bonds" of any particular Bond means every previous Bond evidencing all or a portion of the same obligation as that evidenced by such particular Bond (and, for the purposes of this definition, any mutilated, lost, destroyed, or stolen Bond for which a replacement Bond has been registered and delivered in lieu thereof pursuant to Section 4.06 hereof and the Resolution).

"Record Date" when used with respect to a Bond means the 15th day of the calendar month next preceding each Interest Payment Date.

"Redemption Date" when used with respect to any Bond to be redeemed means the date fixed for such redemption pursuant to the terms of the Resolution.

"Stated Maturity" means the date specified in the Resolution the principal of a Bond is scheduled to be due and payable.

Section 2.02. Other Definitions.

The terms "Bank," "Issuer," and "Bonds (Bond)" have the meanings assigned to them in the recital paragraphs of this Agreement.

The term "Paying Agent/Registrar" refers to the Bank in the performance of the duties and functions of this Agreement.

ARTICLE THREE

PAYING AGENT

Section 3.01. Duties of Paying Agent.

As Paying Agent, the Bank shall, provided adequate collected funds have been provided to it for such purpose by or on behalf of the Issuer, pay on behalf of the Issuer the principal of and premium (if any), on each Bond at its Stated Maturity, Redemption Date, or Acceleration Date, to the Holder upon surrender of the Bond to the Bank at the Bank Office.

As Paying Agent, the Bank shall, provided adequate collected funds have been provided to it for such purpose by or on behalf of the Issuer, pay on behalf of the Issuer the interest on each Bond when due, by computing the amount of interest to be paid each Holder and preparing and sending payment on each Interest Payment Date, to the Holders of the Bonds (or their Predecessor Bonds) on the respective Record Date, to the address appearing on the Bond Register or by such other method, acceptable to the Bank, requested in writing by the Holder at the Holder's risk and expense.

If the Bonds are subject to redemption prior to their stated maturity date(s), the Bank as Paying Agent shall be governed by the redemption provisions set forth on the Resolution. The Bank as Paying Agent shall not be required to transfer any Bond, or portion thereof, that has been called for redemption. Payment of the principal amount (including premium, if any)

of any Bond, or portion thereof, called for redemption shall be made by wire or by check, only upon presentation of the Bond at the designated corporate trust office of the Bank as Paying Agent on or after the Redemption Date. Where the entire principal amount of the Bond has not been called for redemption, a new Bond in the amount of the unredeemed portion will be issued to the registered Bondholder or its assignee. Whether or not promptly submitted for redemption, interest on any Bond, or portion thereof, called for redemption shall cease to accrue on and after the Redemption Date provided that sufficient moneys therefor are on deposit with the Bank as Paying Agent. The Bank shall send any required notices of redemption electronically as long as Cede & Co. or a nominee or a successor depository is the registered owner of the Bonds, and otherwise by first class, postage prepaid mail, at least 20 days but not more than 60 days prior to the Redemption Date to the registered owner of any Bond (initially Cede & Co.) all or a part of which is called for prior redemption at his or her address as it last appears on the registration records kept by the Paying Agent and simultaneously post the redemption notice to the Municipal Securities Rulemaking Board ("MSRB") via its Electronic Municipal Market Access system.

Section 3.02. Payment Dates.

The Issuer hereby instructs the Bank to pay the principal of, premium (if any), and interest on the Bonds on the dates specified in the Resolution. The Issuer agrees to transfer or cause to be transferred to the Bank by no later than 3:00 p.m. Central Time on the business day immediately preceding the payment dates, immediately available funds in the amounts sufficient to pay principal, premium, and/or interest when due.

ARTICLE FOUR

REGISTRAR

Section 4.01. Bond Register – Transfers and Exchanges.

The Bank agrees to keep and maintain for and on behalf of the Issuer at the Bank Office books and records (herein sometimes referred to as the "Bond Register") for recording the names and addresses of the Holders of the Bonds, the transfer, exchange, and replacement of the Bonds, and the payment of the principal of and interest on the Bonds to the Holders and containing such other information as may be reasonably required by the Issuer and subject to such reasonable regulations as the Issuer and the Bank may prescribe. All transfers, exchanges, and replacement of Bonds shall be noted in the Bond Register.

Every Bond surrendered to the Bank for transfer or exchange shall be duly endorsed or be accompanied by a written instrument of transfer, the signature on which has been guaranteed by an officer of a federal or state bank or a member of the National Association of Bonds Dealers, in form satisfactory to the Bank, duly executed by the Holder thereof or his agent duly authorized in writing. The Bank may request any supporting documentation it feels necessary to effect a registration, transfer or exchange of the Bonds. To the extent possible and under reasonable circumstances, the Bank agrees that, in connection with an exchange or transfer of Bonds, the exchange or transfer will be completed and new Bonds

delivered to the Holder or the assignee of the Holder in not more than three business days after the receipt of the Bonds to be canceled in an exchange or transfer and the written instrument of transfer or request for exchange duly executed by the Holder, or his duly authorized agent, in form and manner satisfactory to the Paying Agent/Registrar.

Section 4.02. Bonds.

At any time when the Bonds are not subject to a book-entry-only system of registration and transfer, the Issuer shall provide an adequate inventory of printed Bonds to facilitate transfers or exchanges thereof. The Bank covenants that the inventory of printed Bonds will be kept in safekeeping pending their use, and reasonable care will be exercised by the Bank in maintaining such Bonds in safekeeping.

Section 4.03. Form of Bond Register.

The Bank as Registrar will maintain the Bond Register in accordance with the Bank's general practices and procedures in effect from time to time. The Bank shall not be obligated to maintain the Bond Register in any form other than those currently available and used by the Bank at the time. The Bond Register may be maintained in written form or in any other form capable of being converted into written form within a reasonable time.

Section 4.04. List of Bondholders.

The Bank will provide a copy of the information contained in the Bond Register to the Issuer upon request and upon payment of any applicable fee. The Issuer may also inspect the information contained in the Bond Register at any time the Bank is customarily open for business, provided that reasonable time is allowed the Bank to provide an up-to-date listing or to convert the information into written form. The Bank will not release or disclose the contents of the Bond Register to any person other than to, or at the written request of, an authorized officer or employee of the Issuer, except upon receipt of a subpoena, court order or as otherwise required by law. Upon receipt of a subpoena or court order or other request and prior to the release or disclosure of the contents of the Bond Register, the Bank will, unless prohibited by law from doing so, notify the Issuer so that the Issuer may contest the subpoena or court order or other request or such release or disclosure of the contents of the Bond Register.

Section 4.05. Canceled Bonds.

The Bank will, at such intervals as it determines, cancel and destroy, pursuant to the Securities Exchange Act of 1934, all Bonds in lieu of which or in exchange for which other Bonds have been issued, or which have been paid. The Paying Agent shall retain and destroy canceled and matured Bonds upon expiration of the appropriate retention period.

Section 4.06. Mutilated, Destroyed, Lost or Stolen Bonds.

The Issuer hereby instructs the Bank, subject to the applicable provisions of the Resolution, to deliver and issue Bonds in exchange for or in lieu of mutilated, destroyed, lost or stolen Bonds as long as the same does not result in an over-issuance. In case any Bond shall be mutilated, destroyed, lost, or stolen, the Bank, in its discretion, may execute and deliver a replacement Bond of like form and tenor, and in the same denomination and bearing a number not contemporaneously outstanding, in exchange and in substitution for such mutilated Bond, or in lieu of and in substitution for such destroyed, lost or stolen Bond, only after (i) the filing by the Holder thereof with the Bank of evidence satisfactory to the Bank of the destruction, loss or theft of such Bond and of the authenticity of the ownership thereof and (ii) the furnishing to the Bank of indemnification in an amount satisfactory to hold the Issuer and the Bank harmless. All expenses and charges associated with such indemnity and with the preparation, execution and delivery of a replacement Bond shall be borne by the Holder of the Bond mutilated, destroyed, lost or stolen.

Section 4.07. Transaction Information to Issuer.

The Bank will, within a reasonable time after receipt of written request from the Issuer, furnish the Issuer information as to the Bonds it has paid pursuant to Section 3.01, Bonds it has delivered upon the transfer or exchange of any Bonds pursuant to Section 4.01, and Bonds it has delivered in exchange for or in lieu of mutilated, destroyed, lost or stolen Bonds pursuant to Section 4.06.

ARTICLE FIVE

THE BANK

Section 5.01. Duties of Paying Agent.

The Bank undertakes to perform the duties set forth herein and agrees to use reasonable care in the performance thereof.

The Bank is also authorized to transfer funds relating to the closing and initial delivery of the securities in the manner disclosed in the closing memorandum approved by the Issuer as prepared by the Issuer's municipal advisor or other agent. The Bank may act on a facsimile transmission of the closing memorandum to be followed by an original of the closing memorandum signed by the municipal advisor or the Issuer. Notwithstanding any other provision contained herein, the Bank is acting solely as agent of the Issuer and does not assume any obligation or relationship with any Holder.

Section 5.02. Reliance on Documents, Etc.

(a) The Bank shall have no liability or responsibility for any statement made by the Issuer or any other person in connection with the issuance of the Bonds, or for the use or application of any money received by the Issuer in connection with the Bonds.

(b) The Bank may rely upon any instructions provided to it by the Issuer, or upon any advice or instructions provided to it by bond counsel or its own counsel (including its own in-house counsel), in connection with its duties and shall not be liable for any action taken or omitted to be taken by it in good faith in accordance with such instructions or advice. The Bank shall be entitled to rely upon and shall be protected in acting upon any notice, request, consent, certificate, order, affidavit, or other paper or document believed by it to be genuine and correct and to have been signed or sent by the proper person or persons. The Bank agrees to accept and act upon instructions or directions pursuant to this Agreement sent by unsecured e-mail, facsimile transmission or other similar unsecured electronic methods; provided, however, that the Bank shall have received an incumbency certificate listing persons designated to give such instructions or directions containing specimen signatures of such designated persons, which such incumbency certificate shall be amended and replaced whenever a person is to be added or deleted from the listing. If the Issuer elects to give the Bank e-mail or facsimile instructions (or instructions by a similar electronic method) and the Bank in its discretion elects to act upon such instructions, the Bank's understanding of such instructions shall be deemed controlling. The Bank shall not be liable for any losses, costs or expenses arising directly or indirectly from the Bank's reliance upon the compliance with such instructions notwithstanding such instructions conflict or are inconsistent with a subsequent written instruction. The Issuer agrees to assume all risks arising out of the use of such electronic methods to submit instructions and directions to the Bank, including, without limitation, the risk of the Bank acting on unauthorized instructions, and the risk of interception and misuse by third parties.

(c) No provision of this Agreement shall require the Bank to expend or risk its own funds or otherwise incur any financial liability for performance of any of its duties hereunder, or in the exercise of any of its rights or powers, if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity satisfactory to it against such risks or liability is not assured to it.

(d) The Bank may consult with counsel, and the written advice of such counsel or any opinion of counsel shall be full and complete authorization and protection with respect to any action taken, suffered, or omitted by it hereunder in good faith and in reliance thereon.

(e) The Bank may exercise any of the powers hereunder and perform any duties hereunder either directly or by or through agents or attorneys of the Bank.

(f) The Bank shall have no duties or responsibilities whatsoever except such duties and responsibilities as are specifically set forth in this Agreement, and no covenant or obligation shall be implied in this Agreement against the Bank.

(g) The Bank shall use its best efforts to perform its obligations hereunder, including the timely taking of action as required hereunder, provided, however, that the Bank shall not be liable for its failure to meet such deadlines, except such failure as shall result from its negligence or willful misconduct.

(h) The Bank shall not be liable for any loss or damage, including reasonable counsel fees and expenses, resulting from its actions or omissions to act hereunder, except for any loss or damage arising out of its own negligence or willful misconduct. IN NO EVENT SHALL THE BANK BE LIABLE FOR SPECIAL, INDIRECT OR CONSEQUENTIAL LOSS OR DAMAGE OF ANY KIND WHATSOEVER (INCLUDING BUT NOT LIMITED TO LOST PROFITS), EVEN IF THE BANK HAS BEEN ADVISED OF THE LIKELIHOOD OF SUCH LOSS OR DAMAGE AND REGARDLESS OF THE FORM OF ACTION.

Section 5.03. Recitals of Issuer.

The recitals contained herein with respect to the Issuer and the recitals in the Bonds shall be taken as the statements of the Issuer, and the Bank assumes no responsibility for their correctness. The Bank shall in no event be liable to the Issuer, any Holder or Holders of any Bond, or any other Person for any amount due on any Bond from its own funds.

Section 5.04. May Hold Bonds.

The Bank, in its individual or any other capacity, may become the owner or pledgee of Bonds and may otherwise deal with the Issuer with the same rights it would have if it were not the Paying Agent/Registrar, or any other agent.

Section 5.05. Moneys Held by Bank.

The Bank shall be under no duty or obligation to invest any funds deposited with it by the Issuer and will not be required to pay any interest on such funds. Any unclaimed funds held by the Bank will be escheated in accordance with applicable law.

Section 5.06. Indemnification.

To the extent allowed by law, the Issuer agrees to indemnify the Bank (including its directors, officers and employees) for, and hold it harmless against, any loss, liability or expense incurred without negligence or bad faith on its part arising out of or in connection with its acceptance or administration of its duties hereunder, including the reasonable cost and expense (including its reasonable counsel fees) of defending itself against any claim or liability in connection with the exercise or performance of any of its powers or duties under this Agreement. The foregoing indemnities in this paragraph shall survive the resignation or removal of the Paying Agent/Registrar and the termination of this Agreement.

Section 5.07. Interpleader.

The Issuer and the Bank agree that the Bank may seek adjudication of any adverse claim, demand or controversy over its person as well as funds on deposit, in either a Federal or State District Court located in the State and County where either the Bank Office or the administrative offices of the Issuer are located, and agree that service of process by certified or registered mail, return receipt requested, to the address referred to in Section 6.03 of this

Agreement shall constitute adequate service. The Issuer and the Bank further agree that the Bank has the right to interplead all of the assets held hereunder into a court of competent jurisdiction to determine the rights of any Person claiming any interest herein.

Section 5.08. Depository Trust Company Services.

In the event the Bonds are otherwise qualified and accepted for "Depository Trust Company" services or equivalent depository trust services by other organizations, the Bank has the capability and, to the extent within its control, will comply with the "Operational Arrangements," effective from time to time, which establish requirements for bonds to be eligible for such type depository trust services, including, but not limited to, requirements for the timeliness of payments and funds availability, transfer turnaround time, and notification of redemptions and calls.

Section 5.09. Tax Reporting.

To the extent required by the Internal Revenue Code of 1986, as amended, and the regulations promulgated and pertaining thereto, it shall be the duty of the Bank, on behalf of the Issuer, to report to the Holders and the Internal Revenue Service (i) the amount of "reportable payments," if any, subject to backup withholding during each year and the amount of tax withheld, if any, with respect to payments of the Bonds and (ii) the amount of interest or amount treated as interest on the Bonds and required to be included in gross income of the Holder.

ARTICLE SIX

MISCELLANEOUS PROVISIONS

Section 6.01. Amendment.

This Agreement may be amended only by an agreement in writing signed by both of the parties hereto.

Section 6.02. Assignment.

This Agreement may not be assigned by either party without the prior written consent of the other party.

Section 6.03. Notices.

Any request, demand, authorization, direction, notice, consent, waiver or other document provided or permitted hereby to be given or furnished to the Issuer or the Bank

shall be mailed or delivered to the Issuer or the Bank, respectively, at the addresses shown on the signature page of this Agreement.

Section 6.04. Headings.

The Article and Section headings herein are for convenience only and shall not affect the construction hereof.

Section 6.05. Successors and Assigns.

All covenants and agreements herein by the Issuer shall bind its successors and assigns. Any corporation or association into which the Bank may be converted or merged, or with which it may be consolidated, or to which it may sell or transfer its trust business and assets as a whole, or any corporation or association resulting from any such conversion, sale, merger, consolidation or transfer to which it is a party, shall be and become successor Paying Agent/Registrar hereunder and vested with all of the powers, discretions, immunities, privileges and all other matters as was its predecessor, without the execution or filing of any instrument or any further act, deed or conveyance on the part of any of the parties hereto, anything herein to the contrary notwithstanding.

Section 6.06. Severability.

In case any provision herein shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

Section 6.07. Benefits of Agreement.

Nothing herein, express of implied, shall give to any Person, other than the parties hereto and their successors hereunder, any benefit or any legal or equitable right, remedy or claim hereunder.

Section 6.08. Entire Agreement.

This Agreement and the Resolution constitute the entire agreement between the parties hereto relative to the Bank acting as Paying Agent/Registrar and if any conflict exists between this Agreement and the Resolution, the Resolution shall govern.

Section 6.09. Counterparts.

This Agreement may be executed in any number of counterparts, each of which shall be deemed an original and all of which shall constitute one and the same Agreement.

Section 6.10. Electronic Signatures.

In accordance with Nevada Revised Statutes Chapter 719 (the Uniform Electronic Transactions Act), this Agreement may be executed by the County and/or the Paying Agent/Registrar utilizing electronic signatures, including, without limitation, Adobe Sign.

Section 6.11. Termination.

This Agreement will terminate (i) on the date of final payment of the principal of and interest on the Bonds to the Holders thereof or (ii) may be earlier terminated by either party upon 60 days written notice; provided, however, an early termination of this Agreement by either party shall not be effective until (a) a successor Paying Agent/Registrar has been appointed by the Issuer and such appointment accepted and (b) notice has been given to the Holders of the Bonds of the appointment of a successor Paying Agent/Registrar. Furthermore, the Bank and Issuer agree that the effective date of an early termination of this Agreement shall not occur at any time which would disrupt, delay or otherwise adversely affect the payment of the Bonds.

Upon an early termination of this Agreement, the Bank agrees to promptly transfer and deliver the Bond Register (or a copy thereof) together with other pertinent books and records relating to the Bonds, to the successor Paying Agent/Registrar designated and appointed by the Issuer. The provisions of Section 1.02 and Article Five shall survive and remain in full force and effect following the termination of this Agreement.

Section 6.12. Governing Law.

This Agreement shall be construed in accordance with and governed by the laws of the State of Nevada.

Section 6.13. Force Majeure.

In no event shall the Bank be liable for any failure or delay in the performance of its obligations hereunder because of circumstances beyond the Bank's control, including, but not limited to, acts of God, flood, war (whether declared or undeclared), terrorism, fire, riot, strikes or work stoppages for any reason, embargo, pandemics, government action, including any laws, Resolutions, regulations or the like which restrict or prohibit the providing of the services contemplated by this Agreement, inability to obtain material, equipment, or communications or computer facilities, or the failure of equipment or interruption of communications or computer facilities, and other causes beyond the Bank's control whether or not of the same class or kind as specifically named above.

MUNICIPAL ADVISOR COMPETITIVE SALE CERTIFICATE

The undersigned, on behalf of JNA Consulting Group, LLC (the "Municipal Advisor"), as the municipal advisor to Truckee Meadows Fire Protection District (the "District") in connection with the issuance of the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021" in the aggregate principal amount of $7,000,000 (the "Bonds") has assisted the District in soliciting and receiving bids from potential underwriters in connection with the sale of the Bonds in a competitive bidding process in which bids were requested for the purchase of the Bonds at specified written terms, and hereby certifies as set forth below with respect to the bidding process and award of the Bonds.

1. The Bonds were offered for sale at specified written terms more particularly described in the Official Notice of Sale. A copy of the final Official Notice of Sale that was distributed to potential bidders is included in the Preliminary Official Statement for the Bonds.

2. The Official Notice of Sale was disseminated to potential underwriters in a manner reasonably designed to reach potential underwriters (for example, through electronic communication that is widely circulated to potential underwriters by a recognized publisher of municipal bond offering documents or by posting on an Internet-based Web site or other electronic medium that is regularly used for such purpose and is widely available to potential underwriters).

3. To the knowledge of the Municipal Advisor, all bidders were offered an equal opportunity to bid to purchase the Bonds.

4. The District received bids from at least three bidders. Copies of the bids received are attached to this Certificate as Exhibit 1.

5. The winning bidder was Robert W. Baird & Co., Inc. (the "Underwriter"), whose bid was determined to be the best conforming bid in accordance with the terms set forth in the Official Notice of Sale (i.e., the conforming bid with the highest price or lowest interest cost), as shown in the bid comparison attached as Exhibit 2 to this Certificate. The District awarded the Bonds to the Underwriter.

6. The information set forth in Part III, lines 21(b), 21(d), and 21(e) of the IRS Form 8038-G relating to the Bonds, executed by the Chief Fiscal Officer of the District on the date hereof is correct.

7. The District and its counsel may rely on these certifications in concluding that the Bonds meet certain requirements of the Internal Revenue Code of 1986, as amended (the "Code"), relating to tax-exempt bonds; however, nothing herein represents our interpretation of any law and we are not providing any interpretations of law or regulations in executing and delivering this certificate. No other persons may rely on the representations set forth in this Certificate without the prior written consent of the Municipal Advisor. The representations set forth in this Certificate are limited to factual matters only.

Certificate of Robert W. Baird & Co., Inc.

IT IS HEREBY CERTIFIED by the undersigned on behalf of Robert W. Baird & Co., Inc. (the "Purchaser"), as representative of the underwriters for the Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021" in the aggregate principal amount of $7,000,000 (the "Bonds"):

1. We acknowledge receipt of the Bonds in the aggregate principal amount of $7,000,000 bearing interest and maturing as provided in the Bond Resolution of the Board of Fire Commissioners of the Truckee Meadows Fire Protection District, Nevada (the "Issuer") on June 1, 2021, and the instruments described therein, and such Bonds being in the denominations and registered in the name of Cede & Co., as nominee of The Depository Trust Company, as requested by us.

2. A bona fide public offering was made for all of the Bonds on the Sale Date at the Prices shown on the inside cover page of the Official Statement for the Bonds. Those Prices are the reasonably expected initial offering Prices of each maturity of the Bonds to the Public which were used by the Purchaser in formulating its bid to purchase the Bonds. For purposes of Paragraphs 2, 3 and 4, the following defined terms shall have the meanings assigned thereto as set forth below.

"Public" means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a Related Party. The term "Related Party" for purposes of this certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

"Sale Date" means the date the Purchaser's bid for the Bonds was accepted on behalf of the Issuer.

"Underwriter" means (i) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

If a yield is shown on the inside cover page of the Official Statement for any maturity, "Price" herein means the dollar price that produces that yield.

3. The Purchaser was not given the opportunity to review other bids prior to submitting its bid.

4. The bid submitted by the Purchaser constituted a firm bid to purchase the Bonds.

5. We have calculated that the present value of the premium paid to Build America Mutual Assurance Company in the amount of $22,800.00 to obtain the insurance policy guaranteeing the payment of principal and interest on the Bonds (the "Insurance Policy") is less than the present value of the interest reasonably expected to be saved as a result of having the Insurance Policy, using the yield of the Bonds as the discount factor for this purpose. The fees paid to obtain the Insurance Policy were determined in arm's-length negotiations and in our judgment such fees represent a reasonable arm's-length charge for the transfer of credit risk.

6. The Issuer and its counsel may rely on these certifications in concluding that the Bonds meet certain requirements of the Internal Revenue Code of 1986 as amended (the "Code"), relating to tax-exempt bonds; however, nothing herein represents our interpretation of any law and we are not providing any interpretations of law or regulations in executing and delivering this certificate.

REVENUE CERTIFICATE

WHEREAS, the Board of Fire Commissioners (the "Board") of Truckee Meadows Fire Protection District, Nevada (the "District") has authorized the issuance by the District of its Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021 in the aggregate principal amount of $7,000,000 (the "Bonds").

NOW, THEREFORE, THE UNDERSIGNED DOES CERTIFY AS FOLLOWS:

1. I have reviewed the pertinent provisions of the Resolution adopted by the Board on June 1, 2021 (the "Bond Resolution") authorizing the issuance of the Bonds. Capitalized terms, unless otherwise defined herein, have the meanings ascribed to them in the Bond Resolution.

2. The Pledged Revenues derived in the Fiscal Year immediately preceding July 28, 2021, the date of issuance of the Bonds (i.e., Fiscal Year 2020-2021), are at least sufficient to pay an amount equal to the combined maximum annual principal and interest requirements (to be paid during any one Bond Year, commencing with the Bond Year in which the Bonds are issued and ending on the last Bond Year in which any Outstanding Bonds mature) of the Outstanding Bonds and any other Outstanding Superior or Parity Securities of the District (excluding the reserves therefor). Evidence of compliance is attached hereto as Exhibit A.

3. There has been no adjustment of revenues pursuant to sections 803(C) of the bond resolution authorizing the issuance of any Outstanding Parity Securities (the "Outstanding Bond Resolution"). As of the date hereof, there are no Outstanding Superior Securities.

4. The District has not defaulted in making any payments required by Sections 604, 606 or 607 of the Outstanding Bond Resolution, and at the time of the execution of this instrument the District is not in default in making such payments.

5. The limitations in sections 803 of the Outstanding Bond Resolution will not be contravened by the issuance of the Bonds, and the proposed additional securities, i.e., the Bonds, are being issued in strict compliance with the provisions of the Outstanding Bond Resolution.

6. There is no reason why the District may not deliver the Bonds in the aggregate principal amount of $7,000,000 as provided in the Bond Resolution.

7. This certificate is for the benefit of each owner of the Bonds.

IN WITNESS WHEREOF, I have hereunto set my hand on July 28, 2021.

The Depository Trust Company

A subsidiary of the Depository Trust & Clearing Corporation

BLANKET ISSUER LETTER OF REPRESENTATIONS

(To be completed by Issuer and Co-Issuer(s), if applicable)

Truckee Meadows Fire Protection District, Nevada

(Name of Issuer and Co-Issuer(s), if applicable)

07/19/2021

(Date)

The Depository Trust Company
18301 Bermuda Green Drive
Tampa, FL 33647
Attention: Underwriting Department

Ladies and Gentlemen:

This letter sets forth our understanding with respect to all issues (the "Securities") that Issuer shall request to be made eligible for deposit by The Depository Trust Company ("DTC").

Issuer is: **(Note: Issuer shall represent one and cross out the other.)**

[incorporated in] [formed under the laws of] the State of Nevada.

To induce DTC to accept the Securities as eligible for deposit at DTC, and to act in accordance with DTC's Rules with respect to the Securities, Issuer represents to DTC that issuer will comply with the requirements stated in DTC's Operational Arrangements, as they may be amended from time to time.

Very truly yours,

Note:
Schedule A contains statements that DTC believes accurately describe DTC, the method of effecting book-entry transfers of securities distributed through DTC, and certain related matters.

SCHEDULE A
(To Blanket Issuer Letter of Representations)

SAMPLE OFFERING DOCUMENT LANGUAGE DESCRIBING BOOK-ENTRY-ONLY ISSUANCE

(Prepared by DTC--bracketed material may be applicable only to certain issues)

1. The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for [each issue of] the Securities, [each] in the aggregate principal amount of such issue, and will be deposited with DTC. [If, however, the aggregate principal amount of [any] issue exceeds $500 million, one certificate will be issued with respect to each $500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.]

2. DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at **www.dtcc.com**.

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC 's records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. [Beneficial Owners of Securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities m ay wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.]

[6. Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.]

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from Issuer or Agent, on payable date in accordance with their respective holdings shown on DT C's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

[9. A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to [Ten der/Remarketing] Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to [Tender/Remarketing] Agent. The requirement for physical delivery of Securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Securities to [Tender/Remarketing] Agent's DTC account.]

10. DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to Issuer or Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

11. Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

12. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that Issuer believes to be reliable, but Issuer takes no responsibility for the accuracy thereof.

$7,000,000
Truckee Meadows Fire Protection District, Nevada
General Obligation (Limited Tax)
Capital Improvement Bond
(Additionally Secured by Pledged Revenues)
Series 2021

FEDERAL TAX EXEMPTION CERTIFICATE

The undersigned hereby certifies for and on behalf of the Truckee Meadows Fire Protection District, Nevada (the "District") as to the following facts, estimates and circumstances:

1. In General.

1.1. The District is issuing and delivering, simultaneously with the delivery of this Tax Certificate, its Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021 in the aggregate principal amount of $7,000,000 (the "Bonds").

1.2. The undersigned Chief Fiscal Officer of the District is one of the officers of the District delegated the responsibility for issuing the Bonds.

1.3. I am familiar with the proceedings of the Board of Fire Commissioners of the District (the "Board") taken preliminary to and in issuance of the Bond, including the resolution adopted by the Board on June 1, 2021 and authorizing the issuance of the Bonds.

1.4. This Tax Certificate is for the purpose of establishing the reasonable expectations of the District as to future events relating to the Bonds pursuant to the Internal Revenue Code of 1986, as amended to the date hereof, and to the Regulations as specifically required by Regulation Section 1.148-2(b) and for the purpose of evidencing compliance with and setting forth procedures which are designed to comply with certain provisions of the Code and the Regulations.

1.5. To the best of my knowledge, information and belief, the expectations contained in this Tax Certificate are reasonable.

1.6. The District has not been notified of any listing or proposed listing of the District by the Internal Revenue Service as an issuer that may not certify its bonds.

1.7. Capitalized terms not otherwise defined herein shall have the meanings ascribed to such terms within the Resolution. The District has determined to calculate the "Issue Price" of the Bonds based on the Competitive Sale Rule (as defined herein). As so calculated, the Issue Price is $7,441,981.60, as certified in the Municipal Advisor Competitive Sale Certificate, dated as of the date hereof, executed by JNA Consulting Group, LLC (the "Municipal Advisor"). "Competitive Sale Rule" means the reasonably expected initial offering price of the Bonds to the public as of the sale date as provided in Regulation Section 1.148-1(f)(2)(iii).

2. Purpose of the Bonds. The Bonds are being issued for the purpose of providing moneys which will be sufficient to finance the financing the cost of acquiring properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property for the District (the "Project").

3. Cost of Project; No Overissuance.

3.1. The estimated total cost of the Project including the costs and expenses listed in Section 4.2 hereof is not less than $7,441,981.60, plus the investment income expected to be earned thereon.

3.2. The estimated total cost of the Project set forth in Section 3.1 of this Tax Certificate will be not less than the amount received from the sale of the Bonds as set forth in Section 4.1 of this Tax Certificate, plus the investment income earned thereon.

4. Application of Sale Proceeds.

4.1. The net amount received by the District from the sale of the Bonds (the "Sale Proceeds") will be $7,441,981.60 which amount consists of the aggregate principal amount of $7,000,000.00, plus original issue premium of $441,981.60.

4.2. The Sale Proceeds ($7,441,981.60) and all investment income earned thereon is expected to be needed and fully expended as follows:

(i) An amount of the Sale Proceeds equal to $163,950.00 will be used to provide for the payment of expenses incurred in connection with the issuance of the Bonds.

(ii) An amount of the Sale Proceeds equal to $95,593.75 will be used on the date hereof for the payment of the underwriter's discount with respect to the Bonds.

(iii) An amount of the Sale Proceeds equal to $22,800.00 will be paid to Build America Mutual Assurance Company (the "Bond Insurer") on the date hereof to provide a municipal bond insurance policy on the Bonds (collectively, the "Insurance Policy") guaranteeing the payment of principal and interest on the Bonds.

(iv) An amount of the Sale Proceeds equal to $7,159,637.85 will be deposited into the Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues) Series 2021, Project Construction and Other Acquisition Account created in the Resolution (the "Construction Account") and used, together with the investment income thereon, for the payment of costs of the Project.

5. Expenditure, Time, and Due Diligence Test. The District reasonably expects that at least eighty-five percent of the Net Sale Proceeds of the Bonds allocable to the Project will be allocated to expenditures for the Project within three years of the date hereof. The District will incur within six months of the date hereof a substantial binding obligation (i.e., not subject to contingencies within the control of the District or a related party) to a third-party to expend at least five percent of the Net Sale Proceeds of the Bonds on the costs of the Project. The completion of acquisition, construction, equipment and improvement of the Project and the allocation of Net Sale Proceeds of the Bonds to expenditures for the Project will proceed with due diligence.

6. No Replacement. No portion of the amounts received from the sale of the Bonds will be used as a substitute for other funds which were otherwise to be used as a source of financing for any of the purposes specified in Section 2 hereof and which will be used to acquire, directly or indirectly, Investment Property producing a Yield in excess of the Yield of the Bonds.

7. Economic Life of the Project. The weighted average reasonably expected economic life of the facilities financed by the Bonds, determined as of the issue date, is at least 11.5 years. The weighted average maturity of the Bonds is not greater than 13.771 years, as calculated by the Municipal Advisor. The weighted average maturity of the Bonds therefore does not exceed 120% of the average reasonably expected economic life of the facilities financed by the Bonds.

8. Bond Fund. The expected source of payment of principal of, and interest on, the Bond will be Pledged Revenues (as defined in the Resolution) and, if and to the extent necessary, General Taxes on all property, both real and personal, subject to taxation within the boundaries of the District and other moneys deposited from time to time, to pay principal of, and interest on, the Bond as it becomes due as provided in the Resolution. Such amounts are deposited into the Bond Fund, as defined in the Resolution (the "Bond Fund") to be used to pay principal of, and interest on, the Bond. Amounts deposited in the Bond Fund will be depleted at least annually, except for a reasonable carryover amount, if any, not to exceed the greater of (i) the earnings on the funds for the immediately preceding Bond Year, or (ii) one-twelfth (1/12) of the principal and interest payments on the Bond for the immediately preceding Bond Year.

9. Rebate Fund. There is hereby created a separate account to be known as the Rebate Fund. All amounts to be deposited into the Rebate Fund and all amounts on deposit therein shall be paid to the U.S. Department of Treasury at the times and in the amounts required by this Tax Certificate.

10. Application of Investment Earnings. Net investment earnings on amounts in any fund or account will be retained therein and used for the purposes thereof.

11. No Other Funds. Other than the funds described herein, no fund or account of any such fund which secures or otherwise relates to the Bonds has been established, nor are any funds or accounts expected to be established, pursuant to any instrument.

12. Single Issue. The District does not expect to issue other obligations which will be: (a) sold at substantially the same time as the Bonds (i.e., less than 15 days apart); (b) sold pursuant to the same plan of financing with the Bonds; and (c) reasonably expected to be paid for from substantially the same source of funds as will be used to pay the Bonds.

13. Temporary Periods and Yield Limitations.

13.1. All amounts allocable to the costs of issuing the Bonds and all investment income thereon will be used for the payment of costs of issuance on or before one year from the date hereof. Such amounts may be invested without regard to Yield restriction. Investment earnings on such amounts that are retained therein may be invested without regard to Yield restriction for a period not to exceed one year from the date of receipt of the amount earned. Such amounts are, however, subject to the Rebate Requirement as set forth in Exhibit B hereto.

13.2. Amounts deposited in the Bond Fund may be invested without regard to Yield restrictions for a period not to exceed 13 months from the date of deposit of such amounts to such funds.

13.3. Investment earnings on amounts deposited into the Bond Fund may be invested without regard to Yield restriction for a period ending 13 months from the date of initial receipt and thereafter at a Yield not in excess of the Yield on the Bonds.

13.4. Proceeds derived from the sale of the Bonds deposited into the Construction Account to finance the cost of the Project may be invested without regard to Yield restriction (subject to the Rebate Requirement) for a period not to exceed three years from the date hereof and, thereafter, shall be invested at a Yield not in excess of the Yield of the Bonds. Investment earnings on obligations acquired with such proceeds may be invested without regard to Yield restriction (subject to the Rebate Requirement) for a period not exceeding three years from the date hereof or one year from receipt thereof, whichever is longer and, thereafter, shall be invested at a Yield not in excess of the Yield of the Bonds.

14. Payment for Qualified Guarantee. The fees paid and to be paid to the Bond Insurer to provide the Insurance Policy for the Bonds may be taken into account as a payment for a "qualified guarantee" (as such term is defined in Regulation Section 1.148-4(f)), based on the representations of Robert W. Baird & Co., Inc., as representative of the underwriters of the Bonds, and the Bond Insurer that, among other things, the Present Value of the fees paid and to be paid to the Bond Insurer to obtain the Insurance Policy is less than the Present Value of the interest reasonably expected to be saved as a result of having the Insurance Policy, using the Yield of the Bonds as the discount factor for this purpose, that the fees paid and to be paid to

obtain the Insurance Policy were determined in arm's-length negotiations and such fees represent a reasonable arm's-length charge for the transfer of credit risk.

15. Allocation of Proceeds to Projects; Reimbursements. A portion of the proceeds of the Bond will be used to reimburse the District for expenses paid prior to the date hereof on the Project. All of such expenses were paid on or after December 4, 2020, which is within sixty (60) days of February 2, 2021, the date the District through the Board adopted the reimbursement intent resolution with respect to the Project and the Bonds, and is within 3 years of the date hereof. A list of the projects to which Bond Proceeds are being allocated is on file with the District and the list is attached hereto as Exhibit E. All of the expenses in the amount of $17,978.50 constitute preliminary expenditures for architectural services and costs of issuance and do not exceed 20 percent of the aggregate issue price of the Bonds and such reimbursed costs were incurred solely with respect to preliminary expenditures within the meaning of Regulation Section 1.150-2(f)(2). Regulation Section 1.150-2(f)(2) provides that preliminary expenditures include architectural, engineering, surveying, soil testing, bond issuance and similar costs that are incurred prior to the commencement of acquisition, construction or rehabilitation of a project.

16. Bond Yield. The Yield of the Bonds, as calculated by the Municipal Advisor, is 1.8282%.

17. Rebate and Accounting. The District will comply with Exhibit B – "Rebate" and Exhibit C – "Accounting and Allocation Rules; Valuation" throughout the term of the Bonds. There are several elections which must be made as of the date of issuance with respect to the Rebate Requirement.

(i) With respect to any reasonably required reserve fund, an election can be made not to include the earnings thereon in Available Construction Proceeds for purposes of calculating the two-year expenditure requirement. If this election is made, the earnings on the reserve fund are subject to the Rebate Requirement from the date of issuance. The District hereby does not make this election.

(ii) For purposes of demonstrating that the Bonds constitute a

construction issue within the meaning of Section 148(f)(4)(C)(iv) of the Code, an election can be made, with respect to the provisions that are based on the District's reasonable expectations, to apply all of those provisions based on actual facts. The District hereby does make this election.

(iii) Where less than 75% of the Available Construction Proceeds of an issue are to be used for construction expenditures, such as where an issue is part construction and part non-construction, an election may be made to treat each portion as a separate issue. If this election is made, only one "issue" (the construction part) can qualify for the two-year rule. The District hereby does not make this election.

(iv) Where the expenditure requirements are not met, the District may elect to be subject to a penalty in lieu of being subject to the rebate rules. The penalty is the product of 1.5% and under-expended proceeds as of the end of the spending period. For each spending period, under-expended proceeds is the difference between the Available Construction Proceeds spent and the Available Construction Proceeds required to be spent according to the expenditure schedule. The penalty is to be recalculated and paid for each spending period until the Bonds and any bonds issued to refund the Bonds are repaid. The penalty must be remitted within 90 days of the end of the spending period to which it relates. The District hereby does not make this election.

18. Prohibited Uses of Proceeds; Federal Guarantees; Miscellaneous.

18.1. None of the proceeds of the Bonds will be used (directly or indirectly) to acquire any Nongovernmental Output Property or to make or finance loans to persons other than Governmental Units, other than (i) loans which enable the borrower to finance any governmental tax or assessment of general application for specific essential governmental functions or (ii) loans which consist of investments in Nonpurpose Investments.

18.2. Not more than 10% of the Proceeds of the Bonds will be used (directly or indirectly) in a trade or business (or to finance facilities which are used in a trade or business Not more than an amount which is less than 10% of the proceeds of the Bonds will be used to finance

Output Facilities other than facilities for furnishing water, any portion of the output of which is dedicated to or otherwise made available for use by persons other than Governmental Units on a basis other than that provided to the general public.

18.3. Not more than 10% of the proceeds of the Bonds will be used (directly or indirectly) in a trade or business (or to finance facilities which are used in a trade or business) carried on by any person other than a Governmental Unit. Not more than 5% of the proceeds of the Bonds will be used (directly or indirectly) in a trade or business (or to finance facilities which are used in a trade or business) carried on by any person other than a Governmental Unit which private business use is not related to any governmental use or is disproportionate to governmental use, all as described in Section 141(b)(3) of the Code ("Unrelated or Disproportional Use"). For the purpose of this Section, use as a member of the general public shall not be taken into account.

18.4. The immediately preceding subsection shall apply only if the payment of 10% or more (5% or more in the case of Unrelated or Disproportional Use) of the principal of or interest on the Bonds is (under the terms of the Bonds or any underlying arrangement) directly or indirectly secured by any interest in property used or to be used for a private business use or in payments in respect of such property or derived from payments whether or not to the District in respect of property or borrowed money used or to be used for a private business use.

18.5. The payment of the principal of and interest on the Bonds is not and will not be guaranteed directly or indirectly by the federal government within the meaning of Section 149(b) of the Code.

18.6. Not more than 50% of the proceeds of the Bonds will be invested in Nonpurpose Investments having a substantially guaranteed Yield for 4 or more years.

18.7. None of the amount received from the sale of the Bonds will be used to refund or refinance any Tax-Exempt Obligations including, for the purposes of this paragraph only, Tax-Exempt Obligations which are specified private activity bonds as defined in Section 57(a)(5)(C) of the Code.

18.8. The District does not expect to sell or otherwise dispose of the projects financed by the Bonds before final retirement of the Bonds.

18.9. In the Resolution, the District designated the Bonds as a qualified tax-exempt obligations for purposes of 265(b)(3)(B) of the Code. The District does not expect to issue more than $10,000,000 of tax-exempt obligations during calendar year 2021.

18.10. This Tax Certificate is, in part, to serve as a guideline in implementing the requirements of Sections 141 to 150 of the Code. If regulations, rulings, announcements and notices validly promulgated under the Code contain requirements which differ from those outlined here and which must be satisfied for the Bonds to be Tax-Exempt Obligations or in order to avoid the imposition of penalties under Section 148 of the Code, pursuant to the covenants contained in the Resolution, the District is obligated to take such steps as are necessary to comply with such requirements. If under those pronouncements, compliance with any of the requirements of this Tax Certificate is not necessary to maintain the exclusion of interest on the Bonds from gross income and alternative minimum taxable income (except to the extent of certain adjustments applicable to corporations) or to avoid the imposition of penalties on the District under Section 148 of the Code, the District shall not be obligated to comply with that requirement. The District has been advised to seek the advice of competent counsel with a nationally recognized expertise in matters affecting exclusion of interest on municipal bonds from gross income in fulfilling its obligations under the Code to take all steps as are necessary to maintain the status of the Bonds as Tax-Exempt Obligations.

Dated July 28, 2021.

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA

EXHIBIT A
DEFINITIONS

A.1. "Available Construction Proceeds" means, with respect to the Bonds, the amount equal to the sum of the issue price of the Bonds, earnings on such portion of the issue price, earnings on any amounts in a reasonably required reserve or replacement fund not funded by the Bonds and earnings on all of the foregoing earnings, less the amount of such issue price deposited in a reasonably required reserve or replacement fund and less the issuance costs financed by the Bonds. For purposes of this definition, earnings include earnings on any tax-exempt bond. Earnings on any reasonably required reserve or replacement fund are "Available Construction Proceeds only to the extent that those earnings accrue before the earlier of (i) the date construction is substantially completed or (ii) the date that is two years after the issue date. For this purpose, the date construction is substantially completed is either the date that the construction financed with the proceeds of the Bonds is substantially complete or the date on which construction is abandoned. In no event, however, will construction be considered substantially completed earlier than the date that the District has spent Available Construction Proceeds on the construction in an amount equal to at least 90% of the total cost of construction that the District reasonably expects as of such date will be financed with proceeds of the Bonds. If only a portion of the construction is abandoned, the date of substantial completion is the date that the non-abandonment portion of the construction is substantially completed.

A.2. "Bond Year" means the one-year period (or, in the case of the first Bond Year, the shorter period from the date of issue of the Bonds) ending on the day in the calendar year that is selected by the District. If no day is selected by the District before the earlier of the final maturity of the Bonds or the date that is five years after the date of issue, each Bond Year ends at the close of business on the day preceding the anniversary date of the issue date and on the final maturity date.

A.3. "Code" means the Internal Revenue Code of 1986, as amended to the date of the Tax Certificate to which this exhibit is attached.

A.4. "Commingled Fund" means any fund or account containing both Gross Proceeds of an issue and amounts in excess of $25,000 that are not Gross Proceeds of that issue if the amounts in the fund or account are invested and accounted for collectively, without regard to the source of funds deposited in the fund or account.

A.5. "Computation Date" means each date on which the Rebate Amount for an issue is computed.

A.6. "Computation Date Credit" means with respect to an issue a credit of $1,780 (as may be adjusted from time to time by the Treasury Department) against the rebatable arbitrage on (i) the last day of each Bond Year during which there are amounts allocated to Gross Proceeds of an issue subject to the Rebate Requirement; and (ii) the final maturity date for an issue.

A.7. "Computation Period" means the period between Computation Dates. The first Computation Period begins on the date hereof and ends on the first Computation Date. Each succeeding Computation Period begins on the date immediately following the Computation Date and ends on the next Computation Date.

A.8. "Construction Expenditures" means capital expenditures (i.e., costs of a type that are properly chargeable to a capital account, or that would be so chargeable with a proper election under general federal income tax principles or with the application of the definition of "Placed in Service") that, on or before the date the property financed by the expenditures is placed in service, are allocable to the cost of (i) Constructed Personal Property or (ii) Real Property (other than expenditures for the acquisition of any interest in land and the acquisition of any interest in existing Real Property other than land, except that expenditures are not for the acquisition of an interest in existing Real Property other than land if the purchase contract requires the seller to build or install the property (such as under a "turnkey contract") and the property has not been built or installed at the time the parties enter into the contract, provided that, if the property has been partially built or installed at the time the parties enter into the contract, expenditures that are allocable to the portion of the property built or installed before that time are expenditures for the acquisition of existing Real Property).

A.9. "Constructed Personal Property" means Tangible Personal Property (or, if acquired pursuant to a single acquisition contract, properties) or Specially Developed Computer Software if a substantial portion of the property or properties is completed more than 6 months after the earlier of the date construction or rehabilitation commenced and the date the District entered into an acquisition contract; based on the reasonable expectations of the District, if any, or representations of the person constructing the property, with the exercise of due diligence, completion of construction or rehabilitation (and delivery to the District) could not have occurred within that 6-month period; and if the District itself builds or rehabilitates the property, not more than 75% of the capitalizable cost if attributable to property acquired by the District (such as components, raw materials, and other supplies).

A.10. "Governmental Unit" means a state or political subdivision thereof. Such term does not include the United States or any agency or instrumentality thereof.

A.11. "Gross Proceeds" means the Proceeds of the Bonds and any Replacement Proceeds for the Bonds.

A.12. "Investment Proceeds" means any amounts actually or constructively received from investing Proceeds of the Bonds.

A.13. "Investment Property" means any security or obligation within the meaning of Section 148(b)(2) of the Code, any annuity contract, any interest in any residential rental property for family units which is not located within the jurisdiction of the issuer, any "specified private activity bond" within the meaning of Section 57(a)(5)(c) of the Code, and any other "Investment-Type Property."

A.14. "Investment-Type Property" means any property that is held principally as a passive vehicle for the production of income. A prepayment for property or services is Investment-Type Property if a principal purpose for prepaying is to receive an investment return from the time the prepayment is made until the time payment would otherwise be made. A prepayment is not Investment-Type Property if prepayments on substantially the same terms are made by a substantial percentage of persons who are similarly situated to the issuer but who are not beneficiaries of tax-exempt financing.

A.15. "Multipurpose Issue" means an issue that is used for two or more separate governmental purposes.

A.16. "Net Sale Proceeds" means Sale Proceeds, less the portion of those Sale Proceeds invested in a reasonably required reserve or replacement fund.

A.17. "Nongovernmental Output Property" means any property (or interest therein) which prior to the date such property was acquired by the issuer was used (or held for use) by a person other than a governmental unit, in connection with an Output Facility (other than a facility for the furnishing of water), as provided in Section 141(d) of the Code.

A.18. "Nonpurpose Investment" means any Investment Property that is not a Purpose Investment.

A.19. "Output Facility" means electric and gas generation, transmission, distribution, and related facilities, and water collection, storage and distribution facilities according to Section 141(b)(4) of the Code.

A.20. "Payment" means:

a. amounts actually or constructively paid to acquire a Nonpurpose Investment (or treated as paid to a Commingled Fund);

b. in the case of a Nonpurpose Investment that is first allocated to an issue on a date after it is actually acquired (e.g., an investment that becomes allocable to Transferred Proceeds or to Replacement Proceeds) or that becomes subject to the Rebate Requirement on a date after it is actually acquired (e.g., an investment allocated to a reasonably required reserve or replacement fund for a construction issue at the end of the two-year spending period), the Value of that investment on that date;

c. in the case of a Nonpurpose Investment that was allocated to an issue at the end of the preceding Computation Period, the Value of that Nonpurpose Investment at the beginning of the Computation Period; and

d. the Computation Date Credit.

A.21. "Pre-issuance Accrued Interest" means amounts representing interest that has accrued on an obligation for a period of not greater than one year before its issue date but only if those amounts are paid within one year after the date hereof.

A.22. "Present Value" in general means with respect to an investment on any date an amount equal to the present value of all unconditionally payable Receipts to be received from and Payments to be paid for the investment after that date, using the Yield on the investment as the discount rate. Present value of an investment is computed under the economic accrual method, using the same compounding interval and financial conventions used to compute the Yield of the Bonds.

A.23. "Proceeds" of the Bonds means any Sale Proceeds, Investment Proceeds and Transferred Proceeds of an issue.

A.24. "Purpose Investment" means an investment that is acquired to carry out the governmental purpose of an issue.

A.25. "Qualified Administrative Costs" means reasonable, direct administrative costs, other than carrying costs, such as separately stated brokerage and selling commissions that are comparable to those charged nongovernmental entities in transactions not involving tax-exempt bond proceeds, but not legal and accounting fees, recordkeeping, custody or similar costs. For a guaranteed investment contract, a broker's commission paid on behalf of either an issuer or the provider is not a Qualified Administrative Cost to the extent that the commission exceeds the lesser of (i) $42,000 (as may be adjusted from time to time by the Treasury Department) and (ii) 0.2% of the amount of Gross Proceeds the issuer reasonably expects, as of the date the contract is acquired, to be deposited in the guaranteed investment contract over the term of the contract or, if more, $4,000.

A.26. "Real Property" means land and improvements thereto, such as buildings or other inherently permanent structures, including interests in real property. For example, Real Property includes wiring in a building, plumbing systems, central heating or air-conditioning systems, pipes or ducts, elevators, escalators installed in a building, paved parking areas, roads, wharves and docks, bridges, and sewage lines.

A.27. "Reasonable Retainage" means an amount, not to exceed 5 percent of Available Construction Proceeds as of the end of the fourth spending period, that is retained for reasonable business purposes relating to the property financed with the proceeds of the Bonds, such as to ensure or promote compliance with the terms of a construction contract. Retainage is reasonable if the retained amount is not yet payable, or, at the end of the 2-year period following the issue date, the District determines that an actual dispute exists regarding either completion of construction or payment.

A.28. "Rebate Fund" means the separate fund established by the District as described in Section 10 of the Tax Certificate.

A.29. "Rebate Amount" means with respect to the Bonds, the amount computed as described in Exhibit B to the Tax Certificate.

A.30. "Rebate Requirement" shall have the meaning ascribed thereto in Exhibit B to the Tax Certificate.

A.31. "Receipt" means:

a. amounts actually or constructively received from a Nonpurpose Investment (including amounts treated as received from a Commingled Fund);

b. in the case of a Nonpurpose Investment that ceases to be allocated to an issue before its disposition or redemption date (e.g., an investment that becomes allocable to Transferred Proceeds of another issue or that ceases to be allocable to the issue pursuant to the Universal Cap) or that ceases to be subject to the Rebate Requirement on a date earlier than its disposition or redemption date (e.g., an investment allocated to a fund initially subject to the Rebate Requirement but that subsequently qualifies as a bona fide debt service fund), the Value of that Nonpurpose Investment on that date; and

c. in the case of a Nonpurpose Investment that is held at the end of a Computation Period, the Value of that Nonpurpose Investment at the end of that Computation Period.

A.32. "Regulations" means the Treasury Regulations promulgated under Sections 103 and 141 through 150 of the Code, and to the extent applicable, any subsequent amendments to such regulations or any successor regulations.

A.33. "Replacement Proceeds" means amounts that have a sufficiently direct nexus to an issue to conclude that the amounts would have been used for that governmental purpose if the Proceeds of the issue were not used or to be used for that governmental purpose. For this purpose, "governmental purposes" include the expected use of amounts for the payment of debt service on a particular date. The mere availability or preliminary earmarking of amounts for a governmental purpose, however, does not in itself establish a sufficient nexus to cause those amounts to be Replacement Proceeds. Replacement Proceeds include, but are not limited to, amounts held in a sinking fund or a pledged fund. For these purposes, an amount is pledged to pay principal of or interest on an issue if there is reasonable assurance that the amount will be available for such purposes in the event that the issuer encounters financial difficulties.

A.34. "Reserve or Replacement Fund" includes any reasonably required reserve or replacement fund (as described in Section 148(d) of the Code), any fund reasonably expected to be used to pay the principal of or interest on the Bonds (including any sinking fund (as defined in Regulation Section 1.148-1(c)(2)) for the Bonds and any bona fide debt service fund (as defined in Regulation Section 1.148-1(b)), any fund pledged directly or indirectly to the payment of the Bonds in such a manner that the owners of the Bonds have a reasonable assurance that the fund will be available to directly or indirectly pay debt service on the Bonds if the District encounters

financial difficulties, and any other amounts treated as being in a reserve or replacement fund by the Regulations.

A.35. "Sale Proceeds" means any amounts actually or constructively received by the District from the sale of the Bonds, including amounts used to pay underwriter's discount or compensation and interest other than Pre-issuance Accrued Interest.

A.36. "Specially Developed Computer Software" means any program or routine used to cause a computer to perform a desired task or set of tasks, together with the documentation required to describe and maintain such program, provided that the software is specially developed and is functionally related and subordinate to Real Property or other Constructed Personal Property.

A.37. "Tangible Personal Property" means any tangible property except Real Property and includes interests in tangible personal property, (e.g., machinery that is not a structural component of a building and furnishings).

A.38. "Tax Certificate" means the Federal Tax Exemption Certificate delivered by the District to which this Exhibit is attached.

A.39. "Tax-Exempt Obligation" means any obligation the interest on which is excluded from gross income under Section 103(a) of the Code and which is not a specified private activity bond as defined in Section 57(a)(5)(C) of the Code. Such term includes an interest in a regulated investment company to the extent that at least 95% of the income to the holder of the interest is interest that is excludable from gross income under Section 103(a) of the Code.

A.40. "Transferred Proceeds" shall have the meaning given in Section 1.148-1(b) of the Regulations.

A.41. "Universal Cap" means the Value of all then outstanding bonds of the issue.

A.42. "Value (of a Bond)" means with respect to a bond issued with not more than 2% original issue discount or original issue premium, the outstanding principal amount, plus accrued unpaid interest; for any other bond, its Present Value.

A.43. "Value (of an Investment)" means any of the following:

a. with respect to an investment with not more than 2% original issue discount or original issue premium, the outstanding stated principal amount, plus accrued unpaid interest;

b. with respect to a fixed rate investment, its Present Value;

c. except as provided in (d), with respect to any investment, its fair market value; or

d. with respect to any yield-restricted investment, its Present Value.

A.44. "Yield of an Investment" means the discount rate that, when used in computing the Present Value of all unconditionally payable Receipts from the investment, produces an amount equal to the Present Value of all unconditionally payable Payments for the investment. Unless otherwise decided by the District, the Yield on any investments and the Yield of the Bonds shall be calculated using a 360-day year and a semi-annual compounding interval.

A.45. "Yield of the Bonds" means the discount rate that, when used in computing the Present Value as of the issue date of all unconditionally payable payments of principal, interest, and fees for qualified guarantees reasonably expected to be paid on the issue produces an amount equal to the Present Value, using the same discount rate, of the aggregate issue price on the Bonds of the issue as of the issue date. Mandatory and expected contingent redemptions are taken into account, based on reasonable expectations as of the issue date. If Bonds subject to mandatory redemption have a stated redemption price at maturity in excess of one-fourth of one percent multiplied by the product of the stated redemption price at maturity and the number of years to their weighted average maturity date (determined by taking into account the mandatory redemption schedule), then, in computing Yield of the Bonds, such bonds are treated as redeemed at their Present Value; otherwise such bonds are treated as redeemed at their outstanding stated principal amount plus accrued unpaid interest. Optional redemptions are not taken into account in determining the Yield of the Bonds unless they satisfy one of the three following conditions:

a. The Bonds are subject to optional redemption within 5 years of the issue date and the Yield on the issue computed by assuming all Bonds so subject to redemption are redeemed at maturity is more than one-eighth of one percent higher than the Yield on that issue computed by assuming all such Bonds are redeemed at the earliest date for their redemption;

b. The Bonds are issued at an issue price that exceeds the stated redemption price at maturity by more than one-fourth of one percent multiplied by the product of the stated redemption price at maturity and the number of complete years to the first optional redemption date (e.g., an original issue premium in excess of 2.5% in the case of a 10-year no call bond); or

c. The Bond subject to optional redemption bears interest at increasing interest rates (i.e., a stepped coupon bond).

EXHIBIT B
REBATE

B.1. Generally. In order to implement the provisions of Section 148(f) of the Code, the District will establish a separate fund called the Rebate Fund into which will be deposited any amount required to be rebated to the federal government pursuant to Section 148(f) of the Code. Section 148(f) of the Code requires that certain earnings on Nonpurpose Investments allocable to the Gross Proceeds of the Bonds be paid to the federal government to prevent the Bonds from being arbitrage bonds. The arbitrage that must be rebated is based on the difference between the amount actually earned on Nonpurpose Investments and the amount that would have been earned if those investments had a Yield equal to the Yield of the Bonds. As of any date, the Rebate Amount for the Bonds is the excess of the future value, as of that date, of all Receipts on Nonpurpose Investments over the future value, as of that date, of all Payments on Nonpurpose Investments (taking into account that the Computation Date Credit is a Payment on Nonpurpose Investments). The future value of a Payment or Receipt at the end of any period is determined using the economic accrual method and equals the value of that Nonpurpose Payment or Receipt when it is paid or received (or treated as paid or received), plus interest assumed to be earned and compounded over the period at a rate equal to the Yield of the Bonds, using the same compounding interval and financial conventions used to compute the Yield of the Bonds. In order to meet the Rebate Requirements of the Code, unless Subsection B.10, B.11, or B.12 applies or unless during each Bond Year all Gross Proceeds are invested at a Yield that is less than the Yield of the Bonds or are invested in Tax-Exempt Obligations, the District will comply with and take the action required hereby.

B.2. Computation Dates. The District may treat any date as a Computation Date. After the first required rebate payment is made, the District must consistently treat either the end of each Bond Year or the end of each fifth Bond Year as Computation Dates and may not change these Computation Dates after the first rebate payment is made.

B.3. Final Computation Date. The date that the Bonds are discharged is the Final Computation Date. For an issue retired within three years of the issue date, however, the Final Computation Date need not occur before the end of 8 months after the issue date or during the period in which the District reasonably expects that any of the spending exceptions to the Rebate Requirement will apply to the issue.

B.4. Amount of Required Rebate Installment Payments. For Computation Dates other than the Final Computation Date, the District must rebate an amount that when added to the future value, as of that Computation Date, of previous rebate payments made for the Bonds, equals at least 90% of the Rebate Amount as of that date. In all events, the first rebate payment must be made for a Computation Date that is not later than five years after the issue date and subsequent payments must be made for a Computation Date that is not later than five years after the previous Computation Date for which a payment was made. For the Final Computation Date, a final rebate payment must be paid in an amount that, when added to the future value of

previous rebate payments made for the Bonds, equals 100% of the Rebate Amount as of that date.

B.5. Bona Fide Debt Service Fund Exception. As the Bonds are not private activity bonds and have an average maturity of greater than five years and a fixed rate of interest, amounts earned on moneys in the debt service fund shall not be taken into account for purposes of complying with the Rebate Requirement.

B.6. Time and Manner of Rebate Payment. Each rebate payment must be paid no later than 60 days after the Computation Date to which the payment relates. Any rebate payment paid within this 60-day period may be treated as paid on the Computation Date to which it relates. Each payment made pursuant to the requirements of this Exhibit shall be filed with the Internal Revenue Service Center, Ogden, Utah 84201, and shall be accompanied by Form 8038-T.

B.7. Penalty in Lieu of Loss of Tax Exemption. The failure to pay the correct Rebate Amount when required will cause the Bonds to be arbitrage bonds, unless the Commissioner determines that the failure was not caused by willful neglect and the District promptly pays a penalty to the United States. If no Bond of the issue is a "private activity bond" (other than a qualified 501(c)(3) bond), the penalty equals 50% of the Rebate Amount not paid when required to be paid, plus interest on that amount. Otherwise, the penalty equals 100% of the Rebate Amount not paid when required to be paid, plus interest on that amount. Interest accrues at the underpayment rate under Section 6621 of the Code, beginning on the date the correct Rebate Amount is due and ending on the date 10 days before it is paid. The penalty is automatically waived if the Rebate Amount that the District failed to pay plus interest is paid within 180 days after discovery of the failure, unless, the Commissioner determines that the failure was due to willful neglect, or the issue is under examination by the Commissioner at any time during the period beginning on the date the failure first occurred and ending on the date 90 days after the receipt of the Rebate Amount. Generally, extensions of this 180-day period and waivers of the penalty in other cases will be granted by the Commissioner only in unusual circumstances.

B.8. Recovery of Overpayment of Rebate. The District may recover an overpayment for an issue of Tax-Exempt Obligations by establishing to the satisfaction of the Commissioner that the overpayment occurred. An overpayment is the excess of the amount paid to the United States for an issue under Section 148 of the Code over the sum of the Rebate Amount for the issue as of the most recent Computation Date and all amounts that are otherwise required to be paid under Section 148 of the Code as of the date the recovery is requested. Notwithstanding the preceding sentence, an overpayment may be recovered only to the extent that a recovery on the date that it is first requested would not result in an additional Rebate Amount if that date were treated as a Computation Date. Furthermore, except for overpayments in certain limited circumstances, an overpayment of less than $5,000 may not be recovered before the Final Computation Date.

B.9. Recordkeeping Requirement. The District must retain records of the determination of its Rebate Requirement until six years after the retirement of the last obligation of the issue.

B.10. Six Month Exception to Rebate. Notwithstanding anything in this Exhibit to the contrary, if all of the Gross Proceeds of the Bonds (other than amounts on deposit in a bona fide debt service fund) have been expended for the purpose of the issue by no later than the day which is six months after the date of issue of the Bonds, then the Rebate Amount shall be zero until such time as amounts are received, which amounts are held in a sinking fund or any other fund pledged to or expected to be used to pay debt service or such time as any other amounts are pledged as security for the Bonds, and not expended on the payment of principal or interest on the Bonds within 13 months of the date of their receipt. The six-month exception provided by the previous sentence shall apply in the event that Gross Proceeds of the Bonds (other than amounts on deposit in a bona fide debt service fund) in an amount equal to the lesser of five percent of the proceeds of the Bonds or $100,000 have not been expended by the date which is six months after the date the Bonds are issued if all of such Gross Proceeds are expended within one year of the date the Bonds are issued. The six-month exception provided by this paragraph is inapplicable if any reserve fund, sinking fund or pledged fund other than a debt service fund is maintained for the Bonds, whether or not funded from proceeds of the Bonds, except that if a reasonably required reserve or replacement fund (as described in Section 148(d) of the Code) has been established for the Bonds and all of the Gross Proceeds of the Bonds other than amounts in that reasonably required reserve and replacement fund and amounts deposited in a bona fide debt service fund for the Bonds qualify for the six-month exception described in this Section B.10, then the Rebate Amount need only be calculated with respect to all amounts not required to be spent within six months, after such six-month period.

B.11. Two-Year Construction Exception. Notwithstanding anything in this Exhibit B to the contrary, if 75 percent of the Available Construction Proceeds of an issue of governmental bonds, 501(c)(3) bonds or private activity bonds used to finance property to be owned by a governmental unit or a 501(c)(3) organization, are to be used for Construction Expenditures and all of the Available Construction Proceeds of such issue are reasonably expected, as of the issue date, to be spent (or, at the election of the District on or before the issue date, are actually spent) for the governmental purposes of the Bonds within 24 months from the date hereof according to the schedule set forth below, then the Available Construction Proceeds and the Gross Proceeds of the Bonds used to pay costs of issuance of the Bonds will not be subject to the Rebate Requirement. The applicable schedule of expenditures is as follows:

(i) 10 percent within 6 months of the date hereof (the "first spending period"),

(ii) 45 percent within 1 year of the date hereof (the "second spending period"),

(iii) 75 percent within 18 months of the date hereof (the "third spending period"), and

(iv) 100 percent within 2 years of the date hereof (the "fourth spending period").

If 95 percent of the Available Construction Proceeds are spent within 24 months and the extra five percent is needed as a Reasonable Retainage and such amount is spent within three years of the date hereof, the above schedule will be treated as met. For the first three spending periods described above, Available Construction Proceeds include the amount of future earnings that the District reasonably expected as of the issue date. For the fourth spending period described above, Available Construction Proceeds include the actual earnings received. Earnings that accrue after the end of the 2-year spending period are not part of the Available Construction Proceeds for purposes of this 5 percent limitation, but are part of Available Construction Proceeds for all other purposes of this subsection. The governmental purposes of the Bonds include payments of interest on but not payments of principal of the Bonds and payments of principal of and interest on other obligations of the District, which interest either (i) accrues on such other obligations during a one-year period including the issue date, (ii) is a capital expenditure as defined in Regulation Section 1.150-1(b), or (iii) is a working capital expenditure as defined in Regulation Section 1.150-1(b).

If the requirements of this two-year exception are not met, the Rebate Requirement is to be calculated as otherwise described in this Exhibit B as of the date of issuance. In the event the Bonds satisfy all requirements necessary to qualify for the exemption from the Rebate Requirement described in this subsection, the District may nevertheless subsequently elect to disregard the available exemption from the Rebate Requirement with respect to the Bonds.

There are several elections which may be made as of the date of issuance with respect to these rules. Such elections are set forth in Section 18 of the Tax Certificate.

With respect to amounts on deposit in any reserve fund, the District understands it must in all cases comply with the Rebate Requirement for the period following the end of the two year period (or earlier if the Project is substantially completed before such date).

B.12. 18-Month Rebate Exception. Notwithstanding anything in this Exhibit B to the contrary, if (i) the Gross Proceeds of the Bonds are allocated to expenditures for a governmental purpose of the Bonds within 18 months of the date hereof in accordance with the schedule set forth below, (ii) the Rebate Requirement is met for all amounts not required to be spent in accordance with the 18-month expenditure schedule (as set forth in Regulation Section 1.148-7(c)(3)) (other than earnings on a bona fide debt service fund) and (iii) all of the Gross Proceeds of the Bonds (as defined in Regulation Section 1.148-7(d)(3)(i)) qualify for the initial temporary period under Regulation Section 1.148-2(e)(2), then the Gross Proceeds of the Bonds will not be subject to the Rebate Requirement. The applicable schedule of expenditures is as follows:

(i) 15 percent within 6 months of the date hereof (the "first spending period"),

(ii) 60 percent within 12 months of the date hereof (the "second spending period"), and

(iii) 100 percent within 18 months of the date hereof (the "third spending period").

The Bonds will not fail to satisfy the spending requirement for the third spending period as a result of a Reasonable Retainage if the Reasonable Retainage is allocated to expenditures within 30 months of the date hereof. For purposes of this rebate exception, Reasonable Retainage refers to the end of the 18-month period, rather than the 24-month period. For purposes of determining compliance with the first two spending periods set forth above, the amount of investment proceeds included in Gross Proceeds of the Bonds is determined based on the District's reasonable expectations on the date hereof.

The 18-month rebate exception may not be available for any portion of the Bonds that is treated as meeting the 2-year construction rebate exception described in section B.11 above.

EXHIBIT C
ACCOUNTING AND ALLOCATION RULES; VALUATION

C.1. General Rule. The District may use any reasonable, consistently applied accounting method to account for Gross Proceeds, investments and expenditures of the issue. An accounting method is "consistently applied" if it is applied uniformly within a Fiscal Period (as defined below) and between Fiscal Periods to account for Gross Proceeds of an issue and any amounts that are in a Commingled Fund.

C.2. Allocations of Gross Proceeds to an Issue. Amounts are allocable to only one issue at a time as Gross Proceeds. Amounts cease to be allocated to the issue as Proceeds only when those amounts (i) are allocated to an expenditure for a governmental purpose; (ii) are allocated to Transferred Proceeds of another issue of obligations; or (iii) cease to be allocated to that issue at retirement of the issue or under the Universal Cap.

C.3. Allocation of Gross Proceeds to Investments. Upon the purchase or sale of a Nonpurpose Investment, Gross Proceeds of the issue are not allocated to a payment for that Nonpurpose Investment in an amount greater than, or to a receipt from that Nonpurpose Investment in an amount less than, the fair market value of the Nonpurpose Investment as of the purchase or sale date. The fair market value of a Nonpurpose Investment is adjusted to take into account Qualified Administrative Costs allocable to the investment. Thus, Qualified Administrative Costs increase the payments for, or decrease the receipts from, a Nonpurpose Investment.

C.4. Allocation of Gross Proceeds to Expenditures. Reasonable accounting methods for allocating funds from different sources to expenditures for the same governmental purpose include a "specific tracing" method, a "gross-proceeds-spent-first" method, a "first-in-first-out" method or a ratable allocation method, so long as the method used is consistently applied. An allocation of Gross Proceeds of an issue to an expenditure must involve a current outlay of cash for a governmental purpose of the issue. A current outlay of cash means an outlay reasonably expected to occur not later than five banking days after the date as of which the allocation of Gross Proceeds to the expenditure is made.

C.5. Commingled Funds. All Payments and Receipts (including deemed Payments and Receipts) on investments held by a Commingled Fund must be allocated (but not necessarily distributed) among each different source of funds invested in the Commingled Fund in accordance with a consistently applied, reasonable ratable allocation method. Reasonable ratable allocation methods include, without limitation, methods that allocate Payments and Receipts in proportion to either (i) the average daily balances of the amounts in the Commingled Fund from each different source of funds during any consistent time period within its fiscal year, but at least quarterly (the "Fiscal Period"); or (ii) the average of the beginning and ending balances of the amounts in the Commingled Fund from each different source of funds for a Fiscal Period that does not exceed one month.

Funds invested in the Commingled Fund may be allocated directly to expenditures for governmental purposes pursuant to a reasonable consistently applied accounting method. If a ratable allocation method is used to allocate expenditures from the Commingled Fund, the same ratable allocation method must be used to allocate Payments and Receipts on investments in the Commingled Fund.

Generally a Commingled Fund must treat all its investments as if sold at fair market value either on the last day of the fiscal year or on the last day of each Fiscal Period. The net gains or losses from these deemed sales of investments must be allocated to each different source of funds invested in the Commingled Fund during the period since the last allocation. This mark-to-market requirement does not apply if (i) the remaining weighted average maturity of all investments held by a Commingled Fund during a particular fiscal year does not exceed 18 months, and the investments held by the Commingled Fund during that fiscal year consist exclusively of obligations; or (ii) the Commingled Fund operated exclusively as a reserve fund, sinking fund or replacement fund for two or more issues of the same issuer. Subject to the Universal Cap limitation, and the principle that amounts are allocable to only one issue at a time as Gross Proceeds, investments held by a Commingled Fund that serves as a common reserve fund, replacement fund or sinking fund must be allocated ratably among the issues served by the Commingled Fund in proportion to either (i) the relative values of the bonds of those issues; (ii) the relative amounts of the remaining maximum annual debt service requirements on the outstanding principal amounts of those issues; or (iii) the relative original stated principal amounts of the outstanding issues.

C.6. Universal Cap. Amounts that would otherwise be Gross Proceeds allocable to an issue are allocated (and remain allocated) to the issue only to the extent that the Value of the Nonpurpose Investments allocable to those Gross Proceeds does not exceed the Value of all outstanding bonds of the issue. Nonpurpose Investments allocated to Gross Proceeds in a bona fide debt service fund for an issue are not taken into account in determining the Value of the Nonpurpose Investments, and those Nonpurpose Investments remain allocated to the issue. To the extent that the Value of the Nonpurpose Investments allocable to the Gross Proceeds of the issue exceed the value of all outstanding bonds of that issue, an issuer should seek the advice of Bond Counsel for the procedures necessary to comply with the Universal Cap.

C.7. Expenditure for Working Capital Purposes. Subject to certain exceptions, the Proceeds of an issue may only be allocated to "working capital expenditures" as of any date to the extent that those expenditures exceed "available amounts" as of that date (i.e., "proceeds-spent-last").

For purposes of this Section, "working capital expenditures" include all expenditures other than "capital expenditures." "Capital expenditures" are costs of a type properly chargeable (or chargeable upon proper election) to a capital account under general federal income tax principles. Such costs include, for example, costs incurred to acquire, construct, or improve land, buildings and equipment having a reasonably expected useful life in

excess of one year. Thus, working capital expenditures include, among other things, expenditures for current operating expenses and debt service.

For purposes of this Exhibit, "available amount" means any amount that is available to an issuer for working capital expenditure purposes of the type financed by the issue. Available amount excludes Proceeds of the issuance but includes cash, investments and other amounts held in accounts or otherwise by an issuer for working capital expenditures of the type being financed by the issue without legislative or judicial action and without a legislative, judicial, or contractual requirement that those amounts be reimbursed. Notwithstanding the preceding sentence, a "reasonable working capital reserve" is treated as unavailable. A working capital reserve is reasonable if it does not exceed 5% of the actual working capital expenditures of an issuer in the fiscal year before the year in which the determination of available amounts is made. For purpose of the preceding sentence only, in determining the working capital expenditures of an issuer for a prior fiscal year, any expenditures (whether capital or working capital expenditures) that are paid out of current revenues may be treated as working capital expenditures.

The proceeds-spent-last requirement does not apply to expenditures to pay (i) any Qualified Administrative Costs; (ii) fees for qualified guarantees of the issue or payments for a qualified hedge for the issue; (iii) interest on the issue for a period commencing on the issue date and ending on the date that is the later of three years from the issue date or one year after the date on which the financed project is placed in service; (iv) to the United States for Yield reduction payments (including rebate payments) or penalties for the failure to meet the spend down requirements associated with certain spending exceptions to the Rebate Requirement; (v) costs, other than those described in (i) through (iv) above, that do not exceed 5% of the Sale Proceeds of an issue and that are directly related to capital expenditures financed by the issue (e.g., initial operating expenses for a new capital project); (vi) principal or interest on an issue paid from unexpected excess sale or investment proceeds; (vii) principal or interest on an issue paid from investment earnings on a Reserve or Replacement Fund that are deposited in a bona fide debt service fund; and (viii) principal, interest, or redemption premium on a prior issue and, for a crossover refunding issue, interest on that issue. Notwithstanding the preceding paragraph, the exceptions described above do not apply if the allocation merely substitutes Gross Proceeds for other amounts that would have been used to make those expenditures in a manner that gives rise to Replacement Proceeds.

C.8. Prohibited Investments and Dispositions. Upon the purchase or sale of a Nonpurpose Investment, Gross Proceeds of an issue are not allocated to a Payment for that Nonpurpose Investment in an amount greater than, or to a Receipt from that Nonpurpose Investment in an amount less than, the fair market value of the Nonpurpose Investment as of the purchase or sale date. The fair market value of a Nonpurpose Investment is adjusted to take into account Qualified Administrative Costs allocable to the investment. Thus, Qualified Administrative Costs increase the Payments for, or decrease the Receipt from, a Nonpurpose Investment.

C.9. Valuation of Investments - Fair Market Value. The fair market value of an investment is the price at which a willing buyer would purchase the investment from a willing seller in a bona fide arm's-length transaction. Fair market value generally is determined on the date on which a contract to purchase or sell the Nonpurpose Investment becomes binding (i.e., the trade date rather than the settlement date). An investment that is not of a type traded on an established securities market, within the meaning of Section 1273 of the Code, is rebuttably presumed to be acquired or disposed of for a price that is not equal to its fair market value. The fair market value of a United States Treasury obligation that is purchased directly from the United States Treasury is its purchase price.

C.10. Certificates of Deposit. A certificate of deposit that has a fixed interest rate, a fixed payment schedule, and a substantial penalty for early withdrawal shall be treated as purchased at its fair market value if the Yield on the certificate of deposit is not less than (i) the Yield on reasonably comparable direct obligations of the United States; and (ii) the highest Yield that is published or posted by the provider to be currently available from the provider on reasonably comparable certificates of deposit offered to the public.

C.11. Guaranteed Investment Contracts. The purchase price of a guaranteed investment contract is treated as its fair market value on the purchase date if (i) the District makes a bona fide solicitation for a specified guaranteed investment contract and receives at least three bona fide bids from providers that have no material financial interest in the issue (e.g., underwriters or brokers); (ii) the District purchases the highest-yielding guaranteed investment contract for which a qualifying bid is made (determined net of broker's fees); (iii) the Yield on the guaranteed investment contract (determined net of broker's fees) is not less than the Yield then available from the provider on reasonably comparable guaranteed investment contracts, if any, offered to other persons from a source of funds other than Gross Proceeds of Tax-Exempt Obligations; (iv) the determination of the terms of the guaranteed investment contract takes into account as a significant factor the District's reasonably expected drawdown schedule for the amounts to be invested, exclusive of amounts deposited in debt service funds and reasonably Required Reserve or Replacement Funds; (v) the terms of the guaranteed investment contract, including collateral security requirements, are reasonable; and (vi) the obligor on the guaranteed investment contract certifies the administrative costs that it is paying (or expects to pay) to third parties in connection with the guaranteed investment contract.

C.12. Recordkeeping Requirement. To evidence the fair market value of a guaranteed investment contract, the District represents that it will retain the following records with the bond documents until three years after the last outstanding Bond is redeemed:

(i) a copy of the investment contract;

(ii) the receipt or other record of the amount actually paid by the District for the guaranteed investment contract, including a record of any administrative costs paid by the District;

(iii) for each bid that is submitted, the name of the person and entity submitting the bid, the time and date of the bid, and the bid results; and

(iv) the bid solicitation form and, if the terms of the purchase agreement or guaranteed investment contract deviated from the bid solicitation form or a submitted bid is modified, a brief statement explaining the deviation and stating the purpose for the deviation.

EXHIBIT D

(ATTACH PROCEDURES FOR ONGOING COMPLIANCE WITH SECTIONS 141 AND 148 OF THE INTERNAL REVENUE CODE)

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA

Procedures for ongoing compliance with Sections 141 and 148 of the Internal Revenue Code

These procedures and the tax certificate and Form 8038-G filed for each issue of tax-exempt bonds will be reviewed by the District Fire Chief or another officer or employee of the Truckee Meadows Fire Protection District, Nevada (the "Issuer"), designated by the Authority Controller in writing (the "Compliance Officer") (i) on or prior to each five-year anniversary date of the issue date of the bonds; (ii) on or within 30 days of the date the bonds are retired, defeased or refunded; (iii) on or prior to the date of any rebate payment made if that date is not within 60 days of one of the dates mentioned in (i) or the date the bonds are retired, defeased or refunded; (iv) at the time of any change in use of any asset that was funded with a material amount of bond proceeds; and (v) at the time of the occurrence or non-occurrence of any other event that could affect the tax status of the bonds, notes or debentures as indicated in the tax certificate (e.g., the occurrence of an event which the tax certificate represents will not occur or is not expected to occur, or the non-occurrence of an event the tax certificate represents will or is expected to occur). In addition, the Compliance Officer will conduct annual compliance checks of the current status of the proceeds of each issue of tax-exempt bonds and the current use of the facilities financed by tax-exempt bonds, notes or debentures. These reviews will be made for the purposes of identifying any possible violation of federal tax requirements and to ensure the timely correction of those violations with remedial action described in the regulations of the United States Department of the Treasury or through the Tax-Exempt Bonds Voluntary Closing Agreement Program. If a possible violation is identified, the Compliance Officer will consult with bond counsel as to the appropriate steps to take.

In addition, to the extent the Issuer has any outstanding bonds, notes or debentures that are not rebate exempt, it is the Issuer's policy to retain rebate consultants to assist in monitoring the compliance of its bond issues with the rebate and yield restriction requirements of Section 148 of the Internal Revenue Code in appropriate circumstances (e.g., where investments are made during a temporary period at a yield in excess of the bond yield, and if any the investments above the bond yield extend beyond the temporary period). If any event of non-compliance is discovered by the Compliance Officer, by the rebate consultants, or otherwise, the Compliance Officer will consult with bond counsel as to the appropriate action to take to remedy the non-compliance, including payment of late payment interest and penalties on rebate and yield reduction payments and through use of the Tax-Exempt Bond Voluntary Closing Agreement Program.

As part of the training of any successor, the District Fire Chief and Compliance Officer will review the requirements of these procedures, the tax certificate and Form 8038-G for each issue of tax-exempt bonds with the successor as part of the successor's transition into office. Any successor District Fire Chief will be encouraged to adopt these procedures as such officer's own.

The Issuer will retain all records relating to tax-exempt bonds and compliance with the requirements of the Internal Revenue Code until at least three years after the last bond of an issue (or any later issue that refinances the issue) is paid and discharged.

TRANSFER OF THIS BOND OTHER THAN BY REGISTRATION IS NOT EFFECTIVE

TRUCKEE MEADOWS FIRE PROTECTION DISTRICT, NEVADA
GENERAL OBLIGATION (LIMITED TAX)
CAPITAL IMPROVEMENT BOND
(ADDITIONALLY SECURED BY PLEDGED REVENUES)
SERIES 2021

NO._____ $_____

Interest Rate	**Maturity Date**	**Dated As Of**	**CUSIP**
_____% per annum	**_____ 1, _____**	**July 28, 2021**	**_____**

REGISTERED OWNER: CEDE & CO.

PRINCIPAL AMOUNT: DOLLARS

The Truckee Meadows Fire Protection District, Nevada (the "District" and the "State", respectively), for value received hereby acknowledges itself to be indebted and promises to pay to the Registered Owner specified above the Principal Amount specified above, on the Maturity Date specified above (unless called for earlier redemption), and to pay interest thereon on June 1 and December 1 of each year commencing on December 1, 2021, at the Interest Rate per annum specified above, until the principal sum is paid or payment has been provided therefor. This Bond will bear interest from the most recent interest payment date to which interest has been paid or provided for, or, if no interest has been paid, from the date of this Bond. The principal of and redemption premium, if any, on this Bond are payable to the Registered Owner hereof upon presentation and surrender hereof at the office of Zions Bancorporation, National Association, as paying agent for the Bonds (the "Paying Agent"), which is also now acting as the District's registrar for the Bonds (the "Registrar") or at such other office as designated by the Paying Agent. Interest on this Bond will be paid on each interest payment date (or, if such interest payment date is not a business day, on the next succeeding business day), by check or draft mailed to the person in whose name this Bond is registered (the "Registered Owner") in the registration records of the District maintained by the Registrar and at the address appearing thereon at the close of business on the 15th day of the calendar month next preceding such interest payment date (the "Regular Record Date"). Any such interest not so timely paid or duly provided for shall cease to be payable to the person who is the registered owner hereof at the close of business on a Special Record Date for the payment of any defaulted interest. Such Special Record Date shall be fixed by the Paying Agent for the Bonds whenever moneys become available for payment of the defaulted interest, and notice of the Special Record Date shall be given to the Registered Owners of the Bonds of the series of which this is one (the "Bonds") not less than ten days prior thereto.

SPECIMEN

All payments of the principal of, interest on and redemption premiums due in connection with this Bond (the "Bond Requirements") shall be made in lawful money of the United States of America without deduction for the services of the Paying Agent.

The Bonds shall not be transferable or exchangeable, except as set forth in the District's Resolution adopted and approved on June 1, 2021 authorizing the issuance of the Bonds (the "Resolution").

Bonds, or portions thereof, are subject to optional prior redemption as set forth in the Resolution and the Certificate of the District.

Certain of the Bonds shall be subject to mandatory sinking fund redemption as provided in the Resolution and in the Certificate of the District.

Upon any partial prior redemption of this Bond, Cede & Co., in its discretion, may request the Registrar to authenticate a new Bond or shall make an appropriate notation on this Bond indicating the date and amount of prepayment, except in the case of final maturity, in which case this Bond must be presented to the Paying Agent prior to payment.

UNLESS THIS CERTIFICATE IS PRESENTED BY AN AUTHORIZED REPRESENTATIVE OF THE DEPOSITORY TRUST COMPANY, A NEW YORK CORPORATION ("DTC"), TO THE DISTRICT OR ITS AGENT FOR REGISTRATION OF TRANSFER, EXCHANGE, OR PAYMENT, AND ANY CERTIFICATE ISSUED IS REGISTERED IN THE NAME OF CEDE & CO., OR IN SUCH OTHER NAME AS IS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF DTC (AND ANY PAYMENT IS MADE TO CEDE & CO. OR TO SUCH OTHER ENTITY AS IS REQUESTED BY AN AUTHORIZED REPRESENTATIVE OF DTC), ANY TRANSFER, PLEDGE, OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL INASMUCH AS THE REGISTERED OWNER HEREOF, CEDE & CO., HAS AN INTEREST HEREIN.

This Bond must be registered in the name of the Registered Owner as to both principal and interest on the registration records kept by the Registrar in conformity with the provisions stated herein and endorsed hereon and subject to the terms and conditions set forth in the Resolution. No transfer of this Bond shall be valid unless made on the registration records maintained at the principal office of the Registrar by the Registered Owner or his attorney duly authorized in writing.

The District and the Registrar and Paying Agent may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for the purpose of making payment (except to the extent otherwise provided hereinabove and in the Resolution with respect to Regular and Special Record Dates for the payment of interest) and for all other purposes and the District, and Paying Agent and Registrar shall be not affected by notice to the contrary.

The Bonds are issued by the District and upon the credit thereof, for the purpose of defraying wholly or in part the cost of acquiring properties for stations authorized by NRS 474.511, including fixtures, structures, stations, other buildings and sites therefor and appurtenances and incidentals necessary, useful or desirable for any such facilities, including all types of property

SPECIMEN

therefor, under the authority of and in full conformity with the Constitution and laws of the State and the District and pursuant to the Resolution.

It is hereby certified, recited and warranted that the total indebtedness of the District, including that of this Bond, does not exceed any limit of indebtedness prescribed by the Constitution or laws of the State; that provision has been made for the levy and collection of annual general (ad valorem) taxes ("General Taxes") sufficient to pay the Bond Requirements of this Bond when the same become due (except to the extent other moneys are available therefor), subject to the limitations imposed by the Constitution and statutes of the State; and that the full faith and credit of the District are hereby irrevocably pledged to the punctual payment of the Bond Requirements according to the terms of this Bond.

The payment of the Bonds, as to all Bond Requirements, is additionally secured by an irrevocable pledge of revenues derived by the District from the Pledged Revenues (as defined in the Resolution).

Payment of the Bond Requirements due in connection with the Bonds may be made from and as security for such payment there is irrevocably and exclusively pledged, pursuant to the Resolution, special accounts thereby created and identified as the "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds, Series 2021, Principal Account," and "Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds, Series 2021, Interest Account," (collectively, the "Bond Fund") into which accounts the District covenants to pay from the revenues derived from the Pledged Revenues sums sufficient to pay when due the Bond Requirements of the Bonds, except to the extent other moneys are available therefor.

The Bonds are equitably and ratably secured by a lien on the Pledged Revenues, and the Bonds constitute an irrevocable lien (but not necessarily an exclusive lien) upon the Pledged Revenues on a parity with the lien of the Parity Securities (as defined in the Resolution) and any outstanding parity bonds hereafter issued, subject to and after any superior liens upon such Pledged Revenues of any Superior Securities. Bonds and other securities, in addition to the Bonds and the Parity Securities, subject to expressed conditions, may be issued and made payable from the Pledged Revenues having a lien thereon subordinate and junior to the lien or, subject to additional expressed conditions, having a lien thereon superior to or on a parity with the lien, of the Parity Securities and the Bonds, in accordance with the provisions of the Resolution.

The District covenants and agrees with the owner of this Bond and with each and every person who may become the owner hereof that it will keep and will perform all of the covenants of the Resolution.

Reference is made to the Resolution, NRS 474.460 through 474.540, inclusive (the "Project Act"); and NRS 360.600 to 360.740, inclusive, as amended from time to (the "Consolidated Tax Act"); an act cited as NRS 350.500 through 350.720, and all laws amendatory thereof, designated in NRS 350.500 as the Local Government Securities Law (the "Bond Act"); and to all laws supplemental thereto, for an additional description of the nature and extent of the security for the Bonds, the General Taxes, accounts, funds and revenues pledged, the nature and extent and manner of enforcement of the pledge, the rights and remedies of the owners of the

SPECIMEN

Bonds with respect thereto, the terms and conditions upon which the Bonds are issued, and a statement of rights and remedies of the owners of the Bonds.

The District has designated the Bond as a "qualified tax-exempt obligation" within the meaning of Section 265(b)(3)(B) of the Internal Revenue Code of 1986, as amended.

The Bonds are issued pursuant to the Project Act, the Consolidated Tax Act and the Bond Act, and pursuant to NRS 350.628, this recital is conclusive evidence of the validity of the Bonds and the regularity of their issuance; and pursuant to NRS 350.710, the Bonds, their transfer, and the income therefrom shall forever be and remain free and exempt from taxation by the State or any subdivision thereof except for the tax on estates imposed pursuant to chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to chapter 375B of NRS.

To the extent and in the respects permitted by the Resolution, the provisions of the Resolution or any instrument amendatory thereof or supplemental thereto may be modified or amended by action of the District taken in the manner and subject to the conditions and exceptions prescribed in the Resolution. The pledge of revenues and other obligations of the District under the Resolution may be discharged at or prior to the respective maturities of the Bonds upon the making of provision for the payment thereof on the terms and conditions set forth in the Resolution.

It is further certified, recited and warranted that all the requirements of law have been fully complied with by the proper officers of the District in the issuance of this Bond; that it is issued pursuant to and in strict conformity with the Constitution and laws of the State, particularly under the terms and provisions of the Project Act, the Consolidated Tax Act, the Bond Act and all laws supplemental thereto, and with the Resolution; and that this Bond does not contravene any constitutional or statutory limitation.

No recourse shall be had for the payment of the Bond Requirements of this Bond or for any claim based thereon or otherwise upon the Resolution or other instrument relating thereto, against any individual member of the Board of Fire Commissioners of the District, any individual member of the District, or any officer or other agent of the District, past, present or future, either directly or indirectly through such board or the District, or otherwise, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any penalty or otherwise, all such liability, if any, being by the acceptance of this Bond and as a part of the consideration of its issuance specially waived and released.

This Bond shall not be valid or obligatory for any purpose until a manual signature of a duly authorized officer of the Registrar has been affixed on the certificate of authentication hereon.

SPECIMEN

IN WITNESS WHEREOF, the District has caused this Bond to be signed and executed in its name and upon its behalf with the electronic, manual or facsimile signature of the Chair of its Board of Fire Commissioners, to be countersigned and executed with the electronic, manual or facsimile signature of the District Treasurer and has caused an electronic, manual impression or a facsimile of the seal of the District to be affixed hereon; and has caused this Bond to be signed, executed and attested with the electronic, manual or facsimile signature of the District Secretary, all as of the dated date above.

Statement of Insurance

Build America Mutual Assurance Company ("BAM"), New York, New York, has delivered its municipal bond insurance policy (the "Policy") with respect to the scheduled payments due of principal of and interest on this Bond to Zions Bancorporation, National Association, Los Angeles, California, or its successor, as paying agent for the Bonds (the "Paying Agent"). Said Policy is on file and available for inspection at the principal office of the Paying Agent and a copy thereof may be obtained from BAM or the Paying Agent. All payments required to be made under the Policy shall be made in accordance with the provisions thereof. By its purchase of these Bonds, the owner acknowledges and consents (i) to the subrogation and all other rights of BAM as more fully set forth in the Policy and (ii) that upon the occurrence and continuance of a default or an event of default under the Resolution or this Bond, BAM shall be deemed to be the sole owner of the Bonds for all purposes and shall be entitled to control and direct the enforcement of all rights and remedies granted to the owners of the Bonds or the trustee, paying agent, registrar or similar agent for the benefit of such owners under the Resolution, at law or in equity.

Truckee Meadows Fire Protection District
3663 Barron Way
Reno, NV 89511
Attention: Ms. Cynthia Vance, Chief Fiscal Officer

Re: ***US$2 Truckee Meadows Fire Protection District, Nevada, Issuer Credit Rating***

Dear Ms. Vance:

Pursuant to your request for an S&P Global Ratings rating on the above-referenced obligations, S&P Global Ratings has assigned a rating of "AA-" . S&P Global Ratings views the outlook for this rating as stable. A copy of the rationale supporting the rating is enclosed.

This letter constitutes S&P Global Ratings' permission for you to disseminate the above-assigned ratings to interested parties in accordance with applicable laws and regulations. However, permission for such dissemination (other than to professional advisors bound by appropriate confidentiality arrangements or to allow the Issuer to comply with its regulatory obligations) will become effective only after we have released the ratings on standardandpoors.com. Any dissemination on any Website by you or your agents shall include the full analysis for the rating, including any updates, where applicable. Any such dissemination shall not be done in a manner that would serve as a substitute for any products and services containing S&P Global Ratings' intellectual property for which a fee is charged.

To maintain the rating, S&P Global Ratings must receive all relevant financial and other information, including notice of material changes to financial and other information provided to us and in relevant documents, as soon as such information is available. Relevant financial and other information includes, but is not limited to, information about direct bank loans and debt and debt-like instruments issued to, or entered into with, financial institutions, insurance companies and/or other entities, whether or not disclosure of such information would be required under S.E.C. Rule 15c2-12. You understand that S&P Global Ratings relies on you and your agents and advisors for the accuracy, timeliness and completeness of the information submitted in connection with the rating and the continued flow of material information as part of the surveillance process. Please send all information via electronic delivery to: pubfin_statelocalgovt@spglobal.com. If SEC rule 17g-5 is applicable, you may post such information on the appropriate website. For any information not available in electronic format or posted on the applicable website,

Please send hard copies to:
S&P Global Ratings
Public Finance Department
55 Water Street
New York, NY 10041-0003

The rating is subject to the Terms and Conditions, if any, attached to the Engagement Letter applicable to the rating. In the absence of such Engagement Letter and Terms and Conditions, the rating is subject to the attached Terms and Conditions. The applicable Terms and Conditions are incorporated herein by reference.

S&P Global Ratings is pleased to have the opportunity to provide its rating opinion. For more information please visit our website at www.standardandpoors.com. If you have any questions, please contact us. Thank you for choosing S&P Global Ratings.

Sincerely yours,

S&P Global Ratings
Terms and Conditions Applicable To Public Finance Credit Ratings

General. The credit ratings and other views of S&P Global Ratings are statements of opinion and not statements of fact. Credit ratings and other views of S&P Global Ratings are not recommendations to purchase, hold, or sell any securities and do not comment on market price, marketability, investor preference or suitability of any security. While S&P Global Ratings bases its credit ratings and other views on information provided by issuers and their agents and advisors, and other information from sources it believes to be reliable, S&P Global Ratings does not perform an audit, and undertakes no duty of due diligence or independent verification, of any information it receives. Such information and S&P Global Ratings' opinions should not be relied upon in making any investment decision. S&P Global Ratings does not act as a "fiduciary" or an investment advisor. S&P Global Ratings neither recommends nor will recommend how an issuer can or should achieve a particular credit rating outcome nor provides or will provide consulting, advisory, financial or structuring advice. Unless otherwise indicated, the term "issuer" means both the issuer and the obligor if the obligor is not the issuer.

All Credit Rating Actions in S&P Global Ratings' Sole Discretion. S&P Global Ratings may assign, raise, lower, suspend, place on CreditWatch, or withdraw a credit rating, and assign or revise an Outlook, at any time, in S&P Global Ratings' sole discretion. S&P Global Ratings may take any of the foregoing actions notwithstanding any request for a confidential or private credit rating or a withdrawal of a credit rating, or termination of a credit rating engagement. S&P Global Ratings will not convert a public credit rating to a confidential or private credit rating, or a private credit rating to a confidential credit rating.

Publication. S&P Global Ratings reserves the right to use, publish, disseminate, or license others to use, publish or disseminate a credit rating and any related analytical reports, including the rationale for the credit rating, unless the issuer specifically requests in connection with the initial credit rating that the credit rating be assigned and maintained on a confidential or private basis. If, however, a confidential or private credit rating or the existence of a confidential or private credit rating subsequently becomes public through disclosure other than by an act of S&P Global Ratings or its affiliates, S&P Global Ratings reserves the right to treat the credit rating as a public credit rating, including, without limitation, publishing the credit rating and any related analytical reports. Any analytical reports published by S&P Global Ratings are not issued by or on behalf of the issuer or at the issuer's request. S&P Global Ratings reserves the right to use, publish, disseminate or license others to use, publish or disseminate analytical reports with respect to public credit ratings that have been withdrawn, regardless of the reason for such withdrawal. S&P Global Ratings may publish explanations of S&P Global Ratings' credit ratings criteria from time to time and S&P Global Ratings may modify or refine its credit ratings criteria at any time as S&P Global Ratings deems appropriate.

Reliance on Information. S&P Global Ratings relies on issuers and their agents and advisors for the accuracy and completeness of the information submitted in connection with credit ratings and the surveillance of credit ratings including, without limitation, information on material changes to information previously provided by issuers, their agents or advisors. Credit ratings, and the maintenance of credit ratings, may be affected by S&P Global Ratings' opinion of the information received from issuers, their agents or advisors.

Confidential Information. S&P Global Ratings has established policies and procedures to maintain the confidentiality of certain non-public information received from issuers, their agents or advisors. For these purposes, "Confidential Information" shall mean verbal or written information that the issuer or its agents or advisors have provided to S&P Global Ratings and, in a specific and particularized manner, have marked or otherwise indicated in writing (either prior to or promptly following such disclosure) that such information is "Confidential."

S&P Global Ratings Not an Expert, Underwriter or Seller under Securities Laws. S&P Global Ratings has not consented to and will not consent to being named an "expert" or any similar designation under any applicable securities laws or other regulatory guidance, rules or recommendations, including without limitation, Section 7 of the U.S. Securities Act of 1933. S&P Global Ratings has not performed and will not perform the role or tasks associated with an "underwriter" or "seller" under the United States federal securities laws or other regulatory guidance, rules or recommendations in connection with a credit rating engagement.

Disclaimer of Liability. S&P Global Ratings does not and cannot guarantee the accuracy, completeness, or timeliness of the information relied on in connection with a credit rating or the results obtained from the use of such information. S&P GLOBAL RATINGS GIVES NO EXPRESS OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF MERCHANTABILITY OR FITNESS

FOR A PARTICULAR PURPOSE OR USE. S&P Global Ratings, its affiliates or third party providers, or any of their officers, directors, shareholders, employees or agents shall not be liable to any person for any inaccuracies, errors, or omissions, in each case regardless of cause, actions, damages (consequential, special, indirect, incidental, punitive, compensatory, exemplary or otherwise), claims, liabilities, costs, expenses, legal fees or losses (including, without limitation, lost income or lost profits and opportunity costs) in any way arising out of or relating to a credit rating or the related analytic services even if advised of the possibility of such damages or other amounts.

No Third Party Beneficiaries. Nothing in any credit rating engagement, or a credit rating when issued, is intended or should be construed as creating any rights on behalf of any third parties, including, without limitation, any recipient of a credit rating. No person is intended as a third party beneficiary of any credit rating engagement or of a credit rating when issued.

REVISED
July 8, 2021

Build America Mutual Assurance Company
200 Liberty Street - 27th Fl.
New York, NY 10281
Attention: Ms. Laura Levenstein, Chief Risk Officer

Re: ***$7,000,000 Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021, dated: Date of Delivery, due: June 1, 2022-2039, 2041, 2043, 2046, (POLICY #2021B0680)***

Dear Ms. Levenstein:
S&P Global Ratings has reviewed the rating on the above-referenced obligations. After such review, we have changed the rating from "AA-" to "AA" on the above obligations. The rating on the above obligations is based on the policy provided by your company.

We may adjust the underlying rating and the capital charge as a result of changes in the financial position of the issuer or performance of the collateral, or of amendments to the documents governing the issue, as applicable. With respect to the latter, please notify us of any changes or amendments over the term of the debt.

The credit ratings and other views of S&P Global Ratings are statements of opinion and not statements of fact. Credit ratings and other views of S&P Global Ratings are not recommendations to purchase, hold, or sell any securities and do not comment on market price, marketability, investor preference or suitability of any security. While S&P Global Ratings bases its credit ratings and other views on information provided by issuers and their agents and advisors, and other information from sources it believes to be reliable, S&P Global Ratings does not perform an audit, and undertakes no duty of due diligence or independent verification, of any information it receives. Such information and S&P Global Ratings' opinions should not be relied upon in making any investment decision. S&P Global Ratings does not act as a "fiduciary" or an investment advisor. S&P Global Ratings neither recommends nor will recommend how an issuer can or should achieve a particular credit rating outcome nor provides or will provide consulting, advisory, financial or structuring advice.

S&P Global Ratings is pleased to have the opportunity to provide its rating opinion. For more information please visit our website at www.standardandpoors.com. If you have any questions, please contact us. Thank you for choosing S&P Global Ratings.

Sincerely yours,

MUNICIPAL BOND INSURANCE POLICY

ISSUER: [NAME OF ISSUER]

Policy No: _____

MEMBER: [NAME OF MEMBER]

BONDS: $_____ in aggregate principal amount of [NAME OF TRANSACTION] [and maturing on]

Effective Date: _____

Risk Premium: $_____
Member Surplus Contribution: $ _____
Total Insurance Payment: $_____

BUILD AMERICA MUTUAL ASSURANCE COMPANY ("BAM"), for consideration received, hereby UNCONDITIONALLY AND IRREVOCABLY agrees to pay to the trustee (the "Trustee") or paying agent (the "Paying Agent") for the Bonds named above (as set forth in the documentation providing for the issuance and securing of the Bonds), for the benefit of the Owners or, at the election of BAM, directly to each Owner, subject only to the terms of this Policy (which includes each endorsement hereto), that portion of the principal of and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer.

On the later of the day on which such principal and interest becomes Due for Payment or the first Business Day following the Business Day on which BAM shall have received Notice of Nonpayment, BAM will disburse (but without duplication in the case of duplicate claims for the same Nonpayment) to or for the benefit of each Owner of the Bonds, the face amount of principal of and interest on the Bonds that is then Due for Payment but is then unpaid by reason of Nonpayment by the Issuer, but only upon receipt by BAM, in a form reasonably satisfactory to it, of (a) evidence of the Owner's right to receive payment of such principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner's rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in BAM. A Notice of Nonpayment will be deemed received on a given Business Day if it is received prior to 1:00 p.m. (New York time) on such Business Day; otherwise, it will be deemed received on the next Business Day. If any Notice of Nonpayment received by BAM is incomplete, it shall be deemed not to have been received by BAM for purposes of the preceding sentence, and BAM shall promptly so advise the Trustee, Paying Agent or Owner, as appropriate, any of whom may submit an amended Notice of Nonpayment. Upon disbursement under this Policy in respect of a Bond and to the extent of such payment, BAM shall become the owner of such Bond, any appurtenant coupon to such Bond and right to receipt of payment of principal of or interest on such Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under such Bond. Payment by BAM either to the Trustee or Paying Agent for the benefit of the Owners, or directly to the Owners, on account of any Nonpayment shall discharge the obligation of BAM under this Policy with respect to said Nonpayment.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent (as defined herein) are authorized or required by law or executive order to remain closed. "Due for Payment" means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity (unless BAM shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration) and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. "Nonpayment" means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. "Nonpayment" shall also include, in respect of a Bond, any payment made to an Owner by or on behalf of the Issuer of principal or interest that is Due for Payment, which payment has been recovered from such Owner pursuant to the United States Bankruptcy Code in accordance with a final, nonappealable order of a court having competent jurisdiction. "Notice" means delivery to BAM of a notice of claim and certificate, by certified mail, email or telecopy as set forth on the attached Schedule or other acceptable electronic delivery, in a form satisfactory to BAM, from and signed by an Owner, the Trustee or the Paying Agent, which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount, (d) payment instructions and (e) the date such claimed amount becomes or became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer, the Member or any other person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

SPECIMEN

BAM may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee, the Paying Agent, the Member and the Issuer specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee, the Paying Agent, the Member or the Issuer (a) copies of all notices required to be delivered to BAM pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to BAM and shall not be deemed received until received by both and (b) all payments required to be made by BAM under this Policy may be made directly by BAM or by the Insurer's Fiscal Agent on behalf of BAM. The Insurer's Fiscal Agent is the agent of BAM only, and the Insurer's Fiscal Agent shall in no event be liable to the Trustee, Paying Agent or any Owner for any act of the Insurer's Fiscal Agent or any failure of BAM to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, BAM agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to BAM to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy. This Policy may not be canceled or revoked.

This Policy sets forth in full the undertaking of BAM and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity. THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW. THIS POLICY IS ISSUED WITHOUT CONTINGENT MUTUAL LIABILITY FOR ASSESSMENT.

In witness whereof, BUILD AMERICA MUTUAL ASSURANCE COMPANY has caused this Policy to be executed on its behalf by its Authorized Officer.

MUNICIPAL BOND INSURANCE POLICY

ISSUER: Truckee Meadows Fire Protection District, Nevada

Policy No: 2021B0680

MEMBER: Truckee Meadows Fire Protection District, Nevada

Effective Date: July 28, 2021

BONDS: $7,000,000 in aggregate principal amount of General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured By Pledged Revenues), Series 2021

Risk Premium:	$7,000.00
Member Surplus Contribution:	$15,800.00
Total Insurance Payment:	$22,800.00

BUILD AMERICA MUTUAL ASSURANCE COMPANY ("BAM"), for consideration received, hereby UNCONDITIONALLY AND IRREVOCABLY agrees to pay to the trustee (the "Trustee") or paying agent (the "Paying Agent") for the Bonds named above (as set forth in the documentation providing for the issuance and securing of the Bonds), for the benefit of the Owners or, at the election of BAM, directly to each Owner, subject only to the terms of this Policy (which includes each endorsement hereto), that portion of the principal of and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer.

On the later of the day on which such principal and interest becomes Due for Payment or the first Business Day following the Business Day on which BAM shall have received Notice of Nonpayment, BAM will disburse (but without duplication in the case of duplicate claims for the same Nonpayment) to or for the benefit of each Owner of the Bonds, the face amount of principal of and interest on the Bonds that is then Due for Payment but is then unpaid by reason of Nonpayment by the Issuer, but only upon receipt by BAM, in a form reasonably satisfactory to it, of (a) evidence of the Owner's right to receive payment of such principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner's rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in BAM. A Notice of Nonpayment will be deemed received on a given Business Day if it is received prior to 1:00 p.m. (New York time) on such Business Day; otherwise, it will be deemed received on the next Business Day. If any Notice of Nonpayment received by BAM is incomplete, it shall be deemed not to have been received by BAM for purposes of the preceding sentence, and BAM shall promptly so advise the Trustee, Paying Agent or Owner, as appropriate, any of whom may submit an amended Notice of Nonpayment. Upon disbursement under this Policy in respect of a Bond and to the extent of such payment, BAM shall become the owner of such Bond, any appurtenant coupon to such Bond and right to receipt of payment of principal of or interest on such Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under such Bond. Payment by BAM either to the Trustee or Paying Agent for the benefit of the Owners, or directly to the Owners, on account of any Nonpayment shall discharge the obligation of BAM under this Policy with respect to said Nonpayment.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent (as defined herein) are authorized or required by law or executive order to remain closed. "Due for Payment" means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity (unless BAM shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration)

and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. "Nonpayment" means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. "Nonpayment" shall also include, in respect of a Bond, any payment made to an Owner by or on behalf of the Issuer of principal or interest that is Due for Payment, which payment has been recovered from such Owner pursuant to the United States Bankruptcy Code in accordance with a final, nonappealable order of a court having competent jurisdiction. "Notice" means delivery to BAM of a notice of claim and certificate, by certified mail, email or telecopy as set forth on the attached Schedule or other acceptable electronic delivery, in a form satisfactory to BAM, from and signed by an Owner, the Trustee or the Paying Agent, which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount, (d) payment instructions and (e) the date such claimed amount becomes or became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer, the Member or any other person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

BAM may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee, the Paying Agent, the Member and the Issuer specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee, the Paying Agent, the Member or the Issuer (a) copies of all notices required to be delivered to BAM pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to BAM and shall not be deemed received until received by both and (b) all payments required to be made by BAM under this Policy may be made directly by BAM or by the Insurer's Fiscal Agent on behalf of BAM. The Insurer's Fiscal Agent is the agent of BAM only, and the Insurer's Fiscal Agent shall in no event be liable to the Trustee, Paying Agent or any Owner for any act of the Insurer's Fiscal Agent or any failure of BAM to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, BAM agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to BAM to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy. This Policy may not be canceled or revoked.

This Policy sets forth in full the undertaking of BAM and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity. THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW. THIS POLICY IS ISSUED WITHOUT CONTINGENT MUTUAL LIABILITY FOR ASSESSMENT.

IN WITNESS WHEREOF, BUILD AMERICA MUTUAL ASSURANCE COMPANY has caused this Policy to be executed on its behalf by its Authorized Officer.

DISCLOSURE, NO DEFAULT AND TAX CERTIFICATE OF
BUILD AMERICA MUTUAL ASSURANCE COMPANY

BAM Policy No.: 2021B0680

BONDS: $7,000,000 in aggregate principal amount of
Truckee Meadows Fire Protection District, Nevada
General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured By Pledged Revenues),
Series 2021

Date of the Official Statement: July 07, 2021

The undersigned hereby certifies on behalf of BUILD AMERICA MUTUAL ASSURANCE COMPANY ("BAM"), in connection with the issuance by BAM of its Policy referenced above (the "Policy") in respect of the Bonds referenced above (the "Bonds") that:

(i) The information set forth under the caption "BOND INSURANCE-BUILD AMERICA MUTUAL ASSURANCE COMPANY" in the official statement referenced above, relating to the Bonds (the "Official Statement") is true and correct;

(ii) BAM is not currently in default nor has BAM ever been in default under any policy or obligation guaranteeing the payment of principal of or interest on an obligation;

(iii) The Policy is an unconditional and recourse obligation of BAM (enforceable by or on behalf of the holders of the Bonds) to pay the scheduled principal of and interest on the Bonds when due in the event of Nonpayment by the Issuer (as set forth in the Policy);

(iv) The insurance payment (inclusive of the sum of the Risk Premium and the Member Surplus Contribution) (the "Insurance Payment") is solely a charge for the transfer of credit risk and was determined in arm's length negotiations and is required to be paid to BAM as a condition to the issuance of the Policy;

(v) BAM will, for federal income tax purposes, treat the Insurance Payment as solely in consideration for the insurance risk it assumes in the Policy and not as consideration for an investment in BAM or its assets;

(vi) No portion of such Insurance Payment represents an indirect payment of costs of issuance, including rating agency fees, other than fees paid by BAM to maintain its rating, which, together with all other overhead expenses of BAM, are taken into account in the formulation of its rate structure, or for the provision of additional services by BAM, or represents a direct or indirect payment for any goods or services provided to the Issuer (including the right to receive a dividend), or the direct or indirect payment for a cost, risk or other element that is not customarily borne by insurers of tax-exempt bonds (in transactions in which the guarantor has no involvement other than as a guarantor);

(vii) BAM is not providing any services in connection with the Bonds other than providing the Policy, and except for the Insurance Payment, BAM will not use any portion of the Bond proceeds;

(viii) Except for payments under the Policy in the case of Nonpayment by the Issuer, there is no obligation to pay any amount of principal or interest on the Bonds by BAM;

(ix) (a) BAM has not paid any dividends to date, (b) BAM's Board of Directors has resolved that BAM's priorities for surplus, as it accumulates, will be to preserve capital strength and claims paying resources for the benefit of its members and secondarily to return value by reducing premiums charged for its insurance, and (c) BAM has no current expectation that any dividends will be paid;

(x) BAM does not expect that a claim or any other payment will be made on or with respect to the Policy or by BAM to the Issuer; and

(xi) Neither the Issuer nor any other Obligor is entitled to a refund of the Insurance Payment for the Policy in the event a Bond is retired before the final maturity date.

BAM makes no representation as to the nature of the interest to be paid on the Bonds or the treatment of the Policy under Section 1.148-4(f) of the Income Tax Regulations.

RE: Policy: 2021B0680
Member: Truckee Meadows Fire Protection District, Nevada
Bonds: General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured By Pledged Revenues), Series 2021

Date of the Official Statement: July 07, 2021

Ladies and Gentlemen:

I am Counsel of Build America Mutual Assurance Company, a New York mutual insurance company ("BAM"). You have requested my opinion in such capacity as to the matters set forth below in connection with the issuance by BAM of its above-referenced policy (the "Policy"). In that regard, and for purposes of this opinion, I have examined such corporate records, documents and proceedings as I have deemed necessary and appropriate.

Based upon the foregoing, I am of the opinion that:

1. BAM is a mutual insurance company duly organized and validly existing under the laws of the State of New York and authorized to transact financial guaranty insurance business therein.

2. The Policy has been duly authorized, executed and delivered by BAM.

3. The Policy constitutes the valid and binding obligation of BAM, enforceable in accordance with its terms, subject, as to the enforcement of remedies, to bankruptcy, insolvency, reorganization, rehabilitation, moratorium and other similar laws affecting the enforceability of creditors' rights generally applicable in the event of the bankruptcy or insolvency of BAM and to the application of general principles of equity.

4. The issuance of the Policy qualifies the Member as a member of BAM until the Bonds are no longer outstanding. As a member of BAM, the Member is entitled to certain rights and privileges as provided in BAM's charter and by-laws and as may otherwise be provided under New York law. The Policy is non-assessable and creates no contingent mutual liability.

In addition, please be advised that I have reviewed the description of the Policy under the caption "BOND INSURANCE" in the official statement related to the above-referenced Bonds (the "Official Statement"). There has not come to my attention any information which would cause me to believe that the description of the Policy, as of the date of the Official Statement or as of the date of this opinion, contains any untrue statement of a material fact or omits to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. Please be advised that except as described above, I express no opinion with respect to any information contained in, or omitted from, the Official Statement.

I am a member of the Bar of the State of New York, and do not express any opinion as to any law other than the laws of the State of New York.

This letter and the legal opinions herein are intended for the information solely of the addressees hereof and solely for the purposes of the transactions described in the Official Statement and are not to be relied upon by any other person or entity (including, without limitation, any person or entity that acquires bonds from an addressee of this letter.) I do not undertake to advise you of matters that may come to my attention subsequent to the date hereof that may affect the conclusions expressed herein.

Very truly yours,

23

Truckee Meadows Fire Protection District, Nevada
General Obligation (Limited Tax) Capital Improvement Bonds
(Additionally Secured by Pledged Revenues)
Series 2021

Ladies and Gentlemen:

We have acted as bond counsel to the Truckee Meadows Fire Protection District, Nevada (the "District"), in connection with the issuance of its Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021 in the aggregate principal amount of $7,000,000 (the "Bonds") pursuant to an authorizing resolution of the Board of Fire Commissioners of the District adopted and approved on June 1, 2021 and have today delivered to you a copy of our executed approving opinion addressed to the District dated the date hereof relating to the Bonds. You are hereby authorized to rely on the legal conclusions expressed in the approving opinion in your capacity as insurer of the Bonds.

We assume no obligation to advise you of any changes in the above-described approving opinion subsequent to the delivery hereof. This letter is furnished to you as bond insurer (the "Bond Insurer") pursuant to your conditions for issuing an insurance policy on the Bonds, is solely for your information and benefit in connection with the District's initial offer and sale of the Bonds and may not be relied upon by you for any other purpose or relied upon by any other party without the prior written consent of this firm.

In connection with the issuance of the Bonds, we have represented the District, which is our sole client in this transaction. Delivery of this letter to you does not establish an attorney-client relationship between the Bond Insurer and this firm. In connection with the Bonds, you have been represented by your general counsel.

Very truly yours,

Sherman & Howard LLC

53485991.

$7,000,000
Truckee Meadows Fire Protection District, Nevada
General Obligation (Limited Tax) Capital Improvement Bonds
(Additionally Secured by Pledged Revenues)
Series 2021

Ladies and Gentlemen:

We have acted as special counsel to Truckee Meadows Fire Protection District, Nevada (the "District"), in connection with the issuance of the Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021 in the aggregate principal amount of $7,000,000 (the "Bonds"), as described in the Preliminary Official Statement dated June 18, 2021 (the "Preliminary Official Statement") and in the Official Statement dated July 7, 2021 (the "Official Statement"). Capitalized terms not otherwise defined herein shall have the meanings assigned to them in the Official Statement.

Pursuant to federal securities laws, the District, acting through its Board of Fire Commissioners, is responsible for the statements contained in the Preliminary Official Statement and the Official Statement. In our capacity as special counsel, we have rendered advice to the District on the applicable legal standards to be used in meeting the District's disclosure responsibilities. Nevertheless, the purpose of our professional engagement was not to establish or to confirm factual matters set forth in the Preliminary Official Statement or the Official Statement, and we have not undertaken to verify independently any of such factual matters.

In requesting and accepting this letter, you recognize and acknowledge that: (i) the scope of the activities performed by us described above were inherently limited and do not encompass all activities that you may be responsible for undertaking in preparing the Preliminary Official Statement and the Official Statement; (ii) our activities relied substantially on representations, warranties, certifications and opinions made by your representatives and others,

and are otherwise subject to the matters set forth in this letter; and (iii) while statements of negative assurance are customarily given to underwriters of municipal securities to assist them in discharging their responsibilities under the federal securities laws, the responsibilities of the issuer of such securities under those laws may differ from those of underwriters in material respects, and this letter may not serve the same purpose or provide the same utility to you as it would to an underwriter of the Bonds.

Subject to the foregoing, and on the basis of the information we gained in the course of performing the services referred to above, we confirm to you that no facts have come to the attention of the attorneys in our firm rendering legal services in connection with this matter that cause them to believe that the Preliminary Official Statement as of its date and the Official Statement as of its date or as of the date hereof contained or contains any untrue statement of a material fact or omitted or omits to state any material fact necessary to make the statements made therein, in the light of the circumstances under which they were made, not misleading; provided, however, we do not assume responsibility for the accuracy, completeness or fairness of the statements contained in the Preliminary Official Statement or the Official Statement, nor do we express any belief with respect to any financial and statistical data and forecasts, projections, estimates, assumptions and expressions of opinion, information concerning the Policy and BAM, and information concerning The Depository Trust Company and the book-entry system for the Bonds contained or incorporated by reference in the Preliminary Official Statement or the Official Statement and its Appendices, which we expressly exclude from the scope of this paragraph.

This letter is furnished by us solely for your benefit in connection with the initial offering and public sale of the Bonds and may not be relied upon by you for any other purpose or relied upon by any other person or entity without the prior written consent of this firm. We disclaim any obligation to advise the District of any changes in the foregoing subsequent to the delivery of this letter or to supplement this letter to reflect any facts or circumstances that may hereafter come to our attention or any changes in the law that may hereafter occur.

Very truly yours,

Sherman & Howard LLC

July 28, 2021

Truckee Meadows Fire Protection District, Nevada
3663 Barron Way
Reno, NV 89511

$7,000,000
Truckee Meadows Fire Protection District, Nevada
General Obligation (Limited Tax) Capital Improvement Bonds
(Additionally Secured by Pledged Revenues)
Series 2021

Ladies and Gentlemen:

We have acted as bond counsel to Truckee Meadows Fire Protection District, Nevada (the "District" and the "State," respectively), in connection with the issuance of its Truckee Meadows Fire Protection District, Nevada, General Obligation (Limited Tax) Capital Improvement Bonds (Additionally Secured by Pledged Revenues), Series 2021 in the aggregate principal amount of $7,000,000 (the "Bonds"), pursuant to an authorizing ordinance adopted and approved by the Board of Fire Commissioners on June 1, 2021 (the "Bond Resolution"). In such capacity, we have examined the District's certified proceedings and such other documents and such law of the State and of the United States of America as we have deemed necessary to render this opinion letter. Capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the Bond Resolution.

Regarding questions of fact material to our opinions, we have relied upon the District's certified proceedings and other representations and certifications of public officials and others furnished to us without undertaking to verify the same by independent investigation.

Based upon such examination, it is our opinion as bond counsel that:

1. The Bonds constitute the valid and binding limited tax general obligations of the District.

2. All of the taxable property in the District is subject to the levy of annual general (ad valorem) taxes to pay the Bonds, subject to the limitations imposed by the Constitution and laws of the State.

3. As provided in the Bond Resolution and in accordance with the provisions of NRS 361.463, taxes levied for the payment of the bonded indebtedness (including the Bonds) of all overlapping units within the boundaries of the District (i.e., the State, the District, and any other political subdivision therein) and for the payment of interest on such indebtedness enjoy a

priority over taxes levied by each such unit (including, without limitation, the State and the District) for all other purposes (subject to any exception implied by law for the exercise of the police power) where reduction is necessary in order to comply with NRS 361.453.

4. The Bonds are additionally secured by and payable from the Pledged Revenues. The Bond Resolution creates a valid lien on the Pledged Revenues and the Bond Fund pledged therein for the security of the Bonds on a parity with the lien thereon of the Outstanding Parity Securities, superior and prior to the lien thereon of any Outstanding Subordinate Securities hereafter issued and subordinate to the lien thereon of any Outstanding Superior Securities hereafter issued. Except as described in this paragraph, we express no opinion regarding the priority of the lien on the Pledged Revenues or on the Bond Fund created by the Bond Resolution.

5. Interest on the Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date hereof (the "Tax Code"), and interest on the Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code. The opinions expressed in this paragraph assume continuous compliance with the covenants and continued accuracy of the representations contained in the District's certified proceedings and in certain other documents and certain other certifications furnished to us.

6. Under the laws of the State in effect as of the date hereof, the Bonds, their transfer, and the income therefrom are free and exempt from taxation by the State or any subdivision thereof, except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to Chapter 375B of NRS.

The opinions expressed in this opinion letter are subject to the following:

The obligations of the District incurred pursuant to the Bonds and the Bond Resolution may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

The Bond has been designated by the District as a "qualified tax-exempt obligation" for purposes of Section 265(b)(3) of the Tax Code.

We understand that Build America Mutual Assurance Company has issued a municipal bond insurance policy relating to the Bonds. We express no opinion as to the validity or enforceability of such policy or the security afforded thereby.

In this opinion letter issued in our capacity as bond counsel, we are opining only upon those matters set forth herein, and we are not passing upon the accuracy, adequacy or completeness of the Official Statement relating to the Bonds or any other statements made in connection with any offer or sale of the Bonds or upon any state or federal or state tax consequences arising from the receipt or accrual of interest on or the ownership or disposition of the Bonds, except those specifically addressed herein.

This opinion letter is issued as of the date hereof and we assume no obligation to revise or supplement this opinion letter to reflect any facts or circumstances that may hereafter come to our attention or any changes in laws that may hereafter occur.

Respectfully submitted,

Sherman & Howard LLC

CLOSING MEMORANDUM

July 21, 2021

Cindy Vance
Chief Fiscal Officer
Truckee Meadows Fire Protection District, Nevada
3663 Barron Way
Reno, Nevada 89511

Re: $7,000,000 Truckee Meadows Fire Protection District, Nevada General Obligation (Limited Tax) Capital Improvement Bonds, Series 2021

Cindy:

The closing for the above-captioned bonds will be at 9:00 a.m. Pacific Time on Wednesday, July 28, 2021, via conference call using the call-in number 877-391-8664 and the access code 07280830#.

Prior to closing, the Bonds will be registered in the name of Cede & Co., as nominee of the Depository Trust Company, New York, New York ("DTC"). Zions Bancorporation, National Association (the "Paying Agent") will cause the bond certificates to be authenticated and held on behalf of DTC. Robert W. Baird & Co., Inc., (the "Purchaser") is responsible for submitting the Eligibility Questionnaire to DTC. Sherman & Howard L.L.C., ("Bond Counsel"), has prepared the Letter of Representations.

At or prior to the closing, a representative of the Purchaser will be required to sign the Purchaser's Receipt. This receipt will be included with the other closing certificates and the unqualified opinion of Sherman & Howard L.L.C., in the transcript documenting the transaction. Arrangements will be made for delivery of the Purchaser's copy of the transcript.

The total sources and uses for the Bonds consist of the following:

SOURCES:	
$7,000,000.00	Par Amount
441,981.60	Original Issue Premium
$7,441,981.60	Total
USES:	
$7,159,637.85	Construction Funds
95,593.75	Net Underwriting
22,800.00	Bond Insurance Premium
163,950.00	Issuance Costs
$7,441,981.60	Total Uses

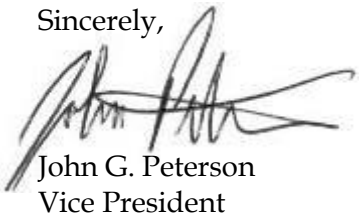
Settlement is to be made by wire transfer. The settlement amount due to the District from the Purchaser is calculated as follows:

$7,000,000.00	Par Amount
441,981.60	Plus: Premium
(95,593.75)	Less: Underwriter's Discount
(22,800.00)	Less: Insurance Premium
(70,000.00)	Less: Good Faith Deposit
$7,253,587.85	Amount Due

The **Purchaser** will wire $7,253,587.85 to the District using the following wire instructions:

$7,253,587.85
Wells Fargo Bank, NA
MAC S4786-024
6325 South Rainbow Blvd., Ste 210
Las Vegas, NV 89118
ABA #: 121-000-248
Bank Wire Account #: 4504180225
Reference: Truckee Meadows FPD Cap. Imp. Bonds
Bank Contact: Patrick Foley, patrick.foley@wellsfargo.com, 702-247-5613

Prior to closing, the **Purchaser** will wire $22,800.00 to Build America Mutual Assurance Company, (the "Bond Insurer") using the following wire instructions.



$22,800.00
Bank: First Republic Bank
ABA #: 321-081-669
Account Name: Build America Mutual Assurance Company
Acct. No.: 80001613703
Policy No.: 2021B0680 (Include in OBI Field)

A debt service schedule for the Bonds is enclosed.

The following table includes contacts and phone numbers if there are any questions or additional information is required.

Cindy Vance	Issuer	775-326-6070
Vicky Ossoinik	Purchaser	414-765-3725
Claudette Littlejohn	Bond Insurer	212-235-2572
Jacki Nowak	Paying Agent	213-593-3155
Kendra Follett	Bond Counsel	775-323-1980
John Peterson	Financial Advisor	702-294-5100

Sincerely,

John G. Peterson
Vice President

EXHIBIT 17

SUMMARY: Organizes Truckee Meadows Fire Protection District; describes boundaries thereof; authorizes contracts between county and district.

BILL NO. 282

ORDINANCE NO. 188

AN ORDINANCE CREATING AND ORGANIZING THE TRUCKEE MEADOWS FIRE PROTECTION DISTRICT; DESCRIBING THE BOUNDARIES THEREOF AND THE TERRITORY INCLUDED THEREIN; AUTHORIZING CONTRACTS BETWEEN THE DISTRICT AND WASHOE COUNTY; AND PROVIDING OTHER MATTERS PROPERLY RELATING THERETO.

THE BOARD OF COUNTY COMMISSIONERS OF THE COUNTY OF WASHOE DO ORDAIN:

SECTION 1. Organization, name of district. Pursuant to the authority contained in NRS 474.460 in order to provide for the prevention and extinguishment of fires there is hereby created and organized in Washoe County, Nevada, a fire protection district, the boundaries of which are described in Section 2 of this ordinance, which is named and shall be known as the Truckee Meadows Fire Protection District.

SECTION 2. Boundaries of district; excepted areas. The boundaries of the Truckee Meadows Fire Protection District are described as follows:

Commence at the point of intersection of the California-Nevada state line and the north line of T.22N., M. D. B. & M., the true point of beginning; thence easterly along the north line of T.22N., M. D. B. & M., to a point of intersection with the county boundary line common to Washoe County and Churchill County; thence southwesterly along the county boundary line to a monument common to Washoe County, Churchill County and Lyon County; thence southwesterly and westerly along the county boundary line common to Washoe County and Lyon County to a point on the easterly county boundary line of Storey County; thence northeasterly, northwesterly, southwesterly along the boundary line common to Washoe County and Storey County to a county boundary monument common to Washoe County, Storey County, Lyon County and Carson City; thence southwesterly along the county boundary line common to Washoe County and Carson City to the intersection with the California-Nevada state line; thence northerly along the state line to the true point of beginning, excepting therefrom the territory included in:

1. The incorporated areas of the cities of Reno and Sparks.

2. Fire protection districts formed and existing in accordance with the provisions of chapter 473 of NRS or NRS 474.010 to 474.450, inclusive.

12-731

SECTION 3. Contracts between county and district. Pursuant to the provisions of NRS 474.475, the Board of County Commissioners of Washoe County, Nevada, hereby authorizes the execution of contracts between Washoe County and the Truckee Meadows Fire Protection District for the prevention and control of fires and concerning the exercise of the powers provided in NRS 474.470.

SECTION 4. Effective date. This ordinance shall be in full force and effect from and after its passage, approval and publication as prescribed by NRS 244.100.

Proposed on the 17th day of January, 1972.

Proposed by Commissioner Pagni.

Passed on the 25th day of January, 1972.

Vote:

Ayes: Commissioners Pagni, Coppa, McKissick, Rusk and Nelson

Nayes: Commissioners None

Absent: Commissioners None

72-131

Roy Pagni
Chairman of the Board

WASHOE
STATE OF NEVADA

H.F. BROWN, COUNTY CLERK
County Clerk
By [illegible] Chief Deputy

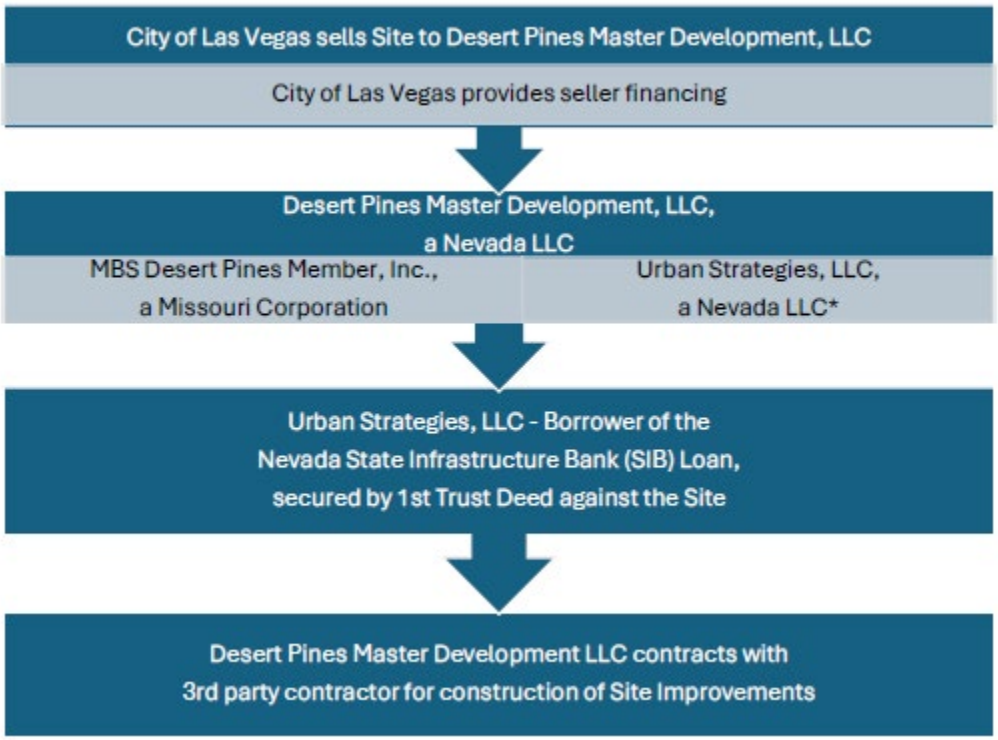
This Ordinance shall be in force and effect from and after the 10th day of February, 1972.

Relates to Agenda Item 8

To: Board of Directors of the Nevada State Infrastructure Bank
From: Erik Jimenez, Secretary to the Board of Directors
Date: November 13, 2024
Re: Agenda Item 8 - Staff Report on the Desert Pines Infrastructure Project

---

Pursuant to the Regulation LCB File No. R017-22, which governs the Nevada State Infrastructure Bank ("Bank"), staff has prepared the following report on Urban Strategies LLC's ("Applicant") request for a loan from the Bank for assistance for the first phase of construction for the Desert Pines Infrastructure Project in Las Vegas, NV, along with a recommendation for the Board of Directors' consideration.



- **Applicant:** Urban Strategies LLC
- **Project:** Desert Pines Infrastructure Project
- **Lender:** Nevada State Infrastructure Bank
- **Amount Requested:** $25,000,000 from the State Infrastructure Bank's Affordable Housing Revolving Account
- **Term:** 35 years
- **Interest rate:** 4.51 %
- **Expected interest generated for the Bank:** $2,688,605.73
- **Total Development Cost for Phase 1 of the Project:** $57,300,000
- **Leverage multiple for the Bank:** 2.3x for Phase 1 of the Project. Total Development Costs for Phase 2 of the Project are still being determined.

Project Overview: Loan proceeds will be used by the Borrower to construct the first phase of vertical infrastructure for the Desert Pines Redevelopment ("Project) which will include 1,082 affordable multi-family housing units, 280 market rate housing units, a 10,000 square foot community center, 75,000 square feet of commercial space, a 10,000 square foot Early Education Center, a 30,000 square foot Job Training Center, and 7-acres of open space and community recreational areas.

The master plan includes 17 development parcels that will be developed with a combination of affordable family rentals, affordable senior rentals, market-rate homeownership, commercial, educational and open space. One parcel will be developed with a training facility that will be owned by the city and leased to a community college for classes for members of the community. An additional parcel will be developed as a recreation area. An early education center is planned for another parcel to benefit the families that live within the community. Agreements for these uses are in the process of being developed.

This Project is being performed by the Applicant in partnership with Desert Pines Master Development, LLC ("Master Developer") which has the Applicant and McCormack Baron Salazar as sole members.

The organizational structure for the project is illustrated below:

This proposed loan from the Bank is being secured against the first Deed of Trust on the Project site. If this Project is approved by the Board of Directors, the Bank will have a senior position on the site.

Financing Application Background: On June 28, 2024, the Applicant submitted a financing application to the Bank requesting $40,000,000 for the Project. After the financing application was received, staff worked with the Applicant to lower this amount to $25,000,000.

As part of the financing application submitted to the Bank, the Applicant also included a number of exhibits related to the Project. A copy of the financing application and corresponding exhibits can be found in Exhibit D of this report.

General Requirements: Pursuant to the Bank's regulation, LCB File No. R017-22, for each application for a loan or other financial assistance that is submitted to the Bank, staff is required to:

1) *Review the application for completeness, including, without limitation, any attachments, or exhibits;*
2) *Confirm that the governing body of the applicant has approved the application; and*
3) *Confirm that the applicant is a qualified borrower, and the project is an eligible project;*

The financing application submitted by the Applicant, along with all corresponding documents submitted to the Bank by the Applicant can be found in Exhibit D.

After reviewing the financing application submitted by the Applicant, Bank staff has determined that the application is complete, and that the Applicant's governing board has approved its application. Additionally, pursuant to NRS 266.748 a qualified borrower that is eligible to receive a loan or other financial assistance from the Bank is defined as "a governmental unit, an Indian reservation or Indian colony or a private nonprofit entity created for charitable or educational purposes."

Staff has determined through its analysis that the Applicant is a qualified borrower, and the Project is an eligible project since it meets the definition of "Social Infrastructure" set forth in NRS 226.751.

Repayment Structure, Financing and Credit Analysis: In addition to the above General Requirements set forth in LCB File No. R017-22, Bank staff also undergoes the following steps when reviewing financing applications:

1) *Confirm that the proposed source of repayment is appropriate for the loan or other financial assistance from the Bank and that the applicant has the ability to repay the loan or other financial assistance from the proposed source of repayment;*
2) *Determine the impact of the loan or other financial assistance on the finances and operations of the applicant;*
3) *Determine whether the applicant has unmet capital needs that could be detrimentally affected by the loan or other financial assistance or that could detrimentally affect the ability of the applicant to repay the loan or other financial assistance;*
4) *Review the audited financial statements of the applicant for the immediately preceding 5 years or, if the applicant is a new entity with less than 5 years of financial statements, review the existing audited financial statements and a feasibility study for the eligible project provided by the applicant;*
5) *Conduct a financial analysis of the applicant's general credit, including, without limitation:*
    a) *An analysis of the financial statements of the applicant using criteria appropriate for an analysis of municipal credits or private credits, as applicable;*
    b) *A review of any official statements or prospectus used by the applicant in conjunction with the issuance of bonds;*
    c) *Conducting discussions with the financial advisor and underwriter of the applicant to assist in evaluating the applicant's financial condition;*
    d) *A review of reports of bond rating agencies, where applicable;*
    e) *For applicants who are governmental units, a review of existing property tax rates and general obligation bonding capacity; (Not applicable)*
    f) *An analysis of the existing indebtedness of the applicant, both secured and unsecured; and*
    g) *An analysis of cash flow projections;*
6) *Examine population trends;*
7) *Examine assessed value trends;*

8) *Evaluate the relevant legal authority applicable to the applicant, including, without limitation, state law, federal tax law and local ordinances and resolutions;*
9) *Evaluate the extent to which the management of the applicant understands the obligations, terms and conditions of the loans and other financial assistance provided by the Bank; and*
10) *Determine the readiness of the management of the applicant to assume responsibility for the timely repayment of the loan or other financial assistance.*

Each of these items is addressed below:

1. ***Confirm that the proposed source of repayment is appropriate for the loan or other financial assistance from the Bank and that the applicant has the ability to repay the loan or other financial assistance from the proposed source of repayment.***

The Applicant intends to draw down this proposed loan based on the vertical construction schedule for Phase 1 of the Project, which is included below:

The Phase 1 vertical phases are projected to close vertical financing on the schedule below

Parcel	Proposed Use	Projected Closing & Repayment Schedule	Repayment Amount
3	Mixed-Use Affordable Housing	Dec-25	$3,342,531
4	CSN Job Training Center	Apr-26	$735,835
9	Homeownership For-Sale	Aug-27	$3,642,384
11	Homeownership For-Sale	Aug-27	$7,748,344
17	Early Education Center	Dec-26	$245,278
6	Commercial Development	Jun-29	$1,751,288
16	Multifamily Mixed-Income Affordable Housing	Dec-28	$1,333,395
5	Community Service Use / General Commercial	Jun-31	$245,278
14	Multifamily Mixed-Income Affordable Housing	Jun-27	$2,066,777
15	Multifamily Mixed-Income Affordable Housing	Dec-30	$3,888,890
		Phase 1 Total:	**$25,000,000**

Each portion of vertical construction will be repaid to the Bank, inclusive of principal and the pro-rata share of interest for the portion of construction, within 30 days of the Applicant and Master Developer closing on the respective parcel.

The schedule for disbursements can be found in Exhibit B, and is also included below:

Date of Disbursement	Disbursement Amount	Amount Remaining
06/01/2025	$2,000,000.00	$23,000,000.00
07/01/2025	$1,000,000.00	$22,000,000.00
07/01/2025	$1,500,000.00	$20,500,000.00
08/01/2025	$2,000,000.00	$18,500,000.00
09/01/2025	$2,000,000.00	$16,500,000.00
10/01/2025	$2,000,000.00	$14,500,000.00
11/01/2025	$2,000,000.00	$12,500,000.00
12/01/2025	$2,000,000.00	$10,500,000.00
01/01/2026	$2,000,000.00	$8,500,000.00

02/01/2026	$2,000,000.00	$6,500,000.00
03/01/2026	$1,500,000.00	$5,000,000.00
04/01/2026	$1,500,000.00	$3,500,000.00
05/01/2026	$1,500,000.00	$2,000,000.00
06/01/2026	$2,000,000.00	$0.00

Based on the repayment expectations, staff expects that Bank will generate $2,688,605.73 in interest over the course of this loan. The estimated debt service/amortization schedule for this proposed loan can be found in Exhibit B.

Based on this analysis, Staff feels comfortable that the Applicant's proposed revenue source repayment is appropriate for this proposed loan from the Bank. Additionally, Staff feels comfortable that the Applicant has the ability to repay the loan based on receiving permanent financing on each portion of the Project from 2025 through 2030.

2. ***Determine the impact of the loan or other financial assistance on the finances and operations of the applicant.***

As was previously mentioned, and as is outlined in both Exhibit A and Exhibit B, the Applicant intends repay this loan through revenues received perm from the sale of each respective parcels of the Project once the construction is complete.

The site will be subdivided into 17 individual development parcels, and each development parcel will be allocated its pro rata share of the loan amount. Upon commencement of vertical construction on the respective parcel, each parcel will repay its pro rata share of the Bank's loan.
Upon repayment of the Bank's allocated loan amount, the respective parcel will receive a partial release from the Bank's loan. The full Bank loan will be repaid in full upon the start of vertical construction of the parcels. As noted, this process shall repeat until a requisite number of development parcels have been sold to allow for the Bank to be repaid in full. The sources of funds may be private equity or commercial debt used to finance the vertical development of each parcel.

Therefore, this loan would have an impact on the Applicant's overall finances over the course of the term of the loan. Based on the estimated debt service/amortization schedule in Exhibit B, the Applicant can have repayment obligations beginning in December 2025. The anticipated amount of loan repayments from is expressed below:

Expected Payment Date	Repayment Amount
12/31/2025	$3,726,527.00
12/31/2026	$820,367.00
12/31/2027	$5,073,559.00
12/31/2027	$3,618,439.00

12/31/2027	$8,638,464.00
12/31/2029	$3,510,760.00
12/31/2030	$1,952,473.00
12/01/2030	$348,026.73
Total	**$27,688,615.73**

Additionally, the Applicant will be permitted to elect to pre-pay or accelerate scheduled loan payments on both principal and interest without penalty or premium, which may reduce the anticipated interest that will be accrued by the Applicant.

An estimated debt service/amortization schedule of this proposed loan can be found in Exhibit B of this report. Assuming the Applicant makes draws on the loan in line with the amortization schedule, the Bank could expect to receive $2,688,605.73 in interest payments over the life of this proposed loan.

3. ***Determine whether the applicant has unmet capital needs that could be detrimentally affected by the loan or other financial assistance or that could detrimentally affect the ability of the applicant to repay the loan or other financial assistance.***

As part of the Applicant's financing application, an annual operating budget was provided as well as audited financial statements for Fiscal Years 2017, 2018, 2019, 2021, and 2022. All of these documents were reviewed by Bank staff to determine what existing obligations might be able to affect the Applicant's ability to repay a loan from the Bank.

Based upon this lack of outstanding financial obligations, Bank staff does not feel that the Applicant has any unmet capital needs that could be detrimentally affected by the loan or other financial assistance, or that could detrimentally affect the ability of the applicant to repay the loan or other financial assistance from the Bank.

4. ***Review the audited financial statements of the applicant for the immediately preceding 5 years or, if the applicant is a new entity with less than 5 years of financial statements, review the existing audited financial statements and a feasibility study for the eligible project provided by the applicant.***

Bank staff has reviewed the last six years of the Applicant's audited financial statements, which cover Fiscal Years 2017, 2018, 2019, 2021, and 2022. Staff would note that the Applicant adheres to a fiscal year spanning from January 1st – December 31st.

All these independent financial audits were conducted by Mueller Prost for the 2017, 2018, and 2019. WIPFLI for the year 2020, and Rubin Brown for the years 2021 and 2022. Muller Prost CPA has since merged into WIPFLI LLP. WIPFLI has locations across the US as well as India and the Philippines. Rubin Brown is a CPA based out of six locations across the country including

one office in Las Vegas. Bank staff has also confirmed the accuracy and validity of these audited financial statements provided by the Applicant for Fiscal Years 2017-2022.

Based on the review of these audited financial statements, the Applicant has demonstrated a positive net financial position in each fiscal year since 2017. In each audited financial statement reviewed by staff, the Applicant's total assets have exceeded liabilities for each fiscal year.

Based on these factors contained within the Applicant's audited financial statements for Fiscal Years 2017-2022, Bank staff feels comfortable that the Applicant is in a stable financial condition to repay this proposed loan from the Bank.

5. ***Conduct a financial analysis of the applicant's general credit, including, without limitation:***

a. ***An analysis of the financial statements of the applicant using criteria appropriate for an analysis of municipal credits or private credits, as applicable;***

Based on the analysis discussed in the previous section, Bank staff feels comfortable with the audited financial statements that were provided by Applicant covering Fiscal Years 2017-2022.

b. ***A review of any official statements or prospectus used by the applicant in conjunction with the issuance of bonds;***

Staff has determined that this section is not applicable to this particular Project and Applicant.

c. ***Conducting discussions with the financial advisor and underwriter of the applicant to assist in evaluating the applicant's financial condition;***

Since the Applicant submitted its financing application on June 28, 2024, Bank staff has conducted numerous discussions with the Applicant, the applicant's financial advisor, and the Applicant's counsel to assist in evaluating the Applicant's financial condition to undertake this proposed loan.

d. ***A review of reports of bond rating agencies, where applicable;***

Staff has determined that this section is not applicable to this Project and Applicant.

e. ***For applicants who are governmental units, a review of existing property tax rates and general obligation bonding capacity.***

Staff has determined that this section is not applicable to this Project and Applicant.

f. An analysis of the existing indebtedness of the applicant, both secured and unsecured; and

In its financing application that was submitted to the Bank, the Applicant provided its audited financial statements for Fiscal Years 2017 – 2022 and a copy of its operating budget. As of November 13, 2024, the Applicant did not have any outstanding material financial obligations that were payable within a 90-day period.

g. An analysis of cash flow projections.

An estimated debt service/amortization schedule for the proposed loan for this Project can be found in Exhibit B of this report.

6. Examine population trends.

Staff has determined that this section is not applicable to this particular Project and Applicant.

7. Examine assessed value trends.

Staff has determined that this section is not applicable to this particular Project and Applicant.

8. Evaluate the relevant legal authority applicable to the applicant, including, without limitation, state law, federal tax law and local ordinances and resolutions.

Pursuant to NRS 226.748, a qualified borrower that is eligible to receive a loan or other financial assistance from the Bank is defined as "a governmental unit, an Indian reservation or Indian colony or a private nonprofit entity created for charitable or educational purposes."

Urban Strategies LLC is a non-profit single asset entity that was specifically formed to borrow funds to acquire, develop and/or dispose of real estate in the state of Nevada. This entity is a Nevada Limited Liability Company with Urban Strategies, Inc. a 501(c)(3) entity as the sole member.

As a result, Urban Strategies LLC retains the 501(c)(3) non-profit status of the sole member.

As expressed in the financing application submitted to the Bank, the Applicant is considered a qualified non-profit entity *"created to consult or advise originations, individuals, and governmental bodies concerning the development, management, design and operation of housing of all types and related facilities for person of low and moderate incomes."*

Additionally, the Applicant works to plan, develop, supervise, manage and operate housing of all types and related facilities for persons of low and moderate incomes. The Applicant is dedicated exclusively to charitable, educational, civic, political, cultural, social welfare and health purposes and not for gain or individual profit.

Being that the Applicant is indeed a qualified non-profit organization within the State of Nevada created for charitable or educational purposes, Staff has determined that the Applicant meets the standard for a qualified borrower under as defined under NRS 226.748.

9. ***Evaluate the extent to which the management of the applicant understands the obligations, terms and conditions of the loans and other financial assistance provided by the Bank.***

Based on the financing application that was submitted to the Bank, discussions that Bank staff had with the Applicant during the application review process, and through recent negotiations on the proposed loan agreement outlined in Exhibit C, Bank staff feels that the Applicant thoroughly understands the terms and conditions of the proposed loan for the Project, along with all reporting requirements that will be imposed by the Bank.

10. ***Determine the readiness of the management of the applicant to assume responsibility for the timely repayment of the loan or other financial assistance.***

Based on the various sources of funding that are being leveraged to support this Project, the Applicant is coming to the Bank for $25,000,000 in financing to complete the Project. Based on the Applicant's overall financial position coupled with the discussions that have been undertaken during this review process, Bank staff has determined that the management of the Applicant is ready to assume responsibility for the timely repayment of the Bank's loan over the 35-year period.

Affordable Housing Revolving Account Requirements: Pursuant to LCB File No. R017-22, the Board of Directors is authorized to approve a loan or other financial assistance from the Bank's Affordable Housing Revolving Account if:

1) *The loan or other financial assistance will be used solely to finance all or part of the eligible costs of an eligible project for the development, construction, repair, improvement, maintenance, or acquisition of a multifamily housing project which:*
    - *May include space dedicated to non-residential uses provided that the rentable area of the project dedicated to residential housing is not less than 75 percent of the total rentable area of the project; and*
    - *Is affordable housing as defined in NRS 278.0105;*
2) *The amount of the loan or other financial assistance will be matched by an equal or greater amount of a loan or other financial assistance provided by a pension fund investor or a commingled fund of pension fund investments with a demonstrated track record of successful investment in affordable housing; and*

3) *The developer selected for the eligible project demonstrates a long-term commitment to hiring local residents and using apprentices in apprenticeship programs registered with the State Apprenticeship Council.*
4) *Construction on a qualified project for which all or part of the costs of the qualified project are paid for using a loan or other financial assistance from the Affordable Housing Revolving Account must be performed under a project labor agreement.*

Staff has worked to ensure that this Project will be compliant with the regulatory requirements of a loan from the Bank's Affordable Housing Revolving Account.

Firstly, staff has verified that this loan will be used solely for the initial infrastructure for the Desert Pines Redevelopment, and that more than 75% of funds will be utilized to construct new affordable housing units in Southern Nevada.

Additionally, the total redevelopment costs for the first phase of infrastructure for this Project are anticipated $57.3 million. The expected development costs for the second phase of the project are anticipated to be much higher than the Bank's proposed $25 million loan. As part of the financing application submitted by the Applicant, the AFL-CIO Housing Investment Trust submitted a letter of commitment to matching an amount greater than the proposed loan to support the affordable housing units that will be constructed through this Project.

As stated in its financing application to the Bank, the Applicant and the Master Developer have committed to selecting a developer on the Project that is committed to hiring local residents and using registered apprentices.

Finally, as part of the financing application submitted to the Bank, the Applicant included a signed letter from June 8, 2024, outlining its intent to execute a Project Labor Agreement with the Southern Nevada Building Trades Unions for this Project.

Based on this review, staff feels comfortable that this Project is eligible to receive a loan from the Bank's Affordable Housing Revolving Account.

Community Benefits and Job Creation: If the Board of Directors chooses to approve this application, the Applicant expects that there will be a number of community and economic benefits brought forth through development of the project.

Since 1978, USI has been fostering the intersection of safe, affordable housing and equitable human services to empower communities. The Las Vegas Desert Pines project is a hallmark of this mission, promising sustainable economic and social enhancements. The Results-Based Accountability (RBA) framework will guide the project to enrich residents' lives.

Key benefits include:

1. Diverse Housing Solutions: Offering 1,362 residential units, the development includes 1,082 multifamily affordable housing units and 280 for-sale homes, upholding USI's commitment to quality, affordable housing as foundational for stability and well-being.

2. Local Economic Growth: Introducing 71,400 square feet of commercial space, the project will serve as a new economic hub, in line with USI's tradition of stimulating local economies and job creation.

3. Educational Empowerment: A 30,000 square foot College of Southern Nevada Training Center and a 10,000 square foot Early Education Center align with USI's educational priorities, equipping residents with crucial skills.

4. Community Connectivity: A 10,000 square foot community center and management office will enhance resident engagement and access to services, continuing USI's four-decade legacy of community cohesion.

5. Health and Recreation: The project includes open spaces, a recreational area, and walking trails, reflecting USI's vision for healthy, sustainable living environments.

By using the Economic Policy Institute's employment multipliers per $1 million in construction, staff estimates that the first phase of this project will result in 315 direct jobs and 624 direct and induced jobs.

Additionally, the Applicant estimates that this project will result in the creation of 7 permanent jobs per 100 units of affordable housing, to service property management, maintenance, repairs, and other industry professionals that are ancillary to the building management and operations. Using this metric, there would be an estimated 95 permanent jobs created through this Project.

Therefore, the total job estimates for the first phase of this project are 1,034 jobs.

Local Hiring, Apprenticeship Utilization, and Prevailing Wages: Qualified Borrowers who receive a loan or other financial assistance from the Bank are required pursuant to LCB File No. R017-22 to ensure that for each contractor and subcontractor who performs construction work on a qualified project:

- At least 50% of the total project work hours within each construction trade are performed by Nevada residents, with at least 15% of these work hours performed by disadvantaged workers; and
- At least 15% of the total project work hours within each construction trade must be performed by apprentices, with at least 5% of these work hours performed by first-year apprentices.

In the financing application submitted to the Bank, the Applicant committed to adhering to the Bank's local hire and apprenticeship requirements for this Project.

Additionally, pursuant to NRS 226.826 projects financed by the Bank are subject to the payment of State prevailing wages, along with other provisions set forth in NRS 338.013 - 338.090. In the financing applicant submitted to the Bank, the Applicant stated that this Project will include the payment of prevailing wages.

If the Board of Directors chooses to approve this application for a loan from the Bank, all construction work for this Project will be subject to these provisions, and Bank staff will work with the Applicant to provide the Board of Directors with regular reporting on compliance with these provisions.

Environmental Standards: All qualified projects that receive loans or other financial assistance from the Bank are required to align with the standards and goals set forth in Nevada's 2020 Climate Strategy as well as the State's goals from the reduction of greenhouse gas emissions set forth in NRS 445B.380 and NRS 704.7820.

All environmental impacts associated with the development of the proposed infrastructure have been or will be mitigated through city-approved engineering designs. Preliminary engineering for traffic, stormwater, etc. have been submitted to and reviewed by the City of Las Vegas' various Public Works departments. Individual vertical phases may require subsequent environmental assessments, depending on future funding awards, that will evaluate any potential impacts and provide for mitigation measures, as appropriate.

Disadvantaged Community Goals: As set forth in Regulation LCB File No. R017-22, the Bank has an established goal of having at least 40 percent of the principal amount of its loans and other financial assistance going to support qualified projects that are located:

- In qualified census tracts as designated by the U.S. Secretary of Housing and Urban Development;
- In census tracts which have a high level of social vulnerability according to the Social Vulnerability Index developed by the Centers for Disease Control and Prevention;
- In communities which are determined by the Board of Directors to have a relatively large percentage of the population having limited English proficiency;
- On tribal lands or in communities where tribal members commonly reside; or
- In areas that have been subject to historical instances of redlining, segregation, or other discriminatory practices.

Bank staff has analyzed the location of this Project to understand whether or not it would meet the Bank's 40% goal of locating all projects in disadvantaged communities. In performing this analysis, staff has utilized data from the U.S. Department of Housing and Urban Development,

the Centers for Disease Control and Prevention, the U.S. Census Bureau, and the U.S. Department of Agriculture.

Since the national average estimate for limited English proficiency has been determined by the U.S. Census Bureau to be 8.3 percent, Bank staff has determined that census tracts with over 20% of the population limited English proficiency would meet the Bank's standard for its disadvantaged community goal.

How this Project compares to the Bank's metrics for locating projects in disadvantaged communities is expressed below:

- **Project Address:** 3415 E. Bonanza Rd, Las Vegas, NV 89101
- **County:** Clark
- **Census Tract:** 32003000514
- **Qualified Census Tract:** Yes
- **Social Vulnerability Score:** 0.9936 (high)
- **Tribal Lands:** No

Since this Project is located in a Qualified Census Tract and because the social vulnerability score for the census tract where the Project is located possesses a high level of social vulnerability, Bank staff has deemed that this Project would contribute to the Bank's 40% goal of locating projects in disadvantaged communities.

Financing Agreement: Bank staff has worked with the Applicant, the Nevada Attorney General's Office, and legal counsel retained by the Applicant to draft a financing agreement between the Nevada State Infrastructure Bank and the Applicant for this project. This financing agreement is included in Exhibit D for consideration by the Board of Directors.

Staff recommendation: Based on the foregoing analysis, staff recommends that the Board of Directors approve a loan of $25,000,000 from the Bank's Affordable Housing Revolving Account to Urban Strategies LLC for the Desert Pines Project in accordance with the proposed loan terms included in Exhibit A.

Exhibit A

Desert Pines Infrastructure Project

Proposed Loan Terms:

Lender/ Bank:	Nevada State Infrastructure Bank
Borrower:	Urban Strategies LLC
Loan Amount:	Maximum $25,000,000
Loan Purpose:	Loan proceeds will be used by the Borrower to construct the first phase of vertical infrastructure for the Desert Pines Redevelopment which will include 1,082 affordable multi-family housing units, 280 market rate housing units, a 10,000 square foot community center, 75,000 square feet of commercial space, a 10,000 square foot Early Education Center, a 30,000 square foot Job Training Center, and 7-acres of open space and community recreational areas.
Loan Closing	35 years
Maturity Date:	2059
Security:	Loan will be secured against the Desert Pines Master Development LLC fee interest ownership of the Project site.
Financing Rate:	Fixed rate of 4.51%
Disbursement:	Draw down disbursements based on vertical construction schedule for the Project. Disbursement requests must be agreed upon by the Lender and Borrower at least 30 days prior to each scheduled disbursement.
Additional Sources of Funding:	Borrower will provide $22,400,000 in additional financing for the Project, which includes a seller note from the City of Las Vegas for $17,400,000, as well as $5 million in other leveraged funding sources to be acquired by the Borrower.
Terms of Repayment:	Payments of principal and interest upon the closing of each respective vertical phase of the Project from December 2025 thru December 2030. The Borrower may elect to pre-pay or accelerate scheduled loan payments on both principal and interest without penalty or premium, which may reduce the anticipated interest that will be accrued by the Borrower.
Bank Loan Origination Fee:	Borrower will pay 1% of the total loan amount, equaling $250,000 as a loan origination fee. This amount will be due within 60 days of loan closing.
Local Hire, Apprenticeship Standards, Prevailing Wage, and Project Labor Agreements	Borrower will adhere to the Lender's established policies of local hiring, apprenticeship utilization, and the payment of prevailing wages.
Reporting:	Borrower will submit quarterly reports to Lender. Reports will include construction updates and timelines, anticipated job and economic impacts, anticipated climate impacts, and other project goals agreed upon by the Borrower and Lender

Desert Pines Infrastructure Project - Estimated Amortization Schedule

Nevada State Infrastructure Bank

AND

Urban Strategies LLC

Financing Agreement for the Desert Pines Infrastructure Project

---

Nevada State Infrastructure Bank
101 North Carson Street, Suite 4
Carson City, NV 89701

NEVADA STATE INFRASTRUCTURE BANK FINANCING AGREEMENT

THIS AGREEMENT is dated as of _____, 2024, and is by and between the NEVADA STATE INFRASTRUCTURE BANK (the "Bank"), an instrumentality of the State of Nevada, and URBAN STRATEGIES LLC, a Nevada limited liability company (the "Borrower"), existing as a private non-profit entity created for charitable or educational purposes under the laws of the State of Nevada.

WITNESSETH:

WHEREAS, pursuant to Chapter 226 of the Nevada Revised Statutes ("NRS") and the Nevada Administrative Code ("NAC"), the Bank is authorized to provide loans and other financial assistance to qualified borrowers to for the development, construction, repair, improvement, operation, maintenance, decommissioning and ownership of transportation facilities, utility infrastructure, water and wastewater infrastructure, renewable energy infrastructure, recycling and sustainability infrastructure, digital infrastructure, social infrastructure, and other infrastructure related to economic development as necessary for public purposes; and

WHEREAS, in accordance with the provisions NRS Chapter 226, the Bank has responsibility for the performance of various activities in connection with such loans; and

WHEREAS, the Borrower has made an application for the financing of the Project (as hereinafter defined), through a loan made under and pursuant to NRS Chapter 226, and the Bank has determined that the Project meets all requirements for a loan and has agreed to make a loan to the Borrower for the financing of the Project as set forth in this Agreement (the "Loan"); and

WHEREAS, the Loan and all payments of principal and interest thereon, including prepayments, and all proceeds thereof, have been secured for the payment of principal, premium, if any, and interest, by the Deed of Trust, as defined below.

NOW, THEREFORE, in consideration of the Bank making the loan to the Borrower, in the principal amount and pursuant to the covenants hereinafter set forth, and intending to be legally bound by this Agreement, the Bank and the Borrower agree as follows:

ARTICLE I – DEFINITIONS

1.01. WORDS AND TERMS.

In addition to the words and terms elsewhere defined in this Agreement, the following words and terms shall have the meanings set forth below:

(1) "Agreement" or "Financing Agreement" shall mean this financing agreement and all exhibits and schedules attached hereto.

(2) "Agreement Date" means the date first written above.

(3) "Authorized Representative" shall mean the official or officials of the Borrower, or Master Developer as applicable, authorized by ordinance or resolution to sign documents associated with the Loan.

(4) “Capitalized Interest” shall mean a finance charge that accrues on Loan proceeds from the time of disbursement. Capitalized Interest is financed as part of the Loan principal.

(5) “Code” shall mean the Internal Revenue Code of 1986, the Treasury Regulations (whether temporary or final) under that Code or the statutory predecessor of that Code, and any amendments of or successor provisions to, the foregoing and any official rulings, announcements, notices, procedures and judicial determinations regarding any of the foregoing, all as and to the extent applicable.

(6) “Deed of Trust” means that certain Deed of Trust, Assignment of Leases and Rents, Security Agreement, and Fixture Filing by Master Developer, for the benefit of Bank, securing the Loan with the Project, a copy of this is attached hereto as Exhibit E.

(7) "Financing Application" shall mean the completed form, originally submitted June 28, 2024, with updated information submitted to the Nevada State Infrastructure Bank staff, which provides all information required to support obtaining the Loan.

(8) "Financing Rate" shall mean the charges, expressed as a percent per annum, imposed on the unpaid principal of the Loan as set forth herein.

(9) "Loan" shall mean the loan made to the Borrower pursuant to this Agreement and the State Act in the initial principal amount of $25,000,000, as defined in the recitals.

(10) "Loan Payment" shall mean the periodic loan payment due from the Borrower, as shown on Exhibit B, attached hereto and incorporated herein by reference.

(11) “Operations and Maintenance Expense” shall mean the costs of operating and maintaining the Project determined pursuant to generally accepted accounting principles, exclusive of interest on any debt payable from Project revenues, depreciation, and any other items not requiring the expenditure of cash.

(12) “Master Developer” shall mean Desert Pines Master Development, LLC.

(13) "Pledged Collateral" shall mean Master Developer’s fee interest ownership of the Project site, which is pledged by the terms of the Deed of Trust.

(14) "Project" shall mean the state capital outlay project financed by this Loan, consisting of all labor, materials, and equipment designated to develop the Desert Pines Infrastructure Project, which will consist of the first phase of horizontal infrastructure necessary to support vertical construction for the Desert Pines Redevelopment, which development is intended to include (i) a total of 1,082 affordable and mixed-income multi-family housing units, (ii) 280 market rate for-sale housing units, (iii) a 10,000 square foot community center, (iv) a 10,000 square foot Early Education Center, (v) a 75,000 square foot commercial center, (vi) up to an approximately 30,000 square foot training center, and (vii) ten acres of open space and community

recreation areas, as more fully described in the Financing Application and the summary specifications included in Exhibit C.

(15) "State" means the State of Nevada.

(16) "State Fiscal Year" shall mean the period commencing on July 1 of each year and ending on June 30 of the succeeding year.

(17) "State Infrastructure Bank" or "Bank" means the State-funded State Infrastructure Bank created pursuant to Chapter 226 of the Nevada Revised Statutes.

ARTICLE II - WARRANTIES, REPRESENTATIONS AND COVENANTS

2.01. GENERAL WARRANTIES, REPRESENTATIONS AND COVENANTS.

The Borrower warrants, represents and covenants that:

(1) The Borrower has full power and authority to enter into this Agreement and (subject to the granting of a security interest in the Project by the Master Developer) to comply with the provisions hereof and shall initiate and prosecute to completion all proceedings necessary to enable the Borrower to provide the necessary funds for repayment of the Loan.

(2) The Borrower currently is not the subject of bankruptcy, insolvency, or reorganization proceedings and is not in default of, or otherwise subject to, any agreement or any law, administrative regulation, judgment, decree, note, resolution, charter or ordinance which would currently restrain or enjoin it from entering into, or complying with, this Agreement.

(3) There is no material action, suit, proceeding, inquiry or investigation, at law or in equity, before any court or public body, pending or, to the best of the Borrower's knowledge, threatened, which seeks to restrain or enjoin the Borrower from entering into or complying with this Agreement or could render Borrower insolvent.

(4) All permits, authorizations, and approvals required as of the date of this Agreement have been obtained in connection with the implementation of the Project. Borrower and Bank acknowledge and agree that the Project shall be developed in stages, and that there are numerous additional permits, authorizations, and approvals that will be required to implement the Project, but that the Bank is only asking Borrower to make this representation as of the date of this Agreement. Borrower and Bank further agree that in the event that Borrower is asked to rectify this representation after the date of this Agreement, any and each such recertification will be a representation only of those permits, authorizations and approvals that are required as of that recertification date. The Borrower knows of no reason why any future required permits or approvals are not obtainable.

(5) The Borrower shall undertake or cause to be undertaken the development of the Project, to the extent permitted by law.

(6) To the extent permitted by law, the Borrower shall release and hold harmless the

State, its agencies, the Bank, and each of their respective officers, members, and employees from any claim arising in connection with the Borrower's actions or omissions in the Borrower's planning, administration, and implementation of activities financed by the Loan or its operation of the Project.

(7) All Borrower representations to the Bank, pursuant to the Financing Application and this Agreement, were and are true and accurate as of the date the Financing Application was executed with respect only to the Financing Agreement, and the date this Agreement is executed by the Borrower. To the best of Borrower's knowledge and belief, the financial information delivered by or caused to be delivered by the Borrower to the Bank was current and correct as of its date. Since the date such financial information was delivered, there has not been any material adverse change in the financial condition or revenues and expenditures of the Borrower, or in the collection of the collateral secured by the Deed of Trust, except as may have been updated in writing to the Bank and provided by Master Developer or Borrower. The Borrower shall comply with all applicable State and Federal laws, rules, and regulations. To the extent that any assurance, representation, or covenant requires a future action, the Borrower shall take such action as is necessary for compliance.

(8) The Borrower shall adhere, or cause Master Developer to adhere, to accepted governmental accounting principles established by the Governmental Accounting Standards Board. As part of its bookkeeping system, the Borrower shall keep, or cause Master Developer to keep, accounts of the Project separate from all other accounts and it shall keep accurate records of all expenditures relating to the Project, the revenues of the Master Developer related to the Project and Loan disbursement receipts.

(9) The Borrower shall maintain and produce, or cause Master Developer to maintain and produce, no later than July 1 of each fiscal year, to the Bank an annual budget consistent with generally accepted accounting principles. Any changes and/or adjustments made to the Borrower's annual budget must be submitted to the Bank within 30 days of the changes being made.

(10) In the event the anticipated Project revenues are shown by the Project's annual budget to be insufficient to make the Loan Repayments for such Fiscal Year when due, the Borrower shall include in such budget other legally available funds of Master Developer which shall be sufficient to make the Loan Repayments. Such other legally available funds of Master Developer shall be budgeted in the Project's annual budget and designated for the purpose provided by this paragraph (10), and the Borrower shall collect, or cause Master Developer to collect, such funds for application as provided herein. The Borrower shall or cause Master Developer to notify the Bank immediately in writing of any such budgeting of other legally available funds of Master Developer. Nothing in this covenant shall be construed as creating a pledge, lien, or charge upon any such other legally available funds; requiring the Borrower to levy or appropriate ad valorem tax revenues; or preventing the Borrower from pledging to the payment of any bonds or other obligations all or any part of such other legally available funds. To address any Loan Repayment insufficiencies, the Bank may require the Borrower or Master Developer to execute a pledge addendum to include Borrower's legally available funds solely related to the Project and Master Developer's other legally available funds into the Project.

(11) The Borrower covenants that this Agreement is entered into for the purpose of implementing, refunding, or refinancing the Project which will in all events serve a public purpose. To the extent of Borrower's control over the Project, the Borrower covenants that it will, under all

conditions, complete and operate the Project to fulfill the public need described in its application for the financing of the Project.

(12) The Borrower shall cause Master Developer, within 30 days of request, to submit to the Bank such data, reports, records, contracts and other documents relating to the Project as the Bank may request in order to ascertain the performance by the Borrower of its obligations under this Agreement. The Bank shall have the right to conduct on-site monitoring visits and audits, and the Borrower shall, at Borrower's expense, cooperate and assist the Bank in the reasonable inspection and audit of books, records, accounts, data and other information related to the Project, and in copying and removing the same for such purposes at all reasonable times. The Borrower shall provide, or cause Master Developer to provide, without objection, any additional information as deemed appropriate by the Bank.

2.02 LEGAL AUTHORIZATION.

Upon signing this Agreement, the Borrower represents and warrants, that:

(1) This Agreement has been duly authorized by the Borrower, as shown in Exhibit F attached hereto and incorporated herein by reference, and shall constitute a valid and legal obligation of the Borrower enforceable in accordance with its terms upon execution by both parties.

(2) The Deed of Trust and the obligations set forth therein and as described in this Agreement, have been duly authorized by the Master Developer, as shown on Exhibit F attached hereto and incorporated herein by reference, and shall constitute a valid and legal obligation of the Master Developer enforceable in accordance with its terms upon execution by all the parties.

2.03 AUDIT AND MONITORING REQUIREMENTS.

The administration of resources awarded by the Bank to the Borrower may be subject to audits and/or monitoring by the Bank, at the sole and absolute discretion of the Bank.

(1) The Bank and its agents shall have the right, with or without prior written notice to Borrower and Master Developer to examine the records, books and other papers which reflect upon Master Developer's financial condition or pertain to the income, expense, management, administration, and implementation of the Project and to make copies and abstracts from such materials. The Bank shall be permitted to make such examinations as often as the Bank may deem appropriate. The Bank also shall have the right, from time to time to conduct an audit or have an independent audit conducted of any of Master Developer's financial information. At the conclusion of any audit conducted by or on behalf of the Bank, an audit report shall be prepared and delivered to the Borrower and Master Developer. Borrower shall pay, or cause Master Developer to pay, on demand all costs incurred by Bank with respect to any such audit. Any costs incurred by the Bank in relation to audit shall not require prior notice or approval from the Borrower. Upon Borrower's and/or Master Developer's failure to pay such amounts, and in addition to Bank's remedies for Borrower's failure to perform, the unpaid amounts shall be added to principal, and shall bear Capitalized Interest until paid in full.

(2) The Bank may, from time to time, issue to the Borrower such reports, audit findings, and memoranda as it deems appropriate to notify the Borrower of any error, deficiency, or unsatisfactory condition (an "Adverse Condition") the Bank may discover. Such notification may be delivered in writing by any reasonable means including without limitation by email or first-class mail, as notice requirements are set forth below. Upon the Borrower's receipt of such notification, the Borrower shall take any action necessary to correct, resolve, or remedy any Adverse Condition to the satisfaction of the Bank. Records related to any audits, Adverse Conditions, litigation, or corrective action shall be retained for a period of no less than 7 years following the resolution of the same.

(3) Nothing in this Section 2.03 shall be construed to limit the authority of the Bank to conduct or arrange for the conduct of additional audits, examinations, or evaluations of State financial assistance or limit the authority of any other State official. The provisions of this Section 2.03 shall be construed to give the Bank and the State the broadest possible authority permitted by the laws of Nevada to inspect, examine, audit and evaluate the financial records and other affairs of the Borrower, the Master Developer and the Project.

(4) Copies of financial reporting packages, reports, or management letters required by this Agreement shall be submitted by or on behalf of the Borrower directly to the Bank.

2.04 PROGRESS REPORTS

No later than January 15th, April 15th, July 15th, October 15th of each calendar year, Borrower shall create and deliver, or cause Master Developer to create and deliver, to the Bank quarterly progress reports (individually, a "Progress Report") describing all material events, developments, and conditions of the Project. Progress Reports shall be submitted electronically to the Bank by an individual authorized by the governing board of the Borrower or Master Developer. At minimum, each Progress Report shall describe:

(1) All financial activities, events, and transactions which have occurred in the preceding 12 months.

(2) An analysis of the financial condition of the Project

(3) Program accomplishments occurring in the prior 12 months, including:

a. Specific action taken to implement approved objectives and activities of the Project; and
b. Progress made on each objective and activity of the Project in terms of percentage completed.

(4) Any delays in the implementation of the Project, Project objective, or Project activity and the reason for the delay. In the event of a delay, a proposed revised Project schedule should be included if activities are not conforming to approved Project schedules as contained in the Financing Application. The Bank reserves the right to determine whether the delay in implementation is justifiable or if the delay constitutes a material event of default.

(5) Progress toward project performance goals aligned upon by the Borrower and Bank.

(6) Financial information of the Project, including but not limited to:

a. Beginning fund balance;
b. Dollar amount of all expenditures;
c. Ending fund balance;
d. Interest earned to date; and
e. The amount and percent of funds being contributed to the Project from other sources.

(7) Any other information which may be of interest or note to the Bank or the State regarding the status, financial condition, or progress of the Project, which information the Bank or the State shall so request via notice to the Borrower.

Should the Bank require any additional information or analysis from the Borrower following the receipt of any Progress Report, it shall make a request in writing to the individual who transmitted the Progress Report to the Bank. Any request for additional information shall set the Borrower's response deadline, which shall be strictly enforced.

2.05 RECORDS RETENTION.

The Borrower shall retain, or cause Master Developer to retain, all records related to the Project for a period of no less than seven (7) years. The Borrower shall retain sufficient records demonstrating its compliance with the terms of this Agreement for a period of at least seven (7) years from the date any audit report is issued, and shall allow the Bank, or its designee, access to such records upon request. The Bank or the State may extend the period during which any records must be retained upon written notice to the Borrower. Failure to retain any records described in this Section 2.05 for the period prescribed (or any reasonable extension thereof) shall constitute a material event of default.

All costs charged to the Project, including any approved services contributed by the Borrower or others, shall be supported by properly executed payrolls, time records, invoices, contracts, or vouchers evidencing in proper detail the nature and propriety of the charges.

Any check or order drawn by the Borrower with respect to any item which is or will be supported by the Loan must be supported with a properly signed voucher on file in the office of the Borrower stating in proper detail the purpose for which such check or order is drawn. All checks, payrolls, invoices, contracts, vouchers, orders, or other accounting documents pertaining in whole or in part to the Project shall be clearly identified, and readily accessible, and, to the extent feasible, kept separate and apart from all other such documents.

2.06 ACCESS TO PROJECT SITES.

The Borrower shall provide, or cause Master Developer to provide, to the Bank and its representatives access to any location related to the use or proposed use of Loan funds and any administrative offices related thereto, including without limitation any childcare facilities financed through the Project. The Borrower shall cause Master Developer to cause all of its employees, agents, representatives, and contractors to cooperate during any Project inspections, including making available copies of any documents and/or other materials.

ARTICLE III - THE PROJECT

3.01 PROJECT CHANGES.

The Borrower covenants and agrees that it will not change the scope of the Project or alter the nature of the Project in any material fashion, or substitute or permit to be substituted any other project for the Project as collateral under the Deed of Trust, without the prior written approval of the Bank.

3.02 PROHIBITION AGAINST TRANSFERS.

Subject to the terms of the Deed of Trust, and excepting any Project specific leases and rents, the Borrower and the Master Developer are prohibited from selling, leasing, or disposing of any part of the Project which would materially adversely affect the ability of the Borrower to meet its obligations under this Agreement so long as this Agreement, including any amendment thereto, is in effect unless the written consent of the Bank is first secured.

3.03 COMPLETION MONEYS.

In addition to the proceeds of this Loan, the Borrower covenants that it has obtained, or will cause Master Developer to obtain, sufficient moneys from other sources to complete the Project on, or prior to, the Project completion date set forth in the Financing Application or such other date as the Bank may approve in writing. Failure of the Bank to approve additional financing, where required, shall not constitute a waiver of the Borrower's covenants to complete and place the Project in operation. Failure to obtain financing or other funds to complete construction of the Project is a material event of default.

3.04 PROJECT SCHEDULE AND INDEBTNESS.

The Borrower agrees:

(1) Closing on the Site of the Project is anticipated to take place on or about June 19, 2025.

(2) The first vertical phase of the Project is anticipated to be start construction in December 2025 and the first phase of horizontal infrastructure is anticipated to be completed in June 2026. The first phase of vertical construction loan closings for the various parcels in phase 1 is anticipated to be completed by December 2030.

(3) The Loan Repayments shall be due upon construction loan closing of each vertical phase of the Project at the times and in the amounts set forth on Exhibit C, and as further described in the Deed of Trust.

ARTICLE IV – RATE COVENANTS AND COLLECTION OF REVENUES

4.01 RATE COVERAGE.

Subject to the Deed of Trust, to the extent that the Project revenues are derived from revenues that may be adjusted, the Borrower shall maintain, or cause Master Developer to maintain, revenues at a level sufficient to provide, in each Fiscal Year, revenues equal to or exceeding one and a half times the sum of the Loan Repayments due in such Fiscal Year. In addition, the Borrower shall satisfy, or cause Master Developer to satisfy, the coverage requirements of all senior and parity debt obligations, if any.

4.02 COLLECTION OF REVENUES.

Subject to the Deed of Trust, the Borrower shall use its best efforts to collect all Project revenues and other amounts due to it and shall take no action to impair the collection of the Project revenues.

ARTICLE V - DEFAULTS AND REMEDIES

5.01 EVENTS OF DEFAULT.

Each of the following events shall be deemed a material event of default after applicable notice and cure provisions:

(1) Failure to make any Loan payment when it is due and such failure shall continue for a period of 5 days.

(2) Any warranty, representation, or other statement by, or on behalf of, the Borrower contained in this Agreement or by the Master Developer under the Deed of Trust, or in any document, certificate or information furnished in compliance with, or in reference to, this Agreement, is determined to be materially false or misleading.

(3) An order or decree is entered, with the acquiescence of the Borrower, appointing a receiver for any part of the Project; or if such order or decree, having been entered without the consent or acquiescence of the Borrower, shall not be vacated, or discharged or stayed on appeal within 60 days after the entry thereof.

(4) Any proceeding is instituted, with the acquiescence of the Borrower, for the purpose of effecting a composition between the Borrower and its creditors or for the purpose of adjusting the claims of such creditors, pursuant to any federal or state statute now or hereafter enacted, if the claims of such creditors are payable from Project revenues.

(5) Any bankruptcy, insolvency or other similar proceeding is instituted by, or against, the Borrower under federal or state bankruptcy or insolvency law now or hereafter in effect and, if instituted against the Borrower, is not dismissed within 60 days after filing.

(6) Any failure to comply with the provisions of this Agreement or failure in the

performance or observance of any of the covenants or actions required by this Agreement. Or a failure of the Master Developer to comply with the provisions of the Deed of Trust, (a "General Non-compliance Default"), provided, however, that if the Borrower provides the Bank with written notice of a General Non-compliance Default within 30 days of the date of such General Non-compliance Default, and such default does not relate to the Borrower's obligations to make a Loan Payment, then the Borrower shall have 60 days from the date of such General Non-compliance Default to cure such General Non-compliance Default to the satisfaction of the Bank in the Bank's sole and absolute discretion. If the Borrower fails, within the time periods provided in the previous sentence, to (i) provide written notice of a General Non-compliance Default, or (ii) cure the General Non-compliance Default to the satisfaction of the Bank in the Bank's sole and absolute discretion, then the Borrower shall be deemed to be in default of this Agreement as of the date of the General Non-compliance Default.

5.02 REMEDIES.

In addition to the remedies set forth in the Deed of Trust upon any event of default, the Bank may pursue any available remedy at law or in equity, unless otherwise provided herein, including without limitation:

(1) By mandamus or other proceeding at law or in equity, cause the Borrower to remit to the Bank its interest in the Project revenues sufficient to enable the Borrower to satisfy its obligations under this Agreement.

(2) By action or suit in equity, require the Borrower to account for all moneys received pursuant to this Agreement and to account for the receipt, use, application, or disposition of the Project revenues.

(3) By action or suit in equity, enjoin any acts which may be unlawful or in violation of the rights of the Bank.

(4) By applying to a court of competent jurisdiction, cause the appointment of a receiver to manage the Project, establish and collect fees and charges, and apply the revenues to the reduction of the obligations under this Agreement.

(5) By notifying financial market credit rating agencies and potential creditors of the event of default.

(6) By suing for payment of amounts due, or becoming due, with interest on overdue payments together with all costs of collection, including attorneys' fees.

(7) By accelerating the repayment schedule or increasing the Financing Rate on the unpaid principal of the Loan to as much as 1.667 times the Financing Rate for a default under Subsection 5.01(1).

(8) Solely in regard to Borrower's failure to pay any principal and interest due hereunder on the Loan, and only after the City of Las Vegas, a municipal corporation of the State of Nevada (the "City"), fails to cure such non-payment after written notice from the Bank to the City as provided in the last paragraph of this Section, the Bank shall have the right to foreclose,

sell, or otherwise dispose of the Property in accordance with the terms of this Agreement, the Deed of Trust and with the applicable law. **Notwithstanding anything to the contrary contained in this Agreement, the Deed of trust, or applicable law, for so long as the City shall have an outstanding interest in the Project through any of a City loan or related documents, the Bank shall not have a right to foreclose on the Property except (i) in the event of a Monetary Default, or (ii) in the event of a non-Monetary Default, only after the Bank has given notice of such default to the City, which notice shall be made setting forth in capitalized text that such notice shall serve as notice to the City that the City shall have a period of nine (9) months from the date of said notice to elect to either elect to remove the Master Developer from the Project and assume the obligations of the Financing Agreement and the Deed of Trust, or the Bank shall be permitted to foreclose on the Project for such non-Monetary Default. Bank agrees that in the event the City elects to remove the Master Developer from the Project, the Bank shall not expect the City to cure a non-Monetary Default that is person to the Master Developer or the Borrower and not of the sort that can be cured by the City. Bank shall continue to have all other rights and/or remedies available to it under this Agreement, the Deed of Trust or applicable law.**

In addition to pursuing any other remedy available under this Agreement, upon an event of default, the Bank may, by providing 60 days advance written notice to the Borrower, elect to terminate this Agreement, and the Bank shall have no further obligation or commitment under this Agreement to the Borrower. Any partial Loan Repayments by the Borrower shall be allocated first to interest and second to principal.

The Bank agrees that a cure of any default made by Master Developer on behalf of Borrower shall be accepted on the same terms as if made by Borrower.

Notwithstanding anything to the contrary in this Agreement, the Bank further agrees (i) to notify the City of any default by Borrower under this Agreement, (ii) to give City not less than sixty (60) days after receipt by the City of the notice set forth in subsection (i) to cure such default on behalf of the Borrower, (iii) not to commence foreclosure proceedings against or accept a deed-in-lieu for any portion of the Project without notifying the City of the same and giving the City sixty (60) days to cure the default giving rise to the potential foreclosure or deed-in-lieu and (iv) that, in the event of any foreclosure or deed-in-lieu in connection with the Deed of Trust on the Property, in favor of NSIB, securing of the Loan, which deed of trust is and shall at all times be subordinate to (i) the City's Development Agreement with the Master Developer for the Property (the "City Development Agreement") which has been or will be recorded against the Property and (ii) and Project DSLURS which has been or will be recorded against the Property, the City Development Agreement and Project DSLURS shall continue in full force and effect.

5.03 REMEDIES NOT EXCLUSIVE; DELAY AND WAIVER.

No remedy conferred upon or reserved to the Bank by this Article is exclusive and every such remedy shall be cumulative and shall be in addition to every other remedy. No delay or omission by the Bank to exercise any right or power accruing as a result of an event of default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein, and every such right and power may be exercised as often as may be deemed prudent by the Bank. No waiver of any default under this Agreement shall extend to or affect any subsequent event of default, whether of the same or different provision of this Agreement or shall

impair consequent rights or remedies.

ARTICLE VI - GENERAL PROVISIONS

6.01 DISCHARGE OF OBLIGATIONS.

All payments required to be made under this Agreement shall be cumulative and any deficiencies in any Fiscal Year shall be added to the payments due in the succeeding Fiscal Year and all Fiscal Years thereafter until fully paid. Loan Repayments shall continue to be secured by this Agreement and the Deed of Trust until all of the payments required shall be fully paid to the Bank. If at any time the Borrower shall have paid all amounts due under this Agreement, or shall, in accordance with the provisions of this Section 7.01 have defeased the Loan, the pledge of, and lien on, the Project revenues to the Bank shall be no longer in effect and, except as provided in Section 2.03 and 2.05, this Agreement shall be deemed fully performed. Deposit of sufficient cash may be made to effect discharge and satisfaction of this Loan; provided that, the deposit shall be made in irrevocable trust with a banking institution or trust company for the sole benefit of the Bank or its assignees and the Bank has approved in writing such deposit. Notwithstanding any provision of this Agreement to the contrary, the Borrower may prepay this Loan at any time, so long as in the reasonably judgement of the Bank such prepayment shall not adversely impact the Borrower's obligations to develop the Project. The Bank and Borrower agree that the payment and release of each parcels, as set forth in the Deed of Trust, shall be permitted.

6.02 ASSIGNMENT OF RIGHTS UNDER AGREEMENT.

The Bank may pledge or assign all or any parts of this Agreement without the prior consent of the Borrower after written notification to the Borrower. The Borrower shall not assign its rights and obligations under this Agreement without the prior written consent of the Bank.

6.03 AMENDMENT OF AGREEMENT.

This Agreement may only be amended in writing mutually executed by authorized representatives of the Bank and Borrower. However, no amendment shall be permitted which is inconsistent with any applicable State or Federal law. Any attempted amendment to this Agreement which is inconsistent with any State or Federal law shall be deemed void *ab initio.*

6.04 ANNULMENT OF AGREEMENT.

The Bank may unilaterally annul this Agreement if the Borrower has not drawn any of the Loan proceeds within six months of the first scheduled disbursement date referenced in Exhibit A. If the Bank unilaterally annuls this Agreement, the Bank will provide written notification to the Borrower, which will provide that no further disbursements shall be made. The right to annul this Agreement shall automatically terminate if the Borrower has made a draw of the Loan on or before such date which is six (6) months after the first scheduled disbursement date set forth in Exhibit A.

6.05 SUSPENSION AND TERMINATION.

If the Borrower abandons or, before completion, discontinues the Project; or if the commencement, prosecution, or timely completion of the Project by the Borrower is rendered improbable, infeasible, impossible, or illegal, by written notice to the Borrower, the Bank may suspend any or all of its obligations under this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected, or at its option, the Bank may terminate any or all of its remaining obligations under this Agreement.

Upon receipt of any termination or suspension notice, the Borrower shall proceed promptly to carry out the actions required therein which may include, but not be limited to: (1) necessary action to terminate or suspend, as the case may be, Project activities and contracts and such other action as may be required or desirable to keep to the minimum the costs upon the Loan; (2) furnish a statement of the Project activities and contracts, and other undertakings the cost of which are otherwise includable as Project costs; and (3) repay the Bank according to the provisions of the Agreement, or as otherwise agreed upon, in writing, by the Bank and the Borrower. The termination or suspension shall be carried out in conformity with the latest schedule, plan, and budget as approved by the Bank or upon the basis of terms and conditions imposed by the Bank upon the failure of the Borrower to furnish the schedule, plan, and budget within a reasonable time. Any updated schedules, plans or budgets shall be sent to the City at the notice address set forth in this Agreement.

6.06 SEVERABILITY CLAUSE.

If any provision of this Agreement shall be held invalid or unenforceable, the remaining provisions shall be construed and enforced as if such invalid or unenforceable provision had not been contained herein.

ARTICLE VII - DETAILS OF FINANCING

7.01 PRINCIPAL AMOUNT OF LOAN.

The Bank agrees to lend to the Borrower, and the Borrower agrees to repay the Bank the Loan at the times, in the amounts and in the manner set forth in this Agreement. The principal amount of the Loan as of any date shall consist of the aggregate Disbursements (as defined below), plus Capitalized Interest that has accrued and been added to the principal amount of the Loan, plus interest other than Capitalized Interest, if any, that has accrued and been added to the principal amount of the Loan, less the aggregate principal component of all Loan Repayments made, all as of such date.

Capitalized Interest is not disbursed to the Borrower but is amortized via Loan Repayments as if it were actually disbursed. Capitalized Interest shall be computed at the rate of 4.51% per annum and shall accrue on the principal amount of the Loan based on an actual-days- elapsed/360 day counting convention. Capitalized Interest accruing on the principal amount of the Loan through December 31 of each year shall be added to the principal amount of the Loan on the following January 1 until the date which is 12 months prior to the date the first Loan Payment is due, at which time the amount of Capitalized Interest accruing since the previous January 1 shall be added to the principal amount of the Loan and no additional Capitalized Interest shall accrue.

The estimated principal amount of the Loan as of the date of the first Loan Payment is $25,000,000, which consists of the amounts scheduled to be disbursed to the Borrower in the amounts and at the times set forth in Disbursement Schedule attached hereto as Exhibit A.

7.02 LOAN ORIGINATION FEE.

Upon the closing of the Loan, the Borrower is obligated to pay 1% of the total loan amount, equaling $250,000 as a loan origination fee to the Bank. This amount shall be due in full within 60 days of the date of this Agreement.

7.03 FINANCING RATE.

Interest shall accrue on the principal amount of the Loan at the Capitalized Interest rate described in Section 7.01.

7.04 LOAN DISBURSEMENTS.

The Bank shall disburse the Loan to the Borrower in the amounts and at the times set forth in the Disbursement Schedule (Exhibit A). Prior to each Disbursement, Borrower shall provide to the Bank a written request for such Disbursement, which written request shall certify that all prerequisites for such Disbursement have been satisfied. Any written request for a Disbursement shall be signed by the Borrower's Authorized Representative under penalty of perjury. The Bank may, prior to making any Disbursement, require Borrower to furnish it with any evidence the Bank may deem necessary to verify that Borrower has met the prerequisites for Disbursement. The Bank may elect, in its sole and absolute discretion, to withhold any Disbursement until it is satisfied that all prerequisites to Disbursement have been met.

Upon written request by the Borrower, the Bank may, in its sole and absolute discretion, amend the Disbursement Schedule to take into account unexpected events or reasonable adjustments to the financing of the Project. The Bank may, in its sole and absolute discretion, adjust the Loan Amortization Schedule attached hereto as Exhibit B.

Under no circumstances shall the sum of the Disbursements to the Borrower exceed $25,000,000 under this Agreement. Furthermore, the Bank's obligation to fund any Disbursement is subject to funds being made available by an appropriation made pursuant to Nevada law.

7.05 LOAN REPAYMENTS.

Loan Repayments shall be made at the time and in the amounts set forth in the Loan Amortization Schedule attached hereto as Exhibit B. To the extent the actual principal amount of the Loan calculated as provided in Section 7.01 above is less than the estimated principal amount of the Loan as set forth in Section 7.01 hereof, the amount of the scheduled Loan Payment credited to principal shall increase and the Loan Payment Schedule shall be adjusted, so that the Loan is paid in full over a shorter amount of time. Notwithstanding the foregoing, however, if the actual principal amount of the Loan calculated as provided in Section 7.01 above is less than the estimated principal amount of the Loan as set forth in Section 7.01, the parties to this Agreement hereby agree to adjust the Loan Payment Schedule in such a way as to not adversely impact any obligations of the Bank secured by repayments under this Agreement.

Loan Repayments shall be credited first to interest accruing on the principal amount of the Loan, if any, then to principal.

ARTICLE VIII – MISCELLANEOUS

8.01 THIRD PARTY AGREEMENTS

Third Party Agreements: Promptly upon the written request of the Bank, the Borrower shall provide, or cause Master Developer to provide, to the Bank a list of all third-party contracts or obligations for the procurement of consultant services, construction or purchase of commodities contracts or amendments thereto. Failure to obtain provide such list within thirty (30) days of request from the Bank shall be deemed a material breach of this Agreement, relieving the Bank of any obligation to make Disbursements under this Agreement. The Bank specifically reserves unto itself the right to review the qualifications of any consultant or contractor and to approve or disapprove the employment of the same. Such decisions shall be deemed final and binding on the Borrower.

8.02 EQUAL EMPLOYMENT OPPORTUNITY.

In connection with the carrying out of any Project, the Borrower shall not discriminate against any employee or applicant for employment because of race, age, creed, color, sex or national origin.

8.03 PROHIBITED INTERESTS.

Subject to the warranties, representations and covenants of Master Developer in the Deed of Trust, neither the Borrower nor any of its contractors, subcontractors, consultants, or subconsultants shall enter into any contract with one another, or arrangement in connection with the Project or any property included or planned to be included in the Project, which violates any provision of the Nevada Revised Statutes, relating to conflicts of interest and prohibited transactions. The Borrower shall further diligently abide by all provisions of Nevada law regulating the Borrower with respect to procurement, contracting, and ethics.

8.04 ADHERENCE TO 2020 STATE CLIMATE STRATEGY.

Execution of this Agreement and Deed of Trust constitutes a certification by the Borrower and Master Developer that the Project will be carried out in conformance with all applicable regulations of the Bank, including ensuring that all construction done through the Project is consistent with the standards and goals set forth in Nevada's Climate Strategy for the year of 2020 and the goals for the reduction of greenhouse gas emissions set forth in NRS 445B.380 and 704.7820. Non-adherence to the 2020 State Climate Strategy, as of the date of this Agreement, is a material event of default.

The Borrower will be solely responsible for any liability in the event of non-compliance with applicable regulations and will reimburse, or cause Master Developer to reimburse, the Bank for any loss incurred in connection therewith.

8.05 PREVAILING WAGES.

Execution of this Agreement constitutes a certification by the Borrower that the Project will be carried out in conformance with all applicable provisions of NRS Chapter 408 including the payment of prevailing wages.

The provisions of NRS 338.013 to 338.090, inclusive, apply to any contract for construction work on the Project, if any. Any contractor who is awarded a contract or enters into an agreement to perform construction work related to the Project, and any subcontractor who performs any portion of any construction work on the Project shall comply with the provisions of NRS 338.013 to 338.090, inclusive, in the same manner as if a public body had undertaken the qualified project or had awarded the contract.

The Borrower and Master Developer shall be jointly and severally responsible for any liability in the event of non-compliance with this section and will reimburse the Bank for any loss incurred in connection therewith.

8.06 LOCAL HIRE AND APPRENTICESHIP UTILIZATION.

Execution of this Agreement constitutes a certification by the Borrower that the Project will be carried out in conformance with all applicable regulations of the Bank including the hiring of Nevada residents and the utilization of registered apprentices on any construction projects.

The Borrower will ensure that for the duration of the Project, not less than 50 percent of the total project work hours performed within each construction trade by employees of a contractor or subcontractor are performed by residents of Nevada, with not less than 15 percent of those project work hours performed within each construction trade by employees of the contractor or subcontractor being performed by disadvantaged workers.

If the Borrower is unable to comply with the project work hour requirements set forth in this section, the Borrower may petition the Bank for an exemption from these requirements of this section. Upon receipt of such a petition, the Bank may exempt the Borrower from the requirements of this section if it is found that the inability of the Borrower to comply with the requirements of this section is due to circumstances beyond the control of the Borrower.

The Borrower and Master Developer will be jointly and severally responsible for any liability in the event of non-compliance with applicable regulations and will reimburse the Bank for any loss incurred in connection therewith.

8.07 NO OBLIGATION TO THIRD PARTIES.

Subject to the terms set forth in the Deed of Trust, except to the extent set forth herein, neither the Bank nor the Borrower shall be obligated or liable hereunder to any person or entity not a party to this Agreement.

8.08 WHEN RIGHTS AND REMEDIES NOT WAIVED.

In no event shall the making by the Bank of any Disbursement to the Borrower constitute or be construed as a waiver by the Bank of any breach of covenant or any default which may then exist, on the part of the Borrower, and the making of such Disbursement by the Bank while any such breach or default shall exist shall in no way impair or prejudice any right or remedy available to the Bank with respect to such breach or default.

8.09 BONUS OR COMMISSION.

By execution of the Agreement the Borrower represents that it has not paid and, also, agrees not to pay, any bonus or commission for the purpose of obtaining an approval of its application for the Loan established hereunder.

8.10 INDEMNITY.

To the extent allowed by law, the Borrower and Master Developer shall indemnify, defend, and hold harmless the Bank and all of its officers, agents, and employees from any claim, loss, damages, cost, charge, or expense arising out of any act, error, omission, or negligent act by the Borrower and Master Developer, its agents, employees, contractors and/or subcontractors during the performance of the Agreement, except that neither the Borrower nor Master Developer, their respective agents, employees, contractors and/or subcontractors will be liable under this paragraph for any claim, loss, damages, cost, charge, or expense arising out of any act, error, omission, or negligent act by the Bank, or any of its officers, agents, or employees, during the performance of the Agreement.

If the Bank receives notice of claim for damages that may have been caused by the Borrower or Master Developer in the performance of services required under this Agreement, the Bank will immediately forward the claim to the Borrower with a copy to Master Developer. The Bank's failure to promptly notify the Borrower of a claim will not act as a waiver or any right herein.

8.11 PLANS AND SPECIFICATIONS.

In the event that this Agreement involves the purchasing of capital equipment or the constructing and equipping of a facility, the Borrower shall or cause Master Developer to design and construct the equipment and/or facility in accordance with the standards applicable to the Borrower. Failure to follow the plans and specifications shall be sufficient cause for delays in the distribution of disbursements by the Bank.

8.12 PROJECT COMPLETION, BORROWER CERTIFICATION.

Upon completion of the Project, the Borrower will certify or cause Master Developer to certify in writing that the Project (or expending of the Loan) was completed in accordance with applicable plans and specifications and that the Project is accepted by the Borrower or, as applicable, Master Developer as suitable for the intended purpose.

8.13 ENTIRE AGREEMENT.

The Financing Application executed by the Borrower, all exhibits, attachments and schedules attached to the Financing Application, this Agreement and the Deed of Trust (the "Agreement Documents") sets forth the entire agreement between the parties and incorporate and supersede all prior negotiations, correspondence, conversations, agreements or understandings applicable to the matters contained herein and therein, and the parties hereto agree that there are no commitments, agreements or understandings concerning the subject matter of this Agreement that are not contained in the Agreement Documents. Accordingly, it is agreed that no deviation from the terms of the Agreement Documents shall be predicated upon any prior representation or agreements whether oral or written. It is further agreed that no modification, amendment or alteration in the terms and conditions contained in the Agreement Documents shall be effective unless contained in a written document executed by the parties hereto.

It is further agreed that the Bank will have no obligation to honor any request for disbursement made by the Borrower or otherwise make any disbursement under this Agreement in the event that the Bank has notified the Borrower that an event of default has occurred under this or any other agreement between the Borrower and the Bank, or if the Bank, in its sole discretion, determines that events have occurred which substantially diminish the likelihood that the Borrower will timely and fully honor its obligations under this agreement or any other agreement between the Bank and the Borrower. Any waiver of this provision by disbursement following an event of default by the Borrower under the terms of this agreement, or any other agreement between the Borrower and the Bank, will not constitute a continuing waiver of this provision and the Bank may refuse to make further disbursements without any liability to the Borrower whatsoever.

In the event of conflict between the terms and conditions of the Agreement Documents:

(i) the terms and conditions contained in the body of this Agreement prevail over conflicting terms and conditions contained in any exhibits, schedules and attachments attached to this Agreement;

(ii) the terms and conditions contained in the body of the Financing Application prevail over any conflicting terms and conditions contained in any exhibits, schedules and attachments attached to the Financing Application; and

(iii) the terms and conditions of the Agreement, including all exhibits, schedules and attachments hereto, prevail over conflicting terms and conditions contained in the Financing Application and any exhibits, schedules and attachments thereto.

8.14 NOTICES.

Any notice, demand, request or other instrument which is required to be given under this Agreement in writing shall be delivered to the following addresses and/or via email, provided, however, if notice is given via email such notice shall be followed up with a writing via the addresses below:

ARTICLE IX - EXECUTION OF AGREEMENT

This Agreement shall be executed in three or more counterparts, any of which shall be regarded as an original and all of which constitute but one and the same instrument.

IN WITNESS WHEREOF, the Bank has caused this Agreement to be executed on its behalf by its Secretary and the Borrower has caused this Agreement to be executed on its behalf by its Authorized Representative and by its affixed seal. The effective date of this Agreement shall be the Agreement Date.

EXHIBIT C

Summary Project Specifications

The Desert Pines Redevelopment is a public-private partnership between the City of Las Vegas and Urban Strategies, Inc ("Borrower") with McCormack Baron Salazar, Inc.

The Public-Private Partnership (3P) development will include a variety of financing sources. This may include participation from the City of Las Vegas, the AFL-CIO Housing Investment Trust, Clark County, separate funding sources from this loan from the State of Nevada, various Federal funding sources, conventional lenders, Low-Income Housing Tax Credit equity (State and Federal), and other sources.

The Project site located at 3415 E. Bonanza Road, Las Vegas, Nevada, 89101 is approximately 100 acres, and is currently owned by the City of Las Vegas which currently operates a full-service golf course on this site. The City of Las Vegas is in the process of selling the property to Desert Pines Master Development, LLC for this Project.

The development plan will be to redevelop the golf course into a mixed-use subdivision with both affordable and mixed income multifamily uses, market rate homeownership housing along with various commercial and educational uses and recreation space.

An overview of the proposed loan terms for this Project is included below:

State Infrastructure Bank / Desert Pines Infrastructure Project
Proposed Loan Terms

Lender	Nevada State Infrastructure Bank
Borrower	Urban Strategies, LLC
Loan Amount	Maximum of $25,000,000
Loan Purpose	Loan proceeds will be used by the Borrower for costs associated with the design, permitting and construction of the first phase of horizontal infrastructure necessary to support vertical construction for the Desert Pines Redevelopment which will include 1,082 affordable multi-family housing units, 280 market rate housing units, a 10,000 square foot community center, 75,000 square feet of commercial space, a 10,000 square foot Early Education Center, a 30,000 square foot Job Training Center, and 7-acres of open space and community recreational areas.
Maturity	35 years
Security	Loan will be secured against the Desert Pines Master Development, LLC fee interest ownership of the Project site (legal description attached in Exhibit __. Urban Strategies LLC will be a Member of Desert Pines Master Development, LLC. The Loan will not be secured by any other assets or general assets of USI.
Interest Rate	Fixed rate of 4.51% per annum.
Disbursement	Draw down disbursements based on horizontal infrastructure construction schedule for the Project. Disbursement requests must be agreed upon by the Lender and Borrower at least 30 days prior to each scheduled disbursement.

Additional Sources of Funding	Borrower will provide $22,400,000 in additional financing for the Project, which includes a seller note from the City of Las Vegas for $17,400,000, as well as $5 million for Phase 2 infrastructure project in other leveraged funding sources to be acquired by the Borrower.
Terms of Repayment	Pro Rata Payments of principal and interest upon the closing of each respective vertical phase of the Project projected from December 2025 through December 2030 (as respective vertical phases are closed). The Borrower may elect to pre-pay or accelerate scheduled loan payments on both principal and interest without penalty or premium, which may reduce the anticipated interest that will be accrued by the Borrower.
SIB Loan Origination Fee	Borrower will pay 1% of the total loan amount, equaling $250,000 as a loan origination fee. This amount will be due within 60 days of loan closing.
Reporting	Borrower will submit quarterly reports to Lender. Reports will include construction updates and timelines, anticipated job and economic impacts, anticipated climate impacts, and other project goals agreed upon by the Borrower and Lender.
Prevailing Wage, Local Hire, and Apprenticeship Utilization	Borrower will adhere to the Lender's established policies of local hiring, apprenticeship utilization, and the payment of prevailing wages.

DEED OF TRUST, ASSIGNMENT OF LEASES AND RENTS, SECURITY AGREEMENT, AND FIXTURE FILING

THIS DEED OF TRUST, ASSIGNMENT OF LEASES AND RENTS, SECURITY AGREEMENT, AND FIXTURE FILING (this "**Deed of Trust**") is made as of _____, 202___, by DESERT PINES MASTER DEVELOPMENT, LLC, a Nevada limited liability company ("**Grantor**"), having a principal place of business at 100 N. Broadway, Suite 100, St. Louis, Missouri 63102, to FIRST AMERICAN TITLE INSURANCE COMPANY, NATIONAL COMMERCIAL SERVICES, 8311 West Sunset Road, Suite 100, Las Vegas, Nevada 89113, as Trustee ("**Trustee**"), for the benefit of the NEVADA STATE INFRASTRUCTURE BANK, _____ ("**Beneficiary**"), having a principal place of business at 101 North Carson Street, Suite 4, Carson City, Nevada 89701.

RECITALS:

A. On even date herewith, Urban Strategies, LLC, a Nevada limited liability company ("Borrower") has executed with Beneficiary a Financing Agreement (the "Financing Agreement") in connection with a loan to Borrower in the principal amount of Twenty-Five Million and NO/100 Dollars ($25,000,000.00) (the "Loan") for the improvement of certain real property and improvements located at 3415 E. Bonanza Road, Las Vegas, Nevada 89101, County of Clark, as more fully described on Exhibit A attached hereto and made a part hereof (the "**Land**").

B. The Financing Agreement, this Deed of Trust, the [Development Agreement] (defined below), and any other document(s) at any time evidencing, securing, guaranteeing and/or governing the Loan shall be referred to collectively as the "**Loan Documents**".

C. Grantor, the owner of the Land, expects to benefit from the Loan and desires to secure for the benefit of Beneficiary (i) the full and punctual payment of the indebtedness evidenced by the Financing Agreement, together with interest thereon, when and as the same shall become due and payable, (ii) the performance of the covenants and agreements contained in this Deed of Trust, (iii) the performance of the covenants and agreements contained in the Loan Documents, and (iii) the reimbursement to Beneficiary, or to Trustee or substitute trustee(s), of all amounts that may be advanced as provided for herein, and for any and all costs and expenses incurred or paid which may arise out of or in connection with this Deed of Trust or the Loan Documents.

NOW, THEREFORE, in consideration of the premises, Grantor hereby does grant and convey unto Trustee, in trust, as specified herein, the Land, together with:

(i) All buildings and improvements, now erected or at any time hereafter constructed or placed upon the Land;

(ii) All rights, privileges, rights of way and easements belonging or appertaining to the Land, or which hereafter shall belong or appertain thereto, and all right, title and interest of Grantor in and to any property lying in the bed of any street, road, avenue or alley, open or closed, in front of or adjoining the same, to the center line thereof;

(iii) All proceeds of the conversion, voluntary or involuntary, of the Land or any portion thereof into cash or liquidated claims, including, without limitation, the proceeds of insurance;

(iv) All equipment, fixtures, goods, chattels, furniture, furnishings and other tangible personal property, of any kind, nature or description, whether now owned or hereafter acquired by Grantor, which is, are or shall be affixed to, located on or used in connection with the Land, together with any and all additions, replacements and/or substitutions thereto; and

(v) All existing and future leases, subleases, subtenancies, licenses, occupancy agreements and concessions ("Leases") relating to the use and enjoyment of all or any part of the Land and improvements thereon, and any and all guaranties and other agreements relating to or made in connection with any of such Leases, and all rents, income and revenues from time to time accruing thereunder ("Rents").

TO HAVE AND TO HOLD the Land and the foregoing described improvements, rights, proceeds and other personal property (collectively, the "Mortgaged Property") unto Trustee, its/his/her successors and assigns, in fee simple, until satisfaction of the Loan;

IN TRUST, NEVERTHELESS, to secure to Beneficiary the payment of principal and interest set forth in the Financing Agreement and any and all other sums due under the Financing Agreement and this Deed of Trust and the Loan Documents, and the performance of all covenants and agreements in the Financing Agreement and this Deed of Trust and the Loan Documents.

PROVIDED, HOWEVER, that, if (i) Borrower, or as applicable Grantor, shall default in the payment of the Financing Agreement or any installment of interest and/or principal thereunder, or shall default in any payment required to be paid under the Financing Agreement or this Deed of Trust as and when the same shall be due and payable, and any such monetary default shall continue uncured for more than ten (10) days following written notice of default given to Borrower and Grantor, or (ii) Borrower, or as applicable Grantor, shall default in the due observance of any other of its representations, covenants, warranties or agreements contained in the Financing Agreement, this Deed of Trust or the Loan Documents, and shall fail to cure such default within thirty (30) days after written notice thereof shall have been given to Borrower and Grantor (or, if such default is of a nature that it reasonably cannot be cured within such thirty (30) day period and Borrower or Grantor commences to cure such default within such thirty (30) day period and thereafter diligently pursues such cure, such additional period of time as reasonably may be necessary to cure such default but in no event greater than ninety (90) days in the aggregate after the date of expiration of such 30-day period), or (iii) by order of a court of competent jurisdiction, a trustee, receiver or liquidator of the Land, or of Grantor shall be appointed, and such order shall not be dismissed within ninety (90) days after such appointment, or (iv) Grantor shall file a petition

in bankruptcy or for an arrangement or reorganization pursuant to the Federal Bankruptcy Act, or any similar law, federal or state, or, by decree of a court of competent jurisdiction such petition is filed against Grantor with the knowledge and collusion of Grantor and any such petition is not dismissed within ninety (90) days after such filing, or (v) Grantor shall be adjudicated a bankrupt, or be declared insolvent, or shall make an assignment for the benefit of creditors, or shall consent to the appointment of a receiver of all or any substantive part of its property (each of the foregoing, an "Event of Default"), THEN AND IN ANY SUCH EVENT, at the option of Beneficiary, Beneficiary or Trustee acting in the execution of this Deed of Trust may declare the entire unpaid indebtedness evidenced in the Financing Agreement and secured hereby immediately due and payable in full, whereupon Trustee shall have the power and it shall be its/his/her duty to sell (and, in the event of a purchaser default, to resell) the Mortgaged Property, at public auction, for cash, in its entirety or in separate lots or parcels, as permissible, and at such time and place and after such prior public advertisement as Trustee shall deem appropriate or as may be required by applicable law or rule of court, and to convey the Mortgaged Property, in fee simple, upon compliance with the terms of sale, to and at the cost of the purchaser(s), who shall not be required to see to the application of the purchase money.

Trustee hereby irrevocably is appointed the true and lawful attorney in fact of Grantor, in its name and stead, with the power of substitution, to convey the Mortgaged Property and to execute all necessary instruments of conveyance, assignment and transfer, Grantor hereby ratifying and confirming all that such attorney in fact or such substitute(s) lawfully shall do in accordance with the provisions hereof. Notwithstanding the foregoing, Grantor, if so requested by Trustee or such substitute(s), shall ratify and confirm any such sale by executing and delivering to Trustee all such instruments as may be appropriate.

The proceeds of the sale of the Mortgaged Property, as provided for herein, together with any other amounts that then may be held by Trustee pursuant to the provisions hereof, subject to applicable law, shall be applied as follows:

FIRST, any taxes, assessments and other liens prior to this Deed of Trust due and owing at the time of such sale of the Mortgaged Property, except any such taxes, assessments or liens subject to which the Mortgaged Property may and shall have been sold;

SECOND, to the payment of reasonable costs and expenses of such sale (including, without limitation, a reasonable trustee's commission not to exceed one percent (1%) of the then outstanding principal balance of the Loan);

THIRD, to the payment of any other sums required to be paid pursuant to any provision of the Financing Agreement or this Deed of Trust (including, without limitation, all authorized and reasonable expenses, liabilities and advances made or incurred by Beneficiary or Trustee hereunder), together with interest thereon at the respective interest rates (if any) set forth in the Financing Agreement; and

FOURTH, to the payment of accrued unpaid interest to date under the Financing Agreement;

FIFTH, to the payment of the principal balance due under the Financing Agreement; and

SIXTH, the payment of the surplus, if any, to Grantor.

IN ORDER TO PROTECT THE SECURITY OF THIS DEED OF TRUST, THE PARTIES HEREBY COVENANT AND AGREE AS FOLLOWS:

1. Payments.

(a) Grantor shall keep the Mortgaged Property free from statutory liens of every kind; shall pay promptly all taxes, assessments, and other governmental, municipal or public charges, fines or impositions which shall be levied against the Mortgaged Property or any portion thereof; and, shall pay, in full, under protest and in the manner provided by statute any such tax, assessment, charge, fine or imposition which Grantor may desire to contest.

(b) Grantor shall pay and discharge (or bond off in the manner allowed by law) all lawful claims and demands of mechanics, materialmen, laborers and others, and, generally, shall do or shall cause to be done everything necessary and appropriate to preserve the integrity of this Deed of Trust without cost or expense to Beneficiary or Trustee.

2. Insurance; Casualty. Grantor shall keep the Land, including future improvements, insured against liability and loss by fire and other hazards with the insurance coverage in commercially reasonable amounts for similarly situated properties and in any event in accordance with any additional requirements of Beneficiary, as established by Beneficiary from time to time, and shall pay promptly, when due, any premium due on such insurance. All insurance shall be carried in reputable companies, shall name Beneficiary as an additional insured, and shall provide that loss payments will be payable to Beneficiary. Grantor shall provide to Beneficiary, within ten (10) business days after request, a certificate of insurance evidencing the insurance required hereunder. No such insurance may be cancelled without thirty (30) days prior written notice to Grantor. Grantor's failure to carry any insurance as required hereunder shall be an Event of Default under this Deed of Trust. In the event of a casualty of any kind or nature resulting in damage to or destruction of the Mortgaged Property or any part thereof, Grantor promptly shall give notice thereof to Beneficiary and any insurance proceeds shall be used for the restoration or repair of the Mortgaged Property at the option of Grantor and any excess thereof paid to Beneficiary in reduction of principal.

3. Inspection. Grantor shall permit Beneficiary, at all reasonable times and after reasonable notice, and further subject to the rights of tenants in possession, to inspect the Mortgaged Property. All inspections by or on behalf of Beneficiary shall be for the benefit of Beneficiary, and Grantor shall have no right to claim any loss or damage against Beneficiary (whether or not an employee of Beneficiary) arising from any alleged negligence or failure to perform such inspections.

4. Compliance With Laws. Grantor shall promptly, fully and faithfully comply with all laws, orders, rules, regulations and requirements of any governmental authority, governmental agency or any court having competent jurisdiction over the Mortgaged Property or Grantor that affect the manner of use, occupancy, possession, operation, maintenance or alteration of the Mortgaged Property. Grantor shall not release, generate, store or dispose of any Hazardous Substances (hereinafter defined) on the Mortgaged Property or on any property adjacent to the Mortgaged Property except for storage, handling and use of reasonable quantities and types of materials used in the ordinary course and the prudent conduct of Maker's operation and maintenance of the Mortgaged Property as a mixed-use commercial, residential and affordable housing project and then only in such amounts as are commercially used in similar projects and in accordance with Environmental Laws (hereinafter defined). Grantor promptly shall notify Beneficiary in writing of (a) any and all enforcement, clean-up, removal or other action instituted

or in writing threatened by any federal or state agency pursuant to any Environmental Laws, and (b) any and all claims made or in writing threatened by any third party against Grantor or the Mortgaged Property or any part thereof, relating to the existence of, or damage, loss or injury from, any Hazardous Substance. In the event that Grantor discovers any Hazardous Substance on or in the Mortgaged Property, Grantor shall contain and remove the same in compliance with all Environmental Laws. Grantor agrees to indemnify and hold Beneficiary and Trustee, and each of their officers, directors, employees, agents, and invitees, harmless from and against any and all claims, liabilities, costs and expenses incurred by Beneficiary or Trustee, including, without limitation, costs of suit and reasonable attorneys' fees and costs, arising from the release, existence or removal of, any Hazardous Substance on or in the Mortgaged Property or any property adjacent to the Mortgaged Property (to the extent the Hazardous Substance(s) has/have migrated) in violation of Environmental Laws and first discovered and first occurring after the date hereof, it being intended that Beneficiary, as beneficial and legal title owner of the Mortgaged Property prior to the date hereof, shall bear the risk of the release, existence or removal of Hazardous Substances (to the extent not caused by Trustor) and the application of Environmental Laws predating this Deed of Trust. For purposes of this Section 4, the following terms shall have the following meanings:

"**Environmental Law**" means any federal, state, county, municipal, local or other statute, ordinance or regulation which relates to or deals with the protection of the environment or wildlife and/or human health and safety, including all regulations promulgated by a regulatory body pursuant to any such statute, ordinance, or regulation, including, the Comprehensive Environmental Response and Liability Act of 1980, as amended, 42 U.S.C. § 9601 et seq., Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6901, et seq., the Federal Water Pollution Control Act, as amended, 33 U.S.C. § 1251 et seq., the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq., and NRS Chapter 459.

"Hazardous Substance" means asbestos, urea formaldehyde, polychlorinated biphenyls, nuclear fuel or materials, radioactive materials, explosives, known carcinogens, petroleum products and by products (including crude oil or any fraction thereof) and any pollutant, contaminant, chemical, material or substance defined as hazardous or as a pollutant or a contaminant under, or the use, manufacture, generation, storage, treatment, transportation, release or disposal of which is regulated by, any Environmental Law.

5. Advances. If Grantor, or as applicable Borrower, shall fail to perform any of the covenants contained in this Deed of Trust requiring the payment of money, then at any time during the continuance of an Event of Default under the Financing Agreement or this Deed of Trust, Beneficiary, with prior written notice to Grantor and Borrower, shall have the right to make advances to perform the same and all amounts so advanced shall be a lien upon the Mortgaged Property and shall be secured by this Deed of Trust. Grantor shall repay, on demand, all amounts so advanced hereunder, with interest thereon at the rate set forth in the Financing Agreement.

6. Estoppel Certificates. Within thirty (30) calendar days of written request therefor given to either party by Beneficiary or Grantor, as the case may be, the party to whom the request is made shall furnish to the other party and/or any such other person(s) as they may have been directed, a written estoppel certificate, duly acknowledged, certifying, as of the date of such estoppel certificate, (i) the unpaid principal balance of the Loan, (ii) the date through which interest on the Loan has been paid, (iii) whether or not any credits, offsets or defenses exist against payment of the unpaid indebtedness evidenced by the Financing Agreement or any other Loan Document, (iv) whether or not, to the knowledge of the certifying party, an Event of Default shall then have occurred and then be continuing hereunder, under the Financing Agreement or any

other Loan Document (or any other act or omission, which with the passage of time or the giving of notice, would ripen into an Event of Default), and (v) any other certifications reasonably requested. Any statement delivered pursuant to this Section 6 may be relied on by the requesting party and the recipient(s), and their respective successors and assigns.

7. Eminent Domain. Grantor hereby assigns and transfers to Beneficiary all right, title and interest of Grantor in and to any award or payment made in connection with any taking of the Mortgaged Property or any portion thereof as a result of, or by agreement in anticipation or in lieu of, any exercise of the power of eminent domain or condemnation. Grantor shall prosecute the same diligently and in good faith, and shall cause the same to be paid over to Beneficiary to the extent of the unpaid indebtedness evidenced by the in the Financing Agreement. Grantor hereby authorizes Beneficiary to collect any such award or payment or, if any Event of Default under this Deed of Trust exists beyond any applicable grace or cure period has occurred and has not been cured, to initiate and prosecute such claim or claims.

8. Representations. Grantor represents and warrants that:

(a) Grantor is a limited liability company duly organized, validly existing and in good standing under the laws of the State of Nevada.

(b) Grantor has all requisite power and authority to own and operate its properties, to carry on its business as now conducted and proposed to be conducted, and to enter into this Deed of Trust and the Note and to perform the terms thereof.

(c) Grantor is duly qualified and in good standing wherever necessary to carry on its present business and operations.

(d) Grantor warrants that it has the full right, power and authority to convey the Mortgaged Property to Trustee, and shall warrant specially the Land, and shall execute such further assurances thereof as may be requisite.

(e) This Deed of Trust creates a first lien on and security interest in the Mortgaged Property subject only to title exceptions of record and any other matter to which the Beneficiary has consented or hereafter may consent in writing.

(f) Grantor at all times shall keep and shall maintain the Land and the Mortgaged Property in good order and condition.

(g) Grantor shall promptly discharge any lien on the Mortgaged Property which Trustee or Beneficiary has not consented to in writing.

(h) Grantor has the power and authority to execute and perform this Deed of Trust. The execution and performance by Grantor of this Deed of Trust and the consummation of the transactions contemplated thereby have been duly authorized by all necessary company action.

(i) Grantor's performance hereunder and the consummation of the transactions contemplated hereby shall not and will not, to Grantor's knowledge: (A) constitute a breach of any agreement to which it is a party, or (B) violate any provision of law applicable to Grantor, the certificate of formation, articles of organization, operating agreement, limited liability company agreement, bylaws or other organizational documents of Grantor, or any order,

judgment or decree of any court or other agency of government binding on Grantor or its respective properties; or (C) result in or require the creation or imposition of any material lien upon the Mortgaged Property or assets of Grantor (other than the lien of Beneficiary).

(j) Grantor is not a party to any pending litigation, investigation or proceeding and to Grantor's actual knowledge, no such litigation, investigation or proceeding has been threatened in writing.

(k) The execution, delivery and performance by Grantor of this Deed of Trust and the consummation of the transactions contemplated thereby by Grantor do not and will not require any registration with, consent or approval of, or notice to, or other action to, with or by, any federal, state or other governmental authority or regulatory body (except to the extent unconditionally obtained on or before the date hereof).

(l) This Deed of Trust when executed and delivered by Grantor will constitute the legally valid and binding obligations of Grantor enforceable against Grantor in accordance with its terms, subject, however, to bankruptcy, insolvency, moratorium, reorganization and other similar laws affecting creditors' rights generally and to the application of general equitable principles in connection with the enforcement thereof.

9. Affirmative Covenants. Grantor agrees that from the date hereof and until final payment in full of the Note, unless Trustee or Beneficiary shall otherwise consent in writing, Grantor shall:

(a) Develop and operate the project on the Land as described in the Loan Documents.

(b) Comply with all terms and conditions contained in this Deed of Trust.

(c) Maintain, preserve and keep the Mortgaged Property in good repair, working order and condition, making all replacements, additions and improvements thereto necessary for the proper conduct of its business, operation and maintenance of the Mortgaged Property (subject, however, to Section 8(f) hereof), and provide all necessary security and security patrols for the Mortgaged Property to keep the Mortgaged Property free from waste, crime, trespassing, and similar matters.

(d) Pay and discharge when due, and before subject to penalty or further charge, and otherwise satisfy before maturity or delinquency, all obligations, debts, taxes, and liabilities of Grantor of whatever nature or amount, except those which Grantor in good faith disputes in accordance with applicable laws.

(e) Construct any and all alterations and perform any and all repairs of the Mortgaged Property in a good and workmanlike manner, in conformance with applicable laws and pursuant to a valid building permit(s).

(f) Grantor shall promptly notify Beneficiary in writing of any litigation or threatened litigation affecting the Property, or any other demand or claim which, if enforced, could impair or threaten to impair Beneficiary's security hereunder. Without limiting or waiving any other rights and remedies of Beneficiary hereunder, if Grantor fails to perform any of its covenants or agreements contained in this Deed of Trust or in any and such failure is not cured within any applicable grace or cure period, or if any action or proceeding of any kind (including, but not limited

to, any bankruptcy, insolvency, arrangement, reorganization or other debtor relief proceeding) is commenced which might affect Beneficiary's interest in the Property or notice to Grantor, make any appearances, disburse any sums and take any actions as may be necessary or desirable to protect or enforce the security of this Deed of Trust or to remedy the failure of Grantor to perform its covenants and agreements (without, however, waiving any default of Grantor).

(g) Grantor hereby indemnifies and holds Beneficiary, its officers, directors, employees, agents, and invitees, harmless for, from and against all loss, cost and expenses with respect to any event of default hereof, any liens (i.e., judgement, mechanics; and materialmen's liens, or otherwise), charges and encumbrances filed against the Mortgaged Property, and from any claims and demands for damages or injury, including claims for property damage, personal injury or wrongful death, arising out of or in connection with any accident or fire or other casualty on the Mortgaged Property or the improvements hereon or any nuisance made or suffered thereon, including, without limitation, in any case, reasonable attorneys' fees, costs and expenses as aforesaid, whether at pretrial, trial or appellate level, and such indemnity shall survive payment in full of the debt. This Section shall not be construed to require Beneficiary to incur any expenses, make any appearances or take any actions.

(h) Grantor shall, on the request of Beneficiary and at the expense of Grantor: (a) promptly correct any defect, error or omission which may be discovered in the contents of this Deed of Trust; (b) promptly execute, acknowledge, deliver and record or file such further instruments (including, without limitation, further mortgages, deeds of trust, security deeds, security agreements, financing statements, continuation statements and assignments of rents or leases) and promptly do such further acts as may be necessary, desirable or proper to carry out more effectively the purposes of this Deed of Trust and to subject to the liens and security interests hereof and thereof any property intended by the terms hereof and thereof to be covered hereby and thereby, including specifically, but without limitation, any renewals, additions, substitutions, replacements or appurtenances to the Property; (c) promptly execute, acknowledge, deliver, procure and record or file any document or instrument (including specifically, without limitation, any financing statement) deemed advisable by Beneficiary to protect, continue or perfect the liens or the security interests hereunder against the rights of interests of third persons; and (d) promptly furnish to Beneficiary, upon Beneficiary's request, a duly acknowledged written statement and estoppel certificate addressed to such party or parties as directed by Beneficiary and in form and substance supplied by Beneficiary, setting forth all amounts due under the Financing Agreement, stating whether any default or event of default has occurred hereunder, stating whether any offsets or defenses exist against the debt and containing such other matters as Beneficiary may reasonably require.

10. Negative Covenants.

(a) Grantor agrees that from the date hereof until final payment in full of the amounts due under the Financing Agreement, unless Trustee or Beneficiary shall otherwise consent in writing, Grantor shall not create, assume, or permit to exist any mortgage, security deed, deed of trust, pledge, lien, charge or other encumbrance on any of its assets, whether now owned or hereafter acquired, other than: (i) security interests required by this Deed of Trust; (ii) a security interest in connection with that certain Deed of Trust, Assignment of Leases and Rents, Security Agreement, and Fixture Filing in favor of the City of Las Vegas, a municipal corporation of the State of Nevada (the "City"), in connection with certain financing provided by the City to Grantor as part of Grantor's purchase of the Property from the City (the "City Loan"); (iii) liens for taxes contested in good faith; (iv) title exceptions of record; and (v) non-monetary encumbrances consisting of easements, rights of way, zoning restrictions on the use of real property and other

minor non-monetary liens or encumbrances as are reasonable and customary for the development of the Mortgage Property for its intended use.

11. Conveyances; Partial Releases. Except as otherwise provided in this Section 11 to the contrary, Grantor agrees that from the date hereof until final payment in full of amounts due under the Financing Agreement, Grantor shall not sell the Mortgaged Property, convey an interest in the Mortgaged Property, grant an interest in the Mortgaged Property, transfer an interest in Mortgaged Property, encumber the Mortgaged Property and/or assign the Mortgaged Property, except as otherwise permitted under the Loan Documents.

Beneficiary agrees to release the lien of this Deed of Trust in the following circumstances:

(a) upon recording of the tract map creating separate legal parcels of the parcels described in the Parcel Share (as defined in the Financing Agreement), the Beneficiary shall agree to amend the description of the Mortgaged Property such that the Mortgaged Property shall only include Parcels 1-6 and 9-11, as such are shown on the Parcel Map shown on Exhibit B Attached hereto and incorporated herein; and

(b) on the applicable legal parcel comprising a portion of the Mortgaged Property provided that (i) no Event of Default has occurred or is continuing; (ii) such parcel that Grantor is requesting be released from the Deed of Trust ("**Release Parcel**") has been lawfully subdivided from the remaining Mortgaged Property; (iii) Grantor has paid to Beneficiary the applicable Parcel Share for the Release Parcel; and (iv) Grantor pays all of Beneficiary's expenses incurred in connection with reviewing and documenting such partial release.

12. Substitute Trustees. Beneficiary shall have the irrevocable power to appoint successors or substitute trustees, such power to be exercisable at any time and from time to time hereafter, without notice, by the filing for record of a deed of appointment of successor or substitute trustee(s) in the office where this Deed of Trust is recorded. Any co-trustees acting hereunder may alone exercise any and all powers herein granted, and any such exercise by a single trustee shall have the same force and effect as if such co-trustees together had acted.

13. Assignment of Leases and Rents.

(a) Grantor irrevocably, absolutely, presently and unconditionally assigns to Beneficiary all Leases and Rents and other benefits of the Mortgaged Property, whether now due, past due or to become due, including all prepaid rents and security deposits. This is an absolute assignment, not merely an assignment for security only and shall continue in effect until the amounts due in the Financing Agreement are paid and satisfied in full. Upon and during the continuance of an Event of Default, Grantor hereby gives Lender the right to collect the Rents and apply them in payment of the principal, interest and all other sums payable under the Note and this Deed of Trust. Subject to the License granted to Grantor under paragraph (b) below, Lender has the right, power and authority to collect any and all Rents.

(b) Beneficiary confers upon Grantor a revocable license ("License") to enforce the Leases and collect and retain the Rents as they become due and payable so long as no Event of Default shall exist and be continuing. Grantor shall deliver such Rents to Beneficiary as are necessary for the payment of principal, interest and other sums payable under the Financing Agreement and this Deed of Trust as such sums become due. If an Event of Default has occurred and is continuing, Beneficiary shall have the right, which it may choose to exercise in its sole

discretion and which it may exercise without taking possession of the Mortgaged Property, to terminate this License upon ten (10) days written notice to or demand upon Grantor.

14. Security Agreement.

(a) The parties intend for this Deed of Trust to create a lien on the Mortgaged Property, and an absolute assignment of the Rents in favor of Beneficiary. The parties acknowledge that some of the Mortgaged Property and some or all of the Rents may be determined under applicable law to be personal property or fixtures. To the extent that any Mortgaged Property or Rents may be or be determined to be personal property, Grantor as debtor hereby grants Beneficiary as secured party a security interest in all such Mortgaged Property (including, any replacement or substituted property) and Rents, to secure payment and performance of the Financing Agreement. This Deed of Trust constitutes a security agreement under the Uniform Commercial Code as adopted in the State of Nevada covering all such Mortgaged Property and Rents. Beneficiary shall have all of the rights and remedies of a secured party under the Uniform Commercial Code as adopted in the State of Nevada, as well as all other rights and remedies available at law or in equity.

(b) Grantor shall authorize, at the cost of Grantor, the filing of and/or execute one or more financing statements and such other documents as Beneficiary may from time to time require to perfect or continue the perfection of Beneficiary's security interest in the Mortgaged Property or Rents. In the event that Grantor fails to authorize the filing of and/or execute any financing statements or other documents for the perfection or continuation of any security interest or in the event Beneficiary chooses to authorize the filing of and/or execute such financing statement on Grantor's behalf, Grantor hereby authorizes and empowers Beneficiary and irrevocably appoints Beneficiary as Grantor's agent and attorney-in-fact to authorize the filing of and/or execute and file, on Grantor's behalf, all financing statements, refilings, amendments, renewals and continuations thereof as Beneficiary deems necessary or advisable to create, preserve and protect such lien. If any financing statement or other document is filed in the records normally pertaining to personal property, that filing shall never be construed as in any way derogating from or impairing this Deed of Trust or the rights or obligations of the parties under it.

15. Fixture Filing. This Deed of Trust constitutes a financing statement filed as a fixture filing under Article 9 of the Uniform Commercial Code as adopted by the State of Nevada, as amended or recodified from time to time, covering any property which now is or later may become fixtures attached to the Mortgaged Property. For this purpose, the respective addresses of Grantor, as debtor, and Beneficiary, as secured party, are as set forth in the preamble of this Deed of Trust.

16. Miscellaneous.

(a) Any notice required to be given hereunder shall be deemed to have been given when written notice is (i) received by the party to whom it is directed by personal service; (ii) three (3) days after deposit with the United States Post Office, by registered or certified mail, postage prepaid and addressed to the party to be notified at the address for such party; or (iii) one (1) day after deposit with a nationally recognized air courier service such as FedEx. All notices shall be effective upon receipt by the party to which notice is given. Any party hereto may change its address by giving ten (10) days advance notice to the other party as provided herein.

The parties from time to time may designate a change of address by notice, in writing, given in accordance with the provisions hereof.

(b) Benefit and Burden. The provisions of the Financing Agreement and this Deed of Trust shall run with and bind the Mortgaged Property, and shall bind and inure to the

benefit of Grantor, its successors and permitted assigns, Trustee, and any successor or substitute trustee or trustees, and Beneficiary, and its successors.

(c) Waiver; Modification. No term or provision of this Deed of Trust may be waived or modified except by instrument in writing executed by the party or parties against whom it is to be enforced.

(d) Time Periods; Business Days. As used in this Deed of Trust, "business days" means all days other than Saturdays, Sundays, holidays and other days on which federal or state banks doing business in the State of Nevada are permitted to close. Additionally, Grantor acknowledges and agrees that, because Beneficiary's offices are closed on Fridays, Friday is not a business day for purposes of this Deed of Trust. Wherever in this Deed of Trust (i) any provision governs the date of commencement or expiration of any time period, or the date of occurrence of any act or event, if any such date otherwise would fall on a day other than a business day, then such date instead shall be deemed for all purposes of this Deed of Trust to commence or expire, or occur, as the case may be, on the next succeeding business day.

(e) Governing Law. This Deed of Trust shall be governed by and construed, interpreted and enforced in accordance with the laws of the State of Nevada.

(f) Severability. If any term or provision of any of the Note or this Deed of Trust shall be held invalid, illegal or unenforceable, in whole or in part, or if any term or provision of either of the Note or of this Deed of Trust operates or prospectively would operate to invalidate this Deed of Trust, then, such term or provision shall not affect, prejudice or disturb the continuing validity of the remaining terms and provisions of the Note and this Deed of Trust, which shall continue in full force and effect.

(g) City Loan. Notwithstanding anything to the contrary in this Deed of Trust, Beneficiaries agrees (i) to notify CITY OF LAS VEGAS, a municipal corporation of the State of Nevada (the "City") of any default by Grantor or Borrower under this Deed of Trust, the Financing Agreement or the Loan Documents, (ii) to five City not less than sixty (60) days after receipt by the City of the notice set forth in Section 6.02 of the Financing Agreement to cure such default on behalf of the Grantor or Borrower, (iii) not to commence foreclosure proceedings against or accept a deed-in-lieu for any portion of the Land without notifying the City of the same and giving the City sixty (60) days to cure the default giving rise to the potential foreclosure or deed-in-lieu, and (iv) that, in the event of any foreclosure or deed-in-lieu in connection with this Deed of Trust, which Deed of Trust is and shall at all times be subordinate to (i) the City's Development Agreement with the Grantor for the Property (the "City Development Agreement") which has been or will be recorded against the Property and (ii) the Project Declaration of Special Land Use Restrictions by Grantor in favor of the City (the "Project DSLURS") which has been or will be recorded against the Property, the City Development Agreement and Project DSLURS shall continue in full force and effect.

(h) Counterpart Signatures. This Deed of Trust may be executed in several counterparts, each of which shall be an original and all of which together shall constitute but one and the same instrument.

(i) No Third Party Beneficiaries. The parties hereto expressly declare that it is their joint and mutual intention that this Deed of Trust and the transactions contemplated hereby shall not be construed as creating a third party beneficiary contract, and this Deed of Trust shall not be construed as giving or conferring any rights or benefits whatsoever to or upon any other

persons or entities other than Grantor, Trustee, Beneficiary, and any permitted transferee (if approved by Beneficiary in its sole discretion).

(j) Maintaining Priority of the Deed of Trust. Grantor shall, at its expense, cause the recordation of this Deed of Trust and of any other instrument evidencing or securing the Note wherever such recording would or might be required in order to protect the first lien and priority of this Deed of Trust or such instrument against the claims of third parties. Grantor hereby covenants and agrees at all times, at its sole expense, take such other action and execute and record such other instruments as may be necessary or desirable to preserve and protect the first lien and priority of this Deed of Trust and all other instruments evidencing or securing the Note

Nevada State Infrastructure Bank

Financing Application

Nevada State Infrastructure Bank Overview:

The Nevada State Infrastructure Bank was established to provide low-cost financing to Nevada state agencies, local governments, Tribal governments, and non-profit organizations for priority infrastructure projects.

Pursuant to Chapter 408 of the Nevada Revised Statutes, the Bank may provide financing for a variety of infrastructure projects, including: transportation facilities, utility infrastructure, digital infrastructure, recycling and sustainability infrastructure, renewable energy infrastructure, social infrastructure, water and wastewater infrastructure, and other infrastructure related to economic development.

The Bank has been capitalized with an initial $75 million in State general obligation bonds that, are allocated to the following accounts within the Nevada State Infrastructure Bank:

- $40 million for projects for the Federal Infrastructure Matching Account;
- $20 million for projects for the Affordable Housing Revolving Account; and
- $15 million for projects for the Charter School Capital Needs Revolving Account.

In evaluating applications, the Bank will also seek to leverage outside capital and federal funding to help finance projects that improve quality of life, strengthen Nevada's climate resiliency, and help to promote a strong economy for communities across the State.

Application Instructions:

Please complete all sections of the application below and attach any required exhibits to request financing from the Nevada State Infrastructure Bank.

Prior to applying to the Bank for financing, please familiarize yourself with all the statutes and regulations governing the operation of the Bank.

The relevant statutory provisions can be found in Chapter 408 of the Nevada Revised Statutes (NRS 408.55048 – 408.55088).

Additionally, the regulations of the Bank provide the application requirements and describe the process for determining qualified projects and borrowers for applications to the Federal Infrastructure Matching Account, the Affordable Housing Revolving Account, and the Charter School Capital Needs Revolving Account.

Applications for financing will be reviewed by Bank staff and may be presented to the Board of Directors of the Nevada State Infrastructure Bank for consideration[1].

Completed, applications may be submitted as follows:

Via electronic mail:

Nevada State Infrastructure Bank

Email: *Financing.application@sib.nv.gov*

Via regular mail:

Nevada State Infrastructure Bank
c/o Executive Director
555 East Washington Avenue, Suite 5200
Las Vegas, Nevada 89101

[1] *Note: submission of an application does not guarantee Board consideration or project funding.*

Part 1: Applicant Information

Legal Name of the Applicant: Truckee Meadows Fire Protection District

Type of Applicant:

☒ Governmental Unit

☐ Indian Reservation or Colony

☐ Private Non-Profit Organization created for charitable or educational purposes

If applicant is a governmental unit or non-profit organization, please describe:

Truckee Meadows Fire Protection District (District) is a municipality of the State of Nevada located in Washoe County, Nevada. The District is governed by the Board of Fire Commissioners. The Washoe County Board of County Commissioners functions as the Board of Fire Commissioners of the District. The County has no financial benefit or burden relationship with the District and the District is a legally separate organization from the County.

Mailing Address of the Applicant:

Street Address: 3663 Barron Way

City, State, Zip Code: Reno, Nevada, 89511

Name of the Individual Submitting this Application:

Cindy Vance

Role/Title of the individual submitting the application:

Chief Fiscal Officer

Address for the individual submitting the application:

Street Address: 3663 Barron Way

City, State, Zip Code: Reno, Nevada, 89511

Email for Individual submitting the application:

cvance@tmfpd.us

Phone number of individual submitting this application:

775-326-6070

Please list the contact information (Name, Address, Phone, Email) for other authorized individuals associated with the project (i.e., consultants, advisors, engineers, attorneys, etc.)

Name: Charles A. Moore	Title: Fire Chief
Organization: Truckee Meadows Fire Protection District	Phone: 775-328-6123
Street Address: 3663 Barron Way	Fax: 775-326-6003
City, State, Zip: Reno, Nevada, 89511	E-mail:
Name: Michael W. Large	Title: Deputy District Attorney
Organization: Washoe County	Phone: 775-337-5712
Street Address: 1 S. Sierra Street	Fax:
City, State, Zip: Reno, Nevada, 89501	E-mail: mlarge@da.washoecounty.gov

Part 2: Financing Requested

What type of financial assistance is the Applicant seeking? (Please select all that apply)

- [x] Loan
- [x] Grant
- [ ] Other Financial Assistance

Financing Amount Requested:

4,500,000

Is the State Infrastructure Bank origination fee included in financing? (Please reference the regulations governing the Nevada State Infrastructure Bank)

- [ ] Yes
- [ ] No

Financing term requested (Number of years): 25 Years

Source of financing repayment:

- [ ] Enterprise Fund
- [ ] Special Fund
- [ ] General Fund Lease
- [ ] Assessment District
- [ ] Special Taxes/Property Related Assessments
- [ ] Voter approved general obligation debt
- [x] Other

Please explain the source(s) of financing repayment:

If Truckee Meadows Fire Protection District is approved for a Loan, the District will use general fund revenue sources including property taxes and consolidated taxes for loan repayment.

Part 3: Project Information

Project Name: Hidden Valley Fire Station #37 - Addition (Apparatus Bay, Office and Support Spaces)

Project Address:

Street Address: 3255 W. Hidden Valley Drive

City, State, Zip Code: Reno, Nevada, 89502

Project Category (Please reference Chapter 408 of the Nevada Revised Statutes):

☐ Transportation Facility

☐ Utility Infrastructure

☐ Water and Wastewater Infrastructure

☐ Renewable Energy Infrastructure

☐ Digital Infrastructure

☐ Recycling and Sustainability Infrastructure

☒ Social Infrastructure

☐ Other Infrastructure related to Economic Development

If the project category selected was "Other Infrastructure related to Economic Development" please explain the project:

N/A

Is the project located in any of the following? (Please select all that apply)

☐ In a qualified census tract as designated by the United States Secretary of Housing and Urban Development pursuant to 26 U.S.C. § 42(d)(5)(B)(ii)

☐ In a census tract which has a high level of social vulnerability as determined according to the Social Vulnerability Index developed by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services

☐ In a community which has a large percentage of the population having limited English proficiency

☐ In a community that has been subject to historical instances of redlining, segregation or other discriminatory practices

Is any part of the proposed project located on Tribal land?

☐ Yes

☐ No

Please attach a detailed description of the project. If the funding request is limited to a portion of the project, please identify as appropriate. If you have a feasibility study, a capital improvement plan, environmental study, or other such reports containing a detailed description of the project, please include as appropriate.

Attach all necessary documents as Exhibit 1. [Please label and attach items as Exhibits 1a, 1b, 1c, etc.] Enclosed in Exhibit 1 is a detailed project description for Desert Pines. The funding request pertains to the acquisition of the entire site, the design and construction of infrastructure for future public right of way that is necessary to support the construction of the affordable and mixed-income housing on the various vertical phases of development.

If funding for the project is approved by the Nevada State Infrastructure Bank Board of Directors, how long will it take for this project to be completed?

The construction of the infrastructure can commence in Q2 2025. The initial phase of vertical development could also start construction by Q4 2025. This will be a multi-phase, multi-year master development that will be developed primarily with affordable and mixed-income housing. As such, the completion calendar will be dependent on annual availability and awards of public subsidy to provide the financing necessary for its development.

Please list applicable permits for the project:

Type of Permit (Please include permit number)	Granting Authority	Date Submitted	Date Received	Expiration Date
WSUP23-0018	Washoe County	09/04/2023		

Please complete the attached Project Sources and Uses of Proceeds Table (located on page 22 of this document) as Exhibit 2. Attach any and all cost estimates, bids, project labor agreements, and construction contracts, if available. [Please label and attach them as Exhibits 2a, 2b, 2c, etc.]

Please provide for any and all documentation commitment(s) for project funding sources other than financing from the State Infrastructure Bank. This could include resolutions, grant agreements, loan agreements, contracts, etc. [Please label and them as Exhibit 3]

Is land acquisition a component of the project?

☐ Yes

☐ No

If yes, please provide a copy of the purchase agreement as Exhibit 4. Include a description of the land that has been or will be acquired (current owner, address, assessor's parcel number, purchase date or expected purchase date, cost or estimated cost), and identify the funding source(s) for the land below:

The City of Las Vegas is the current owner of approximately 100 acres of land that currently operates as a golf course. The clubhouse is the primary structure on-site and is located at 3415 E. Bonanza Rd, Las Vegas, NV 89101 with an APN of 139-36-502-003. The disposition of the site will occur under the terms of a Development Agreement and Purchase and Sales Agreement with the SIB Loan Borrower and the Master Developer Entity. The price will be based on an agreed upon appraisal of the site.

Does the applicant already own the land needed for the project?

☐ Yes

☐ No

Please provide a comprehensive project timeline as Exhibit 5. Include specific project milestones such a preliminary engineering report, all required permits, design, engineering, land/right-of-way acquisition, preparation of bid documents, awarding of construction contract, construction start date, construction completion date, and the date that the project will become operational.

Private Activity - Will any entity, including a governmental entity other than the Applicant, use or directly benefit from any portion of the Project other than as a member of the general public? (For example, will a private entity or a federal agency operate, or lease space in the proposed project?)

☐ Yes

☐ No

If yes, please describe the entity that will use or otherwise benefit from the Project. Provide a copy of the agreement(s) with such private entity, or federal agency. [Please label and attach as Exhibit 6.]

N/A

Will financing be used to finance more than 5 percent of any private activity costs?

☐ Yes

☐ No

If yes, please explain:

The SIB Loan will be used to finance the design and construction of both public and private infrastructure needed to support the various parcels of vertical construction throughout the master plan. The vertical developments will have a variety of financing structures but, more specifically, the affordable housing developments will utilize a combination of federal low income housing tax credits, private activity tax-exempt bond financing, private equity and conventional debt.

Business Relocation – Will the proposed Project require the relocation of a private sector business from one area of the State to another?

☐ Yes

☐ No

If yes, please provide a justification to support the move:

Please describe any economic and/or community benefits that will result from the completion of this project. Please include the method, or calculation by which these results were identified:

The proposal replaces the existing apparatus bay with a larger bay that will accommodate modern fire engines. The existing apparatus bay, formerly used by a volunteer 501 (c)3, is too small to accommodate all the fire engines in the fleet, save one. The building will also add offices, a public entry, and support spaces to store and repair ancillary firefighting equipment.

What are the total number of jobs that will be created and the average wage for the project? (Please include the method or calculation by which these results were identified)

Construction jobs only. Wages will be in accordance with Government guidelines and prevailing wage.

What are total number of jobs retained and the average wage? (Please include the method or calculation by which these results were identified)

Construction jobs only. Wages will be in accordance with Government guidelines and prevailing wage.

Describe the environmental impact that will result from this project? (Please include the method or calculation by which these results were identified)

Unknown

Does this project comply with the with the standards and goals set forth in the 2020 Nevada Climate Strategy and the goals for the reduction of greenhouse gas emissions set forth in NRS 445B.380 and 704.7820?

☐ Yes

☐ No

☐ Unsure

Useful Life - Please provide evidence detailing the useful life of the Project. Useful life is defined as the estimated number of years the project is anticipated to remain in service. Please include estimated useful life projections with and without any anticipated maintenance costs. [Label and attach as Exhibit 7]

Is this project eligible to apply for funding from the Affordable Housing Revolving Account within the Nevada State Infrastructure Bank Fund? (Please reference the Nevada State Infrastructure Bank regulations for the guidelines and policies for the Affordable Housing Revolving Account.)

☐ Yes

☐ No

☐ Unsure

Is this project eligible to apply for funding from the Charter School Capital Needs Revolving Account within the Nevada State Infrastructure Bank Fund? (Please reference the Nevada State Infrastructure Bank regulations for the guidelines and policies for the Charter School Capital Needs Revolving Account.)

☐ Yes

☐ No

☐ Unsure

Is this project eligible to apply for funding from the Federal Infrastructure Matching Account within the Nevada State Infrastructure Bank Fund? (Please reference the Nevada State Infrastructure Bank regulations for the guidelines and policies for the Federal Infrastructure Matching Account.)

☐ Yes

☐ No

☐ Unsure

Is this project eligible to apply for funding from the State Infrastructure Bank General Account within the Nevada State Infrastructure Bank Fund? (Please reference the Nevada State Infrastructure Bank regulations for the guidelines and policies for the State Infrastructure Bank General Account.)

☐ Yes

☐ No

☐ Unsure

Part 4: Financial Information

Please provide copies of the five most recent fiscal year-end audited financial statements for the applicant and related parties to the project, if not already provided, as well as applicable revenue projections and cash flows. [Label and attach as Exhibits 8a, 8b, 8c, etc.]

Please provide the current year's adopted budget as Exhibit 9.

Are there any events or circumstances that have occurred since the date of the last financial statement could materially affect the overall financial condition of the Applicant?

☐ Yes

☐ No

If yes, please explain:

N/A

In the table below, please list all outstanding financing obligations (debts, notes, capital leases, etc.) secured by the source of repayment for the requested financing. Attach as Exhibit 10, and include a copy of all financing documents (e.g., the official statement along with any underlying loan agreements, lease agreements, or indentures, etc.) [Label and attach as Exhibits 10a, 10b, 10c, etc.]

Name of Lender	Date of Debt	Outstanding Balance (as of 06/30/2023)	Maximum Annual Debt Service/Lease Payment
Chase Bank	03/10/2020	$3,167,000	$483,140
Zions Bank	10/21/2020	$1,707,000	$157,117
Zions Bank	07/28/2021	$6,600,000	$375,019
		$	$

Please provide a description of any off-balance-sheet debt obligations, including capital leases and other contractual obligations:

There are no other debt obligations. Other District long-term liabilities include compensated absences, pension liabilities, and other post-employment benefit liabilities. Those are included in the government-wide financial statements on page 12 of the audited financial statements for the year ended June 30, 2022.

Has the Applicant defaulted on any debt or other obligation including, but not limited to, bonds, leases, or loans within the last ten years?

☐ Yes

☐ No

If yes, please specify the date(s) and circumstances:

Please attach as Exhibit 11 the current Capital Improvement Plan. Explain below any expected plan for future debt issuance:

The District has the need for facilities and apparatus. The District is considering all funding sources for these facilities and apparatus, however there are no immediate plans for debt issuance.

Does the Applicant have an Inter-fund Transfer Policy?

☐ Yes

☐ No

If yes, please attach a copy of the policy as Exhibit 15.

Is the Applicant planning on utilizing any collateral in order to receive a loan or other financial assistance?

☐ Yes

☐ No

If yes, please explain:

Part 5: Loan Proceeds

Will the loan proceeds pay for any general administration or overhead costs?

☐ Yes

☐ No

Have any general administration or overhead costs already been incurred?

☐ Yes

☐ No

If yes, please explain:

The District has paid for project consulting and architectural fees, including staff time, from its current available funds.

Will the Project include the payment of prevailing wages as set forth in NRS Chapter 408?

☐ Yes

☐ No

Will loan proceeds finance preliminary costs for the Project?

☐ Yes

☐ No

Have any preliminary costs already occurred?

☐ Yes

☐ No

If yes, please explain:

The project is Shovel Ready, preliminary costs have already been incurred and paid

Part 6: Legal Information

Please describe the composition of the Applicant's governing body, including the number of positions, term, and the selection/appointment process. Additionally, please provide a current list of individuals in these positions:

The Board of County Commissioners serves as the Board of Fire Commissioners for the Truckee Meadows Fire Protection District. It is a five-member Board elected by constituents within their districts for a four-year term. As of June 2023, the Board of Fire Commissioners are Alexis Hill, Chair; Jeanne Herman, Vice Chair; Michael Clark, Commissioner; Mariluz Garcia, Commissioner; and Clara Andriola, Commissioner.

Has the governing body approved the application? (Please provide written documentation confirming approval):

Please describe any pending or anticipated litigation and/or contractual disputes that the Applicant is a party to:

None

Please describe any past, present, or potential issues or controversies that may impact the Project:

None

For any applicant that is a Charter City, please attach as Exhibit 16 a copy of the City's Charter including all addendums and supplements thereto.

For any applicant that is a School District, Special District, or Joint Powers Authority (JPA), please provide the statutory citation of formation authority or attach a copy of all formation documents and amendments as Exhibit 17.

For any applicant that is a non-profit organization, please provide as Exhibit 18, a copy of the following:

a. Articles of Incorporation, together with all amendments.

b. Certificate of Status/Good Standing in the State of Nevada.

c. Bylaws, together with all amendments.

d. 501 (c)(3) Determination Letter(s) from the IRS, and any related documents and correspondence with/from the IRS.

e. All Form 990s for the last three years

f. All Form 990-Ts for the last three years.

g. Capital Campaign brochures, forms, pledge cards, and related materials, if any.

Applicant acknowledges the following

All information submitted to the Nevada State Infrastructure Bank is true and correct at the time of submission, and such information does not contain any untrue or misleading statement of a material fact or omits to state any material fact necessary to make the statements contained herein not misleading. Further, applicants affirm, understand, and accept the obligations, terms, and conditions of loans and other financial assistance offered by the Bank.

By signing below, I acknowledge that I understand that it is unlawful to knowingly make a false claim, a false statement, use a false of fictitious name, or obtain money or benefit under false pretenses. I understand these acts are a violation of the laws of the State of Nevada punishable by civil penalties, including repayment, and/or criminal penalties including up to a category D felony and six years in state prison.

** City of Las Vegas (CLV) Seller Note for the full site acquisition cost of $17,400,000.*

Desert Pines
Exhibit 1 – Project Description
06/28/24

The Desert Pines redevelopment is a public-private partnership between the City of Las Vegas and Urban Strategies, Inc. with McCormack Baron Salazar, Inc.

The subject site is approximately 100 acres, is currently owned by the City of Las Vegas and currently operates a full-service golf course. The City and golf course operator have agreed to have the golf course operations cease with a 90-day notice and no relocation fees will be required. The City of Las Vegas will sell the property to a single asset entity to the development entity. The site is located at 3415 E. Bonanza Road in the City of Las Vegas, Nevada, 89101 and is bounded by E. Bonanza Road on the North, N. Mojave Road on the West, Pecos Road on the East and the 515 Freeway on the South.

The development plan is to redevelop the golf course into a mixed-use subdivision with both affordable and mixed income multifamily uses, market rate homeownership housing along with various commercial and educational uses and open space.

Applicant

Urban Strategies, Inc. (USI) is a 501(c)(3) national non-profit with extensive experience in the design and implementation of place-based human capital development strategies in communities that are undergoing comprehensive physical revitalization. Founded in 1978, USI is a leader in the field of community development in over 53 communities in 28 major metropolitan areas. USI supports communities, develops economic opportunities, and works with developers to build new physical facilities and amenities that complement human service systems and improve the capacity of existing community systems. *USI Who We Are* is included as ***Exhibit 19***.

USI has formed a 501(c)3 non-profit affiliate, Urban Strategies LLC, to be the Applicant of this State Infrastructure Bank (SIB) Loan Application. Urban Strategies LLC will serve two key roles in this real estate transaction: (1) the Borrower role for the SIB Loan and (2) the Ownership role for the Land Development components.

Borrower Role

If awarded, Urban Strategies LLC will enter into all necessary Loan Documents with the State of Nevada for the SIB Loan. The security for the SIB Loan will be a Trust Deed in favor of the State of Nevada recorded against the Desert Pines real property, minus the areas of proposed Public Right of Way to be dedicated to the City for public infrastructure.

Ownership Role

Under the terms of an approved Disposition and Development Agreement with the City of Las Vegas, Desert Pines Master Development, LLC will acquire approximately 100 acres of land located in the City of Las Vegas, Nevada known as Desert Pines. Urban Strategies, LLC will be a Member of Desert Pines Master Development, LLC.

Master Developer

McCormack Baron Salazar, Inc. (MBS) is the real estate development partner in the Desert Pines transaction and brings over 50 years of experience in large scale, urban revitalization of mixed-income and multi-generational communities. MBS has closed 239 projects with development costs in excess of $5.6 billion. They have developed more than 26,000 homes and 1.6 million square feet of retail and commercial space – all invested to transform places into communities that positively impact local residents and businesses. MBS Statement of Qualifications is included as ***Exhibit 20*** of this funding application.

MBS has created a single asset entity, MBS Desert Pines Member, Inc., to serve as the Managing Member of Desert Pines Master Development, LLC.

As depicted in the below proposed organizational chart, Desert Pines Master Development, LLC shall consist of only two members: MBS Desert Pines Member, Inc. and Urban Strategies, LLC.

Desert Pines Master Development LLC will be the Master Developer and the Owner of the Desert Pines property.

The combined real estate and human capital development experience of the organizations will ensure the development will provide an unparalleled community asset for generations to come.

Site Control

In 2022, the City of Las Vegas issued a Request for Qualifications (RFQ) seeking qualified Developer to redevelop the City-owned Desert Pines Golf Course. The City selected McCormack Baron Salazar, Inc. (MBS) and entered into an Exclusive Negotiation Agreement (ENA).

A Disposition and Development Agreement (DDA) between the City of Las Vegas and the Master Developer will detail the specifics of the real estate transaction including the land acquisition structure, development program, phasing, affordability targets, financing components necessary for the redevelopment of the property. The DDA and related development agreements will be approved by the City of Las Vegas City Council and executed prior to the funding of the SIB loan.

The property is currently appraised at $17,4000,000 for the site. Per Nevada state law requirements, the appraisal will be updated within 6 months of the transaction approval date. The City of Las Vegas will sell the land and provide a purchase money trust deed for the full sales price. This trust deed will be secured by the property, and will be subordinated to the State Infrastructure Bank loan.

Other agreements will include a Development Agreement which will incorporate the entitlements and design guidelines requirements, development standards for the property, the Declaration of Special Land Use Restrictions (DSLURS), and related ancillary agreements.

Vision

The site is located in the East Las Vegas community that consists of primarily working class Latino immigrant households. The City's RFQ contained a Vision Plan for the redevelopment of the Desert Pines property.

The plan "imagined a new mixed-use, mixed-income neighborhood providing opportunities for existing East Las Vegas residents to stay, invest and build wealth in the neighborhood." Incorporation the plan vision, we have anchored the development with a central recreation area, along with community center, soccer pitch, and multi-use paths that follow the Cedar Trail alignment. In addition to the central recreation area there is a new 3 acre College of Southern Nevada (CSN) Training Center Campus. Additional education opportunities will include development of an Early Education Facility serving the neighborhood youth. The housing components will include Senior Living opportunities, affordable family units in mixed-income housing, and universal designed developments to accommodate community members across a wide spectrum of physical ability and income needs. Single-and multi-family residential uses will connect "Main Street" back to neighbor-hood uses incorporating complete street concepts. The community is envisioned as an energy efficient development that will focus on reducing greenhouse gas emissions and maximizing energy efficiency for residents and users, utilizing passive sustainable design strategies and renewable energy production to balance and offset carbon emissions. Native desert landscape and significant trees will be preserved where possible and new resilient urban species will be added to reduce and mitigate the urban heat island.

This project is the result of intentional and extensive bi-lingual community engagement, creative partnerships, and a commitment to resilient development that helps some of the city's most vulnerable populations. East Las Vegas consists of higher density traditional neighborhoods and a diverse Latino community, but currently lacks the investment of infrastructure and other community services to service a rapidly changing demographic.

Master Plan

The Desert Pines Master Plan (***Exhibit 1.1***) includes various Development Parcels that will allow for Affordable Rental Housing for Families, Affordable Rental Housing for Seniors, Market Rate Homeownership opportunities, Retail, Educational and Open Space uses.

The mixed-income and mixed-generational housing types offer a variety of housing options that allow residents to age in place. The local services and amenities allow residents to walk to local commercial services and educational opportunities.

The mixed-use buildings and overall community layout build on new urbanism principles that enhance the pedestrian experience by providing walkable streets. These pedestrian-oriented streets are characterized by commercial storefronts and residential front doors and are a fundamental design element that is reflected throughout development. A walking trail and community

gathering spaces, which incorporate trees and shade structures to help offset the hot summer months, are meant to encourage social interaction between neighbors.

The infrastructure and buildings will incorporate sustainability features based on local standards and regional conservation efforts with the goal of reducing utility costs for residents and conserving natural resources. In our experience, sustainability is an essential component of creating long-term, stable, resilient communities.

Thoughtful street designs will incorporate the use of passive traffic calming measures to slow vehicular traffic and promote safe pedestrian crosswalks. Pedestrian and bicycle routes will contribute to the goals of creating pedestrian connections to the Cedar Trail as a community asset for social, recreational and educational experiences. Stormwater management will ensure that rainfall will be collected and routed to Lake Mead as part of the City's storm water management plan. This will help reduce storm water impacts from large storms that impact the area throughout the year. The site's trees and landscaping will incorporate native plants and a plant palette that is sustainable to the Valley, and will contribute the goal of reducing water consumption and combating the heat island effect.

Program

Horizontal (Infrastructure) Program

The property currently operates as a full service Golf Course. That use will need to be cleared and the site will be subdivided to allow for the installation of site-wide infrastructure necessary to support the proposed Vertical Phases (i.e. buildings) of development. There are approximately 7.9 acres of land to be dedicated as future public right of way and improved with public infrastructure.

It is anticipated that the Infrastructure will be installed in two phases (***Exhibit 1.2***). Infrastructure Phase 1 will include wet and dry sub-surface utilities, concrete curbs & gutters, asphalt and surface improvements to allow the initial Vertical Phases to commence construction on a staggered sequence (***Exhibit 1.2 based on phased drawings***).

Infrastructure Phase 2 will include the balance of roadway improvements, lighting and other landscape improvements to complete the private common areas that will be shared and maintained by all of the various parcels.

Vertical Phases Program

The Overall Program is being refined as designs progress for the Vertical Phases. However, the current Program (subject to change) includes approximately:

- 1,362 Residential Units, including:
    - 1,082 Multifamily Units (minimum of 50% will be affordable to low and very low-income families)
    - 280 Homeownership Units
- 10,000 sq ft Community Center
- 75,000 sq ft Commercial Space
- 10,000 sq ft Early Education Center
- 30,000 sq ft College of Southern Nevada (CSN)
- Open Space – Recreation Area and Walking Trails

Affordability

Below is a snapshot summary of the proposed use for each parcel and the overall affordability levels that the development will focus on achieving. The City of Las Vegas Land Use Restrictions will require that a minimum of 50% of the total multifamily residential units be affordable to low-income households at or below 80% of the Area Median Income (AMI). Currently. In addition, the development land use restrictions will require a minimum of 40% of the multifamily units on a specific parcel be restricted to residents at 60% of the area median income or below. The final specific affordability for each parcel may vary based upon affordable housing financing requirements available at the time of development. The project's current affordability program is achieving 71% affordability level. While the final affordability levels for each parcel may vary, the overall affordability will meet the regulatory standards noted above.

Financing

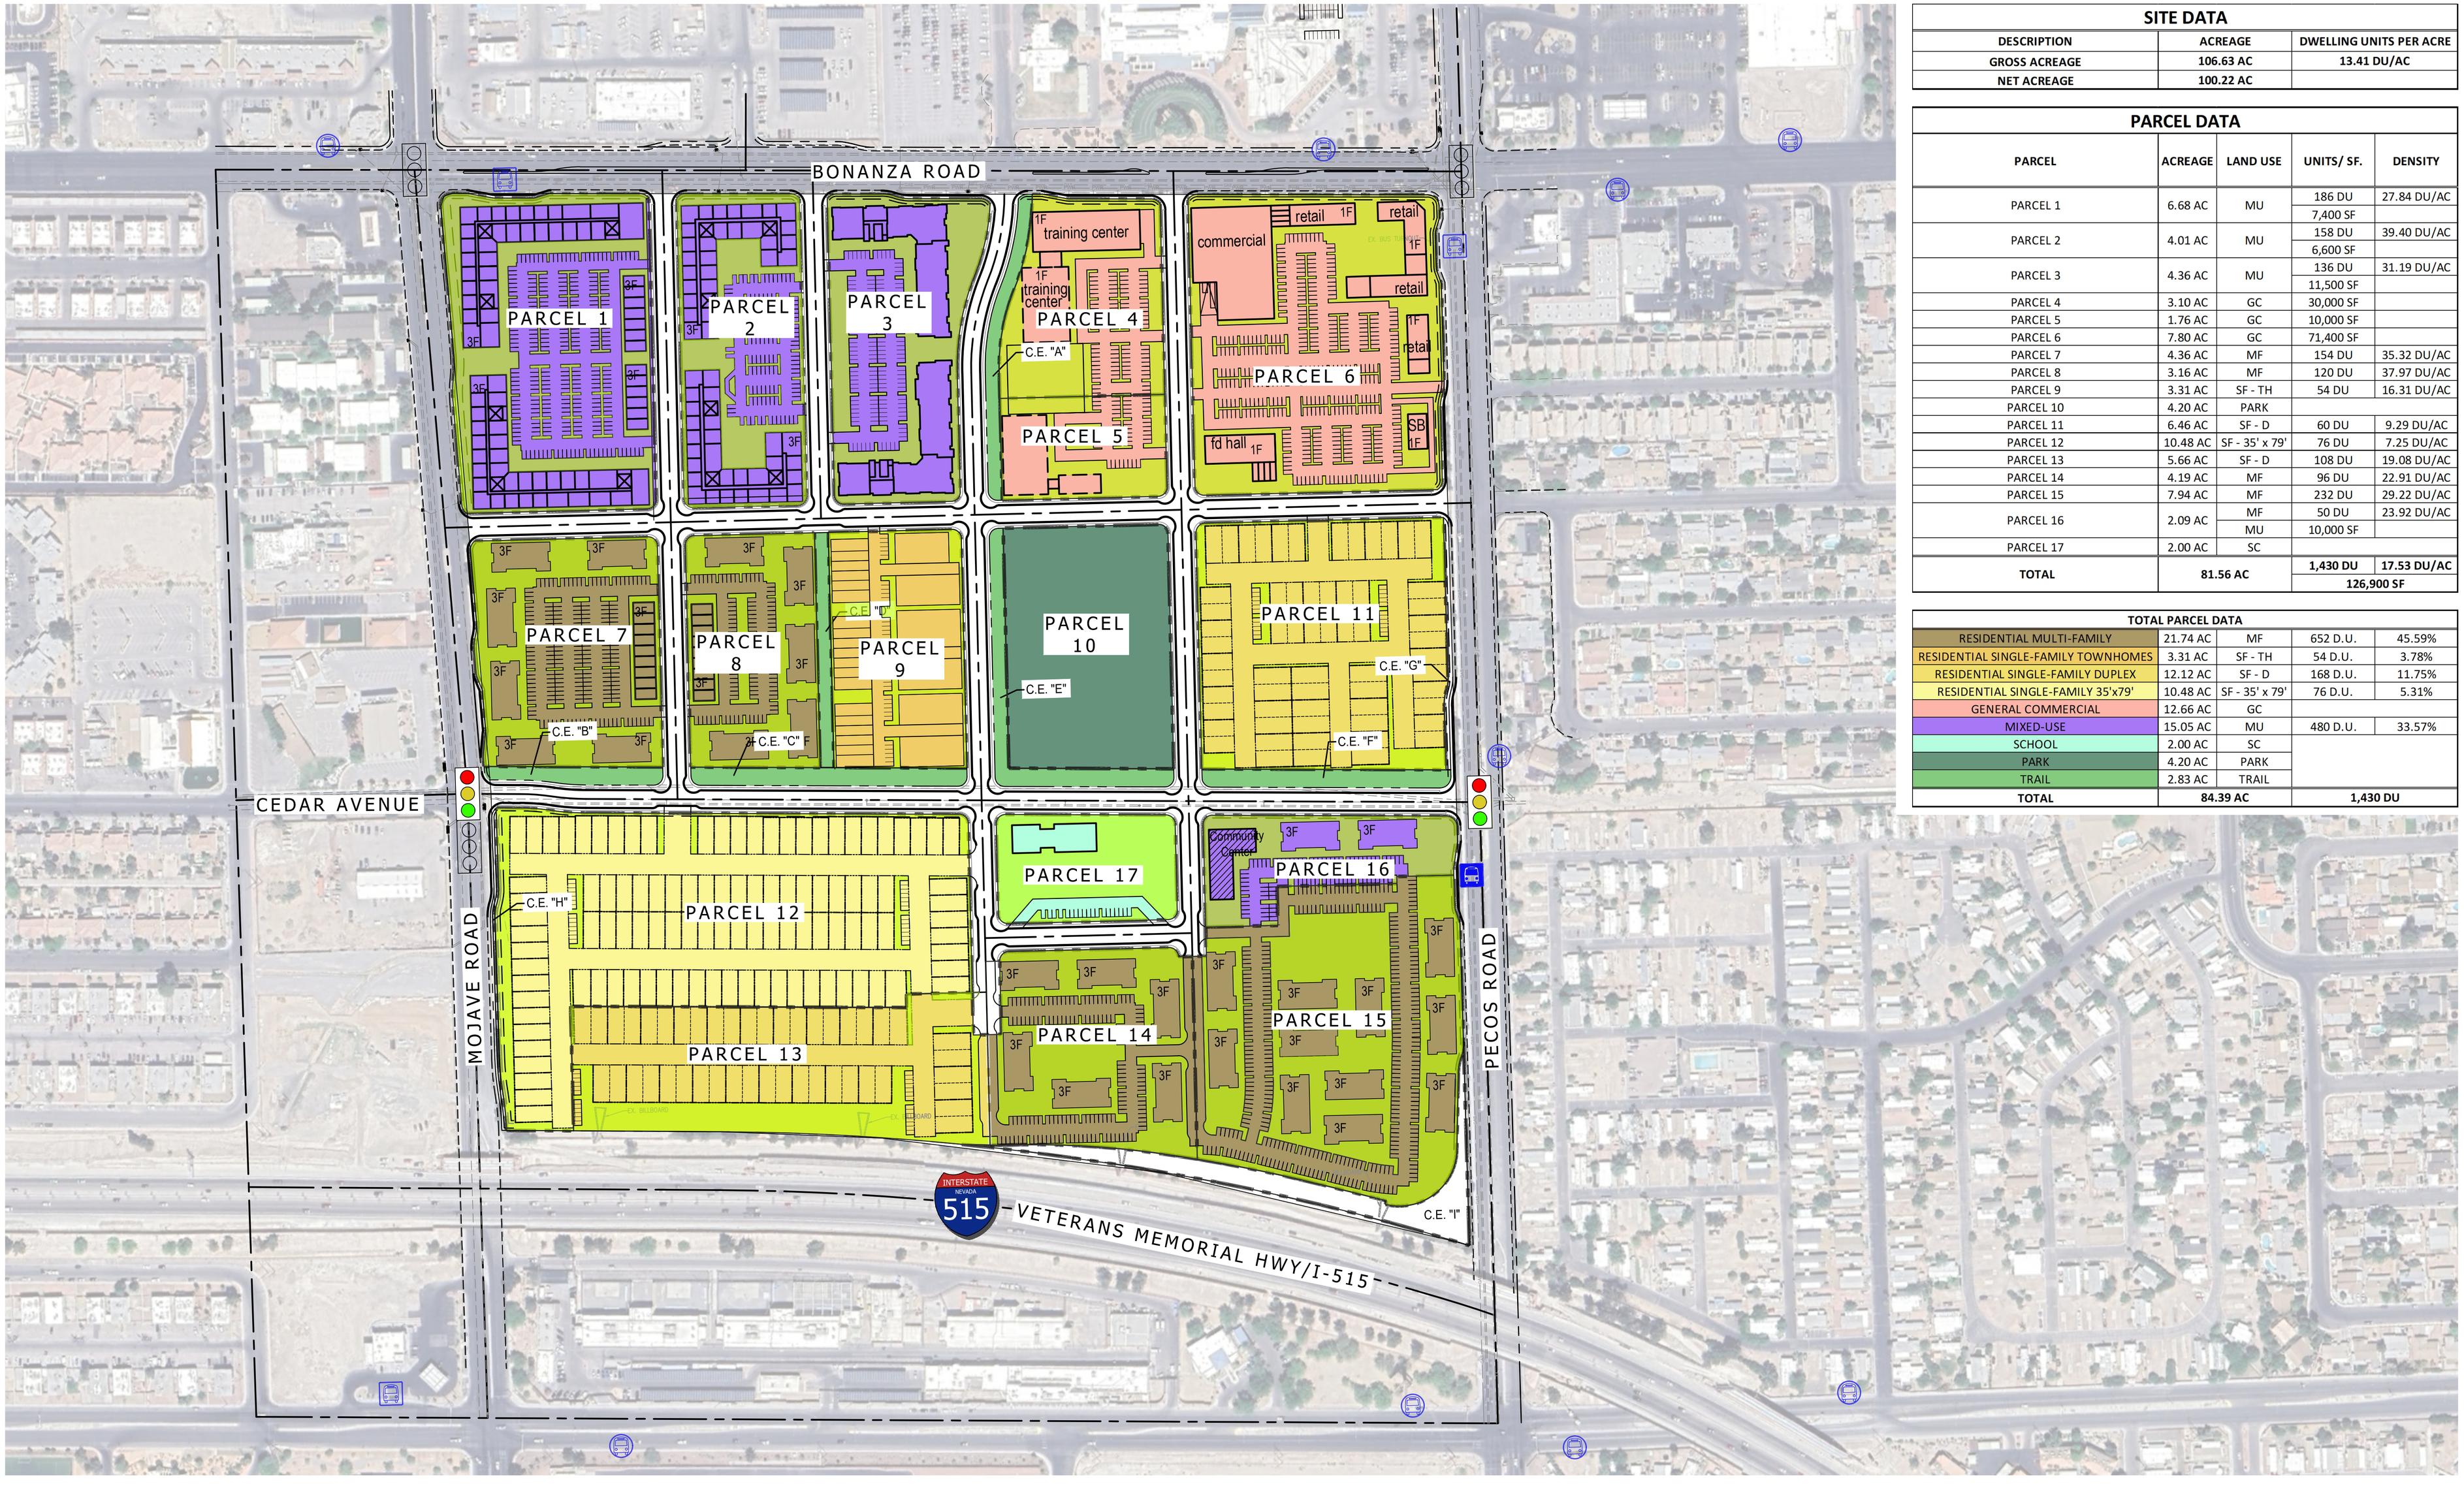
The City of Las Vegas is leveraging its control of the 100-acre Desert Pines Golf Course in East Las Vegas to drive several community-driven goals identified in the 2050 Master Plan and reinforced in the East Las Vegas Special Area Plan, providing opportunities for incentivizing affordable infill housing, embracing Latino culture through placemaking and design, partnering with education and focusing on workforce training, increasing accessible recreation space and developing a transit-oriented and walkable project.

The financing primary source for the horizontal infrastructure financing is the State Infrastructure Bank Loan program. The SIB Loan is ideally suited to support the ambitious Master Plan, which offers a huge public benefit to the City of Las Vegas and the State of Nevada. Due to the scale and

scope of work required to support this Development Plan, the Applicant anticipates the need to submit subsequent applications to the SIB Loan Program to support Infrastructure Phase 2 improvements.

The Vertical Phases will be financed through a variety of federal, state and local sources that may include, but are not limited to the following:

- American Rescue Plan Act Funding
- Home Means Nevada Initiative
- LIHTC Equity
- Non-LIHTC Equity
- New Market Tax Credit Equity
- Clark County Community Housing Fund
- HOME & CDBG Programs
- Nevada Housing Division Programs
- Federal Home Loan Bank Housing Program
- Foundations & Philanthropic Sources
- Congressionally Directed Spending Requests
- AFL-CIO Housing Investment Trust
- Conventional Debt Financing
- Southern Nevada Regional Housing Authority



Each Vertical Phase will identify its capital funds and, if applicable, operating subsidy based on resource availability and funding priorities at the time of predevelopment for each phase. Most MBS Developments feature a complex blend of financing sources in addition to the traditional methods of financing.

Construction – Horizontal (Infrastructure) Phases

Infrastructure Phase 1 will be ready to break ground within 6 months of a SIB Loan Award. Civil engineering designs and utility coordination is in full swing as of the date of this Application. The Development Team has been working with a local infrastructure contractor that has provided cost estimates, critical path schedules and other design period feedback to ensure a smooth construction process. Infrastructure Phase 1 construction duration is estimated at 18 months from Notice to Proceed.

Construction – Vertical (Buildings) Phases

The first Vertical Phase of construction is dependent on the timing and the sequencing of Infrastructure Phase 1 funding and construction. The first vertical phase (Parcel 3) is amassing it's capital stack for the affordable housing development that incorporates mixed-use commercial space on the ground floor, a community room for residents and common area spaces. The development phase has been awarded $8 million in funding from Clark County affordable housing resources and securitization of additional funding resources is underway. The mixed-use development that incorporates a Universal Design Housing concept and Ground Floor Commercial uses on Parcel 3 are shown in ***Exhibit 1.6***.

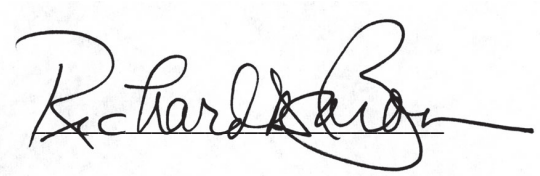
USI | URBAN STRATEGIES, INC.

CERTIFICATE FOR CORPORATE RESOLUTION

The undersigned, being the Chairman of Urban Strategies, Inc. (hereinafter referred to as "the Company" or "USI"), a Corporation duly organized under the laws of the United States, do hereby unanimously state, adopt, and approve the following actions by this Certificate of Corporate Resolution with full force and effect. Under the most formal oath I DECLARE AS FOLLOWS,

CERTIFICATES



WHEREAS the Company is a Foreign Non-Profit Corporation organized under the laws of Missouri, duly authorized to do business in Nevada since February 7, 2024.

WHEREAS the Board of Directors of the Company has authorized, effective as of May 22, 2024, the submission of the Las Vegas Desert Pines Development Application for an amount up to Forty Million Dollars ($40,000,000.00) to the Nevada State Infrastructure Bank in partnership with McCormack Baron Salazar ("MBS"), a Missouri corporation.

NOW, THEREFORE, BE IT RESOLVED, the Board of Directors of the Company approves and supports the submission of the Las Vegas Desert Pines Development Application to the Nevada State Infrastructure Bank in partnership with MBS.

I CERTIFY that the actions taken by this Corporate Resolution are in effect pursuant to that certain meeting of the Board of Directors of the Company held on May, 22, 2024, duly called and constituted and have not been amended as of this date.

IN WITNESS WHEREOF, the undersigned executes this Corporate Resolution on behalf of the Board of Directors of Urban Strategies, Inc. on May 22, 2024.

** City of Las Vegas (CLV) Seller Note for the full site acquisition cost of $17,400,000.*

Desert Pines
SIB Finance Summary
06/28/24

The development incorporates acquisition of the approximately 100-acre site. Once acquired, the site will be subdivided into development parcels and public improvements will be installed to allow the vertical land development to proceed.

The acquisition price is $17,400,000. The City of Las Vegas, as the seller, will provide seller financing at 100% of the purchase price. The State Infrastructure Bank (SIB) loan will provide funding to cover a component of acquisition costs related to closing costs (e.g. title insurance, escrow, etc.). The City's acquisition Loan will be repaid at the time of vertical development of each of the phases. A summary of the acquisition costs allocation and repayment schedule is included in the chart below.

The SIB funding for the infrastructure costs will total $45 million for the entire project. We recognize that funding limitations may require the development to be developed in phases to accommodate funding availability. We have projected two infrastructure development phases – Phase 1 and Phase 2. Please see the Site Plan that shows the phasing that is attached to the application.

The SIB's $45 million funding will leverage the site's total vertical development costs total $366 Million, for a total development cost exceeding $411 million.

Based on the infrastructure phasing, we project an infrastructure development cost of $25 million for Phase 1 and $20 million for Phase 2. The costs will be allocated to the various development parcels in each infrastructure phase, and the SIB loan will be paid back on a pro rata basis at the time of the vertical development of each phase. Please see the chart below for identification of the parcels per phase, and the allocated amount for each parcel pay back of the SIB loan. The pro rata allocation is based on the number of square feet of vertical development on each phase. This is consistent with Generally Accepted Accounting Regulations and has been accepted by the Internal Revenue Service under the Low-Income Housing Tax Credit (LIHTC) program accounting.

The Phase 1 vertical phases are projected to close vertical financing on the schedule below:

Parcel	Proposed Use	Projected Closing & Repayment Schedule	Repayment Amount
3	Mixed-Use Affordable Housing	12/2025	$ 3,342,531
4	CSN Training Center	12/2025	$ 735,835
5	Community Service Use	12/2027	$ 245,278
6	Commercial Development	06/2026	$ 1,751,288
9	Homeownership For-Sale	03/2026	$ 3,642,384
11	Homeownership For-Sale	03/2026	$ 7,748,344
14	Multifamily Mixed-Income Affordable Housing	12/2028	$ 2,066,777
15	Multifamily Mixed-Income Affordable Housing	12/2030	$ 3,888,889
16	Multifamily Mixed-Income Affordable Housing	12/2026	$ 1,333,395
17	Early Education Center	03/2026	$ 245,278
		Total	$25,000,000

The Phase 2 vertical phases are projected to close vertical financing on the schedule below:

Parcel	Proposed Use	Projected Closing & Repayment Schedule	Repayment Amount
1	Mixed-Use Mixed-Income Affordable Housing	12/2029	$ 4,691,314
2	Mixed-Use Mixed-Income Affordable Housing	12/2030	$ 3,246,257
7	Multifamily Mixed-Income Affordable Housing	12/2032	$ 3,402,331
8	Multifamily Mixed-Income Affordable Housing	12/2034	$ 2,652,305
12	Homeownership For-Sale	06/2029	$ 3,448,919
13	Homeownership For-Sale	06/2029	$ 2,558,875
		Total	$20,000,000

Along with the land and infrastructure costs, we have included a summary pro forma for the various multifamily residential developments. This reflects the financial underwriting for the various multifamily residential phases.

The SIB funding will leverage various sources of financing for the vertical development. The funding sources vary by development type and phase, and include conventional debt financing, tax-exempt private activity bond financing, Federal and State tax credit equity (both low-Income Housing and New Market Tax Credits), private equity, and public investment. As noted, the SIB funding will leverage the sites total vertical development costs total $366 Million, for a total development cost exceeding $411 million. We have included a detailed listing of the source type and use categories for the master development below.

Given the long term nature of the individual parcel development, the various funding sources do not typically provide commitment letters for future affordable housing developments. We have received letters of interest for the larger development, along with specific commitments for the first phase of the vertical development (Parcel 3 – Affordable housing mixed-use development).

The primary funding source for the multifamily rental housing will incorporate private activity tax-exempt bond financing. We are working with the AFL-CIO Housing Investment Trust (HIT) and they have provided a letter of interest for the development financing. They will help leverage the tax-exempt bond financing, enhancing the development's $200 million in construction tax exempt financing and $77 million in permanent financing. Full schedules for the various funding components are included in the attachments.

PROPOSAL AND CONTRACT

This proposal and contract is for specified labor, material and equipment for the completion of the aforementioned project. At all times, Las Vegas Paving Corporation shall retain control, title and possession of any and all materials used in said project. It is specifically understood that this proposal and contract requires the joint performance of Las Vegas Paving Corporation and the contractor listed herein. This proposal and contract calls for Las Vegas Paving Corporation to act in the capacity of a construction contractor for the construction, alteration, repair, addition, modification and/or improvement to the specified real property. Las Vegas Paving Corporation, as a construction contractor, shall provide all necessary equipment, material, labor, and supervision, consistent with the Special Conditions noted below, to complete said project. No part of this contract, unless specifically noted otherwise, shall be deemed as a retail sale of tangible personal property.

CONDITIONS

It is understood and agreed that we shall not be held liable for any loss, damage or delays occasioned by fire, strikes or materials stolen after delivery upon premises, lockouts, acts of God, or the public enemy, accidents, boycotts, material shortages, disturbed labor conditions, delayed delivery of materials from Contractor's suppliers, force majeure, inclement weather, floods, freight embargoes, causes incident to national emergencies, war, or other causes beyond the reasonable control of Contractor, whether or like or different character, or other causes beyond his control. Prices quoted in this contract are based upon present prices and upon condition that the proposal will be accepted within thirty days. Also general conditions which are standard for specialty constractors in the construction industry.That as a material condition to it receiving special pricing under this contract, the value of such consideration being acknowledged by customer will defend, indemnify and hold harmless Las Vegas Paving Corporation from any and all claims, suits, actions or proceedings of any kind or nature, including but not limited to the provisions of NRS 40 et.seq., and related to any alleged defects in quality or workmanship that may be brought by any individual, partnership, association, corporation or entity of any kind or nature at any time after one year from the date of completion of this contract by Las Vegas Paving Corporation.

TERMS:

Payments to be made monthly to the value of 100 percent (%) of all work completed. The entire amount of contract to be paid within 30 days after completion.

THE RETURN, TO US, OF A COPY OF THIS PROPOSAL WITH YOUR SIGNATURE SHALL CONSTITUE A CONTRACT.

Westwood

Desert Pines Golf Course Redevelopment

The following are preliminary bonding amounts, fees, and cost estimates derived from:

1. The City of Las Vegas Public Works Bond and Fee Estimate Form (see attached)
2. A budgetary estimate for development costs provided by Las Vegas Paving (see attached)

The improvements and fees listed below are those directly related to the typical design services and permitting involvement for civil engineers in Southern Nevada.

PUBLIC INFRASTRCUTURE

(Covering public improvements and private improvements in public easements)

Roadway and Traffic Improvements

Improvements	Estimate for Bond
Excavation and Subgrade	$1,541,110
Concrete Improvements	$1,650,239
AC Pavement Improvements	$990,774
Streetlights and Conduit	$736,412
Pavement Markings and Signage	$93,486
Misc. Roadway and Traffic Improvements	$60,836
Subtotal	$5,072,857
15% Contingency	$760,929
Estimated Roadway and Traffic Bond Amount	**$5,833,786**

Sanitary Sewer, Water, and Dry Utility Improvements

Improvements	Estimate for Bond
Sewer Improvements and Upgrades	$1,136,903
Water Improvements	$1,280,987
Dry Utility Trenching [1]	$180,768
Subtotal	$2,598,658
15% Contingency	$389,799
Estimated Bond Amount	**$2,988,457**

[1] Dry Utility improvement needs, quantities, and costs are to be determined.

Storm Drain and Flood Control Improvements

Improvements	Estimate for Bond
Storm Drain Improvements	$876,572
Detention Basin Excavation & Improvements	$566,302
Misc. Drainage Improvements	$19,314
Subtotal	$1,462,188
15% Contingency	$219,328
Estimated Bond Amount	**$1,681,516**

Westwood

Public Infrastructure Bond and Fee Summary

Improvements and Fees	Estimate for Bond
Roadway and Traffic Improvements	$5,833,786
Sanitary Sewer, Water, and Dry Utilities Imps.	$2,988,457
Storm Drain and Flood Control Imps.	$1,681,516
Total Public Improvement Bond Estimate	**$10,503,759**
CLV Inspection Fees	$92,537
CLV Plan Check Fees	$114,171
CLV Other Misc. Fees (TBD)	$2,500
Estimated CLV Fees	**$209,208**

PRIVATE DEVELOPMENT

(Covering the proposed mass grading for the on-site parcels)

On-Site Mass Grading Improvements (Private Development)

Improvements and Fees	Estimate for Bond
Clear and Grub Site [2]	$800,000
Mass Excavation [2]	$2,820,000
Import and Fill Placement [2]	$4,200,000
Mass Grading Subtotal	**$7,820,000**
CLV Grading Permit Fee (TBD)	$2,000
Desert Tortoise Permit (TBD)	$50,000
SWPPP and Dust Control Fees (TBD) [3]	$20,000
Estimated Mass Grading Fees	**$72,000**

[2] Unit Prices/Costs provided by Las Vegas Paving estimate (5/10/2024). Cost associated with Construction Staking and Soils Engineering not included.

[3] These fees and order of magnitude estimates only. Grading, Desert Tortoise, SWPP, and Dust Control Permits are the province of contractors in Southern Nevada.

PROPOSAL AND CONTRACT

This proposal and contract is for specified labor, material and equipment for the completion of the aforementioned project. At all times, Las Vegas Paving Corporation shall retain control, title and possession of any and all materials used in said project. It is specifically understood that this proposal and contract requires the joint performance of Las Vegas Paving Corporation and the contractor listed herein. This proposal and contract calls for Las Vegas Paving Corporation to act in the capacity of a construction contractor for the construction, alteration, repair, addition, modification and/or improvement to the specified real property. Las Vegas Paving Corporation, as a construction contractor, shall provide all necessary equipment, material, labor, and supervision, consistent with the Special Conditions noted below, to complete said project. No part of this contract, unless specifically noted otherwise, shall be deemed as a retail sale of tangible personal property.

To: ANTONIO BERMUDEZ
MCCORMACK BARON SLAZAR
117 SOUTH BOYLE AVENUE
LOS ANGELES, CA 90033

Date: 5/10/2024

We propose to furnish you labor and material in strict accordance with the plans and specifications as follows:

DESERT PINES REDEVELOPMENT

(Continued on next page)

CONDITIONS

It is understood and agreed that we shall not be held liable for any loss, damage or delays occasioned by fire, strikes or materials stolen after delivery upon premises, lockouts, acts of God, or the public enemy, accidents, boycotts, material shortages, disturbed labor conditions, delayed delivery of materials from Contractor's suppliers, force majeure, inclement weather, floods, freight embargoes, causes incident to national emergencies, war, or other causes beyond the reasonable control of Contractor, whether or like or different character, or other causes beyond his control. Prices quoted in this contract are based upon present prices and upon condition that the proposal will be accepted within thirty days. Also general conditions which are standard for specialty constractors in the construction industry.That as a material condition to it receiving special pricing under this contract, the value of such consideration being acknowledged by customer will defend, indemnify and hold harmless Las Vegas Paving Corporation from any and all claims, suits, actions or proceedings of any kind or nature, including but not limited to the provisions of NRS 40 et.seq., and related to any alleged defects in quality or workmanship that may be brought by any individual, partnership, association, corporation or entity of any kind or nature at any time after one year from the date of completion of this contract by Las Vegas Paving Corporation.

TERMS:

Payments to be made monthly to the value of 100 percent (%) of all work completed. The entire amount of contract to be paid within 30 days after completion.

THE RETURN, TO US, OF A COPY OF THIS PROPOSAL WITH YOUR SIGNATURE SHALL CONSTITUE A CONTRACT.

Dear Customer:

Subject: Power Availability: Project ID 3012249529 - DESERT PINES MASTER PLAN AVAILABILITY

This letter is in response to your power availability request. Attached is an info only planning memo, and the ballpark estimate if it was requested. **Please be advised that no capacity is being reserved at this time. This request will not result in a design, construction activity, or a new meter being set.**

The location and facilities required to serve the project will be defined in a formal planning document after the actual request for a Formal Planning Package is submitted.

If you decide to proceed with this formal planning project, you will be required to submit a new Project through our New Construction Portal requesting a formal project. **This request is now closed.**

Should you have any questions, please feel free to email me

at: Paola.Oseguera@nvenergy.com.

Sincerely,

Paola Oseguera

Utility Designer

NVEnergy

DISTRIBUTION PLANNING DEPARTMENT
PLANNING MEMO

Date:	May 17, 2024	ISD:	6/15/25
Project ID:	3012249529	Source Fdr:	**AR1210, AR1213**
EPD:	5,728 KVA	Reviewed by:	
Planner:	Clay Frister	Cc:	G. Ramirez
Subject:	DESERT PINES MASTER PLAN AVAILABILITY		

Note

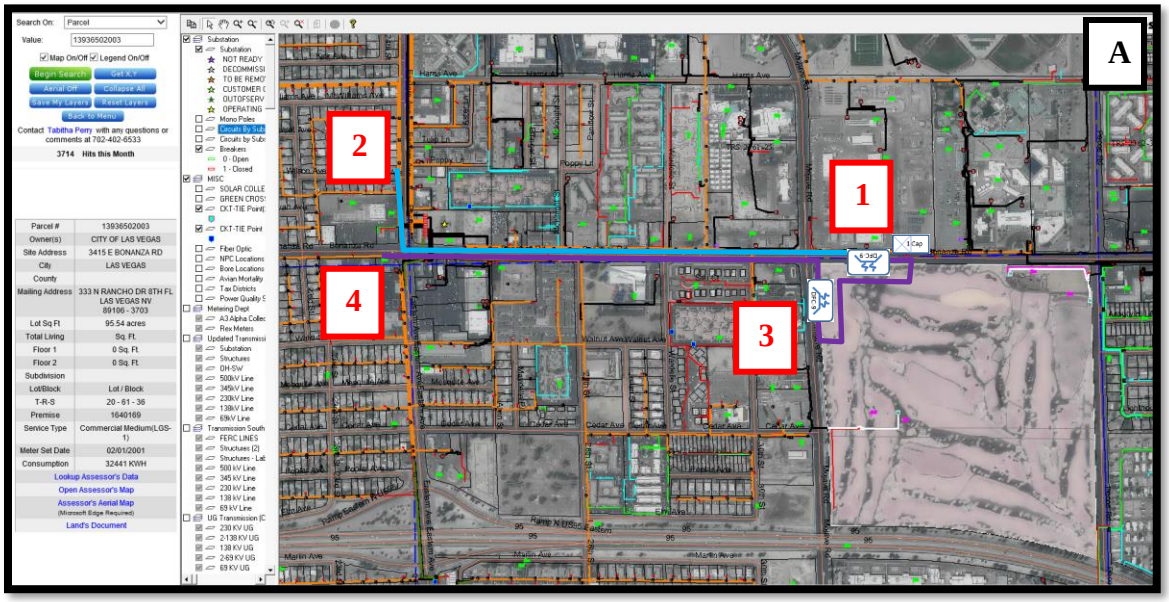
- No capacity will be reserved for this project and the requirements to serve will be reevaluated and may be different following receipt of request for Binding Design/Formal Planning.
- Service to this will require the addition of **Budget Id's DSAAR – Brooks 1205 Feeder Breaker** current ISD 6/1/31 and **D7358 – Brooks 1205 Feeder** current ISD 6/1/31. This facility is required prior to the Energization of this and/or other Projects.
- Substation Engineering and Project Management departments typically require a minimum of thirty-six (36) month lead time to complete the substation transformer, minimum of eighteen (18) months lead time for bus section, and bank breaker installation, and a minimum of twelve (12) months lead time for feeder breakers. They must be updated periodically on the status of this project. Note that in some cases these departments may require a longer lead time than stated above. Actual lead times, as well as feasible in-service dates, should be determined through discussion with these departments.
- A signed Agreement with the appropriate Advance or financial security may be required prior to NVE beginning design work and material acquisition for the substation transformer and bank breaker addition as well as the bus section and feeder breaker.
- The timing for the addition of the substation equipment will be determined by NVE based upon available system capacity. The timing for the installation of feeder will be dependent upon the Applicant's specific requested in-service dates, or determined by the Applicant's contracted demand load and available system capacity as determined by NVE.

System Contingencies

- Service to this project is contingent upon construction requirements identified in Budget Id **DSAAR – Brooks 1205 Feeder Breaker** current ISD 6/1/31. The installation of this project will be determined by NV Energy.
  [This Contingency is required to be installed BEFORE this Project is Energized]

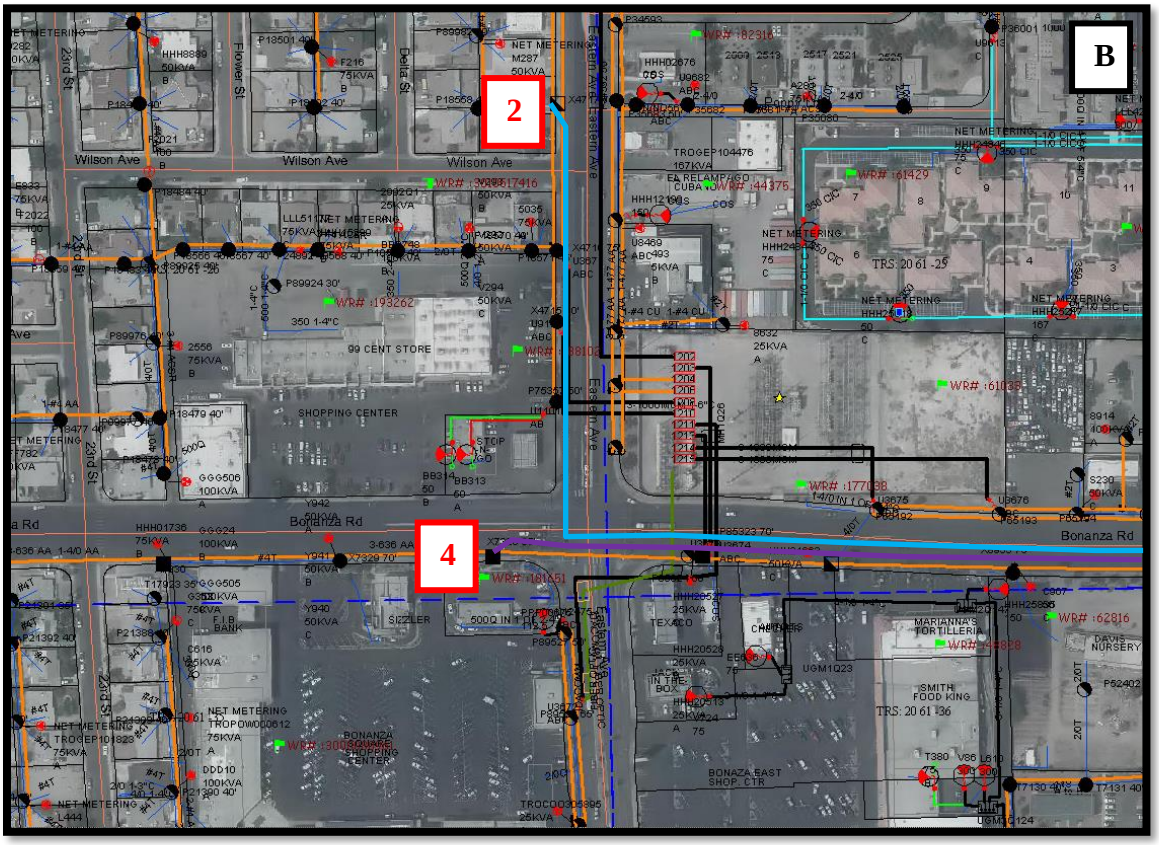
Contingencies

- Service to this project is contingent upon construction requirements identified in Budget Id's **Budget Id's D7358 – Brooks 1205 Feeder** current ISD 6/1/31. If the identified Contingent Facilities are not installed, then the design and the Total Costs for Applicant's Project, may change.
  [This Contingency is required to be installed BEFORE this Project is Energized]



Minimum Requirements

Service from AR1210 - 4,100 kVA



1. Install a DF-9 and a 1,200 kVAR capacitor bank at location (1).
2. Install ~4,000' of 3-1000 MCM cable in 1 of 2-6" conduit from the DF-9 at location (1) to pole X4717 at location (2).
3. Stubout ~50' with 2-6" conduit to the east of the DF-9 at location (1). *Note: Future tie to **AR1213**.*
4. Install any intercept DF-9's as required. If a feeder extension and new fuse cabinet are needed, please contact Distribution Planning for a revision to this planning memo.
5. Serve from the source feeder from around location (1).

Service from AR1213 – 1,628 kVA

1. Install a DF-9 at location (3).
2. Install ~3,300' of 3-1000 MCM cable in 1 of 2-6" conduit from the DF-9 at location (3) to pole X7328 at location (4).
3. Install ~300' of 3-1000 MCM cable in 1 of 2-6" conduit from the DF-9 at location (3) to the DF-9 at location (1). *Note: This creates a tie between **AR1213** and **AR1210**.*
4. Install any intercept DF-9's as required. If a feeder extension and new fuse cabinet are needed, please contact Distribution Planning for a revision to this planning memo.
5. Serve from the source feeder from around location (3).

Ballpark Cost Sheet

New Construction (12kV Distribution System)

Prices from Maximo's CU Estimating application (prices include Loadings/Indirect Charges). Prices last updated: 1/4/2024

Project ID: **3012249529 - DESERT PINES MASTER PLAN AVAILABILITY**

Project EPD (kVA): **5,728 kva**

This is a preliminary estimate for distribution facilities only (unless otherwise noted below). It is based upon the information and the scope of work you have provided and is solely for the purpose of aiding in your decision making process. Preliminary designs and cost estimates are subject to change to match the actual conditions identified at the time of the binding design.

Cost Summary *(An itemized view of the costs is included on the following pages)*			**Notes:**
	Construction	1,147,256	
	Removals (non-taxable):	2,029	
	Inspection & Scheduling	23,505	
	Design & Coordination	56,870	
	Easements & Permitting	18,668	
	Contracts & Asset Management	1,175	
	Miscellaneous:	0	
	Miscellaneous:	0	
	Subtotal:	**1,249,503**	
20	% Additional Contingency:	249,901	
	Allowance Credit	0	
12.40%	% Tax:**	154,687	
12.40%	% Substructures Tax:***	74,003	
Total Cost (does not include cost of Applicant trenching/substructures):		**1,728,093**	

** Tax Rate shown is the current rate, but is subject to change at any time.

*** All required trenching and substructures are your responsibility in accordance with Public Utilities Commission of Nevada (PUCN) regulatory tariff, Rule 9 (section A.12). Work must be performed in accordance with NV Energy standards. After inspection and acceptance, these facilities become the property of NV Energy for maintenance purposes in the form of a non-cash contribution. Cost for this work is not paid directly to NV Energy and is not included in this estimate. However, a Substructures Tax will be collected as part of your project's cost based on the reasonable value of those facilities and the tax rate in effect at the time. The estimated taxable value of such facilities for this project is shown below, but is mainly comprised of trenching, conduit, boxes, vaults, and pads and may not include a realistic approximation of other costs you may encounter such as paving, restoration, concrete encasement, etc. You are encouraged to request a quote from a trenching contractor to help determine your total cost.

$596,801.99 **(estimated taxable value of trenching and substructures, non-cash contribution)**

See PUCN Rule 9 (and all other PUCN Rules) at the link below for full details on cost responsibility:

www.nvenergy.com/company/rates/snv/rules/

Estimated connection point. The point of connection may change at the time of design to accommodate field conditions.

Cross streets: EASTERN & BONANZA

Facility number: AR1210, AR1213

Approximate distance from edge of property to estimated connection point: 4,000 FT

RE: Desert Pines Master Traffic Impact Study Conceptual Approval, TIA76237

Dear Mr. Carroll:

The Transportation Engineering Division of the City of Las Vegas has reviewed the master traffic study for the Desert Pines Master Planned Community. The development is to be located on the southwest corner of Bonanza Road and Pecos Road. The development is planned to include 391 single-family attached dwelling units, 1,109 multi-family dwelling units, 119,000 square feet of retail use, 11,000 square feet of office use, a 35,000 square foot day care facility, 23,000 square feet of civic/entertainment use and 7 acres of park and trails. This letter constitutes a conceptual approval of this development, with the following conditions:

1. Additional rights-of-way in accordance with Clark County Area Standard Drawing #201.1 are required at this time to provide exclusive right turn lanes at the following locations:
   a) Bonanza Road eastbound at Pecos Road (3)
   b) Mojave Road northbound at Cedar Avenue (5)
   c) Bonanza Road eastbound at Street D (102)
   d) Mojave Road northbound at Street A (106)
   e) Pecos Road southbound at Street A (113)

   Construction of improvements on these rights-of-way is required at this time. The study indicates that a southbound right turn lane may be required on Pecos Road at Cedar Avenue (119); however the Cedar Trail is planned to be on the north side of Cedar Avenue at this location. Given the small numbers of anticipated right turning vehicles (23 in the AM peak hour and 32 in the PM peak hour), it seems preferable to avoid widening the trail crossing.

2. Additional rights-of-way in accordance with Clark County Area Standard Drawing #234.1 are required at this time for bus turnouts at the following locations:
   a) Bonanza Road east of Mojave Road (2)
   b) Pecos Road south of Bonanza Road (3)
   c) Pecos Road south of Cedar Avenue (119)

   Construction of improvements on these rights-of-way is required at this time. Bus shelter pad easements are required to be granted to the RTC at each location if requested.

3. Additional rights-of-way in accordance with Clark County Area Standard Drawing #234.4 for a bus turnout/right turn lane are required at this on eastbound Bonanza Road approaching Street E (103). Construction of improvements on these rights-of-way is required at this time. A bus shelter pad easement is required to be granted to the RTC if requested.

4. The developer is required to install a median in Bonanza Road from Mojave Road to Pecos Road. Left turns in and out will be permitted for Street D/Family Courts (102) and for the City of Las Vegas East Yard on the north side of Bonanza Road, located between Streets B and C (100 and 101). Left turns in, but not out, will be permitted for Street E (103). Street B and C (100 and 101) will be restricted to right turns only. Storage lengths for left turns from Bonanza Road will be established with the technical acceptance of this study.

5. All internal public streets are required to be constructed by the master developer. These streets are Cedar Avenue and Streets A, B, C, D and E, as well as the street connecting the south ends of Street D and Street E (Street F). All public streets must terminate in an acceptable manner. Specifically, the intersections of Street F with Streets D and E must be developed as a knuckle per CCASD 211 unless otherwise approved by the City Engineer. All pubic streets are required to be constructed with the first phase of development unless a phasing plan is submitted to and approved by the Department of Public Works.

6. Center turn lanes are not required on internal public streets. However, exclusive left turn lanes must be developed at all intersections with boundary streets where left turns from the internal street are permitted. A minimum of 150' of left turn storage must be developed on Cedar Lane westbound at Mojave Road (5) and on Street A westbound at Mojave Road (106). A minimum of 100' of left turn storage must be developed at all other locations. This storage will be developed by ending the on-street parking to provide the additional lane. Travel lanes must transition appropriately per AASHTO standards between the left turn lane and the resumption of on-street parking.

7. In general, on-street parking is proposed to be provided on both sides of the internal public streets; this is acceptable except where typically prohibited and where exclusive left turn lanes must be developed.

8. At all internal intersections, the intent is to bulb out the curbline at intersections, shadowing the on-street parking. This is acceptable in concept. However, turning templates must be provided to show that these intersections will accommodate an SU-30, as well as meeting fire department requirements.

9. The following intersections are required to be installed as raised intersections unless not allowed by the Fire Department:
   a) Street A and Street C (109)
   b) Street A and Street D (111)
   c) Street A and Street E (112)
   d) Cedar Avenue and Street B (114)
   e) Cedar Avenue and Street D (116)
   f) Cedar Avenue and Street E (117)

10. The developer is required to install a traffic signal at the intersection of Cedar Avenue and Pecos Road (119), replacing the existing beacon at the trail crossing. Per "Guide for Improving Pedestrian Safety at Uncontrolled Crossing Locations" by FHWA, a flashing beacon is not appropriate at this location; a pedestrian hybrid beacon (PHB) is preferred. As PHBs do not provide indications for side street movements, a traffic signal is required to be installed at this location.

11. The developer is required to install underground improvements for future traffic signals at the intersections of Cedar Avenue and Mojave Road (5) and Bonanza Road and Street D/Family Courts (102). These undergrounds will include conduit, pull boxes, pole bases, poles and luminaries.

12. Bicycle facilities are required on all internal public streets. Trails are shown on the north side of Cedar Avenue and the east side of Street D. Provided that these trails are at least 12' wide, they will serve as bike facilities. Where 12' trails are not provided, 5' bike lanes on each side of the street must be provided unless an alternative bicycle facility is proposed to and accepted by the City Traffic Engineer.

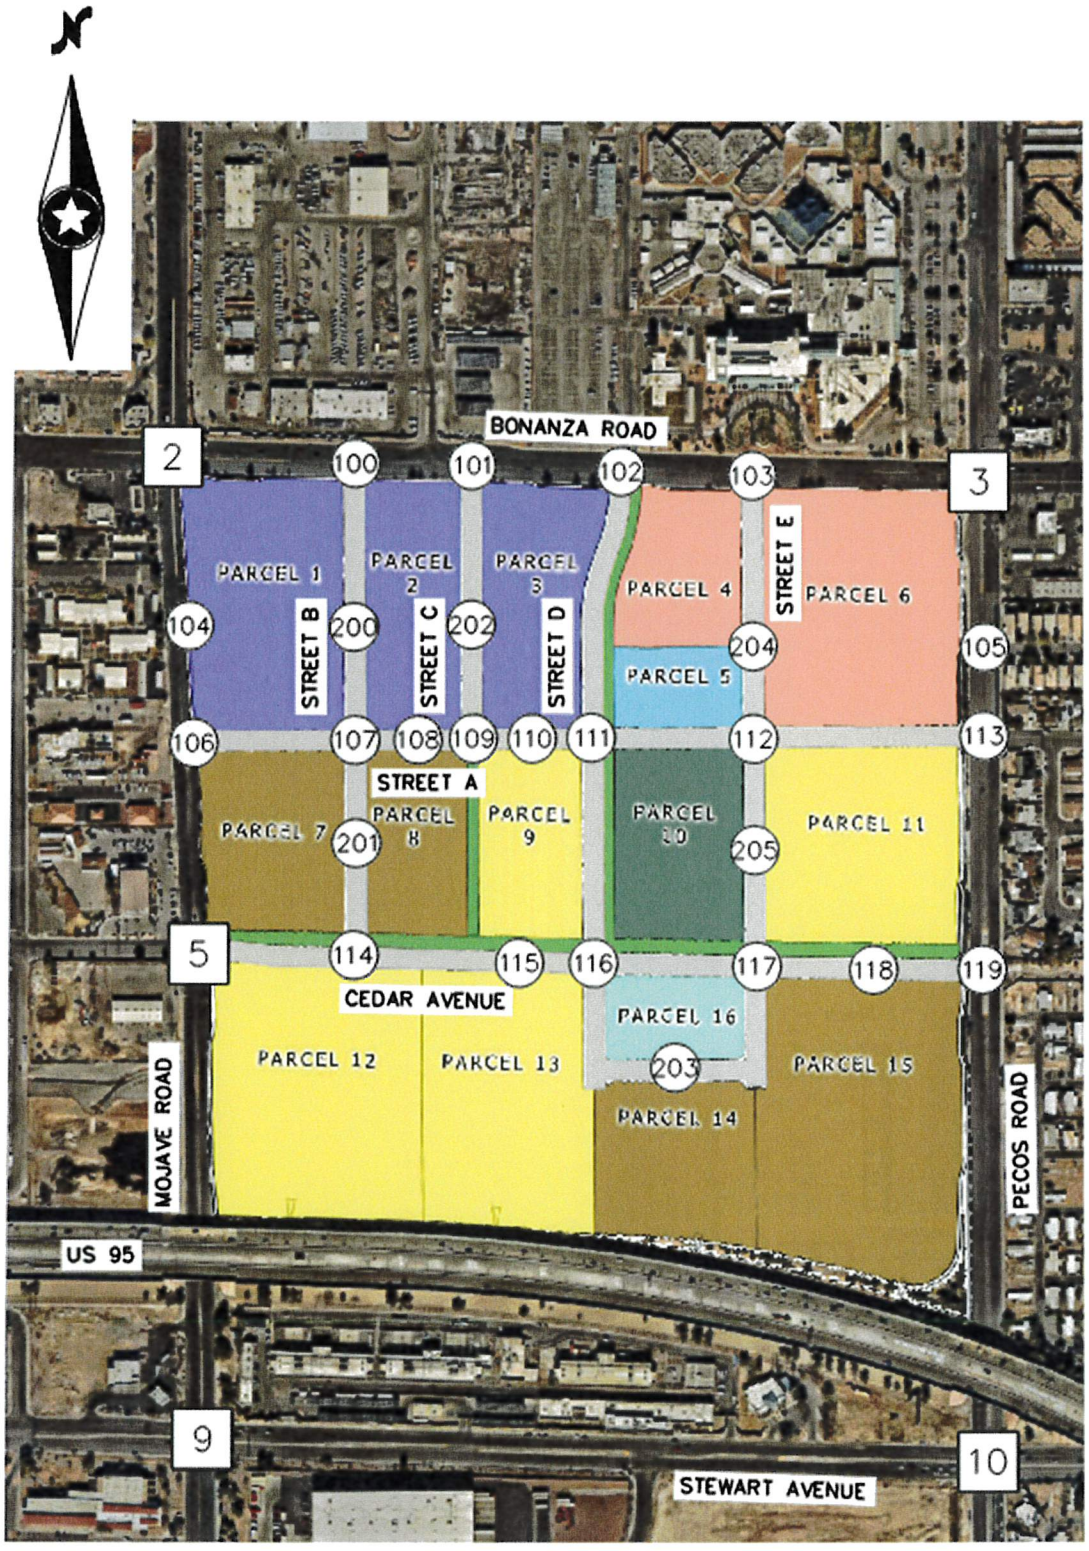
Prior to the technical acceptance of the study, the following issues must be addressed:

1. The study used internal capture procedures per NCHRP 684. This appears appropriate; however the trip reductions from internal capture should only apply to the external roadways. Internal capture should not apply to internal roadways.

2. The study noted that the Southern Nevada Household Travel Survey identified that the mode choice for work trips within the City of Las Vegas to be 5.1% for walking, 0.4% for biking and 2.0% for transit. However, the study did not provide justification for applying a reduction for alternative mode choice beyond that inherent in the counts conducted for the Trip Generation manual.

3. Provide an access management plan showing the medians to be constructed by this development in the boundary streets (Bonanza Road, Mojave Road and Pecos Road). Show that these medians will provide adequate storage and will adequately deter movements permitted that are not permitted, specifically where left turns to or from boundary streets are prohibited.

This conceptual approval does not supersede or eliminate conditions of approval imposed by the Planning Commission and/or the City Council. An addendum to this traffic study may be required if the development of the site occurs in a manner not in keeping with the land use assumptions contained in the study. Technical acceptance of this study is required prior to submittal of the civil plans to the Land Development section of Building & Safety. Please contact me at 229-2452 if you have any questions.



Sincerely,

Rick Schroder, P.E.
Transportation Planning

EXECUTIVE SUMMARY

McCormack Baron Salazar Development, Inc. (MBS) retained BEC Environmental, Inc. (BEC) to perform a Phase I Environmental Site Assessment (ESA) of the Desert Pine Golf Course located on Clark County Assessor's Parcel Number (APN) 139-36-502-003 (subject property). The purpose of the Phase I ESA was to identify, to the extent feasible, Recognized Environmental Condition (RECs) in connection with the Subject property. It should be acknowledged details were not included or fully developed in this section, and the report must be read in its entirety for a comprehensive understanding of the items contained herein. In summary, the following items were noted:

- The Desert Pines Golf Club is located at 3415 East Bonanza Road, Las Vegas, Nevada 89101. The subject property is a 95.5-acre parcel, developed with a golf course. Structures associated with the golf course include the club house, a driving range building, a pump house, and a restroom.

- The subject property is owned by the City of Las Vegas. The surrounding area is a commercial and residential development in the northeast portion of the Las Vegas Valley.

BEC obtained a signed User Questionnaire from Mike Saunders with MBS. The questionnaire indicated no environmental concerns were known (**Attachment 2 – Interview Documentation**).

The regulatory database report was purchased through Environmental Data Resources, Inc. (EDR) (**Attachment 4 – EDR Radius Map Report**) and file requests were received from Nevada Division of Environmental Protection (NDEP) and Southern Nevada Health District (SNHD) (**Attachment 3 – Local and Regulatory Records**). The following is a summary of sites listed on the Subject property and selected upgradient or adjoining sites that were identified in the EDR report and regulatory files:

- Rebel Oil Company #92, Facility ID: 8-001861, is located 0.05 miles northwest of the subject property at 3051 E Bonanza Road, Las Vegas, Nevada 89101. A release was discovered in shallow soil and groundwater in October 2015. No remedial action has taken place at the site to address contamination. Quarterly groundwater monitoring was conducted from 2015 to 2021 to assess a benzene plume present at the site. Monitoring reports showed the plume to have reached equilibrium and is not likely to migrate to adjoining properties. NDEP granted a No Further Action letter for the site with contamination remaining in place. BEC conducted a vapor encroachment condition (VEC) screening through EDR's VEC screening tool (VEC App) and determined the site to be a potential VEC risk to the subject property as the site upgradient to the subject property with contamination to groundwater still in place. Based on the information, the site is adjoining and upgradient to the subject property, and a benzene plume remains at the site; vapor encroachment may be present within the subsurface of the subject property. **Therefore, the Rebel Oil Company #92 is considered a REC to the subject property at this time.**

- 7-Eleven #26627, Facility ID: 8-000619, was located 0.03 miles southeast of the subject property at 3501 East Bonanza Road. Two closed Leaking Underground Storage Tank (LUST) cases from 2000 and 2010 are associated with site with contamination impacting the soil and groundwater. The first release to soil was discovered reported NDEP in 2000. Soil monitoring indicated the release resided within the northern dispenser island and did not extend beyond its vicinity. Groundwater monitoring was conducted and showed analytical results of BTEX (benzene, toluene, ethylbenzene, and xylenes) and MTBE (methyl tert-butyl ether) in the groundwater below their respective regulatory action levels. NDEP granted an A through K Closure in 2002 with soil contamination left in place. The second release to soil and

groundwater was discovered during business closure activities of the site and was reported to NDEP in 2010. Approximately 392.14 tons of Total Petroleum Hydrocarbons (TPH)-impacted soil and 1,769.10 gallons of TPH-impacted groundwater was removed. Groundwater monitoring from 2011 to 2019 showed analytical results of TPH, BTEX, and MTBE were not above their respective action levels. NDEP granted a No Further Action (NFA) closure letter for the site in 2020. BEC conducted a VEC screening through EDR's VEC App which determined that a VEC risk does not exist at the site as the site is downgradient to the subject property and contamination to groundwater is below the action levels. **Based on the information, the site is adjoining and downgradient to the subject property and an A through K closure LUST case is associated with the site, it is considered to be a Business Environmental Risk (BER) to the subject property at this time.**

BEC performed the site reconnaissance on December 1, 2022, and was accompanied by the Site Engineer, Paul Santos and the Site Assistant Superintendent, Allen Wright. The following is a summary of observations made during the site reconnaissance:

- The subject property is a 95.5-acre public golf course with four man-made ponds. Two stagnant water ponds were located on the north and northwest sections, one freshwater pond was in center section, and a reclaimed water pond was located on the south section of the Subject property.

  The subject property consists of four structures: a one-story club house building with a restaurant/bar with a full kitchen, a banquette room, and a gift shop; a two-story driving range building with a snack bar, men's and women's restrooms, one office/tutor room, first level and second level driving decks, and golf ball cleaning room; a one-story pump house building with a well room and an acid/hazardous substance room; and a restroom building with one men's and women's restroom.

- Two pad-mounted transformers were observed on the subject property.

  - A pad-mounted transformer was observed near the pump house at the southwest section of the subject property. This transformer was used to power the pump house irrigation system. No staining or indication of releases were observed on or around the transformer.

  - A possible leaking pad-mounted transformer was observed at the southwest corner of the subject property. Mr. Wright and Mr. Santos stated they were unaware of what the transformer powered within the site or the age of the transformer. Staining and release of a substance consistent in appearance with transformer oil was observed on the base of the transformer, the concrete pad, and onto the surrounding soil.

BEC has performed a Phase I Environmental Site Assessment in conformance with the scope and limitations of ASTM Practice E1527-21 for the subject property located 3415 East Bonanza Road, Las Vegas, Nevada 89101. Any exceptions to, or deletions from, this practice are described in **Section 1.3** of this report. This assessment has revealed the following **RECSs**, BERs, and significant data gaps in connection with the subject property:

- A potentially leaking pad-mounted transformer was observed on the southwest corner of the subject property. Staining was observed on the base of the transformer, the concrete pad, and onto the surrounding soil. It is unknown if the pad-mounted transformer contained polychlorinated bisphenols (PCB). **Due to the apparent leakage from the transformer and associated concrete and soil staining, BEC considers this to be a REC to the subject property.**

- The pump house building:
  - Three 2,100-gallon and one 1,500-gallon plastic storage tank, and three 55-gallon drums were observed in the acid/hazardous substance room that contained unidentified substances. According to onsite interviews, the substance was likely a pH balancing liquid for the ponds, and the pump house had not been maintained for years. Stains, corrosion, and indications of releases of the substance were observed on the drums and tanks.
  - Free-standing liquid was observed in the acid/hazardous substance room of the pump house. Due to poor visibility of the foundation from the stains, free-standing substances, and debris, it is unknown if the substances had impacted the soil beneath the foundation.

The poor condition of the plastic storage tanks and the free-standing liquid within the acid/hazardous substance room of the pump house are considered to be a REC to the subject property.

- The use of pesticides, herbicides, and fertilizers are of standard use and practice for golf course maintenance. However, the long-term use of such chemicals may be a concern for surface soil and stormwater detention ponds related to future unrestricted land use, therefore, it is considered a BER to the subject property.

  - The pesticides and herbicide chemicals were stated to be on-site in a locked storage unit in a follow-up interview in February 2023. At the time of the site reconnaissance in December 2022, the locked unit was not on site or observed. This is considered a significant data gap and warrants a revisitation to assess the conditions and nature of the chemicals and chemical storage.

- The northwest adjoining Rebel Oil Company #92 gas station has an associated closed LUST in 2021. Based on the information, the site is adjoining and upgradient to the subject property, and a benzene plume remains at the site, vapor encroachment may be present within the subsurface of the subject property. Therefore, the Rebel Oil Company #92 is considered a REC to the subject property at this time.

- The northeast adjoining closed 7-Eleven gas station has two associated closed LUST cases from 2000 and 2010. Based on the information, the site is adjoining and downgradient to the subject property, and an A through K closure LUST case is associated with the site, it is considered to be a Business Environmental Risk (BER) to the subject property at this time.

It is the opinion of BEC the identified conditions above warrant additional investigation to address the leaking transformer for PCB contamination; the pump house acid/hazardous substance room for substances release to the subsurface soils and/or groundwater; the conditions of the soil from long-term use of pesticides, herbicides, and fertilizers; and potential vapor encroachment from the adjoining gas stations.

1 INTRODUCTION

McCormack Baron Salazar Developments, Inc. (MBS) retained BEC Environmental, Inc. (BEC) to perform a Phase I Environmental Site Assessment (ESA) of the Desert Pines Golf Course, located on Clark County Assessor's Parcel Number (APN) 139-36-502-003 (subject property). According to the Clark County Assessor, the site is comprised of a 95.5-acre parcel developed with a golf course. Structures associated with the golf course include a 6,785 square foot (ft^2) club house, a two story 7,402 ft^2 driving range building, a 720 ft^2 pump house, and a 200 ft^2 restroom. The location of the subject property is shown in the Vicinity Map and the Parcel Map (**Attachment 1 - Figures, Figure 1** and **Figure 2**, respectively), The subject property is in a commercial and residential area of Las Vegas, Nevada as depicted in the Area Reconnaissance Map (**Attachment 1 – Figures, Figure 3**).

The following sections identify the purpose, detailed scope of services, significant assumptions, limitations and exceptions, and user reliance information relevant to the preparation of this Phase I ESA report.

1.1 Purpose

The purpose of this Phase I ESA was to identify any Recognized Environmental Condition (REC), Controlled Recognized Environmental Condition (CREC), Historical Recognized Environmental Conditions (HRECs), and/or Business Environmental Risks (BERs) that may be present due to past or present land use of the subject property and/or properties in the subject property vicinity, defined by American Society for Testing and Materials (ASTM) E1527-21, *Standard Practice for Phase I Environmental Site Assessment* as follows:

> The term Recognized Environmental Condition (REC) means (1) the presence of hazardous substances or petroleum products in, on, or at the subject property due to a release to the environment; (2) the likely presence of hazardous substances or petroleum products in, on, or at the subject property (due to release) or likely release to the environment; or (3) the presence of hazardous substances or petroleum products in, on, or at the subject property under conditions that pose a material threat of a future release to the environment. De minimis condition is not a Recognized Environmental Condition. "Likely" is that which is neither certain nor proved but can be expected or believed by a reasonable observer based on the logic and/or experience of the environmental professional, and/or available evidence, as stated in the report to support the opinion given therein.
>
> A Controlled Recognized Environmental Condition (CREC) means recognized environmental condition affecting the subject property that has been addressed to the satisfaction of the applicable regulatory authority, or authorities with hazardous substances or petroleum products allowed to remain in place subject to implementation of required controls (for example, activity and use limitations, other property use limitations).
>
> A Historical Recognized Environmental Condition (HREC) means a previous release of hazardous substances or petroleum products affecting the subject property that has been addressed to the satisfaction of the applicable regulatory authority or authorities and meeting unrestricted use criteria established by the applicable regulatory authority or authorities without subjecting the subject property to any controls (for example, activity and use limitations, or other property use limitations). A historical recognized environmental condition is not a recognized environmental condition.

A Business Environmental Risk (BER) is a risk which can have a material environmental or environmentally driven impact on the business associated with the current or planned use of commercial real estate, not necessarily related to those environmental issues required to be investigated in this practice.

A Vapor Encroachment Condition (VEC) is defined by ASTM E2600-15, *Standard Guide for Vapor Encroachment Screening on Property Involved in Real Estate Transactions,* as the presence or likely presence of Chemicals of Concern that may migrate as vapors into the vadose zone (the area between the ground surface and the water table, in which vapors may migrate) of a property as a result of contaminated soil and/or groundwater on or near the property.

During this assessment, specific existing, potential, or suspect conditions were evaluated that may pose an environmental liability with respect to hazardous substances and/or petroleum products for the current owner, future owners, or operators at the subject property (ASTM, 2021).

1.2 Scope of Work

The scope of work in performing this Phase I ESA included four main tasks: a regulatory records review, site reconnaissance, personal interviews, and report preparation.

1. BEC reviewed readily available records from Clark County Assessor's Office and the regulatory compliance files of The EDR Radius Map Report dated November 28, 2022. Southern Nevada Heath District Records (SNHD) dated December 1, 2022, and a regulatory compliance review of Nevada Division of Environmental Protection (NDEP) files on November 29, 2022.
2. BEC performed the site reconnaissance on December 1, 2022, to make site observations of the subject property and nearby properties.
3. User Questionnaire was completed by Mike Saunders with MBS, November 22, 2022, to obtain additional current or historic site use information.
4. This report comprises the fourth and final task of the Phase I ESA process.

1.3 Limitations and Exceptions

The scope of this evaluation did not include subsurface exploration, soil or water sampling, chemical analysis, or an evaluation of asbestos, biological agents, cultural and historic resources, ecological resources, endangered species, health and safety, indoor air quality (unrelated to releases of hazardous substances or petroleum products into the environment), industrial hygiene, lead, mold, regulatory compliance, or wetlands. Properties surrounding the site were visually inspected from public rights-of-way or fence lines. Our observations were made from readily accessible vantage points. Although a reasonable effort was made to view relevant site features, some features may have been concealed from view.

While this report provides an overview of potential environmental concerns, both past and present, the environmental assessment is limited by the availability of information at the time of the assessment. It is possible unreported disposal of waste or illegal activities impairing the environmental status of the property may have occurred but could not be identified by the assessment. The findings and opinions regarding environmental conditions presented in this report are based on a scope of work authorized by MBS. Note, however, no scope of work, no matter how exhaustive, can identify all contaminants or all conditions above and below ground.

1.4 Significant Assumptions

BEC used the services of a computer database firm to provide a listing of sites within the ASTM standard search distance around the site. BEC assumed the information in this report was accurate unless

conflicting information was obtained from credible sources or field observations made by BECs environmental professional(s) during the site reconnaissance indicated otherwise. Deviations are subsequently noted in this report.

Information regarding the subject property was reasonably ascertainable. Therefore, no other significant assumptions have been made in this report.

1.5 Special Terms and Conditions

The findings, opinions, and conclusions are based on an analysis of the observed site conditions and the referenced literature. It should be understood the conditions of a site can change with time as a result of natural processes or the activities of man at the subject property or within the site vicinity. Additionally, changes to the applicable laws, regulations, codes, and standards of practice may occur due to government action or the broadening of knowledge. The findings of this report may, therefore, be invalidated over time, in part or in whole, by changes over which neither MBS nor BEC has any control. Neither MBS nor BEC can warrant or guarantee that not finding indicators of any particular hazardous material means that this particular hazardous material or any other hazardous materials do not exist on the site. Additional research, including invasive testing, can reduce the uncertainty, but no techniques now commonly employed can eliminate the uncertainty altogether.

The environmental services described in this report have been conducted in general accordance with current regulatory guidelines and the standard of care exercised by environmental consultants performing similar work in the project area. No other warranty, expressed or implied, is made regarding the professional opinions presented in this report. This document is intended to be used in its entirety. No portion of the document, by itself, is designed to completely represent any aspect of the project described herein. MBS or BEC should be contacted if the reader requires any additional information or has questions regarding the content, interpretations presented, or completeness of this document.

1.6 User Reliance

This report may be relied upon and is intended exclusively for use by MBS and their assigns for the purposes stated within a reasonable time from issuance, but in no event later than 180 days from the date of the report. Land or facility use, on- and off-site conditions, regulations, or other factors may change over time, and additional work may be required with the passage of time. Since site activities and regulations beyond our control could change at any time after the completion of this report, our observations, findings, and opinions can be considered valid only as of the date of the site visit. This report should not be relied upon after 180 days from the date of its issuance (ASTM Standard). Any use or reuse of the findings, opinions, and/or conclusions of this report by parties' other than MBS is undertaken at said parties' sole risk.

1.7 Data Gaps

Data gaps are the lack of or inability to obtain information required by this practice despite good faith efforts to gather information. Significant data gaps occur when the data gap impacts the ability to identify RECs.

The use of pesticides, herbicides, and fertilizers are of standard use and practice for golf course maintenance. However, the long-term use of such chemicals may be a concern for surface soil and stormwater detention ponds related to future unrestricted land use. The pesticides and herbicide chemicals were stated to be on-site in a locked storage unit in a follow-up interview in February 2023. At the time of the site reconnaissance in December 2022, the locked unit was not on site or observed. This is considered a significant data gap and warrants a revisitation to assess the conditions and nature of the chemicals and chemical storage.

2 SITE DESCRIPTION

This section provides an overview of the subject property, as well as detailed information regarding site location, land use and zoning information, a description of the local and regional hydrogeological characteristics of the subject property, a list of structures and other improvements, and a general description of adjoining properties. Information regarding the current use of the site and adjoining properties was obtained during records research, site reconnaissance, and personal interviews.

2.1 Location and Site Description

The subject property is located at 3415 East Bonanza Road, Las Vegas, Nevada 89101. Refer to the Vicinity Map (**Attachment 1, Figure 1**) and Parcel Map (**Attachment 1, Figure 2**) for the location of the subject property addressed for the purposes of this study. The Area Reconnaissance Map (**Attachment 1, Figure 3**) depicts observations of adjoining and nearby properties. The Site Reconnaissance Map (**Attachment 1, Figure 4**) depicts observations within the subject property.

Based on information obtained from the Clark County Assessor's Office, the subject property comprises the following structures: a club house and a driving range building located at the northeast corner of the subject property, and a pump house/mechanical building and restroom building located on the west section of the Subject property. The subject property zoning classification is Civic District (C-V) and is in a commercial and residential area. According to the Clark County Assessor's Office, the land use for the subject property is listed as Incorporated Clark County (INCORP).

The current use of the subject property is a public golf course surrounded by residential and commercial development.

2.2 Current Use of Adjoining Properties

The current adjoining property uses are summarized in **Table 2-1**, below.

Table 2-1: Adjoining Property Overview

Direction	Address or APNs	Description
North:	650 N MOJAVE RD	City of Las Vegas East Service Center
	651 N PECOS RD	Clark County Government Offices
	717 N PECOS RD

	531 N MOJAVE RD	Catholic Charities
	551 N MOJAVE RD	Apartment complex

Direction	Address or APNs	Description
	561 N MOJAVE RD	Monsignor C.T. Shallow Apartments
	3051 E BONANZA RD	Rebel Oil gas station

2.3 Physical Setting - Topography and Hydrogeology

Determination of the dominant soil composition at land surface in the vicinity of the subject property was based on information provided by Environmental Data Resources, Inc. (EDR), as supplied from the U.S. Department of Agriculture's Soil Conservation Service. The soil surface is primarily "Land silty clay loam" that is somewhat poorly drained. Four man-made ponds are located on the subject property.

Groundwater data was obtained from the State of Nevada Division of Water Resources – Nevada Hydrology Mapping Application (NDWR) (**Attachment 3 – Local and Regulatory Records**) website and The EDR Radius Map Report (**Attachment 4 – The EDR Radius Map Report**), the general topographic gradient trends downward to the east. Based on a review of The EDR Radius Report, the subject property's elevation is at 1,805 feet above sea level. The surface topography is indicative of the direction of surficial groundwater flow; groundwater is assumed to flow to the east.

Well data was obtained from the NDWR and The EDR Radius Map Report. Well locations are dependent on driller's logs at the time of installment. Seven wells are mapped as being located on the subject property:

- Well 76090 was a monitoring well located at the northwest section of the subject property. The well was plugged and capped with cement in April 1999 (Well logs 76884 and 76886). A replacement well was then developed in May 1999 with a depth to groundwater of 12 feet (ft) (Well logs 76089 and 76090).
- Well 51021 was a monitoring well located at the northeast section of the subject property. The well was first developed in October 1995 with a depth to groundwater of 14 ft. The well log was reviewed and reported the well to be located on the west adjoining property at 501 N Mojave Road.
- Well 137824 was a monitoring well located at the south section of the subject property. The well was capped with cement and plugged/abandoned in 2021. Depth to groundwater data prior to abandonment was not reported. The well location was reviewed, and the well log reported the well to be located at 600 S Decatur Blvd, approximately 5.8 miles west of the subject property.
- Well 137456 was a monitoring well located at the northwest section of the subject property. The well was plugged and capped with bentonite cement and abandoned in August 2021. Depth to groundwater data prior to abandonment was not reported.
- Well 137458 was a monitoring well located at the northwest section of the subject property. The well was plugged and capped with bentonite cement and abandoned in August 2021. Depth to groundwater data prior to abandonment was not reported.
- Well 137461 was a monitoring well located at the northwest section of the subject property. The well was plugged and capped with bentonite cement and abandoned in July 2021. Depth to groundwater data prior to abandonment was not reported.
    - **NOTE**: Well logs 137456, 137458, and 137461 are mapped on the NDWR website as being located on the subject property. Well locations were reviewed, and these wells were associated with a closed LUST case located at the northwest adjoining Rebel Oil

gas station. The wells were located on the Rebel Oil gas station property and N Mojave Road.

Thirty-one additional wells are mapped as being located within 1-mile of the subject property.

Table 2-2: Well Log Information

Well Log No. or Organization ID and monitor location	Date Drilling Began	Owner	Description	Depth of Well (ft)	Static Water Level Depth (ft)
Subject property					
76090	05/11/1999	Desert Pines Golf Club	Monitoring well	30 ft	12 ft
51021	10/03/1995	City of Las Vegas	Monitoring well	67 ft	14 ft
137824	Information unavailable	Madison Marquette Retail Services	Monitoring well. Plugged/Abandoned	24 ft	Information unavailable
137456	Information unavailable	Rebel Oil Co	Monitoring well. Plugged/Abandoned	25 ft	Information unavailable

Rainfall and snowmelt from the Spring Mountains recharge the local aquifer system and feed into the water table. The Federal Emergency Management Agency (FEMA) Flood Zone Map (**Attachment 1 - Figures**, **Figure 5**) depicts the location of the subject property in Flood Zone X.

The Western Regional Climate Center (WRCC) (**Attachment 3 – Local and Regulatory Records)** historical weather data reported temperatures near the site reached an average annual max temperature of 80.1 °F and an average annual minimum temperature of 56.9 °F from 1981 to 2010 (DRI, 2022). Precipitation averaged 4.2 inches of annual rainfall. The WRCC station 264436 is in Las Vegas, Nevada, approximately 6.5 miles south of subject property (DRI, 2022).

3 USER PROVIDED INFORMATION

The following section discusses information provided during interviews with persons associated with the subject property and/or its representatives during this study (**Attachment 2 – Interview Documentation**). A User Questionnaire will be completed by the User prior to closing.

3.1 Reason for Performing a Phase I

MBS requested a Phase I ESA to evaluate existing site conditions and land use history to identify potential environmental liabilities and to access the possibility of impairments due to the presence, handling, or disposal of hazardous substances.

3.2 Owner, Property Manager, and Occupant Information

3421 E Bonanza Road, Las Vegas, Nevada 89101 is owned by the City of Las Vegas. Based on information obtained from the Clark County Assessor's Office, the subject property comprises a public golf course and is currently zoned as Civic District (C-V).

The current occupant of the subject property is Desert Pines Golf Club.

3.3 Environmental Liens or Activity and Use Limitations

Based on information provided during interviews with Site Engineer Paul Santos and Site Assistant Superintendent Allen Wright, as well as stated on the User Questionnaire by Mike Saunders, no environmental liens or activity and use limitation (AULs) are associated with the subject property (**Attachment 2 – Interview Documentation**). Additionally, no environmental liens or AULs searches were conducted for this report. An environmental lien and AUL search of land title records will be conducted prior to closing.

3.4 Specialized Knowledge

When queried regarding specialized knowledge concerning the environmental status and potential issues of concern, Mr. Saunders stated he had no knowledge of the subject property that might indicate the past or present use of hazardous substances on the site or nearby properties.

3.5 Commonly Known or Reasonably Ascertainable Information

When queried regarding commonly known or reasonably ascertainable information regarding the environmental status and potential issues of concern, Mr. Saunders stated the past uses of the subject property was a golf course and had no knowledge of any specific chemicals present on site, information of possible contamination on the site, or underground storage tanks present on site.

3.6 Valuation Reduction for Environmental Issues

When queried regarding valuation reduction for environmental issues, Mr. Saunders stated that this was not applicable.

4 RECORDS REVIEW

The following sections include results and discussion of the search of local, state, and federal standard record sources.

4.1 Title Records

Title records retrieved from the Clark County Assessor's Office on November 29, 2022, confirmed the City of Las Vegas as the current owner of the subject property (**Attachment 3 – Local and Regulatory Records**).

The readily accessible history of ownership information is presented in **Table 4-1.**

Table 4-1: Ownership History

Lot Information	Document Date	Owner	Description	Document Type
139-36-502-003	11/20/1935	City of Las Vegas	PT N2 NE4 SEC 36 20 61 Record Doc. No. 00000022:59327	Information unavailable

4.2 Environmental Database Search

A search of available federal and state environmental records was obtained from EDR. A copy of the documents provided by EDR can be found in the below referenced attachments:

- **Attachment 3 – Local and Regulatory Records**
- **Attachment 4 – The EDR Radius Map Report**
- **Attachment 5 – Historical Map Reports and Imagery Data**

The regulatory database search contained The EDR Radius Map Report (**Attachment 4 – The EDR Radius Map Report**) was reviewed to assess possible RECs within the ASTM approximate minimum search distances. Some records reviewed pertain not only to the property, but also to properties within an additional approximate minimum search distance to help assess the likelihood of migrating hazardous substances or petroleum products. Relevant regulatory records for the case files discussed below are included in **Attachment 3 – Local and Regulatory Records**.

Numerous databases were searched during the preparation of this report. Those required under ASTM Standards E1527-21 (ASTM, 2021), and E2600-15 (ASTM, 2015) have been selected for discussion, in addition to noteworthy sites returned from supplemental databases, as applicable. Minimum search distances established by the ASTM Standard were requested for each of the required federal and state databases. Where the ASTM Standard for Phase I Environmental Site Assessments requires the database to be searched for the property and adjoining properties the minimum search distance is 0.125 miles. The required databases, database update information, and search distances, as well as the number of remaining sites identified within the associated search radii are summarized in **Table 4-2** and **Table 4-3.** Additional database results are summarized in **Table 4-4**.

Table 4-2: Federal Environmental Records

Record Source	ASTM / EDR Search Distance (miles)	EDR Search Distance (miles)	Within Subject property	Remaining Sites Within Search Radii	REC Identified
National Priorities List (NPL) Facilities	1.0	1.0	0	0	No
Delisted NPL Facilities	0.5	1.0	0	0	No
Superfund Enterprise Management System (SEMS) Facilities [formerly Comprehensive Environmental Response, Compensation, and Liability Information System (CERCLIS) Facilities]	0.5	0.5	0	0	No
SEMS - Archive [formerly CERCLIS No Further Remedial Action Planned (NFRAP) Facilities]	0.5	0.5	0	0	No

Federal and State Environmental Records

Federal and State environmental records were reviewed to assess for potential RECs. Those identified as the subject property, adjoining properties, or upgradient properties of concern are discussed in the appropriate database listings below.

United States EPA, RCRA Generators List

This database identifies EPA-listed facilities which generate or transport hazardous waste or meet other RCRA requirements. The types of facilities within this database include Large Quantity Generators, Small Quantity Generators, and Conditionally Exempt Generators.

The EDR Radius Map Report identified one site within a 0.125-mile radius of the subject property. The up-gradient site is discussed in further detail below.

- City of Las Vegas Facilities Management-Hazardous Waste, EPA ID: NVR000036384, was located 0.017 miles northwest of the subject property at 3108 E Bonanza Road, Las Vegas, Nevada 89101. The site is classified as a Conditionally Exempt Small Quantity Generator. Based

on EDR and no reports of releases of hazardous substances or petroleum products are associated with this site, it is not considered a REC to the subject property.

State/Tribal Equivalent SEMS (formerly CERCLIS): NDEP Bureau of Corrective Actions, SHWS List
The NDEP Bureau of Correction Actions maintains a list and oversees cleanup of releases of regulated substances.

The EDR Radius Map Report identified six sites within a 0.5-mile radius of the subject property. Of these, three were down-gradient or cross-gradient to the subject property. The up-gradient sites are discussed in further detail below.

- City of Las Vegas, Facility ID: H-000259, was located 0.017 miles northwest of the subject property at 3140 E Bonanza Road, Las Vegas, Nevada 89101. A release was reported in August 2004 that impacted the soil and groundwater due to a hydraulic oil release from a hydraulic oil reservoir tank (Tank) and a hydraulic oil lift (Lift). The Tank and Lift were removed from the site and soil samples were collected from the excavation pits. Laboratory analysis reported TPH concentrations of 3,800 mg/kg and 380 mg/kg from the soils beneath the Tank and Lift, respectively. In the same month, excavation activities were conducted in the former locations of the Tank and Lift. Confirmation samples were collected, and laboratory analysis reported TPH concentrations of 890 mg/kg and 52 mg/kg from the Tank location and Lift location, respectively. Additional excavation was conducted at the Tank location and confirmation soil samples showed total petroleum hydrocarbons (TPH) concentrations at 10 mg/kg. Approximately 18.5 tons of TPH impacted soils was removed and transported offsite for disposal. NDEP issued an A through K closure of the site in December 2004. Based on the information, the contamination below action limit remains on site, and the release was to soil only, the site was not considered a REC to the subject property.

- City of Las Vegas, Facility ID: 8-000319, was located 0.076 miles northwest of the subject property at 633 N Mojave Road, Las Vegas, Nevada 89101. A release was reported in January 1991 after the removal of underground storage tanks (USTs) at the site in March 1991. Soil sampling was conducted after the removal of the USTs. Laboratory analysis reported TPH concentrations were below the NDEP state level. During the removal of the UST, groundwater was encountered within the excavation pit. Clark County Health District (CCHD) (currently SNHD) requested one water sample be collected within the UST excavation pit in April 1991 for TPH and benzene, toluene, xylene, and ethyl-benzene (BTEX). Laboratory analysis reported no concentrations of TPH and BTEX were detected. CCHD granted closure and required no further actions in May 1991. Based on the information and impact was to soil only, this site was not considered a REC to the subject property.

- Las Vegas Auto Auction, Facility ID: 8-001420, was located 0.3 miles southwest of the subject property at 101 N Mojave Road, Las Vegas, Nevada 89101. A release was reported to CCHD in September 1994 due to a discovery of TPH impacted soil during the removal of two USTs. Soil samples were collected, and laboratory analysis reported no TPH concentrations were detected above the reportable limits. Approximately 157 tons of soil was excavated and transported off-site for disposal. In April 1994, four groundwater monitoring wells were installed to analyze TPH and BTEX concentrations. Groundwater samples were collected, and laboratory analysis reported no detectable levels of TPH or BTEX above the reporting limit present. CCHD issued a

no further action (NFA) letter in May 1995 and monitoring wells were plugged and abandoned in June 1995.

A Phase II ESA was performed in October 2007 to assess potential TPH impacted soil and groundwater. Ten soil borings were installed (B-1 through B-10) throughout the site. Soil samples collected reported TPH concentrations of 1,600 mg/kg at 5 to 7 ft below ground surface (bgs) and 2,200 mg/kg at 7 to 9 ft bgs in borings B-9 and B-6, respectively. Groundwater samples reported no TPH concentrations at or above the action limits. No remediation activities were performed and a reportable release from these results was reported to NDEP in November 2012. Due to the nature of the release being most likely caused from the 1994 release, response efforts, and impact was to soil only, NDEP issued an NFA letter in January 2013. Based on the information and impact was to soil only, this site is not considered REC to the subject property.

Leaking Underground Storage Tanks (LUST)
Leaking Underground Storage Tank Incident Reports. LUST records contain an inventory of reported leaking underground storage tank incidents. Not all states maintain these records, and the information stored varies by state.

Table 4-5: State/Tribal LUST Database

The below table summarizes the LUST cases located on the subject property, adjoining and / or upgradient to the subject property. NDEP files were requested for each site, reviewed, and discussed further below.

The EDR Radius Map Report and NDEP file review identified four sites within a 0.5-mile radius of the subject property. Of these, one was down-gradient or cross-gradient to the subject property. The up-gradient sites are discussed in further detail below.

Location Name/Facility ID	Address	Distance/Direction from Site (EDR)	Gradient	Media/ Contaminant	Date Closed
Rebel Oil Company #92 Facility ID: 8-001861	**3051 East Bonanza Road**	**0.05 miles**	**Up-gradient**	**Groundwater Gasoline**	**8/26/2021**
7-Eleven #226627	3501 East Bonanza Road	0.03 miles	Downgradient	Soil and Groundwater Gasoline	6/26/2002 and 4/30/2020

Line items in **bold** (on the above table) were identified as a REC, HREC, or CREC for the subject property at the time of this report.

- Rebel Oil Company #92, Facility ID: 8-001861, was located 0.05 miles northwest of the subject property at 3051 E Bonanza Road, Las Vegas, Nevada 89101. A release was detected in shallow soil and groundwater in October 2015 by Broadbent & Associates, Inc. (Broadbent) during a baseline assessment of soil and groundwater conditions. The discovery was reported to NDEP in October 2015. Seven groundwater monitoring wells were installed between 2015 and 2016 on and off-site (MW-1 to MW-7). Benzene concentrations above the NDEP action level of 5 micrograms per liter (µg/L) was detected in MW-1 and MW-2 near the UST basin, and MW-7 which was located off site on N Mojave Road (0.05 miles from the subject property). The source of contamination had not been identified at the site as all USTs had passed standard testing. No remedial actions have been taken at the site. Benzene concentrations have ranged from 3,000

µg/L to below laboratory detection limits. The most recent sampling was conducted in 2021, and laboratory analysis reports benzene concentrations of 41 µg/L at MW-1, 160 µg/L at MW-2, 6.6 µg/L at MW-3, and 51 µg/L at MW-7. All other on and offsite monitoring wells were reported below the NDEP action level.

A benzene plume was present at the site and according to the closure report conducted by Stewart Environmental, Inc. in May 2021, the plume has shown a decrease over a three-year study and remains in place with concentrations above the action level. On August 2021, NDEP determined that no further action (NFA) was required based on current land and groundwater uses. All monitoring wells were plugged and abandoned following the closure report and abandonment logs were received by NDEP in August 2021. **Based on the information**, **with contamination remaining in place, and the site is adjoining to the subject property, this site is considered a REC to the subject property.** A VEC screening was conducted for this site and is discussed below in the "Vapor Encroachment Conditions (VEC)" section.

- 7-Eleven #26627, Facility ID: 8-000619, was located 0.03 miles southeast of the subject property at 3501 East Bonanza Road. This site was a gas station that operated from 1986 to 2014 and had utilized three USTs (Tanks 1 – 3). Two closed LUST cases are associated with this site and are described below:

  - In September 2000, *SECOR* International, Inc (*SECOR*) field crew observed UST upgrading activities at the site. Pea gravel samples were collected from materials near the UST turbine and soil samples were collected beneath the south and north dispensers at 4.5 ft bgs. Laboratory analytical results reported TPH concentrations of 558 mg/kg in the pea gravel and 3,650 mg/kg for the soil sample of the northern dispenser. The findings were reported to NDEP as a release in September 2000.

    In October 2001, two soil borings were installed to a depth of 25 ft bgs and were completed as monitoring wells MW-1 and MW-2. Two soil samples were collected from each well at 11 ft and 15 ft bgs. Laboratory analysis reported no TPH concentrations were detected at or above the laboratory detection limits in all four samples. Groundwater samples were collected from both wells after development and laboratory analysis reported no TPH or Volatile Organic Hydrocarbons (VOCs) were detected at or above their respective detection limits.

    As requested by NDEP in December 2001, *SECOR* conducted a First Quarter Groundwater Monitoring from January to March 2002 and an A through K Site Evaluation report in March 2002. The quarter monitoring report showed analytical results of BTEX (benzene, toluene, ethylbenzene and xylenes) and MTBE (methyl tert-butyl ether) in the groundwater were below their respected regulatory action levels. According to the site evaluation report, the extent of contamination from the initial release of the site remained beneath the northern dispenser island, however, the amount of product release was unknown. Soil impact did not extend beyond the vicinity of the northern dispenser. In June 2002, NDEP granted an A through K closure of the site with contaminants left in place and did not require further assessment or remediation.

  - In August 2010, Tank 3 failed a precision tightness test which resulted in 7-Eleven's decision to permanently close the UST in-place. In December 2010, Stantec Consulting Services (Stantec) oversaw the installments of two soil borings (SB-1 and SB-2) located

at each end of the UST. Confirmation soil samples were collected at 13 ft bgs beneath the UST. Laboratory analysis results reported TPH concentrations of 230 mg/Kg in SB-1 and benzene concentrations of 1,500 ug/kg and 210 ug/kg in SB-1 and SB-2, respectively. Stantec reported a confirmed release to NDEP in December 2010 and the UST was closed in place with inert foam material.

In July 2011, Stantec, under the guidance of NDEP, oversaw the installments of three soil borings and converting them to groundwater monitoring wells (MW-1 through MW-3). Soil samples collected from 15 ft bgs all contained TPH concentrations below the NDEP reportable limit. Benzene concentrations above the NDEP reportable limit were present in all water samples collected from MW-1 through MW-3. Quarterly groundwater monitoring activities began in 2011 following the assessment activities. In July 2014, Tank 1 failed a precision tightness test and was pumped of all gasoline and removed from service. In October 2014, 7-Eleven initiated complete removal of the existing UST system to cease all gasoline sales. During the UST system removal, a total of 392.14 tons of TPH impacted soil was excavated from the tank basin and transported off site for disposal. Following the soil removal, approximately 1,769.1 gallons of TPH impacted groundwater was pumped via vacuum truck from the tank basin and disposed off site. Stantec submitted a UST closure report to SNHD and NDEP in December 2014. SNHD issued an NFA letter for the UST system closure activities.

In August 2016, Stantec oversaw the installation of four addition monitoring wells (MW-4 through MW-7). Soil samples collected from the monitoring wells showed TPH, benzene and ethylbenzene concentrations were above their respective regulatory detection limits in well MW-4. Groundwater samples collected from MW-5 showed benzene concentrations was also above the detection limits. In April 2017, three additional monitoring wells were installed (MW-8 and MW-10). No concentrations of TPH, BTEX, or MTBE were reported above their respective regulatory detection limits in the ten soil samples collected from MW-8 through MW-10. Quarterly groundwater monitoring and sampling activities continued until July 2019 with results reporting the release was no longer impacting the groundwater and a NFA determination was requested by Stantec in November 2019.

In April 2020, Stantec oversaw all well abandonment activities and site restoration activities as requested by NDEP. Upon receiving Well Driller's Plugging Reports, NDEP issued an NFA letter and closure of the LUST case in April 2020.

Based on the information, TPH concentrations remain in groundwater and soil, the site is no longer in operation, and the site is located downgradient to the subject property, it is considered to be a BER to the subject property. A VEC screening was conducted for this site and is discussed below in the "Vapor Encroachment Conditions (VEC)" section.

Registered Underground Storage Tanks (UST)

Registered Underground Storage Tanks. USTs are regulated under Subtitle I of the Resource Conservation and Recovery Act (RCRA) and must be registered with the state department responsible for administering the UST program. Available information varies by state program.

The EDR Radius Map Report identified 7 sites within a 0.125-mile radius of the subject property. Of these, 2 were down-gradient or cross-gradient to the subject property. The up-gradient sites are discussed in further detail below.

Table 4-6: State/Tribal UST Database

The below table summarizes USTs located on the subject property, adjoining and / or upgradient to the subject property. NDEP and/or SNHD files were requested for each site, reviewed, and discussed further below.

Location Name/Facility ID	Address/Direction	Tank Status	Capacity	Containment Material
East Fleet Service Center Facility ID: 8-000318	3128 E Bonanza Rd UPGRADIENT	Tank ID: 1 Permanently Closed	10,000	Gasoline

		Tank ID: 3 Currently in Use	10,000	Diesel

- East Fleet Service Center, Facility ID: 8-000318, was located 0.07 miles northwest of the subject property at 3128 E Bonanza Road. This site is a maintenance facility and currently utilizes three USTs and permanently closed nine USTs (Tanks 1-11, and 13).
    - Tank 1 was a 10,000-gallon gasoline tank that was installed in January 1982 and permanently closed in March 2020.
    - Tanks 2, 4, and 5 were installed in January 1968. Tank 2 was a 10,000-gallon gasoline tank. The closure date for this UST was not reported. Tanks 4 and 5 contained 10,000-gallons of gasoline and 1,000 gallons of used oil, respectively. These USTs were permanently closed in January 2000.
    - Tank 3 was a 5,000-gallon diesel tank that was installed in January 1973 and was permanently closed in January 2000.
    - Tank 6 was a 12,000-gallon gasoline tank that was installed in June 1989 and was permanently closed in January 2000.
    - Tanks 7, 8 and 9 were installed in September 1990 that contained 12,000-gallons of gasoline, 12,000 gallons of diesel, and 2,500 gallons of used oil, respectively. These USTs were permanently closed on March 2020.
    - Tanks 10, 11 and 13 are currently in use and were installed in March 2020. These USTs contain 20,000 gallons of diesel, 12,000 gallons of gasoline, and 600 gallons of used oil, respectively.
    - Files from SNHD and NDEP were requested, however, only SNHD files from 2015 and 2016 were received. File review indicated several violations such as not removing liquid and debris from the waste oil spill buckets, low liquid alarms notifications, and not submitting required monthly documentations. No records of release of hazardous materials or petroleum products are associated with this site according to the EDR database search; therefore, it is not considered a REC to the subject property.

- Fire Mechanical Shop, Facility ID: 8-000325, was located 0.02 miles northwest of the subject property at 3100 E Bonanza Road. This site is a mechanic facility and previously utilized a 500-gallon used oil UST. The UST was installed in March 1975 and permanently closed in January 2000. SNHD and NDEP files were requested, however, were not available at the time of this report. No records of release of hazardous materials or petroleum products are associated with this site according to the EDR database search; therefore, it is not considered a REC to the subject property.

- Rebel Store #2192, Facility ID: 8-001861, was located 0.05 miles northeast of the subject property at 3051 E Bonanza Road. This site was a gas station and currently utilizes three USTs which were installed in September 1997. Tanks 1 and 2 contain 10,000 gallons of gasoline, and Tank 3 contains 15,000 gallons of gasoline. SNHD and NDEP files from 2016 to 2022 were reviewed. The site's UST maintenance files were found to be in compliance with minor discrepancies such as failure to conduct annual inspections, testing spill and leak alarms, providing updated documentations, and cleaning liquids around the USTs. These discrepancies have been addressed and corrected and submitted to SNHD within the submission dates. A LUST case is associated with this site with no known source of contamination which is described in the previous section. Based on the information pertaining to the USTs, the site is not considered a REC to the subject property. **Based on the information of the LUST case associated with the site, with contamination remaining in place, and the site is adjoining to the subject property, this site is considered a REC to the subject property.** A VEC screening was conducted for this site and is discussed below in the "Vapor Encroachment Conditions (VEC)" section.

- 7-Eleven #26627, Facility ID: 8-000619, was located 0.03 miles southeast of the subject property at 3501 E Bonanza Road. This site was a gas station and previously utilized three USTs (Tank 1 – 3). These USTs were installed in January 1986 and were permanently closed in October 2014. The USTs each contained 10,000 gallons of gasoline. NDEP and SNHD files from 1990 to 2014 were reviewed. In November 2000, a leak was release was discovered during an on-site investigation. Soil samples were collected from hand augers and submitted for analysis with results showing TPH concentrations over the NDEP reportable concentration of 100 mg/kg. The release was reported to NDEP as a LUST case in September 2000. On August 2010, Tank 3 failed a precision tightness test which resulted in 7-Eleven's decision to permanently close the UST in-place. In December 2010, Stantec oversaw the installments of two soil borings (SB-1 and SB-2) located at each end of the UST. Confirmation soil samples were collected at 13 ft bgs beneath the UST. Laboratory analysis results reported TPH concentrations of 230 mg/kg in SB-1 and benzene concentrations of 1,500 and 210 ug/kg in SB-1 and SB-2, respectively. Stantec reported a confirmed release to NDEP in December 2010 and Tank 3 was closed in place with inert foam material.

  In July 2014, Tank 1 also failed a precision tightness test and was subsequently pumped of all gasoline and removed from service. In October 2014, 7-Eleven initiated complete removal of the existing UST system to cease all gasoline sales. The UST removal was conducted by Stantec. During excavation, Stantec observed evidence of failure on Tanks 1 and 2 such as exterior staining on fiberglass or leaking seam separating or former cracks. Tank 1 was observed to have liquid emanating from two fractures in the sidewall. USTs were crushed on site and transported off-site for disposal along with all product and vent piping and UST system components. Six compliance samples were collected from native soils from the bottom of the excavation and two additional soil samples were collected beneath each former dispenser pump. TPH concentrations were found to be over the NDEP reportable concentration level of 100 mg/kg, and the site was reported to NDEP as a LUST case in October 2014. Stantec submitted a UST closure report to SNHD and NDEP in December 2014. SNHD issued a NFA letter for the UST system closure activities and transferred the case to NDEP that same month.

  The LUST cases associated with this site are described in the previous section. Based on the information pertaining to the USTs, it is not considered to be a REC. Based on the information from the LUST cases, contamination remain in place, and that site is located

downgradient from the subject property, it is considered to be a BER to the subject property. A VEC screening was conducted for this site and is discussed below in the "Vapor Encroachment Conditions (VEC)" section.

- City of Las Vegas, Facility ID: 8-000319, was located 0.05 miles northwest of the subject property at 633 N Mojave Road. The site utilized a 5,000-gallon gasoline UST that was installed in January 1970 and was permanently closed in March 1991. NDEP files from 1986 to 1991 were reviewed. SNHD files were requested for this site, however, were not available at the time of this report. Prior to closure, a site assessment was conducted by Broadbent & Associates (Broadbent) in February 1991 to evaluate the soil conditions for possible petroleum hydrocarbons. Two soil borings were installed, and soil samples were collected for analysis. Sample results showed TPH concentrations were below the NDEP report level of 100 mg/kg. Broadbent excavated the UST on March 1991 and groundwater was encountered within the excavation pit. CCHD, currently SNHD, requested one water sample be collected within the UST excavation pit in April 1991 for TPH and BTEX. One water sample was collected, and results showed no concentrations of TPH or BTEX were detected. CCHD granted closure and required no further actions on May 1991. Based on the information, this site is not considered a REC to the subject property.

- Golden Market 7, Facility ID: 8-002372, was located 0.07 miles southwest of the subject property at 321 N Mojave Road. This is a gas station and currently utilizes three USTs which were installed in December 2020. The USTs (Tanks 1 – 3) contain 15,000 gallons of gasoline, 5,000 gallons of gasoline, and 10,000 gallons of diesel, respectively. Files from SNHD and NDEP were requested, however, only one SNHD file from October 2022 was received. File review indicated several violations such as not removing liquid and debris from the waste oil spill buckets, low liquid alarms notifications, failure to provide financial responsibility, and failure to conduct inspections of overfill prevention equipment. No records of release of hazardous materials or petroleum products are associated with this site according to the EDR database search; therefore, it is not considered a REC to the subject property.

Registered Above Ground Storage Tanks (AST)
Registered Aboveground Storage Tanks list.

Neither the subject property nor facilities/properties within a 0.125-mile radius of the subject property were listed within the EDR data search.

A west adjoining maintenance yard operated by the subject property currently utilizes a dual above ground storage tank (AST) of 750 gallons of diesel oil and 250 gallons of gasoline (1000 gallons in total) (**Attachment 6 – Site Reconnaissance, Photo 18**). De minimis staining was observed during the time of the site reconnaissance. No records of releases of hazardous materials or petroleum products are associated with the AST; therefore, it is not considered to be a REC to the subject property.

Additional Relevant Environmental Records

Additional environmental records were reviewed to assess for potential RECs. Those identified as the subject property, adjoining properties or upgradient properties of concern are discussed in the appropriate database listings below.

EDR Historical Auto
EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's

review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns but may not show up in current government records searches.

- Mobile Stations, located 0.05 miles northwest of the subject property at 3051 E Bonanza Road, was identified in EDR's database search as a Historic Auto gas station and is the current Rebel Store #2192 gas station. Historic aerial imagery indicates the site has been in operation as a gas station since 1999 to present time.

FINDS: Facility Index System/Facility Registry System
Facility Index System. FINDS contains both facility information and 'pointers' to other sources that contain more detail. EDR includes the following FINDS databases in this report: PCS (Permit Compliance System), AIRS (Aerometric Information Retrieval System), DOCKET (Enforcement Docket used to manage and track information on civil judicial enforcement cases for all environmental statutes), FURS (Federal Underground Injection Control), C-DOCKET (Criminal Docket System used to track criminal enforcement actions for all environmental statutes), FFIS (Federal Facilities Information System), STATE (State Environmental Laws and Statutes), and PADS (PCB Activity Data System).

- The subject property was listed in the National Pollutant Discharge Elimination System (NPDES) which states that the Subject property currently has a NPDES permit for discharge of reclaimed water of 1,000,000 gallons or more but less than 10,000,000 gallons. The permit is associated with the reclaim water process of the reclamation pond that is reused for irrigation purposes on the subject property. The subject property was also listed in the Facility Index System (FINDS) which states that an NPDES permit is associated with the subject property.

Orphan Sites
Due to discrepancies in the location of some facilities in the databases arising from incomplete or incorrect addresses, some facilities were listed as un-mappable, otherwise known as "orphan sites."

Twenty-seven orphan sites were identified in The EDR Radius Map Report. These orphan sites were identified; however, these sites were determined to be outside the search radius. Therefore, these sites did not affect this project.

Vapor Encroachment Conditions "VEC"

A VEC screening of the subject property was conducted on February 10, 2023, using the EDR Vapor Encroachment Assessment Tool "VEC App" to assess for potential vapor encroachment risks (**Attachment 3**). The VEC screening identified six site(s) for possible VEC risks. Of these sites, one was determined to possibly have a VEC present and are discussed below:

- Rebel Oil Company #95, Site ID: 8-001861, was located 0.05 miles northwest of the subject property at 3051 E Bonanza Rd. A closed LUST case is associated with this site. A release was discovered in shallow soil and groundwater, was reported to NDEP in October 2015. Quarterly groundwater monitoring was conducted from 2015 to 2021to assess a benzene plume present at the site. The monitoring showed the plume to have reached equilibrium and is not likely to migrate to adjoining properties. NDEP granted an NFA letter for the site with contamination left

in place. BEC conducted a VEC screening and determined the site to be a potential VEC risk to the subject property as the site upgradient to the subject property with contamination to groundwater still in place. **Based on this information, a VEC risk exists for this site, therefore, is it a REC to the subject property.**

- 7-Eleven #26627, Facility ID: 8-000619, was located 0.03 miles southeast of the subject property at 3501 E Bonanza Road. Two closed LUST cases are associated with this site from 2000 and 2010. NDEP granted an A through K closure with TPH-contamination in the soil left in place in 2002. Another release was reported, and TPH-contaminated soil and groundwater was removed from the site. Groundwater monitoring from 2017 to 2019 showed analytical results for TPH, BTEX, and MTBE were below their respective action levels. NDEP granted an NFA closure letter for the site in 2020. BEC conducted a VEC screening through EDR's VEC App which determined that a VEC risk does not exist at the site as the site is downgradient to the subject property and contamination to groundwater are below the action levels. Based on the information, the site is adjoining and downgradient to the subject property, and an A through K closure LUST case is associated with the site, it is considered a BER to the subject property at this time.

4.3 Local Records Documentation

Information regarding the subject property was obtained from the Clark County Assessor's Office, City of Las Vegas Fire & Rescue Department, NDEP and SNHD Files (**Attachment 3** – **Local and Regulatory Records**), EDR Radius Map Report (**Attachment 4 – The EDR Radius Map Report**), and the the EDR-City Directory Image Report, EDR Historical Topo Map and Aerial Photo Decade Package Reports (**Attachment** 5 – EDR Historical Documentation).

The City of Las Vegas Fire & Rescue Department provides access to public records pertaining to spills, fire incidents, gas leaks, floodings, and hazardous substance releases. Public records were requested from the City of Las Vegas Fire & Rescue Department on February 14, 2023. Correspondence received on February 16, 2023 stated no records were on file for the subject property within the retention period of January 1, 2015 to present (**Attachment 3** – **Local and Regulatory Records**).

The National Pipeline Mapping System (NPMS) is a public dataset containing locations of and information about gas transmission and hazardous liquid pipelines, Liquified Natural Gas (LNG) plants, and locations of known or associated spills. The NPMS Public Map Viewer allows the public to view pipeline maps in a user-selected county. According to the Map Viewer, one natural gas pipeline (SND3EFB3B) is mapped as adjoining to the east of the subject property along North Pecos Road. No records of accidents, incidents, or spills were associated with the adjoining pipeline. The location of the pipeline is shown in **Attachment 1 – Figure 6. NPMS Pipeline Map**.

4.4 Historical Use Information on Property and Adjoining Properties

This section describes the historical land use of the subject property and adjoining properties compiled from several resources, including the EDR-City Directory Image Report, the Certified Sanborn Map Report, the Historical Topo Map Report and Satellite Imagery Data (**Attachment 5 – EDR Historical Documentation**).

The objective of consulting historical sources is to develop the history of the previous uses of the Subject property and surrounding properties in order to help identify the likelihood of past uses having led to Recognized Environmental Conditions in connection with the property. The historical uses of the subject property and properties in the immediate vicinity of the Subject property are summarized below in **Table 4-7**.

Table 4-7: Subject property and Vicinity Historical Land Use Observations

Year	Subject property	Vicinity	Source(s) of Information
1950	The subject property was observed as undeveloped native desert land. An unpaved roadway was observed traversing the Subject property.	The adjoining properties were observed as undeveloped native desert land. Unpaved roadways were observed to the west (N 30th Street) and adjoining to the north (E Bonanza Road). A sewage disposal site was observed to the northwest.	Aerial image 1" = 500'
1952	The subject property was depicted as undeveloped native desert land.	The adjoining properties were depicted as undeveloped native desert land. A sewage disposal site was depicted to the northwest. Residential development was depicted to the west and south. Fremont Street and Charleston Boulevard were depicted to the northwest	Las Vegas 15-minute 1:62,500
1959	Additional unpaved roadways were observed traversing the subject property.	East Bonanza was observed to be paved. An unpaved road was observed adjoining to the west (North Mojave Road). A residential dwelling was observed to be developed on the west adjoining property. Additional development on the sewage disposal site was observed. The east adjoining properties were not discernible due to poor quality of visual resources.	Aerial image 1" = 500'
1962	An unimproved roadway was observed traversing the central section of the subject property. A paved road was observed traversing from the northwest of the Subject property.	An unimproved roadway was observed adjoining to the east (North Pecos Road), An unpaved road was observed to the south (Stewart Avenue).	Aerial image 1" = 500'
1965	No changes were observed from the 1962 aerial image.	Ground disturbance consistent with grading activities was observed on the north adjoining properties. Residential developments were observed to the west and southeast.	Aerial image 1" = 500'
1967	No changes were observed from the 1952 Topo map.	Juvenile County Court was observed adjoining to the north. East Bonanza Road was observed to as developed. Residential developments were observed to the west and southeast. A fire station was observed to the northwest.	Las Vegas NE/NW 7.5-minute 1:24,000

Year	Subject property	Vicinity	Source(s) of Information
1971	Additional unpaved roadways were observed traversing the subject property.	Ground disturbance consistent with grading activities was observed on the west adjoining properties. Structures were observed adjoining to the north. North Mojave Road and East Bonanza Road were observed to be paved. Structures were observed to the northwest. Residential developments were observed to the east.	Aerial image 1" = 500'
1973	No changes were observed from the 1967 Topo map.	Residential developments were observed adjoining to the southeast. Residential and commercial development was observed throughout the area.	Las Vegas NE/NW 7.5-minute 1:24,000
1975	Ground disturbance consistent with grading activities was observed on the west and east sections of the subject property.	Residential developments were observed adjoining to the southeast. Commercial developments were observed to the north and northwest.	Aerial image 1" = 500'
1983	A baseball field was observed on the west section of the subject property.	Ground disturbance consistent with grading activities was observed adjoining to the south. Additional residential developments were observed adjoining to the east. Parking lots developments were observed on the northeast adjoining properties. Commercial buildings were observed as developed on the west adjoining properties. Stewart Avenue was observed to be paved.	Aerial image 1" = 500'
1983, 1984	No changes were observed from the 1973 Topo map.	Residential developments were observed adjoining to the east. Structure developments were observed on the west and north adjoining properties.	Las Vegas NE/NW 7.5-minute 1:24,000
1985	No changes were observed from the 1983 Aerial image.	Ground disturbance consistent with grading activities were observed on the northeast and northwest adjoining properties. Development of Interstate 515 was observed adjoining to the south. North Pecos Road appears to be paved.	Aerial image 1" = 500'

Year	Subject property	Vicinity	Source(s) of Information
1990	The baseball diamonds were observed to be re-arranged. An unimproved roadway was observed traversing the subject property.	Apartment complex buildings were observed to be developed on the northwest adjoining properties. A gas station was observed to be developed on the northeast adjoining property. Grading activities were observed to the northeast and south. Interstate 515 was observed as completed.	Aerial image 1" = 500'
1999	The subject property was fully developed into a golf course.	A gas station was observed to be developed on the northwest adjoining property. A structure was observed as developed on the southeast adjoining property. Commercial development was observed to the northeast and south.	Aerial image 1" = 500'
2006	No changes were observed from the 1999 Aerial image.	Grading activities were observed on the northeast and west adjoining properties.	Aerial image 1" = 500'
2010	No changes were observed from the 2006 Aerial image.	Residential developments were observed on the northeast adjoining property.	Aerial image 1" = 500'
2013	No changes were observed from the 2010 Aerial image.	Additional residential developments were observed on the northeast adjoining property.	Aerial image 1" = 500'
2014	Structures were not indicated on the topo map; roads were depicted to be in their current configuration.	Structures were not indicated on the topo map; roads were depicted to be in their current configuration.	Las Vegas NE/NW 7.5-minute 1:24,000
2017	No changes were observed from the 2013 Aerial image.	No changes were observed from the 2013 Aerial image.	Aerial image 1" = 500'
2018	Structures were not indicated on the topo map; roads were depicted to be in their current configuration.	Structures were not indicated on the topo map; roads were depicted to be in their current configuration.	Las Vegas NE/NW 7.5-minute 1:24,000
2022	No changes were observed from the 2017 Aerial image.	No changes were observed from the 2017 Aerial image.	Google Earth

No RECs were identified in Historical Land Use Observations.

No RECs were identified in City Directory Review.

5 SITE RECONNISSANCE

The site reconnaissance was conducted to obtain information indicating the likelihood of identifying RECs in connection with the property and adjacent area. BEC performed the site reconnaissance on Thursday, December 1, 2022, beginning at approximately 9:00 A.M. Giavanna Fernandez, Environmental Scientist, was present for the site reconnaissance and was accompanied by Site Superintendent Allen Wright and Site Engineer Paul Santos. The temperature was approximately 45 degrees Fahrenheit (° F) with winds of approximately 7 miles per hour according to the Las Vegas Monitoring Station of the DRI Community Environmental Monitoring Program (2022).

BEC performed a visual survey of the adjoining properties to the north, east, south, and west of the subject property in order to evaluate the types of businesses, structures and any conditions of the neighboring properties that may pose an environmental risk to the subject property. Structures of particular note (i.e., exposed pipes, above ground storage tanks, etc.) were photographed and observations recorded in a field log.

Conditions of the Subject property and adjoining properties were visually evaluated for potential RECs. Photographs taken during the site reconnaissance are provided in **Attachment 6 – Site Reconnaissance Documentation**.

The following limiting conditions were observed: None

5.1 General Site Setting

The subject property is comprised of a 95.5-acre parcel, developed with a public golf course, located at 3415 East Bonanza Road, Las Vegas, 89101, APN 139-36-502-003. The following discussion is consistent with guidance set in ASTM 1527-21.

Current or Past Uses in the Surrounding Area: Current use of the surrounding area consists of commercial and residential development.

Current Uses of the Subject property: Current use of the subject property is a public golf course with a club house and driving range.

Past Uses of the Subject property: No obvious indication of past usage of the subject property was likely to have involved the use, treatment, storage, disposal or generation of hazardous substances or petroleum products was observed at the time of the site visit.

Current Uses of Adjoining Properties: Current uses of the adjoining properties consist of commercial and residential properties. Two gas stations are adjoining to subject property: Rebel Oil adjoining to the northwest and 7-Eleven adjoining to the northeast.

Past Uses of Adjoining Properties: No obvious indication of past usage of the adjoining properties was likely to have involved the use, treatment storage, disposal or generation of hazardous substances or petroleum products was observed at the time of the site visit.

Topographic Conditions: The general topography gradient of the Subject property trends downward generally toward the east. The subject property consists of man-made hills and trenches. Topography of the surrounding areas slopes gently to the east, toward the Las Vegas Wash.

Roads: The subject property contains an asphalt parking lot located at the northeast corner of the site. The subject property is bound by Bonanza Road to the north, Mojave Road to the west, Pecos Road to the east, and Interstate 515 to the south.

Potable Water Supply/Source: The subject property is connected to the public water supply.

Sewage Disposal System: The subject property is connected to the public sewer system.

Features of adjoining and nearby properties are identified in the Area Reconnaissance Map **(Attachment 1 – Figures, Figure 3**). Key observations made during the exterior portion of the site visit are depicted in the Site Reconnaissance Map (**Attachment 1 - Figures, Figure 4**). The current use of adjoining properties to the north, east, south, and west, are described in **Table 2-1**.

5.2 Site Observations

BEC walked the perimeter of the subject property and noted conditions of the subject property and adjoining properties. Exterior portions of the subject property were walked in a grid pattern. Building interiors were observed, if safely accessible.

Attachment 6 – Site Reconnaissance, Photos 1 through 29 are select subject property and adjoining properties overview photos. The remaining photos (**Attachment 6 – Site Reconnaissance, Photos 30 through 114**) are specific notable observations of the subject property. Observations are discussed in the sections below.

Four man-made ponds were located on the subject property. Two stagnant water ponds were located on the north and northwest sections, one freshwater pond was located in center section, and a reclaim water pond was located on the south section of the subject property.

The subject property consists of four structures:

- The main golf club building (club house) is a one-story structure with an underground parking garage. Club house contains restrooms with a shower and locker room, a gift shop, a restaurant/bar with a full kitchen, and a banquette room (**Attachment 6 – Site Reconnaissance, – Photos 30 through 54**). No staining or indication of dumping of hazardous materials were observed in observed drains within the bar, kitchen, restrooms, and janitor rooms.

  The golf carts used for customers and employees are parked and stored within the underground parking garage beneath the club house. The customer golf carts are powered by electricity and the employee carts are powered by gasoline which are fueled at the offsite maintenance yard.

- The golf driving range building (driving range) is a two-story structure with a snack bar, restrooms, one office/tutor room, driving decks, and a golf ball cleaning room (**Attachment 6 – Site Reconnaissance, – Photos 55 through 74**). The snack bar contains food supplies and kitchen equipment. According to Mr. Santos, the snack bar used to be a working kitchen that prepared and cooked food but has not been in service for approximately five to ten years. It is currently used to store refrigerated beverages and dry/snack foods. No staining or indications of dumping of hazardous substances were observed in the drains within the snack bar.

  The restrooms each had a janitor's closet located at the back of the rooms. The women's janitor closet consisted of household cleaning products, a heating system and ladder access to the HVAC system for the driving range. The men's janitor closet consisted of household cleaning products. No staining or indications of dumping of hazardous substances were observed in the drains of the restrooms and janitor's closets.

  The second floor driving deck has been unused for an unknown number of years. Bird feces were observed throughout the area. The golf ball cleaning room contains machinery that washes the golf balls collected from the second floor and first floor driving decks. According to Mr. Santos, only water is used, and no hazardous substances were associated with the machinery.

- The pump house building is a one-story structure with a well room and an acid/hazardous substance room (**Attachment 6 – Site Reconnaissance, – Photos 75 through 90**). The pump house contains a water blending well pump system in which water from the reclaim pond is reused for irrigation purposes for the vegetation on the subject property. The acid/hazardous substance room contains hazardous substances which, according to Mr. Santos and Mr. Wright, are used as pH control solutions for the water system and ponds on the subject property.

- The restroom building contains a men's and women's restrooms (**Attachment 6 – Site Reconnaissance, – Photo 95 through 100**). A small water system is located beneath the building which controls the water for the restrooms. No staining or indications of dumping of

hazardous substances were observed in the drains in the restrooms. Water leak and damage was observed on the front side of the structure.

Table 5-1: Site Reconnaissance Observations

Observation	Observed at subject property		REC Identified	Observed at adjoining property		REC Identified
	Yes	No		Yes	No	
Hazardous Substances and Petroleum Product Containers	**X**		**Yes**	X		No
Storage Tanks (UST/AST)		X	No	X		No
Unidentified Substance Containers	**X**		**Yes**		X	No
Odors		X	No		X	No

Wastewater		X	No		X	No
Wells	X		No		X	No
Septic Systems		X	No		X	No
Additional Observations		X	No		X	No

Hazardous Substances and Petroleum Products:

- Two empty 1,200-gallon containers were observed outside of the pump house. These containers previously contained fertilizer and grass paint (**Attachment 6 – Site Reconnaissance, – Photo 76**). No staining or indications of release were observed around these two containers. Fertilizers and pesticides/insecticides are commonly used throughout the subject property. All pesticides/herbicides and fertilizers are stored on site and contained within a locked unit on secondary containment. Common chemicals such as cleaning products are used at the club house and driving range buildings and are stored in janitorial closets.

- Three 2,100-gallon and one 1,500-gallon tanks, and three 55-gallon drums of unknown hazardous substances were observed within acid/hazard room of the pump house located on the southwest section of the subject property (**Attachment 6 – Site Reconnaissance, – Photo 85 through 90**). Mr. Wright and Mr. Santos stated the substances were most likely used for pH control of the ponds and irrigation system in the past, however, the pump house has not been maintained for years. Staining, corrosion, and release of these substances were observed within the acid/hazard room. Due to poor visibility of the foundation from the stains and debris, it is unknown if the substances have penetrated the soil beneath the foundation. Based on the unknown nature of these substances**, this is considered a REC to the subject property**.
- A 60-gallon air compressor tank was located within the underground parking garage. The tank is used to fill the golf carts tires. No staining or corrosion were observed on or around the tank (**Attachment 6 – Site Reconnaissance, – Photo 110**).
- Hazardous substances storage unit and a 55-gallon drum on wooden pallets were observed at the west adjoining property (currently used as an off-site maintenance site for the golf course (**Attachment 6 – Site Reconnaissance, – Photo 19**).

Storage Tanks (USTs/ASTs):

A west adjoining property 3051 Cedar Avenue (currently used as an offsite maintenance site for the golf course) was also observed (**Attachment 6 – Site Reconnaissance, – Photos 11 through 24**). Maintenance work, storage of equipment, tools, and supplies for the subject property were associated with the adjoining property. The following observations are discussed below:

- A dual AST of 250 gallons of gasoline and 750 gallons of diesel (1000 gallons total) was located at this site (**Attachment 6 – Site Reconnaissance, – Photo 18**). No staining or indications of release were observed on or around the AST.
- 55-gallon drums were observed on the site and contained used oil and new motor oil (**Attachment 6 – Site Reconnaissance, – Photos 14 and 15**). It is unknown if the drums were empty or contained any substances. No indications of release were observed on or around the drums.

Pools of Liquid:

Standing surface water was observed within the pump room and unknown liquid was observed within the acid/hazardous substance room of the pump house (**Attachment 6 – Site Reconnaissance, – Photos 79, 80, 87, and 89**). Due to poor visibility of the foundation from the stains, debris, and free-standing substances, it is unknown if the substances have penetrated the soil beneath the foundation. Based on the unknown nature, quantity of free-standing substances, and conditions of the acid/hazardous substance room at the time of the site visit, **this is considered a REC to the subject property.**

Drums:

- Three drums located at the pump house were of unknown origin, age, and contents. Corrosion was observed along the bases of the three drums located within the acid/hazardous substance room of the pump house (**Attachment 6 – Site Reconnaissance, – Photo 89**). The drums were located within the pooled liquid and was not approached, due to the unknown nature of the liquid. It is unknown if these drums were empty or contained substances. Based on the unknown nature and conditions of these drums at the time of the site visit, **this is considered a REC to the subject property**.

- One empty drum was located within the water storage of the pump house which had contained a pH solution chemical used for pH control of the pond waters (**Attachment 6 – Site Reconnaissance, – Photo 85**). No staining or indications of release was observed on or around the drum.
- Two drums were located within the underground parking garage (**Attachment 6 – Site Reconnaissance, – Photo 106**). These drums were filled with sand used on the golf ranges within the subject property.
- 55-gallon drums were observed on the site and contained used oil and new motor oil (**Attachment 6 – Site Reconnaissance, – Photos 14 and 15**). It is unknown if the drums were empty or contained any substances. No indications of release were observed on or around the drums.

Unidentified Substance Containers:

Three 2,100-gallon tanks and one 1500-gallon tank were observed within the hazardous substances room at the pump house (**Attachment 6 – Site Reconnaissance, – Photos 88 and 90**). The tanks were of unknown origin, age, and contents. Mr. Wright and Mr. Santos stated the substances were most likely used for pH control of the ponds and irrigation system in the past, and the pump house has not been maintained for years. Staining, corrosion, and substance release of the containers were observed. Based on the unknown nature and conditions of these tanks at the time of the site visit, **this is considered a REC to the subject property.**

PCBs:

Two pad-mounted transformers were observed on the subject property.

- A pad-mounted transformer was observed near the pump house at the southwest section of the subject property. This transformer is used to power the pump house irrigation system. No staining or indication of releases were observed on or around the transformer (**Attachment 6 – Site Reconnaissance, – Photos 91 and 92**).
- A leaking pad-mounted transformer was observed at the southwest corner of the subject property (**Attachment 6 – Site Reconnaissance, – Photos 101 through 103**). Mr. Wright and Mr. Santos stated that is unknown what the transformer powers within the site or the age of the transformer. Staining and release of substance was observed on the base of the transformer, the cement pad, and onto the surrounding soil. Based on the unknown nature of the transformer, unknown quantity of substance released, unknown timeframe and duration of the release, and the condition of the transformer at the time of the site visit, **this is considered a REC to the subject property**.

Heating/Cooling:

The Club House and Driving Range buildings were observed to have heating, ventilation and air conditioning (HVAC) systems (**Attachment 6 – Site Reconnaissance, – Photos 61 and 62**).

Stains and Corrosions (Interior):

Stains and corrosion was observed at the pump house with the well room (**Attachment 6 – Site Reconnaissance, – Photos 78 through 81**) and the acid/hazardous substance room (**Attachment 6 – Site Reconnaissance, – Photos 85 through 90**).

- The well room was observed to be in poor condition. Rust, corrosion, and water damage were observed throughout the well structures.
- The acid/hazardous substance room was observed to be in poor condition. Corrosion was observed along the bases of the three 55-gallon drums, three 2100-gallon tanks, and one 1500-gallon tank of unknown substances. **Based on the unknown nature and the condition of the room at the time of the site visit, the acid/hazardous room is considered a REC to the subject property.**

Drains and Sumps:

- Floor drains were observed within the kitchen, bar area, restrooms, and janitor closets of the club house (**Attachment 6 – Site Reconnaissance, – Photos 36 through 40, and 43 through 53**). The kitchen, bar area, and restroom drains showed no indications of dumping of hazardous substances. Drains located within the Janitor's closets are used to clean janitorial equipment, mop water and household cleaning chemicals. Mr. Wright stated that drains associated with kitchen, bar area, restrooms and janitors closet led to the interceptors/grease traps, discussed below.
- Floor drains were observed within the restrooms, janitor's closet, snack bar room, and the golf ball cleaning room of the driving range building (**Attachment 6 – Site Reconnaissance, – 56 through 73**). The restrooms and snack bar drains showed no indications of dumping of hazardous substances. The janitor's closet drain located within the men's restroom is used to clean janitorial equipment, mop water and household cleaning chemicals. The drain within the golf ball cleaning room showed no indication of dumping of hazardous substances, however, plant debris and golf balls were observed within the drain. Mr. Wright stated that drains associated with restrooms, janitor closet, snack bar room and golf ball cleaning room led to the interceptors/grease traps, discussed below.
- Floor drains were observed within the restroom building located on the southwest section of the subject property (**Attachment 6 – Site Reconnaissance, – Photos 97 and 98**). The restroom drains showed no indications of dumping of hazardous substances. Mr. Wright stated that drains associated with restrooms led to the interceptors/grease traps, discussed below.
- Four interceptors/grease traps were observed located within the underground parking garage (**Attachment 6 – Site Reconnaissance, – Photo 105**). Mr. Wright and Mr. Santos stated the interceptors/grease traps receive annual clean outs and maintenance. No staining or indications of spills were observed on or around the interceptors/grease traps.

According to Mr. Wright, all drains are emptied into the interceptors/grease traps. Each interceptor/grease traps are self-contained and are regularly cleaned out. Documentation of these cleanouts were provided during the site reconnaissance (**Attachment 3**).

Pits, Ponds, and Lagoons:

The subject property contained four man-made ponds. Two stagnant water ponds were located on the north and northwest sections, one freshwater pond was located in center section, and a reclaimed water pond was located on the south section of the subject property. Mr. Santos and Mr. Wright stated the ponds are cleaned monthly through a third-party vendor. The use of pesticides, herbicides, and fertilizers are of standard use and practice for golf course maintenance. However, the long-term use of such chemicals may be a concern for stormwater detention ponds related to future unrestricted land use, therefore, it is considered a BER to the subject property.

Stained Soil or Pavement:

Stained soil was observed at the leaking transformer located at the southwest corner of the subject property (**Attachment 6 – Site Reconnaissance, – Photos 102 and 103**). Staining and release of substance was observed on the base of the transformer, the cement pad, and on the surrounding soil. Based on the unknown nature of the transformer, unknown quantity of substance released, unknown timeframe and duration of the release, and the current condition of the transformer, **this is considered a REC to the subject property**.

Wells:

The pump house contained a water blending well pump in which the well is used to gather water from a reclaim pond and use the water for irrigational purposes such as watering the trees and vegetation on the subject property (**Attachment 6 – Site Reconnaissance, – Photos 78 through 81**). The well was observed to be in poor condition with rust, corrosion, and water damage throughout the well structures. Free-standing water was observed around the well (**Attachment 6 – Site Reconnaissance, – Photos 79 and 80**). According to the well log (#76090), the well depth was recorded as 30 feet deep with a surface casing diameter of 2.37 inches and static water level of 12 feet bgs.

6 INTERVIEWS

The Phase I ESA is done to identify RECs that may be present due to past or present land use of the subject property, and/or properties in the site vicinity. BEC conducted interviews as discussed in **Section 3**. Interview documentation is provided in **Attachment 2 – Interview Documentation**.

6.1 Key Site Manager

During the site reconnaissance, BEC interviewed Site Assistant Superintendent Allen Wright and Site Engineer Paul Santos. Mr. Wright and Mr. Santos stated to the best of their knowledge, there has not been any past or current releases of hazardous materials or petroleum products associated with the subject property. Regarding the pump house, Mr. Wright and Mr. Santos stated they had no knowledge of the contents within the acid/hazardous substances room but that it was assumed the substances were most likely used for pH control of the ponds and irrigation system in the past. Regarding the leaking transformer, Mr. Wright and Mr. Santos stated they had no knowledge of the age of the transformer or what the transformer powers within the subject property.

Regarding the subject property, Mr. Wright and Mr. Santos stated the property prior to redevelopment used to be a public park and no other commercial, residential, or industrial development existed to the best of their knowledge. All maintenance to golf carts and refueling to snack carts are conducted off-site. All pesticides/herbicides and fertilizers are stored on site and contained within a locked unit on secondary containment.

6.2 Fire Department

The City of Las Vegas Fire & Rescue Department provides access to public records pertaining to spills, fire incidents, gas leaks, floodings, and hazardous substance releases. Public records were requested from the City of Las Vegas Fire & Rescue Department on February 14, 2023. Correspondence received on February 16, 2023, stated no records were on file for the subject property within the retention period of January 1, 2015 to present (**Attachment 3 – Local and Regulatory Records**).

7 FINDINGS, OPINIONS, AND CONCLUSIONS

McCormack Baron Salazar Development, Inc. (MBS) retained BEC Environmental, Inc. (BEC) to perform a Phase I Environmental Site Assessment (ESA) of the Desert Pine Golf Course located on Clark

County Assessor's Parcel Number (APN) 139-36-502-003 (subject property). The purpose of the Phase I ESA was to identify, to the extent feasible, Recognized Environmental Condition (RECs) in connection with the subject property. It should be acknowledged details were not included or fully developed in this section, and the report must be read in its entirety for a comprehensive understanding of the items contained herein. In summary, the following items were noted:

- The Desert Pines Golf Club is located at 3415 East Bonanza Road, Las Vegas, Nevada 89101. The subject property is a 95.5-acre parcel, developed with a golf course. Structures associated with the golf course include the club house, a driving range building, a pump house, and a restroom.

- The subject property is owned by the City of Las Vegas. The area is a commercial and residential development in the northeast portion of the Las Vegas Valley.

BEC obtained a signed User Questionnaire from Mike Saunders with MBS. The questionnaire indicated no environmental concerns were known (**Attachment 2 – Interview Documentation**).

The regulatory database report was purchased through Environmental Data Resources, Inc. (EDR) (**Attachment 4 – EDR Radius Map Report**) and file requests from Nevada Division of Environmental Protection (NDEP) and Southern Nevada Health District (SNHD) (**Attachment 3 – Local and Regulatory Records**). The following is a summary of sites listed on the subject property and selected upgradient or adjoining sites that were identified in the EDR report and regulatory files:

- Rebel Oil Company #92, Facility ID: 8-001861, is located 0.05 miles northwest of the subject property at 3051 E Bonanza Road, Las Vegas, Nevada 89101. A release was discovered in shallow soil and groundwater in October 2015. No remedial action has taken place at the site to address contamination. Quarterly groundwater monitoring was conducted from 2015 to 2021 to assess a benzene plume present at the site. Monitoring reports showed the plume to have reached equilibrium and is not likely to migrate to adjoining properties. NDEP granted a No Further Action letter for the site with contamination remaining in place. BEC conducted a vapor encroachment condition (VEC) screening through EDR's VEC screening tool (VEC App) and determined the site to be a potential VEC risk to the subject property as the site upgradient to the subject property with contamination to groundwater still in place. **Based on the information, the site is adjoining and upgradient to the subject property, a benzene plume remains at the site, and vapor encroachment may be present within the subsurface of the subject property, the Rebel Oil Company #92 is considered a REC to the subject property at this time.**

- 7-Eleven #26627, Facility ID: 8-000619, was located 0.03 miles southeast of the subject property at 3501 East Bonanza Road. Two closed LUST cases from 2000 and 2010 are associated with site with contamination impacting the soil and groundwater. The first release to soil was discovered reported NDEP in 2000. Soil monitoring indicated the release resided within the northern dispenser island and did not extend beyond its vicinity. Groundwater monitoring was conducted and showed analytical results of BTEX (benzene, toluene, ethylbenzene and xylenes) and MTBE (methyl tert-butyl ether) in the groundwater below their respective regulatory action levels. NDEP granted an A through K Closure in 2002 with soil contamination left in place. The second release to soil and groundwater was discovered during business closure activities of the site and was reported to NDEP in 2010. Approximately 392.14 tons of TPH-impacted soil and 1,769.10 gallons of TPH-impacted groundwater was removed. Groundwater monitoring from 2011 to 2019 showed analytical results of TPH, BTEX, and MTBE were not

above their respective action levels. NDEP granted an NFA closure letter for the site in 2020. BEC conducted a VEC screening through EDR's VEC App which determined that a VEC risk does not exist at the site as the site is downgradient to the subject property and contamination to groundwater are below the action levels. Based on the information, the site is adjoining and downgradient to the subject property, and an A through K closure LUST case is associated with the site, it is considered to be a BER to the subject property at this time.

BEC performed the site reconnaissance on December 1, 2022, and was accompanied by the Site Engineer, Paul Santos and the Site Assistant Superintendent, Allen Wright. The following is a summary of observations made during the site reconnaissance:

- The subject property is a 95.5-acre public golf course with four man-made ponds. Two stagnant water ponds were located on the north and northwest sections, one freshwater pond was located in center section, and a reclaimed water pond was located on the south section of the subject property.

  The subject property consists of four structures: a one-story club house building with a restaurant/bar with a full kitchen, a banquette, and a gift shop; a two-story driving range building with a snack bar, men's and women's restrooms, one office/tutor room, first level and second level driving decks, and golf ball cleaning room; a one-story pump house building with a well room and an acid/hazardous substance room; and a restroom building with one men's and women's restroom.

- Two pad-mounted transformers were observed on the subject property.
  - A pad-mounted transformer was observed near the pump house at the southwest section of the subject property. This transformer was used to power the pump house irrigation system. No staining or indication of releases were observed on or around the transformer.
  - A possible leaking pad-mounted transformer was observed at the southwest corner of the subject property. Mr. Wright and Mr. Santos stated they were unaware of what the transformer powered within the site or the age of the transformer. Staining and release of a substance consistent in appearance with transformer oil was observed on the base of the transformer, the concrete pad, and onto the surrounding soil.

BEC has performed a Phase I Environmental Site Assessment in conformance with the scope and limitations of ASTM Practice E1527-21 for the subject property located 3415 East Bonanza Road, Las Vegas, Nevada 89101. Any exceptions to, or deletions from, this practice are described in **Section 1.3** of this report. This assessment has revealed the following **Recognized Environmental Conditions (RECS)** and Business Environmental Risks (BERs) in connection with the subject property:

- A potentially leaking pad-mounted transformer was observed on the southwest corner of the subject property. Staining was observed on the base of the transformer, the concrete pad, and onto the surrounding soil. It is unknown if the pad-mounted transformer contained polychlorinated bisphenols (PCB). **Due to the apparent leakage from the transformer and associated concrete and soil staining, BEC considers this to be a REC to the subject property.**

- The pump house building:

  - Three 2,100-gallon and one 1,500-gallon plastic storage tank, and three 55-gallon drums were observed in the acid/hazardous substance room that contained unidentified substances. According to onsite interviews, the substance was likely a pH balancing

liquid for the ponds, and the pump house had not been maintained for years. Stains, corrosion, and indications of releases of the substance were observed on the drums and tanks.

- Free-standing liquid was observed in the acid/hazardous substance room of the pump house. Due to poor visibility of the foundation from the stains, free-standing substances, and debris, it is unknown if the substances had impacted the soil beneath the foundation.

The poor condition of the plastic storage tanks and the free-standing liquid within the acid/hazardous substance room of the pump house are considered to be a REC to the subject property.

- The use of pesticides, herbicides, and fertilizers are of standard use and practice for golf course maintenance. However, the long-term use of such chemicals may be a concern for surface soil and stormwater detention ponds related to future unrestricted land use, therefore, it is considered a BER to the subject property.
  - The pesticides and herbicide chemicals were stated to be on-site in a locked storage unit in a follow-up interview in February 2023. At the time of the site reconnaissance in December 2022, the locked unit was not on site or observed. This is considered a significant data gap and warrants a revisitation to assess the conditions and nature of the chemicals and chemical storage.

- The northwest adjoining Rebel Oil Company #92 gas station has an associated closed LUST in 2021. Based on the information, the site is adjoining and upgradient to the subject property, and a benzene plume remains at the site, vapor encroachment may be present within the subsurface of the subject property. Therefore, the Rebel Oil Company #92 is considered a REC to the subject property at this time.

- The northeast adjoining closed 7-Eleven gas station has two associated closed LUST cases from 2000 and 2010. Based on the information, the site is adjoining and downgradient to the subject property, and an A through K closure LUST case is associated with the site, it is considered to be a Business Environmental Risk (BER) to the subject property at this time.

It is the opinion of BEC the identified conditions above warrant additional investigation to address the leaking transformer for PCB contamination; the pump house acid/hazardous substance room for substances release to the subsurface soils and/or groundwater; the conditions of the soil from long-term use of pesticides, herbicides, and fertilizers; and potential vapor encroachment from the adjoining gas stations.

8 PREPARER QUALIFICATIONS

The BEC Team members responsible for the development of this report are listed below and their qualifications are provided herein (**Attachment 7 – Environmental Professional Resumes and Certifications)**. The following statements are required in accordance with 40 CFR 312.21(d), and Section 12.13 *Environmental Professional Statement*, of ASTM E1527-21:

We declare that, to the best of our professional knowledge and belief, we meet the definition of Environmental Professionals as defined in §312.10 of 40 CFR 312.

We have the specific qualifications based on education, training, and experience to assess a property of the nature, history, and setting of the subject property. We have developed and performed the all appropriate inquiries in conformance with the standards and practices set forth in 40 CFR Part 312.

Giavanna Fernandez, Environmental Scientist

Interview Documentation

USER QUESTIONNAIRE

Note: In order to qualify for one of the *Landowner Liability Protections* offered by the Small Business Liability Relief and Brownfields Revitalization Act of 2001 (the "*Brownfields Amendment"*) the USER must provide the following information (if available) to the environmental professional. Failure to provide this information could result in a determination that "All Appropriate Inquiry" is not complete.

Site Name: Desert Pines

Address: 3415 E. Bonanza Rd., Las Vegas, NV 89101

The person who will use the Phase I should provide the following information. Please fill in this form to the best of your ability, explaining any Yes answers on a separate sheet of paper. Without these answers, our report would have to note that the Phase One is incomplete, and your Landowner Liability Protections could be at risk.

1. **Environmental Cleanup Liens.** ASTM requires the User to check for environmental liens that may be filed or recorded against the subject property under federal, tribal, state or local law. Such liens might be listed in the "exceptions to coverage" in the property's title insurance commitment or policy. Failure to check for these liens could put your Landowner Liability Protections at risk.

   Have you checked for these environmental cleanup liens? ☒ Yes ☐ No
   Are you aware of any such liens against the subject property? ☐ Yes ☒ No

2. **Activity and Use Limitations (AULs).** These include engineering controls (e.g., slurry walls, caps) and land use restrictions or institutional controls (e.g., deed restrictions, covenants) that may be in place at the site or filed under federal, tribal, state or local law. The title commitment or policy might also list AULs.

   Are you aware of any possible AULs involving the subject site? ☐ Yes ☒ No

3. **Specialized Knowledge.** This involves personal knowledge or experience related to the subject property or nearby properties. For example, if you are involved in the same line of business as the current or former occupants of the property or an adjoining property, you would probably know of any chemicals, oil, degreasers, gasoline, or other hazardous substances commonly used in that type of business.

   Do you have any specialized knowledge that might indicate the past or present use of such substances on the subject or nearby properties? ☐ Yes ☒ No

4. **Fair Market Value (FMV).** A purchase price significantly below FMV may indicate an environmental problem. Please note that this question does not require an appraisal of the property. If the price is significantly below FMV, the User should consider whether it might be because contamination may be present at the property.
   Is the purchase price significantly below fair market value? ☐ Yes ☐ No ☒ NA

5. **Obvious Indicators.** This involves past or present spills, stains, releases, cleanups, etc. on or near the site.

   Do you know of any obvious indicators of possible contamination on or near the site? ☐ Yes ☒ No

6. **Common Knowledge.** Please use a separate sheet if necessary.
   a. Describe the past uses of the property: Golf course
   b. Describe any specific chemicals that may have been present at the property: unknown
   c. Describe any other information that may help us identify possible contamination: unknown
   d. Describe any underground storage tanks that may have been present at the property: unknown

Printed Name: Mike Saunders

Disclaimer - Copyright and Trademark Notice

This Report contains certain information obtained from a variety of public and other sources reasonably available to Environmental Data Resources, Inc. It cannot be concluded from this Report that coverage information for the target and surrounding properties does not exist from other sources. **NO WARRANTY EXPRESSED OR IMPLIED, IS MADE WHATSOEVER IN CONNECTION WITH THIS REPORT. ENVIRONMENTAL DATA RESOURCES, INC. SPECIFICALLY DISCLAIMS THE MAKING OF ANY SUCH WARRANTIES, INCLUDING WITHOUT LIMITATION, MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE OR PURPOSE. ALL RISK IS ASSUMED BY THE USER. IN NO EVENT SHALL ENVIRONMENTAL DATA RESOURCES, INC. BE LIABLE TO ANYONE, WHETHER ARISING OUT OF ERRORS OR OMISSIONS, NEGLIGENCE, ACCIDENT OR ANY OTHER CAUSE, FOR ANY LOSS OR DAMAGE, INCLUDING, WITHOUT LIMITATION, SPECIAL, INCIDENTAL, CONSEQUENTIAL, OR EXEMPLARY DAMAGES. ANY LIABILITY ON THE PART OF ENVIRONMENTAL DATA RESOURCES, INC. IS STRICTLY LIMITED TO A REFUND OF THE AMOUNT PAID FOR THIS REPORT.** Purchaser accepts this Report "AS IS". Any analyses, estimates, ratings, environmental risk levels or risk codes provided in this Report are provided for illustrative purposes only, and are not intended to provide, nor should they be interpreted as providing any facts regarding, or prediction orforecast of, any environmental risk for any property. Only a Phase I Environmental Site Assessment performed by an environmental professional can provide information regarding the environmental risk for any property. Additionally, the information provided in this Report is not to be construed as legal advice.

EXECUTIVE SUMMARY

DESCRIPTION

Environmental Data Resources, Inc.'s (EDR) City Directory Abstract is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's City Directory Abstract includes a search and abstract of available city directory data. For each address, the directory lists the name of the corresponding occupant at five year intervals.

Business directories including city, cross reference and telephone directories were reviewed, if available, at approximately five year intervals for the years spanning 1936 through 2017. This report compiles information gathered in this review by geocoding the latitude and longitude of properties identified and gathering information about properties within 660 feet of the target property.

A summary of the information obtained is provided in the text of this report.

RECORD SOURCES

EDR's Digital Archive combines historical directory listings from sources such as Cole Information and Dun & Bradstreet. These standard sources of property information complement and enhance each other to provide a more comprehensive report.

EDR is licensed to reproduce certain City Directory works by the copyright holders of those works. The purchaser of this EDR City Directory Report may include it in report(s) delivered to a customer. Reproduction of City Directories without permission of the publisher or licensed vendor may be a violation of copyright.

RESEARCH SUMMARY

The following research sources were consulted in the preparation of this report. An "X" indicates where information was identified in the source and provided in this report.

General Climate Summary

LAS VEGAS MCCARRAN AP, NEVADA (264436)

1981-2010 Monthly Climate Summary

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Annual
Average Max. Temperature (F)	57.9	62.7	70.4	78.5	88.8	98.6	103.9	101.7	93.8	80.8	64.4	57.0	80.1
Average Min. Temperature (F)	37.5	41.7	47.7	54.5	64.0	72.9	78.8	77.2	69.1	56.8	43.6	37.3	56.9
Average Total Precipitation (in.)	0.57	0.70	0.45	0.18	0.13	0.08	0.35	0.39	0.22	0.28	0.34	0.52	4.21

Unofficial values based on averages/sums of smoothed daily data. Information is computed from available daily data during the 1981-2010 period. Smoothing, missing data and observation-time changes may cause these 1981-2010 values to differ from official NCDC values. This table is presented for use at locations that don't have official NCDC data. No adjustments are made for missing data or time of observation. Check NCDC normals table for official data.

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

DIVISION OF ENVIRONMENTAL PROTECTION

(Las Vegas Office)

555 E. Washington, Suite 4300

Las Vegas, Nevada 89101-1049

October 26, 2000

Mr. Michael Windburn, Facilities Manager
U.S. Food Service
1685 West Cheyenne
North Las Vegas, NV 89030

Subject: **No Further Action**

Reference: Howlett-Olson Foods, Inc.
41 North Mojave Road, Las Vegas, Nevada 89101
Facility ID# 8-000228

Dear Mr. Windburn:

The Nevada Division of Environmental protection (NDEP) received and reviewed an October 8, 1998 submittal from your consultant Kleinfelder, Inc. regarding the permanent closure of one 10,000 gallon Underground Storage Tank (UST), two 4,000 gallon USTs, and two dispenser islands used to store and dispense diesel fuel at the above referenced site. The submittals (reports) summarized the site characterization, UST removal activities, site-specific observations, characterization and management of impacted soils, analytical results of soil and groundwater samples, and conclusions regarding the closure of three USTs and two dispenser islands. The submittals include:

- UST Removal/Request for Site Closure, Facility ID# 8-000228, H & O Foods, N. Mojave Rd., Las Vegas NV (dated September 11, 1998); and
- Site Assessment, Facility ID# 8-000228, H & O Foods (dated October 8, 1998).

Following UST removal, field observations and analyses of soil samples revealed the presence of impacted soils in the vicinity of the USTs and dispenser islands above the State action level of 100 mg/kg for Total Petroleum Hydrocarbons (TPH). Seven of the eight soil samples had a TPH concentration range from 120 mg/kg to 17,000 mg/kg in the carbon range of diesel and oil. Kleinfelder has estimated soil impacted with diesel remain in place between four and six feet below grade in the vicinity of the former UST locations.

Laboratory analyses of groundwater samples taken at the base of the excavations revealed a TPH concentration of 76 mg/kg. The presence of volatile organic compounds (VOCs) including methyl tert-butyl ether (MTBE), naphthalene, toluene, 1,2,4-trimethylbenzene, and xylene was also indicated, but were not detected above their respective NDEP levels.

Our review of the data supports a conclusion that **the NDEP will <u>not</u> require further assessment or remediation at this time, based upon information provided to date by H & O Foods and Kleinfelder, Inc.**

The submittals satisfy the requirements of 459.9973 (Presence of excessive petroleum in soil: Evaluation; assessment of risk; corrective action); 459.9975 Monitoring of groundwater); 459.996 (Releases: Reporting; protection of site; inspection by division); 459.9972 (Assessment required before closure of tank; removal of tank from ground); and 459.9971 (Releases: Assessment of contaminated soil or water).

Please call the undersigned at (702) 486-2871 if you have any questions regarding this letter or this information.

Sincerely,

Dear Mr. Park:

The Clark County Health District has received notification relating to the closure of an underground storage tank(s) located at the Las Vegas Fire Training Center, 633 Mojave Road, Las Vegas.

In accordance with 40 CFR Part 280.72, the required site assessment has been evaluated and determined to have been conducted satisfactorily.

Accordingly, based on the information provided by Broadbent & Associates, dated April 22, 1991, the Health District will not require further remediation at this time.

Should you have questions or if we can be of any assistance, please do not hesitate to contact us at (702) 383-1274. All future correspondence regarding this subject should be addressed to the undersigned.

Sincerely,

CLARK COUNTY HEALTH DISTRICT

Subject: **No Further Action**

Facility: 7-Eleven Store No. 26627
3501 East Bonanza Road
Las Vegas, NV
Facility ID #: **8-000619**

Dear Mr. DeNinno:

The Nevada Division of Environmental Protection (NDEP) has reviewed the First Quarter 2002 Groundwater Monitoring Report and the March 6, 2002 A through K evaluation submitted by your consultant SECOR International Incorporated (SECOR). The groundwater monitoring report indicates that following two quarters of monitoring, the analytical results for BTEX and MTBE remain below their respective regulatory action levels. The A through K evaluation indicates that the site MTBE action level is 200 µg/L.

Based upon the information provided to date by 7-Eleven Incorporated and SECOR the NDEP will <u>not</u> require further assessment or remediation at this time under Nevada Administrative Code 459.9975.

We trust this information meets your needs at this time. Please contact Ms. Piper, the case officer, at (702) 486-2858 if you have any questions regarding this letter or need further assistance.

Sincerely,

Sara Arav-Piper, ESII

Dear Mr. Rios

The Nevada Division of Environmental Protection (NDEP) has received and reviewed the *Well Abandonment Report* (Report) for the referenced facility (Site) dated April 27, 2020, and prepared by Matt Grandjean, Certified Environmental Manager (CEM), of Stantec Consulting Services, Inc. (Stantec) on behalf of 7-Eleven, Inc.

The Report was received in the NDEP's Las Vegas office electronically on April 27, 2020 and contains a request for a no further action (NFA) determination. This letter provides a no further action determination for a release of petroleum hydrocarbons from the former underground storage tank system at the above-referenced facility and applies to other places contaminants related to this release have come to be located (NAC 445A.3452).

The NDEP has reviewed information contained in the Leaking Underground Storage Tank (LUST) file that has been provided by 7-Eleven, Inc. and Matt Grandjean, CEM. Based on this review, it is estimated by Stantec that 181 cubic yards of residual soil impacted with total petroleum hydrocarbons above action levels or remediation standards remain in place at a depth of 12 to 16 feet below ground surface, however no petroleum constituents exist in groundwater above action levels or remediation standards. Therefore, the NDEP has determined that no further assessment or remediation is required to be protective of human health and the environment (NAC 445A.22725 (1)). NDEP may re-evaluate this decision if conditions at the site change or if new or previously unidentified information becomes available that: 1) alters the results of the site evaluation; and 2) demonstrates a potential detrimental impact on human health or the environment.

Please contact the undersigned by telephone at 702-486-2850 Ext. 239 or preferably at this time via electronic mail at cenberg@ndep.nv.gov with any questions you may have regarding this letter.

Sincerely,

Chuck Enberg

Henderson, NV 89074

Re: Facility ID #8-000620, 7-Eleven #26994, 903 N. Pecos Rd., Las Vegas, NV 89101

Dear Mr. Westfall:

The Southern Nevada Health District (SNHD) - UST Program staff conducted the following activities in reference to the permanent closure of UST system Facility ID #8-000620, 7-Eleven #26994, 903 N. Pecos Rd., Las Vegas, NV 89101:

- Reviewed application for inspection, advanced information and plot plan form.
- Inspected and documented tank removal procedures and issued Vapor Free Certificate.
- Witnessed soil sampling as required by NAC 459.9972.
- Reviewed UST Compliance Closure report to include:

  1) Location and laboratory analysis (8015 modified) results of the soil;
  2) Documentation of final disposition of tank(s), tank contents, rinsate, and contaminated soil;
  3) Narrative of activities;
  4) UST Notification Form EPA 7530-1

- Accordingly, based on the information provided, the site assessment indicated petroleum contamination which exceeded the Nevada regulatory action levels. Please continue contact with the **Nevada Division of Environmental Protection, 901 S. Stewart St. Suite 4001, Carson City, Nevada 89701, (888) 687-4670**, for direction on Leaking Underground Storage Tank(s) (LUST) remediation activities.

This letter does not relinquish you from the requirements of any other regulatory agencies such as Clark County Department of Air Quality Management (DAQM), local Fire Departments, or the Nevada Division of Environmental Protection - Water Pollution Programs.

Should you have any questions or if we can be of any assistance, please do not hesitate to contact us at (702) 759-0603.

Sincerely,

Environmental Health Division

Re: Facility ID #8-001420, Las Vegas Auto Auction, 101 N. Mojave Rd.

Dear Mr. Brealt:

The Clark County Health District - UST Program staff has received notification relating to the closure of two underground storage tank(s) located at 101 N. Mojave Rd.

In accordance with 40 CFR Part 280.72, the required site assessment has been evaluated and determined to have been conducted satisfactorily.

Accordingly, based on the information provided by Converse Environmental Consultants SW, Inc., dated April 24, 1995, Project #94-43157-01, the Health District will not require further remediation at this time.

This letter does not constitute a release from the requirements of any other regulatory agency such as Air Pollution Control Division, local Fire Departments or the Nevada Division of Environmental Protection - Water Pollution Programs.

Should you have questions or if we can be of any assistance, please do not hesitate to contact us at (702) 383-1274.

Sincerely,

CLARK COUNTY HEALTH DISTRICT

Sunrise, Fl. 33323

Subject: **No Further Action Determination**

Facility: Las Vegas Auto Auctions (Former),
101 N. Mojave Rd, Las Vegas, NV. 89101
APN No. 139-36-701-007
NDEP Spill/Complaint # 121101-02
Facility ID: 8-001420
Petroleum Fund# NA

Dear Mr. Rosen:

The Nevada Division of Environmental Protection (NDEP) has reviewed the December 31, 2012 Las Vegas Auto Auctions (Former) (Report) prepared by Kirk Stowers, CEM of Broadbent & Associates, Inc. on behalf of Land Baron III, LLC. This letter provides a no further action determination for the 2012 discovery of total petroleum hydrocarbon (TPH) contaminated soil around the existing building at the above-referenced facility and applies to other places contaminants related to this release [or facility] have come to be located (NAC 445A.3452).

The December 31, 2012 Las Vegas Auto Auctions (Former) Report contains a request for a no further action determination from the NDEP.

The NDEP has reviewed information contained in the Leaking Underground Storage Tank (LUST) file that has been provided by Land Baron III, LLC and Kirk Stowers, CEM. Based on this review, no contaminants remain in soil or groundwater above action levels or remediation standards; therefore, the NDEP has determined that no further assessment or remediation is required to be protective of human health and the environment NAC 445A.22125(1).

NDEP may re-evaluate this decision if conditions at the site change or if new or previously unidentified information becomes available that: 1) alters the results of the site evaluation; and 2) demonstrates a potential detrimental impact on human health or the environment.

Please contact the undersigned at (702) 486-2850 ext. 235 or jdotchin@ndep.nv.gov in our Las Vegas Nevada office with any questions regarding this letter.

Rebel Oil Company
Ms. Dana Cason Teepe
2200 South Highland Dr.
Las Vegas, NV 89109

Subject: Preliminary Decision to Close Open Case – Plug & Abandon Monitoring and Remediation Wells and Site Restoration Activities
Rebel Store #92, 3051 East Bonanza, Las Vegas, Clark County, Nevada
Facility ID # 8-001861, Spill Report #s 151023-05 and 151030-04

Dear Ms. Cason-Teepe:

The Nevada Division of Environmental Protection (NDEP) has received and reviewed the *Site Closure Review Presentation* for the referenced facility (Site) dated May 13, 2021. The Closure Presentation Request was prepared by Stewart Environmental, Inc. (SEI) on behalf of the Rebel Oil Company and was received by the NDEP on May 14, 2021. Additionally, on May 20, 2021, a groundwater exemption presentation review was held with the Case Officer and two NDEP Supervisors via teleconferencing.

Following review of the referenced Closure Presentation and case file, the NDEP has made a preliminary decision to close the open leaking underground storage tank case (8-001861). As such, Rebel Oil Company is requested to conduct the following activities at their earliest opportunity to enable development and distribution of a No Further Action (NFA) letter:

1. Properly plug & abandon all site-related monitoring and remediation wells per Nevada Division of Water Resources (NDWR) regulations (NAC 534);
2. Provide the undersigned case officer with copies of the certificates of abandonment (abandonment logs) filed with the NDWR;
3. Cancel all applicable permits issued to the facility owner/operator or CEM with each respective appointing authority;
4. Conduct other site restoration activities, as needed; and
5. Provide Shape Files to the NDEP Case Officer (Shape File requirements attached below).

The NDEP will issue a NFA letter upon receipt of the referenced abandonment logs and shape files.

NDEP requests all report documents be submitted in digital portable document format (pdf; e.g., compact disc, e-mail) concurrent with a hardcopy document. Please be advised that NDEP has a 20 megabyte limit for e-mail attachments.

If you have any questions or need further assistance, please contact me at 775-687-9396 or aoakley@ndep.nv.gov.

Sincerely,

NDEP Groundwater Closure Exemption, Shapefile Requirements

As part of the exemption from corrective action in Nevada Administrative Code 445A.22725 (2) for groundwater closure, the Nevada Division of Environmental Protection (NDEP) requires submittal of a GIS shapefile depicting the location of groundwater contamination remaining above action levels. This shapefile will be used internally by the NDEP and the Nevada Division of Water Resources to inform various agency decisions as an institutional control to maintain protectiveness of the closure decision. There are no plans at this time to release this information externally.

The GIS shapefile must be submitted by the facility owner or operator to the NDEP in the proper format dictated by this protocol.

File Transmittal

The electronic files shall be submitted to the NDEP case officer as a package in an email with the subject header: "GW shapefile for closure of [*NDEP FACILITY ID#*]". Electronic files shall be named using the NDEP Facility ID# without the hyphen and with the appropriate extension. The required electronic files must be attached in a compressed .zip file; the total file size shall not exceed 5 MB. The files comprising the shapefile (.shp, .shx, .dbf, and *et cetera*) shall be accompanied by one or more site figures in a .pdf format showing the plume to the action level isocontour for each site contaminant remaining above action levels. If multiple site figures are submitted, the electronic file name should be expanded to include the contaminant depicted in the site figure. For example, submittal of a shapefile package for closure of NDEP Facility ID# F-002345 might contain shapefiles named F002345.shp, F002345.shx, etc. and two site figures named F002345_benzene.pdf and F002345_MTBE.pdf.

Shapefile Information

The shapefiles may be created in ESRI or any GIS software that creates a shapefile in a data format consistent with ESRI standards. All geographic information shall be in NAD83 UTM Zone 11 North projection. All fields and attributes entered by the user to create the shapefile will follow the conventions established by the NDEP in the attached Excel table BCA_GW_Attribute_Requirements.xlsx. All fields are required, no exceptions. You may also submit in a Personal or File Geodatabase.

Plume Shapefile (Polygon)

The plume shapefile shall consist of a polygon or multiple polygons for multiple contaminants. The submission may not be in line format. The polygon shall correspond to the extent of the plume above action levels and be drawn using best professional judgment or standard plume drawing software. By default, even if a site action level of 200 µg/L for MTBE has been established, a polygon shall show MTBE to 20 µg/L. Attributes for the plume polygon are included in the first tab (or "sheet") of the attached table.

Monitoring Well Shapefile (Point)

The monitoring well shapefile shall consist of points corresponding to all monitoring wells where concentrations remain above action levels at the time of closure. Attributes for these points are included in the second tab of the above-mentioned Excel table. All monitoring well attributes shall be populated with data from the most recent sampling event for that well prior to closure. These points must be collected with a GPS unit and must achieve an accuracy of 3 Meters or better. The information about the GPS unit as well as a timestamp must be recorded in the attribute table, as outlined in the Excel table.

Site Figures

The site figures shall show the isocontours of contaminants remaining above action levels and the monitoring well network for the site. The isocontours and well network shall be overlain on an aerial photograph showing site features and nearby landmarks for use by the NDEP to perform quality checks of the geographic information submitted in the shapefile. By default, even if a site action level of 200 µg/L for MTBE has been established, site figures shall show MTBE to the 20 µg/L isocontour. The isocontours shall be drawn using the data from the most recent sampling event prior to closure.

Unacceptable formats

Please do not submit in a Map Package or CAD format or anything other than was specified in this document.

August 26, 2021

Rebel Oil Company
Ms. Dana Cason Teepe
2200 South Highland Dr.
Las Vegas, NV 89109

Subject: **No Further Action** – Groundwater Exemption, Benzene in Groundwater
Facility: Rebel Store #92, 3051 East Bonanza, Las Vegas, Clark County, Nevada
Facility ID: Facility ID # 8-001861, Spill Report #s 151023-05 and 151030-04

Dear Dana Cason Teepe:

The Nevada Division of Environmental Protection (NDEP) has completed a review of the case file for the above-referenced facility (Site). Based on the review, NDEP has determined that no additional investigation or remediation of the nature and extent of benzene or free product is required.

This letter from the NDEP provides a No Further Action determination for soil and groundwater at the above-referenced facility and applies to other places contaminants related to this release have come to be located (NAC 445A.3452).

The NDEP has reviewed information contained in the Corrective Action case file that has been provided by Stewart Environmental and Keith Stewart, CEM, on your behalf. Based on this review, concentrations of benzene above action level (5 micrograms per liter [µg/L]) remain in groundwater. However, based on current land and groundwater uses, NDEP has determined that no further assessment or remediation is required to be protective of human health and the environment, per Nevada Administrative Code (NAC) 445A.22725 (2).

Certificates of well abandonment were provided to the Nevada Division of Water Resources (NDWR) and NDEP for the abandonment of seven (7) monitoring wells constructed and sampled during the investigation. The NDEP received the abandonment logs on August 26, 2021.

NDEP may re-evaluate this decision if conditions at the site change or if new or previously unidentified information becomes available that: 1) alters the results of the site evaluation; and 2) demonstrates a potential detrimental impact on human health or the environment.

If you have any questions or need further assistance, please contact me at 775-687-9396 or aoakley@ndep.nv.gov.

Sincerely,

Alison Oakley, CEM

Las Vegas, NV 89128

Subject: **No Further Action**: Hydraulic Oil Release

Facility: City of Las Vegas Maintenance Yard
3140 East Bonanza Boulevard
Las Vegas, NV
Facility ID: H-000259

Dear Mr. Hyde:

The Nevada Division of Environmental Protection (NDEP) has reviewed a letter report dated September 17, 2004 by Broadbent & Associates, Inc. (BAI) describing remedial activities at the referenced facility resulting from the release of hydraulic oil from a hydraulic oil reservoir tank (Tank) and a hydraulic oil lift (Lift). On August 13, 2004, the Tank and Lift were removed and soil samples were collected from the bottom of the excavation. The soil samples exhibited total petroleum hydrocarbon (TPH) concentrations of 3,800 mg/kg (Tank) and 380 mg/kg (Lift), which are greater than the regulatory action level of 100 mg/kg.

On August 18 and 19, 2004, excavation activities were conducted in the former locations of the Tank and Lift. Confirmation soil samples collected from each of the excavated areas exhibited TPH concentrations of 890 mg/kg (Tank) and 52 mg/kg (Lift). On August 23, 2004, additional excavation was conducted in the Tank excavation. Confirmation samples collected after the additional excavation activities exhibited TPH concentrations ranging from less than 10 mg/kg to 2,300 mg/kg. On August 26, 2004, additional excavation was again conducted in the Tank excavation. Confirmation samples collected after the second round of additional excavation activities exhibited TPH concentrations of less than 10 mg/kg. A total of approximately 18.5 tons of TPH impacted soils were removed and transported offsite for disposal.

Based on information provided BAI and NAC 459.9973.7, NDEP will <u>not</u> require further assessment or remediation at this time.

Please contact the undersigned if you have any questions or comments concerning this letter at (702) 486-8267 or sharbour@ndep.nv.gov.

Las Vegas, Nevada

Dear Mr. Brown:

The Nevada Division of Environmental Protection (NDEP) has received your letter report dated January 17, 1996; Phase II Environmental Site Investigation for H & W Auto, dated March 6, 1992, prepared by ETEC Testing Laboratories, Inc. (ETEC); Environmental Site Characterization for H & W Auto, dated June 24, 1992, prepared by ETEC; and letters from Clark County Health District (CCHD), dated September 17, 1992, January 11, 1996, and January 24, 1996. These reports and letters were received in this office on January 17, 1996.

The NDEP has reviewed the documents and have the following comments:

1. Item 6), H & O Foods letter dated January 16, 1996 - The NDEP agrees that the quantity of petroleum hydrocarbon impacted soil cannot be determined based on one soil boring, therefore, the reportable quantity cannot be determined. Additional exploratory work would be necessary to quantify the amount and extent of petroleum hydrocarbon impacted soil.

2. Based on the ETEC's report dated June 24, 1992, a hydrocarbon contaminant plume originates from an underground storage tank (UST) previously located at H & W Auto and extends to the adjacent property immediately to the east of H & W Auto.

The groundwater flow direction is due east. However, this report does not include data to the north and south of H & W Auto's property.

3. Figure 2, Site Plan for H & O Foods, Inc., in the report dated November 27, 1995 prepared by Western Technologies Inc., is drawn "not to scale". A site plan drawn to scale showing the location of the MW-1 on your site, the location of H & W Auto's UST's, location and sub-surface position of utilities and other related information would be helpful to evaluate the existing subsurface conditions.

NDEP believes that currently there is insufficient information to make a determination regarding the contaminant source based on the information submitted to NDEP regarding this project.

Additional information collected for this project and future correspondence should be directed to CCHD, Environmental Health Division, 625 Shadow Lane, P. O. Box 4426, Las Vegas, Nevada 89127.

The CCHD is the lead agency in Clark County for UST/LUST related issues. The CCHD provided the project oversight for the H & W Auto assessment and closure. As such, CCHD is the appropriate agency for evaluating petroleum hydrocarbon impacts potentially associated with the H & W Auto facility.

NDEP thanks you for giving an opportunity to review and comment on this project.

Should you have any questions, please contact me at (702) 486-2872.

Sincerely,

D. Devender

Subject:	Open Records Request :: W051250-021423
Date:	Tuesday, February 14, 2023 9:10:11 AM

Dear Giavanna Fernandez:

Thank you for your interest in public records of the City of Las Vegas. Your request was received on 2/14/2023 and is being processed. We will respond within five business days by providing one of the following:

1. We will complete the request by providing the requested records,
2. We will provide you with the estimated date of completion of your request,
3. We will provide a partial installment and inform you of the schedule of future installments,
4. We will ask for clarification if your request is unclear,
5. We will direct you to the City's website to access the records requested, or
6. We may deny the request because no responsive records exist.

Record Requested: Any records of gas leaks, flooding, spills, hazardous substance releases that may have occurred at the site.

You can monitor the progress of your request at the link below. Again, you will receive an official response within five business days and an additional notification when your request has been completed. Thank you for submitting a Public Records Request. Your request was given the reference number **W051250-021423** for tracking purposes.

City of Las Vegas

Please note: *There is a charge for copies of public records. If the estimated cost of the copies requested is $25.00 or more, the requestor will be required to pay in full prior to reproduction. Materials will be held for 14 days. If not retrieved, the requestor will be charged in full for a second reproduction in addition to any unpaid original charges. Advance payment will be forfeited if material is not retrieved.*

To monitor the progress or update this request please log into the Public Records Center.

EXECUTIVE SUMMARY

A search of available environmental records was conducted by Environmental Data Resources, Inc (EDR). The report was designed to assist parties seeking to meet the search requirements of EPA's Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the ASTM Standard Practice for Environmental Site Assessments (E1527-21), the ASTM Standard Practice for Environmental Site Assessments for Forestland or Rural Property (E 2247-16), the ASTM Standard Practice for Limited Environmental Due Diligence: Transaction Screen Process (E 1528-14) or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified in the following databases.

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property.
Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in ***bold italics*** are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

STANDARD ENVIRONMENTAL RECORDS

Lists of Federal RCRA generators

RCRA-VSQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting

the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Very small quantity generators (VSQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month.

A review of the RCRA-VSQG list, as provided by EDR, and dated 06/20/2022 has revealed that there is 1 RCRA-VSQG site within approximately 0.25 miles of the target property.

EDR HIGH RISK HISTORICAL RECORDS

EDR Exclusive Records

EDR Hist Auto: EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

A review of the EDR Hist Auto list, as provided by EDR, has revealed that there is 1 EDR Hist Auto site within approximately 0.125 miles of the target property.

Environmental Interest/Information System:
RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Click this hyperlink while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

To maintain currency of the following federal and state databases, EDR contacts the appropriate governmental agency on a monthly or quarterly basis, as required.

Number of Days to Update: Provides confirmation that EDR is reporting records that have been updated within 90 days from the date the government agency made the information available to the public.

STANDARD ENVIRONMENTAL RECORDS

Lists of Federal NPL (Superfund) sites

NPL: National Priority List

National Priorities List (Superfund). The NPL is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund Program. NPL sites may encompass relatively large areas. As such, EDR provides polygon coverage for over 1,000 NPL site boundaries produced by EPA's Environmental Photographic Interpretation Center (EPIC) and regional EPA offices.

Proposed NPL: Proposed National Priority List Sites

A site that has been proposed for listing on the National Priorities List through the issuance of a proposed rule in the Federal Register. EPA then accepts public comments on the site, responds to the comments, and places on the NPL those sites that continue to meet the requirements for listing.

Date of Government Version: 10/27/2022

NPL LIENS: Federal Superfund Liens

Federal Superfund Liens. Under the authority granted the USEPA by CERCLA of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner received notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

Lists of Federal Delisted NPL sites

Delisted NPL: National Priority List Deletions

The National Oil and Hazardous Substances Pollution Contingency Plan (NCP) establishes the criteria that the EPA uses to delete sites from the NPL. In accordance with 40 CFR 300.425.(e), sites may be deleted from the NPL where no further response is appropriate.

Lists of Federal sites subject to CERCLA removals and CERCLA orders

FEDERAL FACILITY: Federal Facility Site Information listing

A listing of National Priority List (NPL) and Base Realignment and Closure (BRAC) sites found in the Comprehensive Environmental Response, Compensation and Liability Information System (CERCLIS) Database where EPA Federal Facilities Restoration and Reuse Office is involved in cleanup activities.

Date of Government Version: 05/25/2021

SEMS: Superfund Enterprise Management System

SEMS (Superfund Enterprise Management System) tracks hazardous waste sites, potentially hazardous waste sites, and remedial activities performed in support of EPA's Superfund Program across the United States. The list was formerly know as CERCLIS, renamed to SEMS by the EPA in 2015. The list contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). This dataset also contains sites which are either proposed to or on the National Priorities List (NPL) and the sites which are in the screening and assessment phase for possible inclusion on the NPL.

Lists of Federal CERCLA sites with NFRAP

SEMS-ARCHIVE: Superfund Enterprise Management System Archive

SEMS-ARCHIVE (Superfund Enterprise Management System Archive) tracks sites that have no further interest under the Federal Superfund Program based on available information. The list was formerly known as the CERCLIS-NFRAP, renamed to SEMS ARCHIVE by the EPA in 2015. EPA may perform a minimal level of assessment work at a site while it is archived if site conditions change and/or new information becomes available. Archived sites have been removed and archived from the inventory of SEMS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list the site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time. The decision does not necessarily mean that there is no hazard associated with a given site; it only means that. based upon available information, the location is not judged to be potential NPL site.

Lists of Federal RCRA TSD facilities

RCRA-TSDF: RCRA - Treatment, Storage and Disposal

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Transporters are individuals or entities that move hazardous waste from the generator offsite to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

Lists of Federal RCRA generators

RCRA-LQG: RCRA - Large Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

RCRA-SQG: RCRA - Small Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month.

Lists of state and tribal brownfield sites

BROWNFIELDS: Project Tracking Database
Brownfields sites included in the Project Tracking Database. The term "brownfields" is used to describe abandoned, idled, or underused industrial or commercial properties taken out of productive use because of real or perceived risks from environmental contamination. The State of Nevada has initiated Brownfields, a land-recycling program, to provide an opportunity to redevelop these undesirable properties and revitalize communities.

ADDITIONAL ENVIRONMENTAL RECORDS

Local Brownfield lists

US BROWNFIELDS: A Listing of Brownfields Sites
Brownfields are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. Cleaning up and reinvesting in these properties takes development pressures off of undeveloped, open land, and both improves and protects the environment. Assessment, Cleanup and Redevelopment Exchange System (ACRES) stores information reported by EPA Brownfields grant recipients on brownfields properties assessed or cleaned up with grant funding as well as information on Targeted Brownfields Assessments performed by EPA Regions. A listing of ACRES Brownfield sites is obtained from Cleanups in My Community. Cleanups in My Community provides information on Brownfields properties for which information is reported back to EPA, as well as areas served by Brownfields grant programs.

US CDL: Clandestine Drug Labs
A listing of clandestine drug lab locations. The U.S. Department of Justice ("the Department") provides this web site as a public service. It contains addresses of some locations where law enforcement agencies reported they found chemicals or other items that indicated the presence of either clandestine drug laboratories or dumpsites. In most cases, the source of the entries is not the Department, and the Department has not verified the entry and does not guarantee its accuracy. Members of the public must verify the accuracy of all entries by, for example, contacting local law enforcement and local health departments.

Other Ascertainable Records

RCRA NonGen / NLR: RCRA - Non Generators / No Longer Regulated

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Non-Generators do not presently generate hazardous waste.

EPA WATCH LIST: EPA WATCH LIST

EPA maintains a "Watch List" to facilitate dialogue between EPA, state and local environmental agencies on enforcement matters relating to facilities with alleged violations identified as either significant or high priority. Being on the Watch List does not mean that the facility has actually violated the law only that an investigation by EPA or a state or local environmental agency has led those organizations to allege that an unproven violation has in fact occurred. Being on the Watch List does not represent a higher level of concern regarding the alleged violations that were detected, but instead indicates cases requiring additional dialogue between EPA, state and local agencies - primarily because of the length of time the alleged violation has gone unaddressed or unresolved.

2020 COR ACTION: 2020 Corrective Action Program List

The EPA has set ambitious goals for the RCRA Corrective Action program by creating the 2020 Corrective Action Universe. This RCRA cleanup baseline includes facilities expected to need corrective action. The 2020 universe contains a wide variety of sites. Some properties are heavily contaminated while others were contaminated but have since been cleaned up. Still others have not been fully investigated yet, and may require little or no remediation. Inclusion in the 2020 Universe does not necessarily imply failure on the part of a facility to meet its RCRA obligations.

RMP: Risk Management Plans

When Congress passed the Clean Air Act Amendments of 1990, it required EPA to publish regulations and guidance for chemical accident prevention at facilities using extremely hazardous substances. The Risk Management Program Rule (RMP Rule) was written to implement Section 112(r) of these amendments. The rule, which built upon existing industry codes and standards, requires companies of all sizes that use certain flammable and toxic substances to develop a Risk Management Program, which includes a(n): Hazard assessment that details the potential effects of an accidental release, an accident history of the last five years, and an evaluation of worst-case and alternative accidental releases; Prevention program that includes safety precautions and maintenance, monitoring, and employee training measures; and Emergency response program that spells out emergency health care, employee training measures and procedures for informing the public and response agencies (e.g the fire department) should an accident occur.

RAATS: RCRA Administrative Action Tracking System

RCRA Administration Action Tracking System. RAATS contains records based on enforcement actions issued under RCRA pertaining to major violators and includes administrative and civil actions brought by the EPA. For administration actions after September 30, 1995, data entry in the RAATS database was discontinued. EPA will retain a copy of the database for historical records. It was necessary to terminate RAATS because a decrease in agency resources made it impossible to continue to update the information contained in the database.

HIST FTTS: FIFRA/TSCA Tracking System Administrative Case Listing

A complete administrative case listing from the FIFRA/TSCA Tracking System (FTTS) for all ten EPA regions. The information was obtained from the National Compliance Database (NCDB). NCDB supports the implementation of FIFRA (Federal Insecticide, Fungicide, and Rodenticide Act) and TSCA (Toxic Substances Control Act). Some EPA regions are now closing out records. Because of that, and the fact that some EPA regions are not providing EPA Headquarters with updated records, it was decided to create a HIST FTTS database. It included records that may not be included in the newer FTTS database updates. This database is no longer updated.

UMTRA: Uranium Mill Tailings Sites

Uranium ore was mined by private companies for federal government use in national defense programs. When the mills shut down, large piles of the sand-like material (mill tailings) remain after uranium has been extracted from the ore. Levels of human exposure to radioactive materials from the piles are low; however, in some cases tailings were used as construction materials before the potential health hazards of the tailings were recognized.

US AIRS (AFS): Aerometric Information Retrieval System Facility Subsystem (AFS)

The database is a sub-system of Aerometric Information Retrieval System (AIRS). AFS contains compliance data on air pollution point sources regulated by the U.S. EPA and/or state and local air regulatory agencies. This information comes from source reports by various stationary sources of air pollution, such as electric power plants, steel mills, factories, and universities, and provides information about the air pollutants they produce. Action, air program, air program pollutant, and general level plant data. It is used to track emissions and compliance data from industrial plants.

ABANDONED MINES: Abandoned Mines
An inventory of land and water impacted by past mining (primarily coal mining) is maintained by OSMRE to provide information needed to implement the Surface Mining Control and Reclamation Act of 1977 (SMCRA). The inventory contains information on the location, type, and extent of AML impacts, as well as, information on the cost associated with the reclamation of those problems. The inventory is based upon field surveys by State, Tribal, and OSMRE program officials. It is dynamic to the extent that it is modified as new problems are identified and existing problems are reclaimed.

FINDS: Facility Index System/Facility Registry System

Facility Index System. FINDS contains both facility information and 'pointers' to other sources that contain more detail. EDR includes the following FINDS databases in this report: PCS (Permit Compliance System), AIRS (Aerometric Information Retrieval System), DOCKET (Enforcement Docket used to manage and track information on civil judicial enforcement cases for all environmental statutes), FURS (Federal Underground Injection Control), C-DOCKET (Criminal Docket System used to track criminal enforcement actions for all environmental statutes), FFIS (Federal Facilities Information System), STATE (State Environmental Laws and Statutes), and PADS (PCB Activity Data System).

PFAS RCRA MANIFEST: PFAS Transfers Identified In the RCRA Database Listing

To work around the lack of PFAS waste codes in the RCRA database, EPA developed the PFAS Transfers dataset by mining e-Manifest records containing at least one of these common PFAS keywords: PFAS, PFOA, PFOS, PERFL, AFFF, GENX, GEN-X (plus the VT waste codes). These keywords were searched for in the following text fields: Manifest handling instructions (MANIFEST_HANDLING_INSTR), Non-hazardous waste description (NON_HAZ_WASTE_DESCRIPTION), DOT printed information (DOT_PRINTED_INFORMATION), Waste line handling instructions (WASTE_LINE_HANDLING_INSTR), Waste residue comments (WASTE_RESIDUE_COMMENTS).

PFAS ATSDR: PFAS Contamination Site Location Listing

PFAS contamination site locations from the Department of Health & Human Services, Center for Disease Control & Prevention. ATSDR is involved at a number of PFAS-related sites, either directly or through assisting state and federal partners. As of now, most sites are related to drinking water contamination connected with PFAS production facilities or fire training areas where aqueous film-forming firefighting foam (AFFF) was regularly used.

PFAS WQP: Ambient Environmental Sampling for PFAS

The Water Quality Portal (WQP) is a part of a modernized repository storing ambient sampling data for all environmental media and tissue samples. A wide range of federal, state, tribal and local governments, academic and non-governmental organizations and individuals submit project details and sampling results to this public repository. The information is commonly used for research and assessments of environmental quality.

PFAS NPDES: Clean Water Act Discharge Monitoring Information

Any discharger of pollutants to waters of the United States from a point source must have a National Pollutant Discharge Elimination System (NPDES) permit. The process for obtaining limits involves the regulated entity (permittee) disclosing releases in a NPDES permit application and the permitting authority (typically the state but sometimes EPA) deciding whether to require monitoring or monitoring with limits.

PFAS ECHO: Facilities in Industries that May Be Handling PFAS Listing

Regulators and the public have expressed interest in knowing which regulated entities may be using PFAS. EPA has developed a dataset from various sources that show which industries may be handling PFAS. Approximately 120,000 facilities subject to federal environmental programs have operated or currently operate in industry sectors with processes that may involve handling and/or release of PFAS.

PFAS ECHO FIRE TRAINING: Facilities in Industries that May Be Handling PFAS Listing

A list of fire training sites was added to the Industry Sectors dataset using a keyword search on the permitted facilitys name to identify sites where fire-fighting foam may have been used in training exercises. Additionally, you may view an example spreadsheet of the subset of fire training facility data, as well as the keywords used in selecting or deselecting a facility for the subset. as well as the keywords used in selecting or deselecting a facility for the subset. These keywords were tested to maximize accuracy in selecting facilities that may use fire-fighting foam in training exercises, however, due to the lack of a required reporting field in the data systems for designating fire training sites, this methodology may not identify all fire training sites or may potentially misidentify them.

PFAS PART 139 AIRPORT: All Certified Part 139 Airports PFAS Information Listing

Since July 1, 2006, all certified part 139 airports are required to have fire-fighting foam onsite that meet military specifications (MIL-F-24385) (14 CFR 139.317). To date, these military specification fire-fighting foams are fluorinated and have been historically used for training and extinguishing. The 2018 FAA Reauthorization Act has a provision stating that no later than October 2021, FAA shall not require the use of fluorinated AFFF. This provision does not prohibit the use of fluorinated AFFF at Part 139 civilian airports; it only prohibits FAA from mandating its use. The Federal Aviation Administration?s document AC 150/5210-6D - Aircraft Fire Extinguishing Agents provides guidance on Aircraft Fire Extinguishing Agents, which includes Aqueous Film Forming Foam (AFFF).

AQUEOUS FOAM NRC: Aqueous Foam Related Incidents Listing

The National Response Center (NRC) serves as an emergency call center that fields initial reports for pollution and railroad incidents and forwards that information to appropriate federal/state agencies for response. The spreadsheets posted to the NRC website contain initial incident data that has not been validated or investigated by a federal/state response agency. Response center calls from 1990 to the most recent complete calendar year where there was indication of Aqueous Film Forming Foam (AFFF) usage are included in this dataset. NRC calls may reference AFFF usage in the ?Material Involved? or ?Incident Description? fields.
